A county or municipality levying a tax pursuant to this paragraph shall expend (in each fiscal year during which the tax is collected under this paragraph) an amount equal to at least 62 1/2 percent of the total taxes collected at the rate of 8 percent for the purpose of:

Senate Sponsor: Senator Albers of the 56th.

The Senate Committee on Finance offered the following substitute to HB 357:

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 7 of Title 52 of the Official Code of Georgia Annotated, relating to registration, operation, and sale of watercraft, so as to provide for the titling of certain vessels; to provide for procedures with regard to titling such vessels; to provide for

legislative intent and findings; to provide a short title; to provide for related matters; to provide an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

This Act shall be known and may be cited as the "Georgia Uniform Certificate of Title for Vessels Act."

SECTION 2.

The General Assembly finds that:

- (1) Titles for vessels in this state would deter and impede theft;
- (2) Titles for vessels in this state would facilitate the ownership, transfer, and financing of such vessels; and
- (3) Titling of vessels would create equity and fairness for the selling of vessels by dealers, brokers, agents, private parties, and manufacturers.

SECTION 3.

Chapter 7 of Title 52 of the Official Code of Georgia Annotated, relating to registration, operation, and sale of watercraft, is amended by revising Code Section 52-7-4, relating to requirement as to numbering of vessels, as follows:

"52-7-4.

(a) Every vessel using the waters of this state shall be numbered, except those vessels exempted by Code Section 52-7-6 and those vessels documented by the United States Coast Guard and licensed pursuant to Code Section 27-2-8. No person shall operate or give permission for the operation of any such vessel on the waters of this state unless the vessel is numbered in accordance with this article or in accordance with applicable federal law or in accordance with a federally approved numbering system of another state and unless:

- (1) The certificate of number issued to the vessel is on board and in full force and effect; and
- (2) The identifying number set forth in the certificate of number is properly displayed on each side of the forward half of the vessel; provided, however, that this requirement shall not apply to numbered vessels which are documented by the United States Coast Guard.

(b) Every vessel using the waters of this state shall be titled unless it is exempt from the numbering requirements of paragraph (a) of this Code section or exempt under Code Section 52-7-7. No person shall operate or give permission for the operation of any such vessel on the waters of this state unless the vessel is titled in accordance with this article. Every outboard motor greater than 25 horsepower used to propel a titled vessel shall be included on the vessel title.

(c) Except as provided in subsection (e) of this Code section, at or before the time the owner of record transfers an ownership interest in a hull damaged vessel that is covered

by a certificate of number created by the department, if the damage occurred while such person was an owner of the vessel and the person has notice of the damage at the time of the transfer, the owner shall:

(1) Deliver to the department an application for a new certificate of number and includes the title brand designation 'Hull Damaged'; or

(2) Indicate on the certificate of title or on the bill of sale or other transfer document in the place designated for such purpose that the vessel is hull damaged and deliver the certificate or other transfer document to the transferee.

(d) Not later than 20 days after delivery to the department of the application under paragraph (1) of subsection (c) of this Code section or the delivery to the transferee of the certificate of title or bill of sale under paragraph (2) of subsection (c) of this Code section, the department shall create a new record that indicates that the vessel is branded 'Hull Damaged.'

(e) Before an insurer transfers an ownership interest in a hull damaged vessel that is covered by a certificate of number created by the department, the insurer shall deliver to the department an application for a new certificate and includes the title brand designation 'Hull Damaged.' Not later than 20 days after delivery of the application to the department, the department shall create a new record that indicates that the vessel is branded 'Hull Damaged.'

(f) An owner of record that fails to comply with subsection (c) of this Code section, a person that solicits or colludes in a failure by an owner of record to comply with subsection (c) of this Code section, or an insurer that fails to comply with subsection (e) of this Code section is subject to a civil penalty of \$1,000.00.

(g) For the purposes of this Code section, 'hull damaged' means compromised with respect to the integrity of a vessel's hull by a collision, allision, lightning strike, fire, explosion, running aground, or similar occurrence or the sinking of a vessel in a manner that creates a significant risk to the integrity of the vessel's hull."

SECTION 4.

Said chapter is further amended by revising Code Section 52-7-5, relating to numbering of vessels, requirements, and fees, as follows:

"52-7-5.

(a) The owner of each vessel required to be numbered or titled by this article shall file an application for number or title with the department on forms containing such information required by the department. Upon receipt of the completed application and any other required information and documents, the department shall enter the application upon its records and issue to the applicant a certificate of number stating the number assigned to the vessel, the name and address of the owner, and such additional information as may be prescribed by the department. The department shall maintain electronic records of title and furnish a physical certificate of title to the owner or lienholder upon request.

(b)(1) The identification number assigned to all registered vessels, except those documented by the United States Coast Guard, shall be permanently painted or

attached to each side of the forward half of the vessel, and no other number may be displayed thereon. Numbers shall read from left to right, be in block characters, be of a color contrasting with the background, and be not less than three inches in height nor more than one inch apart. There shall be a hyphen or space between the prefix letters and numerals and between the numerals and the suffix letters. The hyphen or space shall be equal to the width of any letter except I.

(2) On vessels so configured that a number on the hull or superstructure would not be easily visible, the number shall be painted on or attached to a backing plate that is attached to the forward half of the vessel so that the number will be clearly visible under normal operating conditions.

(3) The numbers shall be maintained in a legible condition.

(4) Vessels owned by manufacturers or dealers and being used as demonstrators or for testing on state waters may use the dealer's tag supplied with his or her registration in lieu of a permanently attached number. Such vessels owned by manufacturers and dealers and only used as demonstrators or for testing using a dealer's tag shall not be required to be titled.

(c) Expiration decals shall be assigned by the department to all registered vessels. Such decals shall be displayed one on each side of the bow preceding the prefix letters and maintained in legible condition. There shall be a hyphen or space separating each decal and the prefix letters which shall be equal to the width of any letter except I.

(d) Applications shall be signed by the owner or owners of the vessel and shall be accompanied by the proper fee. Fees for numbering vessels for a registration period of three years shall be as follows:

(1) Vessels up to 16 feet in length	\$ 25.00
(2) Vessels 16 to 26 feet in length	60.00
(3) Vessels 26 to 40 feet in length	130.00
(4) Vessels 40 feet in length or longer	200.00

(e)(1) Registration for vessels shall expire on the last day of the month of the owner's birth in the last year of the registration period and shall thereafter be of no force or effect unless renewed pursuant to this article; provided, however, that the registration for vessels not owned by individuals shall expire on December 31 of the last year of the registration period. Certificates of number may be renewed by the owner in the same manner provided for in the initial securing of such certificates.

(2) Registrations may be renewed any time after October 1 prior to the year of expiration. If the certificate of number is allowed to expire, a renewal application may still be filed with the department so long as the applicant pays the registration fee prescribed in subsection (d) of this Code section along with a \$10.00 late fee.

(3) Any application for registration or title which, due to failure of the applicant to provide additional information required by the department, remains incomplete 60 days after initial receipt of such application shall expire, and a new application and

registration or title fee shall be required.

(f) Should the ownership of a numbered or titled vessel change while a valid registration or title is in effect, the new owner shall file with the department a new application and pay the prescribed fee for a new registration or title. The number assigned upon transfer of ownership shall be identical to the previous number unless such number has been reassigned by the department during any expired registration or title period.

(g) In the event that an agency of the United States government shall have in force an overall system of identification (numbering) for vessels within the United States, the numbering system employed pursuant to this article by the department shall be in conformity therewith. The provisions for titling employed pursuant to this article by the department shall be in conformity for approval by the United States Coast Guard under the provisions of 46 U.S.C. Section 31322(d)(1).

(h) The department may issue any certificate of number, expiration decal, marine toilet certification, title, or other permit or accept applications for registration or titling provided for in this chapter directly or may authorize any person to act as agent for the issuing or collection and maintenance of information thereof. In the event that a person accepts such authorization to issue certificates of title or number, he or she may be allotted a block of numbers and certificates or provided direction and instruction therefor which, upon assignment and issue in conformity with this article and with any rules and regulations of the department, shall be valid as if assigned and issued directly by the department. Any person acting as agent for the department may charge a fee for his or her services in an amount approved by the department not to exceed \$10.00 per transaction.

(i) All records of the department made or kept pursuant to this Code section shall be public records.

(j) The owner shall furnish the department notice of the transfer of all or of any part of his or her interest, other than the creation of a security interest, in a vessel numbered or titled in this state pursuant to this Code section, the theft or recovery of the vessel, or the destruction or abandonment of the vessel within 15 days thereof, in a manner specified by the department.

(k) Any holder of a certificate of number or title shall notify the department in writing within 15 days if his or her address no longer conforms to the address appearing on the certificate or title and shall, as a part of such notification, furnish the department with his or her new address.

(l) No number other than the number validly assigned to a vessel shall be painted, attached, or otherwise displayed on either side of the forward half of the vessel.

(m)(1) A certificate of number or title once issued pursuant to this Code section shall be considered void upon the happening of any one of the following events:

- (A) The owner transfers all his or her interest in said vessel to another person or involuntarily loses his or her interest through legal process;
- (B) The vessel is destroyed or abandoned;
- (C) It is discovered by the department that the application submitted by the owner

contains false or fraudulent information;

(D) The fees for issuance are not paid by the applicant; or

(E) The state of principal use is changed.

(2) A void certificate or title shall be surrendered to the department within 15 days from the date that it becomes or is declared to be void.

(n) The number placed on the forward half of the vessel by the owner shall be removed by the owner if:

(1) The vessel is documented under the laws of the United States;

(2) The certificate ~~or~~ of number or title becomes invalid because it is determined that a false or fraudulent statement was made in the application or the fees have not been paid; or

(3) The vessel is no longer used in this state.

(o) The board shall be authorized to establish, by rule or regulation, a procedure to refund fees collected pursuant to this chapter which were collected in error or overpayment or to which the department or state is otherwise not entitled."

SECTION 5.

This Act shall become effective on January 1, 2019.

SECTION 6.

All laws and parts of laws in conflict with this Act are repealed.

SUBJECT: Revised Fiscal Note
House Bill 713 (LC 39 1740)

Dear Chairman Jasperse:

The original fiscal note for LC 39 1740, dated January 30, 2018, has been revised and replaced. The fiscal note did not account for the fact that the newly eligible students under the bill may already become eligible for the Zell Miller Scholarship at the end of 30 semester hours. The eligibility is retroactive, with the state paying the full Zell Miller amount for those first 30 hours. In those cases, the state would not incur an additional cost under this bill for those students. Only the timing of the state costs would be moved.

The bill would amend O.C.G.A. 20-3-519 relating to Zell Miller Scholarship eligibility requirements for students that have completed a home study program or graduated from an ineligible high school. The bill would decrease the required ACT and SAT score for these incoming freshmen from the ninety-third percentile to the ninety-first percentile. Section 1 of the bill would become effective July 1, 2018 and Section 2 would become effective on July 1, 2020.

Analysis of FY 2017 data shows that nearly 100 home school and ineligible high school students currently qualify for the HOPE Scholarship but are ineligible for the Zell Miller Scholarship due to ACT or SAT scores below the ninety-third percentile. Lowering the required ACT or SAT score to the ninety-first percentile would allow 15 of these students to become immediately eligible for the Zell Miller Scholarship. Currently, these students may become eligible for the Zell Miller Scholarship if they have a 3.3 GPA at the end of 30 semester hours.

For those students who become eligible for the Zell Miller Scholarship at 30 semester hours, the bill would result in no additional costs. This is because the eligibility is retroactive, meaning the state pays the full tuition amount for the first 30 semester hours. The bill would simply shift the timing of the award payments. If any of the 15 students do not have a 3.3 GPA at the end of 30 hours, the state would incur an additional cost of approximately \$3,808. This is the difference between the HOPE award they receive under current law and the Zell Miller Scholarship award they would receive under the bill.

It should be noted that the additional costs could be impacted by tuition increases that could result in a larger difference between the HOPE Scholarship awards and Zell Miller Scholarship awards.

Sincerely,

/s/ Greg S. Griffin
State Auditor

/s/ Teresa A. MacCartney, Director
Office of Planning and Budget

¹ This is the average difference between the two awards across multiple schools.

20-3-361.

There is awarded to each eligible student a grant in an amount not to exceed \$1,500.00 per academic semester, contingent upon appropriations by the General Assembly. 20-3-362.

Each eligible student wishing to receive the grant provided for in this subpart shall submit to the qualifying institution an application for the grant payment at the time and in accordance with procedures prescribed by the authority. The authority is authorized to define such terms and prescribe such rules, regulations, and procedures as may be reasonable and necessary to carry out the purposes of this subpart. In the event a student on whose behalf a grant is paid does not enroll as a full-time student for the academic semester for which the grant is paid, the qualifying institution shall make a refund to the authority in accordance with regulations of the authority.

20-3-363.

(a) In the event funds available to the authority are not sufficient to enable the authority to pay on behalf of eligible students the full grant prescribed by the General Assembly, grants payable for the remaining academic semesters shall be reduced by the authority on a pro rata basis.

(b) The authority shall use the following formula in calculating the budget for each qualifying institution: the combined amount of average annual tuition and mandatory fees minus the average annual Pell Grant award multiplied by the number of Pell Grant recipients from which has been subtracted the combined number of HOPE and Zell Miller scholarship recipients.

20-3-364.

Each qualified institution shall be subject to examination by the state auditor for the sole purpose of determining whether the institution has properly certified eligibility and enrollment of students and credited grants paid on behalf of such students; provided, however, that nothing in this subpart shall be construed to interfere with the authority of the institution to determine admissibility of students or to control its own curriculum, philosophy, purpose, or administration. In the event it is determined that a qualified institution knowingly or through error certified an ineligible student to be eligible for a grant under this subpart, the amount of the grant paid to such institution pursuant to such certification shall be refunded by such institution to the authority.

20-3-365.

Any person who knowingly makes or furnishes any false statement or misrepresentation or who accepts such statement or misrepresentation knowing it to be false for the purpose of enabling an ineligible student to obtain wrongfully a grant under this subpart shall be guilty of a misdemeanor."

SECTION 3A.

Title 50 of the Official Code of Georgia Annotated, relating to state government, is amended in Code Section 50-27-13, relating to disposition of lottery proceeds, budget report by Governor, appropriations by General Assembly, and shortfall reserve subaccount, by revising subsection (a) as follows:

"(a)(1) All lottery proceeds shall be the property of the corporation.

(2) From its lottery proceeds the corporation shall pay the operating expenses of the corporation. As nearly as practical, at least 45 percent of the amount of money from the actual sale of lottery tickets or shares shall be made available as prize money; provided, however, that this paragraph shall be deemed not to create any lien, entitlement, cause of action, or other private right, and any rights of holders of tickets or shares shall be determined by the corporation in setting the terms of its lottery or lotteries.

If for fiscal year 2019 the net sales revenue of tickets is 5 percent less than the net sales revenue of tickets for fiscal year 2018 as verified by the Department of Audits and Accounts as provided in subparagraph (C) of this paragraph, then the increase of the net proceeds to at least 28.5 percent of the lottery proceeds for fiscal year 2020, as provided in subparagraph (A) of this paragraph, shall not be required and instead the net proceeds shall remain equal to at least 27.5 percent of the lottery proceeds for each fiscal year thereafter. For purposes of this subparagraph, the term 'net sales revenue' means the total amount of revenue derived from ticket sales minus the value of any tickets that are provided as prizes.

(C) The contingencies provided in subparagraph (B) of this paragraph shall not be applicable unless and until the Department of Audits and Accounts or a third party designated by the Department of Audits and Accounts shall verify that there has been a decrease in the net sales revenue of tickets of at least 5 percent and that such decrease was caused by the increased percentage of net proceeds the corporation

was required to transfer to the general fund of the state treasury as provided for in subparagraph (A) of this paragraph."

SUBJECT: State Auditor's Certification
House Bill 538 (LC 43 0594 ER)

Dear Representative Willard:

This bill would amend provisions relating to retirement systems for teachers and employees of the Board of Education of Fulton County. The Fulton County Board of Education retirement system was created in 1945 by an Act of the General Assembly. As a result, any and all proposed changes to the retirement system are handled through the General Assembly.

This bill would authorize the Fulton County Board of Education to create a new retirement system for its teachers and employees. All covered employees, beneficiaries, assets, liabilities, duties, responsibilities, and terms of the current retirement system would be transferred to the new system. Once the new system has been created and the plan adopted, the current plan would be repealed. If this legislation is enacted, the new retirement system would become a local system. This would authorize the Board to amend the plan, provided the proposed changes do not affect the system of appointment of members of the governing body. It should be noted that this bill would still require the Board to notify the chairperson of the Fulton County delegation of the General Assembly of any amendments to the plan. Such notice must occur by January 10 of the year in which the amendment is intended to take effect, and no amendment shall become effective absent such notice.

This is to certify that this bill is a fiscal retirement bill as defined in the Public Retirement Systems Standards Law.

Honorable Paul Battles, Chairman
House Retirement Committee

Atlanta, Georgia 30334

SUBJECT: Actuarial Investigation
House Bill 538 (LC 43 0594 ER)
Fulton County Schools Employees' Pension Fund

Dear Chairman Battles:

This bill would amend provisions relating to retirement systems for teachers and employees of the Board of Education of Fulton County. The Fulton County Board of Education retirement system was created in 1945 by an Act of the General Assembly. As a result, the General Assembly is required to approve all proposed changes to the retirement system.

This bill would authorize the Fulton County Board of Education to create a new retirement system for its teachers and employees. All covered employees, beneficiaries, assets, liabilities, duties, responsibilities, and terms of the current retirement system would be transferred to the new system. Once the new system has been created and the plan adopted, the current plan would be repealed. If this legislation is enacted, the new

retirement system would become a local system. This would authorize the Board to amend the plan, provided the proposed changes do not affect the system of appointment of members of the governing body. It should be noted that this bill would still require the Board to notify the chairperson of the Fulton County delegation of the General Assembly of any amendments to the plan. Such notice must occur by January 10 of the year in which the amendment is to take effect, and no amendment shall become effective absent such notice.

This legislation would not result in any additional cost to the System. The assets from the existing Fund would be transferred to the newly created Fund. Furthermore, there would be no change in the Plan provisions or benefits. This legislation would not result in any increase in the unfunded actuarial accrued liability or the employer contribution rate. This cost estimate is based on current member data, actuarial assumptions, and actuarial methods. It should be noted that changes in any of these variables could affect the cost estimate for this legislation. Any future costs would be paid revenues provided to the Fulton County Board of Education.

The following is a summary of the relevant findings of the actuarial investigation for this bill pursuant to a request by the House Retirement Committee. The investigation was to be conducted according to O.C.G.A. §47-20-36, which outlines the factors to be considered in an actuarial investigation. The figures are based on employee data and the most recent actuarial assumptions and methods.

(1)	The amount of the unfunded actuarial accrued liability which will result from the bill.	\$ <u>0</u>
(2)	The amount of the annual amortization of the unfunded actuarial accrued liability which will result from the bill.	\$ <u>0</u>
(3)	The number of years that the unfunded actuarial accrued liability created by this bill would be amortized.	<u>N/A</u>
(4)	The amount of the annual normal cost which will result from the bill.	\$ <u>0</u>
(5)	The employer contribution rate currently in effect.	<u>39.5%</u>
(6)	The employer contribution rate recommended (in conformity with minimum funding standards specified in Code Section §47-20-10).	<u>39.5%</u>
(7)	The total dollar amount of the increase in the annual employer contribution which is necessary to maintain the retirement system in an actuarially sound condition.	\$ <u>0</u>

It should be noted that any subsequent changes in the retirement bill will invalidate the actuarial investigation and the findings included therein.

Respectfully,

/s/ Greg S. Griffin
State Auditor

36-66C-2.

(a) The provisions of this Code section shall only apply to the collocation of small wireless facilities on utility poles and wireless support structures, and the deployment of utility poles to support small wireless facilities, by a wireless provider within a right of way.

(b)(1) Subject to the provisions of this Code section and approval of an application pursuant to Code Section 36-66C-3, if required, a wireless provider shall have the right to collocate small wireless facilities and construct, install, maintain, modify, operate, and replace utility poles along, across, upon, and under a right of way.

(2) The utility poles and small wireless facilities provided for in paragraph (1) of this subsection shall be so constructed and maintained as not to obstruct or hinder the usual travel or public safety on such right of way or obstruct the legal use of such right of way by other utilities. Each new or modified utility pole installed in such

right of way shall not exceed fifty feet above ground level. New small wireless facilities in a right of way may not extend more than ten feet above the utility pole or wireless support structure on which it is collocated.

(3) A wireless provider may collocate small wireless facilities that exceed the height limits in paragraph (2) of this subsection and construct, install, maintain, modify, operate, and replace utility poles that exceed the height limits in paragraph (2) of this subsection along, across, upon, and under a right of way if the authority approves an application for such activities under Code Section 36-66C-4. A wireless provider may collocate wireless facilities that are not small wireless facilities and construct, install, maintain, modify, operate, and replace wireless support structures along, across, upon, and under a right of way if such wireless provider has an arrangement with the authority allowing such activities and if the authority approves an application for the deployment under Code Section 36-66C-4.

(4) A wireless provider shall comply with reasonable and nondiscriminatory requirements that prohibit communications services providers from installing utility poles in a right of way in an area designated solely for underground or buried cable and utility facilities where the authority:

(A) Has required all cable and utility facilities other than authority poles and attachments to be placed underground by a date certain that is three months prior to the submission of the application;

(B) Does not prohibit the replacement of authority poles or the collocation of small wireless facilities in the designated area; and

(C) Permits wireless providers to seek a waiver of the underground requirements for the placement of a new utility pole to support small wireless facilities, which waivers shall be addressed in a nondiscriminatory manner.

(c) The authority, in the exercise of its administration and regulation related to the management of a right of way, shall be competitively neutral with regard to other users of such right of way, and terms shall not be unreasonable or discriminatory and shall not violate any applicable law. The authority shall not enter into an exclusive arrangement with any person for use of the right of way for the collocation of small wireless facilities or the installation, operation, marketing, maintenance, modification, or replacement of utility poles or wireless support structures.

(d) If the authority determines that a wireless provider's activity in a right of way pursuant to this Code section creates an imminent risk to public safety, the authority may provide written notice to the wireless provider and demand that such provider address such risk. If the wireless provider fails to reasonably address the risk within 24 hours of the written notice, the authority may take or cause to be taken actions to reasonably address such risk and charge such wireless provider the reasonable documented cost of such actions.

(e) The authority may require a wireless provider to repair all damage to a right of way directly caused by the activities of such wireless provider, while occupying, installing, repairing, or maintaining wireless facilities, wireless support structures, or utility poles in such right of way, and to return such right of way to its functional equivalence before

the damage pursuant to the competitively neutral, reasonable requirements and specifications of the authority. If the wireless provider fails to make the repairs required by the authority within 30 days after written notice, the authority may effect those repairs and charge the applicable party the reasonable documented cost of such repairs.

(f) Nothing in this chapter precludes an authority from adopting reasonable and nondiscriminatory requirements with respect to the removal of abandoned small wireless facilities. A small wireless facility that is not operated for a continuous period of 12 months shall be considered abandoned and the owner of such wireless facility must remove such small wireless facility within 90 days after receipt of written notice from the authority notifying such owner of such small wireless facility of the abandonment. The authority shall send the notice by certified or registered mail, return receipt requested, to such owner at the last known address of such owner of the small wireless facility. If the owner neither provides written notice that the small wireless facility has not been out of operation for a continuous period of 12 months nor removes such small wireless facility within the 90 day period, the authority may remove or cause the removal of such small wireless facility pursuant to the terms of its wireless support structure or utility pole attachment agreement for authority poles or through whatever actions are provided for abatement of nuisances or by other law for removal and cost recovery.

(g) If, in the reasonable exercise of its police powers, the Department of Transportation or a local governing authority requires the widening, repair, reconstruction, or relocation of a public road or highway, a wireless provider shall relocate utility poles or wireless support structures it has installed in the right of way for the collocation of wireless facilities pursuant to this Code section at no cost to the Department of Transportation or local governing authority should such poles be found by the Department of Transportation or local governing authority to be unreasonably interfering with the widening, repair, reconstruction, or relocation project. If widening, repair, reconstruction, or relocation is required as a condition or result of a project by an entity other than the Department of Transportation or a local governing authority, the other entity shall bear the cost of relocating such wireless support structures or utility poles. The wireless provider shall relocate the wireless support structures or utility poles after it receives notice from the Department of Transportation or local governing authority and within the time reasonably provided for the relocation of other similarly situated structures.

(h) An authority shall not assess a rate for occupancy of the right of way pursuant to paragraph (1) of subsection (b) of this Code section that exceeds, in total, an amount equal to \$25.00 per year per small wireless facility.

(i) Subject to Code Section 36-66C-3, and except for facilities excluded from evaluation for effects on historic properties under 47 C.F.R. Section 1.1307(a)(4), as such existed on January 1, 2018, an authority may require reasonable, nondiscriminatory, and technologically neutral design or concealment measures in a historic district. Any such design or concealment measures shall not be considered a

part of the small wireless facility for purposes of the size restrictions provided in paragraph (26) of Code Section 36-66C-1.

(j) An authority may adopt written guidelines establishing reasonable and objective stealth or concealment criteria for small wireless facilities in designated downtown or residential areas, reasonable and objective design criteria for small wireless facilities to be collocated on decorative poles, and reasonable and objective design criteria for utility poles deployed in areas with decorative poles. Such guidelines may be adopted only if they apply on a nondiscriminatory basis to all other occupants of the right of way, including the authority itself. A wireless provider that seeks to collocate small wireless facilities on a decorative pole shall comply with Code Section 36-66C-3. A wireless provider that is required to replace a decorative pole in compliance with Code Section 36-66C-5 shall conform the new decorative pole to the design aesthetics and material look of the decorative pole being replaced.

36-66C-3.

(a) The provisions of this Code section shall apply to the collocation of small wireless facilities that comply with the height requirements of paragraph (2) of subsection (b) of Code Section 36-66C-2 by a wireless provider inside a right of way and to the permitting of the construction, installation, maintenance, modification, operation, and replacement of utility poles that comply with paragraph (2) of subsection (b) of Code Section 36-66C-2 by a wireless provider inside such right of way.

(b) A wireless provider shall not apply to install a utility pole unless such wireless provider has determined after diligent investigation that it cannot meet the service objectives of the permit by collocating on an existing utility pole or wireless support structure that meets the criteria set forth in paragraphs (1) and (2) of this subsection. The authority may require a wireless provider to certify that such wireless provider has made such a determination in good faith, based on the assessment of a licensed engineer, and to provide a documented summary of the basis for such determination. The wireless provider's determination shall be based on whether such wireless provider can meet the service objectives of the permit by collocating small wireless facilities on an existing structure on which:

(1) Such wireless provider has the right to collocate on the utility pole or wireless support structure, subject to reasonable terms and conditions; and

(2) Such collocation would not impose technical limitations or significant additional costs.

(c) An authority may require an applicant to obtain one or more permits to collocate a small wireless facility or to construct, install, maintain, modify, operate, or replace a utility pole, provided that such permits are of general applicability and do not apply exclusively to small wireless facilities. An authority shall receive applications for, process, and issue such permits subject to the following requirements:

(1) An authority may not directly or indirectly require an applicant to perform services unrelated to the collocation for which approval is sought, such as in-kind contributions to the authority, including reserving fiber, conduit, or space on a utility

pole or a wireless support structure for the authority, and such authority may not require an applicant to transfer small wireless facilities or wireless support structures to the authority, provided that the authority may require transfer of an authority pole replaced by the applicant to accommodate its collocation;

(2) An applicant shall not be required to provide more information to obtain a permit than communications services providers that are not wireless providers; provided, however, that an applicant shall be required to include construction and engineering drawings and information demonstrating compliance with the criteria in paragraph (6) of this subsection; provided, further that if the application includes a request to install a utility pole, such applicant shall be required to provide the certification and documentation required by subsection (b) of this Code section;

(3) If within 30 days of receiving an application the authority does not notify the applicant that such application is incomplete, then such application shall be deemed complete. If an application is incomplete, the authority shall specifically identify the missing information and the applicant may cure the deficiencies identified by the authority and resubmit the application within 20 days of the notice without paying an additional application fee. The processing deadline in paragraph (5) of this subsection shall be tolled from the time the authority sends the notice of incompleteness to the time the applicant provides the missing information, and such processing deadline also may be tolled by agreement of the applicant and the authority;

(4) The authority may require an applicant to include an attestation that the small wireless facilities will be operational for use by a wireless services provider within nine months after the permit issuance date, unless the authority and the applicant agree to extend such period or delay occurs due to lack of power to the wireless support structure or utility pole or lack of communications transport facilities to the wireless support structure or utility pole;

(5) An application shall be processed on a nondiscriminatory basis and deemed approved if the authority fails to approve or deny the application within 75 days. An applicant shall inform the authority in writing when it intends to act upon an application that has been deemed approved pursuant to this subsection;

(6) An authority shall approve an application unless it:

(A) Materially interferes with the operation of traffic control equipment;

(B) Materially interferes with sight lines or clear zones for transportation or pedestrians;

(C) Fails to comply with the Americans with Disabilities Act, 42 U.S.C. Section 12101, et seq., or similar federal or state standards regarding pedestrian access or movement;

(D) Fails to comply with reasonable and nondiscriminatory spacing requirements of general application adopted by ordinance concerning the location of ground mounted equipment or new utility poles. Such spacing requirements shall not prevent a wireless provider from serving any location;

(E) Fails to comply with applicable codes; or

(F) Fails to comply with paragraph (2) of subsection (b) or subsections (i) or (j) of

Code Section 36-66C-2.

(7) The authority shall document the basis for a denial, including the specific provisions of law on which the denial was based, and send the documentation to the applicant on or before the day the authority denies an application. The applicant may cure the deficiencies identified by the authority and resubmit the application within 30 days of the denial without paying an additional application fee. The authority shall approve or deny the revised application within 30 days. Any subsequent review shall be limited to the deficiencies cited in the denial;

(8) An applicant seeking to collocate small wireless facilities within the jurisdiction of a single authority shall be allowed at the applicant's discretion to file a consolidated application for the collocation of up to 15 small wireless facilities and receive a single permit for the collocation of multiple small wireless facilities; provided, however, that the denial of one or more small wireless facilities in a consolidated application shall not delay processing of any other small wireless facilities in the same application. An authority may prohibit an applicant from submitting an additional application when such applicant has at least eight pending consolidated applications. For purposes of this paragraph, a request to install a utility pole with a collocated small wireless facility shall constitute a single request;

(9) Collocation for which a permit is granted shall be operational for use by a wireless services provider within nine months after the permit issuance date unless the authority and the applicant agree to extend this period or a delay occurs due to lack of power to the wireless support structure or utility pole or lack of communications facilities to the wireless support structure or utility pole. If the wireless services provider fails within such nine-month period to collocate small wireless facilities that are operational for use by a wireless services provider, the permit shall be void and such wireless services provider shall be subject to a fine of not more than \$500.00, unless such time period is extended or the failure is due to delay provided for in this paragraph. Approval of an application authorizes the applicant to:

(A) Undertake the installation or collocation; and

(B) Subject to applicable relocation requirements and the applicant's right to terminate at any time, operate and maintain the small wireless facilities and any associated utility poles covered by the permit for a period of not less than ten years, which shall be renewed for equivalent durations so long as they are in compliance with the criteria set forth in paragraph (6) of this subsection; and

(10) An authority may not institute, either expressly or de facto, a moratorium on:

(A) Filing, receiving, or processing applications; or

(B) Issuing permits or other approvals, if any, for the collocation of small wireless facilities.

(d) Application fees shall be subject to the following requirements:

(1) An authority may charge an application fee only if such fee is required for similar types of commercial development within the authority's jurisdiction;

(2) An authority shall only charge fees for the actual, direct, and reasonable costs incurred by the authority relating to the granting or processing of an application.

Such fees shall be reasonably related in time to the incurring of such costs. Where such costs are already recovered by existing fees, rates, or taxes paid by a wireless provider, no application fee shall be assessed to recover such costs;

(3) A fee may not include:

(A) Travel expenses incurred by a third party in its review of an application; or

(B) Direct payment or reimbursement of third-party rates or fees charged on a contingency basis or a result based arrangement;

(4) In any controversy concerning the appropriateness of a fee, the authority shall have the burden of proving that the fee is reasonably related to the actual, direct, and reasonable costs incurred by the authority;

(5) Except as provided in paragraph (6) of this subsection, total application fees, where permitted, shall not exceed the lesser of the amount charged by the authority for:

(A) A building permit for any similar commercial construction, activity, or land use development; or

(B) One hundred dollars each for up to five small wireless facilities addressed in an application and \$50.00 for each additional small wireless facility addressed in the application; and

(6) For the collocation of small cell wireless facilities on authority poles that are not owned or operated by an entity through which a municipality furnishes retail electric service, total application fees shall not exceed the lesser of the amount charged by the authority for:

(A) A building permit for any similar commercial construction, activity, or land use development; or

(B) Two hundred dollars each for up to five small wireless facilities addressed in an application and \$100.00 for each additional small wireless facility addressed in the application.

(e)(1) An authority shall not require an application for:

(A) Routine maintenance; or

(B) The replacement of wireless facilities with wireless facilities that are substantially similar in nature or the same size or smaller.

(2) An authority may, however, require a permit to work within a right of way for such activities, if applicable. Any such permits shall not be subject to the requirements provided in subsections (c) and (d) of this Code section.

(f) An authority shall not require a permit or any other approval or require fees or rates for the installation, placement, maintenance, operation, or replacement of micro wireless facilities that are suspended on cables or power lines that are strung between utility poles or wireless support structures in compliance with applicable codes. Nothing in this subsection shall be construed to allow the installation, placement, maintenance, operation, or replacement of micro wireless facilities on such cables or power lines without the agreement, authorization, or permission of the person owning, managing, or controlling such cables or power lines.

(g) If multiple applications are received by the authority to install two or more utility

poles that would violate applicable spacing requirements under subparagraph (c)(6)(D) of this Code section, or to collocate two or more small wireless facilities on the same wireless support structure or utility pole, the authority shall resolve conflicting requests in an appropriate, reasonable, and nondiscriminatory manner.

36-66C-4.

(a) The provisions of this Code section shall apply to reviews of applications for the construction, installation, maintenance, modification, operation, or replacement of wireless facilities, wireless support structures, and utility poles and for substantial modifications inside a right of way. The provisions of this Code section shall not apply to the collocation of small wireless facilities or the permitting of the construction, installation, maintenance, modification, operation, and replacement of utility poles to which Code Section 36-66C-3 applies.

(b) Authorities shall process applications within the following time frames:

(1) If within 30 days of receiving an application the authority does not notify the applicant that such application is incomplete, then such application shall be deemed complete. If an application is incomplete, the authority shall specifically identify the missing application information in the notice;

(2) An application under this Code section shall be processed on a nondiscriminatory basis and deemed approved if the authority fails to approve or deny the application within 150 calendar days of receipt of an application for installation of a new wireless support structure or within 90 calendar days of receipt of an application described in subsection (a) of this Code section or for a substantial modification. The time period for approval may be tolled to accommodate timely requests for information required to complete the application or may be extended by mutual agreement between the applicant and the authority; and

(3) A decision to deny an application pursuant to this Code section shall be in writing and supported by substantial evidence contained in a written record and publicly released contemporaneously. If an authority denies an application, there must be a reasonable basis for the denial. An authority shall not deny an application if such denial is discriminatory against the applicant with respect to the placement of the facilities of other wireless providers.

(c) Application fees shall be subject to the same requirements as in paragraphs (1) through (4) of subsection (d) of Code Section 36-66C-3 and the total application fees, where permitted, shall not exceed the lesser of the amount charged by the authority for:

(1) A building permit for any similar commercial construction, activity, or land use development; or

(2) One thousand dollars for a new wireless support structure or a substantial modification of a wireless support structure.

(d) An authority shall receive and process applications under this Code section subject to the following requirements:

(1) An authority shall not require an applicant to submit information about an applicant's business decisions with respect to the need for the wireless facilities,

wireless support structure, or utility pole;

(2) An authority shall not require an applicant to submit information about or evaluate an applicant's business decisions with respect to its service, customer demand for service, or quality of service;

(3) Any requirements regarding the appearance of facilities, including those relating to materials used for arranging, screening, or landscaping, must be reasonable;

(4) Any setback or fall zone requirements must be substantially similar to such a requirement that is imposed on other types of commercial structures of a similar height;

(5) An approval term of an application shall be without expiration, except that construction of the approved structure or facilities shall commence within one year of final approval, and be diligently pursued to completion; and

(6) An authority may not institute, either expressly or de facto, a moratorium on:

(A) Filing, receiving, or processing applications; or

(B) Issuing approvals for substantial modifications or installations that are subject to this Code section.

36-66C-5.

(a) An authority shall not enter into an exclusive arrangement with any person for the right to attach to authority poles. A person who purchases or otherwise acquires an authority pole is subject to the requirements of this Code section unless such requirements are contrary to federal law.

(b) Except as set forth in subsection (c) of this Code section, the rates and fees for collocations on authority poles shall be nondiscriminatory regardless of the services provided by the collocating wireless provider and shall not exceed \$40.00 per year per authority pole.

(c) To the extent that a written agreement between a wireless provider and an authority providing rates and fees for collocations on poles owned or operated by any entity through which a municipality furnishes retail electric service becomes effective between June 1, 2018, and May 31, 2019, such rates and fees shall apply as set forth in such agreement.

(d) In any controversy concerning the appropriateness of a rate for an authority pole, the authority shall have the burden of proving that the rates are reasonably related to the actual, direct, and reasonable costs incurred for use of space on the pole for such period. This subsection shall not apply to rates and fees for collocations on authority poles set forth in a written agreement described in subsection (c) of this Code section.

(e) Should an authority have an existing authority pole attachment rate, fee, or other term that does not comply with the requirements of this Code section, it shall reform such rate, fee, or term in compliance with this Code section by January 1, 2019.

(f) Authorities shall offer rates, fees, and other terms that comply with subsections (b) through (e) of this Code section. On and after January 1, 2019, an authority shall make available the rates, fees, and terms for the collocation of small wireless facilities on authority poles that comply with the following:

(1) The rates, fees, and terms shall be nondiscriminatory, competitively neutral, and commercially reasonable and shall comply with this chapter. Such rates, fees, and terms shall be made publicly available so that a wireless provider may accept them without negotiation. Documents reflecting the rates, fees, and terms entered into with each wireless provider shall be made publicly available;

(2) For make-ready work required for authority poles that support aerial cables used for the provision of services by communications services providers or for electric service, the parties shall comply with all applicable federal laws and rules and regulations promulgated thereunder as such existed on January 1, 2018, including, but not limited to 47 U.S.C. Section 224. The good faith estimate of the person owning or controlling the authority pole for any make-ready work necessary to enable the authority pole to support the requested collocation shall include authority pole replacement if necessary;

(3) For authority poles that do not support aerial cables used for video services, communications services, or electric service, the authority shall provide a good faith estimate for any make-ready work necessary to enable the authority pole to support the requested collocation, including authority pole replacement if necessary, within 60 days after receipt of a complete application. Make-ready work including any authority pole replacement shall be completed within 60 days of written acceptance of the good faith estimate by the applicant; and

(4) An authority shall not require more make-ready work than required to meet applicable codes or the authority's generally applicable safety, reliability, or engineering standards that reasonably accommodate the collocation of small wireless facilities. Fees for make-ready work shall not include costs related to preexisting or prior damage or noncompliance. Fees for make-ready work including any authority pole replacement shall not exceed actual costs or the amount charged to other communications services providers for similar work and shall not include any consultants' fees or expenses.

