SUBJECT: Fiscal Note
House Bill 490 Substitute (LC 33 5423S)

Dear Chairman Rogers:

This bill would revise health insurance coverage for employees of county and regional libraries, requiring personnel employed by these libraries to work at least 30 hours per week in order to qualify for health insurance benefits through the State Health Benefit Plan (SHBP). Currently, such employees are required to work only 17.5 hours per week to qualify for SHBP coverage, which is administered through the State's Department of Community Health (DCH).

A precise estimate of the net fiscal impact of this bill to the State cannot be calculated, as it would depend upon the actual claims experience of the affected library personnel covered through the SHBP. Overall, however, the DCH anticipates the bill's impact at the State level to be negligible, as the bill may affect an estimated 164 employees compared to the more than 600,000 total persons covered through the SHBP. This is further explained in subsequent paragraphs. The bill's fiscal impact upon local governments, however, is estimated to result in a maximum savings of approximately \$1.66 million annually.

Approximately 164 library personnel would be impacted by the bill, according to information obtained from the Georgia Public Library Service (GPLS). This information shows that a total of 164 employees of county and regional libraries currently work more than 17.5 hours per week, but less than 30 hours per week. This group of employees would no longer qualify for SHBP coverage under the bill's requirements. For each covered individual, local governments pay an average annual employer contribution of \$10,116. These payments are remitted to the SHBP, where they are deposited into the fund from which claims are paid. The maximum annual \$1.66 million estimate of aggregated local government savings is calculated by multiplying the \$10,116 employer contribution times the 164 library personnel, which assumes all of these personnel now have SHBP coverage.

The bill's State-level impact, if any, would occur from any actual difference between the contribution amounts remitted to the SHBP (totaling \$1.66 million, using the employer contribution explained above) and the claims and third-party administrator fee amounts

the SHBP pays from these remitted funds. Currently, the SHBP retains any balance of unused contribution fund amounts for future claims. The bill's fiscal impact to the SHBP would, consequently, depend upon whether the SHBP would likely experience such an unused balance or not, regarding these affiliated 164 employees' coverage. As noted by the DCH, any State-level impact is expected to be negligible, as the SHBP covers a total of over 600,000 persons.

Sincerely,

/s/ Greg S. Griffin
State Auditor

SUBJECT: Actuarial Investigation
House Bill 477 (LC 21 2121)
Employees' Retirement System
Judicial Retirement System

Dear Chairman Battles:

This bill would amend provisions relating to creditable service under the Employees' Retirement System. Specifically, a member of the Employees' Retirement System (ERS) who was previously an active member of the Judicial Retirement System (JRS) and who has not withdrawn his or her employee contributions from JRS may elect to have all JRS contributions made by and on behalf of the member transferred to ERS with regular interest thereon. The member is authorized, but not required, to supplement the transferred contributions with any amount the member desires. Additionally, this bill provides that a member of ERS who was previously a member of JRS and withdrew his or her contributions may pay to ERS any amount he or she desires. Upon receipt of the funds, the ERS shall credit the member with the number of years of creditable service as the amounts transferred or paid by the member warrants without creating any accrued liability to ERS and not exceeding the years of service earned while a member of JRS.

This bill would not result in any additional cost to the Employees' Retirement System since the amount of creditable service awarded to the member would be based on the amount of funds transferred or paid into ERS. There would be no increase in the employer contribution rate or the unfunded actuarial accrued liability of the Employees' Retirement System as a result of this legislation.

The cost to the Judicial Retirement System would be \$5,000 in the first year in order to meet the concurrent funding requirements of O.C.G.A. 47-20-50. The first year cost represents .01% of the current projected payroll of \$53,000,000 and is the cost required each year for the next 20 years to amortize the unfunded actuarial accrued liability. The cost estimate is based on employee data, actuarial assumptions, and actuarial methods. It should be noted that changes in any of these variables could affect the cost of this legislation. Any future costs would be paid through State appropriations.

The following is a summary of the relevant findings of the actuarial investigations for this bill pursuant to a request by the House Retirement Committee. The investigations were to be conducted according to O.C.G.A. 47-20-36, which outlines the factors to be considered in an actuarial investigation. The figures are based on employee data and the most recent actuarial assumptions and methods.

House Bill 477 (LC 21 2121)

Dear Representative Powell:

This bill would amend provisions relating to creditable service under the Employees' Retirement System. Under the provisions of this bill, any member of the Employees' Retirement System who was previously a member of the Judicial Retirement System may have their service credit transferred to the Employees' Retirement System. In the event the member has withdrawn his or her contributions from the Judicial Retirement System, the member may obtain creditable service by paying the board of trustees such amount as the member desires. The amount of service credit granted will be determined by the amount of funds transferred from the Judicial Retirement System and/or paid by the respective employee. No member will be eligible to obtain more service credit than their actual years of service.

This is to certify that this bill is a fiscal retirement bill as defined in the Public Retirement Systems Standards Law.

Respectfully,

To amend Chapter 5 of Title 12 of the Official Code of Georgia Annotated, relating to water resources, so as to revise certain requirements related to issuance of sludge land application permits; to require consistency with existing local zoning ordinances; to require that public hearings be held within jurisdiction of the governing authority where the proposed land application site is located; to provide for an effective date; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

"12-5-30.3.

(a) As used in this Code section, the term:

(1) 'Sludge' means the solid or semisolid residue generated at a waste-water treatment or pretreatment plant. Such term specifically excludes treated effluent, septage, and sludge that has been treated to further reduce pathogens by such processes as composting, heat drying, or heat treating.

(2) 'Sludge land application' means the placement of sludge on or under the ground surface for the purpose of sludge disposal, soil conditioning, or agricultural

enhancement. Such term specifically excludes the disposal of sludge in a permitted landfill.

(b)(1) No person shall operate a sludge land application system without first securing the approval of the director. The director may include this approval and approval requirements in a permit issued under Code Section 12-5-30.

(2) Prior to the issuance of any permit for a sludge land application system, the director shall require written verification to be furnished by the applicant that the proposed facility complies with applicable local zoning or land use ordinances, if any.

(c) The Board of Natural Resources shall adopt technical regulations governing sludge land application and procedural regulations for approval of sludge land application systems, including public notice and public hearing requirements. All public hearings shall be conducted by the division and the applicant for the permit within the jurisdiction of the local governing authority where the proposed sludge land application site is located.

(d) The local governing authority in which a sludge land application site is located may assess upon the generator of the sludge and the owner of the sludge land application site reasonable fees for environmental monitoring of the site and may hire persons to monitor the site. Payment of the assessed fee shall be made prior to the application of sludge. Failure to pay such fees, if assessed, shall be grounds for the local governing authority to seek an injunction to stop the land application of sludge. The provisions of this ~~subsection~~ section shall not apply to the land application of sludge which is generated by the treatment of industrial process waste water only.

(e) Any person who violates this Code section, regulations adopted by the Board of Natural Resources pursuant to this Code section, or any permit or approval requirements of the director issued pursuant to this Code section shall be subject to the civil penalties and the criminal penalties contained in Code Sections 12-5-52 and 12-5-53."

(iii) No person shall be eligible to hear an appeal as a member of a board of equalization unless, prior to hearing such appeal, that person shall satisfactorily complete the 20 hours of instruction in appraisal and equalization processes and procedures required under the applicable provisions of division (i) or (ii) of this subparagraph.

(iv) The failure of any member to fulfill the requirements of the applicable provisions of division (i) or (ii) of this subparagraph shall render that member ineligible to serve on the board; and the vacancy created thereby shall be filled in the same manner as other vacancies on the board are filled.

~~(B)(C)(i) No person shall be eligible to hear an appeal as a member of a board of equalization on or after January 1, 2011, unless prior to hearing such appeal, that person shall satisfactorily complete the 40 hours of instruction in appraisal and equalization processes and procedures required under subparagraph (A) of this paragraph. (ii) The failure of any member to fulfill the requirements of division (i) of this subparagraph shall render that member ineligible to serve on the board; and the vacancy created thereby shall be filled in the same manner as other vacancies on the board are filled.

(c) Appointment of board of equalization members.

(1) Except as provided in paragraph (2) of this subsection, each member and alternate member of the county board of equalization shall be appointed for a term of three calendar years next succeeding the date of such member or such alternate member's selection. Each term shall begin on January 1.

(2) The grand jury in each county at any term of court preceding November 1 of 1991 shall select three persons who are otherwise qualified to serve as members of the county board of equalization and shall also select three persons who are otherwise qualified to serve as alternate members of the county board of equalization. One member and one alternate shall be appointed for terms of one year, one member and one alternate shall be appointed for two years, and one member and one alternate shall be appointed for three years. Each year thereafter, the grand jury of each county shall select one member and one alternate for three-year terms.

If a vacancy occurs among the alternate members, the grand jury then in session or the next grand jury shall select an individual who is otherwise qualified to serve as an alternate member of the county board of equalization for the unexpired term. The individual so selected shall become alternate member three, and the other two alternates shall be redesignated appropriately.

(4) Within five days after the names of the members and alternate members of the county board or boards of equalization have been selected, the clerk of the superior court shall ~~issue and deliver~~ cause such appointees to appear before the clerk of the superior court for the purpose of taking and executing in writing the oath of office. The clerk of the superior court may utilize any means necessary for such purpose, including, but not limited to, telephonic or other communication, regular first-class mail, or issuance of and delivery to the sheriff or deputy sheriff a precept containing the names of the persons so selected. Within ten days of receiving the precept, the sheriff or deputy sheriff shall cause the persons whose names are written on the precept to be served personally or by leaving the summons at their place of residence. The summons shall direct the persons named on the summons to appear before the clerk of the superior court on a date specified in the summons, which date shall not be later than December 15.

(5) Each member and alternate member of the county board of equalization, on the date prescribed for appearance before the clerk of the superior court and before entering on the discharge of such member and alternate member's duties, shall take and execute in writing before the clerk of the superior court the following oath:

'I, _____, agree to serve as a member of the board of equalization of the County of _____ and will decide any issue put before me without favor or affection to any party and without prejudice for or against any party. I will follow and apply the laws of this state. I also agree not to discuss any case or any issue with any person other than members of the board of equalization except at any appeal hearing. I shall faithfully and impartially discharge my duties in accordance with the Constitution and laws of this state, to the best of my skill and knowledge. So help me God.

(d) **Duties and powers of board of equalization members.**

(1) The county board of equalization shall hear and determine appeals from assessments and denials of homestead exemptions as provided in subsection (e) of this Code section.

(2) If, in the course of determining an appeal, the county board of equalization finds reason to believe that the property involved in an appeal or the class of property in which is included the property involved in an appeal is not uniformly assessed with other property included in the digest, the board shall request the respective parties to the appeal to present relevant information with respect to that question. If the board determines that uniformity is not present, the board may order the county board of tax assessors to take such action as is necessary to obtain uniformity, except that, when a question of county-wide uniformity is considered by the board, the board may recommend a partial or total county-wide revaluation only upon a determination by a majority of all the members of the board that the clear and convincing weight of the evidence requires such action. The board of equalization may act pursuant to this paragraph whether or not the appellant has raised the issue of uniformity.

(3) The board shall establish procedures which comply strictly with the regulations promulgated by the commissioner pursuant to subparagraph ~~(e)(5)(B)~~ (e)(1)(D) of this Code section for the conducting of appeals before the board. The procedures shall be entered into the minutes of the board, and a copy of the procedures shall be made available to any individual upon request.

(4)(A) The clerk of the superior court shall have oversight over and supervision of all boards of equalization of the county and hearing officers. This oversight and supervision shall include, but not be limited to, requiring appointment of members of county boards of equalization by the grand jury; giving the notice of the appointment of members and alternates of the county board of equalization by the county grand jury as required by Code Section 15-12-81; collecting the names of possible appointees; collecting information from possible appointees as to their qualifications; presenting the names of the possible appointees to the county grand jury; processing the appointments as required by paragraph (4) of subsection (c) of this Code section, including administering the oath of office to the newly appointed members and alternates of the county board of equalization as required by paragraph (5) of such subsection; instructing the newly appointed members and alternates as to the training they must receive and the operations of the county board of equalization; presenting to the grand jury of the county the names of possible appointees to fill vacancies as provided in paragraph (3) of such subsection; maintaining a roster of board members and alternates, maintaining a record showing that the board members and alternates completed training, keeping attendance records of board members and alternates for the purpose of payment for service, and

maintaining the uniform application forms and keeping a record of the appointment dates of board members and alternates and their terms in office; and informing the county board of equalization that it must establish by regulation procedures for conducting appeals before the board as required by paragraph (3) of this subsection ~~(d) of this Code section~~. Oversight and supervision shall also include the scheduling of board hearings, assistance in scheduling hearings before hearing officers, and giving notice of the date, time, and place of hearings to the taxpayers and the county board of tax assessors and giving notice of the decisions of the county board of equalization or hearing officer to the taxpayer and county board of tax assessors as required by division (e)(6)(D)(i) of this Code section.

(B) The county governing authority shall provide any resources to the clerk of superior court that are required to be provided by paragraph (7) of subsection (e) of this Code section.

(C) The county governing authority shall provide to the clerk of superior court facilities and secretarial and clerical help for appeals pursuant to subsection (e.1) of this Code section.

(D) The clerk of superior court shall maintain any county records of all notices to the taxpayer and the taxpayer's attorney, of certified receipts of returned or unclaimed mail, and from the hearings before the board of equalization and before hearing officers ~~until~~ for 12 months after the deadline to file any appeal to the superior court expires. If an appeal is not filed to the superior court, the clerk of superior court is authorized to properly destroy any records from the hearings before the county board of equalization or hearing officers but shall maintain records of all notices to the taxpayer and the taxpayer's attorney and certified receipts of returned or unclaimed mail for 12 months. If an appeal to the superior court is filed, the clerk of superior court shall file such appeal and records in the civil action that is considered open by the clerk of superior court for such appeal, and such records shall become part of the record on appeal in accordance with paragraph (2) of subsection (g) of this Code section.

(e) **Appeal.**

(1)(A) Any taxpayer or property owner as of the last date for filing an appeal may elect to file an appeal from an assessment by the county board of tax assessors to ~~either:~~

(i) The county board of equalization as to matters of taxability, uniformity of assessment, and value, and, for residents, as to denials of homestead exemptions pursuant to paragraph (2) of this subsection;

(ii) An arbitrator as to matters of value pursuant to subsection (f) of this Code section; or

(iii) A hearing officer as to matters of value and uniformity of assessment for a parcel of nonhomestead real property with a fair market value in excess of ~~\$1 million~~ \$750,000.00 as shown on the taxpayer's annual notice of current assessment under Code Section 48-5-306, and any contiguous nonhomestead real property owned by the same taxpayer, pursuant to subsection (e.1) of this Code

section.

(A.1) The commissioner shall establish by rule and regulation a uniform appeal form that the taxpayer may use.

(B) In addition to the grounds enumerated in subparagraph (A) of this paragraph, any taxpayer having property that is located within a municipality, the boundaries of which municipality extend into more than one county, may also appeal from an assessment on such property by the county board of tax assessors to the county board of equalization or to a hearing officer as to matters of uniformity of assessment of such property with other properties located within such municipality, and any uniformity adjustments to the assessment that may result from such appeal shall only apply for municipal ad valorem tax purposes.

(B.1) The taxpayer or his or her agent or representative may submit in support of his or her appeal an appraisal given, signed, and certified as such by a real property appraiser as classified by the Georgia Real Estate Commission and the Georgia Real Estate Appraisers Board which was performed not later than nine months prior to the date of assessment. The board shall consider the appraisal upon request. Within 45 days of the receipt of the taxpayer's appraisal, the board shall notify the taxpayer or his or her agent or representative of acceptance of the appraisal, or notify the taxpayer or his or her agent or representative of the reasons for rejection.

(C) Appeals to the county board of equalization shall be conducted in the manner provided in paragraph (2) of this subsection. Appeals to a hearing officer shall be conducted in the manner specified in subsection (e.1) of this Code section. Appeals to an arbitrator shall be conducted in the manner specified in subsection (f) of this Code section. Such appeal proceedings shall be conducted between the hours of 8:00 A.M. and 7:00 P.M. on a business day. Following the notification of the taxpayer of the date and time of such taxpayer's scheduled hearing, the taxpayer shall be authorized to exercise a one-time option of changing the date and time of the taxpayer's scheduled hearing to a day and time acceptable to the taxpayer and the county board of tax assessors. The clerk of the superior court shall grant additional extensions to the taxpayer or the county board of tax assessors for good cause shown, or by agreement of the parties.

(D) The commissioner, by regulation, shall adopt uniform procedures and standards which shall be followed by county boards of equalization, hearing officers, and arbitrators in determining appeals. Such rules shall be updated and revised periodically and reviewed no less frequently than every five years. The commissioner shall publish and update annually a manual for use by county boards of equalization.

(2)(A) An appeal shall be effected by e-mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by mailing to or filing with the county board of tax assessors a notice of appeal within 45 days from the date of mailing the notice pursuant to Code Section 48-5-306. A written objection to an assessment of real property received by a county board of tax assessors stating the location of the real property and the identification number, if

any, contained in the tax notice shall be deemed a notice of appeal by the taxpayer under the grounds listed in paragraph (1) of this subsection. A written objection to an assessment of personal property received by a county board of tax assessors giving the account number, if any, contained in the tax notice and stating that the objection is to an assessment of personal property shall be deemed a notice of appeal by the taxpayer under the grounds listed in paragraph (1) of this subsection. The county board of tax assessors shall review the valuation or denial in question, and, if any changes or corrections are made in the valuation or decision in question, the board shall send a notice of the changes or corrections to the taxpayer pursuant to Code Section 48-5-306. Such notice shall also explain the taxpayer's right to appeal to the county board of equalization as provided in subparagraph (C) of this paragraph if the taxpayer is dissatisfied with the changes or corrections made by the county board of tax assessors.

(B) If no changes or corrections are made in the valuation or decision, the county board of tax assessors shall send written notice thereof to the taxpayer, to any authorized agent or representative of the taxpayer who the taxpayer has requested that such notice be sent, and to the county board of equalization which notice shall also constitute the taxpayer's appeal to the county board of equalization without the necessity of the taxpayer's filing any additional notice of appeal to the county board of tax assessors or to the county board of equalization. The county board of tax assessors shall also send or deliver all necessary papers to the county board of equalization. If, however, the taxpayer and the county board of tax assessors execute a signed agreement as to valuation, the appeal shall terminate as of the date of such signed agreement.

(C) If changes or corrections are made by the county board of tax assessors, the board shall notify the taxpayer in writing of such changes. The commissioner shall develop and make available to county boards of tax assessors a suitable form which shall be used in such notification to the taxpayer. The notice shall be sent by regular mail properly addressed to the address or addresses the taxpayer provided to the county board of tax assessors and to any authorized agent or representative of the taxpayer who the taxpayer has requested that such notice be sent. If the taxpayer is dissatisfied with such changes or corrections, the taxpayer shall, within 30 days of the date of mailing of the change notice, ~~institute an~~ notify the county board of tax assessors to continue the taxpayer's appeal to the county board of tax assessors equalization by e-mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by mailing to or filing with the county board of tax assessors a written notice of ~~appeal~~ continuance. The county board of tax assessors shall send or deliver the notice of appeal and all necessary papers to the county board of equalization.

(D) The written notice to the taxpayer required by this paragraph shall contain a statement of the grounds for rejection of any position the taxpayer has asserted with regard to the valuation of the property. No addition to or amendment of such grounds as to such position shall be permitted before the county board of

equalization.

~~(3)(A) In any each year in which no county wide revaluation is implemented, the county board of tax assessors shall make its determination and notify the taxpayer within 180 days after receipt of the taxpayer's notice of appeal. If the county board of tax assessors fails to respond to the taxpayer within such 180 day period during such year, the appeal shall be automatically referred to the county board of equalization~~ property valuation submitted by the taxpayer shall become the assessed fair market value for the taxpayer's property for the tax year under appeal only if a property valuation was submitted by the taxpayer.

(B) In any county in which the number of appeals exceeds a number equal to or greater than 3 percent of the total number of parcels in the county or the sum of the current assessed value of the parcels under appeal is equal to or greater than 3 percent of the gross tax digest of the county, the county board of tax assessors shall be granted an additional 180 day period to make its determination and notify the taxpayer. Such additional period shall commence immediately following the last day of the 180 days provided for under subparagraph (A) of this paragraph. If the county board of tax assessors fails to make its determination and notify the taxpayer or the taxpayer's attorney not later than the last day of such additional 180 day period, the most recent property tax valuation asserted by the taxpayer on the property tax return or on appeal shall prevail and shall be deemed the value established on such appeal unless a time extension is granted under subparagraph (C) of this paragraph. If no such assertion of value was submitted by the taxpayer, the appeal shall be forwarded to the county board of equalization.

(C) Upon a sufficient showing of good cause by reason of unforeseen circumstances proven to the commissioner prior to the expiration of the additional 180 day period provided for under subparagraph (B) of this paragraph, the commissioner shall be authorized to provide for a time extension beyond the end of such additional 180 day period. The duration of any such time extension shall be specified in writing by the commissioner and shall also be posted on the website of the county board of tax assessors if such a website is available. If the county board of tax assessors fails to make its determination and notify the taxpayer and the taxpayer's attorney not later than the last day of such time extension, the most recent property tax valuation asserted by the taxpayer on the property tax return or on appeal shall prevail and shall be deemed the value established on such appeal. If no such assertion of value was submitted by the taxpayer, the appeal shall be forwarded to the county board of equalization. In addition, the commissioner shall be authorized to require additional training or require such other remediation as the commissioner may deem appropriate for failure to meet the deadline imposed by the commissioner under this subparagraph.

(4) The determination by the county board of tax assessors of questions of factual characteristics of the property under appeal, as opposed to questions of value, shall be prima-facie correct in any appeal to the county board of equalization. However, the board of tax assessors shall have the burden of proving its opinions of value and the

validity of its proposed assessment by a preponderance of evidence.

(5) The county board of equalization shall determine all questions presented to it on the basis of the best information available to the board.

(6)(A) Within 15 days of the receipt of the notice of appeal, the county board of equalization shall set a date for a hearing on the questions presented and shall so notify the taxpayer and the county board of tax assessors in writing. Such notice shall be sent by first-class mail to the taxpayer and to any authorized agent or representative of the taxpayer who the taxpayer has requested that such notice be sent. Such notice shall be transmitted by e-mail to the county board of tax assessors if such board has adopted a written policy consenting to electronic service, and, if it has not, then such notice shall be sent to such board by first-class mail or intergovernmental mail. Such written notice shall advise each party that they may request a list of witnesses, documents, or other written evidence to be presented at the hearing by the other party, which shall be provided to the requesting party not less than seven days prior to the time of the hearing. Any failure to comply with this requirement shall be grounds for an automatic continuance or for exclusion of such witness, documents, or other written evidence. A taxpayer may appear before the board of equalization concerning any appeal in person, by his or her authorized agent or representative, or both. The taxpayer shall specify in writing to the board of equalization the name of any such agent or representative prior to any appearance by the agent or representative before the board.

(B) Within 30 days of the date of notification to the taxpayer of the hearing required in this paragraph but not earlier than 20 days from the date of such notification to the taxpayer, the county board of equalization shall hold such hearing to determine the questions presented.

(C) If more than one ~~contiguous~~ property of a taxpayer is under appeal, the board of equalization shall, upon request of the taxpayer, consolidate all such appeals in one hearing and render separate decisions as to each parcel or item of property. Any appeal from such a consolidated board of equalization hearing to the superior court as provided in this subsection shall constitute a single civil action, and, unless the taxpayer specifically so indicates in his or her notice of appeal, shall apply to all such parcels or items of property.

(D)(i) The board of equalization shall ~~render~~ announce its decision on each appeal at the conclusion of the hearing ~~under~~ held in accordance with subparagraph (B) of this paragraph ~~before proceeding with another hearing~~. The decision of the county board of equalization shall be in writing, shall be signed by each member of the board, shall specifically decide each question presented by the appeal, shall specify the reason or reasons for each such decision as to the specific issues of taxability, uniformity of assessment, value, or denial of homestead exemptions depending upon the specific issue or issues raised by the taxpayer in the course of such taxpayer's appeal, shall state that with respect to the appeal no member of the board is disqualified from acting by virtue of subsection (j) of this Code section, and shall certify the date on which notice of the decision is given to the parties.

Notice of the decision shall be delivered by hand to each party, with written receipt, or given to each party by sending a copy of the decision by registered or certified mail or statutory overnight delivery to the appellant and by filing the original copy of the decision with the county board of tax assessors. Each of the three members of the county board of equalization must be present and must participate in the deliberations on any appeal. A majority vote shall be required in any matter. All three members of the board ~~must~~ shall sign the decision indicating their vote.

(ii) Except as otherwise provided in subparagraph (g)(4)(B) of this Code section, the county board of tax assessors shall use the valuation of the county board of equalization in compiling the tax digest for the county for the year in question and shall indicate such valuation as the previous year's value on the property tax notice of assessment of such taxpayer for the immediately following year rather than substituting the valuation which was changed by the county board of equalization.

(iii)(I) If the county's tax bills are issued before ~~the county board of equalization has rendered decision on property which is on appeal~~ an appeal has been finally determined, the county board of tax assessors shall specify to the county tax commissioner the lesser of the valuation in the ~~year preceding the year in which the appeal was filed~~ last year for which taxes were finally determined to be due on the property or 85 percent of the current year's value, unless the property in issue is homestead property and has been issued a building permit and structural improvements have occurred, or structural improvements have been made without a building permit, in which case, it shall specify 85 percent of the current year's valuation as set by the county board of assessors. Depending on the circumstances of the property, this amount shall be the basis for a temporary tax bill to be issued; provided, however, that ~~the~~ a nonhomestead owner of a single property valued at \$2 million or more may elect to pay the temporary tax bill which specifies 85 percent of the current year's valuation; or, such owner may elect to pay the amount of the difference between the 85 percent tax bill based on the current year's valuation and the tax bill based on the valuation from the last year for which taxes were finally determined to be due on the property in conjunction with the amount of the tax bill based on valuation from the last year for which taxes were finally determined to be due on the property, to the tax commissioner's office. Only the amount which represents the difference between the tax bill based on the current year's valuation and the tax bill based on the valuation from the last year for which taxes were finally determined to be due will be held in an escrow account by the tax commissioner's office. Once the appeal is concluded, the escrowed funds shall be released by the tax commissioner's office to the prevailing party. The taxpayer may elect to pay the temporary tax bill in the amount of 100 percent of the current year's valuation if no substantial property improvement has occurred. The county tax commissioner shall have the authority to adjust such tax bill to reflect the 100 percent value as requested by the taxpayer. Such tax bill shall be accompanied

by a notice to the taxpayer that the bill is a temporary tax bill pending the outcome of the appeal process. Such notice shall also indicate that upon resolution of the appeal, there may be additional taxes due or a refund issued.

(II) For the purposes of this Code section, any final value that causes a ~~deduction~~ reduction in taxes and creates a refund that is owed to the taxpayer shall be paid by the tax commissioner to the taxpayer, entity, or transferee who paid the taxes with interest, as provided in subsection (m) of this Code section. ~~within 60 days from the date of the final determination of value. Such refund shall include interest on the amount of the deduction at the same rate specified in Code Section 48-2-35 which shall accrue from November 15 of the taxable year in question or the date the final installment was due or was paid, whichever is later, through to the date paid or 60 days from the date of the final determination, whichever is earlier. In no event shall the amount of such interest exceed \$150.00 for homestead property or \$5,000.00 for nonhomestead property. Any refund paid after the sixtieth day shall accrue interest from the sixty first day until paid with interest at the same rate specified in Code Section 48-2-35. The interest accrued after the sixtieth day and forward shall not be subject to the limits imposed by this subsection. The tax commissioner shall pay the tax refund and any interest for the refund from current collections in the same proportion for each of the levying authorities for whom the taxes were collected.~~

(III) For the purposes of this Code section, any final value that causes an increase in taxes and creates an additional billing shall be paid to the tax commissioner as any other tax due along with interest, as provided in subsection (m) of this Code section. ~~as specified in Code Section 48-2-35. The tax commissioner shall adjust the tax bill, including interest, within 15 days from the date of the final determination of value and mail the adjusted bill to the taxpayer. Such interest shall accrue from November 15 of the taxable year in question or the final installment of the tax was due through to the date the bill was adjusted and mailed or 15 days from the date of the final determination, whichever is earlier. The interest computed on the additional billing shall in no event exceed \$150.00 for homestead property or \$5,000.00 for nonhomestead property. After the tax bill notice has been mailed out, the taxpayer shall be afforded 60 days from the date of the postmark to make full payment of the adjusted bill and interest. Once the 60 day payment period has expired, the bill shall be considered past due, and interest shall accrue as specified in Code Section 48-2-40 without limit until the bill is paid in full. Once past due, all other fees, penalties, late charges, and collection notices shall apply as prescribed in this chapter for the collection of delinquent taxes.~~

(7) The clerk of the superior court shall furnish the county board of equalization necessary facilities and ~~secretarial and clerical~~ administrative help. The clerk of the superior court shall see that the records and information of the county board of tax assessors are transmitted to the county board of equalization. The county board of equalization ~~must~~ shall consider in the performance of its duties the information

furnished by the county board of tax assessors and the taxpayer.

(8) The taxpayer or his or her agent or representative may submit in support of his or her appeal the most current report of the sales ratio study for the county conducted pursuant to Code Section 48-5-274. The board ~~must~~ shall consider the study upon any such request.

(9) If at any time during the appeal process to the county board of equalization and after certification by the county board of tax assessors to the county board of equalization, the county board of tax assessors and the taxpayer mutually agree in writing on the fair market value, then the county board of tax assessors, or the county board of equalization, as the case may be, shall enter the agreed amount in all appropriate records as the fair market value of the property under appeal, and the appeal shall be concluded. The provisions in subsection (c) of Code Section 48-5-299 shall apply to the valuation unless otherwise waived by both parties.

(10) Within ten days of a final determination of value under this Code section with no further option to appeal, the county board of tax assessors shall forward that final determination of value to the tax commissioner.

(e.1)(1) For any dispute involving the value or uniformity of a parcel of nonhomestead real property with a fair market value in excess of ~~\$1 million~~ \$750,000.00 as shown on the taxpayer's annual notice of current assessment under Code Section 48-5-306, at the option of the taxpayer, an appeal may be submitted to a hearing officer in accordance with this subsection. If such taxpayer owns nonhomestead real property contiguous to such qualified nonhomestead real property, at the option of the taxpayer, such contiguous property may be consolidated with the qualified property for purposes of the hearing under this subsection.

(2) Individuals desiring to serve as hearing officers and who are either state certified general real property appraisers or state certified residential real property appraisers as classified by the Georgia Real Estate Commission and the Georgia Real Estate Appraisers Board shall complete and submit an application, a list of counties the hearing officer is willing to serve, disqualification questionnaire, and resume and be approved by the Georgia Real Estate Commission and the Georgia Real Estate Appraisers Board to serve as a hearing officer. Such board shall annually publish a list of qualified and approved hearing officers for Georgia.

(3) The clerk of the superior court shall furnish any hearing officer so selected the necessary facilities.

(4) An appeal shall be effected by e-mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by filing with the county board of tax assessors a notice of appeal to a hearing officer within 45 days from the date of mailing the notice of assessment pursuant to Code Section 48-5-306. A written objection to an assessment of real property received by a county board of tax assessors stating the taxpayer's election to appeal to a hearing officer and showing the location of the real property contained in the assessment notice shall be deemed a notice of appeal by the taxpayer.

(5) The county board of tax assessors may for no more than 90 days review the

taxpayer's written appeal, and if either changes or corrections are made by the county board of tax assessors, or if no changes are made, the board shall notify the taxpayer in writing of such changes the board's decision. If within 30 days of the mailing of such notice the taxpayer notifies the county board of tax assessors in writing that ~~such changes or corrections are~~ the board's decision is not acceptable, the county board of tax assessors shall, within 30 days of the date of mailing of such taxpayer's notification, ~~send or deliver~~ certify the notice of appeal and send or deliver all necessary papers to the clerk of the superior court and mail a copy to the taxpayer.

