BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

**SECTION 1.**

An Act revising, superseding, and consolidating the laws relating to the governing authority of DeKalb County and creating a chairman and board of commissioners of said county, approved March 8, 1956 (Ga. L. 1956, p. 3237), as amended, particularly by an Act approved May 12, 2015 (Ga. L. 2015, p. 3811), is amended by revising Section 22A as follows:

"SECTION 22A.  
Code of Ethics

## (a) Purpose.

(1) It is essential to the proper administration and operation of the DeKalb County government that its officials and employees be, and give the appearance of being, independent and impartial, that public office not be used for private gain, and that there be public confidence in the integrity of DeKalb County officials and employees. Because the attainment of one or more of these ends is impaired whenever there exists in fact, or appears to exist, a conflict between the private interests and public responsibilities of officials and employees, the public interest requires that the General Assembly protect against such conflicts of interest by establishing by law appropriate ethical standards with respect to the conduct of the officials and employees of DeKalb County in situations where a conflict may exist.

(2) The General Assembly recognizes that an appropriate and effective code of ethics for appointed officials and employees of DeKalb County is also essential for the proper administration and operation of the DeKalb County government.

## (b) Definitions. As used in this section, the term:

(1) 'Agency' means any board, bureau, body, commission, committee, department, or office of DeKalb County to which any official has appointment powers.

(2) 'Business' means any corporation, partnership, organization, sole proprietorship, and any other entity operated for economic gain, whether professional, industrial, or commercial, and entities which for purposes of federal income taxation are treated as nonprofit organizations.

(3) 'Confidential information' means information which has been obtained in the course of holding public office, employment, acting as an independent contractor, or otherwise acting as an official or employee and which information is not available to members of the public under state law or other law or regulation and which the official, independent contractor, or employee is not authorized to disclose.

(5) 'Emergency situation' means any circumstance or condition giving rise to an immediate necessity for the execution of a contract by and between DeKalb County and an official or employee or between DeKalb County and a business in which an official or employee has an interest and where, upon review by the Chief Executive and upon advice by the Board of Ethics, it is evident that such person or organization is the sole source of the services to be provided.

(6) 'Gratuity' means anything of value given by or received from a prohibited source; provided, however, that the term shall not include any of the following:

(A) Payment by the county of salaries, compensation, expenses, or employee benefits; or payment by an employer or business other than the county of salaries, compensation, expenses, or employee benefits or payments of fees for services rendered pursuant to a contract, when the payment is unrelated to the official's or employee's status with the county and is not made for the purpose of influencing, directly or indirectly, the vote, official action, or decision of the official or employee;

  - (I) Commercially reasonable loans made in the ordinary course of the lender's business in accordance with prevailing rates and terms and which do not discriminate against or in favor of an official or employee because of such individual's status;

This definition does not include superior and state court judges and their immediate staffs, the district attorney, the solicitor of the state court, the clerks of the superior and state courts, magistrates, the judges of the recorders court, or the judges of the probate court and their immediate staffs.

(10) 'Official act or action' means any legislative, administrative, appointive, or discretionary act of an official or employee.

(11) 'Paid' means the receipt of, or right to receive, a salary, commission, percentage, brokerage, or contingent fee.

(12) 'Participate' means to personally take part in official acts, actions, or proceedings as an official or employee through approval, disapproval, decision, recommendation, investigation, the rendering of advice, or the failure to act or perform a duty.

(2) Accept any gratuity from a prohibited source. An official or employee may accept unsolicited gifts from a person or entity, other than a prohibited source, having an aggregate market value of \$40.00 or less per source and per occasion, provided that the aggregate market value of individual gifts received from any one source shall not exceed \$120.00 in a calendar year;

(3) Solicit or accept any gift which tends to influence a vote, decision, or the exercise of official authority in any manner involving the county; provided, however, that nothing in this section shall prohibit any official or employee from accepting a gift on behalf of the county where the donor is not a prohibited source;

An official or employee may, however, appear on his or her own behalf or in relation to his or her own property interests, and county commissioners may appear on behalf of constituents or in the performance of public or civic obligations before any agency, but only without compensation or remuneration of any kind. In no instance shall a county commissioner appear before the zoning review board on behalf of constituents or in the performance of their public or civic obligations;

(6) Engage in, accept employment with, or render services for any agency, private business, or professional activity when such employment or rendering of services is adverse to or incompatible with the proper discharge of his or her official duties. For the purposes of this paragraph, acceptance of employment by an official or employee outside of DeKalb County is not incompatible per se if the employment is unrelated to any contract or transaction by or with DeKalb County. Employees of DeKalb County shall be required to report any outside positions to their immediate supervisor;

(7) Acquire an interest in any financial, business, commercial, or other private contract or transaction at a time when he or she believes or has reason to believe that such an interest will be affected directly or indirectly by his or her official acts or

(8) Participate directly or indirectly in the preparation of any part of any specifications or requests for proposal, influence the content of any specification or contract standard, render advice, investigate, audit, or review any proceeding or application, request for ruling, or other determination, claim, or other matter pertaining to any contract or subcontract and any solicitation or proposal therefor or seek to influence the votes or decisions of others with respect thereto when the official or employee knows or with reasonable investigation should know that there is a financial or personal interest possessed by:

(A) The official or employee;

(B) One or more members of the official's or employee's immediate family;

(C) A business other than a public agency in which the official or employee, or a member of the official's or employee's immediate family, serves as an officer, director, stockholder, creditor, trustee, partner, or employee; or

(D) Any other person or business with whom the official or employee, or a member of the official's or employee's immediate family, is negotiating or seeking prospective employment or other business or professional relationship;

(9) Request or permit the use of or use any county or government owned or supported property, vehicle, equipment, material, labor, service, or funds for the private advantage of such official or employee or any other person or private entity, including, but not limited to, the use of such property, vehicle, equipment, material, labor, service, or funds for the benefit of political campaigns. However, no official or employee shall be prohibited from requesting or permitting the use of or using any county or government owned or supported property, vehicle, equipment, material, labor, service, or funds which as a matter of county policy is made available to the public at large;

(10) Participate in any employment decision that may be viewed as a conflict of interest, such as one involving an immediate family member, a close friend, a business partner, or a professional, political, or commercial relationship that would lead to preferential treatment or compromise the appearance of fairness. Additionally, if any official or employee comes into a direct line of supervision over one of these persons, he or she shall have six months to come into compliance or to obtain a waiver from the Board of Ethics;

(11) Take or threaten to take, directly or indirectly, official or personal action, including, but not limited to, discharge, discipline, personal attack, harassment, intimidation, or change in job, salary, or responsibilities, against any official or employee because that person or a person acting on his or her behalf:

(12) For a period of two years after separation from service or employment with the county, appear before any agency or receive compensation for any services rendered on behalf of any person, business, or association in relation to any case, proceeding, or application with respect to which such former official or employee was directly concerned or in which such official or employee personally participated during the period of such official's or employee's service or employment. Nothing in this paragraph shall be construed to preclude a former official or employee from being engaged directly by the county to provide services to or on behalf of the county during this two-year period; or

(13) Engage in any activity or transaction that is prohibited by law now existing or hereafter enacted which is applicable to him or her by virtue of his or her being an official or employee of DeKalb County.

(d) Disclosure of interests. An official or employee who has an interest that he or she has reason to believe may be affected by his or her official acts or actions or by the official acts or actions of another official or employee of DeKalb County shall disclose the precise nature and value of such interest by sworn written statement to the Board of Ethics and ask for the board's opinion as to whether the interest presents a conflict. Every official or employee who knowingly has any interest, direct or indirect, in any contract to which DeKalb County is or is about to become a party, or in any other business with DeKalb County, shall make full disclosure of such interest to the Chief Executive, the Commission, and the Board of Ethics. The information disclosed by such sworn statements, except for the valuation attributed to the disclosed interest, shall be made a matter of public record by the Board of Ethics.

(e) Participation in contracts. No official or employee shall cause DeKalb County to enter into any contract involving services or property with an official or employee of the county or with a business in which an official or employee of the county has an interest. Executive and submitted to the Board of Ethics at its next regular meeting and thereafter kept on file.

(f) Reporting violations. Any person who witnesses or becomes aware of a violation of this section may complain of the violation as follows:

(1) A complaint may be communicated anonymously to the ethics officer. Such complaint shall be made in good faith and with veracity and sufficient specificity so as to provide the ethics officer with salient and investigable facts. The ethics officer may require the anonymous complaint to be made in a manner and form that is intended only to obtain relevant facts related to the alleged violation of this section and that is not designed to reveal the identity of the complainant.

(2) A sworn written complaint may be filed with the ethics officer of the Board of Ethics, as described in this paragraph. All written complaints to be considered by the Board of Ethics and the ethics officer shall contain the following, if applicable:

(C) The members shall each serve for terms of three years; provided, however, that the initial terms of the first DeKalb County Chamber of Commerce appointee, the first Leadership DeKalb appointee, and the first DeKalb County legislative delegation appointee shall be two years; and provided, further, that the initial terms of the six major institutes of higher learning within DeKalb County appointee and the judge of the Probate Court appointee shall be one year.

Removal of the ethics officer before the

expiration of the designated term shall be for cause by a majority vote of the members of the Board of Ethics. The ethics officer need not be a resident of the county at the time of his or her appointment, but he or she shall reside in DeKalb County within six months of such appointment and continue to reside therein throughout such appointment.

(2) The ethics officer shall not be involved in partisan or nonpartisan political activities or the political affairs of DeKalb County.

(3) The duties of the ethics officer shall include, but not be limited to, the following:

(A) Educating and training all city officials and employees to have an awareness and understanding of the mandate for and enforcement of ethical conduct and advising them of the provisions of the code of ethics of DeKalb County;

(B) Maintaining the records of the Board of Ethics as required by Article 4 of Chapter 18 of Title 50 of the O.C.G.A.;

(C) Meeting with the Board of Ethics;

(D) Advising officials and employees regarding disclosure statements and reviewing the same to ensure full and complete financial reporting;

(E) Urging compliance with the code of ethics by calling to the attention of the Board of Ethics any failure to comply or any issues, including the furnishing of false or misleading information, that the ethics officer believes should be investigated by the Board of Ethics so that the Board of Ethics may take such action as it deems appropriate;

(F) Monitoring, evaluating, and acting upon information obtained from an 'ethics hotline' which shall be for the receipt of information about ethical violations. Each complaint, as of the time it is reported, shall be deemed to be a separate pending investigation of a complaint against a public officer or employee as provided by Article 4 of Chapter 18 of Title 50 of the O.C.G.A.;

(G) Notifying the subject of a report of any alleged violation of the ethics code, whether the report is anonymous, is made by an identified individual, or is written. Such notice shall be given in writing by first-class mail, return receipt requested, by statutory overnight delivery, or by electronic mail if agreed to by the respondent. The notice shall be given at the same time and in the same form that any disclosure of information is required by Article 4 of Chapter 18 of Title 50 of the O.C.G.A.;

(H) Notifying the Board of Ethics of any report of an alleged violation of the ethics code received by the ethics officer;

(I) Reporting, as appropriate, suspected ethical violations to the Board of Ethics;

(J) Reporting, as appropriate, suspected criminal violations to state or federal law enforcement agencies; and

(j) Investigations and hearings. The Board of Ethics shall conduct investigations into alleged violations of the code of ethics, hold hearings, and issue decisions as prescribed in this subsection:

(1) The proceedings and records of the Board of Ethics shall be open unless otherwise permitted by state law.

(2) Upon request of the Board of Ethics, the Solicitor of DeKalb County or any attorney representing the office of the Solicitor of DeKalb County, or any attorney who shall be selected by a majority vote of the Board of Ethics, shall advise the Board of Ethics.

(3) A complaint may be filed by the ethics officer, any resident, or a group of residents of DeKalb County by submitting to the office of the ethics officer a written, verified, and sworn complaint under the penalty of perjury or false swearing. The complaint shall be filed in accordance with subsection (f) of this section.

(4) Upon receipt of the complaint, the ethics officer shall conduct a preliminary investigation to determine whether it meets the jurisdictional requirements as set forth in this section. If in the opinion of the ethics officer the complaint fails to meet these requirements, the ethics officer shall notify the person who filed the complaint and he or she shall have ten days from the date of notice to correct and refile the complaint directly with the ethics officer. A complaint which fails to satisfy the jurisdictional requirements as established by this section and by the rules and procedures established by the Board of Ethics shall be dismissed by the Board of Ethics no later than 30 days after the complaint is filed with the office of the ethics officer, unless extended by a majority vote of the Board of Ethics.

(5) The ethics officer will report his or her findings and recommendation to the Board of Ethics and advise whether there is probable cause for belief that the code of ethics has been violated, warranting a formal hearing. If the Board of Ethics determines, after the preliminary investigation of a complaint by the ethics officer, that there does not exist probable cause for belief that this section has been violated, the Board of Ethics shall so notify the complainant and the subject of the investigation, and the complaint will be dismissed. After a preliminary investigation of the complaint by the ethics officer, if the ethics officer believes that there does exist probable cause for belief that this section has been violated, the Board of Ethics shall give notice to the person involved to attend a hearing to determine whether there has been a violation of this section.

(6) For use in proceedings under this section, the Board of Ethics shall have the power to issue subpoenas to compel any person to appear, give sworn testimony, or produce documentary or other evidence. Any person who fails to respond to such subpoenas may be subjected to the penalties set forth in subsection (k) of this section.

(7) All hearings of the Board of Ethics pursuant to this section shall be as follows:

(A) All testimony shall be under oath, which shall be administered by a member of the Board of Ethics. Any person who appears before the Board of Ethics shall have all of the due process rights, privileges, and responsibilities of a witness appearing before the courts of this state. Any person whose name is mentioned during a

proceeding of the Board of Ethics and who may be adversely affected thereby may appear personally before the Board of Ethics on such person's own behalf or may file a written sworn statement for incorporation into the record to be made part of all proceedings pursuant to this subsection.

(B) The decision of the Board of Ethics shall be governed by a preponderance of the evidence standard.

(C) At the conclusion of proceedings concerning an alleged violation, the Board of Ethics shall immediately begin deliberations on the evidence and proceed to determine by a majority vote of members present whether there has been a violation of this section. The findings of the Board of Ethics concerning a violation and the record of the proceedings shall be made public by the ethics officer as soon as practicable after the determination has been made.

