## **2018 Session of the Georgia General Assembly**

### **Veto Messages**

#### **Veto Number 1**

**HB 354** House Bill 354 reconstitutes the Georgia International Maritime Trade Center Authority (GIMTCA) as a public corporation and instrumentality of the state. The Authority created by HB 354 is made up of appointments by each member of the Georgia General Assembly who represent a portion of Chatham County, the County Manager of Chatham County, the City Manager of the City of Savannah, the President of the Savannah Economic Development Authority, and the President of the Savannah Area Convention and Visitors' Bureau. HB 354 also grants the Authority broad power to issue revenue bonds without any cap on the aggregate amount, unlike other authorities which are subject to aggregate limits on the amount of bonds that may be issued. Moreover, unlike many of our other state authorities, GIMTCA has no gubernatorial appointments, nor does it have a legislative oversight committee. The Authority's lack of executive and legislative oversight and theoretically unlimited bond capacity could lead to obvious negative consequences for the entire state stemming from the absence of accountability. For the foregoing reasons, **I VETO HB 354.**

#### **Veto Number 2**

**HB 410** House Bill 410 provides a list of information that home owners associations, property owners associations, and condominium owners associations would be required to provide to a homeowner upon request and caps the fees the association could charge for producing and transferring that information. First, the cap provided by HB 410 is, to my knowledge, lower than that of any other state in the nation with such a cap and may not be sufficient to cover costs of providing the information required, which could result in increased costs to association members. Second, such associations often contract with private parties to provide these services so that association members need not complete the tasks personally, on behalf of the association. Consequently, it appears that HB 410 could impose burdensome responsibilities on associations and their members and, regardless,

absent sufficient justification, parties should generally be left alone to dicker the terms of their private agreements without government intrusion. For the foregoing reasons, **I VETO HB 410.**

### Veto Number 3

**HB 441** House Bill 441 would allow for the creation and use of self-settled spendthrift trusts—also known as self-settled asset protection trusts. Under current law in Georgia, a spendthrift provision may be included in a trust instrument which, generally, can shield the assets in the trust from certain creditors of a beneficiary. However, a spendthrift provision is inapplicable to a beneficiary who is also a settlor or contributor, to the extent of the contribution to the trust. Self-settled asset protection trusts, as proposed in HB 441, would allow a person to create, or settle, a trust naming the settlor as a beneficiary, while shielding the trust assets from certain creditors. Such trusts have been subject to controversy and scrutiny due to the potential opportunity to shirk creditors while preserving the assets of the trust for distribution to the settlor/beneficiary. In a recent trend, many states have begun permitting self-settled asset protection trusts which were previously prohibited throughout the United States, though a majority continue to prohibit such trust instruments. I commend the authors for their willingness to seek input and adjust the bill throughout the legislative process, but am concerned of possible unintended consequences presented by a complex new estate planning tool. Though I do not dismiss the potential merit of these proposed trust instruments in comprehensive estate planning, I have not yet been convinced of the need for such trusts in Georgia. As a state, we want to ensure that the creditor-debtor relationship is an equitable one that facilitates economic prosperity and mobility, and self-settled spendthrift trusts—without proper safeguards—have the potential to negatively impact this balance. For the foregoing reasons, **I VETO HB 441.**

### Veto Numbers 4, 5, 6, and 7

**HB 507, 508, 549 and 550** House Bills 507, 508, 549 and 550 provide governing authorities for the cities of Jonesboro, Morrow, Lovejoy and Lake City, respectively. The House sponsors of the legislation requested vetoes for HB 507, 508, 549 and 550 because the language of the bill mistakenly references 2017 dates instead of 2018 dates. The authors of the bills have also expressed the desire to have these bills vetoed so they may start over with new legislation next session. For this reason, **I VETO HB 507, HB 508, HB 549, and HB 550.**

### Veto Number 8

**HB 586** House Bill 586 provides for the Charter for the City of Reynolds. The language of the bill mistakenly references 2017 dates instead of 2018 dates. The General Assembly passed, and I have signed, a separate bill during the 2018 legislative session which has the corrected dates. For this reason, **I VETO HB 586.**

