BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 4 of Title 50 of the Official Code of Georgia Annotated, relating to the organization of the executive branch generally, is amended by designating Code Sections 50-4-1 through 50-4-7 as Article 1 and by adding a new article to read as follows:

"ARTICLE 250-4-20.

This article shall be known and may be cited as the 'Georgia Government Accountability Act.' It is the intent of the General Assembly to establish a method by which the efficiency of state government shall be reviewed and the productivity of each agency evaluated. This article is meant to ensure that the valuable resources of the state are best utilized and that state agencies are held accountable for their service to the public and their responsiveness to the needs of the citizens of this state.

50-4-21.

(a) There is created as a joint committee of the General Assembly the Legislative Sunset Advisory Committee to be composed of seven members of the House of Representatives appointed by the Speaker of the House and seven members of the Senate appointed by the President of the Senate. One of the appointees appointed by the Speaker of the House shall be a Governor's floor leader in the House of Representatives and one of the members appointed by the President of the Senate shall be a Governor's floor leader in the Senate. At least one of the appointees appointed by the Speaker of the House and at least one of the appointees appointed by the President of the Senate shall be a member of the minority party. The members of the committee shall serve two-year terms concurrent with their terms as members of the General Assembly. A cochairperson of the committee shall be appointed by the President of the Senate from the membership of the committee, and a cochairperson of the committee shall be appointed by the Speaker of the House from the membership of the committee. The cochairpersons shall serve terms of two years concurrent with their terms as members of the General Assembly. The cochairpersons shall each be authorized to appoint no more than two ex officio members of the committee. Vacancies in an appointed member's position or in the offices of cochairperson of the committee shall be filled for the unexpired term in the same manner as the original appointment. The committee shall advise the General Assembly regarding the agency sunset provisions required by this article.

(b) The Senate and the House of Representatives, in cooperation with the office of the Governor, may each employ staff to work for the cochairpersons of the committee on matters related to committee activities.

(c) In carrying out its function under this article, the committee may request, through the cochairpersons, the assistance of any state agency or office. When so requested, a state agency or office shall assist the committee. The committee or its designated staff member may inspect, review, and copy the records, documents, and files of any state agency that are subject to public disclosure. All information subject to public disclosure shall be made available for review and copying within three business days.

50-4-22.

(a)(1) The Legislative Sunset Advisory Committee shall review all state agencies,

including all boards, departments, advisory committees, authorities, bureaus, offices, and any other state entity of the executive branch of state government regardless of its designation. The committee shall be responsible for establishing a schedule for the routine review of state agencies. It shall be the responsibility of the Legislative Sunset Advisory Committee to schedule agency reviews. The Legislative Sunset Advisory Committee shall have the discretion to add any agency to the review schedule or to modify an agency's scheduled review.

(2) This article shall not apply to any state entity to which state funds are not appropriated in an appropriations Act.

(b) Except as provided by this Code section, an agency subject to review by the Legislative Sunset Advisory Committee shall be automatically abolished on the one-year anniversary of the committee's decision recommending that such agency be abolished; provided, however, that no agency shall be abolished unless or until the General Assembly finds by adoption of a joint resolution that the state laws that the agency is responsible for implementing or enforcing have been repealed, revised, or reassigned to another remaining agency and that adequate provision has been made for the transfer from the abolished agency to a successor agency of all duties, real property, debts, and obligations, including those relating to bonds, loans, promissory notes, lease-purchase agreements, installment sales contracts, financing agreements, or any other form of indebtedness such that security therefor and the rights of bondholders or holders of other indebtedness are not impaired.

(c) If the General Assembly does not take action to continue an agency before the date of its abolishment, the agency shall submit its legislative budget request consistent with the recommendations of the review of the Legislative Sunset Advisory Committee or any law transferring the agency's functions to other entities.

(d) Any agency established by constitutional provision shall not be subject to automatic abolishment as provided in subsection (a) of this Code section. The committee shall review the constitutionally established agency in the same manner and shall report to the General Assembly any recommended constitutional amendments needed for the reorganizing or abolishing of such constitutionally created agency.

(e) Any board, commission, advisory council, or similar body included in the term 'agency' as defined in Code Section 50-4-1 that has not held an open public meeting for a period of more than 12 months shall be considered automatically abolished without the need for further agency review as required by this article. The committee shall be responsible for presenting legislation to repeal existing statutory provisions relating to the abolished agency. The committee shall give public notice of any proposed legislation not later than the first day of December of the year preceding its introduction.

(f) Except as otherwise expressly provided by law, abolition of a state agency shall not affect the rights and duties that matured, penalties that were incurred, civil or criminal liabilities that arose, or proceedings that were begun before the abolition.

50-4-23.

(a) Not later than six months prior to the date on which a state agency is scheduled to be reviewed, the agency shall provide the Legislative Sunset Advisory Committee with a report outlining the agency's efficiency and productivity and the extent to which the agency utilizes state resources to best meet the needs of the public.

(b) The report required by this Code section shall, at a minimum, include the following:

(6) An assessment of the extent to which the jurisdiction of the agency and its programs overlap or duplicate those of other agencies and the extent to which those programs can be eliminated, reorganized, privatized, or consolidated with those of other agencies;

(7) A self-examining assessment of the agency's efficiency and areas of needed improvement, including goals and objectives for improvement, and the means by which the agency intends to meet these goals and objectives;

(8) Recommendations for statutory or budgetary changes that would improve the agency's programs and operations, reduce costs, or improve services to state residents;

(9) The effect of federal intervention or loss of federal funds if the agency, or any of its programs or activities, is abolished;

(10) An assessment of alternative methods of providing services for which the agency is responsible that would reduce costs or improve performance while adequately protecting the public interest;

(11) An assessment of the agency and its programs to determine whether the agency or its programs should be eliminated, reorganized, privatized, or consolidated;

(12) A detailed summary of the agency's hiring and retention patterns for the previous five years;

(13) An assessment of the extent to which the agency has corrected any deficiencies and implemented recommendations contained in any state or federal audits or court decisions;

(14) A list of all advisory committees and boards of the agency, whether established in statute or by the agency; their purposes, activities, composition, and expenses; and an assessment of the extent to which their purposes have been achieved and the

rationale for continuing or eliminating each advisory committee or board;

(15) A list of agency programs or functions that are performed without specific statutory authority;

(16) Copies of any program audits, performance audits, and any other reports provided by the state auditor;

(18) Other information as requested by the committee or any study committee created under the committee's direction.

(c) Information and data reported by the agency shall be validated by the agency's chief executive before submission to the committee.

50-4-24.

(a) Not later than six months following receipt of the agency's report required by Code Section 50-4-23, the Legislative Sunset Advisory Committee shall complete its review of the agency. When conducting its agency review the committee shall:

(1) Review the information submitted by the agency;

(2) Consult with or hear testimony from any individual, agency, private company, or other expert as needed;

(3) Hold public hearings to consider this information as well as testimony that the committee deems necessary; and

(4) Present to the President of the Senate, the Speaker of the House of Representatives, and the Governor a report on the agencies scheduled to be reviewed that year by the committee. In the report, the committee shall include its specific findings and recommendations regarding each agency review and indicate whether a public need exists for the continuation of a state agency or for the functions of the agency.

(b) The committee shall consider the following criteria in determining whether a public need exists for the continuation of a state agency or agency function:

(1) The efficiency with which the agency operates;

(2) The statutory objectives of the agency and the problem or need that the agency is intended to address, the extent to which the objectives have been achieved, and any activities of the agency in addition to those granted by statute and the authority for these activities;

(4) The extent to which an advisory committee or board is needed or used;

- (9) The extent to which the agency accurately reports performance measures used to justify state spending on each of its activities, services, and programs;
- (10) The extent to which the agency is reasonably deemed to be a core or essential function of state government under the provisions of the Constitution of Georgia;
- (11) The effect of probable federal intervention or loss of federal funds if the agency or an agency function is abolished; and
- (12) The extent to which changes are necessary in the enabling statutes of the agency so that the agency can adequately comply with the criteria of this article.
- (c) In its report on an agency, the committee shall make recommendations on the abolition, continuation, or reorganization of such agency and on the need for the continuation of the functions of the agency. The report shall also make recommendations on the elimination, privatization, consolidation, transfer, or reorganization of an agency's programs when those programs are duplicated by another agency.
- (d) It shall be the responsibility of the committee to prepare drafts of legislation necessary to carry out the committee's recommendations."

SUBJECT: Fiscal Note
House Bill 808 (LC 34 3241)

Dear Chairman Channell:

The Georgia State University Fiscal Research Center provided the following narrative on the revenue impact of this bill:

This legislation would create an exclusion from taxable income for Georgia residents of disability payments from the U.S. Department of Veterans Affairs (VA).

According to the Congressional Research Service and the Internal Revenue Service, all VA benefits received by U.S. taxpayers, including disability benefits, are currently excluded from the taxpayer's income for federal income tax purposes.

The Georgia Department of Revenue confirmed that VA benefits that are excluded from federal adjusted gross income would also be excluded from Georgia adjusted gross income and taxable income as there is no provision in current law to add them back.

As a result, it is concluded that the proposed bill would have no effect on Georgia income tax revenues.

Sincerely,

/s/ Russell W. Hinton

Honorable Mickey Channell, Chairman
House Ways and Means Committee
State Capitol, Room 133
Atlanta, Georgia 30334

SUBJECT: Fiscal Note
House Bill 818 (LC 36 1994)

Dear Chairman Channell:

The Georgia State University Fiscal Research Center provided the following narrative on the revenue impact of this bill:

This legislation would expand the types of geothermal heat pumps that qualify for the Clean Energy Property Credit. Currently, the purchase of an Energy Star certified geothermal heat pump qualifies for an income tax credit of 35 percent of the purchase price or \$100,000, whichever is less. To be Energy Star certified, a geothermal heat pump must have a certain energy efficiency ratio (EER) and coefficient of performance (COP). The proposed legislation changes the qualifying standard to also allow commercial three-phase geothermal heat pump systems that meet the Energy Star efficiency requirements for EER and COP without having to actually be Energy Star certified.

This credit has a per year cap of \$5 million for the total amount of tax credits for tax years 2012 through 2014. Taxpayers apply through the Georgia Department of Revenue (DOR) for the credit. A qualifying taxpayer will receive the credit in four equal installments over succeeding returns. Some qualifiers may be placed on a waiting list if the \$5 million cap has been reached and will be prioritized for succeeding years. This credit will expire on December 31, 2014. According to DOR, the total amount of tax credits has been reached each year since 2009. The waiting list is currently full for TY2013 and there is no evidence that the \$5 million cap will not be met in TY2014, the last year of the credit.

The revenue effect is therefore estimated to be zero because, while this proposal may change which taxpayers' purchases qualify for the credit, it cannot increase the overall amount of credits issued beyond the existing cap. The \$5 million cap is expected to be reached in TY2013 and TY2014 regardless of the passage of this bill.

Sincerely,

/s/ Russell W. Hinton

The Senate Finance Committee offered the following substitute to HB 818:

A BILL TO BE ENTITLED
AN ACT

To amend Code Section 48-7-29.14 of the Official Code of Georgia Annotated, relating to the income tax credit for clean energy property, so as to include certain commercial geothermal heat pumps with the definition of the term "clean energy property"; to amend Article 2 of Chapter 7 of Title 48 of the Official Code of Georgia Annotated, relating to the imposition, rate, computation, and exemptions regarding income tax, so as to provide for an income tax credit with respect to certain trucks, buses, and taxis that are fueled by natural gas; to provide for conditions and limitations; to provide for powers, duties, and authority of the state revenue commissioner with respect to the foregoing; to repeal a certain tax credit for low-emission vehicles; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Code Section 48-7-29.14 of the Official Code of Georgia Annotated, relating to the income tax credit for clean energy property, is amended by revising paragraph (3) of subsection (a) as follows:

"(3) 'Clean energy property' includes any of the following:

(A) Solar energy equipment that uses solar radiation as a substitute for traditional energy for water heating, active space heating and cooling, passive heating, daylighting, generating electricity, distillation, desalinization, or the production of industrial or commercial process heat, as well as related devices necessary for collecting, storing, exchanging, conditioning, or converting solar energy to other useful forms of energy;

(B) Energy Star certified geothermal heat pump systems or commercial three-phase geothermal heat pump systems that meet the Energy Star efficiency requirements for energy efficiency ratio (EER) and coefficient of performance (COP);

(C) Energy efficient projects as follows:

(i) Lighting retrofit projects. 'Lighting retrofit project' means a lighting retrofit system that employs dual switching (ability to switch roughly half the lights off

and still have fairly uniform light distribution), delamping, daylighting, relamping, or other controls or processes which reduce annual energy and power consumption by 30 percent compared to the American Society of Heating, Refrigerating, and Air Conditioning Engineers 2004 standard (ASHRAE 90.1.2004); and

(ii) Energy efficient buildings. 'Energy efficient building' means for other than single-family residential property new or retrofitted buildings that are designed, constructed, and certified to exceed the standards set forth in the American Society of Heating, Refrigerating, and Air Conditioning Engineers 2004 standard (ASHRAE 90.1.2004) by 30 percent;

(D) Wind equipment required to capture and convert wind energy into electricity or mechanical power as well as related devices that may be required for converting, conditioning, and storing the electricity produced by wind equipment; and

(E) Biomass equipment to convert wood residuals into electricity through gasification and pyrolysis."

SECTION 2.

Article 2 of Chapter 7 of Title 48 of the Official Code of Georgia Annotated, relating to the imposition, rate, computation, and exemptions regarding income tax, is amended by adding new Code sections to read as follows:

"48-7-29.18.

(a) As used in this Code section, the term:

(1) 'Natural gas heavy-duty truck or bus' means a new commercial vehicle, with a gross vehicle weight ratio equal to or more than 26,000 pounds, that is primarily fueled by natural gas. 'Primarily fueled by natural gas' means a vehicle that is produced by an original equipment manufacturer and operates on 90 percent or more natural gas fuel and on 10 percent or less gasoline or diesel fuel. In order to qualify for a tax credit under this Code section, the vehicle shall be registered in Georgia, accumulate at least 75 percent of its mileage in Georgia, and be certified by the Department of Natural Resources. In order for a bus to qualify for a tax credit under this Code section, it shall be primarily used to transport students to and from school or on a campus in this state.

(2) 'Natural gas light-duty truck' means a new commercial vehicle, with a gross vehicle weight ratio less than 26,000 pounds, that is solely fueled by natural gas and that is produced by an original equipment manufacturer. In order to qualify for a tax credit under this Code section, the vehicle shall be registered in Georgia, accumulate at least 75 percent of its mileage in Georgia, and be certified by the Department of Natural Resources.

(3) 'Taxi' means a vehicle that is solely fueled by natural gas and used as a commercial taxi in this state. In order to qualify for a tax credit under this Code section, a taxi shall be a new vehicle that is registered and licensed to operate in Georgia and which is certified by the Department of Natural Resources.

(b) A taxpayer shall be allowed a credit against tax imposed under this article for the amount expended on or after July 1, 2013, and before June 30, 2017, to purchase a

natural gas heavy-duty truck or bus not to exceed \$20,000.00. A taxpayer shall be allowed a credit against tax imposed by under this article for the amount expended on or after July 1, 2013, and before June 30, 2017, to purchase a natural gas light-duty truck or taxi not to exceed \$12,000.00.

(c)(1) The tax credits allowed under this Code section shall be limited to \$10 million in each fiscal year beginning with fiscal year 2014 and ending with fiscal year 2017.

(2) In each year that this tax credit is allowed, 70 percent shall be allocated to natural gas heavy-duty truck or bus purchasers, and 30 percent shall be allocated to natural gas light-duty truck or taxi purchasers. In the event that credits provided for purchases of natural gas heavy-duty trucks or buses in a taxable year are calculated to be less than 70 percent of the funding provided for such credits, the remaining funds shall be made available for tax credits related to the purchase of natural gas light-duty trucks or taxis. This redistribution of funds shall also apply if the 30 percent credit was not fully used for natural gas light-duty truck or taxi purchases, and in such case the remaining funds shall then be made available for natural gas heavy-duty truck or bus purchases.

(d) In no event shall the total amount of any tax credit provided under this Code section for a taxable year exceed the taxpayer's income tax liability. Any unused tax credit shall be allowed the taxpayer against succeeding years' tax liabilities. No such credit shall be allowed the taxpayer against prior years' tax liabilities.

(e) The commissioner shall be authorized to promulgate any rules and regulations necessary to implement and administer the provisions of this Code section.

48-7-29.19.

(a) A taxpayer seeking to claim a tax credit under the provisions of Code Section 48-7-29.18 shall submit an application to the commissioner for tentative approval of such tax credit along with the certification from the Department of Natural Resources. Before any application under Code Section 48-7-29.18 is filed, the applicant shall have completed the purchase and registration in this state of the qualified vehicle or vehicles. The commissioner shall create and make available the forms to be used for such applications. Within 60 days of receipt of a properly completed application, the commissioner shall preapprove the application if a sufficient amount of available tax credits remain.

(b) The commissioner shall approve the tax credits based on the order in which properly completed applications were submitted. In the event that two or more applications were submitted on the same day and the amount of funds available will not be sufficient to fully fund the tax credits requested, the commissioner shall prorate the available funds between or among the applicants.

(c) In no event shall the aggregate amount of the tax credits approved by the commissioner for all taxpayers under the provisions of this Code section exceed the amounts specified in subsection (c) of Code Section 48-7-29.18. In the event a taxpayer filed a properly completed application along with the certification from the Department of Natural Resources for such credits but is not allowed all or part of the

credit amounts to which such taxpayer would be authorized to receive because the amounts available have been reached, the commissioner shall add such taxpayer to a priority waiting list of applications, prioritized by the date of the taxpayer's filed application. With respect to the allocation of tax credits in subsequent years, taxpayers on the priority waiting list shall have priority over other taxpayers who apply for such tax credit in the subsequent years."

SECTION 3.

Code Section 48-7-40.16 of the Official Code of Georgia Annotated, relating to income tax credits for low-emission vehicles, is repealed and designated as reserved.

SECTION 4.

(a) Section 2 of this Act shall become effective upon its approval by the Governor or upon its becoming law without such approval and shall be applicable to all taxable years beginning on or after January 1, 2012.

(b) The remaining portions of this Act shall become effective upon its approval by the Governor or upon its becoming law without such approval

SECTION 5.

All laws and parts of laws in conflict with this Act are repealed.

On the adoption of the substitute, there were no objections, and the committee substitute was adopted.

Part I of this Act shall be known and may be cited as the "Georgia Taxpayer Protection False Claims Act."

SECTION 1-2.

Chapter 3 of Title 23 of the Official Code of Georgia Annotated, relating to equitable remedies and proceedings generally, is amended by adding a new article to read as follows:

"ARTICLE 6

23-3-120.

As used in this article, the term:

(1) 'Claim' means any request or demand, whether under a contract or otherwise, for money or property, and whether or not this state or a local government has title to such money or property that is:

(A) Presented to an officer, employee, or agent of the state or local government;

(B) Made to a contractor, grantee, or other recipient, if the money or property is to be spent or used on the state's or local government's behalf or to advance a state or local government program or interest, and if the state or local government:

(i) Provides or has provided any portion of the money or property requested or demanded; or

(ii) Will reimburse such contractor, grantee, or other recipient for any portion of the money or property which is requested or demanded.

Such term shall not include requests or demands for money or property that the state or local government has paid to an individual as compensation for state or local government employment or as an income subsidy with no restrictions on that individual's use of the money or property.

shall be liable to the State of Georgia for a civil penalty of not less than \$5,500.00 and not more than \$11,000.00 for each false or fraudulent claim, plus three times the amount of damages which the state or local government sustains because of the act of such person.

(b) The provisions of subsection (a) of this Code section notwithstanding, if the court finds that:

(1) The person committing the violation of this subsection furnished officials of the state or local government responsible for investigating false claims violations with all information known to such person about the violation within 30 days after the date on which the defendant first obtained the information;

(2) Such person fully cooperated with any government investigation of such violation; and

(3) At the time such person furnished the state or local government with the information about the violation, no criminal prosecution, civil action, or administrative action had commenced under this article with respect to such violation, and the person did not have actual knowledge of the existence of an investigation into such violation,

the court may assess not more than two times the amount of the actual damages which the state or local government sustained because of the act of such person.

(c) A person violating any provision of this Code section shall also be liable to the state or local government for all costs, reasonable expenses, and reasonable attorney's fees incurred by the state or local government in prosecuting a civil action brought to recover the damages and penalties provided under this article.

(d) Any information furnished pursuant to paragraph (2) of subsection (b) of this Code section shall be exempt from disclosure under Article 4 of Chapter 18 of Title 50.

(e) This Code section shall not apply to claims, records, or statements made concerning taxes under the revenue laws of this state.

23-3-122.

(a) The Attorney General shall be authorized to investigate suspected, alleged, and reported violations of this article. If the Attorney General finds that a person has violated or is violating this article, then the Attorney General may bring a civil action against such person under this article. The Attorney General may delegate authority to a district attorney or other appropriate official of a local government to investigate violations that may have resulted in damages to such local government under Code Section 23-3-121 and may delegate to the local government the authority to bring a civil action on its own behalf, or on behalf of any subdivision of such local government, to recover damages sustained by such local government as a result of such violations, as well as all multiple damages, costs, expenses, attorney's fees, and civil penalties available under Code Section 23-3-121. The Attorney General may delegate to a district attorney or local government the authority to pursue an action brought by a private person under subsection (b) of this Code section. Notwithstanding any such delegation of authority, the Attorney General shall retain the authority to continue or

discontinue the prosecution of any such action and to withdraw any such authority previously delegated to a district attorney or local government.

(b)(1) Subject to the exclusions set forth in this Code section, a civil action under this article may also be brought by a private person upon written approval by the Attorney General. A civil action shall be brought in the name of the State of Georgia or local government, as applicable. The civil action may be dismissed only if the Attorney General gives written consent to the dismissal stating the reasons for consenting to such dismissal and the court enters an order approving the dismissal.

(2) A copy of the complaint and written disclosure of substantially all material evidence and information the person possesses shall be served on the Attorney General by certified mail or statutory overnight delivery. The complaint shall be filed in camera and under seal, shall remain under seal for at least 60 days, and shall not be served on the defendant until the court so orders. The state or, if delegated the authority by the Attorney General, local government may elect to intervene and proceed with the action within 60 days after the Attorney General receives both the complaint and the material evidence and information.

(3) The state or, if delegated the authority by the Attorney General, the local government may, for good cause shown, move the court for extensions of the time during which the complaint remains under seal under paragraph (2) of this subsection. Any such motions may be supported by affidavits or other submissions in camera. The defendant shall not be required to respond to any complaint filed under this Code section until 30 days after the complaint is unsealed and served upon the defendant.

(4) Before the expiration of the 60 day period or any extensions obtained under paragraph (3) of this subsection, the state or local government shall:

(A) Proceed with the civil action, in which case the civil action shall be conducted by the state or local government; or

(B) Notify the court that it declines to take over the civil action, in which case the person bringing the civil action shall have the right to proceed with the civil action.

(5) When a person brings a civil action under this subsection, no person other than the state or, if delegated the authority by the Attorney General, the local government may intervene or bring a related civil action based on the facts underlying the pending civil action.

(6) Any evidence and information provided to the Attorney General or his or her designee, including any district attorney or local government, by a private person in connection with an action under this Code section shall not constitute public records and shall be exempt from disclosure under Article 4 of Chapter 18 of Title 50. Any such evidence also shall be protected by the common interest privilege and work product doctrine. To effectuate the law enforcement purposes of this article in combating fraud and false claims directed at the public's funds, it is the public policy of this state that private persons be authorized to take actions to provide to the Attorney General or local government such information and evidence.

(c)(1) If the state or local government elects to intervene and proceeds with the civil action, it shall have the primary responsibility for prosecuting the civil action and

shall not be bound by an act of the person bringing such civil action. Such person shall have the right to continue as a party to the civil action, subject to the limitations set forth in this subsection.

(2) If the Attorney General has consented to a dismissal or elected not to proceed with a civil action, a local government may dismiss the civil action, notwithstanding the objections of the person initiating the civil action, if the person has been notified by the local government of the filing of the motion and the court has provided the person with an opportunity for a hearing on the motion.

(3) The state or local government may settle the civil action with the defendant, notwithstanding the objections of the person initiating the civil action, if the court determines, after a hearing, that the proposed settlement is fair, adequate, and reasonable under all the circumstances. Upon a showing of good cause, such hearing may be held in camera.

(4) Upon a showing by the state or local government that unrestricted participation during the course of the litigation by the person initiating the civil action would interfere with or unduly delay the state or local government's litigation of the case, or would be repetitious, irrelevant, or for purposes of harassment, the court may, in its discretion, impose limitations on the person's participation, such as:

(A) Limiting the number of witnesses the person may call;

(B) Limiting the length of the testimony of such witnesses;

(C) Limiting the person's cross-examination of witnesses; or

(D) Otherwise limiting the participation of the person in the litigation.

(d) Upon a showing by the defendant that unrestricted participation during the course of the litigation by the person initiating the civil action would be for purposes of harassment or would cause the defendant undue burden or unnecessary expense, the court may limit the participation of the person in the litigation.

(e) If the state or local government elects not to proceed with the civil action, the person who initiated the civil action shall have the right to conduct the civil action. If the state or local government so requests, it shall be served with copies of all pleadings filed in the civil action and shall be supplied, without cost, with copies of all deposition transcripts. When a person proceeds with the civil action, the court may nevertheless permit the state or local government to intervene at a later date upon a showing of good cause.

(f) Whether or not the state or local government proceeds with the civil action, upon a showing by the state or local government that certain actions of discovery by the person initiating the civil action would interfere with the state or local government's investigation or prosecution of a criminal or civil matter arising out of the same facts, the court may stay such discovery for a period of not more than 60 days. Such a showing shall be conducted in camera. The court may extend the 60 day period upon a further showing in camera that the state or local government has pursued the criminal or civil investigation or proceedings with reasonable diligence, and any proposed discovery in the civil action will interfere with the ongoing criminal or civil investigation or proceedings.

(g) Notwithstanding subsection (b) of this Code section, the state or local government may elect to pursue its claim through any alternate remedy available to the state or local government, including any administrative proceeding to determine a civil money penalty. If any such alternate remedy is pursued in another proceeding, the person initiating the civil action shall have the same rights in such proceeding as such person would have had if the civil action had continued under this Code section. Any finding of fact or conclusion of law made in such other proceeding that becomes final shall be conclusive on all parties to a civil action under this Code section. For purposes of this subsection, a finding or conclusion shall be deemed final if it has been finally determined on appeal to the appropriate court, if all time for filing such an appeal with respect to the finding or conclusion has expired, or if the finding or conclusion is not subject to judicial review.

(h)(1) If the state or local government proceeds with a civil action brought by a private person under subsection (b) of this Code section, such person shall, subject to the second sentence of this paragraph, receive at least 15 percent but not more than 25 percent of the proceeds of the civil action or settlement of the claim, depending upon the extent to which the person substantially contributed to the prosecution of the civil action. Where the civil action is one which the court finds to be based primarily on disclosures of specific information, other than information provided by the person bringing the civil action, relating to allegations or transactions in a criminal, civil, or administrative hearing; in a legislative, administrative, or State Accounting Office report, hearing, audit, or investigation; or from the news media, the court may award such sums as it considers appropriate, but in no case more than 10 percent of the proceeds, taking into account the significance of the information and the role of the person bringing such civil action in advancing the case to litigation. Any payment to a person under the first or second sentence of this paragraph shall be made from the proceeds. Any such person shall also receive an amount for reasonable expenses which the court finds to have been necessarily incurred, plus reasonable attorney's fees and costs. All such expenses, fees, and costs shall be awarded against the defendant.

(2) If the state or local government does not proceed with a civil action under this Code section, the person bringing the civil action or settling the claim shall receive an amount which the court decides is reasonable for collecting the civil penalty and damages. Such amount shall be not less than 25 percent and not more than 30 percent of the proceeds of the civil action or settlement and shall be paid out of such proceeds. Such person shall also receive an amount for reasonable expenses which the court finds to have been necessarily incurred, plus reasonable attorney's fees and costs. All such expenses, fees, and costs shall be awarded against the defendant.

(3) Whether or not the state or local government proceeds with the civil action, if the court finds that the civil action was brought by a person who planned and initiated the violation of this article upon which the civil action was brought, then the court may, to the extent the court considers appropriate, reduce the share of the proceeds of the civil action which the person would otherwise receive under paragraph (1) or (2) of

this subsection, taking into account the role of that person in advancing the case to litigation and any relevant circumstances pertaining to the violation. If the person bringing the civil action is convicted of criminal conduct arising from his or her role in the violation of this article, such person shall be dismissed from the civil action and shall not receive any share of the proceeds of the civil action. Such dismissal shall not prejudice the right of the State of Georgia to continue the civil action, represented by the Attorney General or local government attorney to whom the Attorney General has delegated authority.

(4) If the state or local government does not proceed with the civil action and the person bringing the civil action conducts the civil action, the court may award to the defendant its reasonable attorney's fees and expenses against the person bringing the civil action if the defendant prevails in the civil action and the court finds that the claim of the person bringing the civil action was clearly frivolous, clearly vexatious, or brought primarily for purposes of harassment.

(i) For purposes of this subsection, the term 'public employee,' 'public official,' and 'public employment' shall include federal, state, and local employees and officials. No civil action shall be brought under this article by a person who is or was a public employee or public official if the allegations of such action are substantially based upon:

(1) Allegations of wrongdoing or misconduct which such person had a duty or obligation to report or investigate within the scope of his or her public employment or office; or

(2) Information or records to which such person had access as a result of his or her public employment or office.

(j)(1) No court shall have jurisdiction over a civil action brought under subsection (b) of this Code section against a member of the General Assembly or a member of the judiciary if the civil action is based on evidence or information known to the state when the civil action was brought.

(2) In no event may a person bring a civil action under subsection (b) of this Code section which is based upon allegations or transactions which are the subject of a civil or administrative proceeding to which the State of Georgia is already party.

(3) The court shall dismiss a civil action or claim under this Code section, unless opposed by the state or local government, if substantially the same allegations or transactions as alleged in the action or claim were publicly disclosed:

(A) In a state criminal, civil, or administrative hearing in which the state or local government or its agent is a party;

(B) In a state or local government legislative or other state or local government report, hearing, audit, or investigation that is made on the public record or disseminated broadly to the general public; provided that such information shall not be deemed publicly disclosed in a report or investigation because it was disclosed or provided pursuant to Article 4 of Chapter 18 of Title 50, the federal Freedom of Information Act, or under any other federal, state, or local law, rule, or program enabling the public to request, receive, or view documents or information in the

possession of public officials or public agencies; or

(C) From the news media, provided that such allegations or transactions are not publicly disclosed in the news media merely because information of allegations or transactions have been posted on the Internet or on a computer network, unless the action is brought by the Attorney General or local government, or the person bringing the action is an original source of the information. For purposes of this subparagraph, the term 'original source' means a person who:

(i) Prior to a public disclosure under this paragraph, has voluntarily disclosed to the state or a local government the information on which allegations or transactions in a claim are based; or

(ii) Has knowledge that is independent of and materially adds to the publicly disclosed allegations or transactions and who has voluntarily provided the information to the state or a local government before filing a civil action under this Code section.

(k) The state or local government shall not be liable for expenses which a private person incurs in bringing a civil action under this article.

(1)(1) Any employee, contractor, or agent shall be entitled to all relief necessary to make that employee, contractor, or agent whole if that employee, contractor, or agent is discharged, demoted, suspended, threatened, harassed, or in any other manner discriminated against in the terms and conditions of employment because of lawful acts done by the employee, contractor, agent, or associated others in furtherance of a civil action under this Code section or other efforts to stop one or more violations of this article.

(2) Relief under paragraph (1) of this subsection shall include reinstatement with the same seniority status that the employee, contractor, or agent would have had but for the discrimination, two times the amount of back pay, interest on the back pay, and compensation for any special damages sustained as a result of the discrimination, including litigation costs and reasonable attorney's fees. An action under this subsection may be brought in the appropriate superior court of this state for the relief provided in this subsection.

(3) A civil action under this subsection shall not be brought more than three years after the date when the discrimination occurred.

23-3-123.

(a) Except as provided in paragraph (3) of subsection (1) of Code Section 23-3-122, all civil actions under this article shall be filed pursuant to Code Section 23-3-122 within six years after the date the violation was committed or three years after the date when facts material to the right of civil action are known or reasonably should have been known by the state or local government official charged with the responsibility to act in the circumstances, whichever occurs last; provided, however, that in no event shall any civil action be filed more than ten years after the date upon which the violation was committed.

(b) A subpoena requiring the attendance of a witness at a trial or hearing conducted

under Code Section 23-3-122 may be served at any place in this state.

(c) For purposes of applying subsection (b) of Code Section 9-11-9, in pleading a civil action brought under this article, the qui tam plaintiff shall not be required to identify specific claims that result from an alleged course of misconduct or any specific records or statements used if the facts alleged in the complaint, if ultimately proven true, would provide a reasonable indication that one or more violations of Code Section 23-3-121 are likely to have occurred and if the allegations in the pleading provide adequate notice of the specific nature of the alleged misconduct to permit the state or a local government to investigate effectively and defendants to defend fairly the allegations made.

(d) If the state or local government elects to intervene and proceed with a civil action brought under subsection (b) of Code Section 23-3-122, the state or local government may file its own complaint or amend the complaint of a person who has brought an action under such subsection to clarify or add detail to the claims in which the state or local government is intervening and to add any additional claims with respect to which the state or local government contends it is entitled to relief. For statute of limitations purposes, any such state or local government pleading shall relate back to the filing date of the complaint of the person who originally brought the action, to the extent that the claim of the state or local government arises out of the conduct, transactions, or occurrences set forth, or attempted to be set forth, in the prior complaint of that person.

(e) In any action brought under Code Section 23-3-122, the plaintiff shall be required to prove all essential elements of the cause of action, including damages, by a preponderance of the evidence.

(f) Notwithstanding any other provision of law, a final judgment rendered in favor of the state or local government or the United States in any criminal proceeding charging fraud or false statements, whether upon a verdict after trial or upon a plea of guilty or nolo contendere, shall estop the defendant from denying the essential elements of the offense in any civil action which involves the same transaction as in the criminal proceeding and which is brought under subsection (a) or (b) of Code Section 23-3-122.

23-3-124.

All civil actions brought under this article in a court of this state shall be brought in the county where the defendant or any one defendant, in the case of multiple defendants or defendants who are not residents of the State of Georgia, resides, can be found, transacts business, or commits an act in furtherance of the submittal of a false or fraudulent claim to the state or local government. Civil actions under this article may be brought in courts of the United States and other states if there is pendent jurisdiction.

(3) 'False claims law' means:

(A) This article; and

(B) Any Act of Congress or of the legislature which prohibits or makes available to the federal government, state, or any local government in any court of this state, of another state or the District of Columbia, or of local government or of the United States any civil remedy with respect to any false claim against, bribery of, or corruption of any officer or employee of any state, the District of Columbia, local government, or the United States.

(B) Any digest, analysis, selection, compilation, or derivation of any item listed in subparagraph (A) of this paragraph; and

(C) Any index or other manner of access to any item listed in subparagraph (A) of this paragraph.

(b)(1) For purposes of this Code section, whenever the Attorney General, or his or her designee, has reason to believe that any person may be in possession, custody, or control of any documentary material or information relevant to a false claims law investigation, the Attorney General, or his or her designee, may, before commencing a civil proceeding under subsection (a) of Code Section 23-3-122 or other false claims law, or making an election under subsection (b) of Code Section 23-3-122, issue in writing and cause to be served upon such person a civil investigative demand requiring such person to:

(A) Produce such documentary material for inspection and copying;

(B) Answer in writing written interrogatories with respect to such documentary material or information;

(C) Give oral testimony concerning such documentary material or information; or

(D) Furnish any combination of such documentary material, answers, or testimony.

The Attorney General may delegate the authority to issue civil investigative demands under this subsection, including to a district attorney or other local government attorney. Whenever a civil investigative demand is an express demand for any product of discovery, the Attorney General, the deputy attorney general, or an assistant attorney general shall cause to be served, in any manner authorized by this Code section, a copy of such demand upon the person from whom the discovery was obtained and shall notify the person to whom such demand is issued of the date on which such copy was served. Any information obtained by the Attorney General or a designee of the Attorney General under this Code section may be shared with any qui tam relator if the Attorney General or such designee determine it is necessary as part of any false claims law investigation.

(2)(A) Each civil investigative demand issued under paragraph (1) of this subsection shall state the nature of the conduct constituting the alleged violation of a false claims law which is under investigation and the applicable provision of law alleged to have been violated.

(B) If such demand is for the production of documentary material, the demand shall:

(i) Describe each class of documentary material to be produced with such definiteness and certainty as to permit such documentary material to be fairly identified;

(ii) Prescribe a return date for each such class which will provide a reasonable period of time within which the documentary material so demanded may be assembled and made available for inspection and copying; and

(iii) Identify the false claims law investigator to whom such documentary material shall be made available.

(C) If such demand is for answers to written interrogatories, the demand shall:

- (i) Set forth with specificity the written interrogatories to be answered;
- (ii) Prescribe dates at which time the answers to such written interrogatories shall be submitted; and
- (iii) Identify the false claims law investigator to whom such answers shall be submitted.

(D) If such demand is for the giving of oral testimony, the demand shall:

- (i) Prescribe a date, time, and place at which the oral testimony shall be commenced;
- (ii) Identify a false claims law investigator who shall conduct the examination and the custodian to whom the transcript of such examination shall be submitted;
- (iii) Specify that such attendance and testimony are necessary to the conduct of the investigation;
- (iv) Notify the person receiving the demand of the right to be accompanied by an attorney and any other representative; and
- (v) Describe the general purpose for which the demand is being issued and the general nature of the testimony, including the primary areas of inquiry, which will be taken pursuant to the demand.

(E) Any civil investigative demand issued under this Code section which is an express demand for any product of discovery shall not be returned or returnable until 20 days after a copy of such demand has been served upon the person from whom the product of discovery was obtained.

(F) The date prescribed for the commencement of oral testimony pursuant to a civil investigative demand issued under this Code section shall be a date which is not less than seven days after the date on which such demand is received, unless the Attorney General or his or her designee determines that exceptional circumstances are present which warrant the commencement of such testimony within a lesser period of time.

(G) The Attorney General or his or her designee shall not authorize the issuance under this Code section of more than one civil investigative demand for oral testimony by the same person unless the person requests otherwise or unless the Attorney General, after investigation, notifies that person in writing that an additional demand for oral testimony is necessary.

(c)(1) A civil investigative demand issued under subsection (b) of this Code section shall not require the production of any documentary material, the submission of any answers to written interrogatories, or the giving of any oral testimony if such documentary material, answers, or testimony would be protected from disclosure under:

(A) Standards applicable to subpoenas or subpoenas duces tecum issued by a court of the state or of the United States to aid in a grand jury investigation; or

(B) Standards applicable to discovery requests under Chapter 11 of Title 9, the 'Georgia Civil Practice Act,' to the extent that the application of such standards to any such demand is appropriate and consistent with the provisions and purposes of

this Code section.

(2) Any such demand which is an express demand for any product of discovery supersedes any inconsistent order, rule, or provision of law, other than this Code section, preventing or restraining disclosure of such product of discovery to any person. Disclosure of any product of discovery pursuant to any such express demand shall not constitute a waiver of any right or privilege which the person making such disclosure may be entitled to invoke to resist discovery of trial preparation materials.

(d)(1) Any civil investigative demand issued under subsection (b) of this Code section may be served in this state by a false claims law investigator or by a sheriff, deputy sheriff, marshal, or deputy marshal at any place within the territorial jurisdiction of any court of this state.

(2) Any such demand or any petition filed under subsection (k) of this Code section may be served upon any person who is not found within the territorial jurisdiction of any court of this state in such manner as applicable law prescribes for service outside this state. To the extent that the courts of this state can assert jurisdiction over any such person consistent with due process, any such court shall have the same jurisdiction to take any action respecting compliance with this Code section by any such person that such court would have if such person were personally within the jurisdiction of such court. Compliance with this Code section may also be enforced in courts of other states, of the District of Columbia, and of the United States.

(e)(1) Service of any civil investigative demand issued under subsection (b) of this Code section or of any petition filed under subsection (k) of this Code section may be made upon a partnership, corporation, association, or other legal entity by:

(A) Delivering an executed copy of such demand or petition to any partner, executive officer, managing agent, or general agent of the partnership, corporation, association, or entity, or to any agent authorized by appointment or by law to receive service of process on behalf of such partnership, corporation, association, or entity;

(B) Delivering an executed copy of such demand or petition to the principal office or place of business of the partnership, corporation, association, or entity; or

(C) Depositing an executed copy of such demand or petition via the United States Postal Service by registered or certified mail or statutory overnight delivery, return receipt requested, addressed to such partnership, corporation, association, or entity at its principal office or place of business.

(2) Service of any such demand or petition may be made upon any natural person by:

(A) Delivering an executed copy of such demand or petition to the person; or

(B) Depositing an executed copy of such demand or petition via the United States Postal Service by registered or certified mail or statutory overnight delivery, return receipt requested, addressed to the person at the person's residence or principal office or place of business.

(f) A verified return by the individual serving any civil investigative demand issued under subsection (b) of this Code section or any petition filed under subsection (k) of this Code section setting forth the manner of such service shall be proof of such service.

In the case of service by registered or certified mail or statutory overnight delivery, such return shall be accompanied by the return post office receipt or other receipt of delivery of such demand.

(g)(1) The production of documentary material in response to a civil investigative demand served under this Code section shall be made under a sworn certificate, in such form as the demand designates, by:

(A) In the case of a natural person, the person to whom the demand is directed; or

(B) In the case of a person other than a natural person, a person having knowledge of the facts and circumstances relating to such production and authorized to act on behalf of such person.

The certificate shall state that all of the documentary material required by the demand and in the possession, custody, or control of the person to whom the demand is directed has been produced and made available to the false claims law investigator identified in the demand.

(2) Any person upon whom any civil investigative demand for the production of documentary material has been served under this Code section shall make such documentary material available for inspection and copying to the false claims law investigator identified in such demand at the principal place of business of such person, or at such other place as the false claims law investigator and the person thereafter may agree and prescribe in writing, or as the court may direct under paragraph (1) of subsection (k) of this Code section. Such documentary material shall be made so available on the return date specified in such demand, or on such later date as the false claims law investigator may prescribe in writing. Such person may, upon written agreement between the person and the false claims law investigator, substitute copies for originals of all or any part of such documentary material.

(h) Each interrogatory in a civil investigative demand served under this Code section shall be answered separately and fully in writing under oath and shall be submitted under a sworn certificate, in such form as the demand designates, by:

(1) In the case of a natural person, the person to whom the demand is directed; or

(2) In the case of a person other than a natural person, the person or persons responsible for answering each interrogatory.

If any interrogatory is objected to, the reasons for the objection shall be stated in the certificate instead of an answer. The certificate shall state that all information required by the demand and in the possession, custody, control, or knowledge of the person to whom the demand is directed has been submitted. To the extent that any information is not furnished, the information shall be identified and reasons set forth with particularity regarding the reasons why the information was not furnished.

(i)(1) The examination of any person pursuant to a civil investigative demand for oral testimony served under this Code section shall be taken before an officer authorized to administer oaths and affirmations by the laws of this state, or of the United States, or of the place where the examination is held. The officer before whom the testimony is to be taken shall put the witness on oath or affirmation and shall, personally or by someone acting under the direction of the officer and in the officer's presence, record

the testimony of the witness. The testimony shall be taken stenographically and shall be transcribed. When the testimony is fully transcribed, the officer before whom the testimony is taken shall promptly transmit a copy of the transcript of the testimony to the custodian. This subsection shall not preclude the taking of testimony by any means authorized by and in a manner consistent with Chapter 11 of Title 9, the 'Georgia Civil Practice Act.'

(2) The false claims law investigator conducting the examination shall exclude from the place where the examination is held all persons except the person giving the testimony, the attorney for and any other representative of the person giving the testimony, the attorney for the state or local government, any person who may be agreed upon by the attorney for the state or local government and the person giving the testimony, the officer before whom the testimony is to be taken, and any stenographer taking such testimony.

(3) The oral testimony of any person taken pursuant to a civil investigative demand served under this Code section shall be taken in the county within which such person resides, is found, or transacts business, or in such other place as may be agreed upon by the false claims law investigator conducting the examination and such person.

(4) When the testimony is fully transcribed, the false claims law investigator or the officer before whom the testimony is taken shall afford the witness, who may be accompanied by counsel, a reasonable opportunity to examine and read the transcript, unless such examination and reading are waived by the witness. Any changes in form or substance which the witness desires to make shall be entered and identified upon the transcript by the officer or the false claims law investigator, with a statement of the reasons given by the witness for making such changes. The transcript shall then be signed by the witness, unless the witness in writing waives the signing, is ill, cannot be found, or refuses to sign. If the transcript is not signed by the witness within 30 days after being afforded a reasonable opportunity to examine it, the officer or the false claims law investigator shall sign it and state on the record the fact of the waiver, illness, absence, or the refusal to sign of the witness, together with the reasons, if any, given therefor.

(5) The officer before whom the testimony is taken shall certify on the transcript that the witness was sworn by the officer and that the transcript is a true record of the testimony given by the witness, and the officer or false claims law investigator shall promptly deliver the transcript, or send the transcript by registered or certified mail, to the custodian.

(6) Upon payment of reasonable charges therefor, the false claims law investigator shall furnish a copy of the transcript to the witness only, except that the Attorney General or his or her designee may, for good cause, limit such witness to inspection of the official transcript of the witness's testimony.

