The Honorable Howard Maxwell
State Representative
State Capitol, Room 402
Atlanta, Georgia 30334

SUBJECT: State Auditor's Certification
House Bill 232 (LC 21 1976)

Dear Representative Maxwell:

This bill would amend provisions relating to employee contributions under the Regents Retirement Plan. Currently, the required employee contribution is determined by the board of trustees of the Teachers Retirement System. However, the board of trustees must set a rate that is not less than five percent nor more than six percent of the employee's earnable compensation. If this legislation is enacted, the provisions which limit the level of employee participation will be eliminated. Additionally, the responsibility for determining the required employee contribution will be moved to the Board of Regents. The Board of Regents currently determines the employer contribution for the plan.

This is to certify that this bill is a nonfiscal retirement bill as defined in the Public Retirement Systems Standards Law.

Respectfully,

/s/ Greg S. Griffin
State Auditor

Urging federal, state, and local government agencies not to contract with persons or businesses that are engaged in investment activities in Iran; and for other purposes.

WHEREAS, Congress and the President have determined that the illicit nuclear activities of the government of Iran, combined with its development of unconventional weapons and ballistic missiles and its support of international terrorism, represent a serious threat to the security of the United States, Israel, and other United States allies in Europe, the Middle East, and around the world; and

WHEREAS, the International Atomic Energy Agency has repeatedly called attention to Iran's unlawful nuclear activities, and, as a result, the United Nations Security Council has adopted a range of sanctions designed to encourage the government of Iran to cease those activities and comply with its obligations under the Treaty on the Non-Proliferation of Nuclear Weapons; and

WHEREAS, on July 1, 2010, President Barack Obama signed into law H.R. 2194, the "Comprehensive Iran Sanctions, Accountability, and Divestment Act of 2010" (Public Law 111-195), which expressly authorizes states and local governments to prevent investment in, including prohibiting entry into or renewing contracts with, companies operating in Iran's energy sector with investments that have the result of directly or indirectly supporting the efforts of the government of Iran to achieve nuclear weapons capability; and

WHEREAS, the serious and urgent nature of the threat from Iran demands that states, local governments, and private institutions work together with the federal government and American allies to do everything possible diplomatically, politically, and economically to prevent Iran from acquiring nuclear weapons capability; and

WHEREAS, respect for human rights in Iran has steadily deteriorated as demonstrated by transparently fraudulent elections and the brutal repression and murder, arbitrary arrests, and show trials of peaceful dissidents; and

WHEREAS, the concerns of this state and the members of the General Assembly regarding Iran are strictly the result of the actions of the government of Iran and should not be construed as enmity towards the Iranian people; and

WHEREAS, in order to effectively address the need for this state to respond to the policies of Iran in a uniform fashion, prohibiting contracts with persons engaged in investment activities in the energy sector of Iran must be accomplished on a state-wide basis.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE that the members of this body urge federal, state, and local government agencies not to contract with persons or businesses that are engaged in investment activities in Iran, unless otherwise permitted by federal law.

Article 1 of Chapter 8 of Title 19 of the Official Code of Georgia Annotated, relating to general provisions relative to adoption, is amended by adding a new Code section to read as follows:

"19-8-27.

(a) As used in this Code section, the term 'birth relative' means:

(1) A parent, biological father who is not the legal father, grandparent, brother, sister, half-brother, or half-sister who is related by blood or marriage to a child who is being adopted or who has been adopted; or

(2) A grandparent, brother, sister, half-brother, or half-sister who is related by adoption to a child who is being adopted or who has been adopted.

(b)(1) An adopting parent or parents and birth relatives or an adopting parent or parents, birth relatives, and a child who is 14 years of age or older who is being adopted or who has been adopted may voluntarily enter into a written postadoption contact agreement to permit continuing contact between such birth relatives and such child. A child who is 14 years of age or older shall be considered a party to a postadoption contact agreement.

(2) A postadoption contact agreement may provide for privileges regarding a child who is being adopted or who has been adopted, including, but not limited to, visitation with such child, contact with such child, sharing of information about such child, or sharing of information about birth relatives.

(3) In order to be an enforceable postadoption contact agreement, such agreement shall be in writing and signed by all of the parties to such agreement acknowledging their consent to its terms and conditions.

(4) Enforcement, modification, or termination of a postadoption contact agreement shall be under the continuing jurisdiction of the court that granted the petition of adoption; provided, however, that the parties to a postadoption contact agreement may expressly waive the right to enforce, modify, or terminate such agreement under this Code section.

(5) Any party to the postadoption contact agreement may, at any time, file the

original postadoption contact agreement with the court that has or had jurisdiction over the adoption if such agreement provides for the court to enforce such agreement or such agreement is silent as to the issue of enforcement.

(c) A postadoption contact agreement shall contain the following warnings in at least 14 point boldface type:

(1) After the entry of a decree for adoption, an adoption cannot be set aside due to the failure of an adopting parent, a birth parent, a birth relative, or the child to follow the terms of this agreement or a later change to this agreement; and

(2) A disagreement between the parties or litigation brought to enforce, terminate, or modify this agreement shall not affect the validity of the adoption and shall not serve as a basis for orders affecting the custody of the child.

(d)(1) As used in this subsection, the term 'parties' means the individuals who signed the postadoption contact agreement currently in effect, including the child if he or she is 14 years of age or older at the time of the action regarding such agreement, but such term shall exclude any third-party beneficiary to such agreement.

