To amend Article 2 of Chapter 4 of Title 12 of the Official Code of Georgia Annotated, relating to mining and drilling, so as to regulate the exploration and extraction of gas and oil in this state; to provide for definitions; to provide for authority to create an Oil and Gas Board under certain circumstances; to require the promulgation of rules and regulations related to drilling and extraction; to amend provisions relating to drilling permits; to increase the amount of bond security for drilling operations; to provide for authority of local governments; to provide for a severance tax on the extraction of oil and gas; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

**SECTION 1.**

Article 2 of Chapter 4 of Title 12 of the Official Code of Georgia Annotated, relating to mining and drilling, is amended by revising Part 2, relating to deep drilling for oil, gas, and other minerals, as follows:

"Part 2

12-4-40.

This part shall be known and may be cited as the 'Oil and Gas and Deep Drilling Act of 1975.'

12-4-41.

The General Assembly finds and declares that its duty to protect the health, safety, and welfare of the citizens of this state requires that adequate protection of underground fresh water supplies be assured in any drilling operation which may penetrate through any stratum which contains fresh water. This duty further requires that adequate protection be assured in any drilling or the use of such drilled wells in certain other environmentally sensitive areas or in other circumstances where the result of such drilling and use may endanger the health, safety, and welfare of the citizens of this state. It is not the policy of the General Assembly to regulate the drilling of shallow exploration or engineering holes except in such environmentally sensitive areas as defined in this part. The General Assembly further finds and declares that, ~~with the current energy shortage which this state and nation face, it must encourage~~ oil and gas exploration to identify new sources of energy, ~~but not~~ should not occur at the expense of our important natural resources such as residential, municipal, and industrial supplies of fresh water. The General Assembly further finds and declares that it should continue to encourage oil and gas exploration. The General Assembly further finds and declares that with an increase in oil exploration, it must provide assurances to persons engaging in such exploration that adequate safeguards regarding results of exploration will remain privileged information for a specified time. The General Assembly further finds and declares that it is in the public interest to obtain, protect, and disseminate all possible geologic information associated with drilling operations in order to further the purposes of future energy related research.

12-4-42.

As used in this part, the term:

- (1) 'Board' means the Board of Natural Resources.
- (1.1) 'Director' means the director of the Environmental Protection Division of the Department of Natural Resources.
- (2) 'Drilling' means the boring of a hole in the earth by remote mechanical means and all associated activities, including but not limited to casing, perforating, plugging,

cementing, and capping.

(3) 'Environmentally sensitive area of the coastal zone' means that area of the coastal zone where salt-water-bearing strata overlie the fresh-water aquifer system.

(4) 'Field' means the general area which is underlaid or appears to be underlaid by at least one pool. This term shall include the underground reservoir or reservoirs containing crude petroleum oil or natural gas, or both. The words 'field' and 'pool' mean the same thing when only one underground reservoir is involved; however, 'field,' unlike 'pool,' may relate to two or more pools.

(5) 'Gas' means all natural gas, including casing-head gas, and all other hydrocarbons not defined as oil in paragraph (10) of this Code section.

(5.1) 'Hydraulic fracturing' means those operations conducted in an individual well bore designed to increase the flow of hydrocarbons from the rock formation to such well bore through modification of the permeability of reservoir rock by fracturing it through application of fluids under pressure.

(6) 'Illegal mineral' means any mineral, including oil or gas, which has been produced within the State of Georgia in violation of this part, any rule or regulation adopted and promulgated pursuant to this part, or any order issued under this part.

(7) 'Illegal product' means any product of oil, gas, or other mineral, any part of which was processed or derived, in whole or in part, from an illegal mineral.

(8) 'Mineral' means any naturally occurring substance found in the earth which has commercial value. This term shall include oil and gas, as defined in this Code section, but shall not include fresh water.

(9) 'Mineral product' means any commodity made from any mineral.

(10) 'Oil' means crude petroleum oil and other hydrocarbons, regardless of gravity, which are produced at the well in liquid form by ordinary production methods and which are not the result of condensation of gas after it leaves the reservoir.

(11) 'Owner' means the person who has the right to drill into and produce from any pool and to appropriate the production either for himself or herself and another, or himself or herself and others.

(12) 'Person' means any natural person, corporation, joint venture, association, partnership, receiver, trustee, guardian, executor, administrator, fiduciary or representative of any kind, all agencies or instrumentalities of the state, and all county or municipal governments or any authority.

(13) 'Pool' means an underground reservoir containing a common accumulation of crude petroleum oil or natural gas, or both. Each zone of a general structure which is completely separated from any other zone in the structure is covered by the term 'pool' as used in this part.

(14) 'Producer' means the owner of a well or wells capable of producing oil or gas, or both.

(15) 'Tender' means a permit or certificate of clearance for the transportation of minerals, including oil and gas, or mineral products produced under this part, approved and issued or registered under the authority of the board.

(16) 'Unitization agreement' means a voluntary agreement between operators to

create operation units.

(17) 'Waste,' in addition to its ordinary meaning, means 'physical waste' as that term is generally understood in the oil and gas industry. The term shall also include, but not be limited to:

(A) The inefficient, excessive, or improper use or dissipation of reservoir energy and the locating, spacing, drilling, equipping, operating, or producing of any oil or gas well or wells in a manner which results, or tends to result, in a reduction in the quantity of oil or gas ultimately to be recovered from any pool in this state;

(B) The inefficient storing of oil and the locating, spacing, drilling, equipping, operating, or producing of any oil or gas well or wells in a manner causing, or tending to cause, unnecessary or excessive surface loss or destruction of oil or gas;

(C) Abuse of the correlative rights and opportunities of each owner of gas or oil in a common reservoir due to nonuniform, disproportionate, and unratable withdrawals causing undue drainage between tracts of lands;

(D) The production of oil or gas in such a manner as to cause unnecessary water channeling or zoning;

(E) The operation of any oil well or wells with an inefficient gas-oil ratio;

(F) The drowning with water of any stratum or part thereof capable of producing gas or oil, except where approval for such a project has been granted by the department;

(G) Underground waste, however caused and whether or not defined, as the same relates to any activity regulated by this part;

(H) The creation of unnecessary fire hazards as the same relates to any activity regulated by this part;

(I) The escape into the open air, from a well producing both oil and gas, of gas in excess of the amount which is necessary in the efficient drilling or operation of the well; and

(J) Permitting gas produced from a gas well to escape into the air, except for testing purposes.

(18) 'Well' means any boring drilled in the search for or the production of oil, gas, or other minerals or water.

12-4-43.

For the purpose of this part:

(1) The board shall have the authority to make such inquiries as it may deem necessary into any matter over which it has jurisdiction;

(2) The board shall have the jurisdiction of and authority over the drilling of and subsequent use of any well for the exploration or production of oil and gas; any well for the exploration or production of any other mineral drilled to a depth greater than 1,800 feet; any well for the exploration or production of any mineral located in the environmentally sensitive area of the coastal zone and which is drilled to a depth sufficient to penetrate the fresh-water aquifer system; any underground storage well with the exception of those wells covered by Article 3 of Chapter 4 of Title 46; any

well for the underground disposal of waste materials; any well for the production of fresh water drilled to a depth greater than 1,800 feet; and any well for the exploration or production of brine or salt water;

(3) The board shall have the authority to regulate the spacing of wells and the production of all oil and gas and the production of any other minerals produced through a well or bore hole in liquid or slurry form to a depth greater than 1,800 feet or located in the environmentally sensitive area; provided, however, that this authority does not extend to the drilling of wells for the production of fresh water used for drinking, residential, industrial, or agricultural purposes, except as provided for in paragraph (2) of this Code section;

(4) The board shall have the power to adopt and promulgate rules and regulations necessary to effectuate the purposes of this part;

(5) The board may delegate to the director the administrative duties and powers, including, without limitation, the power to consider and issue permits to drill wells and to establish drilling and operation units, created under the authority of this part; and

(6) Upon receipt of at least 12 applications during a calendar year for any permit to drill any well for the exploration or production of oil or gas, the board may delegate to the director the authority to create an Oil and Gas Board to review and issue permits and regulate drilling activity. Any such Oil and Gas Board shall consist of the state geologist and three other members appointed by the Governor.

12-4-44.

(a) The board shall have the authority to adopt and promulgate rules and regulations dealing with the control of matters over which it has jurisdiction under this part. Such rules and regulations shall include, but shall not be limited to, rules and regulations for the following purposes:

(1) To require the drilling, casing, and plugging of wells regulated under this part to be done in such a manner as to prevent the escape of oil or gas out of one stratum into another stratum; to prevent the pollution of ~~fresh water supplies~~ surface water and ground water supplies by oil, gas, salt water, or other contaminants; and to require reasonable bonds;

(2) To require the making of reports showing the location of all wells regulated under this part, including the filing of drill cutting samples, cores, and copies of all logs, and to further require that the operator submit the name classification used for each of the subsurface formations penetrated and the depth at which each such formation was penetrated;

(3) To prevent the drowning by water of any stratum or part thereof capable of producing oil or gas in paying quantities and to prevent the premature and irregular encroachment of water which reduces the total ultimate recovery of oil or gas from any pool;

(4) To require the operation of wells regulated under this part with efficient gas-oil ratios and to fix such ratios;

- (5) To prevent 'blowouts,' 'caving,' and 'seepage' in the sense that conditions indicated by such terms are generally understood in the oil and gas business;
- (6) To prevent fires, waste, and spillage as same relates to any activity regulated by the provisions of this part;
- (7) To identify the ownership of all oil or gas wells, producing leases, refineries, tanks, plants, structures, and all storage and transportation equipment and facilities;
- (8) To regulate the 'shooting,' perforating, fracturing, hydraulic fracturing, and chemical treatment of wells;
- (9) To regulate secondary recovery methods, including, but not limited to, the introduction of gas, oil, water, or other substances into producing formations;
- (10) To limit and prorate the production of oil or gas, or both, from any pool or field for the prevention of waste as defined in Code Section 12-4-42;
- (11) To require, either generally or in or from particular areas, certificates of clearance or tenders in connection with the transportation of oil or gas produced in Georgia;
- (12) To regulate the spacing of wells and to establish drilling units;
- (13) To prevent, insofar as is practical, avoidable drainage from each developed unit which is not equalized by counterdrainage;
- (14) To establish procedures for the plugging and abandonment of wells regulated under this part and to establish procedures for the restoration and reclamation of well sites;
- (15) To require that accurate records be kept on forms to be prescribed by the director, which records shall be reported to the director within the time specified in such rules and regulations; reports shall include such information as the director may prescribe, including, but not limited to, information concerning cuttings, subsurface samples, and lithologic and geophysical logs;
- (16) To require that geologic and testing information obtained from a well regulated under this part be held in confidence by the director for a period of at least six months from the time of drilling to total depth, or, if the director approves, a longer period, if the operator makes a written request for the same stating the length of the extension desired and the reasons therefor; provided, however, that the guarantee of confidentiality provided for in this paragraph shall in no way impair the ability of the board or the director to enforce this part;
- (17) To regulate the issuance, denial, and revocation of permits and to regulate bonds required under this part, except as to persons provided for in paragraph (18) of this Code section;
- (18) To regulate the issuance of permits to persons who have been found to have violated any provision of this part, any rule or regulation adopted and promulgated pursuant to this part, or any order or permit issued under this part, and to establish the amount of bond for such persons;
- (19) To regulate the cooperative development or operation of all or part of an oil or gas pool as a unit;
- (20) To require that certain geophysical logging and other tests be conducted to

ensure that the requirements of paragraphs (1), (8), and (14) of this Code section are met; and

(21) To regulate the underground storage or disposal of substances other than those substances covered by the provisions of Article 3 of Chapter 4 of Title 46.

(b) On or before July 1, 2018, the board shall adopt regulations governing hydraulic fracturing operations. Such regulations shall include, at a minimum:

(1) Provisions for public notice of any application for any permit for any hydraulic fracturing well, such notice to be given before any decision on the permit application.

The contents of such public notice shall include, at a minimum:

(A) The name, address, and telephone number of the division contact where further information can be obtained;

(B) The name and address of the applicant;

(C) The location of the well proposed to be fractured and the route of any directional borehole to the end point of such borehole;

(D) A brief description of the project, including information regarding the sources of water to be used as base fluid and estimated amounts and methods of wastewater disposal; and

(E) A brief description of the public comment period and procedures the director will follow to determine whether to issue the permit;

(2) Provisions for the identification of groundwater sources within one-half mile of any proposed wellhead and within one-half mile along the route of any directional borehole to the end point of such borehole, and for groundwater quality monitoring before, during, and after drilling operations;

(3) Provisions providing for the mandatory disclosure of the contents of fluids used in hydraulic fracturing projects to the director and to the commissioner of public health, and a fair process for the disclosure of fracturing fluids to facilitate transparency, while protecting valuable trade secrets and allowing well owners, operators, and service companies to protect their right to obtain an advantage over competitors;

(4) Provisions for the safe disposal of all hydraulic fracturing fluids; and

(5) Provisions for the restoration and reclamation of abandoned well sites, storage facility sites, pits, and access roads.

12-4-45.

(a) In regard to the establishment of drilling units and operation units, the allocation of production, the integration of separately owned tracts of land, and agreements in the interest of conservation, the board, in addition to the jurisdiction, authority, or powers granted elsewhere in this part, shall have the specific powers with respect to the exploration or production of oil or gas enumerated below.

(1) **Drilling units.** For the prevention of waste and to avoid the augmenting and accumulation of risk arising from the drilling of an excessive number of wells, the board shall, after due investigation and a hearing, have full power and authority to establish such drilling unit or units as may, in its discretion, seem most reasonable and practicable. The board shall have control of the allocation of production over such

units and shall, after investigation and hearing, set up, establish, and allocate to each unit its just and equitable share of production, and shall make such orders, rules, and regulations as will give to each producer the opportunity to use his or her just and equitable share of the reservoir energy of any pool. The board shall have power after notice and hearing to review and approve, or disapprove, agreements made among owners or operators, or among owners and operators in the interest of conservation of oil or gas or both or for the prevention of waste. When two or more separately owned tracts of land are embraced within an established drilling unit, the owners thereof may validly agree to integrate their interests and to develop their lands as a drilling unit. Where, however, such owners have not agreed to integrate their interests, the board may, for the prevention of waste or to avoid the drilling of unnecessary wells, after notice and hearing, require such owners to do so and to develop their lands as a drilling unit. Should the owners of separate tracts embraced within a drilling unit fail to agree upon the integration of the tracts and the drilling of a well on the unit, and should it be established that the board is without authority to require integration as provided for above, then subject to all other applicable provisions of this part, the owner of each tract embraced within the drilling unit may drill on his or her tract, but the allowable production from said tract shall be such proportion of the allowable production for the full drilling unit as the area of such separately owned tracts bears to the full drilling unit.

**(2) Operation units.**

(A) For the prevention of waste and to assure the ultimate recovery of gas or oil, the board may hold a hearing to consider the need for the operation as a unit of an entire field, or of any pool or any portion thereof, or combination of pools, within a field, for the production of oil or gas or both and other minerals which may be associated and produced therewith by additional recovery methods.

(B) At the conclusion of the hearing the board shall issue an order requiring unit operation if it finds that:

(i) Unit operation of the field, or of any pool or of any portion or combinations thereof within the field, is reasonably necessary to prevent waste as defined in Code Section 12-4-42 or to increase the ultimate recovery of oil or gas by additional recovery methods; and

(ii) The estimated additional cost incident to the conduct of such operation will not exceed the value of the estimated additional recovery of oil or gas; provided, however, that the board shall be authorized to prohibit the production of gas or oil by any recovery method if it has determined that such recovery method will result in waste or reduce the ultimate recovery of gas or oil from any field or pool or portion or combination thereof.

(C) The phrase 'additional recovery methods' as used in this Code section shall include, but shall not be limited to, the maintenance or partial maintenance of reservoir pressures by any method recognized by the industry and approved by the board; recycling; flooding a pool or pools, or parts thereof, with air, gas, water, liquid hydrocarbons or any other substance, or any combination or combinations

thereof; or any other secondary method of producing hydrocarbons recognized by the industry and approved by the board.

(D) The order provided for in subparagraph (B) of this paragraph shall be fair and reasonable under all the circumstances, shall protect the rights of interested parties, and shall include:

- (i) A description of the area embraced, termed the unit area; and a description of the affected pool or pools, or portions thereof, which lie within the unit area;
- (ii) A statement of the nature of the operations contemplated;
- (iii) A method of allocation among the separately owned tracts in the unit area of all the oil or gas or both produced from the unit pool within the unit area and not required in the conduct of such operation or unavoidably lost, such method of allocation to be on a formula that is fair and equitable and will protect the correlative rights of all interested parties;
- (iv) A provision for adjustment among the owners of the unit area (not including royalty owners) of their respective investments in wells, tanks, pumps, machinery, materials, equipment, and other things and services of value attributable to the unit operations. The amount to be charged unit operations for any such item shall be determined by the owners of the unit area (not including royalty owners); provided, however, that if such owners of the unit area are unable to agree upon the amount of such charges, or to agree upon the correctness thereof, the board shall determine the amount after due notice and hearing thereon. The net amount charged against the owners of a separately owned tract shall be considered expense of unit operation chargeable against such tract. The adjustment provided for in this division may be treated separately and handled by agreements separate from the unitization agreement;
- (v) A provision that the costs and expenses of unit operations, including investment, past and prospective, be charged to the separately owned tracts in the same proportions that such tracts share in unit productions. The expenses chargeable to a tract shall be paid by the person or persons not entitled to share in production free of operating costs, and who, in the absence of unit operation, would be responsible for the expense of developing and operating such tracts, and such person's or persons' interest in the separately owned tract shall be primarily responsible therefor. The obligation or liability of such persons in the several, separately owned tracts for the payment of unit expense shall at all times be several and not joint or collective. The unit operator shall have a first and prior lien upon the leasehold estate exclusive of the royalty interest provided thereby and unleased oil and gas rights, exclusive of one-eighth interest therein, in and to each separately owned tract, and the interest of the owners thereof in and to the unit production and all equipment in possession of the unit, to secure the payment of the amount of the unit expense charged to and assessed against such separately owned tract;
- (vi) The designation of, or a provision for the selection of, a unit operator. The conduct of all unit operations by the unit operator and the selection of a successor

to the unit operator shall be governed by the terms and provisions of the unitization agreements;

(vii) A provision that when the full amount of any charge made against any interest in a separately owned tract is not paid when due by the person or persons primarily responsible therefor, then all of the oil and gas production allocated to the interest in default in such separately owned tract, upon which production the unit operator has a lien, may be appropriated by the unit operator and marketed and sold for the payment of such charge, together with interest at a fair and equitable rate as determined by the board thereon. The remaining portion of the unit production or the proceeds derived therefrom allocated to each separately owned tract shall in all events be regarded as royalty to be paid to the owners, free and clear of all unit expense and free and clear of any lien therefor. The owner of any overriding royalty, oil and gas payment, or other interest, who is not primarily responsible for the unpaid obligation, shall, to the extent of any payment or deduction from his or her share, be subrogated to all the rights of the unit operator with respect to the interest or interests primarily responsible for such payment. Any surplus received by the operator from any such sale of production shall be credited to the person or persons from whom it was deducted in the proportion of their respective interest; and

(viii) The time the unit operation shall become effective, and the manner in which, and the circumstances under which, the unit operation shall terminate.

(E) An order requiring unit operation shall not become effective unless and until a contract incorporating the unitization agreement has been signed or in writing ratified or approved by the owners of at least ~~75~~ 85 percent in interest as costs are shared under the terms of the order and by ~~75~~ 85 percent in interest, as production is to be allocated, of the royalty owners in the unit area, and unless and until a contract incorporating the required arrangements for operations has been signed or in writing ratified or approved by the owners of at least ~~75~~ 85 percent in interest as costs are shared, and unless and until the board has made a finding, either in the order or in a supplemental order, that those contracts have been signed, ratified, or approved. Both contracts may be encompassed in a single document. In the event the required percentage interests have not signed, ratified, or approved such agreements within six months from and after the date of such order, or within such extended period as the board may prescribe, the order shall be automatically revoked.

(F)(i) The board, by entry of new or amending orders, may from time to time add to unit operations portions of pools not theretofore included, and may add to unit operations new pools or portions thereof, and may extend the unit area as required. Any such order, in providing for allocation of production from a unitized zone of the unit area, shall first allocate to such pool or pools, or portion thereof so added, a portion of the total production of oil or gas, or both, from all pools affected within the unit area, as enlarged and not required in the conduct of unit operations or unavoidably lost. Such allocation shall be based on a formula for sharing that is

considered to treat each tract and each owner fairly and equitably during the remaining course of unit operations. The production so allocated to such added pool or pools or portions thereof shall be allocated to the separately owned tracts which participate in such production on a fair and equitable basis. The remaining portion of unit production shall be allocated among the separately owned tracts within the previously established unit area in the same proportions as those specified prior to the enlargement unless such proportions are shown to be erroneous by data developed subsequent to the former determination, in which event the errors shall be corrected. Orders promulgated under this Code section shall become operative at 7:00 A.M. on the first day of the month next following the day on which the order becomes effective.

(ii) An order promulgated by the board under this subparagraph shall not become effective unless and until:

(I) All of the terms and provisions of the unitization agreement relating to the extension or enlargement of the unit area or to the addition of pools or portions thereof to unit operations have been fulfilled and satisfied, and evidence thereof has been submitted to the board; and

(II) The extension or addition effected by such order has been agreed to in writing by the owners of at least ~~75~~ 85 percent in interest as costs are shared in the area or pools or portions thereof to be added to the unit operation by such order and by ~~75~~ 85 percent in interest, as production is to be allocated, of the royalty owners in the area or pools or portions thereof to be added to the unit operations by such order, and evidence thereof has been submitted to the board.

(iii) In the event both of the requirements specified in subdivisions (I) and (II) of division (ii) of this subparagraph are not fulfilled within six months from and after the date of such order or within such extended period as the board may prescribe, the order shall be automatically revoked.

(G) When the contribution of a separately owned tract with respect to any unit pool has been established, such contribution shall not be subsequently altered except to correct a mathematical or clerical error that caused the tract contribution to be erroneous, unless an enlargement of the unit is effected. No change or correction of the contribution of any separately owned tract shall be given retroactive effect, but appropriate adjustment shall be made for the investment charges as provided in this Code section.

(b) Whenever the director finds that an emergency exists requiring immediate action to protect the public interest, the director may issue a provisional order reciting the existence of such an emergency and requiring that such action be taken as is reasonably necessary to meet the emergency under the circumstances, provided that such an emergency order shall be issued only after an affidavit has been filed with the director showing specific facts of such an emergency condition. Such order shall be effective immediately. Any person against whom such order is directed shall upon appropriate notice comply therewith immediately but on application to the director shall be afforded a hearing before an administrative law judge appointed by the board within ten days of receipt of such application by the director or, if the party applying so requests, within 48 hours of receipt of such application by the director. (c) Whenever the director has reason to believe that any person is violating any provision of this part or any rule or regulation adopted pursuant to this part, the director may bring an action against such person in the proper superior court to restrain such person or persons from continuing such violations. In such action, the director may seek injunctions, including temporary restraining orders and temporary injunctions, without the necessity for showing lack of an adequate remedy at law.

(d) Any person who willfully or negligently violates any provision of this part, any rule or regulation adopted under this part, or any permit or final or emergency order of the director shall be subject to a civil penalty of not less than \$50.00, but in any event not to exceed \$10,000.00 for each act of violation. 12-4-49.

In the administration and enforcement of this part, all hearings before an administrative law judge shall be subject to Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' Any party to said hearings (including the director) shall have the right of judicial review in accordance with Chapter 13 of Title 50.

12-4-50.

In any contested administrative hearing under this part, no person shall be excused from attending and testifying, or from producing books, papers, and records before the administrative law judge, or from obedience to the subpoena of the administrative law judge, on the ground or for the reason that the testimony or evidence, documentary or otherwise, required by him or her may tend to incriminate him or her or subject him or her to a penalty or forfeiture, provided that nothing contained in this Code section shall be construed as requiring any person to produce any books, papers, or records, or to testify in response to any inquiry, not pertinent to a question lawfully before the administrative law judge for determination. A RESOLUTION

Creating the Senate Study Committee on Barriers to Georgians' Access to Adequate Healthcare; and for other purposes.

WHEREAS, Georgia falls below national averages in rankings of state population health, with higher than average death rates from diabetes, heart disease, and HIV; and

WHEREAS, Georgia has the highest rate of pregnancy related maternal deaths in the nation, and higher than average infant death rates; and

WHEREAS, Georgia has a significant percent of primary health care needs and mental health care needs that are currently unmet; and

WHEREAS, advanced practice registered nurses (APRNs) have acquired, through graduate-level education, advanced clinical knowledge and skills to provide direct patient care; and

WHEREAS, Georgia laws and regulations have not kept pace with advanced practice nursing's evolution over the past 40 years, compromising Georgians' access to care; and

WHEREAS, Georgia is one of only 12 states with laws restricting the autonomy of APRNs; and

WHEREAS, 21 other states have adopted full practice authority for APRNs, and removed requirements for physician supervision, without any evidence of patient harm; and

WHEREAS, APRNs make up the fastest-growing segment of the primary care professional workforce in the United States and could significantly increase the primary care professional workforce that would be available to practice in underserved areas, lower-income areas, and districts with lower scores on the high school proficiency assessments; and

WHEREAS, licensed APRNs in Georgia are nationally certified to practice in family medicine, pediatrics, geriatrics, mental health, women's health, and midwifery, with many new graduates every year and more than 11,300 APRNs licensed in Georgia as of September, 2016; and

WHEREAS, in Georgia there are 79 counties that have no OB/GYN physicians, 63 counties have no pediatricians, 31 counties have no internal medicine physicians, and six counties have no family physicians, and APRNs have many overlapping skills sets with the physician providers for which there is a shortage most pronounced in rural Georgia.

TUESDAY, MARCH 28, 2017  
THIRTY-NINTH LEGISLATIVE DAY

- SR 227      US Department of Transportation; initiate or support whatever federal legislative action, prevent loss of aviation fuel tax revenue use in Clayton County; recommend Georgia congressional delegation to intercede (Substitute)(TRANS-21st)

/s/ Mullis of the 53rd, Chairman

The substitute to the following resolution was put upon its adoption:

\*SR 227:

The Senate Committee on Transportation offered the following substitute to SR 227:

A RESOLUTION

Recommending the Georgia congressional delegation to intercede with the United States Department of Transportation, and to initiate or support whatever federal legislative action may be necessary, to prevent loss of aviation fuel tax revenue use in Clayton County; and for other purposes.

WHEREAS, municipalities and city and county public schools, pursuant to specific legislative and Georgia constitutional authority granted in 1975 and 1983, respectively, are authorized to levy a general sales tax on goods including aviation fuel; and

WHEREAS, this tax revenue is used for capital projects, including schools, and has been levied and used, as required by state law, for years without question or challenge; and

WHEREAS, the sales tax revenue from aviation fuel is used to offset increases in county property taxes and exemptions for some property taxes; and

WHEREAS, the Federal Aviation Administration (FAA) in 2015 issued a clarification of its 1999 policy on airport revenue use that places this revenue at risk; and

WHEREAS, the FAA there stated that a 1996 federal law requires certain local governments that are not receiving federal airport grants to use aviation fuel tax revenue only for airport purposes; and

WHEREAS, if that FAA policy applies to local governments that have no ability to spend tax revenue for airport purposes, an application which the FAA has never before said is mandated by federal law, then the FAA asserts these local governments will no longer be able to use this revenue as of December 8, 2017; and

WHEREAS, certain Georgia municipalities and city and county public schools cannot spend this tax revenue for airport purposes because they do not own or operate an airport and, moreover, the use of this revenue is legally constrained by statutory and constitutional authority; and

WHEREAS, the use of this revenue will be lost to these Georgia municipalities and city and county public schools and as a consequence essential local funding requirements, capital improvements, and technology upgrades will be unmet and residents will greatly suffer; and

WHEREAS, the FAA clarification, if applied to these Georgia municipalities and city and county public schools, and the resulting damage to the resources of state and local government entities, was not instigated by Congress or any federal oversight agency and would serve no identifiable public policy; and

WHEREAS, the FAA clarification threatens ruinous civil penalties for failure to comply with its clarification; and

WHEREAS, the FAA clarification would interfere with the spending authority of state and local governments without, in this case, a clear congressional mandate to do so; and

WHEREAS, the FAA has been unresponsive to date to requests to acknowledge that the purpose of the federal law on airport revenue use is not served by requiring that aviation fuel tax revenue use be terminated or indefinitely held in abeyance as would be the result of the application of its clarification in this case.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE that the members of this body recommend each member of the Georgia congressional delegation to intercede with the Secretary of the United States Department of Transportation to resolve this matter so that the use of these vital tax revenues is not lost to Georgia municipalities or city and county public schools for their currently mandated purposes, and recommend each member of the Georgia congressional delegation to introduce or support such legislative measures as will resolve this matter so that the use of these vital tax revenues is not lost to Georgia municipalities or city and county public schools for their currently mandated purposes.

BE IT FURTHER RESOLVED that the Secretary of the Senate is authorized and directed to make appropriate copies of this resolution available for distribution to the Governor's Office, the Georgia Department of Transportation, the Attorney General, and each member of the Georgia congressional delegation.

On the adoption of the substitute, there was no objection, and the committee substitute was adopted.

STATE AUDITOR

February 20, 2017

Honorable Amy Carter  
Chairman, Appropriations – General Government  
245 Capitol  
Atlanta, Georgia 30334

SUBJECT: Fiscal Note  
House Bill 155 (LC 43 0546S)

Dear Representative Carter:

The bill would create a nonrefundable tax credit for certain qualified expenditures related to the production of a musical or theatrical production, or a recorded musical performance. To qualify, musical and theatrical production expenses must exceed \$300,000 during a taxable year, and expenses related to recorded musical performances must exceed either \$150,000 in the case of music that is incorporated into a movie or television production or \$70,000 for other musical performances. The value of the credit equals 20 percent of qualified expenditures, with an additional 5 percent available if the production includes a qualified Georgia promotion. An additional 5 percent credit is available for activities produced in tier 1 or tier 2 counties. Unused credits may be taken against employees' quarterly or monthly withholding, or carried forward for a maximum of five years.

The legislation does not specify an effective date. The estimates below assume that productions beginning on or after January 1, 2018 would qualify for the credit.

### **Impact on State Revenue**

Georgia State University's Fiscal Research Center (FRC) estimated that the bill would reduce state tax revenue by \$32.1 million to \$59.0 million in FY 2019, which is assumed

to be the first full fiscal year that the credit is applicable (Table 1). The loss would grow to between \$65.5 million and \$136.3 million in FY 2022. It should be noted that the legislation requires a production company to withhold income tax at the rate of 5 percent on all payments to loan-out companies. This is in contrast to the conditions under the current film tax credit which require withholding at the maximum state income tax rate of 6 percent. The assumptions used by FRC are included in the appendix.

**Table 1. Estimated Revenue Effect of HB 155 LC 43 0546S**

(\$ millions)	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022
Musical and Theatrical Performances					
Upper Bound Estimate	(\$11.9)	(\$47.6)	(\$83.2)	(\$124.9)	(\$124.9)
Lower Bound Estimate	(\$5.1)	(\$20.6)	(\$36.0)	(\$54.0)	(\$54.0)
Recorded musical performances	(\$5.7)	(11.5)	(\$11.4)	(\$11.4)	(\$11.4)
Total – Upper Bound	(\$17.6)	(\$59.0)	(\$94.7)	(\$136.3)	(\$136.3)
Total – Lower Bound	(\$10.9)	(\$32.1)	(\$47.5)	(\$65.5)	(\$65.5)

### Impact on State Agency Costs

The bill would also result in increased costs for the Departments of Revenue (DOR) and Economic Development (DEcD).

- DOR estimated additional one-time costs of approximately \$164,000. The one-time costs include \$152,000 for IT system changes and \$12,000 for training, form updates, and taxpayer outreach.
- DEcD anticipates an additional two employees would be required, at a cost of approximately \$165,000 annually (\$60,000 and \$40,000 plus benefits).