(6)(A) The clerk of superior court shall randomly select from such list a hearing officer who shall have experience or expertise in hearing or appraising the type of property that is the subject of appeal to hear the appeal, unless the taxpayer and the county board of tax assessors mutually agree upon a hearing officer from such list. The clerk of the superior court shall notify the taxpayer and the taxpayer's attorney of the name of the hearing officer and transmit a copy of the hearing officer's disqualification questionnaire and resume provided for under paragraph (2) of this subsection. The hearing officer, in conjunction with all parties to the appeal, shall set a time and place to hear evidence and testimony from both parties. The hearing shall take place in the county where the property is located, or such other place as mutually agreed to by the parties and the hearing officer. The hearing officer shall provide electronic or written notice to the parties personally or by registered or certified mail or statutory overnight delivery not less than ten days before the hearing. Such written notice shall advise each party that documents or other written evidence to be presented at the hearing by a party must be provided to the other party not less than seven days prior to the time of the hearing and that any failure to comply with this requirement shall be grounds for an automatic continuance or for exclusion of such documents or other written evidence.

(B) If the clerk of the superior court, after a diligent search, cannot find a qualified hearing officer who is willing to serve, the clerk of the superior court shall transfer the certification of the appeal to the county or regional board of equalization and notify the taxpayer and the taxpayer's attorney and the county board of tax assessors of the transmittal of such appeal.

(7) The hearing officer shall swear in all witnesses, perform the powers, duties, and authority of a county or regional board of equalization, and determine the fair market value of the real property based upon the testimony and evidence presented during the hearing. Any issues other than fair market value and uniformity raised in the appeal shall be preserved for appeal to the superior court. The board of tax assessors shall have the burden of proving its opinion of value and the validity of its proposed assessment by a preponderance of evidence. At the conclusion of the hearing, the hearing officer shall notify both parties of the decision verbally and shall ~~send the taxpayer~~ both parties the decision in writing.

(8) The taxpayer or the board of tax assessors may appeal the decision of the hearing officer to the superior court as provided in subsection (g) of this Code section.

(9) If, at any time during the appeal under this subsection, the taxpayer and the

county board of tax assessors execute a signed written agreement on the fair market value and any other issues raised; the appeal shall terminate as of the date of such signed agreement; and the fair market value as set forth in such agreement shall become final; and subsection (c) of Code Section 48-5-299 shall apply. The provisions contained in this paragraph may be waived at any time by written consent of the taxpayer and the county board of tax assessors.

(10) Each hearing officer shall be compensated by the county for time expended in considering appeals. The compensation shall be paid at a rate of not less than \$75.00 per hour for the first hour and not less than \$25.00 per hour for each hour thereafter as determined by the county governing authority or as may be agreed upon by the parties with the consent of the county governing authority. Compensation pursuant to this paragraph shall be paid from the county treasury upon certification by the hearing officer of the hours expended in hearing of appeals. The attendance at any training required by the commissioner shall be part of the qualifications of the hearing officer, and any nominal cost of such training shall be paid by the hearing officer. ~~If the clerk of the superior court, after diligent search, cannot find a qualified hearing officer who is willing to serve, the clerk of the superior court shall notify the county board of tax assessors in writing. The county board of tax assessors shall then certify the appeal to the county or regional board of equalization.~~

(11) The commissioner shall promulgate rules and regulations for the proper administration of this subsection, including, but not limited to, ~~a uniform appeal form~~; qualifications; training, including an eight-hour course on Georgia property law, Georgia evidence law, preponderance of evidence, burden of proof, credibility of the witnesses, and weight of evidence; disqualification questionnaire; selection; removal; an annual continuing education requirement of at least four hours of instruction in recent legislation, current case law, and updates on appraisal and equalization procedures, as prepared and required by the commissioner; and any other matters necessary to the proper administration of this subsection. The failure of any hearing officer to fulfill the requirements of this paragraph shall render that person ineligible to serve. Such rules and regulations shall also include a uniform appeal form which shall require the initial assertion of a valuation of the property by the taxpayer. Any such assertion of value shall be subject to later revision by the taxpayer based upon written evidence. The commissioner shall seek input from all interested parties prior to such promulgation.

(f) Arbitration.

(1) As used in this subsection, the term 'certified appraisal' means an appraisal or appraisal report given, signed, and certified as such by a real property appraiser as classified by the Georgia Real Estate Commission and the Georgia Real Estate Appraisers Board.

(2) At the option of the taxpayer, an appeal shall be submitted to arbitration in accordance with this subsection.

(3)(A) Following an election by the taxpayer to use the arbitration provisions of this subsection, an arbitration appeal shall be effected by the taxpayer by e-mailing, if

the county board of tax assessors has adopted a written policy consenting to electronic service, or by filing a written notice of arbitration appeal with the county board of tax assessors. The notice of arbitration appeal shall specifically state the grounds for arbitration. The notice shall be filed within 45 days from the date of mailing the notice pursuant to Code Section 48-5-306. Within ten days of receipt of a taxpayer's notice of arbitration appeal, the board of tax assessors shall send to the taxpayer an acknowledgment of receipt of the appeal; a notice that the taxpayer ~~must shall~~, within 45 days of the ~~filing of the notice~~ date of transmittal of the acknowledgment of receipt of the appeal, provide to the board of assessors for consideration a copy of a certified appraisal; and a confirmation of the amount of the filing fees, if any, required under Code Section 15-6-77 and notice that within 45 days of the date of transmittal of the acknowledgment of receipt of the appeal, the taxpayer shall pay to the clerk of the superior court the fees, if any, if the county board of tax assessors rejects the appraisal. Failure of the taxpayer to provide such certified appraisal and filing fees within such 45 days shall terminate the appeal unless the taxpayer within such 45 day period elects to have the appeal immediately forwarded to the board of equalization. Prior to appointment of the arbitrator and within 45 days of ~~filing the notice of~~ the acknowledgment of the receipt of the appeal, the taxpayer shall provide a copy of the certified appraisal as specified in this paragraph to the board of assessors for consideration. Within 45 days of receiving the taxpayer's certified appraisal, the board of assessors shall either accept the taxpayer's appraisal, in which case that value shall become final, or the county board of tax assessors shall reject the taxpayer's appraisal by sending within ten days of the date of such rejection a written notification by certified mail of such rejection to the taxpayer and the taxpayer's attorney of record, in which case the county board of tax assessors shall certify within 45 days the appeal to the clerk of the superior court of the county in which the property is located along with any other papers specified by the person seeking arbitration under this subsection, including, but not limited to, the staff information from the file used by the county board of tax assessors. In the event the taxpayer is not notified of a rejection of the taxpayer's appraisal within such ten-day period, the taxpayer's appraisal value shall become final. In the event that the county board of tax assessors neither accepts nor rejects the value set out in the certified appraisal within ~~such 45 day period~~ 45 days after the receipt of the certified appraisal, then the certified appraisal shall become the final value, and the filing fees shall be returned to the taxpayer. In any case where a taxpayer properly filed for the 2009 tax year a notice of binding arbitration appeal and provided the required certified appraisal in accordance with this paragraph and the board of assessors neither accepted nor rejected the value set out in such certified appraisal within the 30 day period formerly specified under this subparagraph, then for purposes of the 2009 tax year, the value set forth in the taxpayer's certified appraisal shall be deemed the final value. All papers and information certified to the clerk shall become a part of the record on arbitration. At the time of certification of the appeal, the county board of tax assessors shall serve

the taxpayer and the taxpayer's attorney of record, if any, or employee with a copy of the certification along with any other papers specified by the person seeking arbitration along with the civil action file number assigned to the appeal. Within 15 days of filing the certification to the clerk of the superior court, the presiding or chief judge of the superior court of the circuit in which the property is located shall issue an order authorizing the arbitration.

(B) At any point, the county board of tax assessors and the taxpayer may execute a signed, written agreement establishing the fair market value without entering into or completing the arbitration process. The fair market value as set forth in such agreement shall become the final value.

~~(B)~~(C) The arbitration shall be conducted pursuant to the following procedure:

(i) The county board of tax assessors shall, at the time the appeal is certified to the clerk of the superior court under subparagraph (A) of this paragraph, provide to the taxpayer a notice of a meeting time and place to decide upon an arbitrator, to occur within 60 days after the date of sending the rejection of the taxpayer's certified appraisal. Following the notification of the taxpayer of the date and time of the meeting, the taxpayer shall be authorized to exercise a one-time option of changing the date and time of the meeting to a date and time acceptable to the taxpayer and the county board of tax assessors. If the parties agree, the matter shall be submitted to a single arbitrator chosen by the parties. If Only if the parties cannot agree on the single arbitrator, the arbitrator shall be chosen by the presiding or chief judge of the superior court of the circuit in which the property is located within 30 days after the filing of a petition by either party;

(ii) In order to be qualified to serve as an arbitrator, a person shall be classified as a state certified general real property appraiser or state certified residential real property appraiser pursuant to the rules and regulations of the Georgia Real Estate Commission and the Georgia Real Estate Appraisers Board and shall have experience or expertise in appraising the type of property that is the subject of the arbitration;

(iii) The arbitrator, within 30 days after his or her appointment, shall set a time and place to hear evidence and testimony from both parties. The arbitrator shall provide written notice to the parties personally or by registered or certified mail or statutory overnight delivery not less than ten days before the hearing. Such written notice shall advise each party that documents or other written evidence to be presented at the hearing by a party must be provided to the other party not less than seven days prior to the time of the hearing and that any failure to comply with this requirement, unless waived by mutual written agreement of such parties, shall be grounds for a continuance or for exclusion of such documents or other written evidence. The arbitrator, in consultation with the parties, may adjourn or postpone the hearing. Following notification of the taxpayer of the date and time of the hearing, the taxpayer shall be authorized to exercise a one-time option of changing the date and time of the hearing to a date and time acceptable to the taxpayer and the county board of tax assessors. The presiding or chief judge of the superior

court of the circuit in which the property is located may direct the arbitrator to proceed promptly with the hearing and the determination of the appeal upon application of any party. The hearing shall occur in the county in which the property is located or such other place as may be agreed upon in writing by the parties;

(iv) At the hearing, the parties shall be entitled to be heard, to present documents, testimony, and other matters, and to cross-examine witnesses. The arbitrator may hear and determine the controversy upon the documents, testimony, and other matters produced notwithstanding the failure of a party duly notified to appear;

(v) The arbitrator shall maintain a record of all pleadings, documents, testimony, and other matters introduced at the hearing. The arbitrator or any party to the proceeding may have the proceedings transcribed by a court reporter;

(vi) The provisions of this paragraph may be waived at any time by written consent of the taxpayer and the board of tax assessors;

(vii) At the conclusion of the hearing, the arbitrator shall render a decision regarding the value of the property subject to arbitration;

(viii) In order to determine the value, the arbitrator shall consider ~~a single~~ the final value for the property submitted by the board of assessors and ~~a single~~ the final value submitted by the taxpayer. The taxpayer shall be responsible for the cost of any appraisal by the taxpayer's appraiser;

(ix) Upon consideration of the ~~single~~ final value submitted by the board of assessors and the ~~single~~ final value submitted by the taxpayer, and evidence supporting the values submitted by the board of assessors and the taxpayer, the arbitrator shall determine which value is the value for the property under appeal;

(x) If the taxpayer's value is determined by the arbitrator to be the value, the county shall be responsible for the clerk of the superior court's fees, if any, and the fees and costs of such arbitrator. If the board of tax assessors' value is determined by the arbitrator to be the value, the taxpayer shall be responsible for the clerk of the superior court's fees, if any, and the fees and costs of such arbitrator; and

(xi) The board of tax assessors shall have the burden of proving its opinion of value and the validity of its proposed assessment by a preponderance of evidence.

(4) The provisions in subsection (c) of Code Section 48-5-299 shall apply to the valuation established or rendered by any county board of equalization, arbitrator, hearing officer, or superior court.

(5)(A) If the county's tax bills are issued before an arbitrator has rendered its decision on property which is on appeal, the county board of tax assessors shall specify to the county tax commissioner the lesser of the valuation in the year preceding the year in which the appeal was filed or 85 percent of the current year's value, unless the property in issue has been issued a building permit and structural improvements have occurred, or structural improvements have been made without a building permit, in which case, it shall specify 85 percent of the current year's valuation as set by the county board of assessors. Depending on the circumstances of the property, this amount shall be the basis for a temporary tax bill to be issued;

provided, however, that the taxpayer may elect to pay the temporary tax bill in the amount of 100 percent of the current year's valuation if no structural improvement has occurred. The county tax commissioner shall have the authority to adjust such tax bill to reflect the 100 percent value as requested by the taxpayer. Such tax bill shall be accompanied by a notice to the taxpayer that the bill is a temporary tax bill pending the outcome of the appeal process. Such notice shall also indicate that upon resolution of the appeal, there may be additional taxes due or a refund issued. If the county's tax bills are issued before an arbitrator has rendered its decision on property which is on appeal, the county board of tax assessors shall specify to the county tax commissioner the higher of the taxpayer's return valuation or 85 percent of the current year's valuation as set by the county board of tax assessors. This amount shall be the basis for a temporary tax bill to be issued. Such tax bill shall be accompanied by a notice to the taxpayer that the bill is a temporary tax bill pending the outcome of the appeal process. Such notice shall also indicate that upon resolution of the appeal, there may be additional taxes due or a refund issued.

(B) For the purposes of this Code section, any final value that causes a reduction in taxes and creates a refund that is owed to the taxpayer shall be paid by the tax commissioner to the taxpayer, entity, or transferee who paid the taxes with interest, as provided in subsection (m) of this Code section.

(C) For the purposes of this Code section, any final value that causes an increase in taxes and creates an additional billing shall be paid to the tax commissioner as any other tax due along with interest, as provided in subsection (m) of this Code section.

(g) Appeals to the superior court.

(1) The taxpayer or the county board of tax assessors may appeal decisions of the county board of equalization or hearing officer, as applicable, to the superior court of the county in which the property lies. By mutual written agreement, the taxpayer and the county board of tax assessors may waive an appeal to the county board of equalization and initiate an appeal under this subsection. A county board of tax assessors shall not appeal a decision of the county board of equalization or hearing officer, as applicable, changing an assessment by 20 percent or less unless the board of tax assessors gives the county governing authority a written notice of its intention to appeal, and, within ten days of receipt of the notice, the county governing authority by majority vote does not prohibit the appeal. In the case of a joint city-county board of tax assessors, such notice shall be given to the city and county governing authorities, either of which may prohibit the appeal by majority vote within the allowed period of time.

(2) An appeal by the taxpayer as provided in paragraph (1) of this subsection shall be effected by e-mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by mailing to or filing with the county board of tax assessors a written notice of appeal. An appeal by the county board of tax assessors shall be effected by giving notice to the taxpayer. The notice to the taxpayer shall be dated and shall contain the name and the last known address of the taxpayer. The notice of appeal shall specifically state the grounds for appeal. The

notice shall be mailed or filed within 30 days from the date on which the decision of the county board of equalization or hearing officer is ~~mailed~~ delivered pursuant to subparagraph (e)(6)(D) or paragraph (6) of subsection (e.1) of this Code section. Within 45 days of receipt of a taxpayer's notice of appeal, the county board of tax assessors shall send to the taxpayer notice that a settlement conference, in which the county board of assessors and the taxpayer shall confer in good faith, will be held at a specified date and time which shall be no later than 30 days from the notice of the settlement conference, and notice of the amount of the filing fee, if any, required by the clerk of the superior court. The taxpayer may exercise a one-time option to reschedule the settlement conference to a different date and time acceptable to the taxpayer, but in no event later than 30 days from the date of the notice. If at the end of the 45 day review period the county board of tax assessors elects not to hold a settlement conference, then the appeal shall terminate and the taxpayer's stated value shall be entered in the records of the board of tax assessors as the fair market value for the year under appeal. If the appellant chooses not to participate in the settlement conference, he or she may not seek and shall not be awarded fees and costs at such time when the appeal is settled in superior court. If at the conclusion of the settlement conference the parties cannot agree on a fair market value, then written notice shall be provided to the taxpayer that the filing fees must be paid by the taxpayer to the clerk of the superior court within ten days of the date of the conference, with a copy of the check delivered to the county board of tax assessors. Notwithstanding any other provision of law to the contrary, the amount of the filing fee for an appeal under this subsection shall be \$25.00. Upon receipt of proof of payment to the clerk of the superior court, the ~~The~~ county board of tax assessors shall certify to the clerk of the superior court the notice of appeal and any other papers specified by the person appealing including, but not limited to, the staff information from the file used by the county board of tax assessors, the county board of equalization, or the hearing officer. All papers and information certified to the clerk shall become a part of the record on appeal to the superior court. At the time of certification of the appeal, the county board of tax assessors shall serve the taxpayer and his or her attorney of record, if any, with a copy of the notice of appeal and with the civil action file number assigned to the appeal. Such service shall be effected in accordance with subsection (b) of Code Section 9-11-5. No discovery, motions, or other pleadings may be filed by the county board of tax assessors in the appeal until such service has been made.

(3) The appeal shall constitute a de novo action. The board of tax assessors shall have the burden of proving its opinions of value and the validity of its proposed assessment by a preponderance of evidence. Upon a failure of the board of tax assessors to meet such burden of proof, the court may, upon motion or sua sponte, authorize the finding that the value asserted by the taxpayer is unreasonable and authorize the determination of the final value of the property.

(4)(A) The appeal shall be placed on the court's next available jury or bench trial calendar, at the taxpayer's election, following the filing of the appeal unless continued by the court ~~upon a showing of good cause~~. If only questions of law are

presented in the appeal, the appeal shall be heard as soon as practicable before the court sitting without a jury. Each hearing before the court sitting without a jury at the taxpayer's election shall be held within 30 days following the date on which the appeal is filed with the clerk of the superior court. The time of any hearing shall be set in consultation with the taxpayer and at a time acceptable to the taxpayer between the hours of 8:00 A.M. and 7:00 P.M. on a business day.

(B)(i) The county board of tax assessors shall use the valuation of the county board of equalization or the hearing officer, as applicable, in compiling the tax digest for the county.

(ii)(I) If the final determination of value on appeal is less than the valuation set by the county board of equalization or hearing officer, as applicable, the taxpayer shall receive a deduction in such thus used, the tax commissioner shall be authorized to adjust the taxpayer's taxes tax bill to reflect the final value for the year in question. Such deduction shall be refunded to the taxpayer and shall include interest on the amount of such deduction at the same rate as specified in Code Section 48-2-35 which shall accrue from November 15 of the taxable year in question or the date the final installment of the tax was due or was paid, whichever is later. In no event shall the amount of such interest exceed \$150.00.

(II) If the final determination of value on appeal causes a reduction in taxes and creates a refund that is owed to the taxpayer, it shall be paid by the tax commissioner to the taxpayer, entity, or transferee who paid the taxes with interest, as provided in subsection (m) of this Code section.

(iii)(III) If the final determination of value on appeal is 80 85 percent or less of the valuation set by the county board of equalization or hearing officer as to commercial any real property, or 85 percent or less of the valuation set by the county board of tax assessors as to other property, the taxpayer, in addition to the interest provided for by this paragraph, shall recover costs of litigation and reasonable attorney's fees incurred in the action. Any appeal of an award of attorney's fees by the county shall be specifically approved by the governing authority of the county.

(iii) If the final determination of value on appeal is greater than the valuation set by the county board of equalization or hearing officer, as applicable, the taxpayer shall be liable for the increase in taxes for the year in question due to the increased valuation fixed on appeal with interest at the same rate as specified in Code Section 48-2-35. Such interest shall accrue from November 15 of the taxable year in question or the date the final installment of tax was due to the date the additional taxes are remitted, but in no event shall the amount of such interest exceed \$150.00 and causes an increase in taxes and creates an additional billing, it shall be paid to the tax commissioner as any other tax due along with interest, as provided in subsection (m) of this Code section.

(h) Recording of interviews.

In the course of any assessment, appeal, or arbitration, or any related proceeding, the taxpayer shall be entitled to make recordings of any interview with any officer or

employee of the taxing authority relating to the valuation of the taxpayer's property subject to such assessment, appeal, arbitration, or related proceeding, at the taxpayer's expense and with equipment provided by the taxpayer, and no such officer or employee may refuse to participate in an interview relating to such valuation for reason of the taxpayer's choice to record such interview.

(i) **Alternate members of boards of equalization.**

Alternate members of the county board of equalization in the order in which selected shall serve:

- (1) As members of the county board of equalization in the event there is a permanent vacancy on the board created by the death, ineligibility, removal from the county, or incapacitating illness of a member or by any other circumstances. An alternate member who fills a permanent vacancy shall be considered a member of the board for the remainder of the unexpired term;
- (2) In any appeal with respect to which a member of the board is disqualified and shall be considered a member of the board; or
- (3) In any appeal at a regularly scheduled or called meeting in the absence of a member and shall be considered a member of the board.

(j) **Disqualification.**

(1) No member of the county board of equalization and no hearing officer shall serve with respect to any appeal concerning which he or she would be subject to a challenge for cause if he or she were a member of a panel of jurors in a civil case involving the same subject matter.

(2) The parties to an appeal to the county board of equalization or to a hearing officer shall file in writing with the appeal, in the case of the person appealing, or, in the case of the county board of tax assessors, with the certificate transmitting the appeal, questions relating to the disqualification of members of the county board of equalization or hearing officer. Each question shall be phrased so that it can be answered by an affirmative or negative response. The members of the county board of equalization or hearing officer shall, in writing under oath within two days of their receipt of the appeal, answer the questions and any question which may be adopted pursuant to subparagraph (e)(1)(D) of this Code section. Answers of the county board of equalization or hearing officers shall be part of the decision of the board or hearing officer and shall be served on each party by first-class mail. Determination of disqualification shall be made by the judge of the superior court upon the request of any party when the request is made within two days of the response of the board or hearing officer to the questions. The time prescribed under subparagraph (e)(6)(A) of this Code section shall be tolled pending the determination by the judge of the superior court.

(3) It shall be the duty of the clerk of the superior court to make a thorough and complete investigation of any complaint filed with respect to the actions of any member of a county board of equalization regarding technical competency, compliance with state law and regulations based upon advice from the county attorney, or rude or unprofessional conduct or behavior towards any member of the

public. The clerk of the superior court shall issue a written report of investigation findings, which shall include such evaluations, judgments, and recommendations as the clerk of the superior court deems appropriate, and shall forward such report to the grand jury. The findings of the report may be grounds for removal of a member of the board of equalization by the grand jury for failure to perform the duties required under this Code section.

(k) Compensation of board of equalization members.

Each member of the county board of equalization shall be compensated by the county per diem for time expended in considering appeals. The compensation shall be paid at a rate of not less than \$25.00 per day and shall be determined by the county governing authority. The attendance at required approved appraisal courses shall be part of the official duties of a member of the board, and he or she shall be paid for each day in attendance at such courses and shall be allowed reasonable expenses necessarily incurred in connection with such courses. Compensation pursuant to this subsection shall be paid from the county treasury upon certification by the member of the days expended in consideration of appeals.

(1) **Military service.** In the event of the absence of an individual from such individual's residence because of duty in the armed forces, the filing requirements set forth in paragraph (3) of subsection (f) of this Code section shall be tolled for a period of 90 days. During this period, any member of the immediate family of the individual, or a friend of the individual, may notify the tax receiver or the tax commissioner of the individual's absence due to military service and submit written notice of representation for the limited purpose of the appeal. Upon receipt of this notice, the tax receiver or the tax commissioner shall initiate the appeal.

(m) Refunds Interest.

~~In the event a refund is owed to the taxpayer, such refund shall be paid to the taxpayer within 60 days of the last date upon which an appeal may be filed, or the date the final determination of value is established on appeal, whichever is later. Any refund paid after the sixtieth day shall accrue interest from the sixtieth day until paid with interest at the same rate as specified in Code Section 48-2-35.~~

(1) For the purposes of this Code section, any final value that causes a reduction in taxes and creates a refund that is owed to the taxpayer shall be paid by the tax commissioner to the taxpayer, entity, or transferee who paid the taxes within 60 days from the date of the final determination of value. Such refund shall include interest on the amount of the deduction at the same rate specified in Code Section 48-2-35 which shall accrue from November 15 of the taxable year in question or the date the final installment was due or was paid, whichever is later, through the date on which the refund is paid or 60 days from the date of the final determination, whichever is earlier. In no event shall the amount of such interest exceed \$150.00 for homestead property or \$5,000.00 for nonhomestead property. Any refund paid after the sixtieth day shall accrue interest from the sixty-first day until paid with interest at the same rate specified in Code Section 48-2-35. The interest accrued after the sixtieth day and forward shall not be subject to the limits imposed by this subsection. The tax

commissioner shall pay the tax refund and any interest for the refund from current collections in the same proportion for each of the levying authorities for whom the taxes were collected.

(2) For the purposes of this Code section, any final value that causes an increase in taxes and creates an additional billing shall be paid to the tax commissioner as any other tax due along with interest, as specified in Code Section 48-2-35. The tax commissioner shall adjust the tax bill, including interest, within 15 days from the date of the final determination of value and mail the adjusted bill to the taxpayer. Such interest shall accrue from November 15 of the taxable year in question or the final installment of the tax was due through the date on which the bill was adjusted and mailed or 15 days from the date of the final determination, whichever is earlier. The interest computed on the additional billing shall in no event exceed \$150.00 for homestead property or \$5,000.00 for nonhomestead property. After the tax bill notice has been mailed out, the taxpayer shall be afforded 60 days from the date of the postmark to make full payment of the adjusted bill and interest. Once the 60 day payment period has expired, the bill shall be considered past due and interest shall accrue as specified in Code Section 48-2-40 without limit until the bill is paid in full. Once past due, all other fees, penalties, and late and collection notices shall apply as prescribed in this chapter for the collection of delinquent taxes.

(n) Service of notice.

A notice of appeal to a board of tax assessors under subsection (e), (e.1), (f), or (g) of this Code section shall be deemed filed as of the date of the United States Postal Service postmark, receipt of delivery by statutory overnight delivery, or, if the board of tax assessors has adopted a written policy consenting to electronic service, by transmitting a copy to the board of tax assessors via e-mail in portable document format using all e-mail addresses provided by the board of tax assessors and showing in the subject line of the e-mail message the words 'STATUTORY ELECTRONIC SERVICE' in capital letters. Service by mail, statutory overnight delivery, or electronic transmittal is complete upon such service. Proof of service may be made within 45 days of receipt of the annual notice of current assessment under Code Section 48-5-306 to the taxpayer by certificate of the taxpayer, the taxpayer's attorney, or the taxpayer's employee by written admission or by affidavit. Failure to make proof of service shall not affect the validity of service.

(o) When a taxpayer authorizes an attorney in writing to act on the taxpayer's behalf, all notices required to be provided to the taxpayer regarding hearing times, dates, certifications, or official actions shall instead be provided to such attorney."

SECTION 10.

Said title is further amended in Code Section 48-5-345, relating to county tax digests and deviations from certain assessment ratio, by adding a new subsection to read as follows:

"(c) Beginning with tax digests on or after the effective date of this subsection, no county shall be subject to the assessment authorized by subparagraph (b) of this Code section."

SECTION 11.

Said title is further amended by revising subsection (a) of Code Section 48-5-405, relating to the levy and collection of tax by municipalities for independent school systems, as follows:

"(a) Each municipality authorized by law to maintain an independent school system may support and maintain the public common schools within the independent school system by levy of ad valorem taxes at the rate fixed by law upon all taxable property within the limits of the ~~municipality~~ independent school system. The board of education of the municipality or other authority charged with the duty of operating the independent school system shall annually recommend to the governing authority of the municipality the rate of the tax levy, within the limitations fixed by law, to be made upon all taxable property within the limits of the ~~municipality~~ independent school system. Taxes levied and collected for support and maintenance of the independent school system by the municipal governing authority shall be appropriated, when collected, by the governing authority to the board of education or other authority charged with the duty of operating the independent school system. Funds appropriated to an independent school system shall be expended by the board of education or other authority charged with the duty of operating the independent school system only for educational purposes including, but not limited to, school lunch purposes. The term 'school lunch purposes' shall include payment of costs and expenses incurred in the purchase of school lunchroom supplies; the purchase, replacement, or maintenance of school lunchroom equipment; the transportation, storage, and preparation of foods; and all current operating expenses incurred in the management and operation of school lunch programs in the public common schools of the independent school system. BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 11 of Title 9 of the Official Code of Georgia Annotated, relating to the "Georgia Civil Practice Act," is amended by revising Code Section 9-11-26, relating to general provisions governing discovery, as follows:

"9-11-26.

(a) **Discovery methods.** Parties may obtain discovery by one or more of the following methods: depositions upon oral examination or written questions; written interrogatories; production of documents or things or permission to enter upon land or other property for inspection and other purposes; physical and mental examinations; and requests for admission. Unless the court orders otherwise under subsection (c) of this Code section, the frequency of use of these methods ~~is~~ shall not be limited.

(b) **Scope of discovery.** Unless otherwise limited by order of the court in accordance with this chapter, the scope of discovery ~~is~~ shall be as follows:

(1) **In general.** Parties may obtain discovery regarding any matter, not privileged, which is relevant to ~~the subject matter involved in the pending action, whether it relates to the~~ any claim or defense of ~~the~~ any party ~~seeking discovery or to the claim~~

~~or defense of any other party~~ and proportional to the needs of the case considering the limitations identified in paragraph (2) of this subsection, including the existence, description, nature, custody, condition, and location of any books, documents, electronically stored information, or other tangible things and the identity and location of persons having knowledge of any discoverable matter. It ~~is~~ shall not be ground for objection that the information sought will be inadmissible at the trial if the information sought appears reasonably calculated to lead to the discovery of admissible evidence;

(2) Limitations on frequency and extent of discovery.

(A) The discovery methods set forth in subsection (a) of this Code section shall be limited by the court upon its own initiative after reasonable notice to the parties or pursuant to a motion under subsection (c) of this Code section if the court determines that:

- (i) The discovery sought is unreasonably cumulative or duplicative;
- (ii) The discovery sought is obtainable from some other source that is more convenient, less burdensome, or less expensive;
- (iii) The party seeking discovery has had ample opportunity by discovery in the action to obtain the information sought; or
- (iv) The burden or expense of the proposed discovery outweighs its likely benefit considering what is proportional to the needs of the case, the amount in controversy, the parties' resources, the importance of the issues at stake in the civil action, and the importance of the discovery in resolving the issues.

(B) In addition to any limitation imposed pursuant to subparagraph (A) of this paragraph, discovery of electronically stored information shall be subject to the limitations set forth in subsection (b) of Code Section 9-11-34;

~~(2)~~**(3) Insurance agreements.** A party may obtain discovery of the existence and contents of any insurance agreement under which any person carrying on an insurance business may be liable to satisfy part or all of a judgment which may be entered in the action or to indemnify or reimburse for payments made to satisfy the judgment. Information concerning the insurance agreement is not by reason of disclosure admissible in evidence at trial. For purposes of this paragraph, an application for insurance shall not be treated as part of an insurance agreement;

~~(3)~~**(4) Trial preparation; materials.**

(A) Subject to paragraph ~~(4)~~ (5) of this subsection, a party may obtain discovery of documents and tangible things otherwise discoverable under paragraph (1) of this subsection and prepared in anticipation of litigation or for trial by or for another party or by or for that other party's representative, ~~(including his the party's~~ attorney, consultant, surety, indemnitor, insurer, or agent), only upon a showing that the party seeking discovery has substantial need of the materials in the preparation of his or her case and that ~~he the party~~ is unable without undue hardship to obtain the substantial equivalent of the materials by other means. In ordering discovery of such materials when the required showing has been made, the court shall protect against disclosure of the mental impressions, conclusions, opinions, or legal theories

of an attorney or other representative of a party concerning the litigation. A party may obtain, without the required showing, a statement concerning the action or its subject matter previously made by ~~that~~ such party. Upon request, a person not a party may obtain, without the required showing, a statement concerning the action or its subject matter previously made by ~~that~~ such person. If the request is refused, the person may move for a court order. Paragraph (4) of subsection (a) of Code Section 9-11-37 applies to the award of expenses incurred in relation to the motion.

