To amend Chapter 2 of Title 20 of the Official Code of Georgia Annotated, relating to elementary and secondary education, so as to revise provisions relating to eligibility for election as a local board of education member; to provide for legislative findings; to limit the size of local boards of education; to revise provisions relating to per diem and expenses of local board of education members; to revise certain provisions relating to the secretary of local boards of education; to provide for the fundamental roles of local boards of education and local school superintendents; to prohibit certain conflicts of interest of board members; to provide for a code of ethics for local board of education members; to provide for removal of board members under certain circumstances; to revise provisions relating to eligibility for appointment as a school superintendent; to revise provisions relating to training of local board of education members; to provide for submission of certain provisions of this Act for preclearance under the federal Voting Rights Act of 1965, as amended; to provide for related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.
Chapter 2 of Title 20 of the Official Code of Georgia Annotated, relating to elementary and secondary education, is amended by adding a new Code section to Article 3, relating to local boards of education, to read as follows:

"20-2-49. The General Assembly finds that local boards of education play a critical role in setting the policies that lead to the operation and success of local school systems. School board members hold special roles as trustees of public funds, including local, state, and federal funds, while they focus on the singular objective of ensuring each student in the local school system receives a quality basic education. Board duties require specialized skills and training in the performance of vision setting, policy making, approving multimillion dollar budgets, and hiring a qualified superintendent. The motivation to serve as a member of a local board of education should be the improvement of schools and academic achievement of all students. Service on a local board of education is important citizen service. Given the specialized nature and unique role of membership on a local board of education, this elected office should be characterized and treated differently from other elected offices where the primary duty is independently to represent constituent views. Local board of education members should abide by a code of conduct and conflict of interest policy modeled for their unique roles and responsibilities. And although there are many measures of the success of a local board of education, one is clearly essential: maintaining accreditation and the opportunities it allows the school system's students."
SECTION 2.
Said chapter is further amended by revising Code Section 20-2-51, relating to election of county board of education members, persons ineligible to be members or superintendent, ineligibility for local boards of education, and ineligibility for other offices, as follows: "20-2-51.
(a) No person shall be eligible for election as a member of a local board of education who is not a resident of the school district in which that person seeks election and of the election district which such person seeks to represent. Whenever there is in a portion of any county a local school system having a board of education of its own, receiving its pro rata of the public school fund directly from the State School Superintendent and having no dealings whatever with the local board, then the members of the board of such county shall be selected from that portion of the county not embraced within the territory covered by such local system.
(b) Whenever a member of a local board of education moves that person's domicile from the district which that person represents, such person shall cease to be a member of such local board of education, and a vacancy shall occur. The member shall provide notice of such move to the secretary of the local board of education and the election superintendent within ten days of such move.
(c)(1) No person employed by or serving on the governing body of a private elementary or secondary educational institution shall be eligible to serve as a member of a local board of education.
(2) No person employed by a local board of education shall be eligible to serve as a member of that board of education.
(3) No person employed by the Department of Education or serving as a member of the State Board of Education shall be eligible to serve as a member of a local board of education. This paragraph shall not apply to institutions above the high school level.
(4)(A) No person who has an immediate family member sitting on a local board of education or serving as the local school superintendent or as a principal, assistant principal, or system administrative staff in the local school system shall be eligible to serve as a member of such local board of education. As used in this paragraph, the term 'immediate family member' means a spouse, child, sibling, or parent or the spouse of a child, sibling, or parent whose employment as the local school superintendent or as a principal, assistant principal, or system administrative staff in the local school system began on or after January 1, 2010. This paragraph shall apply only to local board of education members elected or appointed on or after July 1, 2009. Nothing in this Code section shall affect the employment of any person who is employed by a local school system on or before July 1, 2009, or who is employed by a local school system when an immediate family member becomes a local board of education member for that school system.
(B) Notwithstanding subsection (b) of Code Section 20-2-244, the State Board of Education shall be authorized to waive this paragraph upon the request of a local board of education or an individual attempting to qualify to run for local board of education member and in accordance with the provisions of subsections (d) and (e)
of Code Section 20-2-244. The State Board of Education shall approve or deny a waiver request no later than 45 days after receipt of such waiver request. An approved waiver must be received by the local election superintendent prior to an individual's filing of a declaration or notice of candidacy in accordance with Article 4 of Chapter 2 of Title 21.

(d) In all counties of this state having a population of not less than 500,000 or more than 600,000 according to the United States decennial census of 1990 or any future such census, the members of the county boards of education taking office after December 1, 1975, shall not hold any other elective governmental office. If any member of any such board should qualify at any time after December 1, 1975, for nomination or election to any other elective governmental office other than for membership on such county board, such member's position on such county board shall thereby become vacant. Such vacancy shall be filled as provided by the law applicable to any such county board.

(e) In addition to any other requirements provided by law, no person shall be eligible for election as a member of a local board of education unless he or she:

(1) Has read and understands the code of ethics and the conflict of interest provisions applicable to members of local boards of education and has agreed to abide by them; and

(2) Has agreed to annually disclose compliance with the State Board of Education's policy on training for members of local boards of education, the code of ethics of the local board of education, and the conflict of interest provisions applicable to members of local boards of education.

Each person offering his or her candidacy for election as a member of a local board of education shall file an affidavit with the officer before whom such person has qualified for such election prior to or at the time of qualifying, which affidavit shall affirm that he or she meets all of the qualifications required pursuant to this subsection. This subsection shall apply only to local board of education members elected or appointed on or after July 1, 2010.

(f) No person who is on the National Sex Offender Registry or the state sexual offender registry shall be eligible for election to or service on a local board of education."

**SECTION 3.**

Said chapter is further amended by revising Code Section 20-2-52, relating to terms of office of members of local boards of education, as follows:

"20-2-52.

(a) Members of local boards of education shall be elected for terms of four years unless their terms are otherwise provided by local Act or constitutional amendment.

(b)(1) Each local board of education shall have no more than seven members as provided by local Act.

(2) This subsection shall not apply to a local board of education whose board size exceeds seven members as provided by local constitutional amendment or federal
court order or pursuant to a local law in effect prior to July 1, 2010; provided, however, that if the local law of any such local board of education is amended to revise the number of members on such board, paragraph (1) of this subsection shall apply."

SECTION 4.
Said chapter is further amended by revising subsection (a) of Code Section 20-2-55, relating to per diem, insurance, and expenses of local board members, as follows:

"(a)(1) In any local school system for which no local Act is passed, members of the local board of education shall, when approved by the local board affected, receive a per diem of $50.00 for each day of attendance at meetings of the board and while meeting and traveling within or outside the state as a member of a committee of the board on official business first authorized by a majority of the board, plus reimbursement for actual expenses necessarily incurred in connection therewith; provided, however, that in any independent school system with a full-time equivalent (FTE) program count of less than 4,000 students for which no local Act is passed, members of the local board of education may, when approved by the affected local board, receive a per diem of not less than $50.00 and not more than $100.00 for each day of attendance at meetings of the board and while meeting and traveling within or outside the state as a member of a committee of the board, plus reimbursement for actual expenses. The accounts for such service and expenses shall be submitted for approval to the local school superintendent. In all school districts, the compensation of members of local boards shall be paid only from the local tax funds available to local boards for educational purposes. This paragraph shall apply only to local board of education members elected or appointed prior to July 1, 2010.

(2) In any local school system for which no local Act is passed, members of the local board of education shall, when approved by the local board affected, receive a per diem of $50.00 for each day of attendance at a meeting, as defined in paragraph (2) of subsection (a) of Code Section 50-14-1, of the board, plus reimbursement for actual expenses necessarily incurred in connection therewith; provided, however, that in any independent school system with a full-time equivalent (FTE) program count of less than 4,000 students for which no local Act is passed, members of the local board of education may, when approved by the affected local board, receive a per diem of not less than $50.00 and not more than $100.00 for each day of attendance at a meeting, as defined in paragraph (2) of subsection (a) of Code Section 50-14-1, of the board, plus reimbursement for actual expenses. The accounts for such service and expenses shall be submitted for approval to the local school superintendent. In all school districts, the compensation of members of local boards shall be paid only from the local tax funds available to local boards for educational purposes. This paragraph shall apply only to local board of education members elected or appointed on or after July 1, 2010."
SECTION 5.
Said chapter is further amended by revising subsection (a) of Code Section 20-2-57, relating to organization of county boards of education, as follows:

"(a) Unless otherwise provided by local law or, in the absence of local law, by local board policy, upon being called together by one of their number, the members of the local board shall organize by selecting one of their number as chairperson to serve as such during the term for which that person was chosen as a member of the local board. The local school superintendent shall act as secretary of the local board, ex officio. A majority of the members present shall constitute a quorum for the transaction of business. The votes of a majority of the members present shall be necessary for the transaction of any business or discharge of any duties of the local board of education, provided there is a quorum present. Any action taken by less than a majority of the board members may be rescinded by a majority of the board members at the next regular meeting or within 30 days of such action, whichever is later. It shall be the duty of the superintendent or the board's nominee as secretary to be present at the meetings of the local board, to keep the minutes of its meetings and make a permanent record of them, and to do any other clerical work it may direct the superintendent to do. The superintendent or the board's nominee shall record cause to be recorded in a book, to be provided for the purpose, all official proceedings of the local board, which shall be a public record open to the inspection of any person interested therein; and all such proceedings, when so recorded, shall be signed by the chairperson and countersigned by the secretary."

SECTION 6.
Said chapter is further amended by revising Code Section 20-2-61, which is reserved, as follows:

"20-2-61. Reserved.
(a) The fundamental role of a local board of education shall be to establish policy for the local school system with the focus on student achievement. The fundamental role of a local school superintendent shall be to implement the policy established by the local board. It shall not be the role of the local board of education or individual members of such board to micromanage the superintendent in executing his or her duties, but it shall be the duty of the local board to hold the local school superintendent accountable in the performance of his or her duties. Local board of education members should work together with the entire local board of education and shall not have authority as independent elected officials but shall only be authorized to take official action as members of the board as a whole. Nothing in this subsection shall be construed to alter, limit, expand, or enlarge any powers, duties, or responsibilities of local boards of education, local board members, or local school superintendents.
(b) Except as may be allowed by law, no local board of education shall delegate or attempt to delegate its policy-making functions."
SECTION 7.
Said chapter is further amended by revising Code Section 20-2-63, which is reserved, as follows:

"20-2-63.
Reserved.

(a)(1) No local board of education member shall use or attempt to use his or her official position to secure unwarranted privileges, advantages, or employment for himself or herself, his or her immediate family member, or others.
(2) No local board of education member shall act in his or her official capacity in any matter where he or she, his or her immediate family member, or a business organization in which he or she has an interest has a material financial interest that would reasonably be expected to impair his or her objectivity or independence of judgment. Compliance with Code Section 20-2-505 shall not constitute a violation of this paragraph.
(3) No local board of education member shall solicit or accept or knowingly allow his or her immediate family member or a business organization in which he or she has an interest to solicit or accept any gift, favor, loan, political contribution, service, promise of future employment, or other thing of value based upon an understanding that the gift, favor, loan, contribution, service, promise, or other thing of value was given or offered for the purpose of influencing that board member in the discharge of his or her official duties. This paragraph shall not apply to the solicitation or acceptance of contributions to the campaign of an announced candidate for elective public office if the local board of education member has no knowledge or reason to believe that the campaign contribution, if accepted, was given with the intent to influence the local board of education member in the discharge of his or her official duties. For purposes of this paragraph, a gift, favor, loan, contribution, service, promise, or other thing of value shall not include the items contained in subparagraphs (a)(2)(A) through (a)(2)(J) of Code Section 16-10-2.
(4) No local board of education member shall use, or knowingly allow to be used, his or her official position or any information not generally available to the members of the public which he or she receives or acquires in the course of and by reason of his or her official position for the purpose of securing financial gain for himself or herself, his or her immediate family member, or any business organization with which he or she is associated.
(5) No local board of education member or business organization in which he or she has an interest shall represent any person or party other than the local board of education or local school system in connection with any cause, proceeding, application, or other matter pending before the local school system in which he or she serves or in any proceeding involving the local school system in which he or she serves.
(6) No local board of education member shall be prohibited from making an inquiry for information on behalf of a constituent if no fee, reward, or other thing of value is promised to, given to, or accepted by the local board of education member or his or
her immediate family member in return therefor.

(7) No local board of education member shall disclose or discuss any information
which is subject to attorney-client privilege belonging to the local board of education
to any person other than other board members, the board attorney, the local school
superintendent, or persons designated by the local school superintendent for such
purposes unless such privilege has been waived by a majority vote of the whole
board.

(8) No member of a local board of education may also be an officer of any
organization that sells goods or services to that local school system, except as
provided in Code Section 20-2-505 and excluding nonprofit membership
organizations.

(9) No local board of education member shall be deemed in conflict with this
subsection if, by reason of his or her participation in any matter required to be voted
upon, no material or monetary gain accrues to him or her as a member of any
profession, occupation, or group to any greater extent than any gain could reasonably
be expected to accrue to any other member of that profession, occupation, or group.

(b) Upon a motion supported by a two-thirds' vote, a local board of education may
choose to conduct a hearing concerning the violation by a local board of education
member of any conflict of interest provision in subsection (a) of this Code section. The
local board of education member accused of violating said provision shall have 30 days'
otice prior to a hearing on the matter. Said accused member may bring witnesses on
his or her behalf, and the local board of education may call witnesses to inquire into the
matter. If it is found by a vote of two-thirds of all the members of the board that the
accused member has violated a conflict of interest provision contained in subsection (a)
of this Code section, the local board shall determine an appropriate sanction. A board
member subject to sanction pursuant to this Code section may, within 30 days of such
sanction vote, appeal such decision to the State Board of Education, which shall be
empowered to affirm or reverse the decision to sanction such board member. The State
Board of Education shall promulgate rules governing such appeal process. This
subsection shall apply only to local board of education members elected or appointed
on or after July 1, 2010.

(c) As used in this Code section, the term 'immediate family member' means a spouse,
child, sibling, or parent or the spouse of a child, sibling, or parent."

SECTION 8.

Said chapter is further amended by adding new Code sections to Article 3, relating to
local boards of education, to read as follows:

"20-2-72.

(a) The State Board of Education shall adopt a model code of ethics for members of
local boards of education by October 1, 2010. Such model code of ethics shall also
include appropriate consequences for violation of a provision or provisions of such
code. The State Board of Education may periodically adopt revisions to such model
code as it deems necessary.
Within three months of adoption by the State Board of Education of a model code of ethics pursuant to subsection (a) of this Code section, each local board of education shall adopt a code of ethics that includes, at a minimum, such model code of ethics. Each local board of education shall incorporate into its code of ethics any revisions adopted by the State Board of Education to the model code of ethics pursuant to subsection (a) of this Code section within three months of adoption of such revisions.