36-66C-6.

Nothing in this chapter shall authorize this state or any political subdivision thereof, including, but not limited to, an authority, to require wireless facility deployment or to regulate wireless services.

36-66C-7.

A court of competent jurisdiction shall have jurisdiction to determine all disputes arising under this chapter.

36-66C-8.

(a) An authority shall not require a communications services provider to indemnify and hold the authority and its officers and employees harmless against any claims, lawsuits, judgments, costs, liens, losses, expenses, or fees, except when a court of competent jurisdiction has found that the negligence of the communications services provider

while installing, repairing, or maintaining caused the harm that created such claims, lawsuits, judgments, costs, liens, losses, expenses, or fees, or to require a communications services provider to obtain insurance naming the authority or its officers and employees an additional insured against any of the foregoing.

(b) In no event shall any authority or any officer, employee, or agent affiliated therewith be liable for any claim related to the siting or location of wireless equipment, facilities, poles, or infrastructure, including, but not limited to, any claim for destruction, damage, business interruption, or signal interference with other communications services providers wherein such siting or location and associated installation and permitting was undertaken in substantial compliance with this chapter. This subsection shall not apply to gross negligence or willful misconduct.

36-66C-9.

A wireless provider that installs utility poles designed to support its own small wireless facilities in the rights of way in this state shall allow another wireless provider to collocate small wireless facilities on such utility poles, subject to technical feasibility and commercially reasonable rates, terms, and conditions, if the other wireless provider agrees in writing to make available similar utility poles in the rights of way in this state for collocation subject to the same rates, terms, and conditions. The wireless provider seeking collocation shall be entitled to collocate on the same number of utility poles designed to support small wireless facilities as such wireless provider makes available in this state to the wireless provider that installed the poles upon which it seeks to collocate. A wireless provider that installs a utility pole designed to support the small wireless facilities of other wireless providers shall allow more than one wireless provider to collocate on the pole, subject to technical feasibility and commercially reasonable rates, terms and conditions.

36-66C-10.

(a) To the extent an authority does not adopt any ordinances or resolutions or enter into agreements that implement the provisions of this chapter or to the extent such ordinances, resolutions, or agreements are determined not to comply with this chapter or are otherwise determined to be invalid, wireless providers may collocate small wireless facilities and construct, install, maintain, modify, operate, and replace utility poles in the right of way pursuant to the requirements set forth in this chapter.

(b) Except as provided in this chapter or otherwise specifically authorized by state law, an authority shall not adopt or enforce any ordinances, regulations, or requirements as to the placement or operation of communications facilities in a right of way by a communications services provider authorized by state or local law to operate in a right of way, regulate any communications services, or impose or collect any tax, fee, or charge for the provision of communications services over the communications services provider's communications facilities in a right of way.

36-66C-11.

The approval of the installation, placement, maintenance, or operation of a small wireless facility pursuant to this chapter shall not authorize the provision of any communications services or the installation, placement, maintenance, or operation of any communications facility, including a wireline backhaul facility, other than a small wireless facility, in a right of way.

36-66C-12.

Nothing in this chapter shall be construed to impose or otherwise affect any tariff, contractual obligation or right, or federal or state law addressing utility poles, wireless support structures, or electric transmission structures or equipment of any type owned or controlled by an investor owned electric utility or an electric membership corporation.

36-66C-13.

In the event of any conflict between the provisions of this chapter and the provisions of Chapter 66B of this title, this chapter shall control as to the collocation of wireless facilities and the construction installation, maintenance, modification, operation, and replacement of utility poles and wireless support structures by wireless providers in the right of way."

SECTION 2.

This Act shall become effective on July 1, 2018.

SECTION 3.

An authority may deny an

application to install a utility pole at a location in a historic district that such authority determines would detract from the historic character of the surrounding area. An authority may waive any ordinances or other requirements that are subject to this subsection.

SUBJECT: Fiscal Note
House Bill 61 (LC 43 0458)

Dear Chairman Powell:

The bill would define a “delivery retailer” for the purposes of state sales and use tax. A delivery retailer is a retailer not currently collecting and remitting Georgia sales tax that, within the previous or current year, conducts 200 or more separate retail sales or sells at retail more than \$250,000 of tangible personal property, for physical or electronic delivery into the state for use, consumption, distribution, or storage. Firms reaching either threshold would be required to notify Georgia purchasers of their obligations to pay use taxes, and to mail annual sales and use tax statements to the purchasers and the Department of Revenue. The bill would be effective on January 1, 2018.

The bill would likely be subject to legal challenge because the bill expands the concept of nexus for purposes of the state sales and use tax from a physical presence standard to one of substantial economic presence or “economic nexus.” Though, the bill does not impose a duty to collect and remit tax but instead imposes reporting and notification duties.

Impact on State Revenue

Georgia State University’s Fiscal Research Center (FRC) provided an estimate of the potential revenue increase that could result of the bill, but it indicated that there are significant challenges to achieving the full amount. If the proposed law is upheld, FRC estimated that state revenue could increase by up to \$274 million in the first full year affected (see Table 1). However, the revenue increase could be reduced by the difficulty in enforcing payment by out-of-state sellers who now meet the delivery retailer definition. FRC also noted that there is “significant uncertainty about the amount of currently untaxed online sales into Georgia or the amounts of currently untaxed sales by firms that would reach the proposed thresholds.” If the expanded definition were successfully challenged, no additional revenue would be collected. Details of FRC’s analysis are provided in the attached appendix.

Table 1. Revenue Effects of LC 43 0458 - *Upper Bound*****

(\$ millions)	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022
State	\$126	\$274	\$299	\$326	\$355
Local	\$94	\$206	\$224	\$244	\$266

Impact on Agency Costs

The bill would also impact the workload and costs of the Department of Revenue (DOR). DOR estimated the cost to update the sales tax return in the IT system to be \$16,125. The agency would also need additional agents to ensure that delivery retailers comply with their responsibilities under the bill. Agents could also compare the annual statements received from delivery retailers to the sales and use returns filed by Georgia taxpayers to ensure taxpayer compliance. Each agent costs approximately \$63,750 annually and requires approximately \$3,200 in equipment.

While data is available to allow FRC to estimate the dollar amount of sales from delivery retailers, we are unable to determine the number of delivery retailers that would be responsible for submitting the required annual statements or the number of individual purchasers (each would have a statement). Without an estimate of these factors, we cannot determine the impact to DOR's call center and the number of agents that would be needed.

Sincerely,

/s/ Greg S. Griffin
State Auditor

Analysis by the Fiscal Research Center

The potential revenue gains from LC 43 0458 would arise primarily from imposing reporting requirements on out-of-state sellers who, due to current nexus rules, are not required to collect Georgia sales taxes, thus potentially enabling the state to capture use taxes on currently untaxed online and mail-order sales. National estimates of online sales are available and these can be shared down to Georgia, but it is not possible to know what portion of these sales are currently taxed or not taxed in the state. Many online retailers also operate from physical stores and are thus likely to already have nexus in the state. Others that do not operate physical stores may have nexus in the state arising from distribution centers in the state, affiliates with a physical presence, or other nexus triggers. The following summarizes the data and assumptions used in arriving at the upper bound estimates of the bill's revenue impact.

- The U.S. Census Bureau’s Annual Retail Trade Survey estimates U.S. e-commerce retail sales for 2014 at approximately \$299 billion. Of that amount, approximately \$255 billion or 85.3 percent is estimated to be attributable to “nonstore retailers,” specifically electronic shopping and mail order houses.
- More recent estimates are not broken out by type of retailer, but the Census estimate of aggregate e-commerce retail sales for the four quarters corresponding to state fiscal year 2016 is approximately \$367.4 billion. Assuming the same 85.3 percent share attributable to nonstore retailers, sales for this subset are estimated to have been about \$313.4 billion.
- This amount is shared down to Georgia based on Georgia’s share of U.S. households with internet access, about 3.15% as of 2012 according to Census data, resulting in an estimated \$9.9 billion of nonstore retailers’ sales in Georgia.
- The Georgia Department of Revenue (DOR) reports that, for FY 2016, the state collected approximately \$190.6 million in state sales tax from NAICS code 4541, electronic shopping and mail order retailers. This revenue represents a 13 percent increase over FY 2015, which itself was 20 percent higher than collections in FY 2014.
- FY 2016 collections correspond to approximately \$4.8 billion of taxable sales, leaving \$5.1 billion of estimated untaxed sales by nonstore retailers into Georgia. If fully taxed, these sales would have produced \$204 million of additional state revenues and \$153 million for local governments (assuming an average local tax rate of 3 percent).
- These estimates for FY 2016 represent the upper bound on the potential revenue gains from collecting use tax on currently untaxed online sales, but the actual gains are likely significantly smaller due to several mitigating factors.
 - Many out-of-state online sellers will likely not reach the in-state sales thresholds of the proposed bill and thus will remain untaxed.
 - Some portion of online retail sales are of goods delivered electronically—e.g. digital downloads of music, books, videos, etc., and thus not currently subject to tax regardless of nexus or reporting requirements—or are sales that are exempt from sales tax under other provisions of the code.

Unfortunately, no information is available from which the estimate these mitigating factors.

- The \$204 million estimate above for FY 2016 represents about an 18 percent increase over the comparable estimate for FY 2015. However, Census estimates of

nonstore e-commerce sales show growth of about 15 percent per year over the two years ending June 2016. Finally, Forrester Research (cited by trade news website internetretailer.com, Jan. 29, 2016) forecasts online sales growth through 2020 to average 9.3 percent annually. Thus the projections assume a growth rate of 12 percent for FY 2017, roughly midway between recent Census-reported growth and Forrester's forecast, 10 percent for FY 2018, and 9 percent thereafter.

The Senate Committee on Finance offered the following substitute to HB 61:

A BILL TO BE ENTITLED

GREG S. GRIFFIN
STATE AUDITOR

Honorable Jay Powell
Chairman, House Ways and Means
133 Capitol
Atlanta, Georgia 30334

SUBJECT: Fiscal Note
House Bill 749 (LC 34 5267)

Dear Chairman Powell:

The bill would make income received by a surviving family member based on the service record of a deceased service member exempt from state income tax. Payments under the Department of Defense Survivor Benefit Plan or other DoD benefit payments to military survivors would qualify for the exemption. The bill also adds military retirement and disability pay to the definition of retirement income under the current retirement income exclusion (O.C.G.A. § 48-7-27). The bill would apply to all taxable years beginning on or after January 1, 2018.

Impact on Revenue

Georgia State University's Fiscal Research Center (FRC) estimated that the bill would lower state revenue by \$1.4 million to \$5.2 million in FY 2019, the first full year of the bill's effect (Table 1). The loss would not significantly change over the next several years. Details of the analysis are in the attached appendix.

Table 1: Estimated State Revenue Effects of LC 34 5267

(\$ millions)	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023
High Revenue Loss	\$1.1	\$5.2	\$4.7	\$4.9	\$5.1	\$5.3
Low Revenue Loss	\$0.3	\$1.4	\$1.2	\$1.3	\$1.3	\$1.3

Impact on Expenditures

The Department of Revenue estimated approximately \$31,000 in one-time expenditures associated with the bill. The funds would pay for vendor certification, system testing, training, and form updates.

Sincerely,

Greg S. Griffin
State Auditor

Analysis by the Carl Vinson Institute of Government

Taxpayers age 62 to 64 are already exempt from Georgia income taxes on up to \$35,000 of retirement income, including up to \$4,000 of earned income, and those over age 65 are exempt on up to \$65,000. SBP would already be classified as unearned income for beneficiaries in these age groups and exempt from income tax up to the relevant limit. It is not known what amounts of SBP payments are received by Georgia taxpayers in these age groups in excess of these limits, but such currently-taxable payments are assumed to be immaterial to the estimates herein.

According to the Department of Defense Statistical Report on the Military Retirement System for FY 2016 (the latest available), there are a total of 13,007 survivor beneficiaries who reside in Georgia as of September 2016. Of these Georgia beneficiaries, 11,250 or 87 percent are over 65 years of age. Based on the detailed age groupings in national figures, it is assumed that 3 percent of the under-65 beneficiaries in Georgia are 62-64 years of age, bringing the total share of beneficiaries currently eligible for the existing retirement income exclusion to approximately 90 percent.

Growth in the numbers of Georgia recipients of survivor benefit pay have differed by age group in recent years, with the over-65 group growing by about 0.6 percent annually, on average, since 2011 and the under-65 group growing -1.4 percent annually over the same period. In 2016, the number under age 65 actually fell from 2015 by 2.3 percent while the number over 65 grew by 0.1 percent. For purposes of projecting survivor beneficiaries, it is assumed that the number above age 65 will grow by between 0.5 percent and 2 percent annually while those below age 65 will grow by -0.5 percent to 1.5 percent annually. Projected numbers of survivor benefit recipients in Georgia for tax years 2018 through 2023 are provided in Table 2.

Table 2: Projected Survivor Benefits Recipients, by Age Group

	Low	14,119	14,163	14,206	14,249	14,293	14,338

Average SBP payments differ by age as well, with the average for Georgia beneficiaries over age 65 at \$12,090 annualized as of September 2016 and for those under age 65 at \$9,518. Payments are adjusted annually based on the prior year's consumer price index (CPI) inflation rate. The official COLA rate for 2016 was set at 0.0 percent, based on CPI inflation for the preceding year; COLA rates for 2017 and 2018 were set at 0.3 percent and 2.0 percent, respectively. COLA rates for 2019 and beyond are assumed to be in the range of 1.5 to 2.5 percent annually. The resulting projected average pay figures, together with the projected retiree and survivor figures from Table 2, result in high and low total survivor benefit projections, by age group, as shown in Table 3.

For all Georgia full-year resident taxpayers (excluding those with negative Federal AGI), the weighted average effective tax rate—net tax divided by taxable income—was 5.78 percent in tax year 2015. For survivor beneficiaries in Georgia under age 62, a range of 5.5 percent to 5.85 percent is assumed going forward. For those over 62 most or all their SBP payments are already excluded from taxation, so this measure of effective tax rates would be misleading. Instead, net tax is divided by federal adjusted gross income, which would include SBP payments. On this basis, the effective tax rate for all Georgia retirees in 2015 was 2.0 percent. Those SBP beneficiaries with AGI below the exclusion limits will still have tax liabilities to the extent they have earned income in excess of \$4,000, but no liability associated with their SBP income. Those with higher retirement income, on the other income, may be taxable on some or all their SBP payments. It is conceivable, then, that no SBP payments received by age 62 or older taxpayers are currently taxable, so high and low effective tax rates of 2 percent and zero are assumed for both the 62-64

age group and those age 65 or older. From these assumptions and the survivor benefits figures in Table 3, projected tax liabilities on survivor benefits payments under current law are as shown in Table 4.

These figures are adjusted to fiscal year basis assuming that tax collections are substantially all through withholding or estimated tax payments, and thus are spread evenly over the year, with the first five and a half calendar months of payments collected in the fiscal year ending June 30 of that calendar year and the balance collected in the following fiscal year. The results on a fiscal year basis are shown in Table 1.

The Senate Committee on Health and Human Services offered the following substitute to HB 982:

A BILL TO BE ENTITLED
AN ACT

To amend Article 3 of Chapter 11 of Title 15 of the Official Code of Georgia Annotated, relating to dependency proceedings, so as to change provisions relating to reasonable efforts by DFCS to preserve or reunify families; to change provisions relating to relative searches conducted by DFCS; to change provisions relating to termination of parental rights; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 3 of Chapter 11 of Title 15 of the Official Code of Georgia Annotated, relating to dependency proceedings, is amended by revising subsection (f) of Code Section 15-11-202, relating to reasonable efforts by DFCS to preserve or reunify families, as follows:

"(f)~~(1)~~ When determining whether reasonable efforts have been made, the court shall consider whether services to the child alleged to be or adjudicated as a dependent child and his or her family were:

- ~~(1)~~(A) Relevant to the safety and protection of such child;
- ~~(2)~~(B) Adequate to meet the needs of such child and his or her family;
- ~~(3)~~(C) Culturally and linguistically appropriate;
- ~~(4)~~(D) Available and accessible;
- ~~(5)~~(E) Consistent and timely; and
- ~~(6)~~(F) Realistic under the circumstances.

(2) When determining whether reasonable efforts have been made to finalize an alternative permanent home for a child adjudicated as a dependent child, the court shall consider whether DFCS has completed the diligent search required by subsection (e) of Code Section 15-11-211 and has provided notice as required by subsection (c) of Code Section 15-11-211."

SECTION 2.

Said article is further amended by revising subsections (d) and (e) of Code Section 15-11-211, relating to relative search by DFCS, as follows:

"(d) The diligent search required by this Code section and the notification required by subsection (c) of this Code section shall be completed, documented in writing, and filed with the court within 30 days from the date on which the alleged dependent child was removed from his or her home and at each periodic review hearing required by Code Section 15-11-216.

(e) After the completion of the diligent search required by this Code section, DFCS shall have a continuing duty to search for relatives or other persons who have demonstrated an ongoing commitment to a child and with whom it may be appropriate to place the alleged dependent child until such relatives or persons are found or until such child is placed for adoption unless the court excuses DFCS from conducting a

diligent search. If a relative entitled to notice pursuant to subsection (c) of this Code section fails, within six months of the date he or she received such notice, to affirm an interest in providing a permanent home for such child, the court may excuse DFCS from the continuing duty to consider such relative as a permanent placement."

SECTION 3.

Said article is further amended by revising subsection (a) of Code Section 15-11-233, relating to termination of parental rights and exceptions, as follows:

"(a)(1) Except as provided in subsection (b) of this Code section, DFCS shall file a petition to terminate the parental rights of a parent of a child adjudicated as a dependent child ~~or, if such a petition has been filed by another party, seek to be joined as a party to the petition,~~ and, concurrently, to identify, recruit, process, and approve a qualified family for an adoption if:

~~(B)(ii)~~ (ii) Murder in the second degree of another child of such parent;

~~(C)(iii)~~ (iii) Voluntary manslaughter of another child of such parent;

~~(D)(iv)~~ (iv) Voluntary manslaughter of the other parent of such child;

~~(E)(v)~~ (v) Aiding or abetting, attempting, conspiring, or soliciting to commit murder or voluntary manslaughter of another child of such parent;

~~(F)(vi)~~ (vi) Aiding or abetting, attempting, conspiring, or soliciting to commit murder or voluntary manslaughter of the other parent of such child; or

~~(G)(vii)~~ (vii) Committing felony assault that has resulted in serious bodily injury to such child or to another child of such parent; ~~or~~

(D) Pursuant to a court order, the child has been in foster care under the responsibility of DFCS for a cumulative period of 12 months or longer and the parent substantially neglected or willfully refused to remedy the circumstances that caused the child to be in foster care.

By inserting between lines 72 and 73 the following:

Code Section 15-11-684 of the Official Code of Georgia Annotated, relating to the conduct of a hearing for the petition of an unemancipated minor seeking a waiver of the parental notification requirement for an abortion and appeal, is amended by revising subsection (c) as follows:

"(c) The requirements of subparagraph (a)(1)(A), (a)(1)(B), or (a)(1)(C) of Code Section 15-11-682 shall be waived if the court finds by clear and convincing evidence either:

- (1) That the unemancipated minor is mature enough and well enough informed to make the abortion decision in consultation with her physician, independently of the wishes of such minor's parent or guardian; or
- (2) That the notice to a parent or, if the unemancipated minor is subject to guardianship, the legal guardian pursuant to Code Section 15-11-682 would not be in the best interests of such minor."

SECTION 5.

Landmark museum buildings must be so designated by the state historic preservation officer pursuant to rules and regulations adopted by the Board of Natural Resources.

(A) Buildings or structures more than three stories in height; provided, however, that nothing in this Code section shall apply to any individually owned residential unit within any such building;

(B) Any building three or more stories in height and used as a residence by three or more families, with individual cooking and bathroom facilities for each family; provided, however, that nothing in this Code section shall apply to any individually owned residential unit within any such building;

(I) Child care learning centers, as such term is defined in Code Section 20-1A-2. Fire safety standards adopted by rules of the Commissioner pursuant to Code Section 25-2-4 which are applicable to child care learning centers shall not require staff-to-child ratios; and

(J) Personal care homes and assisted living communities required to be licensed as such by the Department of Community Health and having at least seven beds for nonfamily adults, and the Commissioner shall, pursuant to Code Section 25-2-4, by rule adopt state minimum fire safety standards for those homes, and any structure constructed as or converted to a personal care home on or after April 15, 1986, shall be deemed to be a proposed building pursuant to subsection (d) of Code Section 25-2-14 and that structure may be required to be furnished with a sprinkler system meeting the standards established by the Commissioner if he or she deems this necessary for proper fire safety.

(2) Any building or structure which is used exclusively for agricultural purposes and which is located in an unincorporated area shall be exempt from the classification set forth in paragraph (1) of this subsection.

(3)(A) The provisions of this paragraph relating to landmark museum buildings shall apply only to those portions of such buildings which meet all the requirements of a landmark museum building, except as otherwise provided in subparagraphs (B) and (C) of this paragraph. Subparagraphs (B) and (C) of this paragraph shall, unless otherwise provided in such subparagraphs, preempt all state laws, regulations, or rules governing reconstruction, alteration, repair, or maintenance of landmark museum buildings. Local governing authorities may recognize the designation of landmark museum buildings by ordinance and authorize the local enforcement authority to incorporate the provisions of subparagraphs (B) and (C) of this paragraph into their local building and fire codes. Subparagraphs (D) and (E) of this paragraph shall apply to other historic buildings or structures.

(B) A landmark museum building shall be subject to the following provisions:

(i) Repairs, maintenance, and restoration shall be allowed without conformity to any state building or fire safety related code, standard, rule, or regulation, provided

that the building is brought into and remains in full compliance with this paragraph;

(ii) In the case of fire or other casualty to a landmark museum building, it may be rebuilt, in total or in part, using such techniques and materials as are necessary to restore it to the condition prior to the fire or casualty and use as a totally preserved building; or

(iii) If a historic building or structure, as a result of proposed work or changes in use, would become eligible and would be so certified as a landmark museum building, and the state historic preservation officer so certifies and such is submitted to the state fire and building code official with the construction or building permit application, then the work may proceed under the provisions of this paragraph.

(C) All landmark museum buildings shall comply with the following requirements:

(i) Every landmark museum building shall have portable fire extinguishers as deemed appropriate by the state or local fire authority having jurisdiction based on the applicable state or local fire safety codes or regulations;

(ii) All landmark museum buildings which contain residential units shall have electrically powered smoke or products of combustion detectors installed within each living unit between living and sleeping areas. Such detectors shall be continuously powered by the building's electrical system. When activated, the detector shall initiate an alarm which is audible in sleeping rooms of that living unit. These unit detectors shall be required in addition to any other protective system that may be installed in the building;

(iii) For all landmark museum buildings, except those protected by a total automatic fire suppression system and one and two family dwellings, approved automatic fire warning protection shall be provided as follows: install at least one listed smoke or products of combustion detector for every 1,200 square feet of floor area per floor or story. In addition, all lobbies, common corridors, hallways, and ways of exit access shall be provided with listed smoke or products of combustion detectors not more than 30 feet apart. Detectors shall be so connected as to sound an alarm audible throughout the structure or building. With respect to buildings which are totally protected by an automatic fire suppression system, activation of the sprinkler system shall sound an alarm throughout the structure or building;

(iv) Smoke or products of combustion detectors shall be listed by a nationally recognized testing laboratory;

(v) All multistory landmark museum buildings, except one and two family dwellings, with occupancy above or below the street or grade level shall have manual fire alarm pull stations in the natural path of egress. The activation of a manual pull station shall cause the building fire warning system to sound;

(vi) Approved exit signs shall be located where designated by the local or state authority having jurisdiction in accordance with the applicable state or local code, standard, rule, or regulation;

- (vii) Except for one and two family dwellings, every landmark museum building occupied after daylight, or which has occupied areas subject to being totally darkened during daylight hours due to a power failure or failure of the electrical system, shall be equipped with approved emergency lighting meeting the provisions of the applicable state or local code, standard, rule, or regulation;
 - (viii) Occupant loading of landmark museum buildings or structures shall be limited by either the actual structural floor load capacity or by the limitations of means of egress or by a combination of factors. Actual floor load capacity shall be determined by a Georgia registered professional engineer. Said floor load shall be posted at a conspicuous location. The building owner shall submit evidence of this certification and related computations to the enforcement authority having jurisdiction, upon request. Where one or more floors of a landmark museum building have only one means of egress, the occupant load shall be computed and occupancy limited as determined by the state or local fire marshal; and
 - (ix) The electrical, heating, and mechanical systems of landmark museum buildings shall be inspected and any conditions that create a threat of fire or a threat to life shall be corrected in accordance with applicable standards to the extent deemed necessary by the state or local authority having jurisdiction.
- (D) Historic buildings not classified as landmark museum buildings shall meet the requirements of applicable state or local building and fire safety laws, ordinances, codes, standards, rules, or regulations as they pertain to existing buildings. If a historic building or structure is damaged from fire or other casualty, it may be restored to the condition prior to the fire or casualty using techniques and methods consistent with its original construction, or it shall meet the requirements for new construction of the applicable state or local codes, standards, rules, or regulations, provided that these requirements do not significantly compromise the features for which the building was considered historically significant.
- (E) As to any buildings or structures in the State of Georgia which meet the criteria of paragraph (1) of subsection (b) of this Code section and thus fall under the jurisdiction of the Safety Fire Commissioner and which also have been designated as historically significant by the state historic preservation officer, the appropriate enforcement official, in granting or denying a variance pursuant to subsection (e) of Code Section 25-2-12, shall consider the intent of this chapter, with special attention to paragraph (3) of this subsection, Article 3 of Chapter 2 of Title 8, 'The Uniform Act for the Application of Building and Fire Related Codes to Existing Buildings,' Article 2 of Chapter 10 of Title 44, the 'Georgia Historic Preservation Act,' and the Secretary of Interior's Standards for Preservation Projects.
- (4) Nothing in this subsection shall be construed as exempting any building, structure, facility, or premises from ordinances enacted by any municipal governing authority in any incorporated area or any county governing authority in any unincorporated area, except to the extent stated in paragraph (3) of this subsection relative to landmark museum buildings or historic buildings or structures.
- (c) Every person who owns or controls the use of any building, part of a building, or

structure described in paragraph (1) of subsection (b) of this Code section, which, because of floor area, height, location, use or intended use as a gathering place for large groups, or use or intended use by or for the aged, the ill, the incompetent, or the imprisoned, constitutes a special hazard to property or to the life and safety of persons on account of fire or panic from fear of fire, must so construct, equip, maintain, and use such building or structure as to afford every reasonable and practical precaution and protection against injury from such hazards. No person who owns or controls the use or occupancy of such a building or structure shall permit the use of the premises so controlled for any such specially hazardous use unless he or she has provided such precautions against damage to property or injury to persons by these hazards as are found and determined by the Commissioner in the manner described in subsection (d) of this Code section to be reasonable and practical.

(d) The Commissioner is directed to investigate and examine construction and engineering techniques; properties of construction materials, fixtures, facilities, and appliances used in, upon, or in connection with buildings and structures; and fire prevention and protective techniques, including, but not limited to, the codes and standards adopted, recommended, or issued from time to time by the National Fire Protection Association (National Fire Code and National Electric Code), the American Insurance Association (National Building Code), the successor to the National Board of Fire Underwriters, the American Standards Association, and the Standard Building Code Congress (Southern Standard Building Code). Based upon such investigation, the Commissioner is authorized to determine and by rule to provide what reasonable and practical protection must be afforded property and persons with respect to: exits; fire walls and internal partitions adequate to resist fire and to retard the spread of fire, smoke, heat, and gases; electrical wiring, electrical appliances, and electrical installations; safety and protective devices, including, but not limited to, fire escapes, fire prevention equipment, sprinkler systems, fire extinguishers, panic hardware, fire alarm and detection systems, exit lights, emergency auxiliary lights, and other similar safety devices; flameproofing; motion picture equipment and projection booths; and similar facilities; provided, however, that any building described in subparagraph (b)(1)(C) of this Code section shall be required to have a smoke or products of combustion detector listed by a nationally recognized testing laboratory; and, regardless of the manufacturer's instructions, such detectors in these buildings shall be located in all interior corridors, halls, and basements no more than 30 feet apart or more than 15 feet from any wall; where there are no interior halls or corridors, the detectors shall be installed in each sleeping room. All detection systems permitted after April 1, 1992, shall be powered from the building's electrical system and all detection systems required by this chapter, permitted after April 1, 1992, shall have a one and one-half hour emergency power supply source. Required corridor smoke detector systems shall be electrically interconnected to the fire alarm, if a fire alarm is required. If a fire alarm is not required, the detectors at a minimum shall be approved single station detectors powered from the building electrical service.

(e) All rules and regulations promulgated before April 1, 1968, by the Commissioner

or the state fire marshal and the minimum fire safety standards adopted therein shall remain in full force and effect where applicable until such time as they are amended by the appropriate authority.

(f) The municipal governing authority in any incorporated area or the county governing authority in any unincorporated area of the state shall have the authority to enact such ordinances as it deems necessary to perform fire safety inspections and related activities for those buildings and structures not covered in this Code section.

(g) Notwithstanding any other provision of law or any local ordinance to the contrary, in the event of a conflict between any code or standard of the National Fire Protection Association (National Fire Code and National Electric Code) and of the Standard Building Code Congress (Southern Standard Building Code), the code or standard of the National Fire Protection Association (National Fire Code and National Electric Code) shall prevail. The order of precedence established by this subsection shall apply to all buildings and structures whether or not such buildings and structures are covered under this Code section.

25-2-14.

(a)(1) Plans and specifications for all proposed buildings which come under classification in paragraph (1) of subsection (b) of Code Section 25-2-13 and which come under the jurisdiction of the office of the Commissioner pursuant to Code Section 25-2-12 shall be submitted to and receive approval by either the state fire marshal, the proper local fire marshal, or state inspector before any state, municipal, or county building permit may be issued or construction started. All such plans and specifications submitted as required by this subsection shall be accompanied by a fee in the amount provided in Code Section 25-2-4.1 and shall bear the seal and Georgia registration number of the drafting architect or engineer or shall otherwise have the approval of the Commissioner.

(2)(A) If the state fire marshal, the proper local fire marshal, state inspector, or designated code official cannot provide plan review within 30 business days of receiving a written application for permitting in accordance with the code official's plan submittal process, then, in lieu of plan review by personnel employed by such governing authority, any person, firm, or corporation engaged in a construction project which requires plan review, regardless if the plan review is required by subsection (a) of this Code section or by local county or municipal ordinance, shall have the option of retaining, at its own expense, a private professional provider to provide the required plan review. As used in this paragraph, the term 'private professional provider' means a professional engineer who holds a certificate of registration issued under Chapter 15 of Title 43 or a professional architect who holds a certificate of registration issued under Chapter 4 of Title 43, who is not an employee of or otherwise affiliated with or financially interested in the person, firm, or corporation engaged in the construction project to be reviewed.

(B) The state fire marshal, the proper local fire marshal, state inspector, or designated code official shall advise the permit applicant at the time the complete

submittal application for a permit in accordance with the code official's plan submittal process is received that the state fire marshal, the proper local fire marshal, state inspector, or designated code official intends to complete the required plan review within the time prescribed by this paragraph or that the applicant may immediately secure the services of a private professional provider to complete the required plan review pursuant to this subsection. The plan submittal process shall include those procedures and approvals required by the local jurisdiction before plan review can take place. If the state fire marshal, the proper local fire marshal, state inspector, or designated code official states its intent to complete the required plan review within the time prescribed by this paragraph, the applicant shall not be authorized to use the services of a private professional provider as provided in this subsection. The permit applicant and the state fire marshal, the proper local fire marshal, state inspector, or designated code official may agree by mutual consent to extend the time period prescribed by this paragraph for plan review if the characteristics of the project warrant such an extension. However, if the state fire marshal, the proper local fire marshal, state inspector, or designated code official states its intent to complete the required plan review within the time prescribed by this paragraph, or any extension thereof mutually agreed to by the applicant and the state fire marshal, the proper local fire marshal, state inspector, or designated code official and does not permit the applicant to use the services of a private professional provider and the state fire marshal, the proper local fire marshal, state inspector, or designated code official fails to complete such plan review in the time prescribed by this paragraph, or any extension thereof mutually agreed to by the applicant and the state fire marshal, the proper local fire marshal, state inspector, or designated code official, the state fire marshal, the proper local fire marshal, state inspector, or designated code official shall issue the applicant a project initiation permit to allow the applicant to begin work on the project, provided that portion of the initial phase of work is compliant with applicable codes, laws, and rules. If a full permit is not issued for the portion requested for permitting, then the state fire marshal, the proper local fire marshal, state inspector, or designated code official shall have an additional 20 business days to complete the review and issue the full permit. If the plans submitted for permitting are denied for any deficiency, the time frames and process for resubmittal shall be governed by divisions (2)(H)(iii) through (2)(H)(v) of this subsection.

(C) Any plan review or inspection conducted by a private professional provider shall be no less extensive than plan reviews or inspections conducted by state, county, or municipal personnel responsible for review of plans for compliance with the state's minimum fire safety standards and, where applicable, the state's minimum accessibility standards.

(D) The person, firm, or corporation retaining a private professional provider to conduct a plan review shall be required to pay to the state fire marshal, the proper local fire marshal, state inspector, or designated code official which requires the plan review the same regulatory fees and charges which would have been required

had the plan review been conducted by the state fire marshal, the proper local fire marshal, state inspector, or designated code official.

(E) A private professional provider performing plan reviews under this subsection shall review construction plans to determine compliance with the state's minimum fire safety standards in effect which were adopted pursuant to this chapter and, where applicable, the state's minimum accessibility standards adopted pursuant to Chapter 3 of Title 30. Upon determining that the plans reviewed comply with the applicable codes and standards as adopted, such private professional provider shall prepare an affidavit or affidavits on a form prescribed by the Safety Fire Commissioner certifying under oath that the following is true and correct to the best of such private professional provider's knowledge and belief and in accordance with the applicable professional standard of care:

(i) The plans were reviewed by the affiant who is duly authorized to perform plan review pursuant to this subsection and who holds the appropriate license or certifications and insurance coverage and insurance coverage stipulated in this subsection; and

(ii) The plans comply with the state's minimum fire safety standards in effect which were adopted pursuant to this chapter and, where applicable, the state's minimum accessibility standards adopted pursuant to Chapter 3 of Title 30.

(F) All private professional providers providing plan review services pursuant to this subsection shall secure and maintain insurance coverage for professional liability (errors and omissions) insurance. The limits of such insurance shall be not less than \$1 million per claim and \$1 million in aggregate coverage. Such insurance may be a practice policy or project-specific coverage. If the insurance is a practice policy, it shall contain prior acts coverage for the private professional provider. If the insurance is project-specific, it shall continue in effect for two years following the issuance of the certificate of final completion for the project. The state fire marshal, the proper local fire marshal, state inspector, or designated code official may establish, for private professional providers working within their respective jurisdictions specified by this chapter, a system of registration listing the private professional providers within their areas of competency and verifying compliance with the insurance requirements of this subsection.

(G) The private professional provider shall be empowered to perform any plan review required by the state fire marshal, the proper local fire marshal, state inspector, or designated code official, regardless if the plan review is required by this subsection or by local county or municipal ordinance, provided that the plan review is within the scope of such private professional provider's area of expertise and competency. This subsection shall not apply to hospitals, ambulatory health care centers, nursing homes, jails, penal institutions, airports, buildings or structures that impact national or state homeland security, or any building defined as a high-rise building in the State Minimum Standards Code, provided that interior tenant build-out projects within high-rise buildings are not exempt from this subsection, or plans related to Code Section 25-2-16 or 25-2-17 or Chapter 8, 9, or 10 of this title.

(H)(i) The permit applicant shall submit a copy of the private professional provider's plan review report to the state fire marshal, the proper local fire marshal, state inspector, or designated code official. Such plan review report shall include at a minimum all of the following:

(I) The affidavit of the private professional provider required pursuant to this subsection;

(II) The applicable fees required for permitting;

(III) Other documents deemed necessary due to unusual construction or design, smoke removal systems where applicable with engineering analysis, and additional documentation required where performance based code options are used; and

(IV) Any documents required by the state fire marshal, the proper local fire marshal, state inspector, or designated code official to determine that the permit applicant has secured all other governmental approvals required by law.

(ii) No more than 30 business days after receipt of a permit application and the private professional provider's plan review report required pursuant to this subsection, the state fire marshal, the proper local fire marshal, state inspector, or designated code official shall issue the requested permit or provide written notice to the permit applicant identifying the specific plan features that do not comply with the applicable codes or standards, as well as the specific reference to the relevant requirements. If the state fire marshal, the proper local fire marshal, state inspector, or designated code official does not provide a written notice of the plan deficiencies within the prescribed 30 day period, the permit application shall be deemed approved as a matter of law and the permit shall be issued by the state fire marshal, the proper local fire marshal, state inspector, or designated code official on the next business day.

(iii) If the state fire marshal, the proper local fire marshal, state inspector, or designated code official provides a written notice of plan deficiencies to the permit applicant within the prescribed 30 day period, the 30 day period shall be tolled pending resolution of the matter. To resolve the plan deficiencies, the permit applicant may elect to dispute the deficiencies pursuant to this chapter, the promulgated rules and regulations adopted thereunder, or, where appropriate for existing buildings, the local governing authority's appeals process or the permit applicant may submit revisions to correct the deficiencies.

(iv) If the permit applicant submits revisions, the state fire marshal, the proper local fire marshal, state inspector, or designated code official shall have the remainder of the tolled 30 day period plus an additional five business days to issue the requested permit or to provide a second written notice to the permit applicant stating which of the previously identified plan features remain in noncompliance with the applicable codes or standards, with specific reference to the relevant requirements. If the state fire marshal, the proper local fire marshal, state inspector, or designated code official does not provide the second written notice within the prescribed time period, the permit shall be issued by the state fire

marshal, the proper local fire marshal, state inspector, or designated code official on the next business day.

(v) If the state fire marshal, the proper local fire marshal, state inspector, or designated code official provides a second written notice of plan deficiencies to the permit applicant within the prescribed time period, the permit applicant may elect to dispute the deficiencies pursuant to this chapter, the rules and regulations promulgated thereunder, or, where applicable for existing buildings, the local governing authority's appeals process or the permit applicant may submit additional revisions to correct the deficiencies. For all revisions submitted after the first revision, the state fire marshal, the proper local fire marshal, state inspector, or designated code official shall have an additional five business days to issue the requested permit or to provide a written notice to the permit applicant stating which of the previously identified plan features remain in noncompliance with the applicable codes or standards, with specific reference to the relevant requirements.

(I) The state fire marshal may provide for the prequalification of private professional providers who may perform plan reviews pursuant to this subsection by rule or regulation authorized in Code Section 25-2-4. In addition, any local fire marshal, state inspector, or designated code official may provide for the prequalification of private professional providers who may perform plan reviews pursuant to this subsection; however, no additional local ordinance implementing prequalification shall become effective until notice of the proper local fire marshal, state inspector, or designated code official's intent to require prequalification and the specific requirements for prequalification have been advertised in the newspaper in which the sheriff's advertisements for that locality are published. The ordinance implementing prequalification shall provide for evaluation of the qualifications of a private professional provider only on the basis of the private professional provider's expertise with respect to the objectives of this subsection, as demonstrated by the private professional provider's experience, education, and training. Such ordinance may require a private professional provider to hold additional certifications, provided that such certifications are required by ordinance or state law for plan review personnel currently directly employed by such local governing authority.

