Veto Messages

Veto Numbers 1 and 2

HB 131 and HB 132 House Bills 131 and 132 relate to repealing the constitutional amendment creating the Fulton County Industrial District (FCID) and then annexing the property into the City of South Fulton. The FCID is the only portion of Fulton County that remains unincorporated after the creation of the City of South Fulton in 2016. The FCID, however, cannot be annexed by any municipality due to a pre-existing local constitutional amendment to the Constitution of Georgia and enabling legislation. There has been continued debate between the City of Atlanta and the City of South Fulton as to which city this district should belong, the cities and property owners involved, though, need to first come to an agreement to determine the future of the FCID. For the foregoing reasons, **I hereby VETO HB 131 and HB 132.**

Veto Number 3

HB 174 House Bill 174 expands the permissible medium of payment allowed under insurance policies. Currently, Georgia law provides that it shall be unlawful for any insurer to provide in a policy or contract of insurance that the amount of any loss or indemnity accruing thereunder shall be payable in anything other than legal tender of the United States. O.C.G.A. § 33-24-43. To be clear, this statute does not prevent alternative methods of payment that are not legal tender of the United States when the insured accepts such payment as satisfaction of a claim—such a statute would be impractical and in need of serious revisions—rather, the statute refers to forms of payments that an insured would be *legally required* to accept in accordance with their policy. HB 174 would expand this statute, permitting insurers to contractually require payment of claims via forms other than legal tender including general use gift cards, thereby compelling an insured to accept such a form of payment. A general use gift card is not an appropriate means of payment for most losses or indemnities which may accrue under an insurance policy as, generally, this form of payment is not deductible to cash, its value cannot be deposited into a bank account, there are no or few recourses for a lost or stolen value card, and the card may be subject to expenditure limits with retailers. For the foregoing reasons, **I hereby VETO HB 174.**

Veto Number 4

HB 359 House Bill 359, while well intentioned, creates a parallel and unchecked system to our Department of Family and Children Services (DFCS), unintentionally placing children at risk. The Power of Attorney created by HB 359 allows parents and “agents” to go around the well-established confines of legal adoption and/or our child welfare system, granting a power of attorney for a child to an individual, or even a non-profit corporation, with no oversight. The state has dedicated significant resources to the Department of Family and Children Services during my time as Governor in order to improve the safety and outcomes for children in foster care. The state should consider all options that help in streamlining the process for a child to be adopted, placed into a loving home, or improved foster care environment; however, creating a parallel system in which DFCS has no oversight runs contrary to the progress the state has made in strengthening our child welfare system.

In light of the fact that a comprehensive rewrite to the adoption code failed to pass this year, I encourage the Leadership of both chambers, supporters of this legislation, and the child welfare advocacy community to work together over the next year in crafting legislation that continues to strengthen our existing system and streamlines the processes of adoption so that children may reach permanency more quickly. I believe a comprehensive foster care/adoption reform legislative package is in Georgia’s best interests in 2018. For the foregoing reasons, **I hereby VETO HB 359.**

Veto Number 5

HB 425 House Bill 425 encourages the State Board of Education to implement assessment opt-out procedures and encourages the allowance of paper-and-pencil formats for such assessments. First, as I stated in my veto of SB 133 last year, local school districts currently have the flexibility to determine opt-out procedures for students who cannot, or choose not to, take these statewide assessments and I see no need to impose an additional layer of state-level procedures for these students. Additionally, encouraging the administration of assessments in paper-and-pencil format impedes the state’s priorities of returning test data to districts as quickly as possible, and reducing the opportunity for cheating. For the foregoing reasons, **I hereby VETO HB 425.**

Veto Numbers 6 and 7

HB 439 and HB 440 House Bill 439 de-annexes two parcels of land from the City of Atlanta. House Bill 440 then annexes these two parcels into the City of Sandy Springs. I do not feel that these bills received the proper amount of discussion during the legislative session and require more time for all parties to discuss the effects of these bills. For the foregoing reasons, **I hereby VETO HB 439 and HB 440.**

Veto Number 8

SB 125 Senate Bill 125 authorizes physicians to delegate their authority to prescribe hydrocodone compound products to physician assistants. This language would add several thousand prescribers to our healthcare system and, as a result, create the potential for hundreds of thousands more opioid prescriptions to be issued. Like many other states, Georgia is currently in the grips of an opioid abuse epidemic and this change is incongruent with the state's efforts to quell that problem. For the foregoing reasons, **I hereby VETO SB 125.**

Veto Number 9

SB 222 Senate Bill 222 creates the Local Government 9-1-1 Authority and makes significant changes to the fee collection and disbursement process for local public service answering points. The authority created by SB 222 is a quasi-independent authority with little oversight from, or coordination with, the state. The lack of oversight could lead to obvious negative consequences stemming from the absence of accountability, and further the lack of state coordination could hamper local and state joint responses in emergency situations. Finally, the bill states that the authority, executive director, and staff would be appointed or hired after July 1, 2017, but fees collected that fund the authority would not be collected until July 1, 2019. This would result in a two year period with no funding for the authority or its staff.

I do, however, believe that public service answering points are essential for the effective operation of police, firefighting, and ambulance services. In order to keep the 9-1-1 reform process moving, I plan, by executive order, to establish a Local Government 9-1-1 Authority to be housed at the Georgia Emergency Management and Homeland Security Agency (GEMHSA). Additionally, I will be creating and appointing the position of executive director for this authority to oversee the day-to-day operations. In order to have a better state-wide public safety communications network and 9-1-1 service it is necessary to locate this authority within GEMHSA, which handles all other aspects of emergency management for the state. I look forward to working with the General Assembly next year to codify the executive order and enact additional measures to strengthen 9-1-1 services throughout the state. For the foregoing reasons, **I hereby VETO SB 222.**

HR 869, authorizing the Joint Session of the Senate and House, was read by the Clerk of the House.

His Excellency, Governor Nathan Deal, addressed the Joint Session of the Senate and the House of Representatives as follows:

Lt. Governor Cagle, Speaker Ralston, President Pro Tem Miller, Speaker Pro Tem Jones, members of the General Assembly, constitutional officers, members of the judiciary, members of the consular corps, my fellow Georgians:

This marks the eighth and final time that I come before you to report on the state of our state. In preparing to do so, I thought back on all the challenges we have faced over the better part of this past decade and all the successes we have achieved together. I considered the plans we have set into motion that will carry us well into the next decade and beyond.

I looked back on where we started in 2011, when only 111 of the 236 legislators here today were serving in this General Assembly, and was very pleased to see just how far we have come. And now, as we embark on a year of transition and set our gaze to what the future will hold, I am reminded of a parable of sorts passed down from the times of ancient Israel – one that each new generation and many different civilizations have adopted over the centuries.

As the story goes, there was once an older man who went out one day and planted a tree in his yard. A neighbor passing by saw what he was doing, stopped, shook his head, began to laugh, and said, “Old man, you are a fool. What good will it do you to plant a tree now that you are so old? You will not live long enough to be able to sit under the shade of that tree or enjoy its fruit.”

The old man rose from his knees, looked at his neighbor and replied, “I am not planting this tree for me. I am planting it for those who come after me. Someday, they will come here during the heat of the day and be cooled by the shade of this tree. When I was a small child, I could eat fruit because those who came before me had planted trees. Am I not required to do the same for the next generation?”

Over the past seven years, we have endeavored to plant whole orchards of opportunity, some of which will not bear their largest fruits until those who come after us are sitting where you sit now. We have done so not only to bring Georgia out of the Great Recession and make our people prosperous once again, but also to ensure that our children and grandchildren will live in a thriving, safe and resilient state that they can be proud to call home... A place where hard work can lead to fulfillment of a life’s dream.

Seven years ago, Georgia’s unemployment rate stood at 10.4 percent. Since then, we have created roughly 675,000 new, private sector jobs and our unemployment rate is at its lowest level in over 10 years at just 4.3 percent. And on top of it all, we have been named the No. 1 state in which to do business for the fifth consecutive year.

Just this past fiscal year alone, the Georgia Department of Economic Development’s Global Commerce team helped to generate \$6.33 billion in investment.

That outstanding growth is a result of 377 expansions and locations that cover every region of the state. Many people think that economic development projects are only happening in the Metro Atlanta region, but in fact, 80 percent of fiscal year 2017 locations took place outside the Metro Atlanta region. Our dedication is to the whole state, and the results of our top-ranked Department of Economic Development bear that out.

We have with us today all three of the commissioners who have led that agency during my time as your governor: Chris Cummiskey, Chris Carr and Pat Wilson. Will you gentlemen please stand and allow us to thank you for the exceptional work you have done over these past seven years?

As we consider the achievements of their respective dedicated teams, we should also take note of a tree we “re-planted” – you might say – which has taken deep root in recent years and borne greater and greater harvests with each passing year. I am referring to the film production industry.

Just 10 years ago, this industry generated \$241 million in economic impact for the state. This past fiscal year alone, it generated \$9.5 billion in economic impact. That's quite impressive growth for this tree of opportunity.

So great have our gains been that in 2016, Georgia was named the No. 1 filming location for the most successful movies.

Our growing Georgia Film Academy and list of studios in the state will also ensure that this year's production industry impact will break even more records. In just two years, roughly 1,900 students have utilized Film Academy courses and a further 625 students are currently enrolled for this semester. So effective is this program, which now spans 13 University and Technical College System partners, that it has quickly become known as the "gold standard" in film and television production workforce training. In fact, when other states and countries around the world seek out guidance on building their own film production workforce, the Motion Picture Association of America now directs them to the Georgia Film Academy.

That same association tells us that the film industry is responsible for more than 92,000 jobs in the state. These are high-quality jobs, with an average salary of nearly \$84,000 - 75 percent higher than the average salary in the nation.

More than 200 new companies have located in the state to support this blossoming industry. These businesses and the infrastructure they build are what create permanent jobs for costume and set designers, electricians, camera operators, actors and other skilled industry professionals.

We seek to make Georgia a leader in all industries, however, which is why we have invested so much into our K-12 education system, because we know that the students of today are the workforce of tomorrow. As the man in our parable remarked, "When I was a small child, I could eat fruit because those who came before me had planted trees. Am I not required to do the same for the next generation?"

For however long we are granted the privilege of serving our fellow Georgians, we must strive to do the same. And so I would like to highlight the orchards of opportunity we have planted together that have the most far-reaching impact on our state – those that affect Georgia's youngest citizens directly.

We have increased education spending by \$3.6 billion dollars over the last seven years, which includes my final budget proposal, making the total education expenditure during my time as governor roughly \$14 billion. No other administration in Georgia history has planted so many trees of knowledge.

