Honorable Sam Teasley

State Representative

Atlanta, Georgia 30334

SUBJECT: Fiscal Note
House Bill 802 (LC 28 7812)

Dear Representative Teasley:

The Georgia State University Fiscal Research Center provided the following narrative on the revenue impact of this bill:

This proposal increases the current law limit on the amount of contributions to a Georgia Higher Education Savings Plan (529 plan) account that may be deducted from income on state personal income tax returns. Under current law, taxpayers are allowed to deduct contributions up to a maximum amount of \$2,000 per beneficiary. Under the proposal, the maximum deductible contribution would be increased by \$2,000 to \$4,000 per beneficiary, but the proposal would be limited to taxpayers with married filing joint (MFJ) tax returns. The proposal is effective for contributions made in taxable years beginning on or after January 1, 2016. The revenue effect of this proposal is shown in Table 1.

Table 1. Revenue loss from LC 28 7812

<i>(millions)</i>	FY 2017	FY 2018	FY 2019	FY 2020	FY 2021
Revenue Loss (Low)	\$1.6	\$1.8	\$1.8	\$1.8	\$1.9
Revenue Loss (High)	\$2.5	\$2.8	\$2.8	\$2.8	\$2.8

The revenue effect of this proposal is estimated using data provided by the Georgia Student Finance Commission. These data provided information on the size of account deposits for Georgia 529 plan accounts in tax year 2014. Based on this information, approximately 21,400 accounts had annual deposits between \$2,000 and \$4,000 in 2014, with an average contribution for 2014 of \$3,154. This group comprises 26 percent of all Georgia 529 plan accounts in 2014.

In addition, 16 percent of all 529 plan accounts or about 13,000 accounts had annual deposits for 2014 in excess of \$4,000. Approximately 84 percent of all 2013 tax returns with a deduction for 529 plan contributions have married filing joint returns.

Each plan receiving the full \$2,000 increase in the proposed limit generates a revenue loss to the state of \$105 assuming an average effective tax rate of 5.25 percent, based on data from the Georgia income tax data for 2013. The estimated revenue effect assumes no increase in the amount of contributions to account plans with contributions above \$4,000 as they are currently receiving contributions in excess of the proposed deduction limit.

The estimated effect of this provision is between \$1.6 and \$2.5 million for FY 2017, growing to between \$1.9 and \$2.8 million in FY 2021. Assuming no change in the amount of annual contributions or number of accounts, the provision decreases state revenues by \$1.8 million annually, on average. Assuming an increase in contributions to plans for those accounts currently between \$2,000 and \$4,000, and a marginal increase in the number of new plan accounts, the cost of this provision is \$2.8 million annually, on average.

This proposal is similar to LC 28 7734, which increases the deduction limit to \$3,000 for all taxpayers. While this proposal limits the pool of taxpayers who benefit from the increase in the deduction amount to only the 84 percent who are MFJ filers, it also increases the amount by which those taxpayers can benefit by 100 percent. Therefore, on net, the revenue loss is larger than that estimated for LC 28 7734.

Sincerely,

/s/ Greg S. Griffin
State Auditor

Office of Planning and Budget

"32-9-13.

1008, the city shall be authorized to levy a retail sales and use tax up to .50 percent under the provisions set forth in this Code section. Such tax shall be in addition to any tax which is currently authorized and collected under the MARTA Act. The city may elect to hold a referendum in 2016 as provided for by this Code section by the adoption of a resolution or ordinance by its governing body on or prior to June 30, 2016; provided, however, that if the city does not adopt a resolution or ordinance on or prior to June 30, 2016, it may elect to hold a referendum at the November, 2017, municipal general election by the adoption of a resolution or ordinance by its governing body to that effect on or prior to June 30, 2017. Such additional tax shall not count toward any local sales tax limitation provided for by Code Section 48-8-6. Any tax imposed under this part at a rate of less than .50 percent shall be in an increment of .05 percent. Any tax imposed under this part shall run concurrently as to duration of the levy with the 1 percent tax currently levied pursuant to the 'Metropolitan Atlanta Rapid Transit Authority Act of 1965,' approved March 10, 1965 (Ga. L. 1965, p. 2243), as amended.

(c)(1) No later than May 31 of the year a referendum is to be called for as provided in this Code section, the authority shall submit to the city a preliminary list of new rapid transit projects within or serving the geographical area of the city which may be funded in whole or in part by the proceeds of the additional tax authorized by this Code section.

All of the proceeds derived from the additional tax provided for by this Code section shall be first allocated for payment of the cost of the rapid transit projects incorporated in such contract, except as otherwise provided by the terms of such rapid transit contract, and thereafter, upon completion and payment of such rapid transit projects, as provided for in such contract and this Code section. The deduction shall be at the rate and subject to the requirements specified under subsections (b) through (f) of Code Section 48-8-50.

48-8-266.

Each sales tax return remitting taxes collected under this ~~article~~ part shall separately identify the location of each retail establishment at which any of the taxes remitted were collected and shall specify the amount of sales and the amount of taxes collected at each establishment for the period covered by the return in order to facilitate the determination by the commissioner that all taxes imposed by this ~~article~~ part are collected and distributed according to situs of sale.

48-8-267.

(a) The proceeds of the tax collected by the commissioner in each special district under this ~~article~~ part shall be disbursed as soon as practicable after collection as follows:

(1) One percent of the amount collected shall be paid into the general fund of the state treasury in order to defray the costs of administration; and

(2) Except for the percentage provided in paragraph (1) of this subsection, the remaining proceeds of the tax shall be distributed:

(A) Pursuant to the terms of the intergovernmental agreement, if applicable; or

(B) If no intergovernmental agreement has been entered into, in accordance with subsection (b) of this Code section.

(b) In the event an intergovernmental agreement has not been entered into, then distribution of the proceeds shall be as follows:

(1) The state auditor shall determine the most recent three fiscal years for which an audit under Code Section 36-81-7 has been made;

(2) Utilizing the audit information under paragraph (1) of this subsection, the county and each qualified municipality shall receive a proportional amount of proceeds of the tax based upon the amount of expenditures made for transportation in the most recent three fiscal years. The proportional amount for the county and each qualified municipality shall be determined by dividing the average expended on transportation during the most recent three fiscal years by the county or qualified municipality by the aggregate average expended on transportation by the county and all qualified municipalities in the special district during the most recent three fiscal years. Amounts expended on transportation include transportation maintenance and operation costs and shall correspond with classifications and subclassifications specified in the local government uniform chart of accounts under subsection (e) of Code Section 36-81-3 within section 4200, including noncapital expenditures within sections 4210-4270, and shall be reported in the local government audit. Total general fund expenditures by the local government within these categories shall be specified in the footnotes of the audited financial statement. If such transportation expenditures include maintenance and operation costs to support local government airport and transit operations, reported in functions 7561 and 7563 of the uniform chart, the general fund costs for those functions shall be included in the footnotes of the local government's audited financial report; and

(3) Following the determinations made pursuant to paragraph (2) of this subsection and at least 30 days prior to the referendum, the state auditor shall certify the appropriate distribution percentages to the commissioner and the commissioner shall utilize such percentages for the distribution of proceeds for the term of the tax.

48-8-268.

(a) The proceeds of a tax under this ~~article~~ part shall not be subject to any allocation or balancing of state and federal funds provided for by general law, and such proceeds shall not be considered or taken into account in any such allocation or balancing.

(b) The approval of the tax under this ~~article~~ part shall not in any way diminish the

percentage of state or federal funds allocated to any of the local governments under Code Section 32-5-27 within the special district levying the tax. The amount of state or federal funds expended in the county or any qualified municipality within the special district shall not be decreased or diverted due to the use of proceeds from the tax levied under this article part for transportation purposes that have a high priority in the state-wide strategic transportation plan.

48-8-269.

(a) Except as to rate, a tax imposed under this article part shall correspond to the tax imposed by Article 1 of this chapter. No item or transaction which is not subject to taxation under Article 1 of this chapter shall be subject to a tax imposed under this article part, except that a tax imposed under this article part shall not apply to:

- (1) The sale or use of any type of fuel used for off-road heavy-duty equipment, off-road farm or agricultural equipment, or locomotives;
- (2) The sale or use of jet fuel to or by a qualifying airline at a qualifying airport;
- (3) The sale or use of fuel that is used for propulsion of motor vehicles on the public highways;
- (4) The sale or use of energy used in the manufacturing or processing of tangible goods primarily for resale;
- (5) The sale or use of motor fuel as defined under paragraph (9) of Code Section 48-9-2 for public mass transit; or
- (6) The purchase or lease of any motor vehicle pursuant to Code Section 48-5C-1.

(b) Except as otherwise specifically provided in this article part, the tax imposed pursuant to this article part shall be subject to any sales and use tax exemption which is otherwise imposed by law; provided, however, that the tax levied by this article part shall be applicable to the sale of food and food ingredients as provided for in paragraph (57) of Code Section 48-8-3.

48-8-269.1.

Where a local sales or use tax has been paid with respect to tangible personal property by the purchaser either in another local tax jurisdiction within this state or in a tax jurisdiction outside this state, the tax may be credited against the tax authorized to be imposed by this article part upon the same property. If the amount of sales or use tax so paid is less than the amount of the tax due under this article part, the purchaser shall pay an amount equal to the difference between the amount paid in the other tax jurisdiction and the amount due under this article part. The commissioner may require such proof of payment in another local tax jurisdiction as he or she deems necessary and proper. No credit shall be granted, however, against the tax under this article part for tax paid in another jurisdiction if the tax paid in such other jurisdiction is used to obtain a credit against any other local sales and use tax levied in the county or in a special district which includes the county.

48-8-269.2.

No tax shall be imposed upon the sale of tangible personal property which is ordered by and delivered to the purchaser at a point outside the geographical area of the county in which the tax is imposed regardless of the point at which title passes, if the delivery is made by the seller's vehicle, United States mail, or common carrier or by private or contract carrier.

48-8-269.3.

The commissioner shall have the power and authority to promulgate such rules and regulations as shall be necessary for the effective and efficient administration and enforcement of the collection of the tax.

48-8-269.4.

Except as provided in Code Section 48-8-6, the tax authorized under this ~~article~~ part shall be in addition to any other local sales and use tax. Except as otherwise provided in this ~~article~~ part and except as provided in Code Section 48-8-6, the imposition of any other local sales and use tax within a county or qualified municipality within a special district shall not affect the authority of a county to impose the tax authorized under this ~~article~~ part, and the imposition of the tax authorized under this ~~article~~ part shall not affect the imposition of any otherwise authorized local sales and use tax within the special district.

48-8-269.5.

(a)(1) The proceeds received from the tax shall be used by the county and qualified municipalities within the special district exclusively for the transportation purposes specified in the resolution calling for imposition of the tax. Such proceeds shall be kept in a separate account from other funds of any county or qualified municipality receiving proceeds of the tax and shall not in any manner be commingled with other funds of any county or qualified municipality prior to the expenditure.

(2) The governing authority of each county and the governing authority of each qualified municipality receiving any proceeds from the tax under this ~~article~~ part shall maintain a record of each and every purpose for which the proceeds of the tax are used. A schedule shall be included in each annual audit which shows for each purpose in the resolution calling for imposition of the tax the original estimated cost, the current estimated cost if it is not the original estimated cost, amounts expended in prior years, and amounts expended in the current year. The auditor shall verify and test expenditures sufficient to provide assurances that the schedule is fairly presented in relation to the financial statements. The auditor's report on the financial statements shall include an opinion, or disclaimer of opinion, as to whether the schedule is presented fairly in all material respects in relation to the financial statements taken as a whole.

(b) No general obligation debt shall be issued in conjunction with the imposition of the tax unless the county governing authority determines that, and if the debt is to be

validated it is demonstrated in the validation proceedings that, during each year in which any payment of principal or interest on the debt comes due, the county will receive from the tax net proceeds sufficient to fully satisfy such liability. General obligation debt issued under this ~~article~~ part shall be payable first from the separate account in which are placed the proceeds received by the county from the tax. Such debt, however, shall constitute a pledge of the full faith, credit, and taxing power of the county; and any liability on such debt which is not satisfied from the proceeds of the tax shall be satisfied from the general funds of the county.

(c) The intergovernmental agreement, if applicable, and resolution calling for the imposition of the tax may specify that all of the proceeds of the tax will be used for payment of general obligation debt issued in conjunction with the imposition of the tax, and, in that event, such proceeds shall be solely for such purpose except as otherwise provided in subsection (f) of this Code section.

(d) The intergovernmental agreement, if applicable, and resolution calling for the imposition of the tax may specify that a part of the proceeds of the tax will be used for payment of general obligation debt issued in conjunction with the imposition of the tax. The intergovernmental agreement, if applicable, and resolution shall specifically state the other purposes for which such proceeds will be used. In such a case, no part of the net proceeds from the tax received in any year shall be used for such other purposes until all debt service requirements of the general obligation debt for that year have first been satisfied from the account in which the proceeds of the tax are placed.

(e) The resolution calling for the imposition of the tax may specify that no general obligation debt is to be issued in conjunction with the imposition of the tax. The intergovernmental agreement, if applicable, and resolution shall specifically state the purpose or purposes for which the proceeds will be used.

(f)(1)(A) If the proceeds of the tax are specified to be used solely for the purpose of payment of general obligation debt issued in conjunction with the imposition of the tax, then any net proceeds of the tax in excess of the amount required for final payment of such debt shall be subject to and applied as provided in paragraph (2) of this subsection.

(B) If the special district receives from the tax net proceeds in excess of the maximum cost of the transportation projects and purposes stated in the resolution calling for the imposition of the tax or in excess of the actual cost of such projects and purposes, then such excess proceeds shall be subject to and applied as provided in paragraph (2) of this subsection unless otherwise specified in the intergovernmental agreement, if applicable.

(C) If the tax is terminated under paragraph (1) of subsection (b) of Code Section 48-8-264 by reason of denial of validation of debt, then all net proceeds received by the special district from the tax shall be excess proceeds subject to paragraph (2) of this subsection.

(2) Excess proceeds subject to this subsection shall be used solely for the purpose of reducing any indebtedness of any county or qualified municipality within the special district other than indebtedness incurred pursuant to this ~~article~~ part. If there is no

such other indebtedness or if the excess proceeds exceed the amount of any such other indebtedness, then the excess proceeds shall next be paid into the general fund of such county or qualified municipality, it being the intent that any funds so paid into the general fund of such county or qualified municipality be used for the purpose of reducing ad valorem taxes.

48-8-269.6.

Not later than December 31 of each year, the governing authority of each county and each ~~qualifying~~ qualified municipality receiving any proceeds from the tax under this ~~article~~ part shall publish annually, in a newspaper of general circulation in the boundaries of such county or municipality, a simple, nontechnical report which shows for each purpose in the resolution calling for the imposition of the tax the original estimated cost, the current estimated cost if it is not the original estimated cost, amounts expended in prior years, and amounts expended in the current year. The report shall also include a statement of what corrective action the county or qualified municipality intends to implement with respect to each purpose which is underfunded or behind schedule and a statement of any surplus funds which have not been expended for a purpose.

Part 2

48-8-269.7.

(a) Pursuant to the authority granted by Article IX, Section II, Paragraph VI of the Constitution of this state, 159 special districts are created within this state. The geographical boundary of each county shall correspond with and shall be conterminous with the geographical boundary of the 159 special districts created.

(b) The provisions of this part shall only be applicable to special districts in which:

(1) A tax is currently being levied and collected pursuant to a local constitutional amendment for purposes of a metropolitan area system of public transportation set out at Ga. L. 1964, p. 1008, and the laws enacted pursuant to such local constitutional amendment; and

(2) Eighty percent or more of the geographic area of the special district is located within one or more qualified municipalities as defined in paragraph (4) of Code Section 48-8-260.

(c) Any special district in this state meeting the qualifications contained in subsection (b) of this Code section shall be known as a metropolitan county special district.

48-8-269.8.

(a) After July 1, 2016, any part of a metropolitan county special district that is outside the boundaries of a metropolitan municipality special district, as provided for in Code Section 48-8-269.995, may, by following the procedures required by this part, impose for a limited period of time within such part of the metropolitan county special district a transportation special purpose local option sales and use tax, the proceeds of which

shall be used only for transportation purposes.

(b) Prior to the issuance of the call for the referendum required by Code Section 48-8-269.9, the governing authority of the county in which the part of a metropolitan county special district that desires to levy a tax under this part is located shall deliver or mail a written notice to the mayor or chief elected official in each qualified municipality located within such part of the metropolitan county special district. Such notice shall contain the date, time, place, and purpose of a meeting at which the governing authority of such county and of each qualified municipality are to meet to discuss possible projects for inclusion in the referendum and the rate of tax. The notice shall be delivered or mailed at least ten days prior to the date of the meeting. The meeting shall be held at least 30 days prior to the issuance of the call for the referendum.

(c)(1) Upon approval of the qualified municipalities or county representing at least 60 percent of the population of the part of the metropolitan county special district not within the boundaries of a metropolitan municipality special district, the governing authority of the county, unless there is a vote against the resolution by a majority plus one of the members of such governing authority of the county, shall sign a resolution offered for such purpose and shall submit the list of transportation purposes, as approved by the qualified municipalities or county representing at least 60 percent of the population of the part of the metropolitan county special district and the question of whether the tax should be approved to electors of the part of the metropolitan county special district not within the boundaries of a metropolitan municipality special district in the next scheduled election and shall notify the county election superintendent by forwarding to the superintendent a copy of such resolution calling for the imposition of the tax. Such list, or a digest thereof, shall be available during regular business hours in the office of the county clerk and in the offices of the governing authorities of the qualified municipalities participating in the election.

(2) The resolution authorized by paragraph (1) of this subsection shall describe:

(A) The specific transportation purposes to be funded;

(B) The approximate cost of such transportation purposes, which shall also be the maximum amount of net proceeds to be raised by the tax;

(C) The maximum period of time, to be stated in calendar years, for which the tax may be imposed and the rate thereof. The maximum period of time for the imposition of the tax shall not exceed five years; and

(D) A list of the projects and purposes qualifying as transportation purposes proposed to be funded from the tax, including an expenditure of at least 30 percent of the estimated revenue from the tax on projects consistent with the state-wide strategic transportation plan as defined in paragraph (6) of subsection (a) of Code Section 32-2-22.

48-8-269.9.

(a)(1) The ballot submitting the question of the imposition of the tax to the voters within the part of the metropolitan county special district shall have written or printed thereon the following:

' () YES Shall an additional _____ percent sales tax be collected in part of _____ County _____ for _____ years for the purpose of () NO transportation improvements and congestion reduction?'

(2) If debt is to be issued, the ballot shall also have written or printed thereon, following the language specified by paragraph (1) of this subsection, the following:

'If imposition of the tax is approved by the voters, such vote shall also constitute approval of the issuance of general obligation debt of _____ County in the principal amount of \$ _____ for the above purpose.'

(b) The election superintendent shall issue the call and conduct the election in the manner authorized by general law. The superintendent shall canvass the returns, declare the result of the election, and certify the result to the Secretary of State and to the commissioner. The expense of the election shall be paid from county funds. All persons desiring to vote in favor of imposing the tax shall vote 'Yes,' and all persons opposed to imposing the tax shall vote 'No.' If more than one-half of the votes cast throughout the part of the metropolitan county special district are in favor of imposing the tax, then the tax shall be imposed as provided in this part.

(c) Where such question is not approved by the voters, the metropolitan county special district may resubmit such question from time to time upon compliance with the requirements of this part.

(d)(1) If the proposal includes the authority to issue general obligation debt and if more than one-half of the votes cast are in favor of the proposal, then the authority to issue such debt in accordance with Article IX, Section V, Paragraph I of the Constitution is given to the proper officers of the county; otherwise, such debt shall not be issued. If the authority to issue such debt is so approved by the voters, then such debt may be issued without further approval by the voters.

(2) If the issuance of general obligation debt is included and approved as provided in this Code section, then the governing authority of the county may incur such debt either through the issuance and validation of general obligation bonds or through the execution of a promissory note or notes or other instrument or instruments. If such debt is incurred through the issuance of general obligation bonds, such bonds and their issuance and validation shall be subject to Articles 1 and 2 of Chapter 82 of Title 36 except as specifically provided otherwise in this part. If such debt is incurred through the execution of a promissory note or notes or other instrument or instruments, no validation proceedings shall be necessary, and such debt shall be subject to Code Sections 36-80-10 through 36-80-14 except as specifically provided otherwise in this part. In either event, such general obligation debt shall be payable first from the separate account in which are placed the proceeds received by the county from the tax. Such general obligation debt shall, however, constitute a pledge of the full faith, credit, and taxing power of the county; and any liability on such debt which is not satisfied from the proceeds of the tax shall be satisfied from the general funds of the county.

48-8-269.91.

(a)(1) If the imposition of the tax is approved at the election, the tax shall be imposed on the first day of the next succeeding calendar quarter which begins more than 80 days after the date of the election at which the tax was approved by the voters.

(2) With respect to services which are regularly billed on a monthly basis, however, the resolution shall become effective with respect to and the tax shall apply to services billed on or after the effective date specified in paragraph (1) of this subsection.

(b) The tax shall cease to be imposed on the earliest of the following dates:

(1) If the resolution calling for the imposition of the tax provided for the issuance of general obligation debt and such debt is the subject of validation proceedings, as of the end of the first calendar quarter ending more than 80 days after the date on which a court of competent jurisdiction enters a final order denying validation of such debt;

(2) On the final day of the maximum period of time specified for the imposition of the tax; or

(3) As of the end of the calendar quarter during which the commissioner determines that the tax will have raised revenues sufficient to provide to the metropolitan county special district net proceeds equal to or greater than the amount specified as the maximum amount of net proceeds to be raised by the tax.

(c)(1) At any time, no more than a single tax under this part shall be imposed within a metropolitan county special district. Any tax imposed under this part may be imposed at a rate of up to .75 percent. Any tax imposed under this part at a rate of less than .75 percent shall be in an increment of .05 percent.

(2) In any metropolitan county special district in which a tax is currently being levied and collected pursuant to a local constitutional amendment for purposes of a metropolitan area system of public transportation set out at Ga. L. 1964, p. 1008, and the laws enacted pursuant to such local constitutional amendment, and such tax is levied at a percentage over 1 percent, then the combined amount of the percentage over 1 percent of such tax and the tax levied pursuant to this part shall not exceed 1 percent.

(3) In any metropolitan county special district in which a tax is in effect under this part, proceedings may be commenced, while the tax is in effect, calling for the reimposition of the tax upon the termination of the tax then in effect; and an election may be held at the next scheduled election for this purpose while the tax is in effect. Such proceedings for the reimposition of a tax under this part shall be in the same manner as proceedings for the initial imposition of the tax, but the newly authorized tax shall not be imposed until the expiration of the tax then in effect.

(4) Following the expiration of a tax under this part, proceedings for the reimposition of a tax under this part may be initiated in the same manner as provided in this part for initial imposition of such tax.

48-8-269.92.

A tax levied pursuant to this part shall be exclusively administered and collected by the commissioner for the use and benefit of the county and qualified municipalities within

the part of the metropolitan county special district imposing the tax. Such administration and collection shall be accomplished in the same manner and subject to the same applicable provisions, procedures, and penalties provided in Article 1 of this chapter; provided, however, that all moneys collected from each taxpayer by the commissioner shall be applied first to such taxpayer's liability for taxes owed the state; and provided, further, that the commissioner may rely upon a representation by or on behalf of the metropolitan county special district or the Secretary of State that such a tax has been validly imposed, and the commissioner and the commissioner's agents shall not be liable to any person for collecting any such tax which was not validly imposed. Dealers shall be allowed a percentage of the amount of the tax due and accounted for and shall be reimbursed in the form of a deduction in submitting, reporting, and paying the amount due if such amount is not delinquent at the time of payment. The deduction shall be at the rate and subject to the requirements specified under subsections (b) through (f) of Code Section 48-8-50.

48-8-269.93.

Each sales tax return remitting taxes collected under this part shall separately identify the location of each retail establishment at which any of the taxes remitted were collected and shall specify the amount of sales and the amount of taxes collected at each establishment for the period covered by the return in order to facilitate the determination by the commissioner that all taxes imposed by this part are collected and distributed according to situs of sale.

48-8-269.94.

The proceeds of the tax collected by the commissioner in each metropolitan county special district under this part shall be disbursed as soon as practicable after collection as follows:

- (1) One percent of the amount collected shall be paid into the general fund of the state treasury in order to defray the costs of administration; and
- (2) Except for the percentage provided in paragraph (1) of this Code section, the remaining proceeds of the tax shall be distributed pursuant to the terms of an intergovernmental agreement.

48-8-269.95.

(a) The proceeds of a tax under this part shall not be subject to any allocation or balancing of state and federal funds provided for by general law, and such proceeds shall not be considered or taken into account in any such allocation or balancing.

(b) The approval of the tax under this part shall not in any way diminish the percentage of state or federal funds allocated to any of the local governments under Code Section 32-5-27 within the metropolitan county special district levying the tax. The amount of state or federal funds expended in the county or any qualified municipality within the metropolitan county special district shall not be decreased or diverted due to the use of proceeds from the tax levied under this part for transportation purposes that have a high priority in the state-wide strategic transportation plan.

48-8-269.96.

(a) Except as to rate, a tax imposed under this part shall correspond to the tax imposed by Article 1 of this chapter. No item or transaction which is not subject to taxation under Article 1 of this chapter shall be subject to a tax imposed under this part, except that a tax imposed under this part shall not apply to:

(1) The sale or use of any type of fuel used for off-road heavy-duty equipment, off-road farm or agricultural equipment, or locomotives;

(2) The sale or use of jet fuel to or by a qualifying airline at a qualifying airport;

(3) The sale or use of fuel that is used for propulsion of motor vehicles on the public highways;

(4) The sale or use of energy used in the manufacturing or processing of tangible goods primarily for resale;

(5) The sale or use of motor fuel as defined under paragraph (9) of Code Section 48-9-2 for public mass transit; or

(6) The purchase or lease of any motor vehicle pursuant to Code Section 48-5C-1.

(b) Except as otherwise specifically provided in this part, the tax imposed pursuant to this part shall be subject to any sales and use tax exemption which is otherwise imposed by law; provided, however, that the tax levied by this part shall be applicable to the sale of food and food ingredients as provided for in paragraph (57) of Code Section 48-8-3.

48-8-269.97.