Notwithstanding Code Section 20-2-54.1 or any other provisions of law to the contrary, if a local school system or school is placed on the level of accreditation immediately preceding loss of accreditation for school board governance related reasons by one or more accrediting agencies included in subparagraph (6.1)(A) of Code Section 20-3-519, the State Board of Education shall conduct a hearing in not less than ten days nor more than 30 days and recommend to the Governor whether to suspend all eligible members of the local board of education with pay. If the State Board of Education makes such recommendation, the Governor may, in his or her discretion, suspend all eligible members of the local board of education with pay and, in consultation with the State Board of Education, appoint temporary replacement members who shall be otherwise qualified to serve as members of such board.

Any local board of education member suspended under this Code section may petition the Governor for reinstatement no earlier than 30 days following suspension and no later than 60 days following suspension. In the event that a suspended member does not petition for reinstatement within the allotted time period, his or her suspension shall be converted into permanent removal, and the temporary replacement member shall become a permanent member and serve out the remainder of the term of the removed member.

Upon petition for reinstatement by a suspended local board of education member, the Governor or his or her designated agent shall conduct a hearing for the purpose of receiving evidence relative to whether the local board of education member's continued service on the local board of education is more likely than not to improve the ability of the local school system or school to retain its accreditation. The appealing member shall be given at least 30 days' notice prior to such hearing. Such hearing shall be held not later than 90 days after the petition is filed and in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act,' except that the individual conducting the hearing shall have the power to call witnesses and request documents on his or her own initiative. For purposes of said chapter and any hearing conducted pursuant to this Code section, the Governor shall be considered the 'agency' and the Attorney General or his or her designee shall represent the interests of the Governor in the hearing. If it is determined that it is more likely than not that the local board of education member's continued service on the local board of education improves the ability of the local school system or school to retain its accreditation, the member shall be immediately reinstated; otherwise, the member shall be permanently removed, and the temporary replacement member shall become a permanent member and serve out
the remainder of the term of the removed member or until the next general election which is at least six months after the member was permanently removed, whichever is sooner. Judicial review of any such decision shall be in accordance with Chapter 13 of Title 50.

(d) This Code section shall apply only to a local school system or school which is placed on the level of accreditation immediately preceding loss of accreditation on or after July 1, 2010.

(e) This Code section shall apply only to local board of education members elected or appointed on or after July 1, 2010."

SECTION 9.
Said chapter is further amended by revising subsection (b) of Code Section 20-2-101, relating to appointment of county school superintendents, as follows:

"(b)(1) No person shall be eligible to be appointed or employed as superintendent of schools of any county or independent school system unless such person is of good moral character, has never been convicted of any crime involving moral turpitude, and possesses acceptable business or management experience as specified by the Professional Standards Commission or the minimum valid certificate or a letter of eligibility for said certificate required by the Professional Standards Commission.

(2) No person shall be eligible to be appointed, employed, or to serve as superintendent of schools of any county or independent school system who has an immediate family member sitting on the local board of education for such school system or who has an immediate family member hired as or promoted to a principal, assistant principal, or system administrative staff on or after July 1, 2009, by that school system. As used in this subsection, the term 'immediate family member' shall have the same meaning as in subsection (c) of Code Section 20-2-51 means a spouse, child, sibling, or parent or the spouse of a child, sibling, or parent whose term as a member of the local board of education or whose employment as a principal, assistant principal, or system administrative staff in the local school system began on or after January 1, 2010. Nothing in this Code section shall affect the employment of any person who is employed by a local school system on or before July 1, 2009, or who is employed by a local school system when an immediate family member becomes the superintendent for that school system."

SECTION 10.
Said chapter is further amended by revising subsection (b) of Code Section 20-2-230, relating to staff development programs, as follows:

"(b)(1) The State Board of Education shall adopt a training program for members of local boards of education by July 1, 2011. The State Board of Education may periodically adopt revisions to such training program as it deems necessary.

(2) Within three months of adoption by the State Board of Education of a training program pursuant to paragraph (1) of this subsection, each local board of education and each governing board of other local units of administration shall adopt a training
program for members of such boards that includes, at a minimum, such training program and requirements established by the State Board of Education pursuant to paragraph (1) of this subsection. Each local board of education shall incorporate any revisions adopted by the State Board of Education to the training program pursuant to paragraph (1) of this subsection within three months of adoption of such revisions. All new members of governing boards of local units of administration shall, before or within one year after assuming office, receive at least 12 hours of orientation to the educational program objectives of Georgia and instruction in school finance; school law, with special emphasis on the 'Quality Basic Education Act'; responsiveness to the community; the ethics, duties, and responsibilities of local governing board members; annual performance evaluation of the school superintendent and the local board of education; and such other topics as the State Board of Education may deem to be necessary; provided, however, that at least six of these 12 hours of training shall be specifically related to education finance, generally accepted accounting principles, and budgeting. The board of education of the Department of Juvenile Justice shall be exempt from the six hours of training in education finance, generally accepted accounting principles, and budgeting. All members of boards of local units of administration are required to participate in at least one day of training annually to ensure the effective management and operation of local units of administration. The Georgia Education Leadership Academy is authorized, in cooperation with the Georgia School Boards Association or other agencies and associations, to conduct workshops annually to provide such instruction and to present to each board member completing such annual workshop for the first time an appropriate certificate. The Georgia Education Leadership Academy shall adopt such procedures as may be necessary to verify the attendance at such annual workshops of veteran members of boards of local units of administration.

(3) All boards of local units of administration are authorized to pay such board members for attendance at a required training program the same per diem as authorized by local or general law for attendance at regular or special meetings, as well as reimbursement of actual expenses for travel, lodging, meals, and registration fees for such workshops training, either before or after such board members assume office."

SECTION 11.
The Attorney General of Georgia shall cause Sections 2, 3, 7, and 8 of this Act to be submitted for preclearance under the federal Voting Rights Act of 1965, as amended, and such submission shall be made to the United States Department of Justice or filed with the appropriate court no later than 45 days after the date on which this Act is approved by the Governor or becomes law without such approval. If, as of June 30, 2011, implementation of any of the submitted sections of this Act are not permissible under the Voting Rights Act of 1965, as amended, then as of such date, such section or sections of this Act shall be void and shall stand repealed in their entirety.
SECTION 12.
All laws and parts of laws in conflict with this Act are repealed.

SECTION 1.
Chapter 2 of Title 21 of the Official Code of Georgia Annotated, relating to primaries and elections generally, is amended by revising paragraph (20) of Code Section 21-2-2, relating to definitions, as follows:

"(20) 'Paper ballot' or 'ballot' means the forms described in Article 8 of this chapter. The term 'paper ballot' shall not include a ballot card."

SECTION 2.
Said chapter is further amended by revising Code Section 21-2-90, relating to
appointment of chief manager and assistant managers, as follows:

"21-2-90.

All elections and primaries shall be conducted in each precinct polling place by a board consisting of a chief manager, who shall be chairperson of such board, and two assistant managers assisted by clerks. The managers of each precinct polling place shall be appointed by the superintendent or, in the case of municipal elections, by the municipal governing authority. If the political parties involved elect to do so, they may submit to the superintendent or municipal governing authority, for consideration in making such appointment, a list of qualified persons. When such lists are submitted to the appropriate office, the superintendent or municipal governing authority, insofar as practicable, shall make appointments so that there shall be equal representation on such boards for the political parties involved in such elections or primaries. The superintendent or municipal governing authority shall make each appointment by entering an order which shall remain of record in the appropriate office and shall transmit a copy of such order to the appointee. The order shall include the name and address of the appointee, his or her title, and a designation of the precinct and primary or election in which he or she is to serve."

SECTION 3.

Said chapter is further amended by revising Code Section 21-2-92, relating to qualifications of poll officers, as follows:

"21-2-92.

(a) Poll officers appointed pursuant to Code Sections 21-2-90 and 21-2-91 shall be judicious, intelligent, and upright citizens of the United States, residents of or otherwise employed by the county in which they are appointed or, in the case of municipal elections, residents of or otherwise employed by the municipality in which the election is to be held or of the county in which that municipality is located, 16 years of age or over, and shall be able to read, write, and speak the English language. No poll officer shall be eligible for any nomination for public office or to be voted for at a primary or election at which the poll officer shall serve. No person who is otherwise holding public office, other than a political party office, shall be eligible to be appointed as or to serve as a poll officer. A parent, spouse, child, brother, sister, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of a candidate shall not be eligible to serve as a poll officer in any precinct in which such candidate's name appears on the ballot in any primary or election.

(b) Notwithstanding the provisions of subsection (a) of this Code section, in the event that a municipal primary or election is held in conjunction with a regular county, state, or federal election, poll officers assigned by the county election superintendent to conduct such county, state, or federal election shall also be authorized to serve as poll officers to conduct such municipal election or primary and shall not be required to be residents of said municipality."

SECTION 4.

compensation of poll officers, by adding a new subsection to read as follows:

SECTION 5.
Said chapter is further amended by revising subsections (a) and (b) of Code Section 21-2-101, relating to certification program for county and municipal election superintendents or election board designee, as follows:
"(a) All county and municipal election superintendents, chief registrars, and absentee ballot clerks or, in the case of a board of elections or a board of elections and registration, the designee of such board charged with the daily operations of such board shall become certified by completing a certification program approved by the Secretary of State by no later than December 31 of the year in which they are appointed. Such program may include instruction on, and may require the superintendent to demonstrate proficiency in, the operation of the state's direct recording electronic voting equipment, the operation of the voting equipment used in such superintendent's jurisdiction, and in state and federal law and procedures related to elections. The local government employing the superintendent or designee shall cover the costs, if any, incurred by such superintendent's or designee's participation in the certification program. Such certification programs shall be offered by the Secretary of State on multiple occasions before December 31 of the year in which such superintendents or designees are appointed and shall not exceed 64 hours of classroom, online, and practical instruction as authorized and approved by the Secretary of State.
(b) Any county chief registrar or municipal election superintendent absentee ballot clerk appointed prior to January 1, 2008 2010, who has not met the certification requirement shall complete a certification program approved by the Secretary of State by no later than December 31, 2008 2011."

SECTION 6.
Said chapter is further amended by revising subsection (a) of Code Section 21-2-171, relating to examination of nomination petitions, as follows:
"(a) When any nomination petition is presented in the office of the Secretary of State or of any superintendent for filing within the period limited by this chapter, it shall be the duty of such officer to examine the same to the extent necessary to determine if it complies with the law. No candidate shall be qualified if such nomination petition shall be permitted to be filed if:

1. It contains material errors or defects apparent on the face thereof;
2. It contains material alterations made after signing without the consent of the signers; or
3. It does not contain a sufficient number of signatures of registered voters as required by law.

The Secretary of State or any superintendent shall review the petition for compliance
with the provisions of Code Section 21-2-170 and shall disregard any pages or signatures that are not in conformance with the provisions of that Code section. The Secretary of State or any superintendent may question the genuineness of any signature appearing on a petition or the qualification of any signer whose signature appears thereon and, if he or she shall thereupon find that any such signature is improper, such signature shall be disregarded in determining whether the petition contains a sufficient number of signatures as required by law. The invalidity of any sheet of a nomination petition shall not affect the validity of such petition if a sufficient petition remains after eliminating such invalid sheet."

SECTION 7.
Said chapter is further amended by revising subsections (a) and (b) of Code Section 21-2-212, relating to county registrars, as follows:
"(a) The judge of the superior court in each county or the senior judge in time of service in those counties having more than one judge shall appoint quadrennially in accordance with this Code section, upon the recommendation of the grand jury of such county, not less than three nor more than five judicious, intelligent, and upright electors of such county as county registrars. The grand jury shall submit to the judge the names of ten such electors a number of electors equal to twice the number of persons to be appointed and the appointment shall be made therefrom and shall be entered on the minutes of the court. When making such appointments when appropriate, the judge will designate one of the registrars as chief registrar who shall serve as such during such registrar's term of office, and such designation shall likewise be entered on the minutes of the court. It shall be the duty of the clerk of the superior court to certify the appointments and designation to the Secretary of State within 30 days after the appointments and designation, and commissions shall be issued as for county officers. When certifying such names to the Secretary of State, the clerk of the superior court shall also list the addresses of the registrars. Such judge will have the right to remove one or more of such registrars at any time for cause after notice and hearing. In case of the death, resignation, or removal of a registrar, the judge shall appoint a successor who shall serve until the next grand jury convenes, at which time the grand jury shall submit to the judge the names of two judicious, intelligent, and upright electors of such county; and the judge shall make an appointment from said list, such successor to serve the unexpired term of such registrar's predecessor in office. In the event the grand jury is in session at the time of any such death, removal, or resignation, such grand jury shall immediately submit the names of said electors to the judge for such appointment. Each such appointment or change in designation shall be entered on the minutes of the court and certified as provided in this Code section.

(b)(1) Appointees Except as otherwise provided in this subsection, appointees under this article shall serve for a term of four years and until their successors are appointed and qualified, except in the event of resignation or removal as provided in subsection (a) of this Code section. Their terms shall commence on July 1 and expire on June 30 four years thereafter.
(2) The first new grand jury which convenes in each county in the year 1965, and each four years thereafter, shall submit to the judge the list of names as provided in subsection (a) of this Code section. From this list, the judge shall appoint two registrars to serve two-year terms of office and until their respective successors are appointed and qualified and not more than three registrars to serve four-year terms of office and until their respective successors are appointed and qualified. Thereafter, the first new grand jury which convenes in each county in each odd-numbered year shall submit to the judge a list of names equal to twice the number of registrars whose terms are to expire that year. From this list, the judge shall appoint successors to the registrars whose terms are expiring that year who shall then serve terms of office of four years and until their respective successors are selected and qualified.

(3) Such list of names shall be submitted to the judge, who shall appoint the registrars and designate the chief registrar, as needed, prior to June 30. No appointment for a full term shall be made prior to January 1 of the year in which the appointee is to take office. If no such grand jury is convened or, if convened but failed to recommend, the judge shall appoint the registrars without the necessity of any recommendation. In the event that a registrar holds over beyond the end of the registrar's term of office due to the failure to have a successor timely appointed and qualified, the successor shall be appointed to serve the remainder of the term of office and shall not receive a new four-year term of office."

