- ~~(C) The contractual relationship with the employer was not created to allow a retired employee to continue employment after retirement in a position similar to the one he or she held before retirement.~~

~~(4) Any employer that employs a retired plan member shall within 30 days of the employee's accepting employment notify the board of trustees in writing stating the name of the plan member and the number of hours the employee is expected to work annually and shall provide such other information as the board may request. If the retired plan member performs more than 1,040 hours in any calendar year, the employer shall so notify the board of trustees as soon as such information is available. Any employer that fails to notify the board of trustees as required by this subsection shall reimburse the retirement system for any benefits wrongfully paid. It shall be the duty of the retired plan member seeking employment by the employer to notify the employer of his or her retirement status prior to accepting such position. If a retired plan member fails to so notify the employer and the employer becomes liable to the retirement system, the plan member shall hold the employer harmless for all such liability. Reserved.~~

(c) The board of trustees is authorized to provide by rule or regulation for the payment of benefits to members or beneficiaries of the retirement system at a time and under circumstances not provided for in this chapter to the extent that such payment is required to maintain the retirement system as a 'qualified retirement plan' for the purposes of federal income tax laws."

SECTION 3.

Said chapter is further amended in Article 6, relating to retirement and eligibility for a retirement allowance, by adding a new Code section to read as follows:

"47-2-112.

(a) As used in this Code section, and in addition to the definition provided in Code Section 47-2-1, the term 'employer' shall include a retired member's last employer which reported to the retirement system prior to the member's effective date of retirement. Such term shall also include the Board of Regents of the University System of Georgia.

(b) If a member who retired under this chapter accepts paid employment with or renders services for pay to any employer, including, without limitation, services directly or indirectly as or for an independent contractor, after his or her retirement:

(1) Such employer shall pay to the retirement system the employer and employee contributions required by this chapter for members; and

(2) Except as provided in subsection (c) of this Code section, payment of such member's retirement allowance shall be suspended.

Such member shall not receive creditable service as a result of such employment or

rendering of services. Upon termination of such employment or rendering of services, all rights shall vest in such member as if he or she had continued his or her option to retire.

(c) The retirement allowance of a retired member who accepts paid employment with or renders services for pay to any employer after his or her retirement shall not be suspended if the employee has attained normal retirement age or has not been employed by or rendered services for pay to any employer for at least two consecutive calendar months and performs no more than 1,040 hours of paid employment or paid service, including, without limitation, services directly or indirectly as or for an independent contractor, for the employer in any calendar year; provided, however, that return to service directly or indirectly as or for an independent contractor shall not result in the suspension of an employee's retirement allowance or the requirement of an employer to pay to the retirement system the employer and employee contributions required by this chapter if the employing agency certifies to the board of trustees that:

(1) The contracting entity has multiple employees;

(2) The contracting entity has multiple contracts, and the contracts are not limited to employers, as such term is defined in Code Section 47-2-1; and

(3) The contractual relationship with the employer was not created to allow a retired employee to continue employment after retirement in a position similar to the one he or she held before retirement.

(d) Any employer that employs a retired plan member shall, within 30 days of the employee accepting employment, notify the board of trustees in writing of the name of the plan member and the number of hours the employee is expected to work annually and shall provide such other information as the board of trustees may request. If the retired plan member performs more than 1,040 hours in any calendar year, such employer shall notify the board of trustees of such as soon as such information is available. Any employer that fails to notify the board of trustees as required by this subsection shall reimburse the retirement system for any benefits wrongfully paid. It shall be the duty of the retired plan member seeking employment with the employer to notify the employer of his or her retirement status prior to accepting such position. If a retired plan member fails to so notify the employer and such employer becomes liable to the retirement system, the plan member shall hold such employer harmless for all such liability."

SECTION 4.

Said chapter is further amended in Code Section 47-2-290, relating to judges, solicitors, and other employees of state courts subject to merit system, membership in retirement system, contributions, and exemptions, by revising subsection (c) as follows:

~~"(c) Subsection (b) of Code Section 47-2-110 shall not apply to the judges and solicitors of any state court, who may retire at their discretion at any time after becoming eligible to retire. Reserved."~~

The Honorable Ellis Black

Atlanta, Georgia 30334

SUBJECT: State Auditor's Certification
Substitute Bill to Senate Bill 176
(LC 43 1290S)

Dear Senator Black:

This substitute bill would amend provisions relating to retirement allowances of retired members under the Employees' Retirement System of Georgia. If this legislation is enacted, employers would be required to pay both the employee and employer contribution for any retired member that renders service for pay either directly or indirectly to an employer that participates in the System. The member would continue to receive their retirement allowance during the period of re-employment provided he or she does not exceed 1,040 hours of paid employment during the calendar year. It should be noted that members would not earn any additional creditable service in the System if this legislation is enacted.

This is to certify that this substitute bill is a nonfiscal retirement bill as defined in the Public Retirement Systems Standards Law.

Respectfully,

/s/ Greg S. Griffin
State Auditor

unless at the time such property is so acquired, a sufficient sum of money be deposited in trust to pay and redeem such lien or encumbrance in full;

(6) To adopt regulations and fix, alter, charge, negotiate, and collect fares, rates, fees, tolls, and other charges for the use of such projects; provided, however, that such charges and uses are permissible under and are in compliance with applicable federal laws, rules, and regulations; fix penalties for the violation of adopted regulations; and establish liens to enforce payment of said charges, fees, and tolls, subject to existing contracts, leases, and conveyances and in compliance with applicable federal laws, rules, and regulations; to make such contracts, leases, or conveyances as the legitimate and necessary purposes of this chapter shall require, including, but not limited to, contracts with private parties for the operation or lease or assignment to private parties for operation, space, area, improvements, and equipment on such projects, provided in each case that in so doing no federal law, rule, or regulation is violated and the public is not deprived of its rightful, equal, and uniform use thereof;

(7) To finance, by loan, grant, lease, or otherwise, and to construct, erect, assemble, purchase, acquire, own, repair, remodel, renovate, rehabilitate, modify, maintain, extend, improve, install, sell, equip, expand, add to, operate, or manage projects and to pay the cost of any project from the proceeds of revenue bonds or other obligations of the authority or any other funds of the authority or from any contributions or loans by persons; corporations; partnerships, limited or general; or other entities, all of which the authority is empowered to receive, accept, and use provided that such use is in compliance with applicable federal laws, rules, and regulations;

(9) To accept loans and grants, either or both, of money, materials, or property of any kind from the United States government or the State of Georgia or any political subdivision, authority, agency, or instrumentality of either, upon such terms and conditions as the United States government or the State of Georgia or such political subdivision, authority, agency, or instrumentality of either shall impose;

(10) To hold, use, administer, and expend such sum or sums as may hereafter be received as income or gifts or as may be appropriated by authority of the General Assembly for any of the purposes of the authority and within parameters set forth by federal laws, rules, or regulations;

(12) To make application directly or indirectly to any federal, state, county, or

municipal government or agency or to any other source, public or private, for loans, grants, guarantees, or other financial assistance in furtherance of the authority's public purpose and to accept and use the same upon such terms and conditions as are prescribed by such federal, state, county, or municipal government or agency or other source;

