Unless the provisions of subsection (e) of this Code section apply, for any prospective resident, ~~regardless of whether or not~~ except when such resident receives a transferable membership or ownership right in ~~the facility~~ a resident owned living unit, who cancels the agreement prior to occupancy of the residential unit, the refund shall be the entire amount paid toward the entrance fee, less a processing fee not to exceed 4 percent of the entire entrance fee, but in no event shall such processing fee exceed the amount paid by the prospective resident. Such refund shall be paid no later than 60 days after the giving of notice of intention to cancel. For a resident who has occupied his or her residential unit and who has received a transferable membership or ownership right in the facility, the foregoing refund provisions shall not apply but shall be deemed satisfied by the acquisition or receipt of a transferable membership or an ownership right in the facility. The provider shall not charge any fee for the transfer of membership or sale of an ownership right. Nothing in this paragraph shall be construed to require a continuing care agreement to provide a refund to more than one resident at a time upon the vacation of a specific comparable residential unit;"

SECTION 4.

In conjunction with the disclosure statement, the facility shall notify residents of any proposed changes in policies, programs, and services."

SECTION 6.

The provisions of this Act shall stand repealed in their entirety on December 31, 2015; provided, however, that facilities operating under the provisions of this Act on such date shall be permitted to operate as contemplated in this Act.

"(iv) Bank sales, other financial institution owned sales, or distressed sales, or any combination thereof, of comparable real property and distressed properties that are within such a distance of a subject property that a reasonable appraiser would consider such distressed properties as affecting the fair market value of the subject property. As used in this division, the term 'distressed property' means any real

property that is in such proximity to the subject property being assessed or appraised and is in such condition that a reasonable appraiser would conclude that such real property would have a detrimental effect on the value of the subject property being assessed or appraised;".

SECTION 2.

Said chapter is further amended by revising subsection (d) of Code Section 48-5-306, relating to annual notice of current assessment, contents, posting notice, and new assessment description, as follows:

Such qualified comparable properties shall not be more than five in number and, once chosen by the board of tax assessors, shall not be supplemented or replaced or otherwise altered or changed throughout any appeal process, including appeals to the superior court; and

(2) No additional charges or fees ~~may~~ shall be collected from the taxpayer for reasonable search, retrieval, or other administrative costs associated with providing such public records and information;

(3) The superior courts of this state shall have jurisdiction in law and in equity to enforce compliance with the provisions of this subsection directly and without the issue being first brought through any administrative procedure or hearing. (6) A prosecution under this subsection shall only be commenced by issuance of a citation in the same manner as an arrest warrant for a peace officer pursuant to Code Section 17-4-40; such citation shall be served personally upon the accused. The defendant shall not be arrested prior to the time of trial, except that a defendant who fails to appear for arraignment or trial may thereafter be arrested pursuant to a bench warrant and required to post a bond for his or her future appearance."

SECTION 3.

Said chapter is further amended by adding a new subsection to Code Section 48-5-306, relating to annual notice of current assessment, contents, posting notice, and new assessment description, to read as follows:

"(d.1)(1) Upon written request from a taxpayer, the board of tax assessors shall provide the taxpayer with copies of all evidence to be used to support the board of tax assessor's position at any board of equalization hearing or before a hearing officer for the tax year in question, and the board of tax assessors shall provide such evidence to the taxpayer in the same form and likeness as such evidence will be utilized by the board of tax assessors within ten business days from the date such request is received by the board of tax assessors. Once such evidence is provided to the taxpayer, the board of tax assessors shall not change, alter, or supplement such evidence throughout the appeal process, including any appeal to the superior court. Any evidence not provided to the taxpayer by the board of tax assessors in response to a written request for such evidence from the taxpayer shall not be used as evidence in any proceeding regarding such appeal.

(2) Any and all evidence put forth by the board of tax assessors at the board of equalization hearing or before any hearing officer regarding an appeal shall remain intact and shall be the only evidence allowed to be submitted by the board of tax assessors in any appeal to the superior court.

(3) All evidence submitted by the board of tax assessors in a board of equalization hearing or before a hearing officer shall be signed and dated by the board of tax

assessors' representative submitting such evidence, and an original of such evidence shall be given to the taxpayer.

(4) The provisions contained in paragraphs (3), (4), (5), and (6) of subsection (d) of this Code section shall be applicable to this subsection."

SECTION 4.

Said chapter is further amended by revising subsections (e) and (h) of Code Section 48-5-311, relating to creation of county boards of equalization, duties, review of assessments, and appeals, as follows:

"(e) Appeal.

(1)(A) Any taxpayer or property owner as of the last date for filing an appeal may elect to file an appeal from an assessment by the county board of tax assessors to either:

- (i) The county board of equalization as to matters of taxability, uniformity of assessment, and value, and, for residents, as to denials of homestead exemptions pursuant to paragraph (2) of this subsection;
- (ii) An arbitrator as to matters of value pursuant to subsection (f) of this Code section; or
- (iii) A hearing officer as to matters of value and uniformity for a parcel of nonhomestead real property with a fair market value in excess of \$1 million pursuant to subsection (e.1) of this Code section.

The commissioner shall establish by rule and regulation a uniform appeal form that the taxpayer may use.

(B) In addition to the grounds enumerated in subparagraph (A) of this paragraph, any taxpayer having property that is located within a municipality, the boundaries of which municipality extend into more than one county, may also appeal from an assessment on such property by the county board of tax assessors to the county board of equalization or to a hearing officer as to matters of uniformity of assessment of such property with other properties located within such municipality, and any uniformity adjustments to the assessment that may result from such appeal shall only apply for municipal ad valorem tax purposes.

(C) Appeals to the county board of equalization shall be conducted in the manner provided in paragraph (2) of this subsection. Appeals to a hearing officer shall be conducted in the manner specified in subsection (e.1) of this Code section. Appeals to an arbitrator shall be conducted in the manner specified in subsection (f) of this Code section. Such appeal proceedings shall be conducted between the hours of 8:00 A.M. and 7:00 P.M. on a business day. Following the notification of the taxpayer of the date and time of such taxpayer's scheduled hearing, the taxpayer shall be authorized to exercise a one-time option of changing the date and time of the taxpayer's scheduled hearing to a day and time acceptable to the taxpayer. The clerk of the superior court shall grant additional extensions to the taxpayer or the county board of tax assessors for good cause shown.

(D) The commissioner, by regulation, shall adopt uniform procedures and standards

which shall be followed by county boards of equalization, hearing officers, and arbitrators in determining appeals. Such rules shall be updated and revised periodically and reviewed no less frequently than every five years.

(2)(A) An appeal shall be effected by e-mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by mailing to or filing with the county board of tax assessors a notice of appeal within 45 days from the date of mailing the notice pursuant to Code Section 48-5-306. A written objection to an assessment of real property received by a county board of tax assessors stating the location of the real property and the identification number, if any, contained in the tax notice shall be deemed a notice of appeal by the taxpayer under the grounds listed in paragraph (1) of this subsection. A written objection to an assessment of personal property received by a county board of tax assessors giving the account number, if any, contained in the tax notice and stating that the objection is to an assessment of personal property shall be deemed a notice of appeal by the taxpayer under the grounds listed in paragraph (1) of this subsection. The county board of tax assessors shall review the valuation or denial in question and, if any changes or corrections are made in the valuation or decision in question, the board shall send a notice of the changes or corrections to the taxpayer pursuant to Code Section 48-5-306. Such notice shall also explain the taxpayer's right to appeal to the county board of equalization as provided in subparagraph (C) of this paragraph if the taxpayer is dissatisfied with the changes or corrections made by the county board of tax assessors.

(B) If no changes or corrections are made in the valuation or decision, the county board of tax assessors shall send written notice thereof to the taxpayer and to the county board of equalization which notice shall also constitute the taxpayer's appeal to the county board of equalization without the necessity of the taxpayer's filing any additional notice of appeal to the county board of tax assessors or to the county board of equalization. The county board of tax assessors shall also send or deliver all necessary papers to the county board of equalization. If, however, the taxpayer and the county board of tax assessors execute a signed agreement as to valuation, the appeal shall terminate as of the date of such signed agreement.

(C) If changes or corrections are made by the county board of tax assessors, the board shall notify the taxpayer in writing of such changes. If the taxpayer is dissatisfied with such changes or corrections, the taxpayer shall, within 30 days of the date of mailing of the change notice, institute an appeal to the county board of tax assessors by e-mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by mailing to or filing with the county board of tax assessors a written notice of appeal. The county board of tax assessors shall send or deliver the notice of appeal and all necessary papers to the county board of equalization.