SECTION 8.
Said chapter is further amended by revising subsection (a) of Code Section 21-2-223, relating to mail voter registration application forms, as follows:

"(a) The Secretary of State shall design, publish, and distribute voter registration application forms with which a person may apply to register to vote by completing and mailing the form to the Secretary of State or to the board of registrars of the person's county of residence. The Secretary of State shall forward the applications that he or she receives to the appropriate county board of registrars to determine the eligibility of the applicant and, if found eligible, to add the applicant's name to the list of electors and to place the applicant in the correct precinct and voting districts."  

SECTION 9.
Said chapter is further amended by revising subsections (e) and (g) of Code Section 21-2-224, relating to official list of electors, as follows:

"(e) The county board of registrars shall deliver to the chief registrar of the municipality, upon a basis mutually agreed upon between the county board of registrars and the governing authority of the municipality, a copy of the list of electors for the municipality for the primary or election. Such list shall be delivered at least 14 days not earlier than the fifth Monday prior to a primary or election and not later than 21 days prior to such primary or election for the purpose of permitting the chief registrar of the municipality to check the accuracy of the list. The municipal registrar shall, upon receipt of the county registration list, or as soon as practicable thereafter but in no event..."
later than five days prior to such primary or election, review such list and identify in writing to the county board of registrars any names on the electors list of persons who are not qualified to vote at such primary or election, stating the reason for disqualification. The county board of registrars shall challenge the persons identified in accordance with Code Section 21-2-228. In addition, the county board of registrars shall provide a list of inactive electors for the municipality. The municipal registrar shall certify such lists and file with the city clerk a copy showing the names of electors entitled to vote at such primary or election."

"(g) The official list of electors and the official list of inactive electors prepared and distributed to the poll officers of each precinct shall include only the elector's name, address, ZIP Code, date of birth, voter identification number, a designation of whether the elector registered for the first time in this state and is required to comply with Code Section 21-2-216, a designation of whether the elector registered for the first time in this state by mail and is required to comply with Code Sections 21-2-220 and 21-2-417, congressional district, state Senate district, state House district, county commission district, if any, county or independent board of education district, if any, and municipal governing authority district designations, if any, and such other voting districts, if any. The official list of electors and the official list of inactive electors prepared and distributed to the poll officers of each precinct may also include codes designating that an elector has voted by absentee ballot, has been challenged, or has been sent mail by the registrars which has been returned marked undeliverable. No person whose name does not appear on the official list of electors shall vote or be allowed to vote at any election, except as otherwise provided in this article. The county registrars shall ensure that the information required to notify poll officers that an elector registered to vote for the first time in this state by mail and must comply with subsection (c) of Code Section 21-2-220 and subsection (c) of Code Section 21-2-417 is placed on each list of electors to be used at a polling place."

SECTION 10.

Said chapter is further amended by revising subsection (b) of Code Section 21-2-225, relating to confidentiality of original registration applications, as follows:

"(b) Except as provided in Code Section 21-2-225.1, all data collected and maintained on electors whose names appear on the list of electors maintained by the Secretary of State pursuant to this article shall be available for public inspection with the exception of bank statements submitted pursuant to subsection (c) of Code Section 21-2-220 and subsection (c) of Code Section 21-2-417, the date month and day of birth, the social security numbers, and driver's license numbers of the electors, and the locations at which the electors applied to register to vote, which shall remain confidential and shall be used only for voter registration purposes; provided, however, that any and all information relating to the dates of birth, social security numbers, and driver's license numbers of electors may be made available to other agencies of this state, agencies of other states and territories of the United States, and to agencies of the federal government if the agency is authorized to maintain such information and the
information is used only to identify the elector on the receiving agency's data base and is not disseminated further and remains confidential. Information regarding an elector's year of birth shall be available for public inspection."

SECTION 11.
Said chapter is further amended by revising subsection (i) of Code Section 21-2-230, relating to challenge of persons on list of electors by other electors, as follows:
"(i) If the challenged elector appears at the polls to vote and it is not practical to conduct a hearing prior to the close of the polls or if the registrars begin a hearing and subsequently find that a decision on the challenge cannot be rendered within a reasonable time, the challenged elector shall be permitted to vote by casting a challenged ballot on the same type of ballot that is used by the county or municipality for mail-in absentee ballots. Such challenged ballot shall be sealed in double envelopes as provided in Code Section 21-2-384 and, after having the word 'Challenged' and the elector's name written across the back of the elector's ballot outer envelope, the ballot shall be deposited by the person casting such ballot in a secure, sealed ballot box notwithstanding the fact that the polls may have closed prior to the time the registrars make such a determination, provided that the elector proceeds to vote immediately after such determination of the registrars. In such cases, if the challenge is based upon the grounds that the challenged elector is not qualified to remain on the list of electors, the registrars shall proceed to finish the hearing prior to the certification of the consolidated returns of the election by the election superintendent. If the challenge is based on other grounds, no further action shall be required by the registrars. The election superintendent shall not certify such consolidated returns until such hearing is complete and the registrars have rendered their decision on the challenge. If the registrars deny the challenge, the superintendent shall proceed to certify the consolidated returns. If the registrars uphold the challenge, the name of the challenged elector shall be removed from the list of electors and the ballot of the challenged elector shall be rejected and not counted and, if necessary, the returns shall be adjusted to remove any votes cast by such elector. The elector making the challenge and the challenged elector may appeal the decision of the registrars in the same manner as provided in subsection (e) of Code Section 21-2-229."

SECTION 12.
Said chapter is further amended by revising subsection (a) of Code Section 21-2-235, relating to inactive list of electors, as follows:
"(a) In addition to the official list of electors, the Secretary of State shall also maintain an inactive list of electors. Notwithstanding any other provision of law to the contrary, the names of electors on the inactive list of electors shall not be counted in computing the number of ballots required for an election, the number of voting devices needed for a precinct, the number of electors required to divide or constitute a precinct, or the number of signatures needed on any petition. However, any elector whose name appears on the inactive list shall be eligible to sign a petition and such petition
signature, if valid and regardless of the validity of the petition as a whole, shall be sufficient to return the elector to the official list of electors if the elector still resides at the address listed on the elector's registration records and shall be grounds to proceed under Code Section 21-2-234 to confirm the change of address of the elector if the elector provides a different address from the address which appears on the elector's registration records."

**SECTION 13.**
Said chapter is further amended by revising subsection (f) of Code Section 21-2-284, relating to the form of the official primary ballot, as follows:

"(f) The ballots shall vary in form only as the names of precincts, offices, candidates, color of ballot cards, or this chapter may require."

**SECTION 14.**
Said chapter is further amended by revising Code Section 21-2-291, relating to procedure as to unopposed candidates, as follows:

"21-2-291.
Any other provision of law to the contrary notwithstanding, in the event there is no opposed candidate in a precinct in a special or general election, no special or general election shall be held in such precinct unless more than one write-in candidate has qualified as provided by law or unless there are issues to be submitted to the electorate. Except as provided in Code Section 21-2-158, each such unopposed candidate shall be deemed to have voted for himself or herself. Where feasible, the superintendent shall provide notice reasonably calculated to inform the affected electorate that no special or general election is to be conducted. The superintendent shall certify such unopposed candidate as elected in the same manner as he or she certifies other candidates as elected pursuant to Code Section 21-2-493."

**SECTION 15.**
Said chapter is further amended by revising Code Section 21-2-379.8, relating to public exhibition of voting system and sample ballot, as follows:

"21-2-379.8.
(a) The superintendent or his or her designee shall, upon request, make available for demonstration and demonstrate the use of the direct recording electronic (DRE) units throughout the county or municipality during the month preceding each primary and election. The Secretary of State shall advise the superintendents on recommended methods of demonstrating such units so as to properly educate electors in the use thereof, and, at least during the initial year in which DRE equipment is used in a county or municipality, all superintendents shall offer a series of demonstrations and organized voter education initiatives to equip electors for using such equipment in voting.

(b) At least 45 days before a general primary or election or during the ten days before a special primary or election and at least 21 days before a municipal general
primary or election or during the ten days before a municipal special primary or election, the superintendent shall place on public exhibition, in such public places and at such times as the superintendent shall deem most suitable for the information and instruction of the electors, a sample ballot to be used in such election. The sample ballot shall show the offices and questions to be voted upon, the names and arrangements of the political parties and bodies, and the names and arrangements of the candidates to be voted for. Such sample ballots shall be under the charge and care of a person who is, in the opinion of the superintendent, competent and qualified as an instructor concerning such ballots and voting procedures."

SECTION 16.
Said chapter is further amended by revising Code Section 21-2-380, relating to definition of absentee elector, as follows:
"21-2-380.
(a) As used in this article, the term 'absentee elector' means an elector of this state or a municipality thereof who casts a ballot in a primary, election, or runoff other than in person at the polls on the day of such primary, election, or runoff:
(1) Is required to be absent from his or her precinct during the time of the primary or election he or she desires to vote in;
(2) Will perform any of the official acts or duties set forth in this chapter in connection with the primary or election he or she desires to vote in;
(3) Because of physical disability or because of being required to give constant care to someone who is physically disabled, will be unable to be present at the polls on the day of such primary or election;
(4) Because the election or primary falls upon a religious holiday observed by such elector, will be unable to be present at the polls on the day of such primary or election;
(5) Is required to remain on duty in his or her place of employment for the protection of the health, life, or safety of the public during the entire time the polls are open when such place of employment is within the precinct in which the voter resides; or
(6) Is 75 years of age or older.
(b) An elector who requests an absentee ballot by mail or who casts an absentee ballot in person at the registrar's office or absentee ballot clerk's office shall not be required to provide a reason in order to cast an absentee ballot in any primary, election, or runoff primary or election runoff."

SECTION 17.
Said chapter is further amended by revising subsection (a) of Code Section 21-2-381, relating to making of application for an absentee ballot, as follows:
"(a)(1)(A) Except as otherwise provided in Code Section 21-2-219, not more than 180 days prior to the date of the primary or election, or runoff of either, in which the elector desires to vote, any absentee elector may make, either by mail, by facsimile transmission, or in person in the registrar's or absentee ballot clerk's office, an
application for an official ballot of the elector's precinct to be voted at such primary, election, or runoff. Persons who are entitled to vote by absentee ballot under the federal Uniformed and Overseas Citizens Absentee Voting Act, 42 U.S.C. Section 1973ff, et seq., as amended, may additionally make application for an official ballot by electronic transmission.

(B) In the case of an elector residing temporarily out of the county or municipality or a physically disabled elector residing within the county or municipality, the application for the elector's absentee ballot may, upon satisfactory proof of relationship, be made by such elector's mother, father, grandparent, aunt, uncle, sister, brother, spouse, son, daughter, niece, nephew, grandchild, son-in-law, daughter-in-law, mother-in-law, father-in-law, brother-in-law, or sister-in-law of the age of 18 or over.

(C) The application shall be in writing and shall contain sufficient information for proper identification of the elector; the permanent or temporary address of the elector to which the absentee ballot shall be mailed; the identity of the primary, election, or runoff in which the elector wishes to vote; the reason for requesting the absentee ballot, if applicable; and the name and relationship of the person requesting the ballot if other than the elector.

(D) Except in the case of physically disabled electors residing in the county or municipality, no absentee ballot shall be mailed to an address other than the permanent mailing address of the elector as recorded on the elector's voter registration record or a temporary out-of-county or out-of-municipality address.

(E) Relatives applying for absentee ballots for electors must also sign an oath stating that facts in the application are true.

(F) If the elector is unable to fill out or sign such elector's own application because of illiteracy or physical disability, the elector shall make such elector's mark, and the person filling in the rest of the application shall sign such person's name below it as a witness.

A BILL TO BE ENTITLED
AN ACT

To amend Article 1 of Chapter 5 of Title 48 of the Official Code of Georgia Annotated, relating to general provisions regarding ad valorem taxation of property, so as to revise and change certain provisions regarding ad valorem taxation of forest land conservation use property; to provide an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Article 1 of Chapter 5 of Title 48 of the Official Code of Georgia Annotated, relating to general provisions regarding ad valorem taxation of property, is amended by revising Code Section 48-5-7.7, relating to ad valorem taxation of forest land conservation use property, as follows:

"48-5-7.7.
(a) This Code section shall be known and may be cited as the 'Georgia Forest Land Protection Act of 2008'.
(b) As used in this Code section, the term:
(1) 'Contiguous' means real property within a county that abuts, joins, or touches and has the same undivided common ownership. If an applicant's tract is divided by a county boundary, public roadway, public easement, public right of way, natural boundary, land lot line, or railroad track then the applicant has, at the time of the initial application, a one-time election to declare the tract as contiguous irrespective of a county boundary, public roadway, public easement, public right of way, natural
boundary, land lot line, or railroad track.

(1)(2) 'Forest land conservation use property' means forest land each tract of which consists of more than 200 acres of tangible real property of an owner subject to the following qualifications:

(A) Such property must be owned by an individual or individuals or by any entity registered to do business in this state;

(B) Such property excludes the entire value of any residence located on the property;

(C) Such property has as its primary use the good faith subsistence or commercial production of trees, timber, or other wood and wood fiber products from or on the land. Such property may, in addition, have one or more of the following secondary uses:

(i) The promotion, preservation, or management of wildlife habitat;

(ii) Carbon sequestration in accordance with the Georgia Carbon Sequestration Registry;

(iii) Mitigation and conservation banking that results in restoration or conservation of wetlands and other natural resources; or

(iv) The production and maintenance of ecosystem products and services such as, but not limited to, clean air and water.

'Forest land conservation use property' may include, but not be limited to, land that has been certified as environmentally sensitive property by the Department of Natural Resources or which is managed in accordance with a recognized sustainable forestry certification program such as the Sustainable Forestry Initiative, Forest Stewardship Council, American Tree Farm Program, or an equivalent sustainable forestry certification program approved by the Georgia Forestry Commission.

(2)(3) 'Qualified owner' means any individual or individuals or any entity registered to do business in this state.

(3)(4) 'Qualified property' means forest land conservation use property as defined in this subsection.

(4)(5) 'Qualifying purpose' means a use that meets the qualifications of subparagraph (C) of paragraph (1)(2) of this subsection.

c) The following additional rules shall apply to the qualification of forest land conservation use property for conservation use assessment:

(1) All contiguous forest land conservation use property of an owner within a county for which forest land conservation use assessment is sought under this Code section shall be in a single covenant unless otherwise required under subsection (e) of this Code section.

