Section 54: Budgetary Control and Interpretation

The appropriations in this Act consist of the amount stated in the right-most column, for each line at the lowest level of detail for the fund source categories, "Total State Funds" and "Total Federal Funds," under a caption beginning with a program or special project number that has a 100 or a higher number after the decimal and a program or special project name. In each case, such appropriation is associated with the immediately preceding program or special project name, number, and statement of program or special project purpose. The program or special project purpose is stated immediately below the program or special project name. For authorizations for general obligation debt in Section 50, the indented, bold-faced

paragraphs following each Bond number are the lowest level of detail and constitute appropriations in accordance with Article VII, Section IV, Paragraph III(a)(1) of the Georgia Constitution. The caption above the Bond number, the light-faced text immediately following the Bond number before the bold-faced text, and the light-faced after the bold-faced text are information only.

Similarly, text in a group of lines that has a number less than 100 after the decimal (01 through 99) is not part of a statement of purpose but constitutes information as to how the appropriation was derived. Amounts in the columns other than the right-most column are for informational purposes only. The summary and lowest level of detail for the fund source categories "Total Agency Funds" and "Total Intra-State Governmental Transfers," are for informational purposes only. The blocks of text and numerals immediately following the section header and beginning with the phrases, "Section Total - Continuation" and "Section Totals - Final" are for informational purposes only. This paragraph shall not permit an agency to include within its flex the appropriations for an agency attached to it for administrative purposes.

For purposes of the appropriations for the "Medicaid: Low-Income Medicaid," "Medicaid: Aged, Blind, and Disabled," and "PeachCare" programs of the Department of Community Health, the appropriation of a particular State fund source for each program shall be the amount stated, and each such program shall also be authorized up to an additional amount of 10 percent (10%) of the amount stated. However, if the additional authority is used, the appropriation of the same State fund source for the other programs to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the three programs shall not be exceeded. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added.

For purposes of the appropriations for the "Capital Construction Projects," "Capital Maintenance Projects," and "Local Road Assistance Administration" programs of the Department of Transportation, the appropriation of a particular State fund source for each program shall be the amount stated, and each such program shall also be authorized up to an additional amount of 10 percent (10%) of the amount stated. However, if the additional authority is used, the appropriation of the same State fund source for the other programs to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the three programs shall not be exceeded. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added.

Senate Sponsor: Senator Black of the 8th.

The Senate Committee on Rules offered the following substitute to HB 85:

A BILL TO BE ENTITLED
 AN ACT

To amend Title 48 of the Official Code of Georgia Annotated, relating to revenue and taxation, so as to revise definitions related to the value of property; to provide for the values for assessments for forest land conservation use property and qualified timberland property; to revise provisions related to covenants for forest land conservation use property; to provide for the certification and appraisal of certain timberland property by the state revenue commissioner; to provide for the return of such property to the commissioner; to provide for appeals; to provide for definitions; to provide that the state revenue commissioner shall deduct and retain an administrative fee from assistance grants related to forest land conservation use property; to provide for related matters; to provide for a contingent effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Title 48 of the Official Code of Georgia Annotated, relating to revenue and taxation, is amended in Chapter 5, relating to ad valorem taxation of property, by adding a new

subparagraph to paragraph (3) of Code Section 48-5-2, relating to definitions, as follows:

"(G) Fair market value of 'qualified timberland property' means the fair market value determined in accordance with Article 13 of this chapter."

SECTION 2.

Said title is further amended in said chapter by revising paragraphs (5) and (6) of Code Section 48-5-2, relating to definitions, as follows:

"(5) 'Forest land conservation use value' of forest land conservation use property means the amount determined in accordance with the specifications and criteria provided for in Code Section 48-5-271 and Article VII, Section I, Paragraph III(f) of the Constitution.

(6) 'Forest land fair market value' means the ~~2008~~ fair market value of the forest land determined in accordance with Article VII, Section I, Paragraph III(f) of the Constitution; ~~provided, however, that when the 2008 fair market value of the forest land has been appealed by a property owner and the ultimate fair market value of the forest land is changed in the appeal process by either the board of assessors, the board of equalization, a hearing officer, an arbitrator, or a superior court judge, then the final fair market value of the forest land shall replace the 2008 fair market value of the forest land. This final fair market value of the forest land shall be used in the calculation of local assistance grants. If local assistance grants have been granted to either a county, a county board of education, or a municipality based on the 2008 fair market value of forest land and subsequently the fair market value of such forest land is reduced on an appeal, then the county or the municipality shall reimburse the state, within 12 months unless otherwise agreed to by the parties, the difference between local assistance grants paid to the county or municipality and the amount which would have been due based on the final fair market value of the forest land. Such 2008 valuation may increase from one taxable year to the next by a rate equal to the percentage change in the price index for gross output of state and local government from the prior year to the current year as defined by the National Income and Product Accounts and determined by the United States Bureau of Economic Analysis and indicated by the Price Index for Government Consumption Expenditures and General Government Gross Output (Table 3.10.4).~~"

(c.6) Tangible real property which qualifies as qualified timberland property in accordance with the provisions of Article 13 of this chapter shall be assessed at 40

percent of its fair market value of qualified timberland property and shall be taxed on a levy made by each respective tax jurisdiction according to 40 percent of its fair market value of qualified timberland property as such value is determined by the commissioner in accordance with Article 13 of this chapter."

SECTION 4.

Said title is further amended in said chapter by revising subsections (b), (c), (d), and (v) of Code Section 48-5-7.7, relating to the Georgia Forest Land Protection Act of 2008, as follows:

(C) Such property has as its primary use the good faith subsistence or commercial production of trees, timber, or other wood and wood fiber products from or on the land. Such primary use includes land conservation and ecological forest management in which commercial production of wood and wood fiber products may be undertaken primarily for conservation and restoration purposes rather than financial gain. (2) With respect to services which are regularly billed on a monthly basis, however, the resolution shall become effective with respect to and the tax shall apply to services billed on or after the effective date specified in paragraph (1) of this subsection.

(b) The tax shall cease to be imposed on the earliest of the following dates:

(1) If the resolution calling for the imposition of the tax provided for the issuance of general obligation debt and such debt is the subject of validation proceedings, as of the end of the first calendar quarter ending more than 80 days after the date on which a court of competent jurisdiction enters a final order denying validation of such debt;

(2) As of the end of the calendar quarter during which the commissioner determines that the tax will have raised revenues sufficient to complete the transit projects included in the referendum; or

(3) On the final day of the 30 year period of time specified for the imposition of the tax.

(c) Following the expiration of a tax under this article, proceedings for the reimposition of a tax under this article may be initiated in the same manner as provided in this article for initial imposition of such tax.

48-8-269.46.

A tax levied pursuant to this article shall be exclusively administered and collected by the commissioner for the use and benefit of the county and qualified municipalities within the special district imposing the tax. Such administration and collection shall be accomplished in the same manner and subject to the same applicable provisions, procedures, and penalties provided in Article 1 of this chapter; provided, however, that all moneys collected from each taxpayer by the commissioner shall be applied first to such taxpayer's liability for taxes owed the state; and provided, further, that the commissioner may rely upon a representation by or on behalf of the special district or the Secretary of State that such a tax has been validly imposed, and the commissioner and the commissioner's agents shall not be liable to any person for collecting any such tax which was not validly imposed. Dealers shall be allowed a percentage of the amount of the tax due and accounted for and shall be reimbursed in the form of a

deduction in submitting, reporting, and paying the amount due if such amount is not delinquent at the time of payment. The deduction shall be at the rate and subject to the requirements specified under subsections (b) through (f) of Code Section 48-8-50.

48-8-269.47.

Each sales tax return remitting taxes collected under this article shall separately identify the location of each transaction at which any of the taxes remitted were collected and shall specify the amount of sales and the amount of taxes collected at each such location for the period covered by the return in order to facilitate the determination by the commissioner that all taxes imposed by this article are collected and distributed according to situs of sale.

48-8-269.48.

The proceeds of the tax collected by the commissioner in each special district under this article shall be disbursed as soon as practicable after collection as follows:

- (1) One percent of the amount collected shall be paid into the general fund of the state treasury in order to defray the costs of administration; and
- (2) Except for the percentage provided in paragraph (1) of this Code section, the remaining proceeds of the tax shall be distributed to be paid toward the cost of or debt incurred, if applicable, in relation to the transit projects listed in the resolution provided for in Code Section 48-8-269.42.

48-8-269.49.

(a) The proceeds of a tax under this article shall not be subject to any allocation or balancing of state and federal funds provided for by general law, and such proceeds shall not be considered or taken into account in any such allocation or balancing.

(b) The approval of the tax under this article shall not in any way diminish the percentage of state or federal funds allocated to any of the local governments under Code Section 32-5-27 within the special district levying the tax.

48-8-269.50.

(a) Except as to rate, a tax imposed under this article shall correspond to the tax imposed by Article 1 of this chapter. No item or transaction which is not subject to taxation under Article 1 of this chapter shall be subject to a tax imposed under this article, except that a tax imposed under this article shall not apply to:

- (1) The sale or use of any type of fuel used for off-road heavy-duty equipment, off-road farm or agricultural equipment, or locomotives;
- (2) The sale or use of jet fuel to or by a qualifying airline at a qualifying airport, as such terms are defined in paragraph (33.1) of Code Section 48-8-3;
- (3) The sale or use of fuel that is used for propulsion of motor vehicles on the public highways;
- (4) The sale or use of energy used in the manufacturing or processing of tangible goods primarily for resale, as such sale or use is described in Code Section 48-8-3.2;

(5) The sale or use of motor fuel, as defined under paragraph (9) of Code Section 48-9-2, for public mass transit; or

(6) The purchase or lease of any motor vehicle pursuant to Code Section 48-5C-1.

(b) Except as otherwise specifically provided in this article, the tax imposed pursuant to this article shall be subject to any sales and use tax exemption which is otherwise imposed by law; provided, however, that the tax levied by this article shall be applicable to the sale of food and food ingredients as provided for in paragraph (57) of Code Section 48-8-3.

48-8-269.51.

Where a local sales or use tax has been paid with respect to tangible personal property by the purchaser either in another local tax jurisdiction within this state or in a tax jurisdiction outside this state, the tax may be credited against the tax authorized to be imposed by this article upon the same property. If the amount of sales or use tax so paid is less than the amount of the tax due under this article, the purchaser shall pay an amount equal to the difference between the amount paid in the other tax jurisdiction and the amount due under this article. The commissioner may require such proof of payment in another local tax jurisdiction as he or she deems necessary and proper. No credit shall be granted, however, against the tax under this article for tax paid in another jurisdiction if the tax paid in such other jurisdiction is used to obtain a credit against any other local sales and use tax levied in the county or in a special district which includes the county.

48-8-269.52.

No tax shall be imposed upon the sale of tangible personal property which is ordered by and delivered to the purchaser at a point outside the geographical area of the special district in which the tax is imposed regardless of the point at which title passes, if the delivery is made by the seller's vehicle, United States mail, or common carrier or by private or contract carrier.

48-8-269.53.

The commissioner shall have the power and authority to promulgate such rules and regulations as shall be necessary for the effective and efficient administration and enforcement of the collection of the tax.

48-8-269.54.

Except as provided in Code Section 48-8-6, the tax authorized under this article shall be in addition to any other local sales and use tax. Except as otherwise provided in this article and except as provided in Code Section 48-8-6, the imposition of any other local sales and use tax within a county or qualified municipality within a special district shall not affect the authority of a county to impose the tax authorized under this article, and the imposition of the tax authorized under this article shall not affect the imposition of any otherwise authorized local sales and use tax within the special district.

48-8-269.55.

(a)(1) The proceeds received from the tax shall be used by the county and qualified municipalities within the special district exclusively for the transit projects specified in the resolution calling for imposition of the tax and in the ranking order so specified. Such proceeds shall be kept in a separate account from other funds of any county or qualified municipality receiving proceeds of the tax and shall not in any manner be commingled with other funds of any county or qualified municipality prior to the expenditure.

(2) The governing authority of each county and the governing authority of each qualified municipality receiving any proceeds from the tax under this article shall maintain a record of each and every purpose for which the proceeds of the tax are used. A schedule shall be included in each annual audit which shows for each purpose in the resolution calling for imposition of the tax the original estimated cost, the current estimated cost if it is not the original estimated cost, amounts expended in prior years, and amounts expended in the current year. The auditor shall verify and test expenditures sufficient to provide assurances that the schedule is fairly presented in relation to the financial statements. The auditor's report on the financial statements shall include an opinion, or disclaimer of opinion, as to whether the schedule is presented fairly in all material respects in relation to the financial statements taken as a whole.

(b) No general obligation debt shall be issued in conjunction with the imposition of the tax unless the county or qualified municipality governing authority determines that, and if the debt is to be validated it is demonstrated in the validation proceedings that, during each year in which any payment of principal or interest on the debt comes due, the county or qualified municipality will receive from the tax net proceeds sufficient to fully satisfy such liability. General obligation debt issued under this article shall be payable first from the separate account in which are placed the proceeds received by the county or qualified municipality from the tax. Such debt, however, shall constitute a pledge of the full faith, credit, and taxing power of the county or qualified municipality; and any liability on such debt which is not satisfied from the proceeds of the tax shall be satisfied from the general funds of the county or qualified municipality.

(c) The intergovernmental agreement, if applicable, and resolution calling for the imposition of the tax may specify that all of the proceeds of the tax will be used for payment of general obligation debt issued in conjunction with the imposition of the tax, and, in that event, such proceeds shall be solely for such purpose except as otherwise provided in subsection (f) of this Code section.

(d) The intergovernmental agreement, if applicable, and resolution calling for the imposition of the tax may specify that a part of the proceeds of the tax will be used for payment of general obligation debt issued in conjunction with the imposition of the tax. The intergovernmental agreement, if applicable, and resolution shall specifically state the other purposes for which such proceeds will be used. In such a case, no part of the net proceeds from the tax received in any year shall be used for such other purposes until all debt service requirements of the general obligation debt for that year have first

been satisfied from the account in which the proceeds of the tax are placed.

(e) The resolution calling for the imposition of the tax may specify that no general obligation debt is to be issued in conjunction with the imposition of the tax. The intergovernmental agreement, if applicable, and resolution shall specifically state the purpose or purposes for which the proceeds will be used.

(f)(1)(A) If the proceeds of the tax are specified to be used solely for the purpose of payment of general obligation debt issued in conjunction with the imposition of the tax, then any net proceeds of the tax in excess of the amount required for final payment of such debt shall be subject to and applied as provided in paragraph (2) of this subsection.

(B) If the special district receives from the tax net proceeds in excess of the maximum cost of the transit projects stated in the resolution calling for the imposition of the tax or in excess of the actual cost of such projects, then such excess proceeds shall be subject to and applied as provided in paragraph (2) of this subsection unless otherwise specified in the intergovernmental agreement, if applicable.

(C) If the tax is terminated under paragraph (1) of subsection (b) of Code Section 48-8-269.45 by reason of denial of validation of debt, then all net proceeds received by the special district from the tax shall be excess proceeds subject to paragraph (2) of this subsection.

(2) Excess proceeds subject to this subsection shall be used solely for the purpose of reducing any indebtedness of any county or qualified municipality within the special district other than indebtedness incurred pursuant to this article. If there is no such other indebtedness or if the excess proceeds exceed the amount of any such other indebtedness, then the excess proceeds shall next be paid into the general fund of such county or qualified municipality, it being the intent that any funds so paid into the general fund of such county or qualified municipality be used for the purpose of reducing ad valorem taxes."

"(c) Except as otherwise provided in this chapter, a majority of the members of the board then in office shall constitute a quorum for the transaction of business. The vote of a majority of the members of the board present at the time of the vote, if a quorum is present at such time, shall be the act of the board unless the vote of a greater number is required by law or by the bylaws of the board of directors. ~~The board of directors, by resolution adopted by a majority of the full board of directors, shall designate from among its members an executive committee and one or more other committees, each consisting of two or more members of the board, which shall have and exercise such authority as the board may delegate to it under such procedures as the board may direct by resolution establishing such committee or committees."~~

(b) To the extent otherwise provided by law, the authority may make its funds available to the commission for the purposes of the commission and shall be empowered to provide such other assistance to the commission as the commission and the authority deem appropriate.

(c) The commission, as a division and arm of the authority, shall hold the status of the authority as a public body corporate and politic and an instrumentality of the state, but neither the commission nor its members shall be amenable to any action of any kind or nature arising out of the discharge of its powers and responsibilities under this article. STATE AUDITOR

Honorable Jay Powell
Chairman, House Ways and Means
133 Capitol
Atlanta, Georgia 30334

SUBJECT: Fiscal Note
House Bill 735 (LC 43 0771ER)

Dear Chairman Powell:

The bill would provide an income tax credit for maintenance expenditures related to railroad track owned or leased by Class III railroads. The credit is 50 percent of railroad track maintenance expenditures, with a credit maximum of \$3,500 per track mile per year. In addition to Class III railroads, persons transporting property using a Class III railroad's facilities or persons furnishing railroad-related property or services to a Class III railroad are also eligible for the credit with respect to maintenance of their assigned track miles. The credit is effective for tax years beginning on or after January 1, 2019.

Georgia State University's Fiscal Research Center (FRC) estimated the bill would result in a reduction in state revenue of \$2.6 million to \$4.8 million in FY 2021, the first year of the bill's full effect. FRC did not anticipate a significant change in subsequent years. Details of the analysis are in the attached appendix.

Table 1. State Revenue Effects of HB 735 LC 43 0771ER

(\$ millions)	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023
High	-	(\$2.4)	(\$4.8)	(\$4.8)	(\$4.8)
Low	-	(\$1.3)	(\$2.6)	(\$2.7)	(\$2.8)

Impact on Expenditures

The Department of Revenue (DOR) anticipates the need for an auditor at an annual cost of \$90,000. In addition, DOR estimated one-time costs of \$68,000 for updating IT systems, vendor certification, form creation, and equipment for the new auditor position.

Sincerely,

/s/ Greg S. Griffin
State Auditor

Analysis by the Fiscal Research Center

This bill draws upon the tax credit model of the federal Railroad Track Maintenance Credit Program. Authorized within the Internal Revenue Code in 2005, this program provided tax credits to qualifying rail carriers and related individuals for 50 percent of track maintenance costs not to exceed \$3,500 per mile; the credit expired at the close of 2013. In their 2015 Georgia State Rail Plan, the Georgia Department of Transportation (GDOT) identifies this program model as a possibility for rail-related funding in the state. The estimated state revenue impact of this tax credit for fiscal years 2019-23 relies upon data provided by GDOT in the same 2015 plan document.

- In 2014, Class III railroads collectively operated (owned and leased) a total of 1,362 track miles in the state.
- High estimates assume the maximum credit available per mile per year to the total mileage owned and leased by Class III railroads.
- Low estimates are based on the tabulation of 4-year maintenance project plans reported in the GDOT report for Class III railroads, applying the \$3,500 per mile per year credit limit where a given railroad would reach the cap. Planned

expenditures total approximately \$40.8 million over four years, resulting in credits earned averaging approximately \$2.5 million per year through 2018. Expenditures and resulting credits are assumed to grow from that level at 3 percent per annum.

- Given the first date for expenditures to qualify for the credit, firm taxable years beginning on or after January 1, 2019, it is assumed that the credit will first impact state revenues in FY 2020 with a partial-year effect.