(B) For purposes of this paragraph, a 'statement previously made' is:

~~(A)~~(i) A a written statement signed or otherwise adopted or approved by the person making it; or

~~(B)~~(ii) A a stenographic, mechanical, electrical, or other recording, or a transcription thereof, which is a substantially verbatim recital of an oral statement by the person making it and contemporaneously recorded; ~~and~~

~~(4)~~(5) **Trial preparation; experts.** Discovery of facts known and opinions held by experts, otherwise discoverable under paragraph (1) of this subsection and acquired or developed in anticipation of litigation or for trial, may be obtained only as follows:

(A)(i) A party may, through interrogatories, require any other party to identify each person whom the other party expects to call as an expert witness at trial, to state the subject matter on which the expert is expected to testify, and to state the substance of the facts and opinions to which the expert is expected to testify and a summary of the grounds for each opinion.

(ii) A party may obtain discovery under Code Section 9-11-30, 9-11-31, or 9-11-34 from any expert described in this paragraph, the same as any other witness, but the party obtaining discovery of an expert hereunder must pay a reasonable fee for the time spent in responding to discovery by that expert, subject to the right of the expert or any party to obtain a determination by the court as to the reasonableness of the fee so incurred;

(B) A party may discover facts known or opinions held by an expert who has been retained or specially employed by another party in anticipation of litigation or preparation for trial and who is not expected to be called as a witness at trial, only as provided in subsection (b) of Code Section 9-11-35 or upon a showing of exceptional circumstances under which it is impracticable for the party seeking discovery to obtain facts or opinions on the same subject by other means; and

(C) Unless manifest injustice would result:

(i) The court shall require the party seeking discovery to pay the expert a reasonable fee for time spent in responding to discovery under subparagraph (B) of this paragraph; and

(ii) With respect to discovery obtained under division (ii) of subparagraph (A) of this paragraph, the court may require, and with respect to discovery obtained under subparagraph (B) of this paragraph the court shall require, the party seeking discovery to pay the other party a fair portion of the fees and expenses reasonably incurred by the latter party in obtaining facts and opinions from the expert; and

(6) Claiming privilege or protecting trial preparation materials.

(A) Information withheld. When a party withholds information otherwise discoverable by claiming that the information is privileged or subject to protection as trial preparation material, the party shall:

- (i) Expressly make the claim; and
- (ii) Describe the nature of the documents, communications, or tangible things not produced or disclosed and do so in a manner that, without revealing information itself privileged or protected, will enable other parties to assess the claim.

(B) Information produced. If information subject to a claim of privilege or protection as trial preparation material is inadvertently produced in response to a discovery request, the party that produced the material may assert the claim by notifying any party that received the information of the claim and basis for it promptly on discovery of the inadvertent production of such information. The producing party shall preserve the information until the claim is resolved. After being notified, the receiving party:

- (i) Shall promptly return, sequester, or destroy the specified information and any copies thereof;
- (ii) Shall not use or disclose the information until the claim of privilege or protection as trial preparation material is resolved;
- (iii) Shall take reasonable steps to retrieve the information if the receiving party disclosed such information before being notified; and
- (iv) May promptly present the information to the court in camera for determination of the claim of privilege or protection as trial preparation material.

(c) Protective orders.

(1) Upon motion by a party or by the person who is, or who may be, subject to a request to preserve documents, electronically stored information, or tangible things, or from whom discovery is sought and for good cause shown, the court in which the action is pending or, alternatively, on matters relating to a deposition, the court in the county where the deposition is to be taken may make any order which justice requires to protect a party or person from annoyance, embarrassment, oppression, or undue burden or expense, including one or more of the following:

- (1)(A) That the discovery not be had;
- (2)(B) That the discovery may be had only on specified terms and conditions, including a designation of the time or place;
- (3)(C) That the discovery may be had only by a method of discovery other than that selected by the party seeking discovery;
- (4)(D) That certain matters not be inquired into or that the scope of the discovery be limited to certain matters;
- (5)(E) That discovery be conducted with no one present except persons designated by the court;
- (6)(F) That a deposition, after being sealed, be opened only by order of the court;
- (7)(G) That a trade secret or other confidential research, development, or commercial information not be disclosed or be disclosed only in a designated way;

or

~~(8)~~(H) That the parties simultaneously file specified documents or information enclosed in sealed envelopes to be opened as directed by the court; or

(I) That the terms of preservation be specified, including, if applicable, relieving a party from preserving certain documents, electronically stored information, or tangible things.

(2)(A) A party seeking a protective order on the basis that electronically stored information sought is from a source identified as not reasonably accessible because of undue burden or cost has the burden of showing that such basis exists. If the showing is made, the court may nonetheless order discovery from the source if the requesting party shows good cause but only after considering the limitations set forth in paragraph (2) of subsection (b) of this Code section.

(B) If ~~the~~ a motion for a protective order is denied in whole or in part, the court may, on such terms and conditions as are just, order that any party or person preserve documents, electronically stored information, or tangible things or provide or permit discovery. Paragraph (4) of subsection (a) of Code Section 9-11-37 applies shall apply to the award of expenses incurred in relation to the motion.

(C) The court shall not consider a motion for a protective order unless the movant certifies that he or she has in good faith conferred or attempted to physically meet or to confer by telephone with the other affected parties in an effort to resolve the dispute without court action.

(d) **Sequence and timing of discovery.** Unless the court, upon motion, for the convenience of parties and witnesses and in the interests of justice, orders otherwise, methods of discovery may be used in any sequence; and the fact that a party is conducting discovery, whether by deposition or otherwise, shall not operate to delay any other party's discovery.

(e) **Supplementation of responses.** A party who has responded to a request for discovery with a response that was complete when made is under no duty to supplement his or her response to include information thereafter acquired, except as follows:

(1) A party is under a duty seasonably to supplement his or her response ~~with respect~~ to any question directly addressed to:

(A) The identity and location of persons having knowledge of discoverable matters; and

(B) The identity of each person expected to be called as an expert witness at trial, the subject matter on which he or she is expected to testify, and the substance of his or her testimony;

(2) A party is under a duty seasonably to amend a prior response if he or she obtains information upon the basis of which:

(A) He or she knows that the response was incorrect when made; or

(B) He or she knows that the response, though correct when made, is no longer true and the circumstances are such that a failure to amend the response is, in substance, a knowing concealment; and

(3) A duty to supplement responses may be imposed by order of the court, agreement of the parties, or at any time prior to trial through new requests for supplementation of

prior responses.

(f) Voluntary or court ordered discovery meetings, discovery plans, discovery conferences.

(1)(A) Upon the agreement of the parties, or pursuant to a court order, the parties to a civil action shall be jointly responsible for arranging a meeting on the subject of discovery, for being prepared to discuss a discovery plan, and for attempting in good faith to agree on a discovery plan or for agreeing that a discovery plan is unnecessary.

(B) A discovery meeting may be held by telephone, by video conference, or in person, or a combination thereof, unless the court, on motion, orders the parties to attend in person.

(C) A discovery meeting shall be held as agreed by the parties or as ordered by the court, and the parties may submit to the court the agreed upon discovery plan, a stipulation indicating that the parties have agreed that no discovery plan is necessary, or a joint report detailing those parts of the discovery plan upon which they agree and the position of each of the parties on the parts of the discovery plan upon which they disagree.

(D) Unless the parties agree otherwise, the first plaintiff listed in the civil action shall be responsible for submitting the discovery plan or joint report.

(2) During a discovery meeting, the parties shall:

(A) Consider the nature and basis of the parties' claims and defenses and the possibilities for promptly settling or resolving the claims;

(B) Resolve any issues regarding the scope of preservation of electronically stored information; and

(C) Discuss the preparation of a discovery plan as set forth in paragraph (3) of this subsection, if a discovery plan is necessary.

(3) A discovery plan shall contain the following:

(A) A statement of the discovery issues as they then appear;

(B) A proposed plan and schedule of discovery, including the discovery of electronically stored information;

(C) If appropriate under the circumstances of the case, a reference to the scope of preservation of electronically stored information, including conditions for terminating the duty to preserve in whole or in part prior to final resolution of the civil action;

(D) The media form, format, and procedures by which electronically stored information will be produced, including technical specifications related to any load files and the identification of any metadata to be produced;

(E) Sources of electronically stored information identified as not reasonably accessible because of undue burden or costs under paragraph (2) of subsection (c) of this Code section;

(F) The method for asserting or preserving claims of privilege or protection of the information as trial preparation or attorney work product materials if different from that provided in paragraph (6) of subsection (b) of this Code section;

(G) The method for asserting or preserving confidentiality and proprietary status and any other matters addressed by the parties;

(H) Any limitations proposed to be placed on discovery, including, if appropriate under the circumstances of the case, that discovery be conducted in phases or be limited to or focused on particular issues;

(I) When discovery should be completed; and

(J) If appropriate under the circumstances of the civil action, any limitations or conditions pursuant to subsection (c) of this Code section.

(4) If the parties are unable to agree to a discovery plan at a discovery meeting, the parties, upon motion of any party, may be ordered to appear before the court for a discovery conference at which the court may order the entry of a discovery plan after consideration of the report submitted pursuant to paragraph (1) of this subsection and the position of the parties. For the discovery conference, each party may submit a brief statement of the issues in contention along with a proposal for reaching a resolution to all contested discovery issues. The court order may address other matters, including the issuance of a protective order and, when necessary, an allocation of the reasonable costs of responding to discovery including reasonable actual costs for duplicating documents to be produced or producing copies of electronically stored information. The court may enter a discovery order, which may be altered or amended as justice may require. Such discovery order shall take into account the scope and limitations described in subsection (b) of this Code section. The court may combine the discovery conference with a pretrial conference authorized by Code Section 9-11-16.

(5) Even if the parties initially agree that a discovery plan is not needed, at any time after commencement of a civil action, upon motion of a party, or upon the court's initiation, the court may direct the parties to appear before it for a discovery conference.

(6) Nothing in this subsection shall alter a party's right to serve discovery or a party's duty to respond to discovery."

SECTION 2.

Said chapter is further amended by revising paragraph (5) of subsection (b) of Code Section 9-11-30, relating to depositions upon oral examination, as follows:

"(5) **Production of documents and things.** The notice to a party deponent may be accompanied by a request made in compliance with Code Section 9-11-34 for the production of documents, electronically stored information, and tangible things at the taking of the deposition. The procedure of Code Section 9-11-34 shall apply to the request."

SECTION 3.

Said chapter is further amended by revising subsection (c) of Code Section 9-11-33, relating to interrogatories to parties, as follows:

interrogatory may be ~~derived or ascertained from the~~ determined by examining, auditing, compiling, abstracting, or summarizing a party's business or personal records of the party upon whom the interrogatory has been served or from an examination, audit, or inspection of such business records, or from a compilation, abstract, or summary based thereon, including electronically stored information, and the burden of deriving or ascertaining the answer is substantially the same for ~~the party serving the interrogatory as for the party served, it is a sufficient answer to the interrogatory to specify the records from which the answer may be derived or ascertained and to afford to the party serving the interrogatory~~ either party, the responding party may answer by:

- (1) Specifying the records that must be reviewed in sufficient detail so as to enable the interrogating party to locate and identify such records as readily as the responding party could locate and identify such records; and
- (2) Giving the interrogating party a reasonable opportunity to examine, audit, or inspect such records and to make copies, compilations, abstracts, or summaries."

SECTION 4.

Said chapter is further amended by revising Code Section 9-11-34, relating to production of documents and things and entry upon land for inspection and other purposes, as follows:

"9-11-34.

(a) **Scope.** Any party may serve on any other party a request:

- (1) To produce and permit the party making the request, or someone acting on his behalf of the party, to inspect and copy ~~any designated documents (including writings, drawings, graphs, charts, photographs, phono records, and other data compilations from which information can be obtained, translated, if necessary, by the respondent through detection devices into reasonably usable form), or to inspect and copy, test, or sample any~~ designated documents, electronically stored information, or tangible things which constitute or contain matters within the scope of subsection (b) of Code Section 9-11-26 and which are in the possession, custody, or control of the party upon whom the request is served; or
- (2) To permit entry upon designated land or other property in the possession or control of the party upon whom the request is served for the purpose of inspection and measuring, surveying, photographing, testing, or sampling the property or any designated object or operation thereon, within the scope of subsection (b) of Code Section 9-11-26.

(b) **Procedure.**

- (1) The request may, without leave of court, be served upon the plaintiff after commencement of the action and upon any other party with or after service of the summons and complaint upon that party. The request shall specify a reasonable time, place, and manner of making the inspection and performing the related acts. The request may specify the form in which electronically stored information shall be

produced.

(2) The party upon whom the request is served shall serve a written response within 30 days after the service of the request, except that a defendant may serve a response within 45 days after service of the summons and complaint upon that defendant. The court may allow a shorter or longer time. The response shall state, with respect to each item or category, that inspection and related activities will be permitted as requested, unless the request is objected to, in which event the reasons for objection shall be stated. If objection is made to part of an item or category, the part shall be specified. In addition to other bases for objection, the response may state an objection to production of electronically stored information from sources that the party identifies as not reasonably accessible because of undue burden or cost. The response shall state any objection to a requested form for producing electronically stored information. If the responding party objects to a requested form or if no form is specified in the request, the responding party shall state the form it intends to use. The party submitting the request may move for an order under subsection (a) of Code Section 9-11-37 with respect to any objection to or other failure to respond to the request or any part thereof, or any failure to permit inspection as requested.

(3) Unless otherwise stipulated by the parties or ordered by the court, the following procedures shall apply to producing documents or electronically stored information:

(A) A party shall produce documents as they are kept in the usual course of business or shall organize and label documents to correspond to the categories in the request;

(B) If a request does not specify a form for producing the electronically stored information, a party shall produce such information in a reasonably usable form; and

(C) A party shall not be required to produce the same electronically stored information in more than one form.

(c) Applicability to nonparties.

(1) This Code section shall also be applicable ~~with respect~~ to discovery against persons, firms, or corporations who are not parties, in which event a copy of the request shall be served upon all parties of record; or, upon notice, the party desiring such discovery may proceed by taking the deposition of the person, firm, or corporation on oral examination or upon written questions under Code Section 9-11-30 or 9-11-31. A party requesting discovery from a nonparty shall take reasonable steps to avoid imposing undue burden or expense on the nonparty. The nonparty or any party may file an objection as provided in subsection (b) of this Code section. If the party desiring such discovery moves for an order under subsection (a) of Code Section 9-11-37 to compel discovery, he or she shall make a showing of good cause to support his or her motion. Such motion shall include a certification that the movant has attempted in good faith to meet and confer with the nonparty to resolve the dispute. The court shall enforce the requesting party's duty to take reasonable steps to avoid imposing undue burden or expense on a nonparty and may award reasonable attorney's fees and expenses of litigation against a party who fails to comply with this

duty. The requesting party shall pay reasonable costs associated with the retrieval, production, conversion, and formatting of the requested electronically stored information by nonparties. The party making a request under this Code section shall, upon request from any other party to the action, make all reasonable efforts to cause all information produced in response to the nonparty request to be made available to all parties and may require the payment of a reasonable document copying charge. ~~A reasonable document copying charge may be required.~~

(2) This Code section shall also be applicable ~~with respect~~ to discovery against a nonparty who is a practitioner of the healing arts or a hospital or health care facility, including those operated by an agency or bureau of the state or other governmental unit. Where such a request is directed to such a nonparty, a copy of the request shall be served upon the person whose records are sought by certified mail or statutory overnight delivery, return receipt requested, or, if known, ~~that~~ such person's counsel, and upon all other parties of record in compliance with Code Section 9-11-5; where such a request to a nonparty seeks the records of a person who is not a party, a copy of the request shall be served upon the person whose records are sought by certified mail or statutory overnight delivery, return receipt requested, or, if known, ~~that~~ such person's counsel by certified mail or statutory overnight delivery, return receipt requested, and upon all parties of record in compliance with Code Section 9-11-5; or, upon notice, the party desiring such discovery may proceed by taking the deposition of the person, firm, or corporation on oral examination or upon written questions under Code Section 9-11-30 or 9-11-31. The nonparty, any party, or the person whose records are sought may file an objection with the court in which the action is pending within 20 days of service of the request and shall serve a copy of such objection on the nonparty to whom the request is directed, who shall not furnish the requested materials until further order of the court, and on all other parties to the action. Upon the filing of such objection, the party desiring such discovery may move for an order under subsection (a) of Code Section 9-11-37 to compel discovery and, if he or she shall make a showing of good cause to support his or her motion, discovery shall be allowed. If no objection is filed within 20 days of service of the request, the nonparty to whom the request is directed shall promptly comply therewith.

(3) For any discovery requested from a nonparty pursuant to paragraph (2) of this subsection or a subpoena requesting records from a nonparty pursuant to Code Section 9-11-45, when the nonparty to whom the discovery request is made is not served with an objection and the nonparty produces the requested records, the nonparty shall be immune from regulatory, civil, or criminal liability or damages notwithstanding that the produced documents contained confidential or privileged information.

(d) **Confidentiality.** The provisions of this Code section shall not be deemed to repeal the confidentiality provided by Code Sections 37-3-166 concerning mental illness treatment records, 37-4-125 concerning ~~mental retardation~~ developmental disability treatment records, 37-7-166 concerning alcohol and drug treatment records, 24-9-40.1 concerning the confidential nature of AIDS information, and 24-9-47 concerning the

disclosure of AIDS information; provided, however, that a person's failure to object to the production of documents as set forth in paragraph (2) of subsection (c) of this Code section shall waive any right of recovery for damages as to the nonparty for disclosure of the requested documents."

SECTION 5.

Said chapter is further amended by revising Code Section 9-11-34.1, relating to civil actions for evidence seized in criminal proceedings, as follows:

"9-11-34.1.

Notwithstanding the provisions of Code Section 9-11-34, in any civil action based upon evidence seized in a criminal proceeding involving any violation of Part 2 of Article 3 of Chapter 12 of Title 16, a party shall not be permitted to copy any books, papers, documents, photographs, tangible objects, audio and visual tapes, films and recordings, electronically stored information, or copies or portions thereof."

SECTION 6.

Said chapter is further amended by revising paragraph (2) of subsection (a) of Code Section 9-11-36, relating to requests for admission, as follows:

"(2) Each matter of which an admission is requested shall be separately set forth. The matter is admitted unless, within 30 days after service of the request or within such shorter or longer time as the court may allow, the party to whom the request is directed serves upon the party requesting the admission a written answer or objection addressed to the matter, signed by the party or by his or her attorney; but unless the court shortens the time, a defendant shall not be required to serve answers or objections before the expiration of 45 days after service of the summons and complaint upon him or her. If objection is made, the reasons therefor shall be stated. The answer shall specifically deny the matter or set forth in detail the reasons why the answering party cannot truthfully admit or deny the matter. A denial shall fairly meet the substance of the requested admission; and, when good faith requires that a party qualify his or her answer or deny only a part of the matter of which an admission is requested, he or she shall specify so much of it as is true and qualify or deny the remainder. An answering party may not give lack of information or knowledge as a reason for failure to admit or deny unless ~~he~~ such party states that he or she has made reasonable inquiry and that the information known or readily obtainable by him or her is insufficient to enable him or her to admit or deny. A party who considers that a matter of which an admission has been requested presents a genuine issue for trial may not, on that ground alone, object to the request; he or she may, subject to subsection ~~(e)~~ (d) of Code Section 9-11-37, deny the matter or set forth reasons why he or she cannot admit or deny it."

SECTION 7.

Said chapter is further amended by revising Code Section 9-11-37, relating to failure to make discovery, as follows:

"9-11-37.

(a) **Motion for order compelling discovery.** A party, upon reasonable notice to other parties and all persons affected thereby, may apply for an order compelling discovery as follows:

(1) **Appropriate court.** An application for an order to a party may be made to the court in which the action is pending or, on matters relating to a deposition, to the court in the county where the deposition is being taken. An application for an order to a deponent who is not a party shall be made to the court in the county where the deposition is being taken;

(2) **Motion; protective order.** If a deponent fails to answer a question propounded or submitted under Code Section 9-11-30 or 9-11-31, or a corporation or other entity fails to make a designation under paragraph (6) of subsection (b) of Code Section 9-11-30 or subsection (a) of Code Section 9-11-31, or a party fails to answer an interrogatory submitted under Code Section 9-11-33, or if a party, in response to a request for inspection submitted under Code Section 9-11-34, fails to respond that inspection will be permitted as requested or fails to permit inspection as requested, the discovering party may move for an order compelling an answer, or a designation, or an order compelling inspection in accordance with the request. Such motion shall include a certification that the movant has in good faith conferred or attempted to confer with the person or party failing to make the discovery in an effort to secure the information or material without court action. When taking a deposition on oral examination, the proponent of the question may complete the examination or adjourn the examination before ~~he applies~~ it is completed in order to apply for an order. If the motion is based upon an objection to production of electronically stored information from sources the objecting party identified as not reasonably accessible because of undue burden or cost, the objecting party has the burden of showing that the basis for the objection exists. If the court denies the motion in whole or in part, it may make such protective order as it would have been empowered to make on a motion made pursuant to subsection (c) of Code Section 9-11-26;

(3) **Evasive or incomplete answer.** For purposes of the provisions of this chapter which relate to depositions and discovery, an evasive or incomplete answer is to be treated as a failure to answer; and

(4) **Award of expenses of motion.**

(A) If the motion is granted, the court shall, after opportunity for hearing, require the party or deponent whose conduct necessitated the motion or the party or attorney advising such conduct or both of them to pay to the moving party the reasonable expenses incurred in obtaining the order, including attorney's fees, unless the court finds that the opposition to the motion was substantially justified or that other circumstances make an award of expenses unjust.

(B) If the motion is denied, the court shall, after opportunity for hearing, require the moving party or the attorney advising the motion or both of them to pay to the party or deponent who opposed the motion the reasonable expenses incurred in opposing the motion, including attorney's fees, unless the court finds that the making of the

motion was substantially justified or that other circumstances make an award of expenses unjust.

(C) If the motion is granted in part and denied in part, the court may apportion the reasonable expenses incurred in relation to the motion among the parties and persons in a just manner.

(b) Failure to comply with order.

(1) **Sanctions by court in county where deposition is taken.** If a deponent fails to be sworn or to answer a question after being directed to do so by the court in the county in which the deposition is being taken, the failure may be considered a contempt of that court.

(2) **Sanctions by court in which action is pending.** If a party or an officer, director, or managing agent of a party or a person designated under paragraph (6) of subsection (b) of Code Section 9-11-30 or subsection (a) of Code Section 9-11-31 to testify on behalf of a party fails to obey an order to provide or permit discovery, including an order made under subsection (a) of this Code section or Code Section 9-11-35, the court in which the action is pending may make such orders in regard to the failure as are just and, among others, the following:

(A) An order that the matters regarding which the order was made or any other designated facts shall be taken to be established for the purposes of the action in accordance with the claim of the party obtaining the order;

(B) An order refusing to allow the disobedient party to support or oppose designated claims or defenses, or prohibiting him or her from introducing designated matters in evidence;

(C) An order striking out pleadings or parts thereof, or staying further proceedings until the order is obeyed, or dismissing the action or proceeding or any part thereof, or rendering a judgment by default against the disobedient party;

(D) In lieu of any of the foregoing orders, or in addition thereto, an order treating as a contempt of court the failure to obey any orders except an order to submit to a physical or mental examination; or

(E) Where a party has failed to comply with an order under subsection (a) of Code Section 9-11-35 requiring him or her to produce another for examination, such orders as are listed in subparagraphs (A), (B), and (C) of this paragraph, unless the party failing to comply shows that he or she is unable to produce such person for examination.

In lieu of any of the foregoing orders, or in addition thereto, the court shall require the party failing to obey the order or the attorney advising him or her, or both, to pay the reasonable expenses, including attorney's fees, caused by the failure, unless the court finds that the failure was substantially justified or that other circumstances make an award of expenses unjust.

(c) Failure to preserve electronically stored information.

(1) If a party willfully and in bad faith fails to preserve discoverable electronically stored information that reasonably should be preserved in the anticipation or conduct of litigation, after having been provided written notice of the electronically stored

information or having been served with a request for production of such information in the course of discovery, the court may provide for one or more of the following remedies:

(A) Permit additional discovery;

(B) Order the party to undertake curative measures;

(C) Require the party to pay the reasonable expenses, including attorney's fees, caused by the failure to preserve discoverable electronically stored information that reasonably should have been preserved in the anticipation or conduct of litigation;

(D) Impose any of the sanctions in paragraph (3) of this subsection; or

(E) Give an adverse jury instruction on spoliation of evidence only if the court finds that the failure to preserve discoverable electronically stored information:

(i) Was willful or in bad faith and caused substantial prejudice in the litigation as provided in paragraph (2) of this subsection; or

(ii) Irreparably deprived a party of any meaningful opportunity to present a claim or defense.

(2) In determining whether a party failed to preserve discoverable electronically stored information that reasonably should have been preserved, and whether the failure was willful or in bad faith, the court shall consider all relevant factors, including:

(A) The extent to which the party was on notice that litigation was likely and that the electronically stored information would be discoverable;

(B) The reasonableness of the party's efforts to preserve the electronically stored information, including the use of a litigation hold and the scope of the preservation efforts;

(C) The clarity and reasonableness of the request to preserve discoverable electronically stored information;

(D) Whether the party receiving a request to preserve electronically stored information and the person who made such request engaged in good faith consultation regarding the scope of preservation;

(E) The party's resources and sophistication in litigation;

(F) The proportionality of the preservation efforts to any anticipated or ongoing litigation;

(G) Whether a party is able to specify the electronically stored information that was not preserved; and

(H) Whether a party sought timely guidance from the court regarding any unresolved disputes concerning the preservation of discoverable electronically stored information.

(3) If the court determines that the conditions of division (1)(E)(i) or (1)(E)(ii) of this subsection are satisfied, the court may impose an appropriate sanction. Such sanctions may include any of the following:

(A) Direct that the matters embraced in the order or other designated facts be taken as established for purposes of the civil action as the prevailing party claims;

(B) Prohibit the nonmovant party from supporting or opposing designated claims or

defenses or introducing designated matters in evidence;

(C) Strike pleadings in whole or in part;

(D) Dismiss the civil action or proceeding in whole or in part;

(E) Render a default judgment against the nonmovant; or

(F) Treat the failure as a contempt of court if there has been a violation of a previous court order.

(4) In determining which sanction to impose, the court shall impose the most appropriate sanction necessary to redress the failure to preserve discoverable electronically stored information that reasonably should have been preserved.

(5) Absent exceptional circumstances, a court may not impose sanctions under this subsection on a party for failing to provide electronically stored information lost as a result of the routine, good-faith operation of an electronic information system.

~~(e)~~(d) Expenses on failure to admit. If a party fails to admit the genuineness of any document or the truth of any matter as requested under Code Section 9-11-36 and if the party requesting the admissions thereafter proves the genuineness of the document or the truth of the matter, ~~he~~ the requesting party may apply to the court for an order requiring the other party to pay him or her the reasonable expenses incurred in making that proof, including reasonable attorney's fees. The court shall make the order unless it finds that the request was held objectionable pursuant to subsection (a) of Code Section 9-11-36, or the admission sought was of no substantial importance, or the party failing to admit had reasonable ground to believe that he or she might prevail on the matter, or there was other good reason for the failure to admit.

~~(d)~~(e) Failure of party to attend at own deposition or serve answers to interrogatories or respond to request for inspection.

(1) If a party or an officer, director, or managing agent of a party or a person designated under paragraph (6) of subsection (b) of Code Section 9-11-30 or subsection (a) of Code Section 9-11-31 to testify on behalf of a party fails to appear before the officer who is to take ~~his~~ the deposition, after being served with a proper notice, or fails to serve answers or objections to interrogatories submitted under Code Section 9-11-33, after proper service of the interrogatories, or fails to serve a written response to a request for inspection submitted under Code Section 9-11-34, after proper service of the request, the court in which the action is pending on motion may make such orders in regard to the failure as are just; and, among others, it may take any action authorized under subparagraphs (b)(2)(A) through (b)(2)(C) of this Code section. In lieu of any order, or in addition thereto, the court shall require the party failing to act or the attorney advising him or her, or both, to pay the reasonable expenses, including attorney's fees, caused by the failure, unless the court finds that the failure was substantially justified or that other circumstances make an award of expenses unjust.

(2) The failure to act described in the provisions of this chapter which relate to depositions and discovery may not be excused on the ground that the discovery sought is objectionable unless the party failing to act has applied for a protective order as provided by subsection (c) of Code Section 9-11-26.

(f) Failure to participate in the framing of a discovery plan. If upon order of the court a party fails to participate in good faith in the framing of a discovery plan as required by subsection (f) of Code Section 9-11-26, the court may, after opportunity for a hearing, require a party pay to another party's reasonable expenses, including attorney's fees, caused by the failure to participate."

SECTION 8.

Said chapter is further amended by revising Code Section 9-11-45, relating to subpoenas for taking depositions, as follows:

"9-11-45.

(a)(1)(A) The clerk of the superior court of the county in which the action is pending or the clerk of any court of record in the county where the deposition is to be taken shall issue subpoenas for the persons sought to be deposed, upon request.

(B) Upon agreement of the parties, an attorney, as an officer of the court, may issue and sign a subpoena for the person sought to be deposed on behalf of a court in which the attorney is authorized to practice or a court for a venue in which a deposition is compelled by the subpoena, if the deposition pertains to an action pending in a court in which the attorney is authorized to practice.

(C) Subpoenas issued pursuant to this paragraph shall be issued and served in accordance with law governing issuance of subpoenas for attendance at court, except as to issuance by an attorney. The subpoena may command the person to whom it is directed to produce and permit inspection and copying of designated books, papers, documents, electronically stored information, or tangible things which constitute or contain matters within the scope of the examination permitted by subsection (b) of Code Section 9-11-26, but in that event the subpoena will be subject to subsection (c) of Code Section 9-11-26; or the court, upon motion made promptly and in any event at or before the time specified in the subpoena for compliance therewith, may quash or modify the subpoena if it is unreasonable and oppressive, or condition denial of the motion upon the advancement by the person in whose behalf the subpoena is issued of the reasonable cost of producing the books, papers, documents, electronically stored information, or tangible things. A subpoena may specify the form in which electronically stored information shall be produced. A party who issues a subpoena to a nonparty to produce electronically stored information shall take reasonable steps to avoid imposing undue burden or expense on such nonparty. A party who issues a subpoena to a nonparty shall pay reasonable costs associated with the retrieval, production, conversion, and formatting of the requested electronically stored information by such nonparty.

(2) The person to whom the subpoena is directed may, within ten days after the service thereof or on or before the time specified in the subpoena for compliance, if such time is less than ten days after service, serve upon the attorney designated in the subpoena written objection to inspection or copying of any or all of the designated materials. If objection is made, the party serving the subpoena shall not be entitled to inspect and copy the materials except pursuant to an order of the court from which the

subpoena was issued. The party serving the subpoena may, if objection has been made, move, upon notice to the deponent, for an order at any time before or during the taking of the deposition, provided that nothing in this Code section shall be construed as requiring the issuance of a subpoena to compel a party to attend and give his or her deposition or produce documents at the taking of his or her deposition where a notice of deposition under Code Section 9-11-30 has been given or a request under Code Section 9-11-34 has been served, such notice or request to a party being enforceable by motion under Code Section 9-11-37.