(J) Nothing in this subsection shall be construed to limit any public or private right of action designed to provide protection, rights, or remedies for consumers.

(K) If the state fire marshal, the proper local fire marshal, state inspector, or designated code official determines that the building construction or plans do not comply with the applicable codes or standards, the state fire marshal, the proper local fire marshal, state inspector, or designated code official may deny the permit or request for a certificate of occupancy or certificate of completion, as appropriate, or may issue a stop-work order for the project or any portion thereof as provided by law or rule or regulation, after giving notice and opportunity to remedy the violation, if the state fire marshal, the proper local fire marshal, state inspector, or designated code official determines that noncompliance exists with state laws,

adopted codes or standards, or local ordinances, provided that:

(i) The state fire marshal, the proper local fire marshal, state inspector, or designated code official shall be available to meet with the private professional provider within two business days to resolve any dispute after issuing a stop-work order or providing notice to the applicant denying a permit or request for a certificate of occupancy or certificate of completion; and

(ii) If the state fire marshal, the proper local fire marshal, state inspector, or designated code official and the private professional provider are unable to resolve the dispute, the matter shall be referred to the local enforcement agency's board of appeals, except as provided in Code Section 25-2-12 and appeals for those proposed buildings classified under paragraph (1) of subsection (b) of Code Section 25-2-13 or any existing building under the specific jurisdiction of the state fire marshal's office shall be made to the state fire marshal ~~and further appeal shall be under Code Section 25-2-10.~~

(L) The state fire marshal, the proper local fire marshal, state inspector, local government, designated code official enforcement personnel, or agents of the governing authority shall be immune from liability to any person or party for any action or inaction by an owner of a building or by a private professional provider or its duly authorized representative in connection with building plan review services by private professional providers as provided in this subsection.

(M) Except as provided in this paragraph, no proper local fire marshal, state inspector, or designated code official shall adopt or enforce any rules, procedures, policies, or standards more stringent than those prescribed in this subsection related to private professional provider services.

(N) Nothing in this subsection shall limit the authority of the state fire marshal, the proper local fire marshal, state inspector, or designated code official to issue a stop-work order for a building project or any portion of such project, as provided by law or rule or regulation authorized pursuant to Code Section 25-2-4, after giving notice and opportunity to remedy the violation, if the official determines that a condition on the building site constitutes an immediate threat to public safety and welfare.

(O) When performing building code plan reviews related to determining compliance with the Georgia State Minimum Standard Codes most recently adopted by the Department of Community Affairs, the state's minimum fire safety standards adopted by the safety fire marshal, or the state's minimum accessibility standards pursuant to Chapter 3 of Title 30, a private professional provider is subject to the disciplinary guidelines of the applicable professional licensing board with jurisdiction over such private professional provider's license or certification under Chapters 4 and 15 of Title 43, as applicable. Any complaint processing, investigation, and discipline that arise out of a private professional provider's performance of the adopted building, fire safety, or accessibility codes or standards plan review services shall be conducted by the applicable professional licensing board or as allowed by state rule or regulation. Notwithstanding any disciplinary rules of the applicable professional licensing board with jurisdiction over such

private professional provider's license or certification under Chapters 4 and 15 of Title 43, the state fire marshal, the proper local fire marshal, state inspector, or designated code official enforcement personnel may decline to accept building plan reviews submitted by any private professional provider who has submitted multiple reports which required revisions due to negligence, noncompliance, or deficiencies.

(b) A complete set of approved plans and specifications shall be maintained on the construction site, and construction shall proceed in compliance with the minimum fire safety standards under which such plans and specifications were approved. The owner of any such building or structure or his or her authorized representative shall notify the state fire marshal, the proper local fire marshal, or state inspector upon completion of approximately 80 percent of the construction thereof and shall apply for a certificate of occupancy when construction of such building or structure is completed.

(c) Every building or structure which comes under classification in paragraph (1) of subsection (b) of Code Section 25-2-13 and which comes under the jurisdiction of the office of the Commissioner pursuant to Code Section 25-2-12 shall have a certificate of occupancy issued by the state fire marshal, the proper local fire marshal, or the state inspector before such building or structure may be occupied. Such certificates of occupancy shall be issued for each business establishment within the building, shall carry a charge in the amount provided in Code Section 25-2-4.1, shall state the occupant load for such business establishment or building, shall be posted in a prominent location within such business establishment or building, and shall run for the life of the building, except as provided in subsection (d) of this Code section.

(d) For purposes of this chapter, any existing building or structure listed in paragraph (1) of subsection (b) of Code Section 25-2-13 and which comes under the jurisdiction of the office of the Commissioner pursuant to Code Section 25-2-12 shall be deemed to be a proposed building in the event such building or structure is subject to substantial renovation, a fire or other hazard of serious consequence, or a change in the classification of occupancy. For purposes of this subsection, the term 'substantial renovation' means any construction project involving exits or internal features of such building or structure costing more than the building's or structure's assessed value according to county tax records at the time of such renovation.

(e) In cases where the governing authority of a municipality which is enforcing the fire safety standards pursuant to subsection (a) of Code Section 25-2-12 contracts with the office of the Commissioner for the enforcement of fire safety standards, the office of the Commissioner shall not charge such municipality fees in excess of those charged in this Code section.

25-2-14.1.

(a) Every building and structure existing as of April 1, 1968, which building or structure is listed in paragraph (1) of subsection (b) of Code Section 25-2-13 shall comply with the minimum fire safety standards adopted in the rules and regulations promulgated pursuant to this chapter which were in effect at the time such building or structure was constructed, except that any nonconformance noted under the electrical

standards adopted at the time such building or structure was constructed shall be corrected in accordance with the current electrical standards adopted pursuant to this chapter. A less restrictive provision contained in any subsequently adopted minimum fire safety standard may be applied to any existing building or structure.

(b) Every proposed building and structure listed in paragraph (1) of subsection (b) of Code Section 25-2-13 shall comply with the adopted minimum fire safety standards that were in effect on the date that plans and specifications therefor were received by the state fire marshal, the proper local fire marshal, or state inspector for review and approval.

25-2-14.2.

(a) As used in this Code section, the term 'written notification' means a typed, printed, or handwritten notice citing the specific sections of the applicable codes or standards that have been violated and describing specifically where and how the design or construction is noncompliant with such codes or standards.

(b) If the state fire marshal, the proper local fire marshal, state inspector, or designated code official determines that the building construction or plans for any building or structure, which are required under this chapter to meet the state minimum fire safety standards, do not comply with any such applicable codes or standards, the state fire marshal, the proper local fire marshal, state inspector, or designated code official may deny a permit or request for a certificate of occupancy or certificate of completion, as appropriate, or may issue a stop-work order for the project or any portion thereof as provided by law or rule or regulation, after giving written notification and opportunity to remedy the violation.

25-2-15.

In existing buildings which come under the classification in paragraph (1) of subsection (b) of Code Section 25-2-13, when substandard conditions are found, a temporary occupancy permit may be issued, such permit carrying a time limit adjusted to meet the amount of time deemed necessary to make the proper corrections in order to bring the building up to standard. All certificates of occupancy shall be issued against the building and shall not require renewal because of change of ownership. The same set of fees for certificates of occupancy as are applicable to proposed buildings covered in Code Section 25-2-14 shall apply. The Commissioner and his or her delegated authorities shall determine the time limit for complying with any of the standards established pursuant to this chapter.

25-2-16.

(a) Some substances constitute a special hazard to property and to the life and safety of persons because of certain characteristics and properties incident to their storage, handling, and transportation. Substances presenting such a special hazard include gasoline, kerosene, and other flammable liquids; liquefied petroleum gases; welding and other gases; dry-cleaning fluids; anhydrous ammonia; and other gases, liquids, or solids of a highly flammable or hazardous nature.

(b) Every person who stores, transports, or handles any of the hazardous substances listed in subsection (a) of this Code section shall so store, transport, and handle the substances as to afford every precaution and protection as may be found by the Commissioner to be reasonable and practical to avoid injury to persons from exposure, fire, or explosion caused by the storage, transportation, or handling of these substances, including transportation thereof only in vehicles which are in proper condition for that purpose.

(c) The Commissioner is directed to investigate the nature and properties of such hazardous substances and the known precautionary and protective techniques for their storage, transportation, and handling, including, but not limited to, the codes and standards adopted, recommended, or issued by the National Fire Protection Association and the Agricultural Nitrogen Institute. Based upon the investigation, the Commissioner is authorized to determine and by rule to provide what precautionary and protective techniques are reasonable and practical measures for the prevention of injury to persons and property from the storage, transportation, and handling of such highly flammable or hazardous substances. Such authorization shall include the power to provide, by rule, the minimum standards that a vehicle shall meet before it is considered to be in proper condition to transport the material. No person shall transport any such material or substance in bulk unless the vehicle in which it is transported is in the proper condition, as provided by such rules, to transport the material with reasonable safety.

(d)(1) As used in this subsection, the term:

(A) 'Automatic-closing device' means a gasoline or diesel fuel pump nozzle which contains a valve which automatically shuts off the flow of gasoline or diesel fuel through the nozzle when the level of gasoline in a motor vehicle fuel tank reaches a certain level.

(B) 'Hold-open latch' means a device which attaches to a gasoline or diesel fuel pump nozzle, which device mechanically holds the nozzle and valve in an open position.

(C) 'Self-service station' means any place of business which sells gasoline or diesel fuel at retail and which allows customers to dispense the fuel.

(2) No self-service station shall be prohibited from installing and no customer at such station shall be prohibited from using hold-open latches on gasoline or diesel fuel pumps available for operation by the customer. However, if hold-open latches are used on pumps operated by the customer, such pumps shall be equipped with a functioning automatic-closing device.

(e) Plans and specifications for all proposed bulk storage facilities which come under classification in subsection (a) of this Code section shall be submitted to and receive approval by the state fire marshal and the proper local fire marshal before construction is started. All such plans and specifications submitted as required by this subsection shall be accompanied by a \$100.00 fee for screening and shall bear the seal and Georgia registration number of the drafting architect or engineer or shall otherwise have the approval of the Commissioner.

25-2-17.

(a) As used in this Code section, the term 'explosive' or 'explosives' means any chemical compound or mechanical mixture which is commonly used or intended for the purpose of producing an explosion, which compound or mixture contains any oxidizing and combustible units or other ingredients in such proportions, quantities, or packing that an ignition by fire, by friction, by concussion, by percussion, or by detonator of any part of the compound or mixture may cause such a sudden generation of highly heated gases that the resultant gaseous pressures are capable of producing destructive effects on contiguous objects or of destroying life or limb. Explosives constitute a special hazard to life and safety of persons because of the danger incident to their manufacture, transportation, use, sale, and storage.

(b) Every person who manufactures, transports, uses, sells, or stores explosives shall so manufacture, transport, use, sell, and store them as to afford every precaution and protection against injury to persons as the Commissioner may determine and by rule declare to be reasonable and practical; provided, however, that nothing contained in this Code section shall be construed to extend to storage, use, or sale of small arms ammunition.

(c) The Commissioner is directed to investigate and examine the nature and properties of various explosives and known safety and protective techniques, including the safety standards, recommendations, and codes of the National Fire Protection Association (Explosives Ordinance, National Fire Code), and the American Insurance Association, the successor to the National Board of Fire Underwriters. Based upon the investigation, the Commissioner is authorized to determine and by rule to provide what reasonable and practical protection must be afforded persons with respect to the manufacture, transportation, use, sale, and storage of explosives.

(d) No person shall manufacture, transport, use, sell, or store explosives without having first obtained a license therefor issued by the Commissioner in accordance with reasonable rules established by him. The Commissioner is authorized to make reasonable rules providing for the issuance of such licenses on an annual basis to those applicants who have observed and may be expected to observe safety rules lawfully made under this Code section. Graded fees for such licenses shall be as provided in Code Section 25-2-4.1. The permits for the use only of explosives may be issued by judges of the probate courts or other local elected officials whom the Commissioner may designate. Fees for such permits to use explosives shall be \$2.00 for each permit issued, which fee shall be retained by the issuing local official.

(e) Every person licensed under this Code section who suffers a larceny or attempted larceny of primer cord, blasting agents, powders, and dynamite shall make a report thereof to local law enforcement agencies and to the state fire marshal, in accordance with rules made by the Commissioner. The Commissioner is authorized to make such rules.

25-2-18.

All federal, state, county, or city publicly owned buildings covered by this chapter are

exempt from any fee or license which may be specified in this chapter. Such fees or licenses may be waived where chargeable to churches and charitable organizations.

25-2-19.

The Commissioner shall promulgate reasonable rules and regulations governing and regulating fire hazards in hotels, apartment houses, department stores, warehouses, storage places, and places of public assembly.

25-2-20.

All traveling motion picture shows, carnivals, and circuses shall obtain a fire prevention regulatory license from the state fire marshal based upon compliance with this chapter, as set forth in rules and regulations promulgated by the Commissioner. The fee for the license shall be \$150.00 for each calendar year or part thereof, payable to the state fire marshal, who shall pay the same into the state treasury.

25-2-22.1.

(a) The Commissioner, his or her delegate, or any other person authorized under this title to conduct inspections of property, in addition to other procedures now or hereafter provided, may obtain an inspection warrant under the conditions specified in this Code section. Such warrant shall authorize the Commissioner or his or her delegate or such authorized person to conduct a search or inspection of property either with or without the consent of the person whose property is to be searched or inspected if such search or inspection is one that is elsewhere authorized under this title or the rules and regulations duly promulgated hereunder.

(b) Inspection warrants may be issued by any judge of the superior, state, municipal, or magistrate court upon proper oath or affirmation showing probable cause for the purpose of conducting inspections authorized by this title or rules promulgated under this title and for the seizure of property or the taking of samples appropriate to the inspection. For the purposes of issuance of inspection warrants, probable cause exists upon showing a valid public interest in the effective enforcement of this title or rules promulgated under this title sufficient to justify inspection of the area, premise, building, or conveyance in the circumstances specified in the application for the warrant.

(c) A warrant shall be issued only upon affidavit of the Commissioner or his or her designee or any person authorized to conduct inspections pursuant to this title, sworn to before the judicial officer and establishing the grounds for issuing the warrant. The issuing judge may issue the warrant when he or she is satisfied that the following conditions are met:

(1) The one seeking the warrant must establish under oath or affirmation that the property to be inspected is to be inspected as a part of a legally authorized program of inspection which includes that property or that there is probable cause for believing that there is a condition, object, activity, or circumstance which legally justifies such an inspection of that property; and

(2) The issuing judge determines that the issuance of the warrant is authorized by this Code section.

(d) The warrant shall:

(1) State the grounds for its issuance and the name of each person whose affidavit has been taken in support thereof;

(2) Be directed to persons authorized by this title to conduct inspections to execute it;

(3) Command the persons to whom it is directed to inspect the area, premise, building, or conveyance identified for the purpose specified and, if appropriate, direct the seizure of the property specified;

(4) Identify the item or types of property to be seized, if any; and

(5) Designate the judicial officer to whom it shall be returned.

(e) A warrant issued pursuant to this Code section must be executed and returned within ten days of its date of issuance unless, upon a showing of a need for additional time, the court orders otherwise. If property is seized pursuant to a warrant, a copy shall be provided upon request to the person from whom or from whose premises the property is taken, together with a receipt for the property taken. The return of the warrant shall be made promptly, accompanied by a written inventory of any property taken. A copy of the inventory shall be delivered upon request to the person from whom or from whose premises the property was taken and to the applicant for the warrant.

(f) The judicial officer who has issued a warrant shall attach thereto a copy of the return and all papers returnable in connection therewith and file them with the clerk of the superior court for the county in which the inspection was made.

A proceeding to contest any rule on the ground of noncompliance with the procedural requirements of this Code section shall be commenced within two years from the effective date of the rule.~~

~~(f)(1) In the event a standing committee to which a notice is assigned as provided in subsection (e) of this Code section files an objection to a proposed rule prior to its adoption and the agency adopts the proposed rule over the objection, the rule may be considered by the branch of the General Assembly whose committee objected to its adoption by the introduction of a resolution for the purpose of overriding the rule at any time within the first 30 days of the next regular session of the General Assembly. It shall be the duty of any agency which adopts a proposed rule over such objection so~~

~~to notify the presiding officers of the Senate and the House of Representatives, the chairpersons of the Senate and House committees to which the rule was referred, and the legislative counsel within ten days after the adoption of the rule. In the event the resolution is adopted by such branch of the General Assembly, it shall be immediately transmitted to the other branch of the General Assembly. It shall be the duty of the presiding officer of the other branch of the General Assembly to have such branch, within five days after the receipt of the resolution, to consider the resolution for the purpose of overriding the rule. In the event the resolution is adopted by two thirds of the votes of each branch of the General Assembly, the rule shall be void on the day after the adoption of the resolution by the second branch of the General Assembly. In the event the resolution is ratified by less than two thirds of the votes of either branch, the resolution shall be submitted to the Governor for his or her approval or veto. In the event of his or her veto, the rule shall remain in effect. In the event of his or her approval, the rule shall be void on the day after the date of his or her approval. As used in this subsection, the term:~~

~~(A) 'Emergency' means:~~

~~(i) A condition creating imminent peril to the public's health, safety, or welfare, including but not limited to, summary processes such as quarantines, contrabands, seizures; or~~

~~(2) In the event each standing committee to which a notice is assigned as provided in subsection (e) of this Code section files an objection to a proposed rule prior to its adoption by a two thirds' vote of the members of the committee who were voting members on the tenth day of the current session, after having given public notice of the time, place, and purpose of such vote at least 48 hours in advance, as well as the opportunity for members of the public including the promulgating agency, to have a reasonable time to comment on the proposed committee action at the hearing, the effectiveness of such rule shall be stayed until the next legislative session at which time the rule may be considered by the General Assembly by the introduction of a resolution in either branch of the General Assembly for the purpose of overriding the rule at any time within the first 30 days of the next regular session of the General Assembly. In the event the resolution is adopted by the branch of the General Assembly in which it was introduced, it shall be immediately transmitted to the other branch of the General Assembly. It shall be the duty of the presiding officer of the other branch of the General Assembly to have such branch, within five days after the receipt of the resolution, to consider the resolution for the purpose of overriding the rule. In the event the resolution is adopted by two thirds of the votes of each branch of the General Assembly, the rule shall be void on the day after the adoption of the resolution by the second branch of the General Assembly. In the event the resolution~~

~~is ratified by less than two-thirds of the votes of either branch, the resolution shall be submitted to the Governor for his or her approval or veto. In the event of his or her veto, the rule shall remain in effect. In the event of his or her approval, the rule shall be void on the day after the date of his or her approval. If after the thirtieth legislative day of the legislative session of which the challenged rule was to be considered the General Assembly has not considered an override of the challenged rule pursuant to this subsection, the rule shall then immediately take effect. If an agency finds that an emergency exists that requires adoption of a rule without compliance with subsection (a) of this Code section, such agency may submit such rule to the Governor without compliance with subsection (a) together with a written statement explaining the nature of the emergency and why compliance with subsection (a) would be imprudent.~~

(3) Any rule that meets the requirements of paragraph (2) of this subsection shall be deemed adopted upon its submission to the Governor. Such agency shall also file such rule in the office of the Secretary of State for purposes of complying with Code Section 50-13-6 and submit such rule to the legislative counsel for distribution in accordance with the procedures established by the General Assembly, provided that, if such rule relates to a public health emergency, the legislative counsel shall distribute such rule to the House Committee on Judiciary and the Senate Judiciary Committee. The submissions and filings under this paragraph shall include the written statement provided for in paragraph (2) of this subsection explaining the nature of the emergency.

(4) Rules adopted pursuant to this subsection shall be effective upon approval by signature of the Governor in an electronic or other writing and thereafter shall be effective for a period of not longer than 120 days; provided, however, that:

(A) Such rule shall be subject to subsection (d) of this Code section;

(B) The adoption of an identical rule under subsections (a) through (d) of this Code section shall not be precluded; and

(C) A rule adopted pursuant to discharge of responsibility under an executive order declaring a state of emergency as a result of a public health emergency shall be effective for the duration of the public health emergency and not more than 120 days thereafter.

(5) Except for rules that are provided for under this subsection and except as provided in subsections (h) and (i) of this Code section, this Code section shall be applicable to the exercise of any rule-making authority conferred by any statute, provided that nothing in this Code section shall repeal or diminish additional requirements imposed by law or diminish or repeal any summary power granted by law to the state or any agency thereof.

As part of such certification, the director shall cite the specific section or sections of federal statutes or regulations which the proposed rule is intended to comply with or implement. General references to the name or title of a federal statute or regulation shall not suffice for the purposes of this paragraph. Any proposed rule or rules that are subject to this paragraph shall be noticed separately from any proposed rule or rules that are not subject to this paragraph.

(2) In the event the chairperson of any standing committee to which a proposed rule certified by the director of the division pursuant to paragraph (1) of this subsection is assigned notifies the director that the committee objects to the adoption of the rule or has questions concerning the purpose, nature, or necessity of such rule, it shall be the duty of the director to consult with the committee prior to the adoption of the rule.

As used in this subsection, the term 'rule' shall have the same meaning as provided in paragraph (6) of Code Section 50-13-2 and shall include interpretive rules and general statements of policy, ~~notwithstanding any provision of subsection (a) of this Code section to the contrary.~~

(i) This Code section shall not apply to any comprehensive state-wide water management plan or revision thereof prepared by the Environmental Protection Division of the Department of Natural Resources and proposed, adopted, amended, or repealed pursuant to Article 8 of Chapter 5 of Title 12; provided, however, that this Code section shall apply to any rules or regulations implementing such a plan."

for the provision of education for any such children.

(8) The Department of Education, the State Charter Schools Commission, the Department of Human Services, the Department of Juvenile Justice, the Department of Behavioral Health and Developmental Disabilities, and the local units of administration where Department of Education, State Charter Schools Commission, Department of Juvenile Justice, Department of Behavioral Health and Developmental Disabilities, or Department of Human Services placements, facilities, or contract facilities are located shall jointly develop procedures binding on all agencies implementing the provisions of this Code section applicable to children and youth in the physical or legal custody of the Department of Juvenile Justice, under the care or physical or legal custody of the Department of Human Services, or under the physical custody of the Department of Behavioral Health and Developmental Disabilities."

Such actions shall be permitted to be filed before the date he or she attains the age of 31 years and against:

(A) A person who had a responsibility for the care of the plaintiff. For a plaintiff filing under this paragraph, damages against such person may be awarded only if the plaintiff proves by a preponderance of the evidence that such person acted negligently; and

(B) An entity when such entity had a responsibility for the care of the plaintiff, such entity knew or should have known of the alleged conduct giving rise to the civil action, and such entity's actions involved intentionally harboring, assisting, concealing, or withholding information about the person. This subparagraph shall only apply when such actions of harboring, assisting, concealing, or withholding information about the person occurred within 12 years of the date of the filing of the civil action.

(3) On and after July 1, 2018, notwithstanding Code Section 9-3-33, and in addition to the extended periods of limitations provided by this Code section, when an entity had a responsibility for the care of the plaintiff, any civil action for recovery of damages suffered as a result of childhood sexual abuse shall be commenced within one year from the date the plaintiff discovered evidence that such entity's actions involved harboring, assisting, concealing, or withholding information about the person. This paragraph shall only apply when such actions of harboring, assisting, concealing, or withholding information about the person occurred within 12 years of the date of the filing of the civil action.

(4) For purposes of subparagraph (B) of paragraph (2) and paragraph (3) of this subsection:

(A) Intentionally harboring, assisting, concealing, or withholding information about the person by an entity shall include at least two of the following:

(i) Intentionally failing to timely report suspected child abuse in accordance with Code Section 19-7-5 or to the parent or guardian of the plaintiff;

(5)(A) In any action for damages filed pursuant to this subsection, the plaintiff shall be required to file with the complaint an affidavit of an expert competent to testify setting forth specifically the factual basis and opinions relied upon to conclude that the plaintiff was subjected to childhood sexual abuse that resulted in harm to the

plaintiff. Such affidavit shall be filed under seal and may be amended.

(B) The contemporaneous affidavit filing requirement pursuant to subparagraph (A) of this paragraph shall not apply to any case in which the period of limitations will expire or there is a good faith basis to believe it will expire on any claim stated in the complaint within ten days of the date of filing the complaint and, because of time constraints, the plaintiff has alleged that an affidavit of an expert could not be prepared. In such cases, if the attorney for the plaintiff files with the complaint an affidavit in which the attorney swears or affirms that his or her law firm was not retained by the plaintiff more than 90 days prior to the expiration of the period of limitations on the plaintiff's claim or claims, the plaintiff shall have 45 days after the filing of the complaint to supplement the pleadings with the expert's affidavit. The trial court shall not extend such time for any reason without the consent of all parties. If either affidavit is not filed within the periods specified in this paragraph, or it is determined that the law firm of the attorney who filed the affidavit permitted in lieu of the contemporaneous filing of an expert affidavit or any attorney who appears on the pleadings was retained by the plaintiff more than 90 days prior to the expiration of the period of limitations, the complaint shall be dismissed for failure to state a claim.

(C) This paragraph shall not be construed to extend any applicable period of limitations, except that if the affidavits are filed within the periods specified in this paragraph, the filing of the affidavit of an expert after the expiration of the period of limitations shall be considered timely and shall provide no basis for a statute of limitations defense.

(D) If a complaint is filed without the contemporaneous filing of an affidavit as permitted by subparagraph (B) of this paragraph, the defendant shall not be required to file an answer to the complaint until 30 days after the filing of the affidavit of an expert, and no discovery shall take place until after the filing of the answer.

(E) If a plaintiff files an affidavit which is allegedly defective, and the defendant to whom it pertains alleges, with specificity, by motion to dismiss filed on or before the close of discovery, that said affidavit is defective, the plaintiff's complaint shall be subject to dismissal for failure to state a claim, except that the plaintiff may cure the alleged defect by amendment pursuant to Code Section 9-11-15 within 30 days of service of the motion alleging that the affidavit is defective. The trial court may, in the exercise of its discretion, extend the time for filing said amendment or response to the motion, or both, as it shall determine justice requires.

(F) If a plaintiff fails to file an affidavit as required by this paragraph and the defendant raises the failure to file such an affidavit by motion to dismiss filed contemporaneously with its initial responsive pleading, such complaint shall not be subject to the renewal provisions of Code Section 9-2-61 after the expiration of the applicable period of limitation, unless a court determines that the plaintiff had the requisite affidavit within the time required by this Code section and the failure to file the affidavit was the result of a mistake.

(6) Notwithstanding the period of limitations set forth in this subsection, or the nature

of the civil action or relief sought, the doctrine of equitable tolling under Article 5 of Chapter 3 of Title 9 or the doctrine of laches shall apply to cases at law or equity filed under this subsection, in the discretion of the court."

SECTION 4.

Said Code section is further amended by adding two new subsections to read as follows:

"(f) For purposes of imposing liability on an entity under this Code section, when an entity is an unincorporated association, the individual members or owners of it shall not be personally liable for the actions of such association unless such individual's own actions constitute negligence by being a deviation from the standard of care that an ordinarily prudent person would exercise in a like position under similar circumstances.

(g) For any civil action filed pursuant to subsection (e) of this Code section, on and after July 1, 2018, an entity shall be deemed not to have intentionally harbored, assisted, concealed, or withheld information about the individual alleged to have committed the act of childhood sexual abuse if it timely complied with the mandatory reporting requirements in accordance with Code Section 19-7-5 or timely reported to the parent or guardian of the plaintiff."

(b) A licensed veterinarian may practice veterinary medicine as an employee of a corporation, partnership, or other business organization, ~~provided the articles of incorporation, partnership, or business organization documents clearly state that the licensed veterinarian is not subject to the direction of anyone not licensed to practice veterinary medicine in Georgia in making veterinary medical decisions or judgments.~~

43-50-31.

(b) The application shall be accompanied by a fee in the amount established by the board.

(c) The division director shall record the new licenses and issue ~~a certificate of registration~~ to the new licensees.

~~43-50-33.~~

~~Any person holding a valid license to practice veterinary medicine in this state on July 1, 2003, shall be recognized as a licensed veterinarian and shall be entitled to retain this status so long as he or she complies with this article, including biennial renewal of the license.~~

~~43-50-40.~~

~~(a) All licenses and registrations under this article shall be renewable biennially.~~

~~(b) Any person who shall practice veterinary medicine or veterinary technology after the expiration of his or her license or registration and willfully or by neglect fail to renew such license or registration shall be practicing in violation of this article, provided that any person may renew an expired license or registration within the period established by the division director in accordance with Code Section 43-1-4 by making application for renewal and paying the applicable fees. ~~(c) The board may, by rule, waive the continuing education requirements and the payment of the renewal fee of a licensed veterinarian or ~~registered~~ licensed veterinary technician during the period when he or she is on active duty with any branch of the armed forces of the United States, ~~not to exceed the longer of three years or the duration of a national emergency.~~~~

~~(d)(1) The board shall establish a program of continuing professional veterinary medical education requirements for the renewal of veterinary licenses. 43-50-41.

(a) The board is authorized to refuse to grant a license ~~or registration~~ to an applicant, to suspend or revoke the license or registration of a person licensed ~~or registered~~ by the board, or to discipline a person licensed ~~or registered~~ under this chapter or any antecedent law, upon a finding by a majority of the entire board that the licensee, ~~registrant,~~ or applicant has:

(1) Failed to demonstrate the qualifications or standards for a license ~~or registration~~ contained in this chapter or in the rules and regulations issued by the board, pursuant to specific statutory authority. It shall be incumbent upon the applicant to demonstrate to the satisfaction of the board that he or she meets all the requirements for the issuance of a license ~~or registration~~, and, if the board is not satisfied as to the applicant's qualifications, it may deny a license ~~or registration~~ without a prior hearing; provided, however, that the applicant shall be allowed to appear before the board if he or she so desires;

(A) A plea of nolo contendere was entered to the charge;

(B) First offender treatment without adjudication of guilt pursuant to the charge was granted; or

(C) An adjudication or sentence was otherwise withheld or not entered on the charge.

The plea of nolo contendere or the order entered pursuant to the provisions of Article 3 of Chapter 8 of Title 42 or other first offender treatment shall be conclusive evidence of arrest and sentencing for such crime;

(5) Had his or her license to practice veterinary medicine or ~~registration to practice~~ veterinary technology revoked, suspended, or annulled by any lawful licensing veterinary medical authority other than the board; ~~or~~ had other disciplinary action taken against him or her by any lawful licensing or registering veterinary medical authority other than the board; ~~or~~ was denied a license ~~or registration~~ by any lawful licensing veterinary medical authority other than the board, pursuant to disciplinary proceedings; or was refused the renewal of a license ~~or registration~~ by any lawful licensing veterinary medical authority other than the board, pursuant to disciplinary proceedings;

(6) Engaged in any unprofessional, immoral, unethical, deceptive, or deleterious conduct or practice harmful to the public, which ~~conduct or practice~~ materially affects the fitness of the licensee, ~~registrant~~, or applicant to practice veterinary medicine or veterinary technology, or is of a nature likely to jeopardize the interest of the public, and which ~~conduct or practice~~ need not have resulted in actual injury or be directly related to the practice of veterinary medicine or veterinary technology but shows that the licensee, ~~registrant~~, or applicant has committed any act or omission which is indicative of bad moral character or untrustworthiness. Unprofessional conduct shall also include any departure from, or the failure to conform to, the minimal standards of acceptable and prevailing veterinary medical practice or veterinary technology practice. Unprofessional conduct shall also include, but not be limited to, the ~~following~~: failure to keep veterinary facility premises and equipment in a clean and sanitary condition; dishonesty or gross negligence in the inspection of foodstuffs or the issuance of health or inspection certificates; or cruelty to animals;

veterinary medicine or veterinary technology or to practice outside the scope of any disciplinary limitation placed upon the licensee ~~or registrant~~ by the board;

(8) Violated a statute, law, or any rule or regulation of this state, any other state, the board, the United States, or any other lawful authority (without regard to whether the violation is criminally punishable), which ~~statute, law, rule, or regulation~~ relates to or in part regulates the practice of veterinary medicine or veterinary technology, when the licensee, ~~registrant~~, or applicant knows or should know that such action violates such statute, law, rule, or regulation; or violated the lawful order of the board previously entered by the board in a disciplinary hearing, consent decree, or license reinstatement;

(9) Been adjudged mentally incompetent by a court of competent jurisdiction within or without this state. Any such adjudication shall automatically suspend the license ~~or registration~~ of any such person and shall prevent the reissuance or renewal of any license ~~or registration~~ so suspended for as long as the adjudication of incompetence is in effect;

(10) Displayed an inability to practice veterinary medicine or veterinary technology with reasonable skill and safety to animal patients or has become unable to practice veterinary medicine or veterinary technology with reasonable skill and safety to animal patients by reason of illness, use of alcohol, drugs, narcotics, chemicals, or any other type of material, ~~or~~; as a result of any mental or physical condition; ~~;~~ or by reason of displaying habitual intoxication, addiction to, or recurrent personal misuse of alcohol, drugs, narcotics, chemicals, or any other type of similar substances. In enforcing this paragraph, the board may, upon reasonable grounds, require a licensee, ~~registrant~~, or applicant to submit to a mental or physical examination by physicians designated by the board. The results of such examination shall be admissible in any hearing before the board, notwithstanding any claim of privilege under a contrary rule of law or statute. Every person who shall accept the privilege of practicing veterinary medicine or veterinary technology in this state or who shall file an application for a license ~~or registration~~ to practice veterinary medicine or veterinary technology in this state shall be deemed to have given that person's consent to submit to such mental or physical examination and to have waived all objections to the admissibility of the results in any hearing before the board upon the grounds that the same constitutes a privileged communication. If a licensee, ~~registrant~~, or applicant fails to submit to such an examination when properly directed to do so by the board, unless such failure is due to circumstances beyond his or her control, the board may enter a final order upon proper notice, hearing, and proof of such refusal. Any licensee, ~~registrant~~, or applicant who is prohibited from practicing veterinary medicine or veterinary technology under this paragraph shall at reasonable intervals be afforded an opportunity to demonstrate to the board that such person can resume or begin the practice of veterinary medicine or veterinary technology with reasonable skill and safety to animal patients;

(11) Failed to register with the division director as required by law. It shall be the duty of every licensee ~~or registrant~~ to notify the board of any change in his or her

address of record with the board; provided, however, that, for a period established by the division director after failure to register, a license ~~or registration~~ may be reinstated by payment of a registration fee to be determined by the board by rule and by filing of a special application therefor. After this period has elapsed, a license ~~or registration~~ may be revoked for failure to register and for failure to pay the fee as provided by law;

(12) Engaged in the excessive prescribing or administering of drugs or treatment or the use of diagnostic procedures which are detrimental to the animal patient as determined by the customary practice and standards of the local community of licensees; ~~or~~ knowingly prescribed controlled drug substances or any other medication without a legitimate veterinary medical purpose; or knowingly overprescribed controlled drug substances or other medication, in light of the condition of the animal patient at the time of prescription;

(c) For purposes of this Code section, the board may obtain, and is authorized to subpoena, upon reasonable grounds, any and all records relating to the mental or physical condition of a licensee, ~~registrant~~, or applicant, and such records shall be admissible in any hearing before the board.

(d) When the board finds that any person is unqualified to be granted a license ~~or registration~~ or finds that any person should be disciplined pursuant to subsection (a) of this Code section, the board may take any one or more of the following actions:

(4) Limit or restrict any license ~~or registration~~ as the board deems necessary for the protection of the public;

- (5) Revoke any license ~~or registration~~; or
- (6) Condition the penalty upon, or withhold formal disposition pending, the applicant's, ~~registrant's~~, or licensee's submission to such care, counseling, or treatment as the board may direct.
- (e) In addition to and in conjunction with the actions described in subsection (d) of this Code section, the board may make a finding adverse to the licensee, ~~registrant~~, or applicant but withhold imposition of judgment and penalty; or it may impose the judgment and penalty but suspend enforcement thereof and place the licensee ~~or registrant~~ on probation, which ~~probation~~ may be vacated upon noncompliance with such reasonable terms as the board may impose.
- (f) Initial judicial review of a final decision of the board shall be had solely in the superior court of the county of domicile of the board.
- (g) In its discretion, the board may reinstate a license ~~or registration~~ which has been revoked or issue a license ~~or registration~~ which has been denied or refused, following such procedures as the board may prescribe by rule; and, as a condition thereof, it may impose any disciplinary or corrective method provided in this chapter.
- (h)(1) The division director is authorized to make, or cause to be made through employees or contract agents of the board, such investigations as he or she or the board may deem necessary or proper for the enforcement of the provisions of this chapter. Any person properly conducting an investigation on behalf of the board shall have access to and may examine any writing, document, or other material relating to the fitness of any licensee, ~~registrant~~, or applicant. The division director or his or her appointed representative may issue subpoenas to compel such access upon a determination that reasonable grounds exist for the belief that a violation of this chapter or any other law relating to the practice of veterinary medicine or veterinary technology may have taken place.
- (2) The results of all investigations initiated by the board shall be reported solely to the board, and the records of such investigations shall be kept for the board by the division director, with the board retaining the right to have access at any time to such records. No part of any such records shall be released, except to the board, for any purpose other than a hearing before the board, nor shall such records be subject to subpoena; provided, however, that the board shall be authorized to release such records to another enforcement agency or lawful licensing authority.
- (3) The board shall have the authority to exclude all persons during its deliberations on disciplinary proceedings and to discuss any disciplinary matter in private with a licensee, ~~registrant~~, or applicant and the legal counsel of that licensee, ~~registrant~~, or applicant.
- (i) A person, firm, corporation, association, authority, or other entity shall be immune from civil and criminal liability for reporting or investigating the acts or omissions of a licensee, ~~registrant~~, or applicant which violate the provisions of subsection (a) of this Code section or any other provision of law relating to a licensee's, ~~registrant's~~, or applicant's fitness to practice as a licensed veterinarian or ~~registered~~ licensed veterinary technician or for initiating or conducting proceedings against such licensee, ~~registrant~~,

or applicant, if such report is made or action is taken in good faith, without fraud or malice. Any person who testifies or who makes a recommendation to the board in the nature of peer review, in good faith, without fraud or malice, before the board in any proceeding involving the provisions of subsection (a) of this Code section or any other law relating to a licensee's, ~~registrant's~~, or applicant's fitness to practice as a licensed veterinarian or ~~registered~~ licensed veterinary technician shall be immune from civil and criminal liability for so testifying.

Notice and hearing within the meaning of Chapter 13 of Title 50 shall not be required, but the applicant, ~~registrant~~, or licensee shall be allowed to appear before the board if he or she so requests.

(k) If any licensee, ~~registrant~~, or applicant fails to appear at any hearing after reasonable notice, the board may proceed to hear the evidence against such licensee, ~~registrant~~, or applicant and take action as if such licensee, ~~registrant~~, or applicant had been present. A notice of hearing, initial or recommended decision, or final decision of the board in a disciplinary proceeding shall be served upon the licensee, ~~registrant~~, or applicant by certified mail or statutory overnight delivery, return receipt requested, to the last known address of record with the board. If such material is returned marked 'unclaimed' or 'refused' or is otherwise undeliverable and if the licensee, ~~registrant~~, or applicant cannot, after diligent effort, be located, the division director shall be deemed to be the agent for service for such licensee, ~~registrant~~, or applicant for purposes of this Code section, and service upon the division director shall be deemed to be service upon the licensee, ~~registrant~~, or applicant.