The Senate Committee on Rules offered the following substitute to HB 735:

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 60 of Title 36 of the Official Code of Georgia Annotated, relating to general provisions applicable to counties and municipal corporations, so as to exempt certain railroad property from storm-water fees; to amend Article 2 of Chapter 7 of Title 48 of the Official Code of Georgia Annotated, relating to the imposition, rate, and computation of and exemptions from state income taxes, so as to create an income tax credit for expenditures on the maintenance of railroad track owned or leased by a Class III railroad; to provide for such credit to be freely assignable; to provide for rules and regulations related to such income tax credit; to provide for certain conditions and limitations; to require annual reporting of certain statistics related to such credit; to provide for a tax credit for certain employers who purchase qualified investment property and create new full-time jobs; to provide for definitions; to amend Article 2 of Chapter 16 of Title 50 of the Official Code of Georgia Annotated, relating to the State Properties Code, so as to provide that certain property owned by the state shall be exempt from any fees imposed by any county or municipality for the management, collection, or disposal of storm water, whether or not the property is subject to a lease; to provide for related matters; to provide for effective dates, applicability, and automatic repeal; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 60 of Title 36 of the Official Code of Georgia Annotated, relating to general provisions applicable to counties and municipal corporations, is amended by adding a new Code section to read as follows:

"36-60-17.2.

Land located within a railroad's right of way and covered with ballast and rail shall be exempt from any fees imposed by any county or municipality for the management, collection, or disposal of storm water; provided, however, that railroad stations, maintenance buildings, or other developed land used for railroad purposes shall not be exempt from storm-water fees."

SECTION 2.

Article 2 of Chapter 7 of Title 48 of the Official Code of Georgia Annotated, relating to the imposition, rate, and computation of and exemptions from state income taxes, is amended by adding a new Code section to read as follows:

"48-7-40.34.

(a) As used in this Code section, the term:

(1) 'Class III railroad' means a rail carrier classified as a Class III railroad by the United States Surface Transportation Board in accordance with Section 1-1 of 49 C.F.R. 1201, as it existed on January 1, 2018.

(2) 'Qualified railroad track maintenance expenditures' means gross expenditures for maintaining railroad track, including roadbed, bridges, and related track structures, owned or leased as of January 1, 2018, by a Class III railroad.

(b) A Class III railroad shall be given a credit against the tax imposed under this article for a taxable year in the amount of 50 percent of the qualified railroad track maintenance expenditures paid or incurred by such Class III railroad during the taxable year, provided that such credit shall not exceed \$3,500.00 multiplied by each mile of railroad track owned or leased in this state as of the close of the taxable year by such Class III railroad.

(c)(1) The credit given under this Code section shall only be allowed once for each mile of railroad track in each taxable year.

(2) Such credit shall be given for each taxable year beginning on or after January 1, 2019, and ending on or before December 30, 2023, in which the conditions of this Code section have been met.

(d) If a credit is given under this Code section with respect to any railroad track, the basis of such railroad track shall be reduced by the amount of the credit so allowed.

(e) The tax credits given to a Class III railroad by this Code section that are not used by such Class III railroad shall be freely assignable one time between January 1, 2019, and January 1, 2024, by written agreement to a taxpayer subject to the tax imposed by this chapter.

(f) On or before September 1 of 2020 and annually thereafter until 2024, the commissioner shall issue a report to the chairpersons of the Senate Finance Committee and the House Committee on Ways and Means concerning the tax credit created by this Code section, which shall include the following statistics for the preceding taxable year:

(1) The total number of taxpayers that claimed a credit provided by this Code section; and

(2) The number and total value of all credits earned and all credits applied during such tax year pursuant to this Code section.

(g) The commissioner shall promulgate such forms, rules, and regulations as are necessary to implement and administer the provisions of this Code section.

(h) This Code section shall be automatically repealed on January 1, 2024."

SECTION 3.

Said article is further amended by adding a new Code section to read as follows:

"48-7-40.35.

(a) As used in this Code section, the term:

(1) 'New full-time employee job' shall have the same meaning as provided in Code Section 48-7-40.

(2) 'Qualified employer' means a taxpayer that:

(A) Operates a facility in this state that recycles post-consumer waste materials into polyester bulk continuous filament fibers;

(B) Certifies to the commissioner that between January 1, 2018, and December 31, 2020, such taxpayer will purchase or acquire \$20 million of qualified investment property for use in this state; and

(C) Certifies to the commissioner that between January 1, 2018, and January 1, 2020, such taxpayer will create 25 new full-time employee jobs in this state.

(3) 'Qualified investment property' shall have the same meaning as provided in Code Section 48-7-40.2.

(b) A qualified employer is allowed a credit against the tax imposed by this article in an amount equal to the value of credits provided for in Code Section 48-7-40.2 that the qualified employer claimed on original or amended returns on which such qualified employer also claimed the credit provided for in Code Section 48-7-40 for the same project.

(c) The credit allowed under subsection (b) of this Code section shall be subject to the following conditions and limitations:

(1)(A) Any credit claimed under this Code section but not used in any taxable year may be carried forward for ten years from the close of the taxable year in which the credit was first claimed.

(B) The credit established by this Code section taken in any one taxable year shall be limited to an amount not greater than 50 percent of the qualified employer's state income tax liability which is attributable to income derived from operations in this state for that taxable year.

(C) The sale, merger, acquisition, or bankruptcy of any qualified employer shall not create new eligibility in any succeeding qualified employer, but any unused credit may be transferred and continued by any transferee of such qualified employer.

(2)(A) The utilization of such credit shall not affect the qualified employer's ability to claim depreciation for tax purposes on the assets acquired by such qualified employer.

(B) Such credit shall not have any effect on the qualified employer's basis in such assets for the purpose of depreciation.

(3) Notwithstanding any other provision of this chapter to the contrary, a qualified employer is authorized to claim on a tax return for a given project both the credit provided for in this Code section and the credit provided for in Code section 48-7-40.2.

(A.1) The commissioner shall establish by rule and regulation a uniform appeal form that the taxpayer may use. Such uniform appeal form shall require the initial assertion of a valuation of the property by the taxpayer.

(B) In addition to the grounds enumerated in subparagraph (A) of this paragraph, any taxpayer having property that is located within a municipality, the boundaries of which municipality extend into more than one county, may also appeal from an assessment on such property by the county board of tax assessors to the county board of equalization, to a hearing officer, or to arbitration as to matters of uniformity of assessment of such property with other properties located within such municipality, and any uniformity adjustments to the assessment that may result from such appeal shall only apply for municipal ad valorem tax purposes.

(B.3) Any assertion of value by the taxpayer on the uniform appeal form made to the board of tax assessors shall be subject to later amendment or revision by the taxpayer by submission of written evidence to the board of tax assessors.

(B.4) If more than one property of a taxpayer is under appeal, the board of equalization, arbitrator, or hearing officer, as the case may be, shall, upon request of the taxpayer, consolidate all such appeals in one hearing and shall announce separate decisions as to each parcel or item of property. Any appeal from such a consolidated hearing to the superior court as provided in subsection (g) of this Code section shall constitute a single civil action and, unless the taxpayer specifically so indicates in the taxpayer's notice of appeal, shall apply to all such parcels or items of property.

(B.5) Within ten days of a final determination of value under this Code section and the expiration of the 30 day appeal period provided by subsection (g) of this Code section, or, as otherwise provided by law, with no further option to appeal, the county board of tax assessors shall forward such final determination of value to the tax commissioner.

Appeals to a hearing officer shall be conducted in the manner specified in subsection (e.1) of this Code section. Appeals to an arbitrator shall be conducted in the manner specified in subsection (f) of this Code section. Such appeal proceedings shall be conducted between the hours of 8:00 A.M. and 7:00 P.M. on a business day. Following the notification of the taxpayer of the date and time of such taxpayer's scheduled hearing, the taxpayer shall be authorized to exercise a one-time option of changing the date and time of the taxpayer's scheduled hearing to a day and time acceptable to the taxpayer and the county board of tax assessors. The appeal administrator shall grant additional extensions to the taxpayer or the county board of tax assessors for good cause shown, or by agreement of the parties.

(D) The commissioner, by regulation, shall adopt uniform procedures and standards which shall be followed by county boards of equalization, hearing officers, and arbitrators in determining appeals. Such rules shall be updated and revised periodically and reviewed no less frequently than every five years. The commissioner shall publish and update annually a manual for use by county boards of equalization, arbitrators, and hearing officers.

(2)(A) An appeal shall be effected by e-mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, by mailing to, or by filing with the county board of tax assessors a notice of appeal within 45 days from the date of mailing the notice pursuant to Code Section 48-5-306. A written objection to an assessment of real property received by a county board of tax assessors stating the location of the real property and the identification number, if any, contained in the tax notice shall be deemed a notice of appeal by the taxpayer

under the grounds listed in paragraph (1) of this subsection. A written objection to an assessment of personal property received by a county board of tax assessors giving the account number, if any, contained in the tax notice and stating that the objection is to an assessment of personal property shall be deemed a notice of appeal by the taxpayer under the grounds listed in paragraph (1) of this subsection. The county board of tax assessors shall review the valuation or denial in question, and, if any changes or corrections are made in the valuation or decision in question, the board shall send a notice of the changes or corrections to the taxpayer pursuant to Code Section 48-5-306. Such notice shall also explain the taxpayer's right to appeal to the county board of equalization as provided in subparagraph (C) of this paragraph if the taxpayer is dissatisfied with the changes or corrections made by the county board of tax assessors.

(B) If no changes or corrections are made in the valuation or decision, the county board of tax assessors shall send written notice thereof to the taxpayer, to any authorized agent or representative of the taxpayer to whom the taxpayer has requested that such notice be sent, and to the county board of equalization which notice shall also constitute the taxpayer's appeal to the county board of equalization without the necessity of the taxpayer's filing any additional notice of appeal to the county board of tax assessors or to the county board of equalization. The county board of tax assessors shall also send or deliver all necessary papers to the county board of equalization. If, however, the taxpayer and the county board of tax assessors execute a signed agreement as to valuation, the appeal shall terminate as of the date of such signed agreement.

(C) If changes or corrections are made by the county board of tax assessors, the board shall notify the taxpayer in writing of such changes. The commissioner shall develop and make available to county boards of tax assessors a suitable form which shall be used in such notification to the taxpayer. The notice shall be sent by regular mail properly addressed to the address or addresses the taxpayer provided to the county board of tax assessors and to any authorized agent or representative of the taxpayer to whom the taxpayer has requested that such notice be sent. If the taxpayer is dissatisfied with such changes or corrections, the taxpayer shall, within 30 days of the date of mailing of the change notice, notify the county board of tax assessors to continue the taxpayer's appeal to the county board of equalization by e-mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by mailing to or filing with the county board of tax assessors a written notice of continuance. The county board of tax assessors shall send or deliver the notice of appeal and all necessary papers to the county board of equalization.

(D) The written notice to the taxpayer required by this paragraph shall contain a statement of the grounds for rejection of any position the taxpayer has asserted with regard to the valuation of the property. No addition to or amendment of such grounds as to such position shall be permitted before the county board of equalization.

(3)(A) In each year, the county board of tax assessors shall review the appeal and notify the taxpayer (i) if there are no changes or corrections in the valuation or decision, or (ii) of any corrections or changes within 180 days after receipt of the taxpayer's notice of appeal. If the county board of tax assessors fails to respond to the taxpayer within such 180 day period, the property valuation asserted by the taxpayer on the property tax return or the taxpayer's notice of appeal shall become the assessed fair market value for the taxpayer's property for the tax year under appeal. If no such assertion of value was submitted by the taxpayer, the appeal shall be forwarded to the county board of equalization.

(B) In any county in which the number of appeals exceeds a number equal to or greater than 3 percent of the total number of parcels in the county or the sum of the current assessed value of the parcels under appeal is equal to or greater than 3 percent of the gross tax digest of the county, the county board of tax assessors ~~shall~~ may be granted an additional 180 day period to make its determination and notify the taxpayer. ~~The~~ However, as a condition to receiving such an extension, the county board of tax assessors shall, at least 30 days before the expiration of the 180 day period provided under subparagraph (A) of this paragraph, notify each affected taxpayer of the additional 180 day review period provided in this subparagraph by mail or electronic communication, including posting notice on the website of the county board of tax assessors if such a website is available. Such additional period shall commence immediately following the last day of the 180 days provided for under subparagraph (A) of this paragraph. If the county board of tax assessors fails to review the appeal and notify the taxpayer of either no changes or of any corrections or changes not later than the last day of such additional 180 day period, then the most recent property tax valuation asserted by the taxpayer on the property tax return or on appeal shall prevail and shall be deemed the value established on such appeal unless a time extension is granted under subparagraph (C) of this paragraph. If no such assertion of value was submitted by the taxpayer, the appeal shall be forwarded to the county board of equalization.

(C) Upon a sufficient showing of good cause by reason of unforeseen circumstances proven to the commissioner at least 30 days prior to the expiration of the additional 180 day period provided for under subparagraph (B) of this paragraph, the commissioner shall be authorized, in the commissioner's sole discretion, to provide for a time extension beyond the end of such additional 180 day period. The duration of any such time extension shall be specified in writing by the commissioner and, at least 30 days prior to the expiration of the extension provided for under subparagraph (B) of this paragraph, shall be sent to each affected taxpayer and shall also be posted on the website of the county board of tax assessors if such a website is available. If the county board of tax assessors fails to make its review and notify the taxpayer and the taxpayer's attorney not later than 30 days before the last day of such time extension, the most recent property tax valuation asserted by the taxpayer on the property tax return or on the taxpayer's notice of appeal shall prevail and shall be deemed the value established on such appeal. If no

such assertion of value was submitted by the taxpayer, the appeal shall be forwarded to the county board of equalization. In addition, the commissioner shall be authorized to require additional training or require such other remediation as the commissioner may deem appropriate for failure to meet the deadline imposed by the commissioner under this subparagraph.

(4) The determination by the county board of tax assessors of questions of factual characteristics of the property under appeal, as opposed to questions of value, shall be prima-facie correct in any appeal to the county board of equalization. However, the board of tax assessors shall have the burden of proving its opinions of value and the validity of its proposed assessment by a preponderance of evidence.

(5) The county board of equalization shall determine all questions presented to it on the basis of the best information available to the board.

(6)(A) Within 15 days of the receipt of the notice of appeal, the county board of equalization shall set a date for a hearing on the questions presented and shall so notify the taxpayer and the county board of tax assessors in writing. Such notice shall be sent by first-class mail to the taxpayer and to any authorized agent or representative of the taxpayer to whom the taxpayer has requested that such notice be sent. Such notice shall be transmitted by e-mail to the county board of tax assessors if such board has adopted a written policy consenting to electronic service, and, if it has not, then such notice shall be sent to such board by first-class mail or intergovernmental mail. Such written notice shall advise each party that he or she may request a list of witnesses, documents, or other written evidence to be presented at the hearing by the other party, ~~which~~. Such request must be made not less than ten days prior to the hearing date, and such information shall be provided to the requesting party not less than seven days prior to the time of the hearing. Any failure to comply with this requirement shall be grounds for an automatic continuance or for exclusion of such witness, documents, or other written evidence. A taxpayer may appear before the board of equalization concerning any appeal in person, by his or her authorized agent or representative, or both. The taxpayer shall specify in writing to the board of equalization the name of any such agent or representative prior to any appearance by the agent or representative before the board.

(B) Within 30 days of the date of notification to the taxpayer of the hearing required in this paragraph but not earlier than 20 days from the date of such notification to the taxpayer, the county board of equalization shall hold such hearing to determine the questions presented.

(C) If more than one property of a taxpayer is under appeal, the board of equalization shall, upon request of the taxpayer, consolidate all such appeals in one hearing and announce separate decisions as to each parcel or item of property. Any appeal from such a consolidated board of equalization hearing to the superior court as provided in this subsection shall constitute a single civil action, and, unless the taxpayer specifically so indicates in his or her notice of appeal, shall apply to all such parcels or items of property.

(D)(i) The board of equalization shall announce its decision on each appeal at the conclusion of the hearing held in accordance with subparagraph (B) of this paragraph before proceeding with another hearing. The decision of the county board of equalization shall be in writing, shall be signed by each member of the board, shall specifically decide each question presented by the appeal, shall specify the reason or reasons for each such decision as to the specific issues of taxability, uniformity of assessment, value, or denial of homestead exemptions depending upon the specific issue or issues raised by the taxpayer in the course of such taxpayer's appeal, shall state that with respect to the appeal no member of the board is disqualified from acting by virtue of subsection (j) of this Code section, and shall certify the date on which notice of the decision is given to the parties. Notice of the decision shall be delivered by hand to each party, with written receipt, or given to each party by sending a copy of the decision by registered or certified mail or statutory overnight delivery to the appellant and by filing the original copy of the decision with the county board of tax assessors. Each of the three members of the county board of equalization must be present and must participate in the deliberations on any appeal. A majority vote shall be required in any matter. All three members of the board shall sign the decision indicating their vote.

(ii) Except as otherwise provided in subparagraph (g)(4)(B) of this Code section, the county board of tax assessors shall use the valuation of the county board of equalization in compiling the tax digest for the county for the year in question and shall indicate such valuation as the previous year's value on the property tax notice of assessment of such taxpayer for the immediately following year rather than substituting the valuation which was changed by the county board of equalization.

(iii)(I) If the county's tax bills are issued before an appeal has been finally determined, the county board of tax assessors shall specify to the county tax commissioner the lesser of the valuation in the last year for which taxes were finally determined to be due on the property or 85 percent of the current year's value, unless the property in issue is homestead property and has been issued a building permit and structural improvements have occurred, or structural improvements have been made without a building permit, in which case, it shall specify 85 percent of the current year's valuation as set by the county board of tax assessors. Depending on the circumstances of the property, this amount shall be the basis for a temporary tax bill to be issued; provided, however, that a nonhomestead owner of a single property valued at \$2 million or more may elect to pay the temporary tax bill which specifies 85 percent of the current year's valuation; or, such owner may elect to pay the amount of the difference between the 85 percent tax bill based on the current year's valuation and the tax bill based on the valuation from the last year for which taxes were finally determined to be due on the property in conjunction with the amount of the tax bill based on valuation from the last year for which taxes were finally determined to be due on the property, to the tax commissioner's office. Only the amount which

represents the difference between the tax bill based on the current year's valuation and the tax bill based on the valuation from the last year for which taxes were finally determined to be due will be held in an escrow account by the tax commissioner's office. Once the appeal is concluded, the escrowed funds shall be released by the tax commissioner's office to the prevailing party. The taxpayer may elect to pay the temporary tax bill in the amount of 100 percent of the current year's valuation if no substantial property improvement has occurred. The county tax commissioner shall have the authority to adjust such tax bill to reflect the 100 percent value as requested by the taxpayer. Such tax bill shall be accompanied by a notice to the taxpayer that the bill is a temporary tax bill pending the outcome of the appeal process. Such notice shall also indicate that upon resolution of the appeal, there may be additional taxes due or a refund issued.

(II) For the purposes of this Code section, any final value that causes a reduction in taxes and creates a refund that is owed to the taxpayer shall be paid by the tax commissioner to the taxpayer, entity, or transferee who paid the taxes with interest, as provided in subsection (m) of this Code section.