(k) Violations; appeals.

(1) Any intentional violation of this section, furnishing of false or misleading information to the Board of Ethics or the ethics officer, failure to follow an opinion rendered by the Board of Ethics, or failure to comply with a subpoena issued by the Board of Ethics pursuant to this section shall subject the violator to any one or more of the following:

Nothing in this section shall be interpreted to conflict with state law. An action for violation of this section or the furnishing of false or misleading information or the failure to comply with a subpoena issued by the Board of Ethics must be brought within two years after the violation is discovered.

(2) With regard to violations by persons other than officials or employees, in addition to the remedies in paragraph (1) of this subsection, the Board of Ethics may recommend to the Chief Executive and the Commission any one or more of the following:

(A) Suspension of a contractor; and

(B) Disqualification or debarment from contracting or subcontracting with DeKalb County.

(3) The decision of the Board of Ethics after a hearing shall be final; provided, however, that such proceeding shall be subject to review by writ of certiorari to the DeKalb County Superior Court. The designee of the Board of Ethics shall be authorized to acknowledge service of any such writ and shall, within the time provided by law, certify and cause to be filed with the clerk of the superior court a record of the proceedings before the Board of Ethics, the decision of the Board of Ethics, and the notice of the final actions of the Board of Ethics."

The vice chairperson shall preside at meetings of the board in the absence of the chairperson and shall serve for the calendar year in which he or she is elected. In the event of a vacancy in the office of vice chairperson, the board shall elect a new vice chairperson to serve for the remainder of the calendar year.

#### **SECTION 1-9.**

Each month, at the county seat, the board of commissioners shall hold a minimum of two regular meetings. All meetings shall be open to the public as required by law and shall provide a time period exclusively for public comment. The time, date, and place of the meetings shall be determined by the board in the first meeting of the year. Any resolution passed by the board regarding the time, date, and place of its monthly meetings shall be published in the official county organ once a week for two weeks during a period of 30 days immediately following the passage of the resolution. The board of commissioners may hold such additional meetings as shall be necessary when called by the chairperson or any two commissioners, provided that all members of the board of commissioners shall have been notified at least three days in advance of such special meeting which is open to the public. The vice chairperson while serving as chairperson shall be entitled to vote on all matters before the board. All regular and called meetings shall be conducted according to *Robert's Rules of Order*.

**SECTION 1-10.**

**SECTION 1-11.**

The board shall have the power and authority to fix and establish, by appropriate resolution entered on its minutes, policies, rules, and regulations governing all matters reserved to its exclusive jurisdiction. Such policies, rules, and regulations, when so adopted with proper entry thereof made on the minutes of the board, shall be conclusive and binding. The board shall exercise only those administrative powers which are necessarily and properly incident to its functions as a policy-making or rule-making body or which are necessary to compel enforcement of its adopted resolutions. Except as otherwise provided in this Act, the following powers are vested in the board and reserved to its exclusive jurisdiction:

- (1) To levy taxes;
- (2) To make appropriations;

- (8) To establish, abolish, or change election precincts and militia districts according to law;
- (9) To accept, for the county, the provisions of any optional statute where the statute permits its acceptance by the governing authority of the county;

- (17) To appoint retained legal counsel and an independent county auditor and provide for their compensation; and
- (18) To require all county officers to report on the general or specific conduct of the financial affairs of their respective offices.

#### **SECTION 1-12.**

Formal sealed bids shall be received for all purchases in amounts over the state limit for sealed bids unless the board sets a lower limit. Advertisements for such bids shall be published for two consecutive weeks in the official organ of Walker County. The need for such bids may be dispensed with by the board if it decides that an emergency exists which will not permit a delay.

#### **SECTION 1-13.**

The internal organization of the county government shall be established and altered by the board. Existing departments may be abolished and their functions transferred to other departments, additional departments may be created, and any two or more departments may be consolidated.

#### **SECTION 1-14.**

The board shall appoint a clerk who shall keep a proper and accurate book of minutes. The book of minutes of the board shall contain all the acts, orders, and proceedings of the board in chronological order. The minutes book of the board shall be open to the public for inspection at all times during regular office hours, and certified copies of any entries in the minutes book shall be furnished by the clerk to any person requesting same upon payment of a reasonable fee to be paid into the county treasury as are other funds and to be assessed by the board in an amount sufficient to defray the cost of preparing same.

#### **SECTION 1-15.**

The chairperson shall submit annually to the board a proposed budget governing expenditures of all county funds, including capital outlay and public works projects for the following fiscal year. The board shall thereafter hold two public hearings at least seven days apart on the budget, giving notice thereof at least ten days in advance by publication of such notice and of the proposed budget in the official organ of Walker

County and by posting same at the courthouse. The budget shall then be reviewed and adopted or amended by the board prior to the beginning of the new fiscal year to which it applies, which budget, when so adopted or amended by the board, shall constitute the board's appropriation of all funds for such year. The budget so adopted may be revised during the year only by formal action of the board in a regular meeting, and no increase shall be made therein without provision also being made for financing the same. The proposed budget submitted by the chairperson shall be accompanied by a report containing information and data relating to the financial affairs of the county pertinent to arriving at and establishing the annual budget. A copy of the budget and of each revision or amendment to the same shall be transmitted by the chairperson to the grand jury of the Superior Court of Walker County within ten days from the time such budget or amendment thereof is adopted by the board. The board may from time to time, upon a majority vote thereof, change the ending and beginning date of the fiscal year for the county or may operate on a calendar basis; provided, however, that in the event of such change, the budget shall be submitted at least two months prior to the beginning date of the next fiscal year or January 1, whichever shall apply, and shall be adopted at least one month prior to such beginning date. The procedures for budget preparation, submission to the governing authority, review by the governing authority, public review, notice, and hearings shall be as provided for in Chapter 81 of Title 36 of the O.C.G.A.

#### **SECTION 1-16.**

No expenditures of county funds shall be made except in accordance with the county budget, or amendments thereto, adopted by the board. The chairperson of the board shall enforce compliance with this section by all departments of county government and to this end shall institute a system of allotments of all moneys appropriated and budgeted.

#### **SECTION 1-17.**

The board shall on or before the final day of the month following the end of each fiscal year employ a certified public accountant for the making of an annual continuous audit of county finances and financial records. The accountant so employed shall be paid out of county funds and shall perform a complete audit of the financial records of the county for the preceding year, pointing out any irregularities found to exist and reporting the results of such audit to the board. The same person or firm shall not perform such audit for more than four consecutive annual periods. Each annual report submitted to the board shall be made available for public inspection as are other records in such office. The board shall cause to be published in the official organ of Walker County and posted at the courthouse a statement of the financial condition of the county as of December 31 and June 30 of each year. Said accountant shall transmit to the grand jury of the Superior Court of Walker County a copy of each annual report furnished by such accountant to the board.

#### **SECTION 1-18.**

An Act creating the office of commissioner of Walker County, approved February 10, 1939 (Ga. Laws, p. 751), and all amendatory Acts thereto are repealed in their entirety.

**PART II.**

The election superintendent of Walker County shall call and conduct an election on the date of the 2018 November general election as provided in this section for the purpose of submitting this Act to the electors of Walker County for approval or rejection. The election superintendent shall issue the call and conduct that election as provided by general law. The superintendent shall cause the date and purpose of the election to be published once a week for two weeks immediately preceding the date thereof in the official organ of Walker County. The ballot shall have written or printed thereon the words:

- "( ) YES Shall the governing authority of Walker County be changed from a sole  
( ) NO commissioner to a five-member board of commissioners with the  
chairperson elected at large and four commissioners elected by district?"

All persons desiring to vote for approval of changing the form of the governing authority of Walker County to a board consisting of four members elected by district and a chairperson elected at large shall vote "Yes." Those persons desiring to vote against changing the form of the governing authority of Walker County shall vote "No." If more than one-half of the votes cast are for approval of changing the form of the governing authority of Walker County to a board of commissioners consisting of four members elected by district and a chairperson elected at large, then Part I of this Act shall become effective immediately for purposes of electing members of the board of commissioners in November, 2020, and for all other purposes on January 1, 2021; otherwise, this Act shall be automatically repealed on the first day of January following that election date. The expense of such election shall be borne by Walker County. It shall be the duty of the election superintendent to certify the results thereof to the Secretary of State.

**SECTION 2-2.**

Except as otherwise provided in Section 2-1 of this Act, this Act shall become effective upon its approval by the Governor or its becoming law without such approval.

**SECTION 2-3.**

**Greg S. Griffin**  
STATE AUDITOR  
(404) 656-2174

February 10, 2017

Honorable Jay Powell  
Chairman, House Ways and  
Means 133 Capitol  
Atlanta, Georgia 30334

SUBJECT: Fiscal Note  
House Bill 199 (LC 34 5039EC)

Dear Chairman Powell:

The bill revises the income tax credit for interactive entertainment companies and creates a new tax credit for postproduction activities related to film, video, or digital projects. The current tax credit for interactive entertainment production companies is expanded to include expenses associated with postproduction activities. The minimum expenditure and minimum payroll requirements are set at \$250,000 for tax years beginning on or after January 1, 2018. The expiration date for the credit is also eliminated.

The new postproduction credit allows eligible companies to receive a credit equal to 20 percent of qualified postproduction expenditures. To qualify for the credit, postproduction companies must have a physical presence in the state, have aggregate payroll of at least \$500,000, be involved in postproduction activities, and be approved by the Department of Revenue. The value of credits awarded is limited to a maximum of \$5 million for 2017, \$10 million for 2018, and \$15 million each year for years 2019 through 2022 (no credit can be earned after 2022). If in any year the aggregate amount of credits allowable is not awarded, the remaining credits will be rolled in the allowable credits for the following year. Unused credits may be transferred, sold in part or in full by the postproduction company to another Georgia taxpayer, or carried forward up to five years.

### Impact on State Revenue

Georgia State University's Fiscal Research Center (FRC) estimated that the two credits would reduce state revenue by \$20.8 million in FY 2019, the first year of the bill's full impact (see **Table 1**). The loss would be \$27.5 million in FY 2022. The attached appendix provides details of the analysis.

**Table 1. Estimated Revenue Loss Associated with HB 199 LC 34 5039EC**

(\$ millions)	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022
Interactive entertainment production company credit	\$6	\$12.5	\$12.5	\$12.5	\$12.5
Postproduction credit	\$3.7	\$8.3	\$12.5	\$14.6	\$15.0

### Impact on Agency Costs

The bill would also result in increased costs for the Departments of Revenue (DOR) and Economic Development (DEcD).

- DOR estimated additional one-time costs of \$134,000 for IT system changes and \$6,000 for form revisions and training. DOR also estimated that the Taxpayer Services Division would require additional staff to grant and track the credits. It anticipated the need for three employees at a cost of \$195,389 annually (\$40,000 each plus benefits).

- DEcD anticipates an increase in applications would require two additional employees at a cost of approximately \$163,000 annually (\$60,000 and \$40,000 plus benefits).

Sincerely,

/s/ Greg S. Griffin  
State Auditor

### **Analysis by the Fiscal Research Center**

#### *Interactive Entertainment Production Company credit*

- Nationally, the industry experienced an annual growth rate of 4 percent per year over the 2011-2016 period and is forecasted to grow at a rate of 4.3 percent per year over the next 5 years. The Georgia Game Developers Association reports 113 active game studios are operating in the state as of October 2016. According to information from the Atlanta Journal Constitution, over 70 digital entertainment companies are located in Georgia.
- Based on data provided by Georgia Department of Revenue preapprovals for the Interactive Entertainment Production Company credit have averaged \$9 million per year between 2013-2016.
- Because of the strong growth in the national market and the increasing presence in the state, the estimate assumes that passage of this legislation will result in earned credits equal to at least the value of the state aggregate cap of \$12.5 million by calendar year 2017. The estimate assumes that the credits are utilized against tax liabilities over a 3-year period so that by fiscal year 2020 the revenue loss to the state equals \$12.5 million.

#### *Postproduction Tax credit*

- Several major digital media companies are currently located in Georgia. Based on discussions with industry professionals, it is anticipated that the post production activity currently undertaken by these companies in locations outside of Georgia will be relocated to Georgia as a result of this legislation.
- Given the size of operations of these existing media companies and the size of the film industry in Georgia, the estimate assumes that the maximum allowable value of credits will be earned each calendar year. The estimate assumes that the credits are utilized against tax liabilities over a 3-year period so that by fiscal year 2019 the revenue loss to the state equals \$8.3 million.

The Senate Committee on Finance offered the following substitute to HB 199:

A BILL TO BE ENTITLED  
AN ACT

The tax credit shall be calculated as follows:

(1) If the excess base investment in this state equals or exceeds \$500,000.00, or \$250,000.00 for qualified interactive entertainment production activities on or after January 1, 2018, the production company or qualified interactive entertainment production company and its affiliates shall be allowed a tax credit of 20 percent of such excess base investment; and

- (i) The goals and strategy behind each marketing opportunity approved pursuant to the provisions of subparagraph (A) of this paragraph;
- (ii) The names of all production companies approved by the Department of Economic Development to provide alternative marketing opportunities;

(5)(A) For taxable years beginning on or after January 1, 2018, the amount of tax credits allowed under this Code section for qualified interactive entertainment production companies and affiliates shall not exceed \$12.5 million for each taxable year.

(B) Beginning on or after January 1, 2018, qualified interactive entertainment production companies are eligible for tax credits for prereleased interactive game production; provided, however, that such credits shall not be available for a period which exceeds three years.

~~(5)(6)~~ The maximum allowable credit claimed for any qualified interactive entertainment production company and its affiliates shall not exceed \$1.5 million in any single year.

~~(6)(7)~~ Qualified interactive entertainment production companies seeking to claim a tax credit under the provisions of this Code section shall submit an application to the commissioner for preapproval of such tax credit. The commissioner shall be authorized to promulgate any rules and regulations and forms necessary to implement and administer the provisions of this Code section. The commissioner shall preapprove the tax credits based on the order in which properly completed applications were submitted. In the event that two or more applications were submitted on the same day and the amount of funds available will not be sufficient to fully fund the tax credits requested, the commissioner shall prorate the available funds between or among the applicants.