- (b) A person who is to give a deposition may be required to attend an examination:
- (1) In the county wherein he or she resides or is employed or transacts his or her business in person;
 - (2) In any county in which he or she is served with a subpoena while therein; or
 - (3) At any place which is not more than 30 miles from the county seat of the county wherein the witness resides, is employed, or transacts his or her business in person.
- (c) The following are duties in responding to a subpoena:
- (1) A person responding to a subpoena to produce books, papers, documents, electronically stored information, or tangible things shall produce them as they are kept in the usual course of business or shall organize and label the documents to correspond with the categories in the request;
 - (2) If a subpoena does not specify a form for producing electronically stored information, the person responding shall produce it in a form which it ordinarily is maintained or in a reasonably usable form;
 - (3) A person responding to a subpoena for electronically stored information shall not be required to:
 - (A) Produce the same electronically stored information in more than one form; or
 - (B) Provide discovery of electronically stored information from sources that the person identifies as not reasonably accessible because of undue burden or cost;
 - (4) When electronically stored information is capable of being produced in both physical and electronic formats, production of physical copies shall be sufficient for compliance with a subpoena. When electronically stored information has been produced in a physical format, the party issuing the subpoena may obtain the electronically stored information in another form only upon a showing of particularized need and a court order. When the party issuing the subpoena has made a showing of particularized need, such party shall pay reasonable costs associated with the retrieval, production, conversion, and formatting of the requested electronically stored information;
 - (5) Regarding a motion to compel discovery or for a protective order, the person responding shall show that the information is not reasonably accessible because of undue burden or cost. If that showing is made, the court may nonetheless order discovery from such sources if the requesting party shows good cause, after considering the limitations set forth in paragraph (2) of subsection (b) of Code Section 9-11-26. The court may specify conditions for discovery, including requiring the party that seeks discovery from a nonparty to bear the costs of locating, preserving,

collecting, and producing the electronically stored information involved; and
(6) When information subject to a subpoena is withheld on the objection that it is
subject to protection as trial preparation or attorney work product materials, or that it
is otherwise privileged, the objection shall be made with specificity and shall be
supported by a description of the nature of the books, papers, documents,
electronically stored information, or other tangible things not produced, sufficient for
the requesting party to contest the objection."

SECTION 9.

Senate Sponsor: Senator Hill of the 6th.

The Senate Judiciary Non-Civil Committee offered the following substitute to HB 837:

A BILL TO BE ENTITLED
AN ACT

To amend Article 6 of Chapter 8 of Title 42 of the Official Code of Georgia Annotated, relating to agreements for probation services, so as to provide for legislative findings and intent; to provide for the supervision of misdemeanor and county and city ordinance

offenders by county and municipal probation officers and private probation services providers; to provide for the revocation, modification, and tolling of sentences under certain circumstances by county and municipal courts; to provide for the conditions of probation; to provide for the assessment and collection of costs of probation; to revise certain standards for private corporations, private enterprises, and private agencies who enter into written contracts for probation services; to change provisions relating to confidentiality of records; to revise certain standards for counties, municipalities, or consolidated governments who enter into written agreements to provide probation services; to provide for related matters; to provide for an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

(a) The General Assembly finds that:

(1) The authorization for county and municipal probation offices and private probation services was enacted to provide cost savings to the state by using state probation services for felony offenders and utilizing county and municipal probation offices and private probation entities which contract with courts for the supervision of misdemeanor and county and city ordinance offenders;

(2) In enacting such legislation, the General Assembly intended to authorize judges to use county and municipal probation offices and private probation services providers to supervise misdemeanor and county and city ordinance offenders in the same manner as the judges of the superior courts use state probation services as a means of supervising felony offenders;

(3) The General Assembly did not intend to restrict the powers of judges to impose, suspend, toll, revoke, or otherwise manage the probation of misdemeanor and county and city ordinance offenders sentenced in such courts when utilizing county and municipal probation offices and private probation services providers; and

(4) The General Assembly intended that county and municipal probation officers and private probation officers, when acting in performance of their official duties in supervising probationers in accordance with law and the orders of a court, would have the same rights, authority, and protections as state probation supervisors.

(b) It is the intention of the General Assembly to improve the use and provision of probation services by courts for misdemeanor and ordinance violations by enacting this Act.

SECTION 2.

Article 6 of Chapter 8 of Title 42 of the Official Code of Georgia Annotated, relating to agreements for probation services, is amended by revising Code Section 42-8-100, relating to jurisdiction of probation matters in ordinance violation cases, costs, and agreements between chief judges of county courts or judges of municipal courts and corporations, enterprises, or agencies for probation services, as follows:

"42-8-100.

(a) As used in this article, the term:

(1) 'Council' means the County and Municipal Probation Advisory Council created under Code Section 42-8-101.

(2) 'Private probation officer' means a probation officer employed by a private corporation, private enterprise, private agency, or other private entity that provides probation services.

(3) 'Probation officer' means a person employed to supervise defendants placed on probation by a ~~county or municipal~~ court for committing an ordinance violation or misdemeanor.

(b) Any ~~county or municipal~~ court which has original jurisdiction of ordinance violations or misdemeanors and in which the defendant in such a case has been found guilty upon verdict or ~~any plea~~ has pled guilty or nolo contendere may, at a time to be determined by the court, hear and determine the question of the probation of such defendant.

(c) If it appears to the court upon a hearing of the matter that the defendant is not likely to engage in an unlawful course of conduct and that the ends of justice and the welfare of society do not require that the defendant shall presently suffer the penalty imposed by law, the court in its discretion shall impose sentence upon the defendant but may stay and suspend the execution of the sentence or any portion thereof or may place him or her on probation under the supervision and control of a probation officer or private probation officer for the duration of such probation, subject to the provisions of this Code section. The period of probation or suspension shall not exceed the maximum sentence of confinement which could be imposed on the defendant; provided, however, that nothing in this chapter shall be construed to limit the ability of a court to toll a sentence as provided in this article.

(d) In every case that a court of this state sentences a defendant to probation under this article with supervision of a probation officer or private probation officer, in addition to any fine or order of restitution imposed by the court, there shall be imposed a probation supervision fee as a condition of probation. The probation supervision fee may be waived, amended, or converted to community service upon determination by the court prior to or subsequent to sentencing, as to the undue hardship, inability to pay, or any other extenuating factors which prohibit collection of such fee; provided, however, that the imposition of sanctions for failure to pay such fees shall be within the discretion of the court through judicial process or hearings. The court may convert probation supervision fees to community service on the same basis as it allows a defendant to pay a fine through community service as set forth in subsection (d) of Code Section 17-10-1. Probation supervision fees shall be waived on probationers incarcerated or detained in a jail or other confinement facility which prohibits employment for wages.

~~(d)~~(e) The court may, in its discretion, require the payment of a fine or costs, or both, as a condition ~~precedent to probation~~ of probation, including the costs of probation supervision and the costs of electronic monitoring as provided in subsection (a) of Code Section 42-8-100.1.

~~(e)~~(f) The sentencing judge shall not lose jurisdiction over any person placed on probation during the term of his or her probated sentence. The judge is empowered to revoke any or all of the probated sentence, rescind any or all of the sentence, or, in any manner deemed advisable by the judge, modify or change the probated sentence, including tolling the sentence as provided in this article, at any time during the period of time originally prescribed for the probated sentence to run.

~~(f)~~(g) If a defendant is placed on probation pursuant to this Code section by a ~~county or municipal~~ court other than one for the county or municipality in which he or she resides for committing any ordinance violation or misdemeanor, such defendant may, when specifically ordered by the court, have his or her probation supervision transferred to the county or municipality in which he or she resides.

~~(g)~~(h)(1) The chief judge of any court within the county, with the approval of the governing authority of that county, is authorized to enter into written contracts with corporations, enterprises, or agencies to provide probation supervision, counseling, collection services for all moneys to be paid by a defendant according to the terms of the sentence imposed on the defendant as well as any moneys which by operation of law are to be paid by the defendant in consequence of the conviction, and other probation services for persons convicted in that court and placed on probation in the county. In no case shall a private probation corporation or enterprise be charged with the responsibility for supervising a felony sentence. The final contract negotiated by the chief judge with the private probation entity shall be attached to the approval by the governing authority of the county to privatize probation services as an exhibit thereto. The termination of a contract for probation services as provided for in this subsection entered into on or after July 1, 2001, shall be initiated by the chief judge of the court which entered into the contract, and subject to approval by the governing authority of the county which entered into the contract and in accordance with the agreed upon, written provisions of such contract. The termination of a contract for probation services as provided for in this subsection in existence on July 1, 2001, and which contains no provisions relating to termination of such contract shall be initiated by the chief judge of the court which entered into the contract, and subject to approval by the governing authority of the county which entered into the contract and in accordance with the agreed upon, written provisions of such contract.

(2) The chief judge of any court within the county, with the approval of the governing authority of that county, is authorized to establish a county probation system to provide probation supervision, counseling, collection services for all moneys to be paid by a defendant according to the terms of the sentence imposed on the defendant as well as any moneys which by operation of law are to be paid by the defendant in consequence of the conviction, and other probation services for persons convicted in that court and placed on probation in the county.

~~(h)~~(i)(1) The judge of the municipal court of any municipality or consolidated government of a municipality and county of this state, with the approval of the governing authority of that municipality or consolidated government, is authorized to enter into written contracts with private corporations, enterprises, or agencies to

provide probation supervision, counseling, collection services for all moneys to be paid by a defendant according to the terms of the sentence imposed ~~and~~ on the defendant as well as any moneys which by operation of law are to be paid by the defendant in consequence of the conviction, and other probation services for persons convicted in such court and placed on probation. The final contract negotiated by the judge with the private probation entity shall be attached to the approval by the governing authority of the municipality or consolidated government to privatize probation services as an exhibit thereto. The termination of a contract for probation services as provided for in this subsection entered into on or after July 1, 2001, shall be initiated by the chief judge of the court which entered into the contract, and subject to approval by the governing authority of the municipality or consolidated government which entered into the contract and in accordance with the agreed upon, written provisions of such contract. The termination of a contract for probation services as provided for in this subsection in existence on July 1, 2001, and which contains no provisions relating to termination of such contract shall be initiated by the chief judge of the court which entered into the contract, and subject to approval by the governing authority of the municipality or consolidated government which entered into the contract and in accordance with the agreed upon, written provisions of such contract.

(2) The judge of the municipal court of any municipality or consolidated government of a municipality and county of this state, with the approval of the governing authority of that municipality or consolidated government, is authorized to establish a probation system to provide probation supervision, counseling, collection services for all moneys to be paid by a defendant according to the terms of the sentence imposed ~~and~~ on the defendant as well as any moneys which by operation of law are to be paid by the defendant in consequence of the conviction, and other probation services for persons convicted in such court and placed on probation."

SECTION 3.

Said article is further amended by adding a new Code section to read as follows:

"42-8-100.1.

(a) A court which utilizes the services of a probation officer or private probation officer shall determine the terms and conditions of probation under this article and may provide such terms and conditions of probation as the court deems appropriate, including, but not limited to, providing that the probationer shall:

(1) Avoid injurious and vicious habits;

(2) Avoid persons or places of disreputable or harmful character;

(3) Report to the probation officer or private probation officer, as the case may be, as directed;

(4) Permit the probation officer or private probation officer, as the case may be, to visit the probationer at the probationer's home or elsewhere;

(5) Work faithfully at suitable employment insofar as may be possible;

(6) Remain within a specified location; provided, however, that the court shall not

banish a probationer to any area within the state:

(A) That does not consist of at least one entire judicial circuit as described by Code Section 15-6-1; or

(B) In which any service or program in which the probationer must participate as a condition of probation is not available;

(7) Make reparation or restitution to any aggrieved person for the damage or loss caused by the probationer's offense, in an amount to be determined by the court in accordance with the provisions of Article 1 of Chapter 14 of Title 17. Unless otherwise provided by law, no reparation or restitution to any aggrieved person for the damage or loss caused by the probationer's offense shall be made if the amount is in dispute unless the same has been determined as provided in Article 1 of Chapter 14 of Title 17;

(8) Make reparation or restitution as reimbursement to a municipality or county for the payment for medical care furnished the person while incarcerated pursuant to the provisions of Article 3 of Chapter 4 of this title. No reparation or restitution to a local governmental unit for the provision of medical care shall be made if the amount is in dispute unless the same has been determined as provided in Article 1 of Chapter 14 of Title 17;

(9) Repay the costs incurred by any municipality or county for wrongful actions by an inmate covered under the provisions of paragraph (1) of subsection (a) of Code Section 42-4-71;

(10) Support the probationer's legal dependents to the best of the probationer's ability;

(11) Violate no local, state, or federal laws and be of general good behavior;

(12) If permitted to move or travel to another state, agree to waive extradition from any jurisdiction where the probationer may be found and not contest any effort by any jurisdiction to return the probationer to this state;

(13) Submit to evaluations and testing relating to rehabilitation and participate in and successfully complete rehabilitative programming as directed by the court, including periodic screening for drugs and alcohol as ordered by the court and mental health evaluations as ordered by the court. The court may assess and the probation officer or private probation officer, as the case may be, shall be authorized to collect the costs or a portion of the costs, as determined by the court, of such evaluations, testing, rehabilitation programs, and screenings from the probationer;

(14) Wear a device capable of tracking the location of the probationer by means including electronic surveillance or global positioning satellite systems. The court shall assess and the probation officer or private probation officer, as the case may be, shall collect fees from the probationer for such monitoring;

(15) Wear a device capable of detecting drug or alcohol use by the probationer. The court shall assess and the probation officer or private probation officer, as the case may be, shall collect fees from the probationer for such monitoring;

(16) Complete a residential or nonresidential program for substance abuse or mental health treatment as indicated by a risk and needs assessment for which the court may assess and the probation officer or private probation officer, as the case may be, shall

be authorized to collect the costs of or a portion of the costs, as determined by the court, of such program from the probationer; and

(17) Pay for the cost of any drug and alcohol screening ordered by the court.

(b)(1) It shall be the duty of a probationer, as a condition of probation, to keep his or her probation officer or private probation officer, as the case may be, informed as to his or her residence and mailing address. The court may also require, as a condition of probation and under such terms as the court deems advisable, that the probationer keep his or her probation officer or private probation officer, as the case may be, informed as to his or her whereabouts.

(2)(A) The running of a probated sentence may be tolled upon the failure of a probationer to report to his or her probation officer or private probation officer, as the case may be, as directed or failure to appear in court for a probation revocation hearing; either of such failures may be evidenced by an affidavit from the probation officer or private probation officer, as the case may be, setting forth such failure and stating efforts made by the probation officer to contact the probationer.

(B) Upon receiving an affidavit from the probation officer or private probation officer as provided in subparagraph (A) of this paragraph, the court may enter an order tolling the probation of the probationer and may issue a rule nisi requiring the probationer to appear in court for a hearing on whether such tolling order should be continued or lifted. Said rule nisi shall be served by first-class mail to the last known address of the probationer or by personal service. The tolling order shall be effective upon the issuance of the rule nisi. Should the probationer fail to appear at the hearing, the court may, in its discretion, continue the tolling of the probated sentence. If, at the hearing, the court finds that the tolling order was inappropriately issued, the court shall rescind the tolling order and give the probationer credit toward his or her sentence for the time that the tolling order was in effect.

(3) The effective date of the tolling of the sentence shall be the date the court enters a tolling order and shall continue until the probationer shall personally report to the probation officer or private probation officer, as the case may be; is taken into custody in this state; or is otherwise available to the court, whichever event occurs first.

(4) Any tolled period of time shall not be included in computing creditable time served on probation or as any part of the time that the probationer was sentenced to serve.

(5) Any unpaid fines, restitution, or any other moneys owed as a condition of probation shall be due when the probationer is arrested; provided, however, that if the entire balance of his or her probation is revoked, all the conditions of probation, including moneys owed, shall be negated by his or her imprisonment. If only part of the balance of the probation is revoked, the probationer shall still be responsible for the full amount of the unpaid fines, restitution, fees, and other moneys upon his or her return to probation after release from imprisonment, provided that the court may waive or reduce such amounts after considering all circumstances, including undue hardship, inability to pay, extenuating factors, and the availability of other alternatives, including community service.

(c) Nothing in this Code section shall be construed as prohibiting a court in appropriate circumstances from imposing additional special conditions of probation unless otherwise prohibited by law.

(d) Probation officers and private probation officers shall be authorized to participate in and conduct pretrial diversion programs as directed by the prosecuting attorney."

SECTION 4.

Said article is further amended by revising subsection (a) of Code Section 42-8-103, relating to quarterly report to judge and council and records to be open for inspection, as follows:

"(a) Any private corporation, private enterprise, or private agency contracting to provide probation services or any county, municipality or consolidated government entering into an agreement under the provisions of this article shall provide to the judge with whom the contract or agreement was made and the council a quarterly report summarizing the number of offenders under supervision; the amount of fines, statutory surcharges, and restitution collected; the number of offenders for whom supervision or rehabilitation has been terminated and the reason for the termination; and the number of warrants issued during the quarter, in such detail as the council may require. The first request for such copies in a calendar year shall be provided by the entity at no charge to the individual. For all other requests, the entity providing such copies may charge a reasonable fee for such copies. Such individual may not request such inspection or copies more than once each calendar quarter."

SECTION 6.

Said article is further amended by revising paragraph (3) of subsection (a) and paragraph (3) of subsection (b) of Code Section 42-8-108, relating to the applicability of the article to contractors for probation services, as follows:

"(3) Employ at least one person who is responsible for the direct supervision of probation officers employed by the corporation, enterprise, or agency and who shall have at least five years' experience in corrections, jail officer, parole, or probation services."

"(3) Employ at least one person who is responsible for the direct supervision of probation officers employed by the governing authority who shall have at least five years' experience in corrections, jail officer, parole, or probation services; provided, however, that the five-year experience requirement shall not apply to any probation services supervised or administered by the office of sheriff of any county or to any such supervisor employed by a county, municipality, or consolidated government which was engaged in the provision of probation services on April 15, 2006."

SECTION 7.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 8.

All laws and parts of laws in conflict with this Act are repealed.

The following Minority Report on HB 990 was filed with the Secretary:

Senate Health and Human Services Committee
Minority Report
March 17, 2014

The undersigned members of the Health and Human Services offer the following report to express our disagreement with the committee report on House Bill 990.

Georgia Would Almost Certainly Miss All 100% Subsidized Years

- Medicaid expansion is 100% funded by the federal government through 2016.
- By delaying or refusing expansion, Georgia is forfeiting three years in which 650,000 people would be able to obtain health care without it costing the state a single dime.

Georgians are Already Paying for Medicaid Expansion

- The ACA was passed under the assumption that Medicaid would be expanded in every state.
- The taxes in the act apply in all states, regardless of whether the state expands Medicaid.
- By refusing Medicaid expansion, Georgia's taxpayers are subsidizing other states that did expand Medicaid and getting nothing in return.

This Legislation Would Remove Flexibility from DCH

- The Department of Community health has always made decisions regarding the Medicaid programs in which the state enrolls.
- These decisions are complicated and must be made at the agency level in order to make sense.
- The legislature would retain historical control over the department through the appropriations process.

Medicaid Expansion is Necessary for Georgia

- Medicaid expansion under the ACA is one of the most important policy decisions facing the state. It will create non-exportable jobs and provide health care to 650,000 Georgians. Medicaid expansion will only impose a minimal cost to the state budget while having a massively beneficial impact on the state economy and saving lives.

Medicaid Expansion is Affordable

- Opponents of Medicaid expansion claim that the state cannot afford Medicaid expansion. The Governor's office claims that Medicaid expansion would cost the state \$4.5 billion over 10 years. However, that number is misleading because it includes costs due to enrollment growth, Medicaid changes that will affect the state regardless of expansion, and an optional provider payment increase. The true cost attributable to expansion is only \$2.15 billion over 10 years.
- In addition to health care provision, Medicaid expansion will also serve as a revenue stream. Medicaid expansion would directly lead to about \$1 billion in increased sales and income taxes and \$750 million in insurance premium taxes, for a total of \$1.75 billion in increased state revenues. This would mean that the net cost to the state is only \$353 million over ten years, or just over \$35 million a year, less than two percent of the state budget. The resulting hospital growth would lead to increased provider tax revenues that would further reduce the net cost to the state.

Medicaid Expansion Will Reduce Health Care Costs

- Uninsured persons have very limited access to preventative care. Without preventative care, health conditions fester and linger until they become an emergency. In addition to quality of life concerns, waiting until a treatable medical condition becomes an emergency is the most expensive and inefficient method of providing health care. Medicaid expansion will improve access to preventative care and allow for treatment earlier and at less cost.
- The average uninsured person creates approximately \$1,300/year in costs that are passed on to paying customers through higher health care costs and higher insurance premiums. This amount will almost double over the next decade. Providing Medicaid to 650,000 uninsured Georgians will save the health care system about \$850 million in 2014 and even more as base health care costs rise.

Medicaid Expansion Will Help Save Rural Hospitals

- Rural hospitals will be some of the biggest beneficiaries of Medicaid expansion. Currently, rural hospitals in Georgia are in trouble. Rural hospitals routinely close because they cannot bring in enough patients to pay the bills. When a hospital closes, patients in the area must travel long distances, often to the nearest large city, to obtain medical care.
- A routine doctor's visit can turn into a daylong ordeal, especially for patients who cannot drive. Additionally, many nursing homes are attached to hospitals. When a hospital closes, its nursing home closes, and residents will often have to move hours away from their hometowns and their families. Medicaid expansion will create thousands of new potential patients for rural hospitals, keep the doors open, keep care local, and keep hospital workers employed.

Medicaid Expansion Will Create Jobs

- The health care industry is a major employer across Georgia. It provides employment opportunities in numerous skill areas to people from all educational backgrounds. Additionally, the vast majority of health care jobs cannot be outsourced. As more and more employment opportunities either become concentrated in metro Atlanta or leave the state altogether, it is critical to support industries such as health care that create jobs everywhere in the state.
- Medicaid expansion would create over 70,000 jobs statewide. These jobs are not limited to the health care sector; Medicaid expansion will create jobs in other industries due to the economic security of improved health care funding. Of these 70,000 jobs, almost 2/3 would be created outside the Atlanta region, including in parts of the state that have been the worst hit by failed state economic policies.

Medicaid Expansion Will Save Lives

- Roughly 1 in 1000 uninsured persons will die from a lack of health insurance. Medicaid expansion would provide coverage to roughly 650,000 currently uninsured Georgians. This means that 650 more people will die each year if Georgia does not accept Medicaid expansion.

Medicaid Expansion by the Numbers

- Total increase to state GDP: \$8.2 billion/year
- Average annual return on state investment: 1794%
- Total jobs created: 70,343
- Total increased state and local tax revenue: 276.5 million

Honorable Mickey Channell, Chairman
House Ways and Means Committee

SUBJECT: Fiscal Note
House Bill 729 (LC 28 6900)

Dear Chairman Channell:

The Georgia State University Fiscal Research Center provided the following narrative on the revenue impact of this bill:

This legislation modifies several pieces of the current Title Fee Ad Valorem Tax (TAVT). The impact of each modification and the total for all modifications to state revenues are shown in Table 1. The impacts on local revenues are shown in Table 2. All estimates shown in Table 1 and Table 2 assume an effective date of January 1, 2014.

Section 1 of this bill modifies the current law by requiring that the value of trade-in vehicles involved in used car sale transactions be based upon the average of the current fair market value and the current wholesale value of the trade-in motor vehicle listed in the current motor vehicle ad valorem assessment manual utilized by the state revenue commissioner.

There have been many reported instances of abuse involving the valuation of trade-ins used in a used vehicle transaction. The result of this abuse is to significantly reduce, and in some cases, eliminate the TAVT liability. Although current law does not stipulate a pricing guide for trade-ins used in used car transactions, the original revenue estimate of HB 259 prepared during the 2012 legislative session assumed that vehicles used as trade-ins for used car transactions would be valued according to the standard assessment

manual used by the state revenue commissioner. Therefore, this provision provides no change in the baseline forecast of TAVT revenues and consequently has no effect on state or local revenues compared to baseline estimates included in Amended FY 2014 and FY 2015 revenue estimates.

Section 1 allows kit cars to be valued at the greater of the retail selling price of the kit or the average of the current fair market value and the current wholesale value of the motor vehicle as listed in the current motor vehicle ad valorem assessment manual utilized by the state revenue commissioner. The modification codifies the assumptions made in the original TAVT estimate. As such, this modification is already contained in the TAVT baseline.

Section 1 of this bill allows leasing companies to use previously leased vehicles that are being turned in at the end of a lease as a trade-in in a new purchase transaction for a vehicle to be leased to the same or a new lessee. The effect of this modification is to reduce the base on which the TAVT is levied by the amount of the trade-in. Under current law, the TAVT is levied on the full value of the leased vehicle with no trade-in allowance provided.

Based on data provided by the Department of Revenue (DOR) on monthly TAVT receipts, leasing makes up about 12 percent of all new car sales in 2013. According to industry data for a typical 3 year lease, the average residual value of a leased vehicle is 50 percent of its original value. While no data was available to indicate the number of leased transactions that are returned to the dealer at the end of a lease, the estimate assumes 50 percent. If more leases are turned in, than the resulting revenue loss will be higher than projected. This provision is expected to result in a State revenue loss of \$5 million and a local revenue loss of \$4 million for the January through June period of FY2014. The State revenue effect declines slightly in later years because the state TAVT rate declines over time. The local revenue effect increases throughout the FY2014-2019 period.

Section 1 also includes a provision to provide a state income tax credit for low-income individuals purchasing a vehicle through a buy-here pay-here (BHPH) dealer. Under current law, dealers registered with the state as BHPH dealers are authorized to levy a reduced TAVT rate which is 2.5 percentage points below the standard TAVT rate. Under this bill, BHPH transactions would pay the standard TAVT at the time of purchase, but qualifying low income individuals would be allowed to take a refundable credit against their income taxes. The value of the credit would equal the 2.5 percentage point reduction in the TAVT.

This provision has the effect of increasing state and local TAVT revenues by eliminating the reduced TAVT rate for BHPH transactions. The revenue increase is offset in the case of State revenues by the reduction in State revenues from the credit allowed to qualified

individuals. The revenue loss of the credit is the sum of both the state and local portion of the reduction in the TAVT rate. Because the refundable credit will not be claimed until the following year when the return is filed, there is no revenue effect until FY2015. There is no corresponding revenue loss at the local level.

At the present, there are no definitive figures on the number of BHPH deals per year in Georgia or their value. The estimate assumes that about 129,000 BHPH transactions occurred in 2013 at an average value of \$6,500 per transaction. The number of transactions is based a rough estimate provided through conversations with the industry. If this number of transactions is too high, then the revenue loss to the State will be overstated; conversely, if the number is too low, the revenue loss to the State will be too low.

Lastly, section 1 modifies the current law TAVT treatment of out of state (OOS) vehicles. Under current law, OOS vehicles are subject to the standard TAVT rate but are allowed to pay the liability in 2 equal installments over a 12 month period. The proposed legislation levies a 3 percent TAVT on OOS vehicles, all of which is due at the time the vehicle is registered. The 3 percent TAVT rate would be split between the state and local governments based on the same split applied to the standard TAVT rate.

Based on data provided by DOR, 68,000 vehicles were registered from out of state between March and December of 2013. The estimate assumes that vehicles registered in 2013 with an outstanding liability for their registration would not be affected by this legislation. Thus, taxpayers who still owe the second installment on their TAVT liability would remain liable for this payment.

Section 2 of this bill allows owners of passenger cars to prepay their annual registration fee. Under current law, all owners of passenger cars must pay a \$20 annual registration fee. This legislation provides for a 3 year registration fee for \$57, a 4 year registration fee for \$75 and a 5 year registration fee for \$90. This legislation will not eliminate the annual emissions requirement for those owners residing in the metro area counties.

The effect of this legislation on State revenues is to concentrate the payment of registration fees in the early part of FY2014-FY2019 relative to the currently anticipated FY2014-FY2019 baseline of registration fee revenue. This results in a revenue gain in FY2014-FY2016 as more fees than currently expected are paid to the State but a revenue loss in FY2017-FY2019 as less fees than expected are paid to the State. The estimate assumes that this provision will be utilized only by those vehicles under the TAVT system. While open to all registered vehicles, vehicles not under the TAVT system will not find the prepayment advantageous because the annual property tax must still be paid on the vehicle. Because the registration fee is not a local revenue source, this modification has no effect on local revenues.

SECTION 1.

Code Section 48-5C-1 of the Official Code of Georgia Annotated, relating to definitions, exemption from taxation, allocation and disbursement of proceeds collected by tag agents, fair market value of vehicle appealable, and report, is amended by revising the Code section as follows:

"48-5C-1.

(a) As used in this Code section, the term:

(1) 'Fair market value of the motor vehicle' means:

(A) For a used motor vehicle, the average of the current fair market value and the current wholesale value of a motor vehicle for a vehicle listed in the current motor vehicle ad valorem assessment manual utilized by the state revenue commissioner and based upon a nationally recognized motor vehicle industry pricing guide for fair market and wholesale market values in determining the taxable value of a motor vehicle under Code Section 48-5-442, and, in the case of a used car dealer, less any reduction for the trade-in value of another motor vehicle which shall also be based upon the average of the current fair market value and the current wholesale value of the trade-in motor vehicle listed in the current motor vehicle ad valorem assessment manual utilized by the state revenue commissioner and based upon a nationally recognized motor vehicle industry pricing guide for fair market and wholesale market values in determining the taxable value of a motor vehicle under Code Section 48-5-442;

(B) For a used motor vehicle which is not so listed in such current motor vehicle ad

valorem assessment manual, the value from the bill of sale or the value from a reputable used car market guide designated by the commissioner, whichever is greater, and, in the case of a used car dealer, less any reduction for the trade-in value of another motor vehicle; provided, however, that, if the value of the motor vehicle is based upon a reputable used car market guide designated by the commissioner, then the value of the trade-in shall also be based upon the same reputable used car market guide;

~~(C) Upon written application and supporting documentation submitted by an applicant under this Code section, a county tag agent may deviate from the fair market value as defined in subparagraph (A) or (B) of this paragraph based upon mileage and condition of the used vehicle. Supporting documentation may include, but not be limited to, bill of sale, odometer statement, and values from reputable pricing guides. The fair market value as determined by the county tag agent pursuant to this subparagraph shall be appealable as provided in subsection (e) of this Code section; or~~

~~(D)~~(C) For a new motor vehicle, the greater of the retail selling price or, in the case of a lease of a new motor vehicle, the agreed upon value of the vehicle pursuant to the lease agreement or the average of the current fair market value and the current wholesale value of a motor vehicle for a vehicle listed in the current motor vehicle ad valorem assessment manual utilized by the state revenue commissioner in determining the taxable value of a motor vehicle under Code Section 48-5-442, less any reduction for the trade-in value of another motor vehicle as stated in the bill of sale and any rebate or any cash discounts provided by the selling dealer and taken at the time of sale. The retail selling price or agreed upon value shall include any charges for labor, freight, delivery, dealer fees, and similar charges and dealer add-ons and mark-ups; but shall not include any extended warranty or maintenance agreement itemized on the dealer's invoice to the customer or any finance, insurance, and interest charges for deferred payments billed separately; or

(D) In the case of a kit car which is assembled by the purchaser from parts supplied by a manufacturer, the greater of the retail selling price of the kit or the average of the current fair market value and the current wholesale value of the motor vehicle if listed in the current motor vehicle ad valorem assessment manual utilized by the state revenue commissioner and based upon a nationally recognized motor vehicle industry pricing guide for fair market and wholesale market values in determining the taxable value of a motor vehicle under Code Section 48-5-442. A kit car shall not include a rebuilt or salvage vehicle.

Upon written application and supporting documentation submitted by an applicant under this Code section, a county tag agent may deviate from the fair market value as defined in subparagraph (A) or (B) of this paragraph based upon mileage and condition of the used vehicle. Supporting documentation may include, but shall not be limited to, bill of sale, odometer statement, and values from reputable pricing guides. The fair market value as determined by the county tag agent pursuant to this paragraph shall be appealable as provided in subsection (e) of this Code section.

(2) 'Immediate family member' means spouse, parent, child, sibling, grandparent, or grandchild.

(3) 'Loaner vehicle' means a motor vehicle owned or leased by a dealer which is withdrawn temporarily from dealer inventory for exclusive use as a courtesy vehicle loaned at no charge for a period not to exceed 30 days within a 366 day period to any one customer whose motor vehicle is being serviced by such dealer.