**Veto Number 9**

**HB 600** House Bill 600 amends the Charter of the City of Stonecrest by providing term limits for the mayor of Stonecrest while expressly permitting councilmembers to remain in office for an unlimited number of terms. Additionally, the bill removes the Mayor's power to vote with the City Council, except in the case of a tie. These amendments to a city charter that has been in effect for less than two years have not, apparently, received the proper amount of discussion during the legislative session as legislators from the delegation could not reach a consensus. For this reason, **I VETO HB 600.**

**Veto Number 10**

**HB 754** House Bill 754 would allow insurers domiciled in Georgia to divide into two or more insurers. Any plan of division must be submitted to and approved by the Commissioner of Insurance, giving the Commissioner broad discretion to decide on a case by case basis if the company meets the requirements to divide. If a company was deemed acceptable by the Commissioner to divide and one of the resulting insurers stopped turning a profit, issues could arise as to how to distribute the liability. I am unaware of the need for the division process provided for in HB 754 and am unconvinced that the appropriate safeguards are provided for in the proposed legislation. For the foregoing reasons, **I VETO HB 754.**

**Veto Number 11**

**HB 795** House Bill 795 would subject the State Board of Worker's Compensation to many of the requirements of the Georgia Administrative Procedure Act, from which it is explicitly exempted by current law. The Board's current rulemaking and proposed legislation process relies on a consensus of stakeholders through its advisory council. This bill would permit, and to some extent encourage, the House and Senate Judiciary Committees, the House Industry and Labor Committee, and the Senate Insurance and Labor Committee to override such consensus, effectively giving the legislature significant control over worker's compensation policy. While I do not doubt the sincere intention of the author of this amendment to HB 795, this shift seems to undermine the policy objectives behind the creation of the state's Worker's Compensation system and circumvent the largely successful advisory council process. Rather than significantly altering this process through a late amendment to an otherwise innocuous bill, I encourage the legislature to focus on providing input to the Board of Worker's Compensation through current law and Board rules. Similarly, it is imperative that the Board of Worker's Compensation continue to provide notice of proposed rules to relevant legislative committees pursuant to Board rules and to encourage appropriate comment and legislative interaction. For the foregoing reasons, **I VETO HB 795.**

**Veto Number 12**

**HB 870** House Bill 870 annexes the Fulton County Industrial District (“FCID”) into the City of South Fulton. The FCID is the only portion of Fulton County that remains unincorporated after the creation of the City of South Fulton in 2016. The FCID cannot be annexed by any municipality due to a local constitutional amendment to the Constitution of Georgia dating to 1979. The FCID is unique in that it consists of predominantly commercial and industrial properties, therefore only the relatively small number of residents who apparently live in the district—not the majority of property owners and users—would dictate via referendum whether to incorporate the area into the City of South Fulton. It is my belief that Fulton County citizens should first vote on repeal of the constitutional amendment before beginning discussions about annexation of this unique unincorporated, and largely non-residential, area into any city. For this reason, **I VETO HB 870.**

**Veto Number 13**

**HB 912** House Bill 912 allows the Spalding County State Court to impose additional fees of up to \$50 on any court cost associated with a guilty or nolo contendere plea. The bill also authorizes a failure to appear fee which can amount to as much as \$100. I believe these additional costs are unnecessary and impose a significant burden on those appearing in the Spalding County State Court. County appropriations should be sufficient to support the expenses of this court without placing fees on individuals in addition to the substantial court costs already imposed. For this reason, **I VETO HB 912.**

**Veto Number 14**

**HB 942** House Bill 942 creates the Savannah Farmers Market Commission as a political subdivision of the state and public corporation. The Commission would consist of members appointed only by the Chatham County Delegation to the General Assembly and would work with the Savannah State Farmers Market to plan and execute agricultural events and programs along with other powers and duties. While I am encouraged by the local delegation’s support for agricultural programs and their support of farmers using the market, I am unconvinced of the necessity for a new political subdivision of the state to support such efforts and do not want to displace the role of local government in that endeavor. For the foregoing reasons, **I VETO HB 942.**

**Veto Number 15**

**HB 995** House Bill 995 aims to provide more transparency with respect to local government contracts with private consultants. The language contained in HB 995 was largely lifted from a standard form contract that is used by the Department of Administrative Services when state entities enter into agreements with private consultants.

