WHEREAS, ensuring the quality and consistency of public data is essential to maintaining the data's value and utility and achieving high value solutions to improve the lives and health of our citizens; and

WHEREAS, new information technology has fundamentally changed the way people search for and expect to find information and can aggregate large quantities of data to allow the state to provide better information to citizens with increasing efficiency and thoroughness; and

WHEREAS, the state should evaluate ways to appropriately, efficiently, and securely share data between and within state agencies to allow for quicker, more impactful cross-agency analysis to allow policymakers to make quicker, more informed decisions; and

WHEREAS, the state should use the innovations in information technology in other states and private industry to enhance public access to public data to make the state more transparent and to promote public trust while eliminating waste, fraud, and abuse in the execution and delivery of government services.

The Senate Committee on Education and Youth offered the following substitute to SB 211:

A BILL TO BE ENTITLED  
AN ACT

To amend Code Section 20-2-281 of the Official Code of Georgia Annotated, relating to student assessments, so as to provide for consideration of local reading programs when establishing a research based formative assessment with a summative component for grades one and two; to pursue maximum flexibility under federal law for state and local assessments; to provide for a comparability study to determine and establish the concordance of nationally recognized academic assessments with content standards and assessments in grades nine through 12; to provide for related matters; to provide for an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

**SECTION 1.**

Code Section 20-2-281 of the Official Code of Georgia Annotated, relating to student assessments, is amended by revising subsection (a) and by adding a new subsection to read as follows:

"(a) The State Board of Education shall adopt a student assessment program consisting of instruments, procedures, and policies necessary to implement the program and shall fund all costs of providing and scoring such instruments, subject to appropriation by the General Assembly. The student assessment program shall include a comprehensive summative assessment program for grades three through 12. In addition, each local school system shall administer, with state funding, a research based formative assessment with a summative component that is tied to performance indicators in English, language arts/reading, and mathematics in grades one and two, subject to available appropriations. Such research based assessment shall be selected, after consultation with local school systems. Such research based assessment shall provide for real-time data analysis for students, teachers, school leaders, and parents; allow flexible grouping of students based on skill level; and measure student progress toward grade level expectations throughout the school year. Each local school system may elect to administer, with state funding, nationally norm-referenced instruments in reading, mathematics, science, or social studies in grade three, four, or five and in grade six, seven, or eight, subject to available appropriations, with assistance to such school systems by the State Board of Education with regard to administration guidance, scoring, and reporting of such instruments. Further, the State Board of Education shall adopt a school readiness assessment for students entering first grade and shall administer such assessment pursuant to paragraph (2) of subsection (b) of Code Section 20-2-151. Each local school system is strongly encouraged to develop and implement a program of multiple formative assessments in reading and mathematics for kindergarten

through fifth grade to ensure that students entering sixth grade are on track to meet grade-level expectations, including mastery in reading by the end of third grade to prepare for the infusion of literacy in subsequent grades and mastery in basic mathematics skills by the end of fifth grade and in accordance with the local school system's five-year strategic plan, performance indicators, and, if applicable, flexibility contract or other agreement with the State Board of Education for local school systems that are not under a flexibility contract. The State Board of Education shall periodically review, revise, and upgrade the content standards. Following the adoption of such content standards, the State Board of Education shall contract for development of end-of-grade assessments to measure the content standards. As part of the comprehensive summative assessment program, end-of-grade assessments in English, language arts/reading, and mathematics shall be administered annually to students in grades three through eight, and such tests in science and social studies shall be administered annually to students in grades five and eight. These tests shall contain features that allow for comparability to other states with whom establishing such comparison would be statistically sound; provided, however, that no such comparison shall be conducted which would relinquish any measure of control over assessments to any individual or entity outside the state. Further, as part of the comprehensive summative assessment program, the State Board of Education shall adopt and administer, through the Department of Education, end-of-course assessments for students in grades nine through 12 for all core subjects, as determined by the state board. Writing performance shall be assessed, at a minimum, for students in grades three, five, eight, and 11 and may be assessed for students in additional grade levels as designated by the State Board of Education. Such required writing performance assessment may be embedded within the assessments included in the comprehensive summative assessment program. Writing performance results shall be provided to students and their parents. If authorized by federal law to establish and operate an innovative assessment system pursuant to 34 C.F.R. Section 200.104, the Department of Education may establish a pilot program for local school systems that have an existing program of multiple formative assessments during the course of the academic year that result in a single summative score that is valid and reliable in measuring individual student achievement or growth and assessing individual student needs or deficiencies, to utilize such local assessments in place of end-of-grade or end-of-course assessments, if provided for in the terms of the local school system's flexibility contract. As used in this subsection, the term 'flexibility contract' means a charter for a charter system or a charter school or a contract entered into with the State Board of Education for a strategic waivers school system."

