Such term shall not include continuing care at home.

(2) 'Continuing care agreement' means a contract or agreement to provide continuing care or limited continuing care. Agreements to provide continuing care or limited continuing care include agreements to provide care for any duration, including agreements that are terminable by either party.

(2.1) 'Continuing care at home' means the furnishing of services by a licensed private home care provider pursuant to a continuing care at home agreement at a location other than at a facility and which includes the obligation to provide nursing care, assisted living care, or personal care home services. (3) 'Entrance fee' means an initial or deferred payment of a sum of money or property made as full or partial payment to assure the resident continuing care, limited continuing care, or continuing care upon the purchase of a resident owned living unit; provided, however, that any such initial or deferred payment which is greater than or equal to 12 times the monthly care fee shall be presumed to be an entrance fee so long as such payment is intended to be a full or partial payment to assure the resident lodging in a residential unit. An accommodation fee, admission fee, or other fee of similar form and application greater than or equal to 12 times the monthly care fee shall be considered to be an entrance fee. Such term shall not include any portion of the purchase or sale of a resident owned living unit.

Such term shall not include continuing care at home.

(7) 'Monthly care fee' means the fee charged to a resident for continuing care or limited continuing care on a monthly or periodic basis. Monthly care fees may be increased by the provider to provide care to the resident as outlined in the continuing care agreement. (11) 'Resident' means a purchaser of or a nominee of or a subscriber to a continuing care agreement. Such an agreement may permit a resident to live at a home on or off site of a facility but shall not be construed to give the resident a part ownership of the

facility in which the resident is to reside unless expressly provided for in the agreement.

(12) 'Resident owned living unit' means a residence or apartment, the purchase or sale of which is not included in an entrance fee, which is a component part of a facility and in which the resident has an individual real property ownership interest.

SECTION 2.

Said chapter is further amended in Code Section 33-45-3, relating to certificate of authority required for operation of continuing care facilities, by adding a new subsection to read as follows:

"(c) Nothing in this chapter shall be construed so as to allow private home care services to be provided by any person or entity other than a licensed private home care provider."

to be given to a consumer that has been selected, or has purportedly been selected, to participate in a promotion. If the original notice is in writing, it shall include all of the disclosures required by this paragraph. If the original notice is oral, it shall include all of the disclosures required by this paragraph and shall be followed by a written notice to the consumer of the same disclosures. (A.1) Persons who are offered an opportunity to participate in a promotion must be given a notice as required by this paragraph. The written notice must be given to the participant either prior to the person's traveling to the place of business or, if no travel by the participant is necessary, prior to any seminar, sales presentation, or other presentation, by whatever name denominated. Written notices may be delivered by hand, by mail, by newspaper, ~~or~~ by periodical, or by electronic mail or any other form of electronic, digital, or Internet based communication. Any offer to participate made through any other medium must be preceded by or followed by the required notice at the required time. The total number of notices shall include all notices in which that prize may be given, regardless of whether it includes notices for other sponsors. If the odds of winning a particular prize would not be accurately stated on the basis of the number of notices, then the odds may be stated in another manner, but must be clearly stated in a manner which will not deceive or mislead the participant regarding the participant's chance of receiving the prize. The verifiable retail value and odds for each prize must be stated in conjunction and in immediate proximity with each listing of the prize in each place where it appears on the written notice and must be listed in the same size type and same boldness as the prize. Odds and verifiable retail values may not be listed in any manner which requires the participant to refer from one place in the written notice to another place in the written notice to determine the odds and verifiable retail value of the particular prize. Verifiable retail values shall be stated in Arabic numerals;

(E) Upon arriving at the place of business or upon allowing the sponsor to enter the participant's home, the participant must be immediately informed which, if any, prize the participant will receive prior to any seminar, sales presentation, or other presentation; and the prize, or any voucher, certificate, or other evidence of obligation in lieu of the prize, must be given to the participant at the time the participant is so informed;

(H) Any limitation on eligibility of participants must be clearly disclosed in the

notice;

(I) Substitutes of prizes shall not be made. In the event the represented prize is unavailable, the participant shall be presented with a certificate which the sponsor shall honor within 30 days by shipping the prize, as represented in the notice, to the participant at no cost to the participant. In the event a certificate cannot be honored within 30 days, the sponsor shall mail to the participant a valid check or money order for the verifiable retail value which was represented in the notice;

(J) In the event the participant is presented with a voucher, certificate, or other evidence of obligation as the participant's prize, or in lieu of the participant's prize, it shall be the responsibility of the sponsor to honor the voucher, certificate, or other evidence of obligation, as represented in the notice, if the person who is named as being responsible for honoring the voucher, certificate, or other evidence of obligation fails to honor it as represented in the notice;

(K) The geographic area covered by the notice must be clearly stated. If any of the prizes may be awarded to persons outside of the listed geographical area or to participants in promotions for other sponsors, these facts must be clearly stated, with a corresponding explanation that every prize may not be given away by that particular sponsor. If prizes will not be awarded or given if the winning ticket, token, number, lot, or other device used to determine winners in that particular promotion is not presented to the promoter or sponsor, this fact must be clearly disclosed;

(L) Upon request of the ~~administrator~~ Attorney General, the sponsor or promoter must within ten days furnish to the ~~administrator~~ Attorney General the names, addresses, and telephone numbers of persons who have received any prize;

(M) A list of all winning tickets, tokens, numbers, lots, or other devices used to determine winners in promotions involving an element of chance must be prominently posted at the place of business or distributed to all participants if the seminar, sales presentation, or other presentation is made at a place other than the place of business. A copy of such list shall be furnished to each participant who so requests;

(N) Any promotion involving an element of chance which does not conform with the provisions of this paragraph shall be considered an unlawful lottery as defined in Code Section 16-12-20. Except as provided in Code Section 16-12-35 and Article 3 of Chapter 27 of Title 50, any promotion involving an element of chance which involves the playing of a game on a computer, mechanical device, or electronic device at a place of business in this state shall be considered an unlawful lottery as defined in Code Section 16-12-20 and shall not be permitted under this chapter. Any promotion involving the playing of a no-skill game on a computer, mechanical device, or electronic device at a place of business in this state shall be considered an unlawful lottery as defined in Code Section 16-12-20. The ~~administrator~~ Attorney General may prosecute persons who promote and sponsor promotions which constitute an unlawful lottery or may seek and shall receive the assistance of the prosecuting attorneys of this state in the commencement and prosecution of such

~~persons who promote and sponsor promotions which constitute an unlawful lottery;~~

(N.1) All prizes offered and awarded shall be noncash prizes only and shall not be redeemable for cash;

The notice must be accompanied by the contract forms, membership cards, and any and all other documents and evidence of membership previously delivered to the buyer. If the health spa member so cancels, any payments made under the contract will be refunded and any evidence of indebtedness executed by the health spa member will be canceled by the seller, provided that the member shall be liable for the fair market value of services actually received, which in no event shall exceed \$100.00. The preparation of any documents shall not be construed to be services; provided, however, that any documents prepared which are merely ancillary to services which are actually rendered shall not prevent the health spa from charging for such services actually rendered up to the limits specified in this subsection. Each health spa contract shall contain the following paragraphs separated from all other paragraphs:

Name of health spa

Street address Address

City, State, ZIP Code

Do not sign this contract if there are any blank spaces above. In the event optional services are offered, be sure that any options you have not selected are lined through or that it is otherwise indicated that you have not selected these options. It is recommended that you send your cancellation notice by registered or certified mail or statutory overnight delivery, return receipt requested, in order to prove that you did cancel. If you do hand deliver your cancellation, be sure to get a signed statement from an official of the spa acknowledging your cancellation.

To be effective, your cancellation must be postmarked by midnight, or hand delivered by midnight on _____ (date) _____, _____, and must include all contract forms, membership cards, and any and all other documents and evidence of membership previously delivered to you.'

The health spa shall fill in the blank spaces in the above paragraph before the consumer signs the contract. In the event a consumer fails to provide with the cancellation notice all contract forms, membership cards, and any and all other documents and evidence of membership previously delivered, the health spa shall either cancel the contract or provide written notice by certified mail or statutory overnight delivery to the consumer that such documents must be provided within 30 days in order for the cancellation to be effective. In the event that the consumer provides the documents within 30 days, the contract shall be canceled as of the date on which the cancellation notice was delivered; provided, however, that should the consumer continue to use the facilities or services during the 30 day period, the cancellation shall be effective on the first business day following the last day on which the consumer uses the facilities or services.

The refund shall be calculated by dividing the total cost of the membership by the total number of months under the membership and refunding the monthly cost for any months or fractions of months remaining under the membership. The contract shall contain a clause in at least ten-point boldface type which reads as follows:

'You (the buyer) may cancel this agreement within 30 days from the time you knew or should have known of any substantial change in the services or programs available at the time you joined. Substantial changes include, but are not limited to, changing from being coed to being exclusively for one sex and vice versa. To cancel, send written notice of your cancellation to the address provided in this contract for sending

a notice of cancellation. The best way to cancel is by keeping a photocopy and sending the cancellation by registered or certified mail or statutory overnight delivery, return receipt requested.'

The provisions of this subsection shall not apply in any instance where a court has ordered that a change be made in the sexual character of the health spa. Such declaratory rulings shall be subject to review as under Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.'

(g) Every contract for health spa services shall contain a clause providing that if the member becomes totally and permanently disabled during the membership term, he may cancel his or her contract and that the health spa is entitled to a reasonable predetermined fee in such event in addition to an amount equal to the value of services made available for use. This amount shall be computed by dividing the total cost of the membership by the total number of months under the membership and multiplying the result by the number of months expired under the membership term. The health spa shall have the right to require and verify reasonable evidence of total and permanent disability. For purposes of this subsection, 'total and permanent disability' means a condition which has existed or will exist for more than 45 days and which will prevent the member from using the facility to the same extent as the member used it before commencement of the condition.

(C) There can be no payments of any type, including, but not limited to, down payments, enrollment fees, membership fees, or any other direct payment to the health spa, other than the equal monthly installment payments.

(D) There can be no complimentary, compensatory, or other extensions of the term incident to the term of the contract, including but not limited to a promise of lifetime renewal for a minimal annual fee, provided that an agreement of both parties to extend the term of the contract to compensate for time during which the member could not fully utilize the spa due to a temporary physical or medical condition arising after the member joined shall not be considered to bring the spa into noncompliance under this paragraph; or

(2)(A) The written contract used shall contain the following clause: 'Under this contract, no further payments shall be due to anyone, including any purchaser of any note associated with or contained in this contract, in the event the health spa at which the contract is entered into ceases operation and fails to offer an alternate location, substantially similar, within ten miles.'

(B) The written contract shall contain the following statement in boldface type which is larger and bolder than any other type which is in the contract and in at least 14 point boldface, which statement must be separately signed by the consumer:

'NOTICE

State law requires that we inform you that should you (the buyer) choose to pay for any part of this agreement in advance, be aware that you are paying for future services and may be risking loss of your money in the event this health spa ceases to conduct business. Health spas do not post a bond, and there may be no other protections provided to you should you choose to pay in advance.'

(j) An alternate location for a health spa shall not be considered substantially similar if:

(1) The original facility was limited to use by members of one sex and the alternate facility is used by members of both sexes;

(2) The original facility was for use by members of both sexes and the alternate facility's use is limited to members of one sex; or

(3) The size, facilities, equipment, or services available to the member at the alternate location are not substantially equal to or do not exceed the size, facilities, equipment, or services available to the member at the health spa location at which the contract was entered into.

(k) Every contract for health spa services shall contain a clause providing that if the member dies during the membership term or any renewal term, his or her estate may cancel the contract and that the health spa is entitled to a reasonable predetermined fee in such event in addition to an amount computed by dividing the total cost of the membership by the total number of months under the membership and multiplying the result by the number of months expired under the membership term. The contract may require the member's estate seeking relief under this subsection to provide reasonable proof of death.

(1)(1) A health spa shall not enter or offer to enter into a health spa agreement with a consumer unless the health spa is fully operational and available for use.

(2) For purposes of this subsection, 'fully operational and available for use' means that all of the facilities, equipment, or services which are promised at the time of entering into the membership contract are operational and available for use at that time. Nothing contained in this subsection shall be construed to prohibit a health spa from selling a membership for existing services and facilities at a location under construction which can be converted at a later date to a membership for additional services and facilities, provided that:

(A) The additional services and facilities are fully operational and available for use at the time of the conversion;

(B) Additional consideration, other than just a nominal consideration, is required

from the consumer under the terms of the conversion; and

(C) The member has until seven days following the date the additional consideration or a part of the additional consideration becomes due and owing to cancel the remainder of the contract and receive a refund computed by dividing the total cost of the membership by the total number of months under the membership and multiplying the result by the number of months remaining under the membership term.