(l) The voluntary surrender of a license ~~or registration~~ shall have the same effect as a revocation of the license ~~or registration~~, subject to reinstatement in the discretion of the board.

(m) This Code section shall apply equally to all licensees, ~~registrants~~, or applicants whether ~~individuals~~ persons, partners, or members of any other incorporated or unincorporated associations, corporations, or other associations of any kind whatsoever.

(n) All subpoenas issued pursuant to the authority granted in this chapter shall be subject to the general rules of law with respect to distance, tender of fees and expenses, and protective orders; and any motion made with respect thereto shall be made to and passed on by a judge of the superior court of the county of residence of the person to whom the subpoena is directed.

(o) Any proceeding or administrative action instituted under this Code section shall be governed by the provisions of this Code section as they existed in full force and effect on the date of the commission of the act or acts constituting a violation of this Code section, except as otherwise specifically declared by the General Assembly.

Chapter 2A of Title 20 of the Official Code of Georgia Annotated, relating to student scholarship organizations, is amended by restating the introductory language, revising paragraphs (1) and (5), and adding a new paragraph in Code Section 20-2A-2, relating to requirements for student scholarship organizations, as follows:

"Each student scholarship organization:

(1) With respect to the first \$1.5 million of its annual revenue received from donations for scholarships or tuition grants, must obligate at least ~~90~~ 92 percent of such revenue for scholarships or tuition grants; with respect to its annual revenue received from donations for scholarships or tuition grants in excess of \$1.5 million and up to and including \$10 million, must obligate at least ~~93~~ 94 percent of such revenue for scholarships and tuition grants; with respect to its annual revenue received from donations for scholarships or tuition grants in excess of \$10 million and up to and including \$20 million, must obligate at least ~~94~~ 95 percent of such revenue for scholarships and tuition grants; and, with respect to its annual revenue received from donations for scholarships or tuition grants in excess of \$20 million, must obligate at least ~~95~~ 96 percent of such revenue for scholarships and tuition grants. On or before the end of the calendar year following the calendar year in which a student scholarship organization receives revenues from donations and obligates them for the awarding of scholarships or tuition grants, the student scholarship organization shall designate the obligated revenues for specific student recipients. Once the student scholarship organization designates obligated revenues for specific student recipients, in the case of multiyear scholarships or tuition grants, the student scholarship organization may distribute the entire obligated and designated revenues to a qualified school or program to be held in accordance with Department of Revenue rules for

distribution to the specified recipients during the years in which the recipients are projected in writing by the private school to be enrolled at the qualified school or program. In making a multiyear distribution to a qualified school or program, the student scholarship organization shall require that if the designated student becomes ineligible or for any other reason the qualified school or program elects not to continue disbursement of the multiyear scholarship or tuition grant to the designated student for all the projected years, then the qualified school or program shall immediately return the remaining funds to the student scholarship organization. Once the student scholarship organization designates obligated revenues for specific student recipients, in the case of multiyear scholarships or tuition grants for which the student scholarship organization distributes the obligated and designated revenues to a qualified school or program annually rather than the entire amount, if the designated student becomes ineligible or for any other reason the student scholarship organization elects not to continue disbursement for all years, then the student scholarship organization shall designate any remaining previously obligated revenues for a new specific student recipient on or before the end of the following calendar year. The maximum scholarship amount given by the student scholarship organization in any given year shall not exceed the average state and local expenditures per student in fall enrollment in public elementary and secondary education for this state. The Department of Education shall determine and publish such amount annually, no later than January 1;"

"(5) Must conduct an audit of its accounts by an independent certified public accountant within 120 days after the completion of the student scholarship organization's fiscal year verifying that it has complied with all requirements of this Code section, including, but not limited to, financial requirements. Each student scholarship organization shall provide a copy of such audit to the Department of Revenue in accordance with Code Section 20-2A-3. Notwithstanding Code Sections 20-2A-7, 48-2-15, 48-7-60, and 48-7-61, if the copy of the audit submitted fails to verify that the student scholarship organization obligated its annual revenue received from donations for scholarships or tuition grants as required under paragraph (1) of this Code section; that obligated revenues were designated for specific student recipients within the time frame required by paragraph (1) of this Code section; and that all obligated and designated revenue distributed to a qualified school or program for the funding of multiyear scholarships or tuition grants complied with all applicable Department of Revenue rules, then the Department of Revenue shall post on its website the details of such failure to verify. Until any such noncompliant student scholarship organization submits an amended audit, which, to the satisfaction of the Department of Revenue, contains the verifications required under this Code section, the Department of Revenue shall not preapprove any contributions to the noncompliant student scholarship organization; ~~and~~

(5.1) In addition to the audit required by paragraph (5) of this Code section, in 2023, the state auditor shall issue an economic analysis report on the performance of this tax credit to the chairpersons of the House Committee on Ways and Means and the Senate

Finance Committee. An economic analysis shall include, but not be limited to, a good faith estimate, on both a direct and indirect basis, as to the:

- (A) Net change in state revenue;
- (B) Net change in state expenditures, which shall include, but not be limited to, costs of administering the tax credit;
- (C) Net change in economic activity; and
- (D) Net change in public benefit; and"

SECTION 3.

Said chapter is further amended by revising Code Section 20-2A-3, relating to taxation reporting requirements for student scholarship organizations, as follows:

"20-2A-3.

(a) Each student scholarship organization must report annually to the Department of Revenue, on a date determined by the Department of Revenue and on a form provided by the Department of Revenue, ~~by January 12 of each tax year~~ the following:

"(101)(A) The sale or use of noncommercial written materials or mailings by an organization which is exempt from taxation under Section 501(c)(3) of the Internal Revenue Code, if the organization is located in this state and provides such materials to charity supporters for educational, charitable, religious, or fundraising purposes, to the extent provided in subparagraph (B) of this paragraph.

Said title is further amended by revising subparagraph (a)(1)(B), paragraph (2) of subsection (a), and subsection (d) of Code Section 17-10-1, relating to fixing of sentence, as follows:

"(B) When a defendant with no prior felony conviction is convicted of felony offenses or is charged with felony offenses and is sentenced pursuant to subsection (a) or (c) of Code Section 16-13-2 or Article 3 of Chapter 8 of Title 42, ~~has no prior felony conviction,~~ and the court imposes a sentence of probation or not more than 12 months of imprisonment followed by a term of probation, ~~not to include a split sentence,~~ the court shall include a behavioral incentive date in its sentencing order that does not exceed three years from the date such sentence is imposed. Within 60 days of the expiration of such incentive date, if the defendant has not been arrested for anything other than a nonserious traffic offense as defined in Code Section 35-3-37, has been compliant with the general and special conditions of probation imposed, and has paid all restitution owed, the Department of Community Supervision shall notify the prosecuting attorney and the court of such facts. The Department of Community Supervision shall provide the court with an order to terminate such defendant's probation which the court shall execute unless the court or the prosecuting attorney requests a hearing on such matter within 30 days of the receipt of such order. The court shall take whatever action it determines would be for the best interest of justice and the welfare of society."

When determining significant financial hardship, the court may consider whether the defendant is indigent and whether the defendant or his or her dependents has a developmental disability or is totally and permanently disabled. If the court waives the imposition of a fine under this paragraph, it shall instead impose a theoretical fine and the defendant shall be

required to pay the statutory surcharges associated therewith."

Such court shall maintain jurisdiction over the case for this limited purpose and duration. Such petition shall be served on the arresting law enforcement agency and the prosecuting attorney. If a hearing is requested, such hearing shall be held within 90 days of the filing of the petition. (3) When an individual's case has remained on the dead docket for more than 12 months, such individual may petition the ~~superior~~ court in ~~the county where~~ which the case is pending to restrict access to criminal history record information for such offense. Such petition shall be served on the prosecuting attorney. If a hearing is requested, such hearing shall be held within 90 days of the filing of the petition. The court shall hear evidence and shall determine whether granting an order restricting such criminal history record information is appropriate, giving due consideration to the reason the case was placed on the dead docket; provided, however, that the court shall not grant such motion if an active warrant is pending for such individual.

(4)(A) When an individual was convicted in this state of a misdemeanor or a series of misdemeanors arising from a single incident, and at the time of such conviction such individual was a youthful offender, provided that such individual successfully completed the terms of his or her sentence and, since completing the terms of his or her sentence, has not been arrested for at least five years, excluding any arrest for a nonserious traffic offense, and provided, further, that he or she was not convicted in this state of a misdemeanor violation or under any other state's law with similar provisions of one or more of the offenses listed in subparagraph (B) of this paragraph, he or she may petition the ~~superior~~ court in ~~the county where~~ which the conviction occurred to restrict access to criminal history record information. Such court shall maintain jurisdiction over the case for this limited purpose and duration. Such petition shall be served on the prosecuting attorney. If a hearing is requested, such hearing shall be held within 90 days of the filing of the petition. The court shall hear evidence and shall determine whether granting an order restricting such criminal history record information is appropriate, giving due consideration to the individual's conduct and the public's interest in the criminal history record information being publicly available."

(5) 'Protected cell' means a separate and distinct account or accounts established by a sponsored captive insurance company in which an identified pool of assets are maintained for one or more participants in accordance with the terms of one or more participant contracts to fund the liability of the sponsored captive insurance company insured or assumed on behalf of such participants as set forth in such participant contracts. (a) A sponsored captive insurance company licensed under this chapter may establish and maintain one or more protected cells to insure or reinsure risks subject to the provisions, terms, and conditions set forth in this chapter, and it is the intent of the General Assembly to provide sponsored captive insurance companies with the option to establish one or more protected cells as incorporated protected cells without limiting any rights or protections applicable to unincorporated protected cells.

(b) The creation of a protected cell pursuant to this chapter does not create, with respect to such protected cell, a legal person separate from the sponsored captive insurance company of which it is a part unless such protected cell is an incorporated protected cell.

(c) In addition to the provisions required by subparagraphs (c)(1)(B) and (c)(1)(C) of Code Section 33-41-5, an incorporated protected cell must also include the following in its formation documents;

In the case of a contract or obligation to which the sponsored captive insurance company is not a party, either in its own name and for its own account or on behalf of a protected cell, the counterparty to the contract or obligation shall have no right or recourse against the sponsored captive insurance company and its assets other than against assets properly attributable to the incorporated protected cell that is a party to the contract or obligation.

33-41-104.

(a) All attributions of assets and liabilities to the protected cells and the general account shall be made by the sponsored captive insurance company in accordance with the business plan and applicable participant contracts as approved by the Commissioner, and unless the sponsor consents and the Commissioner has granted prior written approval, the general account shall not be used to pay any expenses or claims attributed solely to a protected cell.

(b) When establishing a protected cell, the sponsored captive insurance company shall attribute to the protected cell assets with a value at least equal to the reserves and other insurance liabilities attributable to such protected cell in cash or in readily marketable securities with established market value.

(c) Amounts attributable to a protected cell under this chapter are owned by the protected cell. No sponsored captive insurance company shall be, or hold itself out to be, a trustee with respect to those protected cell assets of such protected cell account. Notwithstanding this subsection, the sponsored captive insurance company may allow for a security interest to attach to protected cell assets when in favor of a creditor of the protected cell and otherwise allowable under applicable law.

(d) Each protected cell shall be accounted for separately on the books and records of the sponsored captive insurance company to reflect each protected cell's financial condition and results of operations, net income or loss, dividends or other distributions to participants, and such other factors regarding each protected cell as may be provided in the applicable participant contract or required by the Commissioner.

(e) The assets of a protected cell shall not be chargeable with liabilities of any other protected cell or, unless otherwise agreed in the applicable participant contract, of the sponsored captive insurance company generally.

(f) No sale, exchange, transfer of assets, dividend, or distribution, other than a transaction in accordance with the applicable participant contract, may be made with respect to a protected cell by or to a sponsored captive insurance company or participant without the Commissioner's written approval. In no event shall such approval be given if the sale, exchange, transfer, dividend, or distribution would result in the insolvency or impairment of a protected cell.

(g) The remedy of tracing is applicable to protected cell assets if they are commingled with protected cell assets of other protected cells or the general account in violation of this article and any applicable participant contracts. The remedy of tracing shall not be construed as an exclusive remedy.

(h) The sponsored captive insurance company shall attribute all insurance obligations, assets, and liabilities relating to a reinsurance contract entered into with respect to a protected cell to such protected cell as set forth in the business plan and participant contracts approved by the Commissioner, which may include a tax allocation agreement to which the sponsored captive insurance company is a party.

(i) Notwithstanding any other provision of this chapter, the assets of two or more protected cells may be combined for purposes of investment, and such combination shall not be construed as defeating the segregation of such assets for accounting or other purposes.

(j) Notwithstanding any other provisions of this title, sponsored captive insurance companies shall not be subject to any restrictions on eligible investments whatever; however, the Commissioner may prohibit or limit any investment that threatens the solvency or liquidity of any sponsored captive insurance company.

(k) If required by the Commissioner, in his or her discretion, the business written by a sponsored captive insurance company, with respect to each protected cell, shall be:

(1) Fronted by an insurance company licensed pursuant to the laws of any state;

(2) Reinsured by a reinsurer authorized or approved by the Commissioner; or

(3) Secured by a trust fund in the United States for the benefit of participants, policyholders, and claimants or funded by an irrevocable letter of credit or other arrangement that is acceptable to the Commissioner. The Commissioner, in his or her sole discretion, shall approve the form, terms, and funding amount of any trust, and may require the sponsored captive insurance company to increase the funding of any security arrangement established under this chapter. If the form of security is a letter of credit, the letter of credit must be in conformance with Code Section 33-41-9 and approved by the Commissioner.

33-41-105.

(a) In connection with the conservation, rehabilitation, or liquidation of captive insurance companies set forth in Code Section 33-41-21, including sponsored captive insurance companies, the assets and liabilities of a protected cell shall at all times be kept separate from, and shall not be commingled with, those of other protected cells and the sponsored captive insurance company except to the extent that the assets and liabilities of any one or more protected cells are determined to have not been allocated, segregated, and separated pursuant to the business plan and participant contracts approved by the Commissioner, and which are subject to the tracing provisions set forth in this article.

(b) Notwithstanding the provisions of this title, in the event of the insolvency of a sponsored captive insurance company where the Commissioner determines that one or more protected cells remain solvent, the Commissioner may separate such cells from

the sponsored captive insurance company and may allow, on application of the sponsored captive insurance company or participant, for the conversion of such protected cells into one or more new or existing other captive insurance companies.

33-41-106.

All provisions set forth in subsection (c) of Code Section 33-41-16 shall also apply to sponsored captive insurance companies in the same manner."

The regional educational service agencies established by the state board may legally be referred to as 'RESA' or 'RESA's.'

(b) The State Board of Education shall establish the service area of each regional educational service agency as a geographically defined area of the state. All local school systems, state charter schools, Technical College System of Georgia facilities and institutions, and University System of Georgia facilities and institutions that are located in the designated geographical area shall be members of that regional educational service agency.

(c) Every state supported postsecondary institution shall be an active member of a

regional educational service agency.

(d) Each regional educational service agency and its employees shall be subject to or exempt from taxation in the same manner as are school systems and school system employees.

All member local school systems and state charter schools shall be provided the services of the Georgia Learning Resources System.

(c) The Psychoeducational Network for severely emotionally disturbed students shall be continued in effect. The service areas of units of the Psychoeducational Network for severely emotionally disturbed students in place on January 1, 1995, shall be continued

Upon the request of a majority of the local school superintendents of the local school systems within a service area, representatives of each of the local school systems in the respective service area shall vote in the manner and at the time prescribed by the state board to determine if one of the local school systems or the regional educational service agency serving the respective service area shall serve as the fiscal agent for the respective unit of the Psychoeducational Network for the ensuing fiscal year. In the event this vote results in a change in the fiscal agent for the respective unit, the new fiscal agent shall continue in this capacity for a minimum of three fiscal years. SECTION 3.

Said title is further amended by revising Code Section 20-2-271, relating to development of regional improvement plan, introduction of core services, instructional care teams, and establishment of alternative methods of teacher certification, as follows:

The instructional care team shall consist of such number of persons with such experience as a principal, teacher, or other education personnel so as to best address the needs of the school. Such instructional care team shall conduct an investigation into such aspects of instruction at the school as requested by the local board or state charter school, prepare a written evaluation of such aspects of the school, and make nonbinding recommendations to the local board or state charter school regarding improvements at the school. Such property shall be held in the name of the regional educational service agency."

SECTION 4.

Said title is further amended by revising Code Section 20-2-272, relating to agency board of control, membership, powers and duties, and planning boards, as follows:

"20-2-272.

(a) Each regional educational service agency shall be governed by a board of control. On and after July 1, 2000, the school superintendent of each member school system, the president or highest administrator of each member postsecondary institution, and a local public or regional library director appointed by the director of the Office of Public Library Services of the Board of Regents of the University System of Georgia shall serve as the board of control.

(b) All laws and the policies and regulations of the State Board of Education applicable to local school systems and local boards of education shall be applicable, when appropriate, to the regional educational service agencies and their boards of control unless explicitly stated otherwise in this part. No board of control shall levy or collect any taxes. No board of control shall expend or contract to expend any funds beyond the amount of funds that the board of control is legally authorized to receive and will, in fact, receive, except as otherwise provided in this part. Each board of control shall submit an annual report and an annual budget to the state board, in the manner prescribed by the state board, for review and approval.

(c) The State Board of Education shall be responsible for assuring that the activities of each regional educational service agency and its board of control established under this part conform to both the Constitution and laws of Georgia, as well as the policies and regulations of the state board.

(d) Boards of control shall determine the assistance needed by local school systems and state charter schools in the area served by each regional educational service agency, establish priorities from those needs, and allocate resources accordingly. Boards of control shall annually review the effectiveness and efficiency of such agencies. Boards of control shall determine the procedures and activities by which each regional educational service agency achieves locally established objectives and shall establish job descriptions, personnel qualifications, and work schedules consistent with locally established priorities and objectives.

(e) In the event the State Board of Education adopts a policy to reorganize the service areas of regional educational service agencies pursuant to Code Section 20-2-270 effective July 1 of a fiscal year, members of boards of control during the preceding fiscal year shall constitute planning boards for the respective service areas to be established the ensuing July 1. Each planning board shall have the authority to establish the location or locations of the office or offices of its regional educational service agency effective the ensuing July 1, to issue contracts with a director and other agency staff to be employed effective the ensuing fiscal year, to assess the needs of all potential member local school systems and state charter schools, to prepare operational plans and budgets for the ensuing fiscal year, to establish the manner by which the local share of the budget will be assessed to potential member local school systems and state charter schools, and to make any other such decisions that the state board deems

necessary for an orderly transition of service areas for regional educational service agencies. Such decisions shall be adopted by these planning boards prior to December 15 of the fiscal year preceding the effective date for reorganization of the service areas. Any such planning board shall be authorized to amend, prior to April 15 of that fiscal year, any such decisions which are necessary as the result of the actions of the General Assembly during its regular session during that fiscal year."

SECTION 5.

Said title is further amended by revising Code Section 20-2-274, relating to uniform state-wide needs program and documented local needs program grants, as follows:

"20-2-274.

(a) The state board shall be authorized to provide each regional educational service agency with a uniform state-wide needs program grant and a documented local needs program grant, subject to appropriation by the General Assembly. The uniform state-wide needs program grant shall consist of two components: the same fixed amount for each regional educational service agency; and an amount which reflects the number of local school systems, the number of schools, the number of students, and the number of square miles contained collectively within its member local school systems and state charter schools. Each regional educational service agency shall be required to match the uniform state-wide needs program grant with an amount of funds equal to one-fourth of this grant. The uniform state-wide needs grant and its matching local funds shall be used to finance the basic administrative overhead of the regional educational service agencies and to provide the areas of assistance specified in Code Sections 20-2-270.1 and 20-2-271. The amount of funds granted to each regional educational service agency for the documented local needs program grant shall depend upon the proportion that the number of local school systems, number of schools, number of students, and number of square miles contained collectively within its member local school systems and state charter schools are of these respective factors state wide, as well as the adopted operational plan and the budget designed to address documented needs for assistance to member local school systems and state charter schools. Each regional educational service agency shall be required to match the documented local needs program grant with an amount of funds equal to two-thirds of that grant. The state board shall provide grants to regional educational service agencies for Georgia Learning Resources Systems or to a local school system contracted to be a fiscal agent for a Georgia Learning Resources System. Each board of control shall be authorized to adopt the manner by which each member local school system and state charter school shall be assessed its share of the uniform state-wide needs program and the documented local needs program; provided, however, that member local school systems and state charter schools shall not be allowed to use funds received under the provisions of this article for this purpose. The state board shall grant the regional educational service agency the funds needed to provide services to all local school systems and state charter schools in the service area of the Georgia Learning Resources System designated as the fiscal agent or to any local school system contracted to serve as the fiscal agent for a

Georgia Learning Resource System as well as the grants authorized previously by this subsection. All other financing will be based on contracts to supply service programs to member local school systems and state charter schools. The funds for these programs, upon a contract approval basis, may be derived from local, state, federal, or private sources.

(b) A regional educational service agency may not receive directly from the State Board of Education any state funds originally intended for or directed to a local school system or state charter school by this article; provided, however, that, upon the official request of a local school system or state charter school, the state board may send directly to a regional educational service agency any funds allocated to a local school system or state charter school. All grants from the state along with the contributions from member local school systems or state charter schools and funds from other sources shall be budgeted by the board of control other than those designated to local school systems designated as fiscal agents for a Georgia Learning Resource System through contract with the State Board of Education."

SECTION 6.

Said title is further amended by revising subsection (d) and by adding a new subsection to Code Section 20-2-2068.1, relating to charter school funding, as follows:

"(d)(1) Effective July 1, 2012, except as otherwise provided in paragraph (2) of this subsection, the department shall pay to each state chartered special school through appropriation of state funds an amount equal to the sum of:

(A)(i) QBE formula earnings and QBE grants earned by the state chartered special school based on the school's enrollment, school profile, and student characteristics. For purposes of this subparagraph, the term 'QBE formula earnings' means funds earned for the Quality Basic Education Formula pursuant to Code Section 20-2-161, including the portion of such funds that are calculated in accordance with Code Section 20-2-164. QBE formula earnings shall include the salary portion of direct instructional costs, the adjustment for training and experience, the nonsalary portion of direct instructional costs, and earnings for psychologists and school social workers, school administration, facility maintenance and operation, media centers, additional days of instruction in accordance with Code Section 20-2-184.1, and staff development, as determined by the department; and

(B) The state-wide average amount of the total revenues less federal revenues less state revenues other than equalization grants per full-time equivalent for all school systems; provided, however, that, if the average amount of the total revenues less federal revenues less state revenues other than equalization grants per full-time equivalent for the local school systems that comprise the attendance zone of the state chartered special school is less than the state-wide average amount of the total

revenues less federal revenues less state revenues other than equalization grants per full-time equivalent for all school systems, the state chartered special school shall receive the greater of:

(i) The average amount of the total revenues less federal revenues less state revenues other than equalization grants per full-time equivalent for the local school systems that comprise the attendance zone of the state chartered special school; or

(ii) The average amount of the total revenues less federal revenues less state revenues other than equalization grants per full-time equivalent for the lowest five school systems ranked by assessed valuation per weighted full-time equivalent count, as determined by the department; and

(C)(i) For brick-and-mortar state chartered special schools, the ~~The~~ state-wide average total capital revenue, excluding local revenue bonds, per full-time equivalent, as determined by the department or the capital revenue per full-time equivalent for the local school system where the brick-and-mortar state chartered special school is located, whichever is greater; and

(ii) For state chartered special schools that offer virtual instruction, an amount equal to 25 percent of the state-wide average total capital revenue per full-time equivalent if such school provides computer hardware, software, associated technical equipment, and ongoing maintenance required and necessary for its students to participate in such virtual instruction.

(2) In the event that a state chartered special school offers virtual instruction, the:

~~(A) The amount of funds received pursuant to subparagraph (B) of paragraph (1) of this subsection shall be equal to two-thirds of such calculated amount; provided, however, that this two-thirds amount may be increased by any amount up to the originally calculated amount in the discretion of the department if relevant factors warrant such increase; and~~

~~(B) The department may reduce the amount of funds received pursuant to subparagraph (C) of paragraph (1) of this subsection in proportion to the amount of virtual instruction provided and based on factors that affect the cost of providing instruction.~~

(3) For purposes of this subsection, the terms:

(A) 'Assessed valuation' is defined as 40 percent of the equalized adjusted property tax digest reduced by the amount calculated pursuant to subsection (g) of Code Section 20-2-164.

(B) 'Assessed valuation per weighted full-time equivalent count' is defined as the assessed valuation for the most recent year available divided by the weighted full-time equivalent count for the year of the digest.

(4) The department may withhold up to 3 percent of the amount determined pursuant to paragraphs (1) and (2) of this subsection for each state chartered special school for use in administering the duties required pursuant to this article with respect to state chartered special schools; provided, however, that any amount withheld pursuant to this subsection shall be spent solely on expenses incurred by the department in

performing the duties required by this article with respect to state chartered special schools.

(5) No deduction shall be made to any state funding which a local school system is otherwise authorized to receive pursuant to this chapter as a direct result or consequence of the enrollment in a state chartered special school of a specific student or students who reside in the geographical area of the local school system.

(6) Funding for state chartered special schools pursuant to this subsection shall be subject to appropriations by the General Assembly and such schools shall be treated consistently with all other public schools in this state, pursuant to the respective statutory funding formulas and grants.

(7) The local board shall not be responsible for the fiscal management, accounting, or oversight of the state chartered special school. The state chartered special school shall report enrolled students in a manner consistent with Code Section 20-2-160. Any data required to be reported by the state chartered special school shall be submitted directly by the school to the appropriate state agency. Where feasible, the state board shall treat a state chartered special school no less favorably than other public schools within the state with respect to the provision of funds for transportation and building programs."

"(i) For purposes of funding students enrolled in a local charter school in the first year of such school's operation, in the first year that an existing local charter school offers a new grade level, or in an upcoming year in which student growth in the existing local charter school is projected to exceed 2 percent if authorized by the charter, and prior to the initial student count, the state board shall calculate and the Department of Education shall distribute the funding for the local charter school on the basis of its projected enrollment according to an enrollment counting procedure or projection method stipulated in the terms of the charter. Such initial funding shall include the adjustments in each program for training and experience. No later than July 1 of each year, the state board shall notify the Department of Education and the Office of Planning and Budget of the funding estimates calculated pursuant to this subsection for any new local charter schools, any new grade levels offered by existing local charter schools, or any existing local charter schools with projected student growth exceeding 2 percent. After the initial student count during the first year of such local charter school's operation, newly offered grade level, or projected student growth exceeding 2 percent and in all years of operation thereafter, each local charter school's student enrollment shall be based on the actual enrollment in the current school year according to the most recent student count. Nothing in this Code section shall be construed to require the Department of Education to conduct more than two student counts per year."

SECTION 6A.

Said title is further amended by adding a new Code section to read as follows:

"20-2-2075.

(a) The State Board of Education is authorized to establish a grant program for the purpose of replicating high-performing charter schools, including local charter schools,

state chartered special schools, and state charter schools. The grant program shall include funding, subject to appropriations by the General Assembly, for grants to charter applicants and existing charter schools to replicate high-performing charter schools or features or programs of high-performing charter schools that have been proven to be effective.

(b) Grants shall be provided primarily for charter schools in rural areas, charter schools that primarily serve students with special needs, and charter schools that serve educationally disadvantaged students.

(c) Grants shall be awarded based on criteria, terms, and conditions established by the State Board of Education, in consultation with the State Charter Schools Commission. The grant program criteria may take into account the likelihood of success in replicating a high-performing charter school or feature or program of a high-performing charter school, whether a particular model lends itself to replication, the reasonableness of the costs involved in replication, and such other criteria deemed appropriate.

(d) The State Board of Education, in consultation with the State Charter Schools Commission, is authorized to develop rules and regulations to implement the grant program established pursuant to this Code section."

SECTION 7.

Said title is further amended by adding a new Code section to read as follows:

The annual report shall also include information on the implementation of professional development plans for persons in administrative, supervisory, or instructional leadership roles who do not hold a valid administrative license; a copy of all charter school agreements for corporate management services, including the company's parent corporation; and agreements for other administrative, financial, and staffing services.

(3) The Department of Audits and Accounts shall submit the annual report on each

(2) The department may require a criminal background check on any owner of or employee at a facility during the course of an abuse investigation involving such owner or employee or if the department receives information that such owner or employee was arrested for a crime. In such instances, the department shall require the owner or employee to furnish two full sets of fingerprints which the department shall submit to GCIC together with appropriate fees collected from the owner or employee. Upon receipt thereof, GCIC shall promptly transmit one set of fingerprints to the Federal Bureau of Investigation for a search of bureau records and an appropriate report and shall retain the other set and promptly conduct a search of its own records and records to which it has access. GCIC shall notify the department in writing of any unsatisfactory finding, including but not limited to any criminal record obtained through the fingerprint records check determination or if there is no such finding.

(3) When the department determines that an applicant or employee has an unsatisfactory determination, the department shall notify the facility that such applicant or employee is ineligible to hire or employ and the facility shall take the necessary steps so that such employee is no longer employed at the facility; provided, however, that a facility may retain a current employee during the period of his or her administrative appeal.

(5) An owner, applicant, or employee may appeal their disqualifying unsatisfactory determination pursuant to Code Section 31-7-358.

31-7-356.

A facility that does not terminate an employee who has been found to have an unsatisfactory determination or failed a registry check shall be liable for a civil monetary penalty in the amount of the lesser of \$10,000.00 or \$500.00 for each day that a violation occurs. The daily civil monetary penalty shall be imposed only from the time the facility knew or should have known that it employed an individual with a criminal record and until the date such individual's employment is terminated.

31-7-357.

Each application form provided by a facility to an applicant shall conspicuously state the following: 'FOR THIS TYPE OF EMPLOYMENT, STATE LAW REQUIRES A NATIONAL AND STATE BACKGROUND CHECK AS A CONDITION OF EMPLOYMENT.'

31-7-358.

(a)(1) An owner of a facility with an unsatisfactory determination or whose name appears on a registry check shall not operate or hold a license, and the department shall revoke the license of any owner operating such facility or refuse to issue a license to any owner operating such facility if such owner has an unsatisfactory determination or is on a registry check.

(2) Prior to approving any license for a facility and periodically as established by the department by rule, the department shall require each owner and employee to submit to a registry check and criminal background check pursuant to Code Sections 31-7-352 and 31-7-353.

(3)(A) An employee or applicant who received an unsatisfactory determination or whose name appears on a registry check shall be eligible to appeal such determination pursuant to Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.'

(4)(A) The department's determination regarding an owner's unsatisfactory criminal background check, or any action by the department revoking or refusing to grant a license based on such determination, shall constitute a contested case for purposes of Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act,' except that any hearing required to be held pursuant thereto may be held reasonably expeditiously after such determination or action by the department.

(B) In a hearing held pursuant to subparagraph (A) of this paragraph, the hearing officer shall consider in mitigation the length of time since the crime was committed, the absence of additional criminal charges, the circumstances surrounding the commission of the crime, other indicia of rehabilitation, the facility's history of compliance with the regulations, and the owner's involvement with the licensed facility in arriving at a decision as to whether the criminal record requires the denial or revocation of the license to operate the facility. When a hearing is required, at least 30 days prior to such hearing, the hearing officer shall notify the office of the prosecuting attorney who initiated the prosecution of the crime in question in order to allow the prosecuting attorney to object to a possible determination that the conviction would not be a bar for the grant or continuation of a license as contemplated within this Code section. If objections are made, the hearing officer shall take such objections into consideration.

(b) The requirements of this Code section are supplemental to any requirements for a license imposed by Article 1 of this chapter.

31-7-359.

(a) No person, including the department, a facility, or an individual acting on behalf of such entities, shall be liable for civil damages or be subject to any claim, demand, cause

of action, or proceeding of any nature as a result of actions taken in good faith to comply with this article, including the disqualification of an applicant from employment on the basis of a disqualifying crime.

(b)(1) A facility that has obtained a satisfactory determination on an owner, applicant, or employee in accordance with this article, or confirmation that such owner, applicant, or employee has obtained a favorable final appeal decision under Code Section 31-7-358, shall be immune from liability for claims of negligent hiring when such claims are based upon the criminal record of such owner, applicant, or employee, even when the information contained in the criminal background check used by the department is later determined to have been incomplete or inaccurate; provided, however, that such immunity shall not preclude the liability of a facility concerning claims based on information beyond the scope of the criminal record and satisfactory determination about the owner, applicant, or employee which the facility knew or should have known.

(2) When a facility has obtained a satisfactory determination on an owner, applicant, or employee, there shall be a rebuttable presumption of due care for claims of negligent hiring, negligent retention, or other similar claims to the extent such claims are based upon an owner's, applicant's, or employee's criminal record.

(c) Nothing in this article shall require a facility to conduct any other type of criminal history check of an owner, applicant, or employee, and a facility shall not be held liable for claims of negligent hiring, negligent retention, or other similar claims based solely or in part on its failure to conduct other types of criminal history checks.

(d) Nothing in this article shall be construed to waive the sovereign immunity of the state, the department, or any other entity of the state.

31-7-360.

The Department of Community Health shall be authorized to enforce this article and to department shall promulgate written rules and regulations related to the requirements and implementation of this article.

31-7-361.

(a) Effective July 1, 2009, all matters relating to facility licensing and employee criminal background checks for personal care homes pursuant to Article 11 of this chapter as it existed on June 30, 2009, shall be transferred from the Department of Human Services to the department.

In all such instances, the department shall be substituted for the Department of Human Resources, and the department shall succeed to the rights and duties under such contracts, leases, agreements, and other transactions.

(c) All persons employed by the Department of Human Resources in capacities which relate to the functions transferred to the department pursuant to this Code section on June 30, 2009, shall, on July 1, 2009, become employees of the department in similar capacities, as determined by the commissioner of community health. Such employees shall be subject to the employment practices and policies of the department on and after July 1, 2009, but the compensation and benefits of such transferred employees shall not be reduced as a result of such transfer. Employees who are subject to the rules of the State Personnel Board and who are transferred to the department shall retain all existing rights under such rules. Retirement rights of such transferred employees existing under the Employees' Retirement System of Georgia or other public retirement systems on June 30, 2009, shall not be impaired or interrupted by the transfer of such employees and membership in any such retirement system shall continue in the same status possessed by the transferred employees on June 30, 2009. BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 1 of Chapter 5 of Title 48 of the Official Code of Georgia Annotated, relating to general provisions regarding ad valorem taxation of property, is amended by revising

subsections (a), (b), (j), (k.1), (l), and (q) of Code Section 48-5-7.4, relating to bona fide conservation use property, as follows:

"(a) For purposes of this article, the term 'bona fide conservation use property' means property described in and meeting the requirements of paragraph (1) or (2) of this subsection, as follows:

(1) Not more than 2,000 acres of tangible real property of a single person, the primary purpose of which is any good faith production, including but not limited to subsistence farming or commercial production, from or on the land of agricultural products or timber, subject to the following qualifications:

(A) Such property includes the value of tangible property permanently affixed to the real property which is directly connected to such owner's production of agricultural products or timber and which is devoted to the storage and processing of such agricultural products or timber from or on such real property;

(A.1) In the application of the limitation contained in the introductory language of this paragraph, the following rules shall apply to determine beneficial interests in bona fide conservation use property held in a family owned farm entity as described in division (1)(C)(iv) of this subsection:

(i) A person who owns an interest in a family owned farm entity as described in division (1)(C)(iv) of this subsection shall be considered to own only the percent of the bona fide conservation use property held by such family owned farm entity that is equal to the percent interest owned by such person in such family owned farm entity; and

(ii) A person who owns an interest in a family owned farm entity as described in division (1)(C)(iv) of this subsection may elect to allocate the lesser of any unused portion of such person's 2,000 acre limitation or the product of such person's percent interest in the family owned farm entity times the total number of acres owned by the family owned farm entity subject to such bona fide conservation use assessment, with the result that the family owned farm entity may receive bona fide conservation use assessment on more than 2,000 acres;

(B) Such property excludes the entire value of any residence and its underlying property; as used in this subparagraph, the term 'underlying property' means the minimum lot size required for residential construction by local zoning ordinances or two acres, whichever is less. The board of tax assessors shall not require a recorded plat or survey to set the boundaries of the underlying property. This provision for excluding the underlying property of a residence from eligibility in the conservation use covenant shall only apply to property that is first made subject to a covenant or is subject to the renewal of a previous covenant on or after May 1, 2012;

(C) Except as otherwise provided in division (vii) of this subparagraph, such property must be owned by:

(i) One or more natural or naturalized citizens;

(ii) An estate of which the devisees or heirs are one or more natural or naturalized citizens;

(iii) A trust of which the beneficiaries are one or more natural or naturalized

citizens;

(iv) A family owned farm entity, such as a family corporation, a family partnership, a family general partnership, a family limited partnership, a family limited corporation, or a family limited liability company, all of the interest of which is owned by one or more natural or naturalized citizens related to each other by blood or marriage within the fourth degree of civil reckoning, except that, solely with respect to a family limited partnership, a corporation, limited partnership, limited corporation, or limited liability company may serve as a general partner of the family limited partnership and hold no more than a 5 percent interest in such family limited partnership, an estate of which the devisees or heirs are one or more natural or naturalized citizens, a trust of which the beneficiaries are one or more natural or naturalized citizens, or an entity created by the merger or consolidation of two or more entities which independently qualify as a family owned farm entity, and which family owned farm entity derived 80 percent or more of its gross income from bona fide conservation uses, including earnings on investments directly related to past or future bona fide conservation uses, within this state within the year immediately preceding the year in which eligibility is sought; provided, however, that in the case of a newly formed family farm entity, an estimate of the income of such entity may be used to determine its eligibility;

(v) A bona fide nonprofit ~~conservation~~ organization designated under Section 501(c)(3) of the Internal Revenue Code;

(vi) A bona fide club organized for pleasure, recreation, and other nonprofitable purposes ~~pursuant to Section 501(c)(7) of the Internal Revenue Code~~; or

(vii) In the case of constructed storm-water wetlands, any person may own such property;

(D) Factors which may be considered in determining if such property is qualified may include, but not be limited to:

(i) The nature of the terrain;

(ii) The density of the marketable product on the land;

(iii) The past usage of the land;

(iv) The economic merchantability of the agricultural product; and

(v) The utilization or nonutilization of recognized care, cultivation, harvesting, and like practices applicable to the product involved and any implemented plans thereof;

(E) Such property shall, if otherwise qualified, include, but not be limited to, property used for:

(i) Raising, harvesting, or storing crops;

(ii) Feeding, breeding, or managing livestock or poultry;

(iii) Producing plants, trees, fowl, or animals, including without limitation the production of fish or wildlife by maintaining not less than ten acres of wildlife habitat either in its natural state or under management, which shall be deemed a type of agriculture; provided, however, that no form of commercial fishing or fish production shall be considered a type of agriculture; or

- (iv) Production of aquaculture, horticulture, floriculture, forestry, dairy, livestock, poultry, and apiarian products; and
- (F) The primary purpose described in this paragraph includes land conservation and ecological forest management in which commercial production of wood and wood fiber products may be undertaken primarily for conservation and restoration purposes rather than financial gain; or
- (2) Not more than 2,000 acres of tangible real property, excluding the value of any improvements thereon, of a single owner of the types of environmentally sensitive property specified in this paragraph and certified as such by the Department of Natural Resources, if the primary use of such property is its maintenance in its natural condition or controlling or abating pollution of surface or ground waters of this state by storm-water runoff or otherwise enhancing the water quality of surface or ground waters of this state and if such owner meets the qualifications of subparagraph (C) of paragraph (1) of this subsection:
 - (A) Environmentally sensitive areas, including any otherwise qualified land area 1,000 feet or more above the lowest elevation of the county in which such area is located that has a percentage slope, which is the difference in elevation between two points 500 feet apart on the earth divided by the horizontal distance between those two points, of 25 percent or greater and shall include the crests, summits, and ridge tops which lie at elevations higher than any such area;
 - (B) Wetland areas that are determined by the United States Army Corps of Engineers to be wetlands under their jurisdiction pursuant to Section 404 of the federal Clean Water Act, as amended, or wetland areas that are depicted or delineated on maps compiled by the Department of Natural Resources or the United States Fish and Wildlife Service pursuant to its National Wetlands Inventory Program;
 - (C) Significant ground-water recharge areas as identified on maps or data compiled by the Department of Natural Resources;
 - (D) Undeveloped barrier islands or portions thereof as provided for in the federal Coastal Barrier Resources Act, as amended;
 - (E) Habitats as certified by the Department of Natural Resources as containing species that have been listed as either endangered or threatened under the federal Endangered Species Act of 1973, as amended;
 - (F) River or stream corridors or buffers which shall be defined as those undeveloped lands which are:
 - (i) Adjacent to rivers and perennial streams that are within the 100 year flood plain as depicted on official maps prepared by the Federal Emergency Management Agency; or
 - (ii) Within buffer zones adjacent to rivers or perennial streams, which buffer zones are established by law or local ordinance and within which land-disturbing activity is prohibited; or
 - (G)(i) Constructed storm-water wetlands of the free-water surface type certified by the Department of Natural Resources under subsection (k) of Code Section 12-

2-4 and approved for such use by the local governing authority.