(III) For the purposes of this Code section, any final value that causes an increase in taxes and creates an additional billing shall be paid to the tax commissioner as any other tax due along with interest, as provided in subsection (m) of this Code section.

(7) The appeal administrator shall furnish the county board of equalization necessary facilities and administrative help. The appeal administrator shall see that the records and information of the county board of tax assessors are transmitted to the county board of equalization. The county board of equalization shall consider in the performance of its duties the information furnished by the county board of tax assessors and the taxpayer.

(8) If at any time during the appeal process to the county board of equalization ~~and after certification by the county board of tax assessors to the county board of equalization~~, the county board of tax assessors and the taxpayer mutually agree in writing on the fair market value, then the county board of tax assessors, or the county board of equalization, as the case may be, shall enter the agreed amount in all appropriate records as the fair market value of the property under appeal, and the appeal shall be concluded. The provisions in subsection (c) of Code Section 48-5-299 shall apply to the agreed-upon valuation unless otherwise waived by both parties.

(9) Notwithstanding any other provision of law to the contrary, on any real property tax appeal made under this Code section on and after January 1, 2016, the assessed value being appealed may be lowered by the deciding body based upon the evidence presented but cannot be increased from the amount assessed by the county board of tax assessors. This paragraph shall not apply to any appeal where the taxpayer files an appeal during a time when subsection (c) of Code Section 48-5-299 is in effect for the assessment being appealed.

(e.1) **Appeals to hearing officer.**

(1)(A) For any dispute involving the value or uniformity of a parcel of nonhomestead real property with a fair market value in excess of ~~\$750,000.00~~ \$500,000.00 as shown on the taxpayer's annual notice of current assessment under Code Section 48-5-306, at the option of the taxpayer, an appeal may be submitted to a hearing officer in accordance with this subsection. If such taxpayer owns nonhomestead real property contiguous to such qualified nonhomestead real property, at the option of the taxpayer, such contiguous property may be consolidated with the qualified property for purposes of the hearing under this subsection.

(B)(i) As used in this subparagraph, the term 'wireless property' means tangible personal property or equipment used directly for the provision of wireless services by a provider of wireless services which is attached to or is located underneath a wireless cell tower or at a network data center location but which is not permanently affixed to such tower or data center so as to constitute a fixture.

(ii) For any dispute involving the values or uniformity of one or more account numbers of wireless property as defined in this subparagraph with an aggregate fair market value in excess of ~~\$750,000.00~~ \$500,000.00 as shown on the taxpayer's annual notice of current assessment under Code Section 48-5-306, at the option of the taxpayer, an appeal may be submitted to a hearing officer in accordance with this subsection.

(2) Individuals desiring to serve as hearing officers and who are either state certified general real property appraisers or state certified residential real property appraisers as classified by the Georgia Real Estate Commission and the Georgia Real Estate Appraisers Board for real property appeals or are designated appraisers by a nationally recognized appraiser's organization for wireless property appeals shall complete and submit an application, a list of counties the hearing officer is willing to serve, disqualification questionnaire, and resume and be approved by the Georgia Real Estate Commission and the Georgia Real Estate Appraisers Board to serve as a hearing officer. Such board shall annually publish a list of qualified and approved hearing officers for Georgia.

(3) The appeal administrator shall furnish any hearing officer so selected the necessary facilities.

(4) An appeal shall be effected by e-mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by filing with the county board of tax assessors a notice of appeal to a hearing officer within 45 days from the date of mailing the notice of assessment pursuant to Code Section 48-5-306. A written objection to an assessment of real property or wireless property received by a county board of tax assessors stating the taxpayer's election to appeal to a hearing officer and showing the location of the real property or wireless property contained in the assessment notice shall be deemed a notice of appeal by the taxpayer.

(5) The county board of tax assessors may for no more than 90 days review the taxpayer's written appeal, and if changes or corrections are made by the county board

of tax assessors, the board shall notify the taxpayer in writing of such changes. Within 30 days of the county board of tax assessors' mailing of such notice, the taxpayer may notify the county board of tax assessors in writing that the changes or corrections made by the county board of tax assessors are not acceptable, in which case, the county board of tax assessors shall, within 30 days of the date of mailing of such taxpayer's notification, send or deliver all necessary ~~papers~~ documentation to the appeal administrator, in paper or electronic format as agreed upon by the county board of tax assessors and appeal administrator, and mail a copy to the taxpayer or, alternatively, forward the appeal to the board of equalization if so elected by the taxpayer and such election is included in the taxpayer's notification that the changes are not acceptable. If, after review, the county board of tax assessors determines that no changes or corrections are warranted, the county board of tax assessors shall notify the taxpayer of such decision. The taxpayer may elect to forward the appeal to the board of equalization by notifying the county board of tax assessors within 30 days of the mailing of the county board of tax assessor's notice of no changes or corrections. Upon the expiration of 30 days following the mailing of the county board of tax assessors' notice of no changes or corrections, the county board of tax assessors shall certify the notice of appeal and send or deliver all necessary ~~papers~~ documentation to the appeal administrator, in paper or electronic format as agreed upon by the county board of tax assessors and appeal administrator, for the appeal to the hearing officer, or board of equalization if elected by the taxpayer, and mail a copy to the taxpayer. If the county board of tax assessors fails to respond in writing, either with changes or no changes, to the taxpayer within 180 days after receiving the taxpayer's notice of appeal, the property valuation asserted by the taxpayer on the property tax return or the taxpayer's notice of appeal shall become the assessed fair market value for the taxpayer's property for the tax year under appeal.

(6)(A) The appeal administrator shall randomly select from such list a hearing officer who shall have experience or expertise in hearing or appraising the type of property that is the subject of appeal to hear the appeal, unless the taxpayer and the county board of tax assessors mutually agree upon a hearing officer from such list. The appeal administrator shall notify the taxpayer and the taxpayer's attorney in compliance with subsection (o) of this Code section of the name of the hearing officer and transmit a copy of the hearing officer's disqualification questionnaire and resume provided for under paragraph (2) of this subsection. If no hearing officer is appointed or if no hearing is scheduled within 180 days after the county board of tax assessors receives the taxpayer's notice of appeal, the property valuation asserted by the taxpayer on the property tax return or the taxpayer's notice of appeal shall become the assessed fair market value for the taxpayer's property for the tax year under appeal, and subsection (c) of Code Section 48-5-299 shall apply. The hearing officer, in conjunction with all parties to the appeal, shall set a time and place to hear evidence and testimony from both parties. The hearing shall take place in the county where the property is located, or such other place as mutually agreed to by the parties and the hearing officer. The hearing officer shall provide electronic or

written notice to the parties personally or by registered or certified mail or statutory overnight delivery not less than ten days before the hearing. Such written notice shall advise each party that he or she may request a list of witnesses, documents, or other written evidence to be presented at the hearing by a the other party. Such request must be made not less than ten days prior to the hearing date, and such information shall ~~must~~ be provided to the ~~other~~ requesting party not less than seven days prior to the time of the hearing. Any and that any failure to comply with this requirement shall be grounds for an automatic continuance or for exclusion of such witnesses, documents, or other written evidence.

(B) If the appeal administrator, after a diligent search, cannot find a qualified hearing officer who is willing to serve, the appeal administrator shall transfer the certification of the appeal to the county or regional board of equalization and notify the taxpayer and the taxpayer's attorney in compliance with subsection (o) of this Code section and the county board of tax assessors of the transmittal of such appeal.

(7) The hearing officer shall swear in all witnesses, perform the powers, duties, and authority of a county or regional board of equalization, and determine the fair market value of the real property or wireless property based upon the testimony and evidence presented during the hearing. Any issues other than fair market value and uniformity raised in the appeal shall be preserved for appeal to the superior court. The board of tax assessors shall have the burden of proving its opinion of value and the validity of its proposed assessment by a preponderance of evidence. At the conclusion of the hearing, the hearing officer shall notify both parties of the decision verbally and shall either send both parties the decision in writing or deliver the decision by hand to each party, with written receipt.

(8) The taxpayer or the board of tax assessors may appeal the decision of the hearing officer to the superior court as provided in subsection (g) of this Code section.

(9) If, at any time during the appeal under this subsection, the taxpayer and the county board of tax assessors execute a signed written agreement on the fair market value and any other issues raised: the appeal shall terminate as of the date of such signed agreement; the fair market value as set forth in such agreement shall become final; and subsection (c) of Code Section 48-5-299 shall apply.

(9.1) The provisions contained in this subsection may be waived at any time by written consent of the taxpayer and the county board of tax assessors.

(10) Each hearing officer shall be compensated by the county for time expended in ~~considering~~ hearing appeals. The compensation shall be paid at a rate of not less than ~~\$75.00~~ \$100.00 per hour for the first hour and not less than \$25.00 per hour for each hour thereafter as determined by the county governing authority or as may be agreed upon by the parties with the consent of the county governing authority. Compensation pursuant to this paragraph shall be paid from the county treasury or, if the parties agree to pay compensation exceeding the minimum compensation set by this Code section, by a combination of the parties as agreed on by the parties. The hearing officer shall receive such compensation upon certification by the hearing officer of the hours expended in hearing of appeals. The attendance at any training

required by the commissioner shall be part of the qualifications of the hearing officer, and any nominal cost of such training shall be paid by the hearing officer.

(11) The commissioner shall promulgate rules and regulations for the proper administration of this subsection, including, but not limited to, qualifications; training, including an eight-hour course on Georgia property law, Georgia evidence law, preponderance of evidence, burden of proof, credibility of the witnesses, and weight of evidence; disqualification questionnaire; selection; removal; an annual continuing education requirement of at least four hours of instruction in recent legislation, current case law, and updates on appraisal and equalization procedures, as prepared and required by the commissioner; and any other matters necessary to the proper administration of this subsection. The failure of any hearing officer to fulfill the requirements of this paragraph shall render such officer ineligible to serve. Such rules and regulations shall also include a uniform appeal form which shall require the initial assertion of a valuation of the property by the taxpayer. Any such assertion of value shall be subject to later revision by the taxpayer based upon written evidence. The commissioner shall seek input from all interested parties prior to such promulgation.

(12) If the county's tax bills are issued before the hearing officer has rendered his or her decision on property which is on appeal, a temporary tax bill shall be issued in the same manner as otherwise required under division (e)(6)(D)(iii) of this Code section.

(13) Upon determination of the final value, the temporary tax bill shall be adjusted as required under division (e)(6)(D)(iii) of this Code section.

(f) Nonbinding arbitration.

(1) As used in this subsection, the term 'certified appraisal' means an appraisal or appraisal report given, signed, and certified as such by a real property appraiser as classified by the Georgia Real Estate Commission and the Georgia Real Estate Appraisers Board.

(2) At the option of the taxpayer, an appeal shall be submitted to nonbinding arbitration in accordance with this subsection.

(3)(A) Following an election by the taxpayer to use the arbitration provisions of this subsection, an arbitration appeal shall be effected by the taxpayer by e-mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by filing a written notice of arbitration appeal with the county board of tax assessors. The notice of arbitration appeal shall specifically state the grounds for arbitration. The notice shall be filed within 45 days from the date of mailing the notice pursuant to Code Section 48-5-306. Within ten days of receipt of a taxpayer's notice of arbitration appeal, the board of tax assessors shall send to the taxpayer an acknowledgment of receipt of the appeal and a notice that the taxpayer shall, within 45 days of the date of transmittal of the acknowledgment of receipt of the appeal, provide to the county board of tax assessors for consideration a copy of a certified appraisal. Failure of the taxpayer to provide such certified appraisal within such 45 days shall terminate the appeal unless the taxpayer within such 45 day period elects to have the appeal immediately forwarded to the board of equalization. Prior to appointment of the arbitrator and within 45 days of the acknowledgment of

the receipt of the appeal, the taxpayer shall provide a copy of the certified appraisal as specified in this paragraph to the county board of tax assessors for consideration. Within 45 days of receiving the taxpayer's certified appraisal, the county board of tax assessors shall either accept the taxpayer's appraisal, in which case that value shall become final, or the county board of tax assessors shall reject the taxpayer's appraisal by sending within ten days of the date of such rejection a written notification by certified mail of such rejection to the taxpayer and the taxpayer's attorney of record in compliance with subsection (o) of this Code section, in which case the county board of tax assessors shall certify within 45 days the appeal to the appeal administrator of the county in which the property is located along with any other ~~papers~~ documentation specified by the person seeking arbitration under this subsection, including, but not limited to, the staff information from the file used by the county board of tax assessors. In the event the taxpayer is not notified of a rejection of the taxpayer's appraisal within such ten-day period, the taxpayer's appraisal value shall become final. In the event that the county board of tax assessors neither accepts nor rejects the value set out in the certified appraisal within 45 days after the receipt of the certified appraisal, then the certified appraisal shall become the final value. All papers and information certified to the appeal administrator shall become a part of the record on arbitration. At the time of certification of the appeal, the county board of tax assessors shall serve the taxpayer and the taxpayer's attorney of record in compliance with subsection (o) of this Code section, if any, or employee with a copy of the certification along with any other papers specified by the person seeking arbitration along with the civil action file number assigned to the appeal, if any. Within 15 days of filing the certification to the appeal administrator, the presiding or chief judge of the superior court of the circuit in which the property is located shall issue an order authorizing the arbitration.

(B) At any point, the county board of tax assessors and the taxpayer may execute a signed, written agreement establishing the fair market value without entering into or completing the arbitration process. The fair market value as set forth in such agreement shall become the final value.

(C) The arbitration shall be conducted pursuant to the following procedure:

(i) The county board of tax assessors shall, at the time the appeal is certified to the appeal administrator under subparagraph (A) of this paragraph, provide to the taxpayer a notice of a meeting time and place to decide upon an arbitrator, to occur within 60 days after the date of sending the rejection of the taxpayer's certified appraisal. Following the notification of the taxpayer of the date and time of the meeting, the taxpayer shall be authorized to exercise a one-time option of changing the date and time of the meeting to a date and time acceptable to the taxpayer and the county board of tax assessors. If the parties agree, the matter shall be submitted to a single arbitrator chosen by the parties. If the parties cannot agree on the single arbitrator, the arbitrator may be chosen by the presiding or chief judge of the superior court of the circuit in which the property is located

within 30 days after the filing of a petition by either party;

(ii) In order to be qualified to serve as an arbitrator, a person shall be classified as a state certified general real property appraiser or state certified residential real property appraiser pursuant to the rules and regulations of the Georgia Real Estate Commission and the Georgia Real Estate Appraisers Board and shall have experience or expertise in appraising the type of property that is the subject of the arbitration;

(iii) The arbitrator, within 30 days after his or her appointment, shall set a time and place to hear evidence and testimony from both parties. The arbitrator shall provide written notice to the parties personally or by registered or certified mail or statutory overnight delivery not less than ~~ten~~ 21 days before the hearing. Such written notice shall advise each party that he or she may request a list of witnesses, documents, or other written evidence to be presented at the hearing by a the other party. Such request must be made not less than ten days prior to the hearing date, and such information shall ~~must~~ be provided to the ~~other~~ requesting party not less than seven days prior to the time of the hearing. Any and that any failure to comply with this requirement, ~~unless waived by mutual written agreement of such parties,~~ shall be grounds for a an automatic continuance or for exclusion of such witnesses, documents, or other written evidence. The arbitrator, in consultation with the parties, may adjourn or postpone the hearing. Following notification of the taxpayer of the date and time of the hearing, the taxpayer shall be authorized to exercise a one-time option of changing the date and time of the hearing to a date and time acceptable to the taxpayer and the county board of tax assessors. The presiding or chief judge of the superior court of the circuit in which the property is located may direct the arbitrator to proceed promptly with the hearing and the determination of the appeal upon application of any party. The hearing shall occur in the county in which the property is located or such other place as may be agreed upon in writing by the parties;

(iv) At the hearing, the parties shall be entitled to be heard, to present documents, testimony, and other matters, and to cross-examine witnesses. The arbitrator may hear and determine the controversy upon the documents, testimony, and other matters produced notwithstanding the failure of a party duly notified to appear;

(v) The arbitrator shall maintain a record of all pleadings, documents, testimony, and other matters introduced at the hearing. The arbitrator or any party to the proceeding may have the proceedings transcribed by a court reporter;

(vi) The provisions of this paragraph may be waived at any time by written consent of the taxpayer and the board of tax assessors;

(vii) At the conclusion of the hearing, the arbitrator shall render a decision regarding the fair market value of the property subject to nonbinding arbitration;

(viii) In order to determine the fair market value, the arbitrator may consider the final value for the property submitted by the county board of tax assessors at the hearing and the final value submitted by the taxpayer at the hearing. The taxpayer shall be responsible for the cost of any appraisal by the taxpayer's appraiser;

(ix) The arbitrator shall consider the final value submitted by the county board of tax assessors, the final value submitted by the taxpayer, and evidence supporting the values submitted by the county board of tax assessors and the taxpayer. The arbitrator shall determine the fair market value of the property under appeal. The arbitrator shall notify both parties of the decision verbally and shall either send both parties the decision in writing or deliver the decision by hand to each party, with written receipt;

(x) If the taxpayer's value is closest to the fair market value determined by the arbitrator, the county shall be responsible for the fees and costs of such arbitrator. If the value of the board of tax assessors is closest to the fair market value determined by the arbitrator, the taxpayer shall be responsible for the fees and costs of such arbitrator; and

(xi) The board of tax assessors shall have the burden of proving its opinion of value and the validity of its proposed assessment by a preponderance of evidence.

(4) If the county's tax bills are issued before an arbitrator has rendered his or her decision on property which is on appeal, a temporary tax bill shall be issued in the same manner as otherwise required under division (e)(6)(D)(iii) of this Code section.

(5) Upon determination of the final value, the temporary tax bill shall be adjusted as required under division (e)(6)(D)(iii) of this Code section.

(g) Appeals to the superior court.

(1) The taxpayer or the county board of tax assessors may appeal decisions of the county board of equalization, hearing officer, or arbitrator, as applicable, to the superior court of the county in which the property lies. By mutual written agreement, the taxpayer and the county board of tax assessors may waive an appeal to the county board of equalization and initiate an appeal under this subsection. A county board of tax assessors shall not appeal a decision of the county board of equalization, arbitrator, or hearing officer, as applicable, changing an assessment by 20 percent or less unless the board of tax assessors gives the county governing authority a written notice of its intention to appeal, and, within ten days of receipt of the notice, the county governing authority by majority vote does not prohibit the appeal. In the case of a joint city-county board of tax assessors, such notice shall be given to the city and county governing authorities, either of which may prohibit the appeal by majority vote within the allowed period of time.

