SECTION 2.

Part 1 of Article 1 of Chapter 18 of Title 43 of the Official Code of Georgia Annotated, relating to general provisions relative to funeral directors and establishments, embalmers, and crematories, is amended by adding a new Code section to read as follows:

"43-18-9.

(a) As used in this Code section, the term:

(1) 'Veteran' means a resident of this state who qualifies as a veteran under the rules of the United States Department of Veterans Affairs and who was discharged under conditions other than dishonorable.

(2) 'Veterans' organization' means the Department of Veterans Service, the National Cemetery Administration's National Cemetery Scheduling Office, or any association or other entity organized for the benefit of veterans that has been recognized or chartered by the United States Congress, such as the American Legion, the Legion of Honor, the Patriot Guard, the Missing in America Project, and the Vietnam Veterans of America.

(b) The funeral director in charge of a crematory shall make a reasonable effort to determine whether any dead body submitted for final disposition by cremation is that of a deceased veteran.

(c) The funeral director in charge of a crematory shall, at the time the cremation authorization form is signed:

(1) Inquire as to whether the legally authorized person has information or belief as to whether the deceased is a veteran; and

After 60 days, the funeral director in charge of a crematory shall send written notice to the legally authorized person who signed the cremation authorization form requesting disposition instructions. If the funeral director in charge of a crematory does not receive a written response from the legally authorized person within 30 days of sending a written notice, then the funeral director in charge of the crematory shall contact a veterans' organization so that arrangements for the disposition of the cremated remains of the veteran may be made in a state or national veterans' cemetery.

(f) Nothing in this Code section shall delay the authorized cremation of a deceased's remains.

(g)(1) A funeral director in charge of a crematory complying with this Code section shall be immune from any criminal or civil liability regarding:

The following Minority Report on SB 292 was filed with the Secretary:

**Senate Health and Human Services Committee
Minority Report on SB 292
February 28, 2012**

The undersigned senators file this Minority Report objecting to the Committee's favorable report of SB 292 on February 27, 2012 on the grounds discussed below.

SB 292 fosters an unwarranted stereotype, blaming people who need help from safety net programs for their circumstances and casting suspicion on them as likely users of illicit drugs.

The drug testing requirement would be extremely burdensome for families and difficult for the state to manage.

- I. Under the bill, applicants would have to pay for the drug tests in advance and wait for reimbursement through their first TANF check after they test negative. The families targeted by this bill are usually out of money, and often the children are hungry by the time they apply for TANF. To be eligible for TANF, the family can have very little income, and the maximum payment for a family of three is \$280 a month. The amount of money they would have to pay out for the drug test, not including what they might have to pay for transportation to have the test, would buy groceries for several meals.
- II. Applicants would have to take the test within 48 hours of the state's determining they are eligible for TANF. It is not clear how the Department of Human Services could assure they would know they are eligible soon enough to meet the deadline. Distances to drug testing sites and lack of transportation could make compliance impossible for some.
- III. DFCS eligibility workers already have caseloads exceeding 700 per worker. The drug testing requirement would likely add confusion and delays and increase paperwork. State staff would have to process reimbursements for TANF applicants who test negative. Staff would also have to identify accessible drug testing sites and notify applicants, and would have to establish policies and implement procedures for determining which individuals are exempt from testing.

Very few parents in Georgia receive TANF; nearly three quarters of children receiving TANF are already in the care of other relatives.

- IV. In September 2011, there were only 4,278 Georgia adults who were part of a TANF grant. There were 26,678 children receiving TANF in child-only grants. Most were already living with another relative who has taken them into their care, usually their grandparents or even great-grandparents, aunts, or adult siblings.
- V. The state's treating these good Samaritans as suspected drug users could discourage them from taking on the responsibility and increase the number of children in foster care.

The bill is more likely to increase state costs than to save money.

- VI. The section requiring testing as a condition for Medicaid eligibility was removed after a fiscal note showed a net cost to the state of \$3.8 million to \$31 million, but the portion requiring drug testing for TANF applicants remains in the bill.

VII. While SB 292 assumes Medicaid would pay for the drug tests for TANF applicants who already have Medicaid, the Department of Community Health has determined that most likely Medicaid could not pay because the tests are not medically necessary. Therefore, the state will have to reimburse applicants for the cost when they test negative for drugs. The bill also irrationally assumes the state will collect a nonrefundable \$17 fee from any TANF applicant who has Medicaid at the time of application.

VIII. A fiscal note posits a range of possible outcomes from costing \$84,500 to saving \$103,000. However, the fiscal note understates the likely net costs to the state for several reasons. It assumes, because the bill calls for it, that the state could collect \$228,000 in the nonrefundable fees for TANF applicants who have Medicaid at the time of application; however, charging this fee to some TANF applicants could violate federal TANF law requiring “fair and equitable” treatment in determination of eligibility and delivery of benefits. The fiscal note also is likely erroneous in assuming 17% of applicants will test positive and thus lose the \$45/month for the adult in the grants. It cites a 2007 study showing 17% of Georgians between the ages of 18 and 25 report using illicit drugs, a figure which includes young single men who do not qualify for TANF. A more reasonable estimate is 10% or fewer based on an October 2011 report by the U.S. Department of Health and Human Services that examined studies of public benefits recipients; using the more reasonable figure would decrease the savings from eliminating an adult’s portion of the TANF grant and increase the amount the state would have to reimburse for negative tests. Furthermore, the fiscal note does not assess costs for a provision requiring the Department of Human Services to determine, apparently on an individual basis, which applicants qualify for an exemption from testing because they are “significantly hindered” in complying with the requirement due to a disability. Finally, the fiscal note does not take into account costs for litigation the state is almost certain to face if SB 292 passes.

IX. Claims that the state of Florida saved money from its program before it was halted are unsupported by the evidence. Presentations of SB 292 have included information, apparently from an organization called Foundation for Government Accountability, claiming Florida saved money during the brief time it operated its program. However, FGA’s claim was discredited by the Florida federal court that issued a preliminary injunction halting the program and has been criticized by Georgia’s Department of Audits and Accounts because of methodological flaws; for example, FGA counted 574 TANF applicants as drug-related denials when only 9 were denied for a drug-related reason or a positive test. The author also suggests Florida saved money due to applicants deciding not to continue with the application after learning a drug test was required; however, the Committee heard testimony that many Florida applicants could not get the tests because they could not afford it, because test sites required credit or debit cards they did not have instead of cash, and/or because of long travel distances.

Using drug tests to identify people in need of treatment for use of illicit substances is medically and scientifically unsound.

X. The Ga. Council on Substance Abuse testified before the Committee on the reasons why these kinds of methods do not work and are inconsistent with best practices that are much more likely to identify people with problems and to lead to a successful outcome.

XI. The bill's thrust is not to assist anyone with a substance abuse problem or to help families stay together because it emphasizes that the state will not be responsible for providing or paying for treatment.

SB 292 is likely to be found unconstitutional because it targets individuals for government-mandated, suspicionless drug testing without meeting the requirement that governments show a "special need" for such searches.

XII. In a letter to the Committee Chair, Legislative Counsel outlined why SB 292 is likely subject to constitutional challenge.

XIII. The U.S. District Court for the Middle District of Florida issued a preliminary injunction on constitutional grounds against Florida's TANF drug testing law in October, 2011. The case will be heard before the 11th Circuit Court of Appeals.

In summary, SB 292 targets Georgians for drug testing solely because they need help from a safety net program, harms families, wastes taxpayer dollars, is likely unconstitutional, is medically unsound and creates an unjustified cloud of suspicion around people at the lowest rungs of the income ladder who are trying to help their families in a bad economy.

AN ACT

(c) The inspections required in this ~~chapter~~ article shall be made by the chief inspector, by a deputy inspector, by a special inspector, or by an owner or user inspector provided for in this ~~chapter~~ article.

(d) Owner or user inspection of pressure vessels is permitted, provided the owner or user inspection service is regularly established and is under the supervision of one or more individuals whose qualifications are satisfactory to the ~~board~~ office and said owner or user causes the pressure vessels to be inspected in conformance with the National Board Inspection Code or API 510, as applicable.

(e) If, at the discretion of the inspector, a hydrostatic test shall be deemed necessary, it shall be made by the owner or user of the boiler or pressure vessel.

(f) All boilers, other than cast iron sectional boilers, and pressure vessels to be installed in this state after the 12 month period from the date upon which the rules and

~~34-11-15.~~ 25-15-24.

(a) Each company employing special inspectors shall, within 30 days following each certificate inspection made by such inspectors, file a report of such inspection with the chief inspector upon appropriate forms as promulgated by the Commissioner. The filing of reports of external inspections, other than certificate inspections, shall not be required except when such inspections disclose that the boiler or pressure vessel is in a dangerous condition.

(b) Each company operating pressure vessels covered by an owner or user inspection service meeting the requirements of subsection (a) of Code Section ~~34-11-10~~ 25-15-19 shall maintain in its files an inspection record which shall list, by number and such abbreviated description as may be necessary for identification, each pressure vessel covered by this ~~chapter~~ article, the date of the last inspection of each pressure vessel, and the approximate date for the next inspection. The inspection record shall be available for examination by the chief inspector or ~~his~~ the chief inspector's authorized representative during business hours.

(c) If the report filed pursuant to subsection (a) of this Code section shows that a boiler or pressure vessel is found to comply with the rules and regulations of the ~~department~~ office, the chief inspector, or his or her duly authorized representative, shall issue to such owner or user an inspection certificate bearing the date of inspection and specifying the maximum pressure under which the boiler or pressure vessel may be operated. Such inspection certificate shall be valid for not more than 14 months from its date in the case of power boilers, 26 months in the case of heating and hot water supply boilers, and 38 months in the case of pressure vessels. In the case of those boilers and pressure vessels covered by subparagraphs (b)(1)(A) through (b)(1)(D) of Code Section ~~34-11-14~~ 25-15-23 for which the ~~department~~ office has established or extended the operating period between required inspections pursuant to the provisions of paragraphs (3) and (4) of subsection (b) of Code Section ~~34-11-14~~ 25-15-23, the certificate shall be valid for a period of not more than two months beyond the period set by the ~~department~~ office. Certificates for boilers shall be posted under glass, or similarly protected, in the room containing the boiler. Pressure vessel certificates shall be posted in like manner, if convenient, or filed where they will be readily accessible for examination.

(e) The Commissioner or ~~his~~ the Commissioner's authorized representative may at any time suspend an inspection certificate after showing cause that the boiler or pressure

vessel for which it was issued cannot be operated without menace to the public safety or when the boiler or pressure vessel is found not to comply with the rules and regulations adopted pursuant to this ~~chapter~~ article. Each suspension of an inspection certificate shall continue in effect until such boiler or pressure vessel shall have been made to conform to the rules and regulations of the ~~department~~ office and until ~~said~~ such inspection certificate shall have been reinstated.

(f) The Commissioner or ~~his~~ the Commissioner's authorized representative may issue a written order for the temporary cessation of operation of a boiler or pressure vessel if it has been determined after inspection to be hazardous or unsafe. (a) Boilers and pressure vessels subject to operating certificate inspections by special, or owner or user, inspectors shall be inspected within 60 calendar days following the required reinspection date. Inspections not performed within this 60 calendar day period shall result in a civil penalty of \$500.00 for each boiler or pressure vessel not inspected.

(b)(1) Inspection fees due on boiler and pressure vessels subject to inspection by the chief or deputy inspectors or operating certificate fees due from inspections performed by special, or owner or user, inspectors shall be paid within 60 calendar days of completion of such inspections.

