Section 53: Refunds

In addition to all other appropriations, there is hereby appropriated, as needed, a specific sum of money equal to each refund authorized by law, which is required to make refunds of taxes and other monies collected in error, farmer gasoline tax refunds, and any other refunds specifically authorized by law.

Section 54: Leases

In accordance with the requirements of Article IX, Section III, Paragraph I(a) of the Constitution of the State of Georgia, as amended, there is hereby appropriated payable to each department, agency, or institution of the State sums sufficient to satisfy the payments required to be made in each year under existing lease contracts between any department, agency, or institution of the State and any authority created and activated at the time of the effective date of the aforesaid constitutional provision, as amended, or appropriated for the State Fiscal Year addressed within this Act. If for any reason any of the sums herein provided under any other provision of this Act are insufficient to make the required payments in full, then there shall be taken from other funds appropriated to the department, agency, or institution involved an amount sufficient to satisfy such deficiency in full, and the lease payment shall constitute a first charge on all such appropriations.

Section 55: Budgetary Control and Interpretation

The appropriations in this Act consist of the amount stated in the right-most column, for each line at the lowest level of detail for the fund source categories, "Total State Funds" and "Total Federal Funds," under a caption beginning with a program or special project number that has a 100 or a higher number after the decimal and a program or special project name. In each case, such appropriation is associated with the immediately preceding program or special project name, number, and statement of program or special project purpose. The program or special project purpose is stated immediately below the program or special project name. For authorizations for general obligation debt in Section 50, the indented, bold-faced paragraphs following each Bond number are the lowest level of detail and constitute appropriations in accordance with Article VII, Section IV, Paragraph III(a)(1) of the Georgia Constitution. The caption above the Bond number, the light-faced text immediately following the Bond number before the bold-faced text, and the light-faced after the bold-faced text are information only.

Similarly, text in a group of lines that has a number less than 100 after the decimal (01 through 99) is not part of a statement of purpose but constitutes information as to how the appropriation was derived. Amounts in the columns other than the right-most column are for informational purposes only. The summary and lowest level of detail for the fund source categories "Total Agency Funds" and "Total Intra-State Governmental Transfers," are for informational purposes only. The blocks of text and numerals immediately following the section header and beginning with the phrases, "Section Total - Continuation" and "Section Totals - Final" are for informational purposes only. Sections 51, 52, 53 and 54 contain, constitute, or amend appropriations.

Section 56: Flex

Notwithstanding any other statement of purpose, the purpose of each appropriation of federal funds or other funds shall be the stated purpose or any other lawful purpose consistent with the fund source and the general law powers of the budget unit.

In the preceding sentence, "Federal Funds" means any federal funding source, whether specifically identified or not specifically identified; "Other Funds" means all other fund sources except State Funds or Federal Funds, including without limitation Intra-State Government Transfers. This paragraph shall not permit an agency to include within its flex the appropriations for an agency attached to it for administrative purposes.

For purposes of the appropriations for the "Medicaid: Low-Income Medicaid," "Medicaid: Aged, Blind, and Disabled," and "PeachCare" programs of the Department of Community Health, the appropriation of a particular State fund source for each program shall be the amount stated, and each such program shall also be authorized up to an additional amount of 10 percent (10%) of the amount stated. However, if the additional authority is used, the appropriation of the same State fund source for the other programs to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the three programs shall not be exceeded. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added.

Part II: Effective Date

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

Part III: Repeal Conflicting Laws

All laws and parts of laws in conflict with this Act are repealed.

On the adoption of the substitute, there were no objections, and the committee substitute was adopted.

SUBJECT: Fiscal Note
House Bill 170 (LC 34 4437)

Dear Chairman Roberts:

This bill, which is known as the Transportation Funding Act of 2015, changes the motor fuels sales tax exemption, changes motor fuel excise taxes, and repeals the prepaid portion of the tax. Part II Section 2 redefines alternative fuel vehicles and creates a separate fee for said vehicles. Part IV Section 4-2 extends the state sales tax motor fuel tax exemption to the full state sales tax. Part IV Section 4-2 (d) and sections 4-3 through 4-6 disallows any new local option sales taxes to be applied to motor fuels. Part IV Section 4-7 changes the excise rate applied to motor fuel from 7.5 cents per gallon to 29.2 cents per gallon for gasoline and 33 cents per gallon for diesel. The changes would be effective July 1, 2015. The bill has no sunset provision.

Effect on State Revenues

According to analysis by the Georgia State University Fiscal Research Center, the additional revenue to the State from this bill is estimated to range from a low of \$703.3 million in fiscal year (FY) 2016 to a high of \$1.046 billion in FY 2020. Note due to the inherent uncertainty involved in the estimation of motor fuel prices in future years, these estimates have a high degree of uncertainty. Details of the analysis by the Fiscal Research Center are included in the Appendix to this fiscal note.

Table 1 shows the total state transportation funding available as a result of House Bill LC 33 4437. This includes the state baseline motor fuel revenue as well as the new motor fuel revenue generated by House Bill LC 33 4437.

Table 1. Total Transportation Funding to the State Resulting from This Bill
in millions \$/State Fiscal Years

	2016	2017	2018	2019	2020
Low Growth	\$1,779.4	\$1,905.7	\$1,976.4	\$2,049.9	\$2,125.3
High Growth	\$1,792.9	\$1,948.3	\$2,035.6	\$2,127.1	\$2,222.3

Part 2 sections 2-1 and 2-2 changes the definition of alternative fuel vehicles and sets registration fees for said vehicles. Alternative fuel vehicles would be only those powered solely by electricity, natural gas, and propane. A registration fee of \$200 would be charged for noncommercial vehicles and \$300 for commercial vehicles. These fees are to be adjusted annually by the change in the construction price beginning January 1, 2016. Data from the Georgia Department of Revenue (DOR), the Georgia Statistics System and the Energy Information Administration (EIA) was used to estimate the number of qualifying vehicles under the new definition.

The construction index annual average increase was calculated from 2004-2013. As those years include the drop in costs due to the great recession, the full average is used in the low growth estimates while the average annual change, with the low year of 2009 removed, is used to estimate the high growth amount. Table 2 shows the additional estimated revenue to the State from Part 2 section 2-2 of this bill.

Table 2. Additional Revenue to the State from Part 2 Section 2-2

	2016	2017	2018	2019	2020
Low Growth	\$1.8	\$4.1	\$5.1	\$6.2	\$7.3
High Growth	\$1.9	\$4.5	\$6.1	\$8.0	\$10.2

Part IV Section 4-2 (d) and sections 4-3 through 4-6 would disallow any new local option sales taxes to be applied to motor fuels. However some local sales taxes will not expire, such as the LOST and MARTA, thus adjustments are made to include these ongoing local sales taxes in the prices of motor fuel (see Appendix).

Part IV Section 4-7 changes the excise tax from 7.5 cents per gallon for gas and diesel to 29.2 cents per gallon for gas and 33 cents per gallon for diesel. The new excise tax rates will change annually based on the sum of the year over year changes of two metrics, the construction cost index and fleet year over year change in miles per gallon as estimated by DOR. An additional adjustment factor is also included, which accounts for how the changed tax structure and resultant change in International Fuel Tax Association (IFTA) system credits will affect the diesel fuel purchases of long haul truckers. Table 3 shows the additional State revenue raised over the baseline forecasts due to section 4-7.

Table 3. Additional Revenue to the State from Part IV Section 4-7

	2016	2017	2018	2019	2020
Low Fuel Prices	\$701.5	\$837.8	\$902.5	\$969.7	\$1,038.8
High Fuel Prices	\$714.9	\$855.5	\$906.0	\$958.3	\$1,011.5

Note the amounts in Table 3 net out a shift from general fund revenue, raised by the “fourth penny” which can currently be used to fund other types of government spending, to dedicated transportation fund revenue. The amount of this shift is on average \$158.6 million annually in the low fuel cost scenario and \$171.6 million in the high fuel cost scenario. This increases the amount of funds available for transportation funding, resulting in additional transportation funding of \$1.054 billion annually on average in the low fuel cost scenario and \$1.067 billion annually on average in the high fuel cost scenario. Table 4 shows the total additional revenue to the State of this bill.

High Fuel Prices	\$716.7	\$859.1	\$909.8	\$962.2	\$1,015.4

Effect on Local Government Revenue

Note that local revenue impacts are not estimated in the analysis above. This bill would end local sales taxes on motor fuel as they expire. This would be expected to reduce local revenues over time as these authorized sales taxes expire. However, the bill allows local governments to impose a cents per gallon tax on motor fuel that would reduce these net impacts. Estimated impacts on these effects are in development.

Detailed Analysis

Details of the analysis by the Fiscal Research Center are included in the Appendix to this fiscal note.

Sincerely,

/s/ Greg S. Griffin
State Auditor

Enclosure: Appendix – Details of Analysis by Fiscal Research Center

This bill, which is known as the Transportation Funding Act of 2015, changes the motor fuels sales tax exemption, changes motor fuel excise rates, and repeals the prepaid portion of the tax. Part II Section 2 redefines alternative fuel vehicles and creates a separate fee for said vehicles. Part IV Section 4-2 extends the state sales tax motor fuel tax exemption to the full state sales tax. Part IV Section 4-2 (d) and sections 4-3 through 4-6 would disallow any new local option sales taxes to be applied to motor fuels. Part IV Section 4-7 changes the excise rate applied to motor fuel from 7.5 cents per gallon to 29.2 cents per gallon for gasoline and 33 cents per gallon for diesel. The changes would be effective July 1, 2015. The bill has no sunset provision.

Baseline Estimates

To estimate the State revenue effects of this bill, the estimates of future motor fuel costs from the Energy Information Association (EIA) were used as well as their assumptions on growth of fuel consumption. To estimate the revenue effects of the excise tax increases and other changes, two baseline revenue projections are estimated: a low fuel price revenue estimate and a high fuel price revenue estimate.

The EIA publishes a near-term outlook for fuel prices that is released monthly as well as a long-term outlook that is released annually. The price estimates of gasoline and diesel fuel for the calendar years 2015 and 2016 are taken from the short-term outlook published in January 2015, and take into account the recent large drops in oil prices. The EIA forecasts the average price of regular gasoline in 2015 to be \$2.33, rising to \$2.72 in 2016. This 2016 price forecast, adjusted downward for the current 5 cents per gallon difference in the price of gas nationally and in Georgia, is used as the base year price for both the low price and the high price baseline projections.

The prices of motor fuel for the years 2017-2023 are estimated based on the data in the annual long-term outlook published in 2014, before the recent drop in oil prices. This annual report makes a range of long-run forecasts of gasoline and diesel prices, including a reference forecast as well as low and high price scenarios around the reference forecast. For this estimate, due to the steep drop in oil prices after the report was published, the low price forecast is used to project the low fuel price scenario while the reference forecast is used to project the high fuel price scenario.

In its low price forecast, EIA projects the price of gasoline in 2020 at \$2.88 while the high price scenario (again, EIA's reference forecast) forecasts a 2020 price of \$3.49. These low and high 2020 price forecasts are also adjusted down by the current 5 cents per gallon difference between Georgia and national average prices. To fill in the missing years, the annual average rate of price growth implicit in these 2016 to 2020 price forecasts is used for all years. For the low fuel price scenario, this growth rate is approximately 1.47 percent while for the high price scenario the growth rate is approximately 6.54 percent. For diesel, the same methods are used to project prices.

The EIA long-range reference forecast also projected annual growth rate for fuel consumption from 2012 through 2020 and beyond. The average projected growth rate for gasoline consumption through 2020 was -1.23 percent per annum in the reference forecast (the high fuel price case herein) and -0.75 percent in the low fuel price case. For diesel, the 2012-2020 average consumption growth rates were projected to be 1.56 percent in the reference (high) case and 1.60 percent in the low price case. These longer-run average growth rates were applied to estimated 2013 consumption of gasoline and diesel fuel in Georgia, as reported by the Federal Highway Administration.

Table A1 shows the low fuel price baseline projections, including projected prices per gallon of gasoline and diesel as well as the estimated calendar year revenue at current levels of excise taxation, 7.5 cents per gallon plus additional state revenue from the prepaid portion. Table A2 provides the same baseline forecast information under the high price scenario.

Part II

Part II sections 2-1 and 2-2 change the definition of alternative fuel vehicles and set registration fees for said vehicles. Alternative fuel vehicles would be only those powered solely by electricity, natural gas, and propane. A registration fee of \$200 would be charged for noncommercial vehicles and \$300 for commercial vehicles. These fees are to be adjusted annually by the change in the construction price index, beginning January 1, 2016. (Note that the actual wording of the bill is somewhat unclear in that it mentions only the Construction Price Index published by the United States Census Bureau. This is an index that measures the costs of housing construction, it is not the same as the Federal Highway Construction index that measures changes in the prices of highway construction. Also in this section there is no baseline year given. Thus it is assumed that calendar year 2015 is the baseline).

Data from the Georgia Department of Revenue (DOR) vehicles registered in Georgia solely powered by electricity, natural gas, or propane was used to estimate the number of vehicles subject to the alternative fuel vehicle fee as well as the growth rate. As of 2014, DOR had 16,304 cars and light duty trucks registered in Georgia that were powered solely by electricity, natural gas or propane. Note the growth rate for zero emission vehicles is quite high, estimated to be 45 percent in 2015 in the high growth scenario and falling to 20 percent by 2020. These high growth rates are assumed to be partially due to the state zero emission vehicle tax credit and these estimates reflect it remaining in place. Growth rates for natural gas and propane vehicles are estimated to be lower, six percent, in the high growth scenario. Some additional adjustments were needed to determine commercial trucks and buses. Thus EIA data was used that has detailed counts of these vehicles nationally for 2012. Georgia data for the number of registered cars and trucks comes from the Georgia statistics system. Data from the EIA was used to estimate the share of commercial trucks.

EIA and DOR only list light duty trucks, but other trucks and buses would also be subject to the commercial alternative fuel vehicle fee. Data on the number of buses registered in Georgia is available from the Georgia statistics system. The natural gas association estimates that 20 percent of all new buses in transit services run on compressed natural gas (CNG). Very few other types of buses run on CNG. MARTA has about 500 buses, which represents about 10 percent of the buses in Fulton County. It is assumed that of all registered buses in the state, 10 percent are transit buses and 20 percent of those run on CNG. This generates an estimate of roughly 820 CNG buses in the state. Data on the number of alternative fuel trucks that are not considered light duty was not readily available. Thus it is assumed that there is the same number of these type trucks as buses.

The housing construction index annual average increase was calculated from 2004-2013. As those years include the drop in costs due to the great recession, the full average is used in the low growth estimates while the average change with the low year of 2009 removed is used to estimate the high growth range.

Part III Section 3-1

This section would seem to limit the Governor's ability to freeze the prepaid portion of the motor fuel tax. However, in section 4-8 of the bill, the whole prepaid code section OCGA 48-9-14 is repealed. This Section is deemed to have no revenue effects. Note local governments will still be imposing local sales taxes on motor fuel and will continue to rely on DOR to set the appropriate price for the tax to be applied to based on this code section

Part IV Sections 4-1 and 4-2

This section redefines transportation purposes to include the following: roads, bridges, public transit, rails, airports, buses, seaports, and all accompanying infrastructure and services necessary to provide access to these transportation facilities. This section is relevant to local governments but has no state revenue effects.

Part IV Section 4-2 extends the state sales tax motor fuel tax exemption to the full state sales tax and removes the "fourth penny" from the general fund.

Part IV Section 4-2 (d) and sections 4-3 through 4-6 would disallow any new local option sales taxes to be applied to motor fuels. However, some local sales taxes will not expire, such as the LOST and MARTA taxes; thus adjustments are made to include these ongoing local sales taxes in the prices of motor fuel. To make these adjustments, the top 30 counties in motor fuel sales were examined for FY 2014, which represent 73 percent of all diesel sold and 76 percent of all gas. Based on the data from these counties, a weighted average tax rate was estimated for those counties that will still maintain a 2 percent and 1 percent tax rate due to local option sales taxes that will not expire. For gas this resulted in 42 percent of total state consumption that is taxed at a rate of 1.5 percent without expiration. For diesel this resulted in 55 percent of total state consumption that is taxed at a rate of 1.25 percent without expiration. These rates were converted to a prepaid amount consistent with procedures used in the baseline estimates. The remaining shares of gas and diesel taxed by local option sales taxes are assumed to expire at an equal annual rate over 4 years. This rate was also converted to a prepaid amount consistent with procedures used in the baseline estimates and goes to zero by calendar year 2019. The additional impacts of these sections on local government revenue will be estimated in a later note.

Part IV Section 4-7

Section 4-7 changes the excise tax from 7.5 cents per gallon for gas and diesel to 29.2 cents per gallons for gas and 33 cents per gallon for diesel. The excise tax rates will change based on the sum of the year over year changes of two metrics. The first is an index that is to be created by DOR and will be calculated in the following manner:

Using 2014 as a base year, the department shall determine the average miles per gallon of all new vehicles registered in this state pursuant to Code Section 48-5C-1 using the average of combined miles per gallon published in the United States Department of Energy Fuel Economy Guide. Beginning on January 1, 2016, the department shall again calculate the average miles per gallon of all new vehicles registered in this state in 2015. Any percentage increase or decrease in fuel efficiency shall be multiplied by the excise tax rate to determine a preliminary excise tax rate.

The second is the Construction Price Index published by the United States Census Bureau, referred to earlier in the act. The excise tax will be adjusted in this manner every year with a new excise rate published at the beginning of each calendar year. As the DOR does not currently compute this change in Georgia fleet average fuel economy, data from the EIA was used. Average new vehicle miles per gallon for 2012 were 32.7 with the estimate for 2020 under low fuel price assumptions of 37.9 and with high fuel price assumptions of 38.6. These generate average annual growth rates of 1.85 percent of the low price fuel scenario and 2.10 percent for the high price fuel scenario. As was shown earlier, the construction price index average annual growth rate under a low growth scenario is estimated to be 2.10 percent and 2.82 percent under a high growth scenario. These growth rates above, are used to adjust the excise tax annually.

An additional adjustment factor is also included. Currently under Georgia's hybrid tax system, the state "fourth penny" and the local sales tax on motor fuel are not credited to long haul truckers under the IFTA system. Thus when IFTA participating trucks purchase diesel in Georgia, roughly 12 cents per gallon in these taxes does not get credited to the IFTA account. This can have the effect of making diesel more expensive in Georgia when compared to other states. By creating an excise-only motor fuel tax and extending the sales tax exemption on motor fuels to cover the full state sales tax, at the state level all motor fuel taxes would be credited to IFTA. By not allowing local governments to apply a sales tax on motor fuels as their local option taxes expire and only allowing locals to replace them with excise taxes, much of the local tax revenue will also be captured in the IFTA system. This initial change in Georgia's motor fuel tax structure may create an incentive for long haul truckers to buy more motor fuel in Georgia.

To account for this change in behavior, data from DOR is used that tracks the gallons of IFTA-credited diesel fuel sold in Georgia in 2014 of 460.3 million gallons, accounting for roughly 36 percent of all diesel purchased in 2014. It is assumed that the current IFTA differential in Georgia credits of 12.2 cents is a price reduction in diesel due to the new excise tax structure. Using the elasticity for gas and diesel of 0.43, as is used in the baseline estimates, generates an additional 46.3 million gallons of diesel fuel purchased annually in Georgia. As the effective date of the law is July 1, 2015, this additional fuel sale is added half to 2015 and half to 2016. This is used in our low price fuel scenario. It

is possible that long haul truckers have a higher price elasticity for diesel than the average diesel consumer, due to the large fuel capacity long haul trucks have, giving them greater choice as to where to fill up. To account for this, the elasticity is increased by 50 percent to 0.645, which increases the amount of diesel fuel purchased to 69.5 million gallons. This adjustment factor is added to the high fuel price scenario in the same manner as the low fuel price scenario.

DOR data indicate that the amount of payments made into the state for miles traveled without fuel purchased generally is offset by payments made by the state for extra fuel purchased in Georgia for miles driven out of state. Thus, the revenue effect is limited to the behavioral change induced by the change in tax structure. Note there are many things that can influence a truck driver's decision to purchase diesel, beside IFTA tax treatment. Thus these estimated price effects likely represent an upper bound. Also some local governments will continue to charge sales tax on diesel as some local option sales taxes do not expire, such as the LOST and MARTA taxes.

Note the amounts in Table A3 represent a shift from general fund revenue, raised by the "fourth penny" which can be used to fund other types of government spending, to dedicated transportation fund revenue. The amount of this shift of the "fourth penny" is on average \$158.6 million annually in the low fuel cost scenario and \$171.6 million in the high fuel cost scenario. This increases the amount of funds available for transportation funding, resulting in additional transportation funding of \$1.0536 billion annually on average in the low fuel cost scenario and \$1.0670 billion annually on average in the high fuel cost scenario. See tables A3 and A4 for details.

whose geographical boundary is conterminous with that of the special district and each qualified municipality located wholly or partially within the special district shall levy a joint sales and use tax at the rate of 1 percent, except as provided in subsection (b) of this Code section. Except as to rate, the joint tax shall correspond to the tax imposed and administered by Article 1 of this chapter. No item or transaction which is not subject to taxation by Article 1 of this chapter shall be subject to the tax levied pursuant to this article, except that the joint tax provided in this article shall be applicable to sales of motor fuels as prepaid local tax as that term is defined in Code Section 48-8-2 and shall be applicable to the sale of food and food ingredients and alcoholic beverages only to the extent provided for in paragraph (57) of Code Section 48-8-3.

(b) On or after July 1, 2015, such joint sales and use tax levied on sales of motor fuels as defined in Code Section 48-9-2 shall be at the rate of 1 percent of the retail sales price of the motor fuel which is not more than \$3.39 per gallon."

SECTION 5-9.

Said title is further amended by revising subsection (b) of Code Section 48-8-102, relating to the creation of special districts and use of proceeds of the homestead option sales and use tax, as follows:

"(b)(1) When the imposition of a local sales and use tax is authorized according to the procedures provided in this article within a special district, the county whose geographical boundary is conterminous with that of the special district shall levy a local sales and use tax at the rate of 1 percent, except as provided in paragraph (2) of this subsection. Except as to rate, the local sales and use tax shall correspond to the tax imposed and administered by Article 1 of this chapter. No item or transaction which is not subject to taxation by Article 1 of this chapter shall be subject to the sales and use tax levied pursuant to this article, except that the sales and use tax provided in this article shall be applicable to sales of motor fuels as prepaid local tax as that term is defined in Code Section 48-8-2 and shall be applicable to the sale of food and food ingredients and alcoholic beverages only to the extent provided for in paragraph (57) of Code Section 48-8-3.

(2) On or after July 1, 2015, such sales and use tax levied on sales of motor fuels as defined in Code Section 48-9-2 shall be at the rate of 1 percent of the retail sales price of the motor fuel which is not more than \$3.39 per gallon."

SECTION 5-10.

Said title is further amended by revising subsection (c) of and by adding a new subsection to Code Section 48-8-110.1, relating to the authorization for a county special purpose local option sales tax, to read as follows:

"(c) ~~Any~~ Except as provided in subsection (d) of this Code section, any tax imposed under this part shall be at the rate of 1 percent. Except as to rate, a tax imposed under this part shall correspond to the tax imposed by Article 1 of this chapter. No item or transaction which is not subject to taxation under Article 1 of this chapter shall be subject to a tax imposed under this part, except that a tax imposed under this part shall

apply to sales of motor fuels as prepaid local tax as that term is defined in Code Section 48-8-2 and shall be applicable to the sale of food and food ingredients and alcoholic beverages as provided for in Code Section 48-8-3.

(d) On or after July 1, 2015, such sales and use tax levied on sales of motor fuels as defined in Code Section 48-9-2 shall be at the rate of 1 percent of the retail sales price of the motor fuel which is not more than \$3.39 per gallon."

SECTION 5-11.

Said title is further amended by revising Code Section 48-8-141, relating to imposition of a sales tax for educational purposes, as follows:

"48-8-141.

(a) Except as otherwise expressly provided in Article VIII, Section VI, Paragraph IV of the Constitution of Georgia, the sales tax for educational purposes which may be levied by a board of education of a county school district or concurrently by the board of education of a county school district and the board of education of each independent school district located within such county shall be imposed and levied by such board or boards of education and collected by the commissioner on behalf of such board or boards of education in the same manner as provided for under Part 1 of this article and the provisions of Part 1 of this article in particular, but without limitation, the provisions regarding the authority of the commissioner to administer and collect this tax, retain the 1 percent administrative fee, and promulgate rules and regulations governing this tax shall apply equally to such board or boards of education. The report required pursuant to Code Section 48-8-122 shall be applicable; provided, however, that in addition to posting such report in a newspaper of general circulation as required by such Code section, such report may be posted on the searchable website provided for under Code Section 50-6-32.

(b) On or after July 1, 2015, such sales and use tax levied on sales of motor fuels as defined in Code Section 48-9-2 shall be at the rate of 1 percent of the retail sales price of the motor fuel which is not more than \$3.39 per gallon."

SECTION 5-12.

Said title is further amended by revising subsection (c) of and adding a new subsection to Code Section 48-8-201, relating to the intergovernmental agreement for the distribution of tax proceeds from the water and sewer projects sales tax, as follows:

"(c) In the event a tax imposed under this article is imposed only by the municipality:

(1) No item or transaction which is not subject to taxation under Article 1 of this chapter shall be subject to a tax imposed under this article, except that a tax imposed under this article shall apply to:

(A) Sales of motor fuels as prepaid local tax as that term is defined in Code Section 48-8-2;

(B) The sale of food and food ingredients and alcoholic beverages as provided for in Code Section 48-8-3;

(C) The sale of natural or artificial gas used directly in the production of electricity

which is subsequently sold, notwithstanding paragraph (70) of Code Section 48-8-3; and

(D) The furnishing for value to the public of any room or rooms, lodgings, or accommodations which is subject to taxation under Article 3 of Chapter 13 of this title; and

(2) A tax imposed under this article shall not apply to the sale of motor vehicles."

"(e) On or after July 1, 2015, such sales and use tax levied on sales of motor fuels as defined in Code Section 48-9-2 shall be at the rate of 1 percent of the retail sales price of the motor fuel which is not more than \$3.39 per gallon."

SECTION 5-13.

Said title is further amended by revising Code Section 48-9-3, relating to an excise tax on motor fuel, as follows:

"48-9-3.

(a)(1) An excise tax is imposed at the rate of ~~7-1/2¢~~ 24¢ per gallon on distributors who sell or use motor fuel within this state. It is the intention of the General Assembly that the legal incidence of the tax be imposed upon the distributor.

(1.1)(A) Beginning on July 1, 2016, and annually thereafter, the amount of this excise tax per gallon on distributors shall be automatically adjusted on an annual basis in accordance with this paragraph.

(B) The excise tax on motor fuel shall be automatically adjusted on an annual basis by multiplying the percentage of increase or decrease in a given year in the Consumer Price Index by the current tax rate. The resulting calculation shall be added to the excise tax assessed by this subsection. The first adjustment shall be calculated and implemented on July 1, 2016."

(2) In the event any motor fuels which are not commonly sold or measured by the gallon are used in any motor vehicles on the public highways of this state, the commissioner may assess, levy, and collect a tax upon such fuels, under such regulations as the commissioner may promulgate, in accordance with and measured by the nearest power potential equivalent to that of one gallon of regular grade gasoline. Any determination by the commissioner of the power potential equivalent of such motor fuels shall be prima-facie correct. Upon each such quantity of such fuels used upon the public highways of this state, a tax at the same rate per gallon imposed on motor fuel under paragraph (1) of this subsection shall be assessed and collected.

(3) No county, municipality, or other political subdivision of this state shall levy any fee, license, or other excise tax on a gallonage basis upon the sale, purchase, storage, receipt, distribution, use, consumption, or other disposition of motor fuel. Nothing contained in this article shall be construed to prevent a county, municipality, or other political subdivision of this state from levying license fees or taxes upon any business selling motor fuel.

(4)(A) For purposes of this subsection, and notwithstanding the provisions of paragraph (2) of this subsection and any provision contained in the National Bureau

of Standards Handbook or any other national standard that may be adopted by law or regulation, the gallon equivalent of compressed natural gas shall be not less than 110,000 British thermal units and the gallon equivalent of liquefied natural gas shall not be less than 6.06 pounds.

(B) As used in this paragraph, the term:

(i) 'Compressed natural gas' means a mixture of hydrocarbon gases and vapors, consisting principally of methane in gaseous form, that has been compressed for use as a motor fuel.

(ii) 'Liquefied natural gas' means methane or natural gas in the form of a cryogenic or refrigerated liquid for use as a motor fuel.

(b) No tax is imposed by this article upon or with respect to the following sales by duly licensed distributors:

(1) Bulk sales to a duly licensed distributor;

(2) Sales of motor fuel for export from this state when exempted by any provisions of the Constitutions of the United States or this state;

(3) Sales of motor fuel to a licensed distributor for export from this state;

(4) Sales of motor fuel to the United States for the exclusive use of the United States when the motor fuel is purchased and paid for by the United States;

(5) Sales of aviation gasoline to a duly licensed aviation gasoline dealer, except for 1¢ per gallon of the tax imposed by paragraph (1) of subsection (a) of this Code section ~~and all of the tax imposed by Code Section 48-9-14;~~

(6) Bulk sales of compressed petroleum gas or special fuel to a duly licensed consumer distributor;

(7)(A) Sales of compressed petroleum gas or special fuel to a consumer who has no highway use of the fuel at the time of the sale and does not resell the fuel. Consumers of compressed petroleum gas or special fuel who have both highway and nonhighway use of the fuel and resellers of such fuel must be licensed as distributors in order for sales of the fuel to be tax exempt. Each type of motor fuel is to be considered separately under this exemption.

(B)(i) In instances where a sale of compressed petroleum gas has been made to an ultimate consumer who has both highway and nonhighway use of that type of motor fuel and no tax has been paid by the distributor on the sale, the consumer shall become licensed as a consumer distributor of that type of motor fuel. After the consumer is licensed as a consumer distributor and if it is demonstrated to the satisfaction of the commissioner that the motor fuel purchased prior to the licensee's becoming licensed as a consumer distributor was used for nonhighway purposes, such sales shall be exempt from the tax imposed by this article; provided, however, that, if at the time of demonstration the ultimate consumer does not have both highway and nonhighway use of such fuel but it can be demonstrated by the distributor to the satisfaction of the commissioner that the motor fuel was used for nonhighway purposes, the sales shall be exempt from the tax imposed by this article; and

(ii)(I) Any special fuel sold by a distributor to a purchaser who has a storage

receptacle which has a connection to a withdrawal outlet that may be used for highway use, as defined in paragraph (8) of Code Section 48-9-2, is not exempt from the motor fuel and road taxes imposed by this article unless: (1) the purchaser is at the time of sale a valid licensed distributor of that type of motor fuel, or (2) an exemption certificate has been obtained from the purchaser on forms furnished by the Department of Revenue showing that the purchaser has no highway use of such fuels and is not a reseller of such fuels. Each exemption certificate shall be valid for a period of not more than three years and shall be kept by the distributor as one of the records specified in Code Section 48-9-8. It shall be the responsibility of the purchaser to notify the distributor when the purchaser is no longer qualified for the nonhighway exemption. All applicable taxes must be charged the purchaser until the purchaser is granted a valid distributor's license for that type of motor fuel.

(II) Any such purchaser granted an exemption under subdivision (I) of this division who falsely claims the exemption or fails to rescind the purchaser's exemption certificate to the distributor in writing when he or she is no longer eligible for the exemption shall be deemed a distributor for purposes of taxation and is subject to all provisions of this article relating to distributors. This division in no way shall restrict the option of the purchaser to become licensed as a distributor. If the distributor sells special fuel to a purchaser who has a storage receptacle which has a connection to a withdrawal outlet that may be used for highway use, as defined in paragraph (8) of Code Section 48-9-2, and the purchaser is not a valid licensed distributor and has not executed a valid signed exemption certificate, the taxes imposed by this article are due from the distributor and not the purchaser on all sales of that type of fuel to that purchaser;

(8) Sales of fuel oils, compressed petroleum gas, or special fuel directly to an ultimate consumer to be used for heating purposes only. The delivery of fuel oils, compressed petroleum gas, or special fuel directly to an ultimate consumer to be used for heating purposes only shall be made directly into the storage receptacle of the heating unit of the consumer by the licensed distributor. To qualify for this exemption, sales must be delivered into storage receptacles that are not equipped with any secondary withdrawal outlets for the motor fuel;

(9) Sales of dyed fuel oils to a consumer for other than highway use as defined in paragraph (8) of Code Section 48-9-2;

(10)(A) During the period of July 1, 2012, through June 30, 2015, sales of motor fuel, as defined in paragraph (9) of Code Section 48-9-2, for public mass transit vehicles which are owned by public transportation systems which receive or are eligible to receive funds pursuant to 49 U.S.C. Sections 5307 and 5311 for which passenger fares are routinely charged and which vehicles are used exclusively for revenue generating purposes which motor fuel sales occur at bulk purchase facilities approved by the department.

(B) During the period of July 1, 2012, through June 30, 2015, sales of motor fuel,

as defined in paragraph (9) of Code Section 48-9-2, for vehicles operated by a public campus transportation system, provided that such system has a policy which provides for free transfer of passengers from the public transportation system operated by the jurisdiction in which the campus is located; makes the general public aware of such free transfer policy; and receives no state or federal funding to assist in the operation of such public campus transportation system and which motor fuel sales occur at bulk purchase facilities approved by the department.

(C) For purposes of this paragraph, the term 'vehicle' or 'vehicles' means buses, vans, minibuses, or other vehicles which have the capacity to transport seven or more passengers; or

(11) For the period of time beginning July 1, 2013, and ending June 30, 2015, sales of motor fuel to public school systems in this state for the exclusive use of the school system in operating school buses when the motor fuel is purchased and paid for by the school system.

(c) Fuel oils, compressed petroleum gas, or special fuel used by a duly licensed distributor for nonhighway purposes is exempt from the tax imposed by this article.

(d) No export from this state shall be recognized as being exempt from tax under paragraphs (2) and (3) of subsection (b) of this Code section unless the exporter informs the seller and the terminal operator of the intention to export and causes to be set out the minimum information specified in subsection (e) of Code Section 48-9-17 on the bill of lading or equivalent documentation under which the motor fuel is transported. In the event that the motor fuel is delivered to any point other than that which is set out on the bill of lading or equivalent documentation, the legal incidence of the tax shall continue to be imposed exclusively upon the exporter who caused the export documentation to be issued and no exemption shall be recognized until suitable proof of exportation has been provided to the commissioner."

SECTION 5-14.

Said title is further amended by repealing in its entirety Code Section 48-9-14, relating to the second motor fuel tax, and designating said Code section as reserved.

SECTION 5-15.

Said title is further amended by designating the existing provisions of Article 5 of Chapter 13, relating to excise taxes on rental motor vehicles, as Part 1 and adding a new Part 2 to read as follows:

"Part 2

48-13-100.

(a) On or after July 1, 2015, each rental motor vehicle concern renting or leasing motor vehicles in this state shall charge a \$5.00 per day fee to the customer for each calendar day such vehicle is rented or leased. The rental motor vehicle concern shall collect the fee at the time the customer pays for the rental or lease of the vehicle. The rental motor

vehicle concern collecting the fee shall remit the fee on a monthly basis to the department.

(b) Nothing in this Code section shall be construed to impair any existing contract.

(c) The commissioner shall promulgate and make available forms for the use of rental motor vehicle concerns to assist in compliance with this Code section. The commissioner may promulgate rules and regulations as necessary to implement the provisions of this Code section.

(d) It is the intention of the General Assembly, subject to appropriations, that the fees collected pursuant to subsection (a) of this Code section shall be made available and used exclusively for transportation projects in this state."

PART VI SECTION 6-1.

Part 3 of Article 2 of Chapter 10 of Title 32 of the Official Code of Georgia Annotated, the "Georgia Transportation Infrastructure Bank Act," is amended by revising subsection (b) of Code Section 32-10-127, relating to loans and other financial assistance and the determination of eligible projects, as follows:

"(b)(1) The board shall determine which projects are eligible projects and then select from among the eligible projects qualified projects. When determining eligibility, the board shall make every effort to balance any loans or other financial assistance among all regions of this state.

(2) Preference for loans may be given to eligible projects ~~which have local financial support~~ in tier 1 and tier 2 counties, as defined in Code Section 48-7-40 and by the Department of Community Affairs.

(3) Preference for grants and other financial assistance may be given to eligible projects which have local financial support."

PART VII SECTION 7-1.

(a) This Act shall become effective on July 1, 2015.

(b) Tax, penalty, and interest liabilities and refund eligibility for prior taxable years shall not be affected by the passage of this Act and shall continue to be governed by the provisions of Title 48 of the Official Code of Georgia Annotated as it existed immediately prior to the effective date of this Act.

SECTION 7-2.

All laws and parts of laws in conflict with this Act are repealed.

Honorable Tommie Williams, Chairman
Senate Transportation Committee

SUBJECT: Fiscal Note
House Bill 170 (LC 34 4630S)

Dear Chairman Williams:

This bill is the Senate version of the Transportation Funding Act of 2015. It proposes to make several changes to the state excise tax on motor fuels, state and local sales taxes on motor fuels, and other provisions of Title 48 as detailed below. The effective date of the proposed changes would be July 1, 2015 with the exception of the income tax credit proposed in Section 5-1A of the bill, which would be effective for tax years beginning on or after January 1, 2016.

According to an analysis by the Georgia State University Fiscal Research Center, The provisions of the bill affecting general fund revenues or revenues dedicated to transportation purposes are as follows:

- Section 2-2 of the bill states that it is the intention of the General Assembly to make \$250 million per year available to the Department of Transportation (GDOT) to be used exclusively for debt service. While this provision does not affect state revenues and is subject to annual appropriations, assuming such funds are appropriated each year, it would reduce general fund balances available for other purposes and increase GDOT funding available for transportation purposes.

- Sections 3-1 and 3-2 are identical to Sections 2-1 and 2-2 of the House passed version of House Bill (HB) 170. General fund revenue effects arise from the imposition under Section 3-2 of a highway user impact fee on Georgia registered alternative fueled vehicles of \$200 annually for non-commercial vehicles and \$300 annually for commercial vehicles, adjusted annually for consumer price inflation beginning July 1, 2016. Section 3-3 imposes a highway user impact fee on all Georgia registered motor vehicles, including on alternative fueled vehicles (in addition to the amounts under section 3-2), in the amounts of \$50 annually for truck tractors and buses, \$10 annually for motorcycles, and \$25 annually for all other vehicles and are not to be adjusted for future inflation. The fees collected under Section 3-3 of the bill are intended, subject to appropriations, to be used solely for transportation projects in the state.
- Section 5-1 eliminating the low-emission and zero emission vehicles (LEV/ZEV) credit, is identical to Section 4-1 of the House passed version and increases general fund revenues.
- Section 5-1A provides an income tax credit for qualified motor carriers for local sales and use tax on diesel fuel purchased in Georgia when such purchases are reported as tax paid gallons on such carriers' motor fuel tax returns under the International Fuel Tax Agreement (IFTA).
- Section 5-3, corresponding in part to Section 4-2A of the House passed version, eliminates the partial sales and use tax exemption for jet fuel for qualified airlines. Revenue gains from this provision are, to the extent required by federal law, dedicated to aviation or airport related purposes. However, in addition to the jet fuel exemption, this section also repeals both the back-to-school and energy/water efficient products sales tax holidays currently scheduled, respectively, for July 31 to August 1, 2015, and October 2-4, 2015. The revenue gains from repealing the sales tax holidays are to the general fund, but only affect FY 2016.
- Section 5-4 extends the Code Section 48-8-3.1 partial motor fuel tax exemption from the state sales and use tax from the first 3 percent to the full 4 percent state sales tax, the "fourth penny" of which currently goes to the general fund.
- Sections 5-8 through 5-12 set a maximum amount of certain local sales and use taxes due per gallon of motor fuel. The amount of tax per gallon is set semi-annually (or more frequently under certain circumstances) by multiplying the applicable tax rate by the state-wide average retail price per gallon, net of state and local taxes, by motor fuel type as specified in Code Section 48-8-2, paragraph (23), as amended by Section 5-2 of this bill. Under this bill, the retail sale price per gallon used in such calculation may not be more than \$3.39 for any motor fuel

type. Local taxes affected by these bill sections are joint county and municipal (LOST), homestead option (HOST), special purpose local option (SPLOST), and water and sewer projects (MOST) sales taxes as well as the sales tax for educational purposes (ESPLOST). The bill is silent with regard to so-called second LOST taxes under Code Section 48-8-96 and sales taxes levied in eight counties by pre-1983 local constitutional amendments, but these taxes are assumed to be affected by the Section 5-8 changes to LOST for purposes of their application to motor fuels. The bill makes no changes with regard to the MARTA sales tax, which also applies to motor fuels.

- Section 5-13 increases the state excise tax on motor fuels from 7.5 to 24 cents per gallon and provides for annual adjustments for consumer price (CPI) inflation beginning July 1, 2016.
- Section 5-14 repeals the second motor fuels tax, Code Section 48-9-14, in its entirety.
- Section 5-15 imposes a \$5.00 per day fee on rental motor vehicles, as defined in Code Section 48-13-91, for each day such vehicle is rented or leased. Revenues from this fee are intended, subject to appropriations, to be used solely for transportation projects in the state.

Details of the analysis by the Fiscal Research Center are included in the Appendices to this fiscal note. The appendices are organized as follows:

- Appendix I covers the changes to state motor fuels taxes in Sections 5-4, 5-13, and 5-14.
- Appendix II covers all other changes to state taxes.
- Appendix III covers local revenue effects.

Sincerely,

/s/ Greg S. Griffin
State Auditor

Enclosures: Appendix I– State Revenue and Transportation Funding Effects of Motor Fuels Tax Changes
Appendix II – State Revenue and Transportation Funding Effects of Other Provisions
Appendix III – Local Revenue Effects of Sections 5-8 through 5-12

Section 5-4 of the bill extends the Code Section 48-8-3.1 partial motor fuel tax exemption from the state sales and use tax from the first 3 percent to the full 4 percent state sales tax, the “fourth penny” of which currently goes to the general fund. Section 5-14 repeals the 3 percent state second motor fuels tax, the revenues from which are currently dedicated to transportation.

Section 5-13 increases the state excise tax on motor fuels from 7.5 cents per gallon to 24 cents per gallon effective July 1, 2015. Beginning July 1, 2016, the excise tax rate will be adjusted annually for inflation based on the year-over-year change in the Consumer Price Index (CPI).

The estimation procedures for the effects of these changes first require development of baseline projections for taxes on motor fuels under current law as described below, followed by proforma projections under the proposed law.

Baseline Estimates under Current Law

To estimate the state revenue effects of LC 34 4630S, the estimates of future motor fuel costs from the Energy Information Association (EIA) were used as well as their assumptions on growth of fuel consumption. To estimate the revenue effects of the excise tax increases and other changes, two baseline revenue projections are estimated: a low fuel price revenue estimate and a high fuel price revenue estimate.

The EIA publishes a near term outlook for fuel prices that is released monthly as well as a long-term outlook that is released annually. The price estimates of gasoline and diesel fuel for the calendar years 2015 and 2016 are taken from the short-term outlook published in January 2015, and take into account the recent large drops in oil prices. The EIA forecasts the average price of regular gasoline in 2015 to be \$2.33, rising to \$2.72 in 2016. This 2016 price forecast, adjusted downward for the current 5 cents per gallon difference in the price of gas nationally and in Georgia, is used as the base year price for both the low price and the high price baseline projections.