~~(7)(8)~~ No qualified interactive entertainment production company shall be allowed to claim an amount of tax credits under this Code section for any single year in excess of its total aggregate payroll expended to employees working within this state for the calendar year ~~directly preceding the start of the year~~ that the qualified interactive entertainment production company claims the tax credits. Any amount in excess of such limit shall not be eligible for carry forward to the succeeding years' tax liability, nor shall such excess amount be eligible for use against the qualified interactive entertainment production company's quarterly or monthly payment under Code Section 48-7-103, nor shall such excess amount be assigned, sold, or transferred to any other taxpayer.

~~(8)(9)~~ Before the Department of Economic Development issues its approval to the qualified interactive entertainment production company for the qualified production activities related to interactive entertainment, the qualified interactive entertainment production company must certify to the department that:

(A) The qualified interactive entertainment production company maintains a business location physically located in this state; and

(B) The qualified interactive entertainment production company had expended a total aggregate payroll of \$500,000.00 or more, or \$250,000.00 or more on or after January 1, 2018, for employees working within this state during ~~the calendar year directly preceding the start of~~ the taxable year of the qualified interactive

entertainment production company.

The department shall issue a certification that the qualified interactive entertainment production company meets the requirements of this paragraph; provided, however, that the department shall not issue any certifications before July 1, 2014. The qualified interactive entertainment production company shall provide such certification to the Department of Economic Development. The Department of Economic Development shall not issue its approval until it receives such certification.

~~(9)~~(10)(A) For taxable years beginning on or after January 1, 2016, ~~and before January 1, 2019~~, the qualified interactive entertainment production company shall report to the Department of Revenue on its Georgia income tax return the monthly average number of full-time employees subject to Georgia income tax withholding for the taxable year as provided in subparagraphs (B) and (C) of this paragraph. For purposes of this paragraph, a full-time employee shall mean a person who performs a job that requires a minimum of 35 hours a week, and pays at or above the average wage earned in the county with the lowest average wage earned in this state, as reported in the most recently available annual issue of the Georgia Employment and Wages Averages Report of the Department of Labor.

(B) For taxable years beginning on or after January 1, 2016, and before January 1, 2017, the qualified interactive entertainment production company shall report such number for such taxable year and separately for each of the prior two taxable years.

(C) For taxable years beginning on or after January 1, 2017, ~~and before January 1, 2019~~, the qualified interactive entertainment production company shall report such number for each respective taxable year.

(D) Notwithstanding Code Sections 48-2-15, 48-7-60, and 48-7-61, for such taxable years, the commissioner shall report yearly to the House Committee on Ways and Means and the Senate Finance Committee. The report shall include the name, tax year beginning, and monthly average number of full-time employees for each qualified interactive entertainment production company. The first report shall be submitted by June 30, 2016, and each year thereafter by June 30.

(f)(1) Where the amount of such credit or credits exceeds the production company's or qualified interactive entertainment production company's liability for such taxes in a taxable year, the excess may be taken as a credit against such production company's or qualified interactive entertainment production company's quarterly or monthly payment under Code Section 48-7-103. Each employee whose employer receives credit against such production company's or qualified interactive entertainment production company's quarterly or monthly payment under Code Section 48-7-103 shall receive credit against his or her income tax liability under Code Section 48-7-20 for the corresponding taxable year for the full amount which would be credited against such liability prior to the application of the credit provided for in this subsection. Credits against quarterly or monthly payments under Code Section 48-7-103 and credits against liability under Code Section 48-7-20 established by this subsection shall not constitute income to the production company or qualified interactive entertainment production company.

(2) If a production company and its affiliates, or a qualified interactive entertainment production company and its affiliates, claim the credit authorized under Code Section 48-7-40, 48-7-40.1, 48-7-40.17, or 48-7-40.18, then the production company and its affiliates, or the qualified interactive entertainment production company and its affiliates, will only be allowed to claim the credit authorized under this Code section to the extent that the Georgia resident employees included in the credit calculation authorized under this Code section and taken by the production company and its affiliates, or the qualified interactive entertainment production company and its affiliates, on such tax return under this Code section have been permanently excluded from the credit authorized under Code Section 48-7-40, 48-7-40.1, 48-7-40.17, or 48-7-40.18.

(g) Any tax credits with respect to a state certified production earned by a production company or qualified interactive entertainment production company and previously claimed but not used by such production company or qualified interactive entertainment production company against its income tax may be transferred or sold in whole or in part by such production company or qualified interactive entertainment production company to another Georgia taxpayer, subject to the following conditions:

(1) Such production company or qualified interactive entertainment production company may make only a single transfer or sale of tax credits earned in a taxable year; however, the transfer or sale may involve one or more transferees;

(2) Such production company or qualified interactive entertainment production company shall submit to the Department of Economic Development and to the Department of Revenue a written notification of any transfer or sale of tax credits within 30 days after the transfer or sale of such tax credits. The notification shall include such production company's or qualified interactive entertainment production company's tax credit balance prior to transfer, the credit certificate number, the remaining balance after transfer, all tax identification numbers for each transferee, the date of transfer, the amount transferred, and any other information required by the Department of Economic Development or the Department of Revenue;

(3) Failure to comply with this subsection shall result in the disallowance of the tax credit until the production company or qualified interactive entertainment production company is in full compliance;

(4) The transfer or sale of this tax credit does not extend the time in which such tax credit can be used. The carry-forward period for a tax credit that is transferred or sold shall begin on the date on which the tax credit was originally earned;

(5) A transferee shall have only such rights to claim and use the tax credit that were available to such production company or qualified interactive entertainment production company at the time of the transfer, except for the use of the credit in paragraph (1) of subsection (f) of this Code section. To the extent that such production company or qualified interactive entertainment production company did not have rights to claim or use the tax credit at the time of the transfer, the Department of Revenue shall either disallow the tax credit claimed by the transferee or recapture the tax credit from the transferee. The transferee's recourse is against such production

company or qualified interactive entertainment production company; and

(6) The transferee must acquire the tax credits in this Code section for a minimum of 60 percent of the amount of the tax credits so transferred.

(h) The credit granted under this Code section shall be subject to the following conditions and limitations:

(1) The credit may be taken beginning with the taxable year in which the production company or qualified interactive entertainment production company has met the investment requirement. For each year in which such production company or qualified interactive entertainment production company either claims or transfers the credit, the production company or qualified interactive entertainment production company shall attach a schedule to the production company's or qualified interactive entertainment production company's Georgia income tax return which will set forth the following information, as a minimum:

(A) A description of the qualified production activities, along with the certification from the Department of Economic Development;

(B) A detailed listing of the employee names, social security numbers, and Georgia wages when salaries are included in the base investment;

(C) The amount of tax credit claimed for the taxable year;

(D) Any tax credit previously taken by the production company or qualified interactive entertainment production company against Georgia income tax liabilities or the production company's or qualified interactive entertainment production company's quarterly or monthly payments under Code Section 48-7-103;

(E) The amount of tax credit carried over from prior years;

(F) The amount of tax credit utilized by the production company or qualified interactive entertainment production company in the current taxable year; and

(G) The amount of tax credit to be carried over to subsequent tax years;

(2) In the initial year in which the production company or qualified interactive entertainment production company claims the credit granted in this Code section, the production company or qualified interactive entertainment production company shall include in the description of the qualified production activities required by subparagraph (A) of paragraph (1) of this subsection information which demonstrates that the activities included in the base investment or excess base investment equal or exceed \$500,000.00 during such year, or \$250,000.00 on or after January 1, 2018, for qualified interactive entertainment production companies; and

(3) In no event shall the amount of the tax credit under this Code section for a taxable year exceed the production company's or qualified interactive entertainment production company's income tax liability. Any unused credit amount shall be allowed to be carried forward for five years from the close of the taxable year in which the investment occurred. No such credit shall be allowed the production company or qualified interactive entertainment production company against prior years' tax liability.

(i) The Department of Economic Development shall determine through the promulgation of rules and regulations what projects qualify for the tax credits

authorized under this Code section. Certification shall be submitted to the state revenue commissioner.

(j) The state revenue commissioner shall promulgate such rules and regulations as are necessary to implement and administer this Code section.

(k) Any production company or qualified interactive entertainment production company claiming, transferring, or selling the tax credit shall be required to reimburse the Department of Revenue for any department initiated audits relating to the tax credit. This subsection shall not apply to routine tax audits of a taxpayer which may include the review of the credit provided in this Code section."

**BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:**

**SECTION 1.**

Part 7 of Article 7 of Chapter 3 of Title 20 of the Official Code of Georgia Annotated, relating to HOPE scholarships and grants, is amended in Code Section 20-3-519.1, relating to eligibility for HOPE scholarships and grants, by revising paragraph (1) of subsection (a) as follows:

"(1) Meets residency requirements by:

(A)(i) Being classified as a legal resident of Georgia as established by the program regulations promulgated by the Georgia Student Finance Commission which shall be based upon the in-state tuition policy of the board of regents and the in-state tuition guidelines set by the Technical College System of Georgia; and

(ii)(I) If the student was classified as a legal resident of Georgia at the time of graduation from high school or from a home study program meeting the

requirements of Code Section 20-2-690, then the student must have met the requirements set forth in division (i) of this subparagraph for a period of at least 12 months immediately prior to the first day of classes for which the scholarship or grant is to be awarded; or

(II) If the student was not classified as a legal resident at the time of graduation from high school or from a home study program meeting the requirements of Code Section 20-2-690, then the student must have met the requirements set forth in division (i) of this subparagraph for a period of at least 24 months immediately prior to the first day of classes for which the scholarship or grant is to be awarded; or

(B) Being classified as a legal resident of Georgia if such student is a member of the Georgia National Guard; a member of a reserve component of the armed forces of the United States located in Georgia; or an active duty military service member or the spouse or dependent child of an active duty military service member and the active duty military service member is stationed in Georgia or lists Georgia as their home of record; and"

## SECTION 2.

Code Section 50-27-13 of the Official Code of Georgia Annotated, relating to disposition of lottery proceeds, budget report by Governor, appropriations by General Assembly, and shortfall reserve subaccount, is amended by revising subsection (a) as follows:

"(a)(1) All lottery proceeds shall be the property of the corporation.

(2) From its lottery proceeds the corporation shall pay the operating expenses of the corporation. As nearly as practical, at least 45 percent of the amount of money from the actual sale of lottery tickets or shares shall be made available as prize money; provided, however, that this paragraph shall be deemed not to create any lien, entitlement, cause of action, or other private right, and any rights of holders of tickets or shares shall be determined by the corporation in setting the terms of its lottery or lotteries.

(3)(A) For fiscal year 2018, net proceeds shall equal at least 26.5 percent of the lottery proceeds. For fiscal year 2019, net proceeds shall equal at least 27.5 percent of the lottery proceeds. Beginning with fiscal year 2020 and As nearly as practical, for each fiscal year thereafter, net proceeds shall equal at least 35 28.5 percent of the lottery proceeds. However, for the first two full fiscal years and any partial first fiscal year of the corporation, net proceeds need only equal 30 percent of the proceeds as nearly as practical.

(B) If for fiscal year 2018 the net sales revenue of tickets is 5 percent less than the net sales revenue of tickets for fiscal year 2017 as verified by the Department of Audits and Accounts as provided in subparagraph (C) of this paragraph, then the increase of the net proceeds to at least 27.5 percent of the lottery proceeds for fiscal year 2019, as provided in subparagraph (A) of this paragraph, shall not be required and instead the net proceeds shall remain equal to at least 26.5 percent of the lottery proceeds for each fiscal year thereafter. If for fiscal year 2019 the net sales revenue

of tickets is 5 percent less than the net sales revenue of tickets for fiscal year 2018 as verified by the Department of Audits and Accounts as provided in subparagraph (C) of this paragraph, then the increase of the net proceeds to at least 28.5 percent of the lottery proceeds for fiscal year 2020, as provided in subparagraph (A) of this paragraph, shall not be required and instead the net proceeds shall remain equal to at least 27.5 percent of the lottery proceeds for each fiscal year thereafter. For purposes of this subparagraph, the term 'net sales revenue' means the total amount of revenue derived from ticket sales minus the value of any tickets that are provided as prizes.

(C) The contingencies provided in subparagraph (B) of this paragraph shall not be applicable unless and until the Department of Audits and Accounts or a third party designated by the Department of Audits and Accounts shall verify that there has been a decrease in the net sales revenue of tickets of at least 5 percent and that such decrease was caused by the increased percentage of net proceeds the corporation was required to transfer to the general fund of the state treasury as provided for in subparagraph (A) of this paragraph."

Honorable Jay Powell  
 Chairman, House Ways and Means

SUBJECT: Revised Fiscal Note  
 House Bill 340 (LC 28 8373S)

Dear Chairman Powell:

The original fiscal note for LC 28 8373S, dated March 1, 2017, has been revised and replaced. The revised fiscal note corrects the distribution of revenue between state and local governments in FY 2022.

The bill would modify several provisions related to the Title Fee Ad Valorem Tax (TAVT), including the distribution of revenue between the state and local governments and the treatment or valuation of leased vehicles; used vehicles; KIT vehicles; pre-1963 vehicles; out-of-state registrations; and vehicles transferred through divorce settlements. The legislative changes would be effective for registrations occurring on or after January 1, 2018.

### Impact on State and Local Revenue

Georgia State University's Fiscal Research Center (FRC) estimated that the bill's impact on state revenues in FY 2018 could be positive or negative. State revenue could decrease up to \$19.5 million or increase up to \$33.6 million. In FY 2022, the bill would decrease state revenue between \$119.2 million and \$184.9 million (Table 1). Local revenues are estimated to decrease up to \$5.4 million or increase up to \$10.6 million in FY 2018 and increase between \$79.3 million and \$174.1 million in FY 2022 (Table 2).

