Section 53: Refunds

In addition to all other appropriations, there is hereby appropriated, as needed, a specific sum of money equal to each refund authorized by law, which is required to make refunds of taxes and other monies collected in error, farmer gasoline tax refunds, and any other refunds specifically authorized by law.

Section 54: Leases

In accordance with the requirements of Article IX, Section VI, Paragraph Ia of the Constitution of the State of Georgia, as amended, there is hereby appropriated payable to each department, agency, or institution of the State sums sufficient to satisfy the payments required to be made in each year, under existing lease contracts between any department, agency, or institution of the State, and any authority created and activated at the time of the effective date of the aforesaid constitutional provision, as amended, or appropriated for the State fiscal year addressed within this Act. If for any reason any of the sums herein provided under any other provision of this Act are insufficient to make the required payments in full, there shall be taken from other funds appropriated to the department, agency or institution involved, an amount sufficient to satisfy such deficiency in full and the lease payment constitutes a first charge on all such appropriations.

Section 55: Budgetary Control and Interpretation

The appropriations in this Act consist of the amount stated in the right-most column, for each line at the lowest level of detail for the fund source categories, "Total State Funds" and "Total Federal Funds," under a caption beginning with a program or special project number that has a 100 or a higher number after the decimal and a program or special project name. In each case, such appropriation is associated with the immediately preceding program or special project name, number, and statement of program or special project purpose. The program or special project purpose is stated immediately below the program or special project name. For authorizations for general obligation debt in Section 51, the indented, bold-faced paragraphs following each Bond number are the lowest level of detail and constitute appropriations in accordance with Article VII, Section IV, Paragraph III(a)(1) of the Georgia Constitution. The caption above the Bond number, the light-faced text immediately following the Bond number before the bold-faced text, and the light-faced after the bold-faced text are information only.

Similarly, text in a group of lines that has a number less than 100 after the decimal (01 through 99) is not part of a statement of purpose but constitutes information as to how the appropriation was derived. Amounts in the columns other than the right-most column are for informational purposes only. The summary and lowest level of detail for the fund source categories "Total Agency Funds" and "Total Intra-State Governmental Transfers," are for informational purposes only. The blocks of text and numerals immediately following the section header and beginning with the phrases, "Section Total - Continuation" and "Section Totals - Final" are for informational purposes only. Sections 51, 52, and 53 contain, constitute, or amend appropriations.

Section 56: Flex

Notwithstanding any other statement of purpose, the purpose of each appropriation of federal funds or other funds shall be the stated purpose or any other lawful purpose consistent with the fund source and the general law powers of the budget unit.

In the preceding sentence, "Federal Funds" means any federal funding source, whether specifically identified or not specifically identified; "Other Funds" means all other fund sources except State Funds or Federal Funds, including without limitation, Intra-State Government Transfers. This paragraph shall not permit an agency to include within its flex the appropriations for an agency attached to it for administrative purposes.

For purposes of the appropriations for the "Medicaid: Low-Income Medicaid" and "Medicaid: Aged, Blind, and Disabled" programs of the Department of Community Health, the appropriation of a particular State fund source for each program shall be the amount stated, and each such program shall also be authorized up to an additional amount of 2 percent (2%) of the amount stated. However, if the additional authority is used, the appropriation of the same State fund source for the other program to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the two programs shall not be exceeded. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added.

Section 57: Effective Date

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

Section 58: Repeal Conflicting Laws

**A BILL TO BE ENTITLED
 AN ACT**

To amend an Act creating a board of commissioners of Turner County, approved August 18, 1927 (Ga. L. 1927, p. 702), as amended, particularly by an Act approved April 25, 2002 (Ga. L. 2002, p. 4992), so as to change the description of the commissioner districts; to define certain terms and provide for certain inclusions; to provide for continuation in office of current members; to provide for related matters; to provide for the submission of this Act for preclearance under Section 5 of the federal Voting Rights Act of 1965, as amended; to provide effective dates; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

An Act creating a board of commissioners of Turner County, approved August 18, 1927 (Ga. L. 1927, p. 702), as amended, particularly by an Act approved April 25, 2002 (Ga. L. 2002, p. 4992), is amended by revising subsections (a) and (b) of Section 1 as follows:

"(a) For the purpose of electing members of the board of commissioners of Turner County, Turner County is divided into five commissioner districts. Such districts shall be and correspond to those five numbered districts described in and attached to and made a part of this Act and further identified as 'Plan: turnerccsb-2012 Plan Type: Local Administrator: Turner Co. User: Gina'.

(b)(1) When used in such attachment, the term 'VTD' (voting tabulation district) shall mean and describe the same geographical boundaries as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia.

(2) The separate numeric designations in a district description which are underneath a VTD heading shall mean and describe individual Blocks within a VTD as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia. Any part of Turner County which is not included in any such district described in that attachment shall be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia.

(3) Any part of Turner County which is described in that attachment as being in a particular district shall nevertheless not be included within such district if such part is not contiguous to such district. Such noncontiguous part shall instead be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia.

(4) Except as otherwise provided in the description of any district, whenever the description of such district refers to a named city, it shall mean the geographical boundaries of that city as shown on the census map for the United States decennial census of 2010 for the State of Georgia."

SECTION 2.

The Board of Commissioners of Turner County which existed on December 31, 2012, is continued in existence but on and after January 1, 2013, shall be constituted as provided in this Act. The Board of Commissioners of Turner County so continued and constituted, sometimes referred to in this Act as the "board," shall continue to have the powers, duties, rights, obligations, and liabilities of that board as existed immediately prior to January 1, 2013.

SECTION 3.

The Board of Commissioners of Turner County shall through its legal counsel cause this Act to be submitted for preclearance under Section 5 of the federal Voting Rights Act of

1965, as amended, no later than 45 days after the date on which this Act is approved by the Governor or otherwise becomes law without such approval. If, as of the first date upon which candidates may begin qualifying for the general primary in 2012, implementation of this Act is not permissible under the federal Voting Rights Act of 1965, as amended, then as of such date this Act shall be void and stand repealed in its entirety.

SECTION 4.

The provisions of this Act relating to and necessary for the regular election in 2012 of members of the Board of Commissioners of Turner County shall become effective upon its approval by the Governor or upon its becoming effective without such approval; and this Act shall otherwise become effective January 1, 2013.

SECTION 5.

All laws and parts of laws in conflict with this Act are repealed.

A BILL TO BE ENTITLED
AN ACT

To amend an Act establishing the Board of Public Education for Bibb County, approved August 23, 1872 (Ga. L. 1872, p. 388), as amended, so as to change the description of the education districts; to provide for definitions and inclusions; to provide for continuation in office of current members; to provide for submission of this Act for preclearance under the federal Voting Rights Act of 1965, as amended; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

An Act establishing the Board of Public Education for Bibb County, approved August 23, 1872 (Ga. L. 1872, p. 388), as amended, is amended by revising Section 2E as follows:

"SECTION 2E.

(a) For purposes of electing members of the board of public education, other than the at-large members, the Bibb County School District is divided into six education districts which shall correspond to Posts 1 through 6. The six education districts shall be and correspond to those six numbered districts described in and attached to and made a part of this Act and further identified as 'Plan: bibbsbR-2012-s018 Plan Type: Local Administrator: s018 User: Gina'.

(b)(1) For the purposes of such plan:

(A) The term 'VTD' shall mean and describe the same geographical boundaries as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia. The separate numeric designations in a district description which are underneath a VTD heading shall mean and describe individual Blocks within a VTD as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia; and

(B) Except as otherwise provided in the description of any district, whenever the description of any district refers to a named city, it shall mean the geographical boundaries of that city as shown on the census maps for the United States decennial census of 2010 for the State of Georgia.

(2) Any part of the Bibb County School District which is not included in any district described in subsection (a) of this section shall be included within that district

contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia.

(3) Any part of the Bibb County School District which is described in subsection (a) of this section as being included in a particular district shall nevertheless not be included within such district if such part is not contiguous to such district. Such noncontiguous part shall instead be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia."

SECTION 2.

The Board of Education of Bibb County which existed on December 31, 2012, is continued in existence but on and after January 1, 2013, shall be constituted as provided in this Act. The Board of Education of Bibb County so continued and constituted, sometimes referred to in this Act as the 'board,' shall continue to have the powers, duties, rights, obligations, and liabilities of that board as existed immediately prior to January 1, 2013.

SECTION 3.

The Board of Education of Bibb County shall through its legal counsel submit this Act for preclearance pursuant to Section 5 of the federal Voting Rights Act of 1965, as amended, within 30 days after the date on which this Act is approved by the Governor or otherwise becomes law without such approval.

SECTION 4.

The provisions of this Act relating to and necessary for the regular election in 2012 of members of the Board of Bibb County shall become effective upon its approval by the Governor or upon its becoming effective without such approval; and this Act shall otherwise become effective January 1, 2013.

SECTION 5.

All laws and parts of laws in conflict with this Act are repealed.

State Representative
State Capitol, Room 402

**SUBJECT: State Auditor's Certification
House Bill 297 (LC 21 2008)**

Dear Representative Maxwell:

This bill would amend general provisions relating to retirement and pensions. Specifically, this bill would prohibit any public retirement system from having an

insurable interest in active or retired members of their system. Retirement systems would not have the authority to expend or obligate funds under their control to purchase life insurance on its members unless the benefits are paid to a member's estate or to a beneficiary designated by the individual member.

This is to certify that this bill is a nonfiscal retirement bill as defined in the Public Retirement Systems Standards Law.

(B) For the fees identified in subparagraphs (C), (D), and (E) of paragraph (4) of this subsection, the term means the Georgia Superior Court Clerks' Cooperative

Authority.

- (3) 'Current appropriation amount' means total amount of funds which were appropriated for a purpose or function described under a subparagraph of paragraph (4) of this subsection during the fiscal year which immediately precedes the fiscal year for which the new appropriation amount is determined for which the calculations are required under subsection (b) of this Code section.
- (4) 'Fee' means the:
- (A) Solid waste disposal surcharge fee provided for under subsection (e) of Code Section 12-8-39 for the hazardous waste trust fund;
 - (B) Tire disposal fee provided for under subsection (h) of Code Section 12-8-40.1 for the solid waste trust fund;
 - (C) Additional penalty sum provided for under subparagraph (a)(1)(A) of Code Section 15-21-73 for peace officer and prosecutor training;
 - (D) Additional penalty sum provided for under subparagraph (a)(2)(A) of Code Section 15-21-73 for bond forfeitures for peace officer and prosecutor training; and
 - (E) Additional penalty sum provided for under subsection (a) of Code Section 15-21-179 for the driver education and training fund.
- (5) 'New appropriation amount' means total amount of funds which are appropriated for a purpose or function described under a subparagraph of paragraph (4) of this subsection for the newly commencing fiscal year for which the calculations are required under subsection (b) of this Code section.
- (b) Unless otherwise prohibited pursuant to subsection (f) of this Code section, effective for the fiscal year beginning July 1, 2013, and each fiscal year thereafter, for each subparagraph of paragraph (4) of subsection (a) of this Code section:
- (1) The Office of Planning and Budget shall determine the base amount for the particular purpose or function as described under that subparagraph of paragraph (4) of subsection (a) of this Code section.
 - (2) The Office of Planning and Budget shall determine the current appropriation amount and the new appropriation amount.
 - (3) The Office of Planning and Budget shall determine an amount equal to 20 percent of the base amount and shall add the amount so determined to the current appropriation amount. This sum shall be the target appropriation amount.
 - (4) If the new appropriation amount is equal to or greater than 95 percent of the base amount or is equal to or greater than the target appropriation amount, then the amount of the fee shall not be reduced under this Code section.
 - (5)(A) If the new appropriation amount is less than the target appropriation amount, then the amount of the fee shall be reduced automatically by operation of this Code section by 20 percent for the fiscal year beginning on July 1; provided, however, that in no event shall the reduction ever be less than an amount equal which would be equal to the new appropriation amount.
 - (B) Except for the fees specified under subparagraphs (a)(4)(A) and (a)(4)(B) of this Code section, any fee amount adjusted pursuant to this paragraph shall be rounded to the nearest whole dollar amount.

(C) Immediately following the date the General Appropriations Act for the newly commencing fiscal year is approved by the Governor or becomes law without such approval, the Office of Planning and Budget shall notify the appropriate collecting agency of the adjusted fee amount.

(6)(A) Except as otherwise provided in subparagraph (B) of this paragraph, for any fiscal year following a fee reduction under paragraph (5) of this subsection, if the new appropriation amount is equal to or greater than the target appropriation amount, then the fee amount shall, by operation of this Code section, be increased back to the fee amount in place immediately prior to the most recent such reduction.

(B) If the new appropriation amount is equal to or greater than the target appropriation amount as determined in the fiscal year in which such fee amount was first reduced under this subsection, then such fee amount shall, by operation of this subparagraph, be increased back to the amount in place immediately prior to such first reduction.

(c) For purposes of the calculations required under this Code section, each time that a 20 percent amount has been added to a prior appropriation amount under paragraph (3) of subsection (b) of this Code section, that amount shall remain cumulative and shall remain as a part of the target appropriation amount for purposes of the calculations required under subsection (b) of this Code section for the next fiscal year.

(d)(1) Except as otherwise provided in paragraph (2) or (3) of this subsection, calculations under subsection (b) of this Code section shall continue in effect for a fee for each fiscal year until the new appropriation amount is equal to or greater than 95 percent of the target appropriation amount.

(2) If, in any subsequent fiscal year, the new appropriation amount is less than 95 percent of the base amount, then there shall be a commensurate fee reduction applicable to that fee amount effective the first day of the subsequent fiscal year in such amount as may be necessary to offset the difference between the new appropriation amount and the base amount in such fiscal year.

(3) In the event the 20 percent addition required under paragraph (3) of subsection (b) of this Code section results in the target appropriation amount equaling or exceeding 95 percent of the base amount, then there shall be no reduction in the fee amount under this Code section for the applicable fiscal year.

(e) In the event a portion of the proceeds of a particular fee are directed by general law to be remitted by a collecting agency directly to a local governing authority, the reduction in such fee amount, if required by this Code section, shall apply proportionately only to that portion of the fee amount that is not required to be so remitted to such local governing authority.

(f)(1) As used in this subsection, the term 'fiscal year spending' means the total amount of moneys appropriated in the General Appropriations Act by the General Assembly and recommended by the Governor as determined by the revenue estimate under Article III, Section IX, Paragraph IV(b) of the Constitution except for:

(A) Appropriations funded by moneys received from the federal government;

(B) Appropriations funded by discretionary user charges to the extent that such

charges do not exceed the cost of goods or services;

(C) Proceeds of gifts or bequests made for purposes specified by the donor;

(D) Lottery funds;

(E) Motor fuel tax proceeds;

(F) Tobacco settlement funds;

(G) Hospital provider fees and nursing home provider fees;

(H) The Revenue Shortfall Reserve Amount for education needs and enrollment growth for grades kindergarten through 12; and

(I) Payments from authorities.

(2) The provisions of this Code section shall not be implemented until January 1 of the calendar year following the state fiscal year in which the year-end balance of the Revenue Shortfall Reserve funds is equal to or greater than 7 percent of the fiscal year spending for the fiscal year which immediately precedes that year. If, in any subsequent fiscal year, the year-end balance of the amount of funds in the Revenue Shortfall Reserve falls below 7 percent of the fiscal year spending for the fiscal year immediately preceding that year, then the operation of this Code section shall be suspended and each fee amount which has been reduced by the operation of this Code section shall, by operation of this subsection, be increased back to the amount in place immediately prior to its most recent reduction under this Code section.

(g) No provision of this Code section providing for the determination of any amount shall preclude the appropriation of greater amounts for purposes or functions covered by this Code section.

(h) Each collecting agency covered by this Code section and the Office of Planning and Budget shall promulgate such rules and regulations as are necessary and appropriate to implement and administer this Code section, including, but not limited to, appropriate public notification of any change in a fee amount and the effective date of such change required by any provision of this Code section."

Senate Sponsor: Senator Chance of the 16th.

The Senate Health and Human Services Committee offered the following substitute to HB 879:

A BILL TO BE ENTITLED
AN ACT

To amend Part 3 of Article 16 of Chapter 2 of Title 20 of the Official Code of Georgia Annotated, relating to student health in elementary and secondary education, so as to provide for the care of students with diabetes in school; to provide for legislative findings; to provide for definitions; to provide for the training of designated school personnel; to provide for the submission of a diabetes medical management plan by

parents or guardians for a student; to delineate the functions that may be performed by school nurses or trained diabetes personnel; to authorize a student to perform independent monitoring and treatment; to provide for immunity from civil liability; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

The General Assembly finds that:

- (1) Diabetes is a serious, chronic disease that impairs the body's ability to use food. Diabetes must be managed 24 hours a day in order to avoid the potentially life-threatening consequences of blood glucose levels that are either too high (hyperglycemia) or too low (hypoglycemia), and to avoid or delay the serious long-term complications of high blood glucose levels which include blindness, amputation, heart disease, and kidney failure.
- (2) In order to manage their disease, students with diabetes must have access to the means to balance food, medications, and physical activity levels while at school and at school related activities;
- (3) Diabetes is generally a self-managed disease, and many students with diabetes are able to perform most of their own diabetes care tasks. Such students should be permitted to do so in the school setting. However, some students, because of age, inexperience, or other factors, need help with some or all of diabetes care tasks, and all students will need help in the event of a diabetes emergency;
- (4) The school nurse is the preferred person in the school setting to provide or facilitate care for a student with diabetes. Many schools in Georgia, however, do not have a full-time nurse, or a school nurse may not always be available on site. Thus, even when a nurse is assigned to a school full time, he or she will not always be available to provide direct care during the school day;
- (5) Diabetes management is needed at all times. Additional school personnel, who have completed training coordinated by the school nurse or other health care professional and who provide care under the supervision of the school nurse or other health care professional, need to be prepared to perform diabetes care tasks at school when a school nurse or other health care professional is not available. Preparations are needed to ensure that students with diabetes will be medically safe and have the same access to educational opportunities as all students in Georgia; and
- (6) Due to the significant number of students with diabetes, the effect of diabetes upon a student's ability to learn, and the risk for serious long-term and short-term medical complications, legislation in this state is necessary to address this issue.

SECTION 2.

Part 3 of Article 16 of Chapter 2 of Title 20 of the Official Code of Georgia Annotated, relating to student health in elementary and secondary education, is amended by adding a new Code section to read as follows:

"20-2-779.

(a) As used in this Code section, the term:

(1) 'Diabetes medical management plan' means a document developed by the student's physician or other health care provider that sets out the health services, including the student's target range for blood glucose levels, needed by the student at school and is signed by the student's parent or guardian.

(2) 'School' means any primary or secondary public school located within this state.

(3) 'School employee' means any person employed by a local board of education or state chartered special school or any person employed by a local health department who is assigned to a public school.

(4) 'Trained diabetes personnel' means a school employee who volunteers to be trained in accordance with this Code section. Such employee shall not be required to be a health care professional.

(b)(1) No later than August 1, 2012, the Department of Education, in conjunction with the Georgia Association of School Nurses, shall develop guidelines for the training of school employees in the care needed for students with diabetes. The training guidelines shall include instruction in:

(A) Recognition and treatment of hypoglycemia and hyperglycemia;

(B) Understanding the appropriate actions to take when blood glucose levels are outside of the target ranges indicated by a student's diabetes medical management plan;

(C) Understanding physician instructions concerning diabetes medication dosage, frequency, and the manner of administration;

(D) Performance of finger-stick blood glucose checking, ketone checking, and recording the results;

(E) Administration of insulin and glucagon, an injectable used to raise blood glucose levels immediately for severe hypoglycemia, and the recording of results;

(F) Performance of basic insulin pump functions;

(G) Recognizing complications that require emergency assistance; and

(H) Recommended schedules and food intake for meals and snacks, the effect of physical activity upon blood glucose levels, and actions to be implemented in the case of schedule disruption.

(2) Each local board of education and state chartered special school shall ensure that the training outlined in paragraph (1) of this subsection is provided to a minimum of two school employees at each school attended by a student with diabetes.

(3) A school employee shall not be subject to any penalty or disciplinary action for refusing to serve as trained diabetes personnel.

(4) The training outlined in paragraph (1) of this subsection shall be coordinated and provided by a school nurse or may be contracted out to be provided by another health care professional with expertise in diabetes. Such training shall take place prior to the commencement of each school year, or as needed when a student with diabetes is newly enrolled at a school or a student is newly diagnosed with diabetes. The school nurse or other contracted health care professional shall provide follow-up training and

supervision.

(5) Each local school system and state chartered special school shall provide information in the recognition of diabetes related emergency situations to all bus drivers responsible for the transportation of a student with diabetes.

(c) The parent or guardian of each student with diabetes who seeks diabetes care while at school shall submit to the school a diabetes medical management plan which upon receipt shall be reviewed and implemented by the school.

(d)(1) In accordance with the request of a parent or guardian of a student with diabetes and the student's diabetes medical management plan, the school nurse or, in the absence of the school nurse, trained diabetes personnel shall perform functions including, but not limited to, responding to blood glucose levels that are outside of the student's target range; administering glucagon; administering insulin, or assisting a student in administering insulin through the insulin delivery system the student uses; providing oral diabetes medications; checking and recording blood glucose levels and ketone levels, or assisting a student with such checking and recording; and following instructions regarding meals, snacks, and physical activity.

(2) The school nurse or at least one trained diabetes personnel shall be on site at each school and available during regular school hours to provide care to each student with diabetes as identified pursuant to subsection (c) of this Code section. For purposes of field trips, the parent or guardian, or designee of such parent or guardian, of a student with diabetes may accompany such student on a field trip.

(3) There shall be trained diabetes personnel at each school where a student with diabetes is enrolled, and a student's school choice shall in no way be restricted because the student has diabetes.

(4) The activities set forth in paragraph (1) of this subsection shall not constitute the practice of nursing and shall be exempted from all applicable statutory and regulatory provisions that restrict what activities can be delegated to or performed by a person who is not a licensed health care professional.

(e) Upon written request of a student's parent or guardian and if authorized by the student's diabetes medical management plan, a student with diabetes shall be permitted to perform blood glucose checks, administer insulin through the insulin delivery system the student uses, treat hypoglycemia and hyperglycemia, and otherwise attend to the monitoring and treatment of his or her diabetes in the classroom, in any area of the school or school grounds, and at any school related activity, and he or she shall be permitted to possess on his or her person at all times all necessary supplies and equipment to perform such monitoring and treatment functions.

(f) No physician, nurse, school employee, local school system, or state chartered special school shall be liable for civil damages or subject to disciplinary action under professional licensing regulations or school disciplinary policies as a result of the activities authorized or required by this Code section when such acts are committed as an ordinarily reasonably prudent physician, nurse, school employee, local school system, or state chartered special school would have acted under the same or similar circumstances.

(g) A private school which complies with the requirements of this Code section shall have the same limited liability for such school and its employees in the same manner as for public schools as provided for in subsection (f) of this Code section."

SECTION 3.

All laws and parts of laws in conflict with this Act are repealed.

On the adoption of the substitute, there were no objections, and the committee substitute was adopted.

A BILL TO BE ENTITLED
AN ACT

To amend an Act relating to the school system of the City of Savannah and Chatham County, approved March 21, 1968 (Ga. L. 1968, p. 2636), as amended, particularly by an Act approved April 25, 2002 (Ga. L. 2002, p. 4166), so as to change the description of the education districts; to provide for definitions and inclusions; to provide for submission of this Act for preclearance pursuant to Section 5 of the federal Voting Rights Act of 1965, as amended; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

An Act relating to the school system of the City of Savannah and Chatham County, approved March 21, 1968 (Ga. L. 1968, p. 2636), as amended, particularly by an Act approved April 25, 2002 (Ga. L. 2002, p. 4166), is amended by revising Section 1 as follows:

"SECTION 1.

(a) The Board of Public Education for the City of Savannah and the County of Chatham shall be composed of a president and eight other members, to be elected as provided in this Act.