The prices of motor fuel for the years 2017-2023 are estimated based on the data in the annual long-term outlook published in 2014, before the recent drop in oil prices. This annual report makes a range of long-run forecasts of gasoline and diesel prices, including a reference forecast as well as low and high price scenarios around the reference forecast. For this estimate, due to the steep drop in oil prices after the report was published, the low price forecast is used to project the low fuel price scenario while the reference forecast is used to project the high fuel price scenario.

In its low price forecast, EIA projects the price of gasoline in 2020 at \$2.88 while the high price scenario (again, EIA’s reference forecast) forecasts a 2020 price of \$3.49. These low and high 2020 price forecasts are also adjusted down by the current 5 cents per gallon difference between Georgia and national average prices. To fill in the missing

years, the annual average rate of price growth implicit in these 2016 to 2020 price forecasts is used for all years. For the low fuel price scenario, this growth rate is approximately 1.47 percent while for the high price scenario the growth rate is approximately 6.54 percent. For diesel, the same methods are used to project prices. The EIA long-range reference forecast also projected annual growth rate for fuel consumption from 2012 through 2020 and beyond. The average projected growth rate for gasoline consumption through 2020 was -1.23 percent per annum in the reference forecast (the high fuel price case herein) and -0.75 percent in the low fuel price case. For diesel, the 2012-2020 average consumption growth rates were projected to be 1.56 percent in the reference (high) case and 1.60 percent in the low price case. These longer-run average growth rates were applied to estimated 2013 consumption of gasoline and diesel fuel in Georgia, as reported by the Federal Highway Administration.

Table I.1 shows the low fuel price baseline projections, including projected prices per gallon of gasoline and diesel as well as the estimated calendar year revenue at current levels of excise taxation, 7.5 cents per gallon, plus the second motor fuels tax at the 3 percent rate. Table I.2 provides the same baseline forecast information under the high price scenario. State sales and use tax revenue from the “fourth penny” under the same baseline scenarios is projected as shown in Table I.3.

Proforma Estimates under the Proposed Law

The proposed changes in the state excise tax, combined with the elimination of the second motor fuels tax and the “fourth penny” state sales tax, the capping of local sales taxes on motor fuels under Sections 5-8 through 5-12, and other changes under the bill, are expected to have behavioral effects on fuel consumption and thus revenues. These expected effects arise first if the tax inclusive fuel price changes as a result of the tax changes and second because of the unequal treatment of excise and sales taxes under IFTA.

Under the two fuel price scenarios, the effect of the proposed changes is to increase tax inclusive prices of gasoline by between 2.4 and 3.0 percent and diesel fuel by between 1.2 and 1.9 percent on average over the 2016-2020 period compared to the current law baseline prices, resulting in a behavioral response by fuel purchasers. Inflationary adjustments to the excise tax in the low and high fuel price cases are based, respectively, on the average annual rate of CPI inflation from 2004 through 2014 (about 2.3 percent annually) and the average over the same period excluding 2009 (about 2.6 percent). The price elasticity of fuel purchasers assumed in both cases to estimate the behavioral response is -0.43, based on estimates from the economic literature, or a 0.43 percent decline in consumption for a 1 percent increase in price.

An additional adjustment factor accounts for the IFTA treatment of sales versus excise taxes. Currently, under Georgia’s hybrid tax system, the state “fourth penny” and the local sales taxes on motor fuel are not credited to long haul truckers under the IFTA system while state excise taxes are credited. Thus when IFTA participating trucks purchase diesel in Georgia, roughly 12 cents per gallon in these taxes does not get credited to the IFTA account. This can have the effect of making diesel more expensive in Georgia on an after tax basis when compared to other states. By creating an excise only state motor fuel tax and extending the sales tax exemption on motor fuels to cover the full state sales tax, all state motor fuel taxes would be credited to the carrier under IFTA. The proposed change in Georgia’s motor fuel tax structure reduces the existing disincentive for IFTA carriers to buy motor fuel in Georgia. The proposed income tax credit under Section 5-1A of the bill for local sales taxes on motor fuel for IFTA carriers

would likely have a similar effect for those able to utilize the credit against their Georgia income tax liability.

To account for this change in incentives, it is assumed that the current IFTA differential in Georgia credits, when eliminated as a result of the proposed changes, together with the retail price effects of higher total fuel taxes and the income tax credit, represents an average effective price reduction in diesel of 6.4 cents per gallon. DOR reports the gallons of IFTA credited diesel fuel purchased in Georgia in 2014 at 460.3 million gallons, roughly 36 percent of all diesel purchased in the state in 2014. Using the estimated price elasticity for gas and diesel of -0.43, an additional 24 million gallons of diesel fuel would be expected to be purchased annually in Georgia compared to the low price baseline. As the effective date of the law is July 1, 2015, there is a half year effect on diesel sales in calendar 2015. It is possible that the long haul truckers in the IFTA system have a higher price elasticity for diesel than the average diesel consumer due to the large fuel capacity of long haul trucks, giving them greater flexibility as to where or when to fill up. To account for this, the elasticity is increased by 50 percent to -0.65 for the high price scenario, increasing the response in terms of the amount of diesel fuel purchased to 36 million gallons. The additional motor fuel tax revenues from these additional fuel purchases are included in the proforma projections of revenues for each scenario under the proposed law.

Table I.4 below provides the projected state motor fuel tax revenue under the proposed bill and the changes from current law baseline projections, the latter indicating the effect on revenues dedicated to transportation from these bill provisions.

Sections 3-1 through 3-3 – Highway User Impact Fees

Sections 3-1 and 3-2 change the definition of alternative fuel vehicles and set registration fees for said vehicles. Alternative fuel vehicles are now only those powered solely by electricity, natural gas, and propane. A registration fee of \$200 is charged for noncommercial vehicles and \$300 for commercial vehicles. These fees are to be adjusted annually by the change in the Consumer Price Index (CPI) beginning January 1, 2016. Data from the Georgia Department of Revenue (DOR), the Georgia Statistics System and the Energy Information Administration (EIA) were used to estimate the number of qualifying vehicles under the new definition.

The CPI annual average change was calculated from 2003-2014. As those years include the drop in costs due to the great recession the full average is used in the low growth estimates while the average annual change with the low year of 2009 removed, is used to estimate the high growth amount. Table II.1 shows the additional estimated revenue to the state from House Bill LC 34 4630S sections 3-1 and 3-2.

Section 5-3 repeals the jet fuel exemption for qualified airlines. The revenue effect of the repeal of the jet fuel partial exemption has been estimated previously in fiscal notes and the Tax Expenditure Report for FY 2016. These previous estimates provide the bases for the estimates summarized in Table II.5.

Section 5-3 also repeals the two sales tax holidays have been estimated previously in fiscal notes, the Tax Expenditure Report for FY 2016, or both. These previous estimates provide the bases for the estimates summarized in Table II.5.

Section 5-15 – Rental Car Fee

Section 5-15 imposes a new \$5 daily fee on all vehicles rented from rental car companies located in the state. The estimate assumes that a rental day is defined in the same manner that the rental car operation computes a rental day. The projected revenue gain to the state from this fee is shown in Table II.6. The fee will apply to all vehicles rented on or after July 1, 2015.

The revenue estimate is based on national rental car revenue data shared down to represent activity in Georgia. National revenue and volume data was obtained from Auto Rental News for 2013 and 2014 and from various company annual financial reports. The revenue data was shared to Georgia based on employment figures for 2012 and 2013 from the U.S. Census Bureau for the NAICS code 532111. The Georgia industry revenue was divided by a revenue per day figure of about \$40 to determine the number of transaction days for the rental car industry in Georgia in 2014. The revenue estimate assumes an annual growth rate of 1.9 percent annually.

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 8 of Title 48 of the Official Code of Georgia Annotated, relating to sales and use taxes, so as to provide for an additional exemption to the ceiling on local sales and use taxes which may be levied by a political subdivision; to provide for a

revised distribution of the proceeds from the levy of an equalized homestead option sales and use tax; to provide for the levy of a special purpose local options sales and use tax in certain counties; to provide for procedures, conditions, and limitations; to provide for a short title; to provide for related matters; to provide for an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 8 of Title 48 of the Official Code of Georgia Annotated, relating to sales and use taxes, is amended in Code Section 48-8-6, relating to the ceiling on local sales and use taxes, by revising paragraph (2) of subsection (a) as follows:

"(2) Any tax levied for purposes of a metropolitan area system of public transportation, as authorized by the amendment to the Constitution set out at Georgia Laws, 1964, page 1008; the continuation of such amendment under Article XI, Section I, Paragraph IV(d) of the Constitution; and the laws enacted pursuant to such constitutional amendment; provided, however, that the exception provided for under this paragraph shall only apply:

(A) In a county in which a tax is being imposed under subparagraph (a)(1)(D) of Code Section 48-8-111 in whole or in part for the purpose or purposes of a water capital outlay project or projects, a sewer capital outlay project or projects, a water and sewer capital outlay project or projects, water and sewer projects and costs as defined under paragraph (4) of Code Section 48-8-200, or any combination thereof and with respect to which the county has entered into an intergovernmental contract with a municipality, in which the average waste-water system flow of such municipality is not less than 85 million gallons per day, allocating proceeds to such municipality to be used solely for water and sewer projects and costs as defined under paragraph (4) of Code Section 48-8-200. The exception provided for under this subparagraph shall apply only during the period the tax under ~~said~~ such subparagraph (a)(1)(D) is in effect. The exception provided for under this subparagraph shall not apply in any county in which a tax is being imposed under Article 2A of this chapter; ~~or~~

(B) In a county in which the tax levied for purposes of a metropolitan area system of public transportation is first levied after January 1, 2010, and before November 1, 2016. Such tax shall not apply to the following:

(i) The sale or use of jet fuel to or by a qualifying airline at a qualifying airport. For purposes of this division, a 'qualifying airline' means any person which is authorized by the Federal Aviation Administration or another appropriate agency of the United States to operate as an air carrier under an air carrier operating certificate and which provides regularly scheduled flights for the transportation of passengers or cargo for hire. For purposes of this division, a 'qualifying airport' means any airport in ~~the~~ this state that has had more than 750,000 takeoffs and landings during a calendar year; and

(ii) The sale of motor vehicles; or
(C) In a county in which a tax is levied and collected pursuant to Part 2 of Article 2A of this chapter;"

SECTION 2.

Said chapter is further amended by revising Article 2A, relating to the homestead option sales and use tax, as follows:

"Part 1

48-8-100.

This ~~article~~ part shall be known and may be cited as the 'Homestead Option Sales and Use Tax Act.'

48-8-101.

As used in this ~~article~~ part, the term:

- (1) 'Ad valorem taxes for county purposes' means any and all ad valorem taxes for county maintenance and operation purposes levied by, for, or on behalf of the county, excluding taxes to retire general obligation bonded indebtedness of the county.
- (2) 'Existing municipality' means a municipality created prior to January 1, 2007, lying wholly within or partially within a county.
- (3) 'Homestead' means homestead as defined and qualified in Code Section 48-5-40, with the additional qualification that it shall include only the primary residence and not more than five contiguous acres of land immediately surrounding such residence.
- (4) 'Qualified municipality' means a municipality created on or after January 1, 2007, lying wholly within or partially within a county.

48-8-101.1.

It is the intent of the General Assembly that the proceeds of the homestead option sales and use tax be distributed equitably to the counties and qualified municipalities such that the residents of a new incorporated municipality will continue to receive a benefit from that tax substantially equal to the benefit they would have received if the area covered by the municipality had not incorporated. The provisions of this ~~article~~ part shall be liberally construed to effectuate such intent.

48-8-102.

- (a) Pursuant to the authority granted by Article IX, Section II, Paragraph VI of the Constitution of this state, there are created within this state 159 special districts. The geographical boundary of each county shall correspond with and shall be conterminous with the geographical boundary of one of the 159 special districts.
- (b) When the imposition of a local sales and use tax is authorized according to the procedures provided in this ~~article~~ part within a special district, the county whose geographical boundary is conterminous with that of the special district shall levy a local

sales and use tax at the rate of 1 percent. Except as to rate, the local sales and use tax shall correspond to the tax imposed and administered by Article 1 of this chapter. No item or transaction which is not subject to taxation by Article 1 of this chapter shall be subject to the sales and use tax levied pursuant to this ~~article~~ part, except that the sales and use tax provided in this ~~article~~ part shall be applicable to sales of motor fuels as prepaid local tax as ~~that~~ such term is defined in Code Section 48-8-2 and shall be applicable to the sale of food and food ingredients and alcoholic beverages only to the extent provided for in paragraph (57) of Code Section 48-8-3.

(c)(1) Except as otherwise provided in paragraph (2) of this subsection, the proceeds of the sales and use tax levied and collected under this ~~article~~ part shall be used only for the purposes of funding capital outlay projects and of funding services within a special district equal to the revenue lost to the homestead exemption as provided in Code Section 48-8-104 and, in the event excess funds remain following the expenditure for such purposes, such excess funds shall be expended as provided in subparagraph (c)(2)(C) of Code Section 48-8-104.

(2) Prior to January 1 of the year immediately following the first complete calendar year in which the sales and use tax under this ~~article~~ part is imposed, such proceeds may be used for funding all or any portion of those services which are to be provided by the governing authority of the county whose geographic boundary is conterminous with that of the special district pursuant to and in accordance with Article IX, Section II, Paragraph III of the Constitution of this state.

(d) Such sales and use tax shall only be levied in a special district following the enactment of a local Act which provides for a homestead exemption of an amount to be determined from the amount of sales and use tax collected under this ~~article~~ part. Such exemption shall commence with taxable years beginning on or after January 1 of the year immediately following the first complete calendar year in which the sales and use tax under this ~~article~~ part is levied. Any such local Act shall incorporate by reference the terms and conditions specified under this ~~article~~ part. Any such local Act shall not be subject to the provisions of Code Section 1-3-4.1. Any such homestead exemption under this ~~article~~ part shall be in addition to and not in lieu of any other homestead exemption applicable to county taxes for county purposes within the special district. Notwithstanding any provision of such local Act to the contrary, the referendum which shall otherwise be required to be conducted under such local Act shall only be conducted if the resolution required under subsection (a) of Code Section 48-8-103 is adopted prior to the issuance of the call for the referendum under the local Act by the election superintendent. If such ordinance is not adopted by that date, the referendum otherwise required to be conducted under the local Act shall not be conducted.

(e) No sales and use tax shall be levied in a special district under this ~~article~~ part in which a tax is levied and collected under Article 2 of this chapter.

48-8-103.

(a) Whenever the governing authority of any county whose geographic boundary is conterminous with that of the special district wishes to submit to the electors of the

special district the question of whether the sales and use tax authorized by Code Section 48-8-102 shall be imposed, any such governing authority shall notify the election superintendent of the county whose geographical boundary is conterminous with that of the special district by forwarding to the superintendent a copy of a resolution of the governing authority calling for a referendum election. Upon receipt of the resolution, it shall be the duty of the election superintendent to issue the call for an election for the purpose of submitting the question of the imposition of the sales and use tax to the voters of the special district for approval or rejection. The election superintendent shall issue the call and shall conduct the election on a date and in the manner authorized under Code Section 21-2-540. Such election shall only be conducted on the date of and in conjunction with a referendum provided for by local Act on the question of whether to impose a homestead exemption within such county and based on the amount of proceeds from the sales and use tax levied and collected pursuant to this ~~article~~ part. The election superintendent shall cause the date and purpose of the election to be published once a week for two weeks immediately preceding the date of the election in the official organ of such county. The ballot shall have written or printed thereon the following statement which shall precede the ballot question specified in this subsection and the ballot question specified by the required local Act:

'NOTICE TO ELECTORS: Unless **BOTH** the homestead exemption **AND** the retail homestead option sales and use tax are approved, then neither the exemption nor the sales and use tax shall become effective.'

Such statement shall be followed by the following:

- () YES Shall a retail homestead option sales and use tax of 1 percent be levied within the special district within _____ County for the purposes of funding capital outlay projects and of funding services to replace revenue lost to an additional homestead exemption of up to 100 percent of the assessed value of homesteads from county taxes for county purposes?'
- () NO

Notwithstanding any other provision of law to the contrary, the statement, ballot question, and local Act ballot question referred to in this subsection shall precede any and all other ballot questions calling for the levy or imposition of any other sales and use tax which are to appear on the same ballot.

(b) All persons desiring to vote in favor of levying the sales and use tax shall vote 'Yes,' and those persons opposed to levying the tax shall vote 'No.' If more than one-half of the votes cast are in favor of levying the tax and approving the local Act providing such homestead exemption, then the tax shall be levied in accordance with this ~~article~~ part; otherwise, the sales and use tax may not be levied, and the question of the imposition of the sales and use tax may not again be submitted to the voters of the special district until after 24 months immediately following the month in which the election was held. It shall be the duty of the election superintendent to hold and conduct such elections under the same rules and regulations as govern special elections. It shall be the superintendent's further duty to canvass the returns, declare the result of

the election, and certify the result to the Secretary of State and to the commissioner. The expense of the election shall be borne by the county whose geographical boundary is conterminous with that of the special district holding the election.

(c) If the imposition of the sales and use tax provided in Code Section 48-8-102 is approved in a referendum election as provided by subsections (a) and (b) of this Code section, the governing authority of the county whose geographical boundary is conterminous with that of the special district shall adopt a resolution during the first 30 days following the certification of the result of the election imposing the sales and use tax authorized by Code Section 48-8-102 on behalf of the county whose geographical boundary is conterminous with that of the special district. The resolution shall be effective on the first day of the next succeeding calendar quarter which begins more than 80 days after the adoption of the resolution. With respect to services which are billed on a regular monthly basis, however, the resolution shall become effective with the first regular billing period coinciding with or following the otherwise effective date of the resolution. A certified copy of the resolution shall be forwarded to the commissioner so that it will be received within five days after its adoption.

48-8-104.

(a) The sales and use tax levied pursuant to this ~~article~~ part shall be exclusively administered and collected by the commissioner for the use and benefit of each county whose geographical boundary is conterminous with that of a special district. Such administration and collection shall be accomplished in the same manner and subject to the same applicable provisions, procedures, and penalties provided in Article 1 of this chapter except that the sales and use tax provided in this ~~article~~ part shall be applicable to sales of motor fuels as prepaid local tax as ~~that~~ such term is defined in Code Section 48-8-2; provided, however, that all moneys collected from each taxpayer by the commissioner shall be applied first to such taxpayer's liability for taxes owed the state. Dealers shall be allowed a percentage of the amount of the sales and use tax due and accounted for and shall be reimbursed in the form of a deduction in submitting, reporting, and paying the amount due if such amount is not delinquent at the time of payment. The deduction shall be at the rate and subject to the requirements specified under subsections (b) through (f) of Code Section 48-8-50.

(b) Each sales and use tax return remitting sales and use taxes collected under this ~~article~~ part shall separately identify the location of each retail establishment at which any of the sales and use taxes remitted were collected and shall specify the amount of sales and the amount of taxes collected at each establishment for the period covered by the return in order to facilitate the determination by the commissioner that all sales and use taxes imposed by this ~~article~~ part are collected and distributed according to situs of sale.

(c) The proceeds of the sales and use tax collected by the commissioner in each special district under this ~~article~~ part shall be disbursed as soon as practicable after collection as follows:

(1) One percent of the amount collected shall be paid into the general fund of the

state treasury in order to defray the costs of administration;

(2) Except for the percentage provided in paragraph (1) of this subsection and the amount determined under subsections (d) and (e) of this Code section, the remaining proceeds of the sales and use tax shall be distributed to the governing authority of the county whose geographical boundary is conterminous with that of the special district; provided, however, that a county and any qualified municipality shall be authorized by intergovernmental agreement to waive the equalization amount otherwise required under subsections (d) and (e) of this Code section and provide for a different distribution amount. In the event of such waiver, except for the percentage provided in paragraph (1) of this subsection, the remaining proceeds of the sales and use tax shall be distributed to the governing authority of the county whose geographical boundary is conterminous with that of the special district. As a condition precedent for the authority to levy the sales and use tax or to collect any proceeds from the tax authorized by this ~~article~~ part for the year following the first complete calendar year in which it is levied and for all subsequent years except the year following the year in which the sales and use tax is terminated under Code Section 48-8-106, the county whose geographical boundary is conterminous with that of the special district shall, except as otherwise provided in subsection (c) of Code Section 48-8-102, expend such proceeds as follows:

(A) A portion of such proceeds shall be expended for the purpose of funding capital outlay projects as follows:

(i) The governing authority of the county whose geographical boundary is conterminous with that of the special district shall establish the capital factor which shall not exceed .200 and, for a county in which a qualified municipality is located, shall not be less than the level required by subsection (d) of this Code section; therefore, at a minimum, the county shall set the capital factor at a level that yields an amount of capital outlay proceeds that is equal to or greater than the sum of all equalization amounts due qualified municipalities and existing municipalities under subsection (e) of this Code section; and

(ii) Capital outlay projects shall be funded in an amount equal to the product of the capital factor multiplied by the net amount of the sales and use tax proceeds collected under this ~~article~~ part during the previous calendar year, and this amount shall be referred to as capital outlay proceeds in subsections (d) and (e) of this Code section;

(B) A portion of such proceeds shall be expended for the purpose of funding services within the special district equal to the revenue lost to the homestead exemption as provided in this Code section as follows:

(i) The homestead factor shall be calculated by multiplying the quantity 1.000 minus the capital factor times an amount equal to the net amount of sales and use tax collected in the special district pursuant to this ~~article~~ part for the previous calendar year, and then dividing by the taxes levied for county purposes on only that portion of the county tax digest that represents net assessments on qualified homestead property after all other homestead exemptions have been applied,

rounding the result to three decimal places;

(ii) If the homestead factor is less than or equal to 1.000, the amount of homestead exemption created under this ~~article~~ part on qualified homestead property shall be equal to the product of the homestead factor multiplied times the net assessment of each qualified homestead remaining after all other homestead exemptions have been applied; and

(iii) If the homestead factor is greater than 1.000, the homestead exemption created by this ~~article~~ part on qualified homestead property shall be equal to the net assessment of each homestead remaining after all other homestead exemptions have been applied; and

(C) If any of such proceeds remain following the distribution provided for in subparagraphs (A) and (B) of this paragraph and subsections (d) and (e) of this Code section:

(i) The millage rate levied for county purposes shall be rolled back in an amount equal to such excess divided by the net taxable digest for county purposes after deducting all homestead exemptions including the exemption under this ~~article~~ part; and

(ii) In the event the rollback created by division (i) of this subparagraph exceeds the millage rate for county purposes, the governing authority of the county whose boundary is conterminous with the special district shall be authorized to expend the surplus funds for funding all or any portion of those services which are to be provided by such governing authorities pursuant to and in accordance with Article IX, Section II, Paragraph III of the Constitution of this state.

(d)(1) The commissioner shall distribute to the governing authority of each qualified municipality located in the special district a share of the capital outlay proceeds calculated as provided in this subsection and subsection (e) of this Code section which proceeds shall be expended for the purpose of funding capital outlay projects of such municipality.

(2) Both the tax commissioner and the governing authority for the county in which a qualified municipality is located shall cooperate with and assist the commissioner in the calculation of the equalization amounts under subsection (e) of this Code section and shall, on or before July 1 of each year, provide to the commissioner and the governing authority of each qualified municipality written certification of the following:

(A) The capital factor set by the county for the current calendar year; provided, however, that the capital factor may not exceed 0.200;

(B) The total amount, if any, due to be paid to existing municipalities from the capital outlay proceeds as required by any intergovernmental agreement between the county and such municipalities;

(C) The incorporated county millage rate in each qualified municipality;

(D) The net homestead digest for each qualified municipality;

(E) The total homestead digest; and

(F) The unincorporated county millage rate.

If the tax commissioner and the governing authority of the county fail to provide such certification on or before July 1, the commissioner shall not distribute to such county any additional proceeds of the sales and use tax collected after July 1 unless and until such certification is provided.

(3) The commissioner shall then calculate the equalization amount due each qualified municipality based on the certifications provided by the tax commissioner and the governing authority of the county and pay such amount to the governing authority of each qualified municipality in six equal monthly payments as soon as practicable during or after each of the last six months of the current calendar year. In the event an existing municipality that has entered into an intergovernmental agreement with a county at any time before January 1, 2007, to receive capital outlay proceeds of the homestead option sales and use tax and such intergovernmental agreement has become or does become null and void for any reason, such existing municipality shall be treated under this ~~article~~ part the same as if it were a qualified municipality as defined in paragraph (4) of Code Section 48-8-101 and therefore receive payment of equalization amounts under this ~~article~~ part as provided for under this ~~article~~ part. The commissioner shall distribute to the governing authority of the county each month the net sales and use tax remaining after payment of equalization amounts to the qualified municipalities.

(e)(1) As used in this subsection, the term:

(A) 'Equalization amount' means for a qualified municipality the product of the equalization millage times the net homestead digest for that qualified municipality.

(B) 'Equalization millage' means for each qualified municipality the product of the homestead factor calculated pursuant to division (c)(2)(B)(i) of this Code section times the difference between the unincorporated county millage rate and the incorporated county millage rate for that qualified municipality.

(C) 'Incorporated county millage rate' means the millage rate for all ad valorem taxes for county purposes levied by the county in each of the qualified municipalities in the county.

(D) 'Net homestead digest' means for each qualified municipality the total net assessed value of all qualified homestead property located in that portion of the qualified municipality located in the county remaining after all other homestead exemptions are applied.

(E) 'Total homestead digest' means the total net assessed value of all qualified homestead property located in the county remaining after all other homestead exemptions are applied.

(F) 'Unincorporated county millage rate' means the millage rate for all ad valorem taxes for county purposes levied by the county in the unincorporated areas of the county.

(2) For illustration purposes, a hypothetical example of the calculation of the equalization amount is provided below.

First, calculate the homestead factor in accordance with division (c)(2)(B)(i) of this Code section as follows:

(A) Capital factor certified by county as required by subsection (d) of this Code section	0.150
(B) Net amount of sales and use tax collected in the special district pursuant to this article <u>part</u> for the previous calendar year	\$ 50 million
(C) Taxes levied for county purposes on only that portion of the county tax digest that represents net assessments on qualified homestead property after all other homestead exemptions have been applied	\$100 million
(D) Calculation of homestead factor using figures above = $[(1-.0150)(\$50 \text{ million}/\$100 \text{ million})]$.425

Next, calculate the equalization amount in accordance with paragraph (1) of this subsection as follows:

(E) Unincorporated county millage rate	15.0 mills
(F) Minus the incorporated county millage rate for qualified municipality 'Y'	(10.0 mills)
Difference:	= 5.0 mills
(G) Times homestead factor (calculated above)	x .425
(H) Equals the equalization millage:	= 2.125 mills
(I) Times net homestead digest for qualified municipality 'Y'	\$200 million
(J) Equals the equalization amount payable to municipality 'Y'	\$ 425,000.00

(3) In the event the total amount payable in a calendar year to all existing municipalities as certified by the county pursuant to subparagraph (d)(2)(B) of this Code section plus the total equalization amount payable to all qualified municipalities in the special district exceeds the capital outlay proceeds calculated based on a maximum capital factor of 0.200, the commissioner shall pay to the governing authority of each qualified municipality a share of such proceeds calculated as follows:

- (A) Determine the capital outlay proceeds based on a maximum capital factor of 0.200;
- (B) Subtract the amount certified by the county as payable to existing

municipalities pursuant to subparagraph (d)(2)(B) of this Code section;

(C) The remaining amount equals the portion of the capital outlay proceeds that may be used by the commissioner to pay equalization amounts to qualified municipalities.

The commissioner shall calculate each qualified municipality's share of such remaining amount by dividing the net homestead digest for each qualified municipality by the total homestead digest for all municipalities.

(4) In the event the incorporated county millage rate for a qualified municipality is greater than the unincorporated county millage rate, no payment shall be due from the governing authority of the qualified municipality to the governing authority of the county.

(5) In the event the amount of capital outlay proceeds exceeds the sum of the equalization amounts due all qualified municipalities plus the total amount certified under subparagraph (d)(2)(B) of this Code section as due all existing municipalities, the commissioner shall distribute to each qualified municipality a portion of such excess equal to the net homestead digest for such municipality divided by the total homestead digest.

(6) If any qualified municipality is located partially in the county then only that portion so located shall be considered in the calculations contained in this subsection.

48-8-105.

Where a local sales or use tax has been paid with respect to tangible personal property by the purchaser either in another local tax jurisdiction within ~~the~~ this state or in a tax jurisdiction outside ~~the~~ this state, the sales and use tax may be credited against the sales and use tax authorized to be imposed by this ~~article~~ part upon the same property. If the amount of sales or use tax so paid is less than the amount of the use tax due under this ~~article~~ part, the purchaser shall pay an amount equal to the difference between the amount paid in the other tax jurisdiction and the amount due under this ~~article~~ part. The commissioner may require such proof of payment in another local tax jurisdiction as the commissioner deems necessary and proper. No credit shall be granted, however, against the sales and use tax imposed under this ~~article~~ part for tax paid in another jurisdiction if the sales and use tax paid in such other jurisdiction is used to obtain a credit against any other local sales and use tax levied in the special district or in the county which is conterminous with the special district; and sales and use taxes so paid in another jurisdiction shall be credited first against the sales and use tax levied under this ~~article~~ part and then against the sales and use tax levied under Article 3 of this chapter, if applicable.

48-8-106.

(a) Whenever the governing authority of any county whose geographic boundary is conterminous with that of the special district in which the sales and use tax authorized by this ~~article~~ part is being levied wishes to submit to the electors of the special district the question of whether the sales and use tax authorized by Code Section 48-8-102 shall

be discontinued, the governing authority shall notify the election superintendent of the county whose geographical boundary is conterminous with that of the special district by forwarding to the superintendent a copy of a resolution of the governing authority calling for the referendum election. Upon receipt of the resolution, it shall be the duty of the election superintendent to issue the call for an election for the purpose of submitting the question of discontinuing the levy of the sales and use tax to the voters of the special district for approval or rejection. The election superintendent shall issue the call and shall conduct the election on a date and in the manner authorized under Code Section 21-2-540. Such election shall ~~only~~ be conducted only on the date of and in conjunction with a referendum provided for by local Act on the question of whether to repeal the homestead exemption within such county which is funded from the proceeds of the sales and use tax levied and collected pursuant to this ~~article~~ part. The election superintendent shall cause the date and purpose of the election to be published once a week for two weeks immediately preceding the date of the election in the official organ of such county. The ballot shall have written or printed thereon the following:

- ' () YES Shall the 1 percent retail homestead option sales and use tax being levied within the special district within _____ County for the purposes of funding capital outlay projects and of funding services to replace revenue lost to an additional homestead exemption of up to 100 percent of the assessed value of homesteads from county taxes for county purposes be terminated?'
- () NO

Part 2

48-8-109.1.

This part shall be known and may be cited as the 'Equalized Homestead Option Sales Tax Act of 2015.'

48-8-109.2.

In any county where a homestead option sales and use tax under Part 1 of this article and a sales tax for purposes of a metropolitan area system of public transportation, as authorized by the amendment to the Constitution set out at Georgia Laws, 1964, page 1008; the continuation of such amendment under Article XI, Section I, Paragraph IV(d) of the Constitution; and the laws enacted pursuant to such constitutional amendment, are being levied, the county governing authority may choose to submit to the electors of the special district the question of whether to suspend the sales and use tax authorized by Code Section 48-8-102 and replace such tax with a sales and use tax authorized by this part. Such referendum shall only be held in conjunction with a referendum submitting to the electors of the special district the question of whether to approve a

special purpose local option sales and use tax pursuant to the provisions of Part 1 of Article 3 of this chapter. The electors of the special district must approve both of the sales and use taxes in order for either of them to be implemented. If either of the sales and use taxes is not approved by the electors, the homestead option sales and use tax under Part 1 of this article shall be continued in full force and effect.

48-8-109.3.

(a) Pursuant to the authority granted by Article IX, Section II, Paragraph VI of the Constitution of this state, there are created within this state 159 special districts. The geographical boundary of each county shall correspond with and shall be conterminous with the geographical boundary of one of the 159 special districts.

(b) When the imposition of a local sales and use tax is authorized according to the procedures provided in this part within a special district, the county whose geographical boundary is conterminous with that of the special district shall levy a local sales and use tax at the same rate as provided in Part 1 of this article. Except as otherwise provided in this part, the local sales and use tax shall correspond to the tax imposed and administered by Part 1 of this article. The local sales and use tax levied pursuant to this part shall apply to all items and transactions subject to taxation pursuant to Part 1 of this article. No item or transaction which is not subject to taxation pursuant to Part 1 of this article shall be subject to the tax levied pursuant to this part.

(c) No sales and use tax shall be levied in a special district under this part in which a tax is levied and collected under Article 2 of this chapter.

48-8-109.4.

(a) Whenever the governing authority of any county whose geographic boundary is conterminous with that of the special district wishes to submit to the electors of the special district the question of whether the sales and use tax authorized by this part shall be imposed, any such governing authority shall notify the election superintendent of the county whose geographical boundary is conterminous with that of the special district by forwarding to the superintendent a copy of a resolution of the governing authority calling for a referendum election. Upon receipt of the resolution, it shall be the duty of the election superintendent to issue the call for an election for the purpose of submitting the question of the imposition of the sales and use tax to the voters of the special district for approval or rejection. The election superintendent shall issue the call and shall conduct the election on a date and in the manner authorized under Code Section 21-2-540. Such election shall only be held in conjunction with a referendum submitting to the electors of the special district the question of whether to approve a special purpose local option sales and use tax pursuant to the provisions of Part 1 of Article 3 of this chapter. The electors of the special district must approve both of the sales and use taxes in order for either of them to be implemented. If either of the taxes is not approved by the electors, the homestead option sales and use tax under Part 1 of this article shall be continued in full force and effect. If the sales and use tax under Part 1 of Article 3 of this chapter is not renewed, the sales and use tax under Part 1 of this article shall

replace the sales and use tax under this part upon expiration of the sales and use tax under Part 1 of Article 3 of this chapter. The election superintendent shall cause the date and purpose of the election to be published once a week for two weeks immediately preceding the date of the election in the official organ of such county. The ballot shall have written or printed thereon the following statement which shall precede the ballot question specified in this subsection:

'NOTICE TO ELECTORS: Unless **BOTH** the equalized homestead option sales and use tax **AND** the special purpose local option sales and use tax are approved, then neither sales and use tax shall become effective.'

Such statement shall be followed by the following:

- ' () YES Shall an equalized homestead option sales and use tax be levied and the regular homestead option sales and use tax be suspended within
() NO the special district within _____ County for the purposes of
reducing the ad valorem property tax millage rates levied by county
and municipal governments on homestead properties?'

Notwithstanding any other provision of law to the contrary, the statement and ballot question referred to in this subsection shall precede any and all other ballot questions which are to appear on the same ballot.

(b) All persons desiring to vote in favor of levying the sales and use tax shall vote 'Yes,' and those persons opposed to levying the tax shall vote 'No.' If more than one-half of the votes cast are in favor of levying the tax, then the tax shall be levied in accordance with this part; otherwise, the sales and use tax may not be levied, and the question of the imposition of the sales and use tax may not again be submitted to the voters of the special district until after 24 months immediately following the month in which the election was held. It shall be the duty of the election superintendent to hold and conduct such elections under the same rules and regulations as govern special elections. It shall be the superintendent's further duty to canvass the returns, declare the result of the election, and certify the result to the Secretary of State and to the commissioner. The expense of the election shall be borne by the county whose geographical boundary is conterminous with that of the special district holding the election.

(c) If the imposition of the sales and use tax provided in this part is approved in a referendum election as provided by subsections (a) and (b) of this Code section, the governing authority of the county whose geographical boundary is conterminous with that of the special district shall adopt a resolution during the first 30 days following the certification of the result of the election imposing the sales and use tax authorized in this part on behalf of the county whose geographical boundary is conterminous with that of the special district. The resolution shall be effective on the first day of the next succeeding calendar quarter which begins more than 80 days after the adoption of the resolution. With respect to services which are billed on a regular monthly basis, however, the resolution shall become effective with the first regular billing period coinciding with or following the otherwise effective date of the resolution. A certified

copy of the resolution shall be forwarded to the commissioner so that it will be received within five days after its adoption.

48-8-109.5.

(a) The sales and use tax levied pursuant to this part shall be exclusively administered and collected by the commissioner for the use and benefit of each county whose geographical boundary is conterminous with that of a special district. Such administration and collection shall be accomplished in the same manner and subject to the same applicable provisions, procedures, and penalties provided in Article 1 of this chapter except that the sales and use tax provided in this part shall be applicable to sales of motor fuels as prepaid local tax as such term is defined in Code Section 48-8-2, to the same extent that sales of motor fuels are subject to taxation pursuant to Part 1 of this article; provided, however, that all moneys collected from each taxpayer by the commissioner shall be applied first to such taxpayer's liability for taxes owed the state. Dealers shall be allowed a percentage of the amount of the sales and use tax due and accounted for and shall be reimbursed in the form of a deduction in submitting, reporting, and paying the amount due if such amount is not delinquent at the time of payment. The deduction shall be at the rate and subject to the requirements specified under subsections (b) through (f) of Code Section 48-8-50.

(b) Each sales and use tax return remitting sales and use taxes collected under this part shall separately identify the location of each retail establishment at which any of the sales and use taxes remitted were collected and shall specify the amount of sales and the amount of taxes collected at each establishment for the period covered by the return in order to facilitate the determination by the commissioner that all sales and use taxes imposed by this part are collected and distributed according to situs of sale.

(c) The proceeds of the sales and use tax collected by the commissioner in each special district under this part shall be disbursed as soon as practicable after collection as follows:

(1) One percent of the amount collected shall be paid into the general fund of the state treasury in order to defray the costs of administration; and

(2) The remaining proceeds shall be disbursed to the governing authority of the county whose geographical boundary is conterminous with that of the special district, and each municipality located wholly or partially therein, and shall be utilized as follows:

(A) First, the proceeds shall be used to roll back, and eliminate if possible, the millage rates for any county ad valorem property tax line items levied uniformly throughout the county on homestead properties, including in all municipalities; and

(B) Next, any remaining proceeds shall be used to roll back at an equal and uniform rate across both of the following categories, and eliminate if possible:

(i) The millage rates for any county ad valorem property tax line items levied only in unincorporated portions of the county on homestead properties; and

(ii) The millage rates for any municipal ad valorem property tax line items levied in every municipality located wholly or partially in the county on homestead

properties but not in unincorporated portions of the county.

If any municipality is located partially in the special district, then only that portion so located shall be considered in the calculations contained in this subsection.

(d) The form to collect ad valorem tax prepared by the county tax commissioner shall reflect the full amount owed by the taxpayer pursuant to the millage rates set by the county governing authority and any municipal governing authority. Under a separate heading, the form shall reflect the deductions from the gross ad valorem tax amount realized through the application of proceeds from the equalized homestead option sales and use tax.

(e) Notwithstanding any provision of law to the contrary except subsection (f) of this Code section, in any county levying a tax under this part, a tax levied pursuant to the provisions of Part 1 of Article 3 of this chapter in a special district in such county shall be strictly divided between the unincorporated portions of the county whose geographical boundary is conterminous with that of the special district and the municipalities wholly or partially located within the special district on a per capita basis, based on the most recent decennial census, unless altered by an intergovernmental agreement between the county and all municipalities wholly located within the special district. For as long as a municipality located within the special district and incorporated after the effective date of this Code section does not maintain the roads, streets, sidewalks, and bicycle paths within its territorial boundaries and relies upon the county governing authority for such maintenance, such municipality's per capita share of the proceeds of the tax levied pursuant to Part 1 of Article 3 of this chapter shall be paid to the county governing authority. Notwithstanding any provision of law to the contrary, the department shall disburse directly to the county and each municipality its share of the proceeds of the tax levied pursuant to Part 1 of Article 3 of this chapter.

(f) The tax levied in the special district under Part 1 of Article 3 of this chapter shall not be levied within the boundaries of any municipality wholly or partially located within the special district that is levying a tax pursuant to Article 4 of this chapter. No proceeds from the tax levied in the special district under Part 1 of Article 3 of this chapter shall be disbursed to any such municipality. Upon the expiration of the tax levied under Article 4 of this chapter in such municipality, the tax in the special district under Part 1 of Article 3 of this chapter shall be levied within such municipality and proceeds shall be disbursed to such municipality in accordance with this part.

48-8-109.6.

Where a local sales or use tax has been paid with respect to tangible personal property by the purchaser either in another local tax jurisdiction within this state or in a tax jurisdiction outside this state, the sales and use tax may be credited against the sales and use tax authorized to be imposed by this part upon the same property. If the amount of sales or use tax so paid is less than the amount of the use tax due under this part, the purchaser shall pay an amount equal to the difference between the amount paid in the other tax jurisdiction and the amount due under this part. The commissioner may

require such proof of payment in another local tax jurisdiction as the commissioner deems necessary and proper. No credit shall be granted, however, against the sales and use tax imposed under this part for tax paid in another jurisdiction if the sales and use tax paid in such other jurisdiction is used to obtain a credit against any other local sales and use tax levied in the special district or in the county which is conterminous with the special district; and sales and use taxes so paid in another jurisdiction shall be credited first against the sales and use tax levied under this part and then against the sales and use tax levied under Article 3 of this chapter, if applicable.

48-8-109.7.

(a) Whenever the governing authority of any county whose geographic boundary is conterminous with that of the special district in which the sales and use tax authorized by this part is being levied wishes to submit to the electors of the special district the question of whether the sales and use tax authorized by this part shall be discontinued, the governing authority shall notify the election superintendent of the county whose geographical boundary is conterminous with that of the special district by forwarding to the superintendent a copy of a resolution of the governing authority calling for the referendum election. Upon receipt of the resolution, it shall be the duty of the election superintendent to issue the call for an election for the purpose of submitting the question of discontinuing the levy of the sales and use tax to the voters of the special district for approval or rejection. The election superintendent shall issue the call and shall conduct the election on a date and in the manner authorized under Code Section 21-2-540. Such election shall be conducted only on the date of and in conjunction with an election to repeal the special purpose local option sales and use tax pursuant to the provisions of Part 1 of Article 3 of this chapter. If either such sales and use tax is repealed, then both such sales and use taxes shall be repealed and the sales and use tax under Part 1 of this article shall replace the sales and use tax that was imposed under this part. The election superintendent shall cause the date and purpose of the election to be published once a week for two weeks immediately preceding the date of the election in the official organ of such county. The ballot shall have written or printed thereon the following:

- '() YES Shall the equalized homestead option sales and use tax being levied within the special district within _____ County for the
() NO purposes of reducing the ad valorem property tax millage rates levied by county and municipal governments on homestead properties be terminated?'

(b) All persons desiring to vote in favor of discontinuing the sales and use tax shall vote 'Yes,' and those persons opposed to discontinuing the tax shall vote 'No.' If more than one-half of the votes cast are in favor of discontinuing the sales and use tax, then the sales and use tax shall cease to be levied on the last day of the taxable year following the taxable year in which the commissioner receives the certification of the result of the election; otherwise, the sales and use tax shall continue to be levied, and

the question of discontinuing the tax may not again be submitted to the voters of the special district until after 24 months immediately following the month in which the election was held. It shall be the duty of the election superintendent to hold and conduct such elections under the same rules and regulations as govern special elections. It shall be the superintendent's further duty to canvass the returns, declare and certify the result of the election, and certify the result to the Secretary of State and to the commissioner. The expense of the election shall be borne by the county whose geographical boundary is conterminous with that of the special district holding the election.