(3) The provisions of this subsection shall not apply if all of the following conditions are met:

Such deposits are to be held in safekeeping for release only upon authorization of the ~~administrator~~ Attorney General. The bank or trust company must be approved by the ~~administrator~~ Attorney General. The ~~administrator~~ Attorney General may consult with the commissioner of banking and finance or with any of the employees of the commissioner of banking and finance regarding whether the bank or trust company should be approved and may disapprove the bank or trust company if he or she has reason to believe any deposits into the account might not be secure;

(D) Each deposit to the single account established under this paragraph shall be identified by the name and address of the individual who purchased the membership. The bank or trust company and the health spa shall maintain a list of the deposits, their amount, and the name and address of the membership purchaser, which list shall be available to the ~~administrator~~ Attorney General or for inspection or copying by the ~~administrator's employees upon request~~ Attorney General;

(E) The condition of the account established under this paragraph shall be that no funds shall be released from the account to any person unless the ~~administrator~~ Attorney General has certified in writing to the bank or trust company that either the health spa is fully operational and available for use or that the health spa has not complied and does not appear likely to comply with its obligation to make the health spa fully operational and available for use in accordance with the documents submitted to the ~~administrator~~ Attorney General or in accordance with representations made to membership purchasers. No action may be maintained in any court against the ~~administrator~~ Attorney General or any of his or her employees

for any determination or as a consequence of any determination made by the ~~administrator under this subparagraph unless the administrator's determination was a willful and wanton abuse of discretion given the facts and circumstances actually provided to the administrator in making this determination~~ Attorney General under this subparagraph. Nothing contained or implied in this subparagraph shall operate or be construed or applied to deprive the Attorney General or any employee of any immunity, indemnity, benefits of law, rights, or any defense otherwise available by law;

(F) If the ~~administrator~~ Attorney General certifies to the bank or trust company that the health spa is fully operational and available for use, then the funds in the account shall be released to the health spa, along with any accrued interest. If the ~~administrator~~ Attorney General certifies to the bank or trust company that the health spa has not complied and does not appear likely to comply with its obligation to make the health spa fully operational and available for use, then the funds in the account shall be released to the ~~administrator~~ Attorney General on behalf of the individuals who purchased memberships prior to the health spa's being fully operational and available for use. Any accrued interest on the account shall be paid on a pro rata basis to the membership purchasers;

(G) Any costs imposed by the bank or trust company for administering the account shall be borne by the health spa; and

(H) The member shall have until seven business days following the date upon which the health spa becomes fully operational and available for use to cancel the contract and receive a full refund of any payments and the cancellation of any evidence of indebtedness, provided that the member shall be liable for the fair market value of any services actually received, which in no event shall exceed \$50.00. The preparation of any documents shall not be construed to be services; provided, however, that all documents prepared which are merely ancillary to services which are actually rendered shall not prevent the health spa from charging for such services actually rendered up to the limits specified in this subparagraph.

(m) All moneys due the consumer under contracts canceled for the reasons contained in this Code section shall be refunded within 30 days of receipt of such notice of cancellation. The notice must be accompanied by the contract forms, membership cards, and any and all other documents and evidence of membership previously delivered to the buyer, except in the case of a deceased member. which the consumer uses the facility or services.

(n) Any contract which does not comply with this Code section shall be void and unenforceable; no purchaser of any note associated with or contained in any health spa contract shall make any attempt to collect on the note or to report the buyer as delinquent to any consumer reporting or consumer credit reporting agency if there has been any violation by the health spa of subsections (b) through (m) or of subsection (o) of this Code section. (3) Nothing contained in this subsection shall limit or restrict the right of the telecommunications company to place its own restrictions, guidelines, or criteria, by whatever name denominated, upon the use of such telecommunications services, provided such restrictions, guidelines, or criteria do not conflict with the provisions of this subsection.

Any person who has exhausted all administrative remedies available and who is aggrieved by a final decision in a contested case is entitled to judicial review in accordance with the procedures, standards, and requirements set forth in Code Section 50-13-19.

~~(a) An appeal may be taken from any order of the administrator resulting from a hearing held in accordance with Code Section 10-1-398 by any person adversely affected thereby to the Superior Court of Fulton County by serving on the administrator, within 20 days after the date of entry of such order, a written notice of appeal, signed by the appellant, stating:~~

~~(2) The ground upon which a reversal or modification of the order is sought.~~

~~(b) The court shall not substitute its judgment for that of the administrator as to the weight of the evidence on questions of fact. The court may affirm the decision of the administrator or remand the case for further proceedings. The court may reverse or modify the decision if substantial rights of the appellant have been prejudiced because the administrative findings, inferences, conclusions, or decisions are:~~

~~(1) In violation of constitutional or statutory provisions;~~

~~(2) In excess of the statutory authority of the administrator;~~

~~(3) Made upon unlawful procedure;~~

~~(4) Affected by other error of law;~~

~~(5) Clearly erroneous in view of the reliable, probative, and substantial evidence on the whole record; or~~

~~(6) Arbitrary or capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion.~~

10-1-399.

(a) Any person who suffers injury or damages as a result of a violation of Chapter 5B of this title, as a result of consumer acts or practices in violation of this part, as a result of office supply transactions in violation of this part or whose business or property has been injured or damaged as a result of such violations may bring an action individually, but not in a representative capacity, against the person or persons engaged in such violations under the rules of civil procedure to seek equitable injunctive relief and to recover his or her general and exemplary damages sustained as a consequence thereof in any court having jurisdiction over the defendant; provided, however, exemplary damages shall be awarded only in cases of intentional violation. Notwithstanding any other provisions of law, a debtor seeking equitable relief to redress an injury resulting from a violation of paragraph (20) of subsection (b) of Code Section 10-1-393, upon facts alleged showing a likelihood of success on the merits, may not, within the discretion of the court, be required to make a tender. Nothing in this subsection or paragraph (20) of subsection (b) of Code Section 10-1-393 shall be construed to interfere with the obligation of the debtor to a lender who is not in violation of paragraph (20) of subsection (b) of Code Section 10-1-393. A claim under this Code

section may also be asserted as a defense, setoff, cross-claim, or counterclaim or third-party claim against such person.

(b) At least 30 days prior to the filing of any such action, a written demand for relief, identifying the claimant and reasonably describing the unfair or deceptive act or practice relied upon and the injury suffered, shall be delivered to any prospective respondent. Any person receiving such a demand for relief who, within 30 days of the delivering of the demand for relief, makes a written tender of settlement which is rejected by the claimant may, in any subsequent action, file the written tender and an affidavit concerning this rejection and thereby limit any recovery to the relief tendered if the court finds that the relief tendered was reasonable in relation to the injury actually suffered by the petitioner. The demand requirements of this subsection shall not apply if the prospective respondent does not maintain a place of business or does not keep assets within the state. The 30 day requirement of this subsection shall not apply to a debtor seeking a temporary restraining order to redress or prevent an injury resulting from a violation of paragraph (20) of subsection (b) of Code Section 10-1-393, provided that said debtor gives, or attempts to give the written demand required by this subsection at least 24 hours in advance of the time set for the hearing of the application for the temporary restraining order. Such respondent may otherwise employ the provisions of this Code section by making a written offer of relief and paying the rejected tender into court as soon as practicable after receiving notice of an action commenced under this Code section. All written tenders of settlement such as described in this subsection shall be presumed to be offered without prejudice in compromise of a disputed matter.

(c) Subject to subsection (b) of this Code section, a court shall award three times actual damages for an intentional violation.

(d) If the court finds in any action that there has been a violation of this part, the person injured by such violation shall, in addition to other relief provided for in this Code section and irrespective of the amount in controversy, be awarded reasonable attorneys' fees and expenses of litigation incurred in connection with said action; provided, however, the court shall deny a recovery of attorneys' fees and expenses of litigation which are incurred after the rejection of a reasonable written offer of settlement made within 30 days of the mailing or delivery of the written demand for relief required by this Code section; provided, further, that, if the court finds the action continued past the rejection of such reasonable written offer of settlement in bad faith or for the purposes of harassment, the court shall award attorneys' fees and expenses of litigation to the adverse party. Any award of attorneys' fees and expenses of litigation shall become a part of the judgment and subject to execution as the laws of Georgia allow.

(e) Any manufacturer or supplier of merchandise whose act or omission, whether negligent or not, is the basis for action under this part shall be liable for the damages assessed against or suffered by retailers charged under this part. A claim of such liability may be asserted by cross-claim, third-party complaint, or by separate action.

(f) It shall not be a defense in any action under this part that others were, are, or will be engaged in like practices.

(g) In any action brought under this Code section the ~~administrator~~ Attorney General shall be served by certified or registered mail or statutory overnight delivery with a copy of the initial complaint and any amended complaint within 20 days of the filing of such complaint. The ~~administrator~~ Attorney General shall be entitled to be heard in any such action, and the court where such action is filed may enter an order requiring any of the parties to serve a copy of any other pleadings in an action upon the ~~administrator~~ Attorney General.

10-1-400.

In any action in which damages are demanded under Code Section 10-1-399, recovery will be limited to the amount, if any, by which the injured party suffered injury or damage caused by the violation if the adverse party proves that the violation resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adopted to avoid any such error and that such error was not the result of negligence in the maintenance of such procedures.

10-1-401.

(a) No private right of action shall be brought under this part:

(1) More than two years after the person bringing the action knew or should have known of the occurrence of the alleged violation; or

(2) More than two years after the termination of any proceeding or action by the State of Georgia, whichever is later.

(b) Damages or penalties to which a person is entitled pursuant to this part may be set off against the allegation of the person to the seller and may be raised as a defense to a suit on the obligation without regard to the time limitations prescribed by this Code section.

10-1-402.

In the administration of this part the ~~administrator~~ Attorney General may accept an assurance of voluntary compliance with respect to any act or practice deemed to be violative of this part from any person who has engaged or was about to engage in such act or practice. Any such assurance shall be in writing and be filed with the clerk of the superior court of the county in which the alleged violator resides or has his or her principal place of business or with the clerk of the Superior Court of Fulton County. Such assurance of voluntary compliance shall not be considered an admission of violation for any purpose. Matters thus processed may at any time be reopened by the ~~administrator~~ Attorney General for further proceedings in the public interest, pursuant to Code Section 10-1-397. This Code section shall not bar any claim against any person who has engaged in any act or practice in violation of this part.

10-1-403.

(a) When it reasonably appears to the ~~administrator~~ Attorney General that a person has engaged in, is engaging in, or is about to engage in any act or practice declared to be

unlawful by this part or when he believes it to be in the public interest that an investigation should be made to ascertain whether a person in fact has engaged in, is engaging in, or is about to engage in any act or practice declared to be unlawful by this part, he may, ~~with the consent of the Attorney General,~~ execute in writing and cause to be served upon any person who is believed to have information, documentary material, or physical evidence relevant to the alleged or suspected violation an investigative demand requiring such person to furnish, under oath or otherwise, a report in writing setting forth the relevant facts and circumstances of which he has knowledge or to appear and testify or to produce relevant documentary material or physical evidence for examination at such reasonable time and place as may be stated in the investigative demand, concerning the advertisement, sale, or offering for sale of any goods or services or the conduct of any trade or commerce that is the subject matter of the investigation.

(b) If a matter that the ~~administrator~~ Attorney General makes the subject of an investigative demand is located outside the state, the person receiving the investigative demand may either make it available to the ~~administrator~~ Attorney General at a convenient location within this state or pay the reasonable and necessary expenses for the ~~administrator~~ Attorney General or his or her representative to examine the matter at the place where it is located. The ~~administrator~~ Attorney General may designate representatives, including officials of the state in which the matter is located, to inspect the matter on his or her behalf; and he may respond to similar requests from officials of other states.

(c)(1) Each such investigative demand shall state the nature of the conduct constituting the alleged violation of this part which is under investigation and the provision of law applicable thereto; describe the class or classes of documentary material to be produced thereunder with such definiteness and certainty as to permit such material to be fairly identified; describe the nature, scope, and purpose of the investigation with such definiteness and certainty as to permit any person whose testimony is sought to be fairly appraised of the subject matter of the inquiry; prescribe a return date which will provide a reasonable period of time within which the material so demanded may be assembled and made available for inspection and copying or reproduction and the person or persons whose testimony is sought may prepare for the same; and identify the person to whom such material shall be made available.

(2) No such investigative demand shall:

(A) Contain any requirement which would be held to be unreasonable as contained in a subpoena for the production of documentary evidence issued by a court of this state in aid of a grand jury investigation of such alleged violation; or

(B) Require the production of any documentary evidence or oral testimony which would be privileged from disclosure if demanded by a subpoena for the production of documentary evidence issued by a court of this state in aid of a grand jury investigation of such alleged violation;

provided, however, that the limitations on the scope of demand contained in this

paragraph do not require as a condition to the issuance of an investigative demand that the alleged violation be of sufficient seriousness as to constitute a violation of the criminal laws of this state, as opposed to the civil provisions of this part.

10-1-404.

(a) To carry out the duties prescribed by Code Sections 10-1-394, 10-1-395, 10-1-397, 10-1-398, and 10-1-403, the ~~administrator~~ Attorney General, in addition to other powers conferred upon him or her by this part, may, ~~with the consent of the Attorney General,~~ issue subpoenas to any person, administer an oath or affirmation to any person, conduct hearings in aid of any investigation or inquiry, prescribe such forms, and promulgate such procedural rules and regulations as may be necessary, which procedural rules and regulations shall have the force of law.

(b) The recipient of an investigative demand or subpoena may file an objection with the Attorney General within the reasonable time allotted for responding on grounds that it fails to comply with this part or upon any constitutional or other legal right or privilege of such person. Upon failure of a person without lawful excuse to obey an investigative demand or subpoena, the ~~administrator~~ Attorney General may apply to a superior court having jurisdiction for an order compelling compliance. ~~Such person may object to the investigative demand or subpoena on grounds that it fails to comply with this part or upon any constitutional or other legal right or privilege of such person.~~ The court may issue an order ~~modifying or setting aside such demand or subpoena or~~ directing compliance with the original demand or subpoena or modifying or setting aside such demand or subpoena based on any objection that was raised before the Attorney General.

(c) The Attorney General may request that a natural person who refuses to testify or to produce relevant matter on the ground that the testimonial matter may incriminate him be ordered by the court to provide the testimonial matter. With the exception of a prosecution for perjury and an action under Code Section 10-1-397, 10-1-398, 10-1-399, or 10-1-405, a natural person who complies with the court order to provide a testimonial matter after asserting a privilege against self-incrimination to which he is entitled by law shall not be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he may testify or produce evidence, documentary or otherwise.

