Senator Dugan of the 30th moved that the Senate proceed to the Hall of the House of Representatives for the purpose of convening a Joint Session, and, upon the dissolution of the Joint Session and pursuant to SR 14, the Senate stand adjourned until 10:00 a.m. Monday, January 28, 2019.

The President announced the motion prevailed at 10:38 a.m.

The hour for convening the Joint Session of the Senate and House having arrived, the President, accompanied by the Secretary and Senators, proceeded to the Hall of the House of Representatives, and the Joint Session, called for the purpose of hearing a message by His Excellency, Governor Brian P. Kemp, was called to order by the

President of the Senate. HR 14 authorizing the Joint Session of the Senate and House was read by the Secretary of the Senate.

His Excellency, Governor Brian P. Kemp, addressed the Joint Session of the Senate and the House of Representatives as follows:

Lt. Governor Duncan, Speaker Ralston, President Pro Tem Miller, Speaker Pro Tem Jones, members of the General Assembly, constitutional officers, members of the Judiciary, Mayor Bottoms, members of the consular corps, my fellow Georgians:

During the Sermon on the Mount, Jesus tells a parable about two builders. The wise builder built his home on the rock. As the parable goes, “The rain came down, the floods came, but it didn't fall, for it was founded on the rock.”

But the second builder was foolish. He built his house on sand. There was a great storm, and his house washed away.

As a builder, this story always resonated with me. You have to pour concrete before you can frame a house. You must build on solid ground.

Over the last sixteen years, our state has experienced incredible growth and economic opportunity. Wages are rising, and the unemployment rate is the lowest in eighteen years. Thanks to the hard work of the legislature, Georgia is the top state for business – six years in a row. With low taxes, a business-friendly government, and access to logistics hubs like the Port of Savannah and Hartsfield-Jackson International Airport, Georgia is the epicenter of job growth, the Hollywood of the South, and soon to be the Cyber Capital of the World.

Through our state's oldest and largest industry, Georgia farmers are also feeding millions of people in countries across the globe. Thanks to the leadership and wisdom of Governors Sonny Perdue and Nathan Deal, Georgia has a solid foundation. The State of the State is rock solid.

Over the last eight years, we saw 800,000 brand-new private sector jobs created in Georgia. These investments touch every industry imaginable: in agribusiness, with machinery manufacturers like Caterpillar and Kubota and food processing companies like Perdue Farms and Harrison Poultry; in aerospace and aviation with Gulfstream, Pratt & Whitney, and TravelSky; in healthcare with Athena Health, Greenway Medical Technologies, and Kaiser Permanente; in cyber innovation with AirWatch, Honeywell, and Unisys; in manufacturing with Precision Products, Toyo Tire, and SK Innovation; and in transportation and supply chain infrastructure with Hapag-Lloyd, and Norfolk Southern Corporation.

I applaud Governor Deal, Economic Development Commissioner Pat Wilson, and department officials for working to create economic opportunity, not only in Atlanta and the metro area but in every corner of this great state. As governor, I will continue to work with state and local officials to recruit industry leaders to Georgia.

Through the Georgians First Commission, we will review regulations that make it difficult for job creators to hire, expand, and invest. We will work to make government more efficient and put hardworking Georgians first.

I am confident that we can build a stronger, more diverse economy. We can add a new designation to Georgia's resume: #1 for small business. With conservative budgeting, Georgia has maintained a triple-A bond rating.

Our Rainy Day Fund stands at \$2.5 billion. Our fiscal house is in order. Last year, the Legislature lowered state income tax rates and fully funded public school education. I am confident we can do it again.

To enhance educational outcomes and build a 21st century state, we must invest in those who educate, inspire, and lead our students. 44% of Georgia teachers leave the profession in less than five years. To recruit and retain the best and brightest in our schools, we must remove heavy burdens in the classroom and keep teacher pay competitive.

My 2020 budget proposal includes a \$3,000 permanent salary increase for certified Georgia teachers. This is the largest pay increase for teachers in Georgia history and serves as a sizable down payment on my promise to ultimately raise pay by \$5,000. We also include a 2% merit increase for all state employees. These hardworking Georgians play a vital role in serving our families and crafting Georgia's future. We must continue to reward their efforts.

In addition to investments in personnel, we must also prioritize school safety. In the amended budget for 2019, I have included \$69 million in one-time funding for school security grants. All 2,294 public schools in our state will receive \$30,000 to implement school security priorities determined by local school boards, administrators, teachers, parents, and students.

But to keep our classrooms safe, we must also address the mental health issues that often lead to school violence. With \$8.4 million in additional funding through the successful APEX program, we can focus on mental health in Georgia high schools. These professionals will engage with struggling students and provide critical resources to prevent disruptive and aggressive behavior. They will inspire, mentor, and keep our students safe. Together, we will secure our classrooms and protect our state's most treasured asset – our children.

With your help, we will continue to build. While places like Atlanta, Augusta, Savannah, and Columbus continue to grow and thrive, it still feels like the Great Recession in parts of Rural Georgia. Businesses are closing. Opportunities are drying up. People are losing faith.

As governor, I will work to ensure that someone's potential is not determined by their zip code or county. By working with the House Rural Development Council and their colleagues in the Senate, we can expand access to high-speed internet, quality healthcare, and good education.

Through strategic partnerships, we can ensure that every part of our state has access to opportunity – that kids can graduate and raise their families where they were raised, that local companies in Rural Georgia can thrive, that farmers and agribusiness leaders can get their Georgia Grown products to the marketplace, and that every Georgian is equipped with the right tools to succeed.

By working across party lines, we can – and we will – stand with those impacted by Hurricane Michael. In the aftermath of the storm, I witnessed firsthand the devastation in South Georgia. The storm damaged forests, groves, and fields. It ripped up homes, churches, and livelihoods.

Today, we are joined by a hardworking farmer who runs his family's cotton, soybean, and timber farm in Donalsonville, Georgia. He represents one of countless Georgians who took a severe hit from Hurricane Michael but is determined to move forward. This farmer and family man, Greg Mims, sits in the gallery today, and it is my honor to recognize him.

I want to thank President Trump, Vice President Mike Pence, Agriculture Secretary Sonny Perdue, Governor Deal, members of the General Assembly, and Georgia Agriculture Commissioner Gary Black for their solid leadership in the wake of this disaster.

I also applaud the efforts of officials at DNR, GEMA, the Georgia Forestry Commission, Georgia National Guard, Department of Public Safety, Department of Public Health, Department of Corrections, Department of Community Supervision, and all of the first responders who provided necessary aid after the hurricane. We will continue these recovery efforts. Let's revive, rebuild, and renew hope in Rural Georgia.

There's no doubt that criminal justice reform will be a lasting legacy of the Deal administration. Without question, the leadership of Governor Deal and the General Assembly has changed our state for the better. I look forward to supporting initiatives that save costs, strengthen communities, and give non-violent offenders a second chance at life. To keep all Georgians safe, we must build on these reform efforts.

Today, I am honored to have one of Georgia's most distinguished members of our law enforcement family with us. He is a fighter in the strongest sense of the word – a true hero among us. Last year, he was wounded in the line of duty and nearly lost his life. While chasing a criminal, he was shot right between the eyes. After multiple surgeries, I am proud to tell you that he's in the gallery next to his wife, Kristen. Join me in welcoming - and thanking - Covington Police Officer Matt Cooper. Coop, we continue to pray for you.

As Georgians, we must never forget the sacrifices of our law enforcement community. Last year, six officers paid the ultimate price in protecting and serving Georgia's communities. To the loved ones of Locust Grove Police Officer Chase Maddox, Savannah Police Officer Anthony Christie, Ludowici Chief of Police Frank McClelland, Jr., Gwinnett County Police Officer Antwan Toney, DeKalb County Police Officer Edgar Flores, and Henry County Police Officer Michael Smith, you remain in our thoughts and prayers. Their service will never be forgotten, and we are forever grateful.

Fellow Georgians, it's time to build. It's time to renew our commitment to public safety. It's time to honor those we lost by taking action. As governor, I am committed to addressing the rise of gang activity in our state – a growing threat requiring our immediate attention. According to a recent survey conducted by the Georgia Gang Investigators Association, there are over 71,000 validated gang affiliates and 1,500 suspected gang networks in our state. These gangs are pawns for Mexican drug cartels – pushing opioids and drugs, buying and selling children for sex.

My budget proposal includes \$500,000 in initial funds to form a gang taskforce within the GBI. This highly qualified group of experienced law enforcement personnel and prosecutors will work with local district attorneys and law enforcement to stop and dismantle street gangs. By utilizing the Criminal Gang and Criminal Alien Database, which will be funded with existing resources from the Criminal Justice Coordinating Council, we can track and deport drug cartel kingpins who are terrorizing our communities. By working with Attorney General Chris Carr, federal, state, and local partners, we can undermine organized crime. Together, we can build a safer future for all Georgia families.

Finally, while different parts of our state have unique challenges and concerns, all Georgians deserve a patient-centered healthcare system that puts families first. The status quo is unacceptable. Seventy-nine counties have no OB/GYN. Sixty-four counties have no pediatrician. Nine counties have no doctor. Insurers are leaving the state, and hardworking Georgians are struggling to pay their premiums.

We have included \$1 million in the Department of Community Health's budget to craft state flexibility options for Georgia's Medicaid program. We will expand access without expanding a broken system that fails to deliver for patients. We will drive competition

and improve quality while encouraging innovation. I will work with the legislature to grow the rural hospital tax credit, tackle the doctor shortage, and build a healthier Georgia.

As we envision and plan for Georgia's future, we should not forget how we got here – the road travelled and the people who stood with us. Today, my wife, Marty, and daughters, Jarrett, Lucy, and Amy Porter, are with us. I wouldn't be here without their support. Marty and I built businesses and a family together. She's solid as a rock, and I know she's going to make a fine First Lady. Today, Marty is in the seat where her late father, Representative Bob Argo, once sat.

Thank you, Representative Hugley, for allowing Marty to share your seat today. You are incredibly kind.

Mr. Bob was a good ole Southern Democrat who never met a stranger. He loved the University of Georgia and worked across the aisle to deliver for his district. Representative Argo raised Marty to be a fighter and a public servant. When I was a frustrated business guy who wanted to make a difference, he encouraged me to run for office. He stood with our family through thick and thin. His legacy inspires us daily. Representative Argo was a wise man and knew that building is faster when there's more people involved – that we have more that unites us than divides us.

So join us, and let's put hardworking Georgians first. Pick up a hammer and nails. Together, we can build a safer, stronger Georgia. Thank you, God bless you, and may God continue to bless the great State of Georgia.

/s/ Senator Gail Davenport
District 44

Senator Dugan of the 30th moved that the Senate stand in recess and proceed to the Hall of the House for a Joint Session and that, upon the dissolution of the Joint Session, the Senate stand adjourned until 10:00 a.m. Wednesday, February 20, 2019.

The President announced the motion prevailed at 10:48 a.m.

The hour for convening the Joint Session of the Senate and House having arrived, the President, accompanied by the Secretary and Senators, proceeded to the Hall of the House of Representatives, and the Joint Session, called for the purpose of hearing a message by Honorable Harold D. Melton, Chief Justice of the Supreme Court, was called to order by the Speaker of the House. HR 97 authorizing the Joint Session of the Senate and House was read by the Clerk of the House.

Honorable Harold D. Melton, Chief Justice of the Supreme Court, addressed the Joint Session of the Senate and the House of Representatives as follows:

Lieutenant Governor Duncan, Speaker Ralston, President Pro Tem Miller, Speaker Pro Tem Jones, members of the General Assembly, constitutional officers, members of the Judiciary, my friends and colleagues on the Supreme Court, my good friends on the Court of Appeals, my fellow Georgians:

Thirty years ago, I made a great friend. I was a young, first-year law student at the University of Georgia. P. Harris Hines was a Cobb County Superior Court judge. He invited me to work for him as a summer intern. He was a great lawyer, a great judge, and a great public servant, but most of all he was a great man. Because of the love and kindness he extended so freely to others, the late Chief Justice Hines was loved and cherished by every member of our Court, our Court staff, and by just about every person who met him.

I am humbled now to follow him as the new Chief Justice of the Supreme Court of Georgia, following the election by my colleagues and Justice Hines's retirement last August.

I am honored and grateful to be here today to deliver the annual State of the Judiciary Address. This great tradition is an opportunity to report to you the accomplishments of the judicial branch and the challenges that lie ahead.

Two thousand and nineteen is a year of new beginnings. We have a new governor heading up the executive branch; a new lieutenant governor presiding over the Senate; and we have 49 new legislators, a new Secretary of State, a new Insurance Commissioner, and roughly 100 new judges around the state.

Since 2017, five of our nine justices have joined Georgia's Supreme Court, which has recently grown, moving from seven to nine justices. The experience of the Court of Appeals is similar. It recently grew from 12 to 15 judges. And six of its 15 judges have taken office just within the last year.

This new crop of jurists is a younger bunch. I remember when I first joined the Supreme Court in 2005. Conversations among my colleagues revolved around Medicaid Part D and blood thinners. Today our conversations revolve around player pitch baseball and swim meets.

However, all of us are grateful for those who came before us and the opportunity to build on their successes. And I am confident that just as those we succeed worked together for the good of Georgia, we too – in all three branches – will continue to forge strong relationships to best serve our citizens.

Largely due to the relationships we have had with you in the Legislature and with the Governor, I am pleased to report today that the state of Georgia's judiciary is sturdy, stable, and strong.

We are well poised to meet the inevitable changes ahead.

First, let me say this to you: Thank you for your support of the judiciary.

In recent years, you have helped revolutionize our criminal justice system, making our state a national model in criminal justice reform. Through these efforts, we have made our state safer with reduced recidivism rates, saved taxpayer dollars with reduced prison populations, and made our communities stronger by giving non-violent offenders the chance to turn their lives around and become law-abiding and more productive family members and members of the community. President Trump, in his State of the Union Address, recently spoke of the federal initiative toward criminal justice reform, and

proudly noted that the states are following the federal government's lead. That may be true, but the federal government is following Georgia's lead.

I want to thank my colleague, Justice Michael Boggs, for his state and national leadership in this area.

You have approved and funded the new judicial building – the first state building in Georgia's history dedicated solely to the judiciary. Currently, the Supreme Court, the Court of Appeals, the Office of the Reporter of Decisions, and the Office of Bar Admissions are due to move into the new building this November or December. This time next year, we and the Court of Appeals plan to have you over to the new building as our guests so you can walk around and see what you have invested in.

We do not take this building for granted. The building looks slightly upward to the Capitol, giving the Legislature the appropriate presumption of righteousness it deserves, but at the same time it looks squarely at the Capitol in readiness to do our jobs.

This building reflects what the citizens of this great State expect the justices and judges to accomplish each day when we come to work. It is built to be strong, enduring, and attentive to detail. It reflects the dignity and majesty of the rule of law we are called upon to uphold on a daily basis.

As I recently assured the Joint Appropriations Committee, we intend to come well within the appropriated budget for furniture and fixtures, taking all the existing furniture that is suitable and sturdy and which matches the dignity of our new surroundings. We will make sure that the furnishings in the new building are appropriately stately, but not extravagant.

You have appropriately scrutinized and supported the vast majority of the budget and legislative requests submitted by our partners within the judiciary – from the various classes of courts, the numerous commissions, boards and committees. For your positive engagement in all of this, we say, “thank you.”

We also have our forefathers to thank for their brilliance in creating our three branches of government.

As a practical matter, most of our ordinary citizens have little understanding of what we in the judiciary actually do. Even though the judicial branch, more than the other two, is most likely to be the subject of television shows and movies, the role we play is more likely to be shrouded in mystery.

As judges, we take an oath to uphold the rule of law, to apply the law fairly and squarely to all who come before us, regardless of their status or socioeconomic background.

Toward that end, the independence of the judiciary is a gift to (and from) the American people.

John Adams, before becoming this nation's second president, famously said: "We are a nation of laws, not of men."

We apply that rule of law regardless of whether it pleases the majority of citizens, or favors the unpopular. And yet, throughout our nation's history, we have struggled to live up to this ideal.

The recently popularized story of Alexander Hamilton and Aaron Burr shows how far we have come. Remember this: In the early 1800's, Alexander Hamilton was a prominent lawyer. He signed the Constitution of the United States and was the first Secretary of the Treasury.

Aaron Burr was the sitting Vice President under President Thomas Jefferson and a former Attorney General of New York. These were two of our nation's most prominent and visible citizens.

As President Thomas Jefferson prepared to run for re-election, it became clear that he was going to drop Aaron Burr from the ticket. Aaron Burr was not a very likeable sort. Burr, therefore, decided to run for Governor in New York. Hamilton chose to run against him.

There had existed longstanding tensions between the two. And when reports began to circulate that Hamilton had made disparaging comments about Burr's character at a dinner, things got worse. Burr demanded an apology. Hamilton refused. Burr challenged Hamilton to a duel. Hamilton accepted.

Dueling was illegal in New York, so they traveled across the river into New Jersey. Hamilton fired first, and missed. Burr fired second, striking Hamilton in the abdomen. Hamilton died the next day.

Both New York and New Jersey brought charges against Burr, but Burr fled to South Carolina. He later returned to Washington, D.C. and despite the charges pending against him, completed his term as Vice President. He never stood trial for those charges, in either state.

There are other examples in our history where our adherence to the rule of law has fallen short. But fortunately, we have been on a long but steady journey toward greater adherence and fidelity to the law, so that now, we as judges – and you as lawmakers – are expected to pay our traffic tickets just like everyone else.

Upholding the rule of law is hard work. It takes vision, courage, intelligence, patience, and independence. It takes discipline.

I am grateful to all our state's judges who work daily trying to get it right. Many of them are here today. Would all of our state's judges and justices please stand so we can thank you for your service.

While you are in a standing mood, I hope you will do me the personal favor of honoring my lovely and beautiful wife, Kimberly. She is here along with my mother and my son, the youngest of my three children.

In every generation, we have called upon the rule of law to be a beacon of light, the guidance and assurance of justice and equality. Our present time is no exception. And I am pleased to tell you that we are answering the call.