Where a local sales or use tax has been paid with respect to tangible personal property by the purchaser either in another local tax jurisdiction within this state or in a tax jurisdiction outside this state, the tax may be credited against the tax authorized to be imposed by this part upon the same property. If the amount of sales or use tax so paid is less than the amount of the tax due under this part, the purchaser shall pay an amount equal to the difference between the amount paid in the other tax jurisdiction and the amount due under this part. The commissioner may require such proof of payment in another local tax jurisdiction as he or she deems necessary and proper. No credit shall be granted, however, against the tax under this part for tax paid in another jurisdiction if the tax paid in such other jurisdiction is used to obtain a credit against any other local sales and use tax levied in the metropolitan county special district.

48-8-269.98.

No tax shall be imposed upon the sale of tangible personal property which is ordered by and delivered to the purchaser at a point outside the geographical area of the county in which the tax is imposed regardless of the point at which title passes, if the delivery is made by the seller's vehicle, United States mail, or common carrier or by private or contract carrier.

48-8-269.99.

The commissioner shall have the power and authority to promulgate such rules and regulations as shall be necessary for the effective and efficient administration and enforcement of the collection of the tax.

48-8-269.991.

Except as provided in Code Section 48-8-6, the tax authorized under this part shall be in addition to any other local sales and use tax. Except as otherwise provided in this part and except as provided in Code Section 48-8-6, the imposition of any other local sales and use tax within a county or qualified municipality within a metropolitan county special district shall not affect the authority of a metropolitan county special district to impose the tax authorized under this part, and the imposition of the tax authorized under this part shall not affect the imposition of any otherwise authorized local sales and use tax within the metropolitan county special district.

48-8-269.992.

(a)(1) The proceeds received from the tax shall be used by the county and qualified municipalities within the part of the metropolitan county special district levying the tax exclusively for the transportation purposes specified in the resolution calling for imposition of the tax. Such proceeds shall be kept in a separate account from other funds of any county or qualified municipality receiving proceeds of the tax and shall not in any manner be commingled with other funds of any county or qualified municipality prior to the expenditure.

(2) The governing authority of each county and the governing authority of each qualified municipality receiving any proceeds from the tax under this part shall maintain a record of each and every purpose for which the proceeds of the tax are used. A schedule shall be included in each annual audit which shows for each purpose in the resolution calling for imposition of the tax the original estimated cost, the current estimated cost if it is not the original estimated cost, amounts expended in prior years, and amounts expended in the current year. The auditor shall verify and test expenditures sufficient to provide assurances that the schedule is fairly presented in relation to the financial statements. The auditor's report on the financial statements shall include an opinion, or disclaimer of opinion, as to whether the schedule is presented fairly in all material respects in relation to the financial statements taken as a whole.

(b) No general obligation debt shall be issued in conjunction with the imposition of the tax unless the county governing authority determines that, and if the debt is to be validated it is demonstrated in the validation proceedings that, during each year in which any payment of principal or interest on the debt comes due, the county will receive from the tax net proceeds sufficient to fully satisfy such liability. General obligation debt issued under this part shall be payable first from the separate account in which are placed the proceeds received by the county from the tax. Such debt, however, shall constitute a pledge of the full faith, credit, and taxing power of the county; and any liability on such debt which is not satisfied from the proceeds of the tax shall be satisfied from the general funds of the county.

(c) The intergovernmental agreement, if applicable, and resolution calling for the imposition of the tax may specify that all of the proceeds of the tax will be used for payment of general obligation debt issued in conjunction with the imposition of the tax,

and, in that event, such proceeds shall be solely for such purpose except as otherwise provided in subsection (f) of this Code section.

(d) The intergovernmental agreement, if applicable, and resolution calling for the imposition of the tax may specify that a part of the proceeds of the tax will be used for payment of general obligation debt issued in conjunction with the imposition of the tax. The intergovernmental agreement, if applicable, and resolution shall specifically state the other purposes for which such proceeds will be used. In such a case, no part of the net proceeds from the tax received in any year shall be used for such other purposes until all debt service requirements of the general obligation debt for that year have first been satisfied from the account in which the proceeds of the tax are placed.

(e) The resolution calling for the imposition of the tax may specify that no general obligation debt is to be issued in conjunction with the imposition of the tax. The intergovernmental agreement, if applicable, and resolution shall specifically state the purpose or purposes for which the proceeds will be used.

(f)(1)(A) If the proceeds of the tax are specified to be used solely for the purpose of payment of general obligation debt issued in conjunction with the imposition of the tax, then any net proceeds of the tax in excess of the amount required for final payment of such debt shall be subject to and applied as provided in paragraph (2) of this subsection.

(B) If the metropolitan county special district receives from the tax net proceeds in excess of the maximum cost of the transportation projects and purposes stated in the resolution calling for the imposition of the tax or in excess of the actual cost of such projects and purposes, then such excess proceeds shall be subject to and applied as provided in paragraph (2) of this subsection unless otherwise specified in the intergovernmental agreement, if applicable.

(C) If the tax is terminated under paragraph (1) of subsection (b) of Code Section 48-8-269.91 by reason of denial of validation of debt, then all net proceeds received by the special district from the tax shall be excess proceeds subject to paragraph (2) of this subsection.

(2) Excess proceeds subject to this subsection shall be used solely for the purpose of reducing any indebtedness of any county or qualified municipality within the metropolitan county special district other than indebtedness incurred pursuant to this part. If there is no such other indebtedness or if the excess proceeds exceed the amount of any such other indebtedness, then the excess proceeds shall next be paid into the general fund of such county or qualified municipality, it being the intent that any funds so paid into the general fund of such county or qualified municipality be used for the purpose of reducing ad valorem taxes.

48-8-269.993.

Not later than December 31 of each year, the governing authority of the county and each qualified municipality receiving any proceeds from the tax under this part shall publish annually, in a newspaper of general circulation in the boundaries of such metropolitan county special district, a simple, nontechnical report which shows for each

purpose in the resolution calling for the imposition of the tax the original estimated cost, the current estimated cost if it is not the original estimated cost, amounts expended in prior years, and amounts expended in the current year. The report shall also include a statement of what corrective action the metropolitan county special district intends to implement with respect to each purpose which is underfunded or behind schedule and a statement of any surplus funds which have not been expended for a purpose.

Part 3

48-8-269.994.

(a) Pursuant to the authority granted by Article IX, Section II, Paragraph VI of the Constitution of this state, 159 special districts are created within this state. The geographical boundary of each county shall correspond with and shall be coterminous with the geographical boundary of the 159 special districts created.

(b) The provisions of this part shall only be applicable to special districts in which:

(1) A tax is currently being levied and collected by a municipality that is specifically authorized to levy such tax pursuant to a local constitutional amendment for purposes of a metropolitan area system of public transportation set out at Ga. L. 1964, p. 1008, and the laws enacted pursuant to such local constitutional amendment; and

(2) Such municipality contains within its boundaries 15 percent or more of the geographic area of a metropolitan county special district.

(c) The territory of any municipality in this state meeting the qualifications contained in subsection (b) of this Code section shall be a metropolitan municipality special district, the geographic boundary of which shall be coterminous with the geographic boundary of such municipality.

48-8-269.995.

(a) After July 1, 2016, any metropolitan municipality special district may, by following the procedures required by this part, impose for a limited period of time within such metropolitan municipality special district a transportation special purpose local option sales and use tax, the proceeds of which shall be used only for transportation purposes.

(b)(1) Prior to the issuance of the call for the referendum required by Code Section 48-8-269.996, the governing authority of the metropolitan municipality special district that desires to levy a tax under this part shall by a majority vote on a resolution offered for such purpose approve the submission of a list of transportation purposes and the question of whether the tax should be approved to the governing authority of the county in which the metropolitan municipality special district is located. In the event a metropolitan municipality special district is located in more than one county, such resolution shall be forwarded to the governing authority of the county which contains the highest percentage of the geographic area of the metropolitan municipality special district. The governing authority of the county, unless there is a vote against the resolution by a majority plus one of the members of such governing authority of the county, shall sign a resolution offered for such purpose and shall

notify the county election superintendent by forwarding to the superintendent a copy of such resolution calling for the imposition of the tax and for the proposal to be presented to the qualified voters in the metropolitan municipality special district at the next scheduled election. Such resolution, or a digest thereof, shall be available during regular business hours in the office of the county clerk and in the offices of the metropolitan municipality special district calling for the election.

(2) The resolution authorized by paragraph (1) of this subsection shall describe:

(A) The specific transportation purposes to be funded;

(B) The approximate cost of such transportation purposes, which shall also be the maximum amount of net proceeds to be raised by the tax;

(C) The maximum period of time, to be stated in calendar years, for which the tax may be imposed and the rate thereof. The maximum period of time for the imposition of the tax shall not exceed five years; and

(D) A list of the projects and purposes qualifying as transportation purposes proposed to be funded from the tax, including an expenditure of at least 30 percent of the estimated revenue from the tax on projects consistent with the state-wide strategic transportation plan as defined in paragraph (6) of subsection (a) of Code Section 32-2-22.

48-8-269.996.

(a)(1) The ballot submitting the question of the imposition of the tax to the voters within the metropolitan municipality special district shall have written or printed thereon the following:

' () YES Shall an additional _____ percent sales tax be collected in the City of _____ for _____ years for the purpose of transportation

() NO improvements and congestion reduction?'

(2) If debt is to be issued, the ballot shall also have written or printed thereon, following the language specified by paragraph (1) of this subsection, the following:

'If imposition of the tax is approved by the voters, such vote shall also constitute approval of the issuance of general obligation debt of _____ the municipality in the principal amount of \$ _____ for the above purpose.'

(b) The election superintendent shall issue the call and conduct the election in the manner authorized by general law. The superintendent shall canvass the returns, declare the result of the election, and certify the result to the Secretary of State and to the commissioner. The expense of the election shall be paid from municipal funds. All persons desiring to vote in favor of imposing the tax shall vote 'Yes,' and all persons opposed to imposing the tax shall vote 'No.' If more than one-half of the votes cast throughout the metropolitan municipality special district are in favor of imposing the tax, then the tax shall be imposed as provided in this part.

(c) Where such question is not approved by the voters, the metropolitan municipality special district may resubmit such question from time to time upon compliance with the requirements of this part.

(d)(1) If the proposal includes the authority to issue general obligation debt and if more than one-half of the votes cast are in favor of the proposal, then the authority to issue such debt in accordance with Article IX, Section V, Paragraph I of the Constitution is given to the proper officers of the municipality; otherwise, such debt shall not be issued. If the authority to issue such debt is so approved by the voters, then such debt may be issued without further approval by the voters.

(2) If the issuance of general obligation debt is included and approved as provided in this Code section, then the governing authority of the municipality may incur such debt either through the issuance and validation of general obligation bonds or through the execution of a promissory note or notes or other instrument or instruments. If such debt is incurred through the issuance of general obligation bonds, such bonds and their issuance and validation shall be subject to Articles 1 and 2 of Chapter 82 of Title 36 except as specifically provided otherwise in this part. If such debt is incurred through the execution of a promissory note or notes or other instrument or instruments, no validation proceedings shall be necessary, and such debt shall be subject to Code Sections 36-80-10 through 36-80-14 except as specifically provided otherwise in this part. In either event, such general obligation debt shall be payable first from the separate account in which are placed the proceeds received by the municipality from the tax. Such general obligation debt shall, however, constitute a pledge of the full faith, credit, and taxing power of the municipality; and any liability on such debt which is not satisfied from the proceeds of the tax shall be satisfied from the general funds of the municipality.

48-8-269.997.

(a)(1) If the imposition of the tax is approved at the election, the tax shall be imposed on the first day of the next succeeding calendar quarter which begins more than 80 days after the date of the election at which the tax was approved by the voters.

(2) With respect to services which are regularly billed on a monthly basis, however, the resolution shall become effective with respect to and the tax shall apply to services billed on or after the effective date specified in paragraph (1) of this subsection.

(b) The tax shall cease to be imposed on the earliest of the following dates:

(1) If the resolution calling for the imposition of the tax provided for the issuance of general obligation debt and such debt is the subject of validation proceedings, as of the end of the first calendar quarter ending more than 80 days after the date on which a court of competent jurisdiction enters a final order denying validation of such debt;

(2) On the final day of the maximum period of time specified for the imposition of the tax; or

(3) As of the end of the calendar quarter during which the commissioner determines that the tax will have raised revenues sufficient to provide to the metropolitan municipality special district net proceeds equal to or greater than the amount specified as the maximum amount of net proceeds to be raised by the tax.

(c)(1) At any time, no more than a single tax under this part shall be imposed within a metropolitan municipality special district. Any tax imposed under this part may be

imposed at a rate of up to .75 percent. Any tax imposed under this part at a rate of less than .75 percent shall be in an increment of .05 percent.

(2) In any metropolitan municipality special district in which a tax is currently being levied and collected pursuant to a local constitutional amendment for purposes of a metropolitan area system of public transportation set out at Ga. L. 1964, p. 1008, and the laws enacted pursuant to such local constitutional amendment, and such tax is levied at a percentage over 1 percent, then the combined amount of the percentage over 1 percent of such tax and the tax levied pursuant to this part shall not exceed 1 percent;

(3) In any metropolitan municipality special district in which a tax is in effect under this part, proceedings may be commenced, while the tax is in effect, calling for the reimposition of the tax upon the termination of the tax then in effect; and an election may be held at the next scheduled election for this purpose while the tax is in effect. Such proceedings for the reimposition of a tax under this part shall be in the same manner as proceedings for the initial imposition of the tax, but the newly authorized tax shall not be imposed until the expiration of the tax then in effect.

(4) Following the expiration of a tax under this part, proceedings for the reimposition of a tax under this part may be initiated in the same manner as provided in this part for initial imposition of such tax.

48-8-269.998.

A tax levied pursuant to this part shall be exclusively administered and collected by the commissioner for the use and benefit of the metropolitan municipal special district imposing the tax. Such administration and collection shall be accomplished in the same manner and subject to the same applicable provisions, procedures, and penalties provided in Article 1 of this chapter; provided, however, that all moneys collected from each taxpayer by the commissioner shall be applied first to such taxpayer's liability for taxes owed the state; and provided, further, that the commissioner may rely upon a representation by or on behalf of the metropolitan municipal special district or the Secretary of State that such a tax has been validly imposed, and the commissioner and the commissioner's agents shall not be liable to any person for collecting any such tax which was not validly imposed. Dealers shall be allowed a percentage of the amount of the tax due and accounted for and shall be reimbursed in the form of a deduction in submitting, reporting, and paying the amount due if such amount is not delinquent at the time of payment. The deduction shall be at the rate and subject to the requirements specified under subsections (b) through (f) of Code Section 48-8-50.

48-8-269.999.

Each sales tax return remitting taxes collected under this part shall separately identify the location of each retail establishment at which any of the taxes remitted were collected and shall specify the amount of sales and the amount of taxes collected at each establishment for the period covered by the return in order to facilitate the determination by the commissioner that all taxes imposed by this part are collected and distributed according to situs of sale.

48-8-269.9991.

The proceeds of the tax collected by the commissioner in each metropolitan municipality special district under this part shall be disbursed as soon as practicable after collection; provided, however, that 1 percent of the amount collected shall be paid into the general fund of the state treasury in order to defray the costs of administration.

48-8-269.9992.

(a) The proceeds of a tax under this part shall not be subject to any allocation or balancing of state and federal funds provided for by general law, and such proceeds shall not be considered or taken into account in any such allocation or balancing.

(b) The approval of the tax under this part shall not in any way diminish the percentage of state or federal funds allocated to any municipality under Code Section 32-5-27. The amount of state or federal funds expended in the metropolitan municipality special district shall not be decreased or diverted due to the use of proceeds from the tax levied under this part for transportation purposes that have a high priority in the state-wide strategic transportation plan.

48-8-269.9993.

(a) Except as to rate, a tax imposed under this part shall correspond to the tax imposed by Article 1 of this chapter. No item or transaction which is not subject to taxation under Article 1 of this chapter shall be subject to a tax imposed under this part, except that a tax imposed under this part shall not apply to:

(1) The sale or use of any type of fuel used for off-road heavy-duty equipment, off-road farm or agricultural equipment, or locomotives;

(2) The sale or use of jet fuel to or by a qualifying airline at a qualifying airport;

(3) The sale or use of fuel that is used for propulsion of motor vehicles on the public highways;

(4) The sale or use of energy used in the manufacturing or processing of tangible goods primarily for resale;

(5) The sale or use of motor fuel as defined under paragraph (9) of Code Section 48-9-2 for public mass transit; or

(6) The purchase or lease of any motor vehicle pursuant to Code Section 48-5C-1.

(b) Except as otherwise specifically provided in this part, the tax imposed pursuant to this part shall be subject to any sales and use tax exemption which is otherwise imposed by law; provided, however, that the tax levied by this part shall be applicable to the sale of food and food ingredients as provided for in paragraph (57) of Code Section 48-8-3.

48-8-269.9994.

Where a local sales or use tax has been paid with respect to tangible personal property by the purchaser either in another local tax jurisdiction within this state or in a tax jurisdiction outside this state, the tax may be credited against the tax authorized to be imposed by this part upon the same property. If the amount of sales or use tax so paid is less than the amount of the tax due under this part, the purchaser shall pay an amount

equal to the difference between the amount paid in the other tax jurisdiction and the amount due under this part. The commissioner may require such proof of payment in another local tax jurisdiction as he or she deems necessary and proper. No credit shall be granted, however, against the tax under this part for tax paid in another jurisdiction if the tax paid in such other jurisdiction is used to obtain a credit against any other local sales and use tax levied in the county or in a metropolitan municipality special district which includes the county.

48-8-269.9995.

No tax shall be imposed upon the sale of tangible personal property which is ordered by and delivered to the purchaser at a point outside the geographical area of the metropolitan county special district in which the tax is imposed regardless of the point at which title passes, if the delivery is made by the seller's vehicle, United States mail, or common carrier or by private or contract carrier.

48-8-269.9996.

The commissioner shall have the power and authority to promulgate such rules and regulations as shall be necessary for the effective and efficient administration and enforcement of the collection of the tax.

48-8-269.9997.

Except as provided in Code Section 48-8-6, the tax authorized under this part shall be in addition to any other local sales and use tax. Except as otherwise provided in this part and except as provided in Code Section 48-8-6, the imposition of any other local sales and use tax within a metropolitan municipality special district shall not affect the imposition of any otherwise authorized local sales and use tax within the metropolitan municipality special district.

48-8-269.9998.

(a)(1) The proceeds received from the tax shall be used by the metropolitan municipality special district levying the tax exclusively for the transportation purposes specified in the resolution calling for imposition of the tax. Such proceeds shall be kept in a separate account from other funds of the municipality receiving proceeds of the tax and shall not in any manner be commingled with other funds.

(2) The governing authority of any municipality receiving any proceeds from the tax under this part shall maintain a record of each and every purpose for which the proceeds of the tax are used. A schedule shall be included in each annual audit which shows for each purpose in the resolution calling for imposition of the tax the original estimated cost, the current estimated cost if it is not the original estimated cost, amounts expended in prior years, and amounts expended in the current year. The auditor shall verify and test expenditures sufficient to provide assurances that the schedule is fairly presented in relation to the financial statements. The auditor's report on the financial statements shall include an opinion, or disclaimer of opinion, as to

whether the schedule is presented fairly in all material respects in relation to the financial statements taken as a whole.

(b) No general obligation debt shall be issued in conjunction with the imposition of the tax unless the municipal governing authority determines that, and if the debt is to be validated it is demonstrated in the validation proceedings that, during each year in which any payment of principal or interest on the debt comes due, the municipality will receive from the tax net proceeds sufficient to fully satisfy such liability. General obligation debt issued under this part shall be payable first from the separate account in which are placed the proceeds received by the municipality from the tax. Such debt, however, shall constitute a pledge of the full faith, credit, and taxing power of the municipality; and any liability on such debt which is not satisfied from the proceeds of the tax shall be satisfied from the general funds of the municipality.

(c) The resolution calling for the imposition of the tax may specify that all of the proceeds of the tax will be used for payment of general obligation debt issued in conjunction with the imposition of the tax, and, in that event, such proceeds shall be solely for such purpose except as otherwise provided in subsection (f) of this Code section.

(d) The resolution calling for the imposition of the tax may specify that a part of the proceeds of the tax will be used for payment of general obligation debt issued in conjunction with the imposition of the tax. The resolution shall specifically state the other purposes for which such proceeds will be used. In such a case, no part of the net proceeds from the tax received in any year shall be used for such other purposes until all debt service requirements of the general obligation debt for that year have first been satisfied from the account in which the proceeds of the tax are placed.

(e) The resolution calling for the imposition of the tax may specify that no general obligation debt is to be issued in conjunction with the imposition of the tax. The resolution shall specifically state the purpose or purposes for which the proceeds will be used.

(f)(1)(A) If the proceeds of the tax are specified to be used solely for the purpose of payment of general obligation debt issued in conjunction with the imposition of the tax, then any net proceeds of the tax in excess of the amount required for final payment of such debt shall be subject to and applied as provided in paragraph (2) of this subsection.

(B) If the metropolitan municipality special district receives from the tax net proceeds in excess of the maximum cost of the transportation projects and purposes stated in the resolution calling for the imposition of the tax or in excess of the actual cost of such projects and purposes, then such excess proceeds shall be subject to and applied as provided in paragraph (2) of this subsection.

(C) If the tax is terminated under paragraph (1) of subsection (b) of Code Section 48-8-269.997 by reason of denial of validation of debt, then all net proceeds received by the metropolitan municipality special district from the tax shall be excess proceeds subject to paragraph (2) of this subsection.

(2) Excess proceeds subject to this subsection shall be used solely for the purpose of

reducing any indebtedness of the metropolitan municipality special district other than indebtedness incurred pursuant to this part. If there is no such other indebtedness or if the excess proceeds exceed the amount of any such other indebtedness, then the excess proceeds shall next be paid into the general fund of such municipality, it being the intent that any funds so paid into the general fund of such municipality be used for the purpose of reducing ad valorem taxes.

48-8-269.9999.

Not later than December 31 of each year, the governing authority of the municipality receiving any proceeds from the tax under this part shall publish annually, in a newspaper of general circulation in the boundaries of such municipality, a simple, nontechnical report which shows for each purpose in the resolution calling for the imposition of the tax the original estimated cost, the current estimated cost if it is not the original estimated cost, amounts expended in prior years, and amounts expended in the current year. The report shall also include a statement of what corrective action the municipality intends to implement with respect to each purpose which is underfunded or behind schedule and a statement of any surplus funds which have not been expended for a purpose."

By inserting between lines 183 and 184 the following:

Article 2 of Chapter 14 of Title 40 of the Official Code of Georgia Annotated, relating to speed detection devices, is amended by adding two new Code sections to read as follows:

"40-14-1.1.

As used in this article, the term:

(1) 'Agent' means a person or entity who is authorized by a law enforcement agency or governing body to administer the procedures contained herein and:

(A) Provides services to such law enforcement agency or governing body;

(B) Operates, maintains, leases, or licenses an automated traffic enforcement safety device; or

(C) Is authorized by such law enforcement agency or governing body to review and assemble the recorded images captured by the automated traffic enforcement safety device for review by a peace officer.

(2) 'Automated traffic enforcement safety device' means a speed detection device that:

(A) Is capable of producing photographically recorded still or video images, or both, of the rear of a motor vehicle or of the rear of a motor vehicle being towed by another vehicle, including an image of such vehicle's rear license plate;

(B) Is capable of monitoring the speed of a vehicle as photographically recorded pursuant to subparagraph (A) of this paragraph; and

SECTION 4.

Said article is further amended by revising subsection (c) of Code Section 40-14-2, relating to permit required for use of speed detection devices, use not authorized where officers paid on fee system, and operation by registered or certified peace officers, as follows:

"(c) A permit shall not be issued by the Department of Public Safety to an applicant under this Code section unless the applicant provides law enforcement services by certified peace officers 24 hours a day, seven days a week on call or on duty or allows only peace officers employed full time by the applicant to operate speed detection devices. Speed detection devices can only be operated by registered or certified peace officers of the county sheriff, county, municipality, college, or university to which the permit is applicable; provided, however, that an automated traffic enforcement safety device may be operated by an agent or registered or certified peace officers of the county sheriff, county, or municipality to which the permit is applicable. Persons operating the speed detection devices must be registered or certified by the Georgia Peace Officer Standards and Training Council as peace officers and certified by the Georgia Peace Officer Standards and Training Council as operators of speed detection devices; provided, however, that agents may operate automated traffic enforcement safety devices without such registrations or certifications."

SECTION 5.

Said article is further amended by revising Code Section 40-14-5, relating to testing and removal of inaccurate radar devices from service, as follows:

"40-14-5.

(a) Each state, county, municipal, or campus law enforcement officer using a radar device, except for an automated traffic enforcement safety device as provided for under Code Section 40-14-18, shall test the device for accuracy and record and maintain the results of the test at the beginning and end of each duty tour. Each such test shall be made in accordance with the manufacturer's recommended procedure. Any radar unit not meeting the manufacturer's minimum accuracy requirements shall be removed from service and thereafter shall not be used by the state, county, municipal, or campus law enforcement agency until it has been serviced, calibrated, and recertified by a technician with the qualifications specified in Code Section 40-14-4.

(b) Each county, municipal, or campus law enforcement officer using a radar device, except for an automated traffic enforcement safety device as provided for under Code Section 40-14-18, shall notify each person against whom the officer intends to make a case based on the use of the radar device that the person has a right to request the officer to test the radar device for accuracy. The notice shall be given prior to the time

a citation and complaint or ticket is issued against the person and, if requested to make a test, the officer shall test the radar device for accuracy. In the event the radar device does not meet the minimum accuracy requirements, the citation and complaint or ticket shall not be issued against the person, and the radar device shall be removed from service and thereafter shall not be used by the county, municipal, or campus law enforcement agency until it has been serviced, calibrated, and recertified by a technician with the qualifications specified in Code Section 40-14-4.

(c)(1) The law enforcement agency, or agent on behalf of the law enforcement agency, operating an automated traffic enforcement safety device provided for under Code Section 40-14-18 shall maintain a log for the automated traffic enforcement safety device attesting to the performance of such device's self-test at least once every 30 days and the results of such self-test pertaining to the accuracy of the automated traffic enforcement safety device. Such log shall be admissible in any court proceeding for a violation issued pursuant to Code Section 40-14-18.

