Summary of Activities: This program assists custodial parents in collecting child support from non-custodial parents. The program establishes, enforces, and modifies financial and medical support orders, establishes paternity, locates non-custodial parents, enforces court orders, and collects and distributes collections.

Target Population: Georgia children in families with non-custodial parents.

Location: There are 58 local child support offices located throughout the state and are established to support 49 judicial circuits in the state.

Delivery Mechanism: Administered by state employees, contracted employees and attorneys (Special Assistant Attorneys General and Assistant District Attorneys).

Fund Sources: The current funding structure of the program is approximately 25% state funds, 72% federal funds, and 3% other funds. The primary federal fund supporting this program is the Child Support Enforcement Title IV-D grant. States receive a 66 percent Federal Financial Participation (FFP) rate for this grant; therefore any reductions in this program will lead to a corresponding loss in the federal funds.

Noteworthy: Georgia's Child Support Services has the largest statewide Fatherhood Program that provides life skills workshops, re-entry services, resume writing and assists non-custodial parents (men and women) with obtaining employment. The Georgia Child Support Services Program addresses the continuing noncompliance of non-custodial parents paying child support by partnering with local judges and the Administrative Office of Courts to establish Problem Solving Courts/Parent Accountability Courts in each of the states' judicial circuits.

Child Welfare Services

The purpose of this appropriation is to investigate allegations of child abuse, abandonment, and neglect, and to provide services to protect the child and strengthen the family.

	Program Overview			
Performance Measures:	FY 2012	FY 2013	FY 2014	FY 2015
Number of calls received by CPS Intake Communication Center	67,859	73,042	87,373	147,819
Number of investigations conducted	26,746	27,175	31,559	42,626
Number of substantiated maltreatment incidents	22,471	23,432	25,531	38,252

Child Protective Service worker average caseload	17.0	19.4	21.9	20.8
Child Protective Service worker turnover rate	21.40%	24.00%	26.80%	38.92%

Summary of Activities: Child Protective Services (CPS) is funded in this program. CPS provides case management, investigates allegations of child abuse and neglect, assesses family functioning, provides family support services, including in-home support, counseling and treatment, and early intervention services.

Target Population: Maltreated children and their families.

Location: Activities are located statewide.

Delivery Mechanism: Administered by state employees.

Fund Sources: The current funding structure of the program is approximately 38% state funds, 59% federal funds, and 3% other funds. The three largest federal funds in the Child Welfare program currently are the TANF, Foster Care Title IV-E, and the Child Welfare Title IV-B grants. The utilization of the TANF funds ties the program to the state's TANF MOE requirements. The Foster Care Title IV-E funds are based upon the state's Medicaid rates, and thus have the same matching requirements - state fund reductions to this program could potentially mean corresponding losses in Title IV-E funds as well. Finally, the Child Welfare Title IV-B funds have a 25% state fund matching requirement, and therefore reductions to the program could also impact these federal funds as well.

Noteworthy: The Kenny A Consent Decree requires caseloads in Fulton and DeKalb counties be maintained at specified levels to be in compliance. The Consent Decree requires DFCS to make system changes and to comply with thirty-one specific outcome measures.

Management Program (CDSMP), Community Care Services Program (CCSP); 2) Medicaid Waiver Program: Care provided in a community-based day program for clients who are functionally or cognitively impaired and Medicaid eligible. Provides consumers with a variety of activities, health services, therapeutic services, and social services in a group setting. The program also provides nursing care, special therapeutic services, personal care services, planned therapeutic activities, dietary services, transportation, and social work services.

Target Population: Disabled and Elderly Citizens of Georgia, especially those who require a nursing home level of care.

Location: Services offered statewide.

Delivery Mechanism: Service delivery is contracted to the 12 Area Agencies on Aging (AAA), which are federally created local/community networks including private providers administered by a few state staff. 89% of total Aging Services budget is outsourced to the 12 AAA's and over 600 local providers (municipal governments and small/medium businesses).

Fund Sources: The current funding structure of the program is approximately 63% state funds and 37% federal funds. The Older Americans Act Title III Parts B, C1, C2, D, and E, has a Maintenance-of-Effort (MOE) requirement; state expenditures must equal or exceed the average of the prior three fiscal years for State Plan Services. The match is 5% state and 10% local. Medicaid reductions in state funds to these services will cause a loss in the matching federal funds at the rate of approximately two federal dollars for every state dollar. The program also has Tobacco Settlement Funds.