(2) Inspection fees or operating certificate fees unpaid within 60 calendar days shall bear interest at the rate of 1.5 percent per month or any fraction of a month. Interest shall continue to accrue until all amounts due, including interest, are received by the Commissioner.

(c) The Commissioner may waive the collection of the penalties and interest assessed as provided in subsections (a) and (b) of this Code section when it is reasonably determined that the delays in inspection or payment were unavoidable or due to the action or inaction of the ~~department~~ office.

~~34-11-16.~~ 25-15-26.

The operation of a boiler or pressure vessel without such inspection certificate or at a pressure exceeding that specified in such inspection certificate or in violation of this ~~chapter~~ article shall constitute a misdemeanor.

~~34-11-17.~~ 25-15-27.

The owner or user of a boiler or pressure vessel required by this ~~chapter~~ article to be inspected by the chief inspector or ~~his~~ a deputy inspector shall pay directly to the chief

inspector, upon completion of inspection, fees as prescribed in rules and regulations promulgated by the Commissioner; provided, however, that, with respect to pressure vessel certificates of inspection, such fees shall not exceed \$10.00 per annum. The chief inspector shall transfer all fees so received to the general fund of the state treasury. All funds so deposited in the state treasury are authorized to be appropriated by the General Assembly to the ~~Commissioner of Labor~~ Safety Fire Commissioner.

~~34-11-18.~~

~~The chief inspector shall furnish a bond in the sum of \$5,000.00 and each of the deputy inspectors employed and paid by the state shall furnish a bond in the sum of \$2,000.00 conditioned upon the faithful performance of their duties and upon a true account of moneys handled by them, respectively, and the payment thereof to the proper recipient.~~

~~34-11-19.~~ 25-15-28.

A RESOLUTION urging the Georgia Department of Education to implement cardiopulmonary resuscitation (CPR) classes in the public schools of this state; and for other purposes.

The Senate Education and Youth Committee offered the following substitute to SR 590:

A RESOLUTION

Urging the Georgia Department of Education to implement cardiopulmonary resuscitation (CPR) classes and the implementation of automated external defibrillators in the public schools of this state; and for other purposes.

WHEREAS, as early as 1740, the Paris Academy of Sciences officially recommended mouth-to-mouth resuscitation for drowning victims; and

WHEREAS, in 1891, Dr. Friedrich Maass performed the first unequivocally documented chest compression in humans, and, in 1903, Dr. George Crile reported the first successful use of external chest compressions in human resuscitation; and

WHEREAS, in 1957, the United States military adopted the mouth-to-mouth resuscitation method to revive unresponsive victims; and

WHEREAS, in 1960, cardiopulmonary resuscitation (CPR) was developed, and the American Heart Association started a program to acquaint physicians with closed-chest cardiac resuscitation and became the forerunner of CPR training for the general public; and

WHEREAS, emergency medical services personnel treat about 300,000 victims of out-of-hospital cardiac arrest each year in the United States, and less than 8 percent of people who suffer cardiac arrest outside the hospital survive; and

WHEREAS, sudden cardiac arrest can happen to anyone at any time, and many victims appear healthy with no known heart disease or other risk factors; and

WHEREAS, about 5,900 children 18 years old and under suffer out-of-hospital cardiac arrest each year from all causes, including trauma, cardiovascular causes, and sudden infant death syndrome; and

WHEREAS, the incidence of out-of-hospital sudden cardiac arrest in high school athletes ranges from .28 to 1 death per 100,000 high school athletes annually in the United States; and

WHEREAS, the American Heart Association does not have a minimum age requirement for people to learn CPR since the ability to perform CPR is based more on body strength rather than age; and

WHEREAS, studies have shown that children as young as nine years old can learn and retain CPR skills; and

WHEREAS, effective bystander CPR, provided immediately after sudden cardiac arrest, can double or triple a victim's chance of survival.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE that the members of this body urge the Georgia Department of Education to implement cardiopulmonary resuscitation (CPR) classes and the implementation of automated external defibrillators in the public schools of this state.

A BILL TO BE ENTITLED
AN ACT

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 6 of Chapter 2 of Title 20 of the Official Code of Georgia Annotated, relating to the "Quality Basic Education Act," is amended by revising paragraph (3) of subsection (a) of Code Section 20-2-167, relating to funding for direct instructional, media center, and staff development costs, as follows:

"(3) The state board shall annually compute, based upon the initial allotment of funds to each local school system, the total funds needed system wide for staff development costs. In computing the total funds needed for these categories, the state board shall apply the percentage that these costs represent of the total costs used in developing the program weights. Following the midterm adjustment, the state board shall issue allotment sheets for each local school system and each school reflecting the total amount, initial earnings, and midterm adjustment, if any, of earnings for each program specified in subsection (b) of Code Section 20-2-161. Each local school system shall spend 100 percent of the funds designated for staff and professional development costs, as allowed by State Board of Education policy, for such costs. The State Board of Education, in consultation with the Professional Standards Commission, shall

establish category-level expenditure controls to ensure that the staff development funds allotted pursuant to this paragraph are utilized in such a manner as to help align professional learning with results in improved student achievement. In the event a local school system does not actually enroll the full-time equivalent count that was anticipated by its initial allocation and it elects to return a portion of its allocation for staff development and professional development costs to the state, the 100 percent amount for staff development shall be reduced by that returned amount. Quality Basic Education Formula funds in excess of the amount required by this paragraph to be expended by a local school system for staff development and professional development of certificated and instructional personnel which are not expended for this purpose may be expended only for staff development of noncertificated personnel employed by the local school system and the members of the local school board, for meeting certification requirements of personnel, and for administration and operation of the staff development and professional development programs authorized pursuant to subsection (h) of Code Section 20-2-182."

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 5 of Title 28 of the Official Code of Georgia Annotated, relating to financial affairs relative to the General Assembly, so as to change certain provisions relating to introduction of bills having significant impact upon anticipated revenues or expenditures and furnishing of fiscal notes; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 5 of Title 28 of the Official Code of Georgia Annotated, relating to financial affairs relative to the General Assembly, is amended by revising Code Section 28-5-42, relating to introduction of bills having significant impact upon anticipated revenues or expenditures and furnishing of fiscal notes, as follows:

"28-5-42.

(a)(1) Any general bill having a significant impact on the anticipated revenue or expenditure level of any state department, bureau, board, council, committee, commission, or other state agency ~~must~~ or having a significant impact on costs incurred by private employers in this state shall be introduced no later than the twentieth day of any session. The sponsor of such legislation must request a fiscal note from the Office of Planning and Budget and the Department of Audits and Accounts by November 1 of the year preceding the annual convening of the General Assembly in which the bill is to be introduced, but subsequent to the preparation of such bill by the Office of Legislative Counsel. With respect to a member-elect of the General Assembly, such person must request a fiscal note from the Office of Planning and Budget and the Department of Audits and Accounts by December 1 of the year preceding the annual convening of the General Assembly in which the bill is to be introduced, but subsequent to the preparation of such bill by the Office of Legislative Counsel. The director of the Office of Planning and Budget and the state auditor shall prepare and submit the fiscal note not later than the day of convening of the General Assembly.

(2) The failure to request a fiscal note by November 1 or December 1, as applicable, as provided in paragraph (1) of this subsection shall preclude consideration of the measure by the Senate or the House of Representatives unless the committee to which a bill is assigned in the chamber in which it is introduced:

(A)(i) Determines that such bill will have a significant impact as described in paragraph (1) of this subsection;

(ii) Waives the applicable November 1 or December 1 deadline of paragraph (1) of this subsection;

(iii) Requests a fiscal note from the director of the Office of Planning and Budget and the state auditor, except as otherwise provided in subsection (e) of this Code section; and

(iv) Among fiscal notes so requested, the chairperson of such committee suggests a preferred order of completion to guide the director of the Office of Planning and Budget and the state auditor; or

(B) Determines that such bill will not have a significant impact as described in paragraph (1) of this subsection.

(3) Any such determination or waiver shall be by the affirmative vote of a majority of the members of the committee, on a specific motion for waiver, and shall allow consideration of the measure by both chambers so long as the bill has been introduced not later than the twentieth day of any session.

(4) Any general bill having a significant impact on the anticipated revenue or expenditure level of counties and municipalities must be introduced no later than the twentieth day of any session.

(5) This article shall not apply to any local bill affecting a county or municipality which must be advertised in accordance with the requirements of Code Section 28-1-14, relating to the advertisement of local legislation.

(b) In the event any general bill having a significant impact as described in paragraph (1) of subsection (a) of this Code section is introduced after the twentieth day of any session, it shall not be considered or acted upon in any manner by either the Senate or the House of Representatives. The President of the Senate shall decide whether a bill which is introduced in the Senate falls within this category; and the Speaker of the House of Representatives shall decide whether a bill which is introduced in the House of Representatives falls within this category. The President of the Senate shall have the same right of decision on House bills which reach the Senate; and the Speaker of the House of Representatives shall have the same right of decision on Senate bills which reach the House of Representatives.

(c)(1) In the event a general bill having a significant impact as described in paragraph (1) of subsection (a) of this Code section is introduced not later than the twentieth day of any session, the chairperson of the committee to which such bill is referred shall request the director of the Office of Planning and Budget and the state auditor to submit any such fiscal note as to the fiscal effect of any such bill and to file a copy of such fiscal note with the Senate Budget Office and the House Budget Office. The chairperson shall make such request after the bill is referred to the

committee.

(2) The chairperson shall not be required to make such request with respect to any bill for which:

(A) A fiscal note has been requested by the sponsor of the bill pursuant to paragraph (1) of subsection (a) of this Code section and the chairperson has been duly notified in writing of such request by such sponsor; or

(B) The director of the Office of Planning and Budget and the state auditor have previously submitted a fiscal note pursuant to a request under paragraph (1) of subsection (a) of this Code section.

(d) In the event a determination is made under subparagraph (a)(2)(B) of this Code section that a bill will not have a significant impact, if the director of the Office of Planning and Budget or the state auditor has information or knowledge that any bill will have a significant impact as described in paragraph (1) of subsection (a) of this Code section, a fiscal note may be prepared according to the criteria outlined in subsection (g) of this Code section. Such a fiscal note may be prepared without a request by the bill's author or the committees to which it is assigned in either chamber. Any fiscal note prepared according to this subsection shall be distributed consistent with Code Section 28-5-44.

(e) During any regular session of the General Assembly, the director of the Office of Planning and Budget and the state auditor shall prepare and submit the fiscal note within five days after receipt of the request or within ten days if the director of the Office of Planning and Budget and the state auditor have made a formal request for extension of time.

(f) The principal administrative and fiscal officers of all departments, boards, councils, committees, commissions, and other agencies of the state government and, when applicable, of counties, municipalities, and other political subdivisions are authorized and directed to cooperate fully with the director of the Office of Planning and Budget and the state auditor in providing any information and assistance necessary in the preparation of fiscal notes pursuant to this Code section.

(g) The fiscal note required by this Code section shall include a reliable estimate in dollars of the anticipated change in revenue or expenditures under the provisions of the bill, along with an estimate of costs of incurred by private employers in complying with the bill. It shall also include a statement as to the immediate effect and, if determinable or reasonably foreseeable, the long-range effect of the measure. If, after careful investigation, it is determined that no dollar estimate is possible, the fiscal note shall contain a statement to that effect, setting forth the reasons why no dollar estimate can be given. In this event, the fiscal note shall contain an example based on a specific situation or reflecting the average group of persons possibly affected by the bill so as to provide an indication of the cost of such bill to the General Assembly. Assumptions used to develop these averages shall be noted in the fiscal note and the criteria included herein shall constitute a fiscal note. No comment or opinion regarding the merits of the measure for which the statement is prepared shall be included in the fiscal note; however, technical or mechanical defects may be noted. The state auditor and the

director of the Office of Planning and Budget shall jointly prepare their fiscal note; and, if there is a difference of opinion between such officials, it shall be noted in the fiscal note. In the event the director of the Office of Planning and Budget and the state auditor concur that the fiscal note on any such bill cannot be prepared within the five-day limitation in effect during any regular session of the General Assembly, they shall so inform the chairperson in writing and shall be allowed to submit said note not later than ten days after the request for it is made."