### Analysis by the Fiscal Research Center

#### *Change the State and Local allocation schedule of TAVT revenues -*

The legislation modifies the current allocation schedule of TAVT revenues between the state and local governments. Under current law, TAVT revenues are shared between the state and local governments according to a formula specified in O.C.G.A §48-5C-1. Under the current law arrangement, local government receipts for a given year must fall within a range of plus or minus 1 percent of the local government target amount. If local government revenues for the previous year do not fall within this range, the allocation between the state and local governments for the current year is adjusted so that with the application of the adjusted rates the local revenue for the prior year would have equaled the target amount. Under the proposed law, between 2018 and 2021, state and local revenues will be distributed so that for each year the county will retain an amount of

TAVT revenues equal to the amount of ad valorem taxes collected in 2012 less the amount of ad valorem taxes collected in that year. Any remaining TAVT proceeds will be allocated between the state and local governments according to the following schedule:

	<b>CY 2018</b>	<b>CY 2019</b>	<b>CY 2020</b>	<b>CY 2021</b>
State Government	80%	70%	60%	50%
Local Government	20%	30%	40%	50%

Beginning in 2022 the state will receive 30 percent of the total state and local TAVT revenue collection and the local government will receive 70 percent of the total state and local TAVT revenue collection. After 2021, the local governments will no longer retain an amount of TAVT revenues equal to the amount of ad valorem taxes collected in 2012 less the amount of ad valorem taxes collected in that year.

Based on the provisions in the proposed law, these allocation shares are not subject to annual revision and the TAVT rate will continue at the current value of 7 percent indefinitely. Lastly, the proposed legislation leaves unchanged the provision that local county governments may retain up to a maximum of 1 percent of state TAVT proceeds to defray cost of administration.

- State and local revenues are forecasted based on historical TAVT data from the Georgia Department of Revenue (DOR) and reflect the forecast of vehicle registrations in Georgia produced by Moody's Analytics for years 2018-22.
- Vehicle prices are assumed to increase at an average annual rate of 1.5 percent over all types of vehicle transactions over the 2018-22 period.
- Local ad valorem receipts are forecasted to fall at an average rate of 23 percent per year over the 2018-22 period.
- The revenue effects presented in Table 1 and Table 2 assume the counties retain 1 percent of state revenues as compensation for administrative costs.

*Treatment of leased vehicles -*

This legislation modifies the treatment of leased vehicles under the TAVT. Under current law, the TAVT is applied to the full fair market value of the leased vehicle at the time the lease is signed. Under the proposal, the TAVT is applied to the sum of the base payments under the lease agreement.

- Based on TAVT data provided by DOR and the forecast of vehicle registrations for Georgia produced by Moody's Analytics, it is expected that registered leases will equal approximately 60,000 vehicles in 2018.
- Using data provided by DOR, the leasing rate in Georgia in 2016 was about 10 percent of all new vehicles transactions. Under current law, this rate is forecasted to increase to 12 percent by 2018 and 18 percent by 2022.

- Based on industry reports from Experian, the national average for leasing of new vehicles has been increasing significantly over the 2010-2015 period but the same publications also provide evidence that leasing rates in Georgia may be perpetually lower than the national average. In general, leasing activity is relegated to consumers with prime and super-prime credit ratings. Because the credit ratings of Georgia consumers tend to be below the national average, it is assumed that leasing activity in Georgia will be less than the national average. However, it is expected that the treatment of leases under the proposed law will encourage more leasing activity than is currently experienced in Georgia. To reflect this assumption, the leasing rate in Georgia is anticipated to increase to 13 percent by 2018 and 19 percent by 2022.
- Using the historical TAVT data provided by DOR, the estimate incorporates an average value for a leased vehicle of \$37,000 in 2018 and \$41,000 in 2022.
- Lastly, based on a sample of 50 2015 vehicles of various makes and models, the residual value after 36 months is assumed to equal 48 percent of the vehicle MSRP.
- This estimate also incorporates the state and local TAVT rates that will arise due to the change in the allocation of revenues between the state and local governments.

*Treatment of out of state vehicles -*

HB 340 LC 8373S modifies the procedures for the registration of out-of-state vehicles when an owner is relocating to Georgia. Under current law, the TAVT is levied on the fair market value of the vehicle at the time it is registered in Georgia and the owner is allowed to pay the tax liability in two equal amounts over a 12-month period. Under the proposal, vehicles which are three model years old or less are assessed a state TAVT amount equal to \$350 per vehicle and a local TAVT amount equal to \$350 per vehicle. Vehicles which are more than three model years old are assessed a state TAVT amount equal to \$250 per vehicle and a local TAVT amount equal to \$250 per vehicle. Under the proposed law, the TAVT liability is due in full at the time of registration.

- The estimate assumes that approximately 94,000 vehicles will be registered as OOS transfers in 2018 and this amount is assumed to remain flat over the 2018-2022 period based on historical trends of U.S. Census Bureau data of domestic migration into Georgia since 2010.
- The average value of an OOS vehicle is assumed to be \$17,302 in 2018 and is based on TAVT data provided by DOR for prior years. This value is assumed to grow annually at a rate of about 1.5 percent based on historical data of the CPI for used vehicles produced by the Bureau of Labor Statistics and based on historical TAVT data.

- Based on data provided by DOR, about 26 percent of vehicles registered between 2013 and 2015 were three models years old or less.
- The revenue estimate reflects the fact that some individuals are choosing to pay the current OOS registration fee in one payment instead of two equal installments over a 12 month period.
- This estimate also incorporates the state and local TAVT rates that will arise due to the change in the allocation of revenues between the state and local governments.

*Valuation method of used vehicles –*

This legislation modifies current law by requiring that the TAVT liability on used motor vehicles sold through dealerships be valued at the greater of the retail selling price of the motor vehicle or the average of the current fair market value and the current wholesale value of a motor vehicles listed in the motor vehicle ad valorem assessment guide used by the DOR. Under current law, the TAVT liability for used vehicles is based on the average of the current fair market value and the current wholesale value of a motor vehicles listed in the motor vehicle ad valorem assessment guide used by DOR, regardless of the transaction price. Adoption of this provision means that the TAVT liability would be computed in the same manner for both new and used vehicles sold through dealerships. The provision does not apply to casual sales of vehicles.

- Past versions of this provision have been estimated by relying on a sample of 25 vehicle invoices from automobile dealers provided to the Fiscal Research Center in 2013. This small sample of invoices was used to produce an estimate of the average difference between the book value of a used vehicle and its selling price. The low estimate shown in Tables 1 and 2 of this fiscal note assumes that the difference between the invoice and book value in the case of dealer sales of used vehicles is approximately \$1,500 and is based on a review of these invoices.
- As an alternative estimate, a new data source has been identified that has not been available in the past. Based on a 2016 whitepaper produced by the National Auto Dealers Association (NADA), on average over the 2013-2015 period the retail price of used vehicle was 35 percent above its wholesale price.
- Assuming an average used car price of approximately \$13,000, the estimate incorporates an average retail premium of approximately \$4,600 per vehicle. This forms the basis of the high estimate presented in Tables 1 and 2.
- Based on historical data of used car transactions by used car dealers, the estimate assumes approximately 733,000 will be sold in 2018.
- This estimate also incorporates the state and local TAVT rates that will arise due to the change in the allocation of revenues between the state and local governments.

*Vehicles transferred through divorce settlements –*

This legislation also allows vehicles transferred because of a divorce decree to be subject to a reduced state TAVT rate of 0.5 percent of vehicle fair market value and a reduced local TAVT rate of 0.5 percent of vehicle fair market value. Under current law, vehicles transferred because of a divorce decree are subject to the standard TAVT rate applicable to other transactions, such as dealer or casual sales.

- Based on data from the Centers for Disease Control, the national divorce rate in 2016 was 3.3 per 1,000 persons. Using this information, the estimate assumes approximately 34,000 divorces annually in Georgia.
- Based on data from the American Community Survey for 2013, Georgia residents owned 1.3 vehicles per household.
- Assuming half of the vehicles per household are transferred in a divorce settlement, the estimate assumes about 14,000 vehicles are transferred via a divorce settlement per year.
- Conversations with individuals at the DOR indicated that the TAVT levied currently in some of these cases may already be the reduced rate, as there seems to be some confusion among the county agents about how to process these transactions under current law. This is reflected in the estimate.
- The average value of vehicles transferred in a settlement is based on the historical values of casual sales transactions and is estimated to equal approximately \$4,100 in 2018.
- This estimate also incorporates the state and local TAVT rates that will arise due to the change in the allocation of revenues between the state and local governments.

*Kit Cars and pre-1963 vehicles –*

The legislation allows Kit cars to be valued at the greater of the retail selling price of the kit or the average of the current fair market value and the current wholesale value of the motor vehicle as listed in the current valuation book utilized by the state revenue commissioner. The modification in this bill codifies the typical treatment of these vehicles under current law.

In addition the bill modifies the treatment of pre-1963 model vehicles. Vehicles with a model year prior to 1963, for which a conditional title has been obtained, would be allowed to opt into the TAVT system upon payment of a state TAVT payment equal to 0.5 percent of the fair market value of the vehicle and a local TAVT payment equal to 0.5 percent of the fair market value of the vehicle.

SUBJECT: Fiscal Note  
House Bill 340 (LC 28 8373S)

Dear Chairman Powell:

The bill would modify several provisions related to the Title Fee Ad Valorem Tax (TAVT), including the distribution of revenue between the state and local governments and the treatment or valuation of leased vehicles; used vehicles; KIT vehicles; pre-1963 vehicles; out-of-state registrations; and vehicles transferred through divorce settlements.

Georgia State University's Fiscal Research Center (FRC) estimated that the bill's impact on state revenues in FY 2018 could be positive or negative. State revenue could decrease up to \$19.5 million or increase up to \$33.6 million. In FY 2022, the bill would decrease state revenue between \$194.7 million and \$260.4 million (Table 1). Local revenues are estimated to decrease up to \$5.4 million or increase up to \$10.6 million in FY 2018 and increase between \$178.6 million and \$273.3 million in FY 2022 (Table 2).

### Analysis by the Fiscal Research Center

#### *Change the State and Local allocation schedule of TAVT revenues -*

The legislation modifies the current allocation schedule of TAVT revenues between the state and local governments. Under current law, TAVT revenues are shared between the state and local governments according to a formula specified in O.C.G.A §48-5C-1. Under the current law arrangement, local government receipts for a given year must fall within a range of plus or minus 1 percent of the local government target amount. If local government revenues for the previous year do not fall within this range, the allocation between the state and local governments for the current year is adjusted so that with the application of the adjusted rates the local revenue for the prior year would have equaled the target amount. Under the proposed law, state and local revenues will be distributed so

that for each year the county will retain an amount of TAVT revenues equal to the amount of ad valorem taxes collected in 2012 less the amount of ad valorem taxes collected in that year. Any remaining TAVT proceeds will be allocated between the state and local governments according to the following schedule:

	<b>CY 2018</b>	<b>CY 2019</b>	<b>CY 2020</b>	<b>CY 2021</b>	<b>CY 2022</b>
State Government	80%	70%	60%	50%	30%
Local Government	20%	30%	40%	50%	70%

Based on the provisions in the proposed law, these allocation shares are not subject to annual revision and the TAVT rate will continue at the current value of 7 percent indefinitely. Lastly, the proposed legislation leaves unchanged the provision that local county governments may retain up to a maximum of 1 percent of state TAVT proceeds to defray cost of administration.

- State and local revenues are forecasted based on historical TAVT data from the Georgia Department of Revenue (DOR) and reflect the forecast of vehicle registrations in Georgia produced by Moody's Analytics for years 2018-22.
- Vehicle prices are assumed to increase at an average annual rate of 1.5 percent over all types of vehicle transactions over the 2018-22 period.
- Local ad valorem receipts are forecasted to fall at an average rate of 23 percent per year over the 2018-22 period.
- The revenue effects presented in Table 1 and Table 2 assume the counties retain 1 percent of state revenues as compensation for administrative costs.

*Treatment of leased vehicles -*

This legislation modifies the treatment of leased vehicles under the TAVT. Under current law, the TAVT is applied to the full fair market value of the leased vehicle at the time the lease is signed. Under the proposal, the TAVT is be applied to the sum of the base payments under the lease agreement.

- Based on TAVT data provided by DOR and the forecast of vehicle registrations for Georgia produced by Moody's Analytics, it is expected that registered leases will equal approximately 60,000 vehicles in 2018.
- Using data provided by DOR, the leasing rate in Georgia in 2016 was about 10 percent of all new vehicles transactions. Under current law, this rate is forecasted to increase to 12 percent by 2018 and 18 percent by 2022.
- Based on industry reports from Experian, the national average for leasing of new vehicles has been increasing significantly over the 2010-2015 period but the same publications also provide evidence that leasing rates in Georgia may be perpetually lower than the national average. In general, leasing activity is

relegated to consumers with prime and super-prime credit ratings. Because the credit ratings of Georgia consumers tend to be below the national average, it is assumed that leasing activity in Georgia will be less than the national average. However, it is expected that the treatment of leases under the proposed law will encourage more leasing activity than is currently experienced in Georgia. To reflect this assumption, the leasing rate in Georgia is anticipated to increase to 13 percent by 2018 and 19 percent by 2022.

- Using the historical TAVT data provided by DOR, the estimate incorporates an average value for a leased vehicle of \$37,000 in 2018 and \$41,000 in 2022.
- Lastly, based on a sample of fifty 2015 vehicles of various makes and models, the residual value after 36 months is assumed to equal 48 percent of the vehicle MSRP.
- This estimate also incorporates the state and local TAVT rates that will arise due to the change in the allocation of revenues between the state and local governments.

*Treatment of out of state vehicles -*

HB 340 LC 8373S modifies the procedures for the registration of out-of-state vehicles when an owner is relocating to Georgia. Under current law, the TAVT is levied on the fair market value of the vehicle at the time it is registered in Georgia and the owner is allowed to pay the tax liability in two equal amounts over a 12-month period. Under the proposal, vehicles which are three model years old or less are assessed a state TAVT amount equal to \$350 per vehicle and a local TAVT amount equal to \$350 per vehicle. Vehicles which are more than three model years old are assessed a state TAVT amount equal to \$250 per vehicle and a local TAVT amount equal to \$250 per vehicle. Under the proposed law, the TAVT liability is due in full at the time of registration.