"(t)(1) The State Board of Education shall direct the existing assessment workgroup to pursue maximum flexibility for state and local assessments under federal law. Such maximum flexibility shall include, but not be limited to, utilization of nationally recognized college and career ready high school assessments, provided that comparability can be established pursuant to paragraph (2) of this subsection, as well as application for innovative assessment demonstration authority, as provided for in

34 C.F.R. Section 200.104. The state board shall provide a report regarding such no later than September 1, 2017, to the State School Superintendent, Governor, Lieutenant Governor, Speaker of the House of Representatives, and the chairpersons of the Senate Education and Youth Committee and the House Committee on Education and shall post such report on the Department of Education website no later than September 1, 2017.

(2) The State Board of Education shall conduct a comparability study to determine and establish the concordance of nationally recognized academic assessments, including, but not limited to, the SAT, ACT, and ACCUPLACER with alignment to state content standards in grades nine through 12. Such comparability study shall also determine whether the nationally recognized high school academic assessment provides data that are comparable to current end-of-course assessments and valid and reliable for all subgroups and whether the assessment provides differentiation between schools' performances as required by the state accountability plan. The state board shall initiate such study no later than July 1, 2017, and shall post such study on the Department of Education website and provide the study to the State School Superintendent, Governor, Lieutenant Governor, Speaker of the House of Representatives, and the chairpersons of the Senate Education and Youth Committee and the House Committee on Education upon completion of the federal review process."

## SECTION 2.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

## SECTION 3.

Code Section 35-3-34 of the Official Code of Georgia Annotated, relating to disclosure and dissemination of criminal records to private persons and businesses, resulting responsibility and liability of the Georgia Crime Information Center, and provision of

Section 921, et seq.; provided, however, that with respect to involuntary hospitalization records, the center shall forward only such information as is necessary to identify such persons.

(2) The records of the ~~Georgia Crime Information Center~~ center shall include information as to whether a person has been involuntarily hospitalized. Notwithstanding any other provisions of law and in order to carry out the provisions of this Code section and Code Section 16-11-172, the ~~Georgia Crime Information Center~~ center shall be provided such information and no other mental health information from the involuntary hospitalization records of the probate courts concerning persons involuntarily hospitalized after March 22, 1995, in a manner agreed upon by ~~the Probate Judges Training Council and the Georgia Bureau of Investigation~~ The Council of Probate Court Judges of Georgia and the bureau to preserve the confidentiality of patients' rights in all other respects. Further, notwithstanding any other provisions of law and in order to carry out the provisions of this Code section and Code Section 16-11-172, the center shall be provided information as to whether a person has been adjudicated mentally incompetent to stand trial or not guilty by reason of insanity at the time of the crime, has been involuntarily hospitalized, or both from the records of the clerks of the superior courts concerning persons involuntarily hospitalized after March 22, 1995, in a manner agreed upon by The Council of Superior Court Clerks of Georgia and the ~~Georgia Bureau of Investigation~~ bureau to preserve the confidentiality of patients' rights in all other respects.

(2.1)(A) When a person's mental health information has been submitted pursuant to paragraph (2) of this subsection, such person may petition the court in which such hospitalization proceedings occurred for relief. A copy of such petition for relief shall be served upon the opposing civil party or the prosecuting attorney, as the case may be, or their successors, who appeared in the underlying case. Within 60 days of the receipt of such petition, such court shall hold a hearing on such petition; provided, however, that such time period may be extended for good cause as determined by the court. The prosecuting attorney may represent the interests of the state at such hearing.

