SECTION 3.
Said title is further amended by adding new Code sections immediately following Code Section 32-9-12 to read as follows:

Provisions in all laws, whether general or local, including but not limited to the Metropolitan Atlanta Rapid Transit Authority Act of 1965 approved March 10, 1965 (Ga. L. 1965, p. 2243), as amended, that set forth restrictions on the use by public transit authorities of annual proceeds from local sales and use taxes shall be suspended for the period beginning on the effective date of this Code section and continuing for
three years. The greater discretion over such funds shall not abrogate the obligation of the public transit authority to comply with federal and state safety regulations and guidelines. Newly unrestricted funds shall be utilized, subject to total funding, to maintain the level of service for the transit system as it existed on January 1, 2010. Furthermore, except as had been previously contracted to by the public transit authority prior to January 1, 2010, no funds newly unrestricted during this suspended period shall be used by a public transit authority to benefit any person or other entity for any of the following: annual cost-of-living or merit based salary raises or increases in hourly wages; increased overtime due to such wage increases; payment of bonuses; or to increase the level of benefits of any kind.

32-9-14.
(a) Any provisions to the contrary in the Metropolitan Atlanta Rapid Transit Authority Act of 1965, approved March 10, 1965 (Ga. L. 1965, p. 2243), as amended, notwithstanding, the terms of all members of the board of directors of the Metropolitan Atlanta Rapid Transit Authority shall terminate on December 31, 2010, and the board shall be reconstituted according to the provisions of this Code section.
(b) Effective January 1, 2011, the board of directors of the authority shall be composed of 11 voting members and one nonvoting member. Of the voting members: three members shall be residents of the City of Atlanta to be nominated by the mayor and elected by the city council; four members shall be residents of DeKalb County to be appointed by the DeKalb County Board of Commissioners and at least one of such appointees shall be a resident of that portion of DeKalb County lying south of the southernmost corporate boundaries of the City of Decatur and at least one of such appointees shall be a resident of that portion of DeKalb County lying north of the southernmost corporate boundaries of the City of Decatur; three members shall be residents of Fulton County to be appointed by the local governing body thereof, and one of such appointees shall be a resident of that portion of Fulton County lying south of the corporate limits of the City of Atlanta and two of such appointees shall be residents of that portion of Fulton County lying north of the corporate limits of the City of Atlanta. The commissioner of transportation shall be a voting member of the board and the executive director of the Georgia Regional Transportation Authority shall be a nonvoting member of the board. The governing body that appoints a member shall appoint successors thereto for terms of office of four years in the same manner that such governing body makes its other appointments to the board.
(c) All appointments shall be for terms of four years except that a vacancy caused otherwise than by expiration of term shall be filled for the unexpired portion thereof by the local governing body that made the original appointment to the vacant position, or its successor in office. A member of the board may be appointed to succeed himself or herself for one four-year term. Appointments to fill expiring terms shall be made by the local governing body prior to the expiration of the term, but such appointments shall not be made more than 30 days prior to the expiration of the term. Members appointed to the board shall serve for the terms of office specified in this Code section and until
their respective successors are appointed and qualified.

(d) The local governing bodies of Clayton, Cobb, and Gwinnett Counties may, any other provision of this Code section to the contrary notwithstanding, negotiate, enter into, and submit to the qualified voters of their respective counties the question of approval of a rapid transit contract between the county submitting the question and the authority. The local governing bodies of these counties shall be authorized to execute such rapid transit contracts prior to the holding of a referendum provided for in Section 24 of the Metropolitan Atlanta Rapid Transit Authority Act of 1965, approved March 10, 1965 (Ga. L. 1965, p. 2243), as amended; provided, however, that any such rapid transit contract shall not become valid and binding unless the same is approved by a majority of those voting in said referendum, which approval shall also be deemed approval of further participation in the authority. Upon approval of such rapid transit contract, the county entering into such contract shall be a participant in the authority, and its rights and responsibilities shall, insofar as possible, be the same as those belonging to Fulton and DeKalb Counties, and the local governing body of the county may then appoint two residents of the county to the board of directors of the authority, to serve a term ending on the thirty-first day of December in the fourth full year after the year in which the referendum approving said rapid transit contract was held, in which event the board of directors of the authority shall be composed also of such additional members.

(e) No person shall be appointed as a member of the board who holds any other public office or public employment except an office in the reserves of the armed forces of the United States or the National Guard; any member who accepts or enters upon any other public office or public employment shall be disqualified thereby to serve as a member.

(f) A local governing body may remove any member of the board appointed by it for cause. No member shall be thus removed unless the member has been given a copy of the allegations against him or her and an opportunity to be publicly heard in his or her own defense in person with or by counsel with at least ten days' written notice to the member. A member thus removed from office shall have the right to a judicial review of the member's removal by an appeal to the superior court of the county of the local governing body which appointed the member, but only on the ground of error of law or abuse of discretion. In case of abandonment of the member's office, conviction of a crime involving moral turpitude or a plea of nolo contendere thereto, removal from office, or disqualification under subsection (e) of this Code section, the office of a member shall be vacant upon the declaration of the board. A member shall be deemed to have abandoned the member's office upon failure to attend any regular or special meeting of the board for a period of four months without excuse approved by a resolution of the board, or upon removal of the member's residence from the territory of the local governing body that appointed the member.

(g) Each appointed member of the board, except the chairperson, shall be paid by the authority a per diem allowance, in an amount equal to that provided by Code Section 45-7-21 for each day on which that member attends an official meeting of the board, of any committee of the board, or of the authority's Pension Committee, Board of Ethics,
or Arts Council; provided, however, that said per diem allowance shall not be paid to any such member for more than 130 days in any one calendar year. If the chairperson of the board is an appointed member of the board, the chairperson shall be paid by the authority a per diem allowance in the same amount for each day in which the chairperson engages in official business of the authority, including but not limited to, attendance of any of the aforesaid meetings. A member of the board shall also be reimbursed for actual expenses incurred by that member in the performance of that member's duties as authorized by the board. A board member shall not be allowed employee benefits.

(h) The board shall elect one of its members as chairperson and another as vice chairperson for terms to expire on December 31 of each year to preside at meetings and perform such other duties as the board may prescribe. The presiding officer of the board may continue to vote as any other member, notwithstanding the member's duties as presiding officer, if the member so desires. The board shall also elect from its membership a secretary and a treasurer who shall serve terms expiring on December 31 of each year. A member of the board may hold only one office on the board at any one time.

(i) The board shall hold at least one meeting each month. The secretary of the board shall give written notice to each member of the board at least two days prior to any called meeting that may be scheduled, and said secretary shall be informed of the call of such meeting sufficiently in advance so as to provide for the giving of notice as above. A majority of the total membership of the board, as it may exist at the time, shall constitute a quorum. On any question presented, the number of members present shall be recorded. By affirmative vote of a majority of the members present, the board may exercise all the powers and perform all the duties of the board, except as otherwise hereinafter provided or as limited by its bylaws, and no vacancy on the original membership of the board, or thereafter, shall impair the power of the board to act. All meetings of the board, its executive committee, or any committee appointed by the board shall be subject to Chapter 14 of Title 50.

(j) Notwithstanding any other provisions of this Code section, the following actions by the board shall require the affirmative vote of one more than a majority of the total membership of the board as it may exist at the time:

1. The issuance and sale of revenue bonds or equipment trust certificates;
2. The purchase or lease of any privately owned system of transportation of passengers for hire in its entirety, or any substantial part thereof. Prior to the purchase or lease of any such privately owned system a public hearing pertaining thereto shall have been held and notice of such public hearing shall have been advertised; provided, however, that no sum shall be paid for such privately owned system of transportation in excess of the fair market value thereof determined by a minimum of two appraisers qualified to appraise privately owned systems of transportation and approved by a majority of the local governments participating in the financing of such purchase;
3. The award of any contract involving $100,000.00 or more for construction,
alterations, supplies, equipment, repairs, maintenance, or services other than professional services or for the purchase, sale, or lease of any property. The board by appropriate resolution may delegate to the general manager the general or specific authority to enter into contracts involving less than $100,000.00;
(4) The grant of any concession; and
(5) The award of any contract for the management of any authority owned property or facility.

(k) The board shall appoint and employ, as needed, a general manager and a general counsel, none of whom may be members of the board or a relative of a member of the board, and delegate to them such authority as it may deem appropriate. It may make such bylaws or rules and regulations as it may deem appropriate for its own government, not inconsistent with this Code section, including the establishment of an executive committee to exercise such authority as its bylaws may prescribe.

(l) The treasurer of the authority and such other members of the board and such other officers and employees of the authority as the board may determine shall execute corporate surety bonds, conditioned upon the faithful performance of their respective duties. A blanket form of surety bond may be used for this purpose. Neither the obligation of the principal or the surety shall extend to any loss sustained by the insolvency, failure, or closing of any depository which has been approved as a depository for public funds.

(m)(1) In addition to the requirements of subsection (i) of this Code section, each member of the board shall hold a meeting once each 12 months with the local governing body that appointed such member. The secretary of the board shall give written notice to each member of the board, to each local governing body, and to the governing authority of each municipality in the county in which there is an existing or proposed rail line at least two days prior to any meeting that may be scheduled, and said secretary shall be informed of the call of such meeting sufficiently in advance so as to provide for giving such notice. These meetings shall be for the purpose of reporting to the local governing bodies on the operations of the authority and on the activities of the board and making such information available to the general public. No activity that requires action by the board shall be initiated or undertaken at any meeting conducted under this subsection.

(2) The board shall submit once each three months a written report on the operations of the authority and on the activities of the board to each local governing body that appoints a member of the board."

**SECTION 4.**

Said title is further amended by adding a new chapter to read as follows:

"CHAPTER 12

32-12-1.
The General Assembly finds that there exist a number of programs designed to provide rural and human services transportation and that frequently these services are provided
over large geographic areas through various funding sources which are frequently targeted to narrowly defined client bases. The sheer number of such programs lends itself to a need for coordination among the programs and agencies which implement them so as to best assist economies in purchasing equipment and operating these many programs, to better serve the taxpayers of the state in ensuring the most cost-effective delivery of these services, and to best serve the clients utilizing the transportation services provided through these programs.

32-12-2.
There is created the Georgia Coordinating Committee for Rural and Human Services Transportation of the Governor's Development Council.

32-12-3.
The Georgia Coordinating Committee for Rural and Human Services Transportation and its advisory subcommittees shall meet not less often than quarterly. Administrative expenses of the committee shall be borne by the Governor's Development Council. The members of the committee shall receive no extra compensation or reimbursement of expenses from the state for their services as members of the committee.

32-12-4.
The Georgia Coordinating Committee for Rural and Human Services Transportation shall establish the State Advisory Subcommittee for Rural and Human Services Transportation which shall consist of the State School Superintendent and the commissioners of the Department of Transportation, Department of Human Services, Department of Behavioral Health and Developmental Disabilities, Department of Community Health, Department of Labor, the Governor's Development Council, and the Department of Community Affairs or their respective designees. The commissioner of transportation or his or her designee shall serve as chairperson of the State Advisory Subcommittee for Rural and Human Services Transportation. The Georgia Coordinating Committee for Rural and Human Services Transportation may also establish such additional advisory subcommittees as it deems appropriate to fulfill its mission which shall consist of a representative of each metropolitan planning organization and representatives from each regional commission in this state and may include other local government representatives; private and public sector transportation providers, both for profit and nonprofit; voluntary transportation programs representatives; public transit system representatives, both rural and urban; and representatives of the clients served by the various programs administered by the agencies represented on the State Advisory Subcommittee for Rural and Human Services Transportation. Members of advisory committees shall be responsible for their own expenses and shall receive no compensation or reimbursement of expenses from the Georgia Coordinating Committee for Rural and Human Services Transportation, the State Advisory Subcommittee for Rural and Human Services Transportation, or the state for their services as members of an advisory committee.
32-12-5.
The Georgia Coordinating Committee for Rural and Human Services Transportation shall examine the manner in which transportation services are provided by the participating agencies represented on the committee. Such examination shall include but not be limited to:

(1) An analysis of all programs administered by participating agencies, including capital and operating costs, and overlapping or duplication of services among such programs, with emphasis on how to overcome such overlapping or duplication;

(2) The means by which transportation services are coordinated among state, local, and federal funding source programs;

(3) The means by which both capital and operating costs for transportation could be combined or shared among agencies, including at a minimum shared purchase of vehicles and maintenance of such vehicles;

(4) An analysis of those areas which might appropriately be consolidated to lower the costs of program delivery without sacrificing program quality to clients, including shared use of vehicles for client trips regardless of the funding source which pays for their trips;

(5) An analysis of state of the art efforts to coordinate rural and human services transportation elsewhere in the nation, including at a minimum route scheduling so as to avoid duplicative trips in a given locality;

(6) A review of any limitations which may be imposed by various federally funded programs and how the state can manage within those limitations as it reviews possible sharing opportunities;

(7) An analysis of how agency programs interact with and impact state, local, or regional transportation services performed on behalf of the general public through state, local, or regional transit systems;

(8) An evaluation of potential cost sharing opportunities available for clients served by committee agencies so as to maximize service delivery efficiencies and to obtain the maximum benefit on their behalf with the limited amount of funds available; and

(9) An analysis of possible methods to reduce costs, including, but not limited to, greater use of privatization.

32-12-6.
No later than July 1 of each year, the Governor's Development Council shall submit the preliminary report of the Georgia Coordinating Committee for Rural and Human Services Transportation to the members of the State Advisory Subcommittee for Rural and Human Services Transportation. Comments and recommendations may be submitted to the Governor's Development Council for a period of 30 days. No later than September 1 of each year, the Governor's Development Council shall submit a final report to the Governor's Office of Planning and Budget for review and consideration. The report shall address each of the specific duties enumerated in Code Section 32-12-5 and such other subject areas within its purview as the Governor's Development Council shall deem appropriate. Each report shall focus on existing
conditions in coordination of rural and human services transportation within the state and shall make specific recommendations for means to improve such current practices. Such recommendations shall address at a minimum both their cost implications and impact on client service. No later than January 15 of each year, the Governor's Office of Planning and Budget shall submit the final report of the Governor's Development Council and any affiliated budget recommendations to the presiding officers of the General Assembly, with copies of said report sent to the chairpersons of the transportation committees, the appropriations committees, and the health and human services committees of each chamber of the General Assembly."

SECTION 5.
Title 48 of the Official Code of Georgia Annotated, relating to revenue and taxation, is amended by revising subsection (b) of Code Section 48-8-6, relating to limitations on local imposition of certain taxes, as follows:
"(b) There shall not be imposed in any jurisdiction in this state or on any transaction in this state local sales taxes, local use taxes, or local sales and use taxes in excess of 2 percent. For purposes of this prohibition, the taxes affected are any sales tax, use tax, or sales and use tax which is levied in an area consisting of less than the entire state, however authorized, including such taxes authorized by or pursuant to constitutional amendment, except that the following taxes shall not count toward or be subject to such 2 percent limitation:
(1) A sales and use tax for educational purposes exempted from such limitation under Article VIII, Section VI, Paragraph IV of the Constitution;
(2) Any tax levied for purposes of a metropolitan area system of public transportation, as authorized by the amendment to the Constitution set out at Georgia Laws, 1964, page 1008; the continuation of such amendment under Article XI, Section I, Paragraph IV(d) of the Constitution; and the laws enacted pursuant to such constitutional amendment; provided, however, that the exception provided for under this paragraph shall only apply in:
(A) In a county in which a tax is being imposed under subparagraph (a)(1)(D) of Code Section 48-8-111 in whole or in part for the purpose or purposes of a water capital outlay project or projects, a sewer capital outlay project or projects, a water and sewer capital outlay project or projects, water and sewer projects and costs as defined under paragraph (3)(4) of Code Section 48-8-200, or any combination thereof and with respect to which the county has entered into an intergovernmental contract with a municipality, in which the average waste-water system flow of such municipality is not less than 85 million gallons per day, allocating proceeds to such municipality to be used solely for water and sewer projects and costs as defined under paragraph (3)(4) of Code Section 48-8-200. The exception provided for under this subparagraph shall apply only during the period the tax under said subparagraph (a)(1)(D) is in effect. The exception provided for under this subparagraph shall not apply in any county in which a tax is being imposed under Article 2A of this chapter; or
(B) In a county in which the tax levied for purposes of a metropolitan area system of public transportation is first levied after January 1, 2010, and before November 1, 2012. Such tax shall not apply to the following:

(i) The sale or use of jet fuel to or by a qualifying airline at a qualifying airport. For purposes of this division, a 'qualifying airline' means any person which is authorized by the Federal Aviation Administration or another appropriate agency of the United States to operate as an air carrier under an air carrier operating certificate and which provides regularly scheduled flights for the transportation of passengers or cargo for hire. For purposes of this division, a 'qualifying airport' means any airport in the state that has had more than 750,000 takeoffs and landings during a calendar year; and

(ii) The sale of motor vehicles;

(3) In the event of a rate increase imposed pursuant to Code Section 48-8-96, only the amount in excess of the initial 1 percent sales and use tax and in the event of a newly imposed tax pursuant to Code Section 48-8-96, only the amount in excess of a 1 percent sales and use tax; and

(4) A sales and use tax levied under Article 4 of this chapter; and

(5) A sales and use tax levied under Article 5 of this chapter.

If the imposition of any otherwise authorized local sales tax, local use tax, or local sales and use tax would result in a tax rate in excess of that authorized by this subsection, then such otherwise authorized tax may not be imposed."

SECTION 6.

Title 48 of the Official Code of Georgia Annotated, relating to revenue and taxation, is amended by adding a new article in Chapter 8 to read as follows:

"ARTICLE 5

Part 1"

48-8-240.

The local governments of the State of Georgia are of vital importance to the state and its citizens. The state has an essential public interest in promoting, developing, sustaining, and assisting local governments. The General Assembly finds that the design and construction of transportation projects is a critical local government service for which adequate funding is not presently available. Many transportation projects cross multiple jurisdictional boundaries and must be coordinated in their design and construction. The General Assembly finds that the most efficient means to coordinate and fund such projects is through the creation of special districts that correspond with the boundaries of existing regional commissions. The purpose of this article is to provide for special districts that will enable the coordinated design and construction of transportation projects that will develop and promote the essential public interests of the state and its citizens at the state, regional, and local levels. The General Assembly intends through the creation of such special districts to enable the citizens within each
district to decide in an election whether to authorize the imposition of a special district transportation sales and use tax to fund the projects on an investment list collaboratively developed by the affected local governments and the state. This article shall be construed liberally to achieve its purpose.

48-8-241.
(a) There are created within this state 12 special districts. The geographical boundary of each special district shall correspond with and shall be coterminous with the geographical boundary of the applicable region of the 12 regional commissions provided for in subsection (f) of Code Section 50-8-4.
(b) When the imposition of a special district sales and use tax is authorized according to the procedures provided in this article within a special district, subject to the requirement of referendum approval and the other requirements of this article, a special sales and use tax shall be imposed within the special district for a period of ten years which tax shall be known as the special district transportation sales and use tax.
(c) Nothing in this article shall be construed as limiting the establishment of a fund or funds which would provide at least 20 years of maintenance and operation costs from proceeds of the special district transportation sales and use tax used to construct, finance, or otherwise develop transit capital projects; provided, however, that the Metropolitan Atlanta Rapid Transit Authority, created by an Act approved March 10, 1965 (Ga. L. 1965, p. 2243), as amended, shall not be authorized to use any proceeds from the special district transportation sales and use tax for expenses of maintenance and operation of such portions of the transportation system of such authority in existence on January 1, 2011.
(d) Any tax imposed under this article shall be at the rate of 1 percent. Except as to rate, a tax imposed under this article shall correspond to the tax imposed by Article 1 of this chapter. No item or transaction which is not subject to taxation under Article 1 of this chapter shall be subject to a tax imposed under this article, except that a tax imposed under this article shall not apply to:
(1) The sale or use of any type of fuel used for off-road heavy-duty equipment, off-road farm or agricultural equipment, or locomotives;
(2) The sale or use of jet fuel to or by a qualifying airline at a qualifying airport;
(3) The sale or use of fuel that is used for propulsion of motor vehicles on the public highways. For purposes of this paragraph, a motor vehicle means a self-propelled vehicle designed for operation or required to be licensed for operation upon the public highways;
(4) The sale or use of energy used in the manufacturing or processing of tangible goods primarily for resale; or
(5) For motor fuel as defined under paragraph (9) of Code Section 48-9-2 for public mass transit.
The tax imposed pursuant to this article shall only be levied on the first $5,000.00 of any transaction involving the sale or lease of a motor vehicle. The tax imposed pursuant to this article shall be subject to any sales and use tax exemption which is
otherwise imposed by law; provided; however, that the tax levied by this article shall be
applicable to the sale of food and beverages as provided for in division (57)(D)(i) of
Code Section 48-8-3.

48-8-242.
As used in this article, the term:
(1) 'Commission' means the Georgia State Financing and Investment Commission;
(2) 'Cost of project' means:
   (A) All costs of acquisition, by purchase or otherwise, construction, assembly,

       part thereof;
   (B) All costs of real property or rights in property, fixtures, or personal property
       used in or in connection with or necessary for any project of the special district or
       for any facilities related thereto, including but not limited to the cost of all land,
       interests in land, estates for years, easements, rights, improvements, water rights,
       and connections for utility services; the cost of fees, franchises, permits, approvals,
       licenses, and certificates; the cost of securing any such franchises, permits,
       approvals, licenses, or certificates; the cost of preparation of any application
       therefor; and the cost of all fixtures, machinery, equipment, furniture, and other
       property used in or in connection with or necessary for any project of the special
       district;
   (C) All costs of engineering, surveying, planning, environmental assessments,
       financial analyses, and architectural, legal, and accounting services and all expenses
       incurred by engineers, surveyors, planners, environmental scientists, fiscal analysts,
       architects, attorneys, accountants, and any other necessary technical personnel in
       connection with any project of the special district;
   (D) All expenses for inspection of any project of the special district;
   (E) All fees of any type charged to the special district in connection with any
       project of the special district;

       any project of the special district;
   (G) All costs of plans and specifications for any project of the special district;

       of the special district;
   (I) Repayment of any loans for the advance payment of any part of any of the
       foregoing costs, including interest thereon and any other expenses of such loans;
   (J) Administrative expenses of the special district and such other expenses as may
       be necessary or incidental to any project of the special district or the financing
       thereof; and
   (K) The establishment of a fund or funds or such other reserves as the commission
       may approve with respect to the financing and operation of any project of the
       special district.
Any cost, obligation, or expense incurred for any of the purposes specified in this paragraph shall be a part of the cost of the project of the special district and may be paid or reimbursed as otherwise authorized by this article.

11. 'Regional transportation roundtable' or 'roundtable' means a conference of the local governments of a special district created pursuant to this article held at a centralized location within the district as chosen by the director for the purpose of establishing the investment criteria and determining projects eligible for the investment list for the special district. The regional transportation roundtable shall consist of two representatives from each county, including the chairperson, sole commissioner, mayor, or chief executive officer of the county governing authority and one mayor elected by the mayors of the county; provided, however, that, in the event such an election ends in a tie, the mayor of the municipal corporation with the highest population determined using the most recently completed United States decennial census shall be deemed to have been elected as a representative unless that mayor is already part of the roundtable. In such case, the mayor of the municipal corporation with the second highest population shall be deemed to have been elected as a representative. If a county has more than 90 percent of its population residing in municipal corporations, such county shall have the mayor of the municipal corporation with the highest population determined using the most recently completed United States decennial census as an additional representative. The regional transportation roundtable shall elect five representatives from among its members to

A majority of the signatures of the legislative delegation for a majority of the counties within the region shall be required for the bill to be placed upon the local calendar of each chamber. This method shall be exclusively used for this purpose and no other bill shall be placed or voted upon on the local calendar utilizing this method of qualification for placement thereon. This Act shall be treated procedurally by the General Assembly as a local Act and all counties within the region shall receive the legal notice requirements of a local Act.

48-8-243.

(a) Within 60 calendar days following approval by the Governor of the state-wide strategic transportation plan, the State Transportation Board shall consider the state-wide strategic transportation plan in accordance with the provisions of subsection (c) of Code Section 32-2-22. Upon approval of the state-wide strategic transportation plan by the State Transportation Board, the director shall provide in written form to the local governments and any MPO's within each special district across the state recommended criteria for the development of an investment list of projects and programs. The establishment of such criteria shall comport with the investment policies provided in subsection (a) of Code Section 32-2-41.1 and the state-wide strategic transportation plan. The recommended criteria shall include performance goals, allocation of
investments in alignment with performance, and execution of projects. The state fiscal
economist shall develop an estimate of the proceeds of the special district transportation
sales and use tax for each special district using financial data supplied by the
department. Such estimate shall include reasonable ranges of anticipated growth, if
any. The director shall include such estimates and ranges in the recommended criteria
for developing the draft investment list. Any local government or MPO desiring to
submit comments on the recommended criteria shall make such submission to the
director no later than September 30, 2010. On or before November 10, 2010, the
mayors in each county shall elect the mayoral representative to the regional
transportation roundtable and notify the county commission chairperson and the
director of that mayor's name. The director shall accept comments from any MPO
located wholly or partially within each special district in finalizing the recommended
district criteria in a written report on or before November 15, 2010. Such report shall
also include notice of the date, time, and location of the first regional transportation
roundtable for each special district for the purpose of considering the recommended
district criteria and for electing members of the executive committee for each special
district. Any amendment to the recommended criteria, approval of such criteria, and
election of the executive committee shall be enacted by a majority vote of the
representatives present at the roundtable meeting. Upon approval of the criteria, the
director shall promptly deliver a report to the commissioner of transportation, local
governments, any MPO located wholly or partially within each special district and the
members of the General Assembly whose districts lie wholly or partially within each
special district detailing the criteria approved by the roundtable.

receiving comments, if any, from members of the General Assembly whose districts lie
wholly or partially within such area, the local governments in such area may submit
projects to the director to assemble a list of example investments for such special
district that comport with the special district's investment criteria. With regard to any
area of a special district that is part of an MPO, following receipt of the report provided
for in subsection (a) of this Code section, and after receiving comments, if any, from
members of the General Assembly whose districts lie wholly or partially within such
area, the local governments may submit projects to the director and to the MPO for the
director to use to assemble a list of example investments for such special district that
comport with the special district's investment criteria. The list of example investments
for each special district shall not be required to be fiscally constrained within the budget
of the revenues projected to be generated by each special district's sales and use tax and
shall be submitted to the executive committee for each regional transportation
roundtable for consideration. The executive committee in collaboration with the
director shall choose from the list of example investments to create the draft investment
list, which shall be approved by majority vote of the executive committee. Such draft
investment list shall be fiscally constrained within the ranges of revenues projected to
be generated by the special district sales and use tax, as determined by the state fiscal
The special district's draft investment list as approved by the executive committee shall be considered by the regional transportation roundtable. The director shall deliver the draft investment list to the local governments, MPO's, and members of the General Assembly whose districts lie wholly or partially within each special district for each special district not later than August 15, 2011. The director shall include in the draft investment list a statement of the specific public benefits to be expected upon the completion of each project on the investment list and how the special district's investment criteria are furthered by each project. Examples of specific public benefits include, but are not limited to, congestion mitigation, increased lane capacity, public safety, and economic development. The director shall include in such delivery notice of the date, time, and location of each district's executive committee meeting and final regional transportation roundtable. Prior to holding the final regional transportation roundtable, the executive committee shall hold, after proper notice to the public, at least two public meetings in the region for the purpose of receiving public comment on the draft regional investment list. The executive committee shall prepare and deliver to all members of the regional roundtable and the director a summary of the public comment on the regional investment list. The local governments, MPO's, and members of the General Assembly whose districts lie wholly or partially within such special district may submit comments on the draft investment list addressed to both the director and the executive committee no later than two weeks prior to the dates of the final regional transportation roundtable and the executive committee meeting, respectively, for the special district. At the final regional transportation roundtable, the draft investment list approved by the executive committee shall be considered for approval by a majority vote of the representatives present at the roundtable. Should the roundtable reject the draft investment list approved by the executive committee, the roundtable then may negotiate amendments that meet the district's investment criteria to the draft investment list, which shall be chosen from the list of example investments for each special district, each voted on separately and requiring a majority vote of the representatives present at the roundtable for approval. Upon consideration of all offered amendments, upon motion, the roundtable shall vote as to the approval of the amended draft list, requiring a majority vote of the representatives present at the roundtable. The approved investment list, if any, shall be provided to the director. On or before October 15, 2011, the director shall deliver such list to the commission, the commissioner of transportation, the executive director of the Georgia Regional Transportation Authority, local governments, MPO's, and members of the General Assembly whose districts lie wholly or partially within each special district for each special district. The approved investment list shall include:

1. The specific transportation projects to be funded;
2. The anticipated schedule of such projects;
3. The approximate cost of such projects; and

If a roundtable does not approve the original draft investment list or an amended draft investment list on or before October 15, 2011, then a special district gridlock shall be declared by the director and no election shall be held in such special district. The question of levying the tax shall not be submitted to the voters of the special district until after 24 months immediately following the month in which the special district gridlock was reached.

(c) In the event a special district gridlock is declared, the local governments in such special district shall be required to provide a 50 percent match for any local maintenance and improvement grants by the Department of Transportation. Such 50 percent match requirement shall remain in place until the special district roundtable approves an investment list meeting the special district's investment criteria and an election is held within the special district on the levy of the special district transportation sales and use tax.

Part 2

48-8-244.

(a) Simultaneously with the director's delivery of the approved investment list in accordance with subsection (b) of Code Section 48-8-243, the roundtable shall deliver a notice to the election superintendents of each county within the respective special districts. Upon receipt of the notice, the election superintendents shall issue the call for an election for the purpose of submitting the question of the imposition of the tax to the voters within each special district. The election superintendents shall issue the call and shall conduct the election in the manner authorized under Code Section 21-2-540. The first election shall be held on the date of the general state-wide primary in 2012. The election superintendents shall cause the date and purpose of the election to be published once a week for four weeks immediately preceding the date of the election in the official organs of their respective counties.

(b) The ballot submitting the question of the levy of the special district transportation tax authorized by this article to the voters within each special district shall have written or printed thereon the following:

Each election superintendent shall hold and conduct the election under the
same rules and regulations as govern special elections. Each election superintendent shall canvass the returns from his or her county, declare the result of the election in that county, and certify the result to the Secretary of State. The Secretary of State shall compile the results from each county in the special district, declare the result of the election in the special district, and certify the result to the governing authority of each local government and MPO within the special district and the state revenue commissioner. The expense of the election in each county within each special district shall be paid from funds of each county.

(d) In the event a special district sales and use tax election is held and the voters in a special district do not approve the levy of the special district transportation sales and use tax, the local governments in such special district shall be required to provide a 30 percent match for any local maintenance and improvement grants by the Department of Transportation for transportation projects and programs for at least 24 months and until such time as a special district sales and use tax is approved. In the event the voters in a special district approve the levy of the special district transportation sales and use tax, the local governments in such special district shall be required to provide a 10 percent match for any local maintenance and improvement grants by the Department of Transportation for transportation projects and programs for the duration of the levy of the special district transportation sales and use tax.

48-8-244.1. The approval of the levy of the special district transportation sales and use tax in a special district shall not in any way diminish the percentage of funds allocated to a special district or any of the local governments within a special district under the provisions of subsection (c) of Code Section 32-5-27. The amount of funds expended in a special district shall not be decreased due to the use of proceeds from the special district transportation sales and use tax to construct transportation projects that have a high priority in the state-wide strategic transportation plan. If a special district constructs a project on the approved investment list using proceeds from the special district tax, then the state funding under subsection (c) of Code Section 32-5-27 shall not be diverted to priority projects in other special districts.

48-8-245. (a) If the imposition of the special district transportation sales and use tax is approved at the special election, the collection of such tax shall begin on the first day of the next succeeding calendar quarter beginning more than 80 days after the date of the election. With respect to services which are regularly billed on a monthly basis, however, the tax shall become effective with respect to and the tax shall apply to services billed on or after the effective date specified in the previous sentence.

(b) The tax shall cease to be imposed on the earliest of the following dates:

(1) On the final day of the ten-year period of time specified for the imposition of the tax; or

(2) As of the end of the calendar quarter during which the state revenue
commissioner determines that the tax has raised revenues sufficient to provide to the special district net proceeds equal to or greater than the amount specified as the estimated amount of net proceeds to be raised by the special district transportation tax. (c)(1) No more than a single 1 percent tax under this article may be collected at any time within a special district. 
(2) Upon the enactment by the General Assembly of a Special Regional Transportation Funding Election Act and the adoption of resolutions by the governing bodies of a majority of the counties within a special district in which a tax authorized by this article is in effect, an election may be held for the reimposition of the tax while the tax is in effect. Proceedings for the development of an investment list and for the reimposition of a tax shall be in the same manner as provided for in Code Section 48-8-243. 
(3) Following the expiration of the special district transportation sales and use tax under this article, or following a special election in which voters in a special district rejected the imposition of the tax, upon the passage by the General Assembly of a Special Regional Transportation Funding Election Act and the adoption of resolutions by the governing bodies of a majority of counties within a special district, an election may be held for the imposition of a tax under this article in the same manner as provided in this article for the initial imposition of such tax. Such subsequent election shall be held on the date of a state-wide general primary. The development of the investment list for such special district shall follow the dates established in Code Section 48-8-243 with the years adjusted appropriately, and such schedule shall be posted on a website developed by the state revenue commissioner to be used exclusively for matters related to the special district transportation sales and use tax within 30 days of the later of the state revenue commissioner's receipt of notice from the final county governing body required to adopt a resolution or of the passage of the Special Regional Transportation Funding Election Act by the General Assembly. 

48-8-246.
A tax levied pursuant to this article shall be exclusively administered and collected by the state revenue commissioner for the use and benefit of the special district imposing the tax. Such administration and collection shall be accomplished in the same manner and subject to the same applicable provisions, procedures, and penalties provided in Article 1 of this chapter; provided, however, that all moneys collected from each taxpayer by the state revenue commissioner shall be applied first to such taxpayer's liability for taxes owed the state; and provided, further, that the state revenue commissioner may rely upon a representation by or in behalf of the special district or the Secretary of State that such a tax has been validly imposed, and the state revenue commissioner and the state revenue commissioner's agents shall not be liable to any person for collecting any such tax which was not validly imposed. Dealers shall be allowed a percentage of the amount of the tax due and accounted for and shall be reimbursed in the form of a deduction in submitting, reporting, and paying the amount due if such amount is not delinquent at the time of payment. The deduction shall be at
the rate and subject to the requirements specified under subsections (b) through (f) of Code Section 48-8-50.