You each should have a flyer placed at your seat. It is a comprehensive snapshot of our state's judicial system. Included on it, you will see statistics about this state's accountability courts – what some call “specialty” courts or “problem-solving” courts. I will not rehash the numbers that underscore these courts' success, but I will touch upon some lessons we have learned from our experience in this area.

The fact is that by the time people come into our drug courts, mental health courts, or other specialty courts, they are often at the end of their behavioral timeline. That is because we, the courts, are the end game. Courts only engage once the problem has come to a head, and criminal laws have been broken – usually after years and years of bad behavior and bad experiences.

And yet we have enjoyed tremendous success, largely because we try to get to the root cause of the problem to stifle criminal behavior at the source. If these courts work at all, it is because we treat the whole person with the hope of future redemption. That is what the rule of law does. It treats every person as an individual.

Our specialty courts work because judges, and the many dedicated social workers and volunteers working with them, take the time to understand the struggles and the backgrounds and the individual stories behind the people before them. They form relationships. They build a level of intimacy.

Justice Hines always said, “You never know what someone is struggling with, but everyone is struggling with something.”

So here is the next logical question: If these courts are able to have this kind of success with a population of adults who often have had a lifetime of struggles and bad behavior, can we not have even greater success if we, in our communities, engage even earlier?

Can we accomplish even more if we engage earlier in the timeline?

We know the paths people take. You will see on your flyer the extraordinary number of Georgia's children in foster care. Each child in foster care involves multiple filings in our juvenile courts. We know that the challenges these children face put them at a higher risk of getting into trouble, dropping out of school, having babies in their teens, and ultimately coming into our court system. Keeping children with their families and out of foster care is important. The judicial branch supports reinforcing family ties.

Kinship Care is a program that helps do that. It provides legal services to grandparents, relatives, even family friends who are serving as guardians to children who otherwise would be placed in foster care. Kinship Care works to give these guardians the legal authority they need to make medical decisions, financial decisions, and school decisions for the children. In the Judicial Council's budget request submitted to you, you will have the opportunity to support this effort.

I believe the solutions to many of our social ills lie in our communities. The challenge for all of us is to have conversations that peel back the layers to the problems in our own backyard. But we should not just focus on the problems, but we should then venture into potential solutions, and then take action, recognizing that relationships and intimacy are at the core of the solutions.

These conversations will be different in each community. In Cobb County, where I grew up and went to high school, District Attorney – now GBI Director – Vic Reynolds and others in their community recognized they had a growing problem with gangs. In response, Judge Wayne Grannis of the Cobb County Juvenile Court, a former prosecutor, created a new specialty court that targets high-risk youth and first-time gang offenders. The goal is to steer them away from gangs and into counseling services and life-skill resources that are available to both the youth and their families.

But even here, the courts are dealing with kids after they get into trouble. Must we wait until our youth and adults are engaged in high-end criminal activity when we know precisely the path they are on, and we have the tools to intervene or steer them in another direction?

We in the judiciary can and will continue to deal with people on the back end, but we would love to see our numbers reduced by communities dealing with individuals on the front end.

How do we do that? I want to tell you about a program that exemplifies what I'm talking about.

The Atlanta Volunteer Lawyers Foundation, led by Executive Director Marty Ellin and

Deputy Director, Michael Lucas, has created a program called, “Standing With Our Neighbors.” The lawyers got involved with Thomasville Heights Elementary School – one of the lowest performing schools in the entire state. When they peeled back the layers, they learned that the average tenure of a student at the school was 1½ years.

The Atlanta Volunteer Lawyers Foundation brought in two lawyers. The lawyers developed relationships with the children and then their parents.

I want you to see what happened next. (VIDEO)

There’s more. In the context of those relationships, they learned of asthma resulting from the mold and mildew and the need for air filtration units in the apartments to further cut down on absenteeism. They learned of incidents of domestic violence that otherwise would have gone unaddressed.

By dealing with these issues, how many future criminal cases have been prevented? How many instances of illiteracy have been avoided? How have they impacted future dropout rates, teenage pregnancies, infant mortality rates, drug addictions and any other negative statistics that concern us? And, how many lives have been redirected toward becoming strong mothers and fathers and leaders in the community?

I hope you will join me in honoring Marty Ellin, Michael Lucas and the soldiers of the Atlanta Volunteer Lawyers Foundation.

I mentioned that our judiciary is poised for the inevitable changes we face in the future. You will see on your flyer the large number of fellow Georgians who cannot afford a lawyer and are representing themselves in court – often putting themselves at a great disadvantage and threatening their access to justice.

One of the most profound changes now evolving is our courts’ use of technology. For those without lawyers, court procedures and processes are complex, the language confounding. Technology can cut through and simplify the process, not to mention speed it up.

Already around the state, our judges are using such tools as chatbots and online forms to improve access.

* The Council of Magistrate Court Judges, led by Pierce County’s Chief Magistrate Judge Glenda Dowling, has developed an online forms generator called the “Wizard,” which guides self-represented litigants through the process of filling out civil pleadings. Virtually every possible civil pleading needed in Magistrate Court can be generated through the tool, including foreclosures, garnishments, and dispossesories.

* Judge Chase Daughtrey of the Cook County Probate Court has set up a chatbot on its website that is available 24-7 to handle basic court questions and look up citation information. They have also set up a reminder service that automatically sends three text reminders to people before their court date. Young people respond more to texts than postal mail.

* Chief Judge John Simpson of the Coweta Judicial Circuit uses technology to expedite judges' responses to emergency requests from the victims of domestic violence. As a result, these victims now receive almost immediate assurance of safety and peace of mind.

For more than 10 years, I have chaired the Judicial Council's Technology Committee. Today, I am pleased to inform you that thanks to your support last year, we have made tremendous progress, and now have an online Gateway that provides comprehensive access to Georgia's entire judicial system. (DEMONSTRATION OF GATEWAY)

If you do a Google search for "Georgia courts," the first hit is for our new Gateway. The entire website can be translated into over 100 languages. This Gateway is where users will go to electronically file or access court documents from anywhere in the state. There is even a link for reinstating your driver's license.

We thank you for your continued support to further develop and maintain this product.

In response to Senate Bill 407 that you passed last year, by the end of next month, all Superior and State Courts will have electronic filing up and running. Litigants can now file legal documents electronically all over the state. We have caught up with Alabama.

Simultaneously, the state is making great strides with something called the "Criminal Justice Exchange Project." Led by the executive branch, this electronic data system gives us a smart, new way of sharing documents and information about criminal cases from the moment of arrest, on toward prosecution, and ultimately to the point of incarceration and probation and parole. The files are shared almost instantaneously among databases maintained by district attorneys, public defenders, court clerks, sheriffs, and the Georgia Department of Corrections and Department of Community Supervision. The efficient flow of complete, accurate, and up-to-date case information improves outcomes at every step in the process. Currently, there are pilots operating in four counties – Bartow, Dawson, Forsyth, and Gordon – with planned roll outs across the entire state within the next couple of years.

There are other strides we have made in the use of technology, but I believe we are only on the cusp of the technological change that will transform our courts in the coming years.

Finally, based on your recommendation, last November, our citizens approved a constitutional amendment authorizing the creation of a state-wide business court. Business courts have found success in some of our sister states and already have been set up in several Superior Courts here in Georgia. These courts are designed to bring expertise to commercial litigation. As the effort to develop these courts advances, we stand ready to serve as a resource to you as you strive to further create a healthy climate for commerce.

One year ago, it was then-Chief Justice Hines who stood before you delivering this annual State of the Judiciary address. Those of you who were here may recall that at the end of his speech he paid tribute to his beloved wife, Helen Hines, calling her his “springtime at theMasters.” What he didn’t tell you was that he was a horrible golfer.

His sudden death this past November, only two months after his retirement and 40 years as a judge, has left a hole in many hearts, including my own. 7 Last month, the University of Georgia School of Law announced it was establishing “The Be Kind Fund” in memory of Chief Justice Hines to aid law students through internship opportunities and scholarships.

Kindness was his legacy.

There’s a lot that can be said about all of us as we look back over our careers. But what more can be said about a person who loves and is kind to all, who recognizes the struggles of his or her neighbors and treats the whole person with dignity and respect.

That is my prayer for all of us – that we will be remembered for our goodness and kindness.

Thank you. God bless you. And may God bless the great state of Georgia.

SUBJECT: State Auditor's Certification
Senate Bill 55 (LC 43 1132)

Dear Senator Hufstetler:

This bill would amend provisions under the Employees' Retirement System of Georgia. Specifically, this bill would authorize the Board to offer a supplemental guaranteed lifetime annuity to certain retired members of the System. Eligible retired members would be authorized to transfer some or all funds from their 401(k) plan or 457(b) plan into an account under the System in order to purchase an annuity, which shall supplement the member's retirement allowance. Members would be authorized to determine the amount of funds transferred, however, the minimum amount that may be transferred would be \$25,000. This legislation would also allow the member to elect whether the annuity would be calculated based on his or her lifetime only or based on an election to provide an annuity to a named survivor.

This is to certify that this bill is a nonfiscal retirement bill as defined in the Public Retirement Systems Standards Law.

Respectfully,

/s/ Greg S. Griffin
State Auditor

Coverdell Legislative Office Building, Room 301-B

SUBJECT: State Auditor's Certification
Senate Bill 73 (LC 43 1164)

Dear Senator Harper:

This bill would amend provisions relating to revenues collected from fines and fees relative to the Peace Officers' Annuity and Benefit Fund. Currently, the Fund receives five dollars of each fee collected from offenders for purposes of pretrial diversion pertaining to any criminal or quasi-criminal case. This bill would clarify that the clerk of the court is responsible for remitting these funds to the Peace Officers' Annuity and Benefit Fund.

This is to certify that this bill is a nonfiscal retirement bill as defined in the Public Retirement Systems Standards Law.

Respectfully,

/s/ Greg S. Griffin
State Auditor

(a) As a condition to the issuance of a permit to collocate a small wireless facility or to install, modify, or replace a pole or a decorative pole for collocation of a small wireless facility in a right of way, the applicant shall pay the following fees and rates:

(1) A fee for each application for the collocation of each small wireless facility on an existing pole assessed by the authority not to exceed \$100.00 per small wireless facility; (2) A fee for each application for each replacement pole with an associated small wireless facility assessed by the authority not to exceed \$250.00;

(3) A fee for each application for each new pole with an associated small wireless facility assessed by the authority not to exceed \$1,000.00 per pole with an associated small wireless facility;

(4) An annual right of way occupancy rate assessed by the authority for nonexclusive occupancy of the right of way by the applicant not to exceed:

(A) One hundred dollars per year for each small wireless facility collocated on any existing or replacement pole, including an existing or replacement authority pole; or

(B) Two hundred dollars per year for each new pole, other than a replacement pole, with an associated small wireless facility;

(5) An annual attachment rate for collocations on authority poles not to exceed \$40.00 per year per small wireless facility, which shall be nondiscriminatory regardless of the services provided by the collocating wireless provider;

(6) A fee for make-ready work, as provided in subsection (n) of Code Section 36-66C-7; and

(7) Generally applicable nondiscriminatory fees for any permit required under generally applicable law; provided, however, that an applicant shall not be required to obtain or pay any fees for a building permit, as the permit issued pursuant to this chapter serves as a building permit for the applicable poles and small wireless facilities.

(b) The monetary caps provided in paragraphs (1), (2), (3), (4), and (5) of subsection

(a) of this Code section shall increase 2.5 percent annually beginning January 1, 2021.

(c) If, in a final adjudication not subject to further appeal or to review by the United States Supreme Court, a federal court reviewing Accelerating Wireless Broadband Deployment by Removing Barriers to Infrastructure Investment, et al., Declaratory Ruling and Third Report and Order, WT Docket No. 17-79 and WC Docket No. 17-84, FCC 18-133 (released September 27, 2018), or a related FCC order, or a Georgia federal district court, the United States Court of Appeals for the Eleventh Circuit, or the United States Supreme Court interpreting 47 U.S.C. Section 253(c) as it existed on January 1, 2019, determines that fair and reasonable compensation includes not only cost based charges but also market based charges with respect to application fees or right of way occupancy rates for the installation of small wireless facilities or poles, or to authority pole attachment rates for small wireless facilities, then:

(1) Beginning on July 1 of the calendar year following the date that the final adjudication is no longer subject to further appeal or to review by the United States Supreme Court, the monetary caps provided in paragraphs (1), (2), (3), (4), and (5) of subsection (a) of this Code section for the fees or rates to which the determination applies, excluding any increases that have been made under subsection (b) of this Code section, shall double; and

(2) Beginning on July 1 of the second calendar year following the date that the final adjudication is no longer subject to further appeal or to review by the United States Supreme Court, the monetary caps in paragraphs (1), (2), (3), (4), and (5) of subsection (a) of this Code section for the fees or rates to which the determination applies shall terminate. In place of any monetary caps that terminate pursuant to this subsection, applicants shall pay fees or rates, as each may be applicable, that constitute the fair and reasonable compensation due to the authority under applicable law.

(d) An applicant shall not be subject to any fees or rates other than those expressly provided for by this Code section or as may be otherwise voluntarily negotiated between an applicant and the authority in accordance with Code Section 36-66C-4.

(e) The applicant, or the person that owns or operates the small wireless facility collocated in the right of way, may remove its small wireless facilities at any time from the right of way upon not less than 30 days' prior written notice to the authority and may cease paying to the authority any applicable fees and rates for such use, as of the date of the actual removal of the small wireless facilities. In the event of such removal, the right of way shall be, to the extent practicable in the reasonable judgment of the authority, restored to its condition prior to the removal. If the applicant fails to return the right of way, to the extent practicable in the reasonable judgment of the authority, to its condition prior to the removal within 90 days of the removal, the authority may, at the sole discretion of the authority, restore the right of way to such condition and charge the applicant the authority's reasonable, documented cost of removal and restoration, plus a penalty not to exceed \$500.00. The authority may suspend the ability of the applicant to receive any new permits from the authority until the applicant has paid the amount assessed for such restoration costs and the penalty assessed, if any; provided,

however, that the authority shall not suspend such ability of any applicant that has deposited the amount in controversy in escrow pending an adjudication of the merits of the dispute by a court of competent jurisdiction.

36-66C-6.

(a) A wireless provider may collocate small wireless facilities on authority poles and decorative poles in the right of way, subject to administrative review only and the issuance of a permit as set forth in this Code section. Subject to administrative review only and the issuance of a permit as set forth in this Code section, a wireless provider may occupy the right of way for the following uses, provided that such uses shall be in accordance with applicable provisions of this chapter, including without limitation, those set forth in Code Section 36-66C-9:

(1) Collocation of a small wireless facility on or adjacent to a pole or a support structure that does not exceed the limitations set forth in paragraph (3) of subsection (h) of Code Section 36-66C-7 or on or adjacent to a decorative pole in compliance with Code Section 36-66C-12; and

(2) Installation, modification, or replacement of a pole or a decorative pole for collocation of a small wireless facility that does not exceed the limitations set forth in paragraphs (1) and (2) of subsection (h) of Code Section 36-66C-7.

(b) No wireless provider shall collocate any small wireless facility in the right of way or install, modify, or replace a pole or decorative pole for collocation of a small wireless facility in the right of way without first filing an application and obtaining a permit therefor, except as otherwise expressly provided in subsection (e) of this Code section. Any failure to comply with this subsection by a wireless provider shall allow the applicable authority, at the sole discretion of the authority, to restore the right of way, to the extent practicable in the reasonable judgment of the authority, to its condition prior to the unpermitted collocation or installation and to charge the responsible wireless provider its reasonable, documented cost of doing so, plus a penalty not to exceed \$1,000.00. The authority may suspend the ability of the wireless provider to receive any new permits from the authority until the wireless provider has paid the amount assessed for such restoration costs and the penalty assessed, if any; provided, however, that the authority shall not suspend such ability of any applicant that has deposited the amount in controversy in escrow pending an adjudication of the merits of the dispute by a court of competent jurisdiction.

(c) The authority shall make accepted applications publicly available; provided, however, that an applicant may designate portions of its application materials that it reasonably believes contain trade secrets by following the procedures set forth in paragraph (34) of subsection (a) of Code Section 50-18-72.

(d) The application shall be made by the applicable wireless provider or its duly authorized representative and shall contain the following:

(1) The applicant's name, address, telephone number, and email address, including emergency contact information for the applicant;

(2) The names, addresses, telephone numbers, and email addresses of all consultants,

if any, acting on behalf of the applicant with respect to the filing of the application;

(3) A general description of the proposed work and the purposes and intent of the proposed facility. The scope and detail of such description shall be appropriate to the nature and character of the physical work to be performed, with special emphasis on those matters likely to be affected or impacted by the physical work proposed;

(4) Detailed construction drawings regarding the proposed use of the right of way;

(5) To the extent the proposed facility involves collocation on a pole, decorative pole, or support structure, a structural report performed by a duly licensed engineer evidencing that the pole, decorative pole, or support structure will structurally support the collocation, or that the pole, decorative pole, or support structure may and will be modified to meet structural requirements, in accordance with applicable codes;

(6) For any new aboveground facilities, visual depictions or representations if such are not included in the construction drawings;

(7) Information indicating the horizontal and approximate vertical location, relative to the boundaries of the right of way, of the small wireless facility for which the application is being submitted;

(8) If the application is for the installation of a pole or replacement of a decorative pole, a certification that complies with subsection (k) of this Code section;

(9) If the small wireless facility will be collocated on a pole or support structure owned by a third party, other than an authority pole or a decorative pole, a certification that the wireless provider has permission from the owner to collocate on the pole or support structure; and

(10) If the applicant is not a wireless services provider, a certification that a wireless services provider has requested in writing that the applicant collocate the small wireless facilities or install, modify, or replace the pole or decorative pole at the requested location.

(e) An application shall not be required for the following activities, provided that a wireless provider may be required to obtain permits for such activities, such as electrical permits or street opening permits, if otherwise required by generally applicable law:

(1) With respect to a pole or decorative pole on which a small wireless facility is collocated, inspections, testing, repairs, and modifications that maintain functional capacity and aesthetic and structural integrity, provided that modifications are limited by the structural load analysis supplied by the applicant in its prior application to the authority; and

(2) With respect to a small wireless facility, inspections, testing, or repairs that maintain functional capacity or the replacement or upgrade of antennas or other components of the small wireless facility such as a swap out or addition of antennas and radio equipment as required by the applicant, with antennas and other components that are substantially similar in color, aggregate size, and other aesthetics to that previously permitted by the authority and consistent with the height and volume limits for small wireless facilities under this chapter, so long as the pole, decorative pole, or support structure will structurally support, or prior to installation

will be modified to support, the structural load in accordance with the structural load analysis supplied by the applicant in its prior application to the authority.