(2) A postadoption contact agreement may always be modified or terminated if the parties have voluntarily signed a written modified postadoption contact agreement or termination of a postadoption contact agreement. A modified postadoption contact agreement may be filed with the court if such agreement provides for the court to enforce such agreement or such agreement is silent as to the issue of enforcement.

(e) With respect to postadoption contact agreements that provide for court enforcement or termination or are silent as to such matters, any party, as defined in paragraph (1) of subsection (d) of this Code section, may file a petition to enforce or terminate such agreement with the court that granted the petition of adoption, and the court shall enforce the terms of such agreement or terminate such agreement if such court finds by a preponderance of the evidence that the enforcement or termination is necessary to serve the best interests of the child.

(f) With respect to postadoption contact agreements that provide for court modification or are silent as to modification, only the adopting parent or parents may file a petition seeking modification. Such petition shall be filed with the court that granted the petition of adoption, and the court shall modify such agreement if such court finds by a preponderance of the evidence that the modification is necessary to serve the best interests of the child and there has been a material change of circumstances since the current postadoption contact agreement was executed.

(g) A court may require the party seeking modification, termination, or enforcement of a postadoption contact agreement to participate in mediation or other appropriate alternative dispute resolution.

(h) All reasonable costs and expenses of mediation, alternative dispute resolution, and litigation shall be borne by the party, other than the child, filing the action to enforce, modify, or terminate a postadoption contact agreement when no party has been found by the court as failing to comply with an existing postadoption contact agreement. Otherwise, a party, other than the child, found by the court as failing to comply without good cause with an existing postadoption contact agreement shall bear all the costs and

expenses of mediation, alternative dispute resolution, and litigation of the other party.

(i) A court shall not set aside a decree of adoption, rescind a surrender, or modify an order to terminate parental rights or any other prior court order because of the failure of an adoptive parent, a birth relative, or the child to comply with any or all of the original terms of, or subsequent modifications to, a postadoption contact agreement."

Part 2

50-27-100.

The General Assembly finds that:

(1) There is a compelling state interest in ensuring the most efficient, honest, and

accurate regulation of the bona fide coin operated amusement machine industry in this state; and

(2) The most efficient, accurate, and honest regulation of the bona fide coin operated amusement machine industry in this state can best be facilitated by establishing a Class B accounting terminal to which all Class B machines will be linked by a communications network to provide superior capability of auditing, reporting, and regulation of the coin operated amusement machine industry.

50-27-101.

(a) On or before July 1, 2014, in cooperation with the Bona Fide Coin Operated Amusement Machine Operator Advisory Board established under Code Section 50-27-89, the corporation shall procure a Class B accounting terminal linked by a communications network through which all Class B machines in a location shall connect to a single point of commerce for the purpose of accounting and reporting to the state. In no event shall the terminal approved by the corporation limit participation to only one manufacturer or one type of bona fide coin operated amusement machine. Consideration shall be given to the cost associated with retrofitting all existing Class B machines and efforts made to minimize that cost.

(b) Six months after the procurement of a Class B accounting terminal and successful pilot testing, all Class B machines shall be linked by a communications network to a Class B accounting terminal for purposes of monitoring and reading device activities as provided for in this Code section. When the corporation is satisfied with the operation of the Class B accounting terminal it shall certify the effective status of the Class B accounting terminal and notify all licensees of such certification.

(c) The Class B accounting terminal shall be designed and operated to allow the monitoring and reading of all Class B machines for the purpose of compliance with regard to their obligations to the state. The Class B accounting terminal shall be located within and administered by the corporation.

(d) The Class B accounting terminal shall not provide for the monitoring or reading of personal or financial information concerning patrons of bona fide coin operated amusement machines.

(e) Any entity that acts as a vendor for the corporation in building, operating, maintaining, or contracting to build, operate, or maintain a Class B accounting terminal shall be prohibited from obtaining a license as an operator or location owner or location operator. As used in this subsection, the term 'entity' shall also include the entity's employees, independent contractors, consultants, or any other person as defined in paragraph (15) of subsection (b) of Code Section 50-27-70 which is related to the entity during the time the vendor is involved with providing service as it relates to the Class B accounting terminal for the corporation.

(f) Except as provided in subsection (e) of Code Section 50-27-73, nothing in this part shall be construed to provide any authority to the corporation to limit or eliminate Class B machines or to limit, eliminate, or unduly restrict the number of licenses, permits, or certifications for operators or location owners or location operators.

(g) The corporation shall not expand, limit, or otherwise alter what constitutes a bona fide coin operated amusement machine and the permitted redemption related items, except that the corporation shall be permitted to authorize any ticket or product of the corporation.

50-27-102.

(a) Upon successful implementation and certification of the Class B accounting terminal under the provisions of Code Section 50-27-101, and for the first fiscal year thereafter, the corporation shall:

(1) Retain 5 percent of the net receipts;

(2) Provide, within five business days of receipt, 47.5 percent of the net receipts to the location owner and location operator for the cost associated with allowing the Class B machines to be placed; and

(3) Provide, within five business days of receipt, 47.5 percent of the net receipts to the operator holding the Class B master license for the cost of securing, operating, and monitoring the machines.

(b) In each fiscal year after the implementation and certification required by subsection (a) of this Code Section, the corporation's share shall increase 1 percent, taken evenly from the location owner or location operator and the operator, to a maximum of 10 percent.