(D) The written notice to the taxpayer required by this paragraph shall contain a statement of the grounds for rejection of any position the taxpayer has asserted with regard to the valuation of the property. No addition to or amendment of such

grounds as to such position shall be permitted before the county board of equalization.

(3) In any year in which no county-wide revaluation is implemented, the county board of tax assessors shall make its determination and notify the taxpayer within ~~180~~ 90 days after receipt of the taxpayer's notice of appeal. If the county board of tax assessors fails to respond to the taxpayer within such ~~180~~ 90 day period during such year, the appeal shall be automatically referred to the county board of equalization property valuation submitted by the taxpayer shall become the tax assessed value for the taxpayer's property for the tax year under appeal.

(4) The determination by the county board of tax assessors of questions of factual characteristics of the property under appeal, as opposed to questions of value, shall be prima-facie correct in any appeal to the county board of equalization. However, the board of tax assessors shall have the burden of proving its opinions of value and the validity of its proposed assessment by a preponderance of evidence.

(5) The county board of equalization shall determine all questions presented to it on the basis of the best information available to the board.

(6)(A) Within 15 days of the receipt of the notice of appeal, the county board of equalization shall set a date for a hearing on the questions presented and shall so notify the taxpayer and the county board of tax assessors in writing. A taxpayer may appear before the board concerning any appeal in person, by his or her authorized agent or representative, or both. The taxpayer shall specify in writing to the board the name of any such agent or representative prior to any appearance by the agent or representative before the board.

(B) Within 30 days of the date of notification to the taxpayer of the hearing required in this paragraph but not earlier than 20 days from the date of such notification to the taxpayer, the county board of equalization shall hold such hearing to determine the questions presented. If the county board of equalization fails to hold the required hearing within 30 days, the valuation submitted by the taxpayer shall become the tax assessed value for the taxpayer's property for the tax year under appeal.

(C) If more than one contiguous property of a taxpayer is under appeal, the board of equalization shall, upon request of the taxpayer, consolidate all such appeals in one hearing and render separate decisions as to each parcel or item of property. Any appeal from such a consolidated board of equalization hearing to the superior court as provided in this subsection shall constitute a single civil action, and, unless the taxpayer specifically so indicates in his or her notice of appeal, shall apply to all such parcels or items of property.

(D)(i) The board of equalization shall render its decision at the conclusion of the hearing under subparagraph (B) of this paragraph. The decision of the county board of equalization shall be in writing, shall be signed by each member of the board, shall specifically decide each question presented by the appeal, shall specify the reason or reasons for each such decision as to the specific issues of taxability, uniformity of assessment, value, or denial of homestead exemptions

depending upon the specific issue or issues raised by the taxpayer in the course of such taxpayer's appeal, shall state that with respect to the appeal no member of the board is disqualified from acting by virtue of subsection (j) of this Code section, and shall certify the date on which notice of the decision is given to the parties. Notice of the decision shall be given to each party by sending a copy of the decision by registered or certified mail or statutory overnight delivery to the appellant and by filing the original copy of the decision with the county board of tax assessors. Each of the three members of the county board of equalization must be present and must participate in the deliberations on any appeal. A majority vote shall be required in any matter. All three members of the board must sign the decision indicating their vote.

(ii) Except as otherwise provided in subparagraph (g)(4)(B) of this Code section, the county board of tax assessors shall use the valuation of the county board of equalization in compiling the tax digest for the county for the year in question and shall indicate such valuation as the previous year's value on the property tax notice of assessment of such taxpayer for the immediately following year rather than substituting the valuation which was changed by the county board of equalization.

(iii)(I) If the county's tax bills are issued before the county board of equalization has rendered its decision on property which is on appeal, the county board of tax assessors shall specify to the county tax commissioner the lesser of the valuation in the year preceding the year in which the appeal was filed or 85 percent of the current year's value, unless the property in issue has been issued a building permit and structural improvements have occurred, or structural improvements have been made without a building permit, in which case, it shall specify 85 percent of the current year's valuation as set by the county board of assessors. Depending on the circumstances of the property, this amount shall be the basis for a temporary tax bill to be issued; provided, however, that the taxpayer may elect to pay the temporary tax bill in the amount of 100 percent of the current year's valuation if no property improvement has occurred. The county tax commissioner shall have the authority to adjust such tax bill to reflect the 100 percent value as requested by the taxpayer. Such tax bill shall be accompanied by a notice to the taxpayer that the bill is a temporary tax bill pending the outcome of the appeal process. Such notice shall also indicate that upon resolution of the appeal, there may be additional taxes due or a refund issued.

(II) For the purposes of this Code section, any final value that causes a deduction in taxes and creates a refund that is owed to the taxpayer shall be paid by the tax commissioner to the taxpayer, entity, or transferee who paid the taxes within 60 days from the date of the final determination of value. Such refund shall include interest on the amount of the deduction at the same rate specified in Code Section 48-2-35 which shall accrue from November 15 of the taxable year in question or the date the final installment was due or was paid, whichever is later, through to the date paid or 60 days from the date of the final determination, whichever is earlier. In no event shall the amount of such interest exceed

\$150.00 for homestead property or \$5,000.00 for nonhomestead property. Any refund paid after the sixtieth day shall accrue interest from the sixty-first day until paid with interest at the same rate specified in Code Section 48-2-35. The interest accrued after the sixtieth day and forward shall not be subject to the limits imposed by this subsection. The tax commissioner shall pay the tax refund and any interest for the refund from current collections in the same proportion for each of the levying authorities for whom the taxes were collected.

(III) For the purposes of this Code section, any final value that causes an increase in taxes and creates an additional billing shall be paid to the tax commissioner as any other tax due along with interest as specified in Code Section 48-2-35. The tax commissioner shall adjust the tax bill, including interest, within 15 days from the date of the final determination of value and mail the adjusted bill to the taxpayer. Such interest shall accrue from November 15 of the taxable year in question or the final installment of the tax was due through to the date the bill was adjusted and mailed or 15 days from the date of the final determination, whichever is earlier. The interest computed on the additional billing shall in no event exceed \$150.00 for homestead property or \$5,000.00 for nonhomestead property. After the tax bill notice has been mailed out, the taxpayer shall be afforded 60 days from the date of the postmark to make full payment of the adjusted bill and interest. Once the 60 day payment period has expired, the bill shall be considered past due, and interest shall accrue as specified in Code Section 48-2-40 without limit until the bill is paid in full. Once past due, all other fees, penalties, late charges, and collection notices shall apply as prescribed in this chapter for the collection of delinquent taxes.

(7) The clerk of the superior court shall furnish the county board of equalization necessary facilities and secretarial and clerical help. The clerk of the superior court shall see that the records and information of the county board of tax assessors are transmitted to the county board of equalization. The county board of equalization must consider in the performance of its duties the information furnished by the county board of tax assessors and the taxpayer.

(8) The taxpayer or his or her agent or representative may submit in support of his or her appeal the most current report of the sales ratio study for the county conducted pursuant to Code Section 48-5-274. The board must consider the study upon any such request.

(9) If at any time during the appeal process to the county board of equalization and after certification by the county board of tax assessors to the county board of equalization, the county board of tax assessors and the taxpayer mutually agree in writing on the fair market value, then the county board of tax assessors, or the county board of equalization, as the case may be, shall enter the agreed amount in all appropriate records as the fair market value of the property under appeal, and the appeal shall be concluded. The provisions in subsection (c) of Code Section 48-5-299 shall apply to the valuation unless otherwise waived by both parties."

"(h) **Recording of interviews.**

(1) In the course of any assessment, appeal, or arbitration, or any related proceeding, the taxpayer shall be entitled to:

(A) Have an ~~make recordings of any~~ interview with any officer or employee of the taxing authority relating to the valuation of the taxpayer's property subject to such assessment, appeal, arbitration, or related proceeding, and the taxpayer may record the interview at the taxpayer's expense and with equipment provided by the taxpayer. ~~No, and no~~ such officer or employee may refuse to participate in an interview relating to such valuation for reason of the taxpayer's choice to record such interview; and

(B) Record, at the taxpayer's expense and with equipment provided by the taxpayer, all proceedings before the board of equalization or any hearing officer.