SECTION 2.

An answer shall be verified by the owner or interest holder under penalty of perjury. In addition to complying with the general rules applicable to an answer in civil actions, the answer shall set forth:

If the court determines that a claimant defending the complaint knew or by the exercise of ordinary care should have known that the property was to be used for an unlawful purpose subjecting it to forfeiture under this Code section, the court shall order the disposition of the seized property as provided in this Code section and that claimant shall have no claim upon the property or proceeds from the sale thereof.

(b)(1) When property is forfeited under Code Section 10-1-357.1, the judge of the superior court of the county where the seizure was made or of the county in which it can be proven that the crime was committed may dispose of the property by issuing an order to:

- (A) Retain it for official use by any agency of this state or any political subdivision

(C) Require the sheriff or police chief of the county in which the seizure occurred to take custody of the property and remove it for disposition in accordance with law.

(2)(A) Money, currency, or proceeds which are realized from the sale or disposition of forfeited property shall after satisfaction of the interest of secured parties and after payment of all costs vest in the local political subdivision whose law enforcement officers seized it. If the property was seized by a municipal law enforcement agency, then the money, currency, or proceeds realized from the sale or disposition of the property shall vest in that municipality. If the property was seized by a county law enforcement agency, then the money, currency, or proceeds realized from the sale or disposition of the property shall vest in that county. If the property was seized by joint action of a county law enforcement agency and a municipal law enforcement agency, then the money, currency, or proceeds realized from the sale or disposition of the property shall vest in that county and that municipality and shall be divided equally between the county and municipality. Such property shall not be used to supplant any other local, state, or federal funds appropriated for staff or operations.

(B) Any local law enforcement agency receiving property under this subsection shall submit an annual report to the local governing authority. The following Minority Report on SB 458 was filed with the Secretary:

Senate Democratic Caucus Minority Report

Meeting of the Senate Judiciary Committee Tuesday, February 21, 2012

As a member of the Senate Judiciary Committee, pursuant to Senate Rule 2-6.1 (a), I Senator Vincent Fort submit this Minority Report on behalf of the Senate Democratic Caucus.

XIV. SB 458

SB 458 would ban undocumented students from attending all 35 public universities and colleges as well as 26 schools in the Technical College System.

XV. Economically Shortsighted

Many of these students will eventually regularize their status under current or future federal law, denying them the ability to pursue a postsecondary education will limit their ability to contribute to Georgia's economy. Educational attainment is directly related to economic growth. Increasing the number of college graduates who earn higher wages generates higher sales, property, and income taxes. Denying these students access to higher education will cost Georgia money in the long-term.

XVI. Fundamentally Unfair

Banning access to higher education to students who graduate from high schools in Georgia violates notions of fundamental fairness that have been recognized by the U.S. Supreme Court. In *Plyler v. Doe* the Court found a statute that discriminated based on immigration status to violate the Equal Protection Clause of the Fourteenth Amendment. Higher education is also increasingly essential to an individual's ability to provide for his or her self, denying this right is tantamount to denying an individual the right to earn a living.

XVII. Unnecessary

The University System of Georgia Board of Regents conducted an investigation and found only 501 of the 310,000 students to be undocumented. Burdening the University system with additional verification requirements solely to attempt to exclude so few students is extremely inefficient. These students also pose no additional cost to the state as they pay out-of-state tuition which more than covers the cost of instruction. In the Technical College System this rate is four times the in-state rate of both tuition and fees. In-state students are also not being disadvantaged because these students count as part of the out-of-state population thus they are not taking a spot typically reserved for Georgia residents.

48-4-101.

The General Assembly finds and declares that:

(1) Georgia's communities are important to the social and economic vitality of this state. Whether urban, suburban, or rural, many communities are struggling to cope with dilapidated, abandoned, and tax delinquent properties;

(2) Citizens of Georgia are affected adversely by dilapidated, abandoned, and tax delinquent properties, including properties that have been abandoned due to mortgage foreclosure;

(3) Dilapidated, abandoned, and tax delinquent properties impose significant costs on neighborhoods and communities by lowering property values, increasing fire and police protection costs, decreasing tax revenues, and undermining community cohesion;

(4) There is an overriding public need to confront the problems caused by dilapidated, abandoned, and tax delinquent properties, and to return properties which are in nonrevenue-generating, nontax-producing status to an effective utilization status in order to provide affordable housing, new industry, and jobs for the citizens of this state through the creation of new tools that enable communities to turn abandoned spaces into vibrant places; and

(5) Land banks are one of the tools that can be utilized by communities to facilitate the return of dilapidated, abandoned, and tax delinquent properties to productive use.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

I wish to hereby be recorded as a "NO" vote on Senate Bill 355 substitute as amended. Please have the Senate Journal reflect this vote. After reflection, the Ligon amendment does not ease my concerns that otherwise law abiding citizens will be subject to criminal prosecution.

Thank you.

I wish to have my vote on SB 355 to reflect a "Nay" vote. After reading more fully the Ligon amendment that passed, I do not feel it fully clarifies sections of the bill that subjects citizens to potential prosecution for failure to report incidents of suspected child abuse.

The definition of what constitutes child abuse is too vague and could subject citizens to prosecution for not reporting something that they do not believe rises to the level of abuse, (i.e. corporal punishment/spanking by parents).

I further believe that current law provides for the prosecution of anyone who has knowledge of the commission of a crime but withholds information.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

"46-2-5.

(a) There shall be a ~~chairman~~ chairperson of the commission. The chairperson shall be selected by a simple majority of the members of the commission. The chairperson currently serving on the effective date of this Code section shall serve for a term of office as chairperson until January 1, 2013, or until his or her term as a member of the commission shall expire, whichever is shorter. Each subsequent chairperson shall serve for a two-year term of office as chairperson or until his or her term as a member of the commission shall expire, whichever is shorter. Any three members of the commission may call for an election of a chairperson at any time prior to the end of the term of a chairperson; provided, however, that such elections shall not be held more than twice per calendar year, except in the case of a vacancy by the chairperson; and provided, further, that any chairperson so elected shall serve for a two-year term of office as chairperson or until his or her term as a member of the commission shall expire, whichever is shorter. No commissioner shall be elected or serve as chairperson for more than two consecutive terms. The chairman shall be selected on an annual basis. ~~(1) A member of the commission with less than one year of continuous unbroken service on the commission shall not be eligible to take office as chairman;~~

~~(2) A member of the commission who has previously served as chairman shall not be eligible to serve again as chairman until each other eligible member (i.e., each other member with more than one year of continuous service on the commission) has served as chairman or has deferred service as chairman;~~

~~(3) Subject to paragraphs (1) and (2) of this subsection, the most senior member of the commission who is eligible to serve as chairman shall be selected to the office of chairman; provided, however, that such member may elect to defer service as chairman for a period of one year, at the conclusion of which year such member shall resume his place at the head of the order of rotation for the chairmanship; and~~

~~(4) If in any year the foregoing rules fail to provide for a chairman because two or more members have equal seniority, then the member to serve as chairman shall be selected by lot.~~

~~(e) Anything in subsection (b) of this Code section to the contrary notwithstanding, the members of the commission may by unanimous vote of the members select any member as chairman for any given year for a term of office as chairman as specified in subsection (a) of this Code section.~~

SECTION 1.

An Act establishing the office of Commissioner of Roads and Revenues in the County of Coffee, approved March 26, 1937 (Ga. L. 1937, p. 1294), as amended, particularly by an Act approved March 15, 1994 (Ga. L. 1994, p. 3663), and an Act approved October 25, 2001 (Ga. L. 2001, Ex. Sess., p. 747), is amended by striking Sections 1 and 2 and inserting in lieu thereof the following:

"SECTION 1.

The Board of Commissioners of Coffee County which existed on December 31, 2011, is continued in existence but on and after the effective date of this Act, shall be constituted as provided in this Act. The Board of Commissioners of Coffee County so continued and constituted, sometimes referred to in this Act as the 'board,' shall continue to have the powers, duties, rights, obligations, and liabilities of that board as it existed immediately prior to January 1, 2012.

SECTION 2.

(a) Those members of the Board of Commissioners of Coffee County who are serving as such on December 31, 2011, and any person selected to fill a vacancy in any such office shall continue to serve as such members until the regular expiration of their respective terms of office and upon the election and qualification of their respective successors. On and after the effective date of this Act, the Board of Commissioners of Coffee County shall consist of five members all of whom shall be elected from commissioner districts described in subsection (b) of this section.

(b) For purposes of electing members of the board of commissioners, Coffee County is divided into five commissioner districts. One member of the board shall be elected from each such district. The five commissioner districts shall be and correspond to those five numbered districts described in and attached to and made a part of this Act and further identified as 'Plan: coffeecs-2012 Plan Type: local Administrator: coffee User: bak'.

(c) When used in such attachment, the terms 'VTD' shall mean and describe the same geographical boundaries as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia. The separate numeric designations in a district description which are underneath a 'VTD' heading shall mean and describe individual Blocks within a VTD as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia. Any part of Coffee County which is not included in any such district described in that attachment shall be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia. Any part of Coffee County which is described in that attachment as being in a particular district shall nevertheless not be included within such district if such part is not contiguous to such district. Such noncontiguous part shall instead be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia. Except as otherwise provided in the description of any commissioner district, whenever the description of such district refers to a named city, it shall mean the geographical boundaries of that city as shown on the census map for the United States decennial census of 2010 for the State of Georgia."

SECTION 2.

The Board of Commissioners of Coffee County shall through its legal counsel cause this Act to be submitted for preclearance under Section 5 of the federal Voting Rights Act of 1965, as amended; and such submission shall be made to the United States Department of Justice or filed with the appropriate court no later than 45 days after the date on which this Act is approved by the Governor or otherwise becomes law without such approval.

SB 364. By Senators Ligon, Jr. of the 3rd, Albers of the 56th, Rogers of the 21st, Carter of the 1st, Williams of the 19th and others:

A BILL to be entitled an Act to amend Part 3 of Article 6 of Chapter 2 of Title 20 of the Official Code of Georgia Annotated, relating to educational programs, so as to prohibit the use of standards based grading in grades four through 12; to provide for legislative findings; to provide for a definition; to provide for related matters; to repeal conflicting laws; and for other purposes.