However, because of this, the bill is not suitably tailored to the subject of HB 795: various local governments. While I commend the authors' attempt to protect the local government contracting process, I fear that copying contract language used by state-level entities to create legislation regulating local governments—without appropriate adaptations—will lead to varying interpretations among the state's local economic development authorities and, as a result, difficulty in fostering economic development. Moreover, the legislation contains language, seemingly unintentionally, that would apply only to state entities while the purpose of the bill is to regulate local government contracts. For the foregoing reasons, **I VETO House Bill 995.**

### **Veto Number 16**

**HB 1039** House Bill 1039 creates the Big Canoe Water and Sewer Authority as a political subdivision of the state and public corporation. The authority's purpose would be to acquire, construct, equip, maintain, and operate an adequate water supply, water treatment facilities, and distribution facilities within the authority limits. The House sponsors of HB 1039 have requested this bill be vetoed. For this reason, **I VETO HB 1039.**

### **Veto Number 17**

**HB 1047** House Bill 1047 permits the State Court of Washington County to collect a \$15.00 fee as a surcharge to each fine paid in the court. The money collected from the fee would be earmarked to fund various technology improvements for the Washington County Sheriff's Office and disbursed at the discretion of the Sheriff. I am not convinced that the installation of a new fee is necessary for funding technology in the Sheriff's Office; such costs of modernization and technological improvement should be borne by existing or future local government appropriations, not by those appearing in court. For this reason, **I VETO HB 1047.**

### **Veto Number 18**

**SB 315** Senate Bill 315 proposes to create the crime of unauthorized computer access. The intent of this legislation is to strengthen cyber security laws to protect national security interests and to safeguard sensitive or private information of government, citizens, and consumers.

As technology continues to advance and evolve in the digital age, a robust discussion on cyber security policy that meets the needs of the public and industry stakeholders is of critical importance. Georgia's emergence as a leader in cyber technology, particularly the presence of U.S. Army Cyber Command, the state's Cyber Range, and a wide range of private tech companies and cyber research institutions, further necessitates the need for comprehensive cyber security debate, discussion, and measures.

Under the proposed legislation, it would be a crime to intentionally access a computer or computer network with knowledge that such access is without authority. However, certain components of the legislation have led to concerns regarding national security implications and other potential ramifications. Consequently, while intending to protect against online breaches and hacks, SB 315 may inadvertently hinder the ability of government and private industries to do so.

After careful review and consideration of this legislation, including feedback from other stakeholders, I have concluded more discussion is required before enacting this cyber security legislation. The work done this session by the legislation's sponsors and stakeholders provides a solid foundation for continued collaboration on this issue.

It is my hope that legislators will work with the cyber security and law enforcement communities moving forward to develop a comprehensive policy that promotes national security, protects online information, and continues to advance Georgia's position as a leader in the technology industry.

For the foregoing reasons, **I VETO SB 315.**

### **Veto Number 19**

**SB 338** Senate Bill 338 significantly modifies requirements for agency rule making under the Administrative Procedure Act, requiring agencies to file a notice of intent to adopt or amend a rule at least 60 days prior to the effective date of the proposed adoption, and hold a meeting on adoption at least 30 days after the issuance of the notice and at least 30 days prior to the proposed rule's effective date. Second, SB 338 gives the General Assembly more time and eases statutory requirements to override a new or amended rule; the General Assembly could take up the override of a proposed rule at any point during the legislative session and such an override would not be subject to a gubernatorial veto, moreover, in some circumstances, a bare majority of a legislative committee could hold a proposed rule in limbo until the 40th day of the next legislative session. It is my firm opinion that the current Administrative Procedure Act provides sufficient safeguards in the instances that SB 338 addresses—requiring 30 days-notice of an agency action, permitting legislative committees to object to the rule and override such rule by a simple majority subject to gubernatorial consent or by a two-thirds vote without signature of the Governor, and requiring any action taken to override a veto be completed prior to the 30th day of the legislative session. In addition to unnecessarily ceding power from the executive branch and slowing the ability of state government to respond by way of agency rulemaking, SB 338 places those who are subject to regulation of state agencies on unstable ground, possibly jeopardizing our state's business climate. For the foregoing reasons, **I VETO SB 338.**