Sincerely,

/s/ Greg S. Griffin  
State Auditor

/s/ Teresa A. MacCartney, Director  
Office of Planning and Budget

### Analysis by the Fiscal Research Center

- New York offers a similar credit known as the Musical and Theatrical Production credit. Annual awards for this credit are limited to \$4 million. Based on information from the NY Tax Expenditure Budget for 2015, awards for 2015 equaled \$4 million.
- Louisiana also offers a Musical and Theatrical Production credit; the maximum credit rate is equal to 18 percent with an additional 7.2 percent for resident payroll expenditures. The credit also seems to include qualified expenditures on infrastructure. The Louisiana credit has no annual limit to awards and is

refundable. Based on information from the Louisiana Tax Exemption Budget for 2015-2016, credit awards equaled \$9 million in FY2014 and \$13 million in FY2015, and are forecasted to equal \$12 million in FY 2016 and \$13 million in FY 2017.

- Based on data from the U.S. Census Bureau, County Business Patterns, employment in Georgia in the industry category of Performing Arts companies (NAICS code 7111) was 4.0 times that in Louisiana for 2014 and industry receipts were 9.3 times that in Louisiana in 2012.
- To produce the lower bound revenue estimate associated with the activities of musical and theatrical productions shown in Table 1, the value of the Louisiana tax exemption for 2017 is multiplied by 4.0. To produce the upper bound revenue estimate, the value of the Louisiana tax exemption is multiplied by 9.3. Growth assumptions based on industry forecasts from IBISWorld are used to produce the estimate of credits claimed in FY 2021. For earlier periods, the FY 2021 amount is reduced to allow time for adoption of the credit, based on the experience of Louisiana after introduction that state's credit and to allow for the partial fiscal year effect in FY 2018.
- Based on data from the U.S. Census Bureau, County Business Patterns, Georgia employment in the sound recording studio industry (NAIC 51224) accounted for 5 percent of the national total in 2014.
- The value of receipts for the sound recording industry in the US in 2012 equaled \$913 million based on data from the U.S. Census Bureau, County Business Patterns. The revenue effect attributable to activities of the recorded musical performances in Georgia was estimated by apportioning the national figure to Georgia based on the state's share of total employment in this industry in 2014. Lastly, the tax credit rate of 25 percent was applied to this figure.
- The growth rates and rates of credit adoption applied in the estimate for musical and theatrical productions are also applied to this estimate in the same manner.

The Senate Committee on Finance offered the following substitute to HB 155:

A BILL TO BE ENTITLED  
AN ACT

To amend Article 2 of Chapter 7 of Title 48 of the Official Code of Georgia Annotated, relating to the imposition, rate, and computation of and exemptions from state income taxes, so as to create an income tax credit for certain expenditures by a production

company related to certain state certified musical or theatrical productions or recorded musical performances; to provide for rules and regulations and an application process related to such income tax credit; to provide for certain conditions, procedures, and limitations; to provide for definitions; to provide a short title; to provide for related matters; to provide for an effective date and automatic repeal; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

**SECTION 1.**

Article 2 of Chapter 7 of Title 48 of the Official Code of Georgia Annotated, relating to the imposition, rate, and computation of and exemptions from state income taxes, is amended by adding a new Code section to read as follows:

"48-7-40.32.

(a) This Code section shall be known and may be cited as the 'Georgia Musical Investment Act.'

(b) As used in this Code section, the term:

(1) 'Musical or theatrical performance' means a live performance of a concert, musical tour, ballet, dance, opera, live variety entertainment, or a series of any such performances occurring over the course of a 12 month period or longer that originates, is developed, and has its initial public performance before a live audience within this state or that prepares and rehearses a minimum of 10 days within a 14 day period within this state and has its United States debut within this state. Such term excludes a single musical performance that is not intended for touring, a music or cultural festival that is not intended for touring, an industry seminar, a trade show, or a market.

(2) 'Production company' means a company primarily engaged in qualified production activities. Such term shall not mean or include any form of business owned, affiliated, or controlled, in whole or in part, by any company or person which is in default on any tax obligation of the state, or a loan made by the state or a loan guaranteed by the state.

(3) 'Qualified production activities' means activities related to the preparation, planning, recording, or staging of a state certified production.

(4) 'Qualified production expenditures' means expenditures incurred in this state on direct account of qualified production activities for which a tax credit has not been claimed pursuant to Code Section 48-7-40.26 and shall include, but are not limited to:

(A) Set construction and operation; wardrobe, make-up, accessories, and related services; costs associated with photography and sound synchronization, expenditures excluding license fees incurred with Georgia companies for sound recordings and musical compositions, lighting, and related services and materials; editing and related services; rental of facilities and equipment; leasing of vehicles; costs of food and lodging; total aggregate payroll; talent and producer fees; technical fees; crew fees; per diem costs paid to employees; airfare, if purchased

through a Georgia travel agency or travel company; insurance costs and bonding, if purchased through a Georgia insurance agency; and other direct costs of producing the project in accordance with generally accepted entertainment industry practices; and

(B) Payments to a loan-out company by a production company.

(5) 'Recorded musical performance' means a recording of a music composition affixed in a tangible medium, which includes but is not limited to the score and musical accompaniment of a motion picture, film, television, game, or interactive entertainment production.

(6) 'Resident' shall have the same meaning as set forth in paragraph (10) of Code Section 48-7-1.

(7) 'Spending threshold' means:

(A) For a musical or theatrical performance, \$500,000.00 during a taxable year; and

(B) For a recorded musical performance which is incorporated into or synchronized with a movie, television, or interactive entertainment production, \$250,000.00 during a taxable year, and for any other recorded musical performance, \$100,000.00 during a taxable year.

(8) 'State certified production' means a musical or theatrical performance or recorded musical performance that is approved by the Department of Economic Development in accordance with rules and regulations promulgated pursuant to this Code section.

(9) 'Total aggregate payroll' means the total sum expended by a production company on salaries paid to employees working within this state in a state certified production or productions. For purposes of this paragraph:

(A) With respect to a single employee, the portion of any salary which exceeds \$500,000.00 for a single production shall not be included when calculating total aggregate payroll; and

(B) All payments to a single employee and any legal entity in which the employee has any direct or indirect ownership interest shall be considered as having been paid to the employee and shall be aggregated regardless of the means of payment or distribution.

(c) A production company that invests in a state certified production shall be allowed an income tax credit against the tax imposed under this article equal to 15 percent of such production company's qualified production expenditures if such production company's qualified production expenditures equal or exceed the spending threshold.

(d) The tax credits allowed under this Code section for all production companies shall be subject to the following aggregate annual caps:

(1) For taxable years beginning on or after January 1, 2018, and before January 1, 2019, the aggregate amount of tax credits allowed under this Code section shall not exceed \$5 million;

(2) For taxable years beginning on or after January 1, 2019, and before January 1, 2020, the aggregate amount of tax credits allowed under this Code section shall not exceed \$10 million;

(3) For taxable years beginning on or after January 1, 2020, and before January 1,

2023, the aggregate amount of tax credits allowed under this Code section shall not exceed \$15 million per year; and

(4) The tax credits allowed under this Code section shall not be available for taxable years beginning on or after January 1, 2023.

(e)(1) The maximum allowable tax credit under this Code section claimed by a single production company and its affiliates shall not exceed, in any single taxable year, 20 percent of the aggregate amount of tax credits available for such taxable year under subsection (d) of this Code section, including the amount of any aggregate annual caps rolled over from prior years.

(2) Production companies seeking to claim a tax credit under this Code section shall submit an application to the department for preapproval of such tax credit. The department shall preapprove the tax credits based on the order in which properly completed applications were submitted. In the event that two or more applications were submitted on the same day and the amount of funds available will not be sufficient to fully fund the tax credits requested, the department shall prorate the available funds between or among the applicants.

(f)(1) Where the amount of such credit or credits exceeds the production company's liability for such taxes in a taxable year, the excess may be taken as a credit against such production company's quarterly or monthly payment under Code Section 48-7-103. Each employee whose employer receives credit against such production company's quarterly or monthly payment under Code Section 48-7-103 shall receive credit against his or her income tax liability under Code Section 48-7-20 for the corresponding taxable year for the full amount which would be credited against such liability prior to the application of the credit provided for in this subsection. Credits against quarterly or monthly payments under Code Section 48-7-103 and credits against liability under Code Section 48-7-20 established by this subsection shall not constitute income to the production company.

(2) If a production company claims the credit authorized under Code Section 48-7-40, 48-7-40.1, 48-7-40.17, or 48-7-40.18, then the production company will only be allowed to claim the credit authorized under this Code section to the extent that the Georgia resident employees included in the credit calculation authorized under this Code section and taken by the production company on such tax return under this Code section have been permanently excluded from the credit authorized under Code Section 48-7-40, 48-7-40.1, 48-7-40.17, or 48-7-40.18.

(g) The credit granted under this Code section shall be subject to the following conditions and limitations:

(1) The credit may be taken beginning with the taxable year in which the production company has met the investment requirement. For each year in which such production company claims the credit, the production company shall attach a schedule to the production company's Georgia income tax return which will set forth the following information, as a minimum:

(A) A description of the qualified production expenditures showing categorized spending that meets or exceeds the spending threshold, along with the certification

from the Department of Economic Development;

(B) A detailed listing of employees' names, social security numbers, and Georgia wages when salaries are included in the base investment;

(C) The amount of tax credit claimed for the taxable year;

(D) Any tax credit previously taken by the production company against Georgia income tax liabilities or the production company's quarterly or monthly payments under Code Section 48-7-103;

(E) The amount of tax credit carried over from prior years;

(F) The amount of tax credit utilized by the production company in the current taxable year; and

(G) The amount of tax credit to be carried over to subsequent tax years;

(2) In no event shall the amount of the tax credit under this Code section for a taxable year exceed the production company's income tax liability. Any unused credit amount shall be allowed to be carried forward for five years from the close of the taxable year in which the investment occurred. No such credit shall be allowed the production company against prior years' tax liability.

(3) Tax credits claimed under this Code section shall not be refundable, transferable, or saleable.

(h) Any production company claiming the tax credit provided for by this Code section shall be required to reimburse the department for any department initiated audits relating to the tax credit. This subsection shall not apply to routine tax audits of a taxpayer which may include a review of the credit provided in this Code section.

(i) The Department of Economic Development shall determine through the promulgation of rules and regulations which projects qualify for the tax credits authorized under this Code section. Certification shall be submitted to the state revenue commissioner.

(j) The state revenue commissioner shall promulgate such rules and regulations as are necessary to implement and administer this Code section."

SUBJECT: Fiscal Note  
 House Bill 196 (LC 34 5004)

Dear Chairman Powell:

The bill would establish an income tax exemption for royalties paid to music artists for licensing or other authorized use or reproduction of their musical compositions. The law would be effective for taxable years beginning on or after January 1, 2017.

### Impact on State Revenue

Georgia State University's Fiscal Research Center (FRC) estimated that the bill would decrease state revenue by \$2.3 million to \$7.2 million in FY 2018, the first year of the bill's full impact. The revenue decrease would be between \$2.6 million and \$8.6 million in FY 2021. Details of FRC's analysis are included in the appendix.

**Table 1. Estimated State Revenue Decrease from LC 34 5004**

(\$ millions)	FY 2017	FY 2018	FY 2019	FY 2020	FY 2021
High	\$3.4	\$7.2	\$7.6	\$8.1	\$8.6
Low	\$1.1	\$2.3	\$2.4	\$2.5	\$2.6

### Impact on State Agency Costs

The Georgia Department of Revenue estimated one-time expenditures of approximately \$12,300 as a result of the bill. The costs include \$4,800 for internal and external training, \$4,000 for IT updates to the income tax return, approximately \$2,500 for form updates, and \$1,000 for taxpayer outreach.

### **Analysis by the Fiscal Research Center**

The four most common ways for U.S. based musicians and songwriters to earn royalties are listed below:

- Mechanical Royalties are royalties generated through physical or digital reproduction of their music. The sale of a CD or the purchase of a song through iTunes are examples.
- Streaming Mechanical Royalties are royalties generated by their music being played by on demand subscription streaming music services like Rhapsody and Spotify.
- Public Performance Royalties are royalties generated when a musician's songs are played in clubs or restaurants, played over broadcast radio, or used in television or movies.
- Digital Performance Royalties are royalties generated when their music is played on internet radio like Sirius XM or Pandora.

Royalties may be earned by songwriters who create the musical compositions and lyrics, if any, as well as performing artists who record the music. Copyrights may also be sold, in which case the subsequent owner(s) would be entitled to any royalties. In general, artists enter into agreements with an intermediary (performance rights organizations or PROs, music publishers, etc.) to negotiate royalty rates, monitor the use of their music, collect royalties, and distribute the royalties to the artist.

As the bill language specifically exempts only "royalties paid to a musical artist in this state", it is assumed that this includes only royalties paid to the musical artist who wrote or performed the music, and excludes the share of royalties paid to, or retained by, any intermediary collecting the royalty on behalf of the artist. It also appears based on the plain language of the bill that subsequent owners of a copyright, other than the artist originally receiving the copyright, would not be eligible for the exemption. However, no data are available from which to estimate the share of royalties paid to such subsequent owners of copyrighted music, so for purposes of this note, all royalties paid out by PROs or publishers are assumed to be paid to the artists.

Revenue loss estimates also assume the following:

- Based on royalties distributed by the major PROs and music publishers in the U.S., the aggregate amount of annual music royalties paid to U.S. residents is estimated to be \$2.8 billion dollars in 2015. Based on the same industry data, growth in royalties paid is assumed to range from 4 to 6 percent over the period of the estimated revenue effects of the bill.
- Based on the share of singers, songwriters, composers, and other music professionals that live in Georgia compared to the rest of the U.S., as reported by the Bureau of Labor Statistics, the share of these royalties that are paid to Georgia

residents is assumed to be between a high of 4 percent and a low of 1.5 percent.

- The effective tax rate for these taxpayers is assumed to be between 5 and 5.5 percent.
- Georgia taxpayers receiving music royalties will reduce their quarterly estimated tax payments following the passage of LC 34 5004, thus reducing income tax revenues beginning with the April 15, 2017 and June 15, 2017 estimated tax payments.

High revenue loss estimates, as presented in Table 1, assume the higher Georgia share of artists, higher growth rate, and higher effective tax rate while the low loss estimates are based on the alternate, low case of each. Estimated music royalty income earned by Georgia artists is presented in Table 2. To the degree that royalties are paid to subsequent copyright owners other than the artists, revenue losses may be lower.

High Case	\$61.7	\$130.9	\$138.7	\$147.1	\$155.9

If the taxpayer does not comply with this paragraph, the commissioner shall not include this preapproved contribution amount when calculating the limits prescribed in paragraphs (1) and (2) of this subsection.

(4)(A) Preapproval of contributions by the commissioner shall be based solely on the availability of tax credits subject to the aggregate total limit established under paragraph (1) of this subsection and the individual rural hospital organization limit established under paragraph (2) of this subsection.

SUBJECT: Fiscal Note  
 House Bill 247 (LC 34 5116S)

Dear Chairman Powell:

The bill would amend the sales tax exemption for tangible personal property and services (including machinery, equipment, and materials) to include, for a limited period of time, maintenance and replacement parts for machinery or equipment used to mix, agitate, and transport freshly-mixed concrete.

The bill does not specify an effective date, so the estimates below assume the exemption takes effect beginning July 1, 2017. The proposed exemption expires as of July 1, 2020.

Georgia State University's Fiscal Research Center (FRC) estimated that the bill would reduce state sales tax revenue by \$1 million to \$1.4 million in FY 2019 and FY 2020 (Table 1). FRC also estimated reductions in local sales tax revenue of approximately \$1 million in FY 2019 and FY 2020. The assumptions used by FRC are included in the appendix.

### Analysis by the Fiscal Research Center

The proposed bill would add a new sub-paragraph (12) to O.C.G.A. §48-8-3.2(e) specifying that, until July 1, 2020, maintenance and replacement parts for equipment used to mix, agitate, and transport freshly-mixed concrete in a plastic or unhardened form would be eligible for the sales and use tax exemption under that code section for tangible personal property that is necessary and integral to the manufacturing process. Such equipment is understood to consist primarily of concrete mixing trucks, and components and equipment thereof.

According to the National Ready Mixed Concrete Association (NRMCA) 2014 Fleet Benchmarking survey, there were an estimated 65,000 concrete mixing trucks in the U.S. in 2014. Based on Census County Business Patterns data on industry establishments and employment for 2014, and Economic Census data from 2007 and 2012 on the value of shipments, Georgia's share of the national ready mixed concrete fleet is assumed to be between 3.0 and 3.5 percent.

The same survey reported that maintenance costs for the industry's truck fleet in Southeastern U.S. states were estimated to be \$4.00 per cubic yard in total and \$2.55 per cubic yard for parts and components the purchase of which would be taxable in Georgia under current law. This latter figure is assumed, for purposes of this fiscal note, to represent taxable maintenance costs per cubic yard delivered in Georgia as of calendar 2014. Growth in maintenance costs over the period of the estimates is assumed to match the recent national historical rate of 4.5 percent annually, the average rate of growth in cost per cubic yard since 2010, according to NRMCA.

NRMCA also reports that, in the Southeast, the average annual volume of concrete delivered per truck was 4,334 cubic yards in 2014. This figure is assumed to be constant (that is, any volume growth would be reflected in fleet growth over the longer term) and is multiplied by the taxable maintenance cost per cubic yard estimate to estimate the annual cost per truck.

Expected fleet growth through 2020 is uncertain. On the low side, IBISWorld forecasts industry revenue growth of 2.6 percent annually, on average, and price growth of 3.8 percent annually, which together would imply that industry shipments in quantity terms are expected to decline at a rate of about 1.2 percent annually from 2015 to 2020. On the other hand, Moody's Economy.com forecasts nominal growth in nonresidential construction activity nationally for 2017 and 2018 of 5.7 and 6.4 percent, respectively, suggesting growth in quantity terms of better than 2 percent annually, on average. Thus for purposes of the estimates herein, fleet growth of between -1 and 2 percent is assumed. Table 2 summarizes the fleet and maintenance cost estimates.

**"ARTICLE 11A**

14-3-1120.

(a) By complying with this Code section, a foreign corporation may become a corporation if the law of the foreign jurisdiction authorizes domestication,

redomestication, reincorporation, conversion, or a similar statutory procedure to become a corporation.

(b) To become a corporation, a foreign corporation shall elect to become a corporation. Such election shall require such approval as may be sufficient under applicable law or the governing documents of the electing foreign corporation to authorize such election.

(c) The election provided for under subsection (b) of this Code section shall be made by delivering to the Secretary of State for filing a certificate of conversion and accompanying articles of incorporation that comply with Code Section 14-3-202. Such certificate shall set forth:

(1) The name and jurisdiction of the converting foreign corporation; provided, however, that the name of the converting foreign corporation shall meet the requirements of Code Section 14-3-401, including, but not limited to, situations when the name of the converting foreign corporation is unavailable for use in Georgia or the converting foreign corporation desires to change its name in connection with the conversion;

(2) A statement that the converting foreign corporation elects to become a corporation;

(3) If later than the date and time the certificate of conversion is filed, the effective date, or the effective date and time, of the conversion;

(4) A statement that the election has been approved as required by subsection (b) of this Code section; and

(1) The converting foreign corporation shall become a corporation formed under this chapter, provided that the existence of the corporation so formed shall be deemed to have commenced on the date the converting foreign corporation commenced its existence in the jurisdiction in which such foreign corporation was first created, formed, or incorporated or otherwise came into being;

(2) The articles of incorporation filed with the certificate of conversion shall be the articles of incorporation of the corporation formed pursuant to such conversion unless and until amended in accordance with this chapter;

(3) The governing documents of the converting foreign corporation shall be of no further force or effect;

(4) The resulting corporation formed by such conversion shall retain all of the rights, privileges, immunities, franchises, and powers of the converting foreign corporation; all property, real, personal, and mixed; all contract rights; and all debts due to such converting foreign corporation, as well as all other choses in action; and each and every other interest of or belonging to or due to the converting foreign corporation

shall be taken and deemed to be vested in the resulting corporation without further act or deed. The title to any real estate, or any interest therein, vested in the converting foreign corporation shall not revert or be in any way impaired, and none of such items shall be deemed to have been conveyed, transferred, or assigned for any purpose; and (5) The resulting corporation shall thereupon and thereafter be responsible and liable for all the liabilities and obligations of the converting foreign corporation. (f) A corporation formed pursuant to this Code section shall file a copy of its certificate of conversion, certified by the Secretary of State, in the office of the clerk of the superior court of the county where any real property owned by such corporation is located and record such certified copy of the certificate of conversion in the books kept by such clerk for recordation of deeds in such county with the converting foreign corporation indexed as the grantor and the resulting corporation indexed as the grantee. 14-3-1121.

(a) By complying with this Code section, a corporation may become a foreign corporation if the law of the foreign jurisdiction authorizes domestication, redomestication, reincorporation, conversion, or a similar statutory procedure to become a foreign corporation.

The corporation shall provide notice as provided for in subsection (b) of Code Section 14-3-822 of any directors' meeting at which adoption of the certificate of conversion will be considered. Such notice shall also state that the purpose, or one of the purposes, of such meeting is for consideration of the adoption of the certificate of conversion.

(e) The board may condition its adoption of the certificate of conversion, and the members may condition their approval of the adoption of the certificate of conversion, on the receipt of a higher percentage of affirmative votes or on any other basis.

Such notice shall state that the purpose, or one of the purposes, of the meeting is to consider the adoption of the certificate of conversion pursuant to which the corporation will convert into a foreign corporation and shall contain or be accompanied by a copy of the certificate of conversion. Such notice shall conspicuously identify any adverse change to the rights of members that would result from the conversion, including, but not limited to, any adverse change to the rights of members under the law of the foreign jurisdiction applicable to the proposed foreign corporation. Such notice shall also include a copy or summary of the articles of incorporation, bylaws, and any other similar governing documents of the proposed foreign corporation that will become effective upon the conversion.

Such material shall conspicuously identify any adverse change to the rights of members that would result from the conversion, including, but not limited to, any adverse change to the rights of members under the law of the foreign jurisdiction applicable to the proposed foreign corporation. Such material shall also include a copy or summary of the articles of incorporation, bylaws, and any other similar governing documents of the proposed foreign corporation that will become effective upon the conversion.

(h) Voting by members or classes of members is required to approve the adoption of a certificate of conversion if the conversion will implement any provision that, if contained in a proposed amendment to the articles of incorporation or bylaws of the corporation, would entitle the members or classes of members to vote on such proposed amendment under Code Sections 14-3-1003, 14-3-1004, 14-3-1021, or 14-3-1022. In such circumstances, the corporation shall comply with subsection (f) or (g) of this Code section, as applicable, with respect to the members or classes of members entitled to vote. Furthermore, the certificate of conversion may be adopted if it is approved by the members or classes of members entitled to vote in the same manner as would be required to approve such proposed amendment or, if the articles or bylaws do not

specify how the members or classes of members vote to approve such proposed amendment, by two-thirds of the votes cast or a majority of the voting power, whichever is less.

(i) A corporation described in paragraph (2) of subsection (a) of Code Section 14-3-1302 must give written notice to the Attorney General, including a copy of the proposed certificate of conversion and a copy or summary of the articles of incorporation and bylaws, or similar governing documents, of the proposed foreign corporation that will become effective upon the conversion at least 30 days before the certificate of conversion is filed in accordance with subsection (n) of this Code section.

(j) Any of the terms of the certificate of conversion may be made dependent upon facts ascertainable outside of the certificate of conversion, provided that the manner in which such facts shall operate upon the terms of the conversion is clearly and expressly set forth in the certificate of conversion. As used in this subsection, the term 'facts' includes, but is not limited to, the occurrence of any event, including a determination or action by any person or body, including the corporation.

(k) After a certificate of conversion has been adopted, unless the certificate of conversion provides otherwise, and at any time before the conversion has become effective, the conversion may be abandoned, subject to any contractual rights, in accordance with the procedure set forth in the certificate of conversion or, if none is set forth, in the manner determined by the board of directors.

(l) The conversion shall be effected as provided in, and shall have the effects provided by, the law of the state or jurisdiction under whose law the resulting foreign corporation is formed and, to the extent not inconsistent with such law, by the terms of the certificate of conversion.

(m) If the resulting foreign corporation is required to obtain a certificate of authority to transact business in this state by the provisions of this title governing foreign corporations, such resulting foreign corporation shall do so pursuant to Code Section 14-3-1501.

(n) After a certificate of conversion is adopted in accordance with this Code section, unless the conversion subsequently is abandoned, the corporation shall deliver to the Secretary of State for filing the certificate of conversion which shall set forth:

(1) The name of the corporation;

(2) The name and jurisdiction of the proposed foreign corporation to which the corporation shall be converted;

this Code section; and

(6) A statement that the Secretary of State shall be notified of any change in the resulting foreign corporation's mailing address.

(o) Upon the conversion becoming effective, the resulting foreign corporation is deemed to appoint the Secretary of State as its agent for service of process in any proceeding to enforce any of its obligations arising prior to the effective date of such conversion. Any party that serves process upon the Secretary of State in accordance with this subsection shall also mail a copy of the process to the chief executive officer, chief financial officer, or secretary of the resulting foreign corporation, or a person holding a comparable position, at the mailing address provided pursuant to paragraph (5) of subsection (n) of this Code section.

(p) A converting corporation provided for in this Code section shall file a copy of its certificate of conversion, certified by the Secretary of State, in the office of the clerk of the superior court of the county where any real property owned by such converting corporation is located and record such certified copy of the certificate of conversion in the books kept by such clerk for recordation of deeds in such county with the converting corporation indexed as the grantor and the resulting foreign corporation indexed as the grantee. No real estate transfer tax otherwise required by Code Section 48-6-1 shall be due with respect to the recordation of such certificate of conversion.

(q) Upon the conversion provided for in this Code section becoming effective:

(1) The resulting foreign corporation shall retain all of the rights, privileges, immunities, franchises, and powers of the converting corporation;

(2) All property, real, personal, and mixed, all contract rights, and all debts due to such converting corporation, as well as all other choses in action, and each and every other interest of or belonging to or due to the converting corporation shall be taken and deemed to be vested in the resulting foreign corporation without further act or deed;

Any claim existing or action or proceeding pending by or against such converting corporation may be prosecuted as if such conversion had not become effective, and neither the rights of creditors nor any liens upon the property of the converting corporation shall be impaired by such conversion."

Honorable Jay Powell  
Chairman, House Ways and Means  
133 Capitol  
Atlanta, Georgia 30334

SUBJECT: Fiscal Note  
House Bill 329 (LC 43 0512)

Dear Chairman Powell:

The bill would modify the state personal income tax by replacing the graduated tax rate structure with a flat rate of 5.4 percent and by eliminating the itemized deduction for Georgia income taxes paid. The bill would also create a non-refundable income tax credit equal to 10 percent of any Earned Income Tax Credit (EITC) allowed on a taxpayer's federal return for the same year. The changes would be effective beginning on January 1, 2018.

Georgia State University's Fiscal Research Center (FRC) estimated that the bill would result in a state revenue reduction of \$18 million in FY 2019, the first year of the bill's full effect. The state reduction increases slightly in subsequent years. The 5.4 percent flat rate provision increases state revenue, while the EITC provision reduces revenue by a greater amount, resulting in a net reduction. Details of FRC's analysis are contained in the appendix.

**Table 1. Estimated State Revenue Effects of LC 43 0512**

<i>(\$ millions)</i>	<b>FY 2018</b>	<b>FY 2019</b>	<b>FY 2020</b>	<b>FY 2021</b>	<b>FY 2022</b>
Flat tax, no state tax deduction	\$39	\$90	\$94	\$98	\$102
State EITC	-	(\$108)	(\$113)	(\$118)	(\$123)
Total Change	\$39	(\$18)	(\$19)	(\$20)	(\$21)

The Department of Revenue estimated that the tax exemption will result in approximately \$18,000 in additional agency costs. These include approximately \$14,000 for training and outreach and \$4,000 to update tax returns.

Sincerely,

/s/ Greg S. Griffin  
State Auditor

### **Analysis by the Fiscal Research Center**

To estimate the state revenue effects of the bill, the proposed changes to the tax rate structure and itemized deductions were simulated using tax year 2014 personal income tax data from the Department of Revenue. Because these data do not include details of itemized deductions, the reported itemized deductions for filers who itemized are reduced by the taxpayers reported Georgia tax liability as a proxy for the taxes paid deduction. The net effect of both proposed changes on TY 2014 aggregate tax liabilities was an increase of approximately 0.75 percent.

This 0.75 percent estimate revenue gain is applied to projected personal income tax revenues as shown in Table 2, which are assumed to grow from budgeted FY 2018 levels by the rates shown, to estimate the effects of these two changes over these periods. The estimate for FY 2018 is adjusted to reflect a partial fiscal year effect, given the effective date of the bill, assuming collections are effected primarily through changes in withholding and estimate tax payments due by the end of the fiscal year.

**Table 2. Baseline Personal Income Tax Revenue Projections**

<i>(\$ millions)</i>	<b>FY 2018</b>	<b>FY 2019</b>	<b>FY 2020</b>	<b>FY 2021</b>	<b>FY 2022</b>
Baseline PIT Revenues	\$11,455	\$12,015	\$12,572	\$13,124	\$13,667
<i>Change from prior year</i>	<i>5.14%</i>	<i>4.89%</i>	<i>4.64%</i>	<i>4.39%</i>	<i>4.14%</i>

The DOR data also do not include information on EITCs claimed by Georgia taxpayers. Based on IRS Statistics of Income (SOI) data for Georgia, state taxpayers received approximately \$3.06 billion of EITC for tax year 2014 (the latest year available), up from \$2.64 billion in TY 2013. This would imply total Georgia EITC for TY 2014, had the law

been in effect then, of about \$306 million. However, the non-refundability and no carryforwards provisions of the bill's state EITC would tend to reduce the credits available in Georgia below 10 percent of the federal credit.

Oklahoma and Delaware have similar provisions in their tax codes for a non-refundable state EITC, Oklahoma's at 5 percent of the federal credit and Delaware's at 20 percent. Based on data from SOI and from tax expenditure reports from both states, the tax expenditure cost of the state's EITCs are estimated to run at about 29.4 percent and 24.4 percent, respectively, of the amount of state credit calculated at the state percentages of the federal credit. That is, Oklahoma's 5 percent of federal EITC nets an effective credit of only about 1.47 percent of the federal credit because of non-refundability. For Delaware, 20 percent of the federal credit becomes about 4.88 percent because of non-refundability. For purposes of this fiscal note, it is assumed based on these estimate from these other states that the effective amount of a non-refundable 10 percent of federal EITC gross credit would be about 2.64 percent of the federal EITC.

This effective credit rate would reduce the TY 2014 proforma credit total to about \$80.8 million, which if in effect at the time would have impacted FY 2015 revenues, reducing personal income tax revenues by about 0.9 percent. This -0.9 percent impact is assumed going forward and applied to projected personal income tax revenues to estimate future revenue losses. As a credit, the effect on collections is assumed to occur at the time of filing of returns, in the fiscal year beginning July 1 of the given tax year, thus given the effective date, the fiscal impact would first be felt in FY 2019.

The Senate Committee on Finance offered the following substitute to HB 329:

A BILL TO BE ENTITLED  
AN ACT

SUBJECT: Fiscal Note  
House Bill 73 (LC 34 5090S)

Dear Chairman Hufstetler:

The University of Georgia's Carl Vinson Institute of Government (CVIOG) provided the following narrative on revenue impact of the bill:

This legislation provides an income tax credit for certain investments and activities related to revitalization zones. Revitalization zones are defined as specific geographic areas designated by the Commissioners of the Georgia Department of Community Affairs and the Georgia Department of Economic Development to be in need of economic revitalization. The Department of Community Affairs estimates it will approve seven revitalization zones per year. The legislation creates three new income tax credits: certified entity, certified investor, and qualified rehabilitation expenditures.