(c) The corporation shall require location owners and location operators to place all bona fide coin operated amusement machine proceeds due the corporation in a segregated account in institutions insured by the Federal Deposit Insurance Corporation not later than the close of the next banking day after the date of their collection by the retailer until the date they are paid over to the corporation. At the time of such deposit, bona fide coin operated amusement machine proceeds shall be deemed to be the property of the corporation. The corporation may require a location owner or location operator to establish a single separate electronic funds transfer account where available for the purpose of receiving proceeds from Class B machines, making payments to the corporation, and receiving payments for the corporation. Unless otherwise authorized in writing by the corporation, each bona fide coin operated amusement machine location owner or location operator shall establish a separate bank account for bona fide coin operated amusement machine proceeds which shall be kept separate and apart from all other funds and assets and shall not be commingled with any other funds or assets. Whenever any person who receives proceeds from bona fide coin operated amusement machines becomes insolvent or dies insolvent, the proceeds due the corporation from such person or his or her estate shall have preference over all debts or demands. If any financial obligation to the corporation has not been timely received, the officers, directors, members, partners, or shareholders of the location owner or location operator shall be personally liable for the moneys owed to the corporation.

50-27-103.

(a) Any local governing authority may, after providing no less than 60 days' notice to

all master licensees and location owners and location operators, and in a manner consistent with this Code section, vote to remove any Class B machines from the local jurisdiction.

(b) Beginning on the first day of the first January after the certification of the Class B accounting terminal under the provisions of Code Section 50-27-101:

(1) The corporation shall notify any master licensee and location owner and location operator of any materially adverse findings of any audit conducted by the corporation to ensure compliance with Code Section 50-27-102. The notice shall be provided to both the master licensee and the location owner or location operator, regardless of which party's acts or conduct caused the materially adverse finding;

(2) If, after the notice required by this Code section, another consecutive audit conducted by the corporation not less than six months later contains a similar materially adverse finding, the corporation shall notify the master licensee and the location owner or location operator that were audited and every master licensee and location owner and location operator in this state. After the second consecutive audit described in this paragraph, the corporation may enter into a corrective action plan with the master licensee or the location owner or location operator, or both. If the next audit conducted by the corporation not less than six months later contains a similar materially adverse finding, the corporation shall notify the master licensee and the location owner or location operator that were audited and every master licensee and location owner and location operator in this state, and such notice shall be considered an order by the corporation. Unless a longer period of time is agreed to by the corporation, not more than 30 days after the third consecutive materially adverse audit finding, the master licensee and location owner or location operator that were audited may appeal the findings of any of the three audits to the Office of State Administrative Hearings as a contested case under Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' If the master licensee or location owner or location operator that was audited does not appeal the corporation's order as authorized in this Code section, it shall be deemed a final order and shall be used to determine whether the notice to local governing authorities provided for in paragraph (3) of this subsection is required, and only upon such notice shall the action described by subsection (a) of this Code section be authorized. For the purposes of this Code section, notice shall be provided in the same manner required by subsection (b) of Code Section 50-27-74; and

(3) If, pursuant to paragraph (2) of this subsection, a final judgment or final order has been entered against at least 15 percent of master licensees and location owners and location operators in a local jurisdiction over any consecutive two-year period, the corporation shall notify the city or county and each and every licensee in this state.

SECTION 33A.

Chapter 2A of Title 20 of the Official Code of Georgia Annotated, relating to student scholarship organizations, is amended by revising paragraph (1) of Code Section 20-2A-1, relating to definitions, as follows:

"(1) 'Eligible student' means a student who is a Georgia resident who, immediately prior to receiving a scholarship or tuition grant under Code Section 20-2A-2 and enrolling in a qualified school or program, was enrolled in and attended for at least six weeks a Georgia secondary or primary public school or who is eligible to enroll in a qualified first grade, kindergarten program, or pre-kindergarten program; provided, however, that if a student is deemed an eligible student pursuant to this paragraph, he or she shall continue to qualify as such until he or she graduates, reaches the age of 20, or returns to a public school, whichever occurs first; and provided, further, that the enrollment and six-week public school attendance requirements shall be waived in the case of a student who, based on the school attendance zone of his or her primary residence, is or would be assigned to a public school that the Office of Student Achievement determines to be a low-performing school, who is the subject of officially documented cases of school based physical violence or student related verbal abuse threatening physical harm, or who was enrolled in a home study program meeting the requirements of subsection (c) of Code Section 20-2-690 for at least one year immediately prior to receiving a scholarship or tuition grant under Code Section 20-2A-2."

SECTION 33B.

Said chapter is further amended by revising Code Section 20-2A-2, relating to requirements for student scholarship organizations, as follows:

"20-2A-2.