(b) For purposes of electing members of the board of education, other than the president, the City of Savannah and Chatham County School District is divided into eight education districts. One member of the board shall be elected from each such district. The eight education districts shall be and correspond to those eight numbered districts described in and attached to and made a part of this Act and further identified as 'Plan: chathamccsb3-S002&H161-2012 Plan Type: local Administrator: S002&H161 User: SE'.

(c)(1) For the purposes of such plan:

(A) The term 'VTD' shall mean and describe the same geographical boundaries as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia. The separate numeric designations in a district description which are underneath a VTD heading shall mean and describe individual Blocks within a VTD as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia; and

(B) Except as otherwise provided in the description of any district, whenever the description of any district refers to a named city, it shall mean the geographical boundaries of that city as shown on the census maps for the United States decennial census of 2010 for the State of Georgia.

(2) Any part of the City of Savannah and Chatham County School District which is not included in any district described in subsection (b) of this section shall be included

within that district contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia.

(3) Any part of the City of Savannah and Chatham County School District which is described in subsection (b) of this section as being included in a particular district shall nevertheless not be included within such district if such part is not contiguous to such district. Such noncontiguous part shall instead be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia."

SECTION 2.

(a) Those members of the Board of Public Education for the City of Savannah and the County of Chatham who are serving as such on the effective date of this Act and any person selected to fill a vacancy in any such office shall continue to serve as such members until the regular expiration of their respective terms of office and upon the election and qualification of their respective successors.

(b) Education Districts 1, 2, 3, 4, 5, 6, 7, and 8, as they exist immediately prior to the effective date of this Act, shall continue to be designated as Education Districts 1, 2, 3, 4, 5, 6, 7, and 8, respectively, but as newly described under this Act, and on and after the effective date of this Act, such members of the board serving from those former education districts shall be deemed to be serving from and representing their respective districts as newly described under this Act.

SECTION 3.

The Board of Public Education for the City of Savannah and the County of Chatham shall through its legal counsel cause this Act to be submitted for preclearance under Section 5 of the federal Voting Rights Act of 1965, as amended, no later than 45 days after the date on which this Act is approved by the Governor or otherwise becomes law without such approval.

SUBJECT: Actuarial Investigation (Revised)
House Bill 250 (LC 21 0952)
Georgia Judicial Retirement System

Dear Chairman Maxwell:

This bill would amend provisions relating to retirement contributions under the Judicial Retirement System. Specifically, this bill would provide for a refund of accumulated contributions if the total value of benefits paid to a member and the designated survivor do not equal or exceed the member's accumulated contributions at the time of his or her retirement. This bill would also amend provisions relating to survivors' benefits by allowing certain persons who are members of this System prior to July 1, 2012 to obtain spouses' benefits even though the member had previously rejected such benefits. Any member wishing to obtain such benefit would be required to pay the full actuarial cost of the benefit. Finally, this bill would provide for a revised survivors' benefit option for persons who become members of the System on or after July 1, 2012. Such members would have four options for receiving retirement allowances and includes provisions to change such election in the event of marriage, divorce, or death of the survivor.

This bill would not result in any additional cost to the Georgia Judicial Retirement System. The provision that would allow for a refund of accumulated contributions under certain circumstances would increase the annual amortization of the unfunded actuarial

accrued liability by \$11,000 each year for the next 20 years. However, the provision that would provide for a revised survivors' benefit option would reduce the normal cost by \$11,000 each year. The estimated cost is based on current member data, actuarial assumptions, and actuarial methods. It should be noted that changes in any of these variables could affect the cost of this legislation. Any future costs would be paid through State appropriations.

The following is a summary of the relevant findings of the actuarial investigation for this bill pursuant to a request by the House Retirement Committee. The investigation was to be conducted according to O.C.G.A. 47-20-36, which outlines the factors to be considered in an actuarial investigation. The figures are based on employee data and the most recent actuarial assumptions and methods.

(1)	The amount of the unfunded actuarial accrued liability which will result from the bill.	\$ <u>111,000</u>
(2)	The amount of the annual amortization of the unfunded actuarial accrued liability which will result from the bill.	\$ <u>11,000</u>
(3)	The number of years that the unfunded actuarial accrued liability created by this bill would be amortized.	<u>20</u>
(4)	The amount of the annual normal cost which will result from the bill.	\$ <u>(11,000)</u>
(5)	The employer contribution rate currently in effect.	<u>3.90%</u>
(6)	The employer contribution rate recommended (in conformity with minimum funding standards specified in Code Section 47-20-10).	<u>3.90%</u>
(7)	The total dollar amount of the increase in the annual employer contribution which is necessary to maintain the retirement system in an actuarially sound condition.	\$ <u>0</u>

It should be noted that any subsequent changes in the retirement bill will invalidate the actuarial investigation and the findings included therein.

Respectfully,

House Bill 250 (LC 21 0952)

Dear Representative Maxwell:

This bill would amend provisions relating to retirement contributions under the Judicial Retirement System. Specifically, this bill would provide for a refund of accumulated contributions if the total value of benefits paid out to the member and the designated survivor do not equal or exceed the member's accumulated contributions at the time of his or her retirement. Such refund would be paid to the individual designated by the member or survivor, or to the estate if no individual has been designated to receive the refund.

This bill would also amend provisions relating to survivors' benefits under the Judicial Retirement System. Specifically, this bill would allow certain persons who are members of this retirement system prior to July 1, 2012 to obtain spouses' benefits even though the member had previously rejected such benefits. Under the provisions of this legislation, the member would be required to notify the Board of such election and pay the amount necessary to grant the benefit without creating any accrued actuarial liability. This bill specifies that the member must have at least ten years of membership service in order to vest for spouses' benefits. It should be noted that this option is not available to persons who were members of the predecessor retirement systems.

Finally, this bill would provide for a revised survivors' benefit option for persons who become members of the Judicial Retirement System on or after July 1, 2012. Such members would have four options for receiving retirement allowances. This bill includes provisions to change the election in the event of marriage, divorce, or death of the survivor.

This is to certify that this bill is a fiscal retirement bill as defined in the Public Retirement Systems Standards Law.

(a) As used in this section, the term:

(1) "Ad valorem taxes for municipal purposes" means all ad valorem taxes for

municipal purposes levied by, for, or on behalf of the City of Brookhaven, including, but not limited to, any ad valorem taxes to pay interest on and to retire municipal bonded indebtedness.

(2) "Homestead" means homestead as defined and qualified in Code Section 48-5-40 of the O.C.G.A., as amended.

(b) Each resident of the City of Brookhaven is granted an exemption on that person's homestead from City of Brookhaven ad valorem taxes for municipal purposes in the amount of \$20,000.00 of the assessed value of that homestead. The value of that property in excess of such exempted amount shall remain subject to taxation.

(c) A person shall not receive the homestead exemption granted by subsection (b) of this section unless the person or person's agent files an application with the governing authority of the City of Brookhaven, or the designee thereof, giving such information relative to receiving such exemption as will enable the governing authority of the City of Brookhaven, or the designee thereof, to make a determination regarding the initial and continuing eligibility of such owner for such exemption. The governing authority of the City of Brookhaven, or the designee thereof, shall provide application forms for this purpose.

(d) The exemption shall be claimed and returned as provided in Code Section 48-5-50.1 of the O.C.G.A., as amended. The exemption shall be automatically renewed from year to year so long as the owner occupies the residence as a homestead. After a person has filed the proper application, as provided in subsection (c) of this section, it shall not be necessary to make application thereafter for any year and the exemption shall continue to be allowed to such person. It shall be the duty of any person granted the homestead exemption under subsection (b) of this section to notify the governing authority of the City of Brookhaven, or the designee thereof, in the event that person for any reason becomes ineligible for that exemption.

(e) The exemption granted by subsection (b) of this section shall not apply to or affect state ad valorem taxes, county ad valorem taxes for county purposes, or county or independent school district ad valorem taxes for educational purposes. The homestead exemption granted by subsection (b) of this section shall be in addition to and not in lieu of any other homestead exemption applicable to municipal ad valorem taxes for municipal purposes.

(f) The exemption granted by subsection (b) of this section shall apply to all taxable years beginning on or after January 1, 2013.

SECTION 5.11.

Homestead exemption; surviving spouses.

(a) As used in this section, the term:

(1) "Ad valorem taxes for municipal purposes" means all ad valorem taxes for municipal purposes levied by, for, or on behalf of the City of Brookhaven, including, but not limited to, ad valorem taxes to pay interest on and to retire municipal bonded indebtedness.

(2) "Homestead" means homestead as defined and qualified in Code Section 48-5-40 of the O.C.G.A., as amended.

(3) "Unremarried surviving spouse" of a member of the armed forces includes the unmarried widow or widower of a member of the armed forces who is receiving spousal benefits from the United States Department of Veterans Affairs.

(b) Any person who is a resident of the City of Brookhaven and who is an unremarried surviving spouse of a member of the armed forces of the United States who has been killed in or has died as a result of any war or armed conflict in which the armed forces of the United States engaged, whether under United States command or otherwise, shall be granted a homestead exemption from all City of Brookhaven ad valorem taxation for municipal purposes in the amount of the greater of \$32,500.00 or the maximum amount which may be granted to a disabled veteran under Section 2102 of Title 38 of the United States Code, as amended. The exemption shall be on the homestead which the unremarried surviving spouse owns and actually occupies as a residence and homestead. In the event such surviving spouse remarries, such person shall cease to be qualified to continue the exemption under this section effective December 31 of the taxable year in which such person remarries. The value of all property in excess of such exemption granted to such unremarried surviving spouse shall remain subject to taxation.

(c) In order to qualify for the exemption provided for in this section, the unremarried surviving spouse shall furnish to the governing authority of the City of Brookhaven, or the designee thereof, documents from the United States Secretary of Defense evidencing that such unremarried surviving spouse receives spousal benefits as a result of the death of such person's spouse who as a member of the armed forces of the United States was killed or died as a result of a war or armed conflict while on active duty or while performing authorized travel to or from active duty during such war or armed conflict in which the armed forces of the United States engaged, whether under United States command or otherwise, pursuant to the Survivor Benefit Plan under Subchapter II of Chapter 73 of Title 10 of the United States Code or pursuant to any preceding or subsequent federal law which provides survivor benefits for spouses of members of the armed forces who were killed or who died as a result of any war or armed conflict.

(d) An unremarried surviving spouse filing for the exemption under this section shall be required to file with the governing authority of the City of Brookhaven, or the designee thereof, information relative to marital status and other such information which the governing authority of the City of Brookhaven, or the designee thereof, deems necessary to determine eligibility for the exemption. Each unremarried surviving spouse shall file for the exemption only once with the governing authority of the City of Brookhaven, or the designee thereof. Once filed, the exemption shall automatically be renewed from year to year, except that the governing authority of the City of Brookhaven, or the designee thereof, may require annually that the holder of an exemption substantiate his or her continuing eligibility for the exemption. It shall be the duty of any person granted the homestead exemption under this section to notify the governing authority of the City of Brookhaven, or the designee thereof, in the event that person for any reason becomes ineligible for such exemption.

(e) The exemption granted by this section shall be in lieu of and not in addition to any other exemption from ad valorem taxation for municipal purposes which is equal to or lower in amount than such exemption granted by this section. If the amount of any other exemption from ad valorem taxation for municipal purposes applicable to any resident qualifying under this section is greater than or is increased to an amount greater than the amount of the applicable exemption granted by this section, such other exemption shall apply and shall be in lieu of and not in addition to the exemption granted by this section.

(f) The exemptions granted by this section shall apply to all tax years beginning on or after January 1, 2013.

ARTICLE VI
GENERAL PROVISIONS.

SECTION 6.01.

DeKalb County Special Services Tax District.

For the taxable years beginning on or after January 1, 2013, the adjusted ad valorem tax millage rate and amount for service charges or fees for district services for the Brookhaven special services tax district shall be zero percent. This section is enacted pursuant to the authority granted to the General Assembly under Section 1 of that local constitutional amendment providing that certain municipalities in DeKalb County shall constitute special services tax districts, Resolution Act. No. 168; House Resolution No. 715-1916; Ga. L. 1978, p. 2468, to control the subject matter of such local constitutional amendment. Municipal services provided by DeKalb County for the City of Brookhaven will be established through intergovernmental agreements or established as otherwise authorized by statute.

SECTION 6.02.

Referendum and initial election.

(a) Unless prohibited by the federal Voting Rights Act of 1965, as amended, the election superintendent of DeKalb County shall call a special election for the purpose of submitting this Act to the qualified voters of the proposed City of Brookhaven for approval or rejection. The superintendent shall set the date of such election for the date of the general primary in 2012. The superintendent shall issue the call for such election at least 30 days prior to the date thereof. The superintendent shall cause the date and purpose of the election to be published once a week for two weeks immediately preceding the date thereof in the official organ of DeKalb County. The ballot shall have written or printed thereon the words:

"() YES Shall the Act incorporating the City of Brookhaven in DeKalb County according to the charter contained in the Act and the homestead exemptions
() NO described in the Act be approved?"

All persons desiring to vote for approval of the Act shall vote "Yes," and those persons

desiring to vote for rejection of the Act shall vote "No." If more than one-half of the votes cast on such question are for approval of the Act, it shall become of full force and effect as provided in this charter, otherwise it shall be void and of no force and effect. The initial expense of such election shall be borne by DeKalb County. Within two years after the elections if the incorporation is approved, the City of Brookhaven shall reimburse DeKalb County for the actual cost of printing and personnel services for such election and for the initial election of the mayor and councilmembers pursuant to Section 2.02 of this charter. It shall be the duty of the superintendent to hold and conduct such election. It shall be his or her further duty to certify the result thereof to the Secretary of State.

(b) For the purposes of the referendum election provided for in subsection (a) of this section and for the purposes of the special election of the City of Brookhaven to be held on the Tuesday after the first Monday in November, 2012, the qualified electors of the City of Brookhaven shall be those qualified electors of DeKalb County residing within the corporate limits of the City of Brookhaven as described by Appendix A of this charter. At subsequent municipal elections, the qualified electors of the City of Brookhaven shall be determined pursuant to the authority of Chapter 2 of Title 21 of the O.C.G.A., the "Georgia Election Code."

(c) Only for the purposes of holding and conducting the referendum election provided for by subsection (a) of this section and holding and conducting the special election of the City of Brookhaven to be held on the Tuesday after the first Monday in November, 2012, the election superintendent of DeKalb County is vested with the powers and duties of the election superintendent of the City of Brookhaven and the powers and duties of the governing authority of the City of Brookhaven.

SECTION 6.03.

Effective dates and transition.

(a) The initial mayor and councilmembers shall take the oath of office the next business day after certification of the election of such officers, and by action of any three members of the governing authority may, prior to December 17, 2012, meet and take actions binding on the city.

(b) A period of time will be needed for an orderly transition of various government functions from DeKalb County to the City of Brookhaven. Accordingly there shall be a two-year transition period as allowed by law beginning at 12:01 A.M. on December 17, 2012.

(c) During such transition period, DeKalb County shall continue to provide within the territorial limits of the city all government services and functions which DeKalb County provided prior to such date in 2012 and at the same actual direct cost and level of service, except to the extent otherwise provided in this section; provided, however, that upon at least 30 days' prior written notice to the governing authority of DeKalb County by the governing authority of City of Brookhaven, responsibility for any such service or function shall be transferred to the City of Brookhaven. The governing authority of the

City of Brookhaven shall determine the date of commencement of collection of taxes, fees, assessments, fines, and forfeitures, and other moneys within the territorial limits of the city and the date upon which the City of Brookhaven is considered removed from the special tax district.

(d) During the transition period, the governing authority of the City of Brookhaven may generally exercise any power granted by this charter or general law, except to the extent that a power is specifically and integrally related to the provision of a governmental service, function, or responsibility not yet provided or carried out by the city.

(e) During the transition period, all ordinances of DeKalb County shall remain applicable within the territorial limits of the city unless otherwise amended, repealed, or replaced by the City of Brookhaven. Any transfer of jurisdiction to the City of Brookhaven during or at the end of the transition period shall not in and of itself abate any judicial proceeding pending in DeKalb County or the pending prosecution of any violation of any ordinance of DeKalb County.

(f) During the transition period, the governing authority of the City of Brookhaven may at any time, without the necessity of any agreement by DeKalb County, commence to exercise its planning and zoning powers; provided, however, that the city shall give the county notice of the date on which the city will assume the exercise of such powers. Upon the governing authority of the City of Brookhaven commencing to exercise its planning and zoning powers, the Municipal Court of the City of Brookhaven shall immediately have jurisdiction to enforce the planning and zoning ordinances of the city. The provisions of this subsection shall control over any conflicting provisions of any other subsection of this section.

(g) Effective upon the termination of the transition period, subsections (b) through (f) of this section shall cease to apply except for the last sentence of subsection (e) which shall remain effective. Effective upon the termination of the transition period, the City of Brookhaven shall be a full functioning municipal corporation and subject to all general laws of this state.

SECTION 6.04.

Directory nature of dates.

It is the intention of the General Assembly that this Act be construed as directory rather than mandatory with respect to any date prescribed in this Act. If it is necessary to delay any action called for in this Act for providential cause, delay in securing approval under the federal Voting Rights Act, or any other reason, it is the intention of the General Assembly that the action be delayed rather than abandoned. Any delay in performing any action under this Act, whether for cause or otherwise, shall not operate to frustrate the overall intent of this Act. Without limiting the generality of the foregoing it is specifically provided that if it is not possible to hold the referendum election provided for in Section 6.02 of this Act on the date specified in that section, then such referendum shall be held as soon thereafter as is reasonably practicable but not later than 45 days after securing approval under the federal Voting Rights Act. If the referendum election

provided for in Section 6.02 of this Act is conducted on or before August 21, 2012, the special election for the initial members of the governing authority shall be conducted on the date specified in Section 2.02 of this Act. If the referendum election provided for under Section 6.02 of this Act is conducted after August 21, 2012, then the special election for the initial members of the governing authority shall be held as soon thereafter as is reasonably practicable, and the commencement of the initial terms of office shall be delayed accordingly. If the first election provided for in Section 2.02 of this Act occurs after the Tuesday following the first Monday in November, 2012, the city council shall be authorized to delay the dates otherwise specified in Section 6.03 of this Act.

SECTION 6.05.

Governor's Commission.

After the approval of this Act in the referendum as provided in Section 6.02, the Governor's Commission on Brookhaven shall be appointed pursuant to subsection (g) of Code Section 36-31-8 of the O.C.G.A. All five interim representatives on such commission shall be residents of the area encompassed by the City of Brookhaven and shall meet any qualifications contained in subsection (g) of Code Section 36-31-8 of the O.C.G.A. The five interim representatives shall include at least one representative who resides in each council district. The Governor shall appoint one of the interim representatives as the chairperson who shall preside at meetings of the commission. All meetings of the commission shall be subject to Chapter 14 of Title 50 of the O.C.G.A. regarding open and public meetings, as it now exists or is subsequently amended. After the qualifying period ends for the initial members of the governing authority, but prior to the election for such initial members, the commission shall conduct a training seminar for all of the qualified candidates for mayor and city council on the duties, responsibilities, obligations, and laws regarding service on a municipal governing authority. For the presentation of such seminar, the commission is authorized to enlist the assistance of the Georgia Municipal Association, the Carl Vinson Institute of Government of the University of Georgia, and similar organizations. The commission shall, in addition to conducting such seminar and performing its other duties prescribed in subsection (g) of Code Section 36-31-8 of the O.C.G.A., prepare and present a written report to the new mayor and city council on the following matters:

- (1) Backgrounds and qualifications of possible candidates for the positions of city manager, city attorney, city clerk, and city accountant;
- (2) A proposed plan for cost-effectively privatizing the delivery of as many city services as practicable based upon the best practices of other municipalities; and
- (3) Possible locations and pricing for leased city office facilities.

Such report shall be made public via the Internet on the day immediately following the general election date of the mayor and city council and shall be delivered to the newly elected mayor and city council. The commission shall stand dissolved when the members of the first city council take office.

SECTION 6.06.

Severability.

In the event any section, subsection, sentence, clause, or phrase of this Act shall be declared or adjudged invalid or unconstitutional, such adjudication shall in no manner affect the other sections, subsections, sentences, clauses, or phrases of this Act, which shall remain of full force and effect, as if the section, subsection, sentence, clause, or phrase so declared or adjudged invalid or unconstitutional were not originally a part hereof. The General Assembly hereby declares that it would have passed the remaining parts of this Act if it had known that such part or parts hereof would be declared or adjudged invalid or unconstitutional.

SECTION 6.07.

Effective date.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval. The boundaries of the proposed City of Brookhaven shall become effective upon the effective date of this Act for the purposes of annexation of territory by other municipalities and no portion of the territory within the proposed City of Brookhaven shall be subject to annexation as of the effective date of this Act. If the referendum provided for in Section 6.02 fails, then such boundaries shall cease to exist and shall be subject to annexation by other municipalities.

SECTION 6.08.

Repealer.

All laws and parts of laws in conflict with this Act are repealed.

A BILL TO BE ENTITLED
AN ACT

To amend Article 5 of Chapter 12 of Title 16 of the Official Code of Georgia Annotated, relating to abortion, so as to change certain provisions relating to criminal abortion; to change certain provisions relating to when abortion is legal; to amend Title 31 of the Official Code of Georgia Annotated, relating to health, so as to define certain terms; to require a determination of gestational age prior to abortion; to provide for certain reporting requirements with respect to performance of abortions; to provide for confidentiality; to change certain provisions relating to definitions relative to the "Woman's Right to Know Act"; to state legislative findings; to provide for other related matters; to provide effective dates; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

The General Assembly makes the following findings:

- (1) At least by 20 weeks after fertilization there is substantial evidence that an unborn child has the physical structures necessary to experience pain;
- (2) There is substantial evidence that, by 20 weeks after fertilization, unborn children seek to evade certain stimuli in a manner which in an infant or an adult would be interpreted as a response to pain;
- (3) Anesthesia is routinely administered to unborn children who have developed 20 weeks or more past fertilization who undergo prenatal surgery;
- (4) Even before 20 weeks after fertilization, unborn children have been observed to exhibit hormonal stress responses to painful stimuli. Such responses were reduced when pain medication was administered directly to such unborn children; and
- (5) It is the purpose of the State of Georgia to assert a compelling state interest in protecting the lives of unborn children from the stage at which substantial medical evidence indicates that they are capable of feeling pain.

SECTION 2.

Article 5 of Chapter 12 of Title 16 of the Official Code of Georgia Annotated, relating to abortion, is amended by revising Code Sections 16-12-140 and 16-12-141, relating to criminal abortion and when abortion is legal, respectively, as follows:

"16-12-140.

- (a) ~~Except as otherwise provided in Code Section 16-12-141, a~~ A person commits the offense of criminal abortion when, in violation of Code Section 16-12-141, he or she administers any medicine, drugs, or other substance whatever to any woman or when he or she uses any instrument or other means whatever upon any woman with intent to

produce a miscarriage or abortion.

(b) A person convicted of the offense of criminal abortion shall be punished by imprisonment for not less than one nor more than ten years.

16-12-141.

~~(a) Nothing in this article shall be construed to prohibit an abortion performed by a physician duly licensed to practice medicine and surgery pursuant to Chapter 34 of Title 43, based upon his or her best clinical judgment that an abortion is necessary, except that Code Section 16-12-144 is a prohibition of a particular abortion method which shall apply to both duly licensed physicians and laypersons. No abortion is authorized or shall be performed in violation of subsection (a) of Code Section 31-9B-2.~~

(b)(1) No abortion is authorized or shall be performed after the first trimester unless the abortion is performed in a licensed hospital, in a licensed ambulatory surgical center, or in a health facility licensed as an abortion facility by the Department of Community Health.

(2) An abortion shall only be performed by a physician licensed under Article 2 of Chapter 34 of Title 43.