One such tree we planted this past year is the Sandra Dunagan Deal Center for Early Language and Literacy at the Georgia College and State University in Milledgeville. It is a training and research center that focuses on children from birth to third grade – perhaps the most critical period of any child’s development and education. It is during this window of opportunity that we can best lay down a strong, enduring foundation for all other aspects of a student’s academic career. If we fail to reach Georgia’s youngest minds during that time, if we fail to get them reading on grade level by the end of third grade, they are much more likely to fall behind, both in the classroom and the life that awaits them beyond.

So I want to take this opportunity to recognize and thank one of the greatest standard-bearers of this issue of childhood literacy that Georgia has ever been blessed to have. She is a loving mother of four and a grandmother of six who spent much of her life in the classroom as one of our state’s many dedicated educators. When our parents grew older and endured poor health, she invited them into our home, where they lived for many years. She looked after them and provided for every one of their needs. Her kindness is genuine and powerful. To those in her company, it is infectious; and it has touched countless hearts over the years, especially mine over the past 51 years that I have been blessed to call her my wife.

The English author Godfrey Winn wrote, “No man succeeds without a good woman beside him. Wife or mother. If it is both, he is twice blessed indeed.” I am one of those individuals who has been twice blessed indeed to have such a magnificent partner, friend, wife, and mother stand beside me all these years. What joys I have been privileged to have in this life and this profession are thanks in no small part to her generosity and effort.

Her passion has always been and continues to be improving the lives of children. When she became the First Lady of our state, her efforts to improve child welfare and educational opportunities did not stop, they only grew and took on new forms. I can tell you that she has visited all 159 counties, some of them multiple times, and all 181 school districts. In total, she has made 834 school visits, to date, and has no plans of slowing down.

But the real importance of those numbers can only be understood if you have the pleasure of seeing her in the classroom. She doesn’t just visit a school for a handshake with the principal and a photo. She reads to the children. She listens to them intently. She hugs them the way only mothers and grandmothers seem to know how to do, so that they know they are loved.

In fact, those children usually send her letters thanking her for visiting. Those little tokens of appreciation are often written in crayon, and we receive whole bundles of them regularly. In one such package was a letter from a student in an early grade who wrote to

Sandra and said, “thank you for visiting my school and thank you for running the State of Georgia.”

My wife made certain that I saw that letter. She said she wanted me to know of that student’s appreciation for her real job.

Will you join me in recognizing this woman who is a First Lady in every respect of the word?

When I took office in 2011, there were many dilemmas facing this state. And so before we even began to plant new orchards of opportunity in the fertile ground of Georgia, we went about the business of saving those trees which were in danger of being felled by the economic downturn. One of the most critical was our HOPE Scholarship and Grant programs, which were on the cusp of bankruptcy. This legacy of a man who impacted Georgia perhaps more than anyone else in the latter portion of the 20th century – Governor Zell Miller – was one of the most generous merit-based scholarship programs in the country when it was created. It continues to be so today because of the reforms we put into place seven years ago.

Because we did the difficult but necessary work of saving that tree of opportunity, many more students will sit under its shade in the years to come and benefit from its fruit of higher education, whether in the form of a certificate, associate’s degree, or a bachelor’s degree.

Our public colleges and universities have been, and will continue to be, a source of pride. In fact, according to the 2018 U.S. News & World Report public school rankings, Georgia is currently one of only three states to have more than one higher education institution in the top 20.

Our state will depend on the continued production of quality graduates from these types of institutions if we want to preserve our educated, trained, and sustained workforce. In order for us to achieve that goal, we must have workers who possess the requisite knowledge and skills for the jobs of today and the future. Some of those jobs will require a college degree. Others will require certifications and more specialized degrees from a technical school. We need both our University and Technical College Systems to remain competitive, and I am happy to report that both have adjusted their degree and training programs to meet the needs of our state’s diverse economic climate.

With us today is the new Commissioner of our Technical College System, Matt Arthur, who also helped to lead the University of Georgia Bulldogs to their 1980 national championship as an offensive lineman. Matt, in recognition of your leadership in the arena and the field of education, will you please stand and be recognized?

While we continue to support and expand the opportunities within our university system, I have also been pleased that in recent years, we have added certificate and degree programs within our Technical College System that provide a solution for the problems we faced coming out of the Great Recession. At the height of our unemployment rate, I asked the employers of our state: “can you find proper candidates here in Georgia for the open positions in your company?” Their answer was often a very loud “no.”

So we created a program, known as the HOPE Career Grant, which covers 100 percent of tuition for technical school students who enroll in one of Georgia’s strategic industry, high-demand fields. Although this program is only a few years old, it is already bearing exceptional fruit. In fact, of those students who take advantage of this resource, 99.2 percent find employment upon completion of their training and studies.

That is why I was proud to grow that forest of potential by adding five new categories to that incredibly successful program. As of 10 days ago, we now have 17 specific fields that allow our employers to answer “yes” when I ask them whether they can find qualified candidates for open jobs.

Throughout our state, at all 22 TCSG campuses, we have pockets of excellence in terms of economic development. In order to better leverage those tools, I am happy to announce that we will create a new Deputy Commissioner position within our Technical College System. This individual will develop and maintain a unified process with our 22 campuses, the University System, and the Department of Economic Development in terms of how those campuses interact with companies here in Georgia. This will create an organized and seamless effort to assist existing businesses that can benefit from TCSG’s training in an ever-changing and evolving marketplace.

I would like to introduce you to the woman who will fill that new Deputy Commissioner role, who happens to be with us in the gallery today. Laura Gammage, would you please stand and allow us to recognize you for the important job you are undertaking?

To further aid those coming into our workforce or those seeking new opportunities, we will also be moving our state’s Division of Workforce Development to the Technical College System. In addition, we will be relocating the state’s customized recruitment office to TCSG, further consolidating these separate workforce development components into a more cohesive and workable system.

Our Technical College system is a resource whose benefits to the entire state will only increase as the number of students increases. In light of the fact that 30 percent of Georgia’s high school students choose not to pursue further education or training opportunities once they graduate, we initiated a broad marketing campaign over this past year that showcases all that a technical college has to offer. It is already producing great results, reaching young adults throughout this state who would not have previously considered a career opportunity at one of our technical colleges.

To build on that success, my proposed budget includes an additional \$1 million for this campaign so that we can strategically market the colleges throughout Georgia.

I want to share with you some of those fruits of our labor today. So please direct your attention to the following videos that feature students telling us about the great opportunities available through TCSG. You will also hear from a young man whose life journey was significantly altered by specialized training offered through TCSG.

Video 3: Interview with Joshua Hutchinson

We're pleased to have Joshua Hutchinson with us today, along with his welding instructor, Scott Eidson. Will you both please stand so that we can recognize your hard work?

Joshua, and others like him around the state, are why I am adding \$1 million in my amended budget proposal to fund two mobile labs that will further enhance our already successful TCSG welding program.

Yet another area where we are planting saplings that will soon cover our entire state is in the field of transportation.

Three years ago, I asked the General Assembly to act boldly and provide a means of transportation funding capable of addressing our aging infrastructure. Because of your brave action and bi-partisan support, we were able to make the first meaningful transportation investments in an entire generation through projects sprouting up throughout Georgia.

Thanks to the Transportation Funding Act, we are preparing for future generations and the sustained growth we're seeing throughout the state through our unprecedented 10-year, \$11 billion transportation investment plan.

Speaking of highway infrastructure, the last time I spoke in this chamber was on Sine Die of the last session. So let me take this opportunity to ask that you please refrain from setting any fires on your way out of town this year?

Of the many men and women throughout Georgia we have to thank for our transportation improvements, there is one in particular who deserves our gratitude for making our Department of Transportation the most capable and cutting-edge in the country.

We are fortunate to have that man with us today, so I would like to ask that Commissioner Russell McMurry stand as we give him a round of applause for his contributions.

Over the past seven years, we have partnered together on many great undertakings that now serve as the standard for other states to emulate. One of the proudest has been our overwhelmingly successful and bipartisan criminal justice reforms. This is a tree well-planted, and one that is changing lives for the better every day.

We are also doing what so many thought impossible only a decade ago: offering those who have made mistakes and are willing to work hard to correct them a second chance through our accountability courts. The roots of this growing system have taken time to grow, having met obstacles in the soil along the way. But they have proven to be some of the most effective components of our overall criminal justice reforms.

Individuals whose lives were once controlled by addictions are now able to reclaim forfeited potential, reconnect with their children, retain employment and contribute as taxpaying citizens, and restore hope for a brighter tomorrow.

If you do not think this makes a difference, I invite you to attend an accountability court graduation. You will find that your money has been well spent.

From the time we first began our criminal justice reforms, the number of state-funded accountability court programs has increased from just 12 to 149. I am happy to report that every one of our 49 judicial circuits now has at least one type of accountability court in operation.

When we consider the savings to all Georgians - in the form of lower public expenditures, lower rates of crime, and lives made whole - our criminal justice reforms, especially our education and reentry initiatives, have been well worth the investment. This tree of reform and redemption has taken root quickly and is growing new branches of reclaimed opportunity every day. It is now greater than any other tree of its kind in the nation, and one that will continue to put Georgia at the pinnacle of this issue.

We would be remiss if we did not take this opportunity to thank all those who had a hand in the planting of our criminal justice reform tree. If you have been a member of the Criminal Justice Reform Council, would you please stand and be recognized?

The members of the General Assembly have almost unanimously supported this Council's recommendations over the past six years. This year, we will be asking you to favorably consider more of their recommended reforms, further enhancing our public safety.

A couple of weeks ago, I had the pleasure of addressing Georgia's newest troopers who graduated from the 101st Trooper School - a fitting conclusion to the 80th anniversary of the Georgia State Patrol. These men and women of courage who wear a badge and vest each day in service to their fellow citizens help make our communities safer places to call

home. Along with our local police officers, GBI personnel, DNR rangers, corrections and parole officers, and our National Guardsmen, they protect our lives and property.

It is because of their valor and remarkable devotion to duty that we as Georgians can live in a safer state. These everyday heroes are the ones who protect our trees of opportunity and ensure that they can grow unabated for future generations to enjoy.

Will you join me in recognizing that valued service?

This past year, we planted a tree of hope for families that confront mental health issues. My office created a Commission on Children's Mental Health last June, charged with providing recommendations on improving state mental health services for our children.

I can now tell you that the Commission's report has been received and my budget proposal includes \$22.9 million in funding based on their recommendations.

This is neither an obituary nor a farewell address, but it is the last time I will have the opportunity to address all of you in this formal setting. We have much work to do during this session. I will work vigorously with you during this year to continue to polish the apples we are harvesting.

In a little over a year's time, Sandra and I will depart from public life after almost four decades of service to the people of this state. But others in this chamber and beyond will continue to have great opportunities to serve their fellow Georgians.

As you do so, I urge you not to neglect the trees and orchards we have planted over these past seven years. What we do in this historic building, the actions we take in these chambers of service, the choices we make while in positions of elected authority must be for the betterment of all Georgians.