(f) An authority shall not require a wireless provider to obtain a permit or any other approval or require fees or rates for the installation, placement, maintenance, operation, or replacement of micro wireless facilities that are suspended on cables that are strung between poles or support structures in the right of way in compliance with applicable codes; provided, however, that an authority may require a wireless provider to obtain permits for any additional activities such as electrical work, excavation, or closure of sidewalks or vehicular lanes within the right of way if otherwise required by generally applicable law. Such permits shall be issued on a nondiscriminatory basis upon terms and conditions applied to any other person's similar activities in the right of way.

(g) Any material change to information contained in an application shall be submitted in writing to the authority within 30 days after the events necessitating the change.

(h) Unless otherwise provided by applicable law, all applications pursuant to this chapter shall be accompanied by the fees required under Code Sections 36-66C-4 and 36-66C-5.

(i) An authority shall not enter into an exclusive arrangement with any person for use of the right of way for the collocation of small wireless facilities or the installation, operation, marketing, modification, maintenance, or replacement of poles or for the right to attach to authority poles. A person that purchases or otherwise acquires an authority pole is subject to the requirements of this subsection.

(j) The authority, in the exercise of its administration and regulation of the management of the right of way, shall be competitively neutral and nondiscriminatory with regard to other users of the right of way.

(k) A wireless provider shall not apply to install a pole or replace a decorative pole unless it has determined after diligent investigation that it cannot meet the service objectives of the permit by collocating on an existing pole or support structure on which:

(1) The wireless provider has the right to collocate subject to reasonable terms and conditions; and

(2) Such collocation would not impose technical limitations or significant additional costs. The wireless provider shall certify that it has made such a determination in good faith, based on the assessment of a licensed engineer, and shall provide a written summary of the basis for such determination.

(l) Requests for installation, modification, or replacement of a support structure are not eligible for administrative review as set forth in this Code section.

(m) An application that is subject to administrative review shall be approved except as provided in subsection (j) of Code Section 36-66C-7.

(n) The provisions of this chapter concerning the collocation of small wireless facilities on poles and the installation, modification, and replacement of poles by wireless providers apply only to poles that are lawfully located or are to be lawfully located within the right of way. An authority has the burden of establishing that an existing pole's location within the right of way is not lawful.

36-66C-7.

(a) The requirements of this Code section govern an authority's review of applications for uses that are subject to administrative review as described in subsection (a) of Code Section 36-66C-6.

(b) Within 20 days of receipt of a written application, the authority shall:

(1) Notify the applicant in writing of the commencement and completion dates of any widening, repair, reconstruction, or relocation of the applicable right of way that is scheduled to commence, or is anticipated in good faith to commence, within 24 months after the application is filed;

(2) Notify the applicant, based on the authority's good faith preliminary review of the information provided in the application, of any aspect of the application that appears to be grounds for the authority's denial of the application pursuant to subsection (j) of this Code section; and

(3) Determine whether the application is complete and inform the applicant of its determination in writing. If the authority determines that an application is incomplete, it shall specifically identify to the applicant in writing all missing information within such 20 day period; otherwise the application is deemed complete. If the authority identifies missing information to the applicant as provided in this paragraph, the applicant may submit such missing information to the authority within 20 days of receipt of notification in writing from the authority that the application is incomplete without paying any additional application fee, and any subsequent review of the application by the authority for completeness shall be limited to the previously identified missing information. If the authority determines that an application remains incomplete, or if the authority determines that the applicant has made material changes to the application other than to address the missing information identified by the authority, the authority shall notify the applicant of such determination in writing within ten days of receipt of the resubmission of the written application, and absent an agreement to the contrary between the authority and the applicant that is confirmed by email or other writing, such notice shall constitute a denial of the application. If the authority does not provide such written notification to the applicant within this ten-day period, the application shall be deemed complete.

(c) The authority shall make its final decision to approve or deny the application within 30 days of the written determination that the application is complete or when the application is deemed complete under paragraph (3) of subsection (b) of this Code section, whichever is earlier, for a collocation, and within 70 days of the written determination that the application is complete or when the application is deemed complete under paragraph (3) of subsection (b) of this Code section, whichever is earlier, for the installation, modification, or replacement of a pole or decorative pole.

(d) A decision to deny an application pursuant to this Code section shall be in writing, shall identify all reasons for the denial, and shall identify the provisions of applicable codes or other standards applicable pursuant to this chapter on which the denial was based. The decision to deny shall be sent to the applicant contemporaneously. The review period shall run until the written decision is delivered to the applicant in

accordance with subsection (s) of this Code section.

(e) If the authority fails to act on an application within the review period provided for in subsection (d) of this Code section, the applicant may provide the authority written notice that the time period for acting has lapsed, and the authority shall then have 20 days after receipt of such notice to render its written decision. The application shall be deemed approved by passage of time and operation of law if the authority does not render its written decision within such 20 days.

(f) An applicant may, at the applicant's discretion and subject to the consolidated application requirements and processes under Code Section 36-66C-13, file a consolidated application.

(g) Notwithstanding any other provision of this chapter and to the extent that an application constitutes an eligible facilities request, the authority shall not deny the application and shall approve the application within 60 days according to the procedures established under 47 C.F.R. 1.40001(c).

(h) Small wireless facilities and new, modified, or replacement poles to be used for collocation of small wireless facilities may be placed in the right of way as a permitted use in accordance with Code Section 36-66C-6, subject to applicable codes and the following requirements:

(1) Each such new, modified, or replacement pole installed in the right of way in a historic district and in an area zoned primarily for residential use shall not exceed 50 feet above ground level;

(2) Each such new, modified, or replacement pole installed in the right of way not in historic district or in an area zoned primarily for residential use shall not exceed the greater of:

(A) Fifty feet above ground level; or

(B) Ten feet greater in height above ground level than the tallest existing pole in the same authority right of way in place as of January 1, 2019, and located within 500 feet of the new proposed pole; and

(3) New small wireless facilities in the right of way shall not exceed:

(A) For a collocation on an existing pole or support structure, more than ten feet above the existing pole or support structure; or

(B) For a collocation on a new, modified, or replacement pole under paragraph (1) or (2) of this subsection, the height limit provided in such paragraphs.

(i)(1) A wireless provider shall comply with reasonable and nondiscriminatory requirements that prohibit communications service providers and electric service providers from installing poles in a right of way in an area designated solely for underground or buried facilities of communications service providers and electric service providers where the authority:

(A) Has required all such facilities other than light poles and attachments to be placed underground and all such undergrounding has been completed prior to the submission of the application, or, for rights of way where such facilities other than light poles and attachments have not been deployed, has in effect a reasonable and nondiscriminatory zoning or development ordinance or regulation that requires such

facilities other than light poles and attachments to be placed underground;

(B) Does not prohibit the replacement of light poles or the collocation of small wireless facilities in the designated area; and

(C) Permits wireless providers to seek a waiver of the underground requirements for the placement of a new pole to support small wireless facilities, which waivers shall be addressed in a nondiscriminatory manner and consistent with applicable law.

(2) An authority that adopts undergrounding requirements shall:

(A) Allow a wireless provider to maintain in place any previously collocated small wireless facilities subject to any applicable pole attachment agreement; or

(B) Either allow the wireless provider to replace the pole associated with previously collocated small wireless facilities at the same location or propose an alternate location within 50 feet of the prior location, which the wireless provider shall use unless such alternate location imposes technical limits or significant additional costs.

(j) An authority shall approve an application for permitted uses described in subsection (a) of Code Section 36-66C-6 unless the requested collocation of a small wireless facility or the requested installation, modification, or replacement of a pole or decorative pole:

(1) Interferes with the operation of traffic control equipment;

(2) Interferes with sight lines or clear zones for transportation or pedestrians;

(3) Fails to comply with the federal Americans with Disabilities Act, 42 U.S.C. Section 12101, et seq., or similar laws of general applicability regarding pedestrian access or movement;

(4) Requests that ground-mounted small wireless facility equipment be located more than 7.5 feet in radial circumference from the base of the pole, decorative pole, or support structure to which the small wireless facility antenna would be attached, provided that the authority shall not deny the application if a greater distance from the base of the pole, decorative pole, or support structure is necessary to avoid interfering with sight lines or clear zones for transportation or pedestrians or to otherwise protect public safety;

(5) Fails to comply with applicable codes;

(6) Fails to comply with the maximum limitations set forth in subsection (h) of this Code section or the requirements of subsection (i) of this Code section;

(7) With respect to an application to install a pole or decorative pole, interferes with the widening, repair, reconstruction, or relocation of a public road or highway by an authority or the Department of Transportation that has been advertised for bid and scheduled for completion within six months after the application is filed;

(8) With respect to an application to install a pole or decorative pole, interferes with a public works construction project governed by Chapter 91 of Title 36 and scheduled for completion within six months after the application is filed;

(9) Fails to comply with Code Section 36-66C-10, 36-66C-11, or 36-66C-12;

(10) Fails to comply with laws of general applicability that address pedestrian and

vehicular traffic and safety requirements; or

(11) Fails to comply with laws of general applicability that address the occupancy or management of the right of way and that are not otherwise inconsistent with this chapter.

(k)(1) A permit from the authority authorizes an applicant to undertake only certain activities in accordance with this chapter and shall not create a property right or grant authorization or license to the applicant to impinge upon the rights of other persons that may already have an interest in the right of way.

(2) Collocation, installation, modification, or replacement for which a permit is issued under this chapter shall be completed within six months after issuance, provided that an extension shall be granted for up to an additional six months upon written request made to the authority before the end of the initial six-month period if a delay results from circumstances beyond the reasonable control of the applicant.

Issuance of a permit authorizes the applicant to:

(A) Undertake the collocation, installation, modification, or replacement approved by the permit; and

(B) Operate and maintain the small wireless facilities and any associated pole covered by the permit for a period of not less than ten years, which shall be renewed for equivalent durations so long as the applicant is in compliance with the criteria set forth in subsection (j) of this Code section, subject to the relocation requirements described in subsection (l) of this Code section and the applicant's right to terminate at any time.

(l) If, in the reasonable exercise of police powers, an authority requires widening, repair, reconstruction, or relocation of a public road or highway, or relocation of poles, support structures, or small wireless facilities is required as a result of a public project, a wireless provider shall relocate poles and support structures that such wireless provider has installed in the right of way for the collocation of small wireless facilities pursuant to this chapter at no cost to the authority in the event that such poles and support structures are found by the authority to unreasonably interfere with the widening, repair, reconstruction, or relocation project or the public project. If widening, repair, reconstruction, or relocation is required as a condition or result of a project by a person other than an authority, such person shall bear the cost of relocating such poles or support structures and any communications facilities on such poles or support structures. The wireless provider shall relocate the poles or support structures:

(1) By the date designated in a written notice from the authority that contains a good faith estimate by the authority of the date by which the authority intends to commence work, whenever the authority has determined that such removal, relocation, change, or alteration is reasonably necessary for the construction, repair, maintenance, or installation of any authority improvement or operations in or upon the right of way so long as the same time frames are applied to all utilities in the right of way; provided, however, that the date designated for relocation shall be at least 45 days after the authority provides the written notice to the wireless provider; or

(2) Within the time frame that the wireless provider estimates in good faith is

reasonably needed to complete the relocation, so long as the wireless provider provides the authority written notice of its good faith estimate within 30 days following receipt of the written notice provided by the authority pursuant to paragraph (1) of this subsection and explains in detail why such wireless provider cannot reasonably complete the relocation by the date designated in the authority's written notice.

(m)(1) The wireless provider shall reasonably cooperate with the authority to carry out reconditioning work activities in a manner that minimizes interference with the wireless provider's approved use of the facility.

(2) The authority shall use reasonable efforts to provide the wireless provider with written notice of reconditioning work at least 120 days before such reconditioning work begins. Upon receiving such notice, it shall be the wireless provider's sole responsibility to provide adequate measures to cover, remove, or otherwise protect the wireless provider's communications facility from the consequences of the reconditioning work, including but not limited to paint and debris fallout. The authority reserves the right to require the wireless provider to remove all of the wireless provider's communications facilities from the authority pole and surrounding premises during reconditioning work, provided that the requirement to remove such is contained in the written notice required by this Code section. All costs associated with the protection measures, including temporary removal, shall be the sole responsibility of the wireless provider. If the authority fails in good faith to give notice within at least 120 days, it shall not affect the authority's rights under this subsection. In all cases, as much notice as possible shall be provided, but less than 30 days' notice shall be prohibited. The authority shall provide the wireless provider with a date by which its equipment must be protected or removed.

(3) The wireless provider may request a modification of the authority procedures for carrying out reconditioning work in order to reduce interference with the wireless provider's operation of its communications facility. If the authority agrees to the modification, the wireless provider shall be responsible for all reasonable incremental costs related to the modification.

(4) The authority shall provide the wireless provider with at least 120 days written notice of any replacement work before the authority may remove the wireless provider's communications facilities. The authority shall also promptly notify the wireless provider when the authority poles have been replaced and the wireless provider can reinstall its equipment. During the replacement work, the wireless provider may maintain a temporary communications facility on the property, or after approval by an authority on any land owned or controlled by an authority in the vicinity of the property. If the property will not accommodate the wireless provider's temporary communications facility or if the parties cannot agree on a temporary location, the wireless provider, at its sole discretion, shall have the right to suspend the applicable permit until the replacement pole is installed, upon 30 days' written notice to the authority.

(n) For any collocation on authority poles in the right of way, the authority shall

provide a good faith estimate for any make-ready work necessary to enable the authority pole to support the proposed facility, including replacement of the pole if necessary, within 60 days after receipt of a completed application requesting attachment to the authority pole. Alternatively, the authority may require the wireless provider to perform the make-ready work and notify the wireless provider of such within the 60 day period. If the wireless provider or its contractor performs the make-ready work, the wireless provider shall indemnify the authority for any negligence by the wireless provider or its contractor in the performance of such make-ready work, the work shall not be deemed to violate Chapter 91 of this title, and the work shall otherwise comply with applicable law. If the authority opts to perform the make-ready work itself, the authority shall complete the work, including any pole replacement, within 90 days of receipt of written acceptance of the good faith estimate by the wireless provider. Such acceptance shall be signified by payment via check or other commercially reasonable and customary means specified by the authority. The authority may require that the replacement authority pole have the same functionality as the pole being replaced. If the authority pole is replaced, the authority shall operate authority fixtures on the pole, and, absent an agreement to the contrary between the authority and the wireless provider that is confirmed in writing, the authority shall take ownership of the new pole.

(o) If the wireless provider fails to relocate a support structure or pole or fails to provide a written good faith estimate of the time needed to relocate a support structure or pole within the time period prescribed in subsection (l) of this Code section, the authority shall have the right and privilege, ten days or more after the wireless provider receives written notice from the authority, to cut power to or move any support structure or pole located within the right of way, as the authority may determine to be necessary, appropriate, or useful in order to commence work on the public project.

(p)(1) If a wireless provider decides to abandon any small wireless facility, support structure, or pole, it shall notify the authority in writing as soon as practicable, but no later than 30 days prior to the abandonment. Following receipt of such notice, the authority shall instruct the wireless provider in writing to remove all or any portion of the small wireless facility, support structure, or pole if the authority determines that such removal will be in the best interest of public safety and welfare. If the wireless provider fails to remove the abandoned small wireless facility, support structure, or pole within 90 days after such notice, the authority may do so and recover the actual and reasonable expenses of doing so from the wireless provider, its successors, or its assigns, plus a penalty not to exceed \$500.00. The authority may suspend the ability of the wireless provider, its successors, or its assigns, as applicable, to receive any new permits from the authority until the wireless provider, its successors, or its assigns, as applicable, have paid the amount assessed for such removal costs and the penalty assessed, if any; provided, however, that the authority shall not suspend such ability of any applicant that has deposited the amount in controversy in escrow pending an adjudication of the merits of the dispute by a court of competent jurisdiction. Nothing in this chapter precludes an authority from adopting reasonable

and nondiscriminatory requirements that are not inconsistent with this subsection with respect to the removal of abandoned small wireless facilities, support structures, or poles.

(2) A small wireless facility that is not operated or a support structure or pole that is not utilized for a continuous period of 12 months shall be considered abandoned, and the owner of such small wireless facility, support structure, or pole shall remove such within 90 days after receipt of written notice from the authority notifying such owner of such small wireless facility, support structure, or pole of the abandonment. The authority shall send the notice by certified or registered mail, return receipt requested, to such owner at the last known address of such owner of the small wireless facility, support structure, or pole. If the owner does not provide written notice that the small wireless facility has not been out of operation or the support structure or pole has in fact been utilized for a continuous period of 12 months or does not remove such small wireless facility, support structure, or pole within the 90 day period, the authority may remove or cause the removal of such small wireless facility, support structure, or pole pursuant to the terms of its support structure or pole attachment agreement for authority poles or through actions provided for abatement of nuisances or by other law for removal and cost recovery.

(q) If the authority determines that a wireless provider's activity in a right of way pursuant to this chapter creates an imminent risk to public safety, the authority may provide written notice to the wireless provider and demand that the wireless provider address such risk. If the wireless provider fails to reasonably address the risk within 24 hours of the written notice, the authority may take or cause to be taken action to reasonably address such risk and charge the wireless provider the reasonable documented cost of such actions.

(r) The authority may require a wireless provider to repair all damage to a right of way directly caused by the activities of the wireless provider, while occupying, installing, repairing, or maintaining small wireless facilities, poles, or support structures, in such right of way and to restore the right of way to its condition before the damage occurred pursuant to the competitively neutral and reasonable requirements and specifications of the authority. If the wireless provider fails to return the right of way, to the extent practicable in the reasonable judgment of the authority, to its condition prior to the damage within 90 days of receipt of written notice from the authority, the authority may, at the sole discretion of the authority, restore the right of way to such condition and charge the wireless provider its reasonable, documented cost of doing so, plus a penalty not to exceed \$500.00. The authority may suspend the ability of the wireless provider to receive any new permits from the authority until the wireless provider has paid the amount assessed for such restoration costs and the penalty assessed, if any; provided, however, that the authority shall not suspend such ability of any applicant that has deposited the amount in controversy in escrow pending an adjudication of the merits of the dispute by a court of competent jurisdiction.