(B) At the hearing provided for under this paragraph, the court shall receive and consider evidence concerning:

(i) The circumstances which caused the petitioner's hospitalization and regarding firearm disabilities from which relief is sought;

(ii) The petitioner's mental health and criminal history records, if any. The court

shall require the petitioner to sign a waiver authorizing the record custodian of any hospital where such petitioner received mental health treatment for such hospitalization or any other facility or outpatient treatment center where he or she received mental health treatment since such hospitalization to release such records to the court. The court shall keep such hospitalization and treatment records confidential to the extent possible;

(iii) The petitioner's reputation, which shall be developed at a minimum through character witness statements, testimony, or other character evidence; and

(iv) Changes in the petitioner's condition or circumstances since the hospitalization relevant to the relief sought.

(C)(i) The court shall issue a written order of its decision on such petition filed under this paragraph no later than 30 days after the hearing.

(ii) The court shall grant such petition if it finds by a preponderance of the evidence that the petitioner will not likely act in a manner dangerous to public safety and that granting the relief will not be contrary to the public interest.

(iii) If the court grants such petition, the clerk of court shall report such order to the center immediately, but in no case later than ten days after the date of such order, and the center shall purge and remove such record that is the subject of the order from any data base in which the center makes available to the National Instant Criminal Background Check System and notify the United States Attorney General that the basis for such record being made available no longer is applicable, as soon as practicable but not later than 30 days after receipt of such order.

(iv) No petition for relief may be filed within a period of one year from the date of the final order on a previous petition for relief.

(2.2)(A) After five years have elapsed from the date that a person's involuntary hospitalization information has been received by the Georgia Crime Information Center or not purged for an additional five-year period as provided for under this paragraph, the center shall purge its records of such information as soon as practicable and in any event purge such records within 30 days after the expiration of such five-year period provided for in this paragraph.

(B) Within 30 days of the expiration of such five-year period, the center shall notify the court retaining jurisdiction over the case of a person's involuntary hospitalization of the pending expiration of such five-year period. Within 15 days of the receipt of such notice, such court retaining jurisdiction shall decide whether, in its discretion based upon the facts of the underlying case, to hold a hearing to determine whether public safety and the public interest requires that such person's involuntary hospitalization information not be purged for an additional five-year period.

(C)(i) If the court decides not to hold a hearing, the court shall issue an order of its decision not to hold a hearing and the clerk of court shall report such order to the center immediately, but in no case later than ten days after the date of such decision, and the center shall purge and remove such record that is the subject of the order from any data base in which the center makes available to the National

Instant Criminal Background Check System and notify the United States Attorney General that the basis for such record being made available is no longer applicable, as soon as practicable but not later than 30 days after receipt of such order.

(ii) If the court decides to hold a hearing, the court shall issue a notice of hearing to the person whose involuntary hospitalization records are the subject of such hearing and the opposing civil party or the prosecuting attorney, as the case may be, or their successors, who appeared in the underlying case. The court shall hold such hearing within 30 days of its decision to hold a hearing; provided, however, that in its discretion the court may extend the time for the holding of such hearing for good cause. The provisions of subparagraphs (D) and (E) shall apply to such hearing.

(D) At the hearing provided for under this paragraph, the court shall receive and consider evidence concerning:

(i) The circumstances which caused the person's hospitalization and regarding firearm disabilities from which relief is sought;

(ii) The person's mental health and criminal history records, if any. The court shall require the person to sign a waiver authorizing the record custodian of any hospital where such person received mental health treatment for such hospitalization or any other facility or outpatient treatment center where he or she received mental health treatment since such hospitalization to release such records to the court. The court shall keep such hospitalization and treatment records confidential to the extent possible;

(iii) The person's reputation, which shall be developed at a minimum through character witness statements, testimony, or other character evidence; and

(iv) Changes in the person's condition or circumstances since the hospitalization relevant to the relief sought.

(E)(i) The court shall issue a written order of its decision on such petition filed under this paragraph no later than 30 days after the hearing.

(ii) If the court does not find by clear and convincing evidence that the person will likely act in a manner dangerous to public safety and that purging such records will not be contrary to the public interest, it shall order that such person's involuntary hospitalization information be purged. The clerk of court shall then report such order to the center immediately, but in no case later than ten days after the date of such order, and the center shall purge and remove such record that is the subject of the order from any data base in which the center makes available to the National Instant Criminal Background Check System and notify the United States Attorney General that the basis for such record being made available no longer is applicable, as soon as practicable but not later than 30 days after receipt of such order. Otherwise, the court shall order that the person's involuntary hospitalization not be purged for an additional five-year period; provided, however, that during such additional five-year period the person may petition pursuant to paragraph (2.1) of this subsection.