(7)(A) Any person compelled to appear for oral testimony under a civil investigative demand issued under subsection (b) of this Code section may be accompanied, represented, and advised by counsel. Counsel may advise such person, in confidence, with respect to any question asked of such person. Such

person or counsel may object on the record to any question, in whole or in part, and shall briefly state for the record the reason for the objection. An objection may be made, received, and entered upon the record when it is claimed that such person is entitled to refuse to answer the question on the grounds of any constitutional or other legal right or privilege, including the privilege against self-incrimination. Such person may not otherwise object to or refuse to answer any question, and shall not, directly or through counsel, otherwise interrupt the oral examination. If such person refuses to answer any question, a petition may be filed in the superior court under paragraph (1) of subsection (k) of this Code section for an order compelling such person to answer such question.

(B) If such person refuses to answer any question on the grounds of the privilege against self-incrimination, the testimony of such person may be compelled in accordance with the provisions of Title 24.

(8) Any person appearing for oral testimony under a civil investigative demand issued under subsection (b) of this Code section shall be entitled to the same fees and allowances which are paid to witnesses in the superior courts and state courts of Georgia.

(j)(1) The Attorney General shall designate a false claims law investigator to serve as custodian of documentary material, answers to interrogatories, and transcripts of oral testimony received under this Code section and shall designate such additional false claims law investigators as the Attorney General determines from time to time to be necessary to serve as deputies to the custodian.

(2)(A) A false claims law investigator who receives any documentary material, answers to interrogatories, or transcripts of oral testimony under this Code section shall transmit them to the custodian. The custodian shall take physical possession of such documentary material, answers, or transcripts and shall be responsible for the use made of them and for the return of documentary material under paragraph (4) of this subsection.

(B) The custodian may cause the preparation of such copies of such documentary material, answers to interrogatories, or transcripts of oral testimony as may be required for official use by any false claims law investigator or other officer or employee of the Attorney General or any other agency of the state or local government participating in an investigation of the matters in question. Such documentary material, answers, and transcripts may be used by any such authorized false claims law investigator or other officer or employee in connection with the taking of oral testimony under this Code section.

(C) Except as otherwise provided in this subsection, no documentary material, answers to interrogatories, or transcripts of oral testimony, or copies thereof, while in the possession of the custodian, shall be available for examination by any individual other than a false claims law investigator or other officer or employee of the Attorney General or any other agency of the federal government or of a state or local government participating in an investigation of the matters in question authorized under subparagraph (B) of this paragraph. The prohibition in the

preceding sentence on the availability of documentary material, answers, or transcripts shall not apply if consent is given by the person who produced such documentary material, answers, or transcripts, or, in the case of any product of discovery produced pursuant to an express demand for such documentary material, consent is given by the person from whom the discovery was obtained. Nothing in this subparagraph is intended to prevent disclosure to the General Assembly, including any committee or subcommittee of the General Assembly, or to any other agency of the state or local government or the United States for use by such agency in furtherance of its statutory responsibilities.

(D) While in the possession of the custodian and under such reasonable terms and conditions as the Attorney General shall prescribe:

(i) Documentary material and answers to interrogatories shall be available for examination by the person who produced such documentary material or answers, or by a representative of that person authorized by that person to examine such documentary material and answers; and

(ii) Transcripts of oral testimony shall be available for examination by the person who produced such testimony, or by a representative of that person authorized by that person to examine such transcripts.

(3) Whenever the Attorney General, an attorney for a local government, or an attorney for any agency of a local government participating in an investigation of the matter in question has been designated to appear before any court, grand jury, or state or local government or federal agency in any case or proceeding, the custodian of any documentary material, answers to interrogatories, or transcripts of oral testimony received under this Code section may deliver to such attorney such documentary material, answers, or transcripts for official use in connection with any such case or proceeding as such attorney determines to be required. Upon the completion of any such case or proceeding, such attorney shall return to the custodian any such documentary material, answers, or transcripts so delivered which have not passed into the control of such court, grand jury, or agency through introduction into the record of such case or proceeding.

(4) If any documentary material has been produced by any person in the course of any false claims law investigation pursuant to a civil investigative demand under this Code section, and:

(A) Any case or proceeding before the court or grand jury arising out of such investigation, or any proceeding before any state or local government or federal agency involving such documentary material, has been completed; or

(B) No case or proceeding in which such documentary material may be used has been commenced within a reasonable time after completion of the examination and analysis of all documentary material and other information assembled in the course of such investigation,

the custodian shall, upon written request of the person who produced such documentary material, return to such person any such documentary material, other than copies furnished to the false claims law investigator under paragraph (2) of

subsection (g) of this Code section or made for the state under subparagraph (B) of paragraph (2) of this subsection, which has not passed into the control of any court, grand jury, or agency through introduction into the record of such case or proceeding.

(5) In the event of the death, disability, or separation from service of the custodian of any documentary material, answers to interrogatories, or transcripts of oral testimony produced pursuant to a civil investigative demand under this Code section, or in the event of the official relief of such custodian from responsibility for the custody and control of such documentary material, answers, or transcripts, the Attorney General or his or her designee shall promptly:

(A) Designate another false claims law investigator to serve as custodian of such documentary material, answers, or transcripts; and

(B) Transmit in writing to the person who produced such documentary material, answers, or testimony notice of the identity and address of the successor so designated.

Any person who is designated to be a successor under this paragraph shall have, with regard to such documentary material, answers, or transcripts, the same duties and responsibilities as were imposed by this Code section upon that person's predecessor in office, except that the successor shall not be held responsible for any default or dereliction which occurred before that designation.

(k)(1) Whenever any person fails to comply with any civil investigative demand issued under subsection (b) of this Code section, or whenever satisfactory copying or reproduction of any documentary material requested in such demand cannot be done and such person refuses to surrender such documentary material, the Attorney General or local government may file in any county or district in which such person resides, is found, or transacts business and serve upon such person a petition for an order of such court for the enforcement of the civil investigative demand.

(2)(A) Any person who has received a civil investigative demand issued under subsection (b) of this Code section may file in the appropriate court and serve upon the false claims law investigator identified in such demand a petition for an order of the court to modify or set aside such demand. In the case of a petition addressed to an express demand for any product of discovery, a petition to modify or set aside such demand may be brought only in the superior court for any county in which the proceeding in which such discovery was obtained is or was last pending. Any petition under this subparagraph shall be filed:

(i) Within 20 days after the date of service of the civil investigative demand, or at any time before the return date specified in the demand, whichever date is earlier;
or

(ii) Within such longer period as may be prescribed in writing by any false claims law investigator identified in the demand.

(B) The petition shall specify each ground upon which the petitioner relies in seeking relief under subparagraph (A) of this paragraph and may be based upon any failure of the demand to comply with the provisions of this Code section or upon any constitutional or other legal right or privilege of such person. During the

pendency of the petition in the court, the court may stay, as it deems proper, the running of the time allowed for compliance with the demand, in whole or in part, except that the person filing the petition shall comply with any portions of the demand not sought to be modified or set aside.

(3)(A) In the case of any civil investigative demand issued under subsection (b) of this Code section which is an express demand for any product of discovery, the person from whom such discovery was obtained may file in the superior court for the county in which the proceeding in which such discovery was obtained is or was last pending and serve upon any false claims law investigator identified in the demand and upon the recipient of the demand a petition for an order of such court to modify or set aside those portions of the demand requiring production of any such product of discovery. Any petition under this subparagraph shall be filed:

(i) Within 20 days after the date of service of the civil investigative demand, or at any time before the return date specified in the demand, whichever date is earlier;

or

(ii) Within such longer period as may be prescribed in writing by any false claims law investigator identified in the demand.

(B) The petition shall specify each ground upon which the petitioner relies in seeking relief under subparagraph (A) of this paragraph and may be based upon any failure of the portions of the demand from which relief is sought to comply with the provisions of this Code section or upon any constitutional or other legal right or privilege of the petitioner. During the pendency of the petition, the court may stay, as it deems proper, compliance with the demand and the running of the time allowed for compliance with the demand.

(4) At any time during which any custodian is in custody or control of any documentary material or answers to interrogatories produced by, or transcripts of oral testimony given by, any person in compliance with any civil investigative demand issued under subsection (b) of this Code section, such person and, in the case of an express demand for any product of discovery, the person from whom such discovery was obtained, may file in the superior court for any county within which the office of such custodian is situated and serve upon such custodian a petition for an order of such court to require the performance by the custodian of any duty imposed upon the custodian by this Code section.

(5) Whenever any petition is filed under this subsection in any superior court for any county, such court shall have jurisdiction to hear and determine the matter so presented and to enter such order or orders as may be required to carry out the provisions of this Code section. Any final order so entered shall be subject to appeal. Any disobedience of any final order entered under this Code section by any court shall be punished as a contempt of the court.

(6) Chapter 11 of Title 9, the 'Georgia Civil Practice Act,' shall apply to any petition filed in this state under this subsection, to the extent that such rules are not inconsistent with the provisions of this Code section.

(1) Any documentary material, answers to written interrogatories, or oral testimony

provided under any civil investigative demand issued under subsection (b) of this Code section shall be exempt from disclosure under Article 4 of Chapter 18 of Title 50.

23-3-126.

(a) The provisions of this article shall not be deemed exclusive, and the remedies provided for in this article shall be in addition to any other remedies provided for in any other law or available under common law.

(b) The provisions of subsection (a) of this Code section notwithstanding, if the court finds that:

(1) The person committing the violation of this subsection furnished officials of the Georgia Medicaid program with all information known to such person about the violation within 30 days after the date on which the defendant first obtained the information;

(2) Such person fully cooperated with any government investigation of such violation; and

(3) At the time such person furnished the Georgia Medicaid program with the information about the violation, no criminal prosecution, civil action, or administrative action had commenced under this article with respect to such violation, and the person did not have actual knowledge of the existence of an investigation into such violation,

the court may assess not more than two times the amount of the actual damages which the Georgia Medicaid program sustained because of the act of such person.

(c) A person violating any provision of subsection (a) of this Code section shall also be liable to this state for all costs of any civil action brought to recover the damages and penalties provided under this article.

49-4-168.2.

(a) The Attorney General shall be authorized to investigate suspected, alleged, and reported violations of this article. If the Attorney General finds that a person has violated or is violating this article, then the Attorney General may bring a civil action against such person under this article.

(b) Subject to the exclusions set forth in this Code section, a civil action under this article may also be brought by a private person. A civil action shall be brought in the name of the State of Georgia. The civil action may be dismissed only if the court and the Attorney General give written consent to the dismissal and state the reasons for consenting to such dismissal.

(c) Where a private person brings a civil action under this article, such person shall follow the following special procedures:

(1) A copy of the complaint and written disclosure of substantially all material evidence and information the person possesses shall be served on the Attorney General;

(2) The complaint shall be filed in camera, shall remain under seal for at least 60 days, and shall not be served on the defendant until the court so orders. The purpose of the period under seal shall be to allow the Attorney General to investigate the allegations of the complaint. The Attorney General may elect to intervene and proceed with the civil action within 60 days after it receives both the complaint and the material evidence and information;

(3) The Attorney General may, for good cause shown, move the court for extensions of the time during which the complaint remains under seal under paragraph (2) of this subsection. Any such motions may be supported by affidavits or other submissions in

camera;

(4) Before the expiration of the 60 day period or any extensions obtained under paragraph (3) of this subsection, the Attorney General shall:

(A) Proceed with the civil action, in which case the civil action shall be conducted by the Attorney General; or

(B) Notify the court that it declines to take over the civil action, in which case the person bringing the civil action shall have the right to proceed with the civil action;

(5) The defendant shall not be required to respond to any complaint filed under this Code section until 30 days after the complaint is unsealed and served upon the defendant; and

(6) When a person brings a civil action under this subsection, no person other than the Attorney General may intervene or bring a related civil action based on the facts underlying the pending civil action.

(d)(1) If the Attorney General elects to intervene and proceed with the civil action, he or she shall have the primary responsibility for prosecuting the civil action and shall not be bound by an act of the person bringing such civil action. Such person shall have the right to continue as a party to the civil action, subject to the limitations set forth in this subsection.

(2) The Attorney General may dismiss the civil action, notwithstanding the objections of the person initiating the civil action, if the person has been notified by the Attorney General of the filing of the motion and the court has provided the person with an opportunity for a hearing on the motion.

(3) The Attorney General may settle the civil action with the defendant notwithstanding the objections of the person initiating the civil action if the court determines, after a hearing, that the proposed settlement is fair, adequate, and reasonable under all the circumstances. Upon a showing of good cause, such hearing may be held in camera.

(4) Upon a showing by the Attorney General that unrestricted participation during the course of the litigation by the person initiating the civil action would interfere with or unduly delay the Attorney General's litigation of the case, or would be repetitious, irrelevant, or for purposes of harassment, the court may, in its discretion, impose limitations on the person's participation, such as:

(A) Limiting the number of witnesses the person may call;

(B) Limiting the length of the testimony of such witnesses;

(C) Limiting the person's cross-examination of witnesses; or

(D) Otherwise limiting the participation by the person in the litigation.

(e) Upon a showing by the defendant that unrestricted participation during the course of the litigation by the person initiating the civil action would be for purposes of harassment or would cause the defendant undue burden or unnecessary expense, the court may limit the participation by the person in the litigation.

(f) If the Attorney General elects not to proceed with the civil action, the person who initiated the civil action shall have the right to conduct the civil action. If the Attorney General so requests, he or she shall be served with copies of all pleadings filed in the

civil action and shall be supplied with copies of all deposition transcripts. When a person proceeds with the civil action, the court may nevertheless permit the Attorney General to intervene at a later date for any purpose, including, but not limited to, dismissal of the civil action notwithstanding the objections of the person initiating the civil action if such person has been notified by the Attorney General of the filing of such motion and the court has provided such person with an opportunity for a hearing on such motion.

(g) Whether or not the Attorney General proceeds with the civil action, upon a showing by the Attorney General that certain actions of discovery by the person initiating the civil action would interfere with the Attorney General's investigation or prosecution of a criminal or civil matter arising out of the same facts, the court may stay such discovery for a period of not more than 60 days. Such a showing shall be conducted in camera. The court may extend the 60 day period upon a further showing in camera that the Attorney General has pursued the criminal or civil investigation or proceedings with reasonable diligence and any proposed discovery in the civil action will interfere with the ongoing criminal or civil investigation or proceedings.

(h) Notwithstanding subsections (b) and (c) of this Code section, the Attorney General may elect to pursue this state's claim through any alternate remedy available to the Attorney General, including any administrative proceeding to determine a civil money penalty. If any such alternate remedy is pursued in another proceeding, the person initiating the civil action shall have the same rights in such proceeding as such person would have had if the civil action had continued under this Code section. Any finding of fact or conclusion of law made in such other proceeding that has become final shall be conclusive on all parties to a civil action under this Code section. For purposes of this subsection, a finding or conclusion is final if it has been finally determined on appeal to the appropriate court of the State of Georgia, if all time for filing such an appeal with respect to the finding or conclusion has expired, or if the finding or conclusion is not subject to judicial review.

(i)(1) If the Attorney General proceeds with a civil action brought by a private person under subsection (b) of this Code section, such person shall, subject to the second sentence of this paragraph, receive at least 15 percent but not more than 25 percent of the proceeds of the civil action or settlement of the claim, depending upon the extent to which the person substantially contributed to the prosecution of the civil action. Where the civil action is one which the court finds to be based primarily on disclosures of specific information, other than information provided by the person bringing the civil action, relating to allegations or transactions in a criminal, civil, or administrative hearing, in a legislative, administrative, or Attorney General hearing, audit, or investigation, or from the news media, the court may award such sums as it considers appropriate, but in no case more than 10 percent of the proceeds, taking into account the significance of the information and the role of the person bringing such civil action in advancing the case to litigation. Any payment to a person under the first or second sentence of this paragraph shall be made from the proceeds. The remaining proceeds shall be payable to the ~~Indigent Care Trust Fund to be used for~~

~~the purposes set forth in Code Section 31-8-154 State of Georgia, by and through the Georgia Department of Community Health, for the purposes of operating, sustaining, protecting, and administering the Georgia Medicaid program.~~ Any such person shall also receive an amount for reasonable expenses which the court finds to have been necessarily incurred, plus reasonable attorney's fees and costs. All such expenses, fees, and costs shall be awarded against the defendant.

(2) If the Attorney General does not proceed with a civil action under this Code section, the person bringing the civil action or settling the claim shall receive an amount which the court decides is reasonable for collecting the civil penalty and damages. Such amount shall be not less than 25 percent and not more than 30 percent of the proceeds of the civil action or settlement and shall be paid out of such proceeds. The remaining proceeds shall be payable to the ~~Indigent Care Trust Fund to be used for the purposes set forth in Code Section 31-8-154 State of Georgia, by and through the Georgia Department of Community Health, for the purposes of operating, sustaining, protecting, and administering the Georgia Medicaid program.~~ Such person shall also receive an amount for reasonable expenses which the court finds to have been necessarily incurred, plus reasonable attorney's fees and costs. All such expenses, fees, and costs shall be awarded against the defendant.

(3) Whether or not the Attorney General proceeds with the civil action, if the court finds that the civil action was brought by a person who planned and initiated the violation of Code Section 49-4-168.1 upon which the civil action was brought, then the court may, to the extent the court considers appropriate, reduce the share of the proceeds of the civil action which the person would otherwise receive under paragraph (1) or (2) of this subsection, taking into account the role of that person in advancing the case to litigation and any relevant circumstances pertaining to the violation. If the person bringing the civil action is convicted of criminal conduct arising from his or her role in the violation of Code Section 49-4-168.1, such person shall be dismissed from the civil action and shall not receive any share of the proceeds of the civil action. Such dismissal shall not prejudice the right of the State of Georgia to continue the civil action, represented by the Attorney General.

(4) If the Attorney General does not proceed with the civil action and the person bringing the civil action conducts the civil action, the court may award to the defendant its reasonable attorney's fees and expenses against the person bringing the civil action if the defendant prevails in the civil action and the court finds that the claim of the person bringing the civil action was clearly frivolous, clearly vexatious, or brought primarily for purposes of harassment.

(5) The State of Georgia shall not be liable for expenses which a private person incurs in bringing a civil action under this article.

~~(j) For purposes of this subsection, 'public employee,' 'public official,' and 'public employment' shall include federal, state, and local employees and officials.~~

~~(1) No civil action may be brought under this article by a person who is or was a public employee or public official if the allegations of such action are substantially based upon:~~

~~(A) Allegations of wrongdoing or misconduct which such person had a duty or obligation to report or investigate within the scope of his or her public employment or office; or~~

~~(B) Information or records to which such person had access as a result of his or her public employment or office.~~

~~(2) No court shall have jurisdiction over a civil action under this article based upon the public disclosure of allegations or transactions in a criminal, civil, or administrative hearing, in a legislative, administrative, or Attorney General report, hearing, audit, or investigation, or from the news media, unless the civil action is brought by the Attorney General or unless the person bringing the civil action is an original source of the information. For purposes of this paragraph, 'original source' means an individual who has direct and independent knowledge of the information on which the allegations are based and has voluntarily provided the information to this state before filing a civil action under this Code section based on such information.~~

~~(3) In no event may a person bring a civil action under this article which is based upon allegations or transactions which are the subject of a civil or administrative proceeding to which the State of Georgia is already party.~~

~~(k)(4) No civil action may be brought under this article with respect to any claim relating to the assessment, payment, nonpayment, refund, or collection of taxes pursuant to any provisions of Title 48.~~

(1)(1) As used in this subsection, the term 'original source' means an individual who:

(A) Prior to public disclosure, has voluntarily disclosed to the Attorney General the information on which allegations or transactions in a claim are based; or

(B) Has knowledge that is independent of and materially adds to publicly disclosed allegations or transactions and who has voluntarily provided such information to the Attorney General before filing a civil action under this Code section.

(2) The court shall dismiss a civil action or claim under this Code section, unless opposed by the Attorney General, if substantially the same allegations or transactions as alleged in the action or claim were publicly disclosed:

(A) In any criminal, civil, or administrative hearing in which the State of Georgia or its employee, agent, or contractor is a party;

(B) In a congressional, legislative, or other state or federal report, hearing, audit, or investigation; or

(C) From the news media,

unless the civil action is brought by the Attorney General or the person bringing the civil action is an original source of the information.

49-4-168.3.

(a) In any civil action brought under this article, the State of Georgia or person bringing the civil action shall be required to prove all essential elements of the cause of civil action, including damages, by a preponderance of the evidence.

(b) Except as otherwise provided in this article, all civil actions brought under this article shall be governed by the provisions of Chapter 11 of Title 9, the 'Georgia Civil

Practice Act.'

(c) If the Attorney General elects to intervene and proceed with a civil action brought pursuant to this article, the Attorney General may file his or her own complaint or amend the complaint of a person who has brought a civil action under this article to clarify or add detail to the claims in which the Attorney General is intervening and to add any additional claims with respect to which the State of Georgia contends it is entitled to relief. For purposes of the statute of limitations, any such pleading by the Attorney General shall relate back to the filing date of the complaint of the person who originally brought the civil action, to the extent that the claim of the State of Georgia arises out of the conduct, transactions, or occurrences set forth, or attempted to be set forth, in the original complaint by such person.

49-4-168.4.

~~Any employee who is discharged, demoted, suspended, threatened, harassed, or in any other manner discriminated against in the terms and conditions of employment by his or her employer because of lawful acts done by the employee, on behalf of the employee or others, in furtherance of a civil action under this article, including investigation for, initiation of, testimony for, or assistance in a civil action filed or to be filed under this article, shall be entitled to all relief necessary to make the employee whole. Such relief shall include reinstatement with the same seniority status such employee would have had but for the discrimination, two times the amount of back pay, interest on the back pay award, and compensation for any special damages sustained as a result of the discrimination, including litigation costs and reasonable attorney's fees. An employee may bring a civil action in an appropriate court of the State of Georgia for the relief provided in this Code section.~~

(a) Any employee, contractor, or agent shall be entitled to all relief necessary to make such employee, contractor, or agent whole, if that employee, contractor, or agent is discharged, demoted, suspended, threatened, harassed, or in any other manner discriminated against in the terms and conditions of employment because of lawful acts done by such employee, contractor, agent or associated others in furtherance of a civil action under this Code section or other efforts to stop one or more violations of this article.

(b) Relief under subsection (a) of this Code section shall include reinstatement with the same seniority status that such employee, contractor, or agent would have had but for the discrimination, two times the amount of back pay, interest on the back pay, and compensation for any special damages sustained as a result of the discrimination, including litigation costs and reasonable attorney's fees. A civil action under this subsection may be brought in an appropriate court of this state for the relief provided in this Code section.

(c) Notwithstanding Code Section 49-4-168.5, a civil action under this Code section may not be brought more than three years after the date when the discrimination occurred.

49-4-168.5.

All civil actions under this article shall be filed pursuant to Code Section 49-4-168.2 within six years after the date the violation was committed, or ~~three~~ four years after the date when facts material to the right of civil action are known or reasonably should have been known by the state official charged with the responsibility to act in the circumstances, whichever occurs last; provided, however, that in no event shall any civil action be filed more than ten years after the date upon which the violation was committed.

49-4-168.6.

All civil actions brought against natural persons under this article shall be brought in the county where the defendant or, in the case of multiple defendants or of defendants who are not residents of the State of Georgia, in any county where any one defendant resides, can be found, transacts business, or commits an act in furtherance of the submittal of a false or fraudulent claim to the Georgia Medicaid program."

HB 851. By Representatives Rice of the 51st, Powell of the 29th and Sheldon of the 105th:

A BILL to be entitled an Act to amend Code Section 48-6-73 of the Official Code of Georgia Annotated, relating to reports and distributions regarding the taxation of intangibles, so as to change certain requirements regarding the rates to be charged by collecting officers; to provide for related matters; to provide for an effective date; to repeal conflicting laws; and for other purposes.

A BILL TO BE ENTITLED
AN ACT

To amend Code Section 48-6-73 of the Official Code of Georgia Annotated, relating to reports and distributions regarding the taxation of intangibles, so as to change certain requirements regarding the rates to be charged by collecting officers; to provide for related matters; to provide for an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Code Section 48-6-73 of the Official Code of Georgia Annotated, relating to reports and distributions regarding the taxation of intangibles, is revised as follows:

"48-6-73.

Each collecting officer shall make a report to the commissioner by the tenth day of each month on forms prescribed by the commissioner of all sums collected and remitted under this article for the preceding month. The collecting officer shall retain 6 percent of the tax collected as compensation for said officer's services in collecting the tax. All such taxes shall be deemed to have been collected by the collecting officer in said officer's official capacity. Failure to collect and distribute the tax as provided by law shall constitute a breach of the official duty and of the official bond of the collecting officer. In each county in which the collecting officer is on a salary, the 6 percent commission allowed by this Code section shall be paid into the county treasury and shall become county property. The long-term notes secured by real property upon which this tax is based shall not be placed upon the property tax digest prepared and maintained by the tax receiver. It is the intention of the General Assembly that the 6 percent commission permitted under this article for the collection and distribution of

this tax by the collecting officer shall be the only compensation permitted to any collecting officer with respect to this tax. ~~In counties having a population of more than 650,000, according to the United States decennial census of 2000 or any future such census, however, the commission allowed under this article as compensation to the collecting officer shall be 4 percent."~~

SECTION 2.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 3.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

This Act shall be known and may be cited as the "Social Responsibility and Accountability Act."

SECTION 2.

It is the intent of the General Assembly to:

- (1) Ensure that TANF funds are ultimately utilized for the intended purpose of alleviating the effects of poverty and are not diverted to illicit drug use;
- (2) Protect children of poverty by ensuring such funds strengthen family life and reduce the danger that illicit drugs will be introduced into the home environment;
- (3) Assist adults addicted to drugs to avoid the temptation and restructure their lives by focusing on employment and becoming better parents; and
- (4) Ensure that the government does not subsidize the public health risk posed by drug use and the associated criminal activities.

SECTION 3.

Article 9 of Chapter 4 of Title 49 of the Official Code of Georgia Annotated, relating to temporary assistance for needy families, is amended by adding a new Code section to read as follows:

"49-4-193.

(a) As used in this Code section, the term 'established drug test' means the collection and testing of bodily fluids administered in a manner equivalent to that required by the Mandatory Guidelines for Federal Workplace Drug Testing Programs (53 C.F.R. 11979, et seq., as amended) or other professionally valid procedures approved by the department; provided, however, that where possible and practicable, a swab test shall be used in lieu of a urinalysis.

(b) The department shall adopt rules and regulations for an established drug test which

shall include the following:

- (1) Which illegal drugs will be the subject of testing;
 - (2) Methods for assuring minimal privacy intrusions during collection of body fluid specimens for such testing;
 - (3) Methods for assuring proper storage, transportation, and handling of such specimens in order to ensure the integrity of the testing process;
 - (4) The identity of those persons entitled to the results of such tests and methods for ensuring that only authorized persons are given access to such results;
 - (5) A list of laboratories qualified to conduct established drug tests;
 - (6) A list of approved substance abuse treatment providers;
 - (7) Procedures for persons undergoing drug testing, prior to the collection of body fluid specimens for such testing, to provide information regarding use of any drug pursuant to a medical prescription or as otherwise authorized by law which may affect the results of such test;
 - (8) A requirement that the test be conducted no later than 48 hours after the application is approved by the department for TANF eligibility. Proof of eligibility from the department shall be issued to the applicant. The applicant shall show proof of eligibility to an authorized test examiner prior to submitting to the test; and
 - (9) A requirement that any applicant who demonstrates proof of active and current Medicaid benefits shall pay a drug screening application fee of no more than \$17.00, and no authorized test examiner shall conduct a drug test if an applicant demonstrates active and current Medicaid benefits unless the applicant presents a receipt proving that he or she has paid the required drug screening application fee. Eligible applicants who do not have active and current Medicaid benefits shall be responsible for paying the full cost of administering the drug test upon presentation to an authorized examiner.
- (c) The department shall require a drug test consistent with subsection (b) of this Code section to screen each individual who applies for assistance. The cost of drug testing shall be the responsibility of the individual tested, provided that the individual does not submit proof of active Medicaid benefits to subsidize the cost of such drug testing pursuant to paragraph (9) of subsection (b) of this Code section. No assistance payment shall be delayed because of the requirements of this Code section, and any payments made prior to the department's receipt of a test result showing a failure shall be recoverable.
- (d) Any recipient of cash assistance under this article who tests positive for controlled substances as a result of a drug test required under this Code section shall be ineligible to receive TANF benefits as follows:
- (1) For a first positive result, the recipient shall be ineligible for TANF benefits for one month and until he or she tests negative in a retest;

 - (3) For a third and each subsequent positive result, the recipient shall be ineligible for TANF benefits for one year and until he or she tests negative in a retest unless the

individual meets the requirements of subsection (f) of this Code section.

(e) The department shall:

(1) Provide notice of drug testing to each individual at the time of application. The notice shall advise the individual that drug testing will be conducted as a condition for receiving TANF benefits and that the individual shall bear the cost of testing. If the individual tests negative for controlled substances, the department shall increase the amount of the initial TANF benefit by the amount paid by the individual for the drug testing. However, if the individual used an active and current Medicaid benefit pursuant to paragraph (9) of subsection (b) of this Code section to subsidize the cost of the test, the individual shall not be eligible for direct TANF reimbursement. The individual shall be advised that the required drug testing may be avoided if the individual does not apply for TANF benefits. Dependent children under the age of 18 are exempt from the drug testing requirement;

(3) Require that any teen parent who is not required to live with a parent, legal guardian, or other adult caretaker relative shall comply with the drug testing requirement;

(5) Require each individual to be tested to sign a written acknowledgment that he or she has received and understood the notice and advice provided under paragraphs (1) and (4) of this subsection;

(6) Assure each individual being tested a reasonable degree of dignity while producing and submitting a sample for drug testing, consistent with the state's need to ensure the reliability of the sample;

(7) Specify circumstances under which an individual who fails a drug test has the right to take one or more additional tests;

(8) Inform an individual who tests positive for a controlled substance and is deemed ineligible for TANF benefits for one year pursuant to paragraph (3) of subsection (d) of this Code section that the individual may reapply for those benefits six months after the date of the positive drug test if he or she meets the requirements of subsection (f) of this Code section; and

(9) Provide any individual who tests positive with a list of substance abuse treatment providers approved by the department which are available in the area in which he or she resides. Neither the department nor the state shall be responsible for providing or paying for substance abuse treatment.

(f) An individual who tests positive for an illegal drug and is denied TANF benefits for one year may reapply for TANF benefits after six months if the individual can document the successful completion of a substance abuse treatment program offered by a provider approved by the department. An individual who has met the requirements of this subsection and reapplies for TANF benefits shall also pass an initial drug test and

meet the requirements of subsection (c) of this Code section. Any drug test conducted while the individual is undergoing substance abuse treatment shall meet the requirements of subsection (b) of this Code section. The cost of any drug testing provided under this Code section and substance abuse treatment shall be the responsibility of the individual being tested and receiving treatment. An individual who fails the drug test required under subsection (c) of this Code section may reapply for TANF benefits under this subsection only once.

(g) If a parent is deemed ineligible for TANF benefits as a result of failing a drug test conducted under this Code section:

(1) The dependent child's eligibility for TANF benefits shall not be affected;

(2) An appropriate protective payee shall be designated to receive benefits on behalf of the child; and

If the designated individual tests positive for controlled substances, he or she shall be ineligible to receive benefits on behalf of the child.

(h) The results of any drug test done according to this Code section shall not be subject to disclosure under Article 4 of Chapter 18 of Title 50, relating to inspection of public records. Such results shall not be used as a part of a criminal investigation or criminal prosecution. Such results shall not be used in a civil action or otherwise disclosed to any person or entity without the express written consent of the person tested or his or her heirs or legal representative. All such records shall be destroyed and deleted five years after the date of the test.

(i) No testing shall be required by the provisions of this Code section for any person whom the department determines is significantly hindered, because of a physical or mental handicap or developmental disability, from doing so or for any person enrolled in an enhanced primary care case management program operated by the Department of Community Health, Division of Medical Assistance to serve frail elderly and disabled beneficiaries to improve the health outcomes of persons with chronic health conditions by linking primary medical care with home and community based services.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

An Act providing for the consolidation of Richmond County and the City of Augusta, approved March 27, 1995 (Ga. L. 1995, p. 3648), as amended, particularly by an Act approved April 8, 2002 (Ga. L. 2002, p. 3769), is amended by revising subsection (a) of Section 2 as follows:

"(a)(1) For the purpose of electing members of the Augusta-Richmond County Commission, Richmond County is divided into ten¹⁰ commission districts. One member of the board shall be elected from each such district. (2)(A) For the purposes of such plan:

(ii) Except as otherwise provided in the description of any district, whenever the description of any district refers to a named city, it shall mean the geographical boundaries of that city as shown on the census maps for the United States decennial census of 2010 for the State of Georgia.

(B)(i) Any part of Augusta, Georgia, which is not included in Commission Districts 1 through 8 described in paragraph (1) of this subsection shall be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia.

A BILL TO BE ENTITLED
AN ACT

To amend Article 5 of Chapter 7 of Title 48 of the Official Code of Georgia Annotated, relating to current income tax payment, so as to allow certain fiduciaries an exception to the requirement of paying estimated taxes; to change certain provisions relating to withholding tax on taxable income of nonresident members of certain associations; to provide for related matters; to provide for an effective date and applicability; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 5 of Chapter 7 of Title 48 of the Official Code of Georgia Annotated, relating to current income tax payment, is amended by revising Code Section 48-7-114, relating to payment of estimated income tax, as follows:

"48-7-114.

(a) **'Estimated tax' defined.** For purposes of this Code section, the term 'estimated tax' means the amount which the individual estimates as the amount of income tax imposed by Code Section 48-7-20 less the amount which the individual estimates as the sum of credits allowable by law against the tax.

(b) **Requirement of estimated tax.** Except as otherwise provided in subsection (d) of this Code section, every resident individual and every taxable nonresident individual shall file his or her estimated tax for the current taxable year if he or she can be reasonably expected to be required to file a Georgia income tax return for the current taxable year and his or her gross income can reasonably be expected to:

(1) Include more than \$1,000.00 from sources other than wages as defined in paragraph (10) of Code Section 48-7-100; and

(2) Exceed:

(A) One thousand five hundred dollars if the individual is single or the individual is married and not living with his or her spouse or the individual is married and expects to claim only \$1,500.00 of the marital exemption; or

(B) Three thousand dollars if the individual is married and living with his or her spouse and expects to claim the full marital exemption.

(c) **Return as estimated tax.** If on or before January 31 of the succeeding taxable year or, in the case of an individual referred to in subsection (b) of Code Section 48-7-115, relating to income from farming and fishing, on or before March 1 of the succeeding taxable year, the taxpayer files a return for the taxable year for which the estimated tax is required and pays in full the amount computed on the return as payable and the estimate is not required to be filed during the taxable year but is required to be filed on or before January 15, then the return shall be considered as the estimate.

(d) **Exemptions.** This Code section shall not apply to an individual in a given tax year if:

(1) The sum of the allowable credits shown on the individual's income tax return for the tax year exceeds the individual's tax liability shown on the return before the tax liability is reduced by the amount of the allowable credits; and

(2) The individual reasonably expected at the time estimated tax was otherwise required to be filed with respect to the tax year that the conditions of paragraph (1) of this subsection would be met for the tax year.

(e)(1) **Applicability to fiduciaries.** With respect to taxable years beginning on or after January 1, 1988, fiduciaries shall be subject to all requirements of this article in the same manner as individuals, except as provided in paragraph (2) of this subsection.

(2) This Code section shall not apply with respect to any taxable year ending before the date two years after the date of the decedent's death in the case of:

(A) The estate of such decedent; or

(B) A testamentary trust as defined in IRC Section 6654(1)(2)(B)."

SECTION 2.

Said article is further amended by revising Code Section 48-7-129, relating to withholding tax on distributions to nonresidents, as follows:

"48-7-129.

(a)(1) Any partnership, Subchapter 'S' corporation, or limited liability company which owns property or does business within this state shall be subject to a withholding tax. Such tax shall be withheld from ~~any distributions paid or any distributions credited but not paid to members who are not residents of Georgia~~ a nonresident member's share of taxable income sourced to this state, whether distributed or not, except as provided in subsection (c) of Code Section 48-7-24. For purposes of this Code section, the term 'taxable income sourced to this state' means the entity's income allocated or apportioned to Georgia pursuant to Code Section 48-7-31 or as otherwise provided by law.

(2) The amount of tax to be withheld for each nonresident member shall be determined by multiplying the ~~distribution paid or the distribution credited but not paid~~ nonresident member's share of the taxable income sourced to this state by a rate of 4 percent. To the extent that the partnership, Subchapter 'S' corporation, or limited liability company remits withholding tax during the course of the tax year which exceeds the Georgia income tax liability of a nonresident member, that member shall be entitled to a refund of the excess withholding at the end of the taxable year.

(3) Any partnership, Subchapter 'S' corporation, or limited liability company which fails to withhold and pay over to the commissioner any amount required to be withheld under this Code section may be liable for a penalty equal to 25 percent of the amount not withheld and paid over. Any penalty imposed under this subsection shall be paid upon notice and demand by the commissioner or the commissioner's delegate and shall be assessed and collected in the same manner as the withholding taxes imposed by this article.

(4) The partnership, Subchapter 'S' corporation, or limited liability company and its

members shall be jointly and severally liable for the withholding tax liability imposed under this subsection and shall be assessed accordingly.

(b)(1) As an alternative to the withholding requirement imposed by subsection (a) of this Code section, the commissioner may allow the filing of composite returns by partnerships, Subchapter 'S' corporations, or limited liability companies on behalf of their nonresident members and may provide for the requirements of filing composite returns by regulation. For purposes of this subsection, the term 'composite return' means a return filed by a partnership, Subchapter 'S' corporation, or limited liability company on behalf of all of its nonresident members which reports and remits the Georgia income tax of the nonresident members.

(2) Where a partnership, Subchapter 'S' corporation, or limited liability company chooses to file a composite return and meets all the requirements of filing such composite return, such partnership, Subchapter 'S' corporation, or limited liability company shall be exempt from the withholding requirements imposed under subsection (a) of this Code section.

(3) The liability imposed by this subsection shall be paid upon notice and demand by the commissioner or the commissioner's delegate and shall be assessed and collected in the same manner as all other withholding taxes imposed by this article.

(c)(1) If a partnership, Subchapter 'S' corporation, or limited liability company fails to remit withholding for a nonresident member and the commissioner determines that such failure is due to a false representation that the member is a resident of Georgia, there shall be imposed in addition to the tax a penalty of the greater of \$250.00 or 5 percent of the amount which should have been withheld. The partnership, Subchapter 'S' corporation, or limited liability company and the nonresident member shall be jointly and severally liable for any such penalty imposed.

(2) The penalty imposed by this subsection shall be paid upon notice and demand by the commissioner or the commissioner's delegate and shall be assessed and collected in the same manner as withholding tax imposed by this article.

(d)(1) Every partnership, Subchapter 'S' corporation, or limited liability company which is required to deduct and withhold the withholding tax imposed by subsection (a) of this Code section shall remit such tax and file the required return on a form approved by the commissioner as follows:

~~(A) Taxes deducted and withheld on distributions paid by a partnership, Subchapter 'S' corporation, or limited liability company to members who are nonresidents shall be due on or before the last day of the calendar month following the calendar month within which the distribution was paid; and~~

~~(B) Taxes deducted and withheld on distributions credited but not paid by a partnership, Subchapter 'S' corporation, or limited liability company to members who are nonresidents~~ a nonresident member's share of the taxable income sourced to this state shall be due on or before the due date for filing the income tax return for the partnership, Subchapter 'S' corporation, or limited liability company as prescribed in subsection (a) of Code Section 48-7-56 without regard to any extension of time for filing such income tax return.

(2) Every partnership, Subchapter 'S' corporation, or limited liability company required to deduct and withhold tax under this article shall furnish a written statement or form approved by the commissioner to each nonresident member. Such statement or form shall include the name and federal tax identification number of the partnership, Subchapter 'S' corporation, or limited liability company, the member's name and federal tax identification number, the total amount of ~~distributions paid to the member~~ the nonresident member's share of the taxable income sourced to this state during the taxable year, the total amount of tax deducted and withheld with respect to such member during the year, and such other information as the commissioner shall prescribe. Such statement or form shall be furnished to the nonresident member and filed in duplicate with the commissioner on or before the earlier of the date the income tax return is filed or the due date for filing the income tax return of such partnership, Subchapter 'S' corporation, or limited liability company as prescribed in subsection (a) of Code Section 48-7-56 without regard to any extension of time for filing such income tax return.

(3) Any partnership, Subchapter 'S' corporation, or limited liability company required to furnish a nonresident member with the written statement required by this subsection which furnishes a false or fraudulent statement or which fails to furnish the statement shall be subject to the penalty contained in subsection (d) of Code Section 48-7-126. The penalty imposed by this subsection shall be paid upon notice and demand by the commissioner or the commissioner's delegate and shall be assessed and collected in the same manner as the withholding tax imposed by this article.

(e)(1) Notwithstanding subsection (a) of this Code section, a partnership, Subchapter 'S' corporation, or limited liability company shall not be required to deduct and withhold tax for a nonresident member if:

(A) A composite return is filed on behalf of nonresident members pursuant to the requirements of filing such composite returns as set by the commissioner;

(B) The aggregate ~~annual distributions made to a member are~~ amount of a nonresident member's share of the taxable income sourced to this state is less than \$1,000.00;

(C) A federally chartered Subchapter 'S' corporation fails to meet the requirements of subparagraph (b)(7)(B) of Code Section 48-7-21 and is therefore required to remit corporate income tax;

(D) Compliance will cause undue hardship on the partnership, Subchapter 'S' corporation, or limited liability company, provided that no partnership, Subchapter 'S' corporation, or limited liability company shall be exempt from complying with the withholding requirements imposed under subsection (a) of this Code section unless the commissioner approves in writing a written petition for exemption from the withholding requirements based on undue hardship. The commissioner may prescribe the form and contents of such a petition and specify standards for when a partnership, Subchapter 'S' corporation, or limited liability company shall not be required to comply with the withholding requirements due to undue hardship;

(E) The partnership is a publicly traded partnership as defined in Section 7704 of

Senate Sponsor: Senator Bethel of the 54th.

The Senate Insurance and Labor Committee offered the following substitute to HB 971:

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 9 of Title 34 of the Official Code of Georgia Annotated, relating to workers' compensation, so as to change certain provisions relating to settlement agreements between parties; to change certain provisions relating to compensation for medical care, artificial members, and other treatment and supplies, effect of employee's refusal of treatment, and employer's liability for temporary care; to change certain provisions relating to the appointment of a conservator for a minor or an incompetent claimant; to revise certain provisions relating to compensation for loss of hearing caused by harmful noise; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 9 of Title 34 of the Official Code of Georgia Annotated, relating to workers' compensation, is amended by revising subsection (c) of Code Section 34-9-15, relating to procedure for settlement between parties generally, approval by the board, finality of settlement, and lump sum settlement, as follows:

"(c) ~~The parties by agreement and with the approval of the board may enter into a compromise lump sum settlement resolving all issues~~ The board or any party to the settlement agreement may require that the settlement documents contain language which prorates the lump sum settlement over the life expectancy of the injured worker. When such an agreement has been approved, neither the weekly compensation rate paid throughout the case nor the maximum statutory weekly rate applicable to the injury shall apply. No compensation rate shall exceed the maximum statutory weekly rate as of the date of injury. Instead, the prorated rate set forth in the approved settlement documents shall control and become the rate for that case. This subsection shall be retroactive in effect."

SECTION 2.

Said title is further amended by revising subsection (f) of Code Section 34-9-221, relating to procedure, payment controverted by employer, delinquency charge, and enforcement,

as follows:

"(f) If income benefits payable under the terms of an award are not paid within 20 days after becoming due, there shall be added to the accrued income benefits an amount equal to 20 percent thereof, which shall be paid at the same time as, but in addition to, the accrued benefits unless review of the award is granted by the board or unless this nonpayment is excused by the board after a showing by the employer that due to conditions beyond the control of the employer the income benefits could not be paid within the period prescribed."

SECTION 3.

Said chapter is further amended by revising Code Section 34-9-226, relating to the appointment of a guardian for a minor or an incompetent claimant, as follows:

"34-9-226.

(a) Except as provided in this Code section, the only person capable of representing a minor or legally incompetent claimant entitled to workers' compensation benefits shall be (1) a conservator duly appointed and qualified by the probate court of the county of residence of such minor or legally incompetent person or by any court of competent jurisdiction within this state, or (2) a conservator or the equivalent thereof duly appointed by a court of competent jurisdiction outside the State of Georgia. ~~Said~~ Such conservator shall be required to file with the board a copy of the conservatorship returns filed annually with the probate court or with a court of competent jurisdiction outside the State of Georgia and give notice to all parties within 30 days of any change in status.