(2) An appeal by the taxpayer as provided in paragraph (1) of this subsection shall be effected by e-mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by mailing to or filing with the county board of tax assessors a written notice of appeal. An appeal by the county board of tax assessors shall be effected by giving notice to the taxpayer. The notice to the taxpayer shall be dated and shall contain the name and the last known address of the taxpayer. The notice of appeal shall specifically state the grounds for appeal. The notice shall be mailed or filed within 30 days from the date on which the decision of the county board of equalization, hearing officer, or arbitrator is delivered pursuant to subparagraph (e)(6)(D), paragraph (7) of subsection (e.1), or division (f)(3)(C)(ix) of

this Code section. Within 45 days of receipt of a taxpayer's notice of appeal and before certification of the appeal to the superior court, the county board of tax assessors shall send to the taxpayer notice that a settlement conference, in which the county board of tax assessors and the taxpayer shall confer in good faith, will be held at a specified date and time which shall be no later than 30 days from the notice of the settlement conference, and notice of the amount of the filing fee, if any, required by the clerk of the superior court. The taxpayer may exercise a one-time option to reschedule the settlement conference to a different date and time acceptable to the taxpayer, ~~but in no event later than 30 days from the date of the notice~~ during normal business hours. After a settlement conference has convened, the parties may agree to continue the settlement conference to a later date. If at the end of the 45 day review period the county board of tax assessors elects not to hold a settlement conference, then the appeal shall terminate and the taxpayer's stated value shall be entered in the records of the board of tax assessors as the fair market value for the year under appeal and the provisions of subsection (c) of Code Section 48-5-299 shall apply to such value. If the taxpayer chooses not to participate in the settlement conference, he or she may not seek and shall not be awarded fees and costs at such time when the appeal is settled in superior court. If at the conclusion of the settlement conference the parties reach an agreement, the settlement value shall be entered in the records of the county board of tax assessors as the fair market value for the tax year under appeal and the provisions of subsection (c) of Code Section 48-5-299 shall apply to such value. If at the conclusion of the settlement conference the parties cannot ~~agree on a fair market value~~ reach an agreement, then written notice shall be provided to the taxpayer that the filing fees must be paid by the taxpayer to the clerk of the superior court within ~~ten~~ 20 days of the date of the conference, with a copy of the check delivered to the county board of tax assessors. Notwithstanding any other provision of law to the contrary, the amount of the filing fee for an appeal under this subsection shall be \$25.00. An appeal under this subsection shall not be subject to any other fees or additional costs otherwise required under any provision of Title 15 or under any other provision of law. Immediately following payment of such \$25.00 filing fee by the taxpayer to the clerk of the superior court, the clerk shall remit the proceeds thereof to the governing authority of the county which shall deposit the proceeds into the general fund of the county. Within 30 days of receipt of proof of payment to the clerk of the superior court, the county board of tax assessors shall certify to the clerk of the superior court the notice of appeal and any other papers specified by the person appealing including, but not limited to, the staff information from the file used by the county board of tax assessors, the county board of equalization, the hearing officer, or the arbitrator. All papers and information certified to the clerk shall become a part of the record on appeal to the superior court. At the time of certification of the appeal, the county board of tax assessors shall serve the taxpayer and his or her attorney of record, if any, with a copy of the notice of appeal and with the civil action file number assigned to the appeal. Such service shall be effected in accordance with subsection (b) of Code Section 9-11-5. No discovery, motions, or other pleadings may be filed

by the county board of tax assessors in the appeal until such service has been made.

(3) The appeal shall constitute a de novo action. The board of tax assessors shall have the burden of proving its opinions of value and the validity of its proposed assessment by a preponderance of evidence. Upon a failure of the board of tax assessors to meet such burden of proof, the court may, upon motion or sua sponte, authorize the finding that the value asserted by the board of tax assessors is unreasonable and authorize the determination of the final value of the property.

(4)(A) The appeal shall be placed on the court's next available jury or bench trial calendar, at the taxpayer's election, following the filing of the appeal unless continued by the court. If only questions of law are presented in the appeal, the appeal shall be heard as soon as practicable before the court sitting without a jury. Each hearing before the court sitting without a jury at the taxpayer's election shall be held within 30 days following the date on which the appeal is filed with the clerk of the superior court.

(B)(i) The county board of tax assessors shall use the valuation of the county board of equalization, the hearing officer, or the arbitrator, as applicable, in compiling the tax digest for the county.

(ii)(I) If the final determination of value on appeal is less than the valuation thus used, the tax commissioner shall be authorized to adjust the taxpayer's tax bill to reflect the final value for the year in question.

(II) If the final determination of value on appeal causes a reduction in taxes and creates a refund that is owed to the taxpayer, it shall be paid by the tax commissioner to the taxpayer, entity, or transferee who paid the taxes with interest, as provided in subsection (m) of this Code section.

(III) If the final determination of value on appeal is 85 percent or less of the valuation set by the county board of equalization, hearing officer, or arbitrator as to any real property, the taxpayer, in addition to the interest provided for in subsection (m) of this Code section, shall recover costs of litigation and reasonable attorney's fees incurred in the action. Any appeal of an award of attorney's fees by the county shall be specifically approved by the governing authority of the county.

(iii) If the final determination of value on appeal is greater than the valuation set by the county board of equalization, hearing officer, or arbitrator, as applicable, causes an increase in taxes, and creates an additional billing, it shall be paid to the tax commissioner as any other tax due along with interest, as provided in subsection (m) of this Code section."

Honorable Jay Powell
Chairman, House Ways and Means

SUBJECT: Fiscal Note
House Bill 314 (LC 37 2317ER)

Dear Chairman Powell:

The bill would establish qualified low-income community rural investment funds and tax credits. The tax credit value is based on the amount of the taxpayer's investment that a qualifying rural fund has invested in an eligible business's equity or long-term debt. The credit amount is 15 percent of the eligible investment per year beginning in the third year after the investment is made and continuing through the sixth year, for a total credit equal to 60 percent of the eligible investment. The credit is nonrefundable but may be carried forward indefinitely. The amount of credits available is subject to a cumulative cap of \$100 million. The bill has an effective date of July 1, 2017 and would be applicable to all taxable years starting January 1, 2018.

Impact on State Revenue

Georgia State University's Fiscal Research Center (FRC) estimated that the bill would reduce state revenue by \$1.25 million to \$2.5 million in FY 2020 (Table 1). The revenue

reduction is estimated at \$6.25 million to \$12.5 million in FY 2022. The high and low scenarios differ in assumptions as to how quickly the cap is reached. Details of the analysis and assumptions are available in the attached appendix.

Table 1. Estimated State Revenue Effects of LC 37 2317ER

(\$ million)	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022
High Estimate	-	-	(\$2.50)	(\$7.50)	(\$12.50)
Low Estimate	-	-	(\$1.25)	(\$3.75)	(\$6.25)

The bill also requires rural fund applicants to pay a non-refundable application fee of \$5,000 to the Department of Community Affairs (DCA). Neither FRC nor DCA know the number of applicants that will be submitted, but DCA anticipates the number to be less than 10. Ten applications would result in additional one-time state funds of \$50,000.

Impact on State Agency Costs

The Departments of Community Affairs (DCA) and Revenue (DOR) both anticipate the need for additional funding to implement the provisions of the bill.

DCA anticipated the need for two additional personnel to review applications, transfer capital investment authority, ensure capital investment occurs, and recapture unused credits. These individuals are estimated to cost approximately \$150,000 annually (salaries and benefits), with associated costs (IT, communications, travel) of approximately \$25,000.

DOR estimated that the bill would result in approximately \$57,000 in one-time costs and \$133,000 in annual costs. One-time costs include approximately \$43,000 for IT system changes, \$7,400 for training, \$3,600 for updating forms and other documents, and \$2,300 for taxpayer outreach. The \$133,600 in annual costs would cover the cost of two additional personnel to review, verify, and apply credits.

Sincerely,

/s/ Greg S. Griffin

Analysis by the Fiscal Research Center

The Georgia Agribusiness and Rural Jobs Act establishes criteria for setting up rural investment funds and conditions for rural investors to qualify for the tax credit. The Department of Community Affairs (DCA) is tasked with verifying all the requirements

and administering the program. Conditions for qualifying as a rural fund or rural investor under the act, and for an investment to qualify for the credit include, but are not limited to, the following:

- The applicant or an affiliate of the applicant must be licensed either as a rural business investment company (RBIC) under 7 U.S.C. Section 2009cc or a small business investment company (SBIC) under 15 U.S.C. Section 681.
- The applicant or affiliates of the applicant must have invested at least \$100 million in nonpublic companies located in rural areas within the United States.
- The applicant must provide an estimate of the number of jobs to be created or retained in the state as a result of the investment, and a business plan that includes a revenue impact assessment projecting state and local tax revenue to be generated by the applicant's proposed eligible investments prepared by a nationally recognized, third-party, independent economic forecasting firm.
- The rural investor must have raised at least 10 percent of their capital investment from individuals including affiliates of the rural investor, including officers, directors, members, and employees of such affiliates.
- Credits are subject to recapture if, among other things, the rural fund fails to invest 100 percent of its capital investment authority in eligible businesses in Georgia within two years of the date of closing of investment by rural investors in the rural fund, with at least 10 percent of its initial capital investment authority invested in eligible businesses engaged in agribusiness in the state.

The total (cumulative) amount of investment eligible for the tax credit is capped at \$100 million.

To estimate how quickly the \$100 million-dollar cap on these investments would be reached, we relied on SBA loan guarantee data from rural counties as well as aggregate data on SBIC investments from the Small Business investor Alliance (SBIA). Note that data on the nature of individual investments made by RBICs and SBICs are not readily available. A rural county is defined as one with no more than 75,000 in population in the most recent decennial census, here 2010. By this definition, 129 counties in Georgia would qualify as rural counties.

SBICs are much more prevalent and have greater flexibility in their investment activities than RBICs. SBICs also can leverage funds they raise in private markets through SBA loan guarantees. This is not available to RBICs.

Data on the SBIC industry from the SBA for federal fiscal years 2013-15 showed roughly 300 licensed SBICs in each year. The average individual SBIC investment in small

businesses each year ranged from \$1.9 million to \$2.4 million. The number of financings increased from 1,846 in 2013 to 2,815 in 2015. Based on these data, the average SBIC total annual investment was roughly \$12 million, divided among roughly six firms in 2013. By 2015, the average SBIC investment increased to roughly \$20 million in total, invested across roughly 9 firms. Due to the information intensive and hands-on nature of SBIC equity and debt investing, these funds tend to invest regionally. Data from the SBIA indicates that there are roughly 44 licensed SBICs in Georgia and its border states.

Data on actual investments by SBICs and RBICS in Georgia are not readily available. However, information on SBA loan guarantees on loans to businesses in the Georgia counties considered rural under the proposed bill is available from USASpending.gov. We thus examined SBA loan guarantees to try to estimate the size of the potential investment market for SBICS and RBICs making investments in the state.

During federal fiscal years 2014-16, the SBA guaranteed roughly \$200-\$300 million in new loans per year in rural Georgia counties. For FY 2016, \$290.4 million of SBA loan guarantees were made in these counties in 371 transactions, for an average loan guarantee of about \$783,000. In the three years, the number of loan guarantees over \$1 million dollars ranged from about 50 to 60 per year.

The SBA loan guarantee data suggests that there is a market for either debt or equity investments that matches up with the typically larger amounts that SBICs tend to invest in portfolio businesses. There also seem to be sufficient numbers of SBICs in our near Georgia to take advantage of these investment opportunities.

While it is possible that the \$100 million cap could be reached more quickly, with SBICs and RBICs displacing a large portion of SBA-guaranteed loans currently made through other funding channels, it is assumed for the high case estimates that investment by SBICs and RBICs will reach the \$100 million cap under the law in three years. This level of annual investment, \$33.3 million per year, could be reached if 10-12 SBICs or RBICs invested \$2 million-\$3 million each in a small number of Georgia firms.

The low case estimates assume a slower pace of adoption, with the cap being reached in six years at \$16.7 million of investment per year. The amount of eligible investment and the value of state tax credits eligible for redemption by calendar or tax year through CY 2023 are shown in Table 2. The state revenue effects shown in Table 1 above are generated from these figures, adjusting to state fiscal years and assuming an impact on collections through a reduction in estimated tax payments throughout the tax year.

Because rural investors in the eligible rural funds are expected to be principles of the funds, institutional investors, or higher income and net worth individuals, it is assumed that the credits will be fully utilized against state tax liabilities for the years in which they are first eligible to be taken. The credit may be used by an entity to offset state tax liabilities for personal and corporate income taxes, and the insurance premium tax.

(5) 'Emergency condition' means any medical condition of a recent onset and severity, including but not limited to severe pain that would lead a prudent layperson, possessing an average knowledge of medicine and health, to believe that his or her condition, sickness, or injury is of such a nature that failure to obtain immediate medical care could result in:

(A) Placing the patient's health in serious jeopardy;

(B) Serious impairment to bodily functions; or

(C) Serious dysfunction of any bodily organ or part.

(6) 'Emergency medical care' means emergency services which originate in a hospital emergency department after the onset of a medical or traumatic condition manifesting itself by acute symptoms of sufficient severity, including severe pain, such that the absence of immediate medical or surgical attention could reasonably be expected to result in placing the patient's health in serious jeopardy, serious impairment to bodily functions, or serious dysfunction of any bodily organ or part, and services for the first 24 hours after the covered person's emergency condition has stabilized, whether or not the emergency services and services after stabilization occur in an emergency department. Such term shall include care for an emergency condition that continues once a patient is admitted to the hospital from the hospital emergency department and could include other specialists and providers.

(7) 'Emergency medical provider' means any physician licensed by the Georgia Composite Medical Board who provides emergency medical care and any other health care provider licensed in this state who renders emergency medical care.

(A) Arrangements with selected providers to furnish health care services;

(B) Explicit standards for the selection of participating providers; and

(C) Cost savings for persons enrolled in the plan to use the participating providers and procedures provided for by the plan;

The term 'managed care plan' shall not apply to Chapter 9 of Title 34, relating to workers' compensation.

(11) 'Minimum benefit standard' or 'MBS' means the eightieth percentile of all charges for the particular health care service performed by a health care provider in the same or similar specialty and provided in the same geographical area as reported in a benchmarking data base maintained by a nonprofit organization specified by the Commissioner. The nonprofit organization shall not be affiliated, financially supported, or otherwise supported by a health insurance company.

(12) 'Nonparticipating provider' means a health care provider who has not entered into a direct contract with a carrier for the delivery of emergency medical care to covered persons under a managed care plan.

(13) 'Participating provider' means a health care provider who has entered into a direct contract with a carrier for the delivery of emergency medical care to covered persons under a managed care plan.

(15) 'Surprise bill' means a bill to a patient after elective medical care where an unanticipated event results in the provision of services by an out-of-network provider.

(16) 'Usual and customary cost' means the charges routinely billed by the provider for its professional services regardless of the payor involved and before any discounts that are applied pursuant to charity or indigent patient charge policies or insurance carrier contracting discounts.

center owned by the physician for the patient at least 48 hours prior to the provision of services where possible. Such information may be provided by publication on the provider's website.

(b) Where an unanticipated event causes a change in the providers of radiology, anesthesiology, pathology, or other services, the physician shall be held harmless for any resulting bills from such provider or providers.

(c) A hospital shall establish, update, and make public through posting on the hospital's website, to the extent required by federal guidelines, a list of the hospital's standard charges for items and services provided by the hospital, including for diagnosis related groups established under Section 1886(d)(4) of the federal Social Security Act.

(d) A hospital shall post on the hospital's website:

(1) The health benefit plans in which the hospital is a participating provider;

(2) A statement that physician services provided in the hospital are not included in the hospital's charges, that physicians who provide services in the hospital may or may not participate with the same health benefit plans as the hospital, and that the prospective patient should check with the physician arranging for the hospital services to determine the health benefit plans in which the physician participates; and

(3) As applicable, the name, mailing address, and telephone number of the physician groups with which the hospital has contracted to provide services, including anesthesiology, pathology, and radiology, and instructions on how to contact these groups to determine the health benefit plan participation of the physicians in such groups.

(e) In registration or admission materials provided in advance of nonemergency hospital services, a hospital shall:

(1) Advise the patient or prospective patient to check with the physician arranging the hospital services to determine:

(A) The name or practice name, mailing address, and telephone number of any other physician whose services will be arranged for by the physician; and

(B) Whether the services of physicians who are employed or contracted by the hospital to provide services, including anesthesiology, pathology, and radiology, are reasonably anticipated to be provided to the patient; and

(2) Provide patients or prospective patients with information on how to timely determine the health benefit plans in which the physicians participate who are reasonably anticipated to provide services to the patient at the hospital, as determined by the physician arranging the patient's hospital services, and who are employees of the hospital or contracted by the hospital to provide services, including anesthesiology, pathology, and radiology.

(f) Unknown or unanticipated services are not subject to the requirements of this Code section.

33-20E-4.

(a) An insurer shall provide to an enrollee:

(1) Information that an enrollee may obtain a referral to a health care provider outside

of the insurer's network or panel when the insurer does not have a health care provider who is geographically accessible to the enrollee and who has appropriate training and experience in the network or panel to meet the particular health care needs of the enrollee and the procedure by which the enrollee can obtain such referral;

(2) Notice that the enrollee shall have direct access to primary and preventive obstetric and gynecologic services, including annual examinations, care resulting from such annual examinations, and treatment of acute gynecologic conditions, or for any care related to a pregnancy, from a qualified provider of such services of her choice from within the plan;

(3) All appropriate mailing addresses and telephone numbers to be utilized by enrollees seeking information or authorization;

(4) A monthly updated listing by specialty, which may be in a separate document, of the name, address, and telephone number of all participating providers, including facilities, and in the case of physicians, the board certification, languages spoken, and any affiliations with participating hospitals. The listing shall also be posted on the insurer's website, and the insurer shall update the website within 15 days of the addition or termination of a provider from the insurer's network or a change in a physician's hospital affiliation;

(5) Where applicable, a description of the method by which an enrollee may submit a claim for health care services;

(6) With respect to out-of-network coverage:

(A) A clear description of the methodology used by the insurer to determine reimbursement for out-of-network health care services;

(B) The amount that the insurer will reimburse under the methodology for out-of-network health care services set forth as a percentage of the usual and customary cost for out-of-network health care services;

(C) Examples of anticipated out-of-pocket costs for frequently billed out-of-network health care services; and

(D) Notice that the patient may be responsible for the balance of the out-of-network provider's fee if the rate paid by the plan is below the provider's billed amount;

(7) Information in writing and through an Internet website that reasonably permits an enrollee or prospective enrollee to estimate the anticipated out-of-pocket costs for out-of-network health care services in a geographical area or ZIP Code based upon the difference between the amount that the insurer will reimburse for out-of-network health care services, the patient's MBS, and the usual and customary cost for out-of-network health care services;

(8) The written application procedures and minimum qualification requirements for health care providers to be considered by the insurer; and

(9) Other information as required by the Commissioner.

(b) An insurer shall furnish an explanation of benefits to an out-of-network provider within 30 days of receiving a bill from the insured or directly from the out-of-network provider. The explanation of benefits shall conspicuously indicate whether the health care plan coverage for the patient is subject to the requirements of this chapter, or

otherwise preempted under 29 U.S.C. Section 1144(a) as a self-funded employee welfare plan regulated under the federal Employee Retirement Income Security Act of 1974, 29 U.S.C. Section 1002(1).

(c) An insurer shall disclose whether a health care provider scheduled to provide a health care service is an in-network provider and, with respect to out-of-network coverage, disclose the approximate dollar amount that the insurer will pay for a specific out-of-network health care service. Insurers shall also inform an enrollee through such disclosure that such approximation shall not be binding on the insurer and that the approximate dollar amount that the insurer shall pay for a specific out-of-network health care service may change.

(d) Where services have been precertified or preauthorized by an insurer, the insurer shall guarantee coverage of such services at the usual and customary cost regardless of any changes of network status following the precertification or preauthorization.

