

THE GEORGIA GENERAL ASSEMBLY
Atlanta, GA 30334

ROOM CHANGE
JOINT MEETING NOTICE

TO: Members of the Natural Resources, Agriculture, Economic Development, Regulated Industries and Utilities Committees

FR: Rep. Lynn Smith, Chairwoman, and Sen. Ross Tolleson, Chairman House and Senate Natural Resources Committees

Thursday, September 25

9:00 AM to 12:00 PM, 341 CAP

AGENDA*: Overview and discussion of proposed rule change that the US Environmental Protection Agency (EPA) and the US Army Corps of Engineers (Corps) jointly released on March 25, 2014. This proposal could represent the most sweeping change ever to the rules governing federal Clean Water Act (CWA) jurisdiction. Federal jurisdiction under the CWA extends to a variety of activities including dredging, filling, discharging pollutants, reporting hazardous substances releases and oil spill control. This meeting offers stakeholders of all types — industry, agriculture, real estate development, oil and gas, utilities and municipal government — the opportunity for information on the scope of the proposed changes and their potential impact on business practices, regulated activity and environmental protection.

***Additional details will follow closer to the meeting.*

**The Co-Chairs reserve the right to change and update the agenda at their discretion.*