(b) The board shall have authority in and shall establish procedures for appointing ~~temporary~~ conservators for purposes of administering workers' compensation rights and benefits without such conservator becoming the legally qualified conservator of any other property, without such conservator's actions being approved by a court of record, and without the posting of a bond, in only the following circumstances:

(1) The board may, in its discretion, authorize and appoint a ~~temporary~~ conservator of a minor or legally incompetent person to receive and administer weekly income benefits on behalf of and for the benefit of said minor or legally incompetent person ~~for a period not to exceed 52 weeks unless renewed or extended by order of the board;~~

(2) The board may, in its discretion, authorize and appoint a ~~temporary~~ conservator of a minor or legally incompetent person to compromise and terminate any claim and receive any sum paid in settlement for the benefits and use of said minor or legally incompetent person where the net settlement amount approved by the board is less than ~~\$50,000.00~~ \$100,000.00; however, where the natural parent is the guardian of a minor and the settlement amount is less than \$15,000.00, no board appointed conservator shall be necessary. After settlement, the board shall retain the authority to resolve disputes regarding continuing representation of a board appointed conservator of a minor or legally incompetent person; and

(3) If a minor or legally incompetent person does not have a duly appointed representative or conservator, the board may, in its discretion, appoint a guardian ad

litem to bring or defend an action under this chapter in the name of and for the benefit of said minor or legally incompetent person ~~to serve for a period not to exceed 52 weeks, unless renewed or extended by order of the board.~~ However, no guardian ad litem appointed pursuant to this Code section shall be permitted to receive the proceeds from any such action except as provided in this Code section and the board shall have the authority to determine compensation, if any, for any guardian ad litem appointed pursuant to this Code section."

SECTION 4.

Said chapter is further amended by revising paragraphs (1) and (2) of subsection (b) of Code Section 34-9-264, relating to compensation for loss of hearing caused by harmful noise under workers' compensation, as follows:

"(1) In the evaluation of occupational hearing loss, only the hearing levels at the frequencies of 500, 1,000, ~~and 2,000,~~ and 3,000 cycles per second shall be considered. Hearing losses for frequencies below 500 and above ~~2,000~~ 3,000 cycles per second are not to be considered as constituting compensable hearing disability. No consideration shall be given to the question of whether or not the ability of an employee to understand speech is improved by the use of a hearing aid. The board may order the employer to provide the employee with an original hearing aid if it will materially improve the employee's ability to hear;

(2) The percentage of hearing loss shall be calculated as the average, in decibels, of the thresholds of hearing for the frequencies of 500, 1,000, ~~and 2,000,~~ and 3,000 cycles per second. Pure tone air conduction audiometric instruments, properly calibrated according to accepted national standards such as ~~American Standards Association, Inc. (ASA),~~ International Standards Organization (ISO), or American National Standards Institute, Inc. (ANSI), shall be used for measuring hearing loss. If more than one audiogram is taken, the audiogram having the lowest threshold will be used to calculate occupational hearing loss. If the losses of hearing average ~~45~~ 25 decibels (~~26 db if ANSI or ISO~~) or less in the ~~three~~ four frequencies, such losses of hearing shall not constitute any compensable hearing disability. If the losses of hearing average ~~82~~ 92 decibels (~~93 db if ANSI or ISO~~) or more in the ~~three~~ four frequencies, then the same shall constitute and be total or 100 percent compensable hearing loss. In measuring hearing impairment, the lowest measured losses in each of the ~~three~~ four frequencies shall be added together and divided by ~~three~~ four to determine the average decibel loss. For each decibel of loss exceeding ~~45~~ 25 decibels (~~26 db if ANSI or ISO~~) an allowance of 1 1/2 percent shall be made up to the maximum of 100 percent which is reached at ~~82~~ 92 decibels (~~93 db if ANSI or ISO~~). In determining the binaural percentage of loss, the percentage of impairment in the better ear shall be multiplied by five. The resulting figure shall be added to the percentage of impairment in the poorer ear, and the sum of the two divided by six. The final percentage shall represent the binaural hearing impairment;"

SECTION 5.

All laws and parts of laws in conflict with this Act are repealed.

SECTION 2.

Said chapter is further amended by adding a new article to read as follows:

"ARTICLE 10

43-34-280.

This article shall be known and may be cited as the 'Georgia Pain Management Clinic Act.'

43-34-281.

This article is enacted for the purpose of safeguarding the public health, safety, and welfare by providing for state administrative control, supervision, and regulation of pain management clinics. It is the intention of the General Assembly that people be able to obtain appropriate and safe medical care to treat conditions in which the control of pain is an element. However, the illegal and improper distribution of controlled substances is a growing problem in this state. Licensure and regulation of pain management clinics will better protect the public from criminal activities associated with the illegal distribution of controlled substances as well as provide for a safer place for people to obtain appropriate medical treatment by requiring certain minimum training of practitioners and by the regulation of pain management clinics.

43-34-282.

As used in this article, the term:

(1) 'Annual patient population' means persons seen by a clinic or practice in a 12 month calendar year but shall not include persons that are patients of a nursing home, home health agency, or hospice licensed pursuant to Chapter 7 of Title 31.

(2) 'Board' means the Georgia Composite Medical Board created by Code Section 43-34-2.

(3) 'Chronic pain' means physical pain treated for a period of 90 days or more in a year but shall not include perioperative pain, which shall mean pain immediately preceding and immediately following a surgical procedure, when such perioperative pain is being treated in connection with a surgical procedure by a licensed health care professional acting within the scope of his or her license.

(4) 'License' means a valid and current certificate of registration issued by the board pursuant to this article which shall give the person to whom it is issued authority to engage in the practice prescribed thereon.

(5) 'Licensee' means any person holding a license under this article.

(6) 'Nonterminal condition' means a medical condition which is reversible, where there is a reasonable hope of recovery, and where the patient's medical prognosis is a life expectancy of two years or more.

(7) 'Pain management clinic' means a medical practice advertising 'treatment of pain' or utilizing 'pain' in the name of the clinic or a medical practice or clinic with greater than 50 percent of its annual patient population being treated for chronic pain for nonterminal conditions by the use of Schedule II or III controlled substances. This term shall not include any clinic or practice owned, in whole or in part, or operated by a hospital licensed pursuant to Chapter 7 of Title 31 or by a health system or any ambulatory surgical center, skilled nursing facility, hospice, or home health agency licensed pursuant to Chapter 7 of Title 31.

(8) 'Person' means a natural person.

(9) 'Physician' means a person who possesses a current, unrestricted license to practice medicine in the State of Georgia pursuant to Article 2 of this chapter; who, during the course of his or her practice, has not been denied the privilege of prescribing, dispensing, administering, supplying, or selling any controlled substance; and who has not, during the course of his or her practice, had board action taken against his or her medical license as a result of dependency on drugs or alcohol.

43-34-283.

(a) On and after July 1, 2013, all pain management clinics shall be licensed by the board and shall biennially renew their license with the board. In the event that physicians in a pain management clinic practice at more than one location, each such location shall be licensed by the board, and such license shall be nontransferable.

(b)(1) All pain management clinics shall be wholly owned by physicians licensed in this state. If a pain management clinic is incorporated, all shares shall be owned by, and all members shall be, physicians licensed in this state.

(2) This subsection shall not apply to any pain management clinic in existence on June 30, 2012, which is jointly owned by one or more physician assistants or

advanced practice registered nurses and one or more physicians; provided, however, that any physician assistant or advanced practice registered nurse with an ownership interest in such pain management clinic shall be subject to all requirements which owners of pain management clinics are subject to under this article.

(3) This subsection shall not apply to any pain management clinic in existence on December 1, 2011, which is not wholly owned by physicians licensed in this state; provided, however, that the person or entity that owns such pain management clinic shall not operate more than one licensed pain management clinic within this state; and provided, further, that any such owner shall be subject to all requirements which owners of pain management clinics are subject to under this article to the extent applicable to such person or entity.

(4) Notwithstanding paragraphs (2) and (3) of this subsection, no person who has been convicted of a felony as defined in paragraph (3) of subsection (a) of Code Section 43-34-8 shall own or have any ownership interest in a pain management clinic.

(c) The board may establish minimum standards of continuing medical education for all physicians owning and all licensed health care professionals practicing in a pain management clinic, minimum standards for any licensed health care professional employed therein, and minimum standards for pain management clinic facilities; provided, however, that nothing in this subsection shall detract from the powers and duties of the Georgia Board of Nursing and the Georgia State Board of Pharmacy regarding establishment, enforcement, and oversight of continuing education requirements for their respective licensees.

(d) Upon the filing of an application for a license, the board may cause a thorough investigation of the applicant to be made and, if satisfied that the applicant possesses the necessary qualifications, shall issue a license. However, the board may issue licenses with varying restrictions to such persons where the board deems it necessary for the purpose of safeguarding the public health, safety, and welfare.

(e) Whenever an applicable rule requires or prohibits action by a pain management clinic, responsibility shall be that of the owner and the physicians practicing in the pain management clinic, whether the owner is a sole proprietor, partnership, association, corporation, or otherwise.

(f) The board may deny or refuse to renew a pain management clinic license if it determines that the granting or renewing of such license would not be in the public interest.

(g) No pain management clinic shall provide medical treatment or services, as defined by the board, unless a physician, a physician assistant authorized to prescribe controlled substances under an approved job description, or an advanced practice registered nurse authorized to prescribe controlled substances pursuant to a physician protocol is on-site at the pain management clinic.

(h) The board may enter into agreements with other states or with third parties for the purpose of exchanging information concerning licensure of any pain management clinic.

43-34-284.

In addition to the authority granted in Code Section 43-34-8, a license obtained pursuant to this article may be denied, suspended, or revoked by the board upon finding that the licensee or a physician practicing at a licensed pain management clinic has:

- (1) Furnished false or fraudulent material information in any application filed under this chapter;
- (2) Been convicted of a crime under any state or federal law relating to any controlled substance;
- (3) Had his or her federal registration to prescribe, distribute, or dispense controlled substances suspended or revoked; or

The Honorable Lynne Riley
State Representative
Coverdell Legislative Office Building, Room 504

SUBJECT: State Auditor's Certification
House Bill 987 (LC 21 1625)

Dear Representative Riley:

This bill would amend provisions relating to the Peace Officers' Annuity and Benefit Fund. Specifically, this bill would require a member of the Fund to notify the Board immediately if the member has a change in employment or in job description that no longer qualifies him or her as a 'peace officer' as defined in O.C.G.A. §47-17-1. The Board would then be prohibited from receiving dues from such member. Additionally, the Board may not pay benefits calculated on service after such change of employment or job description.

This is to certify that this is a nonfiscal retirement bill as defined in the Public Retirement Systems Standards Law.

Respectfully,

/s/ Russell W. Hinton
State Auditor

(B) The Department of Economic Development shall prepare an annual report detailing the marketing opportunities it has approved under the provisions of subparagraph (A) of this paragraph. The report shall include, but not be limited to:

- (i) The goals and strategy behind each marketing opportunity approved pursuant to the provisions of subparagraph (A) of this paragraph;
- (ii) The names of all production companies approved by the Department of Economic Development to provide alternative marketing opportunities;
- (iii) The estimated value to the state of each approved alternative marketing opportunity compared to the estimated value of the Georgia promotional logo; and
- (iv) The names of all production companies who chose to include the Georgia promotional logo in their final production instead of offering the state an alternative marketing proposal.

The report required under this paragraph shall be completed no later than January 1 of each year and presented to each member of the House Committee on Ways and Means, the Senate Finance Committee, the Senate Economic Development Committee, the House Committee on Economic Development and Tourism, and the Governor.

(e)(1) In no event shall the aggregate amount of tax credits allowed under this Code section for qualified interactive entertainment production companies and affiliates exceed \$25 million. The maximum credit for any qualified interactive entertainment production company and its affiliates shall be \$5 million.

(2) The commissioner shall allow the tax credits for qualified interactive entertainment production companies on a first come, first served basis based on the date the credits are claimed. When the \$25 million cap is reached, the tax credit for qualified interactive entertainment production companies shall expire.

~~(e)~~(f)(1) Where the amount of such credit or credits exceeds the production company's or qualified interactive entertainment production company's liability for such taxes in a taxable year, the excess may be taken as a credit against such production company's or qualified interactive entertainment production company's quarterly or monthly payment under Code Section 48-7-103. Each employee whose employer receives credit against such production company's or qualified interactive entertainment production company's quarterly or monthly payment under Code Section 48-7-103 shall receive credit against his or her income tax liability under Code Section 48-7-20 for the corresponding taxable year for the full amount which would be credited against such liability prior to the application of the credit provided for in this subsection. Credits against quarterly or monthly payments under Code Section 48-7-103 and credits against liability under Code Section 48-7-20 established by this subsection shall not constitute income to the production company or qualified interactive entertainment production company.

(2) If a production company and its affiliates, or a qualified interactive entertainment production company and its affiliates, claim the credit authorized under Code Section 48-7-40, 48-7-40.1, 48-7-40.17, or 48-7-40.18, then the production company and its affiliates, or the qualified interactive entertainment production company and its affiliates, will only be allowed to claim the credit authorized under this Code section to the extent that the Georgia resident employees included in the credit calculation authorized under this Code section and taken by the production company and its affiliates, or the qualified interactive entertainment production company and its affiliates, on such tax return under this Code section have been permanently excluded from the credit authorized under Code Section 48-7-40, 48-7-40.1, 48-7-40.17, or 48-7-40.18.

The transferee's recourse is against such production company or qualified interactive entertainment production company; and
- (6) The transferee must acquire the tax credits in this Code section for a minimum of 60 percent of the amount of the tax credits so transferred.

(3) In addition to the liability provisions of paragraphs (1) and (2) of this subsection, the provisions of Code Section 46-5-135 shall apply to sellers and providers of prepaid wireless ~~telecommunications~~ service.

(l) The prepaid wireless 9-1-1 charge authorized by this Code section shall be the only 9-1-1 funding obligation imposed with respect to prepaid wireless ~~telecommunications~~ service in this state, and no tax, fee, surcharge, or other charge shall be imposed by this state, any political subdivision of this state, or any intergovernmental agency for 9-1-1 funding purposes upon any provider, seller, or consumer with respect to the sale, purchase, use, or provision of prepaid wireless ~~telecommunications~~ service."

A BILL TO BE ENTITLED
AN ACT

To amend Part 2 of Article 5 of Chapter 5 of Title 48 of the Official Code of Georgia Annotated, relating to county boards of tax assessors, so as to repeal a population provision relating to a penalty for unreturned property; to repeal a population exception relating to the date of presentation of tax returns to tax assessors; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Part 2 of Article 5 of Chapter 5 of Title 48 of the Official Code of Georgia Annotated, relating to county boards of tax assessors, is amended by revising Code Section 48-5-299, relating to ascertainment of taxable property, assessments against unreturned property, penalty for unreturned property, and changing real property values established by appeal in prior year, as follows:

"48-5-299.

(a) It shall be the duty of the county board of tax assessors to investigate diligently and to inquire into the property owned in the county for the purpose of ascertaining what real and personal property is subject to taxation in the county and to require the proper return of the property for taxation. The board shall make such investigation as may be necessary to determine the value of any property upon which for any reason all taxes due the state or the county have not been paid in full as required by law. In all cases where the full amount of taxes due the state or county has not been paid, the board shall assess against the owner, if known, and against the property, if the owner is not known, the full amount of taxes which has accrued and which may not have been paid at any time within the statute of limitations. In all cases where taxes are assessed against the owner of property, the board may proceed to assess the taxes against the owner of the property according to the best information obtainable; and such assessment, if otherwise lawful, shall constitute a valid lien against the property so assessed.

~~(b)(1) In all cases where unreturned property is assessed by the county board of tax assessors after the time provided by law for making tax returns has expired, the board shall add to the amount of state and county taxes due a penalty of 10 percent of the amount of the tax due or, if the principal sum of the tax so assessed is less than \$10.00 in amount, a penalty of \$1.00. The penalty provided in this subsection shall be collected by the tax collector or the tax commissioner and in all cases shall be paid into the county treasury and shall remain the property of the county.~~

~~(2)(A) The provisions of paragraph (1) of this subsection to the contrary notwithstanding, this paragraph shall apply with respect to counties having a population of 600,000 or more according to the United States decennial census of 1970 or any future such census.~~

~~(B)~~(b) In all cases in which unreturned property is assessed by the board after the time provided by law for making tax returns has expired, the board shall add to the

assessment of the property a penalty of 10 percent, which shall be included as a part of the taxable value for the year.

(c) Real property, the value of which was established by an appeal in any year, that has not been returned by the taxpayer at a different value during the next two successive years, may not be changed by the board of tax assessors during such two years for the sole purpose of changing the valuation established or decision rendered in an appeal to the board of equalization or superior court. In such cases, before changing such value or decision, the board of assessors shall first conduct an investigation into factors currently affecting the fair market value. The investigation necessary shall include, but not be limited to, a visual on-site inspection of the property to ascertain if there have been any additions, deletions, or improvements to such property or the occurrence of other factors that might affect the current fair market value. If a review to determine if there are any errors in the description and characterization of such property in the files and records of the board of tax assessors discloses any errors, such errors shall not be the sole sufficient basis for increasing the valuation during the two-year period.

(d) When real or personal property is located within a municipality whose boundaries extend into more than one county, it shall be the duty of each board of tax assessors of a county, wherein a portion of the municipality lies, to cooperatively investigate diligently into whether the valuation of such property is uniformly assessed with other properties located within the municipality but outside the county where such property is located. Such investigation shall include, but is not limited to, an analysis of the assessment to sales ratio of properties that have recently sold within the municipality and a comparison of the average assessment level of such properties by the various counties wherein a portion of the municipality lies. The respective boards shall exchange such information as will facilitate this investigation and make any necessary adjustments to the assessment of the real and personal property that is located in their respective counties within the municipality to achieve a uniform assessment of such property throughout the municipality. Any uniformity adjustments pursuant to this subsection shall only apply to the assessment used for municipal ad valorem tax purposes within the applicable county."

SECTION 2.

Said part is further amended by revising Code Section 48-5-301, relating to time for presentation of tax returns by tax receiver or tax commissioner, as follows:

"48-5-301.

~~(a) Except as provided in subsection (b) of this Code section, not~~ Not later than April 11 in each year the tax receiver or tax commissioner of each county shall present the tax returns of the county for the current year to the county board of tax assessors.

~~(b) In all counties having a population of not less than 81,300 nor more than 89,000 according to the United States decennial census of 1990 or any future such census, the tax receiver or tax commissioner of each such county shall present the tax returns of the county for the current year to the county board of tax assessors not later than March 11 of that year."~~

SECTION 3.

All laws and parts of laws in conflict with this Act are repealed.

On the adoption of the substitute, there were no objections, and the committee substitute was adopted.

SUBJECT: Actuarial Investigation
House Bill 337 (LC 21 1089)
Sheriffs' Retirement Fund of Georgia

Dear Chairman Maxwell:

This bill would amend provisions relating to optional retirement benefits under the Sheriffs' Retirement Fund of Georgia. Specifically, this bill would allow a retired member who has elected spouses' benefits to revoke such election in the event of divorce. If the member remarries at a later time, the member would be authorized to reinstate spouses' benefits. The benefit to be paid to the member would be adjusted actuarially based on the age of the member and the new spouse.

The cost impact of this legislation on the Sheriffs' Retirement System would be negligible, resulting in a cost or savings of less than \$1,000 in the first year. There is no information to estimate the number of members that would be affected by this legislation. However, any member who is affected by the legislation would have his or her benefits actuarially adjusted when they change their benefit elections, resulting in a negligible impact to the Fund. This cost estimate is based on current member data, actuarial assumptions, and actuarial methods. It should be noted that changes in any of these variables could affect the cost of this legislation. Any future costs would be paid through a portion of fines, fees, and bond forfeitures.

The following is a summary of the relevant findings of the actuarial investigation for this bill pursuant to a request by the House Retirement Committee. The investigation was to be conducted according to O.C.G.A. 47-20-36, which outlines the factors to be considered in an actuarial investigation. The figures are based on employee data and the most recent actuarial assumptions and methods.

(1)	The amount of the unfunded actuarial accrued liability which will result from the bill.	\$ <u>0</u>
(2)	The amount of the annual amortization of the unfunded actuarial accrued liability which will result from the bill.	\$ <u>0</u>
(3)	The number of years that the unfunded actuarial accrued liability created by this bill would be amortized.	<u>N/A</u>
(4)	The amount of the annual normal cost which will result from the bill.	\$ <u>0</u>
(5)	The employer contribution rate currently in effect.	<u>A portion of fines, fees, and bond forfeitures</u>
(6)	The employer contribution rate recommended (in conformity with minimum funding standards specified in Code Section 47-20-10).	<u>A portion of fines, fees, and bond forfeitures</u>
(7)	The dollar amount of the increase in the annual employer contribution which is necessary to maintain the retirement system in an actuarially sound condition.	\$ <u>0</u>

It should be noted that any subsequent changes in the retirement bill will invalidate the actuarial investigation and the findings included therein.

Respectfully,

Substitute to House Bill 351
(LC 21 1407S)

Dear Representative Maxwell:

This substitute bill would amend provisions relating to the collection of fines and fees under the Judges of the Probate Courts Retirement Fund. If this legislation is enacted, the Board would collect \$3.00 for each criminal and quasi-criminal case for violations of state statutes or traffic laws, provided the case was tried before a judge of the probate court. Currently, the amount of the fine or fee being remitted to the Board is dependent upon the total amount of the fine or bond forfeiture ordered by the judge. Under the current statute, however, the maximum amount remitted to the Board will never exceed \$2.50.

This is to certify that this substitute bill is a nonfiscal retirement bill as defined in the Public Retirement Systems Standards Law.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 8 of Title 34 of the Official Code of Georgia Annotated, relating to employment security, is amended by revising paragraph (1) of subsection (b) of Code Section 34-8-49, relating to wages, as follows:

"(1) For the purposes of Code Section 34-8-20 and Articles 5 and 6 of this chapter, except Code Sections 34-8-156 and 34-8-157, any remuneration paid in excess of taxable wages. For purposes of this chapter, 'taxable wages' means that portion of remuneration paid by an employer to each employee, subject to unemployment insurance contributions for each calendar year which does not exceed the following amounts:

- (A) For the period January 1, 1976, through December 31, 1982 — \$6,000.00;
- (B) For the period January 1, 1983, through December 31, 1985 — \$7,000.00;
- (C) For the period January 1, 1986, through December 31, 1989 — \$7,500.00; ~~and~~
- (D) For the period January 1, 1990, and thereafter through December 31, 2012 — \$8,500.00; and
- (E) January 1, 2013, and thereafter — \$9,500.00;

provided, however, that in cases of successorship of an employer, the amount of wages paid by the predecessor shall be considered for purposes of this provision as having been paid by the successor employer;"

SECTION 2.

Said chapter is further amended by revising subparagraph (d)(4)(B) of Code Section 34-8-156, relating to the State-wide Reserve Ratio, as follows:

"(B) Except for any year or portion of a year during which the provisions of paragraph (1) of subsection (f) of Code Section 34-8-155 apply, when the State-wide Reserve Ratio, as calculated above, is less than 1.7 percent, there shall be an overall increase in the rate, as of the computation date, for each employer whose rate is computed under a rate table in Code Section 34-8-155 in accordance with the following table:

If the State-wide Reserve Ratio:

<u>Equals or Exceeds</u>	<u>But Is Less Than</u>	<u>Overall Increase</u>
1.5 percent	1.7 percent	25 percent
1.25 percent	1.5 percent	50 percent
0.75 percent	1.25 percent	75 percent
Under 0.75 percent		100 percent

provided, however, that for the periods of January 1 through December 31, 2004; January 1 through December 31, 2005; and January 1 through December 31, 2006, the overall increase in the rate required under this subparagraph shall be suspended and the provisions of this subparagraph shall be null and void, except in the event the State-wide Reserve Ratio, as calculated above, is less than 1.00 percent on the computation date with respect to rates applicable to calendar year 2004, 2005, or 2006, then for each such year the Commissioner of Labor shall have the option of

imposing an increase in the overall rate of up to 35 percent, as of the computation date, for each employer whose rate is computed under a rate table in Code Section 34-8-155; and provided, further, that for the periods of January 1 through December 31, 2007, January 1 through December 31, 2008, January 1 through December 31, 2009, January 1 through December 31, 2010, January 1 through December 31, 2011, and January 1 through December 31, 2012, the overall increase in the rate required under this subparagraph shall be suspended and the provisions of this subparagraph shall be null and void, except in the event the State-wide Reserve Ratio, as calculated above, is less than 1.25 percent on the computation date with respect to rates applicable to calendar year 2007, 2008, 2009, 2010, 2011, or 2012, then for each such year the Commissioner of Labor shall have the option of imposing an increase in the overall rate of up to 50 percent, as of the computation date, for each employer whose rate is computed under a rate table in Code Section 34-8-155; and provided, further, that for the period of January 1 through December 31, 2013, and for each calendar year period thereafter, the overall increase in the rate required under this subparagraph shall be suspended and the provisions of this subparagraph shall be null and void, except in the event the State-wide Reserve Ratio, as calculated above, is less than 1.25 percent on the computation date with respect to rates applicable to calendar year 2013 or any calendar year thereafter, then for each such year the Commissioner of Labor shall have the option of imposing an increase in the overall rate of up to 50 percent, as of the computation date, for each employer whose rate is computed under a rate table in Code Section 34-8-155; provided, however, that if any funds borrowed by the Commissioner from the United States Treasury pursuant to Code Section 34-8-87 are unpaid or if the Unemployment Compensation Fund balance is less than \$1 billion, then the Commissioner of Labor shall impose an increase in the overall rate of 50 percent, as of the computation date, for each employer whose rate is computed under a rate table in Code Section 34-8-155."

SECTION 3.

Said chapter is further amended by revising subsection (d) of Code Section 34-8-193, relating to determination of weekly benefit amount, as follows:

"(d)(1) Except as otherwise provided in this subsection, the maximum benefits payable to an individual in a benefit year shall be the lesser of: ~~26 times the weekly amount or~~

(A) Twelve times the weekly benefit amount, if this state's average unemployment rate is at or below 5.49 percent, with an additional weekly amount added for each 0.5 percent increment in this state's average unemployment rate above 5.49 percent up to a maximum of 20 times the weekly benefit amount if this state's average unemployment rate equals or exceeds 9 percent; or

(B) ~~one-fourth~~ One-fourth of the base period wages.

If the amount computed is not a multiple of the weekly benefit amount, the total will be adjusted to the nearest multiple of the weekly benefit amount. The duration of

benefits shall be extended in accordance with Code Section 34-8-197.

(2) In addition to and subsequent to payment of all benefits otherwise allowed under paragraph (1) of this subsection and without restriction with respect to an individual's benefit year, for claims filed on or after January 1, 2010, weekly unemployment compensation shall be payable under this subsection to any individual who is unemployed, has exhausted all rights to regular unemployment compensation under the provisions of Article 7 of this chapter, and is enrolled and making satisfactory progress, as determined by the Commissioner, in a training program approved by the department, or in a job training program authorized under the Workforce Investment Act of 1998, Public Law 105-220, and not receiving similar stipends or other training allowances for nontraining costs. Each such training program approved by the department or job training program authorized under the Workforce Investment Act of 1998 shall prepare individuals who have been separated from a declining occupation, as designated by the department from time to time, or who have been involuntarily and indefinitely separated from employment as a result of a permanent reduction of operations at the individual's place of employment, for entry into a high-demand occupation, as designated by the department from time to time. The amount of unemployment compensation payable under this subsection to an individual for a week of unemployment shall be equal to the individual's weekly benefit amount for the individual's most recent benefit year less deductible earnings, if any. The total amount of unemployment compensation payable under this subsection to any individual shall be equal to ~~at least 26~~ 12 times the individual's weekly benefit amount for the individual's most recent benefit year, if this state's average unemployment rate is at or below 5.49 percent, with an additional weekly amount added for each 0.5 percent increment in this state's average unemployment rate above 5.49 percent up to a maximum of 20 times the weekly benefit amount if this state's average unemployment rate equals or exceeds 9 percent. The provisions of subsection (d) of Code Section 34-8-195 shall apply to eligibility for benefits under this subsection. Except when the result would be inconsistent with other provisions of this subsection, all other provisions of Article 7 of this chapter shall apply to the administration of the provisions of this subsection.

(3) As used in this subsection, the term 'state's average unemployment rate' means the average of the adjusted state-wide unemployment rates as published by the department for the time periods of April 1 through April 30 and October 1 through October 31. The average of the adjusted state-wide unemployment rates for the time period of April 1 through April 30 shall be effective on and after July 1 of each year and shall be effective through December 31. The average of the adjusted state-wide unemployment rates for the time period of October 1 through October 31 shall be effective on and after January 1 of each year and shall be effective through June 30."

SECTION 4.

Said chapter is further amended by revising subsection (a) of Code Section 34-8-195, relating to determination of eligibility for unemployment benefits generally, eligibility

while in training, and deductions and withholdings from compensation, as follows:

"(a) An unemployed individual shall be eligible to receive benefits for any week only if such unemployed individual shows to the satisfaction of the Commissioner that each of the following conditions has been met:

(1) The individual has made a claim, has been unemployed or employed less than full time during the regular work week, and has reported his or her deductible earnings in accordance with Code Section 34-8-190;

(2) The individual has registered for work and has continued to report to an employment office as required by regulations prescribed by the Commissioner. The Commissioner may, by regulation, waive or alter either or both of the requirements of this paragraph for cases or situations in which the Commissioner finds that compliance with the requirements would be oppressive or inconsistent with the purposes of this chapter;

(3)(A) The individual is able to work, is available for work, is actively seeking work, and is bona fide in the labor market; provided, however, that no individual shall be considered available for work or receive benefits for any period that:

(i) The individual is away from work on vacation or leave of absence at the individual's own request;

(ii) The individual is away from work for a vacation period as provided in an employment contract or collective bargaining agreement; or

(iii) The individual is away from work for a vacation period in the absence of an employment contract or collective bargaining agreement and such vacation period is either pursuant to:

(I) An established employer custom, practice, or policy as evidenced by the previous year or years; or

(II) A vacation policy and practice established by the employer by an announcement, made at least 30 days before the beginning of the scheduled period, of a paid vacation plan applicable to the employees who meet the eligibility requirements of the plan.

(B) In no event shall an employee be held unavailable for work or ineligible for benefits under divisions (ii) and (iii) of subparagraph (A) of this paragraph for any period of more than two weeks in any calendar year when such employee is not paid for such period directly or indirectly by the employer or from a fund to which the employer contributes. The usual eligibility requirements shall apply to individuals laid off due to lack of work or for a purported vacation not meeting the conditions set forth in subparagraph (A) of this paragraph;

(4) The individual has participated in reemployment services, such as job search assistance services, if the individual was determined to be likely to exhaust regular benefits and to need reemployment services pursuant to a profiling system established by the Commissioner unless the Commissioner determines that:

(A) Such individual has completed such reemployment services; or

(B) There is justifiable cause for such individual's failure to participate in such reemployment services;

- (5) The individual is willing to work under the same general terms and conditions as existed since the beginning of the base period; ~~and~~
- (6) The individual has been paid sufficient wages for insured work to qualify for a weekly benefit amount as provided in Code Section 34-8-193; ~~and~~
- (7) The individual has served a required waiting period of one week during which no benefits shall be payable; provided, however, that not more than one week of a waiting period shall be required of any individual in any benefit year in order to establish the individual's eligibility for benefits. Such waiting period shall commence on the first day of the first week in which the individual first files a claim for benefits. This paragraph shall apply to any claims filed on or after July 1, 2012."

SECTION 5.

In the event any section, subsection, paragraph, subparagraph, item, sentence, clause, phrase, or word of this Act is declared or adjudged to be invalid or unconstitutional, the remaining portions of this Act shall automatically be repealed upon the entry of such declaration or adjudication and shall not remain of full force and effect after such declaration or adjudication. The General Assembly declares that it would not have enacted the remaining parts of this Act if it had known that such portion of this Act would be declared or adjudged invalid or unconstitutional.

SECTION 6.

- (a) Except as provided in subsection (b) of this section, this Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.
- (b) Section 3 of this Act shall become effective on July 1, 2012.

SECTION 7.

All laws and parts of laws in conflict with this Act are repealed.

A BILL to be entitled an Act to amend Article 1 of Chapter 1 of Title 31 of the Official Code of Georgia Annotated, relating to general provisions relative to health, so as to provide for legislative findings relating to newborn screening for congenital heart defects; to require the Department of Public Health to study whether pulse oximetry screening should be a standard test for all newborns for the detection of congenital heart defects; to provide for a report to legislative committees; to provide for automatic repeal; to provide for related matters; to repeal conflicting laws; and for other purposes.

Senate Sponsor: Senator Jeffares of the 17th.

A BILL TO BE ENTITLED
AN ACT

To amend Article 1 of Chapter 1 of Title 31 of the Official Code of Georgia Annotated, relating to general provisions relative to health, so as to provide for legislative findings relating to newborn screening for congenital heart defects; to require the Department of Public Health to study whether pulse oximetry screening should be a standard test for all newborns for the detection of congenital heart defects; to provide for a report to legislative committees; to provide for automatic repeal; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

The General Assembly finds and declares that:

- (1) Congenital heart defects (CHDs) are structural abnormalities of the heart that are present at birth; CHDs range in severity from simple problems, such as holes between chambers of the heart, to severe malformations, such as the complete absence of one or more chambers or valves; some critical CHDs can cause severe and life-threatening symptoms which require intervention within the first days of life;
- (2) According to the United States Secretary of Health and Human Services' Advisory Committee on Heritable Disorders in Newborns and Children, congenital heart disease affects approximately seven to nine of every 1,000 live births in the United States and Europe; the federal Centers for Disease Control and Prevention states that CHD is the leading cause of infant death due to birth defects;
- (3) Current methods for detecting CHDs generally include prenatal ultrasound

screening and repeated clinical examinations, but while prenatal ultrasound screenings can detect some major CHDs, these screenings, alone, identify less than one-half of all CHD cases, and critical CHD cases are often missed during routine clinical exams performed prior to a newborn's discharge from a birthing facility;

(4) Pulse oximetry is a noninvasive test that estimates the percentage of hemoglobin in blood that is saturated with oxygen; when performed on a newborn a minimum of 24 hours after birth, pulse oximetry screening is often more effective at detecting critical, life-threatening CHDs which otherwise go undetected by current screening methods; newborns with abnormal pulse oximetry results require immediate confirmatory testing and intervention; and

(5) Many newborn lives could potentially be saved by earlier detection and treatment of CHDs if birthing facilities were required to perform this simple, noninvasive newborn screening in conjunction with current CHD screening methods.

SECTION 2.

Article 1 of Chapter 1 of Title 31 of the Official Code of Georgia Annotated, relating to general provisions relative to health, is amended by adding a new Code section to read as follows:

"31-1-3.3.

(a) The Department of Public Health shall undertake a study to determine whether pulse oximetry screening should be implemented as a standard test for newborn infants in this state to aid in detecting congenital heart defects.

(b) The study undertaken by the department shall include the review of available data and research findings on this issue to determine whether pulse oximetry screening should be performed as a standard test in conjunction with other current screening methods for congenital heart defects. Said study shall evaluate the fiscal impacts of implementing pulse oximetry screening in Georgia. The department shall complete and submit a report to the Speaker of the House of Representatives, the President of the Senate, the Senate Health and Human Services Committee, and the House Committee on Health and Human Services no later than the fifth day of the 2013 regular session of the General Assembly. Such report shall include the results, conclusions, and recommendations of the department, including whether proposed legislation should be introduced.

(c) This Code section shall stand repealed on January 31, 2013."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

An Act creating the Board of Commissioners of Cobb County, approved June 19, 1964 (Ga. L. 1964, Ex. Sess., p. 2075), as amended, particularly by an Act approved May 30, 2003 (Ga. L. 2003, p. 3808), is amended by revising Sections 1 through 4 as follows:

"SECTION 1.

The Board of Commissioners of Cobb County which exists on January 1, 2013, is continued in existence but on and after such date, shall be constituted as provided in this Act. The Board of Commissioners of Cobb County so continued and constituted, sometimes referred to in this Act as the 'board,' shall continue to have the powers, duties, rights, obligations, and liabilities of that board as it existed immediately prior to January 1, 2013.

SECTION 2.

(a) Those members of the Board of Commissioners of Cobb County who are serving as such immediately prior to January 1, 2013, and any persons selected to fill a vacancy in any such office shall continue to serve as such until the regular expiration of their

respective terms of office and upon the election and qualification of their respective successors. On and after January 1, 2013, the Board of Commissioners of Cobb County shall consist of five members who shall be elected from commissioner districts described in subsection (b) of this section except for the chairperson who is elected at large as provided in Section 3.

(b) For purposes of electing members of the board of commissioners, other than the chairperson, Cobb County is divided into four commissioner districts. One member of the board shall be elected from each such district. The four commissioner districts shall be and correspond to those four numbered districts described in and attached to and made a part of this Act and further identified as 'Plan: cobbcc-SenAmd-p1-2012 Plan Type: Local Administrator: state User: bak'.

(c)(1) For the purposes of such plan:

(A) The term 'VTD' shall mean and describe the same geographical boundaries as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia. The separate numeric designations in a district description which are underneath a VTD heading shall mean and describe individual Blocks within a VTD as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia; and

(B) Except as otherwise provided in the description of any district, whenever the description of any district refers to a named city, it shall mean the geographical boundaries of that city as shown on the census maps for the United States decennial census of 2010 for the State of Georgia.

(2) Any part of Cobb County which is not included in any district described in subsection (b) of this section shall be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia.

(3) Any part of Cobb County which is described in subsection (b) of this section as being included in a particular district shall nevertheless not be included within such district if such part is not contiguous to such district. Such noncontiguous part shall instead be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia.

SECTION 3.

(a) No person shall be a member of the board if that person is ineligible for such office pursuant to Code Section 45-2-1 of the O.C.G.A. or any other general law applicable to that office.

(b) In order to be elected as a member of the board from a commissioner district, a person must receive the number of votes cast as required by general law for that office in that district only. Only electors who are residents of that commissioner district may vote for a member of the board for that district. At the time of qualifying for election as a member of the board from a commissioner district, each candidate for such office shall specify the commissioner district for which that person is a candidate. A person

elected or appointed as a member of the board from a commissioner district must continue to reside in that district during that person's term of office or that office shall become vacant.

(c) The chairperson of the board may reside anywhere within Cobb County and, if elected, must receive the number of votes cast for that office as required by general law in the entire county. The chairperson must continue to reside within the county during that person's term of office or that office shall become vacant.

SECTION 4.

(a) The first members of the reconstituted Board of Commissioners of Cobb County shall be elected as provided in this subsection. The chairperson and the first members from Commissioner Districts 2 and 4 shall be elected at the general election on the Tuesday next following the first Monday in November, 2012. The chairperson and those members of the board elected thereto from Commissioner Districts 2 and 4 in November, 2012, shall take office the first day of January immediately following that election and shall serve for initial terms of office which expire December 31, 2016, and upon the election and qualification of their respective successors. The first members from Commissioner Districts 1 and 3 shall be elected at the general election on the Tuesday next following the first Monday in November, 2014. Those members of the board elected thereto from Commissioner Districts 1 and 3 in November, 2014, shall take office the first day of January immediately following that election and shall serve for initial terms of office which expire December 31, 2018, and upon the election and qualification of their respective successors. Those and all future successors to members of the board whose terms of office are to expire shall be elected at the time of the state-wide general election immediately preceding the expiration of such terms, shall take office the first day of January immediately following that election, and shall serve for terms of office of four years each. Members of the board shall serve for the terms of office specified in this subsection and until their respective successors are elected and qualified.

(b) All members of the board who are elected thereto shall be nominated and elected in accordance with Chapter 2 of Title 21 of the O.C.G.A., the 'Georgia Election Code.'

(c) Commissioner Districts 1 through 4, as they exist immediately prior to January 1, 2013, shall continue to be designated as Commissioner Districts 1 through 4, respectively, but as newly described under this Act, and on and after January 1, 2013, members of the board serving from those former commissioner districts shall be deemed to be serving from and representing their respective districts as newly described under this section."

SECTION 2.

The Board of Commissioners of Cobb County shall through its legal counsel cause this Act to be submitted for preclearance under the federal Voting Rights Act of 1965, as amended, not later than 45 days after the date on which this Act is approved by the Governor or otherwise becomes law without such approval.

SECTION 3.

This section and Section 2 of this Act and those provisions of this Act necessary for the election of members of the Board of Commissioners of Cobb County in 2012 shall become effective upon the approval of this Act by the Governor or upon its becoming law without such approval. The remaining provisions of this Act shall become effective January 1, 2013.

SECTION 4.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

An Act providing for the election of members of the Board of Education of Cobb County, approved March 28, 1974 (Ga. L. 1974, p. 3516), as amended, particularly by an Act approved May 30, 2003 (Ga. L. 2003, p. 3728), is amended by revising subsections (a), (b), and (c) of Section 2 to read as follows:

"SECTION 2.

(a)(1) For the purpose of electing members of the Board of Education of Cobb County, the Cobb County School District is divided into seven education districts. The seven education districts shall be composed of and correspond to those seven numbered districts described in and attached to and made a part of this Act and further identified as 'Plan: cobbsb-SenAmd-p3-2012 Plan Type: Local Administrator: CobbsSB User: bak'.

(2)(A) When used in such attachment, the term 'VTD' (voting tabulation district) shall mean and describe the same geographical boundaries as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia.

(B) The separate numeric designations in a district description which are underneath a VTD heading shall mean and describe individual Blocks within a VTD as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia. Any part of Cobb County School District which is not included in any such district described in that attachment shall be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia.

(C) Any part of Cobb County which is described in that attachment as being in a particular district shall nevertheless not be included within such district if such part is not contiguous to such district. Such noncontiguous part shall instead be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia.

(D) Except as otherwise provided in the description of any education district, whenever the description of such district refers to a named city, it shall mean the geographical boundaries of that city as shown on the census map for the United States decennial census of 2010 for the State of Georgia.

(3) Education Districts 1, 2, 3, 4, 5, 6, and 7, as those districts existed immediately prior to the date this subsection becomes effective in 2012, shall continue to be designated as Education Districts 1, 2, 3, 4, 5, 6, and 7, respectively, but as newly described under this subsection. On and after the date this subsection becomes

effective in 2012, those members of the board of education serving from those education districts shall be deemed to be serving from and representing their respective districts as newly described under this subsection.

(4) Those members of the board representing Education Districts 1, 3, 5, and 7 on the date this paragraph becomes effective in 2012, and any person selected to fill a vacancy in such position, shall continue to serve out their respective terms of office, which shall expire December 31, 2012, and until their respective successors are elected from newly described districts as provided in paragraph (1) of subsection (a) of this section and are qualified. Those members of the board representing Education Districts 2, 4, and 6 on the date this paragraph becomes effective in 2012, and any person selected to fill a vacancy in such position, shall continue to serve out their respective terms of office, which shall expire December 31, 2014, and until their respective successors are elected from newly described districts as provided in paragraph (1) of subsection (a) of this section and are qualified.

(b) There shall be elected to the Board of Education of Cobb County one member from each education district. To be eligible for membership on the board to represent an education district, a person must reside in the education district which he or she represents. Each member shall be elected only by the voters of that education district voting for such office and not by the voters of the entire county. No person residing within the territory embraced within an independent school system shall be eligible to vote in an election for members of the board, nor shall any such person be eligible to serve on the board. In order to be eligible as a member of the Cobb County Board of Education, a candidate must be a resident of the education district from which he or she offers, must be a citizen of the United States of America, must have been a resident of the Cobb County School District for at least 12 months immediately preceding the date of the election, and must be a qualified elector of Cobb County.

(c) The first general election at which members of the board of education are elected from Education Districts 1, 3, 5, and 7, as newly described in subsection (a) of this section, shall be that election conducted in 2012. The first general election at which members of the board of education are elected from Education Districts 2, 4, and 6, as newly described in subsection (a) of this section, shall be that election conducted in 2014. Successors to members of the board whose terms of office are to expire shall be elected at the general election immediately preceding the expiration of such terms and shall take office the first day of January immediately following that election for terms of four years and until their successors are elected and qualified."

SECTION 2.

The Board of Education of Cobb County shall through its legal counsel cause this Act to be submitted for preclearance under the federal Voting Rights Act of 1965, as amended; and such submission shall be made to the United States Department of Justice or filed with the appropriate court no later than 45 days after the date on which this Act is approved by the Governor or otherwise becomes law without such approval.

SECTION 3.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 4.

All laws and parts of laws in conflict with this Act are repealed.

Said title is further amended by revising Code Section 48-5-311, relating to county boards of equalization and ad valorem tax appeals, as follows:

"48-5-311.

(a) **Establishment.**

(1) Except as otherwise provided in this subsection, there is established in each county of ~~the~~ this state a county board of equalization to consist of three members and three alternate members appointed in the manner and for the term set forth in this Code section. In those counties having more than 10,000 parcels of real property, the county governing authority, by appropriate resolution adopted on or before November 1 of each year, may elect to have selected one additional county board of equalization for each 10,000 parcels of real property in the county or for any part of a number of parcels in the county exceeding 10,000 parcels.

(2) Notwithstanding any part of this subsection to the contrary, at any time the governing authority of a county makes a request to the grand jury of the county for additional alternate members of boards of equalization, the grand jury shall appoint the number of alternate members so requested to each board of equalization, such number not to exceed a maximum of 21 alternate members for each of the boards. The alternate members of the boards shall be duly qualified and authorized to serve on any of the boards of equalization of the county. ~~The grand jury of any such county~~ members of each board of equalization may designate a chairperson and two vice chairpersons of each such board of equalization. The chairperson and vice chairpersons shall be vested with full ~~administrative~~ authority in calling and conducting the substantive business of the board. The clerk of the superior court shall be vested with administrative authority in all other matters governing the conduct and business of the boards of equalization so as to provide oversight and supervision of such boards in compliance with paragraph (4) of subsection (d) of this Code section. Any combination of members or alternate members of any such board of equalization of the county shall be competent to exercise the power and authority of the board. Any person designated as an alternate member of any such board of equalization of the county shall be competent to serve in such capacity as provided in this Code section upon appointment and taking of oath.