(2) When one-half or more of the area of a single tract of real property is used for the qualifying purpose, then the entirety of such tract shall be considered as used for such qualifying purpose unless some other type of business is being operated on the portion of the tract that is not being used for a qualifying purpose; provided, however, that such other portion must be minimally managed so that it does not contribute significantly to erosion or other environmental or conservation problems or must be
used for one or more secondary purposes specified in subparagraph (b)(1)(C) (b)(2)(C) of this Code section. The lease of hunting rights or the use of the property for hunting purposes shall not constitute another type of business. The charging of admission for use of the property for fishing purposes shall not constitute another type of business. The production of pine straw shall not constitute another type of business; and

(3) No otherwise qualified forest land conservation use property shall be denied conservation use assessment on the grounds that no soil map is available for the county or counties, if applicable, in which such property is located; provided, however, that if no soil map is available for the county or counties, if applicable, in which such property is located, the board of tax assessors shall use the current soil classification applicable to such property.

(d) No property shall qualify for conservation use assessment under this Code section unless and until the qualified owner of such property agrees by covenant with the appropriate taxing authority to maintain the eligible property in forest land conservation use for a period of 15 years beginning on the first day of January of the year in which such property qualifies for such conservation use assessment and ending on the last day of December of the final year of the covenant period. After the qualified owner has applied for and has been allowed conservation use assessment provided for in this Code section, it shall not be necessary to make application thereafter for any year in which the covenant period is in effect and conservation use assessment shall continue to be allowed such qualified owner as specified in this Code section. At least 60 days prior to the expiration date of the covenant, the county board of tax assessors where the property is located shall send by first-class mail written notification of such impending expiration. Upon the expiration of any covenant period, the property shall not qualify for further conservation use assessment under this Code section unless and until the qualified owner of the property has entered into a renewal covenant for an additional period of 15 years; provided, however, that the qualified owner may enter into a renewal contract in the fourteenth year of a covenant period so that the contract is continued without a lapse for an additional 15 years.

(e) Subject to the limitations of paragraph (1) of subsection (c) of this Code section, a qualified owner shall be authorized to enter into more than one covenant under this Code section for forest land conservation use property. Any such qualified property may include a tract or tracts of land which are located in more than one county in which event the owner shall enter into a covenant with each county. In the event a single contiguous tract is required to have separate covenants under this subsection, the total acreage of that single contiguous tract shall be utilized for purposes of determining the 200 acre requirement of this Code section.

(f) A qualified owner shall not be authorized to make application for and receive conservation use assessment under this Code section for any property which at the time of such application is receiving preferential assessment under Code Section 48-5-7.1 or current use assessment under Code Section 48-5-7.4; provided, however, that if any property is subject to a covenant under either of those Code sections, it may be
changed from such covenant and placed under a covenant under this Code section if it is otherwise qualified. Any such change shall terminate the existing covenant and shall not constitute a breach thereof. No property may be changed more than once under this subsection.

(g) Except as otherwise provided in this subsection, no property shall maintain its eligibility for conservation use assessment under this Code section unless a valid covenant or covenants, if applicable, remains in effect and unless the property is continuously devoted to forest land conservation use during the entire period of the covenant or covenants, if applicable.

(h) If any breach of a covenant occurs, the existing covenant shall be terminated and all qualification requirements must be met again before the property shall be eligible for conservation use assessment under this Code section.

(i)(1) If ownership of all or a part of the forest land conservation use property constituting at least 200 acres is acquired during a covenant period by another owner qualified to enter into an original forest land conservation use covenant, then the original covenant may be continued only by both such acquiring owner and the transferor for the remainder of the term, in which event no breach of the covenant shall be deemed to have occurred even if the total size of a tract from which the transfer was made is reduced below 200 acres. Following the expiration of the original covenant, no new covenant shall be entered with respect to the tract from which the transfer was made unless such tract exceeds 200 acres. If a breach of the covenant occurs following such transfer by either such acquiring owner or the transferor, the penalty and interest shall apply to the entire tract which was the subject of the original covenant and shall be paid by either the acquiring owner or the transferor, whichever of whom breached the covenant. Following the expiration of such covenant, no new covenant shall be entered with respect to the tract from which the transfer was made unless such tract exceeds 200 acres.

(2) If, following such transfer, a breach of the covenant occurs by the acquiring owner, the penalty and interest shall apply to the entire transferred tract and shall be paid by the acquiring owner who breached the covenant. In such case, the covenant shall terminate on such entire transferred tract but shall continue on such entire remaining tract from which the transfer was made and on which the breach did not occur for the remainder of the original covenant.

(3) If, following such transfer, a breach of the covenant occurs by the transferring owner, the penalty and interest shall apply to the entire remaining tract from which the transfer was made and shall be paid by the transferring owner who breached the covenant. In such case, the covenant shall terminate on such entire transferred tract but shall continue on such entire transferred tract and on which the breach did not occur for the remainder of the original covenant.

(j)(1) For the taxable year beginning January 1, 2009, all applications for conservation use assessment under this Code section, including the covenant agreement required under this Code section, shall be filed on or before June 1 of the tax year for which such conservation use assessment is sought, except that in the case of property which
is the subject of a reassessment by the board of tax assessors an application for conservation use assessment may be filed in conjunction with or in lieu of an appeal of the reassessment. For each taxable year beginning on or after January 1, 2010, all applications for conservation use assessment under this Code section, including the Any forest land covenant agreement required under this Code section, shall be filed on or before the last day for filing ad valorem tax returns in the county in which the property is located for the tax year for which such forest land conservation use assessment is sought, except that in the case of property which is the subject of a reassessment by the board of tax assessors an application for forest land conservation use assessment may be filed in conjunction with or in lieu of an appeal of the reassessment. An application for continuation of such forest land conservation use assessment upon a change in ownership of all or a part of the qualified property shall be filed on or before the last date for filing tax returns in the year following the year in which the change in ownership occurred. Applications for forest land conservation use assessment under this Code section shall be filed with the county board of tax assessors in which the property is located who shall approve or deny the application. The county board of tax assessors shall file a copy of the approved application covenant in the office of the clerk of the superior court in the county in which the eligible property is located. The clerk of the superior court shall file and index such application covenant in the real property records maintained in the clerk's office. If the application covenant is not so recorded in the real property records, a transferee of the property affected shall not be bound by the covenant or subject to any penalty for its breach. The fee of the clerk of the superior court for recording such applications covenants shall be paid by the qualified owner of the eligible property with the application for forest land conservation use assessment under this Code section and shall be paid to the clerk by the board of tax assessors when the application is filed with the clerk. If the application is denied, the board of tax assessors shall notify the applicant in the same manner that notices of assessment are given pursuant to Code Section 48-5-306 and shall return any filing fees advanced by the owner. Appeals from the denial of an application or covenant by the board of tax assessors shall be made in the same manner that other property tax appeals are made pursuant to Code Section 48-5-311.

(2) In the event such application is approved, the qualified owner shall continue to receive annual notification of any change in the forest land fair market value of such property and any appeals with respect to such valuation shall be made in the same manner as other property tax appeals are made pursuant to Code Section 48-5-311.

(k) The commissioner shall by regulation provide uniform application and covenant forms to be used in making application for conservation use assessment under this Code section.

(I) In the case of an alleged breach of the covenant, the qualified owner shall be notified in writing by the board of tax assessors. The qualified owner shall have a period of 30 days from the date of such notice to cease and desist the activity alleged in the notice to be in breach of the covenant or to remediate or correct the condition or
conditions alleged in the notice to be in breach of the covenant. Following a physical inspection of property, the board of tax assessors shall notify the qualified owner that such activity or activities have or have not properly ceased or that the condition or conditions have or have not been remediated or corrected. The qualified owner shall be entitled to appeal the decision of the board of tax assessors and file an appeal disputing the findings of the board of tax assessors. Such appeal shall be conducted in the same manner that other property tax appeals are made pursuant to Code Section 48-5-311.

(m)(1) A penalty shall be imposed under this subsection if during the period of the covenant entered into by a qualified owner the covenant is breached.

(2) Except as provided in subsection (i) of this Code section and paragraph (4) of this subsection, the penalty shall be applicable to the entire tract which is the subject of the covenant and:

(A) If breached during years one through five, shall for each covenant year beginning with year one be three times the difference between the total amount of tax paid pursuant to conservation use assessment under this Code section and the total amount of taxes which would otherwise have been due under this chapter for each completed or partially completed year of the covenant period;

(B) If breached during years six through ten, shall for each covenant year beginning with year one be two and one-half times the difference between the total amount of tax paid pursuant to conservation use assessment under this Code section and the total amount of taxes which would otherwise have been due under this chapter for each year or partially completed year of the covenant period; and

(C) If breached during years 11 through 15, shall for each covenant year beginning with year one be twice the difference between the total amount of tax paid pursuant to conservation use assessment under this Code section and the total amount of taxes which would otherwise have been due under this chapter for each completed year or partially completed year of the covenant period.

(3) Any such penalty shall bear interest at the rate specified in Code Section 48-2-40 from the date the covenant is breached.

(4) If ownership of a portion of the land subject to the original covenant constituting at least 200 acres is transferred to another owner qualified to enter into an original forest land conservation use covenant in a bona fide arm's length transaction and breach subsequently occurs, then the penalty shall either be assessed against the entire remaining tract from which the transfer was made or the entire transferred tract, on whichever the breach occurred. The calculation of penalties in paragraph (2) of this subsection shall be used except that the penalty amount resulting from such calculation shall be multiplied by the percentage which represents the acreage of such tract on which the breach occurs to the original covenant acreage. The resulting amount shall be the penalty amount owed by the owner of such tract of land on which the breach occurred.

(n) In any case of a breach of the covenant where a penalty under subsection (m) of this Code section is imposed, an amount equal to the amount of reimbursement to each county, municipality, and board of education in each year of the covenant shall be
collected under subsection (o) of this Code section and paid over to the commissioner who shall deposit such amount in the general fund.

(o) Penalties and interest imposed under this Code section shall constitute a lien against that portion of the property to which the penalty has been applied under subsection (m) of this Code section and shall be collected in the same manner as unpaid ad valorem taxes are collected. Except as provided in subsection (n) of this Code section, such penalties and interest shall be distributed pro rata to each taxing jurisdiction wherein conservation use assessment under this Code section has been granted based upon the total amount by which such conservation use assessment has reduced taxes for each such taxing jurisdiction on the property in question as provided in this Code section.

(p) The penalty imposed by subsection (m) of this Code section shall not apply in any case where a covenant is breached solely as a result of:

1. The acquisition of part or all of the property under the power of eminent domain;
2. The sale of part or all of the property to a public or private entity which would have had the authority to acquire the property under the power of eminent domain; or
3. The death of an individual qualified owner who was a party to the covenant.

(q) The following shall not constitute a breach of a covenant:

1. Mineral exploration of the property subject to the covenant or the leasing of the property subject to the covenant for purposes of mineral exploration if the primary use of the property continues to be the good faith production from or on the land of timber;
2. Allowing all or part of the property subject to the covenant to lie fallow or idle for purposes of any forestry conservation program, for purposes of any federal agricultural assistance program, or for other agricultural management purposes;
3. Allowing all or part of the property subject to the covenant to lie fallow or idle due to economic or financial hardship if the qualified owner notifies the board of tax assessors on or before the last day for filing a tax return in the county where the land lying fallow or idle is located and if such qualified owner does not allow the land to lie fallow or idle for more than two years of any five-year period;
4. (A) Any property which is subject to a covenant for forest land conservation use being transferred to a place of religious worship or burial or an institution of purely public charity if such place or institution is qualified to receive the exemption from ad valorem taxation provided for under subsection (a) of Code Section 48-5-41. No qualified owner shall be entitled to transfer more than 25 acres of such person's property in the aggregate under this paragraph.
   (B) Any property transferred under subparagraph (A) of this paragraph shall not be used by the transferee for any purpose other than for a purpose which would entitle such property to the applicable exemption from ad valorem taxation provided for under subsection (a) of Code Section 48-5-41 or subsequently transferred until the expiration of the term of the covenant period. Any such use or transfer shall constitute a breach of the covenant; or
5. Leasing a portion of the property subject to the covenant, but in no event more than six acres of every unit of 2,000 acres, for the purpose of placing thereon a
cellular telephone transmission tower. Any such portion of such property shall cease to be subject to the covenant as of the date of execution of such lease and shall be subject to ad valorem taxation at fair market value.

(r) In the following cases, the penalty specified by subsection (m) of this Code section shall not apply and the penalty imposed shall be the amount by which conservation use assessment has reduced taxes otherwise due for the year in which the covenant is breached, such penalty to bear interest at the rate specified in Code Section 48-2-40 from the date of the breach:

(1) Any case in which a covenant is breached solely as a result of the foreclosure of a deed to secure debt or the property is conveyed to the lienholder without compensation and in lieu of foreclosure, if:

   (A) The deed to secure debt was executed as a part of a bona fide commercial loan transaction in which the grantor of the deed to secure debt received consideration equal in value to the principal amount of the debt secured by the deed to secure debt;

   (B) The loan was made by a person or financial institution who or which is regularly engaged in the business of making loans; and

   (C) The deed to secure debt was intended by the parties as security for the loan and was not intended for the purpose of carrying out a transfer which would otherwise be subject to the penalty specified by subsection (m) of this Code section;

(2) Any case in which a covenant is breached solely as a result of a medically demonstrable illness or disability which renders the qualified owner of the real property physically unable to continue the property in the qualifying use, provided that the board of tax assessors or boards of assessors, if applicable, shall require satisfactory evidence which clearly demonstrates that the breach is the result of a medically demonstrable illness or disability;

(3) Any case in which a covenant is breached solely as a result of a qualified owner electing to discontinue the property in its qualifying use, provided such qualified owner has renewed without an intervening lapse at least once the covenant for land conservation use, has reached the age of 65 or older, and has kept the property in the qualifying use under the renewal covenant for at least three years. Such election shall be in writing and shall not become effective until filed with the county board of tax assessors or boards of assessors, if applicable; or

(4) Any case in which a covenant is breached solely as a result of a qualified owner electing to discontinue the property in its qualifying use, provided such qualified owner entered into the covenant for forest land conservation use for the first time after reaching the age of 67 and has either owned the property for at least 15 years or inherited the property and has kept the property in the qualifying use under the covenant for at least three years. Such election shall be in writing and shall not become effective until filed with the county board of tax assessors where the property is located.

(s) Property which is subject to forest land conservation use assessment under this Code section shall be separately classified from all other property on the tax digest; and
such separate classification shall be such as will enable any person examining the tax
digest to ascertain readily that the property is subject to conservation use assessment
under this Code section. Covenants shall be public records and shall be indexed and
maintained in such manner as will allow members of the public to locate readily the
covention affecting any particular property subject to conservation use assessment under
this Code section. Based on information submitted by the county boards of tax
assessors, the commissioner shall maintain a central registry of conservation use
property, indexed by qualified owners.