- The estimate assumes that approximately 94,000 vehicles will be registered as OOS transfers in 2018 and this amount is assumed to remain flat over the 2018-2022 period based on historical trends of U.S. Census Bureau data of domestic migration into Georgia since 2010.
- The average value of an OOS vehicle is assumed to be \$17,302 in 2018 and is based on TAVT data provided by DOR for prior years. This value is assumed to grow annually at a rate of about 1.5 percent based on historical data of the CPI for used vehicles produced by the Bureau of Labor Statistics and based on historical TAVT data.
- Based on data provided by DOR, about 26 percent of vehicles registered between 2013 and 2015 were three models years old or less.
- The revenue estimate reflects the fact that some individuals are choosing to pay the current OOS registration fee in one payment instead of two equal installments over a 12 month period.

- This estimate also incorporates the state and local TAVT rates that will arise due to the change in the allocation of revenues between the state and local governments.

*Valuation method of used vehicles –*

This legislation modifies current law by requiring that the TAVT liability on used motor vehicles sold through dealerships be valued at the greater of the retail selling price of the motor vehicle or the average of the current fair market value and the current wholesale value of a motor vehicles listed in the motor vehicle ad valorem assessment guide used by the DOR. Under current law, the TAVT liability for used vehicles is based on the average of the current fair market value and the current wholesale value of a motor vehicles listed in the motor vehicle ad valorem assessment guide used by DOR, regardless of the transaction price. Adoption of this provision means that the TAVT liability would be computed in the same manner for both new and used vehicles sold through dealerships. The provision does not apply to casual sales of vehicles.

- Past versions of this provision have been estimated by relying on a sample of 25 vehicle invoices from automobile dealers provided to the Fiscal Research Center in 2013. This small sample of invoices was used to produce an estimate of the average difference between the book value of a used vehicle and its selling price. The low estimate shown in Tables 1 and 2 of this fiscal note assumes that the difference between the invoice and book value in the case of dealer sales of used vehicles is approximately \$1,500 and is based on a review of these invoices.
- As an alternative estimate, a new data source has been identified that has not been available in the past. Based on a 2016 whitepaper produced by the National Auto Dealers Association (NADA), on average over the 2013-2015 period the retail price of used vehicle was 35 percent above its wholesale price.
- Assuming an average used car price of approximately \$13,000, the estimate incorporates an average retail premium of approximately \$4,600 per vehicle. This forms the basis of the high estimate presented in Tables 1 and 2.
- Based on historical data of used car transactions by used car dealers, the estimate assumes approximately 733,000 will be sold in 2018.
- This estimate also incorporates the state and local TAVT rates that will arise due to the change in the allocation of revenues between the state and local governments.

*Vehicles transferred through divorce settlements –*

This legislation also allows vehicles transferred because of a divorce decree to be subject to a reduced state TAVT rate of 0.5 percent of vehicle fair market value and a reduced local TAVT rate of 0.5 percent of vehicle fair market value. Under current law, vehicles transferred because of a divorce decree are subject to the standard TAVT rate applicable to other transactions, such as dealer or casual sales.

- Based on data from the Centers for Disease Control, the national divorce rate in 2016 was 3.3 per 1,000 persons. Using this information, the estimate assumes approximately 34,000 divorces annually in Georgia.
- Based on data from the American Community Survey for 2013, Georgia residents owned 1.3 vehicles per household.
- Assuming half of the vehicles per household are transferred in a divorce settlement, the estimate assumes about 14,000 vehicles are transferred via a divorce settlement per year.
- Conversations with individuals at the DOR indicated that the TAVT levied currently in some of these cases may already be the reduced rate, as there seems to be some confusion among the county agents about how to process these transactions under current law. This is reflected in the estimate.
- The average value of vehicles transferred in a settlement is based on the historical values of casual sales transactions and is estimated to equal approximately \$4,100 in 2018.
- This estimate also incorporates the state and local TAVT rates that will arise due to the change in the allocation of revenues between the state and local governments.

*Kit Cars and pre-1963 vehicles –*

The legislation allows Kit cars to be valued at the greater of the retail selling price of the kit or the average of the current fair market value and the current wholesale value of the motor vehicle as listed in the current valuation book utilized by the state revenue commissioner. The modification in this bill codifies the typical treatment of these vehicles under current law.

In addition the bill modifies the treatment of pre-1963 model vehicles. Vehicles with a model year prior to 1963, for which a conditional title has been obtained, would be allowed to opt into the TAVT system upon payment of a state TAVT payment equal to 0.5 percent of the fair market value of the vehicle and a local TAVT payment equal to 0.5 percent of the fair market value of the vehicle.

The Senate Committee on Finance offered the following substitute to HB 340:

A BILL TO BE ENTITLED  
AN ACT

(V) 'State current collection amount' means the total amount of sales and use taxes on the sale of motor vehicles under Chapter 8 of this title and motor vehicle state ad valorem tax proceeds under this Code section and Chapter 5 of this title which were collected during the calendar year which immediately precedes the tax year in which the state and local title ad valorem tax rate is to be reviewed for adjustment under division (xiv) of this subparagraph. Notwithstanding the other provisions of this subdivision to the contrary, the term 'state current collection amount' for the 2014 calendar year for the purposes of the 2015 review under division (xiv) of this subparagraph shall be adjusted so that such amount is equal to the amount of motor vehicle state ad valorem tax proceeds that would have been collected under this Code section in 2014 if the combined state and local title ad valorem tax rate was 7 percent of the fair market value of the motor vehicle less any trade-in value plus the total amount of motor vehicle state ad valorem tax proceeds collected under Chapter 5 of this title during 2014.

- (VI) 'State target collection amount' means an amount equal to the state base amount added to the product of 2 percent of the state base amount multiplied by the number of years since 2012.
- (ii) The combined state and local title ad valorem tax shall be at a rate equal to:
- (I) For the period commencing March 1, 2013, through December 31, 2013, 6.5 percent of the fair market value of the motor vehicle;

- (iii) For the period commencing March 1, 2013, through December 31, 2013, the state title ad valorem tax shall be at a rate equal to 57 percent of the tax rate specified in division (ii) of this subparagraph, and the local title ad valorem tax shall be at a rate equal to 43 percent of the tax rate specified in division (ii) of this subparagraph.
- (iv) For the 2014 tax year, the state title ad valorem tax shall be at a rate equal to 55 percent of the tax rate specified in division (ii) of this subparagraph, and the local title ad valorem tax shall be at a rate equal to 45 percent of the tax rate specified in division (ii) of this subparagraph.
- (v) For the 2015 tax year, the state title ad valorem tax shall be at a rate equal to 55 percent of the tax rate specified in division (ii) of this subparagraph, and the local title ad valorem tax shall be at a rate equal to 45 percent of the tax rate specified in division (ii) of this subparagraph.
- (vi) For the 2016 tax year, except as otherwise provided in division (xiii) of this subparagraph, the state title ad valorem tax shall be at a rate equal to 53.5 percent of the tax rate specified in division (ii) of this subparagraph, and the local title ad valorem tax shall be at a rate equal to 46.5 percent of the tax rate specified in division (ii) of this subparagraph.
- (vii) For the 2017 tax year, except as otherwise provided in divisions (xiii) and (xiv) of this subparagraph, the state title ad valorem tax shall be at a rate equal to 44 percent of the tax rate specified in division (ii) of this subparagraph, and the local title ad valorem tax shall be at a rate equal to 56 percent of the tax rate specified in division (ii) of this subparagraph.
- (viii) For the 2018 tax year, except as otherwise provided in division (xiii) of this subparagraph, the state title ad valorem tax shall be at a rate equal to 40 percent of the tax rate specified in division (ii) of this subparagraph, and the local title ad valorem tax shall be at a rate equal to 60 percent of the tax rate specified in division (ii) of this subparagraph.
- (ix) For the 2019 tax year, except as otherwise provided in divisions (xiii) and (xiv) of this subparagraph, the state title ad valorem tax shall be at a rate equal to 36 percent of the tax rate specified in division (ii) of this subparagraph, and the local title ad valorem tax shall be at a rate equal to 64 percent of the tax rate specified in division (ii) of this subparagraph.

(x) For the 2020 tax year, except as otherwise provided in division (xiii) of this subparagraph, the state title ad valorem tax shall be at a rate equal to 34 percent of the tax rate specified in division (ii) of this subparagraph, and the local title ad valorem tax shall be at a rate equal to 66 percent of the tax rate specified in division (ii) of this subparagraph.

(xi) For the 2021 tax year, except as otherwise provided in division (xiii) of this subparagraph, the state title ad valorem tax shall be at a rate equal to 30 percent of the tax rate specified in division (ii) of this subparagraph, and the local title ad valorem tax shall be at a rate equal to 70 percent of the tax rate specified in division (ii) of this subparagraph.

(xii) For the 2022 and all subsequent tax years, except as otherwise provided in division (xiii) of this subparagraph for tax years 2022, 2023, and 2024 and except as otherwise provided in division (xiv) of this subparagraph for tax year 2023, the state title ad valorem tax shall be at a rate equal to 28 percent of the tax rate specified in division (ii) of this subparagraph, and the local title ad valorem tax shall be at a rate equal to 72 percent of the tax rate specified in division (ii) of this subparagraph.

(xiii) Beginning in 2016, by not later than January 15 of each tax year through the 2022 tax year, the state revenue commissioner shall determine the local target collection amount and the local current collection amount for the preceding calendar year. If such local current collection amount is equal to or within 1 percent of the local target collection amount, then the state title ad valorem tax rate and the local title ad valorem tax rate for such tax year shall remain at the rate specified in this subparagraph for that year. If the local current collection amount is more than 1 percent greater than the local target collection amount, then the local title ad valorem tax rate for such tax year shall be reduced automatically by operation of this division by such percentage amount as may be necessary so that, if such rate had been in effect for the calendar year under review, the local current collection amount would have produced an amount equal to the local target collection amount, and the state title ad valorem tax rate for such tax year shall be increased by an equal amount to maintain the combined state and local title ad valorem tax rate at the rate specified in division (ii) of this subparagraph. If the local current collection amount is more than 1 percent less than the local target collection amount, then the local title ad valorem tax rate for such tax year shall be increased automatically by operation of this division by such percentage amount as may be necessary so that, if such rate had been in effect for the calendar year under review, the local current collection amount would have produced an amount equal to the local target collection amount, and the state title ad valorem tax rate for such tax year shall be reduced by an equal amount to maintain the combined state and local title ad valorem tax rate at the rate specified in division (ii) of this subparagraph. In the event of an adjustment of such ad valorem tax rates, by not later than January 31 of such tax year, the state revenue commissioner shall notify the tax commissioner of each county in this state of the adjusted rate amounts.

The effective date of such adjusted rate amounts shall be January 1 of such tax year.

(xiv) In tax years 2015, 2018, and 2022, by not later than July 1 of each such tax year, the state revenue commissioner shall determine the state target collection amount and the state current collection amount for the preceding calendar year. If such state current collection amount is greater than, equal to, or within 1 percent of the state target collection amount after making the adjustment, if any, required in division (xiii) of this subparagraph, then the combined state and local title ad valorem tax rate provided in division (ii) of this subparagraph shall remain at the rate specified in such division. If the state current collection amount is more than 1 percent less than the state target collection amount after making the adjustment, if any, required by division (xiii) of this subparagraph, then the combined state and local title ad valorem tax rate provided in division (ii) of this subparagraph shall be increased automatically by operation of this division by such percentage amount as may be necessary so that, if such rate had been in effect for the calendar year under review, the state current collection amount would have produced an amount equal to the state target collection amount, and the state title ad valorem tax rate and the local title ad valorem tax rate for the tax year in which such increase in the combined state and local title ad valorem tax rate shall become effective shall be adjusted from the rates specified in this subparagraph or division (xiii) of this subparagraph for such tax year such that the proceeds from such increase in the combined state and local title ad valorem tax rate shall be allocated in full to the state. In the event of an adjustment of the combined state and local title ad valorem tax rate, by not later than August 31 of such tax year, the state revenue commissioner shall notify the tax commissioner of each county in this state of the adjusted combined state and local title ad valorem tax rate for the next calendar year. The effective date of such adjusted combined state and local title ad valorem tax rate shall be January 1 of the next calendar year. Notwithstanding the provisions of this division, the combined state and local title ad valorem tax rate shall not exceed 9 percent.

(xv) The state revenue commissioner shall promulgate such rules and regulations as may be necessary and appropriate to implement and administer this Code section, including, but not limited to, rules and regulations regarding appropriate public notification of ~~any changes in rate amounts and the effective date of such changes~~ and rules and regulations regarding appropriate enforcement and compliance procedures and methods for the implementation and operation of this Code section. The state revenue commissioner shall promulgate a standardized form to be used by all dealers of new and used vehicles in this state in order to ease the administration of this Code section. The state revenue commissioner may promulgate and implement rules and regulations as may be necessary to permit seller financed sales of used vehicles to be assessed 2.5 percentage points less than the rate specified in division (ii) of this subparagraph. The used motor vehicle sold through a seller financed sale shall be taxed at the fair market value. The fair

market value of a used motor vehicle sold through a seller financed sale shall be the average of the current fair market value and the current wholesale value of a motor vehicle for a vehicle listed in the current motor vehicle ad valorem assessment manual utilized by the state revenue commissioner and based upon a nationally recognized motor vehicle industry pricing guide for fair market and wholesale market values in determining the taxable value of a motor vehicle under Code Section 48-5-442, less any reduction for the trade-in value of another motor vehicle.

(C) The application for title and the state and local title ad valorem tax fees provided for in subparagraph (A) of this paragraph shall be paid to the tag agent in the county where the motor vehicle is to be registered and shall be paid at the time the application for a certificate of title is submitted or, in the case of an electronic title transaction, at the time when the electronic title transaction is finalized. In an electronic title transaction, the state and local title ad valorem tax fees shall be remitted electronically directly to the county tag agent. A dealer of new or used motor vehicles ~~may accept~~ shall make such application for title and state and local title ad valorem tax fees on behalf of the purchaser of a new or used motor vehicle for the purpose of submitting or, in the case of an electronic title application, finalizing such title application and remitting state and local title ad valorem tax fees.

(D) There shall be a penalty imposed on any person who, in the determination of the commissioner, falsifies any information in any bill of sale used for purposes of determining the fair market value of the motor vehicle. Such penalty shall not exceed \$2,500.00 as a state penalty and shall not exceed \$2,500.00 as a local penalty as determined by the commissioner. Such determination shall be made within 60 days of the commissioner receiving information of a possible violation of this paragraph.