**Veto Number 20**

**SB 342** Senate Bill 342 would allow a vehicle owner to retain possession of his or her vehicle upon being cited for failing to have the required revalidation decal affixed upon the license plate if such an owner provides evidence to the court that he or she has attached the decal since being cited. Current law, however, already provides a mechanism by which an owner may retain possession of his or her vehicle upon a violation—that is, if the owner shows to the court that the revalidation decal had been properly applied for but had not yet been received before being cited. This legislation would diminish the deterrent enforcement of revalidation decal violations and is unnecessary given the leniency exception already provided by law. For the foregoing reasons, **I VETO SB 342.**

**Veto Number 21**

**SB 357** Senate Bill 357, while well-intentioned, creates several unnecessary additional levels of government. The proposed director of health care policy and strategic planning along with the Health Coordination and Innovation Council and an additional advisory board would be attached to the Governor’s Office of Planning and Budget, yet the director of OPB would have no functional control over these newly created positions and entities. In addition to the practical management and organizational issues presented by this structure, a new Governor will be elected this November and it should be left to that individual to shape their executive team in 2019. For the foregoing reasons, **I VETO SB 357.**

The Honorable Casey Cagle, Lieutenant Governor  
Office of the Lieutenant Governor  
240 State Capitol  
Atlanta, Georgia 30334

Dear Speaker Ralston and Lieutenant Governor Cagle:

As you are aware, Hurricane Michael has had a devastating impact on our citizens and infrastructure in southwest Georgia. Local communities are in need of significant and immediate financial assistance to repair roads and facilities, restore basic utilities, and respond to emergency needs of our fellow Georgians. Our farmers are facing substantial crop losses as a result of the storm and other local businesses will also be significantly impacted as they recover and rebuild.

Our first and highest priority as a state must always be to ensure the safety and wellbeing of our citizens. Therefore, to provide immediate relief to our south Georgia communities, I am convening a special session of the General Assembly on Tuesday, November 13 for the purposes of amending House Bill 684, the Fiscal Year 2019 appropriations act, to provide emergency funding to state agencies and local governments responding to Hurricane Michael as well as providing for economic rebuilding and development in the impacted communities. Additionally, I am requesting funding to keep the momentum moving on other state-wide economic development projects to ensure continued growth in the state.

Sincerely,

/s/ Nathan Deal

The Honorable Terry England, Chairman  
House Appropriations Committee  
Georgia House of Representatives  
245 State Capitol  
Atlanta, Georgia 30334

The Honorable Jack Hill, Chairman  
Senate Appropriations Committee  
Georgia State Senate  
234 State Capitol  
Atlanta, Georgia 30334

Earlier today I notified Speaker Ralston and Lieutenant Governor Cagle of my intention to convene a special session of the General Assembly on Tuesday, November 13 to address immediate financial needs resulting from the devastation brought by Hurricane Michael in our southwest Georgia communities and for state-wide critical economic development projects. A copy of that letter is enclosed for your reference. I am requesting that the House and Senate Appropriations Committees consider amending House Bill 684, the Fiscal Year (FY) 2019 budget, to provide for a supplemental Fiscal Year 2019 budget that addresses emergency funding and economic development needs in impacted communities.

The Fiscal Year 2019 budget passed by the General Assembly included a revenue estimate based on 4.1% general fund growth over FY 2018. Due to the robust revenue collections the state saw in FY 2018, the state would only need 2.3% growth for FY 2019 to meet the current revenue estimate. Therefore, given the state's better than anticipated revenue performance to date in FY 2019, I am increasing my original general fund revenue estimate for FY 2019 by \$270,826,277, from \$26,226,914,974 to \$26,497,741,251.