(t) The commissioner shall annually submit a report to the Governor, the Department
of Agriculture, the Georgia Agricultural Statistical Service, the Georgia Forestry
Commission, the Department of Natural Resources, and the University of Georgia
Cooperative Extension Service and the House Ways and Means, Natural Resources and
Environment, and Agriculture and Consumer Affairs committees and the Senate
Finance, Natural Resources and Environment, and Agriculture and Consumer Affairs
committees and shall make such report available to other members of the General
Assembly, which report shall show the fiscal impact of the assessments provided for in
this Code section. The report shall include the amount of assessed value eliminated
from each county's digest as a result of such assessments; approximate tax dollar losses,
by county, to all local governments affected by such assessments; and any
recommendations regarding state and local administration of this Code section, with
emphasis upon enforcement problems, if any, attendant with this Code section. The
report shall also include any other data or facts which the commissioner deems relevant.

(u) A public notice containing a brief, factual summary of the provisions of this Code
section shall be posted in a prominent location readily viewable by the public in the
office of the board of tax assessors and in the office of the tax commissioner of each
county in this state.

(v) At such time as the property ceases to be eligible for forest land conservation use
assessment or when any 15 year covenant period expires and the property does not
qualify for further forest land conservation use assessment, the qualified owner of the
property shall file an application for release of forest land conservation use treatment
with the county board of tax assessors where the property is located who shall approve
the release upon verification that all taxes and penalties with respect to the property
have been satisfied. After the application for release has been approved by the such
board of tax assessors, the board shall file the release in the office of the clerk of the
superior court in the county in which the original covenant was filed. The clerk of the
superior court shall file and index such release in the real property records maintained
in the clerk's office. No fee shall be paid to the clerk of the superior court for recording
such release. The commissioner shall by regulation provide uniform release forms.

(w) The commissioner shall have the power to make and publish reasonable rules and
regulations for the implementation and enforcement of this Code section. Without
limiting the commissioner's authority with respect to any other such matters, the
commissioner may prescribe soil maps and other appropriate sources of information for
documenting eligibility as a forest land conservation use property. The commissioner
also may provide that advance notice be given to a qualified owner of the intent of a board of tax assessors to deem a change in use as a breach of a covenant."

SECTION 2.
This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 3.
All laws and parts of laws in conflict with this Act are repealed.

SUBJECT: Fiscal Note
House Bill 1138 Substitute
(LC 18 8930ERS)

Dear Chairman O’Neal:

The Georgia State University Fiscal Research Center provided the following narrative on the revenue impact of this bill:

This bill would amend the tax code of Georgia to incorporate the 2009 changes to the federal tax code. During 2009 four pieces of legislation containing tax provisions were
signed into law. These were the Department of Defense Appropriations Act of 2010; the Military Spouses Residency Relief Act; the Worker, Homeownership and Business Assistance Act of 2009; and the American Recovery and Reinvestment Act of 2009. This bill also amends the Georgia tax code to incorporate Public Law 111-126 as enacted on January 22, 2010. This law allows taxpayers to claim on their 2009 tax returns charitable contributions for Haitian relief efforts made between January 11, 2010, and March 1, 2010.

The Military Spouses Residency Relief Act is a federal mandate. The provisions from this and the other three acts that will be adopted are included in the estimate outlined in Table 1. Additionally, the bill adopts other items that will not affect current projected state revenues. These include allowing computers as an education expense under the Section 529 qualified tuition program, the non-taxability of economic recovery payments made to recipients of social security, railroad retirement and veterans disability compensation benefits, and the non-taxability of COBRA premium subsidies received from the IRS. These items are excluded from the estimate provided in Table 1.

Not all federal changes are being adopted. Exclusions include the 5 year carryback of 2008 and 2009 NOLs, deduction for sales tax on automobiles, $2,400 exclusion for unemployment compensation, 50 percent bonus depreciation, and the deferral for income from reacquisition of business debt. These items are excluded from the estimate provided in Table 1.

SUBJECT: State Auditor’s Certification
Substitute to House Bill 1150
(LC 21 0820S)

Dear Representative Maxwell:

This substitute bill would amend provisions relating to retirement and pensions under the

SECTION 1.

Chapter 11 of Title 15 of the Official Code of Georgia Annotated, relating to juvenile proceedings, is amended by revising Code Section 15-11-64.2, relating to victim impact statements in delinquency proceedings, as follows:

"15-11-64.2.

(a) In any delinquency proceeding in which a petition has been filed, the juvenile court shall notify any victim of a delinquent child's alleged offense delinquent act that the victim may submit a victim impact statement form as provided in Code Section 17-10-1.1 if:

(1) The allegedly delinquent child, in conduct which would constitute a felony if committed by an adult, caused physical, psychological, or economic injury to the victim; or

(2) The allegedly delinquent child, in conduct which would constitute a misdemeanor if committed by an adult, caused serious physical injury or death to the victim.

(b) The provisions of subsection (e) of Code Section 17-10-1.1 shall apply to the use and disclosure of the victim impact form. A victim impact statement submitted by a victim shall be attached to the case file and may be used by the district attorney or the judge during any stage of the proceedings against the child involving predisposition, disposition, or determination of restitution.

(c) A victim impact statement shall:

(1) Identify the victim of the offense and the perpetrator;

(2) Itemize any economic loss suffered by the victim as a result of the offense;

(3) Identify any physical injury suffered by the victim as a result of the offense along with its seriousness and permanence;

(4) Describe any change in the victim's personal welfare or familial relationships as a result of the offense;

(5) Identify any request for psychological services initiated by the victim or the victim's family as a result of the offense; and

(6) Contain any other information related to the impact of the offense upon the victim that the court requires.

(d) The victim may complete the victim impact statement form and submit such form to the juvenile court. If the victim is unable to do so because of such victim's mental, emotional, or physical incapacity, or because of such victim's age, the victim's attorney or a family member may complete the victim impact statement form on behalf of the victim.

(e) Prior to the imposition of a dispositional order for an allegedly delinquent child, the juvenile court shall permit the victim to address the juvenile court and present any information or opinions that concern the victim or the victim's family, including the impact of the delinquent act on the victim, the harm caused by the allegedly delinquent
child and the delinquent act, the need for restitution, or the terms of the disposition order. Such statement shall be given in the presence of the allegedly delinquent child and shall be subject to cross-examination. The prosecuting attorney and the allegedly delinquent child shall be afforded the opportunity to explain, support, or deny the victim's statement. It shall be the duty of the juvenile court to advise the victim of the right to address the court prior to the entry of a dispositional order for a delinquent child. The victim shall have the discretion to exercise the right to be present and be heard at the dispositional hearing. If the victim is voluntarily absent from the dispositional hearing, such absence shall constitute a waiver of the rights provided by this subsection. The court shall, in the manner prescribed by rule of court, provide the child with a copy of the victim impact statement within a reasonable time prior to any hearing at which it is to be considered and allow the child to have the opportunity to rebut the victim's written statements.

(f) Except as provided in subsection (d) of this Code section, no disposition of the child shall be invalidated because of failure to comply with the provisions of this subsection Code section. This subsection Code section shall not be construed to create any cause of action or any right of appeal on behalf of any person the victim, the state, or the accused; provided, however, that if the court intentionally fails to comply with this Code section, the victim may file a complaint with the Judicial Qualifications Commission."

SECTION 2.
Said chapter is further amended by revising subsection (e) of Code Section 15-11-78, relating to exclusion of the public from juvenile court hearings, as follows:

"(e) Only the parties, their counsel, witnesses, persons accompanying a party for his or her assistance, the victim, and any other persons as the court finds have a proper interest in the proceeding or in the work of the court may be admitted by the court to hearings from which the public is excluded; provided, however, that when the conduct alleged in the deprivation proceeding could give rise to a criminal or delinquent prosecution, attorneys for the prosecution and the defense shall be admitted."

SECTION 3.
Said chapter is further amended by revising subsection (b) of code Section 15-11-155, relating to dispositional hearing for mental competency plans, as follows:

"(b) The persons required to be notified of the mental competency disposition hearing and witnesses identified by the plan manager shall be given at least ten days' prior notice of the disposition hearing and any subsequent hearing to review the child's condition and shall be afforded an opportunity to be heard at any such hearing. The victim, if any, of the child's delinquent or unruly act shall also be provided with the same ten days' prior notice regarding any such hearing and shall be afforded an opportunity to be heard and to present a victim impact statement form to the court at any such hearing. The judge shall make a determination regarding sequestration of witnesses in order to protect the privileges and confidentiality rights of the child."
SECTION 4.
Title 17 of the Official Code of Georgia Annotated, relating to criminal procedure, is amended by revising subsections (a) and (d) of Code Section 17-10-1.2, relating to oral victim impact statements, as follows:

"(a)(1) In all cases in which the death penalty may be imposed, subsequent to an adjudication of guilt and in conjunction with the procedures in Code Section 17-10-30, the court shall allow evidence from the family of the victim, or such other witness having personal knowledge of the victim's personal characteristics and the emotional impact of the crime on the victim, the victim's family, or the community. Except as provided in paragraph (4) of this subsection, such evidence shall be given in the presence of the defendant and of the jury and shall be subject to cross-examination.

(2) The admissibility of the evidence described in paragraph (1) of this subsection and the number of witnesses other than immediate family who may testify shall be in the sole discretion of the judge and in any event shall be permitted only in such a manner and to such a degree as not to inflame or unduly prejudice the jury. As used in this paragraph, the term 'immediate family' means the victim's spouse, child, parent, stepparent, grandparent, grandchild, sibling, stepbrother, stepsister, mother-in-law, father-in-law, sister-in-law, or brother-in-law and the spouses of any such individuals.

(3) In all cases other than those in which the death penalty may be imposed, prior to fixing of the sentence as provided for in Code Section 17-10-1 or the imposing of life imprisonment as mandated by law, and before rendering the appropriate sentence, including any order of restitution, the court shall allow evidence from the victim, as such term is defined in Code Section 17-17-3, the family of the victim, or such other witness having personal knowledge of the crime to testify about the impact of the crime on the victim, the family of the victim, or the community. Except as provided in paragraph (4) of this subsection, such evidence shall be given in the presence of the defendant and shall be subject to cross-examination. The admissibility of the evidence described in this paragraph shall be in the sole discretion of the judge and in any event testimony and evidence in support of such testimony shall be in the sole discretion of the judge and in any event shall be permitted only in such a manner as to allow for cross-examination by the defendant and to such a degree as not to unduly prejudice the defendant. If the judge excludes the testimony or evidence in support of such testimony, the state shall be allowed to make a proffer of such testimony or evidence.

(4) Upon a finding by the court specific to the case and the witness that the witness would not be able to testify in person without showing undue emotion or that testifying in person will cause the witness severe physical or emotional distress or trauma, evidence presented pursuant to this subsection may be in the form of, but not limited to, a written statement or a prerecorded audio or video statement, provided that such witness is subject to cross-examination and the evidence itself will not be available to the jury during deliberations. Photographs of the victim may be included with any evidence presented pursuant to this subsection.

(5) If the accused has been convicted of a serious violent felony as defined in Code Section 17-10-6.1, attempted murder or attempted kidnapping, or any violation of
Code Section 16-5-90, 16-5-91, 16-7-82, 16-7-84, or 16-7-86, and the victim or a representative of the victim is not present at the presentence hearing, it shall be the duty of the court to inquire of the prosecuting attorney whether or not the victim has been notified of the presentence hearing as provided in Code Section 17-17-5. If the court finds that the prosecuting attorney has not made a reasonable attempt to notify the victim, the presentence hearing shall be recessed in order to provide the victim the opportunity to attend prior to sentence being imposed; provided, however, that prior to recessing the presentence hearing, the court shall allow the state or the accused to call any witnesses who were subpoenaed and are present at such presentence hearing. Following any such testimony, the presentence hearing shall be recessed and the victim shall be notified of the date, time, and location when the presentence hearing shall resume."

"(d) No sentence shall be invalidated because of failure to comply with the provisions of this Code section. This Code section shall not be construed to create any cause of action or any right of appeal on behalf of any person, the victim, the state, or the accused; provided, however, that if the court intentionally fails to comply with this Code section, the victim may file a complaint with the Judicial Qualifications Commission."

(a) There shall be issued beginning July 1, 2007, special license plates honoring the family members of service members who have been killed in action while serving in the armed forces of the United States. The license plate shall be officially designated as the Gold Star license plate.

(b) The commissioner, in cooperation with supporters of this license plate, shall design a special license plate for the family members of service members who have been killed in action while serving in the armed forces of the United States. The license plates must be of the same size as general issue motor vehicle license plates and shall include a unique design and identifying number, whereby the total number of characters does not exceed six an amount to be determined by the commissioner. The license plate shall bear in a conspicuous place a gold star with blue fringe on a white background with a red border. This is the symbol for a fallen service member. In the indented area normally used for the county of residence decal, the words 'Gold Star Family' shall be displayed. The graphic on the special license plate shall be placed to the left of the alphanumeric characters and shall be no larger than three inches by three inches.
(c) Notwithstanding the provisions of subsections (a) and (b) of this Code section, this Code section shall not be implemented until such time as the State of Georgia has, through a licensing agreement or otherwise, received such license or other permission as may be required to implement this Code section. The design of the initial edition of such special license plate, as well as the design of subsequent editions and excepting only any part or parts of the designs owned by others and licensed to the state, shall be owned solely by the State of Georgia for its exclusive use and control, except as authorized by the commissioner. The commissioner may take such steps as may be necessary to give notice of and protect such right, including the copyright or copyrights. However, such steps shall be cumulative of the ownership and exclusive use and control established by this subsection as a matter of law, and no person shall reproduce or otherwise use such design or designs, except as authorized by the commissioner.

(d) On and after July 1, 2007, any motor vehicle owner who is a resident of Georgia, other than one registering under the International Registration Plan, upon complying with state laws relating to registration and licensing of motor vehicles shall be issued such a special license plate upon application therefor. Special license plates issued under this Code section shall be renewed annually with a revalidation decal as provided in Code Section 40-2-31. One Gold Star license plate per eligible family member is free of charge, after payment of all ad valorem taxes and other fees due at registration of a motor vehicle. In order to qualify as a family member, the person must be directly related to the fallen service member as a spouse or legal mother or father. If a Gold Star license plate is lost, damaged, or stolen, the eligible family member must pay the reasonable cost, to be established by the department, but not to exceed the cost of other specialty license plates, to replace the Gold Star license plate.

(e) Whether a service member is deemed to have been killed in action shall be determined by the classification of death as listed by the United States Department of Defense and may be verified from documentation directly from the Department of Defense.

(f) The Gold Star license plate shall be issued only to family members of service members who resided in Georgia at the time of the death of the service member.