(e) Where an insurer fails to adequately and correctly keep its directory pursuant to Code Section 33-20C-2 and such failure results in the unanticipated provision of out-network services, the insurer shall compensate the provider at the provider's usual and customary cost or MBS, whichever is less.

(f) Where a delay in the credentialing of a provider causes the service to be deemed out-of-network, the insurer shall compensate the provider at the provider's full rate at no expense to the patient.

33-20E-5.

(a) Notwithstanding any provision of law to the contrary, a carrier that provides any benefits to covered persons with respect to emergency medical care shall pay for such emergency medical care:

(1) Without the need for any prior authorization determination and without any retrospective payment denial for services rendered; and

(2) Regardless of whether the health care provider furnishing emergency medical care is a participating provider with respect to emergency medical care.

(b) In the event a covered person receives emergency medical care by a nonparticipating provider, the nonparticipating provider shall bill the carrier directly and the carrier shall directly pay, within 15 days for electronic claims and 30 days for paper claims, the nonparticipating provider as coded, with first dollar coverage, for the emergency medical care rendered to the covered person by the lesser of:

(1) The nonparticipating provider's actual billed charges; or

(2) The minimum benefit standard. The charges shall be tied to 2017 charges and may be adjusted for inflation according to the Consumer Price Index for medical care or another indicator as determined by the department. Such data base shall be accessible to providers without charge.

Payment shall be made without retrospective denials and without deductions for the plan's coinsurance, copayments, and deductibles. The carrier shall collect any required coinsurance, copayments, deductibles, or other patient financial responsibilities directly from the covered person pursuant to the provisions of the managed care plan contract.

Patient responsibility is limited to the in-network payment as required under the managed care plan contract.

(c) A managed care plan shall not deny benefits for emergency medical care previously rendered, based upon a covered person's failure to provide subsequent notification in accordance with plan provisions, where the covered person's medical condition prevented timely notification.

(d) In the event a covered person receives emergency medical care by a nonparticipating provider, once such covered person is stabilized, as required by the federal Emergency Medical Treatment and Active Labor Act, the carrier shall arrange for transfer of the covered person to a participating provider at the carrier's cost. If the carrier fails to transfer such covered person within 24 hours after the covered person is stabilized, the carrier shall pay the entirety of the nonparticipating provider's charges for the care of the covered person thereafter in accordance with the payment criteria provided in subsection (b) of this Code section.

(e) Carriers shall not communicate or include in written form false, misleading, or confusing information in their explanation of benefits to patients or guarantors regarding usual and customary costs, balance billing, or mediation disputes between physicians and carriers.

(f) For purposes of an enrollee's financial responsibilities, the health care plan shall treat the health care services the enrollee receives from an out-of-network provider pursuant to this Code section as if the services were provided by an in-network provider, including counting the enrollee's cost sharing for such services toward the enrollee's deductible and maximum out-of-pocket limit applicable to services obtained from in-network providers under the health care plan.

33-20E-6.

No managed care plan shall deny or restrict in-network covered benefits to a covered person solely because the covered person obtained treatment outside the network. Notice of such protection shall be provided in writing to the covered person by the carrier.

33-20E-7.

(a)(1) A managed care plan contract issued, amended, or renewed on or after July 1, 2018, shall provide that if a covered person receives emergency medical care from a nonparticipating provider at either an in-network facility or an out-of-network facility, such covered person shall not be required to pay more to the carrier than the same amount that the covered person would have to pay to the carrier for the same emergency medical care received from a similar participating provider at a similar in-network facility. Such amount shall be referred to as the 'in-network cost-sharing amount.'

(2) Neither a nonparticipating provider nor a participating provider shall bill or collect any amount from the covered person for emergency medical care subject to paragraph (1) of this subsection. Coinsurance, copayments, and deductibles shall be

collected by the carrier, and first dollar coverage shall be paid by the carrier directly to the provider in a timely manner, as coded and billed, and without retrospective denials.

(b) A managed care plan contract issued, amended, or renewed on or after July 1, 2018, shall provide that, if a covered person receives emergency medical care from a nonparticipating provider, any cost-sharing amount attributable to an out-of-network deductible shall be applied to such covered person's in-network deductible.

33-20E-8.

(a) A violation of this chapter by a carrier shall be considered an unfair trade practice under Article 1 of Chapter 6 of this title and shall be subject to penalties as determined by the department.

(b) This Code section shall not apply to any health care provider or emergency medical provider.

33-20E-9.

(a) Where a patient obtains elective medical care and an unexpected event arises resulting in a surprise bill to a patient, mediation shall be available from the department where the resulting bill to the patient is greater than \$1,000.00. Surprise bills under such threshold shall not qualify for mediation under this subsection, provided that:

(1) Participants in such a mediation shall include the patient or the patient's authorized representative, the insurer, and the provider of the care resulting in the bill to the patient;

(2) Patients shall submit accurate and complete health insurance information prior to receiving services;

(3) Where possible, mediation shall occur by teleconference;

(4) In determining appropriate payment, the Gould Standard shall be taken into account by the parties involved; and

(5) Costs not specific to any one party shall be shared evenly among all parties to the mediation.

(b) The department shall develop rules in accordance with the requirements of this Code section."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 3 of Title 44 of the Official Code of Georgia Annotated, relating to regulation of specialized land transactions, is amended by revising subsection (d) of Code Section 44-3-109, relating to lien for assessments, personal obligation of unit owner, notice and foreclosure, lapse, right to statement of assessments, and effect of failure to furnish statement, as follows:

~~"(d)(1) Any unit owner, mortgagee of a unit, person having executed a contract for the purchase of a condominium unit, or lender considering the loan of funds to be secured by a condominium unit shall be entitled upon request to a statement from the association or its management agent setting forth the amount of assessments past due and unpaid together with late charges and interest applicable thereto against that condominium unit. Such request shall be in writing, shall be delivered to the registered office of the association, and shall state an address to which the statement is to be directed. Failure on the part of the association to mail or otherwise furnish such statement regarding amounts due and payable at the expiration of such five day period with respect to the condominium unit involved to such address as may be specified in the written request therefor within five business days from the receipt of such request shall cause the lien for assessments created by this Code section to be extinguished and of no further force or effect as to the title or interest acquired by the purchaser or lender, if any, as the case may be, and their respective successors and assigns, in the transaction contemplated in connection with such request. The information specified in such statement shall be binding upon the association and upon every unit owner. Payment of a fee not exceeding \$10.00 may be required as a prerequisite to the issuance of such a statement if the condominium instruments so provided. Within ten business days after receiving a written or electronic request for a statement of account from a unit owner or the unit owner's designee, a mortgage lender, or a mortgagee of a unit or the designee of such mortgagee of a unit, the association shall issue a statement of account. Such request shall be considered received at the time it is sent if it is transmitted by electronic means or by hand delivery; within three days if transmitted by first-class mail; and upon delivery if transmitted by statutory overnight delivery. An association shall designate on its website or otherwise publish the name of a person or entity with a street or email address for receipt of a request for such statement of account. A statement of account shall be delivered by e-mail, electronic download, hand delivery, regular mail, or statutory overnight delivery to the requester on the date of the issuance of the statement of account.~~

~~(2) A statement of account shall be completed by an officer, authorized agent, or authorized representative of the association, including any authorized agent, authorized representative, or employee of a management company authorized to~~

complete such statement of account on behalf of the board or association. A statement of account shall contain all of the following information regarding the property for which the transaction is to occur:

(A) Date of issuance;

(B) Name of the unit owner or owners as reflected in the books and records of the association;

(C) Unit designation and address;

(D) Attorney's name and contact information if the account is delinquent and has been turned over to an attorney for collection;

(E) Fee for the preparation and delivery of the statement of account;

(F) Name of the requester;

(i) The amount of the regular periodic assessment levied against the unit and the frequency of payment;

(ii) The date through which the regular periodic assessment has been paid;

(iii) The due date for the next installment of the regular periodic assessment and the amount due;

(iv) An itemized list of all assessments, special assessments, and other moneys owed to the association on the date of issuance by the unit owner for a specific unit; and

(v) An itemized list of any additional assessments, special assessments, and other moneys that are scheduled to become due for each day after the date of issuance for the effective period of the statement of account. In calculating the amount that is scheduled to become due, the association shall assume that any delinquent amount will remain delinquent during the effective period of the statement of account; and

(H) The signature of an officer or authorized agent of the association.

(3) Upon request, the following additional information shall be provided:

(A) Any open violation of any rule or regulation notice to the unit owner in the association's official records;

(B) A list of and contact information for all other associations of which the unit owner is a member by virtue of ownership of the unit;

(C) A copy of the current covenants and bylaws of the association and a copy of the rules and regulations adopted by the association;

(E) Assigned parking or garage space number, as reflected in the books and records of the association, as applicable.

(4) A statement of account that is hand delivered or sent by electronic means shall have a 30 day effective period. A statement of account that is sent by regular mail or statutory overnight delivery shall have a 35 day effective period. If additional information is needed or a mistake related to the statement of account becomes known

to the association or its agent within the effective period, an amended statement of account may be delivered and become effective provided that a sale or refinancing of the unit has not been completed during the effective period. An amended statement of account shall be delivered on the date of issuance and a new 30 day or 35 day effective period, as applicable, shall begin on such date.

(5) An association shall waive the right to collect any moneys owed in excess of the amount specified in the statement of account from any person who in good faith relies upon such statement of account and from the person's successors and assigns. Any person other than a unit owner who relies on a statement of account shall receive the benefits and protection thereof.

(6) The association or its agent's failure to:

(A) Furnish a statement of account as requested and in accordance with this subsection shall result in the association's forfeiture of its fee for the preparation and delivery of the statement of account; and

(B) Disclose the correct amount of an assessment, a special assessment, or other moneys owed to the association shall result in the loss of any obligation of a buyer to pay the undisclosed sum due and loss of the lien right for the incorrect reported assessment, special assessment, or other money owed to the association.

(7)(A) An association or its authorized agent may charge a reasonable fee for the preparation and delivery of a statement of account which shall not exceed \$100.00. When additional information is requested as provided in paragraph (3) of this subsection, the association or its authorized agent may charge an additional fee not to exceed \$50.00. If an amended statement of account is requested, an association or its authorized agent may charge a fee of not more than \$25.00 for such amended statement of account.

(B) The fees specified in this paragraph shall be adjusted every five years by the total percentage of inflation or deflation during such five-year period, as determined by the Consumer Price Index for all urban consumers, U.S. city average, all items, as published by the Bureau of Labor Statistics of the United States Department of Labor, in increments to the nearest dollar."

Failure on the part of the association, within five business days from the receipt of such request, to mail or otherwise furnish such statement regarding amounts due and payable at the expiration of such five-day period with respect to the lot involved to such address as may be specified in the written request therefor shall cause the lien for assessments created by this Code section to be extinguished and of no further force or effect as to the title or interest acquired by the purchaser or lender, if any, as the case may be, and their respective successors and assigns, in the transaction contemplated in connection with such request. The information specified in such statement shall be binding upon the association and upon every lot owner. (a) A political subdivision shall not be certified as a broadband ready community unless such political subdivision enacts an ordinance for reviewing applications and issuing permits related to broadband network projects that provides for all of the following:

- (1) Appointing a single point of contact for all matters related to a broadband network project;
- (2) Requiring such political subdivision to determine whether an application is

complete and notifying the applicant about such determination in writing within a certain time period after receiving such application; provided, however, that any delay in the processing of an application that is outside the control of such political subdivision and that is directly caused by or attributable to a natural disaster, a state of emergency, a mandated federal review or approval, the receipt of multiple applications by the same or different applicants within a relatively short period of time, another political subdivision's review or approval, or through fault of the applicant shall not count toward the days allotted within such time period;

(3) If the political subdivision receives an application that is incomplete, requiring the written notification provided for under paragraph (2) of this subsection to specify in detail the required information that is incomplete;

(7) Any other information or specifications as may be required by the department by rules and regulations related to ensuring ready access to the public rights of way and infrastructure.

(b) The department, with input from broadband services providers and local governments, shall develop a model ordinance for the review of applications and the issuance of permits related to broadband network projects that complies with subsection (a) of this Code section that may be enacted by a political subdivision.

(c) If a political subdivision enacts an ordinance that differs from the model ordinance developed by the department, the political subdivision shall, when applying for certification under Code Section 50-39-40, provide the department with a written statement that describes the ordinance enacted by such political subdivision and how such ordinance differs from the model ordinance.

(d) After certification of a political subdivision as a broadband ready community, the department shall continue to monitor such political subdivision's compliance with the broadband ready community eligibility requirements provided in subsection (a) of this Code section to ensure that the ordinance is still in effect and that such political subdivision's actions are in conformance with such ordinance.

(2) Imposes a moratorium of any kind on the approval of applications or issuance of permits for broadband network projects or on construction related to broadband network projects;

(3) Discriminates among broadband services providers with respect to any action described in this article or otherwise related to a broadband network project, including granting access to public rights of way, infrastructure and poles, river and bridge crossings, or any other physical assets owned or controlled by such political subdivision; or

(4) As a condition for approving an application or issuing a permit for a broadband network project, requires the applicant to:

(A) Provide any service or make available any part of the broadband network project to such political subdivision; or

(B) Except for reasonable and cost based fees allowed, make any payment to or on behalf of such political subdivision.

50-39-43.

(a) Upon the request of a broadband services provider, the department may decertify a political subdivision as a broadband ready community if such political subdivision fails to act in accordance with the ordinance required for certification under Code Section 50-39-41, modifies such ordinance so that such ordinance no longer complies with subsection (a) of Code Section 50-39-41, or violates any provision of Code Section 50-39-42.

(b) Upon a complaint that an application fee under an ordinance required for certification under Code Section 50-39-41 is unreasonable, the department shall determine whether or not such fee is reasonable. In the proceeding for making such determination, the political subdivision shall have the burden of proving the reasonableness of any action undertaken by such political subdivision as part of the application process and the reasonableness of the costs of such actions.

50-39-44.

A broadband network project targeting industry development or construction of a new building for which a political subdivision that has been certified as a broadband ready community under Code Section 50-39-40 is seeking financing from the OneGeorgia Authority, as provided for in Chapter 34 of this title, shall be given priority by the OneGeorgia Authority.

50-39-45.

The department shall promulgate any reasonable and necessary rules and regulations to effectuate the provisions of this article.

ARTICLE 450-39-60.

As used in this article, the term 'broadband services' means the provision of access to the Internet or computer processing, information storage, or protocol conversion.

Such program shall designate facilities and developments that offer broadband services at a rate of not less than 1 gigabit per second in the downstream and the upstream direction to end users that can be accessed for business, education, health care, government, and other public purposes as a Georgia Broadband Ready Community Site.

50-39-62.

(a) The Department of Community Affairs or its designated agents shall evaluate the information submitted by applicants for designation as a Georgia Broadband Ready Community Site to confirm, based on the best available local, state, and federal broadband information, that at least 1 gigabit of broadband services is available within the facility or development.

(b) The Department of Economic Development shall promote the Georgia Broadband Ready Community Site Designation Program and shall promote the facilities and developments so designated as local community assets. Upon certification of a facility or development as a Georgia Broadband Ready Community Site, the Department of Community Affairs shall notify the Department of Economic Development so that the Department of Economic Development may provide standardized graphics and materials to the owner or owners of such facility or development and the county or municipal corporation in which such facility or development is located in order to promote the status of the site as a Georgia Broadband Ready Community Site.

50-39-63.

The Department of Community Affairs shall be authorized to adopt and promulgate such rules and regulations as may be reasonable and necessary to carry out the purposes of this article.

ARTICLE 550-39-80.

The General Assembly recognizes that access to broadband services in today's society is essential to everyday life. Access to broadband services is a necessary service as fundamental as electricity, gas, or phone service. There is a growing need for the

government of this state to provide the much needed infrastructure to the homes and businesses without access to broadband services due to their location in rural and other unserved areas. Furthermore, the General Assembly finds and declares that ensuring broadband services deployment will have a positive effect on education, health care, public safety, business and industry, government services, and leisure activities throughout the entire state. The General Assembly also finds and declares that guaranteeing an equitable deployment of broadband services throughout the state is a public necessity, one of the basic functions of government, and a benefit to the entire state. Moreover, the General Assembly finds and declares that it is in the best interest of the state and the persons who live and work in the state to spend state funds through the establishment of a grant program to ensure the creation of a state-wide foundation of broadband services infrastructure in unserved areas of the state.

50-39-81.

(a) On or before July 1, 2019, the Department of Community Affairs shall develop the 'Georgia Broadband Deployment Initiative' to provide funding to qualified broadband providers that request the least amount of money to offer broadband services in unserved areas of the state. The goal of such program shall be to provide broadband services coverage throughout the entire state. The grants awarded as a part of such program shall reflect the state's share of the cost of the deployment of broadband services to unserved areas as authorized by this article. Such grants shall be subject to the availability of appropriations for the Georgia Broadband Deployment Initiative as may be expressly provided by the General Assembly together with such other funds as may be available from any public or private sources including, but not limited to, funds through the 'OneGeorgia Authority Act' and the Georgia Environmental Finance Authority. The amount of any grant awarded shall be reasonably related to the qualified broadband provider's expenses of the deployment of broadband services. The grants awarded shall be used by the qualified broadband services provider only for capital expenses and expenses directly related to the purchase or lease of property or communications services or facilities, including without limitation backhaul and transport, to facilitate the provision of broadband services.

(b) The department may use a request for proposal process in soliciting proposals from qualified broadband providers and may also accept proposals from qualified broadband providers through an open proposal process pursuant to established criteria. Qualified broadband providers may submit solicited or unsolicited proposals, as may be applicable, for one or more contiguous unserved areas in which such qualified broadband providers are seeking to deploy broadband services; provided, however, that the department shall seek competing proposals for any unsolicited proposal received. Such proposals shall be evaluated and scored on the basis of criteria consistent with this article and other factors established by the department; provided, however, that the department shall not discriminate between different types of technology used to provide broadband services if such broadband services are each capable of transmitting data at the rates specified for each unserved area. The department shall consider the applicant's

prior performance under a grant, if applicable.

(c) The program shall consist of a minimum of five rounds of grants, one each year for five years. The department shall be authorized to extend the program for more than five years if unserved areas still exist in the state. The grants may be awarded for a project that includes more than one unserved area, provided that such unserved areas are contiguous.

(d) The first round of grants shall be awarded when moneys are appropriated or grants or other funds are received to fund such awarding of the grant program.

(e) Qualified broadband providers submitting proposals shall receive priority if such proposals to provide broadband services:

(1) Include a proposed system design that is scalable to higher broadband speeds in the future;

(2) Include elements of cooperation with or broadband services enhancement for businesses; industrial parks; education centers; hospitals and other health care facilities, such as telehealth facilities and emergency care facilities; government buildings; public safety departments; or other providers of public services;

(3) Expand broadband services in an unserved area with a lower nonmilitary population than other unserved areas in the state;

(4) Include an unserved area certified as a broadband ready community as provided in Article 3 of this chapter;

(5) Include a monetary investment in the unserved areas in the proposal that is equal to or greater than the amount of money requested in such proposal, whether or not such investment is made solely by such qualified broadband provider or by such qualified broadband provider in conjunction with one or more local governments, one or more commercial or industrial entities, or any combination thereof; or

(6) If the qualified broadband provider cooperates with the Department of Community Affairs in providing information requested by the department, pursuant to subsections (c) and (d) of Code Section 50-39-2, as applicable, in order to develop map or make the determination as to the percentage of locations to which broadband services are not available.