We must adopt the same mindset and gaze as the pecan farmer in South Georgia who plants a tree and knows that its growth is well worth the decades of careful attention it will take to nurture it to its greatest heights... Just as a parent does the same for a child.

That is who we have planted these trees for: our children and grandchildren. They are who we must call to mind with every bill presented, with every vote cast, and with every campaign announcement. Will our actions help or hinder those who come after us?

My administration and I have worked diligently these past seven years to serve our fellow citizens. We have work yet to do in this final year, but soon we will look to you, ladies and gentlemen, to water and tend the orchards of opportunity we have planted together and to continue planting seeds and saplings of potential – not for personal gain, but for

those who will in future years come during the heat of the Georgia day and be cooled by the shade of those trees.

And now, in these last moments I have with you today, I want to say how very thankful I am for your partnership over these years. A little more than half of the legislators here today were not in office when I gave my first State of the State address in 2011. Yet whether it was with old partners or new, we have still worked together these past seven years to make Georgia the No. 1 place for business five times over, the leader in so many pressing areas of our time, and the state where so many want to live, learn, and raise their families.

I also want to thank all those in the executive branch who have served so diligently to improve the lives of our fellow citizens and fulfill our constitutional responsibilities. From our agency heads and commissioners on down to our leadership teams, support staff, compassionate caseworkers, officers, and all state workers – thank you for what you do to make our state more prosperous, secure, educated, and free.

I would also like to take this opportunity to thank my senior staff, both past and present, who have given so much of themselves over these past seven years for the betterment of others. Some have gone on to serve their fellow Georgians in other capacities, while others have remained with me since the very beginning of my term. Some have even been with me for decades...

They have become an extension of my family, and to them I say: Sandra and I will always cherish what you have done for us and what you mean to us.

Finally, I want to speak directly to the people of Georgia. Words alone are incapable of expressing how grateful I am that you have allowed Sandra and me to serve you. It has been the honor of a lifetime to travel every part of this state and to marvel at the character, fortitude, and talent of our people. The achievements we have enjoyed are ultimately the result of your hard work and perseverance.

Thank you for putting your trust in us. Thank you for your kindness, your support, your encouragement, and your prayers.

Today, I can say with great authority that the State of our State is not just strong, it is exceptional!

I close with the words from my first Inaugural Address in 2011:

“Let us refocus State Government on its core responsibilities and relieve our taxpayers of the burden of unnecessary programs. Let us be frugal and wise. Let us restore the confidence of our citizens in a government that is limited and efficient. Together, let us make Georgia the brightest star in the constellation of these United States.”

As we stand beneath the trees and orchards of opportunity we have planted and look up to the heavens, we see that the light of our star now shines brightest of all, and that light will endure and not fade away...

PRE-BIRTH SURRENDER OF RIGHTS
FINAL RELEASE FOR ADOPTION

NOTICE TO ALLEGED BIOLOGICAL FATHER:

This is an important legal document and by signing it, you are surrendering any and all of your ~~right, title, and claim~~ rights to the child identified ~~herein~~ in this document, so as to ~~facilitate the child's placement~~ place the child for adoption. You have the right to wait to execute a ~~Surrender of Rights Final Release for Adoption~~ PRE-BIRTH SURRENDER OF RIGHTS/FINAL RELEASE FOR ADOPTION after the child is born, but by signing this document, you are electing to surrender your rights prior to the birth of this child. Understand that you are signing this document under oath and that if you knowingly and willfully make a false statement in this document you will be guilty of the crime of false swearing. As explained below in paragraph 6, you have the right to revoke this ~~You are to receive a copy of this document and as explained below have the right to withdraw your~~ pre-birth surrender within ten days from the date you sign it. If you are at least 21 years of age, you may choose to waive that right so that this surrender will become effective immediately upon signing such a waiver. If you choose to waive the right to a ten-day revocation period, you must consult an attorney, who is not representing the petitioner, and make that choice in paragraph 6 below and execute a separate WAIVER OF RIGHT TO REVOKE SURRENDER OF RIGHTS at least 72 hours after the birth of the child.

STATE OF GEORGIA
COUNTY OF _____

Personally appeared before me, the undersigned officer duly authorized to administer oaths, _____ (name of alleged biological father) who, after having been sworn, deposes and says as follows:

1.
I, the undersigned, understand that I have been named by _____, the biological mother of the child expected to be born in _____ (city) _____ (county) _____ (state) on or about the _____ day of _____ (month), _____ (year), as the

biological father or possible biological father of her child. I further understand that the biological mother wishes to place this child for adoption.

2.

To the best of my knowledge and belief, the child has not been born as of the date I am signing this pre-birth surrender; however, if in fact the child has been born, this surrender shall have the same effect as if it were a surrender executed following the birth of the child.

3.

I understand that by signing this document I am not admitting that I am the biological father of this child, but if I am, I hereby agree that adoption is in this child's best interest. I consent to adoption of this child by any ~~person~~ individual chosen by the child's legal mother or by any public or private ~~child placing~~ agency that places children without further notice to me. I expressly waive any other notice or service in any of the legal proceedings for the adoption of the child. I understand that I have the option to wait until after the child is born to execute a surrender of my rights (with a corresponding ten-day right of ~~withdrawal~~ revocation) and, further, that by executing this document I am electing instead to surrender my rights before the child's birth.

4.

I ~~further~~ understand that ~~execution of~~ signing this document does not fully and finally terminate my rights and responsibilities until an order from a court of competent jurisdiction terminating my rights or a final order of adoption is entered. I understand that if the child is not adopted after I sign this document, legal proceedings can be brought to establish paternity, and I may become liable for financial obligations related to the birth and support of this child.

5.

I understand that I will receive a copy of this document after the witness and I have signed it and it has been notarized.

6.

I understand that under Georgia law I have the unconditional right to a ten-day revocation period. I understand that if I am at least 21 years of age I also have the choice to waive the ten-day revocation period, thereby causing the pre-birth surrender of my rights to become final immediately upon signing a WAIVER OF RIGHT TO REVOKE SURRENDER OF RIGHTS.

Indicate your choice by signing ONE of the following statements (you may choose statement A or B):

A. _____ (Signature) I choose to RETAIN the unconditional right to a ten-day revocation period under Georgia law. ~~Furthermore, I hereby certify that I have received a copy of this document and that I understand that I may only withdraw~~ revoke this pre-birth surrender by giving written notice, delivered in person or ~~by statutory overnight delivery or registered mail, return receipt requested, to _____ within ten days from the date hereof;~~ mailed by registered mail or statutory overnight delivery, to _____ (name and address of child-placing agency representative, out-of-state licensed agency representative, Department of Human Services representative, individual to whom surrender is made or his or her agent, or petitioner's representative, as applicable) within ten days from the date of signing this document. I understand that certified mail cannot be used for mail delivery of the notice to revoke this pre-birth surrender. I understand that the ten days shall will be counted consecutively beginning with the day immediately following the date hereof; that, however, I sign this document; provided, however, that, if the tenth day falls on a Saturday, Sunday, or legal holiday, then the last day on which the this surrender may be withdrawn shall revoked will be the next day that is not a Saturday, Sunday, or legal holiday; and that it may NOT be withdrawn thereafter. I understand that, if I deliver the notice to revoke this surrender in person, it must be delivered to _____ (name and address) not later than 5:00 P.M. eastern standard time or eastern daylight time, whichever is applicable, on the tenth day. I understand that I CANNOT revoke this surrender after that time.

OR

B. _____ (Signature) I am at least 21 years of age and I choose to WAIVE the right to a ten-day revocation period under Georgia law. I have consulted an attorney, who is not representing the petitioner, regarding signing the WAIVER OF RIGHT TO REVOKE SURRENDER OF RIGHTS. I will sign a separate WAIVER OF RIGHT TO REVOKE SURRENDER OF RIGHTS at least 72 hours after the birth of the child and, by signing said waiver, I understand and intend to give up the unconditional right to revoke this pre-birth surrender. I fully understand that by signing the WAIVER OF RIGHT TO REVOKE SURRENDER OF RIGHTS the surrender of my rights will become final immediately upon signing it and that thereafter this surrender cannot be revoked.

7.

If prior to my signing this pre-birth surrender I have registered on Georgia's putative father registry then, if I do not ~~withdraw~~ revoke this surrender within the time permitted, I waive the notice I would be entitled to receive pursuant to ~~the provisions of~~ Code Section 19-8-12 of the Official Code of Georgia Annotated because of my registration on the putative father registry.

8.

I understand that if I am not a resident of this state that I am agreeing to be subject to the jurisdiction of the courts of Georgia for any action filed in connection with the adoption of the child. I agree to be bound by a decree of adoption rendered as a result of this surrender of my parental rights.

9.

Furthermore, I hereby certify that I have not been subjected to any duress or undue pressure in the execution of this document and ~~do so~~ I am signing it freely and voluntarily.

(a) As used in this Code section, the term 'birth relative' means:

(1) A parent, biological father who is not ~~the~~ a legal father, grandparent, brother, sister, half-brother, or half-sister who is related by blood or marriage to a child who is being adopted or who has been adopted; or

(2) A grandparent, brother, sister, half-brother, or half-sister who is related by adoption to a child who is being adopted or who has been adopted.

(b)(1) An adopting parent or parents and birth relatives or an adopting parent or parents, birth relatives, and a child who is 14 years of age or older who is being adopted or who has been adopted may voluntarily enter into a written postadoption contact agreement to permit continuing contact between such birth relatives and such child. A child who is 14 years of age or older shall be considered a party to a postadoption contact agreement.

(2) A postadoption contact agreement may provide for privileges regarding a child who is being adopted or who has been adopted, including, but not limited to, visitation with such child, contact with such child, sharing of information about such child, or sharing of information about birth relatives.

(3) In order to be an enforceable postadoption contact agreement, such agreement shall be in writing and signed by all of the parties to such agreement acknowledging their consent to its terms and conditions.

(4) Enforcement, modification, or termination of a postadoption contact agreement shall be under the continuing jurisdiction of the court that granted the petition ~~of~~ for adoption; provided, however, that the parties to a postadoption contact agreement may expressly waive the right to enforce, modify, or terminate such agreement under this Code section.

(5) Any party to the postadoption contact agreement may, at any time, file the original postadoption contact agreement with the court that has or had jurisdiction over the adoption if such agreement provides for the court to enforce such agreement or such agreement is silent as to the issue of enforcement.

(c) A postadoption contact agreement shall contain the following warnings in at least 14 point boldface type:

(1) After the entry of a decree for adoption, an adoption cannot be set aside due to the failure of an adopting parent, a ~~birth~~ biological parent, a birth relative, or the child to follow the terms of this agreement or a later change to this agreement; and

(2) A disagreement between the parties or litigation brought to enforce, terminate, or modify this agreement shall not affect the validity of the adoption and shall not serve as a basis for orders affecting the custody of the child.