The Senate Education and Youth Committee offered the following substitute to SB 364:

A BILL TO BE ENTITLED
AN ACT

To amend Part 3 of Article 6 of Chapter 2 of Title 20 of the Official Code of Georgia Annotated, relating to educational programs, so as to prohibit the use of standards based grading in grades four through 12; to provide for legislative findings; to provide for a definition; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

The General Assembly finds:

- (1) The weakness of the standards based grading system is its failure to differentiate among students who excel academically and those who merely meet minimal standards;
- (2) The assessment focus is on equal outcomes for all students, referred to as mastery of minimal standards, in which students can take as long as they need through the school year to meet standards without incurring grading penalties, and further, it removes grade averaging for all students, with a sole outcome based focus on meeting minimum standards;
- (3) Students who master a standard early in the academic year conclude the school year with the same assessment grade as a student who takes all year to master the standards, resulting in equalized outcomes that can reduce the individual incentive to excel;
- (4) This grading system penalizes students who excel academically, and in some cases, schools do not include an assessment scale that recognizes students who have mastered a standard above the proficient level;
- (5) This assessment system can place additional pressure on a teacher with a class of differentiated learners of all ability levels to disproportionately focus classroom time, attention, and resources on the students who have not meet the minimum proficiency levels, leaving little instructional attention for students who quickly master the standards;

- (6) When used in higher grades, standards based grading is often accompanied by the elimination of academic honors programs, academic societies, and academic awards and recognitions, including class rankings and valedictorian designations;
- (7) This lack of academic recognition and grade point averages can inhibit the competitiveness of Georgia students in college admissions;
- (8) The assessment includes the use of unreliable subjective measures, including peer judgments of a student's work and other collaborative models; and
- (9) When used in higher grade levels, standards based grading can also create confusion and difficulty for Georgia students transferring into other school districts or states with traditional grading, as well as with standards-based grading that utilizes a different scale or that is based on another state's curriculum standards.

SECTION 2.

Part 3 of Article 6 of Chapter 2 of Title 20 of the Official Code of Georgia Annotated, relating to educational programs, is amended by adding a new Code section to read as follows:

"20-2-159.6.

- (a) As used in this Code section, the term 'standards based grading system' means a multilayered process of measuring student progress and performance solely based on a checklist of curriculum content and performance standards representing only student mastery of minimum learning outcomes. Such grading system typically includes the replacement of traditional report cards by an assessment that is typically based on either a three-point or four-point scale. Such grading system is also known under alternate names, including, but not limited to, 'nongraded integrated education model,' a '3-2-1 report card,' 'skills based grading,' a 'standards based achievement report,' 'formative assessment,' or 'assessment for learning.'
- (b) Local school systems shall not utilize a standards based grading system in grades four through 12.
- (c) The State Board of Education shall establish consistent measures for use in standards based reporting in grades one through three for the purpose of facilitating the transfer of students between local school systems in Georgia.
- (d) The State Board of Education shall not be authorized to waive the provisions of this Code section pursuant to Code Section 20-2-82, 20-2-244, or 20-2-2065.
- (e) This Code section shall be effective beginning in school year 2012-2013.
- (f) This Code section shall not apply to any local school system which has received a waiver on or before June 30, 2012, from the State Board of Education to utilize a standards based grading system."

SECTION 3.

All laws and parts of laws in conflict with this Act are repealed.

Senators Jones of the 10th and Jackson of the 2nd offered the following amendment #1:

Amend the Senate Education and Youth Committee substitute to SB 364 (LC 33 4643S) by inserting after "definition;" on line 4 "to amend Code Section 20-3-519 of the Official Code of Georgia Annotated, relating to definitions relative to HOPE, so as to revise a definition;"

By inserting between lines 60 and 61 the following:

(B) The maintenance of a state-wide public safety information data base which shall be made available to the public at a reasonable fee and made available to all law enforcement agencies and state agencies free of charge; provided, however, that nonpublic case file information or other information not subject to public disclosure shall only be made available to approved law enforcement agencies;

(7) To deposit or otherwise invest funds held by it in any state depository or in any investment which is authorized for the investment of proceeds of state general obligation bonds and to use for its corporate purposes or redeposit or reinvest interest earned on such funds;

(8) To exercise any power granted by the laws of this state to public or private corporations which is not in conflict with the public purpose of the authority; and

(9) To do all things necessary or convenient to carry out the powers conferred by this Code section and to carry out such duties and activities as are specifically imposed upon the authority by law.

(m) The creation of the authority and the carrying out of its corporate purposes are in all respects for the benefit of the people of this state and are public purposes, and in no event shall the authority assess a fee against a sheriff's office, state agency, or local government of this state for access to the information compiled by the authority. The authority shall perform an essential government function in the exercise of the powers conferred upon it by this Code section. The authority shall not be required to pay taxes or assessments upon any property acquired or under its jurisdiction, control, possession, or supervision.

(n) Any action against the authority shall be brought in the superior court of the county in which its primary office is situated, and such court shall have exclusive, original jurisdiction of such actions; provided, however, that actions seeking equitable relief may be brought in the county of residence of any member of the authority.

(o) All money received by the authority pursuant to this Code section shall be deemed to be trust funds to be held and applied solely as provided in this Code section.

(p) The provisions of this Code section shall be deemed to provide an additional and alternative method for doing things authorized by this Code section and shall be regarded as supplemental and additional to powers conferred by the Constitution and laws of the State of Georgia and shall not be regarded as in derogation of any powers now existing."

SUBJECT: Fiscal Note
Senate Bill 312 Substitute
(LC 33 4686S)

Dear Senator Ligon:

This bill would require applicants for food stamps to engage in professional development activities as a condition of eligibility. Such professional development activities would include, for example, working toward a general education development (GED) diploma,

pursuing technical education, or enrolling in an adult literacy class. The Department of Human Services (DHS) would be required to take necessary steps, including revising applicable program rules, to implement the bill's program eligibility requirements. Applicable changes would initially be implemented in a five-county pilot program, prior to statewide implementation. The specific five counties that would be involved in the pilot program would be designated by the DHS and timeframes for expanding to a statewide basis are not stipulated. The bill stipulates that this Act would become effective only if funds are specifically appropriated for its purpose in an Appropriations Act that specifically refers to this Act.

Implementation of this bill in the five-county pilot program is estimated to cost a total of approximately \$23 million annually and would be subject to approval of a state plan amendment from the appropriate federal agency. Subsequent to this expenditure, it is assumed that the state would be reimbursed 50% by federal funds, as DHS explained this is the current federal reimbursement level for food stamp administration expenses, although direct food stamp client benefits are 100% federally funded. It should be noted that these pilot program costs were calculated by taking 3.14% (representing the five pilot program counties as a percentage of the state's entire 159 counties) of the bill's estimated total statewide impact, which totals about \$772 million, comprised of \$365.2 million in state costs and an assumption of receiving the remaining \$406.8 million in federal funds. Actual costs of the pilot program could vary substantially, depending upon the specific demographics of any particular five counties that may be selected for the pilot program. Additionally, although it may be assumed that the bill could result in an increased likelihood of food stamp recipients obtaining employment and leaving the food stamp program, no offsetting state savings were calculated. This is because direct food stamp benefits are 100% federally funded and also because food stamp clients who obtain employment may still qualify for food stamp benefits, depending upon their respective employment income levels.

It should also be noted that the costs presented in this fiscal note do not include any eventual expenditures that may be needed to increase the state's capacity to provide GED, technical education, adult literacy, and other "professional development" classes to any increased number of adults enrolling in such classes as a result of this bill. The DHS estimates that, statewide, over 400,000 adults may be covered and that the bill's stipulated pilot program could result in over 12,000 adults (3.14% of the total) being covered. Information was not readily available, however, to accurately estimate how many of these adults may eventually become enrolled in "professional development" classes and, consequently, necessitate additional state expenditures to accomplish provision of such services to enrollees.

Assuming federal reimbursement is received for 50% of the \$23 million total expenditures resulting from the bill's stipulated pilot program, the state's net cost would total approximately \$11.5 million annually. As outlined below and explained in

subsequent paragraphs, most of these costs would result from providing affiliated employment and training services to food stamp program participants. The federal Supplemental Nutrition Assistance Program Employment and Training (SNAP-ET) Program pertains to the type of “professional development” activities stipulated in the bill and requires that participants be reimbursed for all expenses that are reasonable, necessary, and directly related to participation in the program. Resultantly, the state’s \$11.5 million increased annual expenditures would be comprised of approximately: \$7.85 million for providing child care services to the children of parents who are enrolled in such “professional development” activities; \$2.0 million for transporting participating adults to such activities; \$1.3 million for related costs to attend; and about \$368,000 for DCH’s increased costs associated with determining and monitoring participants’ eligibility. An additional \$1.3 million was estimated by the DHS to contract with a firm to contact, assess, and direct all affiliated adult participants to the appropriate professional development training. This \$1.3 million would be 100% reimbursed by the federal government, according to the DHS, up to a maximum of \$2 million annually.

The \$7.85 million for child care services was derived by estimating that approximately 4,900 children between the ages of six and 13 would need after-school care while parents were engaged in professional development services, at an annual cost of about \$3,000 per child (50% of which would be federally reimbursed). The remaining balance of this cost would be for expansion of the DHS’ eligibility system and program support to assess, process, and monitor such child care service aspects.

The \$2.0 million for transportation services was estimated by assuming that each of the 12,000 adults would utilize approximately three months of transportation services to/from related professional development services, at an average monthly cost of slightly more than \$106 per participant (50% of which would be federally reimbursed).

The \$1.3 million of related costs covers the state’s portion of costs for participant expenses such as books, tools, clothing, etc. relating to their attending such professional development activities.

The \$368,000 cost element is the state’s portion of estimated expenses for handling the increased participant workload, including: an additional 14 staff to process applications, renewals, and case changes; affiliated support costs, such as phones and office space; and affiliated computer service fees related to Georgia Enterprise Technology Services.

SUBJECT: Fiscal Note
Senate Bill 292 (LC 33 4358)

Dear Senator Albers:

This bill would require applicants for both Temporary Assistance for Needy Families (TANF) and Georgia Medicaid to undergo drug testing as a condition for receiving benefits. Those testing positive for controlled substances would be ineligible to receive

TANF and/or Medicaid benefits for specified time periods. The state Department of Human Services (DHS) would be required to select which particular type of drug test to adopt and to develop regulations applicable to the drug testing function for TANF applicants. The Department of Community Health (DCH) would be required to do likewise for applicants of medical assistance.

Dependent children under the age of 18 would be exempt; however, parents of dependent children who receive TANF and/or Medicaid benefits would be subject to such testing as well as protective payees, who are designated adults receiving benefits on behalf of the dependents. The cost of the drug tests would be the responsibility of the applicant. However, TANF applicants whose test results are negative would receive reimbursement in the form of an increase in their initial TANF benefit. Additionally, regarding Medicaid applicants whose test results are negative, the bill directs DCH to increase the amount of the person's initial medical assistance by the amount they paid for the drug testing.

Overall, the bill's fiscal impact is presented through the following two distinct considerations: 1) an estimated annual cost, ranging from approximately \$20.4 million to \$48 million each year, to administer the TANF and Medicaid drug testing functions and 2) an estimated reduction in TANF and Medicaid benefit expenditures totaling approximately \$16.5 million annually, based upon the extent to which applicants may test positive for drugs and, consequently, be ineligible to receive benefits. Resultantly, the net fiscal impact of implementing the bill is estimated to cost from \$3.8 million to \$31.5 million annually. It should be noted that these figures are based upon the bill's provisions of testing TANF and Medicaid applicants and, consequently, do not consider testing TANF and Medicaid recipients during subsequent annual benefit renewal periods. The following two sections provide more detailed information regarding these cost estimates regarding TANF and Medicaid.

XVIII. Fiscal Impact of Drug Testing for TANF Applicants

To implement the TANF portion of this bill, it is estimated that there would be: 1) an estimated annual cost, ranging from approximately \$567,000 to \$834,000, to administer the drug testing function and 2) an estimated reduction in TANF benefit expenditures of approximately \$441,000 annually, based upon the extent to which applicants may test positive for drugs and, consequently, be ineligible to receive TANF benefits. Resultantly, the net fiscal impact of implementing the TANF portion of this bill is estimated to cost from \$126,000 to \$393,000 annually. As noted earlier, these figures are based upon the bill's provisions of testing TANF applicants and, consequently, do not consider testing TANF recipients during subsequent annual benefit renewal periods. The analysis also does not consider that individuals who fail the drug test can reapply for benefits multiple times within the year.