#### Certified Entity

The certified entity income tax credit provides a \$2,000 per job per year tax credit up to \$40,000 for five years for new businesses that locate in a revitalization zone or existing businesses in a revitalization zone that expand their operations. The certified entity credit is targeted toward, but not limited to, businesses in North American Industry Classification (NAICS) groups 31, 44, 45, and 72. NAICS 31 is food and beverage manufacturing, textile and apparel manufacturing, and leather products manufacturing; 44 and 45 are retail trade; and 72 includes accommodations and food service businesses. Certified entities must create and maintain at least two full-time equivalent jobs in a taxable year and must maintain the jobs to continue claiming the tax credit in the following years. It is estimated that four businesses would qualify for the certified entity tax credit per revitalization zone and employ an average of seven FTE.

#### Certified Investor

The certified investor tax credit provides a credit equal to 25% of the purchase price or \$125,000, whichever is less, for acquiring and developing real estate in a revitalization zone. The income tax credit is pro-rated over a five year period. The real estate must have ongoing commercial benefit defined as either having an eligible certified entity business located in the property or other businesses (NAICS 31, 44, 45, 72) to continue to receive the tax credit. It is estimated that three certified investor tax credits would be issued per revitalization zone and that the average purchase price would be \$250,000.

#### Qualified Rehabilitation Expenditure

The qualified rehabilitation expenditure tax credit provides a credit equal to 50% of the qualified expenses associated with the rehabilitation of a certified investor property, not to exceed \$75,000. It is estimated that three certified investors per revitalization zone will claim the credit and they will spend \$150,000 or more in qualified rehabilitation expenses. The credit is pro-rated over a five-year period.

#### Fiscal Impacts

The proposed legislation would become effective on January 1, 2018 and taxpayers would begin to take the prorated credit beginning with their 2018 income tax return,

affecting state revenues in FY2019. Tax credits earned but not taken in any tax year may be carried forward up to ten years. The legislation includes a provision that automatically repeals the Code section on December 31, 2027 unless reauthorized by the General Assembly, meaning that tax credits could be issued through tax year 2027 with a portion utilized through FY2037. The following tables show the legislation's estimated revenue loss for the five-year period beginning FY2019 through FY2023:

### **Department of Revenue Costs**

The Department of Revenue (DOR) would incur one-time and ongoing costs associated with implementing the tax credits. DOR estimated one-time costs of \$15,180 for adding the credits to the information system, developing an interface with DCA, creating and updating forms, and developing and delivering training. It also estimated the need for two employees in the Taxpayer Services Division responsible for the credits. These employees would have a total annual cost of \$82,020.

**SECTION 1.**

Article 2 of Chapter 7 of Title 48 of the Official Code of Georgia Annotated, relating to the imposition, rate, computation, and exemptions from state income taxation, is amended by adding a new Code section to read as follows:

"48-7-40.32.

(a) As used in this Code section, the term:

(A) Has created at least two new full-time equivalent jobs in a taxable year; and

(A) Acquire and develop real estate within a designated revitalization zone; and

(A) Complies with the state minimum standard codes and any applicable local codes; and

(B) Has been certified by the commissioner of community affairs as eligible to receive the revitalization zone tax credit based on established criteria in this Code section and promulgated in regulations by the commissioner of community affairs. Such certification shall be attached to the income tax return when the credit is

claimed.

(7) 'Revitalization zone' means a specified geographic region that meets all criteria provided by this Code section and has been designated by the commissioner of community affairs and the commissioner of economic development to be in need of economic revitalization.

(b) The commissioner of community affairs and the commissioner of economic development are authorized to designate a specified area as a revitalization zone, enabling new and established businesses and new business investments in the zone to qualify for revitalization zone tax credits. The commissioner of community affairs and the commissioner of economic development may designate up to ten revitalization zones in any given year; provided, however, that there shall not be more than 50 revitalization zones in existence at the same time. This designation shall last for five consecutive years upon approval of the commissioners. To be eligible to apply for revitalization zone status, local governments must have a population of fewer than 15,000 residents. In addition, local governments must prove economic distress based on poverty rate, vacancy of the downtown area, or blight and shall meet the three following characteristics:

(1) A concentration of historic commercial structures at least 50 years old within the targeted area;

(2) A feasibility study or market analysis identifying the business activities which can be supported in the targeted area; and

(3) A master plan or strategic plan designed to assist private and public investment.

(c)(1) Certified entities shall receive the revitalization zone tax credit for five years beginning with the first taxable year in which new full-time equivalent jobs are created in a revitalization zone and for years two, three, four, and five of the taxable years immediately following, provided the new full-time equivalent jobs are maintained for each year the tax credit is claimed.

(2) Each new full-time equivalent job created will be eligible for a \$2,000.00 annual income tax credit. The amount of credit claimed by each certified entity shall not exceed \$40,000.00 per taxable year.

(3) The number of new full-time equivalent jobs shall be determined by comparing the monthly average of full-time equivalent jobs subject to Georgia income tax withholding for a given taxable year with the corresponding period of the prior taxable year; provided, however, a certified entity which begins operations during the taxable year may be certified by the commissioner of community affairs to base initial eligibility on a period of less than 12 months.

(4) This income tax credit shall not be allowed during a year if the net employment increase falls below the number required by subparagraph (a)(1)(A) of this Code section.

(5) Any credit generated and utilized in years prior to the year in which the net employment increase falls below the number required by subparagraph (a)(1)(A) of this Code section shall not be affected.

(d) Certified investors who acquire and develop property in a revitalization zone on or

after January 1, 2018, shall receive the revitalization zone tax credit, subject to the following:

(B) An eligible business is located in the investment property and maintains a minimum of two full-time equivalent jobs for each year the tax credit is claimed;

(2) The amount of the tax credit per project shall be 25 percent of the purchase price and shall not exceed \$125,000.00; provided, however, that the entire credit shall not be taken in the year in which the property is placed in commercial service but shall be prorated equally in five installments over five taxable years, beginning with the taxable year in which the property is placed in service; and

(3) A certified investor shall be allowed to preserve the revitalization zone tax credit for up to seven years from the date of initial eligibility in the event the commercial requirement in paragraph (1) of this subsection is not satisfied in consecutive years.

(e)(1) A certified investor or certified entity with qualified rehabilitation expenditures on or after January 1, 2018, shall receive the revitalization zone tax credit for three years beginning with the year the property is placed in service. The amount of the tax credit per project shall be 30 percent of the qualified rehabilitation expenditures and shall not exceed \$150,000.00; provided, however, the entire credit shall not be taken in the year in which the property is placed in commercial service but shall be prorated equally in three installments over three taxable years, beginning with the taxable year in which the property is placed in service. The business shall maintain a minimum of two full-time equivalent jobs for each year the tax credit is claimed.

(2) A certified investor or certified entity shall meet minimum historic preservation standards in order to be qualified to receive the revitalization zone tax credit. The standards shall be identified with the assistance of the Department of Natural Resources' Historic Preservation Division.

(3) A taxpayer who is entitled to and takes credits provided by this Code section for a project shall not be allowed to utilize the same qualified rehabilitation expenditures to generate any additional state income tax credits, including, but not limited to, the state income tax credit for rehabilitated historic property administered by the Department of Natural Resources' Historic Preservation Division. Jobs created by, arising from, or connected in any way with the same project are not eligible to be used toward other job related tax credits.

(f) In no event shall the amount of the tax credits allowed by this Code section for a taxable year exceed a certified entity's or certified investor's state income tax liability. Any credit claimed under this Code section by a certified entity or certified investor but not used in any taxable year may be carried forward for ten years from the close of the taxable year in which the credit is claimed. No such credit shall be allowed by the taxpayer against prior years' tax liability.

(g) Any tax credits earned under this Code section are nontransferable.

(h) A certified entity shall report to the revenue commissioner the qualifying net job increases or decreases each year. A certified investor shall report to the revenue commissioner the investment amount in the initial qualifying year. The revenue commissioner and the commissioner of community affairs shall have the authority to require reports and promulgate regulations as needed in order to perform their duties under this Code section.

(i) This Code section shall stand automatically repealed on December 31, 2027, unless reauthorized by the General Assembly prior to such date."

### SECTION 2.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval and shall be applicable to all taxable years beginning on or after January 1, 2018.

### SECTION 3.

Said title is further amended by revising Code Section 17-7-131, relating to proceedings upon pleas of insanity or mental incompetency at time of crime, as follows:

"17-7-131.

(a) For purposes of this Code section, the term:

(1) 'Insane at the time of the crime' means meeting the criteria of Code Section 16-3-2 or 16-3-3. However, the term shall not include a mental state manifested only by repeated unlawful or antisocial conduct.

(2) 'Intellectual disability' means having significantly subaverage general intellectual functioning resulting in or associated with impairments in adaptive behavior which manifested during the developmental period.

~~(2)~~(3) 'Mentally ill' means having a disorder of thought or mood which significantly impairs judgment, behavior, capacity to recognize reality, or ability to cope with the ordinary demands of life. However, the term 'mental illness' shall not include a mental state manifested only by repeated unlawful or antisocial conduct.

~~(3) 'Mentally retarded' means having significantly subaverage general intellectual functioning resulting in or associated with impairments in adaptive behavior which manifested during the developmental period.~~

(b)(1) In all cases in which the defense of insanity, mental illness, or intellectual disability is interposed, the jury, or the court if tried by it, shall find whether the defendant is:

(A) Guilty;

(B) Not guilty;

(C) Not guilty by reason of insanity at the time of the crime;

(D) Guilty but mentally ill at the time of the crime, but the finding of guilty but mentally ill shall be made only in felony cases; or

(E) Guilty but ~~mentally retarded~~ with intellectual disability, but the finding of ~~mental retardation~~ intellectual disability shall be made only in felony cases.

(2) A plea of guilty but mentally ill at the time of the crime or a plea of guilty but ~~mentally retarded~~ with intellectual disability shall not be accepted until the defendant has undergone examination by a licensed psychologist or psychiatrist and the court has examined the psychological or psychiatric reports, held a hearing on the issue of the defendant's mental condition, and is satisfied that there is a factual basis that the

defendant was mentally ill at the time of the offense or ~~mentally-retarded~~ has intellectual disability to which the plea is entered.

(2.1) A plea of not guilty by reason of insanity at the time of the crime shall not be accepted and the defendant adjudicated not guilty by reason of insanity by the court without a jury until the defendant has undergone examination by a licensed psychologist or psychiatrist and the court has examined the psychological or psychiatric reports, has held a hearing on the issue of the defendant's mental condition, and the court is satisfied that the defendant was insane at the time of the crime according to the criteria of Code Section 16-3-2 or 16-3-3.

(3) In all cases in which the defense of insanity, mental illness, or intellectual disability is interposed, the trial judge shall charge the jury, in addition to other appropriate charges, the following:

(A) I charge you that should you find the defendant not guilty by reason of insanity at the time of the crime, the defendant will be committed to a state mental health facility until such time, if ever, that the court is satisfied that he or she should be released pursuant to law.

(B) I charge you that should you find the defendant guilty but mentally ill at the time of the crime, the defendant will be placed in the custody of the Department of Corrections which will have responsibility for the evaluation and treatment of the mental health needs of the defendant, which may include, at the discretion of the Department of Corrections, referral for temporary hospitalization at a facility operated by the Department of Behavioral Health and Developmental Disabilities.

(C) I charge you that should you find the defendant guilty but ~~mentally-retarded~~ with intellectual disability, the defendant will be placed in the custody of the Department of Corrections, which will have responsibility for the evaluation and treatment of the mental health needs of the defendant, which may include, at the discretion of the Department of Corrections, referral for temporary hospitalization at a facility operated by the Department of Behavioral Health and Developmental Disabilities.

(c) In all criminal trials in any of the courts of this state wherein an accused shall contend that he or she was insane, mentally ill, or intellectually disabled ~~or otherwise mentally incompetent under the law~~ at the time the act or acts charged against him or her were committed, the trial judge shall instruct the jury that they may consider, in addition to verdicts of 'guilty' and 'not guilty,' the additional verdicts of 'not guilty by reason of insanity at the time of the crime,' 'guilty but mentally ill at the time of the crime,' and 'guilty but ~~mentally-retarded~~ with intellectual disability.'

(1) The defendant may be found 'not guilty by reason of insanity at the time of the crime' if he or she meets the criteria of Code Section 16-3-2 or 16-3-3 at the time of the commission of the crime. If the court or jury should make such finding, it shall so specify in its verdict.

(2) The defendant may be found 'guilty but mentally ill at the time of the crime' if the jury, or court acting as trier of facts, finds beyond a reasonable doubt that the defendant is guilty of the crime charged and was mentally ill at the time of the

commission of the crime. If the court or jury should make such finding, it shall so specify in its verdict.

(3) The defendant may be found 'guilty but ~~mentally-retarded~~ with intellectual disability' if the jury, or court acting as trier of facts, finds beyond a reasonable doubt that the defendant is guilty of the crime charged and is ~~mentally-retarded~~ with intellectual disability. If the court or jury should make such finding, it shall so specify in its verdict.

(d) Whenever a defendant is found not guilty by reason of insanity at the time of the crime, the court shall retain jurisdiction over the person so acquitted and shall order such person to be detained in a state mental health facility, to be selected by the Department of Behavioral Health and Developmental Disabilities, for a period not to exceed 30 days from the date of the acquittal order, for evaluation of the defendant's present mental condition. Upon completion of the evaluation, the proper officials of the mental health facility shall send a report of the defendant's present mental condition to the trial judge, the prosecuting attorney, and the defendant's attorney, if any.

(e)(1) After the expiration of the 30 days' evaluation period in the state mental health facility, if the evaluation report from the Department of Behavioral Health and Developmental Disabilities indicates that the defendant does not meet the inpatient commitment criteria of Chapter 3 of Title 37 or Chapter 4 of Title 37, the trial judge may issue an order discharging the defendant from custody without a hearing.

(2) If the defendant is not so discharged, the trial judge shall order a hearing to determine if the defendant meets the inpatient commitment criteria of Chapter 3 of Title 37 or Chapter 4 of Title 37. If such criteria are not met, the defendant must be discharged.

(3) The defendant shall be detained in custody until completion of the hearing. The hearing shall be conducted at the earliest opportunity after the expiration of the 30 days' evaluation period but in any event within 30 days after receipt by the prosecuting attorney of the evaluation report from the mental health facility. The court may take judicial notice of evidence introduced during the trial of the defendant and may call for testimony from any person with knowledge concerning whether the defendant is currently a mentally ill person in need of involuntary treatment, as defined by paragraph (12) of Code Section 37-3-1, or a person with a developmental disability, as defined in paragraph (8) of Code Section 37-1-1, who presents a substantial risk of imminent harm to himself or herself or others. The prosecuting attorney may cross-examine the witnesses called by the court and the defendant's witnesses and present relevant evidence concerning the issues presented at the hearing.

(4) If the judge determines that the defendant meets the inpatient commitment criteria of Chapter 3 of Title 37 or Chapter 4 of Title 37, the judge shall order the defendant to be committed to the Department of Behavioral Health and Developmental Disabilities to receive involuntary treatment under Chapter 3 of Title 37 or to receive services under Chapter 4 of Title 37. The defendant is entitled to the following rights specified below and shall be notified in writing of these rights at the time of his or her

admission for evaluation under subsection (d) of this Code section. Such rights are:

- (A) A notice that a hearing will be held and the time and place thereof;
- (B) A notice that the defendant has the right to counsel and that the defendant or his or her representatives may apply immediately to the court to have counsel appointed if the defendant cannot afford counsel and that the court will appoint counsel for the defendant unless he or she indicates in writing that he or she does not desire to be represented by counsel;
- (C) The right to confront and cross-examine witnesses and to offer evidence;
- (D) The right to subpoena witnesses and to require testimony before the court in person or by deposition from any person upon whose evaluation the decision of the court may rest;
- (E) Notice of the right to have established an individualized service plan specifically tailored to the person's treatment needs, as such plans are defined in Chapter 3 of Title 37 and Chapter 4 of Title 37; and
- (F) A notice that the defendant has the right to be examined by a physician or a licensed clinical psychologist of his or her own choice at his or her own expense and to have that physician or psychologist submit a suggested service plan for the patient which conforms with the requirements of Chapter 3 of Title 37 or Chapter 4 of Title 37, whichever is applicable.

(5)(A) If a defendant appears to meet the criteria for outpatient involuntary treatment as defined in Part 3 of Article 3 of Chapter 3 of Title 37, which shall be the criteria for release on a trial basis in the community in preparation for a full release, the court may order a period of conditional release subject to certain conditions set by the court. The court is authorized to appoint an appropriate community service provider to work in conjunction with the Department of Behavioral Health and Developmental Disabilities to monitor the defendant's compliance with these conditions and to make regular reports to the court.

(B) If the defendant successfully completes all requirements during this period of conditional release, the court shall discharge the individual from commitment at the end of that period. Such individuals may be referred for community mental health, ~~mental-retardation~~ developmental disabilities, or substance abuse services as appropriate. The court may require the individual to participate in outpatient treatment or any other services or programs authorized by Chapter 3, 4, or 7 of Title 37.

(C) If the defendant does not successfully complete any or all requirements of the conditional release period, the court may:

- (i) Revoke the period of conditional release and return the defendant to a state hospital for inpatient services; or
- (ii) Impose additional or revise existing conditions on the defendant as appropriate and continue the period of conditional release.

(D) For any decision rendered under subparagraph (C) of this paragraph, the defendant may request a review by the court of such decision within 20 days of the order of the court.

- (E) The Department of Behavioral Health and Developmental Disabilities and any community services providers, including the employees and agents of both, providing supervision or treatment during a period of conditional release shall not be held criminally or civilly liable for any acts committed by a defendant placed by the committing court on a period of conditional release.
- (f) A defendant who has been found not guilty by reason of insanity at the time of the crime and is ordered committed to the Department of Behavioral Health and Developmental Disabilities under subsection (e) of this Code section may only be discharged from that commitment by order of the committing court in accordance with the procedures specified in this subsection:
- (1) Application for the release of a defendant who has been committed to the Department of Behavioral Health and Developmental Disabilities under subsection (e) of this Code section upon the ground that he or she does not meet the civil commitment criteria under Chapter 3 of Title 37 or Chapter 4 of Title 37 may be made to the committing court, either by such defendant or by the superintendent of the state hospital in which the said defendant is detained;
  - (2) The burden of proof in such release hearing shall be upon the applicant. The defendant shall have the same rights in the release hearing as set forth in subsection (e) of this Code section; and
  - (3) If the finding of the court is adverse to release in such hearing held pursuant to this subsection on the grounds that such defendant does meet the inpatient civil commitment criteria, a further release application by the defendant shall not be heard by the court until 12 months have elapsed from the date of the hearing upon the last preceding application. The Department of Behavioral Health and Developmental Disabilities shall have the independent right to request a release hearing once every 12 months.
- (g)(1) Whenever a defendant is found guilty but mentally ill at the time of a felony or guilty but ~~mentally retarded~~ has intellectual disability, or enters a plea to that effect that is accepted by the court, the court shall sentence him or her in the same manner as a defendant found guilty of the offense, except as otherwise provided in subsection (j) of this Code section. A defendant who is found guilty but mentally ill at the time of the felony or guilty but ~~mentally retarded~~ has intellectual disability shall be committed to an appropriate penal facility and shall be evaluated then treated, if indicated, within the limits of state funds appropriated therefor, in such manner as is psychiatrically indicated for his or her mental illness or ~~mental retardation~~ intellectual disability.
- (2) If at any time following the defendant's conviction as a guilty but mentally ill or guilty but ~~mentally retarded~~ with intellectual disability offender it is determined that a temporary transfer to the Department of Behavioral Health and Developmental Disabilities is clinically indicated for his or her mental illness or ~~mental retardation~~ intellectual disability, then the defendant shall be transferred to the Department of Behavioral Health and Developmental Disabilities pursuant to procedures set forth in regulations of the Department of Corrections and the Department of Behavioral Health and Developmental Disabilities. In all such cases, the legal custody of the

defendant shall be retained by the Department of Corrections. Upon notification from the Department of Behavioral Health and Developmental Disabilities to the Department of Corrections that hospitalization at a Department of Behavioral Health and Developmental Disabilities facility is no longer clinically indicated for his or her mental illness or ~~mental retardation~~ intellectual disability, the Department of Corrections shall transfer the defendant back to its physical custody and shall place such individual in an appropriate penal institution.

(h) If a defendant who is found guilty but mentally ill at the time of a felony or guilty but ~~mentally retarded~~ with intellectual disability is placed on probation under the 'State-wide Probation Act,' Article 2 of Chapter 8 of Title 42, the court may require that the defendant undergo available outpatient medical or psychiatric treatment or seek similar available voluntary inpatient treatment as a condition of probation. Persons required to receive such services may be charged fees by the provider of the services.

(i) In any case in which the defense of insanity is interposed or a plea of guilty but mentally ill at the time of the felony or a plea of guilty but ~~mentally retarded~~ with intellectual disability is made and an examination is made of the defendant pursuant to Code Section 17-7-130.1 or paragraph (2) of subsection (b) of this Code section, upon the defendant's being found guilty or guilty but mentally ill at the time of the crime or guilty but ~~mentally retarded~~ with intellectual disability, a copy of any such examination report shall be forwarded to the Department of Corrections with the official sentencing document. The Department of Behavioral Health and Developmental Disabilities shall forward, in addition to its examination report, any records maintained by such department that it deems appropriate pursuant to an agreement with the Department of Corrections, within ten business days of receipt by the Department of Behavioral Health and Developmental Disabilities of the official sentencing document from the Department of Corrections.

(j)(1) In the trial of any case in which the death penalty is sought which commences on or after July 1, 1988, should the judge find in accepting a plea of guilty but mentally retarded, or the jury or court find in its verdict that the defendant is guilty of the crime charged but mentally retarded, the death penalty shall not be imposed and the court shall sentence the defendant to imprisonment for life.

(2) In the trial of any case in which the death penalty is sought which commences on or after July 1, 2017, should the judge find in accepting a plea of guilty but with intellectual disability, or the jury or court find in its verdict that the defendant is guilty of the crime charged but with intellectual disability, the death penalty shall not be imposed and the court shall sentence the defendant to imprisonment for life."

The Senate Committee on Finance offered the following substitute to HB 217:

A BILL TO BE ENTITLED  
AN ACT

To amend Article 2 of Chapter 7 of Title 48 of the Official Code of Georgia Annotated, relating to imposition, rate, computation, and exemptions from state income taxes, so as to increase the amount of the aggregate cap on contributions to certain scholarship organizations in order to receive income tax credits; to provide for procedures, conditions, and limitations; to amend Chapter 2A of Title 20 of the Official Code of Georgia Annotated, relating to student scholarship organizations, so as to provide for new expenditure limits; to provide for additional reporting requirements; to provide for related matters; to provide for an effective date and applicability; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

**SECTION 1.**

Article 2 of Chapter 7 of Title 48 of the Official Code of Georgia Annotated, relating to imposition, rate, computation, and exemptions from state income taxes, is amended by revising subsection (f) of Code Section 48-7-29.16, relating to the qualified education tax credit, as follows:

"(f)(1) In no event shall the aggregate amount of tax credits allowed under this Code section exceed ~~\$58~~ \$65 million ~~per~~ for any tax year. Any portion of the tax credits allowed under this Code section that are not approved by the commissioner, or, if approved, not funded by the taxpayer, shall be applied to the next calendar year in the manner specified by the commissioner.

(2) ~~The commissioner shall allow the tax credits on a first come, first served basis shall be available for allocation for the first ten business days of each calendar year. During such period, the commissioner shall accept requests for preapproval for tax credits from interested taxpayers. Once all requests have been received, the commissioner shall allocate the available credits pro rata for that calendar year if the amount of tax credits requested exceeds the cap. If the amount of tax credits requested does not exceed the cap, the commissioner shall continue to accept requests until November 1 of such calendar year or until the aggregate amount of the cap for the calendar year is exhausted, whichever shall first occur.~~

(3) For the purposes of paragraph (1) of this subsection, a student scholarship organization shall notify a potential donor of the requirements of this Code section. Before making a contribution to a student scholarship organization, the taxpayer shall electronically notify the department, in a manner specified by the department, of the total amount of contributions that the taxpayer intends to make to the student scholarship organization. The commissioner shall preapprove, ~~or deny, or prorate~~ the requested amount within 30 days after receiving the request from the taxpayer and shall provide notice to the taxpayer and the student scholarship organization of such preapproval, ~~or denial, or proration~~ which shall not require any signed release or notarized approval by the taxpayer. In order to receive a tax credit under this Code section, the taxpayer shall make the contribution to the student scholarship organization within 60 days after receiving notice from the department that the requested amount was preapproved. If the taxpayer does not comply with this paragraph, the commissioner shall not include this preapproved contribution amount when calculating the limit prescribed in paragraph (1) of this subsection. The department shall establish a web based donation approval process to implement this subsection.

(4) Preapproval of contributions by the commissioner shall be based solely on the availability of tax credits subject to the aggregate total limit established under paragraph (1) of this subsection. The department shall maintain an ongoing, current list on its website of the amount of tax credits available under this Code section.

(5) Notwithstanding any laws to the contrary, the department shall not take any adverse action against donors to student scholarship organizations if the commissioner preapproved a donation for a tax credit prior to the date the student scholarship organization is removed from the Department of Education list pursuant to Code Section 20-2A-7, and all such donations shall remain as preapproved tax credits subject only to the donor's compliance with paragraph (3) of this subsection.

(6) In addition to the reporting requirements in Code Section 20-2A-3, each student scholarship organization shall file an annual report with the department showing any fees or assessments retained by the student scholarship organization during the calendar year."

## SECTION 2.

Chapter 2A of Title 20 of the Official Code of Georgia Annotated, relating to student scholarship organizations, is amended by restating the introductory language and revising paragraphs (1) and (3) of Code Section 20-2A-2, relating to requirements for student scholarship organizations, as follows:

"Each student scholarship organization:

(1) ~~With respect to the first \$1.5 million of its annual revenue received from donations for scholarships or tuition grants, must obligate at least 90 percent of such revenue for scholarships or tuition grants; with respect to its annual revenue received from donations for scholarships or tuition grants in excess of \$1.5 million and up to and including \$10 million, must obligate at least 93 percent of such revenue for~~

~~scholarships and tuition grants; with respect to its annual revenue received from donations for scholarships or tuition grants in excess of \$10 million and up to and including \$20 million, must obligate at least 94 percent of such revenue for scholarships and tuition grants; and, with respect to its annual revenue received from donations for scholarships or tuition grants in excess of \$20 million, must obligate at least 95 percent of such revenue for scholarships and tuition grants. Shall obligate at least 97 percent of its annual revenue received from donations for scholarships or tuition grants to scholarships or tuition grants.~~ On or before the end of the calendar year following the calendar year in which a student scholarship organization receives revenues from donations and obligates them for the awarding of scholarships or tuition grants, the student scholarship organization shall designate the obligated revenues for specific student recipients. Once the student scholarship organization designates obligated revenues for specific student recipients, in the case of multiyear scholarships or tuition grants, the student scholarship organization may distribute the entire obligated and designated revenues to a qualified school or program to be held in accordance with Department of Revenue rules for distribution to the specified recipients during the years in which the recipients are projected in writing by the private school to be enrolled at the qualified school or program. In making a multiyear distribution to a qualified school or program, the student scholarship organization shall require that if the designated student becomes ineligible or for any other reason the qualified school or program elects not to continue disbursement of the multiyear scholarship or tuition grant to the designated student for all the projected years, then the qualified school or program shall immediately return the remaining funds to the student scholarship organization. Once the student scholarship organization designates obligated revenues for specific student recipients, in the case of multiyear scholarships or tuition grants for which the student scholarship organization distributes the obligated and designated revenues to a qualified school or program annually rather than the entire amount, if the designated student becomes ineligible or for any other reason the student scholarship organization elects not to continue disbursement for all years, then the student scholarship organization shall designate any remaining previously obligated revenues for a new specific student recipient on or before the end of the following calendar year. The maximum scholarship amount given by the student scholarship organization in any given year shall not exceed the average state and local expenditures per student in fall enrollment in public elementary and secondary education for this state. The Department of Education shall determine and publish such amount annually, no later than January 1;"

"(3) Must have an independent board of directors with at least three members who shall not serve on more than one such board simultaneously;"

### SECTION 3.

Said chapter is further amended by revising Code Section 20-2A-3, relating to taxation reporting requirements for student scholarship organizations, as follows:

"20-2A-3.

(a) Each student scholarship organization must report to the Department of Revenue, on a date determined by the Department of Revenue and on a form provided by the Department of Revenue, ~~by January 12 of each tax year~~ the following:

(5) A list of donors, including the dollar value and date of receipt of each donation and the dollar value of each approved tax credit; and

(6) The average scholarship dollar amount by quartile.

Such report shall also include a copy of the audit conducted pursuant to paragraph (5) of Code Section 20-2A-2. The Department of Revenue shall post on its website the information received from each student scholarship organization pursuant to paragraphs (1) through (4) of this subsection.

(b) Except for the information reported pursuant to paragraphs (1) through (4) of subsection (a) of this Code section, all information or reports provided by student scholarship organizations to the Department of Revenue shall be confidential taxpayer information, governed by Code Sections 48-2-15, 48-7-60, and 48-7-61, whether it relates to the donor or the student scholarship organization."

#### **SECTION 4.**

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval and shall be applicable to tax years beginning on or after January 1, 2017.

(b) Each county, municipal, or campus law enforcement officer using a radar device, except for an automated traffic enforcement safety device as provided for under Code Section 40-14-18, shall notify each person against whom the officer intends to make a case based on the use of the radar device that the person has a right to request the officer to test the radar device for accuracy. The notice shall be given prior to the time a citation and complaint or ticket is issued against the person and, if requested to make a test, the officer shall test the radar device for accuracy. In the event the radar device does not meet the minimum accuracy requirements, the citation and complaint or ticket shall not be issued against the person, and the radar device shall be removed from service and thereafter shall not be used by the county, municipal, or campus law enforcement agency until it has been serviced, calibrated, and recertified by a

Such signs shall be at least 24 by 30 inches in area, shall be visible plainly from every lane of traffic, shall be viewable in all traffic conditions, and shall not be placed in such a manner that the view of such sign is subject to being obstructed by any other vehicle on such highway. "(d) There shall be a rebuttable presumption that a law enforcement agency is employing speed detection devices for purposes other than the promotion of the public health, welfare, and safety if the fines levied based on the use of speed detection devices for speeding offenses are equal to or greater than 35 percent of a municipal or county law enforcement agency's budget. For purposes of this Code section, fines collected for citations issued for violations of Code Section 40-6-180 shall be included when calculating total speeding fine revenue for the agency; provided, however, that fines for speeding violations exceeding 20 miles per hour over the established speed limit and fines for speeding violations issued pursuant to Code Section 40-14-18 shall not be considered when calculating total speeding fine revenue for the agency."

### **SECTION 3-8.**

Said title is further amended by adding a new Code section to read as follows:

"40-14-18.

(a) The speed limit within any school zone as provided for in Code Section 40-14-8 and marked pursuant to Code Section 40-14-6 may be enforced by using recorded images for violations which occurred during the time periods relative to normal hours of school operation and programs of care and supervision of students as provided for in Code Section 40-14-8 when such violations are in excess of ten miles per hour over the speed limit.

