STATE AUDITOR
(404) 656-2174

February 26, 2019

Honorable Brett Harrell
Chairman, House Ways and Means
133 Capitol
Atlanta, Georgia 30334

SUBJECT: Fiscal Note
House Bill 287 (LC 43 1215)

Dear Chairman Harrell:

The bill would replace the existing tax deduction for community-based faculty preceptors with a tax credit. Preceptorship training is defined as the uncompensated community-based training of medical students, advanced practice registered nurse (APRN) students, or physician assistant (PA) students. For physicians, the tax credit would be \$500 for each of the first three rotations and \$1,000 for the fourth through tenth rotations in a calendar year. For APRNs and PAs, the tax credit would be \$375 for the first three

rotations and \$750 for the fourth through tenth. The tax credit cannot exceed a taxpayer's tax liability and cannot be applied to prior or future tax years. The program would continue to be administered by the Area Health Education Centers Program Office at Augusta University.

Impact on State Revenue

The University of Georgia's Carl Vinson Institute of Government (CVIOG) estimated that the bill would reduce state revenue by \$2.2 million in FY 2021, the first full year of its effect. The loss would increase slightly in subsequent years. Details of the analysis are included in the appendix.

Table 1. State Revenue Impact, LC 43 1215

	<u>FY2020</u>	<u>FY2021</u>	<u>FY2022</u>	<u>FY2023</u>	<u>FY2024</u>
Elimination of Deduction	\$66,080	\$134,142	\$136,154	\$138,197	\$140,270
Creation of Credit	<u>(\$1,124,480)</u>	<u>(\$2,282,694)</u>	<u>(\$2,316,935)</u>	<u>(\$2,351,689)</u>	<u>(\$2,386,964)</u>
Net Revenue Impact	<u>(\$1,058,400)</u>	<u>(\$2,148,552)</u>	<u>(\$2,180,780)</u>	<u>(\$2,213,492)</u>	<u>(\$2,246,694)</u>

Impact on State Expenditures

The Department of Revenue estimated that the bill would result in one-time costs of approximately \$40,000 for information system changes. Augusta University estimated that the bill would not result in any increased costs.

Sincerely,

/s/ Greg S. Griffin
State Auditor

/s/ Kelly Farr
Director, Office of Planning and Budget

Analysis by the Carl Vinson Institute of Government

AHEC provided information that it certified \$1,513,000 in eligible tax deductions for the 2015 calendar year; \$1,998,000 in 2016; and \$2,231,000 in 2017. (AHEC assumed a 1.5% growth rate in eligible rotations for the tax deduction over the ensuing years.) Using the highest marginal state income tax rate of 5.75% and applying tax credit years to fiscal years, the estimated additional revenue from elimination of the tax deduction is presented in Table 1.

For the implications of the new tax credit in the proposed legislation, AHEC provided data on the number of preceptors and the number of preceptorship rotations they performed each year from 2015 to 2018. The number of preceptors conducting rotations more than doubled from 440 in 2016 to 988 in 2017. This was likely due to the initial introduction of the legislation, converting the tax deduction to a tax credit and lowering

the threshold for the number of qualifying rotations from three to one, as well a significant push by medical institutions and AHEC to educate preceptors on the available tax benefits. However, when the legislation did not pass in 2017 or 2018, the number of preceptors fell by 19.4% to 796 in 2018.

With the reintroduction of the tax credit legislation, it is reasonable to assume that the number of preceptors will reach 988, its 2017 level, in the first year, but then grow at a more modest rate — 1.5% — thereafter. The estimated lost income tax revenue from creation of the tax credit is presented in Table 2, and the net effect from elimination of the tax deduction and creation of the tax credit is presented in Table 3.

The effective date of the bill is July 1, 2019, therefore, the first impact to state revenue would be in FY2020. Preceptors will be able to continue taking the clerkship deduction through June 30, 2019, then the tax credit thereafter. The bill expires on December 31, 2023.

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 24 of Title 33 of the Official Code of Georgia Annotated, relating to insurance generally, so as to require health benefit plans to establish step therapy protocols; to provide for a step therapy exception process; to provide for definitions; to provide for statutory construction; to provide for applicability; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 24 of Title 33 of the Official Code of Georgia Annotated, relating to insurance generally, is amended by adding a new Code section to read as follows:

"33-24-59.25.

(a) As used in this Code section, the term:

(1) 'Health benefit plan' means any hospital, health, or medical expense insurance policy; hospital or medical service contract; employee welfare benefit plan; contract or agreement with a health maintenance organization; subscriber contract or agreement; contract or agreement with a preferred provider organization; accident and sickness insurance benefit plan; or other insurance contract under any other name. The term shall include any health insurance plan established under Article 1 of Chapter 18 of Title 45, the 'State Employees' Health Insurance Plan and Post-employment Health Benefit Fund.'

(2) 'Practitioner' means a physician, dentist, podiatrist, or optometrist and shall include any other person licensed under the laws of this state to use, mix, prepare, dispense, prescribe, and administer drugs in connection with medical treatment for individuals to the extent provided by the laws of this state.

(3) 'Step therapy exception' means that a step therapy protocol should be overridden in favor of immediate coverage of the practitioner's selected prescription drug, provided that the drug is covered under the health benefit plan.

(4) 'Step therapy protocol' means an evidence based and updated protocol or program that establishes the specific sequence in which prescription drugs for a specified medical condition are deemed medically appropriate for a particular patient, including self-administered and physician-administered drugs, and are covered by an insurer or health benefit plan.

(b) A step therapy exception shall be granted by a health benefit plan if the prescribing provider's submitted justification and supporting clinical documentation, if needed, is completed and determined to support such provider's statement that:

(1) The required prescription drug is contraindicated or will cause an adverse reaction or physical or mental harm to the patient;

(2) The required prescription drug is expected to be ineffective based on the known clinical condition of the patient and the known characteristics of the prescription drug regimen;

(3) The patient has tried the required prescription drug or another prescription drug in the same pharmacological class or with the same mechanism of action as the required drug while on their current or immediately preceding health plan and such drug was discontinued due to lack of efficacy, diminished effect, or an adverse event; or

(4) The patient is currently receiving a positive therapeutic outcome on a prescription drug for the medical condition under consideration if, while on their current or immediately preceding health plan, the patient received coverage for the prescription drug and the practitioner gives documentation in accordance with this subsection that the change in prescription drug required by the step therapy protocol is expected to be ineffective or cause harm to the patient based on the known characteristics of the patient and the known characteristics of the required prescription drug.

(c) Drug samples shall not be considered trial and failure of a preferred prescription drug in lieu of trying the step therapy required prescription drug.