~~(c)(1) No abortion is authorized or shall be performed after the second trimester if the probable gestational age of the unborn child has been determined in accordance with Code Section 31-9B-2 to be 20 weeks or more unless the physician and two consulting physicians certify that in reasonable medical judgment the abortion is necessary in their best clinical judgment to preserve the life or health of the woman to:~~

~~(A) Avert the death of the pregnant woman or avert serious risk of substantial and irreversible physical impairment of a major bodily function of the pregnant woman. No such condition shall be deemed to exist if it is based on a diagnosis or claim of a mental or emotional condition of the pregnant woman or that the pregnant woman will purposefully engage in conduct which she intends to result in her death or in substantial and irreversible physical impairment of a major bodily function; or~~

~~(B) Preserve the life of an unborn child.~~

~~As used in this paragraph, the term 'probable gestational age of the unborn child' has the meaning provided by Code Section 31-9B-1.~~

~~(2) In any case described in subparagraph (A) or (B) of paragraph (1) of this subsection, the physician shall terminate the pregnancy in the manner which, in reasonable medical judgment, provides the best opportunity for the unborn child to survive unless, in reasonable medical judgment, termination of the pregnancy in that manner would pose a greater risk either of the death of the pregnant woman or of the substantial and irreversible physical impairment of a major bodily function of the pregnant woman than would another available method. No such greater risk shall be deemed to exist if it is based on a diagnosis or claim of a mental or emotional condition of the pregnant woman or that the pregnant woman will purposefully engage in conduct which she intends to result in her death or in substantial and~~

irreversible physical impairment of a major bodily function. If the product of the abortion child is capable of meaningful or sustained life, medical aid then available must be rendered.

~~(d) The performing physician shall file with the commissioner of public health within ten days after an abortion procedure is performed a certificate of abortion containing such statistical data as is determined by the Department of Public Health consistent with preserving the privacy of the woman. Hospital or other licensed health facility records shall be available to the district attorney of the judicial circuit in which the hospital or health facility is located."~~

SECTION 3.

Title 31 of the Official Code of Georgia Annotated, relating to health, is amended by adding a new Chapter 9B to read as follows:

"CHAPTER 9B

31-9B-1.

(a) As used in this chapter, the term:

(1) 'Abortion' has the meaning provided by Code Section 31-9A-2.

(2) 'Medical emergency' has the meaning provided by Code Section 31-9A-2.

(3) 'Physician' has the meaning provided by Code Section 31-9A-2.

(4) 'Probable gestational age of the unborn child' means what will, in reasonable medical judgment and with reasonable probability, be the postfertilization age of the unborn child at the time the abortion is planned to be performed or induced, as dated from the time of fertilization of the human ovum.

(5) 'Reasonable medical judgment' means a medical judgment that would be made by a reasonably prudent physician, knowledgeable about the case and the treatment possibilities with respect to the medical conditions involved.

(6) 'Unborn child' has the meaning provided by Code Section 31-9A-2.

31-9B-2.

(a) Except in the case of a medical emergency, no abortion shall be performed or attempted to be performed unless the physician performing it has first made a determination of the probable gestational age of the unborn child or relied upon such a determination made by another physician.

(b) Failure by any physician to conform to any requirement of this Code section constitutes unprofessional conduct for purposes of paragraph (7) of subsection (a) of Code Section 43-34-8 relating to medical licensing sanctions.

31-9B-3.

(a) Any physician who performs or attempts to perform an abortion shall report to the department, in conjunction with the reports required under Code Section 31-9A-6 and in accordance with forms and rules and regulations adopted and promulgated by the

department:

- (1) If a determination of probable gestational age was made, the probable gestational age determined and the method and basis of the determination;
 - (2) If a determination of probable gestational age was not made, the basis of the determination that a medical emergency existed;
 - (3) If the probable gestational age was determined to be 20 or more weeks, the basis of the determination that the pregnant woman had a condition which so complicated her medical condition as to necessitate the termination of her pregnancy to avert her death or to avert serious risk of substantial and irreversible physical impairment of a major bodily function, or the basis of the determination that it was necessary to preserve the life of an unborn child; and
 - (4) The method used for the abortion and, in the case of an abortion performed when the probable gestational age was determined to be 20 or more weeks, whether the method of abortion used was one that, in reasonable medical judgment, provided the best opportunity for the unborn child to survive or, if such a method was not used, the basis of the determination that termination of the pregnancy in that manner would pose a greater risk either of the death of the pregnant woman or of the substantial and irreversible physical impairment of a major bodily function of the pregnant woman than would other available methods.
- (b) By June 30 of each year, the department shall issue a public report providing statistics for the previous calendar year compiled from all of the reports covering that year submitted in accordance with this Code section for each of the items listed in subsection (a) of this Code section. Each such report shall also provide the statistics for all previous calendar years during which this Code section was in effect, adjusted to reflect any additional information from late or corrected reports. The department shall take care to ensure that none of the information included in the public reports could reasonably lead to the identification of any pregnant woman upon whom an abortion was performed.
- (c) The department shall ensure that the names and identities of the physicians filing reports under this chapter shall remain confidential. The names and identities of such physicians shall not be subject to Article 4 of Chapter 18 of Title 50.
- (d) Any physician who fails to submit a report by the end of the grace period of 30 days following the due date shall be subject to sanctions as specified in subsection (e) of Code Section 31-9A-6.
- (e) The department shall adopt such rules and regulations as are reasonable and necessary to implement the provisions of this Code section."

SECTION 4.

Said title is further amended by revising paragraph (2) of Code Section 31-9A-2, relating to definitions relative to the "Woman's Right to Know Act," as follows:

~~"(2) 'Medical emergency' means any condition which, on the basis of the physician's good faith clinical judgment, so complicates the medical condition of a pregnant female as to necessitate the immediate abortion of her pregnancy to avert her death or~~

~~for which a delay will create serious risk of substantial or irreversible impairment of a major bodily function. 'Medical emergency' means any condition which, in reasonable medical judgment, so complicates the medical condition of a pregnant female as to necessitate the immediate abortion of her pregnancy to avert her death or for which a delay will create serious risk of substantial or irreversible impairment of a major bodily function of the pregnant woman or death of the unborn child. No such condition shall be deemed to exist if it is based on a diagnosis or claim of a mental or emotional condition of the pregnant woman or that the pregnant woman will purposefully engage in conduct which she intends to result in her death or in substantial and irreversible physical impairment of a major bodily function."~~

SECTION 5.

For purposes of promulgating rules and regulations, this Act shall become effective upon approval by the Governor or upon its becoming law without such approval. For all other purposes, this Act shall become effective on January 1, 2013.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Title 20 of the Official Code of Georgia Annotated, relating to education, is amended by repealing Article 31A of Chapter 2, relating to the Georgia Charter Schools Commission, and enacting a new article to read as follows:

"ARTICLE 31A

20-2-2080.

(a) The General Assembly finds that:

(1) State charter schools can serve as a complement to the educational opportunities provided by local boards of education in the state's system of public education; and

(2) State charter schools do not supplant public schools operated by local boards of education but provide options to enhance public educational opportunities.

(b) It is the intent of the General Assembly that there be established a state-level commission under the authority of the State Board of Education whose primary focus is the development and support of state charter schools in order to better meet the growing and diverse needs of students in this state and to further ensure that state charter schools of the highest academic quality are approved and supported throughout the state in an efficient manner.

20-2-2081.

As used in this article, the term:

(1) 'Attendance zone' means all or a portion of a local school system, one or more local school systems or portions thereof, or all local school systems in this state.

(2) 'Commission' means the State Charter Schools Commission established pursuant to Code Section 20-2-2082.

(3) 'Department' means the state Department of Education.

(4) 'Governing board' means the governing board of the nonprofit organization which is the charter petitioner for a state charter school and which is the same as the governing board of the state charter school which is involved in school-level governance of the state charter school.

(5) 'State charter school' means a school authorized by the commission pursuant to this article whose creation is authorized as a special school pursuant to Article VIII, Section V, Paragraph VII of the Constitution. A state charter school shall be a public school.

The definitions set forth in Code Section 20-2-2062 shall be applicable to this article.

20-2-2082.

(a) The State Charter Schools Commission is established as a state-level authorizing entity working in collaboration with the Department of Education under the authority of the State Board of Education. Start-up funds necessary to establish and operate the commission may be received by the State Board of Education in addition to such other funds as may be appropriated by the General Assembly. The department shall assist in securing federal and other institutional grant funds to establish the commission.

(b) The commission shall be appointed by the State Board of Education and shall be composed of a total of seven members and made up of three appointees recommended by the Governor, two appointees recommended by the President of the Senate, and two appointees recommended by the Speaker of the House of Representatives. The Governor, the President of the Senate, and the Speaker of the House of Representatives shall each recommend a list of no fewer than two nominees for each appointment to the commission. The appointments shall be made as soon as feasible but no later than the first regular meeting of the State Board of Education in February, 2013. Each member shall serve a term of two years; provided, however, that, for the purpose of providing staggered terms, of the initial appointments, three members shall be appointed to one-year terms and four members shall be appointed to two-year terms as determined by the State Board of Education. Thereafter, each appointee shall serve a two-year term unless the State Board of Education, after review and upon recommendation by the initial recommending authority, extends the appointment. If a vacancy occurs on the commission, it shall be filled by the State Board of Education from a recommendation by the appropriate authority according to the procedure set forth in this subsection. The members of the commission shall annually vote to appoint a chairperson and a vice chairperson from among its membership. Each member of the commission shall hold a bachelor's degree or higher, and the commission should include a group of diverse

individuals representative of Georgia's school population, to the extent possible, with respect to race, sex, and geography who have experience in finance, administration, law, and education.

(c) The commission is encouraged to convene its first meeting no later than March 1, 2013, and thereafter shall meet at least bimonthly at the call of the chairperson or upon the request of four members of the commission. Four members of the commission shall constitute a quorum.

(d) The commission shall determine the manner in which it reviews state charter school petitions and may, in its discretion, use existing department personnel to conduct such review.

(e) The members of the commission shall not be compensated for their services on the commission but may be reimbursed for per diem and travel expenses in the same manner as provided for in Code Section 45-7-21.

(f) No commission member shall solicit or accept any gift, favor, loan, contribution, service, promise of future employment, or other thing of value based upon an understanding that the gift, favor, loan, contribution, service, promise, or other thing of value was given or offered for the purpose of influencing that commission member in the discharge of his or her duties as a commission member.

20-2-2083.

(a) The commission shall have the power to:

(1) Approve or deny petitions for state charter schools and renew, nonrenew, or terminate state charter school petitions in accordance with rules and regulations established pursuant to this article. At its discretion, the commission may preliminarily approve a petition for a state charter school before the petitioner has secured space, equipment, or personnel, if the petitioner indicates such preliminary approval is necessary for it to raise working capital. The State Board of Education shall review and may overrule the approval or renewal of a state charter school by the commission within 60 days of such decision by the commission upon a majority vote of the members of the state board; and

(2) Conduct facility and curriculum reviews of state charter schools.

(b) The commission shall have the following duties:

(1) Review petitions for state charter schools and assist in the establishment of state charter schools throughout this state. The commission shall ensure that all charters for state charter schools are consistent with state education goals;

(2) Develop, promote, and disseminate best practices for state charter schools in order to ensure that high-quality schools are developed and encouraged. At a minimum, the best practices shall encourage the development and replication of academically and financially proven state charter school programs;

(3) Develop, promote, and require high standards of accountability for state charter schools. The commission shall ensure that each state charter school participates in the state's education accountability system. If a state charter school falls short of performance measures included in the approved charter, the commission shall report

such shortcomings to the Department of Education;

(4) Monitor and annually review and evaluate the academic and financial performance, including revenues and expenditures, of state charter schools and hold the schools accountable for their performance pursuant to the charter and to the provisions of this article. The commission shall also review the citizenship and immigration status of each individual that works at a state charter school and aggregate the information by school on an annual basis. The commission's duties to monitor the state charter school shall not constitute the basis for a private cause of action;

(5) Direct state charter schools and persons seeking to establish state charter schools to sources of private funding and support;

(6) Actively seek, with the assistance of the department, supplemental revenue from federal grant funds, institutional grant funds, and philanthropic organizations. The commission may receive and expend gifts, grants, and donations of any kind from any public or private entity to carry out the purposes of this article;

(7) Review and recommend to the General Assembly any necessary revisions to statutory requirements regarding standards and accountability for state charter schools;

(8) Act as liaison for state charter schools in cooperating with local boards of education that may choose to allow state charter schools to utilize excess space within school facilities;

(9) Encourage collaboration with municipalities, counties, consolidated governments, universities or colleges of the board of regents, technical institutions of the Technical College System of Georgia, and regional educational service agencies;

(10) Meet the needs of state charter schools and local school systems by uniformly administering high-quality state charter schools, thereby removing administrative burdens from the local school systems;

(11) Assist state charter schools in negotiating and contracting with local boards of education that choose to provide certain administrative or transportation services to the state charter schools on a contractual basis; and

(12) Provide for annual training, as determined by the commission, for members of state charter school governing boards. The training shall include, but not be limited to, best practices on school governance, the constitutional and statutory requirements relating to public records and meetings, and the requirements of applicable statutes and rules and regulations.

(c)(1) The commission shall establish rules and regulations requiring each state charter school to provide adequate notice of its enrollment procedures, including any provision for the use of a random selection process where all applicants have an equal chance of being admitted in the event that the number of applications to enroll in the school exceeds the capacity of the program, grade, or school.

(2) The commission shall provide adequate notice to local boards of education and to the public regarding meetings to be held by the commission. Such notice shall include the charter petitions to be discussed and acted upon. Such notice shall be

provided in accordance with Chapter 14 of Title 50, relating to open and public meetings.

20-2-2084.

(a) Petitions submitted to the commission shall be subject to rules and regulations established pursuant to this article.

(b) The commission shall be authorized to approve a petition for a state charter school that meets the following requirements:

(1) Has a state-wide attendance zone; or

(2)(A) Has a defined attendance zone; and

(B) Demonstrates that it has special characteristics, such as a special population, a special curriculum, or some other feature or features which enhance educational opportunities, which may include the demonstration of a need to enroll students across multiple communities or an alternative delivery system; provided, however, that the petitioner shall demonstrate a reasonable justification for any proposed special curriculum that has a narrow or limited focus.

(c)(1) For petitions for state charter schools with a state-wide attendance zone, the petitioner shall submit such petition to the commission and concurrently to the local board of education in which the school is proposed to be located for information purposes; provided, however, that this shall not apply to a proposed state charter school which will solely provide virtual instruction.

(2) For petitions for state charter schools with a defined attendance zone, the petitioner shall concurrently submit such petition to the commission, to the local board of education in which the school is proposed to be located, and to each local school system from which the proposed school plans to enroll students. The commission shall not act on a petition unless the local board of education in which the school is proposed to be located denies the petition; provided, however, that such local board shall approve or deny the petition no later than 60 days after its submission, as required pursuant to subsection (b) of Code Section 20-2-2064, unless the petitioner requested an extension. Failure to approve or deny such petition by such local board, in violation of Code Section 20-2-2064, shall be deemed a denial for purposes of this paragraph. A local board that has denied a petition for a state charter school shall be permitted to present to the commission in writing or in person the reasons for denial and the deficiencies in such petition resulting in such denial.

(3) The commission may take into consideration any support or opposition by the local board of education or local boards of education on the start-up charter school petition when it votes to approve or deny a corresponding state charter school petition.

(d) A state charter school shall:

(1) Seek highly qualified, properly trained teachers and other qualified personnel for such schools; provided, however, that such schools shall give preference to hiring an individual who is a citizen or national of the United States over another individual who is not a citizen or national of the United States if the two individuals are equally qualified, unless a teacher is a foreign exchange teacher; provided, however, that prior

to hiring an individual other than a citizen or national of the United States or a protected individual as defined in 8 U.S.C. Section 1324b, the school shall receive approval by the commission and demonstrate that qualified teachers and other personnel were sought but not available in such area which warrants hiring an individual other than a citizen or national of the United States or a protected individual as defined in 8 U.S.C. Section 1324b, unless a teacher is a foreign exchange teacher; provided, further, that the commission and the state charter school shall not construe this paragraph in a manner in violation of 8 U.S.C. Section 1324b or other provisions of law; and

(2) Give preference in contracting and purchasing of services and materials to businesses incorporated under the laws of this state or qualified to do business within this state and having a regularly maintained and established place of business within this state, so long as such businesses are otherwise similarly situated and qualified as compared to a business from out of state.

(e)(1) The members of the governing board for the state charter school shall meet the following qualifications:

(A) Must be a United States citizen;

(B) Must be a resident of Georgia; and

(C) Must not be an employee of the state charter school.

(2) No member of the governing board of the state charter school shall:

(A) Act in his or her official capacity in any matter where he or she, his or her immediate family member, or a business organization in which he or she has an interest has a material financial interest that would reasonably be expected to impair his or her objectivity or independence of judgment;

(B) Solicit or accept or knowingly allow his or her immediate family member or a business organization in which he or she has an interest to solicit or accept any gift, favor, loan, political contribution, service, promise of future employment, or other thing of value based upon an understanding that the gift, favor, loan, contribution, service, promise, or other thing of value was given or offered for the purpose of influencing that board member in the discharge of his or her duties as a board member;

(C) Use, or knowingly allow to be used, his or her position or any information not generally available to the members of the public which he or she receives or acquires in the course of and by reason of his or her position for the purpose of securing financial gain for himself or herself, his or her immediate family member, or any business organization with which he or she is associated; or

(D) Be an officer or serve on the board of directors of any organization that sells goods or services to that state charter school.

As used in this paragraph, the term 'immediate family member' means a spouse, child, sibling, or parent or the spouse of a child, sibling, or parent.

(f) The members of the governing board of each state charter school shall participate in annual training conducted by the commission pursuant to paragraph (12) of subsection (b) of Code Section 20-2-2083.

(g) An individual that works at a state charter school or an individual that has administrative oversight at a state charter school shall not serve on the board of directors of an organization that sells goods or services to such state charter school.

20-2-2085.

A petition may be submitted pursuant to this Code section by an existing charter school approved by a local board of education or the State Board of Education provided that the obligations of its charter with the local board of education or State Board of Education will expire prior to entering into a new charter with the commission. Upon the existing charter school's request, a local board of education or the State Board of Education in the case of a state chartered special school may agree to rescind or waive the obligations of a current charter to allow a petition to be submitted by an existing charter school pursuant to this Code section. An existing charter school that is established as a state charter school pursuant to this Code section shall be allowed to continue the use of all facilities, equipment, and other assets it used prior to the expiration or rescission of its charter with a local board of education; provided, however, that the local board shall be authorized to charge or continue to charge a reasonable fee for use of the facilities.

20-2-2086.

The commission shall provide maximum access to information regarding state charter schools to all parents in this state. It shall maintain information systems, including, but not limited to, a user-friendly Internet website, that will provide information and data necessary for parents to make informed decisions. At a minimum, the commission shall provide parents with information on its accountability standards, links to state charter schools throughout this state, and public education programs concerning state charter schools.

20-2-2087.

Each year, the chairperson of the commission shall appear before the State Board of Education and submit a report regarding the academic performance and fiscal responsibility of all state charter schools approved under this article.

20-2-2088.

If a charter for a state charter school is not renewed or is terminated, the state charter school shall be responsible for all debts of such school. Neither the state, the State Board of Education, or the commission shall be liable for any debts of the school in the event the charter is not renewed or is terminated. The local school system may not assume the debt from any contract for services made between the governing body of the state charter school and a third party, except for a debt for which the local school system has agreed upon in writing to assume responsibility.

20-2-2089.

(a)(1) The earnings for a student in a state charter school shall be equal to the earnings for any other student with similar student characteristics in a state charter school, regardless of the local school system in which the student resides or the school system in which the state charter school is located, and, except as otherwise provided in paragraph (2) of this subsection, the department shall pay to each state charter school through appropriation of state funds an amount equal to the sum of:

(A)(i) QBE formula earnings and QBE grants earned by the state charter school based on the school's enrollment, school profile, and student characteristics. For purposes of this subparagraph, the term 'QBE formula earnings' means funds earned for the Quality Basic Education Formula pursuant to Code Section 20-2-161, including the portion of such funds that are calculated in accordance with Code Section 20-2-164. QBE formula earnings shall include the salary portion of direct instructional costs, the adjustment for training and experience, the nonsalary portion of direct instructional costs, and earnings for psychologists and school social workers, school administration, facility maintenance and operation, media centers, additional days of instruction in accordance with Code Section 20-2-184.1, and staff development, as determined by the department.

(ii) A proportional share of earned state categorical grants, non-QBE state grants, transportation grants, school nutrition grants, and all other state grants, except state equalization grants, as determined by the department;

(B) The average amount of the total revenues less federal revenues less state revenues other than equalization grants per full-time equivalent for the lowest five school systems ranked by assessed valuation per weighted full-time equivalent count, as determined by the department; and

(C) The state-wide average total capital revenue per full-time equivalent, as determined by the department.

(2) In the event that a state charter school offers virtual instruction:

(A) The amount of funds received pursuant to subparagraph (B) of paragraph (1) of this subsection shall be equal to two-thirds of such calculated amount; provided, however, that this two-thirds amount may be increased by any amount up to the originally calculated amount in the discretion of the commission if relevant factors warrant such increase; and

(B) The commission may reduce the amount of funds received pursuant to subparagraph (C) of paragraph (1) of this subsection in proportion to the amount of virtual instruction provided and based on factors that affect the cost of providing instruction.

(3) For purposes of this subsection, the terms:

(A) 'Assessed valuation' is defined as 40 percent of the equalized adjusted property tax digest reduced by the amount calculated pursuant to subsection (g) of Code Section 20-2-164.

(B) 'Assessed valuation per weighted full-time equivalent count' is defined as the assessed valuation for the most recent year available divided by the weighted full-

time equivalent count for the year of the digest.

(b) The department may withhold up to 3 percent of the amount determined pursuant to subsection (a) of this Code section for each state charter school for use in administering the duties required pursuant to Code Section 20-2-2083; provided, however, that any amount withheld pursuant to this subsection shall be spent solely on expenses incurred by the commission in performing the duties required by this article.

(c) No deduction shall be made to any state funding which a local school system is otherwise authorized to receive pursuant to this chapter as a direct result or consequence of the enrollment in a state charter school of a specific student or students who reside in the geographical area of the local school system.

(d) For purposes of funding students enrolled in a state charter school in the first year of such school's operation or for the first year that an existing state charter school offers a new grade level and prior to the initial student count, the commission shall calculate and the department shall distribute the funding for the state charter school on the basis of its projected enrollment according to an enrollment counting procedure or projection method stipulated in the terms of the charter. No later than July 1 of each year, the commission shall notify the department and the Office of Planning and Budget of the funding estimates calculated pursuant to this subsection for any new state charter schools and for any new grade levels offered by existing state charter schools. After the initial student count during the first year of such state charter school's operation or newly offered grade level and in all years of operation thereafter, each state charter school's student enrollment shall be based on the actual enrollment in the current school year according to the most recent student count. Nothing in this Code section shall be construed to require the department to conduct more than two student counts per year.

(e) Funding for state charter schools pursuant to this Code section shall be subject to appropriations by the General Assembly and such schools shall be treated consistently with all other public schools in this state, pursuant to the respective statutory funding formulas and grants.

If such approval has been given, state equalization grant earnings shall be earned for the state chartered special school and shall be distributed as provided in subsection (f) of this Code section. (B) The average amount of the total revenues less federal revenues less state revenues other than equalization grants per full-time equivalent for the lowest five school systems ranked by assessed valuation per weighted full-time equivalent count, as determined by the department; and

(C) The state-wide average total capital revenue per full-time equivalent, as determined by the department.

(2) In the event that a state chartered special school offers virtual instruction:

(B) The department may reduce the amount of funds received pursuant to subparagraph (C) of paragraph (1) of this subsection in proportion to the amount of virtual instruction provided and based on factors that affect the cost of providing instruction.

(3) For purposes of this subsection, the terms:

(A) 'Assessed valuation' is defined as 40 percent of the equalized adjusted property tax digest reduced by the amount calculated pursuant to subsection (g) of Code Section 20-2-164.

(B) 'Assessed valuation per weighted full-time equivalent count' is defined as the assessed valuation for the most recent year available divided by the weighted full-time equivalent count for the year of the digest.