In addition to the increases in estimated revenue, I am also recommending funding for the following items to address emergency relief needs for state agencies and local communities impacted by the hurricane:

- \$8,980,377 in state general funds for the Department of Administrative Services for the state's self-insured risk pool for property liability to address damage needs at state facilities in impacted counties (Total Funds: \$18,590,549);

- \$50,000,000 for the Governor’s Emergency Fund to assist local governments and state agencies requiring immediate financial assistance in response to Hurricane Michael;
- \$30,000,000 for the Georgia Development Authority to assist farmers facing substantial crop losses and damages in impacted counties;
- \$20,000,000 for the Georgia Development Authority to address disaster recovery and cleanup efforts for timberland owners in impacted counties in conjunction with the State Forestry Commission;
- \$8,196,000 for the State Forestry Commission to replace firefighting equipment and replace the Miller- Early County District Two Office;
- \$69,317,845, including \$64,943,645 in motor fuel funds and \$4,374,200 in state general funds, for the Department of Transportation (GDOT) to assist with debris removal and roadway repairs and provide additional flexibility to GDOT;
- \$40,000,000 for the Department of Community Affairs, including \$25,000,000 for the OneGeorgia Authority and \$15,000,000 for the Regional Economic Business Assistance fund to rebuild impacted communities and for immediate statewide economic development projects to ensure continued growth in the state;
- \$35,000,000 for the Aviation Academy at Chattahoochee Technical College to meet the critical aviation workforce demands, and;
- \$9,332,055 to support the expansion of graduate medical education through Mercer University in Columbus to grow the rural physician pipeline.

I sincerely appreciate your assistance in this matter as we work to rebuild our local communities impacted by this devastating storm.

Sincerely,

/s/ Nathan Deal

**GREG S. GRIFFIN**

STATE AUDITOR  
(404) 656-2174

November 14, 2018

Honorable Jay Powell  
Chairman, Ways and Means  
133 Capitol  
Atlanta, Georgia 30334

SUBJECT: Fiscal Note  
House Bill 4EX (LC 43 1049S)

Dear Chairman Powell:

The bill creates an income tax credit for owners of timberland damaged by Hurricane Michael in the fall of 2018. It provides an income tax credit for casualty losses, subject to replanting requirements. The credit amount is equal to 100 percent of the casualty loss deduction reported on the taxpayer's federal return, provided that the credit amount does not exceed \$400 per acre. Credits claimed may exceed the taxpayer's tax liability. Credits in excess of the taxpayer's tax liability will be refunded to the taxpayer. The total amount of credits preapproved may not exceed \$200 million.

Taxpayers must seek preapproval for the credit between January 1, 2019 and May 31, 2019. A second period of preapproval will be held between July 1, 2019 and December 31, 2019 if the total amount of preapproval from the first period is less than \$200 million. Taxpayers

are eligible to claim the credit in the taxable year in which the taxpayer replants 90 percent of the timber lost in the hurricane. All tax credits must be claimed by December 31, 2024.

### Impact on State Revenue

Georgia State University's Fiscal Research Center (FRC) estimated that reforestation tax credit would reduce state revenues by the full \$200 million cap between fiscal years 2020 and 2023. FRC assumed that much of the revenue reduction would be in fiscal years 2020 and 2021. Details of FRC's analysis are included in the attached appendix.

**Table 1. State Revenue Loss Resulting from Reforestation Credit – LC 43 1049S**

(\$ millions)	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023
Total	(\$0.0)	(\$90.0)	(\$98.0)	(\$10.0)	(\$2.0)

### Impact on State Expenditures

The Department of Revenue (DOR) estimated \$105,000 in initial costs and \$96,000 in annual costs associated with the reforestation credit. One-time costs include \$97,000 for information technology changes and \$8,000 associated with new forms, documentation, and staff training. Annual costs include salary and benefits for 1.5 tax examiner positions to process pre-approvals and properly apply claimed credits.