48-8-247. Each sales tax return remitting taxes collected under this article shall separately identify the location of each retail establishment at which any of the taxes remitted were collected and shall specify the amount of sales and the amount of taxes collected at each establishment for the period covered by the return in order to facilitate the determination by the state revenue commissioner that all taxes imposed by this article are collected and distributed according to situs of sale.

48-8-248. The proceeds of the tax collected by the state revenue commissioner in each special district under this article shall be disbursed as soon as practicable after collection to the Georgia State Financing and Investment Commission to be maintained in a trust fund and administered by the commission on behalf of the special district imposing the tax. Such proceeds for each special district shall be kept separate from other funds of the commission and shall not in any manner be commingled with other funds of the commission.

48-8-249. (a) The proceeds received from the tax authorized by this article shall be used within the special district receiving proceeds of the tax exclusively for the projects on the approved investment list for such district as provided in subsection (b) of Code Section 48-8-243. Authorized uses of tax proceeds in connection with such projects shall include the cost of project defined in paragraph (2) of Code Section 48-8-242.

(b) The commission shall be responsible for the proper application of the proceeds received from the tax authorized by this article for the approved investment list for each special district. The commission shall delegate the management of the budget, schedule, execution, and delivery of the projects contained in the approved investment list as follows:

(1) The commission shall contract with the Department of Transportation for all transportation projects except bus and rail mass transit systems and passenger rail in any special district the boundaries of which are not wholly contained within a single MPO; and

(2) The commission shall contract with the Georgia Regional Transportation Authority only for projects that are bus and rail mass transit systems and passenger rail within any special district the boundaries of which are wholly contained within a single MPO.

Upon entering into contracts with the Department of Transportation or the Georgia Regional Transportation Authority as provided above, the commission shall dispense funds upon the request of the commissioner of transportation or the executive director of the Georgia Regional Transportation Authority, which request shall include
certification of the completion of the project or project element for which funds are requested. Payment shall be made promptly upon approval by the construction division or the financing and investment division of the commission, and such payments shall not require any other official action by the commission. The use of funds so dispensed shall be subject to review and audit by the construction division and the financing and investment division of the commission and action by the commission upon receipt of complaint or if otherwise warranted. The Department of Transportation and Georgia Regional Transportation Authority shall consult with the commission on at least a quarterly basis regarding the progress and performance in the execution, schedule, and delivery of projects on the approved investment list.

(c) In managing the execution, schedule, and delivery of the projects on the approved investment list for a special district, the Department of Transportation or Georgia Regional Transportation Authority, as appropriate, shall determine whether a project should be designed and constructed by the Department of Transportation, by a local government, or by another public or private entity. In making such determination the following shall be considered:

1. Whether such project is on the state-wide transportation improvement program, the state-wide strategic transportation plan, or a transportation improvement program;
2. The type and estimated cost of the project;
3. The location of the project and whether it encompasses multiple jurisdictions;
4. The experience of a local government or governments or a public or private entity in designing and constructing such project as set forth in an application in a form to be provided by the commissioner of transportation or the executive director of the Georgia Regional Transportation Authority; and

Following the decision, the Department of Transportation, the local government or governments, or another public or private entity as determined under this subsection shall contract for implementing the projects in accordance with applicable state and federal requirements.

(d) The commission shall maintain or cause to be maintained an adequate record-keeping system for each project funded by a special district transportation sales and use tax. An annual audit shall be paid for by each special district and conducted by an independent auditing firm as selected by the commission. Such audit shall include a schedule which shows for each such project the original estimated cost, the current estimated cost if it is not the original estimated cost, amounts expended in prior years, and amounts expended in the current year. Such audit shall verify and test expenditures sufficient to provide assurances that the schedule is fairly presented in relation to the financial statements. The audit report on the financial statements shall include an opinion, or disclaimer of opinion, as to whether the schedule is presented fairly in all material respects in relation to the financial statements taken as a whole.

(e) Twenty-five percent of the proceeds received from the tax authorized by this article shall be distributed to the local governments within the special district in which the tax is imposed if such special district's boundaries are not coterminous with an MPO.
Fifteen percent of the proceeds received from the tax authorized by this article shall be distributed to the local governments within the special district in which the tax is imposed if such special district's boundaries are wholly contained within a single MPO. Such percentages shall be allocated to each local government by multiplying the LARP factor of each local government by the total amount of funds to be distributed to all the local governments in the special district. Proceeds described in this subsection shall be distributed to the local governments on an ongoing basis as they are received by the commission. Such proceeds shall be used by the local governments only for transportation projects as defined in paragraph (10) of Code Section 48-8-242 and may also serve as the local match as required for state transportation projects and grants. If a special district receives from the tax net proceeds in excess of the investment list approved by the roundtable for the imposition of the tax or in excess of the actual cost of the project or projects on such investment list, then such excess proceeds shall be distributed among the local governments within the special district in accordance with this subsection.

48-8-250.

The report shall also include a statement of what corrective action the commissioner of transportation and the executive director of the Georgia Regional Transportation Authority intend to implement with respect to each project which is underfunded or behind schedule and a statement of any surplus funds which have not been expended for a project.

48-8-251.

Each member must be a resident of the special district of which Citizens Review Panel they are appointed to serve.
(b) In the event that any vacancy for any cause shall occur in the membership of the committee, such vacancy shall be filled by an appointment made by the official authorized by law to make such appointment within 45 days of the occurrence of such vacancy.
(c) The panel shall, by majority vote of those members present and voting, elect from their number a chairperson and vice chairperson who shall serve at the pleasure of the panel.
(d) The panel shall meet in regular session at least three days each year either at the
state capitol in Atlanta or at such other meeting place within the state and may have
such other additional meetings as may be called by the chairperson or by a majority of
the members of the panel upon reasonable written notice to all members of the panel.
Further, the chairperson of the panel is authorized from time to time to call meetings of
subcommittees of the panel which are established by panel policy at places inside or
outside the state when, in the opinion of the chairperson, the meetings of the
subcommittee are needed to attend properly to the panel's business. A majority of the
panel shall constitute a quorum for the transaction of all business. Any power of the
panel may be exercised by a majority vote of those members present at any meeting at
which there is a quorum.
(e) Members shall receive for each day of actual attendance at meetings of the panel
and the subcommittee meetings the per diem and transportation costs prescribed in
Code Section 45-7-21, and a like sum shall be paid for each day actually spent in
studying the transportation needs of the state or attending other functions as a
representative of the panel, not to exceed ten days in any calendar year, but no member
shall receive such per diem for any day for which such member receives any other per
diem pursuant to such Code section. In addition, members shall receive actual
transportation costs while traveling by public carrier or the legal mileage rate for the
use of a personal automobile in connection with such attendance and study. Such per
diem and expense shall be paid from the funds of the special district's revenues from the
special district sales and use tax upon presentation, by members of the panel, of
vouchers approved by the chairperson.
(f) The panel shall be charged with review of the administration of the projects and
programs included on the approved investment list. The panel may make such
recommendations to and require such reports from the Department of Transportation,
the Georgia Regional Transportation Authority, any other agency or instrumentality of
the state, any political subdivision of the state, and any agency or instrumentality of
such political subdivisions as it may deem appropriate and necessary from time to time
in the interest of the region.
(g) Upon the completion of a project on the investment list, the panel shall annually
review the specific public benefits identified in the investment list to ascertain the
degree to which such benefits have been attained. This benefit review report shall be
delivered to the director and the state revenue commissioner and shall be published on
the website created pursuant to paragraph (3) of subsection (c) of Code Section 48-8-
245.
(h) Beginning January 1, 2013, and annually thereafter, the panel shall provide a report
to the General Assembly of its actions during the previous year. The report shall be
available for public inspection on the website created pursuant to paragraph (3) of
subsection (c) of Code Section 48-8-245. The report shall include, but not be limited
to, an update on the progress on each project on the investment list for the region,
including the amount of funds spent on each project.
48-8-252.
Where a special district transportation sales and use tax under this article has been paid with respect to tangible personal property by the purchaser either in another special district within the state or in a tax jurisdiction outside the state, the tax may be credited against the tax authorized to be imposed by this article upon the same property. If the amount of sales or use tax so paid is less than the amount of the use tax due under this article, the purchaser shall pay an amount equal to the difference between the amount paid in the other tax jurisdiction and the amount due under this article. The state revenue commissioner may require such proof of payment in another local tax jurisdiction as he or she deems necessary and proper. No credit shall be granted, however, against the tax imposed under this article for tax paid in another jurisdiction if the tax paid in such other jurisdiction is used to obtain a credit against any other sales and use tax levied in the special district.

48-8-253.
No tax provided for in this article shall be imposed upon the sale of tangible personal property which is ordered by and delivered to the purchaser at a point outside the geographical area of the special district in which the tax is imposed regardless of the point at which title passes, if the delivery is made by the seller's vehicle, United States mail, or common carrier or by private or contract carrier licensed by the Surface Transportation Board or the Georgia Public Service Commission.

48-8-254.

(b) No tax provided for in this article shall be imposed upon the sale or use of building and construction materials when the contract pursuant to which the materials are purchased or used was advertised for bid prior to the voters' approval of the levy of the tax and the contract was entered into as a result of a bid actually submitted in response to the advertisement prior to approval of the levy of the tax.

48-8-255.
Subject to the approval of the House and Senate Transportation Committees, the state revenue commissioner shall have the power and authority to promulgate such rules and regulations as shall be necessary for the effective and efficient administration and enforcement of the collection of the special district transportation sales and use tax authorized by this article.
The tax authorized by this article shall not be subject to any allocation or balancing of state and federal funds provided for by general law, nor may such proceeds be considered or taken into account in any such allocation or balancing.

(c) The commission shall elect, by a majority vote, one of its legislative members to serve as chairperson of the commission and such other officers as the commission deems appropriate. The commission shall meet at least quarterly at the call of the chairperson. (d) All officers and agencies of the three branches of state government are directed to provide all appropriate information and assistance as requested by the commission.
(e) The commission shall undertake a study of the issues described in this Code section and recommend specific legislation which the commission deems necessary or appropriate. Specifically, the commission shall prepare a preliminary report on the feasibility of combining all of the regional public transportation entities into an integrated regional transit body. This preliminary report shall be completed on or
before December 31, 2010, and be delivered to the Governor, the Lieutenant Governor, and the Speaker of the House of Representatives. The commission shall make a final report of its findings and recommendations, with specific language for proposed legislation, if any, on or before August 1, 2011, to the Governor, the Lieutenant Governor, and the Speaker of the House of Representatives. The commission shall stand abolished on August 1, 2011, unless extended by subsequent Act of the General Assembly.

(f) The Atlanta Regional Commission in conjunction with the Georgia Regional Transportation Authority and the department's director of planning shall utilize federal and state planning funds to continue the development of the Atlanta region's Concept 3 transit proposal, including assessment of potential economic benefit to the region and the state, prioritization of corridors based on highest potential economic benefit and lowest environmental impact, and completion of environmental permitting. Any new transit management instrumentality created as a result of the Transit Governance Study Commission created pursuant to this Code section shall participate in the Concept 3 development activities that remain incomplete at the time of the creation of the new regional transit body."

SECTION 8.
This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval, except that Part 2 of Article 5 of Chapter 8 of Title 48 as set forth in Section 6 of this Act shall become effective January 1, 2011.

Any extension of such benefits shall require an Act of the Georgia General Assembly. Under no circumstances shall the extended benefits for assistance eligible individuals become the responsibility of the State of Georgia or any insurer after September 30, 2010, the expiration of the premium subsidy made available to individuals pursuant to Section 3001 of Title III of the federal American Recovery and Reinvestment Act (P.L. 111-5), the Department of Defense Appropriations Act of 2010, and the Temporary Extension Act of 2010.

(b) Each group contract or group plan delivered or issued for delivery in this state, other than a group accident and sickness insurance policy, contract, or plan issued in connection with an extension of credit, which provides hospital, surgical, or major medical coverage, or any combination of these coverages, on an expense incurred or service basis, excluding contracts and plans which provide benefits for specific diseases or accidental injuries only, shall provide that members and qualifying eligible individuals whose insurance under the group contract or plan would otherwise terminate shall be entitled to continue their hospital, surgical, and major medical insurance coverage under that group contract or plan for themselves and their eligible dependents.

(c)(1) Any group member or qualifying eligible individual whose coverage has been terminated and who has been continuously covered under the group contract or group plan, and under any contract or plan providing similar benefits which it replaces, for at least six months immediately prior to such termination, shall be entitled to have his or her coverage and the coverage of his or her eligible dependents continued under the contract or plan. Such coverage must continue for the fractional policy month remaining, if any, at termination plus three additional policy months, except the period of continuation coverage for assistance eligible individual in subsection (a.1) of this Code section, shall be nine months, upon payment of the premium by cash, certified check, or money order, at the option of the employer, to the policyholder or employer, at the same rate for active group members set forth in the contract or plan, on a monthly basis in advance as such premium becomes due during this coverage period. Such premium payment must include any portion of the premium paid by a former employer or other person if such employer or other person no longer contributes premium payments for this coverage. The period of continuation of coverage for an assistance eligible individual shall continue for the fractional policy month remaining, if any, at termination plus 15 additional policy months upon payment of the premium as specified in subsection (a.1) of this Code section. At the end of such period, the group member shall have the same conversion rights that were available on the date of termination of coverage in accordance with the conversion privileges contained in the group contract or group plan.

(2) A covered individual who is an assistance eligible individual has a right to elect continuation of his or her coverage and the coverage of his or her dependents at any
time between May 5, 2009, and 60 days after receiving notice from the employer's insurer of the right to participate in a second election period for state continuation benefits under this Code section in accordance with Section 3001 of Title III of the federal American Recovery and Reinvestment Act (P.L. 111-5), as amended if:

(A) The individual was involuntarily terminated from employment between September 1, 2008, and February 17, 2009, as defined in Section 3001 of Title III of the federal American Recovery and Reinvestment Act (P.L. 111-5), as amended;

(B) The individual was eligible for state continuation under this chapter at the time of termination;

(C) The individual continues to be eligible for state continuation benefits under this chapter, provided that the total period of continuous eligibility shall not exceed nine policy months from the month of the qualifying event making the individual an assistance eligible individual or the date of the election as provided in this paragraph, whichever is later; and

(D) The individual or the employer of the individual contacts the insurer and informs the insurer that the individual wants to take advantage of the second election period for state continuation coverage under the provisions of Section 3001 of Title III of the federal American Recovery and Reinvestment Act (P.L. 111-5), as amended.

(3) In addition to the group policy under which the group member was insured, the group member and any qualifying eligible individual shall, to the extent that such plan is currently offered under the group plans offered by the company, also be offered the option of continuation coverage through a high deductible health plan, or its actuarial equivalent, that is eligible for use with a health savings account under the applicable provisions of Section 223 of the Internal Revenue Code. Such high deductible health plans shall have premiums consistent with the underlying group plan of coverage rated relative to the standard or manual rates for the benefits provided.

(4) Claims for a covered individual under continuation of coverage shall not be considered in rating or rerating the group premiums for the group from which the continuation of coverage is provided, except that the pooled experience for all of the insurer's continuation of coverage claims for fully insured claims may impact all such groups on an equal percentage basis.

(d)(1) A group member shall not be entitled to have coverage continued if: (A) termination of coverage occurred because the employment of the group member was terminated for cause; (B) termination of coverage occurred because the group member failed to pay any required contribution; or (C) any discontinued group coverage is immediately replaced by similar group coverage including coverage under a health benefits plan as defined in the federal Employee Retirement Income Security Act of 1974, 29 U.S.C. Section 1001, et seq. Further, a group member shall not be entitled to have coverage continued if the group contract or group plan was terminated in its entirety or was terminated with respect to a class to which the group member belonged. This subsection shall not affect conversion rights available to a qualifying
eligible individual under any contract or plan.
(2) A qualifying eligible individual shall not be entitled to have coverage continued if the most recent creditable coverage within the coverage period was terminated based on one of the following factors: (A) failure of the qualifying eligible individual to pay premiums or contributions in accordance with the terms of the health insurance coverage or failure of the issuer to receive timely premium payments; (B) the qualifying eligible individual has performed an act or practice that constitutes fraud or made an intentional misrepresentation of material fact under the terms of coverage; or (C) any discontinued group coverage is immediately replaced by similar group coverage including coverage under a health benefits plan as defined in the federal Employee Retirement Income Security Act of 1974, 29 U.S.C. Section 1001, et seq. This subsection shall not affect conversion rights available to a group member under any contract or plan.
(e) If the group contract or group plan terminates while any group member or qualifying eligible individual is covered or whose coverage is being continued, the group administrator, as prescribed by the insurer, must notify each such group member or qualifying eligible individual that he or she must exercise his or her conversion rights within:
(1) Thirty days of such notice for group members who are not qualifying eligible individuals; or
(2) Sixty-three days of such notice for qualifying eligible individuals.
(f) Every group contract or group plan, other than a group accident and sickness insurance policy, contract, or plan issued in connection with an extension of credit, which provides hospital, surgical, or major medical expense insurance, or any combination of these coverages, on an expense incurred or service basis, excluding policies which provide benefits for specific diseases or for accidental injuries only, shall contain a conversion privilege provision.
(g) Eligibility for the converted policies or contracts shall be as follows:
(1) Any qualifying eligible individual whose insurance and its corresponding eligibility under the group policy, including any continuation available, elected, and exhausted under this Code section or the federal Consolidated Omnibus Budget Reconciliation Act of 1986 (COBRA), has been terminated for any reason, including failure of the employer to pay premiums to the insurer, other than fraud or failure of the qualifying eligible individual to pay a required premium contribution to the employer or, if so required, to the insurer directly and who has at least 18 months of creditable coverage immediately prior to termination shall be entitled, without evidence of insurability, to convert to individual or group based coverage covering such qualifying eligible individual and any eligible dependents who were covered under the qualifying eligible individual's coverage under the group contract or group plan. Such conversion coverage must be, at the option of the individual, retroactive to the date of termination of the group coverage or the date on which continuation or COBRA coverage ended, whichever is later. The insurer must offer qualifying eligible individuals at least two distinct conversion options from which to choose.
One such choice of coverage shall be comparable to comprehensive health insurance coverage offered in the individual market in this state or comparable to a standard option of coverage available under the group or individual health insurance laws of this state. The other choice may be more limited in nature but must also qualify as creditable coverage. Each coverage shall be filed, together with applicable rates, for approval by the Commissioner. Such choices shall be known as the 'Enhanced Conversion Options';

(2) Premiums for the enhanced conversion options for all qualifying eligible individuals shall be determined in accordance with the following provisions:

(A) Solely for purposes of this subsection, the claims experience produced by all groups covered under comprehensive major medical or hospitalization accident and sickness insurance for each insurer shall be fully pooled to determine the group pool rate. Except to the extent that the claims experience of an individual group affects the overall experience of the group pool, the claims experience produced by any individual group of each insurer shall not be used in any manner for enhanced conversion policy rating purposes;

(B) Each insurer's group pool shall consist of each insurer's total claims experience produced by all groups in this state, regardless of the marketing mechanism or distribution system utilized in the sale of the group insurance from which the qualifying eligible individual is converting. The pool shall include the experience generated under any medical expense insurance coverage offered under separate group contracts and contracts issued to trusts, multiple employer trusts, or association groups or trusts, including trusts or arrangements providing group or group-type coverage issued to a trust or association or to any other group policyholder where such group or group-type contract provides coverage, primarily or incidentally, through contracts issued or issued for delivery in this state or provided by solicitation and sale to Georgia residents through an out-of-state multiple employer trust or arrangement; and any other group-type coverage which is determined to be a group shall also be included in the pool for enhanced conversion policy rating purposes; and

(C) Any other factors deemed relevant by the Commissioner may be considered in determination of each enhanced conversion policy pool rate so long as it does not have the effect of lessening the risk-spreading characteristic of the pooling requirement. Duration since issue and tier factors may not be considered in conversion policy rating. Notwithstanding subparagraph (A) of this paragraph, the total premium calculated for all enhanced conversion policies may deviate from the group pool rate by not more than plus or minus 50 percent based upon the experience generated under the pool of enhanced conversion policies so long as rates do not deviate for similarly situated individuals covered through the pool of enhanced conversion policies;

(3) Any group member who is not a qualifying eligible individual and whose insurance under the group policy has been terminated for any reason, including failure of the employer to pay premiums to the insurer, other than eligibility for medicare
(reaching a limiting age for coverage under the group policy) or failure of the group member to pay a required premium contribution, and who has been continuously covered under the group contract or group plan, and under any contract or plan providing similar benefits which it replaces, for at least six months immediately prior to termination shall be entitled, without evidence of insurability, to convert to individual or group coverage covering such group member and any eligible dependents who were covered under the group member's coverage under the group contract or group plan. Such conversion coverage must be, at the option of the individual, retroactive to the date of termination of the group coverage or the date on which continuation or COBRA coverage ended, whichever is later. The premium of the basic converted policy shall be determined in accordance with the insurer's table of premium rates applicable to the age and classification of risks of each person to be covered under that policy and to the type and amount of coverage provided. This form of conversion coverage shall be known as the 'Basic Conversion Option'; and

(4) Nothing in this Code section shall be construed to prevent an insurer from offering additional options to qualifying eligible individuals or group members.

(h) Each group certificate issued to each group member or qualifying eligible individual, in addition to setting forth any conversion rights, shall set forth the continuation right in a separate provision bearing its own caption. The provisions shall clearly set forth a full description of the continuation and conversion rights available, including all requirements, limitations, and exceptions, the premium required, and the time of payment of all premiums due during the period of continuation or conversion.

(i) This Code section shall not apply to limited benefit insurance policies. For the purposes of this Code section, the term 'limited benefit insurance' means accident and sickness insurance designed, advertised, and marketed to supplement major medical insurance. The term limited benefit insurance includes accident only, CHAMPUS supplement, dental, disability income, fixed indemnity, long-term care, medicare supplement, specified disease, vision, and any other accident and sickness insurance other than basic hospital expense, basic medical-surgical expense, and comprehensive major medical insurance coverage.

(j) The Commissioner shall adopt such rules and regulations as he or she deems necessary for the administration of this Code section. Such rules and regulations may prescribe various conversion plans, including minimum conversion standards and minimum benefits, but not requiring benefits in excess of those provided under the group contract or group plan from which conversion is made, scope of coverage, preexisting limitations, optional coverages, reductions, notices to covered persons, and such other requirements as the Commissioner deems necessary for the protection of the citizens of this state.

(k)(1) Except as provided in paragraph (2) of this subsection, this Code section shall apply to all group plans and group contracts delivered or issued for delivery in this state on or after July 1, 2009, and to group plans and group contracts then in effect on the first anniversary date occurring on or after July 1, 2009.

(2) The provisions of paragraphs (1), (2), and (3) of subsection (c) of this Code
section shall apply to all group plans and group contracts in effect on September 1, 2008.

(l) As soon as practicable, but no later than June 4, 2009, the Commissioner shall develop and direct insurers to issue notices for assistance eligible individuals regarding availability of expanded eligibility, second election, and continuation coverage assistance to be sent to the last known addresses of such assistance eligible individuals.

(m) Nothing in this chapter shall imply that individuals entitled to continuation coverage who are not assistance eligible individuals shall receive benefits beyond the period of coverage provided in paragraph (1) of subsection (c) of this Code section or that assistance eligible individuals are entitled to any continuation benefit period beyond what is provided by Section 3001 of Title III of the federal American Recovery and Reinvestment Act of 2009 or extensions to that Act which are enacted on and after May 5, 2009."

SECTION 2.
This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 3.
All laws and parts of laws in conflict with this Act are repealed.

A RESOLUTION

Urging the Minerals Management Service of the United States Department of the Interior to include all outer continental shelf planning areas in its proposed five-year plan for 2010 through 2015 and to approve the broadest possible five-year plan for offshore development; and for other purposes.

WHEREAS, the outer continental shelf is home to wide areas of recreational and commercial activities, as well as some of the nation's most fertile areas of oil and natural gas production, while also offering the largest area available in the eastern United States for the large-scale production of wind energy; and

WHEREAS, the development of oil and natural gas resources where allowed off our shores has coexisted for decades with these other activities while benefiting coastal residents and noncoastal Americans alike; and

WHEREAS, offshore development of oil and natural gas has provided needed supplies of American energy and substantial local, state, and federal revenues; and

WHEREAS, offshore development of wind energy resources has proven highly successful in many areas of the world; and

WHEREAS, the offshore oil and natural gas industry and the wind power industry provide thousands of jobs and are important sources of economic development; and
WHEREAS, offshore oil and natural gas production operations and wind energy production have a long history of environmentally sensitive and safe performance, and other federal Atlantic outer continental shelf areas, such as those offshore of Virginia, the Carolinas, and Georgia, should also be studied for their resource potential; and

WHEREAS, today, areas of the outer continental shelf offer some of the greatest potential for American energy resources, including the Sale 181 area, the Eastern Gulf of Mexico, and the area known as the North Aleutian Basin.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE that the members of this body join in urging the Minerals Management Service of the United States Department of the Interior to include all outer continental shelf planning areas in its proposed five-year plan for 2010 through 2015 and to approve the broadest possible five-year plan for offshore development and to enact regulations that provide for sharing public revenues generated from these offshore energy policies with coastal states.

BE IT FURTHER RESOLVED that the Secretary of the Senate is authorized and directed to transmit appropriate copies of this resolution to the United States Secretaries of Commerce, the Interior, and Energy and to the administrators of the Minerals Management Service, the Federal Energy Regulatory Commission, the National Oceanic and Atmospheric Administration, and the Environmental Protection Agency.

Urging the President to pardon the three Navy SEALs facing court martial proceedings in the capture of terrorist Ahmed Hashim Abed; and for other purposes.

WHEREAS, three Navy SEALs captured Ahmed Hashim Abed, the alleged planner of the March, 2004, ambush in Fallujah that resulted in the brutal killing of four American contractors who were hung on the bridge over the Euphrates River after being burned and mutilated; and

WHEREAS, Abed evaded justice for over five years until Special Warfare Operators Second Class Matthew McCabe and Jonathan Keefe and Special Warfare Operator First
Class Julio Huertas undertook a mission that resulted in the capture of this alleged terrorist; and

WHEREAS, in the course of capturing Abed, it appears that one of the Navy SEALs may have punched Abed in the stomach; and

WHEREAS, these SEALs, by all accounts exceptional sailors as evidenced by the fact that they had each been recently advanced in rank, are now facing court martial proceedings, the penalties for which could include dishonorable discharge and imprisonment; and

WHEREAS, these SEALs, at risk to themselves, captured an alleged terrorist wanted for planning an attack that not only killed Americans but also maimed and mutilated their bodies; and

WHEREAS, prosecution in this case where there is no evidence of torture or abuse beyond the single punch to Abed's stomach could confuse, demoralize, and negatively impact all American service personnel who are placed in dangerous and often ambiguous situations.

SECTION 5.15.

The city council shall provide an ordinance on the procedures and requirements for the preparation and execution of an annual operating budget, a capital improvement plan, and a capital budget, including requirements as to the scope, content, and form of such budgets and plans.

(b) The city council by ordinance shall adopt the final operating budget for the ensuing fiscal year not later than the last day of the month prior to the beginning of a new fiscal year. If the city council fails to adopt the budget by this date, the amounts appropriated for operation for the current fiscal year shall be deemed adopted for the ensuing fiscal year on a month-to-month basis, with all items prorated accordingly until such time as the city council adopts a budget for the ensuing fiscal year. Adoption of the budget shall take the form of an appropriations ordinance setting out the estimated revenues in detail by sources and making appropriations according to fund and by organizational unit, purpose, or activity as set out in the budget preparation ordinance adopted pursuant to Section 5.15 of this charter.

(c) The amount set out in the adopted operating budget for each organizational unit shall constitute the annual appropriation for such, and no expenditure shall be made or encumbrance created in excess of the otherwise unencumbered balance of the appropriations or allotment thereof, to which it is chargeable.

The taxes and tax rates set by such ordinance shall be such that reasonable estimates of revenues from such levy shall at least be sufficient, together with other anticipated revenues, fund balances, and applicable reserves, to equal the total amount appropriated for each of the several funds set forth in the annual operating budget for defraying the expenses of the general government of this city.

SECTION 5.19.
Changes in appropriations.
The city council by ordinance may make changes in the appropriations contained in the current operating budget at any regular, special, or emergency meeting called for such purpose, but any additional appropriations may be made only from an existing unexpended surplus.

SECTION 5.20.
Capital Budget.

(a) On or before the date fixed by the city council but no later than 45 days prior to the beginning of each fiscal year, the mayor shall submit to the city council a proposed capital improvements plan with a recommended capital budget containing the means of financing the improvements proposed for the ensuing fiscal year. The city council shall have power to accept, with or without amendments, or reject the proposed plan and
proposed budget. The city council shall not authorize an expenditure for the construction of any building, structure, work, or improvement, unless the appropriations for such project are included in the capital budget, except to meet a public emergency as provided in Section 2.15 of this charter.

(b) The city council shall adopt by resolution or ordinance the final capital budget for the ensuing fiscal year not later than the last day of the month prior to the beginning of a new fiscal year. No appropriation provided for in a prior capital budget shall lapse until the purpose for which the appropriation was made shall have been accomplished or abandoned; provided, however, that the mayor may submit amendments to the capital budget at any time during the fiscal year, accompanied by recommendations. Any such amendments to the capital budget shall become effective only upon adoption by ordinance.

SECTION 5.21.
Independent audit.

There shall be an annual independent audit of all city accounts, funds, and financial transactions by a certified public accountant selected by the city council. The audit shall be conducted according to generally accepted auditing principles. Any audit of any funds by the state or federal governments may be accepted as satisfying the requirements of this charter. Except in an emergency situation, no contract with the city in excess of $15,000.00 shall be binding on the city unless:

1. It is in writing;
2. It is drawn by or submitted and reviewed by the city attorney, and as a matter of course, is signed by the city attorney to indicate such drafting or review; and
3. It is made or authorized by the city council and such approval is entered in the city council journal of proceedings pursuant to Section 2.11 of this charter; provided, however, that in the event of an emergency, the contract may be submitted to the city council at the next regularly scheduled meeting of mayor and city council for review and ratification.

SECTION 5.23.

The city council shall by ordinance prescribe procedures for a system of centralized purchasing and contracting for the city.
SECTION 5.24.

(a) The mayor and city council may sell and convey or lease any real or personal property owned or held by the city for governmental or other purposes as now or hereafter provided by law.

(b) The city council may quitclaim any rights it may have in property not needed for public purposes upon report by the mayor and adoption of a resolution, both finding that the property is not needed for public or other purposes and that the interest of the city has no readily ascertainable monetary value.

(c) Whenever in opening, extending, or widening any street, avenue, alley, or public place of the city, a small parcel or tract of land is cut off or separated by such work from a larger tract or boundary of land owned by the city, the city council may authorize the mayor to sell and convey said cut-off or separated parcel or tract of land to an abutting or adjoining property owner or owners where such sale and conveyance facilitates the enjoyment of the highest and best use of the abutting owner's property. Included in the sales contract shall be a provision for the rights of way of said street, avenue, alley, or public place. Each abutting property owner shall be notified of the availability of the property and given the opportunity to purchase said property under such terms and conditions as set out by ordinance. All deeds and conveyances heretofore and hereafter so executed and delivered shall convey all title and interest the city has in such property, notwithstanding the fact that no public sale after advertisement was or is hereafter made.

The following Fiscal Note, as required by law, was read by the Secretary:

The Honorable Howard Maxwell
State Representative
State Capitol, Room 402
Atlanta, Georgia 30334

SUBJECT: State Auditor’s Certification
Substitute to House Bill 249
(LC 21 0590S)

Dear Representative Maxwell:

This substitute bill would amend provisions relating to Georgia Firefighters’ Pension Fund. Specifically, this substitute bill would define the term ‘alternative investments’ and would allow the Georgia Firefighters’ Pension Fund to make such alternative investments. This bill would provide limits regarding the amount of assets that may be invested in alternative investments. Under the provisions of this bill, alternative investments, in the aggregate, may not exceed 5% of the Fund’s assets at any time. In the event the Fund is out of compliance with the limitations, this bill provides provisions for the Fund to come back into compliance. This bill would also provide for confidentiality of certain documents that are used in determining which alternative investments to hold, and would provide that all funds invested pursuant to this legislation, including any return on such investments, must remain funds of the Georgia Firefighters’ Pension Fund. Finally, this bill would require the Georgia Firefighters’ Pension Fund to provide an annual report to the Governor and the chairpersons of the House and Senate Retirement Committees detailing the performance of investments made pursuant to the provisions of this bill.

This is to certify that this substitute bill is a nonfiscal retirement bill as defined in the Public Retirement Systems Standards Law.
Respectfully,

/s/ Russell W. Hinton
State Auditor

540. The election superintendent shall cause the date and purpose of the election to be
published once per week for four weeks immediately preceding the date of the election

as govern special elections. The superintendent shall canvass the returns, declare the
result of the election, and certify the result to the Secretary of State and to the
commissioner. The expense of the election shall be paid from the funds of the county
within the special district.

48-8-244.

(a) If the imposition of the tax authorized by this article is approved at the special
election, the tax shall be imposed on the first day of the next succeeding calendar
quarter which begins more than 80 days after the date of the election at which the tax
was approved by the voters; provided, however, for services which are regularly billed
on a monthly basis, the resolution shall become effective with respect to and the tax
shall apply to services billed on or after such effective date.

(b) The tax authorized by this article shall cease to be imposed on the final day of the
maximum period of time specified for the imposition of the tax.

(c) At any time, no more than a single tax authorized by this article may be imposed
within a special district.

(d) The governing authority of the county within a special district in which a tax
authorized by this article is in effect may, while the tax is in effect, adopt a resolution
calling for the reimposition of a tax authorized by this article upon the termination of
the tax then in effect; and a special election may be held for this purpose while the tax
is in effect. Proceedings for the reimposition of a tax shall be in the same manner as
proceedings for the initial imposition of the tax, but the newly authorized tax shall not
be imposed until the expiration of the tax then in effect.
Following the expiration of a tax authorized by this article, the governing authority of the county within the special district may initiate proceedings for the reimposition of such tax in the same manner as provided in this article for initial imposition of such tax.

A tax levied pursuant to this article shall be exclusively administered and collected by the commissioner for the use and benefit of the governing authority of the county and the supervising organization within the special district imposing the tax. Such administration and collection shall be accomplished in the same manner and subject to the same applicable provisions, procedures, and penalties provided in Article 1 of this chapter; provided, however, that all moneys collected from each taxpayer by the commissioner shall be applied first to such taxpayer's liability for taxes owed the state; and provided, further, that the commissioner may rely upon a representation by or on behalf of the governing authority of the county within the special district or the Secretary of State that such a tax has been validly imposed, and the commissioner and the commissioner's agents shall not be liable to any person for collecting any such tax which was not validly imposed. Dealers shall be allowed a percentage of the amount of the tax due and accounted for and shall be reimbursed in the form of a deduction in submitting, reporting, and paying the amount due if such amount is not delinquent at the time of payment. The deduction shall be at the rate and subject to the requirements specified under subsections (b) through (f) of Code Section 48-8-50.