(2) The law enforcement agency, or agent on behalf of the law enforcement agency, operating an automated traffic enforcement safety device shall have performed an independent calibration test on the automated traffic enforcement safety device at least once every 12 months. The results of such calibration test shall be admissible in any court proceeding for a violation issued pursuant to Code Section 40-14-18."

Said article is further amended by adding a new subsection to Code Section 40-14-6, relating to the requirement for warning signs, to read as follows:

"(c) In addition to the signs required under subsections (a) and (b) of this Code section, each law enforcement agency using an automated traffic enforcement safety device as provided for in Code Section 40-14-18 shall erect signs warning of the use of a stationary speed detection device within the approaching school zone. Such signs shall be at least 24 by 30 inches in area, shall be visible plainly from every lane of traffic, shall be viewable in all traffic conditions, and shall not be placed in such a manner that the view of such sign is subject to being obstructed by any other vehicle on such highway. Such signs shall be placed within 500 feet prior to the warning sign announcing the reduction of the speed limit for the school speed zone."

SECTION 7.

Said article is further amended by revising Code Section 40-14-7, relating to the visibility of a vehicle from which a speed detection device is operated, as follows:

"40-14-7.

~~No~~ Except as provided for in Code Section 40-14-18, no stationary speed detection device shall be employed by county, municipal, college, or university law enforcement officers where the vehicle from which the device is operated is obstructed from the view of approaching motorists or is otherwise not visible for a distance of at least 500 feet."

SECTION 8.

Said article is further amended by revising subsection (b) of Code Section 40-14-8, relating to when case may be made and conviction had, as follows:

"(b) The limitations contained in subsection (a) of this Code section shall not apply in properly marked school zones one hour before, during, and one hour after the normal hours of school operation or programs for care and supervision of students before school, after school, or during vacation periods as provided for under Code Section 20-2-65, in properly marked historic districts, and in properly marked residential zones. For purposes of this chapter, thoroughfares with speed limits of 35 miles per hour or more shall not be considered residential districts. For purposes of this Code section, the term 'historic district' means a historic district as defined in paragraph (5) of Code Section 44-10-22 and which is listed on the Georgia Register of Historic Places or as defined by ordinance adopted pursuant to a local constitutional amendment."

SECTION 9.

Said article is further amended by revising subsection (d) of Code Section 40-14-11, relating to investigations by the commissioner of public safety, issuance of order suspending or revoking a permit, and ratio of speeding fines to agency's budget, as follows:

"(d) There shall be a rebuttable presumption that a law enforcement agency is employing speed detection devices for purposes other than the promotion of the public health, welfare, and safety if the fines levied based on the use of speed detection devices for speeding offenses are equal to or greater than 35 percent of a municipal or county law enforcement agency's budget. For purposes of this Code section, fines collected for citations issued for violations of Code Section 40-6-180 shall be included when calculating total speeding fine revenue for the agency; provided, however, that fines for speeding violations exceeding 20 miles per hour over the established speed limit and civil monetary penalties for speeding violations issued pursuant to Code Section 40-14-18 shall not be considered when calculating total speeding fine revenue for the agency."

SECTION 10.

Said article is further amended by adding a new Code section to read as follows:

"40-14-18.

(a) The speed limit within any school zone as provided for in Code Section 40-14-8 and marked pursuant to Code Section 40-14-6 may be enforced by using recorded images for violations which occurred during the time periods relative to normal hours of school operation and programs of care and supervision of students as provided for in Code Section 40-14-8 when such violations are in excess of ten miles per hour over the speed limit.

(b) For the purpose of enforcement pursuant to this Code section:

(1) The driver of a motor vehicle shall be liable for a civil monetary penalty if such vehicle is found, as evidenced by recorded images, to have been operated in disregard

or disobedience of the speed limit within any school zone and such disregard or disobedience was not otherwise authorized by law. The amount of such civil monetary penalty shall be \$125.00, in addition to fees associated with the electronic processing of such civil monetary penalty which shall not exceed \$25.00; provided, however, that for a period of 30 days after an automated traffic enforcement safety device is first introduced within a school system, other than an automated traffic enforcement safety device replacing a previously used automated traffic enforcement safety device, the driver of a motor vehicle shall not be liable for a civil monetary penalty but shall be issued a civil warning for disregard or disobedience of the speed limit within the school zone;

(2) A law enforcement agency authorized to enforce the speed limit of a school zone shall send by first class mail addressed to the owner of the motor vehicle postmarked within 30 days after obtaining the name and address of the owner of the motor vehicle but no later than 60 days after the date of the alleged violation:

(A) A citation for the alleged violation, which shall include the date and time of the violation, the location of the infraction, the maximum speed at which such motor vehicle was traveling in recorded images, the maximum speed applicable within such school zone, the civil warning or the amount of the civil monetary penalty imposed, and the date by which a civil monetary penalty shall be paid;

(B) An image taken from the recorded images showing the vehicle involved in the infraction;

(C) A website address where recorded images showing the vehicle involved in the infraction and a duplicate of the information provided for in this paragraph may be viewed;

(D) A copy of a certificate sworn to or affirmed by a certified peace officer employed by a law enforcement agency authorized to enforce the speed limit of the school zone and stating that, based upon inspection of recorded images, the owner's motor vehicle was operated in disregard or disobedience of the speed limit in the marked school zone and that such disregard or disobedience was not otherwise authorized by law;

(E) A statement of the inference provided by paragraph (4) of this subsection and of the means specified therein by which such inference may be rebutted;

(F) Information advising the owner of the motor vehicle of the manner and time in which liability as alleged in the citation may be contested through an administrative hearing; and

(G) A warning that failure to pay the civil monetary penalty or to contest liability in a timely manner as provided for in subsection (d) of this Code section shall waive any right to contest liability;

(3) Proof that a motor vehicle was operated in disregard or disobedience of the speed limit of the marked school zone shall be evidenced by recorded images. A copy of a certificate sworn to or affirmed by a certified peace officer employed by a law enforcement agency and stating that, based upon inspection of recorded images, a motor vehicle was operated in disregard or disobedience of the speed limit in the

marked school zone and that such disregard or disobedience was not otherwise authorized by law shall be prima-facie evidence of the facts contained therein; and

(4) Liability under this Code section shall be determined based upon a preponderance of the evidence. Prima-facie evidence that the vehicle described in the citation issued pursuant to this Code section was operated in violation of the speed limit of the school zone, together with proof that the defendant was, at the time of such violation, the registered owner of the vehicle, shall permit the trier of fact in its discretion to infer that such owner of the vehicle was the driver of the vehicle at the time of the alleged violation. Such an inference may be rebutted if the owner of the vehicle:

(A) Testifies under oath in open court or submits to the court a sworn notarized statement that he or she was not the operator of the vehicle at the time of the alleged violation and identifies the name of the operator of the vehicle at the time of the alleged violation; or

(B) Presents to the court a certified copy of a police report showing that the vehicle had been reported to the police as stolen prior to the time of the alleged violation.

(c) A violation for which a civil warning or a civil monetary penalty is imposed pursuant to this Code section shall not be considered a moving traffic violation for the purpose of points assessment under Code Section 40-5-57. Such violation shall be deemed noncriminal, and imposition of a civil warning or civil monetary penalty pursuant to this Code section shall not be deemed a conviction and shall not be made a part of the operating record of the person upon whom such liability is imposed, nor shall it be used for any insurance purposes in the provision of motor vehicle insurance coverage.

(d) If a person issued and mailed a citation pursuant to subsection (b) of this Code section fails to pay the civil monetary penalty for the violation or has not filed a police report or notarized statement pursuant to paragraph (4) of subsection (b) of this Code section in no less than 30 nor more than 60 days after such mailing as determined and noticed by the law enforcement agency, the agent or law enforcement agency shall send to such person by first class mail a second notice of any unpaid civil monetary penalty, except in cases where there is an adjudication that no violation occurred or there is otherwise a lawful determination that no civil monetary penalty shall be imposed. The second notice shall include all information required in paragraph (2) of subsection (b) of this Code section and shall include a new date of return which shall be no less than 30 days after such mailing as determined and noticed by the law enforcement agency. If such person notified by second notice again fails to pay the civil monetary penalty or file a police report or notarized statement pursuant to paragraph (4) of subsection (b) of this Code section by the new date of return, such person shall have waived the right to contest the violation and shall be liable for the civil monetary penalty provided for under this Code section, except in cases where there is an adjudication that no violation occurred or there is otherwise a lawful determination that no civil monetary penalty shall be imposed.

(e) Notices mailed by first class mail pursuant to this Code section shall be adequate notification of the fees and penalties imposed by this Code section. No other notice

shall be required for the purposes of this Code section.

(f) Any court having jurisdiction over violations of the speed limit in the school zone shall have jurisdiction over cases arising under this Code section and shall be authorized to impose the civil monetary penalty. The provisions of law governing jurisdiction, procedure, defenses, adjudication, appeal, and payment and distribution of penalties otherwise applicable to violations of the speed limit in the school zone shall apply to enforcement under this Code section, except as otherwise provided in this Code section; provided, however, that any appeal from superior or state court shall be by application in the same manner as that provided by Code Section 5-6-35.

(g) Recorded images made for purposes of this Code section shall not be a public record for purposes of Article 4 of Chapter 18 of Title 50.

(h) A civil warning or civil monetary penalty under this Code section on the owner of a motor vehicle shall not be imposed if the operator of the vehicle was arrested or issued a citation and notice to appear by a peace officer for the same violation."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

PART I
SECTION 1-1.

Article 3 of Chapter 11 of Title 15 of the Official Code of Georgia Annotated, relating to dependency proceedings, is amended by revising subsection (e) of Code Section 15-11-135, relating to placement in eligible foster care, as follows:

"(e) In any case in which a child is taken into protective custody of DFCS, ~~such child shall be placed together:~~

(1) DFCS shall give preference for placement to an adult who is a relative or fictive kin over a nonrelated caregiver, provided that the such relative or fictive kin has met all requirements for a DFCS relative or fictive kin placement and such placement is in the best interests of the child; and

(2) Such child shall be placed together with his or her siblings who are also in protective custody or DFCS shall include a statement in its report and case plan of continuing efforts to place the siblings together or document why such joint placement would be contrary to the safety or well-being of any of the siblings. If siblings are not placed together, DFCS shall provide for frequent visitation or other ongoing interaction between siblings, unless DFCS documents that such frequent visitation or other ongoing interaction would be contrary to the safety or well-being of any of the siblings."

SECTION 1-2.

Said article is further amended by revising paragraph (3) of subsection (b) of Code Section 15-11-146, relating to preliminary protective hearing and findings, as follows:

"(3) On finding that the complainant has met the burden prescribed in subsection (a) of this Code section, may place the child before the court in the temporary custody of DFCS pending the hearing on the dependency petition. DFCS shall prioritize temporary placement with an adult who is a relative or fictive kin, provided that such individual has met DFCS's requirements for relative placement and such temporary placement is in the best interests of such child."

SECTION 1-3.

Said article is further amended by revising subparagraph (a)(2)(A) of Code Section 15-11-212, relating to disposition of a dependent child, as follows:

"(A) Any individual, including a biological parent, who, after study by the probation officer or other person or agency designated by the court, is found by the court to be qualified to receive and care for such child, provided that priority for placement is given to an adult who is a relative or fictive kin;"

SECTION 1-4.

Article 4 of Chapter 11 of Title 15 of the Official Code of Georgia Annotated, relating to termination of parental rights, is amended by revising subsection (a) of Code Section 15-11-321, relating to custody of child following termination proceedings or surrender of parental rights, as follows:

"(a) When a court enters an order terminating the parental rights of a parent or accepts a parent's voluntary surrender of parental rights, or a petition for termination of parental rights is withdrawn because a parent has executed an act of surrender in favor of the department, a placement may be made only if the court finds that such placement is in the best interests of the child and in accordance with such child's court approved permanency plan created pursuant to Code Sections 15-11-231 and 15-11-232. In determining which placement is in a child's best interests, the court shall initially attempt to place the child with an adult who is a relative or fictive kin, if such individual is willing and found by the court to be qualified to receive and care for such child. In determining which placement is in a child's best interests, the court shall enter findings of fact reflecting its consideration of the following:

- (1) Such child's need for a placement that offers the greatest degree of legal permanence and security;
- (2) The least disruptive placement for such child;
- (3) Such child's sense of attachment and need for continuity of relationships;
- (4) The value of biological and familial connections; and
- (5) Any other factors the court deems relevant to its determination."

PART II SECTION 2-1.

The General Assembly finds that:

- (1) From time to time, parents experience short-term difficulties that impair their ability to perform the regular and expected functions to provide care and support to their children;
- (2) Parents need a means to confer to a relative or fictive kin the temporary authority to act on behalf of a child without the time and expense of a court proceeding or the involvement of the Division of Family and Children Services of the Department of Human Services; and
- (3) Providing a statutory mechanism for granting such authority enhances family preservation and stability.

SECTION 2-2.

Title 19 of the Official Code of Georgia Annotated, relating to domestic relations, is amended by adding a new article to Chapter 9, relating to child custody proceedings, to read as follows:

"ARTICLE 5

19-9-140.

This article shall be known and may be cited as the 'Supporting and Strengthening Families Act.'

19-9-141.

As used in this article, the term:

- (1) 'Child' means an unemancipated individual who is under 18 years of age.
- (2) 'Fictive kin' shall have the same meaning as provided in Code Section 15-11-2.
- (3) 'Guardian' means an individual appointed pursuant to a court order establishing a permanent guardianship for a child.
- (4) 'Kinship caregiver' means a grandparent, step-grandparent, aunt, uncle, great aunt, great uncle, cousin, or sibling of a child or a fictive kin who resides in this state.
- (5) 'Legal custodian' shall have the same meaning as provided in Code Section 15-11-2.
- (6) 'Parent' shall have the same meaning as provided in Code Section 19-3-37.

19-9-142.

(a) A parent, guardian, or legal custodian of a child may delegate caregiving authority regarding such child to a kinship caregiver for a period not to exceed one year, except as provided in Code Section 19-9-150, by executing a power of attorney that substantially complies with this article. A parent, guardian, or legal custodian of a child may delegate to an agent in such power of attorney any power and authority regarding the care and custody of such child, except the power to consent to the marriage or adoption of such child, the performance or inducement of an abortion on or for such child, or the termination of parental rights to such child. Such power and authority may be delegated without the approval of a court, provided that such delegation of power and authority shall not operate to change or modify any parental or legal rights, obligations, or authority established by an existing court order, including a standing order, or deprive a parent, guardian, or legal custodian of a child of any parental or legal rights, obligations, or authority regarding the custody, visitation, or support of such child. Such delegation of power and authority shall not deprive or limit any support for a child that should be received by such child pursuant to a court order or for any other reason. When support is being collected for the child by the Child Support Enforcement Agency of the Department of Human Services, such agency shall be authorized to redirect support payments to the agent until such time as the child returns to the individual executing a power of attorney under this article. No power of attorney

shall be executed during the pendency of a divorce or custody action.

(b) Except as limited by federal law, this article, or the direction of a parent, guardian, or legal custodian of a child as expressed in the power of attorney, an agent shall have the same rights, duties, and responsibilities that would otherwise be exercised by such parent, guardian, or legal custodian of a child pursuant to the laws of this state.

(c) An agent shall acknowledge in writing his or her acceptance of the responsibility for caring for a child for the duration of the power of attorney. An agent shall certify that he or she is not currently on the state sexual offender registry of this state or the sexual offender registry for any other state, a United States territory, the District of Columbia, or any Indian Tribe nor has he or she ever been required to register for any such registry. Such certification shall include a criminal background check if requested by the individual executing the power of attorney.

(d) The agent under a power of attorney shall act in the best interests of the child. Such agent shall not be liable to the individual executing the power of attorney for consenting or refusing to consent to medical, dental, or mental health care for a child when such decision is made in good faith and is exercised in the best interests of the child.

(e)(1) The agent under a power of attorney shall have the right to enroll the child in a public school serving the area where the agent resides and may enroll the child in a private school, pre-kindergarten program, or home study program.

(2) A public school shall allow such agent with a power of attorney executed under this article to enroll a child.

(3) At the time of enrollment, the agent shall provide to such public school such residency documentation as is customary in that school system.

(4) A public school shall not unreasonably deny enrollment of a child. If a public school denies enrollment of a child by an agent, such denial may be appealed and shall be treated as any other denial of enrollment of a child in that school system, including all of the remedies otherwise available when enrollment is denied to a child.

19-9-143.

(a) At least 30 days prior to executing a power of attorney under this article:

(1) An individual with sole custody of a child who intends to execute such power of attorney shall provide written notice of such intention to the noncustodial parent by certified mail or statutory overnight delivery, return receipt requested. Such notice shall constitute a change in material conditions or circumstances for the purpose of a child custody modification proceeding; and

(2) An individual who is a guardian or legal custodian of a child who intends to execute such power of attorney shall provide written notice to the child's parents by certified mail or statutory overnight delivery, return receipt requested.

(b) An individual receiving the notice set forth in subsection (a) of this Code section may object to the execution of such power of attorney within 21 days of the delivery of such notice and shall serve his or her objection on the individual intending to execute such power of attorney by certified mail or statutory overnight delivery, return receipt requested. An objection shall prohibit the execution of a power of attorney under this

article.

(c) In addition to the notice provided in subsection (a) of this Code section, a parent with sole custody of a child who executes a power of attorney under this article shall comply with any applicable relocation notice requirements under subsection (f) of Code Section 19-9-3.

19-9-144.

Nothing in this article shall preclude a parent, guardian, legal custodian, or agent from granting temporary written permission to seek emergency medical treatment or other services for a child while such child is in the custody of an adult who is not the parent, guardian, legal custodian, or agent and who is temporarily supervising the child at the request of such parent, guardian, legal custodian, or agent.

19-9-145.

(a) Except as may be permitted by the federal Every Student Succeeds Act (P.L. 114-95), an individual executing a power of attorney under this article shall swear or affirm under penalty of law that such action is not being taken for the purpose of enrolling the child in a school to participate in the academic or interscholastic athletic programs provided by that school or for any other unlawful purpose. Violation of this subsection shall be punishable in accordance with state law and may require, in addition to any other remedies, repayment by such parent, guardian, or legal custodian of all costs incurred by the school as a result of the violation.

(b) An individual shall not execute a power of attorney under this article for the purpose of subverting an investigation of the child's welfare initiated by the Division of Family and Children Services of the Department of Human Services and shall not execute such power of attorney so long as the Division of Family and Children Services of the Department of Human Services has an open child welfare and youth services case with regard to the parent, guardian, or legal custodian, the child, or another child of the parent.

19-9-146.

A power of attorney executed under this article shall be signed and acknowledged before a notary public by the parent, guardian, or legal custodian executing such power of attorney and by the agent accepting such delegation.

19-9-147.

(a)(1) An agent shall have the authority to act on behalf of the minor child on a continuous basis, without compensation, and shall not be subject to any provision concerning the licensing or regulation of foster care homes for the duration of the power of attorney so long as the duration does not exceed the length of time authorized in Code Sections 19-9-142 and 19-9-150 or until the individual who executed the power of attorney revokes the power of attorney in writing and provides notice of the revocation to the agent as provided in this Code section.

- (2) An agent shall have the authority to act on behalf of the child until a copy of the revocation of the power of attorney is received by certified mail or statutory overnight delivery, return receipt requested, and upon receipt of the revocation, the agent shall cease to act as agent.
- (3) The individual revoking the power of attorney shall send a copy of the revocation of the power of attorney to the agent within five days of the execution of the revocation by certified mail or statutory overnight delivery, return receipt requested. If an individual revokes the power of attorney, the child shall be returned to the custody of the individual who granted the power of attorney as soon as reasonably possible.
- (4) The revoking individual shall notify the school, health care providers, and others known to the revoking individual to have relied upon such power of attorney.
- (b) The power of attorney executed under this article may also be terminated by any order of a court of competent jurisdiction.
- (c) The agent shall notify the school, health care providers, and others known to the agent to have relied upon such power of attorney.
- (d) An agent may resign by notifying the individual who appointed the agent in writing by certified mail or statutory overnight delivery, return receipt requested.
- (e) Upon the death of the authorizing individual, the agent shall notify the parents of the child, if possible, as soon as practicable.
- (f) The authority to designate an agent to act on behalf of a minor child is in addition to any other lawful action an individual may take for the benefit of such minor child.
- (g) A parent shall continue to have the right to medical, dental, mental health, and school records pertaining to the minor child, even when a power of attorney has been executed under this article.

19-9-148.

The execution of a power of attorney under this article shall not constitute abandonment under Code Section 19-10-1 nor be reportable as child abuse or neglect under Code Section 19-7-5 unless the individual who executed such power of attorney fails to take custody of the child or execute a new power of attorney under this article after the expiration or revocation of the power of attorney.

19-9-149.

- (a) A child subject to a power of attorney executed under this article shall not be considered placed in foster care under Chapter 5 of Title 49, and the parties to the power of attorney shall not be subject to any of the requirements or licensing regulations for foster care or other regulations relating to community care for children.
- (b) An agent who has been delegated caregiving authority under this article shall not be subject to the requirements of any other child care facility or foster care licensing provisions, and such delegation shall not constitute an out-of-home child placement.
- (c) This article shall not be construed to exempt a person from the requirements of Chapter 5 of Title 49 regarding the licensing and inspection of child welfare agencies if such person fails to have evidence of a power of attorney executed under this article.

19-9-150.

Except as limited by or in conflict with federal law regarding the armed forces of the United States, a parent who is a member of the armed forces of the United States, including any reserve component thereof, or the commissioned corps of the National Oceanic and Atmospheric Administration or the Public Health Service of the United States Department of Health and Human Services detailed by proper authority for duty with the armed forces of the United States, or who is required to enter or serve in the active military service of the United States under a call or order of the President of the United States or to serve on state active duty, may delegate caregiving authority for a period longer than one year if such parent is deployed as defined in Code Section 19-9-6. Such term of delegation, however, shall not exceed the term of deployment plus 30 days.

19-9-151.

(a) The power of attorney contained in this Code section may be used for the temporary delegation of caregiving authority to an agent. The form contained in this Code section shall be sufficient for the purpose of creating a power of attorney under this article, provided that nothing in this Code section shall be construed to require the use of this particular form.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 2 of Title 20 of the Official Code of Georgia Annotated, relating to elementary and secondary education, is amended by revising subsection (b) of Code Section 20-2-210, relating to annual performance evaluations, as follows:

"(b)(1) No later than the 2014-2015 school year, each local school system and all charter schools shall implement an evaluation system as adopted and defined by the State Board of Education for elementary and secondary school teachers of record, assistant principals, and principals. The evaluation system shall be developed by the department in consultation with stakeholders, such as teachers and principals. The evaluation system shall use multiple measures, prioritizing growth in student achievement as specified in this subsection. For purposes of the evaluation system established pursuant to this subsection, the state board shall define and designate teachers of record, assistant principals, and principals; provided, however, that growth in student achievement shall not include the test scores of any student who has not been in attendance for a specific course for at least 90 percent of the instructional days for such course.

~~(2) Teachers of record, assistant principals, and principals shall be evaluated using multiple, rigorous, and transparent measures. Beginning with the 2014-2015 school year, teachers of record, assistant principals, and principals shall be given written notice in advance of the school year of the evaluation measures and any specific indicators that will be used to evaluate them. Evaluation measures shall include the following elements:~~

~~(A) For teachers of record who teach courses that are subject to annual state assessments aligned with state standards and the principals and assistant principals of elementary or secondary schools that are subject to such assessments, growth in student achievement on such assessments shall count for at least 50 percent of the evaluation, using the student growth and academic achievement measures identified in the evaluation system;~~

~~(B) For teachers of record who teach courses not subject to annual state assessments, growth in student achievement shall be assessed through measures of student achievement growth developed at the school system level and approved by the Department of Education. When sufficient data becomes available from the department to calculate student achievement growth measures, such measures of student achievement growth shall count for at least 50 percent of the evaluation, using student growth and academic achievement measures developed by the school system in a process approved by the State Board of Education;~~

~~(C) For teachers of record, the annual evaluation shall also include multiple additional measures that shall be correlated with impacts on student achievement results. These measures shall include multiple classroom observations each year by appropriately trained and credentialed evaluators, using clear, consistent observation rubrics, and supplemented by other measures aligned with student achievement, including student perception data and documentation of practice; and~~

~~(D) For assistant principals and principals, the annual evaluation shall also include multiple additional measures that shall be aligned with impacts on student achievement results. These measures shall include multiple school observations each year by appropriately trained and credentialed evaluators. When sufficient data becomes available from the department to calculate performance measures,~~

~~these measures shall also include the principal's ability to attract and retain highly effective teachers, effectively manage the school, and establish a positive climate for learning, and other measures aligned with student achievement for students in all subgroups. Reserved.~~

(3) Teachers of record, assistant principals, and principals shall be evaluated using multiple, rigorous, and transparent measures. Teachers of record, assistant principals, and principals shall be given written notice in advance of the school year of the evaluation measures and any specific indicators that will be used to evaluate them. Beginning with the 2016-2017 school year, evaluation measures shall include the following elements:

(A) For teachers of record who teach courses that are subject to annual state assessments aligned with state standards, the evaluation shall be composed of the following:

(i) Student growth, based on student scores on the annual state assessment, shall count for 30 percent of the evaluation;

(ii) Professional growth shall count for 20 percent of the evaluation. Professional growth shall be measured by progress toward or attainment of professional growth goals within an academic school year or across academic school years. Professional growth goals may include measurements based on multiple student growth indicators, evaluations and observations, standards of practice, and any additional professional growth measures allowed by the local school system's or charter school's flexibility contract or other agreement with the State Board of Education for local school systems that are not under a flexibility contract; and

(iii) Teacher evaluations and observations conducted pursuant to paragraph (5) of this subsection shall count for 50 percent of the evaluation.

(B) For teachers of record who teach courses that are not subject to annual state assessments aligned with state standards, the evaluation shall be composed of the following:

(i) Student growth shall count for 30 percent of the evaluation. Student growth shall include at least one student growth measure and may utilize other student growth indicators, including the school or local school system total score on the annual state assessments, as allowed by the local school system's or charter school's flexibility contract or other agreement with the State Board of Education for local school systems that are not under a flexibility contract for at least one classroom for each teacher of record who teaches courses that are not subject to annual state assessments aligned with state standards. This provision shall not be construed to require the measurement of student growth for every student taking courses that are not subject to annual state assessments aligned with state standards;

(ii) Professional growth shall count for 20 percent of the evaluation. Professional growth shall be measured by progress toward or attainment of professional growth goals within an academic school year or across academic school years. Professional growth goals may include measurements based on multiple student

growth indicators, evaluations and observations, standards of practice, and any additional professional growth measures allowed by the local school system's or charter school's flexibility contract or other agreement with the State Board of Education for local school systems that are not under a flexibility contract; and
(iii) Teacher evaluations and observations conducted pursuant to paragraph (5) of this subsection shall count for 50 percent of the evaluation.