(4) 'Rental charge' means the total value received by a rental motor vehicle concern for the rental or lease for 31 or fewer consecutive days of a rental motor vehicle, including the total cash and nonmonetary consideration for the rental or lease, including, but not limited to, charges based on time or mileage and charges for insurance coverage or collision damage waiver but excluding all charges for motor fuel taxes or sales and use taxes.

(5) 'Rental motor vehicle' means a motor vehicle designed to carry 15 or fewer passengers and used primarily for the transportation of persons that is rented or leased without a driver.

(6) 'Rental motor vehicle concern' means a person or legal entity which owns or leases five or more rental motor vehicles and which regularly rents or leases such vehicles to the public for value.

(7) 'Trade-in value' means the fair market value of the motor vehicle, as defined in paragraph (1) of this subsection, as stated in the bill of sale for a vehicle which has been traded in to the dealer in a transaction involving the purchase of another vehicle from the dealer. When a lessor receives a motor vehicle which was returned to the lessor by a lessee and the lessor utilizes such vehicle as a trade-in in the purchase of another motor vehicle to be leased to the same or a different lessee, such lessor shall receive a reduction for the trade-in value of such trade-in vehicle in determining the fair market value of the vehicle being purchased.

(b)(1)(A) Except as otherwise provided in this subsection, any motor vehicle for which a title is issued in this state on or after March 1, 2013, shall be exempt from sales and use taxes to the extent provided under paragraph (95) of Code Section 48-8-3 and shall not be subject to the ad valorem tax as otherwise required under Chapter 5 of this title. Any such motor vehicle shall be titled as otherwise required under Title 40 but shall be subject to a state title fee and a local title fee which shall be alternative ad valorem taxes as authorized by Article VII, Section I, Paragraph III(b)(3) of the Georgia Constitution. Motor vehicles registered under the International Registration Plan shall not be subject to state and local title ad valorem tax fees but shall continue to be subject to apportioned ad valorem taxation under Article 10 of Chapter 5 of this title.

(B)(i) As used in this subparagraph, the term:

(I) 'Local base amount' means \$1 billion.

(II) 'Local current collection amount' means the total amount of sales and use taxes on the sale of motor vehicles under Chapter 8 of this title and motor vehicle local ad valorem tax proceeds under this Code section and Chapter 5 of this title which were collected during the calendar year which immediately

precedes the tax year in which the title ad valorem tax adjustments are required to be made under this subparagraph.

(III) 'Local target collection amount' means an amount equal to the local base amount added to the product of 2 percent of the local base amount multiplied by the number of years since 2012 with a maximum amount of \$1.2 billion.

(IV) 'State base amount' means \$535 million.

(V) 'State current collection amount' means the total amount of sales and use taxes on the sale of motor vehicles under Chapter 8 of this title and motor vehicle state ad valorem tax proceeds under this Code section and Chapter 5 of this title which were collected during the calendar year which immediately precedes the tax year in which the state and local title ad valorem tax rate is to be reviewed for adjustment under division (xiv) of this subparagraph. Notwithstanding the other provisions of this subdivision to the contrary, the term 'state current collection amount' for the 2014 calendar year for the purposes of the 2015 review under division (xiv) of this subparagraph shall be adjusted so that such amount is equal to the amount of motor vehicle state ad valorem tax proceeds that would have been collected under this Code section in 2014 if the combined state and local title ad valorem tax rate was 7 percent of the fair market value of the motor vehicle less any trade-in value plus the total amount of motor vehicle state ad valorem tax proceeds collected under Chapter 5 of this title during 2014.

(VI) 'State target collection amount' means an amount equal to the state base amount added to the product of 2 percent of the state base amount multiplied by the number of years since 2012.

(ii) The combined state and local title ad valorem tax shall be at a rate equal to:

(I) For the period commencing March 1, 2013, through December 31, 2013, 6.5 percent of the fair market value of the motor vehicle;

(II) For the 2014 tax year, 6.75 percent of the fair market value of the motor vehicle; and

(III) Except as provided in division (xiv) of this subparagraph, for the 2015 and subsequent tax years, 7 percent of the fair market value of the motor vehicle.

(iii) For the period commencing March 1, 2013, through December 31, 2013, the state title ad valorem tax shall be at a rate equal to 57 percent of the tax rate specified in division (ii) of this subparagraph, and the local title ad valorem tax shall be at a rate equal to 43 percent of the tax rate specified in division (ii) of this subparagraph.

(iv) For the 2014 tax year, the state title ad valorem tax shall be at a rate equal to 55 percent of the tax rate specified in division (ii) of this subparagraph, and the local title ad valorem tax shall be at a rate equal to 45 percent of the tax rate specified in division (ii) of this subparagraph.

(v) For the 2015 tax year, the state title ad valorem tax shall be at a rate equal to 55 percent of the tax rate specified in division (ii) of this subparagraph, and the local title ad valorem tax shall be at a rate equal to 45 percent of the tax rate

specified in division (ii) of this subparagraph.

(vi) For the 2016 tax year, except as otherwise provided in division (xiii) of this subparagraph, the state title ad valorem tax shall be at a rate equal to 53.5 percent of the tax rate specified in division (ii) of this subparagraph, and the local title ad valorem tax shall be at a rate equal to 46.5 percent of the tax rate specified in division (ii) of this subparagraph.

(vii) For the 2017 tax year, except as otherwise provided in divisions (xiii) and (xiv) of this subparagraph, the state title ad valorem tax shall be at a rate equal to 44 percent of the tax rate specified in division (ii) of this subparagraph, and the local title ad valorem tax shall be at a rate equal to 56 percent of the tax rate specified in division (ii) of this subparagraph.

(viii) For the 2018 tax year, except as otherwise provided in division (xiii) of this subparagraph, the state title ad valorem tax shall be at a rate equal to 40 percent of the tax rate specified in division (ii) of this subparagraph, and the local title ad valorem tax shall be at a rate equal to 60 percent of the tax rate specified in division (ii) of this subparagraph.

(ix) For the 2019 tax year, except as otherwise provided in divisions (xiii) and (xiv) of this subparagraph, the state title ad valorem tax shall be at a rate equal to 36 percent of the tax rate specified in division (ii) of this subparagraph, and the local title ad valorem tax shall be at a rate equal to 64 percent of the tax rate specified in division (ii) of this subparagraph.

(x) For the 2020 tax year, except as otherwise provided in division (xiii) of this subparagraph, the state title ad valorem tax shall be at a rate equal to 34 percent of the tax rate specified in division (ii) of this subparagraph, and the local title ad valorem tax shall be at a rate equal to 66 percent of the tax rate specified in division (ii) of this subparagraph.

(xi) For the 2021 tax year, except as otherwise provided in division (xiii) of this subparagraph, the state title ad valorem tax shall be at a rate equal to 30 percent of the tax rate specified in division (ii) of this subparagraph, and the local title ad valorem tax shall be at a rate equal to 70 percent of the tax rate specified in division (ii) of this subparagraph.

(xii) For the 2022 and all subsequent tax years, except as otherwise provided in division (xiii) of this subparagraph for tax years 2022, 2023, and 2024 and except as otherwise provided in division (xiv) of this subparagraph for tax year 2023, the state title ad valorem tax shall be at a rate equal to 28 percent of the tax rate specified in division (ii) of this subparagraph, and the local title ad valorem tax shall be at a rate equal to 72 percent of the tax rate specified in division (ii) of this subparagraph.

(xiii) Beginning in 2016, by not later than January 15 of each tax year through the 2022 tax year, the state revenue commissioner shall determine the local target collection amount and the local current collection amount for the preceding calendar year. If such local current collection amount is equal to or within 1 percent of the local target collection amount, then the state title ad valorem tax rate

and the local title ad valorem tax rate for such tax year shall remain at the rate specified in this subparagraph for that year. If the local current collection amount is more than 1 percent greater than the local target collection amount, then the local title ad valorem tax rate for such tax year shall be reduced automatically by operation of this division by such percentage amount as may be necessary so that, if such rate had been in effect for the calendar year under review, the local current collection amount would have produced an amount equal to the local target collection amount, and the state title ad valorem tax rate for such tax year shall be increased by an equal amount to maintain the combined state and local title ad valorem tax rate at the rate specified in division (ii) of this subparagraph. If the local current collection amount is more than 1 percent less than the local target collection amount, then the local title ad valorem tax rate for such tax year shall be increased automatically by operation of this division by such percentage amount as may be necessary so that, if such rate had been in effect for the calendar year under review, the local current collection amount would have produced an amount equal to the local target collection amount, and the state title ad valorem tax rate for such tax year shall be reduced by an equal amount to maintain the combined state and local title ad valorem tax rate at the rate specified in division (ii) of this subparagraph. In the event of an adjustment of such ad valorem tax rates, by not later than January 31 of such tax year, the state revenue commissioner shall notify the tax commissioner of each county in this state of the adjusted rate amounts. The effective date of such adjusted rate amounts shall be January 1 of such tax year.

(xiv) In tax years 2015, 2018, and 2022, by not later than July 1 of each such tax year, the state revenue commissioner shall determine the state target collection amount and the state current collection amount for the preceding calendar year. If such state current collection amount is greater than, equal to, or within 1 percent of the state target collection amount after making the adjustment, if any, required in division (xiii) of this subparagraph, then the combined state and local title ad valorem tax rate provided in division (ii) of this subparagraph shall remain at the rate specified in such division. If the state current collection amount is more than 1 percent less than the state target collection amount after making the adjustment, if any, required by division (xiii) of this subparagraph, then the combined state and local title ad valorem tax rate provided in division (ii) of this subparagraph shall be increased automatically by operation of this division by such percentage amount as may be necessary so that, if such rate had been in effect for the calendar year under review, the state current collection amount would have produced an amount equal to the state target collection amount, and the state title ad valorem tax rate and the local title ad valorem tax rate for the tax year in which such increase in the combined state and local title ad valorem tax rate shall become effective shall be adjusted from the rates specified in this subparagraph ~~or division (xiii) of this subparagraph~~ for such tax year such that the proceeds from such increase in the combined state and local title ad valorem tax rate shall be allocated in full to the

state. In the event of an adjustment of the combined state and local title ad valorem tax rate, by not later than August 31 of such tax year, the state revenue commissioner shall notify the tax commissioner of each county in this state of the adjusted combined state and local title ad valorem tax rate for the next calendar year. The effective date of such adjusted combined state and local title ad valorem tax rate shall be January 1 of the next calendar year. Notwithstanding the provisions of this division, the combined state and local title ad valorem tax rate shall not exceed 9 percent.

(xv) The state revenue commissioner shall promulgate such rules and regulations as may be necessary and appropriate to implement and administer this Code section, including, but not limited to, rules and regulations regarding appropriate public notification of any changes in rate amounts and the effective date of such changes and rules and regulations regarding appropriate enforcement and compliance procedures and methods for the implementation and operation of this Code section. The state revenue commissioner shall promulgate a standardized form to be used by all dealers of new and used vehicles in this state in order to ease the administration of this Code section. The state revenue commissioner may promulgate and implement rules and regulations as may be necessary to permit seller financed sales of used vehicles to be assessed 2.5 percentage points less than the rate specified in division ~~(b)(1)(B)(ii)~~ of this Code section subparagraph.

(C) The application for title and the state and local title ad valorem tax fees provided for in subparagraph (A) of this paragraph shall be paid to the tag agent in the county where the motor vehicle is to be registered and shall be paid at the time the application for a certificate of title is submitted or, in the case of an electronic title transaction, at the time when the electronic title transaction is finalized. In an electronic title transaction, the state and local title ad valorem tax fees shall be remitted electronically directly to the county tag agent. A dealer of new or used motor vehicles ~~may accept~~ shall make such application for title and state and local title ad valorem tax fees on behalf of the purchaser of a new or used motor vehicle for the purpose of submitting or, in the case of an electronic title application, finalizing such title application and remitting state and local title ad valorem tax fees.

(D) There shall be a penalty imposed on any person who, in the determination of the commissioner, falsifies any information in any bill of sale used for purposes of determining the fair market value of the motor vehicle. Such penalty shall not exceed \$2,500.00 as a state penalty and shall not exceed \$2,500.00 as a local penalty as determined by the commissioner. Such determination shall be made within 60 days of the commissioner receiving information of a possible violation of this paragraph.

(E) Except in the case in which an extension of the registration period has been granted by the county tag agent under Code Section 40-2-20, a dealer of new or used motor vehicles that ~~accepts~~ makes an application for title and collects state and local title ad valorem tax fees from a purchaser of a new or used motor vehicle and

does not submit or, in the case of an electronic title transaction, finalize such application for title and remit such state and local title ad valorem tax fees to the county tag agent within 30 days following the date of purchase shall be liable to the county tag agent for an amount equal to 5 percent of the amount of such state and local title ad valorem tax fees. An additional penalty equal to 10 percent of the amount of such state and local title ad valorem tax fees shall be imposed if such payment is not transmitted within 60 days following the date of purchase. An additional penalty equal to 15 percent of the amount of such state and local title ad valorem tax fees shall be imposed if such payment is not transmitted within 90 days following the date of purchase, and an additional penalty equal to 20 percent of the amount of such state and local title ad valorem tax fees shall be imposed if such payment is not transmitted within 120 days following the date of purchase. An additional penalty equal to 25 percent of the amount of such state and local title ad valorem tax fees shall be imposed for each subsequent 30 day period in which the payment is not transmitted. In addition, any such dealer of used motor vehicles who fails to make the application for title and submit or, in the case of an electronic title transaction, finalize such application for title and remit such state and local title ad valorem tax fees to the county tag agent within 30 days following the date of purchase shall also be subject to civil fines not to exceed \$500.00 per transaction, and such failure may be the basis for the revocation or suspension of such dealer's license under Chapter 47 of Title 43.

(F) A dealer of new or used motor vehicles that ~~accepts~~ makes an application for title and collects state and local title ad valorem tax fees from a purchaser of a new or used motor vehicle and converts such fees to his or her own use shall be guilty of theft by conversion and, upon conviction, shall be punished as provided in Code Section 16-8-12.

(2) A person or entity acquiring a salvage title pursuant to subsection (b) of Code Section 40-3-36 shall not be subject to the fee specified in paragraph (1) of this subsection but shall be subject to a state title ad valorem tax fee in an amount equal to 1 percent of the fair market value of the motor vehicle. Such state title ad valorem tax fee shall be an alternative ad valorem tax as authorized by Article VII, Section I, Paragraph III(b)(3) of the Georgia Constitution.

(c)(1) The amount of proceeds collected by tag agents each month as state and local title ad valorem tax fees, state salvage title ad valorem tax fees, administrative fees, penalties, and interest pursuant to subsection (b) of this Code section shall be allocated and disbursed as provided in this subsection.

(2) For the 2013 tax year and in each subsequent tax year, the amount of such funds shall be disbursed within 20 days following the end of each calendar month as follows:

(A) State title ad valorem tax fees, state salvage title ad valorem tax fees, administrative fees, penalties, and interest shall be remitted to the state revenue commissioner who shall deposit such proceeds in the general fund of the state less an amount to be retained by the tag agent not to exceed 1 percent of the total amount

otherwise required to be remitted under this subparagraph to defray the cost of administration. Such retained amount shall be remitted to the collecting county's general fund. Failure by the tag agent to disburse within such 20 day period shall result in a forfeiture of such administrative fee plus interest on such amount at the rate specified in Code Section 48-2-40; and

(B) Local title ad valorem tax fees, administrative fees, penalties, and interest shall be designated as local government ad valorem tax funds. The tag agent shall then distribute the proceeds as specified in paragraph (3) of this subsection, less an amount to be retained by the tag agent not to exceed 1 percent of the total amount otherwise required to be distributed under this subparagraph to defray the cost of administration. Such retained amount shall be remitted to the collecting county's general fund. Failure by the tag agent to disburse within such 20 day period shall result in a forfeiture of such administrative fee plus interest on such amount at the rate specified in Code Section 48-2-40.

(3) The local title ad valorem tax fee proceeds required under this subsection shall be distributed as follows:

(A) The tag agent of the county shall within 20 days following the end of each calendar month allocate and distribute to the county governing authority and to municipal governing authorities, the board of education of the county school district, and the board of education of any independent school district located in such county an amount of those proceeds necessary to offset any reduction in ad valorem tax on motor vehicles collected under Chapter 5 of this title in the taxing jurisdiction of each governing authority and school district from the amount of ad valorem taxes on motor vehicles collected under Chapter 5 of this title in each such governing authority and school district during the same calendar month of 2012. This reduction shall be calculated by subtracting the amount of ad valorem tax on motor vehicles collected under Chapter 5 of this title in each such taxing jurisdiction from the amount of ad valorem tax on motor vehicles collected under Chapter 5 of this title in that taxing jurisdiction in the same calendar month of 2012. In the event that the local title ad valorem tax fee proceeds are insufficient to fully offset such reduction in ad valorem taxes on motor vehicles, the tag agent shall allocate a proportionate amount of the proceeds to each governing authority and to the board of education of each such school district, and any remaining shortfall shall be paid from the following month's local title ad valorem tax fee proceeds. In the event that a shortfall remains, the tag agent shall continue to first allocate local title ad valorem tax fee proceeds to offset such shortfalls until the shortfall has been fully repaid; and

(B) Of the proceeds remaining following the allocation and distribution under subparagraph (A) of this paragraph, the tag agent shall allocate and distribute to the county governing authority and to municipal governing authorities, the board of education of the county school district, and the board of education of any independent school district located in such county the remaining amount of those proceeds in the manner provided in this subparagraph. Such proceeds shall be deposited in the general fund of such governing authority or board of education and

shall not be subject to any use or expenditure requirements provided for under any of the following described local sales and use taxes but shall be authorized to be expended in the same manner as authorized for the ad valorem tax revenues on motor vehicles under Chapter 5 of this title which would otherwise have been collected for such governing authority or board of education. Of such remaining proceeds:

(i) An amount equal to one-third of such proceeds shall be distributed to the board of education of the county school district and the board of education of each independent school district located in such county in the same manner as required for any local sales and use tax for educational purposes levied pursuant to Part 2 of Article 3 of Chapter 8 of this title currently in effect. If such tax is not currently in effect, such proceeds shall be distributed to such board or boards of education in the same manner as if such tax were in effect;

(ii)(I) Except as otherwise provided in this division, an amount equal to one-third of such proceeds shall be distributed to the governing authority of the county and the governing authority of each qualified municipality located in such county in the same manner as specified under the distribution certificate for the joint county and municipal sales and use tax under Article 2 of Chapter 8 of this title currently in effect.

SECTION 2.

Said chapter is further amended by revising Code Section 36-61-3, relating to legislative findings and declaration of necessity, as follows:

"36-61-3.

- (a) It is found and declared that there exist in municipalities and counties of this state ~~slum areas~~ pockets of blight, as defined in paragraph ~~(18)~~ (15) of Code Section 36-61-2, which constitute a serious and growing menace, injurious to the public health, safety, morals, and welfare of the residents of this state; that the existence of such areas contributes substantially and increasingly to the spread of disease and crime, constitutes an economic and social liability, substantially impairs or arrests the sound growth of municipalities and counties, retards the provision of housing accommodations, aggravates traffic problems, and substantially impairs or arrests the elimination of traffic hazards and the improvement of traffic facilities; and that the prevention and

elimination of ~~slums~~ pockets of blight is a matter of state policy and state concern, in order that ~~the~~ this state and its municipalities and counties shall not continue to be endangered by areas which are local centers of disease, promote juvenile delinquency, and, while contributing little to the tax income of ~~the~~ this state and its municipalities and counties, consume an excessive proportion of its revenues because of the extra services required for police, fire, accident, hospitalization, and other forms of public protection, services, and facilities.

(b) It is further found and declared that certain ~~slum areas~~ pockets of blight or portions thereof may require acquisition, clearance, and disposition, subject to use restrictions, as provided in this chapter, since the prevailing condition of decay may make impracticable the reclamation of the area by conservation or rehabilitation; that the other areas or portions thereof, through the means provided in this chapter, may be susceptible of conservation or rehabilitation in such a manner that the conditions and evils enumerated in subsection (a) of this Code section may be eliminated, remedied, or prevented and that, to the extent that is feasible, salvable ~~slum areas~~ pockets of blight should be conserved and rehabilitated through voluntary action and the regulatory process.

(c) It is further found and declared that the powers conferred by this chapter are for public uses and purposes for which public money may be expended and the power of eminent domain may be exercised. The necessity, in the public interest, for the provisions enacted in this chapter is declared as a matter of legislative determination."

SECTION 3.

Said chapter is further amended by revising Code Section 36-61-4, relating to the encouragement of private enterprise in urban redevelopment, as follows:

"36-61-4.

(a) A municipality or county, to the greatest extent it determines to be feasible in carrying out the provisions of this chapter, shall afford maximum opportunity, consistent with the sound needs of the municipality or county as a whole, to the rehabilitation or redevelopment of the urban redevelopment area by private enterprise. A municipality or county shall give consideration to this objective in exercising its powers under this chapter, including: the formulation of a workable program; the approval of urban redevelopment plans consistent with the general plan for the municipality or county; the adoption and enforcement of ordinances as provided for in Code Section 36-61-11; the exercise of its zoning powers; the enforcement of other laws, codes, and regulations relating to the use of land and the use and occupancy of buildings and improvements; the disposition of any property acquired; and the provision of necessary public improvements.

(b) Notwithstanding anything in this chapter or other provisions of law to the contrary, and in order to give effect to the encouragement of private enterprise contemplated in this Code section, the following shall apply to contracts and agreements for surface transportation projects entered into pursuant to this chapter:

(1) In addition to other methods of procurement authorized by law, the sponsoring

local government, urban redevelopment agency, or other governing body shall be authorized to utilize the procedures of this chapter to provide for the planning, design, finance, construction, acquisition, leasing, operation, and maintenance of surface transportation projects. The provisions of this chapter shall be an alternative to such other methods to be exercised at the option of each sponsoring local government or public body;

(2) One or more public bodies may participate in the consideration and implementation of a surface transportation project at the discretion of the sponsoring local government. Where more than one public body agrees to participate in the consideration or implementation of a surface transportation project, the participants may designate one or more representatives of each such participating public body, as agreed to by the sponsoring local government or the urban redevelopment agency;

(3)(A) An urban redevelopment agency designated by the sponsoring local government may evaluate a project to determine the appropriate or desirable levels of public and private participation in planning, designing, financing, constructing, operating, maintaining, or facilitating, or any combination thereof, for the execution of such project. Such urban redevelopment agency may designate a public nonprofit, private corporation, body, or entity to perform this function and to otherwise perform the activities contemplated in this Code section.

(B) A sponsoring local government or an urban redevelopment agency shall be authorized to issue, individually or in sequenced stages, written requests for expressions of interest, qualifications, or proposals, or any combination thereof, or other similar methods of procurement or solicitation. Such requests shall indicate the scope of the project, the proposed public and private financial participation in the project, including, but not limited to, the rights, responsibilities, obligations, revenue sharing features, any lease, license, availability or other payment rights, and any other allocations of interests and federal and state income tax benefits in respect of real and personal property relating to a project. Such requests shall include the factors to be used in evaluating responses, the relative importance of any applicable evaluation factors, and other contractual terms and conditions expected, including any unique capabilities or qualifications that will be required of respondents, as determined in the sole discretion of the designated representative of the sponsoring local government. Public notice of such requests shall be made at least 30 days prior to the date set for the release of said request by posting a legal notice on the websites of the sponsoring local government and the public body implementing the project, in substantially the same manner utilized by such public bodies in order to solicit requests for proposals, with a copy of such notice provided simultaneously to each affected public body.

(C)(i) The public body implementing the project and the sponsoring local government, with the participation of any designated representatives of other participating public bodies as determined by the sponsoring local government, may engage in individual discussions and interviews with each respondent deemed fully qualified, responsible, and suitable on the basis of initial responses and with

emphasis on professional competence and ability to meet the level of private financial participation as called for in such request. Repetitive, informal interviews and negotiation sessions may be conducted. Any such interviews and negotiation sessions shall be deemed to be a part of the procurement process.

The decision of the special master with regard to such dispute shall be appealable for a de novo review to the superior court of the county in which the sponsoring local government is located within 30 days following the decision of the special master.

(E) Nothing in this chapter shall require the designated representatives, the sponsoring local government, the implementing public body, or any participating public body to continue negotiations or discussions arising out of any request or any other procurement initiated under the provisions of this Code section.

(F) Every public body shall be authorized to promulgate reasonable rules and regulations to assist in its evaluation of responses and to implement the purposes of this chapter; provided, however, that unsolicited proposals shall not be permitted;

The state board shall approve or deny a petition that has been approved by such local board no later than 210 days after such petition was originally submitted to the local board and concurrently to the state board pursuant to Code Section 20-2-2064. If the state board denies a petition, it must

within 60 days of such denial specifically state the reasons for the denial, list all deficiencies with regard to Code Section 20-2-2063, and provide a written statement of the denial to the charter petitioner and to the local board. If the state board approves a petition, the charter shall be executed by the state board, local board, and charter petitioner no later than 240 days after such petition was originally submitted to the local board and concurrently to the state board pursuant to Code Section 20-2-2064.

(c) No application for a state chartered special school may be made to the state board by a petitioner for a conversion charter school that has been denied by a local board. Upon denial of a petition for a start-up charter school by a local board and upon application to the state board by the petitioner, the state board shall approve the charter of a start-up charter petitioner for a state chartered special school if the state board finds, after receiving input from the Charter Advisory Committee, that such petition meets the requirements set forth in Code Section 20-2-2063 and the provisions of this title, and is in the public interest. The state board shall approve or deny a petition for a state chartered special school no later than 210 days after such petition was originally submitted to the local board and concurrently to the state board pursuant to Code Section 20-2-2064. If the state board approves a petition, the charter for a state chartered special school shall be executed by the state board and the charter petitioner no later than 240 days after such petition was originally submitted to the local board and concurrently to the state board pursuant to Code Section 20-2-2064."

SECTION 43.

Said chapter is further amended by adding a new Code section to read as follows:

"20-2-2064.2.

(a) The General Assembly finds that:

(1) A quality charter authorizer engages in responsible oversight of charter schools by ensuring that schools have both the autonomy to which they are entitled and the public accountability for which they are responsible; and

(2) Charter authorizers should be guided by the following three core principles of charter authorizing:

(A) Maintain high standards for charter schools;

(B) Uphold charter school autonomy; and

(C) Protect student and public interests.

(b) To solicit, encourage, and guide the development of quality charter school petitions, the State Board of Education shall establish rules, regulations, policies, and procedures requiring every charter authorizer that oversees a charter school or that has received a charter petition to develop and annually publish a policy statement based on national best practices.

(c) A charter authorizer's petition review process shall include thorough evaluation of each written charter petition, an in-person interview with the petitioner, and an opportunity in a public meeting for local residents or other interested persons to provide comment; provided, however, that if a charter petition has serious defects as determined by the charter authorizer, the charter authorizer shall not be required to conduct the

interview or hold the public meeting until such time as the defects are resolved.

(d) An authorizer shall monitor the performance and legal compliance of the charter schools it oversees, including collecting and analyzing data to support ongoing evaluation according to the charter. Every authorizer shall have the authority to conduct or require oversight activities that enable the authorizer to fulfill its responsibilities, including conducting appropriate inquiries and investigations, so long as those activities adhere to the terms of the charter and do not unduly inhibit the autonomy granted to charter schools.

(e) In the event that a charter school's performance or legal compliance appears unsatisfactory, the authorizer shall promptly notify the charter school in writing of the perceived problem and provide reasonable opportunity for the charter school to remedy the problem, unless the problem warrants termination in which case provisions of Code Section 20-2-2068 or 20-2-2083 and the terms of the charter apply.

(f) The state board shall identify the charter authorizers that fail to satisfy the requirements of subsections (b) through (e) of this Code section, along with relevant information on the charter authorizer's charter school portfolio, in its annual report to the General Assembly pursuant to Code Section 20-2-2070."

SECTION 44.

Said chapter is further amended by revising Code Section 20-2-2066, relating to admission, enrollment, and withdrawal of students, as follows:

"20-2-2066.

(a) A local charter school shall enroll students in the following manner:

(1)(A) A start-up charter school shall enroll any student who resides in the charter attendance zone as specified in the charter and who submits a timely application as specified in the charter unless the number of applications exceeds the capacity of a program, class, grade level, or building. In such case, all such applicants shall have an equal chance of being admitted through a random selection process unless otherwise prohibited by law; provided, however, that a start-up charter school may give enrollment preference to applicants in any one or more of the following categories in the order of priority specified in the charter:

(i) Students who reside in a specified political subdivision within the charter attendance zone. For purposes of this division, the term 'political subdivision' means a local school system, county, municipal corporation, consolidated city-county government, or other political subdivision of the state created by or pursuant to the Constitution of Georgia or any general, local, or special Act of the General Assembly or any community improvement district of the state;

~~(i)~~(ii) A sibling of a student enrolled in the start-up charter school;

(B) A conversion charter school shall enroll any student who resides in the attendance zone specified in the charter and who submits a timely application as specified in the charter. If the number of applying students who reside in the attendance zone does not exceed the capacity as specified in the charter, additional students shall be enrolled based on a random selection process; provided, however, that enrollment preferences may be given to applicants in any one or more of the following categories in the order of priority specified in the charter:

(i) Students who reside in a specified political subdivision within the charter attendance zone. For purposes of this division, the term 'political subdivision' means a local school system, county, municipal corporation, consolidated city-county government, or other political subdivision of the state created by or pursuant to the Constitution of Georgia or any general, local, or special Act of the General Assembly or any community improvement district of the state;

(b) A state chartered special school shall enroll any student who resides in the attendance zone specified in the charter and who submits a timely application as specified in the charter unless the number of applications exceeds the capacity of a program, class, grade level, or building. The period of time during which an application for enrollment may be submitted shall be specified in the charter. In such

case, all such applicants shall have an equal chance of being admitted through a random selection process unless otherwise prohibited by law; provided, however, that a state chartered special school may give enrollment preference to ~~a child of a full-time teacher, professional, or other employee of the state chartered special school as provided for in subsection (b) of Code Section 20-2-293~~ or to a sibling of a student currently enrolled in the state chartered special school applicants in any one or more of the following categories in the order of priority specified in the charter:

(1) Students who reside in a specified political subdivision within the charter attendance zone. For purposes of this paragraph, the term 'political subdivision' means a local school system, county, municipal corporation, consolidated city-county government, or other political subdivision of the state created by or pursuant to the Constitution of Georgia or any general, local, or special Act of the General Assembly or any community improvement district of the state;

(b.1) A charter system shall enroll students in its system charter schools per the terms of the charter and in accordance with state board rules.

(c) A charter school shall not discriminate on any basis that would be illegal if used by a school system.

(d) A student may withdraw without penalty from a charter school at any time and enroll in a local school in the school system in which such student resides as may be provided for by the policies of the local board. A student who is suspended or expelled from a charter school as a result of a disciplinary action taken by a charter school shall be entitled to enroll in a local school within the local school system in which the student resides, if, under the disciplinary policy of the local school system, such student would not have been subject to suspension or expulsion for the conduct which gave rise to the suspension or expulsion. In such instances, the local board shall not be required to independently verify the nature or occurrence of the applicable conduct or any evidence relating thereto."

SECTION 45.

Said chapter is further amended by adding new subsections to Code Section 20-2-2068.1, relating to charter school funding, to read as follows:

"(i) The per student funding formula based on the school's projected enrollment, school profile, and student characteristics that is included in a charter petition which is

approved by a local board shall be binding on such local board and the local board shall ensure that the charter school receives, at a minimum, the proportional level of state, local, and federal funding provided in such charter petition and approved charter.

(j) No later than April 1 of each year, a local charter school shall notify the local board and the department and a state chartered special school shall notify the department of the funding estimates calculated pursuant to this subsection for any new local charter school or state chartered special school and for any new grade levels or for a level of enrollment growth in an existing grade level specified in the charter offered by existing local charter schools or state chartered special schools. For purposes of funding students enrolled in a local charter school or a state chartered special school and prior to the initial student count, the local board or department, respectively, shall calculate and distribute, no later than July 1, the initial funding for the local charter school or state chartered special school on the basis of the funding estimate provided in this subsection. Nothing in this subsection shall be construed to require the department to conduct more than two student counts per year."