Each student scholarship organization:

(1) ~~Must~~ With respect to the first \$1.5 million of its annual revenue received from donations for scholarships or tuition grants, must obligate for scholarships or tuition grants at least 90 percent of such its annual revenue received from donations for scholarships or tuition grants in excess of \$1.5 million and up to and including \$10 million, must obligate at least 93 percent of such revenue for scholarships and tuition grants; with respect to its annual revenue received from donations for scholarships or tuition grants in excess of \$10 million and up to and including \$20 million, must obligate at least 94 percent of such revenue for scholarships and tuition grants; and, with respect to its annual revenue received from donations for scholarships or tuition grants in excess of \$20 million, must obligate at least 95 percent of such revenue for scholarships and tuition grants however, up to 25 percent of this amount may be carried forward for the next fiscal year. On or before the end of the calendar year following the calendar year in which a student scholarship organization receives revenues from donations and obligates them for the awarding of scholarships or tuition grants, the student scholarship organization shall designate the obligated revenues for specific student recipients. Once the student scholarship organization designates obligated revenues for specific student recipients, in the case of multiyear scholarships or tuition grants, the student scholarship organization may distribute the entire obligated and designated revenues to a qualified school or program to be held in accordance with Department of Revenue rules for distribution to the specified recipients during the years in which the recipients are projected in writing by the private school to be enrolled at the qualified school or program. In making a multiyear distribution to a qualified school or program, the student scholarship organization shall require that if the designated student becomes ineligible or for any other reason the qualified school or program elects not to continue disbursement of the multiyear scholarship or tuition grant to the designated student for all the projected years, then the qualified school or program shall immediately return the remaining funds to the student scholarship organization. Once the student scholarship organization designates obligated revenues for specific student recipients, in the case of multiyear scholarships or tuition grants for which the student scholarship organization distributes the obligated and designated revenues to a qualified school or program annually rather than the entire amount, if the designated student becomes ineligible or for any other reason the student scholarship organization elects not to continue disbursement for all years, then the student scholarship organization shall designate any remaining previously obligated revenues for a new specific student recipient on or before the end of the following calendar year. The maximum scholarship amount given by the student scholarship organization in any given year shall not exceed the average state and local expenditures per student in fall enrollment in public elementary and secondary education for this state. The Department of Education shall determine and publish

such amount annually, no later than January 1;

(1.1) In awarding scholarships or tuition grants, shall consider financial needs of students based on all sources, including the federal adjusted gross income from the federal income tax return most recently filed by the parents or guardians of such students, as adjusted for family size. If the parents or guardians of a student have not filed a federal income tax return in either of the two calendar years immediately preceding the year of application, the student scholarship organization shall consider the financial need of the student based on proof of employment income of the parents or guardians from the 30 consecutive days closest to when the applicant submitted the scholarship application and on any other sources of income, including, but not limited to, unemployment benefits, social security benefits, and child support benefits;

(2) Must maintain separate accounts for scholarship funds and operating funds. Until obligated revenues are designated for specific student recipients, the student scholarship organization shall hold the obligated revenues in a bank or investment account owned by the student scholarship organization and over which it has complete control;

(3) Must have an independent board of directors with at least three members;

(4) May transfer funds to another student scholarship organization;

(5) Must conduct an audit of its accounts by an independent certified public accountant within 120 days after the completion of the student scholarship organization's fiscal year verifying that it ~~obligated for scholarships or tuition grants at least 90 percent of its annual revenue received from donations for scholarships or tuition grants~~ has complied with all requirements of this Code section, including but not limited to financial requirements. Each student scholarship organization shall provide a copy of ~~and provide~~ such audit to the Department of Revenue in accordance with Code Section 20-2A-3. Notwithstanding Code Sections 20-2A-7, 48-2-15, 48-7-60, and 48-7-61, if the copy of the audit submitted fails to verify that the student scholarship organization obligated its annual revenue received from donations for scholarships or tuition grants as required under paragraph (1) of this Code section; that obligated revenues were designated for specific student recipients within the time frame required by paragraph (1) of this Code section; and that all obligated and designated revenue distributed to a qualified school or program for the funding of multiyear scholarships or tuition grants complied with all applicable Department of Revenue rules, then the Department of Revenue shall post on its website the details of such failure to verify. Until any such noncompliant student scholarship organization submits an amended audit, which, to the satisfaction of the Department of Revenue, contains the verifications required under this Code section, the Department of Revenue shall not preapprove any contributions to the noncompliant student scholarship organization; and

(6) Must annually submit notice to the Department of Education in accordance with department guidelines of its participation as a student scholarship organization under this chapter."

SECTION 33C.

Said chapter is further amended by revising Code Section 20-2A-3, relating to taxation reporting requirements for student scholarship organizations, as follows:

"(a) Each student scholarship organization must report to the Department of Revenue, on a form provided by the Department of Revenue, by January 12 of each tax year the following:

Such report shall also include a copy of the audit conducted pursuant to paragraph (5) of Code Section 20-2A-2. The Department of Revenue shall post on its website the information received ~~by~~ from each student scholarship organization pursuant to paragraphs (1) through (4) of this subsection.

~~(b) The Department of Revenue shall not require any other information from student scholarship organizations, except as expressly authorized in this chapter. Except for the information reported pursuant to paragraphs (1) through (4) of subsection (a) of this Code section, all~~ All information or reports provided by student scholarship organizations to the Department of Revenue shall be confidential taxpayer information, governed by Code Sections 48-2-15, 48-7-60, and 48-7-61, whether it relates to the donor or the student scholarship organization."

~~(1)~~(2) 'Qualified education expense' means the expenditure of funds by the taxpayer during the tax year for which a credit under this Code section is claimed and allowed to a student scholarship organization operating pursuant to Chapter 2A of Title 20

~~(2)~~(3) 'Qualified school or program' shall have the same meaning as in paragraph (2) of Code Section 20-2A-1.

~~(3)~~(4) 'Student scholarship organization' shall have the same meaning as in paragraph (3) of Code Section 20-2A-1.