(C) For principals and assistant principals, the evaluation shall be composed of the following:

(i) Student growth, based on the school score on annual state assessments, shall count for 40 percent of the evaluation;

(ii) School climate shall count for 10 percent of the evaluation;

(iii) A combination of achievement gap closure, Beat the Odds, and College and Career Readiness Performance Index data, as allowed by the flexibility contract or other agreement with the State Board of Education for local school systems that are not under a flexibility contract, shall count for 20 percent of the evaluation; and

(iv) The results of evaluations, observations, and standards of practice shall count for 30 percent of the evaluation.

~~(3)~~(4) The evaluation system adopted by the State Board of Education shall give every teacher of record, assistant principal, and principal one of four rating levels that are designated as 'Exemplary,' 'Proficient,' 'Needs Development,' or 'Ineffective,' as further defined by the State Board of Education. A rating of 'Ineffective' shall constitute evidence of incompetency as provided by paragraph (1) of subsection (a) of Code Section 20-2-940. Each teacher of record, assistant principal, and principal shall be evaluated on his or her own individual merits and neither the State Board of Education, a local school system, nor a charter school shall impose or require any quota system or predetermined distribution of ratings for teachers of record, assistant principals, or principals.

~~(4)~~(5) All teachers of record, assistant principals, and principals shall have a pre-evaluation conference, midyear evaluation conference, and a summative evaluation conference, in accordance with state board rules. All teachers of record, assistant principals, and principals shall be notified of and have access to the results of the annual summative performance evaluation and any formative observations conducted throughout the school year pursuant to this subsection within five ten working days of such evaluation or observations. A teacher of record, assistant principal, or principal, or an evaluator of any such individuals, may request a conference within ten working days of notice of results of a formative observation and such conference shall be provided within ten working days of the request. Conferences shall include the individual being evaluated, his or her supervisor, and the evaluator, unless otherwise agreed upon. For teachers of record, the annual evaluation shall include multiple classroom observations conducted each year by appropriately trained and credentialed evaluators, using clear, consistent observation rubrics, and supplemented by other measures aligned with student achievement and professional growth. A local school

system or charter school may include in its flexibility contract, or other agreement with the State Board of Education for local school systems that are not under a flexibility contract, a provision for a tiered evaluation system, in which reduced observations of certain teachers of record may be conducted to provide additional time for evaluators to coach and mentor new teachers and teachers with a performance rating of 'Needs Development' or 'Ineffective' pursuant to paragraph (4) of this subsection on a pathway of continuous improvement. For the evaluation of teachers of record with a minimum of three years' teaching experience and a performance rating of 'Proficient' or 'Exemplary' pursuant to paragraph (4) of this subsection in the previous school year, the local school system or charter school, in its discretion, shall require no less than two classroom observations and one summative evaluation for the school year.

~~(5)~~(6) In order to ensure proper implementation of the evaluation system developed pursuant to this Code section, the Department of Education shall:

- (A) Establish processes and requirements to determine the teacher of record for purposes of assigning student achievement scores to a teacher in evaluating the teacher's performance;
- (B) Establish processes for roster verification and student teacher linkages in order to assign the student's achievement scores to the teacher for the purposes of evaluating the teacher's performance;
- (C) Establish minimum training and credentialing requirements for evaluators of teachers and principals; and
- (D) Provide data systems to support the professional growth of teachers and leaders and facilitate human capital management.

(7) As used in this subsection, the term 'flexibility contract' means a charter for a charter system or a charter school or a contract entered into with the State Board of Education for a strategic waivers school system."

SECTION 2.

Said article is further amended by revising Code Section 20-2-281, relating to student assessments, as follows:

"20-2-281.

(a) The State Board of Education shall adopt a student assessment program consisting of instruments, procedures, and policies necessary to implement the program and shall fund all costs of providing and scoring such instruments, subject to appropriation by the General Assembly. The student assessment program shall include a comprehensive summative assessment program for grades three through 12. In addition, each local school system shall administer, with state funding, a research based formative assessment with a summative component that is tied to performance indicators in English, language arts/reading, and mathematics in grades one and two, subject to available appropriations. Each local school system may elect to administer, with state funding, nationally norm-referenced instruments in reading, mathematics, science, or social studies in grade three, four, or five and in grade six, seven, or eight, subject to

available appropriations, with assistance to such school systems by the State Board of Education with regard to administration guidance, scoring, and reporting of such instruments. Further, the State Board of Education shall adopt a school readiness assessment for students entering first grade and shall administer such assessment pursuant to paragraph (2) of subsection (b) of Code Section 20-2-151. Each local school system is strongly encouraged to develop and implement a program of multiple formative assessment and intervention assessments in reading and mathematics for kindergarten through third grade and mathematics for kindergarten through fifth grade to ensure that students entering sixth grade are on track to meet grade-level expectations, including mastery in reading by the end of third grade to prepare for the infusion of literacy in subsequent grades and mastery in basic mathematics skills by the end of fifth grade and in accordance with the local school system's five-year strategic plan, performance indicators, and, if applicable, flexibility contract or other agreement with the State Board of Education for local school systems that are not under a flexibility contract. The State Board of Education shall periodically review, revise, and upgrade the content standards. Following the adoption of such content standards, the State Board of Education shall contract for development of end-of-grade assessments to measure the content standards. ~~Such~~ As part of the comprehensive summative assessment program, end-of-grade assessments in English, language arts/reading, and mathematics shall be administered annually to students in grades three through eight, and such tests in science and social studies shall be administered annually to students in grades three through five and eight. These tests shall contain features that allow for comparability to other states with whom establishing such comparison would be statistically sound; provided, however, that no such comparison shall be conducted which would relinquish any measure of control over assessments to any individual or entity outside the state. ~~This action shall be completed according to a schedule established by the State Board of Education.~~ Further, as part of the comprehensive summative assessment program, the State Board of Education shall adopt and administer, through the Department of Education, end-of-course assessments for students in grades nine through 12 for all core subjects, as determined by the state board. Writing performance shall be assessed, at a minimum, for students in grades three, five, eight, and 11 and may be assessed for students in additional grade levels as designated by the State Board of Education. Such required writing performance assessment may be embedded within the assessments included in the comprehensive summative assessment program. Writing performance results shall be provided to students and their parents. If authorized by federal law, the Department of Education may establish a pilot program for local school systems that have an existing program of multiple formative assessments during the course of the academic year that result in a single summative score that is valid and reliable in measuring individual student achievement or growth and assessing individual student needs or deficiencies, to utilize such local assessments in place of end-of-grade or end-of-course assessments, if provided for in the terms of the local school system's flexibility contract. As used in this subsection, the term 'flexibility contract' means a charter for a charter system or a

charter school or a contract entered into with the State Board of Education for a strategic waivers school system.

(b) The nationally norm-referenced instruments provided for in subsection (a) of this Code section shall provide students and their parents with grade equivalencies and percentile ranks which result from the administration of such instruments. End-of-grade assessments shall provide for results that reflect student achievement at the individual student, classroom, school, system, state, and national levels. The State Board of Education shall participate in the National Assessment of Educational Progress (NAEP) and may participate in any other tests that will allow benchmarking this state's performance against national or international performance. The results of such testing shall be provided to the Governor, the General Assembly, and the State Board of Education and shall be reported to the citizens of Georgia. ~~Further, the state board shall adopt a school readiness assessment for students entering first grade and shall administer such assessment pursuant to paragraph (2) of subsection (b) of Code Section 20-2-151.~~ One of the components in the awarding of salary supplements as part of a pay for performance or related plan under this article may be assessments of student achievement.

(b.1) The State Board of Education shall notify local school systems and individual schools of the results of the assessment instruments administered under this Code section at the earliest possible date determined by the state board, but not later than the beginning of the subsequent school year. In the event the state board is unable to provide timely results in the first year of implementation of a substantially new assessment instrument, the provisions in paragraphs (2) and (3) of subsection (b) of Code Section 20-2-283 shall not apply.

(c) The State Board of Education shall have the authority to condition the awarding of a high school diploma to a student upon achievement of satisfactory scores on end-of-course assessments and other instruments adopted and administered by the state board pursuant to subsection (a) of this Code section ~~and the end-of-course assessments adopted and administered by the state board pursuant to subsections (f) and (h) of this Code section.~~ The state board is authorized and directed to adopt regulations providing that any disabled child, as defined by the provisions of this article, shall be afforded opportunities to take any test adopted by the state board as a condition for the awarding of a high school diploma. Such regulations shall further provide for appropriate accommodations in the administration of such test. Such regulations shall further provide for the awarding of a special education diploma to any disabled student who is lawfully assigned to a special education program and who does not achieve a passing score on such test or who has not completed all of the requirements for a high school diploma but who has nevertheless completed his or her Individualized Education Program.

(d)(1) The State Board of Education shall develop or adopt alternate assessments to be administered to those students with significant cognitive disabilities, receiving special education services pursuant to Code Section 20-2-152, who cannot access the state adopted content standards without appropriate accommodations to those

standards and for whom the assessment instruments adopted under ~~subsections subsection~~ (a) ~~and (f)~~ of this Code section, even with allowable accommodations, would not provide an appropriate measure of student achievement, as determined by the student's Individualized Education Program team. Such alternate assessments shall be aligned with alternate academic achievement standards that have been adopted through a documented and validated standards-setting process, for students with the most significant cognitive disabilities, provided those standards are aligned with the state standards established pursuant to Code Section 20-2-140 and promote access to the general education curriculum, consistent with the federal Individuals with Disabilities Education Act. The State Board of Education shall ensure that any alternate assessments developed or adopted pursuant to this subsection are in compliance with applicable federal law, but do not impose requirements in excess of such federal law in a manner that unduly burdens a local school system or that does not benefit students with the most significant cognitive disabilities.

(2) A student's Individualized Education Program team shall determine appropriate participation in assessment and identify necessary accommodations in accordance with the federal Individuals with Disabilities Education Act and state board regulations.

(e) The State Board of Education is authorized to adopt rules, regulations, policies, and procedures regarding accommodations and the participation of limited-English-proficient students, as defined in Code Section 20-2-156, in the assessments described in this Code section.

~~(f) The State Board of Education shall adopt end-of-course assessments for students in grades nine through 12 for all core subjects to be determined by the state board.~~ For those students with an Individualized Education Program, each such student's Individualized Education Program team shall identify necessary accommodations in accordance with the federal Individuals with Disabilities Education Act and state board regulations.

(g) Under rules adopted by the State Board of Education, the Department of Education shall, subject to appropriations by the General Assembly, release some or all of the questions and answers to each end-of-grade assessment and each end-of-course assessment administered under subsection (a) of this Code section ~~and each end-of-course assessment administered under subsection (h) of this Code section~~ after the last time such assessment is administered for a school year.

~~(h) The State Board of Education, through the Department of Education, shall administer the end-of-course assessments for core subject areas as defined by state board policy. By the 2015-2016 school year, the State Board of Education shall make all end-of-course assessments available for administration online and shall establish rules and regulations to maximize the number of students and school systems utilizing such online assessments.~~

(i) The Department of Education shall develop study guides for the end-of-grade assessments and end-of-course assessments administered pursuant to ~~subsections subsection~~ (a) ~~and (h)~~ of this Code section. Each school system shall distribute the

study guides to students who do not perform satisfactorily on one or more parts of an assessment instrument administered under this Code section and to the parents or guardians of such students.

(j) The State Board of Education shall adopt rules and regulations requiring the results of core subject end-of-course assessments to be included as a factor in a student's final grade in the core subject course for which the end-of-course assessment is given.

(k) In addition to the assessment instruments adopted by the State Board of Education and administered by the Department of Education, a local school system may adopt and administer criterion-referenced or norm-referenced assessment instruments, or both, at any grade level. Such locally adopted assessment instruments may not replace the state's adopted assessment instruments for purposes of state accountability programs. A local school system shall be responsible for all costs and expenses incurred for locally adopted assessment instruments. Students with Individualized Education Programs must be included in the locally adopted assessments or provided an alternate assessment in accordance with the federal Individuals with Disabilities Education Act.

(l) In adopting academic skills assessment instruments under this Code section, the State Board of Education or local school system shall ensure the security of the instruments in their preparation, administration, and scoring. Notwithstanding any other provision of law, meetings or portions of meetings held by the state board or a local board of education at which individual assessment instruments or assessment instrument items are discussed or adopted shall not be open to the public, and the assessment instruments or assessment instrument items shall be confidential.

(m) The results of individual student performance on academic skills assessment instruments administered under this Code section shall be confidential and may be released only in accordance with the federal Family Educational Rights and Privacy Act of 1974, 20 U.S.C. Section 1232g.

(n) Overall student performance data shall be disaggregated by ethnicity, sex, socioeconomic status, disability, language proficiency, grade level, subject area, school, system, and other categories determined by policies established by the Office of Student Achievement.

(o) Student performance data shall be made available to the public, with appropriate interpretations, by the State Board of Education, the Office of Student Achievement, and local school system. The information made available to the public shall not contain the names of individual students or teachers.

(p) Teachers in kindergarten through grade 12 shall be offered the opportunity to participate annually in a staff development program on the use of tests within the instructional program designed to improve students' academic achievement. This program shall instruct teachers on curriculum alignment related to tests, disaggregated student test data to identify student academic weaknesses by subtests, and other appropriate applications as determined by the State Board of Education.

(q) The State Board of Education shall consider the passage by a student of an industry certification examination or a state licensure examination which is approved by the State Board of Education or a ~~COMPASS~~ an ACCUPLACER score approved by the

State Board of Education when considering whether to grant such student a variance or a waiver of one or more end-of-course assessments or other instruments required by the State Board of Education pursuant to subsection (c) of this Code section in order to obtain a Georgia high school diploma; provided, however, that the state board shall not grant a variance to a student unless the student has attempted and failed to pass the relevant end-of-course assessment or assessments at least four times.

(r) In order to maximize classroom instruction time, the State Board of Education shall study and adopt policies beginning with the 2017-2018 school year that will move the end-of-grade and end-of-course assessment testing windows as close to the end of the school year or semester as possible. The Department of Education shall prepare and submit a report to the House Committee on Education and the Senate Education and Youth Committee no later than December 31, 2016, regarding proposed policies and obstacles that prevent testing windows from being scheduled later in the school year or semester. Local school systems are strongly encouraged to administer any such state required assessments within the last week of the school system's midyear semester, for assessments administered at the end of a midyear semester, and within the last two weeks of the school year for the school system, for assessments administered at the end of the academic year.

(s) All assessments adopted or developed by the State Board of Education pursuant to this Code section shall be verified for reliability and validity by a nationally recognized, research based, third-party evaluator."

SECTION 3.

Said chapter is further amended by revising subsection (a) of Code Section 20-2-989.7, relating to matters not subject to complaint, as follows:

"(a) The performance ratings contained in personnel evaluations conducted pursuant to Code Section 20-2-210, professional development plans, and job performance shall not be subject to complaint under the provisions of this part; provided, however, this shall not apply to procedural deficiencies on the part of the local school system or charter school in conducting an evaluation pursuant to Code Section 20-2-210. The termination, nonrenewal, demotion, suspension, or reprimand of any employee, as set forth in Code Section 20-2-940, and the revocation, suspension, or denial of certificates of any employee, as set forth in Code Section 20-2-984.5, shall not be subject to complaint under the provisions of this part."

A BILL to be entitled an Act to amend Title 19 of the Official Code of Georgia Annotated, relating to domestic relations, so as to expand grandparent rights to visitation and intervention to great-grandparents and siblings of parents; to conform cross-references relating to adoption; to provide for related matters; to repeal conflicting laws; and for other purposes.

The House amendment to the Senate substitute was as follows:

Amend the Senate substitute to HB 229 (LC 37 2216ERS) by replacing lines 1 through 410 with the following:

To amend Title 19 of the Official Code of Georgia Annotated, relating to domestic relations, so as to change provisions relating to a grandparent's right to intervention in certain domestic relation cases; to allow for intervention by great-grandparents and siblings of parents; to provide for definitions; to provide for an evidentiary standard; to conform cross-references relating to adoption; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Title 19 of the Official Code of Georgia Annotated, relating to domestic relations, is amended by revising Code Section 19-7-3, relating to grandparent visitation rights and intervention, as follows:

"19-7-3.

(a) As used in this Code section, the term '~~grandparent~~':

(1) 'Family member' means a grandparent, great-grandparent, or sibling.

(2) 'Grandparent' means the parent of a parent of a minor child, the parent of a minor child's parent who has died, and the parent of a minor child's parent whose parental rights have been terminated.

(3) 'Great-grandparent' means the parent of the parent of a parent of a minor child, the parent of the parent of a minor child's parent who has died, and the parent of the parent of a minor child's parent whose parental rights have been terminated.

(4) 'Sibling' means the brother or sister of a parent of a minor child, the brother or sister of a minor child's parent who has died, and the brother or sister of a minor child's parent whose parental rights have been terminated.

(b)(1) Except as otherwise provided in paragraph (2) of this subsection, ~~any~~:

(A) Any grandparent shall have the right to file an original action for visitation rights to a minor child ~~or~~; and

(B) Any family member shall have the right to intervene in and seek to obtain visitation rights in any action in which any court in this state shall have before it any question concerning the custody of a minor child, a divorce of the parents or a parent of such minor child, a termination of the parental rights of either parent of such minor child, or visitation rights concerning such minor child or whenever there has been an adoption in which the adopted child has been adopted by the child's blood relative or by a stepparent, notwithstanding the provisions of Code Section 19-8-19.

(2) This subsection shall not authorize an original action ~~where~~ when the parents of the minor child are not separated and the child is living with both parents.

(c)(1) Upon the filing of an original action or upon intervention in an existing proceeding under subsection (b) of this Code section, the court may grant any ~~grandparent~~ family member of the child reasonable visitation rights if the court finds

by clear and convincing evidence that the health or welfare of the child would be harmed unless such visitation is granted and if the best interests of the child would be served by such visitation. The mere absence of an opportunity for a child to develop a relationship with a family member shall not be considered as harming the health or welfare of the child when there is no substantial preexisting relationship between the child and such family member. In considering whether the health or welfare of the child would be harmed without such visitation, the court shall consider and may find that harm to the child is reasonably likely to result ~~where~~ when, prior to the original action or intervention:

- (A) The minor child resided with the ~~grandparent~~ family member for six months or more;
- (B) The ~~grandparent~~ family member provided financial support for the basic needs of the child for at least one year;
- (C) There was an established pattern of regular visitation or child care by the ~~grandparent~~ family member with the child; or
- (D) Any other circumstance exists indicating that emotional or physical harm would be reasonably likely to result if such visitation is not granted.

The court shall make specific written findings of fact in support of its rulings.

(2) An original action requesting visitation rights shall not be filed by any grandparent more than once during any two-year period and shall not be filed during any year in which another custody action has been filed concerning the child. After visitation rights have been granted to any grandparent, the legal custodian, guardian of the person, or parent of the child may petition the court for revocation or amendment of such visitation rights, for good cause shown, which the court, in its discretion, may grant or deny; but such a petition shall not be filed more than once in any two-year period.

(3) While a parent's decision regarding ~~grandparent~~ family member visitation shall be given deference by the court, the parent's decision shall not be conclusive when failure to provide ~~grandparent~~ family member contact would result in emotional harm to the child. A court may presume that a child who is denied any contact with his or her ~~grandparent~~ family member or who is not provided some minimal opportunity for contact with his or her ~~grandparent~~ family member when there is a preexisting relationship between the child and such family member may suffer emotional injury that is harmful to such child's health. Such presumption shall be a rebuttable presumption.

(4) In no case shall the granting of visitation rights to a ~~grandparent~~ family member interfere with a child's school or regularly scheduled extracurricular activities.

(5) Visitation time awarded to a ~~grandparent~~ family member shall not be less than 24 hours in any one-month period; provided, however, that when more than one individual seeks visitation under this Code section, the court shall determine the amount of time to award to each petitioner which shall not be less than 24 hours in any one-month period in the aggregate.

(d) Notwithstanding the provisions of subsections (b) and (c) of this Code section, if

one of the parents of a minor child dies, is incapacitated, or is incarcerated, the court may award the parent of the deceased, incapacitated, or incarcerated parent of such minor child reasonable visitation to such child during his or her minority if the court in its discretion finds that such visitation would be in the best interests of the child. The custodial parent's judgment as to the best interests of the child regarding visitation shall be given deference by the court but shall not be conclusive.

(e) If the court finds that the ~~grandparent or grandparents~~ family member can bear the cost without unreasonable financial hardship, the court, at the sole expense of the petitioning ~~grandparent or grandparents~~ family member, may:

- (1) Appoint a guardian ad litem for the minor child; and
- (2) Assign the issue of visitation rights of a ~~grandparent~~ family member for mediation.

(f) In the event that the court does not order mediation or upon failure of the parties to reach an agreement through mediation, the court shall fix a time for the hearing of the issue of visitation rights of the ~~grandparent or grandparents~~ family member.

(g) Whether or not visitation is awarded to a ~~grandparent~~ family member, the court may direct a custodial parent, by court order, to notify such ~~grandparent~~ family member of every performance of the minor child to which the public is admitted, including, but not limited to, musical concerts, graduations, recitals, and sporting events or games.

(h) When more than one family member files an action pursuant to this Code section, the court shall determine the priority of such actions."

SECTION 2.

Said title is further amended by revising subsection (f) of Code Section 19-8-13, relating to the petition for adoption, filing, and contents, as follows:

"(f)(1) As used in this subsection, the term 'family member' shall have the same meaning as set forth in Code Section 19-7-3.

(2) Whenever a petitioner is a blood relative of the child to be adopted and a ~~grandparent~~ family member other than the petitioner has visitation rights to the child granted pursuant to Code Section 19-7-3, the petitioner shall cause a copy of the petition for adoption to be served upon the ~~grandparent~~ family member with the visitation rights or upon such person's counsel of record."

SECTION 3.

Said title is further amended by revising Code Section 19-8-15, relating to when objections may be filed by relatives to petition for adoption, as follows:

"19-8-15.

(1) As used in this Code section, the term 'family member' shall have the same meaning as set forth in Code Section 19-7-3.

(2) If the child sought to be adopted has no legal father or legal mother living, it shall be the privilege of any person related by blood to the child to file objections to the petition for adoption. A ~~grandparent~~ family member with visitation rights to a child granted pursuant to Code Section 19-7-3 shall have the privilege to file objections to

the petition of adoption if neither parent has any further rights to the child and if the petition for adoption has been filed by a blood relative of the child. The court, after hearing such objections, shall determine, in its discretion, whether or not the same constitute a good reason for denying the petition and the court shall have the authority to grant or continue such visitation rights of the ~~grandparent to~~ family member of the child in the adoption order in the event the adoption by the blood relative is approved by the court."

SECTION 4.

All laws and parts of laws in conflict with this Act are repealed.

House Bill 605 (LC 43 0077)

Dear Representative Weldon:

This bill would amend provisions relating to the calculation of benefits under the Georgia Judicial Retirement System. Specifically, this bill would revise the method used to calculate benefits paid to members who had prior part-time service. Current law authorizes members to receive retirement benefits for prior part-time service and such benefits are calculated on the basis of one month service credit for every three months of

prior part-time service. If this legislation is enacted, retirement benefits for prior part-time service would be calculated based on the ratio between the average monthly compensation for the 24 consecutive months producing the highest such average during part-time service divided by the same average produced during full-time service. This ratio would then be multiplied by the total part-time service and the result would be added to the total full-time service to obtain the total service to be used in all benefit calculations.

This is to certify that this bill is a fiscal retirement bill as defined in the Public Retirement Systems Standards Law.

Respectfully,

Substitute to House Bill 605
(LC 43 0175S)

Dear Representative Weldon:

This substitute bill would amend provisions relating to vesting for benefits and to the calculation of retirement benefits under the Georgia Judicial Retirement System. If this

legislation is enacted, members of the System would be authorized to use part-time service for purposes of determining a vesting date, provided the member was serving in a full-time position on the effective date of his or her retirement.

This substitute bill would also revise the method used to calculate benefits paid to members who had prior part-time service. Current law authorizes members to receive retirement benefits for prior part-time service and such benefits are calculated on the basis of one month service credit for every three months of prior part-time service. If this legislation is enacted, retirement benefits for prior part-time service would be calculated based on the ratio between the average monthly compensation for the 24 consecutive months producing the highest such average during part-time service divided by the same average produced during full-time service. SUBJECT: Actuarial Investigation
 House Bill 605 (LC 43 0175S)
 Georgia Judicial Retirement System

Dear Chairman Battles:

This bill would amend provisions relating to vesting for benefits and the calculation of retirement benefits under the Georgia Judicial Retirement System. If this legislation is enacted, members of this System would be authorized to use part-time service for purposes of determining a vesting date, provided the member was serving in a full-time position on the effective date of his or her retirement.

This bill would also revise the method used to calculate benefits paid to members who had prior part-time service. If this legislation is enacted, retirement benefits for part-time service would be calculated based on the ratio between the average monthly compensation for the 24 consecutive months producing the highest such average during the period of part-time service divided by the same average produced during full-time service. This ratio would then be multiplied by the total part-time service and the result would be added to the total full-time service to obtain the total service to be used in all benefit calculations. Currently, benefits for part-time service is calculated on the basis of one month service credit for every three months of prior part-time service.

This bill would not result in any increase in cost to the Georgia Judicial Retirement System. Currently, the liabilities of the System are determined assuming that all members are in a full-time position and accrue one year of service each year. Since this legislation would not change any of the assumptions applied to determining the cost to the System, there would be no increase in the unfunded actuarial accrued liability or the employer contribution rate as a result of this legislation.

The following is a summary of the relevant findings of the actuarial investigation for this bill pursuant to a request by the House Retirement Committee. The investigation was to be conducted according to O.C.G.A. §47-20-36, which outlines the factors to be considered in an actuarial investigation. The figures are based on employee data and the most recent actuarial assumptions and methods.