(d) A health benefit plan shall grant or deny a step therapy exception or appeal of a step therapy exception within:

(1) Twenty-four hours in an urgent health care situation; and

(2) Two business days from the date such request or appeal is submitted in a nonurgent health care situation.

If the health benefit plan fails to respond in accordance with the established time frame, such step therapy exception or an appeal shall be deemed approved.

(e) Upon the granting of a step therapy exception, the health benefit plan shall immediately authorize coverage for the prescription drug prescribed by the patient's practitioner, provided that the drug is covered under the health benefit plan. Any step therapy exception denial shall be eligible for a physician's or a patient's appeal in accordance with the health benefit plan's existing appeal procedures.

(f) This Code section shall not be construed to prevent:

(1) A health benefit plan from requiring a patient to try an AB-rated generic equivalent prior to providing coverage for the equivalent-branded prescription drug;

(2) A health benefit plan from requiring a patient to try an interchangeable biological product prior to providing coverage for the biological product; or

(3) A practitioner from prescribing a prescription drug that is determined by such practitioner to be medically necessary.

(g) This Code section shall not be construed to impact a health benefit plan's ability to substitute a generic drug for a brand name drug.

(h) This Code section shall not apply to the provision of health care services pursuant

to a contract entered into by an insurer and the Department of Community Health for recipients of Medicaid or PeachCare for Kids.

(i) This Code section shall apply only to health benefit plans delivered, issued for delivery, or renewed on or after January 1, 2020."

"(q)(1) Subject to the limitations in this subparagraph, the General Assembly may provide by general law for the dedication of revenues derived from fees or taxes to the public purpose for which such fees or taxes were imposed; provided that the general law dedicating such fee or tax shall reference this provision of the Constitution, provide the specific public purpose for which the revenue derived from such fee or tax shall be used, identify the agency to administer such revenue, require annual reporting of the revenues and expenses by such agency, and include an automatic expiration of

(2) The General Assembly shall not be authorized to dedicate state revenues pursuant to this subparagraph when the total revenues dedicated hereunder, including any nonlapsed funds, are equal to or exceed 1 percent of the total state revenues based on the previous fiscal year's state revenues subject to appropriation.

(3) Any general law enacted pursuant to this subparagraph shall not be subject to the limitations of Article III, Section IX, Paragraph IV(c), relating to the lapsing of funds; subparagraph (a) of this Paragraph, relating to allocation of proceeds; or Article VII, Section III, Paragraph II(a), relating to payment into the general fund of the state treasury.

Chapter 2 of Title 8 of the Official Code of Georgia Annotated, relating to standards and requirements for construction, alteration, etc., of buildings and other structures, is amended by revising subsection (g) of Code Section 8-2-26, relating to enforcement of codes generally, employment and training of inspectors, and contracts for administration and enforcement of codes, as follows:

"(g)(1) As used in this subsection, the term:

(A) 'Complete application' means a submitted plan, application, or request for inspection that contains all of the information and supporting documentation required by the county or municipality for it to make the determination as to whether the plan, application, or request is in compliance with regulatory requirements.

(B) 'Private professional provider' means a professional engineer who holds a certificate of registration issued under Chapter 15 of Title 43 or a professional architect who holds a certificate of registration issued under Chapter 4 of Title 43, who is not an employee of or otherwise affiliated with or financially interested in the person, firm, or corporation engaged in the construction project to be reviewed or inspected.

(C) 'Regulatory fee' means payments, whether designated as permit fees, application fees, or by another name, that are required by a local government as an exercise of its police power, its regulation of business, and as a part of or as an aid to regulation of construction related activities under this chapter.

(D) 'Regulatory requirements' means the requirements determined by a county or municipality to be necessary for approval of plans, permits, or applications under this chapter; provided, however, that with respect to any application, such requirements shall include the Georgia State Minimum Standard Codes most recently adopted by the Department of Community Affairs and any locally adopted ordinances and amendments to such codes; applicable zoning ordinances and conditions; design standards; and other state and local laws, regulations, and ordinances applicable to the application in question.

(2) Each county or municipality which imposes regulatory fees or regulatory requirements within its jurisdiction shall establish and make available a schedule of such regulatory fees and regulatory requirements which shall include a list of all documentation related to compliance with such regulatory requirements, including the requirements necessary for submittal of a complete application. The amount of any

regulatory fee shall approximate the reasonable cost of the actual regulatory activity performed by the local government and shall be subject to the provisions of paragraph (6) of Code Section 48-13-5.

(3) No later than five business days after receipt of any application related to regulatory requirements, a local building official of a county or municipality shall notify each applicant as to whether the submitted documents meet the requirements of a complete application. Except as otherwise provided in this paragraph, time spent by a county or municipality determining whether an application is complete shall count toward the total 30 days for plan review or inspection. If a local building official determines that the application is not complete, the applicant shall be provided written notice identifying the items that are not complete. The 30 day time period is tolled when the application is rejected as incomplete. If within 30 days after the county or municipality has provided notice that the application is incomplete the permit applicant submits revisions to address the identified deficiencies, the local building official shall have an additional five business days to review the application for completeness.

(4) Upon notification to the applicant that a complete application has been accepted, a county or municipality shall also notify each applicant as to whether the personnel employed or contracted by such county or municipality will be able to provide regulatory action within 30 days for plan review or provide inspection services within two business days of receiving a valid written request for inspection.

(5) If the county or municipality determines that the personnel employed or contracted by such county or municipality cannot provide regulatory action or inspection services within the time frames required under paragraph (4) of this subsection, the applicant shall have the option of retaining, at its own expense, a private professional provider to provide the required plan review or inspection in accordance with the provisions of this Code section. If the applicant elects to utilize the services of a private professional provider, the regulatory fees associated with such regulatory action shall be reduced by 50 percent and such reduced amount shall be paid to the county or municipality in accordance with such jurisdiction's policies.

(6) If the county or municipality determines that the personnel employed or contracted by such county or municipality can provide regulatory action or inspection services within the time frames required under paragraph (4) of this subsection, a convenience fee not to exceed the full amount of the regulatory fees associated with such regulatory action shall be paid to the county or municipality in accordance with such jurisdiction's policies. Upon payment in full of the convenience fees associated with the complete application, the applicant may nevertheless choose to retain, at its own expense, a private professional provider to provide the required plan review or inspection, subject to the requirements set forth in this Code section.