(2.3)(A) A record shall be kept of hearings conducted pursuant to paragraphs (2.1) and (2.2) of this subsection. Such record shall be exempt from disclosure under Article 4 of Chapter 18 of Title 50.

(B) Any appeal of the court's ruling filed pursuant to paragraphs (2.1) and (2.2) of this subsection shall be as provided for by the laws governing the appeal of decisions from such court; provided, however, that notwithstanding Code Section 5-3-2, any such appeal from a probate court, as defined in Code Section 15-9-120, shall be by de novo investigation to the superior court.

(C) Information received by a prosecuting attorney pursuant to paragraph (2.1) or (2.2) of this subsection shall not be used against the person who is the subject of the petition in any other case or context unless such information is obtained in such other case or context by other rules of evidence or discovery.

(3)(A) The records of the center shall include information as to whether a person has been involuntarily hospitalized. In order to carry out the provisions of Code Section 16-11-129, the center shall be provided such information and no other mental health information from the records of the probate and superior courts ordering persons to be involuntarily hospitalized. With respect to probate court records, such information shall be provided in a manner agreed upon by the Probate Judges Training Council and the bureau. With respect to superior court records, such information shall be provided in a manner agreed upon by The Council of Superior Court Clerks of Georgia and the bureau. Such records shall be provided in a manner so as to preserve the confidentiality of patients' rights in all other respects.

(B) In order to carry out the provisions of Code Section 16-11-129, the center shall be provided information as to whether a person has been adjudicated mentally incompetent to stand trial or has been found not guilty by reason of insanity at the time of the crime. The clerk of court shall report such information to the center immediately, but in no case later than ten days after such adjudication of mental incompetence or finding of not guilty by reason of insanity."

AN ACT

To amend Chapter 5 of Title 49 of the Official Code of Georgia Annotated, relating to programs and protection for children and youth, so as to provide for the establishment by the Department of Human Services of a uniform volunteer certification system including varying levels of certification; to provide for limited immunity; to provide for a short title; to provide for legislative findings; to provide for definitions; to establish a uniform volunteer certification system for the support of public and private agency foster caregivers; to provide for a central data base of Georgia SERVES Volunteers that can be accessed by the department and contracted child welfare agencies to verify the approval status of volunteers; to provide for statutory construction; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

**SECTION 1.**

Chapter 5 of Title 49 of the Official Code of Georgia Annotated, relating to programs and protection for children and youth, is amended in Code Section 49-5-3, relating to definitions relative to children and youth services, by revising paragraph (16) as follows:

"(16) 'Reasonable and prudent parent standard' means the standard characterized by careful and sensible parental decisions that maintain the health, safety, and best interests of a child while at the same time encouraging the emotional and developmental growth of the child, that a caregiver shall use when determining whether to allow a child in foster care under the responsibility of the department to participate in extracurricular, enrichment, cultural, and social activities, including but

not limited to allowing a Georgia SERVES Volunteer to provide babysitting and mentoring of the child pursuant to Article 1A of this chapter."

### **SECTION 2.**

Said chapter is further amended by revising Code Section 49-5-12.2, relating to immunity from liability, as follows:

"49-5-12.2.

Any caregiver or other entity under contract with the department shall be immune from civil liability as a result of a caregiver's approval of the participation of a child, who is in the custody of the department, in an age or developmentally appropriate activity, including in activities with or approved by a Georgia SERVES Volunteer, so long as such caregiver or other entity under contract with the department acts in accordance with the reasonable and prudent parent standard. A caregiver or other entity under contract with the department shall also be immune from civil liability or from penalty by any division of the department, as a result of a caregiver's approval of interaction between a child and a Georgia SERVES Volunteer so long as such caregiver acts in accordance with the reasonable and prudent parent standard. No provision in any agreement between the department and a caregiver or an entity under contract with the department shall diminish the standard of care provided in this Code section."

### **SECTION 3.**

Said chapter is further amended by adding a new article to read as follows:

#### "ARTICLE 1A

49-5-30.

This article shall be known and may be cited as the 'Georgia SERVES Act of 2017.'

49-5-31.