48-8-109.8.

No sales and use tax provided for in this part shall be imposed upon the sale of tangible personal property which is ordered by and delivered to the purchaser at a point outside the geographical area of the special district in which the sales and use tax is imposed under this part regardless of the point at which title passes, if the delivery is made by the seller's vehicle, United States mail, or common carrier or by private or contract carrier licensed by the Federal Motor Carrier Safety Administration or the Georgia Department of Public Safety.

48-8-109.9.

(a) As used in this Code section, the term 'building and construction materials' means all building and construction materials, supplies, fixtures, or equipment, any combination of such items, and any other leased or purchased articles when the materials, supplies, fixtures, equipment, or articles are to be utilized or consumed during construction or are to be incorporated into construction work pursuant to a bona fide written construction contract.

(b) No sales and use tax provided for in this part shall be imposed in a special district upon the sale or use of building and construction materials when the contract pursuant to which the materials are purchased or used was advertised for bid prior to approval of the levy of the sales and use tax by the county whose geographical boundary is conterminous with that of the special district and the contract was entered into as a result of a bid actually submitted in response to the advertisement prior to approval of the levy of the sales and use tax.

48-8-109.10.

The commissioner shall have the power and authority to promulgate such rules and regulations as shall be necessary for the effective and efficient administration and enforcement of the collection of the sales and use tax authorized to be imposed by this part."

(2) "Homestead" means homestead as defined and qualified in Code Section 48-5-40 of the O.C.G.A., as amended.

(3) "Unremarried surviving spouse" means the unmarried widow or widower of a member of the armed forces who is receiving spousal benefits from the United States Department of Veterans Affairs.

(b) Any person who is a resident of the City of LaVista Hills and who is an unremarried surviving spouse of a member of the armed forces of the United States, which member has been killed in or has died as a result of any war or armed conflict in which the armed forces of the United States engaged, whether under United States command or otherwise, shall be granted a homestead exemption from all City of LaVista Hills ad valorem taxation for municipal purposes in the amount of the greater of \$32,500.00 or the maximum amount which may be granted to a disabled veteran under Section 2102 of Title 38 of the United States Code, as amended. As of January 1, 2013, the maximum amount which may be granted to a disabled veteran under Section 2102 of Title 38 of the United States Code, as amended, is \$50,000.00. The exemption shall be on the homestead which the unremarried surviving spouse owns and actually occupies as a residence and homestead. In the event such surviving spouse remarries, such person shall cease to be qualified to receive the exemption under this charter effective December 31 of the taxable year in which such person remarries. The value of all property in excess of such exemption granted to such unremarried surviving spouse shall remain subject to taxation.

(c) In order to qualify for the exemption provided for in this charter, the unremarried surviving spouse shall furnish to the governing authority of the City of LaVista Hills, or the designee thereof, documents from the Secretary of Defense evidencing that such unremarried surviving spouse receives spousal benefits as a result of the death of such person's spouse who, as a member of the armed forces of the United States, was killed or died as a result of any war or armed conflict while on active duty or while performing authorized travel to or from active duty during such war or armed conflict in which the armed forces of the United States engaged, whether under United States command or otherwise, pursuant to the Survivor Benefit Plan under Subchapter II of Chapter 73 of Title 10 of the United States Code or pursuant to any preceding or subsequent federal law which provides survivor benefits for spouses of members of the armed forces who were killed or died as a result of any war or armed conflict.

(d) An unremarried surviving spouse filing for the exemption under this section shall be required to file with the governing authority of the City of LaVista Hills, or the designee thereof, information relative to marital status and such other information which the governing authority of the City of LaVista Hills, or the designee thereof, deems necessary to determine eligibility for the exemption. An unremarried surviving spouse shall file for the exemption only once with the governing authority of the City of LaVista Hills or the designee thereof. Once filed, the exemption shall automatically be renewed from year to year, except that the governing authority of the City of LaVista Hills, or the designee thereof, may require annually that the holder of an exemption substantiate his or her continuing eligibility for the exemption. It shall be the duty of any person granted the

homestead exemption under this section to notify the governing authority of the City of LaVista Hills, or the designee thereof, in the event such person for any reason becomes ineligible for such exemption.

(e) The exemption granted by this section shall be in lieu of and not in addition to any other exemption from ad valorem taxation for municipal purposes which is equal to or lower in amount than such exemption granted by this section. If the amount of any other exemption from ad valorem taxation for municipal purposes applicable to any resident qualifying under this section is greater than or is increased to an amount greater than the amount of the applicable exemption granted by this section, such other exemption shall apply and shall be in lieu of and not in addition to the exemption granted by this section.

(f) The exemptions granted by this section shall apply to all taxable years beginning on or after January 1, 2017.

SECTION 5.12.

Homestead exemption; one mill equivalent.

(a) As used in this section, the term:

(1) "Ad valorem taxes for municipal purposes" means all ad valorem taxes for municipal purposes levied by, for, or on behalf of the City of LaVista Hills, including, but not limited to, any ad valorem taxes to pay interest on and to retire municipal bonded indebtedness.

(2) "Homestead" means homestead as defined and qualified in Code Section 48-5-40 of the O.C.G.A., as amended.

(b) Each resident of the City of LaVista Hills is granted an exemption on such person's homestead from City of LaVista Hills ad valorem taxes for municipal purposes in an amount that provides the dollar equivalent of a one mill reduction of the millage rate applicable to the homestead property with respect to ad valorem taxes for municipal purposes for the taxable year. The value of such property in excess of such exempted amount shall remain subject to taxation.

(c) A person shall not receive the homestead exemption granted by subsection (b) of this section unless the person or person's agent files an application with the governing authority of the City of LaVista Hills, or the designee thereof, giving such information relative to receiving such exemption as will enable the governing authority of the City of LaVista Hills, or the designee thereof, to make a determination regarding the initial and continuing eligibility of such owner for such exemption. The governing authority of the City of LaVista Hills, or the designee thereof, shall provide application forms for this purpose.

(d) The exemption shall be claimed and returned as provided in Code Section 48-5-50.1 of the O.C.G.A., as amended. The exemption shall be automatically renewed from year to year so long as the owner occupies the residence as a homestead. After a person has filed the proper application as provided in subsection (c) of this section, it shall not be necessary to make application thereafter for any year, and the exemption shall continue to be allowed to such person. It shall be the duty of any person granted the homestead

exemption under subsection (b) of this section to notify the governing authority of the City of LaVista Hills, or the designee thereof, in the event such person for any reason becomes ineligible for such exemption.

(e) The exemption granted by subsection (b) of this section shall not apply to or affect state ad valorem taxes, county ad valorem taxes for county purposes, or county or independent school district ad valorem taxes for educational purposes. The homestead exemption granted by subsection (b) of this section shall be in addition to and not in lieu of any other homestead exemption applicable to municipal ad valorem taxes for municipal purposes.

(f) The exemption granted by subsection (b) of this section shall apply to all taxable years beginning on or after January 1, 2017.

SECTION 5.13.

Homestead exemption; Fire Services Tax District HOST Equivalent.

(a) As used in this section, the term:

(1) "Ad valorem taxes for fire services" means all ad valorem taxes for the purpose of providing fire services levied by, for, or on behalf of the City of LaVista Hills, including, but not limited to, any ad valorem taxes to pay interest on and to retire municipal bonded indebtedness.

(2) "Homestead" means homestead as defined and qualified in Code Section 48-5-40 of the O.C.G.A., as amended.

(b) In the event that the City of LaVista Hills assumes responsibility for the transfer of fire services from DeKalb County, each resident of the City of LaVista Hills is granted an annual exemption on such person's homestead from City of LaVista Hills ad valorem taxes in a fixed amount equal to the HOST tax credit provided to DeKalb County residences who participate in the Fire Services Special Tax District at a level equal to the average percentage credit for the five years immediately preceding the cutover of fire services. The value of such property in excess of such exempted amount shall remain subject to taxation.

(c) A person shall receive the homestead exemption granted by subsection (b) of this section provided that the person or person's agent has filed or files an application with the governing authority of the City of LaVista Hills in accordance with subsection (c) of Section 5.10 or subsection (c) of Section 5.12 of this charter giving such information relative to receiving such exemption as will enable the governing authority of the City of LaVista Hills, or the designee thereof, to make a determination regarding the initial and continuing eligibility of such owner for such exemption. No additional homestead exemption form or application is required to grant the homestead exemption under this section.

(d) The exemption shall be automatically renewed from year to year so long as the owner occupies the residence as a homestead. After a person has filed the proper application, it shall not be necessary to make application thereafter for any year, and the exemption shall continue to be allowed to such person. It shall be the duty of any person granted the

homestead exemption under subsection (b) of this section to notify the governing authority of the City of LaVista Hills, or the designee thereof, in the event such person for any reason becomes ineligible for such exemption.

(e) The exemption granted by subsection (b) of this section shall not apply to or affect state ad valorem taxes, county ad valorem taxes for county purposes, or county or independent school district ad valorem taxes for educational purposes. The homestead exemption granted by subsection (b) of this section shall be in addition to and not in lieu of any other homestead exemption applicable to municipal ad valorem taxes for municipal purposes.

(f) The exemption granted by subsection (b) of this section shall apply to all taxable years beginning in the year in which the City of LaVista Hills assumes responsibility for the transfer of fire services from DeKalb County. In the event that the transfer of fire services does not coincide with a taxable year end, the homestead exemption shall be prorated in the first year in an amount equal to the percent of the first year in which LaVista Hills provides fire services.

ARTICLE VI
GENERAL PROVISIONS
SECTION 6.01.

For the taxable years beginning on or after January 1, 2017, the adjusted ad valorem tax millage rate and amount for service charges or fees for district services assessed by DeKalb County, Georgia, for the LaVista Hills special services tax district shall be 0 percent. This section is enacted pursuant to the authority granted to the General Assembly under Section 1 of that local constitutional amendment providing that certain municipalities in DeKalb County shall constitute special services tax districts, Resolution Act. No. 168, House Resolution No. 715-1916, Ga. L. 1978, p. 2468, to control the subject matter of such local constitutional amendment. Municipal services provided by DeKalb County for the City of LaVista Hills will be established through intergovernmental agreements or established as otherwise authorized by statute.

SECTION 6.02.

Referendum and initial election.

(a) The election superintendent of DeKalb County shall call a special election for the purpose of submitting this Act to the qualified voters of the proposed City of LaVista Hills for approval or rejection. The superintendent shall set November 3, 2015, as the date of such election. The superintendent shall issue the call for such election at least 30 days prior to the date thereof. The superintendent shall cause the date and purpose of the election to be published once a week for two weeks immediately preceding the date thereof in the official organ of DeKalb County. The ballot shall have written or printed thereon the words:

"() YES Shall the Act incorporating the City of LaVista Hills in DeKalb County according to the charter contained in the Act and the homestead exemptions described in the Act be approved?"
() NO

All persons desiring to vote for approval of the Act shall vote "Yes," and all persons desiring to vote for rejection of the Act shall vote "No." If more than one-half of the votes cast on such question are for approval of the Act, it shall become of full force and effect as provided in this charter, otherwise it shall be void and of no force and effect. The initial expense of such election shall be borne by DeKalb County. Within two years after the elections if the incorporation is approved, the City of LaVista Hills shall reimburse DeKalb County for the actual cost of printing and personnel services for such election and for the initial election of the mayor and councilmembers pursuant to Section 2.02 of this charter. It shall be the duty of the superintendent to hold and conduct such election. It shall be his or her further duty to certify the result thereof to the Secretary of State.

(b) For the purposes of the referendum election provided for in subsection (a) of this section and for the purposes of the special election of the City of LaVista Hills to be held in conjunction with and on the date of the 2016 presidential preference primary, the qualified electors of the City of LaVista Hills shall be those qualified electors of DeKalb County residing within the corporate limits of the City of LaVista Hills as described by Appendix A of this charter. At subsequent municipal elections, the qualified electors of the City of LaVista Hills shall be determined pursuant to the authority of Chapter 2 of Title 21 of the O.C.G.A., the "Georgia Election Code."

(c) Only for the purposes of holding and conducting the referendum election provided for by subsection (a) of this section and holding and conducting the special election of the City of LaVista Hills to be held on the date of the 2016 presidential preference primary, the election superintendent of DeKalb County is vested with the powers and duties of the election superintendent of the City of LaVista Hills and the powers and duties of the governing authority of the City of LaVista Hills.

SECTION 6.03.

Effective dates and transition.

(a) The initial mayor and councilmembers shall take the oath of office the next business day after certification of the election of such officers and, by action of any four members of the governing authority, may meet and take actions binding on the city.

(b) A period of time will be needed for an orderly transition of various government functions from DeKalb County to the City of LaVista Hills. Accordingly, there shall be a two-year transition period as allowed by law beginning at 12:01 A.M. on July 1, 2016.

(c) During such transition period, DeKalb County shall continue to provide within the territorial limits of the city all government services and functions which DeKalb County provided in 2016 and at the same actual direct cost and level of service, except to the extent otherwise provided in this section; provided, however, that upon at least 30 days'

prior written notice to the governing authority of DeKalb County by the governing authority of the City of LaVista Hills, responsibility for any such service or function shall be transferred to the City of LaVista Hills. The governing authority of the City of LaVista Hills shall determine the date of commencement of collection of taxes, fees, assessments, fines and forfeitures, and other moneys within the territorial limits of the city and the date upon which the City of LaVista Hills is considered removed from the DeKalb County special services tax district.

(d) During the transition period, the governing authority of the City of LaVista Hills may generally exercise any power granted by this charter or general law, except to the extent that a power is specifically and integrally related to the provision of a governmental service, function, or responsibility not yet provided or carried out by the city.

(e) During the transition period, all ordinances of DeKalb County shall remain applicable within the territorial limits of the city unless otherwise amended, repealed, or replaced by the City of LaVista Hills. Any transfer of jurisdiction to the City of LaVista Hills during or at the end of the transition period shall not in and of itself abate any judicial proceeding pending in DeKalb County or the pending prosecution of any violation of any ordinance of DeKalb County.

(f) During the transition period, the governing authority of the City of LaVista Hills may at any time, without the necessity of any agreement by DeKalb County, commence to exercise its planning and zoning powers; provided, however, that the city shall give the county notice of the date on which the city will assume the exercise of such powers. Upon the governing authority of the City of LaVista Hills commencing to exercise its planning and zoning powers, the Municipal Court of the City of LaVista Hills shall immediately have jurisdiction to enforce the planning and zoning ordinances of the city. The provisions of this subsection shall have control over any conflicting provisions of any other subsection of this section.

(g) Effective upon the termination of the transition period, subsections (b) through (f) of this section shall cease to apply except for the last sentence of subsection (e) which shall remain effective. Effective upon the termination of the transition period, the City of LaVista Hills shall be a fully functioning municipal corporation and subject to all general laws of this state.

SECTION 6.04.

Directory nature of dates.

It is the intention of the General Assembly that this Act be construed as directory rather than mandatory with respect to any date prescribed in this Act. If it is necessary to delay any action called for in this Act for providential cause or any other reason, it is the intention of the General Assembly that the action be delayed rather than abandoned. Any delay in performing any action under this Act, whether for cause or otherwise, shall not operate to frustrate the overall intent of this Act. Without limiting the generality of the foregoing, it is specifically provided that if it is not possible to hold the referendum election provided for in Section 6.02 of this Act on the date specified in that section, then

such referendum shall be held as soon thereafter as is reasonably practicable. If the referendum election provided for in Section 6.02 of this Act is conducted on or before November 3, 2015, the special election for the initial members of the governing authority shall be conducted on the date specified in Section 2.02 of this Act. If the referendum election provided for under Section 6.02 of this Act is conducted after November 3, 2015, then the special election for the initial members of the governing authority shall be held as soon thereafter as is reasonably practicable, and the commencement of the initial terms of office shall be delayed accordingly. If the first election provided for in Section 2.02 of this Act occurs after the date of the 2016 presidential preference primary, the city council shall be authorized to delay the dates otherwise specified in Section 6.03 of this charter.

SECTION 6.05.

Charter commission.

Not later than five years after the inception of the City of LaVista Hills, the mayor and the city council shall call for a charter commission to review the city's experience and recommend to the General Assembly any changes to the charter. Members of the charter commission shall be appointed as follows: one by the mayor, one by each member of the city council, and one member appointed by a vote of the members of the Georgia House of Representatives and Georgia Senate whose districts lie wholly or partially within the corporate boundaries of the City of LaVista Hills. All members of the charter commission shall reside in the City of LaVista Hills. The charter commission shall complete the recommendations within the time frame required by the city council.

SECTION 6.06.

Severability.

In the event any section, subsection, sentence, clause, or phrase of this Act shall be declared or adjudged invalid or unconstitutional, such adjudication shall in no manner affect the other sections, subsections, sentences, clauses, or phrases of this Act, which shall remain of full force and effect, as if the section, subsection, sentence, clause, or phrase so declared or adjudged invalid or unconstitutional were not originally a part hereof. The General Assembly hereby declares that it would have passed the remaining parts of this Act if it had known that such part or parts hereof would be declared or adjudged invalid or unconstitutional.

SECTION 6.07.

Effective date.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 6.08.

Repealer.

All laws and parts of laws in conflict with this Act are repealed.

For the purposes of this plan (LaVista Hills-p2-2015):

(1) The term "VTD" shall mean and describe the same geographical boundaries as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia. The separate numeric designations in a district description which are underneath a VTD heading shall mean and describe individual blocks within a VTD as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia;

(2) Except as otherwise provided in the description of any district, whenever the description of any district refers to a named city, it shall mean the geographical boundaries of that city as shown on the census maps for the United States decennial census of 2010 for the State of Georgia;

(3) Any part of the City of LaVista Hills which is not included in any district described in this plan (LaVista Hills-p2-2015) shall be included within that district

contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia;

(4) Any part of the City of LaVista Hills which is described in this plan (LaVista Hills-p2-2015) as being included in a particular district shall nevertheless not be included within such district if such part is not contiguous to such district. Such noncontiguous part shall instead be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia; and

(5) Any part of the City of LaVista Hills which is described in this plan (LaVista Hills-p2-2015) as being included in a particular district shall nevertheless not be included within such district if such area was annexed into another corporate boundary before March 2, 2015.

I have been a resident of my district and the City of Tucker for the time required by the Constitution and laws of this state and by the municipal charter. I will perform the duties of my office in the best interests of the City of Tucker to the best of my ability without fear, favor, affection, reward, or expectation thereof."

(b) Following the induction of the mayor and councilmembers, the city council, by a majority vote of the councilmembers, shall elect a councilmember to be mayor pro tempore, who shall serve for a term of two years and until a successor is elected and qualified. The number of successive terms an individual may hold a position as mayor pro tempore shall be unlimited.

(c) The mayor pro tempore shall assume the duties and powers of the mayor during the mayor's temporary disability, suspension, or absence. If the mayor pro tempore is absent because of sickness or disqualification, any one of the remaining councilmembers, chosen by the councilmembers present, shall be clothed with all the rights and privileges of the mayor as described in this charter and shall perform the mayor's duties in the same manner as the mayor pro tempore.

Such conflict shall be disclosed to the city council and entered on the record. (c)(1) In order to qualify for the exemption provided for in subsection (b) of this section due to being disabled, the person claiming such exemption shall be required to obtain a certificate from not more than three physicians licensed to practice medicine under Chapter 34 of Title 43 of the O.C.G.A., as amended, certifying that, in the opinion of such physician or physicians, such person is mentally or physically incapacitated to the extent that such person is unable to be gainfully employed and that such incapacity is likely to be permanent. - (d) The exemption shall be claimed and returned as provided in Code Section 48-5-50.1 of the O.C.G.A., as amended. The exemption shall be automatically renewed from year to year so long as the owner occupies the residence as a homestead. - (f) The exemption granted by subsection (b) of this section shall apply to all taxable years beginning on or after January 1, 2017.

SECTION 5.11.

- (a) As used in this section, the term:
- (1) "Ad valorem taxes for municipal purposes" means all ad valorem taxes for

municipal purposes levied by, for, or on behalf of the City of Tucker, including, but not limited to, ad valorem taxes to pay interest on and to retire municipal bonded indebtedness.

(2) "Homestead" means homestead as defined and qualified in Code Section 48-5-40 of the O.C.G.A., as amended.

(3) "Unremarried surviving spouse" of a member of the armed forces includes the unmarried widow or widower of a member of the armed forces who is receiving spousal benefits from the United States Department of Veterans Affairs.

(b) Any person who is a resident of the City of Tucker and who is an unremarried surviving spouse of a member of the armed forces of the United States, which member has been killed in or has died as a result of any war or armed conflict in which the armed forces of the United States engaged, whether under United States command or otherwise, shall be granted a homestead exemption from all City of Tucker ad valorem taxation for municipal purposes in the amount of the greater of \$32,500.00 or the maximum amount which may be granted to a disabled veteran under Section 2102 of Title 38 of the United States Code, as amended. As of January 1, 2013, the maximum amount which may be granted to a disabled veteran under Section 2102 of Title 38 of the United States Code, as amended, is \$50,000.00. The exemption shall be on the homestead which the unremarried surviving spouse owns and actually occupies as a residence and homestead. In the event such surviving spouse remarries, such person shall cease to be qualified to continue the exemption under this Act effective December 31 of the taxable year in which such person remarries. The value of all property in excess of such exemption granted to such unremarried surviving spouse shall remain subject to taxation.

(c) In order to qualify for the exemption provided for in this Act, the unremarried surviving spouse shall furnish to the governing authority of the City of Tucker, or the designee thereof, documents from the Secretary of Defense evidencing that such unremarried surviving spouse receives spousal benefits as a result of the death of such person's spouse who as a member of the armed forces of the United States was killed or died as a result of a war or armed conflict while on active duty or while performing authorized travel to or from active duty during such war or armed conflict in which the armed forces of the United States engaged, whether under United States command or otherwise, pursuant to the Survivor Benefit Plan under Subchapter II of Chapter 73 of Title 10 of the United States Code or pursuant to any preceding or subsequent federal law which provides survivor benefits for spouses of members of the armed forces who were killed or who died as a result of any war or armed conflict.

(d) An unremarried surviving spouse filing for the exemption under this section shall be required to file with the governing authority of the City of Tucker, or the designee thereof, information relative to marital status and such other information which the governing authority of the City of Tucker, or the designee thereof, deems necessary to determine eligibility for the exemption. Each unremarried surviving spouse shall file for the exemption only once with the governing authority of the City of Tucker or the designee thereof. Once filed, the exemption shall automatically be renewed from year to year, except that the governing authority of the City of Tucker, or the designee thereof,

may require annually that the holder of an exemption substantiate his or her continuing eligibility for the exemption. It shall be the duty of any person granted the homestead exemption under this section to notify the governing authority of the City of Tucker, or the designee thereof, in the event that person for any reason becomes ineligible for such exemption.

If the amount of any other exemption from ad valorem taxation for municipal purposes applicable to any resident qualifying under this section is greater than or is increased to an amount greater than the amount of the applicable exemption granted by this section, such other exemption shall apply and shall be in lieu of and not in addition to the exemption granted by this section.

(f) The exemptions granted by this section shall apply to all tax years beginning on or after January 1, 2017.

L. 1978, p. 2468, to control the subject matter of such local constitutional amendment. Municipal services provided by DeKalb County for the City of Tucker shall be established through intergovernmental agreements or established as otherwise authorized by statute.

SECTION 6.02.

Referendum and initial election.

(a) The election superintendent of DeKalb County shall call a special election for the purpose of submitting this Act to the qualified voters of the proposed City of Tucker for approval or rejection. The superintendent shall set the date of such election for the Tuesday after the first Monday in November, 2015. The superintendent shall issue the call for such election at least 60 days prior to the date thereof. The superintendent shall cause the date and purpose of the election to be published once a week for two weeks immediately preceding the date thereof in the official organ of DeKalb County. The ballot shall have written or printed thereon the words:

"() YES Shall the Act incorporating the City of Tucker in DeKalb County
 () NO according to the charter contained in the Act and the homestead
 exemptions described in the Act be approved?"

All persons desiring to vote for approval of the Act shall vote "Yes," and all persons desiring to vote for rejection of the Act shall vote "No." If more than one-half of the votes cast on such question are for approval of the Act, it shall become of full force and effect as provided in this charter, otherwise it shall be void and of no force and effect. The initial expense of such election shall be borne by DeKalb County. Within two years after the elections if the incorporation is approved, the City of Tucker shall reimburse DeKalb County for the actual cost of printing and personnel services for such election and for the initial election of the mayor and councilmembers pursuant to Section 2.02 of this charter. It shall be the duty of the superintendent to hold and conduct such election. It shall be his or her further duty to certify the result thereof to the Secretary of State.

(b) For the purposes of the referendum election provided for in subsection (a) of this section and for the purposes of the special election of the City of Tucker to be held on the date of and in conjunction with the 2016 presidential preference primary, the qualified electors of the City of Tucker shall be those qualified electors of DeKalb County residing within the corporate limits of the City of Tucker as described by Appendix A of this charter. At subsequent municipal elections, the qualified electors of the City of Tucker shall be determined pursuant to the authority of Chapter 2 of Title 21 of the O.C.G.A., the "Georgia Election Code."

(c) Only for the purposes of holding and conducting the referendum election provided for by subsection (a) of this section and holding and conducting the special election of the City of Tucker to be held on the date of and in conjunction with the 2016 presidential preference primary, the election superintendent of DeKalb County is vested with the powers and duties of the election superintendent of the City of Tucker and the powers and duties of the governing authority of the City of Tucker.

SECTION 6.03.

Effective dates and transition.

(a) The initial mayor and councilmembers shall take the oath of office the next business day after certification of the election of such officers and by action of any four members of the governing authority may, prior to the first day of the second month immediately following the 2016 presidential preference primary, meet and take actions binding on the city.

(b) A period of time will be needed for an orderly transition of various government functions from DeKalb County to the City of Tucker. Accordingly, there shall be a two-year transition period as allowed by law beginning at 12:01 A.M. on the first day of the second month immediately following the 2016 presidential preference primary.

(c) During such transition period, DeKalb County shall continue to provide within the territorial limits of the city all government services and functions which DeKalb County provided in 2015 and at the same actual direct cost and level of service, except to the

extent otherwise provided in this section; provided, however, that upon at least 30 days' prior written notice to the governing authority of DeKalb County by the governing authority of the City of Tucker, responsibility for any such service or function shall be transferred to the City of Tucker. The governing authority of the City of Tucker shall determine the date of commencement of collection of taxes, fees, assessments, fines and forfeitures, and other moneys within the territorial limits of the city and the date upon which the City of Tucker is considered removed from the special services tax district.

(d) During the transition period, the governing authority of the City of Tucker may generally exercise any power granted by this charter or general law, except to the extent that a power is specifically and integrally related to the provision of a governmental service, function, or responsibility not yet provided or carried out by the city.

(e) During the transition period, all ordinances of DeKalb County shall remain applicable within the territorial limits of the city unless otherwise amended, repealed, or replaced by the City of Tucker. Any transfer of jurisdiction to the City of Tucker during or at the end of the transition period shall not in and of itself abate any judicial proceeding pending in DeKalb County or the pending prosecution of any violation of any ordinance of DeKalb County.

(f) During the transition period, the governing authority of the City of Tucker may at any time, without the necessity of any agreement by DeKalb County, commence to exercise its planning and zoning powers; provided, however, that the city shall give the county notice of the date on which the city will assume the exercise of such powers. Upon the governing authority of the City of Tucker commencing to exercise its planning and zoning powers, the Municipal Court of the City of Tucker shall immediately have jurisdiction to enforce the planning and zoning ordinances of the city. The provisions of this subsection shall control over any conflicting provisions of any other subsection of this section.

(g) Effective upon the termination of the transition period, subsections (b) through (f) of this section shall cease to apply except for the last sentence of subsection (e) which shall remain effective. Effective upon the termination of the transition period, the City of Tucker shall be a full functioning municipal corporation and subject to all general laws of this state.

SECTION 6.04.

Directory nature of dates.

It is the intention of the General Assembly that this Act be construed as directory rather than mandatory with respect to any date prescribed in this Act. If it is necessary to delay any action called for in this Act for providential cause or any other reason, it is the intention of the General Assembly that the action be delayed rather than abandoned. Any delay in performing any action under this Act, whether for cause or otherwise, shall not operate to frustrate the overall intent of this Act. Without limiting the generality of the foregoing, it is specifically provided that, if it is not possible to hold the referendum election provided for in Section 6.02 of this Act on the date specified in that section, then such referendum shall be held as soon thereafter as is reasonably practicable. If the

referendum election provided for in Section 6.02 of this Act is conducted on or before the Tuesday after the first Monday in November, 2015, the special election for the initial members of the governing authority shall be conducted on the date specified in Section 2.02 of this Act. If the referendum election provided for under Section 6.02 of this Act is conducted after the Tuesday after the first Monday in November, 2015, then the special election for the initial members of the governing authority shall be held as soon thereafter as is reasonably practicable, and the commencement of the initial terms of office shall be delayed accordingly. If the first election provided for in Section 2.02 of this Act occurs after the date of the 2016 presidential preference primary, the city council shall be authorized to delay the dates otherwise specified in Section 6.03 of this Act.

SECTION 6.05.

Charter commission.

No later than three years after the inception of the City of Tucker, the mayor and the city council shall call for a charter commission to review the city's experience and recommend to the General Assembly any changes to the charter. Members of the charter commission shall be appointed as follows: one member by the mayor, one member by the city council, and one member by each member of the Georgia House of Representatives and Georgia Senate whose district lies wholly or partially within the corporate boundaries of the City of Tucker. The House substitute was as follows:

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 4 of Title 26 of the Official Code of Georgia Annotated, relating to pharmacists and pharmacies, so as to provide for substitutions of interchangeable biological products; to define certain terms; to provide for requirements and limitations; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 4 of Title 26 of the Official Code of Georgia Annotated, relating to pharmacists and pharmacies, is amended in Code Section 26-4-5, relating to definitions, by adding new paragraphs to read as follows:

"(1.1) 'Biological product' means a biological product as defined in subsection (i) of section 351 of the Public Health Service Act, 42 U.S.C. Section 262."

"(18.2) 'Interchangeable biological product' means a biological product that the federal Food and Drug Administration has determined meets the standards set forth in subsection (k)(4) of 42 U.S.C. Section 262 or has been deemed therapeutically equivalent by the federal Food and Drug Administration."

SECTION 2.

Said chapter is further amended by revising Code Section 26-4-81, relating to substitution of generic drugs for brand name drugs, as follows:

"26-4-81.

(a) In accordance with this Code section, a pharmacist may substitute:

(1) A a drug with the same generic name in the same strength, quantity, dose, and dosage form as the prescribed brand name drug product which is, in the pharmacist's reasonable professional opinion, pharmaceutically equivalent; or

(2) A biological product with an interchangeable biological product.

(b) If a practitioner of the healing arts prescribes:

(1) A a drug by its generic name, the pharmacist shall dispense the lowest retail priced drug product which is in stock and which is, in the pharmacist's reasonable professional opinion, pharmaceutically equivalent; or

(2) A biological product by its nonproprietary name, the pharmacist shall dispense the lowest retail priced interchangeable biological product which is in stock.

(c) Substitutions as provided for in subsections (a) and (b) of this Code section are authorized for the express purpose of making available to the consumer the lowest retail priced:

(1) Drug drug product which is in stock and which is, in the pharmacist's reasonable professional opinion, both therapeutically equivalent and pharmaceutically equivalent; or

(2) Interchangeable biological product which is in stock.

(d)(1) Whenever a substitution is made, the pharmacist shall record on the original prescription the fact that there has been a substitution and the identity of the dispensed drug product or interchangeable biological product and its manufacturer. Such prescription shall be made available for inspection by the board or its representative in accordance with the rules of the board.

(2) If a pharmacist substitutes a generic drug product for a brand name prescribed drug product when dispensing a prescribed medication, the brand name and the generic name of the drug product, with an explanation of 'generic for (insert name of brand name prescribed drug product)' or similar language to indicate substitution has occurred, must appear on the prescription label and be affixed to the container or an auxiliary label, unless the prescribing practitioner indicated that the name of the drug may not appear upon the prescription label; provided, however, that this paragraph shall not apply to medication dispensed for in-patient hospital services or to medications in specialty packaging for dosing purposes as defined by the board.

(3) If a pharmacist substitutes an interchangeable biological product for a prescribed biological product when dispensing a prescribed medication, the name of the interchangeable biological product, with an explanation of 'interchangeable biological product for (insert name of prescribed biological product)' or similar language to indicate substitution has occurred, must appear on the prescription label and be affixed to the container or an auxiliary label, unless the prescribing practitioner indicated that the name of the biological product may not appear upon the prescription label; provided, however, that this paragraph shall not apply to biological products dispensed for in-patient hospital services, to hospital administered biological products for outpatients, or to biological products in specialty packaging for dosing purposes as defined by the board. This paragraph shall apply to hospital retail pharmacies and to any biological products dispensed by a hospital for a patient's use or administration at home.

(e) The substitution of any drug or biological product by a registered pharmacist pursuant to this Code section does not constitute the practice of medicine.

(f) A patient for whom a prescription drug or biological product order is intended may instruct a pharmacist not to substitute a generic name drug in lieu of a brand name drug or an interchangeable biological product in lieu of a prescribed biological product.

(g) A practitioner of the healing arts may instruct the pharmacist not to substitute a generic name drug in lieu of a brand name drug or an interchangeable biological product in lieu of a prescribed biological product by including the words 'brand necessary' in the body of the prescription. When a prescription is a hard copy prescription drug or biological product order, such indication of brand necessary must be in the practitioner's own handwriting and shall not be printed, applied by rubber stamp, or any such similar means. When the prescription is an electronic prescription drug or biological product order, the words 'brand necessary' are not required to be in the practitioner's own handwriting and may be included on the prescription in any manner or by any method. When a practitioner has designated 'brand necessary' on an electronic prescription drug or biological product order, a generic drug or

interchangeable biological product shall not be substituted without the practitioner's express consent, which shall be documented by the pharmacist on the prescription and by the practitioner in the patient's medical record.

(h) Within 48 hours, excluding weekends and holidays, following the dispensing of a biological product, the dispensing pharmacist or the pharmacist's designee shall communicate to the prescriber the specific product provided to the patient, including the name of the biological product and the manufacturer. The communication shall be conveyed by making an entry into an interoperable electronic medical records system or through electronic prescribing technology or a pharmacy record that is electronically accessible by the prescriber. Otherwise, the pharmacist shall communicate the biological product dispensed to the prescriber by using facsimile, telephone, electronic transmission, or other prevailing means, provided that communication shall not be required where:

(1) There is no interchangeable biological product approved by the federal Food and Drug Administration for the prescribed product; or

(2) A refill prescription is not changed from the product dispensed on the prior filling of the prescription.

(i) The board shall maintain a link on its website to the current list of all biological products determined by the federal Food and Drug Administration to be interchangeable with a specific biological product.

(j) Code Section 26-4-118, 'The Pharmacy Audit Bill of Rights,' shall apply to biological products and interchangeable biological products dispensed pursuant to this Code section."

(3) As of the end of the calendar quarter during which the commissioner determines that the levy will have raised revenues sufficient to provide to the district net proceeds equal to or greater than the amount specified as the maximum amount of net proceeds to be raised by the levy.

(c)(1) At any time, no more than a single tax under this article shall be imposed within a district. Any tax imposed under this article may be at a rate of up to 1 percent but shall not be more than 1 percent. Any rate less than 1 percent shall be in an increment of .05 percent.

(2) The governing authority of the county in which a levy is in effect under this article may, upon approval of all qualified municipalities, while the levy is in effect, adopt resolutions calling for the reimposition of the levy upon the termination of the levy then in effect; and an election may be held at the next regularly scheduled general election for this purpose while the levy is in effect. Proceedings for the reimposition of a levy shall be in the same manner as proceedings for the initial imposition of the levy, but the newly authorized levy shall not be imposed until the expiration of the levy then in effect.

(3) Following the expiration of a levy under this article, the county may initiate proceedings for the reimposition of a levy under this article in the same manner as provided in this article for initial imposition of such levy.

48-8-265.

A tax levied pursuant to this article shall be exclusively administered and collected by the commissioner for the use and benefit of the county and qualified municipalities within the district imposing the tax. Such administration and collection shall be accomplished in the same manner and subject to the same applicable provisions, procedures, and penalties provided in Article 1 of this chapter; provided, however, that all moneys collected from each taxpayer by the commissioner shall be applied first to such taxpayer's liability for taxes owed the state; and provided, further, that the commissioner may rely upon a representation by or on behalf of the district or the

Secretary of State that such a tax has been validly imposed, and the commissioner and the commissioner's agents shall not be liable to any person for collecting any such tax which was not validly imposed. Dealers shall be allowed a percentage of the amount of the tax due and accounted for and shall be reimbursed in the form of a deduction in submitting, reporting, and paying the amount due if such amount is not delinquent at the time of payment. The deduction shall be at the rate and subject to the requirements specified under subsections (b) through (f) of Code Section 48-8-50.

48-8-266.

Each sales tax return remitting taxes collected under this article shall separately identify the location of each retail establishment at which any of the taxes remitted were collected and shall specify the amount of sales and the amount of taxes collected at each establishment for the period covered by the return in order to facilitate the determination by the commissioner that all taxes imposed by this article are collected and distributed according to situs of sale.

48-8-267.

(a) The proceeds of the tax collected by the commissioner in each special district under this article shall be disbursed as soon as practicable after collection as follows:

(1) One percent of the amount collected shall be paid into the general fund of the state treasury in order to defray the costs of administration; and

(2) Except for the percentage provided in paragraph (1) of this Code section, the remaining proceeds of the tax shall be distributed:

(A) Pursuant to the terms of the intergovernmental agreement, if applicable; or

(B) If no intergovernmental agreement has been entered into, in accordance with subsection (b) of this Code section.

(b) In the event an intergovernmental agreement has not been entered into, distribution of the proceeds shall be as follows:

(1) The commissioner shall determine the most recent fiscal year for which an audit under Code Section 36-81-7 has been made and is available for the county and all qualified municipalities; and

(2) Utilizing the audit information under paragraph (1) of this subsection, the county and each qualified municipality shall receive a proportional amount of proceeds of the tax based upon the amount of general fund expenditures made for transportation in the fiscal year. The proportional amount for the county and each qualified municipality shall be determined by dividing the total general fund amount expended on transportation by the county or qualified municipality by the aggregate total general fund amounts of the county and all qualified municipalities during that audit year.

48-8-268.

The levy shall not be subject to any allocation or balancing of state and federal funds provided for by general law, nor may such proceeds be considered or taken into account in any such allocation or balancing.

48-8-269.

(a) Except as to rate, a tax imposed under this article shall correspond to the tax imposed by Article 1 of this chapter. No item or transaction which is not subject to taxation under Article 1 of this chapter shall be subject to a tax imposed under this article, except that a tax imposed under this article shall not apply to:

(1) The sale or use of any type of fuel used for off-road heavy-duty equipment, off-road farm or agricultural equipment, or locomotives;

(2) The sale or use of jet fuel to or by a qualifying airline at a qualifying airport;

(3) The sale or use of fuel that is used for propulsion of motor vehicles on the public highways;

(4) The sale or use of energy used in the manufacturing or processing of tangible goods primarily for resale;

(5) The sale or use of motor fuel as defined under paragraph (9) of Code Section 48-9-2 for public mass transit; or

(6) The purchase or lease of any motor vehicle pursuant to Code Section 48-5C-1.

(b) Except as otherwise specifically provided in this article, the tax imposed pursuant to this article shall be subject to any sales and use tax exemption which is otherwise imposed by law; provided, however, that the tax levied by this article shall be applicable to the sale of food and food ingredients as provided for in paragraph (57) of Code Section 48-8-3.

48-8-269.1.

Where a local sales or use tax has been paid with respect to tangible personal property by the purchaser either in another local tax jurisdiction within this state or in a tax jurisdiction outside this state, the tax may be credited against the tax authorized to be imposed by this article upon the same property. If the amount of sales or use tax so paid is less than the amount of the levy due under this article, the purchaser shall pay an amount equal to the difference between the amount paid in the other tax jurisdiction and the amount due under this article. The commissioner may require such proof of payment in another local tax jurisdiction as he or she deems necessary and proper. No credit shall be granted, however, against the levy for tax paid in another jurisdiction if the tax paid in such other jurisdiction is used to obtain a credit against any other local sales and use tax levied in the county or in a special district which includes the county.

48-8-269.2.

No levy shall be imposed upon the sale of tangible personal property which is ordered by and delivered to the purchaser at a point outside the geographical area of the county in which the levy is imposed regardless of the point at which title passes, if the delivery is made by the seller's vehicle, United States mail, or common carrier or by private or contract carrier.

48-8-269.3.

The commissioner shall have the power and authority to promulgate such rules and

regulations as shall be necessary for the effective and efficient administration and enforcement of the collection of the levy.

48-8-269.4.

Except as provided in Code Section 48-8-6, the tax authorized under this article shall be in addition to any other local sales and use tax. Except as otherwise provided in this article and except as provided in Code Section 48-8-6, the imposition of any other local sales and use tax within a county or qualified municipality within a special district shall not affect the authority of a county to impose the tax authorized under this article, and provided that a county is not currently collecting a levy under Article 5 of this chapter, the imposition of a tax under this article shall not affect the imposition of any otherwise authorized local sales and use tax within the special district.

48-8-269.5.

(a)(1) The proceeds received from the levy shall be used by the county and qualified municipalities within the district exclusively for the transportation purposes specified in the resolution calling for imposition of the levy. Such proceeds shall be kept in a separate account from other funds of any county and qualified municipality receiving proceeds of the levy and shall not in any manner be commingled with other funds of any county or qualified municipality prior to the expenditure.

(2) The governing authority of each county and the governing authority of each qualified municipality receiving any proceeds from the tax under this article shall maintain a record of each and every purpose for which the proceeds of the tax are used. A schedule shall be included in each annual audit which shows for each purpose in the resolution calling for imposition of the levy the original estimated cost, the current estimated cost if it is not the original estimated cost, amounts expended in prior years, and amounts expended in the current year. The auditor shall verify and test expenditures sufficient to provide assurances that the schedule is fairly presented in relation to the financial statements. The auditor's report on the financial statements shall include an opinion, or disclaimer of opinion, as to whether the schedule is presented fairly in all material respects in relation to the financial statements taken as a whole.

(b) No general obligation debt shall be issued in conjunction with the imposition of the levy unless each county governing authority determines that, and if the debt is to be validated it is demonstrated in the validation proceedings that, during each year in which any payment of principal or interest on the debt comes due, the county will receive from the levy net proceeds sufficient to fully satisfy such liability. General obligation debt issued under this article shall be payable first from the separate account in which are placed the proceeds received by each county from the levy. Such debt, however, shall constitute a pledge of the full faith, credit, and taxing power of each county; and any liability on said debt which is not satisfied from the proceeds of the levy shall be satisfied from the general funds of the county.

(c) The intergovernmental agreement, if applicable, and resolution calling for

imposition of the levy may specify that all of the proceeds of the levy will be used for payment of general obligation debt issued in conjunction with the imposition of the levy. If the intergovernmental agreement, if applicable, and resolution so provide, then such proceeds shall be used solely for such purpose except as provided in subsection (f) of this Code section.