(2) The interview under this subsection shall be granted to the taxpayer within ten business days from the taxpayer's written request for the interview, and the interview shall be conducted at the office of the board of tax assessors.

(3) The superior courts of this state shall have jurisdiction in law and in equity to enforce the provisions of this subsection directly and with the issue being first brought through any administrative procedure or hearing. The taxpayer shall be awarded damages in the amount of \$1,000.00 per occurrence where the taxpayer requested the interview in compliance with this subsection and the board of assessors failed to timely comply, and the taxpayer shall be entitled to recover reasonable attorney's fees and expenses of litigation in any action brought to compel such interview."

 - (B) Pedestrians facing a steady CIRCULAR YELLOW or YELLOW ARROW

signal, unless otherwise directed by a pedestrian signal, are thereby advised that there is insufficient time to cross the roadway before a red indication is shown, and no pedestrian shall then start to cross the roadway; and

(C) Traffic, except pedestrians, facing a flashing YELLOW ARROW signal may proceed in the direction of the arrow. Vehicular traffic turning shall yield the right of way to approaching vehicles. Vehicular traffic shall stop and remain stopped to allow a pedestrian to cross the roadway within a crosswalk when the pedestrian is lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited, when the pedestrian is upon the half of the roadway upon which the vehicle is traveling, or when the pedestrian is approaching and is within one lane of the half of the roadway on which the vehicle is traveling or onto which it is turning. For the purposes of this subparagraph, 'half of the roadway' means all traffic lanes carrying traffic in one direction of travel; and

(3) ~~Steady red~~ Red indications shall have the following meanings:

(A) Traffic, except pedestrians, facing a steady CIRCULAR RED signal alone shall stop at a clearly marked stop line or, if there is no stop line, before entering the crosswalk on the near side of the intersection or, if there is no crosswalk, before entering the intersection, and shall remain standing until an indication to proceed is shown, except as provided in subparagraphs (B), (C), and (D) of this paragraph;

(B) Vehicular traffic facing a steady CIRCULAR RED signal may cautiously enter the intersection to make a right turn after stopping as provided in subparagraph (A) of this paragraph. Such vehicular traffic shall stop and remain stopped to allow a pedestrian to cross the roadway within a crosswalk when the pedestrian is upon the half of the roadway upon which the vehicle is traveling, or when the pedestrian is approaching and is within one lane of the half of the roadway on which the vehicle is traveling or onto which it is turning. For the purposes of this subparagraph, 'half of the roadway' means all traffic lanes carrying traffic in one direction of travel. Vehicular traffic shall yield the right of way to other traffic lawfully using the intersection;

(C) Traffic, except pedestrians, facing a steady CIRCULAR RED signal, after stopping as provided in subparagraph (A) of this paragraph, may make a right turn but shall stop and remain stopped for pedestrians and yield the right of way to other traffic proceeding as directed by the signal at such intersection. Such vehicular traffic shall not make a right turn against a steady CIRCULAR RED signal at any intersection where a sign is erected prohibiting such right turn;

(D) Traffic, except pedestrians, facing a steady CIRCULAR RED signal, after stopping as provided in subparagraph (A) of this paragraph, may make a left turn from the left-hand lane of a one-way street onto a one-way street on which the traffic moves toward the driver's left but shall stop and remain stopped for pedestrians and yield the right of way to other traffic proceeding as directed by the signal at such intersection. Such vehicular traffic shall not make a left turn against a steady CIRCULAR RED signal at any intersection where a sign is erected prohibiting such left turn;

(E) Unless otherwise directed by a pedestrian signal, pedestrians facing a steady CIRCULAR RED signal alone shall not enter the roadway;

(F) Traffic, except pedestrians, facing a steady RED ARROW signal ~~indication~~ may not enter the intersection to make the movement indicated by such arrow and, unless entering the intersection to make such other movement as is permitted by other indications shown at the same time, shall stop at a clearly marked stop line or, if there is no stop line, before entering the crosswalk on the near side of the intersection or, if there is no crosswalk, before entering the intersection, and shall remain standing until an indication to make the movement indicated by such arrow is shown; ~~and~~

(G) Unless otherwise directed by a pedestrian signal, pedestrians facing a steady RED ARROW signal ~~indication~~ shall not enter the roadway; and

(H) Traffic, except pedestrians, facing a flashing RED ARROW signal, after stopping as provided in subparagraph (A) of this paragraph, may make a right turn but shall stop and remain stopped for pedestrians and yield the right of way to other traffic proceeding as directed by the signal at such intersection."

SECTION 7.

Said title is further amended by revising subsection (a) of Code Section 40-6-70, relating to vehicles approaching or entering an intersection, as follows:

"(a) When two vehicles approach or enter an intersection from different highways at approximately the same time, the driver of the vehicle on the left shall yield the right of way to the vehicle on the right, provided that when a vehicle approaches or enters an intersection with no stop signs or other traffic-control devices from a highway that terminates at the intersection, the driver of that vehicle shall yield the right of way to the other vehicle, whether the latter vehicle be on such driver's right or left. When two vehicles approach or enter an intersection with an inoperative traffic light, the driver of each vehicle shall be required to stop in the same manner as if a stop sign were facing in each direction at the intersection. Drivers shall not be required to stop if the traffic signal is properly signed as a pedestrian hybrid beacon or ramp meter and operating in the unactivated dark mode. When a flashing indication is given, the driver shall stop for the flashing red signal and exhibit caution while passing through a flashing yellow indication."

SECTION 8.

Said title is further amended by revising subsection (b) of Code Section 40-6-181, relating to maximum lawful speed limits, as follows:

"(b) Consistent with the provision of engineering and traffic investigations regarding maximum speed limits as provided in Code Section 40-6-182, no person shall drive a vehicle at a speed in excess of the following maximum limits:

(1) Thirty miles per hour in any urban or residential district;

(1.1) Thirty-five miles per hour on an unpaved county road unless designated otherwise by appropriate signs;

- (2) Seventy miles per hour on a highway on the federal interstate system and on physically divided highways with full control of access which are outside of an urbanized area of 50,000 population or more, provided that such speed limit is designated by appropriate signs;
- (3) ~~Sixty-five~~ Seventy miles per hour on a highway on the federal interstate system which is inside of an urbanized area of 50,000 population or more, provided that such speed limit is designated by appropriate signs;
- (4) Sixty-five miles per hour on those sections of physically divided highways without full access control on the state highway system, provided that such speed limit is designated by appropriate signs; and
- (5) Fifty-five miles per hour in other locations."

The appropriations in this Act consist of the amount stated in the right-most column, for each line at the lowest level of detail for the fund source categories, "Total State Funds" and "Total Federal Funds," under a caption beginning with a program or special project number that has a 100 or a higher number after the decimal and a program or special project name. In each case, such appropriation is associated with the immediately preceding program or special project name, number, and statement of program or special project purpose. The program or special project purpose is stated immediately below the program or special project name. For authorizations for general obligation debt in Section 50, the indented, bold-faced paragraphs following each Bond number are the lowest level of detail and constitute appropriations in accordance with Article VII, Section IV, Paragraph III(a)(1) of the Georgia Constitution. The caption above the Bond number, the light-faced text immediately following the Bond number before the bold-faced text, and the light-faced after the bold-faced text are information only.

Similarly, text in a group of lines that has a number less than 100 after the decimal (01 through 99) is not part of a statement of purpose but constitutes information as to how the appropriation was derived. Amounts in the columns other than the right-most column are for informational purposes only. The summary and lowest level of detail for the fund source categories "Total Agency Funds" and "Total Intra-State Governmental Transfers," are for informational purposes only. In the preceding sentence, “Federal Funds” means any federal funding source, whether specifically identified or not specifically identified; “Other Funds” means all other fund sources except State Funds or Federal Funds, including without limitation Intra-State Government Transfers. This paragraph shall not permit an agency to include within its flex the appropriations for an agency attached to it for administrative purposes.

For purposes of the appropriations for the “Medicaid: Low-Income Medicaid,” “Medicaid: Aged, Blind, and Disabled,” and “PeachCare” programs of the Department of Community Health, the appropriation of a particular State fund source for each program shall be the amount stated, and each such program shall also be authorized up to an additional amount of 10 percent (10%) of the amount stated. However, if the additional authority is used, the appropriation of the same State fund source for the other programs to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the three programs shall not be exceeded. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added.