(d)(1) Information obtained pursuant to investigative demands, subpoenas, oaths, affirmations, or hearings enforced by this part shall not be made public or, except as authorized in paragraph (2) of this subsection, disclosed by the ~~administrator~~ Attorney General or his or her employees beyond the extent necessary for the enforcement of this part.

(2) The ~~administrator~~ Attorney General or his or her employees shall be authorized to provide to any federal, state, or local law enforcement agency any information acquired under this part which is ~~subpoenaed~~ sought pursuant to an investigative demand or subpoena by such agency. State or local law enforcement agencies shall be authorized to provide any information to the ~~administrator~~ Attorney General when

the ~~administrator~~ Attorney General issues an investigative demand or subpoena for such information.

10-1-405.

(a) Any person who violates the terms of an injunction issued under Code Section 10-1-397 shall forfeit and pay to the state a civil penalty of not more than \$25,000.00 per violation. For purposes of this Code section, the superior court issuing an injunction shall retain jurisdiction and the cause shall be continued and in such cases the ~~administrator~~ Attorney General, acting in the name of the state, may petition for recovery of civil penalties.

(b) In the case of a continuing violation under this part, each day shall be regarded as a separate violation.

However, if the consumer delivers the nonconforming new motor vehicle to the designated repair facility more than 14 days from the date the manufacturer receives notice from the consumer, the 28 day time period shall be extended and the manufacturer shall have 14 days from the date the nonconforming new motor vehicle is delivered to the repair facility to complete the final attempt to repair and correct the nonconformity.

(3) No manufacturer, its authorized agent, or new motor vehicle dealer may refuse to diagnose or repair any alleged nonconformity for the purpose of avoiding liability under this article.

(b)(1) If the manufacturer, through an authorized agent or new motor vehicle dealer to whom the manufacturer directs the consumer to deliver the vehicle, is unable to correct a nonconformity ~~after~~ during the final attempt, or if a vehicle has been out of service by reason of repair of one or more nonconformities for 30 days during the lemon law rights period, the manufacturer shall, at the option of the consumer, repurchase or replace the vehicle. The consumer shall notify the manufacturer, in writing by statutory overnight delivery or certified mail, return receipt requested, of which option the consumer elects. The manufacturer shall have 20 days from receipt of the notice to repurchase or replace the vehicle.

(2)(A) If a consumer who is a lessee elects to receive a replacement motor vehicle, in addition to providing the replacement motor vehicle, the manufacturer shall pay to the lessor an amount equal to all charges that the lessor will incur as a result of the replacement transaction and shall pay the lessee an amount equal to all incidental costs that have been incurred by the lessee plus all charges that the lessee will incur as a result of the replacement transaction. If a lessee elects to receive a replacement motor vehicle, all terms of the existing lease agreement or contract shall remain in force and effect, except that the vehicle identification information contained in the lease agreement or contract shall be changed to conform to the vehicle identification information of the replacement vehicle.

(B) If a consumer who is not a lessee elects to receive a replacement motor vehicle, in addition to providing the replacement motor vehicle, the manufacturer shall pay to the consumer an amount equal to all incidental costs incurred by the consumer plus all charges that the consumer will incur as a result of the replacement transaction.

(3)(A) If a consumer who is a lessee elects a repurchase, the manufacturer shall pay to the lessee an amount equal to all payments made by the lessee under the lease agreement or contract, including, but not limited to, the lessee cost, plus all incidental costs, less a reasonable offset for use of the nonconforming new motor vehicle. The manufacturer shall pay to the lessor an amount equal to 110 percent of the adjusted capitalized cost of the nonconforming new motor vehicle. After the lessor has received payment from the manufacturer as specified in this subparagraph

and payment from the consumer of all past due charges, if any, the consumer shall have no further obligation to the lessor.

(B) If a consumer who is not a lessee elects a repurchase, the manufacturer shall pay to the consumer an amount equal to the purchase price of the nonconforming new motor vehicle plus all collateral charges and incidental costs, less a reasonable offset for use of the nonconforming new motor vehicle. Payment shall be made to the consumer and lienholder of record, if any, as their interests may appear on the records of ownership.

10-1-785.

(a)(1) If a manufacturer does not replace or repurchase a nonconforming new motor vehicle after being requested to do so under subsection (b) of Code Section 10-1-784, the consumer may move to compel replacement or repurchase by applying for arbitration pursuant to Code Section 10-1-786. However, if a manufacturer has established an informal dispute settlement mechanism which the ~~administrator~~ Attorney General has certified as complying with the provisions and rules of this article, the consumer shall be eligible to apply for arbitration only after submitting a dispute under this article to the informal dispute settlement mechanism.

(2) A consumer must file a claim with the manufacturer's certified informal dispute settlement mechanism no later than one year after expiration of the lemon law rights period.

(3) After a decision has been rendered by the certified informal dispute settlement mechanism, the consumer is eligible to apply for arbitration pursuant to Code Section 10-1-786.

(4) If a decision is not rendered by the certified informal dispute settlement mechanism within 40 days of filing, the requirement that the consumer submit his or her dispute to the certified informal dispute settlement mechanism shall not apply and the consumer is eligible to apply for arbitration under Code Section 10-1-786.

(b) Certified informal dispute settlement mechanisms shall be required to take into account the principles contained in and any rules promulgated under this article and shall take into account all legal and equitable factors germane to a fair and just decision. A decision shall include any remedies appropriate under the circumstances, including repair, replacement, refund, and reimbursement for collateral charges and incidental costs. For purposes of this Code section, the phrase 'take into account the principles contained in and any rules promulgated under this article' means to be aware of the provisions of this article, to understand how they might apply to the circumstances of the particular dispute, and to apply them if it is appropriate and fair to both parties to do so.

(c) A certified informal dispute settlement mechanism shall keep such records as prescribed by the ~~administrator~~ Attorney General in rules promulgated under this article and shall allow the ~~administrator~~ Attorney General, without notice, to inspect and obtain copies of the records. Copies of any records requested by the ~~administrator~~ Attorney General shall be provided promptly to the ~~administrator~~ Attorney General at

no cost.

(d) A manufacturer may apply to the ~~administrator~~ Attorney General for certification of its informal dispute settlement mechanism. The ~~administrator~~ Attorney General may, in his or her discretion, impose requirements on an informal dispute settlement mechanism in order for it to be certified. Within a reasonable time following receipt of the application, the ~~administrator~~ Attorney General shall certify the informal dispute settlement mechanism or notify the manufacturer of the reason or reasons for denial of the requested certification.

(e) At any time the ~~administrator~~ Attorney General has reason to believe that a certified informal dispute settlement mechanism is no longer in compliance with this article, he or she may notify the manufacturer of intent to revoke the informal dispute settlement mechanism's certification. The notice shall contain a statement of the reason or reasons for the revocation.

(f) The manufacturer shall have ten days from its receipt of notice of denial of requested certification or notice of intent to revoke certification to submit a written request for a hearing to contest the denial or intended revocation. If a hearing is requested, it shall be held within 30 days of the ~~administrator's~~ Attorney General's receipt of the hearing request. The hearing shall be conducted by the Office of State Administrative Hearings following the procedures set forth in Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.'

(g) No representation shall be made to a consumer that his or her dispute must be submitted to an informal dispute settlement mechanism that is not certified by the ~~administrator~~ Attorney General pursuant to this Code section.

10-1-786.

(a) A consumer shall request arbitration by filing a written application for arbitration with the ~~administrator~~ Attorney General. The application must be filed no later than one year from the date of expiration of the lemon law rights period or 60 days from the conclusion of the certified informal dispute settlement mechanism's proceeding, whichever occurs later.

(b)(1) After receiving an application for arbitration, the ~~administrator~~ Attorney General shall determine whether the dispute is eligible for arbitration. Manufacturers shall be required to submit to arbitration under this article if the consumer's dispute is deemed eligible for arbitration by the ~~administrator~~ Attorney General. Disputes deemed eligible for arbitration shall be assigned to an arbitrator or arbitrators appointed pursuant to Code Section 10-1-789.

(2)(A) A consumer whose dispute is determined to be ineligible for arbitration by the ~~administrator~~ Attorney General may appeal the determination of ineligibility to an arbitrator or arbitrators appointed pursuant to Code Section 10-1-789.

(B) If the arbitrator or arbitrators determine that the consumer's dispute is eligible for arbitration, the arbitrator or arbitrators shall retain jurisdiction and the consumer's dispute shall proceed in accordance with this Code section.

(C) If the arbitrator or arbitrators determine that the consumer's dispute is not

eligible for arbitration, a written decision shall be prepared and sent to the consumer and manufacturer by certified mail, return receipt requested.

(D) The decision of ineligibility may be appealed by the consumer under the provisions set forth in subsection (a) of Code Section 10-1-787. On appeal, the court shall consider only the issue of eligibility for arbitration.

(3) If the court finds that a consumer's appeal from a determination of ineligibility is frivolous or has been filed in bad faith or for the purpose of harassment, the court may require the consumer to pay to the ~~administrator~~ Attorney General all costs incurred as a direct result of the appeals from the ~~administrator's~~ Attorney General's determination of ineligibility.

(c) A lessee shall notify the lessor of the pending arbitration, in writing, within ten days of the lessee's receipt of notice that a dispute has been deemed eligible for arbitration and shall provide to the arbitrator or arbitrators proof that notice was given to the lessor. Within ten days of its receipt of notice from the lessee, a lessor may petition the arbitrator or arbitrators to be a party to the arbitration proceeding.

(d) The arbitrator or arbitrators shall make every effort to conduct the arbitration hearing within 40 days from the date the dispute is deemed eligible for arbitration. The hearing shall be held at a location that is reasonably convenient to the Georgia consumer. Failure to hear the case within 40 days shall not divest authority of the arbitrator or arbitrators to hear the dispute or void any decision ultimately rendered.

(e) If the arbitrator or arbitrators determine:

(1) That a reasonable number of attempts has been undertaken to repair and correct the nonconformity and that the manufacturer was given the opportunity to make a final attempt to repair and correct the nonconformity and was unable to correct it; or

(2) That a new motor vehicle was out of service by reason of repair of one or more nonconformities for a cumulative total of 30 days within the lemon law rights period, the consumer shall be awarded replacement or repurchase of the new motor vehicle as provided under Code Section 10-1-784. The arbitrator or arbitrators also may award attorney's fees and technical or expert witness fees to a consumer who prevails.

(f) The decision of the arbitrator or arbitrators shall be in writing, be signed, and contain findings of fact and conclusions of law. The original signed decision shall be filed with the ~~administrator~~ Attorney General and copies shall be sent to all parties. The filing of the decision with the ~~administrator~~ Attorney General constitutes entry of the decision.

(g) A decision of the arbitrator or arbitrators that has become final under the provisions of subsection (a) of Code Section 10-1-787 may be filed with the clerk of the superior court, shall have all the force and effect of a judgment or decree of the court, and may be enforced in the same manner as any other judgment or decree.

(h) No arbitrator may be required to testify concerning any arbitration and the arbitrator's notes or other records are not subject to discovery. This provision does not extend to testimony or documents sought in connection with legal claims brought against an arbitrator arising out of an arbitration proceeding.

10-1-787.

(a) The decision of the arbitrator or arbitrators is final unless a party to the arbitration, within 30 days of entry of the decision, appeals the decision to the superior court. A party who appeals a decision shall follow the procedures set forth in Article 2 of Chapter 3 of Title 5, and any appeal shall be de novo; however, the decision of the arbitrator or arbitrators shall be admissible in evidence.

(b) If the manufacturer appeals, the court may require the manufacturer to post security for the consumer's financial loss due to the passage of time for review.

(c) If the manufacturer appeals and the consumer prevails, recovery, in addition to the arbitrator's award, shall include all charges incurred by the consumer during the pendency of, or as a result of, the appeal, including, but not limited to, continuing collateral and incidental costs, technical or expert witness fees, attorney's fees, and court costs.

(d) A manufacturer which does not appeal a decision in favor of a consumer must fully comply with the decision within 40 days of entry thereof. If a manufacturer does not fully comply within the 40 day time period, the ~~administrator~~ Attorney General may issue an order imposing a civil penalty of up to \$1,000.00 per day for each day that the manufacturer remains out of compliance. The provisions of Code Sections 10-1-398 and 10-1-398.1 shall apply in connection with the imposition of a civil penalty under this subsection. It shall be an affirmative defense to the imposition of a civil penalty under this subsection that a delay or failure to comply was beyond the manufacturer's control or that a delay was acceptable to the consumer.

10-1-788.

The provisions of this article are not available to a consumer in a civil action unless the consumer has first exhausted all remedies provided for in this article.

10-1-789.

(e) The action for bad faith shall not be abated by payment after the 60 day period nor shall the testimony or opinion of an expert witness be the sole basis for a summary judgment or directed verdict on the issue of bad faith.

(f) The amount of recovery, including reasonable attorney's fees, if any, shall be determined by the trier of fact and included in a separate judgment against the insurer rendered in the action; provided, however, the attorney's fees shall be fixed on the basis of competent expert evidence as to the reasonable value of the services based on the time spent and legal and factual issues involved in accordance with prevailing fees in the locality where the action is pending; provided, further, the trial court shall have the discretion, if it finds the jury verdict fixing attorney's fees to be greatly excessive or inadequate, to review and amend the portion of the verdict fixing attorney's fees without the necessity of disapproving the entire verdict. The limitations contained in this Code section in reference to the amount of attorney's fees are not controlling as to the fees which may be agreed upon by the plaintiff and his or her attorney for the services of the attorney.