It is the intent of the General Assembly to help the Department of Human Services support and thus retain more foster parents and encourage Georgia SERVES Volunteers to become fully approved foster parents if they have a positive volunteering experience. It is the intent of the General Assembly to establish a uniform volunteer process which is separate from the foster parent approval process to provide increased support for approved foster parents who provide care for children in state foster care. The intent of this article is to streamline the volunteer training and approval process, without reducing in any way the ability of the Department of Human Services and its partners to protect children in care. Properly implemented, this system will increase the number of volunteers helping with the foster care system and aid in retention of foster parents. Further, certified volunteers will be able to serve any public or private agency foster parent across county lines and child-placing agencies seamlessly. The focus shall be on better serving foster parents with an engineered support system that assists them in providing normalcy and enabling opportunities for social development, recreation,

academic growth, and positive life experiences, based on a foster caregiver's support needs and the child's developmental, emotional, physical, and other needs. By establishing a uniform volunteer process, this will also decrease the burden on the state and county departments of family and children services to solely provide for support of foster caregivers, manage volunteers, and establish a system whereby foster care volunteers are able to support the work of any public or private child welfare agencies without having to be re-vetted by each agency.

49-5-32.

As used in this article, the term:

- (1) 'Babysitting' means informal, short-term child care.
- (2) 'Caregiver' shall have the same meaning as in Code Section 49-5-3.
- (3) 'Child-placing agency' shall have the same meaning as in Code Section 49-5-3.
- (4) 'Georgia SERVES Volunteer' or 'volunteer' means an individual certified pursuant to this article to provide for varying degrees of support to foster families.
- (5) 'Household support' means assistance provided to foster parents in accomplishing domestic tasks such as meal preparation, yard work, household repairs, maintenance, and other similar activities.
- (6) 'Level I volunteer' means a volunteer certified pursuant to this article to provide household support, babysitting, and mentoring in the foster parents' home or in the community.
- (7) 'Level II volunteer' means a volunteer certified pursuant to this article to provide household support in the foster parents' home and babysitting and mentoring in the foster parents' home and in their own home for up to 72 hours at a time.
- (8) 'Mentoring' means supported services for foster children focused on improving their well-being through a positive adult relationship, role modeling, and support of their academic and social endeavors.

49-5-33.

(a) The department shall establish a uniform certification system and guidelines for individuals serving as volunteers for foster children and their families in this state. The department shall ensure that the system provides for coordination within the department between the Division of Family and Children Services, the Office of Residential Child Care, and any other appropriate divisions or offices to provide for a seamless process for volunteers to become certified pursuant to this article and to serve as a volunteer for any child-placing agency or the department. The department shall establish two certification levels for volunteers, as follows:

- (1) Level I volunteers shall be certified to provide household support, babysitting, and mentoring in the home of the foster child or in the community; and
- (2) Level II volunteers shall be certified to include Level I support and to provide babysitting and mentoring in the volunteer's own home for up to 72 hours at a time.

(b) The department shall provide for issuance of a photo identification card with an expiration date, not to exceed one year from the date of issuance, and level of

certification to each Georgia SERVES Volunteer certified pursuant to this chapter.

(c) Level I and II volunteers shall be subject to fingerprint and criminal background checks pursuant to Code Section 49-5-69.1, subject to checks of publicly available records of the Department of Corrections, Sexual Offender Registry, and State Board of Pardons and Paroles, and subject to self-checks of the child abuse registry pursuant to subsection (c) of Code Section 49-5-185.

(d) The department shall establish specific requirements for each level of volunteer, including, but not limited to, the following:

(1) Training requirements for each level of volunteers as appropriate, including, but not limited to, a minimum of two hours of online or in-person training, initially and annually thereafter. Such training may include, as determined appropriate by the department for each level, best standards for care, safety issues, mandatory reporting requirements, and caring for children with therapeutic needs;

(2) Modified home assessments for Level II volunteers, including, but not limited to:

(A) Identifying information on all household members, including name, sex, and age;

(B) A home environmental assessment, including sleeping arrangements for children and confirmation that the home is safe, clean, hazard-free, and has sufficient space, working smoke alarms, and fire extinguishers;

(C) Documentation of driver's license and insurance if the volunteer will be transporting children; and

(D) A brief psychosocial assessment of the volunteer to include his or her understanding of child development, understanding of the Division of Family and Children Services discipline policy and the reasonable and prudent parent standards, and identifying any limitations on which type of children for whom the volunteer will be providing babysitting or mentoring care; and

(3) Specialized requirements for volunteers serving foster children who are medically fragile or who have been diagnosed with an emotional or behavioral disorder.