SUBJECT: State Auditor's Certification
House Bill 764 (LC 21 2294)

Dear Representative Maxwell:

This bill would amend provisions relating to the Georgia State Employees' Pension and Savings Plan, which is administered by the Board of Trustees of the Employees' Retirement System. Specifically, this bill would change the initial employee contribution requirements for members of the Georgia State Employees' Pension and Savings Plan who are hired on or after July 1, 2014. If this legislation is enacted, such persons would initially be required to contribute five percent of their compensation into their 401(k) accounts. However, members would be authorized to change their level of participation at any time. Under the provisions of this bill, the employer contribution rates would remain the same.

This is to certify that this bill is a nonfiscal retirement bill as defined in the Public Retirement Systems Standards Law.

(LC 21 2248S)

Dear Chairman Battles:

This substitute bill would amend provisions relating to the payment of retirement benefits under the Magistrates Retirement Fund of Georgia. SUBJECT: Actuarial Investigation
House Bill 292 (LC 21 2248S)
Magistrates Retirement Fund of Georgia

Dear Chairman Battles:

This bill would amend provisions relating to the payment of retirement benefits under the Magistrates Retirement Fund of Georgia. Specifically, this bill revises the methodology for computing the average final monthly compensation used to compute benefits by establishing a monthly maximum based on county population. Additionally, this bill would change the amount of monthly dues paid by members. Currently, all members pay dues of \$105 per month. If this legislation is enacted, members would pay 3.42% of the maximum average final monthly compensation amounts outlined in this legislation.

The cost to the Magistrates Retirement Fund of Georgia would be \$175,000 in the first year in order to meet the concurrent funding requirements of O.C.G.A. 47-20-50. The first year cost includes \$79,000 each year for the next 30 years to amortize the unfunded actuarial accrued liability and \$96,000 each year to fund the normal cost. The estimated cost is based on current member data, actuarial assumptions, and actuarial methods. It should be noted that changes in any of these variables could affect the cost of this legislation. Any future costs would be paid through fees collected from civil matters or proceeds that are filed in a magistrate court.

The following is a summary of the relevant findings of the actuarial investigation for this bill pursuant to a request by the House Retirement Committee. The investigation was to be conducted according to O.C.G.A. 47-20-36, which outlines the factors to be considered in an actuarial investigation. The figures are based on employee data and the most recent actuarial assumptions and methods.

- The amount of the unfunded actuarial accrued liability which will result from the bill. \$ 1,017,000
- The amount of the annual amortization of the unfunded actuarial accrued liability which will result from the bill. \$ 79,000
- The number of years that the unfunded actuarial accrued liability created by this bill would be amortized. 30
- The amount of the annual normal cost which will result from the bill. \$ 96,000
- The employer contribution rate currently in effect. Fees collected from civil matters and proceedings filed in a magistrate court
- The employer contribution rate recommended (in conformity with minimum funding standards specified in Code Section 47-20-10). Fees collected from civil matters and proceedings filed in a magistrate court
- The total dollar amount of the increase in the annual Employer contribution which is necessary to maintain the retirement system in an actuarially sound condition. \$ 0*

** According to the actuary, the first year cost of this legislation is \$175,000. However, the required employer contribution would not need to increase since this Fund is in a well-funded position. Currently, the amount of revenue generated from fees is sufficient to cover the additional costs associated with this bill and to ensure the Fund remains funded in accordance with the State's minimum funding standards.*

It should be noted that any subsequent changes in the retirement bill will invalidate the actuarial investigation and the findings included therein.

Respectfully,

/s/ Greg S. Griffin
State Auditor

State Representative

SUBJECT: State Auditor's Certification
House Bill 843 (LC 21 2324)

Dear Representative Riley:

This bill would amend several provisions within Title 47 of the Official Code of Georgia Annotated so as to comply with federal laws and regulations. Specifically, this bill would:

- Amend the general provisions of Title 47 to clarify that the maximum annual additions and maximum benefit payable shall be limited to the extent as may be necessary to conform to the requirements of subsections (b) and (c) of Section 415 of the federal Internal Revenue Code for a qualified pension plan;
- Provide that a member's accrued benefit would not be forfeitable, and would be fully vested, to the extent funded, in the event of the termination of their respective public retirement or pension system; and
- Clarify that the employee contributions for members of the Legislative Retirement System and the Judicial Retirement System which are paid by the employer are considered pick-up contributions under Section 414(h) of the federal Internal Revenue Code. As such, members are not entitled to receive such contributions in cash in lieu of having them contributed to the system. Such contributions shall be 100 percent vested for all purposes under the retirement systems.

This is to certify that this bill is a nonfiscal retirement bill as defined in the Public Retirement Systems Standards Law.

Respectfully,

/s/ Greg S. Griffin
State Auditor

AN ACT**

To amend an Act authorizing the Recorder's Court of Columbus, Georgia, to impose and collect a technology fee for each fine imposed, approved May 7, 2013 (Ga. L. 2013, p. 4414), so as to increase the amount of such fee; to repeal an automatic repeal of such Act; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

An Act authorizing the Recorder's Court of Columbus, Georgia, to impose and collect a technology fee for each fine imposed, approved May 7, 2013 (Ga. L. 2013, p. 4414), is amended by revising Section 1 as follows:

"SECTION 1.

Upon a finding by the chief judge of the Recorder's Court of Columbus, Georgia, that a need exists for imposition and collection of a technology fee, the clerk of court shall be entitled to charge and collect a technology fee to be set by the court, not to exceed \$25.00, as a surcharge to each fine imposed. The funds collected pursuant to this authorization shall be maintained in a segregated fund by the clerk of court and shall be used only for the purposes authorized in this section."

SECTION 3.

All laws and parts of laws in conflict with this Act are repealed.

The substitute to the following bill was put upon its adoption:

*HB 1105:

The Senate State and Local Governmental Operations Committee offered the following substitute to HB 1105:

A BILL TO BE ENTITLED
AN ACT

To repeal the amendment to the Constitution of Georgia providing that the county officers of Telfair County shall be ineligible to hold office under certain conditions; to provide for legislative intent; to provide for a referendum with respect to the effectiveness of the foregoing; to provide for contingent effective dates; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

The amendment to the Constitution of Georgia providing that the county officers of Telfair County shall be ineligible to hold office under certain circumstances, which amendment was proposed by 1963 House Resolution No. 102-230, Resolution Act No. 76 (Ga. L. 1963, p. 705) and was continued in force and effect by an Act approved March 25, 1986 (Ga. L. 1986, p. 4527), is hereby repealed.

SECTION 2.

The election superintendent of Telfair County shall call and conduct an election as provided in this section for the purpose of submitting this Act to the electors of Telfair County for approval or rejection. The election superintendent shall conduct such election on the date of the 2014 General Election and shall issue the call and conduct such election as provided by general law. The superintendent shall cause the date and purpose of the election to be published once a week for two weeks immediately preceding the date thereof in the official organ of Telfair County. The ballot shall have written or printed thereon the words:

- "() YES Shall the Act be approved which repeals the amendment to the
 () NO Constitution of Georgia that provides that the county officers of Telfair
 County shall be ineligible to succeed themselves after serving two
 successive terms?"

All persons desiring to vote for approval of the Act shall vote "Yes," and all persons desiring to vote for rejection of the Act shall vote "No." If more than one-half of the votes cast on such question are for approval of the Act, Section 1 of this Act shall become of full force and effect immediately. If this Act is not so approved or if the election is not conducted as provided in this section, Section 1 of this Act shall not become effective, and this Act shall be automatically repealed immediately. The expense of such election shall be borne by Telfair County. It shall be the election superintendent's duty to certify the result thereof to the Secretary of State.

SECTION 3.

In repealing this local constitutional amendment, it is the intent of the General Assembly to remove the term limits for the county officers of Telfair County who are the sheriff, the clerk of superior court, the judge of the probate court, and the tax commissioner. It is not the intent of the General Assembly to affect the term limitations for the members of the Board of Commissioners of Telfair County who shall remain subject to the term limit provisions of Section 20 of an Act approved June 3, 2003 (Ga. L. 2003, p. 3992), as amended. Consequently, it is the intent of the General Assembly to leave intact the consent order in the case of Clark v. The Georgia State University Fiscal Research Center provided the following narrative on the revenue impact of this bill:

The subject bill would eliminate the scheduled expiration of the current state sales tax exemption on the sale or use of engines, parts, equipment, or other tangible personal property used in the maintenance or repair of aircraft, provided that such aircraft is not registered in Georgia. Under current law, this exemption is set to expire on June 30, 2015, and the subject bill would make the exemption permanent. Based on the analysis detailed below, the revenue loss to the State is estimated to be \$16.6 to \$22.9 million in fiscal year 2016, rising to \$16.9 to \$25.1 million in fiscal year 2019. The local revenue loss is estimated to be \$12.4 to \$17.2 million in fiscal year 2016 and \$12.7 to \$18.8 million in fiscal year 2019. Fiscal year 2015 is unaffected because the exemption under current law extends to the end of FY 2015.