That chairperson at the same time shall provide written notification of that legislation to the presiding officer of the house of the General Assembly in which that legislation was not introduced, and that presiding officer shall then appoint the chairperson of a standing committee of that house to serve as a member of the council for the purpose of considering that legislation, except that the chairperson so appointed may instead designate another member of that standing committee to serve as a member of the council for that purpose. Within a period of time not to exceed nine months from the date of such notification to the council, but in no event later than the convening date of the next succeeding regular session of the General Assembly, the council shall provide a formal report evaluating the need to regulate the business or profession based on the factors and information provided under Code Section 43-1A-7 to the chairperson of the legislative committee of reference, the committee chairperson appointed to the council pursuant to paragraph ~~(10)~~ (9) of subsection (b) of Code Section 43-1A-4, the presiding officers of the House of Representatives and the Senate, and the legislative counsel. If, subsequent to a review pursuant to paragraph (2) of subsection (a) of this Code section, the council concludes changes are needed to the regulations of an existing regulatory entity, or that a regulatory entity's existence is no longer necessary or in the interests of the state, a

formal report recommending such changes shall be completed and distributed in the same manner described previously herein. If the council determines a need for regulation, the report shall recommend an appropriate type of regulation and an appropriate state agency to oversee the regulation."

SECTION 35.

Title 46 of the Official Code of Georgia Annotated, relating to public utilities and public transportation, is amended by revising Code Section 46-2-23.1, relating to alternative form of regulation provisions for gas companies, as follows:

"46-2-23.1.

(a) As used in this Code section, the term 'alternative form of regulation' means a method of establishing just and reasonable rates and charges for a gas company by performance based regulation without regard to methods based strictly upon cost of service, rate base, and rate of return. Performance based regulation may include without limitation one or more of the following features: earnings sharing, price caps, price-indexing formulas, ranges of authorized rates of return, and the reduction or suspension of regulatory requirements.

(b) A gas company may from time to time file an application with the commission to

have its rates, charges, classifications, and services regulated under an alternative form of regulation. Within ten days of the filing, the gas company shall publish a notice generally describing the application in a newspaper or newspapers with general circulation in its service territory.

(c) After notice and hearing the commission may approve the plan, or approve it with modifications, if the commission determines that the application is in the public interest and will produce just and reasonable rates, after taking into consideration the extent to which the application:

- (1) Is designed to and is likely to produce lower prices for consumers of natural gas in Georgia;
- (2) Will provide incentives for the gas company to lower its costs and rates;
- (3) Will provide incentives to improve the efficiency and productivity of the gas company;
- (4) Will foster the long-term provision of natural gas service in a manner that will improve the quality and choices of service;
- (5) Is consistent with maintenance and enhancement of safe, adequate, and reliable service and will maintain or improve preexisting service quality and consumer protection safeguards;
- (6) Will not result in cross-subsidization among or between groups of gas company customers;
- (7) Will not result in cross-subsidization among or between the portion of the gas company's business or operations subject to the alternative form of regulation and any unregulated portion of the business or operations of the gas company or of any of its affiliates;
- (8) Will reduce regulatory delay and cost; and
- (9) Will tend to enhance economic activity in the affected service territory.

(d) Performance based regulation adopted by the commission as an alternative form of regulation shall provide for the following:

- (1) Equal and symmetric opportunities to earn above and below the performance standard;
- (2) Performance incentives based upon conditions within the control of the management of the gas company; and
- (3) Adjustments from time to time for the net effect of changes in tax rates, other costs imposed by law, and the cost of capital.

(e) Where an application for an alternative form of regulation has been filed by a gas company and the commission determines that the proposal does not satisfy the requirements of this Code section, it may either reject the proposal or issue an order approving an alternative with such modifications as the commission deems necessary to satisfy the requirements of this Code section. The commission shall determine and prescribe in any such order establishing rates and charges the revenue requirements of the gas company filing the application.

(f) An order adopting an alternative form of regulation may include:

- (1) Terms and conditions for establishing new services, withdrawing services, price

changes to services, and services by contract to individual customers;

(2) Terms and conditions necessary to achieve the objectives contained in subsection (c) of this Code section;

(3) General or specific authorization for changes in rates, charges, classifications, or services such that the provisions of subsection (a) of Code Section 46-2-25 do not require 30 days' notice and commission approval before such change or changes may go into effect; and

(4) Other rates, terms, and conditions that are consistent with the objectives and requirements of subsection (c) of this Code section.

(g) Except as otherwise provided in this Code section, the provisions of this title relating to the rates, charges, and terms of service of a gas company shall apply to rates, charges, and terms of service established pursuant to this Code section.

(h) Any special or negotiated contract between a gas company and a retail customer approved by the commission shall not be invalidated or modified by the provisions of this Code section.

(i)(1) Neither the provisions of this Code section nor the provisions of Article 5 of Chapter 4 of this title shall prohibit a gas company from releasing interstate pipeline capacity available to it from time to time and not required to serve the requirements of its retail customers and marketers and from making sales of gas with or without interstate transportation capacity to municipal corporations, other local gas distribution companies, or marketers and end users connected to an interstate pipeline company or connected to another local distribution company; provided, however, that where net benefits to the firm retail customers who are receiving commodity sales service from the gas company accrue:

(A) Twenty percent of the revenues from the release of interstate pipeline capacity for the purposes of transporting gas to end users in Georgia shall be allocated to the gas company, and the remaining 80 percent of such revenues shall be credited to the costs of gas sold by the gas company to firm retail customers;

(B) Ten percent of the revenues from the release of interstate pipeline capacity for the purpose of transporting gas to end users outside of Georgia shall be allocated to the gas company, and the remaining 90 percent of such revenues shall be credited to the costs of gas sold by the gas company to firm retail customers; and

(C) Fifty percent of the net margin from the sale of gas, with or without interstate capacity, to municipal corporations, other local gas distribution companies, or marketers and end users connected to an interstate pipeline company or connected to another local distribution company shall be allocated to the gas company, and the remaining 50 percent of such net margins shall be credited to the costs of gas sold by the gas company to firm retail customers; provided, however, that if as a result of such sale, the then existing natural gas requirements of retail customers in Georgia cannot be supplied physically, all of such net margin shall be credited to the costs of gas. The net margin shall be calculated by subtracting all variable costs associated with the transaction from the revenues generated by the transaction. The costs recovered by the gas company through such transactions shall be credited to the gas

costs payable by retail customers of the gas company.

(2) Where a universal service fund has been created by the commission pursuant to Code Section 46-4-161 for a gas company which is an electing distribution company, as defined in paragraph (10) of Code Section 46-4-152, the shares that are to be credited to the costs of gas sold to firm retail customers under subparagraphs (A), (B), and (C) of paragraph (1) of this subsection shall be allocated to such fund, and the costs recovered through a transaction described in subparagraph (C) of this subsection shall be allocated to such company.

(3) Any gas company which engages in a transaction of a type described in paragraph (1) of this subsection, which results in the allocation to the gas company of a share of the revenues or net margin therefrom, shall make a report to the commission annually describing each such transaction and explaining the benefits resulting to firm retail customers from each such transaction. ~~Such report shall be served on the consumer's utility counsel division of the Governor's Office of Consumer Affairs."~~

SECTION 36.

Said title is further amended by revising Code Section 46-2-26.3, relating to the recovery of costs of conversion from oil-burning to coal-burning generating facility, filing of request, public hearing, determination of rate, and adjustments, as follows:

"(f) Upon recovery by the utility of the cost of conversion as herein provided, the utility shall no longer charge any rate authorized to recover the cost of conversion. Upon such termination, the utility shall file a report with the commission ~~and the consumers' utility counsel~~ within 30 days, sworn to by an officer of the utility, that its fuel-savings-allocation revenues are in compliance with all commission orders issued pursuant to this Code section. In the event such revenue is lesser or greater than the utility's cost of conversion, the commission shall make such determinations and issue such orders as are necessary to result in the full recovery, but no more, of the cost of conversion."

SECTION 37.

Said title is further amended by revising Code Section 46-4-155, relating to regulation of unbundled natural gas services, as follows:

"46-4-155.

(a) Except as otherwise provided by this article, an electing distribution company which offers firm distribution service remains subject to the jurisdiction of the commission under this title. Without limiting the generality of the foregoing, the commission shall have general supervision of such company pursuant to Code Section 46-2-20, and the rates of an electing distribution company for firm distribution service and the ancillary services which are subject to the rate jurisdiction of the commission shall be established in accordance with the provisions of this article and Code Section 46-2-23.1.

(b) An electing distribution company shall offer liquefied natural gas peaking service to marketers at rates and on terms approved by the commission, subject however to the

following:

- (1) If a marketer which is not affiliated with an electing distribution company obtains a peaking service in a delivery group from a person other than the electing distribution company, the rate for liquefied natural gas peaking service by the electing distribution company in such delivery group shall not be subject to approval by the commission but shall be capped at 120 percent of the rate for such service previously established by the commission; and
 - (2) If the commission determines pursuant to a filing by the electing distribution company or otherwise, and based upon the factors listed in subsection (c) of this Code section, that reasonably available alternatives for such peaking services exist in the delivery group, the rate for such services in a delivery group shall not be subject to regulation by the commission and the plant and equipment of the electing distribution company which is used and useful for receiving gas for liquefaction, liquefying gas, storing liquefied natural gas, and re-gasifying liquefied natural gas, including the land upon which such plant and equipment is located, shall be removed from the rate base for rate-making purposes of the electing distribution company in an amount which is the lower of the fair market value or the depreciated book value of such facilities. In addition, the rates for firm distribution service of the electing distribution company shall be adjusted to eliminate any applicable recovery of the operation and maintenance expenses associated with such facilities and gas in storage in such facilities, as well as the return on investment attributable to the amount removed from the rate base. For purposes of such review and determination, the fact that such services have been obtained by a marketer which is not affiliated with the electing distribution company shall create a presumption that there are reasonably available alternatives for such peaking services in the delivery group.
- (c) An electing distribution company shall offer each type of customer service to marketers at rates and on terms approved by the commission in accordance with this article and Code Section 46-2-23.1 until such time as the commission determines that marketers have reasonably available alternatives to purchasing such service from the electing distribution company. The commission shall make a separate determination for each type of service. In making such determinations, the commission shall consider the following factors:
- (1) The number and size of alternative providers of the service;
 - (2) The extent to which the service is available from alternative providers in the relevant market;
 - (3) The ability of alternative providers to make functionally equivalent or substitute services readily available at competitive prices, terms, and conditions; and
 - (4) Other indicators of market power which may include market share, growth in market share, ease of entry, and the affiliation of providers of a service.
- (d) For each delivery group for which the commission has not determined pursuant to Code Section 46-4-156 that adequate market conditions exist, and thus has not initiated customer assignment, an electing distribution company shall:
- (1) Offer interruptible distribution service and balancing services at rates and on

terms approved by the commission in accordance with the provisions of this article and Code Section 46-2-23.1 to retail customers and marketers, subject to the rules, regulations, and general terms and conditions of the electing distribution company as approved by the commission;

(2) Offer firm distribution service at rates and on terms approved by the commission in accordance with the provisions of this article and Code Section 46-2-23.1 to retail customers and marketers, subject to the rules, regulations, and general terms and conditions of the electing distribution company as approved by the commission; and

(3) Offer in conjunction with such firm distribution service a commodity sales service; provided, however, that the rates for such commodity sales service shall be established pursuant to the provisions of Code Section 46-2-26.5, relating to the filing and adoption of a gas supply plan; and provided, further, that the rates for such commodity sales service shall not be subject to the provisions of Code Section 46-2-26.5 nor subject to the approval of the commission if at least five marketers, excluding any marketer which is an affiliate of the electing distribution company, have been granted certificates of authority to serve in the delivery group.

(e)(1) As used in this subsection, the term 'interstate capacity assets' means interstate transportation and out-of-state gas storage capacity.

(2) If, pursuant to the provisions of this article, the rates for commodity sales service of an electing distribution company within a delivery group or groups become no longer subject to the approval of the commission nor to the provisions of Code Section 46-2-26.5, the electing distribution company nevertheless shall continue to be responsible for acquiring and contracting for the interstate capacity assets necessary for gas to be made available on its system, whether directly or by assignment to marketers, for firm distribution service to retail customers within such delivery group or groups unless determined otherwise by the commission in accordance with this subsection.

(3) At least every third year following the date when the rates for commodity sales service within a delivery group or groups become no longer subject to commission approval nor to the provisions of Code Section 46-2-26.5, the electing distribution company shall file, on or before August 1 of such year, a capacity supply plan which designates the array of available interstate capacity assets selected by the electing distribution company for the purpose of making gas available on its system for firm distribution service to retail customers in such delivery group or groups.

(4) Not less than ten days after any such filing by an electing distribution company, the commission shall conduct a public hearing on the filing. The electing distribution company's testimony shall be under oath and shall, with any corrections thereto, constitute the electing distribution company's affirmative case. At any hearing conducted pursuant to this subsection, the burden of proof to show that the proposed capacity supply plan is appropriate shall be upon the electing distribution company.

(5) Following such a hearing, the commission shall issue an order approving the capacity supply plan filed by the electing distribution company or adopting a capacity supply plan for the electing distribution company that the commission deems

appropriate. Should the commission fail or refuse to issue an order by the ninetieth day after the electing distribution company's filing which either approves the capacity supply plan filed by the electing distribution company or adopts a different capacity supply plan for the electing distribution company, the capacity supply plan proposed by the electing distribution company shall thereupon be deemed approved by operation of law.

(6) Any capacity supply plan approved or adopted by the commission shall:

(A) Specify the range of the requirements to be supplied by interstate capacity assets;

(B) Describe the array of interstate capacity assets selected by the electing distribution company to meet such requirements;

(C) Describe the criteria of the electing distribution company for entering into contracts under such array of interstate capacity assets from time to time to meet such requirements; provided, however, that a capacity supply plan approved or adopted by the commission shall not prescribe the individual contracts to be executed by the electing distribution company in order to implement such plan; and

(D) Specify the portion of the interstate capacity assets which must be retained and utilized by the electing distribution company in order to manage and operate its system.