(5) No deduction shall be made to any state funding which a local school system is otherwise authorized to receive pursuant to this chapter as a direct result or consequence of the enrollment in a state chartered special school of a specific student or students who reside in the geographical area of the local school system.

(6) Funding for state chartered special schools pursuant to this subsection shall be subject to appropriations by the General Assembly and such schools shall be treated consistently with all other public schools in this state, pursuant to the respective statutory funding formulas and grants.

The state chartered special school shall report enrolled students in a manner consistent with Code Section 20-2-160. Any data required to be reported by the state chartered special school shall be submitted directly by the school to the appropriate state agency. Where feasible, the state board shall treat a state chartered special school no less favorably than other public schools within the state with respect to the provision of funds for transportation and building programs."

A BILL TO BE ENTITLED
AN ACT

To amend Part 4 of Article 6 of Chapter 2 of Title 20 of the Official Code of Georgia Annotated, relating to financing under the "Quality Basic Education Act," so as to revise the method of calculating equalization grants; to add an eligibility requirement; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Part 4 of Article 6 of Chapter 2 of Title 20 of the Official Code of Georgia Annotated, relating to financing under the "Quality Basic Education Act," is amended as follows:

"20-2-165.

(a) As used in this Code section, the term:

(1) 'Assessed valuation' is defined as 40 percent of the equalized adjusted property tax digest reduced by the amount calculated pursuant to subsection (g) of Code Section 20-2-164.

(2) 'Assessed valuation per weighted full-time equivalent count' is defined as the assessed valuation for the most recent year available divided by the weighted full-time equivalent count for the year of the digest.

(3) 'Effective millage rate' is defined as local tax revenues divided by the assessed valuation and multiplied by 1,000; provided, however, that if the amount of local tax revenues is subsequently adjusted as a result of an audit of a local school system's annual financial report, the increase or decrease in local tax revenues resulting from the audit shall cause an adjustment to be made in the effective millage rate that was

calculated initially. Any net change in the amount of equalization dollars earned as a result of such adjustment shall be applied to the amount of the local school system's equalization grant in a subsequent fiscal year.

(4) 'Eligible full-time equivalent program count' is defined as the sum of the full-time equivalent resident student count and full-time equivalent nonresident student count pursuant to subsection (d) of Code Section 20-2-160 for each program specified pursuant to subsection (b) of Code Section 20-2-161; provided, however, that each local school system's total full-time equivalent nonresident student count for all programs except programs for persons with disabilities shall not exceed the lesser of the count for fiscal year 2000 or the count for any ensuing fiscal year, unless the local school system serves under contract all of the students in one or more grade levels from an adjoining system or unless the system serves students from an adjoining system under court order.

(5) 'Equalized adjusted property tax digest' is defined as the most recent equalized adjusted property tax digest furnished to the State Board of Education pursuant to paragraph (1) of subsection (c) of Code Section 20-2-164.

(5.1) 'Equivalent millage' means for a local school system that is eligible to receive local option sales tax proceeds for maintenance and operation purposes, the combination of property tax revenue and sales tax revenue representing the amount that would be generated by a designated rate of mills.

(6) ~~'Guaranteed valuation school system' is defined as the local school system ranking at the seventy fifth percentile state-wide average in dollars of assessed valuation per weighted full-time equivalent count. Such state-wide average shall not include the local school systems ranked in the highest 5 percent or the lowest 5 percent, where the ranking of school systems is such that the one-hundredth percentile school system is that with the highest amount in dollars of assessed valuation per weighted full-time equivalent count. For the purpose of determining the assessed valuation per weighted full-time equivalent count of the guaranteed valuation school system only, a reduction of the assessed valuation for exemptions authorized by Code Sections 48-5-44 and 48-5-48 shall be calculated whether such exemptions are granted or not granted by the guaranteed valuation school system.~~

(7) 'Local tax revenues' is defined as the sum of tax revenues for a local school system as furnished to the Department of Education by the school system in its annual financial report, reduced by the total amount of general funds expended for capital outlay or transferred into an escrow account for capital outlay purposes for the most recent fiscal year such data are available and increased by any federal funds designed to replace local tax revenues provided to the said system; provided, however, that the local school system has furnished the state board with acceptable documentation which clearly identifies the source or sources of such federal funds.

(8) 'Most recent weighted full-time equivalent count' is defined as the weighted full-time equivalent count derived from full-time equivalent program count data obtained for the purpose of determining the funds initially needed to finance the Quality Basic Education Formula pursuant to subsection (d) of Code Section 20-2-160 for the next

ensuing fiscal year.

(9) 'Qualified local school system' is defined as any local school system: ~~having~~

(A) Having an assessed valuation per weighted full-time equivalent count for the year of the digest ranking which is below the guaranteed valuation; ~~school system and having~~

(B) Having an effective millage rate greater than the millage rate applied to calculate the local five mill share pursuant to subsection (a) of Code Section 20-2-164.; and

(C) Beginning July 1, 2015, having a millage rate or an equivalent millage of at least 12 mills; beginning July 1, 2016, having a millage rate or an equivalent millage of at least 12 ½ mills; beginning July 1, 2017, having a millage rate or an equivalent millage of at least 13 mills; beginning July 1, 2018, having a millage rate or an equivalent millage of at least 13 ½ mills; beginning July 1, 2019, and thereafter, having a millage rate or an equivalent millage of at least 14 mills.

(10) 'Weighted full-time equivalent count' is defined as the sum of all eligible full-time equivalent program counts multiplied by their respective program weights in effect during the fiscal year that the full-time equivalent program counts were obtained pursuant to Code Section 20-2-161.

(11) 'Weighted full-time equivalent count for the year of the digest' is defined as the weighted full-time equivalent count derived from full-time equivalent program count data obtained for the purpose of determining the funds initially needed to finance the Quality Basic Education Formula pursuant to subsection (d) of Code Section 20-2-160 for the current fiscal year.

(b) The State Board of Education shall annually calculate the equalization grant for each qualified local school system in the following manner:

(1) Subtract the assessed valuation per weighted full-time equivalent count for the local school system from the ~~assessed valuation per weighted full-time equivalent count for the~~ guaranteed valuation ~~school system~~;

(2) Divide the difference resulting from paragraph (1) of this subsection by 1,000;

(3) Subtract five from the effective millage rate for the local school system and use the resulting number of effective mills or 15 effective mills, whichever is less, as the number of effective mills to be equalized;

(4) Multiply the quotient resulting from paragraph (2) of this subsection by the number of effective mills to be equalized pursuant to paragraph (3) of this subsection; and

(5) Multiply the product resulting from paragraph (4) of this subsection by the most recent weighted full-time equivalent count for the local school system.

The resulting amount shall be the equalization grant for the ensuing fiscal year; provided, however, that for each local school system which serves under contract all of the students in one or more grade levels from an adjoining system and for each local school system which sends under contract all of the students in one or more grade levels to an adjoining system, the equalization grant shall be calculated to represent the amount that would be earned if the students transferred under said contract were

included in the full-time equivalent counts of the local school system in which they reside; provided, further, that any equalization grant to be earned by a local school system sending students to another system under the provisions of such a contract shall be reduced by an amount which represents the equalization funds earned per weighted full-time equivalent student multiplied by the total weighted full-time equivalent count for students transferred, and any equalization grant to be earned by the local school system receiving students under said contract shall be increased by the same amount.

(c) The State Board of Education shall allocate respectively the amount calculated under subsection (b) of this Code section to each qualified local school system. For the first effective year of the merger of any two or more local school systems, the equalization grant shall be the addition of amounts which would have been separately earned by the systems participating in the merger or the amount which would have been earned if the systems had already been merged during the year of the applicable digest, whichever is greater. No portion of local five mill share shall be applied to such equalization grants. In the event sufficient funds are not appropriated in a fiscal year to the state board to allot the full amount of equalization grants calculated to be payable to qualified local school systems as provided in this Code section, the state board shall proportionately reduce the amount of funds to be allocated to qualified local school systems.

(d)(1) A midterm adjustment in a local school system's equalization grant shall be made if:

(A) ~~The school system ranks~~ system's assessed valuation per weighted full-time equivalent count is at or below the ~~seventy fifth percentile in dollars of assessed valuation per weighted full time equivalent count, where the ranking of school systems is such that the one hundredth percentile school system is that with the highest amount in dollars of assessed valuation per weighted full time equivalent count~~ guaranteed valuation; and

(B) The school system increases the actual millage levied against its digest for maintenance and operation.

(2) If made, the midterm adjustment to the equalization grant shall be calculated as follows:

(A) Calculate the percentage change in the actual millage rate for a school system by subtracting the actual millage rate for the prior year from the actual millage rate for the current year and dividing by the actual millage rate for the prior year; provided, however, that for local school systems that impose local option sales taxes for school maintenance and operation, as authorized by law, the Department of Education shall be authorized to adjust this calculation by adding the equivalent property tax millage that would be needed to produce the revenue raised by the local option sales tax to the actual millage rate and calculating a revised percentage change;

(B) If the result from subparagraph (A) of this paragraph is a positive number, multiply the number of effective mills calculated as part of the original equalization grant calculation for a given year by the percentage increase calculated in

subparagraph (A) of this paragraph. Add the product of this calculation to the effective number of mills from the original equalization grant calculation as described in subsections (a) through (c) of this Code section;

(C) Recalculate the equalization grant substituting the revised number of effective mills calculated in subparagraph (B) of this paragraph; and

(D) Subtract the initial equalization grant amount from the amount calculated in subparagraph (C) of this paragraph.

The resulting amount shall be the midterm adjustment to the equalization grant.

(e) If the result from subparagraph (A) of paragraph (2) of subsection (d) of this Code section is a positive number, the local school system's number of effective mills used in the calculation of its equalization grant for the ensuing fiscal year shall be adjusted by multiplying the number of effective mills calculated pursuant to paragraph (3) of subsection (b) of this Code section by the percentage increase calculated in subparagraph (A) of paragraph (2) of subsection (d) of this Code section. The resulting amount shall be the adjusted number of effective mills used in the calculation of the equalization grant pursuant to paragraph (3) of subsection (b) of this Code section; provided, however, that in no event shall the adjusted number of effective mills to be equalized exceed 15 effective mills. ~~For Fiscal Year 2006 only, adjustments to equalization grants as provided in this subsection shall be allocated to local school systems following the adoption of the amended Appropriations Act for Fiscal Year 2006."~~

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

PART I
The Georgia Motor Carrier Act.
SECTION 1.

Chapter 1 of Title 40 of the Official Code of Georgia Annotated, relating to the identification and regulation of motor vehicles, is amended by adding a new article to read as follows:

"ARTICLE 3
Part 1

40-1-50.

This article shall be known and may be cited as the 'Georgia Motor Carrier Act of 2012.'

40-1-51.

The General Assembly finds that the for-hire transportation of persons and property are a privilege that require close regulation and control to protect public welfare, provide for a competitive business environment, and provide for consumer protection. To that end, the provisions of this article are enacted. This is a remedial law and shall be liberally construed. The Department of Public Safety is designated as the agency to implement and enforce this article. Exceptions contained in this article shall have no effect on the applicability of any other provision of law applicable to motor vehicles, commercial motor vehicles, operators of motor vehicles, or carrier operations.

40-1-52.

There is created and established a division within the Department of Public Safety to be known as the Motor Carrier Compliance Division. The Motor Carrier Compliance Division shall consist of two sections, the Motor Carrier Compliance Enforcement Section and the Motor Carrier Regulation Compliance Section. Except as provided in Chapter 2 of Title 35, the members of the Motor Carrier Compliance Enforcement Section shall be known and designated as law enforcement officers. The Motor Carrier

Regulation Compliance Section shall be responsible for the regulation of the operation of motor carriers and limousine carriers in accordance with this article and motor carrier safety and the transportation of hazardous materials as provided in Code Section 40-1-8 and Article 2 of this chapter.

40-1-53.

The department is authorized to enforce this article by instituting actions for injunction, mandamus, or other appropriate relief.

40-1-54.

(a) The department shall promulgate such rules and regulations as are necessary to effectuate and administer the provisions of this article pursuant to Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.'

(b) The commissioner is authorized to issue such orders, authorizations, and modification thereof as necessary to implement this article.

(c) A court shall take judicial notice of all rules and regulations promulgated by the department pursuant to this Code section.

40-1-55.

Every officer, agent, or employee of any corporation and every person who violates or fails to comply with this article relating to the regulation of motor carriers and limousine carriers or any order, rule, or regulation of the Department of Public Safety, or who procures, aids, or abets therein, shall be guilty of a misdemeanor. Misdemeanor violations of this article may be prosecuted, handled, and disposed of in the manner provided for by Chapter 13 of this title.

40-1-56.

(a) Any motor carrier or limousine carrier subject to the provisions of Part 2 or Part 3 of this article that fails to register as a motor carrier or limousine carrier with the department or that is subject to the jurisdiction of the department and willfully violates any law administered by the department or any duly promulgated regulation issued thereunder, or that fails, neglects, or refuses to comply with any order after notice thereof, shall be liable for a penalty not to exceed \$15,000.00 for such violation and an additional penalty not to exceed \$10,000.00 for each day during which such violation continues.

(b)(1) The department, after a hearing conducted after not less than 30 days' notice, shall determine whether any motor carrier has failed to register or willfully violated any law administered by the department, or any duly promulgated regulation issued thereunder, or has failed, neglected, or refused to comply with any order of the department. Upon an appropriate finding of a violation, the department may impose by order such civil penalties as are provided by subsection (a) of this Code section. In each such proceeding, the department shall maintain a record as provided in paragraph (8) of subsection (a) of Code Section 50-13-13 including all pleadings, a

transcript of proceedings, a statement of each matter of which the department takes official notice, and all staff memoranda or data submitted to the department in connection with its consideration of the case. All penalties and interest thereon, at the rate of 10 percent per annum, recovered by the department shall be paid into the general fund of the state treasury.

(2) Any party aggrieved by a decision of the department may seek judicial review as provided in subsection (c) of this Code section.

(c)(1) Any party who has exhausted all administrative remedies available before the department and who is aggrieved by a final decision of the department in a proceeding described in subsection (b) of this Code section may seek judicial review of the final order of the department in the Superior Court of Fulton County.

(2) Proceedings for review shall be instituted by filing a petition within 30 days after the service of the final decision of the department or, if a rehearing is requested, within 30 days after the decision thereon. A motion for rehearing or reconsideration after a final decision by the department shall not be a prerequisite to the filing of a petition for review. Copies of the petition shall be served upon the department and all parties of record before the department.

(3) The petition shall state the nature of the petitioner's interest, the facts showing that the petitioner is aggrieved by the decision, and the ground, as specified in paragraph (6) of this subsection, upon which the petitioner contends that the decision should be reversed. The petition may be amended by leave of court.

(4) Within 30 days after service of the petition or within such further time as is stipulated by the parties or as is allowed by the court, the agency shall transmit to the reviewing court the original or a certified copy of the entire record of the proceedings under review. By stipulation of all parties to the review proceedings, the record may be shortened. A party unreasonably refusing to stipulate that the record be limited may be taxed for the additional costs. The court may require or permit subsequent corrections or additions to the record.

(5) If, before the date set for hearing, application is made to the court for leave to present additional evidence, and it is shown to the satisfaction of the court that the additional evidence is material and there were good reasons for failure to present it in the proceedings before the agency, the court may order that the additional evidence be taken before the department upon such procedure as is determined by the court. The department may modify its findings and decision by reason of the additional evidence and shall file that evidence and any modifications, new findings, or decisions with the reviewing court.

(6) The review shall be conducted by the court without a jury and shall be confined to the record. The court shall not substitute its judgment for that of the department as to the weight of the evidence on questions of fact. The court may affirm the decision of the department or remand the case for further proceedings. The court may reverse the decision of the department if substantial rights of the petitioner have been prejudiced because the department's findings, inferences, conclusions, or decisions are:

(A) In violation of constitutional or statutory provisions;

(B) In excess of the statutory authority of the commission department;

(C) Made upon unlawful procedure;

(D) Clearly not supported by any reliable, probative, and substantial evidence on the record as a whole; or

(E) Arbitrary or capricious.

(7) A party aggrieved by an order of the court in a proceeding authorized under subsection (b) of this Code section may appeal to the Supreme Court of Georgia or to the Court of Appeals of Georgia in accordance with Article 2 of Chapter 6 of Title 5, the 'Appellate Practice Act.'

40-1-57.

Rules, orders, and regulations previously adopted which relate to functions performed by the Pubic Service Commission which were transferred under this Article to the Department of Public Safety shall remain of full force and effect as rules, orders, and regulations of the Department of Public Safety until amended, repealed, or superseded by rules or regulations adopted by the department.

As used in this part, the term:

(1) 'Carrier' means a person who undertakes the transporting of goods or passengers for compensation.

(2) 'Certificate' or 'motor carrier certificate' means a certificate of public convenience and necessity issued pursuant to this part or under the 'Motor Carrier Act of 1929,' under the 'Motor Carrier Act of 1931,' or under prior law.

(3) 'Commissioner' means the Commissioner of the Department of Public Safety.

(4) 'Company' shall include a corporation, a firm, a partnership, an association, or an individual.

(6) 'For compensation' or 'for hire' means an activity wherein for payment or other compensation a motor vehicle and driver are furnished to a person by another person, acting directly or knowingly and willfully acting with another to provide the combined service of the vehicle and driver, and includes every person acting in concert with, under the control of, or under common control with a motor carrier who shall offer to furnish transportation for compensation or for hire, provided that no

exempt rideshare shall be deemed to involve any element of transportation for compensation or for hire.

(7) 'Government endorsed rideshare program' means a vanpool, carpool, or similar rideshare operation conducted by or under the auspices of a state or local governmental transit instrumentality, such as GRTA, a transportation management association, or a community improvement district, or conducted under the auspices of such transit agencies, including through any form of contract between such transit instrumentality and private persons or businesses.

(8) 'GRTA' means the Georgia Regional Transportation Authority, which is itself exempt from regulation as a carrier under Code Section 50-32-71.

(9) 'Household goods' means any personal effects and property used or to be used in a dwelling when a part of the equipment or supplies of such dwelling and such other similar property as the commissioner may provide for by regulation; provided, however, that such term shall not include property being moved from a factory or store except when such property has been purchased by a householder with the intent to use such property in a dwelling and such property is transported at the request of, and with transportation charges paid by, the householder.

(10) 'Motor carrier' means:

(A) Every person owning, controlling, operating, or managing any motor vehicle, including the lessees, receivers, or trustees of such persons or receivers appointed by any court, used in the business of transporting for hire persons or household goods, or both, or engaged in the activity of nonconsensual towing pursuant to Code Section 44-1-13 for hire over any public highway in this state.

(B) Except as otherwise provided in this subparagraph, the term 'motor carrier' shall not include:

(i) Motor vehicles engaged solely in transporting school children and teachers to and from public schools and private schools;

(ii) Taxicabs which operate within the corporate limits of municipalities and are subject to regulation by the governing authorities of such municipalities; the provisions of this division notwithstanding, vehicles and the drivers thereof operating within the corporate limits of any city shall be subject to the safety regulations adopted by the commissioner of public safety pursuant to Code Section 60-1-8;

(iii) Limousine carriers as provided for in Part 3 of this article;

(iv) Hotel passenger or baggage motor vehicles when used exclusively for patrons and employees of such hotel;

(v) Motor vehicles operated not for profit with a capacity of 15 persons or less when they are used exclusively to transport elderly and disabled passengers or employees under a corporate sponsored van pool program, except that a vehicle owned by the driver may be operated for profit when such driver is traveling to and from his or her place of work provided each such vehicle carrying more than nine passengers maintains liability insurance in an amount of not less than \$100,000.00 per person and \$300,000.00 per accident and \$50,000.00 property

damage. For the purposes of this part, elderly and disabled passengers are defined as individuals over the age of 60 years or who, by reason of illness, injury, age, congenital malfunction, or other permanent or temporary incapacity or disability, are unable to utilize mass transportation facilities as effectively as persons who are not so affected;

For the purpose of this part, elderly and disabled persons shall have the same meaning as in division (iv) of this subparagraph; or

(viii) Ambulances.

(11) 'Passenger' means a person who travels in a public conveyance by virtue of a contract, either express or implied, with the carrier as to the payment of the fare or that which is accepted as an equivalent therefor. The prepayment of fare is not necessary to establish the relationship of passenger and carrier; although a carrier may demand prepayment of fare if persons enter his or her vehicle by his or her permission with the intention of being carried; in the absence of such a demand, an obligation to pay fare is implied on the part of the passenger, and the reciprocal obligation of carriage of the carrier arises upon the entry of the passenger.

(12) 'Person' means any individual, partnership, trust, private or public corporation, municipality, county, political subdivision, public authority, cooperative, association, or public or private organization of any character.

(13) 'Public highway' means every public street, road, highway, or thoroughfare of any kind in this state.

(14) 'Vehicle' or 'motor vehicle' means any vehicle, machine, tractor, trailer, or semitrailer propelled or drawn by mechanical power and used upon the highways in the transportation of passengers or property, or any combination thereof, determined by the commissioner.

40-1-101.

(a) Notwithstanding any other provision of law to the contrary, all motor carriers operating on the public roads of this state shall be subject to the requirements of this part and shall be deemed to have given consent to regulatory compliance inspections.

(b) Unless expressly prohibited by federal law, the commissioner is vested with power to regulate the business of any person engaged in the transportation as a motor carrier of persons or property, either or both, for hire on any public highway of this state.

(c) The commissioner is authorized to employ and designate a person or persons as necessary to implement and carry out the functions contained in this part.

(d) All motor carriers shall:

- (1) Obtain a certificate as required by this part;
- (2) Maintain liability insurance as provided in the rules and regulations of the department;
- (3) Act in compliance with Georgia's workers' compensation laws as provided in Chapter 9 of Title 34 of the Official Code of Georgia Annotated; and
- (4) Be a United States citizen, or if not a citizen, present federal documentation verified by the United States Department of Homeland Security to be valid documentary evidence of lawful presence in the United States under federal immigration law.

40-1-102.

(a) No motor carrier of passengers or household goods shall, except as otherwise provided in this part, operate without first obtaining from the commissioner a certificate.

(b) Before a motor carrier may enter into any contract for the transportation of passengers, the motor carrier shall provide to all parties to the agreement a copy of the motor carrier's proof of legally required minimum insurance coverage and a valid certification number demonstrating that the motor carrier is currently certified by the commissioner, the Commissioner of Revenue, the Federal Motor Carrier Safety Administration, or any other similarly required certifying agency. Any contract entered into in violation of this Code section shall be void and unenforceable.

40-1-103.

(a) The department shall prescribe the form of the application for a motor carrier certificate and shall prescribe such reasonable requirements as to notice, publication, proof of service, maintenance of adequate liability insurance coverage, and information as may, in its judgment, be necessary and may establish fees as part of such certificate process.

(b) A motor carrier certificate shall be issued to any qualified applicant, provided that such applicant is a motor carrier business domiciled in this state, authorizing the operations covered by the application if it is found that the applicant is fit, willing, and able to perform properly the service and conform to the provisions of this part and the rules and regulations of the department and has not been convicted of any felony as such violation or violations are related to the operation of a motor vehicle.

40-1-104.

(a) The commissioner may, at any time after notice and opportunity to be heard and for reasonable cause, revoke, alter, or amend any motor carrier certificate, if it shall be made to appear that the holder of the certificate has willfully violated or refused to observe any of the lawful and reasonable orders, rules, or regulations prescribed by the commissioner or any of the provisions of this part or any other law of this state regulating or taxing motor vehicles, or both, or if in the opinion of the commissioner

the holder of the certificate is not furnishing adequate service.

(b) The commissioner may, at any time, after reasonable attempt at notice, immediately suspend any motor carrier certificate, if the commissioner finds such suspension necessary to protect life, health, or safety, or to protect the public and consumers. Certificate holders affected by such suspension may appeal to the commissioner for review pursuant to Chapter 13 of Title 50, the 'Georgia Administrative Procedures Act.' The commissioner may exercise his or her discretion to designate a hearing officer for such appeals.