The overall annual cost of administering the drug testing function is estimated to total from \$567,000 to \$834,000, primarily depending upon the specific type of drug testing

adopted by the DHS. For example, the cost of each drug test through a urine sample method is estimated to cost about \$28.50 while utilizing a saliva swab method is estimated to cost about \$14.00. The drug testing portion of these annual costs is estimated to total from about \$257,000 (via the saliva swab method) to about \$524,000 (via the urine sample method). This is based upon DHS information, showing that there are approximately 19,200 new applicants for TANF each year (1,600 each month) who meet current TANF eligibility requirements and reducing this total by the number who may test positive for substance abuse and would, thereby, be responsible for the cost of their respective drug test. It should be noted that there are another 64,800 TANF applicants annually (5,400 per month) who do not meet existing TANF eligibility requirements, such as mandatory work activity and income-level restrictions. As these applicants are already being deemed ineligible for TANF, they are not included within the equation of this bill's impact.

The remaining \$310,000 in administrative cost is for additional DHS personnel. The DHS expects that two additional positions would be needed to coordinate the overall drug testing function and five additional personnel would be needed to process drug testing reimbursements to applicants who test negative.

Annually, the offsetting reduction in TANF benefit expenditures, based upon the drug testing function preventing applicants with positive drug test results from receiving TANF benefits, is estimated to total about \$441,000. This figure is based upon 25% (4,800) of the total 19,200 new TANF applicants each year, as this percentage represents TANF households headed by a parental adult. In such households, the average portion of TANF benefits that would be cut when the parental adult tests positive was estimated by DHS at \$45 per month. In the remaining 75% (14,400) of TANF applicant cases, DHS indicated that non-parental adult protective payees are heading the households and no TANF benefits are paid to them; consequently, no such TANF benefits would be cut if these non-parental adults tested positive for substance abuse. To arrive at the estimated \$441,000 reduction of benefits that may occur, only 17% (816) of the above 4,800 parental adult figure is used, as this percentage represents the proportion of adults in Georgia (in the 18-25 age category) who used illicit drugs, according to a 2007 model-based study by the federal Department of Health and Human Services.

This \$441,000 is likely a liberal presentation of the possible estimated reduction of TANF benefit payments applicable through the bill, as it reflects ineligibility for a full year - while the bill stipulates that applicants who test positive are ineligible for time periods of less than 12 months and may reapply per the following timetable:

- for a first positive drug test result, one month of ineligibility;
- for a second positive drug test result, three months of ineligibility; and
- for a third positive drug test result, one year of ineligibility, but allowed to reapply after six months if a substance abuse treatment program is completed.

Compared to the estimated net fiscal cost to implement this bill in Georgia, a report by the Foundation of Government Accountability regarding a similar drug testing function recently implemented in Florida's TANF Program shows estimated savings of \$923,000 the first month and over \$9 million in savings projected annually. However, in reviewing the report and contacting the Florida program, we found that:

- These reported savings are based upon 574 TANF applicants labeled in the report as “drug-related denials” although the report clearly states that only nine of these 574 applicants were denied for a “drug-related reason” or a “positive test.”
- The report further states that the remaining 565 applicants were “missing drug test results” and “almost all remaining applicants never completed a drug test.”
- These reported \$923,000 monthly savings include no offset for the cost of administering Florida's function, although the number of TANF applicants in Florida is, reportedly, more than five times greater than in Georgia (37,400 applicants per month in Florida versus Georgia's estimated 7,000).
- The Florida savings calculations use a monthly TANF benefit amount to each applicable adult that is three times Georgia's monthly amount (\$134 versus Georgia's \$45).

XIX. Fiscal Impact of Drug Testing for Medicaid Applicants

To implement the Medicaid portion of this bill, it is estimated that there would be: 1) an estimated annual cost of approximately \$19.8 million to administer the drug testing function; 2) approximately \$27.3 million in state funds to cover Medicaid benefits during the time period applicants would be presumed eligible pending drug test results; and 3) an estimated reduction in Medicaid benefit expenditures of approximately \$16.1 million annually, based upon the extent to which applicants may test positive for drugs and, consequently, be ineligible to receive Medicaid benefits. Resultantly, (depending upon whether state funds would be required to cover periods of applicants' presumed eligibility), the net fiscal impact of implementing the Medicaid portion of this bill is estimated to cost from \$3.7 million to \$31 million annually. As noted earlier, these figures are based upon the bill's provisions of testing Medicaid applicants and, consequently, do not consider testing such recipients during subsequent annual benefit renewal periods. The analysis also does not consider that individuals who fail the drug test can reapply for benefits multiple times within the year, as with TANF.

The annual cost of administering the drug testing function is estimated to total about \$19.8 million. The drug testing portion of these annual costs is estimated to total approximately \$16.5 million via the urine sample method, which would cost about \$28.50 per test. This is based upon DCH information, showing that there are approximately 700,000 new applicants for Medicaid annually, including Low Income Medicaid as well as Aged, Blind, and Disabled Medicaid applicants. Of these applicants, 119,000 (17%) may test positive for substance abuse and would, thereby, be responsible for the cost of their respective drug test. The state would be required to reimburse the cost

of the drug tests through Medicaid for the remaining 581,000 applicants whose test results are negative. Although this cost is based on using urine samples, the DCH noted that blood tests have been determined to be more reliable but would be more expensive, at a cost of about \$34 each.

The remaining \$3.3 million represents annual administrative costs of the drug testing function including: approximately \$99,000 per year for a program specialist to operate the program; \$128,000 per year for an attorney to handle administrative hearings, appeals, and program oversight; and \$50,000 for IT system revisions and maintenance. Additionally, approximately \$3 million per year is estimated for the vendor currently handling Medicaid eligibility to administer the bill's procedural requirements, including handling lab education and compliance oversight and providing notice of adverse test results to applicable parties.

Information provided by the DCH indicates that the state could be liable for approximately \$27.3 million in Medicaid benefits coverage during the period that Medicaid applicants meet existing eligibility requirements and are awaiting the results of the bill's added drug testing results criterion. State funding liability for this added eligibility criterion is likely, according to the DCH, as the federal Centers for Medicare and Medicaid Services (CMS) may not approve drug testing as an authorized Medicaid eligibility criterion (see later paragraphs regarding DCH legal staff explanations). In order to implement the drug testing requirement, the DCH indicated that they would need to submit a Medicaid State Plan amendment to the federal CMS. If such an added drug testing criterion is not approved beyond existing, approved eligibility criteria, applicants would be presumed eligible for Medicaid benefits upon meeting existing criteria. Consequently, state funds would be necessary to cover any time period during which applicants would be presumed eligible and awaiting drug test results. It was estimated that such time period would be about one month. The \$27.3 million estimate was based upon this time period applying to about 17% of Medicaid applicants (which is the percentage that research indicates may test positive) or about 119,000 individuals at a current Medicaid per capita monthly payment rate to care management organizations of \$230.

Regarding individuals whose test results are negative, the bill requires DCH to "increase the amount of the initial medical assistance by the amount paid by the individual for the drug testing." However, in Georgia's Medicaid Program, Medicaid payments are not made to individuals. Instead, the state pays contracted care management organizations based upon a per capita Medicaid beneficiary amount. Consequently, to implement the bill's requirement, the DCH would be required to obtain authorization from CMS to issue medical assistance payment amounts to individual applicants who have negative test results. While DCH indicated that it may be possible to handle such payments through its Medicaid Management Information System (MMIS), this would require significant revision to the MMIS at a cost that would likely exceed several hundred thousand dollars.

Annually, the offsetting reduction in Medicaid benefit expenditures, based upon the drug testing function preventing applicants with positive drug test results from receiving Medicaid benefits, is estimated to total about \$16.1 million. DCH estimates that 59% (413,000) of the 700,000 annual Medicaid applicants will be approved for benefits and that 17% of these approved individuals (totaling about 70,210) will test positive for drugs. This percentage represents the proportion of adults in Georgia (in the 18-25 age category) who used illicit drugs, according to a 2007 model-based study by the federal Department of Health and Human Services. To arrive at the estimated \$16.1 million reduction of benefits that may occur, the per capita rate of \$230 per month paid to care management organizations was applied to the 17% of individuals who may test positive for drugs.

Other points regarding implementation of this bill were noted by the DCH's legal staff, which may further impact fiscal considerations. As presented by the DCH, these points include:

1. Currently, federal regulations do not support drug testing for Medicaid applicants, as the federal Social Security Act (Title XIX) does not authorize criteria other than income, resources, and medical condition as eligibility criteria for Medicaid benefits. While the state is given latitude to establish Medicaid eligibility criteria, such criteria must meet the objectives of the Social Security Act and address the potential recipients' income and resource availability.
2. Given this lack of federal authority to use drug testing as a condition for Medicaid eligibility, it is unlikely that the federal CMS would approve a submitted Medicaid State Plan Amendment to permit this change in Medicaid eligibility criteria.
3. The State may anticipate litigation to result from the bill's drug testing requirement as a drug test may be considered a "search" under the U.S. Constitution. While there is a class of constitutionally permissible suspicionless searches, the Supreme Court has ruled that the submission to a drug test amounts to an unconstitutional suspicionless search that does not meet the "special needs" test. Successful application of the "special needs" test is predicated upon balancing an individual's private interests against public needs.
4. If an applicant fails the drug test, the bill outlines a staggered application and approval protocol based upon the number of times that the applicant fails the test. However, appeal rights attach at the time of application. Therefore, each time an applicant fails the drug test, he or she may appeal the denial of benefits. An applicant alleging constitutional violations associated with this denial may request, or a judge may require, that those constitutional issues be addressed at Superior Court, requiring representation from an attorney at the Attorney General's Office.

5. State caseworkers represent the state's interests in eligibility determination cases. There could be an increase in the number of hearings resulting from applicants that either refuse to take the test or who fail the test. The state can incur additional litigation costs associated with securing witnesses to testify to the validity of the test and chain of custody. This does not include administrative costs for the Office of State Administrative Hearings to process appeals and send judges to hear such cases.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

This Act shall be known and may be cited as the "Social Responsibility and Accountability Act."

SECTION 2.

It is the intent of the General Assembly to:

- (1) Ensure that TANF funds are ultimately utilized for the intended purpose of alleviating the effects of poverty and are not diverted to illicit drug use;

- (2) Protect children of poverty by ensuring such funds strengthen family life and reduce the danger that illicit drugs will be introduced into the home environment;
- (3) Assist adults addicted to drugs to avoid the temptation and restructure their lives by focusing on employment and becoming better parents; and
- (4) Ensure that the government does not subsidize the public health risk posed by drug use and the associated criminal activities.

SECTION 3.

Article 9 of Chapter 4 of Title 49 of the Official Code of Georgia Annotated, relating to temporary assistance for needy families, is amended by adding a new Code section to read as follows:

"49-4-193.

(a) As used in this Code section, the term 'established drug test' means the collection and testing of bodily fluids administered in a manner equivalent to that required by the Mandatory Guidelines for Federal Workplace Drug Testing Programs (53 C.F.R. 11979, et seq., as amended) or other professionally valid procedures approved by the department; provided, however, that where possible and practicable, a swab test shall be used in lieu of a urinalysis.