(7) When interstate capacity assets that are contained in a capacity supply plan approved or adopted by the commission are allocated by the electing distribution company to a marketer pursuant to the provisions of this article, all of the costs of the interstate capacity assets thus allocated shall be borne by such marketer.

(8) The provisions of law relating to parties, intervention, and discovery in proceedings before the commission shall apply with respect to proceedings under this subsection.

(9) All commission orders issued pursuant to this subsection shall contain the commission's findings of fact and conclusions of law upon which the commission's action is based. Any such order shall be deemed a final order subject to judicial review under Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.'

(10) Prior to the approval or adoption of a capacity supply plan pursuant to this subsection, the interstate capacity assets of the electing distribution company in the most current gas supply plan of such company approved or adopted by the commission pursuant to the provisions of Code Section 46-2-26.5 shall be treated as a capacity supply plan that is approved or adopted by the commission for purposes of this subsection.

(11) After a capacity supply plan has become effective pursuant to provisions of this subsection as a result of a proceeding before the commission, the commission shall retain jurisdiction of the proceeding for the purposes set forth in this subsection. Upon application of the affected electing distribution company ~~or the consumers' utility counsel division of the Governor's Office of Consumer Affairs~~ or upon its own initiative, the commission may, after affording due notice and opportunity for hearing to the affected electing distribution company and the intervenors in the proceeding,

amend the capacity supply plan of the affected electing distribution company. Any such amendment shall not adversely affect rights under any contract entered into pursuant to such plan without the consent of the parties to such contracts. If an amendment proceeding is initiated by the affected electing distribution company and the commission fails or refuses to issue an order by the ninetieth day after the electing distribution company's filing, the amended capacity supply plan proposed by the electing distribution company shall thereupon be deemed approved by operation of law.

(12) After an electing distribution company has no obligation to provide commodity sales service to retail customers pursuant to the provisions of Code Section 46-4-156 and upon the petition of any interested person and after notice and opportunity for hearing afforded to the electing distribution company, all parties to the most current proceeding establishing a capacity supply plan for such electing distribution company, ~~the consumers' utility counsel division of the Governor's Office of Consumer Affairs,~~ all marketers who have been issued a certificate of authority pursuant to Code Section 46-4-153, and all owners or operators of interstate gas pipelines that are a part of said capacity supply plan, the commission may issue an order eliminating the responsibility of the electing distribution company for acquiring and contracting for interstate capacity assets necessary for gas to be made available on its system as well as the obligation of such electing distribution company to file any further capacity supply plans with the commission pursuant to the provisions of this subsection, if the commission determines that:

- (A) Marketers can and will secure adequate and reliable interstate capacity assets necessary to make gas available on the system of the electing distribution company for service to firm retail customers;
- (B) Adequate, reliable, and economical interstate capacity assets will not be diverted from use for service to retail customers in Georgia;
- (C) There is a competitive, highly flexible, and reasonably accessible market for interstate capacity assets for service to retail customers in Georgia;
- (D) Elimination of such responsibility on the part of the electing distribution company would not adversely affect competition for natural gas service to retail customers in Georgia; and
- (E) Elimination of such responsibility on the part of the electing distribution company is otherwise in the public interest.

If the commission eliminates the responsibility of an electing distribution company for acquiring and contracting for interstate capacity assets and filing further capacity supply plans in accordance with this subsection, the commission shall annually review the assignment of interstate capacity assets.

(13) Notwithstanding any other provisions in this Code section to the contrary, no later than July 1, 2003, the commission shall, after notice afforded to the electing distribution company, ~~the consumers' utility counsel division of the Governor's Office of Consumer Affairs,~~ all marketers who have been issued a certificate of authority in accordance with Code Section 46-4-153, and all owners or operators of interstate gas

pipelines that are a part of said capacity supply plan, hold a hearing regarding a plan for assignment of interstate assets. After such hearing, the commission may adopt a plan for assignment of interstate capacity assets held by the electing distribution company, except for those interstate capacity assets reasonably required for balancing. If adopted, the plan shall provide for interstate capacity assets to be assigned to certificated marketers who desire assignment and who are qualified technically and financially to manage interstate capacity assets. Marketers who accept assignment of interstate capacity assets shall be required by the commission to use such assets primarily to serve retail customers in Georgia and shall be permitted to use such assets outside Georgia so long as the reliability of the system is not compromised. Thereafter, the commission shall annually review the assignment of interstate capacity assets.

(14) Any order eliminating the responsibility of the electing distribution company for acquiring and contracting for interstate capacity assets pursuant to paragraph (12) of this subsection and any plan for assignment of interstate capacity assets pursuant to paragraph (13) of this subsection shall, at a minimum, ensure that:

(A) Shifts in market share are reflected in an orderly reassignment of interstate capacity assets;

(B) Marketers hold sufficient interstate capacity assets to meet the needs of retail customers;

(C) Before any such assignment is authorized, the assignee demonstrates to the commission that such assignment will result in financial benefits to firm retail customers;

(D) Before any marketer discontinues service in the Georgia market, it assigns its contractual rights for interstate capacity assets used to serve Georgia retail customers in a manner designated by the commission;

(E) In the event that the commission imposes temporary directives in accordance with Code Section 46-4-157, interstate capacity assets assigned to marketers are subject to reassignment by the commission to protect the interests of retail customers; and

(F) Any other requirement that the commission finds to be in the public interest is imposed upon assignees as a condition of the assignment of interstate capacity assets.

(15) After notice and an opportunity for hearing, the commission may authorize, subject to reasonable terms and conditions, an electing distribution company or its designee to utilize or monetize excess interstate capacity assets available to the electing distribution company."

SECTION 38.

Said title is further amended by revising Code Section 46-4-158.2, relating to rules governing marketer's terms of service, as follows:

Disconnection of service to a consumer is authorized no earlier than 15 days after a notice that service will be disconnected;

(f) Nothing in this article shall enlarge, diminish, or affect the authority, if any, otherwise possessed by the local government to take action that would impact the debt capacity of the State of Georgia or any local government. The credit of this state shall not be pledged or loaned to any private entity. The local government shall not loan money to the private entity in order to finance all or a portion of the qualifying project.

(10) The filing of appropriate financial statements to the local government on a periodic basis; and

(11) Provisions governing the rights and responsibilities of the local government and the private entity in the event that the comprehensive agreement is terminated or there is a material default by the private entity, including conditions governing assumption of the duties and responsibilities of the private entity by the local government and the transfer or purchase of property or other interests of the private entity by the local government, including provisions compliant with state constitutional limitations on public debt by the local government. Such policies and procedures shall be consistent with Code Section 36-91-116.

(b) The comprehensive agreement may include such other terms and conditions that the local government determines will serve the public purpose of this article and to which the private entity and the local government mutually agree, including, without limitation, provisions regarding unavoidable delays and provisions where the authority and duties of the private entity under this article shall cease and the qualifying project is dedicated to the local government for public use.

(c) Any changes in the terms of the comprehensive agreement, as may be agreed upon by the parties from time to time, shall be added to the comprehensive agreement by written amendment.

(d) The comprehensive agreement may provide for the development of phases or segments of the qualifying project.

36-91-116.

(a) In the event of a material default by the private entity, the local government may terminate, with cause, the comprehensive agreement and exercise any other rights and remedies that may be available to it at law or in equity, including, but not limited to, claims under the maintenance, performance, or payment bonds; other forms of security; or letters of credit required by Code Section 36-91-115.

(b) The local government may elect to assume the responsibilities and duties of the private entity of the qualifying project, and in such case, it shall succeed to all of the right, title, and interest in such qualifying project subject to statutory limitations on the

availability of future appropriated or otherwise unobligated funds.

(c) The power of eminent domain shall not be delegated to any private entity with respect to any project commenced or proposed pursuant to this article. Any local government having the power of condemnation under state law may exercise such power of condemnation to acquire the qualifying project in the event of a material default by the private entity. Any person who has provided financing for the qualifying project and the private entity, to the extent of its capital investment, may participate in the condemnation proceedings with the standing of a property owner.

(d) In the event the local government elects to take over a qualifying project pursuant to subsection (b) of this Code section, the local government may develop the qualifying project, impose user fees, and impose and collect lease payments for the use thereof.

36-91-117.

All power or authority granted by this article to public entities shall be in addition and supplemental to, and not in substitution for, the powers conferred by any other general, special, or local law. The limitations imposed by this article shall not affect the powers conferred by any other general, special, or local law and shall apply only to the extent that a local government elects to proceed under this article.

Nothing in this article shall be construed as or deemed a waiver of the sovereign or official immunity of any local government or any officer or employee thereof with respect to the participation in, or approval of, all or any part of the qualifying project or its operation, including, but not limited to, interconnection of the qualifying project with any other infrastructure or project.

36-91-119.

(a) Local governments that proceed with procurement pursuant to competitive sealed bidding as defined in Code Section 36-91-2, or any other purchasing options available under current law, shall not be required to comply with this article.

(b) Nothing in this article shall apply to or affect the State Transportation Board, the Department of Transportation, or the State Road and Tollway Authority, or any project thereof.

(c) Nothing in this article shall abrogate the obligations of a local government or private entity to comply with the public meetings requirement in accordance with Chapter 14 of Title 50 or to disclose public information in accordance with Article 4 of Chapter 18 of Title 50."

responsible public entity, the private entity shall reimburse the responsible public entity for the actual costs incurred to process, review, and evaluate the unsolicited proposal, including, without limitation, reasonable attorney's fees and fees for financial, technical, and other necessary advisers or consultants.

(c) Any private entity submitting an unsolicited proposal under subsection (a) of this Code section to a responsible public entity shall also notify each affected local jurisdiction by furnishing a copy of its unsolicited proposal to each affected local jurisdiction.

(d) Each affected local jurisdiction that is not a responsible public entity for the respective project may, within 45 days after receiving such notice, submit any comments regarding the unsolicited proposal it may have in writing to the responsible public entity and indicate whether the project is compatible with local plans and budgets. A project shall be consistent with zoning and land use regulations of the responsible public entity and each affected local jurisdiction.

(e) The responsible public entity may reject any proposal or unsolicited proposal at any time and shall not be required to provide a reason for its denial. If the responsible public entity rejects a proposal or unsolicited proposal submitted by a private entity, it shall have no obligation to return the proposal, unsolicited proposal, or any related materials following such rejection.

(f) A private entity assumes all risks in submission of a proposal or unsolicited proposal in accordance with subsections (a) and (b) of this Code section, and a responsible public entity shall not incur any obligation to reimburse a private entity for any costs, damages, or loss of intellectual property incurred by a private entity in the creation, development, or submission of a proposal or unsolicited proposal for a qualifying project.

50-5C-4.

(a) The responsible public entity may approve the project in an unsolicited proposal submitted by a private entity pursuant to Code Section 50-5C-3 as a qualifying project. Determination by the responsible public entity of a qualifying project shall not bind the responsible public entity or the private entity to proceed with the qualifying project.

(b) Upon the responsible public entity's determination of a qualifying project as provided in subsection (a) of this Code section, the responsible public entity shall:

(1) Seek competing proposals for the qualifying project by issuing a request for proposals for not less than 90 days; and

(2) Review all proposals submitted in response to the request for proposals based on the criteria established in the request for proposals.

(c) When the time for receiving proposals expires, the responsible public entity shall first rank the proposals in accordance with the factors set forth in the request for proposal or invitation for bids. The responsible public entity shall not be required to select the proposal with the lowest price offer, but it may consider price as one of various factors in evaluating the proposals received in response to the request for proposals for a qualifying project. Factors that may be considered include:

- (1) The proposed cost of the qualifying project;
 - (2) The general reputation, industry experience, and financial capacity of the private entity;
 - (3) The proposed design of the qualifying project;
 - (4) The eligibility of the facility for accelerated selection, review, and documentation timelines under the responsible public entity's guidelines;

 - (6) The private entity's compliance with a minority business enterprise participation plan;
 - (7) The private entity's plans to employ local contractors and residents; and
 - (8) Other criteria that the responsible public entity deems appropriate.
- (d) After ranking the proposals, the responsible public entity shall begin negotiations with the first ranked private entity. If the responsible public entity and the first ranked private entity do not reach a comprehensive agreement or interim agreement, then the responsible public entity may conduct negotiations with the next ranked private entity. This process shall continue until the responsible public entity either voluntarily abandons the process or executes a comprehensive agreement or interim agreement with a private entity.
- (e) At any time during the process outlined in this Code section but before full execution of a comprehensive agreement, the responsible public entity may, without liability to any private entity or third party, cancel its request for proposals or reject all proposals received in response to its request for proposals, including the unsolicited proposal, for any reason whatsoever.
- (f) Nothing in this chapter shall enlarge, diminish, or affect the authority, if any, otherwise possessed by the responsible public entity to take action that would impact the debt capacity of the State of Georgia. The credit of this state shall not be pledged or loaned to any private entity. The responsible public entity shall not loan money to the private entity in order to finance all or a portion of the qualifying project. All power or authority granted by this chapter to public entities shall be in addition to and supplemental to, and not in substitution for, the powers conferred by any other general, special, or local law. The limitations imposed by this chapter shall not affect the powers conferred by any other general, special, or local law and shall apply only to the extent that a public entity elects to proceed under this chapter.

50-5C-5.