(e) The department shall be authorized to impose a fee on applicants to cover all reasonable costs of certifying volunteers and establishing and maintaining a state-wide data base pursuant to this article.

(f) No later than July 1, 2018, the department shall establish a state-wide data base of certified volunteers which can be utilized by the department and accessed by contracted child-placing agencies to review volunteer information, including certification levels, safety check results, training, volunteer activities, matches, significant events, the approving entity, and other relevant participation and approval data.

(g) The department may contract with one or more outside entities to assist in establishing and administering the uniform certification system established pursuant to this Code section.

(h) At least every two years, the department shall review and update, as necessary, the certification system and guidelines established pursuant to this article for the certification of volunteers.

49-5-34.

(a) A child-placing agency may accept any volunteer certified at the appropriate level to provide services as needed, regardless of any other child-placing agency affiliation of the volunteer.

(b) Caregivers of foster children shall be given full autonomy to apply the reasonable and prudent parent standard, as defined in Code Section 49-5-3, in engaging the services of Georgia SERVES Volunteers.

(c)(1) Nothing in this article shall prevent a child-placing agency from requiring additional standards for its other volunteers.

(2) Nothing in this article shall be construed to require a foster parent to accept any volunteer certified pursuant to this article."

**BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:**

**SECTION 1.**

Article 2 of Chapter 7 of Title 48 of the Official Code of Georgia Annotated, relating to imposition, rate, computation, and exemptions from state income tax, is amended by revising subsection (a) of Code Section 48-7-40.17, relating to an income tax credit for establishing or relocating quality jobs, as follows:

"48-7-40.17.

(a) As used in this Code section, the term:

(1) 'Average wage' means the average wage of the county in which a new quality job

is located as reported in the most recently available annual issue of the Georgia Employment and Wages Averages Report of the Department of Labor.

(2) 'New quality job' means employment for an individual which:

- (A) Is located in this state;
- (B) Has a regular work week of 30 hours or more;
- (C) Is not a job that is or was already located in Georgia regardless of which taxpayer the individual performed services for; and
- (D) Pays at or above 110 percent of the average wage of the county in which it is located.

(3) 'Qualified investment property' means all real and personal property purchased or acquired by a taxpayer for use in a qualified project, including, but not limited to, amounts expended on land acquisition, improvements, buildings, building improvements, and any personal property to be used in the facility or facilities. Any lease for a period of three years or longer of any real or personal property used in a new or expanded facility or facilities which would otherwise constitute qualified investment property shall be treated as the purchase or acquisition thereof by the lessee. The taxpayer may treat the full value of the leased property as qualified investment property in the year in which the lease becomes binding on the lessor and the taxpayer.

(4) 'Qualified investment property requirement' means the requirement that a minimum of \$2.5 million in qualified investment property will have been purchased or acquired by the taxpayer to be used with respect to a qualified project. Such qualified investment property must be placed in service by the end of the two-year period specified in subsection (b) of this Code section.

(5) 'Qualified project' means a project which meets the qualified investment property requirement and which involves the lease or construction of one or more new facilities in this state or the expansion of one or more existing facilities in this state. For purposes of this paragraph, the term 'facilities' means all facilities comprising a single project, including noncontiguous parcels of land, improvements to such land, buildings, building improvements, and any personal property that is used in the facility or facilities.

~~(3)~~(6) 'Taxpayer' means any person required by law to file a return or to pay taxes, except that any taxpayer may elect to consider the jobs within its disregarded entities, as defined in the Internal Revenue Code, for purposes of calculating the number of new quality jobs created by the taxpayer under this Code section.

(b) A taxpayer establishing new quality jobs in this state or relocating quality jobs into this state which elects not to receive the tax credits provided for by Code Sections 48-7-40, 48-7-40.1, 48-7-40.2, 48-7-40.3, 48-7-40.4, 48-7-40.7, 48-7-40.8, and 48-7-40.9 for such jobs and investments created by, arising from, related to, or connected in any way with the same project and, within one year of the first date on which the taxpayer pursuant to the provisions of Code Section 48-7-101 withholds wages for employees in this state and employs at least 50 persons in new quality jobs in this state, shall be allowed a credit for taxes imposed under this article; except that if the first date on

which the taxpayer, pursuant to the provisions of Code Section 48-7-101, withholds wages for employees in this state occurs in a taxable year beginning on or after January 1, 2017, the taxpayer has two years to employ at least 50 persons in new quality jobs in this state:

- (1) Equal to \$2,500.00 annually per eligible new quality job where the job pays 110 percent or more but less than 120 percent of the average wage of the county in which the new quality job is located;
- (2) Equal to \$3,000.00 annually per eligible new quality job where the job pays 120 percent or more but less than 150 percent of the average wage of the county in which the new quality job is located;
- (3) Equal to \$4,000.00 annually per eligible new quality job where the job pays 150 percent or more but less than 175 percent of the average wage of the county in which the new quality job is located;
- (4) Equal to \$4,500.00 annually per eligible new quality job where the job pays 175 percent or more but less than 200 percent of the average wage of the county in which the new quality job is located; and
- (5) Equal to \$5,000.00 annually per eligible new quality job where the job pays 200 percent or more of the average wage of the county in which the new quality job is located;

provided, however, that where the amount of such credit exceeds a taxpayer's liability for such taxes in a taxable year, the excess may be taken as a credit against such taxpayer's quarterly or monthly payment under Code Section 48-7-103 but not to exceed in any one taxable year the credit amounts in paragraphs (1) through (5) of this subsection for each new quality job when aggregated with the credit applied against taxes under this article. Each employee whose employer receives credit against such taxpayer's quarterly or monthly payment under Code Section 48-7-103 shall receive a credit against his or her income tax liability under Code Section 48-7-20 for the corresponding taxable year for the full amount which would be credited against such liability prior to the application of the credit provided for in this subsection. Credits against quarterly or monthly payments under Code Section 48-7-103 and credits against liability under Code Section 48-7-20 established by this subsection shall not constitute income to the taxpayer. For each new quality job created, the credit established by this subsection may be taken for the first taxable year in which the new quality job is created and for the four immediately succeeding taxable years; provided, however, that such new quality jobs must be created within seven years from the close of the taxable year in which the taxpayer first becomes eligible for such credit. Credit shall not be allowed during a year if the net employment increase falls below the 50 new quality jobs required. Any credit received for years prior to the year in which the net employment increase falls below the 50 new quality jobs required shall not be affected except as provided in subsection ~~(f)~~(g) of this Code section. The state revenue commissioner shall adjust the credit allowed each year for net new employment fluctuations above the 50 new quality jobs required.

(c) Only a taxpayer that completes the creation of a qualified project in a taxable year

beginning on or after January 1, 2017, shall be eligible to begin a subsequent seven-year job creation period for the qualified project, provided that the taxpayer creates 50 or more new quality jobs, at the site or sites of a qualified project or the facility or facilities resulting therefrom, above its single previous high yearly average number of new quality jobs during any prior seven-year job creation period. A subsequent seven-year job creation period is subject to all the requirements of this Code section. A taxpayer must notify the commissioner of their intent to begin a subsequent seven-year job creation period. The commissioner shall provide by regulation the time in which such notification shall occur. New quality jobs generated under previous seven-year job creation periods shall continue to be eligible for the credit as provided by this Code section. No new quality jobs may be generated under previous periods of eligibility after a subsequent period of eligibility has begun. New quality jobs created in a subsequent seven-year job creation period shall not be counted as additional new quality jobs under a previous seven-year job creation period; instead those new quality jobs shall count toward the subsequent period. For purposes of determining the number of new quality jobs in a particular year that are attributable to each seven-year job creation period, the taxpayer shall begin with the first seven-year job creation period and then attribute the remainder to each subsequent seven-year job creation period from the oldest to the newest. Such attributions shall be made up to the single high yearly average number of new quality jobs for each seven-year job creation period. A taxpayer may create more than one subsequent seven-year job creation period. If at the time a taxpayer begins a subsequent seven-year job creation period, the taxpayer had a year or years in the prior seven-year job creation period where the number of new quality jobs were below the single high yearly average number of new quality jobs, the taxpayer shall be allowed to make an irrevocable election to use the average number of new quality jobs for the completed years in the prior seven-year job creation period instead of the single high yearly average number of new quality jobs for all purposes of this subsection. If such election is made, the number of new quality jobs in the years subsequent to the completed years for the prior seven-year job creation period shall be deemed to not exceed the average number of new quality jobs for the completed years in the prior seven-year job creation period. New quality jobs over such average number shall be attributed to the subsequent seven-year job creation period as provided in this subsection.