(g) Renewal decals shall be issued at no cost to the eligible family member upon the payment of ad valorem taxes and other registration fees, provided that the renewal is applied for on or within 30 days prior to the renewal date of the eligible family member. Therefore, the special license plates listed in subsection (o) of this Code section shall be issued by the department beginning on July 1, 2007, if all of the requirements of subsections (b) through (k) of this Code section have been satisfied. The license plates listed in subsections (m) and (n) of this Code section shall continue to be issued so long as they meet the requirements of subsections (b), (e), (f), (g), (i), (j), and (k) of this Code section. c) Notwithstanding the provisions of subsection (b) of this Code section, no special license plate shall be produced until such time as the State of Georgia has, through a licensing agreement or otherwise, received such licenses or other permissions as may be required to produce the special license plate. The design of the initial edition of any special license plate, as well as the design of subsequent editions and excepting only any part or parts of the designs owned by others and licensed to the state, shall be owned solely by the State of Georgia for its exclusive use and control, except as authorized by the commissioner. The commissioner may take such steps as may be necessary to give notice of and protect such right, including the copyright or copyrights. However, such steps shall be cumulative of the ownership and exclusive use and control established by this subsection as a matter of law, and no person shall reproduce or otherwise use such design or designs, except as authorized by the commissioner.

d) Beginning on January 1, 2007, any Georgia resident who is the owner of a motor vehicle, except a vehicle registered under the International Registration Plan, upon complying with the motor vehicle laws relating to registration and licensing of motor vehicles and upon the payment of the manufacturing fee and the special tag renewal fee appropriate fees in addition to the regular motor vehicle registration fee shall be able to apply for a special license plate listed in subsection (o) of this Code section. Revalidation decals shall be issued for special license plates in the same manner as provided for general issue license plates.

(f) Before the department disburses to the agency, fund, or nonprofit corporation funds from the sale of special license plates, the agency, fund, or nonprofit corporation must provide a written statement stating the manner in which such funds shall be utilized. In addition, a nonprofit corporation must provide the department with documentation of its nonprofit status under Section 501(c)(3) of Title 26 of the Internal Revenue Code. The purposes for which the funds shall be utilized must be the same as those specified in subsections (m) and (n) of this Code section authorizing the dedication to the agency, fund, or nonprofit corporation of revenue from the sale of special license plates. The agency, fund, or nonprofit corporation shall periodically provide to the commissioner an audit of the use of the funds or other evidence of use of the funds satisfactory to the commissioner. If it is determined that the funds are not being used for the purposes set forth in the statement provided by the agency, fund, or nonprofit corporation, the department shall withhold payment of such funds until such noncompliance issues are resolved.

(g) An applicant may request a special license plate any time during the applicant's registration period. If such a license plate is to replace a current valid license plate, the

After such time if the minimum number of applications is not met, the department shall not continue to accept the manufacturing fee fees, and all fees shall be refunded to applicants; provided, however, that once the department has received 1,000 prepaid applications along with the manufacturing fees, the sponsor shall not be entitled to a refund.

The department shall not be required to continue to manufacture the special license plate if the number of active registrations falls below 500 registrations at any time during the period provided for in subsection (b) of Code Section 40-2-31. A current registrant may continue to renew such special license plate during his or her annual registration period upon payment of the special tag license plate renewal fee, if applicable, which shall be collected by the county tag agent at the time of collection of other registration fees and shall be remitted to the state as provided in Code Section 40-2-34. The department may continue to issue such special license plates that it has in its inventory to assist in achieving the minimum number of registrations. If the special license plate falls below 500 active registrations at any time during the period provided for in subsection (b) of Code Section 40-2-31, the sponsoring agency, fund, or nonprofit corporation shall be required again to obtain 1,000 prepaid applications accompanied by the manufacturing fee fees to continue to manufacture the special license plate.

Special license plates shall be transferred from one vehicle to another vehicle in accordance with the provisions of Code Section 40-2-80.

SECTION 1.
WHEREAS, the General Assembly desires to reaffirm the legislative findings and declarations set forth in Code Section 10-1-621 and to make changes to the Georgia Motor Vehicle Franchise Practices Act in an effort to promote the stability of franchised motor vehicle dealerships in this state, thereby maintaining necessary reliable services to the consuming public, maintaining full and fair competition among dealers in the public interest, and providing continued employment to the citizens of this state.

(A) Multiple brand names or marks may constitute a single line-make, but only when included in a common dealer agreement and the manufacturer, distributor, or importer offers such vehicles bearing the multiple names or marks together only,
and not separately, to its authorized dealers; and
(B) Motor vehicles bearing a common brand name or mark may constitute separate line-makes when pertaining to motor vehicles subject to separate dealer agreements or when such vehicles are intended for different types of use."

(2) Has good cause for cancellation, termination, or nonrenewal.

(b) Notwithstanding the terms, provisions, or conditions of any franchise or the terms or provisions of any waiver, good cause shall exist for the purposes of a termination, cancellation, or nonrenewal when there is a failure by the dealer to comply with a provision of the franchise which is both reasonable and of material significance to the franchise relationship, provided the dealer has been notified in writing of the failure within 180 days after the franchisor first acquired knowledge of such failure or after the dealer is given a reasonable opportunity to correct such failure for a period of not less than 180 days.

(c) If the failure by the dealer, as defined in subsection (b) of this Code section, relates to the performance of the dealer in sales or service, then good cause shall be defined as the failure of the dealer to comply with reasonable performance criteria established by the franchisor in light of existing circumstances, including but not limited to current and forecasted economic conditions, provided the following conditions are satisfied:

(1) The dealer was notified by the franchisor in writing of such failure;
(2) Said notification stated that notice was provided of failure of performance pursuant to this Code section; and
(3) The dealer was afforded a reasonable opportunity, for a period of not less than six months, to comply with such criteria.

(iii) Conviction of the dealer, general manager, or managing executive or any owner with a substantial interest therein of any crime which materially relates to the operation of the dealership or any felony which is punishable by imprisonment;
(iv) Suspension for a period of more than 14 days or revocation of any license which the dealer is required to have to operate a dealership; or
(v) Fraud or intentional misrepresentation by the dealer which materially affects the franchise, provided the franchisor gives notice within one year of the time when the fraud or misrepresentation occurred or was discovered, whichever is later; or
(C) Not less than 180 days prior to the effective date of such termination or cancellation where the franchisor is discontinuing the sale of the product line.

Any new and unused motor vehicle repurchased by the franchisor shall be repurchased at the net cost to the dealer. For purposes of this subparagraph, a motor vehicle shall be considered new and unused if it has less than 500 miles on the odometer and has not been issued a certificate of title.
(B) In addition to the motor vehicles repurchased under subparagraph (A) of this paragraph, the franchisor shall repurchase demonstration motor vehicles of the current model year and demonstration motor vehicles acquired by the dealer within
12 months of the date of termination, cancellation, or nonrenewal so long as such motor vehicles have been acquired from the franchisor or from another dealer of the franchisor prior to receipt of the notice of termination, cancellation, or nonrenewal and so long as such motor vehicles have not been altered, damaged, or materially changed and so long as such motor vehicles do not have more than 6,000 miles each on their odometers. Any such demonstration motor vehicle shall be repurchased at the net cost to the dealer less an allowance for use equal to the net cost to the dealer times the current mileage divided by 100,000. The franchisor shall repurchase a number of demonstration motor vehicles equal to 10 percent of the number of motor vehicles repurchased under subparagraph (A) of this paragraph; however, in no event shall the number of demonstration motor vehicles which the franchisor is required to repurchase ever be less than two or more than 15 motor vehicles.

(C) For purposes of this paragraph, a motor vehicle shall not be deemed to have been altered, damaged, or materially changed if it has been provided with original equipment or with nonoriginal equipment which does not alter, damage, or materially change the motor vehicle, such as undercoating, pinstriping, interior conditioning, or paint sealant.

(2) Upon the termination, cancellation, or nonrenewal of any franchise by the dealer, the franchisor shall repurchase from the dealer any new and unused undamaged motor vehicles, except motorcycles as defined in paragraph (29) of Code Section 40-1-1 and except motor homes as defined in paragraph (31) of Code Section 40-1-1 and except school buses as defined in paragraph (55) of Code Section 40-1-1, of the current and prior model year acquired by the dealer within 12 months prior to the effective date of the termination so long as such motor vehicles have been acquired from the franchisor or from another dealer of the franchisor of the same line-make and in the normal course of business and so long as such motor vehicles have not been altered, damaged, or materially changed while in the dealer's possession. Any new and unused motor vehicle repurchased by the franchisor shall be repurchased at the net cost to the dealer. For purposes of this paragraph, a motor vehicle shall be considered new and unused if it has less than 500 miles on the odometer and has not been issued a certificate of title. For purposes of this paragraph, a motor vehicle shall not be deemed to have been altered, damaged, or materially changed if it has been provided with original equipment or with nonoriginal equipment which does not alter, damage, or materially change the motor vehicle, such as undercoating, pinstriping, interior conditioning, or paint sealant.

(3)(A) Upon the termination, cancellation, or nonrenewal of any franchise by the franchisor or upon the termination, cancellation, or nonrenewal of any franchise by the franchisee, the franchisor shall repurchase, at fair and reasonable compensation, from the dealer the following:

(i) Any unused, undamaged, and unsold parts which have been acquired from the franchisor, provided such parts are currently offered for sale by the franchisor in its current parts catalog and are in salable condition. Such parts shall be repurchased by the franchisor at the current catalog price, less any applicable
discount;
(ii) Any supplies, equipment, and furnishings, including manufacturer or line-
made signs, purchased from the franchisor or its approved source within three
years of the date of termination, cancellation, or nonrenewal; and
(iii) Any special tools purchased from the franchisor within three years of the date
of termination, cancellation, or nonrenewal or any special tools or other equipment
which the franchisor required the dealer to purchase regardless of the time
purchased.
(B) Except as provided in division (i) of subparagraph (A) of this paragraph, fair
and reasonable compensation shall be the net acquisition price if the item was
acquired in the 12 months preceding the effective date of the termination,
cancellation, or nonrenewal; 75 percent of the net acquisition price if the item was
acquired between 13 and 24 months preceding the effective date of the termination,
cancellation, or nonrenewal; 50 percent of the net acquisition price if the item was
acquired between 25 and 36 months preceding the effective date of the termination,
cancellation, or nonrenewal; 25 percent of the net acquisition price if the item was
acquired between 37 and 60 months preceding the effective date of the termination,
cancellation, or nonrenewal; or fair market value if the item was acquired more than
60 months preceding the effective date of the termination, cancellation, or
nonrenewal.
(4) The repurchase of any item under this subsection shall be accomplished within 60
days of the effective date of the termination, cancellation, or nonrenewal or within 60
days of the receipt of the item by the franchisor, whichever is later in time, provided
the dealer has clear title to the inventory and other items or is able to convey such title
to the franchisor and does convey or transfer title and possession of the inventory and
other items to the franchisor.
(5) In the event the franchisor does not pay the dealer the amounts due under this
subsection or subsection (g) of this Code section within the time period set forth in
this subsection, the franchisor shall, in addition to any amounts due, pay the dealer
interest on such amount. This interest shall not begin to accrue until the time for
payment has expired. The interest shall be computed monthly on any balance due and
the monthly interest rate shall be one-twelfth of the sum of the then current Wall
Street Journal Prime Interest Rate and 1 percentage point.
(g) If a termination or nonrenewal of a franchise is the result of a bankruptcy filing or
reorganization of a franchisor or the sale or other change in the business operation of
the franchisor, the franchisor shall be required to pay the fair market value of the
franchise as of the date of the notice of termination or nonrenewal or 12 months prior to
the date of notice of termination or nonrenewal, whichever is greater. Fair market value
shall be the goodwill value of the dealer's franchise in the dealer's community or
territory. In addition, if a termination or nonrenewal of a franchise is the result of a
bankruptcy filing or reorganization of a franchise or the sale or other change in the
business operation of the franchisor, the franchisor shall also be required to reimburse
the dealer for the cost of facility upgrades and renovations required by the franchisor
within two years prior to termination or nonrenewal. Termination assistance provided for in this subsection shall be in addition to repurchase obligations otherwise set forth in this Code section.

(h) Within 60 days of the termination, cancellation, or nonrenewal of any franchise by the franchisor, the franchisor shall commence to reimburse the dealer for one year of the dealer's reasonable cost to rent or lease the dealership's facility or location or for the unexpired term of the lease or rental period, whichever is less, or, if the dealer owns the facility or location, for the equivalent of one year of the reasonable rental value of the facilities or location. If more than one franchise is being terminated, canceled, or not renewed, the reimbursement shall be prorated equally among the different franchisors. However, if a franchise is terminated, canceled, or not renewed but the dealer continues in business at the same location under a different franchise agreement, the reimbursement required by this subsection shall not be required to be paid. The provisions of this subsection shall not apply if the dealer is convicted of any criminal offense which conviction is cause of the termination, cancellation, or nonrenewal. In addition, any reimbursement due under this subsection shall be reduced by any amount received by the dealer by virtue of the dealer leasing, subleasing, or selling the facilities or location during the year immediately following the termination, cancellation, or nonrenewal. If reimbursement is made under this subsection, the franchisor is entitled to possession and use of the facilities or location for the period covered by such reimbursement.

(i) If, in an action for damages under this Code section, the franchisor fails to prove that there was good cause for the franchise termination, cancellation, or nonrenewal, then the franchisor may pay the dealer an amount equal to the value of the dealership as an ongoing business, at which time the franchisor shall receive any title to the dealership facilities which the dealer may have and the franchisee shall surrender his franchise agreement to the franchisor. If the dealer receives an amount equal to the value as an ongoing business, the dealer shall have no other recovery from the franchisor absent a showing such as would warrant punitive damages under Code Section 10-1-623.

(j) Without limitation as to factors which may constitute or indicate a lack of good cause, no termination shall be considered to be for good cause:

(1) If such termination relates to the death or disability of an owner and the franchisor has not complied with Code Section 10-1-652; or
(2) If such termination relates to a change in ownership or management and the franchisor has not complied with Code Section 10-1-653.

(k) All procedures, protections, and remedies afforded to a motor vehicle dealer under this Code section shall be available to a motor vehicle distributor whose distributor agreement is terminated, canceled, not renewed, modified, or replaced by a manufacturer or an importer."

SECTION 8.
Said article is further amended by revising Code Section 10-1-661, relating to delivery of
motor vehicles and modification of dealership facilities, as follows:

"10-1-661.
(a) For purposes of this Code section, the term 'coerce' means to compel or attempt to compel by threat or use of force or to fail to act in good faith in performing or complying with any term or provision of a franchise or dealer agreement.