(3) Notwithstanding any provision of this subsection to the contrary, in any county of this state having a population of 400,000 or more according to the United States decennial census of 1990 or any future such census, the governing authority of the county, by appropriate resolution adopted on or before November 1 of each year, may

elect to have selected one additional county board of equalization for each 10,000 parcels of real property in the county or for any part of a number of parcels in the county exceeding 10,000 parcels. In addition to the foregoing, any two members of a county board of equalization of the county may decide an appeal from an assessment, notwithstanding any other provisions of this Code section. The decision shall be in writing and signed by at least two members of the board of equalization; and, except for the number of members necessary to decide an appeal, the decision shall conform to the requirements of this Code section.

(4) The governing authorities of two or more counties may by intergovernmental agreement establish regional boards of equalization for such counties which shall operate in the same manner and be subject to all of the requirements of this Code section specified for county boards of equalization. The intergovernmental agreement shall specify the manner in which the members of the regional board shall be appointed by the grand jury of each of the counties and shall specify which clerk of the superior court shall have oversight over and supervision of such regional board. All hearings and appeals before a regional board shall be conducted in the county in which the property which is the subject of the hearing or appeal is located.

(b) Qualifications.

(1) Each person who is, in the judgment of the appointing grand jury, qualified and competent to serve as a grand juror, who is the owner of real property in the county where such person is appointed to serve, or, in the case of a regional board of equalization, is the owner of real property in any county in the region where such person is appointed to serve, and who is at least a high school graduate shall be qualified, competent, and compellable to serve as a member or alternate member of the county board of equalization. No member of the governing authority of a county, municipality, or consolidated government; member of a county or independent board of education; member of the county board of tax assessors; employee of the county board of tax assessors; or county tax appraiser shall be competent to serve as a member or alternate member of the county board of equalization.

(2)(A) Each person seeking to be appointed as a member or alternate member of a county board of equalization shall, not later than immediately prior to the time of their appointment under subsection (c) of this Code section, file with the clerk of the superior court a uniform application form which shall be a public record. The commissioner shall design the form which indicates the applicant's education, employment background, experience, and qualifications for such appointment.

(B) Within the first year after a member's initial appointment to the board of equalization ~~on or after January 1, 1981~~, each member shall satisfactorily complete not less than 40 hours of instruction in appraisal and equalization processes and procedures, as prepared and required by the commissioner pursuant to Code Section 48-5-13. On or after January 1, 2013, following the completion of each successive two terms of office, a member shall, within the first year of appointment to the subsequent term of office, complete satisfactorily not less than 40 hours of instruction in appraisal and equalization processes and procedures, as prepared and

required by the commissioner for newly appointed members. The failure of any member to fulfill the requirements of this subparagraph shall render that member ineligible to serve on the board; and the vacancy created thereby shall be filled in the same manner as other vacancies on the board are filled.

~~(B)~~(C) No person shall be eligible to hear an appeal as a member of a board of equalization on or after January 1, 2011, unless prior to hearing such appeal, that person shall satisfactorily complete the 40 hours of instruction in appraisal and equalization processes and procedures required under subparagraph ~~(A)~~ (B) of this paragraph. Any person appointed to such board shall be required to complete annually a continuing education requirement of at least eight hours of instruction in appraisal and equalization procedures, as prepared and required by the commissioner pursuant to Code Section 48-5-13. The failure of any member to fulfill the requirements of this subparagraph shall render that member ineligible to serve on the board; and the vacancy created thereby shall be filled in the same manner as other vacancies on the board are filled.

(c) **Appointment.**

(1) Except as provided in paragraph (2) of this subsection, each member and alternate member of the county board of equalization shall be appointed for a term of three calendar years next succeeding the date of such member or such alternate member's selection. Each term shall begin on January 1.

(2) The grand jury in each county at any term of court preceding November 1 of 1991 shall select three persons who are otherwise qualified to serve as members of the county board of equalization and shall also select three persons who are otherwise qualified to serve as alternate members of the county board of equalization. The three individuals selected as alternates shall be designated as alternate one, alternate two, and alternate three, with the most recent appointee being alternate number three, the next most recent appointee being alternate number two, and the most senior appointee being alternate number one. One member and one alternate shall be appointed for terms of one year, one member and one alternate shall be appointed for two years, and one member and one alternate shall be appointed for three years. Each year thereafter, the grand jury of each county shall select one member and one alternate for three-year terms.

(3) If a vacancy occurs on the county board of equalization, the individual designated as alternate one shall then serve as a member of the board of equalization for the unexpired term. If a vacancy occurs among the alternate members, the grand jury then in session or the next grand jury shall select an individual who is otherwise qualified to serve as an alternate member of the county board of equalization for the unexpired term. The individual so selected shall become alternate member three, and the other two alternates shall be redesignated appropriately.

(4) Within five days after the names of the members and alternate members of the county board or boards of equalization have been selected, the clerk of the superior court shall ~~issue and deliver~~ cause such appointees to appear before the clerk for the purpose of taking and executing in writing the oath of office. The clerk may utilize

any means necessary for such purpose, including, but not limited to, telephonic or other communication, regular first-class mail, or issuance of and delivery to the sheriff or deputy sheriff a precept containing the names of the persons so selected. Within ten days of receiving the precept, the sheriff or deputy sheriff shall cause the persons whose names are written on the precept to be served personally or by leaving the summons at their place of residence. The summons shall direct the persons named on the summons to appear before the clerk of the superior court on a date specified in the summons, which date shall not be later than December 15.

(5) Each member and alternate member of the county board of equalization, on the date prescribed for appearance before the clerk of the superior court and before entering on the discharge of such member and alternate member's duties, shall take and execute in writing before the clerk of the superior court the following oath:

I, _____, agree to serve as a member of the board of equalization of the County of _____ and will decide any issue put before me without favor or affection to any party and without prejudice for or against any party. I will follow and apply the laws of this state. I also agree not to discuss any case or any issue with any person other than members of the board of equalization except at any appeal hearing. I shall faithfully and impartially discharge my duties in accordance with the Constitution and laws of this state, to the best of my skill and knowledge. So help me God.

Signature of member or alternate member'

In addition to the oath of office prescribed in this paragraph, the presiding or chief judge of the superior court or his or her designee shall charge each member and alternate member of the county board of equalization with the law and duties relating to such office.

(d) Duties and powers.

(1) The county board of equalization shall hear and determine appeals from assessments and denials of homestead exemptions as provided in subsection (e) of this Code section.

(2) If, in the course of determining an appeal, the county board of equalization finds reason to believe that the property involved in an appeal or the class of property in which is included the property involved in an appeal is not uniformly assessed with other property included in the digest, the board shall request the respective parties to the appeal to present relevant information with respect to that question. If the board determines that uniformity is not present, the board may order the county board of tax assessors to take such action as is necessary to obtain uniformity, except that, when a question of county-wide uniformity is considered by the board, the board may recommend a partial or total county-wide revaluation only upon a determination by a majority of all the members of the board that the clear and convincing weight of the evidence requires such action. The board of equalization may act pursuant to this paragraph whether or not the appellant has raised the issue of uniformity.

(3) The board shall establish procedures which comply strictly with the regulations

promulgated by the commissioner pursuant to subparagraph ~~(e)(5)(B)~~ (e)(1)(D) of this Code section for the conducting of appeals before the board. The procedures shall be entered into the minutes of the board, and a copy of the procedures shall be made available to any individual upon request.

(4)(A) The clerk of the superior court shall have oversight over and supervision of all boards of equalization of the county and hearing officers. This oversight and supervision shall include, but not be limited to, requiring appointment of members of county boards of equalization by the grand jury; giving the notice of the appointment of members and alternates of the county board of equalization by the county grand jury as required by Code Section 15-12-81; collecting the names of possible appointees; collecting information from possible appointees as to their qualifications; presenting the names of the possible appointees to the county grand jury; processing the appointments as required by paragraph (4) of subsection (c) of this Code section, including administering the oath of office to the newly appointed members and alternates of the county board of equalization as required by paragraph (5) of such subsection; instructing the newly appointed members and alternates as to the training they must receive and the operations of the county board of equalization; presenting to the grand jury of the county the names of possible appointees to fill vacancies as provided in paragraph (3) of such subsection; maintaining a roster of board members and alternates, maintaining a record showing that the board members and alternates completed training, keeping attendance records of board members and alternates for the purpose of payment for service, and maintaining the uniform application forms and keeping a record of the appointment dates of board members and alternates and their terms in office; and informing the county board of equalization that it must establish by regulation procedures for conducting appeals before the board as required by paragraph (3) of this subsection ~~(d) of this Code section~~. Oversight and supervision shall also include the scheduling of board hearings, assistance in scheduling hearings before hearing officers, and giving notice of the date, time, and place of hearings to the taxpayers and the county board of tax assessors and giving notice of the decisions of the county board of equalization or hearing officer to the taxpayer and county board of tax assessors as required by division (e)(6)(D)(i) of this Code section.

(B) The county governing authority shall provide any resources to the clerk of superior court that are required to be provided by paragraph (7) of subsection (e) of this Code section.

(C) The county governing authority shall provide to the clerk of superior court facilities and secretarial and clerical help for appeals pursuant to subsection (e.1) of this Code section.

(D) The clerk of superior court shall maintain any county records of all notices to the taxpayer and the taxpayer's attorney, of certified receipts of returned or unclaimed mail, and from the hearings before the board of equalization and before hearing officers until the deadline to file any appeal to the superior court expires. If an appeal is not filed to the superior court, the clerk of superior court is authorized

to properly destroy any records from the hearings before the county board of equalization or hearing officers but shall maintain records of all notices to the taxpayer and the taxpayer's attorney and certified receipts of returned or unclaimed mail for 12 months. If an appeal to the superior court is filed, the clerk of superior court shall file such records in the civil action that is considered open by the clerk of superior court for such appeal, and such records shall become part of the record on appeal in accordance with paragraph (2) of subsection (g) of this Code section.

(e) **Appeal.**

(1)(A) Any taxpayer or property owner as of the last date for filing an appeal may elect to file an appeal from an assessment by the county board of tax assessors to **either:**

(i) The county board of equalization as to matters of taxability, uniformity of assessment, and value, and, for residents, as to denials of homestead exemptions pursuant to paragraph (2) of this subsection;

(ii) An arbitrator as to matters of value pursuant to subsection (f) of this Code section; or

(iii) A hearing officer as to matters of value and uniformity for a parcel of nonhomestead real property with a fair market value in excess of \$1 million as shown on the taxpayer's notice of assessment, and any contiguous nonhomestead real property owned by the same taxpayer, pursuant to subsection (e.1) of this Code section.

The commissioner shall establish by rule and regulation a uniform appeal form that the taxpayer may use.

(B) In addition to the grounds enumerated in subparagraph (A) of this paragraph, any taxpayer having property that is located within a municipality, the boundaries of which municipality extend into more than one county, may also appeal from an assessment on such property by the county board of tax assessors to the county board of equalization or to a hearing officer as to matters of uniformity of assessment of such property with other properties located within such municipality, and any uniformity adjustments to the assessment that may result from such appeal shall only apply for municipal ad valorem tax purposes.

(C) Appeals to the county board of equalization shall be conducted in the manner provided in paragraph (2) of this subsection. Appeals to a hearing officer shall be conducted in the manner specified in subsection (e.1) of this Code section. Appeals to an arbitrator shall be conducted in the manner specified in subsection (f) of this Code section. Such appeal proceedings shall be conducted between the hours of 8:00 A.M. and 7:00 P.M. on a business day. Following the notification of the taxpayer of the date and time of such taxpayer's scheduled hearing, the taxpayer shall be authorized to exercise a one-time option of changing the date and time of the taxpayer's scheduled hearing to a day and time acceptable to the taxpayer. The clerk of the superior court shall grant additional extensions to the taxpayer or the county board of tax assessors for good cause shown.

(D) The commissioner, by regulation, shall adopt uniform procedures and standards

which shall be followed by county boards of equalization, hearing officers, and arbitrators in determining appeals. Such rules shall be updated and revised periodically and reviewed no less frequently than every five years.

(2)(A) An appeal shall be effected by e-mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by mailing to or filing with the county board of tax assessors a notice of appeal within 45 days from the date of mailing the notice pursuant to Code Section 48-5-306. A written objection to an assessment of real property received by a county board of tax assessors stating the location of the real property and the identification number, if any, contained in the tax notice shall be deemed a notice of appeal by the taxpayer under the grounds listed in paragraph (1) of this subsection. A written objection to an assessment of personal property received by a county board of tax assessors giving the account number, if any, contained in the tax notice and stating that the objection is to an assessment of personal property shall be deemed a notice of appeal by the taxpayer under the grounds listed in paragraph (1) of this subsection. The county board of tax assessors shall review the valuation or denial in question, and, if any changes or corrections are made in the valuation or decision in question, the board shall send a notice of the changes or corrections to the taxpayer pursuant to Code Section 48-5-306. Such notice shall also explain the taxpayer's right to appeal to the county board of equalization as provided in subparagraph (C) of this paragraph if the taxpayer is dissatisfied with the changes or corrections made by the county board of tax assessors.

(B) If no changes or corrections are made in the valuation or decision, the county board of tax assessors shall send written notice thereof to the taxpayer and to the county board of equalization which notice shall also constitute the taxpayer's appeal to the county board of equalization without the necessity of the taxpayer's filing any additional notice of appeal to the county board of tax assessors or to the county board of equalization. The county board of tax assessors shall also send or deliver all necessary papers to the county board of equalization. If, however, the taxpayer and the county board of tax assessors execute a signed agreement as to valuation, the appeal shall terminate as of the date of such signed agreement.

(C) If changes or corrections are made by the county board of tax assessors, the board shall notify the taxpayer in writing of such changes. The notice shall be sent by regular mail properly addressed to the address or addresses the taxpayer provided to the county board of tax assessors. If the taxpayer is dissatisfied with such changes or corrections, the taxpayer shall, within 30 days of the date of mailing of the change notice, institute an appeal to the county board of tax assessors by e-mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by mailing to or filing with the county board of tax assessors a written notice of appeal. The county board of tax assessors shall send or deliver the notice of appeal and all necessary papers to the county board of equalization.

(D) The written notice to the taxpayer required by this paragraph shall contain a

statement of the grounds for rejection of any position the taxpayer has asserted with regard to the valuation of the property. No addition to or amendment of such grounds as to such position shall be permitted before the county board of equalization.

(3)(A) In any each year in which no county-wide revaluation is implemented, the county board of tax assessors shall make its determination and notify the taxpayer within 180 days after receipt of the taxpayer's notice of appeal. If the county board of tax assessors fails to respond to the taxpayer within such 180 day period during such year, the appeal shall be automatically referred to the county board of equalization with written notice to the taxpayer, except as otherwise provided in this paragraph.

(B) In any county in which the number of appeals exceeds a number equal to or greater than 3 percent of the total number of parcels in the county or equal to or greater than 3 percent of the gross tax digest of the county, the county board of tax assessors shall be granted an additional 180 day period to make its determination and notify the taxpayer. Such additional period shall commence immediately following the last day of the 180 days provided for under subparagraph (A) of this paragraph. If the county board of tax assessors fails to make its determination and notify the taxpayer or the taxpayer's attorney not later than the last day of such additional 180 day period, the most recent property tax valuation asserted by the taxpayer on the property tax return or on appeal shall prevail and shall be deemed the value established on such appeal unless a time extension is granted under subparagraph (C) of this paragraph. If no such assertion of value was submitted by the taxpayer, the appeal shall be forwarded to the county board of equalization.

(C) Upon a sufficient showing of good cause by reason of unforeseen circumstances proven to the commissioner prior to the expiration of the additional 180 day period provided for under subparagraph (B) of this paragraph, the commissioner shall be authorized to provide for a time extension beyond the end of such additional 180 day period. The duration of any such time extension shall be specified in writing by the commissioner and shall also be posted on the website of the county board of tax assessors. If the county board of tax assessors fails to make its determination and notify the taxpayer and the taxpayer's attorney not later than the last day of such time extension, the most recent property tax valuation asserted by the taxpayer on the property tax return or on appeal shall prevail and shall be deemed the value established on such appeal. If no such assertion of value was submitted by the taxpayer, the appeal shall be forwarded to the county board of equalization. In addition, the commissioner shall be authorized to impose penalties, require additional training, or require such other remediation as the commissioner may deem appropriate for failure to meet the deadline imposed by the commissioner under this subparagraph.

(4) The determination by the county board of tax assessors of questions of factual characteristics of the property under appeal, as opposed to questions of value, shall be prima-facie correct in any appeal to the county board of equalization. However, the

board of tax assessors shall have the burden of proving its opinions of value and the validity of its proposed assessment by a preponderance of evidence.

(5) The county board of equalization shall determine all questions presented to it on the basis of the best information available to the board.

(6)(A) Within 15 days of the receipt of the notice of appeal, the county board of equalization shall set a date for a hearing on the questions presented and shall so notify the taxpayer and the county board of tax assessors in writing. Such notice shall be sent by first-class mail to the taxpayer. Such notice shall be transmitted by e-mail to the county board of tax assessors if such board has adopted a written policy consenting to electronic service, and, if it has not, then such notice shall be sent to such board by first-class mail. A taxpayer may appear before the board concerning any appeal in person, by his or her authorized agent or representative, or both. The taxpayer shall specify in writing to the board the name of any such agent or representative prior to any appearance by the agent or representative before the board.

(B) Within 30 days of the date of notification to the taxpayer of the hearing required in this paragraph but not earlier than 20 days from the date of such notification to the taxpayer, the county board of equalization shall hold such hearing to determine the questions presented.

(C) If more than one ~~contiguous~~ property of a taxpayer is under appeal, the board of equalization shall, upon request of the taxpayer, consolidate all such appeals in one hearing and render separate decisions as to each parcel or item of property. Any appeal from such a consolidated board of equalization hearing to the superior court as provided in this subsection shall constitute a single civil action, and, unless the taxpayer specifically so indicates in his or her notice of appeal, shall apply to all such parcels or items of property.

(D)(i) The board of equalization shall ~~render~~ announce its decision on each appeal at the conclusion of the hearing ~~under~~ held in accordance with subparagraph (B) of this paragraph before proceeding with another hearing. The decision of the county board of equalization shall be in writing, shall be signed by each member of the board, shall specifically decide each question presented by the appeal, shall specify the reason or reasons for each such decision as to the specific issues of taxability, uniformity of assessment, value, or denial of homestead exemptions depending upon the specific issue or issues raised by the taxpayer in the course of such taxpayer's appeal, shall state that with respect to the appeal no member of the board is disqualified from acting by virtue of subsection (j) of this Code section, and shall certify the date on which notice of the decision is given to the parties. Notice of the decision shall be delivered by hand to each party, with written receipt, or given to each party by sending a copy of the decision by registered or certified mail or statutory overnight delivery to the appellant and by filing the original copy of the decision with the county board of tax assessors. Each of the three members of the county board of equalization must be present and must participate in the deliberations on any appeal. A majority vote shall be required in

any matter. All three members of the board ~~must~~ shall sign the decision indicating their vote.

(ii) Except as otherwise provided in subparagraph (g)(4)(B) of this Code section, the county board of tax assessors shall use the valuation of the county board of equalization in compiling the tax digest for the county for the year in question and shall indicate such valuation as the previous year's value on the property tax notice of assessment of such taxpayer for the immediately following year rather than substituting the valuation which was changed by the county board of equalization.

(iii)(I) If the county's tax bills are issued before the county board of equalization has rendered its decision on property which is on appeal, the county board of tax assessors shall specify to the county tax commissioner the ~~higher of the taxpayer's return valuation or 85 percent of the current~~ prior year's valuation as set by the county board of tax assessors. ~~This unless the property in issue has been issued a building permit and structural improvements have occurred, or structural improvements have been made without a building permit, in which case, it shall specify 85 percent of the current year's valuation as set by the county board of assessors. Depending on the circumstances of the property, this amount shall be the basis for a temporary tax bill to be issued; provided, however, that the taxpayer may elect to pay the temporary tax bill in the amount of 100 percent of the current year's valuation if no property improvement has occurred. The county tax commissioner shall have the authority to adjust such tax bill to reflect the 100 percent value as requested by the taxpayer.~~ Such tax bill shall be accompanied by a notice to the taxpayer that the bill is a temporary tax bill pending the outcome of the appeal process. Such notice shall also indicate that upon resolution of the appeal, there may be additional taxes due or a refund issued.

(II) If the final determination of the value on appeal is less than the valuation thus used, the taxpayer shall receive a deduction in such taxpayer's taxes for the year in question. Such deduction shall be refunded to the taxpayer or to the entity or transferee that paid the taxes and shall include interest on the amount of such deduction at the same rate as specified in Code Section 48-2-35 which shall accrue from November 15 of the taxable year in question or the date the final installment of the tax was due or was paid, whichever is later. In no event shall the amount of such interest exceed \$150.00.

(III) If the final determination of value on appeal is greater than the valuation thus used, the taxpayer shall be liable for the increase in taxes for the year in question due to the increased valuation fixed on appeal with interest at the rate as specified in Code Section 48-2-35. Such interest shall accrue from November 15 of the taxable year in question or the date the final installment of the tax was due to the date the additional taxes are remitted, but in no event shall the amount of such interest exceed \$150.00.

(7) The clerk of the superior court shall furnish the county board of equalization necessary facilities and ~~secretarial and clerical~~ administrative help. The clerk of the

superior court shall see that the records and information of the county board of tax assessors are transmitted to the county board of equalization. The county board of equalization ~~must~~ shall consider in the performance of its duties the information furnished by the county board of tax assessors and the taxpayer.

(8) The taxpayer or his or her agent or representative may submit in support of his or her appeal the most current report of the sales ratio study for the county conducted pursuant to Code Section 48-5-274. The board ~~must~~ shall consider the study upon any such request.

(9) If at any time during the appeal process to the county board of equalization and after certification by the county board of tax assessors to the county board of equalization, the county board of tax assessors and the taxpayer mutually agree in writing on the fair market value, then the county board of tax assessors, or the county board of equalization, as the case may be, shall enter the agreed amount in all appropriate records as the fair market value of the property under appeal, and the appeal shall be concluded. The provisions in subsection (c) of Code Section 48-5-299 shall apply to the valuation unless otherwise waived by both parties.

(10) Within ten days of a final determination of value by the tax assessors, a board of equalization, arbitrator, hearing officer, or the superior court, the county board of tax assessors shall forward said decision to the tax commissioner.

(e.1)(1) For any dispute involving the value or uniformity of a parcel of nonhomestead real property with a fair market value in excess of \$1 million as shown on the taxpayer's notice of assessment, at the option of the taxpayer, an appeal may be submitted to a hearing officer in accordance with this subsection. If such taxpayer owns nonhomestead real property contiguous to such qualified nonhomestead real property, at the option of the taxpayer, such contiguous property may be consolidated with the qualified property for purposes of the hearing under this subsection.

(2) Individuals desiring to serve as hearing officers and who are either state certified general real property appraisers or state certified residential real property appraisers as classified by the Georgia Real Estate Commission and the Georgia Real Estate Appraisers Board shall complete and submit an application, a list of counties the hearing officer is willing to serve, disqualification questionnaire, and resume and be approved by the Georgia Real Estate Commission and the Georgia Real Estate Appraisers Board to serve as a hearing officer. Such board shall annually publish a list of qualified and approved hearing officers for Georgia.

(3) The clerk of the superior court shall furnish any hearing officer so selected the necessary facilities.

(4) An appeal shall be effected by e-mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by filing with the county board of tax assessors a notice of appeal to a hearing officer within 45 days from the date of mailing the notice of assessment pursuant to Code Section 48-5-306. A written objection to an assessment of real property received by a county board of tax assessors stating the taxpayer's election to appeal to a hearing officer and showing the location of the real property contained in the assessment notice shall be deemed a

notice of appeal by the taxpayer.

(5) The county board of tax assessors may for no more than 90 days review the taxpayer's written appeal, and if changes or corrections are made by the county board of tax assessors, the board shall notify the taxpayer in writing of such changes. If within 30 days of the mailing of such notice the taxpayer notifies the county board of tax assessors in writing that such changes or corrections are not acceptable, the county board of tax assessors shall, within 30 days of the date of mailing of such taxpayer's notification, ~~send or deliver~~ certify the notice of appeal and send or deliver all necessary papers to the clerk of the superior court and mail a copy to the taxpayer.

(6)(A) The clerk of superior court shall randomly select from such list a hearing officer who shall have experience or expertise in hearing or appraising the type of property that is the subject of appeal to hear the appeal, unless the taxpayer and the county board of tax assessors mutually agree upon a hearing officer from such list. The clerk of the superior court shall notify the taxpayer and the taxpayer's attorney of the name of the hearing officer and transmit a copy of the hearing officer's disqualification questionnaire and resume provided for under paragraph (2) of this subsection. The hearing officer, in conjunction with all parties to the appeal, shall set a time and place to hear evidence and testimony from both parties. The hearing shall take place in the county where the property is located, or such other place as mutually agreed to by the parties and the hearing officer. The hearing officer shall provide electronic or written notice to the parties personally or by registered or certified mail or statutory overnight delivery not less than ten days before the hearing. Such written notice shall advise each party that documents or other written evidence to be presented at the hearing by a party must be provided to the other party not less than seven days prior to the time of the hearing and that any failure to comply with this requirement shall be grounds for an automatic continuance or for exclusion of such documents or other written evidence.

(B) If the clerk of the superior court, after a diligent search, cannot find a qualified hearing officer who is willing to serve, the clerk of the superior court shall transfer the certification of the appeal to the county or regional board of equalization and notify the taxpayer and the taxpayer's attorney and the county board of tax assessors of the transmittal of such appeal.

(7) The hearing officer shall swear in all witnesses, perform the powers, duties, and authority of a county or regional board of equalization, and determine the fair market value of the real property based upon the testimony and evidence presented during the hearing. Any issues other than fair market value and uniformity raised in the appeal shall be preserved for appeal to the superior court. The board of tax assessors shall have the burden of proving its opinion of value and the validity of its proposed assessment by a preponderance of evidence. At the conclusion of the hearing, the hearing officer shall notify both parties of the decision verbally and shall ~~send the taxpayer~~ both parties the decision in writing.

(8) The taxpayer or the board of tax assessors may appeal the decision of the hearing officer to the superior court as provided in subsection (g) of this Code section.

(9) If, at any time during the appeal under this subsection, the taxpayer and the county board of tax assessors execute a signed written agreement on the fair market value and any other issues raised, the appeal shall terminate as of the date of such signed agreement, and the fair market value as set forth in such agreement shall become final, and subsection (c) of Code Section 48-5-299 shall apply. The provisions contained in this paragraph may be waived at any time by written consent of the taxpayer and the county board of tax assessors.

(10) Each hearing officer shall be compensated by the county for time expended in considering appeals. The compensation shall be paid at a rate of not less than \$75.00 per hour for the first hour and not less than \$25.00 per hour for each hour thereafter as determined by the county governing authority or as may be agreed upon by the parties. Compensation pursuant to this paragraph shall be paid from the county treasury upon certification by the hearing officer of the hours expended in hearing of appeals. The attendance at any training required by the commissioner shall be part of the qualifications of the hearing officer, and any nominal cost of such training shall be paid by the hearing officer. ~~If the clerk of the superior court, after diligent search, cannot find a qualified hearing officer who is willing to serve, the clerk of the superior court shall notify the county board of tax assessors in writing. The county board of tax assessors shall then certify the appeal to the county or regional board of equalization.~~

(11) The commissioner shall promulgate rules and regulations for the proper administration of this subsection, including, but not limited to, ~~a uniform appeal form~~; qualifications; training, including an eight-hour course on Georgia property law, Georgia evidence law, preponderance of evidence, burden of proof, credibility of the witnesses, and weight of evidence; disqualification questionnaire; selection; removal; and any other matters necessary to the proper administration of this subsection. Such rules and regulations shall also include a uniform appeal form which shall require the initial assertion of a valuation of the property by the taxpayer. Any such assertion of value shall be subject to later revision by the taxpayer based upon written evidence. The commissioner shall seek input from all interested parties prior to such promulgation.

(f) Arbitration.

(1) As used in this subsection, the term 'certified appraisal' means an appraisal or appraisal report given, signed, and certified as such by a real property appraiser as classified by the Georgia Real Estate Commission and the Georgia Real Estate Appraisers Board.

(2) At the option of the taxpayer, an appeal shall be submitted to arbitration in accordance with this subsection.

(3)(A) Following an election by the taxpayer to use the arbitration provisions of this subsection, an arbitration appeal shall be effected by the taxpayer by e-mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by filing a written notice of arbitration appeal with the county board of tax assessors. The notice of arbitration appeal shall specifically state the

grounds for arbitration. The notice shall be filed within 45 days from the date of mailing the notice pursuant to Code Section 48-5-306. Within ten days of receipt of a taxpayer's notice of arbitration appeal, the board of tax assessors shall send to the taxpayer an acknowledgment of receipt of the appeal; a notice that the taxpayer ~~must~~ shall, within 45 days of the ~~filing of the notice~~ date of transmittal of the acknowledgment of receipt of the appeal, provide to the board of assessors for consideration a copy of a certified appraisal; and a confirmation of the amount of the filing fees, if any, required under Code Section 15-6-77 and notice that within 45 days of the date of transmittal of the acknowledgment of receipt of the appeal, the taxpayer shall pay to the clerk of the superior court the fees, if any, if the county board of tax assessors rejects the appraisal. Failure of the taxpayer to provide such certified appraisal and filing fees within such 45 days shall terminate the appeal unless the taxpayer within such 45 day period elects to have the appeal immediately forwarded to the board of equalization. Prior to appointment of the arbitrator and within 45 days of ~~filing the notice of~~ the acknowledgment of receipt of the appeal, the taxpayer shall provide a copy of the certified appraisal as specified in this paragraph to the board of assessors for consideration. Within 45 days of receiving the taxpayer's certified appraisal, the board of assessors shall either accept the taxpayer's appraisal, in which case that value shall become final, or the county board of tax assessors shall reject the taxpayer's appraisal by sending within ten days of the date of such rejection a written notification by certified mail of such rejection to the taxpayer and the taxpayer's attorney of record, in which case the county board of tax assessors shall certify within 45 days the appeal to the clerk of the superior court of the county in which the property is located along with any other papers specified by the person seeking arbitration under this subsection, including, but not limited to, the staff information from the file used by the county board of tax assessors. In the event the taxpayer is not notified of a rejection of the taxpayer's appraisal within such ten-day period, the taxpayer's appraisal value shall become final. In the event that the county board of tax assessors neither accepts nor rejects the value set out in the certified appraisal within ~~such 45 day period~~ 45 days after receipt of the certified appraisal, then the certified appraisal shall become the final value, and the filing fees shall be returned to the taxpayer. In any case where a taxpayer properly filed for the 2009 tax year a notice of binding arbitration appeal and provided the required certified appraisal in accordance with this paragraph and the board of assessors neither accepted nor rejected the value set out in such certified appraisal within the 30 day period formerly specified under this subparagraph, then for purposes of the 2009 tax year, the value set forth in the taxpayer's certified appraisal shall be deemed the final value. All papers and information certified to the clerk shall become a part of the record on arbitration. At the time of certification of the appeal, the county board of tax assessors shall serve the taxpayer and the taxpayer's attorney of record, if any, or employee with a copy of the certification along with any other papers specified by the person seeking arbitration along with the civil action file number assigned to the appeal. Within 15 days of filing the certification

to the clerk of the superior court, the presiding or chief judge of the superior court of the circuit in which the property is located shall issue an order authorizing the arbitration.

(B) At any point, the county board of tax assessors and the taxpayer may execute a signed, written agreement establishing the fair market value without entering into or completing the arbitration process. The fair market value as set forth in such agreement shall become the final value.

~~(B)~~(C) The arbitration shall be conducted pursuant to the following procedure:

(i) The county board of tax assessors shall include in the notice of rejection of the taxpayer's certified appraisal a notice of a meeting time and place to decide upon an arbitrator, to occur within 60 days after the date of sending the rejection of the taxpayer's certified appraisal. If such meeting is not scheduled by the county board of tax assessors within such 60 day period, the taxpayer's certified appraisal shall become the final determination of value. Following the notification of the taxpayer of the date and time of the meeting, the taxpayer shall be authorized to exercise a one-time option of changing the date and time of the meeting to a date and time acceptable to the taxpayer. If the parties agree, the matter shall be submitted to a single arbitrator chosen by the parties. Only if ~~If~~ the parties cannot agree on the single arbitrator, the arbitrator shall be chosen by the presiding or chief judge of the superior court of the circuit in which the property is located within 30 days after the filing of a petition by either party;

(ii) In order to be qualified to serve as an arbitrator, a person shall be classified as a state certified general real property appraiser or state certified residential real property appraiser pursuant to the rules and regulations of the Georgia Real Estate Commission and the Georgia Real Estate Appraisers Board and shall have experience or expertise in appraising the type of property that is the subject of the arbitration;

(iii) The arbitrator, within 30 days after his or her appointment, shall set a time and place to hear evidence and testimony from both parties. The arbitrator shall provide written notice to the parties personally or by registered or certified mail or statutory overnight delivery not less than ten days before the hearing. Such written notice shall advise each party that documents or other written evidence to be presented at the hearing by a party must be provided to the other party not less than seven days prior to the time of the hearing and that any failure to comply with this requirement, unless waived by mutual written agreement of such parties, shall be grounds for a continuance or for exclusion of such documents or other written evidence. The arbitrator, in consultation with the parties, may adjourn or postpone the hearing. Following notification of the taxpayer of the date and time of the hearing, the taxpayer shall be authorized to exercise a one-time option of changing the date and time of the hearing to a date and time acceptable to the taxpayer. The presiding or chief judge of the superior court of the circuit in which the property is located may direct the arbitrator to proceed promptly with the hearing and the determination of the appeal upon application of any party. The hearing shall occur

in the county in which the property is located or such other place as may be agreed upon in writing by the parties;

(iv) At the hearing, the parties shall be entitled to be heard, to present documents, testimony, and other matters, and to cross-examine witnesses. The arbitrator may hear and determine the controversy upon the documents, testimony, and other matters produced notwithstanding the failure of a party duly notified to appear;

(v) The arbitrator shall maintain a record of all pleadings, documents, testimony, and other matters introduced at the hearing. The arbitrator or any party to the proceeding may have the proceedings transcribed by a court reporter;

(vi) The provisions of this paragraph may be waived at any time by written consent of the taxpayer and the board of tax assessors;

(vii) At the conclusion of the hearing, the arbitrator shall render a decision regarding the value of the property subject to arbitration;

(viii) In order to determine the value, the arbitrator shall consider ~~a single~~ the final value for the property submitted by the board of assessors and ~~a single~~ the final value submitted by the taxpayer. The taxpayer shall be responsible for the cost of any appraisal by the taxpayer's appraiser;

(ix) Upon consideration of the ~~single~~ final value submitted by the board of assessors and the ~~single~~ final value submitted by the taxpayer, and evidence supporting the values submitted by the board of assessors and the taxpayer, the arbitrator shall determine which value is the value for the property under appeal;

(x) If the taxpayer's value is determined by the arbitrator to be the value, the county shall be responsible for the clerk of the superior court's fees, if any, and the fees and costs of such arbitrator. If the board of tax assessors' value is determined by the arbitrator to be the value, the taxpayer shall be responsible for the clerk of the superior court's fees, if any, and the fees and costs of such arbitrator; and

(xi) The board of tax assessors shall have the burden of proving its opinion of value and the validity of its proposed assessment by a preponderance of evidence.

(4) The provisions in subsection (c) of Code Section 48-5-299 shall apply to the valuation established or rendered by any county board of equalization, arbitrator, hearing officer, or superior court.

(5) If the county's tax bills are issued before an arbitrator has rendered its decision on property which is on appeal, the county board of tax assessors shall specify to the county tax commissioner the ~~higher of the taxpayer's return valuation or 85 percent of the current prior~~ year's valuation as set by the county board of tax assessors. ~~This~~ unless the property in issue has been issued a building permit and structural improvements have occurred, or structural improvements have been made without a building permit, in which case, it shall specify 85 percent of the current year's valuation as set by the county board of assessors. Depending on the circumstances of the property, this amount shall be the basis for a temporary tax bill to be issued; provided, however, that the taxpayer may elect to pay the temporary tax bill in the amount of 100 percent of the current year's valuation if no property improvement has occurred. The county tax commissioner shall have the authority to adjust such tax bill

to reflect the 100 percent value as requested by the taxpayer. Such tax bill shall be accompanied by a notice to the taxpayer that the bill is a temporary tax bill pending the outcome of the appeal process. Such notice shall also indicate that upon resolution of the appeal, there may be additional taxes due or a refund issued.

(g) Appeals to the superior court.

(1) The taxpayer or the county board of tax assessors may appeal decisions of the county board of equalization or hearing officer, as applicable, to the superior court of the county in which the property lies. By mutual written agreement, the taxpayer and the county board of tax assessors may waive an appeal to the county board of equalization and initiate an appeal under this subsection. A county board of tax assessors shall not appeal a decision of the county board of equalization or hearing officer, as applicable, changing an assessment by 20 percent or less unless the board of tax assessors gives the county governing authority a written notice of its intention to appeal, and, within ten days of receipt of the notice, the county governing authority by majority vote does not prohibit the appeal. In the case of a joint city-county board of tax assessors, such notice shall be given to the city and county governing authorities, either of which may prohibit the appeal by majority vote within the allowed period of time.

(2) An appeal by the taxpayer as provided in paragraph (1) of this subsection shall be effected by e-mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by mailing to or filing with the county board of tax assessors a written notice of appeal. An appeal by the county board of tax assessors shall be effected by giving notice to the taxpayer. The notice to the taxpayer shall be dated and shall contain the name and the last known address of the taxpayer. The notice of appeal shall specifically state the grounds for appeal. The notice shall be mailed or filed within 30 days from the date on which the decision of the county board of equalization or hearing officer is mailed pursuant to subparagraph (e)(6)(D) or paragraph (6) of subsection (e.1) of this Code section. The county board of tax assessors shall certify to the clerk of the superior court the notice of appeal and any other papers specified by the person appealing, including, but not limited to, the staff information from the file used by the county board of tax assessors, the county board of equalization, or the hearing officer. All papers and information certified to the clerk shall become a part of the record on appeal to the superior court. At the time of certification of the appeal, the county board of tax assessors shall serve the taxpayer and his or her attorney of record, if any, with a copy of the notice of appeal and with the civil action file number assigned to the appeal. Such service shall be effected in accordance with subsection (b) of Code Section 9-11-5. No discovery, motions, or other pleadings may be filed by the county board of tax assessors in the appeal until such service has been made.

(3) The appeal shall constitute a de novo action. The board of tax assessors shall have the burden of proving its opinions of value and the validity of its proposed assessment by a preponderance of evidence. Upon a failure of the board of tax assessors to meet such burden of proof, the court may, upon motion or sua sponte,

~~authorize the finding~~ find that the value asserted by the taxpayer is ~~unreasonable and reasonable and the fair market value of the property,~~ or declare a mistrial ~~authorize the determination of the final value of the property.~~

(4)(A) The appeal shall be placed on the court's next available jury or bench trial calendar, at the taxpayer's election, following the filing of the appeal unless continued by the court upon a showing of good cause. If only questions of law are presented in the appeal, the appeal shall be heard as soon as practicable before the court sitting without a jury. Each hearing before the court sitting without a jury shall be held within 30 days following the date on which the appeal is filed with the clerk of the superior court. The time of any hearing shall be set in consultation with the taxpayer and at a time acceptable to the taxpayer between the hours of 8:00 A.M. and 7:00 P.M. on a business day.

(B)(i) The county board of tax assessors shall use the valuation of the county board of equalization or the hearing officer, as applicable, in compiling the tax digest for the county. If the final determination of value on appeal is less than the valuation set by the county board of equalization or hearing officer, as applicable, the taxpayer shall receive a deduction in such taxpayer's taxes for the year in question. Such deduction shall be refunded to the taxpayer or to the entity or transferee that paid the taxes and shall include interest on the amount of such deduction at the same rate as specified in Code Section 48-2-35 which shall accrue from November 15 of the taxable year in question or the date the final installment of the tax was due or was paid, whichever is later. In no event shall the amount of such interest exceed \$150.00.

(ii) If the final determination of value on appeal is 80 percent or less of the valuation set by the county board of equalization or hearing officer as to commercial property, or 85 percent or less of the valuation set by the county board of tax assessors as to other property, the taxpayer, in addition to the interest provided for by this paragraph, shall recover costs of litigation and reasonable attorney's fees incurred in the action. Any appeal of an award of attorney's fees by the county shall be specifically approved by the governing authority of the county.

(iii) If the final determination of value on appeal is greater than the valuation set by the county board of equalization or hearing officer, as applicable, the taxpayer shall be liable for the increase in taxes for the year in question due to the increased valuation fixed on appeal with interest at the same rate as specified in Code Section 48-2-35. Such interest shall accrue from November 15 of the taxable year in question or the date the final installment of tax was due to the date the additional taxes are remitted, but in no event shall the amount of such interest exceed \$150.00.

(h) **Recording of interviews.** In the course of any assessment, appeal, or arbitration, or any related proceeding, the taxpayer shall be entitled to make recordings of any interview with any officer or employee of the taxing authority relating to the valuation of the taxpayer's property subject to such assessment, appeal, arbitration, or related proceeding, at the taxpayer's expense and with equipment provided by the taxpayer, and

no such officer or employee may refuse to participate in an interview relating to such valuation for reason of the taxpayer's choice to record such interview.

(i) **Alternate members.** Alternate members of the county board of equalization in the order in which selected shall serve:

(1) As members of the county board of equalization in the event there is a permanent vacancy on the board created by the death, ineligibility, removal from the county, or incapacitating illness of a member or by any other circumstances. An alternate member who fills a permanent vacancy shall be considered a member of the board for the remainder of the unexpired term;

(2) In any appeal with respect to which a member of the board is disqualified and shall be considered a member of the board; or

(3) In any appeal at a regularly scheduled or called meeting in the absence of a member and shall be considered a member of the board.

(j) **Disqualification.**

(1) No member of the county board of equalization and no hearing officer shall serve with respect to any appeal concerning which he or she would be subject to a challenge for cause if he or she were a member of a panel of jurors in a civil case involving the same subject matter.

(2) The parties to an appeal to the county board of equalization or to a hearing officer shall file in writing with the appeal, in the case of the person appealing, or, in the case of the county board of tax assessors, with the certificate transmitting the appeal, questions relating to the disqualification of members of the county board of equalization or hearing officer. Each question shall be phrased so that it can be answered by an affirmative or negative response. The members of the county board of equalization or hearing officer shall, in writing under oath within two days of their receipt of the appeal, answer the questions and any question which may be adopted pursuant to subparagraph (e)(1)(D) of this Code section. Answers of the county board of equalization or hearing officers shall be part of the decision of the board or hearing officer and shall be served on each party by first-class mail. Determination of disqualification shall be made by the judge of the superior court upon the request of any party when the request is made within two days of the response of the board or hearing officer to the questions. The time prescribed under subparagraph (e)(6)(A) of this Code section shall be tolled pending the determination by the judge of the superior court.

(k) **Compensation.** Each member of the county board of equalization shall be compensated by the county per diem for time expended in considering appeals. The compensation shall be paid at a rate of not less than \$25.00 per day and shall be determined by the county governing authority. The attendance at required approved appraisal courses shall be part of the official duties of a member of the board, and he or she shall be paid for each day in attendance at such courses and shall be allowed reasonable expenses necessarily incurred in connection with such courses. Compensation pursuant to this subsection shall be paid from the county treasury upon certification by the member of the days expended in consideration of appeals.

(l) **Military service.** In the event of the absence of an individual from such individual's residence because of duty in the armed forces, the filing requirements set forth in paragraph (3) of subsection (f) of this Code section shall be tolled for a period of 90 days. During this period, any member of the immediate family of the individual, or a friend of the individual, may notify the tax receiver or the tax commissioner of the individual's absence due to military service and submit written notice of representation for the limited purpose of the appeal. Upon receipt of this notice, the tax receiver or the tax commissioner shall initiate the appeal.

(m) **Refunds.** In the event a refund is owed to the taxpayer, such refund shall be paid to the taxpayer, entity, or transferee who paid the taxes within 60 days of the last date upon which an appeal may be filed, or the date the final determination of value is established on appeal, whichever is later. Any refund paid after the sixtieth day shall accrue interest from the sixtieth day until paid with interest at the same rate as specified in Code Section 48-2-35.

(n) **Service of notice.** A notice of appeal to a board of tax assessors under subsection (e), (e.1), (f), or (g) of this Code section shall be deemed filed as of the date of the United States Postal Service postmark, receipt of delivery by statutory overnight delivery, or, if the board of tax assessors has adopted a written policy consenting to electronic service, by transmitting a copy to the board of tax assessors via e-mail in portable document format using all e-mail addresses provided by the board of tax assessors and showing in the subject line of the e-mail message the words 'STATUTORY ELECTRONIC SERVICE' in capital letters. Service by mail, statutory overnight delivery, or electronic transmittal is complete upon such service. Proof of service may be made within 45 days of receipt of the notice of current assessment to the taxpayer by certificate of the taxpayer, the taxpayer's attorney, or the taxpayer's employee by written admission or by affidavit. Failure to make proof of service shall not affect the validity of service.

(o) When a taxpayer authorizes an attorney in writing to act on the taxpayer's behalf, all notices required to be provided to the taxpayer regarding hearing times, dates, certifications, or official actions shall instead be provided to such attorney."

SECTION 10.