(b) For the purpose of enforcement pursuant to this Code section:

(1) The driver of a motor vehicle shall be liable for a civil monetary penalty if such vehicle is found, as evidenced by recorded images, to have been operated in disregard or disobedience of the speed limit within any school zone and such disregard or disobedience was not otherwise authorized by law. The amount of such fine shall be \$125.00, in addition to fees associated with the electronic processing of such fine which shall not exceed \$25.00; provided, however, that for a period of 30 days after an automated traffic enforcement safety device is first introduced within a school system, other than an automated traffic enforcement safety device replacing a previously used automated traffic enforcement safety device, the driver of a motor

vehicle shall not be liable for a civil monetary penalty but shall be issued a civil warning for disregard or disobedience of the speed limit within the school zone;

(2) A law enforcement agency authorized to enforce the speed limit of a school zone shall send by first class mail addressed to the owner of the motor vehicle postmarked within 30 days after obtaining the name and address of the owner of the motor vehicle but no later than 60 days after the date of the alleged violation:

(A) A citation for the alleged violation, which shall include the date and time of the violation, the location of the infraction, the maximum speed at which such motor vehicle was traveling in recorded images, the maximum speed applicable within such school zone, the civil warning or the amount of the civil monetary penalty imposed, and the date by which a civil monetary penalty shall be paid;

(B) An image taken from the recorded images showing the vehicle involved in the infraction;

(C) A website address where recorded images showing the vehicle involved in the infraction and a duplicate of the information provided for in this paragraph may be viewed;

(D) A copy of a certificate sworn to or affirmed by a certified peace officer employed by a law enforcement agency authorized to enforce the speed limit of the school zone and stating that, based upon inspection of recorded images, the owner's motor vehicle was operated in disregard or disobedience of the speed limit in the marked school zone and that such disregard or disobedience was not otherwise authorized by law;

(E) A statement of the inference provided by paragraph (4) of this subsection and of the means specified therein by which such inference may be rebutted;

(F) Information advising the owner of the motor vehicle of the manner and time in which liability as alleged in the citation may be contested through an administrative hearing; and

(G) A warning that failure to pay the civil monetary penalty or to contest liability in a timely manner as provided for in subsection (d) of this Code section shall waive any right to contest liability;

(3) Proof that a motor vehicle was operated in disregard or disobedience of the speed limit of the marked school zone shall be evidenced by recorded images. A copy of a certificate sworn to or affirmed by a certified peace officer employed by a law enforcement agency and stating that, based upon inspection of recorded images, a motor vehicle was operated in disregard or disobedience of the speed limit in the marked school zone and that such disregard or disobedience was not otherwise authorized by law shall be prima-facie evidence of the facts contained therein; and

(4) Liability under this Code section shall be determined based upon a preponderance of the evidence. Prima-facie evidence that the vehicle described in the citation issued pursuant to this Code section was operated in violation of the speed limit of the school zone, together with proof that the defendant was, at the time of such violation, the registered owner of the vehicle, shall permit the trier of fact in its discretion to infer that such owner of the vehicle was the driver of the vehicle at the time of the alleged

violation. Such an inference may be rebutted if the owner of the vehicle:

(A) Testifies under oath in open court or submits to the court a sworn notarized statement that he or she was not the operator of the vehicle at the time of the alleged violation and identifies the name of the operator of the vehicle at the time of the alleged violation; or

(B) Presents to the court a certified copy of a police report showing that the vehicle had been reported to the police as stolen prior to the time of the alleged violation.

(c) A violation for which a civil warning or a civil penalty is imposed pursuant to this Code section shall not be considered a moving traffic violation for the purpose of points assessment under Code Section 40-5-57. Such violation shall be deemed noncriminal, and imposition of a civil warning or civil penalty pursuant to this Code section shall not be deemed a conviction and shall not be made a part of the operating record of the person upon whom such liability is imposed, nor shall it be used for any insurance purposes in the provision of motor vehicle insurance coverage.

(d) If a person issued and mailed a citation pursuant to subsection (b) of this Code section fails to pay the penalty for the violation or has not filed a police report or notarized statement pursuant to paragraph (4) of subsection (b) of this Code section in no less than 30 nor more than 60 days after such mailing as determined and noticed by the law enforcement agency, the agent or law enforcement agency shall send to such person by first class mail a second notice of any unpaid civil penalty, except in cases where there is an adjudication that no violation occurred or there is otherwise a lawful determination that no civil penalty shall be imposed. The second notice shall include all information required in paragraph (2) of subsection (b) of this Code section and shall include a new date of return which shall be no less than 30 days after such mailing as determined and noticed by the law enforcement agency. If such person notified by second notice again fails to pay the penalty or file a police report or notarized statement pursuant to paragraph (4) of subsection (b) of this Code section by the new date of return, such person shall have waived the right to contest the violation and shall be liable for the civil monetary penalty provided for under this Code section, except in cases where there is an adjudication that no violation occurred or there is otherwise a lawful determination that no civil penalty shall be imposed.

(e) Notices mailed by first class mail pursuant to this Code section shall be adequate notification of the fees and penalties imposed by this Code section. No other notice shall be required for the purposes of this Code section.

(f) Any court having jurisdiction over violations of the speed limit in the school zone shall have jurisdiction over cases arising under this Code section and shall be authorized to impose the civil monetary penalty. The provisions of law governing jurisdiction, procedure, defenses, adjudication, appeal, and payment and distribution of penalties otherwise applicable to violations of the speed limit in the school zone shall apply to enforcement under this Code section, except as otherwise provided in this Code section; provided, however, that any appeal from superior or state court shall be by application in the same manner as that provided by Code Section 5-6-35.

(g) Recorded images made for purposes of this Code section shall not be a public

record for purposes of Article 4 of Chapter 18 of Title 50.

(h) A civil warning or penalty under this Code section on the owner of a motor vehicle shall not be imposed if the operator of the vehicle was arrested or issued a citation and notice to appear by a peace officer for the same violation."

A BILL TO BE ENTITLED  
AN ACT

To amend Article 7 of Chapter 4 of Title 49 of the Official Code of Georgia Annotated, relating to medical assistance generally, so as to establish the Georgia Mental Health Treatment Task Force; to provide for legislative findings; to provide for the membership, duties, compensation, and expense allowances; to develop applications for a Medicaid waiver and block grant funding; to prohibit the submission of a mental health Medicaid waiver application without legislative approval; to require agencies' cooperation; to provide for the abolishment; to provide for automatic repeal; to provide for a short title; to provide for related matters; to provide for an effective date; to repeal conflicting laws; and for other purposes.

## BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

**SECTION 1.**

This Act shall be known and may be cited as the "Enhancing Mental Health Treatment in Georgia Act."

**SECTION 2.**

The General Assembly finds that:

- (1) It is important to understand the needs of Georgia residents with serious mental illness and substance abuse disorders, to assess the ability of the state's health system to meet these needs effectively, and to understand the impact of untreated mental illness and substance abuse disorders on state budgets, hospitals, emergency rooms, jails, prisons, law enforcement, and related institutions and services;
- (2) Access to acute care and crisis intervention is vitally important to the citizens of Georgia, and scenarios involving law enforcement, emergency medical service personnel, and other first responders deserve careful consideration and support to ensure resources are utilized in an efficient and safe manner;
- (3) There is a vital need for this state to assess its ability to provide appropriate and necessary programs and services to Georgia's citizens, and determine where gaps may exist, as well as where the private sector, public sector, and nonprofit and faith-based communities' resources may be leveraged to ensure each citizen has access to the right care, at the right time, at the right place;
- (4) Nationally, 4.1 percent of the population suffers from serious mental illness;
- (5) While 92,118 adults with serious mental illness are currently served by the state mental health authority, there are an estimated 306,000 adults with serious mental illness in Georgia;
- (6) Substance abuse and dependence on alcohol and drugs in Georgia mirrors national rates;
- (7) Untreated serious mental illness prevents individuals from functioning normally in society and leading productive, fulfilled lives;
- (8) Hospitals and emergency rooms can become overrun when individuals with untreated serious mental illness conflate emergency care with proper mental health treatment;
- (9) Valuable law enforcement resources across the state are often diverted to attending to the mentally ill;
- (10) Untreated mental illness can lead to institutionalization, prison, and otherwise worse health outcomes;
- (11) Early, comprehensive, and regular treatment of individuals with mental illness can prevent adverse effects upon an individual, the health care system, and society at large;
- (12) Untreated substance abuse has dire consequences on individuals' and families' lives;
- (13) Because mental illness can increase vulnerability to drug abuse and substance

addiction, effective treatment of mental illness may also necessitate treatment for a substance abuse disorder;

(14) There is a need to study the effectiveness of the services and health care programs currently available to individuals with, or at risk for, serious mental illness; and

(15) An understanding of the feasibility and consequences of using a Medicaid waiver to improve treatment for those with serious mental illness would enable the General Assembly to make an informed decision as to whether the state should seek a Section 1115 waiver from the Department of Health and Human Services or apply for Medicaid block grant funding for mental health treatment and services, if appropriate.

  - (3) Assess how other, non-Medicaid, services work to provide effective health care services to the portion of the population suffering from, and at risk for, serious mental illness and substance abuse disorders;

- (4) Determine the impact on the state's hospitals, emergency rooms, law enforcement, prisons, jails, and related institutions and services resulting from a lack of treatment of those with mental illness and substance abuse disorders;
- (5) Understand the link between substance abuse disorders and serious mental illness in order to provide comprehensive, effective treatment to persons suffering from either or both;
- (6) Assess which services and practices work best to prevent further deterioration within the mentally ill and substance abuse disorder populations, including, but not limited to, supportive housing, crisis stabilization programs, community residential rehabilitation, assertive community treatment services, telemedicine, data integration, and addiction treatment programs;
- (7) Determine what changes could be made to the state's Medicaid program that would increase its ability to provide effective care and services to those suffering from, and at risk for, serious mental illness and substance abuse disorders, with an assessment of the costs and benefits of such changes to the state;

A BILL TO BE ENTITLED  
AN ACT

To amend Chapter 24 of Title 33 of the Official Code of Georgia Annotated, relating to insurance generally, so as to provide for a short title and findings; to require health plans to provide coverage for hearing aids for certain individuals; to provide for the frequency of replacing hearing aids; to provide for coverage of services and supplies; to provide options for higher priced devices; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

**SECTION 1.**

Chapter 24 of Title 33 of the Official Code of Georgia Annotated, relating to insurance generally, is amended by adding a new Code section to read as follows:

"33-24-59.21.

(a) This Code section shall be known and may be cited as the 'Hearing Aid Coverage for Children Act.'

(b) The General Assembly finds and declares that:

(1) The language development of children with partial or total hearing loss may be impaired due to the hearing loss. Children learn the concept of spoken language through auditory stimuli, and the language skills of children who have hearing loss improve when they are provided with hearing aids and access to visual language upon the discovery of hearing loss; and

(2) Providing hearing aids to children with hearing loss will reduce the costs borne by this state, including special education, alternative treatments that would otherwise be necessary if a hearing aid were not provided, and other costs associated with such hearing loss.

(c) As used in this Code section, the term:

(1) 'Health benefit policy' means any individual or group plan, policy, or contract for health care services issued, delivered, issued for delivery, or renewed in this state which provides major medical benefits, including those contracts executed by the State of Georgia on behalf of indigents and on behalf of state employees under Article 1 of Chapter 18 of Title 45, by a health care corporation, health maintenance organization, preferred provider organization, accident and sickness insurer, fraternal benefit society, hospital service corporation, medical service corporation, or any similar entity and any self-insured health care plan not subject to the exclusive jurisdiction of the Employee Retirement Income Security Act of 1974, 29 U.S.C. Section 1001, et seq.

(2) 'Hearing aid' means any nonexperimental and wearable instrument or device offered to aid or compensate for impaired human hearing that is worn in or on the body. The term 'hearing aid' includes any parts, ear molds, repair parts, and replacement parts of such instrument or device, including, but not limited to, nonimplanted bone anchored hearing aids, nonimplanted bone conduction hearing aids, and frequency modulation systems. Personal sound amplification products shall not qualify as hearing aids.

(d) Every health benefit policy that is delivered, issued, executed, or renewed in this state or approved for issuance or renewal in this state by the Commissioner on or after January 1, 2018, shall provide coverage for the billed charges of one hearing aid per hearing impaired ear not to exceed \$3,000.00 per hearing aid for covered individuals 18 years of age or under. Such coverage shall provide the replacement for one hearing aid per hearing impaired ear every 48 months for covered individuals. The parent or guardian of such individual is responsible for billed charges in excess of such benefits. This subsection shall not prohibit an entity subject to this Code section from providing coverage that is greater or more favorable to an insured or enrolled individual than the coverage required under this Code section.

(e) In the event that a hearing aid or aids cannot adequately meet the needs of the covered individual and the hearing aid or aids cannot be adequately repaired or adjusted, the hearing aid or aids shall be replaced. Coverage for the replacement shall be offered within two months from the date it is determined that the hearing aid or aids cannot be repaired or adjusted.

(f) The coverage provided by this Code section shall include the following:

(1) Medically necessary services and supplies, including the initial hearing aid evaluation, fitting, dispensing, programming, servicing, repairs, follow-up maintenance, adjustments, ear molds, ear mold impressions, auditory training, and probe microphone measurements to ensure appropriate gain and output, as well as verifying benefit from the system selected according to accepted professional standards. Such services shall be covered on a continuous basis, as needed, during each 48 month coverage period not to exceed \$3,000.00 per hearing impaired ear or for the duration of the hearing aid warranty, whichever time period is longer;

(2) An option for the covered individual to choose a higher priced hearing aid or aids

and to pay the difference between the price of the hearing aid or aids and the benefit amount as referenced in subsection (d) of this Code section, without financial or contractual penalty to the insured or to the provider of the hearing aid; and

(3) An option for the covered individual to purchase his or her hearing aid or aids through any licensed audiologist or licensed hearing aid dealer or dispenser in this state.

(g) A health benefit policy shall not deny or refuse coverage of, refuse to contract with, or refuse to renew or reissue or otherwise terminate or restrict coverage of a covered individual solely because he or she is or has been previously diagnosed with hearing loss.

(h) The benefits covered under this Code section shall be subject to the same annual deductible, coinsurance or copayment, or utilization review applicable to other similar covered benefits under the health benefit policy.

(i) An insurer, corporation, health maintenance organization, or governmental entity providing coverage for a hearing aid or aids pursuant to this Code section is exempt from providing coverage for children's hearing aids required under this Code section and not covered by the insurer, corporation, health maintenance organization, or governmental entity providing coverage for such treatment pursuant to this Code section as of January 1, 2019, if:

(1) An actuary affiliated with the insurer, corporation, health maintenance organization, or governmental entity who is a member of the American Academy of Actuaries and who meets the American Academy of Actuaries' professional qualification standards for rendering an actuarial opinion related to health insurance rate making certifies in writing to the Commissioner that:

(A) Based on an analysis to be completed no more frequently than one time per year by each insurer, corporation, health maintenance organization, or governmental entity for the most recent experience period of at least one year's duration, the costs associated with coverage of children's hearing aids required under this Code section, and not covered as of January 1, 2019, exceeded 1 percent of the premiums charged over the experience period by the insurer, corporation, or health maintenance organization; and

(B) Such costs solely would lead to an insurance in average premiums charged of more than 1 percent for all insurance policies, subscription contracts, or health care plans commencing on inception or the next renewal date, based on the premium rating methodology and practices the insurer, corporation, health maintenance organization, or governmental entity employs; and

(2) The Commissioner approves the certification of the actuary.

(j) Beginning January 1, 2018, to the extent that this Code section requires benefits that exceed the essential health benefits required under Section 1302(b) of the federal Patient Protection and Affordable Care Act, P. L. 111-148, the specific benefits that exceed the required essential health benefits shall not be required of a qualified health plan as defined in such act when the qualified health plan is offered in this state through the exchange. Nothing in this subsection shall nullify the application of this Code

section to plans offered outside the state's exchange.

(k) This Code section shall not apply to any accident and sickness contract, policy, or benefit plan offered by any employer with ten or fewer employees."

43-26-60.

This article shall be known and may be cited as the 'Nurse Licensure Compact.'

43-26-61.

The Nurse Licensure Compact is enacted into law and entered into by the State of Georgia with any and all other states legally joining therein in the form substantially as follows:

ARTICLE I  
Findings and Declaration of Purpose

(a) The party states find that:

- (1) The health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws;
- (2) Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public;
- (3) The expanded mobility of nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation;
- (4) New practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex;
- (5) The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant for both nurses and states; and
- (6) Uniformity of nurse licensure requirements throughout the states promotes public safety and public health benefits.

(b) The general purposes of this Compact are to:

- (1) Facilitate the states' responsibility to protect the public's health and safety;
- (2) Ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation;
- (3) Facilitate the exchange of information between party states in the areas of nurse regulation, investigation and adverse actions;
- (4) Promote compliance with the laws governing the practice of nursing in each jurisdiction;
- (5) Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses;
- (6) Decrease redundancies in the consideration and issuance of nurse licenses; and
- (7) Provide opportunities for interstate practice by nurses who meet uniform licensure requirements.

ARTICLE II  
Definitions

As used in this Compact:

- (a) 'Adverse action' means any administrative, civil, equitable or criminal action permitted by a state's laws which is imposed by a licensing board or other authority against a nurse, including actions against an individual's license or multistate licensure privilege such as revocation, suspension, probation, monitoring of the licensee, limitation on the licensee's practice, or any other encumbrance on licensure

affecting a nurse's authorization to practice, including issuance of a cease and desist action.

(b) 'Alternative program' means a non-disciplinary monitoring program approved by a licensing board.

(c) 'Coordinated licensure information system' means an integrated process for collecting, storing and sharing information on nurse licensure and enforcement activities related to nurse licensure laws that is administered by a nonprofit organization composed of and controlled by licensing boards.

(d) 'Current significant investigative information' means:

(1) Investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the nurse to respond, if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction, or

(2) Investigative information that indicates that the nurse represents an immediate threat to public health and safety regardless of whether the nurse has been notified and had an opportunity to respond.

(e) 'Encumbrance' means a revocation or suspension of, or any limitation on, the full and unrestricted practice of nursing imposed by a licensing board.

(f) 'Home state' means the party state which is the nurse's primary state of residence.

(g) 'Licensing board' means a party state's regulatory body responsible for issuing nurse licenses.

(h) 'Multistate license' means a license to practice as a registered professional nurse or a licensed practical nurse issued by a home state licensing board that authorizes the licensed nurse to practice in all party states under a multistate licensure privilege.

(i) 'Multistate licensure privilege' means a legal authorization associated with a multistate license permitting the practice of nursing as either a registered professional nurse or a licensed practical nurse in a remote state.

(j) 'Nurse' means a registered professional nurse or licensed practical nurse, as those terms are defined by each party state's practice laws.

(k) 'Party state' means any state that has adopted this Compact.

(l) 'Remote state' means a party state, other than the home state.

(m) 'Single-state license' means a nurse license issued by a party state that authorizes practice only within the issuing state and does not include a multistate licensure privilege to practice in any other party state.

(n) 'State' means a state, territory or possession of the United States and the District of Columbia.

(o) 'State practice laws' means a party state's laws, rules and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. 'State practice laws' do not include requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.

ARTICLE III  
General Provisions and Jurisdiction

(a) A multistate license to practice as a registered professional nurse or a licensed practical nurse issued by a home state to a resident in that state will be recognized by each party state as authorizing a nurse to practice as a registered professional nurse or a licensed practical nurse, under a multistate licensure privilege, in each party state.

(b) A state must implement procedures for considering the criminal history records of applicants for initial multistate license or licensure by endorsement. Such procedures shall include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant's criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records.

(c) Each party state shall require the following for an applicant to obtain or retain a multistate license in the home state:

(1) Meets the home state's qualifications for licensure or renewal of licensure, as well as, all other applicable state laws;

(2)(i) Has graduated or is eligible to graduate from a licensing board-approved registered professional nurse or licensed practical nurse prelicensure education program; or

(ii) Has graduated from a foreign registered professional nurse or licensed practical nurse prelicensure education program that (a) has been approved by the authorized accrediting body in the applicable country and (b) has been verified by an independent credentials review agency to be comparable to a licensing board-approved prelicensure education program;

(3) Has, if a graduate of a foreign prelicensure education program not taught in English or if English is not the individual's native language, successfully passed an English proficiency examination that includes the components of reading, speaking, writing and listening;

(4) Has successfully passed an NCLEX-RN® or NCLEX-PN® Examination or recognized predecessor, as applicable;

(5) Is eligible for or holds an active, unencumbered license;

(6) Has submitted, in connection with an application for initial licensure or licensure by endorsement, fingerprints or other biometric data for the purpose of obtaining criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records;

(7) Has not been convicted or found guilty, or has entered into an agreed disposition, of a felony offense under applicable state or federal criminal law;

(8) Has not been convicted or found guilty, or has entered into an agreed disposition, of a misdemeanor offense related to the practice of nursing as determined on a case-by-case basis;

(9) Is not currently enrolled in an alternative program;

(10) Is subject to self-disclosure requirements regarding current participation in an

alternative program; and

(11) Has a valid United States Social Security number.

(d) All party states shall be authorized, in accordance with existing state due process law, to take adverse action against a nurse's multistate licensure privilege to practice such as revocation, suspension, probation or any other action that affects a nurse's authorization to practice under a multistate licensure privilege, including cease and desist actions. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

(e) A nurse practicing in a party state must comply with the state practice laws of the state in which the client is located at the time service is provided. The practice of nursing is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of the party state in which the client is located. The practice of nursing in a party state under a multistate licensure privilege will subject a nurse to the jurisdiction of the licensing board, the courts and the laws of the party state in which the client is located at the time service is provided.

(f) Individuals not residing in a party state shall continue to be able to apply for a party state's single-state license as provided under the laws of each party state. However, the single-state license granted to these individuals will not be recognized as granting the privilege to practice nursing in any other party state. Nothing in this Compact shall affect the requirements established by a party state for the issuance of a single-state license.

(g) Any nurse holding a home state multistate license, on the effective date of this Compact, may retain and renew the multistate license issued by the nurse's then-current home state, provided that:

(1) A nurse, who changes primary state of residence after this Compact's effective date, must meet all applicable Article III(c) requirements to obtain a multistate license from a new home state.

(2) A nurse who fails to satisfy the multistate licensure requirements in Article III(c) due to a disqualifying event occurring after this Compact's effective date shall be ineligible to retain or renew a multistate license, and the nurse's multistate license shall be revoked or deactivated in accordance with applicable rules adopted by the Interstate Commission of Nurse Licensure Compact Administrators ('Commission').

#### ARTICLE IV

##### Applications for Licensure in a Party State

(a) Upon application for a multistate license, the licensing board in the issuing party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any encumbrances on any license or multistate licensure privilege held by the applicant, whether any adverse action has been taken against any license

or multistate licensure privilege held by the applicant and whether the applicant is currently participating in an alternative program.

(b) A nurse may hold a multistate license, issued by the home state, in only one party state at a time.

(c) If a nurse changes primary state of residence by moving between two party states, the nurse must apply for licensure in the new home state, and the multistate license issued by the prior home state will be deactivated in accordance with applicable rules adopted by the Commission.

(1) The nurse may apply for licensure in advance of a change in primary state of residence.

(2) A multistate license shall not be issued by the new home state until the nurse provides satisfactory evidence of a change in primary state of residence to the new home state and satisfies all applicable requirements to obtain a multistate license from the new home state.

(d) If a nurse changes primary state of residence by moving from a party state to a non-party state, the multistate license issued by the prior home state will convert to a single-state license, valid only in the former home state.

#### ARTICLE V

#### Additional Authorities Invested in Party State Licensing Boards

(a) In addition to the other powers conferred by state law, a licensing board shall have the authority to:

(1) Take adverse action against a nurse's multistate licensure privilege to practice within that party state.

(i) Only the home state shall have the power to take adverse action against a nurse's license issued by the home state.

(ii) For purposes of taking adverse action, the home state licensing board shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action.

(2) Issue cease and desist orders or impose an encumbrance on a nurse's authority to practice within that party state.

(3) Complete any pending investigations of a nurse who changes primary state of residence during the course of such investigations. The licensing board shall also have the authority to take appropriate action(s) and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions.

(4) Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses, as well as, the production of evidence. Subpoenas issued by a licensing board in a party state for the attendance and testimony of

witnesses or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage and other fees required by the service statutes of the state in which the witnesses or evidence are located.

(5) Obtain and submit, for each nurse licensure applicant, fingerprint or other biometric-based information to the Federal Bureau of Investigation for criminal background checks, receive the results of the Federal Bureau of Investigation record search on criminal background checks and use the results in making licensure decisions.

(6) If otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse.

(7) Take adverse action based on the factual findings of the remote state, provided that the licensing board follows its own procedures for taking such adverse action.

(b) If adverse action is taken by the home state against a nurse's multistate license, the nurse's multistate licensure privilege to practice in all other party states shall be deactivated until all encumbrances have been removed from the multistate license. All home state disciplinary orders that impose adverse action against a nurse's multistate license shall include a statement that the nurse's multistate licensure privilege is deactivated in all party states during the pendency of the order.

(c) Nothing in this Compact shall override a party state's decision that participation in an alternative program may be used in lieu of adverse action. The home state licensing board shall deactivate the multistate licensure privilege under the multistate license of any nurse for the duration of the nurse's participation in an alternative program.

## ARTICLE VI

### Coordinated Licensure Information System and Exchange of Information

(a) All party states shall participate in a coordinated licensure information system of all registered professional nurses and licensed practical nurses. This system will include information on the licensure and disciplinary history of each nurse, as submitted by party states, to assist in the coordination of nurse licensure and enforcement efforts.

(b) The Commission, in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection and exchange of information under this Compact.

(c) All licensing boards shall promptly report to the coordinated licensure information system any adverse action, any current significant investigative information, denials of applications (with the reasons for such denials) and nurse

participation in alternative programs known to the licensing board regardless of whether such participation is deemed nonpublic or confidential under state law.

(d) Current significant investigative information and participation in nonpublic or confidential alternative programs shall be transmitted through the coordinated licensure information system only to party state licensing boards.

(e) Notwithstanding any other provision of law, all party state licensing boards contributing information to the coordinated licensure information system may designate information that may not be shared with non-party states or disclosed to other entities or individuals without the express permission of the contributing state.

(f) Any personally identifiable information obtained from the coordinated licensure information system by a party state licensing board shall not be shared with non-party states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

(g) Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

(h) The Compact administrator of each party state shall furnish a uniform data set to the Compact administrator of each other party state, which shall include, at a minimum:

(1) Identifying information;

(2) Licensure data;

(3) Information related to alternative program participation; and

(4) Other information that may facilitate the administration of this Compact, as determined by Commission rules.

(i) The Compact administrator of a party state shall provide all investigative documents and information requested by another party state.

## ARTICLE VII

### Establishment of the Interstate Commission of Nurse Licensure Compact Administrators

(a) The party states hereby create and establish a joint public entity known as the Interstate Commission of Nurse Licensure Compact Administrators.

(1) The Commission is an instrumentality of the party states.

(2) Venue is proper, and judicial proceedings by or against the Commission shall be brought solely and exclusively, in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

(3) Nothing in this Compact shall be construed to be a waiver of sovereign immunity.

(b) Membership, Voting and Meetings

(1) Each party state shall have and be limited to one administrator. The head of the state licensing board or designee shall be the administrator of this Compact for each party state. Any administrator may be removed or suspended from office as provided by the law of the state from which the Administrator is appointed. Any vacancy occurring in the Commission shall be filled in accordance with the laws of the party state in which the vacancy exists.

(2) Each administrator shall be entitled to one (1) vote with regard to the promulgation of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the Commission. An administrator shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for an administrator's participation in meetings by telephone or other means of communication.

(3) The Commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws or rules of the commission.

(4) All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in Article VIII.

(5) The Commission may convene in a closed, nonpublic meeting if the Commission must discuss:

(i) Noncompliance of a party state with its obligations under this Compact;

(ii) The employment, compensation, discipline or other personnel matters, practices or procedures related to specific employees or other matters related to the Commission's internal personnel practices and procedures;

(iii) Current, threatened or reasonably anticipated litigation;

(iv) Negotiation of contracts for the purchase or sale of goods, services or real estate;

(v) Accusing any person of a crime or formally censuring any person;

(vi) Disclosure of trade secrets or commercial or financial information that is privileged or confidential;

(vii) Disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

(viii) Disclosure of investigatory records compiled for law enforcement purposes;

(ix) Disclosure of information related to any reports prepared by or on behalf of the Commission for the purpose of investigation of compliance with this Compact;

or

(x) Matters specifically exempted from disclosure by federal or state statute.

(6) If a meeting, or portion of a meeting, is closed pursuant to this provision, the Commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The Commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and

- documents of a closed meeting shall remain under seal, subject to release by a majority vote of the Commission or order of a court of competent jurisdiction.
- (c) The Commission shall, by a majority vote of the administrators, prescribe bylaws or rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of this Compact, including but not limited to:
- (1) Establishing the fiscal year of the Commission;
  - (2) Providing reasonable standards and procedures:
    - (i) For the establishment and meetings of other committees, and
    - (ii) Governing any general or specific delegation of any authority or function of the Commission;
  - (3) Providing reasonable procedures for calling and conducting meetings of the Commission, ensuring reasonable advance notice of all meetings and providing an opportunity for attendance of such meetings by interested parties, with enumerated exceptions designed to protect the public's interest, the privacy of individuals, and proprietary information, including trade secrets. The Commission may meet in closed session only after a majority of the administrators vote to close a meeting in whole or in part. As soon as practicable, the Commission must make public a copy of the vote to close the meeting revealing the vote of each administrator, with no proxy votes allowed;
  - (4) Establishing the titles, duties and authority and reasonable procedures for the election of the officers of the Commission;
  - (5) Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the Commission. Notwithstanding any civil service or other similar laws of any party state, the bylaws shall exclusively govern the personnel policies and programs of the Commission; and
  - (6) Providing a mechanism for winding up the operations of the Commission and the equitable disposition of any surplus funds that may exist after the termination of this Compact after the payment or reserving of all of its debts and obligations;
- (d) The Commission shall publish its bylaws and rules, and any amendments thereto, in a convenient form on the website of the Commission.
- (e) The Commission shall maintain its financial records in accordance with the bylaws.
- (f) The Commission shall meet and take such actions as are consistent with the provisions of this Compact and the bylaws.
- (g) The Commission shall have the following powers:
- (1) To promulgate uniform rules to facilitate and coordinate implementation and administration of this Compact. The rules shall have the force and effect of law and shall be binding in all party states;
  - (2) To bring and prosecute legal proceedings or actions in the name of the Commission, provided that the standing of any licensing board to sue or be sued under applicable law shall not be affected;
  - (3) To purchase and maintain insurance and bonds;
  - (4) To borrow, accept or contract for services of personnel, including, but not

limited to, employees of a party state or nonprofit organizations;

(5) To cooperate with other organizations that administer state compacts related to the regulation of nursing, including but not limited to sharing administrative or staff expenses, office space or other resources;

(6) To hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of this Compact, and to establish the Commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel and other related personnel matters;

(7) To accept any and all appropriate donations, grants and gifts of money, equipment, supplies, materials and services, and to receive, utilize and dispose of the same; provided that at all times the Commission shall avoid any appearance of impropriety or conflict of interest;

(8) To lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve or use, any property, whether real, personal or mixed; provided that at all times the Commission shall avoid any appearance of impropriety;

(9) To sell, convey, mortgage, pledge, lease, exchange, abandon or otherwise dispose of any property, whether real, personal or mixed;

(10) To establish a budget and make expenditures;

(11) To borrow money;

(12) To appoint committees, including advisory committees comprised of administrators, state nursing regulators, state legislators or their representatives, and consumer representatives, and other such interested persons;

(13) To provide and receive information from, and to cooperate with, law enforcement agencies;

(14) To adopt and use an official seal; and

(15) To perform such other functions as may be necessary or appropriate to achieve the purposes of this Compact consistent with the state regulation of nurse licensure and practice.

(h) Financing of the Commission

(1) The Commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization and ongoing activities.

(2) The Commission may also levy on and collect an annual assessment from each party state to cover the cost of its operations, activities and staff in its annual budget as approved each year. The aggregate annual assessment amount, if any, shall be allocated based upon a formula to be determined by the Commission, which shall promulgate a rule that is binding upon all party states.

(3) The Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Commission pledge the credit of any of the party states, except by, and with the authority of, such party state.

(4) The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and

disbursements of funds handled by the Commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the Commission.