(13) To enter into agreements with the federal government or any agency or corporation thereof to use the facilities of the federal government or agency or corporation thereof in order to further or carry out the public purpose of the authority;

(14) As security for repayment of any revenue bonds or other obligations of the authority, to pledge, mortgage, convey, assign, hypothecate, or otherwise encumber any property of the authority, including, but not limited to, real property, fixtures, personal property, and revenues or other funds; and to execute any lease, trust indenture, trust agreement, agreement for the sale of the authority's revenue bonds or other obligations, loan agreement, mortgage, deed to secure debt, trust deed, security agreement, assignment, or other agreement or instrument as may be necessary or desirable in the judgment of the authority and in compliance with federal laws, rules, or regulations to secure any such revenue bonds or other obligations, which agreements or instruments may provide for foreclosure or forced sale of any property of the authority upon default in any obligation of the authority, either in payment of principal, premium, if any, or interest or in the performance of any term or condition contained in any such agreement or instrument. The State of Georgia on behalf of itself and each county, municipal corporation, political subdivision, or taxing district therein waives any right the state or such county, municipal corporation, political subdivision, or taxing jurisdiction may have to prevent the forced sale or foreclosure of any property of the authority upon such default and agrees that any agreement or instrument encumbering such property may be foreclosed in accordance with law and terms thereof;

(15) To receive and use the proceeds of any tax levied by the State of Georgia or any county or municipality thereof to pay the costs of any project or for any other purpose for which the authority may use its own funds pursuant to this chapter, provided that such use complies with applicable federal laws, rules, and regulations;

(16) To receive and administer gifts, grants, and devises of money and property of any kind and to administer trusts;

(18) To appoint, select, and employ officers, employees and agents, including engineers, surveyors, architects, urban or city planners, construction experts, fiscal agents, attorneys, and others and to fix the compensation and pay the expenses of such officers, employees, and agents;

(19) To exercise any power granted by laws of the State of Georgia to public or private corporations which is not in conflict with the Constitution and laws of the State of Georgia; and

(20) To do all things necessary, proper, or convenient to carry out the powers conferred by this chapter, including the adoption of rules and regulations.

6-6-7.

Revenue bonds or other obligations issued by the authority shall be paid solely from the property, including, but not limited to, real property, fixtures, personal property, revenues, or other funds pledged, mortgaged, conveyed, assigned, hypothecated, or otherwise encumbered to secure or to pay such bonds or other obligations. All revenue bonds and other obligations shall be authorized by resolution of the authority, adopted by a majority vote of the members of the authority at a regular or special meeting. Such revenue bonds or other obligations shall bear such date or dates of such regular or special meeting or meetings; shall mature at such time or times not more than 40 years from their respective dates; shall bear interest at such rate or rates, which may be fixed or may fluctuate or otherwise change from time to time; shall be subject to redemption on such terms; and shall contain such other terms, provisions, covenants, assignments, and conditions as the resolution authorizing the issuance of such bonds or other obligations may permit or provide. The terms, provisions, covenants, assignments, and conditions contained in or provided or permitted by any resolution of the authority authorizing the issuance of such revenue bonds or other obligations shall bind the members of the authority then in office and their successors. The authority shall have the power from time to time, and whenever it deems refunding expedient, to refund any bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue partly to refund bonds then outstanding and partly for any other purpose permitted under this chapter. The refunding bonds may be exchanged for the bonds to be refunded with such cash adjustments as may be agreed upon or may be sold and the proceeds applied to the purchase or redemption of the bonds to be refunded. There shall be no limitation upon the amount of revenue bonds or other obligations which the authority may issue. Any limitations with respect to interest rates or any maximum interest rate or rates found in the usury laws of the State of Georgia, or any other laws of the State of Georgia, shall not apply to revenue bonds or other obligations of the authority.

6-6-8.

(a) Subject to the limitations and procedures provided by this Code section, the agreements or instruments executed by the authority may contain such provisions not inconsistent with law as shall be determined by the members of the authority.

(b) The proceeds derived from the sale of all bonds and other obligations issued by the authority shall be held and used for the ultimate purpose of paying, directly or indirectly as permitted in this chapter, all or part of the cost of any project or for the purpose of refunding any bonds or other obligations issued in accordance with the

provisions of this chapter.

(c) Issuance by the authority of one or more series of bonds or other obligations for one or more purposes shall not preclude it from issuing other bonds or other obligations in connection with the same project or with any other projects, but the proceeding wherein any subsequent bonds or other obligations shall be issued shall recognize and protect any prior loan agreement, mortgage, deed to secure debt, trust deed, security agreement, or other agreement or instrument made for any prior issue of bonds or other obligations unless in the resolution authorizing such prior issue the right is expressly reserved to the authority to issue subsequent bonds or other obligations on a parity with such prior issue.

(d) All bonds issued by the authority under this chapter shall be issued and validated under and in accordance with Article 3 of Chapter 82 of Title 36, the 'Revenue Bond Law,' as heretofore and hereafter amended.

(e) The authority shall determine the form of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest thereof, which may be at any bank or trust company within or outside this state. The bonds may be issued in coupon or registered form or both, as the authority may determine, and provision may be made for the registration of any coupon bond as to principal alone and also as to both principal and interest.

(f) All bonds shall be signed by the chairperson of the authority, and the official seal of the authority shall be affixed thereto and attested by the secretary of the authority, and any coupons attached thereto shall bear the signature or facsimile signature of the chairperson of the authority. Any coupon may bear the facsimile signature of such person and any bond may be signed, sealed, and attested on behalf of the authority by any person duly authorized to hold the proper office at the actual time of the execution of such bonds even if at the date of such bonds, such person may no longer be authorized or shall not hold such proper office. In case any chairperson whose signature shall appear on any bonds or whose facsimile signature shall appear on any coupon shall cease to be such chairperson before the delivery of such bonds, such signature shall nevertheless be valid and sufficient for all purposes the same as if such chairperson had remained in office until such delivery.

(g) In lieu of specifying the rate or rates of interest which bonds to be issued by the authority are to bear, the notice to the district attorney or the Attorney General, the notice to the public of the time, place, and date of the validation hearing, and the petition and complaint for validation may state that the bonds, when issued, shall bear interest at a rate not exceeding a maximum per annum rate of interest, which may be fixed or may fluctuate or otherwise change from time to time, specified in such notices and petition and complaint or that, in the event the bonds are to bear different rates of interest for different maturity dates, that none of such rates will exceed the maximum rate which may be fixed or may fluctuate or otherwise change from time to time so specified; provided, however, that nothing contained in this subsection shall be construed as prohibiting or restricting the right of the authority to sell such bonds at a

discount, even if in so doing the effective interest cost resulting therefrom would exceed the maximum per annum interest rates specified in such notices and in the petition and complaint.

(h) The authority may also provide for the replacement of any bond which becomes mutilated or which is destroyed or lost.

(i) The issuance of any revenue bond or other obligation or the incurring of any debt by the authority must, prior to such occurrence, be approved by the Georgia State Financing and Investment Commission established by Article VII, Section IV, Paragraph VII of the Constitution of the State of Georgia of 1983 or its successor.

6-6-9.