Each sales tax return remitting taxes collected under this article shall separately identify the location of each retail establishment at which any of the taxes remitted were collected and shall specify the amount of sales and the amount of taxes collected at each establishment for the period covered by the return in order to facilitate the determination by the commissioner that all taxes imposed by this article are collected and distributed according to situs of sale.

The proceeds of the tax collected by the commissioner in each special district under this article shall be disbursed as soon as practicable after collection as follows:

1. One and one-half percent of the amount collected shall be paid into the general fund of the state treasury in order to defray the costs of administration; and
2. Except for the percentage provided in paragraph (1) of this Code section, the remaining proceeds of the tax shall be distributed to the governing authority of the county within the special district for distribution as provided in Code Section 48-8-248.

(a) The remaining proceeds of the tax imposed under this article shall be distributed by the governing authority of the county in the special district to the supervising organization of the district. The supervising organization shall distribute such proceeds
quarterly pursuant to the allocation plan as follows:

1. In special districts in which are located one or more qualified local cultural organizations having combined annual gross revenues in excess of $100 million:
   A. A sum equal to 1 percent of the first three-tenths of 1 percent levied shall be distributed to the supervising organization for competitive awards of project funding to artist and support organizations on the basis of criteria and guidelines issued by the supervising organization; and
   B. A sum equal to 55 percent of the first three-tenths of 1 percent levied shall be distributed by the supervising organization to qualified local cultural organizations within such district as follows:
      i. To the largest 10 percent of qualified local cultural organizations, excluding artist and support organizations, a total annual sum equal to 15 percent of their combined average annual gross revenues for their past three fiscal years;
      ii. To the next largest 30 percent of qualified local cultural organizations, excluding artist and support organizations, a total annual sum equal to 17 percent of their combined average annual gross revenues for their past three fiscal years; and
      iii. To the remaining 60 percent of qualified local cultural organizations, excluding artist and support organizations, a total annual sum equal to 19 percent of their combined average annual gross revenues for their past three fiscal years;

2. In special districts in which are located one or more qualified local cultural organizations having combined annual gross revenues equal to or less than $100 million, a sum equal to 55 percent of the first one-tenth of 1 percent levied shall be distributed by the supervising organization to qualified local cultural organizations in accordance with locally created and uniformly applied rules and guidelines;

3. A sum equal to 1 percent of the sums received by the supervising organization shall be retained by the supervising organization to carry out the functions of the supervising organization; and

4. The balance of such remaining proceeds shall be distributed to qualified local initiatives to perform the specified public service and public functions and projects pursuant to paragraph (2) of subsection (a) of Code Section 48-8-243.

(b) Each such qualified local cultural organization funded under this Code section shall receive a sum equal to 80 percent of the specified percentage of their average annual gross revenues for their past three fiscal years subject only to meeting uniform guidelines for financial reporting and stability established by the supervising organization. Each such qualified local cultural organization may compete with other such organizations in their size group for single or multiyear grants of the remaining 20 percent allocated to their group on the basis of criteria and guidelines issued by the supervising organization. If the collected amounts of incremental sales tax revenues available for distribution are insufficient to fund the total amount each qualified local cultural organization would receive under this article, then each qualified local cultural organization shall receive a pro-rata share of the funds each would have received if sufficient funding were available.
48-8-249.  
The management, supervision, and distribution of funds of a district under Code Section 48-2-248 shall be vested in a supervising organization created by, appointed by, or contracted with by the governing authority of the county within the special district. Each supervising organization shall have a governing board or committee empowered to exercise the responsibilities of the supervising organization under this article. Fifty percent of the governing board or committee shall be composed of representatives of qualified local cultural organizations, and all members of the governing board or committee shall recuse themselves from participating in issues presenting a direct conflict of personal interests. The supervising organization shall elect its own chairperson and establish its own bylaws in conformance with the obligations imposed by this article and shall report annually on all expenditures and distributions to the governing authority of the county within the special district. Supervising organizations shall have the following duties and responsibilities:

1. To administer the funding of qualified local cultural organizations and qualified local initiatives in accordance with this article and as approved by the voters;
2. To receive in trust and administer the distribution of all funds received from the tax imposed under this article;
3. To properly determine and uniformly calculate the amounts to be received by each qualified local cultural organization under this article;
4. To institute and administer competitive grant programs for the support of cultural organizations and artists in accordance with this article;
5. To determine and distribute the portion of the funds received from the tax imposed under this article to the qualified local initiatives as provided under this article;
6. To ensure that determinations on funding of any recipients shall be based not on political expediency but rather on the organization's contribution to the general welfare of its intended audience and the demonstration of its relative ability to provide benefits to the citizens of the district and the state;
7. To receive and review annual financial information from each qualified local cultural organization and qualified local initiative and prepare an annual report to the public and the governing authority of the county within the special district on all expenditures and distributions; and
8. To employ such staff and consultants as deemed necessary to fulfill its responsibilities under this article and to perform such other tasks as may be appropriate to fulfill its purposes under this article which are not inconsistent with this article.

48-8-250.  
Where a local sales or use tax has been paid with respect to tangible personal property by the purchaser either in another local tax jurisdiction within the state or in a tax jurisdiction outside the state, the tax may be credited against the tax authorized to be imposed by this article upon the same property. If the amount of sales or use tax so
paid is less than the amount of the use tax due under this article, the purchaser shall pay an amount equal to the difference between the amount paid in the other tax jurisdiction and the amount due under this article. The commissioner may require such proof of payment in another local tax jurisdiction as he or she deems necessary and proper. No credit shall be granted, however, against the tax imposed under this article for tax paid in another jurisdiction if the tax paid in such other jurisdiction is used to obtain a credit against any other local sales and use tax levied in the county or municipality or in a special district which includes the county or municipality.

48-8-251.
No tax provided for in this article shall be imposed upon the sale of tangible personal property which is ordered by and delivered to the purchaser at a point outside the geographical area of the county in which the tax is imposed regardless of the point at which title passes if the delivery is made by the seller's vehicle, United States mail, or common carrier or by private or contract carrier licensed by the Interstate Commerce Commission or the Georgia Public Service Commission.

48-8-252.
No tax provided for in this article shall be imposed upon the sale or use of building and construction materials when the contract pursuant to which the materials are purchased or used was advertised for bid prior to the voters' approval of the levy of the tax and the contract was entered into as a result of a bid actually submitted in response to the advertisement prior to approval of the levy of the tax.

48-8-253.
The commissioner shall have the power and authority to promulgate such rules and regulations as shall be necessary for the effective and efficient administration and enforcement of the collection of the tax authorized to be imposed by this article.

48-8-254.
The tax authorized by this article shall be in addition to any other local sales and use tax. The imposition of any other local sales and use tax within a county, municipality, or special district shall not affect the authority of the governing authority of the county within the special district to impose the tax authorized by this article and the imposition of the tax authorized by this article shall not affect the imposition of any otherwise authorized local sales and use tax within the county, municipality, or special district.

48-8-255.
(a) The proceeds received from the tax authorized by this article shall be used by the authorized recipients within the special district exclusively for the purposes specified in the resolution calling for imposition of the tax. Such proceeds shall be kept in a separate account from other funds and shall not in any manner be commingled with other funds prior to the expenditure.
(b) The authorized recipient receiving any proceeds from the tax shall maintain a record of each and every purpose for which the proceeds of the tax are used. A schedule shall be included in each annual audit which shows for each purpose in the resolution calling for imposition of the tax the original estimated cost of any capital item, the current estimated cost if it is not the original estimated cost, amounts expended in prior years, and amounts expended in the current year. The auditor shall verify and test expenditures sufficient to provide assurances that the schedule is fairly presented in relation to the financial statements. The auditor's report on the financial statements shall include an opinion, or disclaimer of opinion, as to whether the schedule is presented fairly in all material respects in relation to the financial statements taken as a whole.

48-8-256.

The governing authority of the county within the special district receiving any proceeds from the tax under this article shall maintain a record of each and every purpose for which the proceeds of the tax are used. Not later than December 31 of each year, the governing authority of the county within the special district receiving any proceeds from the tax under this article shall publish annually, in a newspaper of general circulation in the boundaries of such special district, a simple, nontechnical report which shows for each purpose in the resolution calling for imposition of the tax the original estimated cost for any capital item, the current estimated cost if it is not the original estimated cost, amounts expended in prior years, and amounts expended in the current year."

SECTION 2.

Said title is further amended in Code Section 48-8-6, relating to a ceiling on local sales and use taxes, by revising subsections (b) and (c.1) as follows:

"(b) There shall not be imposed in any jurisdiction in this state or on any transaction in this state local sales taxes, local use taxes, or local sales and use taxes in excess of 2 percent. For purposes of this prohibition, the taxes affected are any sales tax, use tax, or sales and use tax which is levied in an area consisting of less than the entire state, however authorized, including such taxes authorized by or pursuant to constitutional amendment, except that the following taxes shall not count toward or be subject to such 2 percent limitation:

(1) A sales and use tax for educational purposes exempted from such limitation under Article VIII, Section VI, Paragraph IV of the Constitution;
(2) Any tax levied for purposes of a metropolitan area system of public transportation, as authorized by the amendment to the Constitution set out at Georgia Laws, 1964, page 1008; the continuation of such amendment under Article XI, Section I, Paragraph IV(d) of the Constitution; and the laws enacted pursuant to such constitutional amendment; provided, however, that the exception provided for under this paragraph shall only apply in a county in which a tax is being imposed under subparagraph (a)(1)(D) of Code Section 48-8-111 in whole or in part for the purpose
or purposes of a water capital outlay project or projects, a sewer capital outlay project or projects, a water and sewer capital outlay project or projects, water and sewer projects and costs as defined under paragraph (3) (4) of Code Section 48-8-200, or any combination thereof and with respect to which the county has entered into an intergovernmental contract with a municipality, in which the average waste-water system flow of such municipality is not less than 85 million gallons per day, allocating proceeds to such municipality to be used solely for water and sewer projects and costs as defined under paragraph (3) (4) of Code Section 48-8-200. The exception provided for under this paragraph shall apply only during the period the tax under said subparagraph (a)(1)(D) is in effect. The exception provided for under this paragraph shall not apply in any county in which a tax is being imposed under Article 2A of this chapter;

(3) In the event of a rate increase imposed pursuant to Code Section 48-8-96, only the amount in excess of the initial 1 percent sales and use tax and in the event of a newly imposed tax pursuant to Code Section 48-8-96, only the amount in excess of a 1 percent sales and use tax; and

(4) A sales and use tax levied under Article 4 of this chapter; and

(5) A sales and use tax levied under Article 5 of this chapter.

If the imposition of any otherwise authorized local sales tax, local use tax, or local sales and use tax would result in a tax rate in excess of that authorized by this subsection, then such otherwise authorized tax may not be imposed."

(c.1) Where the exception specified in paragraph (2) of subsection (b) of this Code section applies, on and after July 1, 2007, the aggregate amount of all excise taxes imposed under paragraph (5) of subsection (a) of Code Section 48-13-51 and all sales and use taxes shall not exceed 14 percent. The aggregate amount limitation of this subsection shall not count toward or include a sales and use tax levied under Article 5 of this chapter."

SECTION 3.

Said title is further amended by revising Code Section 48-8-201, relating to distribution of proceeds of the water and sewer projects and costs tax as follows:

"(d) On and after July 1, 2007, the aggregate amount of all excise taxes imposed under paragraph (5) of subsection (a) of Code Section 48-13-51 and all sales and use taxes shall not exceed 14 percent. The aggregate amount limitation of this subsection shall not count toward or include a sales and use tax levied under Article 5 of this chapter."

SECTION 4.

Said title is further amended in subsection (a) of Code Section 48-13-51, relating to county and municipal excise taxes on public accommodations, by revising paragraphs (3.1) and (4.1) as follows:

"(3.1) Notwithstanding any other provision of this subsection, a county (within the territorial limits of the special district located within the county) and the municipalities within a county in which a trade and convention center authority has
been created by intergovernmental contract between a county and one or more municipalities located therein, and which trade and convention center authority is in existence on or before March 21, 1988, and which trade and convention center authority has not constructed or operated any facility before March 21, 1988, may levy a tax under this Code section at a rate of 6 percent. A county or municipality levying a tax pursuant to this paragraph shall expend (in each fiscal year during which the tax is collected under this paragraph (3.1)) an amount equal to at least 62 1/2 percent of the total taxes collected at the rate of 6 percent for the purpose of: (A) promoting tourism, conventions, and trade shows; (B) funding, supporting, acquiring, constructing, renovating, improving, and equipping buildings, structures, and facilities, including, but not limited to, a trade and convention center, exhibit hall, conference center, performing arts center, accommodations facilities including food service, or any combination thereof, for convention, trade show, athletic, musical, theatrical, cultural, civic, and performing arts purposes and other events and activities for similar and related purposes, acquiring the necessary property therefor, both real and personal, and funding all expenses incident thereto, and supporting, maintaining, and promoting such facilities owned, operated, or leased by or to the local trade and convention center authority; or (C) for some combination of such purposes; provided, however, that at least 50 percent of the total taxes collected at the rate of 6 percent shall be expended for the purposes specified in subparagraph (B) of this paragraph (3.1). Amounts so expended shall be expended only through a contract or contracts with the state, a department of state government, a state authority, a convention and visitors bureau authority created by local Act of the General Assembly for a municipality, a local building authority created by local constitutional amendment, and a trade and convention center authority created by intergovernmental contract between a county and one or more municipalities located therein, or a private sector nonprofit organization or through a contract or contracts with some combination of such entities. The aggregate amount of all excise taxes imposed under this paragraph (3.1) and all sales and use taxes, and other taxes imposed by a county or municipality, or both, shall not exceed 13 percent; provided, however, that such aggregate amount limitation shall not count toward or include a sales and use tax under Article 5 of Chapter 8 of this title. Any tax levied pursuant to this paragraph (3.1) shall terminate not later than December 31, 2029, provided that during any period during which there remains outstanding any obligation issued to fund a facility as contemplated by this paragraph (3.1), secured in whole or in part by a pledge of a tax authorized under this Code section, the powers of the counties and municipalities to impose and distribute the tax imposed by this paragraph (3.1) shall not be diminished or impaired by the state and no county or municipality levying the tax imposed by this paragraph (3.1) shall cease to levy the tax in any manner that will impair the interests and rights of the holder of any such obligation. This proviso shall be for the benefit of the holder of any such obligation and, upon the issuance of any such obligation by a building authority created by local constitutional amendment, shall constitute a contract with the holder of such obligation. Notwithstanding any other provision of this Code
section to the contrary, as used in this paragraph (3.1), the term: 'fund' or 'funding' shall include the cost and expense of all things deemed necessary by a building authority created by local constitutional amendment for the construction and operation of a facility or facilities including but not limited to the study, operation, marketing, acquisition, construction, financing, including the payment of principal and interest on any obligation of the building authority created by local constitutional amendment and any obligation of the building authority created by local constitutional amendment to refund any prior obligation of the building authority created by local constitutional amendment, development, extension, enlargement, or improvement of land, waters, property, streets, highways, buildings, structures, equipment, or facilities and the repayment of any obligation incurred by an authority in connection therewith; 'obligation' shall include bonds, notes, or any instrument creating an obligation to pay or reserve moneys and having an initial term of not more than 37 years; and 'facility' or 'facilities' shall mean any of the buildings, structures, and facilities described in subparagraph (B) of this paragraph (3.1) and any associated parking areas or improvements originally owned or operated incident to the ownership or operation of such facility used for any purpose or purposes specified in subparagraph (B) of this paragraph (3.1) by a building authority created by local constitutional amendment.

"(4.1) Notwithstanding any other provision of this subsection, a county (within the territorial limits of the special district located within the county) or municipality within a county in which a coliseum authority has been created by local Act of the General Assembly and which authority is in existence on or before July 1, 1963, for the purpose of owning or operating a facility, may levy a tax under this Code section at a rate of 7 percent. A county or municipality levying a tax pursuant to this paragraph shall expend (in each fiscal year during which the tax is collected under this paragraph (4.1)) an amount equal to at least 62 1/2 percent of the total taxes collected at the rate of 7 percent for the purpose of: (A) promoting tourism, conventions, and trade shows; (B) funding and supporting a facility owned or operated by such coliseum authority; or (C) for some combination of such purposes. Amounts so expended shall be expended only through a contract or contracts with the state, a department of state government, a state authority, a convention and visitors bureau authority created by local Act of the General Assembly for a municipality, a local coliseum authority, or a private sector nonprofit organization, or through a contract or contracts with some combination of such entities, except that amounts expended for purpose (B) may be so expended in any otherwise lawful manner without the necessity of a contract. The aggregate amount of all excise taxes imposed under this paragraph (4.1) and all sales and use taxes, and other taxes imposed by a county or municipality, or both, shall not exceed 12 percent; provided, however, that such aggregate amount limitation shall not count toward or include a sales and use tax under Article 5 of Chapter 8 of this title. Any tax levied pursuant to this paragraph (4.1) shall terminate not later than December 31, 2028, provided that during any period during which there remains outstanding any obligation which is incurred prior to January 1, 1995, issued to fund a facility as contemplated by this paragraph (4.1),
and secured in whole or in part by a pledge of a tax authorized under this Code section, the powers of the counties and municipalities to impose and distribute the tax imposed by this paragraph (4.1) shall not be diminished or impaired by the state and no county or municipality levying the tax imposed by this paragraph (4.1) shall cease to levy the tax in any manner that will impair the interest and rights of the holders of any such obligation. This proviso shall be for the benefit of the holder of any such obligation and, upon the issuance of any such obligation by a coliseum and exhibit hall authority, shall constitute a contract with the holder of such obligations. Notwithstanding any other provision of this Code section to the contrary, as used in this paragraph (4.1), the term: 'fund' and 'funding' shall include the cost and expense of all things deemed necessary by a local coliseum authority for the construction, renovation, and operation of a facility including but not limited to the study, operation, marketing, acquisition, construction, finance, development, extension, enlargement, or improvement of land, waters, property, streets, highways, buildings, structures, equipment, or facilities, and the repayment of any obligation incurred by a local coliseum authority in connection therewith; 'obligation' shall include bonds, notes, or any instrument creating an obligation to pay or reserve moneys incurred prior to January 1, 1995, and having an initial term of not more than 30 years; and 'facility' shall mean a coliseum or other facility and any associated parking areas or improvements originally owned or operated incident to the ownership or operation of a facility used for convention and trade show purposes or amusement purposes, educational purposes, or a combination thereof and for fairs, expositions, or exhibitions in connection therewith by a local coliseum authority."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.
Article 6 of Chapter 2 of Title 20 of the Official Code of Georgia Annotated, relating to the "Quality Basic Education Act," is amended by adding a new part to read as follows:

"Part 16

20-2-325.
This part shall be known and may be cited as the 'Building Resourceful Individuals to Develop Georgia's Economy Act.'

20-2-326.
For purposes of this part, the term:
(1) 'Articulation' means agreement between a high school and a postsecondary institution regarding the awarding of both secondary and postsecondary credit for a dual enrollment course.
(2) 'Career academy' means a specialized charter school established by a partnership between one or more local boards of education and a technical school or college and approved by the State Board of Education in accordance with Article 31 of this chapter or the Georgia Charter Schools Commission in accordance with Article 31A of this chapter. This term also includes a small learning community where a student receives academic instruction at his or her assigned high school combined with work based learning opportunities at an industry center or technical school or college.
(3) 'Choice technical high school' means a high school, other than the high school to
which a student is assigned by virtue of his or her residence and attendance zone, which is designed to prepare a high school student for postsecondary education and for employment in a career field. A choice technical high school may be operated by a local school system or a technical school or college. A choice technical high school may also be operated as a charter school under a governance board composed of parents, employers, and representatives from the local board of education.

(4) 'Chronically low-performing high school' means a public high school in this state that has a graduation rate of less than 60 percent for three consecutive years, as determined in accordance with methodology established by the National Governors Association's Compact on High School Graduation Data, or that has not made adequate yearly progress for three consecutive years, as defined by the Office of Student Achievement.

(5) 'Focused program of study' means a rigorous academic core combined with a focus in mathematics and science; a focus in humanities, fine arts, and foreign language; or a coherent sequence of career pathway courses that is aligned with graduation requirements established by the State Board of Education and curriculum requirements established pursuant to Part 2 of this article that prepares a student for postsecondary education or immediate employment after high school graduation.

(6) 'Graduation plan' means a student specific plan developed in accordance with subsection (d) of Code Section 20-2-327 detailing the courses necessary for a high school student to graduate from high school and to successfully transition to postsecondary education and the work force.

(9) 'Small learning community' means an autonomous or semiautonomous small learning environment within a large high school which is made up of a subset of students and teachers for a two, three, or four-year period. The goal of a small learning community is to achieve greater personalization of learning with each community led by a principal or instructional leader. A small learning community blends academic studies around a broad career or academic theme where teachers have common planning time to connect teacher assignments and assessments to college and career readiness standards. Students voluntarily apply for enrollment in a small learning community but must be accepted, and such enrollment must be approved by the student's parent or guardian. A small learning community also includes a career academy organized around a specific career theme which integrates academic and career instruction, provides work-based learning opportunities, and prepares students for postsecondary education and employment, with support through partnerships with local employers, community organizations, and postsecondary institutions.
(10) 'Teacher adviser system' means a system where an individual professional educator in the school assists a small group of students and their parents or guardians throughout the students' high school careers to set postsecondary goals and help them prepare programs of study, utilizing assessments and other data to track academic progress on a regular basis; communicates frequently with parents or guardians; and provides advisement, support, and encouragement as needed.

(a)(1) The Department of Education shall develop focused programs of study in high demand, high skill, and high wage academic and career fields in accordance with a phase-in schedule as determined by the state board. Focused programs of study may include, but are not limited to:

(A) Aerospace;
(B) Health care and elderly care;
(C) Agribusiness;
(D) Life science;
(E) Energy and environmental;
(F) Logistics and transportation;
(G) Information and technology;
(H) Teacher education training;
(I) Technology and engineering;
(J) Science and mathematics; and
(K) Humanities and fine arts.

(2) The department shall include in the focused programs of study the flexibility for a student to pursue courses at the school of attendance, at a technical school or college, at a public college or university, at a work site under an apprenticeship cooperative education program, and at other settings approved by the State Board of Education, as appropriate.

(3) For each focused program of study identified pursuant to this subsection, the department shall convene a committee which includes high school teachers; school counselors; representatives from the Board of Regents of the University System of Georgia, the Technical College System of Georgia, the Governor's Office of Workforce Development, and employers; and others as deemed appropriate by the department. These committees shall develop and recommend a focused program of study which blends academic and technical content developed around college and career readiness standards with real world problems and projects for students. Recommendations shall include state-wide articulation and dual enrollment courses between local school systems and postsecondary institutions to provide seamless pathways for adequately prepared high school students to move directly into postsecondary education. The committees shall develop measures to certify equivalency in content and rigor for all state-wide articulation and dual enrollment
courses and shall follow related policies and procedures established by the Department of Education, the Board of Regents of the University System of Georgia, and the State Board of Technical and Adult Education for awarding articulation and dual enrollment credit which shall be based on students qualifying to enroll in credit bearing postsecondary courses.

(4) The State Board of Education, in collaboration with the Technical College System of Georgia and the Board of Regents of the University System of Georgia, shall establish a process for certifying all focused programs of study receiving state funds by using national certifying agencies where they exist and developing state industry-certifying panels in career pathways where no national certifying agency exists. The certification process shall, at a minimum, validate that a focused program of study curriculum meets industry standards where applicable, that its teachers hold current industry certification where applicable, and that its facilities, equipment, and software are adequate to teach the curriculum. The State Board of Education shall establish a schedule so that the requirements of this paragraph are met over a five-year period so that by June 30, 2015, the requirements of this paragraph relating to industry standards and certification and to facilities, equipment, and software are fully implemented.

(b) Student performance at the advanced proficiency/honors level on any assessments required for purposes of high school graduation shall be recognized as:

(1) Meeting postsecondary entrance test requirements, and

(2) Qualifying students to enroll in credit-bearing postsecondary course work in accordance with policies and requirements established by the State Board of Education, the Board of Regents of the University System of Georgia, and the State Board of Technical and Adult Education.

(c) Secondary and postsecondary credit shall be awarded immediately upon successful completion of any articulated or dual enrollment course in accordance with policies and requirements established by the State Board of Education, the Board of Regents of the University System of Georgia, and the State Board of Technical and Adult Education.

(d) Beginning with the 2010-2011 school year, students in the sixth, seventh, and eighth grades shall be provided counseling, advisement, career awareness, career interest inventories, and information to assist them in evaluating their academic skills and career interests. Before the end of the second semester of the eighth grade, students shall select a preferred focused program of study and develop an individual graduation plan in consultation with their parents, guardians, or individuals appointed by the parents or guardians to serve as their designee. High school students shall be provided guidance, advisement, and counseling annually that will enable them to successfully complete their individual graduation plans, preparing them for a seamless transition to postsecondary study, further training, or employment. An individual graduation plan shall:

(1) Include rigorous academic core subjects and focused course work in mathematics and science or in humanities, fine arts, and foreign language or sequenced career pathway course work;
(2) Incorporate provisions of a student's Individualized Education Program (IEP), where applicable;
(3) Align educational and broad career goals and a student's course of study;
(4) Be based on the student's selected academic and career focus area as approved by the student's parent or guardian;

(8) Be approved by the student and the student's parent or guardian with guidance from the student's school counselor or teacher adviser.

An individual graduation plan shall be reviewed annually, and revised, if appropriate, upon approval by the student and the student's parent or guardian with guidance from the student's school counselor or teacher adviser. An individual graduation plan may be changed at any time throughout a student's high school career upon approval by the student and the student's parent or guardian with guidance from the student's school counselor or teacher adviser.

(e) The Department of Education shall make available training for school counselors and graduation coaches about high demand, high skill, and high wage opportunities for bachelor's degrees, associate's degrees, and certificates, how a combination of rigorous academic and technical courses can prepare students for these fields, and how to organize a teacher adviser system that engages teachers in working with a core group of students and their parents or guardians in setting goals, identifying individual programs of study, and establishing individual graduation plans to achieve those goals. The training shall include strategies for school counselors, graduation coaches, and teacher advisers to effectively involve parents or guardians in the educational and career guidance process and in the development of individual graduation plans. Upon request by any local school system, training may be given to school counselors and graduation coaches in any middle or high school.

(C) An evaluation component in each high school to ensure the programs are providing students an opportunity to graduate with a high school diploma.

(3) The at-risk model program may include various components designed to result in more students facilitating a successful start in high school and passing ninth grade such as:

(A) Utilizing a flexible schedule that increases students' time in core language arts/reading and mathematics studies designed to eliminate academic deficiencies;

(C) Utilizing experienced and effective teachers as leaders for teacher teams in ninth grade to improve instructional planning, delivery, and reteaching strategies;
(D) Assigning students to a teacher mentor who will meet with them frequently to provide planned lessons on study skills and other habits of success that help students become independent learners and who will help them receive the assistance they need to successfully pass ninth grade; and
(E) Including ninth grade career courses which incorporate a series of miniprojects throughout the school year that require the application of ninth grade level reading, mathematics, and science skills to complete while students learn to use a range of technology and help students explore a range of educational and career options that will assist them in formulating post high school goals and give them a reason to stay in school and work toward achieving their stated goals.

(c) The State Board of Education shall promulgate rules and regulations for chronically low-performing high schools receiving a reform grant pursuant to this Code section to
make the high schools more relevant to and effective for all students. Such rules shall encourage high schools to implement a comprehensive school reform research based model that focuses on:

SUBJECT: Fiscal Note
House Bill 400 Substitute
(LC 33 3782S)

Dear Vice Chairman Millar:

This bill, also known as the “Building Resourceful Individuals to Develop Georgia’s Economy Act”, would require the state Department of Education (DOE) to develop focused programs of study for local school systems’ implementation that would prepare students to enter academic and career fields that are in high demand, high skill, and high wage areas. When implemented by local school systems, such programs are intended to improve graduation rates and student preparedness for postsecondary education and careers. Development of such programs would include, for example: training guidance
counselors and teachers to provide for educational counseling and career awareness; establishing teacher-advisor systems; developing systems to compile individual student graduation plans; and increasing parental and guardian involvement. To implement such programs, local school systems would apply to the state Board of Education for state funding through reform grants. Such competitive reform grants would be subject to state appropriation. The grants would enable selected local school systems to implement school reform measures, with priority given to chronically low-performing high schools.

The development costs associated with this bill are estimated to total approximately $7.5 million the first year and $5.4 million each of the following four years, according to a collaborative five-year estimate compiled by the Governor’s Office of Planning and Budget (OPB) and the Department of Education (DOE). These costs do not include implementation costs at the school level that would be funded through reform grants, subject to state appropriation. First-year development costs presented in this estimate include:

- a one-time cost of approximately $998,000 for the DOE to hold training workshops to develop schools’ career counseling and advisement methods;
- a one-time cost of about $743,000 to hold math integration workshops for school staff;
- a one-time cost of nearly $347,000 for the DOE to develop focused programs of study, which includes convening a committee for each program of study, such as those listed in the bill;
- annual costs of approximately $4 million to address necessary upgrades to school laboratories to meet industry certification standards;
- annual costs of about $800,000 in salaries for additional DOE personnel to certify all focused programs of study to ensure compliance with industry standards; and
- annual costs of about $600,000 to develop a system for creating and maintaining individual graduation plans.

The comprehensiveness of some of the above estimates is questionable. For example, the above estimate of $4 million for laboratory upgrades is based on an average upgrade cost of $10,000 per laboratory. However, a previous estimate of these costs developed by DOE in fiscal year 2008 used an average of nearly $70,000 per laboratory. Also, to arrive at the above costs for laboratory upgrades and some of the other listed cost areas, the DOE assumed that other funding sources (such as local governments and community organizations, business and industry, or bond proceeds) would be available to provide partial funding. Consequently, the above costs do not always include total expected costs.

This bill includes a provision for reform grants with priority given to chronically low-performing schools, subject to appropriation. The costs of the reform grants would
depend on how many schools were selected and could range from 34 (schools have to be either in the lowest-achieving 5% of schools in the state or have a 3-year average graduation rate below 60%) to 442 high schools. High schools receiving these reform grants would be required to implement an evidence-based model program to address at-risk students. The at-risk model must include diagnostic assessments, a process for identifying at-risk students, and an evaluation component. The schools selected would also be required to provide: focused programs of study; implement a teacher adviser system; provide students in 9th-12th grades information on educational program offered; and schedule annual conferences to assist students and their parents or guardians. Additional components of the at-risk model, which are not required by the bill but may be considered optional, include: utilizing a flexible schedule; maintaining a student-teacher ratio in ninth-grade no higher than any other grade level ratio in high school; utilizing experienced and effective teachers as leaders; assigning students to a teacher mentor; and including ninth grade career courses which incorporate a series of mini projects. While the above mentioned requirements would have associated costs, an estimate of the extent of such implementation costs was not provided by the DOE.

The Governor’s Office of Student Achievement (OSA) and the Technical College System of Georgia (TCSG) both indicated that they anticipate no material costs to implement the bill. However, the BOR did not provide feedback in time for the preparation of this fiscal note.

Because education funding requires local government participation, it is recommended that the Department of Community Affairs prepare a local government fiscal note in accordance with O.C.G.A. §28-5-49, the “State and Local Government Partnership Act of 1995.”

Respectfully,

board of tax assessors shall have the burden of proving their opinions of value and
the validity of their proposed assessment by a preponderance of evidence.
(5)(A) The county board of equalization shall determine all questions presented to
it on the basis of the best information available to the board.
(B) The commissioner, by regulation, may adopt uniform procedures and standards

required in this paragraph but not earlier than 20 days from the date of such
notification to the taxpayer, the county board of equalization shall hold such hearing
to determine the questions presented.
(C) If more than one contiguous property of a taxpayer is under appeal, the board of equalization shall, upon request of the taxpayer, consolidate all such appeals in one hearing and render separate decisions as to each parcel or item of property. (D)(i) The board of equalization shall render its decision at the conclusion of the hearing under subparagraph (B) of this paragraph. The decision of the county board of equalization shall be in writing, shall be signed by each member of the board, shall specifically decide each question presented by the appeal, shall specify the reason or reasons for each such decision as to the specific issues of taxability, uniformity of assessment, value, or denial of homestead exemptions depending upon the specific issue or issues raised by the taxpayer in the course of such taxpayer's appeal, shall state that with respect to the appeal no member of the board is disqualified from acting by virtue of subsection (j) of this Code section, and shall certify the date on which notice of the decision is given to the parties. Notice of the decision shall be given to each party by sending a copy of the decision by registered or certified mail or statutory overnight delivery to the appellant and by filing the original copy of the decision with the county board of tax assessors. Each of the three members of the county board of equalization must be present and must participate in the deliberations on any appeal. A majority vote shall be required in any matter. All three members of the board must sign the decision indicating their vote.

(ii) Except as otherwise provided in subparagraph (g)(4)(B) of this Code section, the county board of tax assessors shall use the valuation of the county board of equalization in compiling the tax digest for the county for the year in question and shall indicate such valuation as the previous year's value on the property tax notice of assessment of such taxpayer for the immediately following year rather than substituting the valuation which was changed by the county board of equalization.

(iii)(I) If the county's tax bills are issued before the county board of equalization has rendered its decision on property which is on appeal, the county board of tax assessors shall specify to the county tax commissioner the higher of the taxpayer's return valuation or 85 percent of the current year's valuation as set by the county board of tax assessors. This amount shall be the basis for a temporary tax bill to be issued. Such tax bill shall be accompanied by a notice to the taxpayer that the bill is a temporary tax bill pending the outcome of the appeal process. Such notice shall also indicate that upon resolution of the appeal, there may be additional taxes due or a refund issued.

(II) If the final determination of the value on appeal is less than the valuation thus used, the taxpayer shall receive a deduction in such taxpayer's taxes for the year in question. Such deduction shall be refunded to the taxpayer and shall include interest on the amount of such deduction at the same rate as specified in
Code Section 48-2-35 which shall accrue from November 15 of the taxable year in question or the date the final installment of the tax was due or was paid, whichever is later. In no event shall the amount of such interest exceed $150.00. (III) If the final determination of value on appeal is greater than the valuation thus used, the taxpayer shall be liable for the increase in taxes for the year in question due to the increased valuation fixed on appeal with interest at the rate as specified in Code Section 48-2-35. Such interest shall accrue from November 15 of the taxable year in question or the date the final installment of the tax was due to the date the additional taxes are remitted, but in no event shall the amount of such interest exceed $150.00. Any taxpayer shall be exempt each taxable year from any such interest owed under this subdivision with respect to such taxpayer’s homestead property.