(d) The intergovernmental agreement, if applicable, and resolution calling for the imposition of the levy may specify that a part of the proceeds of the levy will be used for payment of general obligation debt issued in conjunction with the imposition of the tax. The intergovernmental agreement, if applicable, and resolution shall specifically state the other purposes for which such proceeds will be used. In such a case, no part of the net proceeds from the levy received in any year shall be used for such other purposes until all debt service requirements of the general obligation debt for that year have first been satisfied from the account in which the proceeds of the levy are placed.

(e) The resolution calling for the imposition of the tax may specify that no general obligation debt is to be issued in conjunction with the imposition of the tax. The intergovernmental agreement and resolution shall specifically state the purpose or purposes for which the proceeds will be used.

(f)(1)(A) If the proceeds of the levy are specified to be used solely for the purpose of payment of general obligation debt issued in conjunction with the imposition of the levy, then any net proceeds of the levy in excess of the amount required for final payment of such debt shall be subject to and applied as provided in paragraph (2) of this subsection.

(B) If the district receives from the levy net proceeds in excess of the maximum cost of the transportation projects and costs stated in the resolution calling for the imposition of the levy or in excess of the actual cost of such purpose or purposes, then such excess proceeds shall be subject to and applied as provided in paragraph (2) of this subsection unless otherwise specified in the intergovernmental agreement, if applicable.

(C) If the tax is terminated under paragraph (1) of subsection (b) of Code Section 48-8-264 by reason of denial of validation of debt, then all net proceeds received by the special district from the tax shall be excess proceeds subject to paragraph (2) of this subsection.

(2) Excess proceeds subject to this subsection shall be used solely for the purpose of reducing any indebtedness of any county or qualified municipality within the district other than indebtedness incurred pursuant to this article. If there is no such other indebtedness or if the excess proceeds exceed the amount of any such other indebtedness, then the excess proceeds shall next be paid into the general fund of such county or qualified municipality, it being the intent that any funds so paid into the general fund of such county or qualified municipality be used for the purpose of reducing ad valorem taxes.

48-8-269.6.

Not later than December 31 of each year, the governing authority of each county and

each qualifying municipality receiving any proceeds from the tax under this article shall publish annually, in a newspaper of general circulation in the boundaries of such county or municipality, a simple, nontechnical report which shows for each purpose in the resolution calling for imposition of the levy the original estimated cost, the current estimated cost if it is not the original estimated cost, amounts expended in prior years, and amounts expended in the current year. The report shall also include a statement of what corrective action the county or municipality intends to implement with respect to each purpose which is underfunded or behind schedule and a statement of any surplus funds which have not been expended for a purpose."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 60 of Title 36 of the Official Code of Georgia Annotated, relating to general provisions regarding provisions applicable to counties and municipal corporations, is amended by revising subsection (a) of Code Section 36-60-25, relating to certificates of public necessity and convenience and medallions for taxicabs, and by adding new subsections to read as follows:

"(a) Each county and municipal corporation may require the owner or operator of a

taxicab ~~or vehicle for hire~~ to obtain a certificate of public necessity and convenience or medallion in order to operate such taxicab ~~or vehicle for hire~~ within the unincorporated areas of the county or within the corporate limits of the municipal corporation, respectively, and may exercise its authority under Code Section 48-13-9 to require such owners or operators to pay a regulatory fee to the county or municipal corporation. The General Assembly finds and declares that any county or municipality exercising the powers granted in this Code section is legitimately concerned with the qualifications and records of drivers of taxicabs ~~and other vehicles for hire~~; with the location, accessibility, and insured state of companies operating taxicabs ~~and other vehicles for hire~~; and with the safety and comfort of taxicabs ~~and other vehicles for hire~~. Without limitation, each such county or municipality may exercise the powers granted in this Code section by ordinance to the same extent as the ordinances reviewed by the Georgia Court of Appeals in the case of Hadley v. City of Atlanta, 232 Ga. App. 871, 875 (1998), and each certificate of public convenience and necessity issued under those ordinances shall remain in full force and effect."

"(c) Counties and municipalities which have adopted and have valid ordinances as of July 1, 2014, requiring taxicabs to have certificates of public necessity and convenience or medallions to operate within each such county or municipality may continue to require such certificates or medallions. Except as otherwise provided in this subsection, no county or municipality shall enact, adopt, or enforce any ordinance or regulation which requires taxicabs to have certificates of public necessity and convenience or medallions to operate within such county or municipality.

(d) No person shall operate a taxicab for the purpose of carrying or transporting passengers for hire unless such person has a for-hire license endorsement or private background check certification pursuant to Code Section 40-5-39. Counties and municipalities shall not impose further licensing requirements or background checks on such persons to operate taxicabs in their jurisdictions.

(e) As used in this subsection, the term 'stage' means to stop, park, or otherwise place a vehicle for hire, other than a taxicab, in the loading or curbside area of any business for the purpose of soliciting a fare when such vehicle is not engaged in a prearranged round-trip or prearranged one-way fare. It shall be illegal to stage limousine carriers, as defined in paragraph (5) of Code Section 40-1-151, or ride share drivers, as defined in paragraph (2) of Code Section 40-1-190. A person who violates this subsection shall be guilty of a misdemeanor.

(f) No person shall operate a taxicab for the purpose of carrying or transporting passengers for hire unless such person maintains insurance from an insurance company licensed under Title 33, through a surplus line broker licensed under Title 33, or is qualified as a self-insurer pursuant to Code Section 33-34-5.1."

SECTION 2.

Title 40 of the Official Code of Georgia Annotated, relating to motor vehicles, is amended by revising Code Section 40-1-158, relating to limousine chauffeur authorization and license endorsement, as follows:

"40-1-158.

Pursuant to rules and regulations prescribed by the commissioner of driver services, each chauffeur employed by a limousine carrier shall secure from the Department of Driver Services a ~~limousine chauffeur authorization and~~ for-hire license endorsement or private background check certification pursuant to Code Section 40-5-39."

SECTION 2.1.

Said title is further amended by revising Code Section 40-1-166, relating to commercial indemnity and liability insurance, as follows:

"40-1-166.

Each limousine carrier shall obtain and maintain commercial indemnity and liability insurance with an insurance company ~~authorized to do business in this state~~ licensed under Title 33 or through a surplus line broker licensed under Title 33, which policy shall provide for the protection of passengers and property carried and of the public against injury proximately caused by the negligence of the limousine carrier, its servants, and its agents. The minimum amount of such insurance shall be:

- (1) For capacity of 12 passengers or less, \$300,000.00 for bodily injuries to or death of all persons in any one accident with a maximum of \$100,000.00 for bodily injuries to or death of one person, and \$50,000.00 for loss of damage in any one accident to property of others, excluding cargo; or
- (2) For capacity of more than 12 passengers, \$500,000.00 for bodily injuries to or death of all persons in any one accident with a maximum of \$100,000.00 for bodily injuries to or death of one person, and \$50,000.00 for loss of damage in any one accident to property of others, excluding cargo."

SECTION 3.

Said title is further amended by adding a new part to Article 3 of Chapter 1, relating to motor carriers, to read as follows:

"Part 4

40-1-190.

As used in this part, the term:

- (1) 'Limousine carrier' means any limousine company or provider which is licensed with the state pursuant to paragraph (5) of Code Section 40-1-151.
- (2) 'Metering device' means an instrument or device which is utilized for the purpose of calculating for-hire fares based upon distance, time, mileage, and administrative fees and which is not a taximeter.
- (3) 'Ride share driver' means an individual who uses his or her personal passenger car, as defined in paragraph (41) of Code Section 40-1-1, to provide transportation for passengers arranged through a ride share network service.
- (4) 'Ride share network service' means any person or entity that uses a digital network or Internet network to connect passengers to ride share drivers for the

purpose of prearranged transportation for hire or for donation. The term 'ride share network service' shall not include any corporate sponsored vanpool or exempt rideshare as such terms are defined in Code Section 40-1-100, provided that such corporate sponsored vanpool or exempt rideshare is not operated for the purpose of generating a profit.

(5) 'Taxi service' means any taxicab company or provider which utilizes a motor vehicle or similar vehicle, device, machine, or conveyance to transport passengers; uses a taximeter; and is authorized to provide taxicab services pursuant to an ordinance of a local government in this state.

(6) 'Taximeter' means an instrument or device approved by the applicable local government which is utilized by a taxi service for the purpose of calculating fares based upon distance, time, and mileage.

(7) 'Transportation referral service' means any person or entity that books, refers clients to, collects money for, or advertises transportation services provided by a limousine carrier or taxi service by means of a telephone, through cellular telephone software, through the Internet, in person, by written instrument, by any person, or by any other means, and does not own or lease any motor vehicle required to be registered with the Department of Public Safety as a limousine carrier or a taxi service. A transportation referral service shall not include emergency or nonemergency medical transports.

(8) 'Transportation referral service provider' means any person or entity that books, refers clients to, collects money for, or advertises transportation services provided by a limousine carrier or taxi service by means of a telephone, through cellular telephone software, through the Internet, in person, by written instrument, by any person, or by any other means and owns or leases one or more motor vehicles required to be registered with the Department of Public Safety as a limousine carrier or a local government in this state as a taxi service. A transportation referral service provider shall not include emergency or nonemergency medical transports.

40-1-191.

The General Assembly finds that it is in the public interest to provide uniform administration and parity among ride share network services, transportation referral services, and transportation referral service providers, including taxi services, that operate in this state for the safety and protection of the public. The General Assembly fully occupies and preempts the entire field of administration and regulation over ride share network services, transportation referral services, transportation referral service providers, and taxi services as governed by this part; provided, however, that the governing authority of any county or municipal airport shall be authorized to regulate any ride share network service, transportation referral service, transportation referral service provider, and taxi service consistent with the process used for limousine carriers, as set forth in Code Section 40-1-162, who are doing business at any such airport and may establish fees as part of such regulation process; provided, further, that such fees shall not exceed the airport's approximate cost of permitting and regulating

ride share network services, transportation referral services, transportation referral service providers, and taxi services; and provided, further, that such governing authorities of such airports shall accept a for-hire license endorsement or private background check certification pursuant to Code Section 40-5-39 as adequate evidence of sufficient criminal background investigations and shall not require any fee for any further criminal background investigation; and provided, further, that local governments may maintain certificates of public necessity and convenience and medallion requirements and company requirements for taxi services as provided in this part and may establish maximum fares for taxi services. Honorable Jay Powell, Chairman
House Ways and Means Committee
State Capitol, Room 133
Atlanta, Georgia 30334

SUBJECT: Fiscal Note
House Bill 277 (LC 34 4453)

Dear Chairman Powell:

This bill would change the definition of fair market value applicable to non-carpet flooring samples, sample display racks, and related items for purposes of sales tax assessment from the estimated retail price to 21.9 percent of the cost of raw materials used to construct the sample of related item. Samples and related items used exclusively for commercial sales would be taxed based on 1 percent of their raw material cost.

The revenue loss of this bill, according to analysis by the Georgia State University Fiscal Research Center, is estimated to be between \$150 thousand and \$500 thousand per year beginning in FY 2016. No effective date was given in the bill, so July 1, 2015 has been assumed. Details of the analysis by the Fiscal Research Center are included in the Appendix to this fiscal note.

Sincerely,

/s/ Greg S. Griffin
State Auditor

/s/ Teresa A. MacCartney, Director
Office of Planning and Budget

Enclosure: Appendix – Details of Analysis by Fiscal Research Center

Under this bill, the types of floor covering samples that would have their fair market value taxed differently include but are not limited to hardwood, engineered hardwood, laminate, stone, tile, and all types of resilient flooring (e.g. vinyl, linoleum, and cork). These types of flooring represent a wide range of per square foot final retail prices and are used in Georgia at different rates. Using the market share of installed floors by product type obtained from Statista and average per foot retail prices obtained from the Improvenet.com webpage, the weighted average per foot retail material cost of \$5.22 was calculated for Georgia across the affected flooring types.

Based on Economic Census data on the raw materials costs of resilient flooring, wood flooring, ceramic tile, and other flooring types, the share of the retail price that is comprised of raw material costs is assumed to be about 50 percent.

The estimated tax on flooring samples, at 21.9 percent of the raw material cost component, is estimated to be about 1.83 cents per square foot. For commercial use samples, the estimated tax at 1 percent of raw material costs is about 0.08 cents per square foot. These figures represent State revenue losses of about 19 cents and 21 cents per square foot, respectively, from estimated current levels.

No data are available from which to estimate the number of samples distributed to dealers per year, but assuming an average of 20 cents per square foot of revenue loss, it would take 500,000 square feet of samples (2 million samples if the average sample size is 6” by 6”) to reach a \$100,000 State revenue loss.

In addition, sample display racks, boards, binders, and other sample-related equipment are to be taxed on the same basis as the samples themselves under this bill. No data are available isolating these specific display purchases or their raw material input costs. However, according to 2012 Economic Census data, there are an estimated 1,451 establishments in Georgia that sell and/or install flooring, and would likely possess these display materials. If these firms, on average, acquired \$1,000 worth (at current law fair market value) of new display racks, sample boards and binders, and related items every year, the tax under current law would be about \$58,000. If half of the retail value is raw material costs, the taxable amount would be reduced under the proposed law from \$1.45

million to about \$159,000 (at 21.9 percent) and potentially as little as \$7,300 (at 1 percent), resulting in a State revenue loss of \$52,000 to \$58,000 per year.

With insufficient data available on the volume of samples and sample display items acquired by Georgia taxpayers each year, no precise estimate can be made. However, combining the hypothetical losses from samples and sample display items as described above, it is believed that the State revenue loss under this bill is likely between \$150 thousand and \$500 thousand per fiscal year.

Senator Jackson of the 24th asked unanimous consent that he be excused from voting on HB 277 pursuant to Senate Rule 5-1.8(d). The consent was granted, and Senator Jackson was excused.

In such cases, before changing such value or decision, the board of assessors shall first conduct an investigation into factors currently affecting the fair market value. The investigation necessary shall include, but not be limited to, a visual on-site inspection of the property to ascertain if there have been any additions, deletions, or improvements to such property or the occurrence of other factors that might affect the current fair market value. If a review to determine if there are any errors in the description and characterization of such property in the files and records of the board of tax assessors discloses any errors, such errors shall not be the sole sufficient basis for increasing the valuation during the two-year period.~~

~~(1) This subsection shall not apply to a valuation established by an appeal decision if the taxpayer or his or her authorized representative failed to attend the appeal hearing or provide the board of equalization, hearing officer, or arbitrator with some written evidence supporting the taxpayer's opinion of value;~~

~~(2) This subsection shall not apply to a valuation established by an appeal decision or agreement if the taxpayer files a return at a different valuation during the next two successive years;~~

~~(3) If the taxpayer files an appeal pursuant to Code Section 48-5-311 during the next two successive years, the board of equalization, hearing officer, or arbitrator may increase or decrease the value of the real property based on the evidence presented by the parties during the appeal process; and~~

~~(4) The board of tax assessors may increase or decrease the value of the real property if, after a visual on-site inspection of the property, it is found that there have been substantial additions, deletions, or improvements to such property or that there are errors in the board of tax assessors' records as to the description or characterization of the property, and the board of tax assessors finds an occurrence of other material factors that substantially affect the current fair market value of such property."~~

SECTION 7.

Said title is further amended by revising Code Section 48-5-302, relating to the time for completion of revision and assessment of returns and submission of completed tax digest to the state revenue commissioner, as follows:

"48-5-302.

The tax receiver or tax commissioner shall then immediately forward one copy of the completed digest to the commissioner for examination and approval."

SECTION 8.

"(B) The notice shall also contain the following ~~statement~~ statements in bold print:

"The estimate of your ad valorem tax bill for the current year is based on the previous or most applicable year's millage rate and the fair market value contained in this notice. The actual tax bill you receive may be more or less than this estimate. This estimate may not include all eligible exemptions."

"(d) **Records and information availability.** Notwithstanding the provisions of Code Section 50-18-71, in the case of all public records and information of the county board of tax assessors pertaining to the appraisal and assessment of real property:

(2) No additional charges or fees may be collected from the taxpayer for reasonable search, retrieval, or other administrative costs associated with providing such public records and information; and

(3)(A) The superior courts of this state shall have jurisdiction in law and in equity to entertain actions against the board of tax assessors to enforce compliance with the provisions of this subsection. Such actions may be brought by any person, firm, corporation, or other entity.

(1) Except as otherwise provided in this subsection, there is established in each county of ~~the~~ this state a county board of equalization to consist of three members and three alternate members appointed in the manner and for the term set forth in this Code section. In those counties having more than 10,000 parcels of real property, the county governing authority, by appropriate resolution adopted on or before November 1 of each year, may elect to have selected one additional county board of equalization for each 10,000 parcels of real property in the county or for any part of a number of parcels in the county exceeding 10,000 parcels.

(1.1) The grand jury shall be authorized to conduct a hearing following its receipt of the report of the appeal administrator under paragraph (2) of subsection (a.1) of this Code section and to remove one or more members of the board of equalization for failure to perform the duties required under this Code section.

(2) Notwithstanding any part of this subsection to the contrary, at any time the

governing authority of a county makes a request to the grand jury of the county for additional alternate members of boards of equalization, the grand jury shall appoint the number of alternate members so requested to each board of equalization, such number not to exceed a maximum of 21 alternate members for each of the boards. The alternate members of the boards shall be duly qualified and authorized to serve on any of the boards of equalization of the county. ~~The grand jury of any such county members of each board of equalization~~ may designate a chairperson and two vice chairpersons of each such board of equalization. ~~The chairperson and vice chairpersons shall be vested with full administrative authority in calling and conducting the business of the board.~~ The appeal administrator shall have administrative authority in all matters governing the conduct and business of the boards of equalization so as to provide oversight and supervision of such boards and scheduling of appeals. Any combination of members or alternate members of any such board of equalization of the county shall be competent to exercise the power and authority of the board. Any person designated as an alternate member of any such board of equalization of the county shall be competent to serve in such capacity as provided in this Code section upon appointment and taking of oath.

(3) Notwithstanding any provision of this subsection to the contrary, in any county of this state having a population of 400,000 or more according to the United States decennial census of 1990 or any future such census, the governing authority of the county, by appropriate resolution adopted on or before November 1 of each year, may elect to have selected one additional county board of equalization for each 10,000 parcels of real property in the county or for any part of a number of parcels in the county exceeding 10,000 parcels. In addition to the foregoing, any two members of a county board of equalization of the county may decide an appeal from an assessment, notwithstanding any other provisions of this Code section. The decision shall be in writing and signed by at least two members of the board of equalization; and, except for the number of members necessary to decide an appeal, the decision shall conform to the requirements of this Code section.

(4) The governing authorities of two or more counties may by intergovernmental agreement establish regional boards of equalization for such counties which shall operate in the same manner and be subject to all of the requirements of this Code section specified for county boards of equalization. The intergovernmental agreement shall specify the manner in which the members of the regional board shall be appointed by the grand jury of each of the counties, ~~and shall specify which clerk of the superior court~~ appeal administrator shall have oversight over and supervision of such regional board, and shall provide for funding from each participating county for the operations of the appeal administrator as required by subparagraph (d)(4)(C.1) of this Code section. All hearings and appeals before a regional board shall be conducted in the county in which the property which is the subject of the hearing or appeal is located.

(iii) No person shall be eligible to hear an appeal as a member of a board of equalization unless, prior to hearing such appeal, such person shall satisfactorily complete the 20 hours of instruction in appraisal and equalization processes and procedures required under the applicable provisions of division (i) or (ii) of this subparagraph.

(iv) The failure of any member to fulfill the requirements of the applicable provisions of division (i) or (ii) of this subparagraph shall render that such member ineligible to serve on the board; and the vacancy created thereby shall be filled in the same manner as other vacancies on the board are filled.

~~(B)(C)(i) No person shall be eligible to hear an appeal as a member of a board of equalization on or after January 1, 2011, unless prior to hearing such appeal, that person shall satisfactorily complete the 40 hours of instruction in appraisal and equalization processes and procedures required under subparagraph (A) of this paragraph.~~ Any person appointed to such a board of equalization shall be required to complete annually a continuing education requirement of at least eight hours of instruction in appraisal and equalization procedures, as prepared and required by

the commissioner pursuant to Code Section 48-5-13.

(c) **Appointment of board of equalization members.**

(1) Except as provided in paragraph (2) of this subsection, each member and alternate member of the county board of equalization shall be appointed for a term of three calendar years next succeeding the date of such member or such alternate member's selection. Each term shall begin on January 1.

(2) The grand jury in each county at any term of court preceding November 1 of 1991 shall select three persons who are otherwise qualified to serve as members of the county board of equalization and shall also select three persons who are otherwise qualified to serve as alternate members of the county board of equalization. The three individuals selected as alternates shall be designated as alternate one, alternate two, and alternate three, with the most recent appointee being alternate number three, the next most recent appointee being alternate number two, and the most senior appointee being alternate number one. Each year thereafter, the grand jury of each county shall select one member and one alternate for three-year terms.

(3) If a vacancy occurs on the county board of equalization, the individual designated as alternate one shall then serve as a member of the board of equalization for the unexpired term. If a vacancy occurs among the alternate members, the grand jury then in session or the next grand jury shall select an individual who is otherwise qualified to serve as an alternate member of the county board of equalization for the unexpired term. The individual so selected shall become alternate member three, and the other two alternates shall be redesignated appropriately.

(4) Within five days after the names of the members and alternate members of the county board or boards of equalization have been selected, the clerk of the superior court shall ~~issue and deliver~~ cause such appointees to appear before the clerk of the superior court for the purpose of taking and executing in writing the oath of office. The clerk of the superior court may utilize any means necessary for such purpose, including, but not limited to, telephonic or other communication, regular first-class mail, or issuance of and delivery to the sheriff or deputy sheriff a precept containing the names of the persons so selected. Within ten days of receiving the precept, the sheriff or deputy sheriff shall cause the persons whose names are written on the precept to be served personally or by leaving the summons at their place of residence. The summons shall direct the persons named on the summons to appear before the clerk of the superior court on a date specified in the summons, which date shall not be later than December 15.

(5) Each member and alternate member of the county board of equalization, on the

date prescribed for appearance before the clerk of the superior court and before entering on the discharge of such member and alternate member's duties, shall take and execute in writing before the clerk of the superior court the following oath:

(1) The county board of equalization shall hear and determine appeals from assessments and denials of homestead exemptions as provided in subsection (e) of this Code section.

(2) If, in the course of determining an appeal, the county board of equalization finds reason to believe that the property involved in an appeal or the class of property in which is included the property involved in an appeal is not uniformly assessed with other property included in the digest, the board shall request the respective parties to the appeal to present relevant information with respect to that question. If the board determines that uniformity is not present, the board may order the county board of tax assessors to take such action as is necessary to obtain uniformity, except that, when a question of county-wide uniformity is considered by the board, the board may recommend a partial or total county-wide revaluation only upon a determination by a majority of all the members of the board that the clear and convincing weight of the evidence requires such action. The board of equalization may act pursuant to this paragraph whether or not the appellant has raised the issue of uniformity.

(3) The board shall establish procedures which comply strictly with the regulations promulgated by the commissioner pursuant to subparagraph ~~(e)(5)(B)~~ (e)(1)(D) of this Code section for the conducting of appeals before the board. The procedures shall be entered into the minutes of the board, and a copy of the procedures shall be made available to any individual upon request.

equalization by the county grand jury as required by Code Section 15-12-81; collecting the names of possible appointees; collecting information from possible appointees as to their qualifications; presenting the names of the possible appointees to the county grand jury; processing the appointments as required by paragraph (4) of subsection (c) of this Code section, including administering the oath of office to the newly appointed members and alternates of the county board of equalization as required by paragraph (5) of such subsection; instructing the newly appointed members and alternates as to the training they must receive and the operations of the county board of equalization; presenting to the grand jury of the county the names of possible appointees to fill vacancies as provided in paragraph (3) of such subsection; maintaining a roster of board members and alternates, maintaining a record showing that the board members and alternates completed training, keeping attendance records of board members and alternates for the purpose of payment for service, and maintaining the uniform application forms and keeping a record of the appointment dates of board members and alternates and their terms in office; and informing the county board of equalization that it must establish by regulation procedures for conducting appeals before the board as required by paragraph (3) of this subsection ~~(d) of this Code section~~. Oversight and supervision shall also include the scheduling of board hearings, assistance in scheduling hearings before hearing officers, and giving notice of the date, time, and place of hearings to the taxpayers and the county board of tax assessors and giving notice of the decisions of the county board of equalization or hearing officer to the taxpayer and county board of tax assessors as required by division (e)(6)(D)(i) of this Code section.

(B) The county governing authority shall provide any resources to the ~~clerk of superior court~~ appeal administrator that are required to be provided by paragraph (7) of subsection (e) of this Code section.

(C) The county governing authority shall provide to the ~~clerk of superior court~~ appeal administrator facilities and secretarial and clerical help for appeals pursuant to subsection (e.1) of this Code section.

(C.1) The operations of the appeal administrator under this Code section shall, for budgeting purposes, constitute a distinct budget unit within the county budget that is separate from the operations of the clerk of the superior court. The appeal administrator budget unit shall contain a separate line item for the compensation of the appeal administrator for the performance of duties required under this Code section as well as separate lines items for resources, facilities, and personnel as specified under subparagraphs (B) and (C) of this paragraph.

(D) The ~~clerk of superior court~~ appeal administrator shall maintain any county records of all notices to the taxpayer and the taxpayer's attorney, of certified receipts of returned or unclaimed mail, and from the hearings before the board of equalization and before hearing officers until for 12 months after the deadline to file any appeal to the superior court expires. If an appeal is not filed to the superior court, the ~~clerk of superior court~~ appeal administrator is authorized to properly destroy any records from the hearings before the county board of equalization or

hearing officers but shall maintain records of all notices to the taxpayer and the taxpayer's attorney and certified receipts of returned or unclaimed mail for 12 months. If an appeal to the superior court is filed, the ~~clerk of superior court~~ appeal administrator shall file such appeal and records in the civil action that is considered open by the clerk of superior court for such appeal, and such records shall become part of the record on appeal in accordance with paragraph (2) of subsection (g) of this Code section.

(e) **Appeal.**

(1)(A) Any taxpayer or property owner as of the last date for filing an appeal may elect to file an appeal from an assessment by the county board of tax assessors to ~~either:~~

(i) The county board of equalization as to matters of taxability, uniformity of assessment, and value, and, for residents, as to denials of homestead exemptions pursuant to paragraph (2) of this subsection;

(ii) An arbitrator as to matters of value pursuant to subsection (f) of this Code section; ~~or~~

(iii) A hearing officer as to matters of value and uniformity of assessment for a parcel of nonhomestead real property with a fair market value in excess of ~~\$1 million~~ \$750,000.00 as shown on the taxpayer's annual notice of current assessment under Code Section 48-5-306, and any contiguous nonhomestead real property owned by the same taxpayer, pursuant to subsection (e.1) of this Code section; or

(iv) A hearing officer as to matters of values or uniformity of assessment of one or more account numbers of wireless property as defined in subparagraph (e.1)(1)(B) of this Code section with an aggregate fair market value in excess of \$750,000.00 as shown on the taxpayer's annual notice of current assessment under Code Section 48-5-306, pursuant to subsection (e.1) of this Code section.

(A.1) The commissioner shall establish by rule and regulation a uniform appeal form that the taxpayer may use. Such uniform appeal form shall require the initial assertion of a valuation of the property by the taxpayer.

(B) In addition to the grounds enumerated in subparagraph (A) of this paragraph, any taxpayer having property that is located within a municipality, the boundaries of which municipality extend into more than one county, may also appeal from an assessment on such property by the county board of tax assessors to the county board of equalization, ~~or~~ to a hearing officer, or to arbitration as to matters of uniformity of assessment of such property with other properties located within such municipality, and any uniformity adjustments to the assessment that may result from such appeal shall only apply for municipal ad valorem tax purposes.

(B.1) The taxpayer or his or her agent or representative may submit in support of his or her appeal an appraisal given, signed, and certified as such by a real property appraiser as classified by the Georgia Real Estate Commission and the Georgia Real Estate Appraisers Board which was performed not later than nine months prior to the date of assessment. The board of tax assessors shall consider the appraisal upon

request. Within 45 days of the receipt of the taxpayer's appraisal, the board of tax assessors shall notify the taxpayer or his or her agent or representative of acceptance of the appraisal or shall notify the taxpayer or his or her agent or representative of the reasons for rejection.

(B.2) The taxpayer or his or her agent or representative may submit in support of his or her appeal the most current report of the sales ratio study for the county conducted pursuant to Code Section 48-5-274. The board of tax assessors shall consider such sales ratio study upon request of the taxpayer or his or her agent or representative.

(B.3) Any assertion of value by the taxpayer on the uniform appeal form made to the board of tax assessors shall be subject to later amendment or revision by the taxpayer by submission of written evidence to the board of tax assessors.

(B.4) If more than one property of a taxpayer is under appeal, the board of equalization, arbitrator, or hearing officer, as the case may be, shall, upon request of the taxpayer, consolidate all such appeals in one hearing and shall announce separate decisions as to each parcel or item of property. Any appeal from such a consolidated hearing to the superior court as provided in subsection (g) of this Code section shall constitute a single civil action and, unless the taxpayer specifically so indicates in the taxpayer's notice of appeal, shall apply to all such parcels or items of property.

(B.5) Within ten days of a final determination of value under this Code section and the expiration of the 30 day appeal period provided by subsection (g) of this Code section, or, as otherwise provided by law, with no further option to appeal, the county board of tax assessors shall forward such final determination of value to the tax commissioner.

(C) Appeals to the county board of equalization shall be conducted in the manner provided in paragraph (2) of this subsection. Appeals to a hearing officer shall be conducted in the manner specified in subsection (e.1) of this Code section. Appeals to an arbitrator shall be conducted in the manner specified in subsection (f) of this Code section. Such appeal proceedings shall be conducted between the hours of 8:00 A.M. and 7:00 P.M. on a business day. Following the notification of the taxpayer of the date and time of such taxpayer's scheduled hearing, the taxpayer shall be authorized to exercise a one-time option of changing the date and time of the taxpayer's scheduled hearing to a day and time acceptable to the taxpayer and the county board of tax assessors. ~~The clerk of the superior court appeal administrator~~ shall grant additional extensions to the taxpayer or the county board of tax assessors for good cause shown, or by agreement of the parties.

(D) The commissioner, by regulation, shall adopt uniform procedures and standards which shall be followed by county boards of equalization, hearing officers, and arbitrators in determining appeals. Such rules shall be updated and revised periodically and reviewed no less frequently than every five years. The commissioner shall publish and update annually a manual for use by county boards of equalization, arbitrators, and hearing officers.

(2)(A) **Appeal to board of equalization.** An appeal shall be effected by e-mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, ~~or~~ by mailing to, or by filing with the county board of tax assessors a notice of appeal within 45 days from the date of mailing the notice pursuant to Code Section 48-5-306. A written objection to an assessment of real property received by a county board of tax assessors stating the location of the real property and the identification number, if any, contained in the tax notice shall be deemed a notice of appeal by the taxpayer under the grounds listed in paragraph (1) of this subsection. A written objection to an assessment of personal property received by a county board of tax assessors giving the account number, if any, contained in the tax notice and stating that the objection is to an assessment of personal property shall be deemed a notice of appeal by the taxpayer under the grounds listed in paragraph (1) of this subsection. The county board of tax assessors shall review the valuation or denial in question, and, if any changes or corrections are made in the valuation or decision in question, the board shall send a notice of the changes or corrections to the taxpayer pursuant to Code Section 48-5-306. Such notice shall also explain the taxpayer's right to appeal to the county board of equalization as provided in subparagraph (C) of this paragraph if the taxpayer is dissatisfied with the changes or corrections made by the county board of tax assessors.

(B) If no changes or corrections are made in the valuation or decision, the county board of tax assessors shall send written notice thereof to the taxpayer, to any authorized agent or representative of the taxpayer who the taxpayer has requested that such notice be sent, and to the county board of equalization which notice shall also constitute the taxpayer's appeal to the county board of equalization without the necessity of the taxpayer's filing any additional notice of appeal to the county board of tax assessors or to the county board of equalization. The county board of tax assessors shall also send or deliver all necessary papers to the county board of equalization. If, however, the taxpayer and the county board of tax assessors execute a signed agreement as to valuation, the appeal shall terminate as of the date of such signed agreement.

(C) If changes or corrections are made by the county board of tax assessors, the board shall notify the taxpayer in writing of such changes. The commissioner shall develop and make available to county boards of tax assessors a suitable form which shall be used in such notification to the taxpayer. The notice shall be sent by regular mail properly addressed to the address or addresses the taxpayer provided to the county board of tax assessors and to any authorized agent or representative of the taxpayer who the taxpayer has requested that such notice be sent. If the taxpayer is dissatisfied with such changes or corrections, the taxpayer shall, within 30 days of the date of mailing of the change notice, ~~institute an~~ notify the county board of tax assessors to continue the taxpayer's appeal to the county board of tax assessors equalization by e-mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by mailing to or filing with the county

board of tax assessors a written notice of ~~appeal~~ continuance. The county board of tax assessors shall send or deliver the notice of appeal and all necessary papers to the county board of equalization.

(D) The written notice to the taxpayer required by this paragraph shall contain a statement of the grounds for rejection of any position the taxpayer has asserted with regard to the valuation of the property. No addition to or amendment of such grounds as to such position shall be permitted before the county board of equalization.

(3)(A) ~~In any each year in which no county-wide revaluation is implemented, the county board of tax assessors shall make its determination~~ review the appeal and notify the taxpayer of any corrections or changes within 180 days after receipt of the taxpayer's notice of appeal. If the county board of tax assessors fails to respond to the taxpayer within such 180 day period during such year, the appeal shall be automatically referred to the county board of equalization property valuation asserted by the taxpayer on the property tax return or the taxpayer's notice of appeal shall become the assessed fair market value for the taxpayer's property for the tax year under appeal. If no such assertion of value was submitted by the taxpayer, the appeal shall be forwarded to the county board of equalization.

(B) In any county in which the number of appeals exceeds a number equal to or greater than 3 percent of the total number of parcels in the county or the sum of the current assessed value of the parcels under appeal is equal to or greater than 3 percent of the gross tax digest of the county, the county board of tax assessors shall be granted an additional 180 day period to make its determination and notify the taxpayer. The county board of tax assessors shall notify each affected taxpayer of the additional 180 day review period provided in this subparagraph by mail or electronic communication, including posting notice on the website of the county board of tax assessors if such a website is available. Such additional period shall commence immediately following the last day of the 180 days provided for under subparagraph (A) of this paragraph. If the county board of tax assessors fails to review the appeal and notify the taxpayer of any corrections or changes not later than the last day of such additional 180 day period, the most recent property tax valuation asserted by the taxpayer on the property tax return or on appeal shall prevail and shall be deemed the value established on such appeal unless a time extension is granted under subparagraph (C) of this paragraph. If no such assertion of value was submitted by the taxpayer, the appeal shall be forwarded to the county board of equalization.

(C) Upon a sufficient showing of good cause by reason of unforeseen circumstances proven to the commissioner prior to the expiration of the additional 180 day period provided for under subparagraph (B) of this paragraph, the commissioner shall be authorized to provide for a time extension beyond the end of such additional 180 day period. The duration of any such time extension shall be specified in writing by the commissioner and shall also be posted on the website of the county board of tax assessors if such a website is available. If the county board

of tax assessors fails to make its review and notify the taxpayer and the taxpayer's attorney not later than the last day of such time extension, the most recent property tax valuation asserted by the taxpayer on the property tax return or on the taxpayer's notice of appeal shall prevail and shall be deemed the value established on such appeal. If no such assertion of value was submitted by the taxpayer, the appeal shall be forwarded to the county board of equalization. In addition, the commissioner shall be authorized to require additional training or require such other remediation as the commissioner may deem appropriate for failure to meet the deadline imposed by the commissioner under this subparagraph.

(4) The determination by the county board of tax assessors of questions of factual characteristics of the property under appeal, as opposed to questions of value, shall be prima-facie correct in any appeal to the county board of equalization. However, the board of tax assessors shall have the burden of proving its opinions of value and the validity of its proposed assessment by a preponderance of evidence.

(5) The county board of equalization shall determine all questions presented to it on the basis of the best information available to the board.

(6)(A) Within 15 days of the receipt of the notice of appeal, the county board of equalization shall set a date for a hearing on the questions presented and shall so notify the taxpayer and the county board of tax assessors in writing. Such notice shall be sent by first-class mail to the taxpayer and to any authorized agent or representative of the taxpayer who the taxpayer has requested that such notice be sent. Such notice shall be transmitted by e-mail to the county board of tax assessors if such board has adopted a written policy consenting to electronic service, and, if it has not, then such notice shall be sent to such board by first-class mail or intergovernmental mail. Such written notice shall advise each party that he or she may request a list of witnesses, documents, or other written evidence to be presented at the hearing by the other party, which shall be provided to the requesting party not less than seven days prior to the time of the hearing. Any failure to comply with this requirement shall be grounds for an automatic continuance or for exclusion of such witness, documents, or other written evidence. A taxpayer may appear before the board of equalization concerning any appeal in person, by his or her authorized agent or representative, or both. The taxpayer shall specify in writing to the board of equalization the name of any such agent or representative prior to any appearance by the agent or representative before the board.

(B) Within 30 days of the date of notification to the taxpayer of the hearing required in this paragraph but not earlier than 20 days from the date of such notification to the taxpayer, the county board of equalization shall hold such hearing to determine the questions presented.

(C) If more than one ~~contiguous~~ contiguous property of a taxpayer is under appeal, the board of equalization shall, upon request of the taxpayer, consolidate all such appeals in one hearing and ~~render~~ announce separate decisions as to each parcel or item of property. Any appeal from such a consolidated board of equalization hearing to the superior court as provided in this subsection shall constitute a single civil action,

and, unless the taxpayer specifically so indicates in his or her notice of appeal, shall apply to all such parcels or items of property.

(D)(i) The board of equalization shall ~~render~~ announce its decision on each appeal at the conclusion of the hearing ~~under~~ held in accordance with subparagraph (B) of this paragraph before proceeding with another hearing. The decision of the county board of equalization shall be in writing, shall be signed by each member of the board, shall specifically decide each question presented by the appeal, shall specify the reason or reasons for each such decision as to the specific issues of taxability, uniformity of assessment, value, or denial of homestead exemptions depending upon the specific issue or issues raised by the taxpayer in the course of such taxpayer's appeal, shall state that with respect to the appeal no member of the board is disqualified from acting by virtue of subsection (j) of this Code section, and shall certify the date on which notice of the decision is given to the parties. Notice of the decision shall be delivered by hand to each party, with written receipt, or given to each party by sending a copy of the decision by registered or certified mail or statutory overnight delivery to the appellant and by filing the original copy of the decision with the county board of tax assessors. Each of the three members of the county board of equalization must be present and must participate in the deliberations on any appeal. A majority vote shall be required in any matter. All three members of the board ~~must~~ shall sign the decision indicating their vote.

(ii) Except as otherwise provided in subparagraph (g)(4)(B) of this Code section, the county board of tax assessors shall use the valuation of the county board of equalization in compiling the tax digest for the county for the year in question and shall indicate such valuation as the previous year's value on the property tax notice of assessment of such taxpayer for the immediately following year rather than substituting the valuation which was changed by the county board of equalization.

(iii)(I) If the county's tax bills are issued before an appeal has been finally determined, the county board of tax assessors shall specify to the county tax commissioner the lesser of the valuation in the last year for which taxes were finally determined to be due on the property or 85 percent of the current year's value, unless the property in issue is homestead property and has been issued a building permit and structural improvements have occurred, or structural improvements have been made without a building permit, in which case, it shall specify 85 percent of the current year's valuation as set by the county board of tax assessors. Depending on the circumstances of the property, this amount shall be the basis for a temporary tax bill to be issued; provided, however, that a nonhomestead owner of a single property valued at \$2 million or more may elect to pay the temporary tax bill which specifies 85 percent of the current year's valuation; or, such owner may elect to pay the amount of the difference between the 85 percent tax bill based on the current year's valuation and the tax bill based on the valuation from the last year for which taxes were finally determined to be due on the property in conjunction with the amount of the tax bill based on

valuation from the last year for which taxes were finally determined to be due on the property, to the tax commissioner's office. Only the amount which represents the difference between the tax bill based on the current year's valuation and the tax bill based on the valuation from the last year for which taxes were finally determined to be due will be held in an escrow account by the tax commissioner's office. Once the appeal is concluded, the escrowed funds shall be released by the tax commissioner's office to the prevailing party. The taxpayer may elect to pay the temporary tax bill in the amount of 100 percent of the current year's valuation if no substantial property improvement has occurred. The county tax commissioner shall have the authority to adjust such tax bill to reflect the 100 percent value as requested by the taxpayer. Such tax bill shall be accompanied by a notice to the taxpayer that the bill is a temporary tax bill pending the outcome of the appeal process. Such notice shall also indicate that upon resolution of the appeal, there may be additional taxes due or a refund issued.

(II) For the purposes of this Code section, any final value that causes a reduction in taxes and creates a refund that is owed to the taxpayer shall be paid by the tax commissioner to the taxpayer, entity, or transferee who paid the taxes with interest, as provided in subsection (m) of this Code section.

(III) For the purposes of this Code section, any final value that causes an increase in taxes and creates an additional billing shall be paid to the tax commissioner as any other tax due along with interest, as provided in subsection (m) of this Code section.

(7) ~~The clerk of the superior court~~ appeal administrator shall furnish the county board of equalization necessary facilities and ~~secretarial and clerical~~ administrative help. ~~The clerk of the superior court~~ appeal administrator shall see that the records and information of the county board of tax assessors are transmitted to the county board of equalization. The county board of equalization ~~must~~ shall consider in the performance of its duties the information furnished by the county board of tax assessors and the taxpayer.

~~(8) The taxpayer or his or her agent or representative may submit in support of his or her appeal the most current report of the sales ratio study for the county conducted pursuant to Code Section 48-5-274. The board must consider the study upon any such request.~~

"(f) Nonbinding arbitration.

(1) As used in this subsection, the term 'certified appraisal' means an appraisal or appraisal report given, signed, and certified as such by a real property appraiser as classified by the Georgia Real Estate Commission and the Georgia Real Estate Appraisers Board.

(2) At the option of the taxpayer, an appeal shall be submitted to nonbinding arbitration in accordance with this subsection.