(b) The department shall adopt rules and regulations for an established drug test which shall include the following:

(1) Which illegal drugs will be the subject of testing;

(2) Methods for assuring minimal privacy intrusions during collection of body fluid specimens for such testing;

(3) Methods for assuring proper storage, transportation, and handling of such specimens in order to ensure the integrity of the testing process;

(4) The identity of those persons entitled to the results of such tests and methods for ensuring that only authorized persons are given access to such results;

(5) A list of laboratories qualified to conduct established drug tests;

(6) A list of approved substance abuse treatment providers;

(7) Procedures for persons undergoing drug testing, prior to the collection of body fluid specimens for such testing, to provide information regarding use of any drug pursuant to a medical prescription or as otherwise authorized by law which may affect the results of such test;

(8) A requirement that the test be conducted no later than 48 hours after the application is approved by the department for TANF eligibility. Proof of eligibility from the department shall be issued to the applicant. The applicant shall show proof of eligibility to an authorized test examiner prior to submitting to the test; and

(9) A requirement that any applicant who demonstrates proof of active and current Medicaid benefits shall pay a drug screening application fee of no more than \$17.00, and no authorized test examiner shall conduct a drug test if an applicant demonstrates active and current Medicaid benefits unless the applicant presents a receipt proving that he or she has paid the required drug screening application fee. Eligible applicants who do not have active and current Medicaid benefits shall be responsible for paying

the full cost of administering the drug test upon presentation to an authorized examiner.

(c) The department shall require a drug test consistent with subsection (b) of this Code section to screen each individual who applies for assistance. The cost of drug testing shall be the responsibility of the individual tested, provided that the individual does not submit proof of active Medicaid benefits to subsidize the cost of such drug testing pursuant to paragraph (9) of subsection (b) of this Code section. No assistance payment shall be delayed because of the requirements of this Code section, and any payments made prior to the department's receipt of a test result showing a failure shall be recoverable.

(d) Any recipient of cash assistance under this article who tests positive for controlled substances as a result of a drug test required under this Code section shall be ineligible to receive TANF benefits as follows:

(1) For a first positive result, the recipient shall be ineligible for TANF benefits for one month and until he or she tests negative in a retest;

(2) For a second positive result, the recipient shall be ineligible for TANF benefits for three months and until he or she tests negative in a retest; and

(3) For a third and each subsequent positive result, the recipient shall be ineligible for TANF benefits for one year and until he or she tests negative in a retest unless the individual meets the requirements of subsection (f) of this Code section.

(e) The department shall:

(1) Provide notice of drug testing to each individual at the time of application. The notice shall advise the individual that drug testing will be conducted as a condition for receiving TANF benefits and that the individual shall bear the cost of testing. If the individual tests negative for controlled substances, the department shall increase the amount of the initial TANF benefit by the amount paid by the individual for the drug testing. However, if the individual used an active and current Medicaid benefit pursuant to paragraph (9) of subsection (b) of this Code section to subsidize the cost of the test, the individual shall not be eligible for direct TANF reimbursement. The individual shall be advised that the required drug testing may be avoided if the individual does not apply for TANF benefits. Dependent children under the age of 18 are exempt from the drug testing requirement;

(2) Require that for two-parent families, one parent shall comply with the drug testing requirement;

(3) Require that any teen parent who is not required to live with a parent, legal guardian, or other adult caretaker relative shall comply with the drug testing requirement;

(4) Advise each individual to be tested, before the test is conducted, that he or she may, but is not required to, advise the agent administering the test of any prescription or over the counter medication he or she is taking;

(5) Require each individual to be tested to sign a written acknowledgment that he or she has received and understood the notice and advice provided under paragraphs (1) and (4) of this subsection;

- (6) Assure each individual being tested a reasonable degree of dignity while producing and submitting a sample for drug testing, consistent with the state's need to ensure the reliability of the sample;
- (7) Specify circumstances under which an individual who fails a drug test has the right to take one or more additional tests;
- (8) Inform an individual who tests positive for a controlled substance and is deemed ineligible for TANF benefits for one year pursuant to paragraph (3) of subsection (d) of this Code section that the individual may reapply for those benefits six months after the date of the positive drug test if he or she meets the requirements of subsection (f) of this Code section; and
- (9) Provide any individual who tests positive with a list of substance abuse treatment providers approved by the department which are available in the area in which he or she resides. Neither the department nor the state shall be responsible for providing or paying for substance abuse treatment.
- (f) An individual who tests positive for an illegal drug and is denied TANF benefits for one year may reapply for TANF benefits after six months if the individual can document the successful completion of a substance abuse treatment program offered by a provider approved by the department. An individual who has met the requirements of this subsection and reapplies for TANF benefits shall also pass an initial drug test and meet the requirements of subsection (c) of this Code section. Any drug test conducted while the individual is undergoing substance abuse treatment shall meet the requirements of subsection (b) of this Code section. The cost of any drug testing provided under this Code section and substance abuse treatment shall be the responsibility of the individual being tested and receiving treatment. An individual who fails the drug test required under subsection (c) of this Code section may reapply for TANF benefits under this subsection only once.
- (g) If a parent is deemed ineligible for TANF benefits as a result of failing a drug test conducted under this Code section:
- (1) The dependent child's eligibility for TANF benefits shall not be affected;
 - (2) An appropriate protective payee shall be designated to receive benefits on behalf of the child; and
 - (3) The parent may choose to designate another individual to receive benefits for the parent's minor child. The designated individual must be an immediate family member or, if an immediate family member is not available or the family member declines the option, another individual approved by the department. If the designated individual tests positive for controlled substances, he or she shall be ineligible to receive benefits on behalf of the child.
- (h) The results of any drug test done according to this Code section shall not be subject to disclosure under Article 4 of Chapter 18 of Title 50, relating to inspection of public records. Such results shall not be used as a part of a criminal investigation or criminal prosecution. Such results shall not be used in a civil action or otherwise disclosed to any person or entity without the express written consent of the person tested or his or

her heirs or legal representative. All such records shall be destroyed and deleted five years after the date of the test.

(i) No testing shall be required by the provisions of this Code section for any person whom the department determines is significantly hindered, because of a physical or mental handicap or developmental disability, from doing so or for any person enrolled in an enhanced primary care case management program operated by the Department of Community Health, Division of Medical Assistance to serve frail elderly and disabled beneficiaries to improve the health outcomes of persons with chronic health conditions by linking primary medical care with home and community based services.

(j) The department shall adopt rules to implement this Code section."

SUBJECT: Fiscal Note
Senate Bill 292 Substitute
(LC 21 1745S)

Dear Chairman Unterman:

This bill would require Temporary Assistance for Needy Families (TANF) applicants to undergo drug testing as a condition for receiving benefits. Those testing positive for

controlled substances would be ineligible to receive TANF benefits for specified time periods. The state Department of Human Services (DHS) would be required to develop applicable regulations. The bill stipulates that, where possible and practicable, a (saliva) swab test be used in lieu of a urinalysis to test for the presence of drugs. Further, the bill precludes from such testing any person whom the department determines is significantly hindered due to a physical or mental handicap or developmental disability or any person enrolled in certain Medicaid programs serving the frail elderly and disabled. Dependent children under the age of 18 would also be exempt; however, parents of TANF dependents would be subject to such testing as well as protective payees, who are designated adults receiving TANF benefits on behalf of TANF dependents.

Those TANF applicants who have current Medicaid coverage would pay no more than a \$17 drug screening application fee. Regarding such applicants, the bill specifies that Medicaid benefits would subsidize the cost of such drug testing. Applicants who do not have Medicaid coverage would be responsible for paying the full cost of the drug test. However, unlike applicants who have Medicaid coverage, applicants without Medicaid coverage whose test results are negative would receive reimbursement in the form of an increase in their initial TANF benefit that equals the amount they paid for the drug testing.

To implement this bill, it is estimated that there would be: 1) an annual cost of approximately \$161,500 to administer the drug testing function; 2) estimated revenue of \$228,000 in fees collected from the drug screening application fee (this assumes a \$17 application fee); and 3) an estimated reduction in TANF benefit expenditures of approximately \$37,000 annually, based upon the extent to which applicants may test positive for drugs and, consequently, be ineligible to receive TANF benefits. Resultantly, the fiscal impact of the bill could range from a net cost of approximately \$84,500 to a positive budget impact of about \$103,000 annually, as explained below.

The overall annual cost of administering the drug testing function is estimated to total \$161,500. The drug testing portion of these annual costs is estimated to total about \$69,500 using the saliva swab method. This is based upon DHS information, showing that there are approximately 19,200 new applicants for TANF each year who meet current TANF eligibility requirements and that an estimated 816 of these applicants will likely test positive for substance abuse and, consequently, not be eligible for reimbursement of their respective drug test cost (explained more fully in later paragraphs). Of the remaining 18,384 applicants with negative test results, an estimated 4,964 (27%) would not have Medicaid coverage and the state would be required to reimburse them for the full cost of their respective drug test. The remaining estimated 13,420 (73%) applicants with negative drug test results would have Medicaid coverage that, according to the bill, would subsidize the cost of their drug test and they would be required to pay the drug screening application fee. The DHS expects to collect an estimated \$228,000 annually through these fees (assuming this fee is \$17).

It should be noted that these figures are based upon the bill's presumption that Medicaid benefits would subsidize the cost of all drug tests for applicants who have Medicaid coverage. However, while drug tests are a covered Medicaid procedure, there may be a resulting cost to the state if these are done via a required application process as stipulated through this bill. If such tests are not deemed medically necessary, the state may be unable to utilize Medicaid benefits. Consequently, the state may be liable for the costs, which could total an additional \$188,000. This is based upon an estimated 13,420 TANF applicants annually who would have Medicaid coverage and obtain a drug test through the saliva swab method at \$14 each.

The remaining \$92,000 estimated cost of administering the drug testing function is for additional DHS personnel. The DHS expects that one additional position would be needed to coordinate the overall drug testing function and another position would be needed to process drug testing reimbursements to applicants who test negative.

Annually, the offsetting reduction in TANF benefit expenditures, based upon the drug testing function preventing applicants with positive drug test results from receiving TANF benefits, is estimated to total about \$37,000. This figure is based upon 25% (4,800) of the total 19,200 new TANF applicants each year, as this percentage represents TANF households headed by a parental adult. In such households, the average portion of TANF benefits that would be cut when the parental adult tests positive was estimated by DHS at \$45 per month. In the remaining 75% (14,400) of TANF applicant cases, DHS indicated that non-parental adult protective payees are heading the households and no TANF benefits are paid to them; consequently, no such TANF benefits would be cut if these non-parental adults tested positive for substance abuse. To arrive at the estimated \$37,000 reduction of benefits that may occur, only 17% (816) of the above 4,800 parental adult figure is used, as this percentage represents the proportion of adults in Georgia (in the 18-25 age category) who used illicit drugs, according to a 2007 model-based study by the federal Department of Health and Human Services.

Respectfully,

/s/ Russell W. Hinton
State Auditor

A RESOLUTION urging the United States Congress to adopt and to submit to the states a balanced budget amendment to the United States Constitution and to balance our current budget; and for other purposes.

The Senate Government Oversight Committee offered the following substitute to SR 766:

A RESOLUTION

Urging the United States Congress to adopt and to submit to the states a balanced budget amendment to the United States Constitution and to balance our current budget; and for other purposes.