- | | |
|--|-------------------------------|
| (1) The amount of the unfunded actuarial accrued liability which will result from the bill. | \$ <u> 0</u> |
| (2) The amount of the annual amortization of the unfunded actuarial accrued liability which will result from the bill. | \$ <u> 0</u> |
| (3) The number of years that the unfunded actuarial accrued liability created by this bill would be amortized. | <u> N/A</u> |

- (4) The amount of the annual normal cost which will result from the bill. \$ 0
- (5) The employer contribution rate currently in effect for Georgia Judicial Retirement System. 10.48%
- (6) The employer contribution rate recommended for Georgia Judicial Retirement System (in conformity with minimum funding standards specified in Code Section 47-20-10). 10.48%
- (7) The total dollar amount of the increase in the annual employer contribution which is necessary to maintain the retirement system in an actuarially sound condition. \$ 0

It should be noted that any subsequent changes in the retirement bill will invalidate the actuarial investigation and the findings included therein.

Respectfully,

/s/ Greg S. Griffin
State Auditor

(c) The public scorecard for child welfare agencies and any explanation for the basis of any score on the scorecard shall be published in a single location on a website for public review. Such website shall provide scores for each child welfare agency by the affected agency that is responsible for the regulation of or contracting with each particular child welfare agency. The score shall be posted within 30 days of the completion of an inspection or, if appealed pursuant to subsection (e) of this Code section, the revised score, if any, shall be posted within 30 days of the conclusion of the appeal.

(d) The scores shall be based on an established published formula with weight appropriately given for each agency's compliance or noncompliance with applicable laws; rules; contracts; court orders; measures of treatment; behavioral, vocational, and educational outcomes for persons receiving services; and other pertinent information, based on empirical evidence to the greatest extent possible.

After issuance of such written notice, the child welfare agency may contest the score as a contested case under Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act,' except that hearings held relating to such action by the department may be closed to the public if the hearing officer determines that an open hearing would be detrimental to the physical or mental health of any child who will testify at such hearing.

(f) In consultation with other affected agencies, the department shall promulgate rules and regulations consistent with this Code section, including establishing criteria which

must be met in order for a child welfare agency to contest or appeal a score.

(g) Nothing in this Code section shall be construed to affect the ability of any affected agency, in its sole discretion, to contract with any child welfare agency or to exercise the rights of the affected agency under the terms and conditions of any existing contract with a child welfare agency."

Nothing in this Code section shall be construed to prohibit an individual seeking to:

- (1) Adopt a child or children from receiving or accepting a child or children in the individual's home in anticipation of filing a petition for adoption under Article 1 of Chapter 8 of Title 19; or

(c) The annual inspection shall not occur sooner than 330 days or later than 390 days after the date on which the last annual inspection began and shall not exceed five days. Affected agencies may reduce the extent of the annual inspection by reducing the frequency or the extent of the inspection for contract compliance when the child welfare agency has shown an exceptional history of contract compliance as determined upon past scores; provided, however, that such reduction does not violate federal law, court order, or settlement agreement.

(d) A child welfare agency may contest the results of an annual inspection, in accordance with department rules, by filing a written appeal with the affected agency within ten days of receipt of the affected agency's annual inspection report. Within ten days of receipt of a child welfare agency's written appeal of the annual inspection, the affected agency shall hold a meeting with the child welfare agency. (d) Notwithstanding any provision of law to the contrary, operating under the influence court division staff shall be provided, upon request, with access to all records relevant to the treatment of the operating under the influence court division participant from any state or local government agency. All such records and the contents thereof shall be treated as confidential, shall not be disclosed to any person outside of the operating under the influence court division, and shall not be subject to Article 4 of Chapter 18 of Title 50, relating to open records, or subject to subpoena, discovery, or introduction into evidence in any civil or criminal proceeding. The restoration fee paid to reinstate a driver's license that was suspended under this paragraph shall be counted toward the fulfillment of the restoration fee required by subsection (c) of Code Section 40-5-62, provided that such revocation arose from the same act for which the suspension was imposed.

Notwithstanding any other provision of this chapter to the contrary, the suspension imposed pursuant to this Code section shall be in addition to and run consecutively to any other suspension imposed by the department at the time of the conviction that results in said suspension. If the person has never been issued a driver's license in the State of Georgia or holds a driver's license issued by another state, the person shall not be eligible for a driver's license for the applicable period of suspension following his or her submission of an application for issuance thereof.

In addition, the division director and the board shall upon request by the complainant advise the complainant as to the status of the complaint during the period of time that such complaint is pending.

(i) A person, firm, corporation, association, authority, or other entity shall be immune from civil and criminal liability for reporting or investigating the acts or omissions of a licensee or applicant which violate the provisions of subsection (a) of this Code section or any other provision of law relating to a licensee's or applicant's fitness to practice a business or profession licensed under this title or for initiating or conducting proceedings against such licensee or applicant, if such report is made or action is taken in good faith, without fraud or malice. Any person who testifies or who makes a recommendation to a professional licensing board in the nature of peer review, in good faith, without fraud or malice, before the board in any proceeding involving the provisions of subsection (a) of this Code section or any other law relating to a licensee's or applicant's fitness to practice the business or profession licensed by the board shall be immune from civil and criminal liability for so testifying.

A notice of hearing, initial or recommended decision, or final decision of the board in a disciplinary proceeding shall be served personally upon the licensee or applicant or served by certified mail or statutory overnight delivery, return receipt requested, to the last known address of record with the board. If such material is served by certified mail or statutory overnight delivery and is returned marked 'unclaimed' or 'refused' or is otherwise undeliverable and if the licensee or applicant cannot, after diligent effort, be located, the division director, or his or her designee, shall be deemed to be the agent for service for such licensee or applicant for purposes of this Code section, and service upon that director, or that director's designee, shall be deemed to be service upon the licensee or applicant.

(l) The voluntary surrender of a license or the failure to renew a license by the end of an established penalty period shall have the same effect as a revocation of ~~said~~ such license, subject to reinstatement in the discretion of a board. A board may restore and reissue a license to practice under the law relating to that board and, as a condition thereof, may impose any disciplinary sanction provided by this Code section or the law relating to that board.

(m) This Code section shall apply equally to all licensees or applicants whether individuals, partners, or members of any other incorporated or unincorporated associations, corporations, limited liability companies, or other associations of any kind whatsoever.

(o) Subsections (a), (d), and (e) of this Code section shall be supplemental to and shall not operate to prohibit any professional licensing board from acting pursuant to those provisions of law which may now or hereafter authorize other disciplinary grounds and actions for that particular board. In cases where those other provisions of law so authorize other disciplinary grounds and actions but subsection (a), (d), or (e) of this Code section ~~limit~~ limits such grounds or actions, those other provisions shall apply so long as the requirements of subsection (q) of this Code section are met.

(p)(1) Notwithstanding any other provision of this Code section or title, when an applicant submits his or her application for licensure or renewal, together with proof of completion of a drug court division ~~program~~, as set forth in Code Section 15-1-15, a mental health court division as set forth in Code Section 15-1-16, a veterans court division as set forth in Code Section 15-1-17, an operating under the influence court division as set forth in Code Section 15-1-19, or a family treatment court division as set forth in Code Section 15-11-70, a board shall issue the applicant a probationary license under the terms and conditions deemed appropriate by such board.

(2) Paragraph (1) of this subsection shall not supersede a board's consideration of an

(q)(1) Notwithstanding paragraphs (3) and (4) of subsection (a) of this Code section or any other provision of law, no professional licensing board shall refuse to grant a license to an applicant therefor or shall revoke the license of a person licensed by that board due solely or in part to a conviction of any felony or due to any arrest, charge, and sentence for the commission of any felony unless such felony directly relates to the occupation for which the license is sought or held.

(2) In determining if a felony directly relates to the occupation for which the license is sought or held, the professional licensing board shall consider:

**A BILL TO BE ENTITLED
AN ACT**

To amend Chapter 5 of Title 26 of the Official Code of Georgia Annotated, relating to drug abuse treatment and education programs, so as to provide for a temporary moratorium on the issuance of new applications for licensure of narcotic treatment programs; to create the State Commission on Narcotic Treatment Programs; to provide for the membership, powers, duties, compensation, and allowances of the commission; to provide for the abolishment of the commission; to suspend the acceptance of applications for licensure of narcotic treatment programs for a certain period; to provide for exceptions; to provide legislative findings; to provide for related matters; to provide an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

With respect to the licensure of narcotic treatment programs in this state, the General Assembly finds that:

- (1) There is a vital need for narcotic treatment programs that provide adequate medical, counseling, vocational, educational, mental health assessment, and social services to patients enrolled in the narcotic treatment program with the goal of the individual achieving recovery;
- (2) There is a growing concern as to the numbers and concentration of narcotic treatment programs located in certain parts of this state and that concentration of such narcotic treatment programs is in cities along Georgia's borders with neighboring states;
- (3) There are reported and documented increases in heroin addiction and overdoses throughout this state;
- (4) There is a grave concern over the public's well-being concerning the potential abuses of methadone and its relationship to geographic proximity, the population being served, and whether patients are receiving adequate treatment;
- (5) Georgia is eighth in population but third nationally in the number of narcotic treatment programs; and

(6) There is a need to study the narcotic treatment program licensure requirements and enforcement and other issues that may arise out of this study.

SECTION 2.

Chapter 5 of Title 26 of the Official Code of Georgia Annotated, relating to drug abuse treatment and education programs, is amended by adding a new Code section to read as follows:

"26-5-21.

(a) There is created the State Commission on Narcotic Treatment Programs to be composed of three members of the House of Representatives to be appointed by the Speaker of the House of Representatives; three members of the Senate to be appointed by the President of the Senate; five members to be appointed by the Governor to include the commissioner of community health or his or her designee, the commissioner of behavioral health and developmental disabilities or his or her designee, and three members who represent a cross section of interests of narcotic treatment program owners, pharmacists, and law enforcement. The Speaker of the House of Representatives and the President of the Senate shall each select a cochairperson. The cochairpersons shall call all meetings of the commission. Administrative support for the commission shall be provided by the staff of the Department of Community Health, as appropriate.

(b) The legislative members of the commission shall be entitled to receive the compensation and allowances provided for in Code Section 28-1-8. Members of the commission who are state officials, other than legislative members, or state employees shall receive no compensation for their services on the commission but may be reimbursed for expenses incurred by them in the performance of their duties as members of the commission in the same manner as they are reimbursed for expenses in their capacities as state officials or employees. Members of the commission who are not legislators, state officials, or state employees shall receive a daily expense allowance in an amount the same as that specified in subsection (b) of Code Section 45-7-21, as well as the mileage or transportation allowance authorized for state employees, and the funds for payment thereof shall come from funds of the Department of Community Health.

(c) The commission may conduct such meetings at such places and at such times as it may deem necessary or convenient to enable it to exercise fully and effectively its powers, perform its duties, and accomplish the objectives and purposes of this Code section.

(d) The commission shall perform the following by December 31, 2016:

(1) Examine the current narcotic treatment program licensure requirements for adequacy;

(2) Assess how the current licensure requirements and enforcement of such requirements meet the purpose of providing adequate medical, counseling, vocational, educational, mental health assessment, and social services to patients enrolled in these programs and how these programs can be assessed for meeting the narcotic treatment

program goal of the individual achieving recovery;

(3) Determine if the geographic service areas are reasonable and based on an optimal balance between population density and service proximity and whether the sociodemographic in the service area and the projected population to receive services are being considered;

(4) Determine the cause and effect of hospital admittance for overdose and incidents of suicide, if any, in relation to the adequate licensure and oversight of these programs;

(5) Determine what legislative changes need to be made to licensure requirements of narcotic treatment programs or any other changes to the law to address concerns that arise out of this study; and

(6) Solicit expert testimony on the efficacy of nonnarcotic, medically assisted treatments for narcotic dependence.

(e) A temporary moratorium on the acceptance of new applications for licensure of narcotic treatment programs authorized under this chapter through June 30, 2017, would provide the General Assembly with time to study the need for any changes to the licensure requirements for the operation of such programs and the enactment of any other additional laws to ensure the safety of Georgia's citizens. New applications for licensure of narcotic treatment programs in this state shall be temporarily suspended starting from the effective date of this Code section through and including June 30, 2017, in order to permit the commission to complete its report and recommendations and to permit the General Assembly to act on those recommendations during the 2017 legislative session.

(f) Between the effective date of this Code section and June 30, 2017, the department shall not accept any new applications for licensure of narcotic treatment programs.

(g) The temporary suspension of new applications for licensure of narcotic treatment programs shall not affect applications pending on the effective date of this Code section, program renewals, program name changes, program location changes, or program ownership changes.

(h) The commission shall stand abolished on January 1, 2017."

SECTION 3.

This Act shall become effective on June 1, 2016.

Any tax, fee, or assessment so levied shall not exceed five mills of the aggregate assessed value of all such real property. The taxes, fees, and assessments levied by the board shall be equitably apportioned among the properties subject to such taxes, fees, and assessments according to the need for governmental services and facilities created by the degree of density of development of each such property. The proceeds of taxes, fees, and assessments levied by the board shall be used only for the purpose of providing governmental services and facilities which are specially required by the degree of density of development within the district and not for the purpose of providing those governmental services and facilities provided to the county or municipality as a whole. Any tax, fee, or assessment so levied shall be collected by DeKalb County in the same manner as taxes, fees, and assessments are levied by DeKalb County. Delinquent taxes shall bear the same interest and penalties as DeKalb County or municipal ad valorem taxes and may be enforced and collected in the same manner. The proceeds of taxes, fees, and assessments so levied, less a fee to cover the costs of collection of 1 percent of such proceeds, but not more than \$25,000.00 in any one calendar year, shall be transmitted by DeKalb County to the board and shall be expended by the board only for the purposes authorized by this Act."

required in Section 4 of this Act, or as may thereafter be added as provided in this Act.

(b) The boundaries of the district may be increased after the initial creation of a district pursuant to the following:

- (1) Written consent of a majority of the owners of real property within the areas sought to be annexed and which will be subject to taxes, fees, and assessments levied by the board of the district;
- (2) Written consent of the owners of real property within the areas sought to be annexed which constitutes at least 75 percent by value of the property which will be subject to taxes, fees, and assessments levied by the board of the district. For this purpose, value shall be determined by the most recent approved county ad valorem tax digest;
- (3) The adoption of a resolution consenting to the annexation by the board of the district; and
- (4) The adoption of a resolution consenting to the annexation by the governing authority of DeKalb County if any portion of the district is or is to be in the unincorporated area of DeKalb County, and/or the governing authority of such municipalities as may have area within the district immediately before or immediately after the annexation."

SECTION 6.

Said Act is further amended by revising Section 9 to read as follows:

"SECTION 9.

The services and facilities provided pursuant hereto will be provided for in a cooperation agreement executed jointly by the board and by the governing authority of DeKalb County if any of the district is in the unincorporated area of the county, and by any municipalities within which the district is partially located. The provisions of this section shall in no way limit the authority of DeKalb County or any such municipality to provide services or facilities within the district; and DeKalb County and such municipalities shall retain full and complete authority and control over any of its facilities located within its respective areas of any district. Said control shall include, but not be limited to, the modification of, access to, and degree and type of services provided through or by facilities of the county or such municipalities. Nothing contained in this section shall be construed to limit or preempt the application of any governmental laws, ordinances, resolutions, or regulations to the district or the services or facilities provided therein."

SECTION 7.

Said Act is further amended by revising Section 14 to read as follows:

"SECTION 14.

(a) Any district activated under the provisions of this Act may be dissolved. The conditions for such dissolution shall be:

(1) The adoption of a resolution approving of the dissolution of each community improvement district by the DeKalb County Board of Commissioners if wholly within the unincorporated area of DeKalb County, by the governing authority of DeKalb County and such municipalities within which the district may be located if within the unincorporated area of DeKalb County and partially within one or more municipalities, or by the governing authority of a municipality if wholly within the incorporated area thereof; and

(2) The written consent to the dissolution of the community improvement district by:

- (A) Two-thirds of the owners of real property within the district which are subject to taxes, fees, and assessments levied by the board of the district; and
- (B) The owners of real property constituting at least 75 percent by value of all real property within the district which are subject to taxes, fees, and assessments levied by the board. For this purpose, value shall be determined by the most recent approved county ad valorem tax digest.

The written consent provided for in this paragraph shall be submitted to the DeKalb County tax commissioner, who shall certify whether subparagraphs (A) and (B) of this paragraph have been satisfied with respect to each proposed district dissolution.

(b) In the event that successful action is taken pursuant to this section to dissolve the district, the dissolution shall become effective at such time as all debt obligations of the district have been satisfied. Following a successful dissolution action and until the dissolution becomes effective, no new projects may be undertaken, obligations or debts incurred, or property acquired.

(c) Upon a successful dissolution action, all noncash assets of the district other than public facilities or land or easements to be used for such public facilities, as described in Section 2 of this Act, shall be reduced to cash and, along with all other cash on hand, shall be applied to the repayment of any debt obligation of the district. Any cash remaining after all outstanding obligations are satisfied shall be refunded to each property owner in direct proportion to the total amount in taxes, fees, or assessments paid by the property owner relative to the total revenues paid by all properties in the district in the most recent tax year.

(d) When dissolution becomes effective, the county governing authority for public facilities located within the unincorporated area, or the municipality within which they are located, shall take title to all property, public facilities, and land or easements to be used for such public facilities previously in the ownership of the district, and all taxes, fees, and assessments of the district shall cease to be levied and collected.

(e) A district may be reactivated in the same manner as an original activation."

As used in this chapter, the term:

(1) 'Affiliate' means an entity owned or controlled, either directly or through a parent or subsidiary entity, by a contracting entity that accesses the rates, terms, or conditions of health care services.

(2) 'Contracting entity' means any person or entity that enters into direct contracts with health care providers for the delivery of health care services in the ordinary course of business, including a health care organization or hospital organization when leasing or renting the health care organization's or hospital organization's network to a third party.

(3) 'Covered person' means an individual who is covered under a health insurance plan.

(4) 'Health care services' means the examination or treatment of persons for the prevention of illness or the correction or treatment of any physical or mental condition resulting from illness, injury, or other human physical problem.

(5) 'Health insurer' means an accident and sickness insurer, health care corporation, health maintenance organization, provider sponsored health care corporation, or any similar entity regulated by the Commissioner.

(6) 'Provider network contract' means a contract between a contracting entity and a provider specifying the rights and responsibilities of the contracting entity and provider for the delivery of and payment for health care services to covered persons.

(7) 'Rental preferred provider network' means a preferred provider network that contracts with a health insurer or other payor or with another preferred provider network to grant access to the terms and conditions of its contract with providers of health care services. Such contracts are often referred to as 'renting' or 'leasing' the network. The term 'rental preferred provider network' does not refer to a proprietary network of a licensed insurer or to arrangements providing for access to the proprietary network of a licensed insurer by affiliates of the licensed insurer or by entities receiving administrative services from the licensed insurer or its affiliates.

(8) 'Third party' means an organization that enters into a contract with a contracting entity or with another third party to gain access to a provider network contract.

33-20C-2.

33-20C-3.

(2) Lease, rent, or otherwise grant to a third party access to a provider network contract unless:

(A) The third party is a payor or third-party administrator or another entity that administers or processes claims on behalf of the payor;

(B) The provider network contract states that the contracting entity may enter into an agreement with a third party allowing the third party to obtain the contracting entity's rights and responsibilities under the provider network contract as if the third party were the contracting entity;

(C) The provider network contract, and all agreements between a contracting entity and any third party, prohibits such third party from increasing the contractual discounts or otherwise reducing the compensation to a network provider to an amount below that which the network provider was entitled from the contracting entity for health care services at the time the third party was granted access to the provider network contract unless such third party becomes a contracting entity; and

(D) The third party accessing the provider network contract is contractually obligated to comply with all applicable terms, limitations, and conditions of the provider network contract.

(b) A contracting entity that grants access to a network provider's health care services and contractual discounts to any third party pursuant to a provider network contract shall maintain an Internet website, mobile communication device application, or other readily available mechanism, such as a toll-free telephone number, through which a network provider may obtain a listing, updated at least every 30 days, of the third parties to which the contracting entity or another third party has executed contracts to grant access to such network provider's health care services and contractual discounts pursuant to a provider network contract.

(c) All information made available to a network provider in accordance with the requirements of this chapter shall be confidential and shall not be disclosed to any person or entity not employed by the network provider or involved in the network provider's practice or the administration thereof without the prior written consent of the contracting entity; provided, however, that this shall not preclude a network provider from disclosing such information to an outside consultant or attorney for the purpose of assisting the network provider with any disputes with a contracting entity.

(d) Nothing contained in this chapter shall be construed to prohibit a contracting entity from requiring a network provider to execute a reasonable confidentiality agreement to ensure that confidential or proprietary information disclosed by the contracting entity is not used for any purpose other than the network provider's direct practice management or billing activities.

33-20C-4.

(a) A third party, having itself been granted access to a network provider's health care services and contractual discounts pursuant to a provider network contract, that subsequently grants access to another third party shall be obligated to comply with the rights and responsibilities imposed on contracting entities pursuant to this chapter.

(b) A third party that enters into a contract with another third party to access a network provider's health care services and contractual discounts pursuant to a provider network contract shall be obligated to comply with the rights and responsibilities imposed on third parties under this Code section.

The Commissioner shall have the authority, in addition to any other remedies and damages allowed by law, to seek to restrain or enjoin any person or entity, whether or not such person or entity is licensed or registered pursuant to this title, that is determined to be in violation of Code Section 33-20C-2 or 33-20C-3, and such person or entity shall be liable for attorney fees and litigation expenses incurred in the action to restrain or enjoin such violation."

(A)(i) To be sent to the defendant at the defendant's last known address by:

(I) Regular mail; and

(II) Registered or certified mail or statutory overnight delivery, return receipt requested.

(ii) The return receipt indicating receipt by the defendant, the envelope bearing the official notification from the United States Postal Service of the defendant's refusal to accept delivery of such registered or certified mail, the envelope bearing the official notification from a commercial firm of the defendant's refusal to accept such statutory overnight delivery, or an official written notice from the United States Postal Service of the defendant's refusal to accept delivery of such registered or certified mail shall be filed with the clerk of the court in which the garnishment is pending.

(iii) The defendant's refusal to accept or failure to claim such registered or certified mail or statutory overnight delivery addressed to such defendant shall be deemed notice to such defendant;

(B)(i) To be delivered personally to the defendant by:

(I) An individual who is not a party and is not younger than 18 years of age;

(II) An individual who has been appointed by the court to serve process or is a permanent process server;

(III) The sheriff of the county where the action is brought or where the defendant is found or by such sheriff's deputy;

(IV) The marshal or sheriff of the court or by such official's deputy;

(V) The constable of the magistrate court, when the garnishment is filed in a magistrate court, or by the constable's deputy; or

(VI) A certified process server as provided in Code Section 9-11-4.1.

(ii) A certification by the person making the delivery shall be filed with the clerk of the court in which the garnishment is pending; or

(C) To be sent to the defendant by regular mail at the address at which the defendant was served as shown on the return of service in the action resulting in the judgment when it shall appear by affidavit to the satisfaction of the clerk of the court that the defendant resides out of this state, has departed this state, cannot, after due diligence, be found within this state, or has concealed his or her place of residence from the plaintiff. A certificate of such mailing shall be filed with the clerk of the court in which the garnishment is pending by the person mailing such notice.

(2) The methods of notification specified in this subsection shall be cumulative and may be used in any sequence or combination. When it appears that a plaintiff has reasonably, diligently, and in good faith attempted to use one method, another method thereafter may be utilized; for the time during which the attempt was being made, the time limit shall be tolled for the subsequent method.

(3) No money or other property paid or delivered to the court by the garnishee shall be distributed nor shall any judgment be rendered against the garnishee until:

(A) Ten days have elapsed from the date of compliance with at least one method of notification provided by this subsection; and

(B) If a garnishee answer was filed:

(i) Twenty days have elapsed from the filing of the garnishee's answer without a claim having been filed by any defendant or third party and without a traverse having been filed by the plaintiff; or

(ii) All traverses filed prior to the twenty-first day from the filing of the garnishee's answer have been adjudicated and all claims have been adjudicated.

18-4-9.

(a) Summonses of garnishment may issue from time to time until the judgment is paid or the garnishment proceeding is otherwise terminated.

(b) No new summons of garnishment on the same affidavit of garnishment shall be issued after two years from the date of the original filing of such affidavit. The garnishment proceeding based on such affidavit shall automatically stand dismissed unless there are funds remaining in the registry of the court or a new summons of garnishment has been issued in the preceding 30 days.

18-4-10.

(a) The summons of garnishment shall state that if the garnishee fails to file a garnishee's answer to such summons in a timely manner, a judgment by default shall be entered against the garnishee for the amount remaining due on a judgment as shown in the plaintiff's affidavit of garnishment.

(b) The summons of garnishment shall be directed to the garnishee, commanding the garnishee to respond and state what money or other property is subject to garnishment. Except as provided in subsection (c) of this Code section and Articles 2 and 3 of this chapter, the garnishee's answer shall be filed with the court issuing the summons not sooner than 30 days and not later than 45 days after service of the summons, and the money or other property subject to garnishment shall be paid to or delivered to the court concurrently with such garnishee's answer.

(c) When the garnishee is a financial institution and the garnishment is not a continuing garnishment or continuing garnishment for support, such garnishee's answer shall be filed with the court issuing the summons of garnishment not sooner than five days and not later than 15 days after the date of service of the summons, and the money or other property subject to garnishment shall be paid to or delivered to the court concurrently with such garnishee's answer. If the defendant does not have an active account with and is not the owner of any money or other property in the possession of such financial institution, then the garnishee may immediately file the garnishee's answer; provided, however, that such garnishee's answer shall be filed not later than 15 days after the date of service of the summons.

18-4-11.

(a) Within the time prescribed by Code Section 18-4-10, the garnishee shall file a garnishee answer. Along with the garnishee's answer, the garnishee shall pay or deliver

to the court the money or other property admitted in the garnishee's answer to be subject to garnishment.

(b) If in responding to the summons of garnishment the garnishee shall state that the property of the defendant includes property in a safe-deposit box or similar property, the garnishee shall respond to the court issuing the summons of garnishment as to the existence of such safe-deposit box and shall restrict access to any contents of such safe-deposit box until the earlier of:

(1) Further order of such court regarding the disposition of the contents of such safe-deposit box; or

(2) The elapsing of 120 days from the date of filing of the garnishee answer unless such time has been extended by the court.