(7) The county governing authority clerk of the superior court shall furnish the county board of equalization necessary facilities and secretarial and clerical help. The secretary of the county board of tax assessors clerk of the superior court shall see that the records and information of the county board of tax assessors are transmitted to the county board of equalization. The county board of equalization must consider in the performance of its duties the information furnished by the county board of tax assessors and the taxpayer.

(8) The taxpayer or his or her agent or representative may submit in support of his or her appeal the most current report of the sales ratio study for the county conducted pursuant to Code Section 48-5-274. The board must consider the study upon any such request.

(9) If at any time during the appeal process to the county board of equalization and after certification by the county board of tax assessors to the county board of equalization, the county board of tax assessors and the taxpayer mutually agree in writing on the fair market value, then the county board of tax assessors, or the county board of equalization, as the case may be, shall enter the agreed amount in all appropriate records as the fair market value of the property under appeal, and the appeal shall be concluded. The provisions in subsection (c) of Code Section 48-5-299 shall apply to the valuation unless otherwise waived by both parties.

(e.1)(1) For any dispute involving the value or uniformity of a parcel of nonhomestead real property with a fair market value in excess of $1 million, at the option of the taxpayer an appeal may be submitted to a hearing officer in accordance with this subsection.

(2) Individuals desiring to serve as hearing officers and who are either state certified general real property appraisers or state certified residential real property appraisers as classified by the Georgia Real Estate Commission and the Georgia Real Estate Appraisers Board shall complete and submit an application, a list of counties the hearing officer is willing to serve, disqualification questionnaire, and resume and be approved by the Georgia Real Estate Commission and the Georgia Real Estate Appraisers Board to serve as a hearing officer. Such board shall annually publish a list of qualified and approved hearing officers for Georgia.
(3) The clerk of the superior court shall furnish any hearing officer so selected the necessary facilities.

(4) An appeal shall be effected by e-mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by filing with the county board of tax assessors a notice of appeal to a hearing officer within 45 days from the date of mailing the notice of assessment pursuant to Code Section 48-5-306. A written objection to an assessment of real property received by a county board of tax assessors stating the taxpayer's election to appeal to a hearing officer and showing the location of the real property contained in the assessment notice shall be deemed a notice of appeal by the taxpayer.

(5) The county board of tax assessors may for no more than 90 days review the taxpayer's written appeal, and if changes or corrections are made by the county board of tax assessors, the board shall notify the taxpayer in writing of such changes. If within 30 days of the mailing of such notice the taxpayer notifies the county board of tax assessors in writing that such changes or corrections are not acceptable, the county board of tax assessors shall, within 30 days of the date of mailing of such taxpayer's notification, send or deliver the notice of appeal and all necessary papers to the clerk of the superior court.

(6) The clerk of superior court shall randomly select from such list a hearing officer who shall have experience or expertise in hearing or appraising the type of property that is the subject of appeal to hear the appeal, unless the taxpayer and the county board of tax assessors mutually agree upon a hearing officer from such list.

(7) The hearing officer shall swear in all witnesses, perform the powers, duties, and authority of a county or regional board of equalization, and determine the fair market value of the real property based upon the testimony and evidence presented during the hearing. Any issues other than fair market value and uniformity raised in the appeal shall be preserved for appeal to the superior court. The board of tax assessors shall have the burden of proving its opinion of value and the validity of its proposed assessment by a preponderance of evidence. At the conclusion of the hearing, the hearing officer shall notify both parties of the decision verbally and shall send the taxpayer the decision in writing.

(8) The taxpayer or the board of tax assessors may appeal the decision of the hearing officer to the superior court as provided in subsection (g) of this Code section.

(9) If, at any time during the appeal under this subsection, the taxpayer and the county board of tax assessors execute a signed written agreement on the fair market value and any other issues raised, the appeal shall terminate as of the date of such signed agreement and the fair market value as set forth in such agreement shall become final and subsection (c) of Code Section 48-5-299 shall apply. The provisions contained in this paragraph may be waived at any time by written consent of the taxpayer and the county board of tax assessors.

(10) Each hearing officer shall be compensated by the county for time expended in considering appeals. The compensation shall be paid at a rate of not less than $25.00 per hour as determined by the county governing authority. Compensation pursuant to
this paragraph shall be paid from the county treasury upon certification by the hearing officer of the hours expended in hearing of appeals. The attendance at any training required by the commissioner shall be part of the qualifications of the hearing officer, and any nominal cost of such training shall be paid by the hearing officer. If the clerk of superior court, after diligent search, cannot find a qualified hearing officer who is willing to serve, the clerk of the superior court shall notify the county board of tax assessors in writing. The county board of tax assessors shall then certify the appeal to the county or regional board of equalization.

(11) The commissioner shall promulgate rules and regulations for the proper administration of this subsection, including but not limited to a uniform appeal form; qualifications; training, including an eight-hour course on Georgia property law, Georgia evidence law, preponderance of evidence, burden of proof, credibility of the witnesses, and weight of evidence; disqualification questionnaire; selection; removal; and any other matters necessary to the proper administration of this subsection. The commissioner shall seek input from all interested parties prior to such promulgation."

"(g) Appeals to the superior court.

(1) The taxpayer or, except as otherwise provided in this paragraph and except for a determination of value by an arbitrator pursuant to paragraph (4) of subsection (f) of this Code section, the county board of tax assessors may appeal decisions of the county board of equalization, the arbitrator, or the arbitrators, or hearing officer, as applicable, to the superior court of the county in which the property lies. By mutual written agreement, the taxpayer and the county board of tax assessors may waive an appeal to the county board of equalization and initiate an appeal under this subsection. A county board of tax assessors shall not appeal a decision of the county board of equalization or arbitrator or board of arbitration hearing officer, as applicable, other than an arbitration pursuant to paragraph (4) of subsection (f) of this Code section changing an assessment by 20 percent or less unless the board of tax assessors gives the county governing authority a written notice of its intention to appeal, and, within ten days of receipt of the notice, the county governing authority by majority vote does not prohibit the appeal. In the case of a joint city-county board of tax assessors, such notice shall be given to the city and county governing authorities, either of which may prohibit the appeal by majority vote within the allowed period of time.

(2) An appeal by the taxpayer as provided in paragraph (1) of this subsection shall be effected by e-mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by mailing to or filing with the county board of tax assessors a written notice of appeal. Any such notice of appeal which is mailed pursuant to this paragraph shall be deemed to be filed as of the date of the United States Postal Service postmark on such notice of appeal. An appeal by the county board of tax assessors shall be effected by giving notice to the taxpayer. The notice to the taxpayer shall be dated and shall contain the name and the last known address of the taxpayer. The notice of appeal shall specifically state the grounds for appeal. The notice shall be mailed or filed within 30 days from the date on which the decision of the county board of equalization or hearing officer is mailed pursuant to
paragraph (e)(6)(D) or paragraph (6) of subsection (e.1) of this Code section or within 30 days from the date on which the arbitration decision is rendered pursuant to subparagraph (f)(3)(D) of this Code section, whichever is applicable. The county board of tax assessors shall certify to the clerk of the superior court the notice of appeal and any other papers specified by the person appealing including, but not limited to, the staff information from the file used by either the county board of tax assessors, or the county board of equalization, or the hearing officer. All papers and information certified to the clerk shall become a part of the record on appeal to the superior court. At the time of certification of the appeal, the county board of tax assessors shall serve the taxpayer and his or her attorney of record, if any, with a copy of the notice of appeal and with the civil action file number assigned to the appeal. Such service shall be effected in accordance with subsection (b) of Code Section 9-11-5. No discovery, motions, or other pleadings may be filed by the county board of tax assessors in the appeal until such service has been made.

(3) The appeal shall constitute a de novo action. The board of tax assessors shall have the burden of proving their opinion of value and the validity of their proposed assessment by a preponderance of evidence. Upon a failure of the board of tax assessors to meet such burden of proof, the court may, upon motion or sua sponte, authorize the finding that the value asserted by the taxpayer is unreasonable and authorize the determination of the final value of the property.

(4)(A) The appeal shall be heard before a jury at the first term placed on the court's next available jury or bench trial calendar, at the taxpayer's election, following the filing of the appeal unless continued by the court upon a showing of good cause. If only questions of law are presented in the appeal, the appeal shall be heard as soon as practicable before the court sitting without a jury. Each hearing before the court sitting without a jury shall be held within 30 days following the date on which the appeal is filed with the clerk of the superior court. The time of any hearing shall be set in consultation with the taxpayer and at a time acceptable to the taxpayer between the hours of 8:00 A.M. and 7:00 P.M. on a business day.

(B)(i) The county board of tax assessors shall use the valuation of the county board of equalization or the arbitrator or arbitrators hearing officer, as applicable, in compiling the tax digest for the county. If the final determination of value on appeal is less than the valuation set by the county board of equalization, the arbitrator, or the arbitrators or hearing officer, as applicable, the taxpayer shall receive a deduction in such taxpayer's taxes for the year in question. Such deduction shall be refunded to the taxpayer and shall include interest on the amount of such deduction at the same rate as specified in Code Section 48-2-35 which shall accrue from November 15 of the taxable year in question or the date the final installment of the tax was due or was paid, whichever is later. In no event shall the amount of such interest exceed $150.00.

(ii) If the final determination of value on appeal is 80 percent or less of the valuation set by the county board of equalization or hearing officer as to commercial property, or 85 percent or less of the valuation set by the county board
of tax assessors as to other property, the taxpayer, in addition to the interest provided for by this paragraph, shall recover costs of litigation and reasonable attorney's fees incurred in the action. This division shall not apply when the property owner has failed to return for taxation the property that is under appeal.

(iii) If the final determination of value on appeal is greater than the valuation set by the county board of equalization, the arbitrator, or the arbitrators or hearing officer, as applicable, the taxpayer shall be liable for the increase in taxes for the year in question due to the increased valuation fixed on appeal with interest at the same rate as specified in Code Section 48-2-35. Such interest shall accrue from November 15 of the taxable year in question or the date the final installment of tax was due to the date the additional taxes are remitted, but in no event shall the amount of such interest exceed $150.00. Any taxpayer shall be exempt each taxable year from any such interest owed under this subparagraph with respect to such taxpayer's homestead property.

(h) Recording of interviews. In the course of any assessment, appeal, or arbitration, or any related proceeding, the taxpayer shall be entitled to make audio recordings of any interview with any officer or employee of the taxing authority relating to the valuation of the taxpayer's property subject to such assessment, appeal, arbitration, or related proceeding, at the taxpayer's expense and with equipment provided by the taxpayer, and no such officer or employee may refuse to participate in an interview relating to such valuation for reason of the taxpayer's choice to record such interview."

"(j) Disqualification.

(1) No member of the county board of equalization and no hearing officer shall serve with respect to any appeal concerning which he or she would be subject to a challenge for cause if he or she were a member of a panel of jurors in a civil case involving the same subject matter.

(2) The parties to an appeal to the county board of equalization or to a hearing officer shall file in writing with the appeal, in the case of the person appealing, or, in the case of the county board of tax assessors, with the certificate transmitting the appeal, questions relating to the disqualification of members of the county board of equalization or hearing officer. Each question shall be phrased so that it can be answered by an affirmative or negative response. The members of the county board of equalization or hearing officer shall, in writing under oath within two days of their receipt of the appeal, answer the questions and any question which may be adopted pursuant to subparagraph (e)(5)(B) (1)(D) of this Code section. Answers of the county board of equalization or hearing officer shall be part of the decision of the board or hearing officer and shall be served on each party by first-class mail. Determination of disqualification shall be made by the judge of the superior court upon the request of any party when the request is made within two days of the response of the board or hearing officer to the questions. The time prescribed under subparagraph (e)(6)(A) of this Code section shall be tolled pending the determination by the judge of the superior court."
individual's residence because of duty in the armed forces, the filing requirements set forth in subparagraph (e)(2)(A) of this Code section and paragraph (2)(3) of subsection (f) of this Code section shall be tolled for a period of 90 days. During this period any member of the immediate family of the individual, or a friend of the individual, may notify the tax receiver or the tax commissioner of the individual's absence due to military service and submit written notice of representation for the limited purpose of the appeal. Upon receipt of this notice, the tax receiver or the tax commissioner shall initiate the appeal.

(m) **Refunds.** In the event a refund is owed to the taxpayer, such refund shall be paid to the taxpayer within 60 days of the last date upon which an appeal may be filed, or the date the final determination of value is established on appeal, whichever is later. Any refund paid after the sixtieth day shall accrue interest from the sixtieth day until paid with interest at the same rate as specified in Code Section 48-2-35.

(n) **Service of notice.** A notice of appeal to a board of tax assessors under subsection (e), (e.1), (f), or (g) of this Code section shall be deemed filed as of the date of the United States Postal Service postmark, receipt of delivery by statutory overnight delivery, or, if the board of tax assessors has adopted a written policy consenting to electronic service, by transmitting a copy to the board of tax assessors via e-mail in portable document format using all e-mail addresses provided by the board of tax assessors and showing in the subject line of the e-mail message the words 'STATUTORY ELECTRONIC SERVICE' in capital letters. Service by mail, statutory overnight delivery, or electronic transmittal is complete upon such service. Proof of service may be made within 45 days of receipt of the notice of current assessment to the taxpayer by certificate of the taxpayer, the taxpayer's attorney, or the taxpayer's employee by written admission or by affidavit. Failure to make proof of service shall not affect the validity of service.

(o) When a taxpayer authorizes an attorney in writing to act on the taxpayer's behalf, all notices required to be provided to the taxpayer regarding hearing times, dates, certifications, or official actions shall instead be provided to such attorney."

Said title is further amended in Code Section 48-5-13 by replacing the reserved designation with the following:

(B) No person shall be eligible to hear an appeal as a member of a board of equalization on or after January 1, 1995, unless prior to hearing such appeal, that person shall satisfactorily complete the 40 hours of instruction in appraisal and equalization processes and procedures required under subparagraph (A) of this paragraph. PART V
SECTION 5-1.

Said title is further amended in Code Section 48-5-2, relating to definitions, by adding new paragraphs to read as follows:

"(1.1) 'Arm's length, bona fide sale' means a transaction which has occurred in good faith without fraud or deceit carried out by unrelated or unaffiliated parties, as by a willing buyer and a willing seller, each acting in his or her own self-interest, including but not limited to a distress sale, short sale, bank sale, or sale at public auction."

SECTION 5-2.

Said title is further amended in Code Section 48-5-2, relating to definitions regarding ad valorem taxation of property, by revising the introductory language of paragraph (3) preceding subparagraph (A) as follows:

"(3) 'Fair market value of property' means the amount a knowledgeable buyer would pay for the property and a willing seller would accept for the property at an arm's length, bona fide sale. The income approach, if data is available, shall be considered in determining the fair market value of income-producing property. Notwithstanding any other provision of this chapter to the contrary, the transaction amount of the most recent arm's length, bona fide sale in any year shall be the maximum allowable fair market value for the next taxable year. With respect to the valuation of equipment,
machinery, and fixtures when no ready market exists for the sale of the equipment, machinery, and fixtures, fair market value may be determined by resorting to any reasonable, relevant, and useful information available, including, but not limited to, the original cost of the property, any depreciation or obsolescence, and any increase in value by reason of inflation. Each tax assessor shall have access to any public records of the taxpayer for the purpose of discovering such information."

**SECTION 5-3.**
Said Code section is further amended in paragraph (3) by revising subparagraph (B) as follows:

"(B) The tax assessor shall consider the following criteria in determining the fair market value of real property:

(i) Existing zoning of property;
(ii) Existing use of property, including any restrictions or limitations on the use of property resulting from state or federal law or rules or regulations adopted pursuant to the authority of state or federal law;
(iii) Existing covenants or restrictions in deed dedicating the property to a particular use;
(iv) Foreclosure sales, bank sales, other financial institution owned sales, or distressed sales, or any combination thereof, of comparable real property;

**SECTION 5-4.**
Said Code section is further amended in paragraph (3) by adding a new subparagraph to read as follows:

"(B.2) In determining the fair market value of real property, the tax assessor shall not include the value of intangible assets, including the cost of trade name, the brand and flag value, the amortized cost of incentives and concessions for anchor tenants, project and asset management, the value of staff in place, patient service mix, managed care agreements, working capital, reservation systems, customer loyalty programs, merchandizing and advertising arrangements, and all intellectual property."

**PART VI**

**SECTION 6-1.**
Said title is further amended by revising subsection (f) of Code Section 48-5-311, relating to county boards of equalization and appeals of ad valorem taxes, as follows:

"(f) *Arbitration.*

(1) As used in this subsection, the term 'certified appraisal' means an appraisal or
appraisal report given, signed, and certified as such by a real property appraiser as classified by the Georgia Real Estate Commission and the Georgia Real Estate Appraisers Board.

(2) At the option of the taxpayer an appeal shall be submitted to arbitration in accordance with this subsection.

(2) Following an election by the taxpayer under paragraph (1) of this subsection, an arbitration appeal shall be effected by the taxpayer's filing a written notice of arbitration with the county board of tax assessors. The notice of arbitration shall specifically state the grounds for arbitration. The notice shall be filed within 45 days from the date of mailing the notice pursuant to Code Section 48-5-306 except that for counties or municipal corporations providing for the collection and payment of ad valorem taxes in installments the time for filing the notice of appeal shall be 30 days. The county board of tax assessors shall certify to the clerk of the superior court the notice of arbitration and any other papers specified by the person seeking arbitration including, but not limited to, the staff information from the file used by the county board of tax assessors. All papers and information certified to the clerk shall become a part of the record on arbitration. Within 15 days of the filing of the certification to the clerk of the superior court, the judge shall issue an order authorizing the arbitration and appointing a referee.

(3) The arbitration of the correctness of the decision of the county board of tax assessors shall be conducted pursuant to the procedures outlined in Article 2 of Chapter 9 of Title 9 with the following exceptions:

(A) If both parties agree, the matter may be submitted to a single arbitrator. If both parties agree, the referee may serve as the single arbitrator;

(B) If the parties do not agree to a single arbitrator, then three arbitrators shall hear the appeal. Such arbitrators shall be appointed as provided in Code Section 9-9-67. If one or both parties are unable to select an arbitrator, the appeal shall be heard by a single arbitrator who shall be appointed by the judge of the superior court as provided in Code Section 9-9-67;

(C) In order to be qualified to serve as an arbitrator, a person must be at least a registered real estate appraiser as classified by the Georgia Real Estate Appraisers Board;

(D) The arbitrator or a majority of the arbitrators, as applicable, within 30 days after their appointment shall render a decision regarding the correctness of the decision of the county board of tax assessors and, if correction of the decision is required, regarding the extent and manner in which the decision should be corrected. The decision of the arbitrator or arbitrators, as applicable, may be appealed to the superior court in the same manner as a decision of the board of equalization;

(E) The taxpayer shall be responsible for the fees and costs of such taxpayer's arbitrator and the county shall be responsible for the fees and costs of such county's arbitrator. The two parties shall each be responsible for one-half of the fees and costs of the third arbitrator. In the event the appeal is submitted to a single arbitrator, the two parties shall each be responsible for one-half of the fees and costs
of such arbitrator; and
(F) The board of tax assessors shall have the burden of proving their opinions of value and the validity of their proposed assessment by a preponderance of evidence.
(4) For any dispute involving the value of real property, at the option of the taxpayer, an appeal may be submitted to binding arbitration in accordance with this paragraph:

(3)(A) Following an election by the taxpayer to use the binding arbitration provisions of this subsection, a binding arbitration appeal shall be effected by the taxpayer by e-mailing, if the county board of tax assessors has adopted a written policy consenting to electronic service, or by filing a written notice of arbitration appeal with the county board of tax assessors. The notice of arbitration appeal shall specifically state the grounds for arbitration. The notice shall be filed within 45 days from the date of mailing the notice pursuant to Code Section 48-5-306 except that for counties or municipal corporations providing for the collection and payment of ad valorem taxes in installments, the time for filing the notice of appeal shall be 30 days. Within ten days of receipt of a taxpayer's notice of arbitration appeal, the board of tax assessors shall send to the taxpayer an acknowledgment of receipt of the appeal; a notice that the taxpayer must, within 45 days of the filing of the notice, provide to the board of assessors for consideration a copy of a certified appraisal; and a confirmation of the amount of the filing fees, if any, required under Code Section 15-6-77 and notice that within 45 days the taxpayer shall pay to the clerk of the superior court the fees. SUBJECT: Fiscal Note
House Bill 827 (LC 21 0468)

Dear Representative Sims:

This bill would revise indemnification provisions of the Georgia State Indemnification Fund, increasing death or disability coverage amounts for state highway employees in the
line of duty to match those of other public safety individuals. Such individuals include law enforcement officers, firefighters, emergency medical technicians, emergency management rescue specialists, and prison guards. Coverage amounts for state highway employees would increase from $12,000 to $35,000 for partial permanent disability, from $25,000 to $75,000 for total permanent disability and from $40,000 to $100,000 for death or organic brain damage.

The annual fiscal impact of this bill would approximate $83,000, assuming one death and one partial permanent liability claim per year regarding state highway employees. This amount represents the difference between the Fund’s current payment terms and those proposed in the bill, based upon information from the Department of Administrative Services (DOAS), which administers the Fund. The actual amount, however, could be more or less depending upon the number of occurrences. Historically, DOAS information indicates that there have been few occurrences involving state highway workers, with no Department of Transportation employees qualifying for indemnification payments from the fund within the last five years. Currently, the Fund has a balance of approximately $3.4 million.

Respectfully,

/s/ Russell W. Hinton
State Auditor

Office of Planning and Budget

State Capitol, Room 402  
Atlanta, Georgia  30334  

SUBJECT: State Auditor’s Certification  
House Bill 974 (LC 21 0530)  

Dear Representative Maxwell:  

This bill would amend provisions relating to membership under the Peace Officers’ Annuity and Benefit Fund. Currently, members who temporarily cease employment as a peace officer are authorized to retain their membership and earn up to 12 months of creditable service. If this legislation is enacted, such members would only be entitled to obtain one month of such credit for each month of active membership performed after the period of unemployment. Additionally, this bill would amend provisions relating to retirement benefits. Currently, members of the Fund are eligible to receive retirement benefits upon obtaining 10 years of membership service. If this legislation is enacted, all persons who become a member of the Fund on or after July 1, 2010 would be required to obtain 15 years of membership service in order to become eligible for retirement benefits. 

This is to certify that this bill is a nonfiscal retirement bill as defined in the Public Retirement Systems Standards Law.  

Respectfully,  

/s/ Russell W. Hinton  
State Auditor

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 8 of Title 48 of the Official Code of Georgia Annotated, relating to sales and use taxes, is amended by revising subsection (d) of Code Section 48-8-89, relating to the distribution of proceeds of the joint county and municipal sales and use tax and the renegotiation of distribution certificates, as follows:

"(d)(1) Except as otherwise provided in paragraph (7) of this subsection, a certificate providing for the distribution of the proceeds of the tax authorized by this article shall expire on December 31 of the second year following the year in which the decennial census is conducted. No later than December 30 of the second year following the year in which the census is conducted, a renegotiated new distribution certificate meeting the requirements for certificates specified by subsection (b) of this Code section shall be filed with and received by the commissioner. The General Assembly recognizes that the requirement for government services is not always in
direct correlation with population. Although a renegotiated new distribution certificate is required within a time certain of the decennial census, this requirement is not meant to convey an intent by the General Assembly that population as a criterion should be more heavily weighted than other criteria. It is the express intent of the General Assembly in requiring such renegotiation that eligible political subdivisions shall analyze local service delivery responsibilities and the existing allocation of proceeds made available to such governments under the provisions of this article and make rational the allocation of such resources to meet such service delivery responsibilities. Political subdivisions in their renegotiation of such distributions shall at a minimum consider the criteria specified in subsection (b) of this Code section.

(2) The commissioner shall be notified in writing of the commencement of renegotiation proceedings by the county governing authority on behalf of all eligible political subdivisions within the special district. The eligible political subdivisions shall commence renegotiations at the call of the county governing authority but no later than before July 1 of the second year following the year in which the census is conducted. If the county governing authority does not issue the call by that date, any eligible municipality may issue the call and so notify the commissioner and all eligible political subdivisions within the special district.

(3) Following the commencement of such renegotiation, if the parties necessary to an agreement fail to reach an agreement within 60 days, such parties shall agree to submit the dispute to nonbinding arbitration, mediation, or such other means of resolving conflicts in a manner which, in the judgment of the commissioner, reflects a good faith effort to resolve attempts to reach a resolution of the dispute. Any renegotiation agreement reached pursuant to this paragraph shall be in accordance with the requirements specified in paragraph (1) of this subsection.

(4)(A) If the parties necessary to an agreement fail to reach an agreement within 60 days of submitting the dispute to nonbinding arbitration, mediation, or such other means of resolving conflicts, as required by paragraph (3) of this subsection, any of such parties may file a petition in superior court of the county seeking resolution of the items remaining in dispute. Such petition shall be filed no later than 30 days after the last day of the 60 day alternative dispute resolution period required by paragraph (3) of this subsection. Such petition shall be assigned to a judge pursuant to Code Section 15-1-9.1 or 15-6-13 who is not a judge in the circuit in which the county is located. The judge selected may also be a senior judge pursuant to Code Section 15-1-9.2 who resides in another circuit.

(B) Following the filing of the petition as specified under subparagraph (A) of this paragraph, the county and qualified municipalities representing at least one-half of the aggregate municipal population of all qualified municipalities located wholly or partially within the special district shall separately submit to the judge and the other parties a written best and final offer specifying the distribution of the tax proceeds. There shall be one such offer from the county and one such offer from qualified municipalities representing at least one-half of the aggregate municipal population of all qualified municipalities located wholly or partially within the special district.
The offer from the county may be an offer representing the county and any qualified municipalities that are not represented in the offer from the qualified municipalities representing at least one-half of the aggregate municipal population of all qualified municipalities located wholly or partially within the special district.

(C) Any qualified municipality or municipalities located wholly or partially within the special district who are not a party to an offer under subparagraph (B) of this paragraph, and who represent at least one-half of the aggregate municipal population of all qualified municipalities who are not a party to an offer under subparagraph (B) of this paragraph, shall be authorized to separately submit to the judge and the other parties a written best and final offer specifying the distribution of the tax proceeds. There shall be one such offer from such qualified municipality or municipalities.

(D) Each offer under subparagraphs (B) and (C) of this paragraph shall take into account the allocation required for any absent municipalities in accordance with subsection (b) of this Code section. The judge shall conduct such hearings as the judge deems necessary and shall render a decision based on the requirements and intent of paragraph (1) of this subsection and the criteria in subsection (b) of this Code section. The judge's decision shall adopt the best and final offer of one of the parties submitted under subparagraphs (B) and (C) of this paragraph specifying the allocation of the tax proceeds and shall also include findings of fact. The judge shall enter a final order containing a new distribution certificate and transmit a copy of it to the commissioner.

(E) A final order entered under subparagraph (D) of this paragraph shall be subject to appeal by application upon one or more of the following grounds:

   (i) The judge's disregard of the law;
   (ii) Partiality of the judge; or
   (iii) Corruption, fraud, or misconduct by the judge or a party.

(F) During the process set forth in this paragraph, the commissioner shall continue to distribute the sales tax proceeds according to the percentages specified in the most recently filed distribution certificate or in accordance with subsection (f) of Code Section 48-8-89.1, as applicable, until a new distribution certificate is properly filed.

(4) If the renegotiated a new distribution certificate as provided for in paragraph (1) of this subsection Code section is not received by the commissioner by the required date, the authority to impose the tax authorized by Code Section 48-8-82 shall cease, on December 31 of the second year following the year in which the decennial census is conducted and the tax shall not be levied in the special district after such date unless the reimpersonation of the tax is subsequently authorized pursuant to Code Section 48-8-85. When the imposition of the tax is so terminated, the commissioner shall retain the proceeds of the tax which were to be distributed to the governing authorities of the county and qualified municipalities within the special district until the commissioner receives a certificate in on behalf of each such governing authority specifying the percentage of the proceeds which each such
governing authority shall receive. If no such certificate is received by the commissioner within 120 days of the date on which the authority to levy the tax was terminated, the proceeds shall escheat to the state, and the commissioner shall transfer the proceeds to the state's general fund.

(5) If the commissioner receives the renegotiated new distribution certificate by the required date, the commissioner shall distribute the proceeds of the tax in accordance with the directions of the renegotiated new distribution certificate commencing on January 1 of the year immediately following the year in which such certificate was renegotiated executed by the parties or the judge or the first day of the second calendar month following the month such certificate was renegotiated executed by the parties or the judge, whichever is sooner.

(6) Costs of any conflict resolution under paragraph (3) or (4) of this subsection shall be borne proportionately by the affected political subdivisions in accordance with the final percentage distributions of the proceeds of the tax as reflected by the renegotiated new distribution certificate.

(7) All distribution certificates on file with the commissioner on July 1, 1994, which were not renegotiated in accordance with the 1990 decennial census figures or renegotiated on or after January 1, 1992, shall expire on December 31, 1995. Renegotiations with respect to such certificates shall be commenced in accordance with the requirements of this subsection on or before July 1, 1994. If a renegotiated certificate is not received by the commissioner by July 1, 1995, the authority to impose the tax authorized by Code Section 48-8-82 shall cease on December 31, 1995, and the tax shall not be levied in the special district after that date unless reimposition of the tax is subsequently authorized pursuant to Code Section 48-8-85. The commissioner shall retain and distribute the proceeds of such terminated tax in accordance with paragraph (4) of this subsection.

(8) No qualified municipality within the special district whose population is less than 5 percent of the population in the special district according to the United States decennial census of 1990 shall receive a reduced percentage of distribution than presently being received under the existing certificate prior to renegotiations required in paragraph (7) of this subsection unless the new agreement is executed by the qualified municipality. This paragraph shall apply only to the renegotiations required by paragraph (7) of this subsection and shall not apply to any subsequent renegotiations required by this subsection.

(9) Political subdivisions shall be authorized, at their option, to renegotiate distribution certificates on a more frequent basis than is otherwise required under this subsection.

(10) No provision of this subsection shall apply to any county which is authorized to levy or which levies a local sales tax, local use tax, or local sales and use tax for educational purposes pursuant to a local constitutional amendment or to any county which is authorized to expend all or any portion of the proceeds of any sales tax, use tax, or sales and use tax for educational purposes pursuant to a local constitutional amendment."

SECTION 2.
Said chapter is further amended by revising subsection (b) of Code Section 48-8-89.1, relating to certification of additional qualified municipalities and lapsing of the tax due to failure to file a new certificate, as follows:
"(b) Within 60 days after the effective date of the notice referred to in subsection (a) of this Code section, a new distribution certificate shall be filed with the commissioner for the special district or, within 30 days after the last day of the 60 day alternative dispute resolution period required by paragraph (3) of subsection (d) of Code Section 48-8-89, the county, any qualified municipality located wholly or partially within the special district, or any new qualified municipality as specified under subsection (a) of this Code section located wholly or partially within the special district shall be subject to the same requirements applicable to qualified municipalities located wholly or partially within the special district under paragraph (4) of subsection (d) of Code Section 48-8-89. In the event such a petition is filed, a new qualified municipality as specified under subsection (a) of this Code section located wholly or partially within the special district shall be subject to the same requirements applicable to qualified municipalities located wholly or partially within the special district under paragraph (4) of subsection (d) of Code Section 48-8-89. This new distribution certificate shall specify by percentage what portion of the proceeds of the tax available for distribution within the special district shall be received by the count y in which the special district is located and by each qualified municipality located wholly or partially within the special district, including the new qualified municipality. No distribution certificate may contain a total of specified percentages in excess of 100 percent."

This new distribution certificate shall address only the proceeds of the tax available for distribution from the percentage allocated to the county in the current distribution certificate and shall specify as a percentage of the total proceeds of the tax what portion of the proceeds shall be received by the county in which the special district is located and by the new qualified municipality and newly expanded qualified municipality located wholly or partially within the special district, if any."

If such debt is incurred through the execution of a promissory note or notes or other instrument or instruments, no validation proceedings shall be necessary and such debt shall be subject to Code Sections 36-80-10 through 36-80-14 except as specifically provided otherwise in this article. In either event, such general obligation debt shall be payable first from the separate account in which are placed the proceeds received by the county from the tax authorized by this article. Such general obligation debt shall, however, constitute a pledge of the full faith, credit, and taxing power of the county; and any liability on such debt which is not satisfied from the proceeds of the tax authorized by this article shall be satisfied from the general funds of the county.

48-8-233. 
With respect to any consolidated government created by the consolidation of a county and one or more municipalities, the levy of a tax under this article by a consolidated government shall be in the same manner as the levy of the tax by any other county.

48-8-234. 
(a) If the imposition of the tax is approved at the special election, the tax shall be imposed on the first day of the next succeeding calendar quarter which begins more than 80 days after the date of the election at which the tax was approved by the voters. With respect to services which are regularly billed on a monthly basis, however, the resolution shall become effective with respect to and the tax shall apply to services billed on or after the effective date specified in the previous sentence. 
(b) The tax shall cease to be imposed on the earliest of the following dates: 
(1) If the resolution or ordinance calling for the imposition of the tax provided for the issuance of general obligation debt and such debt is the subject of validation proceedings, as of the end of the first calendar quarter ending more than 80 days after the date on which a court of competent jurisdiction enters a final order denying validation of such debt; 
(2) On the final day of the maximum period of time specified for the imposition of the tax; or
(3) As of the end of the calendar quarter during which the commissioner determines that the tax will have raised revenues sufficient to provide to the county net proceeds equal to or greater than the amount specified as the maximum amount of net proceeds to be raised by the tax. 
(c)(1) At any time, no more than a single 1 percent tax under this article may be
imposed within a special district.

(2) The governing authority of a county within a special district in which a tax authorized by this article is in effect may, while the tax is in effect, adopt a resolution or ordinance calling for the reimposition of a tax as authorized by this article upon the termination of the tax then in effect; and a special election may be held for this purpose while the tax is in effect following the adoption of a local Act of the General Assembly as described in subsection (b) of Code Section 48-8-232. Proceedings for the reimposition of a tax shall be in the same manner as proceedings for the initial imposition of the tax, but the newly authorized tax shall not be imposed until the expiration of the tax then in effect.

(3) Following the expiration of a tax under this article, a county may initiate proceedings for the reimposition of a tax under this article in the same manner as provided in this article for initial imposition of such tax.