(d)(1) As used in this subsection, the term 'parties' means the individuals who signed the postadoption contact agreement currently in effect, including the child if he or she

is 14 years of age or older at the time of the action regarding such agreement, but such term shall exclude any third-party beneficiary to such agreement.

(2) A postadoption contact agreement may always be modified or terminated if the parties have voluntarily signed a written modified postadoption contact agreement or termination of a postadoption contact agreement. A modified postadoption contact agreement may be filed with the court if such agreement provides for the court to enforce such agreement or such agreement is silent as to the issue of enforcement.

(e) With respect to postadoption contact agreements that provide for court enforcement or termination or are silent as to such matters, any party, as defined in paragraph (1) of subsection (d) of this Code section, may file a petition to enforce or terminate such agreement with the court that granted the petition of for adoption, and the court shall enforce the terms of such agreement or terminate such agreement if such court finds by a preponderance of the evidence that the enforcement or termination is necessary to serve the best interests of the child.

(f) With respect to postadoption contact agreements that provide for court modification or are silent as to modification, only the adopting parent or parents may file a petition seeking modification. Such petition shall be filed with the court that granted the petition of for adoption, and the court shall modify such agreement if such court finds by a preponderance of the evidence that the modification is necessary to serve the best interests of the child and there has been a material change of circumstances since the current postadoption contact agreement was executed.

(g) A court may require the party seeking modification, termination, or enforcement of a postadoption contact agreement to participate in mediation or other appropriate alternative dispute resolution.

(h) All reasonable costs and expenses of mediation, alternative dispute resolution, and litigation shall be borne by the party, other than the child, filing the action to enforce, modify, or terminate a postadoption contact agreement when no party has been found by the court as failing to comply with an existing postadoption contact agreement. Otherwise, a party, other than the child, found by the court as failing to comply without good cause with an existing postadoption contact agreement shall bear all the costs and expenses of mediation, alternative dispute resolution, and litigation of the other party.

(i) A court shall not set aside a decree of adoption, rescind a surrender of rights, or modify an order to terminate parental rights or any other prior court order because of the failure of an adoptive parent, a birth relative, or the child to comply with any or all of the original terms of, or subsequent modifications to, a postadoption contact agreement.

19-8-28.

When a child is an orphan, the petitioner shall not be required to have a guardian appointed for such child in order for a guardian to execute a surrender of rights. Such child shall be adoptable without a surrender of rights."

SECTION 1-2.

Code Section 15-11-320 of the Official Code of Georgia Annotated, relating to termination of parental rights, is amended by revising subsection (d) as follows:

"(d) The court shall transmit a copy of every final order terminating the parental rights of a parent to the ~~Office of Adoptions~~ State Adoption Unit of the department within 15 days of the filing of such order."

**PART II
SECTION 2-1.**

The General Assembly finds that:

- (1) From time to time, parents experience short-term difficulties that impair their ability to perform the regular and expected functions to provide care and support to their children;
- (2) Parents need a means to confer to a relative or other approved person the temporary authority to act on behalf of a child without the time and expense of a court proceeding or the involvement of the Division of Family and Children Services of the Department of Human Services; and
- (3) Providing a statutory mechanism for granting such authority enhances family preservation and stability.

SECTION 2-2.

Title 19 of the Official Code of Georgia Annotated, relating to domestic relations, is amended by repealing Article 4 of Chapter 9, relating to the power of attorney for the care of a minor child, and enacting a new Article 4 to read as follows:

ARTICLE 4**19-9-120.**

This article shall be known and may be cited as the 'Supporting and Strengthening Families Act.'

19-9-121.

As used in this article, the term:

- (1) 'Child' means an unemancipated individual who is under 18 years of age.
- (2) 'Parent' shall have the same meaning as provided in Code Section 19-3-37.

19-9-122.

(a) A parent of a child may delegate caregiving authority regarding such child to an individual who is an adult, who resides in this state, and who is the grandparent, great-grandparent, stepparent, former stepparent, step-grandparent, aunt, uncle, great aunt, great uncle, cousin, or sibling of such child or is a non-relative who is approved as an agent by an organization licensed as a child-placing agency pursuant to Chapter 5 of

Title 49 or a nonprofit entity or faith based organization that provides child or family services and that is in good standing with the Internal Revenue Service for a period not to exceed one year, except as provided in Code Section 19-9-130, by executing a power of attorney that substantially complies with this article. A parent of a child may delegate to an agent in such power of attorney any power and authority regarding the care and custody of such child, except the power to consent to the marriage or adoption of such child, the performance or inducement of an abortion on or for such child, or the termination of parental rights to such child. Such power and authority may be delegated without the approval of a court, provided that such delegation of power and authority shall not operate to change or modify any parental or legal rights, obligations, or authority established by an existing court order, including a standing order, or deprive a parent of a child of any parental or legal rights, obligations, or authority regarding the custody, visitation, or support of such child. Such delegation of power and authority shall not deprive or limit any support for a child that should be received by such child pursuant to a court order or for any other reason. When support is being collected for the child by the Child Support Enforcement Agency of the Department of Human Services, such agency shall be authorized to redirect support payments to the agent for the duration of the power of attorney or until the power of attorney is revoked or superseded by a court order. A power of attorney executed under this article during the pendency of a divorce or custody action shall be void ab initio unless executed or agreed upon by both parties to such action, if both parties have custodial rights to the child or the court presiding over such divorce or custody action enters an order allowing the execution of the power of attorney as being in the best interests of such child.

(b) Except as limited by federal law, this article, or the direction of a parent of a child as expressed in the power of attorney, an agent shall have the same rights, duties, and responsibilities that would otherwise be exercised by such parent of a child pursuant to the laws of this state.

(c) An agent shall acknowledge in writing his or her acceptance of the responsibility for caring for a child for the duration of the power of attorney and shall identify any associated child-placing agency licensed pursuant to Chapter 5 of Title 49 or nonprofit entity that is focused on child or family services and that is in good standing with the Internal Revenue Service if applicable. An agent shall certify that he or she is not currently on the state sexual offender registry or child abuse registry of this state or the sexual offender registry or child abuse registry for any other state, a United States territory, the District of Columbia, or any American Indian tribe nor has he or she ever been required to register for any such registry. The individual executing a power of attorney shall require an agent to provide him or her with a criminal background check.

(d) The agent under a power of attorney shall act in the best interests of the child. Such agent shall not be liable to the individual executing the power of attorney for consenting or refusing to consent to medical, dental, or mental health care for a child when such decision is made in good faith and is exercised in the best interests of the child.

(e) The child-placing agencies licensed pursuant to Chapter 5 of Title 49 and the entities authorized by this article to assist with the execution of a power of attorney

shall maintain a record of all powers of attorney executed by individuals approved as their agents under this article for at least five years after the expiration of such powers of attorney.

19-9-123.

(a) An individual with sole custody of a child who executes a power of attorney authorized under this article shall provide written notice of such execution to the noncustodial parent by certified mail, return receipt requested, or statutory overnight delivery within 15 days after the date upon which such power of attorney was executed.

(b) A noncustodial parent receiving the notice as set forth in subsection (a) of this Code section may object to the execution of such power of attorney within 21 days of the delivery of such notice and shall serve his or her objection on the individual who executed such power of attorney by certified mail, return receipt requested, or statutory overnight delivery. An objection shall prohibit the action of a power of attorney under this article and the child shall be returned to the individual with sole custody.

(c) In addition to the notice provided for in subsection (a) of this Code section, an individual with sole custody of a child who executes a power of attorney under this article shall comply with any applicable relocation notice requirements under subsection (f) of Code Section 19-9-3.

19-9-124.

Nothing in this article shall preclude a parent or agent from granting temporary written permission to seek emergency medical treatment or other services for a child while such child is in the custody of an adult who is not the parent or agent and who is temporarily supervising the child at the request of such parent or agent.

19-9-125.

An individual shall not execute a power of attorney under this article for the purpose of subverting an investigation of the child's welfare initiated by the Division of Family and Children Services of the Department of Human Services and shall not execute such power of attorney so long as the Division of Family and Children Services of the Department of Human Services has an open child welfare and youth services case with regard to the child, his or her parent, or another child of the parent. Nothing in this article shall be construed to diminish or limit any rights, power, or authority of or by the Division of Family and Children Services of the Department of Human Services for the protection of any child.

19-9-126.

A power of attorney executed under this article shall be signed under oath and acknowledged before a notary public by the individual executing such power of attorney and by the agent accepting such delegation.

19-9-127.

(a)(1) An agent shall have the authority to act on behalf of the child on a continuous basis, without compensation:

(A) For the duration of the power of attorney so long as the duration does not exceed one year or the time period authorized in Code Section 19-9-130; or

(B) Until the individual who executed the power of attorney revokes the power of attorney in writing and provides notice of the revocation to the agent by certified mail, return receipt requested, or statutory overnight delivery. Upon receipt of such revocation, the agent shall cease to act as agent.

(2) The individual revoking the power of attorney shall send a copy of the revocation of the power of attorney to the agent within five days of executing such revocation. If an individual revokes a power of attorney, the child shall be returned to the custody of such individual who executed the power of attorney as soon as reasonably possible.

(3) The revoking individual shall notify schools, health care providers, and others known to the revoking individual to have relied upon such power of attorney as soon as reasonably possible.

(b) A power of attorney executed under this article may be terminated by an order of a court of competent jurisdiction.

(c) Upon receipt of a revocation of a power of attorney, an agent shall notify schools, health care providers, and others known to the agent to have relied upon such power of attorney as soon as reasonably possible.

(d) An agent may resign by notifying the individual who appointed the agent in writing by certified mail, return receipt requested, or statutory overnight delivery and he or she shall notify schools, health care providers, and others known to the agent to have relied upon such power of attorney as soon as reasonably possible.

(e) Upon the death of an individual who executed a power of attorney, the agent shall notify the surviving parent of the child, if known, as soon as practicable.

(f) The authority to designate an agent to act on behalf of a child shall be in addition to any other lawful action a parent may take for the benefit of such child.

(g) A parent shall continue to have the right to receive medical, dental, mental health, and educational records pertaining to his or her child, even when a power of attorney has been executed under this article.

19-9-128.

The execution of a power of attorney under this article shall not constitute abandonment under Code Section 19-10-1 nor be reportable as child abuse or neglect under Code Section 19-7-5 unless the individual who executed such power of attorney fails to take custody of the child or execute a new power of attorney under this article after the expiration or revocation of the power of attorney.

19-9-129.

(a) A child subject to a power of attorney executed under this article shall not be considered placed in foster care under Chapter 5 of Title 49, and the parties to the

power of attorney shall not be subject to any of the requirements or licensing regulations for foster care or other regulations relating to community care for children.

(b) Caregiving authority delegated under this article shall not constitute an out-of-home child placement.