(3)(A) Following an election by the taxpayer to use the arbitration provisions of this subsection, an arbitration appeal shall be effected by the taxpayer by e-mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by filing a written notice of arbitration appeal with the county board of tax assessors. The notice of arbitration appeal shall specifically state the grounds for arbitration. The notice shall be filed within 45 days from the date of mailing the notice pursuant to Code Section 48-5-306. Within ten days of receipt of a taxpayer's notice of arbitration appeal, the board of tax assessors shall send to the taxpayer an acknowledgment of receipt of the appeal and a notice that the taxpayer shall, within 45 days of the date of transmittal of the acknowledgment of receipt of the appeal, provide to the county board of tax assessors for consideration a copy of a certified appraisal. Failure of the taxpayer to provide such certified appraisal within such 45 days shall terminate the appeal unless the taxpayer within such 45 day period elects to have the appeal immediately forwarded to the board of equalization. Prior to appointment of the arbitrator and within 45 days of the acknowledgment of the receipt of the appeal, the taxpayer shall provide a copy of the certified appraisal as specified in this paragraph to the county board of tax assessors for consideration. Within 45 days of receiving the taxpayer's certified appraisal, the county board of tax assessors shall either accept the taxpayer's appraisal, in which case that value shall become final, or the county board of tax assessors shall reject the taxpayer's appraisal by sending within ten days of the date of such rejection a written notification by certified mail of such rejection to the taxpayer and the taxpayer's attorney of record in compliance with subsection (o) of this Code section, in which case the county board of tax assessors shall certify within 45 days the appeal to the appeal administrator of the county in which the property is located along with any other papers specified by the person seeking arbitration under this subsection, including, but not limited to, the staff information from the file used by the county board of tax assessors. In the event the taxpayer is not notified of a rejection of the taxpayer's appraisal within such ten-day period, the taxpayer's appraisal value shall become final. In the event that the county board of tax assessors neither accepts nor rejects the value set out in the certified appraisal within 45 days after the receipt of the certified appraisal, then the certified appraisal shall become the final value. All papers and information certified to the appeal administrator shall become a part of the record on arbitration. At the time of certification of the appeal, the county board of tax assessors shall serve the taxpayer and the taxpayer's attorney of record in compliance with subsection (o) of this Code section, if any, or employee with a

copy of the certification along with any other papers specified by the person seeking arbitration along with the civil action file number assigned to the appeal, if any. Within 15 days of filing the certification to the appeal administrator, the presiding or chief judge of the superior court of the circuit in which the property is located shall issue an order authorizing the arbitration.

(B) At any point, the county board of tax assessors and the taxpayer may execute a signed, written agreement establishing the fair market value without entering into or completing the arbitration process. The fair market value as set forth in such agreement shall become the final value.

(C) The arbitration shall be conducted pursuant to the following procedure:

(i) The county board of tax assessors shall, at the time the appeal is certified to the appeal administrator under subparagraph (A) of this paragraph, provide to the taxpayer a notice of a meeting time and place to decide upon an arbitrator, to occur within 60 days after the date of sending the rejection of the taxpayer's certified appraisal. Following the notification of the taxpayer of the date and time of the meeting, the taxpayer shall be authorized to exercise a one-time option of changing the date and time of the meeting to a date and time acceptable to the taxpayer and the county board of tax assessors. If the parties agree, the matter shall be submitted to a single arbitrator chosen by the parties. If the parties cannot agree on the single arbitrator, the arbitrator may be chosen by the presiding or chief judge of the superior court of the circuit in which the property is located within 30 days after the filing of a petition by either party;

(ii) In order to be qualified to serve as an arbitrator, a person shall be classified as a state certified general real property appraiser or state certified residential real property appraiser pursuant to the rules and regulations of the Georgia Real Estate Commission and the Georgia Real Estate Appraisers Board and shall have experience or expertise in appraising the type of property that is the subject of the arbitration;

(iii) The arbitrator, within 30 days after his or her appointment, shall set a time and place to hear evidence and testimony from both parties. The arbitrator shall provide written notice to the parties personally or by registered or certified mail or statutory overnight delivery not less than ten days before the hearing. Such written notice shall advise each party that documents or other written evidence to be presented at the hearing by a party must be provided to the other party not less than seven days prior to the time of the hearing and that any failure to comply with this requirement, unless waived by mutual written agreement of such parties, shall be grounds for a continuance or for exclusion of such documents or other written evidence. The arbitrator, in consultation with the parties, may adjourn or postpone the hearing. Following notification of the taxpayer of the date and time of the hearing, the taxpayer shall be authorized to exercise a one-time option of changing the date and time of the hearing to a date and time acceptable to the taxpayer and the county board of tax assessors. The presiding or chief judge of the superior court of the circuit in which the property is located may direct the arbitrator to

proceed promptly with the hearing and the determination of the appeal upon application of any party. The hearing shall occur in the county in which the property is located or such other place as may be agreed upon in writing by the parties;

(iv) At the hearing, the parties shall be entitled to be heard, to present documents, testimony, and other matters, and to cross-examine witnesses. The arbitrator may hear and determine the controversy upon the documents, testimony, and other matters produced notwithstanding the failure of a party duly notified to appear;

(v) The arbitrator shall maintain a record of all pleadings, documents, testimony, and other matters introduced at the hearing. The arbitrator or any party to the proceeding may have the proceedings transcribed by a court reporter;

(vi) The provisions of this paragraph may be waived at any time by written consent of the taxpayer and the board of tax assessors;

(vii) At the conclusion of the hearing, the arbitrator shall render a decision regarding the fair market value of the property subject to nonbinding arbitration;

(viii) In order to determine the fair market value, the arbitrator may consider the final value for the property submitted by the county board of tax assessors at the hearing and the final value submitted by the taxpayer at the hearing. The taxpayer shall be responsible for the cost of any appraisal by the taxpayer's appraiser;

(ix) The arbitrator shall consider the final value submitted by the county board of tax assessors, the final value submitted by the taxpayer, and evidence supporting the values submitted by the county board of tax assessors and the taxpayer. The arbitrator shall determine the fair market value of the property under appeal. The arbitrator shall notify both parties of the decision verbally and shall either send both parties the decision in writing or deliver the decision by hand to each party, with written receipt;

(x) If the taxpayer's value is closest to the fair market value determined by the arbitrator, the county shall be responsible for the fees and costs of such arbitrator. If the value of the board of tax assessors is closest to the fair market value determined by the arbitrator, the taxpayer shall be responsible for the fees and costs of such arbitrator; and

(xi) The board of tax assessors shall have the burden of proving its opinion of value and the validity of its proposed assessment by a preponderance of evidence.

(4) If the county's tax bills are issued before an arbitrator has rendered his or her decision on property which is on appeal, a temporary tax bill shall be issued in the same manner as otherwise required under division (e)(6)(D)(iii) of this Code section.

(5) Upon determination of the final value, the temporary tax bill shall be adjusted as required under division (e)(6)(D)(iii) of this Code section.

(g) Appeals to the superior court.

(1) The taxpayer or the county board of tax assessors may appeal decisions of the county board of equalization, hearing officer, or arbitrator, as applicable, to the superior court of the county in which the property lies. By mutual written agreement, the taxpayer and the county board of tax assessors may waive an appeal to the county

board of equalization and initiate an appeal under this subsection. A county board of tax assessors shall not appeal a decision of the county board of equalization, arbitrator, or hearing officer, as applicable, changing an assessment by 20 percent or less unless the board of tax assessors gives the county governing authority a written notice of its intention to appeal, and, within ten days of receipt of the notice, the county governing authority by majority vote does not prohibit the appeal. In the case of a joint city-county board of tax assessors, such notice shall be given to the city and county governing authorities, either of which may prohibit the appeal by majority vote within the allowed period of time.

(2) An appeal by the taxpayer as provided in paragraph (1) of this subsection shall be effected by e-mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by mailing to or filing with the county board of tax assessors a written notice of appeal. An appeal by the county board of tax assessors shall be effected by giving notice to the taxpayer. The notice to the taxpayer shall be dated and shall contain the name and the last known address of the taxpayer. The notice of appeal shall specifically state the grounds for appeal. The notice shall be mailed or filed within 30 days from the date on which the decision of the county board of equalization, hearing officer, or arbitrator is delivered pursuant to subparagraph (e)(6)(D), paragraph (7) of subsection (e.1), or division (f)(3)(C)(ix) of this Code section. Within 45 days of receipt of a taxpayer's notice of appeal and before certification of the appeal to the superior court, the county board of tax assessors shall send to the taxpayer notice that a settlement conference, in which the county board of tax assessors and the taxpayer shall confer in good faith, will be held at a specified date and time which shall be no later than 30 days from the notice of the settlement conference, and notice of the amount of the filing fee, if any, required by the clerk of the superior court. The taxpayer may exercise a one-time option to reschedule the settlement conference to a different date and time acceptable to the taxpayer, but in no event later than 30 days from the date of the notice. If at the end of the 45 day review period the county board of tax assessors elects not to hold a settlement conference, then the appeal shall terminate and the taxpayer's stated value shall be entered in the records of the board of tax assessors as the fair market value for the year under appeal and the provisions of subsection (c) of Code Section 48-5-299 shall apply to such value. If the taxpayer chooses not to participate in the settlement conference, he or she may not seek and shall not be awarded fees and costs at such time when the appeal is settled in superior court. If at the conclusion of the settlement conference the parties reach an agreement, the settlement value shall be entered in the records of the county board of tax assessors as the fair market value for the tax year under appeal and the provisions of subsection (c) of Code Section 48-5-299 shall apply to such value. If at the conclusion of the settlement conference the parties cannot agree on a fair market value, then written notice shall be provided to the taxpayer that the filing fees must be paid by the taxpayer to the clerk of the superior court within ten days of the date of the conference, with a copy of the check delivered to the county board of tax assessors. Notwithstanding any other provision of law to

the contrary, the amount of the filing fee for an appeal under this subsection shall be \$25.00. An appeal under this subsection shall not be subject to any other fees or additional costs otherwise required under any provision of Title 15 or under any other provision of law. Immediately following payment of such \$25.00 filing fee by the taxpayer to the clerk of the superior court, the clerk shall remit the proceeds thereof to the governing authority of the county which shall deposit the proceeds into the general fund of the county. Within 30 days of receipt of proof of payment to the clerk of the superior court, the county board of tax assessors shall certify to the clerk of the superior court the notice of appeal and any other papers specified by the person appealing including, but not limited to, the staff information from the file used by the county board of tax assessors, the county board of equalization, the hearing officer, or the arbitrator. All papers and information certified to the clerk shall become a part of the record on appeal to the superior court. At the time of certification of the appeal, the county board of tax assessors shall serve the taxpayer and his or her attorney of record, if any, with a copy of the notice of appeal and with the civil action file number assigned to the appeal. Such service shall be effected in accordance with subsection (b) of Code Section 9-11-5. No discovery, motions, or other pleadings may be filed by the county board of tax assessors in the appeal until such service has been made.

(3) The appeal shall constitute a de novo action. The board of tax assessors shall have the burden of proving its opinions of value and the validity of its proposed assessment by a preponderance of evidence. Upon a failure of the board of tax assessors to meet such burden of proof, the court may, upon motion or sua sponte, authorize the finding that the value asserted by the board of tax assessors is unreasonable and authorize the determination of the final value of the property.

(4)(A) The appeal shall be placed on the court's next available jury or bench trial calendar, at the taxpayer's election, following the filing of the appeal unless continued by the court. If only questions of law are presented in the appeal, the appeal shall be heard as soon as practicable before the court sitting without a jury. Each hearing before the court sitting without a jury at the taxpayer's election shall be held within 30 days following the date on which the appeal is filed with the clerk of the superior court.

(B)(i) The county board of tax assessors shall use the valuation of the county board of equalization, the hearing officer, or the arbitrator, as applicable, in compiling the tax digest for the county.

(ii)(I) If the final determination of value on appeal is less than the valuation thus used, the tax commissioner shall be authorized to adjust the taxpayer's tax bill to reflect the final value for the year in question.

(II) If the final determination of value on appeal causes a reduction in taxes and creates a refund that is owed to the taxpayer, it shall be paid by the tax commissioner to the taxpayer, entity, or transferee who paid the taxes with interest, as provided in subsection (m) of this Code section.

(III) If the final determination of value on appeal is 85 percent or less of the valuation set by the county board of equalization, hearing officer, or arbitrator as

to any real property, the taxpayer, in addition to the interest provided for in subsection (m) of this Code section, shall recover costs of litigation and reasonable attorney's fees incurred in the action. Any appeal of an award of attorney's fees by the county shall be specifically approved by the governing authority of the county.

(iii) If the final determination of value on appeal is greater than the valuation set by the county board of equalization, hearing officer, or arbitrator, as applicable, causes an increase in taxes, and creates an additional billing, it shall be paid to the tax commissioner as any other tax due along with interest, as provided in subsection (m) of this Code section.

(g.1) The provisions in subsection (c) of Code Section 48-5-299 shall apply to the valuation, unless otherwise waived in writing by both parties, as to:

(1) The valuation established or announced by any county board of equalization, arbitrator, hearing officer, or superior court; and

(2) Any written agreement or settlement of valuation reached by the county board of tax assessors and the taxpayer as permitted by this Code section."

SECTION 10.

Said title is further amended in Code Section 48-5-345, relating to county tax digests and deviations from certain assessment ratio, by revising paragraph (1) of subsection (a) and by adding a new subsection to read as follows:

"(a)(1) Upon the determination by the commissioner that a county tax digest is in proper form, that the property therein that is under appeal is within the limits of Code Section 48-5-304, and that the digest is accompanied by all documents, statistics, and certifications required by the commissioner, including the number, overall value and percentage of total real property parcels of appeals in each county to the boards of equalization, arbitration, hearing officer, and superior court, and the number of taxpayers' failure to appear at any hearing, for the prior tax year, the commissioner shall issue a receipt for the digest and enter an order authorizing the use of said digest for the collection of taxes. All statistics and certifications regarding real property appeals provided to the commissioner under this paragraph shall be made publicly available on the Department of Revenue website."

"(c) Beginning with tax digests on or after the effective date of this subsection, no county shall be subject to the assessment authorized by subparagraph (b) of this Code section."

SECTION 11.

Said title is further amended by revising subsection (a) of Code Section 48-5-405, relating to the levy and collection of tax by municipalities for independent school systems, as follows:

"(a) Each municipality authorized by law to maintain an independent school system may support and maintain the public common schools within the independent school system by levy of ad valorem taxes at the rate fixed by law upon all taxable property

within the limits of the ~~municipality~~ independent school system. The board of education of the municipality or other authority charged with the duty of operating the independent school system shall annually recommend to the governing authority of the municipality the rate of the tax levy, within the limitations fixed by law, to be made upon all taxable property within the limits of the ~~municipality~~ independent school system. Taxes levied and collected for support and maintenance of the independent school system by the municipal governing authority shall be appropriated, when collected, by the governing authority to the board of education or other authority charged with the duty of operating the independent school system. Funds appropriated to an independent school system shall be expended by the board of education or other authority charged with the duty of operating the independent school system only for educational purposes including, but not limited to, school lunch purposes. The term 'school lunch purposes' shall include payment of costs and expenses incurred in the purchase of school lunchroom supplies; the purchase, replacement, or maintenance of school lunchroom equipment; the transportation, storage, and preparation of foods; and all current operating expenses incurred in the management and operation of school lunch programs in the public common schools of the independent school system. 'School lunch purposes' shall not include the purchase of foods."

(b) Except as provided for mobile homes owned by a dealer, no mobile home location permit shall be issued by the tax collector or tax commissioner until all ad valorem taxes due on the mobile home have been paid. SUBJECT: Fiscal Note
House Bill 202 Substitute
(LC 34 4688ER-ECS)

Dear Chairman Hill:

The Georgia State University Fiscal Research Center provided the following narrative on the revenue impact of this bill:

The bill would allow the manufacturing headquarters of a vehicle manufacturer located in the state to acquire manufacturer dealer plates for a period of up to 24 months for a single vehicle. This provision would mean that no TAVT would be paid on these vehicles during this period. The manufacturer would pay an application fee of \$62 for each vehicle and a fee of \$12 for each plate.

The estimate for this provision assumes that the manufacturer's headquarters has 1,000 employees that could seek access to these vehicles. It is further assumed that approximately 60% of these employees would gain access to such vehicle for a period of 24 months, and that these vehicles are placed with employees at regular intervals so that the 600 total vehicles are spread equally over a two year period. It is assumed that the manufacturer's retail price of these vehicles is \$60,000 representing the taxable value of the vehicle.

Given the TAVT rate of 7%, the total TAVT revenue loss associated with 300 similar vehicles would be \$1,260,000. In FY 2016, the state share of this revenue loss would be \$683,550 while the local revenue loss would be \$576,450. This split would shift over time as the state and local TAVT revenue shares change. In FY 2017, the state revenue loss would be \$614,250 while the local revenue loss would be \$645,750. In FY 2018, state revenue loss would be \$529,200 while the local revenue loss would be \$730,800.

There would be a slight offset from these losses due to the application fee and plate fee. These fees would be expected to generate \$22,200 per year based on the assumptions used to estimate the TAVT revenue loss from this provision.

In addition, this bill would create an exemption from sales taxes for purchases made by Truett McConnell College for the period July 1, 2015, to June 30, 2016. The exemption would be capped at \$350,000 per year. Form 990 data filed for tax year 2012 by the institution was used to estimate the revenue loss from this proposed exemption. The College had total expenses of \$14.5 million including personnel costs. The expenditures on items likely to be subject to sales tax and affected by this exemption totaled \$3.8 million. Thus, the expected state revenue loss based on this data would be \$152,000 in FY 2016. The exemption would then sunset so there would be no state revenue loss in subsequent fiscal years.

The cap would ensure that the revenue loss would not exceed \$350,000. Based on the combined local sales tax rates imposed in White County, the expected local revenue loss would be \$114,000 in FY 2016.

Sincerely,

/s/ Greg S. Griffin
State Auditor

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 1 of Title 33 of the Official Code of Georgia Annotated, relating to general provisions regarding insurance, is amended by adding a new Code section to read as follows:

"33-1-24.

(a) This Code section shall be known and may be cited as the 'Georgia New Markets Jobs Act.'

(b) As used in this Code section, the term:

(1) 'Affiliate' means an entity that directly or indirectly through one or more intermediaries controls, is controlled by, or is under common control with the entity specified.

(2) 'Applicable percentage' means 0 percent for the first two credit allowance dates and 11 percent for the next five credit allowance dates.

(3) 'Credit allowance date' means with respect to any qualified equity investment:

(A) The date on which such investment is initially made; and

(B) Each of the six anniversary dates of such date thereafter.

(4) 'Department' means the Department of Community Affairs.

(5) 'Invest Georgia Fund' means the fund created under the provisions of Article 2 of Chapter 10 of Title 10.

(6) 'Letter ruling' means a written interpretation of law to a specific set of facts provided by the applicant requesting a letter ruling.

(7) 'Long-term debt security' means any debt instrument issued by a qualified community development entity, at par value or a premium, with an original maturity date of at least seven years from the date of its issuance, with no acceleration of repayment, amortization, or prepayment features prior to its original maturity date. The qualified community development entity that issues the debt instrument may not make cash interest payments on the debt instrument during the period beginning on the date of issuance and ending on the final credit allowance date in an amount that exceeds the cumulative operating income, as defined by regulations adopted under Section 45D of the Internal Revenue Code of 1986, as amended, of the qualified community development entity for that period prior to giving effect to the expense of such cash interest payments. The foregoing shall in no way limit the holder's ability to accelerate payments on the debt instrument in situations where the qualified community development entity has defaulted on covenants designed to ensure compliance with this Code section or Section 45D of the Internal Revenue Code of 1986, as amended.

(8) 'Purchase price' means the amount paid to the qualified community development

entity that issues the qualified equity investment for such qualified equity investment.

(9) 'Qualified active low-income community business' shall have the same meaning given such term in Section 45D of the Internal Revenue Code of 1986, as amended, and 26 C.F.R. Section 1.45D-1 but is limited to those businesses, including affiliates of such businesses, that have fewer than 250 employees and not more than \$10 million in net income in the previous year at the time the qualified low-income community investment is made, provided that the employees and net income of affiliates of the business shall not be aggregated for purposes of satisfying this requirement if the affiliate business is classified under a different North American Industry Classification system code. A business shall be considered a qualified active low-income community business for the duration of the qualified community development entity's investment in, or loan to, the business if the entity reasonably expects, at the time it makes the investment or loan, that the business will continue to satisfy the requirements for being a qualified active low-income community business, other than the size and net income standards, throughout the entire period of the investment or loan. Such term excludes any business that derives or projects to derive 15 percent or more of its annual revenue from the rental or sale of real estate. This exclusion does not apply to a business that is controlled by, or under common control with, another business if the second business: (A) does not derive or project to derive 15 percent or more of its annual revenue from the rental or sale of real estate and (B) is the primary tenant of the real estate leased from the first business.

(10) 'Qualified community development entity' shall have the same meaning given such term in Section 45D of the Internal Revenue Code of 1986, as amended, provided that such entity has entered into, for the current year or any prior year, an allocation agreement with the Community Development Financial Institutions Fund of the United States Treasury Department with respect to credits authorized by Section 45D of the Internal Revenue Code of 1986, as amended, which includes the State of Georgia within the service area set forth in such allocation agreement. Such term shall include subsidiary community development entities of any such qualified community development entity.

(11) 'Qualified equity investment' means any equity investment in, or long-term debt security issued by, a qualified community development entity that:

(A) Is acquired after the effective date of this Code section at its original issuance solely in exchange for cash;

(B) Has at least 85 percent of its cash purchase price used by the qualified community development entity to make qualified low-income community investments in qualified active low-income community businesses located in this state by the first anniversary of the initial credit allowance date; and

(C) Is designated by the qualified community development entity as a qualified equity investment under this paragraph and is certified by the department as not exceeding the limitation contained in subsection (g) of this Code section.

Such term shall include any qualified equity investment that does not meet the provisions of subparagraph (A) of this paragraph if such investment was a qualified

equity investment in the hands of a prior holder.

(12) 'Qualified low-income community investment' means any capital or equity investment in, or loan to, any qualified active low-income community business; but, with respect to any one qualified active low-income community business, the maximum amount of qualified low-income community investments made in such business, on a collective basis with all of the businesses' affiliates, with the proceeds of qualified equity investments certified pursuant to subsection (f) of this Code section is \$4 million, exclusive of qualified low-income community investments made with repaid or redeemed qualified low-income community investments or interest or profits realized thereon.

(13) 'State tax liability' means any liability incurred by any entity under Code Sections 33-3-26, 33-8-4, 48-7-27, and 48-7-31, or, if the tax liability under Code Sections 33-3-26 and 33-8-4 is eliminated or reduced, the term shall also mean any tax liability imposed on an insurance company or other person that had premium tax liability under the laws of this state.

(c) Any entity that makes a qualified equity investment earns a vested right to credit against the entity's state tax liability.

(d) Any entity that makes a qualified equity investment earns a vested right to credit against the entity's state tax liability on a tax report filed under this Code section and may utilize such credit as follows:

(1) On each credit allowance date of such qualified equity investment, the entity, or subsequent holder of the qualified equity investment, shall be entitled to utilize a portion of such credit during the taxable year, including such credit allowance date;

(2) The credit amount shall be equal to the applicable percentage for such credit allowance date multiplied by the purchase price paid to the qualified community development entity; and

(3) The amount of the credit claimed by an entity shall not exceed the amount of such entity's state premium tax liability for the tax year for which the credit is claimed. Any amount of tax credit that the entity is prohibited from claiming in a taxable year as a result of this Code section may be carried forward for use in any subsequent taxable year.

(e) No tax credit claimed by an entity that makes a qualified equity investment under this Code section shall be refundable or saleable on the open market. Tax credits earned by or allocated to a partnership, limited liability company, or S-corporation may be allocated to the partners, members, or shareholders of such entity for their use in accordance with the provisions of any agreement among such partners, members, or shareholders. Such allocation shall be not considered a sale for purposes of this Code section.

(f)(1) A qualified community development entity that seeks to have an equity investment or long-term debt security designated as a qualified equity investment that is eligible for tax credits under this Code section shall apply to the department. The department shall begin accepting applications on August 1, 2015. The qualified community development entity shall include the following:

- (A) Evidence of the applicant's certification as a qualified community development entity, including evidence of the service area of the entity that includes this state;
- (B) A copy of an allocation agreement executed by the applicant, or its controlling entity, and the Community Development Financial Institutions Fund;
- (C) A certificate executed by an executive officer of the applicant: (i) attesting that the allocation agreement remains in effect and has not been revoked or cancelled by the Community Development Financial Institutions Fund and (ii) stating the cumulative amount of allocations awarded to the applicant by the Community Development Financial Institutions Fund and by other state or states under their New Markets programs;
- (D) A description of the proposed amount, structure, and purchaser of the qualified equity investment;
- (E) Examples of the types of qualified active low-income businesses in which the applicant, its controlling entity, or affiliates of its controlling entity have invested under the federal New Markets Tax Credit Program. Applicants are not required to identify qualified active low-income community businesses in which they will invest when submitting an application;
- (F) A nonrefundable application fee of \$5,000.00. This fee shall be paid to the department and shall be required of each application submitted;
- (G) The refundable performance fee required by paragraph (1) of subsection (j) of this Code section; and
- (H) The amount of qualified equity investment authority the applicant agrees to designate as a federal qualified equity investment under Section 45D, Internal Revenue Code, including a copy of the screen from the Community Development Financial Institutions Funds' Allocation Tracking System of the applicant's remaining federal qualified equity investment authority or a copy of the Notice of Allocation setting forth the amount of federal qualified equity investment authority from the Community Development Financial Institution Fund in the event the allocation agreement governing such allocation has not been finalized.
- (2) A qualified community development entity, on an aggregate basis with all of its subsidiary qualified community development entities, may not apply to have equity investments or long-term debt instruments designated as qualified equity investments under this subsection in excess of the total amount of allocations awarded to such applicant and its subsidiary qualified community development entities by the Community Development Financial Institutions Fund under Section 45D of the Internal Revenue Code of 1986, as amended, and by any other state or states under their New Markets programs.
- (3) Within 30 days after receipt of a completed application containing the information set forth in paragraph (1) of this subsection, including the payment of the application fee and the refundable performance fee, the department shall grant or deny the application in full or in part. If the department denies any part of the application, it shall inform the qualified community development entity of the grounds for the denial. If the qualified community development entity provides any additional

information required by the department or otherwise completes its application within 15 business days of the notice of denial, the application shall be considered completed as of the original date of submission. If the qualified community development entity fails to provide the information or complete its application within the 15 business day period, the application shall remain denied and must be resubmitted in full with a new submission date.

(4) If the application is complete, the department shall certify the proposed equity investment or long-term debt security as a qualified equity investment that is eligible for tax credits under this Code section, subject to the limitations contained in paragraph (5) of this subsection. The department shall provide written notice of the certification to the qualified community development entity. The notice shall include the names of those entities who will earn the credits which may be further allocated pursuant to subsection (e) of this Code section and their respective credit amounts. If the names of the entities that are eligible to utilize the credits change due to a transfer of a qualified equity investment authority under paragraph (6) of this subsection or an allocation pursuant to subsection (e) of this Code section, the qualified community development entity shall notify the department of such change.

(5) The department shall certify qualified equity investments in the order applications are received by the department. Applications received on the same day shall be deemed to have been received simultaneously. For applications that are complete and received on the same day, the department shall certify, consistent with remaining qualified equity investment capacity, qualified equity investments for applicants as follows:

(A) First, the department shall certify applications by applicants that agree to designate qualified equity investments as federal qualified equity investments in accordance with subparagraph (H) of paragraph (1) of this subsection in proportionate percentages based upon the ratio of the amount of qualified equity investments requested in an application to be designated as federal qualified equity investments to the total amount of qualified equity investments to be designated as federal qualified equity investments requested in all applications received on the same day.

(B) After complying with subparagraph (A) of this paragraph, the department shall certify the qualified equity investments of all other applicants, including the remaining qualified equity investment authority requested by applicants not designated as federal qualified equity investments in accordance with subparagraph (A) of this paragraph, in proportionate percentages based upon the ratio of the amount of qualified equity investments requested in the applications to the total amount of qualified equity investments requested in all applications received on the same day.

A partial certification shall not decrease the amount of the refundable performance fee required by paragraph (1) of subsection (j) of this Code section.

(6) An approved applicant may transfer all or a portion of its certified qualified equity investment authority to its controlling entity or any subsidiary qualified

community development entity of the controlling entity, provided that the applicant provides the information required in the application with respect to such transferee and the applicant notifies the department of such transfer within 30 days of the transfer. The department shall acknowledge such transfer if requested by the approved applicant.

(7) Within 30 days of the applicant receiving notice of certification, the qualified community development entity or any transferee under paragraph (6) of this subsection shall issue the qualified equity investment, receive cash in the certified amount, and, if applicable, designate the required amount of qualified investment authority as a federal qualified equity investment. The qualified community development entity or transferee under paragraph (6) of this subsection must provide the department with evidence of the receipt of the cash investment within ten business days after receipt. If the qualified community development entity or any transferee under paragraph (6) of this subsection does not receive the cash investment, does not issue the qualified equity investment within 30 days following receipt of the certification notice, or, if applicable, does not designate the required amount of qualified investment authority as a federal qualified equity investment, the certification shall lapse and the entity may not issue the qualified equity investment without reapplying to the department for certification. Lapsed certifications revert back to the department and shall be reissued; first, pro rata to applicants whose qualified equity investment allocations were reduced under subparagraph (A) of paragraph (5) of this subsection; second, pro rata to other applicants whose qualified equity investment allocations were reduced under paragraph (5) of this subsection; and, thereafter, in accordance with application process.

(8) A qualified community development entity that issues qualified equity investments must notify the department of the names of the entities that are eligible to utilize tax credits pursuant to subsection (e) of this Code section.

(g) Notwithstanding anything to the contrary in this Code section, a total of \$100 million in qualified equity investments shall be certified. If a pending request made pursuant to subsection (f) of this Code section cannot be fully certified due to this limit, the department shall certify the portion that may be certified unless the qualified community development entity elects to withdraw its request rather than receive partial certification.

(h)(1) The department shall recapture from the entity that claimed the credit on a return the tax credit allowed under this Code section if:

(A) Any amount of a federal tax credit available with respect to a qualified equity investment that is eligible for a credit under this Code section is recaptured under Section 45D of the Internal Revenue Code of 1986, as amended. In such case, the department's recapture shall be proportionate to the federal recapture with respect to such qualified equity investment;

(B) The qualified community development entity redeems or makes principal repayment with respect to a qualified equity investment prior to the seventh anniversary of the issuance of such qualified equity investment. In such case, the

department's recapture shall be proportionate to the amount of the redemption or repayment with respect to such qualified equity investment;

(C) The qualified community development entity fails to invest an amount equal to 85 percent of the purchase price of the qualified equity investment in qualified low-income community investments in Georgia within 12 months of the issuance of the qualified equity investment and maintain at least 85 percent of such level of investment in qualified low-income community investments in Georgia until the last credit allowance date for the qualified equity investment. For purposes of this Code section, an investment shall be considered held by a qualified community development entity even if the investment has been sold or repaid if the qualified community development entity reinvests an amount equal to the capital returned to or recovered by the qualified community development entity from the original investment, exclusive of any profits realized, in another qualified low-income community investment within 12 months of the receipt of such capital. Periodic amounts received as repayment of principal pursuant to regularly scheduled amortization payments on a loan that is a qualified low-income community investment shall be treated as continuously invested in a qualified low-income community investment if the amounts are reinvested in one or more qualified low-income community investments by the end of the following calendar year. A qualified community development entity shall not be required to reinvest capital returned from qualified low-income community investments after the sixth anniversary of the issuance of the qualified equity investment, the proceeds of which were used to make the qualified low-income community investment, and the qualified low-income investment community shall be considered held by the qualified community development entity through the seventh anniversary of the qualified equity investment's issuance;

(D) Any distribution or debt payment in violation of paragraph (1) of subsection (m) of this Code section; or

(E) Any violation of subsection (n), (o), or (p) of this Code section.

(2) Recaptured or returned tax credits and the related qualified equity investment authority revert back to the department and shall be reissued, first, pro rata to other applicants whose qualified equity investment allocations were reduced under paragraph (5) of subsection (f) of this Code section and, thereafter, in accordance with the application process.

(i) Enforcement of each of the recapture provisions in subsection (h) of this Code section shall be subject to a six-month cure period. No recapture shall occur until the qualified community development entity shall have been given notice of noncompliance and afforded six months from the date of such notice to cure the noncompliance.

(j)(1) A qualified community development entity that seeks to have an equity investment or long-term debt security designated as a qualified equity investment and eligible for tax credits under this subsection shall pay a fee in the amount one-half of 1 percent of the amount of the equity investment or long-term debt security requested

to be designated as a qualified equity investment to the department for deposit in the New Markets Performance Guarantee Account, which is hereby established. The entity shall forfeit the fee in its entirety without the benefit of subsection (i) of this Code section if:

(A) The qualified community development entity and its subsidiary qualified community development entities fail to issue the total amount of qualified equity investments certified by the administrator and receive cash in the total amount certified under paragraph (5) of subsection (f) of this Code section; or

(B) The qualified community development entity or any subsidiary qualified community development entity that issues a qualified equity investment certified under this subsection fails to make qualified low-income community investments in qualified active low-income community businesses in this state equal to at least 85 percent of the purchase price of the qualified equity investment in compliance with subsection (p) of this Code section by the second credit allowance date of such qualified equity investment.

(2) The fee required under paragraph (1) of this subsection shall be paid to the department and held in the New Markets Performance Guarantee Account until such time as compliance with the provisions of this subsection shall have been established. The qualified community development entity may request a refund of the fee from the department no sooner than 30 days after the qualified community development entity and all transferees under paragraph (6) of subsection (f) of this Code section having invested 85 percent of the purchase price of qualified equity investments issued by the qualified community development entity and such transferees by the second credit allowance date in compliance with subsection (p) of this Code section. The state treasurer shall have 30 days to comply with such request or give notice of noncompliance.

(k)(1) The department shall issue letter rulings regarding the tax credit program authorized under this Code section, subject to the terms and conditions set forth in this Code section.

(2) The department shall respond to a request for a letter ruling within 60 days of receipt of such request. The applicant may provide a draft letter ruling for the department's consideration. The applicant may withdraw the request for a letter ruling, in writing, prior to the issuance of the letter ruling. The department may refuse to issue a letter ruling for good cause but must list the specific reasons for refusing to issue the letter ruling. Good cause includes, but is not limited to:

(A) The applicant requests the department to determine whether a statute is constitutional or a regulation is lawful;

(B) The request involves a hypothetical situation or alternative plans;

(C) The facts or issues presented in the request are unclear, overbroad, insufficient, or otherwise inappropriate as a basis upon which to issue a letter ruling; and

(D) The issue is currently being considered in a rule-making procedure, contested case, or other agency or judicial proceeding that may resolve the issue.

(3) Letter rulings shall bind the department and the department's agents and their

successors until such time as the entity or its shareholders, members, or partners, as applicable, claim all of such credits on a Georgia tax return or report, subject to the terms and conditions set forth in properly published regulations. The letter ruling shall apply only to the applicant.

(4) In rendering letter rulings and making other determinations under this Code section, to the extent applicable, the department, the Department of Revenue, and the Commissioner shall look for guidance to Section 45D of the Internal Revenue Code of 1986, as amended, and the rules and regulations issued thereunder.

(1)(1) An entity claiming a credit under this Code section is not required to pay any additional retaliatory tax levied under Code Section 33-3-26 as a result of claiming that credit.

(2) In addition to the exclusion in paragraph (1) of this subsection, an entity claiming a credit under this Code section shall not be required to pay any additional tax that may arise as a result of claiming that credit.

(m)(1) Once certified under paragraph (4) of subsection (f) of this Code section, a qualified equity investment shall not be decertified unless all of the requirements of paragraph (2) of this subsection have been met. Until all qualified equity investments issued by a qualified community development entity are decertified under this subsection, the qualified community development entity shall not be entitled to distribute to its equity holders or make cash payments on long-term debt securities that have been designated as qualified equity investments in an amount that exceeds the sum of: (i) the cumulative operating income, as defined by regulations adopted under Section 45D of the Internal Revenue Code of 1986, as amended, earned by the qualified community development entity since issuance of the qualified equity investment, prior to giving effect to any expense from the payment of interest on long-term debt securities designated as qualified equity investments, and (ii) 50 percent of the purchase price of the qualified equity investments issued by the qualified community development entity.

(2) To be decertified, a qualified equity investment shall:

(A) Be beyond its seventh credit allowance date;

(B) Have been in compliance with subsection (h) of this Code section up through its seventh credit allowance date, including any cures under subsection (i) of this Code section; and

(C) Have had its proceeds invested in qualified low-income community investments such that the total qualified low-income community investments made, cumulatively including reinvestments, exceeds 150 percent of its qualified equity investment.

(3) A community development entity that seeks to have a qualified equity investment decertified under this subsection shall send notice to the department of its request for decertification along with evidence supporting the request. The provisions of subparagraph (B) of paragraph (2) of this subsection shall be deemed to be met if no recapture action has been commenced by the department as of the seventh credit allowance date. Such request shall not be unreasonably denied and shall be responded

to within 30 days of receiving the request. If the request is denied for any reason, the burden of proof shall be on the department in any administrative or legal proceeding that follows.

(n) No qualified community development entity shall be entitled to pay to any affiliate of such qualified community development entity any fees in connection with any activity under this subsection prior to the decertification under subsection (m) of this Code section of all qualified equity investments issued by such qualified community development entity and all transferees under paragraph (6) of subsection (f) of this Code section. The foregoing shall not prohibit a qualified community development entity from allocating or distributing income earned by it to such affiliates or from paying reasonable interest on amounts loaned to the qualified community development entity by such affiliates.

(o) A qualified active low-income community business that receives a qualified low-income community investment from a qualified community development entity that issues qualified equity investments pursuant to this chapter, or any affiliates of such a qualified active low-income community business, may not directly or indirectly:

(1) Own or have the right to acquire an ownership interest in a qualified community development entity or member or affiliate of a qualified community development entity, including, but not limited to, a holder of a qualified equity investment issued by the qualified community development entity; or

(2) Lend to or invest in a qualified community development entity or member or affiliate of a qualified community development entity, including, but not limited to, a holder of a qualified equity investment issued by a qualified community development entity where the proceeds of the loan or investment are directly or indirectly used to fund or refinance the purchase of a qualified equity investment hereunder.

For purposes of this subsection, a qualified community development entity is not considered an affiliate of a qualified active low-income community business solely as a result of its qualified low-income community investment in the business.

(p) For purposes of satisfying subparagraph (h)(1)(C) of this Code section, a qualified community development entity, together with all transferees under paragraph (6) of subsection (f) of this Code section, shall:

(1) Invest an amount equal to at least 25 percent of the purchase price of all qualified equity investments issued by the qualified community development entity and such transferees in qualified active low-income community businesses located in nonmetropolitan counties in this state as identified by the Community Development Financial Institutions Fund in connection with Section 45D of the Internal Revenue Code of 1986, as amended; and

(2) Maintain such level of investment set forth in paragraph (1) of this subsection in accordance with subparagraph (h)(1)(C) of this Code section.

(q)(1) Qualified community development entities issuing qualified equity investments shall submit a report to the department within the first five business days after the first anniversary of the initial credit allowance date that provides documentation as to the investment of 85 percent of the purchase price in qualified

low-income community investments in qualified active low-income community businesses located in this state. The report shall include:

- (B) Evidence that the business was a qualified active low-income community business at the time of the qualified low-income community investment; and

(2) After submitting the annual report required pursuant to subparagraph (A) of paragraph (1) of this subsection, the qualified community development entity shall submit an annual report to the department within 60 days of the beginning of the calendar year during the compliance period. An annual report is not due before the first anniversary of the initial credit allowance date and is not due with respect to a qualified active low-income community business that has redeemed or repaid all outstanding qualified low-income community investments. The department shall publish the report on the department's website in a publicly available format. The report published on the website shall not include any proprietary or confidential information. The report shall include, but not be limited to, the following:

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 36 of Title 36 of the Official Code of Georgia Annotated, relating to annexation of territory by municipal corporations, is amended by revising Code Section 36-36-4, relating to creation of unincorporated islands prohibited and authorization to provide services or functions, by adding a new subsection to read as follows:

"(c) The prohibition contained in subsection (a) of this Code section shall not apply to a local Act providing for deannexation of territory from a municipality that would create an unincorporated island where another local Act annexing the same territory into another municipality takes effect on the same date as the local Act providing for deannexation of such territory."

SECTION 2.

Said chapter is further amended by revising Code Section 36-36-21, relating to annexation upon application of all land owners, filing of identification of annexed property with Department of Community Affairs and county governing authority, and effect of annexation, as follows:

"36-36-21.

Authority is granted to the governing bodies of the several municipal corporations of this state to annex to the existing corporate limits thereof unincorporated areas contiguous to the existing corporate limits at the time of such annexation, in accordance with the procedures provided in this article and in Article 1 of this chapter, upon the written and signed applications of all of the owners of all of the land, except the owners of any public street, road, highway, or right of way, proposed to be annexed, containing a complete description of the lands to be annexed. When so annexed, such lands shall constitute a part of the lands within the corporate limits of the municipal corporation as completely and fully as if the limits had been marked and defined by local Act of the General Assembly. Except as provided in subsection (c) of Code Section 36-36-20, nothing in this article shall be construed to authorize annexation of the length of any public right of way except to the extent that such right of way adjoins private property otherwise annexed by the municipal corporation."

SECTION 3.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval and Section 2 shall apply to any annexation application under Code Section 36-36-21 submitted on or after July 1, 2013.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Code Section 40-2-152 of the Official Code of Georgia Annotated, relating to fees and alternative ad valorem taxation of apportionable vehicles, is amended by revising subsection (m) and adding a new subsection to read as follows:

"(m)(1) The alternative ad valorem tax imposed by this Code section shall be collected by the commissioner and shall be distributed annually from the separate, segregated fund not later than ~~April~~ August 1 of the calendar year immediately following the calendar year in which such taxes were paid to the commissioner, in the manner provided for in this subsection.

(2)(A) One percent of the alternative ad valorem tax collected by the commissioner shall be paid into the general fund of the state treasury in order to defray costs of administration.

(B) Except for the amount provided in subparagraph (A) of this paragraph, the remaining proceeds of the alternative ad valorem tax shall be allocated by county based upon the ratio of the number of apportioned vehicles attributed by the commissioner on an annual basis to each county to the number of apportioned vehicles submitted to and approved by the commissioner statewide. The proceeds so allocated shall then be distributed to each qualified tax jurisdiction within the county based upon the ratio of the most recently submitted and approved tax digest for each such qualified tax jurisdiction to the total of all tax digests of qualified tax jurisdictions located in the county. Qualified jurisdictions include only counties, municipalities, county school districts, and independent school districts which levy or cause to be levied for their benefit a property tax on real and tangible personal property.

~~(2) Each year, the distributions of alternative ad valorem tax proceeds under this subsection shall be based upon the immediately preceding year's tax digest of each participating tax authority submitted to and approved by the commissioner. If such digest has not been submitted and approved, the commissioner shall, for purposes of this subsection, utilize in its place the most recently submitted and approved tax digest of such participating tax jurisdiction.~~

~~(3)(A) One percent of the alternative ad valorem tax collected by the commissioner shall be paid into the general fund of the state treasury in order to defray costs of administration.~~

~~(B) Except for the amount provided in subparagraph (A) of this paragraph, the remaining proceeds of the alternative ad valorem tax shall be divided among each tax jurisdiction of this state. Such tax jurisdictions shall be limited to only a county, municipality, county school district, and independent school district which levies or causes to be levied for their benefit a property tax on real and tangible personal property.~~

~~(C) The distribution shall be made according to the proportion that the amount of ad valorem taxes to be collected by a tax jurisdiction under the tax digest specified under paragraph (2) of this subsection bears to the total amount of ad valorem taxes to be collected for all purposes applicable to real and tangible personal property in this state for the immediately preceding calendar year.~~

(n)(1) The provisions of subsection (m) of this Code section shall be suspended for the 2015, 2016, 2017, 2018, and 2019 tax years, and the provisions of this subsection shall apply during such period. This subsection shall stand repealed on January 1, 2020.

(2) The alternative ad valorem tax imposed by this Code section shall be collected by the commissioner and shall be distributed annually from the separate, segregated fund not later than April 1 of the calendar year immediately following the calendar year in which such taxes were paid to the commissioner, in the manner provided for in this subsection.