(s) An authority shall send any notice or decision required by this Code section by

registered or certified mail, statutory overnight delivery, hand delivery, or email transmission. The decision or notice shall be deemed delivered upon email transmission, deposit into overnight mail or regular mail receptacle with adequate postage paid, or actual receipt if delivered by hand.

36-66C-8.

Applications for any other uses that are not expressly set forth or referenced in subsection (a) of Code Section 36-66C-6 or that are not otherwise addressed by this chapter shall require compliance with, and issuance of a permit under, applicable law. Without limiting the foregoing, any modification, maintenance, repair, or replacement that is not set forth in subsections (e) and (f) of Code Section 36-66C-6 or that is not eligible for administrative review under Code Section 36-66C-7 shall require compliance with, and issuance of a permit under, applicable law.

36-66C-9.

(a) An applicant in the right of way shall employ due care during the installation and maintenance process and shall comply with all safety and right of way protection requirements of general applicability set forth in applicable law.

(b) An applicant in the right of way shall not place any small wireless facilities, support structures, poles, or decorative poles where they will interfere with any existing infrastructure or equipment and shall locate its lines and equipment in such a manner as not to interfere unnecessarily with the usual vehicular or pedestrian traffic patterns or with the rights or reasonable convenience of owners of property that abuts any right of way.

36-66C-10.

Notwithstanding any provision of this chapter to the contrary, within a historic district, an applicant may collocate a small wireless facility and may place or replace a pole, only upon satisfaction of the following:

(1) The issuance of a permit under subsection (a) of Code Section 36-66C-6; and

(2)(A) Compliance with any objective, reasonable, and nondiscriminatory aesthetic and structural requirements that have been made publicly available in writing by the authority at least 30 days prior to submission of the application; provided, however, that any such requirements may not have the effect of materially inhibiting any wireless provider's technology or service, and compliance with any such requirements shall not be considered a part of the small wireless facility for purposes of the size restrictions in the definition of small wireless facility; or

(B) In the absence of any such requirements, a replacement pole shall be substantially similar in height and appearance to the pole being replaced.

36-66C-11.

For applications for new poles in the right of way in areas zoned for residential use, the authority may propose an alternate location in the right of way within 100 feet of the location set forth in the application, and the wireless provider shall use the authority's

proposed alternate location unless the location imposes technical limits or significant additional costs. The wireless provider shall certify that it has made such a determination in good faith, based on the assessment of a licensed engineer, and it shall provide a written summary of the basis for such determination.

36-66C-12.

Notwithstanding any provision of this chapter to the contrary, an applicant may collocate a small wireless facility on a decorative pole, or may replace a decorative pole with a new decorative pole, in the event the existing decorative pole will not structurally support the attachment, only upon satisfaction of the following:

- (1) The issuance of a permit under subsection (a) of Code Section 36-66C-6; and
- (2)(A) Compliance with any objective and reasonable aesthetic and structural requirements that have been made publicly available in writing by the authority at least 30 days prior to submission of the application; provided, however, that any such requirements shall not have the effect of materially inhibiting any wireless provider's technology or service, and compliance with any such requirements shall not be considered a part of the small wireless facility for purposes of the size restrictions in the definition of small wireless facility; or
- (B) In the absence of any such requirements, a replacement decorative pole shall be substantially similar in height and appearance to the decorative pole being replaced.

The authority shall operate authority fixtures on the replaced decorative pole, and, absent an agreement to the contrary between the authority and the wireless provider that is confirmed by email or other writing, the authority shall take ownership of the new decorative pole.

36-66C-13.

(a) An applicant may submit a single consolidated application, provided that such a consolidated application shall be for a geographic area no more than two miles in diameter and shall comply with this Code section. The denial of one or more small wireless facilities or poles in a consolidated application shall not delay the processing of any other small wireless facilities or poles in the same application. An authority may issue a single permit or multiple permits for the small wireless facilities and poles in a consolidated application.

(b) In a Class I Authority:

- (1) A consolidated application for the placement of new poles and the collocation of one or more small wireless facilities on such new poles may include no more than ten poles and any associated small wireless facilities. While an applicant has applications, including consolidated applications, pending before the Class I Authority for review of 25 or more new poles and the collocation of associated small wireless facilities, the Class I Authority may, but shall not be required to, toll the processing requirements under Code Section 36-66C-7 for any application subsequently submitted by the same applicant for the placement of new poles and the collocation of associated small wireless facilities. The number of new poles with collocated small wireless facilities pending for review before the Class I Authority

that may toll the processing requirements for subsequent applications pursuant to this paragraph shall increase to 30, effective July 1, 2020; to 35, effective July 1, 2021; to 40, effective July 1, 2022; to 45, effective July 1, 2023; and to 50, effective July 1, 2024; and

(2) A consolidated application for the collocation of small wireless facilities on existing poles or support structures may include no more than 20 sites. While an applicant has applications, including consolidated applications, pending before the Class I Authority for review of 70 or more sites for the collocation of small wireless facilities on existing poles or support structures, the Class I Authority may, but shall not be required to, toll the processing requirements under Code Section 36-66C-7 for any application subsequently submitted by the same applicant for the collocation of small wireless facilities on existing poles or support structures. The number of sites for the collocation of small wireless facilities pending for review before the Class I Authority that may toll the processing requirements for subsequent applications pursuant to this subparagraph shall increase to 80, effective July 1, 2020; to 90, effective July 1, 2021; to 100, effective July 1, 2022; to 110, effective July 1, 2023; and to 120, effective July 1, 2024.

(c) In a Class II Authority:

(1) A consolidated application for the placement of new poles and the collocation of one or more small wireless facilities on such new poles may include no more than five poles and any associated small wireless facilities. While an applicant has applications, including consolidated applications, pending before the Class II Authority for review of 15 or more new poles and the collocation of associated small wireless facilities, the Class II Authority may, but shall not be required to, toll the processing requirements under Code Section 36-66C-7 for any application subsequently submitted by the same applicant for the placement of new poles and the collocation of associated small wireless facilities; and

(2) A consolidated application for the collocation of small wireless facilities on existing poles or support structures may include no more than 15 sites. While an applicant has applications, including consolidated applications, pending before the Class II Authority for review of 45 or more sites for the collocation of small wireless facilities on existing poles or support structures, the Class II Authority may toll the processing requirements under Code Section 36-66C-7 for any application subsequently submitted by the same applicant for the collocation of small wireless facilities on existing poles or support structures.

(d) In a Class III Authority:

(1) A consolidated application for the placement of new poles and the collocation of one or more small wireless facilities on such new poles may include no more than two poles and any associated small wireless facilities. While an applicant has applications, including consolidated applications, pending before the Class III Authority for review of eight or more new poles and the collocation of associated small wireless facilities, the Class III Authority may, but shall not be required to, toll the processing requirements under Code Section 36-66C-7 for any application

While an applicant has applications, including consolidated applications, pending before the Class III Authority for review of 24 or more sites for the collocation of small wireless facilities on existing poles or support structures, the Class III Authority may, but shall not be required to, toll the processing requirements under Code Section 36-66C-7 for any application subsequently submitted by the same applicant for the collocation of small wireless facilities on existing poles or support structures.

(e) For purposes of subsections (b), (c), and (d) of this Code section:

(1) Small wireless facilities and poles that a wireless services provider applicant has requested a third party to deploy and that are included in a pending application by the third party shall be counted as pending requests by the wireless services provider applicant; and

(2) When the processing of an application is tolled pursuant to subsection (b), (c), or (d), the application is no longer counted as pending. As processing of applications is completed, the authority shall begin processing previously tolled applications in the order in which they were submitted, unless the applicant specifies a different order.

36-66C-14.

If multiple applications are received by the authority to install two or more poles or decorative poles at the same location or to collocate two or more small wireless facilities on the same pole, decorative pole, or support structure, the authority shall resolve conflicting requests in an appropriate, reasonable, and nondiscriminatory manner.

36-66C-15.

(a) An authority shall not require a wireless provider to indemnify and hold the authority and its officers and employees harmless against any claims, lawsuits, judgments, costs, liens, losses, expenses, or fees arising from the wireless provider's activities in the public right of way under this chapter, except when a court of competent jurisdiction has found that the negligence of the wireless provider while conducting such activities caused the harm that resulted in such claims, lawsuits, judgments, costs, liens, losses, expenses, or fees or to require a wireless provider to obtain insurance naming the authority or its officers and employees an additional insured against any of the foregoing.

(b) In no event shall any authority or any officer, employee, or agent affiliated therewith, while in the performance of its or his or her official duties, be liable for any claim related to the siting, installation, maintenance, repair, replacement, relocation, permitting, or location of wireless equipment, facilities, poles, or infrastructure, including, but not limited to, any claim for destruction, damage, business interruption, or signal interference with other communications service providers wherein such siting, installation, maintenance, repair, replacement, relocation, permitting, or location was

undertaken in substantial compliance with this chapter.

36-66C-16.

Absent an agreement to the contrary that is made public and that is available for adoption upon the same terms and conditions to any requesting wireless provider, an authority shall not require an applicant to perform services unrelated to the collocation for which approval is sought, such as in-kind contributions to the authority, including reserving fiber, conduit, or space on a utility pole or a wireless support structure for the authority, and such authority may not require an applicant to transfer small wireless facilities, poles, decorative poles, or support structures to the authority, provided that the authority may require transfer of an authority pole replaced by the applicant to accommodate its collocation.

36-66C-17.

If an authority and a wireless provider entered into an agreement addressing the subject matter of this chapter prior to October 1, 2019:

(1) This chapter shall not apply until such agreement expires or is terminated pursuant to its terms with regard to poles, decorative poles, support structures, replacement poles, and small wireless facilities installed pursuant to such agreement prior to October 1, 2019; and

(2) Otherwise, the provisions of this chapter shall apply to poles, decorative poles, support structures, replacement poles, and small wireless facilities installed on or after October 1, 2019.

36-66C-18.

Except to the extent authorized by current or future federal law, nothing in this chapter shall authorize this state or any political subdivision thereof, including, but not limited to, an authority, to require small wireless facility deployment or to regulate wireless services.

36-66C-19.

In the event of any conflict between the provisions of this chapter and the provisions of Chapter 66B of this title, this chapter shall control as to the collocation of small wireless facilities and the construction, installation, maintenance, modification, operation, and replacement of poles or support structures by wireless providers in the right of way.

36-66C-20.

(a) The construction, installation, maintenance, modification, operation, and replacement of wireline backhaul facilities in the right of way are not addressed by this chapter, and any such activity shall comply with Code Section 46-5-1, Chapter 76 of this title, and other applicable law.

(b) The approval of the installation, placement, maintenance, or operation of a small wireless facility pursuant to this chapter shall not authorize the provision of any communications services.

(c) Except as provided in this chapter or otherwise expressly authorized by state or federal law, an authority shall not adopt or enforce any ordinances, regulations, or requirements as to the placement or operation of communications facilities in a right of way by a communications services provider authorized by state or local law to operate in a right of way, regulate any communications services, or impose or collect any tax, fee, or charge for the provision of communications services over the communications services provider's communications facilities in a right of way.

(d) This chapter shall not apply to an authority to the extent that such authority uses communications facilities to provide free Wi-Fi services to the public.

36-66C-21.

Nothing in this chapter relieves any person of any duties set forth in Chapter 9 of Title 25."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

This Act shall be known and may be cited as the "Direct Primary Care Act."

SECTION 2.

Chapter 7 of Title 33 of the Official Code of Georgia Annotated, relating to kinds of insurance, limits of risks, and reinsurance, is amended by adding a new Code section to read as follows:

"33-7-2.1.

(a) As used in this Code section, the term:

(1) 'Direct primary care agreement' means a contract between a physician and an individual patient or his or her legal representative in which the physician or the

physician's medical practice agrees to provide health care services to the individual patient for an agreed-upon fee and period of time.

(2) 'Direct primary care practice' means a physician or physician's medical practice that charges a periodic fee for services, does not bill any third parties on a fee for service basis, and whose per visit charge is less than the monthly equivalent of the periodic fee.

(3) 'Physician' means a person licensed to practice medicine pursuant to Article 2 of Chapter 34 of Title 43.

(b) A direct primary care agreement is not insurance, shall not be deemed an insurance arrangement nor agreement, and is not subject to state insurance laws.

(c) A physician offering, marketing, selling, or entering into a direct primary care agreement shall not be required to obtain a certificate of authority or license other than to maintain a current license to practice medicine with the State of Georgia.

(d) To be considered a direct primary care agreement for the purposes of this Code section, such agreement shall:

(1) Be in writing;

(2) Be signed by a physician or agent of the physician and the individual patient or his or her legal representative;

(3) Allow either party to terminate such agreement upon written notice; provided, however, that a physician shall be required to give a patient adequate notice of at least 30 days to allow a patient a reasonable amount of time to find another health care provider, and a patient shall be required to give a physician notice of no more than 30 days;

(4) Describe the scope of health care services that are covered by the periodic fee;

(5) Specify the periodic fee and any additional fees outside of the periodic fee for ongoing care;

(6) Specify the duration of such agreement and any automatic renewal periods and require that no more than 12 months of the periodic fee be paid in advance; and

(7) Prominently state in writing that such agreement is not health insurance.

(e) A physician providing health care services under a direct primary care agreement may decline to accept a patient if, in the physician's opinion, such patient's medical condition is such that the provider is unable to provide the appropriate level and type of health care services such patient requires. The physician may discontinue care for patients under the direct primary care agreement if:

(1) The patient fails to pay the periodic fee or any additional fees specified by the agreement;

(2) The patient has performed an act of fraud;

(3) The patient repeatedly fails to adhere to the recommended treatment plan;

(4) The patient is abusive and presents an emotional or physical danger to the staff or other patients of the direct primary care practice; or

(5) The physician or the physician's medical practice discontinues operation as a direct primary care practice.

(f) In the event that either party terminates an agreement pursuant to this Code section,

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 4 of Chapter 7 of Title 31 of the Official Code of Georgia Annotated, relating to county and municipal hospital authorities, is amended by revising Code Section 31-7-75.1, relating to proceeds of sale of hospital held in trust to fund indigent hospital care, as follows:

"31-7-75.1.

(a) The proceeds from any sale or lease of a hospital owned by a hospital authority or political subdivision of this state, which proceeds shall not include funds required to pay off the bonded indebtedness of the sold hospital or any expense of the authority or political subdivision attributable to the sale or lease, shall be held by the authority or political subdivision in an irrevocable trust fund. Such proceeds in that fund may be invested in the same way that public moneys may be invested generally pursuant to general law and as permitted under Code Section 31-7-83, but money in that trust fund shall be used exclusively for funding the provision of ~~hospital~~ health care for the indigent residents of the political subdivision which owned the hospital or by which the authority was activated or for which the authority was created. If the funds available for a political subdivision in that irrevocable trust fund are less than \$100,000.00, the principal amount may be used to fund the provision of indigent ~~hospital~~ health care; otherwise, only the income from that fund may be used for that care. Such funding or reimbursement for indigent care shall not exceed the diagnosis related group rate for that hospital in each individual case.

(c) For purposes of ~~hospital~~ health care for the indigent under this Code section, the standard of indigency shall be that determined under Code Section 31-8-43, relating to standards of indigency for emergency care of pregnant women, based upon 125 percent of the federal poverty level.

(1) A reorganization or restructuring;

(2) Any sale of a hospital, or the proceeds from that sale, made prior to April 2, 1986; and

(3) Any sale or lease of a hospital when the purchaser or lessee pledges, by written contract entered into concurrently with such purchase or lease, to provide an amount of ~~hospital~~ health care equal to that which would have otherwise been available pursuant to subsections (a), (b), and (c) of this Code section for the indigent residents of the political subdivisions which owned the hospital, by which the hospital authority was activated, or for which the authority was created. Contributions or gifts received by any authority shall be invested as provided by the terms of the contribution or gift or in the absence thereof as determined by the authority.

(b) In addition to the authorized investments in subsection (a) of this Code section and in Code Section 36-83-4, hospital authorities that have ceased to own or operate medical facilities for a minimum of seven years, have paid off all bonded indebtedness and outstanding short-term or long-term debt obligations, and hold more than \$20 million in funds for charitable health care purposes may invest a maximum of 30 percent of their funds in the following:

(2) The articles of incorporation of any resulting insurer that will be in effect when the division becomes effective, except for changes that do not require approval of the shareholders of the resulting insurer under its articles of incorporation; or

(3) Any other terms or conditions of the plan, if the change would adversely affect the shareholders in any material respect.

(d)(1) A dividing insurer may abandon a plan of division after it has approved the plan without any action by the shareholders and in accordance with any procedures set forth in the plan or, if no such procedures are set forth in the plan, in a manner determined by the board of directors of the dividing insurer.

(2) A dividing insurer may abandon a plan of division after it has delivered a certificate of division to the Secretary of State by delivering to the Secretary of State a certificate of abandonment signed by the dividing insurer. The certificate of abandonment shall be effective on the date it is filed with the Secretary of State, and the dividing insurer shall be deemed to have abandoned its plan of division on such date.

33-14-122.

(a) Except as provided in subsections (b) and (c) of this Code section, a dividing insurer shall not file a plan of division with the Commissioner unless such plan has been approved in accordance with:

(1) All provisions of its articles of incorporation and bylaws; or

(2) If its articles of incorporation and bylaws do not provide for approval of a division, all provisions of its articles of incorporation and bylaws that provide for approval of a merger.