(c) An individual who is approved as an agent by an organization licensed as a child-placing agency shall not be exempt from the requirements of Chapter 5 of Title 49 regarding the licensing and inspection of child welfare agencies.

(d) The execution of a power of attorney under this article shall not delegate caregiving authority for more than one child unless such power of attorney delegates caregiving authority for children who are siblings or stepsiblings.

19-9-130.

(a) When a power of attorney delegates caregiving authority to a grandparent of a child, it may have an unlimited duration.

(b) Except as limited by or in conflict with federal law regarding the armed forces of the United States, a parent who is a member of the armed forces of the United States, including any reserve component thereof, or the commissioned corps of the National Oceanic and Atmospheric Administration or the Public Health Service of the United States Department of Health and Human Services detailed by proper authority for duty with the armed forces of the United States, or who is required to enter or serve in the active military service of the United States under a call or order of the President of the United States or to serve on state active duty, may delegate caregiving authority for a period longer than one year if such parent is deployed as defined in Code Section 19-9-6. Such term of delegation, however, shall not exceed the term of deployment plus 30 days.

19-9-131.

The provisions of this article shall not affect a power of attorney given to a grandparent prior to July 1, 2018, to which the provisions of former Code Sections 19-9-120 through 19-9-129, as such existed on June 30, 2018, shall continue to apply.

19-9-132.

(a) The power of attorney contained in this Code section may be used for the temporary delegation of caregiving authority to an agent. The form contained in this Code section shall be sufficient for the purpose of creating a power of attorney under this article, provided that nothing in this Code section shall be construed to require the use of this particular form.

(b) A power of attorney shall be legally sufficient if the form is properly completed and the signatures of the parties are notarized.

(c) The power of attorney delegating caregiving authority of a child shall be in substantially the following form:

A BILL TO BE ENTITLED
AN ACT

To amend Article 5 of Chapter 2 of Title 47 of the Official Code of Georgia Annotated, relating to service creditable toward retirement benefits under the Employees' Retirement System of Georgia, so as to provide for creditable service in the Employees' Retirement System of Georgia for prior service as a member of the Georgia Defined Contribution Plan; to provide for application and payment of the full actuarial cost; to provide for related matters; to provide conditions for an effective date and automatic repeal; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 5 of Chapter 2 of Title 47 of the Official Code of Georgia Annotated, relating to service creditable toward retirement benefits under the Employees' Retirement System of Georgia, is amended by revising Code Section 47-2-99, relating to applicability of creditable service under Code Section 47-2-334 and Chapter 22 of this title and obtaining service and application for creditable service, as follows:

"47-2-99.

(a) Any member of the retirement system, including a member subject to the provisions of Code Section 47-2-334, who was, at any time prior to becoming a member, employed by an employer as a temporary full-time employee, may obtain up to 12 months of creditable service for such service as a temporary full-time employee under the conditions contained in this Code section; provided, however, ~~that no such credit shall be granted for any period which~~ to the extent that such employment was covered under Chapter 22 of this title, relating to the Georgia Defined Contribution Plan, the provisions of Code Section 47-2-101 shall apply.

(b) Any person desiring to obtain the creditable service authorized by subsection (a) of this Code section shall make application in such manner as the board of trustees deems proper; tender to the board of trustees such proof of the prior employment as the board shall deem necessary; and pay to the board of trustees the employer and employee contributions as would have been paid if the member had been a member at the time of performing such prior service, together with regular interest thereon compounded annually to the date of payment.

(c) Application for creditable service authorized by subsection (a) of this Code section must be received by the board of trustees not later than June 30, 2001, or 24 months after the member becomes a member of the retirement system, whichever date is later."

SECTION 2.

Said article is further amended by adding a new Code section to read as follows:

"47-2-101.

(a) A member who was a member of the Georgia Defined Contribution Plan created by Chapter 22 of this title immediately prior to becoming a member of this retirement system shall be entitled to obtain creditable service in this retirement system for all such prior service with such Georgia Defined Contribution Plan employer.

(b) To obtain the creditable service established by subsection (a) of this Code section, a member shall:

(1) Accrue at least two years of membership in this retirement system;

(2) Apply to the board of trustees while a contributing member of the retirement system in a manner to be prescribed by the board of trustees;

(3) Provide proof of such prior service as a Georgia Defined Contribution Plan member as the board of trustees deems necessary;

(4) Authorize the transfer of all funds from his or her Georgia Defined Contribution Plan account related to the prior service for which creditable service is sought; and

(c) Following its approval of an application for creditable service pursuant to this Code section, the board of trustees shall certify to the applicant the amount of the payment to the retirement system required to earn creditable service allowed.

(d) A member may make a one-time payment of the full amount established by the board of trustees under subsection (c) of this Code section within 90 days and thereafter receive such creditable service to which he or she is entitled or may elect to participate in a payment plan pursuant to subsection (e) of this Code section.

(e)(1)(A) A member may elect to make equal monthly payments to be deducted from such member's earnable compensation over a period of 12, 24, 36, 48, 60, or 120 months to be paid according to a schedule established by the board of trustees, which amortizes the full actuarial cost of obtaining the creditable service, over the elected period of time based on the retirement system's most recent valuation assumptions. Such schedule shall include a present accounting of the full amount necessary to complete the payments.

(B) Once a member makes an election for an eligible period of time, he or she shall not be permitted to change such election.

(2) At any time prior to retirement, a contributing member may make a one-time payment of the full amount necessary to complete the payments owed pursuant to the schedule established by the board of trustees pursuant to paragraph (1) of this subsection.

(4) Upon retirement, if a member has not paid an amount constituting the full actuarial cost as amortized, he or she shall only be awarded only as many months of

creditable service on a whole month, pro rata basis as determined by the board of trustees from the original amortized payment schedule elected under paragraph (1) of this subsection as have been paid for in full.

(5) Within 30 days of a member ceasing to be an employee for a reason other than death or retirement such individual shall make a one-time payment to the retirement system of the remaining amount necessary to complete the payments owed in accordance with the schedule established pursuant to paragraph (1) of this subsection and be awarded such creditable service to which he or she is entitled. If he or she does not make such payment, the board of trustees shall issue to such individual a refund of payments made pursuant to this subsection, and he or she shall forfeit the related creditable service; provided, however, that if the individual is a vested member of the retirement system, he or she shall be awarded such creditable service allowed pursuant to paragraph (4) of this subsection. Such individual may reapply for the creditable service sought if eligible and in accordance with this Code section.

If he or she does not make such payment, the board of trustees shall issue to such individual a refund of payments made pursuant to this subsection, and he or she shall forfeit the related creditable service. Such individual may reapply for the creditable service sought if eligible and in accordance with this Code section."

SUBJECT: Actuarial Investigation
Senate Bill 101 (LC 43 0720S)
Employees' Retirement System of Georgia

Dear Chairman Black:

This bill would amend provisions relating to creditable service for members of the Employees' Retirement System of Georgia. Specifically, this bill would allow members to obtain creditable service for prior service covered under the Georgia Defined Contribution Plan. To obtain such creditable service, a member shall:

- Accrue at least two years of membership service in the Employees' Retirement System;
- Apply to the Board of Trustees while a contributing member of the Employees' Retirement System;
- Provide proof of such service as a Georgia Defined Contribution Plan member;
- Authorize the transfer of all funds from his or her Georgia Defined Contribution Plan account; and
- Pay to the Board of Trustees an amount determined to be sufficient to cover the full actuarial cost of granting such service after accounting for any transfer of funds from the Georgia Defined Contribution Plan.

This bill authorizes the member to make a one-time payment of the full amount established by the Board within 90 days or elect to make equal payments that would be deducted from the member's earnable compensation over a period of months, not to exceed 120 months. The provisions of this bill specify that a member would receive creditable service on a pro-rata basis if they retire prior to making the full amount of payments determined by the Board. This provision would also apply to any vested member who ceases employment for any reason other than death or retirement. It should be noted that this legislation also includes provisions to allow members to make a one-time payment for any remaining balance owed upon termination of employment. Additionally, this legislation includes provisions relating to the refund of payments for non-vested members who leave employment and have not paid the full amount owed and provisions for members who fail to make their complete monthly payment in accordance with the established payment schedule.

This legislation would not result in any additional cost to the Employees' Retirement System since eligible members would be required to pay the full actuarial cost of the service granted. There would be no increase in the employer contribution rate or the unfunded actuarial accrued liability of the Employees' Retirement System as a result of this legislation. The estimate is based on current member data, actuarial assumptions, and actuarial methods. It should be noted that changes in any of these variables could affect the cost of this legislation. Any future costs would be paid through State appropriations.

The following is a summary of the relevant findings of the actuarial investigation for this bill pursuant to a request by the Senate Retirement Committee. The investigation was to be conducted according to O.C.G.A. §47-20-36, which outlines the factors to be considered in an actuarial investigation. The figures are based on employee data and the most recent actuarial assumptions and methods.

(1)	The amount of the unfunded actuarial accrued liability which will result from the bill.	\$ <u> 0</u>
(2)	The amount of the annual amortization of the unfunded actuarial accrued liability which will result from the bill.	\$ <u> 0</u>
(3)	The number of years that the unfunded actuarial accrued liability created by this bill would be amortized.	<u> N/A</u>
(4)	The amount of the annual normal cost which will result from the bill.	\$ <u> 0</u>
(5)	The employer contribution rate currently in effect for Non-GSEPS Members.	<u> 24.66%*</u>
(6)	The employer contribution rate recommended for Non-GSEPS Members (in conformity with minimum funding standards specified in Code Section §47-20-10).	<u> 24.66%</u>
(7)	The employer contribution rate currently in effect for GSEPS Members.	<u> 21.66%*</u>
(8)	The employer contribution rate recommended for GSEPS Members (in conformity with minimum funding standards specified in Code Section §47-20-10).	<u> 21.66%</u>
(9)	The total dollar amount of the increase in the annual employer contribution which is necessary to maintain the retirement system in an actuarially sound condition.	\$ <u> 0</u>

**This rate represents the employer contribution rate that has been recommended by the actuary beginning July 1, 2018 in order to meet the minimum funding standards.*

It should be noted that any subsequent changes in the retirement bill will invalidate the actuarial investigation and the findings included therein.

Respectfully,

/s/ Greg S. Griffin

Senate Bill 129 (LC 43 0537)

Dear Senator Black:

This bill would amend provisions relating to creditable service under the Employees' Retirement System of Georgia. Specifically, this bill would allow members to obtain up to 60 months of creditable service for active military service in the armed forces of the United States performed on or after January 1, 1990. Members who have at least two years of membership service would be eligible to make an application to the Board of Trustees. Such members would be required to provide proof of qualifying active military service and would be required to pay an amount equal to the full actuarial cost of such creditable service.