(3) Except as provided in paragraph (4) of this subsection, each year, the distributions of alternative ad valorem tax proceeds under this subsection shall be based upon the

immediately preceding year's tax digest of each qualified tax authority submitted to and approved by the commissioner. If such digest has not been submitted and approved, the commissioner shall, for purposes of this subsection, utilize in its place the most recently submitted and approved tax digest of such qualified tax jurisdiction.

(4)(A) One percent of the alternative ad valorem tax collected by the commissioner shall be paid into the general fund of the state treasury in order to defray costs of administration.

(B) Except for the amount provided in subparagraph (A) of this paragraph, the remaining proceeds of the alternative ad valorem tax shall be divided among each qualified tax jurisdiction of this state. Such qualified tax jurisdictions shall be limited to only a county, municipality, county school district, and independent school district which levies or causes to be levied for their benefit a property tax on real and tangible personal property. The commissioner shall determine the amount of ad valorem tax on apportionable vehicles identified under subsections (a), (b), and (c) of this Code section that was received by each qualified tax jurisdiction for the 2013 tax year. Such amount shall represent the benchmark amount for such qualified tax jurisdiction:

(i) For the 2015 tax year, each qualified tax jurisdiction shall receive an amount of alternative ad valorem tax revenue equal to such benchmark amount;

(ii) For the 2016 tax year, each qualified tax jurisdiction shall receive an amount of alternative ad valorem tax revenue equal to 80 percent of such benchmark amount;

(iii) For the 2017 tax year, each qualified tax jurisdiction shall receive an amount of alternative ad valorem tax revenue equal to 60 percent of such benchmark amount;

(iv) For the 2018 tax year, each qualified tax jurisdiction shall receive an amount of alternative ad valorem tax revenue equal to 40 percent of such benchmark amount;

(v) For the 2019 tax year, each qualified tax jurisdiction shall receive an amount of alternative ad valorem tax revenue equal to 20 percent of such benchmark amount; and

(vi) For all tax years beginning on or after January 1, 2020, each qualified tax jurisdiction shall receive the amount of alternative ad valorem tax revenue determined pursuant to subsection (m) of this Code section.

(C) In the event that the amount of ad valorem tax on apportionable vehicles collected in a tax year covered under this subsection is less than the benchmark amount, then the benchmark distribution of each qualified tax jurisdiction for such tax year shall be reduced proportionately to reflect the amount of such shortfall. In the event a qualified tax jurisdiction ceases to be a qualified tax jurisdiction, it shall not be entitled to receive a distribution of either the benchmark amount under this subparagraph or the remaining distribution amount under subparagraph (D) of this paragraph.

(D) When a qualified tax jurisdiction has received an amount equal to the prorated

benchmark amount pursuant to subparagraph (B) of this paragraph for the applicable tax year, any funds remaining with the commissioner shall be distributed in accordance with the formula contained in subparagraph (m)(2)(B) of this Code section."

The schools selected for inclusion in the OSD should represent geographic diversity, including urban and rural schools.

(b) Selection of up to 20 qualifying schools to add to the OSD in any single school year

Any such employees retained shall become employees of the OSD

or OSD charter school governing board, on the principal's recommendation, and be under their control. Any teacher subject to Code Section 20-2-942 who is not given the option to continue as an employee for the opportunity school shall remain an employee of the local board of education. The local board of education may determine whether or not to continue the employment of any teacher who is not given the option to continue as an employee for the opportunity school, subject to Code Section 20-2-942. (b) In an effort to provide opportunity schools seeking OSD charter school status with necessary support, the State Charter Schools Commission shall solicit, screen, and select education service providers, including independent consultants, education management organizations, charter management organizations, and other support organizations, that can partner with the OSD charter school governing boards to support or operate such OSD charter schools.

(c) The State Charter Schools Commission shall establish a separate application cycle for opportunity schools seeking OSD charter school status. Such application cycle shall allow commission staff and commission members to evaluate the needs of an opportunity school, match them with an education service provider, and work with both parties to ensure the execution of a viable curricular model and educational program.

(d) Upon renewing a state charter, an OSD charter school shall no longer be considered a part of the OSD but shall be subject to the terms of its charter and the provisions of Article 31A of Chapter 2 of this title. The local board of education shall be required to continue any and all facility use and service provision agreements previously in place with the OSD regarding any such OSD charter school as long as the OSD charter school continues to operate in that facility.

(e) If an opportunity school is not approved or renewed by the State Charter Schools Commission as an OSD charter school, the school shall remain under or return to the supervision of the OSD, and the OSD Superintendent shall reevaluate the school's performance and determine the appropriate intervention pursuant to subsection (a) of Code Section 20-14-105 for the school. If an initial charter petition by an opportunity school to become an OSD charter school is denied by the State Charter Schools Commission, the opportunity school may submit another charter petition in a subsequent cycle. If a renewal charter petition by an opportunity school to continue as an OSD charter school is denied by the State Charter Schools Commission at the end of its initial term, the governing board of the school may not elect to seek approval from the local board of education as a local charter school.

For other opportunity schools, the OSD Superintendent shall engage the school, the school community, and the school's local board of education in a negotiation to determine the best transition plan for the school to leave the supervision of the OSD.

(c) An opportunity school that becomes an OSD charter school shall work with the State Charter Schools Commission to renew and continue an effective charter or, if ineffective as a charter school, shall return to the governance of the OSD. If a successful OSD charter school does not wish to remain under the authorization of the State Charter Schools Commission for a subsequent charter term after demonstrating effective performance, the State Charter Schools Commission and the OSD shall coordinate the development of a transition plan back to the governance of the local

board of education, which may include, but is not limited to, approval by the local board of education as a local charter school.

20-14-110.

(b) The OSD may withhold up to 3 percent of the amount determined pursuant to subsection (a) of this Code section for each opportunity school for use in administering the duties required pursuant to this article; provided, however, that any amount withheld pursuant to this subsection shall be spent solely on expenses incurred by the OSD in performing the duties required by this article. For opportunity schools that are OSD charter schools, the 3 percent withheld shall be shared equally between the OSD and the State Charter Schools Commission for the initial term of the charter.

(c) The total allotment of state and federal funds to the local school system in which an

Surface transportation projects may be undertaken under this chapter in areas proximate to, but lying outside of, a designated urban redevelopment area, without regard to any requirement that the area be a blighted area, but only within the territorial limits of the sponsoring local government, provided that:

(A) The majority of the applicable surface transportation project is located within one or more urban redevelopment areas;

(B) The elements of such surface transportation project lying outside of one or more urban redevelopment areas are a functional component of a redevelopment plan authorized under the provisions of Chapter 44 of this title or a comprehensive development plan adopted in accordance with the rules of the Department of Community Affairs under Chapter 8 of Title 50;

(B) Be sufficiently complete to indicate such land acquisition, demolition and removal of structures, redevelopment, improvements, and rehabilitation as may be proposed to be carried out in the urban redevelopment area; zoning and planning changes, if any; land uses; maximum densities; building requirements; and the plan's relationship to definite local objectives respecting appropriate land uses, improved traffic, public transportation, public utilities, recreational and community facilities, and other public improvements.

Although the power of eminent domain may not be exercised for ~~such~~ the following purposes, such undertakings or activities may include:

- (A) Acquisition, without regard to any requirement that the area be a slum or blighted area, of air rights in an area consisting of lands and highways, railway or subway tracks, bridge or tunnel entrances, or other similar facilities which have a blighting influence on the surrounding area and over which air rights sites are to be developed for the elimination of such blighting influences and for the provision of housing and related facilities and uses designed for, and limited primarily to, families and individuals of low or moderate income; and
- (B) Construction of foundations and platforms necessary for the provision of air rights sites of housing and related facilities and uses designed for, and limited primarily to, families and individuals of low or moderate income or construction of foundations necessary for the provision of air rights sites for development of nonresidential facilities."

SECTION 2.

Said chapter is further amended by revising Code Section 36-61-4, relating to the encouragement of private enterprise in urban redevelopment, as follows:

"36-61-4.

(a) A municipality or county, to the greatest extent it determines to be feasible in carrying out the provisions of this chapter, shall afford maximum opportunity, consistent with the sound needs of the municipality or county as a whole, to the rehabilitation or redevelopment of the urban redevelopment area by private enterprise. A municipality or county shall give consideration to this objective in exercising its powers under this chapter, including: the formulation of a workable program; the approval of urban redevelopment plans consistent with the general plan for the municipality or county; the adoption and enforcement of ordinances as provided for in Code Section 36-61-11; the exercise of its zoning powers; the enforcement of other laws, codes, and regulations relating to the use of land and the use and occupancy of buildings and improvements; the disposition of any property acquired; and the provision of necessary public improvements.

(b) Notwithstanding anything in this chapter or other provisions of law to the contrary, and in order to give effect to the encouragement of private enterprise contemplated in this Code section, the following shall apply to contracts and agreements for surface transportation projects entered into pursuant to this chapter:

- (1) In addition to other methods of procurement authorized by law, the sponsoring local government, urban redevelopment agency, or other governing body shall be

authorized to utilize the procedures of this chapter to provide for the planning, design, finance, construction, acquisition, leasing, operation, and maintenance of surface transportation projects. The provisions of this chapter shall be an alternative to such other methods to be exercised at the option of each sponsoring local government or public body;

(2) One or more public bodies may participate in the consideration and implementation of a surface transportation project at the discretion of the sponsoring local government. Where more than one public body agrees to participate in the consideration or implementation of a surface transportation project, the participants may designate one or more representatives of each such participating public body, as agreed to by the sponsoring local government or the urban redevelopment agency;

(3)(A) An urban redevelopment agency designated by the sponsoring local government may evaluate a project to determine the appropriate or desirable levels of public and private participation in planning, designing, financing, constructing, operating, maintaining, or facilitating, or any combination thereof, for the execution of such project. Such urban redevelopment agency may designate a public nonprofit, private corporation, body, or entity to perform this function and to otherwise perform the activities contemplated in this Code section.

(B) A sponsoring local government or an urban redevelopment agency shall be authorized to issue, individually or in sequenced stages, written requests for expressions of interest, qualifications, or proposals, or any combination thereof, or other similar methods of procurement or solicitation. Such requests shall indicate the scope of the project, the proposed public and private financial participation in the project, including, but not limited to, the rights, responsibilities, obligations, revenue sharing features, any lease, license, availability or other payment rights, and any other allocations of interests and federal and state income tax benefits in respect of real and personal property relating to a project. Such requests shall include the factors to be used in evaluating responses, the relative importance of any applicable evaluation factors, and other contractual terms and conditions expected, including any unique capabilities or qualifications that will be required of respondents, as determined in the sole discretion of the designated representative of the sponsoring local government. Public notice of such requests shall be made at least 30 days prior to the date set for the release of said request by posting a legal notice on the websites and weekly in the legal organ of the sponsoring local government and the public body implementing the project, in substantially the same manner utilized by such public bodies in order to solicit requests for proposals, with a copy of such notice provided simultaneously to each affected public body.

(C)(i) The public body implementing the project and the sponsoring local government, with the participation of any designated representatives of other participating public bodies as determined by the sponsoring local government, may engage in individual discussions and interviews with each respondent deemed fully qualified, responsible, and suitable on the basis of initial responses and with emphasis on professional competence and ability to meet the level of private

financial participation as called for in such request. Repetitive interviews may be conducted. Any such interviews shall be deemed to be a part of the procurement process.

(ii)(I) At the conclusion of the final stage, on the basis of evaluation factors published in the request and all information developed in the selection process, the public body implementing the surface transportation project, in an open and public meeting subject to the provisions of Chapter 14 of Title 50, shall rank the proposals in accordance with the factors set forth in the request for proposal or invitation for bids.

(II) After ranking the proposals, the public body implementing the project shall begin negotiations with the first ranked private entity. If such public body and first ranked private entity do not reach a comprehensive agreement or interim agreement, such public body may conduct negotiations with the next ranked private entity. Such process shall continue until such public body either voluntarily abandons the process or executes a comprehensive agreement or interim agreement with a private entity. Negotiations conducted with one or more selected respondent pursuant to this Code section shall continue to be deemed an active procurement until the execution of the final, definitive agreement with the selected respondent or respondents.

(iii) The public body implementing the project shall select for approval the respondent offering the most satisfactory and advantageous contract terms for the project based upon a thorough assessment of any one or more of the following: experience and reputation with similar projects; engineering and design quality; value; projected savings during, before, or after construction; and the ability of the final project's characteristics to meet the goals of the sponsoring local government, consistent with applicable plans and programs. The fair market value of any property included as a part of the procurement may be based on the consideration of the above factors, but it shall not be less than the initial cost to obtain the property. Before making such selection, the designated representative shall consult in an open and public meeting subject to the provisions of Chapter 14 of Title 50 with the representatives of any participating local governing authority, participating local authority, participating state agency, department, or authority, and affected local government. Notwithstanding the foregoing, if the terms and conditions for multiple awards are included in the request, the implementing public body may award contracts to more than one respondent. Should the implementing public body determine in writing that only one respondent is fully qualified, or that one respondent is clearly more highly qualified and suitable than the other respondents under consideration, a contract may be negotiated and awarded to that respondent.

(iv) Upon approval of the selection by the implementing public body, a contract or contracts not exceeding 50 years in duration may be entered into by the urban redevelopment agency or any one or more of the participating public bodies and the selected respondent or respondents. The private financial data or financial

plans which qualify as trade secrets pursuant to Code Section 10-1-761 and paragraph (34) of subsection (a) of Code Section 50-18-72 provided by the respondents shall remain exempt from Code Section 50-18-72 during and after the conclusion of the related selection process.

(D) A dispute over the award of a contract under this chapter shall be resolved by the filing of a petition in the superior court of the county in which the sponsoring local government is located within 30 days of the awarding of such contract and shall be determined through the use of a special master appointed by the judge of the superior court of the county in which the sponsoring local government is located. The special master shall not be authorized to enjoin or otherwise delay or suspend the execution of the contract and any work to be performed under such contract. The decision of the special master with regard to such dispute shall be appealable for a de novo review to the superior court of the county in which the sponsoring local government is located within 30 days following the decision of the special master.

(E) Nothing in this chapter shall require the designated representatives, the sponsoring local government, the implementing public body, or any participating public body to continue negotiations or discussions arising out of any request or any other procurement initiated under the provisions of this Code section.

(F) Every public body shall be authorized to promulgate reasonable rules and regulations to assist in its evaluation of responses and to implement the purposes of this chapter; provided, however, that unsolicited proposals shall not be permitted;

(4) No public officer, employee, or member of any participating public body, with respect to contracts of such public body, or the General Assembly shall serve as an agent, lobbyist, or board member for any private entity directly or indirectly under a contract or negotiating a contract provided for by this chapter for one year after leaving his or her position as a public officer, employee, or member of the public body or the General Assembly;

(5) Contracts entered into with a private enterprise in respect to the design, construction, operation, financing, or management of the public components of a surface transportation project shall not constitute the acquisition of property for a private use, nor shall such contracts be deemed a sale, lease, or other disposition of the related interests in property under any provisions of this chapter or other provision of applicable law, and such public components of a surface transportation project shall be deemed a public use for all purposes under applicable provisions of law, including, without limitation, Code Sections 36-61-9 and 36-61-10; and

(6) If a surface transportation project requires the relocation of a utility, as defined by paragraph (30) of Code Section 32-1-3, the public body implementing such project shall bear the costs to relocate the utility."

SECTION 3.

Said chapter is further amended by revising Code Section 36-61-6, relating to formulation of a workable program for urban redevelopment, as follows:

"36-61-6.

For the purposes of this chapter, a municipality or county may formulate a workable program for utilizing appropriate private and public resources including those specified in Code Section 36-61-11, to eliminate and prevent the development or spread of slums, to encourage needed urban rehabilitation, to provide for the redevelopment of slum areas, or to undertake such of the aforesaid activities or such other feasible municipal or county activities as may be suitably employed to achieve the objectives of such workable program. Such workable program may include, without limitation, provision for the prevention of the spread of slums into areas of the municipality or county which are free from slums, through diligent enforcement of housing, zoning, and occupancy controls and standards; the rehabilitation or conservation of slum areas or portions thereof by replanting, removing congestion, providing parks, playgrounds, and other public improvements, including without limitation surface transportation projects, encouraging voluntary rehabilitation, and compelling the repair and rehabilitation of deteriorated or deteriorating structures; and the clearance and redevelopment of slum areas or portions thereof."

SECTION 4.

Said chapter is further amended by revising paragraph (1) of subsection (b) of Code Section 36-61-10, relating to the disposal of property in a redevelopment area, as follows:

"(b)(1) A municipality or county may dispose of real property in an urban redevelopment area to private persons only under such reasonable competitive bidding procedures as it shall prescribe, ~~or~~ as are provided in this subsection or, solely with respect to and for the benefit of advancing surface transportation projects, as provided in Code Section 36-61-4. A municipality or county, by public notice by publication once each week for two consecutive weeks in a newspaper having a general circulation in the community, prior to the execution of any contract to sell, lease, or otherwise transfer real property and prior to the delivery of any instrument of conveyance with respect thereto under this Code section, may invite proposals from and make available all pertinent information to private redevelopers or any persons interested in undertaking to redevelop or rehabilitate an urban redevelopment area or any part thereof. The notice shall identify the area or portion thereof and shall state that such further information as is available may be obtained at such office as shall be designated in the notice. The municipality or county shall consider all such redevelopment or rehabilitation proposals and the financial and legal ability of the persons making such proposals to carry them out and may negotiate with any persons for proposals for the purchase, lease, or other transfer of any real property acquired by the municipality or county in the urban redevelopment area. The municipality or county may accept such proposal as it deems to be in the public interest and in furtherance of the purposes of this chapter. The municipality or county may execute contracts in accordance with subsection (a) of this Code section and deliver deeds, leases, and other instruments and take all steps necessary to effectuate such contracts."

SECTION 5.

Said chapter is further amended by revising Code Section 36-61-12, relating to the issuance of bonds for urban redevelopment projects, as follows:

"36-61-12.

(a) A municipality or county shall have power to issue bonds, in its discretion, from time to time, to finance the undertaking of any urban redevelopment project under this chapter, including, without limiting the generality thereof, the payment of principal and interest upon any advances for surveys and plans for urban redevelopment projects and shall also have power to issue refunding bonds for the payment of retirement of such bonds previously issued by it. Such bonds shall be made payable, as to both principal and interest, solely from the income, proceeds, revenues, and funds of the municipality or county derived from or held in connection with its undertaking and carrying out of urban redevelopment projects under this chapter; provided, however, that payment of such bonds, both as to principal and interest, may be further secured by a pledge of any loan, grant, or contribution from the federal government or other source, in aid of any urban redevelopment projects of the municipality or county under this chapter, and by a mortgage of any such urban redevelopment projects or any part thereof, title to which is in the municipality ~~or~~, county, or redevelopment agency.

(b) Bonds issued under this Code section shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction and shall not be subject to the provisions of any other law or charter relating to the authorization, issuance, or sale of bonds. Bonds issued under this chapter are declared to be issued for an essential public and governmental purpose and, together with interest thereon and income therefrom, shall be exempted from all taxes.

(c) Bonds issued under this Code section shall be authorized by resolution or ordinance of the local governing body. They may be issued in one or more series and shall bear such date or dates, be payable upon demand or mature at such time or times, bear interest at such rate or rates, be in such denomination or denominations, be in such form either coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment, at such place or places, be subject to such terms of redemption (with or without premium), be secured in such manner, and have such other characteristics as may be provided by the resolution of the local governing body or by the trust indenture or mortgage issued pursuant thereto.

~~(d) Such bonds may be sold at not less than par at public sales held after notice published prior to such sales in a newspaper having a general circulation in the area of operation and in such other medium of publication as the municipality or county may determine or may be exchanged for other bonds on the basis of par. Such bonds may be sold to the federal government or to an institution insured by an agency of the federal government at private sale at not less than par and, in the event that less than all of the authorized principal amount of such bonds is sold to the federal government or to an institution insured by an agency of the federal government, the balance may be sold at private sale at not less than par at an interest cost to the municipality or county, such~~

~~cost not to exceed the interest cost to the municipality or county of the portion of the bonds sold to the federal government or to an institution insured by an agency of the federal government.~~ All revenue bonds, but not notes or other obligations, issued under this Code section shall be issued and validated under and in accordance with the procedure set forth in Article 3 of Chapter 82 of this title. The provisions of any resolution or ordinance authorizing the issuance of bonds under this Code section shall be a contract with every holder of such bonds and enforceable by any bondholder by mandamus or other appropriate action or proceeding at law or in equity.

(e) If any of the public officials of the municipality or county whose signatures appear on any bonds or coupons issued under this chapter cease to be such officials before the delivery of the bonds, such signatures, nevertheless, shall be valid and sufficient for all purposes, the same as if the officials had remained in office until the delivery. Any provision of any law to the contrary notwithstanding, any bonds issued pursuant to this chapter shall be fully negotiable.

(f) In any suit, action, or proceeding involving the validity or enforceability of any bond issued under this chapter or the security therefor, any such bond reciting in substance that it has been issued by the municipality or county in connection with an urban redevelopment project, as defined in paragraph ~~(22)~~(24) of Code Section 36-61-2, shall be conclusively deemed to have been issued for such purpose and such project shall be conclusively deemed to have been planned, located, and carried out in accordance with this chapter.

(g) Any urban redevelopment agency or housing authority which a municipality or county has elected to exercise powers under Code Section 36-61-17 may also issue bonds, as provided in this Code section, in the same manner as a municipality or county, except that such bonds shall be authorized and the terms and conditions thereof shall be prescribed by the commissioners of such urban redevelopment agency or housing authority in lieu of the local governing body."

SECTION 6.

Said chapter is further amended by revising subsection (b) of Code Section 36-61-14, related to property exempt from taxes and from levy and sale by virtue of an execution, as follows:

"(b) The property of a municipality, ~~or~~ county, or any other public body, acquired or held for the purpose of this chapter, is declared to be public property used for essential public and governmental purposes and such property shall be exempt from all taxes of the municipality, the county, the state, or any political subdivision thereof. Such tax exemption shall terminate when the municipality or county sells, leases, or otherwise disposes of property in an urban redevelopment area to a purchaser or lessee who or which is not a public body."

SECTION 7.

Said chapter is further amended by revising subsection (a) of Code Section 36-61-16, relating to cooperation by public bodies, as follows:

"(a) For the purpose of aiding in the planning, undertaking, or carrying out of an urban redevelopment project located within the area in which it is authorized to act, any public body, upon such terms, with or without consideration, as it may determine, may:

- (6) Cause public buildings and public facilities, including parks, trails, greenspace, playgrounds, recreational, community, education, transit, water, sewer, or drainage facilities, or any other works which it is otherwise empowered to undertake, to be furnished; furnish, dedicate, close, vacate, pave, install, grade, regrade, plan, or replan streets, roads, sidewalks, ways, or other places; plan, replan, zone, or rezone any part of the public body or make exceptions from building regulations; and cause administrative and other services to be furnished to the municipality or county.

If at any time title to or possession of any urban redevelopment project is held by any public body or governmental agency, other than the municipality or county, which is authorized by law to engage in the undertaking, carrying out, or administration of urban redevelopment projects, including any agency or instrumentality of the United States of America, the provisions of the agreements referred to in this subsection shall inure to the benefit of and may be enforced by such public body or governmental agency. As used in this subsection, the terms 'municipality' and 'county' shall also include an urban redevelopment agency or a housing authority vested with all of the urban redevelopment project powers pursuant to Code Section 36-61-17."

A RESOLUTION

Creating the Senate Study Committee on the Consumer and Provider Protection Act (SB 158); and for other purposes.

WHEREAS, independent primary care providers' practices often represent the bedrock of communities throughout Georgia; and

WHEREAS, independent primary care providers are small employers and account for almost 100,000 jobs throughout the state, according to a 2012 study by the Carl Vinson Institute; and

WHEREAS, independent primary care providers account for almost \$1 billion in state and local revenue for the State of Georgia, according to a 2012 study by the Carl Vinson Institute; and

WHEREAS, the health insurance industry is an essential element in health care that is beneficial to both the patient and primary care provider; and

WHEREAS, health insurers often have a greater bargaining position than independent primary care providers do when it comes to negotiating contracts; and

WHEREAS, primary care providers should be made aware of any new discounts that are presented through a rental network; and

WHEREAS, primary care providers should be able to freely contract with an insurer to accept the types of insurance products that would be most beneficial to their patients and their business model; and

WHEREAS, primary care providers should be able to rely on a negotiated contract with a health insurer without the possibility of the health insurer changing the terms of the contract; and

WHEREAS, unilateral revisions to contracts are not prohibited but the proposed revisions should be presented in a timely manner, giving the other party to the agreement the opportunity to carefully review and make a determination as to whether they can accept the newly proposed terms; and

WHEREAS, insurance companies often appeal to consumers by stating that their providers are participants in their networks; and

WHEREAS, it is not uncommon that providers are sometimes not participants in a network and, in some instances, have never been participants in a certain network; and

WHEREAS, during the 2015 regular session of the Georgia General Assembly, SB 158 was introduced to address such issues.

(13) To do all things necessary or convenient to carry out the powers expressly given in this Act.

SECTION 5.

Revenue bonds.

The authority, or any entity or body which has or which may in the future succeed to the powers, duties, and liabilities vested in the authority created hereby, shall have power and is hereby authorized to provide by resolution for the issuance of revenue bonds by the authority for the purpose of paying all or any part of the costs of the project and for the purpose of refunding revenue bonds or other obligations previously issued. The principal of and interest on such revenue bonds shall be payable solely from the special fund hereby provided for such payment. The revenue bonds of each issue shall be dated, shall bear interest at such rate or rates per annum, payable at such time or times, shall mature at such time or times not exceeding 40 years from their date or dates, shall be payable in such medium of payment as to both principal and interest as may be determined by the authority, and may be redeemable before maturity, at the option of the authority, at such price or prices and under such terms and conditions as may be fixed by the authority in the resolution for the issuance of such revenue bonds.

SECTION 6.

Revenue bonds; form; denomination; registration; place of payment.

The authority shall determine the form of the revenue bonds and shall fix the denomination or denominations of such revenue bonds. The revenue bonds may be issued in registered form, and provision may be made for registration and exchangeability privileges. The authority shall fix the place or places of payment of principal and interest thereon.

SECTION 7.

Revenue bonds; signatures; seal.

All revenue bonds shall bear the manual or facsimile signature of the chairperson or vice-chairperson of the authority and the attesting manual or facsimile signature of the secretary, assistant secretary, or secretary-treasurer of the authority, and the official seal of the authority shall be impressed or imprinted thereon. Any revenue bonds may bear the manual or facsimile signature of such persons as at the actual time of the execution of

such revenue bonds shall be duly authorized or hold the proper office, although at the date of issuance of such revenue bonds such person may not have been so authorized or shall not have held such office. In case any officer whose signature shall appear on any revenue bond shall cease to be such officer before the delivery of such revenue bond, such signature shall nevertheless be valid and sufficient for all purposes, the same as if that person had remained in office until such delivery.

SECTION 8.

Revenue bonds; negotiability; exemption from taxation.

All revenue bonds shall have and are hereby declared to have all the qualities and incidents of negotiable instruments under the laws of the state. All revenue bonds, their transfer and the income therefrom shall be exempt from all taxation within the state. The authority shall be exempt from all taxation within the state in the same manner and to the same extent that the city is exempt from such taxes.

SECTION 9.

Revenue bonds; sale; price; proceeds.

The authority may sell revenue bonds in such manner and for such price as it may determine to be in the best interest of the authority. The proceeds derived from the sale of revenue bonds shall be used solely for the purpose or purposes provided in the resolutions and proceedings authorizing the issuance of such revenue bonds.

SECTION 10.

Revenue bonds; interim receipts and certificates or temporary bonds.

Prior to the preparation of any definitive revenue bonds, the authority may, under like restrictions, issue interim receipts, interim certificates, or temporary revenue bonds, exchangeable for definitive revenue bonds upon the issuance of the latter.

SECTION 11.

Revenue bonds; replacement of lost or mutilated bonds.

The authority may provide for the replacement of any revenue bonds which shall become mutilated or be destroyed or lost.

SECTION 12.

Revenue bonds; conditions precedent to issuance.

The authority shall adopt a resolution authorizing the issuance of the revenue bonds. In the resolution, the authority shall determine that the project financed or refinanced with the proceeds of the revenue bonds is self liquidating. Any resolution providing for the

issuance of revenue bonds under the provisions of this Act shall become effective immediately upon its passage. Any such resolution may be passed by a majority of the authority's members at any regular or special meeting that is duly advertised by the authority pursuant to Chapter 14 of Title 50 of the Official Code of Georgia Annotated.

SECTION 13.

Credit not pledged.

Revenue bonds shall not be deemed to constitute a debt of the city nor a pledge of the faith and credit of the city, but such revenue bonds shall be payable solely from the fund hereinafter provided for. The issuance of such revenue bonds shall not directly, indirectly or contingently obligate the city to levy or to pledge any form of taxation whatsoever for payment of such revenue bonds or to make any appropriation for their payment, and all such revenue bonds shall contain recitals on their face covering substantially the foregoing provisions of this section. Notwithstanding the foregoing provisions, this Act shall not affect the ability of the authority and any political subdivision or municipality to enter into an intergovernmental contract pursuant to which the political subdivision or municipality agrees to pay amounts sufficient to pay operating charges and other costs of the authority or any project including, without limitation, the principal of and interest on revenue bonds in consideration for services or facilities of the authority.

SECTION 14.

Trust indenture as security.

In the discretion of the authority, any issuance of revenue bonds may be secured by a trust indenture by and between the authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or outside the state. Either the resolution providing for the issuance of the revenue bonds or such trust indenture may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the authority in relation to the acquisition and construction of the project, the maintenance, operation, repair and insuring of the project, and the custody, safeguarding, and application of all monies.

SECTION 15.

To whom proceeds of bonds shall be paid.

In the resolution providing for the issuance of revenue bonds or in the trust indenture, the authority shall provide for the payment of the proceeds of the sale of the revenue bonds to any officer or person, or any agency, bank, or trust company, who shall act as trustee of such funds and shall hold and apply the same to the purposes thereof, subject to such regulations as this Act and such resolution or trust indenture may provide.

SECTION 16.

Sinking fund.

The moneys received pursuant to an intergovernmental contract and the revenues, fees, tolls, charges, and earnings derived from any particular project or projects, regardless of whether or not such revenues, fees, tolls, fines, charges, and earnings were produced by a particular project for which revenue bonds have been issued, unless otherwise pledged and allocated, may be pledged and allocated by the authority to the payment of the principal and interest on revenue bonds of the authority as the resolution authorizing the issuance of the revenue bonds or in the trust indenture may provide, and such funds so pledged from whatever source received shall be set aside at regular intervals as may be provided in the resolution or trust indenture, into a sinking fund, which said sinking fund shall be pledged to and charged with the payment of the interest upon such revenue bonds as such interest shall fall due; the principal or purchase price of such revenue bonds as the same shall fall due; any premium upon such revenue bonds as the same shall fall due; the purchase of such revenue bonds in the open market; and the necessary charges of the paying agent for paying principal and interest. The use and disposition of such sinking fund shall be subject to such regulations as may be provided in the resolution authorizing the issuance of the revenue bonds or in the trust indenture, but, except as may otherwise be provided in such resolution or trust indenture, such sinking fund shall be maintained as a trust account for the benefit of all revenue bonds without distinction or priority of one over another.

SECTION 17.

Remedies of bondholders.

Any holder of revenue bonds and the trustee under the trust indenture, if any, except to the extent the rights herein given may be restricted by resolution passed before the issuance of the revenue bonds or by the trust indenture, may, either at law or in equity, by suit, action, mandamus, or other proceedings, protect and enforce any and all rights under the laws of the state, including specifically but without limitation, the Revenue Bond Law, or granted hereunder or under such resolution or trust indenture, and may enforce and compel performance of all duties required by this Act or by such resolution or trust indenture to be performed by the authority or any officer thereof, including the fixing, charging, and collecting of revenues, fees, tolls, fines, and other charges for the use of the facilities and services furnished.

SECTION 18.

Validation.

Revenue bonds and the security therefor shall be confirmed and validated in accordance with the procedure of the Revenue Bond Law. The petition for validation shall also make party defendant to such action any city, municipality, school district, or other political

subdivision or authority of the state which has contracted with the authority for services or facilities relating to the project for which revenue bonds are to be issued and sought to be validated, and such defendant shall be required to show cause, if any exists, why such contract or contracts shall not be adjudicated as a part of the basis for the security for the payment of any such revenue bonds. The revenue bonds when validated and the judgment of validation shall be final and conclusive with respect to such revenue bonds and the security for the payment thereof and interest thereon and against the authority and all other defendants.

SECTION 19.

Venue and jurisdiction.

Any action to protect or enforce any rights under the provisions of this Act or any suit or action against such authority shall be brought in the superior court of Houston County, and any action pertaining to validation of any revenue bonds issued under the provisions of this Act shall likewise be brought in said court which shall have exclusive, original jurisdiction of such actions.

SECTION 20.

Interest of bondholders protected.

While any of the revenue bonds issued by the authority remain outstanding, the powers, duties, or existence of said authority or its officers, employees, or agents, shall not be diminished or impaired in any manner that will affect adversely the interests and rights of the holders of such revenue bonds. The provisions of this Act shall be for the benefit of the authority and the holders of any such revenue bonds, and upon the issuance of such revenue bonds under the provisions of this Act, shall constitute a contract with the holders of such revenue bonds.

SECTION 21.

Monies received considered trust funds.

All monies received pursuant to the authority of this Act, whether as proceeds from the sale of revenue bonds, as grants or other contributions, or as revenue, income, fees, and earnings, shall be deemed to be trust funds to be held and applied solely as provided in this Act.

SECTION 22.

Purpose of the authority.

Without limiting the generality of any provision of this Act, the public purpose of the authority is declared to be that of providing public buildings, facilities, equipment, and other real and personal property for the citizens in the city.

SECTION 23.

Rates, charges, and revenues; use.

The authority is hereby authorized to prescribe and fix rates and to revise same from time to time and to collect revenues, tolls, fees, and charges for the services, facilities, and commodities furnished, and in anticipation of the collection of the revenues, to issue revenue bonds or other types of obligations as herein provided to finance, in whole or in part, the costs of the project, and to pledge to the punctual payment of said revenue bonds or other obligations, all or any part of the revenues.

SECTION 24.

Rules, regulations, service policies, and procedures for operation of projects.

It shall be the duty of the authority to prescribe or cause to be prescribed rules, regulations, service policies, and procedures for the operation of any project or projects constructed or acquired under the provisions of this Act. The authority may adopt bylaws.

SECTION 25.

Tort immunity.

To the extent permitted by law, the authority shall have the same immunity and exemption from liability for torts and negligence as the city. The officers, agents, and employees of the authority when in the performance of the work of the authority shall have the same immunity and exemption from liability for torts and negligence as the officers, agents, and employees of the city when in the performance of their public duties or work of the city.

SECTION 26.

Tax-exempt status of authority.

The properties of the authority, both real and personal, are declared to be public properties used for the benefit and welfare of the people of the state and not for purposes of private or corporate benefit and income, and such properties and the authority shall be exempt from all taxes and special assessments of any municipality, city, or the state and any political subdivision thereof.

SECTION 27.

Effect on other governments.

This Act shall not and does not in any way take from the city or any political subdivision or municipality the authority to own, operate, and maintain public facilities or to issue revenue bonds as provided by the Revenue Bond Law.

SECTION 28.

Earnings and dissolution.

The earnings of the authority shall not inure to the benefit of private persons. Upon dissolution of the authority, title to all property of the authority shall revert to the city.

SECTION 29.

This Act, being for the welfare of various political subdivisions and municipalities of the state and its inhabitants, shall be liberally construed to effect the purposes of this Act.

SECTION 30.

Severability; effect of partial invalidity of Act.

The provisions of this Act are severable, and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 24 of Title 33 of the Official Code of Georgia Annotated, relating to insurance generally, is amended by adding a new Code section to read as follows:

"33-24-59.18.

(a) As used in this Code section, the term:

(1) 'Health benefit plan' means any hospital, health, or medical expense insurance policy, hospital or medical service contract, employee welfare benefit plan, contract or agreement with a health maintenance organization, subscriber contract or agreement, preferred provider organization, accident and sickness insurance benefit plan, or other insurance contract under any other name. The term shall include any health insurance plan established under Article 1 of Chapter 18 of Title 45 and under Chapter 4 of Title 49, the 'Georgia Medical Assistance Act of 1977.'

(2) 'Terminal condition' means any disease, illness, or health condition that a physician has diagnosed as expected to result in death in 24 months or less.

(3) 'Treatment' does not include any medication or medical procedure, regardless of where actually prescribed, dispensed, or administered, which if prescribed, dispensed, or administered in this state would constitute assisted suicide in violation of Code Section 16-5-5.

(b) No health benefit plan shall restrict coverage for treatment of a terminal condition

when such treatment has been prescribed by a physician as medically appropriate and such treatment has been agreed to by an insured patient or by a person to whom the insured patient has legally delegated such authority or to whom otherwise has the legal authority to consent on behalf of the insured patient. The health benefit plan shall not refuse to pay or otherwise reimburse for the treatment diagnosed under this subsection, including any drug or device, so long as such end of life care is consistent with best practices for the treatment of the terminal condition and such treatment is supported by peer reviewed medical literature.

(c) A denial or a refusal to pay for treatment prescribed under subsection (b) of this Code section shall be a violation of this Code section.

(d) A violation of this Code section shall be a per se violation of Chapter 6 of this title, and the penalties, procedures, and remedies applicable to violations of Chapter 6 of this title shall be applicable to a violation of this Code section."

SECTION 2A.

Said chapter is further amended by revising Code Section 33-24-59.10, relating to insurance coverage for autism, as follows:

"33-24-59.10.

(a) As used in this Code section, the term:

(1) 'Accident and sickness contract, policy, or benefit plan' shall have the same meaning as found in Code Section 33-24-59.1. Accident and sickness contract, policy, or benefit plan shall also include without limitation any health benefit plan established pursuant to Article 1 of Chapter 18 of Title 45. Accident and sickness contract, policy, or benefit plan shall not include limited benefit insurance policies designed, advertised, and marketed to supplement major medical insurance such as accident only, CHAMPUS supplement, dental, disability income, fixed indemnity, long-term care, medicare supplement, specified disease, vision, and any other type of accident and sickness insurance other than basic hospital expense, basic medical-surgical expense, or major medical insurance.

(2) ~~'Autism' means a developmental neurological disorder, usually appearing in the first three years of life, which affects normal brain functions and is manifested by compulsive, ritualistic behavior and severely impaired social interaction and communication skills~~ 'Applied behavior analysis' means the design, implementation, and evaluation of environmental modifications using behavioral stimuli and consequences to produce socially significant improvement in human behavior, including the use of direct observation, measurement, and functional analysis of the relationship between environment and behavior.

(3) 'Autism spectrum disorder' means autism spectrum disorders as defined by the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders.

(4) 'Treatment of autism spectrum disorder' includes the following types of care prescribed, provided, or ordered for an individual diagnosed with an autism spectrum disorder:

(A) Habilitative or rehabilitative services, including applied behavior analysis or

other professional or counseling services necessary to develop, maintain, and restore the functioning of an individual to the extent possible. To be eligible for coverage, applied behavior analysis shall be provided by a person professionally certified by a national board of behavior analysts or performed under the supervision of a person professionally certified by a national board of behavior analysts;

(B) Counseling services provided by a licensed psychiatrist, licensed psychologist, professional counselor, or clinical social worker; and

(C) Therapy services provided by a licensed or certified speech therapist, speech-language pathologist, occupational therapist, physical therapist, or marriage and family therapist.

~~(b) An insurer that provides benefits for neurological disorders, whether under a group or individual accident and sickness contract, policy, or benefit plan, shall not deny providing benefits in accordance with the conditions, schedule of benefits, limitations as to type and scope of treatment authorized for neurological disorders, exclusions, cost sharing arrangements, or copayment requirements which exist in such contract, policy, or benefit plan for neurological disorders because of a diagnosis of autism. The provisions of this subsection shall not expand the type or scope of treatment beyond that authorized for any other diagnosed neurological disorder. Accident and sickness contracts, policies, or benefit plans shall provide coverage for autism spectrum disorders for an individual covered under a policy or contract who is six years of age or under in accordance with the following:~~

~~(1) The policy or contract shall provide coverage for any assessments, evaluations, or tests by a licensed physician or licensed psychologist to diagnose whether an individual has an autism spectrum disorder;~~

~~(2) The policy or contract shall provide coverage for the treatment of autism spectrum disorders when it is determined by a licensed physician or licensed psychologist that the treatment is medically necessary health care. A licensed physician or licensed psychologist may be required to demonstrate ongoing medical necessity for coverage provided under this Code section at least annually;~~

~~(3) The policy or contract shall not include any limits on the number of visits;~~

~~(4) The policy or contract may limit coverage for applied behavior analysis to \$30,000.00 per year. An insurer shall not apply payments for coverage unrelated to autism spectrum disorders to any maximum benefit established under this paragraph; and~~

~~(5) This subsection shall not be construed to require coverage for prescription drugs if prescription drug coverage is not provided by the policy or contract. Coverage for prescription drugs for the treatment of autism spectrum disorders shall be determined in the same manner as coverage for prescription drugs for the treatment of any other illness or condition is determined under the policy or contract.~~

~~(c) Except as otherwise provided in this Code section, any policy or contract that provides coverage for services under this Code section may contain provisions for maximum benefits and coinsurance and reasonable limitations, deductibles, and exclusions to the extent that these provisions are not inconsistent with the requirements~~

of this Code section.

(d) This Code section shall not be construed to affect any obligation to provide services to an individual with an autism spectrum disorder under an individualized family service plan, an individualized education plan as required by the federal Individuals with Disabilities Education Act, or an individualized service plan. This Code section also shall not be construed to limit benefits that are otherwise available to an individual under an accident and sickness contract, policy, or benefit plan.

(e)(1) An insurer, corporation, or health maintenance organization, or a governmental entity providing coverage for such treatment pursuant to this Code section, is exempt from providing coverage for behavioral health treatment required under this Code section and not covered by the insurer, corporation, health maintenance organization, or governmental entity providing coverage for such treatment pursuant to this Code section as of December 31, 2016, if:

(A) An actuary, affiliated with the insurer, corporation, or health maintenance organization, who is a member of the American Academy of Actuaries and meets the American Academy of Actuaries' professional qualification standards for rendering an actuarial opinion related to health insurance rate making, certifies in writing to the Commissioner that:

(i) Based on an analysis to be completed no more frequently than one time per year by each insurer, corporation, or health maintenance organization, or such governmental entity, for the most recent experience period of at least one year's duration, the costs associated with coverage of behavioral health treatment required under this Code section, and not covered as of December 31, 2016, exceeded 1 percent of the premiums charged over the experience period by the insurer, corporation, or health maintenance organization; and

(ii) Those costs solely would lead to an increase in average premiums charged of more than 1 percent for all insurance policies, subscription contracts, or health care plans commencing on inception or the next renewal date, based on the premium rating methodology and practices the insurer, corporation, or health maintenance organization, or such governmental entity, employs; and

(B) The Commissioner approves the certification of the actuary.

(2) An exemption allowed under paragraph (1) of this subsection shall apply for a one-year coverage period following inception or next renewal date of all insurance policies, subscription contracts, or health care plans issued or renewed during the one-year period following the date of the exemption, after which the insurer, corporation, or health maintenance organization, or such governmental entity, shall again provide coverage for behavioral health treatment required under this subsection.