The provisions of this chapter shall be liberally construed to effect its stated purpose. The offer, sale, or issuance of bonds or other obligations by the authority shall not be subject to regulation under the laws of the State of Georgia regulating the sale of securities, as heretofore and hereafter amended. No notice, proceeding, or publication except those required by this chapter shall be necessary to the performance of any act authorized by this chapter nor shall any such act be subject to referendum.

6-6-10.

No bonds or other obligations of and no indebtedness incurred by the authority shall constitute an indebtedness or obligation of the State of Georgia or any county, municipal corporation, or political subdivision thereof, nor shall any act of the authority in any manner constitute or result in the creation of an indebtedness of the state or any such county, municipal corporation, or political subdivision. No holder or holders of any such bonds or other obligations shall ever have the right to compel any exercise of the taxing power of the state or any county, municipal corporation, or political subdivision thereof, nor to enforce the payment thereof against the state or any such county, municipal corporation, or political subdivision. All such bonds shall contain recitals on their face covering substantially the foregoing provisions of this Code section.

6-6-11.

It is found, determined, and declared that the creation of the Georgia Major Airport Authority and the carrying out of its corporate purposes are in all respects for the benefit of the people of this state and constitute a public purpose and that the authority will be performing an essential governmental function in the exercise of the power conferred upon it by this chapter. The authority shall be required to pay no taxes or assessments upon any of the property acquired by it or under its jurisdiction, control, possession, or supervision or upon its activities in the operation or maintenance of the facilities erected, maintained, or acquired by it nor upon any fees, rentals, or other charges for the use of such facilities or other income received by the authority. The state covenants with the holders from time to time of the bonds and other obligations issued under this chapter that the authority shall not be required to pay any taxes or

assessments imposed by the state or any of its counties, municipal corporations, political subdivisions, or taxing districts on any property acquired by the authority or under its jurisdiction, control, possession, or supervision or leased by it to others or upon its activities in the operation or maintenance of any such property or on any income derived by the authority in the form of fees, recording fees, rentals, charges, purchase price, installments, or otherwise, and that the bonds, notes, and other obligations of the authority, their transfer, and the income therefrom shall at all times be exempt from taxation within the state.

6-6-12.

The authority is empowered to exercise such of the police powers of the state as may be necessary to maintain peace and order and to enforce any and all restrictions upon its properties and facilities, to the extent that such is lawful under the laws of the United States and this state; however, the authority may delegate the exercise of this function for a time or permanently to the state or to the county or municipality in which its projects are located.

6-6-13.

(a) This chapter shall not affect any other authority now or hereafter existing under general or local constitutional amendment or general or local law.

(b) The authority is authorized and shall have all powers necessary to participate in federal programs and to comply with laws relating thereto. Nothing in this chapter shall prevent the authority from taking any action in order to comply with federal laws, rules, and regulations.

6-6-14.

Any action to protect or enforce any rights under this chapter and any action pertaining to validation of any bonds issued under this chapter brought in the courts of this state shall be brought in the Superior Court of Fulton County, which shall have exclusive jurisdiction of such actions."

SECTION 2.

Article 1 of Chapter 15 of Title 45 of the Official Code of Georgia Annotated, relating to general provisions relative to the Attorney General, is amended by revising Code Section 45-15-13, relating to representation of state authorities by Attorney General, as follows:

"45-15-13.

(B) Require the electric membership corporation and its gas affiliates and broadband affiliates, as applicable, to maintain separate books of accounts and records which shall be subject to inspection to confirm compliance with this article and the cost allocation manual; and

(C) Require that all services that an electric membership corporation provides to its gas affiliates and broadband affiliates, as applicable, be provided at the same rate and on the same terms and conditions as any other retail customer or communications service provider. Any such services provided to any communications service provider shall be on a strictly confidential basis, such that the electric membership corporation does not share information regarding any communications service provider with any other communications service provider, including a broadband affiliate.

(b) An electric membership corporation that has broadband facilities shall:

(1) Not condition the receipt of electricity services upon, nor provide more favorable terms for electricity services in exchange for, persons that receive broadband services from the electric membership corporation or its broadband affiliate;

(3) Not provide a broadband affiliate or any communications service provider any information obtained from other communications service providers in the pole attachment request and approval process, including without limitation the requested locations for pole attachments, the locations of the customers to be served, or any identifying information regarding such customers; and

(4) When such electric membership corporation is assisting a customer or potential customer seeking to initiate electricity services and there is any inquiry or discussion regarding the availability of retail broadband services, in the course of the same discussion or transaction in which such assistance is being provided, inform such customer or potential customer of other providers offering broadband services in such customer's area based on any service map of a provider of broadband services or similar resource maintained by any department of the state or federal government and inform such customer or potential customer that broadband services may be obtained from such electric membership corporation's broadband affiliate or such other providers of broadband services. Such information shall be provided only with regard to other providers of broadband services that have notified the electric membership corporation's broadband affiliate, in writing and in a commercially reasonable manner, that such provider of broadband services is able and willing to provide broadband services to customers located within all or a portion of the electric membership corporation's designated electricity service territory.

(c) The commission shall have jurisdiction over the compliance of each electric membership corporation and broadband affiliate within the provisions of this Code section. The commission shall provide for an expedited adjudication of any complaint as to a failure to comply with this Code section and may engage an administrative law judge for purposes of such adjudication.

46-3-200.3.

Broadband affiliates shall have all of the rights, powers, and benefits granted to other

corporations under the provisions of Title 14 and shall not be subject to any restrictions contained in this article, except that a broadband affiliate shall:

- (1) Only serve the purposes of developing, providing, furnishing, or promoting broadband facilities and broadband services, or a combination of such purposes; and
- (2) Be subject to the provisions of Code Section 46-3-200.2.

46-3-200.4.

(a) As used in this Code section, the term 'agreement' means a pole attachment agreement or joint use agreement in effect as of January 1, 2019.

(b) Except as required by the Tennessee Valley Authority for its distributors in this state, a communications service provider that has an agreement with an electric membership corporation shall have the right, through December 31, 2034, to attach to poles of the electric membership corporation and its broadband affiliate:

- (1) Upon terms and conditions that are no less favorable than those in such agreement; and
- (2) At rates that shall not exceed those in the existing agreements, subject to annual rate adjustments based on the Handy-Whitman Index of Public Utility Construction Costs, and based upon the Consumer Price Index in the event the Handy-Whitman Index of Public Utility Construction Costs is no longer available.

(c) An electric membership corporation that terminates, without cause, an agreement with a communications service provider shall not be permitted to form or utilize a broadband affiliate for a period of one year from the date of the termination of any such agreement, if the number of poles with attachments under the terminated agreement constitutes one-half or more of all electric membership corporations' poles containing an attachment by a communications service provider.

(d) The commission shall have jurisdiction over any complaint regarding the rates or terms and conditions of service for pole or infrastructure attachments between an electric membership corporation and a communications service provider. The commission shall provide for an expedited adjudication of any such complaint and may engage an administrative law judge to do so. If the commission finds that the rates or terms and conditions demanded by an electric membership corporation for such access are not just, reasonable, and nondiscriminatory, the commission shall determine the just, reasonable, and nondiscriminatory rates or terms and conditions thereafter for such access. In so determining, the commission shall ensure that the rates or terms and conditions are not higher or more burdensome than the rates or terms and conditions imposed by other pole owners in this state. During the pendency of any such dispute, the electric membership corporation shall not disrupt the communications service provider's standard business operations."