(c) The commissioner, or his or her designated employees, may issue an out-of-service order or orders to a certificate holder, pursuant to the provisions of this article.

40-1-105.

Any motor carrier certificate issued pursuant to this part may be transferred upon application to and approval by the commissioner, and not otherwise.

40-1-106.

(a) The commissioner shall issue a motor carrier certificate to a person authorizing transportation as a motor carrier of passengers or household goods subject to the jurisdiction of the department if the commissioner finds that the person is fit, willing, and able to provide the transportation to be authorized by the certificate and to comply with regulations of the department. Fitness encompasses three factors:

(1) The applicant's financial ability to perform the service it seeks to provide;

(2) The applicant's capability and willingness to perform properly and safely the proposed service; and

(3) The applicant's willingness to comply with the laws of Georgia and the rules and regulations of the department.

(b) The initial burden of making out a prima-facie case that an applicant is fit to provide such service rests with the applicant.

(c) Upon an applicant making out a prima-facie case as to the motor carrier's ability to provide the service, the burden shifts to protestant to show that the authority sought should not be granted.

(d) A protest of a motor carrier of passengers or of household goods to an application will not be considered unless the protesting motor carrier:

(1) Possesses authority from the department to handle, in whole or in part, the authority which is being applied for and is willing and able to provide service and has performed service during the previous 12 month period or has actively in good faith solicited service during such period;

(2) Has pending before the department an application previously filed with the department for substantially the same authority; or

(3) Is granted by the commissioner leave to intervene upon a showing of other interests which in the discretion of the commissioner would warrant such a grant.

(e) The commissioner may issue a certificate without a hearing if the application is unprotested or unopposed.

40-1-107.

The commissioner shall adopt rules prescribing the manner and form in which motor carriers of passengers or household goods shall apply for certificates required by this part. Such rules shall require that the application be in writing, under oath, and that the application:

- (1) Contains full information concerning the applicant's financial condition, the equipment proposed to be used, including the size, weight, and capacity of each vehicle to be used, and other physical property of the applicant;
- (2) States the complete route or routes over which the applicant desires to operate and the proposed time schedule of the operation; and
- (3) Contains any such other or additional information as the commissioner may order or require.

40-1-108.

Any motor carrier subject to the jurisdiction of the commissioner that transports passengers shall comply with the provisions of Code Section 3-3-23, concerning consumption of alcoholic beverages by persons under the age of 21. The commissioner shall provide to all motor carriers, at the time of registration or renewal of a certificate, an informational packet emphasizing the prohibition on alcohol consumption by persons under the age of 21 while being transported by the motor carrier.

40-1-109.

The commissioner shall collect the following one-time fees upon initial application of a motor carrier pursuant to this part:

- (1) A fee of \$75.00 to accompany each application for a motor carrier certificate, or amendment to an existing certificate, where the applicant owns or operates fewer than six motor vehicles;
- (2) A fee of \$150.00 to accompany each application for a motor carrier certificate, or amendment to an existing certificate, where the applicant owns or operates six to 15 motor vehicles;
- (3) A fee of \$200.00 to accompany each application for a motor carrier certificate, or amendment to an existing certificate, where the applicant owns or operates more than 15 motor vehicles;
- (4) A fee of \$75.00 to accompany each application for transfer of a motor carrier certificate; and
- (5) A fee of \$50.00 to accompany each application for intrastate temporary emergency authority under Code Section 40-1-104.

40-1-110.

The commissioner, upon the filing of an application for a motor carrier certificate, shall fix a time and place for hearing thereon and shall, at least ten days before the hearing, give notice thereof by advertising the same at the expense of the applicant in a newspaper in Atlanta, in which sheriffs' notices are published. If no protest is filed with

the department or if the protest is subsequently withdrawn, the commissioner may issue the motor carrier certificate without a hearing.

40-1-111.

When an application for a motor carrier certificate under this part has been in whole or in part denied by the commissioner, or has been granted by the commissioner, and the order of the commissioner granting same has been quashed or set aside by a court of competent jurisdiction, a new application by the same petitioner or applicant therefor shall not be again considered by the department within three months from the date of the order denying the same or the judgment of the court quashing or setting aside the order.

40-1-112.

(a) No motor carrier of household goods or passengers shall be issued a motor carrier certificate unless there is filed with the department a certificate of insurance for such applicant or holder on forms prescribed by the commissioner evidencing a policy of indemnity insurance by an insurance company licensed to do business in this state, which policy must provide for the protection, in case of passenger vehicles, of passengers and the public against injury proximately caused by the negligence of such motor carrier, its servants, or its agents; and, in the case of vehicles transporting household goods, to secure the owner or person entitled to recover against loss or damage to such household goods for which the motor common carrier may be legally liable. The department shall determine and fix the amounts of such indemnity insurance and shall prescribe the provisions and limitations thereof. The insurer shall file such certificate. The failure to file any form required by the department shall not diminish the rights of any person to pursue an action directly against a motor carrier's insurer.

(b) The department shall have power to permit self-insurance, in lieu of a policy of indemnity insurance, whenever in its opinion the financial ability of the motor carrier so warrants.

(c) It shall be permissible under this part for any person having a cause of action arising under this part to join in the same action the motor carrier and the insurance carrier, whether arising in tort or contract.

40-1-113.

(a) As used in this Code section, the term:

(1) 'Motor carrier transportation contract' means a contract, agreement, or understanding covering:

(A) The transportation of property for compensation or hire by the motor carrier;

(B) Entrance on property by the motor carrier for the purpose of loading, unloading, or transporting property for compensation or hire; or

(C) A service incidental to activity described in subparagraph (A) or (B) of this paragraph, including, but not limited to, storage of property.

Motor carrier transportation contract shall not include the Uniform Intermodal Interchange and Facilities Access Agreement administered by the Intermodal Association of North America or other agreements providing for the interchange, use, or possession of intermodal chassis, containers, or other intermodal equipment.

(2) 'Promisee' means the person promising to provide transportation of property and any agents, employees, servants, or independent contractors who are directly responsible to such person but shall not include a motor carrier party to a motor carrier transportation contract with such person and such motor carrier's agents, employees, servants, or independent contractors directly responsible to such motor carrier.

(b) Notwithstanding any provision of law to the contrary, a provision, clause, covenant, or agreement contained in, collateral to, or affecting a motor carrier transportation contract that purports to indemnify, defend, or hold harmless, or has the effect of indemnifying, defending, or holding harmless, the promisee from or against any liability for loss or damage resulting from the negligence or intentional acts or omissions of the promisee is against the public policy of this state and is void and unenforceable.

40-1-114.

Notwithstanding any other provision of law to the contrary, in order to authorize the provision of passenger or household goods service for which there is an immediate and urgent need to a point or points, or within a territory, with respect to which there is no motor carrier service capable of meeting such need, upon receipt of an application for temporary emergency authority and upon payment of the appropriate fee as fixed by statute, the department may, in its discretion and without a hearing or other prior proceeding, grant to any person temporary motor carrier authority for such service. The order granting such authority shall contain the department's findings supporting its determination that there is an unmet immediate and urgent need for such service and shall contain such conditions as the commissioner finds necessary with respect to such authority. Emergency temporary motor carrier authority, unless suspended or revoked for good cause within such period, shall be valid for such time as the department shall specify but not for more than an aggregate of 30 days. Such authority shall in no case be renewed and shall create no presumption that corresponding permanent authority will be granted thereafter, except that, where a motor carrier granted temporary emergency motor carrier authority under the provisions of this Code section makes application during the period of said temporary emergency authority for permanent motor carrier authority corresponding to that authorized in its temporary emergency authority, the temporary emergency motor carrier authority will be extended to the finalization of the permanent authority application unless sooner suspended or revoked for good cause within the extended period.

40-1-115.

A motor carrier of passengers may discontinue its entire service on any route upon 30

days' published notice to be prescribed by the department, and thereupon its certificate therefor shall be canceled. A motor carrier of passengers may discontinue any part of its service on any route upon 30 days' published notice, subject, however, to the right of the department to withdraw its certificate for such route if, in the opinion of the commissioner, such diminished service is not adequate or is no longer compatible with the public interest.

40-1-116.

No subdivision of this state, including cities, townships, or counties, shall levy any excise, license, or occupation tax of any nature, on the right of a motor carrier to operate equipment, or on the equipment, or on any incidents of the business of a motor carrier.

40-1-117.

(a) Each nonresident motor carrier shall, before any permit is issued to it under this part or at the time of registering as required by Code Section 40-2-140, designate and maintain in this state an agent or agents upon whom may be served all summonses or other lawful processes in any action or proceeding against such motor carrier growing out of its carrier operations; and service of process upon or acceptance or acknowledgment of such service by any such agent shall have the same legal force and validity as if duly served upon such nonresident carrier personally. Such designation shall be in writing, shall give the name and address of such agent or agents, and shall be filed in the office of the state revenue commissioner. Upon failure of any nonresident motor carrier to file such designation with the state revenue commissioner or to maintain such an agent in this state at the address given, such nonresident carrier shall be conclusively deemed to have designated the Secretary of State and his or her successors in office as such agent; and service of process upon or acceptance or acknowledgment of such service by the Secretary of State shall have the same legal force and validity as if duly served upon such nonresident carrier personally, provided that notice of such service and a copy of the process are immediately sent by registered or certified mail or statutory overnight delivery by the Secretary of State or his or her successor in office to such nonresident carrier, if its address be known. Service of such process upon the Secretary of State shall be made by delivering to his or her office two copies of such process with a fee of \$10.00.

(b) Except in those cases where the Constitution requires otherwise, any action against any resident or nonresident motor carrier for damages by reason of any breach of duty, whether contractual or otherwise, or for any violation of this article or of any order, decision, rule, regulation, direction, demand, or other requirement established by the state revenue commissioner, may be brought in the county where the cause of action or some part thereof arose; and if the motor carrier or its agent shall not be found for service in the county where the action is instituted, a second original may issue and service be made in any other county where the service can be made upon the motor carrier or its agent. (c) Except in those cases where the Constitution requires otherwise, any action against any resident motor carrier engaged exclusively in the transportation of agricultural or dairy products, or both, between farm, market, gin, warehouse, or mill for damages by reason of any breach of duty, whether contractual or otherwise, or for any violation of this article or of any order, decision, rule, regulation, direction, demand, or other requirement established by the commissioner shall be brought in the county where the owner or operator of the carrier resides.

40-1-118.

The commissioner shall prescribe just and reasonable rates, fares, and charges for transportation by motor carriers of household goods and for all services rendered by motor carriers in connection therewith. The tariffs therefor shall be in such form and shall be filed and published in such manner and on such notice as the department may prescribe. Such tariffs shall also be subject to change on such notice and in such manner as the department may prescribe. In order to carry out the purposes of this Code section, including the publication and maintenance of just, reasonable, and nondiscriminatory rates and charges, the department shall establish a rate-making procedure for all carriers of household goods. Failure on the part of any motor carrier to comply with this Code section or the rules and regulations promulgated under this Code section may result in suspension or cancellation of said carrier's operating authority by the department.

40-1-119.

No motor carrier of household goods shall charge, demand, collect, or receive a greater or lesser or different compensation for the transportation of property or for any service rendered in connection therewith than the rates, fares, and charges prescribed or approved by order of the department; nor shall any such motor carrier unjustly discriminate against any person in its rates, fares, or charges for service. The commissioner may prescribe, by general order, to what persons motor carriers of household goods may issue passes or free transportation; may prescribe reduced rates for special occasions; and may fix and prescribe rates and schedules.

40-1-120.

If a motor carrier shall elect to carry the personal baggage of passengers, other than hand baggage, the department shall prescribe just and reasonable rates therefor and such other rules and regulations with respect thereto as may be reasonable and just, and may by rule or regulation limit the amount of the liability of the motor carrier therefor.

40-1-121.

The department shall prescribe the books and the forms of accounts to be kept by the holders of certificates under this part, which books and accounts shall be preserved for such reasonable time as may be prescribed by the department. The books and records of every certificate holder shall be at all times open to the inspection of any agent of the department for such purpose. The department shall have the power to examine the books and records of all motor carriers to whom it has granted certificates or permits to operate under this part and to examine under oath the officers and agents of any motor carrier with respect thereto.

40-1-122.

Motor carriers shall observe the laws of this state in respect to size, weight, and speed of their vehicles. Intrastate motor carriers of passengers shall, and interstate motor carriers of passengers may, file with the department the schedules upon which they propose to operate their vehicles, which schedules shall be such that the net running time of vehicles between terminal points shall not exceed the lawful speed limit; and any motor carrier of passengers filing such a schedule shall be allowed to operate his or her vehicles on the highway at a rate of speed not exceeding the lawful speed limit in order to maintain a schedule so filed.

40-1-123.

Any motor carrier which operates on the public highways of this state without the required certificate or permit, or after such certificate or permit has been canceled, or without having registered its vehicle or vehicles as provided for in this part, or which operates otherwise than is permitted by the terms of such certificate or permit or the laws of this state may be enjoined from operating on the public highways of this state upon the bringing of a civil action by the department, by a competing motor carrier or rail carrier, or by any individual.

40-1-124.

Nothing in this part or any other law shall be construed to vest in the owner, holder, or assignee of any certificate or permit issued under this part any vested right to use the public highways of this state and shall not be construed to give to any motor carrier any perpetual franchise over such public highways.

40-1-125.

(a) Upon issuance by the commissioner of an order suspending or revoking a motor carrier certificate, such motor carrier shall be afforded a hearing to be held in accordance with the procedures set forth in Code Section 40-1-56.

(b) Any person whose motor carrier certificate has been suspended or revoked and who has exhausted all administrative remedies available within the Department of Public Safety is entitled to judicial review in accordance with Code Section 40-1-56.

40-1-126.

In circumstances where a motor carrier is engaged in both interstate and intrastate commerce, it shall nevertheless be subject to all the provisions of this part so far as it separately relates to commerce carried on exclusively in this state. It is not intended that the department shall have the power of regulating the interstate commerce of such motor carrier, except to the extent expressly authorized by this part as to such commerce. The provisions of this part do not apply to purely interstate commerce nor to carriers exclusively engaged in interstate commerce. When a motor carrier is engaged in both intrastate and interstate commerce, it shall be subject to all the provisions of this part so far as they separately relate to commerce carried on in this state.

40-1-127.

(a) All actions at law against motor carriers operating in this state, which actions seek to recover overcharges accruing on intrastate shipments, shall be initiated within a period of three years after the time the cause of action accrues, and not thereafter, provided that, if a claim for the overcharge is presented in writing to the carrier within the three-year period of limitation, the period shall be extended to include six months from the time notice in writing is given by the carrier to the claimant of disallowance of the claim or any part thereof.

(b) A motor carrier of property may, upon notice to the commissioner of public safety, elect to be subject to the following requirements regarding rates, charges, and claims for loss or damage:

(1) A motor carrier of property shall provide to the shipper, upon request of the shipper, a written or electronic copy of the rate, classification, rules, and practices upon which any rate agreed to between the shipper and carrier may have been based. When the applicability or reasonableness of the rates and related provisions billed by a carrier is challenged by the person paying the freight charges, the commissioner of public safety shall determine whether such rates and provisions are reasonable or applicable based on the record before it. In cases where a carrier other than a carrier providing transportation of household goods seeks to collect charges in addition to those billed and collected which are contested by the payor, the carrier may request that the commissioner of public safety determine whether any additional charges over those billed and collected must be paid. A carrier must issue any bill for charges in addition to those originally billed within 180 days of the original bill in order to have the right to collect such charges;

(2) If a shipper seeks to contest the charges originally billed by a motor carrier of property, the shipper may request that the commissioner of public safety determine whether the charges originally billed must be paid. A shipper must contest the original bill within 180 days in order to have the right to contest such charges; and

(3) Claims for loss of or damage to property for which any motor carrier of property may be liable must be filed within nine months after the delivery of the property, except that claims for failure to make delivery must be filed within nine months after

a reasonable time for delivery has elapsed.

(c) The commissioner of public safety shall adopt rules regarding rates, charges, and claims for loss or damage applicable to carriers of household goods.

40-1-128.

(a) Any officer, agent, or employee of any corporation, and any other person, who knowingly accepts or receives any rebate or drawback from the rates, fares, or charges established or approved by the department for motor carriers of passengers or household goods, or who procures, aids, or abets therein, or who uses or accepts from such motor carrier any free pass or free transportation not authorized or permitted by law or by the orders, rules, or regulations of the department, or who procures, aids, or abets therein, shall be guilty of a misdemeanor.

(b) The possession of goods, wares, or merchandise loaded on a motor vehicle consigned to any person, firm, or corporation, being transported or having been transported over the public highways in this state, without the authority of a permit or certificate for so transporting having been issued by the department under this article, shall be prima-facie evidence that such transportation of such goods, wares, or merchandise was an intentional violation of the law regulating the transportation of persons and property over the public highways in this state.

(c) Any person claiming the benefit of any exception made in this article shall have the burden of proving that he or she falls within the exception.

40-1-129.

(a) Whenever the department, after a hearing conducted in accordance with the provisions of Code Section 40-1-56, finds that any person, firm, or corporation is operating as a household goods carrier for hire without a valid certificate issued by the department or is holding itself out as such a carrier without such a certificate in violation of this part, the department may impose a fine of not more than \$5,000.00 for each violation. The department may assess the person, firm, or corporation an amount sufficient to cover the reasonable expense of investigation incurred by the department. The department may also assess interest at the rate specified in Code Section 40-1-56 on any fine or assessment imposed, to commence on the day the fine or assessment becomes delinquent. All fines, assessments, and interest collected by the department shall be paid into the general fund of the state treasury. Any party aggrieved by a decision of the department under this subsection may seek judicial review as provided in Code section 40-1-56.

(b) Any person, firm, or corporation who knowingly and willfully issues, publishes, or affixes or causes or permits the issuance, publishing, or affixing of any oral or written advertisement, broadcast, or other holding out to the public, or any portion thereof, that the person, firm, or corporation is in operation as a household goods carrier for hire without having a valid certificate issued by the department is guilty of a misdemeanor. Any fine or assessment imposed by the department pursuant to the provisions of subsection (a) of this Code section shall not bar criminal prosecution pursuant to the provisions of this subsection.

40-1-130.

In any advertisement for a motor carrier, whether by print, radio, television, other broadcast, or electronic media including but not limited to Internet advertising and any listing or sites on any website, the motor carrier shall include the motor carrier authorization number issued to it by the Department of Public Safety. The requirements of this Code section shall not apply to nonconsensual towing motor carriers providing services pursuant to Code Section 44-1-13. The department shall be required to issue a motor carrier authorization number to each registered motor carrier. Whenever the department, after a hearing conducted in accordance with the provisions of Code Section 40-1-56, finds that any person is advertising in violation of this Code section, the department may impose a fine of not more than \$500.00 for an initial violation and not more than \$15,000.00 for a second or subsequent violation.

Said chapter is further amended by adding a new Code section to read as follows:

"10-14-7.1.

(a) Notwithstanding any provision to the contrary contained in Chapter 1 of Title 7, the 'Financial Institutions Code of Georgia,' or in any other provision of law, a funeral establishment or a funeral director in full and continuous charge or his or her agent, representative, or employee may provide for funds to be deposited with a depository institution in accordance with this Code section and placed in an individual trust fund account that is:

(1) Titled in the name of a funeral establishment;

(2) Established for the purpose of providing preneed funeral services;

(3) Payable upon the death of the purchaser in favor of a funeral establishment for purposes of providing funeral services; and

(4) Refundable to the purchaser's designee or the estate of the deceased, such that 100 percent of the trust funds following a deduction of any amounts paid or owing as taxes and a 3 percent charge for administrative costs shall be returned to the designee or estate where funeral services are not provided by the funeral establishment.

(b)(1) One hundred percent of funds to be held in trust shall be deposited in the trust account. The deposit of such funds shall be made not later than 30 days following the last day of the month in which any payment is received. Trust fund accounts shall be established and maintained in a state bank, state savings and loan institution, savings bank, national bank, federal savings and loan association, whose deposits are insured by the Federal Deposit Insurance Corporation or other governmental agency, or a state or federally chartered credit union insured under 12 U.S.C. Section 1781 of the Federal Credit Union Act, or other organization approved by the Secretary of State which is located and doing business in this state.

(2)(A) If the account is maintained with a trustee, the assets of the trust account shall be invested and reinvested by the trust agent subject to all the terms, conditions, limitations, and restrictions imposed by Georgia law upon executors and trustees regarding the making and depositing of investments with trust moneys and subject to the limitations and restrictions imposed pursuant to this Code section.

(B) Subject to said terms, conditions, limitations, and restrictions, the trust agent of the a preneed account shall have full power to hold, purchase, sell, assign, transfer, reinvest, and dispose of any of the securities and investments in which any of the assets of said account are invested, including proceeds of investments. Unless otherwise expressly provided in the will, a personal representative shall be authorized to invest funds in:

(i) Interest-bearing deposits in any chartered state or national bank or trust company or savings and loan association located in this state to the extent the deposits are insured by the Federal Deposit Insurance Corporation or comparable insurance; and

(ii) Direct and general obligations of the United States government, obligations unconditionally guaranteed by the United States government, and obligations of

the agencies of the United States government enumerated in Code Section 53-8-3. The personal representative may invest in and hold such obligations either directly or in the form of securities or other interests in any open-end or closed-end management type investment company or investment trust registered under the Investment Company Act of 1940, as now or hereafter amended, so long as:

(I) The portfolio of such investment company or investment trust is limited to such obligations and repurchase agreements fully collateralized by such obligations;

(C) In making any other investments and in acquiring and retaining those investments and managing the property of the estate, the personal representative shall exercise the judgment and care, under the circumstances then prevailing, which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income as well as the probable safety of their capital.

(3) In the event that the sale of burial or funeral merchandise is under an installment contract, the required trust deposit shall be a pro rata part of the principal portion of each installment payment, such deposit only being required as payments are made by the purchaser for such burial or funeral merchandise.

(c) Any person holding money in trust pursuant to this Code section shall first be required to register with the Secretary of State and pay an annual registration fee of \$100.00 for the reimbursement of the office for administrative costs. The Secretary of State shall establish rules and regulations for investments of trust funds as necessary to preserve the corpus and income of such a fund and for determining what restrictions are necessary for such purposes.

(d) Upon a finding by a court of competent jurisdiction of failure to deposit or maintain funds in the trust account as required by this Code section or of fraud, theft, or misconduct by a funeral establishment or a funeral director or his or her employee, representative, or agent which has wasted or depleted such funds, the funeral establishment owners, funeral director, or employee, representative, or agent of a funeral director or establishment may be held jointly and severally liable for any deficiencies in the trust account.

(e) Any other provision of law notwithstanding, a trust fund account established and maintained under this Code section and the moneys contained therein shall not be deemed an asset or income for purposes of recapture of income or funds owed or for any other purpose.

(f) Nothing contained herein shall preclude a licensed funeral director in full and continuous charge from maintaining an escrow account with aggregate escrow funds for 100 percent of any preneed contract amount for purposes of passing through funds

within 60 days to a trust fund account or payment of a policy of insurance for preneed services."

Dear Representative Willard:

This bill would revise, modernize, and correct errors and omissions in Title 47 of the Official Code of Georgia Annotated. This is to certify that this is a nonfiscal retirement bill as defined in the Public Retirement Systems Standards Law.

If any proceeds of the tax levied pursuant to this Act are held for the purpose of planning, designing, acquiring, or constructing additional facilities or equipment for or improvements to the rapid transit system and are invested, then all interest earned from such investments shall be used only for such purposes or for paying the principal of or interest on bonds or certificates issued for such purposes. HB 1166. By Representatives Atwood of the 179th, Smith of the 131st, Meadows of the 5th, Maxwell of the 17th, Williams of the 113th and others:

A BILL to be entitled an Act to amend Title 33 of the Official Code of Georgia Annotated, relating to insurance, so as to provide for individual health insurance coverage to children through child-only health plans; to provide for legislative intent; to establish a mandatory, uniform open enrollment period; to provide for definitions; to provide for guaranteed-issue coverage regardless of health status; to provide for special enrollment periods for loss of coverage because of a qualifying event; to provide for a list of qualifying events; to provide for related matters; to provide for an effective date; to repeal conflicting laws; and for other purposes.