(c) If the garnishee has been served with a summons in more than one garnishment case involving the same defendant, the garnishee shall state in each garnishee answer that the money or other property is being paid or delivered to a specifically named court subject to the demands of other cases and shall give the numbers of all such cases in each garnishee answer.

(d) If the garnishee is unable to respond with the specific information required by this Code section, the garnishee's inability shall be stated in the garnishee's answer, together with all the facts plainly, fully, and distinctly set forth, so as to enable the court to give judgment thereon.

(e) The form for a garnishee answer is set forth in Code Section 18-4-84, and the form for a financial institution garnishee answer is set forth in Code Section 18-4-85.

18-4-12.

(a) When a garnishment proceeding is filed in a court under any provision of this chapter involving an entity as garnishee, the execution and filing of a garnishee answer may be done by an entity's authorized officer or employee and shall not constitute the practice of law. If a claim or traverse is filed to such entity's garnishee answer in a court of record, an attorney shall be required to represent such entity in further garnishment proceedings.

(b) An entity's payment into court of any money or other property of the defendant, or money or other property which is admitted to be subject to garnishment, may be done by an entity's authorized officer or employee and shall not constitute the practice of law.

18-4-13.

(a) All garnishee answers shall, concurrently with filing, be served by the garnishee upon the plaintiff or the plaintiff's attorney and the defendant or the defendant's attorney.

(b)(1) Service of the garnishee's answer upon the plaintiff shall be shown by the:

(A) Written acknowledgment of the plaintiff or the plaintiff's attorney; or

(B) Certificate of the garnishee or the garnishee's attorney, attached to the garnishee's answer, that a copy of the garnishee's answer was mailed to the plaintiff

or the plaintiff's attorney.

(2) No service upon the plaintiff shall be required unless the name and address of the plaintiff or the plaintiff's attorney shall legibly appear on the face of the summons of garnishment.

(3) If the garnishee fails to serve the plaintiff, the plaintiff shall be allowed 20 days from the time the plaintiff receives actual notice of the garnishee's answer to traverse the garnishee's answer.

(c)(1) Service of the garnishee's answer upon the defendant shall be shown by the:

(A) Written acknowledgment of the defendant or the defendant's attorney; or

(B) Certificate of the garnishee or the garnishee's attorney, attached to the garnishee's answer, that a copy of the garnishee's answer was mailed to the:

(i) Defendant's attorney; or

(ii) Defendant at the last address known to the garnishee.

(2) No service upon the defendant shall be required by a financial institution garnishee if the defendant does not have an active account with and is not the owner of any money or other property in the possession of such financial institution.

(d) The garnishee shall provide the defendant, by regular mail at the defendant's last address known to the garnishee, with the Notice to Defendant of Right Against Garnishment of Money, Including Wages, and Other Property and the Defendant's Claim Form that it received from the plaintiff as set forth in subsection (a) of Code Section 18-4-8.

18-4-14.

(a) The garnishee shall be entitled to the garnishee's actual reasonable expenses, including attorney's fees, in preparing and filing a garnishee's answer. The amount of expenses incurred shall be taxed in the bill of costs and shall be paid by the party upon whom the cost is cast, as costs are cast in other cases. The garnishee may deduct \$50.00 or 10 percent of the amount paid into court, whichever is greater, not to exceed \$100.00, as reasonable attorney's fees or expenses.

(b) If the garnishee can show that the garnishee's actual attorney's fees or expenses exceed the amount provided for in subsection (a) of this Code section, the garnishee shall petition the court for a hearing at the time of filing the garnishee's answer without deducting from the amount paid into court. Upon hearing from the parties, the court may enter an order for payment of actual attorney's fees or expenses proven by the garnishee to have been incurred reasonably in preparing and filing the garnishee's answer.

(c) In the event the garnishee makes the deduction permitted in subsection (a) of this Code section but the costs are later cast upon the garnishee, the garnishee shall forthwith refund to the defendant the funds deducted; if the costs are later cast against the plaintiff, the court shall enter judgment in favor of the defendant and against the plaintiff for the amount of the deductions made by the garnishee.

(d) Nothing in this Code section shall limit the reimbursement of costs incurred by a financial institution as provided in Code Section 7-1-237.

18-4-15.

(a) A garnishment proceeding is an action between the plaintiff and garnishee; provided, however, that at any time before a judgment is entered or before money or other property subject to garnishment is distributed, the defendant may become a party to the garnishment by filing a claim with the clerk of court and may use the form set forth in Code Section 18-4-82. A defendant's claim shall assert the basis upon which he or she claims that his or her money or other property is exempt from garnishment. Money or other property may be exempt from garnishment for a variety of reasons, including, but not limited to, the limitations on garnishment as provided in Code Sections 18-4-5 and 18-4-53, exemptions as provided in Code Section 18-4-6, the plaintiff not having a judgment against the defendant, the amount claimed due by the plaintiff being erroneous, such money or other property being subject to a claim held by a third party that is superior to the judgment described in the affidavit of garnishment, or other legal or statutory defenses. Even when earnings are held at a financial institution, such money may be exempt from garnishment due to the limitations on garnishment as provided in Code Sections 18-4-5 and 18-4-53, exemptions as provided in Code Section 18-4-6, or other reasons.

(b) The defendant shall serve a copy of his or her claim upon the plaintiff and garnishee. The clerk of court shall transmit a copy of the defendant's claim to the plaintiff and garnishee. If the defendant's claim alleges that money or other property in the possession of the court may be subject to a claim held by a third party that is superior to the judgment described in the affidavit of garnishment, the defendant shall serve a copy of his or her claim upon the third party named in such claim.

(c) The defendant shall become a party to all proceedings by filing a claim pursuant to this Code section.

(d) Upon the filing of the defendant's claim, a judge of the court in which the garnishment is pending shall order a hearing to be held not more than ten days from the date the claim is filed. The form for the order for such hearing is set forth in Code Section 18-4-83. Such hearing shall be available to the defendant as a matter of right after filing his or her claim, and no further summons of garnishment shall issue nor shall any money or other property paid or delivered to the court as subject to garnishment be disbursed until the hearing shall be held.

(e) The validity of the judgment upon which a garnishment is based shall only be challenged in accordance with Chapter 11 of Title 9, and no such challenge shall be entertained in the garnishment case. However, when the court finds that the defendant has attacked the validity of the judgment upon which the garnishment is based in an appropriate forum, the judge may order the garnishment be stayed until the validity of the judgment has been determined in such forum.

(f) The filing of a claim by the defendant shall not relieve the garnishee of the duties of filing a garnishee answer, of withholding money or other property subject to garnishment, or of paying or delivering to the court any money or other property subject to garnishment.

(g) A party's failure to include the civil action file number on a defendant's claim shall

not affect the validity of such claim.

18-4-16.

Within 20 days after the plaintiff has been served with the garnishee's answer, the plaintiff may file a traverse stating that the garnishee's answer is untrue or legally insufficient. Such statement places in issue all questions of law and fact concerning the garnishee's answer. The form for a plaintiff's traverse is set forth in Code Section 18-4-87.

18-4-17.

At any time before judgment is entered on the garnishee's answer or money or other property subject to garnishment is distributed, any person may file a third-party claim in writing under oath stating that he or she has a claim superior to that of the plaintiff to the money or other property in the hands of the garnishee subject to the process of garnishment, and the third-party claimant shall be a party to all further proceedings upon the garnishment. A third-party claimant shall serve his or her claim upon the plaintiff, defendant, and garnishee. The form for a third-party claim is set forth in Code Section 18-4-88.

18-4-18.

When money or other property in court is subject to a third-party claim or to more than one garnishment case, the party with the oldest entered judgment shall have priority to such money or other property and any interested party to any one of the garnishment cases may make a motion to the court where such money or other property has been deposited for the distribution of such money or other property. Each party of interest in each case and the clerk of court shall be served with a copy of the motion. Upon hearing the motion, the court shall enter an order directing that the clerk be paid the court cost of each garnishment proceeding first, and all remaining money or other property shall be distributed in accordance with the laws governing the relative priority of claims, judgments, and liens.

18-4-19.

(a) After the garnishee's answer is filed, the defendant's claim shall be tried first, the plaintiff's traverse shall be tried second, and third-party claims shall be tried last; provided, however, that the court shall retain the money or other property subject to garnishment until the completion of the trial of all claims and traverses which are filed under this chapter. The court may consolidate or bifurcate such actions for trial in the court's discretion.

(b) If a claim or traverse has been filed, all parties of record may introduce evidence to establish their respective interests in the money or other property in court, and the court shall direct that such money or other property be distributed in accordance with the laws governing the relative priority of claims, judgments, and liens.

(c) When the defendant prevails upon the trial of his or her claim:

- (1) That the plaintiff does not have a judgment against the defendant or that the plaintiff's affidavit of garnishment is untrue or is legally insufficient, the garnishment case shall be dismissed by the court, and any money or other property belonging to the defendant in the possession of the court shall be restored to the defendant unless another claim or traverse thereto has been filed;
- (2) That the amount shown to be due on the plaintiff's affidavit of garnishment is incorrect, the court may allow the summons of garnishment to be amended to the amount proven to be owed, and if such amount is less than the amount shown to be due by the plaintiff, any money or other property belonging to the defendant in the possession of the court in excess of the amount due shall be restored to the defendant unless another claim or traverse thereto has been filed;
- (3) That the money or other property belonging to the defendant in the possession of the court is exempt from garnishment, such exempt money or other property shall be restored directly to the defendant. The court shall order such restoration within 48 hours; and
- (4) Based on any legal or statutory defense or that money or other property in the possession of the court may be subject to a claim held by a third party that is superior to the judgment described in the affidavit of garnishment, the court shall determine the disposition of the money or other property belonging to the defendant in the possession of the court.
- (d) On the trial of the plaintiff's traverse, if the court finds the garnishee has failed to respond properly to the summons of garnishment, the court shall disallow any expenses demanded by the garnishee and shall enter a judgment for any money or other property paid or delivered to the court with the garnishee's answer, plus any money or other property the court finds subject to garnishment which the garnishee has failed to pay or deliver to the court; provided, however, that the total amount of such judgment shall not exceed the amount shown to be due by the plaintiff, together with the costs of the garnishment proceeding.

18-4-20.

When no claim has been filed and no traverse has been filed within 20 days after the garnishee's answer is filed:

- (1) If money is paid or delivered to the court by the garnishee, the clerk of the court shall pay the money to the plaintiff or the plaintiff's attorney upon application, and the garnishee shall be automatically discharged from further liability with respect to the summons of garnishment so answered;
- (2) If property is delivered to the court by the garnishee, the sheriff, marshal, constable, or like officer of the court shall sell the property in the manner provided by law for the sale of property levied under an execution, and the garnishee shall be automatically discharged from further liability with respect to the summons of garnishment so answered. The proceeds of such sale shall be paid or delivered to the plaintiff or the plaintiff's attorney upon application; or
- (3) If money or other property admitted to be subject to the garnishment is not paid or

delivered to the court, judgment shall be entered for the plaintiff and against the garnishee for such money or other property and execution shall issue on the judgment.

18-4-21.

Except as provided in Code Section 18-4-22, when a garnishee fails or refuses to file a garnishee answer by the forty-fifth day after service of the summons of garnishment, such garnishee shall automatically be in default. The default may be opened as a matter of right by the filing of a garnishee answer within 15 days of the day of default and payment of costs. If the case is still in default after the expiration of the period of 15 days, judgment by default may be entered at any time thereafter against such garnishee for the amount remaining due on the judgment obtained against the defendant as shown in the plaintiff's affidavit of garnishment.

18-4-22.

When a garnishee is a financial institution and fails or refuses to file a garnishee answer by the fifteenth day after the date of service of the summons of garnishment, such garnishee shall automatically be in default. The default may be opened as a matter of right by the filing of a garnishee answer within 15 days of the day of default and payment of costs. If the case is still in default after the expiration of the period of 15 days, judgment by default may be entered at any time thereafter against such garnishee for the amount remaining due on the judgment obtained against the defendant as shown in the plaintiff's affidavit of garnishment.

18-4-23.

(a) A garnishee may be relieved from liability for failure to file a garnishee answer if the plaintiff failed to provide the information required by paragraph (2) of subsection (b) of Code Section 18-4-7 that would reasonably enable the garnishee to respond properly to the summons of garnishment and a good faith effort to locate the requested property was made by the garnishee based on the information provided by the plaintiff. In determining whether a garnishee may be relieved of liability, the court shall consider and compare the accuracy and quantity of the information supplied by the plaintiff pursuant to paragraph (2) of subsection (b) of Code Section 18-4-7 with the manner in which such garnishee maintains and locates its records, the compliance by such garnishee with its own procedures, and the conformity of the record systems and procedures with reasonable commercial standards prevailing in the area in which such garnishee is located.

(b) A garnishee and a plaintiff shall not be subject to liability to any party or nonparty to the garnishment at issue arising from the attachment of a lien or the freezing, payment, or delivery into court of money or other property reasonably believed to be that of the defendant if such attachment, freezing, payment, or delivery is reasonably required by a good faith effort to comply with the summons of garnishment. In determining whether such compliance by a garnishee is reasonable, the court shall consider and compare the accuracy and quantity of the information supplied by the

plaintiff pursuant to paragraph (2) of subsection (b) of Code Section 18-4-7 with the manner in which such garnishee maintains and locates its records, the compliance by such garnishee with its own procedures, and the conformity of the record systems and procedures with reasonable commercial standards prevailing in the area in which such garnishee is located.

(c)(1) As used in this subsection, the term:

(A) 'Association account' means any account or safe-deposit box or similar property maintained by a corporation, statutory close corporation, limited liability company, partnership, limited partnership, limited liability partnership, foundation, trust, national, state, or local government or quasi-government entity, or other incorporated or unincorporated association.

(B) 'Fiduciary account' means any account or safe-deposit box maintained by any party in a fiduciary capacity for any other party other than the defendant in garnishment. Without limiting the foregoing, such term shall include any trust account as defined in Code Section 7-1-810, any account created pursuant to a transfer governed by Code Section 44-5-119, and any agency account or safe-deposit box governed by a power of attorney or other written designation of authority.

(2)(A) A garnishee shall not be liable for failure to pay or deliver to the court money or other property in an association account that may be subject to garnishment by reason of the fact that a defendant is an authorized signer on such association account, unless the summons of garnishment alleges that the association account is being used by the defendant for an improper or unlawful purpose.

(B) A garnishee shall not be liable for failure to pay or deliver to the court money or other property in a fiduciary account that may be subject to garnishment if such fiduciary account specifically is exempted from garnishment as set forth in Code Section 18-4-6.

(C) A garnishee shall not be liable for failure to pay or deliver to the court money or other property in a fiduciary account that may be subject to garnishment by reason of the fact that a defendant is a fiduciary of the fiduciary account, unless the summons of garnishment is against the defendant in the defendant's capacity as a fiduciary of the fiduciary account or the summons of garnishment alleges that the fiduciary account is being used by the defendant for an improper or unlawful purpose.

18-4-24.

(a) When a default judgment is rendered against a garnishee under Code Section 18-4-21, 18-4-22, or 18-4-43, the plaintiff shall serve the garnishee, as provided in Code Section 9-11-4, or, when the garnishment is filed in a magistrate court, the plaintiff may serve the garnishee by using the constable of the magistrate court in the manner set forth in Code Section 9-11-4, with a copy of such default judgment. On a motion filed not later than 90 days from the date the garnishee was served with such default judgment, the garnishee may, upon payment of all accrued costs of court, have such

default judgment modified so that the amount of such default judgment shall be reduced to an amount equal to the greater of \$50.00 or \$50.00 plus 100 percent of the amount by which the garnishee was indebted to the defendant from the time of service of the summons of garnishment through and including the last day on which a timely garnishee answer could have been made for all money or other property belonging to the defendant which came into the garnishee's hands from the time of service of the summons through and including the last day on which a timely answer could have been made and less any exemption allowed the defendant.

(b) On the trial of a motion to modify a default judgment, the burden of proof shall be upon any plaintiff who objects to the timeliness of the motion to establish that such motion was not filed within the time provided for by this Code section.

18-4-25.

(a) A release of a summons of garnishment:

(1) Shall relieve the garnishee from any obligation to file a garnishee answer to any summons of garnishment pending on the date of the release and shall authorize the garnishee to pay or deliver to the defendant any money or other property in the garnishee's possession belonging to the defendant; and

(2) Shall not operate as a dismissal of the garnishment proceeding.

(b) It shall be the duty of the clerk of the court in which garnishment proceedings are pending to issue a release of garnishment if:

(1) The plaintiff or the plaintiff's attorney requests a release in writing;

(2) The amount shown to be due on the plaintiff's affidavit of garnishment together with the costs of the garnishment proceeding are paid into court;

(3) A judge enters an order, after a hearing required by this chapter, directing that the garnishment be released; or

(4) The garnishment is dismissed.

(c) The form for a release of garnishment is set forth in Code Section 18-4-89.

18-4-26.

(a) Money due officials or employees of a municipal corporation or county of this state or of the state government, or any department or institution thereof, as salary for services performed for or on behalf of the municipal corporation or county of this state or the state, or any department or institution thereof, shall be subject to garnishment, except that in no event shall the officials' or employees' salary for services performed for or on behalf of any municipal corporation or county of this state or the state, or any department or institution thereof, be garnisheed when the judgment serving as a basis for the issuance of the summons of garnishment arises out of the liability incurred in the scope of the officials' or employees' governmental employment while responding to an emergency. In such cases, the summons of garnishment shall be directed to such political entity and served upon the person authorized by law to draw the warrant on the treasury of the government or to issue a check for such salary due, or upon the chief administrative officer of the political subdivision, department, agency, or

instrumentality; and such entity shall be required to respond to such summons in accordance with the mandate thereof and as provided by this chapter.

(b) For purposes of this Code section only, the state and its political subdivisions, departments, agencies, and instrumentalities shall be deemed private persons; and jurisdiction for the purpose of issuing a summons of garnishment shall be restricted to a court located in the county in which the warrant is drawn on the treasury of the government or in which the check is issued for the salary due the official or employee of the state or its political subdivisions, departments, agencies, or instrumentalities.

ARTICLE 2

18-4-40.

(a) In addition to garnishment proceedings otherwise available under this chapter, in all cases when a money judgment was obtained in a court of this state or a federal court or is being enforced in this state as provided in Article 5 of Chapter 12 of Title 9, the 'Uniform Foreign-Country Money Judgments Recognition Act,' or Article 6 of Chapter 12 of Title 9, the 'Uniform Enforcement of Foreign Judgments Law,' a plaintiff shall be entitled to the process of continuing garnishment against any garnishee who is an employer of the defendant against whom the judgment has been obtained.

(b) Unless otherwise specifically provided in this article, Article 1 of this chapter shall apply to this article.

18-4-41.

(a) In addition to the information required by subsection (a) of Code Section 18-4-3, an affidavit of continuing garnishment shall state that the plaintiff believes that the garnishee is or may be an employer of the defendant and subject to continuing garnishment.

(b) Only one summons of continuing garnishment shall issue on one affidavit of continuing garnishment.

(c) The plaintiff shall serve a summons of continuing garnishment and provide notice of exemptions in the same manner as provided for in Code Section 18-4-8.

(d) The form for an affidavit of continuing garnishment is set forth in Code Section 18-4-72. The form for a summons of continuing garnishment is set forth in Code Section 18-4-78, and the optional attachment thereto is set forth in Code Section 18-4-79.

18-4-42.

(a) As used in this Code section, the term 'previous garnishee answer date' means the date upon which the immediately preceding garnishee answer was filed.

(b) If the garnishee owes the defendant any sum for wages earned as the garnishee's employee, the garnishee answer shall state specifically when the wages were earned by the defendant, whether the wages were earned on a daily, weekly, or monthly basis, the rate of pay and hours worked, and the basis for computation of earnings.

(c) The summons of continuing garnishment shall be directed to the garnishee,

commanding the garnishee:

(1) To file a first garnishee answer with the court issuing such summons not sooner than 30 days and not later than 45 days after service of the summons of continuing garnishment, for the period of time from the date of service through and including the day of the first garnishee answer;

(2) To file subsequent garnishee answers with such court for the remaining period covered by the summons of continuing garnishment; and

(3) To accompany all such garnishee answers with any money subject to continuing garnishment.

(d)(1) Subsequent garnishee answers shall be filed not later than 45 days after the previous garnishee answer date stating what money of the defendant is subject to continuing garnishment from the previous garnishee answer date through and including the date on which the next garnishee answer is filed.

(2) Subsequent garnishee answers shall not be required on a summons of continuing garnishment if the preceding garnishee answer filed states what money of the defendant is subject to continuing garnishment from the previous garnishee answer date to and including the one hundred seventy-ninth day after service of the summons of continuing garnishment.

(3) Notwithstanding the other provisions of this subsection, the last garnishee answer shall be filed not later than the one hundred ninety-fifth day after service of the summons of continuing garnishment.

(e) The summons of continuing garnishment shall state that if the garnishee fails to file a garnishee's answer to such summons in a timely manner, a judgment by default shall be entered against the garnishee for the amount remaining due on a judgment as shown in the plaintiff's affidavit of continuing garnishment.

(f)(1) If the employment relationship between the garnishee and the defendant does not exist at the time of service of the summons of continuing garnishment, the garnishee shall state in the garnishee answer that such relationship does not exist and may immediately file the garnishee's answer; provided, however, that such garnishee's answer shall be filed not later than 45 days after service of the summons of continuing garnishment.

(2) When the defendant has been an employee of the garnishee, and if the defendant is no longer employed by the garnishee, the garnishee may immediately file the garnishee's answer; provided, however, that such garnishee's answer shall be filed not later than 45 days after service of the summons of continuing garnishment.

(3) If the employment relationship between the garnishee and the defendant terminates on or after service of the summons of continuing garnishment, the garnishee shall state in the garnishee answer that such relationship has been terminated, giving the date of termination, and may immediately file the garnishee's answer; provided, however, that such garnishee's answer shall be filed not later than 45 days after service of the summons of continuing garnishment.

(4) Upon the termination of employment of the defendant by the garnishee, the garnishee shall be required to file a final garnishee answer stating the date of the

defendant's termination.

(g) When a garnishee answer is made pursuant to subsection (f) of this Code section, no claim has been filed, and no traverse has been filed within 20 days after such garnishee answer is filed, the garnishee shall be discharged from further liability and obligation in the same manner as set forth under Code Section 18-4-20 for that summons with respect to the period of continuing garnishment remaining after the employment relationship is terminated.

(h) The form for a garnishee's answer to a continuing garnishment is set forth in Code Section 18-4-86.

18-4-43.

(a) When a garnishee fails or refuses to file a garnishee answer at least once every 45 days, such garnishee shall automatically be in default. The default may be opened as provided in Code Section 18-4-21. If the case is still in default after the expiration of the period of 15 days, judgment by default may be entered at any time thereafter against such garnishee for the amount remaining due on the judgment obtained against the defendant as shown in the plaintiff's affidavit of continuing garnishment.

(b) A garnishee may obtain relief from a default judgment upon the same conditions as provided in Code Section 18-4-24.

ARTICLE 3

18-4-50.

As used in this article, the term:

(1) 'Earnings' shall have the same meaning as set forth in Code Section 18-4-1 and shall include disability or retirement benefits that are received from the Social Security Administration pursuant to Title II of the federal Social Security Act, disability benefits that are received pursuant to the federal Veterans' Benefits Act of 2010, 38 U.S.C. Section 101, et seq., workers' compensation benefits, whether temporary or permanent, and unemployment insurance benefits.

(2) 'Judgment' means an order for periodic support obtained:

(A) In a court of this state;

(B) In a court of another state which has been registered pursuant to Code Section 19-11-77 under the 'Uniform Reciprocal Enforcement of Support Act' or as provided in Article 3 of Chapter 11 of Title 19, the 'Uniform Interstate Family Support Act,' or Article 6 of Chapter 12 of Title 9, the 'Uniform Enforcement of Foreign Judgments Law';

(C) By a final administrative order for support issued by the Department of Human Services; or

(D) By a final administrative order issued by a governmental agency of another state.

(3) 'Periodic support' means money required to be paid regularly on a daily, weekly, monthly, or other similar specified frequency for the support of a minor child of the defendant or a spouse or former spouse of the defendant.

18-4-51.

(a) In addition to garnishment proceedings otherwise available under this chapter, in all cases when a judgment was obtained or is being enforced, a plaintiff shall be entitled to the process of continuing garnishment for support against any garnishee who is an employer of the defendant against whom the judgment has been obtained.

(b) Unless otherwise specifically provided in this article, Articles 1 and 2 of this chapter shall apply to this article.

18-4-52.

(a) In addition to the information required by subsection (a) of Code Sections 18-4-3 and 18-4-41, the plaintiff shall attach a certified copy of the judgment to be enforced to the affidavit of continuing garnishment for support and shall state the following in such affidavit:

(1) That the defendant is in arrears on the obligation of support in an amount equal to or in excess of one month's obligation as decreed in such judgment;

(2) The amount of arrearage which exists under such judgment as of the date of the execution of the affidavit;

(3) The amount of support due under the judgment for each obligee named therein, taking into account the possible attainment of majority or emancipation or death of any minor child named in such judgment; and

(4) The date of the termination of the obligation of support of each obligee named in the judgment, based upon the terms of such judgment, or, as to any obligee who is a minor child, the date each such obligee shall attain the age of 18 years.

(b) Such affidavit may be amended from time to time by subsequent affidavits of any party showing a modification or other amendment to the original judgment being enforced. Such amended or subsequent affidavits shall include a certified copy of any such modification or amendment and shall contain the information required by paragraphs (1) through (4) of subsection (a) of this Code section.

(c) The plaintiff shall serve the summons of continuing garnishment for support and provide notice of exemptions in the same manner as provided for in Code Section 18-4-8.

(d) The form for an affidavit of continuing garnishment for support is set forth in Code Section 18-4-73.

18-4-53.

(a) A summons of continuing garnishment for support shall contain a notice to the garnishee that such garnishment is based on a judgment governed by this article. The form for a summons of continuing garnishment for support is set forth in Code Section 18-4-80, and the optional attachment thereto is set forth in Code Section 18-4-81.

(b) Subject to the limitations set forth in Code Section 18-4-6, the maximum part of disposable earnings for any work week which shall be subject to continuing garnishment for support shall not exceed 50 percent of the defendant's disposable earnings for that week.