Note on Related Exemptions

The sales tax exemption that is the subject of this bill is codified by Georgia code section 48-8-3 (86). Other subsections of 48-8-3 provide exemptions that may, to some degree, overlap with the paragraph (86) exemption. Table 1 summarizes the spending that is exempted under each provision.

Paragraph (33) exempts, among other things, replacement parts installed in aircraft of common carriers for use in interstate or international transport, but would not apply to replacement parts for business and general aviation (BGA) aircraft. In addition, replacement parts installed on military aircraft are exempt under paragraph (40), but are not part of the analysis that follows.

Paragraph (34.2) exempts machinery used directly in the remanufacturing of aircraft engines and engine parts in a remanufacturing facility, but does not exempt machinery used indirectly, auxiliary equipment, or materials used in construction of the facility. Thus it applies to a portion, but not all of the capital expenditures of the portion of the aircraft maintenance, repair, and overhaul (MRO) industry that is engaged in major engine overhauls. This exemption may also overlap with the exemption for machinery and equipment used in manufacturing generally under code section 48-8-3.2.

MRO Industry Overview

Market research firm IBISWorld estimates the US MRO industry, excluding in-house MRO operations of air transport companies, at approximately \$14.0 billion in 2013. Additional aircraft maintenance and repair operations are conducted in-house by airlines and air freight operators. Data from the International Air Transport Association (IATA) indicate that, approximately 60 percent of total air transport industry direct maintenance costs in 2012 was outsourced, with the balance conducted in-house. Data from the Aeronautical Repair Station Association (ARSA) are consistent with this, suggesting that air transport firms' in-house MRO spending accounts for about one-third of total MRO spending and about 40 percent of spending excluding BGA. Thus assuming in-house spending by air transport firms accounts for one-third of the total market, the IBISWorld estimate implies total MRO spending of \$21 billion per year. IBISWorld also projects revenue growth in the industry to be slow—about 0.7 percent annually—through 2018 as growing volume and overall inflation are largely offset by declining costs.

ARSA reports a somewhat larger number for total US MRO spending for civil aviation, including in-house MRO operations of air transport companies, at \$24.1 billion in 2012. For purposes of this analysis, the overall market size is assumed to fall within the range of \$21 to \$24 billion in 2013 and to grow at 0.7 percent annually.

MRO Market Segments and Cost Structures

The overall MRO industry, including in-house MRO operations, is comprised of four major services: airframe maintenance, engine overhauls, component maintenance, and line maintenance. Materials purchases account for about half of total spending, according to ARSA estimates, but this cost share as well as the nature of the materials varies widely across the four services. Parts purchases in the engine overhaul segment account for 62 percent of materials purchases, for example, while airframe line maintenance materials consist largely of consumables. A parts share estimate for component maintenance is not available and would vary by type of component (e.g. wheels and brakes versus fuel systems), so a 50 percent figure is assumed. Table 2 summarizes the relative sizes of the four service segments, and the materials and parts costs within each, assuming a \$24 billion overall US civil aviation MRO market. For the low, \$21 billion estimate of the overall market, all dollar amounts would be reduced by 12.5 percent.

* Dollars in billions. Assumes a \$24 billion US civil MRO market.

As noted above, parts spending by common carriers is exempt under a separate code subsection, but BGA spending on parts is not. The BGA share of spending, based on ARSA data, is estimated at about 20 percent of the total civil aviation MRO spending.

Finally, no estimate is available for equipment purchases for use in MRO operations, but IBISWorld estimates depreciation for the industry at 1.8 percent of revenues. Some portion of capital expenditures, however, would be for items other than equipment (e.g. structures). In the aerospace products and parts manufacturing industry, capital expenditures for machines and equipment (excluding vehicles) in 2011 was about 1.4 percent of revenues. This number is used as a proxy in estimating MRO equipment purchases.

MRO Industry in Georgia

Based on industry employment in Georgia as a share of the US total, ARSA estimates Georgia's MRO market in 2012 to be about \$1.93 billion, 8 percent of the US market. Data from the Bureau of Labor Statistics (BLS) on employment in two key aircraft maintenance job classifications—aircraft mechanics and service technicians, and avionics technicians—largely confirms this estimate as the Georgia share of U.S. employment in these two occupational classifications was about 7.1 percent in 2012.

Notably, employment in these occupations in Georgia grew by about 8.6 percent annually from 2008 through 2012 compared to 0.24 percent nationally, resulting in a 44 percent increase in Georgia's share from 4.9 percent in 2009. Much of this growth came in 2010 with a 40 percent increase over 2009, resulting in part from an airline merger along with a partial recovery in industry employment nationally from the 2009 recession lows, but growth has continued ahead of the national pace since 2010. Over the two years through 2012, Georgia employment in these occupations grew by more than 8 percent while national employment was essentially unchanged.

It is assumed that the Georgia share of the US market in 2013 is 8 percent, with low and high estimates, respectively, based on this share remaining flat at 8 percent or rising to 9 percent in five years, which equates to a growth rate for the Georgia market of about 3.1 percent annually in the high case versus growing with the US market at 0.7 percent per year. Table 3 summarizes.

Estimates of materials and parts purchases in Georgia are assumed to be 49.5 percent of total spending with the resulting amounts comprised of 51 percent parts and the remaining 49 percent other materials (consumables and other materials that do not become component parts of the aircraft). To arrive at amounts taxable upon expiration of the exemption that is the subject of this bill, materials and parts spending is reduced first by common carrier parts spending, which is assumed to be 80 percent of total parts spending, with the balance for BGA aircraft.

Next, an adjustment must be made for the estimated portion of spending attributable to Georgia registered aircraft, which remains taxable under current law and under the subject bill. It is assumed that common carriers operating on an interstate or international scale have flexibility to register aircraft outside of Georgia to benefit from the Georgia tax exemption.

For BGA aircraft, on the other hand, the portion of spending attributable to Georgia aircraft is estimated to be at least 33 percent, the ratio of the Georgia share of aircraft registrations to its share of the MRO market, but may reasonably be expected to be much higher. For the high eligible spending estimate, the smaller, a one-third Georgia-registered share of BGA spending is assumed while for the low eligible spending estimate, it is assumed to be twice that or two-thirds of BGA spending.

As for MRO equipment purchases, these are projected at 1.4 percent of Georgia MRO spending, reduced by the 40 percent share of that spending attributable to engine overhauls, which is assumed to be exempt under a separate code provision. Spending amounts based on these assumptions are summarized in Table 4.

Finally, the revenue loss to the State and to local governments is estimated in Table 5. State revenue losses are 4 percent of total eligible spending, adjusted to fiscal year basis

by averaging the overlapping calendar year amounts from Table 4—e.g. FY 2019 would be based on the average of calendar 2018 and 2019 eligible spending. The revenue effect for FY 2015 is zero because the current exemption extends to June 30, 2015. Local estimates assume a local sales and use tax rate of 3 percent.

SUBJECT: Fiscal Note
House Bill 958 (LC 34 4112-EC)

Dear Chairman Channell:

The Carl Vinson Institute of Government at the University of Georgia provided the following narrative on the revenue impact of this bill:

This legislation amends O.C.G.A. Section 48-7-40.26 to extend the income tax credit for qualified interactive entertainment production companies, allowing up to \$12.5 million in additional income tax credits for the period January 1, 2014, to January 1, 2015, and \$12.5 million for the period January 1, 2015, to January 1, 2016. The legislation also amends O.C.G.A. Section 48-8-3 to provide an exemption for a limited period of time from the sales and use tax imposed pursuant to O.C.G.A. Section 48-8-30 relating to qualified food banks, back to school sales, energy efficient and water efficient products, and competitive projects of regional significance. For qualified food banks, the exemption would apply to certain sales of eligible food and beverages occurring July 1, 2014, through June 30, 2016. The back to school sales tax holiday would apply to qualified sales occurring on August 1 and August 2, 2014, and on July 31, 2015, and August 1, 2015. The sales tax holiday for energy and water efficient appliances would occur on October 3, 2014 through and including October 5, 2014. The legislation's effective date is upon approval by the Governor or becoming law without such approval.