(f) As part of the proposal process any qualified broadband provider submitting a proposal shall be required to disclose whether such qualified broadband provider is required under any federal law, rule, or regulation to provide broadband services to any of the unserved areas for which such proposal is submitted and whether any grants or other funding from the federal government, the state, or a local government to provide broadband services to any portion of such unserved area have been received by such qualified broadband provider.

(g) The department shall not discriminate between different types of technology used to provide broadband services nor shall the department condition the award of any grant to specific requirements related to the qualified broadband provider's management of its broadband network project.

(h) The department shall establish the criteria for determining proposal eligibility and any grant terms and conditions that are reasonable and necessary to ensure that the

grant funds are utilized to provide broadband services to the unserved areas for which the grants are awarded; provided, however, that any qualified broadband provider receiving a grant under this article shall be required to agree:

- (1) Not to charge more for broadband services to customers in any unserved area for which it receives a grant than it does for the same or similar broadband services to customers in other areas of the state;
 - (2) To serve 96 percent of any locations requesting broadband services in any unserved area for which it receives a grant;
 - (3) To meet or exceed in any unserved area for which it receives a grant a minimum level of dependable service as established by the department;
 - (4) That its plan to provide broadband services shall be substantially completed within the time period specified in the grant proposal; and
 - (5) To provide a performance bond payable to, in favor of, and for the protection of the state that meets the performance bond qualifications established by the department.
- (i) In addition to the requirements and considerations provided in subsections (e), (f), and (g) of this Code section, the department shall evaluate proposals based on upstream and downstream speeds to end users, data cap limits, signal latency, reliability of the technology utilized, historic service issues in other areas served by the qualified broadband provider, and the length of time it will take to deploy the broadband services in the unserved area.
- (j) The department shall condition the release of any grant funds upon the substantial completion, as determined by the department, of the proposed broadband services deployment and upon confirmation of the level of service proposed in the grant proposal as demonstrated by operational testing. Once the grant funds have been released, the qualified broadband provider shall have ownership and control of the broadband network project built with such funds.

50-39-82.

The department shall ensure that the grant program complies with all applicable federal laws and rules and regulations of the Federal Communications Commission.

50-39-83.

- (a)(1) On June 30, 2019, and on each June 30 thereafter, the Department of Community Affairs shall submit a report to the Lieutenant Governor, the Speaker of the House of Representatives, and the Governor on the program's progress in achieving the purposes of this article, including, at a minimum the status of any funded grant proposals and the number, amounts, and recipients of grants awarded. Such report may be a part of or submitted in conjunction with the report required to be submitted by the Georgia Technology Authority pursuant to Code Section 50-39-2.
- (2) The report required under paragraph (1) of this subsection shall be published on the website of the Department of Community Affairs.
- (b) The state auditor, on a periodic basis, but no less often than once every three years,

shall conduct a performance audit of the grant program to examine and determine the program's economy, efficiency, and effectiveness and to provide an accounting of the funds of the grant program. The state auditor shall provide an audit report to the Lieutenant Governor, the Speaker of the House of Representatives, and the Governor by December 31 of the year in which the audit was conducted.

50-39-84.

The Department of Community Affairs shall promulgate and enforce any reasonable and necessary rules and regulations to effectuate the provisions of this article.

SUBJECT: Actuarial Investigation
House Bill 571 (LC 43 0646)
Magistrates Retirement Fund of Georgia

Dear Chairman Battles:

This bill would amend provisions relating to retirement benefits under the Magistrates Retirement Fund. Specifically, this bill would suspend the membership of any member whose dues payments are in arrears for 90 days. Such member would only be authorized to apply for reinstatement in the Fund during the first 30 days of his or her next full term in office. Additionally, this bill would provide for the election of survivor's benefits, along with the revocation of such benefits in the event of death or divorce. Furthermore, this bill would authorize retired members to continue receiving benefits if they become employed as a full-time or part-time magistrate. Current provisions require the Board to suspend benefits during such time of employment.

This legislation would not result in any additional cost to the Magistrate Retirement Fund of Georgia since no assumptions are made regarding the suspension of members from participation in the Fund or the reemployment of retired members. Furthermore, benefits would be adjusted actuarially for members who elect survivor's benefits or revoke such benefits due to death or divorce. The estimate is based on current member data, actuarial assumptions, and actuarial methods. It should be noted that changes in any of these variables could affect the cost of this legislation. Any future costs would be paid through fees collected from civil matters or proceeds that are filed in a magistrate court. It should also be noted that this legislation may encourage active eligible members to retire earlier than they would otherwise and seek reemployment as a magistrate after they begin receiving benefits. If this legislation changes future retirement patterns, there could potentially be a cost impact on the Fund.

The following is a summary of the relevant findings of the actuarial investigation for this bill pursuant to a request by the House Retirement Committee. The investigation was to be conducted according to O.C.G.A. §47-20-36, which outlines the factors to be considered in an actuarial investigation. The figures are based on employee data and the most recent actuarial assumptions and methods.

(1)	The amount of the unfunded actuarial accrued liability which will result from the bill.	\$ <u>0</u>
(2)	The amount of the annual amortization of the unfunded actuarial accrued liability which will result from the bill.	\$ <u>0</u>
(3)	The number of years that the unfunded actuarial accrued liability created by this bill would be amortized.	<u>N/A</u>
(4)	The amount of the annual normal cost which will result from the bill.	\$ <u>0</u>
(5)	The employer contribution rate currently in effect.	<u>Fees collected from civil matters and proceedings filed in a magistrate court</u>
(6)	The employer contribution rate recommended (in conformity with minimum funding standards specified in Code Section §47-20-10).	<u>Fees collected from civil matters and proceedings filed in a magistrate court</u>
(7)	The total dollar amount of the increase in the annual employer contribution which is necessary to maintain the retirement system in an actuarially sound condition.	\$ <u>0</u>

It should be noted that any subsequent changes in the retirement bill will invalidate the actuarial investigation and the findings included therein.

Respectfully,

/s/ Greg S. Griffin
State Auditor

Honorable Jay Powell
Chairman, House Ways and Means

SUBJECT: Fiscal Note
House Bill 696 (LC 43 0923S)

Dear Chairman Powell:

The bill would create a sales tax exemption for high technology data center (HTDC) equipment. A qualified HTDC must result in an investment of at least \$250 million over ten years and meet other criteria as noted in the appendix. The provisions would be effective for expenditures between July 1, 2018 and June 30, 2028.

Any estimate of revenue impact is dependent on the number and size of eligible HTDCs that locate in Georgia. Georgia State University's Fiscal Research Center (FRC) estimated the fiscal impact for a range of new HTDC activity. In FY 2020, the first year of the bill's full effect, FRC estimated a \$15.2 million reduction in state revenue and \$11.4 million reduction in local revenue (Table 1). The high estimate assumes a "hyperscale" HTDC locates every year and smaller scale qualifying projects locate in FY

2021-2023. The lower estimate assumes a “hyperscale” project in FY 2019 and FY 2020 and smaller scale projects locating in subsequent years. Details of the analysis are in the attached appendix.

Table 1. Estimated State and Local Revenue Loss

(\$ millions)	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023
State Revenue Effects:					
High	\$7.6	\$15.2	\$19.1	\$15.6	\$17.1
Low	\$7.6	\$15.2	\$11.5	\$8.0	\$8.2
Local Revenue Effects:					
High	\$5.7	\$11.4	\$14.3	\$11.7	\$12.8
Low	\$5.7	\$11.4	\$8.6	\$6.0	\$6.2

Impact on Expenditures

The bill would not result in significant new expenditures by the Department of Revenue.

Sincerely,

/s/ Greg S. Griffin
State Auditor

Analysis by the Fiscal Research Center

The proposed substitute bill requires that the HTDC meet certain criteria to qualify for the exemption, including in particular a minimum investment threshold of \$250 million in aggregate expenditures in the state on HTDC equipment over the 10-year period that the exemption is available. An HTDC is defined to mean “a facility, campus of facilities, or array of interconnected facilities in the state that is developed to power, cool, secure, and connect its own equipment or the computer equipment of [HTDC] customers” and also meets the minimum investment threshold. Any otherwise qualified equipment that is or will be the subject of a property tax abatement would not be eligible for this exemption, and any equipment that qualifies for any other sales tax exemption – e.g. the computer equipment exemption under O.C.G.A. §48-8-3(68) – would not count toward the minimum investment threshold.

Various structural, infrastructure/systems, and other qualifying specifications included in previous versions of HB 696, such as roof wind rating and cooling system technology requirements, or the offering of denial of service mitigation services, are not included in this version. HTDC equipment is defined to include computer equipment as that term is defined in O.C.G.A. §48-8-3(68), and all “materials, components, machinery, hardware, software, or equipment” used to create, operate or protect the data center, or to generate

or deliver power, environmental conditioning, and telecommunications services in the data center. Thus, the exemption would apply to substantially all tangible personal property used to build, operate, or maintain the HTDC, provided it is not or will not be receiving a property tax abatement.

Note, however, that computer equipment sold to companies classified under certain technology-related NAICS codes is already exempt from sales tax under O.C.G.A. §48-8-3(68) without the proposed new exemption. Among those NAICS codes are ones that arguably encompass some or all HTDCs, e.g. 541513 Computer Facilities Management and 541513 Other Computer Related Services. NAICS codes are classifications of convenience for statistical purposes of government agencies and others, and larger enterprises, in particular, may operate under many NAICS classifications at the same time or over time. Thus it is assumed that any given HTDC qualifying for the proposed exemption would also qualify for the existing exemption for the computer equipment installed in the center. The effect of the proposed exemption would be to extend the exemption to materials and non-computer equipment used in the construction, operation, or maintenance of the HTDC. Unlike previous versions of the bill, as noted above, this version clarifies that equipment receiving another exemption from sales tax would not be counted toward meeting the \$250 million minimum investment threshold.

The language of the bill also provides the exemption to the customers of a HTDC, as well as to the owner or operator of the HTDC, for equipment to be installed or used at the HTDC. Thus, computers or other eligible equipment owned by lessees of HTDC space, including those that are not themselves high-technology businesses eligible for the existing computer equipment exemption, would be made eligible for exemption under the proposed bill, increasing the revenue impact. This equipment would apply toward the minimum investment threshold regardless of ownership. Unfortunately, it is not possible at this time to estimate the amount of such computer or other equipment that is otherwise not currently exempt, but would be made eligible by the proposed bill.

Finally, the bill also provides for a bonding requirement under which the posted bond (\$20 million face amount) is subject to forfeiture in the event the project does not reach the minimum investment threshold within the allowed time, the HTDC is subject to bankruptcy proceedings, or any tangible personal property that receives the proposed exemption also at any time receives a property tax abatement. It is not possible at this time to determine how this provision of the bill might impact the projected revenue losses or how much of the projected losses might later be recovered.

Data Center Industry Overview

The types of data centers likely to meet the investment threshold are large-scale centers such as those being built by or for firms offering colocation, cloud storage and hosting, and similar services including, for example, well-known names like AT&T, Apple Computer, Google, Microsoft, Amazon Web Services, and Oracle. A host of other data

center owners and operators are less well-known, but also actively expanding, including several that are structured as Real Estate Investment Trusts to develop, own, and lease data center space to service-providers like those listed above as well as to any other business enterprise in need of data center space. Among the largest of these are Digital Realty Trust, Equinix, Switch, CyrusOne, Stream Data Centers, T5 Data Centers, CloudHQ, and QTS Data Centers, which owns and operates in Atlanta the ninth largest US data center as of 2016, according to Site Selection Group. Finally, some of the firms listed above (e.g. Amazon and Google), as well as others, have a large digital presence in their core businesses and thus have been building networks of data centers to meet their own internal needs. Recently, a number of firms, including but not limited to three of those listed above, have announced plans to develop or expand data center campuses in Georgia.

There are currently an estimated 1,444 data centers operating in the US and 49 in Georgia, according to Wired Real Estate Group, though most of these are enterprise data centers or others that, if built today, would be unlikely to meet the investment threshold or other requirements for the HTDC exemption. According to Site Selection Group, the Atlanta metro area ranked as the tenth largest data center market in the US in 2015, while Cushman & Wakefield ranks it as the eighth fastest-growing US market in 2016.

New data centers or expansion projects most likely to qualify for the HTDC exemption are what the industry often refers to as “hyperscale” data centers, defined as such more by their architecture and scalability than by size, but tending to be very large in terms of space and energy-handling capacity. Industry news and research publisher Datacenter Dynamics estimates that there were 300 hyperscale data centers globally as of December 2016, up from 259 in 2015, with 135 of those facilities in the US, 45 percent of the total. Networking equipment company Cisco projects 485 hyperscale data centers globally by 2020, which would imply at least 59 new centers in the US alone over four years, or nearly 15 per year, if it maintains only a 40% percent share.

Some examples of hyperscale projects built in recent years or announced in recent months are provided below:

- Switch – Douglas County, GA
 - 1 million sq. ft.
 - \$2.5 billion
 - 100 percent powered by renewable energy sources
- CyrusOne – Chandler, AZ (Chandler I-V)
 - 641k sq. ft. in five phases starting 2011, last two to be completed 2017
 - Critical load capacity of 54MW
 - Total investment ~\$321 million for buildings and improvements* (Chandler V includes powered shell only)

- Dupont Fabros (now Digital Realty) – Ashburn, VA (Ashburn Corporate Center #4-7)

A BILL TO BE ENTITLED
AN ACT

To amend Code Section 48-8-3 of the Official Code of Georgia Annotated, relating to exemptions from state sales and use taxes, so as to create an exemption for certain equipment to be incorporated or used in high-technology data centers; to provide for conditions of exemption; to provide for limitations and prohibitions; to provide for reporting; to provide for definitions; to provide for rules and regulations; to provide for related matters; to provide for an effective date, applicability, and automatic repeal; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Code Section 48-8-3 of the Official Code of Georgia Annotated, relating to exemptions from state sales and use taxes, is amended by adding a new paragraph to read as follows:

"(68.1)(A) For the period commencing on July 1, 2018, and ending on December 31, 2028, high-technology data center equipment to be incorporated or used in a high-technology data center that meets the high-technology data center minimum investment threshold and other conditions provided in this paragraph.

(B) Any person making a sale or lease of high-technology data center equipment shall collect the tax imposed on such sale by this article unless the purchaser furnishes such seller with a certificate issued by the commissioner certifying that such sale or lease is exempted pursuant to this paragraph.

(C)(i) The commissioner shall not issue a certificate of exemption from sales and use tax to a high-technology data center or high-technology data center customer as provided in this paragraph unless the commissioner makes a determination that the high-technology data center will more likely than not meet the high-technology data center minimum investment threshold.

(ii) The commissioner may require any information necessary to determine if such high-technology data center is in compliance with its investment budgeting plan to meet the high-technology data center minimum investment threshold.

(iii)(I) Within 60 days after the end of the seventh year following its exemption start date, a high-technology data center shall file a final report with the commissioner listing the expenditures incurred that count toward its minimum investment threshold, the number of new quality jobs created, and any other information that the commissioner may reasonably require to determine whether the high-technology data center has met the minimum investment threshold.

(II) If the commissioner determines that a high-technology data center failed to meet its high-technology data center minimum investment threshold, such high-technology data center shall be required to repay all taxes exempted or refunded pursuant to its certificate of exemption issued pursuant to this paragraph within 90 days after notification of such failure. Interest shall be due with such repayment at the rate specified in Code Section 48-2-40 computed from the date such taxes would have been due but for this exemption. Such repayment shall be calculated notwithstanding otherwise applicable periods of limitation for assessment of taxes under Code Section 48-2-49.

(iv)(I) As a condition precedent to the issuance of a certificate of exemption, the commissioner, at his or her discretion, may require a good and valid bond with a surety company authorized to do business in this state, in an amount fixed by the commissioner not to exceed \$20 million. The commissioner shall consider past performance and in-state investment when determining the value of the bond, if one is required.

(II) The bond that may be required by this division shall be forfeited and paid to

the general fund in an amount representing all taxes and interest required to be repaid pursuant to division (iii) of this subparagraph if the high-technology data center fails to meet the high-technology data center minimum investment threshold prior to the expiration of the seven-year period.

(v) The commissioner shall have the authority to revoke the certificate of exemption at any time he or she believes that the high-technology data center is not likely to meet its high-technology minimum investment threshold.

(vi) Each high-technology data center that has been issued a certificate of exemption pursuant to this paragraph shall provide a list of high-technology data center customers that are deploying high-technology data center equipment in its facility and shall notify the commissioner within 30 days of any change to the list.

(D)(i) The commissioner shall require annual reporting by the high-technology data center of the amount of taxes exempted under this paragraph, the number of new quality jobs, and the total payroll resulting from construction, maintenance, and operation in and on its facility during the preceding year.

(ii) The commissioner shall issue an annual report to the chairperson of the Senate Finance Committee and the chairperson of the House Committee on Ways and Means concerning the exemption allowed by this paragraph. Notwithstanding the confidentiality provisions of Code Section 48-2-15, such report shall include, for the prior calendar year for each high-technology data center issued a certificate of exemption pursuant to this paragraph, the amount of tax exempted and the number of new quality jobs created by each high-technology data center.

(E) The commissioner shall promulgate such rules and regulations as are necessary to implement the provisions of this paragraph.

(F) A high-technology data center shall not be entitled to claim any credit authorized under Code Sections 48-7-40 through 48-7-40.33 or Code Section 36-62-5.1 on its tax return if it has received a certificate of exemption from the commissioner pursuant to this paragraph. If a determination is made by the commissioner pursuant to division (iii) of subparagraph (C) of this paragraph that the high-technology data center must repay all taxes exempted or refunded pursuant to this paragraph, such high-technology data center may file amended income tax returns claiming any credit to which it would have been entitled under the foregoing Code sections but for having claimed the exemption under this paragraph.

(G) As used in this paragraph, the term:

(i) 'Exemption start date' means the date on or after July 1, 2018, chosen by the high-technology data center and indicated on its application filed on or after January 1, 2019, which begins the seven-year period during which the minimum investment threshold must be met. A refund claim must be filed for taxes paid on purchases qualifying for this exemption for any period on or after July 1, 2018, during which the high-technology data center has not yet applied for and received its certificate of exemption from the commissioner.

(ii) 'High-technology data center' means a facility, campus of facilities, or array of interconnected facilities in this state that is developed to power, cool, secure, and

connect its own equipment or the computer equipment of high-technology data center customers and that has an investment budget plan which meets the high-technology data center minimum investment threshold.

(iii) 'High-technology data center customer' means a client, tenant, licensee, or end user of a high-technology data center that signs at least a 36 month contract for service with the high-technology data center.

(iv) 'High-technology data center equipment' means computer equipment as defined in paragraph (68) of this Code section of a high-technology data center or such equipment of a high-technology data center customer to be used or deployed in the high-technology data center; and the materials, components, machinery, hardware, software, or equipment, including but not limited to, emergency backup generators, air handling units, cooling towers, energy storage or energy efficiency technology, switches, power distribution units, switching gear, peripheral computer devices, routers, batteries, wiring, cabling, or conduit, which equipment or materials are used to:

(II) Protect the high-technology data center equipment from physical, environmental, or digital threats; or

(III) Generate or provide constant delivery of power, environmental conditioning, air cooling, or telecommunications services for the high-technology data center.