(E) Except in the case in which an extension of the registration period has been granted by the county tag agent under Code Section 40-2-20, a dealer of new or used motor vehicles that ~~accepts~~ makes an application for title and collects state and local title ad valorem tax fees from a purchaser of a new or used motor vehicle and does not submit or, in the case of an electronic title transaction, finalize such application for title and remit such state and local title ad valorem tax fees to the county tag agent within 30 days following the date of purchase shall be liable to the county tag agent for an amount equal to 5 percent of the amount of such state and local title ad valorem tax fees. An additional penalty equal to 10 percent of the amount of such state and local title ad valorem tax fees shall be imposed if such payment is not transmitted within 60 days following the date of purchase. An additional penalty equal to 15 percent of the amount of such state and local title ad valorem tax fees shall be imposed if such payment is not transmitted within 90 days following the date of purchase, and an additional penalty equal to 20 percent of the amount of such state and local title ad valorem tax fees shall be imposed if such payment is not transmitted within 120 days following the date of purchase. An

additional penalty equal to 25 percent of the amount of such state and local title ad valorem tax fees shall be imposed for each subsequent 30 day period in which the payment is not transmitted. In addition, any such dealer of used motor vehicles that fails to make an application for title and submit or, in the case of an electronic title transaction, finalize such application for title and remit such state and local title ad valorem tax fees to the county tag agent within 30 days following the date of purchase shall also be subject to civil fines not to exceed \$500.00 per transaction, and such failure may be the basis for the revocation or suspension of such dealer's license under Chapter 47 of Title 43.

(F) A dealer of new or used motor vehicles that ~~accepts~~ makes an application for title and collects state and local title ad valorem tax fees from a purchaser of a new or used motor vehicle and converts such fees to his or her own use shall be guilty of theft by conversion and, upon conviction, shall be punished as provided in Code Section 16-8-12.

(2) A person or entity acquiring a salvage title pursuant to subsection (b) of Code Section 40-3-36 shall not be subject to the fee specified in paragraph (1) of this subsection but shall be subject to a state title ad valorem tax fee in an amount equal to 1 percent of the fair market value of the motor vehicle. Such state title ad valorem tax fee shall be an alternative ad valorem tax as authorized by Article VII, Section I, Paragraph III(b)(3) of the Georgia Constitution.

(c)(1) The amount of proceeds collected by tag agents each month as state and local title ad valorem tax fees, state salvage title ad valorem tax fees, administrative fees, penalties, and interest pursuant to subsection (b) of this Code section shall be allocated and disbursed as provided in this subsection.

(2) For the 2013 tax year and in each subsequent tax year, the amount of such funds shall be disbursed within 20 days following the end of each calendar month as follows:

(A) State title ad valorem tax fees, state salvage title ad valorem tax fees, administrative fees, penalties, and interest shall be remitted to the state revenue commissioner who shall deposit such proceeds in the general fund of the state less an amount to be retained by the tag agent not to exceed 1 percent of the total amount otherwise required to be remitted under this subparagraph to defray the cost of administration. Such retained amount shall be remitted to the collecting county's general fund. Failure by the tag agent to disburse within such 20 day period shall result in a forfeiture of such administrative fee plus interest on such amount at the rate specified in Code Section 48-2-40; and

(B) Local title ad valorem tax fees, administrative fees, penalties, and interest shall be designated as local government ad valorem tax funds. The tag agent shall then distribute the proceeds as specified in paragraph (3) of this subsection.

(3) The local title ad valorem tax fee proceeds required under this subsection shall be distributed as follows:

(A) The tag agent of the county shall within 20 days following the end of each calendar month allocate and distribute to the county governing authority and to

municipal governing authorities, the board of education of the county school district, the board of education of any independent school district located in such county, the water and sewerage authority for which the county has levied an ad valorem tax in accordance with a local constitutional amendment, and in a county in which a sales and use tax is levied for purposes of a metropolitan area system of public transportation, as authorized by the amendment to the Constitution set out at Ga. L. 1964, p. 1008, the governing body of the transportation authority created by the Metropolitan Atlanta Rapid Transit Authority Act of 1965, Ga. L. 1965, p. 2243, as amended, and the amendment to the Constitution set out at Ga. L. 1964, p. 1008, an amount of those proceeds necessary to offset any reduction in (i) ad valorem tax on motor vehicles collected under Chapter 5 of this title in the taxing jurisdiction of each governing authority, school district, and water and sewerage authority from the amount of ad valorem taxes on motor vehicles collected under Chapter 5 of this title in each such governing authority, school district, and water and sewerage authority during the same calendar month of 2012 and (ii) with respect to the transportation authority, the monthly average portion of the sales and use tax levied for purposes of a metropolitan area system of public transportation applicable to any motor vehicle titled in a county which levied such tax in 2012. Such amount of tax may be determined by the commissioner for counties which levied such tax in 2012, and any counties which subsequently levy a tax pursuant to a metropolitan area system of public transportation, as authorized by the amendment to the Constitution set out at Ga. L. 1964, p. 1008, the governing body of the transportation authority created by the Metropolitan Atlanta Rapid Transit Authority Act of 1965, Ga. L. 1965, p. 2243, as amended, and the amendment to the Constitution set out at Ga. L. 1964, p. 1008, the ~~Commissioner~~ commissioner may determine what amount of sales and use tax would have been collected in 2012, had such tax been levied. This reduction shall be calculated, with respect to (i) above, by subtracting the amount of ad valorem tax on motor vehicles collected under Chapter 5 of this title in each such taxing jurisdiction from the amount of ad valorem tax on motor vehicles collected under Chapter 5 of this title in that taxing jurisdiction in the same calendar month of 2012. In the event that the local title ad valorem tax fee proceeds are insufficient to fully offset such reduction in ad valorem taxes on motor vehicles or the portion of the sales and use tax described in (ii) above, the tag agent shall allocate a proportionate amount of the proceeds to each governing authority, the board of education of each such school district, the water and sewerage authority, and the transportation authority, and any remaining shortfall shall be paid from the following month's local title ad valorem tax fee proceeds. In the event that a shortfall remains, the tag agent shall continue to first allocate local title ad valorem tax fee proceeds to offset such shortfalls until the shortfall has been fully repaid; and (B) Of the proceeds remaining following the allocation and distribution under subparagraph (A) of this paragraph, the tag agent shall allocate and distribute to the county governing authority and to municipal governing authorities, the board of education of the county school district, and the board of education of any

independent school district located in such county the remaining amount of those proceeds in the manner provided in this subparagraph. Such proceeds shall be deposited in the general fund of such governing authority or board of education and shall not be subject to any use or expenditure requirements provided for under any of the following described local sales and use taxes but shall be authorized to be expended in the same manner as authorized for the ad valorem tax revenues on motor vehicles under Chapter 5 of this title which would otherwise have been collected for such governing authority or board of education. Of such remaining proceeds:

(i) An amount equal to one-third of such proceeds shall be distributed to the board of education of the county school district and the board of education of each independent school district located in such county in the same manner as required for any local sales and use tax for educational purposes levied pursuant to Part 2 of Article 3 of Chapter 8 of this title currently in effect. If such tax is not currently in effect, such proceeds shall be distributed to such board or boards of education in the same manner as if such tax were in effect;

(ii)(I) Except as otherwise provided in this division, an amount equal to one-third of such proceeds shall be distributed to the governing authority of the county and the governing authority of each qualified municipality located in such county in the same manner as specified under the distribution certificate for the joint county and municipal sales and use tax under Article 2 of Chapter 8 of this title currently in effect.

(II) If such tax were never in effect, such proceeds shall be distributed to the governing authority of the county and the governing authority of each qualified municipality located in such county on a pro rata basis according to the ratio of the population that each such municipality bears to the population of the entire county.

(III) If such tax is currently in effect as well as a local option sales and use tax for educational purposes levied pursuant to a local constitutional amendment, an amount equal to one-third of such proceeds shall be distributed in the same manner as required under subdivision (I) of this division and an amount equal to one-third of such proceeds shall be distributed to the board of education of the county school district.

(IV) If such tax is not currently in effect and a local option sales and use tax for educational purposes levied pursuant to a local constitutional amendment is currently in effect, such proceeds shall be distributed to the board of education of the county school district and the board of education of any independent school district in the same manner as required under that local constitutional amendment.

(V) If such tax is not currently in effect and a homestead option sales and use tax under Article 2A of Chapter 8 of this title is in effect, such proceeds shall be distributed to the governing authority of the county, each qualified municipality, and each existing municipality in the same proportion as otherwise required

under Code Section 48-8-104; and

(iii)(I) An amount equal to one-third of such proceeds shall be distributed to the governing authority of the county and the governing authority of each qualified municipality located in such county in the same manner as specified under an intergovernmental agreement or as otherwise required under the county special purpose local option sales and use tax under Part 1 of Article 3 of Chapter 8 of this title currently in effect; provided, however, that this subdivision shall not apply if subdivision (III) of division (ii) of this subparagraph is applicable.

(II) If such tax were in effect but expired and is not currently in effect, such proceeds shall be distributed to the governing authority of the county and the governing authority of each qualified municipality located in such county in the same manner as if such tax were still in effect according to the intergovernmental agreement or as otherwise required under the county special purpose local sales and use tax under Part 1 of Article 3 of Chapter 8 of this title for the 12 month period commencing at the expiration of such tax. If such tax is not renewed prior to the expiration of such 12 month period, such amount shall be distributed in accordance with subdivision (I) of division (ii) of this subparagraph; provided, however, that if a tax under Article 2 of Chapter 8 of this title is not in effect, such amount shall be distributed in accordance with subdivision (II) of division (ii) of this subparagraph.

(III) If such tax is not currently in effect in a county in which a tax is levied for purposes of a metropolitan area system of public transportation, as authorized by the amendment to the Constitution set out at Ga. L. 1964, p. 1008; the continuation of such amendment under Article XI, Section I, Paragraph IV(d) of the Constitution; and the laws enacted pursuant to such constitutional amendment, such proceeds shall be distributed in such county, in the same manner as ad valorem tax on motor vehicles collected under Chapter 5 of this title in the taxing jurisdiction of each governing authority and school district from the amount of ad valorem taxes on motor vehicles collected under Chapter 5 of this title in each such governing authority and school district during the same calendar month of 2012.

(IV) If such tax were never in effect, such proceeds shall be distributed in the same manner as specified under the distribution certificate for the joint county and municipal sales and use tax under Article 2 of Chapter 8 of this title currently in effect; provided, however, that if such tax under such article is not in effect, such proceeds shall be distributed to the governing authority of the county and the governing authority of each qualified municipality located in such county on a pro rata basis according to the ratio of the population that each such municipality bears to the population of the entire county.

(d)(1)(A) Upon the death of an owner of a motor vehicle which has not become subject to paragraph (1) of subsection (b) of this Code section, the immediate family member or immediate family members of such owner who receive such motor vehicle pursuant to a will or under the rules of inheritance shall, subsequent to the

transfer of title of such motor vehicle, continue to be subject to ad valorem tax under Chapter 5 of this title and shall not be subject to the state and local title ad valorem tax fees provided for in paragraph (1) of subsection (b) of this Code section unless the immediate family member or immediate family members make an affirmative written election to become subject to paragraph (1) of subsection (b) of this Code section. Such title ad valorem tax fees shall be an alternative ad valorem tax as authorized by Article VII, Section I, Paragraph III(b)(3) of the Georgia Constitution.

(2)(A) Upon the transfer from an immediate family member of a motor vehicle which has not become subject to paragraph (1) of subsection (b) of this Code section, the immediate family member or immediate family members who receive such motor vehicle shall, subsequent to the transfer of title of such motor vehicle, continue to be subject to ad valorem tax under Chapter 5 of this title and shall not be subject to the state and local title ad valorem tax fees provided for in paragraph (1) of subsection (b) of this Code section unless the immediate family member or immediate family members make an affirmative written election to become subject to paragraph (1) of subsection (b) of this Code section. In the event of such election, such transfer shall be subject to the state and local title ad valorem tax fees provided for in paragraph (1) of subsection (b) of this Code section.

(B) Upon the transfer from an immediate family member of a motor vehicle which has become subject to paragraph (1) of subsection (b) of this Code section, the immediate family member who receives such motor vehicle shall transfer title of such motor vehicle to such recipient family member and shall be subject to a state title ad valorem tax fee in an amount equal to one-quarter of 1 percent of the fair market value of the motor vehicle and a local title ad valorem tax fee in an amount equal to one-quarter of 1 percent of the fair market value of the motor vehicle. Such title ad valorem tax fees shall be an alternative ad valorem tax as authorized by Article VII, Section I, Paragraph III(b)(3) of the Georgia Constitution.

(C) Any title transfer under this paragraph shall be accompanied by an affidavit of the transferor and transferee that such persons are immediate family members to one another. There shall be a penalty imposed on any person who, in the determination of the state revenue commissioner, falsifies any material information in such affidavit. Such penalty shall not exceed \$2,500.00 as a state penalty and shall not exceed \$2,500.00 as a local penalty as determined by the state revenue

commissioner. Such determination shall be made within 60 days of the state revenue commissioner receiving information of a possible violation of this paragraph.

(3) Any individual who:

(A) Is required by law to register a motor vehicle or motor vehicles in this state which were registered in the state in which such person formerly resided; and

(B) Is required to file an application for a certificate of title under Code Section 40-3-21 or 40-3-32

shall ~~only~~ be required to pay state and local title ad valorem tax fees ~~in the amount of 50 percent of the amount which would otherwise be due and payable under this subsection at the time of filing the application for a certificate of title, and the remaining 50 percent shall be paid within 12 months in accordance with this Code section, provided that such individual shall not be required to pay more than \$1,100.00 in state and local title ad valorem tax fees in order to register and title such motor vehicle under this paragraph.~~

(4) The state and local title ad valorem tax fees provided for under this Code section shall not apply to corrected titles, replacement titles under Code Section 40-3-31, or titles reissued to the same owner pursuant to Code Sections 40-3-50 through 40-3-56.

(5) Any motor vehicle subject to state and local title ad valorem tax fees under paragraph (1) of subsection (b) of this Code section shall continue to be subject to the title, license plate, revalidation decal, and registration requirements and applicable fees as otherwise provided in Title 40 in the same manner as motor vehicles which are not subject to state and local title ad valorem tax fees under paragraph (1) of subsection (b) of this Code section.