Under the provisions of this bill, members who wish to obtain such creditable service would be authorized to make a one-time payment or have equal payments deducted from his or her earnable compensation over a specified period of time. Once elected, members would not be permitted to change their payment plan. In the event a member does not pay the full actuarial cost as amortized, the amount of creditable service granted would be determined by the amount of funds paid to the Board of Trustees. This bill would also authorize members to make a one-time payment towards the purchase of this creditable service upon application for retirement or within 30 days of a termination for a reason other than death or retirement. It should be noted that no member shall receive creditable service:

- If such member was not honorably discharged;
- For reserve duty;
- For any period of time in which he or she obtained membership service; or
- For any portion of such member's active military service that has been or will be used in the determination of eligibility for retirement benefits or allowances from any other state or federal retirement program, excluding social security.

This is to certify that this bill is a fiscal retirement bill as defined in the Public Retirement Systems Standards Law.

In all cases of final judgments of the juvenile court, appeals shall be taken to the Court of Appeals or the Supreme Court in the same manner as appeals from the superior court. A child represented by counsel or whose liberty is not in jeopardy may make a preliminary statement indicating whether he or she plans to admit or deny the allegations of the complaint at the adjudication hearing. - (a) As used in this Code section, the term 'birth relative' means:
 - (1) A parent, biological father who is not ~~the~~ a legal father, grandparent, brother, sister, half-brother, or half-sister who is related by blood or marriage to a child who is being adopted or who has been adopted; or
 - (2) A grandparent, brother, sister, half-brother, or half-sister who is related by adoption to a child who is being adopted or who has been adopted.
- (b)(1) An adopting parent or parents and birth relatives or an adopting parent or parents, birth relatives, and a child who is 14 years of age or older who is being adopted or who has been adopted may voluntarily enter into a written postadoption contact agreement to permit continuing contact between such birth relatives and such child. A child who is 14 years of age or older shall be considered a party to a postadoption contact agreement.
- (2) A postadoption contact agreement may provide for privileges regarding a child who is being adopted or who has been adopted, including, but not limited to, visitation with such child, contact with such child, sharing of information about such child, or sharing of information about birth relatives.
- (3) In order to be an enforceable postadoption contact agreement, such agreement shall be in writing and signed by all of the parties to such agreement acknowledging

their consent to its terms and conditions.

(4) Enforcement, modification, or termination of a postadoption contact agreement shall be under the continuing jurisdiction of the court that granted the petition ~~of~~ for adoption; provided, however, that the parties to a postadoption contact agreement may expressly waive the right to enforce, modify, or terminate such agreement under this Code section.

(5) Any party to the postadoption contact agreement may, at any time, file the original postadoption contact agreement with the court that has or had jurisdiction over the adoption if such agreement provides for the court to enforce such agreement or such agreement is silent as to the issue of enforcement.

(c) A postadoption contact agreement shall contain the following warnings in at least 14 point boldface type:

(1) After the entry of a decree for adoption, an adoption cannot be set aside due to the failure of an adopting parent, a ~~birth~~ biological parent, a birth relative, or the child to follow the terms of this agreement or a later change to this agreement; and

(2) A disagreement between the parties or litigation brought to enforce, terminate, or modify this agreement shall not affect the validity of the adoption and shall not serve as a basis for orders affecting the custody of the child.

(d)(1) As used in this subsection, the term 'parties' means the individuals who signed the postadoption contact agreement currently in effect, including the child if he or she is 14 years of age or older at the time of the action regarding such agreement, but such term shall exclude any third-party beneficiary to such agreement.

(2) A postadoption contact agreement may always be modified or terminated if the parties have voluntarily signed a written modified postadoption contact agreement or termination of a postadoption contact agreement. A modified postadoption contact agreement may be filed with the court if such agreement provides for the court to enforce such agreement or such agreement is silent as to the issue of enforcement.

(e) With respect to postadoption contact agreements that provide for court enforcement or termination or are silent as to such matters, any party, as defined in paragraph (1) of subsection (d) of this Code section, may file a petition to enforce or terminate such agreement with the court that granted the petition ~~of~~ for adoption, and the court shall enforce the terms of such agreement or terminate such agreement if such court finds by a preponderance of the evidence that the enforcement or termination is necessary to serve the best interests of the child.

(f) With respect to postadoption contact agreements that provide for court modification or are silent as to modification, only the adopting parent or parents may file a petition seeking modification. Such petition shall be filed with the court that granted the petition ~~of~~ for adoption, and the court shall modify such agreement if such court finds by a preponderance of the evidence that the modification is necessary to serve the best interests of the child and there has been a material change of circumstances since the current postadoption contact agreement was executed.

(g) A court may require the party seeking modification, termination, or enforcement of a postadoption contact agreement to participate in mediation or other appropriate

alternative dispute resolution.

(h) All reasonable costs and expenses of mediation, alternative dispute resolution, and litigation shall be borne by the party, other than the child, filing the action to enforce, modify, or terminate a postadoption contact agreement when no party has been found by the court as failing to comply with an existing postadoption contact agreement. Otherwise, a party, other than the child, found by the court as failing to comply without good cause with an existing postadoption contact agreement shall bear all the costs and expenses of mediation, alternative dispute resolution, and litigation of the other party.

(i) A court shall not set aside a decree of adoption, rescind a surrender of rights, or modify an order to terminate parental rights or any other prior court order because of the failure of an adoptive parent, a birth relative, or the child to comply with any or all of the original terms of, or subsequent modifications to, a postadoption contact agreement.

19-8-28.

When a child is an orphan, the petitioner shall not be required to have a guardian appointed for such child in order for a guardian to execute a surrender of rights. Such child shall be adoptable without a surrender of rights."

SECTION 1-2.

Code Section 15-11-320 of the Official Code of Georgia Annotated, relating to termination of parental rights, is amended by revising subsection (d) as follows:

"(d) The court shall transmit a copy of every final order terminating the parental rights of a parent to the ~~Office of Adoptions~~ State Adoption Unit of the department within 15 days of the filing of such order."

PART II SECTION 2-1.

The General Assembly finds that:

- (1) From time to time, parents experience short-term difficulties that impair their ability to perform the regular and expected functions to provide care and support to their children;
- (2) Parents need a means to confer to a relative or other approved person the temporary authority to act on behalf of a child without the time and expense of a court proceeding or the involvement of the Division of Family and Children Services of the Department of Human Services; and
- (3) Providing a statutory mechanism for granting such authority enhances family preservation and stability.

SECTION 2-2.

Title 19 of the Official Code of Georgia Annotated, relating to domestic relations, is amended by repealing Article 4 of Chapter 9, relating to the power of attorney for the care of a minor child, and enacting a new Article 4 to read as follows:

"ARTICLE 419-9-120.

This article shall be known and may be cited as the 'Supporting and Strengthening Families Act.'

19-9-121.

As used in this article, the term:

(1) 'Child' means an unemancipated individual who is under 18 years of age.

(2) 'Child-placing agency' means an agency licensed as such pursuant to Chapter 5 of Title 49.

(3) 'Criminal background check' means the results of an unrestricted search of the criminal records maintained by the Georgia Crime Information Center and the Federal Bureau of Investigation pursuant to Code Section 35-3-34.

(4) 'Department' means the Department of Human Services.

(5) 'Nonprofit entity or faith based organization' means a business that provides child or family services and that is in good standing with the Internal Revenue Service, if applicable.

(6) 'Parent' shall have the same meaning as provided in Code Section 19-3-37.

19-9-122.

A parent of a child may delegate caregiving authority regarding such child to an individual who is an adult, who resides in this state, and who is the grandparent, great-grandparent, stepparent, former stepparent, step-grandparent, aunt, uncle, great aunt, great uncle, cousin, or sibling of such child or is a nonrelative who is approved as an agent by a child-placing agency or a nonprofit entity or faith based organization for a period not to exceed one year, except as provided in Code Section 19-9-132, by executing a power of attorney that substantially complies with this article.

19-9-123.

(a) A nonprofit entity or faith based organization that is not licensed by the department but is providing services under this article shall annually provide the department with the following information:

(1) Its legal name, address, telephone number, e-mail address, and any other contact information;

(2) The name of its director;

(3) The names and addresses of the officers and members of its governing body;

(4) The total number of approved volunteer families with which it works; and

(5) The total number of children served in the previous calendar year.

(b) The department shall maintain a list of nonprofit entities or faith based organizations for which it has been provided the information required by subsection (a) of this Code section.

(c) The department may refer an individual who is seeking to execute a power of

attorney under this article to a nonprofit entity or faith based organization if the information required by subsection (a) of this Code section has been provided. The department shall not be liable for civil damages or be subject to any claim, demand, cause of action, or proceeding of any nature as a result of referring such individual to a nonprofit entity or faith based organization.

(d) The department shall promulgate rules and regulations in order to implement this Code section.

19-9-124.

(a)(1) A parent of a child may delegate to an agent in a power of attorney any power and authority regarding the care and custody of such child, except the power to consent to the marriage or adoption of such child, the performance or inducement of an abortion on or for such child, or the termination of parental rights to such child. Such power and authority may be delegated without the approval of a court, provided that such delegation of power and authority shall not operate to change or modify any parental or legal rights, obligations, or authority established by an existing court order, including a standing order, or deprive a parent of a child of any parental or legal rights, obligations, or authority regarding the custody, parenting time, visitation, or support of such child. Such delegation of power and authority shall not deprive or limit any support for a child that should be received by such child pursuant to a court order or for any other reason. When support is being collected for the child by the Child Support Enforcement Agency of the department, such agency shall be authorized to redirect support payments to the agent for the duration of the power of attorney or until the power of attorney is revoked or superseded by a court order.

(2) A power of attorney executed under this article during the pendency of a divorce or custody action shall be void ab initio unless executed or agreed upon by both parties to such action, if both parties have custodial rights to the child or the court presiding over such divorce or custody action enters an order allowing the execution of the power of attorney as being in the best interests of such child.

(b) Except as limited by federal law, this article, or the direction of a parent of a child as expressed in the power of attorney, an agent shall have the same rights, duties, and responsibilities that would otherwise be exercised by such parent of a child pursuant to the laws of this state.

(c) An agent shall acknowledge in writing his or her acceptance of the responsibility for caring for a child for the duration of the power of attorney and, if applicable, shall identify his or her association with a child-placing agency or nonprofit entity or faith based organization.

(d) An agent shall certify that he or she is not currently on the state sexual offender registry or child abuse registry of this state or the sexual offender registry or child abuse registry for any other state, a United States territory, the District of Columbia, or any American Indian tribe nor has he or she ever been required to register for any such registry.

(e) The individual executing a power of attorney shall require a prospective agent to

provide him or her with a criminal background check if such agent is a nonrelative. At the time of executing such power of attorney, the individual executing it shall acknowledge having read and reviewed the prospective agent's criminal background check or shall waive such requirement if the prospective agent is the grandparent, great-grandparent, stepparent, former stepparent, step-grandparent, aunt, uncle, great aunt, great uncle, cousin, or sibling of such child.