WHEREAS, the gravity of federal debt and federal obligations was established early in American history with deficits occurring only in relation to extraordinary circumstances, such as war; and

WHEREAS, for much of the 20th century and into the 21st, the United States has operated on a budget deficit, including the 2010 budget year which surpassed an astounding \$1.3 trillion; and

WHEREAS, the federal debt is greater than \$16 trillion, a sum that if shared equally by each person in America would be a burden of over \$45,000.00 per person, and yet the federal government continues to accrue debt; and

WHEREAS, the higher the deficit, the more the government must spend on paying interest on the debt; and

WHEREAS, compounding the debt problem is the use of deficit spending, which becomes a responsibility for future generations of Americans to assume without their consent; and

WHEREAS, Congress has attempted to set budgetary restraints for itself in the form of a balanced budget amendment, which won wide support in 1995, failing by only one vote in the United States Senate; and

WHEREAS, many states have previously requested that Congress propose a constitutional amendment requiring a balanced budget; and

WHEREAS, the growing burden of public debt is a threat to this nation's economic health, and action must be taken to restore fiscal responsibility; and

WHEREAS, a balanced budget amendment would require the federal government not to spend more than it receives in revenues and compel lawmakers to carefully consider choices about spending and taxes; and

WHEREAS, by encouraging spending control and discouraging deficit spending, a balanced budget amendment will help put this nation on the path to lasting prosperity; and

WHEREAS, in the meantime, Congress should take the appropriate steps to adopt for the current year and subsequent fiscal years a balanced budget so that the nation will live within its means and thereby allow us to begin to reduce our massive accumulation of debt.

NOW, THEREFORE, BE IT RESOLVED BY THE GENERAL ASSEMBLY that the members of this body hereby respectfully urge the Congress of the United States to propose and submit to the states for ratification an amendment to the United States Constitution providing that, except during a war declared by the Congress of the United States pursuant to Article I, Section 8, Clause 11 of the United States Constitution or other national emergency, the total of all federal appropriations for a fiscal year may not exceed the total of all estimated federal revenue for that fiscal year and also providing for a spending limitation.

BE IT FURTHER RESOLVED that the members of this body respectfully urge the Congress of the United States to begin adopting balanced budgets starting with this fiscal year.

BE IT FURTHER RESOLVED that the Secretary of the Senate is authorized and directed to transmit an appropriate copy of this resolution to the President of the United States, to the Speaker of the House of Representatives and the President of the Senate of the United States Congress, and to all the members of the Georgia congressional delegation with a request that this resolution be officially entered in the Congressional Record as a memorial to the Congress of the United States of America.

On the adoption of the substitute, there were no objections, and the committee substitute was adopted.

The report of the committee, which was favorable to the adoption of the resolution by substitute, was agreed to.

SR 848. By Senators Tolleson of the 20th, Shafer of the 48th, Bulloch of the 11th and Grant of the 25th:

A RESOLUTION urging Congress to prohibit the Environmental Protection Agency (EPA) from further regulating greenhouse gas emissions without a comprehensive economic and environmental study; and for other purposes.

The Senate Natural Resources and the Environment Committee offered the following substitute to SR 848:

A RESOLUTION

Urging Congress to prohibit the Environmental Protection Agency (EPA) from further regulating greenhouse gas emissions without a comprehensive economic and environmental study; and for other purposes.

WHEREAS, the Senate supports reasonable and responsible air quality regulations that take all factors, both economic and environmental, into account for the benefit of the citizens of Georgia; and

WHEREAS, the United States Environmental Protection Agency (EPA) has proposed or is proposing numerous new regulations, particularly in the area of air quality and regulation of greenhouse gases, that will have major effects on consumers, the economy, jobs, and U.S. competitiveness in worldwide markets, especially in Georgia; and

WHEREAS, concern is growing that, with cap-and-trade legislation having failed in Congress, the EPA is attempting to obtain the same results through the adoption of numerous concurrent regulations; and

WHEREAS, the EPA's proposed over-reaching regulations will drive jobs and industry out of Georgia and much of the United States in general; and

WHEREAS, the EPA has not undertaken any comprehensive study of the cumulative effect of the proposed new regulatory activity on consumers, the economy, jobs, competitiveness, and system reliability; and

WHEREAS, the EPA has not performed any comprehensive study of what the environmental benefits of its recently enacted and proposed emissions (new versus existing) and greenhouse regulations will be in terms of impact on regional air and water quality or global climate change; and

WHEREAS, state agencies in Georgia are routinely required to identify the costs of their regulations and to justify those costs relative to the benefits; and

WHEREAS, since the EPA has identified "taking action on climate change and improving air quality" as its first strategic goal for the 2011-15 time period, it should be required to identify the specific actions it intends to take to achieve these goals and to assess the total cost of all these actions together; and

WHEREAS, the South is rich in natural resources, and has historically provided more than half of our nation's energy supply; and

WHEREAS, more than 85 percent of our nation's energy supply comes from coal, natural gas, and crude oil, and the greatest regional supplier of these three fuels is the South; and

WHEREAS, based on a 2008 Bureau of Labor Statistics study, seven of the top ten states ranked by manufacturing jobs per capita are in the South; and

WHEREAS, the Georgia Senate supports continuing improvements in the quality of the nation's air but believes that such improvements can be made in a sensible fashion without damaging consumers and the economy so long as there is a full understanding of the cost benefit of the regulations at issue; and

WHEREAS, the primary goal of government at this time must be to promote economic recovery and to foster a stable and predictable business environment that will lead to the creation of jobs.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE that the members of this body urge Congress to adopt legislation prohibiting the EPA by any means necessary from regulating greenhouse gas emissions or enacting any new air quality regulations without first undertaking a comprehensive study of the environmental and economic impact of the regulations, and requiring the Obama Administration to undertake a further study to identify all regulatory activity that the EPA intends to undertake in the furtherance of its goals.

BE IT FURTHER RESOLVED that the Secretary of the Senate is authorized and directed to transmit an appropriate copy of this resolution to each member of the Georgia congressional delegation.

On the adoption of the substitute, there were no objections, and the committee substitute was adopted.

The report of the committee, which was favorable to the adoption of the resolution by substitute, was agreed to.

On the adoption of the resolution, a roll call was taken, and the vote was as follows:

A BILL TO BE ENTITLED
AN ACT

To amend Part 1 of Article 2 of Chapter 5 of Title 48 of the Official Code of Georgia Annotated, relating to ad valorem tax exemptions, so as to revise and change certain provisions regarding applications for, waiver of, denial of, renewal of, and granting of freeport exemptions; to provide for level 1 and level 2 freeport exemptions; to provide for applicability to business inventory; to provide for procedures, conditions, and limitations; to provide an effective date; to provide for severability; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Part 1 of Article 2 of Chapter 5 of Title 48 of the Official Code of Georgia Annotated, relating to ad valorem tax exemptions, is amended by revising Code Section 48-5-48.1,

relating to freeport exemption applications, waivers, denials, and renewals, as follows:
"48-5-48.1.

(a) Any person, firm, or corporation seeking ~~an~~ a level 1 freeport exemption from ad valorem taxation of certain tangible personal property inventory when such exemption has been authorized by the governing authority of any county or municipality after approval of the electors of such county or municipality pursuant to the authority of the Constitution of Georgia or Code Section 48-5-48.2 shall file a written application and schedule of property with the county board of tax assessors on forms furnished by such board. Such application shall be filed in the year in which exemption from taxation is sought no later than the date on which the tax receiver or tax commissioner of the county in which the property is located closes ~~his~~ the books for the return of taxes.

(b) The application for the ~~tangible personal property inventory~~ level 1 freeport exemption shall provide for:

(1) A schedule of the inventory of goods in the process of manufacture or production which shall include all partly finished goods and raw materials held for direct use or consumption in the ordinary course of the taxpayer's manufacturing or production business in the State of Georgia;

(2) A schedule of the inventory of finished goods manufactured or produced within the State of Georgia in the ordinary course of the taxpayer's manufacturing or production business when held by the original manufacturer or producer of such finished goods; and

(3) A schedule of the inventory of finished goods which on January 1 are stored in a warehouse, dock, or wharf, whether public or private, and which are destined for shipment outside the State of Georgia and the inventory of finished goods which are shipped into the State of Georgia from outside this state and which are stored for transshipment to a final destination outside this state. The information required by Code Section 48-5-48.2 to be contained in the official books and records of the warehouse, dock, or wharf where such property is being stored, which official books and records are required to be open to the inspection of taxing authorities of this state and political subdivisions thereof, shall not be required to be included as a part of or to accompany the application for such exemption.

(c)(1) For purposes of this subsection, the term 'file properly' shall mean and include the timely filing of the application and complete schedule of the inventory for which exemption is sought on or before the due date specified in subsection (a) of this Code section.

(2) The failure to file properly the application and schedule shall constitute a waiver of the exemption on the part of the person, firm, or corporation failing to make the application for such exemption for that year as follows:

(A) The failure to report any inventory for which such exemption is sought in the schedule provided for in the application shall constitute a waiver of the exemption on the part of the person, firm, or corporation failing to so report for that taxable year in an amount equal to the difference between fair market value of the inventory as reported and the fair market value finally determined to be applicable to the

inventory for which the exemption is sought; and

(B) The failure to file timely such application and schedule shall constitute a waiver of the exemption until the first day of the month following the month such application and schedule are filed properly with the county tax assessor; provided, however, that unless the application and schedule are filed on or before June 1 of such year, the exemption shall be waived for that entire year.

(d) Upon receiving the application required by this Code section, the county board of tax assessors shall determine the eligibility of all types of tangible personal property listed on the application. If any property has been listed which the board believes is not eligible for the exemption, the board shall issue a letter notifying the applicant that all or a portion of the application has been denied. The denial letter shall list the type and total fair market value of all property listed on the application for which the exemption has been approved and the type and total fair market value of all property listed on the application for which the exemption has been denied. The applicant shall have the right to appeal from the denial of the exemption for any property listed and such appeal shall proceed as provided in Code Section 48-5-311. Except as otherwise provided in subparagraph (c)(2)(A) of this Code section, the county board of assessors shall not send a second letter of notification denying the exemption of all or a portion of such property listed on the application on new grounds that could and should have been discerned at the time the initial denial letter was issued.

(e) If the ~~tangible personal property inventory~~ level 1 freeport exemption has been granted to a taxpayer for a taxable year, the county board of tax assessors shall issue a notice of renewal to the taxpayer for the immediately following taxable year. Such notice of renewal shall be issued not later than January 15 of such immediately following taxable year to facilitate the filing of a timely application and schedule by the taxpayer for such taxable year."

SECTION 2.

Said part is further amended by revising Code Section 48-5-48.2, relating to the freeport exemption, as follows:

"48-5-48.2.

(a) This Code section shall be known and may be cited as the 'Level 1 Freeport Exemption.'

(b) As used in this Code section, the term:

(1) 'Destined for shipment to a final destination outside this state' ~~includes~~ means, for purposes of a level 1 freeport exemption, that portion or percentage of an inventory of finished goods which the taxpayer can establish, through a historical sales or shipment analysis, either of which utilizes information from the preceding calendar year, or other reasonable, documented method, is reasonably anticipated to be shipped to a final destination outside this state. Such other reasonable, documented method may only be utilized in the case of a new business, in the case of a substantial change in scope of an existing business, or in other unusual situations where a historical sales or shipment analysis does not adequately reflect future anticipated shipments to a final

destination outside this state. It is not necessary that the actual final destination be known as of January 1 in order to qualify for the exemption.

(2) 'Finished goods' ~~shall mean~~ means, for purposes of a level 1 freeport exemption, goods, wares, and merchandise of every character and kind but shall not include unrecovered, unextracted, or unsevered natural resources or raw materials or goods in the process of manufacture or production or the stock in trade of a retailer.

(3) 'Foreign merchandise in transit' means, for purposes of a level 1 freeport exemption, any goods which are in international commerce where the title has passed to a foreign purchaser and the goods are temporarily stored in this state while awaiting shipment overseas.