(i) Qualified Immunity, Defense and Indemnification

(1) The administrators, officers, executive director, employees and representatives of the Commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred, within the scope of Commission employment, duties or responsibilities, provided that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury or liability caused by the intentional, willful or wanton misconduct of that person.

(2) The Commission shall defend any administrator, officer, executive director, employee or representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error or omission that occurred within the scope of Commission employment, duties or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further that the actual or alleged act, error or omission did not result from that person's intentional, willful or wanton misconduct.

(3) The Commission shall indemnify and hold harmless any administrator, officer, executive director, employee or representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of Commission employment, duties or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties or responsibilities, provided that the actual or alleged act, error or omission did not result from the intentional, willful or wanton misconduct of that person.

ARTICLE VIII  
Rulemaking

(a) The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this Article and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment and shall have the same force and effect as provisions of this Compact.

(b) Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

(c) Prior to promulgation and adoption of a final rule or rules by the Commission,

and at least sixty (60) days in advance of the meeting at which the rule will be considered and voted upon, the Commission shall file a notice of proposed rulemaking:

(1) On the website of the Commission; and

(2) On the website of each licensing board or the publication in which each state would otherwise publish proposed rules.

(d) The notice of proposed rulemaking shall include:

(1) The proposed time, date and location of the meeting in which the rule will be considered and voted upon;

(2) The text of the proposed rule or amendment, and the reason for the proposed rule;

(3) A request for comments on the proposed rule from any interested person; and

(4) The manner in which interested persons may submit notice to the Commission of their intention to attend the public hearing and any written comments.

(e) Prior to adoption of a proposed rule, the Commission shall allow persons to submit written data, facts, opinions and arguments, which shall be made available to the public.

(f) The Commission shall grant an opportunity for a public hearing before it adopts a rule or amendment.

(g) The Commission shall publish the place, time and date of the scheduled public hearing.

(1) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing. All hearings will be recorded, and a copy will be made available upon request.

(2) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

(h) If no one appears at the public hearing, the Commission may proceed with promulgation of the proposed rule.

(i) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

(j) The Commission shall, by majority vote of all administrators, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

(k) Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule without prior notice, opportunity for comment or hearing, provided that the usual rulemaking procedures provided in this Compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

(1) Meet an imminent threat to public health, safety or welfare;

- (2) Prevent a loss of Commission or party state funds; or
- (3) Meet a deadline for the promulgation of an administrative rule that is required by federal law or rule.
- (1) The Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the Commission, prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

## ARTICLE IX

### Oversight, Dispute Resolution and Enforcement

#### (a) Oversight

- (1) Each party state shall enforce this Compact and take all actions necessary and appropriate to effectuate this Compact's purposes and intent.
- (2) The Commission shall be entitled to receive service of process in any proceeding that may affect the powers, responsibilities or actions of the Commission, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process in such proceeding to the Commission shall render a judgment or order void as to the Commission, this Compact or promulgated rules.

#### (b) Default, Technical Assistance and Termination

- (1) If the Commission determines that a party state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall:
  - (i) Provide written notice to the defaulting state and other party states of the nature of the default, the proposed means of curing the default or any other action to be taken by the Commission; and
  - (ii) Provide remedial training and specific technical assistance regarding the default.
- (2) If a state in default fails to cure the default, the defaulting state's membership in this Compact may be terminated upon an affirmative vote of a majority of the administrators, and all rights, privileges and benefits conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.
- (3) Termination of membership in this Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to

suspend or terminate shall be given by the Commission to the governor of the defaulting state and to the executive officer of the defaulting state's licensing board and each of the party states.

(4) A state whose membership in this Compact has been terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(5) The Commission shall not bear any costs related to a state that is found to be in default or whose membership in this Compact has been terminated unless agreed upon in writing between the Commission and the defaulting state.

(6) The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district in which the Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(c) Dispute Resolution

(1) Upon request by a party state, the Commission shall attempt to resolve disputes related to the Compact that arise among party states and between party and non-party states.

(2) The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes, as appropriate.

(3) In the event the Commission cannot resolve disputes among party states arising under this Compact:

(i) The party states may submit the issues in dispute to an arbitration panel, which will be comprised of individuals appointed by the Compact administrator in each of the affected party states and an individual mutually agreed upon by the Compact administrators of all the party states involved in the dispute.

(ii) The decision of a majority of the arbitrators shall be final and binding.

(d) Enforcement

(1) The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this Compact.

(2) By majority vote, the Commission may initiate legal action in the U.S. District Court for the District of Columbia or the federal district in which the Commission has its principal offices against a party state that is in default to enforce compliance with the provisions of this Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(3) The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

ARTICLE XEffective Date, Withdrawal and Amendment

(a) This Compact shall become effective and binding on the earlier of the date of legislative enactment of this Compact into law by no less than twenty-six (26) states or December 31, 2018. All party states to this Compact, that also were parties to the prior Nurse Licensure Compact, superseded by this Compact, ('Prior Compact'), shall be deemed to have withdrawn from said Prior Compact within six (6) months after the effective date of this Compact.

(b) Each party state to this Compact shall continue to recognize a nurse's multistate licensure privilege to practice in that party state issued under the Prior Compact until such party state has withdrawn from the Prior Compact.

(c) Any party state may withdraw from this Compact by enacting a statute repealing the same. A party state's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

(d) A party state's withdrawal or termination shall not affect the continuing requirement of the withdrawing or terminated state's licensing board to report adverse actions and significant investigations occurring prior to the effective date of such withdrawal or termination.

(e) Nothing contained in this Compact shall be construed to invalidate or prevent any nurse licensure agreement or other cooperative arrangement between a party state and a non-party state that is made in accordance with the other provisions of this Compact.

(f) This Compact may be amended by the party states. No amendment to this Compact shall become effective and binding upon the party states unless and until it is enacted into the laws of all party states.

(g) Representatives of non-party states to this Compact shall be invited to participate in the activities of the Commission, on a nonvoting basis, prior to the adoption of this Compact by all states.

ARTICLE XIConstruction and Severability

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable, and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any party state or of the United States, or if the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this Compact shall be held to be contrary to the constitution of any party state, this Compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

(5) In exchange for and in consideration of the above-referenced quitclaim from the State and in order to resolve all disputes as to ownership of the above-referenced marshlands, Mapache as part of a settlement, shall:

(A) Quitclaim to the State approximately 1,546 acres of marshlands which lie outside of the diked area of Raccoon Key shown on the eastern portion of the site on the aerial drawing of approximately 1,720 acres dated December 23, 2014 by Thomas and Hutton Engineering; and

(B) If no license or permit is issued to Mapache for a mitigation bank within the 5 year time limit (unless the time limit is extended by the State Properties Commission), Mapache shall return to the State the escrowed quitclaim deed of approximately 69 acres in Areas 6, 7, 8 and 9 of the Settlement Proposal drawing. No disciplinary investigation shall obstruct or prejudice an ongoing criminal investigation. No postsecondary institution shall require a victim of an alleged sexual assault to cooperate in any disciplinary investigation or to participate in any subsequent disciplinary proceedings.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

**SECTION 1.**

Article 4 of Chapter 7 of Title 31 of the Official Code of Georgia Annotated, relating to county and municipal hospital authorities, is amended by revising Code Section 31-7-94, relating to grants to hospital authorities, as follows:

"31-7-94.

(b) The General Assembly finds that hospital authorities and rural hospital organizations are essential in order to promote public health goals of the state. The General Assembly further finds that many rural hospital organizations are in desperate financial straits. In order to preserve the availability of primary health care services provided by such hospitals to residents of rural counties, the General Assembly has determined that a program of state grants is necessary and recommends funds be made

available to such hospitals. These grants will be conditioned upon those hospitals continuing to furnish essential health care services to residents in their areas of operation as well as engaging in the long-range planning and any restructuring which may be required for those hospitals to survive by devising cost-effective and efficient health care systems for meeting local health care needs.

(c) As used in this Code section, the term:

(2) 'Rural county' means a county having a population of less than 50,000 according to the United States decennial census of 2010 or any future such census; provided, however, that for counties which contain a military base or installation, the military personnel and their dependents living in such county shall be excluded from the total population of such county for purposes of this definition.

(D) Has at least 10 percent of its annual net revenue categorized as indigent care, charity care, or bad debt;

(E) Annually files IRS Form 990, Return of Organization Exempt From Income Tax, with the department, or for any hospital not required to file IRS Form 990, the department will provide a form that collects the same information to be submitted to the department on an annual basis;

(F) Is operated by a county or municipal authority pursuant to this article; and

(G) Is current with all audits and reports required by law.

(d) A rural hospital organization may apply for a grant available under subsection (e) of this Code section if it has been certified by the department as:

(A) A problem statement indicating the problem the rural hospital organization proposes to solve with the grant funds;

(B) The goals of the proposed solution;

(C) The organizational structure, financial system, and facilities that are essential to the proposed solution;

(D) The projected longevity of the proposed solution after the grant funds are expended;

(E) Evidence of collaboration with other community health care providers in achieving the proposed solution;

(F) Evidence that funds for the proposed solution are not available from another source;

- (G) Evidence that the grant funds would assist in returning the rural hospital organization to an economically stable condition or that any plan for closure or realignment of services involves development of innovative alternatives for the discontinued services;
- (H) Evidence of a satisfactory record-keeping system to account for grant fund expenditures within the rural hospital organization and the rural county;
- (I) A community health survival plan describing how the plan was developed, the goals of the plan, the links with existing health care providers under the plan, the implementation process including quantification of indicators of the hospital's financial well-being, measurable outcome targets, and the current condition of such hospital; and
- (J) Such additional evidence as the department may require to demonstrate the feasibility of the proposed solution for which grant funds are sought.
- (e) The department is authorized to make grants to rural hospital organizations certified as meeting the requirements of subsection (d) of this Code section. Grants to rural hospitals owned or operated by hospital authorities or rural hospital organizations may be for any of the following purposes:
- (1) Infrastructure development, including, without being limited to, health information technology, facility renovation, or equipment acquisition; provided, however, that the amount granted to any qualified hospital may not exceed the expenditure thresholds that would constitute a new institutional health service requiring a certificate of need under Chapter 6 of this title and the grant award may be conditioned upon obtaining local matching funds;
  - (2) Strategic planning, including, without being limited to, strategies for personnel retention or recruitment, development of an emergency medical network, or the development of a collaborative and integrated health care delivery system with other health care providers, and the grant award may be conditioned upon obtaining local matching funds for items such as telemedicine, billing systems, and medical records. For the purposes of this paragraph, the maximum grant to any grantee shall be \$500,000.00;
  - (3) Nontraditional health care delivery systems, excluding operational funds and purposes for which grants may be made under paragraph (1) or (2) of this subsection. For the purposes of this paragraph, the maximum grant to any grantee shall be \$2.5 million; or
  - (4) The provision of 24 hour emergency room services open to the general public.
- (f) In awarding grants under this Code section, the department may give priority to any otherwise eligible rural hospital organization which meets the definition of a necessary provider as specified in the state's 'Rural Healthcare Plan' of May, 1998.
- (g) The maximum grant to any hospital authority or rural hospital organization shall be \$4 million per calendar year.
- (h) The department shall be authorized to certify rural hospital organizations as provided in subsection (d) of this Code section and shall adopt regulations to implement its powers and duties under this Code section."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

**SECTION 1.**

L. 1956, p. 3237), as amended, particularly by an Act approved May 12, 2015 (Ga. L. 2015, p. 3811), is amended by revising Section 22A as follows:

"SECTION 22A.  
Code of Ethics

(a) Purpose.

(1) It is essential to the proper administration and operation of the DeKalb County government that its officials and employees be, and give the appearance of being, independent and impartial, that public office not be used for private gain, and that there be public confidence in the integrity of DeKalb County officials and employees. Because the attainment of one or more of these ends is impaired whenever there exists in fact, or appears to exist, a conflict between the private interests and public responsibilities of officials and employees, the public interest requires that the General Assembly protect against such conflicts of interest by establishing by law appropriate ethical standards with respect to the conduct of the officials and employees of DeKalb County in situations where a conflict may exist.

(2) The General Assembly recognizes that an appropriate and effective code of ethics for appointed officials and employees of DeKalb County is also essential for the proper administration and operation of the DeKalb County government.

(b) Definitions. As used in this section, the term:

(1) 'Agency' means any board, bureau, body, commission, committee, department, or office of DeKalb County to which any official has appointment powers.

(2) 'Business' means any corporation, partnership, organization, sole proprietorship, and any other entity operated for economic gain, whether professional, industrial, or commercial, and entities which for purposes of federal income taxation are treated as nonprofit organizations.

otherwise acting as an official or employee and which information is not available to members of the public under state law or other law or regulation and which the official, independent contractor, or employee is not authorized to disclose.

(4) 'Contract' means any lease, account, or agreement with any person, whether express or implied, executed or executory, verbal or in writing.

(5) 'Emergency situation' means any circumstance or condition giving rise to an immediate necessity for the execution of a contract by and between DeKalb County and an official or employee or between DeKalb County and a business in which an official or employee has an interest and where, upon review by the Chief Executive and upon advice by the Board of Ethics, it is evident that such person or organization is the sole source of the services to be provided.

(6) 'Gratuity' means anything of value given by or received from a prohibited source; provided, however, that the term shall not include any of the following:

(A) Payment by the county of salaries, compensation, expenses, or employee benefits; or payment by an employer or business other than the county of salaries, compensation, expenses, or employee benefits or payments of fees for services rendered pursuant to a contract, when the payment is unrelated to the official's or employee's status with the county and is not made for the purpose of influencing, directly or indirectly, the vote, official action, or decision of the official or employee;

(C) Reasonable means or refreshments or tokens of minimal value furnished in connection with an official's or employee's appearance in an official capacity at a public, civic, charitable, or nonprofit ceremony, event, convention, or conference, whether or not the sponsor of the event does business with the county;

(D) Hospitality or meals extended for a social, charitable, nonprofit, convention, conference, or business purpose unrelated to the official business of the county;

(E) Reimbursements from noncounty sources of reasonable hosting expenses, including travel, meals, and lodging, provided to an official or employee in connection with speaking engagements, participation on professional or civic panels, teaching, or attendance at conferences in an official capacity;

**A BILL TO BE ENTITLED  
AN ACT**

To amend Chapter 14 of Title 10 of the Official Code of Georgia Annotated, relating to cemetery and funeral services, so as to permit a cemetery or cemetery company to request a trustee to distribute income earned by an irrevocable trust fund utilizing certain unitrust distribution method provisions; to provide for a definition; to modify a cross-reference; to provide for related matters; to repeal conflicting laws; and for other purposes.

**BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:**

**SECTION 1.**

Chapter 14 of Title 10 of the Official Code of Georgia Annotated, relating to cemetery and funeral services, is amended by revising Code Section 10-14-6, relating to irrevocable trust fund, as follows:

"10-14-6.

(a) As used in this Code section, the term 'income' means:

(1) The net income, including the collected dividends, interest, net realized gains, and other income of the trust reduced by any expenses, including, but not limited to, taxes on income, fees, commissions, and costs; or

(2) Four percent of the net fair market value of the trust assets, averaged over the lesser of the three preceding years or the period during which the trust has been in existence.

~~(a)~~(b)(1) Each cemetery or cemetery company required to be registered by this chapter shall establish and maintain an irrevocable trust fund for each cemetery owned.

(2) For trust funds established on or after July 1, 2000, the initial deposit to said irrevocable trust fund shall be the sum of \$10,000.00 and the deposit of said sum shall be made before selling or contracting to sell any burial right. No such initial deposit shall be required with respect to any cemetery for which there is an existing perpetual care account on July 1, 2000. The trust fund shall apply to sales or contracts for sale of lots, grave spaces, niches, mausoleums, columbaria, urns, or crypts in which perpetual care has been promised or guaranteed.

(3) The initial corpus of the trust fund and all subsequent required deposits shall be deposited in a state bank, state savings and loan institution, savings bank, national bank, or federal savings and loan institution, whose deposits are insured by the Federal Deposit Insurance Corporation or other governmental agency, or a state or federally chartered credit union insured under 12 U.S.C. Section 1781 of the Federal Credit Union Act, or other depository or trustee which is approved by the Secretary of State or which meets the standards contained in the rules and regulations promulgated by the Secretary of State.

(4) Each perpetual care trust fund established on or after July 1, 2000, shall be named 'The \_\_\_\_\_ Cemetery \_\_\_\_\_ Perpetual Care Trust Fund' with the first blank being filled by the name of the cemetery and the second blank being filled by the month and year of the establishment of such trust fund. If a cemetery has a perpetual care trust fund existing on July 1, 2000, and the perpetual care trust fund agreement permits, the cemetery may make additional deposits to such a trust fund on the condition that the entire corpus of the trust fund, any income earned by the trust fund, and any subsequent deposits to the trust fund are thereafter governed by the provisions of this chapter, the 'Georgia Cemetery and Funeral Services Act of 2000,' as it existed on July 1, 2000, except for the amount of the initial deposit to the trust fund. If a cemetery owner or company elects to establish a new perpetual care trust fund subject to the provisions of this chapter, the 'Georgia Cemetery and Funeral Services Act of 2000,' as it existed on July 1, 2000, any perpetual care trust fund which existed on July 1, 2000, is subject to the provisions of law in effect on the date of its establishment, and deposits for sales transacted on or after July 1, 2000, shall be deposited in the trust fund established on or after July 1, 2000. If a cemetery existing on July 1, 2000, has an existing perpetual care trust fund which complies with

provisions of law in effect on the date of its establishment, a new trust fund created in compliance with this chapter shall not require an initial deposit.

~~(b)~~(c) Whenever any burial right, cemetery lot, grave space, niche, mausoleum, columbarium, urn, or crypt wherein perpetual care or endowment care is promised or contracted for or guaranteed is sold by any cemetery, the cemetery shall make deposits to the trust fund that equal 15 percent of the sales price of the burial right or 7.5 percent of the total sales price of any mausoleums, niches, columbaria, urns, or crypts, provided that the minimum deposit for each burial right shall be \$50.00; provided, further, that on July 1, 2003, and every three years thereafter, the amount of said minimum deposit shall be adjusted by the rate of change in the Consumer Price Index as reported by the Bureau of Labor Statistics of the United States Department of Labor. The Secretary of State shall adopt such adjustment to the amount of said minimum deposit by rule. Deposits to the trust fund shall be made not later than 30 days following the last day of the month in which payment therefor is made, or, in the case of a free space, the month in which the space is given. In the event any sale is made on an installment basis, not less than a pro rata share of the principal portion of each payment made and allocated to the lot, grave, space, niche, mausoleum, columbarium, urn, or crypt shall be allocated to the required trust fund deposit, provided that all deposits to the trust fund shall be completed within six years from the date of the signing of the perpetual care contract. The manner of any such allocation shall be clearly reflected on the books of the registrant.

~~(e)~~(d) The initial \$10,000.00 corpus of the perpetual care trust fund shall not be counted as part of the required periodic deposits and shall be considered to be corpus or principal.

~~(d)~~(e)(1) The income earned by the trust fund shall be retained by the trust fund. At such time as either:

(1)(A) The cemetery owner is not licensed and has not been licensed for 90 or more consecutive days to sell burial rights;

(2)(B) The cemetery is under the management of a receiver; or

(3)(C) Less than 50 percent of available lots are unsold,

95 percent of the income from the trust fund shall be paid to the owner or receiver exclusively for covering the costs of care and maintenance of the cemetery, including reasonable administrative expenses incurred in connection therewith. The income of the trust fund shall be paid to the owner or receiver at intervals agreed upon by the recipient and the trustee, but in no case shall the income be paid more often than monthly.

(2) Subject to the limitations set forth in paragraph (1) of this subsection, a cemetery owner or receiver may request a trustee to distribute income following the unitrust distribution method provisions outlined in Code Section 53-12-362. The cemetery owner or receiver may select the unitrust distribution method by delivering written instructions to the trustee no later than 60 days prior to when the conversion shall take place. Such notification shall also be provided to the Secretary of State. The unitrust distribution method and the distribution rate selected shall remain in effect unless the

cemetery or cemetery company notifies the trustee and the Secretary of State of its desire to effect a change.

(3) Disbursements from the trust in accordance with this subsection shall be made on a monthly, quarterly, semiannual, or annual basis, as agreed upon by the cemetery or cemetery company and the trustee.

(4) The Secretary of State shall limit or prohibit any distribution based on the unitrust distribution method provisions in situations where investment returns and distribution practices have not resulted in sufficient protection of the perpetual care trust fund's trust principal based upon a three to five-year analysis.

~~(e)~~(f) There shall be no withdrawals from the trust fund except pursuant to the provisions of this chapter or by court order.

~~(f)~~(g)(1) The assets of a trust fund shall be invested and reinvested subject to all the terms, conditions, limitations, and restrictions imposed by the laws of the State of Georgia upon executors and trustees regarding the making and depositing of investments with trust moneys pursuant to former Code Sections 53-8-1 through 53-8-4 as such existed on December 31, 1997, if applicable; Code Section 53-8-1; or Code Section 53-12-340. Subject to said terms, conditions, limitations, and restrictions, the trustee of the perpetual care trust fund shall have full power to hold, purchase, sell, assign, transfer, reinvest, and dispose of any of the securities and investments in which any of the assets of said fund are invested, including proceeds of investments.

(2) Any state bank, national bank, or other financial institution authorized to act in a fiduciary capacity in this state, which presently or in the future serves as a fiduciary or cofiduciary of the trust fund of a perpetual care cemetery, may invest part or all of such trust fund held by it for investment in interests or participation in one or more common trust funds established by that state bank, national bank, or other financial institution for collective investment, if such investment is not expressly prohibited by the instrument, judgment, decree, or order creating the fiduciary relationship and if, in the case of cofiduciaries the trust institution procures the consent of its cofiduciary or cofiduciaries to such investment, and notwithstanding the fact that such common trust funds are not invested and reinvested subject to all the terms, conditions, limitations, and restrictions imposed by the laws of the State of Georgia upon executors and trustees in the making and disposing of their investments.

(3) Notwithstanding any other provision of this subsection, the Secretary of State shall establish rules and regulations for investments of a trust fund established on or after July 1, 2000, or otherwise governed by this chapter, the 'Georgia Cemetery and Funeral Services Act of 2000,' as it existed on July 1, 2000, as necessary to preserve the corpus and income of such a fund and for determining what restrictions are necessary for such purpose.

(4) At any time, in the event that the perpetual care trust fund contains an amount less than the amount required by this Code section, the cemetery owner shall, within 15 days after the earlier of becoming aware of such fact or having been so notified by the Secretary of State, deposit into the perpetual care trust fund an amount equal to such shortfall. In the event that the Secretary of State and the cemetery owner disagree

regarding the amount of such shortfall, no penalty shall be imposed upon the cemetery owner for any failure to comply with this paragraph unless such failure occurs after notice and opportunity for a hearing as provided in Code Section 10-14-23.

~~(g)~~(h) Moneys of the perpetual care trust fund shall not be invested in or loaned to any business venture controlled by the cemetery owner, a person who owns a controlling interest of a cemetery owner that is not a natural person, or an affiliate of any of these persons or entities.

~~(h)~~(i) The trustee shall furnish yearly to the Secretary of State a financial report in a form designated by the Secretary of State with respect to the perpetual care trust fund.

~~(i)~~(j) Upon a finding by a court of competent jurisdiction of failure to deposit or maintain funds in the trust account as required by this chapter or of fraud, theft, or misconduct by the owners of the cemetery or the officers or directors of a cemetery company which has wasted or depleted such funds, the cemetery owners or the officers or directors of a cemetery company may be held jointly and severally liable for any deficiencies in the trust account as required in this chapter."

**SECTION 2.**

Said chapter is further amended by revising paragraph (5) of subsection (a) of Code Section 10-14-11, relating to stop order suspending or revoking registration, denial or refusal of application for registration, and penalties, as follows:

"(5) The trustee for the perpetual care trust fund or the escrow agent for the preneed escrow account has failed to file financial reports required by subsection ~~(h)~~ (i) of Code Section 10-14-6 or subsection (g) of Code Section 10-14-29;"

HB 154. By Representatives Cooper of the 43rd, Hatchett of the 150th, Abrams of the 89th, Hawkins of the 27th and Henson of the 86th:

A BILL to be entitled an Act to amend Article 3 of Chapter 11 of Title 43 of the Official Code of Georgia Annotated, relating to dental hygienists, so as to authorize licensed dental hygienists to perform certain functions under general supervision in certain settings; to provide for legislative findings and intent; to provide for definitions; to provide for criteria; to provide for requirements; to collect certain Medicaid data; to provide for statutory construction; to provide for related matters; to provide an effective date; to repeal conflicting laws; and for other purposes.

Senate Sponsor: Senator Unterman of the 45th.

The Senate Committee on Health and Human Services offered the following substitute to HB 154:

A BILL TO BE ENTITLED  
AN ACT

To amend Article 3 of Chapter 11 of Title 43 of the Official Code of Georgia Annotated, relating to dental hygienists, so as to authorize licensed dental hygienists to perform certain functions under general supervision in certain settings; to provide for legislative findings and intent; to provide for definitions; to provide for criteria; to provide for requirements; to collect certain Medicaid data; to provide for statutory construction; to provide for related matters; to provide an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

**SECTION 1.**

(a) The General Assembly finds that:

- (1) Statistics show that nearly one-third of older adults have untreated tooth decay and nearly 25 percent of adults ages 65 to 74 have severe gum disease. Statistics also show that a significant percentage of lower income children in Georgia do not have adequate access to dental care, putting them at significant risk of developing tooth decay and other oral health conditions;
- (2) Professional preventative hygiene services can help prevent such conditions before they begin;
- (3) Preventative care is the most cost-effective care that can be delivered to the public;
- (4) In 2016, 4,106 Georgians sought emergency dental care at Grady Memorial Hospital at a cost of \$1.75 million; and
- (5) Of Georgia's 159 counties, 118 are considered dental health professional shortage areas, meaning there are not enough licensed dentists in those areas to meet the dental care needs of the public, resulting in individuals seeking emergency care for dental issues.

(b) It is the intent of the General Assembly to increase access to preventative dental care for underserved and needy populations. It is further the intent of the General Assembly that the rules and regulations promulgated by the Georgia Board of Dentistry pursuant to this Act effectuate this purpose to the greatest extent allowable.

**SECTION 2.**

Article 3 of Chapter 11 of Title 43 of the Official Code of Georgia Annotated, relating to dental hygienists, is amended by revising Code Section 43-11-74, relating to direct supervision requirements, scope of duties, and exceptions to required supervision for dental screenings, as follows:

"43-11-74.

(a) As used in this Code section the term:

- (1) 'Direct supervision' means that a licensed dentist is in the dental office or treatment facility, personally diagnoses the condition to be treated, personally authorizes the procedure and remains in the dental office or treatment facility while the procedure is being performed by the dental hygienist, and before dismissal of the patient, examines the patient.
- (2) 'General supervision' means that a licensed dentist has authorized the delegable duties of a licensed dental hygienist but does not require that a licensed dentist be present when such duties are performed.

(b) Licensed dental ~~Dental~~ hygienists shall perform their duties only under the direct supervision of a licensed dentist, except as otherwise provided in this Code section. No licensed dental hygienist shall diagnose, prescribe, determine the initial dosage, or increase the initial dosage of nitrous oxide, practice dentistry, or do any kind of dental work other than to remove calcareous deposits, secretions, and stains from the surfaces of the teeth, to apply ordinary wash or washes of a soothing character, and to perform

those acts, services, procedures, and practices which the board shall prescribe by rule or regulation. ~~The board shall not delegate to dental hygienists the authority to administer local anesthesia, except that this restriction shall automatically expire July 1, 1992.~~

~~(b)~~(c) After meeting such additional education and training requirements as the board may require by rule or regulation, a licensed dental hygienist may perform such other acts, practices, services, or procedures under the direct supervision of a licensed dentist, which the board may prescribe by rule or regulation subject, however, to the limitations set forth in subsection ~~(a)~~ (b) of this Code section.

~~(e)~~(d) The requirement of direct supervision shall not apply to the educational training of dental hygiene students at an institution approved by the board and the Commission on Dental Accreditation of the American Dental Association, or its successor agency, when such instruction is carried out under such degree of supervision by a licensed dentist as the board may prescribe by rule or regulation.

~~(d)~~(e) The requirement of direct supervision shall not apply to the performance of dental hygiene duties at approved dental facilities of the Department of Public Health, county boards of health, or the Department of Corrections or the performance of dental hygiene duties by personnel of the Department of Public Health or county boards of health at approved offsite locations. ~~The board shall provide by rule or regulation for criteria for approval of such facilities and for the appropriate degree of supervision by a licensed dentist over dental hygienists performing duties in such facilities.~~

~~(e)~~(f)(1) As used in this subsection, the term 'dental screening' means a visual assessment of the oral cavity without the use of X-rays, laboratory tests, or diagnostic models to determine if it appears that a more thorough clinical examination and diagnosis should be conducted by a licensed dentist.

(2) The requirement of direct supervision shall not apply to the performance of licensed dental hygienists providing dental screenings in settings which include: schools; hospitals; ~~and~~ clinics; ~~and~~ state, county, local, and federal public health programs; federally qualified health centers; volunteer community health settings; senior centers; and family violence shelters, as defined in Code Section 19-13-20. Other health fair settings must be preapproved by the board.

(3) Each person who receives a dental screening pursuant to this subsection, or the parent or legal guardian if the person is a minor, must be informed in writing of the purpose and limitations of a dental screening and advised to seek a more thorough clinical examination by a licensed dentist to determine whether or not problems exist that might not be discovered in a dental screening. There shall be no fees charged for providing a dental screening pursuant to this subsection except for dental screenings provided by employees of the Department of Public Health or county boards of health. These fees must be paid directly to that department or county board of health and not to the individual who performs the dental screening.

(g)(1) In a private dental office setting, a licensed dental hygienist may perform only the following functions under general supervision:

(A) Application of sealants and oral prophylaxis and assessment;

(B) Fluoride treatment;

(C) Oral hygiene instruction and education; and

(D) Exposure and processing of radiographs if provided for by specific standing orders of the authorizing licensed dentist, including any protocols regarding urgent dental issues that arise.

(2) A licensed dentist in a private dental office setting may authorize general supervision of a licensed dental hygienist only upon meeting the following criteria:

(A) A new patient of record must be clinically examined by the authorizing licensed dentist during the initial visit;

(B) A patient must be examined by the authorizing licensed dentist at a minimum of twelve-month intervals; and

(C) A patient must be notified in advance of the appointment that he or she will be treated by the licensed dental hygienist under general supervision without the authorizing licensed dentist being present or being examined by the authorizing licensed dentist.

(h) In school settings, licensed dental hygienists may apply topical fluoride and perform the application of sealants and oral prophylaxis under general supervision, with written permission of the student's parent or guardian. Such written permission may be obtained by the school in the same manner as other parental permissions are obtained. Licensed dental hygienists may also, without prior written permission of the student's parent or guardian, provide oral hygiene instruction and counseling. Confidentiality of any records related to services provided to a student pursuant to this subsection shall be maintained by the licensed dental hygienist and authorizing licensed dentist in compliance with the federal Family Educational Rights and Privacy Act of 1974, 20 U.S.C. Section 1232g. School settings shall include only schools that are Title I schools under the federal Elementary and Secondary Education Act, schools in which at least 65 percent of the student population is eligible for free or reduced price lunch under federal guidelines, Head Start programs, and Georgia's Pre-K Program.

(i) In hospitals, nursing homes, long-term care facilities, rural health clinics, federally qualified health centers, health facilities operated by federal, state, county, or local governments, hospices, family violence shelters as defined in Code Section 19-13-20, and free health clinics as defined in Code Section 51-1-29.4, licensed dental hygienists may apply topical fluoride and perform the application of sealants and oral prophylaxis under general supervision.