(7) If a governing authority of a county or municipality cannot provide review of the documents intended to demonstrate that the structure to be built is in compliance with the Georgia State Minimum Standard Codes most recently adopted by the Department of Community Affairs and any locally adopted ordinances and amendments to such

~~codes within 30 business days of receiving a written application for permitting in accordance with the code official's plan submittal process or inspection services within two business days of receiving a valid written request for inspection, then, in lieu of plan review or inspection by personnel employed by such governing authority, any person, firm, or corporation engaged in a construction project which requires plan review or inspection shall have the option of retaining, at its own expense, a private professional provider to provide the required plan review or inspection. As used in this subsection, the term 'private professional provider' means a professional engineer who holds a certificate of registration issued under Chapter 15 of Title 43 or a professional architect who holds a certificate of registration issued under Chapter 4 of Title 43, who is not an employee of or otherwise affiliated with or financially interested in the person, firm, or corporation engaged in the construction project to be reviewed or inspected. The local governing authority shall advise the permit applicant in writing if requested by the applicant at the time the complete submittal application for a permit in accordance with the code official's plan submittal process is received that the local governing authority intends to complete the required plan review within the time prescribed by this paragraph or that the applicant may immediately secure the services of a private professional provider to complete the required plan review pursuant to this subsection. The plan submittal process shall include those procedures and approvals required by the local jurisdiction before plan review can take place. If the local governing authority states its intent to complete the required plan review within the time prescribed by this paragraph, the applicant shall not be authorized to use the services of a private professional provider as provided in this subsection. The permit applicant and the local governing authority may agree by mutual consent to extend the time period prescribed by this paragraph for plan review if the characteristics of the project warrant such an extension. However, if if the local governing authority states its intent to complete the required plan review within the time prescribed by this paragraph (4) of this subsection, or any extension thereof mutually agreed to by the applicant and the governing authority, and does not permit the applicant to use the services of a private professional provider and the local governing authority fails to complete such plan review in the time prescribed by this paragraph (4) of this subsection, or any extension thereof mutually agreed to by the applicant and the governing authority, the local governing authority shall issue the applicant a project initiation permit. The local governing authority shall be allowed to limit the scope of a project initiation permit and limit the areas of the site to which the project initiation permit may apply but shall permit the applicant to begin work on the project, provided that portion of the initial phase of work is compliant with applicable codes, laws, and rules. If a full permit is not issued for the portion requested for permitting, then the governing authority shall have an additional 20 business days to complete the review and issue the full permit. If the plans submitted for permitting are denied for any deficiency, the time frames and process for resubmittal shall be governed by subparagraphs (C) through (E) of paragraph (7) (13) of this subsection. On or before July 1, 2007, the Board of Natural Resources shall adopt rules and~~

~~regulations governing the review of erosion and sedimentation control plans under Part 9 of Chapter 7 of Title 12 to establish appropriate time frames for the submission and review of revised plan submittals where a deficiency or deficiencies in the submitted plans have been identified by the governing authority. Any delay in the processing of an application that is attributable to a cause outside the control of the county or municipality that is processing the application or through fault of the applicant shall not count toward days for the purposes of this subsection.~~

~~(2)(8)~~ Any plan review or inspection conducted by a private professional provider shall be no less extensive than plan reviews or inspections conducted by county or municipal personnel.

~~(3)(9)~~ The person, firm, or corporation retaining a private professional provider to conduct a plan review or an inspection shall be required to pay to the county or municipality which requires the plan review or inspection the ~~same~~ regulatory fees and charges ~~which would have been required had the plan review or inspection been conducted by a county or municipal inspector~~ which are required by either paragraph (5) or (6) of this subsection, as applicable.

~~(4)(10)~~ A private professional provider performing plan reviews under this subsection shall review ~~construction plans to determine compliance with the Georgia State Minimum Standard Codes most recently adopted by the Department of Community Affairs and any locally adopted ordinances and amendments to such codes~~ all applicable regulatory requirements. Upon determining that the plans reviewed comply with the applicable ~~codes~~ regulatory requirements, such private professional provider shall prepare an affidavit or affidavits on a form adopted by the Department of Community Affairs certifying under oath that the following is true and correct to the best of such private professional provider's knowledge and belief and in accordance with the applicable professional standard of care:

(A) The plans were reviewed by the affiant who is duly authorized to perform plan review pursuant to this subsection and who holds the appropriate license or certifications and insurance coverage stipulated in this subsection;

(B) The plans comply with ~~the Georgia State Minimum Standard Codes most recently adopted by the Department of Community Affairs and any locally adopted ordinances and amendments to such codes~~ all applicable regulatory requirements; and

(C) The plans submitted for plan review are in conformity with plans previously submitted to obtain governmental approvals required in the plan submittal process and do not make a change to the project reviewed for such approvals.

~~(5)(11)~~ All private professional providers providing plan review or inspection services pursuant to this subsection shall secure and maintain insurance coverage for professional liability (errors and omissions) insurance. The limits of such insurance shall be not less than \$1 million per claim and \$1 million in aggregate coverage for any project with a construction cost of \$5 million or less and \$2 million per claim and \$2 million in aggregate coverage for any project with a construction cost of more than \$5 million. Such insurance may be a practice policy or project-specific coverage. If

the insurance is a practice policy, it shall contain prior acts coverage for the private professional provider. If the insurance is project-specific, it shall continue in effect for two years following the issuance of the certificate of final completion for the project. A local enforcement agency, local building official, or local government may establish, for private professional providers working within that jurisdiction, a system of registration listing the private professional providers within their stated areas of competency ~~and verifying~~. The permit applicant shall verify compliance with the insurance requirements of this ~~subsection~~ paragraph.

~~(6)~~(12) The private professional provider shall be empowered to perform any plan review or inspection required by the governing authority of any county or municipality, including, but not limited to, inspections for footings, foundations, concrete slabs, framing, electrical, plumbing, heating ventilation and air conditioning (HVAC), or any and all other inspections necessary or required to determine compliance with all regulatory requirements and for the issuance of a building permit or certificate of occupancy by the governing authority of any county or municipality, provided that the plan review or inspection is within the scope of such private professional provider's area of competency. Nothing in this Code section shall authorize any private professional provider to issue a certificate of occupancy. Only a local governing authority shall be authorized to issue a certificate of occupancy.

~~(7)(A)~~(13)(A) The permit applicant shall submit a copy of the private professional provider's plan review report to the county or municipality within five days of its completion. Such plan review report shall include at a minimum all of the following:

- (i) The affidavit of the private professional provider required pursuant to this subsection;
- (ii) The applicable fees; and
- (iii) Any documents required by the local official and any other documents necessary to determine that the permit applicant has secured all other governmental approvals required by law.

(B) No more than 30 ~~business~~ days after receipt of both a permit application and the affidavit from the private professional provider required pursuant to this subsection, the local building official shall issue the requested permit or provide written notice to the permit applicant identifying the specific plan features that do not comply with the applicable ~~codes~~ regulatory requirements, as well as the specific code chapters and sections of such regulatory requirements. If the local building official does not provide a written notice of the plan deficiencies within the prescribed 30 day period, the permit application shall be deemed approved as a matter of law and the permit shall be issued by the local building official on the next business day.