SECTION 46.

Said chapter is further amended by revising subsection (h) of Code Section 20-2-2068.2, relating to facilities fund for charter schools, purposes which funds may be used, upkeep of charter school property, and availability of unused facilities, as follows:

"(h)(1) As used in this subsection, the term 'unused facility' means a school building or other local board of education owned building that is or could be appropriate for school use in which less than 40 percent of the direct student instruction and critical administration space is being used.

(2) Each local board of education shall make its unused facilities available to local charter schools. The terms of the use of such a facility by the charter school shall be subject to negotiation between the board and the local charter school and shall be memorialized as a separate agreement. A local charter school that is allowed to use such a facility under such an agreement shall not sell or dispose of any interest in such property without the written permission of the local board. A local charter school may not be charged a rental or leasing fee for the existing facility or for property normally used by the public school which became the local charter school. A local charter school that receives property from a local board may not sell or dispose of such property without the written permission of the local board.

(3)(A) A local charter school shall have a right of first refusal to purchase at or below fair market value an unused facility. If, at the time a facility first becomes unused, the local board that owns the facility has a plan to reuse the facility within an 18 month period, the local board shall not be required to include the facility in its submission to the department. However, a local board may exclude an unused facility from the annual data base only once. Each local board of education shall annually, by a deadline and in accordance with guidelines established by the department, submit to the department a list of its unused facilities. The department shall, based on the submissions of the local board, publish to its website a

searchable data base of unused facilities.

(B) The department shall monitor the searchable data base and notify all local charter schools of unused facilities that are available and may be appropriate for school use.

(C) The department shall establish minimum standards for an application process for local charter schools to facilitate the purchase of unused facilities from local boards. The local board that owns the unused facility shall conduct the sale and receive any funds realized from the sale of such facility under its control.

(D) In the event more than one local charter school applies to purchase an unused facility, the local board shall establish a competitive bidding process. In scoring bids, the local board shall give weight to academic quality and performance, financial health, community impact, and the program design of the charter school. If the local board receives two or more bids of equal score, the local board shall accept a bid based on a random draw conducted at a public hearing. The department may establish guidelines on how the competitive bidding process must be conducted.

(E) This paragraph shall not be interpreted to limit the ability of a local school to convert to a charter school pursuant to Code section 20-2-2064 or to limit the ability of a local board to provide a facility to a local charter school pursuant to paragraph (2) of this subsection."

SECTION 47.

Said chapter is further amended by revising subsection (a) and paragraph (1) of subsection (c) of Code Section 20-2-2083, relating to powers and duties of the State Charter Schools Commission, as follows:

"(a) The commission shall have the power to:

(1) Approve or deny petitions for state charter schools and renew, nonrenew, or terminate state charter school petitions in accordance with rules and regulations established pursuant to this article. At its discretion, the commission may preliminarily approve a petition for a state charter school before the petitioner has secured space, equipment, or personnel, if the petitioner indicates such preliminary approval is necessary for it to raise working capital. The State Board of Education shall review and may overrule the approval or renewal of a state charter school by the commission, ~~within 60 days of such decision by the commission~~ no later than 210 days after its submission to the commission pursuant to Code Section 20-2-2084, upon a majority vote of the members of the state board; and

(2) Conduct facility and curriculum reviews of state charter schools."

"(c)(1) The commission shall establish rules and regulations requiring each state charter school to provide adequate notice of its enrollment procedures, ~~including any provision for the use of a random selection process where all applicants have an equal chance of being admitted in the event that the number of applications to enroll in the school exceeds the capacity of the program, grade, or school.~~ A state charter school shall enroll any student who resides in the charter attendance zone as specified in the

charter and who submits a timely application as specified in the charter unless the number of applications exceeds the capacity of a program, class, grade level, or building. In such case, all such applicants shall have an equal chance of being admitted through a random selection process unless otherwise prohibited by law; provided, however, that a state charter school may give enrollment preference to applicants in any one or more of the following categories in the order of priority specified in the charter:

(A) Students who reside in a specified political subdivision within the charter attendance zone. For purposes of this subparagraph, the term 'political subdivision' means a local school system, county, municipal corporation, consolidated city-county government, or other political subdivision of the state created by or pursuant to the Constitution of Georgia or any general, local, or special Act of the General Assembly or any community improvement district of the state;

(B) A sibling of a student enrolled in the state charter school;

(C) A sibling of a student enrolled in another local school designated in the charter;

(D) A student whose parent or guardian is a member of the governing board of the state charter school or is a full-time teacher, professional, or other employee at the state charter school;

(E) Students matriculating from a local school designated in the charter; and

(F) Children who matriculate from a pre-kindergarten program which is associated with the state charter school, including, but not limited to, programs which share common facilities or campuses with the school or programs which have established a partnership or cooperative efforts with the school."

SECTION 48.

Said chapter is further amended by revising subsections (a) through (c) of and by adding a new subsection to Code Section 20-2-2084, relating to petition for charter schools, requirements of school, governing board membership, and annual training, as follows:

"(a) Petitions submitted to the commission shall be subject to rules and regulations established pursuant to this article. The commission shall establish annual application deadlines of May 1 and November 1 for charter petitioners to submit charter petitions to the commission pursuant to subsection (c) of this Code section.

(b) The commission shall be authorized to approve a petition for a state charter school that meets the following requirements:

(1) Has a state-wide attendance zone, which may include a school which provides instruction in a physical location or which solely provides virtual instruction; or

(2)(A) Has a defined attendance zone; and

(B) Demonstrates that it has special characteristics, such as a special population, a special curriculum, or some other feature or features which enhance educational opportunities, which may include the demonstration of a need to enroll students across multiple communities or an alternative delivery system; provided, however, that the petitioner shall demonstrate a reasonable justification for any proposed special curriculum that has a narrow or limited focus.

(c)(1) For petitions for state charter schools with a state-wide attendance zone, the petitioner shall submit such petition to the commission and concurrently to the local board of education in which the school is proposed to be located for information purposes; provided, however, that this shall not apply to a proposed state charter school which will solely provide virtual instruction.

(2) For petitions for state charter schools with a defined attendance zone, the petitioner shall concurrently submit such petition to the commission, to the local board of education in which the school is proposed to be located, and to each local school system from which the proposed school plans to enroll students. The commission shall not act on a petition unless the local board of education in which the school is proposed to be located denies the petition; provided, however, that such local board shall approve or deny the petition no later than ~~60~~ 90 days after its submission, as required pursuant to subsection (b) of Code Section 20-2-2064, ~~unless the petitioner requested an extension.~~ Failure to approve or deny such petition by such local board, in violation of Code Section 20-2-2064, shall be deemed a denial for purposes of this paragraph. A local board that has denied a petition for a state charter school shall be permitted to present to the commission in writing or in person the reasons for denial and the deficiencies in such petition resulting in such denial.

(3) The commission may take into consideration any support or opposition by the local board of education or local boards of education on the start-up charter school petition when it votes to approve or deny a corresponding state charter school petition.

(4) The commission shall approve or deny a petition no later than 150 days after its submission to the commission pursuant to this Code section. If the commission approves a petition, the charter shall be executed by the commission and the charter petitioner no later than 240 days after such petition was originally submitted to the commission pursuant to this Code section."

"(d.1) The commission shall establish rules, regulations, policies, and procedures to provide a separate and expedited petition process for high-performing state charter schools to replicate, renew, or expand their school design. Such rules, regulations, policies, and procedures shall require the charter school replication, renewal, or expansion petition to contain evidence of academic success for the school design that the state charter school petitioner intends to replicate, renew, or expand, along with proof that the petitioner has the financial and human resources necessary to replicate, renew, or expand the design successfully."

SECTION 49.

Said chapter is further amended by revising subsections (a) and (d) of Code Section 20-2-2089, relating to funding for state charter schools, as follows:

"(a)(1) The earnings for a student in a state charter school shall be equal to the earnings for any other student with similar student characteristics in a state charter school, regardless of the local school system in which the student resides or the school system in which the state charter school is located, and, except as otherwise provided in paragraph (2) of this subsection, the department shall pay to each state charter

school through appropriation of state funds an amount equal to the sum of:

(A)(is) QBE formula earnings and QBE grants earned by the state charter school based on the school's enrollment, school profile, and student characteristics. For purposes of this subparagraph, the term 'QBE formula earnings' means funds earned for the Quality Basic Education Formula pursuant to Code Section 20-2-161, including the portion of such funds that are calculated in accordance with Code Section 20-2-164. QBE formula earnings shall include the salary portion of direct instructional costs, the adjustment for training and experience, the nonsalary portion of direct instructional costs, and earnings for psychologists and school social workers, school administration, facility maintenance and operation, media centers, additional days of instruction in accordance with Code Section 20-2-184.1, and staff development, as determined by the department.

(ii) A proportional share of earned state categorical grants, non-QBE state grants, transportation grants, school nutrition grants, and all other state grants, except state equalization grants, as determined by the department;

(B) The average amount of the total revenues less federal revenues less state revenues other than equalization grants per full-time equivalent for the lowest five school systems ranked by assessed valuation per weighted full-time equivalent count, as determined by the department; and

(C) The state-wide average total capital revenue per full-time equivalent, as determined by the department.

(2) In the event that a state charter school offers virtual instruction:

(A) The amount of funds received pursuant to subparagraph (B) of paragraph (1) of this subsection shall be equal to two-thirds of such calculated amount; provided, however, that this two-thirds amount may be increased by any amount up to the originally calculated amount in the discretion of the commission if relevant factors warrant such increase; and

(B) The commission may reduce the amount of funds received pursuant to subparagraph (C) of paragraph (1) of this subsection ~~in proportion to the amount of virtual instruction provided and based on factors that affect the cost of providing instruction~~ on a proportional basis if the school fails to provide documentation confirming its capital expenditures per full-time equivalent are greater than or equal to the state-wide average.

(3) Any funds deducted from a state charter school pursuant to Code Section 20-2-164, representing the equivalent of a local school system's five mill share, shall be calculated based only on funds received pursuant to subparagraph (B) of paragraph (1) of this subsection. For a state charter school that offers virtual instruction, the amount of the deduction shall be reduced by one-third, unless the commission has increased the school's calculated amount pursuant to subparagraph (A) of paragraph (2) of this subsection, in which case the deduction shall be proportionate to the amount of funding received.

~~(3)~~(4) For purposes of this subsection, the terms:

(A) 'Assessed valuation' is defined as 40 percent of the equalized adjusted property

tax digest reduced by the amount calculated pursuant to subsection (g) of Code Section 20-2-164.

(B) 'Assessed valuation per weighted full-time equivalent count' is defined as the assessed valuation for the most recent year available divided by the weighted full-time equivalent count for the year of the digest."

"(d) No later than April 1 of each year, the state charter school shall notify the commission and the department of the funding estimates calculated pursuant to this subsection for any new state charter schools and for any new grade levels or for a level of enrollment growth in an existing grade level specified in the charter. For purposes of funding students enrolled in a state charter school in the first year of such school's operation or for the first year that an existing state charter school offers a new grade level and prior to the initial student count, the commission shall calculate and the department shall distribute, no later than July 1, the initial funding payment for the state charter school on the basis of its projected enrollment according to an enrollment counting procedure or projection method stipulated in the terms of the charter the funding estimates provided in this subsection. No later than July 1 of each year, the commission shall notify the department and the Office of Planning and Budget of the funding estimates calculated pursuant to this subsection for any new state charter schools and for any new grade levels offered by existing state charter schools. After the initial student count during the first year of such state charter school's operation or newly offered grade level and in all years of operation thereafter, each state charter school's student enrollment shall be based on the actual enrollment in the current school year according to the most recent student count. Nothing in this Code section subsection shall be construed to require the department to conduct more than two student counts per year."

SECTION 50.

Said chapter is further amended by adding a new Code section to read as follows:

"20-2-2092.

(a) The commission shall have the power and authority to incorporate a nonprofit corporation that could qualify as a public foundation under Section 501(c)(3) of the Internal Revenue Code to aid the commission in carrying out any of its powers and in accomplishing any of its purposes. Any nonprofit corporation created pursuant to this power shall be created pursuant to Chapter 3 of Title 14, the 'Georgia Nonprofit Corporation Code,' and the Secretary of State shall be authorized to accept such filing.

(4) Any such nonprofit corporation shall be subject to all laws relating to open meetings and the inspection of public records;

(5) The commission shall not be liable for the action or omission to act of any such nonprofit corporation; and

(6) No debts, bonds, notes, or other obligations incurred by any such nonprofit corporation shall constitute an indebtedness or obligation of the State of Georgia nor shall any act of any such nonprofit corporation constitute or result in the creation of an indebtedness of the state. No holder or holders of any such bonds, notes, or other obligations shall ever have the right to compel any exercise of the taxing power of the state nor to enforce the payment thereof against the state.

(c) Pursuant to this Code section, the commission may establish a nonprofit corporation to be designated as the State Charter Schools Foundation for the sole purpose of actively seeking supplemental revenue and in-kind goods, services, and property to promote state charter schools and any other purpose of the commission. Funds received by the foundation may be awarded through a competitive grant process administered by the commission.

(d) Any nonprofit corporation created pursuant to this Code section shall make public and provide an annual report showing the identity of all donors and the amount each person or entity donated as well as all expenditures or other disposal of money or property donated. Such report shall be provided to the Governor, the Lieutenant Governor, the Speaker of the House of Representatives, and the chairpersons of the House Committee on Education and the Senate Education and Youth Committee. A majority of the total membership of the board, as it may exist at the time, shall constitute a quorum. On any question presented, the number of members present shall be recorded. By affirmative vote of a majority of the members present, the board may exercise all the powers and perform all the duties of the board, except as otherwise hereinafter provided or as limited by its bylaws, and no vacancy on the original membership of the board, or thereafter, shall impair the power of the board to act. All meetings of the board, its executive committee, or any committee appointed by the

(l) The treasurer of the authority and such other members of the board and such other officers and employees of the authority as the board may determine shall execute corporate surety bonds, conditioned upon the faithful performance of their respective duties. A blanket form of surety bond may be used for this purpose. Neither the obligation of the principal or the surety shall extend to any loss sustained by the insolvency, failure, or closing of any depository which has been approved as a depository for public funds.

The secretary of the board shall give written notice to each member of the board, to each local governing body, and to the governing authority of each municipality in the county in which there is an existing or proposed rail line at least two days prior to any meeting that may be scheduled, and said secretary shall be informed of the call of such meeting sufficiently in advance so as to provide for his or her giving such notice. These meetings shall be for the purpose of reporting to the local governing bodies on the operations of the authority and on the activities of the board and making such information available to the general public. No activity that requires action by the board shall be initiated or undertaken at any meeting conducted under this subsection.

SECTION 5.

Said Act is further amended by revising subsection (i) of Section 25 as follows:

"(i) Use of Proceeds. The proceeds of the tax levied pursuant to this Act shall be used solely by each local government to fulfill the obligations incurred in the contracts entered into with the Metropolitan Atlanta Rapid Transit Authority as contemplated in the Metropolitan Atlanta Rapid Transit Authority Act of 1965, as amended; provided, however, that no more than fifty percent (50%) of the annual proceeds of the tax shall be used to subsidize the operating costs of the system, exclusive of depreciation, amortization, and other costs and charges as provided in this subsection, until January 1, 2002. recommendations based thereon and the auditor's signed written verification that the Metropolitan Atlanta Rapid Transit Authority fully cooperated with such audit and allowed access to all its books, records, and documents to the extent the auditor deemed necessary, then for the period beginning January 1, 2003, and ending June 30, 2003, and each fiscal year commencing thereafter until July 1, 2032, no more than fifty percent (50%) of the proceeds of the tax shall be used to subsidize the operating costs of the system, exclusive of depreciation, amortization, and other costs and charges as provided in this subsection. For each fiscal year commencing on or after July 1, 2032, no more than sixty percent (60%) of the annual proceeds of the tax shall be used to subsidize the operating costs of the system, exclusive of depreciation, amortization, and other costs and charges as provided in this subsection; and commencing with July 1, 2032, and for every year thereafter, the proceeds of the tax shall not be used to subsidize operations of the transportation system to an extent greater than fifty percent (50%) of the operating costs of the system, exclusive of depreciation, amortization, and other costs and charges as provided in this subsection. In adopting its annual budget, the Board of the Metropolitan Atlanta Rapid Transit Authority shall be authorized to rely upon estimates of all revenues, operating costs, patronage, and other factors which may affect the amount of the fare required to limit the operating subsidy herein provided for. If the results of operations in the Authority's fiscal year commencing July 1, 1980, or in any subsequent fiscal year reflect that the proceeds of the tax were not used to subsidize operations to the maximum extent herein provided, the Board shall reserve any amounts that could have been used to subsidize operations in that fiscal year and later use said reserved amounts and any interest earned on said reserved amounts to provide an additional subsidy for operations in any future fiscal year or years. The words 'operating costs of the system' for purposes of this subsection 25(I) are defined to include all of the costs of that division of the Authority directly involved and that portion of the nonoperating administrative costs of those divisions of the Authority indirectly involved, through the provision of support services, in providing mass transportation services for the metropolitan area, but exclusive of the costs of the division or divisions directly involved and that portion of the nonoperating administrative costs of those divisions indirectly involved, in the planning, design, acquisition, construction, and improvement of the rapid transit system, according to accepted principles of accounting, and also exclusive of the following costs:

- (1) Nonrecurring costs and charges incurred in order to comply with any statute or regulation concerning either the protection or cleaning up of the environment, or accessibility by handicapped or disabled persons, or occupational health or safety, or compliance with any national or state emergencies, or with any judgment, decree, or order of any court or regulatory agency in implementation of any such statute or regulation; and

(2) In the case of leases of equipment or facilities that, according to generally accepted principles of accounting, would not be classified as capital leases, payments of rent, and other payments for the property subject to such leases or for the use thereof; provided that any costs for regular maintenance or repair of such equipment or facilities shall not be excluded.

If any proceeds of the tax levied pursuant to this Act are held for the purpose of planning, designing, acquiring, or constructing additional facilities or equipment for or improvements to the rapid transit system and are invested, then all interest earned from such investments shall be used only for such purposes or for paying the principal or interest on bonds or certificates issued for such purposes. Commencing July 1, 1988, and until June 30, 2008, and only if expressly authorized by the board, interest earned on reserve funds set aside for rebuilding, repairing, or renovating facilities of the rapid transit system; for replacing, repairing, or renovating equipment or other capital assets thereof; or from the sale or other disposition of real property, may, without regard to the original source of the funds so reserved, be used to pay the operating costs of the system as such costs are defined in this subsection."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 9 of Title 32 of the Official Code of Georgia Annotated, relating to mass transportation, is amended by repealing in its entirety Code Section 32-9-13, relating to the suspension of restrictions on the use of annual proceeds from sales and use taxes by public transit authorities.

SECTION 2.

Said chapter is further amended by revising Code Section 32-9-14, relating to the board of directors of the Metropolitan Atlanta Rapid Transit Authority, as follows:

"32-9-14.

(a) Any provisions to the contrary in the Metropolitan Atlanta Rapid Transit Authority Act of 1965, approved March 10, 1965 (Ga. L. 1965, p. 2243), as amended, notwithstanding, the terms of all members of the board of directors of the Metropolitan Atlanta Rapid Transit Authority shall terminate on December 31, 2010, and the board shall be reconstituted according to the provisions of this Code section.

(b) Effective January 1, 2011, the board of directors of the authority shall be composed of 11 voting members and one nonvoting member. Of the voting members: three members shall be residents of the City of Atlanta to be nominated by the mayor and elected by the city council; four members shall be residents of DeKalb County to be appointed by the DeKalb County Board of Commissioners and at least one of such appointees shall be a resident of that portion of DeKalb County lying south of the southernmost corporate boundaries of the City of Decatur and at least one of such appointees shall be a resident of that portion of DeKalb County lying north of the southernmost corporate boundaries of the City of Decatur; three members shall be residents of Fulton County to be appointed by the local governing body thereof, and one of such appointees shall be a resident of that portion of Fulton County lying south of the corporate limits of the City of Atlanta and two of such appointees shall be residents of that portion of Fulton County lying north of the corporate limits of the City of Atlanta. The commissioner of transportation shall be a voting member of the board and the executive director of the Georgia Regional Transportation Authority shall be a nonvoting member of the board. Those board members in office on May 31, 2014, shall serve until December 31, 2014. Those board members in office as of January 1, 2015, shall serve initial terms of office as follows: one of the four appointees of the DeKalb County Board of Commissioners, one of the three appointees of the Mayor and City Council of Atlanta, and one of the three appointees of the local governing body of Fulton County shall serve a term of one year; one of the four appointees of the DeKalb County Board of Commissioners, one of the three appointees of the Mayor and City Council of Atlanta, and one of the three appointees of the local governing body of Fulton County shall serve a term of two years; one of the four appointees of the DeKalb County Board of Commissioners and one of the three appointees of the Mayor and City Council of Atlanta shall serve a term of three years; one of the four appointees of the

DeKalb County Board of Commissioners and one of the three appointees of the local governing body of Fulton County shall serve a term of four years. No later than November 1, 2014, each local governing authority shall designate which board members shall serve which initial terms. After the initial terms of board members described in this subsection, the ~~The~~ governing body that appoints a member shall appoint successors thereto for terms of office of four years in the same manner that such governing body makes its other appointments to the board.

(c) All appointments shall be for terms of four years except that a vacancy caused otherwise than by expiration of term shall be filled for the unexpired portion thereof by the local governing body that made the original appointment to the vacant position, or its successor in office. A member of the board may be appointed to succeed himself or herself for one four-year term; provided, however, that board membership prior to January 1, 2015, shall not be considered in calculating limits on length of service. Appointments to fill expiring terms shall be made by the local governing body prior to the expiration of the term, but such appointments shall not be made more than 30 days prior to the expiration of the term. Members appointed to the board shall serve for the terms of office specified in this Code section and until their respective successors are appointed and qualified.

(d) The local governing bodies of Clayton, Cobb, and Gwinnett Counties may, any other provision of this Code section to the contrary notwithstanding, negotiate, enter into, and submit to the qualified voters of their respective counties the question of approval of a rapid transit contract between the county submitting the question and the authority. The local governing bodies of these counties shall be authorized to execute such rapid transit contracts prior to the holding of a referendum provided for in Section 24 of the Metropolitan Atlanta Rapid Transit Authority Act of 1965, approved March 10, 1965 (Ga. L. 1965, p. 2243), as amended; provided, however, that any such rapid transit contract shall not become valid and binding unless the same is approved by a majority of those voting in said referendum, which approval shall also be deemed approval of further participation in the authority. Upon approval of such rapid transit contract, the county entering into such contract shall be a participant in the authority, and its rights and responsibilities shall, insofar as possible, be the same as those belonging to Fulton and DeKalb Counties, and the local governing body of the county may then appoint two residents of the county to the board of directors of the authority, to serve a term ending on the thirty-first day of December in the fourth full year after the year in which the referendum approving said rapid transit contract was held, in which event the board of directors of the authority shall, be composed also of such additional members.

(e) Except for the Executive Director of the Georgia Regional Transportation Authority and the commissioner of transportation, no ~~No~~ person shall be appointed as a member of the board who holds any other public office or public employment except an office in the reserves of the armed forces of the United States or the National Guard; any member who accepts or enters upon any other public office or public employment shall be disqualified thereby to serve as a member.

(f) A local governing body may remove any member of the board appointed by it for cause. No member shall be thus removed unless the member has been given a copy of the allegations against him or her and an opportunity to be publicly heard in his or her own defense in person with or by counsel with at least ten days' written notice to the member. A member thus removed from office shall have the right to a judicial review of the member's removal by an appeal to the superior court of the county of the local governing body which appointed the member, but only on the ground of error of law or abuse of discretion. In case of abandonment of the member's office, conviction of a crime involving moral turpitude or a plea of nolo contendere thereto, removal from office, or disqualification under subsection (e) of this Code section, the office of a member shall be vacant upon the declaration of the board. A member shall be deemed to have abandoned the member's office upon failure to attend any regular or special meeting of the board for a period of four months without excuse approved by a resolution of the board, or upon removal of the member's residence from the territory of the local governing body that appointed the member.

(g) Each appointed member of the board, except the chairperson, shall be paid by the authority a per diem allowance, in an amount equal to that provided by Code Section 45-7-21 for each day on which that member attends an official meeting of the board, of any committee of the board, or of the authority's Pension Committee, Board of Ethics, or Arts Council; provided, however, that said per diem allowance shall not be paid to any such member for more than 130 days in any one calendar year. If the chairperson of the board is an appointed member of the board, the chairperson shall be paid by the authority a per diem allowance in the same amount for each day in which the chairperson engages in official business of the authority, including but not limited to attendance of any of the aforesaid meetings. A member of the board shall also be reimbursed for actual expenses incurred by that member in the performance of that member's duties as authorized by the board. A board member shall not be allowed employee benefits.

(h) The board shall elect one of its members as chairperson and another as vice chairperson for terms to expire on December 31 of each year to preside at meetings and perform such other duties as the board may prescribe. The presiding officer of the board may continue to vote as any other member, notwithstanding the member's duties as presiding officer, if the member so desires. The chairperson may select a designee from current members to act on behalf of the chairperson for official business of the authority. Such designee shall be paid by the authority a per diem allowance in the same amount for each day in which the designee engages in official business of the authority, including but not limited to attendance of any official meeting of the board, of any committee of the board, or of the authority's Pension Committee, Board of Ethics, or Arts Council, provided that said per diem allowance shall not be paid to such member for more than 130 days in a calendar year. The board shall also elect from its membership a secretary and a treasurer who shall serve terms expiring on December 31 of each year. A member of the board may hold only one office on the board at any one time.

(i) The board shall hold at least one meeting each month. The secretary of the board shall give written notice to each member of the board at least two days prior to any called meeting that may be scheduled, and said secretary shall be informed of the call of such meeting sufficiently in advance so as to provide for the giving of notice as above. A majority of the total membership of the board, as it may exist at the time, shall constitute a quorum. On any question presented, the number of members present shall be recorded. By affirmative vote of a majority of the members present, the board may exercise all the powers and perform all the duties of the board, except as otherwise hereinafter provided or as limited by its bylaws, and no vacancy on the original membership of the board, or thereafter, shall impair the power of the board to act. All meetings of the board, its executive committee, or any committee appointed by the board shall be subject to Chapter 14 of Title 50.

(j) Notwithstanding any other provisions of this Code section, the following actions by the board shall require the affirmative vote of one more than a majority of the total membership of the board as it may exist at the time:

(1) The issuance and sale of revenue bonds or equipment trust certificates;

(2) The purchase or lease of any privately owned system of transportation of passengers for hire in its entirety, or any substantial part thereof. Prior to the purchase or lease of any such privately owned system a public hearing pertaining thereto shall have been held and notice of such public hearing shall have been advertised; provided, however, that no sum shall be paid for such privately owned system of transportation in excess of the fair market value thereof determined by a minimum of two appraisers qualified to appraise privately owned systems of transportation and approved by a majority of the local governments participating in the financing of such purchase;

(3) The award of any contract involving ~~\$100,000.00~~ \$200,000.00 or more for construction, alterations, supplies, equipment, repairs, maintenance, or services other than professional services or for the purchase, sale, or lease of any property. (4) The grant of any concession; and

(5) The award of any contract for the management of any authority owned property or facility.

(k) The board shall appoint and employ, as needed, a general manager and a general counsel, none of whom may be members of the board or a relative of a member of the board, and delegate to them such authority as it may deem appropriate. It may make such bylaws or rules and regulations as it may deem appropriate for its own government, not inconsistent with this Code section, including the establishment of an executive committee to exercise such authority as its bylaws may prescribe.

(l) The treasurer of the authority and such other members of the board and such other officers and employees of the authority as the board may determine shall execute corporate surety bonds, conditioned upon the faithful performance of their respective duties. A blanket form of surety bond may be used for this purpose. Neither the

obligation of the principal or the surety shall extend to any loss sustained by the insolvency, failure, or closing of any depository which has been approved as a depository for public funds.

~~(m)(1) In addition to the requirements of subsection (i) of this Code section, each member of the board shall hold a meeting once each 12 months with the local governing body that appointed such member. The secretary of the board shall give written notice to each member of the board, to each local governing body, and to the governing authority of each municipality in the county in which there is an existing or proposed rail line at least two days prior to any meeting that may be scheduled, and said secretary shall be informed of the call of such meeting sufficiently in advance so as to provide for giving such notice. These meetings shall be for the purpose of reporting to the local governing bodies on the operations of the authority and on the activities of the board and making such information available to the general public. No activity that requires action by the board shall be initiated or undertaken at any meeting conducted under this subsection.~~

~~(2) The board shall submit once each three months a written report on the operations of the authority and on the activities of the board to each local governing body that appoints a member of the board."~~

This action shall be completed according to a schedule established by the State Board of Education. ~~A curriculum based assessment shall be administered in grade 11 for graduation purposes~~. Writing assessments shall be administered to students in ~~grades three, five, eight, and 11~~ at least one grade at the elementary school level, middle school level, and high school level and may be administered in more than one grade at each level as designated by the State Board of Education. (2) A student's Individualized Education Program team shall determine appropriate participation in assessment and identify necessary accommodations in accordance with the federal Individuals with Disabilities Education Act and state board regulations.

(e) The State Board of Education is authorized to adopt rules, regulations, policies, and procedures regarding accommodations and the participation of limited-English-

Each school system shall distribute the study guides to students who do not perform satisfactorily on one or more parts of an assessment instrument administered under this Code section and to the parents or guardians of such students.

(j)(1) The high school graduation test provided for in subsection (a) of this Code section shall continue in effect until all high school core subject end-of-course assessments have been developed and implemented, at which time the state board shall discontinue the test according to a schedule to be determined by the state board.

(2) The State Board of Education shall adopt rules and regulations requiring the results of core subject end-of-course assessments to be included as a factor in a student's final grade in the core subject course for which the end-of-course assessment is given.

Such locally adopted assessment instruments may not replace the state's adopted assessment instruments for purposes of state accountability programs, except as otherwise provided in paragraph (2) of this subsection. A local school system shall be responsible for all costs and expenses incurred for locally adopted assessment instruments. Students with Individualized

Education Programs must be included in the locally adopted assessments or provided an alternate assessment in accordance with the federal Individuals with Disabilities Education Act.

~~(2) The State Board of Education shall have the authority to grant waivers until Fiscal Year 2003 to local boards of education exempting said boards from the administration of the state criterion-referenced competency tests at any or all of the subject areas and grade levels for which the local board of education implements a locally developed criterion-referenced competency test or tests based on the Quality Core Curriculum which increases the expectations for student achievement beyond that of the applicable state criterion-referenced competency test or tests and meets all other requirements of this Code section, including reliability and validity requirements, with the exception of subsection (g) of this Code section. Local boards of education with such waivers shall submit to the State Board of Education school and local school system score reports of the locally developed criterion-referenced competency tests.~~

(l) In adopting academic skills assessment instruments under this Code section, the State Board of Education or local school system shall ensure the security of the instruments in their preparation, administration, and scoring. Notwithstanding any other provision of law, meetings or portions of meetings held by the state board or a local board of education at which individual assessment instruments or assessment instrument items are discussed or adopted shall not be open to the public, and the assessment instruments or assessment instrument items shall be confidential.

(m) The results of individual student performance on academic skills assessment instruments administered under this Code section shall be confidential and may be released only in accordance with the federal Family Educational Rights and Privacy Act of 1974, 20 U.S.C. Section 1232g.

(n) Overall student performance data shall be disaggregated by ethnicity, sex, socioeconomic status, disability, language proficiency, grade level, subject area, school, system, and other categories determined by policies established by the Office of Student Achievement.