- (a) The comprehensive agreement entered into between the responsible public entity and the private entity selected in accordance with this chapter shall include:
- (1) A thorough description of the duties of each party in the completion and operation of the qualifying project;
 - (2) Dates and schedules for the completion of the qualifying project;

- (4) Any reimbursements to be paid to the responsible public entity for services provided by the responsible public entity;
 - (5) A process for the review of plans and specifications for the qualifying project by the responsible public entity and approval by the responsible public entity if the plans and specifications conform to reasonable standards acceptable to the responsible public entity;
 - (6) A process for the periodic and final inspection of the qualifying project by the responsible public entity to ensure that the private entity's activities are in accordance with the provisions of the comprehensive agreement;
 - (7) Delivery of performance and payment bonds in the amounts required in Code Sections 13-10-40, 13-10-41, and 13-10-60 and in a form acceptable to the responsible public entity for those components of the qualifying project that involve construction, and bonds, letters of credit, or other forms of security acceptable to the responsible public entity for other phases and components of the development of the qualifying project;
 - (8) Submission of a policy or policies of public liability insurance, copies of which shall be filed with the responsible public entity accompanied by proofs of coverage, or self-insurance, each in form and amount satisfactory to the responsible public entity and reasonably sufficient to ensure coverage of tort liability to the public and employees and to enable the continued operation of the qualifying project;
 - (9) A process for monitoring the practices of the private entity by the responsible public entity to ensure that the qualifying project is properly maintained;
 - (10) The filing of appropriate financial statements to the responsible public entity on a periodic basis; and
 - (11) Provisions governing the rights and responsibilities of the responsible public entity and the private entity in the event the comprehensive agreement is terminated or there is a material default by the private entity, including conditions governing assumption of the duties and responsibilities of the private entity by the responsible public entity and the transfer or purchase of property or other interests of the private entity by the responsible public entity, including provisions compliant with state constitutional limitations on public debt.
- (b) The comprehensive agreement may include such other terms and conditions that the responsible public entity determines will serve the public purpose of this chapter and to which the private entity and the responsible public entity mutually agree, including, without limitation, provisions regarding unavoidable delays and provisions where the authority and duties of the private entity under this chapter shall cease, and the qualifying project is dedicated to the responsible public entity.
- (c) Any changes in the terms of the comprehensive agreement, as may be agreed upon by the parties from time to time, shall be added to the comprehensive agreement by written amendment.
- (d) The comprehensive agreement may provide for the development of phases or segments of the qualifying project.

50-5C-6.

(a) In the event of a material default by the private entity, the responsible public entity may terminate, with cause, the comprehensive agreement and exercise any other rights and remedies that may be available to it at law or in equity, including, but not limited to, claims under the maintenance, performance, or payment bonds; other forms of security; or letters of credit required by Code Section 50-5C-5 in accordance with Code Sections 13-10-40 through 13-10-65.

(b) The responsible public entity may elect to assume the responsibilities and duties of the private entity of the qualifying project, and in such case, it shall succeed to all of the right, title, and interest in such qualifying project.

(c) The power of eminent domain shall not be delegated to any private entity with respect to any project commenced or proposed pursuant to this chapter. Any responsible public entity having the power of condemnation under state law may exercise such power of condemnation to acquire the qualifying project in the event of a material default by the private entity. Any person who has provided financing for the qualifying project and the private entity, to the extent of its capital investment, may participate in the condemnation proceedings with the standing of a property owner.

(d) In the event the responsible public entity elects to take over a qualifying project pursuant to subsection (b) of this Code section, the responsible public entity may develop the qualifying project, impose user fees, and impose and collect lease payments for the use thereof.

50-5C-7.

All power or authority granted by this chapter to public entities shall be in addition and supplemental to, and not in substitution for, the powers conferred by any other general or special law. The limitations imposed by this chapter shall not affect the powers conferred by any other general, special, or local law and shall apply only to the extent that a public entity elects to proceed under this chapter.

50-5C-8.

Nothing in this chapter shall be construed as or deemed a waiver of the sovereign or official immunity of any responsible public entity or any officer or employee thereof with respect to the participation in, or approval of, all or any part of the qualifying project or its operation, including, but not limited to, interconnection of the qualifying project with any other infrastructure or project.

50-5C-9.

Any law enforcement officers of the public entity shall have the same powers and jurisdiction within the portion of such qualifying project as they have in their respective areas of jurisdiction, and such law enforcement officers shall have access to the qualifying project at any time for the purpose of exercising such powers and jurisdiction.

50-5C-10.

(a) Responsible public entities that proceed with procurement pursuant to competitive sealed bidding pursuant to Code Section 50-5-67, or any other purchasing options available to them under current law, shall not be required to comply with this chapter.

(b) Nothing in this chapter shall apply to or affect the State Transportation Board, the Department of Transportation, or the State Road and Tollway Authority, or any project thereof.

PART II SECTION 2-1.

WHEREAS, the General Assembly finds and declares that clinical research has shown certain benefits arising from the utilization of medical research cannabidiol, and most recently, the State of Georgia has sponsored a clinical study with GW Pharmaceuticals to quantify the benefits of a particular strain delivered orally for the treatment of seizure disorders among children; and

WHEREAS, nothing in this legislation should be construed as encouraging or sanctioning the use of marijuana or controlled substances in a manner which violates the "Controlled Substances Therapeutic Research Act," nor is this legislation to be construed as any intent of the General Assembly to be moving in the direction of the legalization of the recreational use of marijuana or other controlled substances.

SECTION 2-2.

Chapter 34 of Title 43 of the Official Code of Georgia Annotated, relating to physicians, acupuncture, physician assistants, cancer and glaucoma treatment, respiratory care, clinical perfusionists, and orthotics and prosthetics practice, is amended by revising Article 5, relating to the use of marijuana for treatment of cancer and glaucoma, as follows:

"ARTICLE 5

43-34-120.

This article shall be known and may be cited as the 'Controlled Substances Therapeutic Research Act.'

43-34-121.

(a) ~~The General Assembly finds and declares that the potential medicinal value of marijuana has received insufficient study due to a lack of financial incentives for the undertaking of appropriate research by private drug manufacturing concerns. Individual physicians cannot feasibly utilize marijuana in clinical trials because of federal governmental controls which involve expensive, time consuming approval and monitoring procedures~~ this legislation's purpose is the compassionate, potentially life-saving use of medical cannabidiol. Studies indicate that cannabidiol, a nonpsychoactive cannabinoid, has significant health and wellness benefits for the treatment of certain seizure disorders afflicting children.

(b) ~~The General Assembly further finds and declares that limited studies throughout the nation indicate that marijuana and certain of its derivatives possess valuable and, in some cases, unique therapeutic properties, including the ability to relieve nausea and vomiting which routinely accompany chemotherapy and irradiation used to treat cancer patients. Marijuana also may be effective in reducing intraocular pressure in glaucoma patients who do not respond well to conventional medications~~ treatment of seizure disorders in children.

(c) ~~The General Assembly further finds and declares that, in enabling individual physicians and their patients to participate in a state-sponsored program~~ clinical study for the investigational use of ~~marijuana and its derivatives~~ cannabidiol, qualified physicians ~~and surgeons~~ throughout ~~the~~ this state will be able to study the benefits of the drug in a controlled clinical setting, and additional knowledge will be gained with respect to dosage and effects.

(d) It is the intent of the General Assembly in enacting this article to permit research into the therapeutic applications of ~~marijuana and its derivatives in cancer and glaucoma patients~~ cannabidiol in seizure disorder patients. This would allow qualified physicians ~~approved by the Patient Qualification Review Board created by Code Section 43-34-124~~ to provide the drug on a compassionate basis to seriously ill ~~persons suffering from the severe side effects of chemotherapy or radiation treatment and to persons suffering from glaucoma who are not responding to conventional treatment~~ children suffering from seizure disorders, which ~~persons~~ children would otherwise have

no lawful access to it. It is the further intent of the General Assembly to facilitate clinical trials of ~~marijuana and its derivatives~~ cannabidiol, particularly with respect to ~~persons~~ children suffering from ~~cancer and glaucoma~~ seizure disorders who would be benefited by use of the drug.

(e) This article is limited to clinical trials and research into therapeutic applications of ~~marijuana~~ cannabidiol only for use in treating ~~glaucoma and in treating the side effects of chemotherapeutic agents and radiation~~ seizure disorders and should not be construed as either encouraging or sanctioning the social use of marijuana. ~~Nothing in this article shall be construed to encourage the use of marijuana in lieu of or in conjunction with other accepted medical treatment, but only as an adjunct to such accepted medical treatment.~~

43-34-122.

As used in this article, the term:

(1) ~~'Board'~~ means the Georgia Composite Medical Board. (2) 'Designated caregiver' means the patient's parent or legal guardian.

~~(2)~~(3) 'Marijuana' means marijuana or tetrahydrocannabinol, as defined or listed in Article 2 of Chapter 13 of Title 16.

(6) 'Smoking' means inhaling, exhaling, burning, vaporizing, or carrying any lighted marijuana or cannabis product.

(7) 'Written certification' means a document dated and signed by a physician stating that the patient has been diagnosed with Lennox-Gastaut Syndrome, Dravet Syndrome, also known as severe myoclonic epilepsy of infancy, or any other severe form of epilepsy or other seizures of unknown etiology that is not adequately treated by traditional medical therapies.

43-34-123.

~~(a) There is established under the Georgia Composite Medical Board the Controlled Substances Therapeutic Research Program, which shall be administered by the board.~~

~~Under the program, the board shall act as a sponsor of state-wide investigational studies, utilizing as drug investigators individual physicians who elect to participate in accordance with the guidelines and protocols developed by the board. - ~~(b) The board shall cause marijuana approved for use in the program to be transferred to a certified pharmacy, licensed by the state, for distribution to the certified patient by a licensed pharmacist upon a written order for research medication of the certified physician, pursuant to this article. Said title is further amended in Chapter 5, relating to programs and protection for children and youth, by adding a new Code section to read as follows:

"49-5-24.

(a)(1) In an effort to improve the availability and quality of programs and services for the protection of children and youth, the General Assembly supports interagency efforts to gather comprehensive data and to actively share and disseminate data among those agencies responsible for making informed decisions regarding the treatment, care, security, and protection of children within this state.

(2) The General Assembly finds that the sharing and integration of appropriate data and information may have numerous benefits for children and families in this state, as well as for the state and local agencies attempting to provide services for them.

(3) The General Assembly finds that such data sharing and integration can serve the

best interests of the child and the family, contribute to higher levels of effectiveness in service delivery, provide greater efficiency and productivity, and assist in the protection of children. Specifically, such data sharing and integration can reduce redundant data entry, expedite data sharing between agencies, provide for more timely service delivery, ensure more accurate and up-to-date information, assist in the development of a seamless system of services, and contribute to better performance and greater accountability by all involved parties.

(4) The General Assembly finds that the goals and purposes of this chapter, including the goal to develop a seamless system of services for children and their families, would be furthered by the development of a central repository of data for planning and evaluation purposes and urges the agencies to work toward the development of such a central repository.

(b) The Department of Human Services, working with the following agencies, shall develop and implement a workable state-wide system for sharing data relating to the care and protection of children between such agencies, utilizing existing state-wide data bases and data delivery systems to the greatest extent possible, to streamline access to such data:

- (2) Department of Early Care and Learning;
- (3) Department of Community Health;
- (4) Department of Public Health;
- (5) Department of Behavioral Health and Developmental Disabilities;

- (7) Department of Education; and
- (8) Georgia Crime Information Center.

(c) The Department of Human Services, working with such agencies, shall establish an interagency data protocol to enable each agency to accurately and efficiently collect and share data with the other agencies in the most effective and expeditious manner. The interagency data protocol shall:

- (1) Include protocols and procedures to be used by agencies in data processing, including but not limited to collecting, storing, manipulating, sharing, retrieving, and releasing data;
- (2) Delineate the specific data to be shared among all or specified agencies, the person or persons authorized by each agency to have access to another agency's data, and the security arrangements between agencies to ensure the protection of the data from unauthorized access that may threaten the privacy of persons and the confidentiality of the data;
- (3) Establish the circumstances under which and the reasons for which an agency may share information with another agency, with a local political subdivision, with a nongovernmental entity, or with an individual; and
- (4) Ensure compliance with all state and federal laws and regulations concerning the privacy of information, including but not limited to the federal Family Educational Rights and Privacy Act of 1974, 20 U.S.C. Section 1232g, and the federal Health

Insurance Portability and Accountability Act of 1996, 42 U.S.C. Section 1320d to 1320d-9.

(d) To further delineate the parameters for the sharing of data with one or more agencies, specific interagency agreements may be executed between or among agencies.

(e) If a federal law or regulation impedes necessary data sharing between agencies, the appropriate agency or agencies shall make all reasonable attempts to be granted a waiver or exemption from the applicable law or regulation.

(f) The Department of Human Services and any of the agencies in subsection (b) of this Code section may apprise chairpersons of the appropriate committees of the General Assembly of the need for any legislative action necessary to facilitate or improve data sharing between agencies for the purposes of this Code section.

(g)(1) Notwithstanding any provision to the contrary, nothing in this Code section shall be construed to nullify any memoranda of understanding existing as of June 30, 2015, or prohibit the creation of memoranda of understanding on and after July 1, 2015, between or among agencies concerning data sharing or any other data sharing practices.

(2) Notwithstanding any provision to the contrary, nothing in this Code section shall prohibit the release to or sharing of data with nongovernmental entities or individuals if the release or sharing is otherwise required, permitted, or allowed pursuant to state or federal law."

SECTION 6.

Said title is further amended by revising subsections (c) and (d) of Code Section 49-5-41, relating to persons and agencies permitted access to records, as follows:

"(c) The department or a county or other state or local agency may permit access to records concerning reports of child abuse and may release information from such records to the following persons or agencies when deemed appropriate by such department:

A department or agency shall respond to a request for access to a child's record within 14 days of receipt of such written request. The Office of State Administrative Hearings shall give notice of the time and place of the hearing to the alleged child abuser by first-class mail to the address specified in the written request for a hearing and to the division by first-class mail at least ten days prior to the date of the hearing. The doctrines of collateral estoppel and res judicata as applied in judicial proceedings are applicable to the administrative hearings held pursuant to this article.