SECTION 4.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 5.

All laws and parts of laws in conflict with this Act are repealed.

If any error is detected, the cause therefor shall be ascertained and corrected; and an errorless count shall be made before the ~~tabulator~~ ballot scanner is approved. (6) Clear indication that the elector has not marked a vote for any particular office, constitutional amendment, or other question.

(d) The paper ballot marked and printed by the electronic ballot marker shall constitute the official ballot and shall be used for, and govern the result in, any recount conducted pursuant to Code Section 21-2-495 and any audit conducted pursuant to Code Section 21-2-498.

21-2-379.24.

(a) Any person or organization owning, manufacturing, or selling, or being interested in the manufacture or sale of, any electronic ballot marker may request that the Secretary of State examine the device. Any ten or more electors of this state may, at any time, request that the Secretary of State reexamine any such device previously examined and approved by him or her. Before any such examination or reexamination, the person, persons, or organization requesting such examination or reexamination shall pay to the Secretary of State the reasonable expenses of such examination or reexamination. The Secretary of State shall publish and maintain on his or her website the cost of such examination or reexamination. The Secretary of State may, at any

time, in his or her discretion, reexamine any such device.

(b) The Secretary of State shall thereupon examine or reexamine such device and shall make and file in his or her office a report, attested by his or her signature and the seal of his or her office, stating whether, in his or her opinion, the kind of device so examined can be safely and accurately used by electors at primaries and elections as provided in this chapter. If this report states that the device can be so used, the device shall be deemed approved, and devices of its kind may be adopted for use at primaries and elections as provided in this chapter.

(c) Any device that is not so approved shall not be used at any primary or election and if, upon reexamination, a previously approved device appears to be no longer safe or accurate for use by electors at primaries or elections as provided in this chapter because of an inability to accurately record votes, the approval of the same shall immediately be revoked by the Secretary of State, and no such device shall thereafter be used or purchased for use in this state.

(d) Any vendor who completes a sale of an electronic ballot marker that has not been certified by the Secretary of State to a governmental body in this state shall be subject to a penalty of \$100,000.00, payable to the State of Georgia, plus reimbursement of all costs and expenses incurred by the governmental body in connection with the sale. The State Election Board shall have the authority to impose such penalty upon a finding that such a sale has occurred.

21-2-379.25.

(a) The superintendent of each county or municipality shall cause the proper ballot design and style to be programmed for each electronic ballot marker which is to be used in any precinct within such county or municipality, shall cause each such device to be placed in proper order for voting, and shall examine each device before it is sent to a polling place for use in a primary or election, to verify that each device is properly recording votes and producing proper ballots.

(b) The superintendent may appoint, with the approval of the county or municipal governing authority, as appropriate, a custodian of the electronic ballot markers, and deputy custodians as may be necessary, whose duty shall be to prepare the devices to be

used in the county or municipality at the primaries and elections to be held therein. Each custodian and deputy custodian shall receive from the county or municipality such compensation as shall be fixed by the governing authority of such county or municipality. Such custodian shall, under the direction of the superintendent, have charge of and represent the superintendent during the preparation of the devices as required by this chapter. The custodian and deputy custodians shall serve at the pleasure of the superintendent and each shall take an oath of office prepared by the Secretary of State before each primary or election, which shall be filed with the superintendent.

(c) On or before the third day preceding a primary or election, including special primaries, special elections, and referendum elections, the superintendent shall have each electronic ballot marker tested to ascertain that it will correctly record the votes cast for all offices and on all questions and produce a ballot reflecting such choices of the elector in a manner that the State Election Board shall prescribe by rule or regulation. Public notice of the time and place of the test shall be made at least five days prior thereto; provided, however, that, in the case of a runoff, the public notice shall be made at least three days prior thereto. The superintendent shall provide compensation for the safe storage and care of such devices and related equipment if the devices and related equipment are stored by another person or entity."

SECTION 27.

Said chapter is further amended by revising subparagraph (a)(1)(D) and subsection (b) of Code Section 21-2-381, relating to making of application for absentee ballot, determination of eligibility by ballot clerk, furnishing of applications to colleges and universities, and persons entitled to make application, as follows:

"(D) Except in the case of physically disabled electors residing in the county or municipality or electors in custody in a jail or other detention facility in the county or municipality, no absentee ballot shall be mailed to an address other than the permanent mailing address of the elector as recorded on the elector's voter registration record or a temporary out-of-county or out-of-municipality address."

"(b)(1) Upon receipt of a timely application for an absentee ballot, a registrar or absentee ballot clerk shall enter thereon the date received. The registrar or absentee ballot clerk shall determine, in accordance with the provisions of this chapter, if the

applicant is eligible to vote in the primary or election involved. In order to be found eligible to vote an absentee ballot by mail, the registrar or absentee ballot clerk shall compare the identifying information on the application with the information on file in the registrar's office and, if the application is signed by the elector, compare the signature or mark of the elector on the application with the signature or mark of the elector on the elector's voter registration card. In order to be found eligible to vote an absentee ballot in person at the registrar's office or absentee ballot clerk's office, such person shall show one of the forms of identification listed in Code Section 21-2-417 and the registrar or absentee ballot clerk shall compare the identifying information on the application with the information on file in the registrar's office.

(2) If found eligible, the registrar or absentee ballot clerk shall certify by signing in the proper place on the application and then:

(A) Shall mail the ballot as provided in this Code section;

(B) If the application is made in person, shall issue the ballot to the elector ~~to be voted on a direct recording electronic (DRE) voting system~~ within the confines of the registrar's or absentee ballot clerk's office as required by Code Section 21-2-383 if the ballot is issued during the advance voting period established pursuant to subsection (d) of Code Section 21-2-385; or

(C) May deliver the ballot in person to the elector if such elector is confined to a hospital.

(3) If found ineligible, the clerk or the board of registrars shall deny the application by writing the reason for rejection in the proper space on the application and shall promptly notify the applicant in writing of the ground of ineligibility, a copy of which notification should be retained on file in the office of the board of registrars or absentee ballot clerk for at least one year. However, an absentee ballot application shall not be rejected due to an apparent mismatch between the signature of the elector on the application and the signature of the elector on file with the board of registrars. In such cases, the board of registrars or absentee ballot clerk shall send the elector a provisional absentee ballot with the designation 'Provisional Ballot' on the outer oath envelope and information prepared by the Secretary of State as to the process to be followed to cure the signature discrepancy. If such ballot is returned to the board of registrars or absentee ballot clerk prior to the closing of the polls on the day of the primary or election, the elector may cure the signature discrepancy by submitting an affidavit to the board of registrars or absentee ballot clerk along with a copy of one of the forms of identification enumerated in subsection (c) of Code Section 21-2-417 before the close of the period for verifying provisional ballots contained in subsection (c) of Code Section 21-2-419. If the board of registrars or absentee ballot clerk finds the affidavit and identification to be sufficient, the absentee ballot shall be counted as other absentee ballots. If the board of registrars or absentee ballot clerk finds the affidavit and identification to be insufficient, then the procedure contained in Code Section 21-2-386 shall be followed for rejected absentee ballots.