(C) If the local building official provides a written notice of plan deficiencies to the permit applicant within the prescribed 30 day period, the 30 day period shall be tolled pending resolution of the matter. To resolve the plan deficiencies, the permit applicant may elect to dispute the deficiencies pursuant to this subsection or to submit revisions to correct the deficiencies.

(D) If the permit applicant submits revisions to address the plan deficiencies previously identified, the local building official shall have the remainder of the tolled 30 day period plus an additional five business days to issue the requested permit or to provide a second written notice to the permit applicant stating which of the previously identified plan features remain in noncompliance with the applicable ~~codes~~ regulatory requirements, with specific reference to the relevant code chapters and sections of such regulatory requirements. If the local building official does not provide the second written notice within the prescribed time period, the permit shall be issued by the local building official on the next business day. In the event that the revisions required to address the plan deficiencies or any additional revisions submitted by the applicant require that new governmental approvals be obtained, the applicant shall be required to obtain such approvals before a new plan report can be submitted.

(E) If the local building official provides a second written notice of plan deficiencies to the permit applicant within the prescribed time period, the permit applicant may elect to dispute the deficiencies pursuant to this subsection or to submit additional revisions to correct the deficiencies. For all revisions submitted after the first revision, the local building official shall have an additional five business days to issue the requested permit or to provide a written notice to the permit applicant stating which of the previously identified plan features remain in noncompliance with the applicable ~~codes~~ regulatory requirements, with specific reference to the relevant code chapters and sections.

~~(8)~~(14) Upon submission by the private professional provider of a copy of his or her inspection report to the local governing authority, said local governing authority shall be required to accept the inspection of the private professional provider without the necessity of further inspection or approval by the inspectors or other personnel employed by the local governing authority unless said governing authority has notified the private professional provider, within two business days after the submission of the inspection report, that it finds the report incomplete or the inspection inadequate and has provided the private professional provider with a written description of the deficiencies and specific ~~code~~ regulatory requirements that have not been adequately addressed.

~~(9)~~(15) A local governing authority may provide for the prequalification of private professional providers who may perform plan reviews or inspections pursuant to this subsection. No ordinance implementing prequalification shall become effective until notice of the governing authority's intent to require prequalification and the specific requirements for prequalification have been advertised in the newspaper in which the sheriff's advertisements for that locality are published, and by any other methods such local authority ordinarily utilizes for notification of engineering, architecture, or construction related solicitations. The ordinance implementing prequalification shall provide for evaluation of the qualifications of a private professional provider only on the basis of the private professional provider's expertise with respect to the objectives of this subsection, as demonstrated by the private professional provider's experience,

education, and training. Such ordinance may require a private professional provider to hold additional certifications, provided that such certifications are required by ordinance for plan review personnel currently directly employed by such local governing authority.

~~(10)~~(16) Nothing in this subsection shall be construed to limit any public or private right of action designed to provide protection, rights, or remedies for consumers.

~~(11)~~(17) This subsection shall not apply to hospitals, ambulatory health care centers, nursing homes, jails, penal institutions, airports, buildings or structures that impact national or state homeland security, or any building defined as a high-rise building in the State Minimum Standards Code; provided, however, that interior tenant build-out projects within high-rise buildings are not exempt from this subsection.

~~(12)~~(18) If the local building official determines that the building construction or plans do not comply with the applicable ~~codes~~ regulatory requirements, the official may deny the permit or request for a certificate of occupancy or certificate of completion, as appropriate, or may issue a stop-work order for the project or any portion thereof as provided by law, after giving notice to the owner, the architect of record, the engineer of record, or the contractor of record and by posting a copy of the order on the site of the project and opportunity to remedy the violation within the time limits set forth in the notice, if the official determines noncompliance with ~~state or local laws, codes, or ordinances~~ regulatory requirements, provided that:

(A) ~~The~~ A local building official shall be available to meet with the private professional provider within two business days to resolve any dispute after issuing a stop-work order or providing notice to the applicant denying a permit or request for a certificate of occupancy or certificate of completion; and

(B) If the local building official and the private professional provider are unable to resolve the dispute or meet within the time required by this Code section, the matter shall be referred to the local enforcement agency's board of appeals, if one exists, which shall consider the matter not later than its next scheduled meeting. Any decisions by the local official, if there is no board of appeals, may be appealed to the Department of Community Affairs as provided in this chapter. The Department of Community Affairs shall develop rules and regulations which shall establish reasonable time frames and fees to carry out the provisions of this paragraph.

~~(13)~~(19) The local government, ~~the~~ a local building official, and local building code enforcement personnel and agents of the local government shall be immune from liability to any person or party for any action or inaction by an owner of a building or by a private professional provider or its duly authorized representative in connection with ~~building code~~ plan review and inspection services by private professional providers as provided in this subsection.

~~(14)~~(20) No local enforcement agency, local code official, or local government shall adopt or enforce any rules, procedures, policies, qualifications, or standards more stringent than those prescribed in this subsection. This subsection shall not preempt any local laws, rules, or procedures relating to the plan submittal process of local governing authorities.

~~(15)~~(21) Nothing in this subsection shall limit the authority of ~~the~~ a local code official to issue a stop-work order for a building project or any portion of such project, which may go into effect immediately as provided by law, after giving notice and opportunity to remedy the violation, if the official determines that a condition on the building site constitutes an immediate threat to public safety and welfare. A ~~stop work~~ stop-work order issued for reasons of immediate threat to public safety and welfare shall be appealable to the local enforcement agency's board of appeals, if one exists, in the manner provided by applicable law. Any decisions by the local official, if there is no board of appeals, may be appealed to the Department of Community Affairs as provided in this chapter.

~~(16)~~(22) When performing ~~building-code~~ plan reviews or inspection services, a private professional provider is subject to the disciplinary guidelines of the applicable professional licensing board with jurisdiction over such private professional provider's license or certification under Chapters 4 and 15 of Title 43, as applicable. Any complaint processing, investigation, and discipline that arise out of a private professional provider's performance of ~~building-code~~ plan reviews or inspection services shall be conducted by the applicable professional licensing board. Notwithstanding any disciplinary rules of the applicable professional licensing board with jurisdiction over such private professional provider's license or certification under Chapters 4 and 15 of Title 43, any local building official may decline to accept ~~building-code~~ plan reviews or inspection services submitted by any private professional provider who has submitted multiple reports which required revisions due to negligence, noncompliance, or deficiencies.

~~(17)~~(23) Nothing in this subsection shall apply to inspections exempted in Code Section 8-2-26.1.