(b) An individual taxpayer shall be allowed a credit against the tax imposed by this chapter for qualified education expenses as follows:

(1) In the case of a single individual or a head of household, the actual amount expended or \$1,000.00 per tax year, whichever is less; ~~or~~

(2) In the case of a married couple filing a joint return, the actual amount expended or \$2,500.00 per tax year, whichever is less; or

(3) Anything to the contrary contained in paragraph (1) or (2) of this subsection notwithstanding, in the case of an individual who is a member of a limited liability company duly formed under state law, a shareholder of a Subchapter 'S' corporation, or a partner in a partnership, the amount expended or \$10,000.00 per tax year, whichever is less; provided, however, that tax credits pursuant to this paragraph shall only be allowed for the portion of the income on which such tax was actually paid by such member of the limited liability company, shareholder of a Subchapter 'S' corporation, or partner in a partnership.

(c) A corporation or other entity shall be allowed a credit against the tax imposed by this chapter for qualified education expenses in an amount not to exceed the actual amount expended or 75 percent of the corporation's income tax liability, whichever is less.

(d)(1) The tax credit shall not be allowed if the taxpayer designates the taxpayer's qualified education expense for the direct benefit of any particular individual, whether or not such individual is a dependent of the taxpayer.

The status as a student scholarship organization shall be revoked for any such organization which violates this paragraph.

(e) In no event shall the total amount of the tax credit under this Code section for a taxable year exceed the taxpayer's income tax liability. Any unused tax credit shall be allowed the taxpayer against the succeeding five years' tax liability. No such credit shall be allowed the taxpayer against prior years' tax liability.

~~(f)(1) In no event shall the aggregate amount of tax credits allowed under this Code section exceed \$50 \$65 million per tax year; provided, however, that this maximum amount shall be adjusted annually until January 1, 2018, which adjustment may be based on the most recent annual percentage change in the Consumer Price Index for All Urban Consumers, U.S. City Average All Items Index, published by the Bureau of Labor Statistics of the United States Department of Labor, as determined by the department.~~

Before making a contribution to a student scholarship organization, the taxpayer shall electronically notify the department, in a manner specified by the department, of the total amount of contributions that the taxpayer intends to make to the student scholarship organization. In order to receive a tax credit under this Code section, the taxpayer shall make the contribution to the student scholarship organization within 60 days after receiving notice from the department that the requested amount was preapproved. If the taxpayer does not comply with this paragraph, the commissioner shall not include this preapproved contribution amount when calculating the limit prescribed in paragraph (1) of this subsection. The department shall establish a ~~web-based~~ web based donation approval process to implement this subsection.

(4) Preapproval of contributions by the commissioner shall be based solely on the availability of tax credits subject to the aggregate total limit established under paragraph (1) of this subsection. The department shall maintain an ongoing, current list on its website of the amount of tax credits available under this Code section.

(5) Notwithstanding any laws to the contrary, the department shall not take any adverse action against donors to student scholarship organizations if the commissioner preapproved a donation for a tax credit prior to the date the student scholarship organization is removed from the Department of Education list pursuant to Code Section 20-2A-7, and all such donations shall remain as preapproved tax credits subject only to the donor's compliance with paragraph (3) of this subsection.

(g) In order for the taxpayer to claim the student scholarship organization tax credit under this Code section, a letter of confirmation of donation issued by the student scholarship organization to which the contribution was made shall be attached to the taxpayer's tax return. However, in the event the taxpayer files an electronic return, such confirmation shall only be required to be electronically attached to the return if the Internal Revenue Service allows such attachments when the data is transmitted to the department. In the event the taxpayer files an electronic return and such confirmation is not attached because the Internal Revenue Service does not, at the time of such electronic filing, allow electronic attachments to the Georgia return, such confirmation shall be maintained by the taxpayer and made available upon request by the commissioner. The letter of confirmation of donation shall contain the taxpayer's name, address, tax identification number, the amount of the contribution, the date of the contribution, and the amount of the credit.

(h)(1) No credit shall be allowed under this Code section with respect to any amount deducted from taxable net income by the taxpayer as a charitable contribution to a bona fide charitable organization qualified under Section 501(c)(3) of the Internal

Revenue Code.

(2) The amount of any scholarship received by an eligible student or eligible pre-kindergarten student shall be excluded from taxable net income for Georgia income tax purposes.

(i) The commissioner shall be authorized to promulgate any rules and regulations necessary to implement and administer the tax provisions of this Code section."

SECTION 33E.

Section 54: Budgetary Control and Interpretation

The appropriations in this Act consist of the amount stated in the right-most column, for each line at the lowest level of detail for the fund source categories, "Total State Funds" and "Total Federal Funds," under a caption beginning with a program or special project number that has a 100 or a higher number after the decimal and a program or special project name. In each case, such appropriation is associated with the immediately preceding program or special project name, number, and statement of program or special project purpose. The program or special project purpose is stated immediately below the program or special project name. For authorizations for general obligation debt in Section 50, the indented, bold-faced paragraphs following each Bond number are the lowest level of detail and constitute appropriations in accordance with Article VII, Section IV, Paragraph III(a)(1) of the Georgia Constitution. The caption above the Bond number, the light-faced text immediately following the Bond number before the bold-faced text, and the light-faced after the bold-faced text are information only.