(f) The agent under a power of attorney shall act in the best interests of the child. Such agent shall not be liable to the individual executing the power of attorney for consenting or refusing to consent to medical, dental, or mental health care for a child when such decision is made in good faith and is exercised in the best interests of the child.

(g) Each child-placing agency and nonprofit entity or faith based organization that assists with the execution of a power of attorney under this article shall maintain a record of all powers of attorney executed by agents approved by such agency, entity, or organization for at least five years after the expiration of such powers of attorney.

19-9-125.

(a) An individual with sole custody of a child who executes a power of attorney authorized under this article shall provide written notice of such execution to the noncustodial parent by certified mail, return receipt requested, or statutory overnight delivery within 15 days after the date upon which such power of attorney was executed.

(b) A noncustodial parent receiving the notice as set forth in subsection (a) of this Code section may object to the execution of such power of attorney within 21 days of the delivery of such notice and shall serve his or her objection on the individual who executed such power of attorney by certified mail, return receipt requested, or statutory overnight delivery. An objection shall prohibit the action of a power of attorney under this article and the child shall be returned to the individual with sole custody.

(c) In addition to the notice provided for in subsection (a) of this Code section, an individual with sole custody of a child who executes a power of attorney under this article shall comply with any applicable relocation notice requirements under subsection (f) of Code Section 19-9-3.

19-9-126.

(a) The execution of a power of attorney under this article shall, in the absence of other evidence, not constitute abandonment, abuse, neglect, or any indication of unfitness as a parent.

(b) An individual shall not execute a power of attorney under this article with the intention of divesting or negating another individual's legal responsibility for the care of a child.

(c) The parental obligations set forth in Chapter 7 of Title 19 to his or her child shall not be extinguished or serve as a defense when a parent executes a power of attorney. Any individual giving a power of attorney to a nonrelative shall carefully consider such agent's criminal background check, and such consideration shall not absolve the signer from liability.

(d) Nothing in this article shall prevent the Division of Family and Children Services of the department or law enforcement from investigating and taking appropriate action regarding allegations of abuse, neglect, abandonment, desertion, or other mistreatment of a child.

19-9-127.

Nothing in this article shall preclude a parent or agent from granting temporary written permission to seek emergency medical treatment or other services for a child while such child is in the custody of an adult who is not the parent or agent and who is temporarily supervising the child at the request of such parent or agent.

19-9-128.

An individual shall not execute a power of attorney under this article for the purpose of subverting an investigation of the child's welfare initiated by the Division of Family and Children Services of the department and shall not execute such power of attorney so long as the Division of Family and Children Services has an open child welfare and youth services case with regard to the child, his or her parent, or another child of the parent. Nothing in this article shall be construed to diminish or limit any rights, power, or authority of or by the Division of Family and Children Services for the protection of any child.

19-9-129.

(a) A power of attorney executed under this article shall be:

(1) Signed under oath and acknowledged before a notary public by the individual executing such power of attorney and by the agent accepting such delegation; and

(2) A copy of it shall be filed by the individual executing the power of attorney, or his or her designee, within ten days of the power of attorney being executed, in the probate court of the county in which the child resides. If the residence of the child changes to a different county during the term of the power of attorney, the agent shall file the power of attorney in the probate court of the county of the new residence and notify the original court in writing of such change.

(b) Each probate court shall maintain a docket in which a power of attorney will be registered. The docket shall include the name of the agent, the name of the child, the date the power of attorney was deposited with the court, and the date the power of attorney expires, if applicable. The power of attorney shall be confidential; provided, however, that the individual who executed the power of attorney or his or her legal representative shall have access to such power of attorney and the department and any local, state, or federal authority that is conducting an investigation involving the agent or the individual who executed such power of attorney may be granted access upon good cause shown to the court. The docket shall be publicly accessible as are other dockets for the probate court. Notwithstanding Article 3 of Chapter 9 of Title 15, the probate court shall not impose any filing fee for the depositing of a power of attorney under this Code section.

(c) Nothing in this Code section shall be construed so as to prohibit an individual from revoking a power of attorney or executing a subsequent power of attorney.

19-9-130.

(a)(1) An agent shall have the authority to act on behalf of the child on a continuous basis, without compensation:

(A) For the duration of the power of attorney so long as the duration does not exceed one year or the time period authorized in Code Section 19-9-132; or

(B) Until the individual who executed the power of attorney revokes the power of attorney in writing and provides notice of the revocation to the agent by certified mail, return receipt requested, or statutory overnight delivery. Upon receipt of such revocation, the agent shall cease to act as agent.

(2) The individual revoking the power of attorney shall send a copy of the revocation of the power of attorney to the agent within five days of executing such revocation. If an individual revokes a power of attorney, the child shall be returned to the custody of such individual who executed the power of attorney within 48 hours of receiving such revocation.

(3) The revoking individual shall notify schools, health care providers, the probate court where the power of attorney is filed, and others known to the revoking individual to have relied upon such power of attorney within 48 hours of submitting such resignation to the agent.

(b) A power of attorney executed under this article may be terminated by an order of a court of competent jurisdiction.

(c) Upon receipt of a revocation of a power of attorney, an agent shall notify schools, health care providers, and others known to the agent to have relied upon such power of attorney within 48 hours of receiving such revocation.

(d) An agent may resign by notifying the individual who appointed the agent in writing by certified mail, return receipt requested, or statutory overnight delivery and he or she shall notify schools, health care providers, the probate court where the power of attorney is filed, and others known to the agent to have relied upon such power of attorney within 48 hours of submitting such notification.

(e) Upon the death of an individual who executed a power of attorney, the agent shall notify the surviving parent of the child, if known, as soon as practicable.

(f) The authority to designate an agent to act on behalf of a child shall be in addition to any other lawful action a parent may take for the benefit of such child.

(g) A parent shall continue to have the right to receive medical, dental, mental health, and educational records pertaining to his or her child, even when a power of attorney has been executed under this article.

19-9-131.

(a) A child subject to a power of attorney executed under this article shall not be considered placed in foster care under Chapter 5 of Title 49, and the parties to the power of attorney shall not be subject to any of the requirements or licensing

regulations for foster care or other regulations relating to community care for children.

(b) Caregiving authority delegated under this article shall not constitute an out-of-home child placement.

(c) The execution of a power of attorney under this article shall not delegate caregiving authority for more than one child unless such power of attorney delegates caregiving authority for children who are siblings or stepsiblings.

19-9-132.

(a) When a power of attorney delegates caregiving authority to a grandparent of a child, it may have an unlimited duration.

(b) Except as limited by or in conflict with federal law regarding the armed forces of the United States, a parent who is a member of the armed forces of the United States, including any reserve component thereof, or the commissioned corps of the National Oceanic and Atmospheric Administration or the Public Health Service of the United States Department of Health and Human Services detailed by proper authority for duty with the armed forces of the United States, or who is required to enter or serve in the active military service of the United States under a call or order of the President of the United States or to serve on state active duty, may delegate caregiving authority for a period longer than one year if such parent is deployed as defined in Code Section 19-9-6. Such term of delegation, however, shall not exceed the term of deployment plus 30 days.

19-9-133.

This article shall not affect a power of attorney given to a grandparent prior to September 1, 2018, to which the provisions of former Code Sections 19-9-120 through 19-9-129, as such existed on August 30, 2018, shall continue to apply.

19-9-134.

(a) The power of attorney contained in this Code section may be used for the temporary delegation of caregiving authority to an agent. The form contained in this Code section shall be sufficient for the purpose of creating a power of attorney under this article, provided that nothing in this Code section shall be construed to require the use of this particular form.

(b) A power of attorney shall be legally sufficient if the form is properly completed and the signatures of the parties are notarized.

(c) The power of attorney delegating caregiving authority of a child shall be in substantially the following form:

Senate Bill 333 (LC 43 0774)

Dear Senator Black:

This bill would amend provisions relating to deferred compensation plans. Specifically, this bill would allow the governing authority of a municipality to pay the costs or fees associated with an employee's participation in a deferred compensation plan, provided an ordinance or resolution authorizes such actions. Additionally, this bill would revise provisions relating to salary deductions. Currently, participation in a deferred compensation plan occurs at the request of the employee and the employee determines the level of participation. If this legislation is enacted, employers would be authorized establish an automatic enrollment arrangement permitted by and operated in accordance with applicable federal laws and regulations.

This is to certify that this bill is a nonfiscal retirement bill as defined in the Public Retirement Systems Standards Law.

Respectfully,

SB 357, having received the requisite constitutional majority, was passed by substitute.

Senator Hufstetler of the 52nd asked unanimous consent that the Senate adhere to its disagreement to the House amendment to the Senate substitute to HB 217 and that a Conference Committee be appointed.

HB 217. By Representatives Carson of the 46th, Kelley of the 16th, Knight of the 130th, Ehrhart of the 36th, Stephens of the 164th and others:

A BILL to be entitled an Act to amend Article 2 of Chapter 7 of Title 48 of the Official Code of Georgia Annotated, relating to imposition, rate, computation, and exemptions from state income taxes, so as to increase the amount of the aggregate cap on contributions to certain scholarship organizations in order to receive income tax credits; to provide for related matters; to repeal conflicting laws; and for other purposes.

Senator Heath of the 31st raised a point of order as to whether notice of intention to consider House action taken on the House amendment to the Senate substitute to HB 217, pursuant to Senate Rule 7-1.10(b), was provided.

The President noted that Senate Rule 7-1.10 (b) provides that during the first thirty five days of any regular session, one-legislative day notice must be given for any special action motion that requires a recorded vote for passage. Since the motion to adhere to the Senate position and appoint a conference committee does not require a recorded vote, the notice provision of Senate Rule 7-1.10 does not apply.

On the unanimous consent request to adhere and appoint, there was no objection. The consent was granted, and the President appointed as a Conference Committee the following Senators: Hufstetler of the 52nd, Beach of the 21st and Watson of the 1st.

AN ACT

To amend Article 1 of Chapter 20 of Title 47 of the Official Code of Georgia Annotated, relating to general provisions of the Public Retirement Systems Standards Law, so as to provide that no law, rule, regulation, resolution, or ordinance shall pass allowing for creditable service in a retirement system that does not require an individual to pay the full actuarial cost associated with obtaining such creditable service; to provide for the amendment of existing laws; to provide for an exception; to provide for optional payment plans for creditable service; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SUBJECT: State Auditor's Certification
 Substitute to Senate Bill 197
 (LC 43 0798S)

Dear Senator Black:

This substitute bill would amend general provisions of the Public Retirement Systems Standards Law. Specifically, this substitute bill provides that no law, rule, regulation, resolution, or ordinance shall pass allowing for creditable service in any retirement system unless the individual is required to pay the full actuarial cost of the service granted. This provision would not apply to credit for service in a retirement system that a member accrues while a contributing member of such system. This substitute bill also authorizes any retirement system to adopt a procedure allowing members to purchase such creditable service through a payment plan, not to exceed 120 months.