(3) An insurer, corporation, or health maintenance organization, or such governmental entity, may claim an exemption for a subsequent year, but only if the conditions specified in this subsection again are met.

(4) Notwithstanding the exemption allowed under paragraph (1) of this subsection, an insurer, corporation, or health maintenance organization, or such governmental entity, may elect to continue to provide coverage for behavioral health treatment required

under this subsection.

(f) Beginning January 1, 2016, to the extent that this Code section requires benefits that exceed the essential health benefits required under Section 1302(b) of the federal Patient Protection and Affordable Care Act, P. L. 111-148, the specific benefits that exceed the required essential health benefits shall not be required of a 'qualified health plan' as defined in such act when the qualified health plan is offered in this state through the exchange. Nothing in this subsection shall nullify the application of this Code section to plans offered outside the state's exchange.

(g) This Code section shall not apply to any accident and sickness contract, policy, or benefit plan offered by any employer with ten or fewer employees.

(h) Nothing in this Code section shall be construed to limit any coverage under any accident and sickness contract policy or benefit plan, including, but not limited to, speech therapy, occupational therapy, or physical therapy otherwise available under such plan.

(i) By January 15, 2017, and every January 15 thereafter, the department shall submit a report to the General Assembly regarding the implementation of the coverage required under this Code section. The report shall include, but shall not be limited to, the following:

(1) The total number of insureds diagnosed with autism spectrum disorder;

(2) The total cost of all claims paid out in the immediately preceding calendar year for coverage required by this Code section;

(3) The cost of such coverage per insured per month; and

as to type and scope of treatment authorized for neurological disorders, exclusions, cost-sharing arrangements, or copayment requirements which exist in such contract, policy, or benefit plan for neurological disorders because of a diagnosis of autism. The provisions of this subsection shall not expand the type or scope of treatment beyond that authorized for any other diagnosed neurological disorder."

SECTION 3.

(a) This Act shall become effective on July 1, 2015, except as otherwise provided by subsection (b) of this section.

(b) Section 2B of this Act shall become effective on January 1, 2017, only if the amendment to the Georgia Constitution proposed by HR 808 is ratified by the voters at the November, 2016, general state-wide election, in which event Section 2A of this Act shall stand repealed on January 1, 2017. A BILL TO BE ENTITLED
AN ACT

To amend Chapter 2 of Title 33 of the Official Code of Georgia Annotated, relating to the department and Commissioner of Insurance, so as to provide for insurance compliance self-evaluative privilege; to provide for intent; to provide for definitions; to provide for an insurance compliance self-evaluative audit document as privileged information; to provide for inadmissibility in certain legal actions; to provide for applications and exceptions; to provide for the burden of proof; to provide for applicability; to amend Code Section 33-24-59.10 of the Official Code of Georgia Annotated, relating to insurance coverage for autism, so as to provide for certain insurance coverage of autism spectrum disorders; to provide for definitions; to provide for limitations; to provide for premium cap and other conditions; to provide for applicability; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 2 of Title 33 of the Official Code of Georgia Annotated, relating to the department and Commissioner of Insurance, is amended by adding a new Code section to read as follows:

"33-2-34.

(a) To encourage insurance companies and persons conducting activities regulated under this title, both to conduct voluntary internal audits of their compliance programs and management systems and to assess and improve compliance with state and federal

statutes, rules, and orders, an insurance compliance self-evaluative privilege is recognized to protect the confidentiality of communications relating to voluntary internal compliance audits. The General Assembly hereby finds and declares that protection of insurance consumers is enhanced by companies' voluntary compliance with this state's insurance and other laws and that the public will benefit from incentives to identify and remedy insurance and other compliance issues. It is further declared that limited expansion of the protection against disclosure will encourage voluntary compliance and improve insurance market conduct quality and that the voluntary provisions of this Code section will not inhibit the exercise of the regulatory authority by those entrusted with protecting insurance consumers.

(b) As used in this Code section, the term:

(1) 'Insurance compliance audit' means a voluntary, internal evaluation, review, assessment, or audit not otherwise expressly required by law of an insurer or an activity regulated under this title, or other state or federal law applicable to an insurer, or of management systems related to the insurer or activity, that is designed to identify and prevent noncompliance and to improve compliance with those statutes, rules, or orders. An insurance compliance audit may be conducted by the insurer, its employees, or independent contractors.

(2) 'Insurance compliance self-evaluative audit document' means any document prepared as a result of or in connection with and not prior to an insurance compliance audit. An insurance compliance self-evaluative audit document may include a written response to the findings of an insurance compliance audit. An insurance compliance self-evaluative audit document may include, but is not limited to, as applicable, field notes and records of observations, findings, opinions, suggestions, conclusions, drafts, memoranda, drawings, photographs, computer generated or electronically recorded information, phone records, maps, charts, graphs, and surveys, provided that this supporting information is collected or developed for the primary purpose and in the course of an insurance compliance audit. An insurance compliance self-evaluative audit document may also include any of the following:

(A) An insurance compliance audit report prepared by an auditor, who may be an employee of the insurer or an independent contractor, which may include the scope of the audit, the information gained in the audit, and conclusions and recommendations, with exhibits and appendices;

(B) Memoranda and documents analyzing portions or all of the insurance compliance audit report and discussing potential implementation issues;

(C) An implementation plan that addresses correcting past noncompliance, improving current compliance, and preventing future noncompliance; or

(D) Analytic data generated in the course of conducting the insurance compliance audit.

(c)(1) An insurance compliance self-evaluative audit document is privileged information and is not admissible as evidence in any legal action in any civil, criminal, or administrative proceeding, except as provided in subsections (d) and (e) of this Code section. Documents, communications, data, reports, or other information

created as a result of a claim involving personal injury or workers' compensation made against an insurance policy are not insurance compliance self-evaluative audit documents and are admissible as evidence in civil proceedings as otherwise provided by applicable rules of evidence or civil procedure, subject to any applicable statutory or common law privilege, including, but not limited to, the work product doctrine, the attorney-client privilege, or the subsequent remedial measures exclusion.

(2) If any insurer, person, or entity performs or directs the performance of an insurance compliance audit, an officer or employee involved with the insurance compliance audit, or any consultant who is hired for the purpose of performing the insurance compliance audit, shall not be examined in any civil, criminal, or administrative proceeding as to the insurance compliance audit or any insurance compliance self-evaluative audit document, as defined in this Code section. This paragraph shall not apply if the privilege set forth in paragraph (1) of this subsection is determined under subsection (d) or (e) of this Code section not to apply.

(3) An insurer may voluntarily submit, in connection with examinations conducted under this Code section, an insurance compliance self-evaluative audit document to the Commissioner, or his or her designee, as a confidential document under subsection (g) of Code Section 33-2-14 without waiving the privilege set forth in this Code section to which the insurer would otherwise be entitled. However, the provision permitting the Commissioner to provide access to the National Association of Insurance Commissioners shall not apply to the insurance compliance self-evaluative audit document so voluntarily submitted. Nothing contained in this subsection shall give the Commissioner any authority to compel an insurer to disclose involuntarily or otherwise provide an insurance compliance self-evaluative audit document.

(d)(1) The privilege set forth in subsection (c) of this Code section shall not apply to the extent that it is expressly waived by the insurer that prepared or caused to be prepared the insurance compliance self-evaluative audit document.

(2) In a civil or administrative proceeding, a court of record may, after an in camera review, require disclosure of material for which the privilege set forth in subsection (c) of this Code section is asserted, if the court determines that:

(A) The privilege is asserted for a fraudulent purpose;

(B) The material is not subject to the privilege; or

(C) Even if subject to the privilege, the material shows evidence of noncompliance with state or federal statutes, rules, and orders and the insurer failed to undertake reasonable corrective action or eliminate the noncompliance within a reasonable time.

(3) In a criminal proceeding, a court of record may, after an in camera review, require disclosure of material for which the privilege described in subsection (c) of this Code section is asserted, if the court determines that:

(A) The privilege is asserted for a fraudulent purpose;

(B) The material is not subject to the privilege;

(C) Even if subject to the privilege, the material shows evidence of noncompliance

with state or federal statutes, rules, and orders and the insurer failed to undertake reasonable corrective action or eliminate such noncompliance within a reasonable time; or

(D) The material contains evidence relevant to the commission of a criminal offense under this title and:

(i) The Commissioner has a compelling need for the information;

(ii) The information is not otherwise available; and

(iii) The Commissioner is unable to obtain the substantial equivalent of the information by any means without incurring unreasonable cost and delay.

(e)(1) Within 30 days after the Commissioner makes a written request by certified mail for disclosure of an insurance compliance self-evaluative audit document under this subsection, the insurer that prepared or caused the document to be prepared may file with the appropriate court a petition requesting an in camera hearing on whether the insurance compliance self-evaluative audit document or portions of the document are privileged under this Code section or subject to disclosure. The court has jurisdiction over a petition filed by an insurer under this subsection requesting an in camera hearing on whether the insurance compliance self-evaluative audit document or portions of the document are privileged or subject to disclosure. Failure by the insurer to file a petition waives the privilege.

(2) An insurer asserting the insurance compliance self-evaluative privilege in response to a request for disclosure under this subsection shall include in its petition for an in camera hearing all of the information set forth in paragraph (5) of this subsection.

(3) Upon the filing of a petition under this subsection, the court shall issue an order scheduling, within 45 days after the filing of the petition, an in camera hearing to determine whether the insurance compliance self-evaluative audit document or portions of the document are privileged under this Code section or subject to disclosure.

(4) The court, after an in camera review, may require disclosure of material for which the privilege in subsection (c) of this Code section is asserted if the court determines, based upon its in camera review, that any one of the conditions set forth in paragraph (2) of subsection (d) of this Code section is applicable as to a civil or administrative proceeding or that any one of the conditions set forth in paragraph (3) of subsection (d) of this Code section is applicable as to a criminal proceeding. Upon making such a determination, the court may only compel the disclosure of those portions of an insurance compliance self-evaluative audit document relevant to issues in dispute in the underlying proceeding. Any compelled disclosure will not be considered to be a public document or be deemed to be a waiver of the privilege for any other civil, criminal, or administrative proceeding. A party unsuccessfully opposing disclosure may apply to the court for an appropriate order protecting the document from further disclosure.

(5) An insurer asserting the insurance compliance self-evaluative privilege in response to a request for disclosure under this subsection shall provide to the

Commissioner at the time of filing any objection to the disclosure:

(A) The date of the insurance compliance self-evaluative audit document;

(B) The identity of the entity conducting the audit;

(C) The general nature of the activities covered by the insurance compliance audit; and

(D) An identification of the portions of the insurance compliance self-evaluative audit document for which the privilege is being asserted.

(f)(1) An insurer asserting the insurance compliance self-evaluative privilege set forth in subsection (c) of this Code section has the burden of demonstrating the applicability of the privilege. Once an insurer has established the applicability of the privilege, a party seeking disclosure under paragraph (2) or (3) of subsection (d) of this Code section has the burden of proving that the privilege is asserted for a fraudulent purpose or that the insurer failed to undertake reasonable corrective action or eliminate the noncompliance within a reasonable time. The Commissioner, in seeking disclosure under paragraph (3) of subsection (d) of this Code section, has the burden of proving the elements set forth in paragraph (3) of subsection (d) of this Code section.

(2) The parties may at any time stipulate in proceedings under subsection (d) or (e) of this Code section to entry of an order directing that specific information contained in an insurance compliance self-evaluative audit document is or is not subject to the privilege provided under subsection (c) of this Code section.

(g) The privilege set forth in subsection (c) of this Code section shall not extend to:

(1) Documents, communications, data, reports, or other information required to be collected, developed, maintained, reported, or otherwise made available to a regulatory agency pursuant to this title or other federal or state law, rule, or order;

(2) Information obtained by observation or monitoring by any regulatory agency; or

(3) Information obtained from a source independent of the insurance compliance audit.

(h) Nothing in this Code section shall limit, waive, or abrogate the scope or nature of any statutory or common law privilege including, but not limited to, the work product doctrine, the attorney-client privilege, or the subsequent remedial measures exclusion.

(i) This Code section shall apply to self-evaluative audits completed before June 30, 2018, but shall not apply to any such audits completed on or after July 1, 2018, unless authorized by the General Assembly prior to that date."

SECTION 2.

Code Section 33-24-59.10 of the Official Code of Georgia Annotated, relating to insurance coverage for autism, is amended as follows:

"33-24-59.10.

(a) As used in this Code section, the term:

(1) 'Accident and sickness contract, policy, or benefit plan' shall have the same meaning as found in Code Section 33-24-59.1. Accident and sickness contract, policy, or benefit plan shall also include without limitation any health benefit plan

established pursuant to Article 1 of Chapter 18 of Title 45. Accident and sickness contract, policy, or benefit plan shall not include limited benefit insurance policies designed, advertised, and marketed to supplement major medical insurance such as accident only, CHAMPUS supplement, dental, disability income, fixed indemnity, long-term care, medicare supplement, specified disease, vision, and any other type of accident and sickness insurance other than basic hospital expense, basic medical-surgical expense, or major medical insurance.

~~(2) 'Autism' means a developmental neurological disorder, usually appearing in the first three years of life, which affects normal brain functions and is manifested by compulsive, ritualistic behavior and severely impaired social interaction and communication skills~~ 'Applied behavior analysis' means the design, implementation, and evaluation of environmental modifications using behavioral stimuli and consequences to produce socially significant improvement in human behavior, including the use of direct observation, measurement, and functional analysis of the relationship between environment and behavior.

~~(3) 'Autism spectrum disorder' means autism spectrum disorders as defined by the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders.~~

~~(4) "Treatment of autism spectrum disorder" includes the following types of care prescribed, provided, or ordered for an individual diagnosed with an autism spectrum disorder:~~

~~(A) Habilitative or rehabilitative services, including applied behavior analysis or other professional or counseling services necessary to develop, maintain, and restore the functioning of an individual to the extent possible. To be eligible for coverage, applied behavior analysis shall be provided by a person professionally certified by a national board of behavior analysts or performed under the supervision of a person professionally certified by a national board of behavior analysts;~~

~~(B) Counseling services provided by a licensed psychiatrist, licensed psychologist, professional counselor, or clinical social worker; and~~

~~(C) Therapy services provided by a licensed or certified speech therapist, speech-language pathologist, occupational therapist, physical therapist, or marriage and family therapist.~~

~~(b) An insurer that provides benefits for neurological disorders, whether under a group or individual accident and sickness contract, policy, or benefit plan, shall not deny providing benefits in accordance with the conditions, schedule of benefits, limitations as to type and scope of treatment authorized for neurological disorders, exclusions, cost-sharing arrangements, or copayment requirements which exist in such contract, policy, or benefit plan for neurological disorders because of a diagnosis of autism. The provisions of this subsection shall not expand the type or scope of treatment beyond that authorized for any other diagnosed neurological disorder. Accident and sickness contracts, policies, or benefit plans shall provide coverage for autism spectrum disorders for an individual covered under a policy or contract who is six years of age or under in accordance with the following:~~

~~(1) The policy or contract shall provide coverage for any assessments, evaluations, or~~

tests by a licensed physician or licensed psychologist to diagnose whether an individual has an autism spectrum disorder;

(2) The policy or contract shall provide coverage for the treatment of autism spectrum disorders when it is determined by a licensed physician or licensed psychologist that the treatment is medically necessary health care. A licensed physician or licensed psychologist may be required to demonstrate ongoing medical necessity for coverage provided under this Code section at least annually;

(3) The policy or contract shall not include any limits on the number of visits;

(4) The policy or contract may limit coverage for applied behavior analysis to \$35,000.00 per year. An insurer shall not apply payments for coverage unrelated to autism spectrum disorders to any maximum benefit established under this paragraph; and

(5) This subsection shall not be construed to require coverage for prescription drugs if prescription drug coverage is not provided by the policy or contract. Coverage for prescription drugs for the treatment of autism spectrum disorders shall be determined in the same manner as coverage for prescription drugs for the treatment of any other illness or condition is determined under the policy or contract.

(c) Except as otherwise provided in this Code section, any policy or contract that provides coverage for services under this Code section may contain provisions for maximum benefits and coinsurance and reasonable limitations, deductibles, and exclusions to the extent that these provisions are not inconsistent with the requirements of this Code section.

(d) This Code section shall not be construed to affect any obligation to provide services to an individual with an autism spectrum disorder under an individualized family service plan, an individualized education plan as required by the federal Individuals with Disabilities Education Act, or an individualized service plan. This Code section also shall not be construed to limit benefits that are otherwise available to an individual under an accident and sickness contract, policy, or benefit plan.

(e)(1) An insurer, corporation, or health maintenance organization, or a governmental entity providing coverage for such treatment pursuant to this Code section, is exempt from providing coverage for behavioral health treatment required under this Code section and not covered by the insurer, corporation, health maintenance organization, or governmental entity providing coverage for such treatment pursuant to this Code section as of December 31, 2016, if:

(A) An actuary, affiliated with the insurer, corporation, or health maintenance organization, who is a member of the American Academy of Actuaries and meets the American Academy of Actuaries' professional qualification standards for rendering an actuarial opinion related to health insurance rate making, certifies in writing to the Commissioner that:

(i) Based on an analysis to be completed no more frequently than one time per year by each insurer, corporation, or health maintenance organization, or such governmental entity, for the most recent experience period of at least one year's duration, the costs associated with coverage of behavioral health treatment

required under this Code section, and not covered as of December 31, 2016, exceeded 1 percent of the premiums charged over the experience period by the insurer, corporation, or health maintenance organization; and

(ii) Those costs solely would lead to an increase in average premiums charged of more than 1 percent for all insurance policies, subscription contracts, or health care plans commencing on inception or the next renewal date, based on the premium rating methodology and practices the insurer, corporation, or health maintenance organization, or such governmental entity, employs; and

(B) The Commissioner approves the certification of the actuary.

(2) An exemption allowed under paragraph (1) of this subsection shall apply for a one-year coverage period following inception or next renewal date of all insurance policies, subscription contracts, or health care plans issued or renewed during the one-year period following the date of the exemption, after which the insurer, corporation, or health maintenance organization, or such governmental entity, shall again provide coverage for behavioral health treatment required under this subsection.

(3) An insurer, corporation, or health maintenance organization, or such governmental entity, may claim an exemption for a subsequent year, but only if the conditions specified in this subsection again are met.

(4) Notwithstanding the exemption allowed under paragraph (1) of this subsection, an insurer, corporation, or health maintenance organization, or such governmental entity, may elect to continue to provide coverage for behavioral health treatment required under this subsection.

(f) Beginning January 1, 2016, to the extent that this Code section requires benefits that exceed the essential health benefits required under Section 1302(b) of the federal Patient Protection and Affordable Care Act, P. L. 111-148, the specific benefits that exceed the required essential health benefits shall not be required of a 'qualified health plan' as defined in such act when the qualified health plan is offered in this state through the exchange. Nothing in this subsection shall nullify the application of this Code section to plans offered outside the state's exchange.

(g) This Code section shall not apply to any accident and sickness contract, policy, or benefit plan offered by any employer with ten or fewer employees.

(h) Nothing in this Code section shall be construed to limit any coverage under any accident and sickness contract policy or benefit plan, including, but not limited to, speech therapy, occupational therapy, or physical therapy otherwise available under such plan.

(i) By January 15, 2017, and every January 15 thereafter, the department shall submit a report to the General Assembly regarding the implementation of the coverage required under this Code section. The report shall include, but shall not be limited to, the following:

(1) The total number of insureds diagnosed with autism spectrum disorder;

(2) The total cost of all claims paid out in the immediately preceding calendar year for coverage required by this Code section;

(3) The cost of such coverage per insured per month; and

(4) The average cost per insured for coverage of applied behavior analysis. All health carriers and health benefit plans subject to the provisions of this Code section shall provide the department with all data requested by the department for inclusion in the annual report."

(G) For accidental death benefits in or supplementary to policies, for policies issued on or after January 1, 1966, the 1959 Accidental Death Benefits Table or any accidental death benefits table, adopted after 1980 by the National Association of Insurance Commissioners, that is approved by regulation promulgated by the Commissioner for use in determining the minimum standard of valuation for such policies; for policies issued prior to January 1, 1966, either such table or, at the option of the insurer, the Inter-Company Double Indemnity Mortality Table. Either table shall be combined with a mortality table permitted for calculating the reserves for life insurance policies; and

(H) For group life insurance, life insurance issued on the substandard basis, and other special benefits such tables or appropriate modifications of such tables as may be approved by the Commissioner as being sufficient with relation to the benefits provided by those policies.

(2) Except as provided in paragraphs (3) through (7) of this subsection, the minimum standard for the valuation of all individual annuity and pure endowment contracts issued on or after the operative date of this paragraph, as defined in this paragraph, and for all annuities and pure endowments purchased on or after the operative date under group annuity and pure endowment contracts, shall be the Commissioner's reserve valuation methods defined in subsections (g) and (h) of this Code section and the following tables and interest rates:

(A) For individual annuity and pure endowment contracts issued prior to July 1, 1979, excluding any disability and accidental death benefits in such contracts, the 1971 Individual Annuity Mortality Table or any modification of this table approved by the Commissioner and 6 percent interest for single premium immediate annuity contracts and 4 percent interest for all other individual annuity and pure endowment contracts;

(B) For individual single premium immediate annuity contracts issued on or after July 1, 1979, excluding any disability and accidental death benefits in such contracts, the 1971 Individual Annuity Mortality Table or any individual annuity mortality table, adopted after 1980 by the National Association of Insurance Commissioners that is approved by regulation promulgated by the Commissioner for use in determining the minimum standard of valuation for such contracts or any modification of these tables approved by the Commissioner and 7 1/2 percent interest;

(C) For individual annuity and pure endowment contracts issued on or after July 1, 1979, other than single premium immediate annuity contracts, excluding any disability and accidental death benefits in such contracts, the 1971 Individual Annuity Mortality Table or any individual annuity mortality table, adopted after 1980 by the National Association of Insurance Commissioners, that is approved by regulation promulgated by the Commissioner for use in determining the minimum standard of valuation for such contracts or any modification of these tables approved

by the Commissioner and 5 1/2 percent interest for single premium deferred annuity and pure endowment contracts and 4 1/2 percent interest for all other such individual annuity and pure endowment contracts;

(D) For all annuities and pure endowments purchased prior to July 1, 1979, under group annuity and pure endowment contracts, excluding any disability and accidental death benefits purchased under such contracts, the 1971 Group Annuity Mortality Table or any modification of this table approved by the Commissioner and 6 percent interest; and

(E) For all annuities and pure endowments purchased on or after July 1, 1979, under group annuity and pure endowment contracts, excluding any disability and accidental death benefits purchased under such contracts, the 1971 Group Annuity Mortality Table or any group annuity mortality table, adopted after 1980 by the National Association of Insurance Commissioners, that is approved by regulation promulgated by the Commissioner for use in determining the minimum standard of valuation for such annuities and pure endowments or any modification of these tables approved by the Commissioner and 7 1/2 percent interest.

After July 1, 1973, any insurer may file with the Commissioner a written notice of its election to comply with this paragraph after a specified date before January 1, 1979, which shall be the operative date of this paragraph for such insurer, provided that if an insurer makes no such election, the operative date of this paragraph for such insurer shall be January 1, 1979.

(f)(1) The interest rates used in determining the minimum standard for the valuation of:

(A) All life insurance policies issued in a particular calendar year, on or after the operative date of subsection (e) of Code Section 33-25-4;

(B) All individual annuity and pure endowment contracts issued in a particular calendar year on or after January 1, 1994;

(C) All annuities and pure endowments purchased in a particular calendar year on or after January 1, 1994, under group annuity and pure endowment contracts; and

(D) The net increase, if any, in a particular calendar year after January 1, 1994, in amounts held under guaranteed interest contracts shall be the calendar year statutory valuation interest rates as defined in paragraphs (2) through (5) of this subsection.

(2) The calendar year statutory valuation interest rates, I, shall be determined as follows and the results rounded to the nearer one-quarter of 1 percent:

(A) For life insurance:

$$I = .03 + W(R1 - .03) + 1/2 W(R2 - .09);$$

(B) For single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and from guaranteed interest contracts with cash settlement options:

$$I = .03 + W(R - .03)$$

where R1 is the lesser of R and .09, R2 is the greater of R and .09, R is the reference interest rate defined in paragraph (4) of this subsection, and W is the weighting factor defined in paragraph (3) of this subsection;

(C) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on an issue year basis, except as stated in subparagraph (B) of this paragraph, the formula for life insurance stated in subparagraph (A) of this paragraph shall apply to annuities and guaranteed interest contracts with guarantee durations in excess of ten years and the formula for single premium immediate annuities stated in subparagraph (B) of this paragraph shall apply to annuities and guaranteed interest contracts with guarantee duration of ten years or less;

(D) For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the formula for single premium immediate annuities stated in subparagraph (B) of this paragraph shall apply;

(E) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a change in fund basis, the formula for single premium immediate annuities stated in subparagraph (B) of this paragraph shall apply;

However, if the calendar year statutory valuation interest rate for any life insurance policies issued in any calendar year determined without reference to this sentence differs from the corresponding actual rate for similar policies issued in the immediately preceding calendar year by less than one-half of 1 percent, the calendar year statutory valuation interest rate for such life insurance policies shall be equal to the corresponding actual rate for the immediately preceding calendar year. For purposes of applying the immediately preceding sentence, the calendar year statutory valuation interest rate for life insurance policies issued in a calendar year shall be determined for 1980 (using the reference interest rate defined for 1979) and shall be determined for each subsequent calendar year regardless of when subsection (e) of Code Section 33-25-4 becomes operative.

(3) The weighting factors referred to in the formulas stated above are given in the following tables:

(A) Weighting Factors for Life Insurance:

<u>Guarantee Duration Years</u>	<u>Weighting Factors</u>
<u>10 or less</u>	<u>.50</u>
<u>More than 10, but not more than 20</u>	<u>.45</u>
<u>More than 20</u>	<u>.35</u>

For life insurance, the guarantee duration is the maximum number of years the life insurance can remain in force on a basis guaranteed in the policy or under options to convert to plans of life insurance with premium rates or nonforfeiture values or both which are guaranteed in the original policy;

(B) Weighting factor for single premium immediate annuities and for annuity

benefits involving life contingencies arising from other annuities with cash settlement options and guaranteed interest contracts with cash settlement options: .80;

(C) Weighting factors for other annuities and for guaranteed interest contracts, except as stated in subparagraph (B) of this paragraph, shall be as specified in Tables I, II, and III of this subparagraph, according to the rules and definitions in IV, V, and VI of this subparagraph:

I. For annuities and guaranteed interest contracts valued on an issue year basis:

<u>Guarantee Duration (Years)</u>	<u>Weighting Factor for Plan Type</u>		
	<u>A</u>	<u>B</u>	<u>C</u>
<u>5 or less:</u>	<u>.80</u>	<u>.60</u>	<u>.50</u>
<u>More than 5, but not more than 10:</u>	<u>.75</u>	<u>.60</u>	<u>.50</u>
<u>More than 10, but not more than 20:</u>	<u>.65</u>	<u>.50</u>	<u>.45</u>
<u>More than 20:</u>	<u>.45</u>	<u>.35</u>	<u>.35</u>

II. For annuities and guaranteed interest contracts valued on a change in fund basis, the factors shown in Table I increased by:

<u>Plan Type</u>
<u>A</u> <u>B</u> <u>C</u>
<u>.15</u> <u>.25</u> <u>.05</u>

III. For annuities and guaranteed interest contracts valued on an issue year basis (other than those with no cash settlement options) which do not guarantee interest on considerations received more than one year after issue or purchase and for annuities and guaranteed interest contracts valued on a change in fund basis which do not guarantee interest rates on considerations received more than 12 months beyond the valuation date, the factors shown in Table I or derived in Table II increased by:

<u>Plan Type</u>
<u>A</u> <u>B</u> <u>C</u>
<u>.05</u> <u>.05</u> <u>.05</u>

IV. For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, the guarantee duration is the number of years for which the contract guarantees interest rates in excess of the calendar year statutory valuation interest rate for life insurance policies with guarantee duration in excess of 20 years. For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the guarantee

duration is the number of years from the date of issue or date of purchase to the date annuity benefits are scheduled to commence;

V. Plan type as used in the above tables is defined as follows:

Plan Type A: At any time policyholder may withdraw funds only (1) with an adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurer, or (2) without such adjustment but in installments over five years or more, or (3) as an immediate life annuity, or (4) no withdrawal permitted;

Plan Type B: Before expiration of the interest rate guarantee, policyholder may withdraw funds only (1) with adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurer, or (2) without such adjustment but in installments over five years or more, or (3) no withdrawal permitted. At the end of interest rate guarantee, funds may be withdrawn without such adjustment in a single sum or installments over less than five years;

Plan Type C: Policyholder may withdraw funds before expiration of interest rate guarantee in a single sum or installments over less than five years either (1) without adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurer, or (2) subject only to a fixed surrender charge stipulated in the contract as a percentage of the fund;

VI. An insurer may elect to value guaranteed interest contracts with cash settlement options and annuities with cash settlement options on either an issue year basis or on a change in fund basis. Guaranteed interest contracts with no cash settlement options and other annuities with no cash settlement options must be valued on an issue year basis. As used in this subsection, an issue year basis of valuation refers to a valuation basis under which the interest rate used to determine the minimum valuation standard for the entire duration of the annuity or guaranteed interest contract is the calendar year valuation interest rate for the year of issue or year of purchase of the annuity or guaranteed interest contract, and the change in fund basis of valuation refers to a valuation basis under which the interest rate used to determine the minimum valuation standard applicable to each change in the fund held under the annuity or guaranteed interest contract is the calendar year valuation interest rate for the year of the change in the fund.

(4) The reference interest rate referred to in paragraph (2) of this subsection shall be defined as follows:

(A) For all life insurance, the lesser of the average over a period of 36 months and the average over a period of 12 months, ending on June 30 of the calendar year next preceding the year of issue, of Moody's Corporate Bond Yield Average — Monthly Average Corporates, as published in Moody's Investors Service, Inc.;

(B) For single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, the average over a period of 12 months, ending on June 30 of the calendar year of issue or year of purchase, of Moody's Corporate Bond Yield Average — Monthly Average Corporates, as

published by Moody's Investors Service, Inc.;

(C) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a year of issue basis, except as stated in subparagraph (B) of this paragraph, with guarantee duration in excess of ten years, the lesser of the average over a period of 36 months and the average over a period of 12 months, ending on June 30 of the calendar year of issue or purchase, of Moody's Corporate Bond Yield Average — Monthly Average Corporates, as published by Moody's Investors Service, Inc.;

(D) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a year of issue basis, except as stated in subparagraph (B) of this paragraph, with guarantee duration of ten years or less, the average over a period of 12 months, ending on June 30 of the calendar year of issue or purchase, of Moody's Corporate Bond Yield Average — Monthly Average Corporates, as published by Moody's Investors Service, Inc.;

(E) For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the average over a period of 12 months, ending on June 30 of the calendar year of issue or purchase, of Moody's Corporate Bond Yield Average — Monthly Average Corporates, as published by Moody's Investors Service, Inc.; and

(F) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a change in fund basis, except as stated in subparagraph (B) of this paragraph, the average over a period of 12 months, ending on June 30 of the calendar year of the change in the fund, of Moody's Corporate Bond Yield Average — Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(5) In the event that Moody's Corporate Bond Yield Average — Monthly Average Corporates is no longer published by Moody's Investors Service, Inc., or, in the event that the National Association of Insurance Commissioners determines that Moody's Corporate Bond Yield Average — Monthly Average Corporates as published by Moody's Investors Service, Inc., is no longer appropriate for the determination of the reference interest rate, then the alternative method for determination of the reference interest rate, which is adopted by the National Association of Insurance Commissioners and approved by regulation promulgated by the Commissioner, may be substituted.

(g)(1) Except as otherwise provided in subsections (l) and (n) of this Code section, reserves according to the Commissioner's reserve valuation method, for the life insurance and endowment benefits of policies providing for a uniform amount of insurance and requiring the payment of uniform premiums, shall be the excess, if any, of the present value at the date of valuation of the future guaranteed benefits provided for by the policies over the then present value of any future modified net premiums therefor. The modified net premiums for the policy shall be the uniform percentage of the respective contract premiums for the benefits, excluding extra premiums on a substandard policy, that the present value at the date of issue of the policy of all the

modified net premiums shall be equal to the sum of the then present value of the benefits provided for by the policy and the excess of subparagraph (A) of this paragraph over subparagraph (B) of this paragraph as follows:

(A) A net level annual premium equal to the present value at the date of issue of such benefits provided for after the first policy year, divided by the present value at the date of issue of an annuity of one per annum payable on the first and each subsequent anniversary of such policy on which a premium falls due; provided, however, that the net level annual premium shall not exceed the net level annual premium on the 19 year premium whole life plan for insurance of the same amount at an age one year higher than the age at issue of the policy; and

(B) A net one-year term premium for the benefits provided for in the first policy year.

Provided that for any life insurance policy issued on or after the effective date of subsection (h) of Code Section 33-25-4 for which the contract premium in the first policy year exceeds that of the second year and for which no comparable additional benefit is provided in the first year for such excess and which provides an endowment benefit or a cash surrender value or a combination thereof in an amount greater than such excess premium, the reserve according to the Commissioner's reserve valuation method as of any policy anniversary occurring on or before the assumed ending date defined in this subsection as the first policy anniversary on which the sum of any endowment benefit and any cash surrender value then available is greater than such excess premium shall, except as otherwise provided in subsection (l) of this Code section, be the greater of the reserve as of such policy anniversary calculated as described in the preceding paragraph and the reserve as of such policy anniversary calculated as described in that paragraph, but with (i) the value defined in subparagraph (A) of that paragraph being reduced by 15 percent of the amount of such excess first year premium, (ii) all present values of benefits and premiums being determined without reference to premiums or benefits provided for by the policy after the assumed ending date, (iii) the policy being assumed to mature on such date as an endowment, and (iv) the cash surrender value provided on such date being considered as an endowment benefit. In making the above comparison the mortality and interest bases stated in subsections (e) and (f) of this Code section shall be used.

(2) Reserves according to the Commissioner's reserve valuation method for:

(A) Life insurance policies providing for a varying amount of insurance or requiring the payment of varying premiums;

(B) Group annuity and pure endowment contracts purchased under a retirement plan or plan of deferred compensation, established or maintained by an employer, including a partnership or sole proprietorship, or by an employee organization or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code as now or hereafter amended;

(C) Disability and accidental death benefits in all policies and contracts; and

(D) All other benefits, except life insurance and endowment benefits in life

insurance policies and benefits provided by all other annuity and pure endowment contracts, shall be calculated by a method consistent with the principles of this subsection.

(h) This subsection shall apply to all annuity and pure endowment contracts other than group annuity and pure endowment contracts purchased under a retirement plan or plan of deferred compensation established or maintained by an employer, including a partnership or sole proprietorship, or by an employee organization or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code. Reserves according to the Commissioner's annuity reserve method for benefits under annuity or pure endowment contracts, excluding any disability and accidental death benefits in the contracts, shall be the greatest of the respective excesses of the present values at the date of valuation of the future guaranteed benefits, including guaranteed nonforfeiture benefits provided for by the contracts at the end of each respective contract year, over the present value at the date of valuation of any future valuation considerations derived from future gross considerations required by the terms of the contract that become payable prior to the end of the respective contract year. The future guaranteed benefits shall be determined by using the mortality table, if any, and the interest rate or rates, specified in such contracts for determining guaranteed benefits. The valuation considerations are the portions of the respective gross considerations applied under the terms of the contracts to determine nonforfeiture values.

(i) In no event shall an insurer's aggregate reserve for all life insurance policies, excluding disability and accidental death benefits issued on or after January 1, 1966, be less than the aggregate reserves calculated in accordance with the methods set forth in subsections (g), (h), (l), and (m) of this Code section and the mortality table or tables and rate or rates of interest used in calculating nonforfeiture benefits for the policies. In no event shall the aggregate reserves for all policies, contracts, and benefits be less than the aggregate reserves determined by the appointed actuary to be necessary to render the opinion required by subsection (d) of the Code section.

(j)(1) Reserves for all policies and contracts issued prior to January 1, 1966, may be calculated, at the option of the insurer, according to any standards which produce greater aggregate reserves for all the policies and contracts than the minimum reserves required by the laws in effect immediately prior to that date.

(2) For any category of policies, contracts, or benefits specified in subsection (e) of this Code section issued on or after January 1, 1966, reserves may be calculated, at the option of the insurer, according to any standard or standards which produce greater aggregate reserves for such category than those calculated according to the minimum standard provided in this Code section; but the rate or rates of interest used for policies and contracts, other than annuity and pure endowment contracts, shall not be higher than the corresponding rate or rates of interest used in calculating any nonforfeiture benefits provided for in the policies and contracts.

(k) An insurer that at any time had adopted any standard of valuation producing greater aggregate reserves than those calculated according to the minimum standard provided

for in subsection (i) of this Code section may, with the approval of the Commissioner, adopt any lower standard of valuation but not lower than the minimum provided in this subsection; provided, however, that for the purposes of this subsection, the holding of additional reserves previously determined by a qualified actuary to be necessary to render the opinion required by subsection (d) of this Code section shall not be deemed to be the adoption of a higher standard of valuation.

(l) If in any contract year the gross premium charged by any life insurer on any policy or contract issued on or after January 1, 1966, is less than the valuation net premium for the policy or contract calculated by the method used in calculating the reserve thereon but using the minimum valuation standards of mortality and rate of interest, the minimum reserve required for such policy or contract shall be the greater of either the reserve calculated according to the mortality table, rate of interest, and method actually used for such policy or contract or the reserve calculated by the method actually used for the policy or contract but using the minimum valuation standards of mortality and rate of interest and replacing the valuation net premium by the actual gross premium in each contract year for which the valuation net premium exceeds the actual gross premium. The minimum valuation standards of mortality and rate of interest referred to in this Code section are those standards stated in subsections (e) and (f) of this Code section. Provided that for any life insurance policy issued on or after the effective date of subsection (h) of Code Section 33-25-4 for which the gross premium in the first policy year exceeds that of the second year and for which no comparable additional benefit is provided in the first year for such excess and which provides as an endowment benefit or a cash surrender value or a combination thereof in an amount greater than such excess premium, the foregoing provisions of this subsection shall be applied as if the method actually used in calculating the reserve for such policy were the method described in subsection (g) of this Code section, ignoring the second paragraph of paragraph (1) of subsection (g) of this Code section. The minimum reserve at each policy anniversary of such a policy shall be the greater of the minimum reserve calculated in accordance with subsection (g) of this Code section, including the second paragraph of paragraph (1) of subsection (g) of this Code section, and the minimum reserve calculated in accordance with this subsection.

(m) In the case of any plan of life insurance which provides for future premium determination, the amounts of which are to be determined by the insurer based on then estimates of future experience, or in the case of any plan of life insurance or annuity which is of such a nature that the minimum reserves cannot be determined by the methods described in subsections (e), (g), (h), and (l) of this Code section, the reserves which are held under any such plan must:

(1) Be appropriate in relation to the benefits and the pattern of premiums for that plan; and

(2) Be computed by a method which is consistent with the principles of this Code section, the 'Standard Valuation Law,'

as determined by regulations promulgated by the Commissioner.

(n) For accident and health insurance contracts issued on or after the operative date of

the valuation manual, the standard prescribed in the valuation manual is the minimum standard of valuation required under paragraph (2) of subsection (c) of this Code section. For disability, accident and sickness, accident, and health insurance contracts issued prior to the operative date of the valuation manual, the minimum standard of valuation is the standard adopted by the Commissioner by regulation.

(o)(1) For policies issued on or after the operative date of the valuation manual, the standard prescribed in the valuation manual is the minimum standard of valuation required under paragraph (2) of subsection (c) of this Code section, except as provided under paragraphs (5) and (7) of this subsection.

(2) The operative date of the valuation manual is January 1 of the first calendar year following the first July 1 as of which all of the following have occurred:

(A) The valuation manual has been adopted by the NAIC by an affirmative vote of at least 42 members, or three-fourths of the members voting, whichever is greater;

(B) The Standard Valuation Law, as amended by the NAIC in 2009, or legislation including substantially similar terms and provisions, has been enacted by states representing greater than 75 percent of the direct premiums written as reported in the following annual statements submitted for 2008: life, accident and health annual statements; health annual statements; or fraternal annual statements; and

(C) The Standard Valuation Law, as amended by the NAIC in 2009, or legislation including substantially similar terms and provisions, has been enacted by at least 42 of the following 55 jurisdictions: The 50 states of the United States, American Samoa, the American Virgin Islands, the District of Columbia, Guam, and Puerto Rico.

(3) Unless a change in the valuation manual specifies a later effective date, changes to the valuation manual shall be effective on January 1 following the date when the change to the valuation manual has been adopted by the NAIC by an affirmative vote representing:

(A) At least three-fourths of the members of the NAIC voting, but not less than a majority of the total membership; and

(B) Members of the NAIC representing jurisdictions totaling greater than 75 percent of the direct premiums written as reported in the following annual statements most recently available prior to the vote in subparagraph (A) of this paragraph: life, accident and health annual statements, health annual statements, or fraternal annual statements.

(4) The valuation manual must specify all of the following:

(A) Minimum valuation standards for and definitions of the policies or contracts subject to paragraph (2) of subsection (c) of this Code section. Such minimum valuation standards shall be:

(i) The Commissioner's reserve valuation method for life insurance contracts, other than annuity contracts, subject to paragraph (2) of subsection (c) of this Code section;

(ii) The Commissioner's annuity reserve valuation method for annuity contracts subject to paragraph (2) of subsection (c) of this Code section; and

- (iii) Minimum reserves for all other policies or contracts subject to paragraph (2) of subsection (c) of this Code section;
- (B) Which policies or contracts or types of policies or contracts that are subject to the requirements of a principle-based valuation in paragraph (1) of subsection (p) of this Code section and the minimum valuation standards consistent with those requirements;
- (C) For policies and contracts subject to a principle-based valuation under subsection (p) of this Code section:
- (i) Requirements for the format of reports to the Commissioner under subparagraph (p)(2)(C) of this Code section and which shall include information necessary to determine if the valuation is appropriate and in compliance with this Code section;
- (ii) Assumptions shall be prescribed for risks over which the company does not have significant control or influence; and
- (iii) Procedures for corporate governance and oversight of the actuarial function, and a process for appropriate waiver or modification of such procedures;
- (D) For policies not subject to a principle-based valuation under subsection (p) of this Code section the minimum valuation standard shall either:
- (i) Be consistent with the minimum standard of valuation prior to the operative date of the valuation manual; or
- (ii) Develop reserves that quantify the benefits and guarantees, and the funding, associated with the contracts and their risks at a level of conservatism that reflects conditions that include unfavorable events that have a reasonable probability of occurring;
- (E) Other requirements, including, but not limited to, those relating to reserve methods, models for measuring risk, generation of economic scenarios, assumptions, margins, use of company experience, risk measurement, disclosure, certifications, reports, actuarial opinions and memorandums, transition rules, and internal controls; and
- (F) The data and form of the data required under subsection (q) of this Code section, with whom the data must be submitted, and may specify other requirements including data analyses and reporting of analyses.
- (5) In the absence of a specific valuation requirement or if a specific valuation requirement in the valuation manual is not, in the opinion of the Commissioner, in compliance with this Code section, then the company shall, with respect to such requirements, comply with minimum valuation standards prescribed by the Commissioner by regulation.
- (6) The Commissioner may engage a qualified actuary, at the expense of the company, to perform an actuarial examination of the company and opine on the appropriateness of any reserve assumption or method used by the company, or to review and opine on a company's compliance with any requirement set forth in this Code section. The Commissioner may rely upon the opinion, regarding provisions contained within this Code section, of a qualified actuary engaged by the

commissioner of another state, district, or territory of the United States. As used in this paragraph, the term 'engage' includes employment and contracting.