Qualified Interactive Entertainment Production Companies

The legislation extends for two additional years the income tax credit known as the Georgia Entertainment Promotion Tax Credit to qualified interactive entertainment companies. It would allow qualified companies to take an income tax credit of up to \$5 million per company with the aggregate credit of all companies not to exceed \$12.5 million for the period of January 1, 2014, to January 1, 2015, and not to exceed \$12.5 million for the period January 1, 2015, to January 1, 2016, for a total amount of \$25 million. Under current law, a total amount of \$25 million has been available for qualified interactive entertainment companies for tax years 2013 and 2014.

The credit is available only for projects specified in Rule 159-1-1-.07 of the Rules and Regulations of the State of Georgia and approved by the Georgia Department of Economic Development (GDEcD). Each company seeking to utilize the credit must complete the certification application process required by Rule 159-1-1-.04, which includes providing a synopsis of the project to GDEcD along with a certification application not earlier than 90 days before the start of an interactive entertainment production. According to GDEcD, for tax years 2012 and 2013, the full amount available to be utilized under current law (\$25 million) has been certified. This legislation provides an additional \$25 million for tax years 2014 and 2015, and GDEcD expects to fully certify such additional amount. No certifications will be issued before July 1, 2014, and accordingly the revenue impact will occur beginning in FY2015.

The following table shows the legislation's total estimated revenue impact with respect to qualified interactive entertainment production companies for the two-year period beginning FY2015 through FY2016:

Qualified Food Banks

The legislation extends the current exemption from sales and use tax of sales of food and food ingredients to a qualified food bank to the period beginning on July 1, 2014, and ending on June 30, 2016.

The Georgia Food Bank Association (GFBA) provided data on the dollar value of food purchased by qualified food banks between 2011 and 2013. According to the GFBA, the dollar value of food purchased in 2011, 2012, and 2013 was \$8,387,000, \$9,000,000, and \$12,226,673, respectively. The value of food purchased for fiscal years 2015 and 2016 was estimated by applying a trend calculated from the GFBA data.

To estimate the revenue impacts of the exemptions relating to qualified food banks, the current 4% state sales and use tax rate and 3% local sales and use tax rate were applied to the projected food purchases by qualified food banks for fiscal years 2015 and 2016. The following tables show the legislation's total estimated revenue impact with respect to qualified food banks for the two-year period beginning FY2015 through FY2016:

Back to School Sales Tax Holiday

The legislation specifies that sales of covered items are exempt from sales and use taxes for sales occurring on August 1, 2014, and August 2, 2014, and again on July 31, 2015, and August 1, 2015. Covered items mean articles of clothing and footwear with a sales price of \$100.00 or less per article of clothing or pair of footwear, excluding accessories such as jewelry, handbags, umbrellas, eyewear, watches, and watchbands. Also covered is a single purchase, with a sales price of \$1,000.00 or less, of personal computers and personal computer related accessories purchased for noncommercial home or personal use. Further, noncommercial purchases of general school supplies to be utilized in the

classroom or in classroom related activities, such as homework, up to a sales price of \$20.00 per item including pens, pencils, notebooks, paper, book bags, calculators, dictionaries, thesauruses, and children's books and books listed on approved school reading lists for pre-kindergarten through twelfth grade will be exempt from sales and use taxes.

The annual revenue impact of sales tax holidays for school related purchases for FY2015 and FY2016 was estimated by using as a base monthly sales and use tax data from the Georgia Department of Revenue for 2005 through 2013, adjusted to account for seasonal purchasing patterns and the presence or absence of prior sales tax holidays. To estimate sales in future years and the resulting revenue impacts, a regression analysis was performed taking into account Georgia population and personal income obtained from the U.S. Census Bureau and the Bureau of Economic Analysis, respectively, monthly variations in sales and use tax collections, the presence or absence of prior sales tax holidays, and historical growth in sales and use tax collections.

The following tables show the legislation’s total estimated revenue impact with respect to the back to school sales tax holiday for the two-year period beginning FY2015 through FY2016:

Energy and Water Efficient Appliances

The legislation specifies that sales of energy efficient or water efficient products with a sales price of \$1,500 or less per product purchased for noncommercial or home use will be exempt from sales and use taxes for sales occurring between 12:01 a.m. on October 3, 2014, through 12:00 midnight on October 5, 2014.

The revenue impact of the energy and water efficiency sales tax holiday was estimated by using sales data, pricing, and market penetration data for qualified products to calculate the tax collections on these items that would be lost due to the holiday. The Georgia Small Business Development Center provided data on the annual sales data for clothes washers, dishwashers, refrigerators, and room air conditioners. Information on the average retail price of Energy Star products and the market penetration of Energy Star products in those categories accessed from the Energy Star website were then used to calculate the portion of total sales that would qualify for the exemption. Sales information on other product categories that qualify was not available, so those products were not included in this analysis. Other states that have instituted a sales tax holiday for

energy and water efficient products have estimated that 5% of total annual sales of qualified products occur during the sales tax holiday. The state sales tax rate of 4% was applied to 5% of the total annual sales of qualified products to estimate the state revenue impact. An average sales tax rate of 3% was applied to 5% of the total annual sales of qualified products to estimate the local revenue impact.

The following tables show the legislation's total estimated revenue impact with respect to the sales and use tax exemption for energy and water efficient appliances for FY2015. Note that this portion of the bill has no impact on revenues in FY2016.

Competitive Projects of Regional Significance

The legislation extends the sales and use tax exemption through June 30, 2016, for construction materials used in a competitive project of regional significance. Under current law, the commissioner of GDEcD is authorized to establish guidelines for determining whether a project is a competitive project of regional significance.

GDEcD provided estimates on the expected use of this discretionary authority. These estimates are a revenue change of -\$21 million in each fiscal year during which the exemption is in place. The change in local sales tax revenues associated with this estimate is -\$14.7 million each fiscal year.

The following tables show the legislation's total estimated revenue impact with respect to competitive projects of regional significance for the two-year period beginning FY2015 through FY2016:

SECTION 1.

Title 48 of the Official Code of Georgia Annotated, relating to revenue and taxation, is amended by revising paragraph (7) of subsection (b) and subsection (e) of Code Section 48-7-40.26, relating to the income tax credit for film, video, or digital production, as follows:

A BILL TO BE ENTITLED
AN ACT

To amend Article 9 of Chapter 5 of Title 12 of the Official Code of Georgia Annotated, the "Flint River Drought Protection Act," so as to clarify legislative intent; to revise definitions; to expand programs; to provide for additional powers of the director; to provide for new irrigation efficiency requirements; to provide for participation in augmented flow programs; to clarify compliance and enforcement provisions; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 9 of Chapter 5 of Title 12 of the Official Code of Georgia Annotated, the "Flint River Drought Protection Act," is amended by revising subsection (b) of Code Section 12-5-541, relating to legislative intent, as follows:

"(b) The General Assembly finds that the use of water resources for the state for agricultural purposes is of vital importance to Georgia and southwest Georgia in particular; the protection of flows in the Flint River flow and its tributaries is necessary for a healthy riverine ecosystem and a healthy population of aquatic life; the use of water resources during drought conditions may interfere with public and private rights; the economic well-being of the State of Georgia is dependent on a strong and efficient agricultural industry; the wise use of water, the protection of stream ~~flow~~ flows, and the economic well-being of the state will be furthered by proper water allocation in periods of drought; and ~~a program providing~~ programs to augment stream flows or provide incentives to ensure that certain irrigated lands are temporarily not irrigated during severe droughts will promote the wise use of water resources, and the protection of stream flows for habitat critical for aquatic life, and the economic well-being of the state."

SECTION 2.

Said article is further amended by revising Code Section 12-5-542, relating to definitions relative to Flint River drought protection, as follows:

"12-5-542.

As used in this article, except where otherwise specifically provided, the term:

(1) 'Acceptable Flint River ~~basin stream flow~~ flows' means the quantity of stream flows at one or more specific locations on the Flint River or its tributaries which provides for aquatic life protection and other needs as established by the director, based on municipal, agricultural, industrial, and environmental needs. Such tributaries shall not include field drainage systems, wet weather ditches, or any other water body:

(A) In which the channel is located above the ground-water table year round;

(B) For which runoff from precipitation is the primary source of water flow; and

(C) For which ground water is not a source of water flow.