(ii) No property shall maintain its eligibility for current use assessment as a bona fide conservation use property as defined in this subparagraph unless the owner of such property files an annual inspection report from a licensed professional engineer certifying that as of the date of such report the property is being maintained in a proper state of repair so as to accomplish the objectives for which it was designed. Such inspection report and certification shall be filed with the county board of tax assessors on or before the last day for filing ad valorem tax returns in the county for each tax year for which such assessment is sought."

"(b) Except in the case of the underlying portion of a tract of real property on which is actually located a constructed storm-water ~~wetlands~~ wetland, the following additional rules shall apply to the qualification of conservation use property for current use assessment:

(1) When one-half or more of the area of a single tract of real property is used for a qualifying purpose, then such tract shall be considered as used for such qualifying purpose unless some other type of business is being operated on the unused portion; provided, however, that such unused portion must be minimally managed so that it does not contribute significantly to erosion or other environmental or conservation problems. The lease of hunting rights or the use of the property for hunting purposes shall not constitute another type of business. The charging of admission for use of the property for fishing purposes shall not constitute another type of business;

(2)(A) The owner of a tract, lot, or parcel of land totaling less than ten acres shall be required by the tax assessor to submit additional relevant records regarding proof of bona fide conservation use for qualified property that on or after May 1, 2012, is either first made subject to a covenant or is subject to a renewal of a previous covenant. ~~If the owner of the subject property provides proof~~ The provisions of this paragraph relating to requiring additional relevant records regarding proof of bona fide conservation use shall not apply to such property if the owner of the subject property provides one or more of the following:

(i) Proof that such owner has filed with the Internal Revenue Service a Schedule E, reporting farm related income or loss, or a Schedule F, with Form 1040, or, if applicable, a Form 4835, pertaining to such property, ~~the provisions of this paragraph, requiring additional relevant records regarding proof of bona fide conservation use, shall not apply to such property.;~~

(ii) Proof that such owner has incurred expenses for the qualifying use; or

(iii) Proof that such owner has generated income from the qualifying use.

Prior to a denial of eligibility under this paragraph, the tax assessor shall conduct and provide proof of a visual, on-site inspection of the property. Reasonable notice shall be provided to the property owner before being allowed a visual, on-site inspection of the property by the tax assessor.;

(B) The owner of a tract, lot, or parcel of land totaling ten acres or more shall not be required by the tax assessor to submit additional relevant records regarding proof of bona fide conservation use for qualified property that on or after May 1, 2012, is

either first made subject to a covenant or is subject to a renewal of a previous covenant;

(3) No property shall qualify as bona fide conservation use property if such current use assessment would result in any person who has a beneficial interest in such property, including any interest in the nature of stock ownership, receiving in any tax year any benefit of current use assessment as to more than 2,000 acres. If any taxpayer has any beneficial interest in more than 2,000 acres of tangible real property which is devoted to bona fide conservation uses, such taxpayer shall apply for current use assessment only as to 2,000 acres of such land;

(4) No property shall qualify as bona fide conservation use property if it is leased to a person or entity which would not be entitled to conservation use assessment;

(5) No property shall qualify as bona fide conservation use property if such property is at the time of application for current use assessment subject to a restrictive covenant which prohibits the use of the property for the specific purpose described in subparagraph (a)(1)(E) of this Code section for which bona fide conservation use qualification is sought; and

(6) No otherwise qualified property shall be denied current use assessment on the grounds that no soil map is available for the county in which such property is located; provided, however, that if no soil map is available for the county in which such property is located, the owner making an application for current use assessment shall provide the board of tax assessors with a certified soil survey of the subject property unless another method for determining the soil type of the subject property is authorized in writing by such board."

"(j)(1) All applications for current use assessment under this Code section, including the covenant agreement required under this Code section, shall be filed on or before the last day for filing ad valorem tax returns in the county for the tax year for which such current use assessment is sought, except that in the case of property which is the subject of a reassessment by the board of tax assessors an application for current use assessment may be filed in conjunction with or in lieu of an appeal of the reassessment. An application for continuation of such current use assessment upon a change in ownership of all or a part of the qualified property shall be filed on or before the last date for filing tax returns in the year following the year in which the change in ownership occurred. Applications for current use assessment under this Code section shall be filed with the county board of tax assessors who shall approve or deny the application. If the application is approved on or after July 1, 1998, the county board of tax assessors shall file a copy of the approved application in the office of the clerk of the superior court in the county in which the eligible property is located. The clerk of the superior court shall file and index such application in the real property records maintained in the clerk's office. Applications approved prior to July 1, 1998, shall be filed and indexed in like manner without payment of any fee. If the application is not so recorded in the real property records, a transferee of the property affected shall not be bound by the covenant or subject to any penalty for its breach. The fee of the clerk of the superior court for recording such applications

approved on or after July 1, 1998, shall be paid by the owner of the eligible property with the application for preferential treatment and shall be paid to the clerk by the board of tax assessors when the application is filed with the clerk. If the application is denied, the board of tax assessors shall notify the applicant in the same manner that notices of assessment are given pursuant to Code Section 48-5-306 and shall return any filing fees advanced by the owner. Appeals from the denial of an application by the board of tax assessors shall be made in the same manner that other property tax appeals are made pursuant to Code Section 48-5-311.

(2) If the final determination on appeal to superior court is to approve the application for current use assessment, the taxpayer shall recover costs of litigation and reasonable attorney's fees incurred in the action.

(3) Any final determination on appeal that causes a reduction in taxes and creates a refund that is owed to the taxpayer shall be paid by the tax commissioner to such taxpayer, entity, or transferee that paid the taxes within 60 days from the date of the final determination of value. Such refund shall include interest at the same rate specified in Code Section 48-2-35 which shall accrue from the due date of the taxable year in question or the date paid, whichever is later, through the date on which the final determination of value was made. In no event shall the amount of such interest exceed \$5,000.00. Any refund paid after the sixtieth day shall accrue interest from the sixty-first day until paid with interest at the same rate specified in Code Section 48-2-35. The interest accrued after the sixtieth day shall not be subject to the limits imposed by this subsection. The tax commissioner shall pay the tax refund and any interest for the refund from current collections in the same proportion for each of the levying authorities for which the taxes were collected.

(4) For the purposes of this Code section, any final determination on appeal that causes an increase in taxes and creates an additional billing shall be paid to the tax commissioner as any other tax due. After the tax bill notice has been mailed out, the taxpayer shall be afforded 60 days from the date of the postmark to make full payment of the adjusted bill. Once the 60 day payment period has expired, the bill shall be considered past due and interest shall accrue from the original billing due date as specified in Code Section 48-2-40 without limit until the bill is paid in full. Once past due, all other fees, penalties, and late and collection notices shall apply as prescribed in this chapter for the collection of delinquent taxes.

~~(2)~~(5) In the event such application is approved, the taxpayer shall continue to receive annual notification of any change in the fair market value of such property and any appeals with respect to such valuation shall be made in the same manner as other property tax appeals are made pursuant to Code Section 48-5-311."

"(k.1) In the case of an alleged breach of the covenant, the owner shall be notified in writing by the board of tax assessors. The owner shall have a period of 30 days from the date of such notice to cease and desist the activity alleged in the notice to be in breach of the covenant or to remediate or correct the condition or conditions alleged in the notice to be in breach of the covenant. Following a physical inspection of property, the board of tax assessors shall notify the owner that such activity or activities have or

have not properly ceased or that the condition or conditions have or have not been remediated or corrected. The owner shall be entitled to appeal the decision of the board of tax assessors and file an appeal disputing the findings of the board of tax assessors. Such appeal shall be conducted in the same manner that other property tax appeals are made pursuant to Code Section 48-5-311. If the final determination on appeal to superior court is to reverse the decision of the board of tax assessors to enforce the breach of the covenant, the taxpayer shall recover costs of litigation and reasonable attorney's fees incurred in the action.

(l) A penalty shall be imposed under this subsection if during the period of the covenant entered into by a taxpayer the covenant is breached. The penalty shall be applicable to the entire tract which is the subject of the covenant and shall be twice the difference between the total amount of tax paid pursuant to current use assessment under this Code section and the total amount of taxes which would otherwise have been due under this chapter for each completed or partially completed year of the covenant period. ~~Any such penalty shall bear interest at the rate specified in Code Section 48-2-40 from the date the covenant is breached.~~ No penalty shall be imposed until the appeal of the board of tax assessors' determination of breach is concluded. After the final determination on appeal, the taxpayer shall be afforded 60 days from issuance of the bill to make full payment. Once the 60 day payment period has expired, the bill shall be considered past due and interest shall accrue from the original billing due date as specified in Code Section 48-2-40 without limit until the bill is paid in full. Once past due, all other fees, penalties, and late and collection notices shall apply as prescribed in this chapter for the collection of delinquent taxes."

"(q) In the following cases, the penalty specified by subsection (l) of this Code section shall not apply and the penalty imposed shall be the amount by which current use assessment has reduced taxes otherwise due for the year in which the covenant is breached, such penalty to bear interest at the rate specified in Code Section 48-2-40 from the date of the breach:

(1) Any case in which a covenant is breached solely as a result of the foreclosure of a deed to secure debt or the property is conveyed to the lienholder without compensation and in lieu of foreclosure, if:

(A) The deed to secure debt was executed as a part of a bona fide commercial loan transaction in which the grantor of the deed to secure debt received consideration equal in value to the principal amount of the debt secured by the deed to secure debt;

(B) The loan was made by a person or financial institution who or which is regularly engaged in the business of making loans; and

(C) The deed to secure debt was intended by the parties as security for the loan and was not intended for the purpose of carrying out a transfer which would otherwise be subject to the penalty specified by subsection (l) of this Code section;

(2) Any case in which a covenant is breached solely as a result of a medically demonstrable illness or disability which renders the owner of the real property physically unable to continue the property in the qualifying use, provided that the

board of tax assessors shall require satisfactory evidence which clearly demonstrates that the breach is the result of a medically demonstrable illness or disability;

(3) Any case in which a covenant is breached solely as a result of an owner electing to discontinue the property in its qualifying use, provided such owner has renewed without an intervening lapse at least once the covenant for bona fide conservation use, has reached the age of 65 or older, and has kept the property in a qualifying use under the renewal covenant for at least three years. Such election shall be in writing and shall not become effective until filed with the county board of tax assessors; ~~or~~

(4) Any case in which a covenant is breached solely as a result of an owner electing to discontinue the property in its qualifying use, provided such owner entered into the covenant for bona fide conservation use for the first time after reaching the age of 67 and has either owned the property for at least 15 years or inherited the property and has kept the property in a qualifying use under the covenant for at least three years. Such election shall be in writing and shall not become effective until filed with the county board of tax assessors; or

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

**PART I
SECTION 1-1.**

Code Section 19-6-15 of the Official Code of Georgia Annotated, relating to child support in final verdict or decree, guidelines for determining amount of award, continuation of duty to provide support, and duration of support, is amended by revising paragraph (11) of subsection (a) as follows:

"(11) 'Final child support ~~order~~ amount' means the presumptive amount of child support adjusted by any deviations."

SECTION 1-1A.

Said Code section is further amended by revising paragraphs (9) and (11) of subsection (b) as follows:

"(9) Any benefits which the child receives under Title II of the federal Social Security Act shall be applied against the final child support ~~order~~ amount. The final

child support amount for each parent shall be entered on the child support worksheet, together with the information from each of the utilized schedules;"

"(11) In a split parenting case, there shall be a separate calculation and final ~~child support~~ order for each parent; and"

SECTION 1-1B.

Said Code section is further amended by revising paragraph (12) of subsection (b) as follows:

"(12) When there is more than one child for whom support is being determined, the court shall establish the amount of support and the duration of such support in accordance with subsection (e) of this Code section. When, within two years of a final order being entered, there is a likelihood that a child will become ineligible to receive support, the court may allow for the use of separate worksheets. Separate worksheets shall be utilized for such determination and show the final child support amount to be paid for all such children and the adjusted amount of support to be paid as each child becomes ineligible to receive support during such two-year period. Such worksheets shall be attached to the final ~~child support~~ order. Such order shall contain findings as required by law. A final order entered pursuant to this paragraph shall not preclude a petition for modification."

SECTION 1-1C.

Said Code section is further amended by revising subsection (d) as follows:

"(d) **Nature of guidelines; court's discretion.** In the event of a hearing or trial on the issue of child support, the guidelines enumerated in this Code section are intended by the General Assembly to be guidelines only and any court so applying these guidelines shall not abrogate its responsibility in making the final determination of child support based on the evidence presented to it at the time of the hearing or trial. A court's final determination of child support shall take into account the obligor's earnings, income, and other evidence of the obligor's ability to pay. The court shall also consider the basic subsistence needs of the parents and the child for whom support is to be provided."

SECTION 1-2.

Said Code section is further amended by revising paragraph (3) of subsection (f), subparagraphs (f)(4)(A) and (f)(4)(B), and the introductory language of subparagraph (f)(4)(D) as follows:

"(3) **Social Security benefits.**

(A) Benefits received under Title II of the federal Social Security Act by a child on the obligor's account shall be counted as child support payments and shall be applied against the final child support ~~order~~ amount to be paid by the obligor for the child.

(B) After calculating the obligor's monthly gross income, including the countable social security benefits as specified in division (1)(A)(xiii) of this subsection, and

after calculating the amount of child support, if the presumptive amount of child support, as increased or decreased by deviations, is greater than the social security benefits paid on behalf of the child on the obligor's account, the obligor shall be required to pay the amount exceeding the social security benefit as part of the final ~~child support~~ order in the case.

(C) After calculating the obligor's monthly gross income, including the countable social security benefits as specified in division (1)(A)(xiii) of this subsection, and after calculating the amount of child support, if the presumptive amount of child support, as increased or decreased by deviations, is equal to or less than the social security benefits paid to the nonparent custodian or custodial parent on behalf of the child on the obligor's account, the child support responsibility of that parent shall have been met and no further child support shall be paid.

(D) Any benefit amounts under Title II of the federal Social Security Act as determined by the Social Security Administration sent to the nonparent custodian or custodial parent by the Social Security Administration for the child's benefit which are greater than the final child support ~~order~~ amount shall be retained by the nonparent custodian or custodial parent for the child's benefit and shall not be used as a reason for decreasing the final child support ~~order~~ amount or reducing arrearages."

"(A) **Imputed income.** When establishing the amount of child support, if a parent fails to produce reliable evidence of income, such as tax returns for prior years, check stubs, or other information for determining current ability to pay child support or ability to pay child support in prior years, and the court or the jury has no other reliable evidence of the parent's income or income potential, gross income for the current year ~~shall be determined by imputing gross income based on a 40 hour workweek at minimum wage~~ may be imputed. When imputing income, the court shall take into account the specific circumstances of the parent to the extent known, including such factors as the parent's assets, residence, employment and earnings history, job skills, educational attainment, literacy, age, health, criminal record and other employment barriers, and record of seeking work, as well as the local job market, the availability of employers willing to hire the parent, prevailing earnings level in the local community, and other relevant background factors in the case. If a parent is incarcerated, the court shall not assume an ability for earning capacity based upon pre-incarceration wages or other employment related income, but income may be imputed based upon the actual income and assets available to such incarcerated parent.

(B) **Modification.** When cases with established orders are reviewed for modification and a parent fails to produce reliable evidence of income, such as tax returns for prior years, check stubs, or other information for determining current ability to pay child support or ability to pay child support in prior years, and the court or jury has no other reliable evidence of such parent's income or income potential, the court or jury may impute income as set forth in subparagraph (A) of this paragraph, or may increase the child support of the parent failing or refusing to produce evidence of income by an

increment of at least 10 percent per year of such parent's gross income for each year since the final ~~child support~~ order was entered or last modified and shall calculate the basic child support obligation using the increased amount as such parent's gross income."

"(D) **Willful or voluntary unemployment or underemployment.** In determining whether a parent is willfully or voluntarily unemployed or underemployed, the court or the jury shall ascertain the reasons for the parent's occupational choices and assess the reasonableness of these choices in light of the parent's responsibility to support his or her child and whether such choices benefit the child. A determination of willful or voluntary unemployment or underemployment shall not be limited to occupational choices motivated only by an intent to avoid or reduce the payment of child support but can be based on any intentional choice or act that affects a parent's income. A determination of willful or voluntary unemployment or underemployment shall not be made when an individual's incarceration prevents employment. In determining willful or voluntary unemployment or underemployment, the court may examine whether there is a substantial likelihood that the parent could, with reasonable effort, apply his or her education, skills, or training to produce income. Specific factors for the court to consider when determining willful or voluntary unemployment or underemployment include, but are not limited to:"

SECTION 1-3.

Said Code section is further amended by revising the introductory language of subsection (h), subparagraph (h)(1)(F), subdivision (h)(2)(B)(iii), and paragraph (3) of subsection (h) as follows:

"(h) **Adjusted support obligation.** The child support obligation table does not include the cost of the parent's work related child care costs, health insurance premiums, or uninsured health care expenses. The additional expenses for the child's health insurance premiums and work related child care costs shall be included in the calculations to determine child support. A nonparent custodian's expenses for work related child care costs and health insurance premiums shall be taken into account when establishing a final ~~child support~~ order."

"(F)(i) The total amount of work related child care costs shall be divided between the parents pro rata to determine the presumptive amount of child support and shall be included in the worksheet and the final ~~child support~~ order.

(ii) In situations in which work related child care costs may be variable, the court or jury may, in its discretion, remove work related child care costs from the calculation of support, and divide the work related child care costs pro rata, to be paid within a time specified in the final ~~child support~~ order. If a parent or nonparent custodian fails to comply with the final ~~child support~~ order:

(I) The other parent or nonparent custodian may enforce payment of the work related child care costs by any means permitted by law; or

(II) Child support services shall pursue enforcement when such unpaid costs

have been reduced to a judgment in a sum certain."

"(iii) Eligibility for or enrollment of the child in Medicaid, ~~or the~~ PeachCare for Kids Program, or other public health care program shall ~~not~~ satisfy the requirement that the final ~~child support~~ order provide for the child's health care needs. Health coverage through Medicaid, the PeachCare for Kids Program and Medicaid, or other public health care program shall not prevent a court from also ordering either or both parents to obtain other health insurance for the child.

(3) Uninsured health care expenses.

(A) The child's uninsured health care expenses shall be the financial responsibility of both parents. The final ~~child support~~ order shall include provisions for payment of ~~the~~ uninsured health care expenses; provided, however, that ~~the~~ uninsured health care expenses shall not be used for the purpose of calculating the amount of child support. The parents shall divide ~~the~~ uninsured health care expenses pro rata, unless otherwise specifically ordered by the court.

(B) If a parent fails to pay his or her pro rata share of the child's uninsured health care expenses, as specified in the final ~~child support~~ order, within a reasonable time after receipt of evidence documenting the uninsured portion of the expense:

(i) The other parent or the nonparent custodian may enforce payment of the expense by any means permitted by law; or

(ii) Child support services shall pursue enforcement of payment of such unpaid expenses only if the unpaid expenses have been reduced to a judgment in a sum certain amount."

SECTION 1-4.

Said Code section is further amended by revising subparagraph (i)(1)(A) and division (i)(2)(B)(iii) as follows:

"(A) The amount of child support established by this Code section and the presumptive amount of child support are rebuttable and the court or the jury may deviate from the presumptive amount of child support in compliance with this subsection. In deviating from the presumptive amount of child support, ~~primary~~ consideration shall be given to the best interest of the child for whom support under this Code section is being determined. A nonparent custodian's expenses may be the basis for a deviation as well as a noncustodial parent's ability or inability to pay the presumptive amount of child support."

"(iii) The court or the jury shall examine all attributable and excluded sources of income, assets, and benefits available to the noncustodial parent and may consider the noncustodial parent's basic subsistence needs and all of his or her reasonable expenses of the noncustodial parent, ensuring that such expenses are actually paid by the noncustodial parent and are clearly justified expenses."

SECTION 1-4A.

Said Code section is further amended by revising subparagraphs (i)(1)(D) and (i)(2)(J) as follows:

"(D) If the circumstances which supported the deviation cease to exist, the final ~~child support~~ order may be modified as set forth in subsection (k) of this Code section to eliminate the deviation."

"(J) **Extraordinary expenses.** The child support obligation table includes average child rearing expenditures for families given the parents' combined adjusted income and number of children. Extraordinary expenses are in excess of average amounts estimated in the child support obligation table and are highly variable among families. Extraordinary expenses shall be considered on a case-by-case basis in the calculation of support and may form the basis for deviation from the presumptive amount of child support so that the actual amount of ~~the~~ such expense is considered in the ~~calculation of the final child support~~ order for only those families actually incurring the expense. Extraordinary expenses shall be prorated between the parents by assigning or deducting credit for actual payments for extraordinary expenses."

SECTION 1-5.

Said Code section is further amended by revising paragraph (1) of subsection (j) as follows:

"(1) In the event a parent suffers an involuntary termination of employment, has an extended involuntary loss of average weekly hours, is involved in an organized strike, incurs a loss of health, becomes incarcerated, or similar involuntary adversity resulting in a loss of income of 25 percent or more, then the portion of child support attributable to lost income shall not accrue from the date of the service of the petition for modification, provided that service is made on the other parent. It shall not be considered an involuntary termination of employment if the parent has left the employer without good cause in connection with the parent's most recent work."

PART II SECTION 2-1.

Article 1 of Chapter 11 of Title 19 of the Official Code of Georgia Annotated, relating to the Child Support Recovery Act, is amended by revising subsection (f) of Code Section 19-11-6, relating to enforcement of child support payments and alimony for public assistance recipients, as follows:

"(f) The department shall be authorized to charge the obligor a federal Deficit Reduction Act of 2005 fee of ~~\$25.00~~ \$35.00 for each case. Such fee shall only apply to an obligor when the obligee has never received public assistance payments pursuant to Title IV-A or Title IV-E of the federal Social Security Act. The department shall retain such fee and collect such fee through income withholding, as well as by any other enforcement remedy available to the entity within the department authorized to enforce a duty of support."

SECTION 2-2.

Said article is further amended by revising subsection (e) of Code Section 19-11-8,

relating to the departments' duty to enforce support of abandoned minor public assistance recipient and scope of action, as follows:

"(e) The department shall be authorized to charge the obligor a federal Deficit Reduction Act of 2005 fee of ~~\$25.00~~ \$35.00 for each case. Such fee shall only apply to an obligor when the obligee has never received public assistance payments pursuant to Title IV-A or Title IV-E of the federal Social Security Act. The department shall retain such fee and collect such fee through income withholding, as well as by any other enforcement remedy available to the entity within the department authorized to enforce a duty of support."

PART III
SECTION 3-1.

This part and Part I of this Act shall become effective on July 1, 2018, and Part II of this Act shall become effective on October 1, 2018.

The effective date of such adjusted rate amounts shall be January 1 of such tax year.~~

~~(xiv) In tax years 2015, 2018, and 2022, by not later than July 1 of each such tax year, the state revenue commissioner shall determine the state target collection amount and the state current collection amount for the preceding calendar year. If such state current collection amount is greater than, equal to, or within 1 percent of the state target collection amount after making the adjustment, if any, required in division (xiii) of this subparagraph, then the combined state and local title ad valorem tax rate provided in division (ii) of this subparagraph shall remain at the rate specified in such division. If the state current collection amount is more than 1 percent less than the state target collection amount after making the adjustment, if any, required by division (xiii) of this subparagraph, then the combined state and local title ad valorem tax rate provided in division (ii) of this subparagraph shall be increased automatically by operation of this division by such percentage amount as may be necessary so that, if such rate had been in effect for the calendar year under review, the state current collection amount would have produced an amount equal to the state target collection amount, and the state title ad valorem tax rate and the local title ad valorem tax rate for the tax year in which such increase in the combined state and local title ad valorem tax rate shall become effective shall be~~

~~adjusted from the rates specified in this subparagraph or division (xiii) of this subparagraph for such tax year such that the proceeds from such increase in the combined state and local title ad valorem tax rate shall be allocated in full to the state. In the event of an adjustment of the combined state and local title ad valorem tax rate, by not later than August 31 of such tax year, the state revenue commissioner shall notify the tax commissioner of each county in this state of the adjusted combined state and local title ad valorem tax rate for the next calendar year. The state revenue commissioner shall promulgate a standardized form to be used by all dealers of new and used vehicles in this state in order to ease the administration of this Code section. The state revenue commissioner may promulgate and implement rules and regulations as may be necessary to permit seller financed sales of used vehicles to be assessed 2.5 percentage points less than the rate specified in division (ii) of this subparagraph.

(C) The application for title and the state and local title ad valorem tax fees provided for in subparagraph (A) of this paragraph shall be paid to the tag agent in the county where the motor vehicle is to be registered and shall be paid at the time the application for a certificate of title is submitted or, in the case of an electronic title transaction, at the time when the electronic title transaction is finalized. In an electronic title transaction, the state and local title ad valorem tax fees shall be remitted electronically directly to the county tag agent. A dealer of new or used motor vehicles ~~may accept~~ shall make such application for title and state and local title ad valorem tax fees on behalf of the purchaser of a new or used motor vehicle for the purpose of submitting or, in the case of an electronic title application, finalizing such title application and remitting state and local title ad valorem tax fees. (D) There shall be a penalty imposed on any person who, in the determination of the commissioner, falsifies any information in any bill of sale used for purposes of determining the fair market value of the motor vehicle. Such penalty shall not exceed \$2,500.00 as a state penalty and shall not exceed \$2,500.00 as a local penalty

as determined by the commissioner. Such determination shall be made within 60 days of the commissioner receiving information of a possible violation of this paragraph.

(E) Except in the case in which an extension of the registration period has been granted by the county tag agent under Code Section 40-2-20, a dealer of new or used motor vehicles that ~~accepts~~ makes an application for title and collects state and local title ad valorem tax fees from a purchaser of a new or used motor vehicle and does not submit or, in the case of an electronic title transaction, finalize such application for title and remit such state and local title ad valorem tax fees to the county tag agent within 30 days following the date of purchase shall be liable to the county tag agent for an amount equal to 5 percent of the amount of such state and local title ad valorem tax fees. ~~2243, as amended, and the amendment to the Constitution set out at Ga. L. 1964, p. 1008, the Commissioner may determine what amount of sales and use tax would have been collected in 2012, had such tax been levied. This reduction shall be calculated, with respect to (i) above, by subtracting the amount of ad valorem tax on motor vehicles collected under Chapter 5 of this title in each such taxing jurisdiction from the amount of ad valorem tax on motor vehicles collected under Chapter 5 of this title in that taxing jurisdiction in the same calendar month of 2012. In the event that the local title ad valorem tax fee proceeds are insufficient to fully offset such reduction in ad valorem taxes on motor vehicles or the portion of the sales and use tax described in (ii) above, the tag agent shall allocate a proportionate amount of the proceeds to each governing authority, the board of education of each such school district, the water and sewerage authority, and the transportation authority, and any remaining shortfall shall be paid from the following month's local title ad valorem tax fee proceeds. In the event that a shortfall remains, the tag agent shall continue to first allocate local title ad valorem tax fee proceeds to offset such shortfalls until the shortfall has been fully repaid; and The tag agent of the county shall within 20 days following the end of each calendar month allocate and distribute to the water and sewerage authority for which the county has levied an ad valorem tax in accordance with a local constitutional amendment, and in a county in which a sales and use tax is levied for purposes of a metropolitan area system of public transportation, as authorized by the amendment to the Constitution set out at Ga. L. 1964, p. 1008, the governing body of the transportation authority created by the Metropolitan Atlanta Rapid Transit Authority Act of 1965, Ga. L. 1965, p. 2243, as amended, and the amendment to the Constitution set out at Ga. L. 1964, p. 1008, an amount of those proceeds necessary to offset any reduction in:~~

- ~~(ii) With respect to the transportation authority, the monthly average portion of the sales and use tax levied for purposes of a metropolitan area system of public transportation applicable to any motor vehicle titled in a county which levied such tax in 2012.~~

~~Such amount of tax under division (ii) of this subparagraph may be determined by the commissioner for counties which levied such tax in 2012, and in any counties which subsequently levy a tax pursuant to a metropolitan area system of public transportation, as authorized by the amendment to the Constitution set out at Ga. L. 1964, p. 1008, the governing body of the transportation authority created by the Metropolitan Atlanta Rapid Transit Authority Act of 1965, Ga. L. 1965, p. 2243, as amended, and the amendment to the Constitution set out at Ga. In the event that the local title ad valorem tax proceeds are insufficient to offset fully such reduction in ad valorem taxes on motor vehicles or the portion of the sales and use tax described in division (ii) of this subparagraph, the tag agent shall allocate a proportionate amount of the proceeds to such water and sewerage authority and the transportation authority, as appropriate, and any remaining shortfall shall be paid from the following month's local title ad valorem tax fee proceeds. In the event that a shortfall remains, the tag agent shall continue to first allocate local title ad valorem tax fee proceeds to offset such shortfalls until the shortfall has been fully repaid;

(a) Elected and appointed officers of the city are trustees and servants of the residents of the city and shall act in a fiduciary capacity for the benefit of such residents.

(b) No elected official, appointed officer, or employee of the city or any agency or political entity to which this charter applies shall knowingly:

(1) Engage in any business or transaction, or have a financial or other personal interest, direct or indirect, which is incompatible with the proper discharge of that person's official duties or which would tend to impair the independence of the official's judgment or action in the performance of those official duties;

(2) Engage in or accept private employment, or render services for private interests when such employment or service is incompatible with the proper discharge of that person's official duties or would tend to impair the independence of the official's judgment or action in the performance of those official duties;

Any elected official, appointed officer, or employee of any agency described in paragraph (16) of Section 1.13 of this charter or political entity to which this charter applies who shall have any financial interest, directly or indirectly, in any contract or matter pending before or within such entity shall disclose such interest to the governing body of such agency or entity.

(d) No elected official, appointed officer, or employee of the city or any agency or entity to which this charter applies shall use property owned by such governmental entity for personal benefit or profit but shall use such property only in their capacity as an officer or employee of the city.

(e) Any violation of this section which occurs with the knowledge, express or implied, of a party to a contract or sale shall render said contract or sale voidable at the option of the city council.

(f) Except where authorized by law, neither the mayor nor any councilmember shall hold any other elective or appointive office in the city or otherwise be employed by such government or any agency thereof during the term for which that official was elected. No employee of the city shall continue in such employment upon qualifying for or election to any public office in this city or any other public office which is inconsistent, incompatible, or in conflict with the duties of the city employee. Such determination shall be made by the mayor and council either immediately upon election or at any time such conflict may arise.

Any person who fails or refuses to obey a lawful order issued in the exercise of these powers by the city council shall be punished as provided by ordinance.

SECTION 2.16.

General power and authority of the city council.

(a) Except as otherwise provided by law or this charter, the city council shall be vested with all the powers of government of this city.

(b) In addition to all other powers conferred upon it by law, the council shall have the authority to adopt and provide for the execution of such ordinances, resolutions, rules, and regulations, not inconsistent with this charter and the Constitution and the laws of the State of Georgia, which it shall deem necessary, expedient, or helpful for the peace, good order, protection of life and property, health, welfare, sanitation, comfort, convenience, prosperity, or well-being of the inhabitants of the City of Eagle's Landing and may enforce such ordinances by imposing penalties for violation thereof.

(c) The city council shall have the power to discipline, suspend, and remove all appointed officials of the city, city employees, and city contractors.

(b) The city council shall hold regular meetings at such times and places as shall be prescribed by ordinance.

(c) Special meetings of the city council may be held on call of the mayor or three members of the city council. Notice of such special meetings shall be served on all other members personally, or by telephone personally, at least 48 hours in advance of the meeting. Such notice to councilmembers shall not be required if the mayor and all councilmembers are present when the special meeting is called. Such notice of any special meeting may be waived by a councilmember in writing before or after such a meeting, and attendance at the meeting shall also constitute a waiver of notice on any business transacted in such councilmembers presence. Only the business stated in the call may be transacted at the special meeting.

(d) All meetings of the city council shall be public to the extent required by law and notice to the public of special meetings shall be made fully as is reasonably possible as provided by Code Section 50-14-1 of the O.C.G.A., or other such applicable laws as are or may hereafter be enacted.

(a) Three members of the city council, excluding the mayor, shall constitute a quorum and shall be authorized to transact business of the city council. Voting on the adoption of ordinances shall be by voice vote and the vote shall be recorded in the journal, but any member of the city council shall have the right to request a roll call vote and such vote shall be recorded in the journal. Except as otherwise provided in this charter, the affirmative vote of three councilmembers shall be required for the adoption of any ordinance, resolution, or motion.

(b) No member of the city council shall abstain from voting on any matter properly brought before the council for official action except when such councilmember has a conflict of interest which is disclosed in writing prior to or at the meeting and made a part of the minutes. Any member of the city council present and eligible to vote on a matter and refusing to do so for any reason other than a properly disclosed and recorded conflict of interest shall be deemed to have acquiesced or concurred with the members of the majority who did vote on the question involved.

SECTION 2.21.

Ordinance form; procedures.

(a) Every proposed ordinance shall be introduced in writing and in the form required for final adoption. No ordinance shall contain a subject which is not expressed in its title. (b) An ordinance may be introduced by any councilmember and be read at a regular or special meeting of the city council. Ordinances shall be considered and adopted or rejected by the city council in accordance with the rules which it shall establish; provided, however, an ordinance shall not be adopted the same day it is introduced, except for emergency ordinances provided in Section 2.23. Upon introduction of any ordinance, the clerk shall as soon as possible distribute a copy to the mayor and to each councilmember and shall file a reasonable number of copies in the office of the clerk and at such other public places as the city council may designate.

An emergency ordinance shall be introduced in the form prescribed for ordinances generally, except that it shall be plainly designated as an emergency ordinance and shall contain, after the enacting clause, a declaration stating that an emergency exists, and describing the emergency in clear and specific terms. An emergency ordinance may be adopted, with or without amendment, or rejected at the meeting at which it is introduced, but the affirmative vote of at least three councilmembers shall be required for adoption. It shall become effective upon adoption or at such later time as it may specify. Every emergency ordinance shall automatically stand repealed 30 days following the date upon which it was adopted, but this shall not prevent reenactment of the ordinance in the manner specified in this section if the emergency still exists. An emergency ordinance may also be repealed by adoption of a repealing ordinance in the same manner specified in this section for adoption of emergency ordinances.

(b) Such meetings shall be open to the public to the extent required by law and notice to the public of emergency meetings shall be made as fully as is reasonably possible in accordance with Code Section 50-14-1 of the O.C.G.A., or such other applicable laws as are or may hereafter be enacted.

(2) A copy of each adopted code of technical regulations, as well as the adopting ordinance, shall be authenticated and recorded by the clerk pursuant to Section 2.25 of this charter.

(b) Copies of any adopted code of technical regulations shall be made available by the clerk for inspection by the public.

(b) The city council shall provide for the preparation of a general codification of all the ordinances of the city having the force and effect of law. The general codification shall be adopted by the city council by ordinance and shall be published promptly, together with all amendments thereto and such codes of technical regulations and other rules and regulations as the city council may specify. This compilation shall be known and cited officially as "The Code of the City of Eagle's Landing, Georgia." Copies of the code shall be furnished to all officers, departments, and agencies of the city, and made available for purchase by the public at a reasonable price as fixed by the city council.

(c) The city council shall cause each ordinance and each amendment to this charter to be printed promptly following its adoption, and the printed ordinances and charter amendments shall be made available for purchase by the public at reasonable prices to be fixed by the city council. Following publication of the first code under this charter and at all times thereafter, the ordinances and charter amendments shall be printed in substantially the same style as the code currently in effect and shall be suitable in form for incorporation therein. The city council shall make such further arrangements as deemed desirable for the reproduction and distribution of any current changes in or additions to codes of technical regulations and other rules and regulations included in the code.

SECTION 2.26.

to approval of the city council, a qualified city administrative officer to exercise the powers and perform the duties of city manager during the city manager's temporary absence or physical or mental disability. During such absence or disability, the city council may revoke such designation at any time and appoint another officer of the city to serve until the city manager shall return or the city manager's absence or disability shall cease.

SECTION 2.29.

Powers and duties of the city manager.

When a city manager has been appointed by the city council, the city manager shall be the chief executive and administrative officer of the city. The city manager shall be responsible to the city council for the administration of all city affairs placed in the city manager's charge by the city council or this charter. As the chief executive and administrative officer, the city manager shall:

- (1) Other than appointments reserved for the mayor in subsection (e) of Section 3.10, hire and, when the city manager deems it necessary for the good of the city, discipline, suspend, or remove any city employees and administrative officers that the city manager hires, except as otherwise provided by law or personnel ordinances adopted pursuant to this charter. - (8) Keep the city council fully advised as to the financial condition and future needs of the city, and make such recommendations to the city council concerning the affairs of the city as the city manager deems desirable; and
- (9) Perform other such duties as are specified in this charter or as may be required by the city council.

SECTION 2.30.

Council interference with administration.

When a city manager has been appointed by the city council, except for the purpose of inquiries and investigations under Section 2.15 of this charter, the city council or its members shall deal with city officers and employees who are subject to the direction and supervision of the city manager solely through the city manager, and neither the city council nor its members shall give orders to any such officer or employee, either publicly or privately.

SECTION 2.31.

When acting as mayor, the mayor pro tem shall continue to have only one vote as a member of the council and shall exercise that power notwithstanding paragraph (5) of Section 2.33 of this charter. A vacancy in the position of mayor pro tem resulting from the mayor pro tem ceasing to serve as a councilmember, or from any other cause, shall be filled for the remainder of the unexpired term in the same manner as the original election.