(4) If the registrar or clerk is unable to determine the identity of the elector from information given on the application, the registrar or clerk should promptly write to

request additional information.

(5) In the case of an unregistered applicant who is eligible to register to vote, the clerk or the board shall immediately mail a blank registration card as provided by Code Section 21-2-223, and such applicant, if otherwise qualified, shall be deemed eligible to vote by absentee ballot in such primary or election, if the registration card, properly completed, is returned to the clerk or the board on or before the last day for registering to vote in such primary or election. If the closing date for registration in the primary or election concerned has not passed, the clerk or registrar shall also mail a ballot to the applicant, as soon as it is prepared and available; and the ballot shall be cast in such primary or election if returned to the clerk or board not later than the close of the polls on the day of the primary or election concerned."

SECTION 28.

Said chapter is further amended by revising subsection (a) of Code Section 21-2-382, relating to additional sites as additional registrar's office or place of registration for absentee ballots, as follows:

"(a) Any other provisions of this chapter to the contrary notwithstanding, the board of registrars may establish additional sites as additional registrar's offices or places of registration for the purpose of receiving absentee ballots under Code Section 21-2-381 and for the purpose of voting absentee ballots under Code Section 21-2-385, provided that any such site is a branch of the county courthouse, a courthouse annex, a government service center providing general government services, ~~or~~ another government building generally accessible to the public, or a location that is used as an election day polling place, notwithstanding that such location is not a government building."

SECTION 29.

Said chapter is further amended in Code Section 21-2-383, relating to preparation and delivery of ballots, form of ballots, and casting ballot in person using DRE unit, by adding a subsection to read as follows:

"(c) Notwithstanding any other provision of this Code section to the contrary, in jurisdictions in which electronic ballot markers are used in the polling places on election day, such electronic ballot markers shall be used for casting absentee ballots in person at a registrar's or absentee ballot clerk's office or in accordance with Code Section 21-2-382, providing for additional sites."

"(b) Except for ballots voted within the confines of the registrar's or absentee ballot clerk's office, in addition to the mailing envelope addressed to the elector, the superintendent, board of registrars, or absentee ballot clerk shall provide two envelopes

for each official absentee ballot, of such size and shape as shall be determined by the Secretary of State, in order to permit the placing of one within the other and both within the mailing envelope. On the smaller of the two envelopes to be enclosed in the mailing envelope shall be printed the words 'Official Absentee Ballot' and nothing else. On the back of the larger of the two envelopes to be enclosed within the mailing envelope shall be printed the form of oath of the elector and the oath for persons assisting electors, as provided for in Code Section 21-2-409, and the penalties provided for in Code Sections 21-2-568, 21-2-573, 21-2-579, and 21-2-599 for violations of oaths; and on the face of such envelope shall be printed the name and address of the board of registrars or absentee ballot clerk. The larger of the two envelopes shall also display the elector's name and voter registration number. The mailing envelope addressed to the elector shall contain the two envelopes, the official absentee ballot, the uniform instructions for the manner of preparing and returning the ballot, in form and substance as provided by the Secretary of State, provisional absentee ballot information, if necessary, and a notice in the form provided by the Secretary of State of all withdrawn, deceased, and disqualified candidates and any substitute candidates pursuant to Code Sections 21-2-134 and 21-2-155 and nothing else. The uniform instructions shall include information specific to the voting system used for absentee voting concerning the effect of overvoting or voting for more candidates than one is authorized to vote for a particular office and information concerning how the elector may correct errors in voting the ballot before it is cast including information on how to obtain a replacement ballot if the elector is unable to change the ballot or correct the error.

(c)(1) The oaths referred to in subsection (b) of this Code section shall be in substantially the following form:

elector's absentee ballot be marked 'Canceled.' After having satisfied themselves as to the identity of such elector and confirming that the elector's absentee ballot has not yet been received by the board of registrars, the registrars or the absentee ballot clerk shall grant the request and shall notify the managers of the elector's precinct as to such action so as to permit the elector to vote in person in that precinct. If the absentee ballot is in the mail, has not yet been returned, or its exact location is unknown, the registrar or the absentee ballot clerk shall write 'Canceled' beside the elector's name on the master list of absentee voters and shall cancel the ballot itself as soon as it is received. If the location of the requested absentee ballot is known to the elector and it has not been surrendered to the poll manager, the elector shall destroy the absentee ballot after casting his or her vote in person. Canceled absentee ballots shall be disposed of in the same manner as provided in subsection (a) of Code Section 21-2-386 for absentee ballots returned too late to be cast."

Senator Henson of the 41st objected to the consideration of HB 316 as it did not have a fiscal note under OCGA 28-5-42 and Senate Rule 3-1.4.

(6) An acquiring party of a resulting insurer, if any, has plans or proposals to liquidate the resulting insurer, sell its assets, or consolidate or merge the resulting insurer with a person, or to make any other material change in its business or corporate structure or management, that are unfair and unreasonable to the resulting insurer's policyholders, and not in the public interest;

(7) The competence, experience, and integrity of the persons who would control the operation of a resulting insurer are such that it would not be in the interest of the resulting insurer's policyholders or the general public to permit the division;

(8) The division is likely to be hazardous or prejudicial to the insurance-buying public;

(9) The proposed division violates Article 4 of Chapter 2 of Title 18, the 'Uniform Voidable Transactions Act';

(10) The division is being made for purposes of hindering, delaying, or defrauding any policyholders or other creditors of the dividing insurer;

(11) One or more resulting insurers will not be solvent on the consummation of the division; or

(12) The assets allocated to one or more resulting insurers will be, on consummation of a division, unreasonably small in relation to the business and transactions in which the resulting insurer was engaged or is about to engage.

(c) If a division is undertaken in conjunction with the divestiture of one of the resulting

insurers, the Commissioner shall not approve the division until the potential acquiring party has received the necessary approval under Code Section 33-13-3.

(d) In determining whether the standard set forth in paragraph (9) of subsection (b) of this Code section has been satisfied, the Commissioner shall only apply the 'Uniform Voidable Transactions Act' to a dividing insurer in its capacity as a resulting insurer and shall not apply the 'Uniform Voidable Transactions Act' to any dividing insurer that is not proposed to survive the division.

(e) In determining whether the standards set forth in paragraphs (9), (10), (11), and (12) of subsection (b) this Code section have been satisfied, the Commissioner may consider, among other things, all assets, liabilities, and cash flows.

(f) In determining whether the standard set forth in paragraph (9) of subsection (b) of this Code section has been satisfied, with respect to each resulting insurer, the Commissioner shall, in applying the 'Uniform Voidable Transactions Act,' do all of the following:

(1) Treat the resulting insurer as a debtor;

(2) Treat liabilities allocated to the resulting insurer as obligations incurred by a debtor;

(3) Treat the resulting insurer as not having received reasonably equivalent value in exchange for incurring the obligations; and

(4) Treat assets allocated to the resulting insurer as remaining property.