Similarly, text in a group of lines that has a number less than 100 after the decimal (01 through 99) is not part of a statement of purpose but constitutes information as to how the appropriation was derived. Amounts in the columns other than the right-

most column are for informational purposes only. The summary and lowest level of detail for the fund source categories "Total Agency Funds" and "Total Intra-State Governmental Transfers," are for informational purposes only. The blocks of text and numerals immediately following the section header and beginning with the phrases, "Section Total - Continuation" and "Section Totals - Final" are for informational purposes only. Sections 51, 52, and 53 contain, constitute, or amend appropriations.

Section 55: Flex

Notwithstanding any other statement of purpose, the purpose of each appropriation of federal funds or other funds shall be the stated purpose or any other lawful purpose consistent with the fund source and the general law powers of the budget unit.

In the preceding sentence, "Federal Funds" means any federal funding source, whether specifically identified or not specifically identified; "Other Funds" means all other fund sources except State Funds or Federal Funds, including without limitation Intra-State Government Transfers. This paragraph shall not permit an agency to include within its flex the appropriations for an agency attached to it for administrative purposes.

For purposes of the appropriations for the "Medicaid: Low-Income Medicaid" and "Medicaid: Aged, Blind, and Disabled" programs of the Department of Community Health, the appropriation of a particular State fund source for each program shall be the amount stated, and each such program shall also be authorized up to an additional amount of 10 percent (10%) of the amount stated. However, if the additional authority is used, the appropriation of the same State fund source for the other program to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the two programs shall not be exceeded. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added.

weeks a Georgia secondary or primary public school or who is eligible to enroll in a qualified first grade, kindergarten program, or pre-kindergarten program; provided, however, that if a student is deemed an eligible student pursuant to this paragraph, he or she shall continue to qualify as such until he or she graduates, reaches the age of 20, or returns to a public school, whichever occurs first; and provided, further, that the enrollment and six-week public school attendance requirements shall be waived in the case of a student who, based on the school attendance zone of his or her primary residence, is or would be assigned to a public school that the Office of Student Achievement determines to be a low-performing school, who is the subject of officially documented cases of school based physical violence or student related verbal abuse threatening physical harm, or who was enrolled in a home study program meeting the requirements of subsection (c) of Code Section 20-2-690 for at least one year immediately prior to receiving a scholarship or tuition grant under Code Section 20-2A-2."

SECTION 33B.

Said chapter is further amended by revising Code Section 20-2A-2, relating to requirements for student scholarship organizations, as follows:

"20-2A-2.

Each student scholarship organization:

(1) Must With respect to the first \$1.5 million of its annual revenue received from donations for scholarships or tuition grants, must obligate for scholarships or tuition grants at least 90 percent of such its annual revenue received from donations for scholarships or tuition grants; with respect to its annual revenue received from donations for scholarships or tuition grants in excess of \$1.5 million and up to and including \$10 million, must obligate at least 93 percent of such revenue for scholarships and tuition grants; with respect to its annual revenue received from donations for scholarships or tuition grants in excess of \$10 million and up to and including \$20 million, must obligate at least 94 percent of such revenue for scholarships and tuition grants; and, with respect to its annual revenue received from donations for scholarships or tuition grants in excess of \$20 million, must obligate at least 95 percent of such revenue for scholarships and tuition grants however, up to 25 percent of this amount may be carried forward for the next fiscal year. On or before the end of the calendar year following the calendar year in which a student scholarship organization receives revenues from donations and obligates them for the awarding of scholarships or tuition grants, the student scholarship organization shall designate the obligated revenues for specific student recipients. Once the student scholarship organization designates obligated revenues for specific student recipients, in the case of multiyear scholarships or tuition grants, the student scholarship organization may distribute the entire obligated and designated revenues to a qualified school or program to be held in accordance with Department of Revenue rules for distribution to the specified recipients during the years in which the recipients are projected in writing by the private school to be enrolled at the qualified school or

program. In making a multiyear distribution to a qualified school or program, the student scholarship organization shall require that if the designated student becomes ineligible or for any other reason the qualified school or program elects not to continue disbursement of the multiyear scholarship or tuition grant to the designated student for all the projected years, then the qualified school or program shall immediately return the remaining funds to the student scholarship organization. Once the student scholarship organization designates obligated revenues for specific student recipients, in the case of multiyear scholarships or tuition grants for which the student scholarship organization distributes the obligated and designated revenues to a qualified school or program annually rather than the entire amount, if the designated student becomes ineligible or for any other reason the student scholarship organization elects not to continue disbursement for all years, then the student scholarship organization shall designate any remaining previously obligated revenues for a new specific student recipient on or before the end of the following calendar year. The maximum scholarship amount given by the student scholarship organization in any given year shall not exceed the average state and local expenditures per student in fall enrollment in public elementary and secondary education for this state. The Department of Education shall determine and publish such amount annually, no later than January 1;

(1.1) In awarding scholarships or tuition grants, shall consider financial needs of students based on all sources, including the federal adjusted gross income from the federal income tax return most recently filed by the parents or guardians of such students, as adjusted for family size. If the parents or guardians of a student have not filed a federal income tax return in either of the two calendar years immediately preceding the year of application, the student scholarship organization shall consider the financial need of the student based on proof of employment income of the parents or guardians from the 30 consecutive days closest to when the applicant submitted the scholarship application and on any other sources of income, including, but not limited to, unemployment benefits, social security benefits, and child support benefits;

(2) Must maintain separate accounts for scholarship funds and operating funds. Until obligated revenues are designated for specific student recipients, the student scholarship organization shall hold the obligated revenues in a bank or investment account owned by the student scholarship organization and over which it has complete control;