48-8-235.
A tax levied pursuant to this article shall be exclusively administered and collected by the commissioner for the use and benefit of the county and qualified municipalities within the special district imposing the tax. Such administration and collection shall be accomplished in the same manner and subject to the same applicable provisions, procedures, and penalties provided in Article 1 of this chapter; provided, however, that all moneys collected from each taxpayer by the commissioner shall be applied first to such taxpayer's liability for taxes owed the state; and provided, further, that the commissioner may rely upon a representation by or in behalf of the county or the Secretary of State that such a tax has been validly imposed, and the commissioner and the commissioner's agents shall not be liable to any person for collecting any such tax which was not validly imposed. Dealers shall be allowed a percentage of the amount of the tax due and accounted for and shall be reimbursed in the form of a deduction in submitting, reporting, and paying the amount due if such amount is not delinquent at the time of payment. The deduction shall be at the rate and subject to the requirements specified under subsections (b) through (f) of Code Section 48-8-50.

48-8-236.
Each sales tax return remitting taxes collected under this article shall separately identify the location of each retail establishment at which any of the taxes remitted were collected and shall specify the amount of sales and the amount of taxes collected at each establishment for the period covered by the return in order to facilitate the determination by the commissioner that all taxes imposed by this article are collected and distributed according to situs of sale.

48-8-237.
The proceeds of the tax collected by the commissioner in each county under this article shall be disbursed as soon as practicable after collection as follows:

(1) One percent of the amount collected shall be paid into the general fund of the state treasury in order to defray the costs of administration; and
(2) Except for the percentage provided in paragraph (1) of this Code section, the remaining proceeds of the tax shall be distributed to the governing authority of the county within the special district for distribution pursuant to the terms of the intergovernmental agreement.

48-8-238.
Where a local sales or use tax has been paid with respect to tangible personal property by the purchaser either in another local tax jurisdiction within the state or in a tax jurisdiction outside the state, the tax may be credited against the tax authorized to be imposed by this article upon the same property. If the amount of sales or use tax so paid is less than the amount of the use tax due under this article, the purchaser shall pay an amount equal to the difference between the amount paid in the other tax jurisdiction and the amount due under this article. The commissioner may require such proof of payment in another local tax jurisdiction as he or she deems necessary and proper. No credit shall be granted, however, against the tax imposed under this article for tax paid in another jurisdiction if the tax paid in such other jurisdiction is used to obtain a credit against any other local sales and use tax levied in the county or in a special district which includes the county.

48-8-239.
No tax provided for in this article shall be imposed upon the sale of tangible personal property which is ordered by and delivered to the purchaser at a point outside the geographical area of the county in which the tax is imposed regardless of the point at which title passes, if the delivery is made by the seller's vehicle, United States mail, or common carrier or by private or contract carrier licensed by the Interstate Commerce Commission or the Georgia Public Service Commission.

48-8-240.
(a) As used in this Code section, the term 'building and construction materials' means all building and construction materials, supplies, fixtures, or equipment, any combination of such items, and any other leased or purchased articles when the materials, supplies, fixtures, equipment, or articles are to be utilized or consumed during construction or are to be incorporated into construction work pursuant to a bona fide written construction contract.
(b) No tax provided for in this article shall be imposed upon the sale or use of building and construction materials when the contract pursuant to which the materials are purchased or used was advertised for bid prior to the voters' approval of the levy of the tax and the contract was entered into as a result of a bid actually submitted in response to the advertisement prior to approval of the levy of the tax.

48-8-241.
The commissioner shall have the power and authority to promulgate such rules and regulations as shall be necessary for the effective and efficient administration and enforcement of the collection of the tax authorized to be imposed by this article.
48-8-242.
Except as provided in Code Section 48-8-6 and subsection (d) of Code Section 48-8-231, the tax authorized by this article shall be in addition to any other local sales and use tax. Except as provided in Code Section 48-8-6 and subsection (d) of Code Section 48-8-231, the imposition of any other local sales and use tax within a county shall not affect the authority of a county to impose the tax authorized by this article and the imposition of the tax authorized by this article shall not affect the imposition of any otherwise authorized local sales and use tax within the county.

48-8-243.
(a)(1) The proceeds received from the tax authorized by this article shall be used by the county and qualified municipalities within the special district exclusively for the transportation projects and costs specified in the resolution or ordinance calling for imposition of the tax. Such proceeds shall be kept in a separate account from other funds of the county and qualified municipalities receiving proceeds of the tax and shall not in any manner be commingled with other funds of such county or qualified municipalities prior to the expenditure.

(2) The governing authority of the county and the governing authority of each qualified municipality receiving any proceeds from the tax pursuant to a contract with the county shall maintain a record of each and every purpose for which the proceeds of the tax are used. A schedule shall be included in each annual audit which shows for each purpose in the resolution or ordinance calling for imposition of the tax the original estimated cost, the current estimated cost if it is not the original estimated cost, amounts expended in prior years, and amounts expended in the current year. The auditor shall verify and test expenditures sufficient to provide assurances that the schedule is fairly presented in relation to the financial statements. The auditor's report on the financial statements shall include an opinion, or disclaimer of opinion, as to whether the schedule is presented fairly in all material respects in relation to the financial statements taken as a whole.

(b) No general obligation debt shall be issued in conjunction with the imposition of the tax authorized by this article unless the county governing authority determines that, and if the debt is to be validated it is demonstrated in the validation proceedings that, during each year in which any payment of principal or interest on the debt comes due the county will receive from the tax authorized by this article net proceeds sufficient to fully satisfy such liability. General obligation debt issued under this article shall be payable first from the separate account in which are placed the proceeds received by the county from the tax authorized by this article. Such debt, however, shall constitute a pledge of the full faith, credit, and taxing power of the county; and any liability on said debt which is not satisfied from the proceeds of the tax authorized by this article shall be satisfied from the general funds of the county.

(c) The intergovernmental agreement and resolution or ordinance calling for imposition of the tax authorized by this article may specify that all of the proceeds of the tax will be used for payment of general obligation debt issued in conjunction with
the imposition of the tax. If the intergovernmental agreement and resolution or ordinance so provide, then such proceeds shall be used solely for such purpose except as provided in subsection (f) of this Code section.

(d) The intergovernmental agreement and resolution or ordinance calling for the imposition of the tax authorized by this article may specify that a part of the proceeds of the tax will be used for payment of general obligation debt issued in conjunction with the imposition of the tax. If the intergovernmental agreement and ordinance or resolution so provide, they shall specifically state the other purposes for which such proceeds will be used. In such a case no part of the net proceeds from the tax received in any year shall be used for such other purposes until all debt service requirements of the general obligation debt for that year have first been satisfied from the account in which the proceeds of the tax are placed.

(e) The resolution or ordinance calling for the imposition of the tax may specify that no general obligation debt is to be issued in conjunction with the imposition of the tax. If the ordinance or resolution so provides, it shall specifically state the purpose or purposes for which the proceeds will be used.

(f)(1)(A) If the proceeds of the tax are specified to be used solely for the purpose of payment of general obligation debt issued in conjunction with the imposition of the tax, then any net proceeds of the tax in excess of the amount required for final payment of such debt shall be subject to and applied as provided in paragraph (2) of this subsection.

(B) If the county as agent for the special district receives from the tax net proceeds in excess of the maximum cost of the transportation projects and costs stated in the resolution or ordinance calling for the imposition of the tax or in excess of the actual cost of such purpose or purposes, then such excess proceeds shall be subject to and applied as provided in paragraph (2) of this subsection unless otherwise specified in the intergovernmental agreement.

(C) If the tax is terminated under paragraph (1) of subsection (b) of Code Section 48-8-233 by reason of denial of validation of debt, then all net proceeds received by the county as agent of the special district from the tax shall be excess proceeds subject to paragraph (2) of this subsection.

(2) Excess proceeds subject to this subsection shall be used solely for the purpose of reducing any indebtedness of the county within the special district other than indebtedness incurred pursuant to this article. If there is no such other indebtedness or, if the excess proceeds exceed the amount of any such other indebtedness, then the excess proceeds shall next be paid into the general fund of the county, it being the intent that any funds so paid into the general fund of the county be used for the purpose of reducing ad valorem taxes.

48-8-244.
The governing authority of the county and the governing authority of each qualified municipality receiving any proceeds from the tax under this article shall maintain a record of each and every purpose for which the proceeds of the tax are used. Not later
than December 31 of each year, the governing authority of each local government receiving any proceeds from the tax under this article shall publish annually, in a newspaper of general circulation in the boundaries of such local government, a simple, nontechnical report which shows for each purpose in the resolution or ordinance calling for imposition of the tax the original estimated cost, the current estimated cost if it is not the original estimated cost, amounts expended in prior years, and amounts expended in the current year. The report shall also include a statement of what corrective action the local government intends to implement with respect to each purpose which is underfunded or behind schedule and a statement of any surplus funds which have not been expended for a purpose."

SECTION 6.
This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval.

SECTION 7.
All laws and parts of laws in conflict with this Act are repealed.

Senate Sponsor: Senator Heath of the 31st.

The Senate Finance Committee offered the following substitute to HB 1005:

A BILL TO BE ENTITLED
AN ACT

To amend Title 40 of the Official Code of Georgia Annotated, relating to motor vehicles, so as to provide a definition for a taxicab and a limousine; to provide for an "In God We Trust" decal on license plates; to change certain provisions relating to registration and titling of motor vehicles; to provide for a special license plate supporting Zoo Atlanta in its mission; to provide for administration of the system of mandatory insurance for motor vehicles; to provide for the registration and licensing of taxicabs and limousines; to provide for effective dates; to repeal conflicting laws; and for other purposes.
BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.
Title 40 of the Official Code of Georgia Annotated, relating to motor vehicles, is amended by revising Code Section 40-1-1, relating to definitions, by adding new paragraphs as follows:

"(24.1) 'Limousine' has the same meaning as provided in paragraph (4) of Code Section 46-7-85.1.
(63.1) 'Taxicab' means a motor vehicle for hire which conveys passengers between locations of their choice and is a mode of public transportation for a single passenger or small group for a fee. Such term shall also mean taxi or cab, but not a bus or school bus, limousine, passenger car, or commercial motor vehicle."

SECTION 2.
Chapter 2 of Title 40 of the Official Code of Georgia Annotated, relating to registration and licensing of motor vehicles, is amended by revising subparagraph (b)(2)(A) of Code Section 40-2-8, relating to operation of an unregistered vehicle or vehicle without current license plate or revalidation decal, as follows:

"(2)(A) It shall be a misdemeanor to operate any vehicle required to be registered in the State of Georgia without a valid numbered license plate properly validated, unless such operation is otherwise permitted under this chapter; and provided, further, that the purchaser of a new vehicle or a used vehicle may operate such vehicle on the public highways and streets of this state without a current valid license plate during the period within which the purchaser is required by Code Section 40-2-20 to register such vehicle as provided for in Code Section 40-2-29; but the purchaser of any vehicle from a dealer of new or used motor vehicles shall display a temporary plate issued as provided by subparagraph (B) of this paragraph on the rear of such vehicle in the space provided for a license plate when such vehicle is operated on the public highways and streets of this state during such period prior to registration, unless such purchaser has made application to transfer to such vehicle in accordance with this chapter a valid license plate issued to him or her, in which event the license plate to be transferred shall be displayed on the vehicle during the period prior to registration, or unless such vehicle is to be registered under the International Registration Plan."

SECTION 2.1.
Said chapter is further amended by revising Code Section 40-2-9, relating to license plates containing a space for a county name decal, as follows:

"40-2-9.
(a) Any metal special, distinctive, or prestige license plate, except those provided for in Code Sections 40-2-61, 40-2-62, 40-2-74, 40-2-82, and 40-2-85.1 or as otherwise expressly provided in this chapter, shall contain a space for a county name decal. The provisions of this chapter relative to county name decals shall be applicable to all such license plates."
(b) The department shall make available to all license plates recipients a decal with the same dimensions as the county name decal that contains the words, 'In God We Trust.' The department shall charge any person requesting such decal no more than the cost to the department for the manufacture and distribution of such decal. Such decal may be displayed in the space reserved for the county name decal in lieu of the county name decal."

SECTION 3.
Said chapter is further amended by revising subsection (a) of Code Section 40-2-20, relating to registration and license requirements and extension of registration period, as follows:

"(a)(1)(A) Except as provided in subsection (b) of this Code section and subsection (a) of Code Section 40-2-47, every owner of a motor vehicle, including a tractor or motorcycle, and every owner of a trailer shall, during the owner's registration period in each year, register such vehicle as provided in this chapter and obtain a license to operate it for the 12 month period until such person's next registration period.

(B)(i) The purchaser or other transferee owner of every new or used motor vehicle, including tractors and motorcycles, or trailer shall, within the initial registration period of such vehicle, register such vehicle as provided in this chapter Code Section 40-2-8 and obtain or transfer as provided in this chapter a license to operate it for the period remaining until such person's next registration period which immediately follows such initial registration period, without regard to whether such next registration period occurs in the same calendar year as the initial registration period or how soon such next registration period follows the initial registration period; provided, however, that this registration and licensing requirement does not apply to a dealer which acquires a new or used motor vehicle and holds it for resale. The commissioner may provide by rule or regulation for one 30 day extension of such initial registration period which may be granted by the county tag agent to a purchaser or other transferee owner if the transferor has not provided such purchaser or other transferee owner with a title to the motor vehicle more than five business days prior to the expiration of such initial registration period.

(ii) No person, company, or corporation, including, but not limited to, used motor vehicle dealers and auto auctions, shall sell or transfer a motor vehicle without providing to the purchaser or transferee of such motor vehicle the last certificate of registration on such vehicle at the time of such sale or transfer; provided, however, that in the case of a salvage motor vehicle or a motor vehicle which is stolen but subsequently recovered by the insurance company after payment of a total loss claim, the salvage dealer or insurer, respectively, shall not be required to provide the certificate of registration for such vehicle; and provided, further, that in the case of a repossessed motor vehicle or a court ordered sale or other involuntary transfer, the lienholder or the transferor shall not be required to provide the certificate of registration for such vehicle but shall, prior to the sale of such
vehicle, surrender the license plate of such vehicle to the commissioner or the county tag agent by personal delivery or by certified mail or statutory overnight delivery for cancellation.

(2) An application for the registration of a motor vehicle may not be submitted separately from the application for a certificate of title for such motor vehicle, unless a certificate of title has been issued in the owner's name, has been applied for in the owner's name, or the motor vehicle is not required to be titled. An application for a certificate of title for a motor vehicle may be submitted separately from the application for the registration of such motor vehicle."

SECTION 3.1.
Said chapter is further amended by revising subsection (d) of Code Section 40-2-26, relating to form and contents of application for registration, as follows:

"(d)(1) As used in this subsection, for the purpose of issuing or renewing motor vehicle registration, the term 'satisfactory proof' means:
(A) Any type of proof that is satisfactory or sufficient proof of the owner's insurance coverage under subsection (a) of Code Section 40-6-10;
(B) Information obtained from the records or data base of the department regarding the owner's insurance coverage which information is derived from notice provided to the department pursuant to Code Section 40-5-71 40-2-137; or
(C) Such other type of proof of the owner's insurance coverage as may be approved for purposes of this Code section by rule or regulation of the department.
(2) No vehicle registration or renewal thereof shall be issued to any motor vehicle unless the tag agent receives satisfactory proof that the motor vehicle is subject to a policy of insurance that provides the minimum motor vehicle insurance coverage required by Chapter 34 of Title 33 or an approved self-insurance plan and, in the case of a private passenger vehicle, that such coverage was initially issued for a minimum term of six months; provided, however, that the owner's inability to register or renew the registration of any motor vehicle due to lack of proof of insurance shall not excuse or defer the timely payment of ad valorem taxes due and payable upon said vehicle."

SECTION 4.
Said chapter is further amended by revising Code Section 40-2-29, relating to license plate fees and temporary permits, as follows:

"40-2-29.
(a) Except as otherwise provided in this chapter, any person purchasing or acquiring a vehicle shall register and obtain, or transfer, a license plate to operate such vehicle from the county tag agent in their county of residence no later than seven business days after the date of purchase or acquisition of the vehicle by presenting to the county tag agent the following:
(1) A motor vehicle certificate of title as provided in Chapter 3 of this title;
(2) Satisfactory proof of owner's insurance coverage as provided for in subsection (d) of Code Section 40-2-26;"
(3) If applicable, satisfactory proof of compliance with the Article 2 of Chapter 9 of Title 12, the 'Georgia Motor Vehicle Emission Inspection and Maintenance Act'; and
(4) Satisfactory proof that all fees, permits, and taxes have been paid.

(b) An application for registration shall be accompanied by check; cash; certified or cashier's check; bank, postal, or express money order; or other similar bankable paper, for the amount of the license plate or temporary permit fee or any taxes required by law. A money order receipt or other evidence of the purchase and remittance of such bankable paper for the proper amount, dated prior to any delinquency by the proper authority of the issuer, and showing the office of the commissioner or the office of the county tag agent as the payee and the owner of the vehicle sought to be licensed and registered as the remitter shall serve as a temporary permit to operate such vehicle for a period of 15 days from the date of such remittance.

(c) A person unable to fully comply with the requirements of subsection (a) of this Code section shall register such vehicle and receive a temporary operating permit that will be valid until the end of the initial registration period as provided for in paragraph (1) of subsection (a) of Code Section 40-2-21.

(d) A conviction for displaying a license plate or temporary license plate not provided for in this chapter shall be punished as a misdemeanor.

SECTION 4.1.
Said chapter is further amended by revising Code Section 40-2-86.21, relating to special license plates promoting certain beneficial projects and supporting certain agencies, funds, or nonprofit corporations, by adding a new paragraph to subsection (o) to read as follows:

"(41) A special license plate for Zoo Atlanta to support its mission to inspire the citizens of Atlanta and Georgia and all visitors to the zoo to value wildlife on Earth; to help safeguard existing species through conservation by providing for an informative, educational, and engaging experience to all visitors; to carry out the responsible stewardship of the animals and the zoo facility; and to engage in related conservation activities and research. The funds raised by the sale of this special plate shall be disbursed to the Atlanta-Fulton County Zoo, Inc. Such license plate shall not include a space for a county name decal but shall instead bear the legend 'Protect Wildlife' in lieu of the name of the county of issuance."

SECTION 5.
Said chapter is further amended by revising in its entirety Code Section 40-2-137, relating to definitions and notification of termination of insurance coverage of vehicles, as follows:

"40-2-137.
(a) As used in this Code section, the term:
(1) 'Commercial vehicle policy' means a policy of motor vehicle liability insurance insuring a motor vehicle that is rated or insured as a business use or commercial use vehicle or is licensed by the state as a commercial vehicle."
(2) 'Fleet policy' means a commercial vehicle policy that insures two or more vehicles that are not identified individually by vehicle identification number on the policy or a commercial policy that is subject to adjustment by audit for vehicle changes at the end of the policy period.

(3) 'Lapse' means one or more days upon which the records of the department do not reflect that a motor vehicle was covered by a policy of minimum motor vehicle insurance coverage.

(4) 'Minimum motor vehicle insurance coverage' means minimum coverage as specified in Chapter 34 of Title 33.

(5) 'Proof of minimum insurance coverage' means the receipt from an insurer by the department of notice of such insurance coverage by electronic transmission or other means approved by the department.

(6) 'Terminate' or 'termination' means actual cessation of insurance coverage after the date upon which coverage will not be restored for any reason, including without limitation cancellation, nonrenewal, and nonpayment of premium and without regard to whether such cessation was preceded by any extension or grace period allowed by the insurer.

(b)(1)(A) For purposes of aiding in the enforcement of the requirement of minimum motor vehicle liability insurance, any insurer issuing or renewing in this state any policy of motor vehicle liability insurance required by Chapter 34 of Title 33 other than a fleet policy shall within 30 days after the date the insurance agent binds the coverage or on the date such coverage was renewed, whichever is applicable, provide notice of such insurance coverage by electronic transmission to the department; except that once coverage data has been electronically transmitted to the department, there shall be no requirement to report on subsequent renewals of that coverage. Insurance coverage information included in such notice of issue or renewal shall be limited exclusively to name of insurer; vehicle identification number; the make and year of the insured motor vehicle; and policy effective date. The department shall not require the policy limits to be disclosed for purposes of this subparagraph. For the purposes of this Code section, the vehicle identification number shall be the vehicle identification number as that number is shown in the records of the department. For the purposes of this Code section, the Commissioner of Insurance shall furnish such notices to the department upon issuance of a certificate of self-insurance.

(B) In cases in which the minimum motor vehicle insurance coverage required by Chapter 34 of Title 33 terminates, the insurer shall by electronic transmission notify the department of such coverage termination on or before the date coverage ends or, if termination is at the request of the insured, then on the date such request is processed by the insurer. Insurance coverage termination information included in such notice shall include vehicle identification number and the date of coverage termination. For the purposes of this Code section, the Commissioner of Insurance shall furnish such notices to the department upon termination of a certificate of self-insurance.
(C) The commissioner shall notify the Commissioner of Insurance quarterly of any and all violations of the notice requirements of this paragraph by any insurer, and the Commissioner of Insurance may take appropriate action against such insurer the same as is authorized by Code Section 33-2-24 for violations of Title 33; provided, however, that there shall be no private cause of action against an insurer or the department for civil damages for providing information, failing to provide information, or erroneously providing information pursuant to this Code section. No insurer shall utilize the costs of any audit or examination conducted by the Insurance Department pursuant to this paragraph as a cost of business in the insurer's rate base. The department shall commence the reports provided for in this Code section beginning July 1, 2010.

(D) The reports required of insurers and the Commissioner of Insurance shall not apply to any vehicle for which the vehicle coverage is provided by a fleet policy.

(2) The department shall prescribe the form and manner of electronic transmission for the purposes of insurers sending the notices required by this Code section which shall in no way be construed as modifying the provisions of Code Section 33-24-45.

(3) Notwithstanding the provisions of paragraph (1) of this subsection, any irregularities in the notice to the department required by paragraph (1) of this subsection shall not invalidate an otherwise valid termination.

(4) The minimum liability insurance records which the department is required to maintain under this Code section or any other provision are exempt from the provisions of any law of this state requiring that such records be open for public inspection; provided, however, that the records of any particular motor vehicle may be available for inspection by any law enforcement officer for official law enforcement investigations, the insurer of record, and the owner of the vehicle in the manner prescribed by the commissioner.

(c)(1) The department shall monitor the reporting by insurers of the issuance of new and renewal policies and the termination of coverage.

(2) (A) A match is based upon the vehicle identification number as recorded on the department's motor vehicle records. When the vehicle identification number does not match the department's motor vehicle records, the department shall notify the insurer and the insurer shall, within 30 days from receipt of the returned error, correct the vehicle identification number and resubmit the transaction.

(B) After receipt of the department's notice, if the insurer determines that the vehicle identification number that it submitted to the department is in fact the accurate number on the insured vehicle, then the insurer shall so notify the department and the owner of the vehicle.

(C) Upon notification, the owner shall, in a manner prescribed by the commissioner, make a correction of such number at the appropriate county tag office.

(d)(1)(A) Upon notification of coverage termination by the insurer, the department shall send a notice to the owner of the motor vehicle stating that the department has been informed of the fact that coverage has been terminated and provide an
explanation of the penalties provided for by law.
(B) The department shall send such notice to the address of the owner of the motor
vehicle shown on the records of the department.
(C) The mailing of such notice by the department shall be deemed notice of such
owner's duty to maintain the required minimum insurance coverage and the possible
penalties and consequences for failing to do so and shall be deemed to satisfy all
notice requirements of law.

(2) It shall be the duty of the owner of such motor vehicle to obtain minimum motor
vehicle insurance coverage and it shall be the duty of the owner's insurer to provide
proof of such coverage to the department within 30 days of the date of such notice,
pursuant to the requirements of subparagraph (b)(1)(A) of this Code section.
(3) If the vehicle is covered by a fleet policy, the owner's insurer shall not be required
to provide such proof electronically to the department.

(e)(1) When proof of minimum motor vehicle insurance coverage is provided within
the time period specified in this Code section, but there has been a lapse of coverage
for a period of more than ten days, the owner shall remit a $25.00 lapse fee to the
department. Failure to remit the lapse fee to the department within 30 days of the date
of such notice will result in the suspension of the owner's motor vehicle registration
by operation of law. If any lapse fee provided for in this Code section is paid to the
county tax commissioner, the county shall retain $5.00 thereof as a collection fee.
(2) If proof is not provided within the time period specified in this Code section that
minimum motor vehicle insurance coverage is in effect, the owner's motor vehicle
registration shall be suspended immediately by operation of law by the department.
When such proof is provided and the owner pays a $25.00 lapse fee and pays a $60.00
restoration fee, the suspension shall terminate; provided, however, that the
commissioner may waive the lapse fee and restoration fee for any owner whose
vehicle registration has been suspended pursuant to this paragraph who provides proof
of continuous minimum motor vehicle insurance coverage. If any restoration fee
provided for in this Code section is paid to the county tax commissioner, the county
shall retain $10.00 thereof as a collection fee.
(3) In the event of a second suspension of the owner's registration under this Code
section, within a five-year period of a prior suspension, the department by operation
of law shall suspend the motor vehicle registration. When proof is provided that
minimum motor vehicle insurance coverage is in effect and the owner pays a $25.00
lapse fee and pays a $60.00 restoration fee, the suspension shall terminate.
(4) In the event of a third or subsequent suspension of the owner's registration under
this Code section, within the previous five-year period from the date of the third or
subsequent suspension, the department by operation of law shall revoke the motor
vehicle registration. When proof is provided that minimum motor vehicle insurance
coverage is in effect and the owner pays a $25.00 lapse fee and pays a $160.00
restoration fee, the owner may apply for registration of the motor vehicle.
(f)(1) The commissioner may waive the lapse fee for any owner whose vehicle
registration has been voluntarily canceled pursuant to Code Section 40-2-10.
(2) Upon being presented with a copy of official orders or other satisfactory proof of ordered duty as approved by rule or regulation of the commissioner showing that an owner of a motor vehicle was deployed outside the continental United States on active military duty in the armed forces of the United States at the time his or her minimum motor vehicle insurance coverage for such vehicle terminated, the county tag agent shall waive the lapse fee and restoration fee, suspension of the owner's motor vehicle registration under this Code section shall terminate, and application for registration of the vehicle which otherwise satisfies requirements provided by law may be accepted without delay.

(g) The county tax commissioner shall have the authority to waive a lapse fee if sufficient proof is provided that no actual lapse in coverage occurred. Such proof shall be retained by the county tax commissioner for audit purposes.

(h) Notwithstanding any provision of law to the contrary, a person on active military duty in the armed forces of the United States whose motor vehicle is registered in this state and has license plates from this state and who, as a result of his or her military duties or assignment, is required to reside in another state may meet the requirements for minimum motor vehicle liability coverage by purchasing such coverage in amounts equal to or greater than the minimum coverages required by Georgia law and providing proof of such coverage to the department. In such cases, the motor vehicle shall continue to be registered and licensed in this state as long as it otherwise meets the requirements of law."

SECTION 6.
Said chapter is further amended by adding a new Code section as follows:

"40-2-168. Owners of a taxicab or limousine, prior to commencing operation in this state, shall, upon complying with the motor vehicle laws relating to registration and licensing of motor vehicles, and the payment of an annual registration fee of $25.00, be issued a distinctive license plate by the commissioner. Such distinctive license plate shall be designed by the commissioner and displayed on the vehicle as provided in Code Section 40-2-41. The certificate of registration shall be kept in the vehicle. Revalidation decals shall be issued, upon payment of fees required by law, in the same manner as provided for general issue license plates. Such license plates shall be transferred from one vehicle to another vehicle of the same class and acquired by the same person as provided in Code Section 40-2-42. The transition period shall commence upon the effective date of this Code section and conclude no later than December 31, 2010, for all existing registrations. For all existing registrations, except during the owner's registration period as provided in Code Section 40-2-21, the commissioner shall exchange and replace any current and valid registration and license plate at no charge to the owner."

Chapter 3 of Title 40 of the Official Code of Georgia Annotated, relating to certificates of title, security interests, and liens, is amended by revising Code Section 40-3-26, relating

to delivery of the certificate of title and notice to lienholders, as follows:
"40-3-26.

(a)(1) The certificate of title shall be mailed or delivered to the holder of the first
security interest or lien named in it. In the event there is no security interest holder or
lienholder named in such certificate, the certificate of title shall be mailed or delivered
directly to the owner.

(2) The commissioner may enter into agreements with any such security interest
holder or lienholder to provide a means of delivery by secure electronic measures of a
notice of the recording of such security interest or lien. Such security interest or lien
shall remain on the official records of the department until such time as the security
interest or lien is released by secure electronic measures or affidavit of lien or security
interest release; after which release, or at the request of the lienholder or security
interest holder, the certificate of title may be printed and mailed or delivered to the
next lienholder or security interest holder or as otherwise provided by paragraph (1)
of this subsection without payment of any fee provided by Code Section 40-3-38.

(3) If the certificate of title has not been electronically delivered as provided for in
paragraph (2) of this subsection, in lieu of delivering a certificate of title, the
commissioner may deliver to any security interest holder or lienholder a confirmation
form stating the certificate of title is available for printing:
(A) When such confirmation is presented to the commissioner's duly authorized
county tag agent or to the commissioner requesting delivery of the title in
accordance with this Code section;
(B) When the security interest or lien is satisfied and the confirmation form is
delivered to the owner stating the security interest or lien is satisfied and released.
The owner may then present the confirmation letter to the commissioner's duly
authorized county tag agent or the commissioner for printing in accordance with this
Code section; or
(C) When the security interest holder or lienholder delivers the confirmation form
to the commissioner's duly authorized county tag agent or the commissioner stating
the security interest or lien is satisfied and released and provides an alternate
delivery address to include any subsequent security interest holder, lienholder,
vehicle dealer, or other business with an interest in such vehicle.

(4) In the event the confirmation form is lost or stolen, the security interest holder or
lienholder shall file an affidavit stating the circumstances under which the
confirmation form was lost or stolen. Upon receipt, the commissioner shall deliver a
certificate of title in accordance with this Code section.

(b) If the certificate of title is mailed to a security interest holder or lienholder, such
person shall notify by mail all other lien or security interest holders that such person has
received the certificate of title. The notice shall inform the security interest holder or
lienholder of the contents and information reflected on such certificate of title. Such
mailing or delivery shall be within five days, exclusive of holidays, after the receipt of
the certificate by the holder of any security interest or lien.

(c) The security interest holder or lienholder may retain custody of the certificate of
title until such security interest holder's or lienholder's claim has been satisfied. The security interest holder or lienholder having custody of a certificate of title must deliver the certificate of title to the next lienholder or security interest holder within ten days after such custodial security interest holder's or lienholder's lien or security interest has been satisfied and, if there is no other security interest holder or lienholder, such custodial security interest holder or lienholder must deliver the certificate of title to the owner.

(d) If a lien or security interest has been electronically recorded, the release of such lien or security interest will require the lienholder to notify the commissioner and the owner of the vehicle, on a form prescribed by the commissioner, or by electronic means approved by the commissioner, of the release of the lien or security interest. Such notice will inform the owner that such owner may request a title free of lien, upon verification of such owner's current mailing address, from the commissioner as provided in Code Section 40-3-56."

SECTION 8.
Chapter 5 of Title 40 of the Official Code of Georgia Annotated, relating to drivers' licenses, is amended by repealing and reserving Code Section 40-5-71, relating to notice of insurance issuance, renewal, or termination; lapse fee; suspension of license following insurance termination; and restricted driving permits.

SECTION 9.
Said chapter is further amended by revising subsections (a) and (c) of Code Section 40-5-72, relating to forwarding of license, tag, and tag registration to the department, as follows:

"(a) It is the duty of any person who has his or her driver's license and, where applicable, license tag and tag registration suspended under the provisions of Code Section 40-5-70 or 40-5-71 40-2-137 immediately upon suspension and demand of the department to forward such items to the department."

"(c) Unless otherwise provided in this Code section, notice of the effective date of suspension shall occur when the driver receives actual knowledge or legal notice of the suspension, whichever occurs first. For the purposes of making any determination relating to the return of a suspended motor vehicle driver's license and, where applicable, license tag and tag registration, a period of suspension under Code Section 40-5-70 or 40-5-71 40-2-137 or this Code section shall begin upon the date of conviction adjudicated by the court having jurisdiction."

SECTION 10.
Chapter 6 of Title 40 of the Official Code of Georgia Annotated, relating to the uniform rules of the road, is amended by revising subsections (a) and (e) of Code Section 40-6-10, relating to insurance requirements for operation of a motor vehicle, as follows:

"(a)(1) Until December 31, 2003, the owner or operator of a motor vehicle for which minimum motor vehicle liability insurance coverage is required under Chapter
34 of Title 33 shall keep proof or evidence of required minimum insurance coverage in the vehicle at all times during the operation of the vehicle. The owner of a motor vehicle shall provide to any operator of such vehicle proof or evidence of required minimum insurance coverage for the purposes of compliance with this subsection.

(2) The following shall be acceptable proof of insurance on a temporary basis:

(A) If the policy providing such coverage was applied for within the last 30 days, a current written binder for such coverage for a period not exceeding 30 days from the date such binder was issued shall be considered satisfactory proof or evidence of required minimum insurance coverage;

(B) If the vehicle is operated under a rental agreement, a duly executed vehicle rental agreement shall be considered satisfactory proof or evidence of required minimum insurance coverage; and

(C) If the owner acquired ownership of the vehicle within the past 30 days, if the type of proof described in subparagraph (A) of this paragraph is not applicable but the vehicle is currently effectively provided with required minimum insurance coverage under the terms of a policy providing required minimum insurance coverage for another motor vehicle, then a copy of the insurer's declaration of coverage under the policy providing such required minimum insurance coverage for such other vehicle shall be considered satisfactory proof or evidence of required minimum insurance coverage for the vehicle, but only if accompanied by proof or evidence that the owner acquired ownership of the vehicle within the past 30 days.

(2.1) If the vehicle is insured under a fleet policy as defined in Code Section 40-2-137 providing the required minimum insurance coverage or if the vehicle is engaged in interstate commerce and registered under the provisions of Article 3A of Chapter 2 of this title, the insurance information card issued by the insurer shall be considered satisfactory proof of required minimum insurance coverage for the vehicle.

(2.2) If the vehicle is insured under a certificate of self-insurance issued by the Commissioner of Insurance providing the required minimum insurance coverage under which the vehicle owner did not report the vehicle identification number to the Commissioner of Insurance, the insurance information card issued by the Commissioner of Insurance shall be considered satisfactory proof of required minimum insurance coverage for the vehicle, but only if accompanied by a copy of the certificate issued by the Commissioner of Insurance.