~~(e)~~(d) The number of new quality jobs to which this Code section shall be applicable shall be determined by comparing the monthly average of new quality jobs subject to Georgia income tax withholding for the taxable year with the corresponding average for the prior taxable year.

~~(d)~~(e) Any credit claimed under this Code section but not used in any taxable year may be carried forward for ten years from the close of the taxable year in which the new quality jobs were established.

~~(e)~~(f) Notwithstanding Code Section 48-2-35, any tax credit claimed under this Code section shall be claimed within one year of the earlier of the date the original return was filed or the date such return was due as prescribed in subsection (a) of Code Section 48-

7-56, including any approved extensions.

~~(f)~~(g) Taxpayers that initially claimed the credit under this Code section for any taxable year beginning before January 1, 2012, shall be governed, for purposes of all such credits claimed as well as any credits claimed in subsequent taxable years related to such initial claim, by this Code section as it was in effect for the taxable year in which the taxpayer made such initial claim.

~~(g)~~(h) The state revenue commissioner shall promulgate any rules and regulations necessary to implement and administer this Code section."

## SECTION 2.

Code Section 48-8-3 of the Official Code of Georgia Annotated, relating to exemptions from state sales and use taxes, is amended by deleting "or" at the end of paragraph (97), by deleting the period and adding a semicolon at the end of paragraph (98), and by adding new paragraphs to read as follows:

"(99)(A) The sale or use of tangible personal property used for or in the renovation or expansion of a theater located within a facility in this state that contains an art museum, symphonic hall, and theater that charges for admission and is owned or operated by an organization which is exempt from taxation under Section 501(c)(3) of the Internal Revenue Code, if such organization's primary mission is to provide arts and education programming for the benefit of the citizens of this state, to the extent provided in subparagraphs (B) and (C) of this paragraph.

(B) This exemption shall apply from July 1, 2017, until January 1, 2019, and until the aggregate state sales and use tax refunded pursuant to this paragraph exceeds \$750,000.00. A qualifying organization must pay sales and use tax on all purchases and uses of tangible personal property and may obtain the benefit of this exemption from state sales and use tax by filing a claim for refund of tax paid on qualifying items. All refunds made pursuant to this paragraph shall not include interest.

(C) This exemption shall apply from July 1, 2017, until January 1, 2019, to any local sales and use tax levied or imposed at any time in any area consisting of less than the entire state, however authorized, including, but not limited to, such taxes authorized by or pursuant to Section 25 of an Act approved March 10, 1965 (Ga. L. 1965, p. 2243), as amended, the 'Metropolitan Atlanta Rapid Transit Authority Act of 1965,' or such taxes as authorized by or pursuant to Article 2, 2A, 3, 4, or 5 of this chapter.

(D) Notwithstanding any provision of Code Section 48-8-63 to the contrary, purchases by a contractor may qualify for the exemption provided for in this paragraph. However, when a contractor purchases qualifying tangible personal property, the contractor shall pay the tax at the time of purchase or at the time of first use in this state; and the ultimate owner of the property may file a claim for refund of the tax paid on the qualifying property.

(E) Items qualifying for exemption include all tangible personal property that will remain at the theater after completion of construction and all tangible personal property that becomes incorporated into the real property structures of the theater.

The exemption excludes all items that remain tangible personal property in the possession of a contractor after the completion of construction; or

(100)(A) Sales of tickets, fees, or charges for admission to a fine arts performance or exhibition conducted within a facility in this state that is owned or operated by an organization which is exempt from taxation under Section 501(c)(3) of the Internal Revenue Code, or a museum of cultural significance, if such organization's or museum's primary mission is to advance the arts in this state and to provide arts, educational, and culturally significant programming and exhibits for the benefit and enrichment of the citizens of this state.

(B) As used in this paragraph, the term 'fine arts' means music performed by a symphony orchestra, poetry, photography, ballet, dance, opera, theater, dramatic arts, painting, sculpture, ceramics, drawing, watercolor, graphics, printmaking, and architecture.

(C) This paragraph shall be automatically repealed on July 1, 2020."

### SECTION 3.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval and Section 1 of this Act shall be applicable to all taxable years beginning on or after January 1, 2017.

### SECTION 4.

All laws and parts of laws in conflict with this Act are repealed.