~~(3)~~(4) 'Raw materials' ~~shall mean~~ means, for purposes of a level 1 freeport exemption, any material, whether crude or processed, that can be converted by manufacture, processing, or a combination thereof into a new and useful product but shall not include unrecovered, unextracted, or unsevered natural resources.

~~(4)~~(5) 'Stock in trade of a retailer' means, for purposes of a level 1 freeport exemption, finished goods held by one in the business of making sales of such goods at retail in this state, within the meaning of Chapter 8 of this title, when such goods are held or stored at a business location from which such retail sales are regularly made. Goods stored in a warehouse, dock, or wharf, including a warehouse or distribution center which is part of or adjoins a place of business from which retail sales are regularly made, shall not be considered stock in trade of a retailer to the extent that the taxpayer can establish, through a historical sales or shipment analysis, either of which utilizes information from the preceding calendar year, or other reasonable, documented method, the portion or percentage of such goods which is reasonably anticipated to be shipped outside this state for resale purposes.

~~(b)~~(c) The governing authority of any county or municipality may, subject to the approval of the electors of such political subdivision, exempt from ad valorem taxation, including all such taxes levied for educational purposes and for state purposes, all or any combination of the following types of tangible personal property:

(1) Inventory of goods in the process of manufacture or production which shall include all partly finished goods and raw materials held for direct use or consumption in the ordinary course of the taxpayer's manufacturing or production business in this state. The exemption provided for in this paragraph shall apply only to tangible personal property which is substantially modified, altered, or changed in the ordinary course of the taxpayer's manufacturing, processing, or production operations in this state. For purposes of this paragraph, the cleaning, drying, pest control treatment, or segregation by grade of grain, peanuts or other oil seeds, or cotton shall constitute substantial modification in the course of processing or production operations. For purposes of this paragraph, remanufacture of aircraft engines or aircraft engine parts or components shall constitute manufacturing operations in this state. Remanufacture of aircraft engines or aircraft engine parts or components means the substantial overhauling or rebuilding of aircraft engines or aircraft engine parts or components;

(2) Inventory of finished goods manufactured or produced within this state in the

ordinary course of the taxpayer's manufacturing or production business when held by the original manufacturer or producer of such finished goods. The exemption provided for in this paragraph shall be for a period not exceeding 12 months from the date such property is produced or manufactured; or

(3) Inventory of finished goods which, on January 1, are stored in a warehouse, dock, or wharf, whether public or private, and which are destined for shipment to a final destination outside this state and inventory of finished goods which are shipped into this state from outside this state and stored for transshipment to a final destination outside this state, including foreign merchandise in transit. The exemption provided for in this paragraph shall be for a period not exceeding 12 months from the date such property is stored in this state. Such period shall be determined based on application of a first-in, first-out method of accounting for the inventory. The official books and records of the warehouse, dock, or wharf where such property is being stored shall contain a full, true, and accurate inventory of all such property, including the date of the receipt of the property, the date of the withdrawal of the property, the point of origin of the property, and the point of final destination of the same, if known. The official books and records of any such warehouse, dock, or wharf, whether public or private, pertaining to any such property for which a freeport exemption has been claimed shall be at all times open to the inspection of all taxing authorities of this state and of any political subdivision of this state.

~~(e)~~(d) Whenever the governing authority of any county or municipality wishes to exempt such tangible property from ad valorem taxation, as provided in this Code section, the governing authority thereof shall notify the election superintendent of such political subdivision, and it shall be the duty of said election superintendent to issue the call for an election for the purpose of submitting to the electors of the political subdivision the question of whether such exemption shall be granted. The referendum ballot shall specify as separate questions the type or types of property as defined in this Code section which are being proposed to be exempted from taxation. The election superintendent shall issue the call and shall conduct the election on a date and in the manner authorized under Code Section 21-2-540.

~~(d)~~(e) The governing authority of any county or municipality wherein an exemption has been approved by the voters as provided in this Code section may, by appropriate resolution, a copy of which shall be immediately transmitted to the state revenue commissioner, exempt from taxation 20 percent, 40 percent, 60 percent, 80 percent or all of the value of such tangible personal property as defined in this Code section; provided, however, that once an exemption has been granted, no reduction in the percent of the value of such property to be exempted may be made until and unless such exemption is revoked or repealed as provided in this Code section. An increase in the percent of the value of the property to be exempted may be accomplished by appropriate resolution of the governing authority of such county or municipality, and a copy thereof shall be immediately transmitted to the state revenue commissioner, provided that such increase shall be in increments of 20 percent, 40 percent, 60 percent, or 80 percent of the value of such tangible personal property as defined in this Code

section, within the discretion of such governing authority.

~~(e)(1)~~(f)(1) If more than one-half of the votes cast on such question are in favor of such exemption, then such exemption may be granted by the governing authority commencing on the first day of any ensuing calendar year; otherwise, such exemption may not be granted. This paragraph is intended to clearly provide that following approval of such exemption in such referendum, such exemption may be granted on the first day of any calendar year following the year in which such referendum was conducted. This paragraph shall not be construed to imply that the granting of such exemption could not previously be delayed to any such calendar year.

(2) Exemptions may only be revoked by a referendum election called and conducted as provided in this Code section, provided that the call for such referendum shall not be issued within five years from the date such exemptions were first granted and, if the results of said election are in favor of the revocation of such exemptions, then such revocation shall be effective only at the end of a five-year period from the date of such referendum.

(g) Level 1 freepoint exemptions effected pursuant to this Code section may be granted either in lieu of or in addition to level 2 freepoint exemptions under Code Section 48-5-48.6.

~~(f)~~(h) The commissioner shall by regulation adopt uniform procedures and forms for the use of local officials in the administration of this Code section."

SECTION 3.

Said part is further amended by adding new Code sections to read as follows:

"48-5-48.5.

(a) Any person, firm, or corporation seeking a level 2 freepoint exemption from ad valorem taxation of certain tangible personal property inventory when such exemption has been authorized by the governing authority of any county or municipality after approval of the electors of such county or municipality pursuant to the authority of the Constitution of Georgia and Code Section 48-5-48.6 shall file a written application and schedule of property with the county board of tax assessors on forms furnished by such board. Such application shall be filed in the year in which exemption from taxation is sought no later than the date on which the tax receiver or tax commissioner of the county in which the property is located closes the books for the return of taxes.

(b) The application for the level 2 freepoint exemption shall provide for a schedule of the inventory of finished goods held by one in the business of making sales of such goods in this state.

(c)(1) For purposes of this subsection, the term 'file properly' shall mean and include the timely filing of the application and complete schedule of the inventory for which exemption is sought on or before the due date specified in subsection (a) of this Code section.

(2) The failure to file properly the application and schedule shall constitute a waiver of the exemption on the part of the person, firm, or corporation failing to make the application for such exemption for that year as follows:

- (A) The failure to report any inventory for which such exemption is sought in the schedule provided for in the application shall constitute a waiver of the exemption on the part of the person, firm, or corporation failing to so report for that taxable year in an amount equal to the difference between fair market value of the inventory as reported and the fair market value finally determined to be applicable to the inventory for which the exemption is sought; and
- (B) The failure to file timely such application and schedule shall constitute a waiver of the exemption until the first day of the month following the month such application and schedule are filed properly with the county tax assessor; provided, however, that unless the application and schedule are filed on or before June 1 of such year, the exemption shall be waived for that entire year.
- (d) Upon receiving the application required by this Code section, the county board of tax assessors shall determine the eligibility of all types of tangible personal property listed on the application. If any property has been listed which the board believes is not eligible for the exemption, the board shall issue a letter notifying the applicant that all or a portion of the application has been denied. The denial letter shall list the type and total fair market value of all property listed on the application for which the exemption has been approved and the type and total fair market value of all property listed on the application for which the exemption has been denied. The applicant shall have the right to appeal from the denial of the exemption for any property listed, and such appeal shall proceed as provided in Code Section 48-5-311. Except as otherwise provided in subparagraph (c)(2)(A) of this Code section, the county board of assessors shall not send a second letter of notification denying the exemption of all or a portion of such property listed on the application on new grounds that could and should have been discerned at the time the initial denial letter was issued.
- (e) If the level 2 freeport exemption has been granted to a taxpayer for a taxable year, the county board of tax assessors shall issue a notice of renewal to the taxpayer for the immediately following taxable year. Such notice of renewal shall be issued not later than January 15 of such immediately following taxable year to facilitate the filing of a timely application and schedule by the taxpayer for such taxable year.

48-5-48.6.

- (a) This Code section shall be known and may be cited as the 'Level 2 Freeport Exemption.'
- (b) As used in this Code section, the term 'finished goods' means, for purposes of a level 2 freeport exemption, goods, wares, and merchandise of every character and kind constituting a business's inventory which would not otherwise qualify for a level 1 freeport exemption.
- (c) The governing authority of any county or municipality may, subject to the approval of the electors of such political subdivision, exempt from ad valorem taxation, including all such taxes levied for educational purposes and for state purposes, inventory of finished goods.
- (d) Whenever the governing authority of any county or municipality wishes to exempt

such tangible property from ad valorem taxation, as provided in this Code section, the governing authority thereof shall notify the election superintendent of such political subdivision, and it shall be the duty of said election superintendent to issue the call for an election for the purpose of submitting to the electors of the political subdivision the question of whether such exemption shall be granted. The referendum ballot shall specify retail business inventory as the types of property as defined in this Code section which are being proposed to be exempted from taxation. The election superintendent shall issue the call and shall conduct the election on a date and in the manner authorized under Code Section 21-2-540.

(e) The governing authority of any county or municipality wherein an exemption has been approved by the voters as provided in this Code section may, by appropriate resolution, a copy of which shall be immediately transmitted to the state revenue commissioner, exempt from taxation 20 percent, 40 percent, 60 percent, 80 percent, or all of the value of such tangible personal property as defined in this Code section; provided, however, that once an exemption has been granted, no reduction in the percent of the value of such property to be exempted may be made until and unless such exemption is revoked or repealed as provided in this Code section. An increase in the percent of the value of the property to be exempted may be accomplished by appropriate resolution of the governing authority of such county or municipality, and a copy thereof shall be immediately transmitted to the state revenue commissioner, provided that such increase shall be in increments of 20 percent, 40 percent, 60 percent, or 80 percent of the value of such tangible personal property as defined in this Code section, within the discretion of such governing authority.

(f)(1) If more than one-half of the votes cast on such question are in favor of such exemption, then such exemption may be granted by the governing authority commencing on the first day of any ensuing calendar year; otherwise, such exemption may not be granted. This paragraph is intended to clearly provide that following approval of such exemption in such referendum, such exemption may be granted on the first day of any calendar year following the year in which such referendum was conducted. This paragraph shall not be construed to imply that the granting of such exemption could not previously be delayed to any such calendar year.

(2) Exemptions may only be revoked by a referendum election called and conducted as provided in this Code section, provided that the call for such referendum shall not be issued within five years from the date such exemptions were first granted and, if the results of said election are in favor of the revocation of such exemptions, then such revocation shall be effective only at the end of a five-year period from the date of such referendum.

(g) Level 2 freeport exemptions effected pursuant to this Code section may be granted either in lieu of or in addition to level 1 freeport exemptions under Code Section 48-5-48.2.

(h) The commissioner shall by regulation adopt uniform procedures and forms for the use of local officials in the administration of this Code section."

A nonenrolled public school student desiring to participate in an extracurricular activity shall register with the principal of the public school, or his or her designee, such intent to participate in extracurricular activities of the public school in accordance with rules and regulations established by the State Board of Education.