(3) On and after July 1, 2005, the requirement under this Code section that proof or evidence of minimum liability insurance be maintained in a motor vehicle at all times during the operation of the vehicle shall not apply to the owner or operator of any vehicle for which the records or data base of the Department of Revenue indicates that required minimum insurance coverage is currently effective.

(4) Except as otherwise provided in paragraph (7) of this subsection, any person who fails to comply with the requirements of this subsection shall be guilty of a misdemeanor and, upon conviction thereof, shall be subject to a fine of not less than $200.00 nor more than $1,000.00 or imprisonment for not more than 12 months, or both.
(5) Every law enforcement officer in this state shall determine if the operator of a
motor vehicle subject to the provisions of this Code section has the required minimum
insurance coverage every time the law enforcement officer stops the vehicle or
requests the presentation of the driver's license of the operator of the vehicle.

(6) If a law enforcement officer of this state determines that the owner or operator of
a motor vehicle subject to the provisions of this Code section does not have proof or
evidence of required minimum insurance coverage, the arresting officer shall issue a
uniform traffic citation for operating a motor vehicle without proof of insurance. If
the court or arresting officer determines that the operator is not the owner, then a
uniform traffic citation may be issued to the owner for authorizing the operation of a
motor vehicle without proof of insurance.

(7) If the person receiving a citation under this subsection shows to the court having
jurisdiction of the case that required minimum insurance coverage was in effect at the
time the citation was issued, the court may impose a fine not to exceed $25.00. The
court shall not in this case forward a record of the disposition of the case to the
department and the driver's license of such person shall not be suspended.

(8)(A) For purposes of this Code section up to and including December 31, 2003, a
valid insurance card shall be sufficient proof of insurance for any vehicle.

(B) For purposes of this Code section on and after January 1, 2004, a valid
insurance card shall be sufficient proof of insurance only for any vehicle covered
under a fleet policy as defined in Code Section 40-5-74 40-2-137. The insurance
card for a fleet policy shall contain at least the name of the insurer, policy number,
policy issue or effective date, policy expiration date, and the name of the insured
and may, but shall not be required to, include the year, make, model, and vehicle
identification number of the vehicle insured. If the operator of any vehicle covered
under a fleet policy as defined in Code Section 40-5-74 40-2-137 presents a valid
insurance card for a fleet policy to any law enforcement officer or agency, and the
officer or agency does not recognize the insurance card as valid proof of insurance
and impounds or tows such vehicle for lack of proof of insurance, the law
enforcement agency or political subdivision shall be liable for and limited to the
fees of the wrongful impoundment or towing of the vehicle, which in no way waives
or diminishes any sovereign immunity of such governmental entity.

(C) For any vehicle covered under a policy of motor vehicle liability insurance
that is not a fleet policy as defined in Code Section 40-5-74 40-2-137, the insurer
shall issue a policy information card which shall contain at least the name of the
insurer, policy number, policy issue or effective date, policy expiration date, name
of the insured, and year, make, model, and vehicle identification number of each
vehicle insured; and on and after January 1, 2004, the owner or operator of the
motor vehicle shall keep such policy information card in the vehicle at all times
during operation of the vehicle for purposes of Code Section 40-6-273.1, but any
such policy information card shall not be sufficient proof of insurance for any
purposes of this Code section except as otherwise provided in this Code section.

"(e) The minimum liability insurance data base of the department shall be operational
for the purposes of testing, evaluation, verification of data, and validation of accuracy not later than November 1, 2002, and shall be fully operational not later than January 1, 2004."

SECTION 11.
This Act shall become effective upon its approval by the Governor or upon its becoming law without such approval, except for Sections 2, 2.1, 3, and 4, which shall become effective January 1, 2011.

SECTION 12.
All laws and parts of laws in conflict with this Act are repealed.

another person.

(e) An appraisal management company shall separately state to the client the fees paid to an appraiser for appraisal services and the fees charged by the appraisal management company for services associated with the management of the appraisal process, including procurement of the appraiser's services.

(f) An appraisal management company shall be held responsible for the actions of its controlling person affiliated with such appraisal management company should such controlling person violate any of the provisions of this chapter or any rules and regulations promulgated by the board or engage in any unfair trade practices.

(g) Whenever the board initiates an investigation as provided for in Code Section 43-39A-22 and the evidence gathered in the investigation reveals an apparent violation by the appraisal management company of this chapter, of the rules and regulations promulgated by the board, or of any unfair trade practices, including, but not limited to, those listed in this Code section, the board shall file notice of hearing in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' Said chapter is further amended in Code Section 43-39A-21, relating to hearings for sanctions of appraisers, by revising subsections (a) and (b) as follows:

"(a) Before the board shall impose on any appraiser or appraisal management company any sanction permitted by this chapter, it shall provide an opportunity for a hearing for such appraiser or appraisal management company in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.' Unless otherwise agreed to by the board, all such hearings shall be held in the county of domicile of the board.

(b) If any appraiser, appraisal management company, or applicant fails to appear at any hearing after reasonable notice, the board may proceed to hear the evidence against such appraiser, appraisal management company, or applicant and take action as if such appraiser, appraisal management company, or applicant had been present. A notice of hearing, initial or proposed decision, or final decision of the board in a disciplinary proceeding shall be served upon the appraiser, appraisal management company, or applicant by personal service or by certified mail or statutory overnight delivery, return

request for investigation involves an appraisal report which varies from a sales, lease,
or exchange price by 20 percent or less, or, if the appraiser or appraisal management company is acting as a tax consultant, which varies from the tax assessor's value by 20
percent or less, the board may in its discretion decline to conduct an investigation. Except for investigations of applicants for appraiser classifications, investigations of allegations of fraudulent conduct, or investigations of possible violations of this chapter which have been litigated in the courts or arise from litigation in the courts, the board
shall not initiate an investigation on its own motion or upon a sworn written request for
investigation unless the act or acts which may constitute a violation of this chapter occurred within five years of the initiation of the investigation."

"(d) The results of all investigations shall be reported only to the board or to the
commissioner and the records of such investigations shall not be subject to subpoena in
civil actions. Records of investigations shall be kept by the board and no part of any
investigative record shall be released for any purpose other than a hearing before the

filing a notice of hearing or entering into settlement discussions with a member of the
board, the commissioner shall immediately notify the Governor or the Governor's legal
counsel of such action by the board. After service of a notice of hearing, the appraiser, or applicant, or appraisal management company who is the subject of the notice of
hearing shall have a right to obtain a copy of the investigative record pertaining to the
hearing.

(e) Whenever the board revokes or suspends for more than 60 days an appraiser
classification or a school approval or whenever an appraiser, appraisal management
company, or an approved school surrenders an appraiser classification or an approval to the board after the board has filed a notice of hearing, the board shall publish the name of such appraiser, appraisal management company, or approved school in its official newsletter."

The commissioner of natural resources, may take all reasonable and necessary steps to identify qualified equipment and to bring such equipment to the attention of taxpayers in this state qualified to install such equipment.

(c) After the effective date of this Code section, any taxpayer who is the ultimate purchaser of an item of qualified equipment for installation as part of new construction or for retrofit in this state shall be allowed a credit against the tax imposed under this article in the taxable year in which such qualified equipment was placed in service. (d) The credit granted under subsection (c) of this Code section shall be subject to the following conditions and limitations:

application upon determining that it meets the requirements of this Code section within
60 days after receiving such application.
(g) The commissioner shall allow the tax credits on a first come, first served basis. In
no event shall the aggregate amount of tax credits approved by the commissioner for all
taxpayers under this Code section exceed the amount of federal funds granted to the
state for purposes of this Code section.

credits for the public to review at a minimum on a quarterly basis.

SECTION 2.
This Act shall become effective on January 1 of the year following the year in which
federal funds are made available for the purpose of funding the credit provided by this

"ARTICLE 2

30-8-20.
As used in this article, the term:
(1) 'Account holder' means the person who is the owner of an individual development account.
(2) 'Assistive technology' means any item, piece of equipment, or product system, whether acquired commercially, off the shelf, modified, or customized, that is used to increase, maintain, or improve functional capabilities of individuals with disabilities.

(3) 'Community based organization' means any nonprofit or charitable association that is approved to implement the individual development account reserve fund.

(4) 'Emergency' includes making payments for necessary medical expenses, to avoid eviction of the account holder from the account holder's residence, and for necessary living expenses following a loss of employment.

(5) 'Federal poverty level' means poverty level as defined annually by the federal Office of Management and Budget.

(6) 'Fiduciary organization' means a nonprofit, fundraising organization that is exempt from taxation under Section 501(c)(3) of the Internal Revenue Code, as amended, or a community development financial institution or community development credit union. Nothing in this paragraph shall be construed as preventing a fiduciary organization from cooperating with a financial institutional or for profit entity to carry out the purposes of this article.

(7) 'Financial institution' means a bank, trust company, savings bank, building and loan association, savings and loan company or association, or credit union authorized to do business in this state.

(8) 'Individual development account' means a contract between an account holder and a fiduciary organization for the deposit of savings by an account holder at a financial institution and the deposit by the fiduciary organization of matching funds into a separate reserve account at a financial institution to allow the account holder to accumulate assets for use toward achieving any of the specific purposes enumerated in Code Section 37-8-22.

(9) 'Lower income household' means a household having an income equal to or less than 80 percent of the median household income for the area as determined by the Department of Behavioral Health and Developmental Disabilities. In making the determination, the Department of Behavioral Health and Developmental Disabilities shall give consideration to any data on area household income published by the United States Department of Housing and Urban Development.

(10) 'Matching funds' means the moneys contributed from an individual development account reserve fund to an individual development account by a community based organization at a one-to-one ratio up to a five-to-one match.

However, this three-year period shall not apply to displaced homemakers or other individuals who have lost homeownership as a result of divorce;

Until the reimbursement has been made in full, an account holder shall not withdraw any matching funds or accrued interest on matching funds from the individual development account.
(c) If an account holder withdraws moneys from an individual development account for other than an approved purpose, the fiduciary organization may remove the account holder from the program.

30-8-27.
Funds deposited in individual development accounts shall not be counted as income, assets, or resources of the account holder for the purpose of determining financial eligibility for assistance or services pursuant to any federal, federally assisted, state, or municipal program based on need."

To amend Titles 48 and 50 of the Official Code of Georgia Annotated, relating, respectively, to revenue and taxation and state government, so as to provide for comprehensive provisions regarding administrative garnishment; to provide for procedures, conditions, and limitations; to provide for powers, duties, and authority of the state revenue commissioner and the Department of Revenue; to provide for an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.
Title 48 of the Official Code of Georgia Annotated, relating to revenue and taxation, is amended by adding a new paragraph in subsection (c) of Code Section 48-2-55, relating to attachment and garnishment, to read as follows:

"(3) Within at least six months of, and no less than 30 days before, a levy, the commissioner shall provide a balance due notice to the taxpayer by first-class mail addressed to the taxpayer's last known address as shown on the records of the department. The notice shall identify the state tax executions issued against the taxpayer, state the total amount necessary to fully satisfy the tax executions as of the date of the notice, provide the taxpayer an opportunity to pay the total amount due within a certain time period not less than 30 days, and state that the department may levy and seize the taxpayer's property and rights to property if full payment is not received within that time period."

SECTION 2.
Said title is further amended in said Code section by adding a new subsection to read as follows:

"(g)(1) Notwithstanding any other provision of this Code section which provides for the attachment, garnishment, or levy against property, rights to property, or money, the department may use the administrative garnishment process established in this subsection to collect from a delinquent taxpayer any delinquent taxes, fees, license fees, penalties, interest, or collection costs due the state that are imposed by this title
or which the commissioner or the department is responsible for collecting under any other law.

(2)(A) The department may initiate an administrative garnishment to have property or rights to property belonging to the delinquent taxpayer, or wages or other compensation due the delinquent taxpayer, assigned by the garnishee to the department up to the amount of the full debt to be collected by the department. (B) Notwithstanding this Code section, the exemptions from garnishment required or allowed by law, including, but not limited to, exemptions provided by Code Sections 18-4-20 and 18-4-22, shall be applicable to an administrative garnishment.

(3)(A) The commissioner or the commissioner's authorized representative shall serve the summons of administrative garnishment upon the garnishee and shall file a return of service with the department. In addition to any other methods of service, the summons of administrative garnishment may be served by the commissioner or the commissioner's authorized representative to the garnishee by registered or certified mail or statutory overnight delivery, return receipt requested. Either the return receipt indicating receipt by the garnishee or the envelope bearing the official notification from the United States Postal Service of the garnishee's refusal to accept delivery of such registered or certified mail or statutory overnight delivery shall be filed with the department. If statutory overnight delivery was accomplished through a commercial firm as provided under paragraph (1) of subsection (b) of Code Section 9-10-12, the return receipt indicating receipt by the garnishee or the envelope bearing the official notification from such commercial firm of the garnishee's refusal to accept delivery shall be filed with the department. If a garnishee refuses to accept service of a summons of administrative garnishment by registered or certified mail or statutory overnight delivery, the summons of administrative garnishment shall be served by the commissioner or the commissioner's authorized representative under any other method of lawful service, and the garnishee shall be personally liable to the commissioner for a sum equal to the actual costs incurred to serve the summons of administrative garnishment. This liability shall be paid upon notice and demand by the commissioner or the commissioner's authorized representative and shall be assessed and collected in the same manner as other taxes administered by the commissioner. (B) Not more than three business days after the summons of administrative garnishment is sent to the garnishee, the department shall send a written notice of the summons to the delinquent taxpayer at the taxpayer's last known address by registered or certified mail or statutory overnight delivery, return receipt requested. Either the return receipt indicating receipt by the taxpayer or evidence of the taxpayer's refusal to accept such registered or certified mail or statutory overnight delivery addressed to the taxpayer shall be deemed notice to the taxpayer. The department may also effect service on the taxpayer using one of the methods set forth in Code Section 18-4-64.

(4)(A) Upon receipt of a summons of administrative garnishment from the department, a garnishee shall immediately give effect to the administrative
garnishment and hold whatever property, rights to property, or money belonging to the delinquent taxpayer to the extent of the debt indicated in the summons from the department.

(B) Except as provided in subparagraph (C) or (D) of this paragraph, the garnishee shall send the department an answer stating what money or other property is subject to the garnishment and shall forward to the department the delinquent taxpayer's property, rights to property, or money, to the extent required in the summons, no sooner than 30 days and not later than 45 days after the garnishee receives service of the summons of administrative garnishment. The garnishee may deduct $50.00 from the amount of the property transferred to the department as reimbursement for reasonable expenses in making a true answer of garnishment.

(C) Under circumstances where the delinquent taxpayer has been an employee of the garnishee, the delinquent taxpayer is no longer employed by the garnishee, and the garnishee has no money or property of the delinquent taxpayer subject to garnishment, the garnishee may immediately send an answer; however, such answer shall be sent not later than 45 days after the service of the summons.

(D) If the delinquent taxpayer appeals the administrative garnishment pursuant to paragraph (5) of this subsection, the department shall notify the garnishee and require that the garnishee hold all money or other property subject to garnishment until the conclusion of the appeal, but the garnishee shall continue to answer the department in the manner provided for in this subsection. Upon final determination of the delinquent taxpayer's appeal of the administrative garnishment, the department shall notify the garnishee that the administrative garnishment has either been dismissed, modified, or upheld and, if modified or upheld, shall notify the garnishee to forward the money or other property subject to garnishment to the department.

(E) If the garnishee fails to answer or fails to surrender any property, rights to property, or money subject to administrative garnishment by the forty-fifth day after service of the summons of administrative garnishment, the garnishee shall automatically be assessed a sum equal to the taxpayer's liability as stated on the summons of administrative garnishment. Within 15 days of the date of the assessment, the assessment may be cured as a matter of right by the filing of an answer, payment of actual costs of service incurred by the department, and surrendering any property belonging to the delinquent taxpayer not to exceed the total amount of the assessment. If the assessment has not been cured by the expiration of the 15 day period, the garnishee shall be issued an official assessment. The liability imposed in this subparagraph shall be paid upon notice and demand by the commissioner or the commissioner's authorized representative and shall be assessed and collected in the same manner, with the same right of appeal under Code Section 48-2-59, as taxes administered by the commissioner, except as otherwise provided under subparagraph (G) of this paragraph.

(F) If the garnishee serves its answer on the department as provided for in this subsection, the department shall reply to the answer within 15 days after it is served.
or the liability imposed by the summons shall be discharged. The department shall have 15 days from the filing of the reply to set a date for a hearing on the garnishee's answer and the reply of the department. The garnishee may appeal any final administrative ruling to superior court under Code Section 48-2-59 within 30 days from receipt of the final administrative ruling.

(G) When an official assessment is issued against a garnishee under subparagraph (E) of this paragraph, the garnishee may file a request to modify the official assessment as a matter of right with the commissioner within 60 days from the date the garnishee receives actual notice of the official assessment and upon payment of all actual costs of service incurred by the department. The official assessment shall be modified so that the amount of the assessment is reduced to an amount equal to $50.00 plus:

(i) The amount by which the garnishee was indebted to the delinquent taxpayer at the time of service; and

(ii) All money, other property, or effects belonging to the delinquent taxpayer which came into the garnishee's hands from the time of service of the summons of garnishment through the last day on which an answer and delivery of property could have been made by the garnishee.

Such amount shall not exceed the taxpayer's liability as stated on the summons of administrative garnishment. The garnishee may appeal the official assessment to superior court under Code Section 48-2-59 within 30 days from the expiration of the modification period.

(H) Any garnishee who, upon service of an administrative garnishment by the commissioner or the commissioner's authorized representative, surrenders such property, rights to property, or money or otherwise discharges such obligation to the commissioner or the commissioner's authorized representative shall be discharged from any obligation or liability to the delinquent taxpayer with respect to such property, rights to property, or money arising from such surrender or payment.

(5)(A) A delinquent taxpayer shall have 15 days from receipt of the notice of summons of the administrative garnishment to appeal the administrative garnishment in writing to the department or to appeal to superior court under Code Section 48-2-59.

(B) Upon receipt of a written administrative appeal, the department shall review the facts of the administrative garnishment and, if requested by the taxpayer, hold a hearing. Only a mistake of fact, including, but not limited to, a mistake in the identity of the delinquent taxpayer, a mistake in the amount owed to or being collected by the department, or a mistake of ownership of the property being garnished, shall be considered as a reason to dismiss or modify the administrative garnishment.

(C) The department shall have 15 days from receipt of a written administrative appeal to set a hearing date for the appeal. The delinquent taxpayer may appeal any final administrative ruling to superior court under Code Section 48-2-59 within 30 days from the date of the final administrative ruling.
(D) A challenge to an administrative action under this subsection shall not extend or reopen the statute of limitations to protest other departmental actions or to contest the amount or validity of the tax.

(6) At any time before an administrative ruling is entered on the garnishee’s answer or money or other property subject to garnishment is distributed, any person may file a claim in writing under oath stating that such person has a claim superior to that of the department to the money or other property in the possession of the garnishee subject to the process of administrative garnishment. The claimant shall be a party to all further proceedings upon the administrative garnishment.

(7)(A) A notice of summons of administrative garnishment given to the delinquent taxpayer is effective without the serving of another notice until the earliest of either the date that the debt owed to the department is paid in full or the date that the delinquent taxpayer receives notice that the garnishment shall cease.

(B) In the event no summons of garnishment has been issued on an assessment for two years or more, the garnishment proceeding based on that assessment shall automatically stand dismissed."

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Title 43 of the Official Code of Georgia Annotated, relating to professions and businesses, is amended by revising Chapter 1A, relating to occupational regulation legislation review, as follows:

"CHAPTER 1A

43-1A-1.
This chapter shall be known and may be cited as the 'Georgia Occupational Regulation Review Law.'"
43-1A-2.
The General Assembly finds that the need for and the effectiveness of establishing occupational licensure and certification in this state has not been systematically evaluated. It is the purpose of this chapter to ensure that no programs of licensure and certification shall hereafter be imposed upon any profession or business unless required for the safety and well-being of the citizens of this state. It is the further purpose of this chapter to authorize the periodic review of existing regulatory entities to ensure that the authority of such regulatory entities is applicable and necessary with relation to the current professional and business conditions of this state. Any actions of the council pursuant to this chapter are solely recommendations and shall be nonbinding.

43-1A-3.
As used in this chapter, the term:
(1) 'Applicant group' means any business or professional group or organization, any individual, or any other interested party which proposes that any business or professional group not presently regulated be regulated by the state.
(2) 'Certificate' or 'certification' means a voluntary process by which a statutory regulatory entity grants recognition to an individual who has met certain prerequisite qualifications specified by that regulatory entity and who may assume or use 'certified' in the title or designation to perform prescribed occupational tasks.
(3) 'Council' means the Georgia Occupational Regulation Review Council.
(4) 'Grandfather clause' means a provision in a regulatory statute applicable to individuals engaged in the regulated business or profession prior to the effective date of the regulatory statute which exempts the individuals from meeting prerequisite qualifications set forth in the regulatory statute to perform prescribed occupational tasks.
(5) 'Legislative committee of reference' means the standing legislative committee designated by the Speaker of the House of Representatives or the President of the Senate to consider proposed legislation introduced in their respective houses of the General Assembly to regulate any business or occupation not previously regulated.
(6) 'License,' 'licensing,' or 'licensure' means authorization to engage in a business or profession which would otherwise be unlawful in the state in the absence of authorization. A license is granted to those individuals who meet prerequisite qualifications to perform prescribed business or professional tasks, who use a particular title, or who perform those tasks and use a particular title.
(7) 'Regulate' or 'regulation' means the process of licensure or certification as defined in this Code section.
(8) 'Regulatory entity' means any state agency which regulates one or more professions, occupations, industries, businesses, or other endeavors in this state.
(9) 'State agency' means each state board, bureau, commission, department, division, office, or other separate unit of state government created or established by law.

43-1A-4.
(a) There is created the Georgia Occupational Regulation Review Council.
(b) The council shall consist of ten members:
(1) The Comptroller General or his or her designee;
(2) The Secretary of State or his or her designee;
(3) The commissioner of human resources or his designee, services, commissioner of community health, or the executive director of the Georgia Composite Medical Board or his or her designee, as deemed most appropriate by the chairperson of the council to address the issues raised by the prospective regulation of the applicant group;
(4) The director of the Office of Planning and Budget or his or her designee;
(5) The commissioner of natural resources or his or her designee;
(6) The state revenue commissioner or his or her designee;
(7) The Commissioner of Agriculture or his or her designee;
(8) The administrator of the 'Fair Business Practices Act of 1975' or his or her designee;
(9) The chairperson of the legislative committee of reference or that person's designee from that committee, but only when legislation referred by such committee is being considered by the council; and
(10) The chairperson of that standing committee of the General Assembly appointed by the presiding officer thereof pursuant to subsection (b) of Code Section 43-1A-5 or that chairperson's designee from that committee, but only when legislation of which that presiding officer was notified under subsection (b) of Code Section 43-1A-5 is being considered by the council.
(c) The director of the Office of Planning and Budget or his or her designee shall serve as chairperson of the council.
(d) Legislative members of the council appointed thereto pursuant to paragraphs (9) and (10) of subsection (b) of this Code section shall receive for their attendance of meetings of the council the same expense and mileage allowance authorized for legislative members of interim legislative committees.

43-1A-5.

(a) It shall be the duty of the council to:
(1) Review all bills introduced in the General Assembly to license or certify a profession or business, which is not currently licensed or certified by the state, based on the criteria outlined in Code Section 43-1A-6; and
(2) Review each existing regulatory entity that is currently regulated pursuant to this title to determine the applicability and necessity of such regulatory entity's authority with relation to the current professional and business conditions of this state. The council shall conduct such review a minimum of once every seven years. All council meetings relating to a review of an existing regulatory entity pursuant to this paragraph shall be conducted in accordance with Chapter 13 of Title 50, the 'Georgia Administrative Procedure Act.'

(b) The chairperson of the legislative committee of reference shall provide written notification to the council of any proposed legislation introduced in that house of the General Assembly of which that committee is a standing committee if that legislation
provides for the licensure or certification of a business or profession not currently licensed or certified by the state. That chairperson at the same time shall provide written notification of that legislation to the presiding officer of the house of the General Assembly in which that legislation was not introduced, and that presiding officer shall then appoint the chairperson of a standing committee of that house to serve as a member of the council for the purpose of considering that legislation, except that the chairperson so appointed may instead designate another member of that standing committee to serve as a member of the council for that purpose. Within a period of time not to exceed nine months from the date of such notification to the council, but in no event later than the convening date of the next succeeding regular session of the General Assembly, the council shall provide a formal report evaluating the need to regulate the business or profession based on the factors and information provided under Code Section 43-1A-7 to the chairperson of the legislative committee of reference, the committee chairperson appointed to the council pursuant to paragraph (10) of subsection (b) of Code Section 43-1A-4, the presiding officers of the House of Representatives and the Senate, and the legislative counsel. If, subsequent to a review pursuant to paragraph (2) of subsection (a) of this Code section, the council concludes changes are needed to the regulations of an existing regulatory entity, or that a regulatory entity's existence is no longer necessary or in the interests of the state, a formal report recommending such changes shall be completed and distributed in the same manner described previously herein. If the council determines a need for regulation, the report shall recommend an appropriate type of regulation and an appropriate state agency to oversee the regulation.

c) The council shall work with the applicant group, the legislative committee of reference, and other interested parties in formulating its formal report.

d) The head of a regulatory entity subject to review pursuant to paragraph (2) of subsection (a) of this Code section shall have the right to testify to the council to contribute its perspective and recommendations regarding potential changes to how such regulatory entity is regulated.

43-1A-6.
All bills introduced in the General Assembly to newly regulate a profession or business should and all reviews of existing regulatory entities pursuant to paragraph (2) of subsection (a) of Code Section 43-1A-5 shall be reviewed according to the following criteria. In evaluating how or whether a profession or business shall hereafter be regulated, the following factors shall be considered:
(1) Whether the unregulated practice of the occupation may harm or endanger the health, safety, and welfare of citizens of this state and whether the potential for harm is recognizable and not remote;
(2) Whether the practice of the occupation requires specialized skill or training and whether the public needs and will benefit by assurances of initial and continuing occupational ability;
(3) Whether the citizens of this state are or may be effectively protected by other
means; and
(4) Whether the overall cost effectiveness and economic impact would be positive for citizens of this state; and
(5) Whether there are means other than state regulation to protect the interests of the state.

43-1A-7.

After July 1, 1986, applicant groups and other interested parties shall explain in writing each of the following factors to the extent requested by the council and the legislative committee of reference:

(1) A definition of the problem and why regulation is necessary:
   (A) The nature of the potential harm to the public if the business or profession is not regulated, and the extent to which there is a threat to public health and safety; and
   (B) The extent to which consumers need and will benefit from a method of regulation identifying competent individuals engaged in the business or profession;
(2) The efforts made to address the problem:
   (A) Voluntary efforts, if any, by members of the business or profession to establish a code of ethics or help resolve disputes between the business or professional group and consumers; and
   (B) Recourse to and the extent of use of applicable law and whether it could be strengthened to control the problem;
(3) The alternatives considered:
   (A) Regulation of business or professional employers rather than employees;
   (B) Regulation of the program or service rather than the individuals;
   (C) Registration of all individuals;
   (D) Certification of all individuals;
   (E) Other alternatives;
   (F) Why the use of the alternatives specified in this paragraph would not be adequate to protect the public interest; and
   (G) Why licensure would serve to protect the public interest;
(4) The benefit to the public if regulation is granted:
   (A) The extent to which the incidence of specific problems present in the unregulated business or profession can reasonably be expected to be reduced by regulation;
   (B) Whether the public can identify qualified individuals;
   (C) The extent to which the public can be confident that regulated individuals are competent:
      (i) Whether the proposed regulatory entity would be a board composed of members of the profession and public members, or a state agency, or both and, if appropriate, their respective responsibilities in administering the system of certification or licensure, including the composition of the board; the powers and duties of the board or state agency regarding examinations, investigations, and the
disciplining of certified or licensed individuals; the promulgation of rules and a code of ethics; and how fees would be levied and collected to cover the expenses of administering and operating the regulatory system;

(ii) If there is a grandfather clause, whether such individuals will be required to meet the prerequisite qualifications established by the regulatory entity at a later date;

(iii) The nature of the standards proposed for certification or licensure as compared with the standards of other jurisdictions;

(iv) Whether the regulatory entity would be authorized to enter into reciprocity agreements with other jurisdictions; and

(v) The nature and duration of any training and whether applicants will be required to pass an examination; and, if an examination is required, by whom it will be developed and how the cost of development will be met; and

(D) Assurance to the public that regulated individuals have maintained their competence:

(i) Whether the certification or license will carry an expiration date; and

(ii) Whether renewal will be based only upon payment of a fee or whether renewal will involve reexamination, satisfactory completion of continuing education, peer review, or other enforcement;

(5) The extent to which regulation might harm the public:

(A) The extent to which regulation might restrict entry into the business or profession and whether the proposed standards are more restrictive than necessary to ensure safe and effective performance; and

(B) Whether there are similar professions to that of the applicant group which should be included in, or portions of the applicant group which should be excluded from, the proposed legislation;

(6) A description of the group proposed for regulation, including a list of associations, organizations, and other groups representing the business or profession in this state, an estimate of the number of individuals in each group, and whether the groups represent different levels of business or professional activity;

(7) The expected cost of regulation:

(A) The impact regulation might have on the costs of service to the public;

(B) The impact regulation might have on various types of insurance; and

(C) The initial and long-term cost to the state and to the general public of implementing the proposed legislation; and

(8) Any additional information requested by the council or the legislative committee of reference.

43-1A-8.

(a) After evaluating the report of the council and any other desired information based on the criteria outlined in Code Section 43-1A-6 and considering governmental and societal costs and benefits, if the General Assembly finds that it is necessary to regulate a business or profession not previously regulated by law, the most appropriate
alternative method of regulation should be implemented, consistent with the public interest and this Code section:

(1) Where the consumer may have a substantial basis for relying on the services of a profession or business, a system of certification should be implemented;
(2) Where apparent that adequate regulation cannot be achieved by means other than licensing, a system of licensing should be implemented; or
(3) Where regulation as defined in this chapter is deemed too restrictive and unnecessary to protect the public health and welfare, a less restrictive means of ensuring public protection, including, but not limited to, stricter civil action or criminal penalties, inspection requirements, or a system of registration, may be considered.

(b) With regard to an existing regulatory entity, after evaluating the report of the council and any other desired information based on the criteria outlined in Code Section 43-1A-6 and considering governmental and societal costs and benefits, the General Assembly shall:

(1) Take no action if it has determined that such existing regulatory agency is efficiently regulated and that no action is necessary in the interests of the state;
(2) Amend the enabling legislation of such existing regulatory entity if it has determined that making such amendments shall more efficiently regulate such regulatory entity in a manner that is in the best interests of the state; or
(3) Repeal the enabling legislation of such existing regulatory entity if it has determined that the continuing regulation of such regulatory entity is no longer in the interests of the state.

43-1A-9.
Nothing in this chapter shall be construed to limit the authority of the General Assembly to legislate as authorized by the Constitution."

SECTION 2.
Chapter 4 of Title 50 of the Official Code of Georgia Annotated, relating to the organization of the executive branch generally, is amended by designating Code Sections 50-4-1 through 50-4-7 as Article 1 and by adding a new article to read as follows:

"ARTICLE 2

50-4-20.
This article shall be known and may be cited as the 'Georgia Government Accountability Act.' It is the intent of the General Assembly to establish a method by which the efficiency of state government shall be reviewed and the productivity of each agency evaluated. This article is meant to ensure that the valuable resources of the state are best utilized and that state agencies are held accountable for their service to the public and responsiveness to the needs of the citizens of this state.
50-4-21.
(a) The Senate and House appropriations committees meeting jointly shall constitute the Legislative Sunset Committee.
(b) As used in this article, the term 'committee' means the Legislative Sunset Committee.
(c) In carrying out its function under this article, the committee may request, through the cochairpersons, the assistance of any state agency or office. When so requested, a state agency and its personnel shall assist the committee and may be required to appear before the committee. The committee or its designated staff member may inspect, review, and copy the records, documents, and files of any state agency. All information subject to public disclosure shall be made available for review and copying within three business days.

50-4-22.
(a) The committee shall review all state agencies, including all boards, departments, advisory committees, authorities, bureaus, offices, and any other state entity of the executive branch of state government regardless of its designation. The committee shall be responsible for establishing a schedule for the routine review of all such state agencies. Each agency shall be scheduled for review a minimum of once every eight years. The committee shall have the discretion to add any agency to the review schedule or to modify an agency's scheduled review.
(b) Except as provided by this Code section, an agency subject to review by the committee shall be abolished on July 1 following the regularly scheduled session of the General Assembly which follows the report of review issued by the committee pursuant to Code Section 50-4-24 unless the legislature by law continues the agency; however, an agency shall not be abolished unless the General Assembly finds that the laws the agency is responsible for implementing or enforcing have been repealed, revised, or reassigned to another remaining agency and that adequate provision has been made for the transfer from the abolished agency to a successor agency of all duties, debts, and obligations, including those relating to bonds, loans, promissory notes, lease-purchase agreements, installment sales contracts, financing agreements, or any other form of indebtedness such that security therefor and the rights of bondholders or holders of other indebtedness are not impaired.
(c) The committee shall make a report and recommendation of each agency review. If the General Assembly does not take action before the date of abolishment to continue the agency, the agency shall submit its legislative budget request consistent with the recommendations of the committee.
(d) Any agency established by constitutional provision shall not be subject to automatic abolishment as provided in subsection (a) of this Code section. Following the review and recommendations of the committee, the committee shall report to the General Assembly any recommended constitutional amendment needed for the reorganizing or abolishing of such constitutionally created agency.
(e) Any board, commission, advisory council, or similar body included in the term
'agency' as defined in Code Section 50-4-1 which has not held an open public meeting for a period of more than 12 months shall be considered automatically abolished without the need for further agency review as required by this article. The committee shall be responsible for presenting legislation to repeal existing statutory provisions relating to the abolished agency.

(f) Except as may otherwise be expressly provided by law, abolishment of a state agency shall not affect the rights and duties that matured, penalties that were incurred, civil or criminal liabilities that arose, or proceedings that were begun before the abolishment.