(2) 'Affected area ~~areas~~' means ~~that portion~~ those specific portions of the state lying within the Flint River basin ~~and areas~~ where ground-water use from the Floridan aquifer can affect ~~the flow in the Flint River or its tributaries~~ stream flow or where drainage into Spring Creek, Ichawaynochaway Creek, Kinchafoonee Creek, and Muckalee Creek occurs.

(2.1) 'Augmentation' means the addition of ground water from one or more aquifers underlying the affected areas into a surface water channel within the affected areas for the purpose of maintaining instream flows.

(3) 'Authority' means the Georgia Environmental Finance Authority created by Chapter 23 of Title 50.

(4) 'Board' means the Board of Natural Resources.

(5) 'Director' means the director of the Environmental Protection Division of the Department of Natural Resources.

(6) 'Division' means the Environmental Protection Division of the Department of Natural Resources.

(7) 'Drought conditions' means any condition which results in a stream flow that is lower than the acceptable Flint River basin stream flow flows.

(8) 'Drought protection funds' means the funds held by the authority as provided in Code Section 12-5-545 for the accomplishment of the purposes of this article.

(9) 'Flint River basin' means the area of land which drains into the Flint River or its tributaries.

(10) 'Floridan aquifer' means those rocks and sediments described in United States Geological Survey Open-File Report 95-321 (1996) that are capable of yielding ground water to wells or discharging water into the Flint River or its tributaries.

(11) 'Irrigated land' means farm land which is irrigated by ground water or surface water pursuant to a water withdrawal permit issued by the director pursuant to Code Section 12-5-31 or 12-5-96.

(11.1) 'Irrigation efficiency' means the percentage of the total amount of water withdrawn from a source which is beneficially used to meet crop water requirements or for other agronomic practices in accordance with applicable best management practices.

(12) 'Irrigation reduction auction' means the procedure established by subsection (b) of Code Section 12-5-546 pursuant to which permittees submit offers to cease irrigation of a specified number of acres in exchange for a certain sum of money.

(13) 'Permittee' means a person holding a valid permit issued before December 1, 2000, pursuant to Code Section 12-5-31 or 12-5-96.

(14) 'Stream flow' means the quantity of water passing a given location of the Flint River or its tributaries over a given time period expressed in cubic feet per second."

SECTION 3.

Said article is further amended in Code Section 12-5-544, relating to powers of the director of the Environmental Protection Division, by revising paragraph (2) and adding a new paragraph to read as follows:

"(2) Establish acceptable Flint River basin stream flows at one or more locations;"

"(9.1) Conduct and participate in studies related to management of the water resources in the Flint River basin;"

SECTION 4.

Said article is further amended in Code Section 12-5-546, relating to drought predictions and irrigation reduction auction, by revising subsections (a), (b), and (e) as follows:

"(a) On or before March 1 of each year, the division ~~will~~ may issue a prediction as to whether severe drought conditions are expected during the year. If the division predicts a severe drought during any particular year, it shall issue such prediction before March 1 of that year. Prediction of severe drought may be based on consideration of historical, mathematical, or meteorological information, including, but not limited to, stream flows, ground-water levels, and precipitation forecasts. Such prediction may also be based on scientific analyses, including, but not limited to, the Palmer Drought Severity Index administered by the National Oceanographic and Atmospheric Administration.

(b) If severe drought conditions are predicted or otherwise declared in accordance with subsection (a) of this Code section, the division ~~will~~ may determine the total number of acres of irrigated land, serviced by irrigation systems located within one or more of the affected areas, that must not be irrigated that year in order to maintain the acceptable Flint River basin stream ~~flow~~ flows. Upon such determination, the division ~~shall~~ may conduct an irrigation reduction auction whereby a permittee of an irrigation system located within the affected areas is given an opportunity to enter into an agreement with the division, agreeing that in exchange for a certain sum of money per acre of irrigated land serviced by the irrigation system, the permittee will not irrigate those particular acres for the remainder of that calendar year. The authority shall pay the sum so agreed upon when so directed by the director from the unexpended balance of the drought protection funds. In conducting the irrigation reduction auction, the division may establish a maximum dollar amount per acre to be expended from the drought protection funds for such purposes."

"(e) The expenditure of funds under this article as an incentive to permittees not to irrigate lands is deemed by the legislature as a valid use of state moneys to promote valid land use policies that result in the protection of the riverine environment by ensuring that such lands not be irrigated for specified periods of time. No expenditure

of funds under this article shall be considered full or partial compensation for any losses, financial or otherwise, experienced due to nonirrigation; a lease or repurchase of any irrigation permit issued by the director, ~~nor shall it be considered; or an acknowledgment by the State of Georgia of a property right in any permit issued by the director.~~"

SECTION 5.

Said article is further amended by adding new Code sections to read as follows:

"12-5-546.1.

(a) The Department of Agriculture and the State Soil and Water Conservation Commission shall coordinate with the division in examining current practices, programs, policies, rules, and regulations to identify opportunities to enhance programming and incentives that will:

(1) Support implementation of the agricultural water efficiency measures in water conservation or management plans prepared in accordance with Code Sections 12-5-31, 12-5-96, and 12-5-522;

(2) Support implementation of pilot projects demonstrating the efficacy of emerging innovative irrigation technologies where appropriate and affordable;

(3) Identify ways the State Soil and Water Conservation Commission's program for measuring agricultural uses of water as authorized under Code Section 12-5-105 can further enhance efforts to improve agricultural water use efficiency; and

(4) Encourage a scheduled program for the voluntary retirement of unused surface-water and ground-water farm use permits in accordance with Code Sections 12-5-31 and 12-5-105.

(b) The director may modify all active surface-water and ground-water withdrawal permits for farm use in the affected areas to require all irrigation systems applying water withdrawn pursuant to such permits to achieve irrigation efficiencies of 80 percent or greater by the year 2020. The schedule for achieving the irrigation efficiencies provided in this subsection shall be as follows:

(1) Irrigation systems applying water withdrawn pursuant to all active permits issued after 2005 shall achieve a minimum irrigation efficiency of 80 percent by January 1, 2016;

(2) Irrigation systems applying water withdrawn pursuant to all active permits issued from 1991 through 2005 shall achieve a minimum irrigation efficiency of 80 percent by January 1, 2018; and

(3) Irrigation systems applying water withdrawn pursuant to all active permits issued before 1991 shall achieve a minimum irrigation efficiency of 80 percent by January 1, 2020.

(c) Notwithstanding subsection (b) of this Code section, the director may modify specified active surface-water and ground-water withdrawal permits for farm use in the affected areas to require all mobile irrigation systems and solid-set irrigation sprinklers operating under such permits to achieve irrigation efficiencies of 60 percent or greater by the year 2020. The schedule for achieving such efficiencies shall be as follows:

- (1) Irrigation systems applying water withdrawn pursuant to all active permits issued after 2005 shall achieve a minimum irrigation efficiency of 60 percent by January 1, 2016;
- (2) Irrigation systems applying water withdrawn pursuant to all active permits issued from 1991 through 2005 shall achieve a minimum irrigation efficiency of 60 percent by January 1, 2018; and
- (3) Irrigation systems applying water withdrawn pursuant to all active permits issued before 1991 shall achieve a minimum irrigation efficiency of 60 percent by January 1, 2020.
- (d) Notwithstanding the irrigation efficiency rates required in subsection (c) of this Code section or any other provision of this Code section to the contrary, the minimum irrigation efficiency rate for mobile irrigation systems and solid-set irrigation sprinklers applying water withdrawn pursuant to new permits shall be 60 percent.
- (e) When issuing any permit application for a new surface-water or ground-water withdrawal for farm use in the affected areas, the division shall require that the irrigation system applying water withdrawn pursuant to any such permit has an irrigation efficiency of at least 80 percent.
- (f) The division shall, in cooperation with other state and federal agencies, universities, the Georgia Water Planning and Policy Center, the Lower Flint-Ochlockonee Regional Water Council, and other appropriate entities, provide to the board for consideration for adoption in its rules requirements pertaining to methods an applicant may utilize to demonstrate that the required irrigation efficiency has been achieved. Requirements shall consider current technologies, best management practices, and the effects of soil type and topography, among other factors deemed necessary.
- (g) The division shall coordinate with any federal or state agencies offering incentive programs that support the purposes of this article, to identify opportunities to refine and target relevant programs as practicable and to assist permittees with achieving irrigation efficiency requirements.