Senate Sponsor: Senator Ligon, Jr. of the 3rd.

Senators Hill of the 32nd, McKoon of the 29th and Loudermilk of the 52nd offered the following amendment #1:

Amend HB 1166 (LC 29 5196ERS) by inserting after "so as" on line 1 "to provide for a certain definition; to authorize the formation of regional insurance coalitions;" and by redesignating Sections 2 and 3 as Sections 4 and 5, respectively, and striking lines 13 and 14 and inserting in lieu thereof the following:

Title 33 of the Official Code of Georgia Annotated, relating to insurance, is amended by revising Code Section 33-1-2, relating to definitions, by adding a new paragraph to read as follows:

"(1.05) 'Comprehensive major medical' means a plan with at least a \$1 million coverage lifetime maximum, a cost sharing out-of-pocket maximum no greater than that applicable in any given year to a high deductible health plan as defined under Section 223 of the Internal Revenue Code with applicable annual indexing, and coverage for at least ambulatory patient services, emergency services, hospitalization, maternity and newborn care, mental health and substance use disorder services, prescription drugs, rehabilitative and wellness services, chronic disease management, and pediatric services."

SECTION 2.

Said title is further amended by adding a new article to Chapter 29A, relating to individual health insurance coverage, to read as follows:

"ARTICLE 4

33-29A-50.

(a) The General Assembly seeks to initiate cooperation of like-minded states to create a multistate coalition with reciprocity agreements for approval, offer, sale, rating (including medical underwriting), renewal, and issuance of comprehensive major medical individual and group health insurance policies.

(b) The General Assembly recognizes that insured health policies must be filed in each state for approval and compliance with each separate state's administrative and coverage requirements. The General Assembly believes that a coalition of states with consistent health insurance laws will lower development and distribution costs, making the coalition states a larger attractive market for more rapid introduction of new products and services. In addition, a multistate market with common standards will encourage new insurers to locate and initiate business in the coalition states' market. The increased market size and common state requirements will increase competition among insurers and lower premiums.

33-29A-51.

It shall be the duty of the Commissioner to identify at least four states with insurance laws sufficiently consistent with the laws of this state in order to create an efficient regional or multistate market. The Commissioner shall be authorized to take a lead role

in establishing a coalition of other states to adopt an alternative policy approval process for comprehensive major medical policies that utilize a common set of policy approval requirements among the coalition states. The Commissioner shall approve for sale in Georgia comprehensive major medical individual and group policies that have been approved for issuance under the alternative policy approval process in the coalition states where the insurer is authorized to engage in the business of insurance so long as the insurer is also authorized to engage in the business of insurance in Georgia and provided that any such policy meets the requirements established by the Commissioner.

33-29A-52.

(a) The Commissioner shall adopt rules and regulations necessary to implement this article.

(b) Any dispute resolution mechanism or provision for notice and hearing in this title shall apply to insurers issuing and delivering plans pursuant to this article."

SECTION 3.

Said title is further amended by adding a new chapter to read as follows:

Senator Ligon, Jr. of the 3rd requested a ruling of the Chair as to the germaneness of the amendment.

The President ruled the Hill of the 32nd, et al. amendment #1 germane.

On the adoption of the amendment, the President asked unanimous consent.

(b) The offering of such rewards or incentives to insureds ~~under such wellness or health improvement programs~~ shall not be considered an unfair trade practice under Code Section 33-6-4 if such programs are filed with the Commissioner and made a part of the health insurance master policy and certificates or the individual health insurance evidence of coverage as a policy amendment, endorsement, rider, or other form of policy material as agreed upon by the Commissioner. (b) Health reimbursement arrangement only plans ~~that are not sold in connection with or packaged with individual health insurance policies~~ shall not be considered insurance under this title.

(c) Individual insurance policies offered or funded through health reimbursement arrangements shall not be considered employer sponsored or group coverage for purposes of this title, and nothing in this Code section shall be interpreted to require an insurer to offer an individual health insurance policy for sale in connection with or packaged with a health reimbursement arrangement or to accept premiums from health reimbursement arrangement plans for individual health insurance policies.

(d) Employer actions to accommodate the collection, packaging, or submission of funds from health reimbursement only arrangements, sometimes referred to as list billing, for the purchase of individual policies shall not constitute the establishment of a group plan."

Senate Sponsor: Senator Bethel of the 54th.

The Senate Judiciary Committee offered the following substitute to HB 1198:

A BILL TO BE ENTITLED
AN ACT

To amend Article 1 of Chapter 7 of Title 19 of the Official Code of Georgia Annotated, relating to general provisions for parent and child relationships generally, so as to modify provisions relating to grandparent visitation rights; to provide for an opportunity to seek grandparent visitation in cases where the parent is deceased, incapacitated, or incarcerated or otherwise unable to exercise his or her discretion regarding a decision to permit grandparent visitation; to provide for related matters; to provide for an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 1 of Chapter 7 of Title 19 of the Official Code of Georgia Annotated, relating to general provisions for parent and child relationships generally, is amended by revising Code Section 19-7-3, relating to "grandparent" defined, original actions for visitation rights or intervention, revocation or amendment of visitation rights, appointment of guardian ad litem, mediation, and hearing, as follows:

"19-7-3.

(a) As used in this Code section, the term 'grandparent' means the parent of a parent of a minor child, the parent of a minor child's parent who has died, and the parent of a minor child's parent whose parental rights have been terminated.

(b)(1) Except as otherwise provided in paragraph (2) of this subsection, any grandparent shall have the right to file an original action for visitation rights to a minor child or to intervene in and seek to obtain visitation rights in any action in which any court in this state shall have before it any question concerning the custody of a minor child, a divorce of the parents or a parent of such minor child, a termination of the parental rights of either parent of such minor child, or visitation rights concerning such minor child or whenever there has been an adoption in which the adopted child has been adopted by the child's blood relative or by a stepparent, notwithstanding the provisions of Code Section 19-8-19.

(2) This subsection shall not authorize an original action where the parents of the minor child are not separated and the child is living with both ~~of the~~ parents.

(c)(1) Upon the filing of an original action or upon intervention in an existing proceeding under subsection (b) of this Code section, the court may grant any

grandparent of the child reasonable visitation rights if the court finds the health or welfare of the child would be harmed unless such visitation is granted, and if the best interests of the child would be served by such visitation. In considering whether the health or welfare of the child would be harmed without such visitation, the court shall consider and may find that harm to the child is reasonably likely to result where, prior to the original action or intervention:

- (A) The minor child resided with the grandparent for six months or more;
- (B) The grandparent provided financial support for the basic needs of the child for at least one year;
- (C) There was an established pattern of regular visitation or child care by the grandparent with the child; or
- (D) Any other circumstance exists indicating that emotional or physical harm would be reasonably likely to result if such visitation is not granted.

The court shall make specific written findings of fact in support of its rulings. ~~There shall be no presumption in favor of visitation by any grandparent.~~

(2) An original action requesting visitation rights shall not be filed by any grandparent more than once during any two-year period and shall not be filed during any year in which another custody action has been filed concerning the child. After visitation rights have been granted to any grandparent, the legal custodian, guardian of the person, or parent of the child may petition the court for revocation or amendment of such visitation rights, for good cause shown, which the court, in its discretion, may grant or deny; but such a petition shall not be filed more than once in any two-year period.

(3) While a parent's decision regarding grandparent visitation shall be given deference by the court, the parent's decision shall not be conclusive when failure to provide grandparent contact would result in emotional harm to the child. A court may presume that a child who is denied any contact with his or her grandparent or who is not provided some minimal opportunity for contact with his or her grandparent may suffer emotional injury that is harmful to such child's health. Such presumption shall be a rebuttable presumption.

(4) In no case shall the granting of visitation rights to a grandparent interfere with a child's school or regularly scheduled extracurricular activities. Visitation time awarded to a grandparent shall not be less than 24 hours in any one-month period.

(d) Notwithstanding the provisions of subsections (b) and (c) of this Code section, if one of the parents of a minor child dies, is incapacitated, or is incarcerated, the court may award the parent of the deceased, incapacitated, or incarcerated parent of such minor child reasonable visitation to such child during his or her minority if the court in its discretion finds that such visitation would be in the best interests of the child. The custodial parent's judgment as to the best interests of the child regarding visitation shall be given deference by the court but shall not be conclusive.

~~(d)~~(e) If the court finds that the grandparent or grandparents can bear the cost without unreasonable financial hardship, the court, at the sole expense of the petitioning grandparent or grandparents, may:

- (1) Appoint a guardian ad litem for the minor child; and
 - (2) Assign the issue of visitation rights of a grandparent for mediation.
- ~~(e)~~(f) In the event that the court does not order mediation or upon failure of the parties to reach an agreement through mediation, the court shall fix a time for the hearing of the issue of visitation rights of the grandparent or grandparents.
- (g) Whether or not visitation is awarded to a grandparent, the court may direct a custodial parent, by court order, to notify such grandparent of every performance of the minor child to which the public is admitted, including, but not limited to, musical concerts, graduations, recitals, and sporting events or games."

SECTION 2.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 3.

All laws and parts of laws in conflict with this Act are repealed.

On the adoption of the substitute, there were no objections, and the committee substitute was adopted.

The report of the committee, which was favorable to the passage of the bill by substitute, was agreed to.

Honorable Mickey Channell, Chairman
House Ways and Means Committee

SUBJECT: Fiscal Note
House Bill 743 (LC 34 3220)

Dear Chairman Channell:

The Carl Vinson Institute of Government at the University of Georgia provided the following narrative on the revenue impact of this bill:

This legislation extends through June 30, 2015 the current exemption from the motor fuel tax imposed on sales of motor fuel for public mass transit vehicles which are

owned by certain public transportation systems and for vehicles operated by certain public campus transportation systems. Under current law, the exemption expires on June 30, 2012.

The estimate of the annual revenue impact of the exemption from the Georgia Motor Use Fuel Tax (MUFT) as described in the legislation was derived by using as a starting point 2010 calendar year fuel consumption data for directly operated revenue vehicles as reported to the Federal Transit Administration by the transit systems affected by the legislation. Data for 2010 were the latest available. Fuel consumption for purchased transit by these systems was excluded since the exemption applies only to fuel for use in owned vehicles. The MUFT rates were obtained from the Georgia Department of Revenue. Under current law, an excise tax of 7½ cents per gallon and prepaid state sales tax rates for diesel, gasoline and compressed natural gas are applied to the retail sales of fuel for use on public roads. The prepaid state sales tax rates shown below by fuel type are the applicable rates beginning January 2012 obtained from the Georgia Department of Revenue. The 2010 fuel use shown below by fuel type was obtained from the National Transit Database administered by the Federal Transit Administration.

2010 Reported Fuel Use	Diesel	Gasoline	CNG	TOTAL
Total gallons by fuel type	5,490,035	464,081	6,661,000	12,615,116
Prepaid sales tax rate per gallon	0.143	0.121	0.120	
Prepaid sales tax	\$785,075	\$56,154	\$799,320	\$1,640,549
Excise tax (\$0.075 per gallon)	\$411,753	\$34,806	\$499,575	\$946,134
Data Sources: Georgia Department of Revenue; National Transit Database, Federal Transit Administration				

The total estimated revenue impact for the three-year period beginning FY2012 through FY2015 is shown below. The estimate assumes a 6.0% increase in FY2013 over the level of transit operations shown above for 2010 and a 6.0% increase in both FY2014 and FY2015 from a combination of greater consumption and increased per gallon costs.

The estimate also assumes that the retail cost of fuel will remain stable or that the prepaid state sales tax rate will be maintained at the current level in the event that energy costs rise sharply. Fuel price increases greater than 25% during any six-month period can trigger automatic increases in the prepaid state sales tax rates. The U.S. Energy Information Administration (EIA) does not anticipate increases in fuel costs greater than 25% during any six-month period in FY2013 through FY2015. The EIA currently forecasts a small decrease in motor fuel costs in 2013 and modest increases in the 3 to 4 percent range for 2014 and 2015.

The following Table 1 shows the legislation's estimated state revenue impact for the three-year period beginning FY2013 through FY2015:

Each sheriff shall execute the execution as in cases of writs of execution from the superior courts. Whenever any writ of execution has been issued by the commissioner, the taxpayer, in order to obtain a determination of whether the tax is legally due, may tender to the levying officer ~~his~~ such taxpayer's affidavit of illegality to the execution and, upon ~~his~~ such taxpayer's payment of the tax if required as a condition precedent by the law levying the tax or upon ~~his~~ such taxpayer's giving a good and solvent bond in such an amount to cover the total of any adverse judgment plus costs ~~where~~ when the law does not require the payment of the tax as a condition precedent, the levying officer shall return the affidavit of illegality, except as otherwise provided by law, to the superior court of the county of the taxpayer's residence. The affidavit of illegality shall be summarily heard and determined by the court. Whenever

any writ of execution has been issued by the commissioner for the collection of any tax, or any penalty, interest, or collection costs imposed with respect to any tax, the taxpayer may file a petition in the Georgia Tax Tribunal in accordance with Chapter 13A of Title 50 to obtain a determination of whether any such amounts are legally due."

SECTION 8.

Said title is further amended by revising subsection (b) of Code Section 48-6-7, relating to refunds of real estate transfer taxes, as follows:

"(b)(1) A taxpayer whose claim for a refund is denied by the commissioner or ~~his~~ the commissioner's delegate or with respect to whose claim no decision is rendered by the commissioner or ~~his~~ the commissioner's delegate within one year from the date of filing the claim shall have the right to bring an action for a refund in the superior court of the county where the disputed tax was originally collected or in the Georgia Tax Tribunal in accordance with Chapter 13A of Title 50. The taxpayer shall bring the action for refund against the clerk of superior court of the county which collected the disputed tax. The commissioner in ~~his~~ the commissioner's official capacity shall be made a party defendant to the action in order that the interests of the state may be represented in the action. The Attorney General shall represent both defendants in the action. If it is determined in the action that an amount claimed by the taxpayer was erroneously or illegally collected, the taxpayer shall be entitled to judgment against the defendant clerk of the superior court in ~~his~~ the clerk's official capacity for the amount erroneously or illegally collected, without interest to the date of judgment.

(2) No action for refund shall be brought after the expiration of 60 days from the date of denial of the taxpayer's claim for refund by the commissioner.

(3) For the purposes of this Code section, a failure by the commissioner to grant or deny the taxpayer's claim for refund within the one-year period shall constitute a constructive denial of the claim."

SECTION 9.

Said title is further amended by revising paragraph (1) of subsection (e) of Code Section 48-6-76, relating to refunds of intangible recording taxes, as follows:

"(e)(1) Any taxpayer whose claim for refund is denied entirely or in part by the commissioner or with respect to whose claim no decision is rendered by the commissioner within 30 days from the date of filing the claim shall have the right to bring an action for refund of the amount so claimed and not approved against the collecting officer or said officer's successor who collected the amount, in said officer's official capacity, in the superior court of the county whose official collected the amount or in the Georgia Tax Tribunal in accordance with Chapter 13A of Title 50."

SECTION 10.

Said title is further amended by revising subparagraph (d)(2)(C) of Code Section 48-7-31, relating to allocation and apportionment of corporate income, as follows:

"(C) If the allocation and apportionment provisions provided for in this paragraph do not fairly represent the extent of the taxpayer's business activity in this state, the taxpayer may petition the commissioner for, or the commissioner may by regulation require, with respect to all or any part of the taxpayer's business activity, if reasonable:

- (i) Separate accounting;
- (ii) The exclusion of any one or more of the factors;
- (iii) The inclusion of one or more additional factors that will fairly represent the taxpayer's business activity within this state; or
- (iv) The employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer's income.

The denial of a petition under this subparagraph shall be appealable pursuant to ~~either Code Section 48-2-59 or 50-13-12.~~ Such an appeal shall be filed within 30 days of the date of the commissioner's notice of denial."

SECTION 11.

Said title is further amended by revising subsection (b) of Code Section 48-7-165, relating to hearing procedure and adjustments of incorrect debts, as follows:

"(b) The hearing established by subsection (a) of this Code section shall be in lieu of a hearing before the department ~~pursuant to Code Section 50-13-12; and the department shall not grant a hearing~~ to determine the validity of the debt or the propriety of the setoff."

SECTION 12.

Title 50 of the Official Code of Georgia Annotated, relating to state government, is amended by repealing Code Section 50-13-12, relating to Department of Revenue hearings for aggrieved taxpayers and election of remedies, and designating said Code section as reserved.

SECTION 13.

Said title is further amended by revising subsection (c) of Code Section 50-13-13, relating to hearings in contested cases, as follows:

"(c) ~~Except in cases in which a hearing has been demanded under Code Section 50-13-12, subsection~~ Subsection (a) of this Code section and the other provisions of this chapter concerning contested cases shall not apply to any case arising in the administration of the revenue laws, which case is subject to a subsequent de novo trial of the law and the facts in the superior court or in the Georgia Tax Tribunal in accordance with Chapter 13A of this title."

SECTION 14.

Said title is further amended by adding a new subsection to Code Section 50-13-42, relating to applicability, to read as follows:

"(c) This article shall not apply with respect to any matter as to which an aggrieved party is permitted to file a petition with the Georgia Tax Tribunal in accordance with Chapter 13A of this title."

SECTION 15.

Said title is further amended by adding a new chapter to read as follows:

"CHAPTER 13A50-13A-1.

This chapter shall be known and may be cited as the 'Georgia Tax Tribunal Act of 2012.'

50-13A-2.

The General Assembly finds that there is a need for an independent specialized agency separate and apart from the Department of Revenue to resolve disputes between the department and taxpayers in an efficient and cost-effective manner. Such an agency would:

- (1) Improve the utilization of judicial resources by resolving tax cases in a more streamlined and efficient manner;
- (2) Increase the uniformity of decision making in tax cases;
- (3) Improve the equal access of all parties to court process; and
- (4) Increase public confidence in the fairness of the state tax system.

50-13A-3.

Except where the context may otherwise clearly require, all terms used in this chapter shall have the meaning given such term by Code Section 48-1-2. As used in this chapter, the term 'tribunal' means the Georgia Tax Tribunal established by Code Section 50-13A-4 which shall be an independent and autonomous division within the Office of State Administrative Hearings operating under the sole direction of the chief tribunal judge.

50-13A-4.

(a) There is created within the executive branch of government the Georgia Tax Tribunal. The tribunal shall be assigned for administrative purposes only, as provided in Code Section 50-4-3, to the Department of Administrative Services and shall be funded through appropriations by the General Assembly to the Department of Administrative Services.

(b) The tribunal shall have a seal engraved with the words 'Georgia Tax Tribunal.' The tribunal shall authenticate all of its orders, records, and proceedings with the seal, and the courts of this state shall take judicial notice of the seal.

50-13A-5.

(a) The tribunal shall consist of at least one full-time administrative law judge. If the tribunal has more than one judge, each shall exercise the powers of the tribunal in all matters, causes, or proceedings assigned to him or her.

(b) Initial tribunal judges shall be appointed by the Governor. If, initially, the tribunal has only one judge, that individual shall be appointed for a term of four years and shall be the chief tribunal judge; provided, however, that if, initially, the tribunal has more than one judge, then one judge shall be appointed for an initial term of four years and one judge shall be appointed as chief tribunal judge for an initial term of six years to ensure that the judges' initial terms do not expire in the same year. Once appointed, each initial tribunal judge shall continue in office until his or her term expires and a successor has been appointed and confirmed. Initial tribunal judges may be reappointed for successive terms, provided that each successive term shall be for four years.

(c) After initial appointments are made pursuant to subsection (b) of this Code section, all appointments and reappointments of the chief tribunal judge and other tribunal judges shall be made by the Governor, with the consent of the Senate, for terms of four years. Once appointed and confirmed, each such tribunal judge shall continue in office until his or her term expires and a successor has been appointed and confirmed. A tribunal judge may be reappointed for successive terms.

(d) Each tribunal judge shall receive an annual salary no less than that of the chief administrative law judge of the Office of State Administrative Hearings; provided, however, that the tribunal judge's total salary shall not be reduced during such judge's term of appointment.

(e) A vacancy in the tribunal occurring other than by expiration of term shall be filled for the unexpired term in the same manner as an original appointment.

(f) The executive of the tribunal shall be the chief tribunal judge who shall have sole charge of the administration of the tribunal, including, but not limited to, the preparation of a budget and matters involving employment and expenditures as set forth in Code Section 50-13A-8, and shall apportion among the judges all causes, matters, and proceedings coming before the tribunal.

(g) With the consent of the Senate, the Governor may remove a tribunal judge, after notice and an opportunity to be heard, for neglect of duty, inability to perform duties,

malfeasance in office, or other good cause.

(h) Whenever the tribunal trial docket or business becomes congested or any tribunal judge is absent, is disqualified, or for any other reason is unable to perform his or her duties as tribunal judge, and it appears to the Governor that the services of an additional tribunal judge or judges should be provided, the Governor may, without obtaining the approval of the Senate, appoint a judge, or judges, pro tempore of the tribunal. Any person appointed judge pro tempore of the tribunal shall have the qualifications set forth in subsections (a) and (b) of Code Section 50-13A-6 and shall serve for a period not to exceed 12 months.

(i) A tribunal judge may disqualify himself or herself on his or her own motion in any matter and may be disqualified for any cause listed in Code Section 15-1-8.

50-13A-6.

(a) Each judge of the tribunal shall be a citizen of the United States and, during the period of service, a resident of this state. No person shall be appointed as a tribunal judge unless at the time of appointment the individual is an attorney licensed to practice in this state and has practiced primarily in the area of tax law for at least eight years.

(b) Before entering upon the duties of office, each tribunal judge shall take and subscribe to an oath or affirmation that he or she shall faithfully discharge the duties of the office, and such oath shall be filed in the office of the Secretary of State.

(c) Each tribunal judge shall devote his or her full time during business hours to the duties of the tribunal. A tribunal judge shall not engage in any other gainful employment or business that interferes with or is inconsistent with his or her duties as a judge and shall not hold another office or position of profit in a government of this state, any other state, or the United States.

(d) If a tribunal judge does not have a full docket of tax cases, the chief tribunal judge may, acting in his or her sole discretion, petition the chief administrative law judge of the Office of State Administrative Hearings to allow such tribunal judge to hear and resolve nontax cases pending before the Office of State Administrative Hearings. The chief tribunal judge, the chief administrative law judge of the Office of State Administrative Hearings, and the tribunal judge in question shall mutually agree upon the number and types of such cases, taking into account the particular judge's background and qualifications.

50-13A-7.

(a) The tribunal's principal location shall be located in Fulton County, Georgia, and in a building that is separate and apart from any building in which the commissioner has an office.

(b) The tribunal may, but shall not be required to, conduct hearings at its principal location in Fulton County. The tribunal may also hold hearings at any place within this state, with a view toward securing to taxpayers a reasonable opportunity to appear before the tribunal with as little inconvenience and expense as practicable. When the tribunal holds hearings outside of its principal location, it shall do so in a place that is physically separate from facilities regularly occupied by the commissioner.

50-13A-8.

(a) The chief tribunal judge shall appoint a clerk of the tribunal, a court reporter, and such other employees, including staff attorneys and clerical assistants, and make such other expenditures, including expenditures for library, publications, and equipment, as are reasonably necessary to permit the tribunal to execute its functions efficiently; provided, however, that the chief tribunal judge shall endeavor to utilize staff employed by the Office of State Administrative Hearings and shall consult with the chief state administrative law judge so as to best utilize staff positions to best serve both the tribunal and the Office of State Administrative Hearings.

(b) A tribunal court reporter shall be subject to the provisions of Code Sections 15-14-20 through 15-14-36 as if appointed by a judge of a superior court, except when such provisions are in conflict with this chapter.

(c) No employee of the tribunal shall act as attorney, representative, or accountant for others in a matter involving any tax imposed or levied by this state or county or municipality of this state.