- (2) The plan makes an amendment to the articles of incorporation and bylaws requiring such approval; or
- (3) The dividing insurer will not survive the proposed division and has only one class of shares outstanding and the shares of each new insurer will not be distributed pro rata to the shareholders.
- (c)(1) If any provision of the articles of incorporation and bylaws of a dividing insurer adopted before the effective date of this article requires that a specific number or percentage of directors or shareholders approve the proposal or adoption of a plan of merger, or imposes other special procedures for the proposal or adoption of a plan of merger, such dividing insurer shall adhere to such provision in proposing or adopting a plan of division.
- (2) If a provision of any debt security, note, or similar evidence of indebtedness for money borrowed, whether secured or unsecured, indenture or other contract relating to indebtedness, or a provision of any other type of contract other than an insurance policy, annuity, or reinsurance agreement, that was issued, incurred, or executed by the domestic insurer before the effective date of this article requires the consent of the obligee to a merger of the insurer or treats such a merger as a default and does not provide that a division of the insurer does not require the consent of the obligee or treat a division as a default, as applicable, then such provision applies to a division of the insurer as if such division were a merger.
- (3) If any provision described in paragraph (1) or (2) of this subsection is amended on or after the effective date of this article, such provision shall thereafter apply to a division only in accordance with its express terms.

33-14-123.

- (a) A division does not become effective until it is approved by the Commissioner after reasonable notice and a public hearing. A hearing conducted under this Code section must be conducted pursuant to Chapter 2 of this title.
- (b) Subject to subsection (l) of this Code section, the Commissioner shall approve a plan of division unless the Commissioner finds any of the following:
 - (1) The interest of the policyholders of the dividing insurer that may become policyholders of a resulting insurer will not be adequately protected by the resulting insurer or acquiring party of a resulting insurer, if any;
 - (2) After the division, any resulting insurer would not be able to satisfy the requirements for the issuance of a certificate of authority;
 - (3) The division would substantially lessen competition in insurance in this state or tend to create a monopoly in this state;
 - (4) The financial condition of an acquiring party of a resulting insurer, if any, is such that it might jeopardize the financial stability of the insurer, or prejudice the interest of its policyholders or the interests of a remaining shareholder that is unaffiliated with the acquiring party;

- (5) The terms of the plan of division are unfair and unreasonable to the dividing insurer's policyholders or shareholders;
- (6) An acquiring party of a resulting insurer, if any, has plans or proposals to liquidate the resulting insurer, sell its assets, or consolidate or merge the resulting insurer with a person, or to make any other material change in its business or corporate structure or management, that are unfair and unreasonable to the resulting insurer's policyholders, and not in the public interest;
- (7) The competence, experience, and integrity of the persons who would control the operation of a resulting insurer are such that it would not be in the interest of the resulting insurer's policyholders or the general public to permit the division;
- (8) The division is likely to be hazardous or prejudicial to the insurance-buying public;
- (9) The proposed division violates Article 4 of Chapter 2 of Title 18, the 'Uniform Voidable Transactions Act';
- (10) The division is being made for purposes of hindering, delaying, or defrauding any policyholders or other creditors of the dividing insurer;
- (11) One or more resulting insurers will not be solvent on the consummation of the division; or
- (12) The assets allocated to one or more resulting insurers will be, on consummation of a division, unreasonably small in relation to the business and transactions in which the resulting insurer was engaged or is about to engage.
- (c) If a division is undertaken in conjunction with the divestiture of one of the resulting insurers, the Commissioner shall not approve the division until the potential acquiring party has received the necessary approval under Code Section 33-13-3.
- (d) In determining whether the standard set forth in paragraph (9) of subsection (b) of this Code section has been satisfied, the Commissioner shall only apply the 'Uniform Voidable Transactions Act' to a dividing insurer in its capacity as a resulting insurer and shall not apply the 'Uniform Voidable Transactions Act' to any dividing insurer that is not proposed to survive the division.
- (e) In determining whether the standards set forth in paragraphs (9), (10), (11), and (12) of subsection (b) this Code section have been satisfied, the Commissioner may consider, among other things, all assets, liabilities, and cash flows.
- (f) In determining whether the standard set forth in paragraph (9) of subsection (b) of this Code section has been satisfied, with respect to each resulting insurer, the Commissioner shall, in applying the 'Uniform Voidable Transactions Act,' do all of the following:
 - (1) Treat the resulting insurer as a debtor;
 - (2) Treat liabilities allocated to the resulting insurer as obligations incurred by a debtor;
 - (3) Treat the resulting insurer as not having received reasonably equivalent value in exchange for incurring the obligations; and
 - (4) Treat assets allocated to the resulting insurer as remaining property.
- (g) All information, documents, materials, and copies of documents and materials

submitted to, obtained by, or disclosed to the Commissioner in connection with a plan of division or in contemplation of a plan of division, including any information, documents, materials, or copies provided by or on behalf of a domestic stock insurer in advance of its adoption or submission of a plan of division, are confidential and are subject to the same protection and treatment in accordance with Code Section 33-2-14 as information and documents disclosed to or obtained by the Commissioner in the course of an examination or investigation made under Code Section 33-2-11 until the time, if any, that a notice of the hearing contemplated by subsection (a) of this Code section is issued.

(h) From and after the issuance of a notice of the hearing contemplated by subsection (a) of this Code section, all business, financial, and actuarial information for which the domestic stock insurer requests confidential treatment, other than the plan of division and any materials incorporated by reference into or otherwise made a part of the plan of division that must not be eligible for confidential treatment after the issuance of a notice of the hearing, continues to be confidential and is not available for public inspection and must be subject to the same protection and treatment in accordance with Code Section 33-2-14 as information and documents disclosed to or obtained by the Commissioner in the course of an examination or investigation made under Code Section 33-2-11. However, if the Commissioner determines that the interest of the public in making the information available for public inspection outweighs the interest of the dividing insurer in keeping the information confidential, the Commissioner may, after notice and an opportunity to be heard, make the information available to public inspection.

(i) All expenses incurred by the Commissioner in connection with proceedings under this section, including expenses for the services of any attorneys, actuaries, accountants, and other experts not otherwise a part of the department staff as may be reasonably necessary to assist the Commissioner in reviewing the proposed division, must be paid by the dividing insurer filing the plan of division. A dividing insurer may allocate expenses described in this subsection in a plan of division in the same manner as any other liability.

(j) If the Commissioner approves a plan of division, the Commissioner shall issue an order approving the plan of division that must be accompanied by findings of fact and conclusions of law.

(k) The conditions in this Code section for freeing one or more of the resulting insurers from the liabilities of the dividing insurer and for allocating some or all of the liabilities of the dividing insurer are conclusively satisfied if the plan of division has been approved by the Commissioner in a final order, after all relevant appeals relating to the final order have been exhausted.

(l) The Commissioner may establish any additional procedures necessary or appropriate in connection with his or her review of a plan of division.

33-14-124.

(a) After a plan of division has been adopted and approved under Code Sections 33-14-

122 and 33-14-123, an officer or duly authorized representative of the dividing insurer shall sign a certificate of division.

(b) The certificate of division shall set forth:

(1) The name of the dividing insurer;

(2) A statement disclosing whether the dividing insurer will survive the division;

(3) The name of each resulting insurer;

(4) The date on which the division is to be effective, which shall not be more than 90 days after the dividing insurer has filed the certificate of division with the Secretary of State;

(5) A statement that the division was approved by the dividing insurer in accordance with Code Section 33-14-122;

(6) A statement that the division was approved by the Commissioner in accordance with Code Section 33-14-123;

(7) A statement that the dividing insurer provided, not later than ten business days after the dividing insurer filed the plan of division with the Commissioner, reasonable notice to each insurer or reinsurer that is party to a reinsurance contract allocated in the plan of division;

(8) If the dividing insurer will survive the division, any amendment to its articles of incorporation approved as part of the plan of division;

(9) For each new insurer created by the division, its articles of incorporation, which need not state the name or address of an incorporator of a corporation; and

(10) A reasonable description of the capital, surplus, other property, and policies and other liabilities of the dividing insurer that are to be allocated to each resulting insurer.

(c) The articles of incorporation, if any, of each new insurer must satisfy the requirements of the laws of this state, but such articles need not be signed or include any provision that need not be included in a restatement of such articles.

(d) A certificate of division shall be effective when filed with the Secretary of State or on such other date specified in the plan of division, whichever is later; provided, however, that a certificate of division shall become effective not more than 90 days after it is filed with the Secretary of State. A division shall be effective when the relevant certificate of division becomes effective.

- (b) Except as provided in the articles of incorporation or bylaws of the dividing insurer, the division shall not give rise to any rights that a director, shareholder, or third party would have upon a dissolution, liquidation, or winding up of the dividing insurer.
- (c) The allocation to a new insurer of capital, surplus, or other property that is collateral covered by an effective financing statement shall not be effective until a new financing statement naming the new insurer as a debtor is effective under Articles 1 through 9 of Title 11.
- (d) Unless otherwise provided in the plan of division, the interests in and any shares of each new insurer shall be distributed to:
- (1) The dividing insurer, if it survives the division; or
 - (2) The shareholders of the shares of the dividing insurer that do not assert appraisal

rights, pro rata, if the dividing insurer does not survive the division.

(1) Individually for the policies and other liabilities the resulting insurer issues, undertakes, or incurs in its own name after the division;

(2) Individually for the policies and other liabilities of the dividing insurer that are allocated to or remain the liability of the resulting insurer to the extent specified in the plan of division; and

(d) Liens, security interests, and other charges on the capital, surplus, or other property of the dividing insurer shall not be impaired by the division, notwithstanding any otherwise enforceable allocation of policies or other liabilities of the dividing insurer.

(e) If the dividing insurer is bound by a security agreement governed by Article 9 of Title 11, or Article 9 of the Uniform Commercial Code as enacted in any other jurisdiction, and the security agreement provides that the security interest attaches to after-acquired collateral, each resulting insurer shall be bound by the security agreement.

(f) Except as provided in the plan of division and specifically approved by the Commissioner, an allocation of a policy or other liability shall not affect the rights under any other law of a policyholder or creditor owed payment on the policy, or payment of any other type of liability or performance of the obligation that creates the liability, except that those rights shall be available only against a resulting insurer responsible for the policy, liability, or obligation under this Code section.

33-14-127.

Each insurer formed under this subsection shall be deemed to exist before a merger and division under this Code section becomes effective, but solely for the purpose of being a party to such merger and division. The Commissioner shall not require that such insurer be licensed to transact insurance business in this state before such merger and division. All insurance policies, annuities, or reinsurance agreements allocated to such insurer shall become the obligation of the insurer that survives the merger simultaneously with the effectiveness of the merger and division. Such performance bond shall be placed on file with the director. The bond shall be made payable to the director and issued by an insurance company authorized to issue such bonds in this state. If any party is aggrieved or adversely affected by the master harvester's failure to comply with the requirements of this article, the director may commence and maintain an action against the principal and surety on the bond.

(d) The department shall not issue any new leases or permits or renew any leases or permits unless the leasing application is accompanied by a letter from the director or his or her designee stating that the applicant's bond is acceptable. "CHAPTER 11

35-11-1.

As used in this chapter, the term:

- (1) 'Bureau' means the Georgia Bureau of Investigation.
- (2) 'Director' means the director of the Georgia Bureau of Investigation.
- (3) 'Pathogen' means a microorganism, including bacteria, viruses, rickettsiae, and parasites, or other agent, such as a proteinaceous infectious particle or prion, that can cause disease in humans.
- (4) 'Potentially infectious material' means material known or reasonably expected to contain a pathogen.
- (5) 'Regulated biomedical waste' means and includes the following:
 - (A) Biological waste, which includes blood and blood products, exudates, secretions, suctionings, and other body fluids which contain free liquids and cannot be or are not directly discarded into a municipal sewer system;
 - (B) Pathological waste, which includes all recognizable human tissues and body parts except teeth; and
 - (C) Sharps, which include any discarded article that may cause punctures or cuts including, but not limited to, items such as needles, IV tubing and syringes with needles attached, and scalpel blades.
- (6) 'Trauma scene' means a location soiled by or contaminated with potentially infectious material or regulated biomedical waste due to the occurrence of a homicide or suicide, or the occurrence of a death of a human being in which there is advanced decomposition of the body; provided, however, that such term shall not include the scene of a motor vehicle accident or locations which are subject to the laws and regulations of the federal Occupational Safety and Health Administration.

Such registration shall be in addition to and not in place of any other registrations or licenses from other state agencies required by law. No county or municipal government shall be authorized to require licenses, registrations, or permits for trauma scene waste management practitioners in this state.

(b) The bureau, upon its approval of an application, shall issue a registration to a trauma scene waste management practitioner who meets the qualifications for such registration and who submits a completed application form and registration fee. Such registration shall be valid for a period of three years from the date of issuance and may be renewed for additional three-year periods.

(c) Trauma scene waste management practitioners shall pay an initial registration fee of \$100.00 to the bureau and, for each subsequent renewal of such registration, shall pay to the bureau a registration renewal fee of \$100.00.

(c) Any person that violates this Code section shall be subject to a civil fine not to exceed \$5,000.00 and punitive action by the director, up to and including revocation of registration.

The Honorable Ellis Black
 State Senator
 Coverdell Legislative Office Building, Room 303-B
 Atlanta, Georgia 30334

SUBJECT: State Auditor's Certification
 Senate Bill 117 (LC 43 1193)

Dear Senator Black:

This bill would amend general provisions under the Public Retirement Systems Standards Law. Specifically, this bill would prohibit any retirement system from enacting any law, rule, regulation, resolution, or ordinance for creditable service unless the individual is required to pay the full actuarial cost of the service granted. This provision would not apply to credit for service in a retirement system that a member accrues while a contributing member of such system. Additionally, this bill would authorize any retirement system to adopt a procedure for accepting payments for creditable service. Such procedures could allow members to make equal payments over a period of time, not to exceed 120 months. If enacted, this bill would affect all applicable legislation introduced after July 1, 2019.

This is to certify that this bill is a nonfiscal retirement bill as defined in the Public Retirement Systems Standards Law.

Respectfully,

/s/ Greg S. Griffin
 State Auditor

(7) 'Licensee' means any person holding a license.

(8) 'Licensing entity' means any state agency, department, or board of this state which issues or renews any license, certificate, permit, or registration to authorize a person to engage in a profession, business, or occupation, including those under Article 3 of Chapter 7 of Title 2, the 'Georgia Pesticide Use and Application Act of 1976'; Article 13 of Chapter 1 of Title 7, relating to mortgage lenders and mortgage brokers; Chapter 5 of Title 10, the 'Georgia Uniform Securities Act of 2008,' relating to securities salespersons and investment adviser representatives; Part 2 of Article 1 of Chapter 6 of Title 12, relating to foresters; Chapter 4 of Title 26, relating to pharmacists; Chapter 23 of Title 33, relating to insurance agents, counselors, and other personnel; Chapter 1 of Title 43, relating to professions and businesses; Chapter 3 of Title 43, relating to accountants; Chapter 39A of Title 43, relating to real estate appraisers; or Chapter 40 of Title 43, relating to real estate brokers and salespersons.

(9) 'Satisfactory repayment status' means the borrower has agreed to repay the defaulted loan to the agency and has made a payment in the most recent prior 60 days.

~~(b) The agency shall maintain a state wide certified list of borrowers in default who have not made satisfactory arrangements to ensure voluntary repayment. The certified list must be updated on a monthly basis. The agency shall submit to each licensing entity a certified list with the name, social security number, if known, date of birth, and last known address of each person on the list. No licensing entity shall refuse to issue nor suspend or revoke a license to an applicant or licensee because he or she is a borrower in default who is not in satisfactory repayment status as determined by the agency or who has been certified by any entity of the federal government for nonpayment or default or breach of a repayment or service obligation under any federal educational loan, loan repayment, or service conditional scholarship program.~~

~~(c) On or before January 1, 1999, all licensing entities shall implement procedures to accept and process the list provided by the agency in accordance with this Code section.~~

~~Such procedures should be substantially similar if not identical to those implemented to comply with Code Section 19-11-9.3.~~

~~(d) Promptly after receiving the certified list from the agency, all licensing entities shall determine whether an applicant or licensee is on the most recent certified list. If an applicant or licensee is on the certified list, the licensing entity shall immediately notify the agency. That notification shall include the applicant's or licensee's last known mailing address on file with the licensing entity.~~

~~(e) After receiving notice from the licensing entity of applicants or licensees who are on the certified list, the agency shall immediately notify those individuals as specified in subsection (f) of this Code section of the agency's intent to request that all pertinent licensing entities suspend all licenses or withhold issuance or renewal of any license.~~

~~(f) Notice for purposes of this Code section shall be initiated by the agency. Notice to the borrower in default shall include the address and telephone number of the agency and shall inform the borrower in default of the agency's intent to submit the borrower's name to the relevant licensing entities and to request that the relevant licensing entities withhold issuance or renewal of the license or suspend the license. The notice must also inform the borrower in default of the following:~~

~~(1) The borrower in default has 20 days from the date of mailing to enter into a satisfactory repayment status. If the borrower in default fails to enter into a satisfactory repayment status or does not respond within that time, the agency will send notice to the appropriate licensing entities and request that the licenses be suspended or the licensure applications be denied;~~

~~(2) The borrower in default may request an administrative hearing and judicial review of that hearing under subsection (g) of this Code section. A request for a hearing must be made in writing and must be received by the agency within 20 days of service of notice; and~~

~~(3) If the borrower in default requests a hearing within 20 days of service, the agency shall stay all action pending the hearing and any appeals.~~

~~(g) All borrowers in default subject to the sanctions imposed in this Code section shall have the right to a hearing before an administrative law judge of the Office of State Administrative Hearings pursuant to Article 2 of Chapter 13 of Title 50. A borrower in default who requests a hearing within the time prescribed in subsection (f) of this Code section shall have the right to a hearing. The hearing shall be conducted as provided in Article 2 of Chapter 13 of Title 50 within 45 days after such demand is received. The only issues at the hearing will be whether:~~

~~(1) There is an outstanding guaranteed educational loan;~~

~~(2) The licensee or applicant is the borrower named in the loan;~~

~~(3) The borrower is or is not in default;~~

~~(4) The borrower has entered into a satisfactory repayment status;~~

~~(5) The loan obligation is not enforceable; and~~

~~(6) The loan has been restructured or the loan has been discharged under hardship provisions under the federal Bankruptcy Code.~~

~~With respect to the issues listed in this subsection, evidence relating to the ability and~~

~~willingness of a borrower to repay the loan shall be considered in making the decision either to suspend a license or deny the issuance or renewal of a license under this Code section. The administrative law judge shall be authorized to enter into an agreement or enter an order requiring periodic payments, and, in each event, the administrative law judge shall be authorized to issue a release for the borrower to obtain each license or licenses.~~

~~(h) The decision at the hearing shall be subject to appeal and judicial review pursuant to Article 2 of Chapter 13 of Title 50 but only as to those issues referred to in subsection (g) of this Code section. Notwithstanding any hearing requirements for suspension and denials within each licensing entity, the hearing and appeal procedures outlined in this Code section shall be the only hearing required to suspend a license or deny the issuance or renewal of a license under this Code section.~~

~~(i) The agency shall prescribe release forms for its use. When the borrower is determined to be in satisfactory repayment status or is determined to be not in satisfactory repayment status but has been determined in a hearing pursuant to subsection (g) of this Code section to be unable to comply with the terms of the loan agreement or to be not willfully out of compliance with such loan agreement, the agency shall mail to the borrower in default and the appropriate licensing entity a notice of release stating such determination. The receipt of a notice of release shall serve to notify the borrower in default and the licensing entity that, for the purpose of this Code section, he or she is in satisfactory repayment status, and the licensing entity shall promptly thereafter issue or reinstate the license, unless the agency, pursuant to subsection (b) of this Code section, certifies subsequent to the issuance of a notice of release that the borrower in default is once again not in satisfactory repayment status.~~

~~(j) The agency may enter into interagency agreements with state agencies that have responsibility for the administration of licensing entities as necessary to implement this Code section. Those agreements shall provide for the receipt by other state agencies and boards of federal funds to cover that portion of costs allowable under federal law and regulation and incurred by state agencies and boards in implementing this Code section.~~

~~(k) Any licensing entity receiving an inquiry as to the license status of an applicant who has had an application for issuance or renewal of a license denied under this Code section shall respond only that the license was suspended or the licensure application was denied pursuant to this Code section.~~

~~(l) The agency shall, and the licensing entities as appropriate may, adopt regulations necessary to implement this Code section."~~

Title 33 of the Official Code of Georgia Annotated, relating to insurance, is amended by adding a new chapter to read as follows:

"CHAPTER 20E33-20E-1.