12-5-546.2.

- (a) As used in this Code section, 'permittee' means any person holding a valid permit issued pursuant to Code Section 12-5-31 which provides for the withdrawal of surface water from within the affected areas.
- (b) The director shall notify specified permittees downstream of any state funded augmentation project, which shall be operated for the sole purpose of maintaining the minimum stream flows sufficient to protect habitat critical for vulnerable aquatic life within the affected areas. The director may notify specified downstream permittees that, during specified periods of the project's operation for the sole purpose of maintaining such minimum stream flows, the permittee shall let the flow provided by the augmentation project pass his or her point of withdrawal. When specifying those permittees subject to such notification, the director shall also establish, in accordance with the factors that may be considered under paragraph (e) of this Code section, those permittees that shall not be subject to the requirements of this Code section.

(c) Such notification shall be provided in accordance with rules promulgated by the board of natural resources, shall be based on the best available science, and shall, at a minimum, inform the permittees that the upstream project is delivering augmented flows for the sole purpose of maintaining the minimum stream flows sufficient to protect habitat critical for vulnerable aquatic life within the affected areas.

(d) The director's notification shall contain notice of opportunity for a hearing and shall be served by certified mail, return receipt requested, to the most recent address provided by the permittee. Any permittee to whom such notification is directed shall comply therewith immediately, but shall be afforded a hearing within five business days of the director's receipt of a petition filed by such permittee. Such hearing shall be before an administrative law judge of the Office of State Administrative Hearings and shall be conducted in accordance with subsection (c) of Code Section 12-2-2. Based upon findings adduced at such hearing, the notification shall be modified, reversed, or continued by the director.

(e) In preparing such notification, the director may consider:

(1) The best available modeling and monitoring data for relevant locations and stream reaches;

(2) The appropriate duration of protection of augmented flows;

(3) The distance downstream for which protection of augmented flows is appropriate;

(4) The degree to which protection of augmented flows will assist in mitigating the effects of droughts, provide ecological or other environmental benefits, and ensure sustainable, long-term access to water resources for existing and future water users; and

(5) Any other data or information the director deems relevant.

(f) Nothing in this Code section shall provide authority for the interbasin transfer of any water."

SECTION 6.

Said article is further amended by revising Code Section 12-5-549, relating to compliance and violations, as follows:

"12-5-549.

(a) Except as may otherwise be provided in ~~Code Section 12-5-547~~ this article, whenever the director has reason to believe that a violation of any provision of this article or any rule or regulation adopted pursuant to this article has occurred, he or she shall attempt to obtain compliance therewith by conference, conciliation, or persuasion, if the making of such an attempt is appropriate under the circumstances. If he or she fails to obtain compliance in this manner, the director may order the violator to take whatever corrective action the director deems necessary in order to obtain such compliance within a period of time to be prescribed in such order.

(b) Except as may otherwise be provided in ~~Code Section 12-5-547~~ this article, any order issued by the director under this article shall become final unless the person or persons named therein file with the director a written request for a hearing within 30 days after such order or permit is served on such person or persons.

(c) Except as may otherwise be provided in ~~Code Section 12-5-547~~ this article, hearings on contested matters and judicial review of final orders and other enforcement actions under this article shall be provided and conducted in accordance with subsection (c) of Code Section 12-2-2.

Such judgment shall have the same effect, and all proceedings in relation thereto shall thereafter be the same, as though the judgment had been rendered in an action duly heard and determined by such court.

(e) For purposes of this Code section, a violation of an agreement entered into in accordance with Code Section 12-5-546 or an order issued by the director in accordance with Code Section 12-5-547 shall be prima facie established upon a showing that:

- (1) During the effective period of the agreement or order, the irrigation system was observed in person or via remote sensing or otherwise established by representatives of the division or others to have been operating and disbursing water; or
- (2) During the effective period of the agreement or order, a seal, lock, or other device placed by the division on the system to prevent operation of the system has been broken or otherwise tampered with."

(B) The Commissioner approves the certification of the actuary.

(2) An exemption allowed under paragraph (1) of this subsection shall apply for a one-year coverage period following inception or next renewal date of all insurance policies, subscription contracts, or health care plans issued or renewed during the one-year period following the date of the exemption, after which the insurer, corporation, or health maintenance organization, or such governmental entity, shall again provide coverage for behavioral health treatment required under this subsection.

(3) An insurer, corporation, or health maintenance organization, or such governmental entity, may claim an exemption for a subsequent year, but only if the conditions specified in this subsection again are met.

(4) Notwithstanding the exemption allowed under paragraph (1) of this subsection, an insurer, corporation, or health maintenance organization, or such governmental entity, may elect to continue to provide coverage for behavioral health treatment required under this subsection.

(f) Beginning January 1, 2015, to the extent that this Code section requires benefits that exceed the essential health benefits required under Section 1302(b) of the federal Patient Protection and Affordable Care Act, P. L. 111-148, the specific benefits that exceed the required essential health benefits shall not be required of a 'qualified health plan' as defined in such act when the qualified health plan is offered in this state through the exchange. Nothing in this subsection shall nullify the application of this Code section to plans offered outside the state's exchange.

(g) This Code section shall not apply to any accident and sickness contract, policy, or benefit plan offered by any employer with ten or fewer employees.

(h) Nothing in this Code section shall be construed to limit any coverage under any accident and sickness contract policy or benefit plan, including, but not limited to, speech therapy, occupational therapy, or physical therapy otherwise available under such plan.

(i) By January 15, 2016, and every January 15 thereafter, the department shall submit a report to the General Assembly regarding the implementation of the coverage required under this Code section. The report shall include, but shall not be limited to, the following:

(1) The total number of insureds diagnosed with autism spectrum disorder;

Honorable Paul Battles, Chairman
 House Retirement Committee
 Coverdell Legislative Office Building, Room 613-D
 Atlanta, Georgia 30334

SUBJECT: Actuarial Investigation
 House Bill 646 (LC 21 2222)
 Magistrates Retirement Fund of Georgia

Dear Chairman Battles:

This bill would amend provisions relating to membership in the Magistrates Retirement Fund of Georgia. Specifically, this bill would allow part-time chief magistrates to become members of the Fund. Currently, membership is limited to persons serving as a full-time chief magistrate.

The first year cost of this legislation would be \$181,000 in order to meet the concurrent funding requirements of O.C.G.A. 47-20-50. This cost represents that amount required each year to fund the normal cost. There are currently 19 part-time chief magistrates who would be eligible to join the Fund if this legislation is enacted. This estimated cost is based on the assumption that all 19 will elect to join the Fund. The estimate is also based on current member data, actuarial assumptions, and actuarial methods. It should be noted that changes in any of these variables could affect the cost of this legislation. Any future costs would be paid through fees collected from civil matters or proceeds that are filed in a magistrate court.

The following is a summary of the relevant findings of the actuarial investigation for this bill pursuant to a request by the House Retirement Committee. The investigation was to be conducted according to O.C.G.A. 47-20-36, which outlines the factors to be considered in an actuarial investigation. The figures are based on employee data and the most recent actuarial assumptions and methods.

- The amount of the unfunded actuarial accrued liability which will result from the bill. \$ 0
- The amount of the annual amortization of the unfunded actuarial accrued liability which will result from the bill. \$ 0

- The number of years that the unfunded actuarial accrued liability created by this bill would be amortized. N/A
- The amount of the annual normal cost which will result from the bill. \$ 181,000
- The employer contribution rate currently in effect. Fees collected from civil matters and proceedings filed in a magistrate court
- The employer contribution rate recommended (in conformity with minimum funding standards specified in Code Section 47-20-10). Fees collected from civil matters and proceedings filed in a magistrate court
- The total dollar amount of the increase in the annual Employer contribution which is necessary to maintain the retirement system in an actuarially sound condition. \$ 0*

** According to the actuary, the first year cost of this legislation is \$181,000. However, the required employer contribution would not need to increase since this Fund is in a well-funded position. Currently, the amount of revenue generated from fees is sufficient to cover the additional costs associated with this bill and to ensure the Fund remains funded in accordance with the State's minimum funding standards.*

It should be noted that any subsequent changes in the retirement bill will invalidate the actuarial investigation and the findings included therein.

Respectfully,

/s/ Greg S. Griffin
State Auditor