(6) Motor vehicles owned or leased by or to the state or any county, consolidated government, municipality, county or independent school district, or other government entity in this state shall not be subject to the state and local title ad valorem tax fees provided for under paragraph (1) of subsection (b) of this Code section; provided, however, that such other government entity shall not qualify for the exclusion under this paragraph unless it is exempt from ad valorem tax and sales and use tax pursuant to general law.

(7)(A) Any motor vehicle which is exempt from sales and use tax pursuant to paragraph (30) of Code Section 48-8-3 shall be exempt from state and local title ad valorem tax fees under this subsection.

(B) Any motor vehicle which is exempt from ad valorem taxation pursuant to Code Section 48-5-478, 48-5-478.1, 48-5-478.2, or 48-5-478.3 shall be exempt from state and local title ad valorem tax fees under paragraph (1) of subsection (b) of this Code section.

(8) There shall be a penalty imposed on the transfer of all or any part of the interest in a business entity that includes primarily as an asset of such business entity one or more motor vehicles, when, in the determination of the state revenue commissioner, such transfer is done to evade the payment of state and local title ad valorem tax fees under this subsection. Such penalty shall not exceed \$2,500.00 as a state penalty per

motor vehicle and shall not exceed \$2,500.00 as a local penalty per motor vehicle, as determined by the state revenue commissioner, plus the amount of the state and local title ad valorem tax fees. Such determination shall be made within 60 days of the state revenue commissioner receiving information that a transfer may be in violation of this paragraph.

(3) Annually establishing a list of third-party specialists, including auditors and consultants, to assist schools and local school systems in conducting comprehensive on-site evaluations of schools to determine the root causes of low performance and lack of progress, to assist schools and local school systems in the implementation of intensive school improvement plans, or to provide any of the necessary support services as specified in the engagement letter or contract. Such list of third-party specialists shall be established through a request for proposals process and approved by the State Board of Education. Such request for proposals shall be designed with input from the Education Turnaround Advisory Council;

(4) Coordinating with the school improvement division within the Department of Education and coordinating and working with the State School Superintendent and the Office of Student Achievement to identify all state resources and supports available to the lowest-performing schools in the greatest need of assistance;

(d) The Chief Turnaround Officer, the State School Superintendent, and the staff and all divisions of the Department of Education shall work collaboratively and shall coordinate as necessary to facilitate the implementation of this part. The Department of Education shall establish the state plan pursuant to the federal Every Student Succeeds Act in a manner that pursues and allows maximum flexibility to implement the provisions of this part.

(c) Turnaround coaches may provide such other services and supports as determined by the Chief Turnaround Officer.

20-14-45.

(a) As used in this Code section, the term 'turnaround eligible schools' means the schools that have performed in the lowest 5 percent of schools in this state identified in accordance with the statewide accountability system established in the state plan pursuant to the federal Every Student Succeeds Act.

(b) The Chief Turnaround Officer, in conjunction with the Department of Education and the Office of Student Achievement, shall annually identify the lowest-performing schools that are deemed to be in the greatest need of assistance based on a list of turnaround eligible schools prepared annually by the Office of Student Achievement. If the Chief Turnaround Officer, after consulting with Department of Education staff and the State School Superintendent, determines that the capacity and resources available to the Chief Turnaround Officer and to the Department of Education are insufficient to serve all schools on the turnaround eligible schools list, the Chief Turnaround Officer may select a subset of such schools based on the following factors:

(1) Whether the school's rating has been improving or declining over the previous three years, based on the statewide accountability system;

(2) Whether the contract for strategic waivers school systems or the charter for charter systems adequately addresses the school's deficiencies;

(3) Whether the school is in a local school system with a recent accreditation report showing deficiencies in system level governance, school level leadership, system and school level resource utilization, or school level achievement, including the areas of reading and mathematics proficiencies;

(4) Whether the school is located in a local school system in which one-half or more of the schools are on the turnaround eligible schools list for the fifth or more consecutive year;

(5) Whether the school is in close proximity to a school that will be served pursuant to paragraphs (1), (2), (3), or (4) of this subsection; and

(6) Any other factors deemed appropriate by the Chief Turnaround Officer.

(c) The Chief Turnaround Officer shall extend an opportunity to the local boards of education for each school identified pursuant to subsection (b) of this Code section to amend the contract entered into pursuant to Code Section 20-2-83 for strategic waivers school systems or to amend the charter, for charter systems. The amendment shall be for the purposes of agreeing to receive assistance pursuant to this part for such identified school or schools. For any such local board of education that is offered the opportunity to amend its system contract or charter but that does not sign an amendment within 60 days of being offered the amendment or that declines to sign an amendment, the State Board of Education shall within 60 days either implement one or more of the interventions contained in paragraph (6) of subsection (a) of Code Section

20-14-41 for such school or terminate the system contract or charter as allowed by the terms of such contract or charter.

(d) For any local school system that is not a charter system or a strategic waivers system, the Chief Turnaround Officer shall extend an opportunity to the local board of education for each school identified pursuant to subsection (b) of this Code section to enter into an intervention contract for the purposes of agreeing to receive assistance pursuant to Code Section 20-14-46 for such identified school or schools. For any such local board of education that is offered the opportunity to enter into an intervention contract but that declines, the State Board of Education shall immediately implement one or more of the interventions contained in paragraph (6) of subsection (a) of Code Section 20-14-41 for such school.

(e) For any school on the turnaround eligible school list which is not selected as part of the subset of schools to be assisted by the Chief Turnaround Officer due to insufficient capacity and resources, the Department of Education, through its school improvement division, shall begin or continue focused supports and a pre-diagnostic review utilizing all relevant data held at the state level as it relates to the local school system and school, including financial audits, funding allotments, federal funds, state assessment data, and the most recent local school system accreditation report regarding system level governance and leadership, resource utilization, teaching and learning effectiveness, and academic achievement.

20-14-46.

(a) Within 30 days of entering into a contract amendment or intervention contract between the State Board of Education and a local board of education pursuant to Code Section 20-14-45, the local board of education shall, in consultation with the turnaround coach, select a third-party specialist to conduct a comprehensive on-site diagnostic review in cooperation with the regional educational service agency and the turnaround coach of the school to determine the root causes of low performance and lack of progress. Such third-party specialist may be selected from the approved list established pursuant to paragraph (2) of subsection (c) of Code Section 20-14-43 at the expense of the state, or the local board of education may select its own third-party specialist, upon approval by the Chief Turnaround Officer, at the expense of the local school system. The turnaround coach shall ensure that the third-party specialist receives all relevant data held at the state level as it relates to the local school system and school, including the system charter or contract, financial audits, funding allotments, federal funds, state assessment data, and any other relevant information as it relates to school performance. The third-party specialist shall also review the most recent local school system accreditation report regarding system level governance and leadership, resource utilization, teaching and learning effectiveness, and academic achievement.

(b) Within 90 days of entering into a contract amendment or intervention contract between the State Board of Education and a local board of education, the turnaround coach, in partnership with the regional educational service agency, shall ensure that the local board of education and the third-party specialist have completed a comprehensive

on-site evaluation of the school to determine the root causes of the school's low performance and lack of progress. The comprehensive on-site diagnostic review shall include a leadership assessment to determine the capacity of the school leader to lead the turnaround efforts, as well as a review of system level support and interventions, including central office policies and supports, technical assistance and guidance, financial management, and appropriate use of resources in accordance with approved waivers under the system charter or contract.

(c) Based on the comprehensive on-site evaluation, the turnaround coach, in partnership with the regional educational service agency, shall recommend actions, which may include, but not be limited to, reallocation of resources and technical assistance, changes in school procedures or operations, professional learning focused on student achievement for instructional and administrative staff, intervention for individual administrators or teachers, instructional strategies based on scientifically based research, additional waivers from state statutes or rules, adoption of policies and practices to ensure all groups of students meet the state's proficiency level, extended instruction time for low-performing students, strategies for parental involvement, incorporation of a teacher mentoring program, smaller class size for low-performing students, or other actions deemed appropriate.

(d) Based on the evaluation and recommendations and after public input from parents and the community, the school shall develop an intensive school improvement plan, approved by the Chief Turnaround Officer, that specifically addresses the academic insufficiencies identified by the school's rating in the single state-wide accountability system. The local board of education shall not be eligible for supplemental funding to support the implementation of the plan unless such local board demonstrates financial need based on its most current annual budget and the results of the most recent audit. The local board of education shall coordinate the hiring and contract renewal process for personnel and the allocation of school resources to support such plan. In developing the timelines in the intensive school improvement plan, the school shall take into consideration the budget cycles, employment contract deadlines, and other appropriate factors relating to the planning process. The school, with the support of the local board of education, local school superintendent, and principal, shall implement the plan with ongoing input and assistance from the Chief Turnaround Officer and performance monitoring by the turnaround coach.

20-14-47.

(1) Screen all students to diagnose the factors for low performance, including, but not

limited to, reading development and comprehension, math proficiencies, physical health, mental health, access to the Internet or other ancillary supports to out-of-school learning activities expected of students and evaluate all available records to address nonacademic barriers to learning in the lowest-performing schools; and

(2) Provide students who have been identified as low-performing with academic support and enrichment activities, access to programs to promote parental involvement, access to supports for addressing and improving mental and physical health, access to a learning resource center for students and guardians to strengthen academic supports, positive behavioral interventions and supports, and access to expert supports, which may include, but not be limited to, data scientists, psychometric personnel, curriculum specialists, learning theorists, and special educators to help advise the schools on technical learning matters.

(b) Turnaround coaches shall assist local boards of education in identifying integrated student services utilizing the list of resources established by the Chief Turnaround Officer pursuant to paragraph (2) of subsection (c) of Code Section 20-14-43. Local boards of education, in coordination with the turnaround coaches and the local school administration, shall create local collaborations to address personal and community conditions, which shall include the needs, issues, and problems within the communities of such school or schools, such as poverty, lack of economic development, safety, transportation options for parents and students, adult educational opportunities, wellness, and mental health services, and shall, in consultation with the turnaround coach, identify state and community resources that are available or that could be built upon, reallocated, or repurposed to address the issues impacting such school or schools.

20-14-48.

(a) The State Board of Education shall ensure that all necessary department resources and supports are made available for full implementation of this part, including, but not limited to, the implementation of the intensive school improvement plans established pursuant to Code Section 20-14-46 for schools for which a local board of education has entered into a contract amendment or intervention contract with the State Board of Education pursuant to Code Section 20-14-45. Further, the State Board of Education shall ensure that such schools receive priority for the receipt of federal and state funds available to the Department of Education to the fullest extent possible under federal and state law, including, but not limited to, federal school improvement grants and Title I funds. The State Board of Education shall also pursue maximum flexibility in applying for and expending federal funds, including, but not limited to, the consolidation of all federal, state, and local funds in compliance with federal law.

(b) The Office of Student Achievement shall give priority to schools for which a local board of education has entered into a contract amendment or intervention contract with the State Board of Education pursuant to Code Section 20-14-45 when awarding grants pursuant to subsection (b.1) of Code Section 20-14-26.1 or any other grants administered by the office.

(c)(1) The Office of Student Achievement shall be authorized to provide for grants,

subject to appropriations, to assist schools in local school systems under a contract amendment or intervention contract pursuant to Code Section 20-14-45 with demonstrated financial need in:

The award of any grant funds shall be at the discretion of the Office of Student Achievement, including the amount of any such grant funds awarded. The Office of Student Achievement shall prescribe criteria, policies, and standards deemed necessary for the effective implementation of this subsection, including criteria for a local school system to demonstrate financial need.

20-14-49.

(b) Before the implementation of any interventions required by the Chief Turnaround Officer pursuant to subsection (a) of this Code section for a school, the local board of education may request an opportunity for a hearing before the State Board of Education to show cause as to why an intervention or interventions imposed by the Chief Turnaround Officer for a school should not be required or that alternative interventions would be more appropriate. Such request shall be made no later than 30 days after notification by the Chief Turnaround Officer of the intended interventions. The State Board of Education shall take into consideration the substantial compliance of the school in the implementation of the intensive school improvement plan and the ongoing cooperation and collaboration exhibited by the school. (2) A power to make health care decisions;

(3) A proxy or other delegation to exercise voting rights or management rights with respect to an entity;

(6) Powers of attorney provided for under Titles 19 and 33.

(b) A power of attorney shall not authorize an agent to create a will.

#### 10-6B-4.

A power of attorney created under this chapter shall be durable unless it expressly provides that it is terminated by the incapacity of the principal.

10-6B-5.

(a) A power of attorney shall be:

- (1) Signed by the principal or by another individual in such principal's presence at the principal's express direction;
- (2) Attested in the presence of the principal by one or more competent witnesses; and
- (3) Attested in the presence of the principal before a notary public or other individual authorized by law to administer oaths who is not a witness for purposes of paragraph (2) of this Code section.

(b) All signatures and attestations required by subsection (a) of this Code section shall be performed and conducted in the presence of all parties provided for in subsection (a) of this Code section.

10-6B-6.

(a) A power of attorney executed in this state on or after July 1, 2017, shall be valid if its execution complies with Code Section 10-6B-5.

(b) This chapter shall not affect a power of attorney executed prior to July 1, 2017, to which the former provisions of Article 7 of Chapter 6 of this title, as such existed on June 30, 2017, shall continue to apply.

(c) A power of attorney executed other than in this state shall be valid in this state if, when the power of attorney was executed, the execution complied with:

- (1) The law of the jurisdiction that determines the meaning and effect of the power of attorney pursuant to Code Section 10-6B-7; or
- (2) The requirements for a military power of attorney pursuant to 10 U.S.C. Section 1044b, in effect on February 1, 2017.

(d) Except as otherwise provided by law other than this chapter, a photocopy or electronically transmitted copy of an original power of attorney shall have the same effect as the original; provided, however, that when recording a power of attorney in connection with a conveyance involving real property, an original power of attorney shall be used.

10-6B-7.

The meaning and effect of a power of attorney shall be determined by the law of the jurisdiction indicated in the power of attorney and, in the absence of an indication of jurisdiction, by the law of the jurisdiction in which the power of attorney was executed.