It is the intent of the General Assembly that these plans be designed and developed to best serve the functional travel needs of the jurisdiction and to have the physical safety of the personal transportation vehicle occupants and their property as a major planning component. No local authority shall be liable for losses

resulting from exercising or not exercising its authority to adopt a personal transportation vehicle transportation plan, failing to adopt such plan, making an inadequate plan, or negligently adopting such plan.

 - (2) Establish uniform specifications and symbols for signs, markers, and traffic control devices consistent with the most current version of the Manual on Uniform Traffic Control Devices to control personal transportation vehicle traffic; to warn of dangerous conditions, obstacles, or hazards; to designate the right of way between personal transportation vehicles, other motor vehicles, and bicycles; to state the nature and destination of the PTV lane; and to warn pedestrians, bicyclists, and motorists of the presence of personal transportation vehicle traffic;

requirements regarding permit posting, permit renewal, operator education, and liability insurance. Local authorities may require a personal transportation vehicle to be permitted at least once every five years for a fee not to exceed \$15.00;

(4) Establish minimum safety criteria for personal transportation vehicle operators, including, but not limited to, requirements relating to personal transportation vehicle maintenance and personal transportation vehicle safety. (3) Community involvement in planning;

(4) Flexibility and coordination with long-range transportation planning;

A BILL TO BE ENTITLED
AN ACT

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

If a school does not have a school counselor, such disclosure shall be made to the principal;"

SECTION 2.

Said title is further amended in Chapter 2, relating to the Department of Human Services, by adding a new article to read as follows:

"ARTICLE 3

49-2-30.

As used in this article, the term:

- (1) 'Applicant' means a faith based or community based organization that seeks to provide child welfare services under this article.
- (2) 'Child welfare services' means adoption, family preservation, independent living,

emergency shelter, residential group care, foster care, therapeutic foster care, intensive residential treatment, foster care supervision, case management, post-placement supervision, and family reunification.

(3) 'Commission' means the Child Welfare Services Planning Commission.

(4) 'Division' means the Division of Family and Children Services.

(5) 'Lead agency' means a faith based or community based agency selected under this article to manage and provide child welfare services.

49-2-31.

(a) There shall be created the Child Welfare Services Planning Commission. The commission shall be composed of 11 members, who shall represent local community participation and input through community based providers, foster parents, members of the faith community, adults who were provided care in Georgia's foster care system, and child advocacy organizations that are currently under contract with the division to furnish foster care and adoption services. Members of the commission shall be appointed as follows: five shall be appointed by, and serve at the pleasure of, the Governor, three shall be appointed by, and serve at the pleasure of, the Lieutenant Governor, and three shall be appointed by, and serve at the pleasure of, the Speaker of the House of Representatives.

(b) The commission, with advice from the division, shall submit a plan to the Governor and the General Assembly to competitively bid the provision of child welfare services through fixed price contracts with a limited number of lead agencies. Each lead agency shall represent a community equal to one or more of the 15 service regions of the division. The plan shall be submitted by January 1, 2015, and shall be phased in over a two-year period beginning July 1, 2015.

(c) In cooperation with the commission, the division shall seek approval of a federal Title IV-E Waiver Demonstration Project through the Administration for Children and Families of the United States Department of Health and Human Services to implement and receive fixed funding to accomplish the purposes of this article.

(d) The commission should be guided by the following principles in designing the plan to competitively bid the provision of child welfare services with lead agencies:

(1) Each lead agency should have the ability to manage or provide all necessary child welfare services through a local network of providers, but the lead agency should directly provide no more than 35 percent of all child welfare services in the region;

(2) Each lead agency should have the ability to ensure continuity of care from entry to exit for all children referred from the protective investigation and court systems, along with the capability and willingness to demonstrate accountability for meeting the outcomes and performance standards related to child welfare services established by the Governor and the General Assembly;

(3) Each lead agency should receive payment by the division of a reasonable monthly administrative rate to operate the lead agency and a case rate per child calculated as the total appropriated funds allocated for child welfare services during the prior fiscal year divided by the monthly average number of children served in the same fiscal

year, but there should be a penalty with the case rate per child for the lead agency as regards children who return to the lead agency for foster care within 12 months of achieving permanency, either through reunification, permanent guardianship, or adoption;

(4) The division should retain responsibility for the quality of contracted services and programs and should ensure that services are delivered in accordance with applicable federal and state statutes and regulations. The division should monitor and maintain accountability for the lead agency contracts through standard provisions including, but not limited to, termination in the event of default by the lead agency or lack of sufficient funding for the child welfare services;

(5) Each lead agency should give a hiring preference to persons employed by the division in the provision of child welfare services whose positions might shift to lead agencies under this article if the employee meets the lead agency's qualifications;

(6) The division should not transfer services to a lead agency until the division, in consultation with the local community, has conducted a readiness assessment of the region and lead agency to ensure the lead agency is prepared to deliver and be accountable for such services. The readiness assessment should evaluate the operational ability of the region and lead agency based on a set of uniform criteria developed in consultation with currently operating faith based and community based organizations and reflecting national accreditation standards, which evaluate programmatic, financial, technical assistance, training, and organizational competencies, along with criteria reflective of the priorities of the local community; and

(7) The division, in consultation with the lead agencies, should establish a quality assurance program for competitively bid services based on nationally recognized standards and should report to the public on a monthly basis each lead agency's performance on federal outcome measures and outcome measures established by the Governor and the General Assembly. The report should be made available, at a minimum, in a conspicuous location on the division's website.

(e) This article shall cease to be effective if the Administration for Children and Families of the United States Department of Health and Human Services does not approve a federal Title IV-E Waiver Demonstration Project to implement and receive fixed funding to accomplish the purposes of this article."

SECTION 3.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 4.

All laws and parts of laws in conflict with this Act are repealed.

(2) 'Division' means the Division of Family and Children Services of the Department of Human Services.

(b) Beginning July 1, 2015, the division shall conduct a three-year pilot program for the purpose of evaluating whether child welfare services should be privatized statewide. The pilot program shall be established in three of the 15 regional service areas identified by the division. The division should establish the pilot program in diverse areas of the state. The division shall use a competitive bidding process to contract with a single community based organization, which may be faith based, to administer all child welfare services for all children in each region either directly or through a local network of providers; provided, however, that the services provided directly by that community based organization shall not exceed 35 percent of all child welfare services in the region. The competitive bidding process shall be developed with input from community based providers, foster parents, members of the faith community, and child advocacy organizations.

(c) There shall be created the Child Welfare Pilot Program Commission. The commission shall be composed of seven members and shall be appointed as follows: three shall be appointed by the Governor; two shall be appointed by the Lieutenant Governor; and two shall be appointed by the Speaker of the House of Representatives. The commission shall advise the division on the design and implementation of the pilot program and the competitive bidding process for the provision of child welfare services through contracts with community based organizations, including a federal Title IV-E Waiver Demonstration Project for fixed funding if necessary.

(d) The division shall retain responsibility for the quality of contracted services and programs and shall ensure that services are delivered in accordance with applicable federal and state laws and regulations and in adherence to nationally recognized child welfare performance outcome measures. Each community based organization in the administrator role should receive payment by the division of a reasonable monthly administrative rate and a case rate per child calculated as the total appropriated funds

allocated for child welfare services during the prior fiscal year divided by the monthly average number of children served in the same fiscal year.

(e) The division shall evaluate the pilot program and submit a report regarding quality performance, outcome measure attainment, and cost efficiency results to the Governor, the Lieutenant Governor, and the Speaker of the House of Representatives no later than January 1, 2018. Such report shall also include recommendations as to the expansion of the pilot program statewide and identification of services which should be included in privatization efforts. Beginning July 1, 2018, this pilot program shall be expanded to all remaining 12 regions statewide over the following two years. The division shall be authorized to establish such rules and regulations in order to execute the pilot program."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

WHEREAS, the General Assembly finds and declares that clinical research has shown certain benefits arising from the utilization of medical research cannabis and, most recently, significant benefits of a particular strain delivered orally for the treatment of seizure disorders among children.

WHEREAS, nothing in this legislation should be construed as encouraging or sanctioning the use of marijuana or controlled substances in a manner which violates the Georgia Controlled Substances Act, nor is this legislation to be construed as any intent of the General Assembly to be moving in the direction of the legalization of the recreational use of marijuana or other controlled substances.

SECTION 2.

Article 5 of Chapter 34 of Title 43 of the Official Code of Georgia Annotated, relating to the use of cannabis for treatment of cancer and glaucoma, is amended by revising the article as follows:

"ARTICLE 5

43-34-120.

This article shall be known and may be cited as the '~~Controlled Substances Therapeutic Research~~ Haleigh's Hope Act.'

43-34-121.

(a) ~~The General Assembly finds and declares that the potential medicinal value of marijuana has received insufficient study due to a lack of financial incentives for the undertaking of appropriate research by private drug manufacturing concerns. Individual physicians cannot feasibly utilize marijuana in clinical trials because of federal governmental controls which involve expensive, time-consuming approval and monitoring procedures~~ this legislation's purpose is the compassionate potentially life-saving use of medical cannabis and is not intended to sanction, encourage, or otherwise be construed as a movement in the direction of the legalization of the recreational use of marijuana or other controlled substances. Clinical research performed over the past decades continues to show benefits arising from certain forms of medical cannabis.

Presently there are in excess of one million United States medical cannabis patients and an increasing number of physicians are recommending the therapeutic use of cannabis to their patients in accordance with their respective state law. New extracts and compounds have been developed demonstrating that cannabidiol, one of the most prevalent nonpsychoactive cannabinoids, has significant health and wellness benefits as shown by recent publication of the positive treatment of certain seizure disorders afflicting children.

(b) The General Assembly further finds and declares that ~~limited~~ continuing studies throughout the nation indicate that ~~marijuana~~ cannabis and certain of its derivatives possess valuable and, in some cases, unique therapeutic properties, including the ability to relieve nausea and vomiting which routinely accompany chemotherapy and irradiation used to treat cancer patients. ~~Marijuana~~ Cannabis also may be effective in reducing intraocular pressure in glaucoma patients ~~who do not respond well in adjunct~~ to conventional medications. Cannabis derivatives have also been shown to be effective in the treatment of seizure disorders.

(c) The General Assembly further finds and declares that, in enabling ~~individual physicians and their~~ patients to participate in a state-sponsored program for the investigational use of ~~marijuana~~ cannabis and its derivatives, ~~qualified physicians and surgeons throughout the state~~ academic medical centers will be able to study the benefits of the drug in a controlled clinical setting, and additional knowledge will be gained with respect to dosage and effects.

(d) It is the intent of the General Assembly in enacting this article to permit research into the therapeutic and treatment applications of ~~marijuana~~ cannabis and its derivatives in cancer, ~~and~~ glaucoma, and seizure disorder patients. This would allow qualified physicians and academic medical centers approved by the Patient Qualification Review Board created by Code Section 43-34-124 to ~~provide~~ authorize use of the drug on a compassionate basis to seriously ill persons suffering from the severe side effects of chemotherapy or radiation treatment, ~~and~~ to persons suffering from glaucoma who are not responding to conventional treatment, and to persons suffering from seizure disorders, which persons would otherwise have no lawful access to it. It is the further intent of the General Assembly to facilitate clinical trials of ~~marijuana~~ cannabis and its derivatives, particularly with respect to persons suffering from cancer, ~~and~~ glaucoma, and seizure disorders who would ~~be benefited by~~ medically benefit from use of the drug.

(e) This article is limited to clinical trials and research into therapeutic applications of ~~marijuana~~ cannabis only for use in treating glaucoma, ~~and~~ in treating the side effects of chemotherapeutic agents and radiation, and utilizing medical cannabis for the treatment of seizure disorders and should not be construed as either authorizing, encouraging, or sanctioning the ~~social~~ use of marijuana or other controlled substances in violation of the Controlled Substances Act. ~~Nothing in this article shall be construed to encourage the use of marijuana in lieu of or in conjunction with other accepted medical treatment, but only as an adjunct to such accepted medical treatment.~~

43-34-122.

As used in this article, the term:

(1) 'Academic medical center' means a research hospital that operates a medical residency program for physicians and conducts research that involves human subjects, including medical schools within the state that conduct translational research or clinical research programs.

~~(1)~~(2) 'Board' means the Georgia Composite Medical Board.

(3) 'Cannabis' means any extract derived from any plant of the genus cannabis and which contain cannabinoids and cannabidiols which has a purity of at least 5 percent or higher cannabidiol in combination with 2 percent or less of tetrahydrocannabinols as defined by paragraph (3) of Code Section 16-13-21, that is delivered to the patient in the form of a liquid, pill, or injection or other delivery method approved by the board but which does not include smoking.

(4) 'Designated caregiver' means a person who has been approved by the board to assist with a qualifying patient's medical use of cannabis, provided that any person approved as a designated caregiver shall be not less than 21 years of age and shall not have been convicted of a felony under the laws of this state, any other state, or the United States including its territories, possessions, and dominions. No person approved as a designated caregiver may assist more than five qualifying patients with the medical use of cannabis.

~~(2)~~(5) 'Marijuana' means marijuana or tetrahydrocannabinol, as defined or listed in Article 2 of Chapter 13 of Title 16.

(6) 'Patient' means a person who has been certified by the board and admitted to the program pursuant to Code Section 43-34-123.

~~(3)~~(7) 'Physician' means a person licensed to practice medicine pursuant to Article 2 of this chapter and approved under this article to administer cannabis, including but not limited to a pediatric neurologist.

~~(4)~~(8) 'Program' means the Controlled Substances Therapeutic Research Program established pursuant to Code Section 43-34-123.

~~(5)~~(9) 'Review board' means the Patient Qualification Review Board established pursuant to Code Section 43-34-124.

(10) 'Smoking' means inhaling, exhaling, burning, or carrying any lighted marijuana or cannabis product including cigarettes, cigars, or other product prepared in such manner as to be suitable for smoking in a cigarette, cigar, pipe, or similar device.

43-34-123.

~~drugs~~ cannabis are met and that participants in the program meet those research standards necessary to establish empirical bases for the evaluation of ~~marijuana~~ cannabis as a medically recognized therapeutic substance. The board shall promulgate such rules, ~~and regulations,~~ guidelines, and protocols as it deems necessary or advisable to administer the program. In promulgating such guidelines, protocols, rules, and regulations, the board shall take into consideration those pertinent rules and regulations promulgated by the ~~Federal~~ United States Drug Enforcement Agency, the Food and Drug Administration, and the National Institute on Drug Abuse.

- (3) Seizure disorder patients.

(c) No patient may be admitted to the program without full disclosure by the physician or academic medical center of the experimental nature of the program and of the possible risks and side effects of the proposed treatment.

(d) The cost of any blood test required by the federal Food and Drug Administration prior to entrance into the program shall be paid by the patient ~~seeking entrance into the program or through the program,~~ donated research or study funds, or other funding.

(e) Except as provided in subsection (b) of Code Section 43-34-127, only ~~Only~~ the following persons shall have access to the names and other identifying characteristics of patients in the program for whom ~~marijuana~~ cannabis has been prescribed under this article:

At such time, the claimant agency or the Administrative Office of the Courts shall refund to the debtor the amount of the claimed debt originally certified and transferred to it by the department in excess of the amount of debt finally found to be due and owing.

(c) Following finalization of the setoff pursuant to subsection (b) of this Code section, the Administrative Office of the Courts shall transfer the funds to the court. Any funds so transferred by the Administrative Office of the Courts shall be disbursed by the court in the same manner as if such funds had been originally collected by such court without having resorted to collection under this article.

When the setoff authorized by this article is exercised, the refund which is set off shall be deemed granted.

48-7-168.

48-7-169.

The commissioner is authorized to prescribe forms and to promulgate rules and regulations which he or she deems necessary in order to effectuate this article.

48-7-170.

(a) Notwithstanding Code Section 48-7-60, which prohibits disclosure by the department of the contents of taxpayer records or information, and notwithstanding any other confidentiality statute, the commissioner may provide to a claimant agency or the Administrative Office of the Courts all information necessary to accomplish and effectuate the intent of this article.

(b) The information obtained by a claimant agency or the Administrative Office of the Courts from the department in accordance with this article shall retain its confidentiality and shall only be used by a claimant agency or the Administrative Office of the Courts in the pursuit of its debt collection duties and practices. SECTION 3.

All laws and parts of laws in conflict with this Act are repealed.

The following Minority Report on HB 772 was filed with the Secretary:

Senate Health and Human Services Committee
Minority Report
March 17, 2014

The undersigned members of the Health and Human Services offer the following report to express our disagreement with the committee report on House Bill 772.

This Legislation is Unconstitutional

- Courts have routinely held that states cannot require drug testing for public benefits.
 - *Lebron v. Sec’y, Florida Dep’t of Children & Families* (2013): The US District Court for the Middle District of Florida found Florida’s law requiring drug testing for TANF recipients to be an illegal search under the Fourth Amendment. It also held that a drug test is not a consensual search because the “consent was granted in submission to authority rather than as an understanding and intentional waiver of a constitutional right” (*Id.* at 29).
 - *Chandler v. Miller* (1997): The US Supreme Court found Georgia’s law requiring the drug testing of elected officials unconstitutional on the ground that drug testing is a search that must be supported by probable cause and that mandatory, suspicionless drug testing is only available when there is evidence of widespread abuse and the participants are engaged in “high-risk, safety-sensitive tasks.”

This Legislation is a Waste of Money

- During the period before Florida’s TANF drug testing law was in effect, only 2.6% of applicants tested positive for any drugs. The cost of reimbursing the 3978 TANF recipients who passed drug tests exceeded the amount of benefits denied by over \$45,000. That deficit would have only continued to balloon if the program had been allowed to continue.
- Every time the state passes clearly unconstitutional legislation, the state must then pay legal costs to try and defend a law that will be struck down. This bill is nothing more a waste of taxpayer dollars so certain legislators can push an agenda and score cheap political points.

This Legislation Addresses an Overblown Concern

- While measuring drug dependency among any population is a difficult task, numerous studies suggest that drug dependency among the poor is relatively minimal.

- Florida’s own evidence that they used to try and justify its TANF drug testing scheme showed that only 6.6% of SNAP recipients had sought substance abuse treatment. (9.1% for TANF recipients) (*Lebron* at 25).
- A study by the NIH’s National Institute of Alcohol Abuse and Alcoholism found that “[d]ata from the 1998 National Household Survey on Drug Abuse (NHSDA) indicate that in the previous year 7.5 percent of TANF recipients were alcohol dependent and 4.5 percent were dependent on illicit drugs ... other studies using self-report data [found] 6 to 10 percent of TANF recipients were dependent on either alcohol or other drugs.” (Morganstern, Joe, *Welfare Reform and Substance Abuse Treatment for Welfare Recipients*, NIAAA)
- The NIH’s National Institute on Drug Abuse’s most recent National Survey of Drug Use and Health estimates that 9.2% of people 12 and older had used illicit drugs within the last month, which is comparable to the numbers other studies have found for recipients of public benefits.

This Legislation is Just Plain WRONG

- SNAP exists to ensure that even the most vulnerable among us are able to at least afford to feed themselves and their families. Denying SNAP benefits to addicts is essentially saying that we believe that they should starve.
- People eligible for SNAP are extremely poor and often do not have the resources to loan the state the cost of a drug test, especially given that there is no limit to the cost of testing in the bill. The \$17 cap for Medicaid recipients is almost meaningless for because non-pregnant adults are ineligible for Medicaid due to the Governor’s refusal to accept Medicaid expansion.
- Over 70% of SNAP benefits go to households with children (Keith-Jennings, Brynne, *SNAP Plays a Critical Role in Helping Children*, Center on Budget and Policy Priorities (2012).
- **Reducing access to SNAP benefits literally takes food out of children’s mouths.**

SECTION 9.

"(e) Not later than December 31, 2016, and every four years thereafter, the ~~The~~ Authority shall cause to be performed an independent ~~annual~~ management audit on the condition of management of the Authority ~~at the expense of the Authority,~~ to be supervised and approved by the Metropolitan Atlanta Rapid Transit Overview Committee, ~~and which~~ The management audit shall be submitted to the Board of the Authority, the Governor, the State Auditor, and the Metropolitan Atlanta Rapid Transit Overview Committee before December 31 of each year in which it is required. The report posted on the Authority's website shall show employee identification numbers and job titles instead of the names

SECTION 10.

Said Act is further amended by revising subsections (a) and (b) of Section 20 as follows:

"(a) The Board may promulgate reasonable rules and regulations, not inconsistent with law, for the control and management of its operations, properties, employees and patrons. Violations of rules and regulations governing the conduct of the public in or upon the Authority's transportation system shall be punishable by a civil fine or penalty in an amount set by the Board. All rules and regulations governing the conduct of the public in or upon the Authority's transportation system and the civil fine or penalty for infraction of such rules and regulations shall be posted in a prominent location on the Authority's website.

(b)(1) The Board may provide for the recognition of authorized representatives of the employees of the Authority and for collective bargaining, in accordance with this subsection, with such authorized representatives.

(2) As used in this subsection, the following terms shall have the following meanings:

(A) 'Authorized representative' means the collective bargaining agent for a class of employees, recognized for such purposes by the Board.

(B) 'Collective bargaining' or 'collectively bargain' means performing the mutual obligation of the Authority and the authorized representatives of represented employees to negotiate, in good faith and to impasse, if necessary, over wages, hours, and other terms and conditions of employment with the bona fide intention of reaching a negotiated agreement.

(C) 'Grievance arbitration' means arbitration of a dispute between the Authority and the authorized representative, acting on behalf of a represented employee, which involves the interpretation of an existing labor agreement and the application of the terms and conditions of that labor agreement to the claims of one or more employees.

(D) 'Labor agreement' means an agreement, including any agreement respecting pension or retirement benefits for represented employees, between the Authority and the authorized representative, entered into in accordance with this subsection, which establishes the wages, hours, and other terms and condition of employment for represented employees of the Authority.

(E) 'Represented employee' means an employee of the Authority who is a member of a class of employees for which the Board has recognized an authorized representative.

(3) Every labor agreement entered into by the Authority shall provide for grievance arbitration and shall specify the procedure therefor. In any grievance arbitration, the arbitrators must base their decision upon the express terms and conditions of an existing labor agreement.

(4) Upon or prior to the expiration of an existing labor agreement, the Authority and the authorized representative shall collectively bargain in an effort to reach a

successor or replacement labor agreement. If, after expiration of an existing labor agreement, the Authority and the authorized representative are then unable to agree upon the terms and conditions of a new labor agreement, including but not limited to the issue of wages, they shall jointly select or, failing their agreement, upon the written petition of either or both parties, the Governor shall appoint within 30 days after the receipt of said petition a neutral fact finder to investigate and explore all unresolved collective bargaining issues and to render a report to the Authority, the authorized representative, and the public. The neutral fact finder shall conduct such hearings as may be necessary to provide for the full and fair presentation of all unresolved collective bargaining issues by both parties. That fact finder shall be authorized to sign and issue subpoenas for witnesses or documents, to administer oaths, to take oral or written testimony and to take such other actions as may be needed to make comprehensive findings of fact and recommendations. When a subpoena is disobeyed, any party may apply to the Superior Court of Fulton County for an order requiring obedience. Failure to comply with that order shall be cause for punishment as for contempt of court. The costs of securing the attendance of witnesses, including fees and mileage, shall be computed in the same manner as prescribed by law in civil cases in the superior court.

(5) The fact finder's report shall recommend as to all unresolved collective bargaining issues, including appropriate wages, hours and other terms and conditions of employment for represented employees, and shall set forth supporting factual findings, determined after due consideration of the factors set forth in subparagraphs (A) through (E) of paragraph (8) of this subsection, and shall contain a summary of the findings. The report of the fact finder shall be issued within 30 days after the fact finder is selected or appointed. Upon issuance, the report shall be distributed by the Authority to the Governor, the Metropolitan Atlanta Rapid Transit Overview Committee of the Georgia General Assembly, and each local governing body in the metropolitan area. The fact finder shall cause the summary of findings to be published once in the newspaper having the largest circulation in the metropolitan area. The fact finder shall be compensated in the same manner as a special master pursuant to Code Section 22-2-106 of the O.C.G.A., and the costs thereof and any other costs of the proceeding shall be borne equally by the parties. After selection or appointment of a fact finder pursuant to this paragraph, the parties may continue to collectively bargain on any issues, including but not limited to those submitted for fact-finding purposes.

(6) Upon issuance of the fact finder's report, the Authority and the authorized representative shall continue to collectively bargain in light of the recommendations set forth in such report. If either party rejects any or all of the fact finder's recommendations and the parties are otherwise unable, through collective bargaining, to reach agreement on such issue or issues, then each party rejecting any of the fact finder's recommendations shall prepare a written statement setting forth the specific recommendations which such party has rejected, the party's counterproposal on the issue or issues, and the reasons for rejecting the fact finder's recommendations. Prior

to commencement of any proceeding for interest arbitration, as provided in paragraph (7) of this subsection, each party required under this paragraph to prepare that statement shall cause it to be published in the local newspaper having the largest circulation in the metropolitan area and shall concurrently distribute that statement to the Governor, the Metropolitan Atlanta Rapid Transit Overview Committee of the Georgia General Assembly, and each local governing body in the metropolitan area.

(7) If, within the 30 days following issuance of the fact finder's report, the Authority and the authorized representative are unable to conclude a new labor agreement, either party may then seek ~~binding interest arbitration of all~~ a judicial determination of any unresolved issues between the parties. Such an action may be instituted by the filing of a petition ~~with the Governor for binding interest arbitration and for the appointment of an arbitrator.~~ The Governor shall appoint an arbitrator who is a member of the National Academy of Arbitrators or is approved by the American Arbitration Association within 30 days of the petition. That arbitrator shall decide the issues within 90 days after said petition shall be filed with the Governor. That arbitrator's decision on those issues shall bind both the Authority and the authorized representative. That arbitrator may require the Authority and the authorized representative to provide that arbitrator with such information as the arbitrator determines to be necessary in resolving the issues for a judicial determination. In even-numbered years, the petition shall be filed in the Superior Court of Fulton County and directed to the judge with the greatest length of service in that court. In odd-numbered years, the petition shall be filed in the Superior Court of DeKalb County and directed to the judge with the greatest length of service in that court. The judge, without a jury, shall decide upon the issues within 90 days of filing such petition. The decision of the judge shall be binding upon the Authority and the authorized representative, and there shall be no appeal of such decision. The judge may require the Authority and the authorized representative to provide such information as the judge determines to be necessary in resolving the issues submitted. In the event any unresolved collective bargaining issue, including but not limited to wage rates for represented employees, is not submitted for judicial determination, the parties shall continue the collective bargaining process with respect to such issues in a good faith effort to reach agreement on such issues or to agree upon the terms and conditions of a stipulation or submission agreement to be submitted for judicial determination as provided for in this paragraph.

(8)(A) In any ~~interest arbitration~~ judicial determination under this subsection, the ~~arbitrator~~ judge shall be bound by any written stipulation or submission agreement between the Authority and the authorized representative concerning such determination. In determining any issue, the ~~arbitrator~~ judge shall ~~also~~ give primary consideration ~~weight both~~ to the report of the neutral fact finder and to the following factors:

(A)(i) The financial ability of the Authority to pay wages and provide benefits, whether or not increased, including the budget for the current year, the projected budget for the subsequent ten years, and the need to maintain adequate reserves,

while adhering to all legal requirements governing the Authority's expenditure of public funds and revenues and maintaining levels of transit service sufficient to serve the metropolitan area; and

~~(B)~~(ii) The amount, if any, of any fare increase which would be necessary to afford a wage or salary increase or improvement in fringe benefits or extension of vacation, holiday, or excused time and the ability of the public to bear a fare increase, with consideration of the per capita income of those persons in the service area;

(B) The judge shall also give secondary consideration to the following factors:

~~(C)~~(i) A comparison between the overall wage and salary levels and fringe benefit levels and vacation, holiday and excused time allowances of the Authority's represented employees and other workers in the public and private sectors of the metropolitan area who perform work requiring similar skills in other major ground transportation services;

~~(D)~~(ii) A comparison of the hours and working conditions of the Authority's represented employees and other workers in the public and private sectors of the metropolitan area who perform work requiring similar skills in other major ground transportation services; and

~~(E)~~(iii) The cost of consumer goods and services within the metropolitan area.

~~(9) In the event that either party wishes to enforce the decision of the arbitrator, a petition for such enforcement must be filed within ninety (90) days of such decision. In odd numbered years, the petition must be filed in the Superior Court of Fulton County and directed to the senior judge in time of service in that court. In even numbered years, the petition must be filed in the Superior Court of DeKalb County and directed to the senior judge in time of service in that court. The court shall confirm the decision unless the decision is vacated by the court because the court finds that the rights of a party were prejudiced by:~~

~~(A) Corruption, fraud, or misconduct in procuring the decision;~~

~~(B) Partiality of an arbitrator appointed as a neutral;~~

~~(C) An overstepping by the arbitrators of their authority or such imperfect execution of it that a final and definite decision upon the subject of such matter submitted was not made; or~~

~~(D) The arbitrator's manifest disregard for the law.~~

~~The judge's ruling in this enforcement proceeding shall bind the Authority and the authorized representative and there shall be no appeal from this decision.~~

~~(10) Upon vacating a decision, the court may order a rehearing and determination of all or any of the issues either before the same arbitrator or before a new arbitrator appointed as provided by this part. In any provision of an agreement limiting the time for a hearing or decision, time shall be measured from the date of such order or rehearing, whichever is appropriate, or a time may be specified by the court.~~

~~(11) No employee of the Authority shall engage in any strike, sit-down, slow-down, walkout, or other concerted cessation or curtailment of work, and no authorized representative of employees of the Authority shall cause, instigate, encourage,~~

promote or condone any strike, sit-down, slow-down, walkout, or other concerted cessation or curtailment of work by any employee of the Authority. The Authority shall not unilaterally increase, decrease, or otherwise change the wages, including accrued cost of living allowances, or fringe benefits of represented employees as of the last day of an expired contract pending the establishment of new wages and fringe benefits by negotiation or ~~interest arbitration~~ judicial determination.

(12)(10) Subject to any requirement imposed pursuant to Section 13 (c) of the Urban Mass Transportation Act of 1964, as amended, the Authority at all times shall have the right to determine the method, means, and personnel by which its operations are to be carried on, including the right to hire part-time employees."

SECTION 11.

Said Act is further amended by revising subsection (b) of Section 21 as follows:

"(b) The Authority shall also be exempt from any regulation by the Public Service Commission of this State, ~~except as provided in Section 9(f) of this Act, and except that~~ when any proposed action of the Authority, or any local government on behalf of the Authority, may place a public utility, railroad or public service corporation in violation of the requirements of the Commission, or create the need for collaboration with respect to compliance with the requirements of the Commission, the Authority shall obtain the Commission's cooperation and approval of the proposed action. In such matters and particularly with respect to the matters contemplated in Section 8(j), the Commission shall cooperate with the Authority to accomplish the purposes and policies of this Act."

By inserting between lines 427 and 428 the following:

Said title is further amended by adding a new chapter to read as follows:

"CHAPTER 15A

50-15A-1.

As used in this chapter, the term:

(1) 'Burden' means any government action that directly or indirectly constrains, inhibits, curtails, or denies the exercise of religion by any person or compels any action contrary to a person's exercise of religion, including, but not limited to, withholding benefits, assessing criminal, civil, or administrative penalties, and exclusion from government programs or access to government facilities.

(2) 'Compelling governmental interest' includes, but is not limited to, protecting the welfare of a child from abuse and neglect as provided for by state law.

(3) 'Exercise of religion' means the practice or observance of religion under Article I, Section I, Paragraphs III and IV of the Constitution of this state and the free exercise clause of the First Amendment to the Constitution of the United States, including, but not limited to, the right to act or refuse to act in a manner substantially motivated by a sincerely held religious tenet or belief whether or not the exercise is compulsory or a central part or requirement of the person's religious tenets or beliefs.

(4) 'Fraudulent claim' means a claim that is dishonest in fact or that is made principally for a patently improper purpose, including, but not limited to, the harassing of another party.

(5) 'Penal institution' means any jail, correctional institution, or similar facility for the detention of violators of state laws or local ordinances and any entity supervising such violators placed on parole, probation, or other conditional release.