(g) All information, documents, materials, and copies of documents and materials submitted to, obtained by, or disclosed to the Commissioner in connection with a plan of division or in contemplation of a plan of division, including any information, documents, materials, or copies provided by or on behalf of a domestic stock insurer in advance of its adoption or submission of a plan of division, are confidential and are subject to the same protection and treatment in accordance with Code Section 33-2-14 as information and documents disclosed to or obtained by the Commissioner in the course of an examination or investigation made under Code Section 33-2-11 until the time, if any, that a notice of the hearing contemplated by subsection (a) of this Code section is issued.

(h) From and after the issuance of a notice of the hearing contemplated by subsection (a) of this Code section, all business, financial, and actuarial information for which the domestic stock insurer requests confidential treatment, other than the plan of division and any materials incorporated by reference into or otherwise made a part of the plan of division that must not be eligible for confidential treatment after the issuance of a notice of the hearing, continues to be confidential and is not available for public inspection and must be subject to the same protection and treatment in accordance with Code Section 33-2-14 as information and documents disclosed to or obtained by the Commissioner in the course of an examination or investigation made under Code Section 33-2-11. However, if the Commissioner determines that the interest of the public in making the information available for public inspection outweighs the interest of the dividing insurer in keeping the information confidential, the Commissioner may, after notice and an opportunity to be heard, make the information available to public

inspection.

(i) All expenses incurred by the Commissioner in connection with proceedings under this section, including expenses for the services of any attorneys, actuaries, accountants, and other experts not otherwise a part of the department staff as may be reasonably necessary to assist the Commissioner in reviewing the proposed division, must be paid by the dividing insurer filing the plan of division. A dividing insurer may allocate expenses described in this subsection in a plan of division in the same manner as any other liability.

(j) If the Commissioner approves a plan of division, the Commissioner shall issue an order approving the plan of division that must be accompanied by findings of fact and conclusions of law.

(k) The conditions in this Code section for freeing one or more of the resulting insurers from the liabilities of the dividing insurer and for allocating some or all of the liabilities of the dividing insurer are conclusively satisfied if the plan of division has been approved by the Commissioner in a final order, after all relevant appeals relating to the final order have been exhausted.

(l) The Commissioner may establish any additional procedures necessary or appropriate in connection with his or her review of a plan of division.

33-14-124.

(a) After a plan of division has been adopted and approved under Code Sections 33-14-122 and 33-14-123, an officer or duly authorized representative of the dividing insurer shall sign a certificate of division.

(b) The certificate of division shall set forth:

(1) The name of the dividing insurer;

(2) A statement disclosing whether the dividing insurer will survive the division;

(3) The name of each resulting insurer;

(4) The date on which the division is to be effective, which shall not be more than 90 days after the dividing insurer has filed the certificate of division with the Secretary of State;

(5) A statement that the division was approved by the dividing insurer in accordance with Code Section 33-14-122;

(6) A statement that the division was approved by the Commissioner in accordance with Code Section 33-14-123;

(7) A statement that the dividing insurer provided, not later than ten business days after the dividing insurer filed the plan of division with the Commissioner, reasonable notice to each insurer or reinsurer that is party to a reinsurance contract allocated in the plan of division;

(8) If the dividing insurer will survive the division, any amendment to its articles of incorporation approved as part of the plan of division;

(9) For each new insurer created by the division, its articles of incorporation, which need not state the name or address of an incorporator of a corporation; and

(10) A reasonable description of the capital, surplus, other property, and policies and

other liabilities of the dividing insurer that are to be allocated to each resulting insurer.

(c) The articles of incorporation, if any, of each new insurer must satisfy the requirements of the laws of this state, but such articles need not be signed or include any provision that need not be included in a restatement of such articles.

(d) A certificate of division shall be effective when filed with the Secretary of State or on such other date specified in the plan of division, whichever is later; provided, however, that a certificate of division shall become effective not more than 90 days after it is filed with the Secretary of State. A division shall be effective when the relevant certificate of division becomes effective.

33-14-125.

(a) When a division becomes effective pursuant to subsection (d) of Code Section 33-14-124:

(1) If the dividing insurer has survived the division:

(A) It continues to exist;

(B) Its articles of incorporation, if any, shall be amended as provided in the plan of division; and

(C) Its bylaws, if any, shall be amended as provided in the plan of division;

(2) If the dividing insurer has not survived the division, its separate existence ceases to exist;

(3) Each new insurer:

(A) Comes into existence;

(B) Shall hold any capital, surplus, and other property allocated to it as a successor to the dividing insurer, and not by transfer, whether directly or indirectly; and

(C) Its articles of incorporation and bylaws shall be effective;

(4) Capital, surplus, and other property of the dividing insurer:

(A) That is allocated by the plan of division either:

(i) Vests in the new insurers as provided in the plan of division; or

(ii) Remains vested in the dividing insurer;

(B) That is not allocated by the plan of division:

(i) Remains vested in the dividing insurer, if the dividing insurer survives the division; or

(ii) Is allocated to and vests equally in the resulting insurers as tenants in common, if the dividing insurer does not survive the division; or

(C) Vests as provided in this subsection without transfer, reversion, or impairment;

(5) A resulting insurer to which a cause of action is allocated as provided in paragraph (4) of this subsection may be substituted or added in any pending action or proceeding to which the dividing insurer is a party when the division becomes effective;

(6) The policies and other liabilities of the dividing insurer are allocated among the resulting insurers as provided in Code Section 33-14-126 and the resulting insurers to which policies or other liabilities are allocated are liable for those policies and other

liabilities as successors to the dividing insurer, and not by transfer, whether directly or indirectly;

(7) Any division that becomes effective pursuant to subsection (d) of Code Section 33-14-124 shall not be deemed to constitute an assignment of any insurance policy, annuity, reinsurance agreement, or any other type of contract under the laws of this state; and

(8) The shares in the dividing insurer that are to be converted or canceled in the division are converted or canceled, and the shareholders of those shares are entitled only to the rights provided to them under the plan of division and any appraisal rights they may have pursuant to Code Section 33-14-127.

(b) Except as provided in the articles of incorporation or bylaws of the dividing insurer, the division shall not give rise to any rights that a director, shareholder, or third party would have upon a dissolution, liquidation, or winding up of the dividing insurer.

(c) The allocation to a new insurer of capital, surplus, or other property that is collateral covered by an effective financing statement shall not be effective until a new financing statement naming the new insurer as a debtor is effective under Articles 1 through 9 of Title 11.

(d) Unless otherwise provided in the plan of division, the interests in and any shares of each new insurer shall be distributed to:

(1) The dividing insurer, if it survives the division; or

(2) The shareholders of the shares of the dividing insurer that do not assert appraisal rights, pro rata, if the dividing insurer does not survive the division.

33-14-126.

(a) Except as provided in this Code section, when a division becomes effective, a resulting insurer shall be responsible:

(1) Individually for the policies and other liabilities the resulting insurer issues, undertakes, or incurs in its own name after the division;

(2) Individually for the policies and other liabilities of the dividing insurer that are allocated to or remain the liability of the resulting insurer to the extent specified in the plan of division; and

(3) Jointly and severally with the other resulting insurers for the policies and other liabilities of the dividing insurer that are not allocated by the plan of division.