Such term shall not include real property as defined in Code Section 48-8-3.2. A high-technology data center may not count high-technology data center equipment that it purchases or that is purchased by the high-technology data center customer and subsequently leased to another party more than once for purposes of satisfying the high-technology data center minimum investment threshold.

(v) 'High-technology data center minimum investment threshold' means the creation of 20 new quality jobs and:

(I) For high-technology data centers located in a county in this state having a population greater than 50,000 according to the United States decennial census of 2010 or any future such census, \$250 million in aggregate expenditures incurred over any consecutive seven-year period between July 1, 2018, and December 31, 2028, on the design and construction of the high-technology data center and high-technology data center equipment to be used or incorporated in the high-technology data center;

(II) For high-technology data centers located in a county in this state having a population greater than 30,000 and less than 50,001 according to the United States decennial census of 2010 or any future such census, \$150 million in aggregate expenditures incurred over any consecutive seven-year period between July 1, 2018, and December 31, 2028, on the design and construction of the high-technology data center and high-technology data center equipment to be used or incorporated in the high-technology data center; and

(III) For high-technology data centers located in a county in this state having a population less than 30,001 according to the United States decennial census of 2010 or any future such census, \$100 million in aggregate expenditures incurred over any consecutive seven-year period between July 1, 2018, and December 31, 2028, on the design and construction of the high-technology data center and high-technology data center equipment to be used or incorporated in the high-technology data center.

(vi) 'New quality jobs' shall have the same meaning as provided in paragraph (2) of subsection (a) of Code Section 48-7-40.17.

(H) This paragraph shall stand repealed by operation of law on January 1, 2029."

SECTION 2.

This Act shall become effective on January 1, 2019, and shall be applicable to transactions occurring on or after July 1, 2018.

"(2) 'Renewal' means issuance and delivery by an insurer of a policy superseding at the end of the policy period a policy previously issued and delivered by the same

insurer ~~and providing no less than the coverage contained in the superseded policy~~ or issuance and delivery of a certificate or notice extending the term of a policy beyond its policy period or term or the extension of the term of a policy beyond its policy period or term pursuant to a provision for extending the policy by payment of a continuation premium; provided, however, that any policy with a policy period or term of less than six months shall, for the purpose of this Code section, be considered to have successive policy periods ending each six months following its original date of issue and, regardless of its wording, any interim termination by its terms or by refusal to accept premium shall be a cancellation subject to this Code section, except in case of termination under any of the circumstances specified in subsection (f) of this Code section; provided, further, that, for purposes of this Code section, any policy written for a term longer than one year or any policy with no fixed expiration date shall be considered as if written for successive policy periods or terms of one year and any termination by an insurer effective on an anniversary date of the policy shall be deemed a refusal to renew.

(3) 'Reduction in coverage' shall mean a change made by the insurer which results in a removal of coverage, diminution in scope or less coverage, or the addition of an exclusion. Reduction in coverage shall not include any change, reduction, or elimination of coverage made at the request of the insured. The correction of typographical or scrivener's errors or the application of mandated legislative changes shall not be considered a reduction in coverage.'

The insurer may obtain a receipt provided by the United States Postal Service as evidence of mailing such notice or such other evidence of mailing as prescribed or accepted by the United States Postal Service."

"(g) An insurer shall provide a written notice of a reduction in coverage to the named insured no less than 45 days prior to the effective date of the proposed reduction in coverage; provided that such notice shall be printed in all capital letters in a separate document entitled 'NOTICE OF REDUCTION IN COVERAGE.' Senator Cowsert of the 46th moved that the Senate stand adjourned pursuant to SR 631 until 10:00 a.m. Tuesday, March 27, 2018.

Senate Chamber, Atlanta, Georgia
Tuesday, March 27, 2018
Thirty-ninth Legislative Day

The Senate met pursuant to adjournment at 10:28 a.m. today and was called to order by Senator Butch Miller, President Pro Tempore.

Senator Mullis of the 53rd reported that the Journal of the previous legislative day had been read and found to be correct.

Senator Williams of the 27th objected to the Journal. He stated that amendment #1 on HB 790 from the previous legislative day incorrectly designated Senator Harbin of the 16th as the primary author of the amendment, and the Journal was therefore incorrect.

It was noted that the Senate had considered the issue at the appropriate time on the previous legislative day, and that Senator Harbin of the 16th's name was the first name on the signature line. As a result, Senator Harbin of the 16th was properly designated as the primary author.

The President stated that Senator Williams of the 27th's objection would be recorded in the Journal.

By unanimous consent, the reading of the Journal was dispensed with.

The Journal was confirmed by unanimous consent.

The following Senate legislation was introduced, read the first time and referred to committee:

WHEREAS, despite the known risks and the FDA's strongest black box warning regarding the dangers of antidepressant use by those aged 24 or younger, psychiatric drugs are being prescribed at an ever-increasing rate, with more than 8 million American children under the age of 17 using at least one psychiatric drug in 2013; and

The landlord shall sign the list and then comply with the provisions of Code Section 44-7-34.

(c) A tenant who disputes the accuracy of the final damage list ~~given~~ compiled pursuant to subsection (b) of this Code section and provided to the tenant pursuant to Code Section 44-7-34 may bring an action in any court of competent jurisdiction in this state to recover the portion of the security deposit which the tenant believes to be wrongfully withheld for damages to the premises. The tenant's claims shall be limited to those items to which the tenant specifically dissented in accordance with this Code section. If the tenant is present for the inspection of the premises after vacancy and signs the landlord's final damage list or fails to sign a list or to dissent specifically in accordance with this Code section, the tenant shall not be entitled to recover the security deposit or any other damages under Code Section 44-7-35, provided that the lists required under this Code section contain written notice of the tenant's duty to sign or to dissent to the list. A tenant who did not inspect the premises after vacancy or was not present for the landlord's inspection of the premises after vacancy and, in either case, did not request a copy of the landlord's final damage list shall have the right to dispute the damages assessed by the landlord.

44-7-34.

In the event that actual cause exists for retaining any portion of the security deposit, the landlord shall provide

the tenant with a written statement ~~listing~~ identifying the exact reasons for the retention thereof, which shall include the comprehensive list of damages prepared as required by Code Section 44-7-33, if ~~If~~ the reason for retention is based on damages to the premises, ~~such damages shall be listed as provided in Code Section 44-7-33.~~ When the such statement is delivered, it shall be accompanied by a payment of the difference between any sum deposited and the amount retained. The landlord shall be deemed to have complied with this Code section by mailing ~~the~~ such statement and any payment required to the last known address of the tenant via ~~first-class~~ first-class mail. If the letter containing the payment is returned to the landlord undelivered and if the landlord is unable to locate the tenant after reasonable effort, the payment shall become the property of the landlord 90 days after the date the payment was mailed. Nothing in this Code section shall preclude the landlord from retaining the security deposit for nonpayment of rent or of fees for late payment, for abandonment of the premises, for nonpayment of utility charges, for repair work or cleaning contracted for by the tenant with third parties, for unpaid pet fees, or for actual damages caused by the tenant's breach, provided that the landlord attempts to mitigate the actual damages.

(b) In any court action in which there is a determination that neither the landlord nor the tenant is entitled to all or a portion of a security deposit under this article, the judge or the jury, as the case may be, shall determine what would be an equitable disposition of the security deposit; and the judge shall order the security deposit paid in accordance with such disposition.

44-7-35.

(a) A landlord shall not be entitled to retain any portion of a security deposit if ~~the~~:

(3) The final damage list required by subsection (b) of Code Section 44-7-33 was not compiled and made available to the tenant as required by such subsection.

(b) The failure of a landlord to provide ~~each of the lists and~~ written statements within the time periods specified in Code ~~Sections 44-7-33 and Section~~ Section 44-7-34 shall work a forfeiture of all ~~his~~ the landlord's rights to withhold any portion of the security deposit or to bring an action against the tenant for damages to the premises.

(c) Any landlord who fails to return any part of a security deposit which is required to be returned to a tenant pursuant to this article shall be liable to the tenant in the amount of three times the sum improperly withheld plus reasonable attorney's fees; provided, however, that the landlord shall be liable only for the sum erroneously withheld if the landlord shows by the preponderance of the evidence that the withholding was not intentional and resulted from a bona fide error which occurred in spite of the existence of procedures reasonably designed to avoid such errors."

Honorable Jay Powell
Chairman, House Ways and Means

SUBJECT: Fiscal Note
House Bill 301 (LC 43 0555)

Dear Chairman Powell:

The bill would revise current tax exemptions for community-based faculty preceptors who offer preceptorship training. A preceptor may be a physician, advanced practice registered nurse, or a physician assistant, while preceptorship training is defined as uncompensated, community-based training of a medical student, advanced practice registered nurse student, or physician assistant student. The bill is effective July 1, 2017.

Impact on State Revenue

The University of Georgia's Carl Vinson Institute of Government (CVIOG) provided the following narrative on the revenue impact of the bill:

Section 1 of the proposed legislation would eliminate the tax deduction that physicians may take if they serve as an uncompensated, community-based faculty physician providing medical core clerkships, physician assistant core clerkships, or nurse practitioner core clerkships. The program is administered by the Area Health Education Centers (AHEC) Program Office at Augusta University. The original tax deduction was effective for taxable years beginning on or after January 1, 2014.

Section 2 of the proposed legislation would create a tax credit for preceptorship training. The proposed legislation would allow a community-based faculty preceptor an annual tax credit for each preceptorship rotation, up to ten in a single calendar year. Each preceptorship rotation must be 160 hours of training of one or more medical students, physician assistant students, or advance practice registered nurse students. The legislation defines a community-based faculty preceptor as a taxpayer who is a licensed physician, advanced practice registered nurse, or physician assistant in Georgia.

The legislation authorizes the credit to be accrued on a per preceptorship rotation basis. For supervising between one and three rotations, a physician may claim a credit

of \$500 per rotation. For additional rotations, up to 10, a physician may claim \$1,000 per rotation. For supervising between one and three rotations, an advanced practice registered nurse or a physician assistant may claim a credit of \$375 per rotation. For additional rotations up to 10, an advanced practice registered nurse or physician assistant may claim a \$750 credit per rotation. The bill provides that AHEC administer the program and certify preceptorship rotations. The preceptor must claim the credit on his or her tax form for the tax year in which he or she supervised the rotations and must submit supporting documentation to the State Revenue Commissioner. The legislation prohibits the tax credit from being applied to prior or succeeding years. To be eligible for the tax credit, the preceptor may not be compensated by any other training program.

AHEC provided information that it certified \$883,000 in eligible tax deductions for the second half of the 2014 calendar year; \$1,513,000 in 2015; and \$1,969,000 in 2016. (AHEC assumed a 1.5% growth rate in eligible rotations for the tax deduction over the ensuing years.) Using the highest marginal state income tax rate of 6% and applying tax credit years to fiscal years, the estimated additional revenue from elimination of the tax deduction is presented in Table 1.

For the implications of the new tax credit in the proposed legislation, AHEC assumes that for tax year 2017, there will be 1,633 eligible medical student rotations, 1,050 eligible physician assistant student rotations, and 2,100 advance practice registered nurse student rotations. AHEC assumes a 1.5% yearly growth rate in the number of eligible rotations for each category. Based on AHEC data on the number of physicians who supervised clerkships to qualify for the existing tax deduction, a similar split was assumed in the number of rotations each specialty would supervise for the medical preceptorship, thus earning the proposed tax credit.

The estimated lost income tax revenue from creation of the tax credit is presented in Table 2, and the net effect from elimination of the tax deduction and creation of the tax credit is presented in Table 3.

The effective date of the bill is July 1, 2017, therefore, the first impact to state revenue would be in FY2018.

Releasing the documents pursuant to this paragraph shall not subject any otherwise privileged documents to the provisions of Code Section 50-18-70.

(j) The executive director, with the approval of the board, notwithstanding any other provisions of law to the contrary, shall enter into such contracts as are deemed necessary to carry out this article to provide for all services required of the board.

(k) It shall be the duty of the executive director to keep minutes and a record of all acts of the board and such other books and records as may be necessary to show the acts of the board."

Honorable Jay Powell
 Chairman, House Ways and Means

SUBJECT: Revised Fiscal Note
 House Resolution 238 (LC 40 1347)

Dear Chairman Powell:

The original fiscal note for LC 40 1347, dated January 23, 2018, has been revised and replaced. The fiscal note used the definition of “outdoor recreation equipment” found in House Bill 332. This revised fiscal note uses a newer version of the bill (LC 44 0683S), which did not include “special equipment” in the definition of “outdoor recreation equipment.”

The resolution proposes an amendment to the Georgia Constitution to provide for the annual allocation of 75% of the sales and use tax revenue derived from the sales of outdoor recreation equipment to a Georgia Outdoor Stewardship Trust Fund. The purpose of the trust fund would be the protection and preservation of conservation land. This fiscal note assumes that the voter referendum is held in November 2018 and the allocation of revenue to the trust fund would begin in January 2019.

Impact on State Revenue

Georgia State University’s Fiscal Research Center (FRC) estimated that the bill would direct \$36.5 million from the general fund to the trust fund in fiscal year 2020, the first full year of the allocation (Table 1). The amount would increase to \$40.9 million by fiscal year 2023.

Table 1. Estimated State Sales Tax Revenues from Outdoor Recreation Equipment and Amounts Dedicated to Georgia Outdoor Stewardship Trust Fund

(\$ millions)	FY 2019	FY 2020	FY 2021	FY 2022	FY2023
State Revenue from Equipment Sales	\$21.9	\$48.7	\$50.9	\$53.2	\$54.5
Portion Dedicated to Trust (75% of total)	\$16.4	\$36.5	\$38.2	\$39.9	\$40.9

FRC noted that the term “outdoor recreation equipment” is not defined in current Georgia law but is included in HB 332 (LC 44 0683S), introduced in the 2017 session. For the purpose of the analysis, FRC used the bill’s definition of “all hunting equipment, auxiliary hunting equipment, fishing equipment, auxiliary fishing equipment, wildlife-watching equipment, and auxiliary wildlife-watching equipment.”

The estimates of state sales of outdoor recreation equipment are based on the “2016 National Survey of Fishing, Hunting, and Wildlife-Associated Recreation,” published by the U.S. Fish and Wildlife Service (USFWS). This report provides national estimates of consumer spending in 2016 on equipment and auxiliary equipment for the three activity categories: hunting, fishing, and wildlife-watching. National spending was shared down to Georgia based on population. Growth from 2016 levels assumes 1.9 percent real growth, as projected by the U.S. Bureau of Labor Statistics for personal consumption expenditures through 2026, plus inflation at 2 percent per annum.

Impact on State Expenditures

The Department of Revenue (DOR) does not currently obtain a breakdown of sales tax collections by specific types of items. The sales tax return form would need to be altered to allow retailers to separately identify outdoor recreation equipment. DOR officials estimated one-time costs of \$430,000 to update its IT systems, modify forms and regulations, and conduct outreach and training. It also expected to hire one additional tax examiner at an annual costs of \$44,672 (salary and benefits) to review the added requirements on the sales tax return.

Sincerely,

/s/ Greg S. Griffin
State Auditor

SUBJECT: Fiscal Note
House Bill 697 (LC 33 7152)

Dear Chairman Powell:

The bill would extend the existing sales tax exemption for nonprofit health centers and volunteer health clinics for five additional years from the current expiration date of June 30, 2018.

Georgia State University's Fiscal Research Center estimated that an extension of the tax exemption would reduce state sales tax revenue by \$2.0 million to \$2.1 million in FY

2019 (Table 1). The amount would be \$2.4 million to \$2.7 million in FY 2023. Local sales tax revenue loss would be \$1.5 million to \$1.6 million in FY 2019 and \$1.8 million to \$2.0 million in FY 2023. Details of the analysis are in the attached appendix.

Table 1. Estimated State and Local Revenue Loss

(\$ millions)	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023
State Revenue Loss:					
High Estimate	\$2.1	\$2.3	\$2.4	\$2.5	\$2.7
Low Estimate	\$2.0	\$2.1	\$2.2	\$2.3	\$2.4
Local Revenue Loss:					
High Estimate	\$1.6	\$1.7	\$1.8	\$1.9	\$2.0
Low Estimate	\$1.5	\$1.6	\$1.6	\$1.7	\$1.8

Impact on Expenditures

The bill would not result in new expenditures by the Department of Revenue.

Analysis by the Fiscal Research Center

Absent the existing exemptions, which under current law are set to expire on June 30, 2018, sales and use tax would be charged on tangible goods such as medical durables, medical nondurables and administrative supplies. Medical services, prescription drugs, and prescription eyeglasses and contact lenses are exempt under other provisions of Georgia law. Key data and assumptions applying to both exemptions covered by this bill are detailed below, followed by those applicable specifically to each exemption.

- Using health care spending statistics from the Bureau of Economic Analysis (BEA), the estimated high and low average taxable share of health care spending is between about 8.3 and 8.8 percent. These low and high estimates include spending on non-prescription pharmaceuticals and other medical supplies, therapeutic medical equipment, and an assumed 5 percent of total spending attributable to general or administrative supplies. The low and high shares represent the estimated taxable shares for the latest 15 and the latest five years of available data, respectively.
- Growth in taxable spending is assumed at a rate of between about 4.8 and 5.6 percent, base, the low and high again reflecting differences in recent and longer-term spending growth trends.

Section 1, paragraph (7.05)(A) of HB 697 extends the state sales and use tax exemption granted to nonprofit health centers established under the authority of United States Public Health Service Act, 42 U. S. C. Section 254b.

- The federal Health Resources & Services Administration (HRSA) websites reports 35 Federally Qualified Health Centers (FQHCs) in Georgia as of 2016.
- HRSA estimated that 457,644 patients were served at Georgia FQHCs in 2016 with an average cost of \$1,023 per patient, for base year (CY 2016) taxable spending of between approximately \$38.7 and \$41.1 million.

Table A1. State Sales Tax Revenue Loss from Section 1 (7.05)(A)

(\$ millions)	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023
High Estimate	\$1.88	\$1.98	\$2.09	\$2.21	\$2.33
Low Estimate	\$1.74	\$1.82	\$1.91	\$2.00	\$2.09

Section 1, paragraph (7.3) of HB 697 provides for an extension to the exemption from state sales and use taxes for all tangible personal property sold to nonprofit volunteer health clinics used exclusively for the provision of treatment. To qualify for the exemption a nonprofit volunteer health clinic must be a tax-exempt organization under the internal revenue code and receive a determination letter from the commissioner. The bill requires that volunteer health clinics primarily treat the indigent with incomes below 200 percent of the federal poverty level.

- The Georgia Charitable Clinic Network (GCCN), a member organization of volunteer clinics in Georgia, reported 95 volunteer clinics as members as of 2013 (GCCN currently reports “90+” clinics as members). It is assumed that the GCCN clinics are the same as the nonprofit volunteer health clinics (VHC) as described in the bill.
- A study by the University of Georgia’s Economic Evaluation Research Group estimated 200,830 patients were treated by GCCN volunteer clinics in 2013 at an average cost of \$285 per patient. Allowing for patient population growth of 1 percent annually and healthcare inflation at a rate of 3.6 percent per year, these figures imply base year (CY 2016) taxable spending of between \$5.4 and \$5.8 million.