Said title is further amended by revising subsection (b) of Code Section 48-5-345, relating to county tax digests and deviations from certain assessment ratios, and by adding a new subsection to read as follows:

"(b) Each year the commissioner shall determine if the overall assessment ratio for each county, as computed by the state auditor under paragraph (8) of subsection (b) of Code Section 48-5-274, deviates substantially from the proper assessment ratio as provided in Code Section 48-5-7, and if such deviation exists, the commissioner shall assess against the county governing authority additional state tax in an amount equal to the difference between the amount the state's levy ~~of one quarter of a mill~~ would have produced if the digest had been at the proper assessment ratio and the amount the digest that is actually used for collection purposes will produce. The commissioner shall

notify the county governing authority annually of the amount so assessed, and this amount shall be due and payable not later than five days after all appeals have been exhausted or the time for appeal has expired or the final date for payment of taxes in the county, whichever comes latest, and shall bear interest at the rate specified in Code Section 48-2-40 from the due date.

(c) Beginning with tax digests on or after January 1, 2012, no county shall be subject to the assessment authorized by subsection (b) of this Code section. This subsection shall stand automatically repealed on December 31, 2014."

SECTION 11.

Said title is further amended in Code Section 48-5-346, relating to the effect of conditionally approving certain subsequent county tax digests, by adding a new subsection to read as follows:

"(e) Beginning with tax digests on or after January 1, 2012, no county shall be subject to the penalty authorized by paragraph (2) of subsection (a) of this Code section. This subsection shall stand automatically repealed on December 31, 2014."

SECTION 13.

Said title is further amended by revising subsections (b) and (c) of Code Section 48-5-380, relating to refunds of certain taxes and license fees by counties and municipalities, as follows:

"(b) In any case in which it is determined that ~~an erroneous or illegal collection of any tax or license fee has been made by a county or municipality or that a taxpayer has voluntarily or involuntarily overpaid any tax or license fee~~ grounds for a refund exist under subsection (a) of this Code section, the taxpayer from whom the tax or license fee was collected may file a claim for a refund with the governing authority of the county or municipality at any time within one year or, in the case of taxes, three years after the date of the payment of the tax or license fee to the county or municipality. The claim for refund shall be in writing and shall be in the form and shall contain the information

required by the appropriate governing authority. The claim shall include a summary statement of the grounds upon which the taxpayer relies. In the event the taxpayer desires a conference or hearing before the governing authority in connection with any claim for a refund, the taxpayer shall so specify in writing in the claim. If the claim conforms to the requirements of this Code section, the governing authority shall grant a conference at a time specified by the governing authority. The governing authority shall consider information contained in the taxpayer's claim for a refund and such other information as is available. The governing authority shall approve or disapprove the taxpayer's claim and shall notify the taxpayer of its action. In the event any claim for refund is approved, the governing authority shall proceed under subsection (a) of this Code section to give effect to the terms of that subsection. No refund provided for in this Code section shall be assignable.

(c) Any taxpayer whose claim for refund is denied by the governing authority of the county or municipality or whose claim is not denied or approved by the governing authority within ~~one year~~ 180 days from the date of filing the claim shall have the right to bring an action for a refund in the superior court of the county in which the claim arises. SB 246. By Senator Hill of the 4th:

A BILL to be entitled an Act to amend Chapter 4 of Title 47 of the Official Code of Georgia Annotated, relating to the Public School Employees

Retirement System, so as to provide for an increase in the employee contribution; to provide for an increase in the retirement benefit; to provide conditions for an effective date and automatic repeal; to repeal conflicting laws; and for other purposes.

The House substitute was as follows:

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 4 of Title 47 of the Official Code of Georgia Annotated, relating to the Public School Employees Retirement System, so as to provide for an increase in the employee contribution; to provide for an increase in the retirement benefit; to provide conditions for an effective date and automatic repeal; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 4 of Title 47 of the Official Code of Georgia Annotated, relating to the Public School Employees Retirement System, is amended by revising subsection (a) of Code Section 47-4-60, relating to amount of contributions and manner of payment, as follows:

"(a) Each member shall contribute \$4.00 monthly as the employee contribution toward the cost of the retirement system; provided, however, that any person first or again becoming a member of this retirement system on or after July 1, 2012, shall contribute \$10.00 monthly as the employee contribution. Each local unit of administration shall deduct such amount each month from the compensation of each of its employees who is a member of the retirement system and pay the amounts so deducted to the board. The board shall specify by rules and regulations the time and manner such amounts shall be paid to it."

SECTION 2.

Said chapter is further amended by revising subsection (b) of Code Section 47-4-101, relating to retirement benefits payable upon normal, early, or delayed retirement, as follows:

"(b)(1) Upon retirement on the normal retirement date, a member shall receive a monthly retirement benefit, payment of which shall commence on the effective date of retirement and which shall be payable on the first day of each month thereafter during the member's lifetime. The amount of each monthly retirement payment shall be ~~\$15.00~~ \$16.50 multiplied by the number of the member's years of creditable service. The retirement benefit provided under this subsection shall be payable to those members who have already retired under this chapter as well as those members who retire in the future; provided, however, that no benefit increase above \$15.00 per

month shall be applied to the benefit of persons who were retired on the effective date of this Act. If the General Assembly at any time appropriates funds expressly intended to fund the benefits provided in this subsection and such amount so appropriated is not sufficient to fund the maximum amount allowable, then the retirement benefit otherwise payable under this subsection shall be reduced pro rata by the board in accordance with the funds actually appropriated by the General Assembly for such purpose, but in no event shall the retirement benefit be less than ~~\$12.00~~ \$14.75 multiplied by the member's years of creditable service."

SECTION 3.

This Act shall become effective on July 1, 2012, only if it is determined to have been concurrently funded as provided in Chapter 20 of Title 47 of the Official Code of Georgia Annotated, the "Public Retirement Systems Standards Law"; otherwise, this Act shall not become effective and shall be automatically repealed in its entirety on July 1, 2012, as required by subsection (a) of Code Section 47-20-50.

SECTION 4.

All laws and parts of laws in conflict with this Act are repealed.

SUBJECT: State Auditor's Certification
Substitute to Senate Bill 246
(LC 21 1803S)

Dear Representative Maxwell:

This substitute bill would amend provisions relating to employee contributions and retirement benefits under the Public School Employees Retirement System. Specifically, this bill would increase the employee contribution for all persons who become a member of the System on or after July 1, 2012 from \$4.00 per month to \$10.00 per month. Additionally, this bill would increase the monthly retirement benefit from \$15.00 per month multiplied by the member's years of service to \$16.50 per month for all members who retire on or after July 1, 2012. Finally, this bill would increase the minimum retirement benefit that could be paid from \$12.00 per month to \$14.75 per month.

This is to certify that the changes made in this substitute bill are nonfiscal amendments as defined in the Public Retirement Systems Standards Law. Therefore, the actuarial investigation prepared for Senate Bill 246 (LC 21 1146) would apply to this bill. A copy of the actuarial investigation and State Auditor's Summary for Senate Bill 246 (LC 21 1146) is attached.

Honorable Tim Golden, Chairman
Senate Retirement Committee
State Capitol, Room 121-G

SUBJECT: Actuarial Investigation
Senate Bill 246 (LC 21 1146)
Public School Employees Retirement System

Dear Chairman Golden:

This bill would amend provisions relating to retirement benefits under the Public School Employees Retirement System. Specifically, this bill would increase the employee contribution for all persons who become members of the System on or after July 1, 2012 from \$4.00 per month to \$10.00 per month. Additionally, this bill would increase the maximum monthly retirement benefit for members who retire on or after July 1, 2012. The maximum retirement benefit for such members would increase from \$15.00 per month to \$16.00 per month for each year of creditable service. Finally, this bill would increase the minimum retirement benefit that could be paid from \$12.00 per month to \$14.75 per month for each year of creditable service.

This bill, as written, would result in a savings of approximately \$100,000 in the first year to the Public School Employees Retirement System, since a higher amount of employee contributions would be collected and applied toward the cost of funding benefits. This savings would reduce the normal cost by \$2.50 per active member in the first year. The estimated savings is based on current employee data, actuarial assumptions, and actuarial methods. It should be noted that changes in any of these variables could affect the cost estimate prepared for this legislation. Any future costs would be paid through State appropriations.

As this bill is written, changing the minimum and maximum monthly retirement benefit would not increase costs to the Public School Employees Retirement System. If this legislation is enacted, retired members and beneficiaries would receive a minimum monthly retirement benefit of \$14.75 for each year of creditable service. However, since the System currently pays benefits based on this rate for each year of creditable service, there would be no immediate cost to the System. This legislation also increases the maximum benefit payable to \$16 per month for each year of creditable service for any member who retires on or after July 1, 2012. Therefore, the System would incur additional costs in the future if the monthly benefit was increased beyond the current rate of \$14.75. If the benefits were increased to \$15.00 per month, the first year cost of such increase would be \$1,499,000 (\$37.52 per active member). However, if the benefit was increased beyond \$15.00 per month, the additional first year cost for each \$.25 increase would be \$873,000 (\$21.84 per active member). This reduction occurs because the benefits of previously retired members would be capped at \$15.00 per month. If benefits are increased to the maximum of \$16 per month, the first year cost would be \$4,991,000 (\$124.89 per active member). The estimated cost is based on current active membership of 39,962, actuarial assumptions, and actuarial methods. It should be noted that changes in any of these variables could affect the cost of this legislation. Any future costs would be paid through State appropriations.

The following is a summary of the relevant findings of the actuarial investigation for this bill pursuant to a request by the Senate Retirement Committee. The investigation was to

be conducted according to O.C.G.A. 47-20-36, which outlines the factors to be considered in an actuarial investigation. The figures are based on employee data and the most recent actuarial assumptions and methods. The information below shows only the required cost/savings to the System.

(1)	The amount of the unfunded actuarial accrued liability which will result from the bill.	\$ <u>0</u>
(2)	The amount of the annual amortization of the unfunded actuarial accrued liability which will result from the bill.	\$ <u>0</u>
(3)	The number of years that the unfunded actuarial accrued liability created by this bill would be amortized.	<u>N/A</u>
(4)	The amount of the annual normal cost which will result from the bill.	\$ <u>(100,000)</u>
(5)	The employer contribution rate currently in effect.	<u>\$621.31 per active member</u>
(6)	The employer contribution rate recommended (in conformity with minimum funding standards specified in Code Section 47-20-10).	<u>\$618.81 per active member</u>
(7)	The dollar amount of the increase in the annual employer contribution which is necessary to maintain the retirement system in an actuarially sound condition.	\$ <u>0</u>

It should be noted that any subsequent changes in the retirement bill will invalidate the actuarial investigation and the findings included therein.

Respectfully,

/s/ Russell W. Hinton
State Auditor

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

This Act shall be known and may be cited as the "Employees' Retirement System of Georgia Enhanced Investment Authority Act."

SECTION 2.

Article 7 of Chapter 20 of Title 47 of the Official Code of Georgia Annotated, the "Public Retirement Systems Investment Authority Law," is amended by revising subsection (c) of Code Section 47-20-82, relating to investing funds, eligibility, and investment limitations, as follows:

"(c) Any investment limitation based upon the amount of the fund's assets shall relate to such assets on the basis of the assets' aggregate historical cost. For purposes of any investment made in alternative investments pursuant to Code Section 47-7-127 or 47-20-87, aggregate historical cost shall include all contractually committed, unpaid amounts."

SECTION 3.

Said article is further amended by adding a new Code section to read as follows:
"47-20-87.

(a) As used in this Code section, the term:

(1) 'Alternative investments' means the following investments:

(A) Privately placed investment pools, including, without limitation, private investment funds, such as:

(i) Leveraged buyout funds;

(ii) Mezzanine funds;

(iii) Workout funds;

(iv) Debt funds;

(v) Venture capital funds;

(vi) Merchant banking funds; and

(vii) Funds of funds and secondary funds

that include investments in privately placed investment pools described in this subparagraph, in each case whether structured as a partnership, limited liability company, trust, corporation, joint venture, or other entity or investment vehicle of any type; organized or operating in one of the states or territories of the United

States or outside the United States; such pool will invest in the United States or outside the United States or any combination thereof; or such pool makes investments of the type described in subparagraph (B) of this paragraph or other investments of any type or any combination thereof;

(B) Private placements and other private investments, including without limitation:

(iii) Equity investments, including, without limitation, preferred and common stock;

(iv) Warrants;

(v) Options;

(vi) Private investments in public securities;

(vii) Recapitalizations;

(viii) Privatizations;

(ix) Mezzanine debt investments;

(x) Distressed debt and equity investments, including, without limitation, cases in which the investor may take control of the issuer;

(xi) Other debt investments, whether secured or unsecured, senior or subordinated, recourse or nonrecourse, convertible, or otherwise;

(xii) Convertible securities;

(xiii) Receivables;

(xiv) Interests, as such term is referred to in 11 U.S.C. Sections 501 and 502;

(xv) Claims, as such term is defined in 11 U.S.C. Section 101(5);

(xvi) Debt and equity derivative instruments of all types; and

(xvii) All other debt and equity private placements of all types, in each case whether issued by a partnership, limited liability company, trust, corporation, joint venture, or other entity or vehicle of any type or whether the issuer is organized or does business in one of the states or territories of the United States or outside the United States; and

(C) Any distribution in kind received by an eligible large retirement system in connection with any investment described in subparagraphs (A) and (B) of this paragraph.

(2) 'Eligible large retirement system' means a large retirement system as defined in subsection (a) of Code Section 47-20-84; provided, however, that such term shall not include the Teachers Retirement System of Georgia.

(b) In addition to the eligible investments authorized by Code Section 47-20-82, and without applicability of any restrictions set forth in Code Sections 47-20-83 and 47-20-84, an eligible large retirement system is authorized to invest in alternative investments in accordance with the provisions of this Code section. Further, when provisions of Code Section 47-20-83 or 47-20-84 or any provisions of this article other than this Code section limit a particular form of investment to a certain percentage of retirement system assets, the denominator will include alternative investments with all other investments, but the numerator for any such calculation shall not include any alternative

investments, even if any such alternative investment is of a like kind as the investments that are included in the numerator.

(c) An alternative investment shall not exceed in any case 20 percent of the aggregate amount of:

(1) The capital to be invested in the applicable private pool, including all parallel pools and other related investment vehicles established as part of the investment program of the applicable private pool; and

(2) The securities being issued in the applicable private placement, in each case determined at the time such alternative investment is initially either made or committed to be made, as applicable, but taking into consideration any investments that have previously been or are concurrently being made or committed to be made.

Each alternative investment by an eligible large retirement system shall have previously been or shall be concurrently made or committed to be made by at least four other investors not affiliated with the issuer. At the time of initial investment, such investors shall not include any trustee of the eligible large retirement system making the investment or any public official as defined in paragraph (9) of Code Section 45-10-20. Such four other investors shall be investing on substantially the same terms and conditions as those applicable to the investment by the eligible large retirement system to the extent such other investors are similarly situated with the eligible large retirement system. Alternative investments shall only be made in private pools and issuers that have at least \$100 million in assets, including committed capital, at the time the investment is initially made or committed to be made by an eligible large retirement system.

(d) Alternative investments by an eligible large retirement system shall not in the aggregate exceed 5 percent of the eligible large retirement system assets at any time. The board of trustees of an eligible large retirement system shall have the discretion to designate whether any investment that is permitted to be made as an alternative investment pursuant to this Code section and that is also permitted to be made as an investment pursuant to Code Section 47-20-83 shall be treated for purposes of the 5 percent limitation and otherwise as an alternative investment made pursuant to this Code section or as an investment made pursuant to Code Section 47-20-83. If the eligible large retirement system is not in compliance with the limitations imposed by this subsection, it shall make a good faith effort to come into compliance within two years and in any event as soon as practicable thereafter; provided, however, that during any period of noncompliance, the eligible large retirement system shall not increase the percentage of its assets committed to be invested in alternative investments but shall be permitted during such period to continue to make investments as required by the then existing commitments of the eligible large retirement system to alternative investments made before the period of noncompliance.

(e) The provisions of this subsection shall apply only to the Employees' Retirement System of Georgia. New commitments to alternative investments shall not in the aggregate exceed 1 percent of the retirement system assets in any calendar year until the first occurrence that 4 1/2 percent of the retirement system assets are invested in

alternative investments, at which time there shall be no limit on the percentage of commitments that may be made in any calendar year, subject to compliance with the other provisions of this Code section.

(f)(1) For purposes of this subsection, the term 'information' shall include, without limitation, preinvestment and postinvestment diligence information, including reviews and analyses prepared or provided by the issuer of a potential or actual alternative investment or prepared by or for an eligible large retirement system or otherwise relating to a potential or actual alternative investment.

(2) In addition to those records that are exempted from being open to inspection by the general public under Code Section 47-1-14 and except as otherwise provided in this subsection, an eligible large retirement system may in its discretion treat as confidential and withhold from public inspection and disclosure all information prepared or provided by the issuer of a potential or actual alternative investment or prepared by or for an eligible large retirement system or otherwise relating to a potential or actual alternative investment and held by an eligible large retirement system and may agree in making an alternative investment to treat such information as confidential and withhold it from public inspection and disclosure.

(3) Notwithstanding the provisions of paragraphs (1) and (2) of this subsection, any public retirement system created by this title, other than by Chapter 5 of this title, shall make publicly available the following information, but only to the extent the following information is otherwise available or maintained by said retirement system in the normal course and only after a period of one year from the date such records were created:

(A) The name of any alternative investment in which the retirement system has invested; excluding, in the case of an alternative investment in a privately placed investment pool, any information concerning the investments made by such privately placed investment pool;

(B) The date the retirement system first invested in an alternative investment;

(C) The aggregate amount of money, expressed in dollars, the retirement system has invested in alternative investments as of the end of any fiscal quarter;

(D) The aggregate amount of money and the value of any in kind or other distribution, in each case, expressed in dollars, the retirement system received from alternative investments;

(E) The internal rate of return or the result under any other such standard used by the retirement system in connection with alternative investments for the asset class and for the period for which the return or standard was calculated; and

(F) The remaining cost of alternative investments in which the retirement system has invested as of the end of any fiscal quarter.

(4) The provisions of this Code section shall not restrict access to information and records under process of law or by officers otherwise entitled to them for official purposes, but such information and records shall have the same confidential status under process or with such officers as it does in the hands of an eligible large retirement system, and such officers shall respect such confidentiality to the extent

consistent with their separate powers and duties.

(5) On the second Monday in March of each year, the director of any public retirement system created by this title, other than by Chapter 5 of this title, shall provide a report to the Governor and the chairpersons of the House and Senate standing committees on retirement detailing the performance of any investments made pursuant to this Code section, including, without limitation, a clear statement of the aggregate loss or profit on such investments for the preceding year. Such report shall also be posted on the retirement system's official website. This paragraph shall not be construed so as to require the disclosure of any information otherwise protected by this subsection.

(g) Unless the information has been publicly released, preinvestment and postinvestment diligence information, including reviews and analyses, prepared or maintained by the eligible large retirement system or by an alternative investment firm shall be confidential and exempted from being open to inspection by the general public pursuant to Article 4 of Chapter 18 of Title 50, except to the extent it is subject to disclosure from the requirements of subsection (f) of this Code section.

(h) The respective boards of trustees of eligible large retirement systems making investments authorized by this Code section shall adopt a code of ethics for the consideration of and investment in and disposition of alternative investments.

(i) Funds invested pursuant to this Code section and any return on such investment shall remain funds of the retirement system."

SECTION 4.

Code Section 50-18-72 of the Official Code of Georgia Annotated, relating to when public disclosure of records is not required and disclosure of exempting legal authority, is amended in subsection (a) by striking "or" at the end of paragraph (22), by replacing the period with "; or" at the end of paragraph (23), and by adding a new paragraph to read as follows:

"(24) Records that are expressly exempt from public inspection pursuant to Code Section 47-20-87."

SECTION 5.

All laws and parts of laws in conflict with this Act are repealed.

The Honorable Howard Maxwell
State Representative
State Capitol, Room 402

SUBJECT: State Auditor's Certification
Substitute to Senate Bill 402
(LC 21 1781S)

Dear Representative Maxwell:

This substitute bill would amend provisions relating to the Public Retirement Systems Investment Authority Law. Specifically, this bill would define the term 'alternative investments' and would allow 'eligible large retirement systems' to make such alternative investments. This bill would also provide limits regarding the amount of assets that may be invested in alternative investments. Under the provisions of this bill, alternative investments, in the aggregate, may not exceed 5% of the retirement system assets at any time. In the event a system is out of compliance with the limitations, this bill provides provisions for the system to come back into compliance. Furthermore, this substitute bill would provide for confidentiality of certain documents that are used in determining which alternative investments to hold, and would provide that all funds invested pursuant to this legislation, including any return on such investments, must remain funds of the retirement system. Under the provisions of this substitute bill, the Teachers Retirement System would be prohibited from participating in such investment practices.

This substitute bill would also require directors of retirement systems created by Title 47 to provide an annual report to the chairpersons of the House and Senate Retirement Committees detailing the performance of investments made pursuant to the provisions of this bill. This report must be made available on the second Monday in March of each year. Additionally, the directors would be required to post such information on the retirement system's website.

Finally, this substitute bill would also clarify how the term 'aggregate historical cost' is defined for purposes of any investment made in alternative investments pursuant to O.C.G.A. §47-7-127 and for any investment made in alternative investments by retirement systems affected by this legislation. If this legislation is enacted, 'aggregate historical cost' shall include all contractually committed, unpaid amounts.

This is to certify that this substitute bill is a nonfiscal bill as defined in the Public Retirement Systems Standards Law.

Respectfully,

/s/ Russell W. Hinton
State Auditor

Senator Golden of the 8th moved that the Senate agree to the House substitute to SB 402.

Article 2 of Chapter 16 of Title 50 of the Official Code of Georgia Annotated, relating to the "State Properties Code," is amended by revising Code Section 50-16-41, relating to authorizing rental agreements without competitive bidding, limitations, charging the commission with the management of administrative space, standards governing the utilization of administrative space, reassignment of administrative space, and rules and regulations therefor, as follows:

"50-16-41.

(a) Notwithstanding any provisions and requirements of law to the contrary and particularly notwithstanding the requirements of Code Section 50-16-39, the commission is authorized to negotiate, prepare, and enter into in its own name rental agreements whereby a part of the property is rented, without public competitive bidding, to a person for a length of time not to exceed one year and for adequate monetary consideration (in no instance to be less than a rate of \$250.00 per year), which shall be determined by the commission, and pursuant to such terms and conditions as the commission shall determine to be in the best interest of the state. The same property or any part thereof shall not be the subject matter of more than one such rental agreement to the same person unless the commission shall determine that there are extenuating circumstances present which would make additional one-year rental agreements beneficial to the state; provided, however, the same property or any part thereof shall not after April 24, 1975, be the subject matter of more than a total of three such one-year rental agreements to the same person.

(b) The commission is given the authority and charged with the duty of managing the utilization of administrative space by all state entities, except that the Board of Regents of the University System of Georgia and the Georgia Department of Labor may manage their own space but only for leases that are for a term of one year or less, within the State of Georgia, and required for their core mission. The commission shall manage the utilization of administrative space for all multiyear lease agreements entered into on behalf of any state entity, including the Board of Regents of the University System of Georgia and the Georgia Department of Labor. The commission shall manage in a manner that is the most cost efficient and operationally effective and which provides decentralization of state government. Such management shall include the authority to assign and reassign administrative space to state entities based on the needs of the entities as determined by standards for administrative space utilization promulgated by the commission pursuant to subsection (g) of this Code section and shall include the

obligation to advise the Office of Planning and Budget and state entities of cost-effective, decentralized alternatives.

(c) The management of the utilization of administrative space by the commission shall include entering into any necessary agreements to rent or lease administrative space, whether existing or to be constructed, and shall include administrative space rented or leased by a state entity from the Georgia Building Authority or from any other public or private person, firm, or corporation. When it becomes necessary to rent or lease administrative space, the space shall be rented or leased by the commission ~~and~~ for a term not to exceed 20 years. The space shall be assigned to the state entity or entities requiring the space. A multiyear lease resulting from a sale and lease back shall be treated as a conveyance of real property by the state and shall be reviewed for approval or disapproval by the General Assembly and Governor in the same manner as a conveyance of state properties provided for in Code Section 50-16-39.

(d) If the commission reassigns all or any portion of any administrative space which is leased or rented by one state entity to another state entity, the state entity to which the administrative space is reassigned ~~shall~~ may pay to the commission rental charges, as determined by the commission, for the utilization of the space; and the commission ~~shall~~ may, in turn, use the rental charges so paid for the purpose of paying or partially paying, as the case may be, the rent or lease payments due the lessor of the administrative space in accordance with the terms of the lease or rent contract existing at the time of the reassignment of the administrative space. Any such payments to a lessor by the commission shall be on behalf of the state entity which is the lessee of the administrative space reassigned as provided in this Code section.

(e) The management of the utilization of administrative space given to the commission by this Code section shall not be construed to impair the obligation of any contract executed before July 1, 1976, between any state entity and the Georgia Building Authority or between any state entity and any other public or private person, firm, or corporation; and the powers given to the commission by this Code section shall not be implemented or carried out in such a manner as to impair the obligation of any such contract.

(f) The commission is authorized and directed to develop and promulgate standards governing the utilization of administrative space by all state entities which require emphasis on cost effectiveness and decentralization. The standards shall be uniformly applied to all state entities except as otherwise provided by subsection (g) of this Code section, but the standards shall recognize and provide for different types of administrative space required by the various state entities and the different types of administrative space that may be required by a single state entity.

(g) The commission shall be authorized to reassign administrative space to the various state entities in order to bring the utilization of administrative space into conformity with the standards promulgated under subsection (f) of this Code section. Any additional administrative space required by a state entity shall be approved by and obtained through the commission. The commission shall be authorized to grant exceptions to the standards governing the utilization of administrative space when the

reassignment of such space would involve unnecessary expenses or the disruption of services being provided by a state entity. The commission shall adopt and promulgate rules and regulations governing the granting of such exceptions, and the rules and regulations shall be uniformly applied by the commission to all state entities requesting an exception to the standards.

(h) For purposes of cost effectiveness and decentralization, the following factors, among other factors, shall be considered:

(1) Dual location of programs within a city should be considered in order to take advantage of possible economies of scale and as a matter of convenience to the general public; or

(2) When all factors are reasonably equivalent, preferences will be given to location of state government programs and facilities in those counties which are determined by the Department of Community Affairs to be the most economically depressed, meaning those 71 tier 1 counties of the state designated as least developed under paragraph (2) of subsection (b) of Code Section 48-7-40.

(i) The commission is authorized and directed to promulgate rules and regulations governing budgetary requirements for administrative space utilized by state entities in cooperation with the Office of Planning and Budget whereby the entities shall be accountable in the budgetary process for administrative space assigned to and utilized by them. The budgetary requirements may provide for the payment of rent to the commission by state entities or may otherwise provide procedures for the assessment of rent charges for administrative space utilized by state entities or any combination of the foregoing.

(j) The commission shall provide a multiyear leasing report annually, no later than September 1 of each year, to the Governor, President of the Senate, Speaker of the House of Representatives, chairpersons of the Senate Appropriations Committee and the House Committee on Appropriations, and chairpersons of the Senate State Institutions and Property Committee and the House Committee on State Institutions and Property. The report shall provide the total sum of all leasing obligations to be paid by the state for the upcoming fiscal year. Such report shall include an itemization and total of all revenues collected from the previous fiscal year and provide an itemized budget allocation for the upcoming fiscal year. The report shall also provide a list of all existing multiyear lease agreements and the identity of the contracting parties for each.

~~(j)~~(k) In addition to the standards and rules and regulations specifically provided for by this Code section, the commission is authorized to adopt such other rules and regulations as may be required to carry out this Code section efficiently and effectively.

(1)(1) The Georgia State Financing and Investment Commission is authorized to establish fiscal policies regarding multiyear lease and rental agreements and, each fiscal year, may establish a total multiyear contract value authority. During the fiscal year, the multiyear contract value authority may be revised as determined necessary by the Georgia State Financing and Investment Commission. The total multiyear contract value authority may be based upon the Governor's revenue estimate for subsequent fiscal years and other information as determined by the Georgia State

Financing and Investment Commission.

(2) No multiyear lease or rental agreement shall be entered into under the provisions of this Code section until the Georgia State Financing and Investment Commission has established the fiscal policies and multiyear contract value authority for the current and future fiscal years. Any multiyear lease or rental agreement entered into that is not in compliance with such fiscal policies and multiyear contract value authority shall be void and of no effect.

(3) At the beginning of each fiscal year, a budget unit's appropriations shall be encumbered for the estimated payments for any multiyear lease and rental agreements in that fiscal year. The commission shall have the right to terminate, without further obligation, any multiyear lease or rental agreement if the commission determines that adequate funds will not be available for the payment obligations of the commission under the agreement. The commission's determination regarding the availability of funds for its obligations shall be conclusive and binding on all parties to the multiyear lease or rental agreement."

SECTION 2.

This Act shall become effective on January 1, 2013; provided, however, that this Act shall only become effective on January 1, 2013, upon the ratification of a resolution at the November, 2012, state-wide general election, which resolution amends the Constitution so as to provide for the authorization of agencies to enter into lease and rental contracts exceeding one year. If such resolution is not so ratified, this Act shall not become effective and shall stand repealed on January 1, 2013.

SECTION 3.

All laws and parts of laws in conflict with this Act are repealed.

An assuming insurer is deemed to meet this requirement as of the time of its application if it maintains a surplus as regards policyholders in an amount of not less than \$20 million and its accreditation has not been denied by the Commissioner within 90 days after the submission of its application;

(3) Credit shall be allowed when the reinsurance is ceded to an assuming insurer which is domiciled and licensed in, or, in the case of a United States branch of an alien assuming insurer, is entered through a state which employs standards regarding credit for reinsurance substantially similar to those applicable under this Code section and the assuming insurer or United States branch of an alien assuming insurer:

In the case of a single assuming insurer, the trust shall consist of a trustee account representing the assuming insurer's liabilities attributable to business written in the United States and, in addition, the assuming insurer shall maintain a trustee surplus of not less than \$20 million; provided, however, that, at any time after the assuming insurer has permanently discontinued underwriting new business secured by trust for at least three full years, the commissioner with principal regulatory oversight of the trust may authorize a reduction of the required trustee surplus, but only after a finding, based upon an assessment of the risk, that the new required surplus level is adequate for the protection of United States ceding insurers, policyholders, and claimants in light of reasonably foreseeable adverse loss development. The risk assessment may involve an actuarial review, including an independent analysis of reserves and cash flows, and shall consider all material risk factors, including, when applicable, the lines of business involved, the stability of the incurred loss estimates and the effect of the surplus requirements on the assuming insurer's liquidity or solvency. The minimum required trustee surplus may not be reduced to an amount less than 30 percent of the assuming insurer's liabilities attributable to reinsurance ceded by United States ceding insurers covered by the trust. In the case of a group including incorporated and individual unincorporated underwriters, the trust shall consist of a trustee account ~~representing the group's~~ in an amount not less than the respective underwriters' liabilities attributable to business written in the United States and, in addition, the group shall maintain a trustee surplus of which \$100 million shall be held jointly for the benefit of United States ceding insurers of any member of the group for all years of account; the incorporated members of the group shall not be engaged in any business other than underwriting as a member of the group and shall be subject to the same level of solvency regulation and control by the group's domiciliary regulator as are the unincorporated members; and, within 90 days after its financial statements are due to be filed with the group's domiciliary regulator, the group shall ~~make available~~ provide to the Commissioner an annual certification of the solvency of each underwriter by the group's domiciliary regulator or, if a certification is unavailable, financial statements prepared by ~~and its~~ independent public accountants of each member of the group.

United States for at least three years immediately prior to making application for accreditation, and submits to this state's authority to examine its books and records and bears the expense of the examination, and which has aggregate policyholders' surplus of \$10 billion; the trust shall be in an amount equal to the group's several liabilities attributable to business ceded by the United States ceding insurers to any member of the group pursuant to reinsurance contracts issued in the name of such group; plus the group shall maintain a joint trusted surplus of which \$100 million shall be held jointly for the benefit of United States ceding insurers of any member of the group as additional security for any such liabilities, and within 90 days after its financial statements are due to be filed with the group's domiciliary regulator, each member of the group shall make available to the Commissioner an annual certification of the member's solvency by the member's domiciliary regulator and financial statements prepared by its independent public accountant.

(C) ~~Such trust shall be established in a form~~ Credit for reinsurance shall not be granted under this paragraph unless the form of the trust and any amendments to the trust have been approved by the Commissioner ~~commissioner of the state where the trust is domiciled or the commissioner of another state, who, pursuant to the terms of the trust agreement, has accepted principal regulatory oversight of the trust. The form of the trust and any trust amendments also shall be filed with the commissioner of every state in which the ceding insurer beneficiaries of the trust are domiciled.~~ The trust ~~instruments~~ instrument shall provide that contested claims shall be valid and enforceable upon the final order of any court of competent jurisdiction in the United States. The trust shall vest legal title to its assets in the trustees of the trust for its United States ~~policyholders and~~ ceding insurers, their assigns, and successors in interest. The trust and the assuming insurer shall be subject to examination as determined by the Commissioner. The trust must remain in effect for as long as the assuming insurer shall have outstanding obligations due under the reinsurance agreements subject to the trust.

(D) No later than February 28 of each year the trustees of the trust shall report to the Commissioner in writing setting forth the balance of the trust and listing the trust's investments as of the end of the preceding year and shall certify the date of termination of the trust, if so planned, or certify that the trust shall not expire prior to the next following December 31;

(5) Credit shall be allowed when the reinsurance is ceded to an assuming insurer not meeting the requirements of paragraph (1), (2), (3), or (4) of this subsection ~~but only with respect to the insurance of risks located in jurisdictions where such reinsurance is required by applicable law or regulation of that jurisdiction; and if such assuming insurer has been certified by the Commissioner as a reinsurer in this state and secures its obligations in accordance with the requirements of this subsection.~~

(A) In order to be eligible for certification, the assuming insurer shall meet the following requirements:

(i) The assuming insurer shall be domiciled and licensed to transact insurance or reinsurance in a qualified jurisdiction, as determined by the Commissioner

pursuant to subparagraph (C) of this paragraph;

(ii) The assuming insurer shall maintain minimum capital and surplus, or its equivalent, in an amount to be determined by the Commissioner pursuant to regulation;

(iii) The assuming insurer shall maintain financial strength ratings from two or more rating agencies deemed acceptable by the Commissioner pursuant to regulation;

(iv) The assuming insurer shall agree to submit to the jurisdiction of this state, appoint the Commissioner as its agent for service of process in this state, and agree to provide security for 100 percent of the assuming insurer's liabilities attributable to reinsurance ceded by United States ceding insurers if it resists enforcement of a final United States judgment;

(v) The assuming insurer shall agree to meet applicable information filing requirements as determined by the Commissioner, both with respect to an initial application for certification and on an ongoing basis; and

(vi) The assuming insurer shall satisfy any other requirements for certification deemed relevant by the Commissioner.

(B) An association including incorporated and individual unincorporated underwriters may be a certified reinsurer. In order to be eligible for certification, in addition to satisfying requirements of subparagraph (A) of this paragraph:

(i) The association shall satisfy its minimum capital and surplus requirements through the capital and surplus equivalents, net of liabilities, of the association and its members, which shall include a joint central fund that may be applied to any unsatisfied obligation of the association of any of its members, in an amount determined by the Commissioner to provide adequate protection;

(ii) The incorporated members of the association shall not be engaged in any business other than underwriting as a member of the association and shall be subject to the same level of regulation and solvency control by the association's domiciliary regulator as are the unincorporated members; and

(iii) Within 90 days after its financial statements are due to be filed with the association's domiciliary regulator, the association shall provide to the Commissioner an annual certification by the association's domiciliary regulator of the solvency of each underwriter member; or if a certification is unavailable, financial statements, prepared by independent public accountants, of each underwriter member of the association.

(C) The Commissioner shall create and publish a list of qualified jurisdictions under which an assuming insurer licensed and domiciled in such jurisdiction is eligible to be considered for certification by the Commissioner as a certified reinsurer.

(i) In order to determine whether the domiciliary jurisdiction of a non-United States assuming insurer is eligible to be recognized as a qualified jurisdiction, the Commissioner shall evaluate the appropriateness and effectiveness of the reinsurance supervisory system of the jurisdiction, both initially and on an ongoing

basis, and consider the rights, benefits, and the extent of reciprocal recognition afforded by the non-United States jurisdiction to reinsurers licensed and domiciled in the United States. A qualified jurisdiction shall agree to share information and cooperate with the Commissioner with respect to all certified reinsurers domiciled within that jurisdiction. A jurisdiction may not be recognized as a qualified jurisdiction if the Commissioner has determined that the jurisdiction does not adequately and promptly enforce final United States judgments and arbitration awards. Additional factors may be considered in the discretion of the Commissioner.

(ii) A list of qualified jurisdictions shall be published through the National Association of Insurance Commissioners (NAIC) Committee Process. The Commissioner shall consider this list in determining qualified jurisdictions. If the Commissioner approves a jurisdiction as qualified that does not appear on the list of qualified jurisdictions, the Commissioner shall provide thoroughly documented justification in accordance with criteria to be developed under regulations.

(iii) United States jurisdictions that meet the requirement for accreditation under the NAIC financial standards and accreditation program shall be recognized as qualified jurisdictions.

(iv) If a certified reinsurer's domiciliary jurisdiction ceases to be a qualified jurisdiction, the Commissioner has the discretion to suspend the reinsurer's certification indefinitely, in lieu of revocation.

(D) The Commissioner shall assign a rating to each certified reinsurer, giving due consideration to the financial strength ratings that have been assigned by rating agencies deemed acceptable to the Commissioner pursuant to regulation. The Commissioner shall publish a list of all certified reinsurers and their ratings.

(E) A certified reinsurer shall secure obligations assumed from United States ceding insurers under this subparagraph at a level consistent with its rating, as specified in regulations promulgated by the Commissioner.

(i) In order for a domestic ceding insurer to qualify for full financial statement credit for reinsurance ceded to a certified reinsurer, the certified reinsurer shall maintain security in a form acceptable to the Commissioner and consistent with the provisions of subsection (b) of this Code section, or in a multibeneficiary trust in accordance with paragraph (4) of this subsection, except as otherwise provided in this paragraph.

(ii) If a certified reinsurer maintains a trust to fully secure its obligations subject to paragraph (4) of this subsection, and chooses to secure its obligations incurred as a certified reinsurer in the form of a multibeneficiary trust, the certified reinsurer shall maintain separate trust accounts for its obligations incurred under reinsurance agreements issued or renewed as a certified reinsurer with reduced security as permitted by this subsection or comparable laws of other United States jurisdictions and for its obligations subject to paragraph (4) of this subsection. It shall be a condition to the grant of certification under this paragraph that the certified reinsurer shall have bound itself, by the language of the trust and

agreement with the commissioner with principal regulatory oversight of each such trust account, to fund, upon termination of any such trust account, out of the remaining surplus of such trust any deficiency of any other such trust account.

(iii) The minimum trustee surplus requirements provided in paragraph (4) of this subsection are not applicable with respect to a multibeneficiary trust maintained by a certified reinsurer for the purpose of securing obligations incurred under this subsection, except that such trust shall maintain a minimum trustee surplus of \$10 million.

(iv) With respect to obligations incurred by a certified reinsurer under this subparagraph, if the security is insufficient, the Commissioner shall reduce the allowable credit by an amount proportionate to the deficiency, and shall have the discretion to impose further reductions in allowable credit upon finding that there is a material risk that the certified reinsurer's obligations will not be paid in full when due.

(v) For purposes of this subparagraph, a certified reinsurer whose certification has been terminated for any reason shall be treated as a certified reinsurer required to secure 100 percent of its obligations:

(I) As used in this subparagraph, the term 'terminated' refers to revocation, suspension, voluntary surrender, and inactive status.

(II) If the Commissioner continues to assign a higher rating as permitted by other provisions of this paragraph, this requirement shall not apply to a certified reinsurer in inactive status or to a reinsurer whose certification has been suspended.

(F) If an applicant for certification has been certified as a reinsurer in an NAIC accredited jurisdiction, the Commissioner shall have the discretion to defer to that jurisdiction's certification, and shall have the discretion to defer to the rating assigned by that jurisdiction, and such assuming insurer shall be considered to be a certified reinsurer in this state.

(G) A certified reinsurer that ceases to assume new business in this state may request to maintain its certification in inactive status in order to continue to qualify for a reduction in security for its in-force business. An inactive certified reinsurer shall continue to comply with all applicable requirements of this paragraph, and the Commissioner shall assign a rating that takes into account, if relevant, the reasons why the reinsurer is not assuming new business;

(6) Credit shall be allowed when the reinsurance is ceded to an assuming insurer not meeting the requirements of paragraph (1), (2), (3), (4) or (5) of this subsection, but only as to the insurance of risks located in jurisdictions where the reinsurance is required by applicable law or regulation of that jurisdiction;

~~(6)~~(7) If the assuming insurer is not licensed, or accredited, or certified to transact insurance or reinsurance in this state, the credit permitted by paragraphs (3) and (4) of this subsection shall not be allowed unless the assuming insurer agrees in the reinsurance agreements:

(A) That, in the event of the failure of the assuming insurer to perform its

obligations under the terms of the reinsurance agreement, the assuming insurer, at the request of the ceding insurer, shall submit to the jurisdiction of any court of competent jurisdiction in any state of the United States, ~~will~~ shall comply with all requirements necessary to give the court jurisdiction, and ~~will~~ shall abide by the final decision of ~~such~~ the court or of any appellate court in the event of an appeal; and

(B) To designate the Commissioner or a designated attorney as its true and lawful attorney upon whom may be served any lawful process in any action, suit, or proceeding instituted by or on behalf of the ceding ~~company~~ insurer.

This paragraph is not intended to conflict with or override the obligation of the parties to a reinsurance agreement to arbitrate their disputes, if this obligation is created in the agreement;

(8) If the assuming insurer does not meet the requirements of paragraph (1), (2), or (3) of this subsection, the credit permitted by paragraph (4) or (6) of this subsection shall not be allowed unless the assuming insurer agrees in the trust agreements to the following conditions:

(A) Notwithstanding any other provisions in the trust instrument, if the trust fund is inadequate because it contains an amount less than the amount required by subparagraphs (A) and (B) of paragraph (4) of this subsection, as applicable, or if the grantor of the trust has been declared insolvent or placed into receivership, rehabilitation, liquidation, or similar proceedings under the laws of its state or country of domicile, the trustee shall comply with an order of the commissioner with regulatory oversight over the trust or with an order of a court of competent jurisdiction directing the trustee to transfer to the commissioner with regulatory oversight all of the assets of the trust fund;

(B) The assets shall be distributed by and claims shall be filed with and valued by the commissioner with regulatory oversight in accordance with the laws of the state in which the trust is domiciled that are applicable to the liquidation of domestic insurance companies;

(C) If the commissioner with regulatory oversight determines that the assets of the trust fund or any part thereof are not necessary to satisfy the claims of the United States ceding insurers of the grantor of the trust, the assets or part thereof shall be returned by the commissioner with regulatory oversight to the trustee for distribution in accordance with the trust agreement; and

(D) The grantor shall waive any right otherwise available to it under United States law that is inconsistent with this provision.

(9) If an accredited or certified reinsurer ceases to meet the requirements for accreditation or certification, the Commissioner may suspend or revoke the reinsurer's accreditation or certification.

(A) The Commissioner shall give the reinsurer notice and opportunity for hearing. The suspension or revocation shall not take effect until after the Commissioner's order on hearing, unless:

(i) The reinsurer waives its right to hearing;

(ii) The Commissioner's order is based on regulatory action by the reinsurer's domiciliary jurisdiction or the voluntary surrender or termination of the reinsurer's eligibility to transact insurance or reinsurance business in its domiciliary jurisdiction or in the primary certifying state of the reinsurer under subparagraph (F) of paragraph (5) of this subsection; or

(iii) The Commissioner finds that an emergency requires immediate action and a court of competent jurisdiction has not stayed the Commissioner's action.

(B) While a reinsurer's accreditation or certification is suspended, no reinsurance contract issued or renewed after the effective date of the suspension qualifies for credit except to the extent that the reinsurer's obligations under the contract are secured in accordance with subsection (b) of this Code section. If a reinsurer's accreditation or certification is revoked, no credit for reinsurance may be granted after the effective date of the revocation except to the extent that the reinsurer's obligations under the contract are secured in accordance with subparagraph (E) of paragraph (5) of this subsection or subsection (b) of this Code section.

(10) Concentration Risk:

(A) A ceding insurer shall take steps to manage its reinsurance recoverable proportionate to its own book of business. A domestic ceding insurer shall notify the Commissioner within 30 days after reinsurance recoverables from any single assuming insurers, or group of affiliated assuming insurers, exceeds 50 percent of the domestic ceding insurer's last reported surplus to policyholders, or after it is determined that reinsurance recoverables from any single assuming insurer, or group of affiliated assuming insurers, is likely to exceed this limit. The notification shall demonstrate that the exposure is safely managed by the domestic ceding insurer.

(B) A ceding insurer shall take steps to diversify its reinsurance program. A domestic ceding insurer shall notify the Commissioner within 30 days after ceding to any single assuming insurer, or group of affiliated assuming insurers, more than 20 percent of the ceding insurer's gross written premium in the prior calendar year, or after it has determined that the reinsurance ceded to any single assuming insurer, or group of affiliated assuming insurers, is likely to exceed this limit. The notification shall demonstrate that the exposure is safely managed by the domestic ceding insurer.