(b) If a division breaches an obligation of the dividing insurer, all of the resulting insurers shall be liable, jointly and severally, for the breach, but the validity and effectiveness of the division shall not be affected by the breach.

(c) A direct or indirect allocation of capital, surplus, property, or policies or other liabilities in a division shall not be considered a distribution for purposes of the articles of incorporation or bylaws of the dividing insurer or any of the resulting insurers.

(d) Liens, security interests, and other charges on the capital, surplus, or other property of the dividing insurer shall not be impaired by the division, notwithstanding any otherwise enforceable allocation of policies or other liabilities of the dividing insurer.

(e) If the dividing insurer is bound by a security agreement governed by Article 9 of

Title 11, or Article 9 of the Uniform Commercial Code as enacted in any other jurisdiction, and the security agreement provides that the security interest attaches to after-acquired collateral, each resulting insurer shall be bound by the security agreement.

(f) Except as provided in the plan of division and specifically approved by the Commissioner, an allocation of a policy or other liability shall not affect the rights under any other law of a policyholder or creditor owed payment on the policy, or payment of any other type of liability or performance of the obligation that creates the liability, except that those rights shall be available only against a resulting insurer responsible for the policy, liability, or obligation under this Code section.

33-14-127.

A shareholder of a dividing insurer shall be entitled to appraisal rights and to obtain payment of the fair value of that shareholder's shares pursuant to Code Section 14-2-1302.

33-14-128.

The Commissioner may, in accordance with the procedures set forth in Code Section 33-2-9, promulgate rules and regulations necessary to implement and enforce the provisions of this article. If the Commissioner should find that extraordinary circumstances exist and that it would be in the best interests of the citizens of this state, the Commissioner may suspend temporarily the applicability of any rule or regulation promulgated pursuant to this article."

SECTION 2.

Said title is further amended in Code Section 33-2-9, relating to rules and regulations, by revising subsection (b) as follows:

"(b) Before any rule or regulation shall become effective or before any amendment or repeal of any rule shall become effective, the proposed rule or regulation or amendment or repeal shall be approved as to legality by the Attorney General and shall have been on file as a public record in the office of the Commissioner for at least ten days."

Upon request of the dividing insurer, as defined in Code Section 33-14-120, the Commissioner may waive the requirements of subsection (a) of this Code section, Code Section 33-3-15, and Chapter 13 of this title. Each insurer formed under this subsection shall be deemed to exist before a merger and division under this Code section becomes effective, but solely for the purpose of being a party to such merger and division. The

Commissioner shall not require that such insurer be licensed to transact insurance business in this state before such merger and division. All insurance policies, annuities, or reinsurance agreements allocated to such insurer shall become the obligation of the insurer that survives the merger simultaneously with the effectiveness of the merger and division. The plan of merger shall be deemed to have been approved by such insurer if the dividing insurer approved such plan. The certificate of merger shall state that it was approved by the insurer formed under this subsection."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

This Act shall be known and may be cited as the "Living Infants Fairness and Equality (LIFE) Act."

SECTION 2.

The General Assembly of Georgia makes the following findings:

- (1) In the founding of the United States of America, the State of Georgia and the several states affirmed that: "We hold these Truths to be self-evident, that all Men are created equal, that they are endowed by their Creator with certain unalienable Rights,

that among these are Life, Liberty, and the Pursuit of Happiness – that to secure these Rights, Governments are instituted among men;"

(2) To protect the fundamental rights of all persons, and specifically to protect the fundamental rights of particular classes of persons who had not previously been recognized under law, the 14th Amendment to the United States Constitution was ratified, providing that, "nor shall any State deprive any person of life, liberty, or property, without due process of law; nor deny any person within its jurisdiction the equal protection of the laws";

(3) Modern medical science, not available decades ago, demonstrates that unborn children are a class of living, distinct persons and more expansive state recognition of unborn children as persons did not exist when *Planned Parenthood v. Casey* (1992) and *Roe v. Wade* (1973) established abortion related precedents;

(4) The State of Georgia, applying reasoned judgment to the full body of modern medical science, recognizes the benefits of providing full legal recognition to an unborn child above the minimum requirements of federal law;

(5) Article I, Section I, Paragraphs I and II of the Constitution of the State of Georgia affirm that "[n]o person shall be deprived of life, liberty, or property except by due process of law"; and that "[p]rotection to person and property is the paramount duty of government and shall be impartial and complete. No person shall be denied the equal protection of the laws"; and

(6) It shall be the policy of the State of Georgia to recognize unborn children as natural persons.

SECTION 3.

Chapter 2 of Title 1 of the Official Code of Georgia Annotated, relating to persons and their rights, is amended by revising Code Section 1-2-1, relating to classes of persons generally, corporations deemed artificial persons, and nature of corporations generally, as follows:

"1-2-1.

(a) There are two classes of persons: natural and artificial.

(b) 'Natural person' means any human being including an unborn child.

~~(b)~~(c) Corporations are artificial persons. They are creatures of the law and, except insofar as the law forbids it, they are subject to be changed, modified, or destroyed at the will of their creator.

(d) Unless otherwise provided by law, any natural person, including an unborn child with a detectable human heartbeat, shall be included in population based determinations.

(e) As used in this Code section, the term:

(1) 'Detectable human heartbeat' means embryonic or fetal cardiac activity or the steady and repetitive rhythmic contraction of the heart within the gestational sac.

(2) 'Unborn child' means a member of the species Homo sapiens at any stage of development who is carried in the womb."

SECTION 4.

Article 5 of Chapter 12 of Title 16 of the Official Code of Georgia Annotated, relating to abortion, is amended by revising Code Section 16-12-141, relating to restrictions on the performance of abortions and availability of records, as follows:

"16-12-141.

~~(a) No abortion is authorized or shall be performed in violation of subsection (a) of Code Section 31-9B-2.~~

~~(b)(1) No abortion is authorized or shall be performed after the first trimester unless the abortion is performed in a licensed hospital, in a licensed ambulatory surgical center, or in a health facility licensed as an abortion facility by the Department of Community Health.~~

~~(2) An abortion shall only be performed by a physician licensed under Article 2 of Chapter 34 of Title 43.~~

~~(e)(1)(a) As used in this article, the term:~~

~~(1) 'Abortion' means the act of using, prescribing, or administering any instrument, substance, device, or other means with the purpose to terminate a pregnancy with knowledge that termination will, with reasonable likelihood, cause the death of an unborn child; provided, however, that any such act shall not be considered an abortion if the act is performed with the purpose of:~~

~~(A) Removing a dead unborn child caused by spontaneous abortion; or~~

~~(B) Removing an ectopic pregnancy.~~

~~(2) 'Detectable human heartbeat' means embryonic or fetal cardiac activity or the steady and repetitive rhythmic contraction of the heart within the gestational sac.~~

~~(3) 'Medical emergency' means a condition in which an abortion is necessary in order to prevent the death of the pregnant woman or the substantial and irreversible physical impairment of a major bodily function of the pregnant woman. No such greater risk shall be deemed to exist if it is based on a diagnosis or claim of a mental or emotional condition of the pregnant woman or that the pregnant woman will purposefully engage in conduct which she intends to result in her death or in substantial and irreversible physical impairment of a major bodily function.~~