(3) Must have an independent board of directors with at least three members;

(4) May transfer funds to another student scholarship organization;

(5) Must conduct an audit of its accounts by an independent certified public accountant within 120 days after the completion of the student scholarship organization's fiscal year verifying that it ~~obligated for scholarships or tuition grants at least 90 percent of its annual revenue received from donations for scholarships or tuition grants~~ has complied with all requirements of this Code section, including but not limited to financial requirements. Each student scholarship organization shall provide a copy of and provide such audit to the Department of Revenue in accordance

with Code Section 20-2A-3. Notwithstanding Code Sections 20-2A-7, 48-2-15, 48-7-60, and 48-7-61, if the copy of the audit submitted fails to verify that the student scholarship organization obligated its annual revenue received from donations for scholarships or tuition grants as required under paragraph (1) of this Code section; that obligated revenues were designated for specific student recipients within the time frame required by paragraph (1) of this Code section; and that all obligated and designated revenue distributed to a qualified school or program for the funding of multiyear scholarships or tuition grants complied with all applicable Department of Revenue rules, then the Department of Revenue shall post on its website the details of such failure to verify. Until any such noncompliant student scholarship organization submits an amended audit, which, to the satisfaction of the Department of Revenue, contains the verifications required under this Code section, the Department of Revenue shall not preapprove any contributions to the noncompliant student scholarship organization; and

(6) Must annually submit notice to the Department of Education in accordance with department guidelines of its participation as a student scholarship organization under this chapter."

SECTION 33C.

Said chapter is further amended by revising Code Section 20-2A-3, relating to taxation reporting requirements for student scholarship organizations, as follows:

"(a) Each student scholarship organization must report to the Department of Revenue, on a form provided by the Department of Revenue, by January 12 of each tax year the following:

Any unused tax credit shall be allowed the taxpayer against the succeeding five years' tax liability. No such credit shall be allowed the taxpayer against prior years' tax liability.

(f)(1) In no event shall the aggregate amount of tax credits allowed under this Code section exceed ~~\$50~~ \$65 million per tax year; ~~provided, however, that this maximum amount shall be adjusted annually until January 1, 2018, which adjustment may be based on the most recent annual percentage change in the Consumer Price Index for All Urban Consumers, U.S. City Average All Items Index, published by the Bureau of Labor Statistics of the United States Department of Labor, as determined by the department.~~

Section 20-2A-7, and all such donations shall remain as preapproved tax credits subject only to the donor's compliance with paragraph (3) of this subsection.

(g) In order for the taxpayer to claim the student scholarship organization tax credit under this Code section, a letter of confirmation of donation issued by the student scholarship organization to which the contribution was made shall be attached to the taxpayer's tax return. However, in the event the taxpayer files an electronic return, such confirmation shall only be required to be electronically attached to the return if the Internal Revenue Service allows such attachments when the data is transmitted to the department. In the event the taxpayer files an electronic return and such confirmation is not attached because the Internal Revenue Service does not, at the time of such electronic filing, allow electronic attachments to the Georgia return, such confirmation shall be maintained by the taxpayer and made available upon request by the commissioner. The letter of confirmation of donation shall contain the taxpayer's name, address, tax identification number, the amount of the contribution, the date of the contribution, and the amount of the credit.

(h)(1) No credit shall be allowed under this Code section with respect to any amount deducted from taxable net income by the taxpayer as a charitable contribution to a bona fide charitable organization qualified under Section 501(c)(3) of the Internal Revenue Code.

(2) Reissuance fees charged by the Department of Revenue shall be retained by the Department of Revenue.

(3) Restoration fees charged by the department shall be retained by the department.

(e)(1) Any party who has exhausted all administrative remedies available before the department and who is aggrieved by a final decision of the department made pursuant to this Code section may seek judicial review of the final order of the department in the Superior Court of Fulton County or in the superior court of the county in which the principal place of business of the aggrieved party is located.

(2) Proceedings for review shall be instituted by filing a petition within 30 days after the service of the final decision of the department or, if a rehearing is requested, within 30 days after the decision thereon. A motion for rehearing or reconsideration after a final decision by the department shall not be a prerequisite to the filing of a petition for review. Copies of the petition shall be served upon the department and all parties of record before the department.

(3) The petition shall state the nature of the petitioner's interest, the facts showing that the petitioner is aggrieved by the decision, and the ground upon which the petitioner contends the decision should be reversed. The petition may be amended by leave of court.

(4) Within 30 days after service of the petition or within such further time as is stipulated by the parties or as is allowed by the court, the agency shall have transmitted to the reviewing court the original or a certified copy of the entire record of the proceedings under review. By stipulation of all parties to the review proceedings, the record may be shortened. A party unreasonably refusing to stipulate that the record be limited may be taxed for the additional costs. The court may require or permit subsequent corrections or additions to the record.

(5) The review shall be conducted by the court without a jury and shall be confined to the record. The court shall not substitute its judgment for that of the department as to

the weight of the evidence on questions of fact. The court may affirm the decision of the department or remand the case for further proceedings. The court may reverse the decision of the department if substantial rights of the petitioner have been prejudiced because the department's findings, inferences, conclusions, or decisions are:

(A) In violation of constitutional or statutory provisions;

(B) In excess of the statutory authority of the department;

(C) Made upon unlawful procedure;

(D) Clearly not supported by any reliable, probative, and substantial evidence on the record as a whole; or

(E) Arbitrary or capricious.