(b) A An asset or a reduction from liability for the reinsurance ceded by a domestic insurer to an assuming insurer not meeting the requirements of subsection (a) of this Code section shall be allowed in an amount not exceeding the liabilities carried by the ceding insurer and such reduction shall be in the amount of funds held by or on behalf of the ceding insurer, including funds held in trust for the ceding insurer, under a reinsurance contract with such assuming insurer as security for the payment of obligations thereunder, if such security is held in the United States subject to withdrawal solely by, and under the exclusive control of, the ceding insurer; or, in the case of a trust, held in a qualified United States financial institution, as defined in paragraph (2) of subsection (c) of this Code section. This security may be in the form

of:

- (1) Cash;
 - (2) Securities listed by the Securities Valuation Office of the National Association of Insurance Commissioners, including those deemed exempt from filing as defined by the Purposes and Procedures Manual of the Securities Validation Office, and qualifying as admitted assets;
 - (3) Clean, irrevocable, unconditional letters of credit, issued or confirmed by a qualified United States institution, as defined in paragraph (1) of subsection (c) of this Code section, no later than December 31 of the year for which filing is being made, and in the possession of, or in the trust for, the ceding ~~company~~ insurer on or before the filing date of its annual statement. Letters of credit meeting applicable standards of issuer acceptability as of the dates of their issuance or confirmation shall, notwithstanding the issuing or confirming institution's subsequent failure to meet applicable standards of issuer acceptability, continue to be acceptable as security until their expiration, extension, renewal, modification, or amendment, whichever first occurs; or
 - (4) Any other form of security acceptable to the Commissioner.
- (c)(1) For purposes of paragraph (3) of subsection (b) of this Code section, 'qualified United States financial institution' means an institution that:
- (A) Is organized or, in the case of a United States office of a foreign banking organization, licensed under the laws of the United States or any state thereof;
 - (B) Is regulated, supervised, and examined by the United States federal or state authorities having regulatory authority over banks and trust companies; and
 - (C) Has been determined by either the Commissioner or the Securities Valuation Office of the National Association of Insurance Commissioners to meet such standards of financial condition and standing as are considered necessary and appropriate to regulate the quality of financial institutions whose letters of credit will be acceptable to the Commissioner.
- (2) A 'qualified United States financial institution' means, for the purposes of those provisions of this Code section specifying those institutions that are eligible to act as a fiduciary of a trust, an institution that:
- (A) Is organized or, in the case of a United States branch or agency office of a foreign banking organization, licensed under the laws of the United States or any state thereof and has been granted authority to operate with fiduciary powers; and
 - (B) Is regulated, supervised, and examined by federal or state authorities having regulatory authority over banks and trust companies."

SECTION 6.

Said title is further amended by revising paragraph (1) of subsection (c) of Code Section 33-24-45, relating to cancellation or nonrenewal of automobile or motorcycle policies and procedure for review by Commissioner, as follows:

- "(1) The named insured failed to discharge when due any of his obligations in connection with the payment of premiums on such policy or any installment of

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Title 47 of the Official Code of Georgia Annotated, relating to retirement and pensions, is amended in Code Section 47-2-181, relating to transfer of service credits and accumulated contributions from the Teachers Retirement System of Georgia to the Employees' Retirement System of Georgia, by adding a new subsection to read as follows:

"(d)(1) At the time the membership of a person is transferred from the Teachers Retirement System of Georgia to this retirement system subject to Article 10 of this chapter, this retirement system shall receive the funds transferred from the Teachers Retirement System of Georgia pursuant to Code Section 47-3-81 and, as applicable, add the accrued benefit transferred from the Teachers Retirement System of Georgia to the accrued benefit or the balance of employee contributions and interest. The total benefits of any such member shall be subject to the rules of this retirement system.

Any person serving in any such position on July 1, 2012, who continues in service without a break in service shall remain a member of this retirement system. The reelection of any such officer or the election of any eligible employee to such office shall not constitute a break in service."

SECTION 3.

Said title is further amended by adding a new Code section to read as follows:

(a) The provisions of this Code section shall apply to tax commissioners, tax collectors, and tax receivers and employees in their offices who first or again take office or become employed on or after July 1, 2012.

(4) This retirement system and the Employees' Retirement System of Georgia shall recalculate the accumulated benefit of any person transferred between such retirement

systems from January 1, 2009, through June 30, 2012, according to the methods prescribed by this subsection."

SECTION 5.

This Act shall become effective on July 1, 2012, only if it is determined to have been concurrently funded as provided in Chapter 20 of Title 47 of the Official Code of Georgia Annotated, the "Public Retirement Systems Standards Law"; otherwise, this Act shall not become effective and shall be automatically repealed in its entirety on July 1, 2012, as required by subsection (a) of Code Section 47-20-50.

SUBJECT: Actuarial Investigation
Senate Bill 286 (LC 21 1003)
Employees' Retirement System

Dear Chairman Golden:

This bill would amend provisions relating to membership of certain county revenue employees in the Employees' Retirement System. Specifically, this bill would affect persons who first or again become a tax commissioner, tax collector, tax receiver, or employee of such officer on or after July 1, 2012. If this legislation is enacted, such persons would be prohibited from becoming members of the Employees' Retirement System. Any member who is employed in such position prior to such date would remain

a member of the System, provided there is no break in service. The reelection of any such officer does not constitute a break in service.

This bill would not result in any additional cost to the Employees' Retirement System since this bill simply closes the System in the future to persons hired into the designated positions. All persons who are in such positions on June 30, 2012 would continue to participate in the Employees' Retirement System and be eligible for retirement allowances in accordance with current statute. There would be no increase in the employer contribution rate or the unfunded actuarial accrued liability as a result of this legislation.

The following is a summary of the relevant findings of the actuarial investigation for this bill pursuant to a request by the Senate Retirement Committee. The investigation was to be conducted according to O.C.G.A. 47-20-36, which outlines the factors to be considered in an actuarial investigation. The figures are based on employee data and the most recent actuarial assumptions and methods.

(1)	The amount of the unfunded actuarial accrued liability which will result from the bill.	\$ <u>0</u>
(2)	The amount of the annual amortization of the unfunded actuarial accrued liability which will result from the bill.	\$ <u>0</u>
(3)	The number of years that the unfunded actuarial accrued liability created by this bill would be amortized.	<u>N/A</u>
(4)	The amount of the annual normal cost which will result from the bill.	\$ <u>0</u>
(5)	The employer contribution rate currently in effect for Non-GSEPS Members.	<u>14.90%</u>
(6)	The employer contribution rate recommended for Non-GSEPS Members (in conformity with minimum funding standards specified in Code Section 47-20-10).	<u>14.90%</u>
(7)	The employer contribution rate currently in effect for GSEPS Members.	<u>11.54%</u>
(8)	The employer contribution rate recommended for GSEPS Members (in conformity with minimum funding standards specified in Code Section 47-20-10).	<u>11.54%</u>
(9)	The total dollar amount of the increase in the annual employer contribution which is necessary to maintain the retirement system in an actuarially sound condition.	\$ <u>0</u>

It should be noted that any subsequent changes in the retirement bill will invalidate the actuarial investigation and the findings included therein.

Respectfully,

/s/ Russell W. Hinton

Substitute to Senate Bill 286
(LC 21 1718S)

Dear Representative Maxwell:

This substitute bill would amend provisions relating to membership of certain county revenue employees in the Employees' Retirement System. Specifically, this bill would affect persons who first or again become a tax commissioner, tax collector, tax receiver, or employee of such officer on or after July 1, 2012. If this legislation is enacted, such persons would no longer be automatically eligible to participate in the Employees' Retirement System. Such persons would only be eligible to participate in the System if their respective governing authority adopts a resolution authorizing such participation. If such resolution is adopted, the employees would then be members of the System provided the employee pays the necessary employee contributions and the governing authority pays all required employer contributions. In the event a governing authority

subsequently revokes the resolution, the rights and benefits of any person who became a member of the System would not be affected, and the governing authority would be obligated to continue paying the required employer contributions of such persons.

This is to certify that the changes made in this substitute bill are nonfiscal amendments as defined in the Public Retirement Systems Standards Law. Therefore, the actuarial investigation prepared for Senate Bill 286 (LC 21 1003) would apply to this bill. A copy of the actuarial investigation and State Auditor's Summary for Senate Bill 286 (LC 21 1003) is attached.

Amendment to Senate Bill 286
(AM 21 3836)

Dear Representative Maxwell:

As amended, this bill would revise provisions relating to membership of certain county revenue employees in the Employees' Retirement System. Specifically, this bill would affect persons who first or again become a tax commissioner, tax collector, tax receiver,

or employee of such officer on or after July 1, 2012. If this legislation is enacted, such persons would no longer be automatically eligible to participate in the Employees' Retirement System. Such persons would only be eligible to participate in the System if their respective governing authority adopts a resolution authorizing such participation. If such resolution is adopted, the employees would then be members of the System provided the employee pays the necessary employee contributions and the governing authority pays all required employer contributions. In the event a governing authority subsequently revokes the resolution, the rights and benefits of any person who became a member of the System would not be affected, and the governing authority would be obligated to continue paying the required employer contributions of such persons.

Additionally, this amendment would revise provisions relating to retirement and pensions under the Employees' Retirement System and the Teachers Retirement System. Specifically, this amendment would provide a method of calculating accrued benefits for persons who are subject to the Georgia State Employees Pension and Savings Plan and transfer from one of the retirement systems to the other. This amendment also provides for the transfer of accrued benefits to cover the costs associated with the person who transfers between such systems.

This is to certify that the changes made in this amendment are nonfiscal amendments as defined in the Public Retirement Systems Standards Law. Therefore, the actuarial investigation prepared for Senate Bill 286 (LC 21 1003) would apply to this bill. A copy of the actuarial investigation and State Auditor's Summary for Senate Bill 286 (LC 21 1003) is attached.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

An Act creating the Board of Commissioners of Toombs County, approved February 13, 1959 (Ga. L. 1959, p. 2010), as amended, particularly by an Act approved March 23,

1977 (Ga. L. 1977, p. 3927), and an Act approved April 28, 2006 (Ga. L. 2006, p. 3808), is amended by striking Sections 1 through 3(A) and inserting in lieu thereof the following:

"SECTION 1.

The Board of Commissioners of Toombs County which existed on December 31, 2011, is continued in existence but on and after the effective date of this Act shall be constituted as provided in this Act. The Board of Commissioners of Toombs County so continued and constituted, sometimes referred to in this Act as the 'board,' shall continue to have the powers, duties, rights, obligations, and liabilities of that board as existed immediately prior to the effective date of this Act.

SECTION 2.

(a) Those members of the Board of Commissioners of Toombs County who are serving as such on December 31, 2011, and any person selected to fill a vacancy in any such office shall continue to serve as such members until the regular expiration of their respective terms of office and upon the election and qualification of their respective successors. On and after the effective date of this Act, the Board of Commissioners of Toombs County shall consist of four members who shall be elected from commissioner districts described in subsection (b) of this section and a chairperson who is elected at large as provided in subsection (c) of Section 3 of this Act.

(b) For purposes of electing members of the board of commissioners other than the chairperson, Toombs County is divided into four commissioner districts. One member of the board shall be elected from each such district. The four commissioner districts shall be and correspond to those four numbered districts described in and attached to and made a part of this Act and further identified as 'Plan: toombsccR-2012 Plan Type: Local Administrator: Toombs User: Gina'.

(c) When used in such attachment, the term 'VTD' shall mean and describe the same geographical boundaries as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia. The separate numeric designations in a district description which are underneath a 'VTD' heading shall mean and describe individual Blocks within a VTD as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia.

(d) Any part of Toombs County which is not included in any such district described in the attachment shall be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia. Any part of Toombs County which is described in the attachment as being in a particular district shall nevertheless not be included within such district if such part is not contiguous to such district. Such noncontiguous part shall instead be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia.

(e) Except as otherwise provided in the description of any commissioner district, whenever the description of such district refers to a named city, it shall mean the geographical boundaries of that city as shown on the census map for the United States decennial census of 2010 for the State of Georgia.

SECTION 3.

(a) No person shall be a member of the board if that person is ineligible for such office pursuant to Code Section 45-2-1 of the O.C.G.A. or any other general law applicable to that office.

(b) In order to be elected or appointed as a member of the board from a commissioner district, a person must have that person's legal residence in that district at the time of qualifying for election or at the time of appointment and, if elected, must receive the number of votes cast as required by general law for that office in that district only and not at large. Only electors who are residents of that commissioner district may vote for a member of the board for that district. At the time of qualifying for election as a member of the board from a commissioner district, each candidate for such office shall specify the commissioner district for which that person is a candidate. A person elected or appointed as a member of the board from a commissioner district must continue to reside in that district during that person's term of office or that office shall become vacant.

(c) The chairperson of the board may reside anywhere within Toombs County and, if elected, must receive the number of votes cast for that office as required by general law in the entire county. The chairperson must continue to reside within the county during that person's term of office or that office shall become vacant.

SECTION 3A.

(a) The members of the reconstituted Board of Commissioners of Toombs County shall be elected as provided in this subsection. The first members from Commissioner Districts 1 and 4 shall be elected at the general election on the Tuesday next following the first Monday in November, 2014. Those members of the board elected thereto from Commissioner Districts 1 and 4 in 2014 shall take office the first day of January immediately following that election and shall serve for initial terms of office which expire December 31, 2018, and upon the election and qualification of their respective successors. The first members from Commissioner Districts 2 and 3 and the at-large district shall be elected at the general election on the Tuesday next following the first Monday in November, 2012. Those members of the board elected thereto from Commissioner Districts 2 and 3 and the at-large district in 2012 shall take office the first day of January immediately following that election and shall serve for initial terms of office which expire December 31, 2016, and upon the election and qualification of their respective successors. Those and all future successors to members of the board whose terms of office are to expire shall be elected at the time of the state-wide general election immediately preceding the expiration of such terms, shall take office the first day of January immediately following that election, and shall serve for terms of office

of four years each. Members of the board shall serve for the terms of office specified therefor in this subsection and until their respective successors are elected and qualified.

(b) All members of the board who are elected thereto shall be nominated and elected in accordance with Chapter 2 of Title 21 of the O.C.G.A., the 'Georgia Election Code.'

(c) Commissioner Districts 1, 2, 3, and 4, as they existed on December 31, 2011, shall continue to be designated as Commissioner Districts 1, 2, 3, and 4, respectively, but as newly described under this Act, and on and after the effective date of this Act, such members of the board serving from those former commissioner districts shall be deemed to be serving from and representing their respective districts as newly described under this Act."

SECTION 2.

The Board of Commissioners of Toombs County shall through its legal counsel cause this Act to be submitted for preclearance under the federal Voting Rights Act of 1965, as amended; and such submission shall be made to the United States Department of Justice or filed with the appropriate court no later than 45 days after the date on which this Act is approved by the Governor or otherwise becomes law without such approval.

SECTION 3.

This Act shall become effective on July 1, 2012.

SECTION 4.

All laws and parts of laws in conflict with this Act are repealed.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 2 of Title 20 of the Official Code of Georgia Annotated, relating to elementary and secondary education, is amended in Part 2 of Article 6, relating to competencies and core curriculum under the "Quality Basic Education Act," by adding a new Code section to read as follows:

"20-2-140.1.

The State Board of Education shall establish rules and regulations to maximize the number of students, beginning with students entering ninth grade in the 2014-2015 school year, who complete prior to graduation at least one course containing online learning. This shall be met through an online course offered by the Georgia Virtual School established pursuant to Code Section 20-2-319.1, through an online dual enrollment course offered by a postsecondary institution, or through a provider approved pursuant to subsection (c) of Code Section 20-2-319.3. This shall also include enrollment in a full-time or part-time virtual instruction program pursuant to Code Section 20-2-319.3."

SECTION 2.

Said chapter is further amended in Code Section 20-2-160, relating to determination of enrollment by institutional program and determination of funds to be appropriated to local school systems, by revising subsection (a) as follows:

"(a) The State Board of Education shall designate the specific dates upon which two counts of students enrolled in each instructional program authorized under this article shall be made each school year and by which the counts shall be reported to the Department of Education. The initial enrollment count shall be made after October 1 but prior to November 17 and the final enrollment count after March 1 but prior to May 1. The report shall indicate the student's specific assigned program for each one-sixth segment of the school day on the designated reporting date. No program shall be indicated for a student for any one-sixth segment of the school day that the student is assigned to a study hall; a noncredit course; a course recognized under this article or by state board policy as an enrichment course, except a driver education course; a course which requires participation in an extracurricular activity for which enrollment is on a competitive basis; a course in which the student serves as a student assistant to a teacher, in a school office, or in the media center, except when such placement is an approved work site of a recognized career or vocational program; an individual study course for which no outline of course objectives is prepared in writing prior to the

beginning of the course; ~~a course taken through the Georgia Virtual School pursuant to Code Section 20-2-319.1~~; or any other course or activity so designated by the state board. For the purpose of this Code section, the term 'enrichment course' means a course which does not dedicate a major portion of the class time toward the development and enhancement of one or more student competencies as adopted by the state board under Code Section 20-2-140. A program shall not be indicated for a student for any one-sixth segment of the school day for which the student is not enrolled in an instructional program or has not attended a class or classes within the preceding ten days; nor shall a program be indicated for a student for any one-sixth segment of the school day for which the student is charged tuition or fees or is required to provide materials or equipment beyond those authorized pursuant to Code Section 20-2-133. A student who is enrolled in a dual credit course pursuant to Code Section 20-2-159.5 shall be counted for the high school program or other appropriate program for each segment in which the student is attending such dual credit course. The state board shall adopt such regulations and criteria as necessary to ensure objective and true counts of students in state approved instructional programs. The state board shall also establish criteria by which students shall be counted as resident or nonresident students, including specific circumstances which may include, but not be limited to, students attending another local school system under court order or under the terms of a contract between two local school systems. If a local school system has a justifiable reason, it may seek authority from the state board to shift full-time equivalent program counts from the designated date to a requested alternate date."

SECTION 3.

Said chapter is further amended in Code Section 20-2-281, relating to assessment of effectiveness of educational programs, by revising subsection (h) as follows:

"(h) The State Board of Education, through the Department of Education, shall administer the end-of-course assessments for core subject areas as defined by state board policy. The state board shall promulgate a schedule for the development and administration of all end-of-course tests ~~by December 1, 2000~~. By the 2015-2016 school year, the State Board of Education shall make all end-of-course assessments available online and shall establish rules and regulations to maximize the number of students and school systems utilizing such online assessments."

SECTION 4.

Said chapter is further amended by revising Code Section 20-2-319.1, relating to the Georgia Virtual School, as follows:

"20-2-319.1.

(a) The State Board of Education is authorized to establish the Georgia Virtual School whereby students may enroll in state funded courses via the Internet or in any other manner not involving on-site interaction with a teacher. Any Georgia student who is age 21 or younger shall be eligible to enroll in the Georgia Virtual School, at no cost to the student, ~~provided that public school students shall be given priority~~. The State

Board of Education is authorized to promulgate rules and regulations pertaining to the Georgia Virtual School. Such rules and regulations, if established, shall include, at a minimum, a process for students to enroll in Georgia Virtual School courses, ~~including provisions allowing for students to participate in such courses in excess of any maximum number of courses allowed per year at a tuition rate to be established by the State Board of Education,~~ and a process whereby a student's grade in the course is reported on the student's transcript. All teachers who provide instruction through the Georgia Virtual School shall be certified by the Professional Standards Commission. A local school system shall not prohibit any student from taking a course through the Georgia Virtual School, regardless of whether the school in which the student is enrolled offers the same course.

(b)(1) The department is authorized to establish a Georgia Virtual School grant account with funds appropriated by the General Assembly. ~~The amount of funds requested by the state board for this account shall be the amount that the participating students would have earned under this article if those students had been in equivalent general education programs in a local school system for that portion of the instructional day in which the students were actually enrolled in a Georgia Virtual School course.~~ The department shall use funds from this grant account to pay for costs associated with the Georgia Virtual School incurred by the department, including, but not limited to, actual costs of tuition, materials, and fees directly related to the approved courses taken by the students through the Georgia Virtual School associated with the maintenance of the Georgia Virtual School, such as new course development, credit recovery, blended learning training, and operating a clearinghouse.

(2) The local school system shall pay to the department costs for tuition, materials, and fees directly related to the approved course taken by a student in its school system through the Georgia Virtual School; provided, however, that in no event shall the amount of tuition charged to the local school system exceed \$250.00 per student per semester course.

(c) The Georgia Virtual School shall not be considered a school for purposes of Article 2 of Chapter 14 of this title."

SECTION 5.

Said chapter is further amended in Part 14 of Article 6, relating to other educational programs under the "Quality Basic Education Act," by adding new Code sections to read as follows:

"20-2-319.3.

(a) Beginning with the 2013-2014 school year, each local school system shall provide opportunities to all students in grades three through 12 enrolled in public schools within its boundaries for participation in part-time and full-time virtual instruction program options. Written notice of such opportunities, including an open enrollment period for full-time students of at least 90 days and not ending earlier than 30 days prior to the first day of the school year, shall be provided directly to parents of all students. The

purpose of the program shall be to make quality virtual instruction available to students using online and distance learning technology in the nontraditional classroom. The program shall provide at least three options for:

- (1) Full-time virtual instruction for students enrolled in grades three through 12; and
- (2) Part-time virtual instruction for students enrolled in grades three through 12.

A virtual instruction program conducted by a local school system shall include specific provision for at least two full-time options and one part-time option for students enrolled in dropout prevention and academic intervention programs or Department of Juvenile Justice education programs under Code Section 20-2-133.

(b) To provide students with the option of participating in virtual instruction programs as required by subsection (a) of this Code section, a local school system may apply one or all of the following mechanisms:

- (1) Facilitate enrollment in the Georgia Virtual School established pursuant to Code Section 20-2-319.1;
- (2) Enter into a contract with an approved provider under subsection (c) of this Code section for the provision of a full-time program under paragraph (1) of subsection (a) of this Code section or a part-time program under paragraph (2) of subsection (a) of this Code section; or
- (3) Enter into an agreement with another local school system or systems to allow the participation of its students in an approved virtual instruction program provided by such other local school system or systems. The agreement shall indicate a process for the transfer of funds.

Contracts and agreements entered into pursuant to paragraph (2) or (3) of this subsection may include multidistrict contractual arrangements that may be executed by a regional educational service agency for its member school systems.

(c) The department shall annually provide local school systems with a list of providers approved to offer virtual instruction programs. To be approved by the department, a provider shall document that it:

- (1) Possesses prior, successful experience offering online courses to elementary, middle, or high school students, as demonstrated through quantified student performance improvements for each subject area and grade level provided for consideration as instructional program options;
- (2) Assures instructional and curricular quality through a detailed curriculum and student performance accountability plan that addresses every subject and grade level intended for provision within local school system contracts, including:
 - (A) Courses and programs that meet the nationally recognized standards for K-12 online learning;
 - (B) Instructional content and services that align with and measure student attainment of proficiency in the state-approved curriculum; and
 - (C) Mechanisms that determine and ensure that a student has satisfied requirements for grade level promotion and high school graduation with a standard diploma, as appropriate; and
- (3) Publishes, in accordance with disclosure requirements adopted by the State Board

of Education, for the general public, as part of its application as a provider, and in all contracts negotiated pursuant to this Code section:

(A) Information and data about each full-time and part-time program regarding its curriculum;

(B) School policies and procedures;

(C) Certification status of all administrative and instructional personnel;

(D) Teacher-student ratios;

(E) Student completion and promotion rates; and

(F) Student, educator, and school performance accountability outcomes.

(d) An approved provider shall retain its approved status for a period of five years after the date of the department's approval pursuant to subsection (c) of this Code section as long as the provider continues to comply with all requirements of this Code section; provided, however, that each provider approved by the department for the 2013-2014 school year shall reapply for approval to provide a part-time program for students in grades three through 12.

(e) Each contract with an approved provider shall at a minimum set forth a detailed curriculum plan that illustrates how students will be provided services for, and be measured for attainment of, proficiency in state curriculum requirements for each grade level and subject.

20-2-319.4.

No later than December 1, 2012, the Department of Education shall submit a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives which identifies and explains the best methods and strategies for enabling the department to assist local boards of education in acquiring digital learning at as reasonable prices as possible by providing a plan under which local boards may voluntarily pool their bids for such purchases. The report shall identify criteria that will enable local boards to differentiate between the level of service as well as pricing based upon such factors as the level of student support, the frequency of teacher-student communications, instructional accountability standards, and academic integrity. The report shall also examine ways to increase student access to digital learning."

SECTION 6.

Said chapter is further amended in Code Section 20-2-1013, relating to the free textbook system, care and protection of textbooks, library books, and media materials, and reimbursement by pupils or parents, by revising subsection (b) as follows:

"(b) All hardbound or softbound textbooks, library books, and media materials purchased by local units of administration with state Quality Basic Education Program funds or any other means of acquisition shall remain the property of the local unit purchasing or acquiring them. Assistive technology devices and digital versions of textbooks that are acquired may remain the property of the student; provided, however, that this shall not be construed to violate any contracts or copyright laws. Each local unit of administration shall establish such policies as it deems necessary for the care

and protection of its textbooks, library books, and media materials as a condition to receiving all or part of the state contributed Quality Basic Education Program funds allotted to the local unit. Such policies may include any of the following sanctions against a pupil who fails or refuses to pay for a lost or damaged textbook, library book, or media material at the replacement cost:

- (1) Refusal to issue any additional textbooks, library books, or media materials until restitution is made; or
- (2) Withholding of all grade cards, diplomas, or certificates of progress until restitution is made.

No local unit of administration shall require any pupil or parent to purchase any textbook, library book, or media material except in cases where the pupil damages, loses, or defaces such item either through willful intent or neglect."

SECTION 7.

Said chapter is further amended by revising Code Section 20-2-1015, relating to the electronic format version requirement, as follows:

"20-2-1015.

The publisher of a textbook recommended by the State Board of Education shall provide an electronic format version of such textbook, which may include a digital version."

SECTION 8.

Said chapter is further amended by repealing and reserving Code Section 20-2-1183, relating to possession of electronic communication devices in school.

SECTION 9.

All laws and parts of laws in conflict with this Act are repealed.

A. Unofficial or "hand-carried" education records — In the event that official education records cannot be released to the parents for the purpose of transfer, the custodian of the records in the sending state shall prepare and furnish to the parent a complete set of unofficial educational records containing uniform information as determined by the Interstate Commission. Upon receipt of the unofficial education records by a school in the receiving state, the school shall enroll and appropriately place the student based on the information provided in the unofficial records pending validation by the official records, as quickly as possible.

B. Official education records and transcripts — Simultaneous with the enrollment and conditional placement of the student, the school in the receiving state shall request the student's official education record from the school in the sending state. Upon receipt of this request, the school in the sending state will process and furnish the official education records to the school in the receiving state within ten days or within such time as is reasonably determined under the rules promulgated by the Interstate Commission.

Course placement includes, but is not limited to, honors, international baccalaureate, advanced placement, vocational, technical, and career pathways courses. Sections 12131-12165, the receiving state shall make reasonable accommodations and modifications to address the needs of incoming students with disabilities, subject to an existing 504 or Title II Plan, to provide the student with equal access to education. D. Placement flexibility — Local education agency administrative officials shall have flexibility in waiving course or program prerequisites or other preconditions for placement in courses or programs offered under the jurisdiction of the local education agency.

E. Absence as related to deployment activities — A student whose parent or legal guardian is an active duty member of the uniformed services, as defined by the compact, and has been called to duty for, is on leave from, or immediately returned from deployment to a combat zone or combat support posting shall be granted additional excused absences at the discretion of the local education agency superintendent to visit with his or her parent or legal guardian relative to such leave or deployment of the parent or guardian.

ARTICLE VI
ELIGIBILITY

A. Eligibility for enrollment.

(1) Special power of attorney, relative to the guardianship of a child of a military family and executed under applicable law, shall be sufficient for the purposes of enrollment and all other actions requiring parental participation and consent.

(2) A local education agency shall be prohibited from charging local tuition to a transitioning military child placed in the care of a noncustodial parent or other person standing in loco parentis who lives in a jurisdiction other than that of the custodial parent.

(3) A transitioning military child placed in the care of a noncustodial parent or other person standing in loco parentis who lives in a jurisdiction other than that of the custodial parent may continue to attend the school in which he or she was enrolled while residing with the custodial parent.

B. Eligibility for extracurricular participation — State and local education agencies shall facilitate the opportunity for transitioning military children's inclusion in extracurricular activities, regardless of application deadlines, to the extent they are otherwise qualified.

ARTICLE VII
GRADUATION

In order to facilitate the on-time graduation of children of military families, states and local education agencies shall incorporate the following procedures:

A. Waiver requirements — Local education agency administrative officials shall waive specific courses required for graduation if similar course work has been satisfactorily completed in another local education agency or shall provide reasonable justification for denial. Should a waiver not be granted to a student who would qualify to graduate from the sending school, the local education agency shall provide an alternative means of acquiring required coursework so that graduation may occur on time.

B. Exit exams — States shall accept exit or end-of-course exams required for graduation from the sending state, national norm-referenced achievement tests, or alternative testing in lieu of testing requirements for graduation in the receiving state. In the event the above alternatives cannot be accommodated by the receiving state for a student transferring in his or her senior year, then the provisions of Section C of this article shall apply.

C. Transfers during Senior year — Should a military student transferring at the beginning or during his or her senior year be ineligible to graduate from the receiving local education agency after all alternatives have been considered, the sending and receiving local education agencies shall ensure the receipt of a diploma from the sending local education agency if the student meets the graduation requirements of the

sending local education agency. In the event that one of the states in question is not a member of this compact, the member state shall use best efforts to facilitate the on-time graduation of the student in accordance with Sections A and B of this article.

ARTICLE VIII STATE COORDINATION

A. Each member state shall, through the creation of a state council or use of an existing body or board, provide for the coordination among its agencies of government, local education agencies, and military installations concerning the state's participation in, and compliance with, this compact and Interstate Commission activities. While each member state may determine the membership of its own state council, its membership must include at least the state superintendent of education, a superintendent of a school district with a high concentration of military children, a representative from a military installation, one representative from the executive branch of government, and other offices and stakeholder groups the state council deems appropriate. A member state that does not have a school district deemed to contain a high concentration of military children may appoint a superintendent from another school district to represent local education agencies on the state council.

B. The state council of each member state shall appoint or designate a military family education liaison to assist military families and the state in facilitating the implementation of this compact.

C. The compact commissioner responsible for the administration and management of the state's participation in the compact shall be appointed by the Governor or as otherwise determined by each member state.

Members of the executive committee shall serve a one-year term. Members of the executive committee shall be entitled to one vote each. The executive committee shall have the power to act on behalf of the Interstate Commission, with the exception of rulemaking, during periods when the Interstate Commission is not in session. The executive committee shall oversee the day-to-day activities of the administration of the compact, including enforcement and compliance with the provisions of the compact and its bylaws and rules, and other such duties as deemed necessary. The United States Department of Defense, shall serve as an ex-officio, nonvoting member of the executive committee;
- (6) Establish bylaws and rules that provide for conditions and procedures under which the Interstate Commission shall make its information and official records available to the public for inspection or copying. - (7) Give public notice of all meetings, and all meetings shall be open to the public, except as set forth in the rules or as otherwise provided in the compact. The Interstate Commission and its committees may close a meeting, or portion thereof, where it determines by two-thirds vote that an open meeting would be likely to:

All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the Interstate Commission;

(9) Collect standardized data concerning the educational transition of the children of military families under this compact as directed through its rules which shall specify the data to be collected, the means of collection, and data exchange and reporting requirements. Such methods of data collection, exchange, and reporting shall, in so far as is reasonably possible, conform to current technology and coordinate its information functions with the appropriate custodian of records as identified in the bylaws and rules; and

(10) Create a process that permits military officials, education officials, and parents to inform the Interstate Commission if and when there are alleged violations of the compact or its rules or when issues subject to the jurisdiction of the compact or its rules are not addressed by the state or local education agency. The officers so elected shall serve without compensation or remuneration from the Interstate Commission; provided, however, that subject to the availability of budgeted funds, the officers shall be reimbursed for ordinary and necessary costs and expenses incurred by them in the performance of their responsibilities as officers of the Interstate Commission.

C. Executive Committee, Officers, and Personnel.

- (1) The executive committee shall have such authority and duties as may be set forth in the bylaws, including, but not limited to:
 - (i) Managing the affairs of the Interstate Commission in a manner consistent with the bylaws and purposes of the Interstate Commission;

(1) The liability of the Interstate Commission's executive director and employees or Interstate Commission representatives, acting within the scope of such person's employment or duties for acts, errors, or omissions occurring within such person's state, may not exceed the limits of liability set forth under the Constitution and laws of that state for state officials, employees, and agents. ARTICLE XII

RULEMAKING FUNCTIONS OF THE INTERSTATE COMMISSION

A. Rulemaking Authority — The Interstate Commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of this compact; provided however, that in the event the Interstate Commission exercises its

rulemaking authority in a manner that is beyond the scope of the purposes of this compact, or the powers granted hereunder, then such an action by the Interstate Commission shall be invalid and have no force or effect.

B. Rulemaking Procedure — Rules shall be made pursuant to a rulemaking process that substantially conforms to the "Model State Administrative Procedure Act," of 1981 Act, Uniform Laws Annotated, Vol. 15, p. 1 (2000) as amended, as may be appropriate to the operations of the Interstate Commission.

C. Not later than 30 days after a rule is promulgated, any person may file a petition for judicial review of the rule, provided that the filing of such a petition shall not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the Interstate Commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the Interstate Commission's authority.

D. If a majority of the legislatures of the compacting states rejects a rule by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any compacting state.

ARTICLE XIII OVERSIGHT, ENFORCEMENT, AND DISPUTE RESOLUTION

A. Oversight.

(1) The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and shall take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact shall have standing as statutory law.

(3) The Interstate Commission shall be entitled to receive all service of process in any such proceeding and shall have standing to intervene in the proceeding for all purposes. Failure to provide service of process to the Interstate Commission shall render a judgment or order void as to the Interstate Commission, this compact, or promulgated rules.

B. Default, Technical Assistance, Suspension, and Termination — If the Interstate Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact, or the bylaws or promulgated rules, the Interstate Commission shall:

(1) Provide written notice to the defaulting state and other member states of the nature of the default, the means of curing the default, and any action taken by the Interstate Commission. The Interstate Commission shall specify the conditions by which the defaulting state must cure its default;

(2) Provide remedial training and specific technical assistance regarding the default;

(3) If the defaulting state fails to cure the default, the defaulting state shall be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact shall be terminated from the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default;

(4) Suspension or termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Interstate Commission to the Governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states;

(5) The state which has been suspended or terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of suspension or termination, including obligations, the performance of which extends beyond the effective date of suspension or termination;

(6) The Interstate Commission shall not bear any costs relating to any state that has been found to be in default or which has been suspended or terminated from the compact unless otherwise mutually agreed upon in writing between the Interstate Commission and the defaulting state; and

(7) The defaulting state may appeal the action of the Interstate Commission by petitioning the United States District Court for the District of Columbia or the federal district where the Interstate Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.

C. Dispute Resolution.

(1) The Interstate Commission shall attempt, upon the request of a member state, to resolve disputes which are subject to the compact and which may arise among member states and between member and nonmember states.

(2) The Interstate Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement.

(1) The Interstate Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

(2) The Interstate Commission may, by majority vote of the members, initiate legal action in the United State District Court for the District of Columbia or, at the discretion of the Interstate Commission, in the federal district where the Interstate Commission has its principal offices, to enforce compliance with the provisions of the compact, its promulgated rules, and bylaws against a member state in default. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

(3) The remedies herein shall not be the exclusive remedies of the Interstate Commission. The Interstate Commission may avail itself of any other remedies available under state law or the regulation of a profession.

ARTICLE XIV
FINANCING OF THE INTERSTATE COMMISSION

A. The Interstate Commission shall pay or provide for the payment of the reasonable expenses of its establishment, organization, and ongoing activities.

B. The Interstate Commission may levy on and collect an annual assessment from each member state to cover the cost of the operations and activities of the Interstate Commission and its staff which must be in a total amount sufficient to cover the Interstate Commission's annual budget as approved each year. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Interstate Commission, which shall promulgate a rule binding upon all member states.

C. The Interstate Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Interstate Commission pledge the credit of any of the member states.

D. The Interstate Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Interstate Commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Interstate Commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the Interstate Commission.

ARTICLE XV
MEMBER STATES, EFFECTIVE DATE, AND AMENDMENT

A. Any state is eligible to become a member state.

B. This compact shall become effective and binding upon legislative enactment of this compact into law by no less than ten of the states. The effective date shall be no earlier than December 1, 2011. Thereafter, it shall become effective and binding as to any other member state upon enactment of the compact into law by that state. The Governors of nonmember states or their designees shall be invited to participate in the activities of the Interstate Commission on a nonvoting basis prior to adoption of the compact by all states.

C. The Interstate Commission may propose amendments to the compact for enactment by the member states. No amendment shall become effective and binding upon the Interstate Commission and the member states unless and until it is enacted into law by unanimous consent of the member states.

ARTICLE XVI
WITHDRAWAL AND DISSOLUTION

A. Withdrawal.

(1) Once effective, the compact shall continue in force and remain binding upon each and every member state, provided that a member state may withdraw from the compact by specifically repealing the statute which enacted the compact into law.

(2) Withdrawal from this compact shall be by the enactment of a statute repealing the same.

(3) The withdrawing state shall immediately notify the chairperson of the Interstate Commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. The Interstate Commission shall notify the other member states of the withdrawing state's intent to withdraw within 60 days of its receipt thereof.

(4) The withdrawing state is responsible for all assessments, obligations, and liabilities incurred through the effective date of withdrawal, including obligations, the performance of which extend beyond the effective date of withdrawal.

(5) Reinstatement following withdrawal of a member state shall occur upon the withdrawing state reenacting the compact or upon such later date as determined by the Interstate Commission.

B. Dissolution of Compact.

(1) This compact shall dissolve effective upon the date of the withdrawal or default of the member state which reduces the membership in the compact to one member state.

(2) Upon the dissolution of this compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Interstate Commission shall be concluded and surplus funds shall be distributed in accordance with the bylaws.

ARTICLE XVII
SEVERABILITY AND CONSTRUCTION

A. The provisions of this compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.

B. The provisions of this compact shall be liberally construed to effectuate its purposes.

C. Nothing in this compact shall be construed to prohibit the applicability of other interstate compacts to which the states are members.

ARTICLE XVIII
BINDING EFFECT OF COMPACT AND OTHER LAWS

A. Other Laws.

(1) Nothing herein shall prevent the enforcement of any other law of a member state that is not inconsistent with this compact.

(2) All member states' laws conflicting with this compact are superseded to the extent of the conflict.

B. Binding Effect of the Compact.

(1) All lawful actions of the Interstate Commission, including all rules and bylaws promulgated by the Interstate Commission, are binding upon the member states.

(2) All agreements between the Interstate Commission and the member states are binding in accordance with their terms.

(3) In the event any provision of this compact exceeds the constitutional limits imposed on the legislature of any member state, such provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that member state."

On the date this Act becomes effective as provided in Article XV of this compact, Article 35 of Chapter 2 of Title 20 of the Official Code of Georgia Annotated, relating to education of military dependents, shall be repealed in its entirety.

SECTION 5.

Said chapter is further amended by revising subsections (a), (c), (c.1), and (e) of Code Section 40-5-64, relating to the issuance of limited driving permits for certain offenders, as follows:

(3) To the extent a person is subject to more than one suspension for which a permit may be issued, the department shall not issue such permit unless the suspensions are for a conviction for driving under the influence in violation of Code Section 40-6-391 imposed pursuant to Code Section 40-5-63 and an administrative suspension imposed pursuant to paragraph (1) of subsection (a) of Code Section 40-5-67.2 arising from the same incident."

"(c) Standards for approval. The department shall issue a limited driving permit if the application indicates that refusal to issue such permit would cause extreme hardship to the applicant. Except as otherwise provided by subsection (c.1) of this Code section, for the purposes of this Code section, 'extreme hardship' means that the applicant cannot reasonably obtain other transportation, and therefore the applicant would be prohibited from:

(c.1)(1) **Exception to standards for approval.** The provisions of paragraphs (2), (3), (4), and (5) of subsection (c) of this Code section shall not apply and shall not be considered for purposes of granting a limited driving permit or imposing conditions thereon under this Code section in the case of a driver's license suspension under paragraph (2) of subsection (a.1) of Code Section 40-5-22.

(2) An ignition interlock device limited driving permit shall be restricted to allow the holder thereof to drive solely for the following purposes:

(1) A permit issued pursuant to this Code section shall be \$25.00 and shall become invalid upon the driver's eighteenth birthday in the case of a suspension under paragraph (2) of subsection (a.1) of Code Section 40-5-22, upon the expiration of one year following issuance thereof in the case of a suspension for an offense listed in Code Section 40-5-54 or a suspension under Code Section 40-5-57; or a suspension in accordance with paragraph (1) of subsection (a) of Code Section 40-5-63 for a violation of Code Section 40-6-391, or upon the expiration of 30 days in the case of an administrative license suspension in accordance with paragraph (1) of subsection (a) of Code Section 40-5-67.2, or upon the expiration of six months following proof of installation of an ignition interlock device in the case of a limited driving permit issued to a person subject to a court order for installation and use of such a device pursuant to Article 7 of Chapter 8 of Title 42; except that such limited driving permit shall expire upon any earlier reinstatement of the driver's license. A person may apply to the department for a limited driving permit immediately following such

conviction if he or she has surrendered his or her driver's license to the court in which the conviction was adjudged or to the department if the department has processed the citation or conviction. Upon the applicant's execution of an affidavit attesting to such facts and to the fact that the court had not imposed a suspension or revocation of his or her driver's license or driving privileges inconsistent with the driving privileges to be conferred by the limited driving permit applied for, the department may issue such person a limited driving permit. Permits issued pursuant to this Code section are renewable upon payment of a renewal fee of \$5.00. Permits may be renewed until the person has his or her license reinstated for the violation that was the basis of the issuance of the permit. Upon payment of a fee in an amount the same as that provided by Code Section 40-5-25 for issuance of a Class C driver's license, a person may be issued a replacement for a lost or destroyed limited driving permit issued to him or her.

(2) An ignition interlock device limited driving permit shall be valid for a period of eight months. Upon successful completion of eight months of monitoring of such ignition interlock device, the restriction for maintaining and using such ignition interlock device shall be removed, and the permit may be renewed for additional periods of six months as provided in paragraph (1) of this subsection."

SECTION 6.

Article 7 of Chapter 8 of Title 42 of the Official Code of Georgia Annotated, relating to ignition interlock devices as probation condition, is amended by revising subsections (a), (b), and (c) of Code Section 42-8-111, relating to court ordered installation of ignition interlock devices, as follows:

"(a) ~~In addition to any other provision of probation, upon~~ Upon a second or subsequent conviction of a resident of this state for violating Code Section 40-6-391 within five years, as measured from the dates of previous arrests for which convictions were obtained to the date of the current arrest for which a conviction is obtained, for which such person is granted probation, the court shall ~~order as conditions of probation that issue a certificate of eligibility for an ignition interlock device limited driving permit or probationary license, subject to the following conditions:~~

(1) Such person shall have installed and shall maintain in each motor vehicle registered in such person's name ~~throughout the applicable six month period prescribed by subsection (b) of Code Section 42-8-112~~ for a period of not less than eight months a functioning, certified ignition interlock device, ~~unless the court exempts the person from the requirements of this paragraph based upon the court's determination that such requirements would subject the person to undue financial hardship; and~~

(2) Such person shall have installed and shall maintain in any other motor vehicle to be driven by such person ~~during the applicable six month period prescribed by subsection (b) of Code Section 42-8-112~~ for a period of not less than eight months a functioning, certified ignition interlock device, and such person shall not ~~during such six month period~~ drive any motor vehicle whatsoever that is not so equipped during

such period. Upon successful completion of eight months of monitoring of such ignition interlock device, the restriction for maintaining and using such ignition interlock device shall be removed, and the permit may be renewed for additional periods of six months as provided in paragraph (1) of subsection (e) of Code Section 40-5-64; and

(3) Such person shall participate in a substance abuse treatment program as defined in paragraph (16.2) of Code Section 40-5-1 or a drug court program in compliance with Code Section 15-1-15 for a period of not less than 120 days.

For the purposes of this subsection, a plea of nolo contendere shall constitute a conviction; and a conviction of any offense under the law of another state or territory substantially conforming to any offense under Code Section 40-6-391 shall be deemed a conviction of violating said Code section.

~~(b) Any resident of this state who is ordered to use an ignition interlock device, as a condition of probation, shall complete the DUI Alcohol or Drug Use Risk Reduction Program and submit to the court or probation department a certificate of completion of the DUI Alcohol or Drug Use Risk Reduction Program and certification of installation of a certified ignition interlock device to the extent required by subsection (a) of this Code section. The court may, in its discretion, decline to issue a certificate of eligibility for an ignition interlock device limited driving permit or probationary license for any reason or exempt a person from any or all ignition interlock device requirements upon a determination that such requirements would subject such person to undue financial hardship. Notwithstanding any contrary provision of Code Section 40-13-32 or 40-13-33, a determination of financial hardship may be made at the time of conviction or any time thereafter.~~

(c) In the case of any person subject to the provisions of subsection (a) of this Code section, the court shall include in the record of conviction or violation submitted to the Department of Driver Services ~~notice of the requirement for, and the period of the requirement for, the use of a certified ignition interlock device~~ a copy of the certificate of eligibility for an ignition interlock device limited driving permit or probationary license issued by the court or documentation of the court's decision to decline to issue such certificate. Such ~~notice~~ certificate shall specify any exemption from the installation requirements of paragraph (1) of subsection (a) of this Code section and any vehicles subject to the installation requirements of paragraph (2) of ~~said~~ such subsection. The records of the Department of Driver Services shall contain a record reflecting ~~mandatory use of such device~~ certificate, and the person's driver's license ~~or,~~ limited driving permit, or probationary license shall contain a notation that the person may only operate a motor vehicle equipped with a functioning, certified ignition interlock device."