The general public shall be excluded from hearings of the Office of State Administrative Hearings held pursuant to this article and the files and records relating thereto shall be confidential and not subject to public inspection.

Any party shall have the right of judicial review of such decision in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act,' except that the petition for review shall be filed within ten days after such decision and may only be filed with and the decision appealed to the superior court of the county where the hearing took place or, if the hearing was conducted by telephone, the Superior Court of Fulton County. The procedures for such appeal shall be substantially the same as those for judicial review of contested cases under Code Section 50-13-19 except that the filing of a petition for judicial review stays the listing of the petitioner's name upon the child abuse registry and the superior court shall conduct the review and render its decision thereon within 30 days following the filing of the petition. The review and records thereof shall be closed to the public and not subject to public inspection.

(g) The administrative law judge shall transmit to the division his or her decision regarding the alleged child abuser and the investigator's report regarding such individual within ten days following that decision unless a petition for judicial review of that decision is filed within the permitted time period. If a timely petition for judicial review is filed within the permitted time period, the superior court shall transmit to the division its decision regarding the alleged child abuser and the investigator's report regarding such individual within ten days following that decision.

A BILL TO BE ENTITLED
AN ACT

To amend Article 3 of Chapter 5 of Title 12 of the Official Code of Georgia Annotated, relating to wells and drinking water, so as to require the promulgation of regulations by the Board of Natural Resources which provide for the protection of underground drinking water; to provide for a short title; to provide for legislative findings; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 3 of Chapter 5 of Title 12 of the Official Code of Georgia Annotated, relating to wells and drinking water, is amended by adding a new part to read as follows:

"Part 1A

12-5-80.

This part shall be known and may be cited as the 'Underground Water Supply Protection Act of 2015.'

12-5-81.

The General Assembly finds that certain areas of this state are dependent on the productivity, integrity, and quality of aquifers underlying those areas for the purpose of providing a clean and reliable water supply. This water supply supports local economies and is superior to alternatives in terms of both cost and reliability. Landowners overlaying such aquifers have significant property interests in the preservation and protection of high-quality drinking water provided by these public resources. The process of storing surface water in these aquifers for later recovery for water supply or other uses and the process of moving water among aquifers for water supply or other uses, together known as aquifer storage and recovery, potentially pose significant threats to the reliability and physical integrity of these natural water supplies unless protective regulations are in place.

12-5-82.

On or before July 1, 2016, the Board of Natural Resources shall adopt regulations that provide for the protection and preservation of aquifers that provide high-quality drinking water, including but not limited to the Floridan aquifer, and for the restoration and maintenance of all other aquifers wholly or partially within this state. Such regulations shall include restrictions or prohibitions on aquifer storage and recovery where necessary to preserve the physical and chemical integrity of aquifers."

SECTION 2.

All laws and parts of laws in conflict with this Act are repealed.

Senator McKoon of the 29th offered the following amendment #1:

Amend Committee Sub SB 36 by striking at line 27 "aquifers that provide high-quality drinking"; and

Striking at line 28 "water, including but not limited to" and "and for the restoration and"; and

Striking at line 29 “maintenance of all other aquifers wholly or partially within this state.”; and

Striking at line 31 “aquifers.” and inserting “the Floridan Aquifer.”

On the adoption of the amendment, there were no objections, and the McKoon amendment #1 to the committee substitute was adopted.

On the adoption of the substitute, there were no objections, and the committee substitute was adopted as amended.

(B) Except for the amount provided in subparagraph (A) of this paragraph, the remaining proceeds of the alternative ad valorem tax shall be divided among each tax jurisdiction of this state. Such tax jurisdictions shall be limited to only a county, municipality, county school district, and independent school district which levies or causes to be levied for their benefit a property tax on real and tangible personal property.

(C) The distribution shall be made according to the proportion that the amount of ad valorem taxes to be collected by a tax jurisdiction under the tax digest specified under paragraph (2) of this subsection bears to the total amount of ad valorem taxes to be collected for all purposes applicable to real and tangible personal property in this state for the immediately preceding calendar year.

(n)(1) The provisions of subsection (m) of this Code section shall be suspended for the 2015, 2016, 2017, 2018, and 2019 tax years, and the provisions of this subsection shall apply during such period. This subsection shall stand repealed on January 1, 2020.

(2) The alternative ad valorem tax imposed by this Code section shall be collected by the commissioner and shall be distributed annually from the separate, segregated fund not later than August 1 of the calendar year immediately following the calendar year in which such taxes were paid to the commissioner, in the manner provided for in this subsection.

(3) Except as provided in paragraph (4) of this subsection, each year, the distributions of alternative ad valorem tax proceeds under this subsection shall be based upon the immediately preceding year's tax digest of each qualified tax authority submitted to and approved by the commissioner. If such digest has not been submitted and approved, the commissioner shall, for purposes of this subsection, utilize in its place the most recently submitted and approved tax digest of such qualified tax jurisdiction.

(4)(A) One percent of the alternative ad valorem tax collected by the commissioner shall be paid into the general fund of the state treasury in order to defray costs of administration.

(B) Except for the amount provided in subparagraph (A) of this paragraph, the

remaining proceeds of the alternative ad valorem tax shall be divided among each qualified tax jurisdiction of this state. Such qualified tax jurisdictions shall be limited to only a county, municipality, county school district, and independent school district which levies or causes to be levied for their benefit a property tax on real and tangible personal property. The commissioner shall determine the amount of ad valorem tax on apportionable vehicles identified under subsections (a), (b), and (c) of this Code section that was received by each qualified tax jurisdiction for the 2013 tax year. Such amount shall represent the benchmark amount for such qualified tax jurisdiction:

(i) For the 2015 tax year, each qualified tax jurisdiction shall receive an amount of alternative ad valorem tax revenue equal to such benchmark amount;

(ii) For the 2016 tax year, each qualified tax jurisdiction shall receive an amount of alternative ad valorem tax revenue equal to 80 percent of such benchmark amount;

(iii) For the 2017 tax year, each qualified tax jurisdiction shall receive an amount of alternative ad valorem tax revenue equal to 60 percent of such benchmark amount;

(iv) For the 2018 tax year, each qualified tax jurisdiction shall receive an amount of alternative ad valorem tax revenue equal to 40 percent of such benchmark amount;

(v) For the 2019 tax year, each qualified tax jurisdiction shall receive an amount of alternative ad valorem tax revenue equal to 20 percent of such benchmark amount; and

(vi) For all tax years beginning on or after January 1, 2020, each qualified tax jurisdiction shall receive the amount of alternative ad valorem tax revenue determined pursuant to subsection (m) of this Code section.

(C) In the event that the amount of ad valorem tax on apportionable vehicles collected in a tax year covered under this subsection is less than the benchmark amount, then the benchmark distribution of each qualified tax jurisdiction for such tax year shall be reduced proportionately to reflect the amount of such shortfall. In the event a qualified tax jurisdiction ceases to be a qualified tax jurisdiction, it shall not be entitled to receive a distribution of either the benchmark amount under this subparagraph or the remaining distribution amount under subparagraph (D) of this paragraph.

(D) When a qualified tax jurisdiction has received an amount equal to the benchmark amount, any funds remaining with the commissioner shall be distributed in accordance with the formula contained in paragraph (3) of subsection (m) of this Code section."

SB 127. By Senators Jeffares of the 17th, Harbison of the 15th, Harper of the 7th, Williams of the 19th, Stone of the 23rd and others:

A BILL to be entitled an Act to amend Chapter 5 of Title 21 of the Official Code of Georgia Annotated, relating to ethics in government, so as to provide for waivers of certain civil penalties and fees incurred by candidates for local

elected office; to provide for exceptions; to provide for refunds of certain civil penalties and fees; to provide for legislative findings; to provide for related matters; to provide an effective date; to repeal conflicting laws; and for other purposes.

The Senate Committee on Ethics offered the following substitute to SB 127:

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 5 of Title 21 of the Official Code of Georgia Annotated, relating to ethics in government, so as to provide for waivers of certain civil penalties and fees incurred by candidates for local elected office; to provide for exceptions; to provide for refunds of certain civil penalties and fees; to provide for legislative findings; to provide for automatic repeal; to provide for related matters; to provide an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

The General Assembly finds that:

- (1) The Department of Audits and Accounts performed a thorough review of the operations of the Georgia Government Transparency and Campaign Finance Commission and issued a report on October 15, 2014, entitled "Commission's Effectiveness Limited by Poor Management Controls" which found that the Georgia Government Transparency and Campaign Finance Commission's e-filing system incorrectly flagged individuals as late filers or as being in noncompliance when they had in fact submitted the required filings. Consequently, the Georgia Government Transparency and Campaign Finance Commission cannot rely on the system to determine the late fees owed or whether penalties should be imposed;
- (2) In such report, the State Auditor noted that "some aspects of the Act have not been implemented, and there is evidence of inconsistent treatment of late filings and complaint investigations, resulting in fines and fees being assessed or waived in an inequitable manner. Specifically, the Commission lacks formalized policies and procedures and a monitoring system";
- (3) In such report, the State Auditor stated that Georgia Government Transparency and Campaign Finance Commission staff also noted that the e-filing system was not updated to reflect changes in the law which resulted in the fee system "incorrectly flagging some individuals who are no longer required to submit filings to the Commission as late or nonfilers" and assessing fees even when they were no longer required to file with the Georgia Government Transparency and Campaign Finance Commission;
- (4) Because the Georgia Government Transparency and Campaign Finance

Commission's e-filing system serves as the basis for calculating and assessing late fees, individuals have been wrongfully identified as being in violation of the law, their reputations have been wrongfully tarnished, and they have been wrongfully assessed fees;

(5) The civil penalty for a filing that was not filed by the due date was \$125.00. For a filing that was not filed within 15 days of the due date, there was an additional \$250.00 penalty. For a filing that was not filed within 45 days of the due date, there was an additional \$1,000.00 penalty. In many cases, the fees assessed greatly exceeded the compensation that local officials receive for their service on a city council, county commission, or school board;

(6) The law has now been changed to prevent this situation from continuing, but good people who have or would serve in a local elected office are discouraged from running and serving due to these systemic errors at the Georgia Government Transparency and Campaign Finance Commission; and

(7) It is the desire of the General Assembly to assist these candidates to correct this problem by creating a rebuttable presumption that candidates for local office filed or attempted to file campaign and personal financial disclosure reports with the Georgia Government Transparency and Campaign Finance Commission and authorizing the Georgia Government Transparency and Campaign Finance Commission to waive late fees, fines, and civil penalties which were imposed on candidates for local government office for failure to file or incomplete filing of such reports during the time this system was in place and to refund late fees, fines, and civil penalties remitted by such candidates after January 1, 2014, for such alleged violations occurring before that date. However, as to candidates for local government office who are shown to have knowingly and willfully failed to make such filings, the Georgia Government Transparency and Campaign Finance Commission may pursue enforcement actions against such persons and sanction them accordingly.

SECTION 2.

Chapter 5 of Title 21 of the Official Code of Georgia Annotated, relating to ethics in government, is amended by adding a new Code section to read as follows:

"21-5-7.2.

(a) Upon written request of a candidate or in a response by the candidate to any notification from the commission alleging noncompliance with the provisions of this chapter for filings required between January 1, 2010, and January 10, 2014, the commission shall be authorized to waive late fees, fines, and civil penalties incurred by candidates for public office for those offices defined in subparagraphs (F) and (G) of paragraph (22) of Code Section 21-5-3 regarding the late, incomplete, or nonfiling of campaign disclosure reports and personal financial disclosure reports.

(b) For candidates who paid late fees, fines, or civil penalties between January 1, 2014, and the effective date of this Code section based upon alleged noncompliance with the provisions of this chapter for filings required between January 1, 2010, and January 10, 2014, such candidates may make a written request to the commission for a waiver

under division (b)(14)(C)(i) of Code Section 21-5-6, and, if granted, the commission shall refund such late fees, fines, and civil penalties to the candidate subject to appropriations for such purpose.

(c) With regard to filings which were required under this chapter during the period between January 1, 2010, and January 10, 2014, there shall be a rebuttable presumption that all candidates for a public office for those offices defined in subparagraphs (F) and (G) of paragraph (22) of Code Section 21-5-3 timely filed or attempted to file the required reports but were unable to do so as a result of the problems with the commission's computer system during such time period. Such rebuttable presumption shall be overcome by proof by a preponderance of the evidence that such candidate failed to file the required report during such period.

(d) The commission shall approve or deny each request for waiver or commence further proceedings under Code Section 21-5-7 within 12 months after receipt of the request by the commission. If such request for a waiver is denied, the candidate may, within 30 days following the candidate's receipt of notice of the denial, demand a hearing on such request for a waiver before the commission as provided by division (b)(14)(C)(i) of Code Section 21-5-6.

(e) In the event that the commission grants a waiver under this Code section and within two years following the effective date of this Code section discovers evidence that the person to whom such waiver was granted was guilty of knowingly and willfully refusing to file the report or reports for which such waiver was granted, the commission may revoke such waiver, reimpose all such late fees, fines, and penalties, and take such further actions as the commission is authorized to do as if such waiver had never been granted.

(f) If the commission grants a waiver under this Code section and, at the end of the two-year period following the effective date of this Code section, the commission has taken no further action with regard to such waiver, then the commission shall expunge from the commission's records all of the alleged violations which were the basis for such late fees, fines, and penalties associated with such waiver for such person for whom such waiver was granted.

(g) This Code section shall be repealed by operation of law on January 31, 2019."

SECTION 3.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 4.

All laws and parts of laws in conflict with this Act are repealed.

