Virtual Office

Over a one year period we closed 38 traditional brick and mortar offices and created Virtual Teams of Officers who operate out of their vehicles.

Google Apps for Government

Work better together

Google Apps helps you and your team work faster and smarter by making it easy for everyone – employees, partners, vendors, anyone – to collaborate effortlessly across teams, companies and locations.

Solutions Products How it works Get started Customers Support

Google Apps lets you focus on your agency's mission - not complex IT.

Reliable web-based tools, certified by the U.S. government.

Contact Sales

Use your resources to serve the public, not patch servers

- Secure** – Google data centres are engineered by leading security experts & **FISMA** certified. With best-in-class **disaster recovery** at no extra cost.
- Gmail for your agency** – 25 GB storage, less spam, & 99.9% uptime. With email security powered by **Postini**. Easy integration with **Microsoft Outlook**.
- Google Calendar** – Agenda management, scheduling, shared online calendars and mobile calendar sync.
- Google Docs** – Documents, spreadsheets and presentations. Collaborate in real-time without attachments.
- Google Sites** – Secure, coding-free web pages for intranets and team managed sites.
- Video** – Secure video sharing – such as your own private YouTube. Support agency training programmes and add a personal touch to employee communications.

Wyoming's Story

Learn from other agencies using Google Apps. 1 2 3 4

“ We are going to improve our mobility and collaboration by putting 10,000 employees on Google Apps, saving the state of Wyoming \$1million a year. – Governor Matt Mead, State of Wyoming [Read more from the State of Wyoming »](#) ”