(b) No franchisor shall require, attempt to require, coerce, or attempt to coerce any dealer in this state:

(1) To order or accept delivery of any new motor vehicle, part, or accessory thereof, equipment, or any other commodity not required by law which shall not have been voluntarily ordered by the dealer, except that this paragraph does not affect any terms or provisions of a franchise requiring dealers to market a representative line of those motor vehicles which the franchisor is publicly advertising;

(2) To order or accept delivery of any new motor vehicle with special features, accessories, or equipment not included in the list price of such new motor vehicle as publicly advertised by the franchisor;

(3) To refrain from participation in the management of, investment in, or the acquisition of any other line of new motor vehicle or related products. However, this paragraph does not apply unless the dealer maintains a reasonable line of credit for each make or line of new motor vehicle, the dealer remains in compliance with any reasonable facilities requirements of the franchisor, the dealer provides acceptable sales performance, and no change is made in the principal management of the dealer;

(4) To expand, construct, or significantly modify facilities without assurances that the franchisor will provide a reasonable supply of new motor vehicles within a reasonable time so as to justify such an expansion in light of the market and economic conditions;

(5) To sell, assign, or transfer any retail installment sales contract obtained by such dealer in connection with the sale by such dealer in this state of new motor vehicles to a specified finance company or class of such companies or to any other specified persons;

(6) To provide warranty or other services for the account of franchisor, except as provided in Part 3 of this article, the 'Motor Vehicle Warranty Practices Act'; or

(7) To acquire any line make of motor vehicle or to give up, sell, or transfer any line make of motor vehicle which has been acquired in accordance with this article once such dealer has notified the franchisor that it does not desire to acquire, give up, sell, or transfer such line make or to retaliate or take any adverse action against a dealer based on such desire; or

(8) To construct, renovate, or maintain exclusive facilities, personnel, or showroom area dedicated to a particular line make if the imposition of such a requirement would be unreasonable in light of the existing circumstances, including the franchisor's reasonable business considerations, present economic and market conditions, and forecasts for future economic and market conditions in the dealer's retail territory. The franchisor shall have the burden of proof to demonstrate that its demand for exclusivity is justified by reasonable business considerations and reasonable in light
of the dealer's circumstances, but this provision shall not apply to a voluntary agreement when separate and adequate consideration was offered and accepted, provided that the renewal of a franchise agreement shall not by itself constitute separate and adequate consideration. The franchisor shall have the burden of proof to show that the dealer has entered into a voluntary, noncoerced agreement regarding exclusivity.

(b) No action shall in any way be based on this Code section with respect to acts occurring prior to July 1, 1983."

**SECTION 9.** Said article is further amended by revising Code Section 10-1-662, relating to unlawful activities of motor vehicle franchisors, as follows:

"10-1-662.
(a) It shall be unlawful for any franchisor:

(1) To delay, refuse, or fail to deliver new motor vehicles or new motor vehicle parts or accessories in a reasonable time and in reasonable quantity if such vehicles, parts, or accessories are publicly advertised as being available for immediate delivery. This paragraph is not violated, however, if such failure is caused by acts or causes beyond the control of the franchisor;

(2) To obtain money, goods, services, or any other benefit from any other person with whom the dealer does business, on account of, or in relation to, the transaction between the dealer and such other person, other than as compensation for services rendered, unless such benefit is promptly accounted for and transmitted to the dealer;

(3) To release to any outside party, except under subpoena or as otherwise required by law or in an administrative, judicial, or arbitration proceeding involving the franchisor or dealer, any business, financial, or personal information which may be from time to time provided by the dealer to the franchisor, without the express written consent of the dealer;

(4) To resort to or to use any false or intentionally deceptive advertisement in the conduct of business as a franchisor in this state;

(5) To make any false or intentionally deceptive statement, either directly or through any agent or employee, in order to induce any dealer to enter into any agreement or franchise or to take any action which is prejudicial to that dealer or that dealer's business;

(6) To require any dealer to assent prospectively to a release, assignment, novation, waiver, or estoppel which would relieve any person from liability to be imposed by law or to require any controversy between a dealer and a franchisor to be referred to any person other than the duly constituted courts of the state or the United States if such referral would be binding upon the dealer, provided that this Code section shall not prevent any dealer from entering into a valid release agreement with the franchisor;

(7) To fail to observe good faith in any aspect of dealings between the franchisor and the dealer;
(8) To deny any dealer the right of free association with any other dealer for any lawful purposes;
(9) To engage in any predatory practice or discrimination against any dealer;
(10) To propose or make any material change in any franchise agreement without giving the dealer written notice by certified mail or statutory overnight delivery of such change at least 60 days prior to the effective date of such change;
(11) To cancel a franchise or to take any adverse action against a dealer based in whole or in part on the failure of the dealer to meet the reasonable performance goals of the manufacturer criteria established by the franchisor in light of existing circumstances, including but not limited to current and forecasted economic conditions, or when that failure is due to the failure of the franchisor to supply, within a reasonable period of time, new motor vehicles ordered by or allocated to the dealer;
(12) To offer to sell or lease or to sell or lease any new motor vehicle or accessory to any dealer at a lower actual price therefor than the actual price offered to any other dealer for the same model vehicle similarly equipped or same accessory or to use any device, including but not limited to an incentive, sales promotion plan, or other similar program, which results in a lower actual price of a vehicle or accessory being offered to one dealer and which is not offered to other dealers of vehicles of the same line make or the same accessory;
(13) To conduct an audit, investigation, or inquiry of any dealer or dealership as to any activity, transaction, conduct, or other occurrence which took place or as to any promotion or special event which ended more than one year prior to such audit, investigation, or inquiry or to base any decision adverse to the dealer or dealership on any activity, transaction, conduct, or other occurrence which took place or as to any promotion or special event which ended more than one year prior to such decision or which took place any time prior to the period of time covered by such audit, investigation, or inquiry or to apply the results of an audit, investigation, or inquiry to any activity, transaction, conduct, or other occurrence which took place any time prior to the time covered by such audit, investigation, or inquiry;
(14) To charge back to, deduct from, or reduce any account of a dealer or any amount of money owed to a dealer by a franchisor any amount of money the franchisor alleges is owed to such franchisor by such dealer as a result of an audit, investigation, or inquiry of such dealer or based upon information obtained by the franchisor through other resources which relates to any transaction that occurred more than 12 months prior to notice to the dealer of the charge back or deduction, but rather if a franchisor alleges that a dealer owes such franchisor any amount of money as a result of an audit, investigation, or inquiry, such franchisor shall send a notice to such dealer for such amount and the dealer shall have not less than 30 days to contest such amount or remit payment;
(15) To deny, delay payment for, restrict, or bill back a claim by a dealer for payment or reimbursement for warranty service or parts, incentives, hold-backs, special program money, or any other amount owed to such dealer unless such denial, delay, restriction, or bill back is the direct result of a material defect in the claim which
affects the validity of the claim;
(16) To engage in business as a dealer or to manage, control, or operate, or own any interest in a dealership either directly or indirectly, if the primary business of such dealer or dealership is to perform repair services on motor vehicles, except motor homes, pursuant to a manufacturer's or franchisor's warranty; or
(17) To refuse to allow, to limit, or to restrict a dealer from maintaining, acquiring, or adding a sales or service operation for another line make of motor vehicles at the same or expanded facility at which the dealer currently operates a dealership unless the franchisor can prove by a preponderance of the evidence that such maintenance, acquisition, or addition will substantially impair the dealer's ability to adequately sell or service such franchisor's motor vehicles;
(18) To directly or indirectly condition a franchise agreement or renewal of a franchise agreement, addition of a line make, approval of relocation, or approval of a sale or transfer on the dealer's or prospective dealer's willingness to enter into a site control agreement; provided, however, that this paragraph shall not apply to a voluntary agreement when separate and adequate consideration is paid to the dealer. The franchisor shall have the burden of proof to show the voluntary, noncoerced acceptance of the site control agreement by the dealer; or
(19) To charge back, withhold payment, deny vehicle allocation, or take other adverse action against a dealer when a new vehicle sold by the dealer has been exported to a foreign country unless the franchisor can demonstrate that the dealer knew or reasonably should have known that the customer intended to export or resell the new vehicle. There shall be a rebuttable presumption that the dealer had no such knowledge if the vehicle is titled or registered in any state in this country.
(b) No action shall in any way be based on this Code section with respect to acts occurring prior to July 1, 1983."

SECTION 10.
This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 11.
All laws and parts of laws in conflict with this Act are repealed.

Senate Sponsor: Senator Bulloch of the 11th.

The Senate Agriculture and Consumer Affairs Committee offered the following substitute to HB 883:
A BILL TO BE ENTITLED
AN ACT

To provide for a short title; to amend Code Section 26-2-27.1 of the Official Code of Georgia Annotated, relating to testing of specimens from food processing centers, so as to provide the Commissioner of Agriculture with certain authority regarding food safety plans; to mandate certain written safety plans; to provide for civil and criminal penalties; to provide for review of civil penalties; to provide for related matters; to provide an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.
This Act shall be known and may be cited as the "Sanitary Activity for Food-processing Enterprises (SAFE) Act."

SECTION 2.
Code Section 26-2-27.1 of the Official Code of Georgia Annotated, relating to written food safety plans, is amended by revising subsection (b) as follows:

"(b)(1)(A) In order to protect the public health, safety, and welfare and ensure compliance with this article, the Commissioner shall by rule or regulation establish requirements for regular testing of samples or specimens of foods and ingredients by food processing plants for the presence of poisonous or deleterious substances or other contaminants rendering such foods or ingredients injurious to health. Such rules or regulations shall identify the specific classes or types of food processing plants, foods, ingredients, and poisonous or deleterious substances or other contaminants that shall be subject to such testing requirements and the frequency with which such tests shall be performed by food processing plants.

(B) The Commissioner shall also promulgate rules and regulations establishing minimum standards and requirements for a written food safety plan, such as a hazard analysis critical control point plan, that may be submitted by an operator of a food processing plant to document and describe the procedures used at such plant to prevent the presence of hazards such as poisonous or deleterious substances or other contaminants that would render finished foods or finished ingredients as manufactured at such plant injurious to health, including preventive controls, monitoring to ensure the effectiveness of such controls, and records of corrective actions, including actions taken in response to the presence of known hazards. If an operator of a food processing plant, in its discretion, submits to the department a written food safety plan for such plant and such plan conforms to rules and regulations promulgated for purposes of this subparagraph, then such food processing plant shall comply with the requirements of such written food safety plan, including, but not limited to, any test regimen provided by such plan, in lieu of complying with a test regimen established by rules or regulations promulgated by
the Commissioner pursuant to subparagraph (A) of this paragraph.

(C)(i) The Commissioner shall impose a civil penalty for a violation of this subsection.

(ii) The department shall adopt rules and regulations establishing a schedule of civil penalties that shall be imposed under this subsection. Civil penalties imposed pursuant to this subsection shall not exceed $5,000.00 for each violation; provided, however, that a food processing plant that knowingly fails to comply with the provisions of subparagraph (B) of this paragraph shall be punished by the imposition of a $7,500.00 civil penalty. In addition to such civil penalty, within 30 days of the determination by the Commissioner that such violation has occurred, such food processing plant shall submit to the Commissioner a written plan pursuant to subparagraph (B) of this paragraph.

(iii) For purposes of this subsection, each day a violation continues after the period established for compliance by the Commissioner shall be considered a separate violation.

(iv) When a civil penalty is imposed under this subsection, such penalty shall be subject to review in the manner prescribed by Article 1 of Chapter 13 of Title 50, known as the 'Georgia Administrative Procedure Act.'

(2) In addition to any regular tests required pursuant to paragraph (1) of this subsection, the Commissioner may order any food processing plant to have samples or specimens of its foods and ingredients tested for the presence of any poisonous or deleterious substances or other contaminants whenever in his or her determination there are reasonable grounds to suspect that such foods or ingredients may be injurious to health."

**SECTION 3.**

Said Code section is further amended by revising subsections (e) and (f) as follows:

"(e)(1) Whenever any person or firm that operates a food processing plant in this state obtains information from testing of samples or specimens of finished foods or finished food ingredients as manufactured at such food processing plant which, based on a confirmed positive test result, indicates the presence of a substance that would cause a manufactured food bearing or containing the same to be adulterated within the meaning of paragraph (1) of Code Section 26-2-26, such person or firm shall report such test result to the department within 24 hours after obtaining such information.

(2) Any person who knowingly fails to make the report required by paragraph (1) of this subsection shall be guilty of a misdemeanor. The punishment provided for in this subsection shall be supplemental to any other applicable provisions of law.

(f) Records of the results of any tests required pursuant to this Code section shall be kept by a food processing plant and made available to the department for inspection for a period of not less than two years from the date the results were reported by the laboratory. Any person who knowingly violates this subsection shall be guilty of a misdemeanor. The punishment provided for in this subsection shall be supplemental to any other applicable provisions of law."
SECTION 4.
Said Code section is further amended by adding a new subsection to read as follows:
"(h) Any person who knowingly introduces into commerce finished foods or finished
food ingredients as manufactured at a food processing plant containing a substance that
would cause a manufactured food bearing or containing the same to be adulterated
within the meaning of paragraph (1) of Code Section 26-2-26 shall be guilty of a
felony, and, upon conviction, shall be punished by imprisonment for not less than one
nor more than 20 years, a fine not to exceed $20,000.00, or both. The punishment
provided for in this subsection shall be supplemental to any other applicable provisions
of law."

SECTION 5.
This Act shall become effective upon its approval by the Governor or upon its becoming
law without such approval.

SECTION 6.
All laws and parts of laws in conflict with this Act are repealed.

Such certificates shall be forwarded to the state accounting officer in a manner and at such times as are reflected in the standards developed by the state accounting officer and the state agency or department. This paragraph shall stand repealed and reserved effective July 1, 2013.

This procedure shall not be available to such agency or department in those instances where the obligor has more than one such debt or obligation in any given fiscal year, and this provision shall be construed in favor of the state agency or department so as not to alter the unquestioned ability of such state agency or department to pursue any debt, obligation, or claim in any amount whatsoever. SUBJECT: State Auditor’s Certification  
House Bill 486 (LC 21 0324)

Dear Representative Meadows:

This bill would amend provisions relating to creditable service under the Superior Court Clerks’ Retirement Fund. Under the provisions of this legislation, any person who first or again becomes a member of the Fund on or after July 1, 2010 would no longer be entitled to receive creditable service for prior service as a deputy clerk.

Additionally, this bill would amend provisions relating to death benefits under the Superior Court Clerks’ Retirement Fund. If this legislation is enacted, a death benefit in the amount of $5,000 would be paid to the designated beneficiary of any member who dies in service. This benefit would be in addition to any benefits the surviving spouse may be eligible to receive under current law.