This is to certify that this substitute bill is a nonfiscal retirement bill as defined in the Public Retirement Systems Standards Law.

Respectfully,

/s/ Greg S. Griffin
 State Auditor

"(j)(1) Notwithstanding any other provisions of law, on and after the effective date of this Act, in all counties or municipalities in which the sale of alcoholic beverages is lawful for consumption on the premises, the governing authority of the county or municipality may, by resolution or ordinance conditioned on approval in a referendum, authorize the sale of alcoholic beverages for consumption on the premises on Sundays from ~~12:30 P.M.~~ 11:00 A.M. until 12:00 Midnight in any licensed establishment which derives at least 50 percent of its total annual gross sales from the sale of prepared meals or food in all of the combined retail outlets of the individual establishment where food is served and in any licensed establishment which derives at least 50 percent of its total annual gross income from the rental of rooms for overnight lodging.

A BILL TO BE ENTITLED
AN ACT

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Code Section 15-18-80 of the Official Code of Georgia Annotated, relating to policy and procedure, is amended by revising subsection (f) as follows:

"(f) The prosecuting attorney shall be authorized to assess ~~and collect~~ from each offender who enters the program a fee not to exceed \$1,000.00 for the administration of the program. Such fee may be waived in part or in whole or made payable in monthly increments upon a showing of good cause to the prosecuting attorney. Any fee collected under this subsection shall be collected by the clerk of court and made payable to the general fund of the political subdivision in which the case is being prosecuted. For purposes of subsection (a.1) of Code Section 47-17-60, the clerk of court shall provide the political subdivision all relevant records and completed forms for compliance with such Code section."

SECTION 2.

Article 4 of Chapter 17 of Title 47 of the Official Code of Georgia Annotated, relating to revenues collected from fines and fees, is amended by revising Code Section 47-17-60, relating to payments to the fund from fines and bonds collected in criminal and quasi-criminal cases, duty of collecting authority to record and remit sums collected, and penalty, as follows:

In addition to such penalty, interest shall be charged on delinquent amounts at the rate of 6 percent per annum from the date the funds become delinquent until they are paid. All funds due on or before April 1, 1966, and not paid shall be delinquent after the expiration of 60 days from that date. By affirmative vote of all members, the board, upon the payment of the delinquent funds together with interest and for good cause shown, may waive the specific penalty otherwise charged under this subsection."

In addition, each local school system shall administer, with state funding, a research based formative assessment with a summative component that is tied to performance indicators in English language arts/reading and mathematics in grades one and two, subject to available appropriations. Such research based assessment shall be selected, after consultation with local school systems. Such research based assessment shall provide for real-time data analysis for students, teachers, school leaders, and parents; allow flexible grouping of students based on skill level; and measure student progress toward ~~grade-level~~ grade-level expectations throughout the school year. Each local school system may elect to administer, with state funding, nationally ~~norm-referenced~~ norm referenced instruments in reading, mathematics, science, or social studies in grade three, four, or five and in grade six, seven, or eight, subject to available appropriations, with assistance to such local school systems by the State Board of Education with regard to administration guidance, scoring, and reporting of such instruments. Further, the State Board of Education shall adopt a school readiness assessment for students entering first grade and shall administer such assessment pursuant to paragraph (2) of subsection (b) of Code Section 20-2-151. Each local school system is strongly encouraged to develop and implement a program of multiple formative assessments in reading and mathematics for kindergarten through fifth grade to ensure that students entering sixth grade are on track to meet grade-level expectations, including mastery in reading by the end of third grade to prepare for the infusion of literacy in subsequent grades and mastery in basic mathematics skills by the end of fifth grade and in accordance with the local school system's five-year strategic plan, performance indicators, and, if applicable, flexibility contract or other agreement with the State Board of Education for local school systems that are not under a flexibility contract. The State Board of Education shall periodically review, revise, and upgrade the content standards. Following the adoption of such content standards, the State Board of Education shall contract for development of end-of-grade assessments to measure the content standards. As part of the comprehensive summative assessment program, end-of-grade assessments in English language arts/reading and mathematics shall be administered annually to students in grades three through eight, and such tests in science and social studies shall be administered annually to students in grades five and eight; provided, however, that each local school system participating in the innovative assessment pilot program established pursuant to Code Section 20-2-286 shall be required to administer only such end-of-grade assessments as specified in the local school system's flexibility contract, as amended for participation in the innovative assessment pilot program. These tests shall contain features that allow for comparability to other states with ~~whom~~ which establishing such comparison would be statistically sound; provided, however, that no such comparison shall be conducted

which would relinquish any measure of control over assessments to any individual or entity outside the state. Further, as part of the comprehensive summative assessment program, the State Board of Education shall adopt and administer, through the Department of Education, end-of-course assessments for students in grades nine through 12 for all core subjects, as determined by the state board; provided, however, that each local school system participating in the innovative assessment pilot program established pursuant to Code Section 20-2-286 shall be required to administer only such end-of-course assessments as specified in the local school system's flexibility contract, as amended for participation in the innovative assessment pilot program. Writing performance shall be assessed, at a minimum, for students in grades three, five, eight, and 11 and may be assessed for students in additional grade levels as designated by the State Board of Education. Such required writing performance assessment may be embedded within the assessments included in the comprehensive summative assessment program. Writing performance results shall be provided to students and their parents. If authorized to establish and operate an innovative assessment system pursuant to 34 C.F.R. Section 200.104, the Department of Education may establish a pilot program for local school systems that have an existing program of multiple formative assessments during the course of the academic year that result in a single summative score that is valid and reliable in measuring individual student achievement or growth and assessing individual student needs or deficiencies, to utilize such local assessments in place of end-of-grade or end-of-course assessments, if provided for in the terms of the local school system's flexibility contract. As used in this subsection, the term 'flexibility contract' means a charter for a charter system or a charter school or a contract entered into with the State Board of Education for a strategic waivers school system."

SECTION 2.

Said title is further amended in Part 12 of Article 6 of Chapter 2, relating to effectiveness of educational programs in elementary and secondary education, by adding a new Code section to read as follows:

"20-2-286.

(a) Beginning with the 2018-2019 school year, the State Board of Education shall establish an innovative assessment pilot program to examine one or more alternate assessment and accountability systems aligned with state academic content standards. The pilot program shall span from three to five years in duration, as determined by the state board and may include up to ten local school system participants. A consortium of local school systems implementing the same innovative alternate assessment may participate in the pilot program and shall be counted as one of the ten pilot program participants. The participating local school systems shall be selected by the state board in a competitive process and based on criteria established by the state board, including current compliance with the terms of their charter system contract or strategic waivers school system contract.

(b) The local school systems participating in the pilot program shall be authorized to

design and implement an innovative alternate assessment and accountability program which may include, but shall not be limited to, cumulative year-end assessments, competency based assessments, instructionally embedded assessments, interim assessments, performance based assessments, or other innovated assessment designs approved by the State Board of Education. In order to allow the time and resources for the participating local school systems to implement an innovative alternate assessment and accountability program, the state board shall be authorized to reduce the state-wide testing requirements for such local school systems for the duration of the pilot program for end-of-grade and end-of-course assessments as contained in Code Section 20-2-281.

(c) Notwithstanding Code Sections 20-2-82, 20-2-244, and 20-2-2065, the State Board of Education shall be authorized to waive, for the duration of the pilot program, all or a portion of the requirements of Part 3 of Article 2 of Chapter 14 of this title for local school systems participating in the pilot program, but may replace any such accountability requirements with alternate requirements as specified in the local school system's charter system contract or strategic waivers school system contract.

(d) Each local school system participating in the pilot program shall amend its charter system contract or strategic waivers school system contract to reflect the innovative alternate assessment and accountability system that will be utilized during the term of the pilot program. Any local school system in the pilot program that is not complying with the terms of its charter system contract or strategic waivers school system contract may be removed from the pilot program at the sole discretion of the state board and shall be subject to the state-wide assessment requirements contained in Code Section 20-2-281 and the accountability system provided for in Part 3 of Article 2 of Chapter 14 of this title.

(e) The State Board of Education shall take all reasonable steps to obtain any necessary waivers or approvals and maximum flexibility from the U.S. Department of Education to facilitate the implementation of the innovative assessment pilot program within the confines of federal law, including any appropriate changes to the state-wide accountability system established in the state plan for Georgia pursuant to the federal Every Student Succeeds Act that are necessary for the local school systems participating in the pilot program.

(f)(1) The State Board of Education may contract with an external, independent third party with expertise in innovative and flexible approaches to assessment systems to assist in the development and implementation of one or more innovative alternate assessment and accountability systems. Such independent third party shall have access to and expertise from external technical experts, including technical experts in states that have pursued innovative and flexible approaches, in state assessment and accountability systems as well as knowledge and experience in the federal Every Student Succeeds Act and its implementing regulations.

(2) The State Board of Education shall consult with and provide coordination with the Office of Student Achievement in the development and implementation of the pilot program established pursuant to this Code section.

(3) The State Board of Education and the Department of Education shall contract

with an external, independent third party to evaluate comparability between the innovative assessments, including norm referenced assessments, and the state-wide assessments, including for subgroups of students, and shall identify strategies that may be used to scale the innovative assessment to all local school systems state-wide. The State Board of Education shall determine initial performance based baselines and accountability requirements for local school systems participating in the pilot program.

(4) Local school systems participating in the pilot program shall be encouraged to collaborate amongst each other during the course of the pilot program.

(g) No later than December 31, 2019, and annually thereafter for the duration of the pilot program, the Department of Education shall submit a detailed written report, approved by the State Board of Education, on the implementation and effectiveness of the innovative assessment pilot program to the Governor, the Speaker of the House of Representatives, and the President of the Senate. The final report shall also include recommendations as to expansion of the pilot program state-wide and estimated costs of implementation."

SECTION 3.

Said title is further amended by revising Code Section 20-14-31, relating to establishing standard for satisfactory performance under the education accountability assessment, as follows:

"20-14-31.

Except as otherwise provided in this article, the office shall establish the levels of performance on each assessment instrument administered under Code Section 20-2-281 by establishing the standard that should be achieved by students in each subject area at each grade level. Data and information regarding the establishment of the standard shall be included in the annual report provided for in paragraph (2) of subsection (a) of Code Section 20-14-27; provided, however, that local school systems participating in the innovative assessment pilot program established pursuant to Code Section 20-2-286 shall only be measured on the reduced specific end-of-grade and end-of-course assessments as specified in the local school system's flexibility contract, as amended for participation in the innovative assessment pilot program."

SECTION 4.

All laws and parts of laws in conflict with this Act are repealed.

On the adoption of the substitute, there were no objections, and the committee substitute was adopted.