SECTION 2.33.

Powers and duties of mayor.

The mayor shall:

- (1) Preside at all meetings of the city council;

SECTION 5.10.

Applicability of general law.

All primaries and elections shall be held and conducted in accordance with Chapter 2 of Title 21 of the O.C.G.A., the "Georgia Election Code," as now or hereafter amended.

SECTION 5.11.

Election, terms, and oath of office of the city council and mayor.

(a) Except for the initial elections under subsection (d) of this section, municipal general elections for the city shall be held biennially in the odd-numbered years on the Tuesday next following the first Monday in November.

(b) There shall be elected the mayor and councilmembers from Council Districts 3 and 4 at one election and at every other regular election thereafter. The remaining city council seats from Council Districts 1 and 2 shall be filled at the election alternating with the first election so that a continuing body is created.

(c) Each councilmember shall be elected by a majority vote of the qualified electors of his or her respective council district voting at the elections of the city. For the purpose of electing members of the city council, the City of Eagle's Landing shall consist of four council districts as described in Appendix B of this charter, which is attached and incorporated into this charter by reference. Each candidate for election to the city council other than the mayor shall reside in the council district he or she seeks to represent.

(d) If the city is formed as a result of the referendum held in the 2018 general primary, the first election for mayor and councilmembers shall be a special election held in conjunction with the 2018 November general election. At such election, the mayor and councilmembers elected from Council Districts 3 and 4 shall be elected for initial terms of office beginning immediately after their election and expiring upon the election and qualification of their respective successors in 2023. The councilmembers elected from Council Districts 1 and 2 shall be elected for initial terms of office beginning immediately after their election and expiring upon the election and qualification of their respective successors in 2021. Thereafter, successors to the mayor and councilmembers shall be elected at the November general election immediately preceding the end of their respective terms of office, and such successors shall take office in accordance with subsection (g) of this section for terms of four years and until their respective successors are elected and qualified.

(e) If the city is formed as a result of a referendum held in a special election after the 2018 general primary but on or before the 2018 November general election, then the first election for mayor and councilmembers shall be a special election to be held on the first special election date pursuant to Code Section 21-2-540 of the O.C.G.A. in 2019. At such special election, the mayor and councilmembers elected from Council Districts 3 and 4 shall be elected for initial terms of office beginning immediately after their election and expiring upon the election and qualification of their respective successors in 2023. The councilmembers from Council Districts 1 and 2 shall be elected for initial terms of office beginning immediately after their election and expiring upon the election and qualification of their respective successors in 2021. Thereafter, successors to the mayor and councilmembers shall be elected at the November general election immediately preceding the end of their respective terms of office, and such successors shall take office in accordance with subsection (g) of this section for terms of four years and until their respective successors are elected and qualified.

(f) The mayor, for the special election and each subsequent election for mayor, shall be elected by the qualified electors of the city at large voting in such elections of the city.

(g) Except for the initial election of the mayor and council, the terms of office of the mayor and councilmembers shall begin on the Monday following such person's election which is at least five days following the certification of the results of such person's election to such office unless a petition to contest the results of such person's election to such office is filed pursuant to Article 13 of Chapter 2 of Title 21 of the O.C.G.A. If a petition to contest the election results is filed, such person shall not be sworn in until a judgment has been entered pursuant to Code Section 21-2-527 of the O.C.G.A. or such petition has been withdrawn or dismissed. In such case, the person's term of office shall begin on the Monday following the entry of such judgment or the withdrawal or dismissal of such petition. Such officeholder shall be sworn in at the next meeting of the governing authority, which shall be held not later than two weeks following the beginning of such person's term of office, and shall hold office until his or her successor's term begins in accordance with this subsection.

(h) The oath of office to be administered to newly elected members shall be administered

by a judicial officer authorized to administer oaths and shall, to the extent that it comports with federal and state law, be as follows:

"I do solemnly (swear)(affirm) that I will faithfully perform the duties of (mayor)(councilmember) of this city and that I will support and defend the charter thereof as well as the Constitution and laws of the State of Georgia and of the United States of America. I am not the holder of any unaccounted for public money due this state or any political subdivision or authority thereof. I am not the holder of any office of trust under the government of the United States, any other state, or any foreign state which I, by the laws of the State of Georgia, am prohibited from holding. I am otherwise qualified to hold said office according to the Constitution and laws of the State of Georgia. I have been a resident of (my district and) the City of Eagle's Landing for the time required by the Constitution and laws of this state and by the municipal charter. I will perform the duties of my office in the best interest of the City of Eagle's Landing to the best of my ability without fear, favor, affection, reward, or expectation thereof."

SECTION 5.12.

The person receiving a majority of the votes cast for any city office shall be elected.

SECTION 5.14.

Special elections; vacancies.

In the event that the office of mayor or councilmember shall become vacant as provided in Section 2.12 of this charter, the city council or those remaining shall order a special election to fill the balance of the unexpired term of such official; provided, however, if such vacancy occurs within 12 months of the expiration of the term of that office, the city council or those remaining shall appoint a successor for the remainder of the term. In all other respects, the special election shall be held and conducted in accordance with Chapter 2 of Title 21 of the O.C.G.A., the "Georgia Election Code," as now or hereafter amended.

SECTION 5.15.

Except as otherwise provided by this charter, the city council shall, by ordinance, prescribe such rules and regulations it deems appropriate to fulfill any options and duties under the Georgia Election Code.

SECTION 5.16.

Removal of officers.

(a) The mayor, councilmembers, or other appointed officers provided for in this charter shall be removed from office for any one or more of the causes provided in Title 45 of the O.C.G.A., or such other applicable laws as are or may hereafter be enacted.

(b) Removal of an officer pursuant to subsection (a) of this section shall be accomplished one of the following methods:

(1) Following a hearing at which an impartial panel shall render a decision. In the event an elected officer is sought to be removed by the action of the city council, such officer shall be entitled to a written notice specifying the ground or grounds for removal and to a public hearing which shall be held not less than ten days after the service of such written notice. The city council shall provide by ordinance for the manner in which such hearings shall be held. Any elected officer sought to be removed from office as herein provided shall have the right of appeal from the decision of the city council to the Superior Court of Henry County. Such appeal shall be governed by the same rules as govern appeals to the superior court from the probate court; or

(2) By a final order of the Superior Court of Henry County following a hearing on a complaint seeking such removal brought by any resident of the City of Eagle's Landing.

ARTICLE VI**FINANCE****SECTION 6.10.**

(a) Subject to the limitations contained in paragraph (37) of Section 1.13 of this charter, the city council, by ordinance, shall establish a millage rate for the city property tax, a due date, and the time period within which these taxes must be paid. The city council, by ordinance, may provide for the payment of these taxes by two installments or in one lump sum, as well as authorize the voluntary payment of taxes prior to the time when due.

(b) For all years, except for special tax districts and general obligation bond indebtedness, the millage rate imposed for ad valorem taxes on real property shall not exceed 5.00 unless a higher millage rate is recommended by resolution of the city council

and subsequently approved by a majority of the qualified voters of the City of Eagle's Landing voting on the issue in a referendum. For the purposes of this subsection, the term 'qualified voters' means those voters of the city who are qualified to vote in city elections and cast a vote for or against such measure in such referendum. The question to be presented to the voters in the referendum on increasing the millage rate shall be, "Do you approve increasing taxes on residential and nonresidential property for City of Eagle's Landing property owners by raising from [current millage rate], which was capped in the original charter for the city, to [proposed millage rate] the operating budget millage rate?" If such millage rate increase is approved by the qualified voters of the City of Eagle's Landing voting in the referendum, the new rate shall become the maximum limit until changed again by resolution of the city council and approval by a majority of the qualified voters of the City of Eagle's Landing voting in such referendum. This millage rate limit shall apply to the millage rate actually levied and shall not apply to the hypothetical millage rate computed under subsection (a) of Code Section 48-8-91 of the O.C.G.A., relating to conditions on imposition of the joint county and municipal sales tax.

The city council by ordinance shall have the power to require businesses or practitioners doing business within this city to obtain a permit for such activity from the city and pay a reasonable regulatory fee for such permit as provided by general law. SECTION 6.14.

Franchises.

(a) The city council shall have the power to grant franchises for the use of this city's streets and alleys for the purposes of railroads, street railways, telephone companies, electric companies, electric membership corporations, cable television and other telecommunications companies, gas companies, transportation companies, and other similar organizations. The city council shall determine the duration, terms, whether the same shall be exclusive or nonexclusive, and the consideration for such franchises;

provided, however, no franchise shall be granted for a period in excess of 35 years and no franchise shall be granted unless the city receives just and adequate compensation therefor. The city council shall provide for the registration of all franchises with the city clerk in a registration book kept by the clerk. The city council may provide by ordinance for the registration within a reasonable time of all franchises previously granted.

(b) If no franchise agreement is in effect, the city council has the authority to impose a tax on gross receipts for the use of this city's streets and alleys for the purposes of railroads, street railways, telephone companies, electric companies, electric membership corporations, cable television and other telecommunications companies, gas companies, transportation companies, and other similar organizations.

SECTION 6.16.

Special assessments.

The city council by ordinance shall have the power to assess and collect the cost of constructing, reconstructing, widening, or improving any public way, street, sidewalk, curbing, gutters, sewers, or other utility mains and appurtenances from the abutting property owners. If unpaid, such charges shall be collected as provided in Section 6.18 of this charter.

SECTION 6.17.

Construction; other taxes and fees.

This city shall be empowered to levy any other tax or fee allowed now or hereafter by law, and the specific mention of any right, power, or authority in this article shall not be construed as limiting in any way the general powers of this city to govern its local affairs.

SECTION 6.18.

Collection of delinquent taxes and fees.

The city council, by ordinance, may provide generally for the collection of delinquent taxes, fees, or other revenue due the city under Sections 6.10 through 6.17 of this charter by whatever reasonable means as are not precluded by law. This shall include providing for the dates when the taxes or fees are due; late penalties or interest; issuance and

The city council shall provide an ordinance on the procedures and requirements for the preparation and execution of an annual operating budget, a capital improvement plan, and a capital budget, including requirements as to the scope, content, and form of such budgets and plans.

(a) The city council may amend the operating budget proposed by the mayor or the city manager, as the case may be; except, that the budget as finally amended and adopted must provide for all expenditures required by state law or by other provisions of this charter and for all debt service requirements for the ensuing fiscal year, and the total appropriations from any fund shall not exceed the estimated fund balance, reserves, and revenues.

(b) The city council by ordinance shall adopt the final operating budget for the ensuing fiscal year not later than 15 days prior to the beginning of such fiscal year. If the city council fails to adopt the budget by this date, the amounts appropriated for operation for the current fiscal year shall be deemed adopted for the ensuing fiscal year on a month-to-month basis, with all items prorated accordingly until such time as the city council adopts a budget for the ensuing fiscal year. Adoption of the budget shall take the form of an appropriations ordinance setting out the estimated revenues in detail by sources and making appropriations according to fund and by organizational unit, purpose, or activity as set out in the budget preparation ordinance adopted pursuant to Section 6.24 of this charter.

(c) The amount set out in the adopted operating budget for each organizational unit shall

SECTION 6.27.

The city council shall levy by ordinance such taxes as are necessary. The taxes and tax rates set by such ordinances shall be such that reasonable estimates of revenues from such levy shall at least be sufficient, together with other anticipated revenues, fund balances, and applicable reserves, to equal the total amount appropriated for each of the several funds set forth in the annual operating budget for defraying the expenses of the general government of this city.

SECTION 6.28.

- (b) The city council may quitclaim any rights it may have in property not needed for public purposes upon report by the mayor or the city manager, as the case may be, and adoption of a resolution, both finding that the property is not needed for public or other purposes and that the interest of the city has no readily ascertainable monetary value.
- (c) Whenever in opening, extending, or widening any street, avenue, alley, or public place of the city, a small parcel or tract of land is cut off or separated by such work from a larger tract or boundary of land owned by the city, the city council may authorize the mayor or the city manager, as the case may be, to sell and convey said cut-off or separated parcel or tract of land to an abutting or adjoining property owner or owners where such sale and conveyance facilitate the enjoyment of the highest and best use of the abutting owner's property. Included in the sales contract shall be a provision for the rights-of-way of said street, avenue, alley, or public place. Each abutting property owner shall be notified of the availability of the property and given the opportunity to purchase

- (b) Those provisions of this Act necessary for the special election to be held in conjunction with the 2018 November general election shall be effective upon the certification of the results of the referendum election provided for by Section 7.13 of this charter, if this Act is approved at such referendum election.
- (c) The remaining provisions of this Act shall become of full force and effect for all purposes on January 1, 2019, except that the initial mayor and councilmembers shall take office immediately following their election and by action of a quorum may, prior to January 1, 2019, meet and take actions binding on the city.

SECTION 7.15.

Transition.

- (a) A period of time will be needed for an orderly transition of various government functions from Henry County to the City of Eagle's Landing. Accordingly, there shall be

a transition period beginning on January 1, 2019, and ending at midnight on the last day of the twenty-fourth month following such date. During such transition period, all provisions of this charter shall be effective as law, but not all provisions of this charter shall be implemented.

(b) During such transition period, Henry County shall provide within the total territorial limits of the City of Eagle's Landing all government services and functions which Henry County provided in that portion of the area which was previously unincorporated and which is now within the corporate limits of the City of Eagle's Landing during 2018 and at the same actual cost, except to the extent otherwise provided in this section; provided, however, that upon at least 30 days' prior written notice to Henry County by the City of Eagle's Landing, responsibility for any such service or function shall be transferred to the City of Eagle's Landing. Beginning on January 1, 2019, the City of Eagle's Landing shall collect taxes, fees, assessments, fines and forfeitures, and other moneys within the territorial limits of the City of Eagle's Landing; provided, however, that upon at least 30 days' prior written notice to Henry County by the City of Eagle's Landing, the authority to collect any tax, fee, assessment, fine or forfeiture, or other moneys shall remain with Henry County after January 1, 2019, until such time as Henry County receives subsequent notice from the City of Eagle's Landing that such authority shall be transferred to the City of Eagle's Landing.

(c) During the transition period, the governing authority of the City of Eagle's Landing:

- (1) Shall hold regular meetings and may hold special meetings as provided in this charter;

(d) Except as otherwise provided in this section, during the transition period, the Municipal Court of the City of Eagle's Landing shall not exercise its jurisdiction. During the transition period, all ordinances of Henry County shall be applicable within the territorial limits of the City of Eagle's Landing and the appropriate court or courts of Henry County shall retain jurisdiction to enforce such ordinances. However, by appropriate agreement (and concurrent resolutions and ordinances if needed) Henry County and the City of Eagle's Landing may during the transition period transfer all or

part of such regulatory authority and the appropriate court jurisdiction to the City of Eagle's Landing. Any transfer of jurisdiction to the City of Eagle's Landing during or at the end of the transition period shall not in and of itself abate any judicial proceeding pending in Henry County or the pending prosecution of any violation of any ordinance of Henry County.

(e) During the transition period, the governing authority of the City of Eagle's Landing may at any time, without the necessity of any agreement by Henry County, commence to exercise its planning and zoning powers; provided, however, that the city shall give the county notice of the date on which the city will assume the exercise of such powers. Upon the governing authority of the City of Eagle's Landing commencing to exercise its planning and zoning powers, the Municipal Court of the City of Eagle's Landing shall immediately have jurisdiction to enforce the planning and zoning ordinances of the city. The provisions of this subsection shall control over any conflicting provisions of any other subsection of this section.

(f) During the transition period, all business licenses and permits which were previously issued by the City of Stockbridge or Henry County shall continue to be effective for the term for which such licenses and permits were originally issued.

(g) Effective upon the termination of the transition period, subsections (b) through (f) of this section shall cease to apply except for the last sentence of subsection (d) which shall remain effective. Effective upon the termination of the transition period, the City of Eagle's Landing shall be a full-functioning municipal corporation and subject to all general laws of this state.

(h) The City of Eagle's Landing shall be a successor in interest to all intergovernmental agreements which affect the territory contained within the corporate limits of the city which are in existence at the time the city is created.

(I) During the transition period, all existing zoning and land use provisions shall remain in effect and all valid, existing licenses issued previously to businesses operating in the corporate limits of the City of Eagle's Landing by the City of Stockbridge or Henry County shall continue in force and effect until their expiration.

SECTION 7.16.

Directory nature of dates.

It is the intention of the General Assembly that this Act be construed as directory rather than mandatory with respect to any date prescribed in this Act. If it is necessary to delay any action called for in this Act for providential cause or any other reason, it is the intention of the General Assembly that the action be delayed rather than abandoned. Any delay in performing any action under this Act, whether for cause or otherwise, shall not operate to frustrate the overall intent of this Act. Without limiting the generality of the foregoing it is specifically provided that:

- (1) If it is not possible to hold the referendum election provided for in Section 7.13 of this Act on the date specified in that section, then such referendum shall be held as soon thereafter as is reasonably practicable; and

(2) If it is not possible to hold the first municipal election provided for in this Act on the date specified in that section, then there shall be a special election for the initial members of the governing authority to be held on the next possible special election date authorized pursuant to Code Section 21-2-540 of the O.C.G.A.

Each district, if more than one are implemented, shall be governed as directed by this article. The conditions for such activation shall be:

(1) The adoption of a resolution consenting to the creation of the community improvement district or districts by the governing authority for the City of Eagle's Landing and imposing such conditions on the projects and activities which may be undertaken as will ensure their compatibility with adopted city policies and planning for the area; and

(2) The written consent to the creation of the community improvement district by:

For this purpose, value shall be determined by the most recent approved county ad valorem tax digest.

The written consent provided for in this paragraph shall be submitted to the Henry County tax commissioner, who shall certify whether subparagraphs (A) and (B) of

this paragraph have been satisfied with respect to such proposed district. The district or districts or respective board or boards created under this article shall not transact any business or exercise any powers under this article until the foregoing conditions are met. A copy of such resolutions shall be filed with the Secretary of State and with the city clerk of the City of Eagle's Landing, who shall each maintain a record of the district activated under this article. Nothing contained herein shall limit the ability of the governing authority of the City of Eagle's Landing to implement more than one community improvement district so long as the requirements hereof and of the Constitution of the State of Georgia are satisfied. The provisions of this article shall be construed so as to provide for the independent application and exercise of all powers for each district contained herein including the ability to levy taxes as outlined herein as separately and independently authorizing and empowering such separate community improvement districts created hereby. Nothing contained herein shall require the governing authority of the City of Eagle's Landing to create more than one community improvement district, or to require the creation of a new district if the district boundaries of an existing district are changed, added to, supplemented, or modified.

SECTION 8.13.

Administration, appointment, and election of board members.

Each district created pursuant hereto shall be administered either by the governing authority or by a board as prescribed under this article. In the event that a district is to be governed by such a board, the board shall be composed of a minimum of seven board members to be appointed and elected as hereinafter provided:

(1) Two board members shall be appointed by the Mayor of the City of Eagle's Landing, and confirmed by a majority of the city council, one of whom shall be a member of the city council, to serve in Posts 6 and 7. Two board members shall be elected by the vote of electors, and three members shall be elected by the vote of equity electors. The members representing the electors and equity electors shall be elected to serve in post positions 1 through 5, respectively. Each elected board member shall receive a majority of the votes cast for the post for which he or she is a candidate. Votes for Posts 1 and 2 shall be cast by electors, and votes for Posts 3, 4, and 5 shall be cast by the equity electors. The initial term of office for the members representing Posts 1 and 3 shall be one year. The initial term of office for the members representing Posts 2 and 5 shall be two years, and the initial term of office of the members representing Post 3 shall be three years. Thereafter, all terms of office shall be for four years, except the appointed board members who shall serve at the pleasure of the appointing body which appointed him or her. Elected board members shall be subject to recall in the same manner as elected.

(2) The initial board members to be elected as provided in paragraph (1) of this section shall be elected in a caucus of electors which shall be held within 120 days after the adoption of the resolution by the City of Eagle's Landing consenting to the

creation of the district, and the obtaining of the written consents herein provided at such time and place within the district as the City of Eagle's Landing shall designate after notice thereof shall have been given to said electors by publishing same in the legal organ of Henry County as hereinafter provided. Thereafter, there shall be conducted annually, not later than 120 days following the last day for filing ad valorem real property tax returns in Henry County, a caucus of said electors at such time and place within the district as the board shall designate in such notice for the purpose of electing board members to those board member positions whose terms expire or are vacant. If a vacancy occurs in an elected position on the board, the board shall, within 60 days thereof, call a special election to fill the same to be held within 60 days of the call unless such vacancy occurs within 180 days of the next regularly scheduled election, in which case a special election may, but need not, be called. For any election held hereunder, notice thereof shall be given to said electors by publishing notice thereof in the legal organ of Henry County at least once each week for four weeks prior to such election.

(3) Board members shall receive no compensation for their services, but shall be reimbursed for actual expenses reasonably incurred in the performance of their duties. They shall elect one of their number as chairperson and another as vice chairperson. They shall also elect a secretary and a treasurer, or a secretary/treasurer, either of whom may, but need not, be a member of the board or an elector.

(4) If the boundaries of a district are subsequently changed after creation of the district to include land within the unincorporated area of the county or a municipality which was not a party to the creation of the district, or if a municipality's boundaries are changed to include land within an existing district, the governing authority of the municipality shall acquire the right to appoint a member to the board of the district upon entering into the cooperation agreement provided for in Section 8.17 of this article. If, by municipal annexation or by deannexation of land from a district, the district no longer includes land within the incorporated area of the City of Eagle's Landing or within a municipality, respectively, then the board member of the district appointed by such governing authority in which the district is no longer located shall cease to be a board member.

(5) Chapter 2 of Title 21 of the O.C.G.A., the "Georgia Election Code," shall not apply to the election of district board members. Should a vacancy in office of a district board member occur, and the regular caucus of electors is more than six months in the future, a special election shall be called to fill such vacancy, unless it is filled by appointment as hereinabove required. The district board may adopt such bylaws not inconsistent herewith to provide for any matter concerning such elections.

SECTION 8.14.

Taxes, fees, and assessments.

(a) The board may levy taxes, fees, and assessments within the district only on real property used nonresidentially, specifically excluding all property exempt from ad

valorem taxation under the Constitution or laws of the State of Georgia; all property used for residential, agricultural, or forestry purposes; and all tangible personal property and intangible property. Any tax, fee, or assessment so levied shall not exceed 2.5 percent of the aggregate assessed value of all such real property, subject to such limitations as the governing authority for the City of Eagle's Landing may implement with the adoption of the resolution consenting to the creation of said district. The taxes, fees, and assessments levied by the board shall be equitably apportioned among the properties subject to such taxes, fees, and assessments according to the need for governmental services and facilities created by the degree of density of development of each such property. The proceeds of taxes, fees, and assessments levied by the board shall be used only for the purpose of providing those governmental services and facilities set forth in Section 8.10 of this article which are specially required by the degree of density of development within the district and not for the purpose of providing those governmental services and facilities provided to the municipality as a whole. Any tax, fee, or assessment so levied shall be collected by the City of Eagle's Landing in the same manner as taxes, fees, and assessments are levied by the City of Eagle's Landing. Delinquent taxes shall bear the same interest and penalties as City of Eagle's Landing ad valorem taxes and may be enforced and collected in the same manner. The proceeds of taxes, fees, and assessments so levied, less a fee to cover the costs of collection of 0.25 percent thereof, but not more than \$10,000.00 in any one calendar year, shall be transmitted as soon as they are acquired by the City of Eagle's Landing to the board, and shall be expended by the board only for the purposes authorized hereby.

(b) The board shall levy the taxes provided for in subsection (a) of this section subsequent to the report of the assessed taxable values for the current calendar year and notify in writing the collecting governing bodies so they may include the levy on their regular ad valorem tax bills, if possible.

(c) There shall be a segregation of all funds from the levy of taxes, fees, and assessments as described hereunder for the district, and neither the City of Eagle's Landing nor the respective county tax commissioner shall expend for any purpose not authorized by the board of this district any such taxes, fees, or charges assessed and collected hereunder except for such costs as may be attributed to the billing and collection of such fees, levies, and assessments.

(d) If, but for this provision, a parcel of real property is removed from a district or otherwise would become nontaxable, it shall continue to bear the tax millage levied by the district then extant upon such parcel for indebtedness of the district then outstanding until said indebtedness is paid or refunded.

SECTION 8.15.

Boundaries of the district.

(a) The boundaries of the district or districts shall be as designated as such by the City of Eagle's Landing as set forth in the resolution required in Section 8.12 of this article, or as may thereafter be added as hereinafter provided.

(b) The boundaries of the district or districts may be increased after the initial creation of a district if:

- (1) Written consent of the owners of any real property sought to be annexed is first obtained;
- (2) The board of the district adopts a resolution consenting to the annexation; and
- (3) A resolution is adopted which grants consent to the annexation by the governing authority of such municipalities as may have area within the district before or after the annexation.

SECTION 8.16.

Debt.

Except as otherwise provided in this section, the district may incur debt without regard to the requirements of Article IX, Section V of the Constitution of the State of Georgia, which debt shall be backed by the full faith and credit and taxing power of the district but shall not be an obligation of the State of Georgia or any other unit of government of the State of Georgia other than the district; provided, however, that the board and the district may not issue bonds validated under or in accordance with Article 3 of Chapter 82 of Title 36 of the O.C.G.A., known as the "Revenue Bond Law," or in accordance with such other successor provisions governing bond validation generally or as may be provided by law.

SECTION 8.17.

Cooperation with local governments.

The services and facilities provided pursuant hereto may be provided for in a cooperation agreement executed jointly by the board, the governing body of the City of Eagle's Landing, and any municipalities and other governmental authorities or agencies within which the district is partially located. The provisions of this section shall in no way limit the authority of the City of Eagle's Landing or any such municipality or any such authority to provide services or facilities within the district; and the City of Eagle's Landing or such municipalities shall retain full and complete authority and control over any of its facilities located within its respective areas of any district. Said control shall include, but not be limited to, the modification of, access to, and degree and type of services provided through or by facilities of the municipality or county. Nothing contained in this section shall be construed to limit or preempt the application of any governmental laws, ordinances, resolutions, or regulations to the district or the services or facilities provided therein.

SECTION 8.18.

Powers.

(a) The district and the board created pursuant hereto shall have all of the powers necessary or convenient to carry out and effectuate the purposes and provisions hereof,

including, without limiting the generality of the foregoing, the power to:

- (1) Bring and defend actions;

- (6) Borrow money to further or carry out its public purposes and to execute bonds, notes, other obligations, leases, trust indentures, trust agreements, agreements for the sale of its notes, or other obligations, loan agreements, security agreements, assignments, and such other agreements or instruments as may be necessary or desirable, in the judgment of the board, to evidence and to provide security for such borrowing;
- (7) Issue notes or other obligations of the district and use the proceeds thereof for the purpose of paying all or any part of the cost of any project and otherwise to further or carry out the public purposes of the district and to pay all reasonably incurred costs of the board incidental to, or necessary and appropriate to, furthering or carrying out such purposes; provided, however, that the board and the district may not issue bonds validated under or in accordance with Article 3 of Chapter 82 of Title 36 of the O.C.G.A., known as the "Revenue Bond Law," or in accordance with such other successor provisions governing bond validation generally or as may be provided by law;

(a)(1) Any county qualified to levy a tax pursuant to paragraph (2) of subsection (b) of Code Section 48-8-269.41 shall deliver or mail a written notice to the mayor or chief elected official in each qualified municipality located within the special district prior to the issuance of the call for the referendum. Such notice shall contain the date, time, place, and purpose of a meeting at which the governing authorities of the county and of each qualified municipality are to meet to discuss possible transit projects from the regional transit plan for inclusion in the referendum and the rate of tax. The notice shall be delivered or mailed at least ten days prior to the date of the meeting. The meeting shall be held at least 60 days prior to any issuance of the call for the referendum.

(2) At the meeting the county and all qualified municipalities may select transit projects for the county from the regional transit plan to be funded by the proceeds of the tax authorized by this article.

(b) Following the meeting required by subsection (a) of this Code section, the county shall deliver or mail a written notice to the authority of the intent to call for a referendum to impose the tax authorized by this article. Such notice shall include a list of transit projects located within such county chosen from the regional transit plan which the county intends to fund with proceeds from the tax authorized under this article and the proposed operator of any such transit projects if such project or projects are services which require an operator.

(c) Upon receipt of such notice from a county, the authority shall approve or deny any or all projects within a submitted transit project list and the proposed operator of any transit projects if such project or projects are services which require an operator. In making a determination upon whether to approve transit projects, the authority shall take into consideration any other transit projects the authority has approved for any neighboring counties, any transit projects in progress in any neighboring counties, and any additional federal or state funding that may be available for any projects. The authority shall make a determination and send notification to a county approving or

denying the submitted transit projects and operators, if applicable, no later than 20 days from the receipt of such list.

(d)(1) As soon as practicable after receipt of notice from the authority, the governing authority of the county desiring to call for a referendum shall, by a majority vote on a resolution offered for such purpose, submit the list of transit projects and the question of whether the tax should be approved to electors of the special district in the next scheduled election and shall notify the county election superintendent within the special district by forwarding to the superintendent a copy of such resolution calling for the imposition of the tax. Such list, or a digest thereof, shall be available during regular business hours in the office of the county clerk.

(2) The resolution authorized by paragraph (1) of this subsection shall describe or identify:

(A) The specific transit projects to be funded which shall have been selected from the regional transit plan and approved by the authority;

(B) The approximate cost of such transit projects;

(C) The operator selected for any transit project or projects proposed if such project or projects are services which require an operator; and

48-8-269.46.

(a)(1) The ballot submitting the question of the imposition of a tax for transit projects to the voters within the special district shall have written or printed thereon the following:

'() YES Shall a special _____ percent sales and use tax be imposed in the special district consisting of _____ County for a period of time not

() NO to exceed _____ and for the raising of funds for transit projects?'

(2) If debt is to be issued, the ballot shall also have written or printed thereon, following the language specified by paragraph (1) of this subsection, the following:

'If imposition of the tax is approved by the voters, such vote shall also constitute approval of the issuance of general obligation debt of _____ in the principal amount of \$ _____ for the above purpose.'

(b) The election superintendent shall issue the call and conduct the election in the manner authorized by general law. Each such election shall be governed, held, and conducted in accordance with the provisions of law from time to time governing the holding of special elections as provided in Code Section 21-2-540. The superintendent shall canvass the returns, declare the result of the election, and certify the result to the Secretary of State and to the commissioner. The expense of the election shall be paid from county funds. All persons desiring to vote in favor of imposing the tax shall vote 'Yes,' and all persons opposed to imposing the tax shall vote 'No.' If more than one-half of the votes cast throughout the entire special district are in favor of imposing the tax,

then the tax shall be imposed as provided in this article.

(c) Where such question is not approved by the voters, the county may resubmit such question from time to time upon compliance with the requirements of this article.

(d)(1) If the proposal includes the authority to issue general obligation debt and if more than one-half of the votes cast throughout the entire special district are in favor of the proposal, then the authority to issue such debt in accordance with Article IX, Section V, Paragraph I of the Constitution is given to the proper officers of the county; otherwise, such debt shall not be issued. If the authority to issue such debt is so approved by the voters, then such debt may be issued without further approval by the voters.

(2) If the issuance of general obligation debt is included and approved as provided in this Code section, then the governing authority of the county may incur such debt either through the issuance and validation of general obligation bonds or through the execution of a promissory note or notes or other instrument or instruments. If such debt is incurred through the issuance of general obligation bonds, such bonds and their issuance and validation shall be subject to Articles 1 and 2 of Chapter 82 of Title 36 except as specifically provided otherwise in this article. If such debt is incurred through the execution of a promissory note or notes or other instrument or instruments, no validation proceedings shall be necessary, and such debt shall be subject to Code Sections 36-80-10 through 36-80-14 except as specifically provided otherwise in this article. In either event, such general obligation debt shall be payable first from the separate account in which are placed the proceeds received by the county from the tax. Such general obligation debt shall, however, constitute a pledge of the full faith, credit, and taxing power of the county; and any liability on such debt which is not satisfied from the proceeds of the tax shall be satisfied from the general funds of the county.

Part 4

48-8-269.47.

(a) Any tax approved under this article shall be at a rate of up to 1 percent and may be in increments of 0.05 percent.

(b)(1) If the imposition of a tax under this article is approved at the election as provided for pursuant to this article, the tax shall be imposed on the first day of the next succeeding calendar quarter which begins more than 80 days after the date of the election at which the tax was approved by the voters.

(2) With respect to services which are regularly billed on a monthly basis, however, the resolution shall become effective with respect to and the tax shall apply to services billed on or after the effective date specified in paragraph (1) of this subsection.

(c) The tax shall cease to be imposed on the final day of the maximum period of time specified for the imposition of the tax.

(d) At any point in time within two years of the expiration date of a tax under this article, proceedings for the reimposition of a tax under this article may be initiated in the same manner as provided in this article for initial imposition of such tax.

48-8-269.48.

A tax levied pursuant to this article shall be exclusively administered and collected by the commissioner to be used within the special district or special districts imposing the tax for the transit projects specified in the resolution calling for the imposition of the tax. Such administration and collection shall be accomplished in the same manner and subject to the same applicable provisions, procedures, and penalties provided in Article 1 of this chapter; provided, however, that all moneys collected from each taxpayer by the commissioner shall be applied first to such taxpayer's liability for taxes owed the state; and provided, further, that the commissioner may rely upon a representation by or on behalf of the special district or the Secretary of State that such a tax has been validly imposed, and the commissioner and the commissioner's agents shall not be liable to any person for collecting any such tax which was not validly imposed. Dealers shall be allowed a percentage of the amount of the tax due and accounted for and shall be reimbursed in the form of a deduction in submitting, reporting, and paying the amount due if such amount is not delinquent at the time of payment. The deduction shall be at the rate and subject to the requirements specified under subsections (b) through (f) of Code Section 48-8-50.

48-8-269.49.

Each sales tax return remitting taxes collected under this article shall separately identify the location of each transaction at which any of the taxes remitted were collected and shall specify the amount of sales and the amount of taxes collected at each such location for the period covered by the return in order to facilitate the determination by the commissioner that all taxes imposed by this article are collected and distributed according to situs of sale.

48-8-269.50.

(a) The proceeds of the tax collected by the commissioner in each special district qualified to levy the tax under Part 2 of this article shall be disbursed as soon as practicable after collection as follows:

(1) One percent of the amount collected shall be paid into the general fund of the state treasury in order to defray the costs of administration; and

(2) Except for the percentage provided in paragraph (1) of this subsection, the remaining proceeds of the tax shall be distributed pursuant to the terms of the intergovernmental agreement.

(b) The proceeds of the tax collected by the commissioner in each special district qualified to levy the tax under Part 3 of this article shall be disbursed as soon as practicable after collection as follows:

(1) One percent of the amount collected shall be paid into the general fund of the state treasury in order to defray the costs of administration; and

(2) Except for the percentage provided in paragraph (1) of this subsection, the remaining proceeds of the tax shall be distributed to the special district for the transit projects specified in the resolution calling for the imposition of the tax.

48-8-269.51.

(a) The proceeds of a tax under this article shall not be subject to any allocation or balancing of state and federal funds provided for by general law, and such proceeds shall not be considered or taken into account in any such allocation or balancing.

(b) The approval of the tax under this article shall not in any way diminish the percentage of state or federal funds allocated to any of the local governments under Code Section 32-5-27 or Chapter 39 of Title 50 within the special district levying the tax.

48-8-269.52.

(a) Except as to rate, a tax imposed under this article shall correspond to the tax imposed by Article 1 of this chapter. No item or transaction which is not subject to taxation under Article 1 of this chapter shall be subject to a tax imposed under this article, except that a tax imposed under this article shall not apply to:

(1) The sale or use of any type of fuel used for off-road heavy-duty equipment, off-road farm or agricultural equipment, or locomotives;

(2) The sale or use of jet fuel;

(3) The sale or use of fuel that is used for propulsion of motor vehicles on the public highways;

(4) The sale or use of energy used in the manufacturing or processing of tangible goods primarily for resale, as such sale or use is described in Code Section 48-8-3.2;

(5) The sale or use of motor fuel, as defined under paragraph (9) of Code Section 48-9-2, for public mass transit; or

(6) The purchase or lease of any motor vehicle pursuant to Code Section 48-5C-1.

(b) Except as otherwise specifically provided in this article, the tax imposed pursuant to this article shall be subject to any sales and use tax exemption which is otherwise imposed by law; provided, however, that the tax levied by this article shall be applicable to the sale of food and food ingredients as provided for in paragraph (57) of Code Section 48-8-3.

48-8-269.53.

Where a local sales or use tax has been paid with respect to tangible personal property by the purchaser either in another local tax jurisdiction within this state or in a tax jurisdiction outside this state, the tax may be credited against the tax authorized to be imposed by this article upon the same property. If the amount of sales or use tax so paid is less than the amount of the tax due under this article, the purchaser shall pay an amount equal to the difference between the amount paid in the other tax jurisdiction and the amount due under this article. The commissioner may require such proof of payment in another local tax jurisdiction as he or she deems necessary and proper. No credit shall be granted, however, against the tax under this article for tax paid in another jurisdiction if the tax paid in such other jurisdiction is used to obtain a credit against any other local sales and use tax levied in the county or in a special district which includes the county.

48-8-269.54.

No tax shall be imposed upon the sale of tangible personal property which is ordered by and delivered to the purchaser at a point outside the geographical area of the special district in which the tax is imposed regardless of the point at which title passes, if the delivery is made by the seller's vehicle, United States mail, or common carrier or by private or contract carrier.

48-8-269.55.

The commissioner shall have the power and authority to promulgate such rules and regulations as shall be necessary for the effective and efficient administration and enforcement of the collection of the tax.

48-8-269.56.

Except as provided in Code Section 48-8-6, the tax authorized under this part shall be in addition to any other local sales and use tax. Except as otherwise provided in this article and except as provided in Code Section 48-8-6, the imposition of any other local sales and use tax within a county or qualified municipality within a special district shall not affect the authority of a county to impose the tax authorized under this article, and the imposition of the tax authorized under this article shall not affect the imposition of any otherwise authorized local sales and use tax within the special district.

48-8-269.57.

(a)(1) The proceeds received from the tax shall be used by the special district or special districts exclusively for the transit projects specified in the resolution calling for imposition of the tax. When the proceeds are received by a special district authorized to levy the tax pursuant to Part 2 of this article, such proceeds shall be kept in a separate account from other funds of any county receiving proceeds of the tax and shall not in any manner be commingled with other funds of any county prior to the expenditure.

(2) The governing authority of each county receiving any proceeds from the tax under this article shall maintain a record of each and every purpose for which the proceeds of the tax are used. A schedule shall be included in each annual audit which shows for each purpose in the resolution calling for imposition of the tax the original estimated cost, the current estimated cost if it is not the original estimated cost, amounts expended in prior years, and amounts expended in the current year. The auditor shall verify and test expenditures sufficient to provide assurances that the schedule is fairly presented in relation to the financial statements. The auditor's report on the financial statements shall include an opinion, or disclaimer of opinion, as to whether the schedule is presented fairly in all material respects in relation to the financial statements taken as a whole.