(d) In addition to contracting the services of the tribunal court reporter, the chief tribunal judge may contract the reporting of tribunal proceedings and, in the contract, fix the terms and conditions under which transcripts shall be supplied by the contractor to the tribunal and to other persons and agencies.

50-13A-9.

(a) On and after January 1, 2013, any person may petition the tribunal for relief as set forth in Code Sections 48-2-18, 48-2-35, 48-2-59, 48-3-1, 48-5-519, 48-6-7, and 48-6-76 and subparagraph (d)(2)(C) of Code Section 48-7-31. The tribunal shall have jurisdiction over actions for declaratory judgment that fall within subsection (a) of Code Section 50-13-10 and involve a rule of the commissioner that is applicable to taxes administered by the commissioner under Title 48.

(b) The tribunal shall have concurrent jurisdiction with the superior courts over those matters set forth in subsection (a) of this Code section.

(c) The tribunal shall not have jurisdiction to hear any matter arising under Title 3 or Title 40.

(d) No person shall be required as a condition either to initiating or maintaining an action before the tribunal to provide a surety bond or other security for any amounts that may be in dispute in such action. Nothing contained in this chapter shall be construed to prohibit the commissioner from requiring a bond under those circumstances set forth in Code Section 48-2-51.

50-13A-10.

(a) Actions may be commenced before the tribunal on and after January 1, 2013. Actions before the tribunal shall be commenced by filing a petition with the tribunal, naming the commissioner as respondent in his or her official capacity, within the time periods prescribed by Code Section 48-2-18, 48-2-35, 48-2-59, 48-6-7, or 48-6-76 or subparagraph (d)(2)(C) of Code Section 48-7-31, as the case may be, or as otherwise

provided by law. The petitioner shall serve a copy of the petition on the commissioner and the Attorney General and attach a certificate of service to the petition filed with the tribunal. In the case of a refund action pursuant to Code Section 48-6-7 or 48-6-76, the petition also shall be served on the clerk of the superior court or collecting officer who is made a party to the action. Service shall be accomplished by certified mail or statutory overnight delivery. The petition shall include a summary statement of facts and law upon which the petitioner relies in seeking the requested relief.

(b) The commissioner and any other respondents shall file a response to petitioner's statement of facts and law which constitutes his or her answer with the tribunal no later than 30 days after the service of the petition. The commissioner and any other respondents shall serve a copy of their response on the petitioner's representative or, if the petitioner is not represented, on the petitioner, and shall file a certificate of such service with the response. If in any case a response has not been filed within the time required by this subsection, the case shall automatically become in default unless the time for filing the response has been extended by agreement of the parties, for a period not to exceed 30 days, or by the judge of the tribunal. The default may be opened as a matter of right by the filing of a response within 15 days of the day of default and payment of costs. At any time before final judgment, the judge of the tribunal, in his or her discretion, may allow the default to be opened for providential cause that prevented the filing of the response or for excusable neglect or when the tribunal judge, from all the facts, determines that a proper case has been made for the default to be opened on terms to be fixed by the tribunal judge.

(c) Pleadings and proceedings before the tribunal shall be subject to the amendment and supplementation provisions of Code Section 9-11-15.

(d) Code Section 50-13A-18 shall apply to service of pleadings and documents.

(e) As soon as reasonably practicable, the tribunal judge shall schedule a prehearing conference to address discovery, scheduling, and other matters.

(f) The tribunal judge may remand a matter in dispute to the commissioner for further consideration upon motion by all parties to the proceeding, for good cause shown on the motion of any party, or sua sponte when the tribunal judge reasonably determines that circumstances warrant. Any such remand shall not divest the tribunal of jurisdiction, and the tribunal judge's order shall provide that any party, upon appropriate advance notice to all other parties, shall be entitled to have such matter returned to the tribunal for resolution.

(g) Contested cases pending before the Office of State Administrative Hearings on and before December 31, 2012, and cases when the taxpayer made a written demand for a hearing pursuant to Code Section 50-13-12 before January 1, 2013, shall not be transferred to the tribunal. If, on and after January 1, 2013, a written petition for relief or a demand for hearing is filed with the commissioner or by the affected party directly with the Office of State Administrative Hearings in a matter falling within the tribunal's jurisdiction under subsection (a) of Code Section 50-13A-9, such matter shall be transferred to the tribunal, and the remaining provisions of this chapter shall be applicable.

50-13A-11.

(a) Except as provided for in Code Section 48-2-51, involving jeopardy assessments, the filing of a petition with the tribunal shall operate as a stay of any enforcement or collection action by the commissioner with respect to any tax, penalty, interest, or any collection costs that are disputed in the petition until the tribunal decision is finalized, including appeals to the superior court pursuant to Code Section 50-13A-17 or to any appellate court.

(b) Upon petition by the commissioner, and for good cause shown, the tribunal judge may lift the stay provided for in subsection (a) of this Code section.

50-13A-12.

(a) Upon filing a petition, the petitioner shall pay to the clerk of the tribunal a fee as determined by the rules established by the tribunal.

(b) A similar fee shall be paid by other parties making an appearance in the proceeding, except that no fee shall be charged to a government body or government official appearing in a representative capacity.

(c) The chief tribunal judge may fix a fee, not in excess of the fees charged and collected by the clerks of the superior courts of this state, for compiling, or for preparing and compiling, a transcript of the record, or for copying any record, entry, or other paper and the compilation and certification thereof.

50-13A-13.

(a) The provisions of Chapter 11 of Title 9, the 'Georgia Civil Practice Act,' governing discovery and depositions shall apply to proceedings before the tribunal; provided, however, that the parties to a proceeding shall make every effort to conduct discovery by informal consultation or communication. Upon motion of a party, the frequency or extent of formal discovery methods may be limited by the tribunal if it determines that the discovery is unduly burdensome or expensive when taking into account the amount in controversy, limitations on the parties' resources, and the importance of the issues at stake in the litigation.

(b) The chief tribunal judge shall, by rules and regulations or by order in a particular proceeding, prescribe the period during which any discovery shall be commenced and completed. After the period for completing discovery has expired, or earlier as the parties may agree, the parties to a proceeding shall stipulate all relevant and nonprivileged matters to the fullest extent to which complete or qualified agreement can be reached or fairly should be reached. Neither the existence nor the use of the discovery mechanisms authorized by this Code section shall excuse failure to comply with this provision.

(c)(1) A party shall disclose to other parties at a reasonable time prior to the hearing the identity of any person who may be called at trial to present expert testimony.

(2) Except as otherwise stipulated or directed by the tribunal judge, expert witness disclosure shall, with respect to a witness who is retained or specially employed to provide expert testimony in the case or whose duties as an employee of the party

regularly involve giving expert testimony, be accompanied by a written report prepared and signed by the witness if one has been prepared or will be offered at the hearing.

(d) A judge or the clerk of the tribunal, on the request of any party to the proceeding, shall issue subpoenas requiring the attendance of witnesses and giving of testimony and subpoenas requiring the production of evidence or things.

(e) Any employee of the tribunal designated in writing for such purpose by a tribunal judge, or by the chief tribunal judge if more than one judge has been appointed, may administer oaths.

(f) Any witness who is subpoenaed or whose deposition is taken shall receive the same fees and mileage as a witness in a superior court of this state.

(g) In proceedings before the tribunal, if any party or an agent or employee of a party disobeys or resists any lawful order of process; neglects to produce, after having been ordered to do so, any pertinent book, paper, or document; refuses to appear after having been subpoenaed; upon appearing, refuses to take the oath or affirmation as a witness; or, after taking the oath or affirmation, refuses to testify, the tribunal judge shall have the same rights and powers given any other court under Chapter 11 of Title 9, the 'Georgia Civil Practice Act.' If any person or party refuses as specified in this subsection, the tribunal judge may certify the facts to the superior court of the county where the offense is committed for appropriate action, including a finding of contempt.

50-13A-14.

(a) Trials in proceedings before the tribunal shall be de novo and without a jury. Hearings shall be open to the public, but on motion of any party, if such party shows good cause to protect certain information from being disclosed to the public, the tribunal judge may issue a protective order or an order closing part or all of a hearing to the public.

(b) The tribunal shall take evidence, and the tribunal judges shall conduct hearings and issue final judgments and interlocutory orders.

(c) The tribunal judges shall apply the rules of evidence as applied in the trial of civil nonjury cases in the superior courts; provided, however, that for hearings conducted in the small claims division, the tribunal judge may, when necessary to ascertain facts not reasonably susceptible of proof under such rules, consider evidence not otherwise admissible thereunder if it is of a type commonly relied upon by reasonably prudent persons in the conduct of their affairs.

(d) Testimony before a tribunal judge shall be given only on oath or affirmation.

(e) The petition and other pleadings in the proceeding shall be deemed to conform to the proof presented at the hearing, unless a party satisfies the tribunal judge that presentation of the evidence would unfairly prejudice the party in maintaining its position on the merits or unless deeming the taxpayer's petition to conform to the proof would confer jurisdiction on the tribunal over a matter that would not otherwise come within the tribunal's jurisdiction.

(f) Except for hearings conducted in the small claims division of the tribunal as

provided in Code Section 50-13A-16, all hearings before the tribunal shall be recorded by means acceptable for use in courts of this state.

50-13A-15.

(a) Except with regard to proceedings in the small claims division of the tribunal pursuant to Code Section 50-13A-16, the tribunal judge shall render all final judgments and interlocutory orders in writing, as appropriate, including therein a concise statement of the facts found and the conclusions of law reached. The tribunal judge's final judgment or interlocutory order shall, subject to law, grant such relief, invoke such remedies, and issue such orders as the tribunal judge deems appropriate to carry out its final judgment or interlocutory order.

(b) The chief tribunal judge shall adopt rules and regulations to address confidentiality of taxpayer information and proceedings before the tribunal.

(c) The tribunal judges shall adhere to the principle of stare decisis. The tribunal judge's interpretation of a tax statute subject to contest in one case shall be followed by the tribunal in subsequent cases involving the same statute, and its application of a statute to the facts of one case shall be followed by tribunal judges in subsequent cases involving similar facts, unless the tribunal judge's interpretation or application conflicts with that of an appellate court or the tribunal judge provides satisfactory reasons for departing from prior precedent.

(d) Except as to a final judgment of the small claims division, all other final judgments of the tribunal shall be indexed and published in such print or electronic form as the chief tribunal judge deems best adapted for public convenience. Such publications shall be made permanently available and constitute the official reports of the tribunal.

50-13A-16.

(a) There is hereby established a small claims division of the tribunal.

(b) Judges of the tribunal shall sit as the judges of the small claims division.

(c) Within 90 days of filing a petition pursuant to the Code Section 50-13A-9, a taxpayer may elect to have the small claims division have jurisdiction over any proceeding with respect to which the amount of tax and penalties in controversy, exclusive of interest, is less than a threshold amount determined by the rules of the tribunal. A taxpayer may not revoke such election to proceed in the small claims division after this 90 day period. For good cause, the tribunal judge may, on his or her own motion or on the motion of a party to the case, remove a case from the small claims division.

(d) In proceedings before the small claims division of the tribunal, accountants and other tax return preparers designated by the taxpayer shall be permitted to accompany and appear with the taxpayer in order to provide factual information regarding positions taken on tax returns of the taxpayer. An accountant or tax return preparer accompanying and appearing with a taxpayer for this purpose shall not be deemed to be acting as an advocate of the taxpayer or representing the taxpayer before the tribunal.

(e) At any time prior to entry of judgment, a taxpayer may dismiss a proceeding in the small claims division by notifying the clerk of the tribunal in writing. Such dismissal

shall be without prejudice.

(f) Hearings in the small claims division shall be conducted in a manner consistent with proceedings before magistrate courts, as specified in Article 3 of Chapter 10 of Title 15. The tribunal judge may receive such evidence as the judge deems appropriate for determination of the case. Testimony shall be given under oath or affirmation.

(g) A judgment of the small claims division shall be conclusive upon all parties and may not be appealed. A judgment of the small claims division shall not be considered or cited as precedent in any other case, hearing, or proceeding.

50-13A-17.

(a) As used in this Code section, the term 'reviewing court' means the Superior Court of Fulton County.

(b) Any party may appeal a final judgment of the tribunal, except for judgments of the small claims division, to the reviewing court. Proceedings for judicial review shall be instituted by filing a petition with the reviewing court within 30 days after the service of the tribunal's final judgment or, if a rehearing is requested, within 30 days after the decision thereon. Copies of the petition for judicial review shall be served upon the tribunal and all parties of record. The petition shall state the nature of the petitioner's interest, the fact showing that the petitioner is aggrieved by the judgment, and the grounds as specified in subsection (g) of this Code section upon which the petitioner contends that the judgment should be reversed or modified. The petition for judicial review may be amended by leave of the reviewing court.

(c) Notwithstanding any provisions of law or tribunal rule with respect to motions for rehearing or reconsideration after a final tribunal judgment or interlocutory order, the filing of such a motion shall not be a prerequisite to the filing of any action for judicial review or relief; provided, however, that no objection to any order or judgment of the tribunal shall be considered by the reviewing court upon petition for review unless such objection has been heard by the tribunal.

(d) Within 30 days after the service of the petition for judicial review or within further time allowed by the reviewing court, the tribunal shall transmit to the reviewing court the original or a certified copy of the entire record of the proceeding under review. By stipulation of all parties to the review proceedings, the record may be shortened. A party unreasonably refusing to stipulate to limit the record may be taxed by the reviewing court for the additional costs. The reviewing court may require or permit subsequent corrections or additions to the record.

(e) If, before the date set for hearing in the reviewing court, application is made to the reviewing court for leave to present additional evidence and it is shown to the satisfaction of the reviewing court that the additional evidence is material and there were good reasons for failure to present it in the proceedings before the tribunal, the reviewing court may order that the additional evidence be taken before the tribunal upon conditions determined by the reviewing court. A tribunal judge may modify his or her findings and judgment by reason of the additional evidence and shall file that evidence and any modifications, new findings, or judgments with the reviewing court.

(f) The hearing or a petition for judicial review shall be conducted by the reviewing court without a jury and shall be confined to the record. In cases of alleged irregularities in procedure before the tribunal not shown in the record, proof thereon may be taken in the reviewing court. The reviewing court, upon request, shall hear oral argument and receive written briefs. The reviewing court shall affirm, reverse, or modify the tribunal's judgment or remand the case for further proceedings within 90 days of the filing of the last such written brief.

(g) The reviewing court shall not substitute its judgment for that of the tribunal's as to the weight of the evidence on questions of fact. The reviewing court may affirm the tribunal's judgment or remand the case for further proceedings. The reviewing court may reverse or modify the judgment if substantial rights of the petitioner have been prejudiced because the tribunal judge's findings, inferences, conclusions, or judgments are:

(1) In violation of constitutional or statutory provisions;

(2) In excess of the statutory authority of the tribunal;

(3) Made upon unlawful procedure;

(4) Affected by other error of law;

(5) Clearly erroneous in view of the reliable, probative, and substantial evidence on the whole record; or

(6) Arbitrary or capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion.

(h) An aggrieved party may seek a review of any final judgment of the reviewing court by the Court of Appeals or the Supreme Court, as provided by law.

50-13A-18.

(a) An initial petition shall be served by certified mail or statutory overnight delivery and any other pleading, motion, response, statement, or document permitted or required to be served shall be served by first-class mail or hand delivery.

(b) Any pleading, motion, response, statement, or document required by law, rule, or regulation to be received by or filed with the tribunal pursuant to the requirements of this chapter shall be deemed to be received by or filed with the tribunal on the earlier of:

(1) The date such pleading, motion, response, statement, or document is actually received by the tribunal;

(2) The official postmark date such pleading, motion, response, statement, or document was mailed, properly addressed with postage prepaid, by registered or certified mail; or

(3) The date on which such pleading, motion, response, statement, or document was delivered to a commercial delivery company for statutory overnight delivery as provided in Code Section 9-10-12 as evidenced by the receipt provided by the commercial delivery company.

(c) Mailing or delivery to the address of the taxpayer given on the taxpayer's petition or to the address of the taxpayer's representative of record, if any, or to the usual place of

business of the commissioner, and, when applicable, of the clerk of superior court or collecting official who is made a party to the action shall constitute personal service on such party. The chief tribunal judge may by rule prescribe that notice by other means shall constitute personal service and may in a particular case order that notice be given to additional persons or order that notice be given by other means.

50-13A-19.

The tribunal shall adopt rules of practice and procedure and adopt all reasonable rules and forms as may be necessary or appropriate to carry out the intent and purposes of this chapter.

50-13A-20.

(a) For purposes of the language contained in the Code sections referenced in subsection (b) of this Code section, the term 'agency' shall include the tribunal.

(b) Only the following provisions of Article 1 of Chapter 13 of this title shall apply to the tribunal and its administration:

(1) Code Section 50-13-3, except for paragraph (4) of subsection (a);

(2) Code Section 50-13-4, except for paragraphs (3) and (4) of subsection (a) and subsections (b), (g), (h), and (i);

(3) Code Section 50-13-6, except for paragraph (2) of subsection (c);

(4) Code Section 50-13-7;

(6) Code Section 50-13-10."

(b) Sections 1 through 14 of this Act shall become effective on January 1, 2013, provided that cases pending on January 1, 2013, shall continue to be governed by the law in effect on December 31, 2012, until the conclusion of the case.

SUBJECT: Fiscal Note
House Bill 318 (LC 18 9770)

Dear Chairman Channell:

The Georgia State University Fiscal Research Center provided the following narrative on the revenue impact of this bill:

This legislation extends the sales tax exemption for prepared food which is donated to a qualified nonprofit agency and which is used for hunger relief purposes. Qualified nonprofit agencies are defined to be entities registered under IRC Section 501(c)(3) and provide hunger relief. Local sales taxes are not exempted. The estimated revenue loss to the state is \$1.2 million, \$1.3 million, and \$1.3 million in fiscal years 2012, 2013 and 2014, respectively. The new law would be effective from July 1, 2011 to December 31, 2014.

A previous fiscal note was prepared for initial legislation that created this exemption. The previous fiscal note relied on the 2007 economic census data. But since the next economic census does not take place until 2012, the Consumer Expenditure Survey (CES) data are used instead for this analysis. However, the methodology of the previous note is followed.

In general, restaurants and grocery stores would buy food and food ingredients without paying sales tax and would collect sales tax at the point of retail sale. In contrast, individuals would generally have paid sales tax on the purchase of food that is prepared and subsequently donated; donations by individuals would not be subject to sales tax. Prior to the current exemption, it was likely that those establishments that did donate food were unaware of the requirement that they remit such tax and thus were not in compliance with the law. Thus, it is possible that should the above exemption expire, sales tax revenue from donations covered by this legislation would be minimal.

Data on the amount of prepared food donated to some qualified nonprofit agencies such as Second Harvest exist but the number of agencies for which such data are available are too few to be helpful. To estimate the amount of revenue loss to the state this note follows the methodology of the 2007 estimate. It is assumed that food and beverage establishments and grocery stores donate one eighth of one percent of their annual food sales as prepared food to qualified agencies. To estimate current food sales of food and beverage establishments and grocery stores in Georgia, CES data is used to estimate food consumption. Total food expenditures for home consumption and meals away from home are used as a proxy for total retail sales.

In order to generate baseline estimates for food consumption, the 2009 estimate from the FRC Brief 223, Estimating the Revenue Loss From Food-for-Home Consumption by Sjoquist and Wheeler (2011) is used. This estimate is based on the CES from the Bureau of Labor Statistics; the procedures are described in the Brief. To extend the estimates to later years, standard CES assumptions are used about food consumption growth and population growth. Based on these assumptions, the adjusted sales tax base for food consumed at home in Georgia in calendar years 2012, 2013, and 2014 are \$14.5 billion, \$15.2 billion, and \$15.8 billion, respectively.

In 2009, the amount for food purchased away from home as reported in the CES was \$2,619 per consumer unit. This is used as a proxy for the amount of food sales at food and beverage establishments. This yields baseline calendar year estimates for food sales at food and beverage establishments in Georgia for 2012, 2013 and 2014 of \$9.8 billion, \$10.2 billion and \$10.7 billion.

If food and beverage establishments and grocery stores donate one eighth of one percent of their annual sales as prepared food to qualified agencies, this results in \$30.4 million, \$31.8 million and \$33.1 million in donations in calendar years 2012, 2013 and 2014, respectively. As growth in donations over the three years is relatively modest, the calendar year estimates are assumed to be equivalent to fiscal years. Thus, the revenue loss to the state is \$1.2 million, \$1.3 million, and \$1.3 million in fiscal years 2012, 2013 and 2014, respectively. This estimate is highly uncertain due to the lack of comprehensive data on donations of prepared food to qualified agencies.

Sincerely,

/s/ Russell W. Hinton

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 8 of Title 48 of the Official Code of Georgia Annotated, relating to sales and use taxes, so as to enact an alternative homestead option sales and use tax; to provide for a short title; to provide for definitions; to provide for creation of special districts; to provide for a referendum on levying the tax; to provide for collection and administration of the tax; to provide for a credit for similar taxes collected in other jurisdictions; to provide for a referendum on discontinuation of the tax; to provide an exemption for building and construction materials; to provide that the commissioner shall have the power to issue rules and regulations to administer this tax; to provide for related matters; to provide for an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 8 of Title 48 of the Official Code of Georgia Annotated, relating to sales and use taxes, is amended by adding a new Article 2B, relating to an alternative homestead option sales and use tax, to read as follows:

"ARTICLE 2B48-8-109.1.

This article shall be known and may be cited as the 'Alternative Homestead Option Sales and Use Tax Act.'

48-8-109.2.

As used in this article, the term:

(1) 'Ad valorem taxes for county purposes' means any and all ad valorem taxes for county maintenance and operation purposes levied by, for, or on behalf of the county, excluding taxes to retire general obligation bonded indebtedness of the county. In the case of any tax levied pursuant to this article, such term shall also include any special district ad valorem taxes.

(2) 'Homestead' shall have the same meaning as provided in Code Section 48-5-40, with the additional qualification that it shall include only the primary residence and not more than five contiguous acres of land immediately surrounding such residence.

48-8-109.3.

(a) Pursuant to the authority granted by Article IX, Section II, Paragraph VI of the Constitution of this state, there are created within this state 159 special districts. The geographical boundary of each county shall correspond with and shall be conterminous with the geographical boundary of one of the 159 special districts.

(b) When the imposition of a local sales and use tax is authorized according to the procedures provided in this article within a special district, the county whose geographical boundary is conterminous with that of the special district shall levy a local sales and use tax at the rate of 1 percent. Except as to rate, the local sales and use tax shall correspond to the tax imposed and administered by Article 1 of this chapter. No item or transaction which is not subject to taxation by Article 1 of this chapter shall be subject to the sales and use tax levied pursuant to this article, except that the sales and use tax provided in this article shall be applicable to sales of motor fuels as prepaid local tax as that term is defined in Code Section 48-8-2 and shall be applicable to the sale of food and food ingredients and alcoholic beverages only to the extent provided for in paragraph (57) of Code Section 48-8-3.

(c)(1) Except as otherwise provided in paragraph (2) of this subsection, the proceeds of the sales and use tax levied and collected under this article shall be used only for the purposes of funding services within a special district equal to the revenue lost to the homestead exemption as provided in Code Section 48-8-109.5 and of funding capital outlay projects and, in the event excess funds remain following the expenditure for such purposes, such excess funds shall be expended as provided in subparagraph (c)(2)(C) of Code Section 48-8-109.5.

(2) Prior to January 1 of the year immediately following the first complete calendar year in which the sales and use tax under this article is imposed, such proceeds may be used for funding all or any portion of those services which are to be provided by

the governing authority of the county whose geographic boundary is conterminous with that of a special district pursuant to and in accordance with Article IX, Section II, Paragraph III of the Constitution of this state.