SECTION 7.

Said article is further amended by revising subsections (a) and (b) of Code Section 42-8-112, relating to proof of compliance required for reinstatement of certain drivers' licenses and for obtaining probationary license, as follows:

~~"(a)(1) In any case where the court grants a certificate of eligibility for an ignition interlock device limited driving permit or probationary license pursuant to Code Section 42-8-111 to a person whose driver's license is suspended pursuant to subparagraph (b)(2)(C) of Code Section 40-5-57.1 or paragraph (2) of subsection (a) of Code Section 40-5-63, the Department of Driver Services shall not issue an ignition interlock device limited driving permit until after the expiration of 120 days from the date of the conviction for which such certificate was granted. In any case where the court imposes the use of an ignition interlock device as a condition of probation on a resident of this state whose driving privilege is not suspended or revoked, the court shall require the person to surrender his or her driver's license to the court immediately and provide proof of compliance with such order to the court or the probation officer and obtain an ignition interlock device restricted driving license within 30 days. Upon expiration of the period of time for which such person is required to use an ignition interlock device, the person may apply for and receive a regular driver's license upon payment of the fee provided for in Code Section 40-5-25. If such person fails to provide proof of installation to the extent required by subsection (a) of Code Section 42-8-111 and receipt of the restricted driving license within such period, absent a finding by the court of good cause for that failure, which finding is entered in the court's record, the court shall revoke or terminate the probation.~~

(2) The Department of Driver Services shall condition issuance of an ignition interlock device limited driving permit for such person upon receipt of acceptable documentation of the following:

(A) That the person to whom such permit is to be issued has completed a DUI Alcohol or Drug Use Risk Reduction Program;

(B) That such person has completed a clinical evaluation as defined in Code Section 40-5-1 and enrolled in a substance abuse treatment program approved by the Department of Human Services or is enrolled in a drug court program;

(C) That such person has installed an ignition interlock device in any vehicle that he or she will be operating; and

(D) A certificate of eligibility for an ignition interlock device limited driving permit or probationary license from the court that sentenced such person for the conviction that resulted in the suspension or revocation of his or her driver's license for which he or she is applying for a limited driving permit or probationary license.

~~(b)(1) In any case where the court grants a certificate of eligibility for an ignition interlock device limited driving permit or probationary license pursuant to Code Section 42-8-111 to a person whose driver's license is revoked as a habitual violator pursuant to Code Section 40-5-58, the Department of Driver Services shall not issue a habitual violator probationary license until after the expiration of two years from the date of the conviction for which such certificate was granted. In any case where the court imposes the use of an ignition interlock device as a condition of probation on a resident of this state whose driving privilege is suspended or revoked, the court shall require the person to provide proof of compliance with such order to the court or the~~

~~probation officer and the Department of Driver Services not later than ten days after the date on which such person first becomes eligible to apply for an ignition interlock device limited driving permit in accordance with paragraph (2) of this subsection or a habitual violator's probationary license in accordance with paragraph (3) of this subsection, whichever is applicable. If such person fails to provide proof of installation to the extent required by subsection (a) of Code Section 42-8-111 within the period required by this subsection, absent a finding by the court of good cause for that failure, which finding is entered on the court's record, the court shall revoke or terminate the probation if such is still applicable.~~

~~(2) The Department of Driver Services shall condition issuance of a habitual violator probationary license for such person upon receipt of acceptable documentation of the following: If the person subject to court ordered use of an ignition interlock device as a condition of probation is authorized under Code Section 40-5-63 or 40-5-67.2 to apply for reinstatement of his or her driver's license during the period of suspension, such person shall, prior to applying for reinstatement of the license, have an ignition interlock device installed and shall maintain such ignition interlock device in a motor vehicle or vehicles to the extent required by subsection (a) of Code Section 42-8-111 for a period of six months running concurrently with that of an ignition interlock device limited driving permit, which permit shall not be issued until such person submits to the department proof of completion of a DUI Alcohol or Drug Use Risk Reduction Program, proof of having undergone any clinical evaluation and of having enrolled in any substance abuse treatment program required by Code Section 40-5-63.1, and proof of installation of an ignition interlock device on a vehicle or vehicles to the extent required by subsection (a) of Code Section 42-8-111. Such a person may apply for and be issued an ignition interlock device limited driving permit at the end of 12 months after the suspension of the driver's license. At the expiration of such six month ignition interlock device limited driving permit, the driver may, if otherwise qualified, apply for reinstatement of a regular driver's license upon payment of the fee provided in Code Section 40-5-25.~~

~~(A) That the person to whom such license is to be issued has completed a DUI Alcohol or Drug Use Risk Reduction Program;~~

~~(B) That such person has completed a clinical evaluation as defined in Code Section 40-5-1 and enrolled in a substance abuse treatment program approved by the Department of Human Services or is enrolled in a drug court program;~~

~~(C) That such person has installed an ignition interlock device in any vehicle that he or she will be operating; and~~

~~(D) A certificate of eligibility for an ignition interlock device limited driving permit or probationary license from the court that sentenced such person for the conviction that resulted in the suspension or revocation of his or her driver's license for which he or she is applying for a limited driving permit or probationary license.~~

~~(3) If the person subject to court ordered use of an ignition interlock device as a condition of probation is authorized under Code Section 40-5-58 or under Code Section 40-5-67.2 to obtain a habitual violator's probationary license, such person~~

shall, if such person is a habitual violator as a result of two or more convictions for driving under the influence of alcohol or drugs, have an ignition interlock device installed and maintained in a motor vehicle or vehicles to the extent required by subsection (a) of Code Section 42-8-111 for a period of six months following issuance of the probationary license, and such person shall not during such six-month period drive any motor vehicle that is not so equipped, all as conditions of such probationary license. Following expiration of such six-month period with no violation of the conditions of the probationary license, the person may apply for a habitual violator probationary license without such ignition interlock device condition.

(4) In any case where installation of an ignition interlock device is required, failure to show proof of such device shall be grounds for refusal of reinstatement of such license or issuance of such habitual violator's probationary license or the immediate suspension or revocation of such license.

(4) Any limited driving permit or probationary license issued to such person shall bear a restriction reflecting that the person may only operate a motor vehicle equipped with a functional ignition interlock device. No person whose limited driving permit or probationary license contains such restriction shall operate a motor vehicle that is not equipped with a functional ignition interlock device.

(5)(A) Any person who has been issued an ignition interlock device limited driving permit or a habitual violator probationary license bearing an ignition interlock device condition shall maintain such ignition interlock device in any motor vehicle he or she operates to the extent required by the certificate of eligibility for such permit or probationary license issued to such person by the court in which he or she was convicted for not less than eight months.

(B) Upon the expiration of such eight-month ignition interlock device limited driving permit or habitual violator probationary license, the driver may, if otherwise qualified, apply for renewal of such permit or probationary license without such ignition interlock device restriction."

SECTION 8.

Said article is further amended by revising subsection (a) of Code Section 42-8-113, relating to renting, leasing, or lending motor vehicle to a probationer under this article prohibited, as follows:

"(a) No person shall knowingly rent, lease, or lend a motor vehicle to a person known to have had his or her driving privilege restricted ~~as a condition of probation~~ as provided in this article, unless the vehicle is equipped with a functioning, certified ignition interlock device. Any person whose driving privilege is restricted ~~as a condition of probation~~ as provided in this article shall notify any other person who rents, leases, or loans a motor vehicle to him or her of such driving restriction."

SECTION 9.

Said article is further amended by revising Code Section 42-8-117, relating to revocation of driving privilege for violation of probation, as follows:

"42-8-117.

(a)(1) In the event the sentencing court ~~finds~~ revokes a person's probation after finding that a such person has violated the terms of ~~probation imposed~~ the certificate of eligibility for an ignition interlock device limited driving permit or probationary license issued pursuant to subsection (a) of Code Section 42-8-111, the Department of Driver Services shall revoke that person's driving privilege for one year from the date the court revokes that person's probation. (2) This subsection shall not apply to any person whose limited driving permit has been revoked under subsection (d) of Code Section 42-8-112.

COMMITTEE OF CONFERENCE SUBSTITUTE TO HB 954

A BILL TO BE ENTITLED
AN ACT

To amend Article 5 of Chapter 12 of Title 16 of the Official Code of Georgia Annotated, relating to abortion, so as to change certain provisions relating to criminal abortion; to change certain provisions relating to when abortion is legal; to amend Title 31 of the Official Code of Georgia Annotated, relating to health, so as to define certain terms; to require a determination of gestational age prior to abortion; to provide for certain reporting requirements with respect to performance of abortions; to change certain provisions relating to civil and professional penalties for violations of the "Woman's Right to Know Act"; to provide for confidentiality; to change certain provisions relating to definitions relative to the "Woman's Right to Know Act"; to state legislative findings; to provide for other related matters; to provide effective dates; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

The General Assembly makes the following findings:

- (1) At least by 20 weeks after fertilization there is substantial evidence that an unborn child has the physical structures necessary to experience pain;
- (2) There is substantial evidence that, by 20 weeks after fertilization, unborn children seek to evade certain stimuli in a manner which in an infant or an adult would be

interpreted as a response to pain;

(3) Anesthesia is routinely administered to unborn children who have developed 20 weeks or more past fertilization who undergo prenatal surgery;

(4) Even before 20 weeks after fertilization, unborn children have been observed to exhibit hormonal stress responses to painful stimuli. Such responses were reduced when pain medication was administered directly to such unborn children;

(4.1) Probable gestational age is an estimate made to assume the closest time to which the fertilization of a human ovum occurred and does not purport to be an exact diagnosis of when such fertilization occurred; and

(5) It is the purpose of the State of Georgia to assert a compelling state interest in protecting the lives of unborn children from the stage at which substantial medical evidence indicates that they are capable of feeling pain.

SECTION 2.

Article 5 of Chapter 12 of Title 16 of the Official Code of Georgia Annotated, relating to abortion, is amended by revising Code Sections 16-12-140 and 16-12-141, relating to criminal abortion and when abortion is legal, respectively, as follows:

"16-12-140.

(a) ~~Except as otherwise provided in Code Section 16-12-141, a~~ A person commits the offense of criminal abortion when, in violation of Code Section 16-12-141, he or she administers any medicine, drugs, or other substance whatever to any woman or when he or she uses any instrument or other means whatever upon any woman with intent to produce a miscarriage or abortion.

(b) A person convicted of the offense of criminal abortion shall be punished by imprisonment for not less than one nor more than ten years.

16-12-141.

(a) ~~Nothing in this article shall be construed to prohibit an abortion performed by a physician duly licensed to practice medicine and surgery pursuant to Chapter 34 of Title 43, based upon his or her best clinical judgment that an abortion is necessary, except that Code Section 16-12-144 is a prohibition of a particular abortion method which shall apply to both duly licensed physicians and laypersons. No abortion is authorized or shall be performed in violation of subsection (a) of Code Section 31-9B-2.~~

(b)(1) No abortion is authorized or shall be performed after the first trimester unless the abortion is performed in a licensed hospital, in a licensed ambulatory surgical center, or in a health facility licensed as an abortion facility by the Department of Community Health.

(2) An abortion shall only be performed by a physician licensed under Article 2 of Chapter 34 of Title 43.

(c)(1) No abortion is authorized or shall be performed after the second trimester if the probable gestational age of the unborn child has been determined in accordance with Code Section 31-9B-2 to be 20 weeks or more unless the physician and two

~~consulting physicians certify that the pregnancy is diagnosed as medically futile, as such term is defined in Code Section 31-9B-1, or in reasonable medical judgment the abortion is necessary in their best clinical judgment to preserve the life or health of the woman to:~~

- ~~(A) Avert the death of the pregnant woman or avert serious risk of substantial and irreversible physical impairment of a major bodily function of the pregnant woman. No such condition shall be deemed to exist if it is based on a diagnosis or claim of a mental or emotional condition of the pregnant woman or that the pregnant woman will purposefully engage in conduct which she intends to result in her death or in substantial and irreversible physical impairment of a major bodily function; or~~
- ~~(B) Preserve the life of an unborn child.~~

~~As used in this paragraph, the term 'probable gestational age of the unborn child' has the meaning provided by Code Section 31-9B-1.~~

~~(2) In any case described in subparagraph (A) or (B) of paragraph (1) of this subsection, the physician shall terminate the pregnancy in the manner which, in reasonable medical judgment, provides the best opportunity for the unborn child to survive unless, in reasonable medical judgment, termination of the pregnancy in that manner would pose a greater risk either of the death of the pregnant woman or of the substantial and irreversible physical impairment of a major bodily function of the pregnant woman than would another available method. No such greater risk shall be deemed to exist if it is based on a diagnosis or claim of a mental or emotional condition of the pregnant woman or that the pregnant woman will purposefully engage in conduct which she intends to result in her death or in substantial and irreversible physical impairment of a major bodily function. If the ~~product of the abortion~~ child is capable of ~~meaningful~~ or sustained life, medical aid then available must be rendered.~~

~~(d) The performing physician shall file with the commissioner of public health within ten days after an abortion procedure is performed a certificate of abortion containing such statistical data as is determined by the Department of Public Health consistent with preserving the privacy of the woman. Hospital or other licensed health facility records shall be available to the district attorney of the judicial circuit in which the hospital or health facility is located."~~

SECTION 3.

Title 31 of the Official Code of Georgia Annotated, relating to health, is amended by adding a new Chapter 9B to read as follows:

"CHAPTER 9B

31-9B-1.

(a) As used in this chapter, the term:

(1) 'Abortion' has the meaning provided by Code Section 31-9A-2.

(2) 'Medical emergency' has the meaning provided by Code Section 31-9A-2.

(3) 'Medically futile' means that, in reasonable medical judgment, the unborn child has a profound and irremediable congenital or chromosomal anomaly that is incompatible with sustaining life after birth.

(4) 'Physician' has the meaning provided by Code Section 31-9A-2.

(5) 'Probable gestational age of the unborn child' means what will, in reasonable medical judgment and with reasonable probability, be the postfertilization age of the unborn child at the time the abortion is planned to be performed or induced, as dated from the time of fertilization of the human ovum.

(6) 'Reasonable medical judgment' means a medical judgment that would be made by a reasonably prudent physician, knowledgeable about the case and the treatment possibilities with respect to the medical conditions involved.

(7) 'Unborn child' has the meaning provided by Code Section 31-9A-2.

31-9B-2.

(a) Except in the case of a medical emergency or when a pregnancy is diagnosed as medically futile, no abortion shall be performed or attempted to be performed unless the physician performing it has first made a determination of the probable gestational age of the unborn child or relied upon such a determination made by another physician.

(b) Failure by any physician to conform to any requirement of this Code section constitutes unprofessional conduct for purposes of paragraph (7) of subsection (a) of Code Section 43-34-8 relating to medical licensing sanctions.

31-9B-3.

(a) Any physician who performs or attempts to perform an abortion shall report to the department, in conjunction with the reports required under Code Section 31-9A-6 and in accordance with forms and rules and regulations adopted and promulgated by the department:

(1) If a determination of probable gestational age was made, the probable gestational age determined and the method and basis of the determination;

(2) If a determination of probable gestational age was not made, the basis of the determination that a medical emergency existed or that a pregnancy was diagnosed as medically futile;

(3) If the probable gestational age was determined to be 20 or more weeks, the basis of the determination that the pregnant woman had a medically futile pregnancy or had a condition which so complicated her medical condition as to necessitate the termination of her pregnancy to avert her death or to avert serious risk of substantial and irreversible physical impairment of a major bodily function, or the basis of the determination that it was necessary to preserve the life of an unborn child; and

(4) The method used for the abortion and, in the case of an abortion performed when the probable gestational age was determined to be 20 or more weeks, whether the method of abortion used was one that, in reasonable medical judgment, provided the best opportunity for the unborn child to survive or, if such a method was not used, the basis of the determination that the pregnancy was medically futile or that termination

of the pregnancy in that manner would pose a greater risk either of the death of the pregnant woman or of the substantial and irreversible physical impairment of a major bodily function of the pregnant woman than would other available methods.

(b) By June 30 of each year, the department shall issue a public report providing statistics for the previous calendar year compiled from all of the reports covering that year submitted in accordance with this Code section for each of the items listed in subsection (a) of this Code section. Each such report shall also provide the statistics for all previous calendar years during which this Code section was in effect, adjusted to reflect any additional information from late or corrected reports. The department shall take care to ensure that none of the information included in the public reports could reasonably lead to the identification of any pregnant woman upon whom an abortion was performed.

(c) The department shall ensure that the names and identities of the physicians filing reports under this chapter shall remain confidential. The names and identities of such physicians shall not be subject to Article 4 of Chapter 18 of Title 50.

(d) Any physician who fails to submit a report by the end of the grace period of 30 days following the due date shall be subject to sanctions as specified in subsection (e) of Code Section 31-9A-6.

(e) The department shall adopt such rules and regulations as are reasonable and necessary to implement the provisions of this Code section."

SECTION 4.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

An Act creating the Board of Commissioners of Cobb County, approved June 19, 1964 (Ga. L. 1964, Ex. Sess., p. 2075), as amended, particularly by an Act approved May 30, 2003 (Ga. L. 2003, p. 3808), is amended by revising Sections 1 through 4 as follows:

"SECTION 1.

The Board of Commissioners of Cobb County which exists on January 1, 2013, is continued in existence but on and after such date, shall be constituted as provided in this Act. The Board of Commissioners of Cobb County so continued and constituted, sometimes referred to in this Act as the 'board,' shall continue to have the powers, duties, rights, obligations, and liabilities of that board as it existed immediately prior to January 1, 2013.

SECTION 2.

(a) Those members of the Board of Commissioners of Cobb County who are serving as such immediately prior to January 1, 2013, and any persons selected to fill a vacancy in any such office shall continue to serve as such until the regular expiration of their respective terms of office and upon the election and qualification of their respective successors. On and after January 1, 2013, the Board of Commissioners of Cobb County shall consist of five members who shall be elected from commissioner districts described in subsection (b) of this section except for the chairperson who is elected at large as provided in Section 3.

(b) For purposes of electing members of the board of commissioners, other than the chairperson, Cobb County is divided into four commissioner districts. One member of the board shall be elected from each such district. The four commissioner districts shall be and correspond to those four numbered districts described in and attached to and made a part of this Act and further identified as 'Plan: cobbcc-sd021-p1-2012 Plan Type: Local Administrator: cobbcc User: bak'.

(c)(1) For the purposes of such plan:

(A) The term 'VTD' shall mean and describe the same geographical boundaries as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia. The separate numeric designations in a district description which are underneath a VTD heading shall mean and describe individual Blocks within a VTD as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia; and

(B) Except as otherwise provided in the description of any district, whenever the description of any district refers to a named city, it shall mean the geographical boundaries of that city as shown on the census maps for the United States decennial census of 2010 for the State of Georgia.

(2) Any part of Cobb County which is not included in any district described in subsection (b) of this section shall be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia.

(3) Any part of Cobb County which is described in subsection (b) of this section as being included in a particular district shall nevertheless not be included within such district if such part is not contiguous to such district. Such noncontiguous part shall instead be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia.

SECTION 3.

- (a) No person shall be a member of the board if that person is ineligible for such office pursuant to Code Section 45-2-1 of the O.C.G.A. or any other general law applicable to that office.
- (b) In order to be elected as a member of the board from a commissioner district, a person must receive the number of votes cast as required by general law for that office in that district only. Only electors who are residents of that commissioner district may vote for a member of the board for that district. At the time of qualifying for election as a member of the board from a commissioner district, each candidate for such office shall specify the commissioner district for which that person is a candidate. A person elected or appointed as a member of the board from a commissioner district must continue to reside in that district during that person's term of office or that office shall become vacant.
- (c) The chairperson of the board may reside anywhere within Cobb County and, if elected, must receive the number of votes cast for that office as required by general law in the entire county. The chairperson must continue to reside within the county during that person's term of office or that office shall become vacant.

SECTION 4.

- (a) The first members of the reconstituted Board of Commissioners of Cobb County shall be elected as provided in this subsection. The chairperson and the first members from Commissioner Districts 2 and 4 shall be elected at the general election on the Tuesday next following the first Monday in November, 2012. The chairperson and those members of the board elected thereto from Commissioner Districts 2 and 4 in November, 2012, shall take office the first day of January immediately following that election and shall serve for initial terms of office which expire December 31, 2016, and upon the election and qualification of their respective successors. The first members from Commissioner Districts 1 and 3 shall be elected at the general election on the Tuesday next following the first Monday in November, 2014. Those members of the board elected thereto from Commissioner Districts 1 and 3 in November, 2014, shall take office the first day of January immediately following that election and shall serve for initial terms of office which expire December 31, 2018, and upon the election and qualification of their respective successors. Those and all future successors to members of the board whose terms of office are to expire shall be elected at the time of the state-wide general election immediately preceding the expiration of such terms, shall take office the first day of January immediately following that election, and shall serve for terms of office of four years each. Members of the board shall serve for the terms of office specified in this subsection and until their respective successors are elected and qualified.
- (b) All members of the board who are elected thereto shall be nominated and elected in accordance with Chapter 2 of Title 21 of the O.C.G.A., the 'Georgia Election Code.'
- (c) Commissioner Districts 1 through 4, as they exist immediately prior to January 1, 2013, shall continue to be designated as Commissioner Districts 1 through 4,

respectively, but as newly described under this Act, and on and after January 1, 2013, members of the board serving from those former commissioner districts shall be deemed to be serving from and representing their respective districts as newly described under this section."

SECTION 2.

The Board of Commissioners of Cobb County shall through its legal counsel cause this Act to be submitted for preclearance under the federal Voting Rights Act of 1965, as amended, not later than 45 days after the date on which this Act is approved by the Governor or otherwise becomes law without such approval.

SECTION 3.

This section and Section 2 of this Act and those provisions of this Act necessary for the election of members of the Board of Commissioners of Cobb County in 2012 shall become effective upon the approval of this Act by the Governor or upon its becoming law without such approval. The remaining provisions of this Act shall become effective January 1, 2013.

SECTION 4.

All laws and parts of laws in conflict with this Act are repealed.

SECTION 10.

Said title is further amended by revising Code Section 48-5-311, relating to county boards of equalization and ad valorem tax appeals, as follows:

"48-5-311.

(a) **Establishment.**

(1) Except as otherwise provided in this subsection, there is established in each county of ~~the~~ this state a county board of equalization to consist of three members and three alternate members appointed in the manner and for the term set forth in this Code section. In those counties having more than 10,000 parcels of real property, the county governing authority, by appropriate resolution adopted on or before November 1 of each year, may elect to have selected one additional county board of equalization for each 10,000 parcels of real property in the county or for any part of a number of parcels in the county exceeding 10,000 parcels.

(2) Notwithstanding any part of this subsection to the contrary, at any time the governing authority of a county makes a request to the grand jury of the county for additional alternate members of boards of equalization, the grand jury shall appoint the number of alternate members so requested to each board of equalization, such number not to exceed a maximum of 21 alternate members for each of the boards. The alternate members of the boards shall be duly qualified and authorized to serve on any of the boards of equalization of the county. ~~The grand jury of any such county~~ members of each board of equalization may designate a chairperson and two vice chairpersons of each such board of equalization. The chairperson and vice chairpersons shall be vested with full ~~administrative~~ authority in calling and conducting the substantive business of the board. The clerk of the superior court shall be vested with administrative authority in all other matters governing the conduct and business of the boards of equalization so as to provide oversight and supervision of such boards in compliance with paragraph (4) of subsection (d) of this Code section. Any combination of members or alternate members of any such board of equalization of the county shall be competent to exercise the power and authority of the board. Any person designated as an alternate member of any such board of equalization of

the county shall be competent to serve in such capacity as provided in this Code section upon appointment and taking of oath.

(3) Notwithstanding any provision of this subsection to the contrary, in any county of this state having a population of 400,000 or more according to the United States decennial census of 1990 or any future such census, the governing authority of the county, by appropriate resolution adopted on or before November 1 of each year, may elect to have selected one additional county board of equalization for each 10,000 parcels of real property in the county or for any part of a number of parcels in the county exceeding 10,000 parcels. In addition to the foregoing, any two members of a county board of equalization of the county may decide an appeal from an assessment, notwithstanding any other provisions of this Code section. The decision shall be in writing and signed by at least two members of the board of equalization; and, except for the number of members necessary to decide an appeal, the decision shall conform to the requirements of this Code section.

(4) The governing authorities of two or more counties may by intergovernmental agreement establish regional boards of equalization for such counties which shall operate in the same manner and be subject to all of the requirements of this Code section specified for county boards of equalization. The intergovernmental agreement shall specify the manner in which the members of the regional board shall be appointed by the grand jury of each of the counties and shall specify which clerk of the superior court shall have oversight over and supervision of such regional board. All hearings and appeals before a regional board shall be conducted in the county in which the property which is the subject of the hearing or appeal is located.

(b) Qualifications.

(1) Each person who is, in the judgment of the appointing grand jury, qualified and competent to serve as a grand juror, who is the owner of real property in the county where such person is appointed to serve, or, in the case of a regional board of equalization, is the owner of real property in any county in the region where such person is appointed to serve, and who is at least a high school graduate shall be qualified, competent, and compellable to serve as a member or alternate member of the county board of equalization. No member of the governing authority of a county, municipality, or consolidated government; member of a county or independent board of education; member of the county board of tax assessors; employee of the county board of tax assessors; or county tax appraiser shall be competent to serve as a member or alternate member of the county board of equalization.

(2)(A) Each person seeking to be appointed as a member or alternate member of a county board of equalization shall, not later than immediately prior to the time of their appointment under subsection (c) of this Code section, file with the clerk of the superior court a uniform application form which shall be a public record. The commissioner shall design the form which indicates the applicant's education, employment background, experience, and qualifications for such appointment.

(B) Within the first year after a member's initial appointment to the board of equalization ~~on or after January 1, 1981~~, each member shall satisfactorily complete

not less than 40 hours of instruction in appraisal and equalization processes and procedures, as prepared and required by the commissioner pursuant to Code Section 48-5-13. On or after January 1, 2013, following the completion of each successive two terms of office, a member shall, within the first year of appointment to the subsequent term of office, complete satisfactorily not less than 40 hours of instruction in appraisal and equalization processes and procedures, as prepared and required by the commissioner for newly appointed members. The failure of any member to fulfill the requirements of this subparagraph shall render that member ineligible to serve on the board; and the vacancy created thereby shall be filled in the same manner as other vacancies on the board are filled.

~~(B)~~(C) No person shall be eligible to hear an appeal as a member of a board of equalization on or after January 1, 2011, unless prior to hearing such appeal, that person shall satisfactorily complete the 40 hours of instruction in appraisal and equalization processes and procedures required under subparagraph ~~(A)~~ (B) of this paragraph. Any person appointed to such board shall be required to complete annually a continuing education requirement of at least eight hours of instruction in appraisal and equalization procedures, as prepared and required by the commissioner pursuant to Code Section 48-5-13. The failure of any member to fulfill the requirements of this subparagraph shall render that member ineligible to serve on the board; and the vacancy created thereby shall be filled in the same manner as other vacancies on the board are filled.

(c) Appointment.

(1) Except as provided in paragraph (2) of this subsection, each member and alternate member of the county board of equalization shall be appointed for a term of three calendar years next succeeding the date of such member or such alternate member's selection. Each term shall begin on January 1.

(2) The grand jury in each county at any term of court preceding November 1 of 1991 shall select three persons who are otherwise qualified to serve as members of the county board of equalization and shall also select three persons who are otherwise qualified to serve as alternate members of the county board of equalization. The three individuals selected as alternates shall be designated as alternate one, alternate two, and alternate three, with the most recent appointee being alternate number three, the next most recent appointee being alternate number two, and the most senior appointee being alternate number one. One member and one alternate shall be appointed for terms of one year, one member and one alternate shall be appointed for two years, and one member and one alternate shall be appointed for three years. Each year thereafter, the grand jury of each county shall select one member and one alternate for three-year terms.

(3) If a vacancy occurs on the county board of equalization, the individual designated as alternate one shall then serve as a member of the board of equalization for the unexpired term. If a vacancy occurs among the alternate members, the grand jury then in session or the next grand jury shall select an individual who is otherwise qualified to serve as an alternate member of the county board of equalization for the

unexpired term. The individual so selected shall become alternate member three, and the other two alternates shall be redesignated appropriately.

(4) Within five days after the names of the members and alternate members of the county board or boards of equalization have been selected, the clerk of the superior court shall ~~issue and deliver~~ cause such appointees to appear before the clerk for the purpose of taking and executing in writing the oath of office. The clerk may utilize any means necessary for such purpose, including, but not limited to, telephonic or other communication, regular first-class mail, or issuance of and delivery to the sheriff or deputy sheriff a precept containing the names of the persons so selected. Within ten days of receiving the precept, the sheriff or deputy sheriff shall cause the persons whose names are written on the precept to be served personally or by leaving the summons at their place of residence. The summons shall direct the persons named on the summons to appear before the clerk of the superior court on a date specified in the summons, which date shall not be later than December 15.

(5) Each member and alternate member of the county board of equalization, on the date prescribed for appearance before the clerk of the superior court and before entering on the discharge of such member and alternate member's duties, shall take and execute in writing before the clerk of the superior court the following oath:

I, _____, agree to serve as a member of the board of equalization of the County of _____ and will decide any issue put before me without favor or affection to any party and without prejudice for or against any party. I will follow and apply the laws of this state. I also agree not to discuss any case or any issue with any person other than members of the board of equalization except at any appeal hearing. I shall faithfully and impartially discharge my duties in accordance with the Constitution and laws of this state, to the best of my skill and knowledge. So help me God.

Signature of member or alternate member'

In addition to the oath of office prescribed in this paragraph, the presiding or chief judge of the superior court or his or her designee shall charge each member and alternate member of the county board of equalization with the law and duties relating to such office.

(d) Duties and powers.

(1) The county board of equalization shall hear and determine appeals from assessments and denials of homestead exemptions as provided in subsection (e) of this Code section.

(2) If, in the course of determining an appeal, the county board of equalization finds reason to believe that the property involved in an appeal or the class of property in which is included the property involved in an appeal is not uniformly assessed with other property included in the digest, the board shall request the respective parties to the appeal to present relevant information with respect to that question. If the board determines that uniformity is not present, the board may order the county board of tax assessors to take such action as is necessary to obtain uniformity, except that, when a

question of county-wide uniformity is considered by the board, the board may recommend a partial or total county-wide revaluation only upon a determination by a majority of all the members of the board that the clear and convincing weight of the evidence requires such action. The board of equalization may act pursuant to this paragraph whether or not the appellant has raised the issue of uniformity.

(3) The board shall establish procedures which comply strictly with the regulations promulgated by the commissioner pursuant to subparagraph ~~(e)(5)(B)~~ (e)(1)(D) of this Code section for the conducting of appeals before the board. The procedures shall be entered into the minutes of the board, and a copy of the procedures shall be made available to any individual upon request.

(4)(A) The clerk of the superior court shall have oversight over and supervision of all boards of equalization of the county and hearing officers. This oversight and supervision shall include, but not be limited to, requiring appointment of members of county boards of equalization by the grand jury; giving the notice of the appointment of members and alternates of the county board of equalization by the county grand jury as required by Code Section 15-12-81; collecting the names of possible appointees; collecting information from possible appointees as to their qualifications; presenting the names of the possible appointees to the county grand jury; processing the appointments as required by paragraph (4) of subsection (c) of this Code section, including administering the oath of office to the newly appointed members and alternates of the county board of equalization as required by paragraph (5) of such subsection; instructing the newly appointed members and alternates as to the training they must receive and the operations of the county board of equalization; presenting to the grand jury of the county the names of possible appointees to fill vacancies as provided in paragraph (3) of such subsection; maintaining a roster of board members and alternates, maintaining a record showing that the board members and alternates completed training, keeping attendance records of board members and alternates for the purpose of payment for service, and maintaining the uniform application forms and keeping a record of the appointment dates of board members and alternates and their terms in office; and informing the county board of equalization that it must establish by regulation procedures for conducting appeals before the board as required by paragraph (3) of this subsection ~~(d) of this Code section~~. Oversight and supervision shall also include the scheduling of board hearings, assistance in scheduling hearings before hearing officers, and giving notice of the date, time, and place of hearings to the taxpayers and the county board of tax assessors and giving notice of the decisions of the county board of equalization or hearing officer to the taxpayer and county board of tax assessors as required by division (e)(6)(D)(i) of this Code section.

(B) The county governing authority shall provide any resources to the clerk of superior court that are required to be provided by paragraph (7) of subsection (e) of this Code section.

(C) The county governing authority shall provide to the clerk of superior court facilities and secretarial and clerical help for appeals pursuant to subsection (e.1) of

this Code section.

(D) The clerk of superior court shall maintain any county records of all notices to the taxpayer and the taxpayer's attorney, of certified receipts of returned or unclaimed mail, and from the hearings before the board of equalization and before hearing officers until the deadline to file any appeal to the superior court expires. If an appeal is not filed to the superior court, the clerk of superior court is authorized to properly destroy any records from the hearings before the county board of equalization or hearing officers but shall maintain records of all notices to the taxpayer and the taxpayer's attorney and certified receipts of returned or unclaimed mail for 12 months. If an appeal to the superior court is filed, the clerk of superior court shall file such records in the civil action that is considered open by the clerk of superior court for such appeal, and such records shall become part of the record on appeal in accordance with paragraph (2) of subsection (g) of this Code section.

(e) **Appeal.**

(1)(A) Any taxpayer or property owner as of the last date for filing an appeal may elect to file an appeal from an assessment by the county board of tax assessors to either:

- (i) The county board of equalization as to matters of taxability, uniformity of assessment, and value, and, for residents, as to denials of homestead exemptions pursuant to paragraph (2) of this subsection;
- (ii) An arbitrator as to matters of value pursuant to subsection (f) of this Code section; or
- (iii) A hearing officer as to matters of value and uniformity for a parcel of nonhomestead real property with a fair market value in excess of \$1 million as shown on the taxpayer's notice of assessment, and any contiguous nonhomestead real property owned by the same taxpayer, pursuant to subsection (e.1) of this Code section.

The commissioner shall establish by rule and regulation a uniform appeal form that the taxpayer may use.

(B) In addition to the grounds enumerated in subparagraph (A) of this paragraph, any taxpayer having property that is located within a municipality, the boundaries of which municipality extend into more than one county, may also appeal from an assessment on such property by the county board of tax assessors to the county board of equalization or to a hearing officer as to matters of uniformity of assessment of such property with other properties located within such municipality, and any uniformity adjustments to the assessment that may result from such appeal shall only apply for municipal ad valorem tax purposes.

(C) Appeals to the county board of equalization shall be conducted in the manner provided in paragraph (2) of this subsection. Appeals to a hearing officer shall be conducted in the manner specified in subsection (e.1) of this Code section. Appeals to an arbitrator shall be conducted in the manner specified in subsection (f) of this Code section. Such appeal proceedings shall be conducted between the hours of 8:00 A.M. and 7:00 P.M. on a business day. Following the notification of the

taxpayer of the date and time of such taxpayer's scheduled hearing, the taxpayer shall be authorized to exercise a one-time option of changing the date and time of the taxpayer's scheduled hearing to a day and time acceptable to the taxpayer. The clerk of the superior court shall grant additional extensions to the taxpayer or the county board of tax assessors for good cause shown.

(D) The commissioner, by regulation, shall adopt uniform procedures and standards which shall be followed by county boards of equalization, hearing officers, and arbitrators in determining appeals. Such rules shall be updated and revised periodically and reviewed no less frequently than every five years.

(2)(A) An appeal shall be effected by e-mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by mailing to or filing with the county board of tax assessors a notice of appeal within 45 days from the date of mailing the notice pursuant to Code Section 48-5-306. A written objection to an assessment of real property received by a county board of tax assessors stating the location of the real property and the identification number, if any, contained in the tax notice shall be deemed a notice of appeal by the taxpayer under the grounds listed in paragraph (1) of this subsection. A written objection to an assessment of personal property received by a county board of tax assessors giving the account number, if any, contained in the tax notice and stating that the objection is to an assessment of personal property shall be deemed a notice of appeal by the taxpayer under the grounds listed in paragraph (1) of this subsection. The county board of tax assessors shall review the valuation or denial in question, and, if any changes or corrections are made in the valuation or decision in question, the board shall send a notice of the changes or corrections to the taxpayer pursuant to Code Section 48-5-306. Such notice shall also explain the taxpayer's right to appeal to the county board of equalization as provided in subparagraph (C) of this paragraph if the taxpayer is dissatisfied with the changes or corrections made by the county board of tax assessors.

(B) If no changes or corrections are made in the valuation or decision, the county board of tax assessors shall send written notice thereof to the taxpayer and to the county board of equalization which notice shall also constitute the taxpayer's appeal to the county board of equalization without the necessity of the taxpayer's filing any additional notice of appeal to the county board of tax assessors or to the county board of equalization. The county board of tax assessors shall also send or deliver all necessary papers to the county board of equalization. If, however, the taxpayer and the county board of tax assessors execute a signed agreement as to valuation, the appeal shall terminate as of the date of such signed agreement.

(C) If changes or corrections are made by the county board of tax assessors, the board shall notify the taxpayer in writing of such changes. The notice shall be sent by regular mail properly addressed to the address or addresses the taxpayer provided to the county board of tax assessors. If the taxpayer is dissatisfied with such changes or corrections, the taxpayer shall, within 30 days of the date of mailing of the change notice, institute an appeal to the county board of tax assessors by e-

mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by mailing to or filing with the county board of tax assessors a written notice of appeal. The county board of tax assessors shall send or deliver the notice of appeal and all necessary papers to the county board of equalization.

(D) The written notice to the taxpayer required by this paragraph shall contain a statement of the grounds for rejection of any position the taxpayer has asserted with regard to the valuation of the property. No addition to or amendment of such grounds as to such position shall be permitted before the county board of equalization.

(3)(A) ~~In any each year in which no county-wide revaluation is implemented,~~ the county board of tax assessors shall make its determination and notify the taxpayer within 180 days after receipt of the taxpayer's notice of appeal. If the county board of tax assessors fails to respond to the taxpayer within such 180 day period during such year, the appeal shall be automatically referred to the county board of equalization with written notice to the taxpayer, except as otherwise provided in this paragraph.

(B) In any county in which the number of appeals exceeds a number equal to or greater than 3 percent of the total number of parcels in the county or equal to or greater than 3 percent of the gross tax digest of the county, the county board of tax assessors shall be granted an additional 180 day period to make its determination and notify the taxpayer. Such additional period shall commence immediately following the last day of the 180 days provided for under subparagraph (A) of this paragraph. If the county board of tax assessors fails to make its determination and notify the taxpayer or the taxpayer's attorney not later than the last day of such additional 180 day period, the most recent property tax valuation asserted by the taxpayer on the property tax return or on appeal shall prevail and shall be deemed the value established on such appeal unless a time extension is granted under subparagraph (C) of this paragraph. If no such assertion of value was submitted by the taxpayer, the appeal shall be forwarded to the county board of equalization.

(C) Upon a sufficient showing of good cause by reason of unforeseen circumstances proven to the commissioner prior to the expiration of the additional 180 day period provided for under subparagraph (B) of this paragraph, the commissioner shall be authorized to provide for a time extension beyond the end of such additional 180 day period. The duration of any such time extension shall be specified in writing by the commissioner and shall also be posted on the website of the county board of tax assessors. If the county board of tax assessors fails to make its determination and notify the taxpayer and the taxpayer's attorney not later than the last day of such time extension, the most recent property tax valuation asserted by the taxpayer on the property tax return or on appeal shall prevail and shall be deemed the value established on such appeal. If no such assertion of value was submitted by the taxpayer, the appeal shall be forwarded to the county board of equalization. In addition, the commissioner shall be authorized to impose penalties,

require additional training, or require such other remediation as the commissioner may deem appropriate for failure to meet the deadline imposed by the commissioner under this subparagraph.

(D) With regard to subparagraphs (A), (B), and (C) of this paragraph, in any year in which a taxpayer receives a property tax assessment increase of more than 10 percent per year, upon an annual basis, the county board of tax assessors shall make its determination and notify the taxpayer within 90 days after receipt of the taxpayer's notice of appeal. If the county board of tax assessors fails to respond to the taxpayer within such 90 day period during such year, the appeal shall be automatically referred to the county board of equalization with written notice to the taxpayer, except as otherwise provided in this paragraph.

(4) The determination by the county board of tax assessors of questions of factual characteristics of the property under appeal, as opposed to questions of value, shall be prima-facie correct in any appeal to the county board of equalization. However, the board of tax assessors shall have the burden of proving its opinions of value and the validity of its proposed assessment by a preponderance of evidence.

(5) The county board of equalization shall determine all questions presented to it on the basis of the best information available to the board.

(6)(A) Within 15 days of the receipt of the notice of appeal, the county board of equalization shall set a date for a hearing on the questions presented and shall so notify the taxpayer and the county board of tax assessors in writing. Such notice shall be sent by first-class mail to the taxpayer. Such notice shall be transmitted by e-mail to the county board of tax assessors if such board has adopted a written policy consenting to electronic service, and, if it has not, then such notice shall be sent to such board by first-class mail. A taxpayer may appear before the board concerning any appeal in person, by his or her authorized agent or representative, or both. The taxpayer shall specify in writing to the board the name of any such agent or representative prior to any appearance by the agent or representative before the board.

(B) Within 30 days of the date of notification to the taxpayer of the hearing required in this paragraph but not earlier than 20 days from the date of such notification to the taxpayer, the county board of equalization shall hold such hearing to determine the questions presented.

(C) If more than one ~~contiguous~~ property of a taxpayer is under appeal, the board of equalization shall, upon request of the taxpayer, consolidate all such appeals in one hearing and render separate decisions as to each parcel or item of property. Any appeal from such a consolidated board of equalization hearing to the superior court as provided in this subsection shall constitute a single civil action, and, unless the taxpayer specifically so indicates in his or her notice of appeal, shall apply to all such parcels or items of property.

(D)(i) The board of equalization shall ~~render~~ announce its decision on each appeal at the conclusion of the hearing ~~under~~ held in accordance with subparagraph (B) of this paragraph before proceeding with another hearing. The decision of the county

board of equalization shall be in writing, shall be signed by each member of the board, shall specifically decide each question presented by the appeal, shall specify the reason or reasons for each such decision as to the specific issues of taxability, uniformity of assessment, value, or denial of homestead exemptions depending upon the specific issue or issues raised by the taxpayer in the course of such taxpayer's appeal, shall state that with respect to the appeal no member of the board is disqualified from acting by virtue of subsection (j) of this Code section, and shall certify the date on which notice of the decision is given to the parties. Notice of the decision shall be delivered by hand to each party, with written receipt, or given to each party by sending a copy of the decision by registered or certified mail or statutory overnight delivery to the appellant and by filing the original copy of the decision with the county board of tax assessors. Each of the three members of the county board of equalization must be present and must participate in the deliberations on any appeal. A majority vote shall be required in any matter. All three members of the board ~~must~~ shall sign the decision indicating their vote.

(ii) Except as otherwise provided in subparagraph (g)(4)(B) of this Code section, the county board of tax assessors shall use the valuation of the county board of equalization in compiling the tax digest for the county for the year in question and shall indicate such valuation as the previous year's value on the property tax notice of assessment of such taxpayer for the immediately following year rather than substituting the valuation which was changed by the county board of equalization.

(iii)(I) If the county's tax bills are issued before the county board of equalization has rendered its decision on property which is on appeal, the county board of tax assessors shall specify to the county tax commissioner the ~~higher of the taxpayer's return valuation or 85 percent of the current~~ prior year's valuation as set by the county board of tax assessors. ~~This~~ unless the property in issue has been issued a building permit and structural improvements have occurred, or structural improvements have been made without a building permit, in which case, it shall specify 85 percent of the current year's valuation as set by the county board of assessors. Depending on the circumstances of the property, this amount shall be the basis for a temporary tax bill to be issued; provided, however, that the taxpayer may elect to pay the temporary tax bill in the amount of 100 percent of the current year's valuation if no property improvement has occurred. The county tax commissioner shall have the authority to adjust such tax bill to reflect the 100 percent value as requested by the taxpayer. Such tax bill shall be accompanied by a notice to the taxpayer that the bill is a temporary tax bill pending the outcome of the appeal process. Such notice shall also indicate that upon resolution of the appeal, there may be additional taxes due or a refund issued.

(II) If the final determination of the value on appeal is less than the valuation thus used, the taxpayer shall receive a deduction in such taxpayer's taxes for the year in question. Such deduction shall be refunded to ~~the taxpayer~~ the entity or

transferee that paid the taxes and shall include interest on the amount of such deduction at the same rate as specified in Code Section 48-2-35 which shall accrue from November 15 of the taxable year in question or the date the final installment of the tax was due or was paid, whichever is later. In no event shall the amount of such interest exceed \$150.00.

(III) If the final determination of value on appeal is greater than the valuation thus used, the taxpayer shall be liable for the increase in taxes for the year in question due to the increased valuation fixed on appeal with interest at the rate as specified in Code Section 48-2-35. Such interest shall accrue from November 15 of the taxable year in question or the date the final installment of the tax was due to the date the additional taxes are remitted, but in no event shall the amount of such interest exceed \$150.00.

(7) The clerk of the superior court shall furnish the county board of equalization necessary facilities and ~~secretarial and clerical~~ administrative help. The clerk of the superior court shall see that the records and information of the county board of tax assessors are transmitted to the county board of equalization. The county board of equalization ~~must~~ shall consider in the performance of its duties the information furnished by the county board of tax assessors and the taxpayer.