50-4-23.
(a) Not later than 90 days following a request by the committee, an agency shall provide the committee with a report outlining the agency's efficiency and productivity and the extent to which the agency utilizes state resources to best meet the needs of the public.
(b) The report required by this Code section shall, at a minimum, include the following:
   (1) A comprehensive list of state programs and services performed by the agency, including all special purpose activities undertaken to realize identifiable goals and objectives in order to achieve the agency's mission and legislative intent;
   (2) An accounting of state resources spent by the agency;
   (3) An explanation of factors that have contributed to any failure to achieve legislated standards or directives;
   (4) The extent to which the agency has encouraged participation by the public in making its rules and decisions and the extent to which public participation has resulted in rules compatible with the objectives of the agency;
   (5) A statement of any statutory objectives intended for each program and activity, the problem or need that the program and activity are intended to address, and the extent to which these objectives have been achieved;
   (6) An assessment of the extent to which the jurisdiction of the agency and its programs overlap or duplicate those of other agencies and the extent to which those programs can be consolidated with those of other agencies;
   (7) A self-examining assessment of the agency's efficiency and areas of needed improvement, including goals and objectives for improvement, and the means by which the agency intends to meet these goals and objectives;
   (8) Recommendations for statutory or budgetary changes that would improve the agency's programs and operations, reduce costs, or improve services to state residents;
   (9) The effect of federal intervention or loss of federal funds if the agency, or any of its programs or activities, is abolished;
   (10) An assessment of alternative methods of providing services for which the agency is responsible which would reduce costs or improve performance while adequately protecting the public interest;
   (11) A detailed summary of the agency's hiring and retention patterns for the previous
five years;
(12) An assessment of the extent to which the agency has corrected any deficiencies and implemented recommendations contained in any state or federal audits or court decisions;
(13) A list of all advisory committees and boards, whether established in statute or by the agency; their purposes, activities, composition, and expenses; and an assessment of the extent to which their purposes have been achieved and the rationale for continuing or eliminating each advisory committee or board;
(14) A list of agency programs or functions that are performed without specific statutory authority; and
(15) Other information as requested by the committee or any study committee created under the committee's direction.
(c) Information and data reported by the agency shall be validated by the agency's chief executive before submission to the committee.

50-4-24.
(a) No later than six months following the committee's request for a report from an agency pursuant to Code Section 50-4-23, the committee shall:
(1) Review the information submitted by or concerning the agency;
(2) Consult with or hear testimony from any individual, agency, private company, or other expert as needed;
(3) If the committee deems necessary, hold public hearings to consider this information as well as testimony; and
(4) Present a report of review on an agency reviewed by the committee. In the report of review, the committee shall include its specific findings and recommendations regarding each agency reviewed and indicate whether a public need exists for the continuation of an agency or for the functions of the agency.
By majority vote, the committee may extend the time provided for review of an agency if the committee determines that additional time for review is needed to adequately evaluate an agency.
(b) The committee shall consider the following criteria in determining whether a public need exists for the continuation of a state agency or agency function:
(1) The efficiency with which the agency operates;
(2) The statutory objectives of the agency and the problem or need that the agency is intended to address, the extent to which the objectives have been achieved, and any activities of the agency in addition to those granted by statute and the authority for these activities;
(3) An assessment of less restrictive or alternative methods of providing any regulatory function for which the agency is responsible while adequately protecting the public;
(4) The extent to which an advisory committee or board is needed or used;
(5) The extent to which the jurisdiction of the agency and the programs administered by the agency overlap or duplicate those of other agencies and the extent to which the
programs administered by the agency can be consolidated with the programs of other agencies;
(6) Whether the agency has recommended to the legislature statutory changes calculated to be of benefit to the public;
(7) The promptness and effectiveness with which the agency responds to the public's complaints and the extent to which the agency has encouraged participation by the public in making its rules and decisions;
(8) The extent to which the agency has satisfied requirements of state law, safeguarded public health, safety, and welfare, and utilized state resources;
(9) The extent to which the agency accurately reports performance measures used to justify state spending on each of its activities, services, and programs;
(10) The effect of probable federal intervention or loss of federal funds if the agency or an agency function is abolished; and
(11) The extent to which changes are necessary in the enabling statutes of the agency so that the agency can adequately comply with the criteria of this article.
(c) In its report of review, the committee shall make recommendations on the abolition, continuation, or reorganization of such agency and on the need for the continuation of the functions of the agency. The report of review shall also make recommendations on the consolidation, transfer, or reorganization of an agency's programs when those programs are duplicated by another agency.
(d) It shall be the responsibility of the committee to prepare drafts of legislation necessary to carry out the committee's recommendations.

50-4-25.
This article shall not apply to any commodity commission provided for by Chapter 8 of Title 2, the Georgia Seed Development Commission provided for by Chapter 4 of Title 2, or any cotton growers' organization certified for purposes of Article 5 of Chapter 7 of Title 2."

SECTION 3.
All laws and parts of laws in conflict with this Act are repealed.

Senator Shafer of the 48th moved that the Senate agree to the House substitute to SB 148 as amended by the following amendment:

Amend the committee substitute to SB 148 (LC 36 1682S) by striking all matter on lines 258 through 305 and inserting in place thereof the following:
50-4-21.
(a) The Senate and House appropriations committees meeting jointly shall constitute the Legislative Sunset Committee.
(b) As used in this article, the term 'committee' means the Legislative Sunset Committee.
(c) In carrying out its function under this article, the committee may request, through
the cochairpersons, the assistance of any state agency or office. When so requested, a state agency and its personnel shall assist the committee and may be required to appear before the committee. The committee or its designated staff member may inspect, review, and copy the records, documents, and files of any state agency. All records, documents, and files requested by the committee shall be made available by the agency to the committee for review and copying within three business days.

50-4-22.
(a) The committee shall review all state agencies, including all boards, departments, advisory committees, authorities, bureaus, offices, and any other state entity of the executive branch of state government regardless of its designation. The committee shall be responsible for establishing a schedule for the routine review of all such state agencies. Each agency shall be scheduled for review a minimum of once every eight years. The committee shall have the discretion to add any agency to the review schedule or to modify an agency's scheduled review.

(b) Where a report of review issued by the committee under Code Section 50-4-24 finds that an agency should be automatically abolished as provided in this Code section, the report of review shall be filed by the committee with the Secretary of State, the Secretary of the Senate, and the Clerk of the House of Representatives. Where a report of review issued by the committee finds that an agency should be so abolished, the agency shall be abolished by operation of law on July 1 following the next regular session of the General Assembly which follows the filing of the report of review issued by the committee, unless the General Assembly by law continues the agency prior to that July 1. When an agency is so abolished, the general appropriations Act or amended general appropriations Act adopted at the regular session prior to the abolishment of the agency may designate the agency to which any assets and obligations of the abolished agency shall be transferred; and in the absence of such designation in an appropriations Act, the transfer shall be as directed by the Governor.

(c) Any agency established by constitutional provision shall not be subject to automatic abolition as provided in subsection (b) of this Code section. Following the review and recommendations of the committee, the committee shall report to the General Assembly any recommended constitutional amendment needed for the reorganizing or abolishing of such constitutionally created agency.

(d) Except as may otherwise be expressly provided by law, abolishment of a state agency shall not affect the rights and duties that matured, penalties that were incurred, civil or criminal liabilities that arose, or proceedings that were begun before the abolishment.

*By striking all matter on lines 392 through 398 and inserting in place thereof the following:*

(c) In its report of review, the committee may make a finding that the agency should be automatically abolished as provided in Code Section 50-4-22, in which case the provisions of that Code section shall apply.*
(d) In the absence of a finding that the agency should be automatically abolished, the committee may make recommendations on the abolition, continuation, or reorganization of such agency and on the need for the continuation of the functions of such agency. The report of review may also make recommendations on the consolidation, transfer, or reorganization of an agency's programs when those programs are duplicated by another agency. It shall be the responsibility of the committee to prepare drafts of legislation necessary to carry out the committee's recommendations under this subsection."

(b) The sticker issued by the commissioner to evidence the payment of the fee under
this Code section shall be securely attached to the machine. Owners may transfer

the correct class and the owner uses the stickers only for machines that it owns.
(c) Each permit sticker shall not list the name of the owner but shall have a control
number which corresponds with the control number issued on the master license
certificate to allow for effective monitoring of the licensing and permit system. Permit

SECTION 1.

Chapter 9 of Title 31 of the Official Code of Georgia Annotated, relating to consent for surgical or medical treatment, is amended by revising Code Section 31-9-2, relating to
persons authorized to consent to surgical or medical treatment, as follows:

"31-9-2.

(a) In addition to such other persons as may be authorized and empowered, any one of the following persons is authorized and empowered to consent, either orally or otherwise, to any surgical or medical treatment or procedures not prohibited by law which may be suggested, recommended, prescribed, or directed by a duly licensed physician:

(1) Any adult, for himself or herself, whether by living will, advance directive for health care, or otherwise;
(1.1) Any person authorized to give such consent for the adult under an advance directive for health care or durable power of attorney for health care under Chapter 32 of Title 31 this title;

(3) In the absence or unavailability of a living spouse, any parent, whether an adult or a minor, for his or her minor child;
(4) Any married person, whether an adult or a minor, for himself or herself and for his or her spouse;
(5) Any person temporarily standing in loco parentis, whether formally serving or not, for the minor under his or her care; and any guardian, for his or her ward;
(6) Any female, regardless of age or marital status, for herself when given in connection with pregnancy, or the prevention thereof, or childbirth; or
(7) Upon the inability of any adult to consent for himself or herself and in the absence of any person to consent under paragraphs (1.1) through (5) of this subsection, the following persons in the following order of priority:

(A) Any adult child for his or her parents;

(7) Upon the inability of any adult to consent for himself or herself and in the absence of any person to consent under paragraphs (1.1) through (6) of this subsection, an adult friend of the patient. For purposes of this paragraph, 'adult friend' means an adult who has exhibited special care and concern for the patient, who is generally familiar with the patient's health care views and desires, and who is willing and able to become involved in the patient's health care decisions and to act in the patient's best interest. The adult friend shall sign and date an acknowledgment form provided by the hospital or other health care facility in which the patient is located for placement in the patient's records certifying that he or she meets such criteria.

(a.1) In the absence, after reasonable inquiry, of any person authorized in subsection (a) of this Code section to consent for the patient, a hospital or other health care facility
or any interested person may initiate proceedings for expedited judicial intervention to appoint a temporary medical consent guardian pursuant to Code Section 29-4-18.

(b) Any person authorized and empowered to consent under subsection (a) of this Code section shall, after being informed of the provisions of this Code section, act in good faith to consent to surgical or medical treatment or procedures which the patient would have wanted had the patient understood the circumstances under which such treatment or procedures are provided. (c) For purposes of this Code section, the term 'inability of any adult to consent for himself or herself' shall mean a determination in the medical record by a licensed physician after the physician has personally examined the adult that the adult 'lacks sufficient understanding or capacity to make significant responsible decisions' regarding his or her medical treatment or the ability to communicate by any means such decisions.

(d)(1) No hospital or other health care facility, health care provider, or other person or entity shall be subject to civil or criminal liability or discipline for unprofessional conduct solely for relying in good faith on any direction or decision by any person reasonably believed to be authorized and empowered to consent under subsection (a) of this Code section even if death or injury to the patient ensues. Each hospital or other health care facility, health care provider, and any other person or entity who acts in good faith reliance on any such direction or decision shall be protected and released to the same extent as though such person had interacted directly with the patient as a fully competent person.

(a) As used in this Code section, the term:

(1) 'Adult unable to consent' means a person 18 years of age or older who has been determined in his or her medical records by a licensed physician after the physician has personally examined the adult that he or she lacks sufficient understanding or capacity to make significant responsible decisions regarding his or her medical treatment or the ability to communicate by any means such decisions.

(2) 'Life-sustaining procedures' means medications, machines, or other medical procedures or interventions which, when applied to a medical consent ward in a terminal condition or in a state of permanent unconsciousness, could in reasonable
medical judgment keep such medical consent ward alive but cannot cure the medical consent ward and where, in the judgment of the medical consent ward's primary treating physician and a second physician, death will occur without such procedures or interventions.

(3) 'Medical consent ward' means a ward for whom the court has appointed a temporary medical consent guardian pursuant to this Code section for a limited time and only for the purposes of consenting to surgical or medical treatment or procedures not prohibited by law.

(4) 'Proposed medical consent ward' means an adult unable to consent who is or has been a patient in a health care institution or of a health care provider.

(7) 'Terminal condition' means an incurable or irreversible condition which would result in the medical consent ward's death in a relatively short period of time.

(b) In the absence, after reasonable inquiry, of a person authorized or willing to consent for the proposed medical consent ward under the provisions of Code Section 31-9-2, any interested person, including the proposed medical consent ward, may file a petition for the appointment of a temporary medical consent guardian. The petition shall be filed in the court of the county in which the proposed medical consent ward is domiciled or is found.

(4) A statement of the reasons the temporary medical consent guardian is sought, including:
   (A) Facts that support the need for such guardian including facts that establish what medical decisions are needed and why those decisions are needed without undue delay;
   (B) Facts that support the determination that the proposed medical consent ward lacks sufficient capacity to make or communicate medical treatment decisions; and
   (C) The anticipated duration of the temporary medical consent guardianship;
(5) The fact that no other person appears to have authority and willingness to act in the circumstances, whether under a power of attorney, trust, or otherwise;
(6) The reason for any omission in the petition for an appointment of a temporary
medical consent guardian in the event full particulars are lacking; and

(7) Whether a petition for the appointment of a guardian or conservator has been filed or is being filed in conjunction with the petition for the appointment of the temporary medical consent guardian.

(d) Upon the filing of a petition for a temporary medical consent guardian, the court shall review the petition to determine whether there is probable cause to believe that the proposed medical consent ward lacks decision-making capacity and is in need of a temporary medical consent guardian and either:

(1) Dismiss the petition and provide the proposed medical consent ward with the order dismissing the petition; or

(2) If the court determines that there is probable cause to believe that the proposed medical consent ward is in need of a temporary medical consent guardian, immediately:

(A) Appoint legal counsel to represent the proposed medical consent ward, which counsel may be the same counsel who is appointed to represent such adult in the hearing on the petition for guardianship, if any such petition has been filed, and the court shall inform counsel of the appointment;

(B) Order a preliminary hearing to be conducted within 72 hours after the filing of the petition; and

(C) Notify any proposed medical consent ward of any proceedings by service of all pleadings on such proposed medical consent ward, which notice shall be served personally on the proposed medical consent ward by a person specially appointed by the court for such purpose and shall not be served by mail, and such notice shall inform the proposed medical consent ward:

(i) That he or she has the right to attend any hearing that is held in connection with the petition to appoint a temporary medical consent guardian;

(ii) That he or she may lose important rights to control the management of his or her person if a temporary medical consent guardian is appointed;

(iii) That legal counsel has been appointed on his or her behalf; and

(iv) The date and time of the preliminary hearing on the petition to appoint a temporary medical consent guardian.

(e) Unless waived by the court, notice of the petition and the preliminary hearing shall also be served on the following persons who have not joined in the petition or otherwise consented to the proceedings:

(1) The administrator of the hospital or other health care facility where the proposed medical consent ward is located;

(2) The primary treating physician and other physicians believed to have provided any medical opinion or advice about any condition of the proposed medical consent ward relevant to the petition;

(3) All other persons the petitioner believes may have information concerning the expressed wishes of the proposed medical consent ward; and

(4) Any other persons as the court may direct.

(f) At the preliminary hearing, the court, in its discretion, shall:
(1) Appoint a temporary medical consent guardian;
(2) Order an evidentiary hearing to be conducted not later than four days after the preliminary hearing; or
(3) Dismiss the petition and provide the proposed medical consent ward with the order dismissing the petition.

(g) If the court orders an evidentiary hearing, in addition to any other evidence presented to the court, the court may consider any case review by the hospital's or health care facility's ethics committee or subcommittee thereof or by any other ethics mechanism selected by the hospital or health care facility.

(h) If the court holds an evidentiary hearing, the court, in its discretion, shall either:
(1) Appoint a temporary medical consent guardian; or
(2) Dismiss the petition and provide the proposed medical consent ward with the order dismissing the petition.

(i) The court shall have the authority to appoint as a temporary medical consent guardian any individual the court deems fit with consideration given to any applicable conflict of interest issue so as long as such individual is: (1) willing and able to become involved in the proposed medical consent ward's health care decisions and (2) willing to exercise reasonable care, diligence, and prudence and to consent in good faith to medical or surgical treatment or procedures which the proposed medical consent ward would have wanted had he or she not been incapacitated. Where the proposed medical consent ward's preferences are not known, the temporary medical consent guardian shall agree to act in the proposed medical consent ward's best interests. However, a temporary medical consent guardian shall not be authorized to withdraw life-sustaining procedures unless specifically authorized by the court pursuant to this Code section.

(j) The temporary medical consent guardianship shall terminate on the earliest of:
(1) The court's removal of the temporary medical consent guardian;
(2) The effective date of the appointment of a permanent guardian under Code Section 29-4-2;
(3) The duration of the current hospitalization of the medical consent ward or a substantially continuous stay in another health care facility; or
(4) Sixty days from the date of appointment of the temporary medical consent guardian.

(k)(1) No hospital or other health care facility, health care provider, or other person or entity shall be subject to civil or criminal liability or discipline for unprofessional conduct solely for relying in good faith on any direction or decision by a temporary medical consent guardian, even if death or injury to the medical consent ward ensues. Each hospital or other health care facility, health care provider, and any other person or entity who acts in good faith reliance on any direction or decision by a temporary medical consent guardian shall be protected and released to the same extent as though such person had interacted directly with the medical consent ward as a fully competent person.
(2) No temporary medical consent guardian who, in good faith, acts with due care for the benefit of the medical consent ward, or who fails to act, shall be subject to civil or
criminal liability for such action or inaction.

27-3-180.
The General Assembly recognizes that the hunting and taking of wildlife pursuant to this title are a valued cultural heritage consistent with the sound scientific principles of wildlife management and play an essential and effective role in the management of wildlife populations. The General Assembly further recognizes that the State of Georgia and its citizens derive substantial economic, recreational, and esthetic benefits from such activities. Therefore, the General Assembly finds and declares that it is in the public interest to ensure public health, safety, welfare, and conservation of the state's wildlife resources by strictly regulating in this state the use of fertility control on any wildlife.

27-3-181.
(a) As used in this article, the term 'fertility control' means any action that results in contraception, contragestation, or sterilization or produces a temporary or permanent state of infertility.
(b) It shall be unlawful to apply any fertility control to any wildlife, except in accordance with a wildlife fertility control permit issued under the provisions of this article and any rules or regulations adopted by the board.
(c) Nothing in this article shall prohibit or apply to the medically necessary treatment of sick or injured wildlife by properly licensed veterinarians. This article shall not limit employees of the department in the performance of their official duties.

27-3-182.
(a) Application for a wildlife fertility control permit shall be made on forms obtained from the department.
(b) The department may issue such a permit only if it has determined that the proposed activity is in the best interest of the wildlife resources. In making such a determination, the department may consider the following:
(1) Whether the proposed activity may preclude the use of hunting as the primary management tool;
(2) Whether the drug has been approved by the federal Food and Drug Administration;
(3) Whether there is a need for the information and data or a need to manage the target wildlife population to achieve the objectives sought by the applicant;

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Title 48 of the Official Code of Georgia Annotated, relating to revenue and taxation, is amended by revising Code Section 48-8-2, relating to definitions regarding sales and use
tax, as follows:
"48-8-2.

As used in this article, the term:

1) 'Alcoholic Beverages' means beverages that are suitable for human consumption and contain one-half of one percent or more of alcohol by volume.
2) 'Ancillary services' means services that are associated with or incidental to the provision of 'telecommunications services,' including but not limited to 'detailed telecommunications billing service,' 'directory assistance,' 'vertical service,' and 'voice mail services.'
3) 'Bundled transaction' means the retail sale of two or more products, except real property and services to real property, where the products are otherwise distinct and identifiable and the products are sold for one nonitemized price. A 'bundled transaction' does not include the sale of any products in which the 'sales price' varies, or is negotiable, based on the selection by the purchaser of the products included in the transaction.

A) 'Distinct and identifiable products' shall not include:

i) Packaging such as containers, boxes, sacks, bags, and bottles or other materials such as wrapping, labels, tags, and instruction guides, that accompanies the 'retail sale' of the products and are incidental or immaterial to the 'retail sale' thereof. Examples of packaging that are incidental or immaterial include grocery sacks, shoe boxes, dry cleaning garment bags, and express delivery envelopes and boxes.

ii) A product provided free of charge with the required purchase of another product. A product is 'provided free of charge' if the 'sales price' of the product purchased does not vary depending on the inclusion of the product 'provided free of charge.'

iii) Items included in the 'sales price.'

B) The term 'one nonitemized price' shall not include a price that is separately identified by product on binding sales or other supporting sales related documentation made available to the customer in paper or electronic form including, but not limited to, an invoice, bill of sale, receipt, contract, service agreement, lease agreement, periodic notice of rates and services, rate card, or price list.

C) A transaction that otherwise meets the definition of a 'bundled transaction' as defined above, is not a 'bundled transaction' if it is:

i) The 'retail sale' of tangible personal property and a service where the tangible personal property is essential to the use of the service, and is provided exclusively in connection with the service, and the true object of the transaction is the service;

ii) The 'retail sale' of services where one service is provided that is essential to the use or receipt of a second service and the first service is provided exclusively in connection with the second service and the true object of the transaction is the second service;

(iii) A transaction that includes taxable products and nontaxable products and the 'purchase price' or 'sales price' of the taxable products is de minimis. As used in this subparagraph the term, 'de minimis' means the seller's 'purchase price' or
'sales price' of the taxable product is 10 percent or less of the total 'purchase price' or 'sales price' of the bundled products.

(II) Sellers shall use either the 'purchase price' or the 'sales price' of the products to determine if the taxable products are de minimis. Sellers may not use a combination of the 'purchase price' and 'sales price' of the products to determine if the taxable products are de minimis.

(III) Sellers shall use the full term of a service contract to determine if the taxable products are de minimis; or

(iv) The 'retail sale' of exempt tangible personal property and taxable tangible personal property where:

(I) The transaction includes 'food and food ingredients,' 'drugs,' 'durable medical equipment,' 'mobility enhancing equipment,' 'over-the-counter drugs,' or 'prosthetic devices'; and

(II) The seller's 'purchase price' or 'sales price' of the taxable tangible personal property is 50 percent or less of the total 'purchase price' or 'sales price' of the bundled tangible personal property. Sellers may not use a combination of the 'purchase price' and 'sales price' of the tangible personal property when making the 50 percent determination for a transaction.

(4) 'Business' means any activity engaged in by any person or caused to be engaged in by any person with the object of direct or indirect gain, benefit, or advantage.

(2) 'Cost price' means the actual cost of articles of tangible personal property without any deductions for the cost of materials used, labor costs, service costs, transportation charges, or any other expenses of any kind.

(7) 'Conference bridging service' means an ancillary service that links two or more participants of an audio or video conference call and may include the provision of a telephone number. 'Conference bridging service' shall not include the telecommunications services used to reach the conference bridge.

(3)(8) 'Dealer' means every person who:

(L) Each dealer shall collect the tax imposed by this article from the purchaser, lessee, or renter, as applicable, and no action seeking either legal or equitable relief on a sale, lease, rental, or other transaction may be had in this state by the dealer unless the dealer has fully complied with this article; or

(II) If a telephone service is not subject to the tax levied by this chapter, a customer may not rely upon the nontaxability of such telephone service unless the telephone service provider separately states the amount charged for such nontaxable telephone service or the telephone service provider elects, after receiving a written request from the customer in the form required by the provider, to provide verifiable data based upon the provider's books and records that are kept in the regular course of business that reasonably identifies the amount charged for such nontaxable telephone service.

(B)(i) As used in this subparagraph, the term 'total raw material cost' means the manufactured cost of carpet samples; supplies used in the manufacturing of carpet samples such as binding, grommets, and similar items; carpet sample display devices such as racks, binders, and similar items; and inbound freight charges. Such term does not mean or include labor or overhead for assembling or producing samples from finished carpet and does not mean or include outbound freight charges which may be charged to the expense account for carpet samples.

(ii) For purposes of subparagraph (A) of this paragraph, the fair market value of any carpet sample shall be equal to 21.9 percent of the total raw material cost of the sample, except that the fair market value of a sample of carpet that is manufactured exclusively for commercial use shall be equal to 1 percent of the total raw material cost of the sample.

(2) If the sole use of the article other than retaining, demonstrating, or displaying it for sale is the rental of the article while holding it for sale, the processor, manufacturer, or converter may elect to treat the amount of the rental charged rather than the fair market value of the article as its sales price."

SECTION 12.
Said title is further amended by revising Code Section 48-8-45, relating to reporting of sales and accounting methods, as follows:

"48-8-45.

(a) Any person taxable under this article having both cash and credit sales may report the sales on either the cash or accrual basis of accounting. Each election of a basis of accounting shall be made on the first return filed and, once made, the election shall be irrevocable unless the commissioner grants written permission for a change. Permission for a change in the basis of accounting shall be granted only upon written application and under rules and regulations promulgated by the commissioner.

(b) Any person reporting on a cash basis of accounting shall include in each return all cash sales made during the period covered by the return and all collections made in any period on credit sales of prior periods and shall pay the tax on the sales at the time of filing the return.

(c) Any person reporting on the accrual basis of accounting shall be allowed a deduction for bad debts under rules and regulations of the commissioner on the same basis that bad debts are allowed as a deduction on state income tax returns.
(d) An assignee of private label credit card debt purchased directly from a dealer without recourse or a credit card bank which extends such credit to customers under a private label credit card program shall be allowed a deduction for private label credit card bad debts under rules and regulations of the commissioner on the same basis that private label credit card bad debts are allowed as a deduction on state income tax returns. An issuer or assignee of private label credit card debt may claim its deduction for private label credit card bad debts on a return filed by a member of an affiliated group as defined under 26 U.S.C. Section 1504."

SECTION 13.
Said title is further amended by revising Code Section 48-8-49, relating to dealer returns and estimated tax liability, as follows:

"48-8-49.
(a) Each dealer, on or before the twentieth day of each month, shall transmit returns to the commissioner showing the gross sales and purchases arising from all sales and purchases taxable under this article during the preceding calendar month. The commissioner may provide by regulation for quarterly or annual returns or, upon application, may permit a dealer to file a return on a quarterly or annual basis if deemed advisable by the commissioner. The returns required by this subsection shall be made upon forms prescribed, prepared, and furnished by the commissioner.

(b) (1) As used in this subsection, the term 'estimated tax liability' means a dealer's tax liability, adjusted to account for any subsequent change in the state sales and use tax rate, based on the dealer's average monthly payments for the last fiscal year.

(2) If the estimated tax liability of a dealer for any taxable period exceeds $5,000.00 in the preceding calendar year was greater than $30,000.00 excluding local sales taxes, the dealer shall file a return and remit to the commissioner not less than 50 percent of the estimated tax liability for the taxable period on or before the twentieth day of the period. The amount of the payment of the estimated tax liability shall be credited against the amount to be due on the return required under subsection (a) of this Code section. This subsection shall not apply to any dealer unless during the previous fiscal year the dealer's monthly payments exceeded $5,000.00 per month for three consecutive months or more nor shall this subsection apply to any dealer whose primary business is the sale of motor fuels who is remitting prepaid state tax under paragraph (2) of subsection (b) of Code Section 48-9-14. No local sales taxes shall be included in determining any estimated tax liability.

(c) Gross proceeds from rentals or leases of tangible personal property shall be reported and the tax shall be paid with respect to the gross proceeds in accordance with the rules and regulations prescribed by the commissioner.

(d) (1) The commissioner, in his discretion, may grant extensions, upon written application, to the end of the calendar month in which any tax return is due under this Code section.

(2) No extension granted pursuant to paragraph (1) of this subsection shall be valid unless granted in writing and only for a period of not more than 12 consecutive
months.
(3) Upon the grant of any extension authorized by this subsection, the taxpayer shall remit to the commissioner on or before the date the tax would otherwise become due without the grant of the extension an amount which, when added to the amount previously remitted for the period pursuant to subsection (b) of this Code section, equals not less than 100 percent of the dealer's payment for the corresponding period of the preceding tax year.
(4) No interest or penalty shall be charged, assessed, or collected by reason of the granting of an extension pursuant to this subsection.
(5) This subsection shall apply to all extensions granted pursuant to this subsection on or after July 1, 1980, and to all extensions granted pursuant to this subsection and in effect on July 1, 1980."

SECTION 14.
Said title is further amended by revising Code Section 48-8-50, relating to dealer compensation, as follows:
"48-8-50.
(a) As used in this Code section, the term 'affiliated entity' means with respect to any corporation, sole proprietorship, partnership, limited partnership, enterprise, franchise, association, trust, joint venture, or other entity, any other corporation, sole proprietorship, partnership, limited partnership, enterprise, franchise, association, trust, joint venture, or other entity related thereto:
(1) As a parent, subsidiary, sister, or daughter corporation, sole proprietorship, partnership, limited partnership, enterprise, franchise, association, trust, joint venture, or other entity;
(2) By control of one corporation, sole proprietorship, partnership, limited partnership, enterprise, franchise, association, trust, joint venture, or other entity by the other; or
(3) By any other common ownership or control.
(b) Each dealer required to file a return under this article shall include such dealer's certificate of registration number or numbers for each sales location or affiliated entity of such dealer on such return. In reporting and paying the amount of tax due under this article, each dealer shall be allowed the following deduction, but only if the return was timely filed and the amount due was not delinquent at the time of payment; and that deduction shall be subject to the provisions of subsection (f) of this Code section pertaining to calculation of the deduction when more than one tax is reported on the same return:
(1) With respect to each certificate of registration number on such return, a deduction of 3 percent of the first $3,000.00 of the combined total amount of all sales and use taxes reported due on such return for each location other than the taxes specified in paragraph (3) of this subsection;
(2) With respect to each certificate of registration number on such return, a deduction of one-half of 1 percent of that portion exceeding $3,000.00 of the combined total
amount of all sales and use taxes reported due on such return for each location other than the taxes specified in paragraph (3) of this subsection;

(3) With respect to each certificate of registration number on such return, a deduction of 3 percent of the combined total amount due of all sales and use taxes on motor fuel as defined under paragraph (9) of Code Section 48-9-2, which are imposed under any provision of this title, including, but not limited to, sales and use taxes on motor fuel imposed under any of the provisions described in subsection (f) of this Code section but not including Code Section 48-9-14; and

(4) A deduction with respect to Code Section 48-9-14, as defined in paragraph (5.2) of Code Section 48-8-2, shall be at the rate of one-half of 1 percent of the total amount due of the prepaid state tax reported due on such return, so long as the return and payment are timely, regardless of the classification of tax return upon which the remittance is made.

c) The department shall compile and maintain a master registry of the certificate of registration numbers filed on such returns with respect to all the affiliated business entities and multiple locations of each dealer and shall assign a master number to each dealer. Each dealer required to file a return under this article shall also include such dealer's master number on such return if such number has been assigned by the department under this subsection.

d) With respect to a dealer which consists of only a single sales location or which consists of a group of fewer than four sales locations or affiliated entities, or any combination thereof, claiming such deduction, a separate return shall be filed for each sales location and affiliated entity for each reporting period. With respect to a dealer which consists of a group of four or more sales locations or affiliated entities, or any combination thereof, claiming such deduction, a single, consolidated return shall be filed for such entire group. A consolidated return under this subsection shall be used for the purpose of identifying the sales locations or affiliated entities of a dealer and such consolidated return shall identify separately the reporting and paying of the tax due under this article for each sales location or affiliated entity of such dealer. The deduction requirements of subsection (b) of this Code section shall apply separately to each certificate of registration number on such return.

e) No deduction shall be allowed under this Code section unless all of the requirements of subsections (b), (c), and (d) of this Code section have been satisfied.

(f) The deduction authorized under this Code section shall be combined with and calculated with the deductions authorized under Code Section 48-8-87, Code Section 48-8-104, Code Section 48-8-113, Code Section 48-8-204, Section 25 of an Act approved March 10, 1965 (Ga. L. 1965, p. 2243), as amended, the 'Metropolitan Atlanta Rapid Transit Authority Act of 1965,' and any other sales tax, use tax, or sales and use tax which is levied and imposed in an area consisting of less than the entire state, however authorized, by applying the deduction rate specified in this Code section against the combined total of all such taxes reported due on the same return.

(g) The reimbursement deduction authorized under Section 25 of an Act approved March 10, 1965 (Ga. L. 1965, p. 2243), as amended, the 'Metropolitan Atlanta Rapid
Transit Authority Act of 1965,' shall be at the rate and subject to the requirements specified under subsections (b) through (f) of this Code section.

(h) Each certified service provider as defined in Code Section 48-8-161 shall receive the amount provided in the contract between the certified service provider and the Streamlined Sales Tax Governing Board."

SECTION 15.
Said title is further amended by revising Code Section 48-8-52, relating to dealers' duty to keep records, examination, assessment, and collection, as follows:

"48-8-52.

(a)(1) Each dealer required to make a return and pay any tax under this article shall keep and preserve:
   (A) Suitable records of the sales and purchases taxable under this article;
   (B) Other books of account which are necessary to determine the amount of tax due;
   (C) Other information as required by the commissioner; and
   (D) For a period of three years, all invoices and other records of goods, wares, merchandise, and other subjects of taxation under this article.

(2) All books, invoices, and other records required to be kept by this subsection shall be open to examination at all reasonable hours by the commissioner or any of his duly authorized agents.

(b) In the event the dealer has imported tangible personal property and fails to produce an invoice showing the cost price of each article subject to tax or if the invoice does not reflect the true or actual cost price, the commissioner shall ascertain in any manner feasible the true cost price and shall assess and collect the tax with interest and penalties as accrued on the true cost price as assessed by the commissioner. The assessment so made shall be considered prima facie correct and the burden to show the contrary shall rest upon the dealer.

(c) In the case of the lease or rental of tangible personal property when the consideration reported by the dealer does not, in the judgment of the commissioner, represent the true or actual consideration, the commissioner may fix the true or actual consideration and collect the tax on the consideration in the same manner as provided in Code Section 48-8-51, with interest and penalties as accrued."

SECTION 16.
Said title is further amended by revising Code Section 48-8-58, relating to return allowances, as follows:

"48-8-58.

(a)(1) As used in this subsection, the term 'return allowance' means the amount of the sales price or cost price refunded by the dealer to the purchaser in cash or credit. No credit shall be allowed to the dealer under this subsection for taxes collected by such dealer from the purchaser unless the taxes collected have been returned by the dealer to the purchaser.
(2) When property sold is subsequently returned by agreement to the dealer by the purchaser, the dealer shall be entitled to credit for the tax imposed by this article with respect to the return allowance, in the manner prescribed by the commissioner, as follows:

(A) The dealer in the original return for the taxable period in which the return of the property is allowed may deduct from the dealer's gross sales the amount of the return allowance; or

(B) When a dealer has retired from business and has filed a final return, a claim for refund of the tax for which the dealer would be entitled to credit under this subsection may be filed within the time and in the manner prescribed under Code Section 48-2-35.