(24) To the extent that a provision of this Code section conflicts with requirements of federal laws or regulations or impairs a county's or municipality's receipt of federal funds, such provision shall not apply."

SECTION 3.

Chapter 7 of Title 12 of the Official Code of Georgia Annotated, relating to control of soil erosion and sedimentation, is amended by revising paragraph (1) of subsection (a) and subsection (c) of Code Section 12-7-8, relating to certification of locality as local issuing authority, periodic review, procedure for revoking certification, and enforcement actions, as follows:

"(a)(1) If a county or municipality has enacted ordinances which meet or exceed the standards, requirements, and provisions of this chapter and the state general permit, except that the standards, requirements, and provisions of the ordinances for monitoring, reporting, inspections, design standards, turbidity standards, education and training, and project size thresholds with regard to education and training requirements shall not exceed the state general permit requirements, and which are enforceable by such county or municipality, and if a county or municipality documents that it employs or contracts with qualified personnel to implement enacted

ordinances, the director ~~may~~ shall certify such county or municipality as a local issuing authority for the purposes of this chapter."

"(c) The board, on or before December 31, 2003, shall promulgate rules and regulations setting forth the requirements and standards for certification and the procedures for decertification of a local issuing authority. The division may periodically review the actions of counties and municipalities which have been certified as local issuing authorities pursuant to subsection (a) of this Code section. Such review may include, but shall not be limited to, review of the administration and enforcement of and compliance with a governing authority's ordinances and review of conformance with an agreement, if any, between the district and the governing authority. If such review indicates that the governing authority of any county or municipality certified pursuant to subsection (a) of this Code section has not administered, enforced, or complied with its ordinances or has not conducted the program in accordance with ~~any agreement entered into pursuant to~~ subsection (e) of Code Section 12-7-7, the division shall notify the governing authority of the county or municipality in writing. The governing authority of any county or municipality so notified shall have 90 days within which to take the necessary corrective action to retain certification as a local issuing authority. If the county or municipality does not take necessary corrective action within 90 days after notification by the division, the division shall revoke the certification of the county or municipality as a local issuing authority."

Senate Sponsor: Senator Burke of the 11th.

The Senate Committee on Rules offered the following substitute to HB 446:

A BILL TO BE ENTITLED
AN ACT

To amend Code Section 48-7-40.36 of the Official Code of Georgia Annotated, relating to income tax credits for timber producers incurring losses from Hurricane Michael, so as to revise the conditions under which such tax credits for timber are earned; to clarify that certain income tax credits that have been transferred shall not be refundable to the transferee and shall not be eligible for transfer; to provide for an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Code Section 48-7-40.36 of the Official Code of Georgia Annotated, relating to income tax credits for timber producers incurring losses from Hurricane Michael, is amended by revising

subsections (a), (f), (g), and (h) as follows:

"(a)(1) The General Assembly finds and determines that Hurricane Michael has had a catastrophic impact on the citizens and the economy of southwest Georgia, has particularly devastated the timber industry on which the citizens of southwest Georgia are heavily dependent for their livelihood, and has created both a public fire hazard and a danger of insect infestations due to the massive amounts of downed timber caused by the severity of this natural disaster.

(2) The General Assembly further finds and declares that it is appropriate and advisable to provide relief to the timber industry in the form of a tax credit targeted to those taxpayers that have suffered substantial economic losses and that will have to incur significant expenses for salvaging downed timber, site clearance, restoration, and reforestation of timber over the coming years."

"(f)(1)(A) Tax credits allowed pursuant to this Code section shall be eligible to be

claimed only by the taxpayer to which a preapproval certificate was issued by the commissioner.

(B) ~~Such tax~~ Tax credits allowed under paragraph (1) of subsection (c) of this Code section shall only be claimed in the taxable year in which the taxpayer first completes:

(i) The restoration of each acre for which timber casualty losses were incurred to a condition that has an adequately stocked stand that is expected to result in forest products or ecological services in the foreseeable future; or

(ii) The replanting of timber in a quantity projected to yield at maturity at least 90 percent of the value of the timber casualty loss claimed. Such timber shall be planted within the same county in which the eligible timber property was being grown when the timber casualty loss was incurred. Timber market conditions as of October 8, 2018, shall be used for the purposes of establishing projected value.

(2) In order to claim such tax credits, a taxpayer shall attach to such taxpayer's state tax return certification from the taxpayer that the requirements of this Code section have been met and any other information required by the commissioner, including information which demonstrates that it has completed the replanting of timber or the salvaging, management, removal, or clearance of downed or destroyed timber required pursuant to paragraph (1) of this subsection.

(3) Any tax credits allowed pursuant to this Code section shall be claimed on or before December 31, 2024.

(g)(1) The total amount of the tax credits allowed pursuant to this Code section for a taxable year may exceed the taxpayer's income tax liability. Such tax credits allowed in excess of a taxpayer's income tax liability shall be refundable to such taxpayer, provided that such taxpayer is the same taxpayer that incurred the timber casualty loss.

(2) Tax credits claimed pursuant to this Code section but not used in any taxable year may be carried forward for ten years from the close of the taxable year in which the credits are claimed.

(h) Tax credits claimed pursuant to this Code section but not used by the taxpayer against its income tax or refunded may be transferred or sold one time to a single other Georgia taxpayer, subject to the following conditions:

(1) Only the taxpayer that claimed tax credits allowed pursuant to this Code section shall make the transfer or sale of such tax credits;

(2) The taxpayer that claimed the tax credits allowed pursuant to this Code section shall submit to the commissioner written notification of any transfer or sale of tax credits within 30 days after the transfer or sale of such tax credits. The notification shall include:

(A) Such taxpayer's credit balance prior to transfer;

(B) The credit certificate number;

(C) The remaining balance of credits after transfer;

(D) The tax identification numbers for the transferee;

(E) The date of transfer;

- (F) The amount of credits transferred; and
- (G) Other information as may be required by the department;
- (3) Failure to comply with this subsection shall result in the disallowance of the tax credits allowed pursuant to this Code section until the taxpayer that claimed the credits is in full compliance;
- (4) The transfer or sale of the tax credits does not extend the time during which such tax credits can be used. The carry-forward period for tax credits that are transferred or sold shall begin on the date on which such tax credits were originally claimed;
- (5) A transferee shall have only such rights to claim and use the tax credits that were available to the transferor at the time of the transfer, provided that a transferee shall not be eligible to transfer or receive a refund of such tax credits. To the extent that the transferor did not have rights to claim or use the tax credits at the time of the transfer, the commissioner shall disallow the tax credits claimed by the transferee or recapture the tax credits from the transferee or transferor. The transferee's recourse shall not be against the commissioner; and
- (6) The transferee must acquire the tax credits allowed pursuant to this Code section for a minimum of 60 percent of the amount of the tax credits so transferred."