Sincerely,

/s/ Greg S. Griffin  
State Auditor

Office of Planning and Budget

## Analysis by the Fiscal Research Center

### Reforestation Credit

Estimates of the value of the timber damage have been provided by the Georgia Forestry Commission. According to that analysis, 37.7 million tons and 2.4 million acres of pine and hardwood timber have sustained damage. Using third quarter 2018 market prices, losses have been valued at \$762.7 million in total, or \$20.23 per ton and \$322 per acre on average. Based on this damage assessment, casualty losses to the Georgia commercial timber industry associated with Hurricane Michael would not exceed the \$400 per acre limitation but would exceed the \$200 million cap. Thus, it is estimated that all the allowable credits will be claimed.

Preapproval claims must be completed by December 31, 2019, but utilization of claims must occur after replanting has occurred. Thus, the estimate assumes that the earliest use of the credit will be in CY 2020.

Corporate and other industry owners comprise approximately 35 percent of forest land, and the estimate assumes that 100 percent of these owners will claim the credit. Nine percent of forest land is publicly owned. Individual landowners comprise the remaining 56 percent of total state timber land. It is assumed that 97 percent of these landowners will claim the credit. This percentage is higher than in prior versions of this legislation because this version allows taxpayers to claim a refund for the amount of the credit in excess of their tax liability. Therefore, all taxpayers regardless of tax liability are able to benefit from this credit with relatively low transaction costs. In addition, we assume that a greater number of the credits will be transferred earlier revenue window. The effect of this is to increase the revenue loss in the early years after the implementation of this provision compared to previous estimates of this legislation.

Based on these assumptions, total credits claimed are forecasted to meet the \$200 million cap. It is further assumed that taxpayers will use the credits over a 3-year period with 90 percent used in CY2020 (split evenly between FYs 2020 and 2021), 8 percent used in CY2021, and 2 percent used in CY2022. If credits are utilized faster, the revenue loss will be larger in CY 2020 and CY2021. If credits are utilized slower than expected, the revenue loss will occur later in the estimation window.

The report of the committee, which was favorable to the passage of the bill, was agreed to.

SUBJECT: Fiscal Note  
House Bill 5EX (LC 43 1050S)

Dear Chairman Powell:

The bill would ratify the Governor’s executive order dated July 30, 2018 that suspended collection of the state sales tax on jet fuel beginning August, 1, 2018. The bill would extend the suspension through June 30, 2019, the end of the current fiscal year. It would also require that there be a state of emergency declaration before any future suspension or modification of the jet fuel sales tax.

### **Impact on State Revenue**

In fiscal year 2018, the state collected \$39.7 million in jet fuel taxes. Georgia State University’s Fiscal Research Center (FRC) estimated that the jet fuel exemption would reduce fiscal year 2019 state revenue by \$44.7 million to \$49.4 million (see Table 1). There is no revenue loss in following years. Details of FRC’s analysis are included in the attached appendix.

**Table 1. State Revenue Effects of LC 43 1050S**

(\$ millions)	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023
Jet Fuel Exemption – High	(\$49.4)				
– Low	(\$44.7)				

### **Local Impact**

Under current federal regulations, only state and local taxes in existence prior to 1987 may be charged on jet fuel, and then only at the rate then applicable. Taxes not grandfathered may only be collected if the proceeds are dedicated to aviation purposes. The proposed law ensures compliance with federal regulations.

The Federal Aviation Authority has made clear in its Revised Policy that state and local jurisdictions, in addition to airport sponsors, may be penalized for imposing taxes on aviation fuel that are not appropriately used for airport purpose. In the fiscal year 2018 appropriations bill, \$29,412,745 in one-time funds for grants to local governments was provided to offset taxes in SPLOST revenue resulting from federal spending requirements.

### **Impact on State Expenditures**

We did not identify any additional costs to the state that would result from the bill.