(j) A licensed dental hygienist providing dental hygiene services pursuant to subsection (h) or (i) of this Code section shall:

(1) Not perform any dental hygiene services on a patient that has dental pain or clearly visible evidence of widespread dental disease. The licensed dental hygienist shall immediately refer such patient to the authorizing licensed dentist for clinical examination and treatment. The licensed dental hygienist shall notate such patient's file and the patient shall not be eligible to receive dental hygiene services pursuant to subsection (h) or (i) of this Code section until a licensed dentist provides written authorization that such services may be performed on the patient;

(2) Prior to providing any dental hygiene services, obtain, study, and comprehend the

school's or facility's protocols and procedures regarding medical emergencies and implement and comply with such protocols and procedures if a medical emergency arises during the provision of dental hygiene services; and

(3) Provide to each patient receiving such services written notice containing:

(A) The name and license number of the licensed dental hygienist and the authorizing licensed dentist;

(B) Any dental hygiene issues that the licensed dental hygienist identified during the performance of dental hygiene duties. If dental hygiene services are not performed on the patient pursuant to paragraph (1) of this subsection, the written notice shall include a statement that the patient is not eligible to receive dental hygiene services until a clinical examination is performed by a licensed dentist and a licensed dentist provides written authorization that services may be performed; and

(C) A statement advising each patient who receives dental hygiene services to seek a more thorough clinical examination by a licensed dentist within 90 days, unless the authorizing licensed dentist performed an initial clinical examination of the patient.

The licensed dental hygienist shall make all reasonable efforts to provide such written notice to parents or legal guardians of minors or incapacitated adults who receive dental hygiene services and to the long-term care facility or nursing home for residents of such facilities who receive dental hygiene services.

(k)(1) Any licensed dental hygienist performing dental hygiene services under general supervision pursuant to this Code section shall have at least two years of experience in the practice of dental hygiene, shall be in compliance with continuing education requirements pursuant to Code Section 43-11-73.1 and cardiopulmonary resuscitation certification requirements contained in Code Section 43-11-73, and shall be licensed in good standing.

(2) Licensed dental hygienists practicing under general supervision shall maintain professional liability insurance in accordance with board rules and regulations.

(1)(1) No licensed dentist shall be required to authorize a licensed dental hygienist or dental hygienists to perform dental hygiene duties pursuant to subsection (g), (h), or (i) of this Code section.

(2) It shall be in the sole discretion of the authorizing licensed dentist as to whether or not to require an initial examination of the patient prior to the performance by a licensed dental hygienist of dental hygiene services under general supervision.

(3) A licensed dentist may only authorize up to four licensed dental hygienists to provide dental hygiene services pursuant to subsection (g), (h), or (i) of this Code section at any one time.

(4) A licensed dentist authorizing one or more licensed dental hygienists to provide dental hygiene services pursuant to subsection (h) or (i) of this Code section shall practice dentistry and treat patients in a physical and operational dental office located in this state within 50 miles of the setting in which the dental hygiene services are to be provided under general supervision.

(m) Dental hygiene services provided by licensed dental hygienists in mobile dental vans shall always be provided under direct supervision.

(n) Dental assistants may use rubber cup prophylaxis on a patient with primary dentition under the direct supervision of a licensed dentist in accordance with any guidelines or rules established by the board. Dental assistants shall meet any education, training, or other requirements as established by the board.

(o)(1) Nothing in this Code section shall be construed to require a school or facility receiving dental hygiene services provided pursuant to subsection (h) or (i) of this Code section to purchase any equipment.

(2) Nothing in this Code section shall be construed to establish independent dental hygiene practice.

(p) The Department of Community Health shall collect or cause to be collected data regarding changes to utilization rates for dental services provided to recipients of Medicaid and shall make such data readily available to members of the General Assembly upon written request.

(q) The Georgia Board of Dentistry shall provide a report to the House Committee on Health and Human Services and the Senate Health and Human Services Committee by January 1 in 2018, 2019, and 2020 on the number of licensed dentists providing dental hygienist services under general supervision in each of the following settings: hospitals; nursing homes; long-term care facilities; rural health clinics; federally qualified health centers; health facilities operated by federal, state, county, or local governments; hospices; family violence shelters as defined in Code Section 19-13-20; and free health clinics as defined in Code Section 51-1-29.4."

## DEPARTMENT OF AUDITS AND ACCOUNTS

**Greg S. Griffin**  
STATE AUDITOR  
(404) 656-2174

February 3, 2017

Honorable Jay Powell  
Chairman, House Ways and Means  
133 State Capitol  
Atlanta, Georgia 30334

SUBJECT: Fiscal Note  
House Bill 125 (LC 43 0479)

Dear Chairman Powell:

The bill would create a sales tax exemption for certain tangible property used in the repair or maintenance of boats. Under the bill, if the total cost of eligible goods used in a repair of a boat exceeds \$500,000, then all eligible goods used in that repair is exempt from sales and use taxes. Eligible goods are defined as “engines, parts, equipment, or other securely affixed tangible personal property.” The bill does not specify an effective date for the exemption, so it is assumed to be effective for purchases on or after July 1, 2017.

### **Impact on State and Local Revenue**

Limited data are available from which to estimate the revenue effects of this exemption, but an economic impact assessment of a planned boat repair yard in the Savannah area enabled estimation of the foregone sales tax revenue from the exemption for that facility. Based on that analysis and certain assumptions regarding other facilities detailed in the attached appendix, projected state revenue losses from the sales tax exemption are between \$1.03 million and \$1.54 million in FY 2019, rising to between \$1.09 and \$1.63 million in FY 2022 (Table 1). Local revenue losses are approximately 25% lower than state losses each year.

**Table 1. State and Local Revenue Loss from LC 43 0479**

<i>(\$ millions)</i>	<b>FY 2018</b>	<b>FY 2019</b>	<b>FY 2020</b>	<b>FY 2021</b>	<b>FY 2022</b>
Low Loss Estimates:					
State Revenue Loss	\$0.51	\$1.03	\$1.05	\$1.07	\$1.09
Local Revenue Loss	\$0.38	\$0.77	\$0.79	\$0.80	\$0.82
High Loss Estimates:

Local Revenue Loss	\$0.57	\$1.15	\$1.18	\$1.20	\$1.23

**Impact on State Agency Costs**

The Department of Revenue did not anticipate the need for additional funds as a result of the bill, stating that any changes could be paid for with existing funds.

Sincerely,

/s/ Greg S. Griffin  
State Auditor

**Analysis by the Fiscal Research Center**

The economic impact assessment of the Savannah Yacht Center (SYC), which is currently under construction in Savannah and scheduled to begin limited operations in 2017 (see company website, savannahyc.com), projects revenues for the facility, and describes the activities and cost structure such that the cost of parts for major repair and refitting activities could be roughly estimated.

- Revenues at anticipated operating levels are projected in the report to be \$52 million annually once the facility is fully operational. For purposes of the projections, revenues for calendar year 2018 are assumed to be \$52 million (half of that in FY 2018), growing thereafter at 2 percent per annum.
- Based on the same report, it is assumed that major repairs, those of the scope and duration likely to reach the \$500,000 of tangible property threshold in the bill, account for about 64 percent of total revenues or about \$33 million the first calendar year. Of that, about 43 percent (or about \$14 million the first calendar year) is assumed to be spent for the purchase of parts and materials for these major repairs.

No data are available from which to estimate the share of parts and materials purchases that would meet the “securely affixed” condition in the definition of an eligible good. However, anecdotal reports from online yachting publications and related websites

suggest that consumable materials and supplies, and items that may not be affixed to the vessel comprise a very small, possibly-immaterial share of tangible property purchases for major repair and refitting jobs. Thus in the interest of conservatism in estimating revenue losses, it is assumed that such ineligible purchases make up only about 5 percent of total parts and materials purchases.

On this basis, state and local (at 3%) sales tax revenues from SYC's major repairs parts and materials purchases, absent the exemption, would be as shown in Table 2.

**Table 2. Savannah Yacht Center Major Repair Parts, Estimated Sales Tax Cost**

(\$ millions)	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022
State Revenue Loss	\$0.25	\$0.51	\$0.52	\$0.53	\$0.54
Local Revenue Loss	\$0.19	\$0.38	\$0.39	\$0.40	\$0.41

Existing businesses may also qualify for the proposed exemption, but no data are available as to the volumes of such existing, qualifying activity. A search for yacht and ship repair yards in Georgia revealed two facilities that, to varying degrees, are similar to SYC in terms of facilities and services offered. Both appear to be smaller in terms of boat sizes handled and only one appears to have a dry dock. However, both have lifts and ship rails and offer major repair and refitting services. Other facilities may exist, though none could be identified. For this reason, the estimates in Table 2 are grossed up to allow for existing, qualifying activity of one and two times that estimated for SYC. These amounts are shown in Table 1 as the low and high cost estimates, respectively.

The Senate Committee on Finance offered the following substitute to HB 125:

A BILL TO BE ENTITLED  
AN ACT

To amend Part 1 of Article 1 of Chapter 8 of Title 48 of the Official Code of Georgia Annotated, relating to general provisions regarding state sales and use tax, so as to create an exemption from payment of sales tax in excess of \$35,000.00 for certain tangible personal property sold or used to maintain, refit, or repair a boat during a single event; to provide for automatic repeal; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

**SECTION 1.**

Part 1 of Article 1 of Chapter 8 of Title 48 of the Official Code of Georgia Annotated, relating to general provisions regarding state sales and use taxes, is amended by adding a new Code section to read as follows:

"48-8-3.4.

(a) As used in this Code section, the term:

- (1) 'Boat' means a vehicle used or capable of being used as a means of transportation on the water.
- (2) 'Event' means an uninterrupted period of time beginning when a boat arrives at a maintenance, refit, or repair facility in this state and ending when such boat departs such facility.
- (b) Notwithstanding any other provision of this article, the maximum amount of sales and use tax imposed and collected to maintain, refit, or repair a boat in this state during a single event shall not exceed \$35,000.00.
- (c) The commissioner shall promulgate any rules and regulations necessary to implement and administer this Code section, including, but not limited to, calling for an annual report to be issued to the department and the chairpersons of the House Committee on Ways and Means and the Senate Finance Committee that contains the following:
- (1) The number of full-time and part-time positions created by the seller during the preceding tax year;
- (2) The average salary of individuals employed in the reported positions; and
- (3) The total revenue generated and sales and use taxes collected from qualifying events during the preceding year.
- (d) This Code section shall be automatically repealed on June 30, 2020."

## SECTION 2.

All laws and parts of laws in conflict with this Act are repealed.

The following Fiscal Note, as required by law, was read by the Secretary:

SUBJECT: Fiscal Note  
House Bill 125 (LC 34 5201S)

Dear Chairman Hufstetler:

The bill would create a sales tax exemption for certain tangible property used in the repair or maintenance of boats. Under the bill, the maximum combined state and local sales and use tax collected on one boat repair or refitting event is \$35,000. With a local tax rate of 3 percent and state tax rate of 4 percent, the bill would effectively exempt parts and materials in excess of \$500,000 in value. The bill does not specify an effective date for the exemption, so it is assumed to be effective for purchases on or after July 1, 2017. The bill includes a sunset date of June 30, 2020.

### **Impact on State and Local Revenue**

Limited data are available from which to estimate the revenue effects of this exemption, but an economic impact assessment of a planned boat repair yard in the Savannah area enabled estimation of the foregone sales tax revenue from the exemption for that facility. Based on that analysis and certain assumptions regarding other facilities detailed in the attached appendix, projected state revenue losses from the sales tax exemption are between \$0.6 million and \$0.9 million in FY 2019 and FY 2020 (Table 1). Local revenue losses are slightly lower than state losses each year.

### Analysis by the Fiscal Research Center

The economic impact assessment of the Savannah Yacht Center (SYC), which is currently under construction in Savannah and scheduled to begin limited operations in 2017 (see company website, savannahyc.com), projects revenues for the facility, and describes the activities and cost structure such that the cost of parts for major repair and refitting activities could be roughly estimated.

For purposes of the projections, revenues for calendar year 2018 are assumed to be \$52 million (half of that in FY 2018), growing thereafter at 2 percent per annum.
- Based on the same report, it is assumed that major repairs, those of the scope and duration likely to reach the \$500,000 of tangible property threshold in the bill, account for about 64 percent of total revenues or about \$33 million the first calendar year. Of that, about 43 percent (or about \$14 million the first calendar year) is assumed to be spent for the purchase of parts and materials for these major repairs.
- In addition, based on the same report, 12 major repair projects are likely to reach the threshold in calendar year 2018 with an average of \$1.14 million in parts and materials each. Thus, with the first \$500,000 of each repair's parts cost taxed and the balance exempted, \$0.64 million or 56 percent of parts and materials purchased for major repairs, on average, are assumed to be exempt parts and materials purchases.

On this basis, state and local (at 3%) sales tax revenue losses from SYC's major repairs parts and materials purchases, assuming passage of the exemption, would be as shown in Table 2. These amounts are 56 percent of projected sales tax collections under current law from major repair parts and materials purchases.

**Table 2. Savannah Yacht Center Major Repair Parts, Estimated Sales Tax Revenue Loss**

(\$ millions)	FY 2018	FY 2019	FY 2020
State Revenue	\$0.15	\$0.31	\$0.32

Senator Watson of the 1st moved the previous question.

Senator Henson of the 41st objected.

On the motion, the yeas were 29, nays 15; the motion prevailed, and the previous question was ordered.

On the adoption of the substitute, there were no objections, and the committee substitute was adopted.

The report of the committee, which was favorable to the passage of the bill by substitute, was agreed to.

On the passage of the bill, a roll call was taken, and the vote was as follows:

Where feasible and where services are provided, funds for construction projects shall also be distributed to the local start-up charter school as earned. In all other fiscal matters, including applicable federal allotments, the local board shall treat the local start-up charter school no less favorably than other local schools located within the applicable school system and shall calculate and distribute the funding for the start-up charter school on the basis of its actual or projected enrollment in the current school year according to an enrollment counting procedure or projection method stipulated in the terms of the charter. The Department of Education shall implement procedures that ensure that each local charter school receives from its local school system the proportionate amount of federal funds for which such local charter school is eligible under each federal program, including but not limited to funds earned pursuant to Title I, Title II, and Title III of the federal Elementary and Secondary Education Act and pursuant to the federal Individuals with Disabilities Education Act. Such calculations shall be published as soon as practicable prior to the distribution of funds to the local charter school by the local board and shall be updated upon receipt of any additional federal funds received pursuant to state reallocation of federal funds and distributed to local charter schools. Such calculations may be published in conjunction with the financial and transparency information required to be published by local boards of education pursuant to Part 3A of Article 2 of Chapter 14 of Title 20. A BILL TO BE ENTITLED  
AN ACT

To amend Article 22 of Chapter 1 of Title 10 of the Official Code of Georgia Annotated, relating to motor vehicle franchise practices, so as to provide standards for reasonable compensation by a franchisor, manufacturer, distributor, or third party for parts and labor for warranty service work by a dealer; to provide for payments after a stop-sale or do not drive order of a motor vehicle in certain instances; to provide for right of first refusal; to correct a cross-reference; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

**SECTION 1.**

Article 22 of Chapter 1 of Title 10 of the Official Code of Georgia Annotated, relating to motor vehicle franchise practices, is amended by revising Code Section 10-1-641, relating to dealer's predelivery preparation, warranty service, and recall work obligations to be provided in writing, and recovery costs, as follows:

"10-1-641.

(a)(1) Each ~~distributor~~ franchisor, manufacturer, or distributor ~~or warrantor~~:

(A) Shall specify in writing to each of its dealers in this state the dealer's obligations for predelivery preparation including the repair of damages incurred in the transportation of vehicles as set forth in Code Section 10-1-642, recall work, and warranty service on its products;

(B) Shall reasonably compensate the dealer for parts and labor provided for such warranty service work and service required of the dealer by the distributor, manufacturer, or warrantor as provided in paragraph (2) of this subsection;

(C) Shall provide the dealer with a schedule of compensation to be paid such dealer for parts, work, and service in connection therewith; and

(D) Shall provide the dealer with a schedule of the time allowance for the performance of such work and service. Any such schedule of compensation shall include reasonable compensation for diagnostic work, repair service, and labor. Time allowances for the diagnosis and performance of such work and service shall be reasonable and adequate for the work to be performed.

(2)(A) In the determination of what constitutes reasonable compensation for parts ~~reimbursement~~ and labor ~~rates~~ under this Code section, the principal factors to be considered shall be the retail ~~price paid to dealers for parts and the prevailing hourly labor rates paid to dealers doing the repair, work, or service and to other dealers in the community in which the dealer doing the repair, work, or service is doing business for the same or similar repair, work, or service. However, in no event shall parts reimbursement paid to the dealer be less than the retail price for such parts~~

~~being paid to such dealer by nonwarranty customers for nonwarranty parts replacement, and in no event shall the hourly labor rate paid to a dealer for such warranty repair, work, or service be less than the rate charged by such dealer for like repair, work, or service to nonwarranty customers for nonwarranty repair, work, or service rates customarily charged by the dealer, as established pursuant to this paragraph, and the rates for parts and labor charged by other similarly situated franchised dealers in a comparable geographic area in this state offering the same line-make vehicles.~~

(B) The retail rate customarily charged by the dealer for parts shall be established by the dealer submitting to the franchisor, manufacturer, or distributor 100 sequential nonwarranty customer-paid service repair orders which contain warranty-like repairs or 90 consecutive days of nonwarranty customer-paid service repair orders which contain warranty-like parts, whichever is less. Such service repair orders shall cover repairs made no more than 180 days before the submission. If the franchisor, manufacturer, or distributor determines, from any set of repair orders submitted under this subparagraph, that the retail markup rate for parts calculated is substantially higher or lower than the rate currently on record with the franchisor, manufacturer, or distributor, then the franchisor, manufacturer, or distributor may request additional documentation for a period of either 60 days prior to or 60 days subsequent to the time period for which the repair orders were submitted for purposes of an adjustment. The dealer's retail rate percentage for parts shall be calculated by determining the dealer's total parts sales in the submitted repair orders and dividing that amount by the dealer's total cost for purchase of those parts, subtracting one from that amount, and then multiplying by 100. The declared retail rate shall be approved or disapproved within 30 days following submission by the dealer. The declared retail rate shall go into effect 30 days following approval by the franchisor, manufacturer, or distributor, unless such franchisor, manufacturer, or distributor disapproves and timely contests the dealer's declared rate. If a franchisor, manufacturer, or distributor fails to disapprove within 30 days following submission by the dealer, the declared retail rate shall be deemed approved. A franchisor, manufacturer, or distributor may contest the dealer's declared parts rate not later than 30 days after submission and declaration of the parts rate by the dealer by reasonably substantiating that the rate is unreasonable in light of the practices of all other similarly situated franchised dealers in a comparable geographic area in this state offering the same line-make vehicles. In contesting the dealer's declared rate, a franchisor, manufacturer, or distributor shall provide a written explanation of the reasons for disagreement with the declared rate. If the declared parts rate is contested, then the franchisor, manufacturer, or distributor shall propose an adjustment of the rate. If the franchisor, manufacturer, or distributor contests the dealer's declared parts rate, the parties shall attempt to resolve the dispute through an internal dispute resolution procedure of the franchisor, manufacturer, or distributor, if available, provided that such procedure occurs within a reasonable amount of time, not to exceed 30 days after notification of disagreement with the

dealer's declared rate. If the internal dispute resolution procedure is unsuccessful or does not occur in a timely manner, the dealer may file a petition with the commissioner not later than 60 days after receipt of the proposed adjustment by the franchisor, manufacturer, or distributor or not later than 30 days after conclusion of the internal dispute resolution procedure, whichever is later. If such a petition is filed, the commissioner shall inform the franchisor, manufacturer, or distributor that a timely petition has been filed and that a hearing will be held on such issue. In any hearing held pursuant to this subparagraph, the burden of proof shall be upon the franchisor, manufacturer, or distributor to demonstrate that the parts rate declared by the dealer was unreasonable and not in accordance with this subparagraph.

(C) The retail rate customarily charged by the dealer for labor may be established by submitting to the franchisor, manufacturer, or distributor 100 sequential nonwarranty customer-paid service repair orders for warranty-like repairs or 90 consecutive days of customer-paid service repair orders for warranty-like repairs, whichever is less. Such service repair orders shall cover repairs made no more than 180 days before the submission. If the franchisor, manufacturer, or distributor determines, from any set of repair orders submitted under this subparagraph, that the retail rate for labor calculated is substantially higher or lower than the rate currently on record with the franchisor, manufacturer, or distributor, then the franchisor, manufacturer, or distributor may request additional documentation for a period of either 60 days prior to or 60 days subsequent to the time period for which the repair orders were submitted for purposes of an adjustment. The retail rate for labor shall be calculated by determining the dealer's total labor sales from the submitted repair orders and dividing that amount by the total number of hours that generated those sales. The declared retail labor rate shall be approved or disapproved within 30 days following submission by the dealer. The declared retail labor rate shall take effect 30 days following approval by the franchisor, manufacturer, or distributor unless such franchisor, manufacturer, or distributor disapproves and timely contests the dealer's declared rate. A franchisor, manufacturer, or distributor may contest the dealer's declared labor rate not later than 30 days after submission and declaration of the labor rate by the dealer by reasonably substantiating that such rate is unreasonable in light of the practices of all other similarly situated franchised motor vehicle dealers in a comparable geographic area in this state offering the same line-make vehicles. If the declared labor rate is contested, then the franchisor, manufacturer, or distributor shall propose an adjustment of the declared retail labor rate. If the franchisor, manufacturer, or distributor contests the dealer's declared labor rate, the parties shall attempt to resolve the dispute through an internal dispute resolution procedure of the franchisor, manufacturer, or distributor, if available, provided that such procedure occurs within a reasonable amount of time not to exceed 30 days after notification of disagreement with the dealer's declared rate. If the internal dispute resolution procedure is unsuccessful or does not occur in a timely manner, the dealer may file a petition with the commissioner not later than 60 days after receipt of the proposed adjustment by the franchisor, manufacturer, or

distributor or not later than 30 days after conclusion of the internal dispute resolution procedure, whichever is later. If such a petition is filed, the commissioner shall inform the franchisor, manufacturer, or distributor that a timely petition has been filed and that a hearing will be held on such issue. In any hearing held pursuant to this subparagraph, the burden of proof shall be upon the franchisor, manufacturer, or distributor to demonstrate that the labor rate declared by the dealer was unreasonable and not in accordance with this subparagraph.

(D) In calculating the retail rate customarily charged by the dealer for parts and labor for purposes of this paragraph, the following work shall not be included in the calculation:

- (i) Repairs for franchisor, manufacturer, or distributor special events, specials, or promotional discounts for retail customer repairs;
- (ii) Parts sold at wholesale;
- (iii) Routine maintenance not covered under any retail customer warranty, such as fluids, filters, and belts not provided in the course of repairs;
- (iv) Nuts, bolts, fasteners, and similar items which contain no individual part number;
- (v) Tires; and
- (vi) Vehicle reconditioning.

(E) If a franchisor, manufacturer, or distributor furnishes a part or component to a dealer to use in performing repairs under a recall, campaign service action, or warranty repair at no cost to the dealer, the franchisor, manufacturer, or distributor shall compensate the dealer for the authorized repair part or component in the same manner as warranty parts compensation under this Code section by paying the dealer the retail rate markup on the cost for the part or component as listed in the price schedule of the franchisor, manufacturer, or distributor less the cost for the part or component.

(F) No franchisor, manufacturer, or distributor shall require a dealer to establish the retail rate customarily charged by the dealer for parts and labor by an unduly burdensome or time consuming method or by requiring information that is unduly burdensome or time consuming to provide, including, but not limited to, part-by-part or transaction-by-transaction calculations. No dealer shall declare a retail rate for parts or labor or both more than once in one calendar year.

(b)(1) ~~Manufacturers~~ Franchisors, manufacturers, and distributors shall include in written notices of factory recalls to ~~new motor vehicle owners and~~ dealers the expected date by which necessary parts and equipment will be available to dealers for the ~~correction of such defects~~ repair or replacement of recalled parts and equipment. ~~Manufacturers~~ Franchisors, manufacturers, and distributors shall compensate any dealers in this state for repairs affected by all recalls.

(~~e~~)<sup>(2)</sup> All such claims shall be either approved or disapproved within 30 days after their receipt on forms and in the manner specified by the franchisor, manufacturer, or distributor, ~~or warrantor~~, and any claim not specifically disapproved in writing within 30 days after the receipt shall be construed to be approved and payment must follow

within 30 days.

~~(d)~~(c) Subject to subsection (c) of Code Section 10-1-645, a franchisor, manufacturer, or distributor shall not otherwise recover its costs from dealers within this state, including ~~an increase in the wholesale price of a vehicle or a surcharge imposed on a dealer solely intended to recover the cost of reimbursing the dealer for parts and labor pursuant to this Code section, provided that a franchisor, manufacturer, or distributor shall not be prohibited from increasing prices for vehicles or parts in the normal course of business.~~

(d)(1) For purposes of this subsection, the term 'stop-sale' means a notification issued by a manufacturer to its franchised dealers stating that certain used motor vehicles in inventory shall not be sold or leased, at either retail or wholesale, due to a federal safety recall for a defect or a noncompliance or a federal emissions recall.

(2) A franchisor, manufacturer, or distributor shall compensate its dealers for all labor and parts required by the manufacturer to perform recall repairs. Compensation for recall repairs shall be reasonable. If parts or a remedy are not reasonably available to perform a recall service or repair on a used vehicle held for sale by a dealer authorized to sell and service new motor vehicles of the same line-make within 30 days of the manufacturer issuing the initial notice of recall, and the manufacturer has issued a stop-sale or do not drive order on the vehicle, the manufacturer shall compensate the dealer at a prorated rate of at least 1 percent of the value of the vehicle per month beginning on the date that is 30 days after the date on which the stop-sale or do not drive order was provided to the dealer to the earlier of the date the recall or repair parts or remedy are made available or the date the dealer sells, trades, transfers, or otherwise disposes of the affected used motor vehicle.

(3) The value of a used motor vehicle shall be the average trade-in value for used motor vehicles as indicated in an independent third party guide for the year, make, and model of the recalled vehicle.

(4) This subsection shall apply only to used motor vehicles subject to safety or emissions recalls pursuant to and recalled in accordance with federal law and regulations adopted thereunder and where a stop-sale or do not drive order has been issued and repair parts or remedy remain unavailable for 30 days or longer.

(5) This subsection shall apply only to dealers holding an affected used motor vehicle for sale in inventory at the time a stop-sale or do not drive order is issued or which was taken into the used motor vehicle inventory of the dealer as a consumer trade-in incident to the purchase of a new motor vehicle from the dealer after the stop-sale or do not drive order was issued, and that are a line-make that the dealer is franchised to sell or on which the dealer is authorized to perform recall repairs.

(6) It shall be a violation of this subsection for a manufacturer to reduce the amount of compensation otherwise owed to an individual dealer, whether through a chargeback, removal of the individual dealer from an incentive program, or reduction in amount owed under an incentive program, solely because the dealer has submitted a claim for reimbursement under this subsection. The provisions under this subsection shall not apply to an action by a manufacturer that is applied uniformly

among all dealers of the same line-make in this state.

(7) All reimbursement claims made by dealers pursuant to this subsection for recall remedies or repairs, or for compensation where no part or repair is reasonably available and the vehicle is subject to a stop-sale shall be subject to the same limitations and requirements as a warranty reimbursement claim made under this subsection. In the alternative, a manufacturer may compensate its franchised dealers under a national recall compensation program provided the compensation under the program is equal to or greater than that provided under this subsection; or the manufacturer and dealer otherwise agree.

(8) A manufacturer may direct the manner and method in which a dealer must demonstrate the inventory status of an affected used motor vehicle to determine eligibility under this subsection, provided that the manner and method may not be unduly burdensome and may not require information that is unduly burdensome to provide.

(9) Nothing in this subsection shall require a manufacturer to provide total compensation to a dealer which would exceed the total average trade-in value of the affected used motor vehicle as originally determined under paragraph (3) of this subsection.

(10) Any remedy provided to a dealer under this subsection is exclusive and may not be combined with any other state or federal recall compensation remedy."

## SECTION 2.

Said article is further amended by revising Code Section 10-1-663.1, relating to right of first refusal, as follows:

"10-1-663.1.

~~There shall be a right of first refusal to purchase in favor of the franchisor if the dealer has entered into an agreement to transfer the dealership or its assets, provided that all the following qualifications and requirements are met:~~

(a) Notwithstanding the terms of any franchise agreement, sales and services agreement, or similar agreement, a franchisor, manufacturer, or distributor shall be permitted to exercise a right of first refusal to acquire a dealer's assets or ownership, in the event of a proposed change of ownership, or transfer of dealership assets, if all of the following requirements are met:

(1) The proposed transfer of the dealership or its assets is of more than 50 percent of the ownership or assets;

(2) The franchisor notifies the dealer in writing within 60 days of its receipt of the complete written proposal for the proposed sale or transfer on forms generally utilized by the franchisor for such purpose and containing the information required therein and all documents and agreements relating to the proposed sale or transfer;

(3) The exercise of the right of first refusal will result in the dealer and dealer's owners receiving the same or greater consideration as ~~is provided in the documents and agreements submitted to the franchisor under paragraph (2) of this Code section provided for through the terms of the contract related to the proposed change of~~

ownership or transfer of dealership assets;

(4) The proposed change of 50 percent or more of the ownership or of the dealership assets does not involve the transfer or sale of assets or the transfer or issuance of stock by the dealer or one or more dealer owners to a designated family member or members, including a spouse, child, grandchild, spouse of a child or grandchild, brother, sister, or parent of the dealer owner; to a manager who has been employed in the dealership for at least four years and is otherwise qualified as a dealer operator; or to a partnership or corporation owned and controlled by one or more of such persons;

(5) The franchisor agrees to pay the reasonable expenses, including reasonable attorney's fees, which do not exceed the usual customary, and reasonable fees charged for similar work done for other clients incurred by the proposed new owner and transferee before the franchisor's exercise of its right of first refusal in negotiating and implementing the contract for the proposed change of ownership or transfer of dealership assets. However, payment of such expenses and attorney's fees shall not be required if the dealer has not submitted or caused to be submitted an accounting of those expenses within 20 days after the dealer's receipt of the franchisor's written request for such an accounting. Such an accounting may be requested by the franchisor before exercising its right of first refusal; and

(6) The franchisor agrees to comply with and be subject to the requirements and restraints as set forth in paragraphs (1) and (2) of subsection (a) of Code Section 10-1-664.1 and in subsection (b) of Code Section 10-1-664.1.

(b) Within the terms of a right of first refusal contract related to the proposed change of ownership or transfer of dealership assets:

(1) The franchisor, manufacturer, or distributor shall have the right to assume the dealer's lease for, or acquire the real property on which the franchise is located, on the same terms as those on which the real property or lease was to be sold or transferred to the proposed new owner in connection with the sale of the franchise, unless otherwise agreed to by the dealer and manufacturer or distributor. The franchisor, manufacturer, or distributor shall have the right to assign the lease or to convey the real property; and

(2) The franchisor, manufacturer, or distributor shall assume all of the duties, obligations, and liabilities contained in the agreements that were to be assumed by the proposed new owner and with respect to which the franchisor, manufacturer, or distributor exercised the right of first refusal, provided that the franchisor, manufacturer, or distributor has knowledge of such obligations at the time of the exercise of the right of first refusal."