SECTION 2.

This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 3.

All laws and parts of laws in conflict with this Act are repealed.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 6 of Chapter 4 of Title 26 of the Official Code of Georgia Annotated, relating to pharmacies, is amended by adding a new Code section to read as follows:

"26-4-119.

(a) This Code section shall be known and may be cited as the 'Pharmacy Anti-Steering and Transparency Act.'

(b) The General Assembly finds that:

(1) The referral of a patient to a pharmacy by an affiliate for pharmacy care represents a potential conflict of interest; and

(2) These referral practices may limit or eliminate competitive alternatives in the health care services market, may result in overutilization of health care services, may increase costs to the health care system, may adversely affect the quality of health care, may disproportionately harm patients in rural and medically underserved areas of Georgia, and shall be against the public policy of this state.

(c) As used in this Code section, the term:

(1) 'Affiliate' means a person licensed under Title 33 which, either directly or indirectly through one or more intermediaries:

(A) Has an investment or ownership interest in a pharmacy licensed in or holding a nonresident pharmacy permit in Georgia;

(B) Shares common ownership with a pharmacy licensed in or holding a nonresident pharmacy permit in Georgia; or

(C) Has as an investor or ownership interest holder a pharmacy licensed in or holding a nonresident pharmacy permit in Georgia.

(B) Offering or implementing plan designs that require patients to utilize affiliated pharmacies; or

(C) Patient or prospective patient specific advertising, marketing, or promotion of a pharmacy by an affiliate.

Subject to the foregoing, this term shall not include a pharmacy's inclusion by an affiliate in communications to patients, including patient and prospective patient specific communications, regarding network pharmacies and prices, provided that the affiliate includes information regarding eligible nonaffiliate pharmacies in such communications and the information provided is accurate.

(d) A pharmacy licensed in or holding a nonresident pharmacy permit in Georgia shall be proscribed from:

- (1) Transferring or sharing records relative to prescription information containing patient identifiable and prescriber identifiable data to or from an affiliate for any commercial purpose; provided, however, that nothing shall be construed to prohibit the exchange of prescription information between a pharmacy and its affiliate for the limited purposes of pharmacy reimbursement; formulary compliance; pharmacy care; public health activities otherwise authorized by law; or utilization review by a health care provider; or
- (2) Presenting a claim for payment to any individual, third-party payor, affiliate, or other entity for a service furnished pursuant to a referral from an affiliate; provided, however, that this shall not apply to referrals from an affiliate for limited distribution prescription drugs requiring special handling and not commonly carried at retail pharmacies or oncology clinics or practices.
- (e) This Code section shall not be construed to prohibit a pharmacy from entering into an agreement with an affiliate to provide pharmacy care to patients, provided that the pharmacy does not receive referrals in violation of subsection (d) of this Code section and the pharmacy provides the disclosures required in subsection (f) of this Code section.
- (f) If a pharmacy licensed or holding a nonresident pharmacy permit in this state has an affiliate, it shall annually file with the board a disclosure statement identifying all such affiliates.
- (g) In addition to any other remedy provided by law, a violation of this Code section by a pharmacy shall be grounds for disciplinary action by the board pursuant to its authority granted in this chapter.
- (h) A pharmacist who fills a prescription that violates subsection (d) of this Code section shall not be liable under this Code section.
- (i) This Code section shall not apply to:
- (A) Any licensed group model health maintenance organization with an exclusive medical group contract which operates its own pharmacies licensed under Code Section 26-4-110.1;

Section 55: Budgetary Control and Interpretation

The appropriations in this Act consist of the amount stated in the right-most column, for each line at the lowest level of detail for the fund source categories, "Total State Funds" and "Total Federal Funds," under a caption beginning with a program or special project number that has a 100 or a higher number after the decimal and a program or special project name. In each case, such appropriation is associated with the immediately preceding program or special project name, number, and statement of program or special project purpose. The program or special project purpose is stated immediately below the program or special project name. For authorizations for general obligation debt in Section 50, the indented, bold-faced paragraphs following each Bond number are the lowest level of detail and constitute appropriations in accordance with Article VII, Section IV, Paragraph III(a)(1) of the Georgia Constitution. Similarly, text in a group of lines that has a number less than 100 after the decimal (01 through 99) is not part of a statement of purpose but constitutes information as to how the appropriation was derived. Amounts in the columns other than the right-most column are for informational purposes only. In the preceding sentence, "Federal Funds" means any federal funding source, whether specifically identified or not specifically identified; "Other Funds" means all other fund sources except State Funds or Federal Funds, including without limitation Intra-State Government Transfers. This paragraph shall not permit an agency to include within its flex the appropriations for an agency attached to it for administrative purposes.

For purposes of the appropriations for the "Medicaid: Low-Income Medicaid," "Medicaid: Aged, Blind, and Disabled," and "PeachCare" programs of the Department of Community Health, the appropriation of a particular State fund source for each program shall be the amount stated, and each such program shall also be authorized up to an additional amount of 10 percent (10%) of the amount stated. However, if the additional authority is used, the appropriation of the same State fund source for

the other programs to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the three programs shall not be exceeded. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added.

However, if the additional authority is used, the appropriation of the same State fund source for the other programs to that agency shall be reduced in the same amount, such that the stated total in program appropriations from that State fund source for the three programs shall not be exceeded. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added.

For purposes of the appropriations for the "HOPE Grant," "HOPE Scholarships – Private Schools," and "HOPE Scholarships – Public Schools" programs of the Georgia Student Finance Commission, the appropriation of a particular State fund source for each program shall be the amount stated, and each such program shall also be authorized up to an additional amount of 10 percent (10%) of the amount stated. However, the additional amount shall be from a State fund source which is lawfully available for the program to which it is added."

However, in the event the taxpayer files an electronic return, such confirmation shall only be required to be electronically attached to the return if the Internal Revenue Service allows such attachments when the return is transmitted to the department. In the event the taxpayer files an electronic return and such confirmation is not attached because the Internal Revenue Service does not, at the time of such electronic filing, allow electronic attachments to the Georgia return, such confirmation shall be maintained by the taxpayer and made available upon request by the commissioner. The letter of confirmation of donation shall contain the taxpayer's name, address, tax identification number, the amount of the contribution, the date of the contribution, and the amount of the credit.

(g) No credit shall be allowed under this Code section with respect to any amount deducted from taxable net income by the taxpayer as a charitable contribution to a bona fide charitable organization qualified under Section 501(c)(3) of the Internal Revenue Code.