(b) No general obligation debt shall be issued in conjunction with the imposition of the tax unless the county governing authority determines that, and if the debt is to be validated it is demonstrated in the validation proceedings that, during each year in

which any payment of principal or interest on the debt comes due, the county will receive from the tax net proceeds sufficient to fully satisfy such liability. General obligation debt issued under this article shall be payable first from the separate account in which are placed the proceeds received by the county from the tax. Such debt, however, shall constitute a pledge of the full faith, credit, and taxing power of the county; and any liability on such debt which is not satisfied from the proceeds of the tax shall be satisfied from the general funds of the county.

(c) The resolution calling for the imposition of the tax may specify that all of the proceeds of the tax will be used for payment of general obligation debt issued in conjunction with the imposition of the tax, and, in that event, such proceeds shall be solely for such purpose except as otherwise provided in subsection (f) of this Code section.

(d) The resolution calling for the imposition of the tax may specify that a part of the proceeds of the tax will be used for payment of general obligation debt issued in conjunction with the imposition of the tax. The resolution shall specifically state the other purposes for which such proceeds will be used. In such a case, no part of the net proceeds from the tax received in any year shall be used for such other purposes until all debt service requirements of the general obligation debt for that year have first been satisfied from the account in which the proceeds of the tax are placed.

(e) The resolution calling for the imposition of the tax may specify that no general obligation debt is to be issued in conjunction with the imposition of the tax. The resolution shall specifically state the purpose or purposes for which the proceeds will be used.

(f)(1)(A)(i) If the proceeds of the tax are specified to be used solely for the purpose of payment of general obligation debt issued in conjunction with the imposition of the tax authorized to be levied pursuant to Part 2 of this article, then any net proceeds of the tax in excess of the amount required for final payment of such debt may be used for additional transit projects, provided that a subsequent intergovernmental agreement meeting the requirements set forth in subsection (b) of Code Section 48-8-269.43 has been entered into. If a subsequent intergovernmental agreement required by this division is not entered into, then such excess proceeds shall be subject to and applied as provided in paragraph (2) of this subsection.

(ii) If the proceeds of the tax are specified to be used solely for the purpose of payment of general obligation debt issued in conjunction with the imposition of the tax authorized to be levied pursuant to Part 3 of this article, then any net proceeds of the tax in excess of the amount required for final payment of such debt may be used for additional transit projects, provided that such projects are selected from the regional transit plan and approved by the authority. If approval from the authority regarding additional transit projects to be funded with any excess net proceeds is not obtained, then such excess proceeds shall be subject to and applied as provided in paragraph (2) of this subsection.

(B)(i) If the special district receives from the tax net proceeds in excess of the

maximum cost of the transit projects stated in the resolution calling for the imposition of the tax or in excess of the actual cost of such projects when the tax was authorized to be levied pursuant to Part 2 of this article, then such excess proceeds may be used for additional transit projects, provided that a subsequent intergovernmental agreement meeting the requirements set forth in subsection (b) of Code Section 48-8-269.43 has been entered into. If a subsequent intergovernmental agreement required by this division is not entered into, then such excess proceeds shall be subject to and applied as provided in paragraph (2) of this subsection.

(ii) If the special district receives from the tax net proceeds in excess of the maximum cost of the transit projects stated in the resolution calling for the imposition of the tax or in excess of the actual cost of such projects when the tax was authorized to be levied pursuant to Part 3 of this article, then such excess proceeds may be used for additional transit projects, provided that such projects are selected from the regional transit plan and approved by the authority. If approval from the authority regarding additional transit projects to be funded with any excess net proceeds is not obtained, then such excess proceeds shall be subject to and applied as provided in paragraph (2) of this subsection.

(2) Except as provided in paragraph (1) of this subsection, excess proceeds shall be used solely for the purpose of reducing any indebtedness of any county within the special district other than indebtedness incurred pursuant to this article. If there is no such other indebtedness or if the excess proceeds exceed the amount of any such other indebtedness, then the excess proceeds shall next be paid into the general fund of such county, it being the intent that any funds so paid into the general fund of such county be used for the purpose of reducing ad valorem taxes.

48-8-269.58.

Not later than December 31 of each year, the governing authority of the county receiving any proceeds from the tax under this part shall publish annually, in a newspaper of general circulation in the boundaries of such county, a simple, nontechnical report which shows for each transit project in the resolution calling for the imposition of the tax the original estimated cost, the current estimated cost if it is not the original estimated cost, amounts expended in prior years, and amounts expended in the current year. The report shall also include a statement of what corrective action the county intends to implement with respect to each project which is underfunded or behind schedule and a statement of any surplus funds which have not been expended for a purpose."

(D) Any part of the jurisdiction of the authority which is not included in any such authority district described in that attachment shall be included within that authority district contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia.

(E) Any part of the jurisdiction of the authority which is described in that attachment as being in a particular authority district shall nevertheless not be included within such authority district if such part is not contiguous to such

authority district. Such noncontiguous part shall instead be included within that authority district contiguous to such part which contains the least population according to the United States decennial census of 2010 for the State of Georgia.

(F) Except as otherwise provided in the description of any authority district, whenever the description of such authority district refers to a named city, it shall mean the geographical boundaries of that city as shown on the census map for the United States decennial census of 2010 for the State of Georgia.

(G) The plan attached shall be reviewed by the Senate and House Transportation Committees after the report of the Bureau of the Census for the United States decennial census of 2020 or any future such census.

(3) The Lieutenant Governor and Speaker of the House of Representatives shall each appoint two board members. The Governor shall appoint one member who shall serve as the chairperson.

(b) All members of the board and their successors shall each be appointed for terms of four years, except that those members appointed from odd-numbered authority districts shall each serve an initial term of two years. After such initial two-year term, that caucus which appointed such member for such initial term shall appoint successors thereto for terms of office of four years. All members of the board shall serve until the appointment and qualification of a successor except as otherwise provided in this Code section. Other than the commissioner of transportation, no person holding any other office of profit or trust under the state shall serve upon the board. The chairperson of the board of directors shall be appointed by the Governor and a vice chairperson shall be selected annually from among the members by majority vote of those members present and voting.

(c) All successors shall be appointed in the same manner as original appointments. Vacancies in office shall be filled in the same manner as original appointments. A person appointed to fill a vacancy shall serve for the unexpired term. No vacancy on the board shall impair the right of the quorum of the remaining members then in office to exercise all rights and perform all duties of the board.

(d) The members of the board of directors shall be entitled to and shall be reimbursed for their actual travel expenses necessarily incurred in the performance of their duties and, for each day actually spent in the performance of their duties, shall receive the same per diem as do members of the General Assembly.

(e) Members of the board of directors shall be subject to removal by the appointing authority or a majority vote of the appointing caucus for misfeasance, malfeasance, nonfeasance, failure to attend three successive meetings of the board without good and sufficient cause, abstention from voting unless authorized under subsection (h) of this Code section, or upon a finding of a violation of Code Section 45-10-3 pursuant to the procedures applicable to such Code section. A violation of Code Section 45-10-3 may also subject a member to the penalties provided in subparagraphs (a)(1)(A), (a)(1)(B), and (a)(1)(C) of Code Section 45-10-28, pursuant to subsection (b) of such Code section. In the event that a vacancy or vacancies on the board render the board able to obtain a quorum but unable to obtain the attendance of a number of members sufficient

to constitute such supermajorities as may be required by this chapter, the board shall entertain no motion or measure requiring such a supermajority until a number of members sufficient to constitute such supermajority is present.

(f) The members of the authority shall be subject to the applicable provisions of Chapter 10 of Title 45, including without limitation Code Sections 45-10-3 through 45-10-5. The authority shall keep suitable books and records of all actions and transactions and shall submit such books together with a statement of the authority's financial position to the state auditor on or about the close of the state's fiscal year. The books and records shall be inspected and audited by the state auditor at least once in each year.

(g) Meetings of the board of directors, regular or special, shall be held at the time and place fixed by or under the bylaws, with no less than five days' public notice for regular meetings as prescribed in the bylaws and such notice as the bylaws may prescribe for special meetings. Each member shall be given written notice of all meetings as prescribed in the bylaws. Meetings of the board may be called by the chairperson or by such other person or persons as the bylaws may authorize.

(h) No member may abstain from a vote other than for reasons constituting disqualification to the satisfaction of a majority of a quorum of the board on a record vote.

(i) The board may, in its discretion, appoint an executive director as the administrative head of the authority and shall set his or her salary. The executive director of the Georgia Regional Transportation Authority shall serve as a temporary director until the board is constituted and an executive director is appointed by such board.

(j) The authority is assigned to the Georgia Regional Transportation Authority for administrative purposes only.

(k) The authority shall annually submit a report of projects of regional and state significance from the regional transit plan to the Office of Planning and Budget, the Governor, the Lieutenant Governor, and the Speaker of the House of Representatives for consideration by such parties for inclusion in the bond package for the upcoming fiscal year budget. (2)(A) The initial jurisdiction of the authority for purposes of this chapter shall encompass the territory of every county which was designated by the United States Environmental Protection Agency (USEPA) in the *Code of Federal Regulations* as of December 31, 1998, as a county included in whole or in part within a nonattainment area under the Clean Air Act and which the board designates, through regulation, as a county having excess levels of ozone, carbon monoxide, or particulate matter.

(B) The jurisdiction of the authority for purposes of this chapter shall also encompass the territory of every county designated by the USEPA in the *Code of Federal Regulations* after December 31, 1998, as a county included in whole or in part within a nonattainment area under the Clean Air Act and which the board designates, through regulation, as a county having excess levels of ozone, carbon monoxide, or particulate matter, provided that the jurisdictional area encompassed under this subparagraph shall be contiguous with the jurisdictional area encompassed under subparagraph (A) of this paragraph.

(b)(1) By December 1, 2018, the director of the Environmental Protection Division shall report and certify to the authority those counties which were designated by the USEPA as included in whole or in part within a nonattainment area pursuant to subsection (a) of this Code section and, pursuant to criteria established by that division, counties which are reasonably expected to become nonattainment areas under the Clean Air Act within seven years from the date of such report and certification. Such report and certification shall be updated every six months thereafter. Within the geographic territory of any county so designated, the board shall provide, by resolution or regulation, that the funding, planning, design, construction, contracting, leasing, and other related facilities of the authority shall be made available to county and local governments for the purpose of planning, designing, constructing, operating, and maintaining transit systems and transit projects, air quality installations, and all facilities necessary and beneficial thereto, and for the purpose of designing and implementing designated metropolitan planning organizations' transit plans and transportation improvement programs and the authority's regional transit plan, on such terms and conditions as may be agreed to between the authority and such county or local governments.

(2) The jurisdiction of the authority for purposes of this chapter shall be extended to any county the territory of which is contiguous with the jurisdiction established by subsection (a) of this Code section which is designated by the USEPA in the *Code of Federal Regulations* as a county included in whole or in part within a nonattainment area under the Clean Air Act and which the board deems as a county having excess levels of ozone, carbon monoxide, or particulate matter. A majority vote of the board and passage of a resolution by the board of commissioners of such county shall be

Such county may be brought within the jurisdiction of the authority by a majority vote of the board and upon the effective date of a local law enacted by the General Assembly for such purpose.

(c) Upon acquiring jurisdiction over the territory of any county, the authority's jurisdiction over such territory shall continue until 20 years have elapsed since the later of the date such county was redesignated by the USEPA as in attainment under the Clean Air Act or such designation by the USEPA is no longer made.

(b) From time to time, by the affirmative vote of two-thirds of the authorized membership of the board of directors of the authority, the authority may direct the Georgia Environmental Finance Authority to issue revenue bonds, bonds, notes, loans, credit agreements, or other obligations or facilities to finance, in whole or in part, any project or the cost of any project of the authority wholly or partly within the geographic area over which the authority has jurisdiction, by means of a loan, extension of credit, or grant from the Georgia Environmental Finance Authority to the authority, on such terms or conditions as shall be concluded between the two authorities; provided that such debt is consistent with the state debt management plan as established by the Georgia State Financing and Investment Commission pursuant to Chapter 17 of this title, the 'Georgia State Financing and Investment Commission Act.'

(c) The Georgia Environmental Finance Authority shall be subordinate to the authority in all respects, with respect to authority projects, within the geographic area over which the authority has jurisdiction; and, in the event of any conflict with the provisions of Chapter 23 of this title, the provisions of this chapter shall prevail in all respects. It is expressly provided, however, that nothing in this Code section and nothing in this chapter shall be construed to permit in any manner the alteration, elimination, or impairment of any term, provision, covenant, or obligation imposed on any state authority, including but not limited to this authority, the Georgia Environmental Finance Authority, the Georgia Regional Transportation Authority, or the Georgia Rail Passenger Authority, for the benefit of any owner or holder of any bond, note, or other obligation of any such authority.

50-39-15.

(a) After the adoption by the authority of a resolution declaring that the acquisition of the real property described therein is necessary for the purposes of this chapter, the authority may exercise the power of eminent domain in the manner provided in Title 22; or it may exercise the power of eminent domain in the manner provided by any other applicable statutory provisions for the exercise of such power; provided, however, that the provisions of Article 7 of Chapter 16 of this title shall not be applicable to the exercise of the power of eminent domain by the authority. Property already devoted to public use may be acquired, except that no real property belonging to the state other than property acquired by or for the purposes of the Department of Transportation may be acquired without the consent of the state.

(b) Real property acquired by the authority in any manner for the purposes of this chapter shall not be subject to the exercise of eminent domain by any state department, division, board, bureau, commission, authority, or other agency or instrumentality of the executive branch of state government, or by any political subdivision of the state or any agency, authority, or instrumentality thereof, without the consent of the authority.

50-39-16.

The authority shall have all rights afforded the state by virtue of the Constitution of the United States, and nothing in this chapter shall be construed to remove any such rights.

50-39-17.

Neither the members of the authority nor any officer or employee of the authority acting on behalf thereof, while acting within the scope of his or her authority, shall be subject to any liability resulting from:

- (1) The construction, ownership, maintenance, or operation of any project financed with the assistance of the authority;
- (2) The construction, ownership, maintenance, or operation of any project, facility, or undertaking authorized by the authority and owned by a local government; or
- (3) Carrying out any of the powers expressly given in this chapter.

50-39-18.

(a) Upon request of the board of the authority, the Department of Transportation and the Department of Natural Resources shall provide to the authority and its authorized personnel and agents access to all books, records, and other information resources available to those departments which are not of a commercial proprietary nature and shall assist the authority in identifying and locating such information resources. ARTICLE 3

50-39-30.

In accomplishing its purposes pursuant to the provisions of this chapter, the authority may utilize, unless otherwise prohibited by law, any combination of the following funding resources:

- (1) Revenue bonds as authorized by this chapter;
- (2) Guaranteed revenue bonds as authorized by this chapter;
- (3) Funds obtained in a special district, for the purposes of providing transit services, transit projects, and air quality services within such district or, by contract with, between, and among local governments within such special districts, throughout such districts;
- (4) Moneys borrowed by the authority pursuant to the provisions of this chapter;

(5) Such federal funds as may from time to time be made available to the authority or for purposes coincident with the purposes of the authority within the territory over which the authority has jurisdiction; and

(6) Such grants or contributions from persons, firms, corporations, or other entities as the authority may receive from time to time.

50-39-31.

The authority may serve as the entity to discharge all duties imposed on the state by any act of Congress allotting federal funds to be expended for transit projects and purposes within the jurisdiction of the authority. Unless designated otherwise by the federal government, the authority shall be designated as the proper and sole authority to receive any of the federal aid funds apportioned by the federal government for use within the jurisdiction of the authority and may disburse such funds in accordance with the purposes of this article. This Code section shall not be deemed to impair or interfere in any manner with any existing rights under a contract entered into prior to December 1, 2018, or any federal grants or agreements awarded or entered into prior to December 1, 2018. This Code section shall not be applicable to projects or services provided for under the terms of a contract entered into as of December 1, 2018, under the authority granted pursuant to a local constitutional amendment set out at Ga. L. 1964, p. 1008, and the planning, funding, coordination, and delivery of such projects or services shall be as provided for by such contract or contracts.

50-39-32.

(a)(1) The authority shall have the power and is authorized at one time or from time to time to provide by one or more authorizing resolutions for the issuance of revenue bonds, but the authority shall not have the power to incur indebtedness under this subsection in excess of the cumulative principal sum of \$1 billion but excluding from such limit bonds issued for the purpose of refunding bonds which have been previously issued. The authority shall have the power to issue such revenue bonds and the proceeds thereof for the purpose of paying all or part of the costs of any project or undertaking which is for the purpose of exercising the powers delegated to it by this chapter, and the construction and provision of such installations and facilities as the authority may from time to time deem advisable to construct or contract for those purposes, as such undertakings and facilities shall be designated in the resolution of the board of directors authorizing the issuance of such bonds; provided that such debt is consistent with the state debt management plan as established by the Georgia State Financing and Investment Commission pursuant to Chapter 17 of this title, the 'Georgia State Financing and Investment Commission Act.'

(2) The revenue bonds and the interest payable thereon shall be exempt from all taxation within the state imposed by the state or any county, municipal corporation, or other political subdivision of the state.

(b) In addition, the authority shall have the power and is authorized to issue bonds in

such principal amounts as the authority deems appropriate, such bonds to be primarily secured by a pool of obligations issued by local governments when the proceeds of the local government obligations are applied to projects of the authority.

(c) The authority shall have the power from time to time to refund any bonds by the issuance of new bonds whether the bonds to be refunded have or have not matured and may issue bonds partly to refund bonds then outstanding and partly for any other corporate purpose.

(d) Bonds issued by the authority may be general or limited obligations payable solely out of particular revenues or other moneys of the authority as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject to any agreements entered into between the authority and state agencies, local government, or private parties and subject to any agreements with the owners of outstanding bonds pledging any particular revenues or moneys.

(e)(1) The authority is authorized to obtain from any department, agency, or corporation of the United States of America or governmental insurer, including the state, any insurance or guaranty, to the extent now or hereafter available, as to or for the payment or repayment of interest or principal, or both, or any part thereof on any bonds or notes issued by the authority or on any obligations of federal, state, or local governments purchased or held by the authority; and to enter into any agreement or contract with respect to any such insurance or guaranty, except to the extent that the same would in any way impair or interfere with the ability of the authority to perform and fulfill the terms of any agreement made with the owners of the bonds or notes of the authority.

(2) Bonds issued by the authority shall be authorized by resolution of the authority, be in such denominations, bear such date or dates, and mature at such time or times as the authority determines to be appropriate, except that bonds and any renewal thereof shall mature within 25 years of the date of their original issuance. Such bonds shall be subject to such terms of redemption, bear interest at such rate or rates payable at such times, be in registered form or book-entry form through a securities depository, or both, as to principal or interest or both principal and interest, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution of the authority may provide; provided, however, in lieu of specifying the rate or rates of interest which the bonds to be issued by an authority are to bear, the resolution of the authority may provide that the bonds when issued will bear interest at a rate not exceeding a maximum per annum rate of interest which may be fixed or may fluctuate or otherwise change from time to time as specified in the resolution or may state that, in the event the bonds are to bear different rates of interest for different maturity dates, none of such rates will exceed the maximum rate, which rate may be fixed or may fluctuate or otherwise change from time to time, as specified. Bonds may be sold at public or private sale for such price or prices as the authority shall determine.

(3) Any resolution or resolutions authorizing bonds or any issue of bonds may contain provisions which may be a part of the contract with the owners of the bonds

thereby authorized as to:

- (A) Pledging all or part of its revenues, together with any other moneys, securities, contracts, or property, to secure the payment of the bonds, subject to such agreements with bond owners as may then exist;
 - (B) Setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;
 - (C) Limiting the purpose to which the proceeds from the sale of bonds may be applied;
 - (D) Limiting the right of the authority to restrict and regulate the use of any project or part thereof in connection with which bonds are issued;
 - (E) Limiting the issuance of additional bonds, the terms upon which additional bonds may be issued and secured, and the refunding of outstanding or other bonds;
 - (F) Setting the procedure, if any, by which the terms of any contract with bond owners may be amended or abrogated, including the proportion of bond owners which must consent thereto and the manner in which such consent may be given;
 - (G) Creating special funds into which any revenues or other moneys may be deposited;
 - (H) Setting the terms and provisions of any trust, deed, or indenture or other agreement under which the bonds may be issued;
 - (I) Vesting in a trustee or trustees such properties, rights, powers, and duties in trust as the authority may determine;
 - (J) Defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bond owners and providing for the rights and remedies of the bond owners in the event of such default, including as a matter of right the appointment of a receiver; provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this chapter;
 - (K) Limiting the power of the authority to sell or otherwise dispose of any environmental facility or any part thereof or other property, including municipal bonds held by it;
 - (L) Limiting the amount of revenues and other moneys to be expended for operating, administrative, or other expenses of the authority;
 - (M) Providing for the payment of the proceeds of bonds, obligations, revenues, and other moneys to a trustee or other depository and for the method of disbursement thereof with such safeguards and restrictions as the authority may determine; and
 - (N) Establishing any other matters of like or different character which in any way affect the security for the bonds or the rights and remedies of bond owners.
- (4) In addition to the powers conferred upon the authority to secure its bonds, the authority shall have power in connection with the issuance of bonds to enter into such agreements as the authority may deem necessary, consistent, or desirable concerning the use or disposition of its revenues or other moneys or property, including the mortgaging of any property and the entrusting, pledging, or creation of any other security interest in any such revenues, moneys, or property and the doing of any act,

including refraining from doing any act, which the authority would have the right to do in the absence of such agreements. The authority shall have power to enter into amendments of any such agreements within the powers granted to the authority by this chapter and to perform such agreements. The provisions of any such agreements may be made a part of the contract with the owners of bonds of the authority.

(5) Any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles, or other personal property made or created by the authority shall be valid, binding, and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding, and perfected against all parties having claims of any kind in tort, contract, or otherwise against the authority irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

(6) All bonds issued by the authority shall be executed in the name of the authority by the chairperson and secretary of the authority and shall be sealed with the official seal or a facsimile thereof. The facsimile signature of the chairperson and the secretary of the authority may be imprinted in lieu of the manual signature if the authority so directs. Bonds bearing the manual or facsimile signature of a person in office at the time such signature was signed or imprinted shall be fully valid, notwithstanding the fact that before or after delivery thereof such person ceased to hold such office.

(7) Prior to the preparation of definitive bonds, the authority may issue interim receipts, interim certificates, or temporary bonds exchangeable for definitive bonds upon the issuance of the latter; the authority may provide for the replacement of any bond which shall become mutilated or be destroyed or lost.

(8) All bonds issued by the authority under this chapter may be executed, confirmed, and validated under and in accordance with Article 3 of Chapter 82 of Title 36, except as otherwise provided in this chapter.

(9) The venue for all bond validation proceedings pursuant to this chapter shall be Fulton County, and the Superior Court of Fulton County shall have exclusive final court jurisdiction over such proceedings.

(10) Bonds issued by the authority shall have a certificate of validation bearing the facsimile signature of the clerk of the Superior Court of Fulton County and shall state the date on which said bonds were validated; and such entry shall be original evidence of the fact of judgment and shall be received as original evidence in any court of this state.

(11) The authority shall reimburse the district attorney for his or her actual costs, if any, associated with the bond validation proceedings. The fees payable to the clerk of the Superior Court of Fulton County for validation shall be as follows for each bond, regardless of the denomination of such bond:

(A) Fifty cents each for the first 100 bonds;

(B) Twenty-five cents each for the next 400 bonds; and

(C) Ten cents for each such bond over 500.

(12) Whether or not the bonds of the authority are of such form and character as to be negotiable instruments, the bonds are made negotiable instruments within the meaning of and for all the purposes of Georgia law subject only to the provisions of the bonds for registration.

(13) Neither the members of the authority nor any person executing bonds shall be liable personally thereon or be subject to any personal liability or accountability solely by reason of the issuance thereof.

(14) The authority, subject to such agreements with bond owners as then may exist, shall have power out of any moneys available therefor to purchase bonds of the authority, which shall thereupon be canceled, at a price not in excess of the following:

(A) If the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date; or

(B) If the bonds are not then redeemable, the redemption price applicable on the first date after such purchase upon which the bonds become subject to redemption, plus accrued interest to the next interest payment date.

(15) In lieu of specifying the rate or rates of interest which bonds to be issued by the authority are to bear, the notice to the district attorney or the Attorney General, the notice to the public of the time, place, and date of the validation hearing, and the petition and complaint for validation may state that the bonds when issued will bear interest at a rate not exceeding a maximum per annum rate of interest, which rate may be fixed or may fluctuate or otherwise change from time to time, specified in such notices and petition and complaint or may state that, in the event the bonds are to bear different rates of interest for different maturity dates, none of such rates will exceed the maximum rate, which rate may be fixed or may fluctuate or otherwise change from time to time, so specified; provided, however, that nothing in this Code section shall be construed as prohibiting or restricting the right of the authority to sell such bonds at a discount, even if in doing so the effective interest cost resulting therefrom would exceed the maximum per annum interest rate specified in such notices and in the petition and complaint.

50-39-33.

(a) The authority shall have the power and is authorized to issue guaranteed revenue bonds in a maximum aggregate principal amount not to exceed \$1 billion, under the terms and conditions set forth in this chapter, pursuant to the provisions of Article 2 of Chapter 17 of this title, which bonds shall constitute guaranteed revenue debt under Article VII, Section IV, Paragraph III of the Constitution of this state; provided that such debt is consistent with the state debt management plan as established by the Georgia State Financing and Investment Commission pursuant to Chapter 17 of this title, the 'Georgia State Financing and Investment Commission Act.' The General Assembly hereby finds and determines that such issue will be self-liquidating over the life of the issue, and declares its intent to appropriate an amount equal to the highest annual debt service requirements for such issue. The proceeds of such bonds and the

investment earnings thereon shall be used to finance transit services or transit projects, including any costs of such projects.

(b) The guaranteed revenue bonds and the interest payable thereon shall be exempt from all taxation within the state imposed by the state or any county, municipal corporation, or other political subdivision of the state.

50-39-34.

The bonds of the authority are made securities in which all public officials and bodies of the state and all counties and municipalities, all insurance companies and associations, and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks, and savings associations, including savings and loan associations, investment companies and other persons carrying on a banking business, and administrators, guardians, executors, trustees, and other fiduciaries and all other persons whatsoever, who are now or may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest funds including capital in their control or belonging to them. The bonds are also made securities which may be deposited with and may be received by all public officers and bodies of this state and all counties and municipalities for any purposes for which the deposit of bonds or other obligations of this state are now or hereafter may be authorized.

50-39-35.

The State of Georgia does pledge to and agree with the owners of any bonds issued by the authority pursuant to this chapter that the state will not alter or limit the rights vested in the authority to fulfill the terms of any agreement made with or for the benefit of the owners of bonds or in any way impair the rights and remedies of bond owners until the bonds, together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such owners, are fully met and discharged or funds for the payment of such are fully provided. The authority is authorized to include this pledge and agreement of the state in any agreement with bond owners.

50-39-36.

The offer, sale, or issuance of bonds, notes, or other obligations by the authority shall not be subject to regulation under Chapter 5 of Title 10, known as the 'Georgia Uniform Securities Act of 2008.' No notice, proceeding, or publication except those required in this chapter shall be necessary to the performance of any act authorized in this chapter; nor shall any such act be subject to referendum.

50-39-37.

No bonds, notes, or other obligations of and no indebtedness incurred by the authority, other than guaranteed revenue bonds, shall constitute an indebtedness or obligation or a pledge of the faith and credit of the State of Georgia or of its agencies; nor shall any act of the authority in any manner constitute or result in the creation of an indebtedness of

the state or its agencies or a cause of action against the state or its agencies; provided, however, the state, to the extent permitted by its Constitution, may guarantee payment of such bonds, notes, or other obligations as guaranteed revenue debt.

50-39-38.

It is found, determined, and declared that the creation of this authority and the carrying out of its corporate purposes is in all respects for the benefit of the people of the state and that the authority is an institution of purely public charity and will be performing an essential governmental function in the exercise of the power conferred upon it by this chapter. For such reasons the state covenants with the owners from time to time of the bonds, notes, and other obligations issued under this chapter that the authority shall not be required to pay any taxes or assessments imposed by the state or any of its counties, municipal corporations, political subdivisions, or taxing districts upon any property acquired by the authority or under its jurisdiction, control, possession, or supervision or leased by it to others, or upon its activities in the operation or maintenance of any such property or on any income derived by the authority in the form of fees, recording fees, rentals, charges, purchase price, installments, or otherwise, and that the bonds, notes, and other obligations of the authority, their transfer, and the income therefrom shall at all times be exempt from taxation within the state. The tax exemption provided in this chapter shall include an exemption from sales and use tax on property purchased by the authority or for use by the authority.

50-39-39.

The issuance of any bond, revenue bond, note, or other obligation or incurring of debt, public or otherwise, by the authority must be approved by the commission established by Article VII, Section IV, Paragraph VII of the Constitution of the State of Georgia of 1983 or its successor.

50-39-40.

No bonded indebtedness of any kind shall be incurred by the authority or on behalf of the authority by the Georgia Environmental Finance Authority at any time when the highest aggregate annual debt service requirements of the state for the then current fiscal year or any subsequent fiscal year for outstanding general obligation debt and guaranteed revenue debt, including the proposed debt and treating it as state general obligation debt or guaranteed revenue debt for purposes of calculating debt limitations under this Code section, and the highest aggregate annual payments for the then current fiscal year or any subsequent fiscal year of the state under all contracts then in force to which the provisions of the second paragraph of Article IX, Section VI, Paragraph I(a) of the Constitution of 1976 are applicable, exceed 7.5 percent of the total revenue receipts, less refunds of the state treasury in the fiscal year immediately preceding the fiscal year in which any such debt is to be incurred.

ARTICLE 450-39-50.

(a) For the purposes of this Code section, the term 'lease agreement' shall mean and include a lease, operating lease rental agreement, usufruct, sale and lease back, or any other lease agreement having a term of not more than 50 years and concerning real, personal, or mixed property, any right, title, or interest therein by and between the state, the authority, a local government, or any combination thereof.

(b) A local government by resolution of its governing body may enter into a lease agreement for the provision of transit services, transit projects, or air quality services utilizing facilities owned by the authority upon such terms and conditions as the authority shall determine to be reasonable including, but not limited to, the reimbursement of all costs of construction and financing and claims arising therefrom.

(c) No lease agreement shall be deemed to be a contract subject to any law requiring that a contract shall be let only after receipt of competitive bids.

(d) Any lease agreement may provide for the construction of such transit project or air quality facility by the local government as agent for the authority. In such event, all contracts for such construction shall be let by such local government in accordance with the provisions of law otherwise applicable to the letting of such contracts by such local government and with the provisions of state law pertaining to prevailing wages, labor standards, and working hours. Any such lease agreement may contain provisions by which such local government shall indemnify the authority against any and all damages resulting from acts or omissions to act on the part of such local government or its officers, agents, or employees in constructing such facility or facilities, in letting any contracts in connection therewith, or in operating and maintaining the same.

(e) Any lease agreement executed by the authority directly with any local government may provide at the termination thereof that title to the transit project or air quality facility project shall vest in the local government or its successor in interest, if any, free and clear of any liens or encumbrances created in connection with any contract or bonds, revenue bonds, notes, or other obligations involving the authority.

(f) Any lease agreement directly between the state or authority and a local government may contain provisions requiring the local government to perform any or all of the following:

(1) In the case of a transit service or transit project, to establish and collect rates, fees, and charges so as to produce revenues sufficient to pay all or a specified portion of:

(A) The costs of operation, maintenance, renewal, replacement, and repairs of the transit project of such local government; and

(B) Outstanding bonds, revenue bonds, notes, or other obligations incurred for the purposes of such transit project and to provide for the payment of all amounts as they shall become due and payable under the terms of such lease agreement, including amounts for the creation and maintenance of any required reserves;

- (A) The costs of operation, maintenance, renewal, and repairs of the air quality facility of such local government; and
- (B) Outstanding bonds, revenue bonds, notes, or other obligations incurred for the purposes of such air quality facility and to provide for the payment of all amounts as they shall become due and payable under the terms of such lease agreement, including amounts for the creation and maintenance of any required reserves;
- (3) To create and maintain reasonable reserves or other special funds;
- (4) To create and maintain a special fund or funds as additional security for the punctual payment of any rentals due under such lease agreement and for the deposit therein of such revenues as shall be sufficient to pay said lease rentals and any other amounts becoming due under such lease agreements as the same shall become due and payable; or
- (5) To perform such other acts and take such other action as may be deemed necessary and desirable by the authority to secure the complete and punctual performance by such local government of such lease agreements and to provide for the remedies of the authority in the event of a default by such local government in such payment.

50-39-51.

- (a) The authority may make grants or loans to a local government to pay all or any part of the cost of a project. In the event the local government agrees to accept such grants or loans, the authority may require the local government to issue bonds or revenue bonds as evidence of such grants or loans. The authority and a local government may enter into such loan commitments and option agreements as may be determined appropriate by the authority.
- (b) The authority may require as a condition of any grant or loan to a local government that such local government shall perform any or all of the following:
 - (1) In the case of grants or loans for transit services or transit projects, establish and collect rates, fees, and charges so as to produce revenues sufficient to pay all or a specified portion of:
 - (A) Costs of operation, maintenance, replacement, renewal, and repairs; and

 - (A) Costs of operation, maintenance, renewal, replacement, and repairs of the air quality facility of such local government; and
 - (B) Outstanding indebtedness incurred for the purposes of such air quality facility, including the principal of and interest on the bonds, revenue bonds, notes, or other obligations issued by the local government, as the same shall become due and

payable, and to create and maintain any required reserves;

(3) Create and maintain a special fund or funds, as additional security for the payment of the principal of such revenue bonds and the interest thereon and any other amounts becoming due under any agreement, entered into in connection therewith and for the deposit therein of such revenues as shall be sufficient to make such payment as the same shall become due and payable;

(4) Create and maintain such other special funds as may be required by the authority; and

(5) Perform such other acts, including the conveyance of real and personal property together with all right, title, or interest therein to the authority, or take other actions as may be deemed necessary or desirable by the authority to secure the payment of the principal of and interest on such bonds, revenue bonds, notes, or other obligations and to provide for the remedies of the authority in the event of any default by such local government in such payment.

(c) All local governments issuing and selling bonds, revenue bonds, notes, or other obligations to the authority are authorized to perform such acts, take such action, adopt such proceedings, and to make and carry out such contracts with the authority as may be contemplated by this chapter.

(d) In connection with the making of any loan authorized by this chapter, the authority may fix and collect such fees and charges, including, but not limited to, reimbursement of all costs of financing by the authority, as the authority shall determine to be reasonable. Neither the Public Service Commission nor any local government or state agency shall have jurisdiction over the authority's power over the regulation of such fees or charges.

50-39-52.

(a) In the event of a failure of any local government to collect and remit in full all amounts due to the authority and all amounts due to others, which involve the credit or guarantee of the authority or of the state, on the date such amounts are due under the terms of any bond, revenue bond, note, or other obligation of the local government, it shall be the duty of the authority to notify the state treasurer who shall withhold all funds of the state and all funds administered by the state, its agencies, boards, and instrumentalities allotted to such local government, excluding funds for education purposes, until such local government has collected and remitted in full all sums due and cured or remedied all defaults on any such bond, revenue bond, note, or other obligation.

(b) Nothing contained in this Code section shall mandate the withholding of funds allocated to a local government which would violate contracts to which the state is a party, the requirements of federal law imposed on the state, or judgments of any court binding the state.

(i) A citation for the alleged violation, which shall include the date and time of the violation, the location of the infraction, the amount of the civil monetary penalty imposed, and the date by which the civil monetary penalty shall be paid;

(ii) An image taken from the recorded image showing the vehicle involved in the infraction;

(iii) A copy of a certificate sworn to or affirmed by a certified peace officer employed by a law enforcement agency authorized to enforce this Code section and stating that, based upon inspection of recorded images, the owner's motor vehicle was operated in disregard or disobedience of subsection (a) of this Code section and that such disregard or disobedience was not otherwise authorized by law;

(iv) A statement of the inference provided by subparagraph (D) of this paragraph and of the means specified therein by which such inference may be rebutted;

(v) Information advising the owner of the motor vehicle of the manner and time in which liability as alleged in the citation may be contested in court; and

(vi) A warning that failure to pay the civil monetary penalty or to contest liability in a timely manner shall waive any right to contest liability and result in a civil monetary penalty;

(C) Proof that a motor vehicle was operated in disregard or disobedience of subsection (a) of this Code section shall be evidenced by recorded images. A copy of a certificate sworn to or affirmed by a certified peace officer employed by a law enforcement agency and stating that, based upon inspection of recorded images, a motor vehicle was operated in disregard or disobedience of subsection (a) of this Code section and that such disregard or disobedience was not otherwise authorized by law shall be prima-facie evidence of the facts contained therein; and

(D) Liability under this subsection shall be determined based upon preponderance of the evidence. Prima-facie evidence that the vehicle described in the citation issued pursuant to this subsection was operated in violation of subsection (a) of this Code section, together with proof that the defendant was at the time of such violation the registered owner of the vehicle, shall permit the trier of fact in its discretion to infer that such owner of the vehicle was the driver of the vehicle at the time of the alleged violation. Such an inference may be rebutted if the owner of the vehicle:

(i) Testifies under oath in open court or submits to the court a sworn notarized statement that he or she was not the operator of the vehicle at the time of the

alleged violation and identifies the name of the operator of the vehicle at the time of the alleged violation; or

(ii) Presents to the court a certified copy of a police report showing that the vehicle had been reported to the police as stolen prior to the time of the alleged violation.

(4) A violation for which a civil penalty is imposed pursuant to this subsection shall not be considered a moving traffic violation for the purpose of points assessment under Code Section 40-5-57. Such violation shall be deemed noncriminal, and imposition of a civil penalty pursuant to this subsection shall not be deemed a conviction and shall not be made a part of the operating record of the person upon whom such liability is imposed, nor shall it be used for any insurance purposes in the provision of motor vehicle insurance coverage.

~~(5) If a person summoned by regular mail fails to appear on the date of return set out in the citation and has not paid the penalty for the violation or filed a police report or notarized statement pursuant to subparagraph (D) of paragraph (3) of this subsection, the person shall then be summoned a second time by certified mail with a return receipt requested. The second summons shall include all information required in subparagraph (B) of paragraph (3) of this subsection for the initial summons and shall include a new date of return. If a person summoned by certified mail again fails to appear on the date of return set out in the second citation and has failed to pay the penalty or file an appropriate document for rebuttal, the person summoned shall have waived the right to contest the violation and shall be liable for the civil monetary penalty provided in paragraph (3) of this subsection. If a person is mailed a citation by first class mail pursuant to subparagraph (B) of paragraph (3) of this subsection, such person may pay the penalty or request a court date. Any citation executed pursuant to this paragraph shall provide to the person issued the citation at least 30 business days from the mailing of the citation to inspect information collected by the video recording device in connection with the violation. If the person requesting a court date fails to appear on the date and time of such hearing or if a person has not paid the penalty for the violation or filed a police report or notarized statement pursuant to subparagraph (D) of paragraph (3) of this subsection, such person shall then be sent a second citation by first class mail. The second citation shall include all information required in subparagraph (B) of paragraph (3) of this subsection for the initial citation and shall include a hearing date and time. If a person fails to appear on the date and time of such hearing set out in the second citation or if the person has failed to pay the penalty or file an appropriate document for rebuttal, the person issued the second citation shall have waived the right to contest the violation and shall be liable for the civil monetary penalty provided in paragraph (3) of this subsection.~~

(6) Any court having jurisdiction over violations of subsection (a) of this Code section shall have jurisdiction over cases arising under this subsection ~~and shall be authorized to impose the civil monetary penalty provided by this subsection.~~ Any person receiving a notice pursuant to subparagraph (B) of this paragraph shall have the right to contest such liability for the civil monetary penalty in the magistrate court

or other court of competent jurisdiction for a traffic violation. Except as otherwise provided in this subsection, the provisions of law governing jurisdiction, procedure, defenses, adjudication, appeal, and payment and distribution of penalties otherwise applicable to violations of subsection (a) of this Code section shall apply to enforcement under this subsection except as provided in subparagraph (A) of paragraph (3) of this subsection; provided, however, that any appeal from superior or state court shall be by application in the same manner as that provided by Code Section 5-6-35.