(c) Funds or benefits from an individual retirement account or from a pension or retirement program shall not be exempt from the process of continuing garnishment for support except as provided in subsection (b) of this Code section for other disposable earnings, unless a greater exemption is otherwise provided by law.

18-4-54.

(a) The money paid into court with the initial garnishee answer, after deduction for costs, shall be first applied to the support payment required to be paid on a periodic basis that has accrued on a daily basis, by converting the periodic amount to an annual amount and dividing by 365, from the date of the plaintiff's affidavit of continuing garnishment for support to the date of the initial garnishee answer. All sums in excess of such payment shall be applied to the original arrearage. As used in this subsection, the term 'original arrearage' means the sum of arrears existing as of the date of the making of the plaintiff's affidavit of continuing garnishment for support, plus any amounts includable pursuant to subsection (c) of this Code section.

(b) If the amount claimed as original arrearage as of the date of the making of the plaintiff's affidavit of continuing garnishment for support is not satisfied by the money payable into court under the initial garnishee answer, after application of the funds as set forth in subsection (a) of this Code section, the garnishee shall file further garnishee answers no later than 45 days after the previous garnishee answer date, stating the earnings accrued and the basis of their accrual and tendering such money accruing in such period. The amounts paid into court pursuant to subsequent garnishee answers, over and above the periodic payment accruing within such period, shall be applied to the original arrearage until the same is retired.

(c) If the money paid into court pursuant to any garnishee answer is less than the sums due under the support requirement accruing over the same period of time, after allowance for any costs deductible from same, the resulting difference shall be added to the amount due as original arrearage until the same is retired by subsequent payments.

(d) The garnishee shall file additional garnishee answers until the original arrearage is retired and all support payments are current.

(e) Upon the termination of employment of the defendant by the garnishee, the garnishee shall be required to file a final garnishee answer stating the date of the defendant's termination.

18-4-55.

The continuing garnishment for support described in this article shall attach for so long as the defendant is employed by the garnishee and shall not terminate until the original arrearage is retired and all support payments are current. The garnishee may rely upon the information as to the termination date of the duty of support of any individual claimed in the affidavit of continuing garnishment for support, the amount of the duty of support to be paid, any sums paid by the defendant between the date of the filing of such affidavit and the date of the initial garnishee answer, and the amount of the original arrearage existing as of the date of such affidavit, unless the defendant files a

**NOTICE TO DEFENDANT OF RIGHT AGAINST GARNISHMENT
 OF MONEY, INCLUDING WAGES, AND OTHER PROPERTY**

You received this notice because money, including wages, and other property belonging to you have been garnished to pay a court judgment against you. HOWEVER, YOU MAY BE ABLE TO KEEP YOUR MONEY, INCLUDING WAGES, OR OTHER PROPERTY. READ THIS NOTICE CAREFULLY.

State and federal law protects some money, including wages, from garnishment even if it is in a bank. Some common exemptions are benefits from social security, supplemental security income, unemployment, workers' compensation, the Veterans' Administration, state pension, retirement funds, and disability income. This list of exemptions does not include all possible exemptions. A more detailed list of exemptions is available at the Clerk of Court's office located at _____ (Name of Court), _____ (Address), _____ (City), Georgia _____ (ZIP Code), and on the website for the Attorney General (www.law.ga.gov).

Garnishment of your earnings from your employment is limited to the lesser of 25 percent of your disposable earnings for a week or the amount by which your disposable earnings for a week exceed \$217.00. More than 25 percent of your disposable earnings may be taken from your earnings for the payment of child support or alimony or if a Chapter 13 bankruptcy allows a higher amount.

TO PROTECT YOUR MONEY, INCLUDING WAGES, AND OTHER PROPERTY FROM BEING GARNISHED, YOU MUST:

1. Complete the Defendant's Claim Form as set forth below; and
2. File this completed claim form with the Clerk of Court's office located at _____ (Name of Court), _____ (Address), _____ (City), Georgia _____ (ZIP Code).

FILE YOUR COMPLETED CLAIM FORM AS SOON AS POSSIBLE. You may lose your right to claim an exemption if you do not file your claim form within 20 days after the Garnishee's Answer is filed or if you do not mail or deliver a copy of your completed claim form to the Plaintiff and the Garnishee at the addresses listed on this notice.

The Court will schedule a hearing within ten days from when it receives your claim form. The Court will mail you the time and date of the hearing at the address that you provide on your claim form. You may go to the hearing with or without an attorney. You will need to give the Court documents or other proof that your money is exempt.

The Clerk of Court cannot give you legal advice. IF YOU NEED LEGAL ASSISTANCE, YOU SHOULD SEE AN ATTORNEY. If you cannot afford a private attorney, legal services may be available.

(a)(1) An insurer shall post on its website a current and accurate electronic provider directory for each of its network plans with the information described in Code Section 33-20C-4. Such online provider directory shall be easily accessible in a standardized, downloadable, searchable, and machine readable format.

(2) In making the provider directory available online, the insurer shall ensure that the

general public is able to view all of the current providers for a network plan through a clearly identifiable link or tab and without creating or accessing an account or entering a policy or contract number.

(3) The insurer shall update each network plan on the online provider directory no less than every 30 days.

(b) An insurer shall provide a print copy of a current provider directory, or a print copy of the requested directory information, with the information described in Code Section 33-20C-5 upon request by a covered person or a prospective covered person.

(c) For each network plan, an insurer shall include in plain language, in both the online and print directory, the following general information:

(1) A description of the criteria the insurer has used to build its provider network;

(2) If applicable, a description of the criteria the insurer has used to tier providers;

(3) If applicable, how the insurer designates the different provider tiers or levels, such as by name, symbols, or grouping, in the network and for each specific provider in the network, which tier each is placed in order for a covered person or a prospective covered person to be able to identify the provider tier; and

(4) If applicable, a notice that authorization or referral may be required to access some providers.

(d) The insurer shall make clear for both its online and print directories the provider directory that applies to each network plan by identifying the specific name of the network plan as marketed and issued in this state.

(e) The insurer shall make available through its online and print directories the source of the information required pursuant to Code Sections 33-20C-4 and 33-20C-5 pertaining to each health care provider and any limitations, if applicable.

(f) Provider directories, whether in electronic or print format, shall be accessible to individuals with disabilities and individuals with limited English proficiency as defined in 45 C.F.R. Section 92.201 and 45 C.F.R. Section 155.205(c).

33-20C-3.

(a) The insurer shall include in both its online and print directories a clearly identifiable telephone number and either a dedicated email address or a link to a dedicated webpage that covered persons or the general public may use to report to the insurer inaccurate information listed in the provider directory. Whenever an insurer receives such a report, it shall promptly investigate such report and no later than 30 days following receipt of such report either verify the accuracy of the information or update the information, as applicable.

(b)(1) An insurer shall take appropriate steps to ensure the accuracy of the information concerning each provider listed in the insurer's provider directory and shall, no later than January 1, 2017, review and update the entire provider directory for each network plan offered. Thereafter, the insurer shall, at least annually, audit at least a reasonable sample size of its provider directories for accuracy, retain documentation of such an audit to be made available to the Commissioner upon request, and based on the results of such an audit, verify the accuracy of the

information or update the information, if applicable.

(2) The insurer shall notify any provider in its network that has not submitted claims to the insurer or otherwise communicated intent to continue participation in the insurer's network within a 12 month period. Such notice shall be accomplished in accordance with provisions of the contract entered into between the insurer and the provider regarding notice, if applicable. If the insurer does not receive a response from the provider within 30 days of such notification confirming that the information regarding the provider is current and accurate or, as an alternative, updating any information, the insurer shall remove the provider from the network; provided, however, that prior to removal, the insurer may use any other available information or means to determine if the provider is still participating in the insurer's network, including any means delineated in the contract entered into between the insurer and the provider.

(c) The insurer shall report to the Commissioner, in accordance with timeframes and requirements established by the Commissioner:

(1) The number of reports received pursuant to subsection (a) of this Code section, the timeliness of the insurer's response, and the corrective actions taken; and

(2) All auditing reports conducted by the insurer pursuant to subsection (b) of this Code section.

(d) In circumstances where the Commissioner finds that a covered person reasonably relied upon materially inaccurate information contained in an insurer's provider directory, the Commissioner may require the insurer to provide coverage for all covered health care services provided to the covered person and to reimburse the covered person for any amount that he or she would have paid, had the services been delivered by an in-network provider under the insurer's network plan; provided, however, that the Commissioner shall take into consideration that insurers are relying on health care providers to report changes to their information prior to requiring any reimbursement to a covered person. Prior to requiring reimbursement in these circumstances, the Commissioner shall conclude that the services received by the insurer were covered services under the covered person's network plan. In such circumstances, the fact that the services were rendered or delivered by a noncontracting or out-of-network provider shall not be used as a basis to deny reimbursement to the covered person.

33-20C-4.

(a) The insurer shall make available through an online provider directory, for each network plan, the following information, in a searchable format:

(1) For health care professionals:

(A) Name;

PART I
SECTION 1-1.

"(a) ~~Except Each corporation must have a board of directors, except~~ as provided in Article 9 of this chapter or in a written agreement meeting the requirements of Code Section 14-2-732, each corporation must have a board of directors.

(b) All corporate powers shall be exercised by or under the authority of the board of directors of the corporation, and the business and affairs of the corporation shall be managed by or under the direction, and subject to oversight, of; its board of directors, subject to any limitation set forth in the articles of incorporation, in rights, options, or warrants permitted by paragraph (2) of subsection (d) of Code Section 14-2-624, or except as provided in an agreement among the shareholders meeting the requirements of Code Section 14-2-732."

SECTION 1-11.

Said article is further amended by adding a new part to read as follows:

"Part 7

14-2-870.

(a) A corporation may disclaim, in its articles of incorporation or bylaws or by action of its shareholders or board of directors, any interest of the corporation in, or in being offered, or in excluding directors or officers from taking advantage of or participating in, specific business opportunities or classes or categories of business opportunities that are, have been, or may be in the future presented to the corporation or to one or more of its directors or officers. For purposes of this part, the terms 'director' and 'directors' include a person or persons other than directors to the extent discretion or powers of the board of directors are vested in such person or persons pursuant to Code Sections 14-2-732, 14-2-920, or 14-2-922.

(b) A director's or officer's taking advantage of, or participating in, directly or indirectly, a specific business opportunity may not be the subject of equitable relief, or give rise to an award of damages or other sanctions against the director or officer, in a proceeding by a shareholder or by or in the right of the corporation on the ground that such opportunity should have been first offered to the corporation or that the corporation had an interest in, or in being offered, or in excluding the director or officer from taking advantage of or participating in, such opportunity, to the extent the corporation has disclaimed any such interest with respect to such business opportunity pursuant to subsection (a) of this Code section, either with respect to the specific business opportunity or with respect to a class or category of business opportunities that

includes such opportunity.

(c) Action by the shareholders or board of directors of the corporation approving a disclaimer pursuant to subsection (a) of this Code section that applies to a director with respect to a specific past, present, or future business opportunity shall be effective for all purposes if the director brings such opportunity to the attention of the corporation (if such opportunity is not known to the corporation) and:

(1) Such disclaimer is approved by qualified directors in compliance with the procedures set forth in Code Section 14-2-862, as if the decision being made concerned a director's conflicting interest transaction; or

(2) Such disclaimer is approved by shareholders' action taken in compliance with the procedures set forth in Code Section 14-2-863, as if the decision being made concerned a director's conflicting interest transaction;

except that, rather than making 'required disclosure' as defined in Code Section 14-2-860, in each case the director shall have made prior disclosure to those approving such disclaimer on behalf of the corporation of all material facts concerning the business opportunity that are then known to the director, subject to subsection (e) of this Code section, and that a 'qualified director' is a director who, at the time action is to be taken under paragraph (1) of subsection (c) of this Code section, would be a qualified director under subsection (d) of Code Section 14-2-862 if the business opportunity were a director's conflicting interest transaction.

(d) Action by the board of directors or shareholders of the corporation approving a disclaimer pursuant to subsection (a) of this Code section that applies to an officer with respect to a specific past, present, or future business opportunity shall be effective for all purposes if the officer brings such opportunity to the attention of the corporation (if such opportunity is not known to the corporation) and such disclaimer is approved by the board of directors or shareholders in compliance with the procedures set forth in Code Section 14-2-864, as if the decision being made concerned an officer's conflicting interest transaction, except that, rather than making 'required disclosure' as defined in Code Section 14-2-864, in each case the officer shall have made prior disclosure to those approving such disclaimer on behalf of the corporation of all material facts concerning the business opportunity that are then known to the officer, subject to subsection (e) of this Code section.

(e) Notwithstanding subsections (c) or (d) of this Code section, a director or officer is not obligated to make prior disclosure to those approving a disclaimer on behalf of the corporation pursuant to subsection (c) or (d) of this Code section of all material facts concerning the business opportunity subject to such disclaimer that are then known to the director or officer to the extent that the director or officer reasonably believes that doing so would violate a duty imposed under law, a legally enforceable obligation of confidentiality, or a professional ethics rule, provided that such director or officer discloses to those acting on behalf of the corporation:

(1) All information required to be disclosed that is not so violative; and

(2) The nature of the director's or officer's duty not to disclose the confidential information.

(f) In any proceeding seeking equitable relief or other remedies based upon an alleged improper taking advantage of or participation in a business opportunity by a director or officer, directly or indirectly, the fact that the director or officer did not employ the procedures described in this Code section before taking advantage of the opportunity shall not:

- (1) Create an inference that the opportunity should have been first presented to the corporation, that the corporation had an interest in, or in being offered, or in excluding the director or officer from taking advantage of or participating in, such opportunity or that the director or officer has or will have appropriated the opportunity in violation of his or her duties by taking advantage of or participating in the opportunity; or
(2) Alter the burden of proof otherwise applicable to establish that the director or officer breached a duty to the corporation in the circumstances."

PART II

SECTION 2-1.

Neither the community improvement district nor the administrative body created pursuant to this section shall transact any business or exercise any powers under this section until the foregoing conditions are met. A copy of such resolutions shall be filed with the Secretary of State, who shall maintain a record of the district activated under this section, and filed with the Department of Community Affairs.

(d) Administration, appointment, and election of the members of the administrative body.

(1) The district created pursuant to this section shall be administered by a board composed of seven board members to be appointed and elected as provided in this section. Two board members shall be appointed by the city council. Two board members shall be elected by the vote of electors, and three members shall be elected by the vote of equity electors. The members representing the electors and equity electors shall be elected to serve in post positions 1 through 5, respectively. Each elected board member shall receive a majority of the votes cast for the post for which he or she is a candidate. Votes for Posts 1 and 2 shall be cast by electors and votes for Posts 3, 4, and 5 shall be cast by equity electors. The initial term of office for the members representing Posts 1 and 4 shall be one year. The initial term of office for the members representing Posts 2 and 5 shall be two years, and the initial term of office of the members representing Post 3 shall be three years. Thereafter, all terms of office for the elected board members shall be for three years. The appointed board members shall serve at the pleasure of the city council.

(2) The initial board members to be elected as provided in subsection (a) of this section shall be elected in a caucus of electors which shall be held within 90 days after the adoption of the resolutions and obtaining the written consents herein provided at such time and place within the district as the city council shall designate after notice thereof shall have been given to said electors by publishing same in the legal organ of the City of Stonecrest. Any tax, fee, or assessment so levied shall not exceed 0.5 percent of the aggregate assessed value of all such real property. The taxes, fees, and assessments levied by the board shall be equitably apportioned among the properties subject to such taxes, fees, and assessments according to the need for governmental services and facilities created by the degree of density of development of each such property. The proceeds of taxes, fees, and assessments levied by the board shall be used only for the purpose of providing governmental services and facilities which are specially required by the degree of density of development within the district and not for the purpose of providing those governmental services and facilities provided to the county or municipality as a whole. Any tax, fee, or assessment so levied shall be collected by DeKalb County in the same manner as taxes, fees, and assessments are levied by DeKalb County. Delinquent taxes shall bear the same interest and penalties as DeKalb County taxes and may be enforced and collected in the same manner. The proceeds of taxes, fees, and assessments so levied, less a fee to cover the costs of collection of 1 percent of such proceeds, but not more than \$25,000.00 at any one calendar year, shall be transmitted by DeKalb County to the board and shall be expended by the board only for the purposes authorized by this section.

(2) The board shall levy the taxes, fees, and assessments in subsection (a) of this section subsequent to the report of the assessed taxable values for the current calendar year and notify in writing DeKalb County so it may include the levy on its regular ad valorem tax bills. All taxes, fees, and assessments levied by the board and collected by DeKalb County shall be segregated, and neither the City of Stonecrest nor the DeKalb County Tax Commissioner shall expend such funds for any purpose not authorized by the board except as authorized in subsection (a) of this section.

(3) If, but for this provision, a parcel of real property is removed from the district or otherwise would become not subject to taxation, it shall continue to bear its tax millage then extant upon such event for bonded indebtedness of the district then outstanding until said bonded indebtedness then outstanding is paid or refunded.

(4) Each property owner paying taxes, fees, or assessments levied by the board for

any public facility as set forth in subsection (a) of this section may, upon application to the city council, receive a credit equal to the present value of all such taxes, fees, and assessments toward any impact fee as may be levied by the City of Stonecrest against such property for system improvements which are in the same category as said public facility in accordance with Chapter 71 of Title 36 of the O.C.G.A., the "Georgia Development Impact Fee Act." Application for such development impact fee credit may be granted by legislative action of the city council in its discretion.

(g) Debt. Except as otherwise provided in this section, each district may incur debt without regard to the requirements of Article IX, Section V of the Constitution of Georgia, or any other provision of law, prohibiting or restricting the borrowing of money or the creation of debt by political subdivisions of the State of Georgia, which debt shall be backed by the full faith and credit and taxing power of the district but shall not be an obligation of the State of Georgia, DeKalb County, the City of Stonecrest, or any other unit of government of the State of Georgia other than the district.

(h) Cooperation with the City of Stonecrest. The services and facilities provided pursuant to this section shall be provided for in a cooperation agreement executed jointly by the board and by the City of Stonecrest. The provisions of this section shall in no way limit the authority of the City of Stonecrest to provide services or facilities within the district; and the City of Stonecrest shall retain full and complete authority and control over any of its facilities located within its respective areas of any district. Such control shall include, but not be limited to, the modification of, access to, and degree and type of services provided through or by facilities of the county. Nothing contained in this section shall be construed to limit or preempt the application of any governmental laws, ordinances, resolutions, or regulations to the district or the services or facilities provided therein.

(j) Bonds-Generally.

(1) Notes or other obligations issued by a district other than general obligation bonds shall be paid solely from the property pledged to pay such notes or other obligations. General obligation bonds issued by any district shall constitute a general obligation of the district to the repayment of which the full faith and credit and taxing power of the district shall be pledged.

(2) All bonds, notes, and other obligations of any district shall be authorized by resolution of the board, adopted by a majority vote of the board members at a regular or special meeting.

(3) Bonds, notes, or other obligations shall bear such date or dates, shall mature at such time or times not more than 40 years from their respective dates, shall bear interest at such rate or rates which may be fixed or may fluctuate or otherwise change from time to time, shall be subject to redemption on such terms, and shall contain such other terms, provisions, covenants, assignments, and conditions as the resolution authorizing the issuance of such bonds, notes, or other obligations may permit or provide. The terms, provisions, covenants, assignments, and conditions contained in or provided or permitted by any resolution of the board authorizing the issuance of such bonds, notes, or other obligations shall bind the board members of the district then in office and their successors.

(4) The board shall have power from time to time and whenever it deems it expedient to refund any bonds by the issuance of new bonds, whether or not the bonds to be refunded have matured, and may issue bonds partly to refund bonds then outstanding and partly for any other purpose permitted by this section. The refunding bonds may be exchanged for the bonds to be refunded, with such cash adjustments as may be agreed upon, or may be sold and the proceeds applied to the purchase or redemption of the bonds to be refunded.

(5) There shall be no limitation upon the interest rates or any maximum interest rate or rates on any bonds, notes, or other obligations of any district, and the usury laws of this state shall not apply to bonds, notes, or other obligations of any district.

(6) Bonds issued by a district may be in such form, either coupon or fully registered, or both coupon and fully registered, and may be subject to such exchangeability and transferability provisions as the bond resolution authorizing the issuance of such bonds or any indenture or trust agreement may provide.

(7) All bonds issued by a district pursuant to this section shall be issued and validated under and in accordance with Article 3 of Chapter 82 of Title 36 of the O.C.G.A., the "Georgia Revenue Bond Law." The signature of the clerk of the Superior Court of DeKalb County may be made on the certificate of validation of such bonds by facsimile or by manual execution, stating the date on which such bonds were validated; and such entry shall be original evidence of the judgment of validation and

shall be received as original evidence in any court in this state.

(8) In lieu of specifying the actual rate or rates of interest, the principal amount, and the maturities of such bonds, the notice to the district attorney or the Attorney General; the notice to the public of the time, place, and date of the validation hearing; and the petition and complaint for validation may state that the bonds when issued will bear interest at a rate not exceeding a maximum per annum rate of interest which may be fixed or may fluctuate or otherwise change from time to time so specified and that the principal amount will not exceed a specified amount and the final maturity date will not be later a date specified in such notices and petition and complaint or may state that, in the event the bonds are to bear different rates of interest for different maturity dates, none of such rates will exceed the maximum rate which may be fixed or may fluctuate or otherwise change from time to time so specified; provided, however, that nothing in this subsection shall be construed as prohibiting or restricting the right of a board to sell such bonds at a discount, even if in doing so the effective interest cost resulting would exceed the maximum per annum interest rate specified in such notices and in the petition and complaint.

(9) The terms "cost of the project" and "cost of any project" shall have the meaning prescribed in this section whenever those terms are referred to in bond resolutions of a board; in bonds, notes, or other obligations of the district; or in notices or proceedings to validate such bonds, notes, or other obligations of a district.

(k) Authorized contents of agreements and instruments; use of proceeds of sale bonds, notes, and other obligations; subsequent issues of obligations.

(1) Subject to the limitations and procedures provided by this section and by subsection (j) of this section, the agreements or instruments executed by a board may contain such provisions not inconsistent with law as shall be determined by the board.

(2) The proceeds derived from the sale of all bonds, notes, and other obligations issued by a district shall be held and used for the ultimate purpose of paying, directly or indirectly as permitted by this section, all or part of the cost of any project, or for the purpose of refunding any bonds, notes, or other obligations issued in accordance with this section.

(3) Issuance by a board of one or more series of bonds, notes, or other obligations for one or more purposes shall not preclude it from issuing other bonds, notes, or other obligations in connection with the same project or with any other projects; but the proceeding wherein any subsequent bonds, notes, or other obligations are issued shall recognize and protect any prior loan agreement, security agreement, or other agreement or instrument made for any prior issue of bonds, notes, or other obligations, unless in the resolution authorizing such prior issue the right is expressly reserved to the board to issue subsequent bonds, notes, or other obligations on a parity with such prior issue.

(4) In the event that the district shall be terminated in accordance with this section, the board shall serve until December 31 of the year in which termination shall be approved for the purpose of concluding any ongoing matters and projects, but, if such cannot be concluded by December 31, then the city council shall assume the duties of

the administrative board and shall be expressly authorized to exercise the authority of the administrative board. In the alternative, the city council may, by resolution, assume all rights and obligations of the district, either bonds or otherwise, and the district shall cease to exist upon the adoption of such resolution.

(l) Construction; applicability of Chapter 5 of Title 10 of the O.C.G.A., the "Georgia Uniform Securities Act of 2008"; notice, proceeding, publication, referendum. This section shall be liberally construed to effect the purposes hereof. The offer, sale, or issuance of bonds, notes, or other obligations by a district shall not be subject to regulation under Chapter 5 of Title 10 of the O.C.G.A., the "Georgia Uniform Securities Act of 2008." No notice, proceeding, or publication except those required in this section shall be necessary to the performance of any action authorized hereby, nor shall any such action be subject to referendum.

(m) Dissolution.

(1) Any district activated under the provisions of this section may be dissolved. The conditions for such dissolution shall be:

(A) The adoption of a resolution approving of the dissolution of the community improvement district by the city council; and

(B) The written consent to the dissolution of the community improvement district by:

(i) Two-thirds of the owners of real property within the district which are subject to taxes, fees, and assessments levied by the board of the district; and

(ii) The owners of real property constituting at least 75 percent by value of all real property within the district which are subject to taxes, fees, and assessments levied by the board. For this purpose, value shall be determined by the most recent approved county ad valorem tax digest.

The written consent provided for in this subparagraph shall be submitted to the DeKalb County Tax Commissioner, who shall certify whether divisions (i) and (ii) of this subparagraph have been satisfied with respect to each proposed district dissolution.

(2) In the event that successful action is taken pursuant to this subsection to dissolve the district, the dissolution shall become effective at such time as all debt obligations of the district have been satisfied. Following a successful dissolution action and until the dissolution becomes effective, no new projects may be undertaken, obligations or debts incurred, or property acquired.

(3) Upon a successful dissolution action, all noncash assets of the district other than public facilities or land or easements to be used for such public facilities, as described in subsection (a) of this section, shall be reduced to cash and, along with all other cash on hand, shall be applied to the repayment of any debt obligation of the district. Any cash remaining after all outstanding obligations are satisfied shall be refunded to DeKalb County.

(4) When a dissolution becomes effective, the City of Stonecrest shall take title to all property previously in the ownership of the district and all taxes, fees, and assessments of the district shall cease to be levied and collected.

Each unremarried surviving spouse shall file for the exemption only once with the governing authority of the City of Stonecrest or the designee thereof. Once filed, the exemption shall automatically be renewed from year to year, except that the governing authority of the City of Stonecrest or the designee thereof may require annually that the holder of an exemption substantiate his or her continuing eligibility for the exemption. It shall be the duty of any person granted the homestead exemption under this section to notify the governing authority of the City of Stonecrest or the designee thereof in the event that person for any reason becomes ineligible for such exemption.

(e) The exemption granted by this section shall be in lieu of and not in addition to any other exemption from ad valorem taxation for municipal purposes which is equal to or lower in amount than such exemption granted by this section. If the amount of any other exemption from ad valorem taxation for municipal purposes applicable to any resident qualifying under this section is greater than or is increased to an amount greater than the amount of the applicable exemption granted by this section, such other exemption shall apply and shall be in lieu of and not in addition to the exemption granted by this section.