This chapter shall apply to all insurers providing a health benefit plan that pays for the provision of medical services to covered persons.

33-20E-2.

As used in this chapter, the term:

(1) 'Balance bill' means the amount that a nonparticipating provider may charge a covered person. Such amount charged shall equal the difference between the amount paid by the insurer and the amount of the nonparticipating provider's bill charge but shall not include any amount for coinsurance, copayments, or deductibles due from the covered person.

(2) 'Covered person' means an individual who is covered under a health benefit plan.

(3) 'Emergency medical provider' means any physician licensed by the Georgia Composite Medical Board who provides emergency medical services and any other health care provider licensed in this state who renders emergency medical services.

(4) 'Emergency medical services' means medical services after the recent onset of a medical or traumatic condition manifesting itself by acute symptoms of sufficient severity, including, but not limited to, severe pain, that would lead a prudent layperson possessing an average knowledge of medicine and health to believe that his or her condition, sickness, or injury is of such a nature that failure to obtain immediate medical care could result in placing the patient's health in serious jeopardy, serious impairment to bodily functions, or serious dysfunction of any bodily organ or part, and services for the first 24 hours after the covered person's emergency condition has stabilized, as determined by the treating health care provider, whether or not the emergency services and services after stabilization occur in an emergency department. (5) 'First dollar coverage' means payment by an insurer directly to a health care provider for services of the entire allowed amount for such services pursuant to Code Section 33-20E-3 without any reduction in payment for the health benefit plan's required coinsurance, copayments, deductibles, or other patient financial responsibility. The insurer shall be responsible for collecting these amounts directly from the covered person.

(6) 'Gould Factors' means the following factors:

(E) Other aspects of the economics of the medical provider's practice that are

relevant; and

(F) Any unusual circumstances in the case.

(7) 'Health benefit plan' means a policy, contract, certificate, or agreement entered into, offered by, or issued by an insurer to provide, deliver, arrange for, pay for, or reimburse any of the costs of health care services, but shall not apply to Chapter 9 of Title 34, relating to workers' compensation.

(9) 'Insurer' means an entity subject to the insurance laws and regulations of this state, or subject to the jurisdiction of the Commissioner, that contracts, offers to contract, or enters into an agreement to provide, deliver, arrange for, pay for, or reimburse any of the costs of health care services, including an accident and sickness insurance company, a health maintenance organization, a health care plan, managed care plan, or any other entity providing a health insurance plan, a health benefit plan, or health care services.

Both percentile of allowable benefits and the percentile of charges shall be reported in a benchmarking data base maintained by a nonprofit organization specified by the commissioner. The rate shall be tied to 2018 rates and may be adjusted for inflation according to the Consumer Price Index for medical care or another indicator as determined by the department pursuant to rules and regulations promulgated by the Commissioner. The nonprofit organization shall not be affiliated with or receive

funding from a health insurance company and shall be accessible to providers without charge.

(12) 'Nonparticipating provider' means a health care provider who has not entered into a direct contract with a health benefit plan for the delivery of medical services.

33-20E-4.

(a) An insurer shall provide to a covered person:

(1) Information that a covered person may obtain a referral to a health care provider outside of the insurer's network or panel when the insurer does not have a health care provider who is geographically accessible to the covered person and who has appropriate training and experience in the network or panel to meet the particular health care needs of the covered person and the procedure by which the covered person can obtain such referral;

(2) Notice that the covered person shall have direct access to primary and preventive obstetric and gynecologic services, including annual examinations, care resulting from such annual examinations, and treatment of acute gynecologic conditions, or for any care related to a pregnancy, from a qualified provider of such services of her choice from within the plan;

(3) All appropriate mailing addresses and telephone numbers to be utilized by covered persons seeking information or authorization;

(4) An accurate provider directory as required by Chapter 20C of this title;

(5) Where applicable, a description of the method by which a covered person may submit a claim for health care services;

- (6) With respect to out-of-network coverage:
- (A) A clear description of the methodology used by the insurer to determine reimbursement for out-of-network health care services;
 - (B) The amount that the insurer will reimburse under the methodology for out-of-network health care services set forth as a percentage of the usual and customary cost for out-of-network health care services;
 - (C) Examples of anticipated out-of-pocket costs for frequently billed out-of-network health care services; and
 - (D) Notice that the patient may be responsible for the balance of the nonparticipating provider's fee if the rate paid by the plan is below the provider's usual and customary amount;
- (7) Information in writing and through an Internet website that reasonably permits a covered person or prospective covered person to estimate the anticipated out-of-pocket costs for out-of-network health care services in a geographical area or ZIP Code based upon the difference between the amount that the insurer will reimburse for out-of-network health care services, the patient's MBS, and the usual and customary cost for out-of-network health care services;
- (8) The written application procedures and minimum qualification requirements for health care providers to be considered by the insurer; and
- (9) Other information as required by the Commissioner.
- (b) An insurer shall furnish an explanation of benefits to a nonparticipating provider within 30 days of receiving a bill from the covered person or directly from the nonparticipating provider. The explanation of benefits shall conspicuously indicate whether the health benefit plan coverage for the patient is subject to the requirements of this chapter, or otherwise preempted under 29 U.S.C. Section 1144(a) as a self-funded employee welfare plan regulated under the federal Employee Retirement Income Security Act of 1974, 29 U.S.C. Section 1002(1).
- (c) An insurer shall disclose whether a health care provider scheduled to provide a health care service is a participating provider and, with respect to coverage of nonparticipating provider services, disclose the approximate dollar amount that the insurer will pay for a specific health care service from a nonparticipating provider. Insurers shall also inform a covered person through such disclosure that such approximation shall not be binding on the insurer and that the approximate dollar amount that the insurer shall pay for a specific health care service from a nonparticipating provider may change.
- (d) Where services have been precertified or preauthorized by an insurer, the insurer shall guarantee coverage of such services at the rates paid to a participating provider regardless of any changes of network status following the precertification or preauthorization.
- (e) Where an insurer fails to adequately and correctly keep its directory pursuant to Code Section 33-20C-2 and such failure results in the unanticipated provision of out-of-network services, the insurer shall compensate the provider at the provider's usual and customary cost or MBS, whichever is less.

(f) Where a delay in the credentialing of a provider causes the service to be deemed out-of-network, the insurer shall compensate the provider at the provider's full rate at no expense to the patient.

33-20E-5.

(a) Notwithstanding any provision of law to the contrary, an insurer that provides any benefits to covered persons with respect to emergency medical services shall pay for such emergency medical services:

(1) Without the need for any prior authorization determination and without any retrospective payment denial for services rendered; and

(2) Regardless of whether the health care provider furnishing emergency medical services is a participating provider with respect to emergency medical services.

(b) In the event a covered person receives emergency medical services by a nonparticipating provider or hospital, the nonparticipating provider or hospital shall bill the insurer directly and the insurer shall directly pay, within 15 days for electronic claims and 30 days for paper claims, the nonparticipating provider or hospital as coded, with first dollar coverage, for the emergency medical services rendered to the covered person by the lesser of:

(1) The nonparticipating provider or hospital's actual billed charges; or

(2) In the case of a health care provider, the minimum benefit standard.

Payment shall be made without retrospective denials and without deductions for the covered person's coinsurance, copayments, and deductibles. The insurer shall collect any required coinsurance, copayments, deductibles, or other patient financial responsibilities directly from the covered person pursuant to the provisions of the health benefit plan contract. Patient responsibility is limited to the in-network payment as required under the managed care plan contract.

(c) A health benefit plan shall not deny benefits for emergency medical services previously rendered, based upon a covered person's failure to provide subsequent notification in accordance with plan provisions, where the covered person's medical condition prevented timely notification.

(d) In the event a covered person receives emergency medical services by a nonparticipating provider, once such covered person is stabilized, as determined by the attending physician, the insurer may arrange for transfer of the covered person to a participating provider at the insurer's cost. If the insurer fails to transfer such covered person within 24 hours after the insurer receives notice that the covered person is stabilized, the insurer shall pay the entirety of the nonparticipating provider's charges for the care of the covered person thereafter in accordance with the payment criteria provided in subsection (b) of this Code section.

(e) Insurers shall not communicate or include in written form false, misleading, or confusing information in their explanation of benefits to patients or guarantors regarding usual and customary costs, balance billing, or mediation disputes between physicians and insurers.

(f) For purposes of the covered person's financial responsibilities, the health benefit

plan shall treat the health care services the covered person receives from a nonparticipating provider pursuant to this Code section as if the services were provided by a participating provider, including counting the covered person's cost sharing for such services toward the covered person's deductible and maximum out-of-pocket limit applicable to services obtained from participating providers under the health benefit plan.

33-20E-6.

No health benefit plan shall deny or restrict covered benefits from a participating provider to a covered person solely because the covered person obtained treatment from a nonparticipating provider. Notice of such protection shall be provided in writing to the covered person by the insurer.

33-20E-7.

(a)(1) A health benefit plan contract issued, amended, or renewed on or after July 1, 2019, shall provide that if a covered person receives emergency medical services from a nonparticipating provider, such covered person shall not be required to pay more to the insurer than the same amount that the covered person would have to pay to the insurer for the same emergency medical services received from a similar participating provider at a similar in-network facility. Such amount shall be referred to as the 'in-network cost-sharing amount.'

(2) Neither a nonparticipating provider nor a participating provider shall bill or collect any amount from the covered person for emergency medical services subject to paragraph (1) of this subsection. Coinsurance, copayments, and deductibles shall be collected by the insurer, and first dollar coverage shall be paid by the insurer directly to the provider in a timely manner, as coded and billed, and without retrospective denials.

(b) A health benefit plan contract issued, amended, or renewed on or after July 1, 2019, shall provide that, if a covered person receives emergency medical services from a nonparticipating provider, any cost-sharing amount attributable to an out-of-network deductible shall be applied to such covered person's in-network deductible.

33-20E-8.

(a) A violation of this chapter by an insurer shall be considered an unfair trade practice under Article 1 of Chapter 6 of this title and shall be subject to penalties as determined by the department.

(b) This Code section shall not apply to any health care provider, hospital, or emergency medical provider.

33-20E-9.

(a) Where a patient obtains medical services, not including emergency medical services, and an unexpected event arises resulting in a surprise bill to a patient, mediation shall be available from the department where the resulting bill to the patient

is greater than \$1,000.00, provided that:

- (1) Participants in such a mediation shall include the patient or the patient's authorized representative, the insurer, and the provider of the care resulting in the bill to the patient;
 - (2) Patients shall submit accurate and complete health insurance information prior to initiating mediation;
 - (3) Where possible, mediation shall occur by teleconference;
 - (4) In determining appropriate payment, the Gould Standard shall be taken into account by the parties involved; and
 - (5) Costs not specific to any one party shall be shared evenly among all parties to the mediation.
- (b) The department shall develop rules in accordance with the requirements of this Code section."

(a) The account funds granted to a participating student pursuant to this chapter shall be an amount equivalent to the costs of the educational program that would have been provided for the student in the resident school system, including appropriate weights, as calculated under Code Section 20-2-161. This shall not include any federal funds.

(b) Participating students shall be counted in the enrollment of their resident school system; provided, however, that this count shall only be for purposes of determining the amount of account funds to be deposited into the account and the participating students shall not be included as enrolled for purposes of state or federal accountability requirements, including, but not limited to, the federal Elementary and Secondary Education Act, as amended by the No Child Left Behind Act of 2001 (P.L. 107-110). The funds needed to fund an account shall be subtracted from the allotment payable to the resident school system.

(c) Each local school system shall submit quarterly reports to the office on dates established by the office stating the number of participating students in the resident school system. Following each notification, the office shall transfer from the state allotment to each local school system the amount calculated under subsection (a) of this Code section to a separate account for the program for quarterly disbursement to the individual accounts of participating students.

(d)(1) When a student enters the program, the office must receive all documentation required for the student's participation during a quarterly enrollment period pursuant to paragraph (4) of subsection (a) of Code Section 20-2B-3 before the first quarterly account payment is made for the student.

(2) Upon proper documentation received by the office, the office shall make quarterly payments to the account of a participating student, beginning with the first quarterly payment that corresponds with the enrollment period in which the student's application was received. As nearly as practical, such quarterly payments shall be equal; provided, however, that this shall not prevent payments from being adjusted due to budgetary midterm adjustments made pursuant to Code Section 20-2-162. The state auditor shall cite as an audit exception any failure by the office to meet any payment deadlines and shall include such audit exceptions on the website established pursuant to Code Section 50-6-32.

(3) The office shall develop a system for parents to direct account funds to participating schools and service providers by electronic funds transfer, automated clearing house transfer, or another system that the office finds to be commercially viable, cost-effective, and easy for parents of participating students to use. The office shall not adopt a system that relies solely on reimbursing parents for out-of-pocket expenses, but may determine certain qualified education expenses that must require reimbursement or preapproval for purchase. The office is authorized to qualify private financial management firms to manage the payment system. The office, at its discretion, shall be authorized to create a system of individually funded accounts or

notional accounts funded through a single state omnibus account.

(4) If the participating school requires partial payment of tuition prior to the start of the academic year to reserve space for students admitted to the school, such partial payment may be paid by the office prior to the first quarterly payment of the year in which the account is awarded, up to a maximum of \$1,000.00, and deducted from subsequent account payments. If a student decides not to attend the participating school, the partial reservation payment must be returned to the office by such school.

Only one reservation payment per student may be made per year.

(e) Funds received pursuant to this Code section shall not constitute taxable income of the parent of the participating student.

(f) Funds deposited into an account shall be used only for qualified education expenses for the participating student. Unused funds in an account shall roll over to the following year; provided, however, that, if an account has been inactive for two consecutive years, the funds in such account shall be returned to the state general fund and the account shall be closed. Upon high school graduation of the participating student, any unused funds shall roll over and may be used for postsecondary education.

(g) Nothing in this chapter shall be deemed to prohibit a parent or student from making a payment for any tuition, fee, service, or product described in this chapter from a source other than the account funds of the student.

20-2B-6.

(a) To assist in the determination of whether certain expenses meet the requirements to be considered a qualified education expense under this chapter, a Parent Review Committee shall be established.

(b)(1) The committee shall be composed of eight parents of participating students and represent at least four counties.

(2) Members of the committee shall be appointed by and serve at the pleasure of the executive director of the office.

(3) Members of the committee shall serve for one-year terms and may be reappointed.

(4) The executive director of the office or his or her designee shall serve as the chair of the committee and shall only vote in the event of a tie.

(c) The office may request the committee to determine whether an expenditure of account funds from an account qualifies as a qualified education expense under this chapter.

(d) The office may request the committee review appeals of participating schools or service provider application denials pursuant to subsection (d) of Code Section 20-2B-4.

20-2B-7.

(a) The office shall adopt rules and regulations as necessary for the administration of the program. The office shall adopt rules and regulations regarding eligibility and participation of participating schools and service providers, including, but not limited

A BILL to be entitled an Act to amend Article 22 of Chapter 1 of Title 10 of the O.C.G.A., relating to motor vehicle franchise practices, so as to provide for protection of certain consumer data in motor vehicle sales or lease transactions; to provide for related matters; to repeal conflicting laws; and for other purposes.

The Senate Committee on Regulated Industries and Utilities offered the following substitute to SB 122:

A BILL TO BE ENTITLED
AN ACT

To amend Article 22 of Chapter 1 of Title 10 of the Official Code of Georgia Annotated, relating to motor vehicle franchise practices, so as to provide for protection of certain consumer data in motor vehicle sales or lease transactions; to provide for definitions; to impose certain requirements and restrictions on the use and disclosure of consumer data by franchisors, manufacturers, distributors, and third parties; to provide for indemnification of motor vehicle dealers for certain claims and damages related to disclosure of consumer data; to change certain provisions for purposes of conformity; to change certain provisions relating to uniform warranty reimbursement policies amongst dealers; to provide for performance criteria and survey requirements; to specify certain requirements as to signs and other image elements; to modify certain provisions related to

unlawful activities by franchisors; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 22 of Chapter 1 of Title 10 of the Official Code of Georgia Annotated, relating to motor vehicle franchise practices, is amended in Code Section 10-1-622, relating to definitions relative to motor vehicle franchise practices, by adding two new paragraphs to read as follows:

"(1) 'Consumer data' means 'nonpublic personal information' as such term is defined in 15 U.S.C. s. 6809(4) as it existed on January 1, 2019, that is:

(A) Collected by a dealer; and

(B) Provided by the dealer directly to a manufacturer or third party acting on behalf of a manufacturer. Such term shall not include the same or similar data obtained by a manufacturer from any source other than the dealer or dealer's data management system.