(6) 'Person' means an individual, corporation, partnership, firm, business trust, joint-stock company, association, syndicate, group, pool, joint venture, and any other

unincorporated association or group.

(7) 'State entity' means the state or any local subdivision of the state or public instrumentality or public corporate body created by or under authority of state law, including, but not limited to, the executive, legislative, and judicial branches and every department, agency, board, bureau, office, commission, authority, or similar body thereof, municipalities, counties, school districts, special taxing districts, conservation districts, authorities, and any other state or local public instrumentality or corporation.

50-15A-2.

(a) A state entity shall not substantially burden a person's civil right to exercise of religion even if the burden results from a rule of general applicability unless such state entity demonstrates, by clear and convincing evidence, that application of the burden to the person is in furtherance of a compelling governmental interest and is the least restrictive means of furthering that compelling governmental interest.

(b) A person whose exercise of religion has been, or is substantially likely to be, substantially burdened in violation of this chapter may assert such violation as a claim or defense in a judicial proceeding. A court may grant appropriate relief as may be necessary including, but not limited to, injunctive relief, protective order, writ of mandamus or prohibition, declaratory relief, actual damages, and reasonable costs and attorney fees as determined by the court.

(c) Any person found by a court of competent jurisdiction to have abused the protection of this chapter by making a fraudulent claim may be enjoined by such court from filing further claims under this chapter before such court without leave of court.

50-15A-3.

In determining whether a compelling governmental interest is sufficient to justify a substantial burden on a person's exercise of religion pursuant to subsection (a) of Code Section 50-15A-2, only those interests of the highest order and not otherwise served can overbalance the fundamental right to the exercise of religion preserved by this chapter. In order to prevail under the standard provided for by subsection (a) of Code Section 50-15A-2, the state entity shall demonstrate that such standard is satisfied through application of the asserted violation of this chapter to the particular claimant whose sincere exercise of religion has been burdened. The religious liberty interest protected by this chapter is an independent liberty that occupies a preferred position and no encroachments upon this liberty shall be permitted, whether direct or indirect, unless required by clear and compelling governmental interests of the highest order.

50-15A-4.

(a) Nothing in this chapter shall be construed to:

(1) Impair the fundamental right of every parent to control the care and custody of such parent's minor children including, but not limited to, control over education, discipline, religious and moral instruction, health, medical care, welfare, place of

habitation, counseling, and psychological and emotional well-being of such minor children as provided for under the laws of this state and of the United States;

(2) Authorize any violation of Article I, Section IV of the Constitution of this state;

(3) Authorize the application or enforcement of any law, rule, code, or legal system in the courts of this state other than the laws, rules, codes, or legal system provided for by the laws of this state and of the United States; or

(4) Protect actions or decisions to end the life of any adult or born or unborn child that are not as provided for by the laws of this state or of the United States.

(b) Except as provided by subsection (c) of this Code section, this chapter shall apply to all actions by a state entity.

(c) This chapter shall not apply to penological rules, regulations, conditions, or policies established by a penal institution that are reasonably related to the safety and security of incarcerated persons, staff, visitors, supervised violators, or the public, or to the maintenance of good order and discipline in any penal institution or parol or probation program."

House Bill 601 (LC 21 2151)

Dear Representative Maxwell:

This bill would amend provisions relating to membership in the Judges of the Probate Courts Retirement Fund of Georgia. Specifically, this bill would define certain terms relating to income determination and would revise the method for determining the monthly contributions paid by members. Additionally, this bill would amend provisions relating to retirement benefits so that cost-of-living adjustments are discretionary instead of automatic. Finally, this bill would amend provisions relating to the remittance of fines and fees. If this legislation is enacted, the Fund would receive a portion of the fines and fees collected on any civil case for violating state statutes or traffic laws which is before a judge of the probate court. Currently, the Fund only receives a portion of the fines and fees collected for criminal and quasi-criminal cases. Additionally, the Fund would receive a portion of the fines and fees collected for such cases heard before a judge of any state court created on or after July 1, 2014.

This is to certify that this bill is a fiscal retirement bill as defined in the Public Retirement Systems Standards Law.

Respectfully,

/s/ Greg S. Griffin

- (2) Currently, DFCS relies heavily on private agencies, including the placement of almost half of the children in Georgia's foster care by private child placing agencies;
- (3) Georgia is developing strategic plans, carried out in partnership with an array of allied state agencies, formal and informal collaborators, community based providers, families and children served, and concerned citizens, to respond to the evolving needs of children and families and continuous quality improvement; and
- (4) Increasing the number and array of community based services to allow more children to remain safely in their homes or to transition more quickly back home or to a new adoptive family, as appropriate, should result in reduced recurrence of maltreatment and reduced child deaths associated with abuse and neglect.

SECTION 2.

"49-2-18.

limited to, adoption services, foster care, and case management services; provided, however, that child welfare services shall not include services related to child protection investigations.

(2) 'Division' means the Division of Family and Children Services of the Department of Human Services.

(b) Beginning July 1, 2014, the division shall conduct a two-year pilot program for the purpose of evaluating whether child welfare programs and child welfare services should be privatized state wide and identifying which programs and services should be privatized. The pilot program shall be established in up to three regional service areas identified by the division based on the number of children in congregate care in the service area, the degree of problems in the provision of child welfare services in the service areas, or any other appropriate factors determined by the division; provided, however, that the services provided shall not exceed 35 percent of all child welfare services provided in the regional service area. The division shall establish a request for proposals for the purpose of entering into a contract with one or more private entities to provide child welfare services for the communities in the pilot program regional service area or areas. Such request for proposal shall delineate the requirements and criteria for the provision of child welfare services. The request for proposals shall be developed with local community participation, including, but not limited to, input from community based providers, foster parents, members of the faith community, adults who were provided care in Georgia's foster care system, and child advocacy organizations that are currently under contract with the division to furnish foster care and adoption services.

(c) In contracting for the delivery of child welfare services, the division shall retain responsibility for the quality of contracted services and programs and shall ensure that services are delivered in accordance with applicable federal and state laws and regulations. In addition, any contract entered into pursuant to the pilot program shall require adherence to nationally recognized child welfare performance outcome measures.

(d) The division shall adopt written policies and procedures for monitoring the contract for delivery of services by private entities. Such policies and procedures shall address, at a minimum, the following:

(1) Evaluation of fiscal accountability and program operations, including achievement of performance standards, monitoring of subcontractors, and timely follow-up of corrective actions for significant findings;

(2) Reduction of the duplication of the division's program monitoring activities, both internally and with other agencies, to the extent possible; and

(3) Communication of the written findings, conclusions, and recommendations from monitoring the contract for services to the division, as expeditiously as possible.

(e) The division shall evaluate the pilot program and submit a report regarding quality performance, outcome measure attainment, and cost efficiency results of the pilot program to the Governor, Lieutenant Governor, and Speaker of the House of Representatives no later than July 1, 2016. Such report shall also include

recommendations as to expansion of the pilot program state wide and identification of services which should be included in privatization efforts. The outcome measures should include, but not be limited to:

(1) Increase in permanency for all infants, children, and youth by reducing time in foster placements when possible and promoting a successful transition to adulthood for older youth;

(2) Increase in positive outcomes for infants, children, youth, and families in their homes and communities and improvement of the safety and well-being of infants, children, and youth; and

(3) Prevention of child abuse and neglect and the reentry of infants, children, and youth into foster care.

(f) The division shall be authorized to establish such rules and regulations as may be necessary or desirable in order to execute the pilot program.

(g) This Code section shall become effective only if the Administration for Children and Families of the United States Department of Health and Human Services approves a federal Title IV-E waiver demonstration project, if necessary."

The division shall use a competitive bidding process to contract with a single community based organization, which may be faith based, to administer all child welfare services for all children in each region either directly or through a local

network of providers; provided, however, that the services provided directly by that community based organization shall not exceed 35 percent of all child welfare services in the region. (c) There shall be created the Child Welfare Pilot Program Commission. The commission shall be composed of seven members and shall be appointed as follows: three shall be appointed by the Governor; two shall be appointed by the Lieutenant Governor; and two shall be appointed by the Speaker of the House of Representatives. SB 125. By Senators Stone of the 23rd and Gooch of the 51st:

A BILL to be entitled an Act to amend Article 1 of Chapter 3 of Title 51 of the Official Code of Georgia Annotated, relating to general provisions regarding the liability of owners and occupiers of land, so as to codify the duty of a possessor of land to a trespasser against harm; to provide for related matters; to repeal conflicting laws; and for other purposes.

The House substitute was as follows:

A BILL TO BE ENTITLED
AN ACT

To amend Article 1 of Chapter 3 of Title 51 of the Official Code of Georgia Annotated, relating to general provisions regarding the liability of owners and occupiers of land, so as to codify the duty of a lawful possessor of land to a trespasser against harm; to provide for legislative findings; to define a term; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

It is the intent of the General Assembly to codify and preserve Georgia common law regarding the duties owed by possessors of land to trespassers as of January 1, 2014. The General Assembly finds that the provisions of the American Law Institute's *Restatement of the Law Third, Torts: Liability for Physical and Emotional Harm*, §§ 50-52 (2012), which seek to impose broad new duties on those who own, occupy, or control premises, including the duty to exercise reasonable care to all trespassers, do not reflect the public policy of the State of Georgia. It is also the intent of the General Assembly to preserve the attractive nuisance doctrine and Georgia common law as it relates to the attractive nuisance doctrine.

SECTION 2.

Article 1 of Chapter 3 of Title 51 of the Official Code of Georgia Annotated, relating to general provisions regarding the liability of owners and occupiers of land, is amended by adding a new Code section to read as follows:

"51-3-3.

(a) As used in this Code section, the term 'possessor of land' means the landowner, occupant of the land, holder of any easement to the land, or lessee of the land.

(b) A lawful possessor of land owes no duty of care to a trespasser except to refrain from causing a willful or wanton injury.

(c) Georgia common law as it exists and is applied to the doctrine of attractive nuisance, in effect as of January 1, 2014, shall not be construed to be altered by this Code section.

(d) This Code section shall not affect any immunities from or defenses to civil liability to which a lawful possessor of land may be entitled."

SECTION 3.

All laws and parts of laws in conflict with this Act are repealed.

Senator Stone of the 23rd moved that the Senate agree to the House substitute to SB 125.

SECTION 2.

Said chapter is further amended by revising Code Section 36-61-3, relating to legislative findings and declaration of necessity, as follows:

"36-61-3.

(a) It is found and declared that there exist in municipalities and counties of this state ~~slum areas~~ pockets of blight, as defined in paragraph ~~(18)~~ (15) of Code Section 36-61-2, which constitute a serious and growing menace, injurious to the public health, safety, morals, and welfare of the residents of this state; that the existence of such areas contributes substantially and increasingly to the spread of disease and crime, constitutes an economic and social liability, substantially impairs or arrests the sound growth of municipalities and counties, retards the provision of housing accommodations, aggravates traffic problems, and substantially impairs or arrests the elimination of traffic hazards and the improvement of traffic facilities; and that the prevention and elimination of ~~slums~~ pockets of blight is a matter of state policy and state concern, in order that ~~the~~ this state and its municipalities and counties shall not continue to be endangered by areas which are local centers of disease, promote juvenile delinquency, and, while contributing little to the tax income of ~~the~~ this state and its municipalities and counties, consume an excessive proportion of its revenues because of the extra services required for police, fire, accident, hospitalization, and other forms of public protection, services, and facilities.

(b) It is further found and declared that certain ~~slum areas~~ pockets of blight or portions thereof may require acquisition, clearance, and disposition, subject to use restrictions, as provided in this chapter, since the prevailing condition of decay may make impracticable the reclamation of the area by conservation or rehabilitation; that the other areas or portions thereof, through the means provided in this chapter, may be susceptible of conservation or rehabilitation in such a manner that the conditions and evils enumerated in subsection (a) of this Code section may be eliminated, remedied, or prevented and that, to the extent that is feasible, salvable ~~slum areas~~ pockets of blight should be conserved and rehabilitated through voluntary action and the regulatory process.

(c) It is further found and declared that the powers conferred by this chapter are for public uses and purposes for which public money may be expended and the power of eminent domain may be exercised. The necessity, in the public interest, for the provisions enacted in this chapter is declared as a matter of legislative determination."

SECTION 3.

Said chapter is further amended by revising Code Section 36-61-4, relating to the encouragement of private enterprise in urban redevelopment, as follows:

"36-61-4.

(a) A municipality or county, to the greatest extent it determines to be feasible in carrying out the provisions of this chapter, shall afford maximum opportunity, consistent with the sound needs of the municipality or county as a whole, to the rehabilitation or redevelopment of the urban redevelopment area by private enterprise.

A municipality or county shall give consideration to this objective in exercising its powers under this chapter, including: the formulation of a workable program; the approval of urban redevelopment plans consistent with the general plan for the municipality or county; the adoption and enforcement of ordinances as provided for in Code Section 36-61-11; the exercise of its zoning powers; the enforcement of other laws, codes, and regulations relating to the use of land and the use and occupancy of buildings and improvements; the disposition of any property acquired; and the provision of necessary public improvements.

(b) Notwithstanding anything in this chapter or other provisions of law to the contrary, and in order to give effect to the encouragement of private enterprise contemplated in this Code section, the following shall apply to contracts and agreements for surface transportation projects entered into pursuant to this chapter:

(1) In addition to other methods of procurement authorized by law, the sponsoring local government, urban redevelopment agency, or other governing body shall be authorized to utilize the procedures of this chapter to provide for the planning, design, finance, construction, acquisition, leasing, operation, and maintenance of surface transportation projects. The provisions of this chapter shall be an alternative to such other methods to be exercised at the option of each sponsoring local government or public body;

(2) One or more public bodies may participate in the consideration and implementation of a surface transportation project at the discretion of the sponsoring local government. Where more than one public body agrees to participate in the consideration or implementation of a surface transportation project, the participants may designate one or more representatives of each such participating public body, as agreed to by the sponsoring local government or the urban redevelopment agency;

(3)(A) An urban redevelopment agency designated by the sponsoring local government may evaluate a project to determine the appropriate or desirable levels of public and private participation in planning, designing, financing, constructing, operating, maintaining, or facilitating, or any combination thereof, for the execution of such project. Such urban redevelopment agency may designate a public nonprofit, private corporation, body, or entity to perform this function and to otherwise perform the activities contemplated in this Code section.

(B) A sponsoring local government or an urban redevelopment agency shall be authorized to issue, individually or in sequenced stages, written requests for expressions of interest, qualifications, or proposals, or any combination thereof, or other similar methods of procurement or solicitation. Such requests shall indicate the scope of the project, the proposed public and private financial participation in the project, including, but not limited to, the rights, responsibilities, obligations, revenue sharing features, any lease, license, availability or other payment rights, and any other allocations of interests and federal and state income tax benefits in respect of real and personal property relating to a project. Such requests shall include the factors to be used in evaluating responses, the relative importance of any applicable evaluation factors, and other contractual terms and conditions expected, including

any unique capabilities or qualifications that will be required of respondents, as determined in the sole discretion of the designated representative of the sponsoring local government. Public notice of such requests shall be made at least 30 days prior to the date set for the release of said request by posting a legal notice on the websites of the sponsoring local government and the public body implementing the project, in substantially the same manner utilized by such public bodies in order to solicit requests for proposals, with a copy of such notice provided simultaneously to each affected public body.

(C)(i) The public body implementing the project and the sponsoring local government, with the participation of any designated representatives of other participating public bodies as determined by the sponsoring local government, may engage in individual discussions and interviews with each respondent deemed fully qualified, responsible, and suitable on the basis of initial responses and with emphasis on professional competence and ability to meet the level of private financial participation as called for in such request. Repetitive, informal interviews and negotiation sessions may be conducted. Any such interviews and negotiation sessions shall be deemed to be a part of the procurement process.

(ii)(I) At the conclusion of the final stage, on the basis of evaluation factors published in the request and all information developed in the selection process, the public body implementing the surface transportation project, in an open and public meeting subject to the provisions of Chapter 14 of Title 50, shall select one or more respondents whose qualifications and proposed services are deemed most meritorious.

(II) Negotiations shall then be conducted by the designated representative with the selected respondent or respondents. Negotiations conducted with one or more selected respondent pursuant to this Code section shall continue to be deemed an active procurement until the execution of the final, definitive agreement with the selected respondent or respondents.

(iii) The public body implementing the project shall select for approval the respondent offering the most satisfactory and advantageous contract terms for the project based upon a thorough assessment of any one or more of the following: experience and reputation with similar projects; engineering and design quality; value; projected savings during, before, or after construction; and the ability of the final project's characteristics to meet the goals of the sponsoring local government, consistent with applicable plans and programs. The fair market value of any property included as a part of the procurement may be based on the consideration of the above factors, but it shall not be less than the initial cost to obtain the property. Before making such selection, the designated representative shall consult in an open and public meeting subject to the provisions of Chapter 14 of Title 50 with the representatives of any participating local governing authority, participating local authority, participating state agency, department, or authority, and affected local government. Notwithstanding the foregoing, if the terms and conditions for multiple awards are included in the request, the implementing

public body may award contracts to more than one respondent. Should the implementing public body determine in writing that only one respondent is fully qualified, or that one respondent is clearly more highly qualified and suitable than the other respondents under consideration, a contract may be negotiated and awarded to that respondent.

(iv) Upon approval of the selection by the implementing public body, a contract or contracts not exceeding 50 years in duration may be entered into by the urban redevelopment agency or any one or more of the participating public bodies and the selected respondent or respondents. The private financial information provided by the respondents shall remain exempt from Code Section 50-18-72 during and after the conclusion of the related selection process.

(D) A dispute over the award of a contract under this chapter shall be resolved by the filing of a petition in the superior court of the county in which the sponsoring local government is located within 30 days of the awarding of such contract and shall be determined through the use of a special master appointed by the judge of the superior court of the county in which the sponsoring local government is located. The special master shall not be authorized to enjoin or otherwise delay or suspend the execution of the contract and any work to be performed under such contract. The decision of the special master with regard to such dispute shall be appealable for a de novo review to the superior court of the county in which the sponsoring local government is located within 30 days following the decision of the special master.

(E) Nothing in this chapter shall require the designated representatives, the sponsoring local government, the implementing public body, or any participating public body to continue negotiations or discussions arising out of any request or any other procurement initiated under the provisions of this Code section.

(F) Every public body shall be authorized to promulgate reasonable rules and regulations to assist in its evaluation of responses and to implement the purposes of this chapter; provided, however, that unsolicited proposals shall not be permitted;

(4) No public officer, employee, or member of any participating public body, with respect to contracts of such public body, or the General Assembly shall serve as an agent, lobbyist, or board member for any private entity directly or indirectly under a contract or negotiating a contract provided for by this chapter for three years after leaving his or her position as a public officer, employee, or member of the public body or the General Assembly; and

(5) Contracts entered into with a private enterprise in respect to the design, construction, operation, financing, or management of the public components of a surface transportation project shall not constitute the acquisition of property for a private use, nor shall such contracts be deemed a sale, lease, or other disposition of the related interests in property under any provisions of this chapter or other provision of applicable law, and such public components of a surface transportation project shall be deemed a public use for all purposes under applicable provisions of law, including, without limitation, Code Sections 36-61-9 and 36-61-10."

SECTION 4.

Said chapter is further amended by revising Code Section 36-61-5, relating to resolution of necessity as prerequisite to exercise of powers, as follows:

"36-61-5.

No municipality or county shall exercise any of the powers conferred upon municipalities and counties by this chapter until after its local governing body has adopted a resolution finding that:

- (1) One or more ~~slum areas~~ pockets of blight exist in such municipality or county; and
- (2) The rehabilitation, conservation, or redevelopment, or a combination thereof, of such area or areas is necessary in the interest of the public health, safety, morals, or welfare of the residents of the municipality or county."

SECTION 5.

Said chapter is further amended by revising Code Section 36-61-6, relating to formulation of a workable program for urban redevelopment, as follows:

"36-61-6.

For the purposes of this chapter, a municipality or county may formulate a workable program for utilizing appropriate private and public resources including those specified in Code Section 36-61-11, to eliminate and prevent the development or spread of ~~slums~~ pockets of blight, to encourage needed urban rehabilitation, to provide for the redevelopment of ~~slum areas~~ pockets of blight, or to undertake such of the aforesaid activities or such other feasible municipal or county activities as may be suitably employed to achieve the objectives of such workable program. Such workable program may include, without limitation, provision for the prevention of the spread of ~~slums~~ pockets of blight into areas of the municipality or county which are free from ~~slums~~ pockets of blight, through diligent enforcement of housing, zoning, and occupancy controls and standards; the rehabilitation or conservation of ~~slum areas~~ pockets of blight or portions thereof by replanting, removing congestion, providing parks, playgrounds, and other public improvements, including without limitation surface transportation projects, encouraging voluntary rehabilitation, and compelling the repair and rehabilitation of deteriorated or deteriorating structures; and the clearance and redevelopment of ~~slum areas~~ pockets of blight or portions thereof."

SECTION 6.

Said chapter is further amended by revising Code Section 36-61-7, relating to preparation of redevelopment plan, approval, modification, and effect of approval, as follows:

"36-61-7.

- (a) A municipality or county shall not approve an urban redevelopment plan for an urban redevelopment area unless the governing body, by resolution, has determined such area to be a ~~slum area~~ pocket of blight and designated such area as appropriate for an urban redevelopment project. Authority is vested in every municipality and county to prepare, to adopt, and to revise, from time to time, a general plan for the physical

development of the municipality or county as a whole (giving due regard to the environs and metropolitan surroundings), to establish and maintain a planning commission for such purpose and related municipal and county planning activities, and to make available and to appropriate the necessary funds therefor. A municipality or county shall not acquire real property for an urban redevelopment project unless the local governing body has approved the urban redevelopment plan in accordance with subsection (d) of this Code section.

(b) The municipality or county may itself prepare or cause to be prepared an urban redevelopment plan; alternatively, any person or agency, public or private, may submit a plan to a municipality or county.

(c) The local governing body of the municipality or county shall hold or shall cause some agency of the municipality or county to hold a public hearing on an urban redevelopment plan or a substantial modification of an approved urban redevelopment plan, after public notice thereof by publication in a newspaper having a general circulation in the area of operation of the municipality or county. The notice shall describe the time, date, place, and purpose of the hearing, shall generally identify the urban redevelopment area covered by the plan, and shall outline the general scope of the urban redevelopment project under consideration.

(d) Following such hearing, the local governing body may approve an urban redevelopment plan if it finds that:

(1) A feasible method exists for the relocation of families who will be displaced from the urban redevelopment area in decent, safe, and sanitary dwelling accommodations within their means and without undue hardship to such families;

(2) The urban redevelopment plan conforms to the general plan of the municipality or county as a whole; and

(3) The urban redevelopment plan will afford maximum opportunity, consistent with the sound needs of the municipality or county as a whole, for the rehabilitation or redevelopment of the urban redevelopment area by private enterprise.

(e) An urban redevelopment plan may be modified at any time, provided that, if modified after the lease or sale by the municipality or county of real property in the urban redevelopment project area, such modification shall be subject to such rights at law or in equity as a lessee or purchaser or his or her successor or successors in interest may be entitled to assert. Any proposed modification which will substantially change the urban redevelopment plan as previously approved by the local governing body shall be subject to the requirements of this Code section, including the requirement of a public hearing, before it may be approved.

(f) Upon the approval of an urban redevelopment plan by a municipality or county, the provisions of the plan with respect to the future use and building requirements applicable to the property covered by the plan shall be controlling with respect thereto."

SECTION 7.

Said chapter is further amended by revising paragraphs (1), (6), and (9) of Code Section 36-61-8, relating to powers of municipalities and counties generally, as follows:

"(1) To undertake and carry out urban redevelopment projects within its area of operation; to make and execute contracts and other instruments necessary or convenient to the exercise of its powers under this chapter; and to disseminate ~~slum~~ pocket of blight clearance and urban redevelopment information;"

"(6) Within their area of operation, to make or have made all plans necessary to the carrying out of the purposes of this chapter and to contract with any person, public or private, in making and carrying out such plans and to adopt or approve, modify, and amend such plans. Such plans may include, without limitation:

(A) A general plan for the locality as a whole;

(B) Urban redevelopment plans;

(C) Plans for carrying out a program of voluntary or compulsory repair and rehabilitation of buildings and improvements, to include but not to be limited to making loans and grants from funds received from the federal government, as well as from funds received from the repayment of such loans and interest thereon, to persons, public or private, owning private housing for the purpose of financing the rehabilitation of such housing;

(D) Plans for the enforcement of state and local laws, codes, and regulations relating to the use of land and the use and occupancy of buildings and improvements and to the compulsory repair, rehabilitation, demolition, or removal of buildings and improvements; and

(E) Appraisals, title searches, surveys, studies, and other preliminary plans and work necessary to prepare for the undertaking of urban redevelopment projects.

The municipality or county is authorized to develop, test, and report methods and techniques and to carry out demonstrations and other activities for the prevention and elimination of ~~slums~~ pockets of blight and to apply for, accept, and utilize grants of funds from the federal government for such purposes;"

"(9) Within their areas of operation, to organize, coordinate, and direct the administration of the provisions of this chapter as they apply to such municipality or county, in order that the objective of remedying ~~slums~~ pockets of blight and preventing the causes thereof within the municipality or county may be most effectively promoted and achieved, and to establish such new office or offices of the municipality or county or to reorganize existing offices in order to carry out such purpose most effectively; and"

SECTION 8.

Said chapter is further amended by revising subsection (a) and paragraph (1) of subsection (b) of Code Section 36-61-10, relating to disposal of property in redevelopment area generally, notice and bidding procedures, exchange with veterans' organization, and temporary operation of property, as follows:

"(a) A municipality or county may sell, lease, or otherwise transfer real property in an urban redevelopment area or any interest therein acquired by it and may enter into contracts with respect thereto, for residential, recreational, commercial, industrial, or other uses or for public use; or the municipality or county may retain such property or

interest for public use, in accordance with the urban redevelopment plan, subject to such covenants, conditions, and restrictions, including covenants running with the land and including the incorporation by reference therein of the provisions of an urban redevelopment plan or any part thereof, as it may deem to be in the public interest or necessary or desirable to assist in preventing the development or spread of future ~~slums~~ pockets of blight or to otherwise carry out the purposes of this chapter. Such sale, lease, other transfer, or retention and any agreement relating thereto may be made only after the approval of the urban redevelopment plan by the local governing body. The purchasers or lessees and their successors and assigns shall be obligated to devote such real property only to the uses specified in the urban redevelopment plan and may be obligated to comply with such other requirements as the municipality or county may determine to be in the public interest, including the obligation to begin within a reasonable time any improvements on the real property required by the urban redevelopment plan. Such real property or interest shall be sold, leased, otherwise transferred, or retained at not less than its fair value for uses in accordance with the urban redevelopment plan. In determining the fair value of real property for uses in accordance with the urban redevelopment plan, a municipality or county shall take into account and give consideration to the uses provided in such plan; the restrictions upon and the covenants, conditions, and obligations assumed by the purchaser or lessee or by the municipality or county retaining the property; and the objectives of such plan for the prevention of the recurrence of ~~slum areas~~ pockets of blight. The municipality or county in any instrument of conveyance to a private purchaser or lessee may provide that such purchaser or lessee shall be without power to sell, lease, or otherwise transfer the real property without the prior written consent of the municipality or county until he or she has completed the construction of any and all improvements which he or she has obligated himself or herself to construct thereon. Real property acquired by a municipality or county which, in accordance with the provisions of the urban redevelopment plan, is to be transferred shall be transferred as rapidly as feasible in the public interest consistent with the carrying out of the provisions of the urban redevelopment plan. The inclusion in any such contract or conveyance to a purchaser or lessee of any such covenants, restrictions, or conditions, including the incorporation by reference therein of the provisions of an urban redevelopment plan or any part thereof, shall not prevent the filing of the contract or conveyance in the land records of the county in such manner as to afford actual or constructive notice thereof.

(b)(1) A municipality or county may dispose of real property in an urban redevelopment area to private persons only under such reasonable competitive bidding procedures as it shall prescribe, ~~or~~ as are provided in this subsection or, solely with respect to and for the benefit of advancing surface transportation projects, as provided in Code Section 36-61-4. A municipality or county, by public notice by publication once each week for two consecutive weeks in a newspaper having a general circulation in the community, prior to the execution of any contract to sell, lease, or otherwise transfer real property and prior to the delivery of any instrument of conveyance with respect thereto under this Code section, may invite proposals from

SUBJECT: Actuarial Investigation
House Bill 580 (LC 21 2190)
Superior Court Clerks' Retirement Fund

Dear Chairman Battles:

This bill would amend provisions relating to retirement benefits paid under the Superior Court Clerks' Retirement Fund. Specifically, this bill would provide for retiring members to elect spousal survivor's benefits upon retirement. Members electing such option would receive an actuarially reduced benefit. This legislation includes a provision authorizing members to revoke the election if the spouse predeceases the member or upon a final judgment of divorce.

The first year cost to the Superior Court Clerks' Retirement Fund would be \$3,295 in order to meet the concurrent funding requirements of O.C.G.A. 47-20-50. The first year cost is the cost required each year to fund the normal cost. The estimated cost is based on current member data, actuarial assumptions, and actuarial methods. It should be noted that changes in any of these variables could affect the cost of this legislation. Any future costs would be paid through a portion of fines, fees, and bond forfeitures.

The following is a summary of the relevant findings of the actuarial investigation for this bill pursuant to a request by the House Retirement Committee. The investigation was to be conducted according to O.C.G.A. 47-20-36, which outlines the factors to be considered in an actuarial investigation. The figures are based on employee data and the most recent actuarial assumptions and methods.

- (1) The amount of the unfunded actuarial accrued liability which will result from the bill. \$ 0

- (2) The amount of the annual amortization of the unfunded actuarial accrued liability which will result from the bill. \$ 0

- | | | |
|-----|---|---|
| (3) | The number of years that the unfunded actuarial accrued liability created by this bill would be amortized. | _____ <u>N/A</u> |
| (4) | The amount of the annual normal cost which will result from the bill. | \$ _____ <u>3,295</u> |
| (7) | The employer contribution rate currently in effect. | Portion of fines,
Fees, and bond
_____ <u>forfeitures</u> |
| (8) | The employer contribution rate recommended (in conformity with minimum funding standards specified in Code Section 47-20-10). | Portion of fines,
Fees, and bond
_____ <u>forfeitures</u> |
| (9) | The total dollar amount of the increase in the annual employer contribution which is necessary to maintain the retirement system in an actuarially sound condition. | \$ _____ <u>0</u> |

**According to the actuary, the first year cost of this legislation is \$3,295. However, the required employer contribution would not need to increase since this Fund is in a well-funded position. Currently, the amount of revenue generated from fines, fees, and bond forfeitures is sufficient to cover the additional costs associated with this bill and to ensure the Fund remains funded in accordance with the State's minimum funding standards.*

It should be noted that any subsequent changes in the retirement bill will invalidate the actuarial investigation and the findings included therein.

SUBJECT: Actuarial Investigation
 House Bill 460 (LC 21 2057)
 Georgia Firefighters' Pension Fund

Dear Chairman Battles:

This bill would amend provisions relating to membership under the Georgia Firefighters' Pension Fund. Specifically, this bill would prohibit any person from becoming a member of the Fund while he or she is incarcerated. Additionally, this bill would prohibit any member from obtaining creditable service during any period of incarceration.

Under the provisions of this legislation, certain persons could be restricted from joining the Fund or earning creditable service for some portion of time. Therefore, this legislation would not result in any additional cost to the Georgia Firefighters' Pension Fund. This bill would not result in any increase to the unfunded actuarial accrued liability or the employer contribution rate. The estimated cost is based on current member data, actuarial assumptions, and actuarial methods. It should be noted that changes in any of these variables could affect the cost estimate for this legislation. Any future costs would be paid through a 1% tax on premiums charged by fire insurance companies.

The following is a summary of the relevant findings of the actuarial investigation for this bill pursuant to a request by the House Retirement Committee.