10-6B-8.

(a) In a power of attorney, a principal may nominate a conservator of the principal's estate for consideration by the court if protective proceedings for the principal's estate are begun after the principal executes the power of attorney. Except for good cause shown or disqualification, the court shall make its appointment in accordance with the principal's most recent nomination.

(b) Unless expressly provided otherwise by the power of attorney or ordered otherwise by the court appointing the conservator, if, after a principal executes a power of

attorney, a court appoints a conservator of the principal's estate or other fiduciary charged with the management of some or all of the principal's property, then the appointment of a conservator or other fiduciary shall terminate all or part of the power of attorney that relates to the matters within the scope of the conservatorship or management by another fiduciary. If such power of attorney does not wholly terminate, the agent shall be accountable to the conservator or other fiduciary as well as to the principal.

(c) If the court orders the power of attorney shall not terminate, the court may impose upon the power of attorney or agent such terms and conditions as it determines are in the best interest of the principal.

#### 10-6B-9.

(a) A power of attorney shall be effective when executed unless the principal provides in the power of attorney that it becomes effective at a future date or upon the occurrence of a future event or contingency.

(b) If a power of attorney becomes effective upon the occurrence of a future event or contingency, the principal, in the power of attorney, may authorize one or more persons to determine in a writing or other record that the event or contingency has occurred.

(c) If a power of attorney becomes effective upon the principal's incapacity and the principal has not authorized a person to determine whether the principal is incapacitated, or the person authorized is unable or unwilling to make the determination, the power of attorney shall become effective upon a certification in a writing or other record by:

(1) A physician or licensed psychologist determining that the principal has an impairment in the ability to receive and evaluate information or make or communicate decisions even with the use of technological assistance; or

(2) An attorney at law, a judge, or an appropriate governmental official determining that the principal is missing, detained, including incarcerated in a penal system, or is outside the United States and unable to return.

(d) A person authorized by the principal in the power of attorney to determine that the principal is incapacitated may act as the principal's personal representative pursuant to the Health Insurance Portability and Accountability Act, Sections 1171 through 1179 of the Social Security Act, 42 U.S.C. Section 1320d, in effect on February 1, 2017, and applicable regulations in effect on February 1, 2017, to obtain access to the principal's health care information and communicate with the principal's health care provider.

#### 10-6B-10.

(a) A power of attorney shall terminate when:

(1) The principal dies;

(2) The principal becomes incapacitated, if the power of attorney specifically provides that it is not durable;

(3) The principal revokes the power of attorney, provided that the principal provides the agent with notice of such revocation by certified mail and provided that such

notice is filed with the clerk of superior court in the county of domicile of the principal;

(4) The agent resigns, becomes incapacitated, or dies;

(5) The power of attorney provides that it terminates;

(6) The purpose of the power of attorney is accomplished; or

(7) One of the events specified in paragraph (3) or (4) of this subsection occurs and the power of attorney does not provide for another agent to act under the power of attorney.

(b) An agent's authority shall terminate when:

(1) The agent resigns, becomes incapacitated, or dies;

(2) The principal revokes the agent's authority, provided that the principal provides the agent with notice of such revocation by certified mail and provided that such notice is filed with the clerk of superior court in the county of domicile of the principal;

(3) An action is filed for the dissolution or annulment of the agent's marriage to the principal or their legal separation, unless the power of attorney otherwise provides; or

(4) The power of attorney terminates.

(c) Unless the power of attorney otherwise provides, an agent's authority is exercisable until the authority terminates under subsection (b) of this Code section, notwithstanding a lapse of time since the execution of the power of attorney.

(d) Termination of an agent's authority or of a power of attorney shall not be effective as to the agent or another person that, without actual knowledge of the termination, acts in good faith under the power of attorney. An act so performed, unless otherwise invalid or unenforceable, shall bind the principal and the principal's successors in interest.

(e) Incapacity of the principal of a power of attorney that is not durable shall not revoke or terminate the power of attorney as to an agent or other person that, without actual knowledge of the incapacity, acts in good faith under the power of attorney. An act so performed, unless otherwise invalid or unenforceable, shall bind the principal and the principal's successors in interest.

(f) The execution of a power of attorney shall not revoke a power of attorney previously executed by the principal unless the subsequent power of attorney provides that the previous power of attorney shall be revoked or that all other powers of attorney are revoked.

#### 10-6B-11.

(a) A principal may designate two or more persons to act as coagents. Unless the power of attorney otherwise provides, coagents shall exercise their authority independently.

(b)(1) A principal may designate one or more successor agents to act if an agent resigns, dies, becomes incapacitated, is no longer qualified to serve, has declined to serve, or dies. A principal may grant authority to designate one or more successor agents to an agent or other person designated by name, office, or function. Unless the

power of attorney otherwise provides, a successor agent shall:

(A) Have the same authority as that granted to the original agent; and

(B) Not act until all predecessor agents have resigned, become incapacitated, are no longer qualified to serve, have declined to serve, or died.

(2) Once a predecessor agent resigns, becomes incapacitated, is no longer qualified to serve, or has declined to serve, he or she shall be permanently barred from serving as an agent under the then existing power of attorney.

(c) Except as otherwise provided in the power of attorney and subsection (d) of this Code section, an agent that does not participate in or conceal a breach of fiduciary duty committed by another agent, including a predecessor agent, shall not be liable for the actions of the other agent.

(d) An agent that has actual knowledge of a breach or imminent breach of fiduciary duty by another agent shall notify the principal and, if the principal is incapacitated, take any action reasonably appropriate in the circumstances to safeguard the principal's best interest. An agent that fails to notify the principal or take action as required by this subsection shall be liable for the reasonably foreseeable damages that could have been avoided if the agent had notified the principal or taken such action.

#### 10-6B-12.

Unless the power of attorney otherwise provides, an agent shall not be entitled to compensation for services rendered. An agent shall be entitled to reasonable reimbursement of expenses incurred in performing the acts required by the principal under the power of attorney.

#### 10-6B-13.

Except as otherwise provided in the power of attorney, a person accepts appointment as an agent under a power of attorney by exercising authority or performing duties as an agent or by any other assertion or conduct indicating acceptance.

#### 10-6B-14.

(a) Notwithstanding provisions in the power of attorney, an agent that has accepted appointment shall act:

(1) In accordance with the principal's reasonable expectations to the extent actually known by the agent and, otherwise, in the principal's best interest;

(2) In good faith; and

(3) Only within the scope of authority granted in the power of attorney.

(b) Except as otherwise provided in the power of attorney, an agent that has accepted appointment shall:

(1) Act loyally for the principal's benefit;

(2) Act so as not to create a conflict of interest that impairs the agent's ability to act impartially in the principal's best interest;

(3) Act with the care, competence, and diligence ordinarily exercised by agents in similar circumstances;

- (4) Keep a record of all receipts, disbursements, and transactions made on behalf of the principal;
- (5) Cooperate with a person that has authority to make health care decisions for the principal to carry out the principal's reasonable expectations to the extent actually known by the agent and, otherwise, act in the principal's best interest; and
- (6) Attempt to preserve the principal's estate plan, to the extent actually known by the agent, if preserving such plan is consistent with the principal's best interest based on all relevant factors, including:
  - (A) The value and nature of the principal's property;
  - (B) The principal's foreseeable obligations and need for maintenance;
  - (C) Minimization of taxes, including income, estate, inheritance, generation-skipping transfer, and gift taxes; and
  - (D) Eligibility for a benefit, a program, or assistance under a law or regulation.
- (c) An agent that acts in good faith shall not be liable to any beneficiary of the principal's estate plan for failure to preserve such plan.
- (d) An agent that acts with care, competence, and diligence for the best interest of the principal shall not be liable solely because the agent also benefits from the act or has an individual or conflicting interest in relation to the property or affairs of the principal.
- (e) If an agent is selected by the principal because of special skills or expertise possessed by the agent or in reliance on the agent's representation that the agent has special skills or expertise, the special skills or expertise shall be considered in determining whether the agent has acted with care, competence, and diligence under the circumstances.
- (f) Absent a breach of duty to the principal, an agent shall not be liable if the value of the principal's property declines.
- (g) An agent that exercises authority to delegate to another person the authority granted by the principal or that engages another person on behalf of the principal shall not be liable for an act, error of judgment, or default of that person if the agent exercises care, competence, and diligence in selecting and monitoring the person.
- (h) Except as otherwise provided in the power of attorney, an agent shall not be required to disclose receipts, disbursements, or transactions conducted on behalf of the principal unless ordered by a court or requested by the principal, a guardian, a conservator, another fiduciary acting for the principal, a governmental agency having authority to protect the welfare of the principal, or, upon the death of the principal, by the personal representative or successor in interest of the principal's estate. If so requested, within 30 days the agent shall comply with the request or provide a writing or other record substantiating why additional time is needed and shall comply with the request within an additional 30 days.

#### 10-6B-15.

A provision in a power of attorney relieving an agent of liability for breach of duty shall be binding on the principal and the principal's successors in interest except to the extent the provision:

(1) Relieves the agent of liability for breach of duty committed in bad faith, or with reckless indifference to the purposes of the power of attorney or the best interest of the principal; or

(2) Was inserted as a result of an abuse of a confidential or fiduciary relationship with the principal.

#### 10-6B-16.

(a) The following persons may petition a court to construe a power of attorney or review the agent's conduct, and grant appropriate relief:

(1) The principal or the agent;

(2) A guardian, conservator, or other fiduciary acting for the principal;

(3) A person authorized to make health care decisions for the principal;

(4) The principal's spouse, parent, or descendant;

(5) An individual who would qualify as a presumptive heir of the principal;

(6) A person named as a beneficiary to receive any property, benefit, or contractual right on the principal's death or as a beneficiary of a trust created by or for the principal that has a financial interest in the principal's estate;

(7) A governmental agency having authority to protect the welfare of the principal;

(8) The principal's caregiver or another person that demonstrates sufficient interest in the principal's welfare; and

(9) A person asked to accept the power of attorney.

(b) Upon motion by the principal, the court shall dismiss a petition filed under this Code section, unless the court finds that the principal lacks capacity to revoke the agent's authority or the power of attorney.

#### 10-6B-17.

An agent that violates this chapter shall be liable to the principal or the principal's successors in interest for the amount required to:

(1) Restore the value of the principal's property to what it would have been had the violation not occurred; and

(2) Reimburse the principal or the principal's successors in interest for the attorney's fees and costs paid on the agent's behalf.

#### 10-6B-18.

Unless the power of attorney provides a different method for an agent's resignation, an agent may resign by giving notice to the principal and, if the principal is incapacitated:

(1) To the conservator or guardian, if one has been appointed for the principal, and a coagent or successor agent; or

(2) If there is no person described in paragraph (1) of this Code section, to:

(A) The principal's caregiver; or

(B) Another person reasonably believed by the agent to have sufficient interest in the principal's welfare.

10-6B-19.

(a) A person that in good faith accepts a power of attorney without actual knowledge that the signature is not genuine may rely upon the presumption under Code Section 10-6B-5 that the signature is genuine.

(b) A person that in good faith accepts a power of attorney without actual knowledge that the power of attorney is void, invalid, or terminated, that the purported agent's authority is void, invalid, or terminated, or that the agent is exceeding or improperly exercising the agent's authority may rely upon the power of attorney as if the power of attorney were genuine, valid, and still in effect, the agent's authority were genuine, valid, and still in effect, and the agent had not exceeded and had properly exercised the authority.

(c) A person that is asked to accept a power of attorney may request, and rely upon, without further investigation:

(1) An agent's certification under penalty of perjury of any factual matter concerning the principal, agent, or power of attorney;

(2) A coagent's certification under penalty of perjury of any factual matter concerning the principal, agent, or power of attorney;

(3) An English translation of the power of attorney if the power of attorney contains, in whole or in part, language other than English; and

(4) An opinion of an attorney as to any matter of law concerning the power of attorney if the person making the request provides in a writing or other record the reason for the request.

(d) An English translation or an opinion of an attorney requested under this Code section shall be provided at the principal's expense unless the request is made more than seven business days after the power of attorney is presented for acceptance.

(e) For purposes of this Code section, a person that conducts activities through employees shall be without actual knowledge of a fact relating to a power of attorney, a principal, or an agent if the employee conducting the transaction involving the power of attorney is without actual knowledge of the fact.

10-6B-20.

(a) As used in this Code section, the term 'statutory form power of attorney' means using:

(1) The form set forth in Code Section 10-6B-70;

(2) A military power of attorney pursuant to 10 U.S.C. Section 1044b, in effect on February 1, 2017; or

(3) A document that substantially reflects the language in the form set forth in Code Section 10-6B-70, so long as it is witnessed as required by Code Section 10-6B-5.

(b) Except as otherwise provided in subsection (c) of this Code section:

(1) A person shall either accept a statutory form power of attorney or request a certification, a translation, or an opinion of an attorney under subsection (c) of Code Section 10-6B-19 no later than seven business days after presentation of the power of attorney for acceptance;

- (2) If a person requests a certification, a translation, or an opinion of an attorney under subsection (c) of Code Section 10-6B-19, the person shall accept the power of attorney no later than five business days after receipt of the certification, translation, or opinion of an attorney; and
- (3) A person shall not require an additional or different form of power of attorney for authority granted in the power of attorney presented.
- (c) A person shall not be required to accept a statutory form power of attorney if:
- (1) The person is not otherwise required to engage in a transaction with the principal in the same circumstances;
- (2) Engaging in a transaction with the agent or the principal in the same circumstances would be inconsistent with federal law;
- (3) The person has actual knowledge of the termination of the agent's authority or of the power of attorney before exercise of the power;
- (4) A request for a certification, a translation, or an opinion of an attorney under subsection (c) of Code Section 10-6B-19 is refused;
- (5) The person in good faith believes that the power is not valid or that the agent does not have the authority to perform the act requested, whether or not a certification, a translation, or an opinion of an attorney under subsection (c) of Code Section 10-6B-19 has been requested or provided; or
- (6) The person makes, or has actual knowledge that another person has made, a report to protective services as such term is defined in Code Section 30-5-1 stating a good faith belief that the principal may be subject to physical or financial abuse, neglect, exploitation, or abandonment by the agent or a person acting for or with the agent.