(2) 'Data management system' means a computer hardware or software system that:

(A) Is owned, leased, or licensed by a dealer, including a system of web based applications, computer software, or computer hardware;

(B) Is located at the dealership or hosted remotely; and

(C) Stores and provides access to consumer data collected or stored by a dealer.

Such term shall include, but shall not be limited to, dealership management systems and customer relations management systems."

SECTION 2.

Said article is further amended by adding a new Code section to read as follows:

"10-1-632.

(a) Notwithstanding the provisions of any franchise agreement, with respect to consumer data a franchisor, manufacturer, distributor, or a third party acting on behalf of a franchisor, manufacturer, or distributor:

(1) Shall comply with and shall not cause a dealer to violate any applicable restrictions on reuse or disclosure of the consumer data established by federal or state law;

(2) Shall provide a written statement to the dealer upon request describing the established procedures adopted by such franchisor, manufacturer, distributor, or third party acting on behalf of the franchisor, manufacturer, distributor, or third party which meet or exceed any federal or state requirements to safeguard the consumer data, including, but not limited to, those established in the Gramm-Leach-Bliley Act, 15 U.S.C. 6801, et seq.;

(3) Shall, upon the written request of the dealer, provide a written list of the consumer data obtained from the dealer and all persons to whom any consumer data has been provided by the franchisor, manufacturer, distributor, or a third party acting

on behalf of a franchisor, manufacturer, or distributor during the preceding six months. The dealer may make such a request no more than once every six months. The list must indicate the specific fields of consumer data which were provided to each person. Notwithstanding the foregoing, such a list shall not be required to include:

(A) A person to whom consumer data was provided, or the specific consumer data provided to such person, if the person was, at the time such consumer data was provided, a service provider, subcontractor, or consultant acting in the course of performance of services on behalf of or for the benefit of the franchisor, manufacturer, distributor, third party, or dealer, provided that the franchisor, manufacturer, distributor, third party, or dealer has entered into an agreement with such person requiring that such person comply with the safeguard requirements of applicable state and federal law, including, but not limited to, those established in the Gramm-Leach-Bliley Act, 15 U.S.C. 6801, et seq.; and

(B) A person to whom consumer data was provided, or the specific consumer data provided to such person, if the dealer has previously consented in writing to such person receiving such consumer data and the dealer has not withdrawn such consent in writing;

(4) May not require that a dealer grant the franchisor, manufacturer, distributor or a third party acting on behalf of a franchisor, manufacturer, or distributor direct or indirect access to such dealer's data management system to obtain consumer data. A franchisor, manufacturer, distributor, or a third party acting on behalf of a franchisor, manufacturer, or distributor must permit a motor to furnish consumer data in a widely accepted file format, such as comma delimited, and through a third-party vendor selected by the dealer. However, a franchisor, manufacturer, or distributor, or a third party acting on behalf of a franchisor, manufacturer, or distributor may access or obtain consumer data directly from a dealer's data management system with the express consent of the dealer. The consent must be in the form of a written document that is separate from the parties' franchise agreement, is executed by the dealer, and may be withdrawn by the dealer upon 30 days' written notice to the franchisor, manufacturer, or distributor, or the third party, as applicable. For incentive programs beginning on or after July 1, 2019, such consent shall not be required as a condition to a motor vehicle dealer's participation in an incentive program unless such consent is necessary to obtain consumer data to implement the program; and

(5) Shall indemnify the dealer for any third-party claims asserted against or damages incurred by the dealer to the extent caused by access to, use of, or disclosure of consumer data in violation of this section by the franchisor, manufacturer, distributor or a third party to whom the franchisor, manufacturer or distributor has provided consumer data.

(b) Nothing contained in this Code section shall limit the ability of the franchisor, the manufacturer, or distributor, to require that the dealer provide, or use in accordance with the law, such customer information related solely to such manufacturer's or distributor's own vehicle makes to the extent necessary to do any of the following:

- (1) Satisfy any safety or recall notice obligations or other legal notice obligations on the part of the manufacturer;
 - (2) Complete the sale and delivery of a new motor vehicle to a customer;
 - (3) Validate and pay customer or dealer incentives;
 - (4) Submit to the franchisor, manufacturer, or distributor claims for any services supplied by the dealer for any claim for warranty parts or repairs;
 - (5) Market analysis;
 - (6) Evaluate sales and service customer satisfaction with the dealer, including surveys; or
 - (7) Reasonable marketing purposes that benefit the dealer.
- (c) In any cause of action against a franchisor, manufacturer, or distributor for a violation of this Code section, the party bringing the action shall have the burden of proof."

SECTION 3.

Said article is further amended in Code Section 10-1-641, relating to dealer's predelivery preparation, warranty service, and recall work obligations to be provided in writing, recovery of costs, and 'stop-sale' defined, by revising subparagraph (a)(1)(B) and subsection (c) as follows:

"(B) Shall, at the election of the dealer, reasonably compensate the dealer for parts and labor provided for such warranty service work as provided in paragraph (2) of this subsection;"

"(c) Subject to ~~subsection (c)~~ of Code Section 10-1-645, a franchisor, manufacturer, or distributor shall not ~~otherwise~~ recover its costs from dealers within this state, including a surcharge imposed on a dealer solely intended to recover the cost of reimbursing the dealer for parts and labor pursuant to this Code section, provided that a franchisor, manufacturer, or distributor shall not be prohibited from increasing prices for vehicles or parts in the normal course of business."

SECTION 4.

Said article is further amended by revising Code Section 10-1-645, relating to the uniform warranty reimbursement policy amongst dealers, as follows:

"10-1-645.

(a) Any ~~motor vehicle~~ manufacturer or franchisor and at least a majority of its dealers of the same line make may agree to a uniform warranty reimbursement agreement in an express written contract, ~~citing this Code section, upon a uniform warranty reimbursement policy used by contracting dealers to perform warranty repairs executed by a dealer principal or authorized dealer representative that specifically cites this Code section.~~ The policy agreement shall only involve either reimbursement for parts used in warranty repairs or the use of a uniform time standards manual, or both. Reimbursement for parts under the agreement shall be used instead of the dealers' prevailing retail ~~price rate~~ charged by that dealer for the same parts as defined in Code Section ~~10-1-644~~ 10-1-641 to calculate compensation due from the franchisor for parts

used in warranty repairs. This Code section does not authorize a franchisor and its dealers to establish a uniform hourly labor reimbursement.

(b) A manufacturer or franchisor that proposes a uniform reimbursement agreement must provide all of its line make dealers a minimum of 30 days to consider such proposal which shall be in writing and provided to the dealer principal via certified mail or other trackable delivery method, including electronic transmission, to which a notice containing following language in all capital letters shall be affixed:

GEORGIA LAW ALLOWS TWO ALTERNATIVE METHODS OF WARRANTY REIMBURSEMENT:

1. DEALERS MAY SUBMIT A REQUEST TO RECEIVE RETAIL RATE PURSUANT TO O.C.G.A. SECTION 10-1-641; OR

2. A MAJORITY OF LINE MAKE DEALERS MAY AGREE TO A UNIFORM WARRANTY REIMBURSEMENT AGREEMENT, AS PROPOSED WITH THIS NOTICE.

IN THE EVENT A MAJORITY OF LINE MAKE DEALERS AGREE TO THE ATTACHED UNIFORM WARRANTY REIMBURSEMENT AGREEMENT, DEALERS THAT OPT TO SEEK RETAIL RATE PURSUANT TO O.C.G.A. SECTION 10-1-641 MAY BE SUBJECT TO A COST RECOVERY SURCHARGE ON ALL NEW VEHICLE INVOICES.

~~(b)~~(c) Each franchisor shall only have one such agreement with each line make. Any such agreement shall:

(1) Establish a uniform parts reimbursement rate. The uniform parts reimbursement rate shall be ~~greater than~~ not less than the greater of the nationally established rate set forth in the franchisor's sales and service agreement or other warranty manual or policy or the franchisor's nationally established national average warranty parts reimbursement rate in effect at the time the first such agreement becomes effective;

(2) Apply to all warranty repair orders written during the period that the agreement is effective;

(3) Be available, during the period it is effective, to any ~~motor vehicle~~ dealer of the same line make at any time and on the same terms; and

(4) Be for a term not to exceed three years so long as any party to the agreement may terminate the agreement upon the annual anniversary of the agreement and with 30 days' prior written notice; however, the agreement shall remain in effect for the term of the agreement regardless of the number of dealers of the same line make that may terminate the agreement.

~~(e)~~(d)(1) As used in this subsection, the term 'costs' means the difference between the uniform reimbursement rate set forth in an agreement entered into pursuant to subsection (b) of this Code section and the ~~prevailing retail price charged by that dealer received by those dealers of the same line make~~ retail rate received by an individual dealer pursuant to Code Section 10-1-641.

(2) A manufacturer or franchisor that enters into a uniform warranty reimbursement agreement as provided in this Code section may seek to recover its costs from only those dealers that are receiving their retail rate pursuant to Code Section 10-1-641 A

~~franchisor that enters into an agreement with its dealers may seek to recover its costs from only those dealers that are receiving their prevailing retail price charged by that dealer under Code Section 10-1-644 as follows:~~

(A) The costs shall be recovered only by increasing the invoice price on new vehicles received by those dealers not a party to an agreement under this Code section; and

(B) Price increases imposed for the purpose of recovering costs under this Code section may vary from time to time and from model to model but shall apply ~~uniformly~~ to all dealers of the same line make in the State of Georgia that have requested reimbursement for warranty repairs at their prevailing retail ~~price charged by that dealer, except that a franchisor may make an exception for vehicles that are titled in the name of a consumer in another state rate.~~

~~(d)(e) If a manufacturer or franchisor enters into a uniform reimbursement agreement with its dealers, the manufacturer or franchisor shall within 60 days of entering into such agreement, certify under oath to the Department of Revenue that a majority of the dealers of that line make have entered into such an agreement and shall file a sample copy of the agreement, the required notice, a list of the line make dealers that have agreed to the uniform warranty reimbursement, and the date upon which such agreement was made. On an annual basis, the manufacturer shall certify under oath to the department that the reimbursement costs it recovers under subsection (d) of this Code section do not exceed the amounts authorized by subsection (d) of this Code section. The manufacturer or franchisor shall maintain for a period of three years a file that contains the information upon which its certification is based. If a franchisor contracts with its dealers, the franchisor shall certify under oath to the Department of Revenue that a majority of the dealers of that line make did agree to such an agreement and file a sample copy of the agreement. On an annual basis, each dealer shall certify under oath to the department that the reimbursement costs it recovers under subparagraph (c)(2)(A) of this Code section do not exceed the amounts authorized by subparagraph (c)(2)(A) of this Code section. The franchisor shall maintain for a period of three years a file that contains the information upon which its certification is based.~~

~~(e)(f) If a manufacturer or franchisor and its dealers do not enter into an agreement pursuant to this Code section, and for any matter that is not the subject of an agreement, this Code section shall have no effect whatsoever.~~

~~(f)(g) For purposes of this Code section, a uniform time standard manual is a document created by a franchisor that establishes the time allowances for the diagnosis and performance of warranty work and service. The allowances shall be reasonable and adequate for the work and service to be performed. Each franchisor shall have a reasonable and fair process that allows a dealer to request a modification or adjustment of a standard or standards included in such a manual."~~

SECTION 5.

Said article is further amended in Code Section 10-1-651, relating to termination of franchise, grounds, notice, dealer costs reimbursed by franchisor, applicability to

distributors, by revising subsection (c) as follows:

"(c) If the failure by the dealer, as ~~defined~~ described in subsection (b) of this Code section, relates to the performance of the dealer in sales or service, then ~~good cause shall be defined as in this Code section the term 'good cause' means~~ the failure of the dealer to comply with reasonable performance criteria established by the franchisor in light of existing circumstances, including, but not limited to, current and forecasted economic conditions, provided the following conditions are satisfied:

- (1) The dealer was notified by the franchisor in writing of such failure;
- (2) Said notification stated that notice was provided of failure of performance pursuant to this Code section; ~~and~~
- (3) The performance criteria established by the franchisor was:
 - (A) Reasonable, fair, and equitable;
 - (B) Based on accurate information;
 - (C) Inclusive of relevant and material local and regional data considered by the franchisor that was provided by the dealer;
 - (D) Beyond the control of the dealer that adversely affected the dealer's performance; and
 - (E) Based on a statistically significant and valid random sample as it pertains to the particular dealer, if such criteria was included in a survey; and
- ~~(3)~~(4) The dealer was afforded a reasonable opportunity, for a period of not less than six months, to comply with such criteria."

SECTION 6.

Said article is further amended in Code Section 10-1-661, relating to the delivery of motor vehicles, modification of facilities, transfer of sales contracts, and warranties, by revising paragraphs (7) and (8) of subsection (b) and adding new paragraphs to read as follows:

"(7) To acquire any line-make of motor vehicle or to give up, sell, or transfer any line-make of motor vehicle which has been acquired in accordance with this article once such dealer has notified the franchisor that it does not desire to acquire, give up, sell, or transfer such line-make or to retaliate or take any adverse action against a dealer based on such desire; ~~or~~

(8) To construct, renovate, or maintain exclusive facilities, personnel, or showroom area dedicated to a particular line-make if the imposition of such a requirement would be unreasonable in light of the existing circumstances, including the franchisor's reasonable business considerations, present economic and market conditions, and forecasts for future economic and market conditions in the dealer's retail territory. The franchisor shall have the burden of proof to demonstrate that its demand for exclusivity is justified by reasonable business considerations and reasonable in light of the dealer's circumstances, but this provision shall not apply to a voluntary agreement when separate and adequate consideration was offered and accepted, provided that the renewal of a franchise agreement shall not by itself constitute separate and adequate consideration. The franchisor shall have the burden of proof to

show that the dealer has entered into a voluntary, noncoerced agreement regarding exclusivity;

(9)(A) To substantially change, alter, or remodel its dealership or to install new signs or other franchisor image elements that replace or substantially alter those improvements, signs, or franchisor image elements completed within the preceding ten years that were required and approved by the franchisor, factory branch, distributor, or distributor branch or one of its affiliates as part of a program, standard, or policy.

(B) If, during such ten-year period, the manufacturer revises or discontinues an existing program, standard, or policy or establishes a new program, standard, or policy or other benefit relating to construction or substantial alteration of a dealership, a motor vehicle dealer that completed construction or substantial alteration of a dealership as part of a prior program, standard, or policy and elects not to participate in the new or revised program, standard, or policy, shall not be entitled to bonus, incentive, benefit, or otherwise under the new or revised program but shall remain entitled to all benefits under the prior program, standard, or policy according to the terms of such prior program, standard, or policy. If the prior program, standard, or policy under which the dealer completed a construction or substantial alteration does not contain a specific time period during which the manufacturer or distributor must provide payments or benefits to a dealer, then the manufacturer or distributor may not deny the dealer payment or benefits under the terms of that prior program, as it existed when the dealer began to perform under the prior program, for the balance of the ten-year term, regardless of whether the manufacturer's or distributor's program, standard, or policy has been revised or discontinued.

(C) The provisions of this paragraph shall not prohibit a franchisor from:

(i) Continuing any facility improvement program in effect on July 1, 2019, with more than one franchised dealer in the state;

(ii) Providing lump sum or regularly scheduled payments to assist a franchised dealer in making a facility improvement, including construction, alteration or remodeling, or installing signage or a franchisor image element; or

(iii) Providing compensation or reimbursement to a franchised dealer on reasonable, written terms for a portion of such franchised dealer's costs of making a facility improvement, including construction; alteration or remodeling; the purchase of goods, building materials or services; or installing signage or a franchisor image element which are not paid on a per vehicle basis.

(D) Nothing in this paragraph shall be construed to permit a dealer to erect or maintain signs that do not conform to the manufacturer's intellectual property rights, trademarks, or trade dress usage guidelines.

(E) As used in this paragraph, the term 'to substantially change, alter, or remodel' means to make an alteration that has a major impact on the architectural features, characteristics, or integrity of the structure or lot. Such term shall include the relocation or erection of freestanding signs, but shall not include routine

maintenance, such as interior painting, reasonably necessary to keep a dealership facility in attractive condition;

(10)(A) To purchase goods or services to make improvements to the dealer's facilities from a vendor selected, identified, or designated by a manufacturer or one of its affiliates by program, incentive provision, or otherwise without making available to the dealer the option to obtain the goods or services of comparable grade, quality, and overall design, and the same or substantially the same materials and characteristics from a vendor chosen by the dealer and approved by the manufacturer; provided, however, that such approval by the manufacturer shall not be unreasonably withheld, and the dealer's option to select a vendor shall not be available if the manufacturer provides substantial reimbursement for the goods or services offered.

(B) If signs, other than signs containing the manufacturer's brand or logo or freestanding signs that are not directly attached to a building, or other franchisor image or design elements or trade dress are to be leased to the dealer by a vendor selected, identified, or designated by the manufacturer, such dealer has the right to purchase the signs or other franchisor image or design elements or trade dress of comparable grade, quality, and overall design, and the same or substantially the same materials and characteristics from a vendor selected by the dealer if such signs, franchisor image or design elements, or trade dress are approved by the manufacturer. Approval by the manufacturer shall not be unreasonably withheld.

(C) Nothing in this paragraph shall be construed to allow a dealer or vendor to impair, infringe upon, or eliminate, directly or indirectly, the intellectual property rights of the manufacturer including, but not limited to, the manufacturer's intellectual property rights in any trademarks or trade dress, or other intellectual property interests owned or controlled by the manufacturer.

(D) As used in this paragraph, the term:

(i) 'Goods' shall not include movable displays, brochures, and promotional materials containing material subject to the intellectual property rights of a manufacturer, including copyright, trademark, or trade dress rights or any manufacturer's design or architectural review service.