A BILL TO BE ENTITLED
AN ACT

To amend Chapter 7 of Title 52 of the Official Code of Georgia Annotated, relating to registration, operation, and sale of watercraft, so as to provide for the titling of certain

vessels; to provide for procedures with regard to titling such vessels; to provide for legislative intent and findings; to provide a short title; to provide for related matters; to provide an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

This Act shall be known and may be cited as the "Georgia Uniform Certificate of Title for Vessels Act."

SECTION 2.

The General Assembly finds that:

- (1) Titles for vessels in this state would deter and impede theft;
- (2) Titles for vessels in this state would facilitate the ownership, transfer, and financing of such vessels; and
- (3) Titling of vessels would create equity and fairness for the selling of vessels by dealers, brokers, agents, private parties, and manufacturers.

SECTION 3.

Chapter 7 of Title 52 of the Official Code of Georgia Annotated, relating to registration, operation, and sale of watercraft, is amended by revising Code Section 52-7-4, relating to requirement as to numbering of vessels, as follows:

"52-7-4.

(a) Every vessel using the waters of this state shall be numbered, except those vessels exempted by Code Section 52-7-6 and those vessels documented by the United States Coast Guard and licensed pursuant to Code Section 27-2-8. No person shall operate or give permission for the operation of any such vessel on the waters of this state unless the vessel is numbered in accordance with this article or in accordance with applicable federal law or in accordance with a federally approved numbering system of another state and unless:

- (1) The certificate of number issued to the vessel is on board and in full force and effect; and
- (2) The identifying number set forth in the certificate of number is properly displayed on each side of the forward half of the vessel; provided, however, that this requirement shall not apply to numbered vessels which are documented by the United States Coast Guard.

(b) Every vessel using the waters of this state shall be titled unless it is exempt from the numbering requirements of subsection (a) of this Code section or exempt under Code Section 52-7-7. No person shall operate or give permission for the operation of any such vessel on the waters of this state unless the vessel is titled in accordance with this article. Every outboard motor greater than 25 horsepower used to propel a titled vessel shall be included on the vessel title.

(c) Except as provided in subsection (e) of this Code section, at or before the time the

owner of record transfers an ownership interest in a hull damaged vessel that is covered by a certificate of number created by the department, if the damage occurred while such person was an owner of the vessel and the person has notice of the damage at the time of the transfer, the owner shall:

(1) Deliver to the department an application for a new certificate of number that includes the title brand designation 'Hull Damaged'; or

(2) Indicate on the certificate of title or on the bill of sale or other transfer document in the place designated for such purpose that the vessel is hull damaged and deliver the certificate or other transfer document to the transferee.

(d) Not later than 20 days after delivery to the department of the application under paragraph (1) of subsection (c) of this Code section or the delivery to the transferee of the certificate of title or bill of sale under paragraph (2) of subsection (c) of this Code section, the department shall create a new record that indicates that the vessel is branded 'Hull Damaged.'

(e) Before an insurer transfers an ownership interest in a hull damaged vessel that is covered by a certificate of number created by the department, the insurer shall deliver to the department an application for a new certificate that includes the title brand designation 'Hull Damaged.' Not later than 20 days after delivery of the application to the department, the department shall create a new record which indicates that the vessel is branded 'Hull Damaged.'

(f) An owner of record that fails to comply with subsection (c) of this Code section, a person that solicits or colludes in a failure by an owner of record to comply with subsection (c) of this Code section, or an insurer that fails to comply with subsection (e) of this Code section is subject to a civil penalty of \$1,000.00.

(g) For the purposes of this Code section, the term 'Hull Damaged' means compromised with respect to the integrity of a vessel's hull by a collision, allision, lightning strike, fire, explosion, running aground, or similar occurrence that creates a significant risk to the integrity of the vessel's hull."

SECTION 4.

Said chapter is further amended by revising Code Section 52-7-5, relating to numbering of vessels, requirements, and fees, as follows:

"52-7-5.

(a) The owner of each vessel required to be numbered by this article shall file an application for a certificate of number with the department on forms containing such information required by the department. Upon receipt of the completed application and any other required information and documents, the department shall enter the application upon its records and issue to the applicant a certificate of number stating the number assigned to the vessel, the name and address of the owner, and such additional information as may be prescribed by the department. The department shall maintain electronic records of title and furnish a physical certificate of title to the owner or lienholder upon request.

(b)(1) The identification number assigned to all registered vessels, except those

documented by the United States Coast Guard, shall be permanently painted on or attached to each side of the forward half of the vessel, and no other number may be displayed thereon. Numbers shall read from left to right, be in block characters, be of a color contrasting with the background, and be not less than three inches in height nor more than one inch apart. There shall be a hyphen or space between the prefix letters and numerals and between the numerals and the suffix letters. The hyphen or space shall be equal to the width of any letter except I.

(2) On vessels so configured that a number on the hull or superstructure would not be easily visible, the number shall be painted on or attached to a backing plate that is attached to the forward half of the vessel so that the number will be clearly visible under normal operating conditions.

(3) The numbers shall be maintained in a legible condition.

(4) Vessels owned by manufacturers or dealers and being used as demonstrators or for testing on state waters may use the dealer's tag supplied with his or her registration in lieu of a permanently attached number. Such vessels owned by manufacturers and dealers and only used as demonstrators or for testing using a dealer's tag shall not be required to be titled.

(c) Expiration decals shall be assigned by the department to all registered vessels. Such decals shall be displayed one on each side of the bow preceding the prefix letters and maintained in legible condition. There shall be a hyphen or space separating each decal and the prefix letters which shall be equal to the width of any letter except I.

(d) Applications shall be signed by the owner or owners of the vessel and shall be accompanied by the proper fee. Fees for numbering vessels for a registration period of three years shall be as follows:

(1) Vessels up to 16 feet in length	\$25.00
(2) Vessels 16 to 26 feet in length	60.00
(3) Vessels 26 to 40 feet in length	130.00
(4) Vessels 40 feet in length or longer	200.00

After July 1, 2017, the General Assembly shall not increase the cost of any fee provided for in this subsection by more than 20 percent.

(e)(1) Registration for vessels shall expire on the last day of the month of the owner's birth in the last year of the registration period and shall thereafter be of no force or effect unless renewed pursuant to this article; provided, however, that the registration for vessels not owned by individuals shall expire on December 31 of the last year of the registration period. Certificates of number may be renewed by the owner in the same manner provided for in the initial securing of such certificates.

(2) Registrations may be renewed any time after October 1 prior to the year of expiration. If the certificate of number is allowed to expire, a renewal application may still be filed with the department so long as the applicant pays the registration fee prescribed in subsection (d) of this Code section along with a \$10.00 late fee.