AN ACT

To amend Code Section 32-10-64 and Title 48 of the Official Code of Georgia Annotated, relating to general toll powers, police powers, and rules and regulations of the State Road and Tollway Authority and revenue and taxation, respectively, so as to provide for setoff of debt owed on unpaid toll violations from tax refunds by the Department of Revenue; to provide for the use of the Consumer Price Index for the calculation of motor fuel excise tax; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

**SECTION 1.**

Code Section 32-10-64 of the Official Code of Georgia Annotated, relating to general toll powers, police powers, and rules and regulations of the State Road and Tollway Authority, is amended by revising paragraph (1) of subsection (c) as follows:

"(1) No motor vehicle shall be driven or towed through a toll collection facility, where appropriate signs have been erected to notify traffic that it is subject to the payment of tolls beyond such sign, without payment of the proper toll. In the event of nonpayment of the proper toll, as evidenced by video or electronic recording, the registered owner of such vehicle shall be liable to make prompt payment to the authority of the proper toll and an administrative fee of up to \$25.00 per violation to

recover the cost of collecting the toll. The authority or its authorized agent shall provide notice to the registered owner of a vehicle, and a reasonable time to respond to such notice, of the authority's finding of a violation of this subsection. The authority or its authorized agent may provide subsequent notices to the registered owner of a vehicle if such owner fails to respond to the initial notice. The administrative fee may increase with each notice, provided that such fee shall not exceed a cumulative total of \$25.00 per violation. Upon failure of the registered owner of a vehicle to pay the proper toll and administrative fee to the authority after notice thereof and within the time designated in such notice, the authority may proceed to seek collection of the proper toll and the administrative fee as debts owing to the authority, in such manner as the authority deems appropriate and as permitted under law. If the authority finds multiple failures by a registered owner of a vehicle to pay the proper toll and administrative fee after notice thereof and within the time designated in such notices, the authority may refer the matter to the Office of State Administrative Hearings. The scope of any hearing held by the Office of State Administrative Hearings shall be limited to consideration of evidence relevant to a determination of whether the registered owner has failed to pay, after notice thereof and within the time designated in such notice, the proper toll and administrative fee. The only affirmative defense that may be presented by the registered owner of a vehicle at such a hearing is theft of the vehicle, as evidenced by presentation at the hearing of a copy of a police report showing that the vehicle has been reported to the police as stolen prior to the time of the alleged violation. A determination by the Office of State Administrative Hearings of multiple failures to pay by a registered owner of a vehicle shall subject such registered owner to imposition of, in addition to any unpaid tolls and administrative fees, a civil monetary penalty payable to the authority of not more than \$70.00 per violation. Upon failure by a registered owner to pay to the authority, within 30 days of the date of notice thereof, the amount determined by the Office of State Administrative Hearings as due and payable for multiple violations of this subsection, the motor vehicle registration of such registered owner shall be immediately suspended by operation of law. The authority shall give notice to the Department of Revenue of such suspension. Such suspension shall continue until the proper toll, administrative fee, and civil monetary penalty as have been determined by the Office of State Administrative Hearings are paid to the authority. The authority may seek to collect the debt owed through setoff by the Department of Revenue under procedures set forth in Article 7 of Chapter 7 of Title 48. Actions taken by the authority under this subsection shall be made in accordance with policies and procedures approved by the members of the authority."

"SECTION 1.

There is created the Board of Commissioners of Walker County to be elected and organized as provided for in this Act. The board shall be the successor to the office of commissioner of Walker County and shall continue to have the obligations and liabilities of the commissioner of Walker County as existed immediately prior to January 1, 2021. The board shall constitute the governing authority of Walker County and shall exercise the powers, duties, and responsibilities vested in and upon such officers by the provisions of this Act. The term 'board,' whenever used in this Act, shall mean the Board of Commissioners of Walker County, including the chairperson and all members.

SECTION 2.

(a) The board shall consist of a chairperson and four district commissioners. The four district commissioners shall be residents of their respective commissioner districts as described in subsection (b) of this section and shall be elected by the electors of their

respective districts as provided in Section 3 of this Act. The chairperson shall be elected at large as provided in Section 3 of this Act.

(b) For the purpose of electing members of the board, Walker County shall be divided into four commissioner districts. One member of the board shall be elected from each such district. Commissioner Districts 1, 2, 3, and 4 shall be and correspond to those four numbered districts described in and attached to and made a part of this Act and further identified as Plan Name: walkercc-2017 Plan Type: Local Administrator: SD053 User: Gina.

(c)(1) When used in such attachment, the term 'VTD' shall mean and describe the same geographical boundaries as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia. The separate numeric designations in a district description which are underneath a VTD heading shall mean and describe individual blocks within a VTD as provided in the report of the Bureau of the Census for the United States decennial census of 2010 for the State of Georgia.

(3) Any part of Walker County which is not included in any district described in the plan shall be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia.

(4) Any part of Walker County described in the plan as being included in a particular district shall nevertheless not be included within such district if such part is not contiguous to such district. Such noncontiguous part shall instead be included within that district contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia.

The chairperson and the members of the board elected thereto from Commissioner Districts 3 and 4 in 2020 shall take office on January 1, 2021, and shall serve for initial terms of office which shall expire on January 1, 2025, and upon the election and qualification of their respective successors. Those and all future successors to the chairperson and members of the board whose terms of office are to expire shall be elected at the November state-wide general election immediately preceding the expiration of such terms, shall take office on the first day of January immediately following that election, and shall serve for terms of office of four years and until their respective successors are elected and qualified.

(b) The chairperson and members of the board shall be nominated and elected in accordance with Chapter 2 of Title 21 of the O.C.G.A., the 'Georgia Election Code.'

#### SECTION 5.

(a) In the event of a vacancy occurring in the membership of the board, whether the vacancy is in the office of chairperson or any other member, for any reason other than expiration of term, that vacancy shall be filled as provided in this section.

(b) In the event a vacancy occurs on the board when at least 180 days remain in the unexpired term of office, the election superintendent of Walker County, within 15 days after the vacancy occurs, shall issue the call for a special election to fill the vacancy for the unexpired term. Such special election shall be called and conducted as provided in Chapter 2 of Title 21 of the O.C.G.A., the 'Georgia Election Code,' as now or hereafter amended. Any person elected in a special election to fill such a vacancy shall take office immediately upon certification of the results of such special election and qualification. If such vacancy is in the office of chairperson of the board of commissioners, the vice chairperson of the board shall exercise the powers and duties of the chairperson for the period beginning on the date the vacancy occurs and ending on the date the successor chairperson takes office for the unexpired term following the special election provided for in this subsection.

(c) In the event a vacancy occurs on the board when less than 180 days remain in the unexpired term of office, the remaining members of the board shall appoint a qualified person to fill the vacancy for the unexpired term. Any person appointed by the board to fill a vacancy as provided in this subsection shall possess the residency and other qualifications required for the office and shall take office immediately upon

appointment and qualification. If such vacancy is in the office of chairperson of the board, the vice chairperson of the board shall exercise the powers and duties of the chairperson for the period beginning on the date the vacancy occurs and ending on the date the successor chairperson takes office for the unexpired term following his or her appointment as provided for in this subsection. During the time when the board has a vacancy under this subsection and only during such time, if a vote on a matter before the board results in a tie, the chairperson or, if the office of chairperson is vacant and the vice chairperson is serving as chairperson, the vice chairperson shall be allowed to cast an additional vote to break such tie.

#### SECTION 6.

Before entering upon the discharge of their duties, the chairperson and district commissioners shall subscribe to an oath before the judge of the probate court of such county for the true and faithful performance of their duties and that they are not the holders of any public funds unaccounted for. In addition, the chairperson and each district commissioner shall further give a satisfactory surety bond to the judge of the probate court of the county payable to the judge of the probate court or that judge's successor in office and filed in the office of the judge of the probate court, in the sum of \$25,000.00, conditioned upon the faithful performance of the duties of the office. The costs of said bonds shall be paid out of the county treasury.

#### SECTION 7.

- (b) The chairperson shall serve in such capacity on a full-time basis and shall be paid an annual salary equal to the annual salary of the highest paid elected county officer of Walker County, plus an additional \$500.00, or \$100,000.00 per annum, whichever is greater. For the purposes of this subsection, the term 'county officer' shall mean only the tax commissioner, the judge of the probate court, the sheriff, or the clerk of superior court. The salary provided in this subsection shall be paid in equal monthly installments from the funds of Walker County. The salary and expenses provided for in this subsection shall constitute the entire compensation to which the chairperson shall be entitled to be paid from county funds.
- (c) The chairperson and the district commissioners may be reimbursed for reasonable expenses incurred in carrying out their duties. Expenses may be reimbursed only after the submission of receipts or records of said expenses to the county clerk and approval by majority vote of the board of commissioners at a regularly scheduled meeting. The chairperson and commissioners shall be entitled to compensation for serving on any other boards or authorities for which their membership is provided by law.
- (d) At their own expense, the district commissioners may participate in county provided health, dental, and other health related programs and in county sponsored retirement programs. No county funds shall be spent on these programs for the benefit of the district commissioners.

## SECTION 8.

At the first regular meeting of each year, the board shall elect from its members a vice chairperson. In the event of death, disqualification, or resignation of the chairperson, the vice chairperson shall perform the duties and exercise the authority of the chairperson until a new chairperson is chosen as provided in this Act. The vice chairperson shall preside at meetings of the board in the absence of the chairperson and shall serve for the calendar year in which he or she is elected. In the event of a vacancy in the office of vice chairperson, the board shall elect a new vice chairperson to serve for the remainder of the calendar year.

## SECTION 9.

Each month, at the county seat, the board of commissioners shall hold a minimum of two regular meetings. All meetings shall be open to the public as required by law and shall provide a time period exclusively for public comment. The time, date, and place of the meetings shall be determined by the board in the first meeting of the year. Any resolution passed by the board regarding the time, date, and place of its monthly meetings shall be published in the official county organ once a week for two weeks during a period of 30 days immediately following the passage of the resolution. The board of commissioners may hold such additional meetings as shall be necessary when called by the chairperson or any two commissioners, provided that all members of the board of commissioners shall have been notified at least three days in advance of such special meeting which is open to the public. Three district commissioners or the chairperson and any two district commissioners shall constitute a quorum. No official action shall be taken except upon the affirmative vote of at least three members of the board of commissioners and except upon compliance with Chapter 14 of Title 50 of the O.C.G.A. The chairperson shall be entitled to vote on a question only if the chairperson's vote would affect the outcome of any vote or issue before the board. The vice chairperson while serving as chairperson shall be entitled to vote on all matters before the board. All regular and called meetings shall be conducted according to *Robert's Rules of Order*.

## SECTION 10.

or as provided by law or ordinance.

The chairperson shall be authorized, in his or her sole discretion, to spend not more than \$25,000.00 without approval of the board.

#### SECTION 11.

The board shall have the power and authority to fix and establish, by appropriate resolution entered on its minutes, policies, rules, and regulations governing all matters reserved to its exclusive jurisdiction. Such policies, rules, and regulations, when so adopted with proper entry thereof made on the minutes of the board, shall be conclusive and binding. The board shall exercise only those administrative powers which are necessarily and properly incident to its functions as a policy-making or rule-making body or which are necessary to compel enforcement of its adopted resolutions. Except as otherwise provided in this Act, the following powers are vested in the board and reserved to its exclusive jurisdiction:

- (1) To levy taxes;
- (2) To make appropriations;

for their compensation; and

(18) To require all county officers to report on the general or specific conduct of the financial affairs of their respective offices.

#### SECTION 12.

Formal sealed bids shall be received for all purchases in amounts over the state limit for sealed bids unless the board sets a lower limit. Advertisements for such bids shall be published for two consecutive weeks in the official organ of Walker County. The need for such bids may be dispensed with by the board if it decides that an emergency exists which will not permit a delay.

#### SECTION 13.

The internal organization of the county government shall be established and altered by the board. Existing departments may be abolished and their functions transferred to other departments, additional departments may be created, and any two or more departments may be consolidated.

#### SECTION 15.

The chairperson shall submit annually to the board a proposed budget governing expenditures of all county funds, including capital outlay and public works projects for the following fiscal year. The board shall thereafter hold two public hearings at least seven days apart on the budget, giving notice thereof at least ten days in advance by publication of such notice and of the proposed budget in the official organ of Walker County and by posting same at the courthouse. The budget shall then be reviewed and adopted or amended by the board prior to the beginning of the new fiscal year to which it applies, which budget, when so adopted or amended by the board, shall constitute the board's appropriation of all funds for such year. The budget so adopted may be revised during the year only by formal action of the board in a regular meeting, and no increase shall be made therein without provision also being made for financing the same. The proposed budget submitted by the chairperson shall be accompanied by a report containing information and data relating to the financial affairs of the county pertinent to arriving at and establishing the annual budget. A copy of the budget and of each revision or amendment to the same shall be transmitted by the chairperson to the grand

jury of the Superior Court of Walker County within ten days from the time such budget or amendment thereof is adopted by the board. The board may from time to time, upon a majority vote thereof, change the ending and beginning date of the fiscal year for the county or may operate on a calendar basis; provided, however, that in the event of such change, the budget shall be submitted at least two months prior to the beginning date of the next fiscal year or January 1, whichever shall apply, and shall be adopted at least one month prior to such beginning date. An improper payment includes any payment that was made to an ineligible recipient, payment for noncovered services, duplicate payments, payments for services not received, payments that are for the incorrect amount, and instances when the department is unable to discern whether a payment was proper because of insufficient or lack of documentation. recoupment shall be limited to the amount improperly paid.

(b) A provider of medical assistance shall be allowed 30 calendar days following receipt by the provider of a preliminary audit review report in which to submit records or documents to correct an error or omission or to complete documentation identified in such review report; provided, however, that the department or its agents, in the discretion of the department, may reject the submission of a corrected record or document if the submission would result in an improper payment, or the provider demonstrates a pattern of repeated errors, omissions, or incomplete documentation. The department shall be authorized to establish rules and regulations delineating what constitutes a pattern of repeated errors, omissions, or incomplete documentation taking into consideration the type of provider; frequency of audits; volume of claims submitted by a provider; type of error, omission, or incomplete documentation; and other pertinent factors.

(c) A provider of medical assistance shall be afforded the right to a hearing in accordance with Code Section 49-4-153 for any attempted withholding of reimbursement or recoupment by the department or its agents relating to an error, omission, incomplete documentation, or improper payment relating to the provision of medical assistance.

(d) This Code section shall not apply to criminal or civil investigations which involve fraud, willful misrepresentation, reckless disregard, or abuse conducted by the Attorney General's Medicaid Fraud Control Unit or other law enforcement agencies."

**SECTION 1.**

Title 20 of the Official Code of Georgia Annotated, relating to education, is amended by revising Code Section 20-14-26.1, relating to the authority of the Office of Student Achievement to incorporate nonprofit corporations as public foundations, as follows:

"20-14-26.1.

(a) The office shall have the power and authority to incorporate a nonprofit corporation that could qualify as a public foundation under Section 501(c)(3) of the Internal Revenue Code to aid the office in carrying out any of its powers and in accomplishing any of its purposes. Any nonprofit corporation created pursuant to this power shall be created pursuant to Chapter 3 of Title 14, the 'Georgia Nonprofit Corporation Code,' and the Secretary of State shall be authorized to accept such filing.

(b) Any nonprofit corporation created pursuant to this Code section shall be subject to the following provisions:

(1) In accordance with the Constitution of Georgia, no governmental functions or regulatory powers shall be conducted by any such nonprofit corporation;

(2) Upon dissolution of any such nonprofit corporation incorporated by the office, any assets shall revert to the office or to any successor to the office or, failing such succession, to the State of Georgia;

(3) As used in this paragraph, the term 'direct employee costs' means salary, benefits, and travel expenses. To avoid the appearance of undue influence on regulatory functions by donors, no donations to any such nonprofit corporation from private sources shall be used for direct employee costs of the office;

(4) Any such nonprofit corporation shall be subject to all laws relating to open meetings and the inspection of public records;

(5) The office shall not be liable for the action or omission to act of any such nonprofit corporation;

(6) No debts, bonds, notes, or other obligations incurred by any such nonprofit corporation shall constitute an indebtedness or obligation of the State of Georgia nor shall any act of any such nonprofit corporation constitute or result in the creation of an indebtedness of the state. No holder or holders of any such bonds, notes, or other obligations shall ever have the right to compel any exercise of the taxing power of the state nor to enforce the payment thereof against the state; and

(7) Any nonprofit corporation created pursuant to this Code section shall not acquire or hold a fee simple interest in real property by any method, including but not limited to gift, purchase, condemnation, devise, court order, and exchange.

(b.1)(1) Pursuant to this Code section, the office may establish a nonprofit corporation to be designated as the Public Education Innovation Fund Foundation to promote Public-Private Partnerships between businesses, nonprofit organizations, institutions of higher education, local school systems, and public schools, for the purpose of improving student achievement. Funds received by the foundation may be awarded through a competitive grant process administered by the office. The General Assembly may appropriate funds for purposes of this foundation beginning in Fiscal Year 2015.

(2)(A) Such foundation shall also be authorized to receive donations from taxpayers pursuant to Code Section 48-7-29.21 for the purpose of awarding grants to public schools for the implementation of academic and organizational innovations to improve student achievement, with priority given to schools that have performed in the lowest 5 percent of schools in this state identified in accordance with the state-

wide accountability system established in the state plan pursuant to the federal Every Student Succeeds Act, and for the dissemination of information regarding successful innovations to other public schools in this state. Funds received by the foundation for such purpose may be awarded through a competitive grant process administered by the office. The criteria for awarding such grants shall include the potential to which the innovation is likely to result in the proposed improvement, the potential for widespread adoption of such innovation by other public schools in the state, the quality of the proposed project design, the reasonableness of the costs involved in conducting the project, and such other criteria which the office may deem appropriate and necessary. The foundation shall not be authorized to withhold any funds to cover costs incurred in administering the grant process.

(B) The foundation shall report to the Department of Revenue, on a form provided by the Department of Revenue, by January 12 of each tax year the following:

(i) The total number and dollar value of donations and tax credits approved. Individual contributions shall include contributions made by those filing income tax returns as a single individual or head of household and those filing joint returns;

(ii) The total number and dollar value of corporate donations and tax credits approved;

(iii) The total number and dollar value of grants awarded to public schools; and

(iv) A list of donors, including the dollar value of each donation and the dollar value of each approved tax credit.

The Department of Revenue shall post on its website the information received pursuant to divisions (i) through (iii) of this subparagraph.

(C) Except for the information reported pursuant to divisions (i) through (iii) of subparagraph (B) of this paragraph, all information or reports provided by the foundation to the Department of Revenue shall be confidential taxpayer information, governed by Code Sections 48-2-15, 48-7-60, and 48-7-61, whether it relates to the donor or the foundation.

(c) Any nonprofit corporation created pursuant to this Code section shall make public and provide an annual report showing the identity of all donors and the amount each person or entity donated as well as all expenditures or other disposal of money or property donated, except as otherwise provided in paragraph (2) of subsection (b.1) of this Code section. Such report shall be provided to the Governor, the Lieutenant Governor, the Speaker of the House of Representatives, and the chairpersons of the House Committee on Education and the Senate Education and Youth Committee. Any such nonprofit corporation shall also provide such persons with a copy of all corporate filings with the federal Internal Revenue Service."

## **SECTION 2.**

Title 48 of the Official Code of Georgia Annotated, relating to revenue and taxation, is amended by adding a new Code section to read as follows:

"48-7-29.21.

(a) As used in this Code section, the term:

(1) 'Qualified education donation' means a donation made by a taxpayer to the Public Education Innovation Fund Foundation for the purpose of awarding grants to public schools in this state pursuant to paragraph (2) of subsection (b.1) of Code Section 20-14-26.1.

(2) 'Public Education Innovation Fund Foundation' or 'foundation' means the foundation established pursuant to subsection (b.1) of Code Section 20-14-26.1.

(b) An individual taxpayer shall be allowed a credit against the tax imposed by this chapter for qualified education donations as follows:

(1) In the case of a single individual or a head of household, the actual amount donated or \$1,000.00 per tax year, whichever is less;

(2) In the case of a married couple filing a joint return, the actual amount donated or \$2,500.00 per tax year, whichever is less; or

(3) Anything to the contrary contained in paragraph (1) or (2) of this subsection notwithstanding, in the case of an individual who is a member of a limited liability company duly formed under state law, a shareholder of a Subchapter 'S' corporation, or a partner in a partnership, the amount donated or \$10,000.00 per tax year, whichever is less; provided, however, that tax credits pursuant to this paragraph shall only be allowed for the portion of the income on which such tax was actually paid by such member of the limited liability company, shareholder of a Subchapter 'S' corporation, or partner in a partnership.

(c) A corporation or other entity shall be allowed a credit against the tax imposed by this chapter for qualified education donations in an amount not to exceed the actual amount donated or 75 percent of the corporation's income tax liability, whichever is less.

(d)(1) The tax credit shall not be allowed if the taxpayer designates the taxpayer's qualified education donation for the direct benefit of any particular school or program which the taxpayer's child or children attend.

(2) In soliciting donations, the foundation shall not represent that, in exchange for donating to the foundation, the school a taxpayer's child or children attend shall receive a grant pursuant to paragraph (2) of subsection (b.1) of Code Section 20-14-26.1.

(e) In no event shall the total amount of the tax credit under this Code section for a taxable year exceed the taxpayer's income tax liability. Any unused tax credit shall be allowed the taxpayer against the succeeding five years' tax liability. No such credit shall be allowed the taxpayer against prior years' tax liability.

(f)(1) In no event shall the aggregate amount of tax credits allowed under this Code section exceed \$5 million per tax year.

(2) The commissioner shall allow the tax credits on a first come, first served basis.

(3) For the purposes of paragraph (1) of this subsection, the foundation shall notify a potential donor of the requirements of this Code section. Before making a donation to the foundation, the taxpayer shall electronically notify the department, in a manner

specified by the department, of the total amount of donations that the taxpayer intends to make to the foundation. The commissioner shall preapprove or deny the requested amount within 30 days after receiving the request from the taxpayer and shall provide notice to the taxpayer and the foundation of such preapproval or denial which shall not require any signed release or notarized approval by the taxpayer. In order to receive a tax credit under this Code section, the taxpayer shall make the donation to the foundation within 60 days after receiving notice from the department that the requested amount was preapproved. If the taxpayer does not comply with this paragraph, the commissioner shall not include this preapproved donation amount when calculating the limit prescribed in paragraph (1) of this subsection. The department shall establish a web based donation approval process to implement this subsection.

(4) Preapproval of donations by the commissioner shall be based solely on the availability of tax credits subject to the aggregate total limit established under paragraph (1) of this subsection. The department shall maintain an ongoing, current list on its website of the amount of tax credits available under this Code section.

(g) In order for the taxpayer to claim a tax credit under this Code section, a confirmation of receipt of donation issued by the foundation shall be attached to the taxpayer's income tax return. However, in the event the taxpayer files an electronic return, such confirmation shall only be required to be electronically attached to the return if the Internal Revenue Service allows such attachments when the return is transmitted to the department. In the event the taxpayer files an electronic return and such confirmation is not attached because the Internal Revenue Service does not, at the time of such electronic filing, allow electronic attachments to the Georgia return, such confirmation shall be maintained by the taxpayer and made available upon request by the commissioner. The confirmation of receipt of donation shall contain the taxpayer's name, address, tax identification number, the amount of the donation, the date of the donation, and the amount of the credit.

(h) No credit shall be allowed under this Code section with respect to any amount deducted from taxable net income by the taxpayer as a charitable contribution to a bona fide charitable organization qualified under Section 501(c)(3) of the Internal Revenue Code.

(i) The commissioner shall be authorized to promulgate any rules and regulations necessary to implement and administer the tax provisions of this Code section."

### **SECTION 3.**

(a) This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval and shall be applicable to all taxable years beginning on or after January 1, 2018.

(b) As used in this Code section, the term:

For the purposes of this Code section, an entity is 'controlled by' another entity if the controlling entity holds, directly or indirectly, the majority voting or ownership interest in the controlled entity or has control over the day-to-day operations of the controlled entity by contract or by law.

Any business which is classified as an eligible business at the time of the initial investment in said business by a rural fund shall remain classified as an eligible business and may receive follow-on investments from any rural fund, and such follow-on investments shall be qualified investments even though such business may not meet the definition of an eligible business at the time of such follow-on investments.

(7) 'Eligible distribution' means:

(A) A distribution of cash to one or more equity owners of a rural investor to fully or partially offset a projected increase in the owner's federal or state tax liability, including any penalties and interest, related to the owner's ownership, management, or operation of the rural investor;

Such distributions may include reasonable and necessary fees paid for professional services, including legal and accounting services, related to the formation and operation of the rural fund and an annual management fee that shall not exceed 2 percent of the rural fund's qualified investment authority.

(8) 'Principal business operations' means the location where at least 60 percent of a business's employees work or where employees who are paid at least 60 percent of such business's payroll work. A business that has agreed to relocate employees using the proceeds of a qualified investment to establish its principal business operations in a new location shall be deemed to have its principal business operations in such new location if it satisfies these requirements no later than 180 days after receiving a qualified investment.

(9) 'Purchase price' means the amount paid to the rural fund that issues a capital investment which shall not exceed the amount of capital investment authority certified pursuant to subsection (e) of this Code section.

(c) Upon making a capital investment in a rural fund, a rural investor earns a vested right to a credit against such entity's state tax liability that may be utilized on each credit allowance date of such capital investment in an amount equal to the applicable percentage for such credit allowance date multiplied by the purchase price paid to the rural fund for the capital investment. The amount of the credit claimed by a rural investor shall not exceed the amount of such entity's state tax liability for the tax year for which the credit is claimed. Any amount of credit that a rural investor is prohibited from claiming in a taxable year as a result of this Code section may be carried forward for use in any subsequent taxable year. It is the intent of this Act that a rural investor claiming a credit under this Code section is not required to pay any additional tax that may arise as a result of claiming such credit.

(d) No credit claimed under this Code section shall be refundable or saleable on the open market. Credits earned by or allocated to a partnership, limited liability company, or S-corporation may be allocated to the partners, members, or shareholders of such entity for their direct use in accordance with the provisions of any agreement among such partners, members, or shareholders, and a rural fund must notify the department of the names of the entities that are eligible to utilize credits pursuant to an allocation of credits or a change in allocation of credits or due to a transfer of a capital investment upon such allocation, change, or transfer. Such allocation shall be not considered a sale for purposes of this Code section.

(e)(1) A rural fund that seeks to have an equity investment certified as a capital investment and eligible for credits under this Code section shall apply to the department. The department shall begin accepting applications within 90 days of the effective date of this Act. The rural fund shall include the following:

(A) The amount of capital investment requested;

(B) A copy of the applicant's or an affiliate of the applicant's license as a rural

business investment company under 7 U.S.C. Section 2009cc or as a small business investment company under 15 U.S.C. Section 681 and a certificate executed by an executive officer of the applicant attesting that such license remains in effect and has not been revoked;

(C) Evidence that, as of the date the application is submitted, the applicant or affiliates of the applicant have invested at least \$100 million in nonpublic companies located in rural areas within the United States;

(D) An estimate of the number of jobs that will be created or retained in this state as a result of the applicant's qualified investments;

(E) A business plan that includes a revenue impact assessment projecting state and local tax revenue to be generated by the applicant's proposed qualified investments prepared by a nationally recognized, third-party, independent economic forecasting firm using a dynamic economic forecasting model that analyzes the applicant's business plan over the ten years following the date the application is submitted to the department; and

(F) A nonrefundable application fee of \$5,000.00 payable to the department.

(2) Within 30 days after receipt of a completed application, the department shall grant or deny the application in full or in part. The department shall deny the application if:

(A) The applicant does not satisfy all of the criteria described in paragraph (1) of this subsection;

(B) The revenue impact assessment submitted with the application does not demonstrate that the applicant's business plan will result in a positive economic impact on this state over a ten-year period that exceeds the cumulative amount of tax credits that would be issued to the applicant if the application were approved; or

(C) The department has already approved the maximum amount of capital investment authority under paragraph (6) of this subsection.

If the department denies any part of the application, it shall inform the applicant of the grounds for the denial. If the applicant provides any additional information required by the department or otherwise completes its application within 15 days of the notice of denial, the application shall be considered completed as of the original date of submission. If the applicant fails to provide the information or fails to complete its application within the 15 day period, the application remains denied and must be resubmitted in full with a new submission date.

(3) If the application is complete, the department shall certify the proposed equity investment as a capital investment that is eligible for credits under this Code section, subject to the limitations contained in paragraph (6) of this subsection. The department shall provide written notice of the certification to the rural fund.

(4) The department shall certify capital investments in the order that the applications were received by the department. Applications received on the same day shall be deemed to have been received simultaneously.

(5) For applications that are complete and received on the same day, the department shall certify applications in proportionate percentages based upon the ratio of the

amount of capital investments requested in an application to the total amount of capital investments requested in all applications.

(6) The department shall certify \$100 million in capital investments pursuant to this Code section.

(7) Within 60 days of the applicant receiving notice of certification, the rural fund shall issue the capital investment to and receive cash in the amount of the certified amount from a rural investor. At least 50 percent of the rural investor's capital investment shall be composed of capital raised by the rural investor from sources, including directors, members, employees, officers, and affiliates of the rural investor, other than the amount of capital invested by the allocatee claiming the tax credits in exchange for such allocation of tax credits. The rural fund shall provide the department with evidence of the receipt of the cash investment within 65 days of the applicant receiving notice of certification. If the rural fund does not receive the cash investment and issue the capital investment within such time period following receipt of the certification notice, the certification shall lapse and the rural fund shall not issue the capital investment without reapplying to the department for certification. Lapsed certifications revert to the authority and shall be reissued pro rata to applicants whose capital investment allocations were reduced pursuant to paragraph (5) of this subsection and then in accordance with the application process.

(f)(1) The department may recapture, from a rural investor that claimed the credit on a tax return, the credit allowed under this Code section if:

(A) The rural fund does not invest 100 percent of its capital investment authority in qualified investments in this state within two years of the closing date, with at least 10 percent of its capital investment authority initially invested in eligible businesses engaged in agribusiness as defined by the United States Department of Agriculture and at least 10 percent of such investment shall be equity investments;

(B) The rural fund, after satisfying subparagraph (A) of this paragraph, fails to maintain qualified investments equal to 100 percent of its capital investment authority until the fifth anniversary of the credit allowance date. For the purposes of this subsection, a qualified investment is considered maintained even if the qualified investment was sold or repaid so long as the rural fund reinvests an amount equal to the capital returned or recovered by the rural fund from the original investment, exclusive of any profits realized, in other qualified investments in this state within 12 months of the receipt of such capital. Amounts received periodically by a rural fund shall be treated as continually invested in qualified investments if the amounts are reinvested in one or more qualified investments by the end of the following calendar year. A rural fund shall not be required to reinvest capital returned from qualified investments after the fourth anniversary of the credit allowance date, and such qualified investments shall be considered held continuously by the rural fund through the fifth anniversary of the credit allowance date;

(C) The rural fund, before exiting the program in accordance with subsection (i) of this Code section, makes a distribution or payment that results in the rural fund having less than 100 percent of its capital investment authority invested in qualified

investments in this state or available for investment in qualified investments and held in cash and other marketable securities; or

(D) The rural fund violates subsection (h) of this Code section.

(2) Recaptured credits and the related capital investment authority revert to the department and shall be reissued pro rata to applicants whose capital investment allocations were reduced pursuant to paragraph (5) of subsection (e) of this Code section and then in accordance with the application process.

(g) Enforcement of each of the recapture provisions of paragraph (1) of subsection (f) of this Code section shall be subject to a six-month cure period. No recapture shall occur until the rural fund has been given notice of noncompliance and afforded six months from the date of such notice to cure the noncompliance.

(h) No eligible business that receives a qualified investment under this chapter, or any affiliates of such eligible business, may directly or indirectly:

(1) Own or have the right to acquire an ownership interest in a rural fund or member or affiliate of a rural fund, including, but not limited to, a holder of a capital investment issued by the rural fund; or

(2) Loan to or invest in a rural fund or member or affiliate of a rural fund, including, but not limited to, a holder of a capital investment issued by a rural fund, where the proceeds of such loan or investment are directly or indirectly used to fund or refinance the purchase of a capital investment under this Code section.