(7) If a violation has not been contested and the assessed penalty has not been paid, the agent or governing body shall send to the person who is the registered owner of the motor vehicle a final notice of any unpaid civil monetary penalty authorized by this Code section, except in cases where there is an adjudication that no violation occurred or there is otherwise a lawful determination that no civil monetary penalty shall be imposed. The notice shall inform the registered owner that the agent or governing body shall send a referral to the Department of Revenue if the assessed penalty and any late fee is not paid within 30 days after the final notice was mailed and that such referral shall result in the nonrenewal of the registration of such motor vehicle and shall prohibit the title transfer of such motor vehicle within this state.

(8) The agent or governing body shall send a referral to the Department of Revenue not sooner than 30 days after the final notice required under paragraph (7) of this subsection was mailed if a violation of an ordinance or resolution adopted under this article has not been contested and the assessed penalty has not been paid. The referral to the Department of Revenue shall include the following:

(A) Any information known or available to the agent or governing body concerning the license plate number, year of registration, and the name of the owner of the motor vehicle;

(B) The date on which the violation occurred;

(C) The date when the notice required under this Code section was mailed; and

(D) The seal, logo, emblem, or electronic seal of the governing body.

(9) If the Department of Revenue receives a referral under paragraph (8) of this subsection, such referral shall be entered into the motor vehicle database within five days of receipt and the Department of Revenue shall refuse to renew the registration of such motor vehicle and shall prohibit the title transfer of such vehicle within this state unless and until the civil monetary penalty plus any late fee is paid to the governing body. The Department of Revenue shall mail a notice to the registered owner of such motor vehicle that informs such owner:

(A) That the registration of the vehicle involved in the violation will not be permitted to be renewed;

(B) That the title of the vehicle involved in the violation will not be permitted to be transferred in this state;

(C) That the aforementioned penalties are being imposed due to the failure to pay the civil monetary penalty plus any late fee for an ordinance violation adopted under the authority of this Code section; and

- (D) Of the procedure that the person may follow to remove the penalties.
- (10) The Department of Revenue shall remove the penalties on a vehicle if any person presents the Department of Revenue with adequate proof that the penalty and any late fee, if applicable, has been paid.
- ~~(7)~~(11) Recorded images made for purposes of this subsection shall not be a public record for purposes of Article 4 of Chapter 18 of Title 50.
- ~~(8)~~(12) A governing authority shall not impose a civil penalty under this subsection on the owner of a motor vehicle if the operator of the vehicle was arrested or issued a citation and notice to appear by a certified peace officer for the same violation.
- ~~(9)~~(13) A local school system may enter into an intergovernmental agreement with a local governing authority to offset expenses regarding the implementation and ongoing operation of video recording devices serving the purpose of capturing recorded images of motor vehicles unlawfully passing a school bus.
- ~~(40)~~(14) Any school bus driver operating a vehicle equipped with an activated video recording device shall be exempt from the recording provisions of subsection (c) of Code Section 40-6-163.
- (15) The money collected and remitted to the governing body pursuant to subparagraph (d)(3)(B) of this Code section shall only be used by such governing body to fund local law enforcement or public safety initiatives. This paragraph shall not preclude the appropriation of a greater amount than collected and remitted under this subsection."

SECTION 2.

Article 2 of Chapter 14 of Title 40 of the Official Code of Georgia Annotated, relating to speed detection devices, is amended by adding two new Code sections to read as follows:

"40-14-1.1.

As used in this article, the term:

- (1) 'Agent' means a person or entity who is authorized by a law enforcement agency or governing body to administer the procedures contained herein and:
- (A) Provides services to such law enforcement agency or governing body;
 - (B) Operates, maintains, leases, or licenses an automated traffic enforcement safety device; or
 - (C) Is authorized by such law enforcement agency or governing body to review and assemble the recorded images captured by the automated traffic enforcement safety device for review by a peace officer.
- (2) 'Automated traffic enforcement safety device' means a speed detection device that:
- (A) Is capable of producing photographically recorded still or video images, or both, of the rear of a motor vehicle or of the rear of a motor vehicle being towed by another vehicle, including an image of such vehicle's rear license plate;
 - (B) Is capable of monitoring the speed of a vehicle as photographically recorded pursuant to subparagraph (A) of this paragraph; and
 - (C) Indicates on each photographically recorded still or video image produced the

date, time, location, and speed of a photographically recorded vehicle traveling at a speed above the posted speed limit within a marked school zone.

(3) 'Owner' means the registrant of a motor vehicle, except that such term shall not include a motor vehicle rental company when a motor vehicle registered by such company is being operated by another person under a rental agreement with such company.

(4) 'Recorded images' means still or video images recorded by an automated traffic enforcement safety device.

(5) 'School zone' means the area within 1,000 feet of the boundary of any public or private elementary or secondary school.

40-14-1.2.

Nothing in this article shall be construed to mean that an agent is providing or participating in private investigative services or acting in such manner as would render such agent subject to the provisions of Article 4 of Chapter 18 of Title 50."

SECTION 3.

Said article is further amended by revising subsection (c) of Code Section 40-14-2, relating to permit required for use of speed detection devices, use not authorized where officers paid on fee system, and operation by registered or certified peace officers, as follows:

"(c) A permit shall not be issued by the Department of Public Safety to an applicant under this Code section unless the applicant provides law enforcement services by certified peace officers 24 hours a day, seven days a week on call or on duty or allows only peace officers employed full time by the applicant to operate speed detection devices. Speed detection devices can only be operated by registered or certified peace officers of the county sheriff, county, municipality, college, or university to which the permit is applicable; provided, however, that an automated traffic enforcement safety device may be operated by an agent or registered or certified peace officers of the county sheriff, county, or municipality to which the permit is applicable. Persons operating the speed detection devices must be registered or certified by the Georgia Peace Officer Standards and Training Council as peace officers and certified by the Georgia Peace Officer Standards and Training Council as operators of speed detection devices; provided, however, that agents may operate automated traffic enforcement safety devices without such registrations or certifications."

SECTION 4.

Said article is further amended by revising Code Section 40-14-5, relating to testing and removal of inaccurate radar devices from service, as follows:

"40-14-5.

(a) Each state, county, municipal, or campus law enforcement officer using a radar device, except for an automated traffic enforcement safety device as provided for under Code Section 40-14-18, shall test the device for accuracy and record and maintain the

results of the test at the beginning and end of each duty tour. Each such test shall be made in accordance with the manufacturer's recommended procedure. Any radar unit not meeting the manufacturer's minimum accuracy requirements shall be removed from service and thereafter shall not be used by the state, county, municipal, or campus law enforcement agency until it has been serviced, calibrated, and recertified by a technician with the qualifications specified in Code Section 40-14-4.

(b) Each county, municipal, or campus law enforcement officer using a radar device, except for an automated traffic enforcement safety device as provided for under Code Section 40-14-18, shall notify each person against whom the officer intends to make a case based on the use of the radar device that the person has a right to request the officer to test the radar device for accuracy. The notice shall be given prior to the time a citation and complaint or ticket is issued against the person and, if requested to make a test, the officer shall test the radar device for accuracy. In the event the radar device does not meet the minimum accuracy requirements, the citation and complaint or ticket shall not be issued against the person, and the radar device shall be removed from service and thereafter shall not be used by the county, municipal, or campus law enforcement agency until it has been serviced, calibrated, and recertified by a technician with the qualifications specified in Code Section 40-14-4.

(c)(1) The law enforcement agency, or agent on behalf of the law enforcement agency, operating an automated traffic enforcement safety device provided for under Code Section 40-14-18 shall maintain a log for the automated traffic enforcement safety device attesting to the performance of such device's self-test at least once every 30 days and the results of such self-test pertaining to the accuracy of the automated traffic enforcement safety device. Such log shall be admissible in any court proceeding for a violation issued pursuant to Code Section 40-14-18.

(2) The law enforcement agency, or agent on behalf of the law enforcement agency, operating an automated traffic enforcement safety device shall perform an independent calibration test on the automated traffic enforcement safety device at least once every 12 months. The results of such calibration test shall be admissible in any court proceeding for a violation issued pursuant to Code Section 40-14-18."

SECTION 5.

Said article is further amended by adding a new subsection to Code Section 40-14-6, relating to the requirement for warning signs, to read as follows:

"(c) In addition to the signs required under subsections (a) and (b) of this Code section, each law enforcement agency using an automated traffic enforcement safety device as provided for in Code Section 40-14-18 shall erect signs warning of the use of a stationary speed detection device within the approaching school zone. Such signs shall be at least 24 by 30 inches in area, shall be visible plainly from every lane of traffic, shall be viewable in all traffic conditions, and shall not be placed in such a manner that the view of such sign is subject to being obstructed by any other vehicle on such highway. Such signs shall be placed within 500 feet prior to the warning sign announcing the reduction of the speed limit for the school speed zone. There shall be a

rebuttable presumption that such signs are properly installed pursuant to this subsection at the time of any alleged violation under this article."

SECTION 6.

Said article is further amended by revising Code Section 40-14-7, relating to the visibility of a vehicle from which a speed detection device is operated, as follows:

"40-14-7.

~~No~~ Except as provided for in Code Section 40-14-18, no stationary speed detection device shall be employed by county, municipal, college, or university law enforcement officers where the vehicle from which the device is operated is obstructed from the view of approaching motorists or is otherwise not visible for a distance of at least 500 feet."

SECTION 7.

Said article is further amended by revising subsection (b) of Code Section 40-14-8, relating to when case may be made and conviction had, as follows:

"(b) The limitations contained in subsection (a) of this Code section shall not apply in properly marked school zones one hour before, during, and one hour after the normal hours of school operation or programs for care and supervision of students before school, after school, or during vacation periods as provided for under Code Section 20-2-65, in properly marked historic districts, and in properly marked residential zones. For purposes of this chapter, thoroughfares with speed limits of 35 miles per hour or more shall not be considered residential districts. For purposes of this Code section, the term 'historic district' means a historic district as defined in paragraph (5) of Code Section 44-10-22 and which is listed on the Georgia Register of Historic Places or as defined by ordinance adopted pursuant to a local constitutional amendment."

SECTION 8.

Said article is further amended by revising subsection (d) of Code Section 40-14-11, relating to investigations by the commissioner of public safety, issuance of order suspending or revoking a permit, and ratio of speeding fines to agency's budget, as follows:

"(d) There shall be a rebuttable presumption that a law enforcement agency is employing speed detection devices for purposes other than the promotion of the public health, welfare, and safety if the fines levied based on the use of speed detection devices for speeding offenses are equal to or greater than 35 percent of a municipal or county law enforcement agency's budget. For purposes of this Code section, fines collected for citations issued for violations of Code Section 40-6-180 shall be included when calculating total speeding fine revenue for the agency; provided, however, that fines for speeding violations exceeding 20 miles per hour over the established speed limit and civil monetary penalties for speeding violations issued pursuant to Code Section 40-14-18 shall not be considered when calculating total speeding fine revenue for the agency."

SECTION 9.

Said article is further amended by adding a new Code section to read as follows:

"40-14-18.

(a)(1) The speed limit within any school zone as provided for in Code Section 40-14-8 and marked pursuant to Code Section 40-14-6 may be enforced by using photographically recorded images for violations which occurred only on a school day during the time in which instructional classes are taking place and one hour before such classes are scheduled to begin and for one hour after such classes have concluded when such violations are in excess of ten miles per hour over the speed limit.

(2) Prior to the placement of a device within a school zone, each school within whose school zone such automated traffic enforcement safety device is to be placed shall first apply for and secure a permit from the Department of Transportation for the use of such automated traffic enforcement safety device. Such permit shall be awarded based upon need. The Department of Transportation shall promulgate rules and regulations for the implementation of this paragraph.

(b) For the purpose of enforcement pursuant to this Code section:

(1) The owner of a motor vehicle shall be liable for a civil monetary penalty to the governing body of the law enforcement agency provided for in paragraph (2) of this subsection if such vehicle is found, as evidenced by photographically recorded images, to have been operated in disregard or disobedience of the speed limit within any school zone and such disregard or disobedience was not otherwise authorized by law. The amount of such civil monetary penalty shall be \$75.00 for a first violation and \$125.00 for a second or any subsequent violation, in addition to fees associated with the electronic processing of such civil monetary penalty which shall not exceed \$25.00; provided, however, that for a period of 30 days after the first automated traffic enforcement safety device is introduced by a law enforcement agency within a school zone, the driver of a motor vehicle shall not be liable for a civil monetary penalty but shall be issued a civil warning for disregard or disobedience of the speed limit within the school zone;

(2) A law enforcement agency authorized to enforce the speed limit of a school zone, or an agent working on behalf of a law enforcement agency or governing body, shall send by first class mail addressed to the owner of the motor vehicle within 30 days after obtaining the name and address of the owner of the motor vehicle but no later than 60 days after the date of the alleged violation:

(A) A citation for the alleged violation, which shall include the date and time of the violation, the location of the infraction, the maximum speed at which such motor vehicle was traveling in photographically recorded images, the maximum speed applicable within such school zone, the civil warning or the amount of the civil monetary penalty imposed, and the date by which a civil monetary penalty shall be paid;

(B) An image taken from the photographically recorded images showing the vehicle involved in the infraction;

- (C) A website address where photographically recorded images showing the vehicle involved in the infraction and a duplicate of the information provided for in this paragraph may be viewed;
- (D) A copy of a certificate sworn to or affirmed by a certified peace officer employed by a law enforcement agency authorized to enforce the speed limit of the school zone and stating that, based upon inspection of photographically recorded images, the owner's motor vehicle was operated in disregard or disobedience of the speed limit in the marked school zone and that such disregard or disobedience was not otherwise authorized by law;
- (E) A statement of the inference provided by paragraph (4) of this subsection and of the means specified therein by which such inference may be rebutted;
- (F) Information advising the owner of the motor vehicle of the manner in which liability as alleged in the citation may be contested through an administrative hearing; and
- (G) A warning that failure to pay the civil monetary penalty or to contest liability in a timely manner as provided for in subsection (d) of this Code section shall waive any right to contest liability;
- (3) Proof that a motor vehicle was operated in disregard or disobedience of the speed limit of the marked school zone shall be evidenced by photographically recorded images. A copy of a certificate sworn to or affirmed by a certified peace officer employed by a law enforcement agency and stating that, based upon inspection of photographically recorded images, a motor vehicle was operated in disregard or disobedience of the speed limit in the marked school zone and that such disregard or disobedience was not otherwise authorized by law shall be prima-facie evidence of the facts contained therein; and
- (4) Liability under this Code section shall be determined based upon a preponderance of the evidence. Prima-facie evidence that the vehicle described in the citation issued pursuant to this Code section was operated in violation of the speed limit of the school zone, together with proof that the defendant was, at the time of such violation, the registered owner of the vehicle, shall permit the trier of fact in its discretion to infer that such owner of the vehicle was the driver of the vehicle at the time of the alleged violation. Such an inference may be rebutted if the owner of the vehicle:
- (A) Testifies under oath in open court or submits to the court a sworn notarized statement that he or she was not the operator of the vehicle at the time of the alleged violation and identifies the name of the operator of the vehicle at the time of the alleged violation; or
- (B) Presents to the court a certified copy of a police report showing that the vehicle had been reported to the police as stolen prior to the time of the alleged violation.
- (c) A violation for which a civil warning or a civil monetary penalty is imposed pursuant to this Code section shall not be considered a moving traffic violation for the purpose of points assessment under Code Section 40-5-57. Such violation shall be deemed noncriminal, and imposition of a civil warning or civil monetary penalty pursuant to this Code section shall not be deemed a conviction and shall not be made a

part of the operating record of the person upon whom such liability is imposed, nor shall it be used for any insurance purposes in the provision of motor vehicle insurance coverage.

(d) If a person issued and mailed a citation pursuant to subsection (b) of this Code section fails to pay the civil monetary penalty for the violation or has not filed a police report or notarized statement pursuant to paragraph (4) of subsection (b) of this Code section in no less than 30 nor more than 60 days after such mailing as determined and noticed by the law enforcement agency, the agent or law enforcement agency shall send to such person by first class mail a second notice of any unpaid civil monetary penalty, except in cases where there is an adjudication that no violation occurred or there is otherwise a lawful determination that no civil monetary penalty shall be imposed. The second notice shall include all information required in paragraph (2) of subsection (b) of this Code section and shall include a new date of return which shall be no less than 30 days after such mailing as determined and noticed by the law enforcement agency. If such person notified by second notice again fails to pay the civil monetary penalty or file a police report or notarized statement pursuant to paragraph (4) of subsection (b) of this Code section by the new date of return, such person shall have waived the right to contest the violation and shall be liable for the civil monetary penalty provided for under this Code section, except in cases where there is an adjudication that no violation occurred or there is otherwise a lawful determination that no civil monetary penalty shall be imposed.

(e) Notices mailed by first class mail pursuant to this Code section shall be adequate notification of the fees and penalties imposed by this Code section. No other notice shall be required for the purposes of this Code section.

(f)(1) Any court having jurisdiction over violations of subsection (a) of this Code section shall have jurisdiction over cases arising under this subsection and shall be authorized to impose the civil monetary penalty provided by this subsection. Except as otherwise provided in this subsection, the provisions of law governing jurisdiction, procedure, defenses, adjudication, appeal, and payment and distribution of penalties otherwise applicable to violations of subsection (a) of this Code section shall apply to enforcement under this Code section except as provided in subsection (b) of this Code section; provided, however, that any appeal from superior or state court shall be by application in the same manner as that provided by Code Section 5-6-35.

(g) If a violation has not been contested and the assessed penalty has not been paid, the agent or governing body shall send to the person who is the registered owner of the motor vehicle a final notice of any unpaid civil monetary penalty authorized by this Code section, except in cases where there is an adjudication that no violation occurred or there is otherwise a lawful determination that no civil monetary penalty shall be imposed. The notice shall inform the registered owner that the agent or governing body shall send a referral to the Department of Revenue if the assessed penalty is not paid within 30 days after the final notice was mailed and such that such referral shall result in the nonrenewal of the registration of such motor vehicle and shall prohibit the title transfer of such motor vehicle within this state.

(h) The agent or governing body shall send a referral to the Department of Revenue not sooner than 30 days after the final notice required under subsection (g) was mailed if a violation of an ordinance or resolution adopted under this article has not been contested and the assessed penalty has not been paid. The referral to the Department of Revenue shall include the following:

(1) Any information known or available to the agent or governing body concerning the license plate number, year of registration, and the name of the owner of the motor vehicle;

(2) The date on which the violation occurred;

(3) The date when the notice required under this Code section was mailed; and

(4) The seal, logo, emblem, or electronic seal of the governing body.

(i) If the Department of Revenue receives a referral under subsection (h) of this Code section, such referral shall be entered into the motor vehicle database within five days of receipt and the Department of Revenue shall refuse to renew the registration of the motor vehicle and shall prohibit the title transfer of such vehicle within this state unless and until the civil monetary penalty plus any late fee is paid to the governing body. The Department of Revenue shall mail a notice to the registered owner:

(1) That the registration of the vehicle involved in the violation will not be permitted to be renewed;

(2) That the title of the vehicle involved in the violation will not be permitted to be transferred in this state;

(3) That the aforementioned penalties are being imposed due to the failure to pay the civil monetary penalty and any late fee for an ordinance violation adopted under the authority of this Code section; and

(4) Of the procedure that the person may follow to remove the penalties.

(j) The Department of Revenue shall remove the penalties on a vehicle if any person presents the Department of Revenue with adequate proof that the penalty and any late fee, if applicable, has been paid.

(k) Recorded images made for purposes of this Code section shall not be a public record for purposes of Article 4 of Chapter 18 of Title 50.

(l) A civil warning or civil monetary penalty under this Code section on the owner of a motor vehicle shall not be imposed if the operator of the vehicle was arrested or issued a citation and notice to appear by a certified peace officer for the same violation.

(m) The money collected and remitted to the governing body pursuant to paragraph (1) of subsection (b) of this Code section shall only be used by such governing body to fund local law enforcement or public safety initiatives. This subsection shall not preclude the appropriation of a greater amount than collected and remitted under this subsection."

SECTION 13.

Same; validation.

Revenue bonds and the security therefor shall be issued, confirmed, and validated in accordance with the provisions of the Revenue Bond Law. The petition for validation shall also make the city party defendant to such action if the city has contracted with the authority for services or facilities relating to the project for which revenue bonds are to be issued and sought to be validated, and such defendant shall be required to show cause, if any exists, why such contract or contracts shall not be adjudicated as a part of the basis for the security for the payment of any such revenue bonds. The revenue bonds when validated, and the judgment of validation, shall be final and conclusive with respect to such revenue bonds and the security for the payment thereof and interest thereon and against the authority and all other defendants.

SECTION 14.

The provisions of this Act shall be for the benefit of the authority and the holders of any such revenue bonds under the provisions hereof shall constitute a contract with the holders of such revenue bonds.

SECTION 15.

SECTION 16.

Moneys received considered trust funds.

All moneys received pursuant to the authority of this Act, whether as proceeds from the sale of revenue bonds, as grants or other contributions, or as revenue, income, fees, and earnings, shall be deemed to be trust funds to be held and applied solely as provided in this Act.

SECTION 17.

Tort immunity.

To the extent permitted by law, the authority shall have the same immunity and exemption from liability for torts and negligence as the city. The officers, agents, and employees of the authority when in the performance of the work of the authority shall have the same immunity and exemption from liability for torts and negligence as the officers, agents, and employees of the city when in the performance of their public duty or work of the city.

SECTION 18.

Tax exemption.

The income of the authority, the properties of the authority, both real and personal, and all revenue bonds, certificates of participation, notes, and other forms of obligations issued by the authority shall be exempt from all state and local taxes and special assessments of any kind in accordance with the general laws of the State.

SECTION 20.

Effect on other governments.

This Act shall not and does not in any way take from the city or any political subdivision the right to own, operate, and maintain public facilities or to issue revenue bonds as provided by the Revenue Bond Law.

SECTION 21.

Liberal construction of Act.

This Act being for the welfare of the city and various political subdivisions of the state and its inhabitants, shall be liberally construed to effect the purposes hereof.

Title 32 of the Official Code of Georgia Annotated, relating to highways, bridges, and ferries, is amended in Code Section 32-2-2, relating to powers and duties of the Department of Transportation generally, by revising paragraphs (18) and (19) of subsection (a) and by adding a new paragraph to read as follows:

"(18)(A) Subject to general appropriations and any provisions of Chapter 5 of this title to the contrary notwithstanding, the department is authorized within the limitations provided in subparagraph (B) of this paragraph to provide to municipalities, counties, authorities, and state agencies financial support by contract

for clearing, dredging, or maintaining free from obstructions and for the widening, deepening, and improvement of the ports, seaports, or harbors of this state.

(B)(i) Municipalities, counties, authorities, or state agencies may, by formal resolution, apply to the department for financial assistance provided by this paragraph.

(ii) The department shall review the proposal and, if satisfied that the proposal is in accordance with the purposes of this paragraph, may enter into a contract for expenditure of funds.

(iii) The time of payment and any conditions concerning such funds shall be set forth in the contract.

(C) In addition to subparagraph (A) of this paragraph and subject to general appropriations for such purposes, the department with its own forces or by contract may clear, dredge, or maintain free from obstruction and may widen, deepen, and improve the ports, seaports, or harbors of this state; ~~and~~

(19) Code Sections 32-3-1 and 32-6-115 notwithstanding, the department may by contract grant to any rapid transit authority created by the General Assembly, under such terms and conditions as the department may deem appropriate, the right to occupy or traverse a portion of the right of way of any road on the state highway system by or with its mass transportation facilities. Furthermore, the department may by contract lease to the rapid transit authority, under such terms and conditions as the department may deem appropriate, the right to occupy, operate, maintain, or traverse by or with its mass transportation facilities any parking facility constructed by the department. the Federal Highway Administration. It is the intention of the General Assembly, subject to the appropriation process, that a portion of the amount so deposited into the general fund of the state treasury be appropriated each year to programs to be administered by the Georgia Technology Authority, the Department of Community Affairs, and other state agencies as provided in Chapter 39 of Title 50 to be used to promote and provide broadband services throughout the state."

Except as otherwise provided in this chapter, such provider-specific information shall not be released to any person other than to the submitting broadband services provider, the Department of Community Affairs or the Georgia Technology Authority, agents designated to assist in developing the map provided for in Article 2 of

this chapter, employees of the Department of Community Affairs or the Georgia Technology Authority, and attorneys employed by or under contract with the Department of Community Affairs or the Georgia Technology Authority without express permission of the submitting broadband services provider. Such information shall be used solely for the purposes stated under this chapter.

ARTICLE 2

50-39-20.

The Department of Community Affairs shall determine those areas in the state that are served areas and unserved areas and shall publish such findings.

50-39-21.

(a) On or before January 1, 2019, the Department of Community Affairs shall publish on its website a map showing the unserved areas in the state.

(b) The Department of Community Affairs shall consult with the Federal Communications Commission in determining if a map showing the unserved areas, as determined by the Department of Community Affairs, exists. If on or before July 1, 2018, the Department of Community Affairs determines that such a map does not exist then such a map shall be created by the Department of Community Affairs or an agent designated by the Department of Community Affairs. Such agent may include the Georgia Technology Authority or other entities and individuals that are determined by the Department of Community Affairs to possess the necessary prerequisites to assist the department in creating such a map. Any such map created by the Department of Community Affairs shall take into consideration any information received pursuant to subsections (c) and (d) of this Code section and Code Section 50-39-22. If the Department of Community Affairs determines that such a map does exist that was not created by the Department of Community Affairs or an agent designated by the Department of Community Affairs, then its website may link to such existing map in lieu of republishing such map.

(c) All local governments shall cooperate with the Department of Community Affairs and any agent designated by the Department of Community Affairs by providing requested information as to addresses and locations of broadband services and other emerging communications technologies within their jurisdictions.

(d) The Department of Community Affairs and any agent designated by the Department of Community Affairs may request information from all broadband services providers in the state in developing a map or making the determination as to the percentage of locations within a census block to which broadband services are not available.

50-39-22.

(a) An entity that is authorized to apply for or that obtains a certificate of authority pursuant to Code Section 45-5-163, a broadband services provider, or a political

subdivision may file a petition with the Department of Community Affairs along with data specifying locations or census blocks which the petitioner alleges should be designated differently than as shown on the map published on the website of the Department of Community Affairs pursuant to Code Section 50-39-21. Upon receipt of such petition and data, the Department of Community Affairs shall provide notice of the petition on the Department of Community Affairs' website and shall notify all broadband services providers furnishing broadband services in such census block or any census block in which any such locations are positioned. Such broadband services providers shall have 45 days after the date such notice is sent to furnish information to the Department of Community Affairs showing whether the locations that are the subject of the petition currently have broadband services available. The Department of Community Affairs shall determine whether the designation of such locations or census blocks should be changed and shall issue such determination within 75 days of the date the notice is sent to the broadband services provider.

(b) Any determination made by the Department of Community Affairs pursuant to this Code section shall be final and not subject to review and any such determination shall not be a contested case under Chapter 13 of Title 50, 'Georgia Administrative Procedure Act.'

ARTICLE 3

50-39-40.

(a) A political subdivision that has a comprehensive plan that includes the promotion of the deployment of broadband services, as required pursuant to Code Sections 36-70-6 and 50-8-7.1, may apply to the Department of Community Affairs for certification as a broadband ready community. The department shall by rules and regulations prescribe the form and manner for making an application. The department shall prescribe by rules and regulations a process for public notice and comment on an application for a period of at least 30 days after such application is received, except that such process shall not apply to an application by a political subdivision that enacts a model ordinance developed by the department under Code Section 50-39-41.

(b) The department shall approve an application and certify a political subdivision as a broadband ready community if the department determines that such political subdivision has enacted an ordinance that complies with Code Section 50-39-41. If the process for public notice and comment applies to an application, the department shall, before approving such application, consider any public comments made regarding such application.

50-39-41.

(a) A political subdivision shall not be certified as a broadband ready community unless such political subdivision enacts an ordinance for reviewing applications and issuing permits related to broadband network projects that provides for all of the following:

- (1) Appointing a single point of contact for all matters related to a broadband network project;
 - (2) Requiring such political subdivision to determine whether an application is complete and notifying the applicant about such determination in writing within a certain time period after receiving such application; provided, however, that any delay in the processing of an application that is outside the control of such political subdivision and that is directly caused by or attributable to a natural disaster, a state of emergency, a mandated federal review or approval, the receipt of multiple applications by the same or different applicants within a relatively short period of time, another political subdivision's review or approval, or through fault of the applicant shall not count toward the days allotted within such time period;
 - (3) If the political subdivision receives an application that is incomplete, requiring the written notification provided for under paragraph (2) of this subsection to specify in detail the required information that is incomplete;
 - (4) If such political subdivision does not make the written notification required under paragraph (2) of this subsection, requiring such political subdivision to consider an application to be complete;
 - (5) Within a certain time period after receiving an application that is complete, requiring such political subdivision to approve or deny such application and provide the applicant notification in writing of such approval or denial;
 - (6) That any fee imposed by such political subdivision to review an application, issue a permit, or perform any other activity related to a broadband network project shall be reasonable, cost based, and nondiscriminatory to all applicants; and
 - (7) Any other information or specifications as may be required by the department by rules and regulations related to ensuring ready access to the public rights of way and infrastructure.
- (b) The department, with input from broadband services providers and local governments, shall develop a model ordinance for the review of applications and the issuance of permits related to broadband network projects that complies with subsection (a) of this Code section that may be enacted by a political subdivision.
- (c) If a political subdivision enacts an ordinance that differs from the model ordinance developed by the department, the political subdivision shall, when applying for certification under Code Section 50-39-40, provide the department with a written statement that describes the ordinance enacted by such political subdivision and how such ordinance differs from the model ordinance.
- (d) After certification of a political subdivision as a broadband ready community, the department shall continue to monitor such political subdivision's compliance with the broadband ready community eligibility requirements provided in subsection (a) of this Code section to ensure that the ordinance is still in effect and that such political subdivision's actions are in conformance with such ordinance.

50-39-42.

A political subdivision that the department has certified as a broadband ready

community under Code Section 50-39-41 may be decertified by the department if it:

- (1) Imposes an unreasonable or noncost based fee to review an application or issue a permit for a broadband network project. Any application fee that exceeds \$100.00 shall be considered unreasonable unless such political subdivision can provide documentation justifying such fee based on a specific cost;
- (2) Imposes a moratorium of any kind on the approval of applications or issuance of permits for broadband network projects or on construction related to broadband network projects;
- (3) Discriminates among broadband services providers with respect to any action described in this article or otherwise related to a broadband network project, including granting access to public rights of way, infrastructure and poles, river and bridge crossings, or any other physical assets owned or controlled by such political subdivision; or
- (4) As a condition for approving an application or issuing a permit for a broadband network project, requires the applicant to:
 - (A) Provide any service or make available any part of the broadband network project to such political subdivision; or
 - (B) Except for reasonable and cost based fees allowed, make any payment to or on behalf of such political subdivision.

50-39-43.

(a) Upon the request of a broadband services provider, the department may decertify a political subdivision as a broadband ready community if such political subdivision fails to act in accordance with the ordinance required for certification under Code Section 50-39-41, modifies such ordinance so that such ordinance no longer complies with subsection (a) of Code Section 50-39-41, or violates any provision of Code Section 50-39-42.

(b) Upon a complaint that an application fee under an ordinance required for certification under Code Section 50-39-41 is unreasonable, the department shall determine whether or not such fee is reasonable. In the proceeding for making such determination, the political subdivision shall have the burden of proving the reasonableness of any action undertaken by such political subdivision as part of the application process and the reasonableness of the costs of such actions.

50-39-44.

A broadband network project targeting industry development or construction of a new building for which a political subdivision that has been certified as a broadband ready community under Code Section 50-39-40 is seeking financing from the OneGeorgia Authority, as provided for in Chapter 34 of this title, shall be given priority by the OneGeorgia Authority.

50-39-45.

The department shall promulgate any reasonable and necessary rules and regulations to effectuate the provisions of this article.

ARTICLE 450-39-60.

As used in this article, the term 'broadband services' means the provision of access to the Internet or computer processing, information storage, or protocol conversion.

50-39-61.

In order to encourage economic development and attract technology enabled growth in Georgia, the Department of Community Affairs shall, with the assistance of the Department of Economic Development, create and administer the 'Georgia Broadband Ready Community Site Designation Program.' Such program shall designate facilities and developments that offer broadband services at a rate of not less than 1 gigabit per second in the downstream to end users that can be accessed for business, education, health care, government, and other public purposes as a Georgia Broadband Ready Community Site.

50-39-62.

(a) The Department of Community Affairs or its designated agents shall evaluate the information submitted by applicants for designation as a Georgia Broadband Ready Community Site to confirm, based on the best available local, state, and federal broadband information, that at least 1 gigabit of broadband services is available within the facility or development.

(b) The Department of Economic Development shall promote the Georgia Broadband Ready Community Site Designation Program and shall promote the facilities and developments so designated as local community assets. Upon certification of a facility or development as a Georgia Broadband Ready Community Site, the Department of Community Affairs shall notify the Department of Economic Development so that the Department of Economic Development may provide standardized graphics and materials to the owner or owners of such facility or development and the county or municipal corporation in which such facility or development is located in order to promote the status of the site as a Georgia Broadband Ready Community Site.

50-39-63.

The Department of Community Affairs shall be authorized to adopt and promulgate such rules and regulations as may be reasonable and necessary to carry out the purposes of this article.

ARTICLE 550-39-80.

(a) The General Assembly recognizes that access to broadband services in today's society is essential to everyday life. Access to broadband services is a necessary service as fundamental as electricity, gas, or phone service. There is a growing need for

the government of this state to provide the much needed infrastructure to the homes and businesses without access to broadband services due to their location in rural and other unserved areas. Furthermore, the General Assembly finds and declares that ensuring broadband services deployment will have a positive effect on education, health care, public safety, business and industry, government services, and leisure activities throughout the entire state. The General Assembly also finds and declares that guaranteeing an equitable deployment of broadband services throughout the state is a public necessity, one of the basic functions of government, and a benefit to the entire state. Moreover, the General Assembly finds and declares that it is in the best interest of the state and the persons who live and work in the state to spend state funds through the establishment of a grant program to ensure the creation of a state-wide foundation of broadband services infrastructure in unserved areas of the state.

(b) The General Assembly hereby finds and determines that the economic benefits that will inure to the State of Georgia and designated political subdivisions from the Georgia Broadband Deployment Initiative provided for in this article and from the performance by private sector persons and entities of the obligations that they will incur in connection with such Georgia Broadband Deployment Initiative, will be equal to or greater than the benefits to be derived by such private sector persons and entities in connection therewith, and that, therefore, the Georgia Broadband Deployment Initiative does not violate the prohibition in the Georgia Constitution on the payment by public bodies of gratuities to private sector persons or entities.

50-39-81.

(a) On or before July 1, 2019, the Department of Community Affairs shall develop the 'Georgia Broadband Deployment Initiative' program to provide funding awards to expand broadband services to unserved areas of the state. The goal of such program shall be to provide broadband services coverage throughout the entire state. The funding awards of the program shall represent the state's investment in the deployment of broadband services to unserved areas and shall be used only for capital expenses and expenses directly related to the purchase or lease of property or communications services or facilities, including without limitation backhaul and transport, to facilitate the provision of broadband services.

(b)(1) Funding awards, in the form of grants or loans, shall be competitively awarded to eligible applicants based on criteria consistent with this article and other factors established by the department; provided, however, that the department shall not discriminate between different types of broadband services technology as long as the technology is capable of transmitting data at the rates specified for each unserved area.

(2) The department shall designate political subdivisions as eligible applicants that shall be qualified to apply for funding awards under this article. All such eligible applicants are hereby granted all powers necessary for any and all purposes of the program, and in the case of any development authority included as an eligible applicant, the exercise of such powers is hereby found and determined to promote the

- development of trade, commerce, industry, and employment opportunities.
- (c) Funding awards shall be based on appropriations of funds or receipt of other funds to support the program.
- (d) The department shall consider each of the following in the funding awards process:
- (1) The effectiveness of the partnership between an eligible applicant and a qualified broadband services provider;
 - (2) The benefit to the unserved area in terms of the population served and the capacity and scalability of the technology to be deployed; and
 - (3) The total project cost and the ability to leverage other available federal, local, and private funds.
- (e) In addition to the criteria provided in subsection (d) of this Code section, the department may establish any other criteria for determining any funding awards that are reasonable and necessary to ensure that the funds are utilized to provide broadband services to the unserved areas. Such criteria may include, but shall not be limited to:
- (1) Whether the qualified broadband services provider in the partnership is willing to agree to:
 - (A) Not charge more for broadband services to customers in any unserved area for which a funding award is received than it does for the same or similar broadband services to customers in other areas of the state;
 - (B) Serve 90 percent of any locations requesting broadband services in any unserved area for which a funding award is received; and
 - (C) Meet or exceed in any unserved area for which it receives a grant a minimum level of dependable service as established by the department;
 - (2) The benefit to businesses; industrial parks; education centers; hospitals and other health care facilities, such as telehealth facilities and emergency care facilities; government buildings; public safety departments; or other providers of public services located within the unserved area;
 - (3) Data cap limits, signal latency, and reliability of the technology to be utilized;
 - (4) Historic service issues in other areas served by the qualified broadband provider in the partnership; and
 - (5) The length of time it will take to deploy the broadband services in the unserved area.
- (f) The department shall give competitive priority to any unserved area certified as a broadband ready community as provided in Article 3 of this chapter. Partnerships that include qualified broadband providers that cooperate in providing information requested pursuant to subsection (d) of Code Section 50-39-21, as applicable, shall also factor favorably into the competitive funding awards process.
- (g) The department shall ensure that the program complies with all applicable federal laws, rules, and regulations.

50-39-82.

In addition to developing the program provided for in Code Section 50-39-81, the Department of Community Affairs shall provide oversight and coordination of state

efforts to apply for, utilize, and implement public and private grants, programs, designations, and other resources for the deployment of broadband services and other emerging communications technologies.

50-39-83.

The Department of Community Affairs shall promulgate and enforce any reasonable and necessary rules and regulations to effectuate the provisions of this article and administer any of the programs provided for in this article.

50-39-84.

(a) On June 30, 2019, and on each June 30 thereafter, the Department of Community Affairs shall submit a report to the Lieutenant Governor, the Speaker of the House of Representatives, and the Governor on the progress in achieving the purposes of this article, including, at a minimum the status of any funding awards. Such report may be a part of or submitted in conjunction with the report required to be submitted by the Georgia Technology Authority pursuant to Code Section 50-39-2. Such report shall be published on the website of the Department of Community Affairs.

PART VII SECTION 7-1.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 7-2.

All laws and parts of laws in conflict with this Act are repealed.