(8) The taxpayer or his or her agent or representative may submit in support of his or her appeal the most current report of the sales ratio study for the county conducted pursuant to Code Section 48-5-274. The board ~~must~~ shall consider the study upon any such request.

(9) If at any time during the appeal process to the county board of equalization and after certification by the county board of tax assessors to the county board of equalization, the county board of tax assessors and the taxpayer mutually agree in writing on the fair market value, then the county board of tax assessors, or the county board of equalization, as the case may be, shall enter the agreed amount in all appropriate records as the fair market value of the property under appeal, and the appeal shall be concluded. The provisions in subsection (c) of Code Section 48-5-299 shall apply to the valuation unless otherwise waived by both parties.

(10) Within ten days of a final determination of value by the tax assessors, a board of equalization, arbitrator, hearing officer, or the superior court, the county board of tax assessors shall forward said decision to the tax commissioner.

(e.1)(1) For any dispute involving the value or uniformity of a parcel of nonhomestead real property with a fair market value in excess of \$1 million as shown on the taxpayer's notice of assessment, at the option of the taxpayer, an appeal may be submitted to a hearing officer in accordance with this subsection. If such taxpayer owns nonhomestead real property contiguous to such qualified nonhomestead real property, at the option of the taxpayer, such contiguous property may be consolidated with the qualified property for purposes of the hearing under this subsection.

(2) Individuals desiring to serve as hearing officers and who are either state certified general real property appraisers or state certified residential real property appraisers as classified by the Georgia Real Estate Commission and the Georgia Real Estate

Appraisers Board shall complete and submit an application, a list of counties the hearing officer is willing to serve, disqualification questionnaire, and resume and be approved by the Georgia Real Estate Commission and the Georgia Real Estate Appraisers Board to serve as a hearing officer. Such board shall annually publish a list of qualified and approved hearing officers for Georgia.

(3) The clerk of the superior court shall furnish any hearing officer so selected the necessary facilities.

(4) An appeal shall be effected by e-mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by filing with the county board of tax assessors a notice of appeal to a hearing officer within 45 days from the date of mailing the notice of assessment pursuant to Code Section 48-5-306. A written objection to an assessment of real property received by a county board of tax assessors stating the taxpayer's election to appeal to a hearing officer and showing the location of the real property contained in the assessment notice shall be deemed a notice of appeal by the taxpayer.

(5) The county board of tax assessors may for no more than 90 days review the taxpayer's written appeal, and if changes or corrections are made by the county board of tax assessors, the board shall notify the taxpayer in writing of such changes. If within 30 days of the mailing of such notice the taxpayer notifies the county board of tax assessors in writing that such changes or corrections are not acceptable, the county board of tax assessors shall, within 30 days of the date of mailing of such taxpayer's notification, ~~send or deliver~~ certify the notice of appeal and ~~send or deliver~~ all necessary papers to the clerk of the superior court and mail a copy to the taxpayer.

(6)(A) The clerk of superior court shall randomly select from such list a hearing officer who shall have experience or expertise in hearing or appraising the type of property that is the subject of appeal to hear the appeal, unless the taxpayer and the county board of tax assessors mutually agree upon a hearing officer from such list. The clerk of the superior court shall notify the taxpayer and the taxpayer's attorney of the name of the hearing officer and transmit a copy of the hearing officer's disqualification questionnaire and resume provided for under paragraph (2) of this subsection. The hearing officer, in conjunction with all parties to the appeal, shall set a time and place to hear evidence and testimony from both parties. The hearing shall take place in the county where the property is located, or such other place as mutually agreed to by the parties and the hearing officer. The hearing officer shall provide electronic or written notice to the parties personally or by registered or certified mail or statutory overnight delivery not less than ten days before the hearing. Such written notice shall advise each party that documents or other written evidence to be presented at the hearing by a party must be provided to the other party not less than seven days prior to the time of the hearing and that any failure to comply with this requirement shall be grounds for an automatic continuance or for exclusion of such documents or other written evidence.

(B) If the clerk of the superior court, after a diligent search, cannot find a qualified hearing officer who is willing to serve, the clerk of the superior court shall transfer

the certification of the appeal to the county or regional board of equalization and notify the taxpayer and the taxpayer's attorney and the county board of tax assessors of the transmittal of such appeal.

(7) The hearing officer shall swear in all witnesses, perform the powers, duties, and authority of a county or regional board of equalization, and determine the fair market value of the real property based upon the testimony and evidence presented during the hearing. Any issues other than fair market value and uniformity raised in the appeal shall be preserved for appeal to the superior court. The board of tax assessors shall have the burden of proving its opinion of value and the validity of its proposed assessment by a preponderance of evidence. At the conclusion of the hearing, the hearing officer shall notify both parties of the decision verbally and shall send ~~the taxpayer~~ both parties the decision in writing.

(8) The taxpayer or the board of tax assessors may appeal the decision of the hearing officer to the superior court as provided in subsection (g) of this Code section.

(9) If, at any time during the appeal under this subsection, the taxpayer and the county board of tax assessors execute a signed written agreement on the fair market value and any other issues raised, the appeal shall terminate as of the date of such signed agreement, and the fair market value as set forth in such agreement shall become final, and subsection (c) of Code Section 48-5-299 shall apply. The provisions contained in this paragraph may be waived at any time by written consent of the taxpayer and the county board of tax assessors.

(10) Each hearing officer shall be compensated by the county for time expended in considering appeals. The compensation shall be paid at a rate of not less than \$75.00 per hour for the first hour and not less than \$25.00 per hour for each hour thereafter as determined by the county governing authority or as may be agreed upon by the parties. Compensation pursuant to this paragraph shall be paid from the county treasury upon certification by the hearing officer of the hours expended in hearing of appeals. The attendance at any training required by the commissioner shall be part of the qualifications of the hearing officer, and any nominal cost of such training shall be paid by the hearing officer. ~~If the clerk of the superior court, after diligent search, cannot find a qualified hearing officer who is willing to serve, the clerk of the superior court shall notify the county board of tax assessors in writing. The county board of tax assessors shall then certify the appeal to the county or regional board of equalization.~~

(11) The commissioner shall promulgate rules and regulations for the proper administration of this subsection, including, but not limited to, ~~a uniform appeal form~~; qualifications; training, including an eight-hour course on Georgia property law, Georgia evidence law, preponderance of evidence, burden of proof, credibility of the witnesses, and weight of evidence; disqualification questionnaire; selection; removal; and any other matters necessary to the proper administration of this subsection. Such rules and regulations shall also include a uniform appeal form which shall require the initial assertion of a valuation of the property by the taxpayer. Any such assertion of value shall be subject to later revision by the taxpayer based upon written evidence.

The commissioner shall seek input from all interested parties prior to such promulgation.

(f) **Arbitration.**

(1) As used in this subsection, the term 'certified appraisal' means an appraisal or appraisal report given, signed, and certified as such by a real property appraiser as classified by the Georgia Real Estate Commission and the Georgia Real Estate Appraisers Board.

(2) At the option of the taxpayer, an appeal shall be submitted to arbitration in accordance with this subsection.

(3)(A) Following an election by the taxpayer to use the arbitration provisions of this subsection, an arbitration appeal shall be effected by the taxpayer by e-mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by filing a written notice of arbitration appeal with the county board of tax assessors. The notice of arbitration appeal shall specifically state the grounds for arbitration. The notice shall be filed within 45 days from the date of mailing the notice pursuant to Code Section 48-5-306. Within ten days of receipt of a taxpayer's notice of arbitration appeal, the board of tax assessors shall send to the taxpayer an acknowledgment of receipt of the appeal; a notice that the taxpayer ~~must shall~~, within 45 days of the ~~filing of the notice~~ date of transmittal of the acknowledgment of receipt of the appeal, provide to the board of assessors for consideration a copy of a certified appraisal; and a confirmation of the amount of the filing fees, if any, required under Code Section 15-6-77 and notice that within 45 days of the date of transmittal of the acknowledgment of receipt of the appeal, the taxpayer shall pay to the clerk of the superior court the fees, if any, if the county board of tax assessors rejects the appraisal. Failure of the taxpayer to provide such certified appraisal and filing fees within such 45 days shall terminate the appeal unless the taxpayer within such 45 day period elects to have the appeal immediately forwarded to the board of equalization. Prior to appointment of the arbitrator and within 45 days of ~~filing the notice of~~ the acknowledgment of receipt of the appeal, the taxpayer shall provide a copy of the certified appraisal as specified in this paragraph to the board of assessors for consideration. Within 45 days of receiving the taxpayer's certified appraisal, the board of assessors shall either accept the taxpayer's appraisal, in which case that value shall become final, or the county board of tax assessors shall reject the taxpayer's appraisal by sending within ten days of the date of such rejection a written notification by certified mail of such rejection to the taxpayer and the taxpayer's attorney of record, in which case the county board of tax assessors shall certify within 45 days the appeal to the clerk of the superior court of the county in which the property is located along with any other papers specified by the person seeking arbitration under this subsection, including, but not limited to, the staff information from the file used by the county board of tax assessors. In the event the taxpayer is not notified of a rejection of the taxpayer's appraisal within such ten-day period, the taxpayer's appraisal value shall become final. In the event that the county board of tax assessors neither accepts nor rejects the value set out in

the certified appraisal within ~~such 45 day period~~ 45 days after receipt of the certified appraisal, then the certified appraisal shall become the final value, and the filing fees shall be returned to the taxpayer. In any case where a taxpayer properly filed for the 2009 tax year a notice of binding arbitration appeal and provided the required certified appraisal in accordance with this paragraph and the board of assessors neither accepted nor rejected the value set out in such certified appraisal within the 30 day period formerly specified under this subparagraph, then for purposes of the 2009 tax year, the value set forth in the taxpayer's certified appraisal shall be deemed the final value. All papers and information certified to the clerk shall become a part of the record on arbitration. At the time of certification of the appeal, the county board of tax assessors shall serve the taxpayer and the taxpayer's attorney of record, if any, or employee with a copy of the certification along with any other papers specified by the person seeking arbitration along with the civil action file number assigned to the appeal. Within 15 days of filing the certification to the clerk of the superior court, the presiding or chief judge of the superior court of the circuit in which the property is located shall issue an order authorizing the arbitration.

(B) At any point, the county board of tax assessors and the taxpayer may execute a signed, written agreement establishing the fair market value without entering into or completing the arbitration process. The fair market value as set forth in such agreement shall become the final value.

~~(B)~~(C) The arbitration shall be conducted pursuant to the following procedure:

(i) The county board of tax assessors shall include in the notice of rejection of the taxpayer's certified appraisal a notice of a meeting time and place to decide upon an arbitrator, to occur within 60 days after the date of sending the rejection of the taxpayer's certified appraisal. If such meeting is not scheduled by the county board of tax assessors within such 60 day period, the taxpayer's certified appraisal shall become the final determination of value. Following the notification of the taxpayer of the date and time of the meeting, the taxpayer shall be authorized to exercise a one-time option of changing the date and time of the meeting to a date and time acceptable to the taxpayer. If the parties agree, the matter shall be submitted to a single arbitrator chosen by the parties. Only if ~~If~~ the parties cannot agree on the single arbitrator, the arbitrator shall be chosen by the presiding or chief judge of the superior court of the circuit in which the property is located within 30 days after the filing of a petition by either party;

(ii) In order to be qualified to serve as an arbitrator, a person shall be classified as a state certified general real property appraiser or state certified residential real property appraiser pursuant to the rules and regulations of the Georgia Real Estate Commission and the Georgia Real Estate Appraisers Board and shall have experience or expertise in appraising the type of property that is the subject of the arbitration;

(iii) The arbitrator, within 30 days after his or her appointment, shall set a time and place to hear evidence and testimony from both parties. The arbitrator shall

provide written notice to the parties personally or by registered or certified mail or statutory overnight delivery not less than ~~ten~~ 30 days before the hearing. Such written notice shall advise each party that documents or other written evidence and a final submitted value to be presented at the hearing by a party must be provided to the other party not less than seven days prior to the time of the hearing and that any failure to comply with this requirement, unless waived by mutual written agreement of such parties, shall be grounds for a continuance or for exclusion of such documents or other written evidence. The arbitrator, in consultation with the parties, may adjourn or postpone the hearing. Following notification of the taxpayer of the date and time of the hearing, the taxpayer shall be authorized to exercise a one-time option of changing the date and time of the hearing to a date and time acceptable to the taxpayer. The presiding or chief judge of the superior court of the circuit in which the property is located may direct the arbitrator to proceed promptly with the hearing and the determination of the appeal upon application of any party. The hearing shall occur in the county in which the property is located or such other place as may be agreed upon in writing by the parties;

- (iv) At the hearing, the parties shall be entitled to be heard, to present documents, testimony, and other matters, and to cross-examine witnesses. The arbitrator may hear and determine the controversy upon the documents, testimony, and other matters produced notwithstanding the failure of a party duly notified to appear;
- (v) The arbitrator shall maintain a record of all pleadings, documents, testimony, and other matters introduced at the hearing. The arbitrator or any party to the proceeding may have the proceedings transcribed by a court reporter;
- (vi) The provisions of this paragraph may be waived at any time by written consent of the taxpayer and the board of tax assessors;
- (vii) At the conclusion of the hearing, the arbitrator shall render a decision regarding the value of the property subject to arbitration;
- (viii) In order to determine the value, the arbitrator shall consider ~~a single~~ the final value for the property submitted by the board of assessors and ~~a single~~ the final value submitted by the taxpayer. The taxpayer shall be responsible for the cost of any appraisal by the taxpayer's appraiser;
- (ix) Upon consideration of the ~~single~~ final value submitted by the board of assessors and the ~~single~~ final value submitted by the taxpayer, and evidence supporting the values submitted by the board of assessors and the taxpayer, the arbitrator shall determine which value is the value for the property under appeal;
- (x) If the taxpayer's value is determined by the arbitrator to be the value, the county shall be responsible for the clerk of the superior court's fees, if any, and the fees and costs of such arbitrator. If the board of tax assessors' value is determined by the arbitrator to be the value, the taxpayer shall be responsible for the clerk of the superior court's fees, if any, and the fees and costs of such arbitrator; and
- (xi) The board of tax assessors shall have the burden of proving its opinion of value and the validity of its proposed assessment by a preponderance of evidence.

(4) The provisions in subsection (c) of Code Section 48-5-299 shall apply to the valuation established or rendered by any county board of equalization, arbitrator, hearing officer, or superior court.

(5) If the county's tax bills are issued before an arbitrator has rendered its decision on property which is on appeal, the county board of tax assessors shall specify to the county tax commissioner the ~~higher of the taxpayer's return valuation or 85 percent of the current prior year's valuation as set by the county board of tax assessors.~~ This unless the property in issue has been issued a building permit and structural improvements have occurred, or structural improvements have been made without a building permit, in which case, it shall specify 85 percent of the current year's valuation as set by the county board of assessors. Depending on the circumstances of the property, this amount shall be the basis for a temporary tax bill to be issued; provided, however, that the taxpayer may elect to pay the temporary tax bill in the amount of 100 percent of the current year's valuation if no property improvement has occurred. The county tax commissioner shall have the authority to adjust such tax bill to reflect the 100 percent value as requested by the taxpayer. Such tax bill shall be accompanied by a notice to the taxpayer that the bill is a temporary tax bill pending the outcome of the appeal process. Such notice shall also indicate that upon resolution of the appeal, there may be additional taxes due or a refund issued.

(g) Appeals to the superior court.

(1) The taxpayer or the county board of tax assessors may appeal decisions of the county board of equalization or hearing officer, as applicable, to the superior court of the county in which the property lies. By mutual written agreement, the taxpayer and the county board of tax assessors may waive an appeal to the county board of equalization and initiate an appeal under this subsection. A county board of tax assessors shall not appeal a decision of the county board of equalization or hearing officer, as applicable, changing an assessment by 20 percent or less unless the board of tax assessors gives the county governing authority a written notice of its intention to appeal, and, within ten days of receipt of the notice, the county governing authority by majority vote does not prohibit the appeal. In the case of a joint city-county board of tax assessors, such notice shall be given to the city and county governing authorities, either of which may prohibit the appeal by majority vote within the allowed period of time.

(2) An appeal by the taxpayer as provided in paragraph (1) of this subsection shall be effected by e-mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by mailing to or filing with the county board of tax assessors a written notice of appeal. An appeal by the county board of tax assessors shall be effected by giving notice to the taxpayer. The notice to the taxpayer shall be dated and shall contain the name and the last known address of the taxpayer. The notice of appeal shall specifically state the grounds for appeal. The notice shall be mailed or filed within 30 days from the date on which the decision of the county board of equalization or hearing officer is mailed pursuant to subparagraph (e)(6)(D) or paragraph (6) of subsection (e.1) of this Code section. The county board

of tax assessors shall certify to the clerk of the superior court the notice of appeal and any other papers specified by the person appealing, including, but not limited to, the staff information from the file used by the county board of tax assessors, the county board of equalization, or the hearing officer. All papers and information certified to the clerk shall become a part of the record on appeal to the superior court. At the time of certification of the appeal, the county board of tax assessors shall serve the taxpayer and his or her attorney of record, if any, with a copy of the notice of appeal and with the civil action file number assigned to the appeal. Such service shall be effected in accordance with subsection (b) of Code Section 9-11-5. No discovery, motions, or other pleadings may be filed by the county board of tax assessors in the appeal until such service has been made.

(3) The appeal shall constitute a de novo action. The board of tax assessors shall have the burden of proving its opinions of value and the validity of its proposed assessment by a preponderance of evidence. Upon a failure of the board of tax assessors to meet such burden of proof, the court may, upon motion or sua sponte, ~~authorize the finding~~ find that the value asserted by the taxpayer is ~~unreasonable and reasonable and the fair market value of the property~~, or declare a mistrial ~~authorize the determination of the final value of the property~~.

(4)(A) The appeal shall be placed on the court's next available jury or bench trial calendar, at the taxpayer's election, following the filing of the appeal unless continued by the court upon a showing of good cause. If only questions of law are presented in the appeal, the appeal shall be heard as soon as practicable before the court sitting without a jury. Each hearing before the court sitting without a jury shall be held within 30 days following the date on which the appeal is filed with the clerk of the superior court. The time of any hearing shall be set in consultation with the taxpayer and at a time acceptable to the taxpayer between the hours of 8:00 A.M. and 7:00 P.M. on a business day.

(B)(i) The county board of tax assessors shall use the valuation of the county board of equalization or the hearing officer, as applicable, in compiling the tax digest for the county. If the final determination of value on appeal is less than the valuation set by the county board of equalization or hearing officer, as applicable, the taxpayer shall receive a deduction in such taxpayer's taxes for the year in question. Such deduction shall be refunded to the taxpayer or to the entity or transferee that paid the taxes and shall include interest on the amount of such deduction at the same rate as specified in Code Section 48-2-35 which shall accrue from November 15 of the taxable year in question or the date the final installment of the tax was due or was paid, whichever is later. In no event shall the amount of such interest exceed \$150.00.

(ii) If the final determination of value on appeal is 80 percent or less of the valuation set by the county board of equalization or hearing officer as to commercial property, or 85 percent or less of the valuation set by the county board of tax assessors as to other property, the taxpayer, in addition to the interest provided for by this paragraph, shall recover costs of litigation and reasonable

attorney's fees incurred in the action. Any appeal of an award of attorney's fees by the county shall be specifically approved by the governing authority of the county.

(iii) If the final determination of value on appeal is greater than the valuation set by the county board of equalization or hearing officer, as applicable, the taxpayer shall be liable for the increase in taxes for the year in question due to the increased valuation fixed on appeal with interest at the same rate as specified in Code Section 48-2-35. Such interest shall accrue from November 15 of the taxable year in question or the date the final installment of tax was due to the date the additional taxes are remitted, but in no event shall the amount of such interest exceed \$150.00.

(h) **Recording of interviews.** In the course of any assessment, appeal, or arbitration, or any related proceeding, the taxpayer shall be entitled to make recordings of any interview with any officer or employee of the taxing authority relating to the valuation of the taxpayer's property subject to such assessment, appeal, arbitration, or related proceeding, at the taxpayer's expense and with equipment provided by the taxpayer, and no such officer or employee may refuse to participate in an interview relating to such valuation for reason of the taxpayer's choice to record such interview.

(i) **Alternate members.** Alternate members of the county board of equalization in the order in which selected shall serve:

(1) As members of the county board of equalization in the event there is a permanent vacancy on the board created by the death, ineligibility, removal from the county, or incapacitating illness of a member or by any other circumstances. An alternate member who fills a permanent vacancy shall be considered a member of the board for the remainder of the unexpired term;

(2) In any appeal with respect to which a member of the board is disqualified and shall be considered a member of the board; or

(3) In any appeal at a regularly scheduled or called meeting in the absence of a member and shall be considered a member of the board.

(j) **Disqualification.**

(1) No member of the county board of equalization and no hearing officer shall serve with respect to any appeal concerning which he or she would be subject to a challenge for cause if he or she were a member of a panel of jurors in a civil case involving the same subject matter.

(2) The parties to an appeal to the county board of equalization or to a hearing officer shall file in writing with the appeal, in the case of the person appealing, or, in the case of the county board of tax assessors, with the certificate transmitting the appeal, questions relating to the disqualification of members of the county board of equalization or hearing officer. Each question shall be phrased so that it can be answered by an affirmative or negative response. The members of the county board of equalization or hearing officer shall, in writing under oath within two days of their receipt of the appeal, answer the questions and any question which may be adopted pursuant to subparagraph (e)(1)(D) of this Code section. Answers of the county board of equalization or hearing officers shall be part of the decision of the board or hearing

officer and shall be served on each party by first-class mail. Determination of disqualification shall be made by the judge of the superior court upon the request of any party when the request is made within two days of the response of the board or hearing officer to the questions. The time prescribed under subparagraph (e)(6)(A) of this Code section shall be tolled pending the determination by the judge of the superior court.

(k) **Compensation.** Each member of the county board of equalization shall be compensated by the county per diem for time expended in considering appeals. The compensation shall be paid at a rate of not less than \$25.00 per day and shall be determined by the county governing authority. The attendance at required approved appraisal courses shall be part of the official duties of a member of the board, and he or she shall be paid for each day in attendance at such courses and shall be allowed reasonable expenses necessarily incurred in connection with such courses. Compensation pursuant to this subsection shall be paid from the county treasury upon certification by the member of the days expended in consideration of appeals.

(l) **Military service.** In the event of the absence of an individual from such individual's residence because of duty in the armed forces, the filing requirements set forth in paragraph (3) of subsection (f) of this Code section shall be tolled for a period of 90 days. During this period, any member of the immediate family of the individual, or a friend of the individual, may notify the tax receiver or the tax commissioner of the individual's absence due to military service and submit written notice of representation for the limited purpose of the appeal. Upon receipt of this notice, the tax receiver or the tax commissioner shall initiate the appeal.

(m) **Refunds.** In the event a refund is owed to the taxpayer, such refund shall be paid to the taxpayer, entity, or transferee who paid the taxes within 60 days of the last date upon which an appeal may be filed, or the date the final determination of value is established on appeal, whichever is later. Any refund paid after the sixtieth day shall accrue interest from the sixtieth day until paid with interest at the same rate as specified in Code Section 48-2-35.

(n) **Service of notice.** A notice of appeal to a board of tax assessors under subsection (e), (e.1), (f), or (g) of this Code section shall be deemed filed as of the date of the United States Postal Service postmark, receipt of delivery by statutory overnight delivery, or, if the board of tax assessors has adopted a written policy consenting to electronic service, by transmitting a copy to the board of tax assessors via e-mail in portable document format using all e-mail addresses provided by the board of tax assessors and showing in the subject line of the e-mail message the words 'STATUTORY ELECTRONIC SERVICE' in capital letters. Service by mail, statutory overnight delivery, or electronic transmittal is complete upon such service. Proof of service may be made within 45 days of receipt of the notice of current assessment to the taxpayer by certificate of the taxpayer, the taxpayer's attorney, or the taxpayer's employee by written admission or by affidavit. Failure to make proof of service shall not affect the validity of service.

(o) When a taxpayer authorizes an attorney in writing to act on the taxpayer's behalf,

all notices required to be provided to the taxpayer regarding hearing times, dates, certifications, or official actions shall instead be provided to such attorney."

SECTION 11.

Said title is further amended by revising subsection (b) of Code Section 48-5-345, relating to county tax digests and deviations from certain assessment ratios, and by adding a new subsection to read as follows:

"(b) Each year the commissioner shall determine if the overall assessment ratio for each county, as computed by the state auditor under paragraph (8) of subsection (b) of Code Section 48-5-274, deviates substantially from the proper assessment ratio as provided in Code Section 48-5-7, and if such deviation exists, the commissioner shall assess against the county governing authority additional state tax in an amount equal to the difference between the amount the state's levy of ~~one quarter of a mill~~ would have produced if the digest had been at the proper assessment ratio and the amount the digest that is actually used for collection purposes will produce. The commissioner shall notify the county governing authority annually of the amount so assessed, and this amount shall be due and payable not later than five days after all appeals have been exhausted or the time for appeal has expired or the final date for payment of taxes in the county, whichever comes latest, and shall bear interest at the rate specified in Code Section 48-2-40 from the due date.

"(c) Beginning with tax digests on or after January 1, 2012, no county shall be subject to the assessment authorized by subsection (b) of this Code section. This subsection shall stand automatically repealed on December 31, 2014."

However, in the case where one or more unallocated annuity contracts are covered contracts under this chapter and are owned by a trust or other entity for the benefit of two or more plan sponsors, coverage shall be afforded by the association if the largest interest in the trust or entity owning the contract or contracts is held by a plan sponsor whose principal place of business is in this state and in no event shall the association be obligated to cover more than \$5 million in benefits with respect to all these unallocated contracts; and

(F) The limitations set forth in this paragraph are limitations on the benefits for which the association is obligated before taking into account either its subrogation and assignment rights or the extent to which those benefits could be provided out of the assets of the impaired or insolvent insurer attributable to covered policies. The costs of the association's obligations under this chapter may be met by the use of assets attributable to covered policies or reimbursed to the association pursuant to its subrogation and assignment rights;

(13) In performing its obligations to provide coverage under Code Section 33-38-7, the association shall not be required to guarantee, assume, reinsure, or perform, or cause to be guaranteed, assumed, reinsured, or performed, the contractual obligations of the insolvent or impaired insurer under a covered policy or contract that do not materially affect the economic values or economic benefits of the covered policy or contract;

As a condition to making such election, the association must pay all unpaid premiums due under the contract for coverage relating to periods before and after the date on which the order of liquidation was entered;

(20) The board of directors shall have discretion and may exercise reasonable business judgment to determine the means by which the association is to provide the benefits of this chapter in an economical and efficient manner;

(21) Where the association has arranged or offered to provide the benefits of this chapter to a covered person under a plan or arrangement that fulfills the association's obligations under this chapter, the person shall not be entitled to benefits from the association in addition to or other than those provided under the plan or arrangement;

(22) Exclusive venue in any action by or against the association is in the Superior Court of DeKalb County. The association may, at its option, waive such venue as to specific actions. The association shall not be required to give an appeal bond in an appeal that relates to a cause of action arising under this chapter; and

(23) In carrying out its duties in connection with guaranteeing, assuming, or reinsuring policies or contracts under paragraph (1) or (2) of this Code section, the

association may, subject to approval of the receivership court, issue substitute coverage for a policy or contract that provides an interest rate, crediting rate, or similar factor determined by use of an index or other external reference stated in the policy or contract employed in calculating returns or changes in value by issuing an alternative policy or contract in accordance with the following provisions:

(A) In lieu of the index or other external reference provided for in the original policy or contract, the alternative policy or contract provides for a fixed interest rate, payment of dividends with minimum guarantees, or a different method for calculating interest or changes in value;

(B) There is no requirement for evidence of insurability, waiting period, or other exclusion that would not have applied under the replaced policy or contract; and

(C) The alternative policy or contract is substantially similar to the replaced policy or contract in all other material terms.

(b) The provisions of this Code section shall apply only to coverage the guaranty association provides in connection with any member insurer that is placed under an order of liquidation with a finding of insolvency after the effective date of this Code section.

33-38-8.

(a) The association shall submit to the Commissioner a plan of operation and any amendments thereto necessary or suitable to assure the fair, reasonable, and equitable administration of the association. The plan of operation and any amendments thereto shall become effective upon approval in writing by the Commissioner. If the association fails to submit a suitable plan of operation within 180 days following July 1, 1981, or, if at any time thereafter the association fails to submit suitable amendments to the plan, the Commissioner shall, after notice and hearing, adopt and promulgate such reasonable rules as are necessary or advisable to effectuate the provisions of this chapter. Such rules shall continue in force until modified by the Commissioner or superseded by a plan submitted by the association and approved in writing by the Commissioner.

(b) All member insurers shall comply with the plan of operation.

(c) The plan of operation shall, in addition to requirements enumerated elsewhere in this chapter:

(1) Establish procedures for handling the assets of the association;

(2) Establish the amount and method of reimbursing members of the board of directors under Code Section 33-38-6;

(3) Establish regular places and times for meetings of the board of directors;

(4) Establish procedures for records to be kept of all financial transactions of the association, its agents, and the board of directors;

(5) Establish any additional procedures for assessments under Code Section 33-38-15; and

(6) Contain additional provisions necessary or proper for the execution of the powers and duties of the association.

33-38-9.

The plan of operation described in Code Section 33-38-8 may provide that any or all powers and duties of the association, except those under subparagraph (C) of paragraph (14) of Code Section 33-38-7 and Code Section 33-38-15, shall be delegated to a corporation, association, or other organization which performs or will perform functions similar to those of this association or its equivalent in two or more states. Such a corporation, association, or organization shall be reimbursed for any payments made on behalf of the association and shall be paid for its performance of any function of the association. A delegation under this Code section shall take effect only with the approval of both the board of directors and the Commissioner and may be made only to a corporation, association, or organization which extends protection not substantially less favorable and effective than that provided for by this chapter.

33-38-10.

In addition to the duties and powers enumerated elsewhere in this chapter:

(1) The Commissioner shall:

(A) Upon request of the board of directors, provide the association with a statement of the premiums in the appropriate states for each member insurer; and

(B) When an impairment is declared and the amount of the impairment is determined, serve a demand upon the impaired insurer to make good the impairment within a reasonable time. Notice to the impaired insurer shall constitute notice to its shareholders, if any. The failure of the insurer to comply promptly with such demand shall not excuse the association from the performance of its powers and duties under this chapter; and

(2) The Commissioner may suspend or revoke, after notice and hearing, the certificate of authority to transact insurance in this state of any member insurer which fails to pay an assessment when due or fails to comply with the plan of operation.

33-38-11.

Records shall be kept of all negotiations and meetings in which the association or its representatives are involved to discuss the activities of the association in carrying out its powers and duties under Code Section 33-38-7. ~~Records~~ The records of such negotiations or meetings shall be made public only upon the association with respect to an impaired or insolvent insurer shall not be disclosed prior to the termination of a liquidation, rehabilitation, or conservation proceeding involving the impaired or insolvent insurer, except (a) upon the termination of the impairment or insolvency of the insurer, or (b) upon the order of a court of competent jurisdiction. Nothing in this Code section shall limit the duty of the association to render a report of its activities under Code Section 33-38-12.

33-38-12.

The association shall be subject to examination and regulation by the Commissioner. Notwithstanding the foregoing, whether such examinations shall be conducted and the

frequency of any such examination shall be at the sole discretion of the Commissioner.
The board of directors shall submit to the Commissioner not later than May 1 of each year a financial report and a report of its activities for the preceding calendar year on forms approved by the Commissioner.

33-38-13.

The association shall be exempt from all taxation in this state based upon income or gross receipts and shall likewise be exempt from all state and local occupation license and business fees and occupation license and business taxes.

33-38-14.

There shall be no liability on the part of and no cause of action of any nature shall arise against any member insurer or its agents or employees, the association or its agents or employees, members of the board of directors, or the Commissioner or his or her representatives, for any action ~~taken~~ or omission by them in the performance of their powers and duties under this chapter. This immunity shall extend to the participation in any organization of one or more other state associations of similar purposes and to any such organization and its agents or employees.

33-38-15.

(a) For the purpose of providing the funds necessary to carry out the powers and duties of the association, the board of directors shall assess the member insurers separately for the health account and for each subaccount of the life insurance and annuity account at such time and for such amounts as the board finds necessary. Assessment shall be due not less than 30 days after prior written notice to the member insurers.

(b) There shall be two classes of assessments, as follows:

(1) Class A assessments shall be ~~made~~ authorized and called for the purpose of meeting administrative costs and legal and other general expenses not related to a particular impaired or insolvent insurer, and examinations conducted under the authority of subsection (c) of Code Section 33-38-16; and

(2) Class B assessments shall be ~~made~~ authorized and called to the extent necessary to carry out the powers and duties of the association under Code Section 33-38-7 with regard to an impaired or insolvent insurer.

(c)(1) The amount of any Class A assessment shall be determined by the board of directors and may be made on a pro rata or non-pro rata basis. If a Class A assessment is made on a pro rata basis, the board may provide that it be credited against future Class B assessments. An assessment for costs and expenses other than for examinations which is made on a non-pro rata basis shall not exceed ~~\$150.00~~ \$300.00 per company in any one calendar year. The amount of any Class B assessment shall be allocated for assessment purposes among the accounts or subaccounts in subsection (c) of Code Section 33-38-5 pursuant to an allocation formula which may be based on the premiums or reserves of the impaired or insolvent insurer or any other standard deemed by the board in its sole discretion as being fair

and reasonable under the circumstances.

(2) Class B assessments against member insurers for each account or subaccount shall be in the proportion that the premiums received on business in this state by each assessed member insurer on policies or contracts covered by each account or subaccount for the three most recent calendar years for which information is available preceding the year in which the insurer became impaired or insolvent, as the case may be, bears to such premiums received on business in this state for such calendar years by all assessed member insurers.

(3) Assessments for funds to meet the requirements of the association with respect to an impaired or insolvent insurer shall not be ~~made~~ authorized or called until necessary to implement the purposes of this chapter. Classification of assessments under subsection (b) of this Code section and computation of assessments under this subsection shall be made with a reasonable degree of accuracy, recognizing that exact determinations may not always be possible. The association shall notify each member insurer of its anticipated pro rata share of an authorized assessment not yet called within 180 days after the assessment is authorized.

(d) The association may abate or defer in whole or in part the assessment of a member insurer if, in the opinion of the board of directors, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. In the event an assessment against a member insurer is abated or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this Code section. Once the conditions that caused a deferral have been removed or rectified, the member insurer shall pay all assessments that were deferred pursuant to a repayment plan approved by the association.

(e)(1) The total of all assessments upon a member insurer for each account shall not in any one calendar year exceed 2 percent of such insurer's premiums received in this state on the policies covered by the account during the calendar year preceding the assessment. If the maximum assessment in any account, together with the other assets of the association, does not provide in any one year in such account an amount sufficient to carry out the responsibilities of the association, the necessary additional funds shall be assessed as soon thereafter as permitted by this chapter.

(2) The total of all assessments upon a member insurer for each subaccount of the life insurance and annuity account shall not in any one calendar year exceed 2 percent of such insurer's premiums received in this state on the policies covered by the subaccount during the calendar year preceding the assessment. If the maximum assessment for any subaccount of the life insurance and annuity account in any one year does not provide an amount sufficient to carry out the responsibilities of the association, then the board shall assess the other subaccounts of the life insurance and annuity account for the necessary additional amount up to the maximum assessment level provided in paragraph (1) of this subsection.

(f) The board may, by an equitable method as established in the plan of operation, refund to member insurers, in proportion to the contribution of each insurer to that

account or subaccount, the amount by which the assets of the account or subaccount exceed the amount the board finds is necessary to carry out the obligations of the association during the coming year with regard to that account or subaccount, including assets accruing from net realized gains and income from investments. A reasonable amount may be retained in any account or subaccount to provide funds for the continuing expenses of the association and for future losses if the board determines that refunds are impractical.

(g) It shall be proper for any member insurer in determining its premium rates and policy owner dividends as to any kind of insurance within the scope of this chapter to consider the amount reasonably necessary to meet its assessment obligations under this chapter.

(h) The association shall issue to each insurer paying an assessment under this chapter, other than a Class A assessment, a certificate of contribution, in a form prescribed by the Commissioner for the amount of the assessment paid. All outstanding certificates shall be of equal dignity and priority without reference to amounts or dates of issue. A certificate of contribution may be shown by the insurer in its financial statement as an asset in such form, for such an amount and for such period of time, not to exceed five years from the date of assessment, as the Commissioner may approve.

(i)(1) A member insurer that wishes to protest all or part of an assessment shall pay when due the full amount of the assessment as set forth in the notice provided by the association. The payment shall be available to meet association obligations during the pendency of the protest or any subsequent appeal. Payment shall be accompanied by a statement in writing that the payment is made under protest and setting forth a brief statement of the grounds for the protest.

(2) Within 60 days following the payment of an assessment under protest by a member insurer, the association shall notify the member insurer in writing of its determination with respect to the protest unless the association notifies the member insurer that additional time is required to resolve the issues raised by the protest.

(3) Within 30 days after a final decision has been made, the association shall notify the protesting member insurer in writing of that final decision. Within 60 days of receipt of notice of the final decision, the protesting member insurer may appeal that final action to the Commissioner.

(4) In the alternative to rendering a final decision with respect to a protest based on a question regarding the assessment base, the association may refer protests to the Commissioner for a final decision, with or without a recommendation from the association.

(5) If the protest or appeal on the assessment is upheld, the amount paid in error or excess shall be returned to the member company. Interest on a refund due a protesting member shall be paid at the rate actually earned by the association.

(j) The association may request information of member insurers in order to aid in the exercise of its power under this Code section and member insurers shall promptly comply with a request.

33-38-16.

(a) The board of directors may, upon majority vote, make reports and recommendations to the Commissioner upon any matter germane to the solvency, liquidation, rehabilitation, or conservation of any member insurer, or to the solvency of any company seeking to do an insurance business in this state. Such reports and recommendations shall not be considered public documents.

(b) ~~It shall be the duty of the~~ The board of directors may, upon majority vote, ~~to~~ notify the Commissioner of any information indicating any member insurer may be an impaired or insolvent insurer.

(c) The board of directors may, upon majority vote, request that the Commissioner order an examination of any member insurer which the board in good faith believes may be an impaired or insolvent insurer. Within 30 days of the receipt of such request, the Commissioner shall begin such examination. The examination may be conducted as a National Association of Insurance Commissioners' examination or may be conducted by such persons as the Commissioner designates. The cost of such examination shall be paid by the association and the examination report shall be treated the same as other examination reports. In no event shall such examination report be released to the board of directors prior to its release to the public, but this shall not preclude the Commissioner from complying with subsection (a) of this Code section. The Commissioner shall notify the board of directors when the examination is completed. The request for an examination shall be kept on file by the Commissioner, but it shall not be open to public inspection prior to the release of the examination report to the public.

(d) The board of directors may, upon majority vote, make recommendations to the Commissioner for the detection and prevention of insurer insolvencies.

(e) The board of directors shall, at the conclusion of any insurer insolvency in which the association was obligated to pay covered claims, prepare a report to the Commissioner containing such information as it may have in its possession bearing on the history and causes of such insolvency. The board shall cooperate with the board of directors of guaranty associations in other states in preparing a report on the history and causes of insolvency of a particular insurer and may adopt by reference any report prepared by such other associations.

33-38-17.

(a) This chapter shall not be construed to reduce the liability for unpaid assessments of the insureds of an impaired or insolvent insurer operating under a plan with assessment liability.

(b) For the purpose of carrying out its obligations under this chapter, the association shall be deemed to be a creditor of the impaired or insolvent insurer to the extent of the assets attributable to covered policies, reduced by any amounts to which the association is entitled as subrogee pursuant to paragraph ~~(8)~~ (11) of Code Section 33-38-7. ~~All~~ The assets of the impaired or insolvent insurer attributable to covered policies shall be used by the association to continue ~~at~~ the covered policies and pay ~~at~~ the contractual

obligations of the impaired or insolvent insurer as required by this chapter. For purposes of this subsection, that portion of the total assets of an impaired or insolvent insurer that is attributable to covered policies shall be determined by using the same proportion as the reserves that should have been established for such policies bears to the reserves that should have been established for all policies of insurance written by the impaired or insolvent insurer.

(c) As a creditor of the impaired or insolvent insurer as established in subsection (b) of this Code section and consistent with Code Section 33-37-33, the association and other similar associations shall be entitled to receive a disbursement of assets out of the marshaled assets, from time to time as the assets become available to reimburse it, as a credit against contractual obligations under this chapter. If the liquidator has not, within 120 days of a final determination of insolvency of an insurer by the receivership court, made an application to the court for the approval of a proposal to disburse assets out of marshaled assets to guaranty associations having obligations because of the insolvency, then the association shall be entitled to make application to the receivership court for approval of its own proposal to disburse these assets.

~~(b)(1)~~(d)(1) Prior to the termination of any liquidation, rehabilitation, or conservation proceeding, the court may take into consideration the contributions of the respective parties, including the association, the shareholders, policy owners of the insolvent insurer, and any other party with a bona fide interest, in making an equitable distribution of the ownership rights of such insolvent insurer. In such a determination, consideration shall be given to the welfare of the policyholders of the continuing or successor insurer.

(2) No distribution to stockholders of an impaired or insolvent insurer shall be made until and unless the total amount of valid claims of the association with interest thereon for funds expended in carrying out its powers and duties under Code Section 33-38-7, with respect to such insurer, has been fully recovered by the association.

(3) No insurer that is subject to any delinquency proceedings, whether formal or informal, administrative or judicial, shall have any of its assets returned to the control of its shareholders or private management until all payments of or on account of the insurer's contractual obligations by all guaranty associations, along with all expenses thereof and interest on all such payments and expenses, shall have been repaid to the guaranty associations or a plan of repayment by the insurer shall have been approved by the guaranty association.

~~(e)(1)~~(e)(1) If an order for liquidation or rehabilitation of an insurer domiciled in this state has been entered, the receiver appointed under such order shall have a right on behalf of the insurer to recover from any affiliate the amount of distributions, other than stock dividends paid by the insurer on its capital stock, made at any time during the five years preceding the petition for liquidation or rehabilitation, subject to the limitations of this ~~subsection and subsections (a) and (b) of this Code section.~~

(2) No such distribution shall be recoverable if the insurer shows that the distribution was lawful and reasonable when paid and that the insurer did not know and could not reasonably have known that the distribution might adversely affect the ability of the

insurer to fulfill its contractual obligations.

(3) Any person who was an affiliate that controlled the insurer at the time the distributions were paid shall be liable to the extent of the distributions received. Any person who was an affiliate that controlled the insurer at the time the distributions were declared shall be liable to the extent of the distributions that would have been received if such distributions had been paid immediately. Whenever two persons are liable with respect to the same distribution, they shall be jointly and severally liable.

(4) The maximum amount recoverable under this subsection shall be the amount needed, in excess of all other available assets of the insolvent insurer, to pay the contractual obligations of the insolvent insurer.

(5) Whenever any person liable under paragraph (3) of this subsection is insolvent, all affiliates that controlled it at the time the distribution was paid shall be jointly and severally liable for any resulting deficiency in the amount recovered from the insolvent affiliate.

33-38-18.

All proceedings in any court in this state in which the insolvent insurer is a party shall be stayed ~~60~~ 180 days from the date of a final order of liquidation, rehabilitation, or conservation to permit proper legal action by the association on any matters germane to its powers or duties. As to judgment entered under any decision, order, verdict, or finding based on default, the association may apply to have such judgment set aside by the same court that made such judgment and shall be permitted to defend against such action on the merits.

33-38-19.

The liquidator, rehabilitator, or conservator of any impaired insurer may notify all interested persons of the effect of this chapter.

33-38-20.

Any action of the board of directors may be appealed to the Commissioner by any member insurer if such appeal is taken within ~~30~~ 60 days of its receipt of notice of the action being appealed. Any final action or order of the Commissioner shall be subject to judicial review in a court of competent jurisdiction in accordance with the laws of this state that may apply to the actions or orders of the Commissioner.

33-38-21.

(a) No person, including an insurer or agent or affiliate of an insurer, shall make, publish, disseminate, circulate, or place before the public or cause directly or indirectly to be made, published, disseminated, circulated, or placed before the public, in any newspaper, magazine, or other publication; in the form of a notice, circular, pamphlet, letter, or poster; over any radio station or television station; or in any other way, any advertisement, announcement, or statement which uses the existence of the association for the purposes of sales, solicitation, or inducement to purchase any form of insurance

covered by this chapter. This Code section shall not apply to the association or any other entity which does not sell or solicit insurance.

(b) Any person who violates subsection (a) of this Code section may, after notice and hearing and upon order of the Commissioner, be subject to one or more of the following:

(1) A monetary penalty of not more than \$1,000.00 for each act or violation, but not to exceed an aggregate penalty of \$10,000.00; or

(2) Suspension or revocation of his or her license or certificate of authority.

33-38-22.

(a) A member insurer may offset against its premium tax liability to this state an assessment described in Code Section 33-38-15 to the extent of 20 percent of the amount of such assessment for each of the five calendar years following the year in which such assessment was paid. In the event a member insurer should cease doing business, all uncredited assessments may be credited against its premium tax liability for the year it ceases doing business.

(b) Any sums which are acquired by refund, pursuant to subsection (f) of Code Section 33-38-15, from the association by member insurers and which have theretofore been offset against premium taxes as provided in subsection (a) of this Code section shall be paid by such insurers to this state in such manner as the Commissioner may require. The association shall notify the Commissioner that such refunds have been made."