~~(4) 'Medically futile' means that, in reasonable medical judgment, an unborn child has a profound and irremediable congenital or chromosomal anomaly that is incompatible with sustaining life after birth.~~

~~(5) 'Spontaneous abortion' means the naturally occurring death of an unborn child, including a miscarriage or stillbirth.~~

~~(b) No abortion is authorized or shall be performed if the probable gestational age of the an unborn child has been determined in accordance with Code Section 31-9B-2 to be 20 weeks or more unless the pregnancy is diagnosed as medically futile, as such term is defined in Code Section 31-9B-1, or in reasonable medical judgment, the abortion is necessary to have a detectable human heartbeat except when:~~

~~(A)(1) Avert the death of the pregnant woman or avert serious risk of substantial and irreversible physical impairment of a major bodily function of the pregnant woman. No such condition shall be deemed to exist if it is based on a diagnosis or claim of a~~

~~mental or emotional condition of the pregnant woman or that the pregnant woman will purposefully engage in conduct which she intends to result in her death or in substantial and irreversible physical impairment of a major bodily function. A physician determines, in reasonable medical judgment, that a medical emergency exists; or~~

~~(B)(2) Preserve the life of an unborn child. The probable gestational age of the unborn child is 20 weeks or less and the pregnancy is the result of rape or incest in which an official police report has been filed alleging the offense of rape or incest. As used in this paragraph, the term 'probable gestational age of the unborn child' has the meaning provided by Code Section 31-9B-1; or~~

~~(3) A physician determines, in reasonable medical judgment, that the pregnancy is medically futile.~~

~~As used in this paragraph, the term 'probable gestational age of the unborn child' has the meaning provided by Code Section 31-9B-1.~~

~~(2) In any case described in subparagraph (A) or (B) of paragraph (1) of this subsection, the physician shall terminate the pregnancy in the manner which, in reasonable medical judgment, provides the best opportunity for the unborn child to survive unless, in reasonable medical judgment, termination of the pregnancy in that manner would pose a greater risk either of the death of the pregnant woman or of the substantial and irreversible physical impairment of a major bodily function of the pregnant woman than would another available method. No such greater risk shall be deemed to exist if it is based on a diagnosis or claim of a mental or emotional condition of the pregnant woman or that the pregnant woman will purposefully engage in conduct which she intends to result in her death or in substantial and irreversible physical impairment of a major bodily function. If the child is capable of sustained life, medical aid then available must be rendered.~~

~~(c) In conducting an abortion, if the child is capable of sustained life, medical aid then available shall be rendered.~~

~~(d) No abortion is authorized or shall be performed in violation of subsection (a) of Code Section 31-9B-2.~~

~~(e)(1) No abortion is authorized or shall be performed after the first trimester unless the abortion is performed in a licensed hospital, in a licensed ambulatory surgical center, or in a health facility licensed as an abortion facility by the Department of Community Health.~~

~~(2) An abortion shall only be performed by a physician licensed under Article 2 of Chapter 34 of Title 43.~~

~~(d)(f) Hospital or other licensed health facility. Health records shall be available to the district attorney of the judicial circuit in which the hospital or health facility is located act of abortion occurs or the woman upon whom an abortion is performed resides.~~

~~(g) Any woman upon whom an abortion is performed in violation of this Code section may recover in a civil action from the person who engaged in such violation all damages available to her under Georgia law for any torts.~~

~~(h) It shall be an affirmative defense to prosecution under this article if:~~

- (1) A licensed physician provides medical treatment to a pregnant woman which results in the accidental or unintentional injury to or death of an unborn child;
- (2) An advanced practice registered nurse or registered professional nurse, as such terms are defined in Code Section 43-26-3, or a licensed practical nurse, as such term is defined in Code Section 43-26-32, engages in the practice of nursing to provide care for a pregnant woman which results in the accidental or unintentional injury to or death of an unborn child;

- (5) A woman sought an abortion because she reasonably believed that an abortion was the only way to prevent a medical emergency."

SECTION 5.

Chapter 6 of Title 19 of the Official Code of Georgia Annotated, relating to alimony and child support, is amended by revising paragraph (4) of subsection (a) of Code Section 19-6-15, relating to child support, guidelines for determining amount of award, continuation of duty of support, and duration of support, and by adding a new subsection to read as follows:

For the homicide of an unborn child, the right to recover for the full value of the life of such child shall begin at the point at which a detectable human heartbeat, as such term is defined in Code Section 1-2-1, is present."

(A) The particular medical risks to the individual patient associated with the particular abortion procedure to be employed, when medically accurate;

(B) The probable gestational age and presence of a detectable human heartbeat, as such term is defined in Code Section 1-2-1, of the an unborn child at the time the abortion would be performed; and

(C) The medical risks associated with carrying ~~the~~ an unborn child to term.

The information required by this paragraph may be provided by telephone without conducting a physical examination or tests of the patient, in which case the information required to be provided may be based on facts supplied to the physician by the female and whatever other relevant information is reasonably available to the physician. Such information may not be provided by a tape recording but must be provided during a consultation in which the physician or a qualified agent of the physician is able to ask questions of the female and the female is able to ask questions of the physician or the physician's qualified agent. If in the medical judgment of the physician any physical examination, tests, or other information subsequently provided to the physician requires a revision of the information previously supplied to the patient, that revised information shall be communicated to the patient prior to the performance of the abortion. There is evidence that by 20 weeks' gestation unborn children seek to evade certain stimuli in a manner which in an infant or an adult would be interpreted to be a response to pain. Anesthesia is routinely administered

to unborn children who are 20 weeks' gestational age or older who undergo prenatal surgery.'

The materials shall be objective, nonjudgmental, and designed to convey only accurate scientific information about the an unborn child at the various gestational ages."

SECTION 9.

If, upon the basis of the record of testimony and documentary evidence received at the hearing as provided for in Code Section 2-8-209 and the facts officially noticed therein from official publications or institutions of recognized standing, the commission determines that the issuance of a marketing order will tend to effectuate the intent and

If the assessment is approved by the referendum, then the commission shall notify the department of the amount and the effective date of the assessment. The department shall notify all dealers of the assessment.

(e)(1) Each distributor, as the owner of propane at the time of odorization, or at the time of import of odorized propane, shall make the assessment based on the volume of odorized propane sold in this state and placed in commerce in this state.

(2) Each distributor shall collect the assessment from the dealer to whom the sale is made and shall remit to the commission the sum of the amount of the assessment

multiplied by the number of gallons of propane sold to any dealer during the assessment period.

2-8-214.

(a) Any assessment established in accordance with this article shall constitute a personal debt of every person so assessed and shall be due and payable to the commission when payment is called for by the commission. If such person fails to pay any such assessment, the commission may file an action against such person in a court of competent jurisdiction for the collection thereof.

(b) In the event that any person duly assessed pursuant to this article fails to pay to the commission the amount so assessed, the commission shall be authorized to add to such unpaid assessment an amount not exceeding 10 percent of such unpaid assessment to defray the cost of enforcing the collection of the unpaid assessment.

(c) The provisions of this Code section shall be cumulative, and any other remedies may be pursued concurrently until satisfaction is obtained. Any penalty recovered shall become a part of the principal assessment levied and shall be for the use of the commission.