- (3) Any application which, due to failure of the applicant to provide additional information required by the department, remains incomplete 60 days after initial receipt of such application shall expire, and a new application and registration or title fee shall be required.
- (f) Should the ownership of a numbered or titled vessel change while a valid registration or title is in effect, the new owner shall file with the department a new application and pay the prescribed fee for a new registration or title. The number assigned upon transfer of ownership shall be identical to the previous number unless such number has been reassigned by the department during any expired registration or title period.
- (g) In the event that an agency of the United States government shall have in force an overall system of identification (numbering) for vessels within the United States, the numbering system employed pursuant to this article by the department shall be in conformity therewith. The provisions for titling employed pursuant to this article by the department shall be in conformity for approval by the United States Coast Guard under provisions of 46 U.S.C. Section 31322(d)(1).
- (h) The department may issue any certificate of number, expiration decal, marine toilet certification, title, or other permit or accept applications for registration or titling provided for in this chapter directly or may authorize any person to act as agent for the issuing or collection and maintenance of information thereof. In the event that a person accepts such authorization to issue certificates of title or number, he or she may be allotted a block of numbers and certificates or provided direction and instruction therefor which, upon assignment and issue in conformity with this article and with any rules and regulations of the department, shall be valid as if assigned and issued directly by the department. Any person acting as agent for the department may charge a fee for his or her services in an amount approved by the department not to exceed \$10.00 per transaction.
- (i) All records of the department made or kept pursuant to this Code section shall be public records.
- (j) The owner shall furnish the department notice of the transfer of all or of any part of his or her interest, other than the creation of a security interest, in a vessel numbered in this state pursuant to this Code section, the theft or recovery of the vessel, or the destruction or abandonment of the vessel within 15 days thereof, in a manner specified by the department.
- (k) Any holder of a certificate of number or title shall notify the department in writing within ~~45~~ 30 days if his or her address no longer conforms to the address appearing on the certificate or title and shall, as a part of such notification, furnish the department with his or her new address.
- (l) No number other than the number validly assigned to a vessel shall be painted, attached, or otherwise displayed on either side of the forward half of the vessel.
- (m)(1) A certificate of number or title once issued pursuant to this Code section shall be considered void upon the happening of any one of the following events:
- (A) The owner transfers all his or her interest in said vessel to another person or

- involuntarily loses his or her interest through legal process;
- (B) The vessel is destroyed or abandoned;
- (C) It is discovered by the department that the application submitted by the owner contains false or fraudulent information;
- (D) The fees for issuance are not paid by the applicant; or
- (E) The state of principal use is changed.
- (2) A void certificate or title shall be surrendered to the department within 15 days from the date that it becomes or is declared to be void.
- (n) The number placed on the forward half of the vessel by the owner shall be removed by the owner if:
 - (1) The vessel is documented under the laws of the United States;

(2) The Commission shall defend any member, officer, executive director, employee or representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

(3) The Commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

(f) Any information submitted to the data system that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the data system.

SECTION 9. RULEMAKING

(a) The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this Section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

(b) If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

(c) Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

(d) Prior to promulgation and adoption of a final rule or rules by the Commission, and at least thirty (30) days in advance of the meeting at which the rule will be considered and voted upon, the Commission shall file a Notice of Proposed Rulemaking:

(3) All hearings will be recorded. A copy of the recording will be made available on request.

(4) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

(i) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

(3) The Commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, this Compact, or promulgated rules.

(b) Default, Technical Assistance, and termination

(1) If the Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall:

(A) Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default and/or any other action to be taken by the Commission; and

(B) Provide remedial training and specific technical assistance regarding the default.

(2) If a state in default fails to cure the default, the defaulting state may be terminated from the Compact upon an affirmative vote of a majority of the member states, and all rights, privileges and benefits conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(3) Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

(4) A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(5) The Commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting state.

(6) The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

(c) Dispute Resolution

(1) Upon request by a member state, the Commission shall attempt to resolve

disputes related to the Compact that arise among member states and between member and nonmember states.

(2) The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

(1) The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this Compact.

(2) By majority vote, the Commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices against a member state in default to enforce compliance with the provisions of the Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

(3) The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

SECTION 11. DATE OF IMPLEMENTATION OF THE INTERSTATE
COMMISSION FOR PHYSICAL THERAPY PRACTICE
AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT

(a) The Compact shall come into effect on the date on which the Compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the Commission relating to assembly and the promulgation of rules. Thereafter, the Commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the Compact.

(b) Any state that joins the Compact subsequent to the Commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the Compact becomes law in that state. Any rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that state.

(c) Any member state may withdraw from this Compact by enacting a statute repealing the same.

(1) A member state's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

(2) Withdrawal shall not affect the continuing requirement of the withdrawing state's physical therapy licensing board to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

(d) Nothing contained in this Compact shall be construed to invalidate or prevent any physical therapy licensure agreement or other cooperative arrangement between a member state and a non-member state that does not conflict with the provisions of this Compact.

(e) This Compact may be amended by the member states. No amendment to this Compact shall become effective and binding upon any member state until it is enacted

into the laws of all member states.

SECTION 12. CONSTRUCTION AND SEVERABILITY

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this Compact shall be held contrary to the constitution of any party state, the Compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

A BILL TO BE ENTITLED
AN ACT

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

(a) The Georgia General Assembly finds that:

- (1) Blind individuals continue to face unfair societal biases regarding their ability to successfully provide parental care;
- (2) Blind individuals face unfair societal biases in family and dependency law proceedings, public and private adoption, guardianship, and foster care proceedings;
- (3) Children of blind individuals are being unnecessarily removed or restricted from parental care; and
- (4) Children are being denied the opportunity to enjoy loving homes with blind parents or other blind caretakers.

(b) The purpose of this Act is to protect the best interests of children parented by blind individuals or children who could be parented by blind individuals through the establishment of procedural safeguards that require adherence to due process and equal protection rights of blind parents in the context of child welfare, foster care, adoption, and family law.

SECTION 2.

(2) Where a parent or prospective parent's blindness is alleged to have a detrimental impact on a child, the party raising the allegation shall bear the burden of proving by a preponderance of the evidence that the parent's or prospective parent's blindness is endangering or will likely endanger the health, safety, or welfare of the child. If this burden is met, such parent or prospective parent shall have the opportunity to demonstrate how the implementation of supportive parenting services can alleviate parental care concerns, and the court may require such services with an opportunity to review the continuation of such services within a reasonable period of time.

(3) Where a court determines that a blind parent's right to custody, visitation, foster care, guardianship, or adoption should be denied or limited in any manner, the court shall make specific findings stating the basis for such a determination and why the provision of supportive parenting services is not a reasonable accommodation to prevent such denial or limitation.

(c) The department shall promulgate rules or regulations not later than December 31, 2019, implementing the provisions of this Code section."

SECTION 3.