(d) Such sales and use tax shall only be levied in a special district following the enactment of a local Act which provides for a homestead exemption of an amount to be determined from the amount of sales and use tax collected under this article. Such exemption shall commence with taxable years beginning on or after January 1 of the year immediately following the first complete calendar year in which the sales and use tax under this article is levied. Any such local Act shall incorporate by reference the terms and conditions specified under this article. Any such homestead exemption under this article shall be in addition to and not in lieu of any other homestead exemption applicable to county taxes for county purposes within the special district. Notwithstanding any provision of such local Act to the contrary, the referendum which shall otherwise be required to be conducted under such local Act shall only be conducted if the resolution required under subsection (a) of Code Section 48-8-109.4 is adopted prior to the issuance of the call for the referendum under the local Act by the election superintendent. If such ordinance is not adopted by that date, the referendum otherwise required to be conducted under the local Act shall not be conducted.

(e) No sales and use tax shall be levied in a special district under this article in which a tax is levied and collected under Article 2 of this chapter.

48-8-109.4.

(a) Whenever the governing authority of any county whose geographic boundary is conterminous with that of a special district wishes to submit to the electors of such special district the question of whether the sales and use tax authorized by Code Section 48-8-109.3 shall be imposed, any such governing authority shall notify the election superintendent of the county whose geographical boundary is conterminous with that of the special district by forwarding to the superintendent a copy of a resolution of the governing authority calling for a referendum election. Upon receipt of the resolution, it shall be the duty of the election superintendent to issue the call for an election for the purpose of submitting the question of the imposition of the sales and use tax to the voters of the special district for approval or rejection. The election superintendent shall issue the call and shall conduct the election on a date and in the manner authorized under Code Section 21-2-540. Such election shall only be conducted on the date of and in conjunction with a referendum provided for by local Act on the question of whether to impose a homestead exemption within such county based on the amount of proceeds from the sales and use tax levied and collected pursuant to this article and a homestead exemption within such county in an amount sufficient to offset future millage rate increases. The election superintendent shall cause the date and purpose of the election to be published once a week for two weeks immediately preceding the date of the election in the official organ of such county. The ballot shall have written or printed thereon the following statement which shall precede the ballot question specified in this subsection and the ballot question specified by the required local Act:

'NOTICE TO ELECTORS: Unless **BOTH** the homestead exemptions **AND** the retail homestead option sales and use tax are approved, then neither the exemptions nor the sales and use tax shall become effective.'

Such statement shall be followed by:

- ' () YES Shall a homestead option sales and use tax of 1 percent be levied within the special district within _____ County for the purposes of funding services to replace revenue lost to an additional homestead exemption of up to 100 percent of the assessed value of homesteads from county taxes for county purposes and, if excess proceeds remain, of funding capital outlay projects?'
- () NO

Notwithstanding any other provision of law to the contrary, the statement, ballot question, and local Act ballot question referred to in this subsection shall precede any and all other ballot questions calling for the levy or imposition of any other sales and use tax which are to appear on the same ballot.

(b) All persons desiring to vote in favor of levying the sales and use tax shall vote 'Yes,' and all persons opposed to levying the tax shall vote 'No.' If more than one-half of the votes cast are in favor of levying the tax and approving the local Act providing such homestead exemptions, then the tax shall be levied in accordance with this article; otherwise, the sales and use tax shall not be levied, and the question of the imposition of the sales and use tax may not again be submitted to the voters of the special district until after 24 months immediately following the month in which the election was held. It shall be the duty of the election superintendent to hold and conduct such elections under the same rules and regulations as govern special elections. It shall be the superintendent's further duty to canvass the returns, declare the result of the election, and certify the result to the Secretary of State and to the commissioner. The expense of the election shall be borne by the county whose geographical boundary is conterminous with that of the special district holding the election.

(c) If the imposition of the sales and use tax provided in Code Section 48-8-109.3 is approved in a referendum election as provided by subsections (a) and (b) of this Code section, the governing authority of the county whose geographical boundary is conterminous with that of the special district shall adopt a resolution during the first 30 days following the certification of the result of the election imposing the sales and use tax authorized by Code Section 48-8-109.3 on behalf of the county whose geographical boundary is conterminous with that of the special district. The resolution shall be effective on the first day of the next succeeding calendar quarter which begins more than 80 days after the adoption of the resolution. With respect to services which are billed on a regular monthly basis, however, the resolution shall become effective with the first regular billing period coinciding with or following the otherwise effective date of the resolution. A certified copy of the resolution shall be forwarded to the commissioner so that it will be received within five days after its adoption.

48-8-109.5.

(a) The sales and use tax levied pursuant to this article shall be exclusively administered and collected by the commissioner for the use and benefit of each county whose geographical boundary is conterminous with that of a special district. Such administration and collection shall be accomplished in the same manner and subject to the same applicable provisions, procedures, and penalties provided in Article 1 of this chapter except that the sales and use tax provided in this article shall be applicable to sales of motor fuels as prepaid local tax as that term is defined in Code Section 48-8-2; provided, however, that all moneys collected from each taxpayer by the commissioner shall be applied first to such taxpayer's liability for taxes owed the state. Dealers shall be allowed a percentage of the amount of the sales and use tax due and accounted for and shall be reimbursed in the form of a deduction in submitting, reporting, and paying the amount due if such amount is not delinquent at the time of payment. The deduction shall be at the rate and subject to the requirements specified under subsections (b) through (f) of Code Section 48-8-50.

(b) Each sales and use tax return remitting sales and use taxes collected under this article shall separately identify the location of each retail establishment at which any of the sales and use taxes remitted were collected and shall specify the amount of sales and the amount of taxes collected at each establishment for the period covered by the return in order to facilitate the determination by the commissioner that all sales and use taxes imposed by this article are collected and distributed according to situs of sale.

(c) The proceeds of the sales and use tax collected by the commissioner in each special district under this article shall be disbursed as soon as practicable after collection as follows:

(1) One percent of the amount collected shall be paid into the general fund of the state treasury in order to defray the costs of administration;

(2) Except for the percentage provided in paragraph (1) of this subsection, the remaining proceeds of the sales and use tax shall be distributed to the governing authority of the county whose geographical boundary is conterminous with that of the special district. As a condition precedent for the authority to levy the sales and use tax or to collect any proceeds from the tax authorized by this article for the year following the first complete calendar year in which it is levied and for all subsequent years except the year following the year in which the sales and use tax is terminated under Code Section 48-8-109.7, the county whose geographical boundary is conterminous with that of the special district shall, except as otherwise provided in subsection (c) of Code Section 48-8-109.3, expend such proceeds as follows:

(A) Such proceeds shall be expended for the purpose of funding services within the special district equal to the revenue lost to the homestead exemption as provided in this Code section as follows:

(i) The homestead factor shall be calculated by multiplying the quantity 1.000 times an amount equal to the net amount of sales and use tax collected in the special district pursuant to this article for the previous calendar year, and then dividing by the taxes levied for county purposes on only that portion of the county

tax digest that represents net assessments on qualified homestead property after all other homestead exemptions have been applied, rounding the result to three decimal places;

(ii) If the homestead factor is less than or equal to 1.000, the amount of homestead exemption created under this article on qualified homestead property shall be equal to the product of the homestead factor multiplied times the net assessment of each qualified homestead remaining after all other homestead exemptions have been applied; and

(iii) If the homestead factor is greater than 1.000, the homestead exemption created by this article on qualified homestead property shall be equal to the net assessment of each homestead remaining after all other homestead exemptions have been applied;

The election superintendent shall issue the call and shall conduct the election on a date and in the manner authorized under Code Section 21-2-540. Such election shall only be conducted on the date of and in conjunction with a referendum provided for by local Act on the question of whether to repeal the homestead exemption within such county which is funded from the proceeds of the sales and use tax levied and collected pursuant to this article. The election superintendent shall cause the date and purpose of the election to be published once a week for two weeks immediately preceding the date of the election in the official organ of such county. It shall be the duty of the election superintendent to hold and conduct such elections under the same rules and regulations as govern special elections. It shall be the superintendent's further duty to canvass the returns, declare and certify the result of the election, and certify the result to the Secretary of State and to the commissioner. The expense of the election shall be borne by the county whose geographical boundary is conterminous with that of the special district holding the election.

48-8-109.8.

No sales and use tax provided for in Code Section 48-8-109.3 shall be imposed upon the sale of tangible personal property which is ordered by and delivered to the purchaser at a point outside the geographical area of the special district in which the sales and use tax is imposed under this article regardless of the point at which title passes, if the delivery is made by the seller's vehicle, United States mail, or common carrier or by a licensed private or contract carrier.

48-8-109.9.

(a) As used in this Code section, the term 'building and construction materials' means all building and construction materials, supplies, fixtures, or equipment, any combination of such items, and any other leased or purchased articles when the materials, supplies, fixtures, equipment, or articles are to be utilized or consumed during construction or are to be incorporated into construction work pursuant to a bona fide written construction contract.

(b) No sales and use tax provided for in Code Section 48-8-109.3 shall be imposed in such special district upon the sale or use of building and construction materials when the contract pursuant to which the building and construction materials are purchased or used was advertised for bid prior to approval of the levy of the sales and use tax by the county whose geographical boundary is conterminous with that of the special district and the contract was entered into as a result of a bid actually submitted in response to the advertisement prior to approval of the levy of the sales and use tax.

48-8-109.10.

The commissioner shall have the power and authority to promulgate such rules and regulations as shall be necessary for the effective and efficient administration and enforcement of the collection of the sales and use tax authorized to be imposed by this article."

The exceptions set forth in this article, together with any other exception located elsewhere in the Code, shall be interpreted narrowly to exclude only those portions of records addressed by such exception.

(a)(b) As used in this article, the term:

(1) 'Agency' shall have the same meaning as in Code Section 50-14-1 and shall additionally include any association, corporation, or other similar organization that has a membership or ownership body composed primarily of counties, municipal corporations, or school districts of this state, their officers, or any combination thereof and derives more than 33 1/3 percent of its general operating budget from payments from such political subdivisions.

(2) 'Public record' means ~~'public record' shall mean~~ all documents, papers, letters, maps, books, tapes, photographs, computer based or generated information, data, data fields, or similar material prepared and maintained or received by an agency or by a private person or entity in the performance of a service or function for or on behalf of an agency or when such documents have been transferred to a private person or entity by an agency for storage or future governmental use. ~~in the course of the operation of a public office or agency. 'Public record' shall also mean such items received or maintained by a private person or entity on behalf of a public office or agency which are not otherwise subject to protection from disclosure; provided, however, this Code section shall be construed to disallow an agency's placing or causing such items to be placed in the hands of a private person or entity for the purpose of avoiding disclosure. Records received or maintained by a private person, firm, corporation, or other private entity in the performance of a service or function for or on behalf of an agency, a public agency, or a public office shall be subject to disclosure to the same extent that such records would be subject to disclosure if received or maintained by such agency, public agency, or public office. As used in this article, the term 'agency' or 'public agency' or 'public office' shall have the same meaning and application as provided for in the definition of the term 'agency' in paragraph (1) of subsection (a) of Code Section 50-14-1 and shall additionally include any association, corporation, or other similar organization which: (1) has a membership or ownership body composed primarily of counties, municipal corporations, or school districts of this state or their officers or any combination thereof; and (2) derives a substantial portion of its general~~

~~operating budget from payments from such political subdivisions.~~

~~(b) All public records of an agency as defined in subsection (a) of this Code section, except those which by order of a court of this state or by law are prohibited or specifically exempted from being open to inspection by the general public, shall be open for a personal inspection by any citizen of this state at a reasonable time and place; and those in charge of such records shall not refuse this privilege to any citizen.~~

~~(c) Any computerized index of a county real estate deed records shall be printed for purposes of public inspection no less than every 30 days and any correction made on such index shall be made a part of the printout and shall reflect the time and date that said index was corrected.~~

~~(d) No public officer or agency shall be required to prepare reports, summaries, or compilations not in existence at the time of the request.~~

~~(e) In a pending proceeding under Chapter 13 of this title, the 'Georgia Administrative Procedure Act,' or under any other administrative proceeding authorized under Georgia law, a party may not access public records pertaining to the subject of the proceeding pursuant to this article without the prior approval of the presiding administrative law judge, who shall consider such open record request in the same manner as any other request for information put forth by a party in such a proceeding. This subsection shall not apply to any proceeding under Chapter 13 of this title, relating to the revocation, suspension, annulment, withdrawal, or denial of a professional education certificate, as defined in Code Section 20-2-200, or any personnel proceeding authorized under Part 7 and Part 11 of Article 17 and Article 25 of Chapter 2 of Title 20.~~

~~(f) The individual in control of such public record or records shall have a reasonable amount of time to determine whether or not the record or records requested are subject to access under this article and to permit inspection and copying. In no event shall this time exceed three business days. Where responsive records exist but are not available within three business days of the request, a written description of such records, together with a timetable for their inspection and copying, shall be provided within that period; provided, however, that records not subject to inspection under this article need not be made available for inspection and copying or described other than as required by subsection (h) of Code Section 50-18-72, and no records need be made available for inspection or copying if the public officer or agency in control of such records shall have obtained, within that period of three business days, an order based on an exception in this article of a superior court of this state staying or refusing the requested access to such records.~~

~~(g) At the request of the person, firm, corporation, or other entity requesting such records, records maintained by computer shall be made available where practicable by electronic means, including Internet access, subject to reasonable security restrictions preventing access to nonrequested or nonavailable records.~~

50-18-71.

(a) All public records shall be open for personal inspection and copying, except those which by order of a court of this state or by law are specifically exempted from

~~disclosure. Records shall be maintained by agencies to the extent and in the manner required by Article 5 of this chapter. In all cases where an interested member of the public has a right to inspect or take extracts or make copies from any public records, instruments, or documents, any such person shall have the right of access to the records, documents, or instruments for the purpose of making photographs or reproductions of the same while in the possession, custody, and control of the lawful custodian thereof, or his authorized deputy. Such work shall be done under the supervision of the lawful custodian of the records, who shall have the right to adopt and enforce reasonable rules governing the work. The work shall be done in the room where the records, documents, or instruments are kept by law. While the work is in progress, the custodian may charge the person making the photographs or reproductions of the records, documents, or instruments at a rate of compensation to be agreed upon by the person making the photographs and the custodian for his services or the services of a deputy in supervising the work.~~

(b)(1)(A) Agencies shall produce for inspection all records responsive to a request within a reasonable amount of time not to exceed three business days of receipt of a request; provided, however, that nothing in this chapter shall require agencies to produce records in response to a request if such records did not exist at the time of the request. In those instances where some, but not all, records are available within three business days, an agency shall make available within that period those records that can be located and produced. In any instance where records are unavailable within three business days of receipt of the request, and responsive records exist, the agency shall, within such time period, provide the requester with a description of such records and a timeline for when the records will be available for inspection or copying and provide the responsive records or access thereto as soon as practicable. Where fees for certified copies or other copies or records are specifically authorized or otherwise prescribed by law, such specific fee shall apply.

(B) A request made pursuant to this article may be made to the custodian of a public record orally or in writing. An agency may, but shall not be obligated to, require that all written requests be made upon the responder's choice of one of the following: the agency's director, chairperson, or chief executive officer, however denominated; the senior official at any satellite office of an agency; a clerk specifically designated by an agency as the custodian of agency records; or a duly designated open records officer of an agency; provided, however, that the absence or unavailability of the designated agency officer or employee shall not be permitted to delay the agency's response. At the time of inspection, any person may make photographic copies or other electronic reproductions of the records using suitable portable devices brought to the place of inspection. Notwithstanding any other provision of this chapter, an agency may, in its discretion, provide copies of a record in lieu of providing access to the record when portions of the record contain confidential information that must be redacted.

(2) Any agency that designates one or more open records officers upon whom requests for inspection or copying of records may be delivered shall make such

designation in writing and shall immediately provide notice to any person upon request, orally or in writing, of those open records officers. If the agency has elected to designate an open records officer, the agency shall so notify the legal organ of the county in which the agency's principal offices reside and, if the agency has a website, shall also prominently display such designation on the agency's website. In the event an agency requires that requests be made upon the individuals identified in subparagraph (B) of paragraph (1) of this subsection, the three-day period for response to a written request shall not begin to run until the request is made in writing upon such individuals. An agency shall permit receipt of written requests by e-mail or facsimile transmission in addition to any other methods of transmission approved by the agency, provided such agency uses e-mail or facsimile in the normal course of its business.

(3) The enforcement provisions of Code Sections 50-18-73 and 50-18-74 shall be available only to enforce compliance and punish noncompliance when a written request is made consistent with this subsection and shall not be available when such request is made orally.

(c)(1) An agency may impose a reasonable charge for the search, retrieval, redaction, and production or copying costs for the production of records pursuant to this article. An agency shall utilize the most economical means reasonably calculated to identify and produce responsive, nonexcluded documents. Where fees for certified copies or other copies or records are specifically authorized or otherwise prescribed by law, such specific fee shall apply when certified copies or other records to which a specific fee may apply are sought. In all other instances, the charge for the search, retrieval, or redaction of records shall not exceed the prorated hourly salary of the lowest paid full-time employee who, in the reasonable discretion of the custodian of the records, has the necessary skill and training to perform the request; provided, however, that no charge shall be made for the first quarter hour. ~~Where no fee is otherwise provided by law, the agency may charge and collect a uniform copying fee not to exceed 25¢ per page.~~

(2) In addition to a charge for the search, retrieval, or redaction of records, an agency may charge a fee for the copying of records or data, not to exceed 10¢ per page for letter or legal size documents or, in the case of other documents, the actual cost of producing the copy. In the case of electronic records, the agency may charge the actual cost of the media on which the records or data are produced.

(3) Whenever any person has requested to inspect or copy a public record and does not pay the cost for search, retrieval, redaction, or copying of such records when such charges have been lawfully estimated and agreed to pursuant to this article, and the agency has incurred the agreed-upon costs to make the records available, regardless of whether the requester inspects or accepts copies of the records, the agency shall be authorized to collect such charges in any manner authorized by law for the collection of taxes, fees, or assessments by such agency.

(d) In any instance in which an agency is required to or has decided to withhold all or part of a requested record, the agency shall notify the requester of the specific legal

authority exempting the requested record or records from disclosure by Code section, subsection, and paragraph within a reasonable amount of time not to exceed three business days or in the event the search and retrieval of records is delayed pursuant to this paragraph or pursuant to subparagraph (b)(1)(A) of this Code section, then no later than three business days after the records have been retrieved. In any instance in which an agency will seek costs in excess of \$25.00 for responding to a request, the agency shall notify the requester within a reasonable amount of time not to exceed three business days and inform the requester of the estimate of the costs, and the agency may defer search and retrieval of the records until the requester agrees to pay the estimated costs unless the requester has stated in his or her request a willingness to pay an amount that exceeds the search and retrieval costs. In any instance in which the estimated costs for production of the records exceeds \$500.00, an agency may insist on prepayment of the costs prior to beginning search, retrieval, review, or production of the records. Whenever any person who has requested to inspect or copy a public record has not paid the cost for search, retrieval, redaction, or copying of such records when such charges have been lawfully incurred, an agency may require prepayment for compliance with all future requests for production of records from that person until the costs for the prior production of records have been paid or the dispute regarding payment resolved. In addition, a reasonable charge may be collected for search, retrieval, and other direct administrative costs for complying with a request under this Code section. The hourly charge shall not exceed the salary of the lowest paid full time employee who, in the discretion of the custodian of the records, has the necessary skill and training to perform the request; provided, however, that no charge shall be made for the first quarter hour.

(e) Requests by civil litigants for records that are sought as part of or for use in any ongoing civil or administrative litigation against an agency shall be made in writing and copied to counsel of record for that agency contemporaneously with their submission to that agency. The agency shall provide, at no cost, duplicate sets of all records produced in response to the request to counsel of record for that agency unless the counsel of record for that agency elects not to receive the records. An agency shall utilize the most economical means available for providing copies of public records.

(f) As provided in this subsection, an agency's use of electronic record-keeping systems must not erode the public's right of access to records under this article. Agencies shall produce electronic copies of or, if the requester prefers, printouts of electronic records or data from data base fields that the agency maintains using the computer programs that the agency has in its possession. An agency shall not refuse to produce such electronic records, data, or data fields on the grounds that exporting data or redaction of exempted information will require inputting range, search, filter, report parameters, or similar commands or instructions into an agency's computer system so long as such commands or instructions can be executed using existing computer programs that the agency uses in the ordinary course of business to access, support, or otherwise manage the records or data. A requester may request that electronic records, data, or data fields be produced in the format in which such data or electronic records

are kept by the agency, or in a standard export format such as a flat file electronic American Standard Code for Information Interchange (ASCII) format, if the agency's existing computer programs support such an export format. In such instance, the data or electronic records shall be downloaded in such format onto suitable electronic media by the agency. ~~Where information requested is maintained by computer, an agency may charge the public its actual cost of a computer disk or tape onto which the information is transferred and may charge for the administrative time involved as set forth in subsection (d) of this Code section.~~

~~(g) Requests to inspect or copy electronic messages, whether in the form of e-mail, text message, or other format, should contain information about the messages that is reasonably calculated to allow the recipient of the request to locate the messages sought, including, if known, the name, title, or office of the specific person or persons whose electronic messages are sought and, to the extent possible, the specific data bases to be searched for such messages. Whenever any person has requested one or more copies of a public record and such person does not pay the copying charges and charges for search, retrieval, or other direct administrative costs in accordance with the provisions of this Code section:~~

~~(1) A county or a department, agency, board, bureau, commission, authority, or similar body of a county is authorized to collect such charges in any manner authorized by law for the collection of taxes, fees, or assessments owed to the county;~~

~~(2) A municipal corporation or a department, agency, board, bureau, commission, authority, or similar body of a municipal corporation is authorized to collect such charges in any manner authorized by law for the collection of taxes, fees, or assessments owed to the municipal corporation;~~

~~(3) A consolidated government or a department, agency, board, bureau, commission, authority, or similar body of a consolidated government is authorized to collect such charges in any manner authorized by law for the collection of taxes, fees, or assessments owed to the consolidated government;~~

~~(4) A county school board or a department, agency, board, bureau, commission, authority, or similar body of a county school board is authorized to collect such charges in any manner authorized by law for the collection of taxes, fees, or assessments owed to the county;~~

~~(5) An independent school board or a department, agency, board, bureau, commission, authority, or similar body of an independent school board is authorized to collect such charges in any manner authorized by law for the collection of taxes, fees, or assessments owed to the municipal corporation; and~~

~~(6) A joint or regional authority or instrumentality which serves one or more counties and one or more municipal corporations, two or more counties, or two or more municipal corporations is authorized to collect such charges in any manner authorized by law for the collection of taxes, fees, or assessments owed to the county if a county is involved with the authority or instrumentality or in any manner authorized by law for the collection of taxes, fees, or assessments owed to the municipal corporation if a municipal corporation is involved with the authority or instrumentality.~~

~~This subsection shall apply whether or not the person requesting the copies has appeared to receive the copies.~~

(h) In lieu of providing separate printouts or copies of records or data, an agency may provide access to records through a website accessible by the public. However, if an agency receives a request for data fields, an agency shall not refuse to provide the responsive data on the grounds that the data is available in whole or in its constituent parts through a website if the requester seeks the data in the electronic format in which it is kept. Additionally, if an agency contracts with a private vendor to collect or maintain public records, the agency shall ensure that the arrangement does not limit public access to those records and that the vendor does not impede public record access and method of delivery as established by the agency or as otherwise provided for in this Code section.

(i) Any computerized index of county real estate deed records shall be printed for purposes of public inspection no less than every 30 days, and any correction made on such index shall be made a part of the printout and shall reflect the time and date that such index was corrected.

(j) No public officer or agency shall be required to prepare new reports, summaries, or compilations not in existence at the time of the request.

If the judge approves inspection of such physical evidence, the judge shall designate, in~~

~~writing, the location where such physical evidence may be inspected, which location shall be in a facility owned or operated by an agency of state or local government. If the judge permits inspection, such property or material shall not be photographed, copied, or reproduced by any means. Any person who violates the provisions of this subsection shall be guilty of a felony and, upon conviction thereof, shall be punished by imprisonment for not less than one nor more than 20 years and by a fine of not more than \$100,000.00, or both.~~