(f) The exemptions granted by this section shall apply to all tax years beginning on or after January 1, 2017.

SECTION 5.12.

Homestead exemption; one mill equivalent.

(a) As used in this section, the term:

(1) "Ad valorem taxes for municipal purposes" means all ad valorem taxes for municipal purposes levied by, for, or on behalf of the City of Stonecrest, including, but not limited to, any ad valorem taxes to pay interest on and to retire municipal bonded indebtedness.

(2) "Homestead" means homestead as defined and qualified in Code Section 48-5-40 of the O.C.G.A., as amended.

(b) Each resident of the City of Stonecrest is granted an exemption on that person's homestead from City of Stonecrest ad valorem taxes for municipal purposes in an amount that provides the dollar equivalent of a one mill reduction of the millage rate applicable to the homestead property with respect to ad valorem taxes for municipal purposes for the taxable year. The value of that property in excess of such exempted amount shall remain subject to taxation.

(c) A person shall not receive the homestead exemption granted by subsection (b) of this section unless the person or person's agent files an application with the governing authority of the City of Stonecrest or the designee thereof giving such information relative to receiving such exemption as will enable the governing authority of the City of Stonecrest or the designee thereof to make a determination regarding the initial and continuing eligibility of such owner for such exemption. The governing authority of the City of Stonecrest or the designee thereof shall provide application forms for this purpose.

(d) The exemption shall be claimed and returned as provided in Code Section 48-5-50.1 of the O.C.G.A., as amended. The exemption shall be automatically renewed from year to year so long as the owner occupies the residence as a homestead. After a person has filed the proper application, as provided in subsection (c) of this section, it shall not be necessary to make application thereafter for any year and the exemption shall continue to be allowed to such person. It shall be the duty of any person granted the homestead exemption under subsection (b) of this section to notify the governing authority of the City of Stonecrest or the designee thereof in the event that person for any reason becomes ineligible for that exemption.

(e) The exemption granted by subsection (b) of this section shall not apply to or affect state ad valorem taxes, county ad valorem taxes for county purposes, or county or independent school district ad valorem taxes for educational purposes. The homestead exemption granted by subsection (b) of this section shall be in addition to and not in lieu of any other homestead exemption applicable to municipal ad valorem taxes for municipal purposes.

(f) The exemption granted by subsection (b) of this section shall apply to all taxable years beginning on or after January 1, 2017.

ARTICLE VI

This section is enacted pursuant to the authority granted to the General Assembly under Section 1 of that local constitutional amendment providing that certain municipalities in DeKalb County shall constitute special services tax districts, Resolution Act. No. 168; House Resolution No. 715-1916; Ga. L. 1978, p. 2468, to control the subject matter of such local constitutional amendment. Municipal services provided by DeKalb County for the City of Stonecrest will be established through intergovernmental agreements or established as otherwise authorized by statute.

SECTION 6.02.

Referendum and initial election.

(a) The election superintendent of DeKalb County shall call a special election for the purpose of submitting this Act to the qualified voters of the proposed City of Stonecrest for approval or rejection. The superintendent shall set May 24, 2016, as the date of such election. The superintendent shall issue the call for such election at least 30 days prior to the date thereof. The superintendent shall cause the date and purpose of the election to be published once a week for two weeks immediately preceding the date thereof in the official organ of DeKalb County. The ballot shall have written or printed thereon the words:

"() YES Shall the Act incorporating the City of Stonecrest in DeKalb County according to the charter contained in the Act and the homestead () NO exemptions described in the Act be approved?"

All persons desiring to vote for approval of the Act shall vote "Yes," and all persons desiring to vote for rejection of the Act shall vote "No." If more than one-half of the votes cast on such question are for approval of the Act, it shall become of full force and effect as provided in this charter, otherwise it shall be void and of no force and effect. The initial expense of such election shall be borne by DeKalb County. Within two years after the elections if the incorporation is approved, the City of Stonecrest shall reimburse DeKalb County for the actual cost of printing and personnel services for such election and for the initial election of the mayor and councilmembers pursuant to Section 2.02 of this charter. It shall be the duty of the superintendent to hold and conduct such election. It shall be his or her further duty to certify the result thereof to the Secretary of State.

(b) For the purposes of the referendum election provided for in subsection (a) of this section and for the purposes of the special election of the City of Stonecrest to be held in

conjunction with and on the date of the 2016 November general election, the qualified electors of the City of Stonecrest shall be those qualified electors of DeKalb County residing within the corporate limits of the City of Stonecrest as described by Appendix A of this charter. At subsequent municipal elections, the qualified electors of the City of Stonecrest shall be determined pursuant to the authority of Chapter 2 of Title 21 of the O.C.G.A., known as the "Georgia Election Code."

(c) Only for the purposes of holding and conducting the referendum election provided for by subsection (a) of this section and holding and conducting the special election of the City of Stonecrest to be held on the date of the 2016 November general election, the election superintendent of DeKalb County is vested with the powers and duties of the election superintendent of the City of Stonecrest and the powers and duties of the governing authority of the City of Stonecrest.

SECTION 6.03.

Effective dates and transition.

(a) The initial mayor and councilmembers shall take the oath of office the next business day after certification of the election of such officers, and by action of any four members of the governing authority may meet and take actions binding on the city.

(b) A period of time will be needed for an orderly transition of various government functions from DeKalb County to the City of Stonecrest. Accordingly there shall be a two-year transition period as allowed by law beginning at 12:01 A.M. on January 1, 2017.

(c) During such transition period, DeKalb County shall continue to provide within the territorial limits of the city all government services and functions which DeKalb County provided in 2016 and at the same actual direct cost and level of service, except to the extent otherwise provided in this section; provided, however, that upon at least 30 days' prior written notice to the governing authority of DeKalb County by the governing authority of the City of Stonecrest, responsibility for any such service or function shall be transferred to the City of Stonecrest. The governing authority of the City of Stonecrest shall determine the date of commencement of collection of taxes, fees, assessments, fines and forfeitures, and other moneys within the territorial limits of the city and the date upon which the City of Stonecrest is considered removed from the special services tax district.

(d) During the transition period, the governing authority of the City of Stonecrest may generally exercise any power granted by this charter or general law, except to the extent that a power is specifically and integrally related to the provision of a governmental service, function, or responsibility not yet provided or carried out by the city.

(e) During the transition period, all ordinances of DeKalb County shall remain applicable within the territorial limits of the city unless otherwise amended, repealed, or replaced by the City of Stonecrest. Any transfer of jurisdiction to the City of Stonecrest during or at the end of the transition period shall not in and of itself abate any judicial proceeding pending in DeKalb County or the pending prosecution of any violation of any ordinance of DeKalb County.

(f) During the transition period, the governing authority of the City of Stonecrest may at any time, without the necessity of any agreement by DeKalb County, commence to exercise its planning and zoning powers; provided, however, that the city shall give the county notice of the date on which the city will assume the exercise of such powers. Upon the governing authority of the City of Stonecrest commencing to exercise its planning and zoning powers, the Municipal Court of the City of Stonecrest shall immediately have jurisdiction to enforce the planning and zoning ordinances of the city. The provisions of this subsection shall control over any conflicting provisions of any other subsection of this section.

(g) Effective upon the termination of the transition period, subsections (b) through (f) of this section shall cease to apply except for the last sentence of subsection (e) which shall remain effective. Effective upon the termination of the transition period, the City of Stonecrest shall be a full functioning municipal corporation and subject to all general laws of this state.

SECTION 6.04.

Directory nature of dates.

It is the intention of the General Assembly that this Act be construed as directory rather than mandatory with respect to any date prescribed in this Act. If it is necessary to delay any action called for in this Act for providential cause or any other reason, it is the intention of the General Assembly that the action be delayed rather than abandoned. Any delay in performing any action under this Act, whether for cause or otherwise, shall not operate to frustrate the overall intent of this Act. Without limiting the generality of the foregoing, it is specifically provided that if it is not possible to hold the referendum election provided for in Section 6.02 of this Act on the date specified in that section, then such referendum shall be held as soon thereafter as is reasonably practicable but not later than 45 days after there is no further cause for delay. If the referendum election provided for in Section 6.02 of this Act is conducted after May 24, 2016, but before November 8, 2016, the special election for the initial members of the governing authority shall be conducted on the date specified in Section 2.02 of this Act. If the referendum election provided for under Section 6.02 of this Act is conducted after November 3, 2016, then the special election for the initial members of the governing authority shall be held as soon thereafter as is reasonably practicable, and the commencement of the initial terms of office shall be delayed accordingly. If the first election provided for in Section 2.02 of this Act occurs after the date of the 2016 November general election, the city council shall be authorized to delay the dates otherwise specified in Section 6.03 of this Act.

SECTION 6.05.

Charter commission.

No later than five years after the inception of the City of Stonecrest, the mayor and the city council shall call for a charter commission to review the city's experience and

recommend to the General Assembly any changes to the charter. Members of the charter commission shall be appointed as follows: one by the mayor, one by each member of the city council, and one member appointed by a vote of the members of the Georgia House of Representatives and Georgia Senate whose districts lie wholly or partially within the corporate boundaries of the City of Stonecrest. All members of the charter commission shall reside in the City of Stonecrest. The commission shall complete the recommendations within the time frame required by the city council.

SECTION 6.06.

Severability.

In the event any section, subsection, sentence, clause, or phrase of this Act shall be declared or adjudged invalid or unconstitutional, such adjudication shall in no manner affect the other sections, subsections, sentences, clauses, or phrases of this Act, which shall remain of full force and effect, as if the section, subsection, sentence, clause, or phrase so declared or adjudged invalid or unconstitutional were not originally a part hereof. The General Assembly hereby declares that it would have passed the remaining parts of this Act if it had known that such part or parts hereof would be declared or adjudged invalid or unconstitutional.

SECTION 6.07.

Effective date.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 6.08.

Repealer.

All laws and parts of laws in conflict with this Act are repealed.

A BILL to be entitled an Act to amend Code Section 43-10A-3 of the Official Code of Georgia Annotated, relating to definitions relative to professional counselors, social workers, and others, so as to revise the definition of "professional counseling"; to repeal conflicting laws; and for other purposes.

The House substitute was as follows:

A BILL TO BE ENTITLED
AN ACT

To amend Title 43 of the Official Code of Georgia Annotated, relating to professions and businesses, so as to provide that professional counseling includes diagnosing emotional and mental problems and conditions; to clarify that persons licensed as professional counselors, social workers, and marriage and family therapists are not authorized to conduct psychological testing; to provide for legislative findings and intent; to provide for a curriculum of continuing education relating to diagnosing; to provide for the establishment of rules and regulations regarding testing conducted by licensed professional counselors; to clarify that psychological testing is part of the practice of psychology; to provide that certain licensed persons are able to perform certain tests other than psychological testing; to revise definitions; to amend Code Section 37-1-1 of the Official Code of Georgia Annotated, relating to definitions relative to the general provisions governing and regulating mental health, so as to conform a cross-reference; to provide for related matters; to provide an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

The General Assembly finds that the mental health and wellness needs of Georgia's citizens require the availability of trained mental health professionals who can accurately diagnose, treat, prescribe, and appropriately assess the mental and emotional illnesses, disorders, and conditions from which they suffer and the vocational, educational, interpersonal, and intrapersonal needs essential to living and learning how to live productive and useful lives. It is the intent of the General Assembly to assure geographical and financial access for all of Georgia's citizens to excellent mental health services to the extent that Georgia's resources and regulations permit. To these ends, Georgia regulates its licensed psychiatrists, psychologists, professional counselors, marriage and family therapists, and clinical social workers who provide graduate level

professional services to Georgia's private and public mental health services and to its public mental health, educational, and vocational support systems. The General Assembly seeks in such regulatory process to protect the public and assure it receives high quality and appropriate services and to define the scopes of practice and diagnostic authority for each of these professional groups consistent with the graduate level training and supervision, or its equivalent, that the members of each profession have sought and successfully completed. The General Assembly has empowered and authorized the Georgia Composite Medical Board, the State Board of Examiners of Psychologists, and the Georgia Composite Board of Professional Counselors, Social Workers, and Marriage and Family Therapists to fulfill these responsibilities and expects them to work together to assure a continuum of professional services that ensure appropriate diagnostic and assessment functions for each profession and the psychotherapeutic and counseling treatment services appropriate to each profession. The General Assembly recognizes that advances in medicine, science, education, training, and service delivery occur constantly in our modern history and therefore also expects the regulatory boards for each profession to assure that its licensees seek and successfully complete appropriate continuing education and training for the functions and services authorized to each profession.

SECTION 2.

Title 43 of the Official Code of Georgia Annotated, relating to professions and businesses, is amended in Code Section 43-10A-3, relating to definitions relative to professional counselors, social workers, and others, by adding a new paragraph and by revising paragraph (10) to read as follows:

All persons licensed under this chapter who have not already completed as of January 1, 2017, sufficient training, experience, or classes related to diagnosing as part of their licensure requirements as required by the board shall complete such curriculum no later than January 1, 2018. As of the effective date of this subsection, persons licensed under this chapter with at least ten years of experience as a professional counselor, clinical social worker, or marriage and family therapist working with people with mental illness, developmental disabilities, or substance abuse and in good standing with the board shall be exempt from the requirements of this subsection."

SECTION 4.

Said title is further amended by revising Code Section 43-10A-22, relating to restrictions on the scope of practice relative to professional counselors, social workers, and marriage and family therapists, as follows:

"43-10A-22.

(3)(A) Any written agreement entered into after April 10, 2013, shall be exclusive as between one bona fide coin operated amusement machine master licensee and one location owner or location operator per location. Any agreement entered into before April 10, 2013, shall not be deemed void for failure to allocate revenue pursuant to Code Section 50-27-87.1 or 50-27-102, and notwithstanding any agreements between master licensees and location owners and location operators, both shall act in a manner that complies with this chapter.

For the purposes of division (ii) of this subparagraph, the master licensee is the master licensee that, in the nine months preceding the application for a new location license, had the last written agreement with the immediately preceding location owner or location operator or the master licensee that, in the nine months preceding the application for a new location license, had requested or commenced a hearing pursuant to Code Section 50-27-102, whichever had machines placed in the location first."

SECTION 7.

Said article is further amended by revising paragraphs (2) and (4) of subsection (d) of Code Section 50-27-102, relating to role of corporation, implementation and certification, separation of funds and accounting, and disputes, as follows:

"(2) The corporation shall have jurisdiction of all disputes between and among any licensees or former licensees whose licenses were issued pursuant to this article relating in any way to any agreement involving coin operated amusement machines, distribution of funds, tortious interference with contract, other claims against a

subsequent master license holder or location owner, or any other claim involving coin operated amusement machines; provided, however, that this paragraph shall not apply to any agreement which expired on or before April 10, 2013. Except as provided in paragraph (1) of this subsection, the corporation shall refer any dispute certified by any master licensee against any other master licensee or any location owner or location operator or by any location owner or location operator against any master licensee to a hearing officer. For the purpose of service on licensees with respect to disputes, each licensee or former licensee shall register and keep current with the corporation the name of an agent and his or her address and an email address which shall be made available to any licensee on request. Service by registered mail, courier delivery, or overnight mail delivered to the agent's registered address and to the email address shall be adequate service on the licensee for a hearing on the dispute. All disputes subject to the provisions of this Code section certified by a master licensee, location owner, or location operator shall be decided by a hearing officer approved or appointed by the corporation. The corporation shall adopt rules and regulations governing the selection of hearing officers after consultation with the Bona Fide Coin Operated Amusement Machine Operator Advisory Board. Costs of the hearing officer's review, including any hearing set pursuant to this Code ~~Section~~ section, shall be shared equally between the parties in the dispute unless provided otherwise in the agreement or by the hearing officer; provided, however, that the corporation shall not be responsible for any of the costs associated with the dispute resolution mechanism set forth in this Code section. If any party fails to timely pay the costs of the hearing officer's review within ten days of service of notice of costs by the hearing officer, the hearing officer shall grant a default judgment on liability against the nonpaying party. The hearing officer shall then consider evidence related to damages or any other relief and shall render judgment based upon a preponderance of the evidence."

"(4) If requested by the master licensee or the location owner or location operator, the hearing officer shall conduct a hearing as to the dispute, but in no case unless extended by the hearing officer for good cause shall the hearing officer conduct a hearing more than 90 days after he or she has been appointed or selected to decide the dispute. No Class B bona fide coin operated amusement machine that is subject to the dispute resolution mechanism required by this Code section shall be removed from the terminal by a master licensee, location owner, or location operator or otherwise prevented by a master licensee, location owner, or location operator from play by the public until a final decision is entered and all appellate rights have been exhausted, or until the master licensee and location owner or location operator agree to a resolution, whichever occurs first."

SECTION 2.

Said chapter is further amended by revising subsections (a) and (f) and adding new subsections in Code Section 48-2-35, relating to refunds of taxes and fees determined to have been erroneously or illegally assessed and collected, to read as follows:

"(a) A taxpayer shall be refunded any and all taxes or fees which are determined to have been erroneously or illegally assessed and collected from such taxpayer under the laws of this state, whether paid voluntarily or involuntarily, and shall be refunded interest, except as provided in subsection (b) of this Code section, on the amount of the taxes or fees ~~at the rate of 1 percent per month~~ from the date of payment of the tax or fee to the commissioner at an annual rate equal to the bank prime loan rate as posted by the Board of Governors of the Federal Reserve System in statistical release H. 15 or any publication that may supersede it, plus 3 percent, to accrue monthly. For the purposes of this Code section, any period of less than one month shall be considered to be one month. Refunds shall be drawn from the treasury on warrants of the Governor issued upon itemized requisitions showing in each instance the person to whom the refund is to be made, the amount of the refund, and the reason for the refund."

"(f) For purposes of all claims for refund of sales and use taxes erroneously or illegally assessed and collected, the term 'taxpayer,' as defined under Code Section 48-2-35.1, shall apply. Such claim for refund shall contain the total refund claimed and the allocation of the local sales and use tax by the political subdivision.

(g) Any taxpayer required to pay taxes electronically in accordance with paragraph (2.1) of subsection (f) of Code Section 48-2-32 shall also file any claims for refund electronically. The department shall make claim for refund forms consistent with this subsection electronically available.

(B) 'Refund claim of local significance' means a taxpayer's claim for refund of sales and use taxes erroneously or illegally assessed and collected or the department's discovery of any overpayment of such taxes, if such claim for refund or overpayment is for an amount equal to or greater than 10 percent of the total yearly average of aggregate sales and use tax distributions to any single political subdivision based on the average of the three most recent calendar years.

(2) Within 30 business days following the department's receipt of a refund claim of local significance, the department shall notify each affected political subdivision's

political subdivision designee that a refund claim of local significance to the political subdivision has been received and shall furnish the taxpayer with a copy of such notification. (3) Any information supplied to a political subdivision designee pursuant to this subsection shall retain, in the hands of the local official, its privileged and confidential nature to the same extent and under the same conditions as such information is privileged and confidential in the hands of the commissioner, pursuant to Code Section 48-2-15. It shall be the responsibility of the political subdivision designee, and not the department, to protect privileged and confidential information received under this subsection. Any person who divulges any tax information obtained under this subsection shall be subject to the same civil and criminal penalties as provided for divulgence of tax information by employees of the department. Though privileged and confidential information shall not be disclosed, the political subdivision designee may make reasonable budgetary recommendations to elected officials, city managers, and tax officials in political subdivisions based on the confidential information furnished. The department shall not be subject to any criminal or civil liability for the unauthorized divulgence of privileged and confidential information by a political subdivision designee. Notwithstanding the foregoing, in the event all or any portion of the refund claim of local significance is for a tax levied under Part 1 of Article 3 of Chapter 8 of this title, the affected county shall not be in violation of this confidential provision if it notifies all municipal political subdivision designees in the county that such notification has been received from the department.

(4) The commissioner, by rule or regulation, shall establish guidelines for identifying and producing documents to the Department of Audits and Accounts for review relating to the handling of refund claims of local significance. In the event of such review, the Department of Audits and Accounts shall assess whether the department followed proper procedures and used appropriate methodology to reach its final determination on a refund claim of local significance.

(5) Any refund claims of local significance pending with the department for two years after the claim for refund was filed shall be automatically transferred to the Georgia Tax Tribunal as a declaratory judgment of the commissioner requesting a show cause proceeding pursuant to Code Section 50-13A-19.1."

PART I
SECTION 1-1.

"(a) **To whom issued.**

(1) Notwithstanding any contrary provision of this Code section or Code Section 40-5-57, or 40-5-63, or any other Code section of this chapter 40-5-75, 40-5-121, or 42-8-111, any person who has not been previously convicted or adjudicated delinquent for a violation of Code Section 40-6-391 within five years, as measured from the dates of previous arrests for which convictions were obtained or pleas of nolo contendere were accepted to the date of the current arrest ~~for which a conviction is obtained or a plea of nolo contendere is accepted~~, may apply for a limited driving permit when ~~and only when~~ that person's driver's license had a suspension imposed prior to July 1, 2015, under Code Section 40-5-22 or that person's driver's license has been suspended in accordance with subsection (d) of Code Section 40-5-57, paragraph (1) of subsection (a) of Code Section 40-5-63, paragraph (1) of subsection (a) of Code Section 40-5-67.2, or subsection (a) of Code Section 40-5-57.1, when the person is 18 years of age or older and his or her license was suspended for exceeding the speed limit by 24 miles per hour or more but less than 34 miles per hour, and the sentencing

judge, in his or her discretion, decides it is reasonable to issue a limited driving permit.

(2) ~~Any person whose driver's license has been suspended as a result of a second conviction for violating Code Section 40-6-391 within five years, as measured from the dates of previous arrests for which convictions were obtained to the date of the current arrest for which a conviction is obtained, may apply for an ignition interlock limited driving permit after serving at least 120 days of the suspension required for such conviction and providing either a certificate of eligibility from a drug court program in the court in which he or she was convicted of the offense for which such suspension was imposed or by submitting proof of enrollment in clinical treatment as provided in Code Section 40-5-63.1.~~ No person who has been granted an exemption from the ignition interlock device requirements of Article 7 of Chapter 8 of Title 42 due to undue financial hardship under Code Section 42-8-111 shall be eligible for a limited driving permit, an ignition interlock device limited driving permit, or any other driving privilege for a period of one year.

(3) To the extent a person is subject to more than one suspension for which a limited driving permit may be issued, the department shall not issue such permit unless the suspensions are for a conviction for driving under the influence in violation of Code Section 40-6-391 imposed pursuant to Code Section 40-5-63 and an administrative suspension imposed pursuant to paragraph (1) of subsection (a) of Code Section 40-5-67.2 arising from the same incident."

SECTION 1-4.

Said chapter is further amended in Code Section 40-5-67.1, relating to chemical tests, implied consent notices, rights of motorists, test results, refusal to submit, suspensions and denials, and right to a hearing and review, by revising paragraph (1) of subsection (f) and paragraphs (1), (3), and (4) of subsection (g) as follows:

"(f)(1) The law enforcement officer, acting on behalf of the department, shall personally serve the notice of intention to suspend or disqualify the license of the arrested person or other person refusing such test on such person at the time of the person's refusal to submit to a test or at the time at which such a test indicates that suspension or disqualification is required under this Code section. The law enforcement officer shall take possession of any driver's license or permit held by any person whose license is subject to suspension pursuant to subsection (c) or (d) of this Code section, if any, and shall issue a ~~30~~ 45 day temporary driving permit. The officer shall forward the person's driver's license to the department along with the notice of intent to suspend or disqualify and the report required by subsection (c) or (d) of this Code section within ten ~~calendar~~ days after the date of the arrest of such person. This paragraph shall not apply to any person issued a 180 day temporary driving permit pursuant to subsection (b) of Code Section 40-5-67. The failure of the officer to transmit the report required by this Code section within ten ~~calendar~~ days shall not prevent the department from accepting such report and utilizing it in the suspension of a driver's license as provided in this Code section."

"(g)(1) A person whose driver's license is suspended or who is disqualified from ~~operating~~ driving a commercial motor vehicle pursuant to this Code section shall remit to the department a \$150.00 filing fee together with a request, in writing, for a

The issuance of an ignition interlock device limited driving permit to a person eligible for such permit under paragraph (1) or (2) of subsection (a) of Code Section 40-5-64.1 shall constitute a waiver of the right to a hearing under this subsection. Within 30 days after receiving a written request for a hearing, the department shall hold a hearing as is provided in Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' The hearing shall be recorded."

"(3) The hearing officer shall, within five calendar days after such hearing, forward a decision to the department to rescind or sustain the driver's license suspension or disqualification. If no hearing is requested within the ~~ten-business~~ 30 days specified ~~above in paragraph (1) of this subsection~~, and the failure to request such hearing is due in whole or in part to the reasonably avoidable fault of the person, the right to a hearing shall have been waived. The issuance of an ignition interlock device limited driving permit to a person eligible for such permit under paragraph (1) or (2) of subsection (a) of Code Section 40-5-64.1 shall constitute a waiver of the right to a hearing under this subsection. The request for a hearing shall not stay the suspension of the driver's license; provided, however, that if the hearing is timely requested and is not held before the expiration of the temporary driving permit and the delay is not due in whole or in part to the reasonably avoidable fault of the person, the suspension shall be stayed until such time as the hearing is held and the hearing officer's decision is made.

(4)(A) Except as where provided to the contrary in subparagraph (B) of this paragraph, in ~~H~~ the event the person is acquitted of a violation of Code Section 40-6-391 or such charge is initially disposed of other than by a conviction or plea of nolo contendere, then the suspension shall be terminated and deleted from the driver's license record. An accepted plea of nolo contendere shall be entered on the driver's license record and shall be considered and counted as a conviction for purposes of any future violations of Code Section 40-6-391. In the event of an acquittal or other disposition other than by a conviction or plea of nolo contendere, the driver's license restoration fee shall be promptly returned by the department to the licensee.

(B)(i) If any person who has obtained an ignition interlock device limited driving permit under paragraph (1) of subsection (a) of Code Section 40-5-64.1 is acquitted of the violation of Code Section 40-6-391 upon which the underlying driver's license suspension was based or if such charge is initially disposed of other than by a conviction or plea of nolo contendere, then such permit shall be revoked and the driver's license shall be reinstated without a fee. The department shall terminate the driver's license suspension of any such person and shall delete the suspension from the driver's license record.

(ii) Any person who has obtained an ignition interlock device limited driving permit under paragraph (2) of subsection (a) of Code Section 40-5-64.1 shall