(b) The commissioner shall make available to dealers all necessary forms for filing returns and instructions to ensure a full collection from dealers and an accounting for the taxes due. Failure of any dealer to secure the commissioner's forms shall not relieve the dealer from the payment of the tax at the time and in the manner provided in this article.

(c) The commissioner shall promulgate any rules and regulations necessary to implement this Code section.

SECTION 17.

Said title is further amended by revising Code Section 48-8-59, relating to dealer certificates of registration, as follows:

48-8-59.

(a)(1) Every person desiring to engage in or conduct business as a seller or dealer in this state shall file with the commissioner an application for a certificate of registration for each place of business.

(2) Each person whose business extends into more than one county shall be required to secure only one certificate of registration under this article. The certificate of registration shall cover all operations of the company throughout this state.

(b) Every application for a certificate of registration shall be made upon a form prescribed by the commissioner and shall contain the name under which the applicant transacts or intends to transact business, the location of his place or places of business, and such other information as the commissioner may require. The application shall be signed:

(1) If the owner is an individual, by the individual;

(2) In the case of an association or partnership, by a member or partner; or

(3) In the case of a corporation, by an executive officer or some other person specifically authorized by the corporation to sign the application. Written evidence of this authority to sign shall be attached to the application.

(c) When the required application has been made, the commissioner shall issue to the applicant a separate certificate of registration for each place of business within the state. A certificate of registration is not assignable and is valid only for the person in whose
name it is issued and for the transaction of business at the place designated in the certificate. The certificate shall be conspicuously displayed at all times at the place for which the certificate is issued.

(d) A seller whose certificate of registration has been previously suspended or revoked shall pay the commissioner a fee of $1.00 for the renewal or issuance of a certificate of registration."

SECTION 18.
Said title is further amended by adding new Code sections to read as follows:

"48-8-68.
If the sales tax rate changes with less than 30 days between the enactment of the rate change and the effective date of such rate change, sellers shall be relieved of liability for failing to collect tax at the new rate if:

(1) The seller collected tax at the immediately preceding effective rate; and
(2) The seller's failure to collect at the newly effective rate does not extend beyond 30 days after the date of enactment of the new rate.

The provisions of this Code section do not apply if the commissioner establishes that the seller fraudulently failed to collect at the new rate or solicits purchasers based on the immediately preceding effective rate.

48-8-69.
(a) Any local sales tax rate changes made pursuant to this chapter shall apply to purchases from printed catalogs wherein the purchaser computed the tax based upon local tax rates published in the catalog only on the first day of a calendar quarter after a minimum of 120 days' notice to sellers.
(b) For sales and use tax purposes only, local jurisdiction boundary changes are effective only on the first day of a calendar quarter after a minimum of 60 days' notice to sellers.

48-8-70.
If a nine-digit ZIP code designation is not available for a street address or if a seller or certified service provider is unable to determine the nine-digit ZIP code designation applicable to a purchase after exercising due diligence to determine the designation, the seller or certified service provider may apply the rate for the five-digit ZIP code area. For the purposes of this Code section, there is a rebuttable presumption that a seller or certified service provider has exercised due diligence if the seller has attempted to determine the nine-digit ZIP code designation by utilizing software approved by the Streamlined Sales Tax Governing Board that makes this designation from the street address and the five-digit ZIP code applicable to a purchase.

48-8-71.
Sellers and certified service providers shall not be liable for having charged and collected the incorrect amount of sales or use tax resulting from the seller or certified
service provider relying on erroneous data provided by this state on state and local tax rates, local boundaries, and taxing jurisdiction assignments.

48-8-72.
(a) A cause of action against a seller for over-collected sales or use taxes does not accrue until a purchaser has provided written notice to the seller and the seller has had 60 days to respond. Such notice to the seller must contain the information necessary to determine the validity of the request.
(b) In connection with a purchaser's request from a seller of over-collected sales or use taxes, a seller shall be presumed to have a reasonable business practice, if in the collection of such sales or use taxes, the seller:
   (1) Uses either a provider or a system, including a proprietary system, that is certified by the state; and
   (2) Has remitted to the state all taxes collected less any deductions, credits, or collection allowances.

48-8-73.
A seller and certified service provider are relieved of liability for having charged and collected the incorrect amount of sales or use tax resulting from the seller or certified service provider relying on erroneous data provided by this state in the taxability matrix.

48-8-74.
The effective date for a sales tax rate change for services covering a period starting before and ending after the statutory effective date shall be as follows:
   (1) For a rate increase, the new rate shall apply to the first billing period starting on or after the effective date; and
   (2) For a rate decrease, the new rate shall apply to bills rendered on or after the effective date.

48-8-75.
(a) A purchaser shall be relieved from liability for penalty for having failed to pay the correct amount of sales or use tax if:
   (1) A purchaser's seller or certified service provider relied on erroneous data provided by this state on tax rates, boundaries, taxing jurisdiction assignments, or in the taxability matrix completed by this state;
   (2) A purchaser holding a direct pay permit relied on erroneous data provided by this state on tax rates, boundaries, taxing jurisdiction assignments, or in the taxability matrix completed by this state;
   (3) A purchaser relied on erroneous data provided by this state in the taxability matrix completed by this state; or
   (4) A purchaser using databases provided by this state relied on erroneous data provided by this state on tax rates, boundaries, or taxing jurisdiction assignments.
(b) A purchaser shall be relieved from liability for tax and interest for having failed to pay the correct amount of sales or use tax in the circumstances described subsection (a) of this Code section provided that, with respect to reliance on the taxability matrix completed by this state, such relief is limited to the state's erroneous classification in the taxability matrix of terms included in the Library of Definitions as 'taxable' or 'exempt,' 'included in sales price,' or 'excluded from sales price' or 'included in the definition' or 'excluded from the definition.'

48-8-76.
(a) A seller who registers to pay or to collect and remit applicable sales or use tax on sales made to purchasers in this state in accordance with the terms of the Streamlined Sales and Use Tax Agreement is relieved from the obligation to remit uncollected sales tax provided the seller was not so registered in this state in the twelve-month period preceding the effective date of this state's participation in the Streamlined Sales and Use Tax Agreement.
(b) The relief provided in subsection (a) of this Code section precludes an assessment for uncollected or unpaid sales together with penalty or interest for sales made during the period the seller was not registered in this state, provided that the registration occurs within 12 months of the effective date of this state's participation in the Streamlined Sales and Use Tax Agreement.
(c) The relief provided in subsection (a) of this Code section shall not be available to a seller with respect to any matter or matters for which the seller received notice of the commencement of an audit and which audit is not yet finally resolved including any related administrative and judicial processes.
(d) The relief provided in subsection (a) of this Code section shall not be available for sales or use taxes already paid or remitted to this state or to taxes collected by the seller.
(e) The relief provided in subsection (a) of this Code section is fully effective, absent the seller's fraud or intentional misrepresentation of a material fact, as long as the seller continues registration and continues payment or collection and remittance of applicable sales or use taxes for a period of at least 36 months. The statute of limitations applicable to asserting a tax liability is tolled during this 36 month period.
(f) The relief provided in subsection (a) of this Code section is applicable only to sales or use taxes due from a seller in its capacity as a seller and not to sales or use taxes due from a seller in its capacity as a buyer.

48-8-77.
(a) This Code section shall not be construed to impose sales and use tax on any tangible personal property or service which was not subject to such tax prior to January 1, 2011.
(b)(1) The retail sale, excluding lease or rental, of a product shall be sourced as follows:
   (A) When the product is received by the purchaser at a business location of the seller, the sale is sourced to that business location;
(B) When the product is not received by the purchaser at a business location of the
seller, the sale is sourced to the location where receipt by the purchaser, or the
purchaser's donee, designated as such by the purchaser, occurs, including the
location indicated by instructions for delivery to the purchaser or donee, known to
the seller;
(C) When subparagraph (A) or (B) of this paragraph does not apply, the sale is
sourced to the location indicated by an address for the purchaser that is available
from the business records of the seller that are maintained in the ordinary course of
the seller's business when use of this address does not constitute bad faith;
(D) When subparagraph (A), (B), or (C) of this paragraph does not apply, the sale is
sourced to the location indicated by an address for the purchaser obtained during the
consummation of the sale, including the address of a purchaser's payment
instrument, if no other address is available, when use of this address does not
constitute bad faith;
(E) When subparagraph (A), (B), (C), or (D) of this paragraph does not apply,
including the circumstance in which the seller is without sufficient information to
apply the previous rules, then the location will be determined by the address from
which tangible personal property was shipped, from which the digital good or the
computer software delivered electronically was first available for transmission by
the seller, or from which the service was provided, disregarding for these purposes
any location that merely provided the digital transfer of the product sold.

(2) The lease or rental of tangible personal property, other than property identified in
paragraph (3) or (4) of this subsection, shall be sourced as follows:
(A) For a lease or rental that requires recurring periodic payments, the first periodic
payment is sourced the same as a retail sale in accordance with the provisions of
paragraph (1) of this subsection. Periodic payments made subsequent to the first
payment are sourced to the primary property location for each period covered by the
payment. The primary property location shall be as indicated by an address for the
property provided by the lessee that is available to the lessor from its records
maintained in the ordinary course of business, when use of this address does not
constitute bad faith. The property location shall not be altered by intermittent use at
different locations, such as use of business property that accompanies employees on
business trips and service calls.
(B) For a lease or rental that does not require recurring periodic payments, the
payment is sourced the same as a retail sale in accordance with the provisions of
paragraph (1) of this subsection.
(C) This subsection does not affect the imposition or computation of sales or use
tax on leases or rentals based on a lump sum or accelerated basis, or on the
acquisition of property for lease.

(3) The lease or rental of motor vehicles, trailers, semitrailers, or aircraft that do not
qualify as transportation equipment, as defined in paragraph (4) of this subsection,
shall be sourced as follows:
(A) For a lease or rental that requires recurring periodic payments, each periodic
payment is sourced to the primary property location. The primary property location shall be as indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business, when use of this address does not constitute bad faith. This location shall not be altered by intermittent use at different locations.

(B) For a lease or rental that does not require recurring periodic payments, the payment is sourced the same as a retail sale in accordance with the provisions of paragraph (1) of this subsection.

(C) This subsection shall not affect the imposition or computation of sales or use tax on leases or rentals based on a lump sum or accelerated basis, or on the acquisition of property for lease.

(4) The retail sale, including lease or rental, of transportation equipment shall be sourced the same as a retail sale in accordance with the provisions of paragraph (1) of this subsection, notwithstanding the exclusion of lease or rental in paragraph (1) of this subsection. As used in this paragraph, 'transportation equipment' means any of the following:

(A) Locomotives and railcars that are utilized for the carriage of persons or property in interstate commerce.

(B) Trucks and truck-tractors with a Gross Vehicle Weight Rating of 10,001 pounds or greater, trailers, semitrailers, or passenger buses that are:

   (i) Registered through the International Registration Plan; and

   (ii) Operated under authority of a carrier authorized and certificated by the U.S. Department of Transportation or another federal authority to engage in the carriage of persons or property in interstate commerce.

(C) Aircraft that are operated by air carriers authorized and certificated by the U.S. Department of Transportation or another federal or a foreign authority to engage in the carriage of persons or property in interstate or foreign commerce.

(D) Containers designed for use on and component parts attached or secured on the items set forth in subparagraph (A), (B), or (C) of this paragraph.

(c) For the purposes of paragraph (1) of subsection (b) of this Code section, the terms 'receive' and 'receipt' mean:

   (1) Taking possession of tangible personal property;

   (2) Making first use of services; or

   (3) Taking possession or making first use of digital goods, whichever comes first.

The terms 'receive' and 'receipt' shall not include possession by a shipping company on behalf of the purchaser.

(d)(1) Notwithstanding subsection (b) of this Code section, the following provisions shall apply to sales of 'advertising and promotional direct mail':

   (A) A purchaser of 'advertising and promotional direct mail' may provide the seller with either:

      (i) A direct pay permit;

      (ii) An agreement certificate of exemption claiming 'direct mail' or other written statement approved, authorized, or accepted by the state; or
(iii) Information showing the jurisdictions to which the 'advertising and promotional direct mail' is to be delivered to recipients;

(B) If the purchaser provides the permit, certificate, or statement referred to in division (i) or (ii) of subparagraph (A) of this paragraph, the seller, in the absence of bad faith, is relieved of all obligations to collect, pay, or remit any tax on any transaction involving 'advertising and promotional direct mail' to which the permit, certificate, or statement applies. The purchaser shall source the sale to the jurisdictions to which the 'advertising and promotional direct mail' is to be delivered to the recipients and shall report and pay any applicable tax due;

(C) If the purchaser provides the seller information showing the jurisdictions to which the 'advertising and promotional direct mail' is to be delivered to recipients, the seller shall source the sale to the jurisdictions to which the 'advertising and promotional direct mail' is to be delivered and shall collect and remit the applicable tax. In the absence of bad faith, the seller is relieved of any further obligation to collect any additional tax on the sale of 'advertising and promotional direct mail' where the seller has sourced the sale according to the delivery information provided by the purchaser; and

(D) If the purchaser does not provide the seller with any of the items listed in subparagraph (A) of this paragraph, the sale shall be sourced according to Section 310.A.5 of the Streamlined Sales and Use Tax Agreement. The state to which the 'advertising and promotional direct mail' is delivered may disallow credit for tax paid on sales sourced under this paragraph.

(2) Notwithstanding subsection (b) of this Code section, the following provisions shall apply to sales of 'other direct mail':

(A) Except as otherwise provided in this paragraph, sales of 'other direct mail' are sourced in accordance with subparagraph (l)(1)(A) of this Code section;

(B) A purchaser of 'other direct mail' may provide the seller with either:

   (i) A direct pay permit; or

   (ii) An agreement certificate of exemption claiming 'direct mail' or other written statement approved, authorized, or accepted by the state; and

(C) If the purchaser provides the permit, certificate, or statement referred to in paragraph (1) or (2) of this subsection, the seller, in the absence of bad faith, is relieved of all obligations to collect, pay or remit any tax on any transaction involving 'other direct mail' to which the permit, certificate, or statement apply. Notwithstanding paragraph (l) of this subsection, the sale shall be sourced to the jurisdictions to which the 'other direct mail' is to be delivered to the recipients and the purchaser shall report and pay applicable tax due.

(3) For purposes of this subsection, the term:

(A) 'Advertising and promotional direct mail' means:

   (i) Printed material that meets the definition of 'direct mail,' under Code Section 48-8-2:

   (ii) The primary purpose of which is to attract public attention to a product, person, business, or organization, or to attempt to sell, popularize, or secure
financial support for a product, person, business, or organization. As used in this division, the term 'product' means tangible personal property, a product transferred electronically or a service.

(B) 'Other direct mail' means any direct mail that is not 'advertising and promotional direct mail' regardless of whether 'advertising and promotional direct mail' is included in the same mailing. The term includes, but is not limited to:

(i) Transactional direct mail that contains personal information specific to the addressee including, but not limited to, invoices, bills, statements of account, and payroll advices;

(ii) Any legally required mailings including, but not limited to, privacy notices, tax reports, and stockholder reports; and

(iii) Other nonpromotional direct mail delivered to existing or former shareholders, customers, employees, or agents including, but not limited to, newsletters and informational messages.

Other direct mail does not include the development of billing information or the provision of any data processing service that is more than incidental.

(4)(A)(i) This paragraph shall apply to a transaction characterized under this chapter as the sale of services only if the service is an integral part of the production and distribution of printed material that meets the definition of 'direct mail.'

(ii) This paragraph shall not apply to any transaction that includes the development of billing information or the provision of any data processing service that is more than incidental regardless of whether 'advertising and promotional direct mail' is included in the same mailing.

(B) If a transaction is a 'bundled transaction' that includes 'advertising and promotion direct mail,' this subsection shall apply only if the primary purpose of the transaction is the sale of products or services that meet the definition of 'advertising and promotional direct mail.'

(C) Nothing in this paragraph shall limit any purchaser's:

(i) Obligation for sales or use tax to any state to which the direct mail is delivered;

(ii) Right under local, state, federal, or constitutional law, to a credit for sales or use taxes legally due and paid to other jurisdictions; or

(iii) Right to a refund of sales or use taxes overpaid to any jurisdiction.

(D) This subsection applies for purposes of uniformly sourcing 'direct mail' transactions and does not otherwise impose requirements regarding the taxation of products that meet the definition of 'direct mail' or to the application of sales for resale or other exemptions.

(e)(1) Except for the defined telecommunication services in paragraph (3) of this subsection, the sale of telecommunication service sold on a call-by-call basis shall be sourced to:

as to permit the reimposition of a tax, if otherwise approved as required under this
Code section, without interruption, upon the expiration of the tax then in effect.
(3) Following the expiration of a tax under this article which has been renewed two
times under paragraph (2) of this subsection, a municipality shall not be authorized to

43-1A-1.
This chapter shall be known and may be cited as the 'Georgia Occupational Regulation Review Law.'

43-1A-2.
The General Assembly finds that the need for and the effectiveness of establishing occupational licensure and certification in this state has not been systematically evaluated. It is the purpose of this chapter to ensure that no programs of licensure and certification shall hereafter be imposed upon any profession or business unless required for the safety and well-being of the citizens of the state. It is the further purpose of this chapter to authorize the periodic review of existing regulatory entities to ensure that the authority of such regulatory entities is applicable and necessary with relation to the current professional and business conditions of this state. 43-1A-5.
(a) It shall be the duty of the council to:
   (1) Review all bills introduced in the General Assembly to license or certify a
       profession or business, which is not currently licensed or certified by the state, based
       on the criteria outlined in Code Section 43-1A-6; and
   (2) Review each existing regulatory entity that is currently regulated pursuant to this
       title to determine the applicability and necessity of such regulatory entity's authority
       with relation to the current professional and business conditions of this state. The
       council shall conduct such review a minimum of once every seven years. All council
       meetings relating to a review of an existing regulatory entity pursuant to this
       paragraph shall be conducted in accordance with Chapter 13 of Title 50, the 'Georgia
       Administrative Procedure Act.'
(b) The chairperson of the legislative committee of reference shall provide written
    notification to the council of any proposed legislation introduced in that house of the
    General Assembly of which that committee is a standing committee if that legislation
    provides for the licensure or certification of a business or profession not currently
    licensed or certified by the state. That chairperson at the same time shall provide
    written notification of that legislation to the presiding officer of the house of the
    General Assembly in which that legislation was not introduced, and that presiding

    pursuant to paragraph (2) of subsection (a) of this Code section, the council concludes
    changes are needed to the regulations of an existing regulatory entity, or that a
    regulatory entity's existence is no longer necessary or in the interests of the state, a
    formal report recommending such changes shall be completed and distributed in the
    same manner described previously herein. If the council determines a need for
    regulation, the report shall recommend an appropriate type of regulation and an
    appropriate state agency to oversee the regulation.
(c) The council shall work with the applicant group, the legislative committee of
    reference, and other interested parties in formulating its formal report.
(d) The head of a regulatory entity subject to review pursuant to paragraph (2) of
    subsection (a) of this Code section shall have the right to testify to the council to
    contribute its perspective and recommendations regarding potential changes to how
such regulatory entity is regulated.

43-1A-6.
All bills introduced in the General Assembly to newly regulate a profession or business should and all reviews of existing regulatory entities pursuant to paragraph (2) of subsection (a) of Code Section 43-1A-5 shall be reviewed according to the following criteria. In evaluating how or whether a profession or business shall hereafter be regulated, the following factors shall be considered:

1. Whether the unregulated practice of an occupation may harm or endanger the health, safety, and welfare of citizens of this state and whether the potential for harm is recognizable and not remote;
2. Whether the practice of an occupation requires specialized skill or training and whether the public needs and will benefit by assurances of initial and continuing occupational ability;
3. Whether the citizens of this state are or may be effectively protected by other means; and
4. Whether the overall cost effectiveness and economic impact would be positive for citizens of this state; and
5. Whether there are means other than state regulation to protect the interests of the state.

43-1A-7.
After July 1, 1986, applicant groups and other interested parties shall explain in writing each of the following factors to the extent requested by the council and the legislative committee of reference:

1. A definition of the problem and why regulation is necessary:
   (A) The nature of the potential harm to the public if the business or profession is not regulated, and the extent to which there is a threat to public health and safety; and
   (B) The extent to which consumers need and will benefit from a method of regulation identifying competent individuals engaged in the business or profession;
2. The efforts made to address the problem:
   (A) Voluntary efforts, if any, by members of the business or profession to establish a code of ethics or help resolve disputes between the business or professional group and consumers; and
   (B) Recourse to and the extent of use of applicable law and whether it could be strengthened to control the problem;
3. The alternatives considered:
   (A) Regulation of business or professional employers rather than employees;
   (B) Regulation of the program or service rather than the individuals;
   (C) Registration of all individuals;
   (D) Certification of all individuals;
   (E) Other alternatives;
(F) Why the use of the alternatives specified in this paragraph would not be adequate to protect the public interest; and
(G) Why licensure would serve to protect the public interest;
(4) The benefit to the public if regulation is granted:
(A) The extent to which the incidence of specific problems present in the unregulated business or profession can reasonably be expected to be reduced by regulation;
(B) Whether the public can identify qualified individuals;
(C) The extent to which the public can be confident that regulated individuals are competent:
   (i) Whether the proposed regulatory entity would be a board composed of members of the profession and public members, or a state agency, or both and, if appropriate, their respective responsibilities in administering the system of certification or licensure, including the composition of the board; the powers and duties of the board or state agency regarding examinations, investigations, and the disciplining of certified or licensed individuals; the promulgation of rules and a code of ethics; and how fees would be levied and collected to cover the expenses of administering and operating the regulatory system;
   (ii) If there is a grandfather clause, whether such individuals will be required to meet the prerequisite qualifications established by the regulatory entity at a later date;
   (iii) The nature of the standards proposed for certification or licensure as compared with the standards of other jurisdictions;
   (iv) Whether the regulatory entity would be authorized to enter into reciprocity agreements with other jurisdictions; and
   (v) The nature and duration of any training and whether applicants will be required to pass an examination; and, if an examination is required, by whom it will be developed and how the cost of development will be met; and
(D) Assurance to the public that regulated individuals have maintained their competence:
   (i) Whether the certification or license will carry an expiration date; and
   (ii) Whether renewal will be based only upon payment of a fee or whether renewal will involve reexamination, satisfactory completion of continuing education, peer review, or other enforcement;
(5) The extent to which regulation might harm the public:
(A) The extent to which regulation might restrict entry into the business or profession and whether the proposed standards are more restrictive than necessary to ensure safe and effective performance; and
(B) Whether there are similar professions to that of the applicant group which should be included in, or portions of the applicant group which should be excluded from, the proposed legislation;
(6) A description of the group proposed for regulation, including a list of associations, organizations, and other groups representing the business or profession
in this state, an estimate of the number of individuals in each group, and whether the
groups represent different levels of business or professional activity;
(7) The expected cost of regulation:
   (A) The impact regulation might have on the costs of service to the public;
   (B) The impact regulation might have on various types of insurance; and
   (C) The initial and long-term cost to the state and to the general public of
implementing the proposed legislation; and
(8) Any additional information requested by the council or the legislative committee
of reference.

43-1A-8.
(a) After evaluating the report of the council and any other desired information based
on the criteria outlined in Code Section 43-1A-6 and considering governmental and
societal costs and benefits, if the General Assembly finds that it is necessary to regulate
a business or profession not previously regulated by law, the most appropriate
alternative method of regulation should be implemented, consistent with the public
interest and this Code section:
   (1) Where the consumer may have a substantial basis for relying on the services of a
profession or business, a system of certification should be implemented;
   (2) Where apparent that adequate regulation cannot be achieved by means other than
licensing, a system of licensing should be implemented; or
   (3) Where regulation as defined in this chapter is deemed too restrictive and
unnecessary to protect the public health and welfare, a less restrictive means of
ensuring public protection, including, but not limited to, stricter civil action or
criminal penalties, inspection requirements, or a system of registration, may be
considered.
(b) The General Assembly may, with regard to an existing regulatory entity, and after
evaluating the report of the council or any desired information, including, but not
limited to, the criteria outlined in Code Section 43-1A-6 and any governmental and
societal costs and benefits:
   (1) Take no action if it has determined that such existing regulatory agency is
efficiently regulated and that no action is necessary in the interests of the state;
   (2) Amend the enabling legislation of such existing regulatory entity if it has
determined that making such amendments shall more efficiently regulate such
regulatory entity in a manner that is in the best interests of the state; or
   (3) Repeal the enabling legislation of such existing regulatory entity if it has
determined that the continuing regulation of such regulatory entity is no longer in the
interests of the state.

SECTION 6.
Chapter 41 of Title 31 of the Official Code of Georgia Annotated, relating to lead poisoning prevention, is amended by revising Article 1, relating to general provisions, as follows:

"ARTICLE 1

31-41-1.
This chapter shall be known and may be cited as the 'Georgia Lead Poisoning Prevention Act of 1994.'

31-41-2.
(a) The General Assembly finds that childhood lead poisoning is a devastating environmental health hazard to the children of this state. Exposure to even low levels of lead increases a child's risks of developing permanent reading and learning disabilities, intelligence quotient deficiencies, impaired hearing, reduced attention span, hyperactivity, behavior problems, and other neurological problems. It is estimated that thousands of children below the age of six are affected by lead poisoning in Georgia. Childhood lead poisoning is dangerous to the public health, safety, and general welfare.
(b) Childhood lead poisoning is the result of environmental exposure to lead. The most significant source of environmental lead is lead-based paint, particularly in housing built prior to 1978, which becomes accessible to children as paint chips, house dust, and soil contaminated by lead-based paint. The danger posed by lead-based paint hazards can be controlled by abatement, renovation, or interim controls of lead-based paint or by measures to limit exposure to lead-based paint hazards.
(c) It is crucial that the identification of lead hazards and subsequent implementation of interim control, renovation, or abatement procedures be accomplished in a manner that does not result in additional harm to the public or the environment. Improper lead abatement or renovation constitutes a serious threat to persons residing in or otherwise using an affected structure or site, to those performing such work, to the environment, and to the general public.
(d) The General Assembly finds that it is in the public interest to establish minimum standards for the training and certification or licensure of all persons performing lead hazard reduction activities, including and for inspections, risk assessments, and planning and performance of interim controls, renovation, or abatement measures for such activities.

31-41-3.
As used in this chapter, the term:
(1) 'Abatement' means any set of measures designed to eliminate lead-based paint hazards, in accordance with standards developed by the board, including:
   (A) Removal of lead-based paint and lead contaminated dust, the permanent containment or encapsulation of lead-based paint, the replacement of lead-painted surfaces or fixtures, and the removal or covering of lead contaminated soil; and
All preparation, cleanup, disposal, and postabatement clearance testing activities associated with such measures.

'Browsable surface' means an interior or exterior surface painted with lead-based paint that is accessible for a young child to mouth or chew.

'Board' means the Board of Natural Resources of the State of Georgia.

'Child-occupied facility' means a building or portion of a building constructed prior to 1978, visited by the same child, six years of age or under, on at least two different days within the same week (Sunday through Saturday period), provided that each day's visit lasts at least three hours and the combined weekly visit lasts at least six hours. Child-occupied facilities include, but are not limited to, day-care centers, preschools, and kindergarten facilities.

'Department' means the Department of Natural Resources.

'Friction surface' means an interior or exterior surface that is subject to abrasion or friction, including certain window, floor, and stair surfaces.

'Impact surface' means an interior or exterior surface or fixture that is subject to damage by repeated impacts, for example, certain parts of door frames.

'Inspection' means a surface by surface investigation to determine the presence of lead-based paint and the provision of a report explaining the results of the investigation.

'Interim controls' means a measure or set of measures as specified by the board taken by the owner of a structure that are designed to control temporarily human exposure or likely exposure to lead-based paint hazards.

'Lead-based paint' means paint or other surface coatings that contain lead in excess of limits established by board regulation.

'Lead-based paint activities' means the inspection and assessment of lead hazards and the planning, implementation, and inspection of interim controls, renovation, and abatement activities as determined by the department at target housing and child-occupied facilities.

'Lead-based paint hazard' means any condition that causes exposure to lead from lead contaminated dust, lead contaminated soil, or lead contaminated paint that is deteriorated or present in accessible surfaces, friction surfaces, or impact surfaces that would result in adverse human health effects as established pursuant to Section 403 of the Toxic Substances Control Act.

'Lead contaminated dust' means surface dust in residential dwellings or in other facilities occupied or regularly used by children that contains an area or mass concentration of lead in excess of levels determined pursuant to Section 403 of the Toxic Substances Control Act.

'Lead contaminated soil' means bare soil on residential real property or on other sites frequented by children that contains lead at or in excess of levels determined to be hazardous to human health pursuant to Section 403 of the Toxic Substances Control Act.

'Lead contaminated waste' means any discarded material resulting from an abatement activity that fails the toxicity characteristics determined by the department.
'Lead dust sampling technician' means an individual employed to perform lead dust clearance sampling for renovation as determined by the department.

'Lead firm' means a company, partnership, corporation, sole proprietorship, association, or other business entity that employs or contracts with persons to perform lead-based paint activities.

'Lead inspector' means a person who conducts inspections to determine the presence of lead-based paint or lead-based paint hazards.

'Lead project designer' means a person who plans or designs abatement activities and interim controls.

'Lead risk assessor' means a person who conducts on-site risk assessments of lead hazards.

'Lead supervisor' means a person who supervises and conducts abatement of lead-based paint hazards.

'Lead worker' means any person performing lead hazard reduction activities.

'Minor repair and maintenance activities' means activities that disrupt six square feet or less of painted surface per room for interior activities or 20 square feet or less of painted surface for exterior activities where none of the work practices prohibited or restricted as determined by the department are used or where the work does not involve window replacement or demolition of painted surface areas. Jobs performed in the same room within 30 days are considered the same job for purposes of this definition.

'Renovation' means the modification of any target housing or child-occupied facility structure or portion thereof, that results in the disturbance of painted surfaces unless that activity is performed as part of an abatement activity. Renovation includes but is not limited to the removal, modification, re-coating, or repair of painted surfaces or painted components; the removal of building components; weatherization projects; and interim controls that disturb painted surfaces. A renovation performed for the purpose of converting a building, or part of a building into target housing or a child-occupied facility is a renovation. Such term shall not include minor repair and maintenance activities.

'Renovation firm' means a company, partnership, corporation, sole proprietorship or individual doing business, association, or other business entity that employs or contracts with persons to perform lead-based paint renovations as determined by the department.

'Renovator' means an individual who either performs or directs workers who perform renovations.

'Risk assessment' means an on-site investigation to determine and report the existence, nature, severity, and location of lead-based paint hazards in or on any structure or site, including:

(A) Information gathering regarding the age and history of the structure and the occupancy or other use by young children;

(B) Visual inspection;

(C) Limited wipe sampling or other environmental sampling techniques;
(D) Other activity as may be appropriate; and
(E) Provision of a report explaining the results of the investigation.

(21) 'Target housing' means any housing constructed prior to 1978, except housing for the elderly or persons with disabilities (unless any child or children age six years or under resides or is expected to reside in such housing for the elderly or persons with disabilities) or any zero-bedroom dwelling.

31-41-4.
(a) There is established the Georgia Lead-Based Paint Hazard Reduction Program. The Department of Natural Resources is designated as the state agency responsible for implementation, administration, and enforcement of such program. The commissioner may delegate such duties to the Environmental Protection Division.
(b) The Board of Natural Resources not later than one year after the effective date of regulations promulgated by the federal Environmental Protection Agency relating to lead paint abatement and renovation certification programs shall issue regulations requiring the development and approval of training programs for the licensing or certification of persons performing lead-based paint hazard detection or lead-based paint activities, which may include, but shall not be limited to, lead inspectors, lead risk assessors, lead project designers, lead firms, lead supervisors, and lead workers. The regulations for the approval of training programs shall include minimum requirements for approval of training providers, curriculum requirements, training hour requirements, hands-on training requirements, examinations of competency and proficiency, and training program quality control. The approval program shall provide for reciprocal approval of training programs with comparable requirements approved by other states or the United States. The approval program may be designed to meet the minimum requirements for federal approval under Section 404 of the federal Toxic Substances Control Act and the department may apply for such approval. The department shall establish fees for approval of such training programs.
(c)(1) The Board of Natural Resources not later than one year after the effective date of regulations promulgated by the federal Environmental Protection Agency relating to lead paint abatement and renovation certification programs shall establish training and licensure requirements for lead inspectors, lead risk assessors, lead project designers, lead firms, lead supervisors, and lead workers, renovators, renovation firms, and lead dust sampling technicians. No person shall be licensed under this chapter unless such person has successfully completed the appropriate training program, passed an examination approved by the department for the appropriate category of license, and completed any additional requirements imposed by the board by regulation. The department is authorized to accept any lead-based paint hazard training completed after January 1, 1990, in full or partial satisfaction of the training requirements. The board may establish requirements for periodic refresher training for all licensees as a condition of license renewal. The board shall establish examination fees, license fees, and renewal fees for all licenses issued under this
chapter, provided that such fees shall reflect the cost of issuing and renewing such licenses, regulating licensed activities, and administering the program.

(2) On and after the effective date of regulations promulgated by the board as provided in subsection (b) of this Code section, no person shall perform or represent that such person is qualified to perform any lead-based paint activities unless such person possesses the appropriate licensure or certification as determined by the board or unless such person is:

(A) An owner performing abatement or renovation upon that person's own residential property, unless the residential property is occupied by a person other than the owner or the owner's immediate family while these activities are being performed, or a child residing in the building has been identified as having an elevated blood lead level;

(B) An employee of a property management company doing routine cleaning and repainting minor repairs and maintenance activities upon property managed by that company where there is insignificant damage, wear, or corrosion of existing lead-containing paint or coating substances; or

(C) An owner routinely cleaning or repainting doing minor repairs and maintenance activities upon his or her property where there is insignificant damage to, wear of, or corrosion of existing lead-containing paint or coating substances.

(3) A person who is employed by a state or county health department or state or federal agency to conduct lead investigations to determine the sources of lead poisonings, as determined by the department, shall be subject to licensing pursuant to paragraph (2) of this subsection as a lead risk assessor but shall not be required to pay any fees as otherwise required under this chapter or under rules and regulations promulgated by the board under this chapter.

(d) The board shall promulgate regulations establishing standards of acceptable professional conduct and work practices for the performance of lead-based paint activities, as well as specific acts and omissions that constitute grounds for the reprimand of any licensee, the suspension, modification, or revocation of a license, or the denial of issuance or renewal of a license.

(e) Written information on the renovation must be provided by the renovation firm or renovator to residents before beginning any renovation activities (except that the written information may be provided after the renovation begins for emergency renovations), in accordance with regulations promulgated by the board.

(f) The lead firm, renovation firm, and renovator must meet record-keeping and reporting requirements established by regulations promulgated by the board.