(ii) 'Substantial reimbursement' means an amount equal to or greater than the cost savings that would result if the dealer were to utilize a vendor of the dealer's own selection instead of using the vendor identified by the manufacturer; or

(11) Whether by agreement, program, incentive, or otherwise, to sell, lease, offer to sell or lease, solicit, or advertise the sale or lease of new motor vehicles in a manner that violates a law or any rule or regulation of this state."

SECTION 7.

Said article is further amended in Code Section 10-1-662, relating to unlawful activities by franchisors, by revising paragraphs (13), (14), (18), and (19) of subsection (a) and by adding new paragraphs to read as follows:

"(13) To conduct an audit, investigation, or inquiry of any dealer or dealership as to

any activity, transaction, conduct, or other occurrence which took place ~~or as to any promotion or special event which ends~~ more than one year prior to such audit, investigation, or inquiry or to base any decision adverse to the dealer or dealership on any activity, transaction, conduct, or other occurrence which took place ~~or as to any promotion or special event which ends~~ more than one year prior to such decision or which took place any time more than one year prior to the period of time covered by such audit, investigation, or inquiry or to apply the results of an audit, investigation, or inquiry to any activity, transaction, conduct, or other occurrence which took place any time prior to the time covered by such audit, investigation, or inquiry more than one year prior to such audit, investigation, or inquiry. If the franchisor has reason to believe that fraudulent or intentionally false claims have been submitted, the franchisor may extend the audit, investigation, or inquiry period beyond the time periods provided in this paragraph; provided, however, that in no event shall the time period be extended beyond four years prior to such audit, investigation, or inquiry;

(14) To charge back to, deduct from, or reduce any account of a dealer or any amount of money owed to a dealer by a franchisor any amount of money the franchisor alleges is owed to such franchisor by such dealer as a result of an audit, investigation, or inquiry of such dealer or based upon information obtained by the franchisor through other resources which relates to any transaction that occurred ~~more than 12 months~~ one year prior to notice to the dealer of the charge back or deduction, ~~but rather if a franchisor alleges that a dealer owes such franchisor any amount of money as a result of an audit, investigation, or inquiry, such franchisor shall send a notice to such dealer for such amount and the dealer shall have not less than 30 days to contest such amount or remit payment~~ and only if the franchisor can show by a preponderance of evidence that the transaction was fraudulent, intentionally and materially false, not reasonably substantiated, or did not follow the franchisor's written repair or claim submission requirements. A franchisor shall not charge back to, deduct from, or reduce any account of a dealer or any amount owed to a dealer based solely on such dealer's clerical error that does not put into question the legitimacy of the claim. If a claim is rejected for a clerical error, then the dealer may resubmit a corrected claim within 30 days. If a franchisor alleges that a dealer owes such franchisor any amount of money as a result of an audit, investigation, or inquiry, such franchisor shall send a notice to such dealer for such amount and the dealer shall have not less than 30 days to contest such amount or remit payment. If the dealer contests such amount, the charge shall be stayed pending a final resolution as provided in this Code section. Upon the dealer contesting the charge, the parties shall attempt to resolve the dispute through an internal dispute resolution procedure of the franchisor, if available, provided that such procedure occurs within a reasonable amount of time. If the internal dispute resolution procedure is unavailable, unsuccessful, or does not occur in a timely manner, such dealer may file a petition with the commissioner not later than 60 days after receipt of such notice from the franchisor or not later than 30 days after conclusion of the internal dispute resolution procedure, whichever is later. If such a petition is filed, the commissioner shall

inform the franchisor, manufacturer, or distributor that a timely petition has been filed and that a hearing shall be held on such issue. In any hearing held pursuant to this paragraph, the burden of proof shall be upon the franchisor to demonstrate by a preponderance of evidence the transaction was fraudulent, intentionally and materially false, not reasonably substantiated or did not follow the franchisor's written repair or claim submission requirements;"

"(18) To directly or indirectly condition a franchise agreement or renewal of a franchise agreement, addition of a line-make, approval of relocation, or approval of a sale or transfer on the dealer's or prospective dealer's willingness to enter into a site control agreement; provided, however, that this paragraph shall not apply to a voluntary agreement when separate and adequate consideration is paid to the dealer. The franchisor shall have the burden of proof to show the voluntary, noncoerced acceptance of the site control agreement by the dealer; ~~or~~

(19) To charge back, withhold payment, deny vehicle allocation, or take other adverse action against a dealer when a new vehicle sold by the dealer has been exported to a foreign country unless the franchisor can demonstrate that the dealer knew or reasonably should have known that the customer intended to export or resell the new vehicle. There shall be a rebuttable presumption that the dealer had no such knowledge if the vehicle is titled or registered in any state in this country;

(20) To take any materially adverse action against a dealer, including a dealer's ability to participate in or receive a benefit or payment owed from any incentive or reimbursement program, based on criteria it has established, implemented, or enforced for measuring the performance, including, but not limited to, sales or service performance, of a dealer unless such criteria:

(A) Is fair, reasonable, and equitable;

(B) Is based on accurate and relevant information; and

(C) Is based, if such criteria is based on a survey, on a statistically significant and valid random sample as such sample pertains to the particular dealer; or

(21) To deny, delay payment for, restrict, or bill back a claim by a dealer for payment or reimbursement for incentives, hold-backs, sales or service promotion or other special program money, or any other amount owed to such dealer by the franchisor, if based solely on the dealer's compliance with a specific program requirement of the franchisor that would cause the dealer to violate a law or any properly promulgated rule or regulation of this state."

A BILL TO BE ENTITLED
AN ACT

To amend Title 20 of the Official Code of Georgia Annotated, relating to education, so as to provide for weighted scores for certain coursework for purposes of determining HOPE scholarship and Zell Miller scholarship eligibility; to provide for related matters; to provide for an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Title 20 of the Official Code of Georgia Annotated, relating to education, is amended in Code Section 20-2-157, relating to the uniform reporting system for certain purposes and academic eligibility requirements to receive HOPE scholarships, by revising subsections (b) and (c) as follows:

"(b) Each school system and private school shall adopt the reporting system described in this subsection for purposes of identifying and qualifying graduating seniors for the HOPE scholarship program and other programs identified in this Code section:

(1) Each school system and private school shall transmit, in a manner and at such times prescribed by the Georgia Student Finance Commission, an electronic transcript of courses and course grades for each graduating senior that reflects the complete high school academic record of the student, including scores on any state tests required for graduation, the grading scales used by the school system or private school for the time periods referenced by the transcripts, and any other pertinent information as determined by the Georgia Student Finance Commission. Each grade reported by a school system or private school to the commission for the purpose of calculating the grade point average for HOPE scholarship and Zell Miller scholarship eligibility shall be the actual grade earned by the student, with no weighting or addition of points by the local school system or private school;

(2) The Georgia Student Finance Commission shall calculate a grade point average for the purpose of determining eligibility for the HOPE scholarship and Zell Miller scholarship from these electronic transcripts and shall notify students of their eligibility and high schools as to the eligibility of students;

(3) For students otherwise qualified and enrolling as freshmen students in eligible public or private postsecondary institutions for the first time on May 1, 2007, or thereafter, except as otherwise provided in paragraph (3.1) of this subsection, the Georgia Student Finance Commission shall calculate grade point averages for determining eligibility for the HOPE scholarship and other scholarships referenced in

this Code section as follows:

(A) For students receiving a college preparatory diploma, each grade for a student in attempted coursework in English, mathematics, science, social studies, and foreign language that would, if successfully completed, satisfy a core graduation requirement for the college preparatory curriculum shall be equated to a grade on a 4.0 scale, such that a grade of 'A' = 4.0, a grade of 'B' = 3.0, a grade of 'C' = 2.0, a grade of 'D' = 1.0, and a grade of 'F' = 0; or

(B) For students receiving a career/technical diploma, each grade for a student in attempted coursework in English, mathematics, science, and social studies that would, if successfully completed, satisfy a core graduation requirement for the career/technical curriculum shall be equated to a grade on a 4.0 scale, such that a grade of 'A' = 4.0, a grade of 'B' = 3.0, a grade of 'C' = 2.0, a grade of 'D' = 1.0, and a grade of 'F' = 0.

Grades for coursework that is classified as advanced placement, a dual credit course, or international baccalaureate shall be weighted uniformly by the Georgia Student Finance Commission in calculating the overall grade point averages for students, provided that the weighting of such course grades is uniformly applied to all students in this state taking the specified coursework. The grade earned by each student for any such advanced placement, dual credit, or international baccalaureate course shall be increased by an additional 0.5 point if such grade is an A, B, C, or D. The sum of the equated grades shall be divided by the number of course grades, adjusted for term length, to yield a grade point average on a 4.0 scale;

(3.1) For students otherwise qualified and enrolling in the ninth grade for the first time during the 2008-2009 school year and thereafter, the Georgia Student Finance Commission shall calculate grade point averages for determining eligibility for the HOPE scholarship and other scholarships referenced in this Code section by equating each grade for a student in attempted coursework in English, mathematics, science, social studies, and foreign language during the student's ninth, tenth, eleventh, or twelfth grade year to a grade on a 4.0 scale, such that a grade of 'A' = 4.0, a grade of 'B' = 3.0, a grade of 'C' = 2.0, a grade of 'D' = 1.0, and a grade of 'F' = 0. Grades for coursework that is classified as advanced placement, a dual credit course, or international baccalaureate shall be weighted uniformly by the Georgia Student Finance Commission in calculating the overall grade point averages for students, provided that the weighting of such course grades is uniformly applied to all students in this state taking the specified coursework. The grade earned by each student for any such advanced placement, dual credit, or international baccalaureate course shall be increased by an additional 0.5 point if such grade is an A, B, C, or D. The sum of the equated grades shall be divided by the number of course grades, adjusted for term length, to yield a grade point average on a 4.0 scale; and

(4) Qualification for the HOPE scholarship shall be determined from the grade point average calculated either as set out in paragraph (3) of this subsection or as set out in paragraph (3.1) of this subsection for students enrolling in the ninth grade for the first time in a Georgia public school during the 2008-2009 school year and thereafter.

Beginning May 1, 2007, students with grade point averages equal to or in excess of 3.0 on the 4.0 scale with a college preparatory diploma shall meet achievement standards for the HOPE scholarship; students receiving a career/technical diploma shall meet achievement standards for the HOPE scholarship with a grade point average equal to or in excess of 3.2 on a 4.0 scale. For students enrolling in the ninth grade for the first time in a Georgia public school during the 2008-2009 school year and thereafter, such students with grade point averages equal to or in excess of 3.0 on a 4.0 scale shall meet achievement standards for the HOPE scholarship. This paragraph shall apply regardless of when a student graduated from high school and regardless of such student's eligibility status prior to May 1, 2007.

(c)(1) Beginning with the school year beginning after May 1, 2011, each school system and private school shall adopt the reporting system described in this subsection for purposes of determining potential eligibility for freshman, sophomore, and junior high school students for the HOPE scholarship program and other programs identified in this Code section.

(2) Each school system and private school shall transmit to the Georgia Student Finance Commission, in ~~such a~~ manner and at such times as the commission may prescribe, an electronic transcript of courses and course grades for each freshman, sophomore, and junior high school student that reflects the complete high school academic record of the student, including scores on any state tests required for graduation, the grading scales used by the school system or private school for the time periods referenced by the transcripts, and any other pertinent information as determined by the Georgia Student Finance Commission. (3) The Georgia Student Finance Commission shall calculate a grade point average for the purpose of determining eligibility for the HOPE scholarship and Zell Miller scholarship from these electronic transcripts and shall notify students of their potential eligibility and high schools as to the potential eligibility of students."

 State Senator
 Coverdell Legislative Office Building, Room 303-B

SUBJECT: State Auditor's Certification
 Senate Bill 175 (LC 43 1210)

Dear Senator Black:

This bill would amend provisions relating to retirement allowances of retired members under the Teachers Retirement System of Georgia. If this legislation is enacted, employers would be required to pay both the employee and employer contribution for any retired member that renders service for pay either directly or indirectly to an employer that participates in the System. The member would continue to receive their retirement allowance during the period of re-employment provided he or she does not exceed the compensation limitations outlined in O.C.G.A. §47-3-127. It should be noted that members would not earn any additional creditable service in the System if this legislation is enacted.

This is to certify that this bill is a nonfiscal retirement bill as defined in the Public Retirement Systems Standards Law.

Respectfully,

/s/ Greg S. Griffin
 State Auditor

SUBJECT: State Auditor's Certification
Senate Bill 176 (LC 43 1211)

Dear Senator Black:

This bill would amend provisions relating to retirement allowances of retired members under the Employees' Retirement System of Georgia. If this legislation is enacted, employers would be required to pay both the employee and employer contribution for any retired member that renders service for pay either directly or indirectly to an employer that participates in the System. The member would continue to receive their retirement allowance during the period of re-employment provided he or she does not exceed 1,040 hours of paid employment during the calendar year. It should be noted that members would not earn any additional creditable service in the System if this legislation is enacted.

This is to certify that this bill is a nonfiscal retirement bill as defined in the Public Retirement Systems Standards Law.

Respectfully,

/s/ Greg S. Griffin
State Auditor

The Senate Committee on Retirement offered the following substitute to SB 176:

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 2 of Title 37 of the Official Code of Georgia Annotated, relating to administration of mental health, developmental disabilities, addictive diseases, and other disability services, so as to revise a cross-reference; to amend Chapter 2 of Title 47 of the Official Code of Georgia Annotated, relating to the Employees' Retirement System of Georgia, so as to require certain public employers to make employer and employee

contributions to the Employees' Retirement System of Georgia on behalf of retired members employed by such employers either directly or indirectly; to provide for a definition; to revise a cross-reference; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 2 of Title 37 of the Official Code of Georgia Annotated, relating to administration of mental health, developmental disabilities, addictive diseases, and other disability services, is amended in Code Section 37-2-6.1, relating to community service boards, executive director, staff, budget, facilities, powers and duties, and exemption from state and local taxation, by revising subsection (k) as follows:

"(k) No community service board shall employ or retain in employment, either directly or indirectly through contract, any person who is receiving a retirement benefit from the Employees' Retirement System of Georgia except in accordance with the provisions of ~~subsection (e) of Code Section 47-2-110~~ 47-2-112; provided, however, that any such person who is employed as of July 1, 2004, may continue to be employed."

SECTION 2.

Chapter 2 of Title 47 of the Official Code of Georgia Annotated, relating to the Employees' Retirement System of Georgia, is amended by revising Code Section 47-2-110, relating to retirement ages, application and eligibility for a retirement allowance, suspension of retirement allowance upon reemployment, and health benefits, as follows:

"47-2-110.

(a)(1)(A) Upon written application to the board of trustees, any member in service who has reached 60 years of age or who has 30 years of creditable service may retire on a service retirement allowance, provided that he or she has at least five years of creditable service; provided, further, that if he or she became a member after July 1, 1968, he or she has at least ten years of creditable service. The effective date of retirement shall be the first of the month in which the application is received by the board of trustees, provided that no retirement application will, in any case, be effective earlier than the first of the month following the final month of the applicant's employment. Applications for retirement shall not be accepted more than 90 days in advance of the effective date of retirement. Separation from service pending approval of the retirement application shall not affect eligibility for a retirement allowance. The provisions of this subsection regarding the effective date of retirement shall apply to all persons making application for retirement on or after March 15, 1979, and to all persons who have made application prior to March 15, 1979, but to whom payments from the retirement system have not commenced as of that date. Each employer shall certify to the board of trustees the date on which the employee's employment is or will be severed.

(B) If the employee has not reached normal retirement age on the effective date of

retirement, the employer shall certify that no agreement exists to allow the employee to return to service, including service as or for an independent contractor. Any return to employment or rendering of any paid service by such employee, including service as or for an independent contractor, for any employer within two consecutive calendar months of the effective date of retirement shall render the severance invalid, nullifying the application for retirement.

(2) Normal retirement age, for purposes of the retirement system, shall be the date the employee has reached 60 years of age, provided that he or she has at least ten years of creditable service or the age of an employee on the date he or she attains 30 years of creditable service; provided, however, that the provisions of this paragraph are subject to change by future legislation in order to comply with federal regulations. For those members who are in service with the Uniform Division of the Department of Public Safety as an officer, noncommissioned officer, or trooper, officers and agents of the Georgia Bureau of Investigation, conservation rangers of the Department of Natural Resources, or in the Department of Revenue as an alcohol and tobacco officer or agent, normal retirement age shall be the date the employee has reached 55 years of age, provided that he or she has at least ten years of creditable service. For purposes of Section 402(1) of the federal Internal Revenue Code regarding distributions from governmental plans for health and long-term care insurance for public safety officers, normal retirement age shall be the earliest date when the employee has satisfied the requirements for a retirement allowance under the retirement system. Except as provided under Article 2 of Chapter 1 of this title, a member's right to his or her retirement allowance is nonforfeitable upon attainment of normal retirement age.

~~(b)(1) As used in this subsection, in addition to the definition provided in Code Section 47-2-1, the term 'employer' shall also include the retired member's last employer which reported to the retirement system prior to the member's effective date of retirement. Such term shall also include the Board of Regents of the University System of Georgia.~~

~~(2) Except as provided in this subsection, if a member accepts paid employment with or renders services for pay to any employer, including, without limitation, service directly or indirectly as or for an independent contractor, after his or her retirement, payment of his or her retirement allowance shall be suspended and no contributions to the retirement system shall be made on account of such service either by that member or his or her employer, provided that, upon termination of such service, all rights shall vest in that member as if he or she had continued his or her option to retire.~~

~~(3) The retirement allowance of a retired member who accepts employment with or renders services to any employer after his or her retirement shall not be suspended if the employee has attained normal retirement age or has not been employed by or rendered service for any employer for at least two consecutive calendar months and performs no more than 1,040 hours of paid employment or paid service, including, without limitation, service as or for an independent contractor, for the employer in any calendar year; provided, however, that return to service as or for an independent contractor shall not result in the suspension of an employee's retirement allowance if~~

~~the employing agency certifies to the board of trustees that:~~

- ~~(A) The contracting entity has multiple employees;~~
- ~~(B) The contracting entity has multiple contracts, and the contracts are not limited to employers, as such term is defined in Code Section 47-2-1; and~~