This is to certify that this bill is a fiscal retirement bill as defined in the Public Retirement Systems Standards Law.

Respectfully,

/s/ Russell W. Hinton  
State Auditor

The Senate Retirement Committee offered the following substitute to HB 486:

A BILL TO BE ENTITLED  
AN ACT

To amend Article 5 of Chapter 14 of Title 47 of the Official Code of Georgia Annotated, relating to retirement benefits, disability benefits, and spouses' benefits under the Superior Court Clerks' Retirement Fund of Georgia, so as to provide that persons who become members on or after July 1, 2010, shall not be entitled to credit for service as a
deputy clerk; to provide an exception; to provide for a death benefit; to provide conditions for an effective date and automatic repeal; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.
Article 5 of Chapter 14 of Title 47 of the Official Code of Georgia Annotated, relating to retirement benefits, disability benefits, and spouses' benefits under the Superior Court Clerks' Retirement Fund of Georgia, is amended by revising Code Section 47-14-77, relating to service for which no credit may be received for retirement purposes, by adding a new subsection to read as follows:

"(d)(1) Notwithstanding any other provision of this chapter to the contrary, and except as provided in paragraph (2) of this subsection, a clerk who first or again becomes a member of this retirement fund on or after July 1, 2010, shall not be entitled to receive credit for any purpose for prior service as a deputy clerk.

(2) Any person who is serving as chief deputy clerk on July 1, 2010, and who, without a break in service, became the clerk of the same court may receive creditable service for such service as provided in Code Section 47-14-70 by making application to the board of trustees in such manner as the board deems appropriate and paying to the board of trustees an amount determined by the board of trustees to be sufficient to cover the full actuarial cost of granting such creditable service. Such application and payment shall be made not later than six months after such person became a clerk of the court."

SECTION 2.
Said article is further amended by adding a new Code section to read as follows:

"47-14-79. A death benefit in the amount of $5,000.00 shall be paid to the designated beneficiary of any member who dies in service. In the absence of a designated beneficiary, such amount shall be paid to the deceased member's estate. For members eligible for a surviving spouse's benefit, such amount shall be in addition to the benefit provided pursuant to Code Section 47-14-72."

SECTION 3.
This Act shall become effective on July 1, 2010, only if it is determined to have been concurrently funded as provided in Chapter 20 of Title 47 of the Official Code of Georgia Annotated, the "Public Retirement Systems Standards Law"; otherwise, this Act shall not become effective and shall be automatically repealed in its entirety on July 1, 2010, as required by subsection (a) of Code Section 47-20-50.

SECTION 4.
All laws and parts of laws in conflict with this Act are repealed.

SUBJECT: Actuarial Investigation
House Bill 486 (LC 21 0324)
Superior Court Clerks’ Retirement Fund of Georgia

Dear Chairman Maxwell:

This bill would amend provisions relating to creditable service under the Superior Court Clerks’ Retirement Fund. Under the provisions of this legislation, any person who first or again becomes a member of the Fund on or after July 1, 2010 would no longer be entitled to receive creditable service for prior service as a deputy clerk. Additionally, this bill would amend provisions relating to death benefits. If this legislation is enacted, a death benefit in the amount of $5,000 would be paid to the designated beneficiary of any member who dies in service. If the designated beneficiary is a surviving spouse, this benefit would be in addition to any benefits the surviving spouse may already be entitled to receive under current law.

The first year cost of this legislation would be $3,621 in order to meet the concurrent funding requirements of O.C.G.A. 47-20-50. This is the amount required each year to fund the normal cost. However, since the Fund is currently in a well-funded position, the employer contribution will not need to increase if this legislation is enacted. The estimated cost is based on member data, actuarial assumptions, and actuarial methods. It should be noted that changes in any of these variables could affect the cost of this legislation. Any future costs would be paid through a portion of fines, fees, and bond forfeitures.
The following is a summary of the relevant findings of the actuarial investigation for this bill pursuant to a request by the House Retirement Committee. The investigation was to be conducted according to O.C.G.A. 47-20-36, which outlines the factors to be considered in an actuarial investigation. The figures are based on employee data and the most recent actuarial assumptions and methods.

* According to the actuary, the first year cost of this legislation is $3,621. However, the required employer contribution would not need to increase since this Fund is in a well-funded position. Currently, the amount of revenue generated from fines, fees, and bond forfeitures is sufficient to cover the additional costs associated with this bill and to ensure the Fund remains funded in accordance with the State’s minimum funding standards.

It should be noted that any subsequent changes in the retirement bill will invalidate the actuarial investigation and the findings included therein.

The Honorable Bill Heath
State Senator
State Capitol, Room 109

SUBJECT: State Auditor’s Certification
Substitute to House Bill 486
(LC 21 0845S)

Dear Senator Heath:

This substitute bill would amend provisions relating to creditable service under the Superior Court Clerks’ Retirement Fund. Under the provisions of this legislation, any person who first or again becomes a member of the Fund on or after July 1, 2010 would no longer be entitled to receive creditable service for prior service as a deputy clerk. However, this substitute bill would allow any person who is serving as a chief deputy clerk on July 1, 2010, and who, without a break in service became the clerk of the same court to receive creditable service for such service, provided such person pays the full actuarial cost of such service.

Additionally, this substitute bill would amend provisions relating to death benefits under the Superior Court Clerks’ Retirement Fund. If this legislation is enacted, a death benefit in the amount of $5,000 would be paid to the designated beneficiary of any member who dies in service. This benefit would be in addition to any benefits the surviving spouse may be eligible to receive under current law.

This is to certify that the changes made in this substitute bill are nonfiscal amendments as defined in the Public Retirement Systems Standards Law. Therefore, the actuarial
Investigation prepared for House Bill 486 (LC 21 0324) would apply to this bill. A copy of the actuarial investigation and the State Auditor’s Summary for House Bill 486 (LC 21 0324) is attached.

Respectfully,

/s/ Russell W. Hinton  
State Auditor

On the adoption of the substitute, there were no objections, and the committee substitute was adopted.

The report of the committee, which was favorable to the passage of the bill by substitute, was agreed to.

Senate Sponsor: Senator Murphy of the 27th.

A BILL TO BE ENTITLED
AN ACT

To amend Title 33 of the Official Code of Georgia Annotated, relating to insurance, so as to provide that the Georgia Insurers Insolvency Pool shall be liable to claimants and electing insureds in emergency circumstances; to provide for legislative intent; to provide for definitions; to provide for exceptions to certain provisions relative to the liability of the pool and the filing of claims with the pool; to provide for related matters; to provide an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Title 33 of the Official Code of Georgia Annotated, relating to insurance, is amended by revising subparagraph (G) of paragraph (4) of Code Section 33-36-3, relating to definitions, as follows:

"(G) A covered claim shall not include any first-party claim by an insured whose net worth exceeds $10 million on December 31 of the year next preceding the date the insurer becomes an insolvent insurer; provided, however, that an insured's net worth on such date shall be deemed to include the aggregate net worth of the insured and all of its subsidiaries and affiliates as calculated on a consolidated basis; or any third-party claim relating to a policy of an insured whose net worth exceeds $25 million on December 31 of the year next preceding the date the insurer becomes an insolvent insurer; provided, however, that an insured's net worth on such date shall be deemed to include the aggregate net worth of the insured and all of its subsidiaries and affiliates as calculated on a consolidated basis; and further provided that this exclusion shall not apply to third-party claims against the insured where the insured has applied for or consented to the appointment of a receiver, trustee, or liquidator for all or a substantial part of its assets, filed a voluntary petition in bankruptcy, filed a petition or an answer seeking a reorganization or arrangement with creditors or to take advantage of any insolvency law or, if an order, judgment, or decree is entered by a court of competent jurisdiction, on the application of a creditor, adjudicating the insured bankrupt or insolvent or approving a petition seeking reorganization of the insured or of all or substantial part of its assets."
SECTION 2.
Said title is further amended by revising Code Section 33-36-9, relating to coverage afforded by insolvent insurers to become obligation of pool, as follows:
"33-36-9.
In the event an insurer is ordered to be liquidated, the coverage afforded by property and casualty insurance policies issued by such insurer shall, with respect to covered claims, become the obligation of the pool for a period of 30 days from the date of such determination or until policy expiration date if less than said 30 days or until the policy has been replaced by the insurer within said 30 days. The pool shall be deemed the insurer only to the extent of its obligation on the covered claims and to such extent, subject to the limitations provided in this chapter, shall have all rights, duties, and obligations of the insolvent insurer as if the insurer had not become insolvent, including, but not limited to, the right to pursue and retain salvage and subrogation recoverable on paid covered claim obligations. The pool shall not be deemed the insolvent insurer for any purpose relating to the issue of whether the pool is amenable to the personal jurisdiction of the courts of any state. The pool is authorized to investigate, adjust, compromise, and settle covered claims or to investigate, handle, and deny noncovered claims. The pool shall have the authority, upon approval of the Commissioner, to borrow funds necessary to effect the purposes of this chapter. The pool shall have the authority to establish procedures for requesting financial information from insureds on a confidential basis for purposes of applying Code sections concerning their net worth, subject to such information being shared with any other association similar to the pool and the liquidator for the insolvent company on the same confidential basis. If the insured refuses to provide the requested financial information and an auditor's certification of the same where requested and available, the pool may deem the net worth of the insured, in the instance of a first party claim, to be in excess of $10 million at the relevant time or, in the event of a third party claim, to be in excess of $25 million at the relevant time. In any lawsuit contesting the applicability of subparagraph (G) of paragraph (4) of Code Section 33-36-3 or subsection (d) of Code Section 33-36-14 where the insured has declined to provide financial information under the procedure provided pursuant to this Code section, the insured shall bear the burden of proof concerning its net worth at the relevant time. If the insured fails to prove that its net worth at the relevant time was less than the applicable amount, the court shall award the pool its full costs, expenses, and reasonable attorney's fees in contesting the claim."

SECTION 3.
Said title is further amended by revising Code Section 33-36-11, relating to the limitation for filing claims, claims filed after the final date set by court, and default judgments, as follows:
"33-36-11.
(a) Notwithstanding any other provisions of this chapter, except as provided for in Code Section 33-36-20, a covered claim shall not include a claim filed with the pool
after the earlier of (i) 18 months after the date of the order of liquidation, or (ii) the final date set by the court for the filing of claims against the liquidator or receiver of an insolvent insurer and shall not include any claim filed with the pool or a liquidator for protection afforded under the insured's policy for incurred but not reported losses.

(b) The pool may not be found in default. No default judgments may be entered against the pool, the insolvent insurer, or the insured of the insolvent insurer after the instigation of an insolvency proceeding prior to an order of liquidation, nor during the pendency of insolvency proceedings, nor during a 120 day stay following an order of liquidation.

(c) In no instance may a finding of default or the entry of a default judgment against an insurer be applicable or enforceable against the pool or the insured of the insolvent insurer.”

SECTION 4.

Said title is further amended by revising Code Section 33-36-14, relating to exhaustion of rights by claimants against insolvent insurers prior to recovery, recovery of payment to claimants in excess of amounts authorized, reduction of liability of insured, and recovery of amounts paid on behalf of certain persons, as follows:

"33-36-14. (a) Except as provided for in Code Section 33-36-20, any person having a claim against a policy or an insured under a policy issued by an insolvent insurer, which claim is a covered claim and is also a claim within the coverage of any policy issued by a solvent insurer, shall be required to exhaust first his or her rights under such policy issued by the solvent insurer. The policy of the solvent insurer shall be treated as primary coverage and the policy of the insolvent insurer shall be treated as secondary coverage and his or her rights to recover such claim under this chapter shall be reduced by any amounts received from the solvent insurers.

(b) Any amount paid a claimant in excess of the amount authorized by this chapter may be recovered by an action brought by or on behalf of the pool.

(c) To the extent that the pool's obligation is reduced by the application of this Code section, the liability of the person insured by the insolvent insurer's policy for the claim shall be reduced in the same amount.

(d) Except as provided for in Code Section 33-36-20, the pool shall have the right to recover from the following persons any person who is an affiliate of the insolvent insurer all amounts paid by the pool on behalf of such person, whether for indemnity or defense or otherwise:

(1) Any insured whose net worth on December 31 of the year immediately preceding the date the insurer becomes an insolvent insurer exceeds $25 million, provided that an insured's net worth on such date shall be deemed to include the aggregate net worth of the insured and all of its subsidiaries and affiliates as calculated on a consolidated basis, and

(2) Any person who is an affiliate of the insolvent insurer."
SECTION 5.
Said title is further amended by adding a new Code section to read as follows:
"33-36-20.
(a) It is the policy of this state to protect insureds and their claimants from liability as a result of the insolvency of insurers. In furtherance of this policy, it is the intent of the legislature, notwithstanding any provision of law to the contrary, that the Georgia Insurers Insolvency Pool shall be liable to claimants and electing insureds in emergency circumstances.
(b) As used in this Code section, the term:
(1) 'Electing insured' means any insured under a workers' compensation insurance policy that is impacted by an emergency circumstance. Such term shall include but not be limited to governmental insureds and other insureds under a workers' compensation insurance policy impacted by an emergency circumstance whose net worth exceeds $25 million as of December 31 of the year preceding the filing of a claim.

(3) 'Emergency claimant' means any third-party claimant, under a workers' compensation insurance policy, who is impacted by an emergency circumstance and whose employer has, by a court of competent jurisdiction, been declared bankrupt or insolvent.
(c) Any electing insured whose net worth is less than $25 million as of December 31 of the year preceding the filing of a claim may be shielded from liability by the pool and have any workers' compensation claims filed against such electing insured covered by the pool, provided said electing insured pays $20,000.00 per claim to the insolvency pool prior to October 1, 2010. Any electing insured whose net worth exceeds $25 million as of December 31 of the year preceding the filing of a claim may be shielded from liability by the pool and have any workers' compensation claims filed against such electing insured covered by the pool, provided said electing insured pays $100,000.00 per claim to the insolvency pool prior to October 1, 2010. Claims of all emergency claimants shall be covered by the insolvency pool.
(d) Claimants shall retain the right to pursue claims against any insured that is not an electing insured."

SECTION 6.
Said title is further amended by revising Code Section 33-41-20.1, relating to the membership of captive insurance companies in Georgia Insurers Insolvency Pool, as follows:
"33-41-20.1.
(a) On and after January 1, 2008, every association and industrial insured

Such captive insurance companies shall be liable for assessments pursuant to Code Section 33-36-7 and for all other obligations imposed pursuant to Chapter 36 of this title as to workers' compensation only.