(6) A party aggrieved by an order of the court may appeal to the Supreme Court or to the Court of Appeals in accordance with Article 2 of Chapter 6 of Title 5, the 'Appellate Practice Act.'"

SECTION 5.

Said chapter is further amended by adding a new Code section to read as follows:

"40-1-56.1.

(a) Whenever any motor carrier or limousine carrier owes penalties to the department which were imposed for violations pursuant to Code Section 40-1-56 and the violation relates to an identifiable vehicle, then the motor carrier or limousine carrier shall have 60 days from the date of the assessed penalty or final judicial review following an appeal of the assessment. If the assessment is not paid within the 60 days, such assessment shall become a lien upon the identified motor vehicle found to be in violation, and the lien shall be superior to all liens except liens for taxes or perfected security interests established before the debt to the department was created.

(b) The department shall perfect the lien created under this Code section by sending notice thereof on a notice designated by the department, by first-class mail or by statutory overnight delivery, return receipt requested, to the owner and all holders of liens and security interests shown on the records of the Department of Revenue maintained pursuant to Chapter 3 of this title. Upon receipt of notice from the Department of Public Safety, the holder of the certificate of title shall surrender the same to the state revenue commissioner for issuance of a replacement certificate of title bearing the lien of the department unless the assessment is paid within 60 days of the receipt of notice. The Department of Revenue may append the lien to its records, notwithstanding the failure of the holder of the certificate of title to surrender such certificate as required by this subsection.

(c) Upon issuance of a title bearing the lien of the department, or the appending of the lien to the records of the Department of Revenue, the owner of the vehicle or the holder of any security interest or lien shown in the records of the Department of Revenue may satisfy such lien by payment of the amount of the assessment, including hearing costs, if any, and payment of an additional reissuance fee of \$100.00 which shall be paid to the Department of Revenue. Upon receipt of such amount, the department shall release its lien and the Department of Revenue shall issue a new title without the lien.

(d)(1) The department, in seeking to foreclose its lien on the motor vehicle arising out of an assessed violation pursuant to Code Section 40-1-56, may seek an immediate writ of possession from the court before whom the petition is filed, if the petition contains a statement of facts, under oath, by the department, its agents, its officers, or attorney setting forth the basis of the petitioner's claim and sufficient grounds for issuance of an immediate writ of possession.

(2) The department shall allege under oath specific facts sufficient to show that it is within the power of the defendant to conceal, encumber, convert, convey, or remove from the jurisdiction of the court the property which is the subject matter of the petition.

(3) The court before whom the petition is pending shall issue a writ for immediate possession upon finding that the petitioner has complied with paragraphs (1) and (2) of this subsection. If the petitioner is found not to have made sufficient showing to obtain an immediate writ of possession, the court may, nevertheless, treat the petition as one being filed under Code Section 44-14-231 and proceed accordingly.

(4) When an immediate writ of possession has been granted, the department shall proceed against the defendant in the same manner as provided for in Code Sections 44-14-265 through 44-14-269.

(e)(1) Whenever any motor carrier or limousine carrier fails within 60 days of the date of issuance of a penalty involving an identifiable vehicle assessed pursuant to Code Section 40-1-56 either to pay the assessment or appeal to the department for an administrative review, the Department of Revenue may act to suspend the motor vehicle registration of the vehicle involved. However, if the motor carrier or limousine carrier requests an administrative review, the Department of Revenue shall act to suspend the registration only after the issuance of a final decision favorable to the department and the requisite failure of the motor carrier or limousine carrier to pay the assessment. Upon such failure to pay the assessment, the Department of Revenue shall send a letter to the owner of such motor vehicle notifying the owner of the suspension of the motor vehicle registration issued to the motor vehicle involved in violation which was the basis for the penalty. Upon complying with this subsection by paying the overdue assessment, submitting proof of compliance, and paying a \$10.00 restoration fee to the Department of Revenue, the state revenue commissioner shall reinstate any motor vehicle registration suspended under this subsection. In cases where the motor vehicle registration has been suspended under this subsection for a second or subsequent time during any two-year period, the Department of Revenue shall suspend the motor vehicle registration for a period of 60 days and thereafter until the owner submits proof of compliance with this subsection and pays a \$150.00 restoration fee to the Department of Revenue.

(2) Unless otherwise provided for in this Code section, notice of the effective date of the suspension of a motor vehicle registration occurs when the owner has actual knowledge or legal notice thereof, whichever first occurs. For the purposes of making any determination relating to the restoration of a suspended motor vehicle registration, no period of suspension shall be deemed to have begun until ten days after the mailing

of the notice required in paragraph (1) of this subsection.

(3) For the purposes of this subsection, except where otherwise provided, the mailing of a notice to a motor carrier or limousine carrier at the name and address shown in records of the Department of Revenue maintained under Chapter 3 of this title shall, with respect to the holders of liens and security interests, be presumptive evidence that such motor carrier or limousine carrier received the required notice.

(4) For the purposes of this subsection, except where otherwise provided, the mailing of a notice to owners and operators of vehicles involved in a penalty assessed pursuant to 40-1-56 shall be presumptive evidence that such motor carrier or limousine carrier received the required notice.

(5) The state revenue commissioner may suspend the motor vehicle registration of any offending vehicle for which payment of an assessment is made by a check that is returned for any reason."