(i) On or after the sixth anniversary of the closing date, a rural fund may apply to the department to exit the program and no longer be subject to regulation under this Code section. The department shall respond to the exit application within 30 days of receipt. In evaluating the exit application, the fact that no credits have been recaptured and that the rural fund has not received a notice of recapture that has not been cured pursuant to subsection (g) of this Code section shall be sufficient evidence to prove that the rural fund is eligible for exit. The department shall not unreasonably deny an exit application submitted under this subsection. If the exit application is denied, the notice shall include the reasons for the determination. The state shall receive a 10 percent share of any distributions annually from a rural fund that made a capital investment, other than the amount in excess of equity invested in the rural fund and tax distributions made by the rural fund. A rural fund shall distribute all amounts not held in qualified investments no later than the fourteenth anniversary of the closing date. No claimant of credits pursuant to subsection (c) of this Code section shall receive distributions in excess of an amount that would result in an internal rate of return on capital invested that is more than 20 percent if the number of jobs created is:

(1) Less than 60 percent of the projected jobs in the rural fund's approved business plan, then the state shall receive a penalty of 10 percent of the total tax credits distributed to the rural fund; or

(2) Greater than 60 percent but less than 80 percent of the projected jobs in the rural fund's approved business plan, then the state shall receive a penalty of 5 percent of the total tax credits distributed to the rural fund.

(j) A rural fund, before making a qualified investment, may request from the

department a written opinion as to whether the business in which it proposes to invest is an eligible business. The department, not later than the twentieth business day after the date of receipt of such request, shall notify the rural fund of its determination. If the department fails to notify the rural fund of its determination by the twentieth business day, the business in which the rural fund proposes to invest shall be considered an eligible business.

(k)(1) Rural funds shall submit a report to the department within the first 15 business days after the second anniversary of the initial credit allowance date that provides documentation as to the investment of 100 percent of the purchase price of such capital investment in qualified investments. Such report shall include:

(A) The location of each eligible business receiving a qualified investment;

(B) Bank statements of such rural fund evidencing each qualified investment;

(C) A copy of the written opinion of the department set forth in subsection (j) of this Code section or evidence that such business was an eligible business at the time of such qualified investment, as applicable;

(D) The number of employment positions created and retained as a result of qualified investments;

(E) The average annual salary of positions described in subparagraph (D) of this paragraph; and

(F) Such other information required by the department`.

(2) Thereafter, rural funds shall submit an annual report to the department within 45 days of the beginning of the calendar year during the compliance period. The report shall include but is not limited to the following:

(A) The number of employment positions created and retained as a result of qualified investments; and

(B) The average annual salary of positions described in subparagraph (A) of this paragraph."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

**SECTION 1.**

Title 48 of the Official Code of Georgia Annotated, relating to revenue and taxation, is amended by repealing and reserving subsection (d) of Code Section 48-2-15, relating to

confidential information secured in the administration of taxes, and enacting a new subsection to read as follows:

~~"(d) Notwithstanding this Code section, the commissioner, upon request by resolution of the governing authority of any municipality of this state having a population of 350,000 or more according to the United States decennial census of 1970 or any future such census, shall furnish to the finance officer or taxing official of the municipality any pertinent tax information from state tax returns to be used by those officials in the discharge of their official duties. Any information so furnished shall retain, in the hands of the local officials, its privileged and confidential nature to the same extent and under the same conditions as that information is privileged and confidential in the hands of the commissioner. The commissioner may make a nominal charge for any information so furnished, not to exceed the actual cost of furnishing the information. Nothing contained in this subsection shall be construed to prevent the use of the information as evidence in any state or federal court in the event of litigation involving any municipal or county tax liability of a taxpayer. Reserved.~~

(d.1)(1) Notwithstanding this Code section, the commissioner, upon request by resolution of the governing authority of any county, consolidated government, or municipality of this state, shall furnish to the designated finance officer or taxing official of the county, consolidated government, or municipality information included on the vendor's sales tax certificate for all vendors that have filed a report for the designated period, to be used by such designated officer or official in the discharge of his or her official duties.

(2)(A) Such designated officer or official shall not be authorized to contact in any manner any taxpayer identified in such confidential information.

(B) Such designated officer or official to whom such confidential information is provided under this subsection may request the commissioner to validate the political subdivision to which a taxpayer with a business location within the political subdivision has remitted sales and use taxes for the designated period. Upon inquiry by such designated officer or official, the commissioner shall, within thirty days, respond to the inquiry and validate that the sales tax being collected from a taxpayer is being remitted to the proper political subdivision and take other appropriate action as provided by law.

(C) Any information furnished under this subsection to such designated officer or official shall retain its privileged and confidential nature to the same extent and under the same conditions as such information is privileged and confidential in the hands of the commissioner.

(3) Any such information furnished under this subsection shall constitute confidential tax information for purposes of paragraph (2) of Code Section 50-14-2 and paragraph (43) of subsection (a) of Code Section 50-18-72 and shall not be discussed or disclosed except as specifically authorized under this subsection.

(4) Such information may be discussed with or disclosed to the members of the governing authority of such county or municipality levying a tax pursuant to the provisions of Article 4 of Chapter 8 of this title, but only when the members of such

governing authority are in executive session as defined in paragraph (2) of subsection (a) of Code Section 50-14-1. In the event of such discussion with or disclosure to the members of such governing authority, any such information so discussed or disclosed shall retain its privileged and confidential nature to the same extent and under the same conditions as such information is privileged and confidential in the hands of the commissioner and any further disclosure by the members of such governing authority is prohibited. Prior to such discussion with or disclosure to the members of such governing authority, any member of the governing authority who has a conflict of interest shall be required to recuse himself or herself from the executive session. For purposes of such recusal, a conflict of interest shall include, but not be limited to, engaging in similar business to those which are identified in the confidential information or having a financial or other personal interest, direct or indirect, in such matter which is incompatible with the impartial and proper discharge of that person's official duties, which would tend to impair the independence of that person's judgment or actions, or which would make such person privy to information that would provide a competitive business advantage.

(5) It shall be unlawful for any person to divulge confidential tax information in violation of this subsection. Any person who violates this paragraph shall, upon conviction thereof, be subject to the same penalties that would apply to an employee of the department convicted of divulging confidential tax information.

(6) The commissioner may make a nominal charge for any information so furnished, not to exceed the actual cost of furnishing the information; provided, however, that any such charge shall be in addition to the 1 percent administrative fee otherwise allowed to the commissioner for defraying the cost of collecting a local sales and use tax.

(7) Nothing contained in this subsection shall prevent or be construed to prevent:

(A) The use of the information as evidence in any state or federal court in the event of litigation involving any municipal or county tax liability of a taxpayer; or

(B) The release of the information pursuant to a subpoena or court order."

## **SECTION 2.**

(2)(A) For refunds of overpayments of state and local sales and use taxes made pursuant to a direct payment permit issued in accordance with Code Section 48-8-49.1, interest shall be paid on the overpaid amount of the taxes or fees pursuant to subsection (a) of Code Section 48-2-35; however, if a taxpayer has overpaid its actual liability by 15 percent or more for any one payment during a filing period,

interest shall not be paid on any overpaid amounts by such taxpayer for all of such filing period, unless such taxpayer demonstrates to the commissioner a good faith effort to avoid such overpayment.

(B) Interest shall only be paid pursuant to this paragraph after the calculation of net payments at the end of a filing period.

(C) The commissioner shall pay and a taxpayer shall not waive the interest on refunds owed to such taxpayer pursuant to this paragraph.

(D) In the event of an underpayment of state and local sales and use taxes made pursuant to a direct payment permit issued in accordance with Code Section 48-8-49.1, interest shall be paid on the underpaid amount of the taxes or fees pursuant to subsection (a) of Code Section 48-2-35; however, such interest shall not begin accruing until the earlier of 90 days following purchase or the date of first use of such personal property or taxable services."

In no event shall more than one application for any individual certified structure under this paragraph be approved in any 120 month period.

(3) In no event shall credits issued under this Code section for projects earning more than \$300,000.00 in credits exceed in the aggregate ~~\$25 million~~ \$30 million per calendar year.

(d)(1) A taxpayer seeking to claim a tax credit under paragraph (2) of subsection (b) of this Code section shall submit an application to the commissioner for preapproval of such tax credit. An applicant shall, at the time of application, either own the real property for which said tax credit is to be claimed, or be a party to a written purchase contract, written option contract, written lease-purchase contract, or written lease having a term of more than 40 years. Such application shall include a precertification from the Department of Natural Resources certifying that the improvements to the certified structure are to be consistent with the Department of Natural Resources

Standards for Rehabilitation. The ~~Department~~ department shall have the authority to require electronic submission of such application in the manner specified by the department. The commissioner shall preapprove the tax credits within 30 days based on the order in which properly completed applications were submitted. In the event that two or more applications were submitted on the same day and the amount of funds available will not be sufficient to fully fund the tax credits requested, the commissioner shall prorate the available funds between or among the applicants. For applications on projects over the annual ~~\$25 million~~ \$30 million limitation, those applications shall be given priority the following year.

(2) In order to be eligible to receive the credit authorized under subsection (b) of this Code section, a taxpayer must attach to the taxpayer's state tax return a copy of the completed certification of the Department of Natural Resources verifying that the improvements to the certified structure are consistent with the Department of Natural Resources Standards for Rehabilitation.

(e)(1) If the credit allowed under paragraph (1) of subsection (b) of this Code section in any taxable year exceeds the total tax otherwise payable by the taxpayer for that taxable year, the taxpayer may apply the excess as a credit for succeeding years until the earlier of:

- (A) The full amount of the excess is used; or
- (B) The expiration of the tenth taxable year after the taxable year in which the certified rehabilitation has been completed.

(2) Any tax credits with respect to credits earned by a taxpayer under paragraph (2) of subsection (b) of this Code section and previously claimed but not used by such taxpayer against its income tax may be transferred or sold in whole or in part by such taxpayer to another Georgia taxpayer, subject to the following conditions:

- (A) A taxpayer who makes qualified rehabilitation expenditures may sell or assign all or part of the tax credit that may be claimed for such costs and expenses to one or more entities, but no further sale or assignment of any credit previously sold or assigned pursuant to this subparagraph shall be allowed. All such transfers shall be subject to the maximum total limits provided by subsection (c) of this Code section;
- (B) A taxpayer who sells or assigns a credit under this Code section and the entity to which the credit is sold or assigned shall jointly submit written notice of the sale or assignment to the department not later than 30 days after the date of the sale or assignment. The notice must include:
  - (i) The date of the sale or assignment;
  - (ii) The amount of the credit sold or assigned;
  - (iii) The names and federal tax identification numbers of the entity that sold or assigned the credit or part of the credit and the entity to which the credit or part of the credit was sold or assigned; and
  - (iv) The amount of the credit owned by the selling or assigning entity before the sale or assignment and the amount the selling or assigning entity retained, if any, after the sale or assignment;

(C) The sale or assignment of a credit in accordance with this Code section does not

extend the period for which a credit may be carried forward and does not increase the total amount of the credit that may be claimed. After an entity claims a credit for eligible costs and expenses, another entity may not use the same costs and expenses as the basis for claiming a credit; and

(D) Notwithstanding the requirements of this subsection, a credit earned or purchased by, or assigned to, a partnership, limited liability company, Subchapter 'S' corporation, or other pass-through entity may be allocated to the partners, members, or shareholders of that entity and claimed under this Code section in accordance with the provisions of any agreement among the partners, members, or shareholders of that entity and without regard to the ownership interest of the partners, members, or shareholders in the rehabilitated certified structure, provided that the entity or person that claims the credit must be subject to Georgia tax.

(E) Only a taxpayer who earned a credit, and no subsequent good faith transferee, shall be responsible in the event of a recapture, reduction, disallowance, or other failure related to such credit.

(3) No such credit shall be allowed the taxpayer against prior years' tax liability.

(f) In the case of any rehabilitation which may reasonably be expected to be completed in phases set forth in architectural plans and specifications completed before the rehabilitation begins, a 60 month period may be substituted for the 24 month period provided for in paragraph (5) of subsection (a) of this Code section.

(g)(1) Except as otherwise provided in subsection (h) of this Code section, in the event a tax credit under this Code section has been claimed and allowed the taxpayer, upon the sale or transfer of the certified structure, the taxpayer shall be authorized to transfer the remaining unused amount of such credit to the purchaser of such certified structure. If a historic home for which a certified rehabilitation has been completed by a nonprofit corporation is sold or transferred, the full amount of the credit to which the nonprofit corporation would be entitled if taxable shall be transferred to the purchaser or transferee at the time of sale or transfer.

(2) Such purchaser shall be subject to the limitations of subsection (e) of this Code section. Such purchaser shall file with such purchaser's tax return a copy of the approval of the rehabilitation by the Department of Natural Resources as provided in subsection (d) and a copy of the form evidencing the transfer of the tax credit.

(3) Such purchaser shall be entitled to rely in good faith on the information contained in and used in connection with obtaining the approval of the credit including, without limitation, the amount of qualified rehabilitation expenditures.

(h)(1) If an owner other than a nonprofit corporation sells a historic home within three years of receiving the credit, the seller shall recapture the credit to the Department of Revenue as follows:

(A) If the property is sold within one year of receiving the credit, the recapture amount will equal the lesser of the credit or the net profit of the sale;

(B) If the property is sold within two years of receiving the credit, the recapture amount will equal the lesser of two-thirds of the credit or the net profit of the sale;

or

- (C) If the property is sold within three years of receiving the credit, the recapture amount will equal the lesser of one-third of the credit or the net profit of the sale.
- (2) The recapture provisions of this subsection shall not apply to a sale resulting from the death of the owner.
- (i)(1) In the event that a taxpayer claims the tax credit under paragraph (2) of subsection (b) of this Code section and leases such certified structure, the department shall aggregate all total sales tax receipts from the certified structure.
- (2) Any taxpayer claiming credits under paragraph (2) of subsection (b) of this Code section shall report to the department the average full-time employees employed at the certified structure. A full-time employee for the purposes of this Code section shall mean a person who works a job that requires 30 or more hours per week. Such reports must be submitted to the department for five calendar years following the year in which the credit is claimed by the taxpayer.
- (3) In the event that a taxpayer claims the tax credit under paragraph (2) of subsection (b) of this Code section and leases such certified structure, the department shall aggregate all total full-time employees at the certified structure.
- (j) Notwithstanding Code Sections 48-2-15, 48-7-60, and 48-7-61, the department shall furnish a report to the chairperson of the House Committee on Ways and Means and the chairperson of the Senate Finance Committee by June 30 of each year. Such report shall contain the total sales tax collected in the prior calendar year and the average number of full-time employees at the certified structure and the total value of credits claimed for each taxpayer claiming credits under paragraph (2) of subsection (b) of this Code section.
- (k) The tax credit allowed under paragraph (1) of subsection (b) of this Code section, and any recaptured tax credit, shall be allocated among some or all of the partners, members, or shareholders of the entity owning the project in any manner agreed to by such persons, whether or not such persons are allocated or allowed any portion of any other tax credit with respect to the project.
- (l) The Department of Natural Resources and the Department of Revenue shall prescribe such regulations as may be appropriate to carry out the purposes of this Code section.
- (m) The Department of Natural Resources shall report, on an annual basis, on the overall economic activity, usage, and impact to the state from the rehabilitation of eligible properties for which credits provided by this Code section have been allowed."

To amend Chapter 5 of Title 48 of the Official Code of Georgia Annotated, relating to ad valorem taxation of property, so as to revise the criteria used by tax assessors to determine the fair market value of real property; to allow certain business corporations to participate in the indirect ownership of a home for the mentally disabled for financing purposes; to provide for procedures, conditions, and limitations; to provide that certain disabled veterans shall be issued refunds of certain ad valorem taxes paid during certain periods of time when such disabled veterans receive final determinations of disability containing retroactive periods of eligibility; to provide for a referendum; to provide for a contingent effective date; to provide for automatic repeal under certain circumstances; to provide for applicability; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

**SECTION 1.**

Chapter 5 of Title 48 of the Official Code of Georgia Annotated, relating to ad valorem taxation of property, is amended by revising paragraph (3) of Code Section 48-5-2, relating to definitions, as follows:

"(3) 'Fair market value of property' means the amount a knowledgeable buyer would pay for the property and a willing seller would accept for the property at an arm's

length, bona fide sale. The income approach, if data is available, shall be ~~considered~~ utilized in determining the fair market value of income-producing property, and, if actual income and expense data are voluntarily supplied by the property owner, such data shall be considered in such determination. Notwithstanding any other provision of this chapter to the contrary, the transaction amount of the most recent arm's length, bona fide sale in any year shall be the maximum allowable fair market value for the next taxable year. With respect to the valuation of equipment, machinery, and fixtures when no ready market exists for the sale of the equipment, machinery, and fixtures, fair market value may be determined by resorting to any reasonable, relevant, and useful information available, including, but not limited to, the original cost of the property, any depreciation or obsolescence, and any increase in value by reason of inflation. Each tax assessor shall have access to any public records of the taxpayer for the purpose of discovering such information.

(A) In determining the fair market value of a going business where its continued operation is reasonably anticipated, the tax assessor may value the equipment, machinery, and fixtures which are the property of the business as a whole where appropriate to reflect the accurate fair market value.

(B) The tax assessor shall apply the following criteria in determining the fair market value of real property:

- (i) Existing zoning of property;
- (ii) Existing use of property, including any restrictions or limitations on the use of property resulting from state or federal law or rules or regulations adopted pursuant to the authority of state or federal law;
- (iii) Existing covenants or restrictions in deed dedicating the property to a particular use;
- (iv) Bank sales, other financial institution owned sales, or distressed sales, or any combination thereof, of comparable real property;
- (v) Decreased value of the property based on limitations and restrictions resulting from the property being in a conservation easement;
- (vi) Rent limitations, ~~operational requirements~~ higher operating costs resulting from regulatory requirements imposed on the property, and any other restrictions imposed upon the property in connection with the property being eligible for any income tax credits ~~described in subparagraph (B.1)~~ with respect to real property which are claimed and granted pursuant to either Section 42 of the Internal Revenue Code of 1986, as amended, or Chapter 7 of this paragraph title or receiving any other state or federal subsidies provided with respect to the use of the property as residential rental property; provided, however, that ~~such~~ properties described in subparagraph (B.1) of this paragraph this division shall not be considered comparable real property for the assessment or appeal of assessment of ~~other properties not covered by this division;~~ and

(vii)(I) In establishing the value of any property subject to rent restrictions under the sales comparison approach, any income tax credits described in division (vi) of this subparagraph that are attributable to a property may be

considered in determining the fair market value of the property provided that the tax assessor uses comparable sales of property which, at the time of the comparable sale, had unused income tax credits that were transferred in an arm's length bona fide sale.

(II) In establishing the value of any property subject to rent restrictions under the income approach, any income tax credits described in division (vi) of this subparagraph that are attributable to property may be considered in determining the fair market value of the property provided that such income tax credits generate actual income to the record holder of title to the property; and  
~~(vii)~~(viii) Any other existing factors provided by law or by rule and regulation of the commissioner deemed pertinent in arriving at fair market value."

### SECTION 2.

"(13)(A) All property of any nonprofit home for the mentally disabled used in connection with its operation when the home for the mentally disabled has no stockholders and no income or profit which is distributed to or for the benefit of any private person and when the home is qualified as an exempt organization under the United States Internal Revenue Code of 1954, Section 501(c)(3), as amended, and Code Section 48-7-25, and is subject to the laws of this state regulating nonprofit and charitable corporations.

(B) Property exempted by this paragraph shall not include property of a home for the mentally disabled held primarily for investment purposes or used for purposes unrelated to the providing of residential or health care to the mentally disabled;.

(2) Upon application for the homestead exemption provided by this Code section and submittal of proper documentation, each county and municipality shall consider the taxes paid by such disabled veteran or his or her surviving unremarried spouse or minor children under the circumstances provided in paragraph (1) of this subsection to be voluntarily or involuntarily overpaid and shall refund such taxes to such disabled veteran or his or her surviving unremarried spouse or minor children in accordance with Code Section 48-5-380.

(3) Upon final determination and approval of a period of prior eligibility, the county board of assessors shall immediately transmit such approval to the local tax commissioner and local municipal tax officer if applicable. The tax commissioner and municipal tax officer shall be authorized to refund the proportionate amount of taxes from the entities for whom the taxes were collected for the tax years approved for the exemption. Such refund shall not exceed three tax years and shall not include interest."

(a) The General Assembly finds that:

(1) The state has a compelling interest in promptly providing stable and permanent homes for adoptive children, and in preventing the disruption of adoptive placements;

(2) Adoptive children have a right to permanence and stability in adoptive placements;

(3) Adoptive parents have a constitutionally protected liberty and privacy interest in retaining custody of children placed with them for adoption;

(4) A biological father who is not ~~the~~ a legal father may have an interest in his biological child. This inchoate interest is lost by failure to develop a familial bond with the child and acquires constitutional protection only if ~~the~~ a biological father who is not ~~the~~ a legal father develops a familial bond with the child;

(5) The subjective intent of a biological father who is not a legal father, whether expressed or otherwise, unsupported by evidence of acts manifesting such intent, shall not preclude a determination that ~~the~~ a biological father who is not a legal father has failed to develop a familial bond with the child; and

(6) A man who has engaged in a nonmarital sexual relationship with a woman is deemed to be on notice that a pregnancy and adoption proceeding regarding a child may occur and has a duty to protect his own rights and interests in that child. He is therefore entitled to notice of an adoption proceeding only as provided in this Code section.

(b) If there is a biological father who is not ~~the~~ a legal father of a child and he has not executed a surrender of rights as specified in paragraph (2) of subsection (e) of Code Section 19-8-4, 19-8-5, 19-8-6, or 19-8-7 or paragraph (3) of subsection (e) of Code Section 19-8-4, 19-8-5, or 19-8-7, he shall be notified of adoption proceedings regarding the child in the following circumstances:

(2) If he is a registrant on the putative father registry who has acknowledged paternity of the child in accordance with subparagraph (d)(2)(A) of Code Section 19-11-9; or

(3) If he is a registrant on the putative father registry who has indicated possible paternity of ~~a child of the child's mother~~ the child during a period beginning two years immediately prior to the child's date of birth in accordance with subparagraph (d)(2)(B) of Code Section 19-11-9; ~~or~~

~~(4) If the court finds from the evidence, including but not limited to the affidavit of the mother specified in subsection (g) of Code Section 19-8-4, 19-8-5, 19-8-6, or 19-8-7 in the form provided in subsection (h) of Code Section 19-8-26, that such biological father who is not the legal father has performed any of the following acts:~~

~~(A) Lived with the child;~~

~~(B) Contributed to the child's support;~~

~~(3)(C)~~ Publication once a week for three weeks in the official organ of the county where the adoption petition has been filed and of the county of his last known address, which notice shall be deemed received upon the date of the last publication.

~~(2)~~ If feasible, the methods specified in ~~paragraph (1) or (2)~~ subparagraph (A) or (B) of paragraph (1) of this subsection shall be used before publication; provided, however, that in the interest of time, publication may be initiated simultaneously with efforts to perfect service personally, by registered mail, or by statutory overnight delivery.

~~(3)~~ No prior order of court shall be required to publish notice pursuant to this Code section; provided, however, that before publication may be relied upon as a means of service, it shall be averred that, after diligent efforts, service could not be perfected personally, by registered mail, or by statutory overnight delivery.

~~(d)(1)~~ When ~~Where~~ the rights of a parent or guardian of a child have been surrendered or terminated in accordance with subsection (a) of Code Section 19-8-4 or the child does not have a living parent or guardian, the department, ~~or a child-placing agency, or out-of-state licensed agency~~ may file, under the authority of this

paragraph, a petition to terminate ~~such~~ a biological father's rights to the child with the superior court of the county ~~where the child resides~~ of the child's domicile, of the county where the child was born, of the county in which is located the principal office of the child-placing agency having legal custody of the child, or of the county in which is located the office of the department having legal custody of the child.

(2) ~~When~~ ~~Where~~ the rights of a parent or guardian of a child have been surrendered in accordance with subsection (a) of Code Section 19-8-5, 19-8-6, or 19-8-7 ~~or~~, the child does not have a living parent or guardian, a consent to adopt has been executed pursuant to paragraph (2) of subsection (a) of Code Section 19-8-6, or the petitioner is seeking to involuntarily terminate parental rights pursuant to Code Section 19-8-10, the petitioner shall file, under the authority of this paragraph, with the superior court ~~either of the county of the child's domicile or of the county where the child was born~~ a motion, if a petition for adoption of the child has previously been filed with the court, or a petition to terminate ~~such~~ a biological father's rights to the child.

(3) ~~When~~ ~~Where~~ a petition or motion is filed pursuant to paragraph (1) or (2) of this subsection, the court shall, within 30 days from the date of receipt of the notice required by subsection (b) of this Code section or, when no notice is required to be given, from the date of such filing, conduct a hearing in chambers to determine the facts in the matter. ~~The court shall be authorized to consider the affidavit of the mother specified in subsection (g) of Code Section 19-8-4, 19-8-5, 19-8-6, or 19-8-7, as applicable, in making its determination pursuant to this paragraph. (C) Made any attempt to legitimate the child; or

(D) ~~Provided support or medical care for the mother, either during her pregnancy or during her hospitalization for the birth of the child, and~~

(4) Unless the identity of a biological father is known to the petitioner, department, child-placing agency, or out-of-state licensed agency or to the attorney for such individual or entity such that he is entitled to notice of the proceedings as provided in this Code section, when the petitioner provides a certificate as of the date of the petition or the motion, as the case may be, from the putative father registry stating that there is no entry registrant identified on the putative father registry ~~either acknowledging paternity of the child or indicating possible paternity of a child of the child's mother~~ the child for a period beginning no later than two years immediately prior to the child's date of birth, then it shall be rebuttably presumed that ~~the~~ an unnamed biological father who is not ~~the~~ a legal father is not entitled to notice of the proceedings. Absent evidence rebutting the presumption, then no further inquiry or notice shall be required by the court and the court shall enter an order terminating the rights of such unnamed biological father to the child.

(e) When notice is to be given pursuant to subsection (b) of this Code section, it shall advise such biological father who is not ~~the~~ a legal father that he loses all rights to the

child and will neither receive notice nor be entitled to object to the adoption of the child unless, within 30 days of receipt of such notice, he files:

(2) Notice of the filing of the petition to legitimate with the court in which the action under this Code section, if any, is pending; and

(3) Notice of the filing of the petition to legitimate to the person or agency who provided such notice to such biological father.

(g) If an alleged biological father who is not a legal father files a legitimation petition after the mother of such child has surrendered her parental rights, the court shall be authorized to consider the affidavit of the mother specified in subsection (g) of Code Section 19-8-4, 19-8-5, 19-8-6, or 19-8-7, as applicable. If the court finds from the evidence that such biological father has not lived with the child, contributed to the child's support, or provided support or medical care during the mother's pregnancy or hospitalization for the birth of the child, the court shall conclude that the biological father abandoned his opportunity interest to legitimate the child and deny his petition for legitimation and he shall not thereafter be allowed to object to the adoption nor be entitled to receive further notice of the adoption proceedings.

~~(g)~~(h) If the child is legitimated by his or her biological father, the adoption shall not be permitted except as provided in Code Sections 19-8-4 through 19-8-7.

5.

I understand that I will receive a copy of this document after the witness and I have signed it and it has been notarized.

6.

I understand that under Georgia law I have the unconditional right to a ten-day revocation period. 19-8-27.

(a) As used in this Code section, the term 'birth relative' means:

(1) A parent, biological father who is not ~~the~~ a legal father, grandparent, brother, sister, half-brother, or half-sister who is related by blood or marriage to a child who is being adopted or who has been adopted; or

(2) A grandparent, brother, sister, half-brother, or half-sister who is related by adoption to a child who is being adopted or who has been adopted.

(b)(1) An adopting parent or parents and birth relatives or an adopting parent or parents, birth relatives, and a child who is 14 years of age or older who is being adopted or who has been adopted may voluntarily enter into a written postadoption contact agreement to permit continuing contact between such birth relatives and such child. A child who is 14 years of age or older shall be considered a party to a postadoption contact agreement.

(2) A postadoption contact agreement may provide for privileges regarding a child who is being adopted or who has been adopted, including, but not limited to, visitation with such child, contact with such child, sharing of information about such

child, or sharing of information about birth relatives.

(3) In order to be an enforceable postadoption contact agreement, such agreement shall be in writing and signed by all of the parties to such agreement acknowledging their consent to its terms and conditions.

(4) Enforcement, modification, or termination of a postadoption contact agreement shall be under the continuing jurisdiction of the court that granted the petition ~~of~~ for adoption; provided, however, that the parties to a postadoption contact agreement may expressly waive the right to enforce, modify, or terminate such agreement under this Code section.

(5) Any party to the postadoption contact agreement may, at any time, file the original postadoption contact agreement with the court that has or had jurisdiction over the adoption if such agreement provides for the court to enforce such agreement or such agreement is silent as to the issue of enforcement.

(c) A postadoption contact agreement shall contain the following warnings in at least 14 point boldface type:

(1) After the entry of a decree for adoption, an adoption cannot be set aside due to the failure of an adopting parent, a ~~birth~~ biological parent, a birth relative, or the child to follow the terms of this agreement or a later change to this agreement; and

(2) A disagreement between the parties or litigation brought to enforce, terminate, or modify this agreement shall not affect the validity of the adoption and shall not serve as a basis for orders affecting the custody of the child.

(d)(1) As used in this subsection, the term 'parties' means the individuals who signed the postadoption contact agreement currently in effect, including the child if he or she is 14 years of age or older at the time of the action regarding such agreement, but such term shall exclude any third-party beneficiary to such agreement.

(2) A postadoption contact agreement may always be modified or terminated if the parties have voluntarily signed a written modified postadoption contact agreement or termination of a postadoption contact agreement. A modified postadoption contact agreement may be filed with the court if such agreement provides for the court to enforce such agreement or such agreement is silent as to the issue of enforcement.

(e) With respect to postadoption contact agreements that provide for court enforcement or termination or are silent as to such matters, any party, as defined in paragraph (1) of subsection (d) of this Code section, may file a petition to enforce or terminate such agreement with the court that granted the petition ~~of~~ for adoption, and the court shall enforce the terms of such agreement or terminate such agreement if such court finds by a preponderance of the evidence that the enforcement or termination is necessary to serve the best interests of the child.

(f) With respect to postadoption contact agreements that provide for court modification or are silent as to modification, only the adopting parent or parents may file a petition seeking modification. Such petition shall be filed with the court that granted the petition ~~of~~ for adoption, and the court shall modify such agreement if such court finds by a preponderance of the evidence that the modification is necessary to serve the best interests of the child and there has been a material change of circumstances since the

current postadoption contact agreement was executed.

(g) A court may require the party seeking modification, termination, or enforcement of a postadoption contact agreement to participate in mediation or other appropriate alternative dispute resolution.

(h) All reasonable costs and expenses of mediation, alternative dispute resolution, and litigation shall be borne by the party, other than the child, filing the action to enforce, modify, or terminate a postadoption contact agreement when no party has been found by the court as failing to comply with an existing postadoption contact agreement. Otherwise, a party, other than the child, found by the court as failing to comply without good cause with an existing postadoption contact agreement shall bear all the costs and expenses of mediation, alternative dispute resolution, and litigation of the other party.

(i) A court shall not set aside a decree of adoption, rescind a surrender of rights, or modify an order to terminate parental rights or any other prior court order because of the failure of an adoptive parent, a birth relative, or the child to comply with any or all of the original terms of, or subsequent modifications to, a postadoption contact agreement.

19-8-28.

When a child is an orphan, the petitioner shall not be required to have a guardian appointed for such child in order for a guardian to execute a surrender of rights. Such child shall be adoptable without a surrender of rights."

"20-2-852.1.

If the local board of education has established a policy providing time off for biological parents, that period of time shall be the minimum period of leave available for adoptive parents. Requests for additional leave due to the adoption of an ill child or a child with a disability shall be considered on the same basis as comparable cases of such complications accompanying the birth of such a child to an employee or employee's spouse. Any other benefits provided by the local board of education, such

as job guarantee or pay, shall be available to both adoptive and biological parents on an equal basis. A local board of education shall not penalize an employee for exercising the rights provided by this Code section. The provisions of this Code section shall not apply to an adoption by the spouse of a custodial parent."