SUBJECT: Fiscal Note
House Bill 59 (LC 44 0200)

Dear Chairman Powell:

The bill would amend an income tax credit for the rehabilitation of qualifying income-producing historic properties. It would eliminate the current \$5 million and \$10 million annual caps per certified structure, the \$25 million aggregate cap for large projects, and the restriction on more than one approved application for a certified structure in a 10-year period. The bill also removes the restriction on a taxpayer's ability to see or assign rehabilitation tax credits more than once and extends the sunset date to December 31, 2027. The bill would be effective on January 1, 2018 and apply to certified rehabilitation projects completed on or after January 1, 2019.

The University of Georgia's Carl Vinson Institute of Government (CVIIOG) estimated that the bill would reduce state revenue by \$53.5 million in FY 2020 (Table 1), the first year impacted by the changes. The revenue reduction is estimated at \$55.9 million in FY 2022. CVIIOG's assumptions and analysis are included in the appendix.

Table 1: Estimated Reduction in State Income Tax Revenue

<i>(\$ millions)</i>	FY2018*	FY2019*	FY2020	FY2021	FY2022
Projected QRE	\$304.5	\$309.2	\$313.9	\$318.7	\$323.6
Tax Credit Under Current Law	\$25.0	\$25.0	\$25.0	\$25.0	\$25.0
Tax Credit Under LC 44 0200	\$25.0	\$25.0	\$78.5	\$79.7	\$80.9
Impact of Bill	\$0	\$0	\$53.5	\$54.7	\$55.9

*The cap would remain in place for calendar years 2017 and 2018 so FY2018 and FY2019 revenues are unaffected.

The Department of Revenue estimated that the tax exemption will result in approximately \$28,900 in additional agency costs. These include approximately \$25,000 to update IT systems and \$3,900 for form changes, regulation updates, and training.

Sincerely,

/s/ Greg S. Griffin
State Auditor

Analysis by the CVIOG

This legislation amends the income tax credit for rehabilitation of qualifying income-producing historic properties in O.C.G.A. §48-7-29.8. The current tax credit is equal to 25 percent of qualified rehabilitation expenses (QRE) approved by the Department of Natural Resources (DNR) and is capped at \$5 million for any single property. The aggregate tax credit for all properties that receive at least \$300,000 under the program is capped at \$25 million. This bill would eliminate the \$5 million cap per project and the \$25 million aggregate cap for large projects.

The bill also removes the restriction that no more than one application for any individual certified structure can be made in a 120 month (10 year) period. It allows an application for tax credits to be made by a taxpayer who is party to an executed written agreement for the purchase of real property for which the tax credit is to be claimed. It also removes the restriction on a taxpayer's ability to sell or assign rehabilitation tax credits more than once and extends the sunset date of the program from December 31, 2021 to December 31, 2027. The amendment would become effective on January 1, 2018 and apply to certified rehabilitation projects completed on or after January 1, 2019, thus affecting state income tax revenues beginning in FY2020.

The \$25 million aggregate cap for large projects is not removed by the proposed legislation until 2019, but data obtained from DNR indicates that the cap was reached in 2016 and will be reached again in 2017 and 2018. During 2016, DNR certified 12 applications for large projects. Those projects represented \$417 million in QRE which would have produced \$104 million in tax credits without the cap. DNR has approved 25 large projects for 2017 with an estimated \$192 million in QRE that would produce \$48 million without the cap. Year to date, seven projects are approved for 2018 with a total of \$172 million in QRE that would produce \$43 million in tax credits.

Several other states, including Missouri, Virginia, Wisconsin, and Massachusetts that have similar historic preservation tax credit programs with large caps, or no cap at all, were surveyed regarding the level of tax credits generated. Annual tax credits in these states typically range from 20 percent to 30 percent of QRE and result in \$50 million to \$100 million in tax credits annually. Some showed significant year-to-year variation depending on the number and size of rehabilitation projects completed in a given year. Massachusetts reported that their \$50 million cap is reached each year, and Virginia issues about \$100 million annually with no cap. Missouri, with an economy about 60 percent the size of Georgia's, typically exceeds \$50 million annually.

Based on the experience in these states and the figures reported for 2016 and 2017 by DNR, it is reasonable to expect that QRE in the future will continue at current levels. Averaging the reported QRE figures for 2016 and 2017, we project \$304.5 million in QRE for 2018 and apply a growth rate for subsequent years using the Producer Price Index for Maintenance and Repair of Non-Residential Buildings reported by the Federal Reserve Bank in St. Louis to project QRE through FY2022 (line 1 in Table 1).

Under current law, total credits for all projects earning more than \$300,000 each may not exceed \$25 million per calendar year. If the cap were to remain in place through 2021 it is projected that total tax credits would equal the cap in each year and reduce state revenue by that amount through FY2022 (line 2 in Table 1).

The proposed changes would become effective for projects completed on or after January 1, 2019 and would thus be included in tax filings beginning in tax year 2020. Thus, no change from the existing law would be realized during FY2018 and FY2019. For comparison purposes, Table 1 on page 1 shows tax credits based on projected QRE under the existing cap (line 2) and without a cap (line 3), along with the net change, for 2018 through 2022 (line 4).

The Senate Committee on Finance offered the following substitute to HB 59:

A BILL TO BE ENTITLED
AN ACT

SECTION 1.

Historic home shall include any structure or group of structures that constitute a multifamily or multipurpose structure, including a cooperative or condominium. If only a portion of a building is used as such person's principal residence, only those qualified rehabilitation expenditures that are properly allocable to such portion shall be deemed to be made to a historic home.

(4) 'Qualified rehabilitation expenditure' means any qualified rehabilitation expenditure as defined by Section 47(c)(2) of the Internal Revenue Code of 1986 and any amount properly chargeable to a capital account expended in the substantial rehabilitation of a structure that by the end of the taxable year in which the certified rehabilitation is completed is a certified structure. This term does not include the cost of acquisition of the certified structure, the cost attributable to enlargement or additions to an existing building, site preparation, or personal property.

(B) For any other certified structure, the greater of \$5,000.00 or the adjusted basis of the property.

(6) 'Target area' means a qualified census tract under Section 42 of the Internal

Revenue Code of 1986, found in the United States Department of Housing and Urban Development document number N-94-3821; FR-3796-N-01.

(b) A taxpayer shall be allowed a tax credit against the tax imposed by this chapter ~~for the taxable year in which~~ at such time as the certified rehabilitation is completed:

(2) In the case of any other certified structure, equal to 25 percent of qualified rehabilitation expenditures.

Qualified rehabilitation expenditures may only be counted once in determining the amount of the tax credit available, and more than one entity may not claim a credit for the same qualified rehabilitation expenditures.

(c)(1) In no event shall credits for a historic home exceed \$100,000.00 in any 120 month period.

(2) The maximum credit for any other individual certified structure shall be \$5 million for any taxable year, except in the case that the project creates 200 or more full-time, permanent jobs or \$5 million in annual payroll within two years of the placed in service date, in which case the project is eligible for credits up to \$10 million for an individual certified structure. In no event shall more than one application for any individual certified structure under this paragraph be approved in any 120 month period.

(3) In no event shall credits issued under this Code section for projects earning more than \$300,000.00 in credits exceed in the aggregate ~~\$25 million~~ \$40 million per calendar year.

(d)(1) ~~An applicant A taxpayer~~ seeking to claim a tax credit under paragraph (2) of subsection (b) of this Code section shall submit an application to the commissioner for preapproval of such tax credit. An applicant shall, at the time of application, either own the real property for which said tax credit is to be claimed, or be a party to a written purchase contract, written option contract, written lease-purchase contract, or written lease having a term of more than 40 years. Such application shall include a precertification from the Department of Natural Resources certifying that the improvements to the certified structure are to be consistent with the Department of Natural Resources Standards for Rehabilitation. ~~The Department~~ department shall have the authority to require electronic submission of such application in the manner specified by the department. The commissioner shall preapprove the tax credits within 30 days based on the order in which properly completed applications were submitted. In the event that two or more applications were submitted on the same day and the amount of funds available will not be sufficient to fully fund the tax credits requested, the commissioner shall prorate the available funds between or among the applicants. For applications on projects over the annual ~~\$25 million limitation~~ \$40 million limitation, those applications shall be given priority the following year.

(2) In order to be eligible to receive the credit authorized under subsection (b) of this

Code section, a taxpayer ~~must~~ shall attach to ~~the~~ such taxpayer's state tax return a copy of the completed certification of the Department of Natural Resources verifying that the improvements to the certified structure are consistent with the Department of Natural Resources Standards for Rehabilitation.

SECTION 3.

Said title is further amended by revising Code Section 20-2-271, relating to development of regional improvement plan, introduction of core services, instructional care teams, and establishment of alternative methods of teacher certification, as follows:

"20-2-271.

(a) Each regional educational service agency shall annually develop and submit to the Department of Education for approval, with a copy to the Education Coordinating Council, a regional plan for improvement of educational efficiency and cost effectiveness of its member institutions. Each plan must include the purposes and description of the services the regional educational service agency will provide to schools identified as low-performing based on the indicators adopted under Code Section 20-14-33 and to other schools.

(b) ~~By July 1, 2002, each~~ Each regional educational service agency shall introduce and provide core services for member local school systems and schools and provide core services for purchase by local school systems and schools which are not members of that regional educational service agency. These core services shall include the following:

(c) As part of the assistance provided by a regional educational service agency under this Code section, each regional educational service agency shall provide for the establishment of instructional care teams. regional educational service agency the appointment of an instructional care team for that school. The instructional care team shall consist of such number of persons with such experience as a principal, teacher, or other education personnel so as to best address the needs of the school. Such instructional care team shall conduct an investigation into such aspects of instruction at the school as requested by the local board or state charter school, prepare a written evaluation of such aspects of the school, and make nonbinding recommendations to the local board or state charter school regarding improvements at the school. (d) Each regional educational service agency may provide any additional service and any assistance to its member systems and state charter schools, as determined by the board of control. Such property shall be held in the name of the regional educational service agency."

SECTION 4.

Said title is further amended by revising Code Section 20-2-272, relating to agency board of control, membership, powers and duties, and planning boards, as follows:

"20-2-272.

(a) Each regional educational service agency shall be governed by a board of control. On and after July 1, 2000, the school superintendent of each member school system, the

president or highest administrator of each member postsecondary institution, and a local public or regional library director appointed by the director of the Office of Public Library Services of the Board of Regents of the University System of Georgia shall serve as the board of control.

(b) All laws and the policies and regulations of the State Board of Education applicable to local school systems and local boards of education shall be applicable, when appropriate, to the regional educational service agencies and their boards of control unless explicitly stated otherwise in this part. No board of control shall levy or collect any taxes. No board of control shall expend or contract to expend any funds beyond the amount of funds that the board of control is legally authorized to receive and will, in fact, receive, except as otherwise provided in this part. Each board of control shall submit an annual report and an annual budget to the state board, in the manner prescribed by the state board, for review and approval.

(c) The State Board of Education shall be responsible for assuring that the activities of each regional educational service agency and its board of control established under this part conform to both the Constitution and laws of Georgia, as well as the policies and regulations of the state board.

(d) Boards of control shall determine the assistance needed by local school systems and state charter schools in the area served by each regional educational service agency, establish priorities from those needs, and allocate resources accordingly. Boards of control shall annually review the effectiveness and efficiency of such agencies. Boards of control shall determine the procedures and activities by which each regional educational service agency achieves locally established objectives and shall establish job descriptions, personnel qualifications, and work schedules consistent with locally established priorities and objectives.

(e) In the event the State Board of Education adopts a policy to reorganize the service areas of regional educational service agencies pursuant to Code Section 20-2-270 effective July 1 of a fiscal year, members of boards of control during the preceding fiscal year shall constitute planning boards for the respective service areas to be established the ensuing July 1. Each planning board shall have the authority to establish the location or locations of the office or offices of its regional educational service agency effective the ensuing July 1, to issue contracts with a director and other agency staff to be employed effective the ensuing fiscal year, to assess the needs of all potential member local school systems and state charter schools, to prepare operational plans and budgets for the ensuing fiscal year, to establish the manner by which the local share of the budget will be assessed to potential member local school systems and state charter schools, and to make any other such decisions that the state board deems necessary for an orderly transition of service areas for regional educational service agencies. Such decisions shall be adopted by these planning boards prior to December 15 of the fiscal year preceding the effective date for reorganization of the service areas. Any such planning board shall be authorized to amend, prior to April 15 of that fiscal year, any such decisions which are necessary as the result of the actions of the General Assembly during its regular session during that fiscal year."

SECTION 5.

Said title is further amended by revising Code Section 20-2-274, relating to uniform state-wide needs program and documented local needs program grants, as follows:

"20-2-274.

(a) The state board shall be authorized to provide each regional educational service agency with a uniform state-wide needs program grant and a documented local needs program grant, subject to appropriation by the General Assembly. The uniform state-wide needs program grant shall consist of two components: the same fixed amount for each regional educational service agency; and an amount which reflects the number of local school systems, the number of schools, the number of students, and the number of square miles contained collectively within its member local school systems and state charter schools. Each regional educational service agency shall be required to match the uniform state-wide needs program grant with an amount of funds equal to one-fourth of this grant. The uniform state-wide needs grant and its matching local funds shall be used to finance the basic administrative overhead of the regional educational service agencies and to provide the areas of assistance specified in Code Sections 20-2-270.1 and 20-2-271. The amount of funds granted to each regional educational service agency for the documented local needs program grant shall depend upon the proportion that the number of local school systems, number of schools, number of students, and number of square miles contained collectively within its member local school systems and state charter schools are of these respective factors state wide, as well as the adopted operational plan and the budget designed to address documented needs for assistance to member local school systems and state charter schools. Each regional educational service agency shall be required to match the documented local needs program grant with an amount of funds equal to two-thirds of that grant. The state board shall provide grants to regional educational service agencies for Georgia Learning Resources Systems or to a local school system contracted to be a fiscal agent for a Georgia Learning Resources System. Each board of control shall be authorized to adopt the manner by which each member local school system and state charter school shall be assessed its share of the uniform state-wide needs program and the documented local needs program; provided, however, that member local school systems and state charter schools shall not be allowed to use funds received under the provisions of this article for this purpose. The state board shall grant the regional educational service agency the funds needed to provide services to all local school systems and state charter schools in the service area of the Georgia Learning Resources System designated as the fiscal agent or to any local school system contracted to serve as the fiscal agent for a Georgia Learning Resource System as well as the grants authorized previously by this subsection. All other financing will be based on contracts to supply service programs to member local school systems and state charter schools. The funds for these programs, upon a contract approval basis, may be derived from local, state, federal, or private sources.

(b) A regional educational service agency may not receive directly from the State Board of Education any state funds originally intended for or directed to a local school

system or state charter school by this article; provided, however, that, upon the official request of a local school system or state charter school, the state board may send directly to a regional educational service agency any funds allocated to a local school system or state charter school. All grants from the state along with the contributions from member local school systems or state charter schools and funds from other sources shall be budgeted by the board of control other than those designated to local school systems designated as fiscal agents for a Georgia Learning Resource System through contract with the State Board of Education."

SECTION 6.

Said title is further amended by revising subsection (d) and by adding a new subsection to Code Section 20-2-2068.1, relating to charter school funding, as follows:

"(d)(1) Effective July 1, 2012, except as otherwise provided in paragraph (2) of this subsection, the department shall pay to each state chartered special school through appropriation of state funds an amount equal to the sum of:

(ii) For a state chartered special school that is established on or after July 1, 2018,

in its first year of operation it shall initially receive the average amount of the total revenues less federal revenues less state revenues other than equalization grants per full-time equivalent for the lowest five school systems ranked by assessed valuation per weighted full-time equivalent count, as determined by the department; provided, however, that if the state chartered special school achieves a score on the College and Career Readiness Performance Index that is greater than or equal to the state-wide average in its first year of operation, such school shall retroactively receive at the end of such first year the difference between:

thereafter, such school shall receive funds pursuant to division (i) of this subparagraph; and

(C) The state-wide average total capital revenue, excluding revenue bonds, per full-time equivalent, as determined by the department. In the event a state chartered special school terminates operations, all equipment and property purchased with funds received pursuant to this subparagraph shall revert to the ownership of the State Board of Education in accordance with a written agreement between the governing board of the state chartered special school and the State Board of Education entered into pursuant to paragraph (2) of subsection (f) of Code Section 20-2-2086.2.

(2) In the event that a state chartered special school offers virtual instruction:

(A) The amount of funds received pursuant to subparagraph (B) of paragraph (1) of this subsection shall be equal to two-thirds of such calculated amount; provided, however, that this two-thirds amount may be increased by any amount up to the originally calculated amount in the discretion of the department if relevant factors warrant such increase; and

(B) The department may reduce the amount of funds received pursuant to subparagraph (C) of paragraph (1) of this subsection in proportion to the amount of virtual instruction provided and based on factors that affect the cost of providing instruction.

(A) 'Assessed valuation' is defined as 40 percent of the equalized adjusted property tax digest reduced by the amount calculated pursuant to subsection (g) of Code Section 20-2-164.

(B) 'Assessed valuation per weighted full-time equivalent count' is defined as the

assessed valuation for the most recent year available divided by the weighted full-time equivalent count for the year of the digest.

(4) The department may withhold up to 3 percent of the amount determined pursuant to paragraphs (1) and (2) of this subsection for each state chartered special school for use in administering the duties required pursuant to this article with respect to state chartered special schools; provided, however, that any amount withheld pursuant to this subsection shall be spent solely on expenses incurred by the department in performing the duties required by this article with respect to state chartered special schools.

(6) Funding for state chartered special schools pursuant to this subsection shall be subject to appropriations by the General Assembly and such schools shall be treated consistently with all other public schools in this state, pursuant to the respective statutory funding formulas and grants.

(7) The local board shall not be responsible for the fiscal management, accounting, or oversight of the state chartered special school. The state chartered special school shall report enrolled students in a manner consistent with Code Section 20-2-160. Any data required to be reported by the state chartered special school shall be submitted directly by the school to the appropriate state agency. Where feasible, the state board shall treat a state chartered special school no less favorably than other public schools within the state with respect to the provision of funds for transportation and building programs."

"(i) For purposes of funding students enrolled in a local charter school in the first year of such school's operation, in the first year that an existing local charter school offers a new grade level, or in an upcoming year in which student growth in the existing local charter school is projected to exceed 15 percent if authorized by the charter, and prior to the initial student count, the state board shall calculate and the Department of Education shall distribute the funding for the local charter school on the basis of its projected enrollment according to an enrollment counting procedure or projection method stipulated in the terms of the charter. Such initial funding shall include the adjustments in each program for training and experience. No later than July 1 of each year, the state board shall notify the Department of Education and the Office of Planning and Budget of the funding estimates calculated pursuant to this subsection for any new local charter schools, any new grade levels offered by existing local charter schools, or any existing local charter schools with projected student growth exceeding 15 percent. After the initial student count during the first year of such local charter school's operation, newly offered grade level, or projected student growth exceeding 15 percent and in all years of operation thereafter, each local charter school's student enrollment shall be based on the actual enrollment in the current school year according to the most recent student count.