On the adoption of the substitute, there were no objections, and the committee substitute was adopted.

A BILL to be entitled an Act to amend Article 1 of Chapter 1 of Title 31 of the Official Code of Georgia Annotated, relating to general provisions relative to health, so as to clarify the use and effectiveness of Physician Orders for Life-Sustaining Treatment forms; to provide alternate terminology for do not resuscitate orders; to amend other Code sections of the Official Code of Georgia Annotated for purposes of conformity; to provide for related matters; to repeal conflicting laws; and for other purposes.

The Senate Committee on Health and Human Services offered the following substitute to SB 109:

A BILL TO BE ENTITLED
AN ACT

To amend Article 1 of Chapter 1 of Title 31 of the Official Code of Georgia Annotated, relating to general provisions relative to health, so as to clarify the use and effectiveness of Physician Orders for Life-Sustaining Treatment forms; to provide alternate terminology for do not resuscitate orders; to amend other Code sections of the Official Code of Georgia Annotated for purposes of conformity; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 1 of Chapter 1 of Title 31 of the Official Code of Georgia Annotated, relating to general provisions relative to health, is amended by adding a new Code section to read as follows:

"31-1-14.

(a) As used in this Code section, the term:

(1) 'Attending physician' means the physician who has primary responsibility at the time of reference for the treatment and care of the patient.

(2) 'Authorized person' shall have the same meaning as in Code Section 31-39-2.

(3) 'Decision-making capacity' means the ability to understand and appreciate the nature and consequences of an order regarding end of life care decisions, including the benefits and disadvantages of such an order, and to reach an informed decision regarding the order.

(4) 'Health care facility' shall have the same meaning as in Code Section 31-32-2.

(5) 'Health care provider' shall have the same meaning as in Code Section 31-32-2.

(6) 'Life-sustaining procedures' means medications, machines, or other medical procedures or interventions which, when applied to a patient in a terminal condition or in a state of permanent unconsciousness, could in reasonable medical judgment keep the patient alive but cannot cure the patient and where, in the judgment of the attending physician and a second physician, death will occur without such procedures or interventions. The term 'life-sustaining procedures' shall not include the provision of nourishment or hydration but a patient may direct the withholding or withdrawal of the provision of nourishment or hydration in a POLST form. The term 'life-sustaining procedures' shall not include the administration of medication to alleviate pain or the performance of any medical procedure deemed necessary to alleviate pain.

(7) 'Physician Orders for Life-Sustaining Treatment form' or 'POLST form' means a form executed pursuant to this Code section which provides directions regarding the patient's end of life care.

(8) 'Provision of nourishment or hydration' means the provision of nutrition or fluids by tube or other medical means.

(9) 'State of permanent unconsciousness' means an incurable or irreversible condition in which the patient is not aware of himself or herself or his or her environment and in which the patient is showing no behavioral response to his or her environment.

(10) 'Terminal condition' means an incurable or irreversible condition which would result in the patient's death in a relatively short period of time.

(b) The department shall develop and make available a Physician Orders for Life-Sustaining Treatment form. Such form shall provide directions regarding the patient's end of life care and shall be voluntarily executed by either a patient who has decision-making capacity and an attending physician or the patient's authorized person and an attending physician; provided, however, that this shall not prevent a health care facility from imposing additional administrative or procedural requirements as directed by

federal law or regulations. A POLST form may be executed when a patient has a serious illness or condition and the attending physician's reasoned judgment is that the patient will die within the next 365 days. Such form, if signed by an authorized person, shall indicate the relationship of the authorized person to the patient pursuant to paragraph (3) of Code Section 31-39-2.

(c)(1) A POLST form shall constitute a legally sufficient order. Such an order shall remain effective unless the order is revoked by the patient. An attending physician who has issued such an order and who transfers care of the patient to another physician shall inform the receiving physician and the health care facility, if applicable, of the order. Review of the POLST form is recommended at care transitions and such review should be specified on the form. A POLST form signed by the patient and attending physician and indicating 'allow natural death' or 'do not resuscitate' or the equivalent may be implemented without restriction. If the POLST form (i) is signed by the attending physician and an authorized person instead of the patient and (ii) indicates 'allow natural death' or 'do not resuscitate' or the equivalent, in compliance with subsection (c) of Code Section 31-39-4, the POLST form may be implemented or become effective when the patient is a candidate for nonresuscitation, and such consent shall be based in good faith upon what such authorized person determines such candidate for nonresuscitation would have wanted had such candidate for nonresuscitation understood the circumstances under which such order is being considered. A POLST form addressing interventions other than resuscitation and signed by the patient and attending physician may be implemented without restriction. If the POLST form is signed by an authorized person who is the health care agent named by the patient in an advance directive for health care and the attending physician, in compliance with paragraph (1) of subsection (e) of Code Section 31-32-7, all treatment indications on the POLST form may be implemented. If the POLST form is signed by an authorized person who is not the health care agent named by the patient in an advance directive for health care, treatment indications on the POLST form may be implemented or become effective only when the patient is in a terminal condition or a state of permanent unconsciousness.

(2) A POLST form shall be portable with the patient across care settings and shall be valid in any health care facility in which the patient who is the subject of such form is being treated. A health care facility and a health care provider, in its discretion, may rely upon a POLST form as legally valid consent by the patient to the terms therein; provided, however, that this shall not prevent a health care facility from imposing additional requirements regarding a patient's end of life care decisions.

(3) A copy of a POLST form shall be valid and have the same meaning and effect as the original document.

(4) A physician orders for life-sustaining treatment form which was executed in another state, which is valid under the laws of such state and which is substantially similar to the Georgia POLST form, and contains signatures of (i) either the patient or an authorized person and (ii) the attending physician, shall be treated as a POLST form which complies with this Code section.

(d)(1) Each health care provider, health care facility, and any other person who acts in good faith reliance on a POLST form shall be protected and released to the same extent as though such provider, facility, or other person had interacted directly with the patient as a fully competent person. Without limiting the generality of the foregoing, the following specific provisions shall also govern, protect, and validate the acts of an authorized person and each such health care provider, health care facility, and any other person acting in good faith reliance on such POLST form:

(A) No such health care provider, health care facility, or person shall be subject to civil or criminal liability or discipline for unprofessional conduct solely for complying with a POLST form, even if death or injury to the patient ensues;

(B) No such health care provider, health care facility, or person shall be subject to civil or criminal liability or discipline for unprofessional conduct solely for failure to comply with a POLST form, so long as such health care provider, health care facility, or person promptly informs the patient's authorized person of such health care provider's, health care facility's, or person's refusal or failure to comply with such POLST form. The authorized person shall then be responsible for arranging the patient's transfer to another health care provider or health care facility. A health care provider, health care facility, or person who is unwilling to comply with a POLST form shall continue to provide reasonably necessary consultation and care in connection with the pending transfer;

(C) If the actions of a health care provider, health care facility, or person who fails to comply with a POLST form are substantially in accord with reasonable medical standards at the time of reference; and such provider, facility, or person cooperates in the transfer of the patient, then the health care provider, health care facility, or person shall not be subject to civil or criminal liability or discipline for unprofessional conduct for failure to comply with such POLST form;

(D) No authorized person who, in good faith, acts with due care for the benefit of the patient and in accordance with a POLST form, or who fails to act, shall be subject to civil or criminal liability for such action or inaction; and

(E) If a POLST form is revoked, a person shall not be subject to criminal prosecution or civil liability for acting in good faith reliance upon such POLST form unless such person had actual knowledge of the revocation.

(2) No person shall be civilly liable for failing or refusing in good faith to effectuate a POLST form regarding the withholding or withdrawal of life-sustaining procedures or the withholding or withdrawal of the provision of nourishment or hydration.

(3) No physician or any person acting under a physician's direction and no health care facility or any agent or employee thereof who, acting in good faith in accordance with the requirements of this Code section, causes the withholding or withdrawal of life-sustaining procedures or the withholding or withdrawal of the provision of nourishment or hydration from a patient or who otherwise participates in good faith therein shall be subject to any civil or criminal liability or guilty of unprofessional conduct therefor.

(4) Any person who participates in the withholding or withdrawal of life-sustaining

procedures or the withholding or withdrawal of the provision of nourishment or hydration pursuant to a POLST form and who has actual knowledge that such POLST form has been properly revoked shall not have any civil or criminal immunity otherwise granted under this subsection for such conduct.

(e) In the event there are any directions in a patient's previously executed living will, advance directive for health care, durable power of attorney for health care, do not resuscitate order, or other legally authorized instrument that conflict with the directions in a POLST form, the most recent instrument will take precedence to the extent of the conflict."

SECTION 2.

Chapter 39 of Title 31 of the Official Code of Georgia Annotated, relating to cardiopulmonary resuscitation, is amended by revising subsections (a) and (c) of Code Section 31-39-4, relating to persons authorized to issue an order not to resuscitate, as follows:

"(a) It shall be lawful for the attending physician to issue an order not to resuscitate pursuant to the requirements of this chapter. Any written order issued by the attending physician using the term 'do not resuscitate,' 'DNR,' 'order not to resuscitate,' 'do not attempt resuscitation,' 'DNAR,' 'no code,' 'allow natural death,' 'AND,' 'order to allow natural death,' or substantially similar language in the patient's chart shall constitute a legally sufficient order and shall authorize a physician, health care professional, nurse, physician assistant, caregiver, or emergency medical technician to withhold or withdraw cardiopulmonary resuscitation. Such an order shall remain effective, whether or not the patient is receiving treatment from or is a resident of a health care facility, until the order is canceled as provided in Code Section 31-39-5 or until consent for such order is revoked as provided in Code Section 31-39-6, whichever occurs earlier. An attending physician who has issued such an order and who transfers care of the patient to another physician shall inform the receiving physician and the health care facility, if applicable, of the order."

"(c) The appropriate authorized person may, after being informed of the provisions of this Code section, consent orally or in writing to an order not to resuscitate for an adult candidate for nonresuscitation; provided, however, that such consent is based in good faith upon what such authorized person determines such candidate for nonresuscitation would have wanted had such candidate for nonresuscitation understood the circumstances under which such order is being considered. Where such authorized person is an agent under a durable power of attorney for health care or a health care agent under an advance directive for health care appointed pursuant to Chapter 32 of this title or where a Physician Orders for Life-Sustaining Treatment form with a code status of 'do not resuscitate' or its equivalent has been executed in accordance with Code Section 31-1-14 by an authorized person who is an agent under a durable power of attorney for health care or a health care agent under an advance directive for health care appointed pursuant to Chapter 32 of this title, the attending physician may issue an order not to resuscitate a candidate for nonresuscitation pursuant to the requirements of

this chapter without the concurrence of another physician, notwithstanding the provisions of paragraph (4) of Code Section 31-39-2."

SECTION 3.

Code Section 16-5-5 of the Official Code of Georgia Annotated, relating to assisted suicide and notification of licensing board regarding violations, is amended by revising paragraphs (3) and (4) of subsection (c) as follows:

"(3) Any person prescribing, dispensing, or administering medications or medical procedures pursuant to, without limitation, a living will, a durable power of attorney for health care, an advance directive for health care, a Physician Orders for Life-Sustaining Treatment form pursuant to Code Section 31-1-14, or a consent pursuant to Code Section 29-4-18 or 31-9-2 when such actions are calculated or intended to relieve or prevent a patient's pain or discomfort but are not calculated or intended to cause such patient's death, even if the medication or medical procedure may have the effect of hastening or increasing the risk of death;

(4) Any person discontinuing, withholding, or withdrawing medications, medical procedures, nourishment, or hydration pursuant to, without limitation, a living will, a durable power of attorney for health care, an advance directive for health care, a Physician Orders for Life-Sustaining Treatment form pursuant to Code Section 31-1-14, a consent pursuant to Code Section 29-4-18 or 31-9-2, or a written order not to resuscitate; or"

SECTION 4.

Code Section 16-5-101 of the Official Code of Georgia Annotated, relating to neglect to a disabled adult, elder person, or resident, is amended by revising subsection (b) as follows:

"(b) The provisions of this Code section shall not apply to a physician nor any person acting under a physician's direction nor to a hospital, hospice, or long-term care facility, nor any agent or employee thereof who is in good faith acting within the scope of his or her employment or agency or who is acting in good faith in accordance with a living will, a durable power of attorney for health care, an advance directive for health care, a Physician Orders for Life-Sustaining Treatment form pursuant to Code Section 31-1-14, an order not to resuscitate, or the instructions of the patient or the patient's lawful surrogate decision maker, nor shall the provisions of this Code section require any physician, any institution licensed in accordance with Chapter 7 of Title 31, or any employee or agent thereof to provide essential services or shelter to any person in the absence of another legal obligation to do so."

SECTION 5.

Code Section 29-4-18 of the Official Code of Georgia Annotated, relating to definitions, requirements, and termination of temporary medical consent guardianship, is amended by revising subsections (k) and (l) as follows:

"(k)(1) No hospital or other health care facility, health care provider, or other person or entity shall be subject to civil or criminal liability or discipline for unprofessional

conduct solely for relying in good faith on any direction or decision by a temporary medical consent guardian, even if death or injury to the medical consent ward ensues. Each hospital or other health care facility, health care provider, and any other person or entity who acts in good faith reliance on any direction or decision by a temporary medical consent guardian shall be protected and released to the same extent as though such person had interacted directly with the medical consent ward as a fully competent person.

(2) No temporary medical consent guardian who, in good faith, acts with due care for the benefit of the medical consent ward, or who fails to act, shall be subject to civil or criminal liability for such action or inaction.

~~(3) Any person who acts in good faith in accordance with a Physician Order for Life-sustaining Treatment developed pursuant to subsection (1) of this Code section shall have all of the immunity granted pursuant to Code Section 31-32-10.~~