(7) The Commissioner may require a company to change any assumption or method that in the opinion of the Commissioner is necessary in order to comply with the requirements of the valuation manual or this Code section; and the company shall adjust the reserves as required by the Commissioner. The Commissioner may take other disciplinary action as permitted pursuant to this title.

(p)(1) A company must establish reserves using a principle-based valuation that meets the following conditions for policies or contracts as specified in the valuation manual:

(A) Quantify the benefits and guarantees, and the funding, associated with the contracts and their risks at a level of conservatism that reflects conditions that include unfavorable events that have a reasonable probability of occurring during the lifetime of the contracts. For policies or contracts with significant tail risk, reflects conditions appropriately adverse to quantify the tail risk;

(B) Incorporate assumptions, risk analysis methods and financial models and management techniques that are consistent with, but not necessarily identical to, those utilized within the company's overall risk assessment process, while recognizing potential differences in financial reporting structures and any prescribed assumptions or methods;

(C) Incorporate assumptions that are derived in one of the following manners:

(i) The assumption is prescribed in the valuation manual; or

(ii) For assumptions that are not prescribed, the assumptions shall:

(I) Be established utilizing the company's available experience, to the extent it is relevant and statistically credible; or

(II) To the extent that company data is not available, relevant, or statistically credible, be established utilizing other relevant, statistically credible experience;
and

(D) Provide margins for uncertainty including adverse deviation and estimation error, such that the greater the uncertainty the larger the margin and resulting reserve.

(2) A company using a principle-based valuation for one or more policies or contracts subject to this subsection as specified in the valuation manual shall:

(A) Establish procedures for corporate governance and oversight of the actuarial valuation function consistent with those described in the valuation manual;

(B) Provide to the Commissioner and the board of directors an annual certification of the effectiveness of the internal controls with respect to the principle-based valuation. Such controls shall be designed to assure that all material risks inherent in the liabilities and associated assets subject to such valuation are included in the valuation, and that valuations are made in accordance with the valuation manual. The certification shall be based on the controls in place as of the end of the preceding calendar year; and

(C) Develop, and file with the Commissioner upon request, a principle-based

valuation report that complies with standards prescribed in the valuation manual.

(3) A principle-based valuation may include a prescribed formulaic reserve component.

(q) A company shall submit mortality, morbidity, policyholder behavior, or expense experience and other data as prescribed in the valuation manual.

(r)(1) For purposes of this subsection, the term 'confidential information' shall mean:

(A) A memorandum in support of an opinion submitted under subsection (d) of this Code section and any other documents, materials, and other information, including, but not limited to, all working papers, and copies thereof, created, produced, or obtained by or disclosed to the Commissioner or any other person in connection with such memorandum;

(B) All documents, materials, and other information, including, but not limited to, all working papers, and copies thereof, created, produced, or obtained by or disclosed to the Commissioner or any other person in the course of an examination made under paragraph (6) of subsection (o) of this Code section; provided, however, that if an examination report or other material prepared in connection with an examination made under Chapter 2 of this title is not held as private and confidential information under Chapter 2 of this title, an examination report or other material prepared in connection with an examination made under paragraph (6) of subsection (o) of this Code section shall not be confidential information to the same extent as if such examination report or other material had been prepared under Chapter 2 of this title;

(C) Any reports, documents, materials, and other information developed by a company in support of, or in connection with, an annual certification by the company under subparagraph (p)(2)(B) of this Code section evaluating the effectiveness of the company's internal controls with respect to a principle-based valuation and any other documents, materials, and other information, including, but not limited to, all working papers, and copies thereof, created, produced, or obtained by or disclosed to the Commissioner or any other person in connection with such reports, documents, materials, and other information;

(D) Any principle-based valuation report developed under subparagraph (p)(2)(C) of this Code section and any other documents, materials, and other information, including, but not limited to, all working papers, and copies thereof, created, produced, or obtained by or disclosed to the Commissioner or any other person in connection with such report; and

(E) Any documents, materials, data, and other information submitted by a company under subsection (q) of this Code section (collectively, 'experience data') and any other documents, materials, data, and other information, including, but not limited to, all working papers, and copies thereof, created or produced in connection with such experience data, in each case that include any potentially company-identifying or personally identifiable information, that is provided to or obtained by the Commissioner (together with any 'experience data,' the 'experience materials') and any other documents, materials, data, and other information, including, but not

(B) Neither the Commissioner nor any person who received confidential information while acting under the authority of the Commissioner shall be permitted or required to testify in any private civil action concerning any confidential information.

(C) In order to assist in the performance of the Commissioner's duties, the Commissioner may share confidential information (i) with other state, federal, and international regulatory agencies and with the NAIC and its affiliates and subsidiaries, and (ii) in the case of confidential information specified in subparagraphs (A) and (D) of paragraph (1) of this subsection only, with the Actuarial Board for Counseling and Discipline or its successor upon request stating that the confidential information is required for the purpose of professional disciplinary proceedings and with state, federal, and international law enforcement officials; in the case of (i) and (ii), provided that such recipient agrees, and has the legal authority to agree, to maintain the confidentiality and privileged status of such documents, materials, data, and other information in the same manner and to the same extent as required for the Commissioner.

(D) The Commissioner may receive documents, materials, data, and other information, including otherwise confidential and privileged documents, materials, data, or information, from the NAIC and its affiliates and subsidiaries, from regulatory or law enforcement officials of other foreign or domestic jurisdictions, and from the Actuarial Board for Counseling and Discipline or its successor and shall maintain as confidential or privileged any document, material, data, or other information received with notice or the understanding that it is confidential or privileged under the laws of the jurisdiction that is the source of the document, material, or other information.

(E) The Commissioner may enter into agreements governing sharing and use of information consistent with this paragraph.

(F) No waiver of any applicable privilege or claim of confidentiality in the confidential information shall occur as a result of disclosure to the Commissioner under this subsection or as a result of sharing as authorized in subparagraph (C) of paragraph (2) of this subsection.

SECTION 2.

Said title is further amended by revising subsection (e) of Code Section 33-25-4, relating to required nonforfeiture provisions, as follows:

"(e)(1) As used in this subsection, the term 'operative date of the valuation manual' means January 1 of the first calendar year that the valuation manual as defined in subsection (o) of Code Section 33-1-10 becomes effective.

(1.1) This subsection shall apply to any life insurance policy issued on or after January 1, 1989, or such earlier date as may have been elected by the insurer with respect to such policy in accordance with the provisions of paragraph (11) of this subsection. Except as provided in paragraph (3) of this subsection, the adjusted premiums for any policy shall be calculated on an annual basis and shall be such uniform percentage of the respective premiums specified in the policy for each policy year, excluding amounts payable as extra premiums to cover impairments or special hazards and also excluding any uniform annual contract charge or policy fee specified in the policy in a statement of the method to be used in calculating the cash surrender values and paid-up nonforfeiture benefits, that the present value, at the date of issue of the policy, of all adjusted premiums shall be equal to the sum of (A) the then present value of the future guaranteed benefits provided for by the policy; (B) one percent of either the amount of insurance, if the insurance is uniform in amount, or the average amount of insurance at the beginning of each of the first ten policy years; and (C) 125 percent of the nonforfeiture net level premium as defined in this subsection; provided, however, that in applying the percentage specified in item (C) of this paragraph no nonforfeiture net level premium shall be deemed to exceed 4 percent of either the amount of insurance, if the insurance is uniform in amount, or the average amount of insurance at the beginning of each of the first ten policy years. The date of issue of a

policy for the purpose of this subsection shall be the date as of which the rated age of the insured is determined.

(2) The nonforfeiture net level premium shall be equal to the present value, at the date of issue of the policy, of the guaranteed benefits provided for by the policy divided by the present value, at the date of issue of the policy, of an annuity of one per annum payable on the date of issue of the policy and on each anniversary of such policy on which a premium falls due.

(3) In the case of policies which cause on a basis guaranteed in the policy unscheduled changes in benefits or premiums or which provide an option for changes in benefits or premiums other than a change to a new policy, the adjusted premiums and present values shall initially be calculated on the assumption that future benefits and premiums do not change from those stipulated at the date of issue of the policy. At the time of any such change in the benefits or premiums the future adjusted premiums, nonforfeiture net level premiums and present values shall be recalculated on the assumption that the future benefits and premiums do not change from those stipulated by the policy immediately after the change.

(4) Except as otherwise provided in paragraph (7) of this subsection, the recalculated future adjusted premiums for any such policy shall be such uniform percentage of the respective future premiums specified in the policy for each policy year, excluding amounts payable as extra premiums to cover impairments and special hazards and also excluding any uniform annual contract charge or policy fee specified in the policy in a statement of the method to be used in calculating the cash surrender values and paid-up nonforfeiture benefits, that the present value, at the time of change to the newly defined benefits or premiums, of all such future adjusted premiums shall be equal to the excess of (A) the sum of (i) the then present value of the then future guaranteed benefits provided for by the policy and (ii) the additional expense allowance, if any, over (B) the then cash surrender value, if any, or present value of any paid-up nonforfeiture benefit under the policy.

(5) The additional expense allowance, at the time of the change to the newly defined benefits or premiums, shall be the sum of (A) 1 percent of the excess, if positive, of the average amount of insurance at the beginning of each of the first ten policy years subsequent to the change over the average amount of insurance prior to the change at the beginning of each of the first ten policy years subsequent to the time of the most recent previous change, or, if there has been no previous change, the date of issue of the policy; and (B) 125 percent of the increase, if positive, in the nonforfeiture net level premium.

(6) The recalculated nonforfeiture net level premium shall be equal to the result obtained by dividing (A) by (B) where:

(A) Equals the sum of:

(i) The nonforfeiture net level premium applicable prior to the change times the present value of an annuity of one per annum payable on each anniversary of the policy on or subsequent to the date of the change on which a premium would have fallen due had the change not occurred; and

- (ii) The present value of the increase in future guaranteed benefits provided for by the policy; and
 - (B) Equals the present value of an annuity of one per annum payable on each anniversary of the policy on or subsequent to the date of change on which a premium falls due.
- (7) Notwithstanding any other provisions of this subsection to the contrary, in the case of a policy issued on a substandard basis which provides reduced graded amounts of insurance so that, in each policy year, such policy has the same tabular mortality cost as an otherwise similar policy issued on the standard basis which provides higher uniform amounts of insurance, adjusted premiums and present values for such substandard policy may be calculated as if it were issued to provide such higher uniform amounts of insurance on the standard basis.
- (8) All adjusted premiums and present values referred to in this Code section shall for all policies of ordinary insurance be calculated on the basis of (A) the Commissioners 1980 Standard Ordinary Mortality Table or (B) at the election of the insurer for any one or more specified plans of life insurance, the Commissioners 1980 Standard Ordinary Mortality Table with Ten-Year Select Mortality Factors; shall for all policies of industrial insurance be calculated on the basis of the Commissioners 1961 Standard Industrial Mortality Table; and shall for all policies issued in a particular calendar year be calculated on the basis of a rate of interest not exceeding the nonforfeiture interest rate as defined in this subsection for policies issued in that calendar year; provided, however, that:
- (A) At the option of the insurer, calculations for all policies issued in a particular calendar year may be made on the basis of a rate of interest not exceeding the nonforfeiture interest rate, as defined in this subsection, for policies issued in the immediately preceding calendar year;
 - (B) Under any paid-up nonforfeiture benefit, including any paid-up dividend additions, any cash surrender value available, whether or not required by subsection (a) of this Code section, shall be calculated on the basis of the mortality table and rate of interest used in determining the amount of such paid-up nonforfeiture benefit and paid-up dividend additions, if any;
 - (C) An insurer may calculate the amount of any guaranteed paid-up nonforfeiture benefit including any paid-up additions under the policy on the basis of an interest rate no lower than that specified in the policy for calculating cash surrender values;
 - (D) In calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than those shown in the Commissioners 1980 Extended Term Insurance Table for policies of ordinary insurance and not more than the Commissioners 1961 Industrial Extended Term Insurance Table for policies of industrial insurance;
 - (E) For insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on appropriate modifications of the aforementioned tables;

(F) For policies issued prior to the operative date of the valuation manual, any ~~Any~~ Commissioners standard ordinary mortality tables adopted after 1980 by the National Association of Insurance Commissioners that are approved by regulation promulgated by the Commissioner for use in determining the minimum nonforfeiture standard may be substituted for the Commissioners 1980 Standard Ordinary Mortality Table with or without Ten-Year Select Mortality Factors or for the Commissioners 1980 Extended Term Insurance Table. For policies issued on or after the operative date of the valuation manual, the valuation manual shall provide the Commissioners standard mortality table for use in determining the minimum nonforfeiture standard that may be substituted for the Commissioners 1980 Standard Ordinary Mortality Table with or without Ten-Year Select Mortality Factors or for the Commissioners 1980 Extended Term Insurance Table. If the Commissioner approves by regulation any Commissioners standard ordinary mortality table adopted by the National Association of Insurance Commissioners for use in determining the minimum nonforfeiture standard for policies issued on or after the operative date of the valuation manual, then that minimum nonforfeiture standard supersedes the minimum nonforfeiture standard provided by the valuation manual; and

(G) For policies issued prior to the operative date of the valuation manual, any ~~Any~~ Commissioners standard industrial mortality tables adopted after 1980 by the National Association of Insurance Commissioners that are approved by regulation promulgated by the Commissioner for use in determining the minimum nonforfeiture standard may be substituted for the Commissioners 1961 Standard Industrial Mortality Table or the Commissioners 1961 Industrial Extended Term Insurance Table. For policies issued on or after the operative date of the valuation manual, the valuation manual shall provide the Commissioners standard mortality table for use in determining the minimum nonforfeiture standard that may be substituted for the Commissioners 1961 Standard Industrial Mortality Table or the Commissioners 1961 Industrial Extended Term Insurance Table. If the Commissioner approves by regulation any Commissioners standard industrial mortality table adopted by the National Association of Insurance Commissioners for use in determining the minimum nonforfeiture standard for policies issued on or after the operative date of the valuation manual, then that minimum nonforfeiture standard supersedes the minimum nonforfeiture standard provided by the valuation manual.

(9) The nonforfeiture interest rate is defined as follows:

(A) For policies issued prior to the operative date of the valuation manual, the ~~The~~ nonforfeiture interest rate per annum for any policy issued in a particular calendar year shall be equal to 125 percent of the calendar year statutory valuation interest rate for such policy as defined in Code Section 33-10-13, the Standard Valuation Law, rounded to the nearer one quarter of 1 percent; provided, however, that the nonforfeiture interest rate shall not be less than 4.00 percent.

(B) For policies issued on and after the operative date of the valuation manual, the

nonforfeiture interest rate per annum for any policy issued in a particular calendar year shall be provided by the valuation manual.

(10) Notwithstanding any other provision in this title to the contrary, any refiling of nonforfeiture values or their methods of computation for any previously approved policy form which involves only a change in the interest rate or mortality table used to compute nonforfeiture values shall not require refiling of any other provisions of that policy form.

(11) After November 1, 1982, any insurer may file with the Commissioner a written notice of its election to comply with the provisions of this subsection with respect to specified policy forms after a specified date before January 1, 1989, which shall be the operative date of this subsection for such specified policy forms. If an insurer makes no such election, the operative date of this subsection for such insurer shall be January 1, 1989."

SECTION 3.

Said title is further amended by adding a new Chapter 13A to read as follows:

"CHAPTER 13A

33-13A-1.

This chapter shall be known and may be cited as the 'Mutual Insurance Holding Company Act.'

33-13A-2.

As used in this chapter, the term:

(1) 'Intermediate stock holding company' means one or more stock corporations that own all of the shares of voting stock of one or more reorganized stock insurers after a reorganization under Code Section 33-13A-3 or a merger under Code Section 33-13A-4.

(2) 'Majority of the voting stock of the reorganized stock insurer' means shares of the capital stock of the reorganized stock insurer that carry the right to cast a majority of the votes entitled to be cast by all of the outstanding shares of the capital stock of the reorganized stock insurer for the election of directors and on all other matters submitted to a vote of the shareholders of the reorganized stock insurer. The ownership of a majority of the voting stock of the reorganized stock insurer that is required pursuant to this chapter to be at all times owned by a mutual insurance holding company includes indirect ownership through one or more intermediate stock holding companies in a corporate structure approved by the Commissioner. However, indirect ownership through one or more intermediate stock holding companies shall not result in the mutual insurance holding company owning less than the equivalent of a majority of the voting stock of the reorganized stock insurer. The Commissioner shall have jurisdiction over an intermediate stock holding company as if it were a mutual insurance holding company.

(3) 'Member' means a person who obtains a membership interest in a mutual insurance holding company by virtue of being a policyholder of a mutual insurer that is the subject of a reorganization plan under Code Section 33-13A-3 or a merger plan under Code Section 33-13A-4.

(4) 'Merger plan' means a plan approved by a mutual insurer's board of directors under Code Section 33-13A-4 which proposes to merge a domestic or foreign mutual insurer into an existing mutual insurance holding company or into an intermediate stock holding company, thereby converting the domestic or foreign mutual insurer into a stock insurer.

(5) 'Mutual insurance holding company' means a domestic corporation incorporated pursuant to a reorganization plan under Code Section 33-13A-3 or a merger plan under Code Section 33-13A-4, which company is the ultimate parent of a reorganized stock insurer and which may be the parent company of one or more intermediate stock holding companies.

(6) 'Policyholder' means a person who is insured under one or more insurance policies or annuity contracts by a mutual insurer at the time of a reorganization under Code Section 33-13A-3 or a merger under Code Section 33-13A-4.

(7) 'Reorganization plan' means a reorganization plan adopted by a mutual insurer's board of directors in accordance with Code Section 33-13A-3 or 33-13A-4 which proposes to convert the domestic or foreign mutual insurer into a stock insurer.

(8) 'Reorganized stock insurer' means the domestic or foreign stock insurer resulting from a domestic or foreign mutual insurer's reorganization under Code Section 33-13A-3 or merger under Code Section 33-13A-4.

(9) 'Voting stock' means securities of any class or any ownership interest having voting power for the election of directors, trustees, or management of a corporation. Voting stock shall also mean any security convertible into or evidencing a right to acquire a voting security.

33-13A-3.

(a) A domestic mutual insurer, upon approval of the Commissioner, may reorganize by forming an insurance holding company system, which shall be designated as a mutual insurance holding company, based upon a reorganization plan and continuing the corporate existence of the reorganizing insurer as a stock insurer. Such a reorganization plan must be adopted by the affirmative vote of not less than two-thirds of the mutual insurer's board of directors. The Commissioner, after a public hearing as provided in paragraph (2) of subsection (d) of Code Section 33-13-3, if satisfied that the interests of the policyholders are properly protected and that the reorganization plan is fair and equitable to the policyholders, may approve the proposed reorganization plan and may require as a condition of approval such modifications of the reorganization plan as the Commissioner finds necessary for the protection of the policyholders' interests. A reorganization pursuant to this Code section is subject to the requirements of Code Section 33-13-3. The Commissioner shall retain jurisdiction over a mutual insurance holding company organized pursuant to this Code section to ensure that policyholder

interests are protected.

(b) All of the initial shares of the capital stock of the reorganized stock insurer shall be issued to the mutual insurance holding company or to an intermediate stock holding company. The membership interests of the policyholders of the reorganized stock insurer shall become membership interests in the mutual insurance holding company. Policyholders of the reorganized stock insurer shall be members of the mutual insurance holding company in accordance with the articles of incorporation and bylaws of the mutual insurance holding company. The mutual insurance holding company shall at all times own a majority of the voting stock of the reorganized stock insurer or an intermediate stock holding company.

(c) The reorganization plan shall provide that all of the initial shares of capital stock of the reorganized stock insurer shall be issued to the mutual insurance holding company or to an intermediate stock holding company. The reorganization plan shall provide that the mutual insurance holding company shall at all times own a majority of the voting stock of the reorganized stock insurer or, alternatively, that the mutual insurance holding company shall at all times own the majority of voting stock in an intermediate stock holding company, which intermediate stock holding company shall at all times own all of the voting stock of the reorganized stock insurer. The shares of voting stock required to be owned by the mutual insurance holding company or by an intermediate stock holding company shall not be pledged, hypothecated, or in any way encumbered with regard to any obligation, guaranty, or commitment undertaken by or on behalf of the mutual insurance holding company or the intermediate stock holding company, if any. The reorganization plan shall also provide that the board of directors of the mutual insurance holding company will be elected by the members.

(d) The reorganization plan shall provide that membership interests of the policyholders of the mutual insurer shall automatically convert to membership interests in the mutual insurance holding company so long as the policy is in force as of the date the reorganization plan was adopted by the board of directors of the mutual insurer and that, concurrently upon the effective date of the reorganization, the policyholder's membership interests in the mutual insurer shall be extinguished.

33-13A-4.

(a) A domestic mutual insurer, upon the approval of the Commissioner, may reorganize by merging its policyholders' membership interests into a mutual insurance holding company formed pursuant to Code Section 33-13A-3 and continuing the corporate existence of the reorganizing insurer as a stock insurer subsidiary of the mutual insurance holding company or an intermediate stock holding company. The Commissioner, after a public hearing as provided in paragraph (2) of subsection (d) of Code Section 33-13-3, if satisfied that the interests of the policyholders are properly protected and that the merger plan is fair and equitable to the policyholders, may approve the merger plan and may require as a condition of approval such modifications of the merger plan as the Commissioner finds necessary for the protection of the policyholders' interests. The Commissioner shall retain jurisdiction over the mutual

insurance holding company organized pursuant to this Code section to ensure that policyholder interests are protected.

(b) All of the initial shares of the capital stock of the reorganized stock insurer shall be issued to the mutual insurance holding company or to an intermediate stock holding company. The membership interests of the policyholders of the reorganized stock insurer shall become membership interests in the mutual insurance holding company. Policyholders of the reorganized stock insurer shall be members of the mutual insurance holding company in accordance with the articles of incorporation and bylaws of the mutual insurance holding company. The mutual insurance holding company shall at all times own a majority of the voting stock of the reorganized stock insurer or an intermediate stock holding company. A merger of policyholders' membership interests in a mutual insurer into a mutual insurance holding company shall be deemed to be the acquisition of an insurance control company pursuant to Code Section 33-13-3 and is subject to the requirements of Code Section 33-13-3.

(c) A foreign mutual insurer which, if a domestic mutual insurer, would be organized under Chapter 14 of this title may reorganize upon the approval of the Commissioner and in compliance with the requirements of any law or rule applicable to the foreign mutual insurer by merging its policyholders' membership interests into a mutual insurance holding company formed pursuant to Code Section 33-13A-3 and continuing the corporate existence of the reorganizing foreign mutual insurer as a foreign stock insurer subsidiary of the mutual insurance holding company or one or more intermediate stock holding companies. The Commissioner, after a public hearing as provided in paragraph (2) of subsection (d) of Code Section 33-13-3, may approve the proposed merger. The reorganizing foreign mutual insurer may remain a foreign company or foreign corporation after the merger and may be admitted to do business in this state, upon approval by the Commissioner. A foreign mutual insurer that is a party to the merger may at the same time redomesticate in this state by complying with the applicable requirements of this state and its state of domicile. The provisions of subsection (b) of this Code section shall apply to a merger authorized under this subsection.

33-13A-5.

A mutual insurance holding company resulting from the reorganization of a domestic mutual insurer and the reorganized stock insurer shall be incorporated and governed pursuant to Chapter 14 of this title and subject to Chapter 13 of this title. This requirement shall supersede any conflicting provisions of Chapter 2 of Title 14. The articles of incorporation and any amendments to such articles of the mutual insurance holding company shall be subject to approval of the Commissioner in the same manner as those of an insurer. An intermediate stock holding company shall be incorporated and governed pursuant to Chapter 2 of Title 14.

33-13A-6.

A mutual insurance holding company is deemed to be an insurer subject to this title and shall automatically be a party to any proceeding under this title involving an insurer

that, as a result of a reorganization pursuant to Code Section 33-13A-3 or a merger pursuant to Code Section 33-13A-4, is a subsidiary of the mutual insurance holding company or one or more intermediate stock holding companies. In any proceeding involving the reorganized stock insurer, the assets of the mutual insurance holding company are deemed to be assets of the estate of the reorganized stock insurer for purposes of satisfying the claims of the reorganized stock insurer's policyholders. A mutual insurance holding company shall not be dissolved or liquidated without the prior approval of the Commissioner.

33-13A-7.

(a) Code Section 33-14-76 is not applicable to a reorganization or merger pursuant to this chapter.

(b) The demutualization of a mutual insurance holding company is subject to the requirements of Code Section 33-14-76.

33-13A-8.

A membership interest in a mutual insurance holding company shall not constitute a security as such term is defined in Code Section 11-8-102.

33-13A-9.

(a) The offerings of voting stock by a reorganized stock insurer or intermediate stock holding company to any person other than the mutual insurance holding company or a wholly owned subsidiary thereof, which offering is to occur in connection with the reorganization or merger or is the first to occur after the effective date of the reorganization or merger, shall be made only in accordance with such provisions as the reorganization plan or merger plan may contain governing such an initial offering or with the prior approval of the Commissioner after submission of an application by the proposed issuer. The reorganization plan or merger plan shall describe the terms on which members, officers, and directors of the mutual insurance holding company, as well as any other persons, may participate in such offering. The Commissioner may approve any such application unless the Commissioner finds that the offering would be prejudicial to the members of the mutual holding company.

(b) The Commissioner may retain any attorneys, actuaries, accountants, and other experts not otherwise a part of the Commissioner's staff as may be reasonably necessary to assist the Commissioner in reviewing an application submitted pursuant to this Code section, the cost of which shall be borne by the proposed issuer submitting such application.

33-13A-10.

(a) Within 45 days after the date of the Commissioner's approval of a reorganization plan or merger plan pursuant to this chapter, unless extended by the Commissioner for good cause, the mutual insurer shall hold a meeting of its policyholders to vote upon such plan. The mutual insurer shall give notice at least 30 days before the time fixed for

the meeting, by first-class mail to the last known address of each policyholder, that the reorganization plan or merger plan will be voted upon at a regular or special meeting of the policyholders. The notice shall include a brief description of the reorganization plan or merger plan and a statement that the Commissioner has approved such plan. The notice shall also include information regarding where the policyholder can obtain copies of the full reorganization plan or merger at no cost to the policyholder. The notice to each policyholder shall also include a written proxy permitting the policyholder to vote for or against the reorganization plan or merger plan. A reorganization plan or merger plan shall be approved only if not less than two-thirds of the policyholders voting in person or by proxy at the meeting vote in favor of such plan. Each policyholder shall be entitled to only one vote regardless of the number of policies owned by the policyholder.

(b) If a mutual insurer complies substantially and in good faith with the notice requirements of this Code section, the mutual insurer's failure to give any policyholder any required notice does not impair the validity of any action taken under this Code section.

(c) For purposes of voting, policyholder means a person who is eligible to vote under the mutual insurer's articles of incorporation or bylaws and who is also a policyholder of the mutual insurer as of the date on which the reorganization plan or merger plan is initially approved by the board of directors of the mutual insurer.

33-13A-11.

The majority of the voting stock of the reorganized stock insurer, which is required by this Code section to be at all times owned by a mutual insurance holding company, shall not be conveyed, transferred, assigned, pledged, subject to a security interest or lien, encumbered, or otherwise hypothecated or alienated by the mutual insurance holding company or intermediate stock holding company. Any conveyance, transfer, assignment, pledge, security interest, lien, encumbrance, hypothecation, or alienation of, in or on the majority of the voting stock of the reorganized stock insurer that is required by this Code section to be at all times owned by a mutual insurance holding company, is in violation of the provisions of this Code section and shall be void in inverse chronological order of the date of such conveyance, transfer, assignment, pledge, security interest, lien, encumbrance, hypothecation, or alienation as to the shares necessary to constitute a majority of such voting stock. The majority of the voting stock of the reorganized stock insurer that is required by this Code section to be at all times owned by a mutual insurance holding company shall not be subject to execution and levy. The shares of the capital stock of the surviving or new company resulting from a merger or consolidation of two or more reorganized stock insurers or two or more intermediate stock holding companies that were subsidiaries of the same mutual insurance holding company are subject to the same requirements, restrictions, and limitations as provided in this Code section to which the shares of the merging or consolidating reorganized stock insurers or intermediate stock holding companies were subject as provided in this Code section prior to the merger or consolidation.

33-13A-12.

It is the intent of the General Assembly that the formation of a mutual insurance holding company shall not increase the Georgia tax burden of the mutual insurance holding company system and that a reorganized stock insurer shall continue to be subject to Georgia insurance premium taxation in lieu of all other taxes except as provided in Chapter 8 of this title.

33-13A-13.

The Commissioner shall have the authority to promulgate rules and regulations to implement and enforce the provisions of this chapter."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 2 of Chapter 7 of Title 48 of the Official Code of Georgia Annotated, relating to the imposition, computation, rate, and exemptions from state income taxes, is amended by revising Code Section 48-7-29.8, relating to a tax credit for the rehabilitation of historic structures, as follows:

"48-7-29.8.

(a) As used in this Code section, the term:

(1) 'Certified rehabilitation' means repairs or alterations to a certified structure which are certified by the Department of Natural Resources as meeting the United States Secretary of the Interior's Standards for Rehabilitation or the Georgia Standards for

Rehabilitation as provided by the Department of Natural Resources.

(2) 'Certified structure' means a historic building or structure that is located within a national historic district, individually listed on the National Register of Historic Places, individually listed in the Georgia Register of Historic Places, or is certified by the Department of Natural Resources as contributing to the historic significance of a Georgia Register Historic District.

(3) 'Historic home' means a certified structure which, or any portion of which is or will, within a reasonable period, be owned and used as the principal residence of the person claiming the tax credit allowed under this Code section. Historic home shall include any structure or group of structures that constitute a multifamily or multipurpose structure, including a cooperative or condominium. If only a portion of a building is used as such person's principal residence, only those qualified rehabilitation expenditures that are properly allocable to such portion shall be deemed to be made to a historic home.

(4) 'Qualified rehabilitation expenditure' means any qualified rehabilitation expenditure as defined by Section 47(c)(2) of the Internal Revenue Code of 1986 and any amount properly chargeable to a capital account expended in the substantial rehabilitation of a structure that by the end of the taxable year in which the certified rehabilitation is completed is a certified structure. This term does not include the cost of acquisition of the certified structure, the cost attributable to enlargement or additions to an existing building, site preparation, or personal property.

(5) 'Substantial rehabilitation' means rehabilitation of a certified structure for which the qualified rehabilitation expenditures, at least 5 percent of which must be allocable to the exterior during the 24 month period selected by the taxpayer ending with or within the taxable year, exceed:

(A) For a historic home, the lesser of \$25,000.00 or 50 percent of the adjusted basis of the property as defined in subparagraph (a)(1)(B) of Code Section 48-5-7.2; or, in the case of a historic home located in a target area \$5,000.00; or

(B) For any other certified structure, the greater of \$5,000.00 or the adjusted basis of the property.

(6) 'Target area' means a qualified census tract under Section 42 of the Internal Revenue Code of 1986, found in the United States Department of Housing and Urban Development document number N-94-3821; FR-3796-N-01.

(b) A taxpayer shall be allowed a tax credit against the tax imposed by this chapter for the taxable year in which the certified rehabilitation is completed:

(1) In the case of a historic home, equal to 25 percent of qualified rehabilitation expenditures, except that, in the case of a historic home located within a target area, an additional credit equal to 5 percent of qualified rehabilitation expenditures shall be allowed; and

(2) In the case of any other certified structure, equal to 25 percent of qualified rehabilitation expenditures.

Qualified rehabilitation expenditures may only be counted once in determining the amount of the tax credit available, and more than one entity may not claim a credit for

the same qualified rehabilitation expenditures.

~~(c)(1) In no event shall credits for a historic home exceed \$100,000.00 in any 120 month period~~ an individual certified structure.

~~(2) In no event shall credits for a certified structure exceed \$300,000.00 in any 120 month period~~ The maximum credit for any other individual certified structure shall be \$5 million for any taxable year, except in the case that the project creates 200 or more full-time, permanent jobs or \$5 million in annual payroll within two years of the placed in service date, in which case the project is eligible for credits up to \$20 million for an individual certified structure. Any credit exceeding \$5 million shall be issued by the Department of Revenue over a two-year period beginning with the year the project is placed in service.

~~(3) In no event shall credits issued under this Code section for projects earning more than \$300,000.00 in credits exceed in the aggregate \$25 million per calendar year.~~

~~(d)(1) A taxpayer seeking to claim a tax credit under paragraph (2) of subsection (b) of this Code section shall submit an application to the commissioner for preapproval of such tax credit. Such application shall include a precertification from the Department of Natural Resources certifying that the improvements to the certified structure are to be consistent with the Department of Natural Resources Standards for Rehabilitation. The Department shall have the authority to require electronic submission of such application in the manner specified by the department. The commissioner shall preapprove the tax credits within 30 days based on the order in which properly completed applications were submitted. In the event that two or more applications were submitted on the same day and the amount of funds available will not be sufficient to fully fund the tax credits requested, the commissioner shall prorate the available funds between or among the applicants. For applications on projects over the annual \$25 million limitation, those applications shall be given priority the following year.~~

~~(2) In order to be eligible to receive the credit authorized under subsection (b) of this Code section, a taxpayer must attach to the taxpayer's state tax return a copy of the completed certification of the Department of Natural Resources verifying that the improvements to the certified structure are consistent with the Department of Natural Resources Standards for Rehabilitation.~~

~~(e)(1) If the credit allowed under paragraph (1) of subsection (b) of this Code section in any taxable year exceeds the total tax otherwise payable by the taxpayer for that taxable year, the taxpayer may apply the excess as a credit for succeeding years until the earlier of:~~

~~(A) The full amount of the excess is used; or~~

~~(B) The expiration of the tenth taxable year after the taxable year in which the certified rehabilitation has been completed.~~

~~(2) Any tax credits with respect to credits earned by a taxpayer under paragraph (2) of subsection (b) of this Code section and previously claimed but not used by such taxpayer against its income tax may be transferred or sold in whole or in part by such taxpayer to another Georgia taxpayer, subject to the following conditions:~~

(A) A taxpayer who makes qualified rehabilitation expenditures may sell or assign all or part of the tax credit that may be claimed for such costs and expenses to one or more entities, and any entity to which all or part of the credit is sold or assigned may sell or assign all or part of the tax credit to another entity. There is no limit on the total number of transactions for the sale or assignment of all or part of the total tax credit authorized under this subsection; provided, however, that collectively, all transfers are subject to the maximum total limits provided by subsection (c) of this Code section;

(B) A taxpayer who sells or assigns a credit under this Code section and the entity to which the credit is sold or assigned shall jointly submit written notice of the sale or assignment to the department not later than 30 days after the date of the sale or assignment. The notice must include:

(i) The date of the sale or assignment;

(ii) The amount of the credit sold or assigned;

(iii) The names and federal tax identification numbers of the entity that sold or assigned the credit or part of the credit and the entity to which the credit or part of the credit was sold or assigned; and

(iv) The amount of the credit owned by the selling or assigning entity before the sale or assignment and the amount the selling or assigning entity retained, if any, after the sale or assignment;

(C) The sale or assignment of a credit in accordance with this Code section does not extend the period for which a credit may be carried forward and does not increase the total amount of the credit that may be claimed. After an entity claims a credit for eligible costs and expenses, another entity may not use the same costs and expenses as the basis for claiming a credit; and

(D) Notwithstanding the requirements of this subsection, a credit earned or purchased by, or assigned to, a partnership, limited liability company, Subchapter 'S' corporation, or other pass-through entity may be allocated to the partners, members, or shareholders of that entity and claimed under this Code section in accordance with the provisions of any agreement among the partners, members, or shareholders of that entity and without regard to the ownership interest of the partners, members, or shareholders in the rehabilitated certified structure, provided that the entity or person that claims the credit must be subject to Georgia tax.

(E) Only a taxpayer who earned a credit, and no subsequent good faith transferee, shall be responsible in the event of a recapture, reduction, disallowance, or other failure related to such credit.

~~(2)~~(3) No such credit shall be allowed the taxpayer against prior years' tax liability.

(f) In the case of any rehabilitation which may reasonably be expected to be completed in phases set forth in architectural plans and specifications completed before the rehabilitation begins, a 60 month period may be substituted for the 24 month period provided for in paragraph (5) of subsection (a) of this Code section.

(g)(1) Except as otherwise provided in subsection (h) of this Code section, in the event a tax credit under this Code section has been claimed and allowed the taxpayer,

upon the sale or transfer of the certified structure, the taxpayer shall be authorized to transfer the remaining unused amount of such credit to the purchaser of such certified structure. If a historic home for which a certified rehabilitation has been completed by a nonprofit corporation is sold or transferred, the full amount of the credit to which the nonprofit corporation would be entitled if taxable shall be transferred to the purchaser or transferee at the time of sale or transfer.

(2) Such purchaser shall be subject to the limitations of subsection (e) of this Code section. Such purchaser shall file with such purchaser's tax return a copy of the approval of the rehabilitation by the Department of Natural Resources as provided in subsection (d) and a copy of the form evidencing the transfer of the tax credit.

(3) Such purchaser shall be entitled to rely in good faith on the information contained in and used in connection with obtaining the approval of the credit including, without limitation, the amount of qualified rehabilitation expenditures.

(h)(1) If an owner other than a nonprofit corporation sells a historic home within three years of receiving the credit, the seller shall recapture the credit to the Department of Revenue as follows:

(A) If the property is sold within one year of receiving the credit, the recapture amount will equal the lesser of the credit or the net profit of the sale;

(B) If the property is sold within two years of receiving the credit, the recapture amount will equal the lesser of two-thirds of the credit or the net profit of the sale;
or

(3) 'Transportation network company customer' or 'customer' means an individual who uses a transportation network company to connect with a driver to obtain services in such driver's personal vehicle, from an agreed upon point of departure to an agreed upon destination.

Providing such transportation network company services may violate the terms of your contract with the lienholder.';

(3) The transportation network company shall include the disclosures required by this subsection in the driver's terms of service in a distinctive clause; and

(4) For purposes of claims coverage investigation and upon request of the transportation network company driver's personal vehicle insurer, the transportation network company shall provide, within a reasonable time period of such insurer's request, the date and times at which an accident occurred that involved a transportation network company driver and the precise times in the 24 hours preceding and following the accident that the driver logged on and off the transportation network company network or application or otherwise signified availability to provide transportation network company services.

"26-4-118.

(a) This Code section shall be known and may be cited as 'The Pharmacy Audit Bill of Rights.'

(b) Notwithstanding any other law, when an audit of the records of a pharmacy is conducted by a managed care company, insurance company, third-party payor, pharmacy benefits manager, any entity licensed by the Department of Insurance, the Department of Community Health under Article 7 of Chapter 4 of Title 49, or any entity that represents such companies, groups, or department, or a private person bringing a claim pursuant to Article 7B of Chapter 4 of Title 49, ~~or~~ it shall be conducted in accordance with the following bill of rights:

(1) The entity conducting the initial on-site audit must give the pharmacy notice at least ~~one week~~ 14 days prior to conducting the initial on-site audit for each audit cycle and include in such notice a comprehensive list of claims by prescription number to be audited, although the final two digits may be omitted;

(2) Any audit which involves clinical or professional judgment must be conducted by or in consultation with a pharmacist;

(3) Any clerical or record-keeping error, including but not limited to a typographical error, scrivener's error, or computer error, regarding a required document or record ~~may~~ shall not in and of itself constitute fraud. No such claim shall be subject to criminal penalties without proof of intent to commit fraud. No recoupment of the cost of drugs or medicinal supplies properly dispensed shall be allowed if such error has occurred and been resolved in accordance with paragraph (4) of this subsection;

provided, however, that recoupment shall be allowed to the extent that such error resulted in an overpayment, ~~underpayment, or improper dispensing of drugs or medicinal supplies.~~ though recoupment shall be limited to the amount overpaid;

(4) A pharmacy shall be allowed at least 30 days following the conclusion of an on-site audit or receipt of the preliminary audit report in which to correct a clerical or record-keeping error or produce documentation to address any discrepancy found during an audit, including to secure and remit an appropriate copy of the record from a hospital, physician, or other authorized practitioner of the healing arts for drugs or medicinal supplies written or transmitted by any means of communication if the lack of such a record or an error in such a record is identified in the course of an on-site audit or noticed within the preliminary audit report;

(5) A pharmacy may use the records of a hospital, physician, or other authorized practitioner of the healing arts for drugs or medicinal supplies written or transmitted by any means of communication for purposes of validating the pharmacy record with respect to orders or refills of a legend or narcotic drug;

(6) A finding of an overpayment or underpayment may be a projection based on the number of patients served having a similar diagnosis or on the number of similar orders or refills for similar drugs; however, recoupment of claims must be based on the actual overpayment or underpayment unless the projection for overpayment or underpayment is part of a settlement as agreed to by the pharmacy;

(7) Each pharmacy shall be audited under the same standards and parameters as other similarly situated pharmacies audited by the entity;

(8) The period covered by an audit may not exceed two years from the date the claim was submitted to or adjudicated by a managed care company, insurance company, third-party payor, pharmacy benefits manager, any entity licensed by the Department of Insurance, the Department of Community Health under Article 7 of Chapter 4 of Title 49, ~~or any entity that represents such companies, groups, or department;~~

(10) The preliminary audit report must be delivered to the pharmacy within 120 days after conclusion of the audit. A final audit report shall be delivered to the pharmacy within six months after receipt of the preliminary audit report or final appeal, as provided for in subsection (c) of this Code section, whichever is later; and

(11) The audit criteria set forth in this subsection shall apply only to audits of claims submitted for payment after July 1, 2006. (c) Recoupments of any disputed funds shall only occur after final internal disposition of the audit, including the appeals process as set forth in subsection (d) of this Code section.

(d) Each entity conducting an audit shall establish an internal appeals process under which a pharmacy shall have at least 30 days from the delivery of the preliminary audit

report to appeal an unfavorable preliminary audit report to the entity. If, following the appeal, the entity finds that an unfavorable audit report or any portion thereof is unsubstantiated, the entity shall dismiss the audit report or such portion without the necessity of any further proceedings.

(e) Each entity conducting an audit shall provide a copy of the final audit report, after completion of any review process, to the plan sponsor at its request or in an alternate format.

(f) This Code section shall not apply to any investigative audit which involves fraud, willful misrepresentation, or abuse, including without limitation investigative audits under Article 7 of Chapter 4 of Title 49, Code Section 33-1-16, or any other statutory provision which authorizes investigations relating to insurance fraud.

(g) The provisions of paragraph (3) of subsection (b) of this Code section shall not apply to the Department of Community Health conducting audits under Article 7 of Chapter 4 of Title 49.

(h) The entity conducting the audit may not pay the agent or employee who is conducting the audit based on a percentage of the amount recovered.

(i) The Commissioner of Insurance shall have enforcement authority over this Code section and shall have the authority granted pursuant to Chapter 64 of Title 33, relating to the regulation and licensure of pharmacy benefits managers."