Sincerely,

/s/ Greg S. Griffin  
State Auditor

Office of Planning and Budget

## Analysis by the Fiscal Research Center

### Jet Fuel Exemption

Absent the suspension, sales of jet fuel are generally subject to a four percent state sales tax, with one percentage point of the four dedicated to aviation purposes per federal regulations and the balance going to the general fund. The exception is fuel for international flights departing from Hartsfield-Jackson Atlanta International Airport (ATL), which is exempted due to the designation of the area as a Free Trade Zone. The subject bill would result in the same effective taxation after June 30, 2019. The estimates herein are thus of the fiscal impact through the end of the fiscal year, or more precisely from August 1, 2018 through June 30, 2019.

Under current federal regulations, only state and local taxes in existence prior to 1987 may be charged on jet fuel, and then only at the rate then applicable. Taxes not grandfathered may only be collected if the proceeds are dedicated to aviation purposes. The proposed law ensures compliance with federal regulations.

Data used and assumptions made in the analysis are as follows:

- Georgia Department of Revenue (DOR) began in July 2015 requiring separate reporting of jet fuel sales and has provided data on sales tax collections from jet fuel by county for all months from July 2015 through the last month before the suspension took effect, July 2018. These data, along with monthly average fuel prices, were used to estimate the statewide volume of jet fuel sold each month.
- Historical estimated volumes were projected forward at the national rate of growth projected by the U.S. Energy Information Administration (EIA), about 2.9 percent per annum from 2017 through 2019.
- Based on the historical share of jet fuel consumed during the months of August through June (from the DOR data) compared to the full fiscal year, about 91.4 percent, the projected consumption of jet fuel over the relevant eleven months of FY 2019 is approximately 542 million gallons.
- According to the EIA, the average price of jet fuel was \$2.176 per gallon in August 2018, the most recent month available. According to their forecast, the average monthly price of jet fuel is expected to be about \$2.17 over the entire Aug-June period. The estimates allow for a range around that forecast of  $\pm 5$  percent, for a range of about \$2.06 to \$2.28.

Table 2 provides the resulting high and low forecasts of sales tax revenue that could be expected from sales of jet fuel in the state for the August 2018 – June 2019 period in the absence of the exemption.

**Table 2. Estimated Effects of the Jet Fuel Exemption for August 1, 2018 through June 30, 2019**

Statewide Jet Fuel Consumption ( <i>millions of gallons loaded</i> )		542.2
Price per Gallon of Jet Fuel	High	\$2.28
	Low	\$2.06
<b>State Sales Tax Effect @ 4%</b> ( <i>\$ millions</i> )	High	(\$49.4)
	Low	(\$44.7)
Portion Dedicated to Aviation Purposes ( <i>\$ millions</i> )	High	(\$12.3)
	Low	(\$11.2)

On the adoption of the amendment, the President ruled the Heath, et al. amendment #1 to the substitute out of order as there was no substitute before the Senate.

David Cook  
Secretary of the Senate  
353 State Capitol  
Atlanta, GA 30334

I file this protest of the ruling of President of the Senate on the Amendment to House Bill 5EX for the benefit of future Senate bodies.

The facts surrounding the protest are as follows:

1. The President ruled the Amendment out of order due to the inclusion of the words "the substitute to" on the Amendment.
2. The bill was in fact a House Rules Committee substitute.
3. The LC number of the bill was succeeded by the letter 'S' as is the custom for substitute bills.
4. Our Legislative Counsel drafted the Amendment.
5. The Amendment included the reference to the unique LC number of the bill being amended.
6. The President ruled the Amendment out of order some fifty minutes after it was read then quickly moved to the vote on the bill.
7. No notice was provided to the sponsor of the Amendment or any of the co-signers of a potential drafting error before ruling the Amendment out of order and proceeding to a vote.
8. The underhanded nature of the handling of this issue usurps the will of the Senate.

It is my hope that the Senate and other legislative bodies that may review this in the future will make provisions to respect that body and representation of the citizens who elect them.

To that end, I make the following suggestions relative to the rules of the body:

1. If an Amendment is to be ruled out of order the sponsor(s) should be notified of the reason(s) with ample time to correct the issues if they are correctable.
2. The rules of a legislative body should empower that body to carry out its wishes without undue pressure from the presiding officer especially when the presiding officer is not a member of the legislative body.

Respectfully submitted,

/s/ Bill Heath  
Senate District 31
